AND SHE WASN'T SCARED!!! Mrs. Tom Cummings smiles at her daughter's acceptance of the traditional Halloween jack-o-lantern. Inquisitive at first, Wendy Cummings, 2, was determined to make Mr. Jack-o-lantern into Mrs. Jack-o-lantern. How did she do it? She added ear-rings on the side of the head!

Merchants Plan Halloween Treat For All Northville Youngsters

Every year on Oct. 31, the population is invaded by characters like skeletons, witches, ghosts, blinking jack-o-lanterns and the like, in observance of Halloween.

This year the begging masqueraders won't have to go begging to local stores since the merchants have planned a combined treat for all.

All Northville school children are invited to the free show at the P & A Theater Monday, Oct. 31, between four and six o'clock. The feature will be "The Black Dakotas" in technicolor. Also on the program will be a cartoon jamboree. The program is sponsored by the Northville Retail Merchants Assn.

Memo From Police

Police Chief Joseph Denton said this week that the youngsters should be chaperoned if they go trick or treating. "If the children do that sort of thing," he said, "it should be done during the day-light hours when they can see. The eye holes in false faces that the kids wear are not too big. I certainly don't want

CITY VOTES ON CHARTER AND NEW OFFICIALS, DEC. 13

Commission Will Explain Charter At Public Hearing

Formal approval of a new charter for the City of Northville, to be submitted to the electorate at a special election Tuesday, Dec. 13, was voted by the Charter Commission Monday evening.

The proposed charter will be sent to the governor's office within a few days for examination to see that it conforms with all statutes of the state of Michigan.

The Charter Commission voted to publish the complete charter in the Nov. 17 issue of the Northville Record so voters will have a chance to study it prior to a public meeting scheduled for Monday, Nov. 28. At this meeting, members of the Charter Commission will attempt to explain various provisions of the charter and to answer questions from the audience which are submitted in advance in writing.

The state law provides that new city officers must be elected simultaneously with the vote of approval of the charter Dec. 13. The offices to be filled will be mayor, four councilmen and justice of the peace.

The mayor's term of office following this first election will be

for approximately 16 months, until the regular city election on the first Monday in April, 1957. The two city council candidates receiving the highest number of votes will be elected for approximately four years, and the third and fourth ranking candidates will hold office for 16 months, as in the mayor's case. The justice of the peace also will serve for 16 months.

In all future elections the mayor's term of office will be two years, and that of the councilmen and justice will be four years.

Nominating petitions for all elective offices must contain not less than 50 nor more than 75 names. They must be filed with the city clerk not less than 14 nor more than 21 days prior to Dec. 13.

MEMBERS of the Charter Commission look relieved after signing the charter last Monday. See story on left for full details.

Twp. Residents Oppose Rezoning Land For Northville Race Track

Approximately 30 Northville township residents appeared personally at the Tuesday evening meeting of the City of Northville Zoning Board to protest rezoning the St. Lawrence property at the southwest corner of Center St. and Edw. Hines Drive to permit construction of stables there. Fifty-nine names of township residents appeared on a petition opposing the rezoning.

The hearing lasted about one and one-half hours and was adjourned to Wednesday evening (after this issue of the Record had gone to press) for a final decision. The board's recommendations will go to the City Commission, which will have the final word on whether the property is to be rezoned.

The rezoning hearing and the proposal to build barns are the result of an ultimatum by State Racing Commissioner James Ingalls to Northville Downs and the Northville Driving club that construction of masonry barns for at least 180 horses must be under way by early 1956 or no racing dates will be awarded the local track for next summer. The commissioner also said that an additional 120 stalls must be built before the start of the 1957 racing season.

The Ingalls notification closed with the ultimatum: "Failure to comply . . . will be deemed sufficient reason for denial of a 1956 racing meet license."

That the Northville Driving club owner of the track, and Northville Downs syndicate, which operates the races, took the Racing Commissioner's letter at

Another new home development in the Northville area is indicated by the recent purchase of 57 acres directly across from the Northville State hospital by the Coventry Corp., developers of Coventry Gardens in Livonia.

Lou Smith, an official of both D. M. Ferry Seed Co. and the Coventry Corp., was represented in the sale by S. B. Roberts, Northville broker specializing in acreage. The seller, the Frost Estate Co. of Tiffin, O., was represented by Northville Realty, realtors.

This property when platted and recorded will be offered for sale by Northville Realty.

The money collected will be used to buy milk and medicine for children in foreign countries. Five pennies will buy a quart of milk for a hungry child.

Children wishing to volunteer may pick up their boxes at the Methodist church Monday, Oct. 31, at 3:20 p.m. Boxes should be returned at 6 p.m.

The operator, Joyce Phelps, and Mrs. Hazel Bachelor, service assistant, quickly called a neighbor, Mrs. Katie Howerter, who went to the Harris home and summoned a doctor.

Mrs. Harris is under an oxygen tent in Beyer's hospital, Ypsilanti. Mr. Harris sent a letter of commendation to the telephone office expressing appreciation for the quick action and interest of the operator and service assistant.

The completely modern kitchen is a "room with a view" with picture windows on two walls overlooking the woods around the property.

So many friends have asked Mrs. Niemi for this recipe that she decided it would be a good one to share. The sauce resembles the sauce served with spaghetti at the Roma Cafe in Detroit.

THE VFW IS A GREAT OUTFIT Eligibles Join Because Of Our:

- Community Service Work
- National Home
- Legislative Work
- Hospital Work
- Youth Activities
- Service & Welfare Work

NATIONAL HOME: Honoring the dead by helping the living

1. This without doubt the "greatest" insurance policy a member can "buy" if he has young children. If you do have children, you would be secure in the knowledge that if you should die suddenly, that your widow and children would be eligible for entry into our National Home for Widows and Orphans at Eaton Rapids. By the simple investment of a few dollars for dues in the VFW, your family might be able to reap educational benefits worth hundreds of thousands of dollars. This veterans in hospitals and initiate claims on the local level.

2. In addition to providing a great insurance for YOU and YOUR family, the National Home gives you an opportunity to help the widows and orphans of our departed comrades in arms. The Home, built on understanding and love, is the finest benevolent project ever undertaken by any veterans organization. Prove it to yourself. Visit the National Home the first chance you get.

3. There is a tremendous satisfaction in knowing that you are helping orphans to a better, fuller life.

HOSPITAL WORK: Keep Them Smiling On Beds of White

1. The Department of Michigan, VFW, maintains the best hospital visitation program of any service organization in the state. Not only does the VFW have representatives at each Veterans Administration hospital to care for the wants of each patient, but it has representatives in state and county hospitals where veterans are hospitalized. In all these hospitals, assigned VFW workers go about their chores of providing necessities and other amenities for patients. In addition, many posts and auxiliaries of the VFW provide hours of relaxation for patients by holding parties, bingo, movies and other recreational and diversional social programs. These are of untold psychological benefit to often lonely hospitalized veterans.

COMMUNITY SERVICE: Building a nation through it communities

1. This program is directed toward the communities in which we live. The Veterans of Foreign Wars has the most extensive and most complete community service program in the world.

2. The Department of Michigan, VFW, was rated as one of the seven top states, percentage wise, in community service programs during the past year. The state proved more than 93 percent of its chartered posts and auxiliaries performed service projects in their localities. In Michigan during 1954-55, an increase of 186 posts was recorded in community service programs.

3. Nationally, more than 11,000 posts and auxiliaries sponsored 516,606 community service programs in the country. Michigan totaled better than 15,000 of these projects. This is proof positive that the VFW works for a better community and consequently a better state and nation.

SERVICE AND WELFARE WORK: Millions of dollars for thousands of deserving veterans

1. Do you know that the VFW maintains and staffs a complete office in Detroit with service representatives throughout the state whose SOLE purpose is to ferret out claims and process them for veterans. As a VFW member, you would have first call on the services of these trained technicians. Their services are completely FREE.

2. How much in terms of money do you think this service office of ours has recovered for veterans of this state since the close of hostilities of World War II? If your guess was about \$55,000,000, it would be correct. Along with our guessing game, how many veterans would you say were helped by this VFW service office personnel? If you estimated close to 350,000, you would be close.

3. In addition to its office personnel, the VFW Service and Welfare division has trained field service men who attend veterans in our hospitals and initiate claims on the local level.

4. Further, hundreds of post service and welfare officers, who work without pay to help you and your family in time of stress, are working incessantly to help in initiating claims. Posts and other local units of the VFW maintain relief funds through which thousands of ex-servicemen have drawn in time of emergent need. These emergency funds have saved many families from complete chaos when disaster struck.

LEGISLATIVE WORK: Laws to benefit millions

2. Following are only a few of the thousands of laws which were passed whose passage was materially aided by the Veterans of Foreign Wars:

(a) ALL THREE state bonus measures, World War I, W.W. II and the Korean war, were won at the insistence of the VFW. The Veterans of Foreign Wars was the ONLY MAJOR Veterans organization in Michigan to openly stage a state-wide promotion for the recently passed Korean bonus legislation.

(b) VFW helped to establish the Michigan Veterans Trust fund, which has aided World War II and Korean veterans in time of emergency. This organization has men on all county trust fund boards as well as two representatives on the state trust fund board.

(c) Action by the VFW aided by the establishment of the World War II and Korean GI bills.

(d) The VFW pioneered veterans preference in the state and keeps a constant vigil on cases throughout the state.

(e) This organization aided in establishing existing laws governing service-connected and non-service-connected pensions.

(f) The VFW IS THE ONLY MAJOR Veterans organization which has continually backed free hospitalization for non-service-connected cases.

(g) THIS ORGANIZATION, ALONE, INSTATED AND PUT ACROSS THE MENTAL HOSPITAL PROGRAM FOR MICHIGAN WHICH IS CURRENTLY BEING UNDERTAKEN.

(h) The VFW helped to secure the Homestead Tax Exemption for World War I and II.

(i) Every piece of veterans legislation on the statute books today is a result of work by the VFW and other veterans organizations.

3. The VFW maintains a paid lobbyist in Washington to look to affairs which are of grave concern to veterans. On the state level, this organization has a legislative officer who helps to put across needed veterans legislation here in Michigan.

YOUTH ACTIVITIES: Fighting juvenile delinquency at every turn

1. The Department of Michigan, Veterans of Foreign Wars, maintains two Summer camps for children of members and for other children posts or VFW members wish to send. During the year, hundreds of youngsters — who ordinarily never have a chance — are able to attend camp. Your membership helps to provide this wonderful opportunity for our youngsters.

2. Through the Department, the VFW holds a state marble tournament each year in which the winner is sent to the national marble tournament. Through our local marble tournaments, thousands of boys are taught the spirit of fair play.

3. Many posts throughout the state have taken the initiative in sponsoring safety patrol activities.

4. Through the ladies auxiliary, a essay contest is sponsored in the state and nation.

5. Scores of Boy Scout, Cub Scout, Explorers and Girl Scout units are sponsored by VFW posts and auxiliaries throughout Michigan.

6. Good Americanism, through essay contests, poster contests, youth awards and other citizenship programs, are invaluable in combating juvenile delinquency.

Rezoning ...

(Continued)
The value is indicated by the fact that they entered into a 32-year lease of the St. Lawrence property immediately and have already spent several thousand dollars in leveling off the land preparatory to starting construction of the barns as soon as the zoning board and the city commission approve the change in zoning.

It is understood that they have been told informally that the grading and leveling done so far is not in violation of the present zoning for residential construction, but that no foundations should be poured until the zoning regulation is changed.

Chairman Thomas R. Carrington presided at the board meeting Tuesday evening. No one from the city appeared to protest the rezoning. The township, however, was represented by approximately 30 residents who appeared to be solidly against rezoning the St. Lawrence property, which abuts property in the township owned by Donald Sober and Bruce B. Bradshaw. A petition bearing the names of 59 persons, of whom all but four were township residents, also was presented in opposition. The four city residents were Fred W. Lyke, township clerk, and Minnie Lyke, and Frederick J. and Lila Mae Collins.

The basic cause for complaint by township residents seemed to be that "the law is being broken."

"The area was zoned residential," one township spokesman said. "It was an ordinance made for the protection of people's property, but evidently not worth the paper it was printed on. The property under discussion is an excellent site for a residential section, but the section will disintegrate if this passes."

Will Shop in Plymouth
Several of the township residents threatened to do their shopping in business districts outside of Northville. "Think of how much shopping 60 people do in Northville," one of the township people said, "I'll go to Plymouth if this passes."

"Well, people can travel where they want to," Carrington said.

No Security
"What security do people have?" one township resident asked. "Who do you want to protect, racing or your citizens? You should give consideration to the people who live in your town the year 'round and to people who patronize your stores."

**Oh-h-h!

OLDSMOBILE Dealer's!

Shouts of "I agree" went up from the crowd.

One person said, "I wish that I could vote in Northville."

"The people in Northville want racing," the zoning board said, "they voted it in."

Racing Important To Town
As a matter of record, Northville Downs gave the City of Northville \$19,000 last year and the state gave the city \$89,483.90, which was 20% of the 4% state tax levied on betting at Northville Downs. In addition to that amount, area residents were on the payroll for about \$100,000. As for the merchants, the usual summer slump suffered in most towns was non-existent in Northville because of the people at the race track.

"You're laying the groundwork for future slums," one township representative said. "If this passes," another said, "perhaps only a few of us will be hurt right now, but the whole town will be hurt in the future."

The petition bore the following signatures: Frederick Donald Sober, Marion E. Sober, Bruce B. Bradshaw, Helen T. Bradshaw, R. G. Thompson, Robert Shafer, Francis H. Wiesmyer, Helen M. Wiesmyer, Herbert N. Frogner, Anna Mae Frogner, John Haller, Frida Haller, George Chabut,

UNITED FUND DRIVE MAKES NEW APPEAL

A HAPPY ENDING

Get New Spaniel Puppy To Replace Stolen Dog

A newspaper story and a generous Northville couple helped to make life a little happier last week end for the Ed Putnam family in Novi.

The Putnams, who live at 41480 Grand River east of Novi, allowed a group of "city fellows" to hunt pheasant on their property last Thursday, the opening day of pheasant season. Hunters had always been welcome on his property, Putnam said.

Hunting was good. Too good, in fact. When the men left, they took the Putnam's 11-year-old beagle as well as the pheasants.

Kids Heartbroken
Putnam called the Detroit Free Press and asked them to print his story in case the hunters might have a change of heart and return the beagle. "My kids are heartbroken," he said.

Sunday's Free Press carried the story and that afternoon the Putnam's phone rang. Wayne J. Wilcox of Northville had read the story. As one who raised dogs, Wilcox knew how the Putnams and their children must feel.

After talking the matter over with his wife Wilcox had called the Putnams and offered them a small springer spaniel puppy, one of a litter which his dog had recently given birth to.

As for the puppy, his name is now "Duke" and his new address is 41480 Grand River. And, thanks to the Wilcox family, the Putnam children have had their faith in human nature restored.

Halloween Party for Kids October 31

Broomsticks will float through the air, kettles will boil with magic brew, and goblins of all ages will come to Novi's fifth annual Children's Halloween party at the Community Bldg. Monday night, Oct. 31.

The party, sponsored by the Board of Commerce, will feature games, and prizes for children. Refreshments will also be served, according to a spokesman for the Board. The time is 8 p.m. and kids of all ages are welcome. No reservations are required.

Former Methodist Minister Dies

REVEREND WILLIAM RICHARDS

REV. WILLIAM RICHARDS, retired clergyman and former minister of the Northville Methodist church from 1922 to 1931, died Sunday. He is survived by his wife, Jenny, a son and three daughters. Burial was Tuesday. See complete story on page 1.

"First Century Goes Well...Good Start on the Second One"

Mrs. Adele Richardson celebrated her 100th birthday Sunday, Oct. 23, with her three living grandchildren, four great-grandchildren, and over 125 friends.

"I feel I have gotten through the first century very well and have a good start on the second one," said Mrs. Richardson who was delighted with the excitement and merriment of the party.

The party, held at Stone Crest, Walled Lake, was attended by out-of-towners from Detroit, Pontiac, Milford, Commerce, Novi, Oxford, Brighton, Dearborn, Birmingham, Wixom, Farmington and Morro Bay, Calif.

Keeps Up Social Life
Adding years to her age has not forced Mrs. Richardson into a barren existence. She has con-

Mrs. Richardson proudly announced Tuesday that she had received a birthday card from President Dwight D. Eisenhower. Bearing the presidential crest, the card read:

"Please accept my sincere congratulations upon your birthday. May good health be yours through many more happy years." The card was signed "Dwight D. Eisenhower."

tinued to be a colorful and active figure in many social and fraternal activities. For seven years she has been honored at the Walled Lake Civic club's Golden Age party for ladies 75 years old and over.

She has been an active member of the Order of the Eastern Star at Commerce and has a life membership.

Each Sunday morning she attends the Methodist church of Novi. Active and alert, Mrs. Richardson is keenly interested in current events. She has continued to exercise her vote in both na-

AMONG THE MANY GUESTS at Mrs. Richardson's birthday party were her three grandchildren. Mrs. Ray (Ettie) Hammell, Ralph Richardson and Mrs. Al (Helen) Harnden. Mrs. Hammell, left, flew here from her home in California with her one-year-old daughter, Cathy, to celebrate Mrs. Richardson's birthday. Mr. Richardson lives at Lower Straits Lake and Mrs. Harnden lives in Novi.

tional and local elections. A lifelong Democrat, Mrs. Richardson wants it known that she voted for a Republican president for the first time in 1952 when she cast her ballot for President Eisenhower.

Took First Plane Ride At 93
About six years ago, at the age of 93, Mrs. Richardson took her first plane ride accompanied by her granddaughter, Helen. She visited her nephew, Roy Seeley, an attorney in Springfield, Ill.

Her traveling days didn't end then; at the age of 97 Mrs. Richardson went to California with her granddaughter, Mrs. Hammell. The trip was made by auto-

mobile.

Born On Farm
Mrs. Richardson has lived most of her life in Oakland county and in the vicinity of Novi. She was born in 1855 on a farm in West Bloomfield township, one mile from Pleasant Lake, and four miles north of Walled Lake.

In 1882 she married Dell Richardson and they had one child, a son, Carey. Three of her four grandchildren were also born on the farm, Mrs. Helen Harnden of Novi; John Richardson, now deceased; and Mrs. Etta Hammell of Morro Bay, Calif. Another grandson, Ralph Richardson, 9100 Richardson Rd., was born on a

nearby farm.

Mrs. Richardson's husband died in 1923 and her son died in 1927. Mrs. Richardson has six great-grandchildren. Russell and Carey, sons of Mrs. Harnden; Nancy, John and Kathy, children of Mrs. Hammell, and Brenda, daughter of John.

Always Had Good Health
Blessed with good health, Mrs. Richardson broke her hip when she was 87 years old, but was able to walk again in a few weeks. Her only complaint now is that she cannot see to read. She lives at the Novi Convalescent home where she has the company of others near her own age.

Collections Falling Short Of Announced \$4,500 Goal

With only \$1,800 collected so far and less than three weeks remaining, the Novi United Fund and Community Chest Drive is falling far short of its announced goal of \$4,500, according to Chairman Leo Harrawood.

"Well over half of the homes in the township have been visited already," Harrawood added, "but the rate

of the donations so far has been inadequate to maintain the many worthy causes participating in the drive."

"A Dollar Would Help"

Among the many local groups and activities receiving aid from the United Fund are the 4-H clubs, Brownies, Scouts, Drum & Bugle Corps, Red Cross, YMCA and Michigan Children's Aid, he said.

"Even a dollar would help," emphasized Jeanne Clarke, one of the United Fund leaders. "Many of our local residents have contributed at work and feel it is unnecessary to contribute at home also. They fail to realize that much of the money contributed at home goes directly into our own fund and is used to help support truly local activities. Any donation these people feel they can afford, no matter how small, is more than welcome."

Other worthy causes aided by the drive are the Leader Dogs for the Blind, Michigan Epilepsy Center, Sister Kenny Foundation, United Cerebral Palsy Assn., Multiple Sclerosis, Michigan Heart Assn., Travelers Aid and the USO.

Of the \$4,500 to be raised, \$3,519 will be turned over to the Oakland County United Fund agency for redistribution throughout Novi township and other areas in the county. \$550 will be turned over to the Boy Scouts, and the \$31.00 balance will remain in the custody of local United Fund committee.

Square Dance Club Meets Tomorrow

The Novi Square Dance club will hold their monthly dance in the Novi Community Bldg. tomorrow night, Oct. 28. Floyd Snyder and his band will furnish music and the dancing will be from 9 until 1. Refreshments will be served and everyone is welcome, according to Leo Harrawood, chairman.

MEET

Your Merchants . . .

A Novi resident since way back when, Harold Miller was born on a farm within a few hundred feet of where he now lives. "I guess you might say I just like it here in Novi," he says.

Miller's Novi ancestry stems back to his grandparents, Frederic and Caroline Mueller. They came to Novi from Germany in 1881. Accompanying them was their 13-year old son, William.

William eventually became a farmer in the Novi area and moved to the present family homestead, a 92-acre tract at 46489 Grand River, in the year 1905. Several years later he married Ida Tisch. The couple's two sons, Harold and Willis, were born on this farm and their mother still lives there. William died in 1951.

After attending the West Novi school at Wixom Rd. and Grand River, Harold went to the New Hudson high school. Upon graduation, he farmed for several years, then went to Detroit to work.

In 1931 he married the former Lillian Burkowski of Clarenceville and they moved into a small home two doors east of the family homestead.

Soon after the depression, Harold went into business for himself, starting a custom machine shop for repairing automobiles and farm equipment. In 1950, he took on an

Bridge To Be Topic At Bd. of Com. Meet

Lawrence A. Rubin, member of the Michigan State Mackinac Bridge Authority, will speak at the Nov. 3 meeting of the Novi Board of Commerce.

In addition to discussing the new bridge and its economic effect on the two peninsulas, Rubin will show films of the construction work.

The meeting, which will be held at the Novi Community Bldg., will be preceded by a dinner served by the Novi Mother's club.

Mertie Kenner Dies At 87

Mrs. Mertie Kenner, longtime local resident, died Tuesday at Hudson, Mich. at the age of 87.

Born in 1868 at Ovid, Mich., Mrs. Kenner and her husband, John, had lived in the Northville area since 1887. Her husband died in 1935. In recent years, Mrs. Kenner had gone to Pittsfield to be with her daughters.

Mrs. Kenner was the grandmother of Perry Kenner, deceased hero of World War II in whose honor the local AMVET chapter was named.

She is survived by two sons, Ross Kenner, of Novi, and Roy Kenner, of Northville; two daughters, Myrl Gowman and Maude Becker, both of Pittsfield; eight grandchildren; 14 great-grandchildren and a sister, Bertha Ward.

Funeral services will be held at 2 p.m. Friday at the Eastern Line Funeral home with the Rev. Ivan Hodgson officiating. Mrs. Kenner was a member of the First Methodist church in Northville. Interment will be at the Rural Hill Mausoleum, Northville.

Zoning Board Adopts 2 Changes

Two proposed amendments to the Novi zoning ordinance were adopted at a special meeting of the zoning board Monday night.

The L. J. Putnam property, lying west of Meadowbrook Rd., between 11-Mile and Grand River, was rezoned for light industrial use. A small aluminum door and sash manufacturing plant is reported to be interested in building on the Putnam site. The property was formerly zoned for business and farm use.

The second change involved approximately three acres of land northeast of the intersection of Novi Rd. and the C&O tracks where they cross just above 8-Mile Rd. The area was rezoned from an agricultural district to a general commercial district.

Co-op Nursery News

Three meetings of interest to area Cooperative Nursery mothers have been held in the past two weeks.

On Oct. 13, Mrs. B. W. Secord attended the first business meeting of the season of the Wayne-Oakland Council of Cooperative Nurseries at the First Congregational church in Detroit.

The State Board of the Michigan Council of Cooperative Nurseries met Oct. 20 for luncheon at Devon Gables with a discussion or Orientation Procedures following at Christ church, Cranbrook. Mrs. Secord and Mrs. John Northrup attended.

The fall workshop, sponsored by the Wayne-Oakland area council of nurseries, met in an all day session Oct. 22 at the First Congregational church in Detroit. In the morning lectures on nursery techniques were given by Emma Shiefman, director of the Wayne - Oakland Orientation courses; and Maxine Nordquist of Wayne university, with discussion groups following the luncheon.

Those attending from this area were Mrs. Robert Houghton, Mrs. Robert Edwards, Mrs. B. W. Secord, Mrs. Irvin Marburger, Mrs. Frederick Hartt and Mrs. Francis Gazlay.

On Oct. 10, the three-year-old nursery group enjoyed a trip behind the scenes at the Kroger store where they watched the shelves being loaded with canned goods and saw meat cut and packaged for display. They also collected boxes for a train project on which they are working.

Oct. 14, the four-year-olds were treated to the sight of earth-moving machines in action as they watched ground being broken for the new Deal home on Main St.

Geologists say the White Pine ore body in Michigan's Upper Peninsula is the largest known undeveloped copper reserve in America.

STARTING TO WONDER about family Christmas gifts? Additional telephones are wonderful to give, because they do so much for everyone. Installed in the bedroom, kitchen, basement, living room, they save hours of time and countless steps.

You needn't run when the phone rings . . . just reach! In solid or two-tone colors, they will brighten up your home, harmonize with your decorations. The cost? You can have three additional telephones in your home for about 11 cents a day. Order your gift telephones from our Business Office today.

PERHAPS YOU'VE HEARD that the Bell System has started installation of a new telephone cable under the Atlantic to the British Isles. The amplifiers (which keep voices strong and clear) are being built right into the cable and must last for years without repairs. It's vital to keep lint and dust out of the amplifiers so they are built in pressurized workrooms where employees wear special orlon work clothes, get their shoes vacuum-cleaned before going to work, and wear no cosmetics. They also get special fiber-free tissues if they get a cold in the head!

NOW THE BUSINESSMAN can hire an efficient, attractive secretary that his wife can't possibly be jealous of. It's an electronic telephone

answering device called "Amanda." Here's what it does: Answers your telephone, gives the caller your recorded message, asks him to leave a message, then records what he has to say. You play back the calls when you return. Amanda is a "hot" item, but if you want one, we'll get it for you as soon as possible. Call us for full information.

GENERAL ORDER

ISSUED BY GEN. GEORGE WASHINGTON IN NEW YORK JULY, 1776: "The general is sorry to be informed that the foolish and wicked practice of profane cursing and swearing, a vice heretofore little known in the American army, is growing into fashion. He hopes the officers will by example as well as influence, endeavor to check it, and that both they and the men will reflect, that we can have little hope of the blessing of Heaven on our arms, if we insult it by our impiety and folly. Added to this, it is a vice so mean and low, without any temptation, that every man of sense and character detests and despises it." This general order was copied from a personal conduct book given to the soldiers. It surely is regrettable that so little attention is paid to it. During the last war a native chief came to our offices with the request that the soldiers not be permitted to swear in the presence of the natives. What a rebuke to a nation that considers itself Christian. Of all the sins listed in the catalog of sin, the sin of swearing is the most useless. The blasphemer not only incurs the wrath of God but lowers himself in the esteem of honorable people.

JOAN PERRY REIGNS OVER HOMECOMING FESTIVITIES

PRIZE FLOAT in the parade was the senior float that pictured Clarkston going down in defeat and a banner which read, "Keep The Wolves From Our Goal".

"MUSTANGS Turn The Tide On Clarkston," read the banner on this float before the game Friday. Although the Mustangs were washed up by Clarkston, their spirits remained undampened.

ANOTHER float depicting victory for the Mustangs. The entire student body was emoting with that something called "school spirit" last Friday and though they lost the football game, their Homecoming wasn't ruined....they still had the dance, good music to listen to and pretty girls to look at.

Seniors Win Float Prize; Mustangs Lose To Wolves

Robert Williams' Band Plays for Over 300 At Homecoming Dance In Community Bldg.

The Northville High school Homecoming last week, Friday, was highlighted by numerous events, giving students and returning alumni many pleasant "moments to remember".

Practically all of Northville turned out to view the colorful Homecoming parade. The following classes took prizes for their floats:

- 1st place — Seniors
- 2nd place — Sophomores
- 3rd place — Juniors
- 4th place — Freshmen

Judges in the contest were Paul Folino, Bruce Turnbull and Carl Johnson.

Reigning over all festivities was Queen Joan Perry, a senior, and her court: Carolyn Burkman, senior; Virginia Sutton, junior; Janet Malott, sophomore, and Barbara Mapes, freshman.

Although Northville lost their game, 14-12, the spirits of Northville fans were not dampened.

"They tried, and did their best," folks said, "and that's really all we can ask of them." People who were bundled up and still freezing applauded the high school band and their short-skirted majorettes who performed during half-time.

Homecoming festivities were climaxed by the Homecoming dance at the Community Center. The queen and her court were escorted by members of the football team: John Chapman, Dave Biery, Ben Mosher, Larry Graham and John Fisher.

When the clock struck 1 a.m. the dancers went out for a snack and then home. They were tired and yet too wide awake from the day's excitement to sleep.

LOOKING every bit like royalty, Northville High School's Homecoming Queen and Court braved the cool October breezes and rode their float minus shoulder wraps, smiling at the crowd and posing for pictures graciously.

Teeny Bits

By Emilie Seguin

Last Monday morning just before school, a crowd of chattering, excited girls gathered about Pat Hix. The object of their attention was a beautiful new engagement ring on the finger of Pat's left hand. As all observed it, she proudly announced that it had been given to her by none other than Bud Lovett. Congratulations are in store, Pat, and so here they are ! ! !

Couple of the week:

Roger Nieuwkoop and Dorothy Welch are one of the best-known couples around the school. Roger is treasurer of the Student Council, which incidentally, is quite an honor. As soon as football season is finished, he plans to join the school orchestra. Among other things, Dorothy is a cheerleader. But what she is really known for, is that certain quality of cheerfulness which she always seems to take with her, no matter where she goes.

Some of the couples seen at the Homecoming dance were Paul Schulz and Priscilla Hilton, Greg Chapman and Ginny Sutton, Per Iversen and Joan Perry, James Rameau and Lois Rody, David Hartner and Giannine Bertoni and Janice Nagel and John Chapman.

Home Ec. Students and Mothers See Food Demonstration

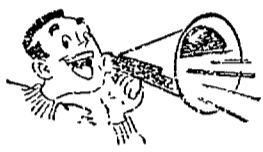

Students in the Northville High school homemaker department invited their mothers to a "Food Frolic" demonstration Wednesday, Oct. 26.

The demonstrations, held at 10:30 a.m. and 2:30 p.m., were performed by Miss Joanne Frederick, a representative of Consumers Power Co.

Arrangements for the program were made by the home economics instructor, Miss Kay Clark.

Calling All Teens

SENIORS! JUNIORS! SOPHOMORES! FRESHMEN!

If we were speaking through the megaphone last week—we're shouting through it this week, shouting so loud that you can't help but hear.

Here are the facts: There are some 400 high school students letting three students make nominations for the new teen page name.

What is the trouble? We know that you high school students have initiative and ideas—it's evident when we note the fads and teen language that you dream up.

Don't you want a teen page? You have the right to nominate your brain child as the crier of your school news. The Record will extend the contest for one more week to give you the opportunity to exercise your privileges. Deadline now is Monday noon, Oct. 31.

So rock 'n roll down to the Record office if you want something to vote on next week.

DANCING to the music of Robert Williams' 18-piece "teachers" band, after the football game, were some 300 teenagers.

Another poll was taken this week to find the favorite food for teen-agers; the results were as follows: The favorite food is pizza (with mushrooms). For the girls the favorite kind of fun is pajama parties and dating. The boys had to be different. Their choice was sports with football ranking the highest.

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

POLITICAL EMBARRASMENTS have been taking the play away from the campaign to improve the chances for long life for those who drive cars on Michigan highways.

It's been a hectic autumn for Secretary of State James M. Hare.

He proposed his "14 steps to highway safety" at a point when the public was generally concerned about the slaughter on the highways.

"This has got to be non-political," he said.

Insiders figured Hare was sincere in his proposals. Many of them had been projects of Republican legislators in the past, but Hare had them in a package attractive enough to sell.

It contained a proposal for a state system of driver license examiners, supplanting local officers who for years have issued licenses.

Sheriffs, under fire before from reformers who believed a politician could never adequately enforce the law, were incensed.

At a meeting in the capitol, they pinned Hare's ears back, demanding that he prove that incompetence in licensing was killing people on the highways.

Hare worked for weeks and came up with statistics to prove the sheriffs and other local officers were ill-trained for issuing licenses to hurl a three-ton projectile across the highways.

At a second meeting with the sheriffs, Hare had them on the run with his statistics, case histories. His point was that with state control, Michigan would have better—or fewer—drivers.

At this point, Sheriff Ferris E. Lucas, secretary of the Michigan Sheriff's Assn., said:

"Maybe the state officials, too, have been doling out favors for their friends in licensing."

Sidney Woolner, Hare's deputy, insisted on proof and Lucas slowly pulled out of his pocket a photostatic copy of an order to report for a license hearing that was ignored.

It bore the name of Thomas M. Kavanagh, of Carson City, who now is the state's attorney-general, the chief law officer in Michigan.

Hare immediately ordered an investigation, another examina-

tion for Kavanagh. Republican politicians leaped on the episode, promising that Hare's program would be junked.

Hare was embarrassed. Rep. Herb Clements (R-Deerfield) said that in "view of the disclosures of Kavanagh's driving record, you can be sure that Hare's program will never be enacted."

He admitted that Kavanagh was only one of 3,000,000 drivers in Michigan. Others said it would be "just too political" to scrap protection for the other 2,999,999 because of Kavanagh's record.

Then, due to a misunderstanding, a parking ticket affair at first seemed to involve Hare. This brought out more political spears.

He was either impersonated by a violator in Ionia or a traffic cop misunderstood. But the first report was that Hare was fined for a parking violation, identified himself and the ticket was torn up. The time was 3:08 p.m. on Friday.

Hare said at that exact minute he was talking with a reporter in his Lansing office, 35 miles from Ionia.

The incident made the headlines, of course, and the chances of Hare's program—an accumulation of ideas gathered over the years by legislators—was again under a cloud.

"I certainly hope this very important program, whoever gets the credit for it, can survive these embarrassments which seem to be political, at least on the surface," he said.

FARMERS BECAME THE focal point of Governor Williams' most recent announcement.

He ordered the state agricultural commission to change its emphasis from quality and production to marketing and research.

"Times have changed since I first came into office," Williams said.

For the last year, Gov. Williams has been pointing out the plight of the farmer—too few dollars for the work put into a crop.

Quality has been reached, he said, and now the emphasis should be placed on convincing the buying public. He has ordered the commission and the state

agricultural marketing council to come up with a plan.

In the next few weeks, they are expected to develop a program in cooperation with State Treasurer Sanford A. Brown, who is drafting a new "state farm program" for Gov. Williams.

Northville Hospital Has Job Openings

The Michigan Civil Service commission announced today that more than 100 vacancies currently exist at the Northville State hospital for male hospital attendants. Applicants are being examined and interviewed each weekday at the hospital personnel office.

These vacancies have been created by the completion, within the last few weeks, of several new wards. It is expected the occupancy of these wards will help relieve the current critical situation in the mental health field.

MEDITATING while looking at the fish ponds, Captain E. R. Widmyer confessed to having mixed emotions about leaving the Northville hatchery. Retiring after 45 years of government service, Capt. Widmyer plans to go into the real estate business in his hometown of Berkeley, West Virginia.

Capt. Widmyer Retires After 45 Yrs.; No Replacement Sent To Fish Hatchery

Captain E. R. Widmyer, superintendent of the local government-operated fish hatchery for 23 years, retired last week after 45 years of service.

"You won't be getting any more free fish dinners," this reporter said.

"Funny thing," replied Capt. Widmyer, "we hardly ever eat fish, at least none that we raise. The fish here at the hatchery are pets to me, I could never eat them. My wife and I eat fish maybe once or twice a year if our neighbors bring us some that they catch. I haven't been fishing in 20 years."

COUNTS EVERY FISH

Even if Capt. Widmyer wanted to eat one of his pets he might find it embarrassing to explain on his report sheet. A careful record is kept of every fish, regardless of size, just like a banker keeps account of every piece of coin and currency.

STARTED AS LABORER

Capt. Widmyer entered into government service in October 1910 as a laborer in the Homer, Minnesota station. In April 1912 he was transferred to the distribution service of the Bureau of Fisheries.

During the 19 years that he worked in this division he was promoted from car laborer to Captain of the cars.

The "cars" were railroad cars that travelled all over the United States distributing fish from hatcheries into lakes, ponds and rivers.

LONGEST TRIP

The longest trip that Capt. Widmyer made in the distribution of fish was from Seattle, Wash., to Bangor, Me. The trip took eight days and nights. It was on a trip like this that the Captain introduced Pacific Coast salmon (Humboldt salmon from Alaska) to the Atlantic inland lakes.

CAME TO MICH. IN 1931

In 1931 Capt. Widmyer left the distribution department and entered into the fish culture department. He was appointed foreman in charge of the Charlevoix, Mich. station.

In 1933 Capt. Widmyer came to Northville as a replacement for Frank L. Snipes who was transferred to Flintville, Tenn.

SUPT. OF MICH. FIELD

With his promotion to Northville, Capt. Widmyer automatically became the superintendent of the Michigan field which included six feeding stations. All of the feeding stations closed during the war except the one in Clare County and that one closed after the war.

THOUSANDS OF TROUT

Approximately 300,000 rainbow, brook and brown trout are hatched and fed until they reach the fingerling stage, at the Northville Fish Hatchery.

"When the six feeding stations were open we used to hatch about 1,200,000 trout," Capt. Widmyer said.

When the trout reach the fingerling stage they are delivered to the state conservation commission where they continue to be fed or are planted in open waters.

SUPPLY 3 LOCAL COUNTIES

The Northville Fish Hatchery supplies the state with about 25,000 legal trout a year, the majority of which are deposited in Wayne, Oakland and Washtenaw counties. Legal trout are seven inches long.

Smaller trout are sent to other

State Says Closing of Northville Fish Hatchery Makes No Difference

You've probably heard the tale about the fisherman who went fishing and then bought a string of fish to be photographed with. Up to now local fishermen have had no reason to use similar tactics because the U.S. Government Fish Hatchery in Northville has been stocking public waters in Wayne, Oakland and Washtenaw counties with some 25,000 legal trout every year.

parts of Michigan, Ohio, Kentucky and Illinois.

PRIVATE PONDS STOCKED

Private ponds were stocked free of charge with blue gills and big mouth bass from the hatchery. "All the trout went into open waters," Widmyer said, "because there is a market for them and the government doesn't want to interfere with commercial enterprises."

NO REPLACEMENT

"The government isn't planning on sending anyone to replace me," Capt. Widmyer said, "so I suspect that there will be some disappointed fishermen next spring. Good fishermen used to catch their limit here every day."

Capt. Widmyer and his lovely wife are leaving Northville and going to Berkeley, W. V., the Captain's hometown.

"I'm retiring from government service," the Captain said, "but I'm going into a new business, real estate. I might even do some fishing," he smiled.

"It might be a different story next year," said Capt. Widmyer, superintendent of the hatchery, who retired last week, "but people will soon forget and go to other places to fish."

HATCHERY CLOSED

The hatchery is closed. The U.S. Government has sent no replacement for Capt. Widmyer and as far as the Captain knows, their intent is not to reopen.

"Water levels have lowered," the Captain said. "Our lakes have lowered and won't raise any higher. The spring here is practically dry. Trout need running water 24 hours a day and to continue the hatchery business in Northville would require the installation of a pump. A pump is expensive," the Captain continued, "and the government maintains hatcheries only where there is gravity flow to keep expenses at a minimum."

There are now only two government trout hatcheries in existence in Michigan, the Charlevoix Hatchery and the Brimley Hatchery.

voix Hatchery and the Brimley Hatchery.

STATE ANSWERS

"The government hatchery has only been supplementing the state output of fish," said A. B. Cook, assistant chief of Fisheries Division, Michigan State Conservation Dept. in Lansing, when contacted by the Record this week.

"Closing the hatchery in Northville will not make any complications in the stocking of local streams," Cook continued. "Any public waters that are desirable for trout will be taken care of by the state of Michigan. There is, of course, no guarantee as to the amount of fish, but no locality will be deprived . . . they will all be adequately taken care of."

be adequately taken care of."

WHAT HAPPENS NOW?

Only the government knows what will become of their buildings and land in Northville and they're not commenting. There have been rumors that the property will be given to the University of Michigan, but there has been no final word as yet.

MUSTANGS TRY TO CRACK LOSING STREAK AT HOLLY

By Philip Jerome

The football player drawn above to represent the Northville Junior High school team has his hand outstretched, and there aren't many people who wouldn't be glad to shake it.

You ask why? Listen to this! The Northville Junior High school football team defeated Ford Junior High school of Dearborn 27-0 to gain its second consecutive victory. The game was

Jr. High Tramples Ford Jr. High 27-0

played last Wednesday afternoon on the loser's field.

Northville scored early in the first quarter. It took only two plays to get the touchdown. Fred Mitchell lugged the pigskin for 24 yards. This was followed by a 23-yard jaunt by Joe Gotra for the touchdown.

Kent Frid scored the second touchdown by carrying the ball across from the 2-yard line in the second quarter. The try for the extra point was successful giving Northville a 13-0 lead at half-time.

Northville scored again in the last quarter on a 15-yard run by David Hay. The final touchdown followed a pass interception by Roger Atchison who ran 39 yards

to the 1-yard line. He then scored on a plunge through the Ford line. The extra point was made, giving Northville a 27-0 triumph. Roger Atchison played a good defensive game intercepting three Ford passes.

Clarkston Trims Northville At Homecoming Game 14-12

By Thomas McGuire

With high hopes of cracking their three game losing streak, the Northville Mustangs will invade the Holly stronghold tomorrow.

While hundreds of Northville fans were shouting last Friday,

FIGHT! FIGHT! FIGHT!

the Mustangs fought what turned out to be a losing battle with Clarkston coming out the victor by a two point margin, 14-12.

The Mustangs came out fighting in the first quarter. However neither team scored during this quarter. Clarkston came very close to a touchdown but the Mustangs' fight held them back.

In the second quarter John Chapman recovered his own fumble in our own end zone for a Clarkston safety. The score was then Clarkston 2, Northville 0.

Thirty-eight seconds before the end of the half, Leroy Parks passed to George Lang for a Clarkston touchdown.

Northville made a thrilling comeback before the end of the half. It was a short pass from Ben Mosher to Bill Yahnne followed by a lateral to Buddy Bell who ran 70 yards for the touchdown. Extra point was not converted. The score then stood at Northville Mustangs 6, Clarkston 8.

Bell's beautiful pass to John Chapman gave the Mustangs an 18-yard gain putting the ball on the 5-yard line for the second line. Bob Wagenschutz plunged the five yards for the second Mustang touchdown. The score at the end of the quarter was Mustangs 12, Clarkston 8.

Bill Heslip tackled Lang for a 10-yard loss against Clarkston. One minute and 39 seconds before the end of the half, Lang broke through for a touchdown, and the extra point was again not converted. This made the final score Clarkston 14, Northville 12.

The Mustangs, although losing the game, showed real team spirit and fought very hard to win. We have had a great deal of bad luck but we will come out on top for spirit.

Local Boy Plays Guard for Wayne U.

Gerald L. Heaton of Northville is back as a member of the Wayne university football team again this season. A guard, Heaton saw limited service last year, winning a minor award.

In the team's first three games this year he has had considerable action although a finger injury handicapped him. Heaton, standing six feet tall and weighing 210 pounds, has the size to be a valuable player in the line.

A veteran of three years in the Marines, the 23-year-old Heaton played service football with the Camp Pendleton Marines in 1951. He is now a sophomore in Wayne's College of Education.

Heaton lives with his parents at 560 Orchard Dr., Northville.

 Our Lady of Victory Catholic Church

The human race will be powerless to emerge from the present crisis and desolation and go forward to a more harmonious future, unless it can restrain and control the forces of division and discord by means of a sincere spirit of brotherhood, uniting all classes, all races and all nations with the one bond of love.

As all the different branches of a tree grow from the same root, so the various virtues spring from the love of God. All virtue is rooted and grounded in charity. Charity may be called the queen

of virtues, because it incites the will to the performance of good deeds; as flowers of various hues are bound together to form a wreath, so the different virtues form a harmonious whole. The bond that unites them so closely is charity, so that they cannot be severed one from the other.

At the time of our Blessed Saviour, the Jews, and even the scribes, had a false idea concerning different points regarding morals; in other words they were in error as to what they had to do and what they had to

avoid in order to live according to God's law. They had a wrong idea of the charity with which they had to love their neighbor; they would scarcely acknowledge anyone as their neighbor unless he was among the descendants of Jacob. They thought, too, that they were not bound to help any who were in need, in suffering, in adversity. It was from this double error that our Lord sought to withdraw the scribe who asked Him who was His neighbor. Our Lord put before him the parable of the man who, being wounded on his way from Jerusalem to Jericho, received neither help nor consolation from two Jews who saw him lying by the wayside, and whom help came from a stranger and a Samaritan. Concluding this parable, Jesus said, "Go and do thou in like manner," giving him to understand that he should consider as his neighbor, not only the Jews, the descendants of Jacob, but also all other men, no matter what nationality or how unknown they might be.

We must consider as our neighbor all men who, together with us, may have part in the heavenly Kingdom. No one is excluded from this except the damned in hell; and we must love all men according to the precept of charity, which says expressly, "Thou shalt love thy neighbor as thyself."

On what rests the Commandment of the love of our neighbor? And why did God command and prescribe to us to love our neighbor and to love him as ourselves? It was because man is a remarkable and exalted creature, a masterpiece of God's omnipotence and wisdom; because in a word, man is an image of the divinity. As you know, when God wishes to create man, He spoke these words: "Let us make man to our own image and likeness." After God made the body of clay, He

infused a spirit, a soul, into it, and this soul He has endowed with intellect, with memory and with a will. He has created the soul immortal, so that it cannot be destroyed by any creature, in order that it will continue to live forever. Man, looked at according to his nature, is, then, a great and exalted creature. He is the image of God Himself, for as God is one in essence and in person, so is man one in being and threefold in power: as God is now and forever, so man's soul will always continue to exist.

Because, then, man is such an exalted creature, the image of the divinity, he deserves to be esteemed, honored and loved; because this dignity belongs not to one, but to all men, because God's image is printed not in the souls of a few, but in those of all men, so is it the will of God that, without exception, we should have love and affection for all men. Of this love God Himself has given us the example; for man in whom He has printed His likeness, He has loved first. Such love and affection has Almighty God for man, that He has destined him for heaven, that He has designed to make him partaker of His Kingdom of infinite and eternal happiness.

When man was robbed of this happiness by the fall of Adam, when he had lost all right to heaven, God did not even then withdraw His love from him. He did not abandon him to his miserable lot, as He might have done very justly, but He had compassion on him. So great was His compassion that, for the redemption of man, He sent His only Son. "God so loved the world as to give His only begotten Son" (John iii:16). God gave His Son that He might suffer and die for man, so that by the infinite merit of His suffering man is once again reconciled to his Creator; for man obtained pardon for his sins and the right to enjoy the Kingdom of Heaven for which he was destined.

Now we see more clearly on what the command of loving our neighbor is founded. We begin to understand why it is so strictly imposed on us, so that all who neglect this commandment remain in death and cannot be saved, as the Apostle St. John teach-

es. The reason for all this is that our neighbor was created to the image and likeness of God, and that God loves our neighbor so much that He delivered up His only beloved Son for him. Christ, the Son of God, came on earth principally, says St. Augustine, that man may know and comprehend how much God has loved.

Would you not love your neighbor whom God Himself loved so much? Would you consider Him as a rejected creature? Would you dare to despise him, to consider yourself too great to look at him, to show him love and affection? If you would do this, you would not only be rebellious against God, but supremely unreasonable. When we behold man still closer not only as man but as a Christian we have yet other reasons for loving him in a spiritual manner. Christians believe and profess the doctrines of Christ. They regard one another, in a spiritual sense, as brothers and sisters; they know that in a special manner they have God for their Father and the Holy Church for their Mother. For did not Jesus Christ teach them to say "Our Father who art in heaven?" Yes, the Almighty God, who created heaven and earth, who governs all things, who knows and sees all things, who scrutinizes the hearts and souls of men, who leaves no good unrewarded and no evil unpunished, is, in a special sense, our Father.

In baptism, when we were regenerated in a spiritual manner, when we were washed and purified from original sin, God in His infinite and incomprehensible love, acknowledged and adopted us as His children; as legitimate children inherit the goods of their

To the President, City Clerk, and Superintendent of Public Works of the City of Northville, Wayne County, Michigan:

To the Supervisor of the Township of Northville, Wayne County, Michigan:

Sirs and Mesdames:

You are hereby notified that the Board of County Road Commissioners of the County of Wayne, Michigan, did, at a meeting of said Board held on October 13, 1955, decide and determine that the certain section of road described in the minutes of said Board should be a County road under the joint jurisdiction of the Board of Wayne County Road Commissioners and the Board of Oakland County Road Commissioners. The minutes of said meeting fully describing said section of road are hereby made a part of this notice, and are as follows:

"Minutes of the regular meeting of the Board of County Road Commissioners of the County of Wayne, Michigan, held at the Board's offices on the 7th Floor, City-County Building, Detroit, Michigan, at 9:00 A.M., E.S.T., Thursday, October 13, 1955.

Present: Commissioners O'Brien and Kreger. Absent: Commissioner Wilson.

Commissioner Kreger moved the adoption of the following resolution:

WHEREAS, this Board and the Board of County Road Commissioners of the County of Oakland, Michigan, did under date of August 18, 1955, agree to assume jurisdiction over land in the Counties of Wayne and Oakland, on which is to be constructed a county line road in accordance with the statute in such case made and provided; and

WHEREAS, the City of Northville, by proper resolution dated October 3, 1955, has granted consent to the assumption of jurisdiction by the respective Boards, over that portion of said land lying within the limits of said City.

NOW, THEREFORE, BE IT RESOLVED that this Board, jointly with the Board of County Road Commissioners of the County of Oakland, Michigan, does hereby take over and assume jurisdiction of, as a county line road, the following described lands located within the Counties of Wayne and Oakland:

Beginning at a point in Base Line Road on the Section line common to Section 4, T1S, R8E, Northville Twp., Wayne County, Mich. and Section 33, T1N, R8E, Novi Twp., Oakland County, Mich., distant S. 87° 31' 23" W., 113.17 ft. from the east corner common to said sections; thence proceeding northeasterly in said Section 33 and 34, T1N, R8E, along the arc of a curve concave to the N.W. of 716.20 ft. radius, central angle 34° 30' a distance of 431.25 ft. to a point of tangency; thence N. 53° 01' 23" E., 320.79 ft. to a point of curvature; thence along the arc of a curve to the right, radius 2864.79 ft., central angle 34° 45' for a distance of 1737.50 ft. to a point of tangency; thence N. 87° 46' 23" E., 483 ft. to the W.

parents, so also He has made us heirs of His Kingdom, "heirs indeed of God and joint-heirs with Christ," as St. Paul tells us. As children of God we shall enjoy the self-same Kingdom with Christ. Is not this a weighty reason to urge us to love one another? When we meet a Christian, we must consider him as our brother, for God is his Father as He is ours.

Now we well understand why God wishes, why he commands us to love our neighbor. Endeavor to comply with this weighty obligation, for you cannot love God unless you also love your neighbor. He that loveth not his brother whom he seeth, how can he love God whom he seeth not, asked St. John. Love then your neighbor, and always remember that this is a true mark of a real disciple of Christ. "By this," says our divine Lord, "shall all men know that you are my disciples, if you have love one for another." See then that this mark exists in you, so that Christ may recognize you as His disciple when you will appear before His tribunal.

Therefore, he who is devoid of charity toward God does not possess a single virtue; on the other hand, he who has charity possesses them all, if not all in the same degree.

The love of God may fitly be compared to the sunshine. When it is winter, the sun withdraws its rays; the face of nature loses its beauty. But it is quite possible to possess imperfect, natural virtue without the love of God. For every man has by nature a certain inherent knowledge of what is good and a desire for what is good; by reason of which he can perform many a good action and, by habit, acquire moral virtues without the love of God.

(L. 30, P. 1, Oakland County Records) to the E. limits of said city; thence N. 87° 46' 23" E., 1468.71 ft. in said Section 34 and part of Section 35, T1N, R8E, to a point of curvature in said Section 35; thence along the arc of a curve to the right, radius 1145.92 ft., central angle 43° 23' 30" a distance of 887.84 ft. to a point of tangency; thence S. 48° 50' 07" E., 255.41 ft. to a point of curvature; thence along the arc of a curve to the left, radius 1145.92 ft., central angle 43° 33' a distance of 871.00 ft. to a point of tangency and ending in Base Line Road on the section line common to said Section 35 and Section 2, T1S, R8E, distant S. 87° 36' 53" W., 799.24 ft. from the 1/4 corner common to said sections 2 and 35, constituting a total of 1.47 mile of coun-

ty road, said county line road to be designated as Base Line Road.

BE IT FURTHER RESOLVED that this resolution shall become effective upon the adoption of a resolution by the Board of County Road Commissioners of the County of Oakland taking over and assuming jurisdiction of, jointly with this Board, the above described lands as a county line road.

The motion was supported by Commissioner O'Brien and carried by the following vote: Ayes: Commissioners O'Brien and Kreger. Nays: None. Absent: Commissioner Wilson."
