FORD PLANT COMING TO NOVI TWP.

Northville Bargain Days Are Set for This Week-end

Starting today and continuing Friday and Saturday, Northville merchants will stage their biggest merchandising event of the year, a three-day sale put on by 21 local stores which will feature the newest fall merchandise as well as staple products at bargain prices.

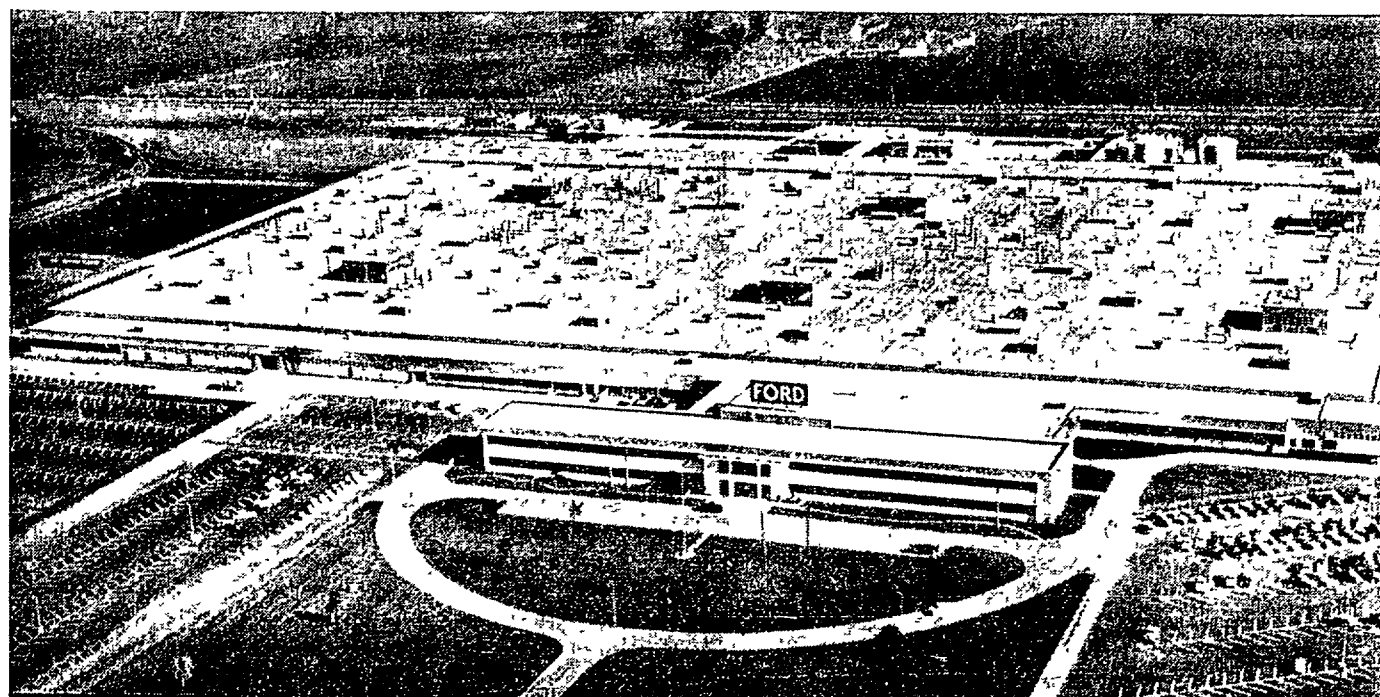

As a convenience for the public, Northville stores have extended their closing hour to 9 p.m. on all three evenings.

The three-day sale will also be the occasion for a "grand opening" by D & C Stores of their Northville store as a completely refurbished and newly equipped serv-self store. To permit installation of new fixtures throughout the store and arrangement of merchandise to improve convenience for customers, the store has been closed for business for a few days.

Children will find an especially appealing spot at the corner of Main and Center streets, where a Kiddieland amusement center has been set up especially for them. Here they can ride on a miniature ferris wheel or sit behind the "wheel" of a boat or a locomotive and enjoy a thrill similar to piloting the genuine thing. Free tickets for the Kiddieland rides will be given away with purchases from sponsoring merchants.

A Saturday evening feature which is expected to achieve wide popularity with the small fry (if not with their mothers) will be a pie-eating contest at the corner of Main and Center streets, with pies and cash prizes provided by Ritchie Bros. Laundromat.

Free Vernors ginger ale and pop will be served each evening, with donors listed as E.M.B. Market, C. R. Ely and Sons and Northville Driving Club.

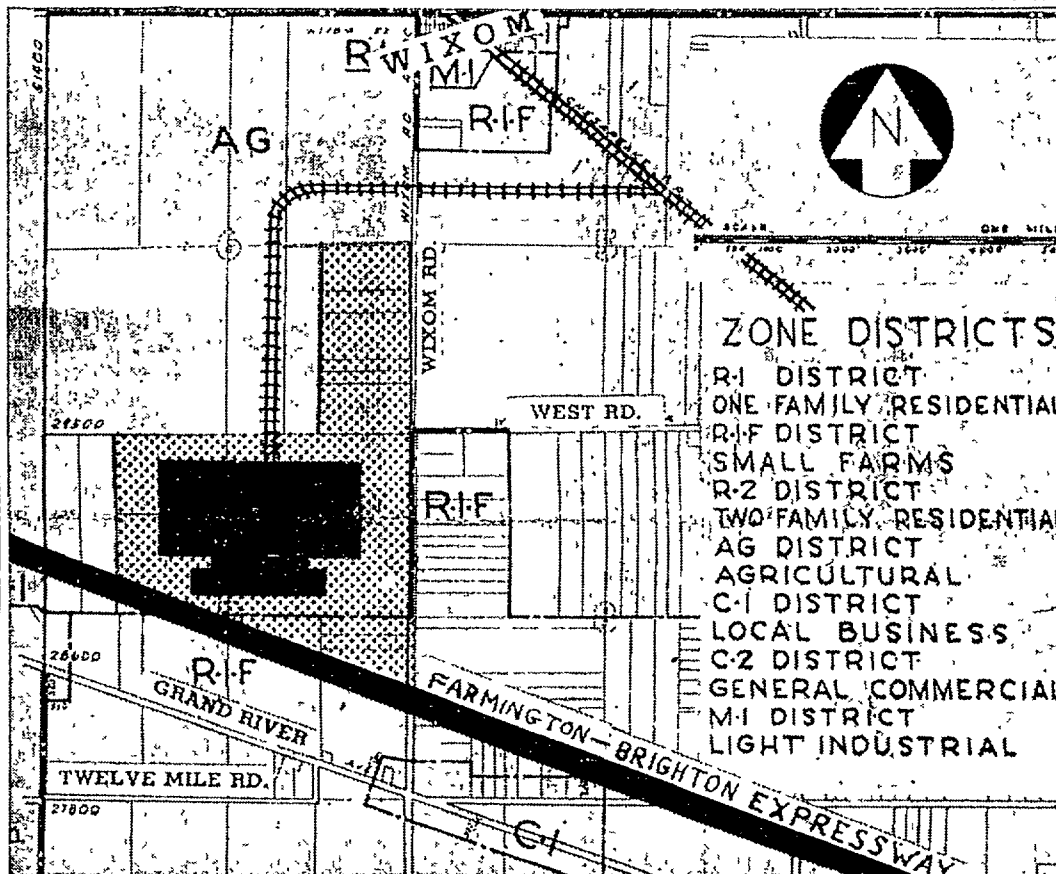

Garden Workshop Here August 30-31

Do you plan to plant a new lawn this fall, or landscape your present grounds? Is your lawn filled with crab grass? How can you get rid of weeds without work.

These and many other problems that confront the home gardener will be discussed in Northville next Tuesday and Wednesday, Aug. 30-31 by experts from the Michigan State university extension service at meetings in the Community Bldg. from 10 a.m. to 4 p.m. each day. The occasion will be Workshop No. 2, (Continued on Page 4)

Miss Jennie Eggleston of Galena, Ill. and Mr. and Mrs. Gilford Cosselman of Grand Rapids were house guests of Mr. and Mrs. Bart Connors the week end of the McAuley-Connors wedding.

Mr. and Mrs. Cyril Frid and son, Kent, returned this week from a visit to Guelph and Kitchener, Ont. They attended two performances of the Shakespeare festival at Stratford also.

A MULTI-MILLION DOLLAR OFFICE BUILDING AND ASSEMBLY PLANT to house the Lincoln division of the Ford Motor Co. is scheduled for construction in Novi Township, according to Ford officials. The new Lincoln project will be patterned after the Ford assembly plant in San Jose, Calif., shown above. The

building and the parking lots will adjoin Wixom Rd. to the right of the plant. Shown also is a map of the 325-acre site, located north of the Farmington-Brighton expressway and west of Wixom Rd. The tentative positions of the buildings are shown in black.

Will Employ 5,000; Payroll \$30 Million

Plans for the construction of a multi-million dollar Lincoln division assembly plant and office building in the northwest part of Novi township were made public by Ford Motor Co. officials last Friday.

The plant will employ between 4,000 and 5,000 persons, who will be recruited largely from the surrounding area. Its annual payroll is expected to be between \$25,000,000 and \$30,000,000.

In making the announcement, Ben D. Mills, vice-president and general manager of the division said the company has taken an option on a 325-acre plant site fronting on the north side of the proposed Farmington - Brighton expressway and the west side of Wixom Rd. (See map.)

Property To Be Rezoned
Mills said construction of the plant will be contingent upon rezoning the property from its present agricultural classification to a light industry status.

At a subsequent special meeting of the Novi township zoning board Monday evening, the board voted to call a public meeting in the Novi Township hall at 8 p.m., Sept. 14 to consider rezoning the property as requested by Ford. Agreement was reached with Ford attorneys on an amendment to the zoning ordinance and map to permit reclassification of the property for light industry and to permit erection of buildings to exceed 40 feet in height according to a formula based upon how far the buildings are set back from the property line.

The zoning board is expected to approve the amendment at the meeting Sept. 14 and to submit it to the township board immediately for final approval.

Crusoe Farm Subdivision

Whether by coincidence or design, plans for subdividing the Lewis D. Crusoe farm at the northwest corner of 9 Mile and Novi roads were divulged at a township board meeting four days prior to the Ford announcement. Crusoe is executive vice-president, car and truck division, of the Ford Motor Co. It is understood that he is reserving between 20 and 25 acres of the farm for personal use.

It is also known that options were given by Victor and Arthur Miller on their 300 acres of farm land adjacent to the Crusoe property several months ago. These options expire Sept. 30. There is some speculation that part or all of the Crusoe and Miller property may figure in a large housing development to spring at least in part from an influx of Lincoln executives and other personnel into the Northville-Nowi area. This is still a matter of rumor, however, although the construction of a large Lincoln plant is expected to swell population considerably.

Acreage Quoted At \$1,250

Even before the Ford plans were made public last Friday, but coincident with rumors of important news in the offing, real estate men were actively trying to buy acreage near the proposed

Local Red Cross Requests Funds For Flood Victims

Mrs. Arthur Carlson, local chairman for the American Red Cross, announced Monday that a national drive has been opened for funds to aid the eastern flood district.

Those in the Northville area wishing to contribute may send checks made out to Red Cross Flood Release, American Red Cross, 153 E. Elizabeth St., Detroit 32, Mich.

Because of the expense of the disaster, the organization has set

no quota for the drive. At this time the Red Cross is operating 107 shelters, and housing and feeding 12,000 homeless.

Co-Op Nursery To Open September 12

The Northville Co-operative Nursery school will open its doors to pre-school age children Sept. 12 for the ninth year.

This will be interview day for the new and old mothers and nursery children. A 15-minute interview with each mother and child entering the nursery is to acquaint both with the teacher, equipment and rooms. School will begin on Sept. 14.

Wilber Johnson, 24, Seriously Hurt In Randolph Street Auto Accident

A 24-year-old Northville man was seriously injured in an unusual accident Sunday at 2 a.m. on Randolph St. near Taft Rd., and two local policemen and a wrecker driver narrowly escaped injury in a second accident which occurred at the scene of the first.

Police said Wilber Johnson of 446 Dubuar St. was driving east on Randolph in a 1953 Chevrolet owned by his brother-in-law when he apparently skidded 123 feet, striking a utility pole. The auto hit a bank, overturned, and landed upright 27 feet from the pole. Because of his condition,

Johnson was unable to give a statement to the police.

When Northville police officers Roman Nowicki and Eugene King arrived at the scene, they found Johnson lying face down on the shoulder of the road, on the opposite side and 31 feet from the car, which was demolished.

He received a fractured skull, fractured jaw, and lacerations of the face. He was taken to Sessions hospital, but was later transferred to University hospital in Ann Arbor.

According to Officer King, a wrecker was called, and six

flares were placed in the road around the accident. Also helping to illuminate the scene were the flashing beacons on both the police car and the wrecker.

Jack Barry, the driver of the wrecker, was on his knees fastening a chain between the wrecked car and the wrecker and the two police officers were directing traffic past the accident, when a westbound car, driven by Donald C. Smith, 52, of South Lyon, 22221 Pontiac Trail, between Eight and Nine Mile roads, near South Lyon.

Local Horse Show Slated for Sunday at "Woods and Water"

Local horse-lovers will have a field day Sunday.

An all-day English and Western horse show will be held again at the Woods and Water Farm, 22221 Pontiac Trail, between Eight and Nine Mile roads, near South Lyon.

Sponsored by the Justin Morgan Horse Assn., the show will feature Morgan horses from all over Michigan, Ohio and Illinois. Local people belonging to this organization are Mr. and Mrs. Fred Verran, Mr. and Mrs. Edwin Earehart, Elizabeth Bush, and David Balton, and Mr. and Mrs. C. F. Walter of Currie St., Joanne Pohorsky of Ridge Rd. and Mr. and Mrs. Milo Dugan of Eight Mile Rd.

An event of unusual interest will be a parade of the famous stallion, Lippitt More Ash, together with as many "children" as can be rounded up.

The 18-year-old "Lip", as the stallion is fondly called, is owned by Dr. A. G. Ruthven, retired president of the University of Michigan. The horse has sired some famous offspring, including John Geddes, owned by Mr. and Mrs. Walter Kane of South Lyon, and Verran's Laddie, owned by Mr. and Mrs. Milo Dugan of Northville.

The Dugan horse was used as the model Morgan horse in a Readers Digest article in January. There will also be fancy rope spinning by 80-year-old Chuck Haas of Arizona, who performed with the Wild Bill Cody show back around the turn of the century.

Expect 1440 Students for Northville's Three Schools

The 8:30 bell on Monday morning, Sept. 12, will bring approximately 1,440 students pouring into the city's three schools.

School officials estimated about 620 students will enroll at Northville High school, 512 at Northville Grade school, and 308 at the new Russell H. Amerman Elementary school.

According to E. V. Ellison, high school principal, an additional 14 students may also enroll from the Salem district, but at the present time it is not a certainty. Eight new teachers are included on the faculty roster for this year, and teaching positions are yet to be filled.

Superintendent Russell H. Amerman announced the teaching staffs for the three schools as follows:

Northville high school: E. V. Ellison, principal; Frederick Stefanski, assistant principal and math; Violet Bradford, English and Latin; Corine K. Clark, home economics; Ida B. Cooke, study hall; Kathryn Giltner, commercial; Stanley Johnston, physical education, math, coach; Albert E. Jones, athletic director, driver training; Diana Lance, mathematics; Leslie G. Lee, band choir; Rosella Lee, English; Lemoyne Markham, girl's physical education.

Also Merritt Meaker, history, sociology; Edward Mollema, world history, government; B. Ione Palmer, librarian; Florence Panattoni, speech, English, forensics; LaGene Quay, science, bookstore; Russell Reimer, biology, general science; Willard Re-

Scouts Canoeing In Minnesota

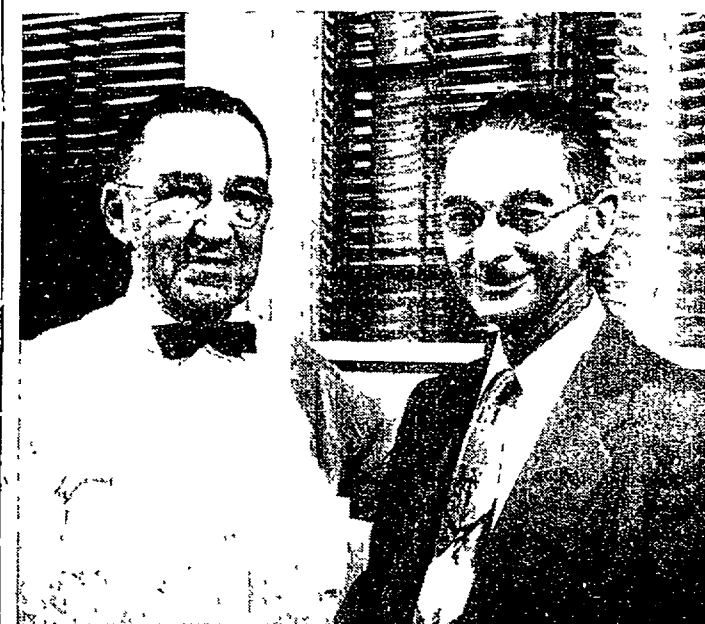

Eight members of Explorer Scout Post 252 left Sunday for a camping trip in Minnesota's lake country. Besides the advisors, Leonard Bogotaitis and Russ Reimer, scouts Bob Watson, Bill Tieney, George Miller, Larry Green, Harry Sedan and Harold Wilson made the trek to Minnesota.

The boys will take a seven day canoe trip into the Quetico-Superior wilderness and will cover 80 miles of virgin country through an area which contains hundreds of lakes teeming with game fish.

Colored movies will be made of the trip by Russ Reimer and will be shown to any Northville club on request.

All the equipment for the entire trip is furnished by the Canoe Country Outfitters of Ely, Minn. Canoes, tents, a balanced menu (steak the first night), sleeping bags, and anything else they may need are all included for \$4.50 a day per person with good fishing practically guaranteed.

Jay Clark Retires from Valve Plant

JAY CLARK of Northville, who was recently retired from the Ford Valve plant on Main St., is shown above (right) receiving departing good wishes from Plant Manager Edwin Flaherty. Clark, a former machine grinder, is a widower and at present resides with his son at 340 E. Cady St.

Cooperative Nursery School

Shown with diploma in hand and wearing their traditional caps are some of the 1955 "graduates" of the Cooperative Nursery school are (from left to right) Susie Zerbel, Ralph Robinson, Daniel Post, Gregory Hall, Frank Martin, Sandra Bongiovanni, Michael Conley and Kyle Stubenvoll.

Above is the demolished 1953 Chevrolet which was driven into a utility pole on Randolph St. Sunday by Wilber Johnson. A second accident at the same scene occurred while the wrecked

auto was being towed from the road. Johnson suffered a fractured skull, fractured jaw and lacerations of the face. The car is owned by Johnson's brother-in-law, Howard Simonds.

Coolman-Dodge Vows Spoken At Presbyterian Church On Saturday

Mrs. Richard A. Coolman

At eight o'clock Saturday evening, Wanda Jean Dodge and Richard A. Coolman spoke their vows in the First Presbyterian church of Northville.

For her wedding the bride chose a floor length gown of lace over taffeta. The tight bodice was fashioned with a turned back collar and fastened down the back with tiny satin covered buttons. The sleeves were long and ended in points over her wrists. A pleated panel of tulle ornamented the front of the skirt. Her finger-tip veil was secured by a Queen Anne cap embroidered with pearls. White gladioli and stephanotis formed her bouquet.

The bride's attendants wore identical ballerina-length gowns and eton jackets of white nylon lace over azure blue tulle. Accordion pleated panels of blue tulle formed the fronts of the skirts. They wore headbands of blue tulle which were covered with tulle rose buds. They carried bouquets of white gladioli.

Rebecca Coolman, the bridegroom's sister, was maid of honor. Bridesmaids were Mrs. Stephan Dodge of Pontiac, an aunt of the bride, and Miss Margaret Dunnett of South Carolina. Twelve-year old Paula Ann Dodge of Pontiac was junior bridesmaid and wore a floor-length dress of white net hooped over white taffeta with a white head band. Flower girl was four-year-old Alice Jean Graham of Walled Lake and she wore an identical frock of white net and carried a basket of daisies and rose buds. The double ring ceremony was

performed by the Rev. John O. Taxis before an altar decorated with palms, white gladioli and candelabra. The bride was given in marriage by her uncle, Stephen Dodge, of Pontiac. Mrs. Bart Connors played the wedding music.

The bride is the daughter of the late Mr. and Mrs. Kenneth Dodge of Walled Lake. The bridegroom's parents are Mr. and Mrs. Robert Coolman of W. Dunlap St. Richard Lyons was best man and Richard Scharchburg and Lynn Matzen of Northville, Richard Dalach of Detroit and George Lambard of Glennie seated the guests.

A reception for 200 guests was held in the church Fellowship hall following the ceremony.

Mrs. Coolman wore grey lace over grey taffeta with deep pink accessories. The bride's stepmother wore turquoise blue taffeta with black velvet accessories. Both wore corsages of pink carnations.

For the trip to Ludington, the new Mrs. Coolman wore a white sheath dress with red trim and a red and white hat.

The bride is a graduate of Walled Lake High school and is employed by the Michigan Bell Telephone Co. in Birmingham. Mr. Coolman attended Wooster college and was graduated from Michigan State college last year in business administration. He is with the Labor-Management department at Chrysler Gear and Axle plant in Detroit.

The couple will reside in Birmingham.

Gail Blackburn, Robert Scheffer Married Here

A cathedral train formed the bulk of Gail Blackburn's wedding gown for her marriage Aug. 13 to Robert Scheffer. The ceremony was performed in the First Presbyterian church at 8 p.m. before an altar decorated with white gladioli and pink asters. The Rev. Harold Fredsell and the Rev. John Taxis officiated in the double ring service before 225 guests.

Given in marriage by her father, the bride wore a gown of chantilly lace over egg shell summer satin. A panel of white pleated nylon tulle formed the front of the skirt. The fitted bodice had long sleeves and a mandarin collar of lace. A seed pearl and lace cap secured her finger tip veil. She carried a white bible with a white orchid surrounded by stephanotis.

The bride's sister, Priscilla, was her maid of honor. Bridesmaids were Suzanne Blackburn, Karen Scheffer, sister of the bridegroom, of Farmington, and Kay Keskey, the bride's cousin, of Detroit. All attendants wore identical waltz-length, full skirted gowns and boleros of turquoise nylon taffeta and carried pink glamelias. Their head bands matched their gowns.

The bride is the daughter of Mr. and Mrs. John W. Blackburn of 456 Orchard Dr., and her husband is the son of Mr. and Mrs. Raymond Scheffer of Farmington.

Dennis Proctor was best man and ushers were Joseph Ogleski of Detroit, Donald Gehring of Livonia and John Head, brother-in-law of the bridegroom of Walled Lake. A non-official usher was eight-year-old Johnny Blackburn who escorted the bride's mother to her seat.

Mrs. Blackburn wore a charcoal silk print with pink accessories and a corsage of pink glamelias. Mrs. Scheffer wore a brown and yellow nylon print with brown accessories and a corsage of yellow glamelias.

A reception in the Fellowship hall followed the wedding ceremony.

Mr. and Mrs. Scheffer left by car for a week's trip through western Michigan. Mrs. Scheffer was graduated from Northville High school in 1954 and was employed by the Burroughs Corp. in Plymouth. Mr. Scheffer was graduated from Northville High school in 1954 also and is now attending General Motors Institute in Flint.

McAuley-Connors Married At Kirk-In-The-Hills

—PHOTO BY J. STARK

Mr. and Mrs. Barton J. Connors

Before an altar flanked with white gladioli and chrysanthemums Sandra Eva McAuley and Barton J. Connors exchanged marriage vows. The Rev. Dr. Harold Fredsell performed the double ring ceremony in Kirk-In-The-Hills church in Bloom-

field Hills, Saturday, Aug. 20 at 2 p.m. A reception followed the ceremony at Devon Gables. The bride, daughter of Mr. and Mrs. Wilfred T. McAuley of Birmingham, wore a waltz-length gown of white Alencon lace with alternate inserts of crystal pleat-

ed nylon tulle in the bouffant skirt over satin. The dress was fashioned with a portrait neckline and long sleeves. Her finger-tip French illusion veil was held in place by an Alencon lace bandeau trimmed with tulle, seed pearls and sequins.

Mrs. William H. Linow, Jr. was matron of honor and Gladys Gray was bridesmaid. Their pink waltz-length dresses of cotton Belgium lace over pink silk taffeta had scoop necklines and bouffant skirts. They wore small caps of horsehair braid with tiny nose veils and carried bouquets of pink carnations and ivy.

Mr. Connors, son of Mr. and Mrs. Bart Connors of Northville, asked John A. Clark of Constantine, Mich. to be his best man. Guests were seated by Leslie G. Lee, Richard Scharksburg, both of Northville, and James Baggerly of Clarkston.

For her daughter's wedding Mrs. McAuley chose a gown of champagne brocade silk and wore a velvet aqua hat of leaf design. Mrs. Connors wore a gown of dew green silk taffeta with a portrait neckline and a lace yoke with a black velvet hat trimmed with jet beading. Both mothers wore orchids.

For her going away outfit the new Mrs. Connors wore a sheath jacket dress of copper tones with moss green accessories. After a honeymoon in northern Michigan the newlyweds will reside in Clarkston.

Glamorous Dodge Custom Royal Lancer V-8 . . . biggest, most beautiful "hard top" buy!

Perhaps the first time you saw a Dodge Custom Royal Lancer flash by, you said to yourself, "Boy, wish I could afford that one!"
You might have thought that a car as big and stylish and luxurious as this was very likely priced beyond your reach.
Actually, you were right on every score except the price.
Big it is. In size. In comfort. In V-8 power. Stylish? It's setting the trend for the industry. Luxurious? To the nth degree!
This Dodge Custom Royal Lancer takes a back seat to no car—at any price, in anything.
It's the match of the most expensive cars on the road—in beauty, performance, engineering advances and outright value.
But how about the price, you say? Listen! Right now we'll make you the proud owner of this Lancer for just a few dollars more than cars in the lowest price field.
And skyrocketing sales allow us to make you a "Drive It Home" deal that can't be topped. Our high trades will cut this low price even lower.
The price is right. The deal is right. Come in. Own this Lancer tonight!

Mrs. Douglas Lorenz is shown serving a generous piece of Lime Chiffon Pie to her seven-year-old son, Paul. Mary, who is four, is waiting for her mouth-watering piece. The Lorenz family lives at 750 Grandview.

With 30 more days of above normal temperatures predicted how about a luscious lime pie that does not require "turning on that oven?"

Mrs. Douglas Lorenz whips this up in no time and declares it is a favorite with her family. It is cool looking and cool and delicious tasting.

LIME CHIFFON PIE
Vanilla wafers, rolled fine, 1 1/4 cups
Butter or oleo, melted, 1/3 cup
Lime jello, 1 package
Salt, 1/4 teaspoon
Hot water, 3/4 cup
Eggs, 3, separated
Lime juice, 1/4 cup
Cold water, 1/4 cup

Sugar, 1/2 cup
Lime rind, grated, 2 teaspoons
Melt butter and add to vanilla wafer crumbs. Mix and press into a 9-inch pie pan. Chill. Combine Jello and salt and hot water. Separate eggs and put yolks into a quart saucepan. Beat eggs slightly with fork and add lime juice and cold water. Stir over medium heat until mixture thickens, stir in Jello, mix well and remove from heat. Chill until thickened. Beat egg whites until foamy, add sugar gradually and beat again until egg whites are stiff. Add Jello mixture to egg white and pour in the crust. Keep in refrigerator until ready to serve.

Novi Schools Open Wednesday, September 7

The schools in the Novi District No. 8 system will open Wednesday, Sept. 7, according to Supt. William Medlyn.

The September date will also mark the opening, for the first time, of Novi's new junior high school. Ninth graders who formerly went to Northville High school will be housed in the new \$200,000 addition to the Novi school.

School will operate on a full day basis and buses will follow their regular routes, Medlyn said. New students will be enrolled during the morning.

Children may be registered for kindergarten if their fifth birthday falls on or before Dec. 1, 1955. Mothers are urged to accompany their kindergartners for registration. Because of crowded facilities this year, it is likely that the kindergartens will operate on half day shifts this coming year, he added.

Teachers' meetings will be held Tuesday, the day preceding school opening, and the Novi Mothers' club will give a luncheon in the Community Bldg. honoring returning teachers.

Speakers for the teachers' meeting will be Claude Elmore of the Oakland County superintendent's office, and Professor Lowell Beech of the University of Michigan Elementary school.

Township Meeting Scheduled for Aug. 29

The next regular meeting of the Novi Township Board will be held Monday evening, Aug. 29. Supervisor Frazier Staman stated Wednesday that the board has no plans at this time to fill the trustee vacancy caused by the resignation last week of Mrs. Russell Woodworth.

Walled Lake Man Completes Training

Pvt. David R. Steinhoff, Jr., 20, whose parents live at 3545 Union Lake Rd., Walled Lake, recently completed an advanced individual military police training course at Fort Knox, Ky.

Pvt. Steinhoff, a member of the 701st Military Police Bn., entered the Army last January. He is a 1953 graduate of Walled Lake High school and attended Hillsdale college.

Gov't. OKs Longer 1955 Duck Season

Lansing — Duck season will run Oct. 1-Dec. 9, inclusive, in Michigan this year, the longest season in several years. Last year, a 55-day season was authorized.

The federal government authorized up to 70 days of hunting and the same bag limits as last year on ducks, geese and coots. Michigan accepted the maximum by a telephone poll of the seven conservation commissioners early this week.

Hunters can include one wood duck in the bag this year and hunting on opening day starts half an hour before sunrise instead of at noon.

books are now out and will be on sale at the style show with Audrey Ortwine in charge.

Former Novi Resident Dies In Colorado

Mrs. Emma Bassett Lamb, formerly of Novi township, died on Aug. 12 in Greeley, Colorado. Born in 1875 on a homestead on Twelve Mile Rd. near Meadowbrook, she was the daughter of the late Samuel Bassett and Dorinda Holmes. She joined the Novi Baptist church in 1895.

Burial was in Windsor, Canada. She is survived by two brothers, Charles and George Bassett; five children and several grandchildren and great-grandchildren.

Mackinac Bridge Receives Title of Safest

St Ignace—Wind tunnel tests on a large-scale model of the Mackinac Bridge show that the new \$100-million structure, soon to link Michigan's upper and lower peninsulas, will be the safest suspension bridge in the world. Prentiss M. Brown, chairman of the Mackinac Bridge Authority, receiving the final report on aerodynamic testing of the bridge model, expressed the Authority's great satisfaction with the test results.

"We have always had confidence in Dr. Steinman's design for the Mackinac Bridge. Now it is extremely gratifying to know that the testing laboratory confirms his plan," said Brown.

They further show that the bridge, as designed, has complete stability against all modes of oscillation (vertical, torsional, and coupled), at all wind velocities and all angles of attack.

Shubel S. Smith Dies August 18

Shubel S. Smith of Saginaw, a former Novi resident, died Thursday, Aug. 18 at St. Luke's hospital in Saginaw.

The 79-year-old retired Pere Marquette railroad employee was born in Novi in 1876 and left here in 1913.

In 1899 he married Miss Emma Cooper of Northville, who passed away in 1930. In 1932 he married Anna E. Craver, who survives him.

He also leaves four daughters and two sons, Mrs. Edward V. Collins, Mrs. Fred K. Kundering Sr., both of Saginaw; Mrs. Carl A. McCourtie of Ann Arbor; Mrs. Leo C. LaRocque, Grosse Pointe Farms; Howard S. Smith, Bellaire; Howard W. Smith of San Diego; also four brothers and two sisters, Charles Smith, Northville; Ernest, Ralph and Raiza Smith, all of Novi; Mrs. Tracy Passage, Plymouth, and Mrs. Hattie Kuhn, Livonia.

FIVE YEARS AGO—

Mrs. Lydia Korol and three children from Ukraine, Northville's first family of displaced persons, state: "We like the government. The unlimited freedom of the person here in the United States is wonderful." Sponsored by the First Presbyterian church, the Korols are the temporary guests of Dr. and Mrs. Wilbur Johnson of W. Dunlap St.

Betty Snow, daughter of Dr. and Mrs. Linwood W. Snow and Clarence A. Hoffman of Rosedale Gardens were united in marriage at the Rosedale Gardens Presbyterian church.

Among several forthcoming brides being showered this week are Lois Taft, June Bailey, Marie Searfoss, Delores Blackett, Helen Meyer and Kay Perrin.

Mr. and Mrs. Drake Older have purchased the Nicholas Lazar home on S. Rogers St.

TEN YEARS AGO—

Lt. Col. Ward H. VanAtta and Pfc. Robert Beasley were decorated for meritorious service in action.

Emily Saner of Plymouth and Fred Casterline were united in marriage Aug. 18.

Mrs. T. H. Bray and son, Paul, and Mrs. Mary Alexander are visiting Mrs. L. A. Condit of Glennie for a week.

Joanne Tuck, Virgie Stanley and Florence McCuskie leave the first of the week for Girls' State at the University of Michigan.

Dr. Richard Kerr of Yerkes St. flew to Memphis, Tenn. to visit his brother, Kenneth, for two weeks.

TWENTY YEARS AGO—

All exhibit space is filled for the Northville County Fair. The

fruit display was cited by Secretary Floyd Northrup as being "as good as a one as could be seen anywhere, even at the State Fair."

Four front wheel with new tires valued at \$200 were stripped from two of the delivery trucks of the C. R. Ely & Sons Coal and Ice Co., the thief using jacks to lift them.

Millions of people are mourning the death of Will Rogers.

All Northville and its vicinity were touched deeply by the death of one of its life-long citizens, Charles T. Thornton.

Production has been started at the Northville plant of the Michigan Wood Products Co., located in the old Globe Furniture building.

FORTY YEARS AGO—
The Catholic building at the corner of Dunlap and Center has been sold to W. E. Matheson, who will move it from that lot.

Dr. T. B. Henry has leased a suite of office rooms in the Lapham bank building, which were recently vacated by Attorneys Yerkes and Cochran.

Star Taft, well known in Northville and connected with the Frederick Stearns Co., has just been transferred from Columbus, O. to New York City with a big increase in salary.

FIFTY YEARS AGO:
Some of the local merchants' horses seem rather frisky. The motive power of Kahler's wagon got loose Tuesday and took a run on its own responsibility with disastrous results to both the vehicle and its contents.

Miss Grace Brigham and Perry Brown, both formerly of Northville, were married recently at Claremont, Va.

Raymond Howell On Training Cruise

Lt. Cdr. Raymond S. Howell, son of Mr. and Mrs. R. S. Howell of 43243 W. Eight Mile Rd., is aboard the frigate USS Wilkeson enroute to Europe on the summer's second midshipman training cruise.

Howell's wife is the former Marion E. Telfer of Detroit.

Fourteen ships of the Atlantic Fleet left Norfolk, Va. July 11 with more than 1,700 Naval ROTC midshipmen aboard. The ship's crews supervise the midshipmen's training during the two-month cruise.

The ships will visit Edinburgh, Scotland; Copenhagen, Denmark; Oslo and Bergen, Norway, and Stockholm, Sweden.

Gunnery practice at Guantanamo, Cuba, will climax the cruise before the midshipmen disembark at Norfolk Sept. 2.

SAM AND DORIS JOHNSON

A perfect attendance pin is in order for Sam Johnson who, with his wife, Doris, owns and operates the Lakeview Grocery at 2215 Novi Rd., just south of Walled Lake.

Sam hasn't missed a day on the job since they opened their store in 1949.

Born in Greece, Sam came to America alone at the age of 15. For a while he worked on the railroads, then in the grocery business, and finally he opened a restaurant in Detroit.

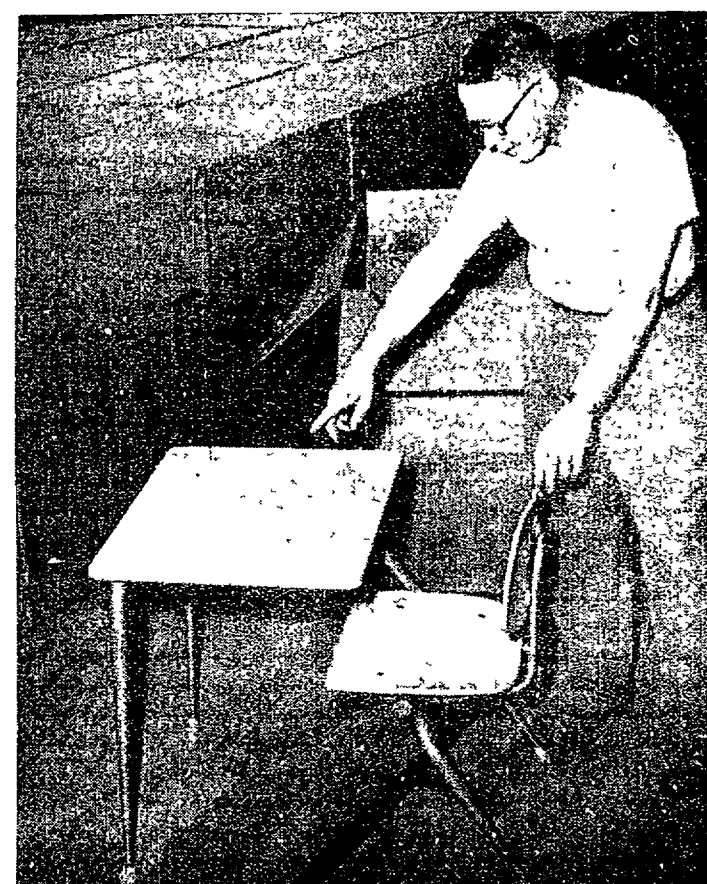

It was here that he met and married Doris Davey of Farmington. Doris had lived in Farmington and nearby Clarencville all her life. Her grandmother was Mrs. Tot Davey, one of the first settlers in the Clarencville area.

Sam claims that Doris came to Detroit just to meet him, but perhaps it is more logical to assume that Sam came all the way from Greece to find Doris. Anyway, they were married in 1937 and for 13 years they ran a restaurant in mid-town Detroit.

The couple have two children, Margaret, 17, and Ruth Ann, 16. Raising two children in a crowded city proved hard and in 1949 the Johnsons moved to their present home two blocks south of Walled Lake. The whole family enjoys the water when and if they can get away from the store. The two girls attend Northville High school.

When asked about her hobbies, Doris says gardening heads her list. In fact, she says she has hopes of retiring some day on a small farm where they can garden and raise chickens.

As for Sam's hobbies, that six-year perfect attendance record tells the story . . . he doesn't have any time for hobbies.

GETTING READY FOR OPENING DAY OF SCHOOL is an especially difficult job in Novi this year as workmen race to complete the \$200,000 addition which will house the newly organized junior high school. The new superintendent of schools, William Medlyn, displays one of the modern desks which recently arrived for the new classrooms. Made of tubular steel with a laminated Formica top, the desks are designed to discourage youthful woodcarving experts. The contractor and architect have assured school officials that the new building will be ready for opening day, September 7.

Al Jones Finishes Driver Training Course At U. of M.

Ann Arbor—Albert E. Jones of Northville High School will be among the 69 Michigan high school instructors graduating from the two-week course of the 25th statewide Driver Training Institute here Friday, Aug. 26.

Sponsored by the University of Michigan, in cooperation with the State Dept. of Public Instruction, Automobile Club of Michigan and the State Safety Commission, the institute offers an intensive course on proper methods of teaching eligible high school students to drive. Included in the program are "behind-the-wheel" and classroom instruction techniques and use of reaction testing devices.

Jones is attending the institute on an all-expense scholarship from the Auto Club.

Driver education courses are given in over 420 Michigan high schools to 42,000 students each year. The institute has graduated over 2,000 qualified instructors who have given instruction to more than 240,000 students since the program was started in 1940. Conducting the classes at Michigan are Kauko A. Wahtera of the university, Arden Danforth, Robert Lewis, Richard Franklin and Arthur Middleton of Auto Club.

Former Teacher At Northville High Returns from Mexico

Carl H. Zwinick, science teacher at Northville High school from 1949 to 1952, recently returned from Mexico where he was a member of a U. of M. workshop.

He worked with CREFAL, a UNESCO activity which is the fundamental education center for Latin America, and is now working with the U.S. Office of Education on English scripts for the filmstrips produced at CREFAL.

In addition to this work and sightseeing in Mexico, Zwinick sat in on several high school classes in Patzcuaro, Mexico City. After being presented to 700 boys as a guest of honor at an outdoor assembly, he taught two hours of English at one school in Mexico City. "It is very interesting to compare urban and rural Mexican schools, and to contrast both with our own schools," he says.

Post Office Applications At Salem Due Sept. 13

Applications are being taken for fourth class postmaster examinations at the Salem post office. Closing date for filing of applications is Sept. 13. Forms may be obtained at the Salem post office.

Obituaries

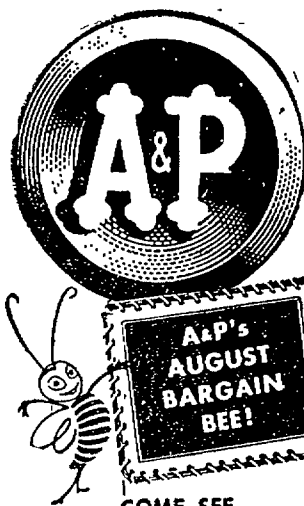

KAREN LYNN BALKO Karie Lynn, infant daughter of Mr. and Mrs. Norwood Balko, died at University of Michigan hospital Aug. 20. She was born May 1, 1955 at Sessions hospital. Smith later testified that he did not see the group, which then consisted of a wrecker, the demolished auto, a police car, and approximately five persons with flashlights in the center of the road.
When the policemen saw the Smith auto coming towards them, Officer King pushed the wrecker driver out of its path. Fortunately, Smith struck the wrecker and not the Johnson car, and all three men escaped injury.
Smith was fined \$75 plus court costs, or 15 days in jail, by Judge

Ed Bogart, on a reckless driving charge. Bogart emphasized the gravity of the accident, which endangered the lives of at least three persons. Smith paid the fine.

At University hospital Monday, no statement could still be obtained from Johnson, due to his condition. An investigation will be held at a later date, according to police.

A passing motorist commented that a car, which he thought was driven by Johnson, had passed him earlier about two miles west of the accident scene, going 80 miles per hour.

Johnson is an employee of the Novi Equipment Co.

into the plant across adjacent land to the north.

The project will feature its own water system and sewage disposal plant as well as its own fire department. The plans at this time call for a two or three-story structure, officials added.

All Lincoln manufacturing operations, now located at Mercury division plants in Wayne, Mich. and Los Angeles, Calif., would be consolidated in the new plant. Divisional offices, now located in the former Henry Ford Trade school building in Dearborn, would be recruited from the communities near the plant site, Detroit and the Pontiac area.

The Lincoln division was organized separately from the Mercury division of Ford Motor Co.

NOTICE OF HEARING ON PROPOSED AMENDMENT TO ZONING ORDINANCE

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Zoning Board of the Township of Novi, Oakland County, at the Township Hall, 26850 Novi Road, Novi, Michigan, on the 14th day of September, A.D., 1955, at eight o'clock p.m., E.S.T., of said day for the purpose of considering the advisability of amending the Zoning Ordinance of the Township of Novi in the following respects:

(a) Amending Section 10.02 of Article X of said ordinance, entitled M-1 Districts: Light Industrial Districts, to read as follows:

"10.02 BUILDING HEIGHT. No building hereafter erected or altered in any M-1 District shall exceed forty (40) feet or three (3) stories in height; provided, however, such height may be increased one (1) foot for each five (5) feet by which such building is set back in excess of one hundred (100) feet from the property lines."

(b) Adding to said ordinance a provision to the effect that the following lands situate in Town 1 North, Range 8 East, Novi Township, Oakland County, Michigan, may be devoted to the uses permitted by Section 10.01 of Article X of said ordinance:

The East one-half of the Southeast one-quarter of Section 6 and that portion of Section 7, aggregating 275 acres, more or less, lying North of the North line of the New Farmington-Brighton Expressway and East of a line parallel to and distant 1000 feet, more or less, from the West line of said Section 7.

(c) Directing that the aforesaid lands be rezoned from R-1-F District-Small Farm District and AG District-Agricultural District to M-1 District: Light Industrial District, and that the zoning map of Novi Township be amended accordingly.

The tentative text of the proposed amendment to the Zoning Ordinance and the map of the Zoning Ordinance may be examined at the office of the Township Clerk of Novi Township, in the Township Hall, 26850 Novi Road, Novi, Michigan, on any business day during the hours from nine o'clock a.m. to four o'clock p.m.

By Order of the Zoning Board of the Township of Novi

Wayne and Mark Blanchard and their mother and father, Mr. and Mrs. Ray Blanchard of Royal Oak helped celebrate their grandmother, Mrs. Paul Marinoff's birthday Sunday at the home of their aunt and uncle, the George Marinoffs. After an early buffet supper they all went swimming at Union lake.

Mrs. Richard Swensen's mother, Mrs. Harold Ballou of W. Barrington, R. I., and a friend, Miss Emma Hocking of Cranston, R. I., are visiting here. The five Swensen youngsters really look forward to grandma's visits and hope she'll stay quite a while.

Happy birthday to Jonathan Good, Aug. 18; Sharon Williams, Aug. 14, and Tammie Rairigh, Aug. 19.

If we miss anyone's birthday it's not intentional but just that we don't have the information, so please let us know a week in advance.

plant site, with offers as high as \$1,250 per acre reported.

One interesting aspect of the proposed industrial development is how sewage and water needs will be handled. The lack of such facilities has been frequently cited in the past as a compelling reason why there could be no large scale factory construction in this area. Ford plans to obtain water from wells to be put down on the property, company representatives told the zoning board. The company will also construct its own sewage disposal plant, they said. They indicated that construction will be started as soon as possible so the plant can be completed in 1957.

C & O Spur Line

The plant will be served by a spur line of the C & O railroad. Its site was located through the combined efforts of the C & O railroad, Ford officials and Novi Township Supervisor Frazer Staman. Staman was approached several weeks ago by railroad officials who outlined certain details of the proposed plant.

Further meetings were held with the C & O officials and less than a month ago S. O. August, Detroit realtor, began gathering options on the selected plant site.

Attorneys representing the owner of an additional 240 acres adjacent to the project attempted to obtain a zoning reclassification for their client's property at

Two young business women in the above picture are helping other youngsters beat the heat, and at the same time racking up points for their piggy banks. This Kool-Aid counter at 14 W. Cady St. had a two-day stand which netted \$1.45 for the owners, who advertised "three, delicious flavors—only five cents for a large glass". Here's why we say New Chevrolet *Task-Force* Trucks are the most **Modern** trucks for any job today!

WORK-STYLED LIGHT- AND MEDIUM-DUTY MODELS have their own fresh, functional appearance.

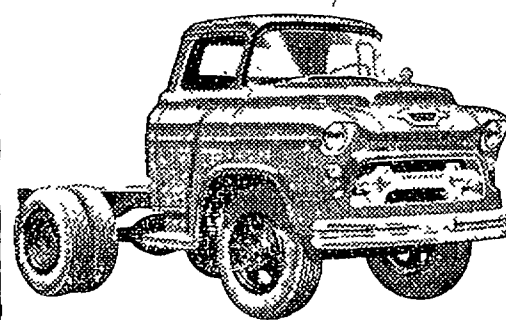

WORK-STYLED HEAVY-DUTY MODELS look every bit as husky, efficient and modern as they are.

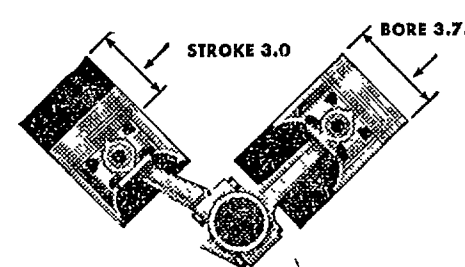

MOST MODERN V8's in the industry. Standard in Low Cab Forward models, an extra-cost option in all others except Forward Control models.

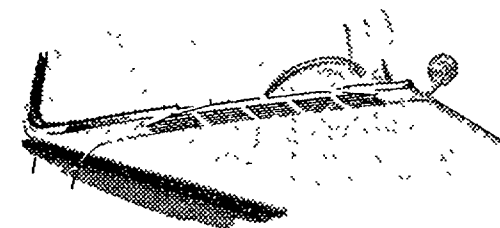

PANORAMIC WINDSHIELD sweeps around the corners to give you a wider, safer view of the road ahead.

REVOLUTIONARY NEW L.C.F. (Low Cab Forward) is much lower than former C.O.E. models yet it offers C.O.E. maneuverability.

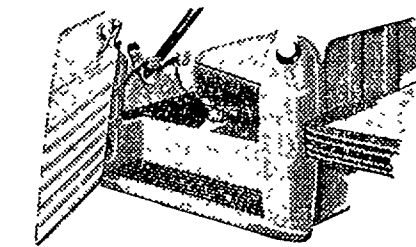

OVERSQUARE DESIGN means less piston travel... longer V8 engine life.

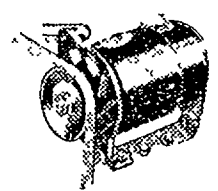

HIGH-LEVEL VENTILATION provides a more constant supply of outside air.

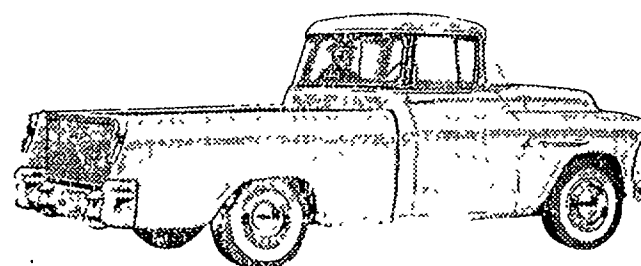

Plus... Five new high-compression valve-in-head sixes—the most advanced sixes in the industry! New, roomy Flite-Ride De Luxe cab—the truck driver's "dream cab!" Huge new Full View rear window (optional at extra cost).

NEW CONCEALED SAFETY STEP stays clear of snow, ice and mud for greater safety regardless of the weather.

NEW 12-VOLT SYSTEM delivers double the punch for quicker starting and finer performance.

NEW CAMEO CARRIER is the flagship of the Chevrolet truck fleet! It's the first truly beautiful truck ever built!

These are just a few of the reasons why new Chevrolet trucks are the most modern trucks for any job today. Come on in and see why these great new trucks will save hours and dollars on the job! Come see why anything less is an old-fashioned truck!

Year after year... America's best-selling truck

LOCAL STORES HOLD BARGAIN DAY CELEBRATION

Two Northville stores are in the news this week, the D & C because it is holding a "grand opening" today, Friday and Saturday as a modern self-service store with completely new fixtures in the modern tradition, and the George Clark Hardware Co. because George Clark is celebrating the 10th anniversary of doing business in this city.

Because Gerald C. Woodworth, superintendent of the D & C chain, donned his overalls this week to help workmen install the store's new shelves and counters, the Record tried to get his picture thus attired. He was absent, however, when our photographer took the picture at the right. He did get Essie Nirider, store manager (right) in his working clothes, together with Leonard Esch, buyer (left) and Ken Johnson, Howell store manager, at a time when the store was closed for business while merchandise was being rearranged.

George Clark was on a well-earned vacation at Bear Lake and other points north with Mrs. Clark

last week when this tenth anniversary picture was taken. Dick Ambler, who was in charge during Clark's absence, was ringing the cash register as the store's customers were serving themselves. Local hardware buyers will recall that Clark's was one of the first hardware stores in the country to convert to a serve-self basis. Clark took the step three years ago.

New Library Books

Newest non-fiction books available at the Northville branch library are "The Roosevelt Family of Sagamore Hill" by Hermann Hagedorn; "Devil Man's Jungle" by Gustaf Bolinder; "The Conquest of Everest" by Sir John Hunt, and "Grand Deception" by Alexander Klein.

More than 2,000 4-H boys and girls will be on parade at MSU Aug. 30-Sept. 2. Those are the dates of the 40th annual State 4-H club show.

State Fair Seeks 40-Year Teachers

Wanted: The names of teachers who have taught 40 years or more in the same Michigan county.

The Michigan State Fair Teachers Day committee is compiling a list of veteran teachers in connection with Teachers' day at the State Fair, Saturday, Sept. 3.

So if you know of any teachers who have taught that long in the same county, write a note to the Teachers Day Committee, % Michigan State Fair, Detroit 3.

This will be the second annual Teachers Day which is under the supervision of Mrs. Doris Flint of Perry, Mich. who is a teacher and member of the State Fair Board of Managers. The director of the event is Robert Hawkins, a Detroit teacher.

All teachers and student teachers will be admitted free that day and special awards will be presented to more than a score of outstanding Michigan educators.

There will be special exhibits

and programs saluting the part played in the development of the State by teachers.

Teachers Day comes on the second day of the State Fair which runs from Friday, Sept. 2 through Sunday, Sept. 11 this year

Children Can Ride Jet Plane At Fair

Here's good news for all youngsters who would like to know how it feels to pilot the Air Force's North American F-100, the fastest of all jet planes.

There'll be an exact replica of the F-100 at the Michigan State Fair Sept. 2-11, and the "rides" in the plane will be free, General Manager Donald L. Swanson announces.

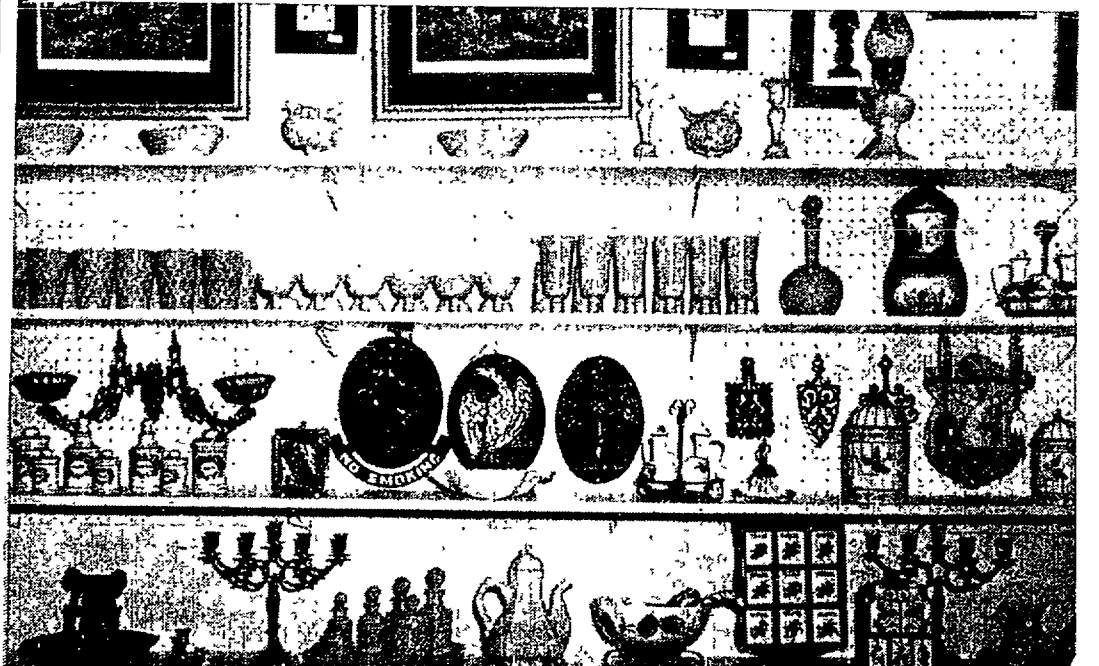

The illusion of actually piloting the jet will be accomplished by a sound movie shown on the "radar" screen in the cockpit. Once in the plane the youths will adjust the headphones, push the starter button and see themselves handling the controls, shoot into the skies and zoom back again. Through special mechanical de-

vices the "pilots" will start the jet engines, tip the wings in flight, circle the field and "whoosh" to a thrilling, safe landing.

For demonstrations of various ultra modern home appliances and displays of 100-year-old fore-runners of this equipment, be sure to attend the women's exhibits at the Centennial of Farm Mechanization to be held on the Michigan State University campus, Aug. 15-20

The best deal you can get is the deal built into a Pontiac!

The Spectacular Star Chief Custom Sedan

There's something you ought to know before you sign up for a new car—something half a million owners of the '55 Pontiac have already learned to their profit.

You actually get two important money-saving deals when you buy a future-fashioned Pontiac.

You get the kind of trade-in allowance you'd expect from Pontiac's volume sales. The biggest year in our history pays off for you in appraisals that won't be topped!

That's deal number one—and the second is even better! We're talking

now of the terrific deal that is built right into the car itself.

Compare Pontiac's modest cost with that of any other car combining such fine-car size (124 inches of road-leveling, road-hugging wheelbase), such blazing horsepower (200* eager "horses") and such luxury-car stability—and here's what you'll find:

That combination anywhere else will cost you hundreds of dollars more!

Get the proof that the big, high-styled, high-powered Pontiac you really want to own is actually your easiest buy. Come in and talk trading—now!

*with 4 barrel carburetor, an extra-cost option.

Before You Take Any Deal COME IN AND GET OUR PONTIAC DEAL!

PONTIAC'S GREATEST YEAR! THE YEAR'S GREATEST BUY!

for the Record

by G. H. C.

Most men and women, regardless of race, religion or economic circumstance, are destined to live and die without creating a discernable ripple on the surface of Life. This is equally true of the miner who toils thousands of feet under the earth's surface, the highly paid corporation lawyer or business executive whose name may appear often in the papers during the transient years before ill health or age dim his vigor, and the heads of state throughout the world who rule briefly and then are speedily forgotten.

Perhaps the same will be said of President Eisenhower when the history of the nineteenth century is read a hundred years hence. At this moment, however, his name appears likely to stand out above those of his contemporaries as having been the individual most responsible for turning the thoughts of the world from a belief in the inevitability of war, and showing it that the road to Peace is one that holds infinitely greater promise for all mankind.

Not only have the President's policies rid the United States of the hurricane of confusion, suspicions, and excessive fears of the postwar years, as typified by McCarthyism at its worst; they have also contributed mightily in our dealings with Russia to dissipating any feeling that this nation believes war offers a solution to the misunderstandings between the East and the West. The culminating evidence of the impact of the Eisenhower approach to international problems has been the atoms-for-peace conference that has been under way at Geneva this month. It is a direct result of President Eisenhower's suggestion at the earlier meeting of the Big Four heads of state that all nations get together and exchange information about how atomic power might be used for peaceful purposes.

The Christian Science Monitor last week summarized the accomplishments of the assembly, as seen by its Geneva correspondent:

"High officials of the United Nations say they are convinced by experience at the atoms-for-peace conference here that most major nations have a clear understanding at last that humanity is entering a period when another major war would mean world suicide.

"This subject has never been raised at this conference. Nevertheless, men working behind the scenes for the past several months appear confident that a revolutionary change has taken place in men's thinking on both sides of the Iron Curtain.

"This is one evidence why this conference has been such a tremendous success, as already universally acclaimed by delegations and the press. There is wide recognition that the only future for the atom is one of peaceful uses. Soviet delegates here are believed to share this view as sincerely as those from the West. . . ."

At home in the United States there has come in the past few months a welcome feeling of relief from tension and fear. Mothers no longer must worry that their boys will march to war. Youth may look ahead to the prospect of leading a normal life. Mature men and women again dare voice disagreement with political bureaucrats without undue risk of being labeled a traitor or a Communist sympathizer.

There are still many things in the United States and the world which undoubtedly could be changed for the better, but there also are a great many things that are better today than they were when Eisenhower took office. For this all of us should be thankful.

DRIVER LICENSE REFORMS

are in the making to weed out incompetent motorists from Michigan highways.

The state already patrols the streams of traffic with police and, on summer holiday week ends, adds a force of National Guardsmen to the assignment.

But Secretary of State James M. Hare, figures Michigan should go back farther for two reasons: to prevent accidents before they happen and to keep bad drivers off the highways.

The driver license administration was established as a separate unit in the secretary of state's office two years ago for that purpose and it has all but failed.

Hare and his staff have no control over the way a local license examiner runs his office.

"We can recommend and educate, but they can—and sometimes do—give licenses to anybody," he said.

A man with cataracts on both eyes, who couldn't read a newspaper because of poor vision, got a license.

Epileptics, those with other mental illnesses and some who were physically incapable of driving a car—all were given an official sanction to drive on Michigan highways.

Here's lack of control over local license examiners, who are often given the job by local officials because they cannot get other work, sometimes takes on aspects of the assinine.

One examiner notified Hare that he was going on vacation, but assured him he would leave his license records and forms at a service station where attendants could issue licenses.

The original idea of the driver license administration was to tighten up the ranks, permit only qualified and trained examiners to pass on licenses for drivers.

Hare's regional inspectors have done a job, but their work is wrecked by a lack of control over the local examiner.

One of the new ideas is to give state officials the power to appoint or fire local examiners and

force them to complete a training course before issuing licenses. "It may come to that," Hare said.

ECONOMY & CONVENIENCE were the reasons for a drive to recruit a 14-man architectural staff for state government.

For years Michigan has been shelling out fees totaling five per cent of the total construction cost of state buildings to pay architects.

When legislators asked Building Director A. N. Langus how much a project would cost, he could only estimate roughly based on only the sketchiest of information.

"The legislature had to guess and then I was criticized for not staying within the appropriation," he said.

So, the 1955 legislature turned loose \$82,000 to round up the staff which Langus said can make pre-preliminary drawings and come a lot closer to the actual cost.

The new staff, he said, can do all the pre-preliminary work and cut out one per cent of the five

per cent fee going to private architectural firms.

Langus said a staff in his office could have saved \$6,000 of the \$6,500 the state spent for Ionia State Reformatory.

"Eventually, this will save the state thousands of dollars and give us a better idea of projects before they are built," he said.

Michigan now has \$100 million in buildings under construction. The total architect's fees are \$5 million. With the building staff, Langus figures the state could have saved \$1 million.

IT MAY BE TOO LATE NOW to keep your house cool during the 1955 summer, but the state health department came up with a two-way idea that can help in the winter, too.

Experts assured people they weren't too eccentric if they believed the house was cool during the heat of the day and hot at night after the sun went down.

Dr. Albert E. Heustis, state health commissioner, said it happens that way because of "heat lag."

It takes hours for the heat from the sun to penetrate the roof, work down through the ceiling and bounce into the first floor living quarters.

By the time the sun sets, the heat is reflected from the ceiling and it's hot inside and cool outside.

The same principle works in reverse in the winter, he said.

His experts recommend a foil type insulation between the

joists in the roof, to reflect the heat and cold back outside which permits families to regulate the temperature inside.

An idea. And it's free, from the Michigan State Department of Health.

Butter should be creamed until it is the proper consistency for spreading on sandwiches; melted butter only soaks into the bread and makes the sandwiches soggy.

record in its history. We've never soared so high before—outstripping by far the huge success that zoomed Buick into the top three of America's best sellers.

So we're sharing profits with you—by adding a big bonus to the extra-long trade-in allowances we've been making all year.

Drop in and see what a whopping big deal you can make this very day on the car that's so definitely the thrill and buy of the year.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick—
Biggest-selling Buick in History! (So we're trading high, wide—and then some!)
