Recreation Program Offers Wide Variety of Events Here

A comprehensive schedule of vacation fun has been arranged by the Northville Recreation committee June 13-Aug. 13.

The committee is composed of R. D. Merriam, chairman; Mrs. A. M. Lawrence; Mrs. Mollie Lawrence; Russell Amerman, Robert Coolman, Edward Welch and Anthony Bongiovanni.

Methodists Ask Rev. Hodgson To Remain Here

Rev. Ivan E. Hodgson has received a unanimous call from the First Methodist church requesting his reappointment for the ensuing year by Bishop Marshall R. Reed at the annual conference of the Methodist church convening at St. Mark's Methodist church, Detroit, June 15-19.

The lay member, Mrs. Louise Cansfield, and the reserve lay member, Mrs. Merner Eilber, will attend. Rev. Hodgson is taking a very commendable report of the church's activities to the conference. In the last three years 188 members have been received into the fellowship.

Miss Esther Vondron of Findlay, O., has been secured as director of religious education and church secretary. She will begin her work June 15.

Duplicate worship services will be concluded Sunday, June 12 and the summer schedule will begin June 19. Worship services will be held each Sunday morning during the entire summer at 8:45 a.m. Lounge is available for parents with small children and a nursery for pre-school aged children.

Personal Property Values Hiked 20%

Assessed valuations of Northville real and personal property for the coming year are \$5,168,000 for real estate and \$1,307,240 for personal property, E. M. Bogart, chairman of the board of review, told the city commission this week.

Real estate assessments, except in a few special cases, were increased 6% over last year. Personal property assessed valuations were increased 20%.

The tax rate for 1955-56 will be \$14.70 per \$1,000 of assessed valuation compared with \$14.80 last year.

Notes from Twp. Board Meeting

The Northville Township board voted Tuesday evening to sign a contract bringing the township into the Middle Rouge Interceptor Sewer Drain District, even though only a few township residents are presently making use of the sewer.

Baseball is now in progress at Cass Benton park in four age classifications, 7-9; 10-12; 13-14 and 15-16. Under the supervision of Jerry Heaton, this sport is conducted Monday through Friday from 9 a.m. to 1 p.m.

Tennis gets under way June 26 at Cass Benton Monday through Friday from 1 to 5 p.m. under the direction of Ron Schipper, for all boys and girls 10 years and older. Both Johnston and Schipper have application blanks.

There will be tournaments for all during the summer. Interested adults are asked to contact Schipper at 302 Orchard Dr., phone 711-W.

Swimming Starts Monday
Starting June 13, there will be swimming every day Monday through Friday at Groom's beach at Whitmore lake. Admission to the beach is 15 cents but there is no charge for transportation. The bus leaves the Community Bldg. at 1 p.m.

On Tuesday and Thursday (Continued on Page 8)

Students Elect Allen As Mayor

James Allen

Last Friday the students of Northville High school, in grades eight through 12, elected their 1955-56 senior Student Council officers. The new officers are: mayor, James Allen; secretary, Janice Howarth; and treasurer, Roger Nieuwkoop. Their positions became official on June 1 at the Honors Convocation when last year's officers, Ed Mollema, Mary Lovewell and Walter Palmer, turned their duties over to them.

The secret ballot voting was the climax of a week of extensive campaigning. The nine candidates, three for each office, were previously chosen by the students in a nomination election.

Work On Plans for Flower Show

Completing plans for "Flowerama", the flower show sponsored by the Northville branch of the National Farm and Garden Assn., are chairman, Mrs. Clifton Hill; president, Mrs. George Alexander, and co-chairman, Mrs. Orson Atchinson. The show will be presented June 17, from 2 to 8 p.m. in the Community Bldg. Proceeds will go to the scholarship fund. The public is invited to enter displays and children's entries are also welcome. Entry blanks may be obtained from Mrs. Hill and Mrs. Atchinson.

Horse Show Draws 487 Entries For All Time Record

An all-time high number of entries—487—were listed in the 40th Northville annual horse show at Northville Downs last Saturday and Sunday, with Kitten James of Birmingham emerging as the most versatile performer.

Captain of the Bloomfield Fairlaners equestrian team, (jumping), Miss James won the second harness race, driving "Mr. Yonkers"; and the U.S. Equestrian team dressage medal. This qualifies her to compete in the National Horse show at Madison Square Garden in November for the medal class championship of the nation. She placed fourth in the hunter's seat equitation.

First harness race was taken by Dena Penney of Plymouth, driving "Ming Chung". The harness races were a highlight of the show, marking the first time that this type of attraction was included in a horse show program.

Janet Porath of Northville won the Western equitation championship, with Cindy Hull of Plymouth winning in the reserve classification.

The Grosse Pointe Rascals captured top position in the A division of the junior equestrian division, with the Toledo Bees tops in the B class.

With 210 individuals taking part, the Northville exhibit sponsored by the local Optimist club, marks the beginning of seasonal competition. The next contests will be at the Bloomfield Horse show, June 22-25.

The official results of the show according to General Chairman J. P. Malley are as follows:

Northville Sends Contingent To V.F.W. Convention

Delegates and members of the Northville post of Veterans of Foreign Wars who will attend the organization's annual convention in Traverse City June 16-19 are Al Smith, Frank Light, Wilfred Throop, James Bongiovanni, Walter Hammond, Post Commander Clayton Myers, Auxiliary President Mrs. Clayton Myers, Mrs. Frank Broda and Miss Mary Raeger.

It is expected that 5,000 veterans and auxiliary members will attend the affair. Climax of the four-day party will be election of state officers. Don M. Draher, a member of Indian River post, who resides in Royal Oak, will likely become state commander to succeed Leon B. Bauer of Grand Rapids.

Delegates representing more than 400 V.F.W. posts will also elect six other important state officers. Max C. McCann, present state junior vice commander, is expected to be elevated to the post of senior vice-commander.

A six-cornered battle is expected for the pivotal position of state junior vice-commander, usually the jumping off spot for ascending in two years to the state command. The last time the line of succession theory was broken in the V.F.W. was back in the mid 1930's.

Candidates for this office include Charles Cooper, of Clare; Howard Barhites, of Muskegon; Marine DeLee and Wilbur Kirsch of Detroit; William Rogers of Trenton and Elmer Meggison of Flint.

Twelve Graduate At Our Lady of Victory School

Twelve students were given diplomas at the graduation ceremony at Our Lady of Victory school Tuesday by the Rev. Anthony J. Heraty, pastor of the church.

Receiving diplomas were Peter Bellinger, Catherine Bensen, Edythe Bosak, John Crusoe, Wanda Dolan, George Funke, Richard Heslip, Joanne Kaiser, William Madigan, Patricia McGuire, Shane Murphy and Ellen Raubar.

After the graduation Mass held Tuesday morning the graduates, their parents and the seventh grade were guests of the Mothers' club at a breakfast in the school hall. Fr. Heraty was the speaker; John Crusoe gave the welcome address; Shane Murphy, the last will and testament and Frank Bosak, the class prophecy. There was also group singing by the class of "This Our Festival Day."

Tuesday evening the following class-day program was given: Greeting, Ellen Raubar; jubilee songs, seventh and eighth grades; "Teddy Bears' Picnic", third and fourth grades; "Daisies' Secret", song and dance by fifth and sixth grade girls; "Hands of a Priest", verse speaking choir; "Our Lady's Peace Plan", verse speaking choir; novelty numbers, fifth and sixth grades, and "What's in the Basket?", a playlet, first and second grades.

Edythe Bosak won the annual spelling award, which was presented by Fr. Heraty.

The class picnic was held Wednesday at Cass Benton park.

Business of The City Commission

Public Works Commissioner Alton Peters was given the responsibility of finding a new location of a public drinking fountain in downtown Northville where it cannot be wrecked immediately by an automobile or truck parking at the curb. The fountain formerly located at the northeast corner of Main and Center streets was almost continually in need of repairs. Suggested new locations were in the alley between the Carrington building and the telephone building on the east side of Center St. and on the side of some other downtown business building. It was a letter presented by Dr. Wilbur Johnston in behalf of the Northville Coordinating Council that stirred the city commission into renewed interest in a drinking fountain after having voted it down several months ago.

Residents of Lake St., south of Baseline, petitioned the commission to have their street treated with sodium chloride instead of oil.

Considerable discussion followed presentation of a letter from the Northville Rotary club urging a ban on selling peanuts and farm products on Plymouth Rd. near the old spring. Rotary pointed out that about \$1,400 has been spent in the past year by it and the village in cleaning up and beautifying the spring and that the roadside stands are so unsightly as to be a nuisance. City Attorney Philip Ogilvie was instructed to draw up a resolution covering the situation for consideration at the next meeting June 20.

Commissioner John F. Stubenvoll suggested that the Wayne County Road commission be asked "emphatically" not to start paving S. Center St. until after Aug. 6 when the 1955 Northville Downs racing season is over. Engineers for the road commission have been surveying both N. Center St. and S. Center St. during the past week. Stubenvoll told the commission that paving started while the racing meet is on would result in intolerable confusion and traffic congestion.

Commissioners Stubenvoll and A. Malcolm Allen are to meet June 15 with Manning & Locklin officials to discuss a site for a new water well for Northville on the gravel company's property east of the C. & O. railroad tracks.

Colored movies of the Northville activities in connection with observance of "Exchange of Mayors Day" last month are to be shown by Stanley Johnston in the city hall at 7:30 p.m. June 20, just prior to the next regular commission meeting. Johnston is said to have some excellent film which was taken at the time. Mayor Ely says the public is cordially invited to attend the showing.

The city commission accepted with gratitude a large American flag donated to the city by Mr. and Mrs. George W. Kohs. City Clerk Mary Alexander was instructed to write an appropriate letter of thanks.

Attorneys have now found that (Continued on Page 8)

300 Attend Dinner Marking Jubilee of Fr. Heraty

About 300 persons, including many visiting clergymen, attended the 25th jubilee dinner for the Rev. Fr. Anthony J. Heraty, pastor of Our Lady of Victory Catholic church, at the American Legion home last Sunday.

He celebrated his 25th anniversary Mass at 9 o'clock Sunday morning in the church. Fr. Heraty was the recipient of a generous purse and gifts from parishioners and other friends.

Mrs. Peter Sexton was chairman of the dinner, with Mrs. Claude Crusoe and Mrs. Martin Kaiser as co-hostesses. Eighth grade girls from the parochial school and students from the high school served.

Mrs. Eugene Kampermann was aration committee was headed by ticket chairman. The dinner prepared by Mrs. Hugh Godfrey, Mrs. John Murphy, Mrs. Joseph Modos and Mrs. William Madigan.

Another In Series Of Bargain Days This Week End

Northville merchants are all set to stage another series of Bargain Days this week end—Thursday, Friday and Saturday—under the sponsorship of the Northville Retail Merchants Assn.

Established last autumn, the price-cutting festivals have been growing in popularity with residents of this area as well as neighboring communities.

In some of the ads in this issue, the hours of "Flowerama", the flower show to be given by the Northville branch of the National Farm and Garden club at the Community Bldg. June 17 are incorrectly stated. The hours are from 2 to 8 p.m.

Essie Nirider, manager of the D & C store, is chairman of the current Bargain Days, according to George Clark, new president of the association. Bernie Morrison, manager of Famous store, is in charge of the association's promotions.

Voters Select School Board Member Monday

Because four candidates are seeking one opening on the Northville board of education at the election Monday, school officials anticipate a heavier vote than usual. The candidates are Eural F. Clark, incumbent, whose term is expiring; Robert L. Hart, Drake Older and Bruce Turnbull.

The Northville Record presents views of the candidates and their backgrounds on Page 2 of this issue.

Polls will be open from 7 a.m. to 8 p.m.

Northville Fears Attempt To Split City At 8 Mile

The City of Northville this week held up awarding the contract for construction of sanitary sewers and water mains in the Yerkes subdivision, located in Novi township, until rumors of a possible attempt by Oakland county or Novi township to break up the city boundaries prove to be fact or fancy.

Northville Mayor Claude N. Ely told the city commission Monday evening that he understood a move was under way for Novi township to contest the legality of the Nov. 4, 1924 election at which the Oakwood subdivision was annexed by the village of Northville. "I have been told," said Mayor Ely, "that Novi township officials want to establish 8 Mile Rd. as Northville's north boundary, and that they don't want the city to expand into Novi township in the future."

Would Upset Election
Ely pointed out that any legal action to upset Northville's boundaries that have been in existence for 31 years, if successful, would invalidate the recent election at which Northville voted to become a city.

As this is written (Wednesday a.m.) Novi township officials have refrained from comment, but they are reported to be studying the political implications of Northville's decision to become a city, and especially the fact that future annexation of portions of Oakland county will be easier under a city form of government than if Northville had remained a village.

Informed sources believe township officials will take steps, if their legal counsel so advises, to try to forestall any future encroachment by the City of Northville, such as the proposed annexation of the Yerkes subdivision. Just how this can be done is not clear at this time.

Northville Is Concerned
One well informed Wayne coun-

ty legal authority told Northville Commissioner Earl Reed last week that plans are afoot to contest the legality of Northville's annexation of its Oakwood subdivision. The Oakwood subdivision lies entirely in Novi township at the northeast corner of N. Center St. and Eight Mile Rd. Oakwood subdivision residents have participated in Northville elections, paid Northville taxes, and received Northville sewer, water, garbage, street maintenance and other services for the past 31 years.

Northville city officials are quite frank in expressing concern over any legal action that might upset the old annexation because this would invalidate the recent vote to become a city by throwing out the votes cast by Oakwood subdivision residents. While they say a new vote would be taken as quickly as legal details could be worked out sufficient delay would ensue to prevent the city from receiving approximately \$80,000 of revenue from racing at Northville Downs this year.

Principal sufferers at the moment from the existing uncertainty as to Novi township's intentions are Messrs. Beneicke and Krue, who have purchased the Yerkes property for subdividing, and who must have sewers and water mains installed as quickly as possible. They were at the city commission meeting this week when Mayor Ely announced the threatened suit and were obviously dismayed at this unexpected complication.

Detroit Wins Bank "Spring" Photo Contest

Depositors State bank amateur photo contest, with the Old Northville Spring as the subject, was won by Harry A. Ernst, 9278 Littlefield, Detroit. First prize was a \$100 savings bond. Ernst used a Linhof camera with 3.5, 150 m.m. lens. Second prize, a \$50 bond, went to Ralph A. Mannisto, 19659 Fry; third, a \$25 bond, Edmund P. Yerkes.

Seven \$10 savings accounts at the bank were taken by Charles Wheeler, 35385 Fend; Max Austin, Donald Star, 323 River; Mrs. Robert Deering; Donald Barnard; Royal Keller and Carl Shetler.

The winning photos are displayed in the bank. Judges were James McFerran of James McFerran & Associates and the Jerome School of Photography in Detroit, and Charles Wilson, sales representative of A. Gas Cameta

Center Resurfacing Start Hinges On Cement Supply

Although a crew of surveyors of the Wayne County Road commission was in Northville last week and this on the first steps toward resurfacing Center St. from Dunlap St. to Baseline Rd. and from Main St. to Edward N. Hines Dr., there is no certainty when the actual work will begin.

John Hiltz, the commission's engineer of highways, told the Northville Record this week that date of the resurfacing depends on the availability of cement, which is in short supply.

"The start could be made within 60 to 90 days," was as close as Hiltz cared to predict, because of conditions in the cement industry. He expects that the job will take from 30 to 40 days and was definite in his opinion that the work would be completed "by the fall."

CONTEST JUDGES VISIT SPRING — James McFerran and Charles Wilson, judges in the Old Northville Spring photo contest conducted by Depositors State Bank visited the subject of the competition. While there they saw Lloyd Craig, 2105 W. Lake Dr., Walled Lake, one of the spring's thousands of loyal patrons. Craig, with the pail, comes to the spring every week for water used in making coffee.

Views of Candidates For School Board

Eural F. Clark

I, Eural F. Clark of 235 High St., Northville, candidate for re-election to the Northville school board, have lived in Northville all my life. After graduation from Northville High school in 1918 I attended the Detroit Business Institute after which I entered into the coal and ice business with my father in Northville. For the past 35 years I have been employed by the Board of Wayne County Road commission.

As a member of the Northville school board for the past 12 years I have seen our local school increase to its present enrollment of about 1500 children with a faculty of 51 instructors.

The operational problems of this school system which face the board members are many with the most difficult problems being in the field of finance. During my terms of office our valuation has increased from \$2½ millions to about \$10 millions with the cost of operation always in advance of funds available.

At the present time we are concerned with finding a way to increase our tax base so that we may build a high school building which will give facilities needed for the proper education of our children. The board has requested a group of citizens and teachers to make a study of our school needs which we will use as a guide for our actions.

A good board member must keep in mind the welfare of our children and also should keep the costs of education from becoming a burden on the local tax payers. He should be available and willing to donate the many hours needed as a board member.

Robert L. Hart

We moved to Northville in August, 1949, because we considered it to be the most desirable community in the Detroit suburban area for us. We still think that this is so, but I should like to be able to help make it even better.

I believe that the most practical way to implement this desire is to use my training and experience on behalf of the Northville Public school system.

I have a master's degree in education from Ohio State university, seven years' experience as a high school teacher, two years in college teaching, 12 years in industry, including the past three years in my present position as

Trouble Shooter For Air Reserve At Dearborn

Master Sgt. Grant R. Castle has been assigned from the Air Reserve Center, Detroit, to the 9632nd Reserve Squadron, 1034 Monroe, Dearborn as liaison non-commissioned officer, he announced last week.

Castle will be available daily Monday through Friday, 8:00 a.m. to 4:30 p.m. at the above address. His job, as liaison NCO is to establish relations and adjust administrative matters between the Air Force and Reserve personnel of the 9632nd Squadron. His phone number is Logan 3-0603.

In his 13 years with the Air Force, Castle has served as a first sergeant, sergeant major, personnel sergeant major, technical instructor and recruiting station commander as well as other varied assignments. He has served in a total of 46 countries in which the United States maintains Air Force installations, facilities or liaison. His most recent overseas assignment was in Iceland, at Keflavik airport, which is an installation of NATO.

Presently living in Pontiac with his wife, Doris and son, Michael, Castle is planning on making his permanent home at 510 Henry Ruff Road, Garden City.

Drake Older

Drake Older was born in Springfield, Ill. where he spent most of his boyhood life in the land of Lincoln. His family later moved to the Chicago suburb of Wilmette, Ill., from where he attended New Trier High school in the Winnetka Public school system.

He attended the University of Illinois, and soon afterwards was appointed St. Louis branch manager of Highway Steel Products Co., a Chicago concern. He left later to work for the Tubular Rivet and Stud Co., a Boston concern in their Chicago office as a sales representative. After a short time he was offered and accepted the branch managership of this company's Detroit office in which capacity he is now serving.

He feels that his extensive managerial background will serve him in good stead for the intricacies of business and finance necessary as a member of the school board. He has been a resident of Northville for five years, is married, has three children of school age and takes great interest in civic affairs. He is active in church work serving various capacities in the Northville Methodist church.

Here's where all that wonderful performance begins!

They're all true—all the wonderful things you hear about Pontiac's great performance.

The way it sweeps uphill or down with the same effortless ease. The tremendous burst of passing power that answers the nudge of your toe. The thought-quick response in stop-and-go traffic that makes the car seem part of you. The smooth, quiet way it goes about its business however hard or far you drive.

Lift the hood of a Pontiac and you'll be face to face with the reason. That compact power plant nestled there may look much like other V-8's—but that's where your eyes deceive you!

The Strato-Streak V-8 is in a class all by itself—filled with engineering "firsts" that make it the mightiest engine ever to appear

in Pontiac's price field. And it's one of the many Pontiac advantages you can't get anywhere else: Pontiac alone gives you the terrific drive of Strato-Streak performance.

This sensational performance, remember, comes in a distinguished, future-fashioned beauty that is tagged with a price any new-car buyer can readily afford.

Here's your wide-open invitation to come in and try the result—the fastest-selling Pontiac of all time. The car is ready whenever you are! Make it soon.

UAW ON AUTOMATION—

Dear Sir:

Automation has come to the Northville Ford valve plant. Because we are most concerned with the problems that this automation presents, we would like to make known our position to the citizens and businessmen of our community so that they will know where the members and the officers of this local union stand.

First, let us see how industrial improvements have affected the workers in the Northville Ford plant since 1947. In that year one worker was required to operate one machine and turn out 3,500 valves per day. Now in 1950 the union was notified by the company that this same worker was required to operate two machines and turn out 6,700 valves per day.

Today, in 1955, the Company has notified the union and its members that this same worker must operate six machines and turn out 51,500 valves or more per day and also that he was responsible for every valve that these machines produced.

Industrial improvement is wonderful and we are all for it provided everyone benefits from top to bottom of the company.

Just what does this one worker have to do to operate these six machines to the Company's satisfaction? Our union shop committee has been notified by the company that the one operator must walk the length of these six machines in four and one-half minutes, plus operating the machines.

These six machines cover a floor space of 50 feet in length so it is easy to understand that the operator is going to be doing a terrific amount of galloping in an eight hour day.

Some experts in the automation field disagree on what will happen to the local and national economy once this industrial automation gets into full swing. Some uphold the Ford Motor Co.'s position that it will not cause widespread unemployment.

However, the union shop committee and the members of local 896 have become fully aware of what is going to happen once this high level of production is cut back to what we have come to regard as normal production. There will be drastic lay-offs which will cut deep into our seniority lists some with 10 or more years seniority will be unemployed, some permanently as far as the Northville valve plant is concerned.

The shop committee has had two meetings with Company representatives on this problem and has asked that fair treatment be given to machine operators and that they not be required to perform more than a normal day's work and also that an honest and just wage rate be set for this new type of work.

In conclusion, we the members of local 896, would like to point out to the Northville merchants and the business men that unemployed workers in the communities main industry can mean drastic drops in business and sales.

We can't buy new Fords, or new clothes, or shoes if we aren't working. So we wonder what good are automation machines if the product it produces cannot be sold. Certainly some better way has to be worked out to harness this new automation so that it benefits everyone, in the shops and behind the counters.

J. T. Stone,
Chairman, Local 896.

Distribution of T-Shirts Starts Mon. At Day Camp

The T-shirts offered by the Recreation department for \$1, which allow youths to swim free if worn on Wednesdays at Groome's beach, Walled Lake, may be picked up at the Recreation Day camp starting June 13, according to Stan Johnston, recreation director.

The day camp, a part of the recreation summer program, is conducted at the elementary school playground Monday through Friday from 9 a.m. until noon.

Arrangements to purchase the shirts, now on display in the window of the Northville Record office, must be made through Johnston.

Because of the use of detergents only about half as much fat and oil is being used now as was used 10 years ago in making of soaps.

NORTHVILLE STUDENTS WHO WON SCHOLARSHIPS—
At the annual honors convocation of Northville High school in the Community Bldg., scholarship awards were announced for the following students: front row from left, June King, Parent-Teacher Assn. scholarship; Marianne Ratliff, Future Teachers of America; Rita Skow, Optimist club nursing scholarship. Back row from left, Dennis Proctor, Bausch & Lomb science award and Woman's club; Gayle Ashburn, University of Michigan; Kathleen Leavenworth, Wayne university, and Joel Soule, Wayne university.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

David and Dale Orphan, sons of Mr. and Mrs. Andy Orphan, 125 Carlisle St., think this date and nut bread should be in the bread box all the time. It's so good when little boys have been out playing and run in shouting "I'm hungry". Grown-ups will like it too.

Try it sometime as a dessert with a dollop of whipped cream on a slice, or just butter it and eat a slice that way, only you won't stop at one slice.

DATE AND NUT BREAD

1 pkg. dates, cut in pieces
¾ cup chopped nut meats
2 teaspoons soda
2 cups boiling water
2 tablespoons butter
2 cups sugar
2 eggs
2½ cups flour
2 teaspoons vanilla
Sprinkle dates with soda and boiling water and let stand until cool. Cream butter and sugar, add eggs and nut meats. Add flour alternately with date mixture to which vanilla has been added after it has cooled.
Pour in two greased loaf pans and bake at 350 degrees for 45 minutes to one hour.

The Community club had a meeting June 4. Elected officers were Nancy Cort, president; Raymond Dahl, vice-president; Mary Ann Bock, secretary, and Jim Gofforth, treasurer.

There was a candle light service for the new members. Conrad Eilsorn from East Ann Arbor called for square dancing and demonstrated some new dances. There were refreshments.

"TIRED" OF EROSION—Old tire casings are "planted" on this farm near Englewood, Kan., in hopes of harvesting a crop of precious soil which would ordinarily be blown away by spring storms. Previous tests of the unusual planting have been successful.

In nothing be anxious; but in everything by prayer and supplication let your requests be made known unto God. — (Philippians 4, 6).

Since God — good, love, mercy, wisdom — is always and ever present within and around us, He is interested in our every thought and act, and none is too small or apparently unimportant to take to Him in unceasing prayer.

The Eighty Plus Club

"Like George Ade, I was born when a little child in Webster, Iowa, but my parents lived in Sioux Falls, S.D." So stated Mrs. Norman L. Spencer, who recently celebrated her 80th birthday.

She was born, Helen Skinner, and remembers her father, Marion D. Skinner, taking her to call on the great actor, Otis Skinner, who was a distant relative, when he played in "My Antonio" in Lansing. She recalled that the actor entered the stage leading a donkey and eating an apple and never forgot how enthralled she was with the play.

Mrs. Spencer is not a native of Northville, but has lived at 547 Fairbrook for over a year and a half with her daughter, Molly. Another daughter, Mrs. Carl DeWitt, resides in Campo, Calif. The Skinners moved to Lansing when she was 15 years old and her father, built the first electric street car line in that city.

Helen Skinner and Norman L. Spencer were married in 1902 and celebrated their 50th wedding anniversary the year before he died. His grandfather on his mother's side never knew who his parents were. When he and his sister were very small, they were found in a stage coach when it stopped in a town in a southern state many years ago. They were

well dressed and very frightened, but no one claimed them. A family by the name of Wilson adopted them and the little lost boy became an Episcopal minister and established the first Episcopal church in Ypsilanti.

Spencer's mother was state librarian for 36 years and it was through her efforts that the legislature appropriated money to purchase the first law library of importance. She also established the traveling libraries which serviced small towns lacking library service.

Mrs. Spencer enjoys living in Northville and thinks it is a beautiful little town. Although confined to a wheel chair, she makes up for this by exercising her active mind and remembers many amusing incidents accurately and tells them humorously.

She sits in her wheel chair by the window and derives great joy from watching the children in the neighborhood play. Many of them come to call on her and visit with her. They call her "Granny".

She is an avid reader and enjoys mysteries, biographies and novels in that order. She plays solitaire and rummy, and is a rather tough opponent in the latter game. She traces her ancestry back to Ethan Allen on her grandmother's side.

Edison Spends Quarter Million To Increase Novi Power 66%

Detroit Edison will spend \$250,000 this summer and fall in increasing its power facilities in the Novi area to a level that would serve a community of about 14,000 persons, the company announced this week.

The program is recognized as being several years ahead of the area's needs for residential, commercial and industrial purposes. It is in line with Edison's policy of anticipating future growth, rather than following along after it has occurred.

Plans provide for rebuilding the Novi system, installation of larger equipment, and construction of a new tie line connecting with a transmission line from Farmington to give the area a second power source in case of emergency.

When completed, the new facilities will have a total capacity of 4,500 kilowatts, or two-thirds larger than at present.

The rebuilding work is part of an over-all improvement program in the Detroit suburban area to reinforce Edison's electrical system and to keep well ahead of the steadily increasing demand for electrical power.

Mrs. Cora McDonald of Eleven Mile Rd. is taking a month vacation. She plans to visit her niece at Walled Lake and also make several visits with friends.

Mr. and Mrs. Russell Race attended the funeral of the latter's sister, Mrs. Jane McDonnell at Bad Axe last Thursday.

Mrs. W. Mairs fell and broke her hip while recuperating from an operation at Grace hospital in Detroit. She is now a patient at the Novi Convalescent home.

Mr. and Mrs. Charles Trickey, Sr. and children returned Monday from a five day vacation at Traverse City. Mr. Trickey attended the AmVet state convention as a delegate. He is also alternate executive committee member for the state.

Alfred Gow underwent an operation at Sessions hospital in Northville last week.

Mrs. Roy Fangbner of Pontiac is spending this week with her sister-in-law, Mrs. Alfred Gow. (Continued on Page 8)

Detroit Injured Diving Into Water

A Detroit man was critically injured Monday afternoon at the Novi township park when he dived into water two feet deep.

Robert Monteleone, 18, of 2528 Anderson, Detroit, suffered paralysis from the neck down as a result of the accident and attendants at Pontiac General hospital listed his condition as critical.

According to witnesses, Monteleone was standing on a children's swing in shallow water and swinging high. Suddenly he let go and dived into the shallow water, injuring his neck.

He was rushed to the Pontiac hospital where he immediately underwent surgery.

According to Novi Police Chief Lee BeGole, the swing was in good condition. It was placed there for the use of small children, BeGole added, and was never designed nor intended for high diving.

Novi Rebekah News

Mrs. Irene Wendland, Mrs. Grace Frisbie and Mrs. Glen Salow, Sr. visited Milford Rebekah lodge last week.

On June 19 the Rebekahs and their husbands will attend the Novi Methodist church services.

Novi Rallies To Defend Teacher

Novi teachers and citizens were quick to come to the defense of the teacher-bus driver accused last week by a "teenager" of "deliberately and maliciously running down four dogs without trying to avoid them, without trying to stop or even sound his horn."

The Novi Faculty club said "the facts were grossly misrepresented," and Novi Police Chief Lee BeGole said "the Novi school system is lucky to have a driver of this caliber."

Novi School Superintendent Mary Atkinson pointed out that "in my many years of teaching, I have never met nor associated with a person of higher morals. His character is beyond reproach. We feel that he is an outstanding gentleman, husband, father, teacher and youth leader."

The generally admitted "facts" of the incident are that as the Novi school bus was traveling on a particularly poor part of Novi Rd. north of 12 Mile Rd., where there are no shoulders, and the edges are overgrown with weeds, several dogs ran across in front of the bus.

Apparently the driver didn't have sufficient warning to put on the brakes, nor could he swerve to avoid the dogs without endangering the students.

One dog was hit, or ran into the bus in the split second when the bus passed. The driver did not stop the bus to see how badly the dog was injured because the bus was being crowded from the rear by a passenger car and because the driver knew the dogs did not belong to any nearby residents.

Also, Police Chief BeGole points out that a bus driver should never stop a school bus in the (Continued on Page 8)

Mrs. Salow's sixth grade had 14 pupils neither absent or tardy for six 4-week periods and two with perfect attendance.

In Mrs. Griffith's seventh grade class there were eight pupils (Continued on Page 8)

THIS MAP shows the Oakwood subdivision portion of Novi township which has been included in the Village of Northville for the past 31 years. It is bounded by Eight Mile Rd. on the south, Center St. on the west, Maplewood on the north, and Novi Ave. on the east. Novi officials are said to fear that as a city, Northville will be able to annex other portions of Novi township simply by a majority vote of the city and the territory to be annexed. Already under consideration for annexation is the Yerkes subdivision, consisting of about 90 acres located directly east of the Oakwood subdivision. Northville has agreed to furnish the subdivision with water and a sewer connection if it becomes a part of the city.

Meadowbrook Asks 40 Mile Hour Limit

Forty-one Willowbrook residents petitioned this week to have Ten Mile Rd. between Meadowbrook and Haggerty roads established as a 40 mile per hour zone.

The petition, which was signed by most of the property owners in the area, will be presented to the Oakland County Road commission. They also requested that "Not a Thru Road" or "Dead End Road" markings be posted on Mill Stream Rd.

Pfc. Richardson In Maneuvers With 1st Division

Schweinfurt, Germany—Army Pfc. Robert L. Richardson, son of Mr. and Mrs. Vern Richardson, 3227 Newton, Walled Lake, recently participated in a 1st Infantry Division field training exercise in southern Germany. He is a former employee of Novi Equipment Co.

Men of the "Big Red 1" division practiced attack, defense and withdrawal tactics. They received pre-planned artillery support from the 7th Field Artillery Bn.

Richardson, a cannoneer in the battalion's Battery B, entered the Army in March, 1954, and arrived overseas last December. He attended Walled Lake High school.

Bell Heads Sales Of Boat Motors At Trickey Store

Charles Trickey, Sr., owner and operator of a sporting goods store on E. Grand River, has increased the size of his store to handle outboard motors.

Duane Bell, who has taken a course in the servicing and operation of its products with Evinrude motors, now has charge of this department of the store.

Letter To The Editor

THANK YOU, AMVETS

Dear Sir:

I have been informed of the excellent cooperation you have been giving to AMVETS post No. 76 at Novi. On behalf of the national organization of AMVETS, I desire to express my appreciation to you for your assistance and cooperation, and to extend to you the very best wishes of the thousands of AMVETS from all over the country. We trust that we may be able to continue to merit your support and editorial coverage.

Sincerely yours,
Rufus H. Wilson,
National Commander
AMVETS.

Arbour, A Former Mountie, Joins Novi Police

Emil Arbour of N. Haven Ave., Novi, was sworn in Monday night as a part time member of the Novi police force.

Arbour, who is married and has eight children, is a French-Canadian by birth and received his police training in the Royal Canadian Mounted Police.

He recently attended a 12-week police school and scored highest in his class in the final examination. During May he devoted 42 hours of his free time to voluntary police work.

He will be stationed at the Walled Lake Amusement park every Sunday during the summer months.

Blue Star Mothers Send Delegates To Michigan Parley

Several Blue Star Mothers are attending the department of Michigan convention at Jackson on Monday, Tuesday and Wednesday of this week.

The delegates are Mrs. Fred Mandlik, president, and Mrs. R. E. Ward and Mrs. Paul Ginst, past presidents.

Monday, several of the mothers visited Kamps Surgical Garments factory in Jackson.

The Novi chapter of the Blue Star Mothers will meet Monday, June 13 at the home of Mrs. Ralph Walden on Twelve Mile Rd.

The Blue Star Mothers, who served the ham dinner to the board of commerce last Thursday evening were Mrs. Joe Gardella, Mrs. Fred Mandlik, Mrs. Russell Race, Mrs. Ethel Smith, Mrs. Walter Tuck and Mrs. Clyde Johnston.

CHANGE DATE FOR BIBLE SCHOOL

The date of the Novi Methodist Bible school has been changed from June 13 to June 20 to accommodate children who are still in public school.

Banks Absent First Time In 35 Years

For the first time in 35 years as Novi township clerk, Earl Banks missed a meeting of the township board. His absence from Monday night's session was due to confinement in Mt. Carmel Mercy hospital in Detroit. Mrs. Banks said that he was expected home this week.

Prominent in Novi township activities all his life, Banks is a member of the school board and treasurer of the Novi Baptist church. He has also served as township treasurer.

GIRL SCOUTS TO HOLD BAKE SALE SATURDAY

The Senior Girl Scouts are planning a bake sale at Harnden's store at 9 a.m. on Saturday, June 11. The girls met at the home of leader, Mrs. Vi Bellinger Thursday, June 2 to plan for their camping trip the last week in July at Kensington park.

Novi Cut-Off Is Delayed To 1956

State Highway Commissioner Charles M. Ziegler told the State Administrative board this week the highway department is so far behind with its work it will be unable to let some major contracts for several months. Included among those to be delayed is the new limited access highway running north of Grand River from Middlebelt and Grand River to Kent lake, which is intended to alleviate the heavy week end traffic flow on Grand River.

Soloman Cited By State AmVets

Fred Soloman of Perry Kenner post, Novi, was presented with the outstanding post service officer award at the AmVets 11th annual state convention at Traverse City.

It was presented to him by State Department Commander J. Carroll Kay at the Commander's banquet June 4.

Soloman was the originator of the award which his post gave to the state department in 1954 to be awarded to the post service officer in the state yearly for service work to veterans and their families—it is known as the "Perry Kenner Memorial Trophy".

It was awarded to Jacolyn Smith of Post 12, Pontiac, in 1954.

Soloman has been the post service officer of Post 76 for six years and has done an outstanding job, not only for the members of his post, but for veterans. He also was chairman of the Veterans' Affairs committee at the convention.

Building Permits Will Be Issued Every Day

Building permits will be issued daily except Sunday from 11 a.m. until noon at the Novi Township hall, according to William J. Flynn, township building inspector.

Permits are required for all new construction and major alterations in existing structures, Flynn said.

THIS OLE CAR

This ole car once knew some children,
This ole car once knew a wife,
This ole car once knew a husband
And a merry family life . . .

But this family's trips are over,
Picked a dang'rous spot to pass—
Then they saw death's angel peekin'
Through the broken windshield glass.

Ain't gonna need this car no longer,
Ain't gonna need this car no more—
Had no time to fix the brakes up,
Had no time to fix the door,
Had no time to fix the steerin'
Or to drive with more restraint—
Ain't gonna need this car no longer,
They've been taken to meet the Saint . . .

School Problem - Still No Steel

PROGRESS SLOWED—Work on the new \$200,000 addition to the Novi Grade school has been proceeding at a snail's pace during the past few weeks due to an acute steel supply shortage. Part of the structural steel arrived a month later than promised, according to Wallace Construction Co., Farmington general contractors. As soon as the additional steel becomes available, work will again progress at a rapid rate, the contractors said. However, the completion date for the new 10-room addition, which was originally set for early fall, will be delayed several months.

Cards of Thanks

We wish to thank the nurses at Sessions hospital, Drs. Irene Sparling and Ray Barber, the comforting words of Rev. Ivan Hodgson and the kindness shown by Fred Casterline. Beautiful flowers and gifts from the neighbors who furnished our dinner and supper the day our loved one was laid away, and thanks to the Get-Together club for their lovely gift. May God bless you all in time of need.

Mrs. Elmer E. Perkins
and family

I sincerely wish to thank the Northville blood bank and Mrs. Forney for releasing blood for me. Special thanks to donors: Mrs. Matt Howser, Mrs. Clyde Whitteley and Elmer Balko.

Mrs. Clair Brown

We wish to thank all our friends and neighbors for their thoughtfulness in our recent sorrow. Special thanks to Mae Brown, Katherine Pickell, Dr. Sparling and Fred Casterline.

The Hochkins family

CARD OF THANKS — We wish to thank our friends and neighbors, Rebekahs, Odd Fellows, Rev. McClus. Also special thanks to Fred Casterline for the kindness shown us following the death of Mrs. Lou Hix. — Stephen R. Hix, Harold L. Drouillard, Ward R. Drouillard and nieces and nephews.

OUR RECENT LOSS of husband and father, Mr. August W. Pankow, leaves us with grateful hearts toward Reverend Hoencke, Whitehall Convalescent Home, Schrader Funeral Home, neighbors and friends. Their comforting expressions of sympathy and thoughtfulness will always be remembered.

Mr. and Mrs. K. W. Eggenberger Celebrate
56th Wedding Anniversary and Birthday

FOUR GENERATIONS are represented in this picture. Mr. and Mrs. Karl William Eggenberger seated on the davenport are holding their two great-grandchildren, Stacey Ann Schaefer and William Leslie Eggenberger. Back row, left to right: William Dean Eggenberger, father of William Leslie, and William John, father of William Dean. Stacey Ann is the daughter of Mr. and Mrs. Schaefer.

Rita Anne Beebe Buried Wednesday

Rita Ann, 12-year-old daughter of Mr. and Mrs. Charles Beebe of 1929 Lake Dr., Walled Lake, died Monday at University hospital in Ann Arbor, of a congenital heart condition. Rita Ann was born in Detroit but had lived in Walled Lake most of her life.

Besides the parents, Rita Ann is survived by five brothers: Michael, Linden, Bill, Kevin and Anthony, and two sisters, Susan Ann and Molly Ann.

Funeral services were held at 2 p.m. Wednesday at the Casterline Funeral home. Rev. J. M. McLucas conducted the services and burial was in Oakland Hills Memorial Gardens.

Rita Ann was a member of the Sunday School in the Novi Methodist church and was also a Girl scout.

Sunday was a double celebration for Mr. and Mrs. Karl William Eggenberger when they celebrated their 56th wedding anniversary and Mrs. Eggenberger's 80th birthday, which was Monday. Their son and wife, Mr. and Mrs. William John Eggenberger, two sons, William Dean and Robert of Detroit, neighbors and old friends from Lansing, surprised them Sunday afternoon. Tables and chairs were set up under the big tree in the garden.

The Eggenbergers have lived in Northville at 360 Eaton Dr., for 21 years. The house and gardens reflect the care and pride of the owners. Eggenberger is noted for his unusually hardy and beautiful dahlias and his vegetable garden.

They were married in Oberlengenhart, in the Black Forest, Germany, June 5, 1899. They came to America with their two young children, William John and Teckla, Sept. 12, 1912. They lived in Abilene, Kan. until 1916, then moved to Lansing. Eggenberger had been in the insurance business in Germany but found business conditions unsatisfactory in Kansas. When asked about Kansas weather, he recalled seeing three tornadoes in a half hour but all of them were far away.

They came to the U.S. along with 3,000 other passengers, on the S.S. President Grant. During a severe storm he remembers nearly everyone was seasick, excepting his son, William.

His grandson, Robert Eggenberger, who just returned from army service in Germany, was able to find many relatives in the Black Forest region and give his grandfather first hand news of them.

Eggenbergers have one son living, their daughter Teckla Owen having died six years ago, four grandchildren and two great-grandchildren. William John's son, William Dean, and his wife have a three months old son, William Leslie. Mr. and Mrs. Stanton Schaefer (Andrea Owen) have a four months old daughter, Stacey Ann.

road to search for a possibly injured dog, and that a driver cannot and should not leave children unattended in a school bus, or take a few children out with him in search for a dog.

Later, when the driver returned to the school he reported the incident to the Novi police department and BeGole accompanied him to the scene of the accident, where a search failed to locate any injured dog.

Based upon stories told by other students riding the bus after the accident occurred, the teenager who wrote the letter to the editor placed an entirely different construction on the episode than the others. None believed the driver had "deliberately and maliciously" hit the dog, as the teenager's letter said.

The newspaper has been informed since it published the teenager's letter last week that the student who "corroborated" the teenager's interpretation of the episode was not even riding on the bus when the accident occurred.

The following "Letters to the Editor" were received in reply to the teenager's letter:

Dear Editor:

I noted in your last issue a letter regarding school buses and dogs, a letter which left no doubt as to the writer's concern for the welfare of man's best friend, the dog. However, there are circumstances and situations where a little background as to the duties and responsibilities of a school bus driver might do much to change the writer's opinions.

Perhaps I am in the best position to present the background of this particular incident as I was called to the scene by the driver of the bus and made an investigation of the entire situation.

First, I would like to point out that when it comes to the question of the safety of a bus load of children, or a dog's life, a driver has no choice—if a dog darts suddenly in front of his bus a driver who is conscious of his tremendous responsibility will, under no circumstances, jam on his brakes, or swerve right or left. To do so might, and quite probably would, cause the death of some of the children entrusted to his care.

In this particular case, the physical characteristics of the loca-

tion on Novi Road where the dog darted in front of the bus, made it impossible to swerve right, without upsetting due to the almost non-existent shoulder or to swerve left on the narrow 2-lane roadway without colliding with an oncoming car. To stop suddenly would be just as dangerous as to swerve.

Under no circumstances should a school bus driver swerve or stop to avoid a dog that suddenly appears on the scene. One who does, even in a moment of forgetfulness, is in my opinion, negligent.

He should be replaced by one who is ever alert to the most important, most vital condition of operating a school bus—the safety of the children entrusted to his care.

After a dog has been hit, a school bus driver's duty is to report the accident to the police, and the dog will be taken care of. He should never stop a school bus in the roadway to search for a possibly injured dog.

Under the rules, a driver cannot and should not leave children unattended in a school bus or take a few out with him to search for a dog. He leaves this job to the police as the driver of this particular bus did.

All in all, I think congratulations are in order to all concerned. As one who has always liked dogs, and who, incidentally, has found many of them good homes I am very pleased to see the matter of an injured dog taken so seriously.

The "Teenager's" letter to the editor shows the writer to be genuinely concerned with the welfare of animals. The Northville Record did its duty by publishing the letter as a matter of public concern. The bus driver reported the accident.

The Novi Police department investigated and the upshot of the whole thing is that the school bus driver did his job as he should have and by so doing no doubt saved some of his passengers from death or injury.

In my opinion, the Novi school system is lucky to have a driver of this caliber and even more fortunate are the parents whose children came home that day, safe and uninjured.

I shudder now to think what might have happened had that bus been driven to the shoulder of the road to avoid the dog.

LEE BEGOLE,
Novi Police Chief.
P.S.: The dog was not seriously injured.

Editor, Northville Record:
Dear Sir:

The letter by a teenager that you surprisingly printed last week was a shock to me.

I have worked with the teacher falsely accused for four years.

In my many years of teaching I have never met or associated with a person of higher morals than Mr. Don Knodle. His character is above reproach.

In our school and community we feel that he is an outstanding gentleman, husband, father, teacher and youth leader.

This teacher reported the bus-dog incident to me and to the Novi Chief of Police who went to the scene with Mr. Knodle and freed him of all blame.

Mary Ann Atkinson,
Supt., Novi School

June 3, 1955.

To the Editor:

Referring to a letter written to the Editor by "A Teenager" in the June second copy of the Northville Record, we, the Novi Faculty Club wish it to be known that the facts were grossly misrepresented and the characters of two outstanding teachers were maliciously slandered, furthermore we feel you are contributing to the difficulties of educator's already difficult role by encouraging a teenager to unjustly defile the reputation of our co-workers.

We definitely cannot understand why any Editor would publish a letter without first verifying the facts. Is this a publicity stunt?

The matter was immediately reported to the Novi Police, who met the driver at the scene. A diligent search was made and not ONE INJURED dog was found. In our opinion, if you were sincere in serving your subscribers you would have contacted the Novi Police for accurate and impartial report.

Sincerely,
The Novi Faculty Club

Dear Editor:

A Dog vs. School Children
Which is more important—the life of a dog or the lives of many children, plus the driver of the school bus?

The bus driver—a teacher of children and a father—used good judgment in not swerving the bus to avoid hitting a dog. The bus could have overturned, maiming or killing the occupants.

Parents of these children should be deeply grateful to this good driver of the school bus.

Incidentally, the dog got up and ran away.

Dear Sir:

I am sorry that I am a subscriber to a publication that makes so little effort to ascertain the truthfulness of the material printed and offered to the public as fact. I am referring to the "teenager" letter published on June 2, 1955.

We are dog owners and dog lovers, but when, and if, our Scottie is in the road and gets hit by a car it will be our fault and ours only—not the driver of the car. No dog should be in the road.

Novi has TWO teachers who are bus drivers. Both are fine, upstanding, young men who are an asset to our community. Their characters are unimpeachable but unjustness stings the innocent far more than the guilty. To be publicly called a "monster" hurts, and leaves a scar, no matter how untrue the accusation may be or who makes it.

When one must make a decision between hurting a dog or hurting a child there is only one answer. In this case the dog ran off and not even the police could find it.

Yours very truly,
Clara French,
Douglas F. French.

the old village charter will not permit Northville to lease the vacant property at Park Place and Plymouth Rd. to Dr. Handorf for more than one year, whereas the deal made with the doctor several weeks ago provided for a 30-year lease so he could erect a modern professional clinic building and fill in the large hole that makes the land unsightly. Commissioner Earl Reed reported that Handorf is willing to put up the first section of his building this year and gamble that under a new city charter it will be possible for Northville to sell him the property outright. In the meantime, he hopes to get a one-year lease signed with the city before he leaves for Europe later this month.

Pending the adoption of a new city charter, Mayor Claude N. Ely extended the terms of James Green and Arthur Carlson on the zoning board of appeals, and of Levi Eaton and Joseph Hoehl on the planning commission, for one year. Harry Wagenschutz was appointed to complete the unexpired term of Mrs. Mollie Lawrence, who resigned because she no longer resides in Northville.

Beginning June 23, trips will be taken to the zoo in Royal Oak. Participants are asked to bring 10 cents for the train ride.

Novi Girl Scouts

A bicycle hike for Intermediate Troops No. 456, 460 and 494 is being planned for July 1 from 9 a.m. to 4 p.m. Novi girls interested should register immediately with their leaders. The girls will ride down Eleven Mile Rd. toward Howard Rd. where they will be joined by Farmington girls. This trip will be adequately supervised with girl scout standards. There will be two adults, two program aides and a car will follow the girls an hour later to insure transportation in case of illness.

The following day camp counselors attended craft session at the Presbyterian church in Royal Oak June 1: Mrs. Florence Hayes, Mrs. Marge F'Geppert, Mrs. Billie Hunt and Mrs. Lulu Whittington. Nadine Hayes and Mrs. Florence Hayes attended Indian Wood day camp June 5 for program aide training.

Future meetings of the township board and the zoning board will be held in the basement of the library at Wing and N. Main streets. The zoning board will meet next Tuesday at 8 p.m. to hear a rezoning petition.

Donald D. Nutten told the board that Roy Stone is having foundations poured for a new house located off Seven Mile Rd. without first securing a building permit. Nutten expressed the opinion that the new township zoning ordinance raises some question concerning the legality of Stone's plans for developing the property. Attorney Littell was instructed to write letters to Stone and Oscar Hammond, the contractor, notifying them formally of the necessity of getting a building permit before proceeding further.

Robert Heslip Ranks High In Contest

Robert Heslip, son of Mr. and Mrs. A. J. Heslip of E. Nine Mile Rd., a student at St. Benedict's college, Atchison, Kan., was top appraiser of a quintet of agriculture students who, with their instructor, Herbert Funk, participated in the Eastern Kansas Land Judging contest held at Rossville.

The basis for land judging is land classification. Each contestant was taken to four different plots of land and was required to place each field in one of eight possible classes from I to VIII depending on whether it is level, productive, cultivated land or rough, hazardous land suited only for wildlife, recreation or watershed protection.

Robert, a freshman, received 198 out of a possible 240 points. Funk himself ranked seventh in the adult class with a 202 score.

TOO GOOD - TOO BAD!

"If you were to die tonight, would you go to Heaven?" "Oh, no, I am not good enough for that!" "If you were to die tonight would you go to hell?" "Oh, no, I am not bad enough for that!" ... What a position for a man who has to go somewhere when he leaves this life. Multitudes of people have the idea that "good" people go to Heaven and "bad" people are sent to hell. Now that is not what the Bible teaches at all. The Bible is bold to say, "... there is, none righteous, no not one." (Romans 3:10), and that "... [there is no difference for all have sinned and come short of the glory of God.] (Romans 3:22-23). Therefore, according to God's measurement of "good," there would be no one to populate Heaven. Partial obedience to the laws of God is not sufficient for entrance to the eternal glories. James 2 makes it clear that "Whoever shall keep the whole law and yet offend in one point, he is guilty of all." The way to Heaven is not by man's attempt to be good, but through the person and work of the Lord Jesus Christ. John 4:10, Ephesians 2:8-9, Romans 8:23 and tell us that eternal life is through Jesus Christ.

Milford Victim of Aubrey King's Second Shutout; Plymouth Nine Wins, 5-4

The Northville High school Mustangs avenged a 7-6 loss earlier in the season to Milford with a 6-0 victory at Milford May 31. This was Aubrey King's second shut out performance. He struck out 10 and walked 1. Three Milford hurlers held the Mustangs to 2 hits but walked 10.

Good base running led to 3 runs in the 2nd inning and the Mustangs were never headed. John Chapman hit a double in the 7th and stole 3rd and home. The victory allowed the Mustangs to finish ahead of Milford in 4th place in the Wayne-Oakland County league with a record of 5 wins and 7 losses.

Plymouth downed Northville Friday in the last of the 7th inning 5-4 on a game tying home run by pinch-hitter Ray Middleton and a run producing triple by Dave Carter.

Aubrey King pitched good ball Friday at Plymouth but was unable to hold a 4-3 lead in the last inning. Northville got single runs in the 2nd and 4th innings and a pair in the 6th to lead 4-3, going into the 7th.

Dave Middleton batted for Tate in the 7th and hit the first pitch into the bushes in left for a home run. After issuing a walk to pinch hitter Clifford, Dave Carter slammed the 2nd pitch into the bushes, for three bases and the ball game.

Dodge Telecasts Top Golf Meet Saturday, June 28

Gene Sarazen, veteran professional golfer, will serve as commentator for the finals of the 55th National Open Golf Tournament to be telecast over the NBC system this year Saturday, June 18, under the sponsorship of the Dodge division of Chrysler Corp., according to George E. Miller, owner of G. E. Miller Sales & Service. The show will be 8-9 p.m. E. D. T., originating at San Francisco's Olympic Country Club.

Last hour of the final round—telecast nationally only once before, will be shown. With a victory worth \$100,000 in subsequent endorsements, the National Open is considered golf's richest prize. Sarazen is one of the game's greats. Last year he won the International Senior match at Southport, England, for his 63rd major championship. Other top-level titles taken by him are two U. S. Open championships; three Professional Golf Assn., and the British Open.

Advance registrations in this year's open include more than 150 of the world's outstanding and professional golfers. Heading the list will be defending champion

Ed Furgol. Furgol overcame the handicap of a withered arm last year to capture the cup by one stroke from Gene Littler in a brilliant display of skill and control. Littler is expected to be one of his chief opponents.

Bantam Ben Hogan, who will be gunning this year for his fifth Open championship, probably will be on deck, as will his old rival, Sam Snead, who has never won it. Others will include Carry Middlecoff, Mike Souchak, Julius Boros, and Lew Worsham.

NIAGARA FALLS is undergoing a \$17,000,000 "beauty treatment." A joint U. S.-Canadian project, it is designed to save the Falls' beauty from further damage by erosion.

A 17th century manuscript containing new evidence of a "lost" play by William Shakespeare—"Love's Labors Won"—is now in possession of the University of Illinois.

VFW Softball Team Eyes Another Title

The Northville Veterans of Foreign Wars has entered a team in the Oldtimer's Softball league at Plymouth with Gil Perry as manager and captain. Games are played Tuesdays and Wednesdays at Plymouth High school athletic field at 6:30 p.m.

There is no admission charge. In its first season in the league last year the local team won the championship.

Members of the team are Harold Wagenschütz, Douglas Slesor, William Light, Fred Robinson, James LaRue, Lawrence MacArthur, Joe Lash, Ray Van Hotten, Clayton Myers, Arthur Ash, Joe Bongiovanni, Walter Hammond, George White, Robert Ely and Perry.

Hinko Is Elected Track Captain At Campion High

Ed "Moose" Hinko (Edward J. Hinko) son of Dr. and Mrs. Edward N. Hinko, formerly of 18885 Haggerty Rd., and now of Indianapolis, Ind., a junior at Campion Jesuit high school in Prairie du Chien, Wis., was elected track captain of the boys' boarding school with an enrollment of 526 from 28 states and six foreign countries.

Hinko lettered in track for the first time this spring and was second highest point gainer. In four dual and one triangular meet he took four firsts, four seconds, four thirds, one fourth, and one fifth place. His events are the 100-yard dash, broad and high jumps, and discus. He also lettered as a junior as reserve center in basketball.

A brother, Paul M., a sophomore, won junior varsity letters

as a guard in football and basketball. Both boys are honor students and Ed is in the classical course. He was a semi-finalist in the junior class oratory contest last April.

The Hinko brothers attended the Northville grade school and were graduated from St. Mary's parochial school in Wayne. Dr. Hinko formerly was assistant superintendent at the Northville State hospital and now holds the same position at the L. Carter hospital in Indianapolis.

U-D Football Team Selects Brighton for Fall Practice

Head Football Coach Wally Fromhart has announced the University of Detroit football squad will leave Aug. 31, for pre-season practice at Brighton. The squad will conduct workouts until returning to the U of D campus,

September 16, one week before the opening game with the University of Toledo Rockets, Friday night, September 23, at University of Detroit Stadium.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today. Here's what happened—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach, NASCAR 2-Way Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

Over the years, Detroit and the state of Michigan have been highly productive sources of talent for major league ball clubs. Old Diz wouldn't be surprised to see Michigan near the top of the list as a supplier of big leaguers.

Consider the Tigers' roster alone. Seven players are of Michigan origin and still live here. Curiously, all but two are pitchers.

The hurlers include Steve Gromek, born in Hamtramck and now living in Detroit; George Zuverink, born and still living in Holland; Ray Herbert, whose birthplace is Battle Creek but now calls Detroit his home; Leo Cristante, born and still living in Detroit, and Duane Maas, born in Utica and still residing there.

The exceptions are Detroit-born outfielder Steve Souchock, who now lives in Dearborn, and new outfielder Charlie Maxwell, obtained from Baltimore, who was born in Lawton and now lives in Paw Paw.

Of the 16 teams in the two major leagues, only four—the two New York clubs, Kansas City and Washington—are without Michigan representatives.

On the other hand, the Chicago White Sox, Cleveland Indians and Philadelphia Phillies boast almost as many Michigananders as the Tigers do.

On the White Sox squad are pitchers Ted Gray and Billy Pierce, both born in Highland Park, the former now living in Dearborn, the latter in Birmingham; first baseman Ronald Jackson, born and still living in Kalamazoo; outfielder John Gollch, Detroit-born but now living in Dearborn, and

infielder Cass Michaels (out this year with a head injury), born in Detroit and now residing in Grosse Pointe Woods.

The Phils boast Detroit-born pitcher Bob Miller, who still lives here; catcher Stan Lopata, born in Detroit and now living in Allen Park; infielder Ted Kazanski, now a Detroit; but born in Hamtramck; and outfielder Danny Schell, who was born and still lives in Fostoria.

With the Cleveland Indians are pitchers Hal Newhouser and Art Houtteman, both born in Detroit, the former living in Franklin Hills, the latter in Birmingham. Infielder Joe Altobelli was born and still lives in Detroit.

On the Baltimore Oriole roster this spring were pitchers Duane Pillette and Bob Kuzava, born and still living in, respectively, Detroit and Wyandotte. Catcher Hal Smith winters in Lincoln Park, while outfielder Chuck Oertel spends his winters in Pontiac.

For the Boston Red Sox, pitcher Ivan Delock was born in Highland Park and now lives in Detroit, while infielder Norman Zaichin was born in Detroit and now lives in Royal Oak.

Pitcher Charley Templeton of the Brooklyn Dodgers was born in Detroit and now lives in Wayne. Pitcher Bob Rush of the Chicago Cubs still lives in Battle Creek. Pitcher Bob Buhl of the Milwaukee Braves still lives in Saginaw.

For Cincinnati, pitcher Don Gross was born in Weidham and still lives there, while catcher Hobie Landrith resides in Allen Park when he's not playing the Hickory and Horsehide game.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

TOURISTS ARE RETURNING to Michigan this summer to bring the industry back to its \$500,000,000 a year heritage.

Dollar volume slipped eight per cent last year when other states developed elaborate programs to compete more strongly for the vacationer's dollar.

Robert J. Furlong, executive secretary of the Michigan Tourist Council, is seeking additional funds to advertise the state as costs continue an upward spiral.

But it's encouraging, the number of out-of-state people have inquired through our office about facilities here," he said.

Each inquiry gets back pamphlets extolling the vacation spots in Michigan, developed cooperatively by the four regional tourist associations.

Furlong said the inquiries have increased over last year, a harbinger of a dollar volume comeback, because a large percentage of those who take the trouble to check Michigan come here for their vacations.

Another item that will help is the new legislative act which enables an out-of-state car buyer to pick up his new car here and drive it back home without paying Michigan sales and use taxes.

A special 30-day license is sold the buyer—with lawmakers figuring he will spend part of the extra time in the state.

REPUBLICANS, YOUNG AND OLD, are making plans for 1956 as the end of the legislative session ends.

A group of younger House members are working for a fresh revival of the party following near-disastrous defeats in 1954 and the 1955 spring election.

Rep. Richard Smith, of Bay City, and Rep. Tom Burns, of Saginaw, are key figures in the group.

They already sounded out Rep. Gerald R. Ford of Grand Rapids as a possibility to leave Congress and run for governor as a standard-bearer against Gov. Williams or his successor Democrat.

Ford, remembering the primary fights which split the party in the past is reluctant to mix it up. He said he would get into the state picture if the party would unite behind one man.

These are conditions that may tell the story in 1956.

Others are taking a close look at Rep. Alvin M. Bentley of Owosso, the young millionaire congressman, whose popularity and financial independence are attractive to some. His injury from guns of fanatics in the Capitol attack makes him even better known.

A third group is reviving the campaign to get Detroit's Mayor Cobo as the Republican candidate.

They know him as a top-flight organizer and a man who gets things done, but they're wondering about his pull at the polls after years of non-partisan municipal leadership.

"Success in a city election doesn't always mean success in a statewide election," said one Republican Senator.

Republicans in the legislature are pulling in different directions though the splits appear to be minor at present.

In the Senate, there have been a number of defeats on the floor for the leadership of Senator Creighton R. Coleman of Battle Creek, and his lieutenants Senators Carlton H. Morris of Kalamazoo and Edward Hutchinson of Fennville.

The 11-member Democratic delegation sits quietly, feeding whatever flames of dissension that may arise.

When it looks like, a wide enough split, the Democrats toss their votes where they will do the most good.

The Coleman group lost on a fight to raise the salary of Dr. Albert E. Heustis, state health commissioner, from \$12,500 to only \$16,500 a year. After a fight, the figure was fixed at \$18,000.

Whether the accumulation of minor setbacks means new leadership in the future will have to wait until next year, but it appears that Coleman's group has lost important majority votes.

LABOR LEADERS were shocked when Republican party bellwethers denounced a Republican-sponsored "right-to-work" bill.

They arrived at a public hearing, 500 strong, with speakers well-versed in opposing the legislation which they feared would outlaw the closed shop.

The bill would have given a man the right to work without joining a labor union "or any other association." Everybody recognized that it was aimed at the unions.

August Scholle, president of the Michigan CIO council, said the bill was "anti-labor" and charged that Republicans were "living up to their policy of being against the working man."

Others were cheered by the

TIMELY TIP ON TREE CARE

Don't leave a stub when pruning. When trimmed branches are more than an inch in diameter, paint the wounds with shellac or tree compound.

PLAN
before you plant a tree

One common mistake in planting is putting a new tree too close to the house, garage, other plantings, sewer or other vital household services. Usually several years go by before you discover your error and then there's trouble.

Take a tall tree that's growing under power lines, or very near them. Its branches, during a storm, can break power lines and cause electric service interruptions. And you may not be the only one affected when this happens. Fire and police signal systems, even hospital service in the vicinity, can be seriously hampered—sometimes completely cut off. Even without a storm, there is the potential hazard of having tree-climbing boys touch live wires.

We have prepared a colorful 16-page booklet to help you select the best trees for your home and community. Ask for "Planting for Permanent Beauty" at your Edison office or write Detroit Edison, 2000 Second, Detroit 26, Michigan.

"OPERATION BRUSH CUT." An Edison Tree Control Program Designed to Guard Against Interruptions to Your Electric Service.

Crews under trained foresters work constantly to keep 81,000 miles of lines in service, bringing electric power to you and your neighbors.

They systematically trim or remove problem trees growing under or near power lines. (Tree branches, rubbing nearby wires, may affect TV reception.)

These crews work very hard to maintain the beauty of the trees they trim.

When the "OPERATION BRUSH CUT" crew is in your neighborhood... if some of your trees near power lines need attention, your permission will be requested.

Events of the Past in Northville

News Items Taken From the Files of the Record

ONE YEAR AGO—

The Rev. Harold F. Fredsell, pastor of the First Presbyterian church resigned, effective June 30, to become director of Church Extension and an executive of the Presbytery of Detroit. He had been here since 1941.

Walled Lake voted to become a city.

Before a crowd of about 6,000, Janet Porath of Northville won top honors at the annual Northville Junior Horse Show. Sharing honors with her were Miss Patty Bugas, Detroit, daughter of John S. Bugas, Ford Motor vice-president in charge of labor relations and Miss Lou Wilson of Birmingham.

Nesby Button was elected superintendent of the Novi Methodist Sunday school.

FIVE YEARS AGO—

Edward Putnam Lanning, a sophomore at the University of Michigan, son of Mrs. Marjorie Lanning, was one of the winners of the Hopwood literary prizes at the university. He was awarded \$200 for his poem, "Miscellany."

Novi electors registered the highest affirmative vote ever recorded in Oakland county, and one of the highest in the state when they approved, by 82 percent, an \$80,000 school bond issue. The money was to be used for six additional rooms.

Police Chief Joseph Denton reported that collections of the department in May totaled \$787.

There were 14 students in the Novi graduating class. James Mitchell was valedictorian and Betty Ledford, salutatorian.

Mary Lou Litsenberger was installed as worthy advisor of the Rainbow Girls.

Movie fans were focusing their orbs on Betty Grable, Victor Mature and Phil Harris in "Wabash Avenue," Dan Dailey and Ann Baxter in "A Ticket to Tomahawk." Another attraction was Ginger Rogers and Dennis Morgan in "Perfect Strangers."

TEN YEARS AGO—

Rosemarie Young was Northville high school valedictorian and Jane Ann Lanning, salutatorian.

Clayton Graham was elected mayor of the high school student council.

Eural G. Clark and George H. Stalker were candidates for election to the school board.

Because of five cases of scarlet fever on Eleven-Mile Rd., the Novi school graduation exercises and school picnic were cancelled.

A war title popped in the week's cinema offerings—"Sunday Dinner for a Soldier," starring Anne Baxter, John Hodiak and Charles Winninger. "Bowery to Broadway" featured Turhan Bey, Donald O'Connor and Susan Foster.

George Clark, owner of Hammer's Hardware, announced a change in the name of the firm, which he had purchased in March of that year, to Clark Hardware.

20 YEARS AGO—

Architects were appointed for plans for the new Ford plant here. Specifications called for a one-story building, 100 by 200 feet. It was estimated that when fully completed, the factory would cost about \$500,000 and would be in operation by the end of the year.

A dealer was offering a '34 Tudor Ford sedan for \$395; a '29 Nash sedan for \$135; a '27 Oakland coupe for \$35; and a '29

Ford pick-up truck was tagged at \$125.

Three-minute, station-to-station long distance calls from 7:30 p.m. to 4:30 a.m. from Northville to other locations were: to Jackson, Lansing, Albion and Bay City, all 35 cents; Kalamazoo, 40 cents; Chicago, 50 cents; New York, \$1.20.

A comedy movie showing then was "Under Pressure," with top billing going to Edmund L. and Victor McLaglen. Also on the lighter side was "Go Into Your Dance." It paired Al Jolson and Ruby Keeler.

A classified ad patron was willing to pay \$12 for a double-barrel shotgun, 16 or 20 gauge, 28 to 30-inch barrel length which had to be "in good condition."

Also listed in the Northville Record classified columns was an oculist, a University of Michigan graduate, who stated "Eyes Examined and Best Glasses Made for \$7.50 to \$10." The advertiser added that he had "43 years of experience."

50 YEARS AGO—

A special railroad car was provided for 67 members of Northville Masonic lodge to go to Chatham, Ontario, to install the third degree.

C. T. Rogers & Co. of Northville filed suit against Lee & Cody, Detroit wholesale grocery

firm, charging that 87 cases of condensed milk purchased from it were spoiled because sugar was used.

The American Red Cross is the only voluntary relief agency officially designated by Congress to work with the armed forces.

in choice of models

(with 16 models including 5 different Station Wagons)

No other car offers you so many models to choose from. And in station wagon choice—whether you prefer 2 doors or 4... seats for 6 or 8—Ford has a best-seller double-duty beauty to suit your needs.

and in resale value

(with a higher return on your investment)

The final proof of Ford's extra worth is in its resale value. Ford has traditionally returned a higher portion of its original cost at resale than any other car in its field. Why not get the whole story at your Ford Dealer's. You'll never want to settle for less than Ford.

A really modern kitchen includes an extension telephone

Think of all the hours you spend in your kitchen! How many times a day do you have to make "a 50-yard dash" to go and answer the telephone?

Does it make sense when you can have a kitchen extension telephone for only a few cents a day?

It will save you time, steps and energy, make you a more efficient home manager. You'll find its value far beyond its price.

No home is truly modern without an extension telephone in the kitchen and another beside your bed.

Order yours today, from our Business Office or any telephone service man.

Want to watch the gas pumps go by?
It's wonderful what Variable Pitch Propellers do for getaway AND gas savings!
It's The Hardtop with Four Doors!
Another big reason for Buick's soaring sales is the 4-Door Riviera—the new hit in hardtops that's taking the country by storm. The "Convertible" look, with no center posts—but with separate doors for rear seat passengers. Shown here in the low-price SPECIAL model—also available in the high-powered CENTURY Series. Both now in volume production to insure prompt deliveries.
ANY airline pilot will tell you that one big reason for the modern plane's greatly increased cruising range aloft is the variable pitch propeller.
To get off the ground, of course, the pilot needs plenty of acceleration, for take-off and climb. So his propellers must "bite" into air at a certain angle for utmost performance.
But once the plane is at cruising altitude, great power acceleration is no longer needed—fuel efficiency is. So the pilot switches the pitch of his propeller blades to high-economy angle—and gets a lot more mileage from the fuel in his tanks.
That's why Buick's new Variable Pitch Dynaflo® is such a sensation across the nation.
For the same aviation principle that brings this two-way magic to the modern plane is now found in the twenty propeller-like blades whirling in oil inside the Dynaflo unit.
Just by pressing the gas pedal way down, you switch the pitch and get instantaneous getaway response or safety-surge acceleration.
Just by easing up on the pedal, you change the pitch to high-economy angle—and get new and better gas mileage in all normal driving and cruising.
It's a spectacular and sensible achievement—this new Dynaflo Drive—a brand-new thrill and a brand-new thriftiness.
And with it goes the might of record-high V8 power—and the level luxury, of Buick's all-coil-spring ride—and the spacious roominess of Buick's broad interiors—and the host of other advanced features that add to Buick's brimming value.
Come in and try what is very definitely the performance thrill of the year—and see for yourself why Buick sales are soaring to all-time best-seller highs.
*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Student Pastor At First Presbyterian Church Here

First Presbyterian church of Northville cooperating with the Presbytery of Detroit will have a student assistant pastor, John Hazelton of St. Louis, Mo., as part of the church staff June 13-Aug. 14. This Presbytery-wide program is designed to give first and second year seminary students the practical field training necessary for a successful pastorate.

The program covers such fields of service as church administration, church school administration and teaching, vacation church school leadership and Sunday worship and preaching.

Hazelton will enter his senior year at McCormick Seminary, Chicago, in September. For the past year he has been doing intern work as a member of the staff at Dodge Community house, Detroit. Such internship afforded Hazelton the opportunities of working with families of the low income level and with less than adequate housing facilities. Coupled with this, he has had the practical experience of dealing with a non-segregated church program.

Hazelton is a graduate of Washington university, St. Louis, receiving his A.B. degree in 1947.

Lutheran School Opens Monday

Vacation Bible school for children, age 5 and older is scheduled for June 13-24, Monday through Friday, 9:00-11:45 a.m., at St. Paul's Lutheran church, High and Elm streets, Northville.

The school will offer Bible stories, songs, handicraft, film strips, and supervised games. Pupils will sing in the Sunday service on June 19 and again on the 26th and will present an evening program Friday, June 24 at 7:30.

Parents may enroll their children in the Sunday school office at the church Saturday, June 11 between 9 a.m. and noon or before or after Sunday school next Sunday. Miss Ila Mae Newton will serve as registrar.

Prior to his work at Dodge house, he traveled to France for a year of specialized study at the Montpieler seminary.

Hazelton will share in the church worship services of June 19, and 26 and then will supply the pulpit of the First Church each Sunday morning at 9 a.m. during July. When the pastor, the Rev. John O. Taxis returns from his vacation, he and Hazelton will again share the pulpit, Sundays, Aug. 7 and 14.

While he is assisting in the Daily Vacation Bible school program which begins the 13th, Mr. Hazelton will live with the Rev. and Mrs. Taxis, 542 W. Main St.

Mrs. Eiseman New Head of Scientists' Mother Church

Mrs. Gertrude W. Eiseman of Boston, Mass., was named president of The Mother Church, The First Church of Christ, Scientist, Boston, Monday at the annual meeting of The Mother Church attended by members from many parts of the world.

Mrs. Eiseman has been active in various capacities in the Christian Science movement for many years. A native of New York City, she is now a Christian Science practitioner in Boston. The term of office is for one year.

Prior to devoting her full time to the public practice of Christian Science healing, Mrs. Eiseman was very active on various philanthropic and civic boards. During the Second World War, she served on the Christian Science War Relief committee.

Addressing a gathering of some 7,500 Christian Scientists at the annual meeting the directors declared that the "assurance of freedom from sickness as well as from sin, from want and woe as well as from forebodings of despair" is available to all through spiritual understanding of God.

"The uncertainties which confuse and perplex the nations become less alarming and portentous in proportion as the certainty of God's guidance is better understood," the directors stated.

Commenting on the world's fight for freedom, they called for individual, spiritual alertness in meeting the "threats and subtleties and wicked manipulations which seem to be so potent in the struggle."

"In every new upsurge of evil we are learning to seek and to expect fresh proofs of the presence and redemptive power of the Christ," they said.

Forecasting victory for the lovers of freedom, they declared that the way is being paved for "the reconciliation of all nations and for the reign of harmony on earth."

W.S.C.S. To Hold Annual Picnic At "Happy Acres"

The Woman's Society of Christian Service of the First Methodist church will hold its annual picnic at the home of Mrs. William B. Walker, Jr. on E. Eight Mile Rd. June 14, at 12:30.

Members are requested to bring their own table service and a passing dish. Children are welcome. Anyone desiring transportation should be at the church by 12:15.

Methodists Set Dates For Vacation Bible School

First Methodist church, Dunlap and Center streets, Northville, will conduct its annual Vacation Bible school this month for children of kindergarten age through the Junior High youth department.

The school will be in session June 20-July 1. Classes will meet each day, Monday through Friday, from 9 to 11:45 a.m.

The theme this year is "Jesus Christ". The purpose is to help each pupil to see Jesus as very real, to love Him, and to want to follow Him.

Modern visual aids will be employed to supplement older methods of teaching. Songs and handicrafts will be part of the daily activities. There will be no tuition charge, but a free will offering will be received each morning during the worship service. This will be used for some missionary project that the pupils will choose.

Registrations can be made either before or after the regular Sunday school hour the next two Sundays, or Saturday morning, June 18-9-11 a.m.

Church School Set By Presbyterians

Sunday morning worship service marked the consecration of the leaders of Daily Vacation Bible school at the First Presbyterian church. The school will begin Monday, June 13 at 9 a.m. to 12 noon and extend to June 24.

The following people have accepted leadership: treasurer, Mrs. Gardner; registrar, Mrs. Lapham; organist, Mrs. Williams; pianist, Mrs. Miles and Mrs. Simons; John Fisher will be audio visual operator; kindergarten taught by Mrs. Carl Stephens; 1st grade, Mrs. Hart; 2nd grade, Mrs. Fisher; 3rd grade, Mrs. Hibbard; 4th grade, Mrs. Batzer; 5th grade, Mrs. DeLaGardie; 6th grade, Mr. Carrington; 7th grade, Mrs. Hall, and 7th and 9th grade, Mr. Hazeltone.

Assistant teachers are Mrs. Hammond, Laura Sutherland, Lou Ann Comer, Sandra DeLaGardie. Handicraft will be taught by Mrs. Secord, Mrs. Cowie, Mrs. Hall, Mrs. Hay, Mrs. Orlick, Miss Hammond, Mrs. Sprunk, Mrs. Meyer and Mrs. Nelson.

Interest group leaders are Mrs. Yerkes and Mrs. Begle. Transportation will be taken care of by Mrs. Langtry and Mrs. Eaton will have the nursery for children of staff members.

Rev. Taxis will be director and John Hazelton, student assistant, will act as assistant director.

This school will be open to all girls and boys five years and upward.

In 1930, nine pounds of ice cream was consumed per person. According to U. S. Department of Agriculture figures, now each of us eats 17 pounds every year.

SCOTS INVADE NORTHVILLE—John D. McEwen, 21591 Garfield Rd., associated with the Wayne County Budget bureau, was host to the St. Andrew's Society Junior Bagpipe band at a rehearsal at his home. McEwen is manager of the 18-piece band composed of boys from 8 to 16 years of age. St. Andrew's Society furnishes classes in the bagpipe music for the band, the course consisting of lessons once a week for two years, plus rehearsals. The outfits are of rose-Tartan. Kilts imported from Scotland cost \$45. The society was organized in 1849. Shown from left are Randall Allardice and Bruce Burt.

Plans for that new Garage, one car, car and a half, two car or three car. Materials quoted for any kind with overhead doors of any type. And of course, paint it with DuPont paint. If your credit is O.K. financing under F.H.A. terms can be arranged for repairs and improvements.

Soo Locks Title In New Movies Offered By U.-M.

A series of seven motion pictures about Northern Michigan can now be obtained from the University of Michigan for showing to clubs and other organizations.

The films are kinescopes of the programs prepared by U-M Television and are available from the university's Audio-Visual Education Center. They cover resources, history, lumbering and railroads, folklore, mining and shipping, the Soo Locks, and recreation and the future.

Another motion picture for those interested in Michigan history is a 30-minute color film, "The Locks of Sault Ste. Marie," which helps mark the 100th anniversary of the opening of the locks. The film was produced by and is available from the Audio-Visual Center.

Birth rate of 27.2 per 1,000 population last year also is the highest in history—about 50 percent more than the 1940 rate of 18.9.

Reunion Planned For Class of '48

The Northville High school graduating class of 1948 is planning a reunion July 24 at Cass Benton park. The festivities will include family picnics and various other activities.

It is hoped everyone in this area who graduated in '48 will find it possible to attend. Information regarding time, etc., may be obtained by calling or writing Dave Pottinger, 13741 Ludlow, Oak Park, 37.

Strawberry Binge!

Strawberries are here. And folks who love them are going wild. Those wonderful fresh, plump, rosy berries look so good that people often buy more than they can eat. But that's no problem for home freezer owners. They eat their fill, then freeze the rest for winter feasting.

There's no such thing as out-of-season delicacies when you own a freezer. You eat what you want when you want it!

NEW YORKER DELUXE NEWPORT

"Where are you going with my Chrysler?"

He's like any normal husband with a new Chrysler in the family. He's learning why more wives "borrow" it than any other car!

It seems that once a wife or husband gets to know the ease and control of Chrysler's Full-time Power steering, any semi-power steering feels clumsy and heavy-handed. They both prefer Chrysler's smoother-acting Power Brakes . . . and the ultra feeling of unlimited power in Chrysler's great new V8 engines! They like the utter smoothness and silence of

PowerFlite Automatic Drive . . . and most of all they enjoy being seen and admired in America's most smartly different car!

Now two Chryslers would really keep a family like this happy. Nevertheless, they'd be the first to tell you that one is a thousand times better than none at all. That's why we urge you to come in for a personal look-see, and a drive.

It's a truly wonderful experience. And . . . Sir or Madam . . . we suggest you bring your spouse!
