

MOTHERS MARCH AGAINST POLIO TONIGHT

for the Record

by G. H. C.

The article below, written by Detroit Free Press sports writer Tommy Devine for the Jan. 22 issue should be of more than passing interest to those Northville residents who questioned the propriety of testimony by State Racing Commissioner James H. Inglis before the local Planning Commission a few days ago. Regardless of whether we in Northville agreed with Mr. Inglis' recommendation, it is refreshing to read an article which attempts to assess in an unbiased manner the difficulties encountered by "a man of rigid honesty in a sport which is wide open to day-by-day connivance."

Lest the fact that Commissioner Inglis appeared before the Planning Commission at the request of the local racing interests be construed as blanket endorsement by him of past practices and policies of local racing interests, it is timely to point out again that the improvements now planned at the local track are being made only because the commissioner made them a condition of giving Northville Downs racing dates this year.

In our opinion Governor Williams made an excellent choice when he appointed James H. Inglis to police Michigan racing.

BY TOMMY DEVINE
Free Press Sports Writer

The "Most Controversial Figure in Michigan Sports?"

Without a doubt the distinction goes to a slightly built 47-year-old Detroit native with thinning hair and a nasal twang in his voice.

It goes to a man who bosses an industry which handled \$116,189,536 last year and yet gets a modest salary of \$7,500 for his effort.

It goes to a man of rigid honesty in a sport which is wide open to day-by-day connivance.

It goes to an executive whose bitter enemies and severest critics are officials of a business whose standards he has sought to elevate.

Who is the man filling these strange roles? It is James Hughes Inglis, the state racing commissioner.

What manner of man is Inglis? Why is he the constant target of criticism and the source of endless bickering? Is he a good racing commissioner or a blundering politician trapped by a job he does not understand?

If you understand Inglis, if you understand the problems he faces, if you understand the men lined up on the opposite side of the fence against the commissioner, if you understand the character and policies of men who preceded Inglis in the job, if you understand the basic operation of Detroit racing prior to 1949, then you begin to know why the Michigan racing picture is in a constant turmoil.

Let's look at the million and one pieces of a strange jig-saw puzzle and see if it can be assembled.

Inglis is a stern, serious, frank and dedicated individual.

He's a political appointee in a job which could be used to make political hay. He doesn't know the first fundamental of the "Art

of Backslapping" and isn't interested in learning it.

The contrast of Inglis with his immediate predecessor, Fred Harris, has made his task all the rougher.

Harris was a hail-fellow-well-met.

He mingled in the same social set as many of the track operators he dealt with. He maintained at his own expense a personal staff that weighed his problems, offered advice and served as a buffer with the public.

He was genial, well-liked and had a "good press" despite a basic attitude of "don't quote me," "this is just my opinion," "this is off the record."

Inglis is cold, distant and pre-occupied. If you want to break the ice of his austerity, you must make the first move. He's blunt. When you ask for his views, he gives them for publication. He stubbornly does what he believes is RIGHT without considering whether it will be POPULAR.

Inglis constantly waves a big stick. He isn't always able to make the bruises it produces cause real pain. Twice, for example, the State Supreme Court has ruled against him in suits brought by Hazel Park.

But as soon as one stick is taken away, Inglis arms himself with another to warn he's ready again to deal with transgressors of racing regulations as he sees them.

What is the source of Inglis' trouble and who are the men who have stirred them up? His chief critic has been Hazel Park. And the leading foe there has been Waldo D. Andrews, the track's vice president.

Oddly, Andrews wouldn't still be active in the Detroit racing picture if Inglis' predecessors had not refused to face up to the most serious challenge of his term, had not turned "fence

(Continued on Page 15)

BEST-IN-SHOW for the eighth time was this English setter who competed with 622 dogs in the Oakland County Kennel club show Sunday at the Community Bldg. The judge, Thomas Keator, stands at left while the handler, Horace Hollands, helps the winner display his best showing form.

English Setter Beats 622 Dogs To Win Best-In-Show Title

An English Setter was chosen Best-In-Show from among 622 dogs at the Oakland County Kennel club dog show Sunday at the Northville Community Bldg. The English setter, owned by Horace Hollands, of Port Huron, competed with 622 dogs representing 56 breeds to win the title for the eighth time.

According to Gordon Parham, president of the Oakland County Kennel club, the final choice was "... a close one between the English setter, bassett hound and a wire-haired fox 'terrier.' The other finalists included a German shepherd, English bulldog and a Pekinese.

2,000 Attend Show
Approximately 2,000 persons were present during the day to watch the judging which continued from 9 a.m. until 8 p.m.

Breeds within groups were judged and the six groups were judged. The groups were working, terrier, sporting, non-sporting, hound and toy.

7 Judges Were Club Members
Among the nine judges were seven members of the Oakland County Kennel club. Members

of the club, by the way, did not exhibit their dogs.

Gordon Parham said that as far as he knows, "... this is the first time that any show-giving club was judged almost entirely by its members. We have more licensed judges in our club," Parham continued, "than any other club in the country."

Judges for the groups were Gordon Parham, Salem; B. W. Averill, Frank Grant, J. P. Hackett and John Siefen, Birmingham; Mrs. Parker Grant, Flint; Fred Jackson, Oak Park; Byron Hoffman, Toledo, and Thomas Keator, Hamburg, N.Y. The latter two are non-members.

Dogs Came from 16 States
The dogs who competed came from Michigan and the following 15 states: Ohio, Illinois, Wisconsin, Indiana, Alabama, New York, Kentucky, Tennessee, Connecticut, Pennsylvania, New Jersey, Massachusetts, Virginia, Iowa and Washington.

This was the first time that the club sponsored an unbench show the same year that they plan to sponsor a bench show.

Next Show May 20
The club's 42nd bench show will be held May 20 in the Detroit Artillery Armory on Eight Mile Rd.

1,700-Bed Addition Still In Talking Stage

"It's still in the talking stage," sources from the Wayne County Training school said this week in regards to a release saying that the state of Michigan might

take over operation of the school and expand it.

Charles F. Wagg, state mental health director, told the Legislature the school grounds have been recommended by this commission as the site for a 2,500-bed state hospital for retarded children.

The institution would cost about \$25,000,000 and serve the Detroit area.

"The 1953 offer-price of the Wayne County Training school (\$1 and other valuable considerations) was a formal resolution by the Wayne County Board of Supervisors," Wagg said. "A year later the board, by another resolution, said it would make 'available suitable land to the state for a state hospital.'"

The training school, with a capacity of 800, was built to help higher-grade retarded children.

Training school authorities said that no actual location has been set, but if the merger takes place, the additional 1,700-bed expansion will probably be built on the west side of the school.

Wagg said the proposed state hospital would absorb the training school under a single administration.

The training school's governing board last week indicated it is opposed to the merger.

Wagg's report to the Legislature said the training school is the best of seven sites studied for a state hospital in southeastern Michigan.

Twp. Valuation To Be Used for City Taxes

E. M. Bogart, assessor for the City of Northville, announced this week that tax collections for the year 1956 would be based on the township valuation, pending "certain adjustments."

The taxes mentioned include the city collection in July and the state, county and school taxes in the winter.

The legal tax rate is \$20 on every \$1,000 assessed; however, the tax rate will not be that high Bogart said.

All property will be reappraised and reassessed for the 1957 tax roll beginning May 1. At that time, a representative from the Wayne County Bureau of Taxation will come to Northville to assist Bogart in the process.

Nat'l. Music Council To Try For First Charter Approval

Local Man To Speak At Hearing Jan. 26

The words that a Northville man chooses to use at a hearing before the judiciary committee of the house of representatives in Washington, D.C. Jan. 26, may very well make the difference in the decision involving the granting of the first music charter in the United States.

George Lockhart, 618 Orchard Dr., will leave for Washington, D.C. Jan. 25. He has been notified that he will receive an invitation to speak before the committee; even if Lockhart does not speak, his presence will add support to the cause.

Lockhart is the national president of piano technicians and represents 900 persons. His organization is but one in the 48 member organization which composes the National Music Council, the largest authoritative organization of musicians in our country.

The council represents 800,000 persons. Other member organizations include the American Society of Composers, Authors and Publishers, and the American Orchestra League.

The purpose of the hearing is to decide whether a charter should be granted to the National Music Council. Charters have been given to other arts, but if this application is received favorably it will be the first ever granted to music.

Not many applications for congressional charters are passed. The record last year was 100 submitted-7 granted.

The charter is desirable for many reasons. According to the secretary of the organization, Edwin Hughes, it would "show government recognition of the important place of music in our national culture."

"add to prestige of work being carried on by council and member organizations, and "strengthen the hand of music in our national life."

The council was organized in 1940. One of its purposes was to form a group which would speak with one voice for music whenever an authoritative expression of opinion was desirable.

Howard Hanson, composer and head of the Eastman school of music, is the president of the National Music Council.

Urge Residents To Turn On Porchlights

The Mother's March against polio will swing into action at 7 p.m. tonight.

Mrs. J. W. Reynolds, chairman of the Mothers' March in Northville, said that hundreds of mothers will make a door-to-door canvass tonight for contributions to aid the polio fight.

Mothers authorized to make the March will carry a mason jar with a special March of Dimes sticker and a scroll. Home owners are requested to give donations only to women—or men—so identified.

Home owners who wish to speed the volunteer Mothers and aid polio victims will signify their willingness by turning on their porchlight.

The volunteers have been working for months to perfect their organization in an effort to make sure that each marching mother will find contact only ten homes in her own block.

Each year, almost half of the total funds raised in Wayne county for the March of Dimes is collected during the one-hour march.

Mrs. Reynolds urges home owners to welcome their neighbors who ask nothing for themselves and give their time so generously to help others.

"These mothers know that polio isn't licked yet," Mrs. Reynolds said. "In spite of the major battle won by the Salk vaccine, there were more than 35,000 cases of polio reported in the United States in 1955. Here in Wayne

In addition, an important new 16-inch gas main will be installed from the mains of the Panhandle Pipe Line Co. in the Northville gas fields to the company's Coolidge Highway gas regulator station in Royal Oak, a distance of some 28 miles. This will provide for a new source of supply of gas from Panhandle, and from the Northville fields, to the company, Mr. Gerhard said.

Important improvements to (Continued on Page 8)

Dr. Clyde Heflin To Speak At Rotary-Exchange Luncheon

The Rotary club of Northville will be host to the Northville Exchange club at a luncheon Tuesday, Jan. 31 in the Fellowship hall of the First Presbyterian church.

The guest speaker for this occasion will be the Rev. Mr. Clyde E. Heflin, Ed. D., a Presbyterian missionary on furlough from the Philippines. Dr. Heflin is research professor in the graduate school of Silliman university, Dumaguete, and a teacher of homiletics and Bible in the college of theology. He has been on the staff of Silliman university since 1919. At different times during his years of service he has been head of the department of education, librarian, dean of the college of liberal arts, dean of the graduate school, and one of the preachers of Silliman church.

Twenty-four safety boys and girls in Northville sold Blue Crutches last Saturday and collected \$150 for the March of Dimes.

Jim Madigan and Gil Glasston supervised the group, which was divided into three shifts and worked between 9 a.m. and 4 p.m. "Everyone in Northville is giving and giving generously," is what March of Dimes collectors are discovering. In previous collections the TAP group (Teens Against Polio) collected \$192 through peanut sales, \$64 from dance proceeds, and \$50 from the senior student council.

Donations from school children have added \$385 to the March of Dimes fund. Still to be counted are the canisters and cardboard dime collectors in the downtown business stores.

"What we're really counting on though," Mrs. Reynolds said, "is the Mothers' March. It has always been the biggest money-maker for the March of Dimes."

Licenses On Sale; Hours Announced

Motor vehicle licenses are being sold at the Secretary of State's office, 181 W. Liberty St., one block south of the depot in Plymouth.

The office is open Monday through Saturday from 9 a.m. until 5 p.m. according to the branch manager, Mrs. Doris Root. License plates may be purchased there through the month of February.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Mrs. John Taxis is cutting Philadelphia cinnamon buns getting them ready to rise until doubled in size whereupon they will be baked for 45 minutes in time for dinner. According to Mrs. Taxis there won't be any buns left after dinner—they are that good.

Three year old Barbara is always at her mother's elbow when any baking is going on in the Taxis kitchen and Mrs. Taxis declares that her right elbow will be permanently out of joint by the time Barbara grows out of the "helping" stage.

Linda was 11 the 16th of January, and is busy with scouts and all the things 11 year olds find to do.

The Rev. and Mrs. John Taxis and their daughters reside in the Presbyterian manse, 542 W. Main.

These buns are a favorite with the Taxis family and well worth the time involved in their preparation.

Philadelphia Cinnamon Buns

Yeast Dough

Milk, scalded, 1 cup

Yeast, fresh, 2 cakes or granular, 2 pkgs.

Water, lukewarm, ¾ cup

Flour, 4 cups

Sugar, ¼ cup

Vegetable shortening, 1/3 cup

Salt, 1 teaspoon

Lemon rind, grated, 1/3 tsp.

Egg, well beaten, 1

Cool milk to lukewarm; add yeast dissolved in lukewarm wa-

ter and 1 lbs. sugar. Sift flour, measure; add 1½ cups to yeast mixture; beat until smooth. Cover and let rise in warm place about 30 minutes or until light and spongy.

Add remaining sugar, shortening, salt, lemon rind and egg; mix thoroughly. Add remaining flour to make a soft dough. Turn out on lightly floured board, knead until smooth. Place in greased bowl; turn over to grease top of dough; cover and let rise in warm place until doubled in bulk. When light, punch down, use half of the dough and shape according to following:

Topping

Butter or shortening, melted, 3 tbs.

Dark corn syrup, 1/3 cup

Raisins, ½ cup

Brown sugar, 2/3 cup

Cinnamon, 1 tsp.

Roll out one-half the dough ¼-inch thick into an oblong 8x16 inches. Spread with one-half the butter and about 2 tbs. syrup.

Sprinkle with raisins and one-half of the mixed sugar and cinnamon. Roll as for jelly roll; cut into 16 one-inch pieces. Pour remaining butter into 9-inch cake pan, coating sides; add remaining syrup and sugar mixture.

Place rolls, cut side down, in pan. Cover, let rise in warm place until doubled in bulk. Bake in moderate oven (325) for 45 minutes.

B. Twart Speaks At Northville Cancer Society Meeting

A meeting of the American Cancer Society was held Friday, Jan. 20 at the home of Mrs. Walter Belasco, 790 W. Main St.

Mr. B. Twart, field director from the Detroit office, explained the work of the organization which is to educate the people in the signs of early cancer so that they may seek help in time to prevent needless death; also, to distribute dressings and medical supplies to cancer patients.

The Northville area is one of six units operating in the Western Wayne county district.

Mrs. Walter Belasco is the general chairman in the Northville area. Mrs. Merritt Meaker is the service and supply chairman; Mrs. Jessie Boyd, publicity; Mrs. W. H. McCarthy, finance, and Mrs. Louise Cansfield, education.

LADYWOOD PRESENTS FASHION SHOW

Father Fred Gilbert will be the speaker at the next regular meeting of the Ladywood Mothers club Jan. 30 at 8 p.m. Parents are urged to attend this meeting.

The public is invited to a "Fashion Show of Other Years" and a card party Feb. 1 at 8 p.m. Refreshments and door prizes will be provided.

Mr. and Mrs. Floyd W. Lansing, 18827 Negaunee, Detroit, are the parents of a daughter, named Suzanne Marie, born Jan. 14 at Detroit Osteopathic hospital. Suzanne weighed eight pounds one ounce.

Mistakes occur when a man is overworked or overconfident.

Exchange Club News

Councilman John F. Stubenvoll was the speaker at the Exchange club meeting Jan. 18. His topic was "Taxes" and he explained the purposes behind the increase in tax millage voted upon favorably in the last balloting. Lowering assessed valuation made this factor in Northville comparable with nearby areas thus keeping the school district taxes equitable for the local city residents.

Dr. Arthur Wohlers was the guest of Elroy V. Ellison. Dr. Wohlers is from the office of the county superintendent of schools and was here consulting with local planners of future educational facilities. Jim Lafferty attended as representative of the senior class. LaVerne Inslund was the guest of George Miller.

Teacher and Nurse Attend Chicago Travel Reunion

Miss Florence Keith, Amerman second grade teacher, and Miss Ruth Knapp, R.N., Northville school nurse, spent the week end in Chicago where they attended the National Education Assn. travel divisions first annual reunion and 10th annual anniversary celebration. Over 250 teachers from the east and middle west participated in the program. Pictures of various trips were shown including the around the world tour which Miss Knapp said was "extremely interesting."

Six teachers were presented with awards from the audio-visual director of Western Illinois State college, the college where graduate credit is given for travel.

Novi Twp. Board . . .
(Continued)

"He's a local man and he's entitled to this protection," Trustee Harold Miller said.

Will Pass Taxi Ordinance

Staman said the board will study a copy of the existing Troy township ordinance and take action on an ordinance of their own at the meeting.

Some spectators present questioned the board about taxi fares and several members of the board expressed themselves in favor of granting the taxi license on a year to year basis and having the township determine the rates to be charged.

The subject of new zoning books for the township was also discussed and re-discussed. As at the past three meetings, no action was taken. Trustee Frank Clark agreed to seek additional information.

The board also discussed the possibility of having someone spend a couple hours each day maintaining the fire engines.

Dog Clinic

A dog clinic is to be scheduled for some Sunday in the near future, Staman said. The township hopes to be able to vaccinate 500 to 600 dogs at that time, he added.

The necessity of an ordinance governing peddling was also discussed and proposed for passage at the next meeting. Board members agreed that there should be some control over salesmen who rely on misrepresentation in selling their merchandise.

Courtroom or Safe

Two township officials proposed that the board purchase a set of legal encyclopedias. Completely indexed, they cover such things as school laws, township laws, voting laws and complete state laws, board members were told. "Advocating purchase of these books were Police Chief Lee BeGole and Justice of the Peace Edmund P. Yerkes. Yerkes proposed keeping the books in the courtroom and BeGole proposed the township safe.

Treasurer Charles Trickey, Jr. proposed keeping them on shelves and furthermore proposed that they should "wait until we have the shelves."

NOVI MOTHERS MAKE POLIO MARCH TONIGHT

New Ordinances To Be Passed At Next Township Meeting

Safety Signs Ordered for Willowbrook; Help Wanted To Keep Fire Engine Clean

Lots of plans were made, but little action was taken at Monday night's Novi Township board meeting. A taxicab ordinance, new zoning books, a peddling ordinance, dog vaccinations and encyclopedias . . . were all discussed but action was postponed until the next meeting Feb. 6.

However, the board did agree to act on the long-awaited traffic signs for Willowbrook Village. About 8 warning signs have been ordered by the township and will be placed on 10-Mile Rd. and intersecting streets in the area. When the signs are received, they will be erected by the Oakland County Road Commission.

Seeks Drivers Tests
Supervisor Frazer Staman also said an effort is being made to have drivers' license tests conducted at the township hall one day each week. At present, Novi residents must travel to the fire station at Grand River and Middle Belt Rd. to take their tests. The board also agreed to buy two additional nozzles for the fire hose upon the request of members of the fire department.

A taxicab ordinance was proposed by Staman. Originally requested by Charles Verhaag, owner of the Novi Cab Co., the ordinance would cover picking up passengers within the prescribed territory, presumably Novi township.

(Continued on Page 4)

Novi Highlights

By MRS. LUTHER RIX
Phone Northville 245-J

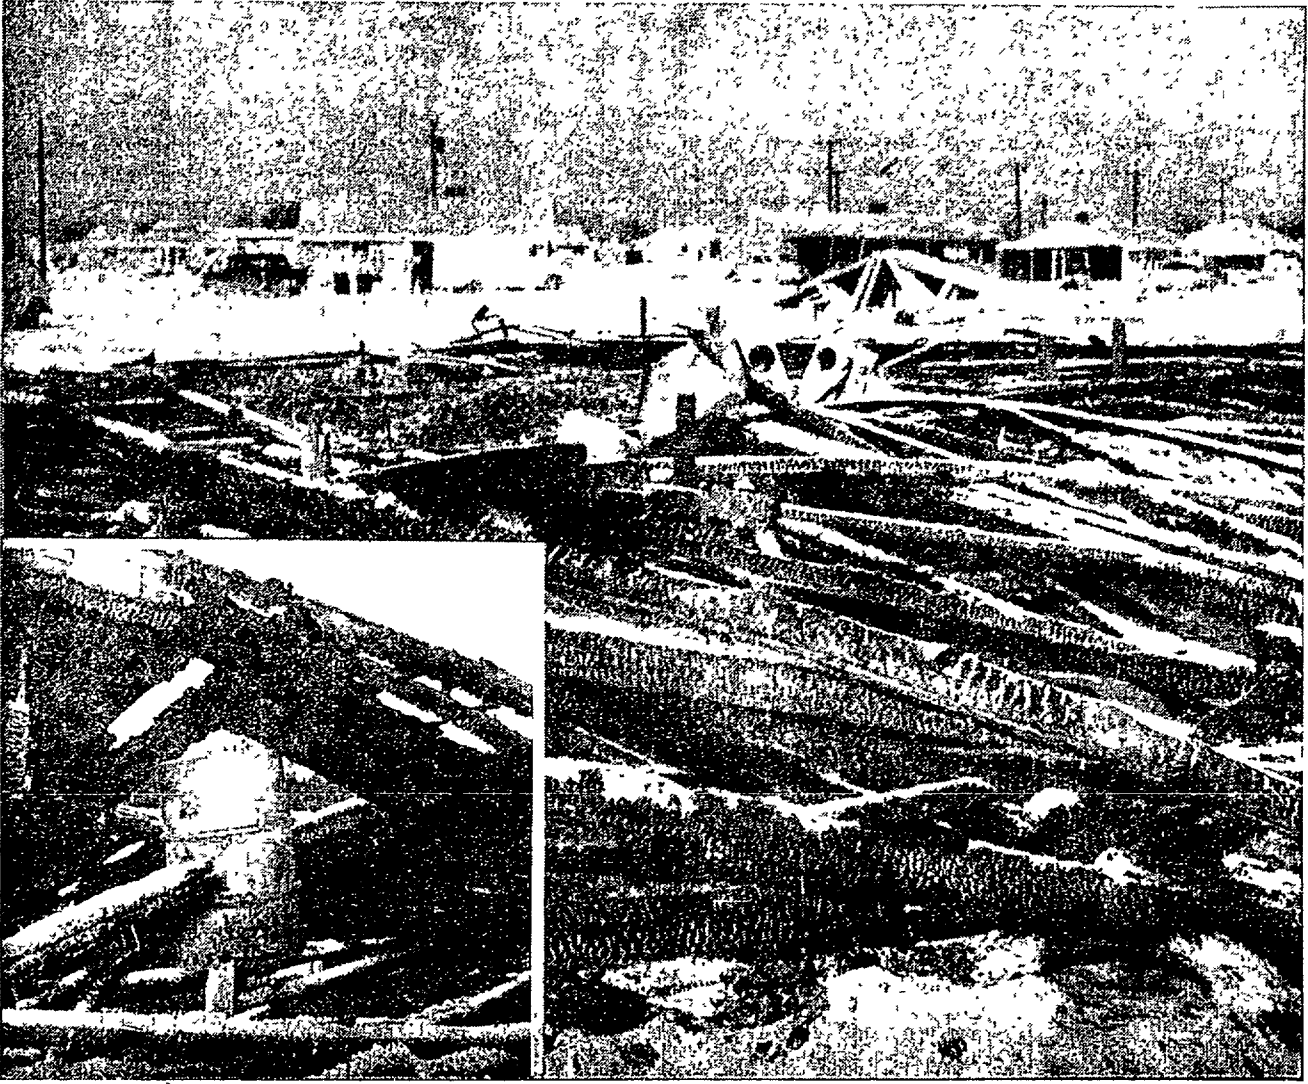

Mrs. Virginia Krug and children, Terry and Cathy Jo, were the Sunday evening dinner guests of Mr. and Mrs. Charles Trickey, Jr. In the afternoon, Mr. Trickey took his children, April, Chuckie and Timmy and Terry Krug to bogging at Cass Benton park.

Mrs. Effie Garner entered MacLaren General Hospital in Flint Saturday where she will undergo a major operation. Mrs. Garner teaches the first grade at Novi school.

Elmo Richards and daughter, Marian, of Southfield were Sunday visitors at the home of Mr. Richards' daughter, Mrs. Rex LaPlante, Sr. on Novi Rd. Mr. and Mrs. Will Flint were Sunday dinner guests of the latter's sister and brother-in-law, Mr. and Mrs. Earl Banks.

The children of Mr. and Mrs. Keith Branch are showing recovery from a serious illness, acute gastro enteritis. The sons, David and Leslie, are now home from the hospital and the infant daughter, Gwyl, is recovering at the home of her grandparents, Mr. and Mrs. Ed Branch.

Mr. and Mrs. Russell Button and daughter, Rose, spent Sunday (Continued on Page 4)

THE BUILDERS WERE SUCCESSFUL in thawing out the earth floor of the above Willowbrook Village home prior to pouring a concrete slab floor. However, they were not so successful in saving the house, which was totally destroyed before firemen could reach the scene. Cause of the blaze was believed to be an unattended 55-gallon coke-burning salamander (see inset).

\$3,000 Fire Levels Willowbrook House

Fire raged undiscovered in a partially completed house in Willowbrook Village last Friday evening, burning the structure to the ground.

The building was completely engulfed by flames before neighbors discovered it and were able to report the fire, officials say. Damage was estimated at approximately \$3,000. B. L. Smoker & Co., Detroit builders, were the owners of the structure. The loss was covered by insurance.

The house, a partially completed ranch-type structure at the southern end of LeBost Dr., was reported to the Novi Fire Dept. at 7:28 p.m., officials said, but the fire was hopelessly out of control by the time fire fighters got there a few minutes later.

New Engine Used

Three engines answered the call, including the township's new \$20,000 American LaFrance engine. This fire marked the first actual use of the engine, as well as the first use of the newly installed hydrant system in Willowbrook.

In addition to the near-zero weather, a severed gas line also

hampered firemen.

Investigation by local authorities attributed the fire to an unattended 55-gallon metal "salamander" left burning in the house. The salamanders, large metal drums filled with burning coke, are used to take the frost out of the earth floors inside the house in preparation for pouring concrete slab floors.

Straw was also strewn about the dirt floor to absorb moisture and hold the heat. Officials speculate that either a spark hitting the nearby straw, or combustible gases given off by the burning coke caused the fire.

Methodist MYF Choose Delegates To Monroe Convention

The MYF of the Novi Methodist church are sending two delegates to the mid-winter institute at Monroe Jan. 27-28-29. Roberta Kirkwood and Linda Loyne have been chosen as delegates.

On Friday, Feb. 3 the MYF will have dinner at the Novi Community Bldg. for a meet the parents night.

The president, Harriet Martin, has resigned and vice-president, Billy Trotter, will now be president.

That's Where My Money Goes

A total of \$99,363.42 in real estate and property taxes have been collected to date, according to Township Treasurer Charles Trickey, Jr. "Although the township collects this money," Trickey added, "approximately three-quarters of the amount collected is turned over to the various school boards."

The youth fellowship had a skating party at Newburg pond last week with 24 young people and several parents present.

Flannery To Head Novi Civic Ass'n.

Officers of the new Novi Civic Assn. report the organizational drive moving ahead on schedule, according to Ernest Pitchford, spokesman for the group.

It is expected that all areas north of 10-Mile Rd. will be organized with directors elected by the first of the month, Pitchford said. The first directors' meeting is scheduled for early February and among questions taken up then will be that on reported inequitable assessed tax valuations.

The Assn. was formed earlier

this month by 80 Novi residents who met to adopt a constitution. They elected the following officers: president, John Flannery; vice-president, Stanley Balon; secretary, Mrs. William Cleland; treasurer, Glenn Schenemann; trustees, Ernest Pitchford, Ed Paige and Archie Marsh.

Interested township residents may call Market 4-1082, Market 4-1430, Northville 772-R11, Northville 1220-W3 or Northville 465-W for further information, Pitchford added.

Urge Twp. Residents To Give For Polio

More than 25 members of the Novi Mothers club will go from door to door throughout the township tonight in their fourth annual Mothers' March for the March of Dimes campaign.

Covering virtually every home in the 36-square mile Novi township area, the mothers are seeking funds for families less fortunate than their own who have been stricken by polio.

75 lbs. Worth Knee Deep In Blueprints

Preliminary blueprints for the new Lincoln plant, 75 pounds of 'em, were turned over for inspection by Novi township officials early this week.

The blueprints, which cover portions of the assembly plant and surrounding utility buildings do not include plans for the Lincoln headquarters and plant office buildings. The assembly plant will be approximately 1,350'x900', according to the plans.

The division offices will join the assembly plant at the southeast corner and the plant offices will run north along the eastern edge of the plant. The area between the plant and Wixom Rd. will be parking area and a test track for cars will be located directly north of the plant.

Mrs. Bonnie Dye, president of the Mothers club, said the members will begin their house to house trek at 7 o'clock and hope to be finished about 9. They will then turn in their receipts at the township hall where coffee and donuts will be served.

Raise \$155

Mrs. Frazer Staman, Novi chairman for the March of Dimes, announced Tuesday that more than \$155 had been collected so far in Saturday's bake sale staged by the Novi Rebekah lodge for the March of Dimes.

Highlight of the sale was the raffling off of a large loaf cake decorated with blue crutches and yellow, pink and white roses and baked by Mrs. Howard Miller. Novi businessman Harry Watson won the cake. (Due to an error in information received last week, we regret that Mrs. Howard Miller was not originally credited with baking the cake.)

Novi AMVETS To Hear State Comm.

The Novi AMVETS will meet at the Willowbrook Community Bldg. Thursday, Feb. 2 to hear in informational talk by State Commander John Dagenais.

Dagenais will tell the background of the organization and explain the services that are offered.

by MRS. THOMAS MORRISON
PHONE GREENLEAF 4-2523

Editor's Note: We goofed last week. Mrs. Morrison's column was marked "continued on page 6". We looked on page 6 and couldn't find it. Much to our dismay. We trust our readers had the same difficulty. However, you will find the missing news in full on page 14 of this week's paper . . . right in the Fiji Islands where we left off last week.

Don't forget to register to vote in Willowbrook on Saturday, Jan. 28 from 1 to 5 at the Willowbrook Community Bldg. Mr. Clark will be there to register the voters.

An evening of bowling has been planned for the people of Willowbrook who like to bowl and for those that don't know how. Come along and try with us at the Walled Lake bowling alley. We are meeting there at

8:30 and we will have the alleys at 9. See you there.

On Saturday Mr. and Mrs. Leonard Dinsor of E. LeBost entertained Mr. and Mrs. H. Drake of Det. and Mr. and Mrs. Steve Pucha, Sr. and Mrs. John Dinsor and Robert Dinsor of Whitmore Lake. The group attended the 50th wedding anniversary celebration for Mr. and Mrs. C. LaVay held at Hucks Inn, Redford.

Kathline Tretyage is having a bout with the flu and is a very sick little girl.

Mr. and Mrs. Alcorn visited with their new neighbors, Mr. and Mrs. Pinner of W. LeBost last Thursday evening.

Mr. and Mrs. James Prappas of Detroit were the guests of Mr. and Mrs. Harry Prappas of Mooringside for dinner Sunday.

Mr. and Mrs. Prappas were the (Continued on Page 8)

Novi Builder Loses License

The license of William O. Gray, a Novi builder, was revoked by the Michigan Corporation and Securities Commission Monday after hearing complaints from six of his ten customers.

Gray, owner of the American Building Co., lives at 19334 Woodingham Dr., Detroit.

The six homeowners testified that they made down payments on homes in the \$18,000 price range only to find after they moved in that the homes were not yet completed.

Gray, a real estate broker for 20 years, built the houses on Burton Dr. in Novi. It was his first venture in the construction business.

Commissioner Lawrence Gubow, who conducted the hearing, said he would ask that Gray's real estate license also be revoked.

Additional Novi Features

Oddfellows Page 8

1 Baby - 3 Changes

There are changes and then there are changes, this one involves names. Our recent family addition has added new titles for three family heads.

Mr. and Mrs. Albert Banks of Fayetteville, N.C., became parents of an eight pound five ounce son, Daniel, Sunday evening. It was their first baby . . . and that makes Albert a daddy.

Daniel is also the first grandchild for Russell Banks, 39700 11-Mile Rd. . . . now he's a granddaddy. Number three on the list is Township Clerk Earl Banks . . . he is now a great-granddaddy.

Seems like a lot of changes for one baby to make just by being born, but everyone loves it.

Student Librarians Play Important Part At Novi School

TAKING CHARGE OF THE LIBRARY in the newly completed Novi Elementary School is the job of these youngsters. The center picture shows representatives of the various grades from fourth through ninth who have volunteered this year to help with the general maintenance of the library, files and books.

In the front row, they are (left to right) J. R. Barton, Gregory

Larson, Jack Boyd, Jack Kolk, Russell Stevenson, Philip Simenton, Larry Snow and Jeff Crawford.

In the middle row are Shirley Colman, Freda Angel, Donna Mae Lien, Judy Ritter, Ginger Cheeseman, Gretchen Schneider, Holly Fox, Pam Harnden and Noel F'Geppert.

In the last row are Cathy Noble, Sharon Gatrell, Cheryl Murphy,

Shirley Campbell, Bob Little, Dennis Snow, Faculty Advisor Mrs. Glenn Salow, Carl Leavenworth, Janet Race, Carol Moody, Marion Slentz, Shirley Davis and Linda Loyne.

Some of the sixth graders also are in charge of stamping and cataloging the books, returning books to their shelves and delivering books to the smaller grades. Shown in the left picture busily stamp-

ing and cataloging new books for the library are (clockwise) Freda Angel, Donna Mae Lien, Shirley Campbell, Shirley Coleman, Cathy Noble and Cheryl Murphy.

Putting returned books back on the shelf in the right picture are Russell Stevenson, Marion Slentz, Judy Ritter, Gregory Larson and Philip Simenton.

Minutes of the Board of Education

January 6, 1956

The meeting was opened by President R. F. Coolman at 7:45 p.m.

Present: R. F. Coolman, E. F. Clark, E. Jane Wagenschutz, N. C. Schrader

Absent: D. B. Severance

Others: E. V. Ellison, Mrs. Alta Moore of the Wayne County Superintendent's office, Miss Gladys Panton of the Merrill-Palmer School, Miss Pearl Hensch, Mr. Leslie Lee, Miss June Faulds, Mr. Andrew Orphan, Mrs. Seccord, Mr. James Littell, Miss Alice Hosback, and a committee of citizens from Willowbrook Subdivision.

The minutes of the last meeting were reviewed and Mr. Clark moved that they be approved as read. Mrs. Wagenschutz seconded the motion. Carried.

Communications:

1. Mason Board of Education, asking the Board's opinion on the State ruling on the use of the extra State Aid payment.

2. City of Dearborn, requesting use of our school buses during summer vacation period, to transport children to recreational areas.

3. Wheeler and Becker, architects, of Plymouth, asking to be considered for planning of next building.

4. Detroit Board of Commerce, expressing opinion on Federal aid to schools.

5. Mr. Charles Barnett, Child Accountant, Wayne County Board of Education, reporting results of child accounting audit. Mr. Barnett found all child accounting in order.

6. Dr. Philip Brown, Superintendent of Northville State Hospital, thanking Mr. Amerman for speaking to class of hospital attendants at their graduation exercises.

7. Novi Township, \$177.18; Northville Township, \$942.65 in delinquent taxes.

8. Junior High Student Council, thanking the Board for permitting them to continue to sell milk.

Superintendents Report:

1. Dr. Wohlers, School Planning Consultant with the Wayne County Board of Education, is working with the administration and faculty in planning for a new high school. He would like Mr. Amerman to select a group of teachers and lay citizens to share this work with him and the administration.

2. The Superintendent gave the Board a brief resume of the school's financial situation and advised them that there is an imperative need for extra millage to replace the special 6-mill

levy now expired, in order to meet operational expenses in the next school year.

Treasurer's Report:
Cash Received during December, 1955 \$38,932.50
General Fund Balance, December 31, 1955 \$5,811.21
Building and Site Fund Balance, Dec. 31, 1955 \$9,867.68
1949 Debt Retirement Fund Balance, Dec. 31, 1955 \$2,061.24
1954 Debt Retirement Fund Balance, Dec. 31, 1955 \$4,183.22
Mrs. Wagenschutz moved that the treasurer's report be accepted and bills and payrolls be paid when funds are available. Mr. Schrader supported the motion, which carried.

Unfinished Business:

1. Board accepted superintendent's recommendation with regard to the installation of a gas conversion burner in the Grade School building, and, upon Mr. Clark's suggestion, appointed himself and Mr. Amerman to act as a committee of two to take charge of this changeover when the time comes.

New Business:

1. Board authorized the superintendent to select a committee such as Dr. Wohlers requested, to work on the planning of a new high school.

2. Board discussed the millage problem and Mr. Schrader moved that an election be held as soon as possible for the procurement of such millage. Mrs. Wagenschutz seconded the motion, which carried.

3. Following discussion, Mr. Clark moved that the request of the City of Dearborn for use of our school buses during summer months be declined. Motion was supported by Mrs. Wagenschutz and passed.

4. Mrs. Wagenschutz moved that the Board support the Parent-Student program to the sum of \$300.00, to carry it through until June. Mr. Clark seconded the motion, which passed.

5. A group of citizens from the Willowbrook Subdivision, in the Novi-Farmington District No. 2, appeared before the Board to discuss their school problems.

6. The Board requested Mr. Littell to confer with the City Commission on the terms of a practical long-term lease for the Community Center, and to report his findings to the next regular meeting of the Board.

6. Mr. Schrader moved that Mr. Littell be instructed to draw up a petition to be presented to the City of Northville requesting annexation of the Amerman School property to the City. Mr. Clark supported the motion, which carried.

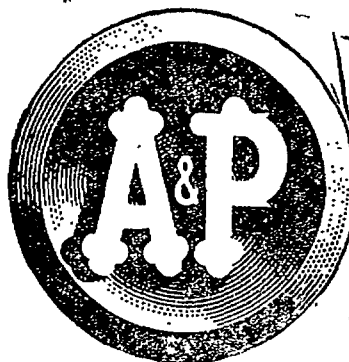

Adjournment:
Mr. Clark moved that the meeting be adjourned at 12:45 a.m. Mrs. Wagenschutz supported the motion. Carried.

E. Jane Wagenschutz,
Secretary

COME SEE COME SAVE AT A&P!

Customers' Corner

Seek for yourself...

It's all very well to have a sound economy basis like A&P's famous low price policy but the effectiveness of any such plan depends largely on the way it's handled!

For that reason, A&P makes it a practice to feature store-wide low prices and to do so *plainly!* At A&P you'll find almost unbelievable variety in fine foods... 3,000 different items, please... methodically arranged and each one A&P-priced for thrift!

It's always our pleasure to put A&P service (a blueprint for better budgeting) as your disposal! Come see, come save!

Mission Films To Be Shown At Lutheran Church

The second in a series of three mission journeys by means of colored filmstrips will be conducted at St. Paul's Lutheran church, High and Elm streets, Northville Friday, Jan. 27 at 8

p.m. in the parish hall. The third and last journey is set for Monday, Jan. 30 at 8 p.m. These three journeys are entitled a "World Tour of Missions" or an "Epiphany Mission School." The Pastor B. J. Pankow said that friends of the congregation are cordially invited.

Gas Co. . . .

(Continued)

many gas regulator stations on the service lines will result in better service and more efficient operation of the system, according to Mr. Gerhard. Principal regulator projects will take place at stations in Macomb, south Oakland and west Wayne counties, he said.

In Macomb, six regulator stations will be improved or replaced with larger installations during the year.

In Wayne county, three stations will be built or enlarged.

In south Oakland, the regulator station at the company's Coolidge Highway property will be enlarged to receive additional gas supplies, and in Hazel Park a new station will be built to help meet the growing demands for gas from customers in the Hazel Park-Ferdale area.

Important gas main projects listed by Mr. Gerhard include the installation of new mains, to reach new customers, in Waterford township, Southfield township, Avon township, Harrington Hills (Pontiac), Orion township,

File 13 . . .

dramatic Convertible Sofa, folds or unfolds its 200 pounds of mattress and steel in 18 seconds. To foil practical jokers or over-zealous housekeepers, another model is designed so that if it's operated while some hapless soul is sleeping on it, the fuse blows. Ain't science wonderful?

And speaking of something new, we've got something new in our own office . . . music. Over the steady rumble of the press, the jangle of seven phones, the incessant buzzing of the engraver, and the klackety-klack of the linotype, you may now distinguish faint strains of such immortal classics as Tchaikovsky's "Nutcracker Suite", Gershwin's "Rhapsody in Blue" and Tennessee Ernie's "Sixteen Tons".

We note in the current issue of Michigan Tradesman that Con Langfield pays tribute to the 66-member Northville high school band in a full page pictorial spread. We quote from a portion of the article: "The Northville School and Community Band came into being 29 years ago due largely to the interest and financial backing of Mr. E. C. Langfield, founder of the Northville Laboratories. Since Mr. Langfield's death, Mr. Conrad E. Langfield, his son, has continued this interest and support."

Royal Oak townships and West Bloomfield township, all in Oakland county.

BOY SCOUT TROOP 731 was out in force last Wednesday evening to see the polio demonstration at the Community Bldg. Troop co-leaders who accompanied the boys are Ken Krezel, back row left, and Murray Lyke, far right.

Novi School Notes

Supt. Medlyn of the Novi schools spent Thursday afternoon and Friday of last week in Detroit.

Seventh Grade
The seventh graders had a skating party last Tuesday evening at Newburg Point.

Sixth Grade
The following sixth graders have not been absent this semester: Jack Byrd, Shirley Campbell, Cathy Noble, Wilford Ramsey, Roy Rice, Dorothy Servello and Larry Snow.

Ninety-one new books for the library were processed with the help of several sixth grade pupils. They included Freda Angel, Donna Lien, Philip Simenton, James Frisbie, Rodney Ross, Jack Kolk and Carol Moody.

Sixth graders having A's and B's this semester are Philip Simenton, Jack Byrd, Freda Angel, Donna Lien and James Frisbie.

Fifth Grade
Billy Adams, Jeff Crawford, Sue FGeppert, Kenny Hayes and Bobby Taylor have had perfect attendance this year in the fifth grade.

The fifth graders are making maps of the Novi business district.

Kindergarten News
Todd VanEvery treated the morning kindergarten class Wednesday with cup cakes, dixie cups and balloons, to help him celebrate his sixth birthday. Cecil Barton and Patty Dye

have had perfect attendance this first half year.

The children have found the guinea pigs and mice fun to watch and care for. One mouse has become very tame.

Novi Girl Scouts

The new Brownie troop met at Novi school Wednesday. Two new girls, Rene Gatrell and Janis Paquette, were invested in a candle lighting ceremony. Special guest was Mrs. Stamper.

TROOP NO. 602 made a quilt and doll clothes for a polio patient.

They also made pencil holders. Lynn MacDermaid brought treats.

Reporter, Velma Founders

TROOP NO. 493 made pipe cleaners and wooden bead dolls. Sang goodnight Brownie song and had new closing.

Scribe, Marian Slentz

SENIOR GIRLS had a wonderful time Wednesday, Jan. 18 entertaining the Northville senior girls at the Novi Community Bldg. The girls played games and served lunch of sandwiches and punch. Leader Mrs. Alex Lawrence and her assistants, Mrs. Alfred Millington and Mrs. James Howarth were also present.

WHY THE CHRYSLER WINDSOR V-8

Everything about driving a Chrysler is new! You touch a button on the left (and safe!) side . . . and Push-button PowerFlite, the smoothest of all transmissions, goes into action.

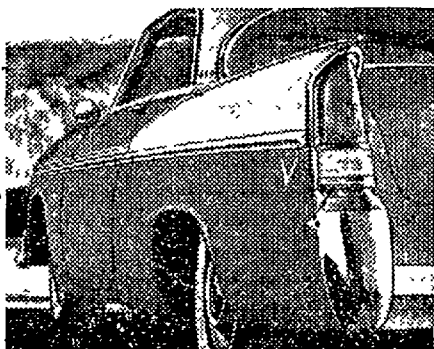

From four lengths behind to four lengths ahead of a moving truck going 40 m.p.h. in 8 seconds flat. That's the kind of reserve power you get in Chrysler's great airplane-type V-8 engine.

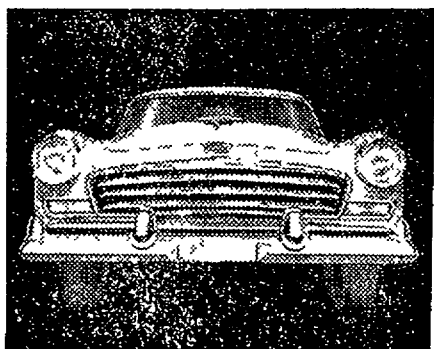

Full-time PowerPilot Steering does 80% of the work . . . gives you a cat-footed feel of the road every inch of the way . . . requires less pull . . . only 3 1/2 turns from full left to full right.

IS THE YEAR-AHEAD CAR

And talk about style! Here's the "PowerStyle" look that is showing its sassy tail to contemporary car designs. Isn't it time you compared a Chrysler with the other cars in its price class?

Best of all, you can own a bigger, more powerful Chrysler Windsor for the cost of a medium-priced car. Here is year-ahead value that means better re-sale value for years to come.

"PowerStyle"
CHRYSLER

Biggest buy in the fine car field!

ENTER THE \$150,000 LUCKY MOTOR NUMBER SWEEPSTAKES AT YOUR CHRYSLER-PLYMOUTH DEALER'S

IT TAKES a heap of muscle to build a house or any other structure, but with four pairs of busy hands the job is not so difficult. Left to right are: Paul Gerhardt, Brian Meyers, Sue Ellen Sawuach and Jimmy Warren.

NO HOLDS BARRED, its whoopee and watch the sawdust fly! These two little girls are expressing their approval of co-operative nursery play. Nobody says stop or don't when they start to enjoy themselves, (up to a point of course).

Let Them Make Noise At the Co-op Nursery

If you're a parent you've no doubt heard of free expression in connection with children's play time. "It's great," some parents say, "if you can stand the noise or if you can put the children in a sound-proof room."

Pre-school children at the three and four year level are active and inquisitive there's no doubting that, but the 25 who are enrolled in the Northville Co-operative Nursery are satisfying some of their desires.

The children attend the nursery school three days a week. There is a slight tuition charge to pay part of the salaries of the two teachers, Mrs. Pat Hart and Mrs. Joyce Schipper, but the cost is kept down with the cooperation of mothers. The mothers take turns helping with the supervision of the children. Usually they help out one day every two or three weeks.

The school has its headquarters in the basement of the Presbyterian church. When the Rev. John Taxis was asked if the noise disturbed him when he was working in his study he said, "No indeed. As a matter of fact when the children aren't around I sometimes find it difficult to concentrate. I'm quite used to youth activities and the noises involved."

The four year old group received a tool bench for Christmas which included the following noise-making extras: vise, pliers, hammers, nails, sandpaper and wood scraps. Building blocks, bicycles and trapeze bars are among other attractions for this group.

The three year old group is

kept busy with water colors, dolls and sawdust. They have a little wash tub which they fill with water and wash clothes. The sawdust, kept in a sand box, invariably finds its way to the floor and has to be swept up many times during the day, but the children do have fun.

There are rest periods for both groups and certain times are set aside for singing and stories.

Not only do the children have fun playing; they also learn to get along in a group and with individuals.

They get worldly experience too since they take trips. This semester the children have visited a bakery, butcher shop, turkey farm and the Ford Rotunda.

There are still some openings for children in the groups. Mrs. Hart expressed the desire to see more boys enrolled in the three year group since nine-tenths of the group are girls.

BROWNIE TROOP 19

The Brownies of Troop 19 have been very busy since the first of the year. We elected the following girls as patrol leaders: Peggy Sue Jones, Susan Hubbard, Diane Manica; assistant patrol leaders: Sara Ely, Lorelie Mueller, Patsy Riley.

Our leaders gave each patrol a paper bag with several articles in it and using these articles each patrol had to give a skit for the troop.

We also finished the games we were making for the children at Maybury Sanatorium.

Diane Manica brought the nibble box this week.

Susan Shafer, Scribe

TIME OUT from playing cowboys involves a do-it-yourself project. Using the new tool bench and working tools, it's anybody's guess as to what these youngsters are making. Left to right are Mark Gazlay, Guy Arnold and Barry Deal.

W. Gehrke Elected Board Chairman at First Federal Savings of Detroit

Walter Gehrke, president of First Federal Savings of Detroit, has been elected chairman of the board, it was announced today. He is succeeded as president by Hans Gehrke, Jr., who moves up from executive vice-president.

and who joined First Federal 15 years ago.

Dr. Clarence B. Hilberry, president of Wayne university, has been elected a First Federal director.

Walter Gehrke organized First

Federal Savings 21 years ago and has served as president and manager during that time. The association's growth from assets under \$100,000 to its present \$163,000,000 has been outstanding among the country's 6,000 savings and loan associations. First Federal is Michigan's largest savings association, with seven offices and an eighth under construction.

Nothing without wings climbs like a '56 Chevrolet!

The new '56 Chevrolet handles hills like they aren't even there! Aim it up a steep grade . . . and you'll see why it's the Pikes Peak record breaker!

Ever level off a mountain with your foot? Nothing to it. Just point this new '56 Chevy uphill and ease down on the gas.

Up you go with a quiet (hydraulic-hushed valve lifters now in all engines — V8 or 6) rush of power. This is the car, you know, that broke the Pikes Peak record. The car that conquered towering grades and vicious turns to prove its superior performance, handling ease and cornering ability.

These are built-in qualities that mean more driving pleasure and safety for you. Chevrolet also offers such safety features as seat belts, with or without shoulder harness, and instrument panel padding at extra cost.

You've a choice of 19 frisky new Chevrolets all with Fisher Body and with horsepower ranging up to a new high of 205. Drop in, when you have a chance, and drive the new record breaker!

from the PASTOR'S STUDY

By The Rev. Peter Nieuwkoop, Pastor
First Baptist Church of Northville

THE THREAT OF ATHEISM

An atheist is a person who does not believe in the existence of God. According to a Gallup poll taken last year only 1% of our population are atheists. Ninety-six percent believe in the existence of God while 3% are uncertain. In spite of the very small minority of atheists in our country they constitute a major threat to the spiritual well being of our nation.

TWO KINDS OF OPPOSITION

First, there is the threat of open opposition. Some time ago, Mrs. Vashti McCollum of Champaign, Ill., an atheist mother was successful in her fight to ban religious classes from public schools. Recently, Frank C. Hughes of Minneapolis has started a legal action against the U.S. Government in an effort to force it to end the employment of chaplains for the armed forces. Reportedly an atheist, he claims that the use of tax money for the payment of salaries and allowances of chaplains is in violation of the Constitution which provides for the separation of Church and State.

Second, there is the threat of undercover opposition mainly through our public educational system. Many of our text books

used in high schools and colleges are actually slanted toward atheism. Those who have attended some of our state colleges know only too well the number of teachers who ridicule the idea of a personal God. The question that comes to my mind is "Why should such a small minority be allowed to dominate the affairs of our Government and educational systems?"

THE INTENT OF CONSTITUTIONAL HISTORY

Surely a student of history knows that it was not the intention of the framers of our constitution to eliminate religion from our Nation. They would have separation not elimination. They were against State supported Churches and Church dominated States. The fact that the framers of our Constitution after several hours of fruitless effort to agree, paused for a session of prayer to Almighty God for help, shows that they did not intend to exclude God from the framework of our national affairs. Such terms as "The Year of our Lord," the frequent references to God, the public reading and references made to the Scriptures, are all evidences that our nation was born with the consciousness and fear of God.

THE BIBLE DECLARES THAT ATHEISTS ARE FOOLS!

Psalm 14:1 says, The fool has said in his heart, there is no God."

God calls them fools because they act so unwise. They must act contrary to their intuitive knowledge. They must close their eyes to the evidences of His existences which is everywhere abounding. They are acting foolish when they would rather believe such things as were written by erring men like Voltaire, Paine and Ingersoll than to believe the sure Word of God.

ATHEISM IS THE RELIGION OF COMMUNISM

In Leningrad there is a university open to teach atheism. In this university of 300 students, 47 of them are women, they are preparing themselves for 'Active propaganda of militant atheism'. One well known evangelist referred to Christianity as the first line of defense against Communism. Communism never gets very far in a country where God is honored and His Word taught. That is why they hate Christians! Only recently word was received from Red China that Christians were the most difficult of all peoples to brainwash! Those who are Atheists already have the religion of Communism!

ATHEISM IS A DETRIMENT

Now honestly, what good has atheism ever accomplished? Does it feed the poor? does it build hospitals? does it carry on campaigns for the public good? What comfort does it give in sickness.

in infirmities and in death? The great evangelist, D. L. Moody, was once challenged to debate by a confirmed atheist and orator of ability. Moody agreed upon the condition that the atheist would bring with him five persons who had been made better men by atheism. He would in turn bring with him 100 ex-drunkards, ex-thieves and ex-delinquents whom Christ had saved and changed. Needless to say, the challenge was not accepted! What help and comfort does atheism give in times of war? The Life magazines some time ago quoted the sergeant while on Bataan said, "There are no atheists in fox holes". In another case a flyer downed by Japanese planes and floated for six days said, "There is no place on a rubber raft in the Pacific for an Atheist." But worst of all, atheism robs a man of faith in God, causes him to scoff at God's offer of salvation through faith in Jesus Christ and causes man's soul to be lost for all eternity. Remember this—all intelligent men believe in God! Atheism has contributed nothing worth having.

Announcing—

The

Charles W. Bahnmiller

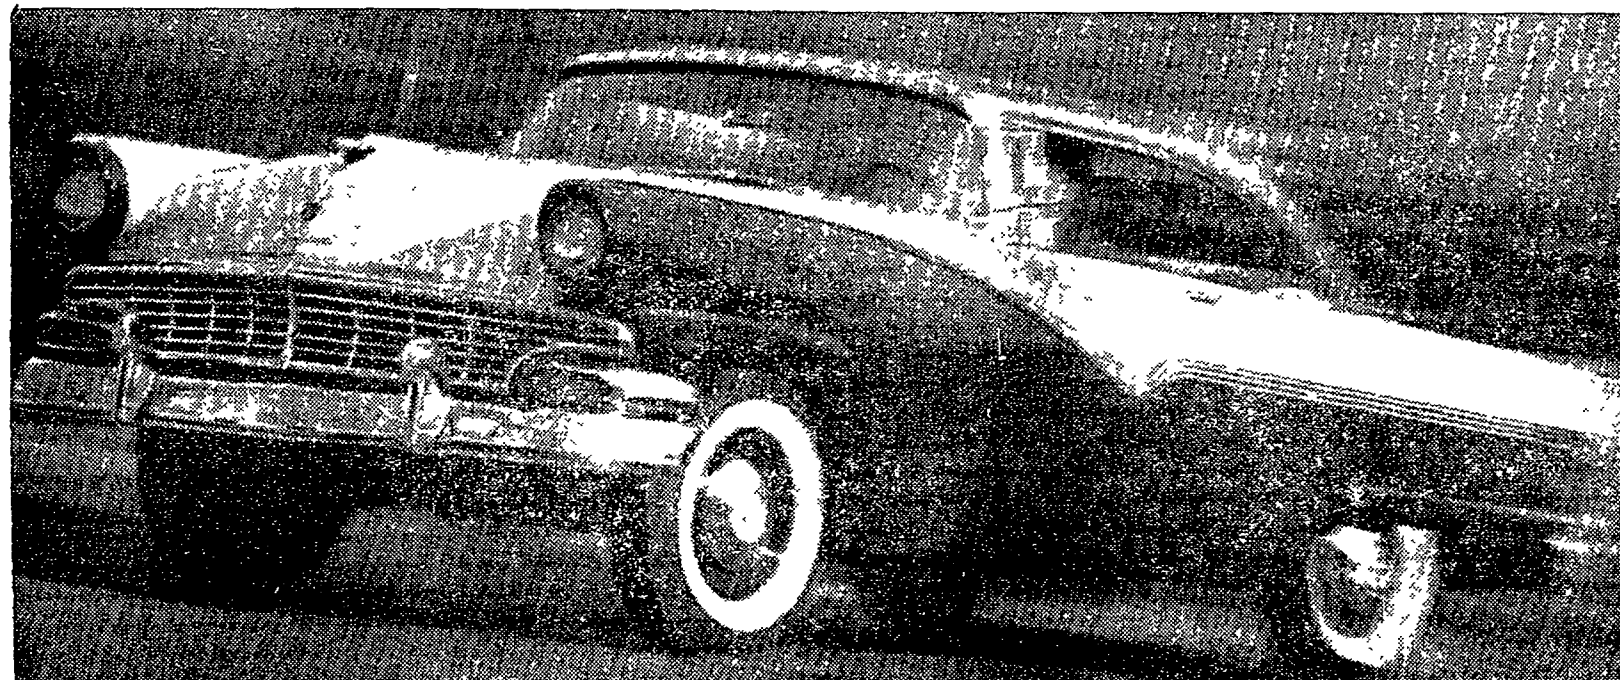

Funeral Home,

is now under the sole ownership and management of

Charles W. Bahnmiller

PERFORMANCE made it the Largest Selling "8" in the World...

the FORD V-8

Just look at these official registration figures
for the first 11 months—January
through November, 1955

	Car Sales	Ford Sales Leadership
FORD V-8	1,241,742.....	
Car C—V-8	634,376.....	607,366
Car P—V-8	262,870.....	978,872
Car C—Six	845,153.....	396,589
Car P—Six	334,540.....	907,202

Here's why!

People just naturally go for 8 cylinders in the FORD package!

And to a world record extent!
Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than bought the two other low-priced competitive eight-cylinder models! They even bought 306,589 more Ford V-8's than the next competitive Six!

Of course, the reason the Ford V-8 is the

largest selling eight-cylinder car in the world is that more people like its brand of performance—the kind that comes with the car!

These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that.

And the Ford V-8 of today is the best yet... by a country mile!

Smoother and quieter—you can scarcely

hear it, even with the hood up! Sassier—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!

And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end.

So, if it's performance that you want—and wrapped like a gift—the '56 Ford V-8 is your baby.

Come in... try it today!

Church School for All Departments 10 A.M.

Clarification

Mr. Elmer Perrin, who lives on S. Center St. notified this paper Thursday that it was in error when it published a report saying, "Others who testified in favor of the rezoning were... Elmer Perrin..."

To clarify the situation and any possible misunderstanding, we herewith print a portion of the official minutes and transcript of the meeting in question:

CARRINGTON: "Have you noticed anything that is against winter racing? Can you say anything against winter racing?"

PERRIN: "Why, I couldn't say anything against winter racing at all."

CARRINGTON: "You never see any insubordination or anything of that kind?"

PERRIN: "Do you feel that winter racing in any way affects the value of your property?"

PERRIN: "No, it does not."

CARRINGTON: "Winter stabilizing. Do you feel that rezoning this property would in any way affect the value of your property?"

PERRIN: "No, not a bit."

CARRINGTON: "...That is all."

Too Many Beers?

Some people have to drink the stuff to get dizzy, but seems all we have to do is talk about it and things get twisted. We're referring to a story in last week's paper about a change of ownership. Correction follows:

The Spagnuolo & Son Distributorship, 140 Center St. (not Spagy's Northville store) has been sold to Michael T. Zelek who will change the name to Diamond Beer Distributing Co.

Jim Spagnuolo is retiring and his son Pete has accepted a wholesale distributorship (not a store) in Lansing. He and his wife and three (not four) children will make their home there.

Charles Bahnmler Buys Funeral Home

Final papers were signed this week dissolving the three year business partnership of Charles W. Bahnmler and Forrest F. Phillips of the Phillips-Bahnmler Funeral Home on W. Main St. Bahnmler is now the sole owner of the business.

A native of Chelsea, Mich., Bahnmler was graduated from Wayne university before service in the Marine Corps from 1942 to 1945. He was with the Geer Funeral home in Ypsilanti until 1947 and returned there as director after a period with the William R. Hamilton Funeral Home in Detroit. Bahnmler and Phillips formed a partnership in 1952 and purchased the Schrader Funeral Home which has been in operation in Northville for 46 years. "A home-like chapel funeral home" has long been the expression used by the two men in describing their business. Among other services of the home is an oxygen-equipped ambulance which is on call 24 hours a day.

Bahnmler is a member of the American Legion, Veterans of Foreign Wars and past president of the Northville Exchange club.

Bahnmler will continue to live at the funeral home with his wife Mary and four children: Diane 5, Marianne 4, Michael 2, and Patricia 10 months.

Two from Area To Receive Wayne U. Degrees Jan. 31

One thousand one hundred and thirty-two degrees will be awarded in ceremonies at Wayne university's mid-year commencement Tuesday, Jan. 31 at 8:30 p.m. at the Masonic Temple auditorium.

Dr. Clarence B. Hilberry, president of the university will confer degrees to the candidates.

Receiving diplomas from Northville are M. Patricia Altenberg, 19690 Marilyn Rd., bachelor of arts, and Richard Webster Kay, 629 W. Main, master of education.

Twenty-one candidates will be granted doctorates: six in education and 16 their doctor of philosophy degree. Honorary doctorates will also be conferred on three prominent men.

A tentative list of graduates shows: college of liberal arts, 213; college of pharmacy, 17; college of nursing, 45; college of engineering, 69; school of business administration, 62; college of education, 322; graduate school, 386, and law school, 18.

The January graduating class represents students completing degree requirements last August and this month.

GIRL SCOUT TROOP NO. 14

We walked up to Mrs. Muller to decorate a Christmas tree with strings of food for the birds. Mrs. Muller invited us in for a cup of hot chocolate. Then we went sliding in her yard.

Scribe, Murilla LeFevre

The lowest ebb is the turn of the tide. —Longfellow

Safety Patrolers To Be Honored At Banquet Feb. 7

Northville safety patrolers and their families will be honored at a banquet Feb. 7 at 6:30 p.m. at St. Paul's Lutheran church.

The Safety Patrol banquet is being given to honor those boys and girls who have stood, so faithfully, on their assigned corners during all sorts of weather.

Tickets for the family style dinner are priced at \$1.50 for adults and 75 cents for children.

Police Chief Joseph Denton will be the master of ceremonies and the Rev. B. J. Pankow will give the invocation. Donna Schulte will accompany the community singing.

A special entertainment treat will be a trained dog act by Edison Storing, a Detroit policeman who has made several TV appearances with his dog.

Refrigerator MOTORS

When your refrigerator motor needs replacing, why not have us install a Delco, the choice of leading manufacturers because of their quiet operation, long life, peak and performance and dependability. Delco builds a size and type for all makes.

Why buy a truck in the dark?

If you buy a new truck after looking at only one make, it's like making a deal in the dark. You can't be sure of getting the most for your money.

A smarter way to buy is to "spotlight" real truck value—weigh and compare competitive claims with these Dodge truck facts:

★ Most standard V-8 horsepower of all leading makes—1/2-ton through 3 1/2-ton range. You'll get faster trips—more work done with DODGE.

★ Shortest turning radius. You'll park more easily, wheel through traffic quicker with DODGE.

★ Biggest cabs, with biggest wrap-around windshield. You'll enjoy roomier comfort, safer vision with DODGE.

★ Highest payload capacities . . . pick-ups providing up to 22% more payload than others. You'll haul bigger, more profitable loads with DODGE.

★ Prices down with the lowest. Comparative facts show that, feature for feature and dollar for dollar, the real value is DODGE.

Next truck you buy, don't deal in the dark. Turn a bright light on the facts—see Dodge before you buy.

Mc Cann Cagers Edge Northville Jr. High Teams In Double Victory

By Philip Jerome

The seventh grade basketball team of McCann junior high school defeated the Northville seventh graders, 36-34 last week Thursday in the Northville gym.

Northville got off to an early lead by outscoring the visitors 12-6 in the first quarter. Kent Frid, star Northville center, scored eight of the points. North-

ville continued the pace in the second quarter and had a 22-14 lead at the half.

McCann came fighting back in the third quarter and managed to tie the score at 26 all. Northville went out in front again early in the last quarter when Karl Karg sank two foul shots. Midway in the quarter McCann moved into the lead for the first

time. With a minute to go, the visitors held a 36-31 lead. Northville, fighting desperately, scored three points to narrow the margin. Northville scored most of their points from the free throw line in the second half. Kent Frid's field goal in the third quarter was Northville's only two pointer in the entire half.

The high scorer in the game was Frid of Northville with 19 points. Other Northville players to break into the scoring column were Hay with 6, Karg with 7, and Stuber with 2.

The Northville starting lineup had Archer and Hay at forward, Stuber and Steeper at guard and Frid at center. Other Northville players to get into the game were Bob Eahart, Richard Willing, George Kucinickis, Steve Willis and Karl Karg.

Eighth Grade
The McCann junior high school eighth grade basketball team, led by Knight and Veldman, defeated the Northville eighth graders, 37-34 in a tight battle played last Thursday evening on the Northville court.

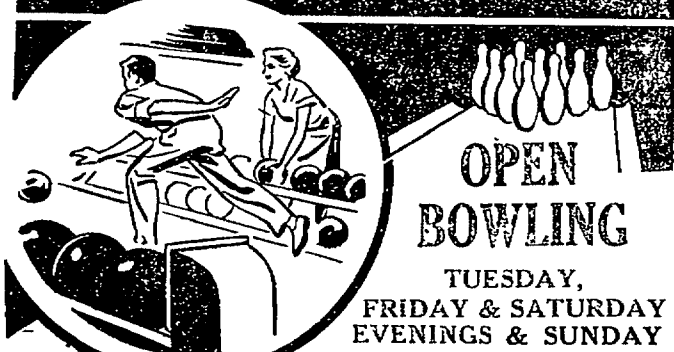

Northville started in a fury. Baskets by Nitzel, Atchinson and Patterson put the locals out front, 8-2 at the end of the first period of play. McCann came roaring back like a comet in the second quarter to score 12 points while holding Northville to a single point. McCann had a five point lead at half time. Northville came fighting back in the third quarter. Although Northville tried hard, they could not overcome McCann. The quarter ended with the visitors increasing their margin by a point to lead Northville 21 to 15.

Both teams found the range in the last quarter to score a total of 35 points. Northville managed to tie up the score with about three minutes left to play. McCann then got hot and moved out in front by nine with a little more than a minute to play. Northville rallied for six points to cut the margin and were still fighting hard when the buzzer ended the game.

Captain Knight of McCann led the scorers with 18 points. Deal was high for Northville with 12. Atchinson with nine, Patterson with eight and Nitzel with five. Other players used by Coach Madigan were Rix, Aenebacher, Eastland, Nash, Juday and Connelly.

Close Contest, But Mustangs Whip Clarkston 60-51

The Northville Mustangs, playing one of their better games, whipped the Clarkston Wolves by the score of 60 to 51 last Friday night on the local lads home court.

It was a close contest most of the way with the score changing hands several times. Clarkston led at half time 34 to 22.

Late in the third quarter the home team found the range and moved ahead keeping the score advantage at a fairly safe distance.

Darwin Teshka was high man for Northville scoring 20 points on nine buckets and two free throws.

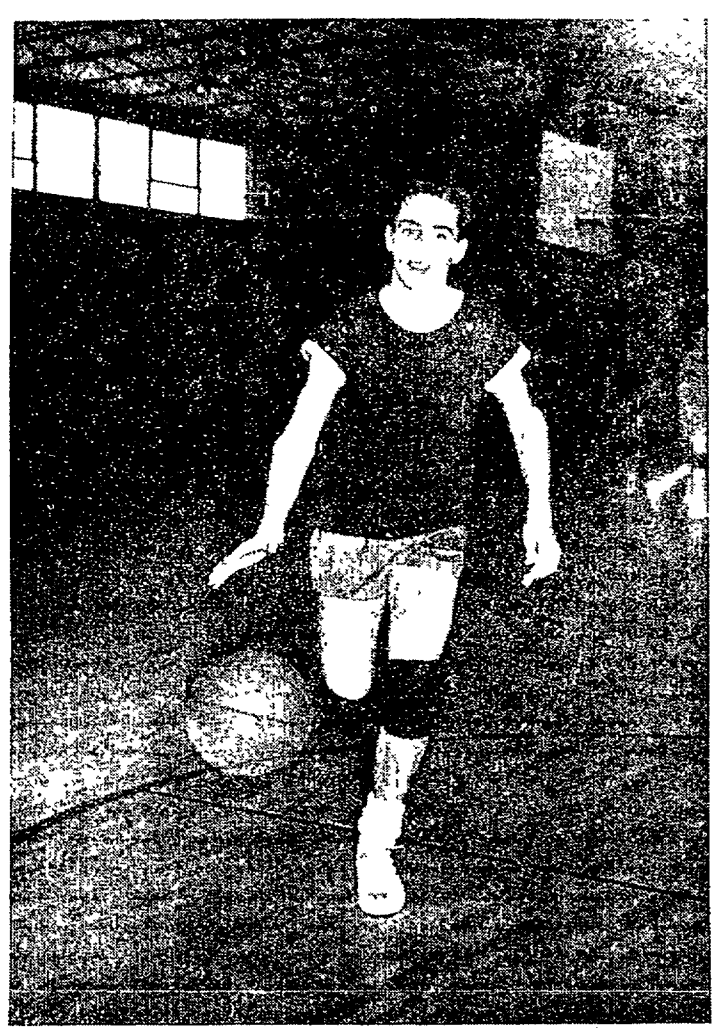

The Mustangs journey to the Lee M. Thurston school this Friday for a return contest. Northville will be looking for its sixth win of the season.

League play will continue on Feb. 3 with Clarenceville coming to Northville for the game.

Northville will be looking forward to this game as it marks the first appearance of Cap Pethers, 6'5" center who will strengthen the team's bid to overtake Millford in the race for the league title.

He was one of those tourists who like to brag about the number of miles covered in a day. As the evening wore on they passed motel after motel with the "No Vacancy" sign out. Finally, the little woman remarked, "I know we'll find one, soon, dear...people are starting to get up."

Cager In The Spotlight

DICK BIERY, 5' 10½" sophomore, is the Record's seventh Cager in the Spotlight. Dick was placed on the varsity squad this year according to Coach Johnston because, "he showed a lot of promise". Dick was a consistent player on the freshman team last year and Coach Johnston expects a lot of help from him next year. Dick is the son of Mr. and Mrs. Eldon Biery, 217 W. Dunlap.

This week the Record asked teen agers the following three-part question:

"What is your interpretation of the teen age phrase 'going steady'? What is the average time for Northville couples to go steady? and are there more advantages or disadvantages involved?"

The teen agers all agreed that going steady meant going out with one boy or girl exclusively. As for the average time to go steady...it varied between a couple of weeks to eight months.

JERRY DRESSHOUSE, 17, senior, knows that there are definite advantages involved in going steady. "It's cheaper," he said. "You save money by going dutch treat sometimes. You spend a lot of time at her house and then you raid her parents' refrigerator and you don't have to buy any food." As far as Jerry is concerned there are benefits to the deal—needless to say, he goes steady.

SUZANNE DEWSBURY, 16, junior, has never gone steady. "I don't believe in going steady in high school," Suzanne said. "It doesn't mean anything. It's an on and off affair and there aren't any benefits. A girl misses a lot when she goes out with only one fellow."

ROBERT WILES, 18, senior, said that going steady presents one problem: "When you break up you think of all the time you wasted. Another disadvantage of going steady is that you can't go out with anyone else. You might miss THE one." Then again, Robert thought that there were benefits too. "You have someone to confide in and have a sure date," he said. Robert goes steady.

CAROL BELLER, 17, senior, said that going steady has advantages. "Better boy-girl relationships result from going steady," Carol said. "Besides assuring herself of a date all the time, a girl gets to go to many more places when she goes steady." Carol has gone one step beyond steady...she's engaged.

DARRELL BURNS, 15, sophomore, blurted out that "going steady is just a waste of time...and a waste of money that could be spent for other things. I like to participate in sports," Darrell said, "and going steady would goof it up." Darrell thinks that it's all right to date, but not steady. "No advantages whatsoever," he commented.

SHIRLEY NIKODEN, 17, senior, said that going steady is fine if you find someone you really like. "There are benefits," Shirley said, "like assurance of a date but there are disadvantages too, like being taken for granted after awhile...then...you can't go out with anyone else, but if you like the one you're going steady with it doesn't matter." Shirley goes steady.

CLARENCE PATTERSON, 18, senior, has been going steady, in his words "a long time." It is his advice that teen agers shouldn't begin the practice until they're

at least juniors. Among the advantages Clarence gave were: "It's cheaper. The girl knows your finance problems and doesn't expect you to spend too much. You spend most of your time at her house and of course you always have a date." The one disadvantage Clarence pointed out was that "if you see someone else you like you can't go out with them."

SANDY YORK, 17, senior, said that there aren't any disadvantages to going steady. "Have you met anyone who isn't going steady?" she asked. Sandy said, "It means something when you're going steady. It's not like running around. You go out more and get to know the boy better. It's a good basis for marriage if you go out with enough boys because you can find out

what type you get along with best." Sandy goes steady.

CONRAD DOAN, 17, senior, said that there are definitely more disadvantages involved in going steady. "A boy has an obligation," he said. "The girls expect to go out every week end and even if a fellow doesn't want to he has to give in to the girl." Money was another issue with Conrad, "You spend a lot more when you go steady," he said.

THE OLD TIMER

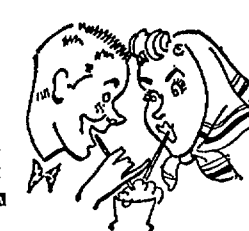

"Some people get credit for being good, when they are only becoming old!"

DOES ANYONE LOOK AT YOU THIS WAY? Sue Cantrell and Rod Dahlager show one of the advantages of going steady...any additional comment would be superfluous.

One take-off for traffic
-and two for the road-

You
ought to try
Variable Pitch
Dynaflow
NOW!

THE light is red and you're ready.
It flashes green and you go—but quick.

And that's when you discover the Number One news about Buick's new Dynaflow . . .

That it gives you brilliant new getaway response for city traffic at only part throttle—even before you switch the pitch of this airplane-principled transmission. (And think of the big gas savings that means!)

Next comes the Number Two discovery—out on the road.

For here—still without switching the pitch—you have plenty more nimble acceleration to surge or spurt ahead, to climb hills, to do with almost effortless ease all the things normally called for by highway driving.

But comes an emergency—the need to get out of a tight spot—and you discover the Number Three news . . .

That you can do what a pilot does. That you can switch the pitch of your Dynaflow blades—just by flooring the pedal. And that you get, instantly, a full-power take-off from cruising pace—an electrifying burst of acceleration—the most thrilling safety measure on four wheels today.

This is performance too good to pass up—and you really ought to try it.

It's performance sparked by the whis-

pered might of big new 322-cubic-inch V8 engines raised to record highs in power and compression.

It's performance that goes with the best ride yet, the best handling yet, the best interiors yet, the best styling yet—and, literally, with the best Buick yet.

Come in and see—and be shown—and learn, in the doing, about prices that make these '56 Buicks the best buy yet.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Willowbrook ...

(Continued)

way over: Hawaii, Fiji Islands, and Canton, Australia. They had a seven hour delay in the Fiji Islands because of the weather. Mrs. Woods is still going to keep up with the Willowbrook news. Her daughter is going to send her the paper every week.

Mr. and Mrs. Ferguson of LeBost Dr. entertained the latter sister, Mr. and Mrs. Andrew Richardson and son of Flint, Mr. and Mrs. Arthur Plankus and son Timmy of Det. and Mr. and Mrs. Ben Ferguson of Det. on Sunday.

The Brundles of W. LeBost had their first entertainment in their new home last Sat. Their guests were Bib and Elaine Voight and Ed and Ruth Grieb of Det. A evening of poker was enjoyed by all. A lunch was served later in the evening.

The ladies pinocle club met at the home of Shirley Hurlburt last Mon. evening. After games of pinocle. First prize was won by Aldean Carter, second by Ella Hobbs, third by Glenna Grant and fourth by Sylvia Klerxx. Boobie was won by Phil Berardi. A luncheon was served.

The Carters of 10-Mile Rd. entertained Mr. and Mrs. Ed Cozart and Mr. and Mrs. Ed Williams of Det. on Sunday for dinner and after a evening of pinocle.

Pete Carter celebrated his 11 birthday on Friday evening with a pajama party for five of his friends. Richard Hurlburt Tommy Morrison Claude Earl, Jerry Connelly Jerry Martin. After a evening of games hamburgers and cokes were served and then the boys bedded down for the night but sleep was a long time coming.

The Williams of Mill Stream

Lane enjoyed the hockey game Sunday evening. Especially with the Red Wings winning.

Ann Williams of Mill Stream enjoyed a snow trip to Kalamazoo Echo Valley over the week end with the senior class from Cooley.

Mrs. Carl Swenson of Providence R.I. visited her son and daughter in law the Carl Swensons of LeBost Dr. for 3 days.

Saturday evening they had dinner at Topinkas and they went to see Cinerama Holiday later in the evening. Mrs. Swenson left for home Sunday.

The Dupreys of LeBost Dr. and friends Mr. and Mrs. Walter Mayler enjoyed dinner at Lewis Dining room Friday.

Guest of the Phil Barnes of LeBost on Sat. evening were Harry and Chris Prappas and Len and Phil Berardi.

The Harry Prappas of Mooring Side Dr. were guest of Mr. and Mrs. Vourax of Redford for dinner Sunday.

Mrs. Shirley Hurlburt was guest at lunch at her former neighbors Mrs. Ella Green and friends Rose Donovan and Jean Louwman last week.

On Friday evening the Freytags of LeBost Dr. entertained Mr. and Mrs. Bernard Fernandez of Inkster for dinner.

On Sunday Donald Edward Freytag was baptized at Salem Lutheran church in Det. His sponsors were Mr. Freytag and Edward Freytag. After the service the sponsors and their families had dinner at the Freytag home on LeBost Dr.

Nowels Lumber Co. Rep. Says:

Home Improvement Will Increase Business Activity In Northville

An increased volume of home improvements will provide a strong stimulus to business activity in Northville throughout 1956, according to Harold Church of the Nowels Lumber & Coal Co., local retail lumber dealer and member of the Public Affairs committee of the National Retail Lumber Dealers Assn.

"Designation of the new year as home improvement year by housing officials in Washington has set off a great wave of promotion in manufacturers' advertising and in consumer magazines which will raise interest in home modernization to an all-time peak in all parts of the country," Mr. Church said.

"Operation Home Improvement, as the year-long program is named, will result in higher housing standards and will create increased demand for a wide range of goods and services that will mean more employment for local residents and more sales for local businesses.

"Experience has shown that home improvement work always is accompanied by a demand for new home furnishings and equipment in addition to the

building materials used on the job. More than half of the construction expenditures go for labor as a general rule.

"The nationwide program was inspired by a letter from President Eisenhower to Housing Administrator Cole pointing out that a vigorous program of home improvement was needed to round out an overall national housing program in which construction of new housing and slum clearance have received major emphasis in the past.

"Operation Home Improvement will emphasize the fact that home repair and modernization can be paid for on the time payment plan like automobiles and household appliances.

"The market potential in home improvement work is shown by the fact that half of all the 50,000,000 homes now standing in this country are 30 years old or older, and most never have been modernized."

"A bachelor is a man who loves life, liberty and the happiness of pursuit."

Inglis...

(Continued)

straddler" when he finally was forced to a decision.

That situation dates back to Feb. 23, 1951.

As an outgrowth of the Kefauver hearings, bringing into public view some of Hazel Park's stockholders, it developed that Andrews, under oath, had admitted during a 1940 grand jury hearing that he had held 25 per cent interest in a handbook and card game at 11717 Woodward.

The establishment, the testimony disclosed, paid \$500 monthly in protection money.

Andrews was Hazel Park's biggest stockholder. Harris could have cracked down hard and forced Andrews out of active participation in the conduct of a race track.

He didn't. He made a hair-splitting decision. Andrews lost a title, but kept right on running the track.

Year by year, until last week, Hazel Park has protested virtually every ruling Inglis has made. It charged him with a

constant campaign of "persecution". When he cut three days from its 1955 date list, Hazel Park officials said:

"His reasoning bears all the earmarks of a high-powered press agent for mile tracks. He lacks the qualifications of basic fairness, so essential in a public official."

At other times Andrews and other Hazel Park officials have termed the commissioner "whimsical, capricious, arbitrary, prejudicial, curt and callous."

What about the other running group, the Michigan Racing Association?

As long as the MRA held a carefully calculated advantage over its rival, Dale Shaffer and George Haggarty, the kingpin of the organization, publicly found no fault with Inglis.

The love feast came to an end last year.

Haggarty worked out a plan to sell the track to Boys Inc., an organization directed by Texas Oil Millionaires Clint Murchison and Sid Richardson.

Inglis was caught in the middle of another storm. Violent protests by church groups were carried to the legislature.

The fight was highlighted by a "kiss-and-tell" letter released by a former MRA official which rubbed considerable luster off the "philanthropic ideal" of the would-be purchasers.

It helped kill the sale and then the legislature voted to bar all charity racing in Michigan.

That didn't take Inglis out of the woods, however. Haggarty came up with another sale plan. This time the Detroit Race Course was sold to the Oxford Building Co.

The attorney general advised Inglis that he had no authority to approve or disapprove the transaction.

The politic thing would have been for the commissioner to drop the matter there.

But that isn't Inglis' way. He thought he was entitled to know the background of the sale; he thought the public, too, was entitled to the facts. That he stepped heavily upon plush boots didn't deter him.

Inglis revealed that, of the \$2,750,000 which Oxford Building paid for the track, Shaffer and Haggarty either put up or guaranteed all but \$400,000. He likewise, showed that the sale enabled the track to eliminate ALL Federal income tax for 1955 and will result in a \$90,000 refund for 1953.

When the MRA lost the preferred opening race meet for 1956

Teach More Science In H. School-Chemist Says

Editor's Note:

The writer of the following article lives at 47500 W. Six Mile Rd., Northville, is associated with Wyandotte Chemicals Corp. and has some definite ideas on the curriculum that should be taught in the Northville High school. He has this to say about himself:

"I got my degree in chemistry at the Univ. of California too many years ago to mention. ... I do a bit of spare-time writing and have appeared twice in the Saturday Evening Post, once in CHALLENGE, a magazine published by the Institute for Economic Affairs, New York University."

WHAT SHALL WE TEACH?
by F. R. Sproule

This is a vital story which those of us in science and engineering are being urged to tell. Having failed in my efforts to get it before the Citizens Committee and the PTA I am grateful for the RECORD's offer to print a brief summary, which will necessarily lack explanation and confirmation.

Planning for the new Northville High School comes at a time when Soviet expansion has

and was given four less dates than Hazel Park, it provided a new basis on which to attack Inglis.

What about the harness tracks? Inglis has irked Northville operators because he forced them to make some long overdue improvements of the stable area.

Owen (Bert Brennan, a top harness racing figure, led a move to oust Inglis and replace him with a three-member commission.

Frederick L. Van Lennep, owner and president of the Wolverine Raceway, and his associates furnished something less than warm and enthusiastic support in a stimulated case which brought year-long suspensions to Wayne (Curly) Smart, one of the nation's premier reinsmen, and Carl Larsen, a driver for Van Lennep's Castleton Farm.

The State Racing Act of 1933 specified that the racing commissioner should submit an annual report to the governor. From 1947 to 1953 the commissioners didn't bother. Inglis has reported every year. His 1955 report, is a 52-page affair covering every phase of racing.

Is everything Inglis does proper? Hardly. He's one man against a multi-million-dollar industry. There are times when the kid-glove treatment might have eased his way and won a point. He simply isn't cut from that pattern.

Could he promote greater harmony with a switch in tactics? Probably, but the track promoters often act like spoiled brats and there is no assurance they would take to a milk-and-honey diet any more than they have to Inglis' vinegar-and-salt menu.

Before 1949 thoroughbred racing in Michigan was simple. There was one organization operating on state-owned property with a small investment of its own. With rival tracks and a growth in interest and betting there came new and bigger problems.

Racing likes neither curbs nor airtight supervision. James Hughes Inglis has brought both to Detroit tracks.

In the process of handling a thankless job he has become the most controversial figure in Michigan sports.

LEGAL

John L. Crandell, Atty.
Northville, Michigan
STATE OF MICHIGAN
County of Wayne
ss. 436,294

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the sixteenth day of January, in the year one thousand nine hundred and fifty-six.

Present James H. Sexton, Judge of Probate.

In the Matter of the Estate of JAMES E. JACKSON, a minor.

The petition of James H. Dick-ey having been heretofore filed in this court praying that he or some other suitable person be appointed guardian of said minor.

It is ordered, That the twentieth day of February, next at two o'clock in the afternoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

James H. Sexton,
Judge of Probate
I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

John E. Moore,
Deputy Probate Register
Dated Jan. 16, 1956

35-37

gained a better understanding of our world and of scientific methods; that enough space and equipment be provided for laboratory work, without which science courses are crippled; that our science teachers be thoroughly educated in science as well as in education—this means paying as much or more than the science-trained person can get in industry (the difference is about \$100 a month).

Knowledge alone will not win the struggle to keep our freedom. It must be wedded to character. Research has shown that the traditional methods of character education used in schools do not produce results. Delinquency and crime in the U.S. are increasing four times as fast as the population. A committee of teachers and laymen should be appointed to study (non-religious) character education techniques that have proven successful in upgrading actual behavior of children.

There is space only to name other necessities that should be insisted upon: knowledge of how our economic system works — surveys have shown that alarming misconceptions are widespread among high school graduates; physical education for all — in this automobile-TV age our children are not as strong physically as those in Europe; investigation of devices to ease the teacher shortage — it will be physically impossible to train enough to fill the gap coming up so we must look to aides, TV, loan of scientists from industry (already in effect in spots), and above all better pay for teachers and merit raises for outstanding ones, who are worth their weight in gold.

This brings up the well known problem of where to get the money. Federal aid is a delusion. It would give back to Michigan less than Michigan taxpayers would have to send to Washington. It is not Federal aid to Michigan but Michigan aid to poorer states and employees of Federal bureaus. If this con game is the only one taxpayers will play I suppose it is inevitable. But we should remember

THE NORTHVILLE RECORD—Thursday, January 26, 1956—15

that control has a way of taking up residence finally at the place where appropriations are made. We should put on and sustain a concentrated drive to persuade the State, County and City of Detroit to recognize the Federal Government's long - established principle—educational grants to school districts in which its institutions are located. If persuasion fails, and after due notice, we should refuse to educate children living on tax-free land, and deny every privilege in our power, unless the property owners decide to play fair and pay for schools in the amount that would be due if the land were privately owned and used for the same purpose.

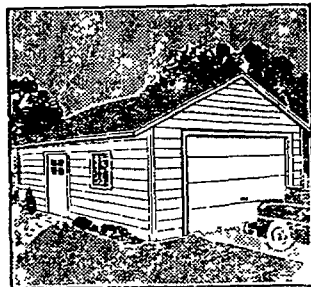

One way or another, let's make Northville schools the best in the State. A special assessment of \$10 a head, or a tax of 1 cent per dollar of assessed valuation would put us over the top. Can we honestly say, in these prosperous times, that we cannot afford it? It has been shown that a superior educational system pays the community in every way, even in dollars and cents. There's no better investment than Johnny and Jane. The best in education doesn't cost; it pays.

"There are more men looking for a position than for a job, and more men looking for a job than for work."

E. NIRIDER - OWNER

Cadillac

He's Looking for a Mountain!

You see, he knows what he has down under that beautiful hood—a great, powerful V-8 engine that's pulsing with life—and he's simply itching to give it the word!

But he is a sane and sensible driver, who stays within the regulations and observes the laws of common sense—and he knows he can't unleash that engine on a normal stretch of highway.

So he's looking for a big, long, steep hill. Maybe he can get the throttle down there for a short thrust—just to see what it's like!

Well, maybe so—but even on a mountain, he won't use full throttle for long. For this car is powered far beyond all normal requirements.

Why, you might ask, is this so?

Well, in the judgment of Cadillac engineers, it's done for a number of vital and important reasons.

First of these is safety. A great reserve of power for the quick escape from an emergency is of the essence of highway safety.

Then there's economy. A big, powerful engine that loafs at normal speeds permits the use of an axle ratio that makes for gasoline economy.

There is long life, too—for the absence of strain adds years and years to the life of any mechanism.

And finally, there is the great riding and driving luxury that comes with extra power . . . the whisper-silent engine, the instant response to the throttle, the sense of safety and security.

Why not come in soon and see for yourself? We will be most happy to supervise a personal demonstration on the highway.

The car is waiting for you—and any time you find the time would be a good time for a date!

I'M A BUSY MAN!

YESSIR, I'm a busy man, with important things to do. Rooms to mess up — toys to tear apart — cereal to spill. I don't like to have my schedule upset because Mom decides to drag me along to some far-away sale. Now don't get me wrong; I'm willing to help with the shopping. In fact, when it's done right in this community, I sort of like it. I meet the other fellows who are helping their folks with shopping, and I give the girls a big hello. And it's my chance to meet the local businessmen who are paying for the parks and schools I'll be using. That kind of shopping is fine. But going out for hours at a time — through miles of heavy traffic, and into jammed-up, strange stores — I'm against it! Mom

thinks she's saving money, but she can't kid me. By the time you figure gasoline, parking, wear and tear on both Mom and the car — *where's the saving??*

And that's just part of the story. Actually, in 9 cases out of 10, Mom can get the **SAME** goods — *at the SAME prices or lower* — right here in town. She would be getting personal attention and extra service from the local merchants who are building up regular patronage from the people of this community.

Mom would have more time to spend with me. I would have more time at home to get things done. Like I said, I'm a busy man . . .
