Annual Citizenship Banquet Honors 17

NEW VOTER, Miss Alayne Austin, receives her certificate from Mrs. Samuel Geraci, president of the Co-ordinating Council, in a special preview showing for the Record and its readers. Alayne is the second member of her family to receive a certificate. Last year her sister, Faye, was in the coveted "21" circle.

Young women, wearing corsages of six yellow and white chrysanthemums tied with ribbons of red, white and blue; and young men, wearing boutonniers of like combination, walked down the aisle of St. Paul's Lutheran church Wednesday evening and received certificates which acknowledged them as Northville's newest voters.

There were 17 in the group. Sixteen reached the age of 21 this year and one woman had recently been naturalized. The

Citizen Airls Complaint At Regular Commission Meet

An irate home owner made an appearance at the city commission meeting Monday evening to tell the group about the sewer trouble on S. Center St. and to suggest that the sewer be enlarged.

"The sewer has always backed up in my basement," said Harley Cole, 223 S. Center St., "but last week the county road commission workers broke off a man-hole and there was a foot of water in my basement Saturday, about \$500 damage. The sewer is only eight inches and should be enlarged. I think it should be taken care of before the cement is poured."

Cole's house is the last on the street and he is the only home owner there with continuing sewer problems. The sewer backed up the drain into other basements on S. Center St. last week, but they are now in good condition. "The sewer backs up every evening," Cole said.

"If the contractor has to put in a larger sewer he won't make the county deadline," said Commissioner Allen.

"Then they should extend the deadline," Cole said.

"The street would be ripped up all winter," Commissioner Al-

Children 5-9 To Get Polio Shots By Xmas

Dr. Howard Cadwell, Wayne County Health Commissioner, announced that 31,325 out-county children now in the second and third grades have received their second Poliovirus immunizations. This program is now completed in these grades in this area, which includes all of Wayne County outside of Detroit and Dearborn. No further poliovirus shots are necessary for children until late next spring, before the onset of the next polio season.

Now that this program, with vaccine paid for by the National Foundation for Infantile Paralysis, is completed, it will very shortly be possible to supply private physicians with vaccine for all other children aged five through nine. It is hoped that all these children can be immunized before Christmas.

Are You A Booster?

Are you wearing an orange and black button that identifies you as a Northville Booster? If you aren't, Dr. L. W. Snow, chairman, suggests this: "Don't wait to be asked, get one from any of the organizations or individuals selling them."

The second annual football booster banquet will be held at 6:30 p.m., Saturday, Nov. 12 at the Community Bldg. A few banquet tickets are still available to the public for \$1. Persons wearing Booster buttons, which sell for 50 cents will be admitted to the dance following the banquet.

Buttons may be purchased from the following: American Legion, American Legion Auxiliary, Veterans of Foreign Wars and their Auxiliary, Rotary, Optimist and Exchange clubs, Northville Merchants Assn., Daughters of the American Revolution, Northville Women's Club, Northville Mothers' Club, Our Lady of Victory Mothers' Club, Business Women's Club, Lutheran Church Women, Presbyterian Men's Club, Methodist Service League, Northville High School, Eastern Star, Mayor Ely, Gill Glasson, UAW-CIO and Northville Garden Club.

JUST PRACTICING. Seven fire departments participated in a fire demonstration in Plymouth in conjunction with Fire Prevention Week. Those who joined in the event were Northville, Detroit House of Correction, Canton township, Novi township and Livonia. Hundreds of people watched the fire-fighters in action including Northville's Mayor Claude Ely and Commissioner Earl Reed who later reported the show to other city officials.

Provisions of New Northville Charter Summarized by Charter Commission

The resume of the proposed Northville City Charter which appears below was prepared by the charter commission as a brief statement of features which the commission deems important. Members of the commission are T. R. Carrington, chairman, Lynn Sullivan, secretary, A. M. Allen, L. M. Eaton, Earl Reed, Harvey Ritchie, John Stuben-voll, Edward Welch and G. C. Woodworth.

Your Charter Commission believes that the proposed Charter provides excellent administrative procedures, while still retaining the benefits of the best features which our Village has enjoyed. The Charter places full responsibility for the government of the city in the Council and gives adequate authority to the Council to carry out the responsibilities imposed upon it. The Charter is quite broad, permitting adaptation to fit the needs of our community without necessitating numerous Charter amendments in future years.

THE PROPOSED CHARTER PROVIDES FOR:

ELECTIONS
(1) Continuing non-partisan elections to be held on the 1st Monday in April of the odd numbered years, the same date as the State spring election, thus minimizing the number of elections and election expense.
(2) Overlapping terms for Councilmen which, together with the election of a Mayor, results in the election of a majority of the governing body at each regular city election.

(3) Original nomination of candidates by petition.
(4) Recall of elected officials.

Special Election on New City Charter Seen in Late November

The Northville Charter Commission will ask the City Commission to call a special election in late November or early December to vote on a proposed new city charter.

The charter has been completed for several weeks but no move has been made heretofore to submit it to a vote because the city commission desired to have a vote at the same time on annexation of the Yerkes subdivision. An ambiguity in the state law governing annexation elections has made it necessary to secure a legal opinion from the attorney general. This opinion has been promised for today (Thursday).

If the opinion comes through as promised, the annexation proposal can be included or omitted from the charter election depending upon whether the attorney general's opinion is favorable or unfavorable.

T. R. Carrington, chairman of the charter commission, has called a meeting of that group for next Monday evening to formally approve and sign the charter, which will then be sent to the governor's office for approval. The complete charter will be published in the Northville Record not less than two nor more than four weeks prior to the election. A public meeting is also planned by the charter commission to give residents an opportunity to hear an explanation on the charter and to ask questions.

Slate Homecoming Parade for Friday

"I love a parade." That's not only the title of a song, but also the opinion of many people. You too? Well, if you like a parade with floats, pretty girls, and a band that plays loud and sweet you won't want to miss the Northville high school Homecoming Parade this Friday.

According to David Hartner, homecoming chairman, the parade will start at the high school at 2 p.m. and follow this route: from the school to Cady, to Rogers, to Main street and east on Main to Plymouth Ave. Then to Beal, to Church, to Cady, to Center, to Dunlap, to Linden, and back to the school.

Plan Sub-structure To Be Completed By December

Test Well Shows Ample Water Supply According To Ford Motor Co. Official

Construction work on the new multi-million Lincoln headquarters and assembly plant near Wixom Rd. on Grand River is scheduled to get under way within the next few weeks in hopes of completing the sub-structure before winter weather sets in, a spokesman for the Lincoln division of the Ford Motor Co. announced in Northville last week.

Speaking before the Northville Optimist club, Douglas Allison, chief of Lincoln's facility planning division, said that with a scheduled completion date for the new plant of early spring, 1957, it is imperative that they start work immediately and get most of the underground construction work done before the ground freezes.

Water Adequate

Recent test drilling has disclosed rock structure of a type assuring ample water supply in the area, Allison added. This will be Ford Motor Company's first experience at providing its own water supply and three large wells are planned to provide water for the plant.

In the course of his talk before the Northville Optimists, Allison traced briefly the history of Lincoln and the factors underlying their choice of the Wixom Rd. plant site.

Founded in 1920 by Henry Leland, the company was purchased by Henry Ford in 1922 and shared management with other divisions of the parent company until early 1934.

On April 15, 1955, the Ford Motor Company set up the Lincoln division. Authorized to have its own headquarters and assembly plant, the new division was headed by Ben D. Mills, vice-president and general manager.

Needs Estimated

One of the new division's first problems, Allison said, was the location of the new facilities, plant and offices. A list of requirements were set up.

The division headquarters and general office building employing approximately 1,000 persons would require 20,000 square feet, they estimated. The assembly plant employing about 4,000 people would require another 1,400,000 square feet. A total of 325 acres would be needed for the plant, 40 acres under roof and the balance for test tracks, employee parking, expansion and landscaping.

Because Detroit is the acknowledged center of the auto industry, officials felt that it was necessary to locate the office of the new division in the Detroit area. Location of the plant, however, required considerable study, Allison said.

Would Save \$1,000,000

Combining the offices and assembly plant in one location, Lincoln officials estimated, would save \$1,000,000 yearly in man-

power, transportation, communications and records.

Next, a study of inbound and outbound transportation costs was made. Sixteen cities in the mid-west were studied in the survey. The Detroit area was found to be most favorably located cost-wise for receiving major component parts.

With regard to outbound freight rates, Indianapolis, Indiana was found to be the most economical distribution point for shipping finished cars to all points in the United States.

Tiffin, Ohio Best
Tiffin, Ohio, a small town about 40 miles southeast of Toledo, was judged to be the best location considering a combination of inbound and outbound freight rates. An estimated \$598,000 would have been saved yearly by building the Lincoln plant in the Tiffin area.

However, the \$1,000,000 saved yearly by having the plant and offices in one location more than offset the \$598,000 freight saving at Tiffin, and company officials decided to locate the plant in the Detroit area.

Served by two railroads, the C&O and Grand Trunk, the area was also adequately served by highways such as Grand River, Pontiac Trail, and a multi-million dollar limited access expressway which is now under construction.

Sufficient land was readily available and the topography was excellent for a large industrial building, company officials found. The distance from Ford Motor Company's Schaeffer Rd. headquarters was only 28 miles.

312,000 People In Area
Experience had shown, officials said, that manpower could be drawn from a 15-mile area around plants. Suburban Pontiac and Detroit, supplemented by smaller nearby communities were found to be more than adequate to meet Lincoln's manpower needs.

In a survey of the area, Lincoln officials found that 17,000 people live within a 5-mile radius of

FIRST DAY ON JOB FINDS POLICE ROOKIE BEWILDERED

WRITING out reports of accidents and various other police investigations is one of the first lessons given to Rookie Alex Funke by Police Chief Joseph Denton.

"This is an accident report sheet, you fill it out this way....
"This is a traffic violation ticket, you fill out this way....
"This is the teletype code list, memorize it....

"This is the 2-way car radio with direct connection to the Wayne County Sheriff's Patrol, you push this button and....

And so it goes.

Anyone who has a job knows that the first day, especially, can make the job seem less than a dream, it could seem like a nightmare.... so many things to remember. Police Rookie Alex Funke, the new addition to Northville's force, was finding his first day no exception.

Funke has a lot to remember and a lot to learn, but he has already taken one step. He said, "I realize that this job has no glory attached. It's a job that must be done and I am intent on learning my duties quickly and performing them to the best of my ability in the interest of the community." Among other things, (Continued on Page 8)

WATCHING Patrolman Eugene King operate the police car radio seems complicated at first to Rookie Alex Funke, but eager to learn, in no time he'll be pushing the button and saying, "Car 48 calling in".

Mrs. Drake Older and nine-year-old Debbie are shown enjoying Orange Pudding. Served hot or cold, this delicious orange pudding is very easy to make. The true orange flavor is brought out in the grated orange rind, which makes any fruit pudding—lemon or orange—so much tastier. It is not too rich—but it's just right to serve after any kind of a meal.

Never cut this recipe in half

ORANGE PUDDING

2 eggs, separated
1 cup sugar
1/4 cup flour
1 cup milk
1/2 cup orange juice
1 tablespoon orange rind, grated
1 tablespoon lemon juice
2 tablespoons melted shortening

Beat the egg yolks until light—fold in the sugar and flour alternately with the milk. Add orange juice, lemon juice and orange rind and shortening. Fold in stiffly beaten egg whites. Pour in greased casserole and set in a pan of hot water. Bake in moderate oven (350 degrees) for 45 minutes. The Older family have lived in Northville for five years and reside at 364 S. Rogers. Their eldest daughter, Priscilla is a freshman at Oberlin college. Another daughter, Julie, is in high school and Debbie, with her perky pig-tails, is in grade school.

Introducing . . . The Donald Hannabarger Family

The Donald Hannabarger Family

Our newcomers this week had their eyes on Northville for sometime before moving here. Both Mr. and Mrs. Donald Hannabarger come from the same small town in Illinois and after living in Chicago and Dearborn decided this was where they would like to live.

Mr. Hannabarger was with a managing and consulting firm in Chicago before moving to Dearborn in 1950. He is now supervisor of programming in the Production Control department of the Ford Motor Co. He received his B.A. degree from the University of Illinois and took his Master's degree at the University of Chicago.

Besides looking after Gregory, aged four, and Charles Cress, one year old, Mrs. Hannabarger's hobbies are ceramics and upholstery. Mr. Hannabarger's hobby is photography.

In driving around this area on Sundays, they were attracted to Northville by the beautiful trees which reminded them of their home town of Lanark, Ill. Lanark is about 120 miles west of Chicago.

The Hannabarger's purchased the home formerly owned by the Adrian Willis family at 220 Wing St.

WSC Members Ask Action To Save Wildlife Oasis

By Harold S. Hartley
Member of Wildlife Sanctuary Committee

The area surrounding Northville has been unusually rich in wildlife, particularly birds. Perhaps this is because there are numerous orchards, meadows, woodlots and not a few ponds.

Among the most interesting ponds is one located just north of 9-Mile Rd., at the north end of a jog which the road takes between Beck Rd. and Napier. If

you had visited this marshy pond, bedded with peat, during the early part of September, you would have seen no less a bird than the stately American Egret, its white plumes stirring in the wind. The very fact that this bird is now seen near Northville is a triumph of conservation struggle on the part of the National Audubon Society, for only a scant 50 years ago it was almost extinct. Under protection this beautiful heron will soon become a nesting species in the vicinity of Northville — if some marshes and ponds are preserved to afford proper facilities and food.

This pond and the woods and meadows adjoining it are now for sale by Mr. Attaway of Redford. Unless some conservation-minded citizen or civic group takes action to save this wildlife oasis, it too may disappear as others have.

C. A. Smith and L. H. Wood, W. 9-Mile Rd., returned to Northville Saturday, Oct. 15 with two of the finest bucks seen this season.

The men were hunting in Kenora, Ontario, 1,080 miles from Northville. This is their story:

"We left Northville Oct. 8 for Kenora, Ontario by way of the Straights, Superior, Duluth and International Falls, Minn., and Fort Frances, Ontario to Kenora. From there we flew to Murray's Camp which is located on the Winnipeg River north of the Canadian National Railway.

"Smith made the first kill Tuesday, Oct. 11. It was a splendid 100 pounder dressed out. This one was taken near Sword lake.

"Wood hit the jackpot Friday noon with a fine 187 pound 10-point buck dressed out. This one was also taken near Sword lake, but two miles back in the brush, requiring five hours to get it out to the last boat. We had to make three portages using a canoe on three different lakes before getting back to the large boat to return to camp. On this last day we had three excellent guides to assist and all were needed to get this big fellow out.

"We had the plane fly back to camp Saturday afternoon and it took us and the two deer back to Kenora. We arrived in Northville Sunday afternoon, averaging 46.8 miles per hour total elapsed time and not just driving time.

"We had a fine trip and we are all set for another next year. This was Smith's third time hunting from Murray's Camp.

Merchants Treat Children Oct. 31

This combined treat, sponsored by all of the merchants belonging to the NRMA, will take place of individual treats from each store.

Rough Roads Ahead, No Relief Until Jan.

Things are rough all over, especially the roads in Novi Township.

Roads, sewers, septic tanks, and a subdivision came up for discussion at Monday night's meeting of the Novi Township Board.

In answer to many requests from residents in the area, Supervisor Frazer Staman outlined the road repair problem now facing the township. The only thing preventing the township from putting every road within its limits in first-class shape, Staman said, is money — or lack of it.

Budget Already Spent

The year's budget of \$16,406 has already been spent, and with three months yet to go the township has been forced to borrow money from its general fund in anticipation of next year's road budget.

Staman cited the extremely bad condition of many roads early this spring as the chief reason for the current financial troubles. "We went too far last spring," he said, "in trying to put the gravel roads back in shape so residents could get to and from their homes."

The amount of money received from the state for the operation and maintenance of township roads is based on the population of the area and the miles of roads involved. The money comes from state sales and gasoline taxes. Novi's share last year was \$16,406.

County roads are maintained by the Oakland County Road Commission and the state roads are maintained by the Michigan State Highway Department. In answer to question from Willowbrook Village residents, Staman said that all roads within the subdivision are scheduled to be turned over to Oakland County and will therefore be maintained as county roads.

ADJUSTING the flange around the drill pipe, employees of the Taggart Gas Co. were getting ready to start drilling for gas this week. The well is on the property of Martin Crowe and Munroe Fraser, Six Mile Rd. near Ridge. If the well is found to be productive, 160 acres will be needed which entails the consent of approximately four other land owners.

NORTHVILLE PUBLIC SCHOOLS Board of Education Minutes

The regular meeting of the Northville Board of Education was held in the Board Room on Monday, October 3, 1955 at 7:30 p.m.

Present: Robert F. Coolman, Nelson C. Schrader, Eural F. Clark, Donald B. Severance and Superintendent R. H. Amerman.

Absent: E. Jane Wagenschutz.

Others Attending: Principals Ellison, Smith, Kay; Mrs. William Milne, Mrs. J. H. DeLaGardie; our school auditors, H. Earl Hanson and Harold Perry, and Alice Hosback.

The minutes of the August meeting were carefully reviewed and approved as written.

Communications:

Statement from Novi Township that we were to receive \$303.55 in delinquent taxes.

Mr. Amerman presented Mrs. Milne and Mrs. DeLaGardie, representing the Parent Study Committee, with a request that the board underwrite the fall and winter program for adult education courses to the extent of \$500 to \$700.

Mr. Amerman recommended that the board agree to at least half of this program and then make a careful evaluation of the aims and goals of the course before making further commitments.

Mr. Clark moved that the board accept this recommendation with the proviso that the Parent Study Group continue its efforts to raise additional funds to support the program.

Mr. Schrader seconded the motion with the request for a roll call vote.

Ayes: Mr. Clark.

Nays: Mr. Schrader, Mr. Severance.

The motion lost.

The board authorized the Building Committee to install a gas range and a temporary sink and drain boards in the kitchen at the Amerman School in time for the dedication program, if possible.

The board also authorized this Committee to install blacktop sidewalks around and along Center Street at the Amerman School site.

The board authorized Mr. Amerman to negotiate a new fuel oil contract with the Gulf Refining Company.

Reported by Superintendent that 921 children are covered this year by the Group Accident Insurance program.

Board agreed to move the date of the next regular meeting to Tuesday, November 8th in order that the dedication program for the Amerman Elementary School might be held on the 7th.

Mr. Ellison advised of the urgent need for another school bus and the board requested that bids on a 60-passenger bus be solicited in time for the November board meeting.

Treasurer Clark gave the following financial report:

Received since September meeting \$25,240.54

Balance in General Fund, September 30, 1955 50,856.18

Balance in Building and Site Fund, September 30, 1955 31,787.92

Balance in 1954 Debt Retirement Fund, Sept. 30, 1955 11,766.52

Balance in 1954 Debt Retirement Fund, Sept. 30, 1955 23,511.69

Upon motion by Mr. Schrader and second by Mr. Severance the report of the Treasurer was accepted, and bills and payrolls were approved for payment.

Mr. Severance and Mr. Schrader advised that after considering the possibility of leasing the Waterford School to the Township of Northville it is their recommendation that a four or five year lease be drawn, at a minimum rental of \$25.00 per month, that the Township assume all costs for renovating, repairs and upkeep, and that the school board retain the right of repossession upon six months' written notice if needed for school purposes.

The board accepted this report and handed the matter to Mr. Little for legal processing and presentation at the next board meeting.

Mr. Earl Hanson and Mr. Harold Perry presented in detail their report of the audit of the Board of Education Accounts for the year 1954-55. Copies are on file at the superintendent's office for inspection by any interested citizen of the school district.

Upon motion by Mr. Clark and second by Mr. Severance the meeting was adjourned at 11:50 p.m.

Utilities On Hand

Utilities such as lights, gas and telephones being already on hand, water and sewage disposal were the main problems to overcome. The test well assured adequate water supplies and the excellent drainage characteristics of the soil assured them no difficulties would be encountered in disposing of their own sewage. Storm sewers would be necessary.

A sewer is scheduled to be built on the north side of town, in the near future, "about two years away" according to Commissioner Stubenvoll.

Cole said that he would call on the Board of Health if he didn't receive any satisfaction.

Commissioner Stubenvoll told Cole that there was a mechanism on the market to prevent the backing up, a clapper valve, and that he should try that.

Mayor Ely agreed that the sewers in Northville were not large enough, and instructed the chairman of public works, Allen, to see that the manhole is cleaned out and the sewer flushed to remove any debris that may still be clogging the outlet.

Adults Want Use of Scout Bldg.

Mrs. Robert Dearing asked the commission if her club could have the use of the Scout Bldg. every Thursday evening, Commissioner Welch, a member of the Scout Bldg. Committee, said that the committee is not yet functioning and "... it is too early to promise the building to anyone. Youths have a preference over adults," Welch said.

Stan Johnston, in charge of recreation, said, "If we give the building to your club every Thursday night we will be setting a precedent. Other groups will want to use the rooms and the building is supposed to be for youth activities."

Mayor Ely said that he thought adults should have the building once a week. Welch said that he thought it would be all right for the group to continue using the building twice a month, but the final decision would have to come from the entire committee at the next meeting Nov. 9.

Mayor Ely appointed Lynn Sullivan to the Scout Bldg. Committee as a representative of the people of Northville. Sullivan is also the vice-president of the Camera club.

City Will Collect Rubbish

After discussing the pros and cons involved in letting an outside company pick up the rubbish in Northville, the commission decided that the city was doing a good job and giving residents more service than the disposal company could. MR. FACING BOTH WAYS

In Bunyan's immortal classic, Pilgrims Progress, we meet a character by the name of Mr. Facing-both-ways. He represents people who want to appear to be in favor with two opposite parties. He first joins hands with one and the next day joins with the other. Perhaps there is no field so crowded with the Mr. Facing-both-ways than in Churches today. The Lord made it clear that the Devil and the World are on one side and that He is on the other side. He says in James 4:4 "Ye adulterers and adulteresses know ye not that the friendship of the world is enmity with God? Whosoever therefore will be a friend of the world is the enemy of God" and again "No man can serve two Masters." When a person becomes a Christian, he is no longer of this world (John 17:16) even though they remain living in this world.

He not only accepts Jesus Christ as His Saviour but He also accepts Him as His Lord to submit His regulations for Christian conduct. These are very often directly the opposite of the custom of the unbelieving world, so that there can be no harmony between the two. The Christian who wants to please God and the World will be very miserable.

The Queen contest is only a part of homecoming. Home-rooms and clubs are making floats for the parade. In addition, freshmen are making pom-poms to sell, the football team is practicing, and everyone is looking forward to the big dance afterwards.

THE DANCE

An 18-piece "teachers" band directed by Robert Williams, will play for the "Come As You Are" dance after the game, in the Community Center Bldg., from 9:30 p.m. to 1:00 a.m.

Sponsored by the "N" club and the Pep club, the dance is open to the public. Tickets are one dollar each.

NEXT WEEK

You'll be seeing a complete photo-story of Northville high school's homecoming in the Record next week.

Couple of the week: This week the couple is Greg Chapman and Ginny Sutton. Greg, a senior, and Ginny, a junior, have been going together about a year. They both participate in many school activities, are well-known around the school and are liked by all.

Teeny Bits

By Emilie Seguin

Kids, what are we going to do about our cheering section? Everyone knows times are not too good, but what has that got to do with our school spirit? An incident related to this was reported to the column by an anonymous observer. It seems that at our last pep rally, one student had enough school spirit to stand up and ask the kids to get more pep in their cheering. Down front sat two would-be Northvillites. Said one to the other with a little snicker, "Some joker up there has really got it bad."

The team can't do all of the fighting alone, so let's do something about it, gang.

This week, a poll was taken at Northville High to find the pet peeve of teen-agers. The winner, by a high ratio of three to one was "girls who smoke". This may bring a bit of cheer to those parents who think all teen-agers are a lost cause.

Three handymen-about-school are our three new cheerleaders—Max Robertson, Jim Weston and Larry Green. The three have joined the ranks to go forth in fine weather and wet, mostly wet, to cheer for our dear alma mater. Not only do they cheer, but they also lend their varied talents for the pep assembly skits. Last Friday they cheerfully portrayed the Ellison's new arrivals in a skit titled "Were Going 'Twin'". These boys have really pitched in and given their all to this new endeavor.

Song of the week: "Only You" by the Three Sons.

WHO WILL BE QUEEN?—That's a tough question when they're all so pretty, but Northville high school folks will have to make their choice by this Thursday. Left to right, back row: Carolyn Burkman, Janice Owens, Patty Hix and Joan Perry. Middle row: Virginia Sutton, Geanine Bertoni and Roseann Perrault. Bottom: Janet Malott and Barbara Mapes. Not pictured is a "just as lovely miss", Judy Junod, who completes the "big 10" list.

Cast Chosen For Senior Play, "Mr. Barry's Etchings," 3 Acts

Senior play casting has been completed and the actors and actresses have settled down to memorizing their lines for the play, "Mr. Barry's Etchings".

A comedy in three acts, the play is said to be in the carefree, fast-moving category. It was a Broadway hit and has been performed by many little theatre groups throughout the country.

DIRECTORS

Directing the play will be Miss Florence Panattoni, high school drama teacher. Student directors are Sue Cantrell, Irene Bongiovanni, and Larry Green.

Some of the parts in the play were cast twice, which might mean that Northville high school has a surplus of acting talent demanding actors to alternate dur-

ing the two day run, Nov. 17-18.

CAST

Members of the cast include:

Bud: Bill Bake

Mrs. Taylor: Suzie Mairs and Judy Thompson

Evelyn Taylor: Pat Hix and Shirley Nikoden

Judson Barry: David Hartner and Ken Krezel

Marvin Pritchard: Max Robertson and Charles Early

Carrie Stanwick: Phyllis Howard and Donna Frisbe

"Fifty" Ferris: Joyce Lemmon and Carolyn Burkman

"Sawbuck Sam": Jim Weston and Jerry Becker

Mrs. Griswold: Pat White

League Student Council Holds First Meet At W. Bloomfield H. S., Oct. 20

The first League Student Council meeting will be held at West Bloomfield high school Oct. 20. Representatives from Northville will be Janice Howarth, Roger Nieuwkoop, Sandy Strassen, Elsa Couse and Jim Allen.

7 LEAGUE SCHOOLS

The seven schools participating in the League Council are Brighton, Clarkston, Clarkston, Holly, Milford, West Bloomfield and Northville. Educators have termed the organization a very commendable group.

PURPOSE OF MEET

The students hold round-table discussions. Through cooperation and an exchange of ideas, many problems are solved.

The saying that, "Experience is the best teacher", doesn't hold with these council members. "It should be, at the price it costs," is their answer.

That is why, for instance, instead of starting a project impulsively, members from one school will ask the others if they have tried anything similar. By doing this, unfortunate experiences in one school are often prevented in another; likewise, beneficial student programs in one school will usually be successful in other schools.

Calling All Teens

You hear the call dad? Well strain your brain and rock the roll! We want your idea.

If you're attending Northville high school you might have the answer to our question, "What should we name the teen section?"

Now don't be shy and bashful, this is not the time! Fess up and send in your brain child. If you like the old name, the Orange and Black, let us know.

All entries should be in the Record office no later than noon, Monday, Oct. 24. Nominations will be printed in the Oct. 27 issue. All Northville teen-agers will have the opportunity to vote for their choice during that week and the winner will be announced in the Nov. 3 issue.

Two Organizations Unite for Annual Christmas Seal Sale

Wayne county is having a single Christmas Seal sale beginning this year. The joint sale of Christmas Seals by the Detroit Tuberculosis Sanatorium and the Tuberculosis and Health Society of Wayne county is considered as a step toward strengthening the fight against tuberculosis in our community.

Whether the public buys the Single-Bar-Cross or the Double-Bar-Cross Christmas Seal or both, their gift will go into one fund to support a strong country-wide TB control program.

The release on the unification of the two Christmas Seal organizations came this week from Daniel C. Fisher, president of the TB and Health Society and Ralph S. Lane, president of the Detroit Tuberculosis Sanatorium.

"After the 1955 campaign, representatives of the sanatorium and society will convene to determine a joint, mutual policy and the methods to conduct a single Christmas Seal solicitation for a better, more powerful crusade on tuberculosis," Lane and Fisher concluded.

3:15 P.M.— Suspect put me in car and we left the house.

3:20 P.M.— Suspect parked, entered the local market, put me in shopping cart, began selecting from fully-stocked shelves. Stopped at meat counter, had butcher trim chops way Dad likes them.

3:40 P.M.— Suspect met a Mrs. Rollins in market; they talked about PTA meeting. Also mentioned new fashions (dresses, shoes, hats) on display at local stores; both seemed pleased at prices, mentioned "real friendly service" several times. I didn't hear it all; was trying to establish contact with Miss Rollins in her taylor-tot; (every private eye is supposed to have a secretary, you know).

3:50 P.M.— Suspect left market, picked up garments at nearby cleaning shop, entered car, drove home.

3:55 P.M.— Suspect was home, shopping done. Called Grand-suspect — I mean Grandma — on phone. Spoke of family matters; explained she was home earlier these days because she now does her shopping close to home. Says she has finally realized that she can get all the nationally-advertised brands — whether it's food, furniture, or fine fashions — right here from the merchants of our own community. Says they give her a lot of special service and consideration she didn't get when she used to drive away off to the big-city stores. Suspect emphasized that prices in our own community were just as low as those anywhere else . . . and she's saving a lot of money she used to spend on gasoline, oil, parking, car repair. Suspect thinks everyone should support local businessmen and their employees — the folks who pay for our parks and schools and contribute to our charities and civic organizations.

INVESTIGATOR'S CONCLUSION: Suspect is 100% right.

CENTER LINE WRAPS UP NORTHVILLE

Northville Looks To Homecoming Game After 59-13 Defeat Last Friday Night

By Thomas McGuire

Our Mustangs, although going down to defeat 59-13 against Center Line, showed that they had plenty of fight. They are looking forward to their remaining games with the best of spirit. Three minutes and 30 seconds after the kick-off, J. Skirchak ran 31 yards for Center Line's first touchdown. Bielat passed to Day for the extra point which was good. Score 7-0.

Northville came back running the punt 40 yards. However, our hopes were soon drowned again when Bielat passed to Vettrain who ran 57 yards for Center Line's second touchdown. The extra point was no good so the score stood at 13-0.

Northville was playing hard, but Center Line's Larry Bielat again reached that ball for a pass to R. Moore who ran 17 yards and Center Line had another touchdown. Bielat made the extra point. Score Center Line 20, Northville 0 at the end of first quarter.

This time our Mustangs came in pushing hard yard by yard. Finally our own Bob Wagenschutz was at last able to go across for a touchdown Bob again

score was Center Line 33, Northville 13.

To open the third quarter, Vettrain came back with "wings" and ran 60 yards for a touchdown. The conversion was no good and the score, Center Line 39, Northville 13.

J. Skirchak came back with another touchdown for Center Line. Bielat then passed to Skirchak for the extra point making the score 46-13.

It seemed that our Mustangs could not hold them. Moore ran

Fritz Runs 71 Yards To Score; Jr. High Defeats Dearborn 7-0

By Philip Jerome

Northville junior high school defeated Haston junior high school of Dearborn 7 to 0 in a football game played last Wednesday night at the Henry Ford field. The victory was Northville's first of the season.

Kent Fritz scored the game's only touchdown on a 71-yard run in the second quarter. John Beardon bucked across for the extra point.

Haston threatened late in the fourth period. Freddy Mitchell's interception of a Haston pass deep in his own territory ended the drive.

James Madigan is coach of the Northville junior high team. Mr. Kay and Mr. Russell were the officials for the game.

Our fighting Mustangs came back in the fourth quarter a "little too pooped to participate". However they showed real fight by holding Center Line to a single touchdown. Vettrain making this touchdown but could not go over for that extra point. The final score Center Line 59 and Northville 13.

got a good hold on the ball to run across for the extra point. Score Center Line, Northville 7.

It now looked as if Bielat's throwing to Pickett was doing it again. Center Line made another touchdown but due to a penalty this play did not count. However, this penalty didn't seem to stop Larry Bielat who passed to Vettrain for another touchdown. Extra point by Bielat was no good and the score was 26-7.

John Chapman, of our Mustangs ran through for a spectacular touchdown. Although Northville gave a good try for the extra point it was no good. The score stood at 26-13.

Another penalty against Center Line stopped Bielat who passed to Moor for a touchdown. Thirteen seconds before the half Center Line's Bielat scored another touchdown. Maxwell tried for the extra point which was good. At the end of the half the

YOUR PARTNER IN SAFETY!

Here, from your partner in safety — the truck driver—are some friendly suggestions for furthering safe driving on our highways. If everybody cooperates, we'll all enjoy happier, safer driving.

1. Be sure your car is in good operating condition at all times.
2. Obey all traffic laws.
3. In planning a trip, don't schedule more miles per day than you can comfortably and safely drive.
4. On long drives, stop now and then to rest and relax.
5. Never pass on a hill.
6. Courtesy and patience are two very necessary ingredients of safe driving.
7. Don't follow too closely the car ahead of you.
8. Accident statistics continue to rate speed as the number one cause of automobile accidents — so keep it down.

D.A.R. Antique Show Successful; 11 Dealers Exhibit

MINIATURE antique furniture models were exhibited by George B. Smith. The display boasted several rooms of mahogany furniture, perfectly scaled models of authentic Early American. Most fascinating pieces included a Federal rocker, and Duncan Phyfe dining set complete with extension table and drop leaf.

ADMIRING a pair of candelabra from the M. Selva display are D.A.R. members, Mrs. Harry N. Deyo, general chairman, Plymouth, and Mrs. Claude A. Cruse, Regent of Sarah Ann Cochran chapter. The 50-year-old candelabra is made of crystal, including the clear, amethyst, and amber. It is electrically wired and valued at \$125. In the center is a Waltham sterling clock.

Former Northville Resident Dies

Louis J. Ramp, former Northville resident, who recently moved to 608 W. 11-Mile Rd., Royal Oak, died Oct. 15 at Vanderbilt on a hunting trip.

Mr. Ramp was 61 years of age and was born in Marietta, O. His parents were William and Anna. He is survived by two sons, William and Robert, of Plymouth, and his former wife, Mrs. Evangeline Reed of Plymouth. Three sisters also survive: Imelda Mayher and Laura Bauer of Marietta, O., and Alma Schroeder of Sellersburg, Ind.

Funeral services were held Wednesday at 2 p.m. at the Casterline Funeral home with the Rev. John O. Taxis officiating. Interment was in Roselawn cemetery, Royal Oak.

Mr. Ramp was an engineer at the Chrysler plant for 33 years.

AUTHENTIC foreign dolls were featured at the show and included dolls from all over the world. The tall boy with the black hat, top shelf, was at the 1933 World's Fair as part of the Rumania exhibit. It is made of solid wood and dressed in a hand-made embroidered costume. Its value is \$45. Most unusual dolls, insofar as construction, were those from Morocco made of goat leather and the dolls from Tahiti, exquisitely made of palm fibers.

Dates Set for Vaccinations

Are you going to get the needle?

If you're a high school junior or senior and have not been vaccinated for protection against small pox within the past five years you should be on the "needle list".

What do you do now? Just bring a note from home and 50 cents to Mrs. Knapp, R.N., school nurse, and she'll make room for you in the clinic "line-up" on Oct. 26 or Nov. 17.

It is not the dawdlers and triflers who find life worth living; it is the steady, strenuous, robust workers. —Charles W. Eliot

The second annual antique show and sale, sponsored by the Sarah Ann Cochran chapter, Daughters of the American Revolution, Plymouth and Northville, was termed successful.

Booths were set up by 11 dealers in the V.F.W. hall last week on Lilley Rd., place of the show, to display such wares as antique pewter, copper, jewelry, glassware, china, pictures and American furniture of European and American origin.

A special doll collection, featuring antique, character and portrait models created by leading European artists in addition to authentic foreign folk dolls were exhibited for sale at the event by George B. Smith from Coral Gables, Fla.

Proceeds from the event will go towards such D.A.R. historical and patriotic projects as aid to mountain schools, annual scholarships at Mamasee school in South Carolina and the Kate Duncan Smith school in Alabama, a pre-college grant to an American Indian girl, and D.A.R. Americanism activities.

Dealers represented at the show were Waldo Luick, Ann Arbor; Mrs. J. Potvin, Flint; The Hargetts, Toledo; M. Selva, Dearborn; Lillian Emmons, Jackson; Denton's Antique Shop, Saginaw; Don Johnson, Dexter; The Doll Questers, Coral Gables, Fla.; Louise DeVost, Detroit; Leona Warren, Detroit, and The Spohns, Birmingham.

Travelers Visit Eleven Countries

Mrs. Audrey Joki, Mrs. Emma Ameel and Miss Betty Ameel returned last week from a tour of 11 European countries. They sailed Sept. 5 from Quebec on the S. S. Homeric for Southampton, England. After seeing the sights of London for two days, they sailed for Holland where they visited The Hague, and Rotterdam, Brussels and Antwerp were next in the itinerary.

After a tour of Luxembourg, and the Black Forest in Germany they went to Lucerne, Switzerland, Liechtenstein, Austria and Rome, Italy. Paris, France was the last exciting stop on this Caravan Tour and from there they went to LeHarve where they sailed Oct. 1 for home.

NOTICE

"It is unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money—that is all. When you pay too little, you sometimes lose everything because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot. It can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better."

New High School On P-TA Agenda

The Northville Parent-Teachers Assn. will hold a meeting in the Amerman school Thursday, Oct. 27, at 8 p.m.

Chief topic under discussion will be the need for a new high school. Various sub-committees of the "Citizens' Advisory Committee for a New High School" will present plans that have been in preparation throughout the summer.

"Present high school facilities are utterly inadequate to meet the students' needs," said P-TA President Harold S. Hartley.

Continuing, Hartley said that "Parents who are interested in seeing that Northville begins building a new high school soon should attend the meeting to make their wishes known."

"At the same time, parents will find an opportunity to look over the new Amerman school," Hartley said.

from the PASTOR'S STUDY

By Pastor Ivan E. Hodgson
First Methodist Church, Northville

One of the most valuable courses I ever took while in college was the study of astronomy. In fact, I went as far as I could go with my limited knowledge of mathematics. A knowledge of the vast "Islands of Universes" about us should give one an appreciation for the greatness of God and the smallness of man. It was my ambition to be as familiar with the stellar chart as a traveler of earth would be acquainted with the ribbons of concrete across our land linking our great centers of urban life together. After spending several years ministering in the city, the lower lights of the earth obscured the great lights above, making it quite impossible to chart the heavens. Upon coming to Northville, I had high hopes that from this vantage point I could again become acquainted with these "diamonds in the sky." Although one may be enjoying the most favorable atmosphere for star-gazers; yet, there is a star that cannot be

seen. It is called the "Dark Star." Our thought for today, the "Dark Star," has only a subtle suggestion to the winner of the Kentucky Derby in 1954. Any of the horses pictured by the Revelator (Revelation 6) could be called "Dark Star," even as the White Horse of Revelation 19 could be called the "Star of Hope." The former pictures destruction, while the latter, hope.

What is a "Dark Star"? In the language of astronomy it is an invisible star known only by its disturbing action upon visible stars. As early as 1834, Bessel noticed that Sirius was not behaving in a normal way, but wavering in its course. After some observation he concluded that an invisible body was throwing this brilliant star out of its orbit. Sirius' companion is a "Dark Star" known only by its influence upon its neighbor. This disturber is no ordinary astronomical body for its density is about 30,000 times the density of water.

Bringing the picture down to earth, there is an extraordinary "Dark Star" causing confusion of mind, trembling of heart, and portends the destruction of life. Students of the scripture have turned to II Peter 3 with a renewed interest and well they may. Man has made a star. Will it be one of hope or despair?

This symbol of despair has caused people to ask "Where shall we hide?" The potential of nuclear fission is one of the leading causes of fear. Our basic trouble goes back to the garden of Eden. Man in his delusion has believed the words "Ye shall be as gods." The fact is, man has become a god in mental achievement without adequate moral and spiritual control. MAN HAS MADE A STAR. This stems from a discovery in 1929 by two physicists, a German and a Briton, that the sun and the stars glow because in them hydrogen is endlessly transmuted into helium. Then it was found that the atomic bomb could trigger the hydrogen bomb releasing a power potential of 20,000,000 tons of TNT. Man

now stands at the point in history where he can work the works of divinity. Will he use it as an instrument of redemption or "deplore his perverted ingenuity?"

The "Dark Star" of despair can be transformed into a "Star of Hope," if we have a divine sense of mission that the gifts of God are for the "healing of the nations." Stars were created to lighten our pathway, not to destroy our cities. God is asking the makers of history, "How far have we come?" America is being asked the question. What is the meaning of that cartoon picturing a man with long hair and a gun in his hand, sitting on a stool, guarding the entrance of a cave, with placards indicating what is within — Secretary of State, Secretary of War, Secretary of Labor, etc. displayed at

the mouth of the cave. He is asking those trying to recover from the rubble of wars destruction, "Where art Thou?" How far have we come? Why are we here? The answer is "Ye shall be as gods." Man has made a star.
"Multitudes, multitudes in the valley of decision: the day of the Lord is near in the valley of decision." No generation was ever weighed in so delicate a balance. It is judgment or salvation — the utterance of a word, or a gesture of good or ill may send us in either direction. The responsibility to decide aright weighs heavily upon us. Man has made a star. Will it be the "Morning Star" of a new day or the pale remembrance of a man-made desert? Luke Adam and Eve may we decide aright and be clothed with the righteousness of God. Christ is still the answer—"The bright and morning star."

Do not forget that an honest, wise zeal, a lowly, triumphant trust, a true heart, and a helping hand constitute man, and nothing less is man or woman.
