Because of the sweeping nature of the proposal made by the Area Study Committee for consolidation of six school districts in Novi and Northville townships, and the fundamental importance of the decisions which may result from the committee's report, the Northville Record believes it is important that everyone in the area understand the situation thoroughly.

To bring the different viewpoints to the attention of all area residents, the Record is inviting proponents of the report and those who disagree in varying degree, to state their opinions formally. Paul Beard, who served on the Area Study Committee from the Durfee district, and was a leader in making the committee's final recommendation, has agreed to lead off a series of articles with an explanation of the considerations upon which the recommendation is based. His article appears in the adjoining column.

An alternative proposal will be presented next week by representatives of a minority group of the study committee.

The Northville School Board has accepted an invitation to explain the attitude of the Northville school district toward the overall consolidation plan. Its statement probably will be ready for the issue of Mar. 31.

Dr. William J. Emerson, superintendent of schools for Oakland county, will speak to the Novi Chamber of Commerce on the subject at its next meeting Wednesday, April 6. This meeting will be in the Novi Community building and will be open to the general public.

PTA Schedules 2nd Youth Panel March 24

What does a high school student think about the years beyond his graduation, the service, college, a job? There are problems, serious problems, for each of these young people to consider with deep concern. What are the opportunities? What lies ahead for these new adults?

Questions of this nature are to be discussed by Northville High school students Thursday, March 24 in the Community Bldg. The regular Parent-Teachers Assn. meeting will feature a panel discussion on guidance for high school students. The February meeting of the PTA served to initiate the guidance subject by offering a program which included

prominent business and professional personalities in this community.

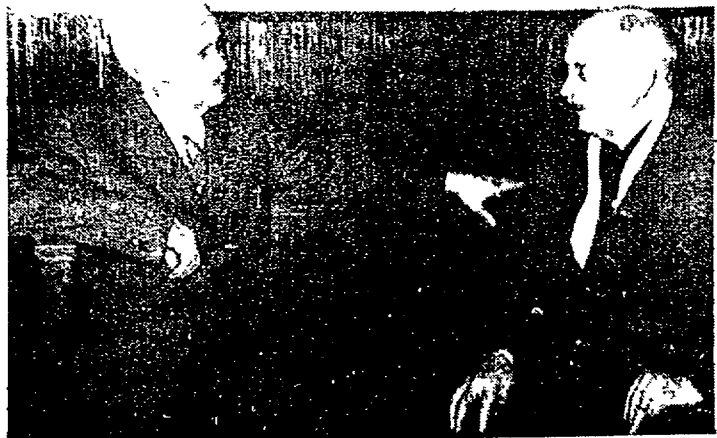

The March 24 meeting will feature a panel of students, those students being representative of various areas of interests. Under the guidance of Miss Florence Panatoni and Harry Smith, of the high school faculty, the panel will include Priscilla Older, Sallie Wagenschütz, Gayle Ashburn, Lynn Matzen, Paul Schulz, Bill Lessway, John Clarke and Bill Tierney.

Members and non-members are encouraged to attend. There will be refreshments.

Ham Dinner To Be Held at V.F.W. Hall

VFW Post 4012 is sponsoring a ham dinner at the hall on Plymouth Ave., March 27, from 1 to 9 p.m.

Chairman Mrs. Florence Russell announces that the public is invited and tickets are \$1.25.

Thomas R. Carrington, William B. Purdy
When William B. Purdy, age 82, of Milford, dropped in to see Thomas R. Carrington, the visit turned to early days of the Northville Commandery No. 39, Knights Templar. The second oldest member of the lodge, Purdy became associated with it Oct. 20, 1903. Carrington, fifth in seniority, joined the order when he was with the post office here May 11, 1911. He was commander in 1923. March 25, 1919, the Commandery held a banquet commemorating the knighting of the 100th living member. About 300 now belong to the lodge. Harold Blackett of Detroit is eminent commander.

Need Schools In Northville-Novi Area

Reasons For Consolidation Of 6 School Districts Are Explained

By Paul M. Beard

It is with pleasure I respond to the Northville Record's invitation to contribute to an analysis of the Northville-Novi school picture. As the two areas have been so closely linked in the past, I feel a brief review may be of value.

When I speak of Novi in this letter I refer to the five districts closest to Northville: Chapman No. 7, Durfee No. 6, Putnam No. 9, East Novi No. 2, and Novi No. 8.

Students from these districts have attended Northville schools for years, on a tuition basis. This is best illustrated by the fact that Novi has never had a high school and that Durfee District, for example, has not operated an elementary school for over 30 years. In doing this these districts have contributed the advantages of both income and student enrollment to the Northville school system.

This long continued student attendance, plus proximity of residence, has made Northville a center of interest for many families in Novi school districts. The village of Novi, however, has continually grown, and for many folks is their center of interest.

Consolidation Idea Not New

The idea of combining these areas, as a school district, has been proposed many times over the past 25-30 years. As recently as four years ago a meeting of interested districts was held at Northville at which time an area survey was proposed but not carried out.

About one year ago Novi District No. 8 faced with the necessity of adding to their elementary building, called a meeting with the other Novi districts Boards of Education to inquire whether the other districts were interested in joining with Novi No. 8 and enlarging that system. No facilities for high school students were proposed at that time.

When it was found the invited Novi boards were not ready to commit themselves, it was suggested that Northville school district be invited to join, and an area survey be undertaken. This was done and a 36 member committee was brought into being. I was asked to serve as one member from Durfee district.

Much Thought Behind Committee's Plan

All members of this committee have earnestly studied, visited, thought, and I'm sure, invoked the aid of Almighty God, in striving to think without emotion, judge without prejudice, and present with pride and honor a school system befitting the counties of Wayne and Oakland in which we live and have our dreams of the future.

It is the studied opinion of this committee that the school districts of Northville and Novi be joined together with common purpose under one administrative body.

Being practical, we felt that the five districts of Novi together, now, and in the school years of most of our children, did not have a tax base large enough to support the building of a high school and an elementary system.

Neither did they have a student enrollment which would permit the offering of more than the most minimum curriculum.

We offered this plan to the Novi districts as the most feasible, immediate solution to their school needs.

Sees Advantage for Northville

Lately, the Northville school system has been found to have defects which must be overcome in the immediate future.

(See story on Page 1 of this issue. ED.)

We offered this plan to them in the light of an invitation to broaden their hopes for their school system to something beyond their present dreams.

While not a part of our study area, certainly our neighbors to the west in Salem should be invited to join at the same time. By a combining of forces these dreams can become a reality now, rather than at some later date in the future.

Mistakes have been made in the past. Let us not keep them brightly before us except in the light of profiting by them.

In making the announcement, Principal E. V. Ellison listed the scholastic achievements of the two students. Fourteen of the houses were sold by the boys shortly after the judging. Judges for the contest were Edward Mollema and James Madigan of the school faculty.

Northville Told It Must Build New School Immediately

Committee Says Sentiment Favors Becoming A City

Members of the committee that circulated petitions to obtain a vote on making Northville a city reported at a meeting Monday evening that sentiment appears to be predominantly favorable to the move. Needing 100 signers of the petitions, the circulators easily secured double that number in a limited time, according to Lynn Sullivan, committee chairman. He estimated that sentiment in favor of becoming a city now may be as high as 10 to 1.

Sullivan said committee members feel that city incorporation has a good chance of ratification this year because the proposal involves only the area within the present village boundaries. He also pointed out that the westward surge of home building toward the Northville area makes it imperative that Northville become a city to better control and channel the growth in population that is inevitable over the next few years.

The signed petitions were filed with Village Clerk Mary Alexander on March 5. After remaining in her office 30 days, they will be presented to the Village Commission at its April 5 meeting. The commission then will set a date for a special election to be held not less than 40 days later, or about the middle of May.

To facilitate the interchange of information and views on the subject of city incorporation, the Northville Record will open its columns to letters on the subject as soon as the Village Commission sets a date for the election. The Record has invited the incorporation committee to name a panel of its members to provide answers to questions that may be asked.

Ellison Attends School Parley In Chicago

E. V. Ellison, principal of the high school, will attend the annual meeting of the North Central Assn. of Secondary Schools and Colleges in Chicago March 21-25. Ellison is a member of one of the association's reviewing committees.

The purpose of the association is to set and review the qualifications of school systems. Its membership consists of approximately 3,300 schools and more than 300 colleges in 19 states.

The present Northville school building housing grades seven through twelve is inadequate both as to size and equipment to provide proper educational facilities for the boys and girls in those grades. Furthermore, the existing deficiencies must be corrected in a reasonable period or the Northville school system may be removed from the University of Michigan's list of accredited schools.

The foregoing summarizes in two sentences a unanimous report by the Bureau of School Services of the University of Michigan to E. V. Ellison, Northville principal, following a thorough study of the local school system on three different occasions.

(Should Northville schools be removed from the university's accredited list, all Northville students desirous of enrolling at the U. of M. would have to pass entrance examinations. Recognition of Northville school credits by other colleges in the North Central Assn. also would be automatically blocked because the association uses the university's accreditation list to set its own policies.)

Following is the U. of M. report and recommendations in detail:

Mr. E. V. Ellison, Principal
Northville High School
Northville, Michigan
Dear Mr. Ellison:

"We were all favorably impressed by the excellent attitudes of the administrators and of the staff towards their professional duties and towards each other. There was evidence of a friendly and cooperative atmosphere in the school despite the handicaps and problems brought about by the physical plant.

"Comments:
"We agreed further that it would be difficult to make suggestions that would lead to the better utilization of the school plant. Indeed, our judgment was rather that the school plant has been inadequate for some years past to serve the varied needs of pupils enrolled in grades nine through twelve. We also commend the student body and teaching staff for the fine spirit de corps that exists among them. They were making the best of a teaching and learning situation that was far from satisfactory.

"And finally, my colleagues and I were gratified to note that there was no evidence on the part of teachers, administrators, or Board of Education to excuse, to rationalize, or to place the blame on anybody. We observed, rather, the determination of all to first define the problems and then to move speedily and constructively towards a solution.

"All were confident that the community will be satisfied only with first class school facilities (Continued on Page 10)

School District Consolidation —

(Continued from Page 1)

Problems still confront us. With the adoption of this recommendation work only begins. I would like to feel that this recommendation does not impose hard and fast limitations on anyone, but is merely the core of acceptance, the beginning from which all desire can be worked out.

The recommended method of accomplishing all this is by consolidation.

There is another means whereby all this could be done and that is "annexation".

Under annexation the district which is being annexed loses its identity. It becomes absorbed into the parent group. As a school district it goes out of existence.

Under consolidation all districts affected go out of existence simultaneously and a new district with a new identity is created.

As a person who resides neither in Northville nor close to the village of Novi, I have watched with sympathy the partisan feelings which have been expressed.

On the one hand, the school district of Northville has great pride in what they have accomplished alone. And rightly they should.

On the other hand, the community of Novi has fought hard for recognition as a center of residence and industry. Neither area wants to feel they are taking a step towards oblivion. And there is no reason why either should.

There is already remarkably close cooperation between the areas. I, for example, am a resident of Wayne County, Northville Township, but am in a Novi school district. The Northville school district is currently building a school in Novi Township, Oakland County. Let us take one more step along this road of mutual partnership and sharing of land and interests.

It is my sincere hope that before long we shall be combined into one large school district offering to our children the advantages in curriculum only to be obtained by a larger school district.

Girls from all other 4-H clubs in the area have been invited to take part in the program.

In addition to the various girls' projects, other exhibits at the Community hall will include soil conservation, tractor maintenance, food preparation, handicraft, child care, junior leadership, knitting, home improvement, etc.

AREA PROPOSED FOR SCHOOL CONSOLIDATION

The map above shows the six school districts which the Area Study Committee has recommended for consolidation into one large district. Proponents of the consolidation plan, which would include the Northville school district as well as the five in Novi

township, believe the larger district would result in a better school system than will be possible under any other plan, and that the larger district would be better able to finance such a school system.

The surviving brothers and sisters are Mrs. Nettie Phelps and Mrs. Della Farmer at the Rebeah and IOOF home in Jackson, Mrs. Rose Waters of Montana, Mrs. Ellen Putnam and Fred Hicks of Northville and George

After his marriage to Lou Hammond in 1903 they lived for a short time in the first house west of the viaduct on W. Grand River and later at his grandmother's place also on W. Grand River. In 1909 they bought the home on Eleven Mile Rd. in Novi where they have lived for 46 years.

He has marveled at the many changes in Novi since his boyhood days, remembering the wood burning locomotives on the railroad and the immense amount of wood consumed. He has memories of the old hotel and hotel barn, long since torn down, of watching with his father the training of colts in the hotel barn.

The hotel stood where the Standard Service station is now located and the barn at the corner on Eleven Mile Rd. Many of the older buildings are still standing, such as Moeran's store. The oldest building was owned by John Perkins and is now vacant. The IOOF building was once a drug store. Two other old buildings, now remodeled homes, were once a gun shop and cobbler's shop. Hicks also remembers the lumber yard near the present viaduct owned by A. Whipple and the thriving barrel-making industry. Among the busy saw mills was the one owned by John Vogt just south of Novi.

Hicks has been a member of the Odd Fellows lodge for over 40 years. He is also a Gleaner. As a young man, Hicks was interested in boxing for recreation.

In November, 1950, Hicks entered Pontiac Hospital gravely ill with diabetes returning to his home 17 months later.

Cadillac

Acting on a 20-Year-Old Decision!

Let's suppose it was a couple of decades ago when a young lad, with his book strap over his shoulder and his lunch basket under his arm, started slowly down a dusty road that led to a country schoolhouse.

But his walk was short that day. For a big, handsome Cadillac—with its smiling driver traveling in the lad's direction—stopped and gave him a "lift."

And as he stood there on the schoolhouse lawn and watched the big car roll off into the distance, he made a decision. He decided that, some day, he would own a Cadillac.

And here you see him, his dream come true—taking the keys to a new 1955 Cadillac!

As a Cadillac dealer, we've been privileged many times to help make such a dream come true. And it never ceases to be a thrill.

But we do feel, in all sincerity, that many motorists

—not realizing the Cadillac car is *practical* as well as *wonderful*—wait too long to make the move.

The lowest-priced Cadillac, for example, actually costs less than twelve different models of other makes. Its economy of operation is far beyond anything you could logically anticipate from a car of Cadillac's size and luxury. And at the time of resale, a Cadillac traditionally returns a greater share of its owner's investment than any other car in the land.

If, like the gentleman in the picture above, you have been looking forward to a Cadillac of your own—you should give careful consideration to these remarkable Cadillac facts.

It is entirely possible that the time for *your* Cadillac has come—and, as we said, it is always a pleasure to help make such a dream come true.

Better come in and see us today.

THE NORTHVILLE RECORD

Safety Rules Offered for Kite Flyers

March winds remind us that today's jet-age youngsters still have at least one thing in common with the children of yesterday—the love of watching the graceful antics of an airborne kite.

But kite-flying now isn't as trouble-free as it was when granddad was a boy. Along with the comforts and pleasures of modern living have come a few drawbacks and hazards which didn't exist when "back forties" were plentiful.

However, R. P. Douglas, head of the Detroit Edison Company's safety department, has a few simple rules for keeping the fun in and the danger out of kite-flying. Here they are:

1. Always fly kites in open fields—away from overhead wires and away from streets and roads where traffic is an additional hazard.
2. Use a wooden kite frame; wood is a non-conductor of electricity.
3. Use "plain" kite-string; avoid all tinsel wire or cord that has any appearance of being metallic. Metallic cord can carry electricity to your hand and cause painful injury or fatal shock.
4. If the kite does catch on a pole or tree, leave it there. It's too bad to lose it but making a new kite is fun—and climbing for the old one might result in a fall or electric shock.
5. Never fly your kite during lin used a kite in his experiment an electrical storm. Ben Frank-with electricity. But he was lucky not to have been killed.

No Greens Market
Planned for 1955
By Garden Club

Members of the Northville branch, Women's National Farm and Garden Ass'n., voted this week against holding a 1955 Christmas Greens market but decided to sponsor a flower show and to participate in the meeting of state garden clubs at Birmingham Oct. 12.

The flower show is an annual event for the Garden club. The Greens market was held in 1953 and 1954 and was the principal source of revenue for the local association's college scholarship fund and other activities.

In voting to take part in the state meeting next fall, the Northville branch undertook to sponsor the sale of items at the Birmingham meeting on a consignment basis.

Mrs. Perry J. Reynolds spoke to the Garden club members on the habits and different varieties of birds, illustrating her talk with slides. She exhibited ways of making suet balls and raisin strings to attract the birds to your own yard.

Tea was served by Mrs. Paul Schulz, hostess and her assistants, Mrs. Merner Eilber, Mrs. Frank C. Zebornick, Mrs. Charles Ely, Mrs. Robert Niemi and Mrs. Glenn H. Cummings. The meeting was held in the Community Bldg.

Mary Lovewell
Receives D.A.R.
Citizen Award

Mary Lovewell, daughter of Drs. Paul and Victoria Lovewell, was elected the D.A.R. Good Citizen from Northville High school for 1955. Three girls are selected for this honor each year by the girls of the senior class, the final decision being made by the faculty of the school.

The D.A.R. Citizens are considered on four points. 1. Dependability, truthfulness, loyalty and punctuality. 2. Service: cooperation, courtesy and consideration of others. 3. Leadership: self-control, ability to assume responsibility and personality. 4. Patriotism: unselfish interest in family, school, community and nation.

Mary had many interests in school. She played the lead in the senior play, "Good-bye My Fancy", was a member of the cast of the junior play, a member of the band and a member of the league band for four years. She was on the varsity debating team.

Mary Lovewell

for three years, and president of the Forensic club and secretary of the Student council this past year, and class secretary during her sophomore and junior years.

Last year Mary was a delegate to Girls' State at the University of Michigan where she received the highest honor awarded there, that of governor. She was also one of five students from Northville selected to attend the model League of Nations sponsored by the Rotary club at Hillsdale last year.

Besides all her other activities, Mary is an accomplished pianist. This popular 17-year-old senior plans to enter the University of Michigan next fall.

In Lenten Season

A CUP of tomato juice heated with herbs, a salad, hot bread and beverage make a delightful lunch for one, two or six. If you have company coming for an evening, try a salad as a change in snack-time ideas.

Both of the recipes given here will be in that class of something special, something different but still easy to prepare:

Macaroni-Tuna Salad
(Serves 6)

1 tablespoon salt
3 quarts boiling water
2 cups elbow macaroni
2 6 1/2 ounce cans chunk - style tuna, drained
1/2 cup seedless raisins
1/2 cup walnuts

1/2 cup chopped celery
1/2 cup evaporated milk
1/2 cup French dressing
1/2 cup crumbled blue cheese
Salt and pepper to taste

Add salt to boiling water, then macaroni gradually so that water continues to boil. Cook, uncovered, until tender. Drain, rinse with cold water and drain again. Chill.

Add tuna, raisins, walnuts, apple and celery to macaroni, mixing lightly. Combine evaporated milk, French dressing and cheese. Beat

until blended. Add to salad mixture and mix well. Season to taste with salt pepper. Chill thoroughly before serving.

Toss all ingredients together lightly. Chill and serve in lettuce cups.

What Appetites
With Yeast Bread

Any woman can fill the house with the tantalizing aroma of home-baked bread or coffee cake made with yeast. Little or no kneading is required with these newly developed recipes and they're certain to be a big success.

Easy-Do Oatmeal Bread
(Makes 2 loaves)

2 3/4 cups rolled oats
1/2 cup molasses
1/2 cup shortening
4 teaspoons salt
2 cups boiling water
2 cakes or packages yeast
2 eggs
4 cups sifted flour

Measure oats, molasses, shortening and salt into large mixing bowl. Add 1 1/2 cup of boiling water and stir well. Cool to lukewarm. Crumble yeast with remaining 1/2 cup water which has cooled to lukewarm. Let stand. Blend the two mixtures together and mix well. Blend in eggs, then flour and mix until dough is well blended. (The dough will be slightly sticky). Turn dough on well-floured pastry cloth. Shape into two loaves; place in well-greased 8 1/2 x 4 1/2 x 2 1/2-inch pans and cover. Yet rise in warm place until doubled in bulk. Bake in a hot (375° F.) oven for 1 hour.

Cardamon Coffee Cake
(Makes 1 cake)

1 cup milk
1 cake yeast
1/2 cup sugar
4 3/4 cups sifted all-purpose flour
2 eggs
1/4 cup butter
1 teaspoon salt
1 teaspoon cardamon seed, ground

Scald milk. Cool to lukewarm, then add yeast. Blend in sugar and 1 1/4 cup flour to make a sponge. Beat well. Add unbeaten eggs and soft butter, mixing well. Beat in remaining flour sifted with salt and cardamon. Knead on lightly floured surface until elastic. Twirl in lightly greased bowl, cover and let rise until doubled in bulk. When light, knead and divide dough in thirds. Roll each piece into a long strip, then braid together. Let rise until doubled in bulk, brush lightly with egg yolk or egg white. Bake in a moderate (350° F.) oven for 20 to 25 minutes.

STRENGTH
FOR
THESE
DAYS

from
The Bible

Wherefore take unto you the whole armour of God, that you may be able to withstand in the evil day, and, having done all, to stand. —(Ephesians 6, 13.)

Why should we try to go it alone humanly weak as we are, when God's love, His guidance and power are ours for the asking through prayer? He is ever present and willing; when we let our foolish pride and self-centeredness cut us off from Him, we deprive ourselves needlessly of all-power, all-good.

Versatile Potatoes
Bolster Meals

Potatoes are a mighty satisfying food and they can be the backbone of any meal which is light or heavy. If you have potatoes frequently at your home, try them in modern dress just for a change.

There's an easy way to prepare scalloped potatoes with real company flavor and color. If you like them creamed, you're certain to like them with soured cream.

Potato-Pimiento Scallop

(Serves 4-5)

8 cups thinly sliced potatoes
3 tablespoons finely chopped onion
1/4 cup chopped pimiento
1 can condensed cream of celery soup
1 teaspoon salt
3/4 teaspoon pepper
1 tablespoon butter
1/2 cup grated American cheese

Alternate layers of potatoes, onion, pimiento and celery soup in buttered 1-quart casserole. Season each layer with salt and pepper. Top with melted butter; sprinkle with cheese. Bake in a moderate (350° F.) oven 30 to 35 minutes until potatoes are tender.

Quick Creamed Potatoes

(Serves 6-8)

3 cups diced potatoes
1 small onion, cut fine
3 to 4 tablespoons soured cream (thick)
Salt and pepper to taste

Place diced potato and onion in lightly greased heavy skillet. Add a small amount of water, just to coat the bottom of the pan. Cover tightly and cook until the potatoes are tender but not mushy. Add soured cream and stir constantly until blended. Season with salt and pepper and serve at once.

PRETTY DOGGY—Now you can match your swimsuit to your dog's personal pattern—unless the pooch is a Mexican hairless. Starlet Linda Danson models a suit that goes well with her Dalmatian, at poolside in Palm Springs, Calif. She "collars" the fashion trend with a dog-collar-like costume-jeweled choker.

MICHIGAN LIFE LINES!

FROM THE VERY BEGINNING roads have been built to further commerce and trade, and down through the centuries the first requirement whenever a new territory was to be settled has been to build roads.

Michigan has over 100,000 miles of roads and streets, most of which are surfaced and in good condition. These are Michigan's life lines, without which the State could not exist.

For over these highways farm produce goes to market, raw materials and parts get to factories, finished products reach the consumer. Over these highways trucks bring you everything you eat, wear, or use!

DEATHS

MRS. MARY HEGGE

Mrs. Mary Hedge, a Northville resident for the past 43 years, died Monday morning at the home of Mr. and Mrs. Fred Van Atta where she had been living for the past 13 years.

Mrs. Hedge was born in Bergen County, N. J. in 1872. Her husband died in 1935. She is survived by a niece, Mrs. Gladys Scott and three nephews, Arthur, William and Harry Scott, all of Union City, N. J.

A member of the Presbyterian church, Mrs. Hedge gave unselfishly of her time and energy in church activities. She served for many years as chairman for Rotary dinners and was recognized as excellent in that field. For many years she prepared the communion service for the church.

She was a member of the Woman's Union and was an inactive elder. Her husband was secretary of the Masonic lodge for many years and she was an active member of the Eastern Star for 36 years. She had been in ill health since last summer and was confined to her bed two weeks previous to her death.

The body lay in state at the Casterline Funeral home until Wednesday noon when it was taken to the Presbyterian church for services at 2 p.m. Rev. John O. Taxis and Rev. Harold Fredsell officiated. Burial was in Rural Hill cemetery.

EMMA JANE HOUGH

Emma Jane Hough died March 10 very suddenly in Toronto, Canada. She was born in Oakville, Ontario, the daughter of Samuel and Sara Middleton Decker. She is survived by her husband, John, 637 Novi Ave.

Funeral services were held last Monday at Phillips-Bahnmiller Funeral home with the Rev. Harold F. Fredsell officiating. Burial was in Woodlawn cemetery, Detroit.

Mrs. Hough was a member of the Presbyterian church in Northville and had lived here the past 14 years. She had also lived in Detroit and Walled Lake.

New Council Planned By K. of C.

The men of St. Williams parish in Walled Lake will hold an open meeting in the hall of the church on March 24 at 8 p.m. to organize a K. of C. council for the Lake area.

District Deputy John Fisher and Insurance Field Agent Alfred Pilon, Sr. and Alfred Pilon, Jr. will be there to lead the men. Any interested Catholic men from the age of 18 on re welcome. For additional information, call Market 4-2514, Edward Page, or Market 4-2717, John Nowak.

Krezel Places Third In Speakers Contest

Kenneth Krezel of Northville High school was awarded third place in the Third Zone oratorical contest March 11 at the Royal Oak post of the American Legion. The third zone consists of the 6th, 7th, 8th, 17th and 18th Congressional districts.

The first three contestants were close in the judging, each having been given first place by one of the judges. Rating of the speeches on "The Constitution" were Lee Dreyfus, R. L. Cortright and George Bowman of the Wayne university speech department.

Sponsored by American Legion posts, the zone competition was won by Juoy Bodkin of Lansing; Garth Johnson of Pontiac was second; Phylma Kreiwall of Utica, fourth, and Jerel Beard of St. Louis, fifth.

Krezel competed in the Royal Oak program on the basis of first winning the local contest over James Rambeau. Judges for it were Charles Bahnmiller, Paul Burnham and Oscar Hammond. By winning the first prize at the district program held at the Redford township Legion post later, he was entitled to enter the zone competition.

ISABEL FRANCIS LYON

STRENGTH FOR THESE DAYS
from The Bible

I have set before thee a door opened.—(Revelations 3.8.)

There are no closed doors between you and God. His love, forgiveness, and great tenderness—Always, ever, the door stands open—you need only to go forward in faith to enter into the good life. It is we who need to open the doors of our minds and souls, cleansed of evil and selfishness, to receive God's blessings.

and a qualitative program of studies designed to serve all age and ability groups who are enrolled in the school.

Problem Areas:

"All Bureau visitors agreed upon the following generalization with respect to the existing secondary school program.

"1. The present building and equipment assigned to grades seven through twelve are not adequate either quantitatively or qualitatively.

"2. The result is that the legitimate needs of both the junior high school age group and the senior high age group are not being met. Both compete with one another for classrooms, laboratories, and teacher time, all of which are available in limited quantities.

"3. The adverse effect upon the senior high school age group is the more noticeable, and particularly for those children enrolled in non-college preparatory classes.

"4. Bureau visitors agreed that existing facilities in such areas as shop, home economics,

the commercial department, library, art, and science are all below standard and in some instances could not be brought up to standard unless moved to new quarters outside the present building.

"5. Existing office space for the high school principal and guidance personnel is very inadequate. Yet, the first impression that parents and visitors gain from a high school is often formed in the reception room and office of the principal.

"6. The expansion of the testing and guidance program will depend as much upon the provision of additional space as additional personnel.

Recommendations:

1. An evaluation of the present facilities by the staff and citizens of Northville should begin immediately.

"2. Plans should be made to prepare to interpret the results of the evaluation process to the community. This assumes that a projection of future school needs in terms of anticipated growth will also be made so that there will be no piecemeal solutions on a more or less patchwork basis.

"3. The needs of the several hundred elementary students now housed in the adjoining building should not be overlooked by school planners. Because of the extremely limited playground space, elementary pupils should also have access to the fine recreational and church facilities provided by the community center. At present, use of these facilities during the school day is pretty much limited to the upper six grades.

"4. Most existing secondary school facilities and equipment would be more adequate to serve junior high school needs than needs of the senior high school. This would be true, particularly, if the numbers of students in the building were to be reduced substantially. Such would not be the case if the senior high school age group were to remain in the present plant on a permanent basis.

"5. Action cannot be delayed for long without seriously prejudicing the educational opportunities of those fine boys and girls enrolled in the system. They deserve the very best in the way of staff, equipment, and facilities. We are confident that the school community will respond

willingly and generously when these needs are interpreted to them. It is only fair to state that unless progress is made, the accreditation status of the school will be prejudiced."

from 1 to 5 and Friday evenings from 7 to 10. Applicants are asked to call Lawrence McArthur, phone 444-W, if they desire appointments. Members of the post committee in charge of the project are McArthur, Clayton Myers and Alfred Smith.

Chedrick said that the office of Leslie Alexander, American Legion department adjutant, informed the local post that the forms would be available between the 21st and 28th of March.

As soon as the blanks are received here, members will be at the post, 100 W. Dunlap St., from 6 to 10 p.m., to provide help in answering the questions and notarization.

Wayne Man Guest Conductor At Band Concert

Roy M. Miller, band director at Wayne university and former member of the world famous Sousa band, will be the guest conductor when the Northville school and community band presents a concert in the Community Bldg. March 21 at 8 p.m.

Conductors Leslie G. Lee and Robert Williams have chosen a wide variety of band selections. Numbers played at the recent band festival and All-league concerts will be featured.

Two ensemble groups will add variety to the program. The brass sextet, is composed of Roger Nieuwkoop, Judy Leavenworth, David Hartner, Joel Soule, Mike Willis and Dennis Proctor.

The saxophone quintet is made up of Kathleen Leavenworth, Shirley Snow, Fred Schultz, Norman Somers and David Hartner, will perform special numbers.

The public is cordially invited to attend. A collection will be taken up to help further the work of the band.

The program is as follows: March (8th Symphony), Tchaikovsky; First Swedish Rhapsody, Leiden; The Italian In Algiers, Rossini; Pavanne, Ravel; Chicago Tribune (March), Chambers; Romeo Road, Roy M. Miller; Vanished Army, Alfred; Ballet Parisien, Offenbach-Isaac.

CHURCH GROWTH

From 59 million to 95 million (90%) gain — that is the booming church growth in the United States during the past 25 years. There are 58,000 more churches than in 1929 and the giving has soared from \$640 million to \$2.5 billion per year according to the Christian Herald. This is a remarkable growth to be sure! But I'm wondering just how many of these "Church Joiners" have ever been converted. I wonder how many have ever "passed from death unto life" having repented of their sins and trusted in Jesus Christ. It is a very easy matter to get into most churches today. All you have to do is say "Yes" or "I do" at the right time and you are in. The tragedy of the whole matter is that some folks seem to think that if they can label themselves by some denominational name that this settles the matter of their eternal destiny. Matt. 7:21 warns, "Not every one that saith unto me, Lord, Lord shall enter into the Kingdom of Heaven; but he that doeth the will of the Father which is in Heaven." And what is His will? "That ye believe on Him whom He hath sent" (John 6:29). It's more important to join Christ than to join any church.

90 Youths To Vie for Awards At Legion Talent Show

Selection of the best entertainers to produce a 2-hour show with a wide variety of acts is planned for the elimination contest Friday night at the Community Bldg. for the amateur talent show here April 1 under the sponsorship of the Lloyd H. Green post of the American Legion.

The elimination contest will not be open to the public. Parents accompanying performers will be admitted.

At Friday night's judging of the entries 90 youths, representing 55 acts will compete. Since the list published in last week's issue of the Record the following from Northville have entered the competition, according to Paul H. Burnham, chairman of the show. Cynthia Mellen, Sally Stroh, Janice Bondy, Barbara Millington, Alfred McKenzie, James Morrison, Joe Early, Charles Early and Bob Godesseune.

Thirty-three persons with 15 acts from the Northville-Novia area. Livonia has the second highest number of contestants with 25 participating from there.

Legion post officials anticipate a capacity audience and report a good response to ticket sales by the junior class of Northville High school. They urge support of the ticket selling campaign by the class because the juniors profit from the sale of admissions. The money received will be applied to the fund for the students' trip to Washington.

The Northville High school dance band will play before the show and during intermission. It will also be one of the acts competing for prizes of \$100, \$75, \$50 and \$25.

An important inducement to many to enter the contest, Burnham said, was the fact that the elimination contest and the finished performance in the Community Bldg. will be scouted for talent by Radio Station WPON, Pontiac. Richard Kline, chief announcer for the station, will be master of ceremonies.

Spring Is Subject In Photo Contest By Local Bank

An amateur photographic contest in connection with the placing of a mural depicting the Old Northville Spring on the west wall of Depositors State Bank, has been announced by A. Russell Clarke, president.

The contest, from April 1 thru June 1, will be limited to shots of the spring. It is not necessary that the photos be taken during the time of the contest, the bank said. The only restriction is that they must not have been used in a publication.

Prizes and judges will be announced later. It is planned to use judges who are not residents of Northville.

Myers Commander of V.F.W. Post Here

Clayton Myers was elected commander of the Veterans of Foreign Wars, Northville post, Tuesday. Installation of the new officers is planned for April. Other new officers are Alfred Smith, senior vice-commander; Alexander Funke, junior vice-commander; Lawrence McArthur, quartermaster; Homer Hodge, chaplain; Stanley Myers, adjutant; Arthur Ash, three-year trustee.

Exchange Hears Talk On Art

Edgar Bovee, Northville High school art instructor, addressed the meeting of the Exchange club last week on the importance of creative art as an emotional outlet for young people, as well as a primary training in the fundamentals that might eventually lead to a vocation.

Mary Lovewell, Traute Schaefer and Deanna Millington demonstrated their facility in abstract design.

Palmer Promoted To Marine Tech. Sgt.

Paul Palmer, 112 Walnut St., has been promoted to technical sergeant in the Fifth Infantry Bn., Marine Reserves, it was announced last week.

Palmer joined the Marine while a student at Northville High school. He was sent to Camp Lejeune, N.C., for training and served in Hawaii. He is with General Motors at its Willow Run plant.

Slight Change In Tax Take Pct.; Roll Was Higher

Because of an error in writing the report of Northville Township Treasurer Roy M. Terrill which appeared in last week's issue, the correct figures for the 1954 tax income are presented to show that of a levy of \$219,660 for last year, \$205,421, or 93.4 percent was collected. Delinquencies aggregated \$14,239.

In the preceding year, Terrill's figures show that of a total roll of \$165,613, he took in \$155,466, leaving a delinquent balance of \$10,147.

The 1953 collections represented 94 percent of the roll. However, the 1954 tax roll was \$54,046 higher than that of 1953. Collections last year were \$49,955 more than in 1953.

VFW Has 2 Teams In Bowling Meet

Two bowling teams from the local post of the Veterans of Foreign Wars will participate in the state VFW tournament at the Recreation in Detroit Sunday.

On the first team are Clayton Myers, Frank M. Light, Joe Bongiovanni, Harold Beller and Fred Robinson. The second team consists of Lawrence McArthur, Ray Sperkowski, Wilfred Throop, Alfred Smith and Arthur Ash.

Oratory Contest Set for March 22

The local declamation contest will be held in the high school auditorium at 7:30 p.m. Tuesday evening, March 22. The public is invited. Preliminary contests are scheduled for Thursday, March 17. The seven winners will compete at the March 22 program.

Contestants are Betsy Merriam, Karen Thibos, Suzanne Dewsbury, Janice Howarth, Becky Coolman, Cynthia Mellen, Kris Karg, Ardyce Atwood, Rosemarie Willis, Corrine Dickerson, Lois Rody, Dorothy Welch, Ginny Sutton, Virginia Kwasek, Emilie Sequin, Judy Junod, Brenda Wortman, Connie Schock, Margie Bondy, Lillian Zinnecker and Giannine Berton.

Local Students In Mich. State Play

Peggy Price, daughter of Mr. and Mrs. George Price of N. Center St., was on the production committee of the Children's Theatre at Michigan State college on March 11 and 12. Miss Price was dance director and her duties included composing dances and training the children as well. The production was "The Wizard of Oz".

Dick Gunsell, son of Mr. and Mrs. M. C. Gunsell of W. Main St., had charge of the lighting for the play, an annual event. Both are students of Michigan State college and will graduate in June this year.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

POLITICIANS ARE OFF and running for the April 4 off-year spring election with all the energy of the hot campaigns of a presidential year.

Michigan Democrats, counting on the momentum of the 1954 sweep of administrative board offices, are confident.

Republicans, fearing that a loss this spring would be a harbinger of total collapse in 1956, are determined.

The clash is expected by the experts to give Michigan one of the hottest spring campaigns in history and bring out voters to get into the unusual fight.

Democrats want the two seats on the Michigan Supreme Court, the two each on the Board of Agriculture, which controls Michigan State College; the University of Michigan Board of Regents and the State Board of Education, which operates the teachers' colleges.

It would be a major blow for Republicans to lose the post of Superintendent of Public Instruction, now held by Clair L. Taylor, to the Democrats.

Those are the sidelines and the

goal posts as the games moves toward the half.

Democrats are campaigning on the platform that Michigan schools are in a financial crisis after long years of Republican control. The change includes higher education.

They are saying that a Democratic administration could work better for all the schools with Gov. Williams and his all-Democratic administration.

Republicans fired their first shots at old enemies: The CIO-PAC, CIO President Walter Reuther and August Scholle, president of the Michigan CIO council.

Republican State Chairman John Feikens told candidates that the CIO-PAC, through booklets and propaganda sheets, is attempting to divert education to its own ends.

"Will our kids get the education they should have that way?" he demanded.

At the same time, Feikens charged the CIO with attempting to take over the Michigan Supreme Court. He delivered quotes from a CIO-PAC booklet calling the present membership "biased" and their "decisions shallow."

Scholle said the booklets were for use of union people and not for general distribution. Republicans obtained copies and will use them extensively in the campaign.

Republicans also have charged that the CIO offered \$1,200 to any Democratic candidate challenging a Republican township supervisor.

"If it were true, I'd run myself," said Scholle.

Both parties are on the campaign trails, wooing votes for what could be one of the most vital spring elections in many years.

The GOP has asked for federal and legislative investigations of the CIO fund-raising practices for Democratic campaign coffers.

Democrats and labor leaders deny any wrongdoings, but insist that any proposed inquiry also

check on Republican campaign contributors.

Both parties are claiming poverty.

Democrats say they can't afford the kind of cash Republicans will spend in the campaign and Republicans claim the CIO and others are shelling out \$200,000 for the Democratic campaign.

The stepped-up battle between parties is slowing the legislative session—each side warily sparing for time until after the April 4 election.

Afterward, the experts expect a quick windup within six weeks.

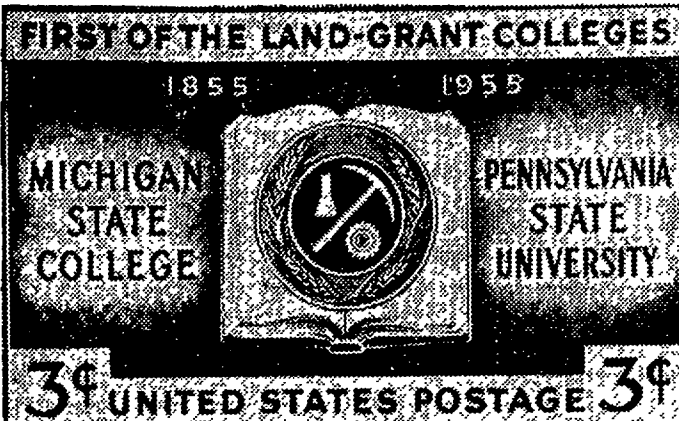

Democrats nominated a former Republican attorney general, Eugene F. Black, and a Democrat who once held the same office, Stephen J. Roth, as their candidates for the Michigan Supreme Court.

Both were appointed to the circuit bench by Gov. Williams — Black because he supported Democrats after leaving the Kim Sigler Administration. Roth, the experts say, because party wheel-horses claim he was not rewarded enough for past loyalties.

Republicans nominated D. Hale Brake, a Stanton farmer and former state treasurer, and Chief Justice Leland W. Carr for the two posts.

Brake rolled up a 12-year career as treasurer and became a rallying point for conservative Republicans. Carr, former grand juror in the Kim Sigler days, is finishing his first six-year term on the bench.

Here are the other candidates: Republican: Superintendent of Public Instruction, Clair L. Taylor; University of Michigan Board of Regents, Joseph J. Herbert, Manistique, and William B. Cudlip, Detroit; Board of Agriculture, Sarah Van Hoosen Jones, Rochester, and Dale Stafford, Greenville;

Postmaster General Arthur E. Summerfield has announced that this special three-cent stamp commemorating the centennials of Michigan State College and Pennsylvania State University will go on sale in East Lansing, Mich. on Feb. 12, exactly 100 years after the governor signed the legislative act establishing Michigan Agricultural College. The first such college in the nation, M.A.C.—now M.S.C.—became the model for the land-grant colleges set up under the Morrill Act of 1862. Pennsylvania State University established a farmers' high school in 1855 and it was made the Agricultural College of Pennsylvania one month before the Morrill Act was passed. The Centennial stamp is only the third in the history of U. S. Commemorative stamps honoring a college or university.

Board of Education, Stephen S. Nesbitt, Fremont.

Democratic: Superintendent of Public Instruction, Lynn M. Bartlett, Grosse Pointe Woods; University of Michigan Board of Regents, Paul L. Adams, Sault Ste. Marie, and Eugene B. Power, of Ann Arbor; Board of Agriculture, Dr. Conner D. Smith, Standish; William E. Baker, Mesick; Board of Education, John M. Veale, St. Clair Shores.

Last year, one out of every three pints of blood donated to the Red Cross was provided for national defense use.

HOTTEST BUICK IN HISTORY

No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" in total national sales.

\$2251⁸⁸ * makes it yours
---delivered and ready to roll

We keep coming across a good many people who still are surprised when they see the low delivered price of the Buick shown here:

They're surprised because they know that this price is just about what a lot of the smaller cars are asking—if not more.

But that's just the point.

What's making the 1955 Buick the hottest one in all Buick sales history is the simple fact that its low delivered price buys so much more automobile.

Much more automobile when it comes to the life and life of great V8 power—Buick power in record might.

Much more automobile when it comes to style and size and room and ride

steadiness—and the integrity of construction that comes of Buick building.

Much more, too, when it comes to matching your motoring needs to the simple practicality of your budget—because Buick offers you a stunning choice in just about every price class...

Like the rock-bottom-priced SPECIAL—the high-powered CENTURY—the extra-spacious SUPER—the magnificent and custom-built ROADMASTER. Each is a Buick through and through—and each is a big reason why Buick sales are soaring as never before.

Why not drop in on us this week and see how much your new-car dollars can really buy—in thrills and fun and comfort and deep satisfaction—when you buy Buick.

DID YOU KNOW—

- ★ that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?
- ★ that the Buick SPECIAL is priced below some models of the three best-known smaller cars?
- ★ that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

*Local delivered price of the 2-door, 6 passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster...\$81.70; Radio & Antenna...\$92.50.

Goodwill Plans Pickup Here Mar. 14

The slow pickup period has hit Goodwill Industries when a call for discards means keeping a handicapped person on the job. Traditionally February has been the poorest month of the year at Goodwill. It precedes spring housecleaning time and follows the problems of the holiday season.

"This year Goodwill is able to pick up newspapers and magazines for the first time since World War II," said Harold H. McKinnon, executive secretary.

"We can now handle paper profitably. Although paper does not furnish job opportunities it does furnish a cushion if other discards are slow coming in and affords Goodwill money to augment salaries."

The Goodwill pickup trucks will make their regular visit to Northville Monday, March 21st. Residents may call Miss Edith Sorenson at Northville 571 and she will be glad to arrange to have discards picked up.

Gov. Proclaims March 20-26 As "Fish Week"

An industry that existed more than 200 years before Michigan achieved statehood will be honored throughout the state next week. Recognition will be given the fishing industry which began here in 1634 and has contributed importantly to Michigan's economic growth and development.

In proclaiming the week of March 20-26 as Michigan Fish Week, Gov. G. Mennen Williams said the industry's commercial and sport fishermen have been "a tremendous influence in creating the water wonderland that glorifies the State of Michigan."

Among those cooperating with an industry committee in the first program of its kind in this state will be A & P Food stores, pioneer in bringing fresh water and ocean fish to consumers.

The food chain, which started distributing lake smelt throughout Michigan and the central states in 1933, will feature available varieties during Michigan Fish Week.

The company annually purchases a substantial portion of the estimated \$2,000,000 to \$3,000,000 worth of herring, smelt, whitefish, pickerel, perch and other fish commercially caught in Michigan waters.

Nearly 5,000 commercial fishermen work in Michigan. In their operations, they ply state waters with 661 vessels and 2,001 boats. Michigan has 3,095 miles of fishing streams and 96,849 acres of lakes which are enjoyed as well as by an estimated 275,000 sport fishermen.

Mr. Henry McKenzie

Highland Parker says, "We didn't know how well off we were!"

"We didn't appreciate how much our Blue Cross - Blue Shield meant to us until we had to use it recently for the first time," says Mr. McKenzie, of Highland Park. "Out of a clear blue sky, I wound up in the hospital for over three weeks. We told them we had Blue Cross - Blue Shield... just showed our identification card... and everything was taken care of automatically! No bother at all. Our Blue Cross Comprehensive Contract covered \$1000 worth of hospital services... and Blue Shield paid \$261 for X-rays, surgical services and doctor fees. No one will ever talk us out of our Blue Cross - Blue Shield!"

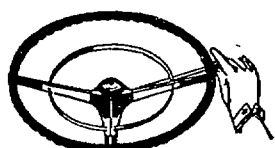

Only Blue Cross - Blue Shield plans give you an A-1 credit rating at practically every general hospital in Michigan... and with almost every licensed physician! Only these non-profit, community-sponsored plans make possible so much protection at such low cost!

1 in 3 families face hospital bills every year! Find out how you can have low-cost group coverage for your family. A company with as few as 5 employees may qualify as a group. Today, call or write:

Are you a "Do-It-Yourself" Driver?

Or would you rather be waited on hand and foot?

Rather shift for yourself... or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears.

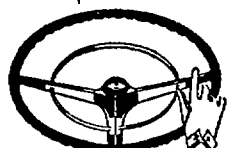

Powerglide, too, is better than ever this year. Even smoother and sturdier. It's the most popular automatic transmission* in Chevrolet's field!

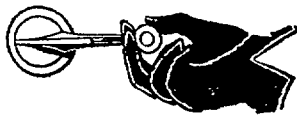

Want standard steering... or extra-easy Power Steering?

Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction to a minimum.

There's nothing quite so easy as Power Steering, of course. Good news: Chevrolet's new linkage-type Power Steering* carries a reduced price!

Rather roll your own... or just push a button?

Chevrolet gives you separate crank controls both for windows and ventpanes. It's one of many extra conveniences in Chevrolet's Body by Fisher.

Your fingertip adjusts all four windows with automatic window and seat controls.* Available on all Bel Air and "Two-Ten" models.

Keep yourself comfortable... or have Air Conditioning?

Chevrolet's wonderful new High-Level ventilation system is another important comfort advantage you won't find on other low-priced cars.

It's goodbye heat wave in your Chevrolet V8 with air conditioning.* This new under-the-hood system by Frigidaire takes up no trunk space.

Automatically—

Chevrolet's stealing the thunder from the high-priced cars!

What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new V8 or one of the new 6's. Not ride

—perhaps the thing that will surprise you most is Chevrolet's fine, solid feel on the road. Come put it to the test. See how Chevrolet's stealing the thunder from the high-priced cars in every way!

*Optional at extra cost.

motoramic

Position the seat yourself... or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable driving position.

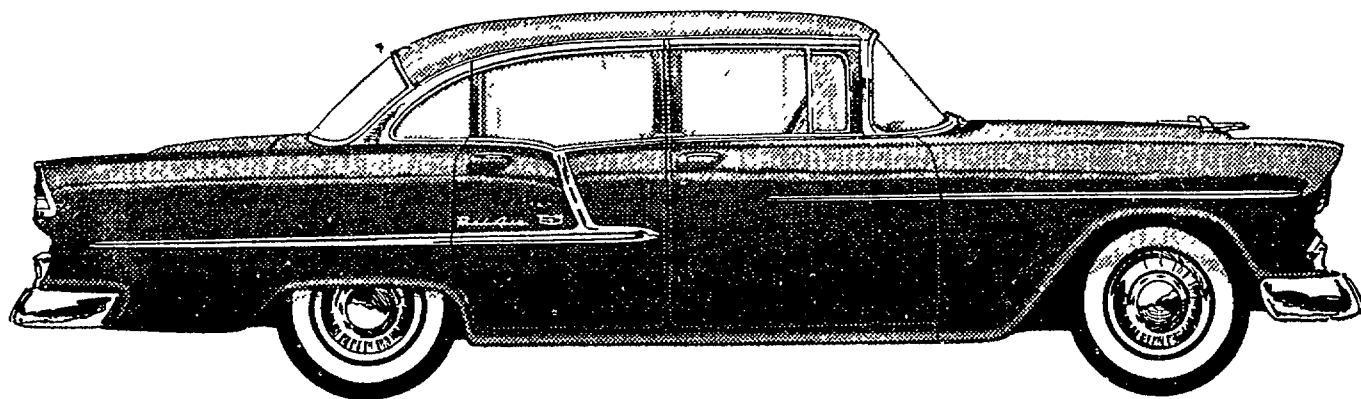

No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Apply the brakes like this... or have power make it easier?

Improved brakes and new swing-type pedals make stopping a cinch. And Chevrolet's exclusive Anti-Dive control gives you "heads up" stops!

Chevrolet Power Brakes* are better than ever this year—let you stop by a simple pivot of your foot from accelerator to swing type brake pedal.

The Bel Air 4-Door Sedan. You'll find your favorite model among Chevrolet's complete line of Fisher Body beauties.

COMPLETE and OFFICIAL figures show that again in 1954—for the 19th straight year—
MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR!
