The Record's story last week about a possible extension of Eight-Mile road that would run through Oakland county between Novi road and Taft road caused some readers to express doubt that Wayne county would build a road in an adjoining county. Eight-Mile road is a joint highway built and maintained by both Oakland and Wayne counties. To fill in the present gap by widening the present Baseline road to a 120 foot highway would involve a very expensive filling operation at the east end and a huge ditch through the hill lying between the present west end of Baseline and the intersection of Taft and Eight-Mile roads to the west. The route through Oakland county which has been tentatively drawn will greatly simplify construction at a fraction of the cost involved in the more direct route.

One proposed constitutional amendment that will be on the ballot next Monday authorizes the state to issue up to \$100,000,000 of bonds so it can make loans to school districts. Known as Amendment No. 3, the title may prejudice voters who do not fully understand what the amendment proposes. It would permit the state, through its bonding authority, to lend money to school districts that are unable to finance needed schools. Equally important, it will permit school districts that are already burdened with heavy tax loads, to extend the maturity of their debts, and thereby reduce the annual tax levy for their payment.

With the Northville school district facing the necessity of building a new high school immediately, and simultaneously paying off the bonds issued to build the new grade school, the new amendment can be of great assistance in easing the financial burden which the district faces. By removing certain existing debt and tax limitations, it will permit the district to finance its building program on a much more realistic and reasonable basis that will hold down taxes materially.

'Yes' Vote Urged On School Proposal

Proposal No. 3 on the April 4th ballot is highly important in terms of Michigan school operation. According to Robert F. Coolman, president of the Northville Board of Education, this amendment will save taxpayers dollars in every district of the state where it is necessary to borrow funds to construct new classrooms.

He points out that the \$100,000,000 state funds involved will probably never be entirely used and the cost to the taxpayers will be negligible. This provision of Proposal No. 3 will help districts where there are emergencies due to a tremendous influx of population or districts which do not have the ability to construct buildings for their children.

Coolman says the important features are those of providing state backing for the bonds and by lengthening the bonding period. If this passes, it is altogether possible that no school district will need to pay more than 2 percent interest.

This will even help the districts that have already bonded since most of the bond issues can be refunded at a lower rate, he said.

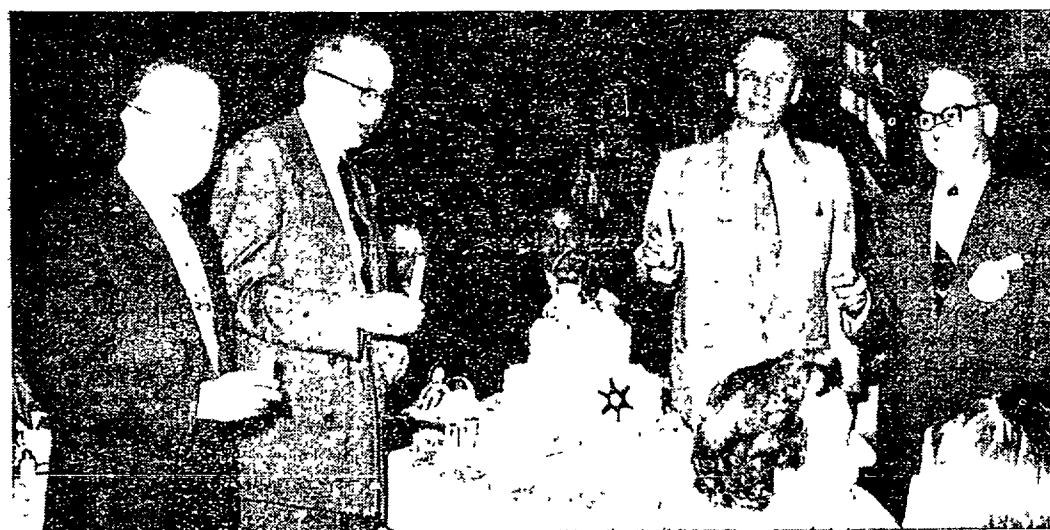

Coolman urged an affirmative vote in every area of the state even where a bond issue is not contemplated. He says there is no way of knowing where the

next big school problem will arise. Proposal No. 3 will provide for any financial emergency for school buildings.

Cancer Society Steps Up Work

The local American Cancer Society unit is being reactivated through the efforts of interested persons of Northville. A new southeastern Michigan division has been set up, of which Northville, Plymouth and Livonia are a tri-community area.
Mrs. C. Oscar Hammond, Mrs. Oscar Thompson and Dr. Russell Atchison were recently elected to the board of trustees, representing Northville in the Southeast-

Northville's Position on School Consolidation Same as When It Rejected Area Plan Last Nov.

The last two issues of the Northville Record have presented special articles arguing for and against the consolidation of six school districts in Northville and Novi townships.
The first article, written by Paul M. Beard, who represented the Durfee district on the Area Study Committee which presented the plan, reviewed the arguments in favor of the broad consolidation.

The article last week, prepared jointly by William Mairs and Harold Miller, of Novi, urged that the five Novi township districts consolidate without regard to Northville, which had previously withdrawn from the study group and called the consolidation plan unfeasible.

Northville's Position Stated Last November

When the Record first opened its columns to proponents and opponents of the plan to present their arguments, its offer was accepted by an official of the Northville board of education as a means for informing the general public about the basic issues involved. Since that time the board has decided that its position with respect to the consolidation plan was expressed adequately and as well as is now possible in two resolutions adopted last November. These resolutions are reprinted below:

RESOLUTION NO. 1 (Adopted Nov. 2, 1954)

WHEREAS, the Area Study Committee members from the Northville Public Schools District, Wayne, Oakland and Washtenaw Counties, Michigan, have submitted to this Board the progress report and data collected by the Area Study Committee and

WHEREAS, this Board has studied in detail the progress report and data collected as submitted,
Now, therefore, BE IT RESOLVED, that it is the unanimous opinion of this Board that the progress report and data collected by the Area Study Committee discloses that a school district embracing the entire area involved in the said area study would not at this time be feasible, and, therefore, this Board unanimously disapproves of any attempt at this time to establish a school district embracing the entire area of the aforesaid study.

BE IT FURTHER RESOLVED, that this Board unanimously believes that an enlargement of the Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, to include those school districts immediately adjoining would result in a district entirely feasible in operation and administration.

Election Presents Many Important Issues; Electors Urged To Cast Vote

Merchants Hold Spring Bargain Day Sale April 1-2

Northville Merchants are all set to stage their "Home Town Bargain Days" spring sale this week end. Not only will they offer good values in various lines of merchandise at reduced prices; they also are providing a list of prizes to lucky ticket holders.

These consist of a man's two-suit, Sampsonite bag valued at \$25, a Hoover Pixie vacuum cleaner, \$39.95, Dual-Flex flash camera set, \$21.95, and a \$25 basket of groceries. All prizes are on display in the lobby of the Depositors State Bank.

Twenty pairs of tickets to the Northville theatre also will be given away as consolation prizes.

The American Legion will stage its 25-act amateur talent show at 8:30 p.m., Friday in the Community building as an incidental feature of the Bargain Days week-end.

Training School Accepts Books from Exchange Club

At a colorful ceremony last week the president of the student council at the Wayne County Training School accepted a set of encyclopedias on behalf of the school from the National Exchange Clubs through the local group Northville Exchange Club.

President Charles Bahnmiller said that the local institution was one of a hundred across the nation to which the organization donated the sets.
Seated on the stage of the school auditorium were the members of the Northville Exchange club; Dr. Robert H. Haskell, superintendent of the school, Dr. T. G. Hegge, director of research in education at the school, Rev. Malcolm G. Dade, president of the administrative board; Elbert M. Wilmut, president of the Michigan State Exchange Clubs; C. J. Cash, national district governor of the club and Ron Muir, board of control member of Michigan State Exchange Clubs.

Dr. Haskell, whose retirement is contemplated in May, recalled in his remarks that when he first came to the Wayne County Training School 25 years ago he was welcomed to the village by an exchange club member.

In thanking the club for the books, he associated the two relationships with Exchange members at the beginning and close of his career.

Boy Scouts Collect 13 Tons of Paper

Crispen Hammond entertained 32 Boy Scouts and five fathers at his home in Northville Hills following an all day paper drive put on by the Scouts—members of Troop N 5.

The boys and men worked from nine until five collecting, tying and piling the papers on a truck brought into town for that purpose. It is estimated that about 13 tons of papers was collected. The money received will help swell the troop's fund for camping equipment, canoes, etc.

The boys ended the day with a potluck dinner at the Hammond residence followed by an impromptu bit of Scout tracking and trailing about the neighborhood. Earl Collins, Scoutmaster, assisted by J. Petrock, Scout committee chairman and the five fathers, was in charge of the activities for the day.

Both political parties in Northville township were pushing efforts this week to get out voters to support their candidates in the spring election Monday, April 4. Usually a quiet affair in an off-year, there was feeling on both sides that a better turnout

Final Polish Given Amateur Show For Fri., April 1

With the dress rehearsal clicking off at a good rate last Friday, the 25 acts in the Lloyd H. Green post, American Legion, Amateur Talent show, are set for presentation at the Community building Fri., April 1, at 8:30.

Staged by amateurs between 12 and 18 years old, the acts will compete for prizes of \$100, \$75, \$50, and \$25. An applause meter will be used to determine the winners.

Legion officials said that they are expecting a record attendance at the show because of the quality of the entertainment and the number of communities represented in addition to Northville and Novi.

The largest outlet for ticket sales is the junior class of the Northville high school, which will use the money earned to apply on its funds for a trip to Washington. Members of the post also have tickets available.

School Orators Chalk Up Good Record

The Wayne Oakland County district speech contest was held at the Federated Church in Brighton, Mar. 25. Northville high school took three first places out of a possible five and two seconds.

Suzanne Dewsbury won first in Declamation, Ken Krezel, first in Oratory and Leanna Doeksen, first in Humorous Reading. Traute Schafer, the German Exchange student, took second in Oratory, and Rita Skow, second in Dramatic Reading. Gianne Bertoni placed third in Declamation, Barbara Archer, placed third in Humorous Reading and Bernhard Muller, fourth in Extempore Speaking.

Sandra Strasen, who traveled with the group acted as chairman for the Oratory contest.

Milford, Clarkston, Clarenceville, Holly, Brighton and Northville competed in the various contests.

Students who placed first or second will probably compete in the Regional Speech Meet.

Miss Florence Panattoni, who directed Declamation, Oratory, and Extempore speaking and Al Skow, who directed Dramatic Reading and Humorous Reading, traveled with the group.

Dog Ordinance Now Effective

The new dog ordinances for the village of Northville and Northville township are now effective, including a regulation required by state law that all dogs must be vaccinated against rabies before a license can be issued.

Village residents will obtain their licenses from Village Clerk Mrs. Mary Alexander at the village hall. Township Clerk Fred Lyke will distribute the permits for dog owners in the township.

Dr. E. B. Cavell, village veterinarian will be at the village fire hall Saturday morning to perform vaccinations from 10 to 12 noon. The charge is \$1.50.

An important provision is that a dog cannot run without a leash on property other than that owned or occupied by its owner.

would result from increased efforts.

Republicans Have Full Slate
The Republicans are presenting a full slate of candidates whereas the Democrats have entered candidates for only five offices.

Candidates for Northville township supervisor are Mollie Lawrence, Republican incumbent, who has served 20 years as township treasurer and supervisor, and Dr. E. B. Cavell, Democrat.

Background of Candidates
Dr. Cavell describes himself as "a practicing veterinarian in Northville since 1906, school board member 14 years—12 years president, former president of the Northville Exchange Club, former president Michigan Veterinary Medical Society."

Mrs. Lawrence is described as having "initiated immediate construction of the 7-Mile road cut-off" and as having "successfully fought for assumption by city, county and state institutions of their just share of Wayne county interceptor sewer costs, thereby relieving local taxpayers of this additional burden."

Other Contestants

Fred W. Lyke, Republican, seeks re-election to the position of township clerk. He is opposed by Jack Willis, Democrat, Roy M. Terrill, Republican incumbent treasurer, is opposed by Francis P. Gazley, Democrat, Fred A. Fry, Republican, and Fred Van Atta, Democrat, are seeking election to the board of review. Two Republicans, Joseph Denton, chief of the Northville police force, and Gill W. Glasson, sergeant, are opposed for election as constables by Keith E. Simons, Democrat.

House Colors Coordinated At Factory

"There used to be two main ways of color-styling a house, and they're both on the way out," says color consultant Frederic H. Rahr. "The first approach was to paint the whole house white, except the shutters, which were usually green. The alternate method was to buy six or eight vivid colors and turn the house into a rainbow."

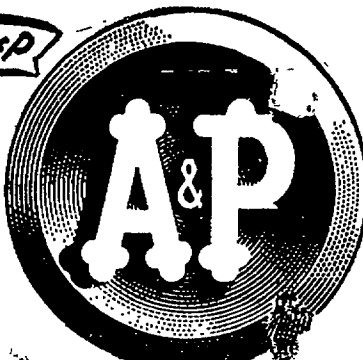

"Color selection today is color coordination. It beats the old ways because it allows the homeowner to express his individuality without being afraid he's violating any rules of good taste."

Pick Roof Color First!
Color coordination, Rahr explains, means picking an attractive roof color, then selecting colors for siding and trim to harmonize with the roofing.

Dr Emerson To Discuss School Consolidation at Community Bldg.

Dr. William J. Emerson, superintendent of schools for Oakland County, will discuss school consolidation plans at an open meeting of the Novi Board of Commerce Wednesday evening, April 6th, according to Leo Harrawood, president of the Board.

This special meeting will be open to the public and all Novi and Northville residents who are interested in the school problem are urged to attend.

The meeting will be held at the Novi Community Bldg., adjacent to the school on Novi Rd., just north of Grand River. The time of the meeting is scheduled for 7 p.m. Because of the large crowd expected, dinner will not be served. However, refreshments will be served after the meeting by the Ladies' Aid Society of the Novi Methodist church.

Dr. Emerson will speak on the Area Study Group's recently proposed six district consolidation. A question and answer period will follow Dr. Emerson's talk.

Truck Driver Seriously Injured

Louie N. Mavronicles, Redford truck driver, narrowly escaped death last Thursday noon when he was accidentally pinned beneath the body of his dump truck while working in the Novi area.

Mavronicles, who lives at 19444 Lexington Ave., Redford township, was hauling refuse on the property leased by Gus McCree, 9, Nine Mile Rd. near Haggerty, when the accident occurred.

A wire became entangled in the hoisting mechanism of his truck and Mavronicles crawled beneath the dump body to remove the wire from the shaft. Without warning, the dump body came down, pinning him between the cab and the body.

When Novi Patrolman D'Arcy Young arrived at the scene, Mavronicles had been removed from underneath the body and was in a state of severe shock. He was taken by ambulance to Mt. Carmel hospital in Detroit, where he was found to be suffering from multiple rib fractures and shock. However, his condition has improved and he is now listed as in satisfactory condition.

MUSEUM OF MODERN ART, spokesman in New York City, maintains that parents should not discourage children who smear walls with crayons or water-color paints—the tots are developing "creativity and free expression." There's nothing free, though, about the landlord's expression of how much you'll have to pay to redecorate.

Harrawood Relates Harrowing Tale

Over nine inches of snow and high winds resulting in the worst storm in 82 years caused the light plane carrying Leo Harrawood and his family to make a forced landing last Friday noon at Indianapolis, Ind.

Harrawood, with his wife, Bernice, and two daughters, Diana, 9, and Debra, 8, left Detroit early Friday morning in their single engine Piper plane. They were bound for the home of Harrawood's parents in southwestern Indiana.

Thirty miles past Indianapolis, they ran into the storm which reduced visibility to several hundred feet and they were forced to turn back to Indianapolis where they landed with the aid of their radio.

According to airport officials, it was the worst storm in 82 years in that area. All private planes were grounded until early Monday morning and it was late Sunday evening before any commercial transports were cleared for flights.

The Harrawoods proceeded by bus to the home of his parents, William and Elsie Harrawood, Rt. 1, Cannellburg, Ind. Harrawood's mother is convalescing at home after a series of recent heart attacks.

Shower Given for Miss Hansor

The first of several pre-nuptial showers honoring Miss Lillian Hansor was held at the home of Mrs. Edward Behrendt on Meadowbrook Rd. Friday evening. Assisting Mrs. Behrendt were Mrs. Floyd Darling and Mrs. John Leavenworth. There were 22 present.

Lillian, who is the daughter of Mr. and Mrs. William Hansor of W. Grand River, will be married Saturday, April 16 to Joseph Ciccarelli, Jr. in St. Michael's church at Livonia.

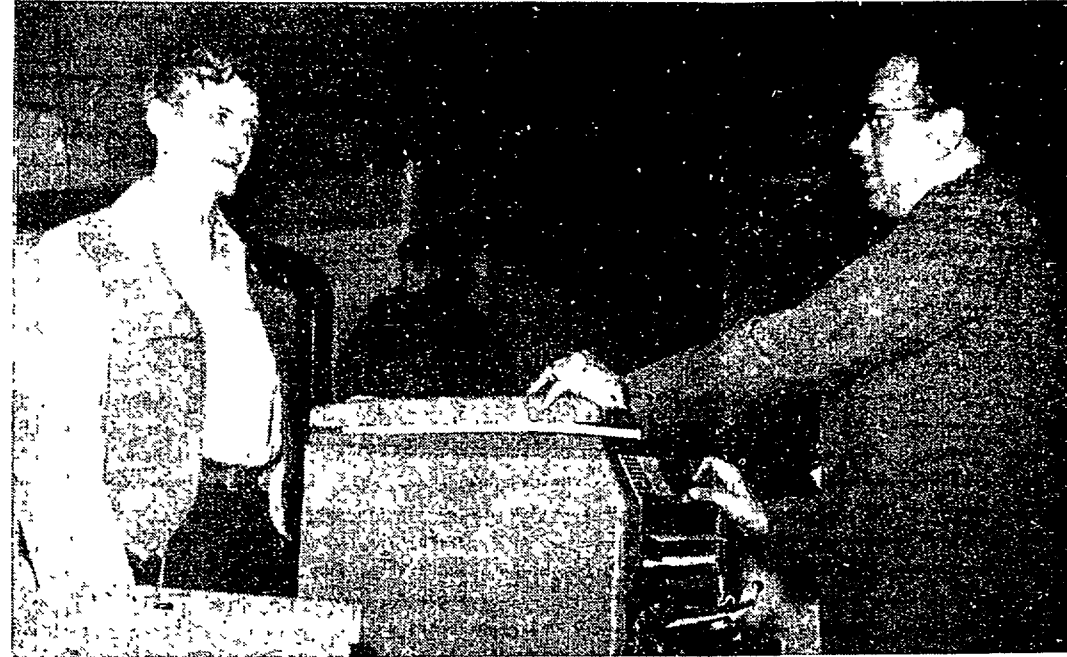

Novi Residents Go To Polls Monday, April 4

In spite of the bad weather, more than 60 veterans of the Korean War gathered at the Perry Kenner Post 76, AmVets, in Wixom last Tuesday, Jan. 22, to complete their application for the Korean bonus. The post had a notary public and a photo copy machine on hand to speed the filing of applications. Shown above is Edward Reid, representing the Photographic Center in Plymouth, who operated the new type copying machine. Shown on Reid's left is one of the many veterans in the area who filed his application during the evening. The copying machine, an Eastman Kodak product, produces exact copies of documents in several minutes. The 40 applications that were completed that evening were delivered the following morning to the Capitol in Lansing.

Local Resident Injured Again

Madge Allen Lynch, 26246 Novi Rd., was injured Friday in an automobile accident on Grand River in which her car was totally wrecked.

Miss Lynch, who works at the Rosewood Restaurant, only recently recovered from a serious accident several months ago near Brighton. Ironically, she had just made a trip to Grand Rapids where she purchased a car, and was driving her car home when the accident occurred.

A car driven by Alfred Smith of Ferndale struck the rear of her car when she made a sudden stop to avoid hitting another car. The impact of the collision threw her car to the side of the road where it struck a telephone pole.

Although the car was totally wrecked, Miss Lynch was in satisfactory condition with only minor bruises.

Presbyterian Church
On Palm Sunday, The Bell Ringers, a group of 15 boys and girls under the direction of Wm. Williams, will appear at both the 9 and 11 o'clock services at the Presbyterian church. Sunday marks the inauguration of dual services at this church.

At 9 o'clock, the Harmony choir, composed of 35 pupils from the fourth, fifth and sixth grades, under the direction of Mrs. Gladys Connors, will sing. There will also be the Children's choir of 15 voices. Rev. Taxis will give his usual sermonette.

The church will receive 19 new members at the 11 o'clock service. Soloists will be Mrs. Frances Kellogg and C. R. Van Valkenburgh. The senior high fellowship will discuss "What Does It Mean to Follow Jesus?" Leaders of this service at 7:30 in the evening will be Jarry Meyer, Henry Fischer and Beckv Coolman.

Holy Thursday will mark the observance of Holy communion at 7:30 in the evening, also the examination of the first Holy Communion class by the session at 7, and its receiving communion at 7:30.

At Catholic Church
Fr. Anthony J. Heraty, pastor of Our Lady of Victory Catholic church will conduct the ceremonies there during the commemoration of the suffering and death of Christ. As during Lent, the Wednesday service at 7:30 will be held.

On Holy Thursday the ceremonies will consist of high mass at 8 o'clock and the procession. There will also be evening devotions at 7:30. The traditional Mass of the Presanctified on Good Friday will be said at 8 o'clock. In the afternoon there will be a holy hour from 2 to 3 and stations of the cross at 7:30 in the evening.

DON'T DECEIVE YOURSELF

Cancer experts and heart specialists are urging people to detect early symptoms of these dreaded ailments so that proper treatment can be given while there is still hope for being cured. Denying such conditions will only make matters worse. A man can go to a doctor for a check up and may discover that he has a heart condition. The doctor would tell him that if he is careful he will still be able to live out his normal life's span. He is advised to stop smoking, drinking, over eating and violent exercise. It would be very foolish to believe what the doctor says for the first week and then argue yourself away from the truth and deceive your own heart. He may deceive his own heart by saying that the doctor was wrong after all and go back to his old habits. Then at the end of a strenuous day, he drops dead! Friend, the Divine Physician says that we are afflicted with the disease of sin. We have been living contrary to the laws for spiritual health and unless we change our ways it will be eternally fatal. You can believe it and take God's remedy, or you can deny it or deceive your own heart and perish forever.

Methodist Program

Holy Week services will begin at the Methodist church on Palm Sunday, with duplicate services of worship at 8:45 and 11:00 a.m. Rev. Ivan E. Hodgson will be speaking on the theme, "The Great Parade."

The adult membership class will be received into the Church Fellowship. A three-choir arrangement of "The Palms" by Faure will be sung by the Carol, Harmony, and Sanctuary choirs.

Lenten musical vespers will be Sunday evening, April 3, at 7:30 o'clock. The Sanctuary choir will present the Cantata, "The Fulfilled Prophecy" by Stickles. Solo parts will be taken by Mrs. Drake Older, Miss Margaret Sours, Mrs. Ivan E. Hodgson, Mr. James McNeiece, and Mr. Charles Strautz. The Harmony and Carol Choirs will each sing two numbers.

Maundy Thursday at 7:30 p.m. the sacrament of holy communion will be celebrated. The congregation will be led in singing the liturgy by the Sanctuary and Harmony choirs. The service will conclude with candlelighting and singing of "Send Out the Light" by Gounod.

At St. Paul's Lutheran
A group baptism of more than 20 children will be conducted at St. Paul's Lutheran church, in addition to the usual Palm Sunday services, the Rev. B. J. Pankow, pastor, said Wednesday. The sermon will emphasize Christ's triumphal entry into Jerusalem.

While there will be no Wednesday services for this denomination, Rev. Pankow will be in the sacristy between 1 and 2 p.m. and 7 and 9 p.m. to receive announcements for holy communions.

On Maundy Thursday evening, communion will be served and the pastor will complete the series on the Seven Last Words of Christ on the Cross.

Claims Legion Amateur Judges Are Unqualified

In fairness to contestants in the American Legion amateur show, it should be so planned that experts in each field of talent should be appointed to judge the merits of the performer. Unless the judges are familiar with the technique and background of dance performance, they could not possibly recognize the intricacies of various dances, and the difficulties of a seemingly effortless step.

When local talent, well known for years of study and performance, is rejected in favor of "play by ear" and "sing by ear" entertainment, there seems to be a woeful lack of perception.

It has also been learned that some performers are permitted to do—not one but three various types of routines—while others were not. Favoritism?—or Fair-play?

When members of the school faculty and the show committee jointly urge persons to participate, because of their knowledge of their talent and previous performances, it is a slap in the face to be publicly humiliated by a flat rejection in favor of other contestants whose talent could not possibly compare in any respect.

It would appear that the sponsors of this Amateur show have a lot to learn about how to conduct a fair, unbiased contest, with TALENT the deciding factor. If this is a theatrical production for financial reasons, it should not be called an Amateur show.

INDIGNANT

Election ...

(Continued from Page 1)

The Novi township election promises to be a routine affair, with only two Democratic candidates seeking office. One is Virginia M. Noble, who is competing with Frank D. Clark and Charles Trickey, Jr., Republicans, for one of the two trustee vacancies. The other is Herbert Koester, who is opposing Wm. H. MacDermaid, Republican, for justice of the peace.

State Candidates

On the state ballot there will be candidates for two posts on the University of Michigan board of Regents, two members of the state board of agriculture; superintendent of public instruction, and a member of the state board of education. Two State Supreme Court judges also are to be elected.

Among many communities an important constitutional amendment would authorize the state to borrow \$100,000,000 for loans to school districts.

State credit would be pledged for payment of the money and the districts would have a longer time than in the past to pay off the obligation. That is amendment No. 3.

No. 1 amendment would give the state tighter control of judicial elections.

Amendment No. 2 provides that circuit judges and justices of the supreme court must be licensed attorneys and under 70 when elected or appointed.

Amendment No. 4 provides for a bipartisan board of state canvassers.

Voters in precinct No. 1 here will vote in the village hall. Those in the second precinct will use the Boy Scout building at the corner of Dunlap and Hut-ton streets. Polls will be open from 7 a.m. to 8 p.m.

ern division. Mrs. Hammond has been appointed chairman and plans are under way for various committees to be set up.

During April an educational crusade of posters, exhibits and motion pictures will be conducted in each community of the area.

Volunteers will supply information to shoppers in the downtown area. Charles Wyse, crusade chairman, is urging volunteers to come to the aid of the local chairman, Mrs. Hammond, and offer services so that the facts of cancer peril can be carried to local people.

40 Fighters Sign For AAU Boxing Bouts In Detroit

Leading amateur boxers have filed more than 40 entries for the Sports Guild-sponsored Metropolitan AAU boxing championships at Arcadia, Woodward at Stimson, Monday, April 4.

Eddie Jenkins, Golden Gloves "Tournament of Champions" winner, is the leading entry.

Among others who will compete are Robert "Ducky" Dietz and Joe Gray who are credited with staging the best bout in the recent Detroit Golden Gloves championships.

Both are anxious to meet again and there is a good possibility they will clash on the Sports Guild program which will determine 10 champions to represent

sent Detroit against outstate AAU champions. The winners of the state titles will then become members of the Michigan team which will compete in the national championships at Kansas City in May.

Entries for the championships have been filled by the West Side Boys Club, Brewster A.C., Highland Park Boys Club, Dearborn Boys Club, Dearborn Recreation, the CYO Center and 10 other Parks and Recreation clubs.

Three special bouts, including a comedy skit between K. O. Morgan and Dave Karp will be held in addition to the elimination and title bouts.

Red Cross Drive Ends March 31

Mrs. Clifford Winter, 230 N. Rogers St., director of the Red Cross drive, announces that the drive ends today. However, there may be many who were not at home when called upon and who wish to contribute. These may be made to Mrs. Winter's home. If this is not convenient, call her at 379 and she will pick them up.

A full report of the drive will be made to the public at a later date.

MAPLE SUGAR—Singer Patti Lewis flaunts her allegiance to the Maple Leaf Dominion with sequined beauty spot on her right shoulder. The pretty Canadian set this beauty note when she attended a movie preview in London, England.

"ENQUIRE" ISN'T THE WORD FOR IT—"He Who Would Duly Enquire" is the legend over this mural in the statehouse at Lincoln, Neb., but "enquire" is too mild a word for the row kicked up over New York Artist Kenneth Evett's work. Titled "Labors of the Hand," it depicts, from left: Craftsman, Cattleman, Miner, Builder, and is executed in the modern manner. It caused little comment since its installation several months ago, until Evett's bill for \$25,000 was received by the legislature. Commented one senator: "The artist is old enough to paint a round head on the bull." Another solon said that the work was executed with a "T-square."

A small, dark living room can be made larger and brighter with this remodeling idea from American Builder, the light construction magazine. Make the garden or patio part of the living room with a floor-to-ceiling wall of ponderosa pine picture windows. For modernization jobs like these, American Builder advises consulting a local building materials dealer, who will not only help with plans, but recommend a reliable builder.

The Greater the need for High Octane The Greater the need for TCP

Today's engines deliver more power than ever before—and with greater economy, too!

They're high compression engines. They're built to squeeze more power out of every drop of the high octane gasolines they require.

But high octane alone will not keep these engines delivering their full power. They must be protected against the harmful effects of deposits that build up in combustion chambers.

The reason is this:

When your engine warms up, these deposits warm up, too—glow red hot. And these glowing particles act like hot coals—ignite the gasoline mixture ahead of time... before the pistons reach proper firing position. This is called pre-firing and means that power works against you instead of for you.

In addition, these same deposits have another

power-wasting effect: They foul spark plugs, causing your engine to miss.

Engineers will tell you there's nothing more wasteful of power and gasoline than pre-firing and spark plug "miss."

But there is an answer—there's one high octane gasoline that gives you all the advantages of high octane without the power-crippling effects of these deposits—Shell Premium Gasoline with TCP*.

TCP, the Shell-developed additive, fire-proofs the deposits so that they no longer cause pre-firing. No longer can they glow red hot and ignite the gasoline mixture. And TCP stops spark plug "miss," too. Your spark plugs do the job they are supposed to do. Start getting the full power built into your engine. Get Shell Premium with TCP. It's the most powerful gasoline your car can use!

*Shell's trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

DEMOCRATS CAME a crop per with their latest attempt to torment Republicans in and out of office.

The two-day rhuhrb ended in a draw with both sides claiming victory. It happened this way:

Treasurer Sanford A. Brown came up with the discovery of \$1,000,000 in dormant state bank accounts left in 80 state banks for the use of state agencies in emergencies.

He ordered the accounts recovered for investment in short term government notes to bear interest for the greater affluence of the Michigan treasury.

Asked why the accounts were left dormant in bank accounts which drew no interest and "cost the state thousands of dollars in interest," Brown said, "You'll have to ask my predecessor."

Brown's predecessor is D. Hale Brake, a Republican, who later was nominated by his party for the non-partisan post of Supreme Court justice.

Brown and Gov. Williams inferred that Brake had left the money in the banks to make their annual reports look prosperous and questioned Republican motives.

Republicans turned the charges into boomerangs.

"We're more than happy that they found the money because we know a number of places it can be used," said Senator Creighton R. Coleman (R-Battle Creek).

"The money wasn't 'lost' at all. It was there to cover the overspending of Democratic-controlled state agencies. Brown is turning it back and we're happy about it."

It was, "tuche", a successful point in a fencing match.

REPUBLICANS ARE BEARING down on their promised investigation of the CIO role in Democratic fund-raising campaigns, too.

With State Chairman John Feikens in attendance, a Republican caucus in the Senate was told that CIO-PAC had contributed \$5,000 to the state Democratic campaign last fall.

In addition, Feikens came up with the disclosure that the UAW-CIO had made two other contributions of \$10,000 each and claimed they were from union dues.

Feikens said: "I know that the rank and file of union members is concerned that their money is being used this way. The CIO can contribute but the corporations are barred from doing so by law."

The battle started weeks ago when the Republicans kicked off their spring campaign with charges that the unions were try-

ing to "dominate education and the Michigan Supreme Court." Feikens displayed union-authored pamphlets showing instructions to local union leaders. They stressed the importance of both fields and urged the locals to get out the Democratic vote.

Republicans charge that the CIO is violating the law. Democrats are retorting that Republicans are getting backing from big business and industry. The GOP caucus did nothing "officially" but toyed again with starting a top-to-bottom investigation.

The result is still in doubt.

TOLL ROADS have become a red hot issue among southeastern Michigan cities.

Dearborn started the hassle with the complaint that the proposed \$184,000,000 turnpike between Flat Rock and Saginaw would split the city in half.

"We want to develop that area for parks and keep the city in-

tact," said Senator Patrick J. O'Brien, of Dearborn.

William B. Slaughter, Jr., of Birmingham, the Michigan Turnpike Authority chairman, snapped back that the proposed route was only tentative and Dearborn had nothing to fear.

The controversy raised a few eyebrows in the legislature.

Senator William S. Broomfield (R-Royal Oak) and others asked that the turnpike law be repealed because Michigan is launching a highway program with increased gasoline and weight taxes.

"We don't want toll roads and free superhighways side by side," he said.

Broomfield agreed to wait until April 15 for a public hearing on the repealer—the date the authority has promised to disclose its route—before moving ahead.

LT. G.V. PHILIP A. HART is passing out free matches these days.

When Hart, a Democrat, took

over the office from former Lt. Gov. Clarence A. Reid, a Republican, he fell heir to a carton of Reid's campaign matches stuffed in a bottom desk drawer.

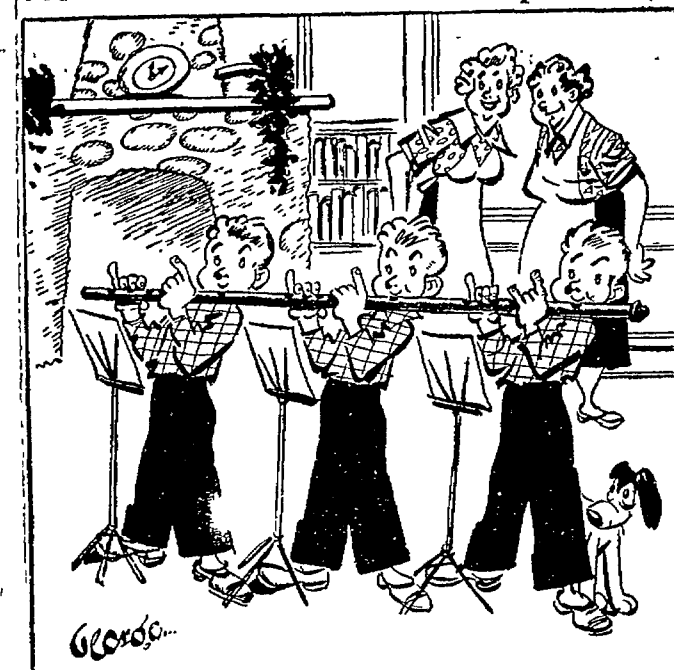

Hart, making the most of the situation, passed them out to friends and anyone else interested in lighting a cigarette or burn-

Sat. A.M. Shows Resumed By Cinerama

The three-eyed magic of Cinerama has brought the world to more than 55,000 youngsters of Michigan during the recent run

of "This Is Cinerama" at the Music Hall Theatre, according to Frank Upton, Cinerama Midwest division manager.

Members of public and parochial schools, boy and girl scouts, YMCA and YWCA members, and youngsters belonging to 4-H clubs

have seen more than 50 special Saturday morning performances at special rates.

The program is supervised by Cinerama's special service department along with officers of the Detroit Police Department, aiding the Music Hall Theatre staff. The program is supported by

clergy of all faiths, boards of education of many counties, the PTA and other youth leaders.

Because of the success of these special 10:30 a.m. Saturday morning performances in the past, Music Hall has announced a resumption of these showings.

How spiritual understanding of God brings freedom from the futility of materialism will be brought out in the Lesson-Sermon entitled "Unreality" at Christian Science services Sunday.
Selections to be read from the King James Version of the Bible will include the following from Jeremiah (2:5): "Thus saith the Lord, What iniquity have your fathers found in me, that they are gone far from me, and have walked after vanity, and are become vain?"
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read: "The perfect Mind sends forth perfection, for God is Mind. Imperfect mortal mind sends forth its own resemblances, of which the wise man said, 'All is vanity'" (239:29).
The Golden Text is also from Jeremiah (4:14): "O Jerusalem, wash thine heart from wickedness, that thou mayest be saved. How long shall thy vain thoughts lodge within thee?"

Life Size Horse Built In School

Who ever heard of building a life sized horse in school? The boys and girls of Mrs. Russell Reimer's first grade, made one of papier mache and it was an experience full of learning and enjoyment.

Mrs. Reimer and the art teacher put their heads together and planned the project. Frank Cochran, the maintenance man built the framework of two by fours. When the "skeleton" was carried in their room, the children were very excited. Papers that the children brought in, were tied and taped to the framework to fatten it up.

Then strips of paper were dipped in the mixture of wheat paste and water and applied to the horse. This required several coats and each application took about three days to dry. Paper towels formed the last coat for a smooth surface. Then the horse was painted. A rope tail and mane were nailed on and pieces of leather were used for ears.

In a unit approach to teaching like this, all phases of the child's learning is taken in consideration; and it has more meaning to the

child, much more than isolated lessons of reading, writing, art, music, etc.

The children wrote stories about how they made the horse; Mrs. Burton, the music teacher helped the children learn cowboy songs. They also drew pictures of what the horse would look like when it was completed.

Corral Is Planned

And although the horse is completed, the unit continues to grow. A corral is planned for the horse. Perhaps some other activities will emerge too. When horse or cowboy stories are read they will be vivid to the children, because, having actually made a horse, it is placed in the context of their experience.

Mrs. Reimer feels that it was a rich and rewarding experience for the children, especially for those who are not particularly gifted in art, since there was no comparison between the work, but a contribution to the whole. Hands of children get cramped when holding a pencil or crayon all the time. The muscles in their hands are not coordinated well enough to do small close work. They need big, free, simple movements and the tearing of

Home Building Outlook Good, Realtor Says

Sound economic reasons impel and sustain America's current home building and buying pace, and there is no reason to fear over-building, Carl H. Bryan, local member of the Western Wayne County Board of Realtors, declared last week.

Bryan cited these points as favoring the continued building across the nation of 1 million home units yearly:

1. Only 56 percent of the nation's families are home-owners, and the non-home-owning public continues to show strong interest in buying homes.

2. Specific demand is shown in the recently-released consumer survey of the Federal Reserve System which found that the

paper strips, dipping and applying the strips and wielding a paint brush afforded these children a chance to develop these skills. And the physical activity gave them an opportunity to work off energy and steam in a creative way.

number of those planning to buy or build houses this year is greater than that of early 1954.

3. There is a good "buyer's market" now, with prices tending to remain stable, mortgage money ample, earnings and savings steady, employment high, and business promising.

4. The recent annual home construction rate, which is now greater than the rate of family formations, is a healthy condition, paving the way for realization of the real estate profession's aim to eliminate the unfit and least desirable housing on the market."

A bill which would permit income tax deductions for all medical and dental expenses has been placed before the House of Representatives by Rep. Oliver Bolton (R., Ohio).

Easier Tacking

THE handling of tacks is greatly simplified with the use of a magnetic hammer and a slanting pickup surface. Here's how it's accomplished: Use a 12 x 14-inch

piece of Masonite Presdwood, fastening a block of wood to one end, as illustrated in American Builder. Spill some tacks at the upper end of the incline, and they will assume a head down position when the board is jarred slightly. With their heads facing in one direction, it's a simple matter to pick them up, one at a time, with a magnetic hammer, and drive them home.

Taft Helps Plan Horse Show In Conn.

Gerald F. Taft, a director of the Morgan Horse Club, Inc., attended a meeting last week at Storrs, Conn. to start plans for the 1955 Morgan Horse show July 29-31 at Northampton, Mass. where it has been held for the past three years.

The show is one of the largest horse shows in the east. Last year it attracted about 4,000 spectators. More than 200 pure-bred, registered Morgans were entered in 60 classes by owners from 14 states.

Bogart Fines Two On Driving Charges

Robert McCoy, 8035 Kaitz St., Center Line, pleaded guilty to reckless operation of an auto before Justice E. M. Bogart. He was fined \$100 and costs.

Alex Nichiporuk, 62 Hamata, Hazel Park, pleaded guilty to the same charges and was fined \$75 and costs by Bogart. The later case, according to Patrolman Eugene King, illustrates the value of radio communication between police units. Nichiporuk was reported driving erratically near Garden City by another motorist when a police broadcast for investigation was picked up by local police.

Michigan Music Company Extends Service to FM Radio In Homes

Muzak, the specially arranged and transcribed "background music" which has been heard in restaurants, shops and other public places for the past 15 years, can now be received by FM radio in the home, over the recently-licensed facilities of WMUZ-FM, Detroit. The announcement was made by James F. Hopkins, president of the Michigan Music Co., Muzak franchise holder for the area.

The new station is on the air 20 hours daily, from 6:30 a.m. to 2:30 a.m., broadcasting on a wavelength of 103.5 megacycles. Excellent reception is reported over a radius of more than 100 miles from Detroit, Hopkins said. As furnished to commercial subscribers over leased wire since 1939—when the Michigan Music Co. pioneered the wired music field outside New York City—Muzak service consisted of

transcribed arrangements and orchestration from the Muzak library.

Tape equipment had been gradually replacing the original disc turntables in recent years, Hopkins said, but the company's tests with the broadcasting of high fidelity sound, since the granting of its license, favored a return to discs. The start of regular broadcasting has been delayed, he said, while the tape equipment was supplanted by turntables of latest design, utilizing wide-range high fidelity transcriptions.

Muzak's WMUZ-FM broadcasts are open to commercial sponsorship. Receivers in the service of subscribers, however, are equipped with automatic silencing circuit, to switch reception off and back on before and after commercial announcements.

National Kraut Packers Ass'n. says that Americans last year consumed more than eight million cases of sauerkraut and an estimated 12 billion wieners. Figures on total revolutions per minute the diners made during the long night hours aren't in yet.

Lloyds of London won't quote life insurance rates on Russia's former premier, Georgi Malenkov. Actuaries apparently think his chances aren't worth a Red cent.

ROYAL APPEAL—Britons recently did a "double take" when they saw this picture, apparently of their beloved Princess Anne, smiling at them from a children's coat ad in "Radio Times," Journal of the British Broadcasting Corporation. The child is actually Susan Mansfield, 4, daughter of a member of USAF personnel. Ad agency plans to team her with a boy who resembles Prince Charles in future eye-popping British promotion.

Cook Electrically

Electric heat is clean as light. So bottoms of pots and pans never have to be laboriously scoured. Stands to reason that kitchen walls and curtains will stay clean longer, too.
