## CITY AWARDS WELL DRILLING CONTRACT

### for the Record

by G. H. C.

Dear Dr. Snow:

It is a pleasure to grant your request for permission to discuss in the Northville Record the basic issues involved in the request of the Northville Driving club and Northville Downs to have the St. Lawrence property rezoned so stables for 300 horses can be erected thereon. If you are able to show the Northville public that the Driving club and the Downs recognize their moral and financial responsibility of being a good neighbor in the community, your proposed series of articles can serve a useful purpose.

At the outset, may I review briefly our conversation when you stopped at the Record office last Saturday. We agreed, I believe, that both the Northville Driving club, which owns the local track and which you serve as president, and the Northville Downs syndicate, which operates the track under lease from your company, are business ventures organized and conducted for the purpose of earning a profit for their stockholders and partners.

When you expressed wonderment at the furor aroused by your request to build year-around horse stables on the St. Lawrence property I expressed the opinion that two considerations were involved.

One was that if your earnings were to be made larger or continued longer by expansion, your organizations should willingly compensate the neighbors whose property would be depreciated by your expansion. The amount of their injury can be quite easily arrived at by an independent appraisal. Its cost is as proper and legitimate as the yearly rental that will be paid to Mr. St. Lawrence and can be charged off as a deductible expense for tax purposes, eventually reducing your net cost to about 50 cents on the dollar.

The other consideration was that your proposal to enlarge the status of Northville as a winter training center for harness horses scared many residents. Whether correctly or not, they have the impression that if winter barns are built for 250 horses, they will be fully occupied immediately, and that this will represent a very large increase over the occupancy of previous years.

Your article in today's Record deals with the men who train horses here and depicts them as gentlemen of excellent repute, which is doubtless very true. This paper has never said nor inferred otherwise of the trainers and owners. It is a fact, however, that many persons in Northville do not want to see 250 horses wintered here because they fear that along with the trainers and owners this activity will bring in undesirable characters among the stable hands and others who do menial labor around the barns. Fears have been openly expressed by residents of the Sheldon Rd. area for the safety of their children in close proximity to the summer influx of track employees. They do not relish the thought of this situation continuing even on a lesser scale during the winter months. Nor, apparently, do many city residents who signed the referendum petition to ban winter use of the barns.

Those who have opposed rezoning the St. Lawrence property to give your organizations the right to stable up to 250 horses in town throughout the entire year will read with interest any statement you care to make about the position of the Northville Driving club with respect to compensating property owners who would be hurt if your rezoning request is granted. For maximum effect upon local public opinion, however, the Driving club must get the Northville Downs syndicate to join in any public statement of policy. It will be pointless indeed for your organization to say it is against sin and still appear as a partner of another group that is not willing to make a similar pledge to observe the niceties of neighborly relations.

Yours very truly

### Johnston On Warpath, Says:

### 'Hope They Hang Themselves'

Conditions at the Mill Pond have reached a new low. There seems to be no end to the troubles encountered by Stanley Johnston, recreation director.

Last week someone was moving the danger signs around the Mill Pond; this week someone stole 175 feet of new 7/8-inch rope, representing a \$13 investment for the safety of those who are irreplaceable... children.

"The dirty culprits, I hope they hang themselves with that rope," Johnston said, "it would be better for them to kill themselves instead of some innocent kid."

Johnston purchased the rope Wednesday and attached it to wooden horses on the pond to prevent children from skating around and beyond them, to the dam. The rope was stolen sometime during Wednesday night or Thursday morning.

"Let's face it," Johnston said, "the children in Northville who enjoy skating are in danger while these activities, contrary to everything decent continue."

Asked about future plans involving safety on the pond Johnston said that he would put up more rope, but of a cheaper grade. The Northville police department is seeking the thief or thieves. "If we catch them they'll pay more than the cost of the rope," Police Chief Denton said this week, "that rope was put up for safety."

### Fred Weihe In Auto Crash In Germany

Fred Weihe, Northville high school graduate in 1952, was seriously injured in an automobile accident in Heilborn, Germany Christmas Eve.

He suffered a fractured neck and was flown to a hospital in New Jersey for treatment as soon as was possible. Relatives here in Northville have not yet been informed of the particulars nor do they have his present address in New Jersey.

### Dr. Snow Tells Driving Club Stand On Rezoning

The Record presents below an article by Dr. L. W. Snow, president of the Northville Driving club, on one aspect of racing in Northville. Two other articles by Dr. Snow will appear in succeeding issues of this paper. All are to be written by Dr. Snow in an effort to clarify the background issues involved in the request to have the St. Lawrence property rezoned for track use. What Dr. Snow says will not necessarily represent the opinion of the publisher, and the Record reserves the right to comment editorially on Dr. Snow's views.

By DR. L. W. SNOW,  
President, Northville Driving Club

A winter occupation—training harness horses at Northville Downs—that has been accepted for almost 50 years in Northville without question by the residents appears to have become of major importance in the short time of two months.

The sudden mushrooming of winter training to major proportions is a direct outgrowth of the debates surrounding the rezoning of the St. Lawrence property from R-1 to T-1.

Northville Downs, operators of the harness racing track, and the Northville Driving Club, owners of the property, are anxious to have the property rezoned in order to construct barns on a portion of the land. This land was used last summer as a barn area with tents serving as shelter for the horses.

The track operators have been ordered by Racing Commissioner James H. Inglis to make numerous improvements in the plant—improvements that mean razing of some of the present buildings and construction of new. Principally, the orders have been for the construction of new barns to replace obsolete and antiquated buildings that were deemed fire-traps by the state fire marshal and as inadequate by Commissioner Inglis.

Inglis issued his first ultimatum to the 'Downs operators some two years ago and specifically ordered that several barns be torn down before the start of the 1955 race meeting. The orders were carried out but not until too late in the spring, too late for the construction of new barns and the result was the 'tent city'.

Inglis was outspoken in his criticism of the 'tent city' and notified the track operators as early as last September that no racing dates would be issued for 1956 unless contracts for the construction of the new barns were issued on or before Jan. 10, 1956.

But before the work could begin, the 'Downs' management had to have the property rezoned and that had brought out a ruckus that appears to have grown far in proportion to its actual importance to the community. That is (Continued on Page 12)

### MARCH OF DIMES

## 250 POLIO FIGHTERS LAUNCH DRIVE JAN. 3

Approximately 250 Northville persons are among 50,000 polio fighters in Wayne county who joined the countless volunteers across the nation on Tuesday, Jan. 3, when the March of Dimes launched its 1956 campaign. Charles L. Gehring is Wayne county's campaign director and Mrs. J. W. Reynolds, 16491 Homer, is the chairman of the Northville area.

The objective is to raise funds needed for polio patient aid, scientific research and professional education.

### 1,402 Calls Last Year Kept City Police Busy

The yearly Northville police report was released this week by Chief Joseph Denton. The report included last year's figures (in brackets) which were used as a comparison.

According to the report the police department was busier this year. They answered 1,402 calls as compared with 1,304 last year and they issued more traffic violation tickets, 1,156, as compared with 1,106 last year, but their total fines collected, \$8,807, was almost a thousand dollars below last year's account of \$9,742.50.

A breakdown of police calls follows:

Missing persons, 22 (24); accidents investigated 80 (68); recovered persons 22 (23); traffic violations 1,156 (1,106); summons issued 1,123 (1,067); larceny, grand 6 (8); larceny, petty 29 (29); uttering and publishing 27 (20); forgery cases 4 (none); bicycles stolen 15 (16); bicycles recovered 14 (14);  
Autos stolen 12 (11); autos recovered 9 (10); prowler calls 23 (25); vandalism cases 14 (11); B&E cases 4 (7); juvenile cases 20 (15); robbery from person none (none); lie detector tests none (1); felonious assault none (none); indecent exposure none (1); murder cases none (none); suicide cases 3 (2); coroner cases 2 (3); to-Eloise 3 (6); arrests 149 (144); court cases 149 (144);  
To De-Ho-Co 7 (10); to Circuit Court 1; rabies cases 2 (2); to Pasteur Institute 2 (2); persons bitten by dogs 23 (24); dogs under observation 23 (24); dogs destroyed 33 (58); dogs reclaimed and owners fined 20 (25); dogs to new owners 2 (none); win-

NEW YEAR'S DAY BABY Ronald Alan Daugherty snuggled in his mother's arms three days after he was born, not realizing that he was the first baby born this year in Northville. Ronald weighed seven pounds, 12 ounces and arrived at 11:27 p.m., Jan. 1, 1956 at Sessions hospital. Ronald and his mother are patients of Dr. Irene Sparling. Ronald's daddy, Floyd Daugherty, 10350 N. Territorial, Plymouth, is happy to have another son, but wonders why Ronald had to be 17 days late and then choose the new year....no exemption now. The Daughertys have two other children.

orchestra will sponsor a dance after the basketball game. All proceeds will go to the polio fund.

"The year 1955 ushered in actual polio prevention with the use of vaccine and opened up what may be, in future years, the final assault on this crippling disease," Wayne county's campaign director, Gehring said.

"But 1955 was only the year of the entering wedge, not the year of final victory," Gehring continued. "While the Salk vaccine, developed with March of Dimes funds, is a medical milestone, it is still not 100 per cent effective. Nor can we tell how long its protection lasts. March of Dimes research should be supported with continuing enthusiasm if the job is to be finished."

Recalling that Dr. Jonas E. Salk was trained under a fellowship provided by the March of Dimes, he said it will be a good many years before we can afford to stop training scientists for the laboratories and professional workers for hospitals—especially in view of the acute shortages now existing in those fields.

Citizens of Northville are being called on in January to give generously and voluntarily to the March of Dimes.

Charged with reckless operation by Northville police, Robinson admitted that he had been traveling at an excessive rate of speed on Northville Rd. Police officers clocked him at 70 m.p.h. Robinson's car left the pavement and when he attempted to bring it back on the road it overturned.

Damages to the car are reported to be in excess of \$500.

### Perrin Interviewed On Crosby TV Show

TV watchers of the Bob Crosby program Tuesday afternoon were surprised to see Elmer Perrin being interviewed on that program. Elmer went to California to see the Rose parade and the Rose Bowl football game.

Elmer nearly missed the TV program for after he had left, Mrs. Perrin discovered the tickets in a coat he had left at home. She air mailed them immediately and they reached him in time for the Tuesday program.

### Drilling To Start As Soon As Land Option Is Arranged

Dunbar Drilling and Supply Co., Lowest of Five Bidders, Gets Job for \$10,480

It has been said that the water in Northville could stand some improvement. If you are one of those who believe this then here is hope! The Northville city council awarded a well-drilling contract to the Dunbar Drilling and Supply Co. of Delta, Ohio Tuesday evening. The contract calls for the drilling of not more than four 8-inch test wells, including one expanded 16-inch permanent well.

### Township Works On Regulating Trailer Camps

The Northville Township Zoning Board last night held the first of three open meetings to give township residents a chance to examine the proposed text of an amendment to the township zoning ordinance that would permit and regulate the establishment and operation of a trailer camp in the township and the erection of motels or motor courts in "C" (commercial) districts.

Although it is not the desire of the township board to encourage trailer camps, the board recognizes that a ruling by the Michigan Supreme Court within the past year makes it impossible to exclude them from a community under certain circumstances. Faced with this possibility, the zoning board is endeavoring to establish enforceable regulations now, rather than wait until an emergency arises and be forced to act precipitately and without full consideration of all factors.

The tentative amendment to the zoning ordinance will be discussed with any township residents who are interested. It is subject to change if new suggestions are forthcoming to improve its effectiveness.

The meeting last night was in the Northville library building. The proposed ordinance will also be available there for examination on Tuesday, Jan. 10 and Tuesday, Jan. 17 between 8 and 10 p.m. On the following Tuesday, Jan. 24, at 8 p.m. a public hearing will be held on the proposed amendment to the zoning ordinance in the Waterford School building.

### Tuesday Book Club Hears Review of 'The Edge of the Sea'

Mrs. Donald Sober of Bradner Rd. was the hostess for the Tuesday Book club.

Mrs. J. R. McColl reviewed Rachel Carson's new book, "The Edge of the Sea". Miss Carson's book gives a glimpse of the rich and complex life which exists where the sea meets the land from north of Cape Cod to the keys of Florida.

### New Appointments

Several appointments were made by the council:

Councilman Reed nominated Mayor Ely to serve as the supervisor for the city of Northville on the Wayne County Board of Supervisors.

Sidney Frid was nominated by Councilman Stuebenvoll to represent Northville on the Oakland County Board of Supervisors.

Councilman Canterbury nominated the alternates for the supervisors' jobs; Stuebenvoll-Oakland Co., and Reed-Wayne Co.

Gerald C. Woodward was appointed by Mayor Ely to serve a one-year term on the planning commission, completing the nine-man group.

Justice of the Peace E. M. Bogart was nominated to serve as assessor for the city. City Clerk Mary Alexander was named purchasing agent, and Treash A. Russell Clarke was appointed as the budget officer.

Named to the Board of Review were Garrett Barry, 3-year term; Levi Eaton, 2-year term, and Ed Welch, 1-year term.

### Bank Chosen for Funds

Councilman Reed made a motion to designate the depository of city funds in the Depositors State Bank of Northville.

### Welfare Cases

Mayor Ely was nominated to serve in the capacity of welfare officer until permanent arrangements for this office are arranged; Councilman Stuebenvoll said that (Continued on Page 12)

Mrs. Alfred W. Parmenter and Mrs. George Mellen are on the reception committee.

## Retirement Announced

The retirement of Emma DuBord, home demonstration agent in Wayne county for 26 years, was announced this week in a release from the Wayne County Agricultural agent, N. A. Smith.

During Miss DuBord's service to the Michigan Cooperative Extension service, she was close to the women of Wayne county and did much to increase the membership of home demonstration groups. She was honored by these same women when they created a scholarship fund in her name which is responsible for sending many a deserving girl on to a career in home economics. They staged a Silver Anniversary celebration and open house for Miss DuBord in June 1954 at American Legion Memorial Hall, Wayne.

Miss DuBord's first position with Extension was that of assistant state 4-H club leader from 1925 to 1929. Prior to this she

was a business manager and dietitian in a girls' dormitory at Central State Teachers college for a year.

Miss DuBord received her B.S. degree from Michigan State university in 1924 and her M.S. degree from the University of Minnesota in 1939. Before entering college, she was a rural school teacher for three years in Rapid River and Bark River, both in the Upper Peninsula. From 1918 to 1920, she was a grade school principal in Nahma.

EMMA DuBORD

A member of Epsilon Sigma Phi, Miss DuBord was treasurer of the Michigan Home Economics Assn., vice president and treasurer of the National Home Demonstration Agents Assn., president of the Michigan Home Demonstration Agents Assn., and secretary for the Extension Division of the American Home Economics Assn. Miss DuBord also found time to be active in the Business and Professional Woman's club, American Assn. of University Women, Dearborn Branch of National Farm and Garden Assn., Central Methodist church in Detroit, and P.E.O. Sisterhood.

## What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Meat loaf with a piquant sauce should appeal to cooks who have "had it" as far as turkey is concerned, especially if something easily prepared is desired.

Mrs. Richard Ritchie furnishes this Moist Sage Meat Loaf recipe this week. Nineteen months old Douglas Craig sitting on the counter doesn't know or care much about grown-ups meat dishes yet but he will before very long.

The Ritchie brothers, Harvey and Richard, are the proprietors of the Laundromat and the Richard Ritchies reside at 512 Plymouth Ave.

2/3 cup dry bread crumbs  
1 cup milk  
1 1/2 lbs. ground beef  
2 beaten eggs

1/4 cup finely chopped onion  
1/4 cup finely chopped celery  
1 teaspoon salt  
1/2 teaspoon pepper  
1 teaspoon sage

Mix meat, eggs, milk, onion, celery and add seasonings and bread crumbs. Mix well and place in a greased loaf pan. Bake at 350 degrees for one and one-half hours.

If the piquant sauce is desired, and it does turn a meat loaf into something special, cover the loaf with the sauce before baking.

### Piquant Sauce

Combine 3 tablespoons of brown sugar, 1/4 cup catsup, 1/4 teaspoon nutmeg and 1 teaspoon dry mustard and spread over top of the meat loaf.

## "Men Are Bored By Housework," Says University Prof.

At long last science has come up with a good excuse for men who hate to help their wives around the house.

Prolonged, monotonous work—and washing the dishes would seem to fit in that category—is done better by women than it is by men, according to results of psychological tests conducted by Michigan State university professor, Dr. Paul Bakan.

Unfortunately for the men, however, the results do not indicate that they are completely un-

qualified for domestic chores, only that they tend to become bored and less perceptive than their wives while doing monotonous tasks.

The research also has implications for workers in many industries where monotonous work still must be done by hand.

At the present time "venal" vigilance is being tested. Veteran husbands, used to the sound of their wife's voice, should fall more easily into what Dr. Bakan described as the usual state of a person engaged in a lengthy, monotonous task: "a state somewhere between wakefulness and sleep."

## Herb Authority To Address Garden Club Monday

The Northville branch of the Woman's National Farm and Garden Assn. will meet at the home of Mrs. Frederick J. Collins on Cady St. Jan 9 at 1 p.m.

Mrs. Herbert Dyer of Detroit will talk on "Herbs and Their Uses". Mrs. Dyer, an alumna of Wellesley college, planned to enter the medical school at Harvard. While doing research work in the Physicians and Surgeons college at Columbia university, she became interested in the healing properties of herbs, and has made a name for herself in this field.

Mrs. Dyer returns each summer to a farm which she and her husband purchased in the Catskills in New York, where she plans to raise many unusual and new varieties of herbs.

Mrs. Dyer is on the board of the Garden Library of Michigan and is active in Garden club work.

At this meeting there will be an election of the officers who will assume their duties in May.

### WCS TO MEET JAN. 10

The regular meeting of the WCS of the Methodist church will be held at the church on Jan. 10. The prayer group will meet from 12 to 12:30 p.m. in the chapel and lunch will be served at 12:30 p.m. by the Filkins Circle.

The program chairman, Mrs. Drake Older, will present a program on World Fellowship.

Members are reminded to bring any suitable books they wish to donate to the new WCS library.

Last week the Record asked ten Northville high school girls if they thought that the local boys were as considerate as they should be. This week, ten Northville high school boys got their chance to return the "fire". We might add that the boys did not know the girls' answers at the time of the interview. Both groups were chosen at random... the same day... minutes apart.

**JERRY BECKER, 17...**

thought that the girls are not considerate and classified them into grade standings: "The senior girls are stuck up and act funny to underclassmen," Jerry said, "and the junior girls are mixed up... sometimes they're o.k., sometimes not. The sophomore girls are pretty nice and the freshman girls are o.k." According to Jerry, the older the girls get the less considerate they are.

**ELVIN NEWTON, 17...**

thought that the older a girl gets the more considerate she becomes. "Most of the senior girls are considerate," he said, "but the rest... they're selfish... they want what they want and they try to get it any way that they can."

**JOHN SANDERS, 15...**

said that the majority of girls are considerate, but gave an example of a "she-wolf" who is "after him": "She takes my gum and rips up my papers," he said. "Most girls are o.k. though," John continued, "they say nice things to boys."

**HENRY FISHER, 16...**

pleaded innocent. "I don't know much about the subject," he said, "I don't associate with girls that much. I like sports."

**THOMAS HEATLEY, 16...**

had the idea that girls were too aggressive. "Some of the girls are

considerate and some aren't," he said, "but I know one thing, they shouldn't chase after boys as much as they do."

**PETE GROSS, 15...**

likes girls who are sweet and demure. "My gosh," he said, "some of the girls around here are really LOUD, they 'rattle' me. Some are o.k. too, but there's always room for improvement."

**DALE COOK, 18...**

thinks that most of the girls need some lessons in etiquette. "When a fellow asks them for a date," he said, "they don't know how to accept or refuse... or else they just get a kick out of refusing the wrong way."

**CHARLES HAWES, 19...**

thinks that the girls are mixed up. In his words, "they're frustrated. You talk to them and their minds are off on cloud 9 somewhere. You ask them a question and they answer without thinking. Half the time they don't give an honest answer anyway," Charles concluded.

## Teen Talk

**JERRY DAVIS, 17...**

didn't believe in committing himself. "There's always room for improvement," he said, "but the girls are pretty good on the whole. There are a few... but then there are some in every crowd."

**LARRY GREEN, 16...**

said "most girls are considerate," and then added, "especially my girl friend Judy. I haven't come in contact with any girls who expect to be waited on hand and foot."

**It looks high priced**

**...but it's the '56 Chevrolet!**

THE NEW BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolet models.

Who wouldn't mistake this handsome new Chevrolet for a high-priced car!

It looks strictly "upper bracket" with its bold new Motoramic styling... its longer, lower hood... its proud new grille that spans the full front end.

Even the details would do credit to an expensive car... like the sleek, high-fashion taillights (the left one hides the gas cap!).

But, even beyond the costly appearance of its Fisher Body, Chevy gives the high-priced cars a run for their money. For it's

one of the few great road cars built today!

It brings you the added security of nailed-down stability on turns and lightning acceleration for safer passing. Horsepower now ranges all the way up to 205! All engines now have hydraulic-hushed valve lifters.

Of course, Chevrolet has safety door latches in all models. In addition, you can have seat belts, with or without shoulder harness, and instrument panel padding at extra cost.

There's a new Chevrolet just made for you. So come in and highway-test it.

### JOHN EDWARD NULTY

John Edward Nulty, a former resident of Northville, died in California Dec. 15 at the age of 63. He was a former employee of the Wayne County Training

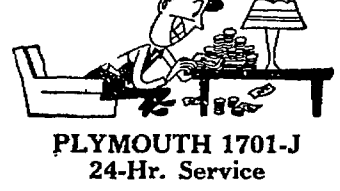

school and had worked there for 25 years until his retirement two years ago. He and Mrs. Nulty moved to California last October.

Mr. Nulty was born in Saratoga Springs, N.Y. Nov. 9, 1892. Besides his wife, Mamie, he is survived by a son Gordon of Plymouth and two brothers also survive. Interment was in San Fernando, Calif.

## NOTICE

"It is unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money—that is all. When you pay too little, you sometimes lose everything because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot. It can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run. And if you do that, you will have enough to pay for something better."

## Kemper Cadets Are Guests of Exchange Club

The last meeting in 1955 of the Northville Exchange club was held in the Veterans Memorial hall.

Three Northville boys, home for Christmas vacation from Kemper Military school in Boonville, Mo. were guests and each gave a talk on the school.

Rick Atchison explained the geographical location of the school and some of its history since its founding in 1844. Bob Watson told about the schedules and general disciplinary format along military lines which allow much to be accomplished by the boys. John Clarke related the background of the scholastic design. Thirty-five teachers to 125 students provide a continuous counsel and help in all details of study.

A movie of the locks at Sault Ste. Marie showed their importance in the national industrial plan. It is the most heavily defended area in this country from foreign military attack. The tonnage transported through the locks greatly exceeds the combined total going through the other three major canal and lock systems of the world.

"Wake up, dear. Your dreams of playing golf are showing!"

## Camera Club Studies Crime Photography

The adult camera club, Eastman Kodak lecture for this evening, Jan 5, will be photography in criminal investigation. Trooper Calvin Lepien of the Michigan police, Detroit post at Seven Mile and Grand River, will narrate the slide illustrated talk directed to those interested in law enforcement photography or in the application of photography.

The illustration and narration are drawn from actual experiences and include photographic investigations of scenes of crimes, arson cases and traffic accidents and many other interesting topics.

Club President Mrs. R. Dearing extends the special welcome to the Northville and Plymouth police department and also guests will be welcome. Mrs. Dearing also wishes to remind her club members to bring in slides or pictures of the first assignment which includes farm scenes, rain or fog and children at Halloween. Competition and voting will be done and also a separate competition will be run for any pleasing slides or pictures which will be shown. The slides and pictures are to have titles and only four for each individual should be entered.

Those interested on going on a tour to the Argus Camera Co., Ann Arbor, please attend this meeting for further information.

You are cordially invited to attend a

## Lykes Have Double Celebration

Mr. and Mrs. Fred Lyke, 430 E. Main St., celebrated their 47th wedding anniversary Christmas Eve. The celebration was a double one, for just a week previous Mr. Lyke resigned his position as Northville Township Clerk.

Mr. Lyke has been active in many civic affairs; he served on the township board for 15 years; he was a member of the school board for nine years; he was the secretary and treasurer of the Northville Wayne County fair for many years, and he is a 50-year member of the Masonic lodge.

"I used to like to fish a long time ago," Mr. Lyke said, "but I never had enough time. Now maybe I will."

Mrs. Lyke, who helped her husband with the "book work", as she puts it, said that they would both miss the work but, "we think it will be a good miss. We have enjoyed working with our friends on the township board and of course we will continue to be interested in the board's actions. We feel sure that Mr. Stark will make a wonderful clerk."

Thinking back over the years spent in office, the Lykes said that times have certainly changed. "More people are voting," they said, "and that involves more work for the board members. The clerk has more business to transact, additional expenditures, and more money coming in. Conducting the elections, distributing dog licenses, keeping minutes and the ledger all tend

Mr. and Mrs. Fred Lyke

to keep a clerk mighty busy.

Until now the Lykes' home has been the township hall. "One day last fall 34 people came to our door for dog licenses," Mrs. Lyke said.

Township business will now be transacted in the Waterford school, recently leased from the city of Northville for \$25 per month.

Mr. and Mrs. Lyke are looking forward to relaxing, catching up on their reading and spending more time with their family. The Lykes have two married sons, Robert, who lives in Coldwater with his wife and two children, and Jason, who lives in Skokie, Ill. with his wife and two children.

## Production Record Released for WCTS Holstein Cow

Announcement has been received from the Holstein-Friesian Assn. of America of the completion of an official production record by a registered Holstein cow owned by the Wayne County Training School.

The cow, Wacots Prince Mona Butter King, gave 17,965 pounds of milk and 581 pounds of butterfat. It was milked three times daily for 353 days. Average number of quarts received daily came to 24. The cow was seven years and four months old when the record began.

Michigan State university supervised the weighing and testing of the milk for this record and it is a part of the Herd Improvement Registry Dept. of the Holstein-Friesian Assn. of America in Brattleboro, Vt. This program is designed to give an official production record on every cow in the herd every year, so that wise selection for increased efficiency can be made.

## Vegetables Can Be Main Course Dishes

Don't let higher living costs upset your well-planned budgets. Your food budgets can be kept on the right track with many types of economies, one of which is the serving of hearty vegetables as main dishes.

Acorn squash, for example, is a favorite for fall appetites, and is especially delightful when filled with tempting mince meat and a cream cheese mixture which gives you protein.

**Mince Meat Filled Squash (Serves 6)**

3 acorn squash  
2 3-ounce packages cream cheese  
1 9-ounce package mince meat  
½ cup water  
2 tablespoons butter  
2 cups soft bread crumbs  
2 eggs  
1 tablespoon chopped parsley  
½ teaspoon salt  
¼ teaspoon black pepper

Cut squash in half lengthwise; remove seeds. Steam until tender, about 15 to 20 minutes. Allow cream cheese to soften at room temperature. Break mince meat into small pieces in saucepan. Add water. Place over medium heat and stir until lumps are thoroughly broken. Boil 1 minute, stirring constantly. Cool. Melt butter in skillet. Add bread cubes; toss lightly until browned. Remove from heat. Beat softened cheese until light and fluffy. Blend in eggs, parsley, salt and pepper. Add mince meat and bread cubes and blend well. Fill squash with mixture. Place in a buttered baking dish. Bake in a moderate (375°) oven about 15 to 20 minutes or until crumbs are lightly browned.

NOVI'S NEW RURAL DELIVERY mail route is shown in white on the above map. The mail carrier will sell stamps and money orders, as well as deliver packages. The only portion of the area not affected by the new delivery lies within one-half mile of the post office. These residents will continue to receive their mail at the post office. Expansion of the new delivery system to additional adjoining areas is now being studied.

## New Novi Post Office Building Plans Announced

Extension of New Route Into Adjoining Areas Is Now Being Considered, According to Staman

The announcement of a new Novi post office building and final instructions for residents of the newly established Novi rural route were simultaneously issued by Postmistress Marjorie Watson Tuesday afternoon.

A complete map showing areas being covered by the new route is published on this page. The extension of this Novi route into several adjoining areas is now being considered, according to Supervisor Frazer Staman.

A temporary mail sorting room has been set up in the Novi Township hall. Present plans call for a new and larger post office building to be built directly to the north and adjoining the present building, Mrs. Watson added. Construction will be started as soon as the post office department approves the plans.

### Born At Pajama Party

## I Think I Feel . . . My Gosh, SHE'S HERE!

An unattended Novi mother

gave birth to a 5-pound baby girl early Tuesday morning as her frantic husband and a pajama-clad doctor raced to her aid.

The mother, Mrs. Virginia Rock, 28289 Novi Rd., had been expecting the baby in February. Having no phone, and fearing the baby was about to be born, Calvin Rock, the father, raced to the house of a nearby physician, Dr. John M. Hoose, 28301 Novi Rd.

Shortly after six o'clock Tuesday morning, although his doctor's kit was at his office in Detroit, Dr. Hoose pulled his coat on over his pajamas, squirmed into his boots, and after calling the Novi police, took off through the snow with

the frantic father.

Greeting the pair when they arrived was the baby girl. Tying the umbilical cord with a shoe lace, Dr. Hoose had the Novi police radio the family's doctor for advice and further instructions.

Upon being told to take her to the hospital as quickly as possible, an ambulance driver, attired in the standard attire of the hour, pajamas, appeared on the scene and took the mother and baby on a quick trip to Mt. Carmel hospital in Detroit.

Hospital attendants immediately raced the pair to the delivery room where a closer examination showed that both mother and daughter were doing fine.

One of the advantages under the new set-up, according to Mrs. Watson, is that most of the residents will be able to receive their mail directly in front of their houses.

"Residents of the Willowbrook area will appreciate this advantage," Mrs. Watson added. "Until now, they have had to place their mail boxes on 10-Mile Rd., even though they lived as far as two or three blocks away."

Another advantage under the new delivery system is the lack of confusion which will result from having a Novi address. Many new residents have complained in the past. "We tell our friends we live in Novi but we have Farmington or Northville mailing addresses; they're confused and so are we."

All houses in the area shown on the map will receive the rural delivery except those within one-half mile of the post office. The law requires that these homes within the one-half mile radius pick up their mail at the post office.

Residents on the rural route may purchase stamps, money orders, and receive packages if they are home. Otherwise, a slip will be left in their box and they may obtain the package by calling at the post office.

Change of address slips are available from the mail carrier or at the post office," Mrs. Watson said. "People should immediately notify the publishers of all magazines and newspapers they receive, as well as friends and relatives."

Complete names and street numbers must be clearly marked on all boxes, she warned, and whenever a new box is erected, the post office must be notified so that service may be started without delay.

### Board of Commerce Meets January 12

The Novi Board of Commerce will meet at the Community Building Jan. 12 to elect officers for the coming year.

Dinner will be at 7 p.m. and the general meeting at 8 p.m. Those officers to be filled include president, vice-president, treasurer, secretary and three trustees.

Including production of sand and gravel, Michigan has mineral industries in all but 4 of its 83 counties.

## Square Dancers Stage Krug Benefit Jan. 7

"Swing your partner, promenade, Turn her around and shake a leg!" You'll hear that and a lot more if you attend the Novi Square dances this year. They're full of bright sayings.

The dances, formerly held on Friday evenings, will have Saturday dates during 1956.

The first dance this year will be a benefit dance Jan. 7, in memory of Robert Krug, an active square dance member who was killed in an automobile accident a few weeks ago. The dance proceeds will be given to his widow.

Admission to the dance is \$1 and everyone is invited to join the dancers from 9 p.m.-1 a.m. "If you don't know how to square dance we'll be glad to teach you," said Chairman Leo Harwood.

"Just meet us at the Community Building in Novi," Floyd Snyder and his five-piece band will be entertaining.

Square dance dates for the entire year have been arranged and are as follows: Jan. 7, Feb. 11, Mar. 10, Apr. 7, May 5, June 2, Sept. 8, Oct. 6, Nov. 3, and Dec. 1. No dances are scheduled during the two summer months of July and August.

## Lincoln Division To Set Production Record In January

The Lincoln division of Ford Motor Co. has increased its January production schedule to 6,683 cars—the highest monthly schedule in the history of the Lincoln automobile and 50 per cent above December production levels.

The new schedule, announced today by Ben D. Mills, Ford vice-president and division general manager, surpassed the 6,542 cars produced in May of 1953, the highest previous Lincoln production month and was 2,102 units above the January 1954 production, previous record for that month.

"Since the introduction of our 1955 models, we have been producing to the limit of our facilities," said Mr. Mills. "But firm orders are still running two months ahead of our production."

As a result, he said, production facilities have been rearranged to permit a 21.5 per cent increase in the original January production schedule of 5,243 cars. December production totalled 4,300 cars.

The unprecedented demand has reduced Lincoln dealers' stocks to a point where 40 per cent of the Lincoln dealers have no stock at all and an additional 28 per cent have only one car in stock.

The current dealer stock of Lincoln automobiles amounts to 16 cars per dealer, on the average.

The new Lincoln plant in Novi, currently being built in Novi, is expected to be completed by the end of the year.

## Farewell Party Honors Putnams

Mr. and Mrs. L. J. Putnam were honored at a farewell party at the I.O.O.F. and Rebekah hall Thursday evening.

Approximately 100 guests attended the party and representatives from both the Rebekah and I.O.O.F. lodges presented each of the Putnams with a ring.

Mr. and Mrs. Putnam recently sold their home on E. Grand River and will make their home in Lewiston.

## Rebekahs To Install New Officers Jan. 14

Seven new officers of the Rebekah lodge will be installed by the Novi installing staff Saturday, Jan. 14.

Officers to be installed are Grace Frisbie, junior past noble grand; Thelma Cheeseman, noble grand; Margaret Marshall, vice-grand; Loree Bell, recording secretary; Ruth Woodworth, financial secretary; Gladys Hayes, treasurer; and Kathryn Bachert, degree captain.

The Independent Rebekah club met at the home of Thelma Cheeseman last Wednesday.

The degree team practice will be held Thursday in preparation for the installation Jan. 14.

Wednesday evening the installing staff went to Milford to install the new officers of that lodge.

normal capacity of 90,000 Lincolns a year on a straight time basis.

The new Lincoln plant in Novi, currently being built in Novi, is expected to be completed by the end of the year.

A NEW LOOK in the township hall took place last week end when one of the township offices was temporarily transformed into a mail room for use in sorting letters and packages destined for addresses on Novi's new rural route. Postmistress Marjorie Watson shows the temporary mail sorting racks which have been installed by the post office department.

## DEATHS

## CHARLES A. BLAIR

Charles A. Blair, brother of Mrs. Fred Fry of 41320 E. Seven Mile Rd., died Dec. 26 in Wayne General hospital.

Mr. Blair was born in Northville Feb. 1, 1871 on S. Wing St. to William and Marie Blair. He attended school here and later became a painter and decorator and maintained a store on W. Main St. Later he lived in Flint where he worked for the Detroit Evening News and married Minnie Adams of that city. They also lived in Ann Arbor, Detroit and Albuquerque, N.M. before returning to Northville some years ago. Mrs. Blair died eight years ago.

Funeral services were held at the Casterline Funeral home Dec. 29 and he was buried in Oakland Memorial Gardens. The Rev. C. Warren Wilson, a cousin of Mr. Blair and pastor of the Baldwin Methodist church of Pontiac, officiated.

## WILLIAM F. BEAUCHAMP

William F. Beauchamp, a former resident of Northville, died Sunday of a heart attack in New Orleans at the age of 65.

Mr. Beauchamp was born in Canada. He is survived by his wife, Kathleen; two sons, Raymond of Northville and John of South Lyon; four daughters, Doris MacLean and Marian Moase of Northville, Grace Stisko of Detroit and Bernice Achterburg of Visalia, Calif.

Funeral services will be held at the Casterline Funeral home Thursday at 2 p.m. Burial will be in Oakland Hills Memorial cemetery.

## JOHN DOLAN

John Dolan, age 37, of 9421 Chubb Rd., died Dec. 29. Funeral services were held Saturday at 2:30 at the Casterline Funeral home.

Mr. Dolan worked for R. E. Mahon as foreman in the sheet metal department.

He is survived by his wife, Emily, and five brothers: Frank and Henry of Northville, and Jim, Eugene and George of Detroit.

His fellow workers served as pallbearers and he was buried in Oakland Hills Memorial Gardens.

## MRS. JULIA CRAMER

Mrs. Julia E. Cramer, 74, of Niles, Mich., mother of Mayor Edwin Cramer, died Dec. 29 at Pawating hospital.

Mrs. Cramer, a former Northville resident, was born in Carlton Center, Mich., and moved to Niles from Northville in 1924. She was a member of the Royal Neighbors and Rebekahs and the G.A.R.

Besides her son, Edwin, she is survived by two other sons, Ellsworth of Niles and Keith of Mill Valley, Calif. Two daughters: Mrs. Stanley Kucharski of South Bend and Mrs. Willard Lowery of Niles, and a sister, Mrs. Ora

## CHRISTIAN SCIENCE CHURCHES

**Main and Dodge Streets  
Plymouth, Michigan**

The purifying power of true prayer will be set forth in the Lesson-Sermon entitled "Sacrament" at Christian Science services Sunday.

Bible passages will include the counsel of Christ Jesus regarding prayer (Matt. 6:6): "But thou when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

Continuing the explanation of prayer, a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (1:15:9): "To enter into the heart of prayer, the door of the erring senses must be closed. Lips must be mute and materialism silent, that man may have audience with Spirit, the divine Principle, Love, which destroys all error."

The Golden Text is from Psalms (51:10): "Create in me a clean heart, O God; and renew a right spirit within me."

Jerusalem they "stood out like sore thumbs." The citizenry of the city were accustomed to travelers and to caravans, but they were not used to questions like, "Where is the newly born king of the Jews? For we have seen his star in the east and have come to worship him." This query was eventually carried to the cunning Herod who immediately assembled the priests and scribes to see if they could enlighten him as to the answer. They told him that Scripture indicated Bethlehem. Herod then received the Magi and exhibited great interest in their quest. He sent them without the courtesy of a guide into a strange terrain. But the Magi, when they once more were able to follow the star that had guided them, found Jesus and worshipped Him and presented Him with gifts. On their return to their home they passed by Jerusalem and gave no information to Herod.

Gold has always been precious. The Magi felt the royalty of Christ and so they gave Him the best gift they had. It was a practical gift, for, as subsequent events were to unfold, the Holy Family would have to flee to Egypt to escape Herod's wrath. No doubt, the gold would come in handy then.

The gold signifies the charity of Christ. Charity is a virtue infused in us by God, by which we love God above all things for His own sake and our neighbor as ourselves for the love of God. "He that has done my commandments and keeps them, He it is that loves Me." Charity is a virtue that is one in principle but two-fold in its object, for it extends to God and to one's neighbor. Charity joins us to God in true

friendship; it is benevolent, mutual and implies a liking. Charity to our neighbor is passive when we refrain from injuring him, but it is active when we do good for him. This active charity inclines us to help our neighbor when we can and when he needs that help. "Let us not love in word nor in tongue, but in truth and deed." Our charity should be patterned after that of Christ who worked and did good, bore injuries patiently and forgave. Our charity should love God in the person of His beloved children. In the matter of charity He made Himself one with them: "Amen I say to you, as long as you did it for one of these, the least of my brethren you did it for me."

The Magi showed their realization of the divinity of the Child by their gift of incense. Frankincense is an aromatic gum or resin which was burned as an act of worship. Several of our services include the use of incense, for incense is symbolic of our prayers ascending to God. We might call to mind how history relates that in the early days of the Church the Romans offered incense to their pagan gods as an act of worship. They hailed captive Christians before these images and bade them offer incense. But the true followers of Christ refused and were cast to the lions to amuse the restive Roman populace at their festive games in the arena.

The use of incense recalls to our mind the form of communication with Almighty God which we call prayer. It is the elevation of the heart and mind to God, to adore Him, to thank Him, for favors received, and to ask Him to fill our needs now and in

the future. Prayer is the language of the children of God. It enriches all things and delivers us from all evils. It might well be called the key to heaven. Prayer obtains for us those things which are eternal and those things which are temporal and good for us. Christ Himself told us to pray, "Ask and it shall be given you; seek, and you shall find; knock, and it shall be opened to you." Prayer is necessary for us because we need daily help to be saved, and Christ has decreed that we shall not receive help unless we pray. "Pray without ceasing. In all things give thanks, for this is the will of God in Christ Jesus regarding you all."

The third gift of the Magi was myrrh. Myrrh signified their realization of the humanity of Jesus. Myrrh was used at the time of Christ in the preparation of bodies for burial. The techniques used in our time were an unknown science to the people of that era. Let us consider it as it symbolizes mortification.

From that Good Friday afternoon, on which the Son of God bore His cross to Calvary and there died on it, an inseparable union has existed between the cross of Christ and the followers of Christ. We speak of any hardship bestowed upon us as a cross. This cross may be one of mortification, not doing what is forbidden and in denying the cravings of the flesh. Then, too, the cross bestowed upon us may be that of resignation. This is, as the name implies, bearing the hardship, sickness or adversity. But why should we mortify or resign ourselves? "Such as I love, I rebuke and chastize. Be zealous therefore and do penance." We have to mortify ourselves and accept the cross that God sends us to enable ourselves to overcome the machinations of the devil who never ceases trying to cause our eternal downfall.

To the wicked, a cross is a preview of hell. They suffer with anger and despair in common with demand, and for them there is no consolation because they do not want it from God. The peni-

THE NORTHVILLE RECORD—Thursday, January 5, 1956—9

tent finds solace in carrying the cross for he receives so much satisfaction from what to him is so little suffering. To the just, crosses are as Paradise for they feel how sweet it is to suffer for God. "Great is my confidence in you, great my boasting about you."

If the Christmas Crib is still standing, let's visit it again. The Magi were destined to adore and visit Jesus just once. You can do so every day of your life. Make known to the Infant your resolutions to try to lead a better life in the year to come. As the Magi came with gold, you can offer your love to God and to His creatures for His sake. Our home, our work, all will be a better place for us and those who surround us. We can give the frankincense of our prayers by starting each day with the prayers our mothers taught us. Our gift of myrrh will be the swallowing of pride and our acceptance of the trials that now or later at a later date may trouble us in the year ahead.

This new Buick SPECIAL 2-Door 6-Passenger Sedan  
delivers locally for less than some models  
of the well-known smaller cars.  
Come in and check!

If you think you can't afford a big-bodied, big-powered, big-muscled Buick like the one shown here—we'd like to set the matter straight.

If you can afford any new car, you can afford this strapping and stunning Buick SPECIAL Sedan—and no kidding.

For this Buick is tagged within a few dollars of the well-known smaller cars—and actually costs less than some models of those very same cars. The price we show here proves it.

So maybe you can understand why Buick—for two years running now—has outsold every other car in the land, except two of those well-known smaller cars.

But low price is just part of the picture.

Big reason for Buick's soaring sales sweep is that folks are finding here a lot more automobile for the money—more style boldness, more power thrill, more ride stability and more solid structure than the same dollars buy elsewhere.

\*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option.

Just ask yourself: wouldn't you rather go traveling with the lift and life and pace and poise of a stunning new Buick—when it's all yours at just about the price of a smaller car?

If your answer is yes, then the time is now—right now.

Drop in on us this very week—tomorrow would be fine—and we'll seat you at the wheel of the biggest and most beautiful bundle of high-powered Buick ever offered in America's low-price field.

### PUBLIC HEARING

FRIDAY, JANUARY 13, 1956 — 8:00 P.M.  
CITY HALL

A public hearing will be held at the above date, time and place on a petition presented to this Commission for the re-classification of the following described property from R-1 residential classification to T-1 track classification.

The description of the property in question is: Land in the City of Northville, Wayne County, Michigan, described as: That part of Lots 230 and 231, Assessor's Northville Plat No. 3 which lie more than 450 feet west of the center line of Sheldon Rd.

Action at this hearing will also be taken on a petition filed with this Commission requesting that Section 20.02, Use Restrictions, of the Zoning Ordinance be amended to add thereto the following:

"Provided, further, that the use of all property within this T-1 District for the wintering of horses be limited to a capacity of 250 horses at any one time."

This notice given in accordance with the provisions of the Village of Northville Zoning Ordinance and Sec. 4, of Act 207, Public Acts of 1921, as amended.

HUMAN INTEREST calendars like the one above, "Just In Time", painted by Bill Medcalf, are at the top of the list this year.

NATIONWIDE LEADER in calendar popularity is this public service theme, "The Scoutmaster", a Boy Scout calendar painted by Norman Rockwell.

## Girls Lose Calendar Popularity This Year

Public Service, Human Interest, Safety, and Religious Themes Are Selling The Best

Throw out the old and bring in the new! That cliché type phrase applies to more things than just the new year; for one thing . . . it's calendar renewal time. Calendar subjects are prone to be graded in popularity polls and sales receipts as much as any other product on the market. What will you be seeing on calendars this year? A peek into the calendar world this week resulted in the following "big change" story.

"This year, nudes are out completely." That was the word from Jim Abernathy, district sales manager for Brown and Bigelow, the nation's largest calendar manufacturer.

"The trend is away from girls on calendars," Abernathy said, "and a number of other larger companies are following suit." Taking the place of girls (on calendars) are public service themes, human interest subjects, safety and religious subjects.

The Modern Trend  
Modern offices and changes in architecture have also produced

a change in calendar sizes. The modern trend is toward multiple sheet calendars of medium size, replacing the large six foot square jumbos.

The larger companies have also started a new practice, personalized calendars . . . the name of the recipient is printed on each calendar.

The multiple sheet calendars are popular in the metropolitan areas, but the large single sheet calendar still leads in popularity in the rural areas.

Top Sellers  
According to Brown & Bigelow top selling calendars in the nation are the following:

1. Pocket Calendars—they have separate pockets for each month

and are popular in the home as a catch-all for bills, grocery lists, etc.

2. Multiple sheet scenic calendars.

3. Calendars based on the do-it-yourself theme.

4. Religious calendars.

Picture Subjects

Leading calendar picture subjects include themes on public service, human interest, safety and religion. Calendars depicting what the people are buying and prefer are reproduced on this page through the courtesy of Ed Welch, Northville Brown & Bigelow representative.

## Dr. Snow ...

(Continued)

Judging from the importance placed on winter training in past years.

As noted before, Northville Downs track has been used as training quarters during the winter by harness horsemen since 1907 and other than visits by owners and enthusiasts over the weekends, it has gone unnoticed by the general public.

As it now stands, from a count taken as late as Monday afternoon, more than 70 drivers, trainers and grooms are handling some 174 horses at the track. They comprise a quiet colony that isn't noticeable except in the early morning hours when the horses jog around the track.

Their entire attention is on the job at hand—breaking in green pacers and trotters, developing aged stock and generally taking care of their work just like any other workmen at plants and factories.

The training and handling of horses is their livelihood, just like the production of automobiles, delivering of oil, enforcing the peace, handling the sick, selling groceries, meats and clothing is the job of others in this community.

Most of the men at the racing plant have been working on their jobs for years at the Downs during the winter months. It is the only job they have known. Many of them are in the waning years of their work, some are just beginning while others are at the peak with high paying jobs for wealthy stables.

It is a certainty that hardly a one could go elsewhere for employment if winter training should be barred in Northville. There isn't any other place for them to go if they can't train here. Furthermore, all of the older members of the colony would be lost if they had to move—Northville has been their winter home for 10, these many years.

Why do these men select Northville as their winter quarters? Why don't they go to the winter climes of Florida, Georgia, Lou-

isiana or California where practically all of the wealthy stables go?

The answer is in the last question. Most of the trainers at Northville work for owners of small stables. They are not able to make ends meet during the year and the cost of transporting their horses to any of the southern states is out of the question—they simply don't have the money.

Then one asks, why do these men remain in the game?

Once again the answer is simple. They stay in it because they love the sport and for the majority, harness racing is the only thing they have known from their childhood. They were taught the fine points of training and driving by their fathers who in turn acquired their knowledge from their fathers. Never has it been a profitable occupation but it has always provided a comfortable living.

Then, too, the cost of training at Northville is much cheaper than at the southern quarters. Each trainer or driver pays \$5 per month per stall for each horse plus a slight additional charge for electricity and water. Cost of maintaining the training track is borne by the three pari-mutuel tracks in the Detroit area—Northville Downs, Hazel Park and Wolverine Raceway.

Even that slight charge works a hardship on some of the trainers. That's how close to the vest they have to work. But always in the heart of every trainer or driver is the hope that his newest yearling will develop into a trotter capable of winning the famed Hambletonian classic or a pacer fast enough to take the winner's share of the rich Little Brown Jug stake.

Another benefit of the Northville quarters is that it gives owners in the vicinity of Detroit an opportunity to see how their stock is developing. The yearlings and two-year-olds they purchased at the fall sales are receiving their initial training. Every owner wants to know whether he made a good buy or dud and closely watches the development during the winter months. They can make weekly trips to Northville, generally on Sunday, and can jog the new colts and fillies themselves. They couldn't do this more than once throughout the winter if the horses were in training at a spot hundreds of miles away.

Perhaps the one person most qualified to explain why training in Northville means to the men there is Horace Markham, 75-year-old Northville trainer who has wintered there since the track first opened in 1907.

Markham is a slender, quiet-spoken individual who is well-known in this community. He should be, he's been in and around this section for 50 years. He has never known anything but harness racing.

He received his early training from his father in Canada where he traveled from track to track while his father drove back in the days before harness racing

became the big business it is today.

Horace's father in turn was taught by his father who also was a driver-trainer in the infancy of the sport in the United States.

"I have wintered at Northville every year since the track opened in 1907," said Markham. "In fact I drove the winner of the first race over the racing strip. I just don't know any other quarters but Northville."

"I have made my home here throughout all these years and have watched the winter colony grow from some five or six horses in the early days to the 150 to 200 that winter here now."

"Never in all the years I have been here have I heard of any complaints against the manner in which the colony has conducted itself. We have never had any crime of any nature and never to my knowledge have Northville health officials had to investigate reports of filth and vermin around the barn area. We have always made a practice of keeping the barns clean, removing the manure rapidly and conducting our colony on the highest standard possible in such quarters."

"There is a need for winter barns. The summer barns we now use have to be covered with temporary fronts to keep the wintry blasts away from the horses, the tack rooms are adequate but could stand improvement. Understand, we aren't complaining, we feel grateful for the opportunity to train our horses so close to our homes. I don't know what I would do during the winter if I couldn't go to Northville."

"It would surely be a tremendous hardship not only to myself but to most of the men now on the grounds. We aren't wealthy, never will be, but we love the sport and Northville gives us the chance to continue work through the winter months."

Markham isn't the only old timer on the grounds. He's the oldest of a lot that includes: Dave Harvey, 60, who has trained there for 30 years; Red Smith, 58, for 25 years; Jim and Earl Cariveau, the hard-working brothers, who have been there since 1939; Archie Niles, Jr. who has spent all of his years in Northville under the tutelage of his father, Archie, Sr.; Carl Scott, nine years; Ed Sietz, Northville resident who has trained at the Downs for some 12 years.

They represent only a small section of the Northville Downs colony but all express the same idea—winter training is a necessity, a job and the only place they know is Northville Downs.

Furthermore, Markham's statement of no crime at the track during the winter training campaign is attested to by Chief of Police Joseph Denton who has held that post since pari-mutuel betting opened at the track in the fall of 1944.

"My records show there never has been a complaint made about the conduct of persons in the winter colony at Northville Downs," Denton said. "We have never had any calls to investigate thefts, brawls or any of the other things that have been

charged. As far as the police department is concerned the harness racing industry can be proud of these men. They have never been anything but citizens of the highest caliber at all times."

That's the story of winter training from the horsemen, the persons who are being severely criticized in some quarters. In the next article, the questions of what harness racing has meant to Northville and how the businessmen feel about the track and its benefits to them will be answered.

Two changes in the executive staff at the D&C store in Northville were announced this week.

Fred Kester, former D&C manager in Tecumseh was transferred to Northville to replace Essee Nirider who resigned as manager last week.

Kester had been manager in Tecumseh for three months. Previous to that he had been a D&C store assistant manager in Howell for two years.

Before starting with the D&C firm, Kester was employed by the S. S. Kresge Co. in the capacity of assistant manager, and

## Goodwill Pick-Up Scheduled Jan. 9

The first pick-up of household discards of the New Year is scheduled for the Northville area on Monday, Jan. 9, 1956, according to Miss Edith Sorenson, local Goodwill Industries telephone representative.

Arrangements for a Goodwill truck pick-up may be made by calling Miss Sorenson at Northville 571.

## AUTHOR OF BEN HUR

Lew Wallace, the famous author of Ben Hur

was an intimate friend of the infamous Robert Ingersoll, the American infidel. On one occasion they were riding on train together

and Ingersoll remarked, "Isn't it strange that so many apparently intelligent people really believe such foolish teaching? I wonder how long it will be before the belief in the so-called Bible will be eradicated and overthrown as foolish beliefs?" Then Ingersoll suggested that the author, Lew Wallace, write a book to show how false this teaching of believing Jesus really is." Lew Wallace agreed and for the next several years he gathered materials. Then he began to write the book that he expected would take the country by storm. He had scarcely finished the fourth chapter when he realized how utterly impossible it was to convince the world that Jesus Christ never lived. Lew Wallace was confused and embarrassed. The materials that he had gathered had convinced him that Jesus Christ did live and that He was all that the Bible claimed him to be. Lew Wallace rewrote the four chapters and sent forth into the world the book, on the basis of his own investigation. His conclusions were that not only was Jesus Christ the Son of God but He was also the Saviour.

## Well Drilling ...

(Continued)

in view of the fact that the city is responsible for welfare cases in the area, persons eligible and desirous of aid should have some place in Northville to appeal.

The city clerk was instructed to arrange a meeting with the county welfare department. The city would like for the county to continue making the investigations, but they are desirous of having a local person to review the county investigation.

Emergency Parking  
Upon the suggestion of Councilman Canterbury, the police department will give consideration and make a recommendation as to suitable parking spaces in town to be designated as emergency or short time parking.
