Mustangs VS. Plymouth

Coach Sees Victory If They Have "Will To Win"

The Northville Mustangs, with 16 lettermen from last year and several promising newcomers from the reserves, will take on Plymouth Friday night at Ford Field as a starter in one of the toughest football schedules in the team's history.

It will be the first of six home games which are expected to draw an attendance that will put the local athletic association in the black by the end of the season. It starts out with a deficit of about \$800.

Can Northville win against a team from a school three times as large and with a proportionately larger student body to draw from?

Coach Ron Schipper doesn't try to predict either the winner or the score, but he does say: "If the kids want to win the game badly enough they'll win it."

Schipper knows his team will be green in the starting game but he figures the same will be true of Plymouth. Practice sessions haven't been held long enough to drill many of the fine points of offense or defense into the Mustang squad. Some of the lettermen from 1954 will have the advantage of their experience last season, but it takes time to weld a large group of experienced and inexperienced players into a free-wheeling team with drive and stamina.

Knowing these things from past experience, Schipper is neither cocky or pessimistic about Mustang prospects Friday night. All week long he has had a "let's see what we can do" attitude toward the boys' team. He says the same time he has his boys working long and hard at scrimmage

and practicing offensive plays. The Mustangs' offensive line will average about 180 pounds, Schipper says. The defensive line will be a little heavier.

Coming up from last year's reserves and regarded as probable starters Friday night will be two sophomores, Dick Buckley, center, and Bill Yahne, end. Bob Wagenschutz is also regarded as a starter in the fullback position, in which he has shown considerable aptitude this year. Wagenschutz played at center last year.

Dick Biery is another sophomore who will get his first baptism in a first string spot Friday night. Biery has done well as quarterback in practice sessions but has been having a lot of trouble with his ankle. If the ankle improves he is likely to be in the lineup a lot during the game.

The tentative starting lineup for the Plymouth game will be Bill Yahne, right end; Jim Burrell, right tackle; John Fisher, right guard; Richard Buckley, center; Harold Moore, left guard; Bill Heslip, left tackle; Dave Biery, left end; Bud Bell, quarterback; John Chapman, right halfback; Larry Graham, left halfback; and Bob Wagenschutz, fullback.

Others on the roster, many of whom will get into the game, are Dick Biery, Mac Burns, Dale Cook, Jerry Davis, John Fisher, Rollin Gaab, Jerry Geer, Roy Hamer, George Hawes, Joe Hayes, Gary Holman, John Hoose, Ken Krezel, Ben Mosher, Roger Nieuwkoop, Dave O'Neill, Forest Pretzer, Dave Waterio, Jim Hammond, Mark Carroll.

Lutheran Church Mission Festival Sunday, Sept. 18

St. Paul's Lutheran church has set Sunday, Sept. 18 as its annual Mission Festival Sunday. The guest speaker will be the Reverend Edward A. Westcott of Milan Lutheran church, former Nigerian missionary.

Rev. Bernard J. Pankow, pastor of the local Lutheran church, will exchange pulpits with Rev. Westcott and will speak to the Milan congregation.

Red Cross Branch Maps 1956 Plans

A planning committee for the Northville branch of the American Red Cross met Monday evening at the home of its president, Mrs. A. C. Carlson, to discuss future plans for the Northville Blood Bank and to set up a yearly calendar of Red Cross activities.

April 27 is the first date that the Northville branch has been able to secure for the Bloodmobile unit. It is hoped that the citizens will ring this date on their calendars in red, for full participation will insure the blood supply for the Northville area. Unlike many communities which have commercial blood banks, where blood must be purchased, Northville has access to a Red Cross Bank which serves the community free of charge, asking only that arrangements be made to replace the blood. Anyone wishing to replace blood that has been used from the Northville bank before the April 27 date may go to St. Michael's school in Livonia or Sept. 28.

Anyone needing blood from this area may contact Mrs. Carlson, Mrs. Emma Reid or Mrs. Clifford Winter.

Mayor Ely Guest Speaker for BPW

Mayor Claude N. Ely will be the guest speaker at the opening of the Northville Business and Professional Women's club Monday, Sept. 26. As this is also the celebration of the National Business Women's Week beginning Sept. 25 and ending Oct. 1, the mayor has issued the following proclamation:

Whereas National Business Women's Week will be celebrated throughout the nation beginning Sept. 25 and ending Oct. 1; and

Whereas the organization of The National Federation of Business and Professional Women's Clubs, Inc. is contributing much toward the development of

business and industry; and Whereas we are emphasizing "Aim High"—in this pre-election year; and

Whereas the Northville BPW Club, as an affiliate of The National Federation of Business and Professional Women's Clubs, Inc. is likewise contributing much toward the improvement and progress of business, industry and civic needs in our community;

Now, Therefore, I, Claude N. Ely, Mayor of the City of Northville, do hereby proclaim the week beginning Sunday, Sept. 25 and ending Saturday, Oct. 1 as National Business Women's Week in Northville and urge our leaders of business and industry to join in this observance. Mrs. Mabel Stenson, president of the BPW, stated this year's theme is "Aim High" for the civic work in the Northville community. She hopes all members will be present to hear the mayor and to start the first meeting off with a bang. She also added she was proud to say Dorothy Yroman, vice-president, is a niece of Mayor Ely.

Mrs. Patterson Entertains

Mrs. A. E. Patterson of Reservoir Rd. entertained several of her friends at a luncheon Tuesday in honor of Mrs. R. R. Peebles of Cleveland, O. Out of town guests were Dr. and Mrs. W. G. Peterson and Mrs. Rennie of Detroit. Mrs. Harold McCracken of Bloomfield Hills, Mrs. Ruth Danzer of Royal Oak and Mrs. Harvey Whipple and Mrs. Bernice Marshall of Northville

Maxine Harrison Elected Chairman of Safety Committee

The Beacon Room at Hillside Inn was the scene of the Wayne district safety meeting of the Michigan Bell Telephone Co. The meeting was held for the purpose of emphasizing safety precautions and sharing the progress of other central offices in their program of safety measures.

The Wayne district includes the central offices of Farmington, Luzon, Northville, Plymouth and Romulus. Maxine Harrison of 201 N. Rogers St., Northville, is the newly elected chairman representative from the Northville office. Kay Peterson and Norene Denune are members of her committee.

John Dawson was the special speaker and he spoke on the general problem of safety. He said that the Wayne district of Michigan Bell Telephone Co. has earned an enviable record for safety and is the outstanding district in the state in lost-time-injuries.

Traffic Violations Top Police Report

Ninety-six traffic violations are listed on the police report for August. Other police calls include one grand larceny case, two missing persons, two autos stolen, 93 summons issued, one petty larceny, two vandalism cases, 18 court cases, 18 arrests with fines totaling \$1,010 collected.

Novi Girl Scout Leader Training Schedule Is Set

Training will be available shortly to all girl scout leaders and people desiring it on the following dates:

Brownie, Tuesday, Sept. 20, 9:30-2:30 at the Methodist church in Birmingham; Brownie, Wednesday, Sept. 21, 7:30-10 at Huntington Woods Lutheran church; Brownie, Thursday, Sept. 29, 12:30-3 at United Presbyterian church, Southfield.

Intermediate, Wednesday, Sept. 21, 9:30-2:30 at Birmingham Community house; Intermediate, on Tuesday, Sept. 27, 7:30-10 at United Presbyterian church, Southfield; Intermediate, Thursday, Sept. 29, 12:30-3 at First Baptist church, Royal Oak; Intermediate training for Brownie leaders on Thursday, Sept. 22, 9:30-2:30 at Birmingham Community house.

For additional information call Mrs. Florence Hayes, neighborhood chairman.

The following Novi senior girl scouts participated in the Southern Oakland girl scout baby-sitting booth at the Michigan State fair Sunday, Sept. 11: Kay Ray, Carol Wendland, Sharon Clarke, Linda Cook, Suzanne Mairs, Claudia Mairs, Sandy Moody, Nadine Hayes, Jackie Bailey and Judy Wood. Transportation was furnished by Mrs. Vincent Hayes and Mrs. Leshe Clarke.

School Board Tackles Overcrowding, Budget, Annexation Problems

The Northville Board of Education found itself at its first meeting of the new school year Tuesday night like a family returning from a long summer vacation.

Its garden was over-run with weeds in the form of numerous new and pressing problems. Its budget for the coming year is as tight as the family refrigerator is bare of food, with the prospect of a \$10,000 deficit by next June.

Ford field was reported to be in as poor condition for the coming football season as the returning vacationer's unmowed lawn.

The final blow was the request for annexation received last summer from three Novi school districts. Because of the numerous problems involved, which have been aggravated by Ford's plan to move its Lincoln division into Novi township, the request is about as popular at the moment as would be a visit from a large family of relatives on the day after the family vacation ended.

The board started its meeting at 7:30, recessed for a half hour at 10:30 to inspect High School Principal Elroy Ellison's newly remodeled office, and then reconvened until 1:30 to transact the rest of its accumulated business.

Tax Rate Cut
Most important decision of the evening from the standpoint of property owners was to reduce the school tax rate for 1955-56 to \$19.45 per \$1,000. It was \$22 last year. The \$2.55 cut reflected a \$3 reduction in taxes to meet interest and principal payments on the school district's \$230,000 of outstanding bonds and an increase of 45 cents to raise money for operating expenses.

Tuition Rates Set
Important to neighboring school districts whose children come to Northville as tuition students was the board's determination that they must pay the local school district \$177.67 this year for each elementary pupil and \$199.50 for each high school student.

No Decision on Annexation
No decision was reached on the request for annexation made by Novi No. 8, East Novi No. 2 and Novi No. 9. For several weeks ago, although the situation was discussed at considerable length.

Board members were not entirely pessimistic toward the annexation but they pointed out that answers must be found to many questions that confront both Northville and the Novi districts. Among them are the probable growth in population in the two areas, which will have an impact on the school system.

Goodwill Industries Asks for Discards

The Goodwill Industries again requests the attention of parents to the need for useful articles of apparel that can be renovated by the handicapped workers in their plant.

This time of year is when the sorting of clothes of school children is taking place and all clothes, outgrown and worn can be used by the organization.

Goodwill Industries can help and be helped during this change over period. Over 400 handicapped employees are ready to take your summer discards, work on them, cleaning and repairing them for sale in one of their six retail outlets.

These Goodwill stores sell at a price that will enable others, less fortunate in material things, to buy necessities for themselves and children.

Goodwill's local representative, Miss Edith Sorenson of Northville, Plymouth, and Rosedale Gardens says that the next Goodwill pick-up will be here on Monday, Sept. 19, giving you plenty of time to set aside your discards and call her at Northville 571.

"Remember that you will help yourself, you will help the handicapped keep gainfully employed and you will help others buy necessary clothing at a price they can afford to pay," said Miss Sorenson.

Two Northville Men In Disorderly Charge

Richard and Edward Robinson, both of Northville were arrested and charged with disturbing the peace on Sept. 3. The incident involved altercations at the N&G Lunch on Center St.

Both pleaded guilty and were fined \$15 and costs.

Dodge To Stage Showing of 1956 Cars At Northville Downs On September 19

Northville Downs will be the scene of a spectacular outdoor extravaganza Sept. 19 when public officials, members of the press, and special guests in the Detroit area will join with Dodge dealers in getting their first look at the 1956 Dodge cars.

Mayor Cobo of Detroit and mayors of all suburban Detroit communities in which Dodge's 21,000 employees reside have received personal invitations from William C. Newberg, Dodge president. Editors of all community newspapers, radio and television executives and commentators in the Detroit area, as well as those in nearby Michigan cities, also have been invited.

The show, an outdoor production of more than an hour in length, will begin at 8 p.m. It will feature wide-screen motion pictures, a breath-taking display of pyrotechnical fireworks signaled by bursting aerial bombs, and will be headed by a contingent of Dodge executives from Detroit, led by Newberg. More than 2,000 persons are expected to attend.

WILLIAM C. NEWBERG

Dealers who last year saw the Dodge completely redesigned, which subsequently enabled them to project Dodge sales to the highest point in the company's history, will be introduced to the new '56 line of Dodge models.

FIRE RAGES THROUGH 6-APARTMENT BLDG.

Fire raged through a six-apartment frame building back of the Ford garage in the early hours Monday morning and endangered the lives of the occupants as well as adjoining properties. It was finally brought under control by the Northville Fire department after three hours.

The building was gutted almost

from end to end and appeared to be a total loss. It was owned by Frank Summers who was vacationing in northern Michigan when the fire occurred.

The personal effects of the tenants were completely destroyed in most instances, either by fire or water. Only Mr. and Mrs. Joseph Alessi had any insurance. The

others burned out were the William A. Jordans, the Dennis Schoenfeldts, Louis Meisner, Milford Howell and Herman Rose, who shared an apartment, the Gordon Petersens, who managed the apartment building, and the temporary shelter and clothing by friends and neighbors.

The insurance inspector who surveyed the ruins afterwards said the fire started in a carport between two of the apartments. It completely destroyed the Petersens' Studebaker sedan and spread quickly through the attic to adjoining apartments.

Noise from the front tires of the burning car as they blew out

from the heat awakened the sleeping occupants of the adjoining apartments, who in turn aroused their neighbors.

Fire fighters were impeded in their efforts to control the blaze by the fact that the building was not located on a street which gave ready access for the fire engines. Another deterrent to speedy control was the narrow alleyway

of the building, whose ceilings were a composition material. Fire Chief William McGee said the construction of the building would not be permitted under Northville's present building code although it was probably in conformity with building regulations at the time it was built. The full force of 5 firemen were put out to the

News Around Northville

President Mrs. Bebe Myers and Sr. Vice-President Mrs. Gloria Brown attended the Fourth District rally of the VFJ Auxiliary Post No. 9039 in Detroit Sunday.

The VFW held their Fourth District rally at the Sgt. Roman-ski Post No. 6896 in Detroit Sunday. Those attending from Northville were Commander Clayton Myers, Fred Robinson and Wilfred Troop.

Carolyn Ingham, who spent several weeks with Mr. and Mrs. Gerritt Rooks of Seven Mile Rd., has returned to Ann Arbor to resume her duties as teacher in the University high school.

Mr. and Mrs. J. Westover of W. Seven Mile Rd. received word that their son, Vernon, was married Sept. 3 to Marcia Nichols of Hollywood, Calif. Vernon graduated from Northville high school in 1952 and has one more year to serve in the navy. He arrived in this country Sept. 2 from French Morocco and will be home to visit his parents Sept. 19, then he will go to Davisville, R. I. for the remainder of the time. Mr. and Mrs. Westover are going to California Sept. 26 and will meet their new daughter-in-law.

Judge and Mrs. John Dethmers of E. Lansing spent Sunday with the Gerritt Rooks on W. Seven Mile Rd.

Mr. and Mrs. Clifford Stevens and daughter, Betty, have just returned from a week's field trip with the Michigan Mineralogy Society in Bancroft and Madoc, Canada.

Alta Powers and Mrs. Cy Frid, president and secretary, respectively, of the Northville branch

of the Women's International League for Peace and Freedom, returned Sunday after attending the Annual State Conference. The meeting was held Saturday and Sunday at the Harry Riceman summer camp in Dryden, Mich.

Mr. and Mrs. James Clark and daughter, Diane, are visiting their parents, the W. F. Clarks, of West St. and Mr. and Mrs. Alfred Smith of Beal St. They spent the week end with Mrs. Clark's sister and family, the Harry Germans, of Belding. They will return to Norfolk, Va. Wednesday, Sept. 21 where Jim is serving at the Naval Air station.

Mr. and Mrs. Frank Defina and daughters, Kathy and Kristy, returned last week from a visit with relatives and friends in Williamstown, Ver.

Mr. and Mrs. Essie Nirider announce the arrival of a baby girl, Nancy Lynn, born Aug. 26 at Sessions hospital, weighing seven pounds, three and one-half ounces. The Niriders have two other children, Gail and Stanley.

Mr. and Mrs. Robert Johnson have returned to their home in Cincinnati after visiting with the Essie Niriders. Mrs. Johnson is a niece of Mrs. Nirider.

James N. Wiley, son of Mr. and Mrs. Otto Wiley of Eight Mile Rd., enlisted in the navy Aug. 10. James graduated from Northville high school in 1955 and will marry Miss Caroline Miller of Lawton, Mich. Oct. 22 at St. Mary's church, Paw Paw, Mich. His address is S. R. 479-27-48 Co. 443 Bt 123 Reg. 12 Recruit Tr. Command, U.S. Naval Tr. Center, Great Lakes, Ill.

daughters, Mrs. Beatrice Plamondon and Mrs. Eleanor Prough of Northville, and Mrs. Betty Racine of Ypsilanti.

Surviving brother is Leo Murtagh of Malone, N.Y., and sisters, Mrs. Nora Barkley of Detroit, and Mrs. Gertrude Traynor, Miss Mary Murtagh and Miss Kate Murtagh of Plattsburg, N.Y. There are nine grandchildren.

The Rosary service was held at 7:30 p.m. Sept. 13 at the Casterline Funeral home. Requiem Mass will be held at St. Joseph church in Malone, N.Y. at 10 a.m. Friday, Sept. 16. Burial will be at St. Francis cemetery, Constable, N.Y.

The GREEN THUMB

by Paul Newton

Planting bulbs ceases to be a routine task when the gardener has a special plan in mind or a color effect to be achieved. A carpet of purple and gold crocus planted in drifts will be long remembered, but a smattering of mixed colors is soon forgotten. It is always best to plant a large number of one variety for effect. There is quality in quantity planting.

Early Spring Bulbs

The early spring bulbs should be planted near the home, so they can be easily seen from the windows. The first snow drop or winter aconite that pushes its head up through the snow is equal to the thrill of seeing the first robin in the spring. A few iris reticulata which peep through the snow in March are always a joy. These are not too hardy and the bulbs should be tucked just under the edge of a large stone, which acts as a protection through the winter.

Bulbs should be ordered early. Late orders are sometimes filled with second choice bulbs. Bulbs are shipped at the proper planting dates. The correct planting depths are generally stated in your catalogue or on the printed material sent with them.

If the soil in your garden is heavy with a great deal of clay, don't plant quite so deeply. Shallow planting of tulip bulbs causes propagating, but deep planting uses up the strength of the bulbs and they fail to bloom in three or four years. Dr. Chapman of Michigan State university advises five inches from the top of the bulb to the ground level. He suggests moving tulip bulbs only when they fail to bloom.

The striped tulips that come up in the spring as a surprise are infected with a disease called Rembrandt. If end bulbs are left in the ground the disease will spread and destroy other bulbs.

Blue Color in Spring
There should be quantities of blue in the spring garden. This can be achieved by Glory of the Snow (chronodoxa luciliae) planted by the hundreds; also by planting blue squill (scilla siberica) which comes a week later and also grape hyacinths (muscare botryoides) planted in

clumps near the edge of the woods or at the base of a tree.

Unusual Bulb

An unusual bulb to have in the garden is the checkered lily (fritillaria moleagris). These bulbs should be planted in a grouping of five or six. They are hardy and will grow in ordinary soil. The checkered patterned flower grows in a graceful manner and is good in flower arrangements.

It is always a treat to have some unusual varieties in your spring garden. The water lily tulip (tulips kaufmanniana), the lady tulip (tulipa clusiana), and the nodding tulip (tulipa australis) are worthy of a special spot in every garden. The tigris, a bulb planted in the spring, has a novel and interesting blossom useful in flower arrangements.

Planting Easter Lilies

If your Easter lily was planted outside this spring it must be mulched with eight inches of leaves which are held in place by tree branches. All mulches are put on after the ground is frozen, their purpose is to prevent heaving of the soil when there is alternate freezing and thawing in our Michigan winters.

D.A.R. Will Discuss Antique Show Plans

The Sarah Ann Cochrane chapter of the Daughters of the American Revolution will meet at the home of Mrs. David Mathers, 1303 Park Place, Plymouth, on Monday, Sept. 19.

Plans for the antique show to be held Oct. 11-12-13 at the VFW Hall in Plymouth, will be presented by Mrs. Harry Deyo, chairman. The book, "Hatchet in the Sky" will be reviewed by Mrs. William Milne of Northville. Guests are cordially invited to be present.

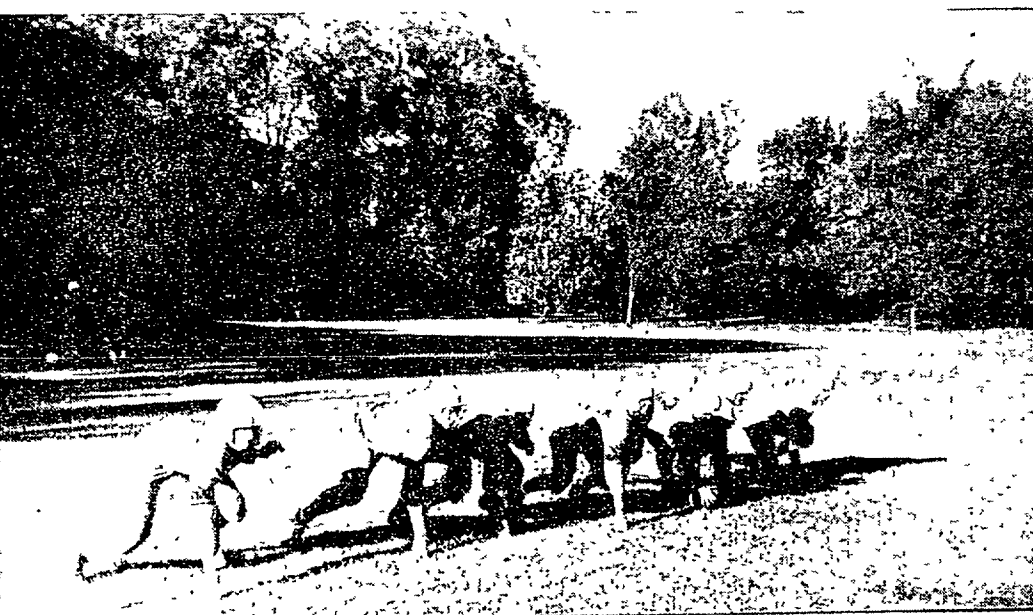

Unless highway deficiencies are overcome to a very substantial extent within the next ten years, the nation will not attain the higher employment and family income levels of which it is capable.

Mustangs Practice Long Hours for Plymouth Game

Here are four members of the Mustang backfield, from left: John Chapman, rh; Bob Wagen-

schutz, fb; Larry Graham, lb; Bud Bell, q, and Dave O'Neill, c.

Part of the Mustang line, from left, Bill Yahne, re; Jim Burrell, rt; John Fisher, rg; Harold

Moore, lg; Richard Buckley, c; Bill Heslip, lt, and Dave Biery, le.

Coach Schipper Bears Down Hard

If the Northville Mustangs don't win their opening game with Plymouth Friday night it won't be because they haven't been putting in full time on the practice field for the past two weeks, or because Coach Ron Schipper hasn't tried to drill them thoroughly in the fundamentals of football.

The accompanying pictures show the Mustangs in a typical drill session, with Schipper directing the backfield (above) and the line poised to clear a path through the opposition.

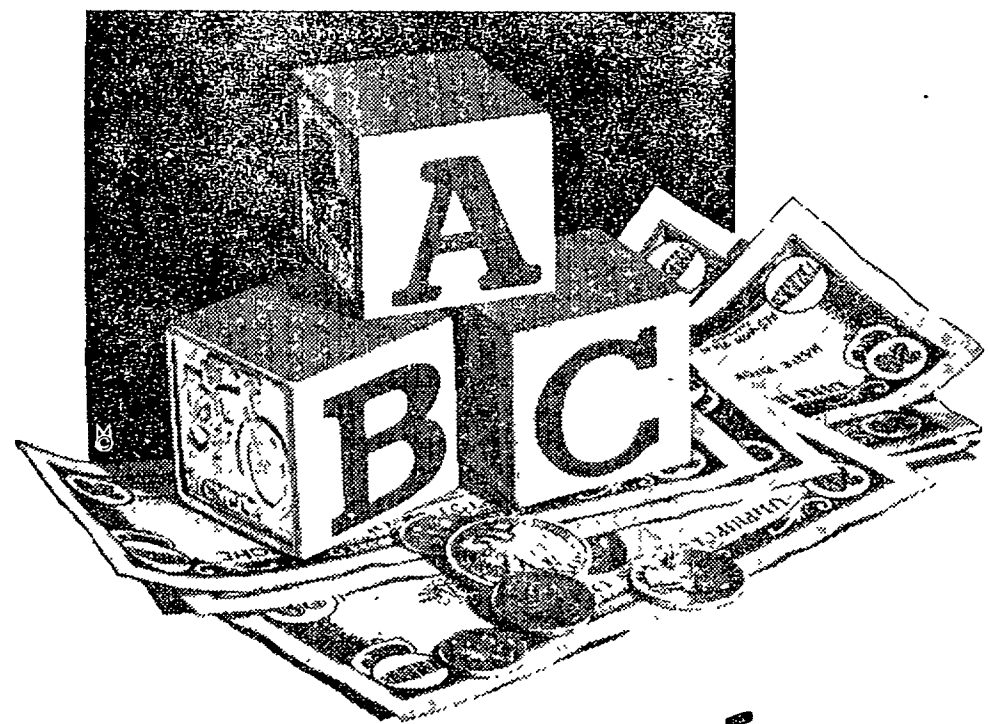

The interested spectator below is Lee Shipley, an ardent Mustang fan who now finds time to attend practice sessions as well as the games at Ford Field. Shipley, who retired this year after 50 years of barbering in Northville, should be able to give his old customers some fine pointers on Mustang strategy each Saturday this fall as he "fills in" on the third chair in his old shop.

Obituaries

Alexander Murtagh Dies at Age of 69

Alexander P. Murtagh, born Feb. 22, 1886 in Malone, N. Y., died Sept. 12 at Sessions hospital in Northville. He was the son of Patrick and Mary Murtagh. His residence was at 448 Evergreen in Plymouth where he lived for the past eight years. He is survived by his wife, Winifred, and

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

When you need a quick sprint for safer passing, this V8 delivers!
It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

Chevrolet's new "Turbo-Fire V8" packs a Sunday punch for safer passing that no car in Chevrolet's field can match!

The proof was burned into the sands of Daytona Beach at the NASCAR* trials earlier this year. In acceleration tests, Chevrolet simply walked away from everything else in its field. Plus—and get this—all the high-priced cars except one!

Surprising? Not when you consider that this beauty's been cleaning up on all comers in short track stock car events this season. That's where acceleration really pays off, as well as handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

Eleven New Teachers Welcomed To Faculty

The new school year opened with a full roster of teachers for the Northville school system. Pictures of 11 teachers who joined the staff for the first time this year appear on this page.

Russell Amerman, superintendent, said, "We can feel very fortunate that we have been able to complete our full teaching staff before the school term opened. We feel we have a well qualified staff and are grateful that we have been able to fulfill our original program schedule of the basic education courses as well as subjects in the special fields, including the new Type C program. I understand that some of our neighboring areas are as many as 20 teachers short."

Amerman went on to explain that several classes in the high school program are overcrowded and attention is being given to relieving the condition but that the basic difficulty is lack of space.

A tribute to the Northville teaching staff was received this week in the form of a letter written to the high school principal by Edward G. Groesbeck, director of registration and records of the University of Michigan. The letter reads in part, "Enclosed are copies of the official academic records of graduates of your high school who recently received degrees from the University of Michigan."

"Your students have done well. We appreciate the preparation your school has given them which has aided them through their university career. It is no doubt, encouraging to you as you see their continued progress. . . ."

Wayne Enrollment To Reach New High

Wayne university looks for its greatest enrollment in history this fall, with registrations expected to be near the 20,000 mark.

Classes at the university, which began Monday, Sept. 19, are expected to be filled to capacity.

The enrollment rise has become so great, that officials have seriously considered fixing a limitation on the total enrollment.

Dr. Henry Pixley, director of admissions, records and registrations, expects this year's enrollment to be up from 1,500 to 1,700 over last year's 17,296 students who registered for on-campus classes in September, 1954.

While final enrollment tabula-

tions will not be available until October, Pixley has indicated that all colleges and schools are reporting increases in enrollment. Admissions to most divisions are up by 10 per cent. The College of Education reports their registration has increased 20 per cent.

Wayne university's previous record high was in September, 1950 when 18,307 students enrolled for on-campus programs. The student total dropped slightly during the past five years but is expected to climb steadily in the future, university officials predict.

Students will find a new music building completed and ready for use this fall. Work has also begun on the State Hall classroom addition. This building was completed in 1948. Officials expect the Community Arts building to be ready for occupancy by fall of 1956.

Christian Science TV Series Starts

A nationwide television series recording actual documented cases of how prayer heals sickness and solves other problems was announced today by the Christian Science church. Broadcasts of the filmed series will begin Sunday, Sept. 11 in many major centers.

Two guests tell of their own religious experiences on each 15-minute program. A moderator will give brief comments of inspirational nature, designed to show how everyone can rely on God's help effectively in problems of daily life.

The series is produced by The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. Will B. Davis, manager of Committees on Publication, is in charge of the project.

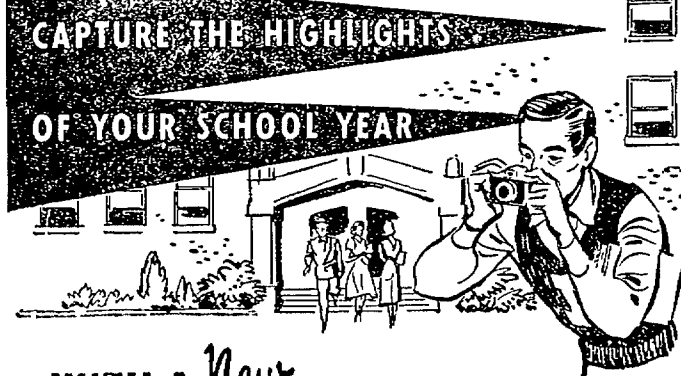

"Growing interest in spiritual

healing is evident among people of many faiths," Mr. Davis commented. "The series provides actual evidence of how effective prayer can be in healing disease and coping with other problems. The programs are designed to inspire and help everyone who sees them — whatever his religious background."

The programs carry the series title "How Christian Science Heals." The Pathscope Co. of America supplied studio facilities for the initial group of 13 films. Robert G. Walker, TV film specialist from Hollywood, directed the production. Lee Garmes, academy award winner and chief of photography on many of Hollywood's best-known novels, was the head cameraman.

Radio programs of The Mother Church — which also carry the series title "How Christian Science Heals" — will continue to be broadcast over 800 stations throughout the United States and overseas.

Since January 1948 approximately 45,500 volunteer nurses have trained with the American Red Cross for assisting in the organization's Blood program activities.

for the Record

by G. H. C.

Commissioner A. Malcolm Allen proposed at the last meeting of the Northville city commission that a citizens' advisory committee be set up to study the relative need for various public improvements. If we interpret his reasoning correctly, he feels that such a citizens' committee might serve as a buffer for the city commission in determining how Northville's \$100,000 surplus this year should be spent to serve the best interest of all sections of the city. Mr. Allen, and indeed every member of the city commission, is realist enough to know that no municipality can long hold on to such a sizable pot of gold when there is an obvious need for so many improvements. He and his fellow commissioners anticipate, we are sure, that there will be pressure from many sources for a share in the windfall; also that it will be difficult for an elective commission to refrain from greasing the wheel that squeaks the loudest.

Again, if we may presume to interpret Mr. Allen's thinking, we are certain that he would like to grease immediately every wheel that squeaks. He knows, however, that even the present \$100,000 will not suffice to make everyone happy this year. Instead, a long range public improvement program must be developed, with due consideration not only to the over-all picture, but also to the relative immediate need for various parts of the program. The commission must then decide when it makes up next year's budget how much of its new revenue from racing shall be spent for public improvements and how much shall be used to pay operating expenses so taxes can be reduced somewhat.

It should be rather obvious to the average person, we feel, that the citizens' committee suggested by Mr. Allen could serve a useful purpose if it is wisely set up. Even though its recommendations would not be binding upon the commission, they could be distinctly helpful not only as a buffer in standing off pressure groups in the interest of all the people but as the independent judgment of a group not subject to elective pressures.

In view of the foregoing considerations, it was surprising to hear Commissioner John F. Stubenvoll come out in active opposition to Mr. Allen's proposal. Mr. Stubenvoll is, we believe, an excellent commissioner. He has been generally sound in his approach to public matters. We do not recall that he has ever been "on the fence" when there has been need for taking a position publicly on any important matter. In fact, while his bluntness in advocating the things in which he believes has been a virtue at many commission meetings, it probably has earned him a few enemies among those with whom he has disagreed.

Mr. Stubenvoll's principal argument against the citizens' advisory committee proposed by Mr. Allen was that the new city commission which will be elected when a new charter is voted on this fall may not want such a committee, or that it may not want the same members who might be chosen now. In that event, he argued, it might prove embarrassing to the incoming commission to drop the committee entirely or change the complexion of its membership. He voiced the additional objection that any committee appointed now would hardly have a chance to get well started at its job before the election, and that for this reason its appointment might as well be postponed until afterwards.

We believe Mr. Stubenvoll is absolutely correct in saying that an incoming administration might find it embarrassing to drop such a citizens' advisory committee if it is appointed now. We do not understand, however, why there should be any necessity for a new city administration to change the complexion or duties of such a group unless its members were obviously incompetent or not fully representative of the various segments of our local citizenry. Because we have confidence in the integrity and good judgment of the present city commission, we would be quite willing to have it initiate the advisory committee, rather than leave it up to a new commission whose membership is not predictable at this time. It is to be hoped that Commissioner Stubenvoll will not persist in his opposition to the citizens' advisory group if his colleagues on the commission wish to appoint it now.

Conservation Plan for Tree Planting Aided by Machines

Lansing — Twenty-five new tree-planting machines, each capable of planting 8,000-10,000 trees in a good day, will be put to work for the first time this fall as the Conservation department's beefed-up planting program continues its steady growth. Previously, 17 machines were available to carry out planting chores in state forests; with the additional 25, state foresters hope to set out 5,000,000 trees on 6,000 acres of public land before snow flies this fall.

The 25 new machines were designed and constructed at the department's forest fire experiment station near Rosecommon. The station had to set up its own "assembly line" methods to build the heavy-duty planters, which were

designed particularly for Michigan conditions.

Goal of the huge forest program is to plant a total of 10,000 acres of public land this fall and next spring, 15,000 acres in each of the next two years, and 20,000 acres each year thereafter until a currently-available 250,000 acres have been planted.

The program, set up by the Conservation commission last winter, will fall somewhat short of the 1955-56 goal because of the destructive spring frost last May, when much of the planting stock in state nurseries was severely damaged.

At present, over 58,000,000 motor vehicles are clogging U. S. highways. The congestion is not only dangerous but often fatal. It also contributes to costly delays and higher operating costs.

The legislators will again be asked to pass laws which will tighten driver licensing, reduce highway speeds and provide funds to maintain files of driver records. Existing law provides for files but money must be appropriated if records are to be kept properly.

These and other laws have been recommended in past years by the State Safety Commission, but proposals frequently became enmeshed in politics.

FARM GROUPS HAVE TAKEN new heart in their campaign to move the state fair out of Detroit. For years the drive has waxed hot and cold with charges flying that the Detroit fair is "a carnival" and that farmers have little opportunity to display their products in the proper atmosphere.

Latest impetus to the take-the-fair-outside campaign came with Michigan State University's centennial farm equipment exposition which drew thousands to the campus.

It was the first test of an out-state function devoted exclusively to farmers and their equipment. "The campaign to move the fair out of Detroit is getting hotter by the day," said George B. McIntyre, state director of agriculture.

Opponents of the idea say that the engineering and industrial exhibits, the sideshows and midway at Detroit is what makes the state fair solvent.

After years of deficits, the fair is now earning a small sum or "at least it's paying for itself," said McIntyre.

The final decision rests with the legislature, however, and its membership is still outstate-minded though Detroit and other metropolitan areas are gaining in influence.

GOVERNMENT REFORMS is continuing in Michigan, though the approach is slightly changed this year.

For five years, the Legislative Committee on State Government Reform has been operating as a research group, studying ways to improve the functions of state government.

There have been a number of notable ideas written into law for the agencies.

"That function is now finished and we must promote some of the other ideas we have developed," said Senator Frank Andrews (R-Hillman). He is chairman of the committee working for acceptance of new ideas. Among them: Abolition of the state superintendent of public instruction and the auditor general as elective offices.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

MICHIGAN'S HARD-PRESSED TAXPAYERS took a breather of a sort when Gov. Williams disclosed an \$18 million surplus.

But they still kept paying. The governor said that the increase in collections and a number of economies in state government had built up the surplus from the dust of a \$65 million deficit two years ago.

It was at this point of fiscal desperation that the legislature passed the \$30 million a year business activities tax. A business boom did the rest.

Republicans said this year's surplus would be more like \$13 million. Rep. Rollo G. Conlin (R-Tipton), chairman of the House taxation committee said:

"The governor seems to be optimistic."

Seers at the Capitol immediately predicted that agencies which have been pleading for years for more cash to run their services would renew their requests and the surplus would vanish.

"There will never be a tax reduction in state government," said one bureau chief. "Services may expand, and more people may be hired, but no less money will be required."

Gov. Williams took the opportunity to blast Republicans in the legislature for piling down his appeal for more building money for state colleges and universities.

Republicans said the problems couldn't be solved with mere money, that a complete survey of the needs of higher education should be undertaken.

The study is now under way under the direction of Senator Don Vander Werp (R-Fremont), chairman of the Senate education committee.

"We'll have something for the 1956 legislature," he said.

ANCIENT PROBLEM of what to do with an overflow of mentally retarded children is coming home to roost.

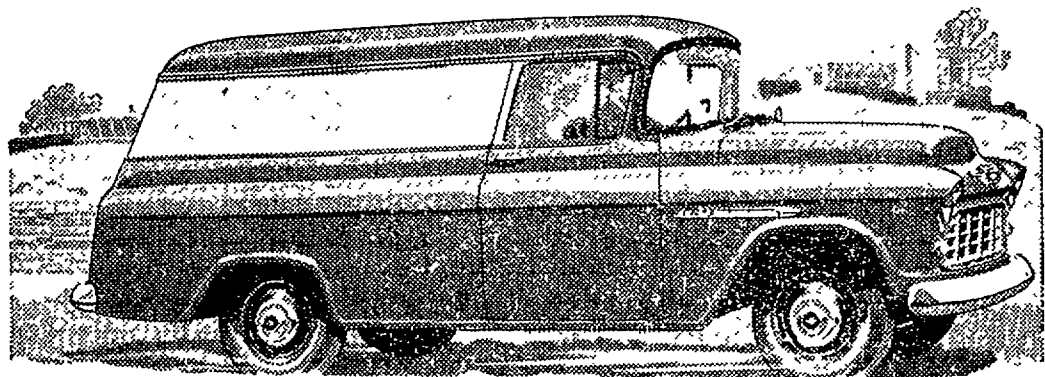

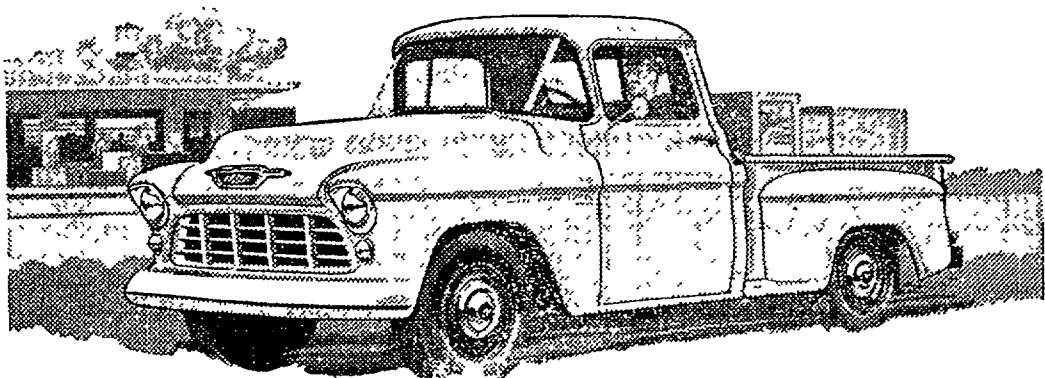

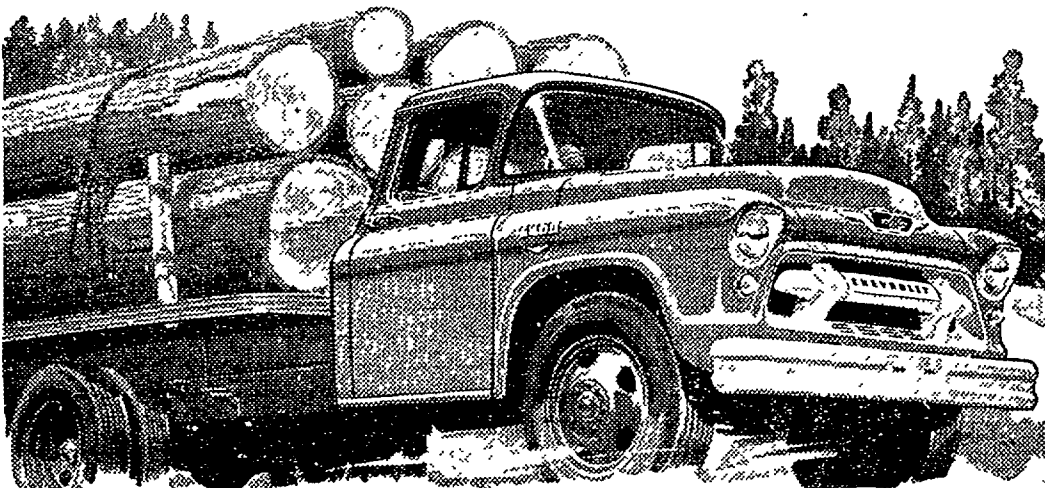

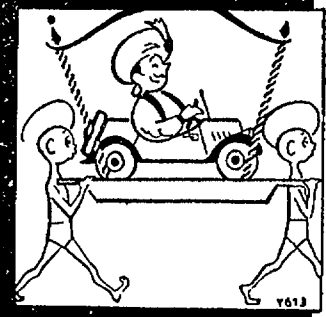

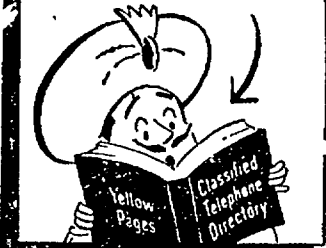

The governor is getting ready to call a special session of the legislature late in October to cope with the same issues that have bothered lawmakers in regular sessions for years.

The story has been told many times.

There are more than 1,800 youngsters with mental problems who cannot be admitted to LaPeer Home and Training School.

Mr. and Mrs. Glenn Gordon of Carpenter St. have returned from a week's stay in the Copper Country in northern Michigan.

Wedding Held In Grandparent's Garden

MRS. MICHAEL D. ROWLAND

The gardens of her grandparents' home on Meadowbrook Rd. in Novi, was the setting chosen by Eileen Leavenworth for her marriage to Michael D. Rowland on Aug. 27.

A multi-hued garden scene with a double trellis framed the couple as they were united in a double ring ceremony by the Reverend E. A. Britton of the Wayne First Congregational church. Large baskets of white

gladioli and marigolds and white satin kneeling cushions completed the scene.

Daughter of Mr. and Mrs. John R. Leavenworth of Wayne, the bride wore a formal gown of white lace, pleated net and satin made with a fitted bodice complemented by a tiny seed pearl collar and full-length sleeves tapering to the bouffant skirt. Matching seed pearls embroidered the tiny cap holding her fin-

ger tip veil. The bridal bouquet of white roses was in the colonial style with rosebud caught streamers.

Preceding the bride and her father, maid of honor Ann Green wore a ballerina-length gown in turquoise with a matching tiara and carried a colonial bouquet of turquoise and white.

Similarly gowned, bridesmaids Florence Godin, Lorraine Darling and Joan Rutherford wore melon pink, apricot, and pale green, while flowergirl, Linda Rowland, niece of the groom, wore soft yellow and ring-bearer, Billy Ritter wore a miniature tuxedo.

Best man for Mr. Rowland was Robert Leverenz, and ushers for the ceremony were Leonard Grabiac, Jack Leavenworth and Robert Billingsly.

Mrs. Leavenworth wore a street-length charcoal and white taffeta dress with white accessories for her daughter's wedding, and the groom's mother, Mrs. John E. Rowland, wore blue taffeta with white accessories and both mothers had corsages of pink gladioli.

Immediately following the ceremony, a wedding supper was held at the home of the bride's grandparents, Mr. and Mrs. Edward Behrendt, followed by an evening reception for 200 guests.

The new Mrs. Rowland chose a charcoal grey corduroy suit with white accessories for her going-away ensemble, as the newlyweds left for a week's trip in the Upper Peninsula.

Both graduates of Wayne Memorial high school, Mrs. Rowland is a first year student at Michigan State Normal college, Ypsilanti, and her husband is employed with the Robertson plumbing and heating company.

On their return the couple will make their home at 4391 Fourth St.

—PHOTO BY J. STARK

300 at Smith - Nowland Wedding Reception

A double ring, early morning ceremony united Janice Smith and Gerald Nowland in marriage at Our Lady of Victory church Saturday, Sept. 10.

The service was read at nine o'clock mass and the church was decorated with green palms and white mums and gladioli.

The bride, daughter of the Lealand V. Smiths of 419 Yerkes Ave., was escorted down the aisle on the arm of her father.

She wore a lovely pure silk wedding gown, with long sleeves

ending in points. It was fashioned with a tight fitting bodice and square neckline. Bands of embroidered seed pearls and sequins circled the neckline. The skirt was very full, falling in folds from embroidered hip bands and ending in a chapel train. The scalloped finger-tip veil was held in place with a cap of seed pearls and cut beads. Janice carried a cascade bouquet of white orchids and stephanotis with a white prayer book.

The bride's attendants wore

ballerina-length gowns of crystal-tulle with boat necklines and fitted bodices with full skirts. The back interest of the gowns was accentuated with pleated panels and bows at the waistline.

The matron of honor was Mrs. Garry Vance of New Boston, sister of the groom. Her gown was moss green and she wore a matching headpiece. The bridesmaids were Mrs. Robert Wagenschütz of Plymouth, sister of the bride, and Mrs. Ross Snow also of Plymouth. Both wore raspberry colored gowns with matching headpieces. Each attendant carried cascade bouquets of yellow and bronze mums.

Lynda Kay Wagenschütz, niece of the bride, was flower girl and wore white nylon. She carried a basket of yellow and bronze mums and her headpiece was a dainty band of mums.

Mrs. Smith, the bride's mother, wore a street-length gown of Dior blue dull satin with black accessories. Mrs. Nowland, mother of the groom, chose a navy blue street-length dress trimmed in white and wore navy accessories. Both mothers wore corsages of pink gladioli.

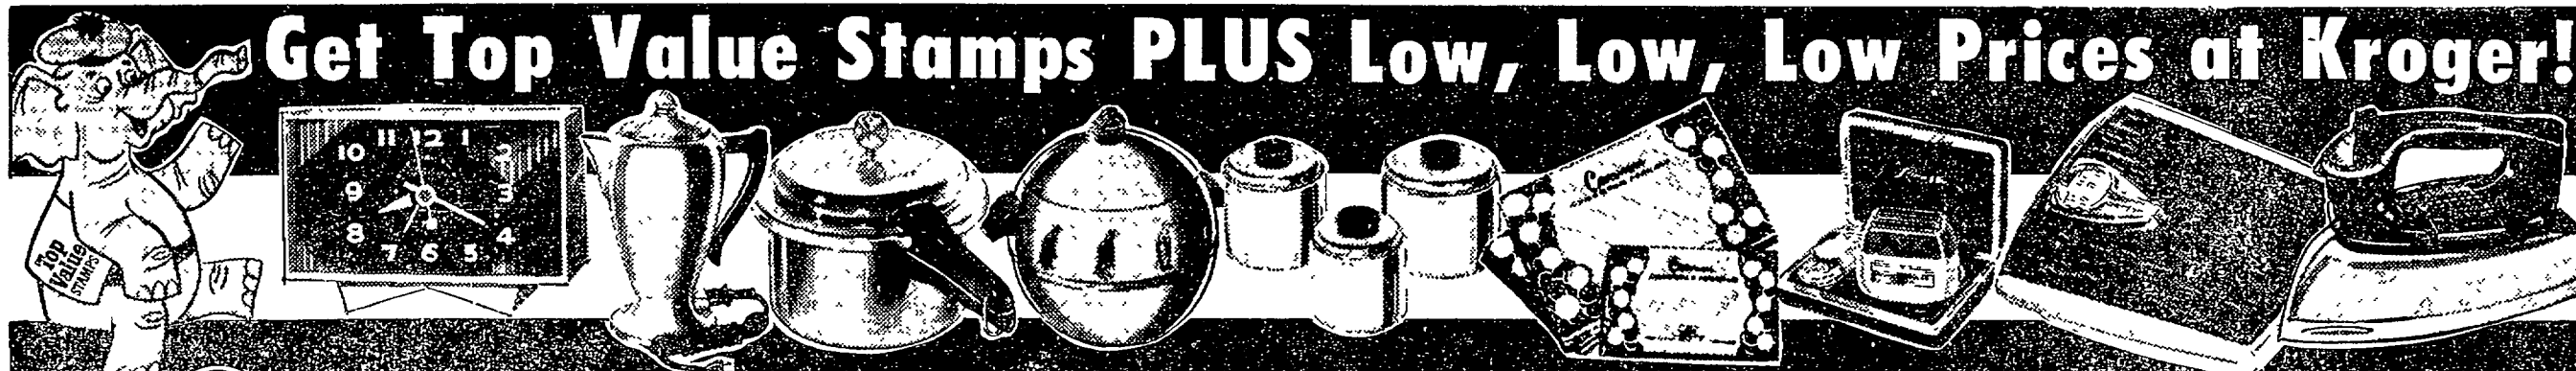

A wedding breakfast for 40 guests followed the ceremony at 11 o'clock at the Alfred Sibley home at 370 Eaton Dr.

An evening reception was held for 300 guests at 8 o'clock in the Farmington American Legion post home. Carolyn Smith, sister of the bride, was in charge of the guest book and Judy Junod served the punch. The reception was catered by Black's of Northville.

Mrs. Gerald Nowland graduated from Northville high school and is now employed by the Burroughs Corp. in Plymouth.

Mr. Nowland graduated from Trenton high school and served two years with the U.S. Army in Europe. He is now employed by the Wayne county forestry division.

The young couple are now making their home at 120½ E. Main St. in Northville.

Engagements

Mr. and Mrs. Rollie Heppler of Austin Dr., announce the engagement of their daughter, Sheila, to Craig Rathburn, son of Mr. and Mrs. Kenneth Rathburn of Northville.

Gay Duerson Back After Year In Paris

Gay Duerson returned to New York Sept. 7 on the S.S. Italia after a year's study at the Sorbonne in Paris. Mrs. Stanton Schaefer, Mrs. Harry Duerson and Mrs. Orrin Kilbourn of Connecticut were there to greet her.

The Longshoreman's dock strike started that day and complicated the debarking procedure. The crew of the Italia were forced to remove the baggage from the ship and the passengers were kept on the boat from 9 in the morning until 2 that afternoon.

Gay, Mrs. Schaefer and Mrs. Duerson spent the rest of the week in Simsbury, Conn., before returning to Northville Sunday.

During her year in Europe, Gay

Smith and Marilyn Cole carried the torch for the Northville Academy with a first and third. Teddy MacManus from Bloomfield and Randy Haass from Northville took second and fourth, respectively.

Academy Teams Score

The stadium jumping and the cross country competition in class B were won by Northville Academy's two teams, the Detroit Triangles and the Livonia Railtoppers. In the relay the Birmingham B team from Outlands placed second and the Railtoppers and Detroit Triangles placed third and fourth. The Triangles won the events with approximately 299 points which entitles them to the Junior Equestrian Team Trial Challenge trophy in Class B. This trophy has been won by the Northville Riding Academy's B team four consecutive times out of five trials.

The members of the team are as follows: Sally Sample riding Robin Hood, Marilyn Cole riding Dream Girl, Sara Cameron riding Madam, and Julie Smith riding Beachcomber.

The Grosse Pointe Rascals of the A team from Livonia took first place in the stadium jumping, third place in cross country jumping, and third place in relay.

James M. Jones one of the top dressage riders of the country, gave an exclusive exhibition at the show. Grant explained all the different executions. Miss Princess, Mr. Jones' horse, is also an all time winner in the field of dressage.

The Outland B team placed third in the "Prix Des Nations".

In other horsemanship honors during the past week, Doug Fournier's Arabian filly, Elan, won second place at the State Fair, and Cynthia Donahue on Soda Pop won the amateur five gaited class at Zeeland, Mich.

Northville Youth Score in Riding Competition Here

By Jane Hoyt
Greenleaf 1-7625

Northville youth took many honors in the Second Annual International Junior Equestrian trials at Franfield Farms near Northville last week.

Ideal weather brought out a record number of spectators to witness the trials.

There were well over 60 entries in the dressage class. Kitten James and Skip Dowd from Birmingham placed first and second, and Janet Spensley from London, Ontario, placed third. Karen Parachek from Toledo was fourth.

Winners from Northville Local horsemanship and local pleasure classes were won by Patty and Randy Haass, Kathy Kellogg and Sarah Schrader, in that order.

Chuck Grant's Bloomfield Irishmen won the Michigan championship and the highly coveted International Junior championship trophy, a trophy which might eventually lead to the 1956 Olympics in Australia.

In the individual jumping class, Joanne Wallace took the honors for the Northville Academy and Livonia, and in the Hunter Seat Horsemanship class, Julie

The Northville V.F.W. Post 4012 won the championship in Plymouth this season for the second consecutive year. Team members from left, top row, are Clayton Myers, Lawrence McArthur, Douglas Slessor, William Light, James LaRue and Fred Robinson. Bottom row, left, Walter Hammond, Joe Lasch, Orson Atchinson, Gil Perry, Art Asch and George White.

Blue Star Mothers

Novi chapter Blue Star Mothers, met at the home of Viola Lamontagne Monday evening with 12 members and one visitor present. Three hundred four dollars and 90 cents has been turned in to date on the refrigerator party benefit.

Mothers planning on attending the Detroit meeting in Mt. Clemens Sept. 27 are Mesdames Fred Mandilk, R. E. Ward, John Klaser, Joe Gardella, Steven Stephens and Frank Pennell.

The Mothers agreed to send \$5 toward a window in the Historic Mariners church.

Invitation was read asking the Mothers to attend the AMVET

Auxiliary charter banquet at the Mayflower Hotel in Plymouth on Sept. 29.

Reports were read on the picnic for Ypsilanti hospital patients in July by hospital chairman, Mrs. Joe Gardella.

Mrs. R. E. Ward and Mrs. Fred Mandilk attended memorial services at White chapel. Also report on the reception for the state president Iva Springer, at the Highland Park Methodist church.

Daisy Day is scheduled for Saturday, Oct. 8 with Mrs. L. Rix as chairman. The 13th anniversary dinner will be held Monday evening, Oct. 10 at the Mayflower Hotel, Plymouth. Mrs. Klaser, chairman. Bazaar and luncheon on Wednesday, Nov. 30 with Mrs. Frank Pennell as chairman.

HERE'S WHERE YOU GET A BIG NEW CHRYSLER FOR THE PRICE A SMALL CAR WILL COST!

We have only a limited number of the popular 1955 Chryslers left . . . and there will be no more. To clear them now, we'll give you the dream deal of a lifetime. We'll give you such a big allowance on your old car that you'll actually be getting a big new Chrysler for no more than you'd expect to pay for a small car in a few weeks.

Moreover, you'll be getting the car that set the style and performance pace in 1955 . . . with sales up 74% more than any other fine car. Popular cars always command a higher re-sale value. Act now, while we can still make this offer. In a few weeks your present car will be worth much less.

Willowbrook Residents Form Civic Association

More than 80 Willowbrook Village residents held a meeting at the Novi Community building Tuesday evening in an effort to form an area improvement association.

Jim Martin, 24461 Willow Lane, was elected to serve as temporary chairman of the group. The secretary will be Mrs. George Marinoff, 24230 LeBost Dr. A committee of three was appointed to assist in working out the by-laws and objectives of the organization.

Appointed to the committee were Bernard Weisberger, 23941 E. LeBost Dr.; Robert Waugh, 24422 LeBost Dr., and Fred Costello, 24461 Willow Lane.

Welcomed By Harrowood

The Willowbrook residents were welcomed to the area by President Leo Harrowood on behalf of the Novi Board of Commerce. The board's directors played host to the residents for Tuesday evening's meeting, serving coffee and donuts after the meeting.

Supervisor Frazer Staman attempted to answer many of the residents' questions dealing with community problems. Roads, water, schools, fire protection and speed limits accounted for most of the questions.

Will Blacktop Roads

Regarding roads in the area, Staman said all neighborhood roads are county roads and will be maintained by Oakland county throughout the year. The roads on the south side of 10 Mile Rd. are scheduled to be blacktopped in the very near future, he added, since blacktop roads are required for Veterans' Administration financing now in effect in the area. He had no information on the roads north of 10 Mile.

The subject of a water board and possible rates was discussed by the group. Staman told them (Continued on Page 10)

Novi Highlights

by Mrs. Luther Rix
Phone Northville 245-J

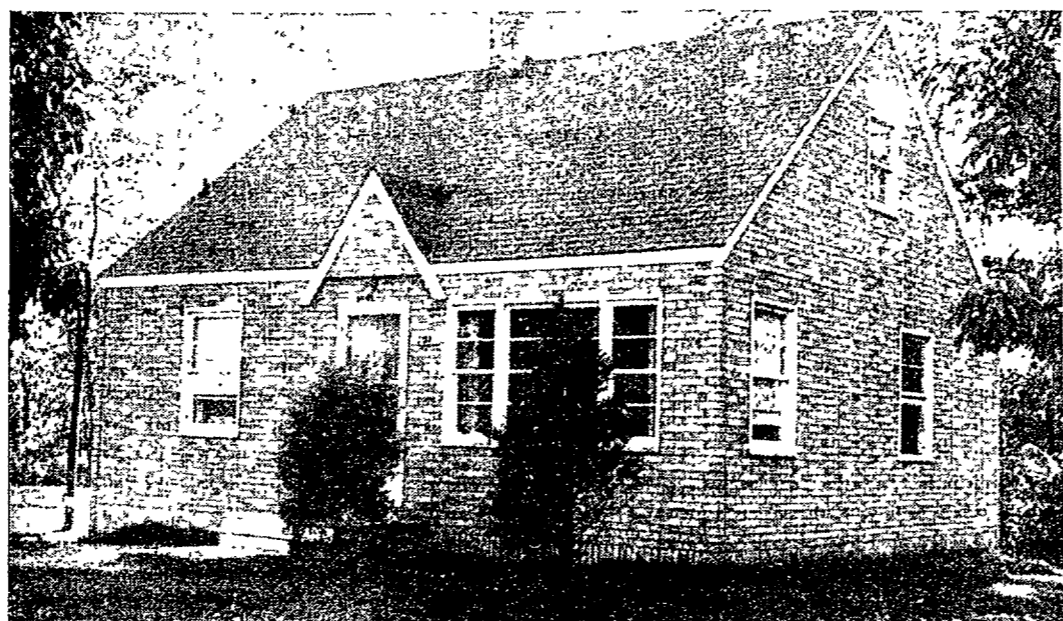

Mr. and Mrs. George Atkinson and Mr. and Mrs. Glen C. Salow spent the Labor Day week end in Chicago attending Powerama, taking a boat trip on a sight-seeing tour and seeing a stage play. Mrs. Charles Trickey, Sr. is on the sick list.

Mr. and Mrs. Leo Harrowood and daughters, Diane and Debby, flew to Finley, O. for a dinner date Sunday.

Mrs. Ethel Smith has just returned from a three weeks visit with sisters in Ohio and her daughter's family, in Tecumseh.

Mr. and Mrs. Steven Stephens had a week of vacation in Canada recently. They attended the family reunion for the first time in three years.

Mrs. Jack Eby, after several weeks absence due to her husband's illness, took over her duties as superintendent of the Bap- (Continued on Page 10)

AN OPEN WINDOW on the right side of the house is the only clue to passers-by of the events that took place last week end in this unoccupied 4-room house at 202 Buffington Drive. Novi Police Chief Lee BeGole is shown at left examining the charred remains of clothing in the bedroom closet. A fire, accidentally started by two small girls, had left the bedroom of the house in ruins, although the remainder of the house suffered only smoke damage. The owners of the house, Mr. and Mrs. Thomas Beck, have been away for three months.

Two Small Girls Set Fire In Unoccupied Home

An unoccupied home, an unlocked window, some matches and two small girls were the principals last week end in one of the strangest arson investigations ever encountered by local police officials.

The home, located at 202 Buffington Dr., had been unoccupied for the past three months while the owners, Mr. and Mrs. Thomas Beck, were on a trip.

Neighbors Suspicious

A neighbor, Mrs. Dollie Laingren, became suspicious Friday night when she saw lights in the house. Assuming the Becks had returned, she thought no more about the incident until the following morning when the house again looked empty.

At his wife's insistence, Fred Laingren investigated and from outward appearances, everything seemed to be in order. However, a strong odor of smoke prompted him to check further.

Varnish Melted By Heat

Upon entering the house, he found the bedroom literally "cooked" by a fire. Varnish on the floors and bed had melted, the plastic window shades had melted, and clothing in the closet had been reduced to ashes. Inexpensive jewelry had been strewn around the bedroom and living room.

However, lack of oxygen, caused by the closed bedroom door and window, had evidently extinguished the fire before it could spread to other parts of the house. The remainder of the house suffered extensive smoke damage.

Children Questioned

State police detectives were called to the scene immediately by Novi Police Chief Lee BeGole. Nearby property owners and their children were questioned by the pair in a search for possible clues.

Gradually it was learned that, unknown to the parents, many neighborhood children considered entering and rummaging through the Beck home a favorite past-time. They were quite familiar with the unlocked bedroom window, through which one child would hoist another. Numerous items of jewelry belonging to the Becks were found throughout the neighborhood, police said.

Played With Matches

Questioning eventually led to two small girls who had been playing with matches in the Beck home Friday night. A fire was accidentally started; they became scared and left.

Luckily, they closed the window behind them. Otherwise, with air fanning the flames, the house would have been destroyed, BeGole said.

Minnie Bourbonais Passes Away at 75

Mrs. Minnie Bourbonais, 75, died Sunday, Sept. 11 at Pontiac General hospital. She had lived in Novi for the past ten years. She was born in Duluth, Minn. on Dec. 1, 1880. Her husband, Fred, preceded her in death several years ago. She is survived by a son, Mathew Nixon of Novi and a brother, John, of Houghton, Mich. A sister, Mrs. Sophie Meagher also survives. She has four grandchildren and five great-grandchildren.

Rev. J. M. McLucas of the Novi Methodist church officiated at funeral services held at 2 p. m. Wednesday at the Casterline Funeral home Northville.

AMVET Auxiliary Banquet On Sept. 29

The Novi AMVET Auxiliary held their regular meeting at the post home on Tuesday, Sept. 6. Plans were made for the Charter banquet on Thursday, Sept. 29. Reservations are to be in to President Audrey Ortwin by Monday, Sept. 26 with a \$2 deposit required for members attending. Dawn Bailey will head the program committee. Dorothy MacDermaid will take care of the flower arrangements.

All members are urged to attend the regional meeting in Pontiac Monday night, Sept. 12 at the Bemis Olson post. The special speaker will be State Auxiliary President Gladys Tuck.

NOVI MOTHERS' CLUB

The Mothers' club will begin the fall season with a meeting at the Novi Community building next Monday evening. Mrs. Dye, Jr. is the president.

Harold Miller Named Trustee By Twp. Board

Harold Miller, township constable and well known Novi businessman was appointed to the position of trustee by the Novi Township Board at a special meeting Monday evening.

In appointing a trustee at this time, Supervisor Frazer Staman said he had been advised that a full five man board would be needed to act upon the proposed Ford plant zoning change scheduled to come before the board this coming Monday night.

Walled Lake Man Dies, Former Mayor Hurt in US-16 Crash

A Walled Lake man died and a former mayor of Howell was seriously injured Sept. 9 in a head-on collision on Grand River east of Novi.

Dying Monday morning from injuries sustained in the crash was William H. Dempsey, 35, 2906 West Rd. He had received internal injuries and a broken leg and died at Pontiac General hospital.

In serious condition was the driver of the other car, Shirley B. Henry, 55, Howell. A former mayor and newspaperman, he is well known throughout the area. Henry suffered facial lacerations, two fractured legs and one fractured arm.

The accident occurred on Grand River just west of Haggerty Rd. as Dempsey swerved his car into oncoming traffic to avoid hitting a dimly lighted car ahead of him. He blamed the car's dim tail lights for his failure to see it in time to stop, according to Novi police.

Glenn Salow Resigns, Loynes New Chief

Glenn Salow, Jr. resigned as Novi Township fire chief last week and was succeeded by Fred Loynes, according to a report received late last week. The township board was unable to confirm the report, saying they had received no official word of the action.

Novi Convalescent Home

Two new patients, Mrs. Carrie Dunlap of South Lyon and Mrs. Sara Kenny of Detroit were admitted to the Novi Convalescent home during Labor Day week end. All 22 beds are now taken. Mrs. William Mairs is reported to be slowly improving.

by MRS. THOMAS MORRISON
PHONE GREENleaf 4-2523

We are welcoming a few new families to our community in this edition:

Charles and Jenine Duprey of 23990 LeBost Dr. are former residents of Detroit. Mr. Duprey works for the Ford Motor Co. of Dearborn. Their hobbies are bowling and water skiing. The water skiing is a new accomplishment of Mrs. Duprey. They are enjoying their new home in our subdivision which makes them closer to their cottage at Runyan lake which they are building themselves. They have two children, Craig Charles who will be four in December, and Denise who is 17 months old.

Robert and Sally Nelson of 23925 E. LeBost Dr. are former residents of Oak Park. Mr. Nelson is sales representative of the Sylvania Electric Co. They moved into their new home Aug. 1. They have three children: Robin 5, Bobbie 3, and Jean who will be two in January.

Leonard and Mary Dinsor of 23911 E. LeBost, are former residents of Detroit. Mr. Dinsor works at A. N. Radler and Son Co. of Detroit. Mrs. Dinsor works at the Sister Kenny polio hospital in Farmington. They have one son, Joe, who is 10 and goes to school in Northville. Mrs. Dinsor's hobby is growing plants.

Joseph and Betty Crane of 23886 E. LeBost, are former residents of Belleville. Mr. Crane works for Rich-Wing Corp. of Detroit. They were married one year in June. They have one son, Stephen. Mr. Crane likes to play golf.

John and Ann Malick of 40921 Mooring Side are former residents of Detroit. Mr. Malick is a buyer for the federal government at the Detroit Arsenal. They will have been married 14 years in November. They have two children, Sherry Linda who was seven in (Continued on Page 10)

Novi School Notes

School enrollment and new pupils in Novi school are as follows: Forty registered in the kindergarten will attend in two sections this year.

Thirty pupils are registered in the first grade and 33 are registered in Mrs. Boyd's second grade. New pupils in the second grade are Gloria Jean Rogers, Helen Fox and Frieda Baze.

There are two new pupils in the third grade, Bonnie Campbell and Helen Noble, making 33 in all.

The new fourth grade pupils are Arthur Atkinson, Michael Watkins, Holly Fox and Charles VanEvery totaling 25.

The sixth grade has 28 pupils. The new pupils are William Krist, Cathy Noble and Shirley Campbell.

The combination fourth and fifth grade room has eight fourth graders and 15 fifth graders. Barbara Atkinson is the new pupil this year.

The eighth grade class has one new pupil, Grace Atkinson, making the total 31. The new pupils in the seventh grade class are Ava Sue Horner from Tennessee, April Fox from Detroit and Danny Triplett from Davison making a total of 31.

The fifth grade enrollment is 26 with Larry McCollum the new pupil. The fifth grade has made picture studies of their vacation fun. Prize winners were Brandon Faulkner, Willow Run; Brenda Coburn, roller coaster; Jeff Crawford, state fair; Lana Whistle, fruit and vegetable stand, and Kenny Hayes, Lake Michigan.

Nearly all of the 19 registered in the ninth grade are taking the new subjects, algebra and Spanish. Mr. Calahan of Plymouth is the new teacher of these subjects.

Football practice starts Monday night with 24 boys expected for practice. One game with Dublin has already been scheduled early in October.

Willowbrook Mains Lowered

SHOVELS WERE FLYING in the southern part of Willowbrook Village this week as crews labored to lower the water mains and service lines to the required depth to prevent freezing in winter weather. Listed among the casualties in the undertaking were several gas service lines in the area which were accidentally uprooted during the excavating. No injuries resulted from the severed gas lines although one dwelling was slightly damaged by a minor explosion.

Renee Joyce Benjamin, born Aug. 18 at Detroit Osteopathic Hospital is the second baby born at Willowbrook. She weighed six pounds, 10 ounces. Mother and daughter are getting along fine.

WELL SMOKED AND THOROUGHLY BAKED HAMS were about all that could be salvaged from the home of Mr. and Mrs. Elmer Christie, 48680 Ten Mile, after a fire early Tuesday morning which totally destroyed their home. Christie, an employee of Guernsey Farms Dairy in Northville, was awakened during the early morning hours by a passing motorist who saw the house on fire. Flames were raging out of control in the two story frame structure when the firemen arrived at the scene. A water tanker was called from the Northville Fire department to prevent nearby buildings from catching fire. Larry Kubiak, left, and an unidentified friend of Christies, are shown above handling the formerly frozen hams up to Christie.

NELSON PROFIT

MATTHEW STAMAN

Eight o'clock Tuesday morning marked the opening of Novi's newest business, Matt and Nelson's Shell service.

Operated by two well known young men in the area, Matthew Staman and Nelson Profit, the service station is located at Grand River and Eleven Mile Rd. The station was formerly operated by Ted Slenitz for a number of years.

Nelson, 21, attended the Novi school and recently finished three years service in the army, two years overseas in Europe. He married the former Jacqueline Graves of Wixom and they live on Novi Rd. just south of Grand River.

Matt, 19, is the son of Mr. and Mrs. Frazer Staman of Novi. A graduate of Farmington high school, Matt is engaged to Miss Viola Tamm of Farmington.

Both young men had been employed in the service station business locally before going into business for themselves.

August, and Denise Corrine who will be four in January.

John and Betty Hood of 40928 Mooring Side are former residents of Grosse Ile and Detroit. Mr. Hood works for Beneficial Finance Co. of Detroit. He also attends Wayne university where he is majoring in education.

Mrs. Hood is a Wayne university graduate and a former school teacher. She taught at Grosse Ile for two years. John Hood III was born at Providence hospital on May 17, 1955.

Karl and Marion Weiss of 40971 Mooring Side are former residents of Detroit. Mr. Weiss works for the Redford branch of the AAA of Michigan. They have been married 10 years. Mrs. Weiss is recovering from a recent operation. The Weiss' like to bowl. Mr. Weiss was made commander of the Century post of the American Legion.

He will be installed tonight Thursday. The Weiss' are attending a corn roast Saturday night given by the Strathmoor Lion's club at the Ivory Polo grounds.

Harry and Christine Prappas of 40960 Mooring Side are former residents of Detroit. Mr. Prappas works for the Western Southern Life Insurance Co. at the Highland Park branch. They both enjoy bowling. Mr. Prappas is an ardent baseball fan. He had been playing two nights a week during the season. He served five years in the army. They have been married two and one-half years and are expecting a baby soon.

Robert and Rita Boyd of 40992 Mooring Side are former residents of Detroit. Mr. Boyd works for the Production Corp. of Detroit. Their children are Roberta 5, Thomas 4, Nancy 3, and Denise 9 months.

Anyone interested in going to the annual Strathmoor Lion's club corn roast is welcome. You may buy tickets at the gate. It will be held at the Ivory Polo grounds, Eight Mile and Lahser. They will also serve hot dogs, etc. The children are welcome and during the day games have been planned for them.

The father and mother of Mrs. Lee of Mooring Side, and Mrs. Council of Florida left Labor Day to return home after spending four months with their daughter and son-in-law.

Mrs. Shirley Bernard of East LeBost was hostess to eight ladies for coffee Wednesday morning. It was given to introduce Betty Crane and Mary Dinsler to their neighbors. The ladies are Mary Chismark, Sally Nelson, Mary Rairigh, June Weisburg, Ellie Cater, Mary Dinsler, Betty Crane and Shirley.

Miss Janet Rairigh of LeBost has returned from Toledo and Cleveland after saying good bye to her friends before leaving for college. Janet is leaving Friday to attend Iowa State college which starts Sept. 21.

Mrs. Steele of Iowa, mother of Mrs. Buck of LeBost, spent a week with her daughter and son-in-law. While she was here they saw "South Pacific".

Mr. and Mrs. Sommerville just returned from a two weeks vacation in Canada. They were in the Chapleau Arrear near Aubrey falls. They stayed at the Limber Lost lodge. Mrs. Sommerville caught a nine pound northern pike which they had iced so it could be brought back and shared it with their neighbors, the Connelys.

Jim Martin returned from his fishing trip in Canada with a 10 pound great northern pike. His

buddies, George Kozak, George Bagenski, and John Hrymak, also caught plenty of fish. They camped out for a week at Rocky island in the Chapleau area.

Mr. and Mrs. George Marinoff attended the 25th anniversary Sunday of their past pastor.

The Leon Hurlburts of Willow Lane are building an addition to their house, including a larger storage space and an enclosed porch.

I would like to thank Mrs. Jane Marinoff for taking over my column while I was on vacation during the month of August.

Belated anniversary greetings to a few of our neighbors. Sorry we missed them but our files weren't completed at the time.

The John Hoods of Mooring Side, on their first anniversary Aug. 28; the Robert Byrds of Mooring Side on their eight anniversary Aug. 23.

Congratulations to Colleen Connolly, who was five Sept. 15; the Freytags of LeBost Dr. on their anniversary Sept. 6, the Bernard Wersberger's of LeBost on their anniversary Sept. 9 and the Willcwbrosk Boys' club.

Dinner Party Marks Birthday for Eddie Beard

Eddie Beard was invited to celebrate his 11th birthday Wednesday, Sept. 14 at the home of his grandparents, Mr. and Mrs. William B. Walker of "Happy Acres" on Eight Mile Rd.

Included in the party were his two sisters, Nancy and Katie, and his brother, Mike, with his parents, Mr. and Mrs. Paul Beard.

To complete the family party Eddie's grandfather, Edmund S. Beard, and uncle, Allen Beard, together with his aunt, Elizabeth Beard, joined them for dinner.

Migrant Children May Receive Second Vaccine Shot Here

The County Health department states that children who have moved into Northville from other areas and who received their first Salk vaccine shot at some other school may have the second one next Wednesday, Sept. 21, upon written request from parents.

The requests should be addressed to Miss Ruth Knapp, RN, at the Northville grade school and should state when the child received the first vaccine.

Just because a man pitches a good line is no sign he has a lot on the ball.

Novi Highlights ...

(Continued)

tist Sunday School this past Sunday. Mr. Eby is recovering satisfactorily.

Mrs. John Klesner, Sr. entertained in honor of her husband's birthday at a turkey dinner for 20 guests Sunday. Several more guests came during the afternoon. The guests were from Novi, Detroit and Birmingham.

Mr. and Mrs. Frank Pennell attended the county fair at Saginaw Tuesday.

Mr. and Mrs. Charles Trickey, Jr. entertained a group of friends from Byron Sunday. They were Mr. and Mrs. George Vince and children, Mr. and Mrs. Lee Gordon and children, Mr. and Mrs. B. Campbell and children and Mr. and Mrs. Darwin Secord and children.

Mrs. Mike Rackov is in St. Joseph hospital, Ann Arbor, for x-rays and treatment.

Mrs. Paul Ginstle returned to her home on Twelve Mile Rd. the latter part of this week after one week in New Grace hospital.

John and Mitchell Rackov are returning to U. of M. after orientation this week. Mitchell, who is a junior this year, is studying aeronautics and John, who received the Regent Alumna scholarship this year is in his last year of electrical engineering.

Mr. and Mrs. Alfred Gow visited the latter's sister, Mrs. G. A. Stever in Owosso recently.

Mr. and Mrs. Russell Race gave a dinner party for the members of their pinocle club Saturday evening. The guests were Mr. and Mrs. Otis Tewksbury and Mr. and Mrs. Edward Rix of Plymouth, and Mr. and Mrs. Alfred Gow, Mr. and Mrs. Howard Greer and Mr. and Mrs. Luther Rix.

Mr. and Mrs. Stanley Orzechowski returned the latter part of the week from a week's visit with the former's parents in Pennsylvania. They also attended the wedding of a niece.

Mr. and Mrs. Russell Taylor and son Bobby, attended the Chrysler picnic at Camp Dearborn Saturday.

Luther Rix celebrated his birthday Sunday at a family dinner at the Rix home on First St. Mr. and Mrs. Ed Rix and son, David, of Plymouth and Mr. and Mrs. David O'Leary and son, Randy, of New Hudson were present.

Novi Baptist Church News

The rally day banquet of the Novi Baptist church will be held in the church dining room Thursday, Sept. 22 at 6 p.m. A movie of the Gablean Children's missionary home in Kentucky will be shown from 7 to 8 p.m. by missionaries from the area. Everyone is welcome to attend.

On Sunday, Sept. 25, Rally Day will be held during the Sunday school period with a program at which time promotion certificates will be awarded.

Novi Methodist Church News

Novi Methodist church WSCS will have their regular monthly meeting at the church Wednesday, Sept. 21 Mrs. Leo Harrawood and Mrs. Frank Watz will act as hostesses for the pot-luck dinner at noon.

The ladies will cook and serve the board of commerce dinner in October.

The annual bazaar will be held the first Wednesday in November.

Northville Schools -

(Continued)

portant bearing on the size and location of the new school that must be erected in the near future. Novi township's population is expected to mushroom greatly if Ford's Lincoln division builds at the corner of Grand River and Wixom Rd.

Tax Situation Serious

Unfortunately for the school situation of both the Novi districts and Northville, the plant site lies just within the boundary of the Walled Lake district and accordingly its school tax will go entirely to that district. Families of workers in the Lincoln plant, however, will locate in the entire surrounding area with the Novi districts probably getting a large share of the growth. While Walled Lake will get the financial benefit, its neighboring school districts will be put to large additional expense in educating the children of Lincoln workers.

See Other Industries

The Northville board recognized also that Ford's move to Novi township is probably the forerunner of similar industrial development in the area. Whether it will be in the area embraced by the Northville and the Novi districts is still a matter of guesswork. The over-all problem confronting both Northville and Novi school districts is so far-reaching that it will require detailed cooperative study before any sound determination on future educational needs of the districts can be made.

The Citizens' Advisory Group of the Northville district is evaluating the many problems and it is hoped that some kind of a tentative decision can be reached later this fall.

The board also heard reports by Superintendent Russell A. Amerman, High School Principal Elroy Ellison, Intermediate Principal Harry Smith and Amerman School Principal Richard Kay on overcrowded classes and buses. This reflects an enrollment of 1,513 pupils this year to date. Amerman pointed out that "we are getting to the point in enrollment where we can't give the students the courses they want because we lack both teachers and class rooms."

Ellison said an additional school bus must be purchased to handle the large number of children from the outlying area. The pres-

Willowbrook Assn.

(Continued)

that the state board of health recommends the rates. Eventually a water board will be set up, he said, and residents of Willowbrook Village will be represented on the board. Any excess money paid in rates, he added, will go into a special fund for repair or emergencies arising within the system.

Schools Biggest Problem

Schools and the crowded conditions existing on the school buses were a problem for their school board, not the township board, Staman advised the group. Since Willowbrook is located in the East Novi school district, they must look to their own district for a solution to many of their problems.

Northville schools are not obligated to furnish either buses of schooling for Willowbrook children, he warned. Overcrowded schools and buses in the Northville system have given rise to rumors that Northville may no longer accept Willowbrook pupils.

District No. 8 Makes Offer

Staman pointed out to the group that Novi District No. 8 had offered to accept Willowbrook children on the same type of tuition basis under which they are going to Northville. A few East Novi students are now attending the District No. 8 school, he said. The recently completed \$200,000 10-room addition has space to accommodate these extra pupils, according to school board member Jack Crawford.

Staman reaffirmed his belief that if the four remaining Novi districts consolidate, they will be able to build a high school of their own within a very few years. He pointed to the 40-acre tract at 10 Mile and Novi roads as a possible site for such a high school.

Whatever the members of East Novi District decide, he added, they must act soon because a newly passed state law requires all school districts not operating their own schools to consolidate with another district by December 1957.

A possible reduction in fire rates throughout the area may be forthcoming, Staman said, with the arrival of a recently ordered \$20,000 American LaFrance fire engine. The fire station is exactly two miles from Willowbrook.

Several residents asked about the possibility of establishing a speed limit on 10 Mile Rd. and were told that a petition had already been signed by many of the residents and forwarded to the Oakland County Road commission. They have turned the request over to the state police, Staman said, and a survey of traffic conditions in the area will soon be under way. All speed limit areas must be recommended by the state police, according to Michigan law.

ent five buses are traveling 200 miles per day and in some instances are extremely overcrowded, he said. One bus with a capacity of 60 has to carry 89 on one trip. Another of like capacity carries 75. He also pointed out that if a bus were to be laid up for repairs there would be no means of transporting pupils while it was out of service.

Other business consisted of a request from the Northville township board for a lease on the abandoned Waterford school building, to which the board tentatively acquiesced, authorization of the purchase of additional tables to handle heavy enrollment in bookkeeping and typing classes, and a decision to have a doctor in attendance at all home football games.

FORD VALVE PLANT IS MODEL

250 Workers Get \$1,000,000 Yearly Pay; Most Spent Here Factory Believed To Be Most Efficient Valve Producing Set-Up In United States

The Ford valve plant at the corner of Main and Griswold streets is Northville's most important industry.

It employs approximately 250 persons, including about 30 women, and its annual payroll is in excess of \$1,000,000. Most of this sum goes to workers living within a 10-mile radius of Northville, many of whom shop in local stores, patronize Northville service establishments and send their children to Northville's schools. Plymouth, Walled Lake, South Lyon, Farmington and Livonia benefit likewise, although not in the same proportion that Northville does.

Provides Livelihood for 1,000 Individuals

The payroll of this one Ford plant directly and indirectly is the source of livelihood of approximately 1,000 individuals—Ford workers and their families, and others in occupations which cater to their needs.

The plant is also the largest single taxpayer in the city, with an assessed valuation of \$351,700 and a city tax bill this year of \$5169.

The present plant was built in 1936 to replace a 3-story structure purchased by the company in 1919 and converted to manufacture of valves for Ford engines in the following year. Previously this plant had been owned by the Dubuar Manufacturing Co., a wood-working firm which was a leading Northville industry around the turn of the century.

Was Henry Ford's Attempt To Decentralize

Acquisition of this old Northville landmark just after World War I was a step in Henry Ford's attempt to decentralize some of

the Ford company's operations in Highland Park and Dearborn and locate them in small communities near Detroit. His thought of 35 years ago, that men who could work in their fields after their day in the factory might be happier than those living in a crowded city, has now won almost universal acceptance. Everywhere there is in progress an exodus of big industry from the congestion of large cities since the war, as typified by Ford's announcement a month ago of a plan to move its Lincoln division offices and manufacturing plant to Novi township.

First Ford Plant Produced 180,000,000 Valves

The first Ford plant in Northville operated from 1920 to 1936 and produced more than 180 million valves. The new plant which was erected in 1936 was built according to the highest standards of that day as a single-story structure with the latest production equipment available at the time. Periodically it has been retrofitted to keep abreast with the times. The latest instance occurred this spring, when its manufacturing set-up was modernized to make it what is probably the most efficient valve producing plant in the United States.

Northville Plant Produces All Ford Valves

The plant is now Ford's sole source of valves for new cars and for service in the field. As such, it is a highly integrated manufacturing unit in which automation has been carried as far as is practicable. The battery of automatic grinding machines shown below and operated by one man can produce upwards of 40,000 valves in an 8-hour shift. The plant produced more than 2,000,000 valves in August.

Edwin Flaherty, capable manager for many years, is nearing retirement age. He will probably turn over the reins to a younger man in the near future.

Heading the UAW Local 896 is J. T. Stone, president, who has proved himself to be an able, level-headed leader. Relations between management and the union have been good.

First Ford Plant

This three-story brick building, home of the old Dubuar Manufacturing Co. for many years, was purchased by Ford in 1919. Part of the plant's old machinery was moved to Greenfield Village. The old Russell steam engine was taken to Dearborn to be rebuilt, then returned to the local plant.

Ford's valve manufacturing was transferred here from Dearborn and Highland Park in 1920, with experienced workmen from those cities manning the plant. Gradually, however, local people were brought in and today a high percentage of employees are from Northville and the immediate surrounding area. From 1920 to 1936, more than 180 million valves were made in the plant.

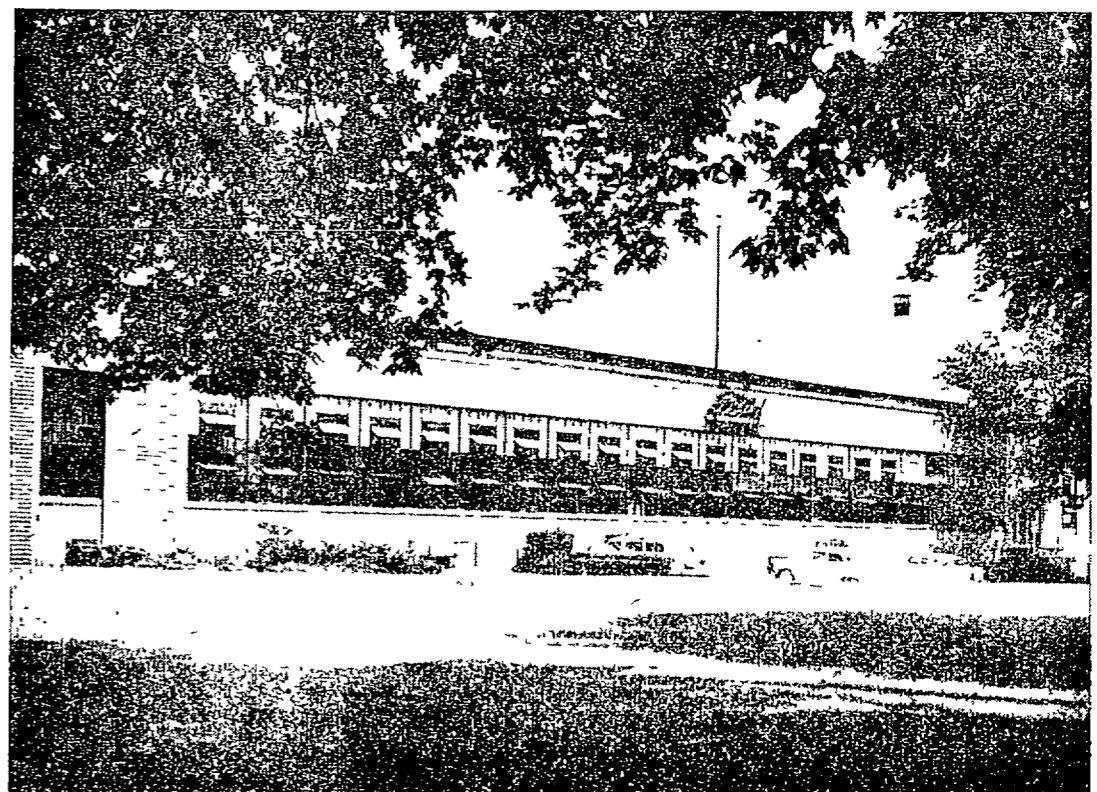

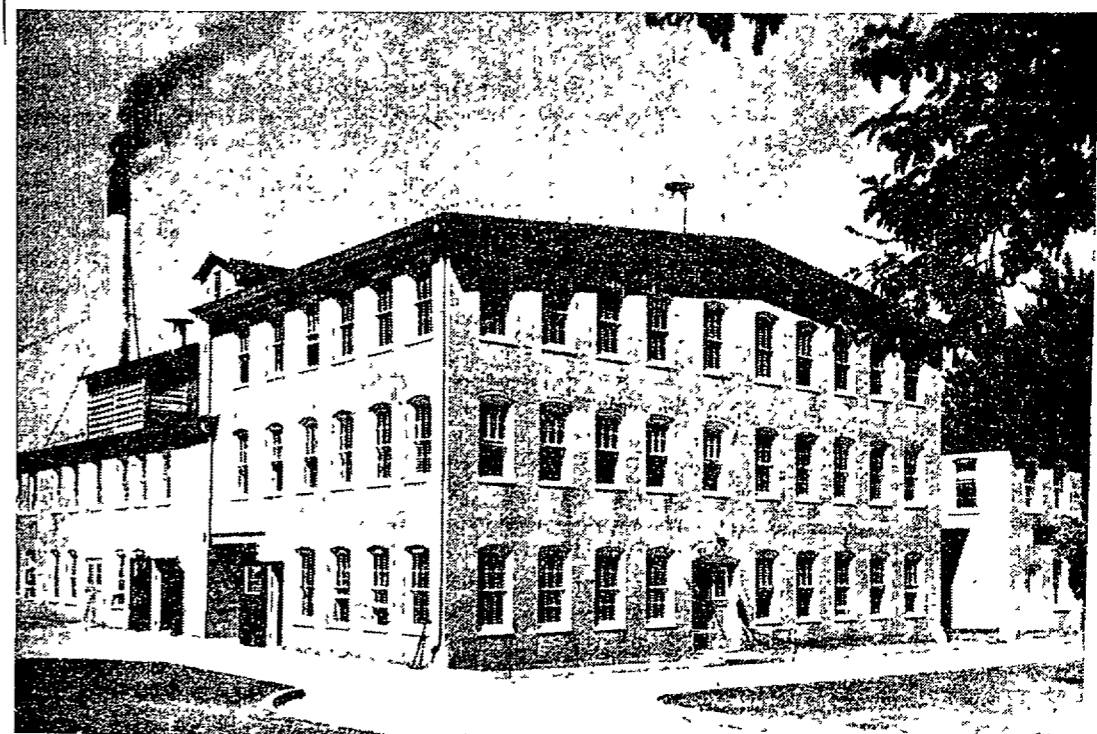

Present Plant

Although the Ford Motor Co. pioneered the mass production of automobiles, Henry Ford tried in building the present valve plant in 1936 to preserve at least a hint of the industrial scene with which he was familiar as a boy. The present spacious lawn which is so well maintained by Eddie Long, the mill pond with its flock of ducks, and the water wheel which turns occasionally to remind passers-by of a vanished age, give lasting testimony to his effort.

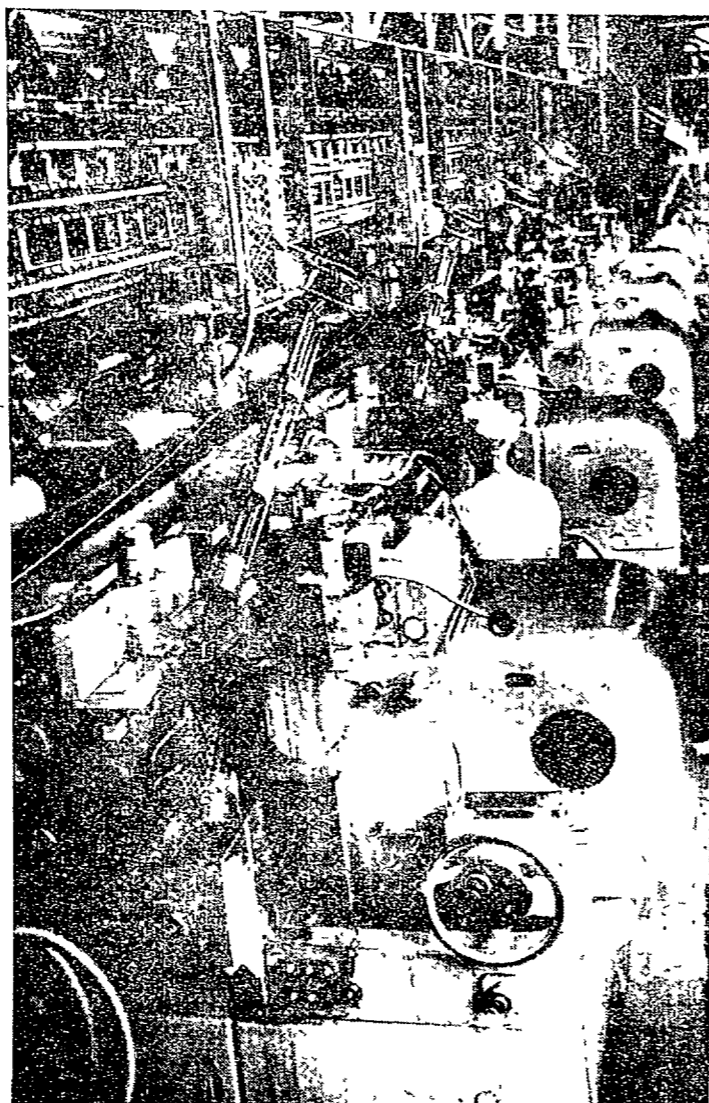

The plant's exterior linking of the present and past gives way immediately when one enters the door to a manufacturing set-up that speaks only of the future. Although there is no means of comparing it with similar operations of General Motors and Chrysler, it is certainly one of the most efficient operations in the auto industry.

The Northville Record

SECOND OLDEST NEWSPAPER IN WAYNE COUNTY—EST. 1868—Thursday, September 15, 1955—11

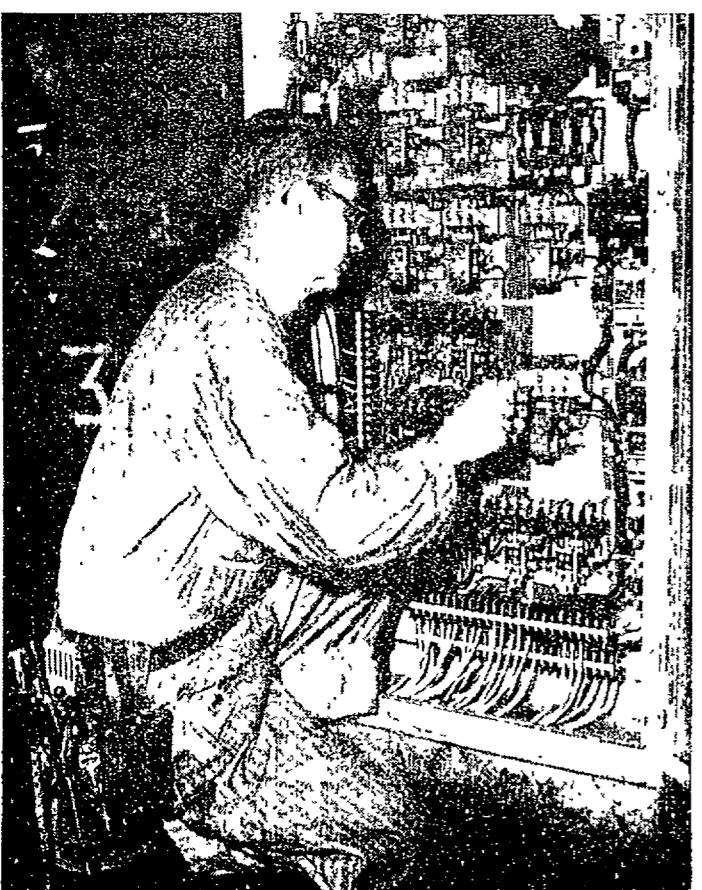

Valves produced in the Rouge plant's precision shell casting foundry are trucked to the Northville plant for grinding and other finishing operations on the latest automatic machinery. First they are put through valve straightening machines like the one above operated by Edward Fairchild. Succeeding operations are automatic. The battery of six grinding machines, (right) is probably the most efficient set-up of its kind in the world. Fully automatic and operated by only one workman, these machines progressively smooth the head of each valve and grind it to the desired tolerance. They produce around 40,000 valves per eight-hour day.

Mrs. Myrtle Duchesneau, one of the approximately 30 women employees, operates the "robot inspector", an electronic machine which checks precision-ground exhaust valves used in the plant's new overhead-valve engines. At a maximum rate of 3,000 per hour, the valves go into the automatic inspector like bullets into a machine gun. Passing through their chutes, the approved valves in each group automatically are stamped red or green. The colors later aid engine assemblers in selecting exhaust valves of exact size.

All water and metal particles resulting from the valve grinding process are separated in giant settling basins located on the north side of the plant. Workman Gary Deal loads a bucket of the settled "mud" which contains approximately 65% metal particles and is sold for reclamation. The water is then recirculated again in the grinding machines.

This master electrical control box for the entire factory is not as complicated as it looks if you have the "know-how" of Bob Edwards, plant electrician. But it's not something for a novice to fool with.

Harold Pankow of the skilled maintenance department, drops a suggestion in one of the boxes placed around the plant for this purpose. In 1954 \$1,130 was paid to Northville employees for valuable suggestions.

Pitching horseshoes and feeding the flock of ducks on the mill pond are popular lunch-hour pastimes in summer. Dick Smith and Tony Bongiovanni were pitching a friendly game and Ward Riley was feeding corn to the ducks when the photographer passed by.

CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets
Plymouth, Michigan

The fact that understanding the allness of God, Spirit, frees man from the idolatry of materialism will be set forth at Christian Science services this Sunday.
Keynoting the Lesson-Sermon entitled "Matter" is the Golden Text from I Corinthians (10:14): "My dearly beloved, flee from idolatry."
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read (475:3): "To infinite Spirit there is no matter,—all is Spirit, divine Principle and its idea."
Scriptural selections will include the following from Isaiah (42:5,8): "Thus saith God the Lord, he that created the heavens, and stretched them out; he that spread forth the earth, and that which cometh out of it; he that giveth breath unto the people upon it, and spirit to them that walk therein: . . . I am the Lord: that is my name: and my glory will I not give to another, neither my praise to graven images."

"HELP WANTED"

Walking down the main street, one often sees a sign in store windows asking for someone to come and help them. We would probably laugh at a person who would walk down the street with a "Help Wanted" sign hanging around his neck.

Yet, if the truth were known, there are many people who are in need of help. They are confused, perplexed, and troubled by events in their lives and in the world; if only they could find someone that they could tell their problems to and receive a true answer! Americans spend \$125,000,000 annually for advice and information from fortune tellers. What are they doing? Simply this—trying to find an answer to this complex life. Now, if you are in need of help, dear reader, allow me to introduce you to Jesus Christ. He is interested in you. He loves you and can solve every problem of your life. Go to Him with your burden of sin, make a full confession before Him and trust in His mercy to forgive you and cleanse you as you believe in Him. As your Saviour, He will take the tangled strands of your life and set them straight. He will give you a purpose for living and new hope for the future.

Events of the Past in Northville

News Items Taken From the Files of the Record

ONE YEAR AGO—

Novi will hold a special election to alleviate the crowded school conditions. They will vote on a proposal for a \$200,000 ten-classroom addition.

Over 80 parents and children attended the meeting of the Northville Junior Audubon Society held in the grade school lunchroom. Robert Merriam showed slides of wild flowers and conducted a bird identification contest.

Jack Heslip was released from service in the army. He was stationed at Camp Leonard Wood for two years and spent a few months in Camp McCoy in Wisconsin.

The Northville branch of the National Farm and Garden Assn. will beautify the grounds of the new Community Bldg. The cost is estimated to be \$1500.

FIVE YEARS AGO—

Dr. Walter Belasco announces the opening of his office for the practice of optometry.

The annual Harvest Festival will be celebrated at the Methodist church house Sept. 17.

Mrs. Levi Frank Eaton, aged 96, Northville's oldest resident, died here Sunday.

Shirley Ely and John McKenna were wed in a double ring ser-

vice in Our Lady of Victory Church.

Lois Jean Taft and Keith Simmons were united in marriage at the Methodist church.

TEN YEARS AGO—

Lt. Paul Terry, USNR, was given a commendation ribbon for outstanding service aboard the USS Houston.

The Ray C. Honsinger barn burned to the ground this week. Origin of the fire is unknown.

Lt. Vernon Biddle and Staff Sgt. Leonard Fritz have received awards for meritorious service.

Oscar Hammond is the newly installed commander of Lloyd H. Green Post, American Legion.

Marie Watkins of Pine Bluff, Ark. and Essie Nirider were married Sept. 7 in Arkansas.

TWENTY YEARS AGO—

Frederick Hedge, village clerk, died Monday of bronchial asthma.

Belle Covert Adams retired after 30 years of teaching.

School attendance dropped this year—726 as against 773 last year.

Steps were taken this week toward a merchants' organization. Local business men met in the Methodist church house for dinner and to listen to Ray Morton Harday nationally noted retail authority.

FORTY YEARS AGO—

Charles Smock has a new Ford automobile.

Mrs. R. Christensen and Mrs. B. Welfare and baby accompanied Miss Ruth Christensen to Everett Saturday where she will teach this year.

Pipes for the Northville-Plymouth gas service will be laid Monday.

Hospitals Start Nurses Training

On Sept. 6 and 7, registration for the fall term will begin at the Mercy School of Nursing of Detroit's six state-wide units.

First year students of the school register at that time for their freshman work at one of the three units offering the pre-clinical training that makes up the freshman program.

The Mt. Carmel Mercy hospital and St. Joseph Mercy hospital units here in Detroit and the St. Lawrence hospital unit in Lansing are the three centers offering the first year training.

Students who will later complete their education at the Leila Y Post Montgomery hospital unit in Battle Creek take their first year at Mt. Carmel. Future students of the St. Joseph Mercy hospital unit in Ann Arbor enter the Detroit St. Joseph unit. The Mercy hospital unit in Jackson, enrolls its new students at the Lansing unit.

University Women Meet In Plymouth

The Plymouth branch of the American Assn. of University Women will open the fall season with a meeting today, Thursday, at the home of Mrs. W. H. Bock, 9165 Six Mile Rd. at 8 p.m. Mrs. Bock's co-hostesses will be Mrs. D. M. Whitesell and Miss Helen Gilbert.

The study group on radio and television will sponsor this meeting and Carl Cranish will be the guest speaker.

Mr. Cranish will explore the possible modes of study of our two main means of communication, radio and television. He will discuss their effect on our culture, their growth, technical and physical aspects, and problems to be solved. Mr. Cranish will suggest ways to develop good listening habits and how to evaluate radio and television programs.

Mr. Cranish teaches public speaking at Plymouth High school and has bachelor and master's degrees in speech, drama, radio and television from Michigan State university. He is working on his doctorate at the University of Michigan. He has received a Ford Fellowship.

Mrs. D. H. Sutherland, chairman of the study group on radio and television, has announced that the group is just being organized and that the monthly meeting will be arranged at a time which will suit those members who wish to participate.

The total enrollment for the school's six units is expected to be approximately 305 new students.

Lincoln Postpones Original Opening

The Lincoln division of Ford Motor Co. today announced a postponement of public showing of the 1956 Lincoln cars in dealer showrooms.

Originally scheduled across the nation for Sept. 8, introductions of the Lincoln will be held Sept. 16 in all regions but the Midwest, where it will be held on Sept. 14. Ben D. Mills, vice-president and general manager of the Lincoln division, said the dates were changed to insure all dealers of a greater supply of automobiles on introduction day to meet what is expected to be a heavy demand.

Two new models have been added to the Ford truck line—a T-750 tandem axle model in the heavy truck series, and a new, longer wheelbase pickup.

Gross vehicle weights extend from 5,000 pounds on the pickup to 42,000 pounds on the heavy duty tandem axle models.

For 1956, Ford's cab design introduces increased visibility of wrap-around windshields and optional wrap-around rear windows. Introduced for the first time to the trucking industry are two standard safety features—a safety steering wheel and safety door latches. Seat belts are optional.

The safety steering wheel is designed with a rim three inches above the horn button to give the driver's chest added protection from the steering column in case of a crash.

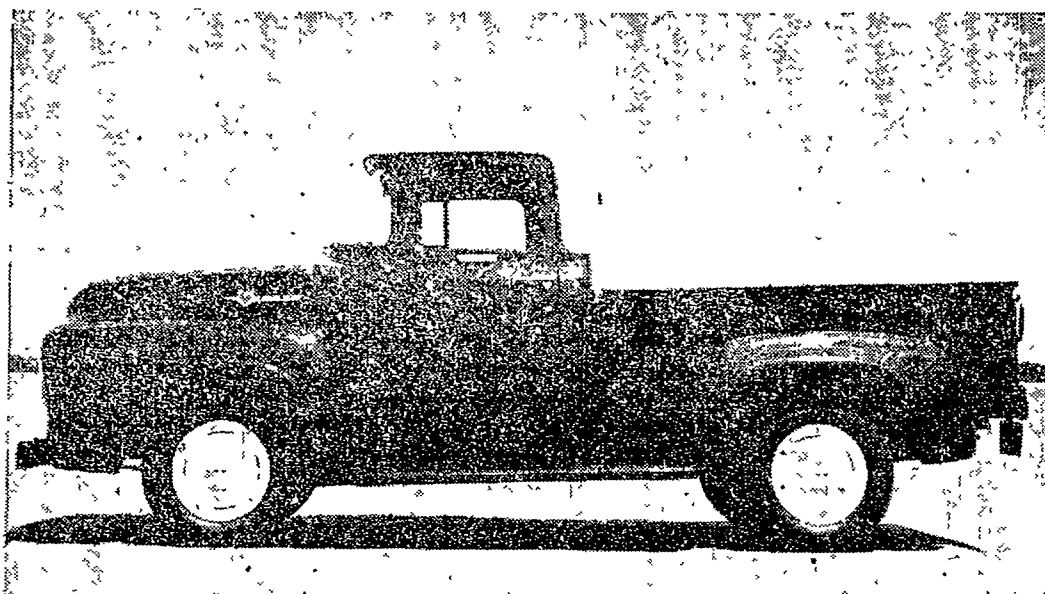

Also, a new safety door latch reduces the chance that doors will open in an accident, providing occupants added protection from being thrown out of the cab.

Tubeless tires, standard equipment this year, increase Ford truck economy. Larger payloads can be carried because tubeless tires and wheels weigh less, which is important to a trucker with as many as 10 tires on his truck. They reduce tire-change time up to 70 per cent.

Ford's short stroke, low friction engine design has been continued this year in eight engine combinations developed for more power, fuel savings and durability. Horsepower has been increased in all engines, by 12.7 per cent in the smallest 223 cu. in. six cylinder engine rated at 133 hp to 17.6 per cent in the largest 332 cu. in. heavy duty Y-8 engine rated at 200 hp when equipped with a four barrel carburetor.

DON'T SCRATCH THAT ITCH! IN 15 MINUTES.

You MUST be rid of the ITCH or your 40c back at any drug store. ITCH-ME-NOT actually gives triple-action relief. It deadens the itch, peels off flaked outer skin. **KILLS GERMS AND FUNGUS ON CONTACT.** Fine for eczema, foot itch, other surface rashes. Today at Gunsell's Drug Store, 102 E. Main St., Northville.

NEW CAB STYLE—Ford's F-100 pickup truck with wrap-around windshield and hooded roof is available in a 110 or 118 inch wheelbase to carry either a 45 or 65 cubic foot box. Powered by a 223 cu. in. I-block six cylinder engine rated at 133 hp, or a 272 cu. in. Y-8 rated at 167 hp, the pickup has five transmissions available: standard, overdrive, Fordomatic and heavy duty 3 speed and 4 speed. Ford's 1956 trucks go on display at 6,800 Ford dealer showrooms September 23.

MORE POWER IN FORD LINE—Ford's 1956 F-750 Big Job is a heavy duty truck with a gross vehicle weight of 21,000 pounds. High performance is obtained with a special heavy duty 168 hp Y-8 engine equipped with a four-barrel carburetor. It is one of the most powerful engines in this weight class. Five different wheelbases and power steering are available on this model. A hard aircoop aids engine performance. Official model introduction date is September 23.

Northville Residents Invited To Enroll In Plymouth Adult Education Classes

Residents of Northville are invited to enroll in the Plymouth adult education program starting the first week in October. Plymouth Adult Education Director Herb Woolweaver announced this week Registration starts Sept. 19, he said.

This year's schedule of classes has been listed in a printed directory entitled "Things to Do in the Plymouth Community Schools". The directory, put out by the Adult Education and Recreation commission, Plymouth Township School District, may be obtained through the recreation

office in Plymouth high school, at the Wayne county library, at the Plymouth chamber of commerce office and at the Plymouth city hall.

The pamphlet gives general information on the adult school program including who may register, when activities begin, when and where classes meet, how the classes are formed and what office to contact for any further information.

Registration, as designated by the directory, may be done by any one of three methods.

Evening registration takes place from 7 to 9 p.m. during the week of Sept. 19 in the adult education office in the high school.

Day registration takes place from 8 to 5 in the adult education office in the high school.

The third manner of registration is by mail whereby persons may send a check, name and address, phone number, course title, to the adult education office, Plymouth high school.

The various classes offered in the adult education schooling program are:

Arts and Crafts—Fly tying, leather craft, millinery, oil painting, photo coloring, sewing and tailoring.

Business Education — Book-keeping, business English, negotiable instruments, stock market fundamentals.

Home and Family Living — Mental health, cake decorating, meats, rug hooking, salads, slip covers and draperies, silk screening, rug braiding, upholstery, and wood finishing.

Special Classes — Bridge, conservation lectures, dog obedience

training, driver training, English for new Americans, know your government, philosophy-practical wisdom, practical speech, and conversational Spanish.

Vocational Trade Classes — Blueprint reading, shop mathematics, shorthand by Gregg, typing, welding.

Adult Activities — Bowling for women, badminton, basketball,

community chorus, ballroom dancing, square dance class, square dance club, swimming, symphony orchestra, theatre guild, men's barber shop chorus, Swedish gymnastics for women.

Any person not enrolled in a regular day school may take part in the adult education system. Most of the classes will meet one evening a week from 7 to 9 for a 10-week period. There are no classes that will be accredited as college credits.

Davy Crockett may not have shot an Indian, killed a bear, or saved the Alamo—but in 1955 he sure did wipe the spacemen off the map.
