Reasons Why Northville Should Become A City

By the Citizens' Committee for City Incorporation

The differences between changing to the legal status of a city rather than remaining a village are neither tremendous nor mysterious. Making such a change will not alter the character of our community nor have any effect on our schools. Moreover we on this Committee do not claim that such a change is any panacea for all problems present and future. After studying the proposition, however, we do believe there are a number of real advantages to incorporating as a city. And, we do not see any disadvantages to the public from such a change.

The advantages of the Village of Northville incorporating as a city include:

- ELIMINATION OF WASTEFUL DUPLICATION**—Two separate assessments and two boards of review for property located in the present village as well as two separate registration lists for the same voters would be eliminated.
- SIMPLIFICATION OF LOCAL GOVERNMENT**—All local functions will be under a single responsible agency, the city government (just as township residents outside the Village are under only one unit of local government). Residents of the city would elect on a non-partisan ballot one group of officials to be responsible for all purely local government functions.
- ADDED CONVENIENCE**—Individual citizens would have a single location at which to register for elections and vote, only a single registration would need to be maintained in order to be eligible to vote in all elections, all taxes would be payable at the same location, etc.
- IMPROVED CHARTER**—A new charter will be required to replace the present one which all agree is in need of revision and modernization.
- BETTER COURTS**—Only city status will permit basic improvement in the local court system and such improvements can be provided without additional costs.
- REPRESENTATION ON BOARD OF SUPERVISORS**—As a city, Northville will be entitled to membership on the Boards of Supervisors for both Wayne and Oakland Counties. This direct representation of our interests will be without cost to the city and will be in addition to the Townships' representation on the Boards.
- COSTS**—(a) The additional functions which the city would be required to perform can be done more efficiently at lower or no additional costs to the taxpayer.
(b) Township taxes would, of course, be eliminated forever for all residents of the city.
- ADDITIONAL REVENUE**—As a supplemental advantage, Northville as a city would receive substantial income from its rightful share of taxes collected by the State at the local race track. In recent years this would have amounted to nearly as much as the taxes the Village has levied on local property.
Let's face facts! It is said that some people voted against city incorporation two years ago because they feared an increase in taxes. But taxes did increase during the past two years under a continuation of the village form of government.

Fundamentally the cost of government depends on (a) efficiency and (b) adequacy, or in other words, how well things are done and how much is done. Changing to a city will permit greater efficiency—but merely changing to a city does not mean an increase in how much is done. The amount of services and improvements to be provided depends basically on the desire of the citizens making their will felt through their local government—irrespective of whether it be a village or a city form of government. But, in addition to greater efficiency, becoming a city will under present circumstances also provide us with greater revenue from State collected taxes.

Kids Try Sat. for Prizes In Record's Fish Derby

Go! fishing Saturday? It's a common question this week in Northville. Probably it's a needless one, too, because most kids are. And a good many grown-ups too. They'll be found along the banks of the Rouge from the fish hatchery down to Six Mile road, using every kind of tackle, to catch the 5,000 trout that have been planted in the stream during the past two weeks.

After a lapse of a year, the annual spring fishing derby has been revived to give an additional incentive to boys and girls up to 16 years of age to try their luck at one of the oldest and best sports. This year the fishing derby will be handled by the Northville Record, with the aid of 15 local merchants who have contributed many valuable prizes to go to the best (or luckiest) fishermen.

(For a complete list of the prizes to be awarded, and the rules under which the derby will be held, turn to page 11.)
To split up the competition and make it more interesting to both younger and older boys and girls, three age groups will be given prizes for the biggest trout brought to the Record office between 8 a.m. and 4 p.m. Sat., Apr. 30. The junior group will include those up to and including 11 years of age, who will compete for an all-steel tackle box and tackle.

Other Prizes
The intermediate group, from 12 through 14, will try for a 7 1/2 foot glass South Bend fly rod. First prize for the senior group, from 15 through 16, will be a Pre-max fiberglass casting rod with Ronson reel and nylon line.
In addition to the trout competition, there will be a grand prize of a \$25 savings bond for the boy or girl who brings in the largest fish of any kind.
In addition to the first prizes listed above, there will be second, third and fourth prizes for all age groups in the trout fishing derby, and second and third prizes for those landing the biggest fish

Open House May 1 At State Hospital

Northville State Hospital will hold open house Sun., May 1, from 9:30 a.m. to 3:30 p.m. and Ypsilanti State Hospital will hold its open house Wednesday, May 4 from 12 noon until 3:30 p.m. The tours will be conducted by staff members assisted by community volunteers and hospital patients.
This year, the week of May 1-7 has been designated as National Mental Health Week. Charles Wagg, director of the state department of mental health has asked all the hospitals and agencies in his department to celebrate National Mental Health Week by holding an open house program so the community can keep abreast of the accomplishments of the preceding year. This year, the above hospitals are co-operating in this venture in order to furnish groups and individuals first

Retail Merchants Endorse Change to City Government

Members of the Northville Retail Merchants Association at their last meeting gave formal endorsement to the current move to incorporate the village as a city.
After reviewing the arguments in favor of the change, and consideration of the viewpoint of those who oppose the move, members of the association adopted a resolution to the effect that local merchants believe a city form of government will be best able to cope with the problems that will arise as Northville and the surrounding area grow in population.

Methodist Church To Honor Mothers and Daughters

The movie "A Chance to Grow" will be featured at the Mother and Daughter banquet at the Methodist church on May 5. As next week will be Christian Home week in the Methodist churches, this movie appropriately centers around the problems of a mother who gave too much of her strength and time to her family until she learned that they were quite capable of rising to meet an emergency without her.

Mrs. Merner Eilber will welcome the Mothers and Daughters and Mrs. Ivan Hodgson will give the invocation. Musical numbers will be furnished by the Harmony choir, led by Mrs. Hodgson. Mrs. Ray Gregersen will be the toastmistress and Priscilla Older, daughter of Mr. and Mrs. Drake Older, will give the daughters' toast to the mothers.
Awards to the oldest and youngest mothers will be presented as well as awards to the mother with the most daughters and the mother traveling the longest distance and the youngest daughter present.
The women of the church will prepare the dinner. The men will have charge of serving.

"Rip Van Winkle" Scenes Painted By Teachers

About 100 fourth and fifth graders are in the cast of the operetta, "Rip Van Winkle," which will be presented at the Community building Fri., May 29 at 8 p.m. The performance is under the direction of Mrs. Eleanor Burton, grade school music teacher. Miss Margaret Sours is accompanist.
Scenery for the three-act operetta was painted by Stanley Hench, Richard Kay, Stanley Weaver, James Madigan, Mrs. James Huff, Jr., C. T. Pregitzer and Mr. and Mrs. Keith Burton.
Costumes were made by mothers of members of the cast, with the young actors making their hats and Dutch shoes for their appearances.

250 Pupils Sign For Fluoride Treatments

It is possible that the sodium fluoride dental treatment for pupils in the 2nd, 5th, and 8th grades will be given in the first three weeks after the schools close June 10, Miss Ruth Knapp, school nurse, announced this week. She said that 250 children had signed for the series of four treatments.
The school would appreciate the \$3 payment per pupil by May 1, she added. Receipt of the appointment card from the school is intended as a receipt for the money.

Village In Study For U.S. Action On School Needs

The stresses and strains of providing adequate educational facilities for Wayne County were revealed to delegates from Northville and other county schools during the regional version of the White House Conference last Friday, at Cody high school in Detroit.
These conferences are being held throughout the nation as a result of congressional action. They have the support of President Eisenhower, Governor Williams and all the educational leaders in Michigan.
The theme for the conference was deciding what is needed for good schools in Wayne county. The purpose was to bring community leaders together on a regional basis to study urgent educational problems.
Ten discussion groups met for the purpose of framing certain recommendations to be sent to the state conference in Lansing May 18.

The village dump was the scene last Saturday and Sunday of several irate encounters between Northville township residents had three auxiliary Northville police endeavoring to enforce a new village policy barring all except Northville residents from using the dump.
While no arrests were made, 38 township residents were turned away, including R. D. Merriam, a Northville township trustee and member of the township board.
Three persons from Livonia and two from Plymouth also were refused permission to dump refuse.

The move to restrict the dump for exclusive use of villagers was "decided" at the last meeting of the village commission April 18 after Commissioner Malcolm Allen said it is costing the village \$300 a month to maintain the dump and that it is being used by non-village residents.
The village pays Ren Stillwell \$25 per month as caretaker of the dump. The annual rental of the dump is \$100 per year, or \$833 per month. The \$266.66 balance to come up to the \$300 estimate of Commissioner Allen, covers bulldozing the refuse back occasionally and then "pulling wire and other debris out of the bulldozer's caterpillar track", according to (Continued on Page 10)

35mm Camera Club Changes Dates of Meetings

Regular meetings of the Northville 35 mm Camera Club will be held the first and third Thursday of each month instead of weekly, it has been announced by Mrs. Robert Dearing, club president.
At the first of these meetings each month it is planned to present instructions consisting of lectures and slides from Eastman Kodak Co., designed to acquaint beginners with the general idea of picture taking and making.
Subject to be covered at the May 5 meeting will be "Introduction to Picture Making"; June 2, "Tips on Kodachrome and Kodacolor"; July 7, "Filters for Picture Improvement." Additional lectures in this series through next March will be announced later. An added feature of the May 5 meeting will be slides of Alaska, shown by Miss Florence Keith.
This evening at 7:30 Lester Wilson of the Plymouth Photographic Center will speak on the subject of slide procedure and the use of filters before a combined meeting of the 35 mm Camera Club and the High School Camera club at the high school.

George L. Clark, owner of Clark's Hardware, was elected president of the Northville Retail Merchants Ass'n this week by the board of directors. He will serve in that capacity during the coming 1955-56 fiscal year.
Other officers elected for the coming year are: Vice-president,

Essie Nirder, manager of the Northville D & C Store; treasurer, Harry Himmelstein, owner of Brader's Department Store, and secretary, Mildred Doran.

Clark entered the hardware business in Northville 10 years ago. He has served 1 term as a member of the Northville board of education.

Clark was the first merchant in this area to change over his store to a serve-self basis.
He made the move 2 years ago, and was among the first hardware merchants in the country to adopt this form of merchandising.

New members of the board of directors for the next three years are Clark, Dick Ritchie, partner in Laundromat, and Ernie Morrison, owner of Famous Store.
Directors whose terms carry over from last year are Himmelstein, Nirder, Roy Stone, Carl Johnson and Monty Ellis.

Committee chairmen for the coming year are Bernie Morrison, Home Town Bargain Days; Leonard V. Smith, Christmas promotion; Harvey Ritchie, publicity; Nelson Schrader, parking and alleys; Roy Stone, new industries and business; Harry Himmelstein, budget committee; Carl Johnson, membership and attendance; Monty Ellis, customer credit committee; Dick Ritchie, house committee.

NORTHVILLE EXCHANGE CLUB IS 34 YEARS OLD—When the Northville Exchange club celebrated its 34th anniversary, two charter members and past presidents, Elmer Smith and Dr. E. B. Cavell were present. From left: Smith, Charles Bahnmiller, president; Mrs. Bahnmiller, Mrs. Cavell, and Cavell.

Patrol Boy Does Man-Sized Job

Taking charge of traffic safety and maintaining peace and order among a bus load of 33 high-spirited kindergarten children is the man-sized job being done by Dennis Snow, 8th grade student at Novi Public school. Dennis is shown above assisting his camera shy young charges on board the school bus for their homeward trip. Each noon, Dennis devotes his time to acting as safety patrol on the kindergarten bus, assisting Driver Fred Loynes. The children shown above are, left to right, Billy Groves, Ike Gross, Janice Pantalome, Lauralie Hunt, and Carey Joe Stevenson. Dennis is the son of Mr. and Mrs. Royal Snow of 24880 Novi Rd.

3 Subdivisions Approved By Novi Township Board

Three subdivision plats, including a portion of the 80-acre Yerkes property, were approved by the Novi Township Board at a special meeting Monday evening. In addition to the Yerkes property, approval was granted for an additional 12-lot development on Glenn Salow's Walnut Hill farm at the northeast corner of 10 Mile and Taft roads, and for 8 lots on the Seeley property at 11 Mile and Seeley roads. The plat map for the Seeley homesites shows plans for a potential future development of approximately 60 additional homesites. The 28-lot tract on the Yerkes

property approved Monday night lies between 8 Mile Rd. and Carley Ave. just east of Novi Ave. The homes will be built facing two dead-end streets which will run east off Novi Ave. Initial plans, according to the D&R Building Co., developers of the property, call for the immediate erection of 4 model homes on the newly approved tract. The average cost of these homes will be in the \$14,500 bracket. The township board also announced that effective with the next meeting, May 2, board meetings will be held twice each month, on the first and third Monday evenings.

Plans For Fair At School May 6 Near Completion

Final plans are being made by the committee and teachers in charge of the annual Novi School Fair at the Community Bldg. on Friday, May 6, from 7-9:30 p.m. Parents and others interested have been busy preparing for it. Articles, except perishables may be sent to the school starting this week. The gift and toy shop and grab bag room would like their articles as soon as possible because of wrapping and sorting. Latest information on the doll exhibit indicates that admission to the exhibit itself will be worth

one vote. The top six dolls will get prizes.

The program will include group dancing at 7. Then grades three through eight will each have one special number. At 7:30 there will be another group dance.

The seventh grade features souvenirs such as lapel pins, pennants, coin purses, marble bags and book marks. There will be a display in Harnden's store after Monday. There will also be a dart game, fish toss and bowling in this room.

MSU's Sponberg Named Speaker For Graduation

Dr. Harold E. Sponberg will be the speaker for graduation exercises for the eighth grade class at Novi public school. The exer-

cises will be held on June 1 at the Community Bldg. Sponberg served as executive

secretary of the National 4-H Club Foundation in Washington, in which assignment he designed a national citizenship training program for the 4-H club and procured \$80,000 grant for its operation. He developed financial resources to the extent of a quarter of a million dollars for the International Farm Youth Exchange program. He is currently serving the Foundation as a research consultant in Human Relations and Human Development.

Born in New Richland, Minn., Sponberg received his B.A. degree from Gustavus Adolphus college, St. Peter, Minn., in 1940; his M.A. degree from the University of Minnesota, Minneapolis, in 1942; and his Ph. D. degree from Michigan State university in 1952.

He came to MSC in 1946 after completing a four-year tour of duty in the U.S. Navy during World War II. A senior grade lieutenant, Sponberg served on active war patrol with the navy submarine forces, was decorated for meritorious service and participated in the surrender of Japan.

In 1950 he won the U.S. Chamber of Commerce national speech contest. For three years he was director of the college unit of the United Community Chest.

POLICE RADIO IN ACTION—Miss Viola Tamm, Novi township secretary, contacts one of the township's patrol cars over the 2-way radio communications system recently installed in the township offices at 25850 Novi Rd. With the call letters KQE-809 and a broadcasting frequency of 155.37 megacycles, Novi becomes the 17th station in Oakland county law enforcement network.

Novi's 2-Way Radio Linked With 16 Other Police Units

Novi township's 2-way radio communications system was put into operation last week with the installation of a 30-foot tower on the township hall.

The system, designed primarily for police and fire department messages can also be used in times of disaster or for civil defense, according to Lee BeGole, director of safety.

Operating on a frequency of 155.37 megacycles, the station's call letters are KQE-809. However, it is better known as station number 17 in the Oakland county radio network. Sixteen other law enforcement agencies in the county including the sheriff's department and the city of Pontiac also operate on the same frequency.

At present, the 2-way sending and receiving sets are installed

in the township patrol car, in BeGole's patrol car, and in the fire engine.

The center of operations for the station is in the office of the township secretary, Miss Viola Tamm, where a record or log is kept of all incoming or outgoing calls.

In addition to being able to instantly communicate with any of the other 16 stations on the network, the system also allows car to car communication.

Chapman School Votes To Merge With Northville

Chapman school at Taft and Nine Mile roads is proceeding with plans to annex with the Northville school system after a special meeting of the latter school district voted to continue with plans to affiliate with Northville, 34-1.

Prior to the balloting, the problems of the already overtaxed district were discussed, according to William B. Templeton, head of the Chapman district school board.

Several weeks ago members of the Chapman district board at-

tended a meeting of the Northville board of education to discuss the possibilities of merging with the village system.

The Northville board agreed that annexation would be welcome, if permission could be obtained from the state department of public instruction and other steps affecting both areas could be worked out satisfactorily.

HOTTEST-SELLING BUICK IN HISTORY
No wonder you see so many '55 Buicks on the highway — they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Original equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. High one bargain, such as Heater & Defroster... \$81.70 Radio & Antenna... \$92.50

UNLESS we miss our guess, a lot of surprised people are going to do some new back-of-an-envelope arithmetic when they see the Buick price shown here.

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick SPECIAL 2-door, 6-passenger Sedan and the leading smaller cars has virtually disappeared.

Buick Sales Are Soaring As Never Before

But more and more of them are finding it out. And that's a major reason why Buick production and Buick sales are soaring to all-time highs today—and why Buick again is outselling all other cars, regardless of price range, except two of the well-known smaller cars.

Big reason, too, for this soaring

popularity is Buick's full line of automobiles, giving you a choice in any price class — the rock-bottom-priced SPECIAL, the high-powered CENTURY, the supremely spacious SUPER, and the custom-built ROADMASTER.

But above all, more and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynaflo†—the new wonder drive born of modern aeronautics to give you instant full-power getaway and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-pilot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

†Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Baird Pilots Plane On 6,500 Mile Trip

Jim Baird, 44520 12 Mile Rd., left Saturday morning on a 6,500 mile flying trip to the southwestern part of the United States and Mexico. Accompanying Baird, who pilots his own 4-passenger airplane, were Mr. and Mrs. William Alrich and Mr. and Mrs. Dale Mescrow of Ferndale. Alrich also piloted his own plane. They left Detroit's McKinley airport early Saturday morning on the first leg of their trip. Baird estimated the trip would take approximately three weeks.

Novi School News

The sixth, seventh and eighth grades are working on a poster contest, white clover, sponsored by the Novi AmVets.

Dorothy Boyer, Novi school spelling bee champion, and runner-ups, Martha Goodfellow and Donna Lien, attended the district spelling bee at Milford Friday. Dorothy was the tenth speller to go down.

The seventh and eighth grade boys have an organized baseball team this spring with Mr. Griffith acting as coach.

Novi 4-H Notes

The Novi Country Slicks had a skating party at Walled Lake last Tuesday evening. Other clubs invited were the Nu-ly-wixs, Lucky Leafs Jr. and Sr. of Northville and the Wixom girls 4-H club.

At the recent county 4-H Fair, Marilyn Sharpe and Donna Frisbie won top honors in the dress review. They were also on the honor list for the quality of their sewing.

Janet Tierman won county award in 4-H girl club and Kenne Wimmer of the Lucky Leaf club took top honors in electrical and handicraft.

Junior leaders of the Novi 4-H club girls Donna Frisbie, Marilyn Sharpe, Rosemarie Willis, Sue Tobin and Janet Stephans met at the home of their leader, Mrs. James Wimmer, Tuesday evening to discuss plans for their program for the coming summer.

Walled Lake Couple Married 25 Years

Mr. and Mrs. Hilton Murdock of Walled Lake will hold open house at their farm, 41325 Thirteenth Mile Rd. Sunday to celebrate their 25th wedding anniversary.

Mr. Murdock has lived on the same farm all but eight years of his life and his mother, Mrs. Clara Murdock, resides in a house on the farm also. The Murdocks have two children: a daughter Mrs. Donald Hogue of Northville and one son, Aden, who lives at home.

Carlson-Myers Rites Held In Detroit Sat., April 16

Mr. and Mrs. William Myers

A tiara of seed pearl trim held in place Veronica Carlson's illusion fingertip veil for her marriage to William S. Myers on April 16. Her ballerina length gown was of white nylon lace over taffeta. The fitted bodice was styled with long sleeves and a turned back collar of lace. She carried a cascade of white stephanotis, orchid and fern.

o'clock morning rites before 150 wedding guests at St. Robert Bellarmine church on Chicago Blvd. in Detroit.

Veronica is the daughter of Mr. and Mrs. Henry Carlson of Fordson Highway, Dearborn. Her husband's parents are Mr. and Mrs. Stanley Myers of 411 Yerkes St., Northville.

Maid of honor was Carol Lumetta of Garden City and Mar-

cia Jones, also of Dearborn, was bridesmaid. Both attendants wore pale blue ballerina gowns of lace over taffeta and tiaras of flowers. They carried colonial bouquets of pink flowers.

Yvonne La Prise of Dearborn, niece of the bride, was the flower girl and wore a frock of aqua taffeta and carried a cascade bouquet.

Russell Palmer was best man. Seating the guests were Don Blair and Eugene Bongiovanni, both of Northville; Joseph Carlson, brother of the bride, and Joseph Lumetta of Dearborn.

Mrs. Carlson chose a gown of gold paper taffeta and wore an orchid corsage. The bridegroom's mother wore a grey lace gown and an orchid corsage.

A wedding breakfast for the bridal party at the bride's home in Dearborn followed the wedding and an evening reception was held at the Leon Gagner home on E. Seven Mile Rd.

After a wedding trip to Niagara Falls, the young couple will make their home on Novi Rd. Mr. Myers is employed by the Orson Atchinson Motor Sales Co.

Winners Named In Bike Contest

Winners of the Bicycle Safety Education contest for the third grade at the Scout Bldg. were announced last week by Mrs. Robert Dearing, parent sponsor, and Mrs. Pearl Hensch, class teacher. In first place were Elisa Batzer and Mary Logeman. Honorable mention went to Mary Jane Cross and Dianne Steiner.

The prizes were awarded on a basis of improvement in bicycles after being returned for a final inspection after previous suggestions on improvement for rideability and safety features.

Earlier a similar contest was staged for fourth graders in the building.

The record week for total pints of blood donated to the American Red Cross during World War II was June 5 through 10, 1944, when 123,284 pints were procured, following the invasion of the coast of Normandy in France.

MARRIED FIFTY YEARS—Mr. and Mrs. William Scharchburg, 238 Linden St., celebrated their 50th wedding anniversary Saturday at a family dinner at Black's White House. They were married in Bad Axe. Mrs. Scharchburg was formerly Miss Maude Sober of Greenleaf, Mich. The Scharchburgs have lived in Northville for 37 years, where he has been in the wood products manufacturing business. They are the parents of three children, all of whom reside here: Harvey, Donald and Mrs. Edwin H. Beard. There are two grandchildren, Richard and Martin.

By the congressional charter granted the American Red Cross in 1955, all Red Cross accounts are audited by the Defense Department of the United States government.

Last year 907,000 families throughout the United States were given Red Cross assistance

Only Shell Premium with TCP

gives you the full benefit of High Octane Gasoline

If it weren't for the fact that most of our driving is local driving—short trip driving—any good high octane gasoline would do a fine job in today's more powerful engines.

But this kind of driving increases the formation of certain deposits within the combustion chambers. These deposits, if not neutralized, rob even the finest engines of a considerable amount of their power.

And high octane alone will not keep high compression engines delivering their full power. To overcome deposits, these engines need a gasoline with a special kind of additive.

Here's why:

As your engine warms up, these deposits warm up, too—glow red hot. And these glowing particles act like hot coals—ignite the gasoline mixture ahead of time . . . before the pistons reach proper firing position. This is called pre-firing and means that power works against you instead of for you.

In addition, these same deposits have another power-wasting effect: They foul spark plugs, causing your engine to miss.

Engineers will tell you there's nothing more wasteful of power and gasoline than pre-firing and spark plug "miss."

But there is an answer—there's one high octane gasoline that gives you all the advantages of high octane without the power-crippling effects of these deposits—Shell Premium Gasoline with TCP*.

TCP, the Shell-developed additive, fireproofs the deposits so that they no longer cause pre-firing. No longer can they glow red hot and ignite the gasoline mixture. And TCP stops spark plug "miss," too. Your spark plugs do the job they are supposed to do.

Start getting the full power built into your engine. Get Shell Premium with TCP. It's the most powerful gasoline your car can use!

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

SHELL Only Shell Premium Gasoline has both TCP and High Octane!

Dump Ban ...

(Continued from Page 1)

to Allen and Public Works Superintendent Herman Hartner, Jr. No Formal Resolution

Minutes of the commission meeting show that no formal resolution was adopted on closing the dump to outsiders, Clerk Mary Alexander said. Instead, the "decision" followed Allen's report about non-residents and a general discussion of the desirability of keeping them out.

Police Chief Joseph Denton said he was instructed by the commission to post auxiliary police at the entrance to the dump and at the south end. The first officer was told to examine the driver's license of everyone who sought to use the dump and take down the names and addresses. The only exceptions to this compulsory showing of driver's license, Denton said, were individuals known personally to the officer.

The second officer, stationed at the far end of the dump, directed users to dispose of their refuse in certain specified spots, Denton said.

Because of the protests of township residents who say the village could have worked out an arrangement for joint maintenance of the dump if it had approached the township board with a reasonable proposal, a "few" mem-

bers of the village commission will meet informally with a "few" members of the township board tonight (Thursday) to talk over the situation.

Hopeful for Compromise

Members of both groups are hopeful that a compromise can be worked out to enable township residents to share the expense and convenience of operating the dump on a partnership basis.

Results of the Thursday evening meeting will be reported back to the Village Commission at its regular meeting next Monday, and to the Township Board at its regular meeting the following evening.

As this is written Tuesday, no change has been announced by the village in its intention to keep special police stationed at the dump this coming Saturday and Sunday.

The special officers employed last week-end were Edgar Wilder, Robert Moe and George Stanford.

Mr. and Mrs. Ed Barnes and Judy, returned Saturday from a three weeks vacation at Fort Lauderdale, Fla.

They attended the "Night in Venice" Regatta, one of the highlights of the winter season in Fort Lauderdale.

Obituaries

Mrs. William Thayer Buried Saturday

Mrs. William Thayer, one of Northville's best known residents, died April 21 at the age of 89. Her father, Sylvester Sober, was a prosperous farmer in Washtenaw county for many years and his farm was an original land grant from the U.S. Government which was established by his father who came here from New York State in 1826. Elizabeth Sober was born on this farm Nov. 28, 1865 and had always lived in or near Northville. Her mother was Lydia Dennis.

Mr. and Mrs. Thayer were married in 1890. They lived in Detroit for 12 years and moved to Northville in 1911 where Thayer was superintendent of the fish hatchery and where they lived for 19 years. Mrs. Thayer has lived with her daughter and son-in-law, Mr. and Mrs. Carl Bryan, since 1930.

Funeral services were held Saturday at 3:30 from the Casterline Funeral home with the Rev. John O. Taxis officiating. Burial was in Rural Hill mausoleum.

"Annual Day" Program Set For May 3

Mrs. Samuel Geraci, publicity chairman of the Wayne County Home Demonstration group of Michigan State university, will be cited on the Myrtle Labbitt radio program on CKLW May 2 at 10 a.m. Mrs. Labbitt will also salute Mrs. Eleanore Mulikin, assistant Wayne county home demonstration agent for her work in the group.

Celebrating her birthday at 2 p.m. on CKLW-TV, Channel 9, Mrs. Labbitt has asked Mrs. Geraci to preside at tea, with Mrs. Mulikin as her guest. Mrs. Labbitt will be presented with a

MRS. SAMUEL GERACI birthday cake from the extension women.

On May 3 Wayne County Home Demonstration groups will hold their "Annual Day" at St. Paul's Evangelical and Reform church at Taylor Center. They chose that date because May 1-7 is National Home Demonstration Week.

In addition to saluting National Demonstration Week, the council wishes to pay tribute to Michigan State university, which is celebrating its centennial year.

Interests Varied During the past year the women chose for their study program—"Effective Use of Time and

MRS. MYRTLE LABBITT Energy in Home Management", "Modern Clothes Care", "Living Together in the Community" for parent education and child development, "Seasonal Salads", "Selection of Furniture", and "The United Nations in the Layman's Language".

A few individuals enrolled in a special clothing project to learn how to make "Children's Garments" while some others learned "how to Refinish Furniture".

Mrs. Oren Hunter, who represented the Home Demonstration Council in Washington at the national meeting will give the highlights of the results achieved there.

Helen M. Martin, research geological survey division of the state conservation department, Lansing, will speak on "The Influence of Michigan Minerals On Our Way of Life".

Salute For MSU The afternoon speaker will be an extension member from Flat Rock who made a pilgrimage to the Holy Land for Easter, 1954. Her topic, "Once In A Life Time" will be accompanied by colored slides that she and her husband took while in Jerusalem and enroute. Mrs. Leona MacLeod, state home demonstration leader from MSU will highlight "State's" Centennial year.

Polly McSparron, MSU home industries specialist, will explain to the homemakers her newly launched craft project for extension women. She will also display an exhibit of good crafts. The Wayne County Extension staff members will also be in attendance throughout the day.

tion to be promoted by the national government in regard to improving our educational program. Robert Coolman, president of the Northville board of education, will represent the village at the Lansing session.

Northville's school situation, although not as serious as many of the school districts in the county, does parallel to some extent the problems faced by many areas in Wayne County.

The consensus of opinions of Northville delegates to the regional conference is summed up in the statements of Mrs. Harry Wagenschutz, school board member, and George Clark, chairman of the advisory committee to the Northville school board, delegates to the regional parley.

Mrs. Wagenschutz is quoted, "I feel that Northville schools are very fortunate in that we do not have some of the problems such as half-day sessions that are constant worries of many of our neighboring communities. However, we have to keep working unceasingly or we, too, will be faced with such problems."

"Rude Awakening" George Clark says, "I believe the fact that most impressed me, which was brought out at this regional conference, was that there are as many children under five years of age today as there were

children in school ten years ago. "There will be a rude awakening when the public absorbs these figures and realizes the terrifically enlarged educational system needed in this country. Although Northville has the problem of increased student enrollment it is not as great as many other school districts in this area. We are indeed fortunate to have the awakened thought of a forward looking school board whose planning is evidenced by its present program.

Mrs. William Milne, Mrs. George

Zerbel, Mrs. John Clarke, Robert Schafer and Russell Amerman complete the list of delegates who attended the conference.

Mark Seeley, 95 Died Tuesday

Mark Seeley, one of Northville's oldest residents, died Tuesday evening at the Pleasant Rest Convalescent home in Wayne, at the age of 95.

Funeral services will be held Friday at 2 p.m. at the Casterline Funeral home.

Northville Takes 7 Places In First Track Venture

Last week the Mustang track team entered its first two meets of the 1955 season. Wednesday against Thurston and Huron it won the following seven places:

Second places were won by Chapman in 220; Wiley in 880. Northville's medley relay team of Banks, Yahne, Chapman and Rathburn won their event.

Friday against Clawson and Lake Orion the going was tougher; Geer in the 440, Skow in the mile; Wagenschutz in shot put; Chapman in 220 were able to get only 4th places.

Members of the Northville team who haven't been in the money yet but are expected to improve are Fisher, Hamer, Mosher and Pratt, according to Yahne.

Remaining meets on the Northville high school schedule are West Bloomfield, May 3; Wayne-Oakland County league, May 10, and Clarenceville, May 18.

Mr. and Mrs. Charles Meyers celebrated their 50th wedding anniversary Apr. 5, with an Open house at their home on Church St. Fifty of their friends came to congratulate them from Detroit, Sunfield, Pontiac and Northville. Their most pleasant surprise was a bouquet of sweet peas which was flown by air mail from California.
The Meyers were married in 1905 and lived in Grand Ledge for eight years before moving to Northville. Meyers worked for several years for the Globe company here and recently has been janitor for the Presbyterian church and the post office.

On a visit here with his son, Edsel, Henry Ford said that Northville would have a new valve plant. With other Ford officials they checked the property at the foot of E. Main St. and water levels in the Middle Rouge

Kay Finds Tape Recordings Spur Pupils' Interests
The grade school has no public address system, no school newspaper and no large auditorium to spread school news, discuss school problems and present activities. So a resourceful teacher, Richard Kay, and his sixth grade class, devised an ingenious system of using an audio visual aid, tape-recorder, to meet these needs.
The idea started by reading stories from text books and recording them. Then plays were made from some stories. Fred Steeper wrote an original story which was recorded, then other children came up with some of their own.
The idea has developed to such an extent that now there are two serials running: one a comedy and one on sports.
The plan was integrated with social studies. The room was divided into four parts: science, sports, health and safety, and fiction and comics. Each group is responsible for reporting on his own area.
Other Rooms Participate
Bringing in another part of their program, art, the children painted a large colorful mural which featured the four areas. Below the mural hangs the bulletin board and it is devoted to up-to-date news on each area. The children initiated their own "Station", NGSK-28 (Northville Grade School Kay) and an appropriate slogan, "Listen and Appreciate NGSK-28".
The project was not restricted to the classroom. Children from other rooms were included. The tapes were heard by the other grades. Interviews have been held with Miss Ruth Knapp, school nurse, on health and with the players after their baseball games. The recorder was hidden and used in a "candid mike" fashion to catch Mrs. Eleanor Burton's choir practice and some conversation at the savings stamp table.
Fred Steeper, Bill Hills, Steve Willis, Emilie Wilson, David Hay, Bill Niemi, Mimi McLaughlin and Kent Frid deserve special praise for their creative efforts in writing, announcing and art work.
Group cooperation and organization along with independent thinking and responsibility are of utmost importance in a project like this. Without them the activity fails, according to Kay. It is a democratic way of teaching because the activity is carried on by the students, not by their teacher.
Students Carry Ball
He is there to help them and guide them, but it is their responsibility to carry the ball. When an activity fails, it is the student's failure, not the teacher's. So they have a real stake in it, and when the activity is a success, it is the children's achievement—one in which they can take pride. An important factor of this plan is that it is tied up directly with what the children are studying.
More of their capacity for learning is used and their enthusiasm is much keener because the project takes in their interests.
The big objective of the plan is to have a better understanding of some of the school problems. It is difficult to think of a better way to catch the imagination of the children in developing responsibility towards school problems. The most recent project scheduled was a special events program devoted to playground problems.

It's WHERE you buy a used car that counts and You can DEPEND on FORD DEALER USED CARS and TRUCKS
It stands to reason a Dealer you can trust sells a used car you can trust.
We Ford Dealers are established businessmen. We don't depend upon used car profits to stay in business, and we can price our used cars at rock bottom. Actually it's good business for us to keep prices low. For we have to make room for a constant stream of trade-ins.

When thou doest thine alms do not sound a trumpet before thee.—(Matthew 6, 2.)

When you do a good turn to someone and then, to satisfy your vanity, inform him about it, you have done more harm than good, because you have injured his self respect. Kindness done without thought of reward is in the spirit of Our Lord.

"JUDGE, I'M GUILTY"

A few weeks ago a man charged with breaking into a bank said that he was in perfect health when he committed the crime, that he did not suffer from blackouts or dementia praecox and was not in need of psychiatric treatments. "I just did it for the money" was the reason given. In this day and age we have some penologists who seek to excuse crime on the basis that it arises from mental ill health instead of a sinful heart. Once in a while we find a person who is willing to admit that he is a sinner. It's very humbling experience for man to come to the place where he admits before God that God's Word is true when it says, "All have sinned and come short of the glory of God". That this statement is true of everyone is hard for certain people to understand. One need not commit great crimes to be a criminal—one offense is enough. So James 2:10 says, "Whosoever shall keep the whole law, and yet offend in one point, he is guilty of all." One of the first steps in repentance which precedes faith is a consciousness of being a sinner. When you see yourself a sinner, then you will be able to see that you need a Saviour.

7th Grade Wins Britton Trophy In Vote Drive

The ability to produce the most proof of its effectiveness in the "Get-Out-The-Vote" campaign in the spring election makes the seventh grade the new holder of the D. Harper Britton trophy.

Mrs. Ida B. Cook is home room teacher of the seventh grade, which had the highest number of

returned tickets in the Optimist club sponsored drive to get persons to the polls. Joseph Crupi was chairman of activity for the club.

Before the election, about 3,600 slips were given to students to distribute in their homes and among friends and neighbors with the message, "I Voted".

Recipients of the slips were asked to deposit them when they cast their ballots for return to the school, as evidence that the student drive had its effect on the electorate. The returns totaled 408, according to Assistant High

School Principal Frederick Stefanski.

Crupi, chairman of the Americanism committee of the Optimist club, told High School Principal E. V. Ellison: "The recent 'Get-Out-The-Vote Campaign' exemplified the cooperation and enthusiasm with which Northville youths respond to the challenge—to the task of maintaining and bettering American heritages and way-of-life.

"It is our belief that the efforts of the students were instrumental in a greater than normal turnout in this off-year election."

U-M Students Describe Chile, India, Lebanon

The last of the Co-ordinating Council lecture series was held Thursday evening at the Community Bldg. with three University of Michigan foreign students speaking about their countries.

Joaquin Sinek, from Valparaiso, Chile, a chemical engineer, who spoke with a clear British accent, having studied three years in England, gave a graphic picture of the topography of Chile, its political and economic status and educational and medical programs.

He stated that the educational system is under government control, the government owning the universities and schools and although it is influenced somewhat by politics, the key men in control are not changed with the change in administration every six years. When asked the chief source of revenue, he replied that it was the exporting of copper.

Before the war, nitrate was one of the main sources of revenue but when Germany was deprived of this necessary chemical in the manufacture of explosives, their scientists perfected synthetic nitrate, a process that was later imitated by other countries, which, of course, caused the bottom to drop out of the nitrate market in Chile.

He stated that with 3,000 miles of coast line, fishing could be made a national industry but would involve the building of large canning factories and the establishing of markets. This

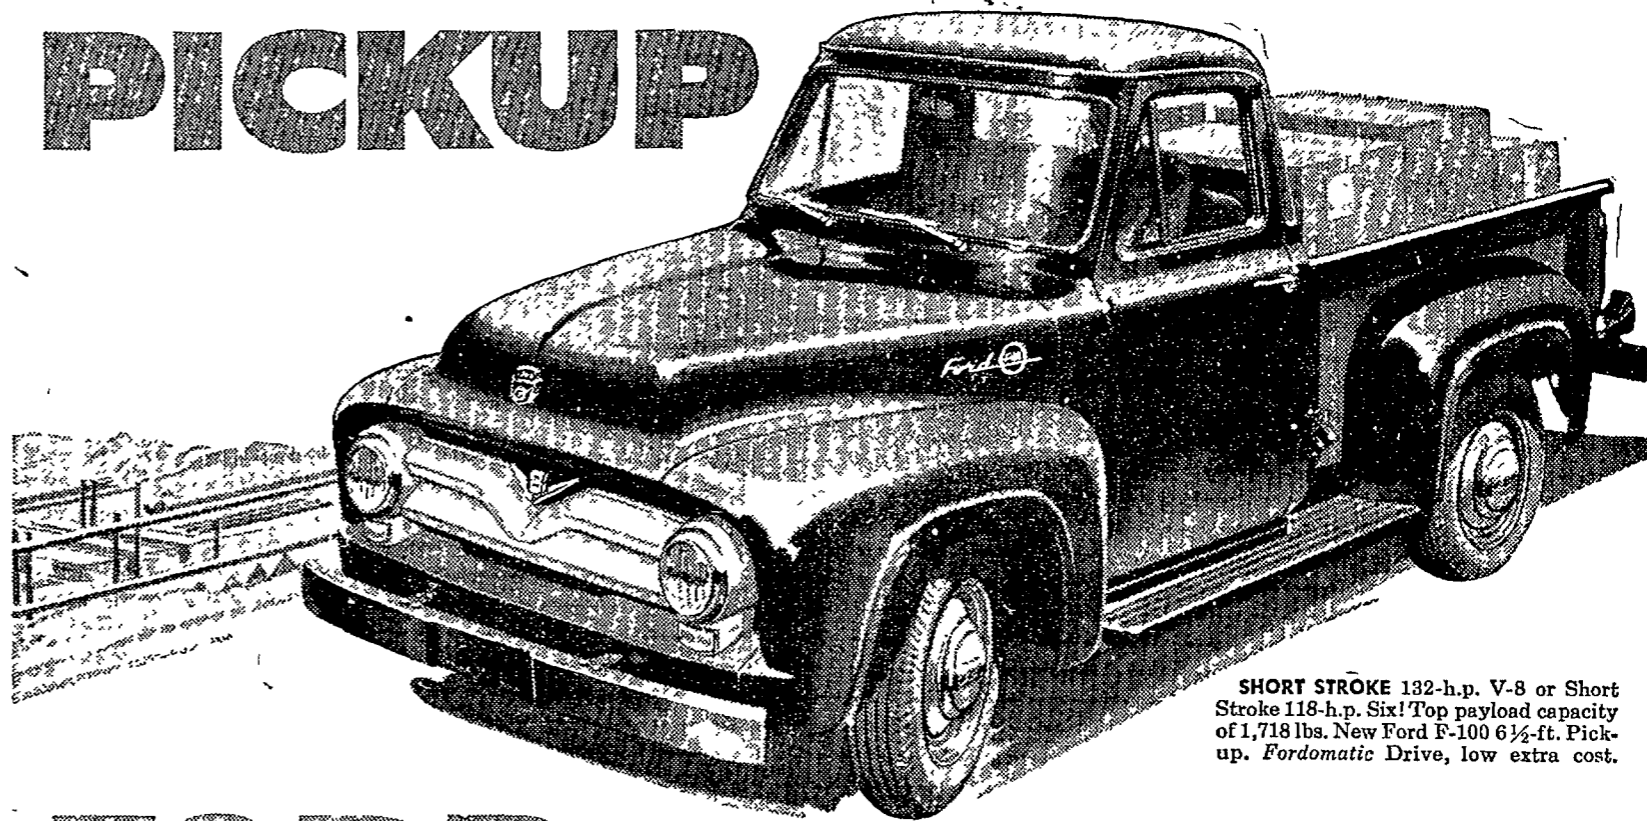

would take some 20 or 30 years. Surrendra Purchit of Jodhpur, India, the son of a doctor, is studying physics at the university. Most of the world is familiar with the economic, political and educational problems of India. One educational problem he mentioned was the lack of literacy in the outlying villages. He feels that with rural electrification and improved transportation facilities, eventually the villages and cities will be more closely linked and illiteracy will decrease. He feels it would take 40 or 50 years to effect a program of this magnitude.

Richard Muriby from Tripoli, Lebanon is completing his second year at Ann Arbor in the study of anthropology. Lebanon is a small country, 100 miles long and 25 miles wide and mountainous, with a population of a million and a half. When asked the principal resources he replied that there were none. He stated that an oil well was drilled there at one time but nothing ever came of it.

Goods passing through this small country accounts for most of the revenue. He was enthusiastic about the climate and the ability to leave a tropical climate and within a few hours be in snow capped mountains. He was educated in an American missionary school in Beirut and also attended school in Turkey.

All three young men received degrees from their various colleges before coming to the United States to pursue further education at the University of Michigan. All three were impressed with the Community Bldg. and its facilities as compared to what was available in their home countries.
