

## SCHOOL BOARD SUPPORTS PILOT STUDY GROUP

### for the Record

by G. H. C.

The Northville Planning Commission must make a decision this week about rezoning the St. Lawrence property for track use that cannot possibly please everyone. The Commission's predicament arises from the renewed request of the Northville Downs Ass'n. and the Northville Driving club for permission to erect stables for 300 horses on the property, of which an unspecified number are intended for use throughout the year.

It is to be hoped that those who appear before the Commission to support the rezoning, and those who object to it, will try to deal with the matter on a factual and reasonable basis, because when the shouting and furor is over the Planning Commission should make its recommendation only on such considerations. The same should be true of the City Council when it ultimately makes the final decision Feb. 6th.

The primary considerations seem to have been lost sight of in the controversy that followed Dr. Snow's attempt last November to get the Council to hold a "quickie" secret meeting to vote on the matter before the public could be informed of the Planning Commission's suggested restrictions to protect adjacent property owners.

This, and the sarcastic tone used by one of the Councilmen toward those from the city and township who tried to uphold the Planning Commission's effort to protect neighboring property owners, probably did more to incite circulation of the referendum petition and the injunctive action in Circuit Court than any other thing. Even in a community which has given racing everything it has wanted for 12 years, for a price of \$500 per racing night (a net cost of about half this amount to the donor because of income tax considerations) some individuals felt that they were being pushed around. They resented this and succeeded in checkmating the entire rezoning for the time being.

Even now there is a great deal of misunderstanding that is not good for the city or for the community as a whole. The subject is difficult to handle with justice to all parties, but there appear to be certain basic facts that cannot be ignored.

1. The State Racing Commissioner has told Northville Downs it must have stalls erected for 180 horses before the 1956 racing meet and for an additional 120 before the 1957 meet. If the barns are not erected the Downs will be denied racing dates. Therefore, if Northville wants to see racing at the Downs this summer, stalls for 180 horses must be provided somewhere.

2. Why build them on the St. Lawrence property? Can't they be erected on the present property, or somewhere else? Even Solomon couldn't answer this question to everyone's satisfaction. The Downs and Driving club management say there is no space on the present grounds for more barns without sacrifice of parking space for the convenience of customers. Some persons have suggested as an alternative to the St. Lawrence site the present trailer camp location on S. Center St. or vacant land just south of the new 7-Mile cut-off.

3. The Downs and Driving club say the St. Lawrence property is the best available location. Apparently they convinced the Planning Commission of this at the original hearing last October, because it recommended the rezoning of this property.

4. Are there valid objections to rezoning the St. Lawrence property, even though it may be a good location for the barns? It can be argued successfully, we believe, that construction of stables in that particular location will depreciate adjoining property, and influence the type of residential building planned for one of the pieces of property. The Planning Commission was trying to protect adjoining property owners as much as possible from such depreciation when it recommended unanimously against the year-around use of stables.

(NOTE: Dr. Snow says in his article this week that the value of property adjoining the present racing plant has been enhanced by racing. This may be true in some instances, but if the good doctor really believes this will be true of the Bradshaw and Sober properties he, the Driving club or Northville Downs, could quickly deflate their critics by making a concrete offer to purchase their properties at a fair price set by independent appraisal.)

The Planning Commission's recommendation on rezoning the property must attempt to evaluate the relative advantages and disadvantages involved, with full understanding that it cannot please both sides.

6. Is an enlargement of winter stabling of horses in Northville necessary? State Racing Commissioner James Inglis is expected to say that winter stabling is desirable here, but he is not expected to say that it is "necessary".

7. If permission is given to rezone the St. Lawrence property, what can be done to protect adjoining property owners as much as possible? Unless the Downs or the Driving club are willing to purchase the properties at a fair price, as a condition precedent to their expansion so they can earn a greater profit for their stockholders, these things can be done:

- A green belt consisting of a high cyclone fence and appropriate shrubbery to hide the barns from view as much as possible can be insisted on as a written agreement by Northville Downs.
- Use of the barns can be put on a "permit" basis like the trailer camp on S. Center St. so it can be revoked without delay should the management permit unsanitary health conditions to develop at any time. Concurrently, some definite inspection

### Dr. Snow Tells Driving Club Stand On Rezoning

(The Record presents below the second of three articles by Dr. L. W. Snow, president of the Northville Driving club, to clarify the background issues involved in the request to have the St. Lawrence property rezoned for track use. Dr. Snow says the articles are written in the interest of better public relations and to refresh the minds of Northville residents of the value of the harness racing operation at Northville Downs to the economic and industrial life of the community. What Dr. Snow says will not necessarily represent the opinion of the publisher and the Record reserves the right to comment editorially on Dr. Snow's views.

By Dr. L. W. Snow  
President

**Northville Driving Club**  
The matter of rezoning the St. Lawrence property, not all of it but a portion that is hidden from view by natural obstacles, will be up for consideration by the city's Planning Commission Friday night.

It has developed into a controversial subject throughout the community ever since news of the proposed rezoning request first became news several weeks ago. Much of the controversy is due, we feel, to the fact that many Northville residents are not aware of the facts. Our purpose is to present a factual picture, one painted as the direct result of a survey and from figures which were taken from the records of Northville Downs in its 12 years of operation.

Winter training, which has been traditional to this community for almost 50 years, has suddenly become a major factor in this controversy. Charges were made that persons residing in the vicinity of the proposed rezoning are leary of the type of individuals who will winter there and their conduct.

These insinuations are made despite the fact that Northville city officials already have attested that they have not encountered any difficulty nor had any complaints about the winter colony in the past 11 years. The winter colony includes drivers, trainers, owners and groomers.

When the property is rezoned the colony will include the same personnel as in the past. These men are the same ones who have been wintering horses in Northville for years, so why should there be any reason to believe that their conduct will change overnight. Why should they change from quiet-mannered individuals to a band of moronic maniacs intent on breaking all laws, as some persons would have you believe?

Common sense thinking by all concerned should be enough to dispel these insinuations. Livonia never has had any such trouble at Wolverine Raceway and neither has Hazel Park at Hazel Park Harness Raceway. Each is closer to a large population than that represented here.

Then comes the question of possible damage to properties near the site that is up for rezoning.

A suggestion has been made that these neighbors be compensated for depreciation to their properties. In other words, payment of money. This can best be answered by pointing to property owners who have homes and land bordering the present racing plant. They comprise residents on River, Center, Church, Cady, Beal and Fairbrook streets.

If anyone had a grievance these owners did. They reside alongside the track, some within a few feet of the stable area; however, a check has shown that their properties actually have increased in value and they still

### E. V. Ellison Installed As Exchange Club Pres.

Elroy V. Ellison was installed as the 1956 Exchange Club president, along with the executive officers and committees at the Jan. 4 meeting.

The first act that Ellison performed after being installed was the presentation of a past-president pin to the outgoing president, Charles Bahnmiller.

In his closing remarks as president, Bahnmiller reviewed the following Exchange club activities which occurred during his

1955 term of office: the trout planting in local streams; the 34th anniversary banquet marking the founding of the Exchange club in Northville; the annual Football Squad banquet; and the yearly club dinner-dance. As the last official act before the new officers took over, Bahnmiller welcomed Charles Freydl, Jr. as a new member. Secretary Merritt Meaker conducted the ceremonies and presented a pin to Freydl. Ron Muir, member of the state

board of Exchange clubs and president of the Northwest Exchange Club of Detroit, installed the following officers:

President, E. V. Ellison, first vice-president, Wilson Funk; second vice-president, Harold Wagenschutz; secretary, Merritt Meaker; treasurer, Harold Bloom; sergeant-at-arms, Leo Mainville, and assistant sergeant-at-arms, George Miller.

Program: Wilson Funk, Ch., George Clark, Ernest Ebert, Harry Wagenschutz; Inter-Club Relations: Ivan Hodgson, Ch., Merritt Meaker.

Publicity: Stuart Campbell, Ch., Wilson Funk, Charles Freydl, Jr. Project: Russell Bingley, Ch., Fritz Carle, Harold Wagenschutz, Harold Church, Kenneth Rathburn.

Audit and Finance: Russell Clarke, Ch., Harold Bloom, Geo. Clark, Recreation and Christmas Party: Hugh Godfrey, Ch., Harry Wagenschutz, Orson Atchinson, George Locke, Jr.

Scholarship: D. J. Stark, Ch., George Clark, Harold Wagenschutz. Metropolitan Council: Fred Van Atta, Ch., Cliff Turnbull, Harle Johnston.

Membership and Attendance: George Sinclair, Ch., Harry Sedan. Chaplains: Rev. Ivan Hodgson, Merritt Meaker.

Break the Bank: George Sinclair, Ch., E. B. Cavell, Carl Ely, Fred Van Atta. Constitution: Leo Mainville, Ch., Russell Clarke, George Miller.  
Board of Control: Charles Bahnmiller, Glen Richardson, L. Mainville, alternate. Fellowship and Welcome: Carl Ely, Ch., Charles Bahnmiller.

### 600 Dogs To Invade Northville Jan. 22

Over 600 pure bred dogs, representing 74 different breeds, will invade Northville Sunday, Jan. 22 when the Oakland County Kennel club stages their annual winter show at the Community Building. This is Northville's first licensed all breed dog show.

Exhibitors from 14 states and Canada will be on hand with some of the top dogs of the country to compete for prizes and championship points. Judging will start at 10 a.m. and will run continuously to 8 p.m. The finale will be for the coveted trophy of Best in Show.

Gordon Parham of Northville, president of the Oakland County Kennel club, states that interest is high in Northville's first show due to the fact that the winter show of the Detroit Kennel club has been cancelled this year, leaving the local event the only area show to be staged this winter.

Judging will be done by E. W. Averill, Frank L. Grant, J. P. Hackett, John F. Seifen of Birmingham, Mich., Mrs. Parker Grant of Flint, Byron Hoffman of Toledo, O., Thomas Keator of Hamburg, N.Y. and Ray Norsworthy of Lincoln Park, Mich. Best in Show will be judged by Thomas Keator.

When the entries are compiled this week end it is expected that many local pure bred dogs will be listed.

### \$300 Voted For Spring Classes

Millage Election To Be Scheduled Soon

After much discussing, questioning, and general haggling, the Northville school board voted to give the Pilot Study Group \$300, the minimum amount requested to see the group through the spring semester.

The Pilot Study group is an organization of parents and teachers who are working together to gain a better understanding of both home and school conditions which tend to affect the behavior of children.

The school board vetoed support of the program last fall after a trial period in the spring. The fall decision was considered by many as a "wrong move" since the educators in the school system, Supt. R. H. Amerman and Principals E. V. Ellison, Harry Smith and Richard Kay, endorsed the program.

The study group continued its classes last semester with a tuition plan and P-TA backing. The money appropriated will be used for the salary of Miss Panton, the instructor, who is also a staff member of the Merrill-Palmer school in Detroit. Miss Panton said that the parents and teachers in Northville had faith and strength to carry out the program without the support of the school board. She also said that approximately 60 parents and 23 teachers have thus far been enrolled in classes.

Andrew Orphan, Mrs. Terry Secord, Miss Pearl Hensch, Mrs. Alta Moore and Miss Panton represented the study group at the meeting.

Mr. Orphan, a parent, stated that parents didn't "bottle up" what they learned in the classes, but rather held discussions with other parents and as a result many more people were reaping benefits than could be numbered.

**Group Purpose**  
Mr. Coolman asked what the beginning group was taught. Miss Panton answered by saying, "I believe that parents have tremendous strength and weaknesses. They experience much confusion in the process of raising youngsters and at these classes we sit down and discuss problems. We establish a good relationship and respect for each other. We examine what we bring to our children as parents and discuss how we need to change. Some parents ask questions and others answer. I sit as a mediator and try to help the process take place. Parents discover that other parents have similar problems."

**Board Divided**  
Coolman said that he just couldn't see the point of the program. Mrs. Wagenschutz said, "We are defeating our purpose. We'll show that we're backward if we don't support the program."

Mrs. Moore, a visiting teacher in the Northville school system, said that the parents in the community are in need of such a program. (Mrs. Moore pioneered this group). "This type of group helps parents talk things over before problems become deep-seated," she said. Coolman's chief complaint was that "the people who go don't need it."

Andy Orphan said that every parent enrolled in the classes has benefitted. Mrs. Secord said that the groups have been "a wonderful cross section of all types of parents. Some were specifically recommended for the course and have finished their course with a solution to their particular problem."

Coolman said "I'm convinced that the purpose is never accomplished in a situation like this. It never reaches the people that need it. It reminds me of some identical experiences that we had with the recreation depart-

### BAKED FILETS OF FISH

Wash six filets of flounder (or other fish). Dry thoroughly and rub with salt and pepper. Arrange in a greased shallow baking dish.

Heat 2 tbsp. butter and saute two chopped scallions. Add 2 tbsp. flour and cook until scallions begin to color.

Gradually add 1 1/2 cups of chicken broth, 1 tbsp. chopped celery, 2 tbsp. finely chopped parsley, 1 tsp. Worcestershire sauce.

Simmer gently 10 minutes and then add 1/2 cup cream and 1 tbsp. of chopped chives. Season with salt and pepper and just bring to boiling point. Pour sauce over filets and bake at 400 degrees for 15-20 minutes.

According to Mrs. Dyer the oldest medical text in existence, written about 1500 B.C. mentions the use of herbs as cures. The first printed primer of long ago defines herbs as a friend of the physician and the pride of cooks. Early colonists in this country brought the different herbs from their home-lands to be used for both of these purposes.

Mrs. Dyer showed many interesting colored plates of the growing herb plants and gave the recipes for many a tantalizing dish, one of which is included in this article.

Assisting the hostess were Mrs. L. M. Eaton, Mrs. Orson Atchinson and Mrs. R. Bulton.

Bill Lessway, who is a patient in Sinai hospital in Detroit, is reported as improving.

We've said it before, and we'll say it again: If you can afford any new car, you can afford a Buick—and the sales figures make the proof of that stronger and stronger.

Just ask yourself: which cars would normally be in the top 3 of America's best sellers? The well-known smaller cars—naturally.

But which cars are in that Big 3? Two of the well-known smaller cars, and Buick—for over two years running now.

That means Buick prices are well within reach of more and more people—thanks primarily to the budget-tagged Buick SPECIAL, like the one pictured above.

And that's the whole point of the matter.

For this low-priced Buick SPECIAL—so close in

cost to the smaller cars—is so much more automobile for the money, it's the stand-out buy of its field.

It's the biggest of the Big 3 in power thrill, in comfort, in size and breadth and luxury and sheer roadability.

It's the biggest of the Big 3 in the solidity and softness of its all-coil-spring ride—in the sweep of its styling—and in the pure thrill of its performance.

For where else but in Buick can you get the nimble getaway, the gas-saving mileage, the electrifying switch-pitch action and the

absolute smoothness of the new Variable Pitch Dynaflo?

Come in to see and drive the biggest bundle of high-powered beauty and energy ever offered in Buick's lowest-priced Series.

### DATE NUT BARS

1/4 cup flour  
1/2 teaspoon baking powder  
1/2 teaspoon salt

1 cup brown sugar  
1/4 cup melted shortening or vegetable oil  
2 eggs, well beaten  
1 cup nutmeats, chopped  
1 cup dates, chopped

Sift flour; measure; add baking powder and salt. Sift again. Combine with brown sugar.

Add melted shortening to beaten eggs and combine with dry ingredients. Add chopped nuts and dates.

Turn into a well greased pan 7x11x2 or 9x9x2. Bake in a moderate oven (350 degrees) 30 minutes. Cut in bars while hot. When cool, sprinkle with powdered sugar and serve with whipped cream.

## Candlelight Wedding Solemnized In Plymouth

Mr. and Mrs. Charles Tomlinson

At an impressive candlelight service, Sylvia Page Malott and Charles Laerd Tomlinson were united in marriage in St. John's Episcopal church in Plymouth Dec. 27 at 8 o'clock.

The bride is the daughter of Mrs. Forest J. Malott and the late Mr. Malott of 741 Carpenter St., Northville. Her husband is the son of Mr. and Mrs. William L. Tomlinson of Plymouth. The bride's uncle, Robert Clark of Livonia gave her in marriage.

"Oh Perfect Love" and "The Lord's Prayer" were sung by Alfred Hager of Detroit.

Sylvia wore a ballerina-length gown of Irish silk made princess style. The fitted bodice featured a scoop neckline with applied lace and three-quarter-length sleeves. Her fingertip illusion veil was secured by a coronet of pearls. A white orchid, stephanotis and holly formed the bridal bouquet.

Roberta Malott, maid of honor, and Janet Malott, bridesmaid, sisters of the bride, were gowned alike in white peau de soi with inserted back panels of red silk and large bustle-bows of red silk. They carried red carnations and holly.

Thomas Wetherell of Livonia served as best man. Ushers were Robert and Richard Tomlinson of Detroit, twin brothers of the bridegroom.

Mrs. Malott wore a gown of gold on white brocade and a white orchid corsage. Mrs. Tomlinson wore 'beige lace and a white orchid corsage.

Following the wedding ceremony a reception for 175 guests was held in the parlors of the church.

Mr. and Mrs. Tomlinson left by car for a week's honeymoon in Canada. Upon their return they will make their home at 1305 Baldwin, Ann Arbor.

Mrs. Tomlinson is a senior student nurse at the University of Michigan and her husband is an

engineer for the Chrysler-Dodge Corp.

Out-of-town guests were Mr. and Mrs. J. H. Tomlinson and Mr. and Mrs. R. G. Stroud of Oakmont, Pa.; Mr. and Mrs. R. G. Stroud, Jr. of Wadsworth, O. and Dr. Emily Stark, Misses Alice and Jessie Stark of Adrian, Mich.

Cannibal Chief (to 'victim'): "What did you do for a living?" Victim: "I was an associate editor." Chief: "Cheer up. After tonight you'll be editor-in-chief."

## DAR Plan Annual Birthday Luncheon

Plans for the 29th annual birthday luncheon of the Sarah Ann Cochran chapter of the Daughters of the American Revolution of Plymouth and Northville are getting under way with Monday, Jan. 16 set as the date for the event.

The luncheon will be held at 1:15 p.m. at the Hotel Mayflower in Plymouth. Local members and guests will be joined by regents from 13 neighboring chapters.

Speaker at the luncheon will be Mrs. L. Hart Wright of Ann Arbor. She will present scenes from Victoria Regina. Mrs. Wright received her M.A. degree in drama from the University of Oklahoma. She has directed little theatre groups in Oklahoma City as well as Fenton and Ann Arbor.

Mrs. Walter Gemperline, first vice-regent, and Mrs. Frazer Carmichael have charge of the arrangements. Mrs. Claude A. Crusoe, regent, will preside.

## Hawaiian Theme Set for Dance

The Northville Mother's club is sponsoring a Hawaiian Tropical dance Jan. 28 at the Community Building from 9 until 1 a.m.

Don Bernard's orchestra, attired in colored shirts and leis, will furnish the music.

Tickets are \$3 a couple and may be purchased from members of the club and also will be sold at the door the night of the dance. Tickets for high school students will be sold at the high school. More information will be announced on the P.A. system at school.

Mrs. Stuart Campbell is chairman of the affair.

## Speaks softly and packs a powerful wallop!

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with Body by Fisher.

Whether idling at curbside or cruising, this new Chevrolet talks in a well-mannered whisper. You scarcely ever hear more than a soft undertone of power from its deep-chested V8. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.)

Soft-spoken, yes—but this handsome traveler packs a wallop that ranges up to 205 h.p.! It's charged with sheer action!

Action that can save you precious seconds for safer passing on the highway! Action that lets you take steep hills in stride!

Action that helps you zoom out of trouble spots almost as quickly as they develop!

And action isn't all. Chevy holds the road like part of the pavement! You feel added assurance in the way it clings to curves.

Of course, Chevrolet brings you the security of safety door latches in all models. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost.

"the most comforting of all hymns that have resounded on Paul Gerhard's golden lyre." The consoling power of God's Word as contained in this hymn is seen in the following incident, reported to have happened near Warsaw, Poland.

A German farmer named Dobry, living near Warsaw, had fallen into arrears with his rent; and his landlord was about to eject him from his home. It was in the dead of winter; and the poor man had appealed for mercy a number of times, but in vain. Would the next day see him and his family homeless and hopeless in the midst of snow and cold? Dobry was a pious man. He took his troubles to his God in prayer. Together with his family he kneeled down and asked his Father in heaven to help him. The prayer refreshed and strengthened them. As they arose from their knees, they joined in singing: "Commit whatever grieves thee into the gracious hands of Him who never leaves thee, who heaven and earth commands." This hymn is an acrostic. It numbers 12 stanzas; and in the original constitute the words of Psalm 37:5. One hymnologist calls this

farmer and rewarded him handsomely. The man was able to pay his rent, and the threatened evil was thus miraculously removed from the family. The next year King Stanislaus built a new home for Dobry and gave him cattle from his own herds. Out of gratitude to God and as a monument to His almighty help, the pious farmer placed a tablet

over the door of his new home bearing the picture of a raven with a ring in its beak and underneath the first four lines of the stanza of Gerhard's hymn which the family was singing at the time:

"For means it fails Thee never, Thou always find'st a way.

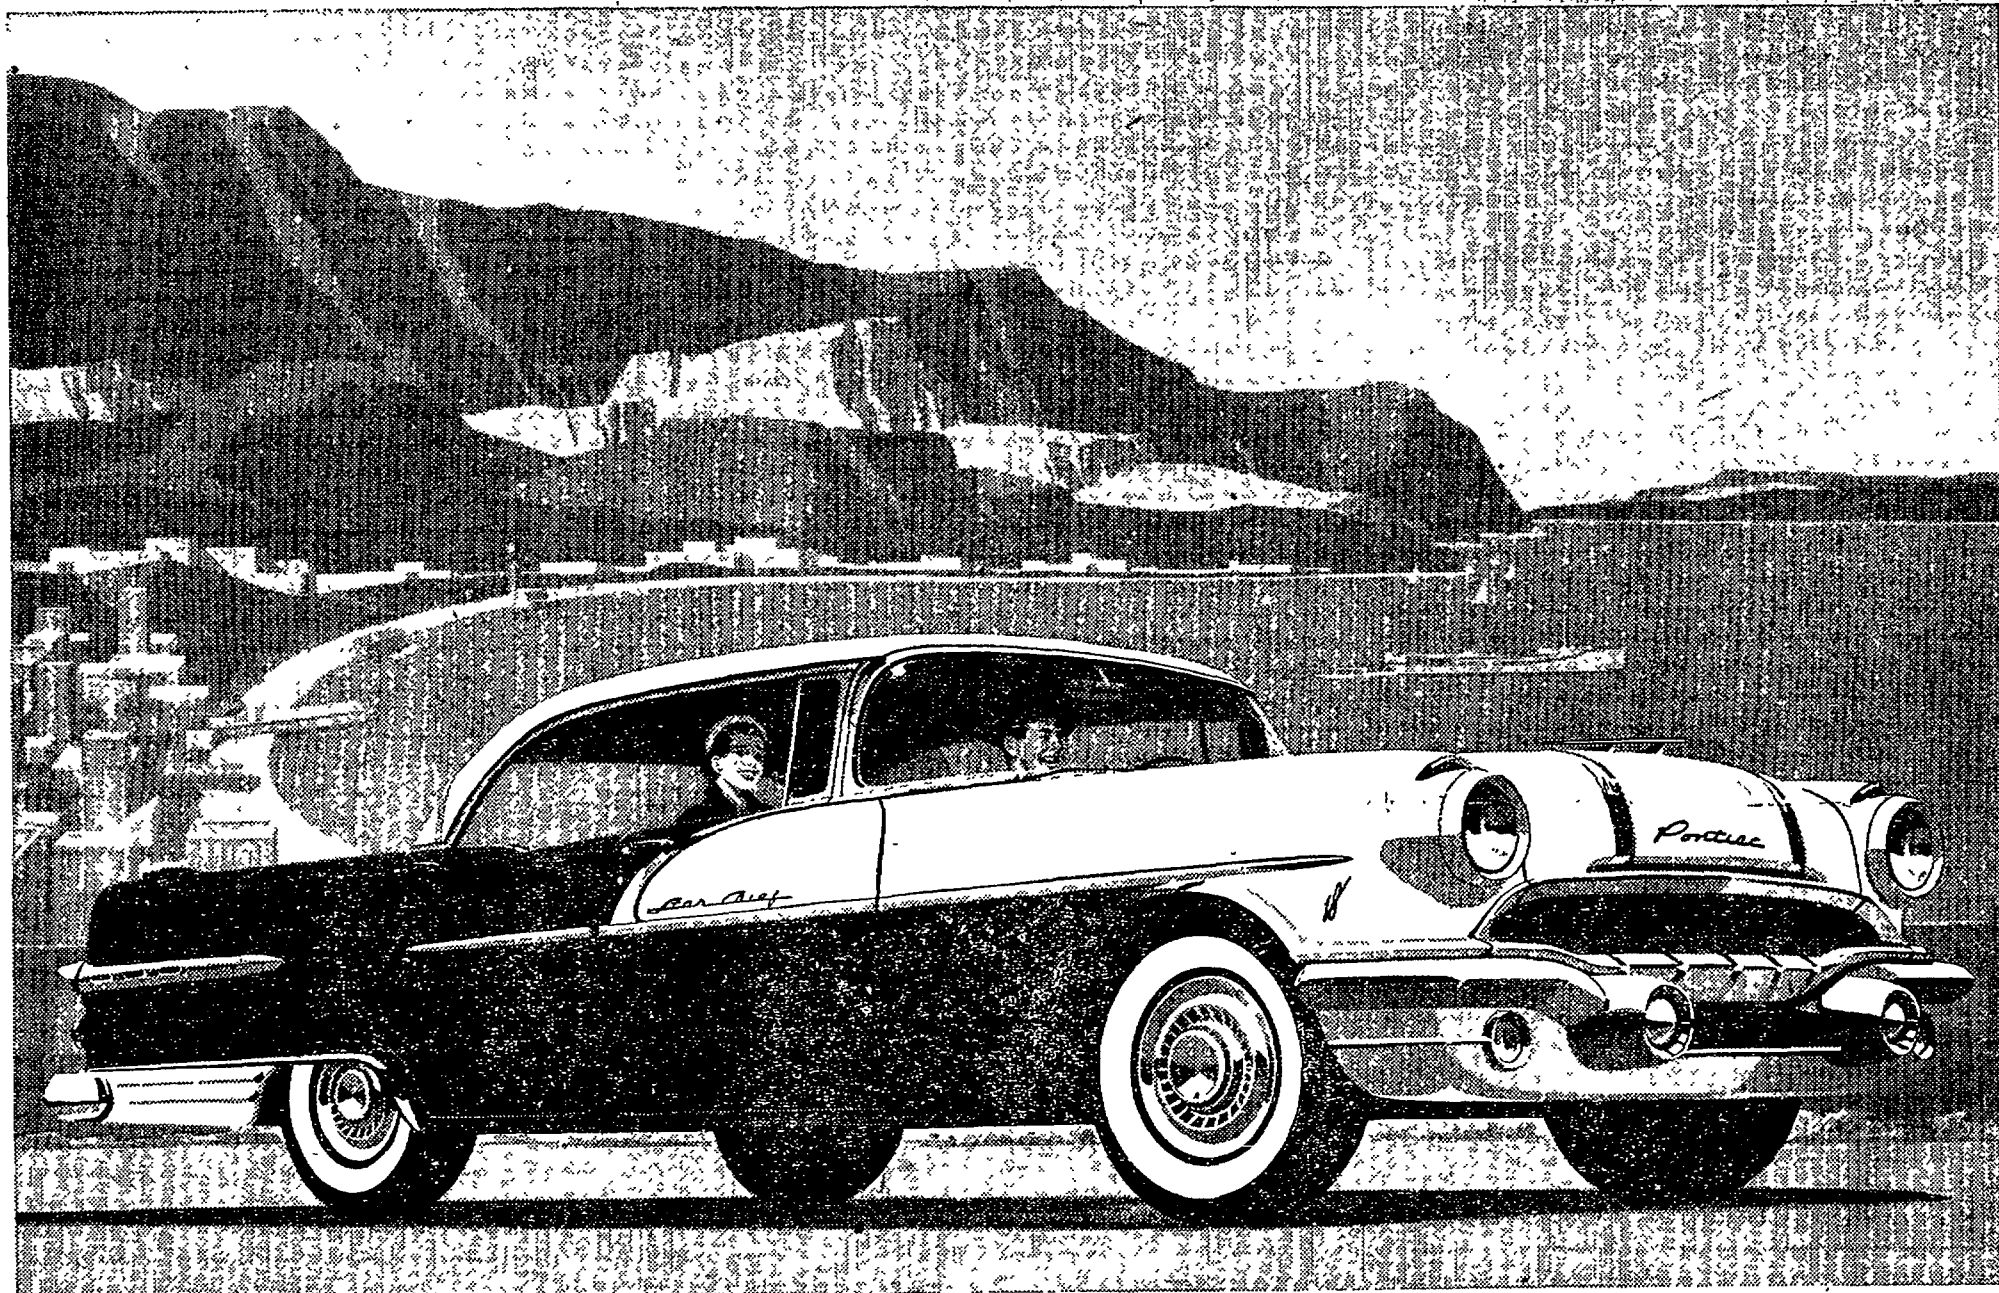

Thy deeds are blessings ever, Thy path like brightest day."

## Invest in Dependability... get a Bonus in Go!

You can buy it on its name alone—this big, high-powered '56 Pontiac—and be safe in the knowledge that you couldn't make a better investment in dependable, carefree motoring.

The good things you've been hearing about Pontiac for years assure you that.

But "go" is the word for '56! Performance so new and dramatic it must be experienced to be believed! A short spell behind the wheel will nail that statement down as a fact. Come along and see.

Waiting for the light to change, you can't hear the engine. But touch your toe to the accelerator and in a split second there's a torrent of power, sparked by the most advanced engine of them all—the blazing 227-h.p. Strato-Streak V-8.

Team this terrific power plant with Pontiac's all-new Strato-Streak Hydra-Matic\* and you've got the smoothest take-off that ever brightened a highway.

And remember—this easy handling dream is actually among the biggest, huskiest cars built!

Now for the final test—head for the open road and some landmarks you can challenge. Wipe out a hill. Straighten a curve. Smooth a stretch of rough road that's bothered you for years.

Now see why they're calling this the greatest "go" on wheels! More than that—it's the greatest buy on wheels! And that too, is easy to prove.

A look at the price tag—a check on our deal—and nothing will stop it from being yours!

\*An extra-cost option.

### EVERY PONTIAC BUILT IS POWERED BY THE GREAT STRATO-STREAK ENGINE

... and you have 15 beautiful models to choose from... 3 complete lines... 3 price ranges... 6 sleek 2-door and 4-door Catalina hardtops... sedans... station wagons... the magnificent Star Chief Convertible. Take your pick from the greatest glamour and "go" ever priced so low!

## Letter to the Editor

Dear Editor:

The Tuberculosis and Health Society and the thousands of people it serves each year would like to thank you and your paper for its splendid co-operation in the 49th annual Christmas Seal Sale.

Your help was particularly valuable this year as it was through your pages that we were able to keep our message before the public. With the daily metropolitan papers on strike during almost our entire campaign your paper proved that "people read their own community news-

paper." If they had not read your paper I am sure that we would not have come close to the amount of money which we need to continue our fight against tuberculosis in Wayne county.

As it is, we feel satisfied that the citizens of your community were aware of the need for funds and did their best to give them to us.

We, and the Detroit Tuberculosis Sanatorium which has joined us in co-operative fund-raising, want to wish you and your readers a healthy and happy New Year and pledge that we will do our best this year to cut down the incidence of the dread disease-tuberculosis—in 1956.

Very cordially yours,

colored lights strung across the streets. We take this opportunity, speaking both for ourselves and all others who enjoyed the decorations, to extend a vote of thanks to the members of the Northville Retail Merchants' Association who made the decorations possible.

In an interview this week with Dr. Donald C. Young we learned a lot about polio. In fact, we were so completely absorbed in what Dr. Young was saying that the notes for the story were not quite complete; nevertheless, if you have an opportunity to hear his talk and see his demonstration

of equipment at the Community Bldg. Wednesday, Jan. 18 at 8 p.m., don't miss it. The work of the March of Dimes is something that everyone will find interesting.

Overheard a couple of teen age girls talking about their baby-sitting clients the other day. "How much did Mrs. — pay you the other night," the first one said. "Forty cents an hour," replied the second girl, "and I'm not sitting with her kids anymore." "Don't blame you," said girl one, "she is like the birdies say, cheap cheap, cheap cheap." Exactly what is the current baby-sitting rate? After doing a bit of local checking we found that it varies between 35c-50c an hour. Any comment?

It doesn't take long to find out why Chrysler is winning the reputation as the performance leader of 1956. Just a few minutes behind the wheel of a big Chrysler Windsor V-8 like this one will show you why.

Suppose you are in the right-hand lane on an expressway... four lengths behind a big truck rolling along between 35 and 40 miles per hour. You want to pass. You toe the throttle and in eight seconds flat you're four lengths ahead of that moving truck and back in your own lane!

That's 1956 Chrysler performance. That's the kind of power only the "PowerStyle"

Chrysler can deliver... with its great airplane-type V-8 engine.

And that's not all. There's full-time PowerPilot Steering... Pushbutton PowerFlite, the ultimate in automatic transmissions... and the big PowerSmooth Brakes that outlast others 2 to 1.

These are just some of the exciting new things that await you the first time you pilot a "PowerStyle" Chrysler. If you're driving one of the other cars in Chrysler's price class, by all means make a direct comparison now. Just 15 minutes behind the wheel will show you why it's the biggest buy you can drive today!

# NEW 383 HOME DEVELOPMENT DISCLOSED

## C&O Property Re-Zoned Additional Requests Made

Favorable action was taken by the Novi zoning board on reclassification of a 200-acre tract of land near Wixom from an agricultural to a light industrial district at a Jan. 4 meeting in the Township Hall.

The land, owned by the C&O railroad, lies northwest of Beck and 13-Mile roads and fronts on the railroad facilities now being built to serve the new Lincoln plant.

No immediate industrial construction was planned for the property, railroad officials said.

Roger Blackwood, Birmingham land developer who recently purchased most of the L. D. Cruse estate for residential development, appeared before the zoning board to request reclassification of his development as well as a 60-acre portion of adjoining land on the northeast corner of 9-Mile and Novi roads.

Blackwood cited protection for property owners as the reason for making his request. The date for a hearing on the request has been set for Feb. 7.

Representatives of Automobile Transport Co. in Dearborn also appeared before the board to request an M-1 classification for a 21-acre tract opposite the Lincoln plant site on Wixom Rd. south of West Lake Dr.

The company plans to erect a \$300,000 office building and parking area to accommodate their auto transport trailers. Their trucks will haul new Lincolns to various distributing points throughout the country, a spokesman said, and it is important that their storage area be adjacent to the plant. A hearing on this will also be held on Feb. 7.

### Installation

Public installation for Rebekahs will be held at the Rebekah Hall Saturday evening, Jan. 14. Next Tuesday evening the Novi Rebekah installing staff will install officers at Clyde.

## Goodfellows Delay Election Reason: Lack Of Fellows

An acute manpower shortage caused the Novi Goodfellows to postpone their annual election of officers until January 31.

With only two men and seven women attending the meeting, members expressed the feeling that another attempt should be made to get together a larger group for election.

Treasurer Frazer Staman read the report on finances, saying that collections from the last drive totaled a record of \$1740; a discussion of fund raising drives ensued; and the members voted to adjourn for three weeks in hopes they could lure more male members and potential office holders to the meeting.

There was general agreement among the ladies present that most of the newsboy officers should be newsboys and not newsgirls.

Or to paraphrase it, boys must be boys.

At this point, Staman defended Northville's stand, saying that "Northville has its own problems. Seven or eight new subdivisions are planned for the Northville area. They naturally hesitate to reach out and take more."

"I think that if the four Novi districts consolidate, they should

drunken stupor with no memory of the incident. The man struck down is still crippled as a direct result of his accident.

As for material benefits to the people of Northville to be gained by the winter quartering of horses, I can think of none. The merchants in town increase their sales volume a great deal during the racing season but the business attributable to the racing people during the balance of the year is negligible. The few dollars gained by the merchants during the off-season period would be more than offset by the added burden placed on our public facilities such as police, fire, education, water, sewers and every other public service supported by our tax paying citizens if a large contingent of non-tax paying attendants of horses and the attendants' families were allowed to enter our city.

In line with my convictions on the Zoning Ordinance amendment to be presented to the Planning Commission on Friday the thirteenth, I intend to appear at the hearing and do everything in my power to impress on the Commission the feelings of the signers of the petition which was presented to the Commissioners when this same amendment was previously proposed.

If logic, common sense, and decency, fail to sway the Commissioners from their apparent philosophy of "What's good for the Downs is good for the town", I will again carry a petition demanding a general election to settle the issue.

## Subdivision To Start Soon Schools Become \$64 Question

Preliminary approval of a 383-lot housing development and a discussion of the critical school problem facing the area highlighted Monday night's Novi Township board meeting.

The subdivision, located southwest of Meadowbrook and 10-Mile Rd., just west of Willowbrook Village, will be known as Meadowbrook Subdivision.

Of the total 383 lots shown on the plans, 96 are scheduled for immediate construction. They hope to have the water lines in within 90 days, the builders announced.

### Schools Discussed

Mrs. Bernard Weisberger of Willowbrook Village led off the discussion of the school problem by telling the township board that when they had purchased their home in Willowbrook, "the builder assured us the school facilities were excellent."

"We've since found there is nothing, only a temporary school set-up and that may come to an end soon, leaving the people in a jam."

Mrs. Shirley Bernard, another Willowbrook resident, asked if there was anything the township board could do about the school situation.

### Represent Nine Districts

"We represent people in nine different school districts," Supervisor Frazer Staman replied, "and have no control over individual districts' problems. We're merely a tax assessing and collection agency for the nine districts."

"Next year Willowbrook alone will have almost 500 children, enough to fill one school," Mrs. Weisberger said. "Would it be possible for the township board to require or suggest that builders leave sufficient land in their developments for schools?"

Mrs. Bernard told the group that "government pamphlets dealing with this problem suggest that strong inducements be placed on builders to provide for schools."

### Northville Hesitates

At this point, Staman defended Northville's stand, saying that "Northville has its own problems. Seven or eight new subdivisions are planned for the Northville area. They naturally hesitate to reach out and take more."

"I think that if the four Novi districts consolidate, they should

immediately buy land for a high school," he added.

"Is there any way we can stop further building legally if normal channels can't control it?" Mr. Bernard asked.

### Can't Slow Birthrate

"No. The problem backs right up to the birthrate," Township Attorney Charles Davis answered, "and we can't slow down the birthrate. As the population increases, school problems will naturally arise. It's happening all over the country."

"As it is," Davis continued, "about 80% of your property tax, a good percentage of your sales tax, and most of your fines from court go to the schools."

### Must Petition

"Actually, it's up to you people to petition and vote to come in with the Novi school district," Staman added. "If East Novi comes in, I believe the other two will also."

"We do too," Mrs. Bernard commented.

"A few years ago your district had only about 50 children and they found it advantageous to carry on as they were," Staman told the group.

"We realize that," Mrs. Bernard replied. "As Mr. Schrader so bluntly put it at the Northville meeting last Friday night, 'Your people have been getting a free ride for a long time.'"

### Novi District Ready

Former supervisor and present township trustee Frank Clark spoke up at this point. "The Novi district is ready...but it's up to you folks to come in...share each other's assets and liabilities as one district."

"To come in," Clark went on, "you must petition your school board to hold an election on the

consolidation question. If the vote carries, the machinery will go into effect to consolidate the districts."

"The other district to the west (Putnam) would also come in, I'm sure. The district to the south (Durfee), I'm not so sure of—they might split. I know we would like to see you folks come in with the Novi schools."

### Welcome Feeling

"One of the things that has impressed us is the welcome feeling extended by the Novi people and officials," Mrs. Bernard said.

Following the school discussions, Ernest Pitchford appeared before the board to protest paying taxes on property on which the building code prohibited home construction.

Reports of cars and motorcycles racing on the ice at Walled Lake were then discussed. The matter has been turned over to the state police, Staman said, since they have jurisdiction on the lake.

The board also voted unanimously to appoint William Flynn to the Zoning Board, increasing the number on the board to five.

A motion was made to pay the bills and the meeting adjourned.

## Bldg. Approaches 3½ Million for '55

A total of 363 building permits covering an assessed valuation of \$3,488,499 were issued in Novi Township during 1955, township officials disclosed Monday night.

Including electrical permits, heating permits, water permits, license and registration fees, the total amount of fees collected by the township amounted to \$12,388.50.

(Continued on Page 6)

COMPLETION BY THE END OF THE MONTH is the aim of C&O railroad crews as they speed construction of the new railroad line which will serve the Lincoln plant now under construction. Giant earth movers were busily clearing a right of way last week, closely followed by the railroad building crews. A build-as-you-go technique is being employed in laying the new rails. The giant crane (top photo) rolls along on newly completed track, hauling a car loaded with rails. Swinging around, the crane takes the new rails and lifts them gently in place for the crews to secure them to the ties. After the track is temporarily secured in position (bottom photo) the crane and rail car move forward and repeat the process. A crew equipped with pneumatic hammers follows to complete the installation. Approximately one-half mile of track has already been laid and railroad officials are waiting for the earth-moving contractors to level a hill (far left in lower photo) before proceeding.

## Northville Couple Celebrate 58th Wedding Anniversary

MR. AND MRS. PETER J. KELLER  
MR. AND MRS. PETER J. KELLER of 509 Randolph St. celebrated their 58th wedding anniversary with a pot-luck supper for all the family at the home of Mr. and Mrs. Elmer A. Heichman on Stoneleigh Rd. Wednesday, Jan. 4. Also celebrating their ninth wedding anniversary were their son and daughter-in-law, Mr. and Mrs. Royal J. Keller of 547 Fairbrook. A three-tiered cake with bride and groom atop was made by Hester Keller, a granddaughter. About 30 people were present. The Peter Kellers were married at Dundee and have lived most of their lives around Northville. They have nine children living, 21 grandchildren and 24 great-grandchildren. Mr. Keller is 78 years old and Mrs. Keller is 74.

## Dr. Snow...

(Continued)

remain friendly and neighborly. Is the operation at Northville Downs of value to the business man of this community? The answer, from a cross section survey of the business area, provides a resounding "Yes".

"Any Northville business man who says that the harness track does not help during the summer months is slightly demented," is the way one prominent business man put it. "My books show a 25 percent increase during the two month period the track is operating."

It was the same story in interviews with owners of restaurants, drug stores, gasoline stations, dry cleaning establishments, grocery stores, gift shops, jewelers, barber shops, men's and women's wear stores and even by the company furnishing ice and distilled water to the Downs.

Now take a glance at the financial picture at the Downs and how the community has benefited in the past 12 years. The track operation has grown from a small business in the early years to the community's second largest industry.

The village has received \$252,000 from the track on the basis of \$500 per night as a result of a third party beneficiary contract drawn up by the Northville Driving club as far back as 1946. This money was channeled for the construction of a community building which was erected and is now being used by the community.

There has been a persistent rumor that these payments will stop now that Northville has incorporated into a city and as such receives 20 percent of the state's share of the track's handle. This amounted to \$97,000 in 1955, an amount more than the city's tax levy. The Driving club wishes it made clear, however, that the contract is still in force and as far as the club is concerned the payments will continue.

The Downs has paid \$1,013,652 in rent to the Driving club in 12 years. It has paid \$1,089,349 to Northville firms and individuals; \$789,898 to employees from Northville and vicinity; \$775,823 in repair and lease hold improvements.

More than that, improvements on the St. Lawrence property will involve expenditures of a large sum of money for construction of winter barns.

In addition to these expenditures, the Downs had paid \$2,230,114 in purses to Michigan horsemen. State harness horsemen collected 61 percent of the track's purse distribution in 1955, highest of any track in the Detroit area.

The track has donated \$51,179 to various charities, excluding contributions of \$2,500 to the Northville School Band and \$2,000 for the athletic field. It also gave \$3,000 to the Plymouth Board of Education.

Inasmuch as Racing Commissioner James H. Inglis has ordered construction of the new barns, to replace those torn down last spring, with a threat of no dates unless his orders are carried out and has also said that winter training is desirable at Northville since the racing strips at Hazel Park and Wolverine are not suitable for such work, the

following conclusions have been reached.

Rezoning will not work hardships such as have been pictured; the improvements are necessary; continued operations of the Downs is beneficial to the community and desired by the business man; the Downs has been a valuable asset to the city's economic life; and action that threatens the Downs operation directly affects Northville and should be examined carefully.

The Driving club which is made up of 220 residents of Northville and adjacent communities, takes the stand that it supports anything that is good for and benefits the City—it feels that the rezoning does both.

Certainly any increase in revenue at the Downs will be reflected in the amount of money the city receives from the state, whereas taxes will eat up the greater part of any increase in monies to the Driving club and Downs.

The improvements are good for every one concerned. That is why we have written these articles—to paint the picture as it is and point out how you, the people of this community, have benefited in the past and will continue to benefit in the future.

## EXALTING PRAYER

Most every person has at

sometime prayed! It comes natural because man is born with the sense of a Higher Being who is great enough to help us. In these days it is popular to pray. We read many articles that deal with the subject. So many people will truthfully say that "Prayer Changes Things" also. "There is power in Prayer" and like slogans which are popular among Christians. True as this may be, we are guilty of putting too much emphasis upon the exercise of praying and not enough emphasis upon the Lord and Saviour who answers our prayers. Suppose a beggar comes to your house and knocks on the door. He is hungry, ill clad and cold. You have compassion upon him, invite him in and clothe and feed him and press a coin into his hand as you send him on his way. The next day, as you walk through the park, you hear this beggar tell someone else what a wonderful thing it is to knock on doors. Yet, not one word about your generosity! Prayer is nothing more than knocking and making your requests known. It is the goodness of God that hears and answers when we ask in the name of the Saviour. Let God be praised for answering prayer.

ment. If the parents and teachers want it let them pay for it."

"We're not dealing with entertainment," Mrs. Wagenschutz said. "This is education. Our principals and superintendent have recommended the program as being worthwhile. We're not forcing these people into anything. They've come here...they want it...we're concerned with adult education too. Our school personnel know more about education than we do."

Bural Clark supported Mrs. Wagenschutz. Ellison said that the school would receive a one-fourth refund from the state aid. "I don't know much about this," Schrader said. (He was late to the meeting and missed the discussion.) Mrs. Wagenschutz briefed him, but he refused to vote on the program. After the vote was taken and the motion passed, Coolman was heard to remark that things like this are "getting to be a racket."

Election  
Supt. Amerman informed the

board that the six mill special levy had expired and the board voted to call a millage election as soon as the proper arrangements could be made.

Willowbrook Ass'n.  
A delegation from the Willowbrook Ass'n. was present at the meeting to try to get some answers to their school problem. The committee included Bob Byrd, Mrs. Martha Ames, Mrs. Shirley Bernard, Mrs. Sally Nelson and Mrs. Xanta Brondstetter.

Mrs. Bernard said that the group had taken a survey which showed that with an additional 290 houses being built in their area, approximately 500 children from Willowbrook would be of school age in September 1956. One hundred and thirteen children from that area, are now going to school in Northville. The group asked advice about consolidation with Novi or with Northville. The school board said that the group certainly did have a problem, but could not give them any advice before they received a report from the Northville school advisory committee. It was mentioned that the Novi

District 8 School Board wished to have an informal meeting with the Northville school board.

An unofficial meeting was held Tuesday, Jan. 10 between members of the Northville and Novi District No. 8 school boards in an attempt to clarify the thinking of both groups about many important problems that are of mutual interest. Chief of these is whether the Northville school system and those of the several Novi districts should continue to operate independently or should consolidate into one large district.

Annexation  
Attorney Littell suggested that a contract be drawn and a petition filed with the township board and the city council to annex the Amerman school to the city. The motion was made and passed.

The next school board meeting is scheduled for Feb. 7.

Mr. and Mrs. E. C. Mollema were Sunday guests of their niece and her husband, Mr. and Mrs. Clarence Smith in Kalamazoo.

## Baptists Have Mid-Year Meet

The mid-year meeting of the Wayne Baptist Assn. will be held at Walled Lake Baptist church Thursday, Jan. 12. The program will begin at 2 p.m. and extend into the evening. Several speakers from state headquarters will be present. A family supper will be served at 6:15 p.m.

The Plymouth installing team will install the Novi Odd Fellows Monday evening, Jan. 16. Elected officers to be installed are: Earnest Pitchford, noble grand; Russell Button, vice-grand; George Kahrl, recording secretary; Hadley Bachert, financial secretary, and Ted Slentz, treasurer.

# The Teens Speak Up . . . .

Northville teen agers were asked to speak up this week on the following question:

What time do you think teen agers should come in at night... week days? week ends?

**JAMES LAFFERTY**, 18, senior, thought that 10 p.m. was a good hour for week days and mid-night for week ends. "The kids could go out a couple of times during the week and every night on week ends," James said. Asked about homework, he replied that, "Most of the kids have enough time to do their homework in school, during the study hours."

**GAIL LAWRENCE**, 17, senior, said that the time depended on many things: the grade of the student, their plans, and the occasion. "Between 9 p.m. and 11 p.m. seems all right for week days," Gail said, "and until 1 a.m. on week ends—11:30 p.m. for those not yet seniors. The final time should be arranged by the parents," she said, "since most teen agers appreciate the fact that their parents want them home at a certain time."

**RUTH JOHNSON**, 17, junior, believes that the time limit is a 50-50 proposition between parents and teen agers. "10 p.m. is late enough for week days and 11:30 p.m. for week ends. Not even seniors should stay out any later unless it's an important occasion," Ruth said.

**WILLIAM BAKE**, 17, senior, has definite ideas but can't get anywhere with them. "10 p.m. is fine for week days," he said, "but on Friday and Saturday the teen agers should be allowed to

decide the time for themselves." When asked if his parents agree to this, Bill said, "No. I don't do it, but I think it's a good idea." Bill had one more point to make, "9th graders shouldn't even go out at night... unless it's something special."

**SUE STARKWEATHER**, 15, sophomore, believes in teen ag-

ers compromising with parents. "A pretty good rule," she said, "is 10 p.m. for week days and 10:30 p.m. for week ends. If there's a party though they should be allowed to stay out until 11:30 p.m."

**RICHARD MITCHELL**, 16, junior, works after school so he thought that 9 p.m. until 10:30 p.m. is a good week day time to get home. "Twice a week is enough to go out and once on the week end," Richard said. "1 a.m. is a reasonable week end time to get home."

**WARREN FEOLE**, 17, senior, said "If a boy or girl is old enough they should know what time to come home." Warren thinks he's old enough, but said his parents don't agree. When asked how old is old enough he decided that maybe the accepted time is after graduation from high school. "Right now 10:30

p.m. for week days and 1 a.m. for week ends is all right," Warren said, "but after graduation it's up to the boy or girl."

**LAUREL STRETTON**, 13, junior high, said "I don't think that junior high students should go out on week days. If they go to an evening movie on the week end they should be home by 10 p.m." Explaining that parents know best, Laurel continued by saying, "Teen agers should respect their parents and come home when told. Staying out late might lead to trouble."

**NEXT WEEK** the teen agers give their answers on what "going steady" means, the average time for going steady, and the advantages and disadvantages of such a situation.

## GIRL SCOUT TROOP NO. 14

We met at the Community Building. Mr. Williams, the school music director, and some high school students from the band told us all about musical instruments and how they are played. This was to help us earn our music badge.

Each of us was assigned to a musical instrument to give a report on next month.

We are also studying about Stephan Foster.

Our leaders, Mrs. George Muller, Mrs. Russell Knight and Mrs. George Miller, gave each of us a book on good grooming for girls, for Christmas.

## Good Conduct Code Passed By Student League Council

A code of good conduct was passed recently at the Wayne-Oakland County Student Council meeting held in Clarenceville.

It was also decided that an award, a letter of commendation, would be given to the schools showing the best sportsmanship at league games.

The following code was accepted:

Resolved: The following code of good conduct will be followed at all League games:

1. Accept the referee's decision. Booming is bad sportsmanship.
2. Remain quiet during free throws. (Both home and visiting schools).
3. Remain seated until the game is completely over.
4. The cheerleaders will lead all yells. Give consideration to the other schools.
5. Place all waste paper in proper place.

## Local Teens Can Pick Winners - Tight Margin

Local high school students are becoming quite adept to not only picking the winning basketball team, but also the winning score in games played against the Northville high school basketball team.

More than 100 teen agers register their score at Paul's Sweet Shop every week. The only requirement is that they be Northville students.

Started last year, the contest is now sponsored by the recreation department and all prizes are eaten at Paul's Sweet Shop—eaten??? yes sir! 'cause here's what you win: first prize, one banana split; second prize, one malted milk, and third prize, one soda.

The first time that anyone ever hit the score right on the nose was just a few weeks ago. Sharon

## The Northville Record

SECOND OLDEST NEWSPAPER IN WAYNE COUNTY—EST. 1868—Thursday, January 12, 1956—11

"SHELL OUT FOR POLIO" is the cry of the Northville High School TAP group, (Teens Against Polio). Shown with posters and peanuts they will sell at basketball games and on street corners this Saturday are, first row, left to right: Mary Welch, Priscilla Hilton, Don Earehart, Bonnie Walker. Back row, left to right: Karen Thibos, Judy Junod, Jim Allen, Elsa Couse, Chairman Kathleen Heatley, Shirley Snow, Elsie Sedan and Mike Willis.

Budd, 16, called the right score for the Northville-Brighton game 56-48.

The score last week was Northville 69 Thurston 61. Winners came up with these scores: Shar-

on Johnson, 69-60; Hank Bathey, 70-62, and Jackie Campbell, 68-63.

According to Paul, the girls have the edge over the boys. There have been more girl win-

ners than boys in the contest. Oh well, you've heard of female intuition. Better luck next week boys.

No man goes before his time—unless the boss has left early.

# MUSTANGS OVERPOWER THURSTON 69-61

## Patterson Leads Northville Victory; Teshka Injured, Out In 3rd Quarter

BY BOB MONTGOMERY

A newcomer to the Northville basketball squad was a welcomed treat as the Mustangs downed their opponents from Thurston in a well matched game last Friday night at the Northville Community Building. His knack for throwing the ball through the hoop gave Patterson a neat 24 points for the night.

### Cager In The Spotlight

MAC BURNS 6' 1" starting guard, is the Record's fifth Cager In The Spotlight. Mac played on both the Varsity and Reserve teams last year and has scored consistently in double figures this year. Coach Johnston believes this high school junior to be one of his important players this season. Mac is the son of Mr. and Mrs. Gerald Burns of 411 W. Dunlap St.

From the beginning minutes to the final horn, Northville lead the Thurston five by a reasonably safe margin. Only in the third period did the opponents' threats hamper the scoring of the Mustangs. At this point of the game they increased their score and came to within three baskets of the home team. Teshka of Northville left the game in this period due to a knee injury. It may well have been another good night for the boy as he had already tallied for 12 points up to the time of his departure.

The fourth and final period was fairly well scattered with fouls, three of Thurston's starters left the game in this quarter via the foul route. From this point on Northville maintained their lead and were never seriously threatened.

It was nice to see Coach Johnston's boys were not in too bad shape after the long holiday season. They showed speed and extremely good accuracy on field goal attempts throughout the whole game.

Walker and Goscinski of Thurston each netted 16 points as their contribution to an exciting game.

## Jr. High Defeated In Team Opener At Claranceville

By Philip Jerome

The Northville junior high basketball team lost its opening game of the season to Clarenceville 35 to 29. The game was played last Friday on the victor's court.

The teams battled on even terms during the first half. The score was 19-19 at half time. Clarenceville went ahead in the third quarter and held its advantage in the final score.

Coach Madigan started Roger Atchinson and Bill Juday at the guard positions. Patterson and Nitzel were the forwards, and Wade Deal was at center. Kent Frid and David Nash also got into the game.

Atchinson led the Northville scorers with ten points. Patterson followed with nine points. Deal got eight and Nitzel scored two.

'56 Thunderbird—The styling of all '56 Fords was inspired by this distinguished beauty.

Ranch Wagon—This all-round favorite for work or play has two big doors, easily holds six people.

Custom Ranch Wagon—It's a 2-door, 6-passenger fashion plate. Easy-to-clean interior can take it.

6-passenger Country Sedan  
It has 4-door convenience and, like all '56 Fords, has Lifeguard Design.

8-Passenger Country Sedan  
This 4-door beauty, like all Ford Station Wagons, converts to a roomy "hauler" in a jiffy.

Country Squire—Mahogany-grain-finished panels give woodlike beauty. 4-doors, 8-passengers big.

# Fun and handy!

And every Ford Station Wagon offers the Thunderbird Y-8 Engine, Thunderbird Styling and Lifeguard Design!

With the introduction of the new, distinguished Parklane, America's favorite station wagons now are six! And "FUN" and "HANDY" are the words for all six of them!

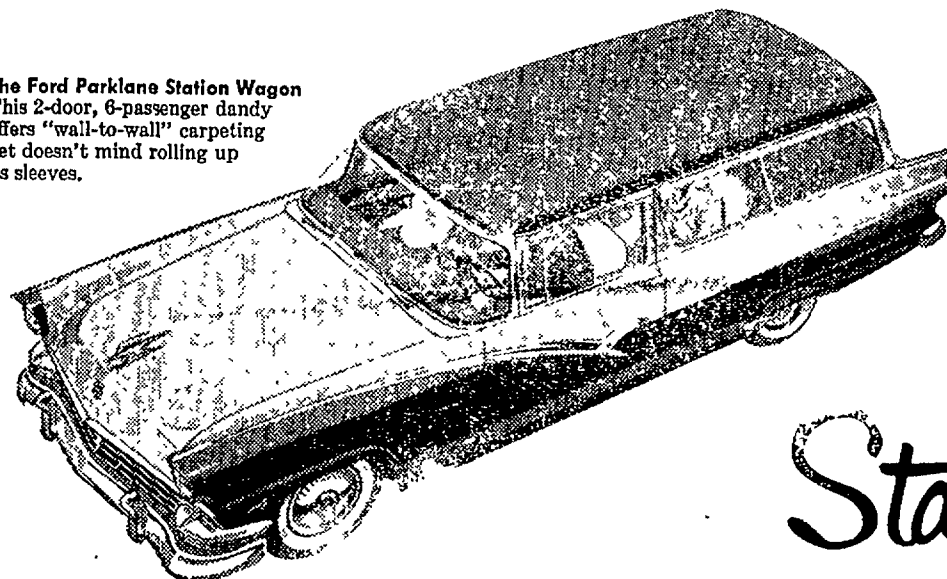

Whether you choose a 2-door, 4-door, six- or eight-passenger model . . . you'll have the fun of owning a "do-it-all" with the lovely styling of the Thunderbird.

More than that, you'll go like the Thunderbird, too. For all six haulers-of-fame offer you the Thunderbird's own Y-8 engine . . . the power plant that means instant power when instants count. Extra charge? Not a cent, because the Thunderbird Y-8 is the standard eight of the line!

And to guard you and yours against accident injuries you get Lifeguard Design. Lifeguard features such as a new deep-center steering wheel, double-grip door locks, shatter-resistant rear-view mirror, optional seat belts and padding for the control panel and sun visors . . . literally surround you and your family with added protection.

Come in for a Test Drive today. Find out all the other reasons why Ford Station Wagons outsell them all!

# POLIO EQUIPMENT ON DISPLAY JAN. 18th

## Demonstration By Dr. Young

### Program Sponsored By Optimist Club

Residents of Northville have an opportunity to see the latest polio equipment demonstrated at the Community Building Wednesday, Jan. 18 at 8 p.m.

The program, under the sponsorship of the Northville Optimist club, will feature Dr. Donald C. Young, medical director of communicable diseases at Herman Keifer hospital, Detroit, as the demonstrator. Dr. Young is also a member of the Northville Optimist club.

Dr. Young said that the program would consist mainly of a demonstration. A brief talk concerning the latest developments in the treatment of the disease will precede the demonstration. Assisting Dr. Young will be Miss Gertrude Murdie, a nurse; Mrs. Robert Stewart, a physical therapist, and Dr. Robert Stewart, acting as a patient.

All of the equipment will be supplied by the March of Dimes which owns all chest respirators and two-thirds of the tank respirators.

**Equipment Expensive**  
Equipment used in the treatment of polio is expensive. A tank respirator (iron lung) costs up to \$1,650. Attachments for it may add another \$1,500. A portable chest respirator costs \$1,550 to \$1,740; rocking bed, \$775 to \$1,200; braces up to \$500, and a cough machine, \$350.

**Yearly Cost of Patient**  
March of Dimes records show that the cost of care for one patient one year, 1954-1955 was \$13,255.15. An itemized account follows: nursing, \$12,706.75; hospitalization, \$8,506.05; medical, \$950; wheel chair, \$299.70; assistive devices, \$240, and the generator, \$552.65.

**1955 Wayne County Cases**  
According to Dr. Young, the Herman Keifer hospital treated 344 polio cases last year, 80% of the Wayne County cases. There was only one death. Twenty-four per cent of those cases involved paralysis...the usual percentage is 45-67%.

Fifteen of the reported cases had Bulbar polio and required nursing services 24 hours a day. The nurses were provided by the March of Dimes at a cost of between \$30,000 and \$50,000.

Of the patients afflicted, more were in the 20 years and older age group. Polio strikes most frequently in the 5-9 years age group; however, proportion of adults among the polio-stricken has been steadily rising over recent years. About 25% of all polio cases now appear in adults.

**Polio Unpredictable**  
"Polio is unpredictable," said Dr. Young, "you don't know until it gets here. For every patient who has the disease and is ill there are 100 to 1,000 who have the disease but are not ill. They never know they've had it. Why it affects some people differently is something we've never been able to determine."

"There is no specific treatment for polio," Dr. Young said. "We haven't been able to get at the cause of it yet. The virus causing polio is present in the blood five days before the patient gets sick."

**Salk Vaccine**  
"Maximum immunity is possible only when the third shot of the vaccine is received," Dr. Young said. "Children should

**SPECIALISTS ARE NEEDED** to care for the many polio patients each year. Wayne County patients last year totalled 344. Doctors, nurses, physical therapists, medical social workers, and rehabilitation workers are some of the experts needed for the job. The March of Dimes recruits and trains many people through scholarships and other programs. In the field of physical therapy the March of Dimes has provided part or all of the training for one-third of those now qualified.

**BABIES** as young as four days old have been known to contract polio and the March of Dimes has provided special equipment for just such cases. Pictured above is a youngster on a "rocking bed", one of the pieces of equipment to be demonstrated at the Community Bldg.

have their third shot by the first of May, which is the start of the polio season."

Dr. Young further stated that polio cases are reported every month of the year, with July,

August and September reaching the peak. For some reason April has a low rate. "We haven't had three polio cases occur in April during the past 10 years," Dr. Young said.

## G.S. Card Party and Fair Slated for February 9

Mrs. Rano Papini announced this week that plans for the annual Girl Scout card party are almost completed.

"This year the card party is going to prove doubly interesting," Mrs. Papini said, "since the Girl Scout fair will be combined with the card party."

Plans include having each Girl Scout and Brownie troop display

one exhibit in the lobby of the Community Building.

The party will be held in the Community Building Feb. 9 at 8 p.m. Door prizes and individual table prizes will be given.

## Events of the Past in Northville

News Items Taken From the Files of the Record

### ONE YEAR AGO—

Since parking meters were installed in Northville five years ago, collections have totaled \$50,000.

Nearly a thousand boys and girls participated last year in many projects sponsored by the Northville Optimist club.

Benjamin Bryant, 21, of Salem, lifted an overturned panel truck in the C&O railway track alone to free the driver, Henry LaMont, minutes before a freight train threw the truck from the

track. The truck slid on the icy pavement and collided with the flasher signal overturning to pin the truck on the driver's leg.

### FIVE YEARS AGO—

Plans for the creation of a local civilian defense program got under way when representatives from various community organizations met to form the nucleus of a council. Forrest Doren is civilian defense director.

Northville's records of vital statistics for 1950 show an increase in births.

Mimi Harrison, Gay Duerson, Dick Gursell and Bob Erwin of Northville spent the week end at Albion with Helen and Bud Cansfield and Skip Howard.

### TEN YEARS AGO—

Another Northville boy, dis-

charged from the Army, to return to his former position, is Jack Stubenvoll. Jack is back in the Depositors State Bank where he was employed before leaving for service more than four years ago.

Mrs. Dayton Deal and children, Wade and Linda, left last week for Riverside, Calif. to visit her parents, Mr. and Mrs. D. H. VanHove.

Mrs. John Skerret (Gwen Jones) is spending the winter in Florida with Mr. and Mrs. Arnold Wood.

Mr. and Mrs. Will D. Flint of Novi Rd. celebrated their 40th wedding anniversary Jan. 3.

Newly elected officials of Depositors State Bank were John A. Boyce, president; E. H. Lapham and E. S. Beard, vice-president, and A. Russell Clarke, cashier.

### TWENTY YEARS AGO—

Contracts have been awarded for the construction of a grade school addition totaling over \$27,000.

Jim Savage, well known and respected citizen of Northville, died at the age of 85.

Rachel Edwards and Harry Sedan were married Jan. 1 in the Presbyterian parsonage.

L. B. Lapham will soon have completed the alterations on the second floor of the Ponsford store. When completed there will be two apartments.

### FORTY YEARS AGO—

Mrs. Amos Northrop, one of Northville's oldest and estimable citizens, died Sunday at the age of 71.

## DeMolay Chapter To Be Reactivated

The Northville Masonic Lodge No. 186 extends an open invitation this week to boys 14 years and older and their parents to attend a social hour Tuesday evening, Jan. 17 at 7:30 p.m. in the Masonic Temple.

A plan will be made at this gathering to reactivate the chapter of the Northville Order of DeMolay.

According to the lodge, the Order of DeMolay has for its purpose the teachings of clean and upright living by practicing the virtues of comradeship, reverence, love of parents, patriotism, courtesy, and fidelity. Its supreme effort is to create leaders and develop character. It places special emphasis on love of God, love of home and love of country. It does not attempt to take the place of the home, or the church, but rather to supplement them.

The lodge further said that

### FIFTY YEARS AGO—

Miss Ruth Gillis left Sunday for Adrian to enter again in the employ of the Adrian Press as a compositor.
