TRACK REZONING IS GRANTED

Skaters were out in force last Saturday for the annual skating contest at the Mill Pond. The contest, sponsored by the Northville Recreation Dept. and Northville Optimist club, drew a record number of entries. Girls and boys exerted every effort to win, as you no doubt have surmised from the facial expressions in the pictures on the left.

Paves Way For \$117,500 Per Year Income

The Northville City Council this week amended the city's zoning ordinance to permit construction of stables required by the state as a condition to permitting harness racing at Northville Downs next summer.

In so doing, it paved the way for the city to gain approximately \$90,000 of revenue from the races as its share of the state's tax on pari-mutuel betting at the local track, plus an additional \$17,500 directly from Northville Downs if the race syndicate continues to pay the city \$500 per day for special services during the race meeting. The latter payment has been made each year in the past as "compensation for special police protection, water, fire and other municipal services."

No Protest

The council's action on zoning came quietly and without opposition Monday evening before only a handful of spectators. This was in sharp contrast to the scene last November when the Village Commission took similar action in the face of vigorous protests by city and township residents. The earlier action would have permitted the stabling of an unlimited number of horses on the St. Lawrence property throughout the year, dependent upon the needs of horsemen for training quarters. It also ignored the unanimous recommendation of the Village Planning Commission that use of the new property be restricted to a period starting 15 days prior to the summer race meeting and ending 15 days afterward, and an abortive attempt to have the zoning amendment passed at a special Saturday morning meeting which would not have allowed time for the public to be informed about the Planning Commission's restrictive recommendation.

Earlier Action Illegal

The Village Commission's action was declared illegal by the court.

\$102,600 City Budget Set For Four Months

A public hearing on an interim City of Northville budget for the four months March, April, May and June has been scheduled by the City Council for Feb. 20 at 8 p.m. in the City Hall.

The short-term budget is made necessary by the changeover from a village with a fiscal year ending Feb. 28 to a city whose fiscal year starts July 1. The city is now functioning under the old village budget covering the period from Mar. 1, 1955 to Feb. 28, 1956 but must appropriate funds for the four months prior to the start of the new fiscal year.

The proposed budget as submitted by Budget Director A. Russell Clarke at the Council meeting Monday evening totals \$102,600, of which \$8,000 will come from the City's anticipated surplus at the end of the current fiscal year on Feb. 28 and \$19,600 will come from miscellaneous receipts.

Clarke pointed out that the City's situation with respect to the gap between the end of its old fiscal year and the start of its new year would normally require short-term borrowing to bridge the gap, and a larger tax levy next year to cover a 16-month period. The receipt of a total of \$105,463 from racing last summer through becoming a city against an anticipated total of \$21,500 under the old village charter, enables the city to end its current fiscal year with a surplus of approximately \$83,000, he said. This makes borrowing unnecessary.

The largest single item in the proposed interim budget is \$46,800 for streets. This includes \$21,600 for paving Oakland, Rouge, Novi, Carpenter, Grace, Lake, Rayson, N. Rogers, Dubuay and Linden streets, which was pre-

vented last fall by the weather, \$4,500 for engineering streets and sewers in the Oakwood subdivision, \$9,000 for payrolls, \$3,000 for oiling, and the balance for miscellaneous small items.

Also included is \$7,500 for curbs and gutters along the alley on the north side of Main St. between Hutton and Dunlap streets, \$5,900 for the Carlisle St. storm sewer and \$4,000 for sidewalks on S. Center St. to replace those destroyed when the street was widened last fall.

The proposed budget will be available for examination in the City Clerk's office during normal business hours from now until the hearing on Feb. 20.

Ford Plant Awards Expansion Contract

The Ford Motor Co. announced this week that Walter J. Couso and Co. had been awarded a contract to build a one story, 20,000 square foot addition to the Ford Valve plant in Northville.

Completion In 1957

Construction is scheduled to begin at the convenience of the Ford plant. Ford officials have said that excavation will probably begin next week with the completion date set for early in 1957. The contractor, W. J. Couso told the Record Tuesday that his men had already started moving their tool sheds and field offices to the proposed site.

The Ford valve plant now produces exhaust valves for all Ford and Mercury engines. Following completion of the new addition the plant will also produce intake valves.

School Board Decides On 2 Mill Hike

Preparations are being made for residents of the Northville school district to go to the polls Tuesday, March 20 to vote on a two mill increase in the school tax. The millage change would be for a five year period at 8 mills a year.

The millage increase and voting day was decided at the regular Board of Education meeting Monday, Feb. 6.

Teachers Salary

One of the basic reasons for the increase is to provide additional sums of money for a new teachers salary schedule.

Teachers Present Salary Study. Ronald Schipper and LaGene Quay, co-chairmen of the professional problems committee of the Northville Teachers club, presented a salary study and a proposed salary schedule to the school board.

The salary study, prepared from information obtained from Wesley Thomas, assistant executive secretary Michigan Education Assn., included 42 schools in the Detroit area.

The following three items were included in the report: the trend is to establish increments between \$250 and \$300; the trend is to set a \$4,200 minimum with a BA degree, and many schools in the area are requesting \$7,000 to \$7,500 maximums with MA degrees for this next year.

Salaries Here Hit Bottom

Of the 42 schools listed in the report Northville had the lowest starting salary schedule: \$3,350 with a BA as compared to an average of \$3,850; \$3,550 with a MA as compared to the average of \$4,000.

Amernman Presents Budget

Supt. Amernman presented his study of a proposed budget report for the coming school year. The report included the following items pertaining to salary schedules: \$4,000 for BA degree; \$4,200 for MA degree; \$170 yearly increment (remains unchanged), and also included the hiring of five additional teachers.

Amernman stated that the budget was based on the assumption that the 8 mill levy will pass. If the millage increase does not pass there probably will be no salary increase. Total figures in the report showed that the budget was figured to a close margin: \$535,000 Expenses, and \$538,000 Income.

The salary schedule will be discussed further at the March meeting.

Advisory Committee

George Clark, chairman of the Citizens Advisory committee, presented each of the board members with a completed study report in regards to plans for a new high school.

Approximately 60 pages of information made up the report. Sections were divided according to committees.

The Citizens committee will make the report public at a mass meeting Thursday, Feb. 23. The meeting place has not been determined but will be published as soon as it is decided. The public will be invited to hear the report and ask questions.

One of the most important remarks in the report, according to Attorney James Littell, is the fact that Northville can sufficiently support its own school district; however, if it annexes any additional districts the study report will be useless.

A motion was made and passed (Continued on Page 6)

First Twp. Constable Sworn Into Office

Robert L. Hazlett, 42825 Mill St., was appointed constable of Northville township Feb. 7 and sworn into office by Township Clerk D. J. Stark.

Township Attorney James Littell will brief Hazlett in his duties this week. The position of constable was made on a call basis since the township demand is not great enough to demand a full time constable.

A tentative plat, involving the building of five houses immediately and five in the future, was submitted to the township board by John Northup.

The houses will be built on 20,000 square foot lots on Clement Rd. between 7-Mile road and Main St. The lots border the western boundary of the City of Northville.

The zoning board is planning to act on the plat Tuesday, Feb. 14. If the plat is approved, the township board might possibly call a special meeting to give final approval.

Voting Locations

Supervisor Mollie Lawrence asked township members to give some thought to determining voting locations. Since township residents must vote in the township two voting places are needed, one for each precinct.

Attorney Littell suggested to the board that they might also (Continued on Page 6)

Northville Tax Base Discussed For 1956-57

The assessment roll for Northville taxes this year will be prepared by using the former village assessment figures as a base rather than those of Northville township if the City Council has its way.

This decision was reached after Councilman John S. Canterbury referred to a statement by City Assessor E. M. Bogart in last week's Northville Record that the coming tax levy would be based upon township figures.

How Problem Arose

The tax problem this year is a result of the incorporation of Northville as a city which now must levy taxes for county and school purposes as well as for its own operating expenses. Previously, the county and school taxes had been levied by Northville township on the basis of township valuations, considerably lower in many instances than those which the village was using. The village had been forced into across-the-board increases in its valuations in recent years to obtain a tax base sufficiently high to yield sufficient operating revenue from the maximum tax rate of 15 mills that villages can levy. If Northville's school and county taxes were to be levied on the old valuations they would be much higher than those paid by property owners in the township, and manifestly unfair, Canterbury pointed out.

To prevent this, the valuation of property in Northville must be reduced to about the township level, and the tax rate raised proportionately to yield the same amount of revenue, at no additional cost to individual taxpayers.

Other councilmen concurred in Canterbury's suggestion and (Continued on Page 6)

March of Dimes Collects \$2,684

According to final figures released this week from the Northville March of Dimes Chairman Mrs. J. W. Reynolds \$2,684.22 was collected in Northville during the recent campaign.

A breakdown of group contributions follows:

The polo equipment show sponsored by the Northville Optimist club and presented by Dr. Donald Young, \$40.75.
Blue Crutches, \$169.08.
Mothers March, \$1,396.45.
Canisters and Coin Cards, \$380.15.
School Coin Cards, \$393.81.
Peanuts, \$192.86.
High School Dance, \$65.94.
Senior Council, \$50.

Random Notes

From "file 13"

Perhaps it would be timely at this time to warn all men that Tuesday is Valentine's Day. Custom dictates that on this day you give the woman of your heart an appropriate gift, and common sense dictates that men had best not forget this day.

As for reminding the women, they don't need reminding. Somehow they always remember these special days, anniversaries, etc.

Good news for the economy of the community, was received this week when Ford Motor Co. announced that construction on the new 20,000 square foot addition to the Ford valve plant will begin early next week. Employment at the plant is expected to be approximately 30% above the present level by mid-1957.

And we recently read with

some relief that a noted child psychologist is quoted by a national magazine as saying that "Your children are perfectly normal if they are dirty and noisy."

We also note in a recent issue of Business Week that boating is getting more colorful. "Newest run-arounds have two-toned hulls, palamino seat covers — and matching water skis and swim suits for your wife."

And perhaps it would be a good idea to put in a plug for the Rotary club's Valentine dance being held Saturday evening at the Northville Community Bldg. Wives may purchase tickets for themselves and their husbands for the small sum of two bucks each and all profits go to the (Continued on Page 6)

For the Busy Homemaker

"I've Got A Hint . . .

Mrs. Rano Papini
Spring Cleaning

This time of year homemakers begin to get that speculative "I-believe-I'll-start-housecleaning" look in their eyes. It's that annual, relentless, ever recurring hassle with mops, brooms, windows, curtains and closets. Some housewives clean one room a month the year 'round thus avoiding the confusion resulting in the "do-it-all-at-once" method.

Whatever the method, each homemaker has her own special way of starting this necessary spring upheaval.

When To Clean Closets
Mrs. Rano Papini, 254 Wing Ct., our homemaker this week says she starts cleaning her clothes closets on dark or rainy days, waiting for the warm and sunny times to do the cleaning that requires more outdoor activity. She starts early in the year and does the cleaning gradually.

By the time brighter weather arrives Mrs. Papini finishes with the closets and drawers and ready for more interesting chores.

The Papinis have three children: Claire 8, Penn 9, and Rano Paul, five months.

BIRTHDAYS

Mr. and Mrs. David Medoff of Los Angeles are the parents of a son, Michael Scott, born Jan. 27. Michael weighed 6½ pounds. Mrs. Medoff (Geraldine Shames) is the daughter of Mr. and Mrs. H. Shames of S. Wing St.

Are You The Girl That Your Husband Married?

Are you the gal your husband married . . . the one with stars in her eyes, a smile on her face and just downright plain bubbling with enthusiasm? Or have you changed to a shrew . . . a nag . . . and a heck of a wreck just because housework wears you to a frazzle?

If that's the case, then this is for you, but if you don't fit in this category don't rush off. . . we need you.

There Must Be A Way

There's just got to be a shortcut to everything including ways to simplify the art of homemaking. We don't know the answers, but you do. Each and every one of you homemakers has a secret for making some part of your job easier . . . how about sharing it?

Free Subscription

The Record is offering a one year subscription to every woman whose helpful homemaking hint is published.

We Need You

We will appreciate any cooperation afforded us in developing this new feature and we'd like to insert this thought . . . only you, the homemaker of Northville, can make this feature a success.

Through trials and experiences you have developed systems, methods and perhaps even the right timing for certain jobs. The improvisations you have worked out through the years, whether it's dusting with two cloths or dunking your venetian blinds in the washtub instead of doing them one by one, if it saves you time or makes a job easier that's what we women want to hear.

How To Enter

If you have a hint give us a buzz at Northville 200, or write us in care of the Northville Record, or drop in when you're downtown. We'll be waiting to hear from you.

Looking To The Future

If enough hints are passed around maybe we can all get our work done sooner, have time for an early bridge club, get dinner ready on time, and be raring to go dancing in the evening. Anyway, it sounds like a good idea.

White Material Needed for Cancer Pads

Mrs. Merritt Meaker, service chairman of the American Cancer Society, asks the women of Northville and vicinity for donations of soft, white materials for use in making cancer pads. The material may be taken to Freydl Cleaners.

Anyone in this vicinity needing these pads, may contact Mrs. Meaker by calling 405 for information.

Texas Visitors In Northville

Mrs. Jack Potts and 10 months old daughter, Teresa Guerin of Texas are in Northville visiting her parents, Mr. and Mrs. Robert Yerkes of Haggerty Rd.

On her motor trip to Michigan, Mrs. Potts visited her late husband's parents in Center, Tex., and her brother-in-law and sister, Mr. and Mrs. Pittman Browne in New Orleans.

Two Weeks Left To Buy License Plates

Only two weeks remain for purchasing of 1956 auto license plates, according to John Litsenberger. Motor vehicle licenses may be obtained at the Litsenberger Shell station, 340 N. Center St., every day excepting Sunday from 9 a.m. to 5 p.m.

NORTHVILLE MOTHERS CLUB MEETS MONDAY

The Northville Mothers club will meet Monday at the home of Mrs. Fred Collins on Cady St. Hostesses will be Mrs. H. Adrian Willis and Mrs. Cliff Hill.

Red Cross Branch Elections Feb. 13

B. Ware, secretary of the Northville branch of the American Red Cross, announced this week that the group will hold its annual election of officers in the Teachers' lounge of the Elementary school Feb. 13 at 8 p.m. All residents are urged to attend and support the work of this agency.

The local branch has decided to sponsor blood banks at St. John's Seminary, the Detroit House of Correction and the local bank in Northville. The Ford Motor Co. and the Northville State hospital will also participate.

It is necessary that some policy be formulated for dispensing blood as there have been many requests made to the local bank from residents outside the immediate community.

Citizens are urged to attend and help decide these questions which concern everyone. "Learn of the progress made in civil defense by your Red Cross branch," Ware said.

Annual Girl Scout Fair Feb. 9 Includes Card Party and All The Trimmings

"The Community Building is going to be buzzing with activity this evening," according to Mrs. Rano Papini, publicity chairman for the Girl Scout Fair.

Exhibits of handiwork, representing 14 girl scout and brownie troops, will be on display in the lobby. The Girl Scout Card Party will be held in the music room.

Prizes, Refreshments

"A pleasant evening is in store for those who will be in attendance," said Mrs. Papini. Among the extra attractions will be the table prizes and door prizes which will be raffled. Refreshments will be served by mothers of the scouts . . . and may we remind you that the scouts and their mothers are well-known in this area for their culinary art.

Directing the plans for the fair

Garden Club Meets Monday

The Northville branch of the National Farm and Garden Ass'n. will meet Feb. 13 at the home of Mrs. Paul Schulz on W. 7-Mile Rd. when growing plants will be exchanged as Valentines.

A panel of past presidents of the club will present a round table discussion of spring planting.

Mrs. Ralph Hay, Sr. will present "Roses for Every Spot in the Garden"; Mrs. Roy Matheson, "Flowering Shrubs"; Mrs. William B. Walker, Jr., "Succession of Bloom With Perennials"; and Mrs. Joseph Denton, "New and Old Annuals for Color in Summer Gardens". Mrs. M. L. Hoysradt, Mrs. Paul Schulz and Mrs. R. D. Merriam complete the panel and will answer questions of the members.

Assisting hostesses are Mrs. Merriam, Mrs. Hoysradt, Mrs. T. G. Hegge, Mrs. Samuel Geraci and Mrs. Frank ZeBorick.

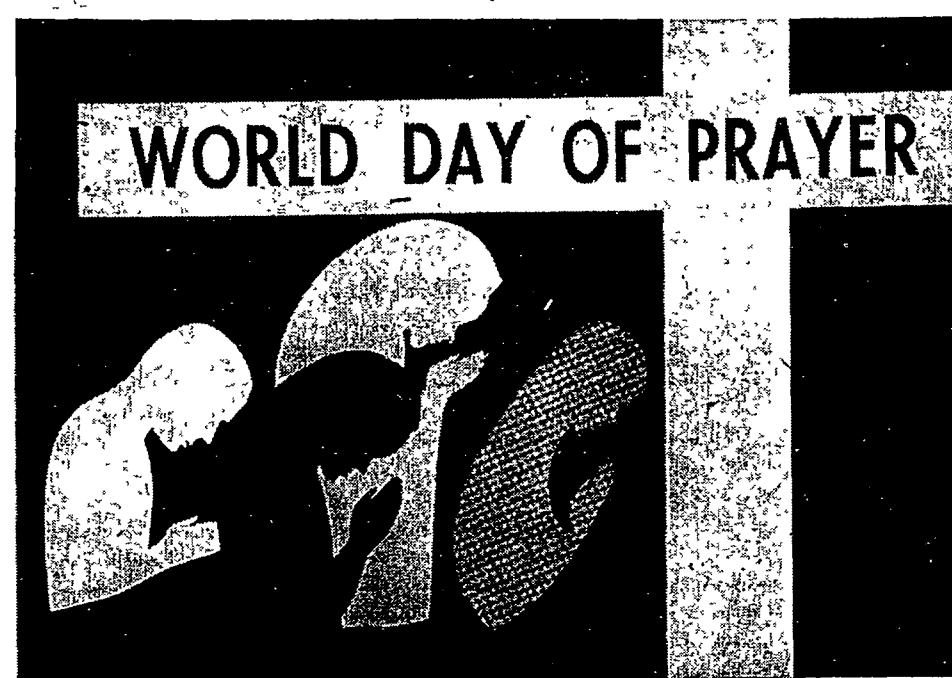

Party Surprises Thomas Campbell

Mr. and Mrs. Thomas Campbell of Wing Ct. gave a surprise birthday party for their son, Thomas Malcolm Saturday.

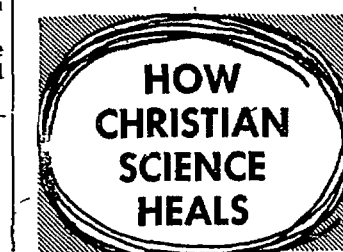

Guests included Miss Jean Polley, Mr. and Mrs. Robert Lane of Plymouth, Mr. and Mrs. Robert Campbell of Livonia, Mr. and Mrs. John Angell of Detroit, Mr. and Mrs. Larry Burnett, George Gardner and Miss Alayne Austin of Northville.

Following a chicken dinner the young people showed movies and played games.

Women Pray For Peace

THE WOMEN OF NORTHVILLE are invited to join with women of 20,000 United States communities and in more than 134 other countries to observe the World Day of Prayer at the First Presbyterian Church, 1:30 p.m., Friday, Feb. 17. These services of prayer will circle the earth for more than 24 hours and women will pray in more than a thousand languages and dialects for understanding among the nations of the world and salvation of multitudes who have never heard the Gospel. With these prayers will go offerings of money and material goods to help relieve human need and suffering. This 70th year is marked by a service prepared by Indian American leaders in Cook Training School in Phoenix, Ariz., using the theme, "One Flock, One Shepherd".

MEMORY LANE

HOME BY THE RANGE.
Remember when nearly every kitchen had an article of furniture, referred to as the "wood box"? It was sometimes neatly covered with wall paper; it had an insatiable appetite for "kindling wood" and, it seemed to you, always had to be filled when you wanted to play with the neighborhood kids. Remember?

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Mrs. E. B. Cavell has given us a dessert that will have your guests or your family calling for a repeat performance. That is exactly what happens to Mrs. Cavell, for everytime she entertains her bridge club they request that she serve this delicious Blitz Torté—and she usually obliges.

Mrs. Cavell, who is noted for her excellency in cooking, and Dr. Cavell reside at 315 Griswold

Ingredients:
1/2 cup sugar
4 eggs, separated
1/3 cup milk
2 tbs. soft butter
1 cup flour
1 tsp. baking powder
Vanilla

Cream sugar and egg yolks and add milk. Sift flour and baking powder and add to first mixture. Cream well and pour into two 8 or 9-inch cake pans.

Beat egg whites until foamy and gradually add 1 cup of sugar and beat until stiff. Spread this on top of the cake batter and cover the meringue with sliced blanched almonds. Place in oven set for 275 degrees and bake one hour.

Filling

1 egg
1 tbs. flour
1/2 cup sugar
1 cup hot milk
Cook until thick. Cool and spread between layers having meringue on top and bottom of the Torté. Spread whipped cream around the sides of the cake.

Serve this with fresh strawberries (or frozen, if fresh ones are not in season) and drool!

BPW Organized In South Lyon

South Lyon now has a Business and Professional Woman's organization. Mrs. John F. Stenson of W. 6-Mile Rd., president of the Northville BPW, organized the new club Feb. 2 at a meeting held at the home of Mary Ann Miller, a dental assistant in South Lyon. The eight members who joined will be charter members. More members are expected to join within the next two weeks.

Other members of the Northville club who attended the meeting were Miss Dorothy Vroman, vice-president, district chairman Evelyn Burke, State Secretary May K. Burke and Mrs. Arthur Carlson.

LOSE UGLY FAT

IN TEN DAYS

OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product, called DIATRON, cures both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urges for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE. You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Cunniff Drug Store, 102 E. Main. Mail orders filled.

Obituaries

Camilla Sarah Risner

Miss Camilla Sarah Risner, 82, died Sunday at the Oakland County Infirmary in Pontiac. She was born May 16, 1873 at the farm home of her parents, William and Sarah on 11-Mile Rd. near Taft Rd. She is survived by a nephew, Otto Risner, of Manitou Beach and two nieces, Mrs. Rowena Sallow of Novi and Mrs. Shirley Shepherd of Walled Lake. Funeral services were held at Casterline Funeral Home on Wednesday with the Rev. Peter Nieuwkoop officiating. Burial was in Oakland Hills cemetery. Miss Risner had lived in the Novi-Northville area all of her life.

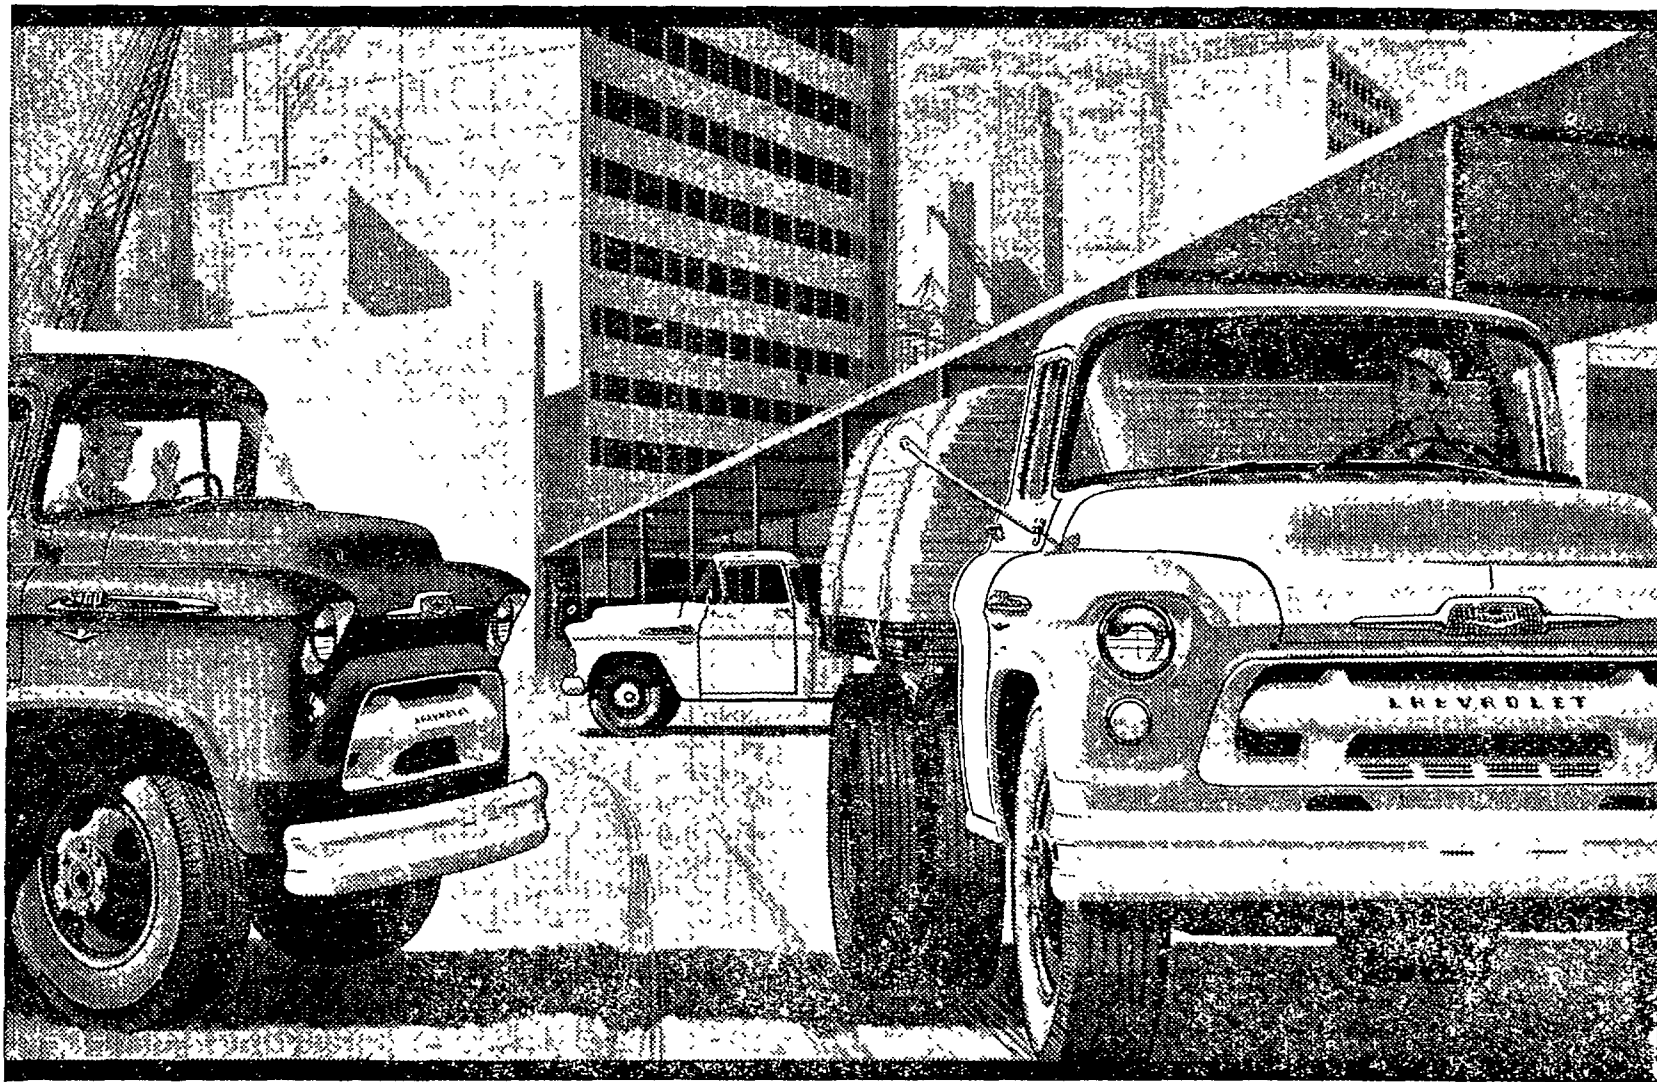

Robert S. Burpo

Funeral services were held on Tuesday at Casterline Funeral Home for Robert S., infant son of Mr. and Mrs. Dewey Burpo, 125 W. Main St., Northville. The infant died in St. Joseph Mercy hospital, Ann Arbor, Saturday. Rev. Peter Nieuwkoop officiated at the services and burial was in Rural Hill cemetery, Northville.

Meakers Celebrate Family Birthdays

Merritt Meaker, Jr. and family of Dearborn and his sister, Helen, a student nurse at Bronson Methodist hospital in Kalamazoo, were guests of their parents, Mr. and Mrs. Merritt Meaker of W. 7-Mile Rd. last week end. Merritt had a birthday Jan. 30 and Helen has one Feb. 14, so both birthdays were celebrated with a family party.

Packing the biggest power punch in Chevrolet truck history!

New Chevrolet Task-Force Trucks for '56!

A short-stroke V8 for every model! Higher powered, higher compression 6's! More power for tight schedules and tough jobs... modern power that saves you money every mile!

You get plenty of "horses" to haul your loads in new Chevrolet Task-Force trucks. Power's been boosted right across the board in modern short-stroke V8's and efficient valve-in-head 6's! There's a V8 for every model, either standard or as an extra-cost option. And Chevrolet's famous truck 6's have higher than ever compression ratios! Come on in soon and let us show you all the new advantages you get in these great new Chevrolet trucks for '56!

Anything less is an old-fashioned truck!

CHRISTIAN SCIENCE

CHURCHES
Main and Dodge Streets
Plymouth, Michigan
The availability of true joy and
harmony in spite of seeming dis-
cord will be emphasized at Chris-
tian Science services this Sunday.
"Soul" is the subject of the
Lesson-Sermon, a word which
when capitalized is used in
Christian Science as one of the
synonyms for God.
Scriptural selections will in-
clude the following from Ro-
mans (8:5,6): "For they that are
after the flesh do mind the things
of the flesh; but they that are af-
ter the Spirit the things of the
Spirit. For to be carnally minded
is death; but to be spiritually
minded is life and peace.
Among the passages to be read
from "Science and Health with
Key to the Scriptures" by Mary
Baker Eddy will be the following
(390:7): "It is our ignorance of
God, the divine Principle, which
produces apparent discord, and
the right understanding of Him
restores harmony. Truth will at
length compel us all to exchange
the pleasures and pains of sense
for the joys of the Soul."

FIRST BAPTIST CHURCH

MOST SUCCESSFUL CHRYSLER IN HISTORY!

THE YEAR-AHEAD CAR!

Here's dramatic proof that there's more that's new in Chrysler
than in all other competitive cars combined!

New in 1956	Chrysler	Comparably- priced Car "B"	Comparably- priced Car "C"	Comparably- priced Car "M"
Major style changes	YES	NO	NO	NO
Longer Body	YES	NO	NO	YES
New Pushbutton Drive Control*	YES	NO	NO	NO
New Revolutionary Brake System	YES	NO	NO	NO
Hi-Fi Record Player*	YES	NO	NO	NO
Increased Horsepower	YES	YES	YES	YES
Instant Heating System*	YES	NO	NO	NO

And the other 3 cars still do not have full-time power steering and the airplane-type
V-8 engine... major advances which Chrysler has had for years!

*Optional at small extra cost

And you can own a bigger, more
powerful Chrysler Windsor V-8 for
the cost of a medium-price car...
even for the cost of a "low-price" car
with all the optional equipment.

Our "Quality 1st" Used Cars are the best Used Cars
in town—only at the Chrysler "Sign of Quality."

46TH ANNIVERSARY 1956

BOY SCOUTS OF AMERICA

Happy Birthday, Boy Scouts

We salute the Boy Scouts of America on its 46th birthday, now being observed during Boy Scout Week, Feb. 6 to 12.

Scouting is a program for all boys everywhere. It is successful in the widest rural areas and in the most congested cities. It possesses an inherent appeal for the healthy, vigorous, normal American youth and also offers fields of achievement for the handicapped.

It has often been said that a boy can always find something to do. It is, when he finds something to do that does not measure up to reasonable standards that he may get in trouble. Scouting offers a steady hand that often tips the scales away from delinquency.

Scouting has three program parts to meet the needs of boys of different age levels.

Cub Scouts

Over one million families, together with their eight-to-ten-year-old sons participate in Cub Scouting, said to be America's largest and most dynamic parent and boy program. Today there are 1,430,000 Cub Scouts in 36,000 Cub packs.

Boy Scouts

Boy Scouting provides for 11-, 12- and 13-year-old boys an outdoor program that helps them grow in character and citizenship. Today 1,160,000 Boy Scouts are active in 54,000 troops.

Explorers

Exploring serves the boy of 14 and over with a rich program filled with high adventure and opportunities to practice good citizenship. Today 440,000 Explorers are members of 14,000 Explorer units or are Explorers in Boy Scout troops.

Many hands join to bring Scouting to these 3,030,000 boys and young men. In addition to the 1,070,000 adult volunteers who provide the leadership for them there are 68,000 sponsoring institutions that actually operate the 104,000 Scouting units. They represent the religious, civic, educational and veterans' organizations of the nation.

Local Troops

There are five scout troops in Northville including a Cub pack.

Two Explorer troops and two Boy Scout troops. The groups are sponsored and supervised by the following group members:

The FW sponsors Cub Pack N-1 which is headed by Arthur Carlson, institutional rep.; Bruce Turnbull, chairman of the pack, and Frances Gazlay, cub master.

The Men's club of the Presbyterian church sponsors Boy Scout Troop N-5. Joe Petrock is the chairman and Earl Collins is the scout master.

The Methodist church sponsors Boy Scout Troop 731. The Institutional Representative is Robert Dearing. Clyde Ferguson is the pack chairman and Ralph Gallagher is the scout master.

L. H. Green American Legion Post sponsors the Explorer Post 738. Conrad Springer is the chairman of the post committee and Monroe Weston is the Explorer advisor.

The Northville Optimist club sponsors Explorer Post 242. Institutional Representative of that group is Dr. J. K. Eastland. J. P. Malley is the chairman of the committee and Russell Reimer is the Explorer advisor.

Orator Speaks ...

(Continued)
lot by the time the new Lincoln plant is in operation.

Tired of Talking
Lien, zoning board secretary, spoke up at this point, saying, "Whatever we do, we have to answer to the whole township for."

"Yes you do, you sure do!" Bal-lon shouted.

Gustafson slowly rose again. Knees bent and fists clenched, he began talking slowly with an evangelistic fervor. "Gentlemen, I want you dear men on this honorable board to know that

these dear people in this room are in back of you 100%, not 99 9/10% but 100% to a man. They trust the wisdom of the decision you dear gentlemen will make."

The zoning board members then discussed the possibility of calling a several minutes adjournment while they discussed the problem privately.

"I think it's a good idea," Gustafson agreed. "Let's have a coke. I'm tired of talking."

The most dramatic statement of the evening came from Lien immediately after the board reconvened.

"I would like to make a motion

that we REFER this matter to the Oakland County Coordinating Council for their approval.

In effect, the board neither recommended nor disapproved the matter. Presumably they are looking to the coordinating council for advice and a possible solution to the dilemma.

"Meanwhile," a board member said, "we will review our present M-1 requirements."

Thanks For What?

Realtor Gustafson, however, was blissfully unaware of what had happened to him and the difficulties which still lie ahead. He profusely thanked the "good people" on the zoning board, and the "good people" who signed the petitions.

The only other major action of the evening was an informal request by the E&L Trucking Co. of Dearborn for rezoning approximately 50 acres southwest of Wixom Rd. and Grand River for auto transport use.

They have a 90-day option on the property, a spokesman for the trucking company said. Reliable sources report the selling price for the complete 90 acres to be in excess of \$200,000.

Race Track ...

tion last November was later admitted to have been illegal after court action was started to test its validity. Simultaneously, petitions were filed to force the Village Commission to repeal its first zoning amendment or submit it to a referendum vote.

The re-zoning action taken this week followed procedure specified in the new city charter, which specifically requires that any new ordinance or amendment to an existing ordinance must be introduced at a public

DIPPING INTO the box to pick the lucky numbers of the week for Carle's meat market is Donald Dearing, 9. Fritz Carle watches.

meeting of the City Council, then advertised in the local paper, and formally voted upon at the next regular Council meeting. Thus, the public was told in effect at the time that there would be a nature of the re-zoning amendment that was proposed, which this time followed exactly the recommendation of the City Planning Commission, after a second hearing on the matter, and in so doing permits the continuance of winter stabling on the old track property as it has always existed but prohibits moving the winter stabling into the new barns adjoining a township area zoned for country estates.

The new zoning amendment also provides, at the request of Northville Downs and the Northville Driving club, that not more than 250 horses can be wintered at any one time on the track property. This figure, claimed by the Northville Downs management to represent the largest number of horses ever wintered here, was suggested to allay public fears that there would be a large influx of new horses for winter training here.

35 Racing Days
State Racing Commissioner James H. Inglis told the Northville Record this week that he will confirm tentative plans to allow Northville Downs 35 nights for racing next summer, from

by the school board that "Northville will not consolidate or annex with any of the Novi districts."

Coal or Gas?
Representatives of the National Coal Assn. spoke before the school board and argued the point that coal heat in the Northville Elementary school would save Northville taxpayers approximately \$1,000 per year. The board was urged to modernize their equipment and keep coal heat.

The board decided to install gas heat in the school since they believed it would be less expensive than to rebuild the stoker. The board referred the matter to the heating committee with the recommendation that James Cowie should be employed to install the gas burners.

crippled children building fund.

The other evening we heard someone say that "dogs and kids don't mix" so we'll drop the subject of children and take up dogs. Understand that the board of education wasn't too happy with conditions at the Community Bldg. after the dog show left town. It has been decided that only local organizations will use the building in the future, but just in case another kennel club asks for the use of the building, school board members have a pat answer thanks to Don Severance: "You're barking up the wrong tree."

We are told that in Saudi Arabia, any driver who has an accident resulting in a death is executed. When they say, "The life you save may be your own" in Arabic, they aren't kidding.

Mayor Ely named him and Councilman Stubenvoll to meet with Assessor Bogart to discuss how the situation can be handled satisfactorily.

Other action taken by the Council this week included:
Adoption of an ordinance prohibiting the erection of any permanent structure on or across an easement reserved for the use of public utilities;

Discussion of how to make the job of dog catcher attractive enough so some one will take it; The routine January police report by Chief Joe Denton;

A report by Fire Chief McGee that he had no report for January because there were no fires in Northville;

Establishment of Wednesday, Feb. 15 as a tentative date for the Council to get together informally with Messrs. Beneckie and Krue, who plan to develop a subdivision on the old Yerkes farm next summer.

begin thinking about dividing the precincts to include a third. At present there is a 350 leeway between the two precincts. According to the election code only 800 electors are qualified in any one precinct.

Band Request
A letter was read from Leslie G. Lee, requesting a donation for the band. Township members agreed that the money would go for a good cause and in past years they have donated between \$200-\$500, but as D. J. Stark said, "...since our income possibilities are not yet known we should limit ourselves in spending." Roy Terrill moved to lay the request on the table for further consideration. The motion passed.

with a serious thought or story for the week, we came up with this excerpt from Pacific Motive Magazine.

"Er-sir, I-er, that is," stammered the young man, "I came to say, that your daughter tells me she-er loves me..."

"And I suppose you have come to ask permission to marry her?" inquired her father genially.

"No sir," replied the young man, "I came to ask you to make her behave herself."

The trouble with most calling cards is they never know when to go home.

A letter opener is a very superfluous gift for most married men.

SPEECHES AND DEBATE MARK ZONING MEETING

"Honorable" Board and "Dear" People Praised

Dearborn Realtor Attempts To Prove Flattery WILL Get You Somewhere

A silver-tongued orator from Dearborn stole the show before a packed house at the Feb. 7 meeting of the Novi Township Zoning Board.

Equally impressive was a neat bit of phrasing by the Zoning Board which left the outcome of the orator's efforts still very much in doubt.

Although there was an air of expectancy in the packed room, the meeting opened without incident.

Several tracts of land totaling 320 acres and lying northwest and northeast of Novi and 9-Mile roads were considered by the board with regard to re-zoning from agricultural to residential classification.

Three Members Present

The three board members present, Harry Watson, George Lien and William Flynn, unanimously agreed to recommend adoption of the change and forward their action to the Oakland County Coordinating Council for approval.

The next matter on the agenda was a strip of property 1,320 feet deep lying east of Wixom Rd. between West Rd. and the new expressway and facing the new Lincoln plant. This area is being considered for re-zoning to a light industrial district.

"Fine People"

Acting Chairman Watson asked if there were any questions on the proposal and at this point Roscoe E. Gustafson, a Dearborn realtor, strode to the front of the room. Waving a paper held in his hand, he informed the board that he was bearing a petition signed by a number of "fine people."

"Sir, do you represent property owners?" a spectator asked. "Well, no...well...yes!" Gustafson decided after a pause.

Watson then spoke up saying, "My personal opinion is that we should wait and see how the west side (of Wixom Rd.) develops. We don't want a bunch of tumble down shacks."

"This is only my personal opinion and can be voted down," Watson hastily added after seeing the look of concern and amazement on Gustafson's face. "What do some of the property owners think?"

Cites Highland Park

"I'm definitely in favor of it," Stanley Balon, 2855 Wixom Rd., stated, jumping to his feet. "Let's face facts. It was your gentlemen's idea to get the petition. We've got the people's opinion."

Flynn, newly appointed zoning board member, spoke up at this point, telling the group that "we should look at what happened to Highland Park on Manchester Ave. near the Ford plant." He cited the disorganized and unsightly array of structures built in the vicinity of that plant.

"If we had some idea all down the line as to just what's going to be built, it would be different," he added.

More Sales

"I've got some sales for land if I can get the approval of this board," Gustafson eagerly promised the board members.

"We haven't even seen pictures of the new (Lincoln) plant yet," Flynn went on, "and we don't want a bunch of little buildings across from a fine plant like that."

Horse Sense Race Track Rumor Squelched by Inglis

Rumors that a race track would soon be built in Novi Township were quickly squelched Monday by Michigan State Racing Commissioner James H. Inglis.

When questioned by this paper regarding the possibility of such a track, Inglis said that he had been approached by a Mr. Gregoric two or three times in the last three years and the subject was briefly discussed. However, Inglis said he had not seen Mr. Gregoric in the last six months and that no application for a track in this area had been received to date.

First Day of 65 MPH Law Brings Accident Increase

Four serious traffic accidents on Grand River in Novi township marked the first day record of the new speed law last Friday. Although traffic held closely to the new 65 mph speed law, a series of other violations caused the four mishaps which resulted in nine cars being towed away and much business for the ambulances. There were no fatalities, however, Novi Police Chief Lee BeGole reported.

TWO NEW SUBS PROPOSED

300 Homes Will Start This Spring

Two more plans for large-scale subdivisions were disclosed at the regular township board meeting held Monday night in the township hall.

The subdivisions, located at 8-Mile and Beck and 9-Mile and Taft roads, will eventually account for slightly more than 300 new homes, according to plans announced Monday night.

Ted Macksey's Ranch Homes, Inc. of Birmingham asked the board for temporary approval of a 117-acre tract located northeast of 8-Mile and Beck and formerly the J. P. Malley farm. The tract will be divided into 152 large building lots.

The firm plans to save some of the existing buildings which, after refurbishing, could be used as a community center. Approximately three acres have been set aside for this purpose, they said.

Seven to 10 model homes will be built at the intersection early this spring, they added. The boards gave the temporary plans their unanimous approval.

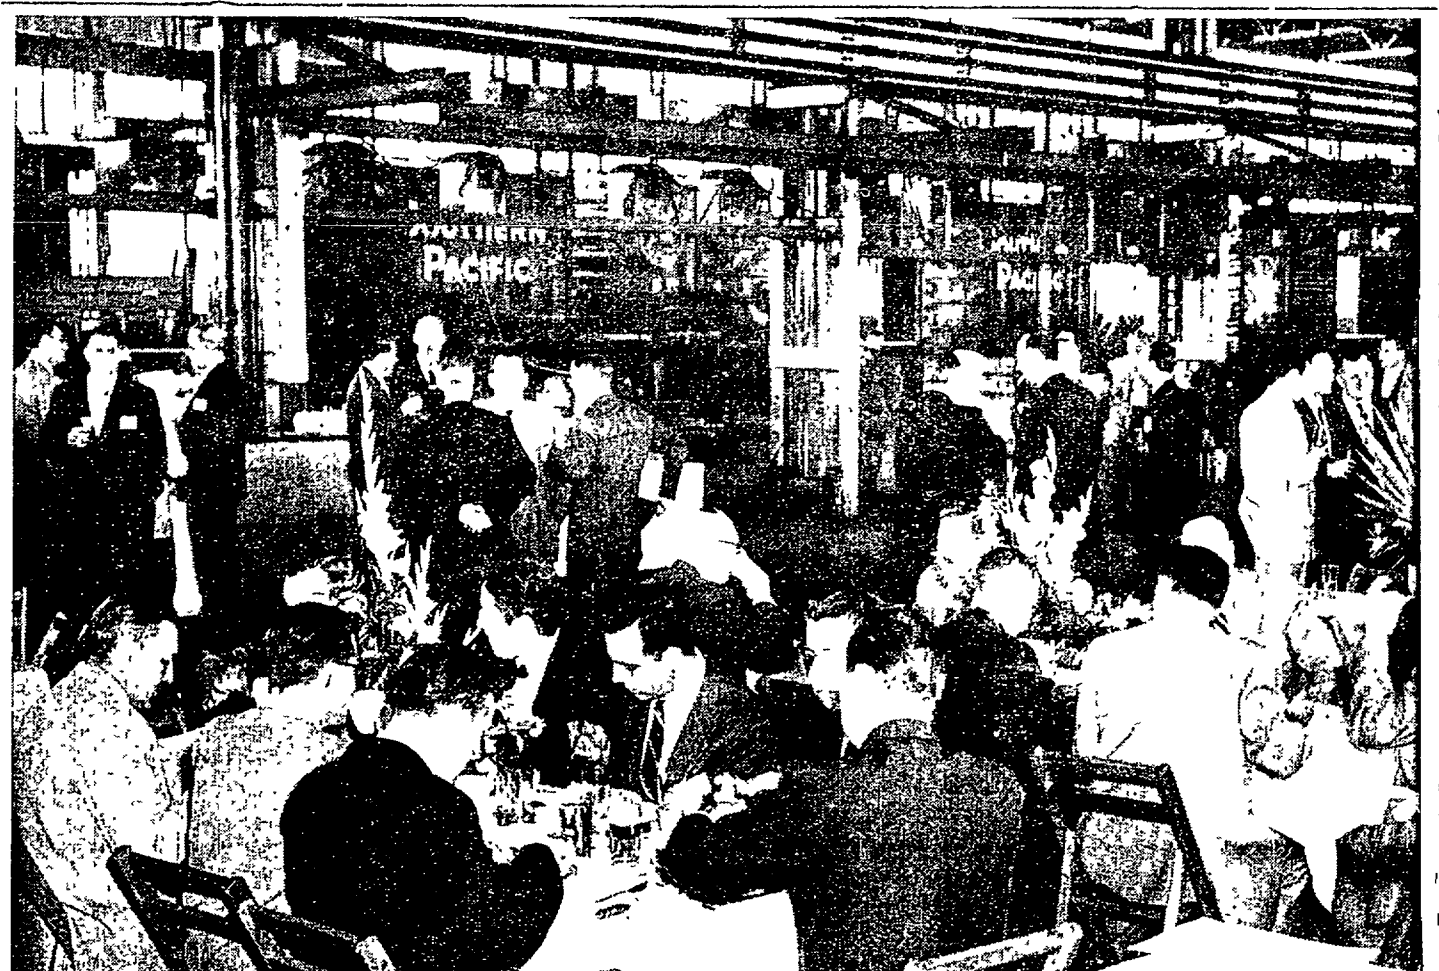

Howard T. Keating Co., also a Birmingham firm, announced plans for a 155-lot development southeast of 9-Mile and Taft roads to be known as Connemara Hills. However, the Keating Co. is only a land developer and actual construction of the homes will be done by a group of about 20 builders in the area.

With lots containing a minimum of 20,000 square feet, most of the homes are to be in the \$18,000 to \$30,000 price range, a spokesman said. The property was formerly the Vic Miller farm.

Planning to begin construction (Continued on Page 10)

Dondero To Speak To Novi Republicans At Lincoln Day Fete

Geo. A. Dondero, U.S. Representative from Michigan's 18th Congressional district, will speak at a Lincoln Day dinner being held by the Novi Republican club Feb. 15 at the Novi Community Bldg. A buffet dinner is scheduled for 7:30 and the public is invited, according to Frazier Staman.

MORE THAN 500 GUESTS attended last Saturday's open house celebrating the completion of Paragon Construction company's new plant and office building. The firm's customers, suppliers and local public officials were shown through the huge plant and ultra modern offices and then fete at a banquet staged on one section of the company's plant. Fabricators of structural steel for the construction industry and loading equipment for railroads, the company was founded in 1947 in Detroit. Standing, left to right, in the right picture are John DePodesta, Paul DePodesta, Evan Barnabo, Arthur DePodesta, Gilbert Innes and Frank DePodesta, officers of the company.

Mrs. Johanna Petz Dies In Rogers City

Mrs. Johanna Petz, mother of Wilbert J. and William B. Petz of Northville, passed away in Rogers City General hospital Feb. 1 after a lingering illness.

Mrs. Petz was 80 years of age and a former resident of Plymouth until the death of her husband 15 years ago when she returned to Rogers City to make her home.

In addition to her two sons in Northville she is survived by a daughter, Mrs. Andrew J. Galsterer of Frankenmuth and 12 grandchildren.

Funeral services were conducted from St. John's Lutheran church in Rogers City Saturday, Feb. 4. Burial was in Rogers City Memorial park.

Novi Girl Scouts

BROWNIE TROOP 493 discussed their part in the Girl Scout birthday celebration. The officers elected were president, Christine Larson; vice-president, Cathy Probst; secretary, Diane Eby; treasurer, June Loynes, and clean-up chairman, Holly Fox.

BROWNIE TROOP 602 made favors for the Novi Convalescent home. They have two new girls, Beth Ann Remoin and Nora Pence. Treats were brought by Virginia Race.

the Willowbrook Corner

by MRS. THOMAS MORRISON
PHONE Greenleaf 4-2523

We are introducing to our community this week four new families:

Mr. and Mrs. Robert Flattery, 24307 LeBost are former residents of Detroit but have moved here from Northville where they were residents for three years. They have three children: Jane 12, Josephine 8 and Danny 4. Mr. Flattery is employed by Harbow C. Stahl in Detroit as a manufacturer's representative. He is a graduate of U. of D. and Mrs. Flattery is a graduate of Wayne university. Jane is in the seventh and Jo is in the third grade at Our Lady of Victory, Northville. The Flatterys enjoy bridge and Mr. Flattery likes to play golf.

Mr. and Mrs. John Zavicar, Jr. have moved in at 23934 E. LeBost and are former residents of Dearborn. They have four children: Barbara 9, Susan 6, Mike 4½ and Mary Elizabeth who is ten months old. Mr. Zavicar is employed with H. R. Marsh & Son in Dearborn. Barbara and Susan attend school in Northville.

Mr. and Mrs. Irving Danforth of 23827 LeBost formerly lived in Detroit. They have two children: Donald 16 and Diane 15 who

attend school in Northville.

Mr. and Mrs. John Bauer of 40947 Mooringside Dr., formerly lived in Logansport, Ind. for ten months before which they lived in Muncie, Ind., their home town. Their five children include Michael 8, Debbie 5, John 4, Tommy 2 and Theresa 8 months old. The Bauers like to read and swim and both are graduates of Ball State college in Muncie, Ind.

Mr. and Mrs. Harry Hartchorne of 40944 Mooringside Dr. are former residents of Detroit where Hartchorne works for Massey Harris Ferguson. They have two children, Sandra 4 and Bryan 3. Mr. Hartchorne was raised in England and Mrs. Hartchorne is a native Detroit. Mr. Hartchorne is a dance instructor, giving both individual and group (Continued on Page 10)

Better Schools To Be Discussed Feb. 14

There will be a general school meeting at Novi Community Bldg. at 8 p.m., Tuesday, Feb. 14.

The meeting will be conducted by the Willowbrook school committee. Everyone interested in better schools for the Novi area is urged to attend.

MAKING FINAL PLANS for their annual Blue and Gold dinner are members of Novi Cub Pack 54. The por-lock dinner, an annual feature of Boy Scout Week, will be held at the Novi Community Building Friday night, Feb. 10. The pack is planning a series of skits depicting the various

phases of scouting. Shown at the right practicing for the skit are Eddie Brugman, Bobby Taylor and Frank Steinberger. Larry Snow is sitting with his head down on a book dreaming of being a scout, Uncle Sam, and George Washington. In the left picture are the members of Cub Pack

54. Sponsored by the Novi MVET Auxiliary, the pack is guided by a number of adult leaders including Paul Simonon, Mrs. Russell Taylor, Mrs. Tom Arnold, Mrs. Eddie Brugman, Mrs. Kenneth Cook, Russell Taylor, Carl Leavenworth, Charles Verhaag, Ray Kolk and Glenn Schenimann.

OF ORDINANCES

PLEASE TAKE NOTICE That the following ordinances were adopted by the Council of the City of Northville, Michigan, on Monday, Feb. 6th, 1956:

Amendment To Zoning Ordinance No. 123

The City of Northville ordains:

That the Zoning Ordinance for the City of Northville be amended as follows:

1. That those portions of Lots 230 and 231 of Assessor's Northville Plat No. 3, which lie more than 450 feet west of the center line of Sheldon Road, be re-classified and re-zoned from R-1 to T-1 classification, subject, however, to the following restrictions:

- a. That said property revert to R-1 classification when there is no longer a race track in Northville.
- b. That the use of said property be restricted to the period of time allocated for the conducting of racing at the Northville Downs Race Track, plus 15 days prior and 15 days subsequent to said racing dates.

2. That Section 20:02, Use Restrictions of the Zoning Ordinance be amended to add thereto, the following:

Provided further, that the use of all property within this T-1 District for the wintering of horses be limited to the capacity of 250 horses at any one time.

THIS ORDINANCE to become effective ten (10) days after enactment. Motion was made by Councilman Reed, seconded by Councilman Stubbenvoll, that the above ordinance be adopted.

Yes: Allen, Stubbenvoll, Ely, Reed and Canterbury.
Nays: None.

Ordinance No. 131

The City of Northville Ordains:

That it shall be unlawful to install, erect, or cause or permit to be installed or erected, any permanent structure on or across an easement dedicated or reserved for the use of public utilities.

Permanent structure means and includes a garage or other buildings, or trees which will prevent or interfere with the free right of accessibility of the said easement.

This ordinance to become effective ten (10) days after enactment.

Motion by Councilman Allen, seconded by Mayor Ely, that the foregoing ordinance be adopted.

Yeas: Ely, Reed, Stubbenvoll, Allen and Canterbury.
Nays: None.ROADS — SEWERS

Township Treasurer
Phone 2864

Events of the Past in Northville

News Items Taken from the Files of the Record

ONE YEAR AGO—

Final steps toward completion of Northville's \$300,000 Russell Ammerman grade school on N. Center St. are now being taken.

Installation services for the Rev. John O. Taxis will be held at the Presbyterian church Feb. 6.

Marjorie Kern and Robert German were married in Frankenth.

The March of Dimes contributions total \$1,418 so far. Some collections yet to be received will increase the total.

FIVE YEARS AGO—

Novi electors went to the polls and voted in favor of constructing a community building.

Northville churches are planning special services to observe the Lenten season which will be ushered in Ash Wednesday, Feb. 3.

Michael Herbert and Lamar Nalley are in Sessions hospital as the result of injuries suffered in an automobile accident.

Lt. Cloyce Myers has been elevated to the rank of captain. Capt. Myers has also been made squadron commanding officer. Capt. Myers and Mrs. Myers (Dorothy Price) and sons reside near the Newfoundland Air base.

TEN YEARS AGO—

George A. Locke has been appointed Red Cross chairman for

Northville, Mrs. Ernest Wood having resigned that position after three years' service in addition to the six years previously associated in that work with Mrs. Eber Ward Lester, former chairman.

Thieves attempted to break open the safe at the P.M. depot early Wednesday and were evidently scared away by the timely arrival of Elmer Perrin. Nothing was taken and no damage was done.

M. J. Boelens broke his elbow in an automobile crash.

W. C. Bailey of Randolph St. caught a 14½ pound pike at Tobin lake.

TWENTY YEARS AGO—

The thermometer dropped to six degrees below zero. Between 30 and 40 cars have been pulled from ditches due to the light snow and icy pavements.

Sidney Laney and Kathleen Newton, yodeler and dancer, won first and second prizes in the Service League amateur show.

Phil Grennan purchased the site where the old Park hotel stood on the corner of Main and Center. The Park hotel, originally called the Ambler house, was built in 1858 by William Ambler. It was the first balloon frame building of any size that was erected in this part of the country and it was fully predicted that it would fall the first time it was filled. The Ambler house was the headquarters for the stage routes to Detroit and was the only means of communication then existing.

Prices of 20 years ago: Sugar 10 lbs. 49c; hot dated French coffee 19c lb.; chuck roast 19c lb.; fresh ground beef 17c lb.

Eyes examined and best glasses made at \$7.50 and \$12.75 in gold frames. Oculist, U-M graduate, 44 years practice, Ann Arbor.

Mr. and Mrs. Harry Clark hope to start for California soon where they will be the guests of Richmond Benton for a time.

FORTY YEARS AGO—

B. G. Filkins left Monday for the "Soo" with a lot of millions of fish eggs for the government station there.

A man living on Base Line west of town was seen plowing a week or so ago.

FIFTY YEARS AGO—

Mrs. L. W. Hutton celebrated her 81st birthday.

A bowling team from the Wabash cement works came out Monday and bowled with the Northville business men's team, consisting of C. A. Sessions, Jake Kimmel, Wash. Hill, E. A. Merritt and Dr. F. B. Carruthers. The local team won.

Former Maybury Doctor Honored

The Wullum Lake Sanatorium in Rhode Island has been changed to the Dr. Ubaldo E. Zambiarano Memorial in honor of the doctor who has contributed so much in the advance of treatment of tuberculosis.

Dr. Zambiarano, who died May 29, 1950, was formerly employed at Maybury Sanatorium and lived in the Glenn Richardson home on Center St.

Look to A&P for Groceries . . .

Depend on A&P for

In a way, all business is show business . . . and A&P plays to one of the biggest audiences in the world! Up-to-par programming is our aim and here's how we accomplish it! Expert food buyers are our "talent scouts." They travel far and wide, returning with a vast array of fine food items! We "bill" more than 3,000 food-stalls and in the "box office" area, A&P shines with the most colossal, cater-to-thrift price system! Of course, the people "out front" are most important . . . so, won't you come catch our continuous performance . . . come save at A&P!

COME SEE
COME SAVE
AT A&P

Customers' Corner

Values and Variety . . . that's the favorite double-feature of thrifty millions . . . and the secret of A&P's popularity! We think it's the certainty of it all that brings folks back time and again. When you know that a store stocks more than 3,000 top-calibre items . . . there's your variety! And when you know a store stands firm on a thrift principle, as A&P has over the years . . . the values just follow automatically!

When menu-planning, how about scanning the A&P ad? When you visit, what you want is surely here and perhaps a few ideas new to you!

Come see . . . come save at A&P!

MUSTANGS UPSET TROJANS

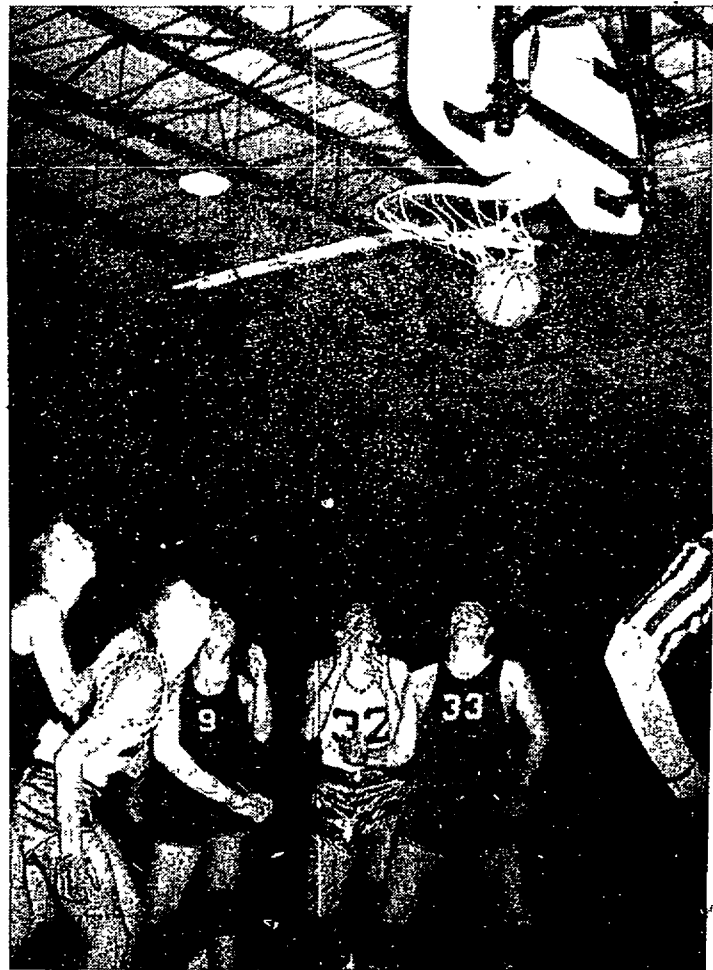

4th Period Comeback Brings 75-69 Victory

Teshka, Pethers and Bell Lead As High Scorers With 53 Total Points In Game

By Bob Montgomery

A record breaking crowd packed the Community Building last Friday to watch the Mustangs of Northville make a brilliant comeback to defeat the Trojans of Clarenceville 75-69.

During the first period, returned basketball Cap Pethers proved his ability by scoring nine points; however, throughout the remainder of the game he was held to eight additional tallies. Northville ended the first quarter with a lead of 24 to 20.

—Photo by H. Hartley Jr.

NO CHANCE TO CHANGE the situation, the ball is going through. The watching didn't last long though . . . in a matter of seconds the ball came through the hoop and was pounced on by more than one cager.

Big Gap To Fill

As the second period got under way Northville's small lead was short lived. Throughout the second and third quarters the Trojan lead seemed too much of a gap for Northville to fill. Both teams were continuing their fast pace with Clarenceville scoring a far better percentage of shots than Northville. Both Ridling and Sloop of the Trojans made a fine showing in the line of field goal and foul shots scoring 23 and 22 points in that order.

Tide Turns

The fourth period started with the score at 58 to 53 in Clarenceville's favor. . . then the tide began to turn. Teshka continued his fine backboard work and kept on feeding the ball through the hoop for a nifty 21 points for the night.

Northville outscored the Trojans 2 to 1 during the last period with an all important last minute burst of brilliance to take the lead and go on to victory.

Score by quarters:

Northville	24	39	53	75
Clarenceville	20	47	58	69

Mustangs	fg	ft	pts
Patterson	4	2	10
Waterloo	0	0	0
Teshka	9	3	21
Yahne	0	0	0
Pethers	8	1	17
Bell	5	5	15
Burns	1	2	4
Trojans	fg	ft	pts
Ridling	9	5	23
Jones	2	1	5
Devitt	1	3	5
Benson	2	4	8
Sloop	8	6	22
Hanaford	2	2	6

Reserves Battle; Lose Game 50-49

By Bob Montgomery

The Northville reserves, a "hot" basketball team, last week fought a battling game with Clarenceville Friday only to be nosed out by a score of 50-49.

The reserves were tied up at the close of the third period after a well-played game that was close all the way through.

During the fourth period the lead changed hands several times. As the closing seconds came, Clarenceville froze the ball with only a one point margin in their favor.

—Photo by H. Hartley Jr.

SAY IT ISN'T TRUE At least that's what the expression on the face of the Trojan makes us think of as Bill Yahne, No. 30, feeds the ball into the basket. No. 28 is Northville's Cap Pethers.

Inkster Edges Jr. High Team 30-28 In Last Minute Effort

By Philip Jerome

Ford School of Inkster nosed out the Northville eighth graders, 30-28 in a basketball game played Wednesday, Feb. 1 on the local court.

The visitors came from behind to win the game in the last period. Northville led 24-20 as the period started. Inkster went out in front when the period was half over. Northville tied it up, but lost in the last minute when Joe Williams of Inkster shot in his fifth field goal of the game.

Evenly Matched The two teams were evenly

matched and the score was close all through the game. Northville had a two point lead at the end of the first quarter and increased the lead by a single point in the second to be out in front 19-16 when the buzzer sounded for half time.

Gotro, High Scorer Joe Gotro, starting his first

WANTED! Laundress for 44¢ a week

Even in the "good old days" you couldn't find a laundress for such a small sum. But today, 44¢ buys enough electricity to wash and dry the week's laundry for the average family. With an electric clothes dryer (to match your electric washer) you do your laundry the modern way — the easy way. Follow the modern trend toward all electric living. See the new electric clothes dryers at your appliance dealer's or Detroit Edison.

Live better Electrically

Letter To The Editor

"Need Long Range Curriculum Study"

To the Editor
Northville Record

As a former member of the now defunct Citizens' Advisory Committee of the Northville School Board I would like to answer the article by Mr. F. R. Sproule in the Jan. 26 issue of the Record entitled, "What Shall We Teach?" My answer is in the form of my own minority opinion to the Board of Education which I request be published in the Record, along with this letter.

My purpose is to enlarge upon Mr. Sproule's comments. In my opinion he did not go far enough in discussing the importance of the relative responsibilities of the school authorities and the parents and citizens of Northville in establishing the curriculum for our schools. Also the important things he did say were somewhat obscured by unrelated though interesting opinions on sundry educational problems.

Perhaps this letter, together with my minority opinion appended, will arouse sufficient interest in the Parents of Northville to bring about public discussion of the basic issues involved in determining **What We Shall Teach** in the Northville Schools. Together with Mr. Sproule and the National Education Association whom he quoted, I believe very strongly that, "the people have not only the right but also the responsibility to decide what shall be taught, the school authorities to say how it shall be taught."

As a parent with three children in Northville Grade schools and a fourth to enter next year, and as a former high school teacher (some 15 years ago) with a more than passing interest in educational problems, I have a vital personal interest in the character of the Northville High School. I believe there are hundreds of other parents in Northville who feel likewise and who want to fulfill their responsibilities.

What can we parents do? I suggest one course of immediate action. Read my minority opinion addressed to the Board of Education which follows, discuss it with others, and write to:

The Board of Education
Northville School District,
Northville, Mich.

If you agree with my opinions on the need for public participation in curriculum decisions, a few lines seconding my proposals

will do. If not, express your own opinions. But, by all means write and state your wishes to your appointed representatives, who govern the affairs of this school district.

James W. Schiefer
Letter To School Board

At the disbanding of the Advisory Committee two weeks ago I, along with several other members, felt that the Committee's work and its final report left much to be desired. It was obvious, however, that the Committee as constituted could do no better, and extending its life would serve no useful purpose. Accordingly I raised no objection to submission of the report and disbanding the committee. I believed that some occasion would develop to raise certain issues of great importance which were omitted from the report.

Opinions of Writer

An article in the Jan. 26 issue of Northville Record by Mr. F. R. Sproule entitled, "What Shall We Teach?" has created the occasion. I have decided, as a result, to submit to the Board of Education and to the Citizens and Parents of Northville a brief minority (of one) opinion on the report of the Advisory Committee. I would like to make it clear that the opinions expressed here are solely my own, although some of them were shared by other committee members during the proceedings.

Willing To Take Risk

At the risk of incurring the displeasure of some of my former committee associates, indeed of the Board of Education itself, I am taking the liberty of forwarding this minority opinion to the Northville Record for publication. I will probably be accused of violating the confidence vested in me by the Board and other committee members when I was chosen as a member. This, however, I am willing to risk considering the critical importance of these issues to my children and to all other children of Northville whose future is vested in the character and quality of the proposed new Northville High School.

In spite of repeated suggestions by myself (and a few other committee members) during the course of its proceedings, the committee rejected, but NEVER PUT TO A VOTE, three proposed

recommendations to the Board of Education.

1. That the Advisory Committee be enlarged to make it truly representative of the citizens and parents of Northville.

2. That the Advisory Committee continue to function, after submission of the report for which it was established, to provide continuing advice and counsel to the Board of Education as representatives of the Public Opinion of Northville. A continuing committee would also assist in carrying the story of the educational problems faced by the school administration and Board of Education to the public, during the planning and construction stages of the new high school.

3. That a long-range curriculum study be undertaken under the auspices of the Citizens' Advisory Committee, utilizing an organized program for conducting such a study known as "The Evaluative Criteria." Although a somewhat frightening title, this is a well thought-out and apparently effective program, developed by Michigan universities and recommended by the State and Wayne County Boards of Education. It has been used extensively by many Michigan communities in curriculum planning. This highly organized study program involves participation by the public in open discussion meetings on individual activities and subjects which comprise the total curriculum, with teachers, school administrators and visiting education experts in the visiting subject. It was proposed that this long range study be undertaken at once and be continued during the planning, development, designing and construction of the new school, over a period of 18 to 24 months.

Proposal Never Put To Vote
The first proposal, that the Committee recommend to the Board extensive enlargement of the committee's membership, was offered by myself (and other members) at almost every meeting since May, 1955. It met always with a very cool reception, very little discussion, and WAS NEVER PUT TO A VOTE.

Comparison
One of our neighboring school districts—on the other hand, (Redford Township which recently completed a beautifully planned and equipped high school for approximately the same capital investment our school will require) had a Citizens' Committee of 40 members which operated for two years. I understand the Redford committee is being continued as a semi-permanent advisory group to the Board of Education. Another neighbor, Wayne, is planning a long-range curriculum study with a large and representative Citizens' Advisory group. However, in Northville, I am told "nothing would be contributed by bringing the public into curriculum discussions. Such matters should be left to the professional educators."

Committee Not Representative
The Northville Advisory Committee consisted of 12 members. I state unequivocally that this committee did not represent a cross-section of the citizens, taxpayers and parents of the Northville School District. Second, the proposal that the committee recommend to the Board continuation of such a group during the detailed planning and construction phases met with the same cool reception, and also WAS NEVER PUT TO A VOTE. As a matter of fact, the emphasis in the final two meetings of the committee was, "let's get this over with quickly, submit what we've got to the Board and disband the committee"—this in spite of the fact that no meetings were called from November 3 to January 5, since "all of us are so busy over the holidays."

No Meeting During Summer
As an additional fact it should be known that no committee meetings were called last summer from May 25 to September 21 in spite of the fact that summer plans were not discussed at the May 25 meeting. A number of the committee members were chagrined at this lack of enthusiasm and effort considering the urgency of the matters at hand.

The principal of the new Thurston High school in Redford Township told several of us on a visit to the school that school authorities and the Board of Education were so enthusiastic about the assistance given in curriculum planning by their 40 member citizen's committee that they had asked it to continue indefinitely.

Third, and perhaps most significant to our children, any mention of the proposed "long range" curriculum study was talked down and NEVER PUT TO A VOTE for three basic reasons

1. The public cannot contribute anything constructive to such a study ! ! ! !

2. Curriculum is a matter which should be relegated to the professionals, the school authorities.

3. It would take too long. We can't wait for such a study. We've got to build a school.

Mr. Sproule in quoting the National Education Association answered the first two of these most adequately. Unfortunately some few of the members of the Advisory Committee have very definite opinions on education for the few—for these children who will be able intellectually to take advantage of their educational opportunities. I think no further comment is needed on this subject.

Praises Educators

Incidentally, I do not mean to infer here that our Northville School authorities are not to be trusted to plan an adequate curriculum for our schools. I personally believe that all Northville parents should be thankful for the extraordinarily capable teachers and administrators with whom we are blessed. I have attended a number of teacher's meetings recently as a member of the Curriculum Sub-Committee of the Advisory group. We have an exceptionally able group of educators. I believe they also want and realize they need public participation in curriculum study.

In answer to the third reason for rejecting the "long range" curriculum study, I personally proposed on 2 separate occasions that the committee submit an

"interim" report, along the lines of the final report just submitted—enough detail on curriculum, population, finance, building and site to enable the Board to come to a decision, hire an architect, choose a site and begin detailed plans—then continue committee work on the long range curriculum study. This study would proceed during the planning and early construction stages since it is probable that many changes could be made in curriculum without affecting the basic arrangement and number of classrooms and other facilities. Obviously it would have been desirable to have begun such a long range study two years ago, in order that it could have been completed before construction plans were started. However, as professional educators have told us, curriculum study is a continuing thing and is never completed.

Not Too Late To Plan

Also, I am a firm believer that late planning is better than no planning at all, particularly when revisions can be made even in the curriculum of our present high school without majority rearrangement of the existing inadequate facilities.

Finally, if further justification for my case is needed, both professional representatives of the Wayne County Board of Education who have worked with the Advisory Committee have recommended such a study on a number of occasions. These proposals from recognized experts also were disregarded and passed off by the Advisory Committee.

This, then, is my minority

opinion which I recommend to the Board of Education for consideration. I have appreciated the opportunity given me by the Board to participate in this study group. I do feel, however, that I have failed the Board and the citizens of Northville, since I was unable to convince sufficient other committee members of the importance of these issues. I can only hope that this minority opinion will generate further thinking on the part of the Board and the parents of Northville which will result in the best possible school system for our children. This is my sole aim.

Addendum

I note in the minutes of the Jan. 6 Board of Education meeting reported in last week's Record, that Mr. Amerman was authorized to appoint a group of teachers and lay citizens to share the work of planning for a new high school.

This is fine. However, there was nothing in the minutes to indicate that an extensive curriculum study is to be undertaken by this group or that their work will be guided by adequate representation of the will of Northville citizens and parents. If the lay citizens mentioned are appointed by requesting recognized local civic organizations (such as the PTA, Mothers club, Rotary club, Exchange club, Optimist club, veterans' organizations, and others) to designate representatives who will reflect the opinion of their membership, plus other members representative of the various residential areas of the school district, this group might

truly represent the public opinion of Northville. Provided also that this new committee is charged specifically to initiate a long range curriculum study, it could succeed where the Advisory Committee failed.

How To Catch Cold Told In New Film

A new health film, "How To Catch a Cold", has been leased for three years from the Kimberly-Clark Corp. by the Michigan Tuberculosis Ass'n. for Michigan schools.

The film is a full-color cartoon made by Walt Disney productions. It runs 10 minutes and features as its hero a pixie called Common Sense. The film was produced for elementary grades two, three and four. It is available to schools on request. However, the film does have appeal for people of all ages.

The fully animated health film was planned with the guidance of leading medical and educational authorities. The intent, according to the producers, is to spoon-feed the do's and don't of cold prevention.

The schools which see the film can obtain health pledges from Kimberly-Clark on which the youngsters promise Common Sense to obey the rules of cold prevention.

Six full-color posters, 14 by 20 inches each, feature the characters of the cartoon and can be used by teachers as reminders to the children after the film is shown.

Arthur Gregory of High St. is confined in University hospital, Ann Arbor, following a fall on the ice in which he suffered a broken ankle. He will be in the hospital two more weeks.

All-League Band Concert Here Monday

A band concert of unusual interest will be heard in the Northville Community Center Monday, Feb. 13 at 8 p.m. when the group of 65 members chosen from the seven schools in the league makes its appearance.

Twenty-four Northville bandmen will represent the local high school. Other schools sending players are Clarenceville, Clark-

ston, Brighton, Holly, Milford and West Bloomfield. The band will be conducted by the directors from the various schools. Admission will be adults, 50 cents and students 25 cents.

Program

"Pride of the Wolverine", March by Sousa
"Italian In Algiers" Overture by Rossini
"Victory At Sea" Descriptive by Rodgers-Bennett
"Water Music Suite" by Handel
"First Suite" by Holst
"Knightsbridge March" Coates
"Belle of the Ball" Descriptive by Anderson
"Victor Herbert's Favorites" Selections by Hembert
"Purple Carnival" March by Alford

They Torqued it up for the BEST TAKE-OFF YET

FIRST THING you need in a car, of course, is power to spark performance.

And you get that in a 1936 Buick in plenty — from big 322-cubic-inch V8 engines that hit new highs in horsepower and compression.

But the power under the hood must be carried to the rear driving wheels in the form of twisting force on the drive shaft.

That's torque — the end-product of your transmission.

And the higher the torque build-up—the greater the "torque multiplication" in starting and accelerating—the better the getaway and response.

So if you want to feel take-off that leaves your breath behind you, come try a '36 Buick with Variable Pitch Dynaflo.

For in this airplane-principled transmission,

Buick engineers raised the ceiling on torque to give you the best getaway yet.

They did it with something they call "double regeneration"—a new way to make flowing oil add to its own velocity.

And when you use the full torque of a Buick beauty like the one pictured above, you're using the highest torque multiplication to be had in any standard-production American automobile today.

Come see for yourself what that means in new thrills and new safety.

You'll find brilliant new getaway response in

the first inch of pedal travel—plus greater gas mileage to boot.

You'll find an electrifying new safety-surge of full-power acceleration when you floor the pedal and switch the pitch.

And you'll find this spectacular performance blended into the smoothest-traveling, the sweetest-riding, the highest-powered and the easiest-handling Buicks yet built. Drop in on us this week—today, if you can—and judge things firsthand.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

CALL ME MADAM!

I THINK I'll pretend I'm the lady of the house today. First I'll check the budget and see if we can't spend more money for cookies, candy, rubber balls, dolls, and such necessities.

Then I'll make out my shopping list. And when I go shopping, I'll do it just like my mother does — right here in our own community. Mom wasn't always that smart. I've heard her tell how she used to chase off to the big city stores . . . crawling through traffic . . . hunting parking places . . . struggling through the crowds, trying to get waited on. Then coming home, all worn out, with something she could have bought right near home without all the aggravation and expense of miles of driving.

After I came along Mom realized she just couldn't

spare the time for that wasteful kind of shopping, so she started doing her buying at the local stores. She says it's pleasant and relaxing . . . she meets her friends and neighbors . . . she gets a lot of personal service from the local businessmen who really go out of their way to build up patronage among the people in this vicinity. *And she's saving money, too!* The prices here are just as low as anywhere else . . . and she's saving the money that used to be spent on useless mileage back and forth to the big-city stores.

So I'll shop just like Mom does. *It's smart and thrifty.* And we both like the idea of doing business with the local folks who pay for our police and fire departments . . . our schools and parks . . . our churches, charities, and civic organizations.
