Interesting sight this morning, and many other times, is the Northville police car parked behind the bushes up the hill on Sheldon Road just south of the Edward Hines Drive, with the driver on the lookout for some unwary motorist who ignores the "Stop" signs at the corner. If the object is to insure that drivers will comply with the sign, it might be more effective for the police car to park in the open where they could see it. Probably the whole subject is of little consequence. The only reason we mention it is that there is a considerable body of opinion in America that effective law enforcement can be had in other ways than hiding behind bushes.

The agreement reached between village and township officials for sharing the expense and use of the village dump was an interesting illustration of the old adage that hindsight is better than foresight. Doubtless every member of the village commission acted honestly and with the very best of intentions when the decision was made to ban township residents from using the dump. Now that the situation has been ironed out, and misunderstandings cleared away, the sooner the village's snafu is forgotten, the better.

We received from a friend the other day an interesting document that we pass along as a warning to everyone dealing with life insurance companies. It is

headed "Memorandum for Agent." The second line says: "This form not to be given to policyholder." The third line says: "This premium has not been paid."

The notice related to a premium which the policyholder had forgotten to pay on the due date, and upon which the 30-day grace period had nearly expired. Apparently, the insurance company would have preferred that the policyholder keep on forgetting about the payment being due until after the grace period had expired. At that time his insurance would also have expired. Just as an added precaution that its agent would not warn the policyholder, the notice also carried a rubber stamp warning: "This notice is not to be directed to the insured." The company involved was the Aetna Life Insurance Company.

There are a lot of parents in Northville who will agree with us that the promotions of Harry Smith to the position of grade school principal, and Dick Kay to assistant grade school principal, were well merited by both men. Each has been outstanding as a teacher and as a coach for Northville football and basketball teams. We may be assured that they will continue to exert their best efforts when they take over their new responsibilities next fall.

It couldn't have happened to two nicer fellows.

Reasons Why Northville Should Become A City

By Citizens Committee on City Incorporation

Last week's article on city incorporation touched briefly upon the additional revenue which Northville would receive from the state if it were to become a city. It would get 20% of the taxes which the state collects on pari-mutuel betting at Northville Downs. This would have amounted to approximately \$80,000 last year, to supplement the \$90,000 which the village levied in property taxes.

Strangely, Northville has ignored its opportunity to realize large sums each year from racing conducted within its village limits. More than half a million dollars could have been collected since racing started here, and put to excellent use in improving village streets, the water system and a lot of other things that have needed doing.

Or, if the people had so desired, some of these improvements could have been foregone, and the money available from racing could have been used and taxes kept down correspondingly.

There are those here who have felt that racing was just a temporary thing for Northville. They have said: "It will be kicked out in a year or so, so let's not get mixed up in any city form of government." Their reason for not wanting to become a city has been a fear that this will mean higher taxes. Now, at the end of eight years, we can look back and see that their reasoning has been wrong in both respects.

MEETING MONDAY, MAY 9

The public is invited to attend a meeting at the Community building Mon., May 9 at 8 p.m. when questions regarding Northville's adopting a city charter will be answered by members of the Citizens' Committee for City Incorporation. In addition, to discussing questions, two representatives from the Michigan Municipal League will be on the program.

\$83,000 Passed Up

1. Northville Downs is still operating and, as the racing commissioner's report said last year, "Northville would have been entitled to receive in 1954 (approximately \$83,000) if it was an incorporated city."

2. Taxes have gone up even though Northville has remained a village.

The one thing that it is hard to get people to realize is that it is not the mere act of becoming a city that causes taxes to rise. Rather, it is the demand by the people for improvements to their streets, for the extensions of the water system, better lighting and a host of other municipal services, that brings increased operating costs. These have come, even for the village, and they will continue in the future, whether we remain a village or become a city. They will come just as fast, or as slowly, as the voters indicate to the village or city commission.

There is no need for taxes to go up JUST BECAUSE NORTHVILLE BECOMES A CITY. Quite the contrary should be true, for by voting to become a city we can get from the state this summer approximately \$80,000 to sup-

City Charter OK Is Withheld by Village Commission

The village commission balked Monday night when Harvey Ritchie and Mrs. A. C. Carlson, representing the Citizens Committee for City Incorporation, asked it to back formally, the movement for the village to adopt a city charter. The proposal will be voted upon at a special election Monday, May 23.

Quick to come out against endorsement was Mayor Claude N. Ely. Although the names of four members of the commission, Malcolm Allen, Earl Reed, John F. Stubenvoll and Ed Welch are on petitions for the city charter commission which would implement the change in government, if the proposal carries, Ely contended that "everyone has the right to his opinion. We represent all the people. If any commissioner wants to speak in favor, it is up to him."

Reed suggested that the Citizens Committee contact each member of the commission. Stubenvoll was absent because of business. Commissioner F. Alton Peters' reaction was that the village commission had implied endorsement of the switch to a city charter by its actions of the past in voting for the machinery necessary to bring the matter to a vote.

Twp. Uses Dump; Joint Operation Now Under Study

Residents of Northville Township and the Village of Northville will hereafter share the privilege of using the village dump and the cost of maintaining it.

Spurred by strong and numerous protests from township residents who were refused use of the dump, a group of city officials met informally last Thursday with representatives of the township board of trustees and laid the groundwork for a solution to be presented to their respective bodies at regular meetings Monday and Tuesday, this week. It was at this meeting that the agreement was reached.

Present at the meeting were Mayor Claude N. Ely, and Village Commissioners A. Malcolm Allen and F. Alton Peters, Township Supervisor Mrs. Mollie Lawrence, Township Trustee Ralph Hay and Township Attorney, James Littell. Highly Pleased

Allen told the village commission at its meeting Monday night that the group was highly pleased with the township's understanding of the problems in connection with operation of the dump and offered to cooperate.

It immediately offered, through Trustee Hay to pay for half the estimated \$300 for repairs to the bulldozer used at the dump and the \$48 cost of auxiliary policemen stationed there last weekend and this coming weekend to check residential locations.

The village also reported that the township was willing to go along on joint operation of the dump. A township share of one-

L. Braders; child's 10-inch tricycle, Clark's Hardware; (Continued on Page 10)

Parents Are Urged To List Names For Kindergarten

Parents of children in kindergarten age are urged to register prospective pupils for this grade at the Northville grade school Thurs., May 12 between 8:30 a.m. and 3:30 p.m., Elementary School Principal C. T. Pregitzer, announced this week.

If parents cannot make arrangements on that date, they are asked to call the grade school principal's office so that an appointment can be made.

Children five years of age on or before Dec. 1, 1955, are eligible for school attendance next autumn. Registration is urged by Pregitzer to facilitate planning for the coming year.

May 23 there will be a meeting of parents of kindergarten children who will enter school for the first time next September. On the program at this session scheduled for 8 p.m. will be Supt. of Schools Russell H. Amerman, High School Principal Elroy Ellison and Pregitzer.

An opportunity for parents and kindergarten children to visit the kindergarten classrooms will be offered Fri., May 27.

School Teachers Get \$200 Pay Boost; Smith and Kay Win Promotions

Approval of a \$200 per year pay increase for all Northville teachers, in addition to the contractual increase of \$170 under the regular pay schedule, highlighted the May 2 meeting of the Northville Board of Education.

The board also approved the recommendation of Supt. Russell H. Amerman that Harry B. Smith be promoted to grade school principal, and that Richard W. Kay be promoted to the position of assistant grade school principal.

School District Sets Annual Election For Monday, June 13

The annual election of the Northville school district will be held June 13, Russell H. Amerman, superintendent of schools, announced this week.

It is called to fill one vacancy for a three-year term caused by the expiration of the term of Eural F. Clark.

Qualified and registered electors of the school district who are properly owners may ballot. Nominating petitions must be filed by 4 p.m., May 14 with Mrs. H. F. Wagenschutz, secretary of the board.

The petitions require from 50 to 75 signatures of qualified and registered voters. Forms are available at the office of Supt. Amerman.

2nd Salk Test Set for May 25; P-D Serum Used

No unfavorable reactions have been reported from the first injection of Salk anti-polio vaccine to 264 students at Northville and Our Lady of Victory grade schools, Village Health Commissioner V. George Chabot told the village commission Monday. He stressed the fact that only Parke-Davis & Co. vaccine had been used here.

The second injection will be given at the grade school May 25, Miss Ruth Knapp, R.N., stated Wednesday. She urges every parent of children that have received one shot to return them for the second inoculation on that date.

Twelve first and second graders who missed the first injection can obtain one Sat., May 7 at the Wayne County Health Unit, Henry Ruff Rd. and Michigan Ave., between 9 and 11 a.m.

Miss Knapp repeated a request that parents remit the \$3 payment for the fluoride dental payment to the school.

Northville School Cited In Bond Drive—Northville Grade school students were praised for their defense stamp and bond purchases under the sponsorship of the women's auxiliary of the American Legion last week by Delmar V. Cote of the U.S. Treasury department, director of Michigan division, stamp and bond sales. At an outdoor meeting back of the school Cote awarded merit certificates to representatives of each room and Schmo awards to those who had accumulated a bond. Shown with their citations are three representatives from the kindergarten (from left): Dianne Crawford, Jimmy Darnell and Bobby Proder. In back row are Cote, Elementary School Principal C. T. Pregitzer, Mrs. Donald Severance, auxiliary chairman of the drive, and Mrs. Paul Burnham, auxiliary president.

Fires, Furnaces, "Drag Strips" Topics At Township Board

Educators Cite Mrs. Atkinson And Mrs. French

Supt., Mrs. Mary Ann Atkinson, Mrs. Rowena Salow, Mrs. Effie Garner, Mrs. Ruth Wilcox, Mrs. Marie Bentley, Mrs. Celia Shaape and Mrs. Clara French of the Novi school faculty attended the spring banquet of the Michigan Education Assn. in South Lyon April 28.

Mrs. Atkinson and Mrs. French were among the 11 who received pins and scrolls for their many years of outstanding service in the field of education. They were presented with corsages by the Novi Faculty club.

Two hundred educators attended the meeting.

Novi School News

The Novi School fair will be held Friday, May 6, beginning at 7 p.m.

The eighth grade class made a trip to the woods at the Robert Sechrest home on Novi Rd. last Wednesday.

Next Tuesday the eighth grade pupils plan on a trip to the state capital at Lansing.

David Cook is back at school in the first grade after recovering from scarlet fever.

The fifth grade pupils have completed their plans for a trip to Cranbrook May 18.

Sixth grade pupils visited the Novi township building last Thursday. They inspected the fire truck and equipment. D'Arcy Young of the police department answered questions about his work and showed them the new police car. Miss Viola Tamm, receptionist, showed them the voting rooms and voting machines which were locked except on election days. They were much impressed with the new two-way radio system used by the police and fire department. They also visited the court room when it was in session and heard a case concerning non-payment of a doctor bill with Justice Yerkes presiding.

Michigan was the first to introduce roadside picnic tables to America. More than 3000 rustic and restful roadside picnic grounds have been established in Michigan by the state highway department.

A new heating ordinance similar to the electrical ordinance now in force was approved by the Novi township board Monday night.

The ordinance, known as Ordinance 19, was presented to the board early in April, and became effective May 3. It applies to all future installations of oil, gas, or coal heaters in residential or commercial buildings.

The purpose of the new law, according to Supervisor Frazer Staman, is to assure owners full value and safety from their heating equipment.

A complete copy of the ordinance is available at the township hall. Permits may also be obtained there, Staman said. Completed homes and homes under construction in which the heating systems have already been installed are not affected by the new regulation.

A request for a raise in pay for members of the fire department was denied by members of the board. A survey of other fire departments of similar size in southeastern Michigan showed no firemen to be receiving higher compensation than the firemen in Novi township, according to Staman.

According to Frank Clark, trustee, Novi's share of the sales tax, which accounts for the township's revenue, will not be increased until 1961. Until then, the township must carefully watch all expenses and attempt to maintain a balanced budget, Clark said.

And speaking of firemen and heating ordinances, a fire alarm was sounded late in the meeting. The new home of Wesley Krist, 42100 11 Mile Rd., was reported in flames. The fire was brought under control and damages were estimated at approximately \$2,500. The fire was believed to have had its origin near a radiator.

The subject of hot rod racing was also brought up at the meeting with James L. Hagen of Livonia requesting permission from the board to build a "drag strip" west of Haggerty Rd. between 8 Mile Rd. and 9 Mile Rd.

A "drag strip" is a highway strip about half-mile long which is used to measure speeds of racing cars. The first quarter mile, known as the timing area, is used by the cars to gain momentum and be timed for the speeds they attain. The next quarter mile is the distance required to bring the cars to a halt. A proposed grandstand would seat spectators interested in watching the time trials.

Activity would be confined to Sundays, and possibly Saturdays, according to Hagen. Construction of the "strip" would involve an expenditure of approximately \$80,000, and for this reason, Hagen requested the board allow him a 5-year permit for his enterprise.

The township board suggested Hagen present his plans to the zoning board of appeals which meets tonight at the township hall.

Schools Close At Noon Friday For School Fair

Novi School Fair will be held Friday at 7 p.m. Additional features include coffee for 5 cents a cup in the kitchen, also beans, cole slaw with hot dogs, pop and cupcakes for people who would like to eat their dinner there.

There will be gifts suitable for Mothers' Day gifts as well as carnations and plants. School will be dismissed at noon May 6 to give additional time for setting up booths and for last minute details.

Blue Star Mothers

The Novi chapter of the Blue Star Mothers had a dessert luncheon and bazaar party at the home of Mrs. Gertie Lee, Duana St., last Wednesday. There were 33 present.

The door prizes, a ceramic figurine went to Mrs. Paul Ginstle. Mrs. Paul Shanks won a pair of ceramic figurines, Mrs. Russell Race, an organdy tea apron; Mrs. Charles Perry, pair of pillow slips; Mrs. E. Wadland, hand-painted cake plate and Mrs. L. Rix, a formal garden cake made and decorated by the president of the chapter, Mrs. Fred Mandilick.

Intermediate Troop No. 456 met at the home of their leader, Mrs. Jack Eby, for a cook-out on April 27. The girls cooked toasted cheese sandwiches and fudge on their buddy burners. Lemonade and waldorf salad completed the menu. They also planned their Mothers' Day gift.

Brownie Troop No. 492 met behind the school for a hike and cook-out. The girls roasted marshmallows and hot dogs.

Brownie Troop No. 493 made their Mother's Day gifts. Treats were served by Debby Harrawood. Election of officers was held and the new president is Margaret Nail; secretary, Dawn McCollum; treasurer, Leola Neely; and clean up chairman, Lois Gatrell. The troop had an outside flag ceremony and took the flag down. Judy Dye was flag bearer and Dawn McCollum was color guard. The girls also had a nature lesson and Diane Eby told about cypress wood and program aide, Claudia Mairs, brought in a cocoon.

Intermediate Troop No. 460 and 491 worked on Mother's Day gifts at the Community Bldg. on Wednesday. Judy Ritter brought the treats.

Troop No. 602 worked on Mothers' Day gifts and Peggy Angel brought the treats.

Neighborhood meeting of the Novi Girl Scout committee members and leaders was held in Novi school Monday. Plans were made to be hostesses for a district thank you tea Tuesday, May 17 at 7:30 in the Community Bldg. Anyone having an old book case that can be used for reference books for the leaders would be appreciated.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chevrolets. And in acceleration runs from a standing start against all

comers, Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry (that means

ant, too. It's the most modern V8 under anybody's hood!

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!

No other low-priced car has any—no high-priced car has all—of these great Chevrolet features!

Body by Fisher—Nine engine-drive choices in any model—12-volt electrical system—Anti-Dive braking—Outrigger rear springs—Ball-Race steering—High-Level ventilation—Double-Arch cowl construction.

Three Boys Admit Theft At School In Walled Lake

Three small boys, taking advantage of an unlocked door, looted the Walled Lake Elementary school on Maple Drive Saturday afternoon.

Answering a call that several boys were loitering in the vicinity of the amusement park, Novi Patrolman D'Arcy Young discovered the three culprits huddled in a phone booth.

Questioning by Young and a talk with their parents proved too much for the boys and they admitted entering the school early in the afternoon after finding a door unlocked. A search of the teachers' desks and closets netted the trio approximately \$15. The boys were turned over to their parents to discuss possible action.

MARY COIT

MARILYN MILLER

Marilyn Miller, daughter of Mr. and Mrs. Willis Miller, 46489 W. Grand River, has been named valedictorian of the 1955 Novi graduating class. Salutatorian is Mary Coit, daughter of Mr. and Mrs. George Coit, 2214 Austin Dr. The graduation exercises will be held June 1 at the Community Bldg. Dr. Harold E. Sponberg of Michigan State University, an authority on 4-H activities, will be the speaker.

Marilyn has been a member of the Girls Service Squad for two years and also a second lieutenant of that group. She was a member of the cast of the school operetta. She entered the Novi school as a third grader. Her plans are to attend Michigan State university in preparation for becoming a dairy farmer. Marilyn's hobby is collecting dresser dolls.

Editor-in-chief of the yearbook, Mary also served two years on the service squad and was a member of the operetta cast. She plans to attend a business school and become a secretary. Stamp collecting and making paper flowers are her hobbies. She entered the local school two years before graduation.

Heart Attack Fatal To Stuart Connelly

Stuart Connelly, 57, for many years a Novi resident, was found dead early Saturday morning beside his car which was parked on Seeley Rd., just north of the farm he formerly owned.

Mr. Connelly's death was caused by a heart attack, according to the Oakland county sheriff's department. An autopsy was performed by Dr. Joseph J. Gadwah of Farmington.

Formerly a large property owner in Novi township, Mr. Connelly had been living recently with his sister, Mrs. Florence Bowles, at 9110 14th St., Detroit.

He had sold his farm at 25160 Seeley Rd. to Mrs. Clara Gassett, but had retained a small piece of property just north of the farm where he gardened and raised some vegetables.

Mrs. Gassett noticed Connelly's car parked in the field early Saturday morning and closer examination disclosed his body lying beside the car.

Officers Le BeGole and D'Arcy Young of the Novi police department answered her call, bringing resuscitation equipment with them. However, preliminary examination showed that Connelly had been dead approximately 12 hours. BeGole notified the county sheriff who ordered an autopsy to determine the cause of death.

Services for Mr. Connelly were held Wednesday at the McCabe Funeral home, Redford.

Slight Injuries Suffered By Girl Scouts In Crash

Six young girl scouts were badly shaken up and their leader suffered minor facial injuries on Grand River Saturday morning when their car collided with a truck.

Injured was Adele Kittleson, 36, of Detroit, the leader of the group. The girls were taken to Sessions hospital in Northville and then released.

According to Andrew Payter of Allen Park, the driver of the truck, he was heading west on Grand River near Beck Rd. when Mrs. Kittleson's car crossed the

center lane and headed directly at him. Damage to both vehicles was approximately \$500.

Last year an average of 8,000 persons a day donated blood to the American Red Cross for national defense and civilian use.

The best place to start a kitchen modernization is with a new window placement. We would like to suggest Andersen units as the most satisfactory on the market today. Casement type gives 100% ventilation against 50% in other types. Sure they cost a little more than others but are well worth all the difference. Whatever your repair or modernization needs are we would welcome an opportunity to figure with you.

SOVIET hoboos can now hitch train rides without fear of being jailed—jail term for the offense has been abolished. But if they can't pay a 100-ruble (\$25) fine into the clink they go. That's a prime example of "bum" Communist justice.

At the rate they've moved up the Christmas shopping season for the last several years, this

year we should see Santa Claus arriving in town on a Fourth of July rocket.

The Army's new unit plan of rotation is known as "Operation Gyroscope."

5 BASIC REASONS FOR PONTIAC'S RECORD-BREAKING SALES

1. PONTIAC COSTS LESS THAN ANY CAR EQUALLING ITS 200 HORSEPOWER

If you delight in flashing performance, here's all the reason you need to join the record-breaking thousands who are swinging to Pontiac. The 200 horsepower delivered by the economical Strato-Streak V-8 with the four-barrel carburetor, optional at extra cost, is the highest power ever delivered by a car at Pontiac's price—higher than that of cars costing considerably more. For thrift and thrills it's Pontiac all the way!

2. PONTIAC COSTS LESS THAN ANY CAR EQUALLING ITS LONG WHEELBASE

Model for model, Pontiac has a longer wheelbase than any car at its price—122" or 124", depending on whether you select an 860, 870, or Star Chief model. That's size where it really counts—and it's important because a long wheelbase is the reason for Pontiac's smooth, road-leveling ride and the roomy comfort of Pontiac's large, luxurious Body by Fisher—advantages that put Pontiac on a level with far costlier cars for sheer riding pleasure.

3. PONTIAC COSTS LESS THAN ANY CAR EQUALLING ITS LUXURY-CAR STABILITY

The big, husky Pontiac with rugged X-member frame gives you the safe, solid feel at cruising speeds that motorists have formerly paid high prices to enjoy. And it links this road-holding comfort with ease of control like that of costly sports cars. You travel in superlative comfort in a Pontiac for the lowest price ever placed on such big-car stability.

4. PONTIAC'S DISTINCTIVE BEAUTY IS UNMATCHED AT ANY PRICE

Pontiac's style and beauty are a perfect match for its colorful performance. Future-fashioned lines, Vogue Two-Toning and Twin-Streaked hood provide dash and glamour unsurpassed by any other car at any price.

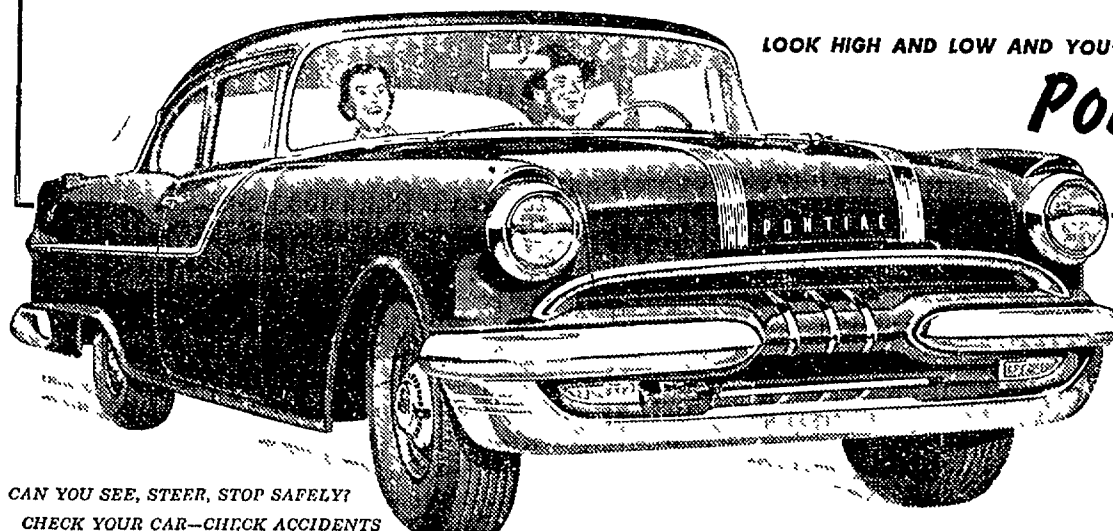

5. You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes

860 2-door, 6-passenger Sedan—state and local taxes, if any, extra. Prices may vary in surrounding communities due to freight differential.

Lutherans Hear Plans For Radio Broadcasts

The chief topics of discussion during the Southeastern Michigan District Lutheran League convention here last Saturday were the furtherance of the radio and television programs, "The Lutheran Hour" and "This Is The Life".

The fall of 1955 marks the 23rd consecutive year that the "Lutheran Hour" has been broadcast throughout the world. The former policy of a permanent speaker for the "Lutheran Hour" will be re-established in the fall. The announcement will appear in the radio section of all the metropolitan papers.

Elmer Kraemer, editor of "The Lutheran Laymen" and principal speaker at the Saturday evening banquet, gave an address on the ways and means of effectively bringing "Christ to The Nations".

Rev. Rossow Here
The banquet was prepared and served by the local Ladies Aid and their assistants. Toastmaster was the Rev. E. E. Rossow, Institutional Chaplain at Saginaw.

Kraemer urged the laymen to participate to the fullest extent in the work to which the group has been dedicated. The program was rounded out by the "Jills from Bloomfield Hills", vocalists, accompanied on the piano by Pete Lewis, under the direction of Clarence Luchtman.

During the Saturday afternoon business session, the visiting women were taken on a tour of Northville State hospital and were also shown some of the scenic views in Northville and surrounding areas by the tour committee.

Opening devotional services were conducted as follows: Saturday, the Rev. C. L. Thalacker of St. Thomas-St. Peter's Lutheran church, Detroit, officiated. Sunday, the Rev. I. M. Brackebusch of Jehovah Lutheran church, Detroit, chose as his topic the convention slogan, "Onward Christian Soldiers".

Rev. Pankow Gives Sermon
A special Sunday convention service was held at St. Paul's Lutheran church. Local pastor, the Rev. B. J. Pankow's sermon topic, "Go Ye", taken from Math. 28:16-20. There were choral numbers presented by St. John's Lutheran church choir of Wayne, under the direction of E. T. Bradtke and organ music by C. A. Luchtman.

Village Commissioner Ed Welch, in the absence of Mayor Claude N. Ely, welcomed the 150 persons attending the convention. He presented a key to the village to Acting President Irwin Baehr of the league.

On behalf of itself and the district group, the Northville unit extends its thanks to all who made the parley a success.

Cut Beets

LIBBY'S

About 10 pounds of a live 240-pound "porker" end up as center-cut pork chops; about 29 pounds are ham. All in all about 115 pounds of meat and 35 pounds of lard from the original pig are what's left for sale over the meat counter.

About one out of every four pounds of meat is canned or made into luncheon meat.

At Interlochen, close by Traverse City, is the National High school orchestra and band camp. Four hundred acres and over 100 buildings accommodate 300 musicians from all 48 states.

Early settlers at Frankenmuth brought a touch of home with them when they carried these church bells of the forest from Germany more than a century ago.

Detroit Girl Weds Salem Man

At eight o'clock in the evening on April 15, the Salem Federated church was the scene of a lovely candlelight wedding ceremony, when Vera Weitzel, daughter of Mr. and Mrs. Harry H. Weitzel, of Detroit, and George Reed Brown, son of Mr. and Mrs. George S. Brown, of Salem, were united in marriage by the Rev. Cora M. Pennell. The rites were performed in a setting of white gladioli, lilies and mums, backed by palms and candelabras.

The bride wore a gown of silvery white nylon tissue, with boat neckline and tiny puffed sleeves, a bouffant skirt, shirred and corded and worn over hoops. Her fingertip veil fell from a tiny pill-box hat. She carried a bouquet of white carnations centered by a white orchid.

Anna Dozorc, of Detroit, was maid of honor. She wore a waltz-length chiffon gown in shades of pink, with flower head-piece, gloves and slippers to match, and carried an American Beauty rosebud bouquet. One bridesmaid, Betty Jane Weitzel, sister of the bride, was similarly gowned in shades of blue, carrying yellow rosebuds. The other, Margaret Susanne Rachki, of Taylor Center, wore a pink waltz-length gown of nylon silk; her accessories were matching, and she, too, carried yellow rosebuds. Ruth Ann Hardesty, daughter of Mr. and Mrs. Carleton Hardesty, of Salem, was the flower girl and wore blue organdy.

Leland Brown served as his brother's best man. Seating the guests were Charles A. Mankin of Northville and Clayton Dean Weitzel, brother of the bride. Chipper Mankin was the ring bearer. The bride was given in marriage by her brother, Clarence Charles Weitzel.

The bridegroom's mother was gowned in black lace and tulle with silver slippers, wearing a corsage of deep pink roses. She sang "Because" and "I Love You Truly", accompanied at the piano by Mrs. Morris Givens of Salem. The reception, held immediately after the ceremony, was held in the Salem Town hall, which

Five Girls Named for Girls' State Program

IS THERE A GOVERNOR IN THE HOUSE? — One of these girls from Northville high school has a chance to become "Governor" of Michigan when Girls State meets at Ann Arbor next month. The delegates are sponsored by the auxiliary of the Lloyd H. Green post, American Legion. From left, Traute Schaefer, Carolyn Burkman, Kathleen Heatley, Shirley Snow and Donna Frisbie.

The five Northville High school juniors who have been named to represent the village at Wolverine Girls' State at the University of Michigan June 14-22 are Traute Schaefer, Carolyn Burkman, Kathleen Heatley, Shirley Snow and Donna Frisbie. Mrs. Paul Burnham, committee chairman of the project for the women's auxiliary of the Lloyd H. Green post of the American Legion, has announced.

Sponsoring representatives are Miss Lemoyne Markham, Girls' Athletic League of Northville High school; Mrs. Charles Yabne, Woman's club of Northville; Mrs. Cliff Rollings, Mothers' club; John

Carlo, Northville Downs, and Dr. L. W. Snow, Optimist club. High School Principal Elroy Ellison and Instructor Miss Florence Panattoni, are faculty advisors of the program. A national program of the Legion auxiliary, Girls' State is designed to bring to girls of today a knowledge of the fundamental principles of American government through actual practice. Established in 1941, the program is dedicated to the training and development of girls who have the qualities of leadership. The primary objective is to stimulate them to take a deep interest in the development of home and community life and to encourage them to be better citizens of tomorrow.

Three hundred girls from the state are expected to attend the program at Ann Arbor. After spending eight days in governmental instruction and governing themselves by democratic procedure, two girls will be chosen to attend "Girls' Nation" at Washington representing Michigan. In 1954 Miss Mary Lovewell was elected governor at the state level of the project and Miss Gayle Ashburn, alternate to Girls' Nation. Mrs. Andrea Owen Schaefer was elected governor in 1952.

Garden Expert Slated For Talk To Local Unit

Gladys Gage Dibble will be the speaker for the May 9 meeting of the Woman's National Farm and Garden Ass'n. at the home of Mrs. Wayne Wilcox. Her talk will be on "Succession of Bloom in Your Garden".

Mrs. Dibble is a past president of the Birmingham branch, Woman's National Farm and Garden Ass'n. and a former member of the association's state board. She is a dirt gardener, as well as a writer on gardening subjects. She has written for The American Home, Horticulture, The Home Garden, Parent's Magazine, Inside Michigan, Christian Science Monitor and the New York Times.

As a freshman at the University of Michigan she wrote her first article on homes and gardens, and in the April 23 issue of the New York Times she had an article on shade tolerant plants.

While studying in Europe she admired the intimate walled-in gardens there and fashioned her garden in Birmingham in that manner.

The art courses at Wayne University and the Society of Arts and Crafts in Detroit have been part of the background for Mrs. Dibble's success in ceramics and sculpture.

Her garden figure "Eve" was awarded a first prize in sculpture at the 51st annual exhibition of the Detroit Society of Women Painters and Sculptors, held at the Scarab club in April. She makes her own containers for the flower arrangements which have brought her numerous first awards.

Plan Card Party To Purchase Hospital Bus

A benefit card party to raise funds for the purchase of a bus for use of patients at Northville State hospital will be sponsored by the Citizens' Auxiliary committee of the hospital at the Federal Department store, Grand River and Oakman Blvd. May 12 at 1:30 p.m., Mrs. Joseph Wolf, committee, president, announces.

Dr. Robert R. Yoder, assistant medical superintendent of the hospital, will be the guest of honor. Ticket information may be obtained by calling VERmont 8-2964 or LAkeview 7-0643.

Hostesses for the party will be Mrs. Wolf, Mrs. Henry E. Gustafson, treasurer, Royal Oak; Mrs. Enos Porter, Plymouth; Mrs. Lester Solar, East Detroit; Mrs. John J. Gamalski, Detroit; Mrs. Julius Glatzer, Detroit; Mrs. Arda J. Cumberland, Detroit; Mrs. Samuel Sitorsky, Detroit; Mrs. Forrest L. Keller, Detroit.

Local Members Attend Dinner of Peace Group

Several members and friends of the Women's International League for Peace and Freedom, Mrs. Cyril Frid, Miss Alton Powers, Mrs. C. E. Woodruff, Miss Ida Blucher, and Miss Delia Pelissero, attended the 40th Anniversary dinner of the Michigan branch of the Women's International League for Peace and Freedom May 2 at the Detroit Veterans' Memorial.

Mrs. Woodruff, state president, presided, introducing Dr. Henry Hitt Crane, master of ceremonies. Dr. Frank P. Graham, chancellor of North Carolina university and now a member of the United Nations Secretariat, the representative to India and Pakistan, spoke on "United Nations in the Struggle in the Atomic Age".

Ladywood High To Sponsor Dance

Ladywood High school dance club is sponsoring a roast beef dinner dance and bazaar in Livonia May 15. The affair is presented in conjunction with the Felician Sisters centennial celebration in connection with Madonna college on Newburg Rd. Johnny Shadrach's TV band will play for dancing and there will be various booths with articles displayed for sale.

Festivities start at 12 and continue until 8.

Wedding Reception Honors John Poulos and Bride

A double celebration was held Sunday, April 24 when Mr. and Mrs. John Poulos invited 96 guests to attend a wedding reception and dinner for their son, John, and his wife, and Pamela, the daughter of Mr. and Mrs. Gregory Kantes (Stella Poulos) was christened. John Poulos, Jr. and Miss Lorna McCarrick were married Feb. 24.

Little Pamela was christened at 1 o'clock in the afternoon with Mrs. Lukia Angelos acting as the baby's godmother. A luncheon at the Poulos home followed the christening.

At 5 o'clock the guests assembled at the Sea Food Grotto for the wedding reception and dinner. Among the Northville guests who were invited to enjoy the dinner and dancing were Mr. and Mrs. Sam Stremich, Mr. and Mrs. Loyall German, Mr. and Mrs. Art Mitchell, Dr. and Mrs. L. W. Snow, Mr. and Mrs. James Spagnuolo, Mr. and Mrs. Joseph Denton and Mr. and Mrs. Fred Russell.

Mothers' Club Meets May 9 Mrs. Eldon Biery of Dunlap St. will be hostess to the Northville Mothers' club May 9. This will be a business meeting. Co-hostesses will be Mrs. William Weidner and Mrs. Robert Wetterstrom.

Homemaking Class Presents Style Show

The ninth and tenth grade homemaking class, under the direction of home economics teacher, Miss Corrine Clark, will present their second style show May 19 at 8 o'clock on the stage of the Community Bldg. This year's theme will be "Have You Seen a Dream Walking?". The girls will model the garments which they made this year in class.

Edgar G. Bovee, high school art director, will have on display that evening a "visual explanation

of the high school art program" in the lobby of the Community Bldg. where it will remain a few days after the show.

The students in kindergarten through sixth grade will display their works of clay, papier-mache and 3D in the assembly room of the Community Bldg. This will include various examples of work done through the school year.

Refreshments will be served following the show.

"Growing Old Is A Privilege Denied To Many"

Seventy years ago in June, Gustav Stone came to American at the age of 15 to make his way in a new country—alone. When he got off the train at his destination—Cleveland, O.—he had just five cents in his pocket.

Now, living with his son, Roy, his daughter-in-law and six grandchildren in their home on E. Seven Mile Rd., he looks back on those early years and ponders on the present younger generation. His first job in Cleveland in a planing mill, paid him 50 cents a day, 10 hours a day and six days a week. He says, now you cannot get a boy to work for 50 cents an hour.

Stone was born in Voxmuh, Germany, Jan. 26, 1869. Vox-

much was in the western part of Prussia in those days. He came alone, but his family followed a few years later. Following his job in the planing mill, he worked in a chemical plant and a foundry in Cleveland. From there he went to Missouri to work for Standard Oil but suffered with the ague.

Hearing that the climate in northern Michigan was invigorating and healthful, he came north and settled in Pinconning where he bought a farm. There he lived and farmed for 45 years. Of his six children, three are living.

Sixteen years ago he came to Northville to live with his son, Roy. When he is not gardening or taking care of his newest

Study Would Ease Doubts of Pupils Facing Service

The probability of the addition of a class in Military Information and Orientation at Northville High school next September heightened has been with further study of the subject by local high school officials in a Detroit high school where the subject is now included in the curriculum.

High School Principal E. V. Ellison and Assistant Principal Frederick Stefanski have observed the planning and conduct of the course at Mumford High school in Detroit.

Designed to familiarize parents and students with the transition for young men and women from a civil to a military existence and the opportunities offered in the latter in educational activities, the study would be a credit course for boys, if adopted here.

An evening meeting would be held for parents in conjunction with the proposed addition to the curriculum to lessen their concern as much as possible about the impact of their sons and daughters leaving for the armed services.

The advice and knowledge of representatives from the armed services and clergymen would augment the use of the text in the course—"The Armed Forces and Your Plans." Dealing in detail with education and vocations the book was prepared by the Defense Committee of the North Central Assn. of Secondary Schools and Colleges, Ellison stated.

grandson, Duane, age two months he is watching his other grandchildren, Leroy, Martin, Kenneth, Jerry and Beverly grow up. He reads all the latest periodicals and watches TV.

He remembers his trip to this country on an Italian ship and the violent storm encountered when waves were washing over the decks and sharks were following the ship. A grim ordeal for a 15 year old boy—alone and on his way to a strange land.

The trip took seven days. If he had waited two trips later, he might never have arrived for the ship later sank in a bad storm at sea.

AFTER A HARD DAY'S WORK AT FISHIN'—These two prize winners in the Spring Fishing Derby relax over ice cream at Paul's Sweet Shop. John G. Hykal, left, and Robert O'Leary each put away almost a quart of ice cream, Paul Folino, owner, said.

Also shown are boys intent on winning prizes in the fish competition sponsored by the Northville Record with the cooperation of local merchants.

KROGER STORE HONORED FOR COURTESY—The Northville store in the Kroger chain has been singled out among 16 in the district as tops in employee courtesy, according to Edward Barnes, manager of the unit. Based on periodic checks of a professional shopping agency, the store's workers are cited for their "outstanding politeness, friendliness and consideration of our customers." This message is on the plaque held by Barnes. There are 16 stores in the district, including Ann Arbor, Ypsilanti, Wayne and Plymouth. Barnes, a Kroger manager for the past 27 years, has headed the Northville store for seven years. He is married, has a son, William, with the U.S. Army at Ware, England, and a daughter, Judith, a freshman at Walled Lake High school. Prior to coming here Barnes managed a Kroger store at Livernois and Joy Rd., Detroit.

Reasons Why Northville...

(Continued from Page 1)

plement the \$95,000 that the village will collect in taxes from its property owners. We should be able to go ahead with our basic public improvement program—curbs, drainage, water, paving, etc.—at a much faster rate, WITHOUT INCREASING TAXES.

Ones Who Stand to Benefit

It appears to this committee that the proposal to make Northville a city should appeal especially to the many voters and property owners who live on streets that are unpaved and lack even curbs and gutters, for they are the ones who stand to benefit most by becoming a city. At the rate the village is able to proceed with its street improvement program by relying on property taxes for funds, it will be years before all, or even most Northville streets can be paved. There is every likelihood that this program could be put through in five years if the approximately \$80,000 extra that would be available to a city were used for this purpose.

Another factor that should be considered is that while the entire area around Northville is growing rapidly, the village itself is so situated that any increase either in area or population will be limited. There will be no great demand for annexation from areas outside the village limits because of the large available water supply that can be tapped by wells. Neither is there any suitable location for industry in the village.

Therefore, those who live in the village limits should realize that there is no great growth in assessed valuation of property in prospect. Present property owners will have to pay the cost of running the village over the years without the windfall taxes that come from industry or large commercial enterprises.

This is another argument for taking the share of the revenue that is available from state taxes on racing at Northville Downs. Only by doing this can Northville hope to hold its tax burden down and still enjoy the improvements that must be made in any desirable community.

There is everything to be gained, and in our opinion, nothing to be lost, by voting to become a city.

Other plans in these exploratory discussions, whose recommendations are subject to later official action by both the village commission and the township board are the issuance of permits for use of the dump; opening the dump to the public on certain days only, probably weekends; fencing off the entrance and clarification of leases.

Overtones

An overtone of the dispute was a letter from Commissioner Earl Reed in behalf of Public Works Commissioner Allen, with emphasis, that the communication be entered in the official minutes of the session.

It is Reed's feeling that "one of our village commissioners (Allen) has been singled out as the object of abuse from one or two residents of the township, in regards to the village dump.

Reed calls "this abuse asinine and entirely without foundation" and declares that Allen "has the best interest of the village and its problems at heart."

Tuesday the township board named Trustees Hay and Ralph Merriam and Littell to present the township's proposals and study the problem with the village commission.

Township residents may continue to use the dump while a formal agreement between it and the village is being worked out, the meeting was told.

Northville Joins Junior High Sports League

Northville will be represented in a league of six junior high schools in the Redford, Dearborn and Inkster areas next season. Athletic Director Al Jones announced this week. Schedules in football, basketball and baseball will be played between Hicks, Haston, Thurston, Ford, Dearborn Roosevelt and Northville.

Home football games for Northville will be played on Tuesday nights at Ford field; 10 basketball encounters will be staged after school, at 4 p.m. Five baseball contests, starting late in April, may be seen at Cass-Benton park.

Jones said that the Recreation department has indicated a desire to use the junior high players in its baseball program for boys 14 years old and under in its summer baseball program.

Mayors Guests At PGA Dinner

Mayors Claude N. Ely of Northville, Albert Hartom of Livonia, and Russell Daane of Plymouth were guests of Meadowbrook Country club as representatives of communities that, along with Detroit, will host the 37th annual Professional Golf Assn. championship tournament at the club July 20-26.

PGA officials, Chick Harbert, Meadowbrook professional and PGA champion, PGA members and officials and club members promoting the tournament were also present to meet the mayors. Glenn Sisler is general chairman of the tournament.

South Lyon 4-H Plans Saddle Horse Exhibit

The Lucky Horseshoe 4-H Saddle club of South Lyon is planning an exhibition of saddle horses Sunday, May 8 at 2 p.m. This is to be an educational afternoon.

Some of the horses that will be represented in this new type of show are Arabs with costumed riders, Morgans, quarter horses, thoroughbred, standardbred, saddlebred, walking horse, polo ponies, Appaloosa, hunter, hackney pony, Hackney horse, shetland pony, a trick mule.

Mingled through these exhibitions will be 4-H demonstrations of the classes in which a 4-H saddle horse member shows. Also there will be a demonstration of all the incorrect and improper things to do in a show ring.

As each of these breeds show, a member of the club will narrate, telling the important points, such as conformation and ability.

All of the proceeds of the show will go to the building fund at the Oakland county fair grounds, one mile east of New Hudson on Grand River. Donations are 50 cent for adults; children 10 to 15, 25 cents.

Northville Beats Plymouth 13-9 In Inter-County Game

Northville won its first game of the season in the Inter-County league at Plymouth Sunday when the Plymouth Merchants bowed to the local nine, 13-9 in a 10-inning game.

Other scores in the league Sunday, according to Steve Folino, manager of the Northville team, were Grandville Merchants 6, Wayne Dietrich Buick 5, Melvindale 22, Wallaceville 6; Ralph Ellsworth Ford 13, Lincoln Park 2.

Northville will open its home season Sunday in Cass Benton park at 3 p.m. with a team to be announced later.

Detroit River Tug Boat Race Saturday, June 4

The sixth annual International Tug Boat race on the Detroit river Saturday, June 4, will be open to every type of working tug as in the past.

The race will be held on the Detroit side of the river from the starting line at Fort Wayne to the finish line in front of the Veterans' Memorial in downtown Detroit.

It was proposed to eliminate the smaller tugs from the race but the directors of the International Tug Boat Racing Assn. turned down the proposal unanimously.

This will assure virtually every tug operating in the vicinity of Detroit an opportunity to compete in the race being held this year in honor of the Soo Locks Centennial.

The speedy Atomic, a 600-horsepower tug, is the defending champion and a strong favorite among the known entries to repeat. However, there are indications of several surprise entries this year but their owners aren't committing themselves yet.

Aubrey King pitched 4-hit ball and struck out eight men as he pitched the Mustangs to an 8-2 win Tuesday. Both Keego Harbor runs were unearned, due to Mustang errors.

Northville scored three times in the first inning on two hits, a sacrifice and a squeeze play. Keego scored twice in the fourth to make it a 3-2 ball game, but the Mustangs salted the game away in the fifth with a 4-run inning.

A double by John Chapman which scored two runs was the hitting feature of the fracas.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

TROUBLED CHILDREN have won half of their five-year campaign for a "master-plan" which will legally keep round pegs out of square holes.

Foster care versus state institutions has been the issue for years.

The rule of thumb for probate judges has been to provide foster care for youngsters on a local level if they were not delinquent enough to be sent to a state institution.

"Actually, however, we have had cases of children being sent to state training schools who could have been better cared for in local foster homes," said Robert H. Scott, youth expert in the corrections department.

For five years, alarmed legislators have sought an answer. It passed the Senate in a package of five bills.

The bills would require the state to pay half the cost of local foster care programs and require the counties to pay half the cost of keeping the youths they send to state institutions.

"There would then be less of a tendency to 'dump' children on the state," said Senator Creighton R. Coleman (R-Battle Creek).

The proposals would benefit those counties with good foster care programs and, in some instances, penalize those who prefer to send their wayward youths to state institutions.

The state training schools — Boys Vocational School at Lansing, Girls' Training School at Adrian, and Michigan Children's Institute (a foster care operation) — have been overcrowded for years.

Without the bills, W. F. Maxey, state social welfare director, said all three institutions would have to be expanded—at some great cost to the taxpayers.

"An institution is the end of the line for some of these kids," Maxey said. "We could save some of them right now if local government will go along with these bills."

MICHIGAN'S ATTRACTIONS are being broadcast over the nation from Interlochen.

It is the National Music camp from which advanced students

cut tapes, make recordings and broadcast directly. They make music and, in addition advertise the state.

Dr. Joseph E. Maddy, director of the camp, said that more than 6,000 broadcasts a year are beamed directly and indirectly from the camp.

For the legislature, Maddy listed 182 stations carrying programs from Interlochen.

In addition, Dr. Maddy described the new motion picture, "Grand Canyon," featuring music students but also including promotional material on Michigan's "Water Wonderland."

Dr. Maddy asked the legislature for \$16,000 for the next year to help with the programs "to help carry on this well-established promotional campaign which brings more and more people to Michigan each year."

MICHIGAN STATE COLLEGE will become Michigan State University July 1.

The change, made by the legislature and signed into law by Lt. Gov. Philip A. Hart, comes as the college celebrates its 100th year of service to the state.

Over the years, the college has grown to No. 7 in enrollment in the country, and everyone agreed, "is a university in fact."

The name change was opposed by the University of Michigan on grounds that it would lead to confusion; that the new name was an "infringement" on the name of the University of Michigan.

As the name was changed, effective July 1, the University of Michigan Board of Regents was

LOOKING FOR MORE VALUE from your motor car dollars? Then, look no more. Ford brings you a wealth of fine-car features that even some of the higher-priced cars can't match.

For example, the chart above shows that in feature after feature Ford gives you everything you have come to expect in a medium-priced car . . . and more. Yet, a Ford Fairlane Town Sedan costs* you less than the lowest-priced comparably equipped 4-door sedan of four popular medium-priced makes.

And, with Ford recognized as the style leader . . . "at home" wherever you may go . . . why pay more?

Feature for feature . . . price for price . . . you can't buy better than Ford.

Students' History Publicized, On Display At Parley

Prepared by the eighth grade social studies class of Northville High school last year, "A History of Northville" is being used as a text by that grade now, according to Alvin P. Skow, teacher, under whose direction the 24-page book was written by ten students.

A widened interest in the history has resulted in articles about it in the April issue of the Michigan Educational News. Prior to that it was the subject of a story in the Detroit News. The article in the state teachers' paper resulted in about 20 requests for copies of the book, Skow states. The "History of Northville" was also an exhibit at the recent regional sessions in Detroit's Cody High school in connection with a national White House Conference on Education Nov. 28-Dec. 1. Another Northville display at the conference at Cody was a life-size horse made by first grade pupils of Mrs. Russell Reimer.

Timely Tips

Don't let that urge for doing that comes with crisp weather wear you down. There always are easy ways to do things. Here are a few tips to help make light of your chores:

To loosen tight screws or bolts, put a few drops of peroxide on them and let it soak in for a few moments. They'll come away much easier.

Nail a rubber heel to the bottom of your ladder or stool legs and they won't slip.

Painting your steps? Do every other one, then let them dry so you can walk on them while you paint the remaining half.

To prevent spotting hinges or latches when painting a door, rub a little petroleum jelly on them first. Stray paint will then rub off with a wisp of a cloth.

Pour melted paraffin in the bottom of your garbage can to prevent rust.

Stars Selected For Roles In U-M Dramas

Getting under way May 9, the 1955 University of Michigan drama season will present an outstanding array of stars in an exciting series of five plays at the Lydia Mendelssohn Theatre in Ann Arbor. Each play will open on Monday and run for one week. Evening curtain at 8:30 p.m.; matinees Thursday and Saturday at 2:30 p.m.

Eva LeGallienne will open the season on May 9 in her triumph from the current Broadway season, "The Southwest Corner". Also appearing in the John Cecil Holm play will be Enid Markay and Parker Fennelly of the New York cast. Holm adapted this play from the novel by University of Michigan alumna Mildred Walker.

The week of May 16 brings Helen Hayes in a special production entitled "Gentlemen, The Queens". The presentation will consist of segments from Bernard Shaw's "Catherine The Great", Shakespeare's "Macbeth", Maxwell Anderson's "Mary of Scotland" and will close with Laurence Housmans "Victoria Regina".

Coming direct from a successful run in New York is N. Richard Nash's delightful play "The Rainmaker" for the week of May 23. A romantic comedy with a western setting, it has won favor with audiences for its fresh originality and its humorous characterizations.

Television and stage personality Faye Emerson will be appearing in "Biography" beginning May 30. A regular panel member of CBS TV's "I've Got A Secret", she has received many awards for work in this medium, including Look Magazine's citation as the outstanding video personality of the year.

To wind up the season, week of June 6. Valerie Bettis and Lydia St. Clair have been signed to co-star in "The Time of the Cuckoo" by Arthur Laurents. Known as well for her work as a dancer and choreographer as an actress, Miss Bettis will come to Ann Arbor direct from the Anta dance festival in New York City.

Miss St. Clair is another of the season's participants who will be recreating a role made famous in the original Broadway production. Stano Braggiotti will be featured in the cast.

Mail orders for the series are now being taken. The box office will open May 2. Complete details can be obtained by writing to the University of Michigan Drama Season, Lydia Mendelssohn Theatre, Ann Arbor.

My Neighbors

By BILL PAULSON

"Gently, sir. You know how hard it is to come by a bona fide tax exemption!"

CHRISTIAN MOTHERS

Two mothers stood at the entrance to a coal mine, where a terrible accident had occurred. Each had a son trapped somewhere in the mine. The one mother was hysterical, the other calm and quiet. When asked how she could be so undisturbed, she replied:

"My comfort is this: my son was a devout Christian. If he has been killed, he is with God in heaven, where I shall soon meet him. If he is alive, then God is with him and will bring him safely back to me."

Fortunate lad to have such a mother! She had prepared him for life. But, more important, she had prepared him for death!

It took years of teaching and training, years of a consistently good example on the part of the mother, to prepare for that fateful hour. She had prayed—and she had taught her little boy to pray. She had gone to church—and she had taken him along Sunday after Sunday.

She had dedicated him to Christ in the water of Baptism. She had told him about the way of salvation through faith in the atonement of the Savior and had encouraged him day after day to remain true to that faith. Side by side she and her son had partaken of the Lord's Supper again and again for the strengthening of their faith in the forgiveness of their sins through Christ.

And so it was not an accident that she could now stand calm and undisturbed at the entrance to the mine in the face of terrible disaster. She had done her duty as a Christian mother. Her son was safe in his Savior's keeping. Is yours?

Rebitzke's Ship Visits Bangkok

Among those who visited the city of Bangkok, Thailand, in March while serving aboard the destroyer USS James E. Kyes was Charles R. Rebitzke, seaman, USN, son of Mr. and Mrs. Paul L. Rebitzke of 320 Linden St., Northville.

Four ships of Destroyer Squadron 3 navigated the shallow Menam Chao Phya River 25 miles inland to dock near the heart of the city. While in Bangkok, the squadron played host to 30 children from the Thailand School for the Blind and presented a \$500 donation to the director of the school.

Inhken Retires As Ford Head At Waterford

A temporary job that would last only a few months was all Henry B. Inhken wanted when he stood in the employment line at Ford Motor's Highland Park plant June 6, 1913.

Inhken's "temporary" work turned out to be a long-time affair. Now superintendent of the Waterford plant, he retired April 30 after nearly 42 years of continuous service with the company. He was hired as a toolmaker and put to work as an inspector checking crankshafts at 33 cents an hour.

The year he joined the company, the first moving chassis assembly line was introduced at the plant and total production of Ford cars neared a thousand a day. The five-dollar day was established early the following year. Mr. and Mrs. Inhken live at 109 California Ave., Highland Park.

FIVE YEARS AGO—

Mrs. Marcella Douglas was elected president of the Business and Professional Women's club.

The Woman's Society of Christian Service elected Mrs. C. Oscar Hammond, president.

A new starting gate was installed at Northville Downs.

Mrs. Charles Yahnke was elected president of the Northville Girl Scout Day Camp.

George Stalker resigned from the board of education because he was to be transferred to the Chicago office of Commercial Investment Trust Corp.

Larry Parks and Barbara Hale wee co-starred in the movie, "Jolson Sings Again". "East Side, West Side" offered the talents of Barbara Stanwyck, James Mason, Van Heflin and Ava Gardner.

TEN YEARS AGO—

Concrete was being poured for the new salesroom and service station of Petz Bros. on Plymouth Ave.

Mrs. Jack Blackburn was chairman of the Northville Woman's club wartime drive for tin cans.

Jack Benny, Bette Davis and Dennis Morgan were featured in the cinema, "Hollywood Camptown."

The exterior of the Methodist church was painted.

TWENTY YEARS AGO—

Final plans were shaping up for the observance of the centennial of the Northville Baptist church.

Movie goers were seeing Lew Ayres and Pat Patterson in "Lottery Lover".

One hundred twenty-five local voices were heard in the Northville May festival.

FIFTY YEARS AGO—

The Plymouth and Northville Gas Co. was laying gas mains with a digger capable of excavating 1,000 feet of trench per day.

Poppy Posters By Students Win Ratings

The annual judging of the American Legion Auxiliary poppy poster contest resulted in the following winners: Class I (grades 4, 5, 6): first prize, Margaret Ann Kupsky, 6th; second, Sammy Chizmar, 6th; third, Ivan Ely, 6th.

Class II (grades 7, 8, 9): first, Judy Robinson; second, Dee Klein; third, Lee Lemmon.

Class III (grades 10, 11, 12): first, Elaine Drew; second, Robert Johnson; third, Deanna Millington.

A prize was also given to Sharon Nash of the fourth grade.

Three posters rated an honorable mention: 1, Mary Lovell; 2, Lucille Pullen; 3, Delores Teshka.

Mrs. Donald Sober, Mrs. Merrill Sweet, Eural Clark and Rev. John Taxis acted as judges.

The scale for judging the posters is as follows: 1, Appeal—force with which the poster drives home the poppy message, with strict adherence to the significance of the veteran-made poppy, 50 points; 2, Artistic ability—15 points; 3, Originality, 25 points; 4, Neatness, 10 points.

The posters were made under the direction of the Northville art teachers, Edgar Bovee of the high

school and Stanley Hensch of the elementary grades.

First prizes enter the state auxiliary in competition with those from other communities in the state. The first prizes then go on to National Headquarters.

Prizes will be awarded Memorial Day at the Community Bldg.

Mrs. B. Connors was chairman of the Poppy Poster committee. Posters will be in the store window during Poppy Week.

DON'T JOIN A CHURCH

Yes, you read that title correctly! I repeat, "Don't join a Church" and will add, "Unless you are a born again believer in the Lord Jesus Christ." In Acts 2:41 we read,

"Then they that gladly received his word were baptized; and the same day there were added unto them about 3,000 souls." Here we find the scriptural order for membership in any local church. 1st, they repented of their sins and believed the gospel, putting their trust in the Lord Jesus Christ. 2nd, they were publicly baptized as a confession that they were through with the old life and from henceforth would place their lot with Jesus Christ. 3rd, they were added to the already existing body of believers known as the Church. The modern trend of getting people into the membership of the Church and then influence them to be converted never originated in the scriptures. This method has led many Churches into apostasy and shall condemn many souls for all eternity. The world is joining the church. As one has said, "It isn't the water on the outside of the ship that sinks it, it's the water that gets on the inside." The local church of any denomination should consist only of truly converted people.

Class of 1985!

It would take a long time to determine who won the bet—but we'd be willing to wager that the lad in the picture winds up owning a Cadillac!

We feel so confident because he is starting out like a typical Cadillac owner.

Preponderately, Cadillac owners are self-made men. They just emerge—from everywhere.

But they are usually marked, quite early in life, by industry and thrift and the will to succeed.

That's why we say that this wonderful lad—out earning money to make himself self-sufficient—is very likely to wind up owning a Cadillac. Looking at him, as he labors, we estimate the class of 1985!

We hope we are around to deliver his car when the great day arrives—for it's a great thrill to hand out the keys when an owner comes in for his first Cadillac.

It's worth a lot to see the smile on his face and the gleam in his eye as he settles himself behind the wheel

—studies the instrument panel to make sure of the controls—and floats away in the direction of home and a family celebration.

Of course, for the lad in the picture, the thrill of that first Cadillac is still a great many years away.

But how about you? Is the time coming close for your dream of a Cadillac to come to a happy ending? If so, we'd be happy—indeed—to see you.

This is a wonderful year for owning a new Cadillac—whether it's your first or your fifth or your tenth. Never before has Cadillac performance been so marvelous—its beauty so arresting—its comfort and handling ease so delightful. It is more decisively than ever—the Standard of the World!

Why not come in today—and check this for yourself? We'll give you the keys and a car—for the most revealing hour you ever spent in a motor car.
