MARINES T/Sgt. Richard McIlvane and S/Sgt. Harold W. Cutter were in Northville this week to explain the Marine Corps "Toys for Tots" project. See story below.

## Marine Corps Reserves Start Toy Drive Here

THE MARINES ARE COMING! The United States Marine Corps Reserves will "land" in Northville Monday, Dec. 5, to start their "Toys for Tots" drive and will continue through Dec. 15, according to Major Morris B. Stanley, commanding officer of the 15th Special Infantry Co. of Dearborn.

"Toys for Tots" is a nationwide Christmas project of the M.C.R., which started in 1947; however, this will be the first year for the project in Northville. T/Sgt. Richard McIlvane and S/Sgt. Harold W. Cutter, representatives of the Marine Corps, were in Northville this week to explain the project.

All of the toys collected in Northville will stay in Northville, according to these men. Through arrangements with the J. Austin

Oil Co., Shell Oil Co. distributor here, contributions of toys can be made at any Shell station. The drive is being conducted in conjunction with the local agency responsible for providing toys and clothing for needy children.

Each campaign is conducted wholly as a community activity.

### A Cow in the Dumps?

Police officers Nowicki and Heintz were called this week, Monday, to investigate a report of a cow being loose in the city dump.

Investigation showed that the cow had broken his chain and wandered down Gerald Ave. The owner, Mr. Baxter, was notified and took the animal home.

## City Jobs Attract 8

No Contest for Mayor or J. of P.

Eight men have filed petitions for Northville city offices which will be voted on in the coming special election Dec. 13.

The deadline for filing petitions was Nov. 29. The only offices involving a contest are those for councilmen. Six men have filed petitions, only four are to be elected.

The offices of mayor and justice of the peace are not being contested.

The following names will be submitted to the electors:  
Mayor—Claude N. Ely.  
Councilmen (4 to be elected)—A. Malcolm Allen, John S. Canterbury, John F. Stubenvoll, Earl L. Reed, F. Alton Peters and Ed C. Welch.

Justice of the Peace—Edward M. Bogart.

CITY CLERK Mary Alexander watches Arthur J. Prodder affix his signature to the petition containing 144 signatures of persons protesting the ordinance amending the zoning ordinance of the Village of Northville for the reason that the "control" recommendations of the Village Planning Commission were disregarded and not accepted. The required number of signatures was 131.

## Drunk Driving Costs Novi Man \$75 and License

Russell Wilbur Baker, 27555 Novi Rd., pleaded guilty to a charge of driving under the influence of liquor Monday, Nov. 26. Baker was fined \$75 in addition to losing his operators license for 90 days.

Baker was driving on Novi Rd. last week; Ed Welch, 222 S. Wing St., was driving behind him. Welch encouraged Baker to park his car on the road side and then drove Baker (in Baker's car) to the Northville police station. Welch did not make a complaint. He said that he just didn't think that Baker should be driving. Officers took the car keys and told Baker that he could have the car the next day.

In cases like this the driver is either taken home or sent home in a cab; however, an accident was reported on Novi Rd. at that time and Northville officers left Baker in front of the police station while they answered the call.

When the officers returned they discovered Baker's car gone. Officer F. J. Heintz reported that he found Baker behind the wheel of the car on Cady St.

Heintz said that Baker drove the car three blocks without the keys.

## Truck Wrecked ... Driver Walks Away

The truck which a Northville boy was driving was completely wrecked when it hit a hole in Currie Rd., bounced on the soft shoulder, and rolled over Sunday.

The driver, Henry Fisher, 21501 Currie Rd., walked away from the wreck and was taken to Atchison hospital by his father, where he was treated and released.

The injuries? According to the police officer it was "a big hematoma of the forehead, or I guess that you could call it a bump."

## Mental Health Board Protests Use Of Northville State Hospital

The Mental Health Commission last week protested against a plan to use 192 beds at Northville State hospital, a quick cure institution for the mentally ill, to provide emergency care of retarded children.

All members of the commission signed a statement objecting to the plan under consideration by a House-Senate conference committee seeking to end the Legislature's deadlock.

"It is the considered judgment of the commission that the recent proposal is 'unwise,' the statement said. "This space is needed for the care of mentally ill persons.

If it is taken for another purpose, we will be robbing Peter to pay Paul in a very real sense."

Some of the legislative conferees believe use of the Northville beds for a couple of years, or until permanent facilities are completed for retarded children, would meet demands of a House coalition for beds in the Detroit area.

The coalition has insisted upon purchase of the Convalescent Children's Hospital at Farmington or the Oakland County Tuberculosis Sanatorium, but the Senate Republican majority has

refused to approve that plan. Now the Oakland County institution has been withdrawn from consideration.

The Mental Health Commission emphasized that trustees of the Farmington hospital, who had offered to sell it for \$750,000, now are willing to discuss a lease.

It urged an end to the Legislature's stalemate. "It is unthinkable that the human suffering involved should be allowed to continue," the statement said.

Loren B. Miller, director of the Citizens Research Council of

## Overheated Stoves Cause Two Fires

Northville firemen were called to two fires Monday evening and Tuesday morning.

The first fire was at 17775 Ridge Rd., between Six and Seven Mile roads; the early morning fire was at the Emil Nuotila home, 594 Plymouth Ave.

Both fires were caused from overheated oil stoves and were extinguished without damage to either home.

## NOTICE OF MEETING

The Northville Township Board will meet this week, Friday, Dec. 2 at 8 p.m. in the library.

## No Charter Interest?

Less Than 1% of Electors Attend

Out of a city of approximately 1,500 qualified voters, seven persons attended the charter commission meeting Monday, Nov. 28, in the high school gymnasium, to discuss the newly proposed city charter which will be voted on in the special election Dec. 13.

Charter Commission Chairman Tom Carrington said that an open general discussion was held in the absence of formal questions. An invitation to the public last week to submit questions about the charter resulted in no replies. The meeting was adjourned after 45 minutes of discussion.

## 144 Sign Petition for Special Election to Vote on More Stables

John Carlo is quitting as general manager of Northville Downs and is looking for a man to fill the job.

This was revealed by Dr. L. W. Snow, president of the Northville Driving Club in response to a direct question by the Record whether Carlo is resigning as reported in Village gossip.

## Post Office Announces New Combination Mail Service

A letter or message can now be mailed inside a package or publication for the first time in United States postal history. Postmaster General Summerfield said today in announcing a new "Combination" mail service.

Effective Monday, Nov. 28, 1955 all the mailer needs to do is indicate the presence of the "letter or message inside the package" and pay the appropriate postage on it plus postage for the one package itself.

Under the new "Combination" mail service, letters or other single pieces of either First or Third Class mail may be placed inside Fourth Class parcels or inside copies of publications mailed under Second Class mail entry. Letters or other single pieces of First Class mail may also be placed inside Third Class packages.

The postage for each letter, and for each single enclosure at the appropriate First or single-piece Third-Class rate must be affixed to the outside of the parcel.

A statement reading "First-Class Mail enclosed" or "Third-

Class Mail Enclosed" must be placed on each parcel below the postage and above the address. This endorsement may be hand-stamped, handwritten, typewritten, printed, or put on by any other method.

"We feel certain mailers will welcome this more convenient system for mailing different class-

## INJUNCTION SERVED

Northville city police last night served an injunction from the Circuit Court to John J. Carlo, general manager of Northville Downs.

Carlo told this paper that the injunction, filed by F. D. Sober, Freida Haller, John Haller, Irving J. Shoenberger and Charles Mummery, protested the proceeding of construction of barn stables, giving as their reasons "... depreciation of property ..."

Carlo neglected to mention that several alleged violations of zoning statutes and procedures were also cited in the injunction.

asking for a referendum vote on whether Northville Downs is to be given permission to extend the stabling of horses on an unlimited basis.

Not since racing came to Northville ten years ago has the public been given a chance to vote on any aspect of racing as such.

There is speculation now whether the Village Commission will call a special election to let the public make its own decision as to how far it is willing to go in permitting the Downs to stables an unlimited number of horses here throughout the year.

As an alternative to giving the public a chance to vote on the stable matter, the Commission (or Council) may itself re-zone the St. Lawrence property for track use, but only in the exact manner recommended by the Village Planning Commission. This restricts its use of the barns to a period lasting 15 days prior to the summer race meet and ending 15 days after it closes.

Commission Can Side-Step Issue If the Commission does not wish to sample public sentiment with respect to an extension of year-round stabling it can side-step the issue by adopting the Planning Commission's recommendation.

Racing interests asked the Planning Commission and the Village Commission for unlimited re-zoning, which would permit year-round stabling of up to 300 horses there and up to 250 on the present track property if there is sufficient demand. The Planning Commission said "no" to this, but was flatly reversed by the Village Commission, which granted unlimited stabling. It is as a protest to the Village Commission's action that the referendum petitions have been circulated successfully.

The Village Commission (or City Council) has until Dec. 19 to act on the petition itself or call a special election.

Driving Club Dissatisfied The rumor of Carlo's resignation has been circulating in quarters close to the local racing picture for some time, but this week took more definite shape

## "TO HELL AND BACK"

WOULD YOU DO THIS TO SANTA CLAUS? Think of Christmas and who do you think of? The answer is usually Santa or the mailmen, and sometimes they are one and the same. Northville's boss of mailmen, Postmaster Leland Smith (center), hopes that you have started thinking of the mailmen by now. "If mail is not mailed early your carrier may be loaded down like senior mail carrier Harry German," (left) Smith said. "Send your mail early for safer, on-time delivery and keep the carriers happy, like junior carrier John Stark," (right). Smith said that, "Out-station Christmas cards should be mailed by Dec. 18; mail for local distribution should be mailed not later than Dec. 20, and packages should be mailed no later than Dec. 15. As usual, the department's goal is to deliver every card and package before Dec. 25. The men are sure that they can do it, but they ask your help.

### CO-OPERATIVE NURSERY NEWS

The mothers meeting of the Northville Co-operative Play group will be held in the Presbyterian school rooms Dec. 5 at 8 p.m.

The speaker will be Maxine Hardquist, director of Wayne University Nursery Schools. Her subject will be "Techniques of Nursery Schools". She will discuss the benefits children derive from group play and the value of large active play materials, water play,

finger painting and other activities which make up the nursery school program.

Because this meeting is of such unusual interest, nursery school fathers and any parents interested in enrolling children in the future are invited.

Co-hostesses are Mrs. Francis Clinton, Mrs. Alvin Killeen and Mrs. True Read.

The nursery school children enjoyed a trip to the bakery on Main St. where they watched cookies and bread being baked in the big ovens.

## Florida Honeymoon Follows Wedding of Gail Matzen

Gowned in white parchment satin, Gail Matzen became the bride of Dean Niedernhofer at an eight o'clock ceremony Saturday at the First Presbyterian church. The double ring service was read by the Rev. John O. Taxis before an altar of candelabra and white fugi mums. Mrs. Bart Connors played the wedding music.

The bride, who was given in marriage by her father, is the daughter of Mr. and Mrs. Donald W. Matzen of 21937 Novi Rd. Her husband who resides in Detroit is the son of Mr. and Mrs. Henry F. Niedernhofer of Alton, Ill.

Gail's wedding gown was fashioned with a fitted bodice which had a beaded sweetheart neckline, long tight sleeves and featured a chapel train. Her fingertip illusion veil was secured with a crown of seed pearls. A cascade of fugi mums formed her bouquet.

Mary Jean Woodruff of Northville was maid of honor. Donna Odenborg of Minneapolis and Judy Barnshack of Chicago were bridesmaids. All attendants were dressed in ballerina-length frocks of winter green velvet. Their headpieces were fashioned of baby fugi mums and they also carried bouquets of white fugi mums.

Robert, brother of the bridegroom was best man. Lynn Matzen, the bride's brother and Harry, another brother of the bridegroom were the groomsmen. Ushers were Nick Bavis, Carleton Lutz and Roger McManus, all of Alton, Ill.

For her daughter's wedding, Mrs. Matzen chose a sheath gown of Dior blue silk faille with matching hat and slippers. She wore a white orchid corsage. Mrs. Niedernhofer was dressed in pink brocade with matching hat and she also wore a white orchid corsage.

A reception for the 200 guests was held in the Fellowship Hall of the church immediately following the wedding ceremony.

For the Florida honeymoon, the new Mrs. Niedernhofer wore an aqua knitted suit.

Mrs. Niedernhofer is a graduate of Monticello School in Illinois and the Wesley Memorial hospital in Chicago where she graduated as a medical technician. Mr. Niedernhofer is a graduate of Washington University, Mo., and is at present a student at Chrysler Institute and also employed as an engineer by the Chrysler Co.

The young couple will reside at 180 W. Margaret St., Detroit, upon their return from Florida.

## "Hamlet May Be Forgotten, Humpty Dumpty Never!" Quotes Mrs. Newton, Authority on Childrens Books

Mary Griffin Newton, authority on books for children, has prepared a list of titles for the Christmas season which may be obtained from your bookstore or by visiting her private book shop at 4095 W. Buena Vista, Detroit. If times does not permit, they can also be obtained by telephoning Mrs. Newton at WEbster 3-8408.

The following list of books for pre-school children was prepared by Mrs. Griffin for The Detroit Free Press and is reprinted with her permission. Books for children from 6 to 11 will be reprinted next week, and a third report of books for older children will be printed the following week.

**By Mary Griffin Newton**  
Who was it who said, "5,000 years from now Hamlet may be forgotten—Humpty Dumpty never!" Clifton Fadiman or I miss my quote—and how true it is. For baby's own handling buy

the best cloth books available. Be sure that they are washable and that the pictures are color fast like those in the Rag Book Library (four tiny books in a set. Platt Munk \$1.75) and the Peggy Cloth Books which come complete with toy for \$1.60 each. "Baby's First Book" (Simon & Schuster \$1) will give the two to three-year-olds immense satisfaction since its pages are thick and stiff enough for them to conquer easily. This age group will also delight in "What Do They Say?" which teaches meow, bow-wow and other animal sounds, and "How Many Kisses Good-night," a going-to-bed book that is warm with happy parent-child relationship (Young Scott \$1 each.)

Very new and appealing to toddlers is "Sleepy Forest" in which a wide awake baby duck finds one after another of the great

forest animals sleeping. He finally grows drowsy himself (Children's Press \$1.50).

Tony Palazzo, who last year gave children a stunning new edition of "Aesop's Fables" is ready for the present gift season with an equally impressive "Noah's Ark" (Garden City \$2.50 each).

Fritz Eichenberg's "Dancing in the Moon" is a handsome counting book presenting a succession of frolicking animals from "Pandas resting on verandas" to "dragons pulling wagons" (Harcourt \$2.25). "Big Talk", one of Miriam Schlein's new books, is a fast moving, imaginative picture book about a baby kangaroo and his mother (Young Scott \$2.25).

Three and four-year-olds who play train with a row of chairs will find a kindred spirit in Joe in "Fun at My House" (Aladdin \$2). It takes many imaginary trips on the old family footstool in this engaging picture book by Barbara Lindsay.

One of the major thrills of the current season is the return to print of "Little Tim and the Brave Sea Captain" and lives there a child that will not leap to adventure with Tim on the stormy seas as author-illustrator Edward Ardizzone pictures them. For 4-6-year-olds it has top priority (Oxford \$2.50).

Pre-schoolers who like quite a lot of story served with their pictures will enjoy "The Cat from Telegraph Hill", a lively tale with California setting (Lothrop \$2) and "Brave John Henry", slight but fun (Dutton \$1.75). Little girls will want the gift new Laura Bannon book "The Little Sister Doll" (A Whitman \$2) and "Sugarplum". We've found a lot of lost dolls in books but never before found one in a jar of apple jelly. The illustrations in "Sugarplum" will fascinate children young and old (Knopf \$2).

Next Week! Books for children from 6 to 11.

Mrs. Harold Bloom, Mrs. Del Hahn, Mrs. L. M. Eaton, Mrs. R. M. Atchison, Mrs. Alex Lawrence, Mrs. Carl Bryan and Mrs. W. L. Howard will be luncheon guests of Mrs. Charles Yahnke before the meeting of the Northville Woman's club Friday.

## Race Boss ...

due to remarks reported to come from interests close to the Northville Driving club, which owns the race track. One report is that directors of the Northville Driving club are concerned about the current low level of Northville Downs' public relations under Carlo's management, and as a result have exerted pressure upon his partners in the Northville Downs syndicate to have him removed from the local scene. Recent revelation by the Northville Record of State Racing Commissioner James H. Inglis' condemnation of sanitary and fire hazard conditions at the tent stables on the St. Lawrence property

last summer may have contributed to this feeling, if it exists.

### Carlo Doesn't Wait

The Downs' public relations plight, and Mr. Carlo's contribution to it was described to the Village Commission three weeks ago by Dr. L. W. Snow, president of the Driving club, in these words: "I know Carlo's background and I know that he goes ahead sometimes without waiting." Indication of Carlo's propensity for "not waiting" is the fact that the Downs' new barns on the St. Lawrence property were half built by Monday, when the change in zoning voted by the Village Commission would have gone into effect under the present Village charter. Filing of the referendum petitions makes the zoning change ineffective "until action shall be had on such petition or the same shall be abandoned . . .", according to the charter.

### Move To Pacify Public

It was reliably reported yesterday that Northville Downs and the Driving club are planning a new move to pacify the public

reaction against more year-round stabling here by asking the Planning Commission to amend its rezoning recommendation by killing the "15 days before and after the race meet" restriction and substitute one limiting the number of horses that may be kept here in the "off-season" to a maximum of 225. A move to get the State Racing Commissioner to come to Northville to urge winter stabling of horses here is also reported to be under way. (Commissioner Inglis told the Record recently that "winter stabling is not necessary for Northville Downs to get its racing dates, but it desirable because horse owners have no other place nearby to use.)

## Goodfellows Name Committees, Set \$1500 Goal For Paper Sale

### Appeal for Winter Footwear and Clothes; To Sponsor Christmas Party, Poster Contest

Plans were outlined, working committees appointed, and a \$1,500 goal set for the second annual Novi Goodfellow Paper Sale Dec. 16 and 17.

Headed by Charles Trickey, Jr., the working committees are as follows: Harold Miller in charge of paper sales, Mrs. Owen Bellinger in charge of investigating needy cases, Jeanne Clarke heads the food packaging, and Ernest Pitchford will head the gift distribution committee.

#### Appeal for Clothing

Several new projects are being tackled by the Novi Goodfellows this year. For the first time, the group is making an appeal for rubber footwear, jackets and winter clothing for distribution to needy families.

Fred Loynes has been named chairman of the clothing committee and he will be assisted by members of the Novi fire department.

#### Seek Dolls and Ornaments

Donations of dolls and toys in good condition are also requested, the organization said. All items may be left at the township hall, 25850 Novi Rd., during daytime hours.

The group also seeks used Christmas tree ornaments, lights, and decorations, Pitchford said. The Goodfellows are making arrangements to purchase a limited number of trees so that every family may have at least a small tree and decorations.

#### Party and Poster Contest

A Christmas party for all township children has been set for Thursday, Dec. 22 from 3 until 6 p.m. at the Township Hall. Santa Claus will be there and will give gift packages to all of the children. Mrs. Ruben Ward will be in charge of securing the candy and making gift package arrangements.

A poster contest for school children is also being sponsored by the group this year. Prizes of \$5, \$3 and \$2 will be awarded for the best posters carrying out the Goodfellow theme. Ten runner-up prizes of \$1 each will also be awarded.

Mrs. Mary Flint entertained Thanksgiving Day at her home on Twelve Mile Rd., her brother and sister-in-law, Mr. and Mrs. W. J. Flint, Mr. and Mrs. Tom McCall of Walled Lake and Mrs. Lillian Ashby of Ypsilanti.

Mrs. Al Gow spent a couple of days last week with her daughter, Mrs. Arthur Walker in East Lansing.

Mr. and Mrs. Russell Button and daughter Rose, returned Saturday morning from a two weeks hunting trip to the Upper Peninsula. They brought back a four-point buck.

The Buttons were the guests of Mr. and Mrs. James D. Mitchell at the Hunter's Ball at Hardwood in the Upper Peninsula one evening last week. They also were the dinner guests of the Mitchells at Forter City. Mrs. Mitchell's former home was in this vicinity.

Mr. and Mrs. James Mitchell have returned from their trip to the Upper Peninsula. They were also successful hunting, bringing home their deer.

Two teen-age boys, Denny Ireland and Skipper Moody of 12-Mile Rd. were among the lucky deer hunters this season, each bagging a deer. Denny's was an eight-pointer.

Mr. and Mrs. Russell Button visited the former's brother, Rev. Ronald Button and his family at Davison last Friday. They report that Rev. Button is improving slowly from his recent illness.

Miss Frances Denton of Redford and Mr. and Mrs. George Kahrl of Walled Lake were the house guests of Mr. and Mrs. George Atkinson at their cottage near Lewiston for the four-day week end of Thanksgiving.

Mr. and Mrs. Glen C. Salow spent the Thanksgiving week end at their cottage near Lewiston.

Mr. and Mrs. Hadley Bachert were their guests.

Mr. and Mrs. William Rackov and sons, John and Mitchell, and their nephew, John Rackov, spent last week hunting near Lewiston.

Mr. and Mrs. Charles Trickey, Sr. returned Sunday from a week of vacationing in the Upper Peninsula.

#### Pictures To Be Taken

The next meeting of the group has been set for Saturday morning, Dec. 10 at 10 a.m. All paper boys and workers are requested to attend, because pictures will be taken at that time to appear in the special Goodfellow edition of The Novi News.

## Faulkner Dies In Auto Crash

John Faulkner, longtime Novi and Walled Lake resident, died at an Ann Arbor hospital Saturday morning as a result of injuries suffered in an automobile accident Friday evening on Novi Rd.

Faulkner, 55, lived at 24811 Novi Rd. He was driving north on Novi Rd. Friday evening when his car left the road and struck an abutment over a creek about a quarter mile north of 8-Mile Rd. He was taken to University hospital in Ann Arbor with internal injuries and died the following morning. Faulkner's car was totally demolished.

A painter by trade, Faulkner and his family moved to Novi three years ago. Previously, they had lived in Walled Lake.

He is survived by his wife, Marcelle; five sons, Richard, John, Brandon, Warren and Paul, and one daughter, Carol. He is also survived by two brothers and five sisters.

Rosary services were held Monday evening at the Casterline Funeral home, followed by a requiem mass Tuesday morning at Our Lady of Victory church in Northville with the Rev. Anthony J. Heraty officiating.

DESPITE NEAR ZERO TEMPERATURES, work has finally begun on the multi-million dollar Lincoln plant and headquarters site on Wixom Rd. just north of Grand River. Tuesday morning huge earth movers like the one shown above, bulldozers, and power shovels were busily clearing the plant site in preparation for Friday's groundbreaking ceremonies. The plant and office building, when completed, will employ between four and five thousand people, Ford Motor Co. officials say.

## BeGole Elected Commander of Novi AMVET Post

Novi Police Chief Lee BeGole was elected commander of the Novi AMVETS, Perry Kenner Post 76 at the organization's annual election of officers Nov. 22.

Lee BeGole

Elected to serve with BeGole during the coming year was Senior Vice-Commander Bob Gazlay, Junior Vice-Commanders Orville Whittington and Carlos Fitzgerald, Finance Officer Duane Bell, Adjutant Bill Raakov, Judge Advocate Paul Meredith and Provost Marshall Art Chase.

Installation at Banquet BeGole and his new officers will be sworn in at a special banquet to be held Dec. 9 honoring the visiting national AMVET Commander Rudolph Pesata. The banquet will be held at the post home in Wixom.

BeGole, 31, has been Novi chief of police for the past year. A native Detroit, he joined the Novi police force in the fall of 1954 as a patrolman. Prior to that time he served the City of Plymouth as assistant city attorney and earlier as city clerk.

#### Law School Graduate

A graduate of the University of Detroit Law school, BeGole was admitted to the bar in 1952. Before entering U of D, he served five years with the U.S. Army in the African and Mediterranean campaigns and took part in the invasions of Sicily and Italy. Entering the Army early in the war as a private, BeGole now holds the rank of first lieutenant in the Michigan National Guard.

During his early days in college, he also served two years in the (Continued on Page 4)

## Novi Farmer Defendant In \$100,000 FoMoCo Suit

### Alleged Typographical Error Results In Legal Tangle - Plant Breaks Ground Friday

Because of an alleged "inadvertent mistake" in a legal description, a Novi farmer, Harold W. Witt and his wife, Eula, of 29686 Wixom Rd. were named defendants in a \$100,000 suit filed by Ford Motor Co. in U.S. District Court Nov. 23.

The suit seeks court action to rectify the "mistake," thus forcing Witt to turn over to Ford Motor Co. the title to a 9½-acre parcel of land upon which the company wishes to exercise a second option. It was filed by Ford attorneys William T. Gossett, Abner M. Heggan and Richard B. Darrah.

#### Will Not Affect Plant

Company officials stated, however, that this suit will not affect the construction schedule for the multi-million dollar Lincoln plant and headquarters. Ground-breaking ceremonies are scheduled for Friday morning.

Also named as defendants in the legal tangle were William and Eleanor Schmitt, 16513 Lawton, Detroit, holders of the disputed first option on the 9½-acre Wixom Rd. property.

#### NE Should Read SE

The problem began on July 13, 1955, when Witt granted the Schmitts an option to purchase two parcels of land in Section 6 fronting on Wixom Rd., a 20-acre piece and a 9½-acre piece. Ford says county records show that Witt owns two such pieces of land in Section 6, both in the east ½ of the SE¼.

However, on the option agreement given to Schmitt, the 20-acre parcel was listed as being in the NE¼ of the NE¼ of Section 6. Schmitt did not discover the discrepancy.

#### Gave Second Option

On Aug. 18th, Schmitt granted S. O. August, an agent representing Ford, a second option on the

9½-acre piece. On Oct. 23, Ford exercised its second option. Schmitt, however, can't deliver Ford title to the land because Witt, questioning the validity of Schmitt's option, has not completed the deal with Schmitt.

Pontiac attorney Edward P. Barrett has been retained by Witt to represent him in the case. Barrett said Wednesday morning that neither he nor his client had any statement to make at this time, but that a defense would be filed within the next week.

Ask \$100,000 Damages Ford attorneys claim that "the description in the first option as being in the NE¼ is an inadvertent, mistake in description, but not in the identity of the lands to be included . . ."

They further add that in the event that Ford is delayed in obtaining title to and possession of the disputed land, the company will be damaged in the sum of not less than \$100,000.

The case has been assigned to Judge Theodore Levin's court.

## Sheriff Will Speak To Bd. of Commerce

Oakland County Sheriff Frank Irons will be the featured speaker at the Novi Board of Commerce meeting to be held in the Novi Community Building Dec. 8.

The meeting will be preceded by a dinner at 7 o'clock served by the Blue Star Mothers.

## Harnden-Enders Rites Held Friday at Novi

MRS. GAIL ENDERS

Susan Harnden and Gail Enders, Jr., both of Novi, were married Nov. 25 at the Novi Methodist church in an evening ceremony by Rev. John McLucas.

Susan was graduated from Redford High school and her husband attended Walled Lake High school.

The bride chose a ballerina-length gown of white lace made princess style. The bodice featured a sweetheart neckline and long tight sleeves. A tiara of rhinestones and pearls held her fingertip veil. She carried an arm bouquet of white roses.

Mrs. Judd Green of Plymouth, sister of the bride, was her only attendant and wore pastel blue wool jersey with rhinestone trim and white accessories. She carried a bouquet of yellow roses.

Best man was the bridegroom's brother, Lannie Judd Green of Plymouth and Don Knodel of Novi seated the guests.

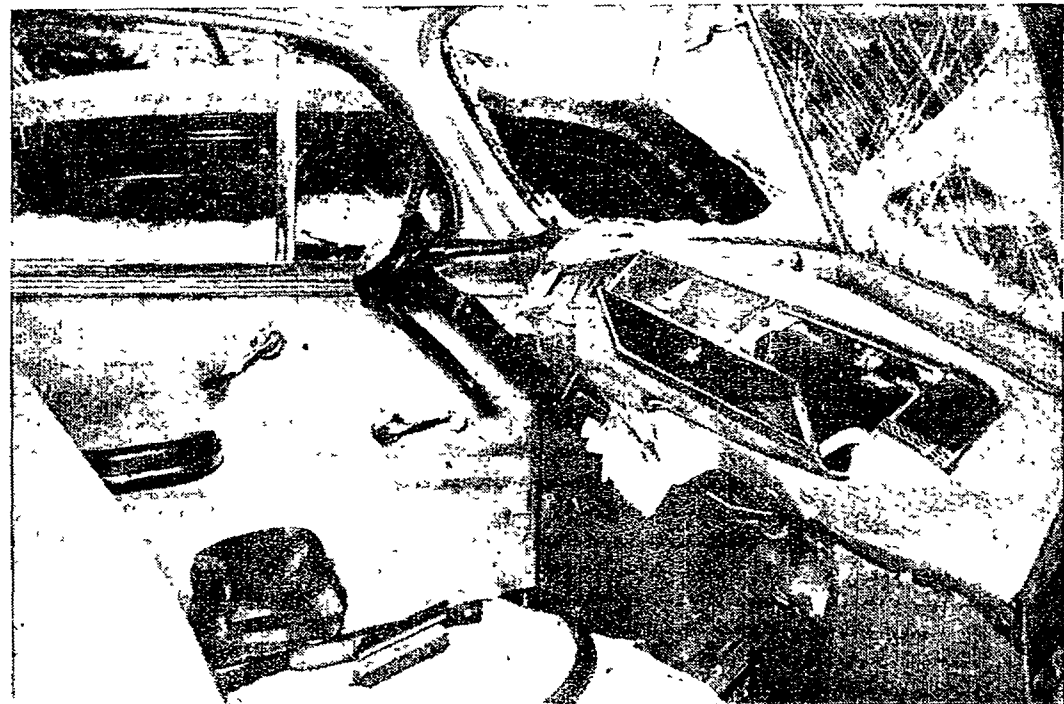

Susan is the daughter of Mr. and Mrs. John A. Harnden of Novi and her husband is the son of Mr. and Mrs. Gail Enders, Sr. also of Novi.

Mrs. Harnden wore teal blue brocade with matching hat and bronze accessories. She wore a corsage of bronze mums.

Mrs. Enders wore an aqua dress with black accessories and a corsage of white spider mums.

Following the wedding ceremony, a reception for the 100 guests was held in the Veterans' Memorial building in Northville.

The new Mr. and Mrs. Enders left by motor on their honeymoon and upon their return plan to make their home in Novi.

CRITICALLY INJURED when his car crashed into a Novi Rd. bridge abutment, John Faulkner of Novi died early Saturday in an Ann Arbor hospital. Faulkner was traveling north when his car left the road and struck the concrete structure about a quarter mile north of 8-Mile Rd. The above photo shows the interior of the totally demolished car and the steering wheel which was torn completely apart by the impact. The left photo, taken by amateur photographer Charles Dayton shortly after the crash, shows Faulkner's car lodged tightly against the abutment.

# First Amerman School Assembly Features Talents of 6th Graders

SHADES OF granddaddy's time. These mustached boys comprised the barbershop quartet, one of the popular intermission acts.

FAST-MOVING and full of color, "New Fangled Ideas" was received with warm applause by the Amerman school children.

Mid laughter and giggles, applause and the wiggles, Amerman elementary school children seemed to thoroughly enjoy their first school assembly Wednesday, Nov. 23.

The assembly featured the talent of the entire sixth grade, a reading by a third grade student, and a technicolor movie about Johnny Appleseed.

The fast-moving program included drama, comedy, costumes, suspense, music, singing and dancing. It was a well-rounded show that sparked with the enthusiasm of its participants and spoke in admiring tones for the teacher, Miss Eva Donovan, who directed and supervised its production.

The sixth graders wrote the play, an adaptation from a story they read, "New Fangled Ideas", by Carol Emerson.

Those students in the play were Steven Stroud, Lillian Rackov, Susan Cowie, Barbara Wimmer, Walter White, Tommy Long, Eddie Beard, Terry Muns and Frank Mobarak.

Lacking a stage curtain, seven ingenious members of the class attached a letter to their chest and between acts spread themselves across the stage, C-U-R-T-A-I-N. This laugh provoking act included Jerry Pendleton, Terry Muns, Bobby Powell, Rose-

mary Shafer, Brian Mellen, Jimmy Morris and Glenn Martin.

Between the play-acts the audience was entertained by a barbershop quartet which included the voices of Steven Stroud, Tim Weiss, Jerry Pendleton and Walter White.

Another intermission featured six couples doing the Virginia Reel to square dance music furnished by a phonograph. The dancers were Steven Stroud, Carol Jones, Glenn Martin, Bobby Powell, Jim Hart, Jimmy Anderson, Terry Muns, Stephanie Reed, Jennie Haywood, Carolyn Gardner, Rose Mary Shafer and Christine Muller.

The program announcer was Mike Myers. Mike has a loud, clear voice and his precise diction was a great asset to the program.

Behind the scenes were Steven Juday, Steven Stroud and Tim Weiss, who must be commended for their sound effects of the thunderstorm . . . terrific.

Make-up was applied by Sandra Carney, Sandra Ware, Carol Jones, Christine Muller and two mothers, Mrs. Cowie and Mrs. Weiss.

Patty Hicks, a third grade student in Mrs. Dickenson's class, gave a Thanksgiving reading. Patty was dressed like one of the pilgrims seen in pictures of the first Thanksgiving.

The movie, Johnny Appleseed, was both entertaining and educational. Needless to say, the students enjoyed the program very much, left the auditorium with smiles on their faces, and are looking forward to the next assembly.

According to the Amerman school principal, Richard Kay, assemblies will be scheduled about once a month. The next program

**REGULAR MEETING  
Second Monday of each month**

**WILLIAM MONROE, W.M.

will have a Christmas theme.

Ann Chizmar, kindergarten teacher, has been named as the chairman of the assemblies. A committee of children, representing each classroom, will meet with her to plan the programs. It is the desire of the committee to incorporate as many room activities as possible in each program.

The average person is strongly against all bad habits that he doesn't happen to have himself.

THE CAST. Actors, dancers, singers, and behind-the-scenes helpers gathered on the Amerman school stage after the assembly program.

BETWEEN ACTS 7 students stood on the stage with placards on their chest spelling C-U-R-T-A-I-N, taking the place of a stage curtain.

The Edward W. Sparrow Hospital, Lansing

"When you're running a hospital, as I am, you can really see the value of Blue Cross . . ."

Past President of the Michigan Hospital Association, member of the American College of Hospital Administrators, and Director of the 291-bed Sparrow Hospital, Mr. Glen Fausey knows the importance of hospital protection that keeps abreast of today's hospital costs. "The way Blue Cross protects its members," he says, "it's easy to see why more than half of our patients have it."

## Blue Cross protects you in terms of today's hospital costs!"

says Mr. Glen Fausey, Director,  
Edward W. Sparrow Hospital, Lansing

"If you have the same hospitalization coverage you had, let us say, five years ago, and you are paying the same rates, you have something that will not do a job for you in our hospital. I don't know of a hospital where it will do a real job for you.

"You see, our costs have gone up more than 35 per cent during the past five years. The first requirement of realistic hospitalization coverage is that it keep up with hospital costs.

"This is why we are for Blue Cross. Blue Cross benefits always keep up with the times. They give you protection in terms of today's hospital costs and the requirements of today's hospital practice.

"Most people have learned to appreciate this fact. More than half of our patients have Blue Cross - Blue Shield."

of God's creation including spiritual man will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "God the Only Cause and Creator" will include the following verse from the King James Version of the Bible (Matt. 7:18): "A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following (539:19-22): "It is false to say that Truth and error commingle in creation. In parable and argument, this falsity is exposed by our Master as self-evidently wrong."

The Golden Text is from Isaiah (45:18).

Holy Mother Church has arranged her calendar to satisfy every need. Hence, we witness the various feasts and fasts distributed throughout the year to arouse the waning interest, to keep our minds alert, and to prevent us from being overwhelmed by the material side of life. We are constantly being reminded of the great truths of religion especially the Incarnation.

The wonderful mystery of the Incarnation is the center of Christianity. Without it the Christian religion would be little more than one religion among others. But because of the Incarnation Christianity is unique. Christianity is the religion. The Incarnation makes the difference. The coming of God in human flesh is the greatest fact in the history of the world. This, and this alone, makes the Feast of Christmas.

The very fact that the story of Christmas is so familiar to us entails a danger. Since our earliest childhood we have known the story in all its details, and therefore we tend to minimize its meaning and importance. Like everything else that is so familiar to us, Christmas is not altogether appreciated. Familiarity, though it may not breed contempt does unquestionably breed neglect. If Christmas were something new to us, we would pay more attention to it. Because it is old and we have seen so many Christmases come and go, we may permit it to slip by without gaining its many rich spiritual blessings.

Preparation for Christmas is therefore an urgent necessity. Preparation is especially required because of the rush of business and the countless other concerns which fill our minds and our days. Getting ready for the ma-

Our Lady of Victory Catholic Church

terial side of the season cannot be avoided. No matter how we plan, Christmas brings with it additional work. We shall be busy about many things during the next few weeks, but let us remind ourselves over and over again that the "one thing necessary" is to keep Christ in Christmas. Otherwise the entire significance of the feast will be lost.

For these reasons and many others the Church sets aside this time of Advent. In the Epistle of the Mass for the First Sunday of Advent St. Paul tells us: "Now is the hour for us to rise from sleep" (Romans, xiii: II). It is time for us to realize that it is later than we think, because "our salvation is nearer than when we first believed." This is plain language. Most of us are well aware that we need to be awakened and to be aroused spiritually.

It is almost ridiculous to ask: "What is Christmas?" Christmas is not just a beautiful story, intensely interesting, charmingly sweet, artistically elevating. Christmas is a Fact. Like any other fact, it cannot be ignored without serious consequences. Moreover, Christmas is a present fact. The coming of Our Lord into the world is not merely a great historic event. The birth of Christ changed the whole course of human history. Civilization has been radically altered by the advent of Christianity. Our private virtues, our public laws, all bear the impress of Christian ideals. If the little child who was born of Mary, and laid in the manger, be not what historic Christianity has always held Him to be, the Eternal Son of God as well as the Son of Man, the history of the world for the past two thousand years is inexplicable.

Yet, this is not in itself the most important thing. Christmas is not simply a great anniversary nor the commemoration of a great event. It is all this, but is much more. Christmas is a present reality. It is the birthday of the

most important Person in the world to-day. Each year, then, as Christmas comes around, we celebrate not just the anniversary of a great man who lived a while amongst his fellows, who did his work, and then having finished his work now sleeps in death like the rest of men. Far from it. Christmas is not the anniversary of a dead man but the birthday of a living man.

Christmas is the birthday of the most important Person in the world to-day, for Christ is in the world—even at this present moment. True, Christ is in heaven sitting at the right hand of God His Father, but this does not mean that He is not still in the world of men. Jesus Christ, God made man, is among us to-day as truly as when He walked the streets and lanes of Palestine long centuries ago. This is not mere rhetoric. It is plain fact.

At the end of the Gospel of St. Matthew, there is described for us in a few words Our Lord's last commission to His Apostles: "Going, therefore, teach ye all nations, baptizing them in the Name of the Father, and of the Son, and of the Holy Ghost, teaching them to observe all things whatsoever I have commanded you; and behold I am with you all days even to the consummation of the world."

"I am with you." These words were spoken to the Christian Church at the outset of its career, to carry it right through the ages, even to the end. They are as true to-day as they ever were. Jesus Christ is with His Church to-day. It is Jesus Christ made Man who is with us, not as a treasured memory, but as a living companion. By our Baptism, as we know, we are made the temples of the living God. A new intimacy is established between ourselves and the Blessed Trinity. By the Grace of God we are made partakers of the divine nature. The charity of God is in our hearts, and the love of God that is in us

brings with it the indwelling of the Blessed Trinity in our souls. For us therefore who are Christians, the Feast of Christmas is of supreme importance. The Incarnation of Our Lord has made us the children of God. Christmas is the birthday of Him who is our life. It is our birthday as well as the birthday of Our blessed Lord. Advent is a time to think seriously and often about these sacred truths. Let us not have our Christmas cluttered with all the accidental and trivial things of the world; rather let us arise from sleep and try to realize that our salvation is nearer than when we first believed.

## IT'S COLONEL SMITH NOW

COLONEL HARRY B. SMITH (center) listens to an explanation of the water flow meter by Howard Rafter of the Highland Park Water Works. On the left is a fellow officer of the 309th Military Government Group, Captain George M. Marston of Livonia. Colonel Smith's Army Reserve Group recently launched a study of metropolitan Detroit community facilities as part of its training program. The study of actual operation of such large facilities as the Highland Park Water Works is combined with classroom study to appreciate the scope of military government operations.

Harry B. Smith of 355 Orchard Drive, Northville, has just been promoted to the rank of lieutenant colonel in the Army Reserve. Col. Smith is a member of the 309th Military Government group which meets once a week at Fort Wayne in Detroit to study the economic, social, political and cultural problems of military occupation.

Col. Smith has been associated with Army for 23 years. Of this time four years were spent on active duty in the Pacific area during the second World War. At present Col. Harry B. Smith is the president of the Detroit chapter of the Military Government Assn.

Coming to Northville from the upper Michigan copper country via Michigan State university, Col. Smith has been in the Northville school system since 1938. He

is now principal of the Main St. elementary school in Northville.

Col. Smith's military government unit recently began a community study of metropolitan Detroit facilities as part of its military training. Since the 309th Military Government group would be expected to govern a large city or state area in a foreign liberated or occupied country in time of war, Col. Smith said that the unit decided to get first-hand knowledge of American areas such as Detroit. The ideas developed might then be translated to military situations in other countries. Col. Smith is now Chief of the Economics section of the 309th Military Government group.

Windmills in Holland are disappearing. One hundred years ago, there were 8,000 of them, now about 900. Many have been converted into dwellings.

### Greatest "Go" On Wheels

No other car performs like a Pontiac because Pontiac alone has the Strato-Streak V-8—most modern and efficient power plant in the industry. And for 1956 this great engine delivers 227 blazing horsepower with an ease and smoothness that must be experienced to be believed. For the "go" of the year, go Pontiac.

Let's say you have just logged an extra-long day's mileage in your '56 Pontiac. Your clock tells you it's time to choose a lodging for the night.

Then it comes to you. You don't want to stop! You just want to keep on and on, piloting this sweet, singing beauty wherever fancy points.

Sound like a wonderful dream? It happens time and again to owners of this fabulous new car. And the lure that leads them on and on is the amazing performance of Pontiac's great new Strato-Streak V-8 engine . . . the most

thrilling performance on the American highway.

Traffic's a delight in this agile car. Power flows smooth as oil when you leave a light, and with the sharp authority of 227 blazing "horses". Brakes respond with crisp, new certainty. The wheel answers fast as pointing your finger. You're driving with a sure and steady confidence you've never felt before!

And highway touring is pure pleasure! You swing the curves with new sure-footed certainty . . . clear a hill or sweep safely past a letterer

with the happy assurance that you command the greatest "go" on wheels.

And when you settle down to cruising speed on an open highway—that's the real payoff on your good judgment! This is living in a wonderful new way. Driving's exciting again!

Come in and try it today or tomorrow for sure—you can prove it in 10 minutes as easily as in 10 hours. And you'll prove something else to yourself. Pontiac's glamour matches its "go"—it's the greatest on the road!

# Dr. Handorf Opens New Office Bldg. Dec. 1

THE REAR VIEW of Dr. Handorf's new office building is just as attractive as the front facing Plymouth Ave. The door on the right is for entering and the door on the left is for exiting. Parking spaces are in the foreground.

Dr. H. Handorf will officially open the doors of his new office building, located on Plymouth Ave. across from the old Northville Spring, Thursday, Dec. 1.

The building, a 44x24 structure with an 8x12 L extension, was manufactured by United States Steel Homes, Inc., a subsidiary of U.S. Steel, and built by Future Homes, Inc.

### BUILDING EXTERIOR

The exterior part of the building features vertical redwood siding and horizontal white plywood lap-siding. The building is a replica of most homes built by Future Homes, Inc., according to Harry Duerson, the builder; however, changes were made in the building interior to conform to the doctor's use.

A desire to eliminate "... that commercial-type of building look" was given as one of the reasons for choosing this particular building plan.

Dr. Handorf's new office will face Plymouth Ave., but the parking spaces, and the entrance and exit doors are located in the rear of the building. Harry Duerson explained this arrangement as being a traffic safety precaution.

### BUILDING INTERIOR

Rooms in the building include a reception room and open office, an office for Dr. Handorf, an office for a possible associate, a laboratory, and three examination rooms.

The walls are made of exterior grade Marine plywood with hand-rubbed panels that do not stain. The doors are all steel and the ceiling is soundproof.

The basement section of the building includes two lounging rooms for the staff with a completely installed kitchen and bath.

Dr. Handorf said that he is seriously considering an associate doctor and if circumstances demand, he will plan an expansion program at his present location.

A tribe of Africans, living near the headwaters of the Nile are the tallest people in the world; often 7 feet, averaging well over 6 feet. (The Nilotics).

# Goodwill Pick-Up Truck Comes Sat.

Would you like to get rid of that Goodwill bag you keep forgetting to have picked up?

Boy Scout Troop N-5 of the Presbyterian church, under the leadership of Earl Collins and Troop 731 of the First Methodist church with Clyde Ferguson as leader, have come up with a novel idea for Goodwill pick-ups. The plan will save the Goodwill Industries considerable time and expense in making individual pick-ups and needs only the co-operation of the citizens of Northville.

Two automobile agencies, Marr Taylor Ford agency and Ken Rathburn's Chevrolet agency will be "pick-up stations". You may place the Goodwill bags in the trunk of your car, drive to either of these two stations and Boy Scouts will be stationed there to remove the bag from your car. The Goodwill truck will then need to make but two stops to collect bags and discards.

Boys from Troop N-5 who delivered bags last week were Don Earehart, Jim Petrock, Dale Schultz, Chuck Haynes and J. Leavenworth.

This plan is in effect for Saturday, Dec. 3 only. Other dates will be announced later.

Maybe you can't take the money with you, but you sure can't go very far here without some.

## Letters to the Editor

Dear Sir:

I have sent the following letter to Hon. Martha Griffith, our representative in Congress.

"Dear Madam:

"At a recent meeting of the Wayne County Council of the Parent-Teachers Association, the

delegates were given to understand by Mr. Claire Taylor, Supt. of Public Instruction in Michigan, that for the next five to six-year period, the state would require at least 2,000 additional classrooms and 2,000 additional teachers EACH YEAR.

"Since Michigan communities are already overburdened with school taxes it is apparent that federal aid will be necessary in any serious effort to solve the school construction problem.

"And this problem, we were informed by Mr. Taylor, is not fanciful enough, for the children who will need these additional teachers and classrooms HAVE ALREADY BEEN BORN.

"In view of the foregoing, I wish to urge you to do all in your power to secure the passage of H.R. 7535, the Kelley School Construction Bill, which would give individual states complete jurisdiction over disbursement of the financial aid granted under the bill.

Sincerely yours,  
Harold S. Hartley  
(P.T.A. President)"

I have publicized this letter because I personally feel that unless all of us do all in our power to pass adequate legislation our schools will be left in the lurch Harold S. Hartley

Editor

Northville Record

I would like to present my views about recent incidents relative to Northville Downs and our new City.

According to the proposed char-

ter recently published, the administrative and judicial structure of the City would be much larger than that of a Village. This larger cost of operation would be more than met by increased revenue from the track, we have been led to believe. At the same time, I have seen no evidence of increased industry in Northville which could supplement the City's income.

It seems to me that this puts the track operators in direct control of a great portion of the City's income. If they choose to quit operating in Northville, it would put us in a bad way financially.

I do not believe that I am the first person to put the facts together in this manner. According to your front page editorial of November 22—"Equally important, we believe, was our revelation of how one Commissioner, AT THE INSTIGATION OF THE RACING INTERESTS, tried to call a meeting of the Village Commission to act on the re-zoning without giving the public an opportunity to know the restrictive recommendations sought by the Planning Commission."

Just who is going to run our new City—"racing interests", or the proposed City Council?  
C. T. Wheaton

Northville, Mich.  
November 23, 1955

Dear Editor:

Being a relative newcomer to Northville I recently had occasion to learn the names of our area's House and Senate representatives. After three futile attempts I gave up locally, I had to write to Lansing for the information.

The three persons answering the phone at the Village Hall office, the 'Record' office, and the Post Office, all three embarrassingly replied that they weren't sure. One of the three answered that Mr. Leonard Wood was one of them but wasn't sure if he was a State Senator or a State Congressman.

I ask you, is this, or is this not, an indication of our apathy and indifference, as voters, to matters politic? Matters that very definitely and directly affect our lives, to some degree, either for the better, or for the worse.

Another point needs to be made. It is my feeling that it is the responsibility, and duty, of the 'RECORD', the only local paper we have, to keep us informed on what OUR representatives are doing in Lansing, in our name. How are they voting on important issues. Whose interests do they serve?

We cannot vote intelligently for our representatives unless we are kept informed on their performances when elected to office. We

ANYONE FOR COFFEE? Amerman School Principal Richard Kay and School Superintendent Russell H. Amerman were photographed last week Wednesday inspecting a newly arrived gift to the school—a 48-cup Drip-O-Lator—presented by the Mothers Club. In addition to the coffee maker, the Mothers Club has furnished the faculty lounge with a davenport and chair and has donated \$50. Mrs. Margaret Sours, an Amerman school faculty member, has been delegated to spend the money for drapes and dishes.

feel that our newspaper should keep us informed. What other more important function can a newspaper have but to aid the electorate in making an intelligent choice when voting for their officers.

For those who may need to know who is speaking and acting for them in Lansing, I submit the following information:

21st Representative District (Northville)

Representative:  
Leonard E. Wood  
9568 Nathalie,  
Detroit, Mich.

18th Senatorial District (Northville)

Senator:  
John B. Swainson  
20452 Olympia,  
Detroit 18, Mich.

## Keeping Up With The Grades

Mrs. Luetta Reng, 2nd Grade

The children in Mrs. Reng's second grade entertained their families at a pot-luck dinner at the Community Bldg. recently.

While seated around the table the children took turns introducing the members of their families to the group.

Mrs. Robert Shafer, Mrs. Richard Ambler and Mrs. John Gibson planned the meal.

Mrs. Ann Chizmar, Kindergarten

Our kindergarten class has filled 20 Junior Red Cross boxes with new articles. The boxes will go to underprivileged children overseas.

In the boxes for girls we put small dolls, bracelets, hair ribbons, pencils, crayons, pads, wash cloths, soap, tooth brushes and other things.

In the boxes for the boys we put marbles, small cars and trucks, yo-yo's, and small games.

We hope these boxes will reach the children before Christmas.

Miss Pearl Hensch, 3rd Grade

Ronnie Vradenburg brought his baby squirrels, "Jack and Jill" to school yesterday. They are very tame and the children enjoyed feeding them. They learned much from Jack and Jill's visit.

Everyone made Thanksgiving books showing a number of things for which they are thankful.

Gale Fones and Charles Bond came to our school this week. We are happy to have them join our group. They live in the Willowbrook district.

## ALL-STEEL BEAUTY at a steal of a price

The 1956 Buick SPECIAL 4-Door, 6-Passenger Estate Wagon

In no uncertain terms, this one makes your travel hours prideful as well as practical.

It's all Buick, you see—all 1956 Buick.

Which means a new lift to anyone's spirit—from the new sweep-ahead look of it—the new might of its 322-cubic-inch V8 engine raised to lofty new power highs—the new sizzle of its advanced Variable Pitch Dynaflo\*—the true sweetness of its great new ride.

But it's a lot more than that.

It's Buick's highly versatile Estate Wagon—now substantially lowered in price for 1956—and how much more practical can you get than that?

For with this one, and for an easy-to-reach figure—you

have a car with all the suavity of a smart sedan plus the all-duty handiness of a suburban vehicle. You have a car completely steel-bodied, so its exterior upkeep stays simple and inexpensive—and a car more than roomy enough to carry six and their gear.

You have a covered platform that's plain wonderful. It can take an inflated air mattress. It can freight a small rowboat and camp equipment. It can hold luggage, or golf clubs—or the results of a mad shopping spree, even if you go in for antique furniture.

You can even have the rear seat come, at your option,

in a handy split-section that lets you carry both rear-seat passengers and extra-long loads like skis, or fishing rods, or young trees, or two-by-fours.

So what more can we say, except come see it.

The Estate Wagon is available in Buick's two lowest-priced Series—the budget-tagged SPECIAL, and the high-powered CENTURY. And, we repeat, both newly lowered in price for 1956.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Cager In The Spotlight

BUD BELL, 5' 10½" Northville High School junior and returning letterman from last year, is the Record's first Cager in the Spotlight. Bell plays guard position and was in the starting line-up every game during the past season. One of the most consistent scorers last year, Bell has been playing high school basketball since his freshman year. Bud is the son of Mr. and Mrs. Mark Bell of 530 East Baseline Rd.

The non-league game Friday, Dec. 2, between Northville and Plymouth will be no walk-away for either team according to Stanley Johnston, Northville high school varsity basketball coach.

According to Johnston, the team most successful with free throws, will be the winning team.

The starting five players have not yet been announced. Johnston said, "I have not definitely made up my mind. All that I can say now is that the two returning veterans, Bud Bell and Darwin Teshka, will be among the starting five."

Announcement of the starting players will probably not be made until the night of the game.

The boys are still busy with daily practice sessions. From all indications the squad's morale is high and they have a great determination to win—win—win.
