Northville village and township residents probably are entitled, if they wish, to call February "new ordinance month". Not in many years, if ever, have village and township officials done so much "enacting" of rules to govern the actions of men and dogs.

The township's new zoning ordinance was published in the Record last week. Seemingly it covers township needs now and for the future very completely. It was developed by the township zoning board after long and careful study of similar zoning regulations in comparable areas, with an eye especially to avoid mistakes made elsewhere.

Not only does it appear to protect present property owners against building that would depreciate their property; it also establishes a definite development pattern for the township that will guide other individuals and business firms which contemplate locating here.

The zoning ordinance will be only as good, however, as the township board makes it by impartial enforcement. In a small community this may at times involve personal friends or acquaintances, which can create problems that do not arise so often in larger cities.

Perhaps this has been one of the reasons why the old zoning ordinance was not enforced effectively on occasion. It also may have been one reason why some members of the township board have expressed themselves quite recently as not in sympathy with the old zoning ordinance.

Whatever may have been the reasons for the past laxity, the zoning board which developed the new ordinance in the interest of all township residents is entitled to full support of the township board when questions concerning its enforcement arise in the future.

Northville township and the village also have simultaneously adopted new and identical "dog ordinances" which, if enforced, will make a pooch unhappy. No longer may you legally take your dog for a run in the park unless he is on a leash, in a shipping case or a closed automobile.

This, we submit, will be highly unsatisfactory to your dog, and mine. About the only way we can give them the freedom to which they have become accustomed is to buy

Catholics Plan \$100,000 Church; Will Seat 500

Fulfillment of the growing needs for a larger church for Our Lady of Victory parish may be accomplished next year, according to present plans for construction of a building with a seating capacity of 500 persons, Fr. Anthony J. Heraty, pastor, said this week.

To be built along traditional lines, but embracing the latest features of modern construction and facilities, the edifice will cost more than \$100,000. It will be built on the church property at Thayer Blvd. and Orchard Drive.

Plans include a basement to serve as headquarters for parish activities, an auditorium, and possibly classroom space.

Fr. Heraty attributes the growth of the parish to a present membership of 270 families to its new facilities for parochial grade school training.

As compared with 118 pupils in 1952, the school is now planning on an enrollment of approximately 160 next September. The school is staffed by the Sisters of St. Dominic of Adrian.

The present church, seating about 180, will be demolished. It was built in 1922.

Smith, Lynn Sullivan; back row: Charles Bahnmiller, John Canterbury, Thomas Carrington and Levi Eaton.

100 Signatures Needed On Petitions; Election Slated for Middle of May

Petitions are being circulated this week for a special village election to vote on incorporating Northville as a city.

Circulators are members of the committee appointed several months ago by Village President Claude N. Ely to study the advantages of becoming a city. This committee is headed by Lynn Sullivan, T. R.

Subdivision Homes Granted Change In Lot Limits

The village zoning board of appeals Tuesday granted Richard Beneicke and Robert Krue of Detroit, developers of the subdivision on the Yerkes farm, permission to build about 50% of the houses in the project with a minimum space of 17 feet on the sides of each residence.

Recognizing the trend to ranch-type buildings, which are longer than older residences, the predetermination of the unoccupied widths is necessitated by the village's present restriction of 25 feet.

It was stated at the board meeting that numerous other communities, facing this problem stemming from changes in architecture and older ordinances, had revised their regulations.

Although the subdivision project is outside the corporate limits of the village now, the predetermination by the zoning board was in line with previous statements of the Detroiters to the village commission, and again at zoning board hearing Tuesday, that they desire annexation to Northville.

Members of the zoning board are Elmer DeKay, chairman; Arthur Schnute, Harry German, Ernest Wilshire, Arthur Carlson and Lawrence LeFevre.

Two Groups Eye Slim Crowds At Northville Theatre

Means of bolstering attendance

at the Northville P&A theatre are under study by the Community Development class conducted by Blue A. Carstenson of the University of Michigan, under the sponsorship of the Northville Coordinating council.

Also interested in keeping the movie house open by stimulating attendance are several local merchants.

Carl Johnson, president of the Northville Retail Merchants Assn., said Tuesday that merchants will do everything that they can to aid the theatre.

He said that support had been urged at meetings of the association, with the concurrence of several merchants. Continued help can come, he said, on the basis that merchants feel that patrons of the show bring business to Northville enterprises.

The merchants association's plan of purchasing 40 tickets to be distributed as prizes during the recent three week end bargain days here brought favorable comments from store owners. Further distribution of tickets to encourage visits to stores here and boost dwindling admissions at the P&A will be discussed at future meetings of the association, although no definite plans have been adopted.

Council Takes Interest
Dr. Russell Atchison of the

Community Development class declared that the group is aware of the seriousness of non-attendance at the movie.

It reopened last autumn after correction of some complaints and in the view of several members of the class, is an asset to community.

They agreed that without sufficient patronage it may have to close, and looked with favor on the constructive efforts of the merchants. Atchison said the screen in the local house is larger than that of the P & A in Plymouth and the Civic theatre in Farmington.

Attendance increased 15 percent in February, compared with January, Charles Pickeral, manager of the local house, asserted.

Family From England Arrives In Novi; Await Completion of Home

While the newest citizens in the community—Mr. and Mrs. Noel Reed and children, Pamela and Graham—are new to the community, it is not new to them, since they have been regular readers of the Record in their former home at Romford, England, a suburb of London.

When the Reed family first considered moving to the U.S., Mr. and Mrs. George Lien, 4610 W. Twelve Mile Rd., sent them a year's subscription to the Record. Mrs. Lien and Mrs. Reed are cousins.

Now in their new home, the Reeds are transferring the subscription to his mother, Mrs. B. A. Reed, Romford. Reed says that his English friends were interested in seeing each week's copy of the Record because of its friendliness and coverage of local news. In contrast, he pointed out, the English paper available to them carried a large amount of political news.

Mr. and Mrs. Reed and family are guests of Mr. and Mrs. Lien until they occupy a home under construction at 48300 Twelve Mile Rd.

Reed stated that he first became impressed with America through his association with natives of the U.S. when he was with the 5th Army in Italy. Plans to locate here began to crystallize when the Liens visited the Reeds while attending the coronation ceremony of Queen Elizabeth.

Sail On Queen Mary

They arrived in New York on the Queen Mary Feb. 24. Between then and Sunday, they were most impressed by the shining of a light from the Queen Mary on the Statue of Liberty.

The ship docked at 4 o'clock in the morning. Other impressions included autos, central heating in homes, the friendliness of people here, and the spacious, unfenced farm land.

The countryside in England is much greener than it is here now, the only condition that has produced a possible feeling of nostalgia, Mr. and Mrs. Reed declared.

Pamela, 16, will attend Northville High school and Graham, 8, will enroll at the Novi school. From viewing English TV shows, Graham had wanted most to see some cowboys and the possibility of seeing Texas.

Reed has been with the sales department of Britannic Insurance Co. for the past 20 years. He was awarded a watch by the firm for his proficiency. Reed may join the insurance field in this country, he stated.

Trickey Awarded Evinrude Motors Dealer Franchise

Trickey's Hunting & Fishing store in Novi has been awarded a dealer franchise by Evinrude Motors of Milwaukee, Wisc., it was announced today by Charles Trickey, Sr.

Since Ole Evinrude invented his first outboard motor in 1908, the line has been one of the most respected in the industry. "Designers of these modern motors still use the basic engineering principles that were introduced by Ole Evinrude 46 years ago," according to Trickey.

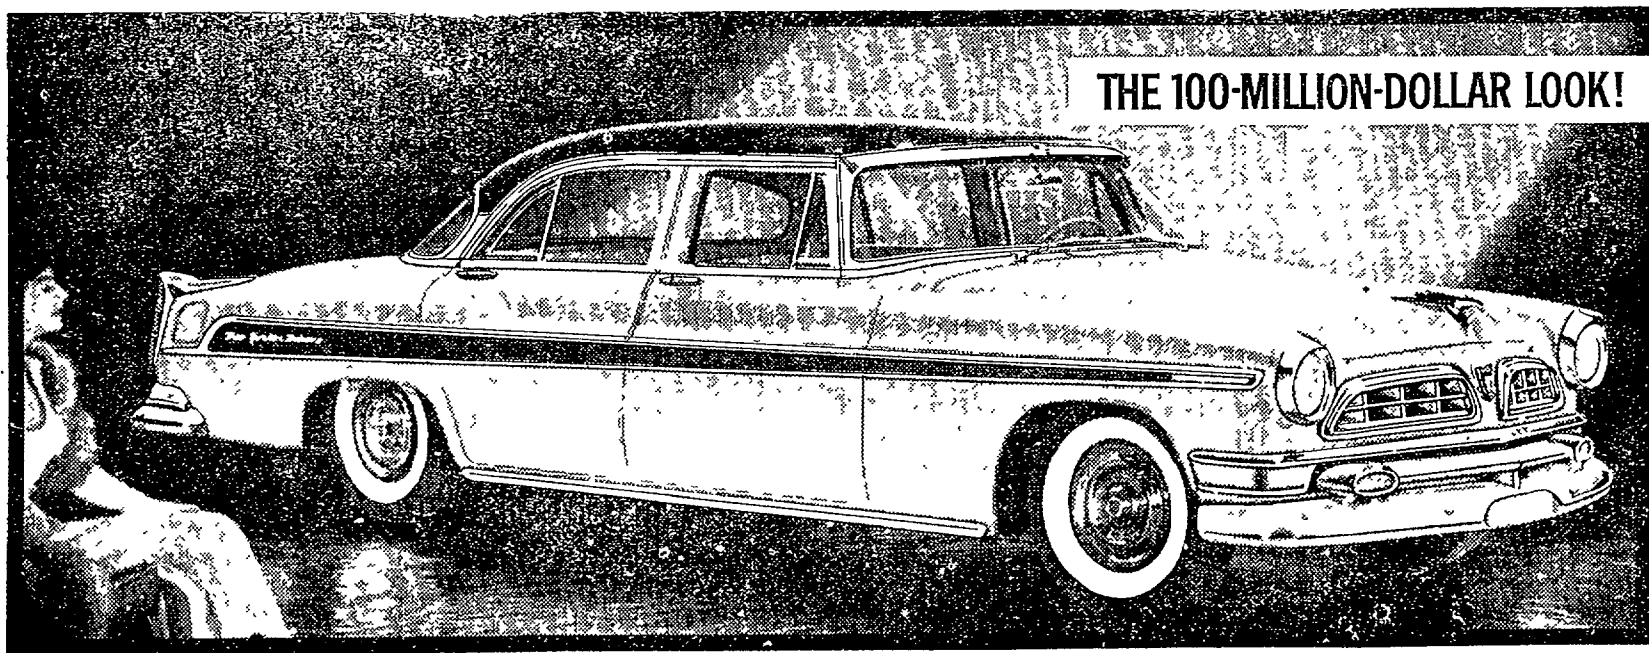

Evinrude motors displayed by Trickey utilize a new principle of engine mounting similar to that used in the aircraft industry to pillow vibration. The new type of mounting makes it possible to isolate engine vibration from the hull, the company states.

"Growing Old Is A Privilege Denied To Many"

EUGENE ROOT

Eugene Root, who will be 85 years old this fall was born in Salem Sept. 7, 1870. He has lived in Novi for 75 years and for 64 years he has been a farmer.

He was the eighth child of a family of nine children born to Mortimer and Sarah Root. Root and one sister, Mrs. Nellie Farr, aged 86, survive. Mrs. Farr lives in California.

The Root family moved to White Lake township when Root was eight years old and one year later the family moved to an 80-acre farm on Novi Rd. which Eugene later purchased and farmed until 1916.

In 1890 when he bought his first farm land it cost about \$45 an acre. Oats were 14 cents a bushel, beans, 25 cents a bushel; little pigs, 75 cents a piece; eggs, 5 cents a dozen, and chickens, 10 cents a pound. Threshing was done by horse power and horses furnished power for other farm machinery such as cutting box, etc.

On August 9, 1910, he married Effie Risner, daughter of Sarah and William Risner of Novi. Mr. Risner was a Baptist minister and farmer. After a honeymoon

trip in the East including New York City Eugene and his bride lived at the farm home on Novi Rd. until 1916. Then they moved to the Risner farm on Taft and Eleven Mile roads. After Mr. Risner's death in 1920, Mr. and Mrs. Root purchased this 80-acre farm from the Risner heirs.

In 1920 they adopted a niece, Rowena Risner, who has been the wife of Glen C. Salow for several years.

Both Mr. and Mrs. Root were active members of the Novi Baptist church from the time of their marriage. Mr. Root's chief interest is farming. He belonged to the Michigan Horticultural Society attending their conventions and helping with state fair exhibits. He belonged to the local Grange and was past master of the Oakland County Grange. He served 15 years as treasurer of Putnam school district.

Mrs. Root died May 20, 1947 and Root remained on at the farm home until Feb. 1953 when he was hospitalized with severe burns. In May of 1953 he came to the Novi Convalescent home where he now resides.

Flannery Demands Election Recount - More Confusion

The Novi election board conducted a recount of the Feb. 21 primary election Tuesday morning at the Township hall after a formal protest was filed by John B. Flannery, defeated Republican candidate for justice of the peace.

The result of the recount . . . MORE CONFUSION. The results of the recount leave the Republican candidates with the same votes as before, with the exception of Earl Banks who lost 10 votes.

But the Democratic candidates did not fare as well. Virginia M. Noble, running unopposed for trustee originally received 77 votes. On the recount she received 36 votes. Herbert Koester, candidate for justice of the peace, originally received 86 votes. The recount gave him 19 votes.

Actually, the recount is merely a matter of the members of the election board assembling and unlocking the voting machines to reread the dials which tabulate the votes automatically.

To say that the recount was as confusing as the primary would be an understatement.

Flannery, who is publisher of the Novi Citizen, filed his protest with the township board Saturday afternoon, and the time for recounting ballots was set at 10 o'clock the following Tuesday morning with the township board supervising the tabulations.

Improper adjustment of the voting machines, according to Flannery, could have made a great

deal of difference in the outcome of the election. Upon completion of the recount, Flannery conceded defeat.

This being strictly a township election with no county, state, or federal offices at stake, the township board was advised by Lynn Allen, Oakland County clerk, that the county had no jurisdiction in the dispute.

Hawaiian Night Featured At B.P.W. Dinner

Hawaiian Mel's pineapple punch and soft Hawaiian music greeted the members of the Business and Professional Women's club when they entered the Methodist church house for the March dinner and business meeting Monday evening.

Eight tables set at angles were decorated with cocoa brown paper tablecloths, palm leaves, pineapples and coconuts and lighted candles. Each member was presented with a colorful lei and a glass of pineapple punch as they walked in the door. Large, colored air-line posters showing exotic Hawaiian scenes hung on the walls.

Following dinner and a business meeting, Mrs. Marcella Douglas gave a brief talk on the Hawaiian Islands, preliminary to colored movies which were shown by Mrs. Elizabeth Etz. Mrs. Douglas and Mrs. Etz spent several weeks in California and Hawaii last summer, seeing the islands by car and plane.

Mrs. Elizabeth Hoose, chairman of the International Relations committee and her members, were responsible for the interesting program and appropriate decorations.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Record's society editor, Telephone 200.)

Banana Nut Chiffon cake sounds intriguing and complicated and also, delicious. It is delicious but not complicated and melts in your mouth. It is a little different from the usual banana cake recipes with which we are familiar but well worth trying. Mrs. Guy Coykendall and daughter, Sherry, shown above, claim it as one of the family's favorite cakes. The Coykendalls have another daughter, Marlene, and they reside at 47150 Seven Mile Rd.
BANANA NUT CHIFFON CAKE
Sift together in mixing bowl:
2 1/2 cups sifted cake flour
1 1/2 cups sugar
3 tsps. baking powder
1 tsp. salt
Make a "well" and add:
1/2 cup salad (cooking) oil
5 egg yolks, unbeaten
1/3 cup cold water
1 cup mashed ripe bananas
1 tsp. vanilla
1/2 cup nutmeats, cut fine
Beat this mixture until smooth. Measure into large mixing bowl and beat until whites form very stiff peaks:
1 cup egg whites (7 or 8)
1/2 tsp. cream of tartar
Pour egg yolk mixture in thin stream over entire surface of egg whites, gently cutting and folding in with rubber spatula until completely blended. Pour into ungreased pan. Bake at 325 degrees

for 65 minutes, in a 10-inch tube pan.
Invert and let hang until cold.
Butter Cream Frosting
Four heaping tablespoons flour — add 1 cup milk gradually until smooth. Cook over low heat until stiff, stirring constantly. Set aside to cool.
Cream 1 cup, granulated sugar, 1/2 cup butter and 1/2 cup of some other shortening (Crisco, Spry, etc.). Then add the cooled flour mixture and beat well. Add one 1 teaspoon vanilla or maple. **Correction for last week's recipe**
In the Devil's Food Cake recipe, amount of shortening should read 1 cup sour cream or 1/2 cup shortening and 1/2 cup sour milk.

Putnam Home Featured In Magazine

The March issue of House and Garden magazine features an article and pictures of the gardens and home of the Harold B. Putnam's 1830 Michigan farmhouse on E. Seven Mile Rd.

The article by Mrs. Putnam, and the pictures taken by "Put", tell how a huge block walnut tree became the center of a landscaping plan.

With careful planning and planting by Mrs. Putnam, there is a succession of bloom and a harmony in color in the surrounding flower beds rarely found in gardens around Northville.

The whole plan has been so skillfully worked out that its natural effect is something that every gardener strives to accomplish.

Nothing herein shall prevent an owner of a dog from using the same in hunting or in training said dog off of a leash, provided the same shall be upon private property.

SECTION 6.

Every owner of a dog is liable for damages for any and all injuries to persons and property that may be caused by such dog on any such public highway or other public place, to be determined and collected through appropriate legal proceeding thereof, in which proceeding any failure or refusal by such owner to comply with the requirements of this ordinance shall constitute prima facie evidence of negligence on the part of such owner.

HOT NEWS

ABOUT THE HOT CAR

Buick production hits new highs
to handle the orders pouring in!

Good thing the Buick factories stepped up production of the 1955 cars when they did—because customer orders are pouring in.

Seems just about everybody wants a 1955 Buick—the "hot" car this year that's getting hotter by the hour.

So hot, in fact, that it's topping the huge popularity which moved Buick into the "Big Three" of the nation's best sellers last year.

Know why? Plenty reasons.

Bold new styling, of course. And brilliant new V8 power. And room and comfort and luxury interiors—and an even finer, softer, steadier ride.

But the big reason is a new magic from the field of aviation—Variable Pitch Dynaflow.*

Twenty propeller-like blades inside

this wondrous automatic drive do what the modern airplane propeller does—they switch their pitch.

One way, you get more miles per gallon in normal driving and cruising.

You switch the pitch to another angle just by pressing down on the gas pedal—and you get a new kind of instantaneous response for getaway or for safety-surge accelerating power.

It's an experience you've never had before in an earth-bound vehicle—and it's thrilling beyond words.

So you can see why we're selling Buicks at a record rate.

And you can see more of the reason why when you look into the low pricing schedule that makes Buick

the buy of the year, hands down.

Buick Sales Are Soaring!

Proof? Buick is outselling all other cars in America except two of the best-known ones in the smaller-car field. And for two good reasons: (1) popular prices low enough for any new-car buyer to reach; and (2) a line of cars to fit any budget, from the low-priced SPECIAL, to the high-powered CENTURY, to the extra-spacious SUPER, to the custom-built ROADMASTER.

Come in and check things for yourself. Once you do—and press that gas pedal—we believe you won't be happy till you're bossing your very own Buick.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Mr. Cletis Rose

Wayne familyman says, "We had the winning ticket, all right!"

"The Blue Cross - Blue Shield identification card that I carry saved me almost \$2000," says Mr. Rose. "All I had to do was show it when I was admitted to the hospital recently... and almost all of the bills were taken care of automatically. I got the hospital care I needed... \$1550 worth, and all but \$55 of it was covered by my Blue Cross Comprehensive Contract. Blue Shield covered every cent of my doctor bill, too. That, brother, is real protection that families need... as any family man can tell you!"

Blue Cross - Blue Shield plans are the only plans that entitle you to an immediate A-1 credit rating at practically every general hospital in Michigan... and with most licensed physicians, too. Strictly non-profit, Blue Cross - Blue Shield plans are community-sponsored... to provide you with the care you need, when you need it. No other plans provide so much for so many... at such low cost.

Find out how you can get low-cost group coverage for your family. A company with as few as 5 employees may qualify as a group. Blue Cross - Blue Shield, 441 E. Jefferson, Detroit 26, Mich.

Northville Noses Out Keego 46-45 To Clinch Third Place In League

Paul Hamlin stepped to the free throw line last Friday night with 20 seconds left in the fourth quarter, after missing the first shot, he cooly pumped in the winning basket to clinch third place in the Wayne-Oakland County league by beating Keego Harbor by a close margin of 46 to 45.

Keego, at the beginning of the game, had a seven point lead. Northville came back to gain a three point lead at the end of the first quarter, 13-10. Northville seemed rather nervous in the first period and couldn't find the range for the first few minutes. For example, the first few foul shots and about three easy "dog" shots were missed.

The Mustang's made a better showing in the second quarter and made 16 points to their rival's seven. The half ended with Northville out in front, 29-17.

At the beginning of the third quarter, Northville increased its lead to 15 points. But that's when the excitement started. Keego started hitting and scored 16 points of its own to Northville's six. It chopped the Mustang's lead from 15 to 2 points in about six minutes. The quarter ended at 35 points for Northville, 33 for Keego. After the opening tip, Keego quickly tied it up. From there it was a dog-eat-dog contest, with Keego matching Northville basket-for-basket. That is, until Paul Hamlin's winning basket put the game on ice.

John Clarke was high man for Northville with 14 points but was tied by Jim Craig of Keego for high scoring honors for the game.

Bud Bell and Paul Hamline each had 11 for Northville.

| Scoring was as follows | FG | FT | TP |
|------------------------|----|----|----|
| Clarke | 6 | 2 | 14 |
| Hamlin | 3 | 5 | 11 |
| Bell | 4 | 3 | 11 |
| Teshka | 3 | 0 | 6 |
| Pethers | 1 | 2 | 4 |

Other League Standings

In other league games, Milford continued its winning ways as the Redskins thoroughly trounced Clarkston 86-36 as they took the number one position in the Wayne-Oakland league race. Holly defeated Clarenceville by three points in the scramble for the last three places.

Northville plays Holly at Walled Lake Friday at 7 p.m. The Walled Lake-Orchard Lake game starts at 8:30. The winners of these two games play off for the district championship at 7:30 Saturday night.

Frosh Win 3 More; Finish Season With Ninth Straight Win

Coach Al Jones' frosh basketball team finished their season with nine wins and one loss with a home victory over Clarenceville 50-40 Monday. The season climax was reached at Thurston High school Tuesday night, however, when the frosh cagers avenged the only defeat they suffered by a score of 57-55. Thurston had won an opening game victory at Northville by a 42-39 count.

In the Thurston encounter, the local team could never quite seem to gain a lead and trailed 8-7 at the first quarter, 27-23 at the half and 40-37 at the third quarter mark with Bill Yahne leading the way with 11 points the locals outscored the Thurston boys 20 to 15 in the final quarter. High scorers for Northville were Bill Yahne with 25 points and Dick Biery with 17. Little Pete Gross added two neat free throws late in the game to give Northville their lead. Northville was handicapped by the loss of their first string guards, Tom Ledford and Joe Kritch, both of whom were sick with the flu.

In a game played early last week the Northville frosh edged Plymouth 25-17 at Plymouth. Bill Yahne was also high man in this game with 11 points.

By BILL MULENDORE
(Outdoor Editor, The Ann Arbor News)

Extension of the Conservation Commission's "discretionary power" over Michigan's deer herd faces rocky going in the Legislature where, to date, no member has been found willing even to introduce the measure, much less support it. At this point, the odds appear strongly against renewal, despite the official backing of Michigan United Conservation Clubs and some other interested groups.

Yet, just three years ago, the legislative atmosphere was different. With the grisly memory of more than 50,000 deer starved to death during the previous winter fresh in their minds, the lawmakers gave the commission a three-year blank check to take any measures felt necessary to control the deer herd.

Details of those measures don't require review here. But one important point should be made and emphasized: The controls thus far without exception have involved the killing more deer to reduce the herd to what biologists call "the

carrying capacity of the range." This is essentially a negative approach. No real, large-scale effort has been made on the positive side—improvement of the range so it can carry more deer. And that, in this writer's opinion, is what has gotten the legislators and their constituents so riled up.

It's true that experiments are being carried on in controlled burning and treatment with weed-killers to encourage growth of new browse plants. There's been agitation, but no action, for changes in forest management practices to promote more deer food. Suggestions for emergency winter feeding—through planting, cutting, airdrop or what have you—have been thumbed down as "too expensive" or "impractical."

Admittedly, the Conservation Commission was not allowed into the picture until an emergency had developed. Very likely, the "kill more deer" approach had to be taken first, to whittle the problem down to manageable size. But the positive approach, if there is to be one, has never clearly emerged. Without a positive program of range improvement, or at least a convincing explanation of why there is none, the commission is going to have a tough time selling the Legislature, and the public, on any more "discretionary power."

1,000 Photos Is Aim of Stone for 1955 Northville History

Since the annual Rotary breakfast on New Year's day, Roy Stone has taken 250 photos. In a single day recently he added 22 snapshots.

This unusual amount of activity may not flicker the lightest eyelash of a dyed-in-the-wool photo fan, but to persons who are not taking pictures at any where near that rate, Stone's motive has interesting possibilities.

He has started a pictorial 35mm history of Northville's numerous activities for a full year. It began with the Rotarians Jan. 1.

The village commission in session and other meetings of a business and social nature have been subjects for Stone so far in 1955. He will be glad to photograph any event, he says.

He came to Northville 17 years ago from Pinconning, Mich. where he was in the poultry business and now operates Stone's Gamble store, is married and the father of six children.

Stone has no way of knowing how many pictures he will take for the series of 1955 but believes that about 1,000 would be a fair guess. Knowing the enthusiasm with which he has entered on the project, some of his friends wouldn't be at all surprised if the total reached 1,200 or more.

Northville Band To Present Concert

Cancer Society Plans New Group

A group of interested citizens who have been appointed to serve on a planning committee for the American Cancer Society met last week in Dearborn to make plans for a permanent ACS organization in western Wayne county.

Mrs. Oscar Thompson and Mrs. C. O. Hammond of Northville are members of the planning committee.

Edward W. Tiescher, executive director of the Southeastern Michigan division of the ACS, spoke of the importance of localizing the division cancer program to meet the individual needs of the various communities within the area and suggested a set of by-laws for the Southwest unit. The newly-organized unit is one of six within the jurisdiction of the Southeastern division.

By-laws for the new unit and nominees for a board of trustees will be presented at a general meeting March 17 at 8 o'clock at Oakwood hospital. Any persons interested in the activities of the Cancer Society are invited to attend.

City Charter —

(Continued from Page 1)

the committee at the Monday night meeting expressed little doubt that the required number of names plus a balance would be secured.

The present proposal for balloting calls for incorporation of the area that is now within the village limits as a city. When voters defeated a proposal two years ago, 527 to 452, for city incorporation, it was planned to also annex land outside the village limits.

Election in May

Holding the election will be expedited if the signed petition forms are returned by Friday of this week to the office of Thomas R. Carrington, Ogilvie pointed out. If all signatures are in by then the timetable now planned would result in a special election about the middle of May.

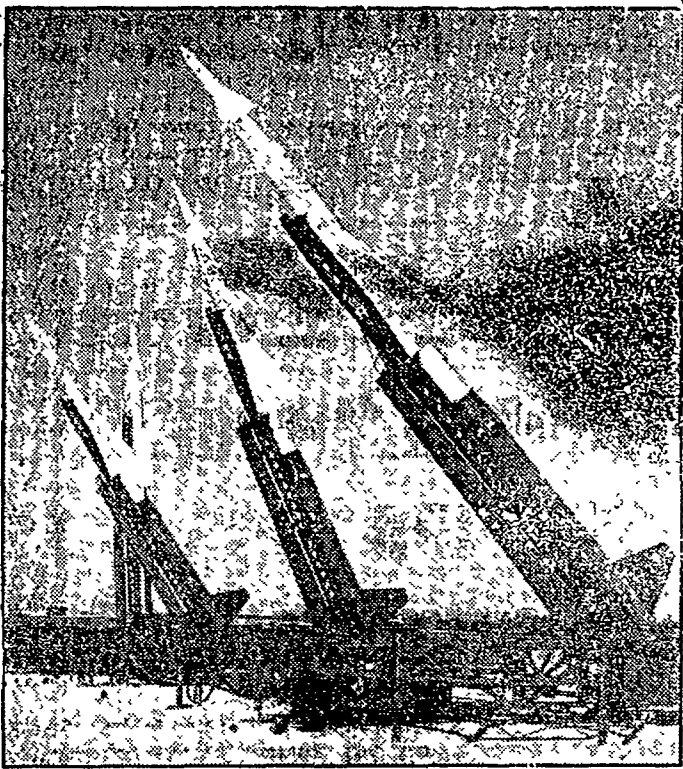

Ogilvie anticipates that the petitions will be ready for filing with the Village commission at its meeting next Monday evening. Thereafter, they will remain in the possession of Village Clerk Mary Alexander for 30 days, during which she must check the validity of signatures.

After expiration of the 30-day period, the village commission can call a special election in not less than 40 days.

Nominees for charter commission will be voted upon at the special election. The number of nominees is not limited, but the membership of the commission is held to the nine persons with the highest vote total, it was pointed out.

Group Meets Again Mar. 14

The committee sparking the signature drive for another vote on the subject this year plans periodic meetings until the election. It will meet again at the village hall Monday, March 14. At subsequent meetings it is planned to marshal information for an educational program on the advantages of Northville's becoming a city.

Fire Loss Placed At \$20,000 By Clark

The Record last week carried a story that fire attributed to a defective stove had destroyed an apartment and furnishings of John Rooke at 42150 E. Seven Mile Rd. and that the damage was estimated at \$7,000.

D. H. Clark, owner of the property, has informed us that the fire was caused by food catching fire on top of an electric stove which was in no way defective. He estimates loss at close to \$20,000.

a farm, where they can run at large (so long as they don't get in the public road).

Or perhaps the ordinance will result in a new kind of business for township farmers, for there is nothing to prevent a farmer from letting you and me bring our dogs out Sunday for a romp across the fields. For a modest fee, of course.

Or is there? We wonder if the township's new zoning ordinance has anything to say on this subject. Ah, yes! Nothing has been forgotten. In Articles VI (Small Farms Districts) and VIII (Agricultural Districts), the various uses to which land may be put are listed in detail.

The situation isn't covered specifically, but Section 8.01 (L) comes close. It provides that a farmer may use his land for "the raising of fur bearing animals, or kennels, when approved by the Board of Appeals."

The important thing for dog owners to do, it appears, is to put up a slate of candidates for this Board of Appeals who will be sympathetic to dogs. Or, candidates for election or appointment to the appeals board might run for office on an "I like dogs" platform.

It is encouraging to know that petitions are again being circulated to bring a vote this spring on making Northville a city. The proposal this year involves only the territory within the present village limits. Consequently, it lacks the many controversial elements that were present in the move two years ago to make Northville a city. There are many sound reasons for becoming a city, with a modern charter written in the light of present day needs.

These will be detailed by the committee which is promoting the move in a series of public meetings in the weeks immediately preceding the election. It is to be hoped that those who do not favor the move will attend the hearings so they may hear the affirmative arguments before going to the polls.

"Membership in the Red Cross means that all of us join hands and pool resources to provide for our neighbors in time of need," Mrs. Winter said. "If a disaster were to strike our community the Red Cross would be on the scene at once offering emergency and rehabilitation assistance to those unable to help themselves," she added.

Attending the meeting, called by Mrs. Carlson, Northville branch chairman, were Elmer Revell and James Blair, field representatives who showed a blood film.

A general solicitation is being conducted in Northville and the campaign, carrying a "You Are Not Alone" theme, got under way March 1.

BACK TO GOD

Recently the American Legion launched an "America Back to God" program. This was started by the Legion because of their concern over the results of America's godlessness. President Eisenhower stated in his address, "Without God, there could be no American form of government, nor any American way of life". Our President realizes that the blessings we do enjoy in this nation are because of the basic Christian principles of the men who established this nation. But let all men know this, that the way "Back to God" is a way of repentance. We cannot go on with our gambling, drinking, Sunday desecration, cursing and expect this nation to get "Back to God". Many people in America need to change their minds about the real nature of sin. They need to get a new glimpse of the holiness of God. They need to return to a personal, vital, experience with the Author and Finisher of our Faith, even the God-man Jesus Christ. Man cannot decide to get "Back to God" and set up his own course of return. The way back is clearly outlined in God's Word. Apostle Paul outlined it in a few words in Acts 20:21 "Repentance toward God and faith toward our Lord Jesus Christ". Hearts and knees bent in repentance is the only way.
