Northville Women Adopt 'Old Look' For Style Show

Most style shows display the smart clothes that are being worn today, or that will be worn in the future. The Northville Women's club staged a unique and entertaining style show last Friday at the Library, using gowns worn from 1860 up to the present.

Mrs. E. V. Ellison selected the models and was responsible for assembling the collection. She was a splendid narrator for the show.

The Northville women who modeled were Mesdames Chapman, Northup, Yahhe, Milne, Karg, Wirth, Atchinson, Austin, Alexander, Hahn, Kay, Goodrich, Collins, Zerbel, Couse, Crusoe, Kampf and Williams.

Mrs. Drake Older sang the songs which were popular when the different gowns were in vogue. Mrs. Bart Connors played the accompaniment.

Mrs. E. A. Chapman modeled one of the 1860 dresses which belonged to Elizabeth Swift Milne. Fashioned of cream sateen it had a bustle and row upon row of ruffles around the bottom of a floor length skirt.

Mrs. A. E. Northup wore a black skirt topped by a striped basque. She wore a fringed black silk bolero and a black horse-hair bonnet. The skirt and bonnet came from the Van Atta family and the hat from Mrs. T. J. Knapp's family.

Mrs. C. D. Yahhe's dress was made by her great-grandmother, Jane Montgomery. It was a hand woven material made from the wool which she sheared, corded and dyed.

Mrs. Del Hahn modeled a gown of sheer black wool with high collar and long tight sleeves. A black serge cape was worn over it. A black horse hair braid hat trimmed with large pink roses came from the Bloom collection. She carried a black taffeta parasol overlaid with white.

Cavell Named Village Veterinarian

Appointment of Dr. E. B. Cavell as village veterinarian was announced this week by Mayor Claude N. Ely.

Sidewalk Survey Planned To Reveal Village Needs

Need for extensive sidewalk repairs by Northville property owners and the village itself provided a principal subject for discussion by the Village Commission Monday evening. It resulted in a decision to budget at least \$10,000 this year for a comprehensive survey of village sidewalk needs and as much construction as can be financed.

Prompting the decision was a report by Commissioners A. Malcolm Allen and Alton Peters that if Northville sidewalks are to be brought up to par the village will have to forego a whole year's street improvement program to get the money necessary for its share of the work.

Peters and Allen have been studying the sidewalk situation for some time, in anticipation of recommending that the village commission order all property owners to repair their sidewalks. They reported, however, that their study had led to the conclusion that putting all village sidewalks in good repair is not just a matter of telling property owners to "make the repairs yourself or the village will have it done for you and charged to your tax bill."

Such a positive stand by the commission could hardly be justified, they pointed out, if the village were not prepared to follow suit in making such repairs as were its special responsibility. The partial investigation they had made had convinced them that village finances were inadequate to pay the village's share of the cost of a comprehensive sidewalk repair program, they said.

They also recommended against a piecemeal approach to the sidewalk problem, such as would be involved in telling property owners in some special area to have repairs made, while ignoring the need for similar repairs in other parts of the village.

After considerable debate the commission decided that it would be better to make a start this year by setting aside a definite sum in the budget now being made up, than wait until some future time when the whole job could be financed at once. Commissioner John F. Stubenvoll appeared to express the commission's opinion when he said:

"The public will understand and go along with us if we can show them a program so they'll know when their property will be taken care of."

Club members and some of the gowns they modeled are shown above, from left: Mrs. Del Hahn, Mrs. Emmett Wirth, Mrs. Max Austin, Mrs. C. M. Goodrich, Mrs. E. V. Ellison and Mrs. E. W. Chapman.

Minority Group Would Consolidate 5 School Districts In Novi Twp.

By William Mairs and Harold Miller

In a March 10 editorial of the Northville Record, the following statement appeared: "In view of the withdrawal of Northville members of the study group some time ago, voters . . . must wonder why the committee's report failed to include an alternate plan in case Northville won't agree to the over-all consolidation plan."

We, as two individual members of the study group, agree heartily with the above sentiment. At the Area Study Group meeting of February 23, it was suggested to the group that in view of Northville's withdrawal from the area study, it would be wise to include an alternate plan and let the people decide between the two programs. Claude M. Elmore, secretary of the study group and representative of the Oakland County school commission, presided over this meeting. Elmore flatly rejected this proposal to include an alternate plan. Why? We do not know!

Our feeling in the matter was that since members of this study group had unselfishly devoted many hours of their time over this past year to studying the educational needs of the area, they owned it to themselves and to the public to come up with a "workable" answer to the problem.

We did not, and still do not believe that it is possible in all good faith to come up with a recommendation for consolidation of the six districts when Northville, the largest district, has openly and formally announced their withdrawal from the study group. To come up with such a plan in the face of Northville's withdrawal makes us wonder if "shotgun weddings" are also advocated by some of the study group members and county officials.

Vet Groups Given Change In Korean Bonus Procedure

The Northville American Legion post and the Veterans of Foreign Wars here and the Novi AmVets all planned to have applications for the state Korean bonus payment by Wednesday night, they announced yesterday. A last-minute change in instructions received Wednesday was that veterans must present both the original and a photostatic copy of the separation of Form DD No. 214. In case of an honorable discharge, either the original or a photostatic copy will be acceptable, according to John Chedrick, membership chairman of the Lloyd H. Green American Legion post.

Veterans who do not have Form DD No. 214 can obtain one by writing the defense department in Washington, enclosing a fee of \$1, he said.

Summer Hours Set At Library

The summer schedule at the Northville public library will become effective Friday, April 1. Miss Rhea Lyon, librarian, announced Tuesday. The library will be closed Saturday, April 2. Under the new schedule the hours will be from 11:30 to 8, Monday through Friday. The library will not be open on Saturdays. The summer schedule will remain in effect until October.

Montgomery Hurt In Auto Collision

Robert Montgomery, 24, of 103 N. Center St., was the victim of an accident a week ago which put him in Sessions hospital for a week. Although, he was brought home Wednesday he will be confined to his bed for three more weeks. He suffered a broken breast bone, a cut tongue and leg lacerations.

Montgomery, who works at Ford's Dearborn assembly plant, leaves for work at 5:30 in the morning and attends night school Monday and Wednesdays at Wayne university where he is studying business administration. He was driving home at 11:30 at night when he fell asleep and ran into the back end of a truck. Fortunately he was driving slowly or the results might have been much more serious.

Spencer Auto Hits Pole, Tree, House

Miss Gayle McCleery, 4670 E. Joy Rd., Ann Arbor, sustained a fractured nose and injured knee Sunday afternoon when an auto driven by Ollie Spencer, 18878 Northville Rd., missed a curve on W. Seven Mile Rd., about one-eighth mile east of Clement Rd. Spencer was only slightly injured. After colliding with a telephone pole, and a tree, the car ran into the residence of M. F. Meaker, 45801 Seven Mile Rd., moving the foundation, police reported.

Storm Wrecks Village Landmark

Along with its share of crippled telephone and electric service, Northville and the community lost a landmark Tuesday in the high winds. The honor roll of World War II—later a directional map of the village—was toppled.

While women under the supervision of Police Chief Joseph Denton and Public Works Commissioner Bud Hartner were preparing to dismantle the sign because the top was breaking up, the rest of the familiar outdoor bulletin board gave way.

On Memorial Day, 1944, George A. Locke, chairman of the Northville Honor Roll committee presented the board to the Blue Star Mothers. Mrs. Joseph Denton headed the organization at that time.

Electric power was off for a 3-mile stretch on W. Seven Mile Rd. from the Chesapeake & Ohio railroad to Newburg Rd. when a wire on Gerald Ave. was blown down. In Salem township several lines were down for about 24 hours, Harry Wagenschutz, manager of the Detroit Edison office here, stated.

Michigan Bell Telephone line-men had reduced the downed wires of the firm from 75 to four by mid-afternoon, according to Mrs. Lillian Timm, supervisor at the local Bell office.

Amateur Show To Offer 25 Variety Acts

Twenty-five amateur acts survived the elimination contest for the show to be given April 1 at the Community Bldg. by the Lloyd H. Green American Legion post.

Winners will be determined by popular applause. The judges of the preliminary contests were Mrs. Harper Britton, Mrs. Eldon Biery, Mrs. Paul Burnham, Robert Yerkes, Leslie Lee, Leo Harrawood, Dave McDougall and Al Porritt.

Northville and Livonia each have seven acts; Farmington, 3; Walled Lake, 4; South Lyon, 1; Plymouth, 1; Milford, 1, and Bloomfield Hills, 1.

All Legionnaires are asked to report to Conrad Springer, the night of the show, not later than 6:45 p.m. at the Community Bldg. Charles Denune and Charles Bahnmiller, ticket chairmen, remind the public that purchase of tickets from the junior class at Northville High school will aid the students' fund for a trip to Washington. Charles Carrington will be in charge of the applause meter. The Northville High school dance band will play before the

Rotary Banquet Honors 50th Year

More than 30 Northville Rotarians and their wives celebrated the 50th anniversary of Rotary Tuesday evening with a special banquet at the Northville Presbyterian church.

The program, which observed the theme, "50 Golden Years" was planned under the chairmanship of R. Douglas Lorenz.

After dinner, a special ceremony was held with the four oldest past presidents in years of service lighting the huge 50th Anniversary cake. The past presidents honored were Leslie G. Lee, Ed M. Bogart, Russell Amernan and M. C. Gunsell.

Since Rotary was founded at the end of the era known by many as the "Gay Nineties", a session of "Gay Ninety" songs followed under the leadership of Lee. Songs such as "Daisy", "The Band Played On", "I Don't Want To Play In Your Yard" and "Beautiful Ohio" gave many Rotarians and their wives a chance to do a little reminiscing along with their singing.

Rev. John Taxis of the Northville Presbyterian church, followed the group singing with a short talk on "Rotary—Hope in Action." "Rotary has shown the world that it is indeed hope in action," said Taxis, "and we should take the opportunity of this Golden Anniversary to rededicate ourselves to the future, a future which holds a golden opportunity for service."

A feature length film entitled "The Great Adventure" and starring Edward Arnold was shown to members and their wives. The film, produced especially for Rotary's Golden Anniversary, depicted the activities of Rotary International in all parts of the world. Exchange students from India, Japan, Australia, Scotland, Canada and Germany told of the activities of Rotary in their lands.

Assisting Lorenz on the Golden Anniversary committee were Amernan, Stan Muczynski, C. F. Carrington, Bogart and Club President Harry Smith.

Books Given To Training School By Exchange Club

The National Exchange clubs through its Northville group presented a set of encyclopedias to the Wayne County Training school Tuesday, according to Charles Bahnmiller, president of the Northville Exchange club.

At its luncheon meeting, Dr. T. G. Hegge, director of research in education at the school, was a guest of the club. After the meeting of the club its members visited the school.

Tentative plans for purchase of a right-of-way and construction of a new section of Eight Mile Rd. from approximately the point where it now intersects Novi Rd. to the present corner of Taft and Eight Mile roads have been drawn by the Wayne County Road Commission. The road may be built in a year or two, or it may be delayed several years, depending upon public demand, financing, and agreement between Wayne and Oakland counties as to location and sharing its cost.

This information came to light during a discussion by the Northville village commission of a new drainage problem in Oakwood subdivision since the school ground west of Center St. has been graded. Mayor Claude N. Ely and Commissioner Earl Reed told the commission they had seen a map of two proposed routes which, if and when the new road is built, would provide a route for a storm sewer to carry off the water from the school property which now floods over the yards of Oakwood residents and runs down Carlyle St.

One route under consideration would run west from Novi Rd. parallel with Baseline in the rear of the Northville Milling & Lumber Co. to Carlyle St., and thence across N. Center St. south of the new school property until it reached the present Taft-Eight Mile corner. An alternate route would branch off to the north of Eight Mile Rd. from the vicinity of the Ed Yerkes farm, and pick up the first route at Novi Rd.

Mayor Ely pointed out that if the new road could be built without too long delay, it would solve the "flooding" problems of Oakwood subdivision residents because a storm sewer would be an integral part of the project. Even if the county would acquire the right of way now, the village could work out some plan for putting in a storm sewer without waiting for the paving to start, he said.

An additional advantage of the proposed new road, it was pointed out, would be the reduction in traffic which it would permit on Baseline, N. Center and Randolph streets. Although this traffic is not a serious problem now, it is expected to increase in volume as population in the area increases.

Hill Law Office Moved

Clifton D. Hill announced this week the opening of a law office at 107 E. Main St., over the D. & C. Store, with a new phone number, 1289. The office will be open Wednesdays and Saturdays and by appointment. Village Commissioner Earl Reed, of the Abstract & Title Company, Detroit, will share the same office, Hill said.

How's Your Assessed Valuation, Neighbor?

The Northville Village Commission this week took under advisement a request for a formal expression of opinion on a proposed amendment to the state constitution that would place the assessment of property values throughout Michigan in the hands of county assessors named by county boards of supervisors.

Comments of Mayor Claude N. Ely and various commission members revealed agreement on two points. One was that they feel there are many inequities among village assessments. The other was that while the suggestion favoring county assessors might have some good points, it would inevitably place Northville and other small communities at the mercy of the Wayne county board of supervisors which is dominated by Detroit. They want no part of this, they said.

On the subject of local assessed property values, the following comments were made:

- "We are losing a lot of tax revenue from improper and too low assessments in the village."
- "One business property on Main St. with a bigger lot and building than either of the two pieces of property on each side of it, is assessed lower than the adjoining properties."
- "I feel that some property owners are being hurt by assessments while others are sliding by."
- "We must hire an outside independent appraiser to come in and value all village property."
- "It's too late to do anything this year, but I feel we should start immediately so we'll be prepared before next year."

WINNERS in the school humorous-dramatic interpretive reading contest were Rita Kay Skow, first, and Evelyn Clark, second in the dramatic class; Leanna Doecken, first, and Barbara Archer, second, in the humorous presentations. From left are Miss Clark, Miss Skow, Alvin Skow of the faculty, Miss Doecken and Miss Archer. Other participants were Carolyn Burkman, Janice Owens, Ruth Croll. The students will enter the Wayne-Oakland contest at Brighton March 25.

Under the leadership of James Manley of Michigan State Normal college at Ypsilanti, the group learned some of the fundamentals of marching and of drum and bugle corps organization. Assisting Manley was Ed Branch of Novi.

The group which is a community project, is being sponsored by many individuals, the township, the Goodfellows the Board of Education, and Novi lodges. The size of the corps will be expanded as fast as funds for instruments become available. Full strength for the unit will be approximately 48 members, according to May Atkinson, school superintendent.

Little League Plans Outlined

The possibility of bringing Little League baseball to the Novi area is being investigated, it was announced last week by Matthew Staman, 43434 W. Grand River.

Four teams are needed to organize a league and Novi has enough sponsors and manpower (or rather boy power) for at least two teams, Staman announced.

"It is hoped," Staman continued, "that some nearby community or area can supply two more teams to make up the required league. Little League baseball is limited to boys 12 years old and under.

Each year, these leagues hold area, district, state and regional playoffs. The climax comes with Little League World Series late in the summer.

Any groups interested in forming a team may obtain additional information by contacting Staman.

School District Consolidation —

(Continued from Page 1)

If Northville wants to stay out of this proposed consolidation (and they have every right to do so), then it is up to the five districts in Novi Township to form their own group and come up with a workable plan.

We sincerely believe that a consolidation of these five districts is entirely possible and feasible, both geographically and financially. It would be a consolidation, not an annexation. The five districts would be dissolved and a new district formed with a new school board representing all areas of the system.

At present, our high school students are attending Northville High school on a tuition basis. Under a consolidation of the five Novi districts, these students could continue to attend an outside high school on a tuition basis until we had enough high school students to make a high school of our own feasible.

In June, 1954, Novi had 132 students attending Northville High school. Studies by the Regional Planning Commission predict a 60% increase in these figures by 1960. It would therefore be at least three or four years before we would need a high school of our own. This high school could be built whenever and wherever best for our future growth needs.

By then, too, the present \$200,000 debt on the new Novi grade school addition will be well in hand and we can proceed on a sound financial footing. In the meantime, if Northville's system becomes too crowded to handle our high school students, other nearby school systems will gladly accept them.

It was pointed out by members of the study group that such a high school would involve a million dollar expenditure. Because the nearby South Lyon consolidation is similar in many respects to this five district consolidation we propose, eight members of the study group made an unofficial visit and inspection of that system on March 1.

At the present time, a new high school and gym are being built by South Lyon. They will be capable of housing 450 students, enough to take care of their system's educational anticipated needs for the next ten years. The cost of this new educational plant is \$568,000, considerably less than the one million dollar figure. This project is being financed by a bond issue and its low cost can be attributed to an extremely well managed school system. The taxpayers will not be overburdened and the children will receive a fine education.

In addition to the fact that Northville is opposed to it, their is still another reason we feel the study group's plan is inadvisable. That reason is the size of the district. We feel that it is too large a potential population for any one district to adequately manage if the figures of the Regional Planning Commission give any hint of future growth in this area. The transportation problem alone would be biting off more than they could chew.

Therefore, after carefully studying this school problem for the past year, we, as individual members of the study group, honestly feel that the plan as adopted by the study group and recommended to the school boards at the meeting of March 9 is definitely NOT in the better interest of either Northville or Novi residents.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

MICHIGAN VOTERS will be asked April 4 to install in the state constitution a plan to help local school districts finance new buildings with a \$100,000,000 bond issue.

It was written by educators who know the potential problems enacted by legislators who were convinced it existed.

Clair L. Taylor, superintendent of public instruction, called schoolmen together last fall for a try at solving the crisis on a statewide basis and the proposal is the result. Taylor said:

"The legislature is to be complimented for putting the proposal on the ballot. If approved by the voters, it will help the most seriously distressed school districts and help education."

Taylor painted a picture frightening to lawmakers: The state will need 2,000 more classrooms a year for the next five years to handle an increased enrollment of 70,000 new students annually.

School financing in Michigan has always been a local problem, with a lift from the state sales tax diversion, and legislators feared any further involvement would jeopardize local control.

But, they heard of the school districts on the fringes of metropolitan areas where new subdivisions will quadruple enrollments in some districts next year and engulf local financing plans.

They were told of half-day sessions in crowded schools, the overload of students on teachers.

After several conferences, the proposal—drafted first in Oakland county—was shipped into the legislature under the sponsorship of Senator William S. Broomfield (R-Royal Oak).

It first called for a \$200,000,000 bond issue, but educators agreed that half that amount would be enough for emergency money.

Here's how it will work: School districts facing a classroom crisis will be forced to levy up to 13 mills in school taxes for buildings. If the need is greater, the system begins to work.

Districts will certify their needs to the state and get approval to go on building. Anything that cannot be covered by the local 13-mill tax will be picked up by the state.

The state fund will be used to make annual payments of principal and interest on the local bonds.

pal and interest on the local school bonds. The proposal also would pledge the full faith and credit of the state behind the local bond issues to obtain lower interest rates.

School districts also would be permitted to use the state funds to re-finance existing bond issues, cutting interest rates on which they are now paying.

To get the state's money back, the districts would be required to continue the 13-mill levy after their needs drop below that point, using the excess over a 30-year period to repay the state. Taylor said:

"We want to educate our children, a right they have by being Americans. That, we hope, is one of the answers to the problem."

He said the \$100,000,000 "probably" would not be all used and that the first year's lending program would affect 46 districts, most of the southeastern section of the state, and the first year's loans would approximate \$3,000,000.

DEMOCRATS in the Senate finally got a home of their own. It is the first-floor office in the capitol building formerly occupied by Grand Army of the Republic records and one secretary. The office has been moved to other quarters.

For years, Senate Democrats have complained that a third-floor caucus room is a little snug for two desks, two secretaries, a filing cabinet, an electric heater and 11 Democrats.

Last year, Lt. Gov. Clarence A. Reid, a Republican, invited the minority party to use his office, a spacious, carpeted room on the second floor.

Lt. Gov. Philip A. Hart, a Democrat new this year, issued the same invitation, just to be bipartisan.

But when the GAR office was moved, the Democrats were waiting. The room now is brilliantly lighted, has a tile floor, three desks and plenty of room for Democrats and a few visitors, occasionally.

There's only one complaint now: There is no way to install a loud speaker from the Senate like other rooms have and the secretaries must rely on telephones for information from the Senate.

"This is better than nothing, though, and almost better than anything," said Senator Charles S. Blomdy (D-Detroit), minority floor leader.

CUPID HAD HIS DAY in the legislature, with a bill to cut the waiting period between obtaining a marriage license and the wedding from five to three days. Senator Carlton H. Morris (R-Kalamazoo) sponsored the bill. "Young people have problems, too," he said.

**Looks like Buick's
Biggest Year**

It's been happening week after week.

More people coming in every day to see, sit in, sample and select the '55 Buick of their choice. *More people than ever before in our history.*

That's why you see so many new Buicks on the road today. And that's why—to meet this unprecedented popularity—Buick production has been boosted to the highest levels of all time.

Buick Sales Are Soaring

The simple measure of it all is this: Buick is so "hot" an automobile that it now outsells all other cars in the United States except two of the best-known smaller cars. And for reasons sound, substantial and thrilling.

Buick styling, you see, was never so crisp, clean, distinctive. Buick horsepower was never so high—Buick

interiors never so rich—Buick's great ride never so satin-smooth and steady.

But there's something else, too—something vastly different and exciting.

*Never before was there any motoring thrill like the thrill you get from Buick's spectacular new Variable Pitch Dynaflo.**

It lets you do what a pilot does—switch the pitch of your driving propellers—one way for gas saving in cruising—another way for instantaneous acceleration and getaway.

Your propellers are inside the Dynaflo unit, spinning in oil. You change their pitch merely by pressure.

on the gas pedal. You get action that was never in any earth-bound vehicle before.

No wonder we're writing up orders and selling Buicks at a rate that's making this the biggest year in Buick history.

And no wonder—when you see our price tags—that more and more people can afford the price of a new Buick.

For all the way up the line—from the budget-priced SPECIAL to the custom-built ROADMASTER—each Buick is a stand-out buy in its field.

Why not come in for a visit this week and get a down-to-earth look at the hottest Buick in history?

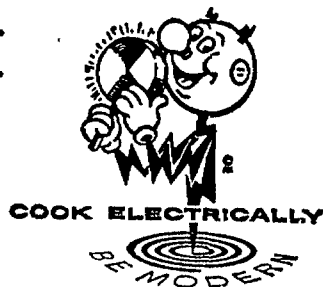

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Record's society editor, Telephone 200.)

Cream and sherry wine bring this casserole dish into a category of culinary excellence all its own. Serve it with noodles or rice, a tossed or fruit salad, and you have your whole meal. Your Sunday night supper guest will drool over it and your family will love it. Mrs. Harold Mogridge, who supplied us with this recipe this week, says it is one of her family's favorites—try it and it will be yours too.

Swedish Meatballs with Onion Sauce

2 lbs. ground beef 1/2 cup butter or bacon drippings
2 cups fine, soft bread crumbs 4 large onions
1 cup cream 1/2 cup flour
2 eggs, slightly beaten 2 cans condensed consommé
1/2 teaspoon mace 1 cup water
1/4 teaspoon allspice 1 cup Calif. sherry wine
salt and pepper to taste 2 tbs. minced parsley

Mix beef, bread crumbs, cream, eggs and seasonings. Take up mixture by rounded teaspoonfuls and shape into little balls. Heat butter or drippings in a large heavy skillet. Add onions and cook gently five minutes. Place meat balls in skillet and brown on all sides. Remove meat balls to drippings in skillet and blend well. Add consommé, water and sherry; cook, stirring constantly until mixture is thickened and smooth. Season to taste with salt and pepper. Add parsley. Return meat balls and onions to sauce. Cover tightly and simmer gently, stirring occasionally for 30 minutes (or longer). May be served with buttered noodles liberally sprinkled with Parmesan cheese or rice.

Mr. and Mrs. Mogridge, with their three children, Lynn 9, Sandra 7, and Jon 2 1/2, reside at 41750 E. Eight Mile Rd. They have been residents of Northville for the past seven years.

D.A.R. Tea Honors Award Winners

Mrs. Carroll J. Mulligan, 42565 E. Eight Mile Rd., was hostess to the regular meeting of the Daughters of the American Revolution Monday. Guests at the tea following the meeting were the five winners of the D.A.R. Good Citizen awards in this area. Mary Lovewell, daughter of Mrs. Paul and Victoria Lovewell, received the award in Northville High school.

Other winners were Barbara Jung, daughter of Mr. and Mrs. Milton Jung of Garden City; Marilyn Pickels, daughter of Mr. and Mrs. Donald Bentley of Livonia; Jane Nulty, daughter of Mr. and Mrs. Robert L. Nulty of Plymouth, and Dorene Bidwell, daughter of Mr. and Mrs. Ralph W. Bidwell of South Lyon.

Four qualifications are considered when selecting the winners for this award: dependability, service, leadership and patriotism. Three girls are elected by the senior girls of the high schools and final decision is made by the faculty. On March 30 the district winners will attend the State Conference where the State D.A.R. Good Citizen will be selected.

Mothers of the five winners were also guests at the tea.

Many Parties Precede Dance

A round of entertainments, including a dinner party of 39 at Black's Whitehouse, preceded and followed the Spring Dance given by the Northville Mother's club Saturday night and several out of town guests entered into the festivities.

Among the hosts at the various open houses and cocktail parties were Mr. and Mrs. Fred Collins, the William G. Williams and Jack Blackburns who were co-hosts at an open house at the Williams home; Mr. and Mrs. Adrian Willis, who had out-of-town guests; Mrs. Willis' brother and wife, Mr. and Mrs. H. D. Thomas and her sister and husband, Mr. and Mrs. James Dick and daughter, Suzy, from Battle Creek, and Mr. and Mrs. Harry Wagenschutz.

The Nelson Schraders, R. M. Atchinsons and the Merrill Sweets were hosts to breakfasts following the dance.

Mrs. Katherine Ramsey

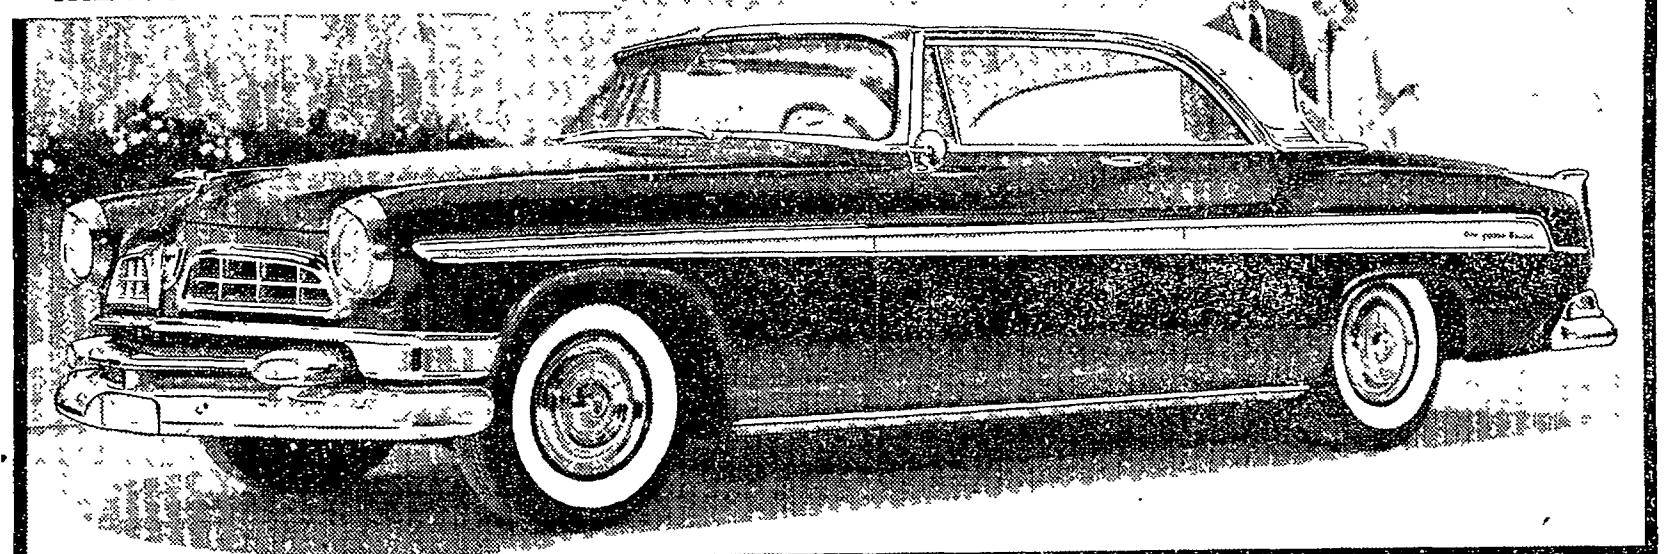

Mother of five says, "Our hospital bills aren't the problem they could be!"

"A family the size of ours can't avoid hospital bills," says Mrs. Ramsey, of Berkley, Michigan. "That's the reason we wouldn't have anything but Blue Cross. I don't know of any other protection plan, so reasonably priced, that gives you all the basic hospital services you need—rather than fixed cash benefits, like you get with other plans. When my last baby was born, our Blue Cross Comprehensive Contract gave me hospital services worth almost \$1,000—and our Blue Shield coverage for doctor bills paid my doctor \$300. Sure, we had a little more to pay, but it was certainly small in contrast with the amount Blue Cross-Blue Shield covered for us."

Why take the 1 in 3 chance that your family will have a hospital and doctor bill within a year... when for reasonable cost, you can have the wonderful security of Blue Cross-Blue Shield, Michigan's only statewide, non-profit protection plans.

Find out how you can have low-cost group coverage. A company with as few as 5 employees may qualify as a group. Today, call or write: Blue Cross-Blue Shield, 441 E. Jefferson, Detroit 26, Michigan.

Toledoan Seeks Relative Here

Does anyone know the whereabouts of Minnie Clark or Edward Morgan?

On Jan. 25, 1906 the following advertisement appeared in the Toledo Blade:

"Bright baby girl in need of a home. Dr. A. G. Jennings of the Adams St. Mission has a bright, healthy little girl, six days old which he wants to place in a good home. The mother of the little one has been deserted by her husband and has another child to support. She feels she is not able to support herself and her older child and wants to give it away where it will receive good care and have a good home."

On Jan. 26 a followup story appeared in the Toledo Blade:

"Week old baby found a home. Thirteen mothers answered a Blade want ad notice. As soon as the papers were on the street yesterday people began to telephone Dr. Jennings and in a short time six women were at the Mission waiting to be taken out to the home where the baby was to be given away."

"Dr. Jennings took the women out to the home and the mother of the child picked the woman she thought would be the best. The lucky woman was Mrs. P. O. Reynolds of 938 Noble St. and she will adopt the child."

Most of the women were young women and in a position to give the child a good home. The mother is almost heartbroken at parting with the child but she feels she could not earn a living for her and the other child and such a small baby. Her reason for giving it away so soon was that she feared she would become attached to it and, could not endure the separation."

Commission Notes

The village commission voted to hold its next regular meeting at 8 p.m. April 5 instead of April 4 when the spring election will be held.

The commission adopted a resolution authorizing application to the Michigan Finance Commission for permission to borrow up to \$9,900 from April 15 to Aug. 1 at an interest rate not to exceed 4% per annum. The money would be used to defray village operating expenses until 1955 tax collections start next summer.

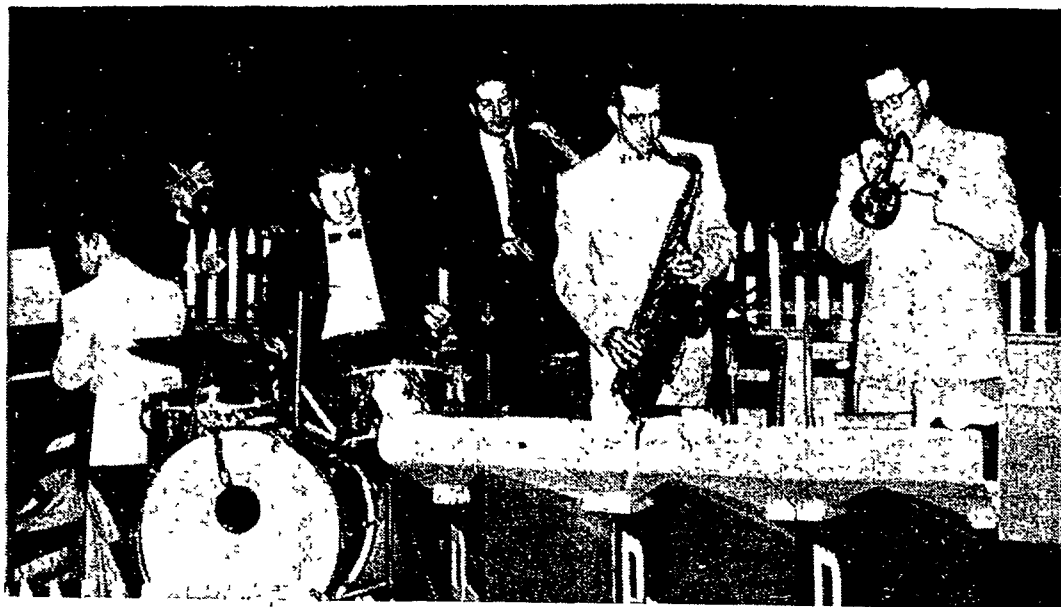

The commission also voted to advise the Northville Coordinating Council that it is endeavoring to find a location for a public comfort station that also could contain a public drinking fountain. The resolution was in answer to the council's request that a drinking fountain be installed.

FAITH ACTIVE IS YOUR

There is a difference between intellectual belief about something and a believing "in" someone. Some years ago a man strung a wire across the Niagara Falls. In the presence of an audience he took a wheelbarrow and wheeled it across on the tight wire. After making a couple of successful trips he asked how many in the crowd believed that he could carry a man across the falls in a wheelbarrow? Several hands went up. Then he said, "Will one of you that raised your hand come up here and get on this wheelbarrow?" You can well imagine their reluctance. Finally one man consented and was given a ride across the falls on the wheelbarrow. The people who believed that he was able to carry a man safely had faith, but only the man who trusted enough to be carried over in the wheelbarrow had active faith. This is the whole argument of James 2:14-26. In verses 14-17 he says that a Faith that is merely a profession is dead. In vs. 19-20 he says that Faith that is merely intellectual knowledge is also dead. In vs. 21-26 two examples, Abraham and Rahab are given to show that the faith that counts with God is the faith which results in action.

**Most Powerful Car
at its Price!**

Come in and try the sensational performance
of Pontiac's **200-HP Strato-Streak V-8!**

If all the talk about horsepower has left you confused, let this one simple fact set you straight.

Model for model, the sensational new Pontiac Strato-Streak V-8 delivers more horsepower per dollar than any car in its field. And that fact holds good whether you specify the four-barrel carburetor—a low-cost option that puts 200 eager horsepower under Pontiac's handsome hood—or the regular 180-horsepower Strato-Streak V-8.

The Strato-Streak V-8, part and parcel of every Pontiac, produces performance as fresh and distinctive as Pontiac's Twin-Streak styling and Vogue Two-Tone beauty—with traditional Pontiac dependability and the greatest economy in Pontiac history.

But Pontiac's extra value doesn't stop with power. Its Shock-Proof chassis, wide-stance rear springs, long 122" or 124" wheelbase, recirculating ball steering and bigger brakes provide fine-car comfort and handling.

Come in at your first opportunity and road-test Pontiac's spectacular Strato-Streak V-8 performance and you'll quickly see why sales are now at an all-time high!

You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped, economy models of higher-priced makes!

Look high and low . . . and you'll go

Kay Optimistic About '56 Basketball Season

Reviewing the past season of the Northville high school basketball team, Coach Dick Kay was impressed with "several young players who should help us get back to the top next year."

"Darwin Teshka, Clarence Patterson, Bud Bell and Cap Pethers have shown great promise and give reason to feel quite optimistic about the coming season."

"Reserve players who were given limited varsity experience included Dave Biery, Dave Waterloo, Mac Burns, Roger Nieuwkoop and Delano Skow. These boys give us confidence in what we expect to a traditional championship contending team."

The Mustangs scored 845 points against 931 for its opponents in the season just closed. Patterson was the top scorer, with 117 points. Following closely were Teshka and Clarke with 113 points each.

The remainder of the scoring record is as follows: Peters 97, Hamlin 90, Bell 85, Schulz 75, Rambeau 31, Waterloo 27, Biery 15 and Matzen 10.

Northville broke even in the Wayne-Oakland league having won six contests and dropping the same number. It lost three non-league contests and registered no victories in this classification. One conquest and one loss

were chalked up in tournament play.

Following are the scores of the local quintet and its opponents: Northville 36, Plymouth 65; Northville 52, Brighton 45; Northville 69, Clarenceville 50; Northville 38, Plymouth 68; Northville 53, Milford 84; Northville 43, Clarkston 51; Northville 51, Holly 52; Northville 53, Keego 47; Northville 30, Brighton 33; Northville 60, Lake Orion 81; Northville 64, Clarenceville 51; Northville 21, Milford 38; Northville 41, Clarkston 45; Northville 60, Holly 56; Northville 46, Keego 45.

Automatically your best buy!

Ford's five power assists combine to give you more added convenience and extra driving ease than you can get in any other car in Ford's field!

It's great fun to step into a Ford's rich, colorful Luxury Lounge interior . . . to touch your toe to the gas pedal and feel the masterful might of Trigger-Torque power responding instantly to your every wish. It's fun too, to bask in the admiration aroused everywhere by Ford's Thunderbird-inspired styling.

But, for the ultimate in driving fun and ease, you should try a Ford with Ford's optional power assists: new Speed-Trigger Fordomatic, power steering, brakes, windows and seat. Ford brings you the power assists that combine to do the most for you automatically . . . so you get the most out of your daily driving!

Automatic Driving at Its Best

Speed-Trigger Fordomatic Drive has a new, automatic low gear which lets you start in low, shift to intermediate and then into high—all automatically—all while the selector lever is in drive position. It's the only "automatic" in its field that combines the smoothness of a fluid torque converter with the versatility of three automatic forward gears.

Power to Steer For You

Master-Guide Power Steering does up to 75% of the steering work for you on turns . . . yet you retain the natural feel of the wheel on straightaways. It's a great help when parking—makes all driving easier and more relaxing.

Power to Apply Your Brakes

Ford's Swift Sure Power Brakes do up to one-third of the stopping work for you. And there's built-in safety. With power off, you stop your car as easily as though your Ford were equipped with the standard braking system.

Power to Adjust Your Seat

Ford's 4-Way Power Seat is the only power seat in Ford's field that adjusts "up and down" as well as "forward and back" for most comfortable driving positions. A touch of the conveniently located single seat control does it!

Power to Lift Your Windows

With Ford Power-Lift Windows you don't need to stop in order to open or close all side windows. Driver can operate all four windows from the master control. And each passenger has a separate control switch for his own window.

And there's Trigger-Torque power to give you more "Go"

Mrs. Jessie Knickerbocker

Widow grateful
she doesn't have to
lose home!

"I'd never have been able to keep my home and still pay for all the hospital and doctor care I've needed, too," says Mrs. Knickerbocker, of Highland Park, Mich. "That's why I thank my lucky stars I've got hospital bill protection that pays off in services... provides me with a hospital bed, for example, rather than a fixed amount of money to pay toward that bed, the way other plans give you. I like the service way... the Blue Cross way! Just recently, my Blue Cross Comprehensive Contract covered \$824 worth of hospital services I needed, leaving only \$5 that I had to pay out of my own pocket. And my Blue Shield protection paid all but \$23 of my doctor bill!"

There's a 1 in 3 chance that your family will have an unexpected hospital bill within a year! Why risk your home, your life's savings... when for very little cost, you can have the wonderful protection that only Michigan's Blue Cross-Blue Shield Plans give you.

Find out about low-cost group coverage for your family. A company with as few as 5 employees may qualify as a group. Today, call or write: Blue Cross-Blue Shield, 441 E. Jefferson, Detroit 26, Michigan.
