Events this week indicate there is going to be plenty of news in Northville during the next few weeks. Six men are planning to run for four jobs on the new City Commission. They include the present members of the Commission—Malcolm Allen, Alton Peters, John F. Stubenvoll, Ed. Welch and Earl Reed, plus John F. Canterbury, who has a broad background in governmental activities and has displayed a keen interest in the local government since he came to Northville five years ago.

Mayor Claude N. Ely, who has been a member of the Village Commission for 18 years and mayor for the past two years, is unopposed to this time.

Apprehension has been expressed in some quarters lest the current hassle about giving Northville Downs permission to winter 100 horses here may lead to rejection of the new city charter at the election to be held Dec. 13. This appears to be rather far-fetched because there is absolutely no connection between adopting the city charter and the merits or objections to letting Northville Downs stable large numbers of horses here during the months when there is no racing.

The charter is for the benefit of everyone who lives in Northville, not only because it will make it possible for the city to collect some \$90,000 to a hundred thousand dollars per year from racing which it cannot get, as a village, but because it will replace the present outmoded and inefficient charter under which the village operates. Entirely aside from the financial benefit to be derived, there are many advantages that will come through becoming a city.

Christmas Eve Party Planned By Rec. Dept.

Do you have a baby sitter scheduled for Christmas Eve afternoon? Don't say "silly question," just read on.

Fret no longer and call the recreation department "Santa Claus" because they are going to keep the children entertained Saturday, December 24, from 10 a.m. until 4 p.m.

A Christmas party is being planned for all school age children. Movies will be the program feature and the gymnasium will be open for free play.

Any adults wishing to volunteer their services in this program are asked to call the recreation director Stanley Johnston, at 63 79.

Mrs. Alton Orvis Dies in Calif.

Mrs. Lizzie Harger-Orvis died in the Crescent Bay Nurses' Sanitarium in Santa Monica, Calif., Nov. 6. She had suffered a stroke last April.

Mrs. Orvis was the daughter of the late Oscar S. Harger, a long-time farm owner and lawyer and resident in Northville. She is survived by her husband, Alton D., formerly a banker in Chicago and later a builder of homes in Chicago suburbs, who lives at S. Bundy Dr., W. Los Angeles. A cousin, Miss Inez R. Bryan, who resides in Northville and two nieces, Grace Teagan and Mrs. R. K. Wilkinson, also survive.

After cremation, the ashes were expressed to the Casterline Funeral home, who, accompanied by the two nieces, interred the remains in the Harger lot at N. Farmington cemetery.

Motorist Hits Tree; 3 Women Injured

Three Walled Lake women were injured when the car in which they were riding struck a tree on North Center street Tuesday afternoon.

Taken to Sessions Hospital and then transferred to the Pontiac General Hospital were:

Mrs. Daisy Wilkenson, the driver, 1766 Scherffe, fractured knee cap and left leg;

Mrs. Margaret Smith, 2365 Welch Road, had laceration of forehead, possible brain concussion, and bruise on the right knee;

Miss Margaret Smith, daughter of Mrs. Smith, bruised lower left leg. Miss Smith was treated and released.

Police Chief Joseph Denton said that Mrs. Wilkenson was driving out of the alley west of the Edison Building onto North Center street. She made a horse-shoe turn and struck a tree. Mrs. Wilkenson has been driving for two months.

Man Fined \$100

Frederick John Teichman, of 21740 Hampton, Birmingham, was fined \$100 and costs by Judge E. M. Bogart, November 9, for using obscene immoral language when addressing three minor girls in the Bean Pot Restaurant. Teichman pleaded not guilty.

Lightning Strikes Gerald Ave. Shack

Lightning struck a shack at 19440 Gerald Ave. Sunday evening and burned it to the ground.

The shack was said to be about 16x16 in size and had been used as a storage place until recently.

Approximately 10 firemen answered the call and had the fire extinguished in 20 minutes.

Scout Bldg Committee Says:

Appeal For Funds Will Not Be Made Annually

The Scout Building committee has recently been soliciting funds from various city clubs, organizations, the city commission, township board, and the board of education to re-open the Scout Building on a large scale and make it a meeting place for the youths of the community.

Stanley Johnston, director of recreation and director of the Scout Building, issued the following release this week in an effort to inform the citizens in this area of the need for supporting the Scout Building project.

"Last March the mayor appointed a committee to formulate some plans for the Scout Hall. The building then was being used by the board of education for emergency classrooms until the new Amerman school was completed.

"Now that the building is again vacant the Scout Building Committee has made some definite plans for its use.

"The main thought for the support of re-opening the building for the youth of the community is to make available a place for them to meet. All youngsters from Northville and township areas will be invited to use its facilities.

"There is no place for many groups to meet. The Church halls and community building are used to their capacity. Testifying to the need is the fact that five youth groups are now meeting in the Scout Hall since the re-opening of school. Before long it is possible that every afternoon and evening will see the hall being used by girl and boy groups of every description.

"Some groups are already making plans for dressing up the hall with drapes for the windows and many other projects which will make the structure more attractive on the inside.

"The kitchen is being enlarged and redecorated. A refrigerator and electric stove (used) will be installed within a few days for the convenience of those groups desiring to have parties.

"The recreation department has the problem of storing the equipment used in its year around program. Storage cupboards are being built to take care of this. Cleaning and painting operations are now in progress in many parts of the building.

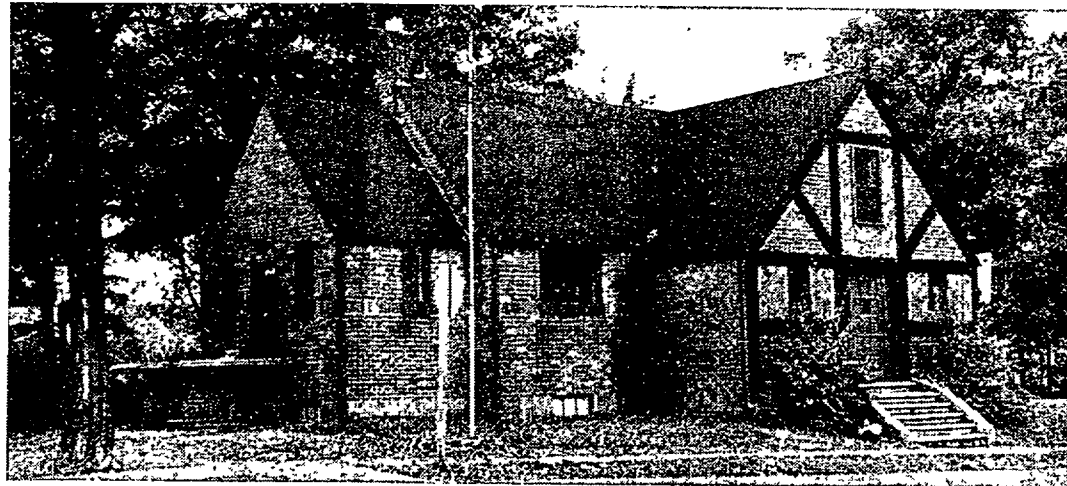

"As these improvements are being made plans for opening the building during the school lunch hours is being considered. A canteen, juke box, card tables and other recreational facilities for leisure time activities will be placed in the hall.

Students will have some place to go instead of wandering around town looking for something to occupy their time.

"A custodian has been employed on a part time basis so the hall will be properly cared for.

"In the past the lack of someone who would be responsible for the supervision and direction of the building has caused some ill feeling. The blame for its unkept condition was cast in several directions. No one knew for sure because there was no way

"Song of the Sky" Reviewed at Tuesday Book Club

The Tuesday book club enjoyed the book, "Song of the Sky," reviewed by Mrs. F. Albert Shaw at the home of Mrs. Paul Schulz.

The author, Guy Murchie, was a war correspondent in World War II. Later he served in the Air Transport Command as a navigator where he gathered the material for his book.

7 Men Take Out Petitions For City Offices

Six incumbents are among the seven men who have taken out petitions for city offices which will be voted on in the special charter election December 13.

Two offices are unopposed thus far. One petition has been issued for the office of mayor to Claude Ely, the present mayor; and one petition has been issued for the office of justice of the peace, to E. M. Bogart, present justice.

Five petitions for councilmen have been issued to Alton Peters, Ed. Welch, Malcolm Allen, Earl Reed, and John Canterbury. All except Canterbury are incumbents. The only councilman who has not yet declared his intention in the forthcoming election is John Stubenvoll.

In accordance with the new charter, only four councilmen will be elected. At the present time the city has five councilmen.

The last day for filing nominating petitions is Tuesday, November 29.

OLV Mother's Club Plan Bazaar-Tea

Christmas came early to Northville at a Holiday House Party work shop meeting last Tuesday. Mrs. Andrew A. Bertoni, general chairman, and her assistants made final preparations for the progressive bazaar and tea to be presented by Our Lady of Victory Mothers Club.

Mrs. Joseph Crupi, Mrs. Mark W. Gredell, and Mrs. Gordon Hubbert, and their committee, prepared articles for the Christmas Bazaar, "Bazaar House," the first stop, will be the home of Mrs. Claude A. Cruso, 43180 West 9-Mile Road.

Mrs. Marshall C. Huff, Mrs. George W. Kohns, and Mrs. Richard Jaynes, with their committee, were busy about plans for "Sparkle House."

Christmas greens, ornaments, and decorations will be displayed (Continued on Page 8)

Referendum Vote Asked On Horse Stable Zoning

Petitions Being Circulated to Compel Village Commission to Uphold Planning Board

Petitions protesting the action of the Northville Village Commission in unqualifiedly re-zoning the St. Lawrence property for stabling horses on a year 'round basis at its meeting Nov. 7th are being circulated in the village by village residents.

The petitions have been drawn in accordance with Chapter XIII of the village charter, which gives electors the right to initiate or protest legislation by petition. The present petitions are a protest against the Village Commission's ignoring of the unanimous recommendation of the Village Planning Commission that the property be re-zoned to permit the erection of stalls for 300

horses, but with the restriction that the barns be used only for a period beginning 15 days prior to the race meet at Northville Downs and ending 15 days afterwards.

Zerbel Protests Winter Barns

George Zerbel, a member of the Planning Commission, framed the motion which his commission adopted without a dissenting vote. Zerbel was invited by the Village Commission to appear at its meeting as a representative of the Planning Commission. He told the Village Commission just before it voted in favor of winter barns for 100 horses:

"The Planning Commission did not ask for winter barns because we don't have to go that far to give Northville Downs what it needs to meet the requirements of the State Racing Commissioner. If you give them permission to winter 100 horses on the St. Lawrence property this year, they'll be in here asking for 200 next year and 300 the following year."

Dr. L. W. Snow, president of the Northville Driving Club, replied that "the racing commissioner has told us we must winter horses here."

James H. Inglis, racing commissioner, told the Northville Record the following morning that his ultimatum that Northville Downs must provide 300 additional stalls for horses did not specify that the Downs must provide winter stables but that "it would be desirable." He added that such facilities are not available to horsemen at either Hazel Park or the Livonia track, both of which also have harness racing.

Petitions Ask for Referendum

The petitions being circulated specifically ask the Village Commission to repeal its Nov. 7 amendment to the village zoning ordinance and to amend the old ordinance by accepting in its entirety the recommendations of the Village Planning Commission, or as an alternative, to submit the Planning Commission's recommendations to a referendum vote of village electors within 30 days. (See adjoining column for complete text of the petition.)

Chapter XIII of the present village charter provides that the petitions must be filed within 21 days after the zoning amendment was passed and that they must "be signed by qualified electors equal in number to at least 25 per cent of the entire number of ballots cast for candidates for Commissioners of the village."

Bank Gives \$112,468 To Club Members

Mr. A. Russell Clark, president of the State Depositors Bank in Northville, announced this week that checks amounting to \$112,468.00 were being mailed to 1,040 members of the bank's Christmas Club.

The club this year was the largest in the history of the bank.

Mr. Clark issued a statement this week inviting the public to join the 1956 Christmas Club, now starting and enjoy a pre-paid Christmas.

The club last year had 944 members who shared a savings of \$102,459.30.

Cooperation Asked On Reporting News In Proper Manner

The Record asks the cooperation of clubs and organizations who report their meetings.

Whenever possible the news articles should be written by typewriter on standard size paper. Please don't write them on the back of an envelope or scrap of paper with a hard lead pencil and expect us to decipher them properly.

Also, we cannot take lengthy articles over the telephone. There is too great a margin for error and we cannot tie up a phone for the length of time this procedure takes.

We ask your cooperation.

Northern Michigan Honeymoon Follows Wedding

Adeana Gleason and John Denny Winkler were married Nov. 5, at 8 o'clock in the Presbyterian church of Northville. Rev. John O. Taxis performed the double ring ceremony before an altar of candelabra, palms and mums.

Adeana is the daughter of Mr. and Mrs. Albert J. Gleason of 42422 E. Seven Mile Rd., and her husband's parents are Mr. and Mrs. Raymond Winkler of 15570 Bradner Rd., Plymouth.

The bride's waltz length gown was winter weight taffeta, with fitted bodice of chantilly lace. The long lace fitted sleeves tapered to points over the wrists. Her fingertip tulle veil was edged in chantilly lace and held in place with a band of lace and seed pearls. She wore a single strand pearl necklace, a gift of the groom. Large white Fuji mums and baby mums formed the bridal bouquet.

Sally Wagenschütz was maid of honor and wore a waltz length gown of rust colored brocade taffeta. Marianne Ratliff, bridesmaid, wore an identical gown in winter blue. They carried bouquets of Fuji mums.

Mr. Winkler chose Tom Wick of Northville for his best man and Donald Graham of Northville and Richard Garchow of Plymouth seated the guests.

Mrs. Gleason wore beige brocade taffeta and a corsage of white gardenias. Mrs. Winkler

chose smoke blue, taffeta and wore white gardenias also.

Following a reception for 200 guests in the church parlors, Mr. and Mrs. Raymond Winkler traveled thru northern Michigan for a weeks honeymoon. Both young

Mr. and Mrs. John Denny Winkler

people are graduates of Northville High school and plan to make their home here.

Local Boy Meets Exchange Student In Germany

A German exchange student and a Northville boy had a reunion in Mannheim, Germany, last week. Pvt. La Marr Nalley who is stationed in Mannheim, wrote his parents, Mr. and Mrs. Oren Nalley of Orchard Dr., of meeting Traute Schaeffer and her family.

It will be remembered that Traute, a German exchange student here last year, lived with Mr. and Mrs. L. C. Sullivan on Eaton Dr., and was graduated with the Northville High school class of 1955.

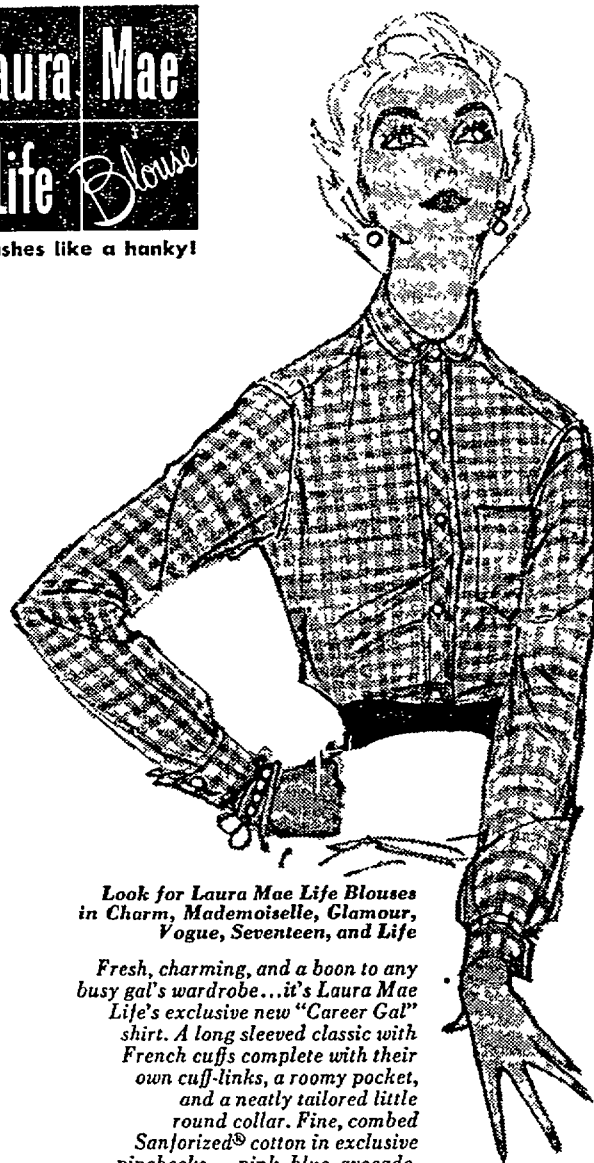

La Marr called on the Schaeffers on a Saturday and visited with Traute. Her parents were away so she invited him to dinner the next day when he met her family. Mr. Schaeffer is manager of a large factory in Mannheim.

When La Marr was seated at the table, he found to his delight, a map of Michigan placed before him. He wrote that he was treated as one of the family and invited to visit the Schaeffer home whenever possible.

Hitch-Hiking Experiences in Europe To Be Revealed at Woman's Club

The adventure of two American girls hitch-hiking in Europe will be revealed, in a talk entitled "My Thumbs Up In Europe," by Miss Gay Elizabeth Duerson at the Northville Woman's Club meeting Friday, November 18.

Miss Duerson, a senior at the University of Michigan, spent her junior year at the Sorbonne in Paris, France.

Between school semesters Miss

Garret Barry and Charles Freydl Jr., left Monday morning for a week of deer hunting at Baldwin, Mich. Charles Freydl Sr., left Tuesday to join them for a few days.

Gay Duerson

Duerson, accompanied by Miss Dorothy Berson, Detroit girl also attending the Sorbonne, hitch-hiked through the southern part of France, Spain, and a few places in North Africa During their spring vacation the girls hitch-hiked through the central part of France, Rome, Italy, and returned to Paris by way of the Riviera.

Miss Duerson graduated from Northville high school in 1952 and entered the University of Michigan in September of that year. She is majoring in French and will graduate in June 1956.

Miss Duerson is the daughter of Mr. and Mrs. Harry Duerson, 504 W. Dunlap.

BULLETIN

Miss Shirley Snow, a delegate to Girl's State this year, will also speak at the Woman's Club about her experiences last June.

Miss Snow, a Northville high school student, is one of a group of girls whose trip to Girl's State was sponsored by the Woman's Club and other organizations in town.

Novi School

(Continued)

The Sixth Grade has stamped and cataloged seventy new books purchased by the Board of Education. This makes a total of 266 new books for the Novi school library.

The prize of one dollar, awarded the new building for the highest percentage of parents attending Open House was won by the sixth grade.

Eighth Grade—

Two eighth grade girls are going on a vacation this week. Dor-

othy Boyer is going up north deer hunting with her family. Marilyn Harsh is going to visit her grandmother while her father and mother go deer hunting.

"N" Club—

The new officers of the Novi school "N" Club are: President, Roger Cheeseman; vice president, Richard Ritter; secretary, Sherry Davis; treasurer, Tom Ritter; Sgt. at Arms, Willard Springer and Initiating Captain, Bonnie Belling. Mr. Griffith, teacher, is the sponsor.

Fifth Grade—

Mrs. Orla McCollum and Mrs.

Howard LaFond visited the fifth

grade last week during American Education week.

The fifth grade has made some attractive book week posters for the new library. Mr. Knodle, Mr. Griffith and Mr. Callahan judged these posters. Billy Adams, first prize, Rita Crawford second prize, Diane McCollum, third prize and Bobby Taylor, Lana Whittle, Brenda Coburn and Gerrit Steenhagen won honorable mention.

Fourth Grade—

The fourth and fifth grade club elected new officers Friday, Nov. 11th. They are as follows: President, Diana Harrowood; vice president, Sharon Gattrell; treasurer, Bobbie Jean Davis and Secretary, Barbara Atkinson. Fourth and fifth graders who are on the Thanksgiving program are: Virginia Early, Diana Harrowood, Teddy Serrville and Frank Murphy.

Bobbie Jean Davis chose Pam Harnden as reporter.

Second Grade—

Wayne Ritter, Robert Harrison and Larry Burgman celebrated their birthdays with treats for their room, during the past week. Sandra Bach has moved to Walley Lake and Jimmy Trotter has brought three gold fish for the aquarium.

Showers Honor June Nelson

Mrs. Howard Meyer, W. Eight Mile Rd., was hostess, Nov. 11, for a personal shower honoring Miss June Nelson. Miss Nelson, the daughter of Mr. and Mrs. R. G. Nelson of Napier Rd., and Robert Gasser of Detroit will be married Saturday in the First Presbyterian church of Northville. Guests were present from Northville, Detroit and Birmingham.

Miss Nelson was honored Nov. 5 at a miscellaneous shower given by Mrs. Ed Campbell, Mrs. Dave Razich and Mrs. Paul Balconi at the Campbell home in Livonia. Fourteen former classmates of Miss Nelson were invited.

Mrs. J. Haller Host To Garden Club

A profusion of fall flowers decorated the home of Mrs. John Haller on Sheldon Rd., for the guest day tea of the Northville Branch of the National Farm and Garden Assn., Monday.

Mrs. R. D. Merriam was the speaker and demonstrated Thanksgiving and Christmas arrangements. The members were reminded to concentrate on the "front and back door" of their flower arrangements. Stereophones and flower pot bells were used to complete some of the Christmas decorations and cat tails, weeds and fungus were used for dry arrangements.

Mrs. Merriam emphasized that when using accessories, the arrangement should be built around the accessory.

One interesting idea was Christmas wreaths for the birds using paper cups filled with suet and seeds.

Assisting Mrs. Haller were Mrs. Ralph Hay, Mrs. H. Frogner, Mrs. E. B. Cavell, Dr. Irene Sparling, Mrs. E. E. Miller and Mrs. T. J. Knapp.

ORDINANCE AMENDMENT

The City of Northville Ordains: That the Zoning Ordinance for the Village of Northville, be and the same is hereby amended as follows:

That those portions of lots 230 and 231 of assessors Northville Plat No. 3, which are 450 feet west of Sheldon Road, and which are presently zoned as R-1, be rezoned to T-1 classification. Provided, however, that should the race track be abandoned as such, then this property is to revert to R-1 classification.

Motion was made by Commissioner Reed, seconded by Commissioner Stubenvoll that the foregoing amendment be adopted. Yeas: Welch, Reed, Allen, Peters, and Stubenvoll.

Nays: None
Motion carried.

SHOULD I USE FORCE?

"Shall I make my child go to Sunday School and church? Yes! How do you answer Junior when he comes to breakfast on Monday morning and announces to you that he is not going to school anymore. You know! Junior goes. How do you answer when Junior comes in very much besmudged and says, 'I'm not going to take a bath.' Junior bathes doesn't he?"

Why all this timidity then, in the realm of his Spiritual guidance and growth? Going to let him wait and decide what church he'll go to when he's old enough? Quit your kidding! You didn't wait until you were old enough! You don't wait until he's old enough to decide whether he wants to go to school or not. You don't wait until he's old enough to decide whether he wishes to be clean or dirty do you?"

What shall we say when Junior announces he doesn't like to go to Sunday School and church? That's an easy one to answer. Just be consistent. Tell him, "Junior, in our house we all go to church and Sunday School and that includes you." Your firmness and example will furnish a bridge over which youthful rebellion may travel into rich and satisfying experience in personal religious living."

Obituaries

Roy Cole, for many years a resident of Northville, died suddenly Nov. 11 at his home in Davisburg Mich., at the age of 80. His wife, Lillian, died 23 years ago. Roy was a brother of the late Willard Cole of Northville. He was born in Plymouth township March 29, 1875. Surviving is a step-son, Charles Haynor of Pontiac and a daughter, Mrs. Fred Brogan of Davisburg. Funeral services were held Monday at 2 p.m. at the Casterline Funeral home. Rev. Ivan Hodgson officiated and burial was in Riverside cemetery in Plymouth.

Mr. Cole had lived in Northville most of his life until he moved to Davisburg 23 years ago. He was a past member of the Foresters.

Funeral services were held Wednesday at 2 p.m. at the Casterline Funeral home for Ann Lou Baron who died, Sunday, at the University of Michigan hospital in Ann Arbor at the age of 28. She was born in Eaton, Tenn., January 26, 1927 and her parents are John and Annie Humphries of 577 Randolph St.

Besides her parents, Miss Baron is survived by three brothers: John R. Jr., of South Lyon, Bobbie Joe and Brody of Northville; and four sisters: Mrs. Floyd Hanis, Peggy and Betty of Northville and Mrs. Ross Snow of Plymouth.

Rev. Peter Nieuwkoop officiated and burial was in Rural Hill cemetery.

Miss Baron and her family have lived in Northville for the past 15 years and are members of the First Baptist church. Miss Baron had been employed by the Motorola Radio Corp.

Pat Malley is hunting in the Indian River area and staying in his cottage on Burt Lake.

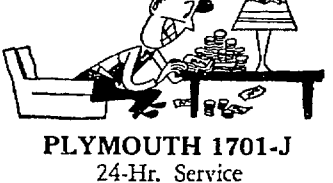

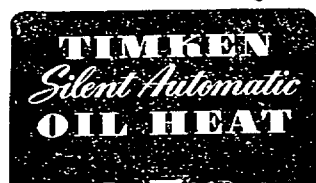

Another hunter is Orlow Owen who is at his cottage at Tawas.

NOTICE

"It is unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money—that is all. When you pay too little, you sometimes lose everything because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot. It can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better."

Willowbrook Directors Meet With Paul LeBost

Builder Donates Community Building, To Furnish Traffic Signs, Improve Roads

A temporary community building and boys club, an acre of public recreational area, traffic signs, improved gravel roads, and a large neighborhood Christmas tree were presented to the people of Willowbrook Village by real estate developer Paul LeBost at a special meeting last Thursday evening.

LeBost and his associates, Carson Hollingsworth and W. Gallagher, met with the directors of the Willowbrook Civic Association in an effort to solve mutual problems.

The temporary community building, a two-story farm house on the south side of 10-Mile Rd. just east of Willowbrook, was turned over to the residents for their social activities and boys' club work. In the spring, the house will either be moved or demolished and funds from the sale of the house will be used by the residents to help pay for a new combination community hall and boys club.

Site for the new building will be the one acre parcel of land surrounding the water pumping station south of 10-Mile Rd. The land has been deeded to the township and will be maintained as a public recreational area.

With regard to the bad condition of LeBost Drive north of 10-Mile, LeBost offered to fill in many of the bad spots with gravel. He also told the group he is now having Border Hill Rd. repaved.

Traffic signs are now being made, LeBost said, to be erected by the residents in an effort to slow down traffic in areas where children are playing. Also, stop signs to be erected where neighborhood roads intersect with 10-Mile have been ordered for installation.

In addition to a large Christmas tree and lights on 10-Mile, LeBost offered to furnish water for two large skating rinks to be built on the proposed shopping center site southeast of Meadowbrook and 10-Mile.

LeBost told the directors that Willowbrook had shown more community spirit than any of his other projects.

Next on the list of civic projects in the area is a painting bee this Saturday when many of the men in the area will gather at the recently acquired farm house to help paint the interior.

E. Hautebergue Dies at Age of 90

Eugene G. Hautebergue Sr., of West 10 Mile Rd., died November 8 at the age of 90.

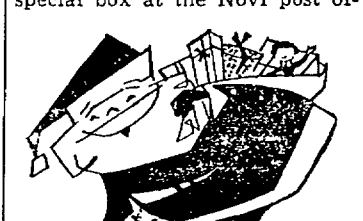

Born in New Baltimore, Mich., in 1865, Hautebergue had been a resident of Wixom and Novi for many years. He died in a Pontiac hospital following a short illness.

He is survived by four daughters and three sons, Mrs. George Hennessy of Toledo, Mrs. William Kline of Ypsilanti, Mrs. Dell Bowers of Tuscon, Arizona, Mrs. Roy Elliot of Northville, Lester Hautebergue of Wixom, Asa Hautebergue of Toledo, and Eugene Jr., of Northville.

He is also survived by fifteen grandchildren, one great grandchild, and a brother, Henry, in Alberta, Canada.

"Write Early" Santa Urges

Santa Claus announced early this week that he has rented a special box at the Novi post office to receive all letters from children in the Novi area.

Because he will be a pretty busy fellow in the next few weeks, Santa urges all boys and girls to write their letters early. Simply address the letter to Santa Claus, c/o North Pole Box, Novi, Mich.

Blue Star Mothers Name Committees For Bazaar, Nov. 30

Seventeen members of the Blue Star Mothers, Novi Chapter, met at the home of Mrs. Paul Ginstle Monday evening for their regular monthly meeting. Mrs. R. E. Ward gave a report on the National Convention held in Detroit recently.

Mrs. Frank Pennell, chairman of the bazaar and ham luncheon to be held November 30 at the Novi Community Hall, appointed her committee. Myra Ward will act as chairman and her co-workers are Mrs. Stephens, Mrs. Lee, Mrs. Smith, Mrs. Mandik and Mrs. LaPlante.

Mrs. Tuck, dining room chairman, chose for her helpers Mrs. Johnston, Mrs. Ginstle, Mrs. LaMontagne and Mrs. Klasner. Mrs. Joe Gardella will have charge of the bake sale; Mrs. L. Rix, aprons; Mrs. R. Walden, white elephant; and Mrs. A. McCollum fancy work.

Last Wednesday the mothers, Mrs. Paul Ginstle, Mrs. Ralph Walden, Mrs. Walt Tuck and Mrs. John Klasner tied a quilt which will be sold at the bazaar.

Baptists Plan For White Gift Sunday

Next Sunday will be White Gift Sunday at the Novi Baptist Church. All church members are asked to bring canned goods which will be delivered to the Baptist Children's Home before Thanksgiving.

Y.B.A. teachers training class will be held at Walled Lake Baptist church, Monday, November 21, at 7:30 p.m. All prospective teachers are invited to attend. The Rev. Molock of the Walled Lake Baptist Church and Mrs. Mosher of the Redford Baptist Church will be the teachers.

Supt. William Medlyn and Principal Mary Ann Atkinson attended the Oakland County curriculum planning meeting in Birmingham Tuesday noon.

A CHRISTMAS FOR EVERY NEEDY FAMILY is the goal of the Novi Goodfellows this year. Shown above, at their first organizational meeting, are several of the Goodfellow leaders for the coming year. Left to right are Harold Miller, Frazer Staman, Mrs. Owen Bellinger, Charles Trickey Jr., and Ernest Pitchford. Miller will take charge of newspaper distribution, Staman will serve as treasurer, Mrs. Bellinger will investigate needy cases in the area. Trickey is chairman, and Pitchford will be in charge of distributing the gift packages.

Plea For Funds Drive Falls Short

A last minute plea on behalf of Novi's United Fund Drive has been made by Chairman Leo Harwood.

He said Monday that the drive is short of it's announced goal for this year.

All residents who have not already contributed are requested to mail or bring their contributions to Harwood's Service Station or to Mrs. Charles Trickey Sr. at Trickey's Hunting and Fishing Store.

Goodfellows Make Plans For 1955 Paper Sale

Plan Campaign to Help All Needy Families in Novi Township

Leaders of the Novi Goodfellows met at the township hall last Thursday night to plan their program for the coming Christmas season, a program designed to bring Christmas to the less fortunate families throughout Novi Township.

Under the chairmanship of Charles Trickey Jr., the annual newspaper sale will be conducted Friday and Saturday, December 16 and 17.

Among those assisting Trickey will be Harold Miller, who is in charge of newsboy paper sales. Mrs. Owen D. Bellinger, representing the Novi Mothers' Club, will head the committee investigating reported cases of needy families. Mrs. Bellinger asked that anyone knowing of a needy family in the area call her at Northville 1200M12 or leave a message at 705.

Ernest Pitchford will be in charge of delivering the 9 ft. packages while Frazer Staman will serve as treasurer.

Volunteer newsboys will be stationed throughout the Novi Rd.-Grand River area, as well as at the main intersections throughout the township.

The entire proceeds of the annual Goodfellow paper sale will be used to provide food, clothing, and toys to less fortunate families throughout the Novi area.

The next meeting of the Goodfellow group, according to Trickey, is scheduled for Tuesday night, Nov. 29.

Harwood was the scene of a birthday celebration Sunday, with twenty relatives present.

The birthdays were Diana, the daughter of the Harwoods, Mrs. Jane Wickline, sister of Mrs. Harwood and her nieces, Linda and Martha Roesler of Highland Park.

After the football game Friday evening, November 11th, Judith White celebrated her sixteenth birthday at the home of Brenda Seeley. Thirteen guests present came from Northville, Willowbrook and Farmington.

A large white birthday cake decorated with yellow roses was served with the refreshments.

The evening ended with a snipe hunt at Seeley Golden Acres on Seeley Road.

Mr. and Mrs. George Lien entertained Sunday evening, seven couples, off from Detroit.

Wm. Mairs accompanied Mr. and Mrs. Myron J. Moak of Northville to Flint on Sunday, Nov. 13th, to celebrate the 60th wedding anniversary of Mr. and Mrs. Myron C. Moak, at 1428 West Court Street, who are the parents of Mr. Moak of Northville.

Mr. Mairs and Mr. Moak Sr. met in 1903 at Port Huron at the Engine Thresher Work and they have been friends since that time.

The Liens entertained their guests with a showing of slides taken on their trip to Europe last summer.

Last Saturday evening the "Merry Mates" a group of twelve neighbors, were guests of Mr. and Mrs. George Lien of 12-Mile Rd.

Charles Buttermore, 429 Lake St., duplicated his feat of last year—shot his buck at 10 a.m. on Nov. 15. He is hunting at Harrison, Michigan.

Librarian Visits During Book Week

Mrs. Agnes Pauline, librarian at the Wayne County Library in Plymouth, was a guest at Novi School on Wednesday. She told stories to the children in the elementary grades and talked about books in general.

Book week is being celebrated at the Novi School during the week November 13-19.

Model Homes To Be Built On Crusoe Property

Building permits for two model homes in the Brookland Farms subdivision, Nine-Mile and Novi, were issued this week to the Austin Building Co. of Birmingham.

Brookland Farms is the first of a series of proposed subdivisions on the Lewis D. Crusoe estate.

One of the homes will be a ranch style dwelling with seven rooms and a bath on one floor. It will feature an attached two-car garage.

The other home, a split-level design to take advantage of the rolling countryside, will have five rooms and bath plus a full basement opening onto a lower level.

The sales price of the houses has not yet been announced.

75 Cub Scouts Have First Pack Meeting

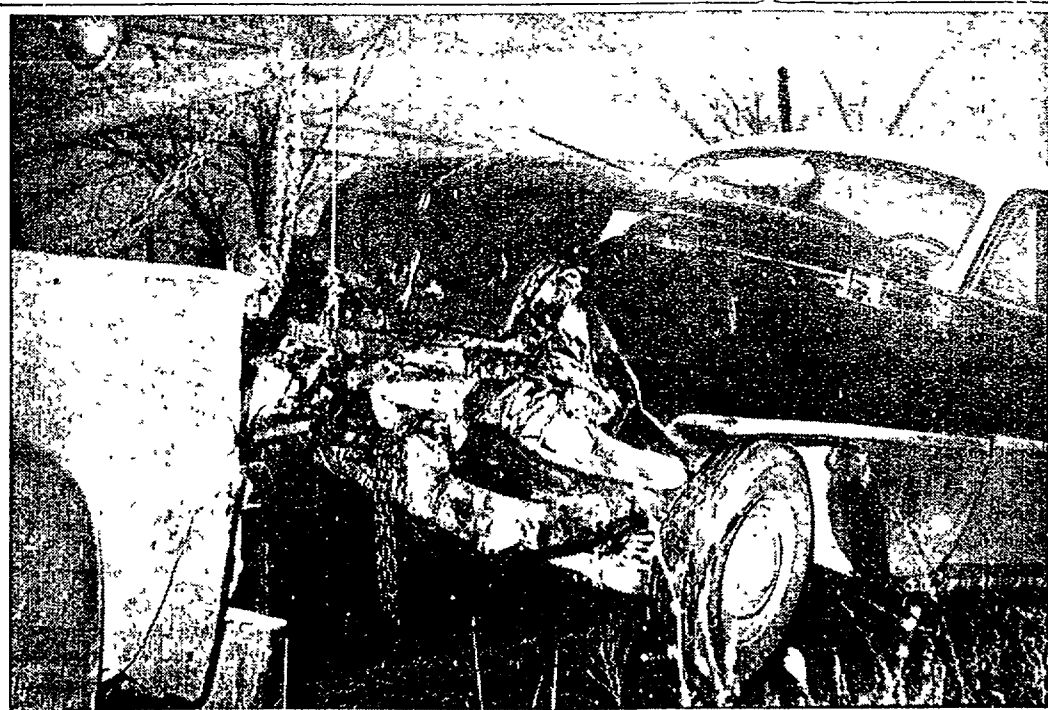

The Novi Cub Scouts Pack #54, had their first pack meeting this fall at the Community Building last Friday with about 75 present. The Opening was given by Den #5, Bobcat ceremony by Larry Long and Cas. Trickey. Followed by skits with all Dens taking part. Closing and refreshments were given by Den #5 after which a movie was shown.

Philip Semiton is the Cub Master again this year. The Den mothers are Mrs. Burkman, Mrs. R. Taylor, Mrs. K. Cook and Mrs. T. Arnold. The Dens meet once a week. The next pack meeting will be a Christmas party, December 16.

Temporary Clubhouse Given By LeBost

THIS TWO-STORY FARMHOUSE just east of Willowbrook Village on 10-Mile Rd. was donated to the residents of Willowbrook last week for use as a temporary clubhouse. Since then, the residents have been busy cleaning up the landscape and redecorating the interior. It will be used as a combination community center and boys club.

A TURN FOR THE WORSE occurred November 9 on 10-Mile Rd. at the eastern edge of Willowbrook Village when the above car, driven by Arthur Olson of Royal Oak, was struck by an oncoming car. Olson was uninjured but the other driver, Clarke Morgan, of Lakeland, was taken to the hospital with minor injuries. Residents of the area have been appealing for a speed limit on 10-Mile Road during the past several months.

Moved by Comm. Reed, supported by Comm. Allen, that bills be paid. Carried.

Communications were read from Board of Wayne Co. Rd. Commissioners regarding the connection of Oakwood Sub. and other property adjacent thereto to the Middle Rouge Interceptor Sewer, also from the Michigan Dept. of Health about sites for test well. Letter was read from C. E. Miller suggesting the need for additional street lighting on Hutton St.

Mr. Jagow, of Atwell-Hicks, reported on the work being done by his firm regarding the alley on the north side of E. Main St. in the business section. He stated that utility companies had agreed to co-operate in re-locating the poles which need to be moved; that the Michigan Bell Tel. Co. is planning to re-model its lines in that location and have requested time to do so before work is started by the City in this alley. Public Works committee will communicate with Mr. Jagow after they have checked the plans submitted.

Pres. Ely then requested the Clerk to read the recommendation of the Planning Commission as to the rezoning of the St. Lawrence property, which is as follows:

"A meeting of the Northville Planning Commission held in the City Hall on Oct. 26th, 1955, was opened by Chr. T. R. Carrington, with members Wagenschütz, Zerbel, Ely, Ebert, and Eaton present. Absent Murphy and Hoehel. Present also were Mr. St. Lawrence, petitioner; Dr. Snow of the Driving Club and Mr. Carlo, of Northville Downs. Mr. Carlo stated that a complete search had failed to locate any property, other than the St. Lawrence tract that would meet the requirements for the additional barns demanded by the Racing Commissioner. He also presented maps showing the proposed location of the barns and barn construction on this property.

At the conclusion of a question and answer period between the commissioners and the above named gentlemen, the latter left the meeting.

The following motion was made by Mr. Zerbel and seconded by Mr. Ebert: That the Planning Commission recommend to the Council of the City of Northville that the petition of Mr. St. Lawrence to rezone Lots 230 and 231, Assessor's Northville Plat No. 3 be granted, subject to the following restrictions:

1. The east 450 feet of Lot 230 to remain zoned as R-1
2. Use of rezoned portion to be limited to the duration of the racing meet, 15 days prior thereto and 15 days subsequent thereto.
3. In the event of discontinuance of racing the property to revert to R-1 classification.

Motion carried.

Letters were read from both the Northville Driving Club and Northville Downs objecting to the restriction that the barns be used only during the racing season and 15 days prior and subsequent thereto, as five of the fifteen barns to be constructed are to be winter fireproof, and it is desired to winter stable one hundred horses in this area for the period from Nov. 1st to April 15th, of each year, and therefore there should be no restrictions as recommended by the planning Commission, but that the area should be zoned "Track" without any limitations.

Letters were also read from Bruce and Helen Bradshaw, who live immediately adjacent to the St. Lawrence property, and also from a prospective purchaser of the lot of land owned by Donald Sober, which is also adjacent to the St. Lawrence property, requesting that the Commission consider all aspects of this problem before deciding to rezone this property for track purposes, as they felt it would greatly deteriorate the value of property in that vicinity.

Interested parties present were given the opportunity to express their views regarding this matter.

After listening to all parties present who wished to express their views prior and on the subject of rezoning the property in question, Comm. Stubenvoll stated that he feels the City has indicated that it wants racing and it is the duty of the City Commission to rezone the property in question.

Comm. Welch stated that while he realized how the people present felt about having the property rezoned, the obligation of the City Commission is towards the desires of the majority of the people in the City of Northville, and that every effort would be put forth by the City to maintain sanitary conditions at the site to be rezoned. He recommended that a cyclone fence be built around the property to prevent any encroachment on the surrounding property, and Mr. St. Lawrence stated that he would include this stipulation in his lease, which had not yet been signed, as he felt the adjoining property owners should have this protection.

George Zerbel, a member of the Planning Commission, made the observation that a statement was made that the property in question is definitely residential area and that it shouldn't be rezoned, but from a practical standpoint it was felt by the Planning Commission that the track should be given what they had to have in order to operate properly. As to winterizing, this was not a stipulation of the racing commission and therefore the Planning Commission did not recommend the year around use of the barns.

Comm. Stubenvoll expressed the opinion that he did not believe the winterizing of 100 horses would cause any hardship, and that an ordinance could be drawn to control the situation.

Motion was then made by Comm. Earl Reed supported by Comm. Stubenvoll that those portions of lots 230 and 231 of assessors Northville Plat No. 3, which are 450 feet west of Sheldon Road, and which are presently zoned as R-1, be re-zoned to T-1 classification. Provided, however, that should the race track be abandoned as such, then this property is to revert to R-1 classification.

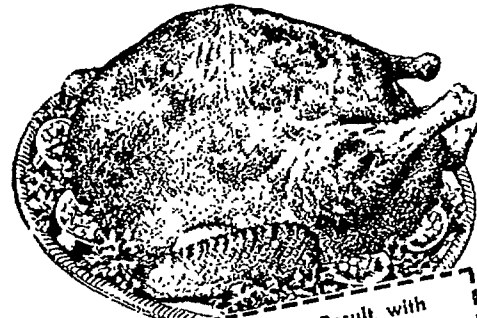

Motion was made by Commissioner Reed, seconded by Commis-

Referendum Vote

village at the last preceding regular election at which commissioners were elected."

The last such election was held in March, 1954 and Commissioner John F. Stubenvoll, running unopposed for a two year term, received 400 votes. This was the largest number received by any candidate and legal opinion holds that the petitions must therefore have 100 signatures.

Arthur J. Prodder, who lives at 450 Griswold and has been a village resident for eight years, is the initiator of the move to secure a referendum vote but at least two other village residents are also understood to be circulating petitions. Prodder appeared before the Village Commission when the zoning amendment was passed to question how far racing might try to extend itself in the village.

Chapter VI, Section 1, of the village charter provides that "no ordinance passed by the Commission... shall take effect before 21 days after the day of its final passage." This would make the re-zoning of the St. Lawrence property effective Nov. 28.

of telling who used the building last.

"The custodian will always be on duty when the building is in use and no one will be permitted to use or enter the hall without the consent of the custodian or building director. Keys, for the time being, are in the care of the recreation director who is the director of the building.

"Money for the project is being solicited from various clubs and organizations. The city commission, township board and the board of education have been included.

"Some people feel that since the Scout Hall is owned by the city, it should be operated and maintained by the city tax funds. This thinking is probably correct. However, the city has no provisions in its present budget which include the Scout Building. The recreation fund had inadequately supported it before the school board took over. It is fairly certain that the new commission will see fit to include this in their next budget calculations. There is no intention of making an annual appeal for funds.

"The committee unanimously agreed that this project should not wait. The record of our youth in the community is excellent and they (the committee) want to do everything possible to keep it that way.

Mr. and Mrs. Clare Bunker were the dinner guests of the Bunkers of Mooring Side Drive on Sunday.

After the football game Friday, Nancy Morrison attended a surprise birthday party in honor of Judy White of Seelye Road. The party was given by Brenda Seelye. Guests included Karen Tibbs, Judy Boyd, Lois Lovenworth, Kay Spicer, Sara Powell, and Francis Walters.

The first school committee meeting was held at the home of June Weisberger of Leboist on Wednesday evening. The committee has made arrangements with Mr. Erwin to meet on Tuesday evening at the Erwin home.

Quite a few of the neighborhood men turned out to help on the clean-up campaign at the old farm house we are going to use as our temporary community building. Bob Waugh, Walt Thompson, Lloyd Ferguson, Charles Duprey, Bob Nelson, Bill Benjamin, Leon Hurlburt, Bob Boyd, Ron Grant, George Marinoff, Jim Martin, Harley Beach, John Halick, Len Berardi, and George Maw turned out. The boys' club members also helped clean the house and the property around.

At lunch time a few of the ladies of Willowbrook donated coffee, sandwiches, and cookies to the workers. They were Jane Marinoff, Aldean Carter, Helen Waugh, Ollie Thompson, and Cecilia Beach.

Donations of furniture of any kind, games, and books for the boys club would be greatly appreciated. Mrs. Kucinski donated a ping pong table and Jack and Aldean Carter donated a pool table. Chairs were donated by George and Jane Marinoff.

Students Set Goals In Home Economics Classes

COOKING is exciting, especially when it results in good things to eat like these fluffy biscuits. The biscuits were one of the quick-breads prepared by the freshman cooking class recently. Left to Right: Susie Rathburn, Kathleen Farley, Fay Arquette, and Mary Lamp.

When I blundered through the required elementary course in home economics back in junior high school everyone was forced to construct an identical and highly unaesthetic apron which no one would have been caught dead wearing. We also cooked up a mess of oatmeal and soggy muffins that left us dispirited for days and practically blotted out our homemaking instincts for life.

Times have changed and so have modern home economics courses. Those in Northville high school are creative and exciting, geared to fit the needs and interests of the students.

How many times have you heard a husband wish that his wife knew how to pound a nail into place . . . or a wife wish that her husband could sew a patch once in awhile. Eighth grade students are learning that a little knowledge in both of these fields might turn out to be very valuable.

The grade is divided into six groups, each of which receives a six week basic course in home economics and then a six week course in the workshop, handling building tools. The home economics course includes a few lessons in sewing, planning meals, cooking, and grooming.

Cooking—

The ninth grade beginning cooking class not only includes cooking, but the things that accompany it. The students plan their meals, do their own price shopping, and prepare the meals. The other day they were divided into groups and made a variety of quick-breads; baking powder biscuits, caramel cinnamon muffins, apple sauce bread, and orange-nut loaf. When the class finished their work, the teacher, Miss Corinne K. Clark, inspected one of each of the finished breads and tested them for color, texture, and appearance. Then came the best part of the lesson . . . eating them.

Family Living—

Most senior girls enjoy the class in Home and Family living which is designed to the girls interests.

At the beginning of the semester the girls decided on a set of goals, things they would like to know more about, which included: house planning, exterior and interior house decorating, furniture, personal and family relationships, marriage, colleges, and jobs. During the year these things will be studied.

The home economics department is based on the following belief: that education in home-making should be directed toward the following objectives, help the individual to:

1. Meet effectively the personal and social problems of living in the home, school and community.
2. Understand and appreciate the home as the basic unit of society.
3. Acquire knowledge and develop attitudes basic to wholesome living—the proper relationship.

SEWING is as interesting for these junior high school boys as it is for the girls. Just in case you think it's "sissyish", the boys are athletes too. Kent Frid is one of the jr. high football stars. Left to Right: Jimmy Petrock, Kent Frid, and Richard Kernozek.

ship among family members; sharing family responsibilities; comfortable and artistic housing; money management; efficient home management.

4. See some of the possibilities for leisure time activities which can grow out of home-making.

SECOND OLDEST NEWSPAPER IN WAYNE COUNTY—EST 1868—Thursday, November 17, 1955—9

LEARNING to read a house blueprint is only one of the many things that senior girls learn in their Home and Family Living course, designed to help them prepare for marriage or job careers.

WHY IS A SHIP A SHE?

At a party not long ago, I raised the question of why everyone invariably refers to a boat as a "she". Here are some of the reasons the group came up with: "A boat is called a she because there's always a great deal of bustle around her . . . because there's usually a gang of men around . . . because she has a waist and stays . . . because she takes a lot of paint to keep her looking good . . . because it's not the initial expense that breaks you, it's the upkeep . . . because she's all decked out . . . because it takes a good man to handle her right . . . because she shows her topsides, hides her bottom and, when coming into port, always heads for the buoys."

—George L. Moses in Falmouth, Mass., Enterprise

EVERYTHING YOU DO!

FROM THE MOMENT you awaken until you go to bed, almost everything you do is closely dependent upon the operation of trucks. In fact, even while you are asleep, trucks are working for you. (Beds arrive by truck, too, of course.)

Without trucks, your favorite food market would have empty shelves. Without trucks, you wouldn't find gas stations located conveniently almost everywhere you turn. Without trucks, the building of new homes, factories, and stores would slow to a walk and businesses of all kinds everywhere would suffer.

Sooner or later, everything you eat, wear, or use depends on trucks for transportation. Eventually, everything has to get to you—the consumer. So, when you consider that trucks haul three times the tonnage handled by all the other forms of transportation combined, you realize how very important they are to you!

MICHIGAN MIRROR

A REPORT FROM THE CAPITOL

By Elmer White

LOCALLY-ELECTED school officials have won the fight to determine how a \$13,500,000 bonanza in sales tax money will be divided into salaries for teachers and other employees.

But it was a long fight, pitting Republicans and Democrats on opposite sides of the arena.

IT WAS DISCOVERED that the money had piled up from record sales tax collections. Law requires that two thirds of these funds go to schools.

So, as part of the special legislative session, there was the question of how it would be divided into teacher salaries—a proposal in different forms pushed by both parties.

THEN CAME THE SCRAMBLE.

Gov. Williams wanted it specifically earmarked for \$200 raises for each of Michigan's 51,000 teachers. Republicans wanted to turn it over to local boards with instructions to use it for wage hikes.

THEN CAME the teacher organizations, which claimed that a \$7 per pupil earlier increase in state money intended for raises was in some instances spent for other purposes, and pay increases ignored.

"We know that in Hamtramck, teachers got nothing and some areas in Detroit the increases were uneven," said Williams.

NON-TEACHING EMPLOYEES also asked for a raise from the latest chunk of cash. Republicans included them, and Williams said he would go along at \$145 each if the legislature accepted his version.

REPUBLICANS FLATLY REJECTED the idea. "I think it is improper for me to come down here and assume I know more about local school conditions than the men elected to run them," said Senator Edward Hutchinson (R-Fennville).

GOP men argued that local boards could put the money to best use, rewarding teachers with experience—without putting all teachers on the same level regardless of training or talent.

Williams figured the teachers wouldn't get it all. Also that districts operating inefficiently—with large classes—would benefit more from the \$9 per pupil distri-

bution than those who had a smaller teacher to pupil ratio.

Republicans won the battle in the legislature and Williams indicated he would accept it.

FIGHTING ABOUT TOLL ROADS in Michigan is a continuous process, and may be for some time. There are those who think the most telling blows about the Toledo-Saginaw proposal have got to be struck.

Highway Commissioner Charles M. Ziegler has been cussed and discussed in the toll road picture, for the most part because he had been most reluctant to endorse the proposed plan. There is much to be said for his position.

MANY CRITICS OF THE COMMISSIONER do not seem to realize the tremendously complicated factors involved in a state road system. Laws, some of them passed years ago, provide that fixed percentages of the commission's income from certain sources be spent in certain places. These are not necessarily in accordance with most serious needs. In fact, there is little correlation.

ZIEGLER'S POSITION in the toll road hassle may prove to be a very sound one when all the facts are known. At present the Commissioner feels he will be "cursed if he does and cursed if he doesn't." So he is holding off for what makes sense to him.

MAIN ARGUMENT will also make sense to many people who use north-south highways in eastern Michigan. The point is taken from a report written by an engineering firm. In short it amounts to this: In order for the proposed toll road to pay its way, Ziegler must not improve roads which might be conceived to com-

pete with it. This includes as far west as US 27. If also includes routes 10, 15, 16, 23, 24, 83 and 150.

Ziegler says he cannot become involved in such a plan. If the toll road were built, and if improvements already planned for highways on the "competitive list" were completed; if the predicted financial difficulty came into existence, Ziegler could get the blame.

If he did not provide improvements, he could suffer much abuse too. In the meantime, he is just waiting and watching.

COMMISSIONER JOSEPH A. CHILDS is wasting no time recruiting men to fill 200 new trooper's uniforms.

He started the night that the legislature, in special session, approved 200 new troopers as part of a package plan to step up highway safety in Michigan.

Childs is going to divide up the recruit school, giving mass instruction to the entire group in the first steps, then separating them into two sections for the final six weeks of advanced work.

With this method, he said he would be able to have the extra troopers on highway patrols before the next big summer driving push on Memorial Day.

He urged that young men apply and said they could get information at any Michigan State Police post.

Recruits have been hard to get

since World War II when candidates marched away to war. Some came back to the ranks, but, with the Korean conflict, the pickings have been slim.

Because of high State Police standards, Childs said that he would be forced to recruit many more than the 200 he needs as finished, polished law enforcement officers.

APPOINTEES of Gov. Williams to state jobs will get a close check during the interim by Senate committee members.

The Senate Business Committee asked for the right to operate between sessions to look into the qualifications of appointees so that the Senate could make a better judgement on confirmations.

Senator Edward Hutchinson (R-Fennville) denied it would be an inquisition or a sub-rosa method of disposing of political pals of the governor who were appointed to positions in government.

"WE FEEL THIS WILL be as much a benefit to the appointee as to the Senate, he said. "Often we hear disparaging remarks about an appointee, and we would

Open to the public, the service
will include voluntary testimo-
nies of gratitude as shown in spir-
itual growth, physical healings,
and other blessings.
A special Lesson-Sermon for
the day entitled "Thanksgiving"
will be read in all Christian Sci-
ence churches. Consisting of se-
lections from the Bible and from
the Christian Science textbook,
"Science and Health with Key to
the Scriptures" by Mary Baker
Eddy, the Lesson-Sermon will

emphasize the importance of ex-
pressing gratitude to God in
deeds as well as in speech.

The service is open to the gen-
eral public and local church
members have invited everyone
to attend.

from the PASTOR'S STUDY

By Pastor Peter Nieuwkoop
First Baptist Church of Northville

WHAT INTERPRETATION IS RIGHT?

"Do not interpretations belong
unto God?" (Gen. 40:8). We will
take this answer

of Joseph which is
posed in the form
of a question for
our consideration
today. We will not
agree with Pharo-
ah's butlers and
bakers who said,
"There is no inter-
preter". Joseph's plain reply as-
sures us (1) There is a right in-
terpreter (2) There is a per-
fect Interpreter, namely God.

THE PROBLEM

Many people are confused by
the multitude of interpretations
given to many themes in the Bi-
ble. The cry, "How do we know
who to believe?" is not without
foundation. Others who have
heard preaching that condemns
them defend themselves by say-
ing, "That is just his interpreta-
tion". By this they infer that Bi-
ble preaching is nothing more
than a system of interpretation,
and that one interpretation is as
good as another. Now this is a
clever argument and a convenient
escape for some. But the truth of
the matter is, that the interpreta-
tion is either right or it is wrong!
Black can never be white and
white can never be black! So

when someone answers "That is
only your interpretation; I in-
terpret it differently" remember
that only one can be right. How
shall we find out?

POSSIBLE SOLUTIONS

Some have relied wholly upon
interpretations given by their
pastor. They believe him to be
trustworthy, learned in the Word
and qualified to lead them. What
he believes they believe.

Others rely on what their
church teaches. They say "My
Church believes . . ." Whatever
their church teaches them the Bible
teaches that they believe.

There is a small group that
answer, "We will let tradition
give us the right interpretation.
They dig into the writings of the
early historians and Church fa-
thers and let them tell them
what the scriptures mean."

Still others rely upon "common
sense or reason" to guide them
into a correct meaning of the
scriptures. What seems reason-
able to them is the right inter-
pretation.

A BETTER SOLUTION

Allow the Bible to interpret
itself! When Paul visited Berea
on one of his Missionary travels
he preached the Gospel of the
grace of Christ to them as was
his custom. They listened pa-
tiently to this new doctrine but
did not accept it until they had

checked it with the scriptures.
(Acts 17:11). "These were more
noble than those in Thessalonica,
in that they received the word
with all readiness of mind, and
searched the scriptures daily,
whether those things were so."
The Spirit of God commended
them for it and says they were
more noble for doing so! They
did not accept even the teaching
of the Apostle Paul as infallible
without checking what he said
by the Holy Scriptures.

This was also the proper man-
ner of judging whether preaching
was true or false in the Old Tes-
tament! Isaiah 8:20 "To the law
and to the testimony; if they
speak not according to this word,
it is because they have no light
in them". Know this, that the Bi-
ble never contradicts itself!
Therefore as one compares Scrip-
ture with Scripture he comes into
the full true interpretation.

SPIRITUAL DISCERNMENT NEEDED

Many people do not know that
the Bible is so written that it
baffles the mind of the non-
Christian to understand it. I Cor.
2:14 says "But the natural man
receiveth not the things of the
Spirit of God (the Bible) for they
are foolishness (unreasonable) un-
to him; neither can he know
them, because they are spiritually
discerned (appreciated only by

spiritual—Williams Translation).
Education in the wisdom of this
world is not a boon to the under-
standing of the Bible. In fact a

EVER THINK about ex-
tension telephones as
Christmas gifts? Almost
anyone on your list would
appreciate these unusual
gifts—they make things so
much easier around the
home. And they will be ap-
preciated every day of the

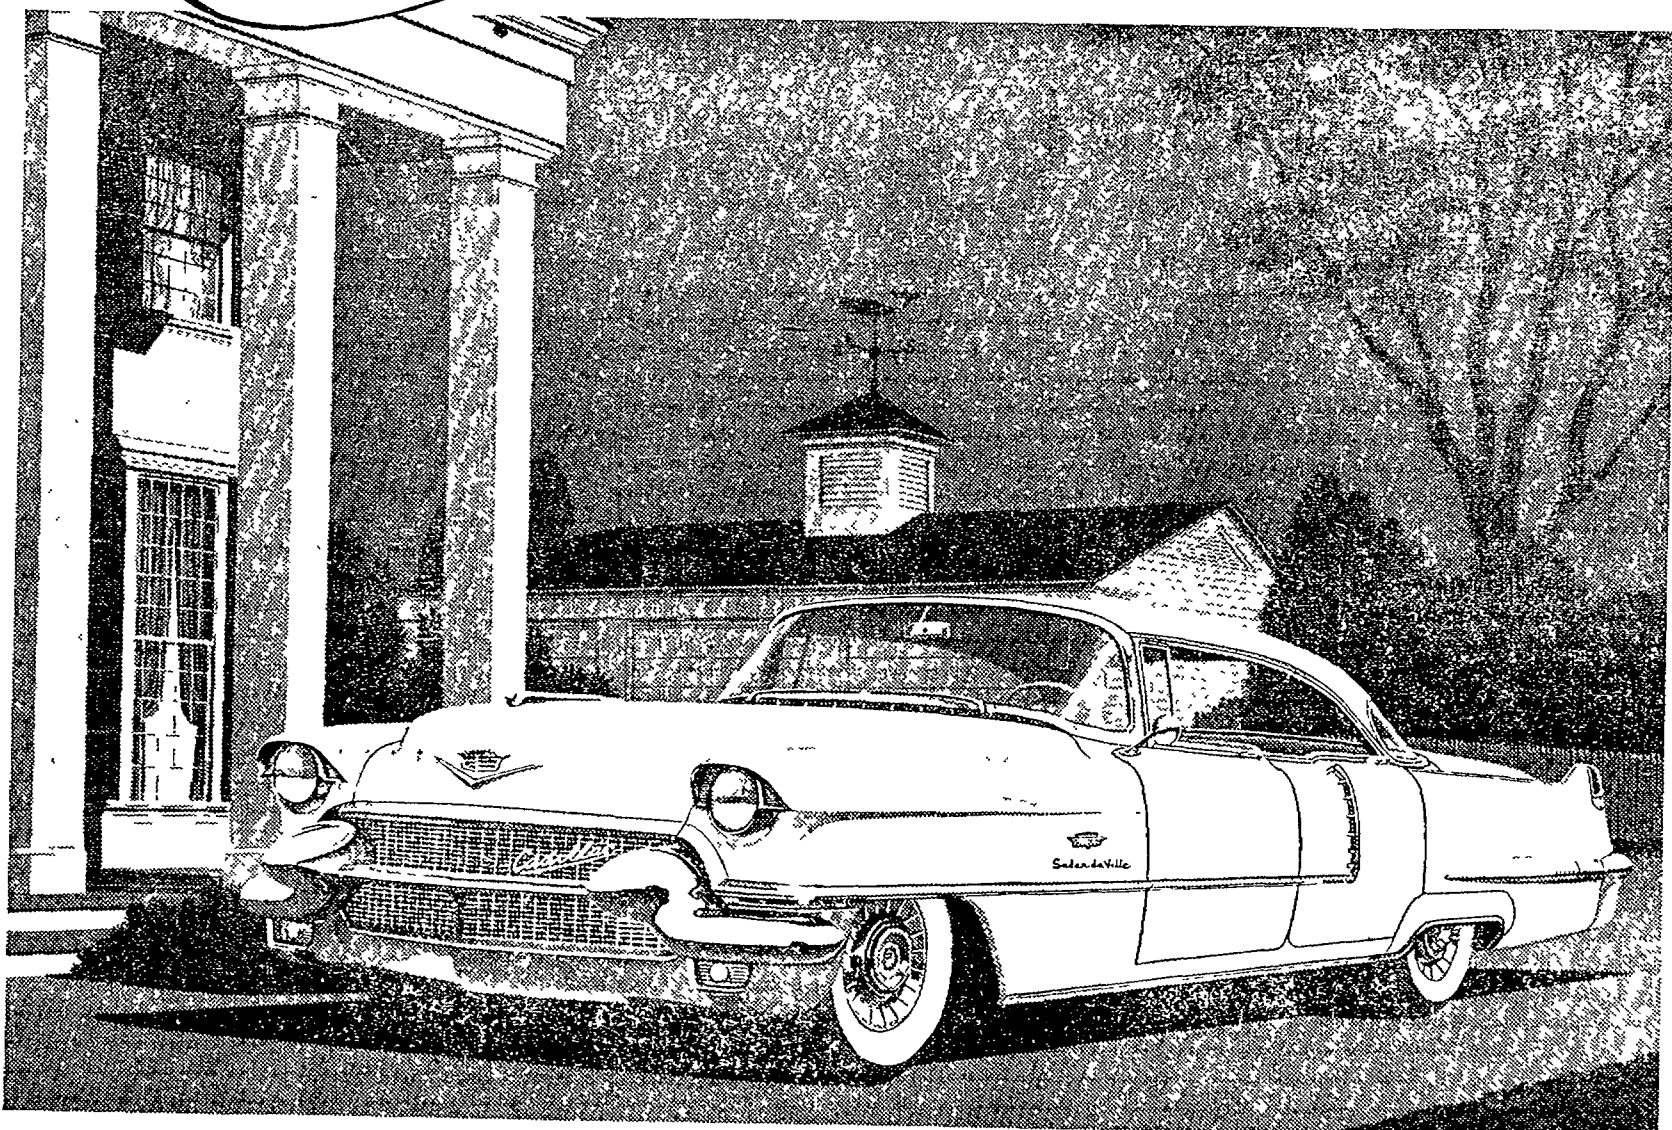

year. They make unique gifts—not likely to be duplicated
by others. An extension phone costs just \$1.21 a month
including tax, plus a one-time installation charge.
We'll install them just before Christmas or we'll attrac-
tively gift wrap them—free of charge—to place under
the Christmas tree, to be installed after Christmas.
To order your gift telephones, call our Business Office.

30 YEARS OF RESEARCH at the Bell Telephone Lab-
oratories have resulted in a new type of cable that is
actually a copper spring coiled inside a flexible cover-
ing. The new cable is called a "wave guide" and it can
be run uphill or down and be bent around corners. Its
most remarkable feature is the number of Long Distance
conversations it can carry. In the future we may have
"wave guides" no thicker than a fountain pen that will
carry tens of thousands of Long Distance calls and many
television programs at one time. Research such as this
keeps Long Distance rates low. Call tonight and see!

THE OTHER DAY we heard
of a little girl who wanted to call
up and invite a playmate to come
over. But Mary wasn't home, so
she called June. She wasn't home
either, so her mother suggested
calling Phyllis. "Yes," said the
little girl, "but first I'll wait a
while because somebody else on
the line might want to make a call."

Isn't it surprising how wonderful kids can be!

Beyond the Realm of Argument!

This is the season when conversations turn
easily and often to motor cars.

And, in almost any gathering, you're
likely to find a wide difference of opinion
about the relative merits of the year's
automotive offerings.

Until the talk turns to Cadillac!

Here is one car concerning which most
motorists have a meeting of minds. And
never before has Cadillac left so little room
for argument as in 1956!

Certainly no one could behold the new
Cadillac without recognizing it as the
"car of cars". Its beautiful, graceful lines

and its regal bearing on the highway are
simply too significant to misunderstand.

Surely no one could ride in a new
Cadillac and not agree that it is the Stand-
ard of the World. Its new fabrics and
leathers are luxurious almost beyond belief
... and its new interior appointments
have been crafted with a jeweler's skill.

And we doubt if anyone could drive a
new Cadillac and not understand that it
is the finest-performing motor car of all
time. Its great new engine is a revelation
in power and performance ... its new
Hydra-Matic Drive is incredibly smooth
and responsive ... and the car rides and

handles and moves with unbelievable ease.

Truly, the evidence on the side of
Cadillac has never been more abundant—
or more apparent—than it is today.

Why not pay us a visit soon—and see
for yourself?

We'll be delighted to introduce you to
Cadillac's great new styling ... and to
arrange a demonstration at the wheel ...
and to acquaint you with Cadillac's two
new models, the Sedan de Ville and the
Eldorado Seville.

You'll agree, we're certain, that Cadillac
for 1956 is beyond the realm of argument!

Holman Makes First TD; Bell Runs 75 Yds. For 2nd

By THOMAS MCGUIRE

The football season came to a dramatic close last Friday night when the Mustangs played their final game with victory against West Bloomfield Lakers.

West Bloomfield kicked to start the game rolling. Minutes later George Law went over for a Lak-ers touchdown. Their attempt for the extra point was of no value. This being the only touchdown of the first quarter, the score was Mustangs 0, Lakers 6. But this did not discourage the hopes of our Mustangs who were out to win the game.

Toward the end of the half, our Mustangs really began in earnest to drive harder. Gary Holman made the final plunge of the drive for a Mustang touchdown. Bud Bell went over for the extra point thus making the score at the end of the half—Mustangs 7, Lakers 6.

In the third quarter, however, we got an unlucky break. Rolf Goodhower completed a pass to George Ray who went over for a Lakers touchdown. Again the extra point was valueless. This was the only score made during the third quarter.

Our Mustangs actually confused the Lakers during the fourth quarter. It was during this confusion that Bell broke loose on a fake play. He ran 75 yards for the winning touchdown of the game. Bob Dagenschutz plunged

over for the extra point. To sum up the football achievements for this season, the Mustangs won 4 games and lost 5. However, they were first to score against three teams this season. Although the Mustangs lost a few games, they rated first class in true athletic spirit and sports-manship.

How to be sure
you are making the best buy
in a new truck

➤ A new truck is an important investment. If you want to be sure you're getting the best buy, you've got to consider a lot of things: price, power, operating economy, good appearance—to mention only a few.

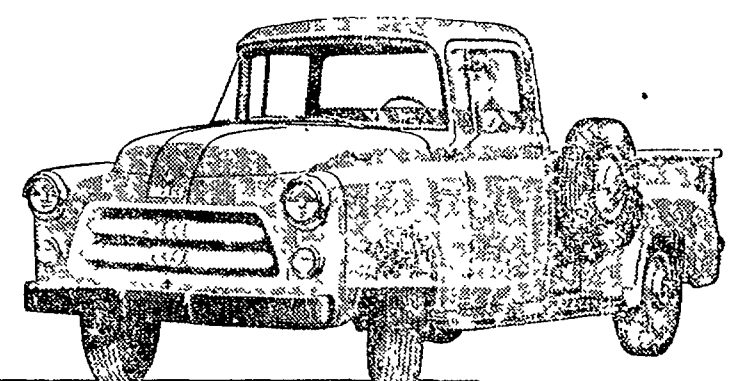

➤ Take price, for instance. Wouldn't it help you to know that you can buy a Dodge for surprisingly little money? Could be you didn't know Dodge trucks cost less than most other makes.

➤ Wouldn't it help you, too, to get the whole picture on truck power? The fact that Dodge Power-Dome V-8's outpower every other leading truck in the low- and medium-tonnage fields surely is important to your decision.

➤ And there are other Dodge advantages you'll want to think about—like the business-building beauty

of Forward Look styling, and the long life that spreads low initial cost over years of dependable service.

➤ It all adds up to this: To be sure of your best truck buy, take a few minutes to talk to your Dodge dealer. Just a phone call will put the wheels in motion.

NHS SENIORS ARE READY FOR CRITICS--PERFORMANCES NOV. 17-18

THURSDAY NIGHT, 8 p.m., will be zero hour for this cast . . . that's when the curtain goes up for "Mr. Barry's Etchings", in the community building.

Grease paint, costumes, Props, and stage lights may give some teen-agers the "willies", but according to latest releases Northville high school seniors are show-exceptional talent and poise during their rehearsals for the senior play Nov. 17-18.

The several weeks of rehearsing came to an end this week and when the curtain goes up at the Community Center tonight and tomorrow night theatre-goers will have the opportunity to see the senior players in action.

The play, "Mr. Barry's Etchings", is a comedy in three acts. There are two different casts. Ken Krezel will star in Thursday night's production and David Hartner will lead the cast Friday evening.

Directing the play will be Miss Florence Panattoni, high school drama teacher.

Curtain time is at 8 p.m. and tickets may be purchased at the door, 40 cents for students and 60 cents for adults.

FRIDAY NIGHT will be their turn to act. Senior classmates are predicting that the play this year is the "best ever and just the most."

morning class also became interested and now both groups have built a savings stamp office.

Now the children, with the assistance of their teacher, take turns selling stamps each week.

750 Principals Visit at M.S.U.

Michigan State University has invited 750 high school principals to visit with Spartan freshmen from their communities at the 19th annual Principal-Freshman conference, Nov. 21-22. New students from junior colleges and their former advisors also will participate.

Among the principals attending will be Elroy V. Ellison, principal of Northville High School.

On Nov. 22 tables will be set up in the auditorium so that the principals can confer with their recent graduates. An estimated 2,800 students will be interviewed to learn how high school experiences might be improved to prepare youths for college.

Guy H. Hill, coordinator of the MSU High School Cooperation department, is in charge of the conference.

J-Hop, November 25

The J-Hop, the main project of Northville high school juniors, is scheduled for November 25. Admission price is \$2 a couple.

Committees are busy working on decorations and planning an advertising campaign.

Students Have Fling At Teachers' Jobs

Northville student day was celebrated Wednesday, November 9, when Northville high school students took charge of the many classes.

It was rather fitting that the student day was celebrated during American Education week. The majority of the faculty felt that the experience for the teen-agers was invaluable in that it gave the students an opportunity to view the teachers' profession from the teachers' standpoint.

Jim Allen was superintendent of schools; Roger Niewkoop, high school principal; John Schwartz, assistant principal; Gary Holman, grade school principal; and Kathleen Heatley, American school principal.

Approximately 125 students participated in the program as substitute teachers.

The only class not having student teachers was the 8th grade social studies groups. Mr. Alvin Skow, the teacher, had each section choose an area of interest for discussion. Students were then selected to develop these areas of interest and discuss them on a forum basis.

Board's Decision Awaited By Junior High Students

Several junior high school students sent a petition to the Board of Education in objection of the possible placement of milk under the government subsidy program. The students are waiting for the Board's decision before investing any money in a milk dispenser.

If the Board over rules the petition the students will be forced to abandon their money-making milk project, which is one of their chief sources of income used to replace athletic equipment.

Club News

N-CLUB NEWS

The N-Club discussed initiations at their last meeting. A committee was appointed to plan a potluck dinner in the near future for the prospective members and the present members. Also, another committee was appointed to draw up the requirements for being initiated into the N-Club. The initiation will take place on Thursday and Friday, during the week of the Keego Harbor basketball game. As of yet, the N-Club doesn't know just how much it made on the Homecoming Dance. Approximately \$200 was made on the Queen Contest.

G. A. L.

On the third night of volleyball G.A.L.'s really started to move. The Seniors beat the Sophomores. Juniors beat the freshman and the mixed team.

The tournament games will start next Tuesday.

The high bowlers this week for Wednesday night were Mary MacDonald, 159; and Shirley Snow, 148. For Monday night they were Janice Owens, 134; and Uppy Clark, 132.

PEP CLUB

A cheerleading clinic has been formed consisting of about 30 students. Practice will be held every Wednesday and Thursday after school for this clinic. Then the Wednesday before Thanksgiving, 8 students will be chosen as Varsity cheerleaders and 4 for the Reserve team. These cheerleaders will be for the Basketball season. In the spring, tryouts will again be held for next year's cheerleaders.

END OF THE "78"

The phonograph record familiar to more than a generation of listeners is on the way to oblivion. Early next year at least one major company will stop cutting 78's—those records which revolve around a turn table 78 times per minute. But watch the progress of the record making only 16 revolutions. It is used mostly for "talking books" now, but it is about to catch on for other types of material, too. A new record player installed in automobiles uses the 16 exclusively.

A special message to truck drivers' wives

from your Ford Dealer . . .

This year, everybody is talking about *safety* in automobiles. And with good reason. The hazards of the road take more American lives *every year* than we lost in the whole Korean war.

So important things are being done to make cars safer.

But—*isn't safety even more important in trucks?*

If safety is important to the man who drives a car a few hours a day, *isn't it even more important to the man (and his family) who drives a truck for a living?*

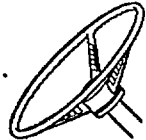

We think it is.

And we think you wives think it is. That's why we believe you'll be vitally interested in what *Ford* has done to make driving a truck safer for your husband.

Ford has taken the lead in safety with not just *one*, but a whole *family* of new safety features for America's trucks and cars.

What *are* these features that could be so important to you?

1. Lifeguard Steering Wheel

Ford's exclusive Lifeguard truck steering wheel is built in such a way that, in case of accident, it helps protect the driver from any contact with the steering post. This kind of "deep-center" steering wheel actually acts as a cushion in case of accidents.

2. Lifeguard Door Latches

Ford's Lifeguard door latches have a new "double grip" type construction. Their extra holding strength gives added protection against doors flying open in the event of an accident . . . to help keep the driver in the truck where he's twice as safe.

3. Seat Belts

You've read a lot about seat belts. You probably know that the Accident Research Center at Cornell University, the American College of

Surgeons and many other groups strongly urge that every owner equip his vehicle with seat belts. Studies prove that in about one-half of all accidents, injuries could be avoided or reduced by the use of seat belts.

Ford is the first truck manufacturer to make seat belts available (at low extra cost, for both new and used trucks).

In case of an accident, or sudden stop, a Ford Seat Belt holds the driver firmly in the seat. This greatly cuts down the chances of serious injury.

And remember—it isn't necessary to be driving fast to be seriously injured or thrown out of the truck in case of an accident. A sizable percentage of injuries of this kind occur at speeds of only 30 or even 25 miles per hour. (If your dealer happens to be out of seat belts temporarily, please be patient. He will have them shortly.)

4. Tubeless Tires

This year, tubeless tires are standard equipment on every Ford Truck. Tubeless tires do not prevent punctures. But they *do* help to prevent many blowouts. When a puncture occurs in a tubeless tire, the air is apt to escape very slowly. The driver has a greater chance to slow down and stop *safely*.

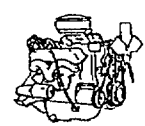

5. Power Brakes

What we call vacuum-boosted power brakes make it possible for the driver to apply a lot more force to the brakes, faster and easier. This makes it possible to stop faster in emergencies. Power brakes are standard or available on every '56 Ford Truck.

6. High Visibility

A better view of the road—in front, behind and to the sides—can help the driver to spot trouble before it happens. A full-wrap windshield is standard on the new Ford Trucks for '56. The standard rear window is the widest on any truck . . . and a new full-wrap rear window is available at slight extra cost. All told, a new Ford Truck gives the driver one of the greatest all-around glass areas of any truck.

7. Reserve Power

A "slowpoke" truck can be a threat to highway safety—it is a stumbling block in the path of other traffic. Trucks should have enough power to keep up with the traffic stream. And they should have enough reserve power to pull out of emergency situations. So you will be interested to know that the new Ford Trucks for '56 have power increases up to 26%, to make sure drivers have all the reserve power they are ever likely to need.

Why should any man who drives a truck for a living take chances, *needless* chances, by not taking advantage of every available safety device?

To repeat—if safety is important to a man who drives a car once in a while, *isn't it far more important to the man who drives a truck all day, for a living?*

When a man drives a '56 Ford Truck—from Pickup to tandem-axle Big Job—he and his family have this peace of mind. They know he's driving a truck that gives him the *added protection* of exclusive Lifeguard safety features.

Pastor's Study ...

(Continued)
 poor ignorant man that is a real Christian may barely be able to read or write but he is able to properly interpret more of the Bible than one with all the Degrees which can be earned yet has never experienced the new birth. (John 3:3) The unregenerated man can understand from the Bible that he is a sinner and needs to be reconciled to God through the sacrifice of Jesus Christ—but beyond this the Bible is very much a closed book to him. It is no wonder that this man's interpretation is seldom correct and makes many foolish blunders. The new birth is a prerequisite to the interpretation of the scriptures.

SOME RULES TO FOLLOW
 I would like to suggest a few rules to follow to help you understand the scriptures.

- 1) Take every scripture at its primary, ordinary, usual, literal meaning unless the facts of the context indicate clearly otherwise.
- 2) Take into account the dispensations. God has made several covenants with man during different ages. Consider under which covenant the passage of scripture under consideration falls.
- 3) Compare with other scriptures on the same subject. A good concordance will be helpful. The truth will run as a straight line through all of the scriptures on that subject.
- 4) Never take an obscure verse to base your convictions upon. Let the plain verses interpret the obscure verses.

Recruit Team of State Police To Meet Applicants

The Michigan State Police will have a special recruiting team in Detroit on November 21 to 26 to explain new increases in pay and assist applicants interested in joining the Department.

- 5) Consider to whom the passage is addressed—Ask yourself, is this written to the Jews only? or to the Gentiles? or to those who belong to the Church?
- 6) Remember that languages change constantly, so that it will be necessary sometimes to search out the original meaning of the word. A good reference Bible will help do this.
- 7) Always consider the context. What precedes a verse and what follows may have a definite bearing upon the meaning of the passage under consideration.

The team will be located at the Michigan State Police Post, 7-Mile and Grand River, between 24 hours a day. Its members will be Sgt. Henry P. Kozowicz and Cpl. Robert Bilgen of the Detroit Post.

A recruiting campaign is being conducted to obtain 200 more men authorized at the special

session of the state legislature.

Applicants may also visit any State Police post or talk to any State Police officer. Or they may write to the State Civil Service Commission or the Michigan State Police in Lansing.

Applications close November 30.

Recruits must be between the ages of 21 and 29, inclusive, not less than five feet, nine inches in height, and have a high school education or its equivalent.
