

NORTHVILLE GETS "POT OF GOLD"

New Education Program Added To School Agenda

Northville public schools are inaugurating this fall a new program of special education as part of the standard broad curriculum of previous years, Superintendent Russell H. Amerman announced this week.

Pupils from kindergarten through high school will benefit from the project, Amerman said. He described it as "a personalized educational program to increase social competency."

Planning necessary to set up the program has been under way since last November and Northville is one of the first schools to integrate such a program with its general educational curriculum.

Known as the Type C program, it is designed to develop the child's social competency to its fullest potential by giving teachers and parents assistance in understanding how they can help the child in his social development.

It has long been recognized that many children of an exceptional nature are not reaching their highest social and educational competency levels because the schoolroom is not geared to their needs, Amerman said.

The new program will bring to the Northville schools, the services of a trained psychologist from the Wayne County Board of Education one day a week. Gene Alexander of that office has already been assigned to this post. He will work with the parents, children and a special education teacher, together with the other teachers who share the responsibility for the education of the child.

The Northville special education consultant who will handle the local end of the program is Mrs. Louva Waterman, who is already a teacher in the Northville system. It is anticipated that one of the major phases of this special education program will be a remedial reading plan, and Mrs. Waterman is qualified by training to serve in either capacity.

The State Department of Public Instruction will bear 40-60 percent of the total cost. The program is an expansive one, yet the state recognizes the urgency of the need to the point of making special money grants so that it may proceed as speedily as possible, Amerman said.

Northville Man Heads Burroughs' Plymouth Division

Establishment of the Burroughs manufacturing plant at Plymouth as a separate operating division and appointment of Robert A. Niemi as general manager were announced today by John S. Coleman, president of Burroughs Corp. Niemi lives at 45840 Northview, Northville, with his wife and two young sons.

Primary responsibility of the new division is the manufacture of Sensimatic accounting machines and associated products. The division also manufactures aircraft instruments and other

ROBERT A. NIEMI

precision equipment for the armed services.

First plant units at Plymouth were built in 1937. Since that time, other buildings have been added until at present there are more than 600,000 square feet of manufacturing space. About 3,500 persons are presently employed there.

Niemi has been manager of the plant since January, 1953. He was first employed by Burroughs as an apprentice tool and die maker in 1935. After four years he became a journeyman die maker, and in 1944, when the Plymouth plant was wholly engaged in defense work, he was made an assistant foreman in the tool room. Other supervisory jobs followed and in 1949 he was made director of industrial engineering at the Detroit plant, a position he held until he became manager at Plymouth.

Gala Festivities To Mark VFW Post Mortgage Burning

The Northville V.F.W. Post No. 4012 will mark the tenth anniversary of its organization as well as mortgage burning ceremonies at a two-day celebration to which the public has been invited.

Festivities will start at an open house Sunday, Sept. 4 at 2 p.m. at their post home at 438 Plymouth Ave. A buffet lunch will be served throughout the afternoon and evening and dancing will start at 9 p.m. On Monday, Sept. 5 the actual mortgage burning ceremonies will be held at 1:30 p.m. with a dinner following.

The members of the planning committee include Al Smith, Walter Hammond, Frank Light, Fred Robinson, Homer Hodge and Lawrence McArthur.

Clayton Myers, commander of the post, stresses that all festivities are open to the public and hopes that many will take advantage of the general invitation.

School Bookstore Location Changed

Special arrangements have been made to keep the book store open extra hours next week to accommodate parents and students in purchasing books and supplies. The book store is open today, Sept. 1, from 9 through 4, and next week, Tuesday through Friday, Sept. 6-9, the hours will be from 8:30 through 4.

The book store is now located in the basement of the high school building.

Hospital Patients' Fair Is Successful Project

900 Patients In 3rd Annual Event

The Northville State hospital staged its third annual Patients' Fair Tuesday afternoon on the hospital grounds. It was put on expressly for the hospital's 900 patients who were able to participate, and as it drew to an end it won acclaim of both hospital staff members and outsiders as an outstanding example of recreational therapy. Its success in three consecutive years is giving the Northville hospital a national reputation for pioneering in this kind of therapy.

A brisk, sunny day showed off to advantage the gaily decorated booths and the general festive decorations of the natural amphitheatre background on the hospital grounds. The booths were erected and decorated earlier in the day by the patients, as their only contribution in the way of labor.

Volunteers Take Over At noon community volunteers took over to man the booths and refreshment tables to serve over 900 patients who took part in the outdoor event. Older patients unable to attend, and those confined to the wards, were not excluded from the fair as special games were planned for them and prizes suitable to their use were distributed.

Each patient was given a strip of 20 tickets to be used at the booths which included a baseball throw, shooting gallery, nail driving contest, darts, horse race game and many others. Approximately 6,000 prizes were distributed ranging in value from 20 cents to four dollars. The patients

were free to choose whatever plan they wished in using their tickets.

Northville Is Commended The help of community groups in developing this unique project actually stresses the basic theme of the fair, "Northville State Hospital—a part of the community, not apart from it." Abraham Brickner, Psychiatric Social Work supervisor and coordinator of this third Patient Fair, commended Northville for its cooperation in helping promote the event.

Mr. Brickner, while grateful for the volunteer help already received, states that there is now an urgent need for additional services from community groups

and individuals from this area. Anyone desiring to assist in any way in a volunteer capacity is encouraged to call him at the hospital.

EARLY COPY, PLEASE In order that our employees may also enjoy the holiday week end, all copy for next week's issue should be in Friday if possible as the holiday leaves only one day to get out the paper.

Enrollment Increase At Parochial School

Northville's parochial school, Our Lady of Victory, has completed plans for the fall opening of its fourth year.

Sister Anita Marie, principal, states that 165 pupils are enrolled to present. This represents an increase of approximately 50 pupils over the first year when the enrollment numbered 116.

School will open with a half-day session on Sept. 8 and full day sessions will follow thereafter. Uniforms will not be required until Oct. 3.

Only one change is announced in the teaching staff of four teachers and this is the addition of Sister Ann Nicolae who replaces Sister Anne Richard.

School supplies may be purchased at the school opening day. This includes all the school needs of any child from grades one through eight.

Five School Buses Loaded To Capacity In New Schedules

A heavy transportation burden will be shouldered by the Northville schools bus service this year with double runs and early pickups a necessary part of the plan.

The new bus schedule will be found on page two. It is suggested that it be clipped and placed in a convenient spot. The kindergarten schedules are not listed as yet. Parents will be notified, however, as soon as possible as to the noon (Continued on Page 12)

1955 Race Revenue Will Total \$110,000

The City of Northville can chalk up \$96,103 as already realized from the 1955 race meet at Northville Downs, with an additional \$10,000 to \$15,000 still to come from the state. The total to be received by the city from racing this year should be close to \$110,000. This will be \$15,000 more than the amount that will be paid by city residents as property taxes for the year.

Some \$95,000 of the foregoing total has come to the city treasury this year as a result of the vote last spring to incorporate the former village as a city. Under a unique provision of Michigan law cities are entitled to one-fifth of the 4% tax which the state levies on pari-mutuel betting at harness tracks. Villages and other governmental units are not given this revenue by the state.

On July 18th the state issued Northville a check for \$13,703 to cover its share of the racing tax for the six days in which Northville Downs operated in June. A second check, amounting to \$62,399, was received this week as the city's share of the state's July revenue. A final check, probably in the neighborhood of \$10,000 to \$15,000, should come through in September to compensate for the five days of racing in August.

Sixteen thousand dollars has been paid directly to the city by Northville Downs to date and another \$3,000 is due from the track as compensation for special police protection, water and other municipal services. This sum represents \$500 per day of racing, and has been received for many years by the village when it was not getting any revenue from the state. Money from this source, accumulated over the years, paid for practically all of the Community building.

Calendar of Events

NORTHVILLE CALENDAR
Sept. 6—Special meeting of OES at 7:45 p.m. Note change of date because of holiday.
Sept. 6—King's Daughters meet at 2 p.m. with Mrs. Clifford Winter, 230 N. Rogers.
Sept. 8—Patriotic club meets with Mrs. Ida M. Cook at 315 Griswold. Bring own sandwiches.
Sept. 12—Co-op. Nursery school opens.
Sept. 10-12—Junior Equestrian League meeting, Franfield Farm.
NOVI CALENDAR
Sept. 6—Teachers meeting.
Sept. 7—First day of school.
Sept. 7—Independent club meets with Mrs. George Kahrl, 707 S. Lake Dr., Walled Lake. Pot-luck luncheon.
Sept. 4—Lord's Supper will be observed at Baptist church.
Sept. 6—Novi Democratic club meets with Mrs. Nobels, West Rd., Wixom.
Sept. 8—Baptist Ladies Mission band at home of Mrs. Edna Hill. Noon luncheon, afternoon program.
Sept. 13—Willowbrook residents to meet at Novi Community Bldg.
Sept. 14—Meeting of Township Zoning Board.

Junior Horsemen Compete Sunday

When the 12 teams of Junior horsemen take to the jumping arena Saturday and Sunday, Sept. 10 and 11 at Franfield Farm, 46820 W. Eight Mile Rd., Northville, in the finals of the season-long Junior Olympic Equestrian League competition, three titles will be at stake. First will be the A division championship, then the B division title will be decided, and finally the two Michigan champion teams will ride against the champion Canadian team for the title of International Junior Champions.

The Canadian challengers, this year, are the London Pony club riders, the champions of the Ontario Pony clubs. The junior competition, worked out and put into effect four years ago by J. P. Malley, is sponsored by the Northville Optimist club. The committee in charge of the competition and assisting Mr. Malley is Dr. Eastland, Dr. Waldo Johnson, Robert Coolman, Maxwell Austin, Stanton Schaefer, Mrs. Robert Haass, and Mrs. Franklin Beeks, secretary.

In addition to the team events, which consist of cross-country riding over jumps, dressage, and arena jumping, there will be classes for local riders restricted to residents of the Northville area. These riders may ride any style and any type of horse. Michigan teams competing in the A division are Northville, Equestrians, Grosse Pointe, Bloomfield Irishmen, Bloomfield BOH, Bloomfield Fairlanders, Birmingham Outlanders and Toledo Howards. In the B division are the Livonia Triangles, Detroit Raitoppers, Birmingham Bees, Toledo Bees and Bloomfield Thunderbirds.

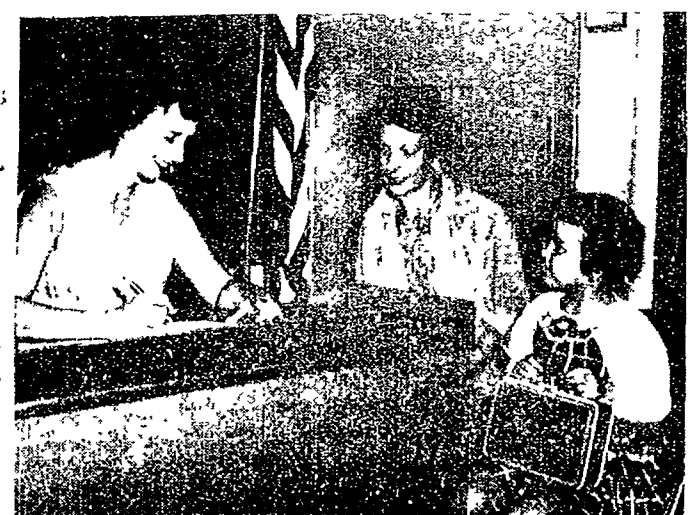

Bargain Day Venture Titled Successful

Bernie Morison, chairman of Northville Bargain Days, reports the venture as highly successful with excellent cooperation from the community. Approximately eight thousand tickets for rides on the Kiddie Karnival were distributed.

The pie eating contest, one of the most interesting features of the event was won by Jimmie Langford, Don Ling and Don Fraser who won first, second and third prizes, respectively.

Mrs. Marge Coolman, secretary, is shown checking enrollment plans for three boys. Claude, Devereux and Douglas, sons of Mrs. Claude Earl, 10 Mile Rd. Mark, 3, looks on to see what it's all about.

Mrs. Marion Zayti, secretary, enrolls Tamie Jean Rairigh of Willowbrook Village. Tamie is accompanied by her mother.

Public Is Invited To Eagles Program

A parade, starting from Ford Field at 11 a.m., followed by guest speakers at Ford Field and a picnic at 1 p.m. at Cass Benton park at Six Mile Rd. is the program planned by the Eagles for Labor Day. The public is invited to attend.

Fr. Heraty Improves After Operation

Fr. Anthony J. Heraty is recovering nicely from an operation last week. Fr. Heraty entered St. Joseph's Mercy hospital three weeks ago for examination and x-rays. It is expected that he will be released soon.

Mrs. George Alexander, president of the Northville branch of the Woman's National Farm and Garden Ass'n., is shown holding a plant which Professor H. L. R. Chapman, left, explained has digestive properties similar to the human stomach. The plant can digest insects. Dr. Carter Harrison, right, was the principal speaker at the garden club work shop Tuesday.

The three winners in the pie-eating contest are pictured above with their well-cleaned pie plates. This event was the finale Saturday evening, of the three-day Northville Bargain Days merchandising event and took place at the corner of Main and Center streets. Pies and cash prizes were provided by Ritchie Bros. Laundromat. Blueberries apples or pumpkin prevented the identification of the boys who ate the pies without benefit of forks.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

POLITICIANS ARE ALREADY getting that edgy feeling about 1956 and their fates in Michigan.

Presidential and state ballots, separated years ago, are joined again; a situation of much importance to close elections.

Republicans were behind the separation move long ago when Democratic candidates were riding high on the popularity of Franklin D. Roosevelt. They denied politics in the maneuver, however. So did Democrats who fought the change while cashing in on FDR's appeal.

"We honestly felt that it would be fairer if each candidate stood on his own feet," said Senator Clyde H. Geerling (R-Holland).

After the Republicans took over the national administration behind the popular President Eisenhower, the ballots in Michigan were again merged.

Again Republicans, many of whom supported the merger, denied political motives and the advantages of a popular president were the reasons. Some said it would be more economical to print the merged ballot.

Democrats, finding the political shoe on the other foot, are leery in some quarters and downright suspicious in others. They are working hard for a return to the White House in 1956 and would like to hold the state capital.

But they are asking themselves what will happen if a popular GOP president carries the state, piling up votes for a Republican candidate for governor and the rest of his slate. Williams held his own four years ago despite the national sweep for Eisenhower.

STILL NO WORD FROM Williams on his personal plans for 1956 and the signs are still vague.

Two years ago, when the speculation was he would run for the U.S. Senate, the governor waited until the last minute, then announced that his "job as governor is not completed."

It cleared the air but some seers say it was irritating to have to wait so long for other potential Democratic candidates.

As it turned out, Williams won again, carrying with him the entire slate of candidates, including Senator Patrick V. McNamara,

the second-choice candidate after Blair Moody's death.

If Williams wins: that long again to decide to go for a national office, he may face trouble with the state organization. But after eight years, maybe the philosophy is, as one party leader stated, "The champ can do no wrong."

JUDICIAL REFORM is in the air again.

Organized attorneys in state-wide and Detroit groups are pitching for the Michigan modification of the "Missouri Plan" for selecting judges.

It works this way: A committee composed of three lawyers, three laymen and one trustee of the Michigan Supreme Court, would submit a list of three candidates to the governor. He would pick one for each vacancy.

At the end of a judge's term—six years for circuit and eight for Supreme Court—he would run against his record, with the question put to voters whether he should be retained.

A group in Detroit is already working on a petition to place the issue on the ballot.

The group cite the obvious political implications of nominating a Supreme Court candidate at state political conventions and the pressures that may or may not follow a man into office.

On the circuit court level, they claim it would be easier to "retire" an aging circuit judge under the plan.

Whatever the benefits or drawbacks, the experts foresee a day when the long-sought program will be adopted in Michigan.

DEBT MANAGERS will be investigated by a three-member senate committee this fall.

The move for greater controls over one of the relatively new phases of modern finance developed in the legislature during the 1955 session.

Senator William S. Broomfield (R-Royal Oak) was one of the leaders in the campaign.

His idea was that a few out-of-state loan sharks were giving legitimate agencies a bad name by charging exorbitant interest and in some cases, running out with their clients' money.

Debt managers offer to lump

Events of the Past in Northville

News Items Taken From the Files of the Record

ONE YEAR AGO —

Fifteen elm trees in Northville were found to be infected with the dreaded Dutch elm disease and had to be removed.

More than 1,300 high school students and elementary pupils will troop back to their classes next Tuesday.

Mr. and Mrs. Pieter Schipper of Bradner Rd. returned Monday from their summer home on Naragansett bay. They were a few miles from Westerly which was in the main path of Hurricane "Carol".

Mrs. Thomas Campbell of Wing St. returned from a two month visit with relatives in Galloway, Scotland.

Mrs. Beth Lapham and Mrs. Vance Masters have returned from a three weeks trip in Alaska.

FIVE YEARS AGO —

The Northville Foundry, which dates back to Civil War times, is being torn down as part of the expansion program of the Michigan Powdered Metal Co.

Miss Florence Keith, grade school teacher here, was hospitalized following a bus accident between Quebec and Montreal.

Preparations and plans are being formulated to develop an Auxiliary Police group to handle casualties, traffic, and evacuation if Detroit and environs are subjected to an Atom Bomb attack.

The G. F. Tafts left Sunday for Vermont where they will attend the Morgan horse show in Windsor, Vt.

TEN YEARS AGO —

Work is progressing on the new Veterans Memorial hall as a result of a splendid response throughout the village to the appeal for funds.

Lieut. Harevy Guntzville was seriously hurt in a collision at Tacoma, Wash.

Introducing Mr. and Mrs. R.W. Doeksen and children, Marcia Lee, Leanna Rae and Ray Wynn, who came here from Royal Oak.

Cpl. Harold Schoultz, son of Mr. and Mrs. Charles Schoultz, has been awarded the Army's Good Conduct medal. Harold has been in service for two years and at present is serving on Okinawa.

A new drinking fountain grace-

the debts of their clients into one sum, enabling the client to pay to only one creditor. It has the attraction of convenience.

Three senators are doing the spade work and promise to come up with new legal controls for the function next year when the legislature convenes.

Committee members are Broomfield and Senators John B. Swainson (D-Detroit) and Lynn O. Francis (R-Midland).

The homecoming will commemorate the 25th anniversary of the old National Air Tour in which Harry Russell piloted a Ford Tri-Motor to victory. Mr. Russell, who is still a Ford employee, also won in 1931, after which the tour, a test of aircraft efficiency and reliability, was discontinued.

Affectionately dubbed "tin geese", the Ford Tri-Motors were built by the automobile company from 1926 to 1932 and set a remarkable record of safety through the years.

With their all-metal construction, they ushered in the modern era of air transportation. Although only a handful are being flown in the United States today, they are still popular in remote parts of Alaska, Canada and South America.

The visitor flights will be followed by a banquet at Dearborn Inn for members and guests of the Aeroports club. The club is composed of Ford employees interested in aviation activities.

Honored dinner guests, in addition to Mr. Russell, will include William B. Stout, designer of the planes, and John A. Collings, executive vice president of Trans World Airlines, Inc., and a former Ford Tri-Motor test pilot.

The two "tin geese" scheduled to participate in the homecoming program will be supplied by Island Air Service, of Sandusky, Ohio. Each plane was designed to carry 15 passengers, or 3,500 pounds of freight. Cruising speed is 80 miles per hour.

As island-hoppers the planes fly vacationers, berry pickers, school children, emergency hospital cases, mail and provisions.

DON'T SCRATCH THAT ITCH! IN 15 MINUTES.

You MUST be rid of the ITCH or your 40c back at any drug store. ITCH-ME-NOT actually gives triple-action relief. It deadens the itch, peels off flaked outer skin. KILLS GERMS AND FUNGUS ON CONTACT. Fine for eczema, foot itch, other surface rashes. Today at Gussell's Drug Store, 102 E. Main St., Northville.

TWENTY YEARS AGO —

Two Northville college students, Nelson Schrader, Jr. and Elmer Perrin, have been issued invitations to try out for varsity athletic teams at Michigan State college.

Phil Harris, famous Hollywood dance maestro and his orchestra, are scheduled to give an afternoon concert at Maybury sanatorium.

Mrs. Russell Lyke won a Ford V-8 at the closing of the 19th

Crockett History On Display

Proof that Davy Crockett is not a recent discovery to arouse 20th century children to buy cap pistols, cowboy suits and what have you, can be seen at the Detroit Historical Museum, 5401 Woodward Ave., in a showing which began Friday, Aug. 19.

Aug. 19 was the 76th anniversary of the year in which "Daring Davy, the Young Bear Killer; or, the Trail of the Border Wolf" was published. The novel is by Harry St. George, the same author who wrote "Roaring Ralph Rockwood," "Rattling Rube" and "Old Hickory". The book was published Aug. 19, 1879, in Beadle's Half Dime Library.

The publication was given to Leonard N. Simons, of Simons-Michelson Co., by Nate S. Shapiro, owner of the Cunningham Drug stores, Inc. Simons thought that today's children would get a kick out of seeing that they weren't the only ones who knew about Davy Crockett. The result is he gave Daring Davy to Henry D. Brown, director of the Detroit Historical Museum, for display purposes. Simons is vice-president of the Detroit Historical Comm.

Ford Aerosports Homecoming Event To Honor Tri-Plane

A homecoming for the Ford Tri-Motor airplane—the lovable, dependable Model T of aviation history—will be held at Ford Motor company's Dearborn test track Sept. 18.

Sponsored by the Ford Aerosports club, the event will bring together many of the engineers and pilots who developed and flew the famous aircraft.

Two of the planes, still on duty carrying passengers and freight between Port Clinton, Ohio, and five Lake Erie islands, will be flown in at noon and exhibited at the Dearborn test track with a tri-motor historical collection and a Naval Air Reserve display.

In the afternoon, guest flights will be given in the planes. The aircraft will take off and land at the test track, an area which was once the old Ford airport and, as such, is the birthplace of the Tri-Motor.

The homecoming will commemorate the 25th anniversary of the old National Air Tour in which Harry Russell piloted a Ford Tri-Motor to victory. Mr. Russell, who is still a Ford employee, also won in 1931, after which the tour, a test of aircraft efficiency and reliability, was discontinued.

Affectionately dubbed "tin geese", the Ford Tri-Motors were built by the automobile company from 1926 to 1932 and set a remarkable record of safety through the years.

With their all-metal construction, they ushered in the modern era of air transportation. Although only a handful are being flown in the United States today, they are still popular in remote parts of Alaska, Canada and South America.

Bus Schedule - Northville Public Schools

SEPTEMBER — 1955

THE FOLLOWING SCHOOL BUS SCHEDULE WILL BE IN OPERATION BEGINNING SEPTEMBER 8, 1955, AS TO TIME, AND MAY BE SUBJECT TO CHANGE AS SOON AS SCHOOL ENROLLMENTS ARE COMPLETED.

There are no kindergarten schedules listed here. Parents will be notified by mail as to noon home delivery and afternoon pick up schedules.

If there are any questions parents may call Mr. Ellison, Director of Transportation, at Northville 1130.

BUS 1, TRIP 1—Serving West Five Mile and Salem Area.

SCHOOLBOUND — A.M.

Time	Location
7:35	Leave High School
7:46	Training School Garage
7:48	West Five Mile and Sheldon Roads
7:51	West Five Mile and Beck Roads
7:53	West Five Mile and Ridge Roads
7:55	West Five Mile and Napier Roads
7:57	West Five Mile and Chubb Roads
7:58	West Five Mile and Salem Roads
7:59	West Five Mile and Currie Roads
8:00	West Five Mile at Mosher Residence
8:05	Salem Store
8:07	West Six Mile and Chubb Roads
8:10	West Six Mile and Napier Roads (end of pickups)

HOMEBOUND — P.M.

Completely reverses the above run beginning with Napier Road and West Six Mile Road and ending at the Training School Garage.

BUS 2, TRIP 1—Serving Seven Mile Road between Currie and Beck Roads, and nearby residents on connecting cross roads.

SCHOOLBOUND — A.M.

Time	Location
7:30	Leave High School
7:43	West Seven Mile and Currie Roads
7:46	West Seven Mile and Chubb Roads
7:49	West Seven Mile and Napier Roads
7:52	West Seven Mile and Ridge Roads
7:56	West Seven Mile and Beck Roads
8:00	Arrive at High School

HOMEBOUND — P.M.

Completely reverses the above run beginning at Beck and West Seven Mile Roads. It is preferred that students on this bus remain on the bus until they can be discharged at their residence without crossing the highway. This will necessitate some riding to the end of the line (passing their own house) and being let out on the return trip to school.

BUS 2, TRIP 2—Serving Gerald Avenue and Griswold, Butler and Pennel Streets.

SCHOOLBOUND — A.M.

Time	Location
8:05	East Seven Mile and Gerald Avenue
8:09	Griswold and Butler Streets
8:10	Pennel and Butler Streets
8:11	Pennel and Griswold Streets
8:14	East Baseline and Novi Streets
8:16	Arrive Amerman School
8:20	Arrive High School

HOMEBOUND — P.M.

Leave High School Building

Leave Amerman Building

BUS 3, TRIP 1—Serving West Eight Mile, Napier Road, West Nine Mile and Garfield Roads.

SCHOOLBOUND — A.M.

Time	Location
7:40	Leave High School
7:43	West Eight Mile and Taft Roads
7:47	West Eight Mile and Beck Roads
7:49	West Eight Mile and Garfield Roads
7:52	West Eight Mile and Napier Roads
7:54	Dickinson Residence on Napier Road
7:57	Balko Residence on West Eight Mile Rd.
7:59	West Eight Mile and Napier Roads
8:01	West Nine Mile and Napier Roads
8:04	West Nine Mile and Garfield Roads
8:08	West Nine Mile and Beck Roads
8:11	West Nine Mile and Taft Roads
8:13	West Nine Mile and Center Corner
8:15	Arrive Amerman School
8:20	Arrive High School

HOMEBOUND — P.M.

Leave High School

Leave Amerman School

Completely reverse the above run.

BUS 4, TRIP 1—Serving Beck Road, E. 6 Mile between Beck and Napier Roads, Ridge Road—W. 7 between Clement and 7 Mile, W. Main and Clement.

Newcomers to the area are requested to talk with neighbors who are somewhat familiar with schedules or call the school for information. The Transportation Director this year will be E. V. Ellison, phone 1130.

MICHIGAN STATE APPLE COMMISSION

Rules and Regulations - Issue No. 2

PURSUANT to, and to make effective Act No. 87 of the Public Acts of Michigan of 1939 as amended by Act No. 274 of the Public Acts of Michigan of 1955 the following rules and regulations relating to apples produced in Michigan are made and established by the Michigan State Apple Commission:

Rule I.—PUBLIC HEARINGS: Prior to the issuing of any rule, regulation or order, the Michigan State Apple Commission shall first hold a public hearing on the proposed rule, regulation or order or any changes therein.

Rule II.—ORDERS: All rules, regulations and orders of the Commission shall be signed by the Chairman and the Secretary-Manager.

Rule III.—SEAL: The seal of the Commission shall be circular in form and contain the following inscription, "Michigan State Apple Commission."

Rule IV.—STAMP DESIGN: The design of the official apple advertising stamps issued by the Commission shall be: Shape, rectangular; background, to be an outline map of Michigan; bearing the denomination of the stamp. Each denomination shall be of a different color.

Regulation 1.—ASSESSMENT: The assessment of two (2) cents-per bushel or four (4) cents per hundred pounds of apples levied by Sec. 9b of said act, shall be collected by the purchase from the Commission, of adhesive apple advertising stamps or of combination grade and apple advertising stamps; which stamps shall be attached and cancelled by the grower.

Regulation 2.—EVIDENCE OF PAYMENT: Evidence of payment of the apple advertising assessment shall be shown by one of the following methods:

A.—Adhesive apple advertising stamps properly cancelled and attached to the bill of lading, shipping receipt, invoice or other documents accompanying the load, or to individual containers.

B.—Combination grade and apple advertising stamps or adhesive apple advertising stamps properly cancelled and attached to individual containers.

C.—(1) On retail transactions by the grower on his own premises and (2) on retail shipments by express, evidence of payment of the assessment may be shown by attaching and cancelling, daily, the proper amount of adhesive apple advertising stamps to a ticket of release, furnished by the Commission, which shall be certified and rendered at the end of each calendar month to Michigan State Apple Commission.

Regulation 3.—CANCELLATION: Said stamps attached to individual packages, or to bills of lading, invoices or other documents accompanying loads shall be cancelled by permanently writing or stamping the date thereon; EXCEPT: that on individual packages either (1) adhesive stamps, or (2) combination grade and apple advertising stamps showing the packer's name, address, grade, variety and minimum size in compliance with statutory requirements.

Regulation 4.—GENERAL: With the exception of Michigan apples sold for cider, juice and vinegar which are exempted from the provisions of this act, no Michigan apples shall be shipped or sold to any dealer until such advertising stamps have been properly cancelled and fixed or attached by the grower or growers agent except as provided for below.

In the event that apples are purchased for the purpose of being processed into cider, juice and vinegar and later sold as fresh fruit, the party purchasing the apples shall be liable for the proper cancellation and fixing or attaching the proper apple advertising stamps.

In order that the practical application of this regulation may be in accordance with certain marketing practices, apples may be delivered by a grower or grower's agent to a dealer or processor, without apple advertising stamps when the dealer or processor has the written permission of the Commission to accept apples without advertising stamps. The Commission may grant this permission to such dealers and processors as have agreed, in writing, to accept the responsibility of seeing that the apple advertising assessment is paid on all apples passing through their hands and to keep accurate records on forms furnished by the Commission. These records are to be retained for a period of two years.

The Commission is to furnish the Bureau of Foods and Standards, Michigan, Department of Agriculture, with the names of such dealers and processors as are authorized to accept delivery of apples not accompanied by the required apple advertising stamps. Each inspector of the Bureau of Foods and Standards is to be furnished with a list of such authorized dealers and processors. Any load of apples not accompanied by the proper cancelled apple advertising stamps and being delivered to a dealer or processor whose name does not appear on this list is to be considered in violation.

Regulation 5.—STAMP PURCHASE: All apple advertising stamps shall be purchased from the Commission or its authorized agents. The Commission or its agents shall issue an official receipt to the purchaser showing the amount of money paid; the number of stamps delivered and their denomination. Triplicate copies of the receipt shall be made; the original being delivered to the purchaser. The second copy of the same must be sent by the agent to the Commission together with the funds collected, quarterly. The third copy shall be retained in the original receipt book.

Regulation 6.—NON-PARTICIPATING GROWERS: Such growers as desire to become non-participating growers and claim exemption from the provisions of this act, to claim such exemption, the non-participating grower must notify the Commission in writing on or before the first day of July of each year of his intention to claim exemption from the apple advertising assessment for the coming crop year. For this purpose, the crop year shall be considered to run from July 1 of one year to June 30 of the following year. When so notifying the Commission, the non-participating grower shall give the Commission his estimate of the size of the apple crop upon which he is claiming exemption. The Commission shall then issue the non-participating grower an exemption certificate bearing an exemption certificate number.

On apples sold as fresh fruit, the non-participating grower shall attach properly cancelled apple advertising stamps in the same manner as a participating grower. The non-participating grower shall then file for the refund of the apple advertising assessment paid by him upon a form furnished him by the Commission at his request. In filing for a refund, the form must be accompanied by the grower's copy of the Commission's official receipt used for stamp sales. These official receipts shall bear the same name as that appearing on the non-participating growers exemption certificate.

Where a non-participating grower sells apples through a grower's agent and the apple advertising stamps are purchased in the name of the grower's agent rather than the non-participating grower, the non-participating grower may, when filing for a refund, substitute a statement from the grower's agent certifying that the grower's agent purchased a specified quantity of advertising stamps for use in shipping the non-participating grower's apples.

On the last day of each month, the Commission shall pay all requests for the refund of the apple advertising assessments received by it from non-participating growers during the month. A non-participating grower need not file monthly for the refund of his apple advertising assessment. He may elect to file as many times as he desires during each crop year provided he does not file more than one request during each month. No refunds shall be paid to non-participating growers filing for a refund later than June 30 of the crop year for which he has claimed exemption.

On apples sold to processors, the non-participating grower need not attach apple advertising stamps if the processor to whom he is selling has been authorized by the Commission to withhold the amount of the apple advertising assessment from payments made to participating growers. In this event, the non-participating grower shall notify the processor in writing of the fact that he is a non-participating grower. This written notice shall contain the number of the non-participating growers exemption certificate.

Dealers or processors desiring to be stamped shall request, in writing, to be authorized. In making this request, the dealer or processor must state that he agrees to keep such records as required by the Commission.

Regulation 7.—GROWER'S RECORDS: Every grower shall keep a complete and accurate record of the number of bushel or weight of apples handled, shipped or processed by or for him during each calendar year. These records shall be retained by him for a period of two years.

Regulation 8.—GROWERS' AGENTS, DEALERS AND PROCESSORS' RECORDS: Every growers' agent, dealer and processor buying apples produced in Michigan shall keep a complete record of the number of bushels or weight of apples purchased by him. The details of this record shall be reported monthly to the Commission on a form furnished by the Commission. These forms are to be furnished to the growers' agent, dealer or processor at his request. Such records are to be maintained by the growers' agent, dealer or processor for a period of two years.

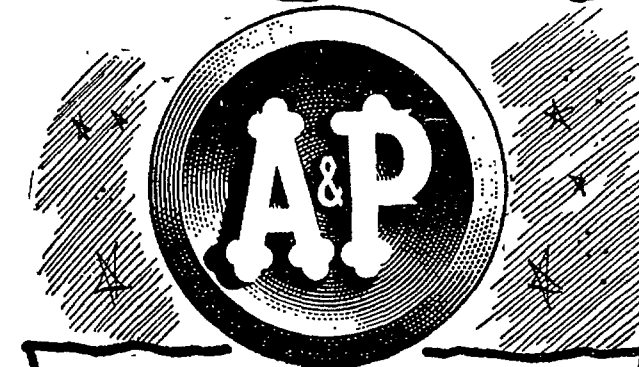

Recognizing the confidential nature of these reports, they shall not be available to any person or persons other than members and employees of the Michigan State Apple Commission and state and county law enforcement officers and all employees and agents of the Department of Agriculture except as necessary for the prosecution of violations of the Baldwin Apple Act.

IN WITNESS WHEREOF, the Michigan State Apple Commission, by John J. Timpon, Chairman, and Holland F. Patterson, Secretary-Manager, have hereunto set their hands and affixed the Seal of the Commission this 17th day of June, 1955.

MICHIGAN STATE APPLE COMMISSION
John J. Timpon, Chairman
Holland F. Patterson, Sec.-Mgr.

The above rules and regulations were duly adopted by the Michigan State Apple Commission on the tenth day of June, 1955; approved by the Attorney General of the State of Michigan on the ninth day of August, 1955 and given immediate effect by an Executive Order signed by the Governor of the State of Michigan on the twenty-second day of August, 1955.

for the Record

by G. H. C.

Announcement last week of the Ford Motor Company's intention to locate its Lincoln division in Novi township at the northwest corner of the Farmington-Brighton expressway and Wixom Rd. has been greeted with mixed emotions by residents of the larger area extending for several miles around the proposed plant site.

Those who would have liked to see the Grand River section remain as it is now—and there are many such individuals—can see the area's future spelled out in part. In another five years it will be pictured in much greater detail, we believe, for Chrysler by then probably will have made known which of its divisions it intends to move to the New Hudson plant site it bought two years ago. (We are still confident of the correctness of the Record's prediction at the time that Dodge would occupy the site.)

Others who for various reasons have wanted to see the Grand River area develop industrially see their wish on the verge of realization. While the Lincoln plant alone will not transform the countryside, it will have a considerable effect upon Novi, Northville, Walled Lake, South Lyon and Brighton. Even though workers no longer must live close to their place of employment, it is inevitable that there will be a noticeable influx of population to and around these communities, with a resultant increase in business for those who sell such widely different things as lumber, food and tooth paste.

Regardless of the wide gulf which separates those who would like to see the status quo preserved and those who will benefit financially from the coming of big industry, it is to be hoped that both groups will realize at once the need for joint action to channel and guide the area's growth. The problem of schools, which even now is pressing hard upon Northville and Novi, will become more acute in three or four years. It will also affect South Lyon. Walled Lake will benefit financially because the new plant will be located in the Walled Lake school district.

There also will be need for zoning ordinances in townships and cities which have not already adopted them, and for effective enforcement of both new and existing zoning restrictions.

Building codes will have to be enacted by towns and townships that do not have them if there is to be protection against the kind of substandard housing that Northville township has permitted in its Gerald avenue section. The building code of the City of Northville is antiquated and in sad need of revision at an early date.

These three things—schools, zoning and building codes—are matters which every community can and should review promptly for the protection of present residents now and in the future.

Canning is Hard Work...
but you can **FREEZE** with ease!
Let's compare—

12 STEPS FOR CANNING	ONLY 6 FOR FREEZING
1 Wash and hull berries	1 Wash and hull berries
2 Prepare syrup	2 Combine berries with sugar
3 Sterilize jars	3 Place in container
4 Place berries in jars	4 Close container
5 Cover with boiling syrup	5 Label and date
6 Remove air bubbles; adjust lid and seal	6 Place in freezer
7 Place in canner	
8 Process for specified time	
9 Remove from canner; readjust lids; cool	
10 Test for tight seal	
11 Label and date	
12 Arrange on shelves	

Freezing foods, instead of canning, leaves the kitchen cooler. A freezer is wonderful in other ways, too. Foods hold their fresh, natural color and flavor. They keep their vitamins and minerals. With a variety of home frozen foods on hand, meal planning's easier in every way—entertaining is less of a task.

BEAL TOWN NEWS

MRS. R. LEE OF SAN ANTONIO TEXAS IS A HOUSE GUEST OF MR. & MRS. J. F. GREEN

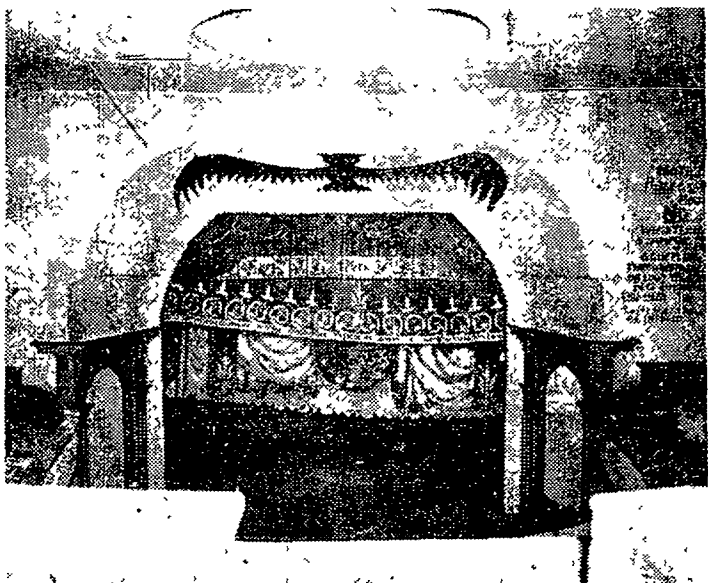

LOW ED & JIMMY CORLO HAVE RETURN TO BUFFLO N.Y. AFTER SPENDING THE SUMMER WITH THEIR UNCLE JOHN J. CORLO.

LYSTER WICK HAS RETURNED FROM A WEEK VACATION IN WAUKESHA WISCONSIN

Above is a copy of the Beal Town News, published weekly by a group of youngsters called "The Meadowbrook Country Club". The group was featured in the Record several weeks ago when they first purchased their tiny press and went into business. The errors seen do not

mean that the junior journalists are poor spellers, but only that they find it difficult to read type backwards. Editor Tom Bongiovanni gave full assurance that the paper will remain in existence. "We can't quit now," he says, "because my Dad has five dollars invested."

Remember This Ol' House?

With the razing of this old Opera House about six years ago, Northville lost its last tangible trace of a long gone era. That era's activities were centered about the opera house around the turn of the century, when ladies in velvet and lace gowns and patent leather shoes and men in Prince Albert coats, plug hats and canes, arrived in horse-drawn carriages. Built in the 1870's by Samuel Little, founder of the Northville Record, the building seated 800 and was located on the southeast corner of Center and Dunlap streets. After it had been condemned for public use, Henry Ford wanted to buy the house and move it to Greenfield Village, but Sam Pickard, the owner, refused to sell.

Amerman Active In School Seminar

Russell H. Amerman, superintendent of Northville schools, took an active part in the three-day seminar sponsored by the Michigan Association of School Administrators at Michigan State Normal college in Ypsilanti last week. He was appointed chairman of a discussion group and also was on the general program in a discussion of "How to Prepare a School Budget".

The seminar was attended by about 75 administrators from throughout Michigan. Although it was designed principally for new superintendents, many veteran administrators such as Amerman also attended. There were 23 topics under discussion, including how to deal with irate parents, elections, teacher problems, etc.

County Supervisors Study Policing Plan

In an effort to provide better police protection to rapidly growing townships an arrangement is now being considered whereby communities and townships in Wayne County would hire the sheriff's department to do their policing.

County Budget Director Alfred M. Pelham said that the County Board of Supervisors has voted to study the plan to have the sheriff supply one or more patrol cars and officers to each community on a voluntary, contractual basis. Pelham states that participation by a majority of the 18 cities, 16 townships and 10 villages in the county would be necessary if the plan is to succeed.

Dearborn township already pays the salaries of deputies assigned to the area and maintains the patrol cars.

Pelham said that few people dispute that the best solution to the county's law enforcement

problems would be a metropolitan police force. This would require new legislation and would be very difficult to get, he concluded.

Detroit Edison Co. Contributes \$5,000 To State 4-H Club

Michigan's 60,000 4-H club girls and boys will reap fun and education from the \$5,000 contribution of the Detroit Edison Co. to the Michigan 4-H Club foundation.

"The contribution," explains Howard Worthington, executive director of the foundation, "will help us reach our 10-year goal of \$5 million." This money will be used to expand the present 4-H club program in Michigan.

Funds will go toward the promotion of urban 4-H club work, establishment of a state 4-H club center somewhere in the north-central part of the state, aiding the International Farm Youth Exchange program and the sup-

THE NORTHVILLE RECORD — Thursday, September 1, 1955 — 5

port of the awards program of 4-H clubs.

Worthington said the Detroit firm has offered the services of its offices and public relations staff to aid in the fund-raising requests of the foundation. In the past it has sponsored electrical projects in counties it serves. The company also has furnished men to act as leaders in the electrical training program, and local area men to help individual 4-H clubs.

your Ford Dealer makes it easy for you to
be a 2-car family!

• Of course, the ideal way to become a 2-car family is to buy a new Ford and keep your present car as a "second." And that's easy, too.

But the easiest way, and a fine way, is to buy a Ford Dealer A-1 Used Car. And it's particularly easy to do that right now... because we're offering special inducements to people who want

to buy a second car. Why? That's one of our ways of making friends. For, once you buy a car from us, we are sure you'll like the way we do business... and that we'll have a good chance of selling you a new Ford in the future.

Come in and let us show you our wide variety of good-looking, A-1 Used Cars and tell you about our...

Special Savings on A-1 USED CARS

to people who want to
buy a second car during September!

Come in today

... and see how easy we can make it for you!

Here's why
A SECOND CAR
is a
NECESSITY

For getting children to school there's nothing like having a second car... especially when you have little ones or the school is not close by.

To enjoy your hobbies a second car is almost a must. With a second car, the men in the family can go fishing, hunting, golfing—and the girls can go about their activities—without leaving other members of the family stranded without transportation.

In case of an emergency a second car enables you to go wherever you must in a hurry. And it's always a comfort to know your second car is there—just in case.

For grocery shopping, and all other shopping too, how can you manage without a car? A second car lets Mother suit her shopping to her own schedule and convenience.

So the young folks can go, too. Young people have their own friends and interests—which are usually not the same as Mother's and Dad's. With two cars in the family, both youngsters and oldsters can come and go as they wish.

F.D.A.F.

MUSTANGS START SEASON WITH 16 LETTERMEN

Face One of Toughest Football Schedules in School's History

With 16 Mustang letter men from last year back in uniform Monday for the first football practice session of the 1955 season, but only four of them regular starters a year ago, Coach Ron Schipper was able to judge how big a job must be done before his boys tackle Plymouth in the season's first game Sept. 16.

Most of the old letter men got considerable experience last year, even though they did not rate starting positions throughout the season. They'll be bolstered by 19 or 20 new Varsity candidates who have come up this year from the reserves. Altogether, Schipper expects about 35 candidates for Varsity positions.

Asked about the Mustangs' prospects for the 1955 season, Schipper says it's too early to predict. "They have plenty of weight this year if we can get 'em to move. But it's as tough a schedule as we've ever had. Some of these teams have such a large student body to draw from that they're really powerful."

Win, lose or draw, however,

Ron Schipper - Head Coach
land league. The determination of both coaches to do a real job with the material at hand is heightened by the fact that both men are new in their jobs this year. They worked together in 1950 and

1951, however, when both were members of the Hope college football team. Schipper came direct to Northville after graduation and coached the reserve team in 1952 and 1953. Last year he assisted Coach Dick Kay with the Varsity. Now that Kay has been promoted to an administrative position with the Northville school system it was logical that Schipper take over his duties as head coach.

"Dutch" Van Ingen spent two years in the Army Air Force after graduation from Hope. He was in

Don VanIngen - Assistant Coach
Clarkston last year and is now starting with Northville as assistant coach.

Letter men from the 1955 season who are back in football

Back Row: Jim Burrell Jerry Geer Jerry Davis Ken Krezel Mac Burn Bud Bell
Front Row: Bill Heslip Dave Mosher Gary Holman John Fisher Dave Biery John Chapman
Bob Wagenschutz, below, has been shifted to fullback from the center position he held last year.

uniforms are Mark Bell, qb; David Biery, e; Maclyn Burns, James Burrell, t; John Chapman, hb; Dale Cook, e; Jerry Davis, e; John Fisher, g; Jerry Geer, fb; Larry Graham, hb; Bill Heslip, t; Gary Holman, fb; Ken Krezel, g; Dave Mosher, t; Forrest Pretzer, t; Bob Wagenschutz, who played center last year but has been moved back to full back.

Bud Lovett, a letter man last year, joined the army air force this summer.

Competing against 1954 Varsity members for regular berths this season will be Dave Waterloo and Rollin Gaab, seniors, and Bill Yahne, soph, for end, and Greig Chapman and Roger Nieuwkoop, seniors, for backfield. Neither of the latter two boys were out for the team in 1954.

Candidates for quarterback, in addition to Mark Bell who held the spot last year, are Dick Biery and Ben Mosher, sophs up from the reserves.

Dick Buckley and Dave O'Neill will compete for the center position and Bob Wagenschutz, who held down the center spot last year, has been shifted to full back, temporarily at least, and perhaps permanently.

A newcomer to Northville this

season is John Hoose, who weighs 192 pounds and has just moved here with his parents from Iron River.

Yankee's Hank Bauer At New Peak Playing As Regular; Hits At .400 Clip

A month or so ago, Manager Casey Stengel of the New York Yankees said: "If Hank Bauer will revive his punch, we'll make it." That was shortly after Bauer had been put back in the regular lineup after his usual July slump.

Bauer so far has more than lived up to what Stengel hoped of him. The Sporting News in a story on Hank's hitting says that when the August drive got under way, so did Bauer. He left his slump behind and began to hit a .400 clip. His season's average fattened and home runs began to carom off his bat. And as the Yankees began their final tour through the West, Bauer was once more one of their most vital factors.

As you may recall, Bauer got off this season to a smashing start. But then he ran into trouble early in July. Little by little his fine batting average dwindled. So he was sent to the bench, used only now and then in a pinch-hitting role. But when Stengel finally called on him again, he was ready.

What happened when Bauer slumped? And what happened to bring him around again? When The Sporting News asked those questions, he seemed puzzled. "Don't ask me," he said. "I just don't know. Nobody around here knows. Ask Casey. Ask Bill Dickey. What had I been doing wrong? What have I been doing better? It's all a mystery to me."

Bauer says that his slump came at a time when he thought his eye was as good as ever and he was in fine condition. As for playing, he was as eager as ever. And he wasn't tired. But the balls he hit just seemed to plop right into a fielder's glove. As he explains, "It was just one of those things." And he adds, "Baseball is full of them."

Bauer is a great player, says The Sporting News, and a fixture in the right field dynasty of the Yankees. He has the job Babe Ruth had from 1920 through 1934. Before the Babe, Sam Vick was there. After the Babe came George (Twinkletoes) Selkirk and Tommy Henrich. In Bauer, says The Sporting News, the Yankees have a man who lives up to the highest traditions of the position, as a ball player, as an individual and as a team player.

Hank is not a youngster. He was 32 on July 31. Many major leaguers are washed up at that age, says The Sporting News, but not Bauer. He's just striking his peak. At the close of last year

when Stengel looked over his mistakes of 1954, he said among other things that he should have kept Bauer in right field against all types of pitching, instead of platooning him against right-handers with Irv Noren and Enos Slaughter. Out of Casey's study of his mistakes came his decision to let Bauer take over this year. That was what Bauer wanted. For years he had been dissatisfied with his lot—he wasn't a regular. What he needed was regular play, and right now he's showing what it means to him. And to the Yankees.

As The Sporting News puts it, last year's brooding Hank Bauer is this season's Happy Hank of the Yankee outfield. He's a Yankee mainstay.

State Conservation Will Study Muskies

Lansing — About 700 young muskies were released into Valley and Wildwood lakes northwest of Pontiac early this week. The fish ranged from three to 11 inches in length. Earlier, 2,400 five-inch muskies were released in the two connected lakes. Both are inside Holly recreation area and provide good water to carry forward part of the state's pilot musky study.

Included in this week's planting were 300-400 fish three to five inches long and 321 fin-clipped fish, seven to 11 inches long.

The fish came from Drayton Plains hatchery and had to be planted when a shortage of suitable live food developed.

To date this year, nearly 5,000 young muskies have been released in a few experimental waters.

Local Shooters Score In Match

The Potawatami Valley club participated Aug. 7 in a medal match which they hope to make an annual affair.

Fifty-one registered shooters took part, and pictures and notes concerning the match appeared in The Detroit Times.

Eight matches were held, and Blackington medals were awarded to the high scorers.

Local winners were Bob Reed, Northville, and Ken Richards of Plymouth.

Nowadays, getting up in the morning isn't any harder than getting to bed at night.

NOVI CITIZENS JAM BOARD MEETING

Consumers Power and Ford Address Meeting Tonight

Officials from Consumers Power Company and Ford Motor Company will address members of the Novi Board of Commerce at its first fall meeting tonight, Sept. 1, in the Novi Community Bldg.

James Thomas, superintendent of gas distribution, and Ray Viau, gas sales engineer, will speak to the group on Consumers Power's current plans in the Novi area.

Twp. To Operate Willowbrook Village Water System

Novi township's future acceptance and operation of the Willowbrook Village water system was discussed by the township board Monday night.

The water system, installed by the area subdivider, Paul LeBost, is scheduled to be turned over to the township authorities for operation in the near future.

The subject of water rates was discussed at the meeting since this will be the township's first experience operating a water system. The board members agreed to study the question further before making any decision on rates.

In answer to questions from area residents concerning reduced water pressure in the area, a township official said that a second pump would soon be in operation, bringing the water pressure back to normal. At no time, he added, has the recent pressure in the area been less than two-thirds of the normal pressure, even though the facilities were temporarily overtaxed.

Lord's Supper To Be Observed At Novi Baptist Church Sun.

The Lord's Supper will be observed in the Novi Baptist church this coming Sunday.

Thursday, Sept. 8 is the date set for the meeting of the Baptist Ladies' Mission band at the home of Mrs. Edna Hill. There will be a luncheon at noon followed by an afternoon program.

Ten boys and girls in the Baptist Sunday School received rings for attendance recently. They were Mary Alice Munro, Patty Martin, Diane Eby, Barbara McCormick, Carol Newberg, Bobby Taylor, Linda Early, Mike Eby, Lyn Leavenworth and Owen Pierce.

Spend Quarter Million

The company is currently engaged in a quarter-million dollar expansion program in Novi township. Earlier this year gas lines were extended west along 10 Mile Rd. to serve the rapidly expanding Willowbrook Village area. On Aug. 29, construction began at Grand River and 10 Mile roads on another pipe line which will service the Novi Rd.-Grand River area.

A film on natural gas, "The Eternal Flame," will also be shown. It will deal with natural gas exploration, distribution, and uses. Thomas and Viau will also outline Consumers Power Company's future plans for the area.

Ford Plans Presented

Roy I. Anderson of the Ford Motor Company's property development department will also be present at the meeting to outline his company's present plans for the 325-acre Wixom Rd.-Grand River plant site. As headquarters for the company's Lincoln division, the proposed plant is expected to employ nearly 5,000 people when completed in 1957.

The dinner will be served at 7 p.m. by the Blue Star Mothers. Following the dinner a short business meeting will be held, according to Board President Leo Harrawood.

Village Residents Schedule Meeting At Comm. Bldg. Sept. 13

Residents of Willowbrook Village will hold a meeting at the Novi Community Bldg., 26360 Novi Rd., Sept. 13.

The purpose of the meeting is to get acquainted, discuss community problems, and organize a community civic association, according to Mrs. George Marinoff.

Further announcements regarding the meeting will appear in The Willowbrook Corner, the regular Willowbrook column appearing in this paper, Mrs. Marinoff added.

Novi School Has Newest Windows

One of the unusual features of the new Novi school building will be its window glass which is said to transmit approximately 30% less heat energy than ordinary glass and give more evenly balanced light throughout the entire room area. Students looking outdoors through the new glass will see colors that are notably true to nature (see two lower panels in picture above). At the same time, the brighter intensity of the light outside makes it almost impossible to look into the room from outdoors. Jack Hoffman, foreman for Wallace Construction Co., points to the sharp contrast between the glare of a bright sunny day through an open window (top) and the restful light that comes through Lo-iran glass.

The picture at left shows W. Michaels, Commerce carpenter, putting the finishing touches on a coat closet in one of the new classrooms.

Opening of Novi Junior High Is Another Milestone

Opening of the new Novi junior high school next week will mark another milestone in expansion of the Novi school system to keep pace with the rapid growth of the surrounding community.

The new building will house the seventh and eighth grades which previously have been in the grade school building. It will also handle the ninth grade pupils who have been going to

SCHOOL BUS SCHEDULES

School bus schedules were announced this week by officials of the Novi and Northville school districts.

Buses serving children in Novi District No. 8 will operate temporarily on the same schedule as last semester. Changes will be made in the schedules as soon as this semester's requirements are determined, Supt. William Medlyn announced.

A complete schedule of the Northville school buses serving the township is published on page 2 of this week's paper. Service to Willowbrook Village and the recently annexed Chapman District has been added to the Northville routes this year, according to E. V. Ellison, transportation director.

New residents in the area are advised to inquire about bus schedules from their neighbors.

Northville in the past.

Also new to the community this year will be the presence of a man at the head of the school system. William Medlyn will fill the position of superintendent which was capably filled for several years by Mrs. Mary Ann Atkinson. Mrs. Atkinson will continue (Continued on Page 12)

25th Anniversary Celebrated Recently In Walled Lake

Mrs. John L. Wiser of Detroit and her two daughters, Helen and Geneva, entertained 20 guests at a picnic supper Sunday at the Crawford guest cottage on S. Lake Dr. The occasion was the silver anniversary of another daughter, Beatrice, and her husband, the Charles M. Mohrhardt of Detroit. Mohrhardt is an associate director of the Detroit public library, and assisted in the building of the new West Berlin library which was built as a goodwill gesture by the U.S. government.

The Mohrhardts have made several trips to Germany, and on their last visit a replica of our Liberty Bell was awarded Mohrhardt by the German government in appreciation of his work.

AMVET Auxiliary Style Show a Hit

The Novi AMVET Auxiliary held a style show and card party last Thursday night at the Community Bldg.

Clothes were furnished by the Freydl dress shop of Northville and Walled Lake. The models were Mesdames William Gregory, Douglas Watson, Ed Collan, John Klaser, Sr., Donald Bingham, Eugene McHale, John Klaser, Jr., George Atkinson and Charles Trickey, Jr. and Misses Loraine Darling and Phyllis Wendland.

Door prizes were given from Jones Floral shop and among the winners were Mrs. Vina Smart, Mrs. Andy Kozak, Mrs. Robert Clemens, Mrs. J. D. Mitchell and Rita Callan.

Children styles were modeled by Kim Kozak, Rita Callan, April Trickey, Racena Bailey and Carol Johnston.

NEW ARRIVAL . . .

Mr. and Mrs. William Medlyn proudly announce the arrival last Monday of Mark Christopher Medlyn. Mark made his initial appearance at University hospital in Ann Arbor and weighed six pounds, one ounce. Medlyn is the new superintendent of schools in Novi.

Novi Girl Scouts To Participate In Fair Playland, Parade

Novi Senior Scouts are planning to participate in the State Fair Kiddie Playland. This playland is the combined enterprise of many leading merchants and manufacturers of the state who will sponsor miniature rides and playground equipment free to the children.

This project gives older girl scouts an opportunity to give an important service to the fair by supervising the playland activities. The sponsors of all mechanical rides will provide their own operators.

The girl scouts have also been asked to participate in the opening day parade Friday, Sept. 2. Girls will ride to the fair in new buses supplied by the Detroit Street Railways. Those participating in the parade are asked to meet in the lobby of the New Civic Center Bldg. at the corner of W. Jefferson and Woodward Ave. at 10 a.m. on opening day. Uniforms must be worn and registration cards are necessary.

If any of the Novi Girl Scouts who signed up with Mrs. Hayes or Mrs. Clarke have not received instructions from the Girl Scout Office by Aug. 31, please let your leaders know.

Independent Club To Meet September 7

Mrs. George Kahrl will be hostess to the Independent club on Sept. 7 at her home at 707 S. Lake Dr., Walled Lake.

A pot-luck luncheon will be served and plans discussed for the bazaar to be held Sept. 28.

the Willowbrook Corner

by MRS. THOMAS MORRISON
PHONE GRenleaf 4-2523

Last week, Wednesday, Jack and Aldean Carter entertained Mrs. Wilson and daughter, Pearl, and Ruby Cozart from Kentucky.

Janis Waugh's grandmother, Mrs. Peters, brought her home from her visit in Kalamazoo this week so she can get ready to go back to school.

The Thompsons and son, Gary, went to Ludington for the week end and such a good time they made plans to go back for the Labor Day week end. We're happy Gary is off the sick list so soon.

The Duprey family spent the week end at Runyon lake.

Mr. and Mrs. Don Freytag of W. LeBost Dr. entertained friends, Mr. and Mrs. Bernard Fernandez of Carlsbad, N. M. on Friday. They enjoyed a lovely dinner and then spent the evening chatting about old times.

Mr. and Mrs. John Modrowski of Toledo spent the week end with the Rairighs.

The Marinoff station wagon was filled to capacity last week end for a trip to the Wisconsin Dells. Eight passengers: Mr. and Mrs. Arthur Homer and children, Janet and Tom; Eddie and Jay Ann Wittenberg, and Jane and George Marinoff enjoyed the scenery together. They took the S.S. Milwaukee from Muskegon, across Lake Michigan to Milwaukee and then drove on to the Wisconsin Dells. On the way back they spent Monday at Shelby, Mich. and rode the dune scooters at Floridale resort. In spite of the weather everyone had a wonderful time and ar-

Ask Township Board About Ford Plans

Ford's announcement 10 days ago of its intention to build a manufacturing plant and general office building for its Lincoln division in Novi township brought out a record attendance of more than 100 persons at the Novi township board meeting Monday evening.

Most of those present appeared curious rather than outspokenly in favor of or against the plan. John Flannery, publisher of the Novi Citizen, acting as spokesman for the group, questioned the board on matters of community interest in connection with the plan. The subjects on which he sought further enlightenment that was contained in the Ford news release included sewage disposal, source of water supply, employment preference for local people and the nature of the roads which Ford will build into the plant.

Novi Highlights

by Mrs. Luther Rix
Phone Northville 245-J

Mrs. Howard LaFond gave her daughter a belated birthday party last Thursday afternoon at their home in Novi. Eleven friends and relatives were present.

Mrs. Esther Munro entered St. Joseph hospital in Pontiac on Wednesday of this week for treatment, prior to an operation for cataracts on her eye.

Alvin Whistle, Bob Gregory and Glen Killeen, all went to Detroit for their physical examinations Monday morning before entering the service.

Mr. and Mrs. Robert Davis and daughters, Sally and Bobbie, and son, Jerry, returned recently from a week's vacation in the Upper Peninsula where they visited the Soo, Tahquamenon Falls and Copper Harbor.

Lieut. Col. James C. Hogle, who has been stationed in New Mexico for the past four years, visited his sister, Mrs. George Simmons and other relatives before going to Germany for a three year duration. Last Sunday Lieut. Hogle and the George Simmons family had a family reunion at the home of their daughter and her husband, Mr. and Mrs. N. N. Myhay at Upper Long lake.

New Arrivals in Novi

Dr. and Mrs. Richard Simmons have a new son, Richmond Hunt, born at Mt. Carmel hospital on Monday, Aug. 22, weighing eight pounds, 15 ounces. Mr. and Mrs. George Simmons count him as their ninth grandchild.

Mr. and Mrs. William Klaser of Novi Rd. are the parents of a son, Mark Lee, born at the Detroit Osteopathic hospital last Tuesday, Aug. 23, weighing eight pounds, 13 ounces. Mr. and Mrs. John Klaser, Sr., also of Novi Rd., are the paternal grandparents.

Mr. and Mrs. Jack Morris of Clarke St. announce the birth of a daughter, Suzanne, at Detroit Osteopathic hospital Aug. 6. Rickie, nine-year-old daughter of Mr. and Mrs. John Panalone of Clark St. underwent a major (Continued on Page 12)

Staman Answers Questions

To most questions, Supervisor Frazer Staman replied that the original Ford announcement had covered the subject as well as possible at this stage. Staman said it was impossible for Ford to give assurance of local preference in Lincoln's hiring policies. Other things being equal, however, it has been taken for granted by most persons that the majority of new Lincoln employees will come from the Novi, Walled Lake, Northville and Milford area.

Board Meets Sept. 19

The board set Sept. 19 as the date for its next regular meeting. This will facilitate approval of the changes in the present township zoning ordinance which are necessary if the Ford program goes through. The zoning board is presently advertising the proposed changes and has set Sept. 14 as the date for a meeting at which property owners and others can register their objections, if any. If the changes are approved by the zoning board at this meeting, they will then be submitted to the Oakland county planning commission for approval, after which they will go to the Novi township board for final ratification.

Ask Harrawood Appointment

Also brought before the board was a petition containing 75 signatures presented by Walter Tuck asking for the appointment of Leo Harrawood as trustee to succeed Charles Trickey, Jr., who resigned recently to become township treasurer. No action was taken by the board Monday, but it promised to take the petition under consideration.

Water rates for the new Willowbrook Village water system were discussed briefly, but no action was taken at this time because the township has not yet taken over the Willowbrook water system.

Thanks from C & O Ry. A letter from the Chesapeake & Ohio railroad complimenting the (Continued on Page 12)

Construction Begins On Gas Main

WELDING ONE OF THE FIRST LINKS in the new gas line which will soon carry natural gas to the Grand River-Novi Rd. area is welder Lloyd Hersha of Royal Oak. The new pipeline, part of this year's quarter-million dollar natural gas expansion program in Novi Township, follows the north side of Grand River from 10 Mile Rd. to Paragon Construction Co., just west of Novi Rd. A branch gas main will head south off Grand River on Novi Rd. servicing local industrial plants and terminating at the Novi Equipment Company.

MEET

Your Merchants . . .

JOHN ALLAN HARNDEN

"Folks just call me 'Al, the poor man's pal,'" says John Allan Harnden, operator of Al's Quality Market at Grand River and Novi Rd.

A tool and die maker by trade, Harnden claims to be a "born butcher". Choice cuts of meat and the English language receive equal butchering at the hands of this jolly wise-cracking merchant as he goes about his daily chores, his butcher's apron concealing a pair of Bermuda shorts and sport shirt.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Would you like a real good watermelon pickle recipe? One that is easy, too?

It's pickling time now and this recipe is simple—the pickles are crisp and juicy and the appetizing color will add to your meals next winter.

Mrs. Bruce Turnbull, shown above with Craig, 4, and ten months old Carol Ann, uses green or red vegetable coloring in the syrup to give the pickles that extra fillip.

The Turnbulls have two older sons, Robert, 10, and Michael, 7

WATERMELON PICKLES

The recipe requires seven pounds of rind—one average melon. Peel all trace of pink off as well as outside green, leaving only white portion. Cut in small cubes and cover with 4 tablespoons of salt and hot water. Boil until tender but not soft—about 10 minutes.

Add alum the size of a hickory nut and let stand a few minutes before draining.

Mix three and a half pounds of white sugar, 1 pint vinegar, one-half teaspoon oil of cloves and one-half teaspoon oil of cin-

Co-op School To Open Its Ninth Year On Sept. 12th

The Northville Co-operative Nursery school will open its doors to pre-school age children Sept. 12 to begin the ninth year.

The nursery school is sponsored by the Parent-Teachers Assn. and grew out of an interested committee of the PTA eight years ago. Mrs. Howard Meyer, Mrs. Donald Ware, Mrs. George Weiss and Mrs. William Milne were among those who originally organized the nursery which was known as the Northville Co-op Play group.

The nursery children met at the Presbyterian church and the equipment used was donated. As the nursery grew the parents had money-raising projects to add new toys and equipment. The nursery mothers alternated as teachers.

The 1955-56 session of the nursery will reconvene Sept. 12, which will be interview day for the new and old mothers and nursery children. A 15-minute interview with each mother and child entering the nursery is to acquaint both with the teacher, equipment and rooms. School will begin on Sept. 14. The nursery, which is non-sectarian meets at the Presbyterian church house Monday, Wednesday and Friday from 9 to 11:30 a.m. The school calendar of the nursery runs according to the public school and has the same time allotted to holidays with the exception that the nursery holds classes in three rooms, separating the two and a half year olds from the older group. The largest room is used for milk and cookies and free play for both age groups. A fenced-in yard equipped with swings, slide and sand box is for supervised outdoor play when weather permits.

Mr. and Mrs. Carl Bryan returned last week from a motor trip to the Upper Peninsula. Rita Skow, daughter of Mr. and Mrs. Alvin Skow of W. Main St., left Monday for Jackson where she will start her nursing training and also finish her junior college where she will get a science degree.

On Aug. 27, Staff Sgt. Jack Ratliff, son of Mr. and Mrs. Charles Ratliff on Eight Mile Rd., was married to Miss Evelyn Van Hoeten of Rapid City, S.D. Jack will receive his discharge in November and the couple plan to make their home in Northville.

Mr. and Mrs. Adolph C. Neumann of Plymouth Rd. and Mrs. R. G. Henderson and children, John and Janet, of Detroit, spent their vacation touring the Smoky Mountains and visiting relatives in Winston, Salem and the Piedmont section of North Carolina.

Mr. and Mrs. Howard Dixon of Plymouth entertained their parents, the George Dixons of Ypsilanti, at a five o'clock dinner Sunday. The occasion was Mrs. George Dixon's 70th birthday.

Mrs. Allen Barr of Cady St. entertained 20 guests for a stork shower honoring Mrs. Donald Bergman (Lucile Morse) Aug. 23.

Another and a physical examination be required for the child before entering nursery school. Contagious diseases and colds are also kept under control by health rules. The children are required to have a small rag rug to be used during rest period.

The objectives of the nursery school are two-fold; child education and parent education. The latter is developed by the mothers assisting the qualified teacher in the daily sessions and by parent meetings once a month. Through the use of panel discussions, open discussions, book reviews, films and specialized speakers the parents become more conscious and inquisitive about their duties toward child education. The parents and teachers of the cooperative type nursery may attend quarterly workshops to which Wayne university, the Merrill-Palmer school and the Michigan State Dept. on Elementary Education give freely of their personnel. It is in the element of parent education that the cooperative type of nursery school differs from the private nursery.

Applications are being accepted by membership chairman, Mrs. Mary Edwards (phone 1137), and Mrs. Jean Gerhardt (Plymouth 548-W) for all age groups. The nursery is specifically interested in more applicants for the 2½ to 3-year-old group.

Officers Elected
The officers of the 1955-56 session are Mrs. William Secord, president; Mrs. Douglas Lorenz, secretary; Mrs. Francis Gazlay, treasurer; Mrs. Robert Edwards and Mrs. Paul Gerhardt, co-chairman of membership; Mrs. Gordon Forrer, equipment chairman, and Mrs. Robert Meyers, program chairman.

Members of the advisory board are Dr. V. George Chabut, Wayne County Health commissioner, health advisor; Clifton Hill, legal advisor; George Clark, president of Northville Retail Merchants Assn.; Russell Amerman, superintendent of public schools; Harold Hartley, president of PTA; Joseph Denton, chief of police; Rev. John Taxis, ministerial, and Mrs. Howard Meyer, chairman of board of advisors.

Maintain Health Rules
The nursery health rules maintain that a chest x-ray for the

commission licenses the play group to care for a maximum number of 35 children. Last year the nursery hired two teachers, Mrs. W. P. Madigan and Mrs. Ed Langtry, who directed the activities of the four and three year old groups respectively. The policy of the nursery is to have a maximum of 18 children per group and a minimum of 12.

A group of 18 four year olds has been formed for the coming year. A three year old group is being formed and six more applicants are needed to hire a second teacher. The nursery school hires only teachers with accredited certificates. The nursery is an educational, non-profit, non-sectarian organization and is registered with the federal government. The nursery is also associated with the Wayne-Oakland Council of Cooperative Nursery groups and Michigan Council on Co-op Nursery groups.

Mrs. Ronald Schipper has been hired to teach the four year old group. Mrs. Schipper was graduated from Hope college with a B.A. degree in education. She taught one year in a small school outside of Holland, Mich. before coming to Northville to teach kindergarten for two years.

Daily Program
The daily program of the nursery school is designed to meet the needs of the pre-school child. Specific periods are allocated to music and instruments, outdoor supervised play, rest, visual education and creative and imaginative activities such as easel and finger painting, block building and a little girl's housekeeping corner, dough and clay molding.

This year the nursery is adding a child-sized work bench under direct supervision and further equipment for the girls' housekeeping corner. These activities are supplemented with toys to develop dexterity and skill. A story hour supplemented by selected records adds to the children's musical appreciation.

Some of the extra activities the children enjoy are simple parties planned for holidays, two field trips per month such as to turkey farms, fine hall, and airport, to widen the child's realm of experience. Also the children whose birthdays occur during the school year may celebrate with classmates by having cake and chocolate milk.

News Around Northville

Mr. and Mrs. Edmund P. Yerkes and sons, Charles and William, returned last week from a ten day motor trip through the East.

Mrs. Arthur Verschaeve went to New York City to meet her daughter, Artura, who has been attending Columbia university this summer. They visited an artists' colony in Woodstock, N.Y. and relatives in Boston before returning to Northville last week.

Mr. and Mrs. Thomas Cummings, Wendy and Lynn, moved from Seven Mile Rd. to their new home on Wing Court last week. They recently purchased the John Canterbury home.

Mr. and Mrs. Rano Papini, 254 Wing Ct., announce the birth of Rano Paul, born Aug. 23 at New Grace hospital and weighing seven pounds, one ounce. The Papinis have two other children, Penn, 9, and Claire, 8.

Mr. and Mrs. Carl Bryan returned last week from a motor trip to the Upper Peninsula.

Rita Skow, daughter of Mr. and Mrs. Alvin Skow of W. Main St., left Monday for Jackson where she will start her nursing training and also finish her junior college where she will get a science degree.

On Aug. 27, Staff Sgt. Jack Ratliff, son of Mr. and Mrs. Charles Ratliff on Eight Mile Rd., was married to Miss Evelyn Van Hoeten of Rapid City, S.D. Jack will receive his discharge in November and the couple plan to make their home in Northville.

Mr. and Mrs. Adolph C. Neumann of Plymouth Rd. and Mrs. R. G. Henderson and children, John and Janet, of Detroit, spent their vacation touring the Smoky Mountains and visiting relatives in Winston, Salem and the Piedmont section of North Carolina.

Mr. and Mrs. Howard Dixon of Plymouth entertained their parents, the George Dixons of Ypsilanti, at a five o'clock dinner Sunday. The occasion was Mrs. George Dixon's 70th birthday.

Mrs. Allen Barr of Cady St. entertained 20 guests for a stork shower honoring Mrs. Donald Bergman (Lucile Morse) Aug. 23.

Another and a physical examination be required for the child before entering nursery school. Contagious diseases and colds are also kept under control by health rules. The children are required to have a small rag rug to be used during rest period.

The objectives of the nursery school are two-fold; child education and parent education. The latter is developed by the mothers assisting the qualified teacher in the daily sessions and by parent meetings once a month. Through the use of panel discussions, open discussions, book reviews, films and specialized speakers the parents become more conscious and inquisitive about their duties toward child education. The parents and teachers of the cooperative type nursery may attend quarterly workshops to which Wayne university, the Merrill-Palmer school and the Michigan State Dept. on Elementary Education give freely of their personnel. It is in the element of parent education that the cooperative type of nursery school differs from the private nursery.

Ferns and Holly Sent From Washington for Wedding

Mrs. Ronald L. Schlegel

Foliage from the state of Washington decorated St. Paul's Lutheran church for the marriage of Carolyn Miller to Ronald L. Schlegel. Mr. and Mrs. Harold Johnson of Bremerton, Wash., the bride's uncle and aunt, were responsible for the beautiful greens.

The double ring ceremony was performed by the Rev. B. J. Pankow before a background of candles, white gladioli and yellow mums.

The bride is the daughter of Mr. and Mrs. John Miller of 8860 Napier Rd. and was given in marriage by her father. Her husband's parents are Mr. and Mrs. Henry Schlegel of DeWitt, Mich.

The bride chose a charmingly lace floor length gown embroidered in seed pearls and sequins. The bodice featured a scalloped boat neckline, short sleeves and pleated taffeta midriff, buttoning down the back with tiny taffeta covered buttons. Her finger-tip veil was scalloped and was held in place by a cap of seed pearls and sequins. She wore a necklace of pearls, a gift of the bridegroom. A white orchid, and stephanotis on a white bible formed her bouquet.

Miss Selma Schnute played the wedding music and accompanied Carl Stephens who sang "O, Perfect Love" and "The Lord's Prayer".

The bride's attendants wore identical ballerina length gowns of turquoise crystallette with matching shoes and headpieces.

Barbara McKay of Grand Rapids, a college roommate of the bride, was maid of honor and carried pale bronze fuigi mums. Marcia Vrana of Grand Rapids, Sylvia Jackson of Angola, Ind., also a college roommate, and Virginia Stage of Jackson were the bridesmaids and carried cascade bouquets of pale yellow fuigi mums. Janice Miller, four year old flower girl and a cousin of the bride, was dressed like the bridesmaids and carried pale bronze fuigi mums.

Don Wahrman of Romulus, acted as best man. Seating the guests were Rod Hunsberger of Grand Rapids, Bob Crowner, DeWitt, Ken Ackerman and Gerny Brendel, Lansing. Johnny Miller,

five-year-old brother of the bride, was the ring bearer.

Beige and white with matching accessories, was chosen by Mrs. Miller for her daughter's wedding. Mrs. Schlegel wore navy blue lace with matching accessories. Both wore corsages of pink tea roses.

A reception, catered by Black's, was held for the 200 guests in the Community Bldg. following the ceremony. Bob Goodison's orchestra furnished the music.

Mrs. Ronald Schlegel was graduated from Northville High school and her husband was graduated from DeWitt High school. Following a honeymoon in northern Michigan, they will make their home at 833 Vine St., Lansing, and will both enter the junior class of Michigan State university this fall. Mr. Schlegel is a pre-medical student and Mrs. Schlegel is studying elementary education.

Mr. and Mrs. Henry Schlegel hosted the rehearsal dinner Aug. 26 at Black's White House.

Guests for the wedding came from Denver, Colo.; Chicago, Ill.; Florida, Jackson, Indiana, Grand Rapids, Ann Arbor, Remus, Muskegon, Lansing and Ionia.

Northville Women Attend Presbyterian Synod at Alma

Mrs. L. J. Marcoux, Mrs. R. G. Nelson and Linda, Mrs. Howard Meyer and Sherry Lee, returned Sunday from Alma college where they attended the Presbyterian Synod leadership training school last week.

Mrs. Marcoux attended the Presbyterian Women's Organization and the elementary theology classes which were led by the Rev. David Buzza. Mrs. Nelson also participated in the PWO class and the Missionary education class. She appeared on a panel discussing Indian and American affairs.

Mrs. Meyer attended the class on Presbyterian program and materials which was led by Garner O'Dell, National Field director for Christian Education of the Synod of Michigan. She also attended the Personal Faith and Witness class conducted by Mrs. Maude Pino, and took part in the Bible study class on the Book of Ephesians led by the Rev. Douglas Clyde.

Sherry Lee and Linda were among the 75 children attending laboratory training school which is for church school personnel.

News Around Northville

Chief and Mrs. Joseph Denton returned last week from another Canadian vacation. While at the Mountain Home hotel in Banff they were with Mrs. Ann Young, Mrs. Sarah Lewis, Mrs. Jerry Hopkins and Mrs. Dawn Holcomb. The Dentons spent a day at Emerald lake, then went on to Elm Creek, near Winnipeg, where the Chief spent his boyhood. There an old friend took too many entries to a flower show so he persuaded Mrs. Denton to enter a gladiola specimen "Dolly Varden" under her name. She won first prize, making her probably the first member of the Northville Garden club to win a prize in foreign competition.

Charles Ely entertained Robert Keeney, Sally Budd and Phyllis Shannessy from Big Rapids over the week end.

Conrad Burkman spent the week end at the home of his fiancée, Miss Nina Freytag, of Newberry, Mich.

Mr. and Mrs. E. V. Ellison and family returned last week from a month vacation at their Rifle lake cottage.

Mr. and Mrs. William St. Lawrence are enjoying their stay on a western ranch. No dude affair is this one, but a 2,500-acre ranch 10 miles from Froid, Mont.

Mr. and Mrs. Edwin Flaherty, Mr. and Mrs. Fred Russell and daughter, Linda Ann, are leaving today (Thursday) for a week at the Flaherty's cabin on Pine island in the St. Mary's river.

Mr. and Mrs. Arlo Hauger gave a birthday dinner last Sunday for Mrs. Hauger's mother, Mrs. Pauline Pankow, of Plymouth. Other guests were Mr. and Mrs. L. G. Pankow of Plymouth. Following the dinner the entire party drove to Mt. Clemens to visit Mrs. Pankow's niece, Mrs. Earl Reid, and Mr. Reid.

Sylvia Kay, daughter of Mr. and Mrs. Ronald Anderson of Ridge Rd., invited ten of her little friends over to help celebrate her sixth birthday Wednesday.

Mr. and Mrs. C. R. Fraser of Lansing were Saturday evening guests of the James D. Mahoney of S. Rogers St.

Mr. and Mrs. Orson Atchinson, Rick and Roger, and Mr. and Mrs. Harry Atchinson were dinner guests Friday of Mr. and Mrs. Elmer Huston at Oakland Hills Country club.

Mr. and Mrs. Starr Bray of N. Rogers attended a reunion at the Maple Grove school in Coldwater, Mich., this week end. Mrs. Bray started to school there.

Mr. and Mrs. Kenneth D. Conley and children, Susan and Michael, of Orchard Dr. returned Monday after vacationing ten days at Manistee lake and Roscommon.

Mr. and Mrs. Edward Martin and children, Elaine and Janyce, from Livonia will spend the Labor Day week end with Mrs. Ruth D. Clark, Russell and Marshall.

Mr. and Mrs. Charles F. Logeman of Rayson Ave. have returned from their trip to Sioux City, S.D., where they visited Mrs. Logeman's mother.

New Hudson Lady Wins First Step In Prize Contest

A winning limerick has made Mrs. D. O'Leary 30005 Lyon Rd., New Hudson, eligible for three grand prize awards in the \$400,000 Sealy Pasturepedic contest, Nelson Schrader of Schrader's Home Furnishings announced this week. The winner entered the contest through Schrader's store. She received a Pasturepedic mattress and contest officials will now consider her entry for one of the three grand prizes.

—PHOTO BY J. STARK

Nelson Schrader-Mrs. D. O'Leary First prize is \$20,000 cash at once or \$100 per month for life, covered by a policy from North American Life Insurance Co. A two-week all-expense vacation for two in Paris, plus \$300 spending money and air travel via

THE NORTHVILLE RECORD — Thursday, September 1, 1955 — 9

TVA Constellation, is second grand prize. The third is a 1955 Packard Caribbean convertible.

Five thousand winning entries were chosen throughout the country.

Announcement of the three grand prize winners will be made in early September, Sealy, Inc. reported.

Former Northville Boy Enters MSU 4-H Club Fair

David Stillson, son of the Raymond Stillsons, formerly of Northville and now living on a farm in Ingham county, entered a vegetable display from his garden in the 4-H Ingham county fair in Mason last week. He was one of 12 boys and girls chosen from 276 entries to enter an exhibit at the Michigan State university 4-H fair this week on the MSU campus. More than 2,000 entries are expected at this fair from boys and girls interested in 4-H projects in the state.

David has taken quickly to farm life since leaving Northville. He now drives a tractor and cultivates his garden with a rototiller purchased by his father.

Although women dress to please men, they usually miss it about 30 minutes.

Mr. and Mrs. Robert E. Scheffer, whose marriage vows were spoken in the Presbyterian church on Aug. 13. Mrs. Scheffer was formerly Gail Blackburn, daughter of Mr. and Mrs. Jack Blackburn of Orchard Drive. After Sept. 10, Mr. and Mrs. Scheffer will reside at 14550 Ilene, Detroit.

Thought for the FIRST WEEK of school —

Are you building
a college fund?

As some 400,000 youngsters return to school here, September 7th, many a parent will stop to think: "Higher education for our youngsters will mean higher income and a fuller life. Since college costs a lot of money, it's up to us to save regularly now—so we'll have the funds when we need them." Any amount opens your First Federal insured savings account. Ask about the liberal return you get here on savings.

Board of Trustees it was voted to
establish a working building
fund to keep the congregation
as to its status, and projects that
are under way at the present
time.

CHRISTIAN SCIENCE
CHURCHES
Main and Dodge Streets
Plymouth, Michigan

Man's real spiritual status as
a son of God, not subject to sin
and disease, will be emphasized
at Christian Science services Sun-
day in the Lesson-Sermon en-
titled "Man".

The account will be read from
the King James Version of the
Bible of Christ Jesus' healing of
the man "which had the wither-
ed hand," including the follow-
ing passage (Luke 6:10): "And
looking round about upon them
all, he said unto the man, Stretch
forth thy hand. And he did so:
and his hand was restored whole
as the other."

From "Science and Health with
Key to the Scriptures" by Mary
Baker Eddy the following selec-
tion will be among those read
(317:18-20): "The understanding
of his spiritual individuality
makes man more real, more for-
midable in truth, and enables
him to conquer sin, disease, and
death."

The Golden Text is from Ro-
mans (8:14): "As many as are
led by the Spirit of God, they
are the sons of God."

THE FIRST PRESBYTERIAN
CHURCH OF NORTHVILLE
Rev. John O. Taxis, Pastor
Corner of East Main and
Church Streets

Sunday:
9 a.m., Morning Worship and
sermon by Rev. John Taxis.
10 a.m., Sunday Church School.
All departments are in session.
Adult classes in the parlor and
the kitchen.

NOVI METHODIST CHURCH

Michigan's Copper Deposits Over 500 Million Years Old

Ann Arbor—Aug. 24—Upper
Michigan's impressive copper de-
posits are over 500 million years
old, according to Russell C. Hus-
sey, professor of geology at the
University of Michigan.

The copper was deposited dur-
ing the Keweenaw period, as
the result of two main occurrences
—one associated with conglomer-
ate rock (composed of rounded
pebbles) and one with a series
of lava flows.

How It Happened
According to the first occur-
rence, extremely hot copper bear-
ing water, driven by pressure,
worked its way up to the surface
through volcanic rock, and de-
posited the copper in the spaces
between the rounded pebbles of
the conglomerate rock. This is
the way copper is found in some
of the Calumet and Hecla mines,
Professor Hussey points out.

Successive lava flows were re-
sponsible for the other type.
Emerging from long cracks situ-
ated where Lake Superior now
is, basaltic lava flowed out for
miles, again and again. Each flow
cooled. Then, long after, copper
bearing water worked its way up
through the porous lava, and fill-
ed up the blow holes.

These blow holes, produced ori-
ginally by escaping steam, were
filled with copper in solution.
Sometimes large cavities in the
rock were completely filled. De-
posits have been found which
weighed thousands of pounds. All
this happened over 500 million
years ago.

Location of Deposits
Michigan's copper deposits,
once among the most productive
in the world, and still important,
extend along the western side of
the Keweenaw peninsula which

Nursery for pre-school children

Thursday:
7:30 p.m., Meeting of the Fellow-
ship of the Concerned.

juts north into Lake Superior,"
Professor Hussey says. "The cop-
per forms a belt from two to
four miles wide and 100 miles
long. Twenty-six miles of this
have been highly productive.
Mining began in 1845 and the
belt was the premier district of
North America until 1887 when
Butte, Mont. mining surpassed
it."

According to the geologist,
"Michigan copper was mined in
pre-historic times by the Indians.
To get the precious metal, the
Indians built a fire against an
outcrop or rock. When the rock
was highly heated, they threw
water on it, causing the rock to
crack and pieces of copper bear-
ing rock to break off. The Indi-
ans then pounded the rock until
it was pulverized and the copper
fell out."

100 Mining Companies
He points out that the Ke-
weenaw peninsula has supported
100 mining companies throughout
its mining history and these com-
panies have paid dividends ap-
proaching 250 million dollars.

Some of the mines have been
closed and will be closed perma-
nently he says. "The copper
has not been exhausted but it is
so deep, at 8,000 feet down, that
it can't be mined at a profit.
However, there's always the pos-
sibility of finding a new vein,"
he asserts.

"And sometimes old mines are
put to work again. In Ontonagon,
at the far western end of the Up-
per Peninsula," Professor Hussey
continues, "the old White Pine
mine has been re-opened in re-
cent months and is expected to
be productive for 50 years."

Complete Insurance Service

**We're shooting
the works
-to bring you the
biggest bonus-deal
in our history**

- 1. Bonus Trade-In Allowance**
—biggest in our history
- 2. Bonus Buy**
—because Buick is the thrill
of the year in style, power,
performance, value
- 3. Bonus Resale**
—because a Buick always
resells high—brings you more
money when you trade it in

Bonus Beauty in Hardtops—

Even the new hit in hardtops—the 4-Door
Riviera—is included in our profit-sharing
deals today. Shown here is the 236-hp
CENTURY, 6-Passenger, 4-Door Riviera,
Model 63. Also available in the low-price
SPECIAL Series as Model 43.

YOU'VE never seen anything like it
—we've never seen anything like it—
nobody's ever seen anything like the way
Buick sales are soaring.

Already, they've shot way past every
high-water mark in our history. (And
we've got the rest of the year to go!)

So we're celebrating. We're shooting the
works. And you're the winner.

On top of the whopping trade-in allow-
ances we've been making all year, we're
now adding an extra-big bonus allowance
that brings you your new Buick at the
lowest figure of the year.

And Mister—what a Buick it is!

Big and brawny—with the bold styling
that says Buick and nothing but.

Whip-quick and eagerly able—with V8
power that's been stepped up to all-time
highs.

A buoyant and level-riding Buick that
travels you over any road in confident
ease—carries you in the balanced comfort
of all-coil springing and torque-tube
stability.

And—a Buick blessed by the smooth
magic of Variable Pitch Dynaflo®—the
only transmission patterned on the
switch-pitch principle of the modern
plane's propeller to give you electrifying
getaway response and better gas mileage
to boot.

Well—what do you say? Can you deny

yourself all those thrills when they come
to you for so thrifty a price and with so
terrific a trade-in allowance?

Come in—today if you can—while our
deal is on and the lid is off.

*Variable Pitch Dynaflo is the only Dynaflo Buick
builds today. It is standard on Roadmaster, optional
at modest extra cost on other Series.

Thrill of the year is Buick—

Biggest-selling Buick in History! (So we're trading
high, wide—and
then some!)

NORTHVILLE PHONE 873-M MICH.

This man has many bosses . . .

This man works for only one company — your gas company. But his "bosses" are
many — you — our customers and our stockholders.

Chances are that if you and your neighbors are not direct owners of our company,
you share in our ownership through your investment in insurance policies. Insurance
companies are heavy investors in the securities of this and other privately-owned,
tax-paying gas companies.

What's the reason for this investment? To earn dividends — which, incidentally,
form one of the smallest items in your gas company's operating dollar.

And what do you receive as a customer? You get top-notch, around-the-clock gas
service to make your living better. And with all this, gas service is one of the biggest
bargains in your daily budget.

CONSUMERS POWER COMPANY

Meet Your Merchants . . .

(Continued)

John Allan (Al) Harnden represents the third generation of Harndens living in Novi. His grandparents, Ora and Julia Harnden, bought a farm just east of town in 1924. Their children, Mr. and Mrs. John C. Harnden, moved out to Novi and in 1934 bought a small confectionary store from Harry Nugent. They operated this business, known as Harnden's Confectionery, until last winter.

On January 1, 1955, they combined their store with the grocery store which their son had purchased on January 1, 1950 and formed the present quarters for Al's Quality Market. Al, a firm believer in the lucky powers of January 1, plans to open a new addition to the east of his present store this coming January. What date in January? The first, naturally.

After working his way through school as a part time butcher Al went to work at Cadillac Motor Co. during the depression. While there he learned the tool and die trade, and after five and a half years he went into business for himself, operating as the Harnden Tool and Die Co. Soon after the war, he sold the business and in 1950 he bought his present market.

Al has four children, a son and three daughters. John H. is 8, Pamela, 9; Susan, 18, and Linda, who is married to Judd Green of Northville.

As for hobbies, Al says he has three—eating, cooking and making money. Wisecracking might well be added to the list.

Al himself sums it up this way:

"Tell the folks everybody has fun here, even the customers."

News . . . About Salem

Your Correspondent
Mrs. Carlton Hardesty
Phone Northville 1410-M11

Salem Union school will start Friday, Sept. 9.

The Federated Ladies' Aid group met Aug. 25 at the home of Mrs. Pauline Merritt for the regular monthly meeting, with 46 present. Everyone enjoyed the pot-luck dinner and working on cancer pads.

Ellsworth Haight and children, Percilla and Chris, of Detroit, were Sunday afternoon and evening callers at the George Tanner home.

Mr. and Mrs. Kenneth Procter of Chelsea were Sunday supper guests at the George Tanner home.

Mrs. Alta Opdycke is spending this week at the Cloyd Hardesty home at Whitmore Lake.

Mr. and Mrs. Glenn Stacey were Sunday callers at the Charles Stacey home.

John Bond of Pontiac called at the A. C. Whelan home last week. Mickey Cucchetti has been vacationing at the Gilbert Alters.

G. Pohner spent Saturday, Sunday and Monday at the Mary Ann Bock home.

Mr. and Mrs. Gilbert Alter spent Sunday evening at the David LaForest home in E. Detroit.

Mr. and Mrs. Don Tiffin, Mr. and Mrs. Charles Holman, Mr. and Mrs. James Wick and Mr. and Mrs. Bob Schronce went out for dinner Saturday evening.

Mr. and Mrs. Kenneth Procter of Chelsea spent Sunday afternoon at the George Bennett home.

Mr. and Mrs. Charles Ruffy and daughter, Carol, of Detroit were Sunday dinner guests at the C.J. Hardesty home.

Mr. and Mrs. W. Davis and family of Pine Lake were Sunday dinner guests at the Herbert Famulmer home.

Novi police department and other township officials for keeping the public away from the scene of the Aug. 12 train wreck was read. It said: "Your people . . . performed an outstanding job . . . Sincere thanks."

Other business before the board included:

A request by representatives of the Novi Civic Ass'n. for a voting place in the 13 Mile-Nowi Rd. area, to which Stamen replied that the township's funds are too low at this time to erect a new building;

Presentation to Flannery of a certificate of appreciation for his work as township civil defense director;

Approval of a suggestion that the township pipe natural gas into the township hall from the new Consumers Power gas mains now being laid.

A letter was received from the American LaFrance Co. promising delivery as soon as possible of the new fire engine which the township has ordered at a cost of \$20,277.

Schools Open . . .

(Continued)

tinue to serve as elementary school principal, a position which she has also held for several years.

Two new teachers also will augment the faculty. They are Mrs. Mabel Schwartz of Novi, who will teach combined second and third grades, and Foster Callahan of Plymouth, who will teach Spanish and mathematics in junior high.

Wednesday, Sept. 7, is set as the opening date for all schools in the Novi District No. 8 with classes operating on a full day session. School buses will follow the regular routes and time-schedules are following the pattern set last year.

New enrollments will be held the morning of opening day. Mothers are asked to accompany the children registering for the first time at Novi Grade school.

A faculty staff meeting will be held Tuesday, Sept. 6 with special speakers from the University of Michigan in attendance. The Novi Mothers' club will serve luncheon to this group in the Community building.

The school lunch program will start opening day, Wednesday, and will cost 25 cents per child. Those children participating in the school milk program will be charged two cents per half pint.

Novi Highlights . . .

(Continued)

operation for a serious heart condition last Wednesday at University hospital in Ann Arbor. It is expected she will be in the hospital for two weeks.

Mrs. John Panalone, Sr. of Utah is visiting at the home of her son and daughter-in-law, Mr. and Mrs. John Panalone, Sr. for a couple of weeks.

Mr. and Mrs. L. C. Rix of Fond du Lac, Wis., and Mrs. David O'Leary and Randy of New Hudson and Mr. and Mrs. Victor Rix and children, Leon and Beth Elaine, of Washington, D.C. were dinner guests of Mr. and Mrs. Ed Rix in Plymouth Tuesday.

Mr. and Mrs. Victor Rix and family left for their home in Virginia Wednesday morning after three weeks vacation with relatives in Michigan.

Mr. and Mrs. Luther Rix attended the Rix family reunion at Williamston Sunday, Aug. 28.

Conference Bulletin Available

You can now get a bulletin containing the findings and recommendations of the Michigan Natural Resources conference.

The conference, sponsored by Michigan College of Mining and Technology, Michigan State University and the University of Michigan, evaluated the state's major resource problems and made recommendations to improve the conservation of these resources.

The 55-page bulletin covers the conference's recommendations in six areas—land, water, minerals, recreation, wildlife and wood. Copies may be obtained from any of the sponsoring institutions.

5 School Buses . . .

(Continued)

home delivery and afternoon pickups.

Mr. Ellison, director of transportation, gives an approximate total mileage of over 200 miles a day with a daily student handle numbering upwards of 500. At the present time this load is being met by the five buses owned by the schools but consideration is being given to the possible purchase of additional transportation equipment later in the year.

The increased load is caused by the necessity of creating new routes to include the new elementary school as well as the addition of the Chapman and Salem districts, which are being serviced for the first time.

Three regular drivers have already been hired. They are J. L. (Mac) McKinney, Lona Marcoux and Fred Clark. Ivan Dickinson, a custodian of the school, will serve as a temporary driver. Two additional drivers are needed for the fall term. Applications from men or women willing to drive are being accepted by Mr. Ellison.

Continental Touch

A dish that would make any special occasion even more special is a delicate cheese fondue.

Famed chef Frank Romersa, of New York's Hotel St. Moritz has joined with world famous Stock Vermont in creating a new recipe for Cheese Fondue which makes use of this exceptionally dry Italian vermouth. The dry vermouth not only provides its own distinctive taste quality but is a good idea for the caloric conscious, too.

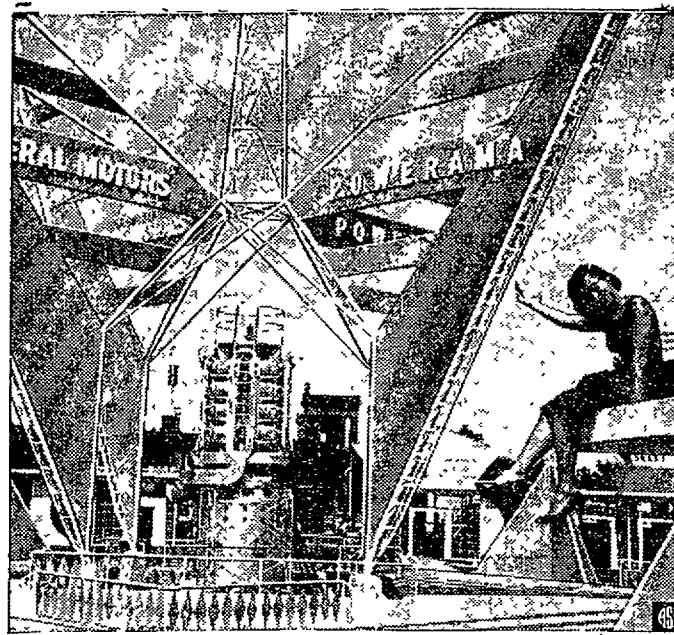

CHEESE FONDUE ST. MORITZ
2 lbs. natural Swiss cheese, finely diced
1 teaspoon Worcestershire Sauce
8 ounces Stock Dry Vermouth

Place ingredients in omelette pan over medium heat. When fondue begins to simmer, stir briskly with wire whisk until thoroughly melted and fondue starts to cook (about 10 minutes). Remove from heat and serve on toasted slices of French bread in individual dishes. Garnish with paprika. Serves 6.

O.E.S. Meeting Date Changed

Mrs. Carl Pattison, Worthy Matron of the Orient Chapter No. 77, Order of the Eastern Star, announces a change in the date of the first special meeting from Sept. 2 to Sept. 6. The date was changed because of the coming holiday. Initiatory will be at 7:45.

GM Powerama Opens In Chicago

CHICAGO—WAVING A WELCOME to General Motors' "world's fair of power" which has just opened for 26 admission-free days here is pretty Margaret Dickinson. The giant Powerama fills 1,000,000 square feet on the lakefront adjacent to Soldier Field with 250 thrilling exhibits for every member of the family plus a "technological circus" stage show. The Powerama will be open through Sept. 25 from 10 a.m. to 11 p.m. daily and noon to 11 p.m. Sunday.

Wild Life Notes . . .

To Remove Rough Fish

Rough fish will be removed from 20 miles of the Ford river in Dickinson county this week to see if trout populations can be increased.

Conservation Dept. fish workers want to see if rough fish such as suckers, chubs, shiners and other species compete for food and habitat to such a degree that trout can't take hold.

The stream will be treated with chemicals. State workers will tabulate all fish killed and check other conditions before stocking the stream with trout. One planting may be made this month.

Fisheries workers will shock the river this fall to check populations. The study is expected to continue several years.

Weeds Stunt Fish

Minnewana lake in Metamora recreation area was treated with chemical weed killer last week to check the theory that water weeds in Michigan lakes harbor so many little fish that it's difficult for any to grow properly.

Stunted fish are a common problem in Michigan lakes. Perch, bluegills and other panfish produce terrific numbers of young each year. Stunting occurs where predator fish, fishermen and natural kills can't keep the population in check.

Conservation Dept. fisheries workers think one reason bass and pike can't keep ahead of these little fish is because they can't catch them in dense underwater weed patches.

The 44-acre Minnewana lake is surrounded by state-owned land and provides an ideal body of water for the study. Growth changes of fish will be studied for several years.

Michigan Salt Can Last World 50 Million Years

Pass the salt, please! There's no shortage in sight. That's the word from Russell C. Hussey, University of Michigan professor of geology.

By actual measurement there is enough salt in Michigan to last the entire world, at the present rate of consumption, for 50 million years, he declares.

"As large as any in the world Michigan's salt beds provide the source for all the salt used in this area. The great deposits, which underlie almost all of the southern peninsula of Michigan, are known to reach a thickness of over 600 feet in some places," Prof. Hussey says.

Commenting on the origin of these beds, the geologist explains that during the Silurian period—about 300 million years ago—there was a great desert here, something like the region around Great Salt Lake today. This was formed by the drying up of a great sea which once covered the desert. During the drying process, salt was precipitated through excessive evaporation.

"Originally," Professor Hussey says, "the great salt basin extended from the Lower Peninsula of Michigan eastward through northeastern Ohio, northwestern Pennsylvania and up as far as Syracuse, N.Y."

"As arid conditions developed, the sea which occupied the region grew salty through excessive evaporation and salt and gypsum were deposited over an area of about 100,000 square miles."

"In Detroit, where salt has been mined for many years, layers and layers of tunnels have been driven in solid rock salt. These tunnels extend for many miles under the city," he says.

He describes the Detroit salt deposits as beginning at a depth of 1,000 feet below the surface and then continuing horizontally. "Blasting is the method used to obtain the salt here. One unusual feature of the Detroit mines is that, in place of the usual timbering, great pillars of salt are left

MICHIGAN SHOTGUN CHAMPIONSHIP

Something new has been added to the Michigan Outdoors picture—the 1st Annual Michigan Shotgun Championship—and it has been decided in an extremely unique manner.

Heretofore proponents of both skeet and trap have considered their sport adequate as a means of sharpening the eye for actual lethal results in shooting live game. In the sport of skeet the contestants move around the arc of a half circle, shooting at clay targets projected from a "high" and "low" house at each end of the arc. The path of the targets does not vary but inasmuch as the contestants are moving from "station" to "station"—a total of eight in all, the angle of fire is changing constantly.

Trap shooters, on the other hand, fire at clay targets thrown from a point almost directly in front of them, near ground level. The trap shooters move over a narrow range to four positions behind the trap house, while the clay "birds" may be tossed at any of several angles.

Thus both sports have a point in arguing that their system develops the shooting eye best.

Add the "Practice Bird Field"

Now comes a new and decisive factor in the test of shotgun skill.

It is known as the "Practice Bird Field," and was introduced for the first time at the Williams Gunsight Company in Davison, scene of Michigan's 1st Annual Shotgun Championship. This consists of a winding lane laid out in a big apple orchard. Behind trees, bushes and corn shocks clay target traps are located, triggered by a long wire running to the lane. Near each trap is a facsimile, life-size silhouette of a pointing dog, indicating the presence of the "bird." A guide accompanies each contestant through the practice field, indicating the pointing "dogs," and alerting the gunner for action. When the trigger wire is pulled the target may go at almost any angle, simulating the unpredictable qualities of hunting live birds.

Three-Way Championship

By submitting the contestants to skeet, trap and the bird field, the Williams Brothers believe real shotgun proficiency is uncovered. Twenty-five shots are fired in each field for a possible perfect score of 75. No one has hit that stride as yet. This year's champion—Sam Schmidt of Detroit won the 1st Annual event with a score of 69—and the tournament won statewide interest pointing to possible future development of other "bird fields" wherever suitable terrain and interest will warrant it.

standing to support the rocks." In Wyandotte, Manistee, Midland and St. Clair, on the other hand, drill methods are in use. Prof. Hussey explains that water is pumped down a well drilled into the salt. "When the water dissolves the salt, the brine is pumped out and the salt is then recovered through evaporation."

"Brine," he goes on to say, "is found wherever water has trickled down into the salt bed, dissolved it, and then has worked its way up again through cracks and fractures of the overlying rock."

Treatment with five per cent DDT dust will control the common flea, according to a Michigan State university entomologist.

Disregard of the "fly-free date" in sowing wheat cost some lower Michigan farmers as much as 90 per cent of their crop last season.
