EXCAVATING BEGAN for the addition at the Ford valve plant last week Friday. Getting a first-hand look at operations was the plant superintendent, Austin Stecker, right. He is watching a backhoe excavating for electrical conduit. Stecker said that limited production in the new addition will probably begin July 31 and building completion is expected at the end of September.

The appointment was one of the necessary actions the township board was forced to act on following the incorporation of the City of Northville.

Hazlett will act as constable on a part-time basis since the

#### Random Notes

### From "file 13"

With all the murders, sex crimes, hot wars, cold wars, strikes and strife running rampant on the front pages of our daily newspapers, it is refreshing to run across stories dealing with kindness...with little acts of thoughtfulness for one's fellow men.

Two such acts came to our attention last week. One concerned a curious little two-year old girl who decided to inspect the post office.

While her mother was busy mailing a package, the little girl calmly opened the inner door to the postal officials' offices. Confronting the startled officials, she began firing questions at them. They were "two-year old" questions to be sure, but they were important to her. The officials took it in stride, told her their names, and ceased work long enough to give the wide-eyed little visitor a personal tour throughout the building.

An embarrassed mother soon retrieved the little girl and both mother and daughter went on their way thinking how lucky

the people of Northville were to have such kind and thoughtful people running their post office.

Our second vote of thanks goes to an unnamed gentleman who brought us four tickets to the Shrine Circus last week. He found that he and his family were unable to attend and he was in hopes he could find somebody who could use them. We did, and a family who otherwise could not have afforded to attend the circus were given an enjoyable treat they will long remember.

Haven't we been having some spring-like weather lately? The other day we felt like skipping out from the office in the middle of the afternoon and going for a walk in the park...but since first things come first we took a walk to the bank instead.

"Beautiful day isn't it?" we commented to the cashier.

"Lovely," said the pert little gal and she followed up with, "this warm weather sure chargin'"

#### CITIZEN'S ADVISORY COMMITTEE

### To Report Feb. 23

The Citizen's Advisory Committee will present their report to the public Thursday, Feb. 23 in the Amerman school auditorium at 8 p.m.

The committee was appointed by the board of education in April, 1955, for the general purpose of analyzing present and future school needs and problems. The board asked that certain questions be answered in order to formulate a long range plan. The board said that a plan extending over a period of 15-20 years was needed for the district.

The following questions were to be answered:

1. What changes should be made in our high school curriculum?
2. What physical plant would be needed?
3. Where could it be built?
4. What changes in school enrollment should we plan for?
5. How will the program be financed?
6. What capital outlay will be necessary?

**Get Answers First Hand**

Sub-committee reports including the philosophy and objectives of Northville schools, curriculum report, population study, financial report and building

plans and sites will be discussed. Parents in the Northville area are urged to be present. Attend the meeting and get the answers first hand...answers to such pertinent questions as:

What should Northville schools teach? Is an adult education program advisable? How many children will be enrolled in Northville schools in 1965? Do we need a new elementary school? Should an addition be added to the Amerman school? Is the city in a position to finance a new high school? If so, where are the four sites recommended by the committee for the new high school?

The answers to these and many more questions will be answered at the Feb. 23 meeting.

**Committee Members**

The general chairman of the Citizen's Advisory Committee is

### NHS Artists Enter National Contest

Four Northville high school art students have had their paintings entered in the national Scholastic Art Awards contest.

Mrs. Ronald Van Ingen, Northville high school teacher, has entered the oil paintings of Dolores Teshka, John Chapman, Richard Davis and Bill Hiltz. Bill is the only junior high school student entered.

This is the 29th year for high school artists in 48 states and all U.S. possessions to compete for 135 art scholarships valued at \$70,000 and cash awards totaling \$17,850. This is the first year, however, that Northville artists have contributed to the exhibit.

**Art Show, Feb. 20**

Dates for the Southwestern Michigan Regional Exhibition for students in Macomb, Oakland, St. Clair, Washtenaw and Wayne counties have been set for the two weeks beginning Feb. 20.

This show is co-sponsored in Detroit by the Detroit News and Crowley's, where the art will be displayed.

The entry deadline was Feb. 4. Before that time, art teachers had the difficult job of selecting their students' best work for the year.

### Comm. Inglis Announces New Dates

#### Subject To Building New Horse Barns

James H. Inglis, Michigan Racing Commissioner, announced tentative harness racing dates for Northville Downs this week subject to the following conditions:

"The license herein granted to Northville Downs for 35 days of racing is provisional and subject to final confirmation only after full compliance with Racing Commission directive of Sept. 30, 1955 requiring construction of new permanent masonry constructed stalls and other structures on the St. Lawrence property before scheduled start of 1956 harness season, which according to this schedule is May 9, 1956."

**Racing Dates**

The racing dates issued for Northville Downs were the 35 days from June 26 to Aug. 4. Racing dates issued for other Michigan race tracks are: Wolverine Harness Raceway, May 9, June 23; Hazel Park Harness Raceway, Aug. 6-Sept. 22; Jackson Raceway, Sept. 24-Nov. 3; Hazel Park Racing Assoc., May 21-July 28; Michigan Racing Assoc., Aug. 1-Oct. 6.

**Schedule Explained**

"The above schedule," Inglis said, "is similar to the harness schedule proposed in Racing Commission memorandum of Jan. 13, 1956 providing for the inclusion of Northville dates, except that the entire Detroit area harness season has been moved back two full weeks to provide an earlier start of the season and to provide better weather dates for Jackson in the fall. This is in accordance with the unanimous recommendation of the horsemen and the three Detroit area associations."

"The only disadvantage to this change is the very short time permitted for changing over the surface of the Hazel Park track from thoroughbred racing to harness racing (8 days, including two Sundays)," Inglis said.

**If Downs Does Not Comply...**

"In the event that Northville Downs does not comply with the Racing Commission directive regarding new stall construction and does not receive confirmation of the tentative dates specified herein," Inglis said, "the Racing Commission will give consideration to supplemental date applications from the other three harness associations in respect to the dates, June 26 through Aug. 4."

Gorge L. Clark. Other members are Eural Clark, Georgianna Couse, Robert Shafer, Charles Yahne, Edward Angove, Buryl Baskins, Anna Mae Froger, James E. Littell, Martha Milne, James Schiefer and William Templeton.

Advisors to the committee were Russell H. Amerman, Elroy V. Ellison, Delmo Della-Dora and Dr. Arthur Wohlers.

### Over Half of Twp. Taxes Paid; Feb. 29 Is Deadline

Roy M. Terrill, Northville township treasurer, reported this week that \$185,000 worth of taxes had been collected. The 1955 tax roll is \$232,000.

Terrill said that he remembers when the township roll was only \$49,000, "and that isn't so long ago," he said, "just about 12 years."

Township residents have until Feb. 29 to pay their taxes to the township treasurer in his temporary office in Depositors State Bank.

After Mar. 1, tax payments will have to be made in Detroit and an interest charge will be added.

### Bite Put On Dog Owners for Taxes

It's tax time all right...income tax, property tax, license tax, and now dog tax.

Harold B. Putnam, E. 7-Mile Rd., started the ball rolling for the latest tax series this week when he purchased dog tax license No. 1 for the 1956 season from Northville Township Clerk D. J. Stark.

"Dog taxes are due on or before Mar. 1 and while this is called a dog tax, it also provides a registration of dogs in the township. Should they become lost, strayed or stolen, the township office will have a quick accurate chart to help locate dog owners that may be helped by the 1956 tags," Stark said.

Dog owners may mail their tax if they include the certificate of vaccination for 1956 as well as their 1955 dog tax number. Remittances should be made payable to Daniel J. Stark, township clerk, and money may be sent only at the remitters risk.

The tax rate is \$1 for male dogs and \$2 for female dogs. The township offices are now

## For the Busy Homemaker

*"I've Got A Hint..."*

Mrs. Frank Paul, our homemaker this week, had so many useful household hints and shortcuts it was difficult to choose any particular one. At her suggestion we chose one which seemed to be a big time and labor saver—waxing floors.

Mrs. Paul uses Johnson's paste wax, which has a hard lasting finish and does the floors every six months. With seven children this may sound impossible, but the floors simply do not need waxing any more often than that. She also waxes her furni-

ture with the same wax and twice a year also. Dusting with a soft cloth removes finger marks easily and of course a dust mop on the floors, whenever needed.

We are adding a couple of her hints because they are such practical ones—especially with a large family. Mrs. Paul changes one bed a day and washes the linen daily. She also divides her house in thirds and cleans one section one day and the next two the following two days.

The Pauls reside at 508 Gardner St.

## BPW Style Show To Feature New Fashions, Local Models

According to Mrs. John Stenson, BPW president and chairman of this project, the show will feature creations from the Jeannette Bridal Salon in Detroit which employs 35 seamstresses and designs their own gowns.

Furs will be supplied by Richard Furriers in Blissfield. Afternoon dresses, negligees and other items of wearing apparel will be borrowed from local stores for the showing.

Tewksbury Jewelers will loan pieces of their jewelry and Jones Florist will donate palms, candles and flowers to be used for decorations.

Grinnel Bros. will provide organ music before and during the show. Intermission acts will include dancers from the Jordan Dance Studio and a vocalist, still to be named. Richard Furriers will show moving pictures of their business.

Since all plans have not yet been completed, reports will be made weekly until the big day is here.

## What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Our recipe this week is particularly appropriate as Mrs. Robert Yerkes, who gave us the recipe, is manager of Northville's new and unique gift shop, India House, which opened Tuesday. This Indian Pudding, however, is an American Indian dish and not Oriental.

Besides being an excellent cook, Mrs. Yerkes is an accomplished interior decorator. She has traveled extensively in Europe, Africa and various other countries but has chosen this truly American dish as one of her favorites.

Mr. and Mrs. Yerkes reside at 20178 Haggerty Rd.

### INDIAN PUDDING

Pour 2 cups scalded milk on to 1/4 cup of corn meal and cook in a double boiler for 20 minutes. Then add and stir in 1/2 cup molasses, 1 teaspoon of salt, 1/4 cup sugar, 1 teaspoon cinnamon or ginger, or 1/2 teaspoon each of the two spices, 1/2 teaspoon cloves (powdered), 1/2 cup of raisins if desired and 1/2 cup of butter or margarine.

Pour this mixture into a greased baking dish and pour over it 2 cups of cold milk.

Set baking dish in a pan of hot water and bake in a slow oven 250 degrees for 3 hours. Serve with dollops of ice cream. Makes 8 servings.

## India House Is Open!

We cordially invite you to come and see our new shop and the beautiful, interesting, and unusual things we have collected for your pleasure.

Every one is the creation of artist — craftsmen — a thing of beauty and a joy forever in your own home — a tasteful and respected gift to your friends that compliments both giver and receiver.

(Because of our methods of operation — dealing directly with the sources in India, Japan, Africa, Europe and the far-and-near east — the cost of our different and exotic pieces is most reasonable!)

## U.N. Observer To Speak At B.P.W. Meeting Feb. 27

An open invitation to Northville women is being extended by the Northville Business and Professional women's club to hear Mrs. M. Williams speak Monday, Feb. 27 at 8 p.m. in the Presbyterian church house.

Mrs. Williams is the national president of Motion Picture Councils, Inc., a member of the Speakers Research committee for the United Nations, New York; a director of the greater Detroit Chapter of America Assn. for United Nations, and a member of the Public Affairs committee, Detroit Council of Churches. Mrs. Williams' address will be "A Path To Peace and Security."

The BPW is comprised of nine committees, one being international Relations. The latter committee is working to develop discussion programs on international affairs, to stimulate club interest in foreign policy issues and to foster mutual understanding among business and professional women of all countries. However, the views of the speaker will not necessarily represent the opinion of the club.

### Church Shows Film

On Sunday, Feb. 26, the Sunday morning service at St. Paul's Lutheran church, Northville, will begin at 9:45 a.m., 15 minutes earlier, to allow more time for the showing of a film entitled "The Unfinished Task", which is being exhibited throughout The Lutheran Church—Missouri Synod at this time. The picture is intended to help the members understand the great "Venture of Faith" endeavor undertaken by the Synod.

## Murray Lyke... Northville's Most Recent Eagle Scout

Murray Lyke

Murray Lyke, 16, received the highest award scouting has to offer...he is an Eagle Scout.

With 32 merit badges to his credit, Murray is well over the required 21 needed for the Eagle award. Time qualifications are all that stand in his way of being eligible for the bronze and gold palms. He must wait six months for each.

Murray needs to earn only three more badges and wait an additional six months to receive the silver palm. After that there will be nothing left to earn except merit badges of which there are well over 100.

A cub scout until 1950, Murray joined Boy Scout Troop N-1, sponsored by the American Legion, in 1951. He later joined the Explorers Post 738, also sponsored by the American Legion. Murray is now the assistant scoutmaster of Troop 731.

"Murray earned every one of his badges," Mrs. Lyke said, "he really worked hard." Asked her opinion of scouting, Mrs. Lyke said, "I believe that scouting is a wonderful constructive way for a boy to spend his leisure time."

Murray is a junior at Northville high school and hopes to enter the field of electronics after graduation. He lives with his parents, Mr. and Mrs. Myrlan Lyke, 9809 Six Mile Rd., Salem.

### New Gift Shop...

(Continued)

Pottery, made by some of the greatest potters in the world, one in particular, Hamada Sakuma of Japan, who recently was brought to Ann Arbor by the University to put on a demonstration of his art; fabrics; silver jewelry from Siam; pottery from Mexico; saris from India, and dinnerware from North Carolina are a few of the items on display.

Through personal contacts in foreign countries, India House is able to get direct imports which represents the individual taste rather than that of a buyer. India House is particularly fortunate in having some of the pottery made by Harding Black of Texas who was the subject of an article in Time magazine recently.

the reduced rate of \$1.50, and then, upon showing his certificate of vaccination to the township representative present, he may obtain his 1956 dog license.

Dr. John D. Monroe, health director for Oakland county, stated that the reduced vaccination rates are possible because of the public spirited donation of their time by the veterinarians participating in the clinic. The veterinarians are not paid for their work at this clinic. The only expense is for the vaccine and other necessary supplies.

Dr. Monroe also reminded Oakland county dog owners that 1956 dog licenses must be obtained before Mar. 1. Failure to obtain a license for your dog before Mar. 1 will result in increased fees. Before an Oakland county dog license can be issued the owner must show a certificate of vaccination, he added.

**Building Reports ...**  
(Continued)  
commission expects a total of 30 houses to be built in Northville within the next five years. There were 973 houses here in 1950; 1,060 houses in 1955, and 1,090 expected by 1960.

**Novi Mushrooms**  
As compared with the almost stand still growth in Northville, Novi is going through a "Jack in the Beanstalk" growth period.

The population in Novi has increased 1,125 in the last five years. The population is now 4,950 and is expected to reach 7,200 by 1960.

Occupied dwelling units in Novi township now number 1,400 and are expected to increase to 2,000 by 1960.

**Metropolitan Population Increase**  
The Detroit standard metropolitan area (Wayne, Oakland and Macomb counties) will have a population of 3,960,000 by July 1960, according to estimates made by the Population Committee of the Regional Planning Commission. That means an increase of 943,803 people for the area during the 1950's as against a population growth of 638,958 during the decade of the 1940's.

Macomb county is expected to double its 1950 population, while Oakland will have 73% more people than in 1950. In Detroit, Hamtramck and Highland Park, an 82% increase is expected. The city of Detroit can look for a modest growth of 4% in the 10-year period.

In general, smaller gains are anticipated for the next five years than took place in the preceding five years. Restraining factors that the Committee took into account were: reduction of the backlog of housing demand piled up during the depression and World War II; the low birth rates of the 1930's and their effect on fewer people coming into marriageable ages from 1955-1960; the effect of recurrent shortages of water service on residential construction. On the other side, it recognized the strong growth factors operating in the Detroit area in terms of the expansion of manufacturing and other business operations.

The Committee emphasized that the estimates for 1960 should be regarded as "working figures". Nationally, sharp changes in economic conditions would undoubtedly have their effect on residential construction in the Detroit area.

## Phone Co. Official Sees Dials In Near Future

"My present opinion is that we will complete the dial system installation (in this area) within the next three years," Robert Maurer, district manager for the Michigan Bell Telephone Co., announced at the Feb. 9 meeting of the Novi Board of Commerce.

"Because of the new Lincoln plant, there is a possibility that this schedule may be shoved up a year," he added, to the obvious delight of many Novi businessmen who feel that the present installation leaves something to be desired.

Numerous questions concerning the township were discussed at its monthly board of directors' meeting, the Novi Civic Assn. said in a statement issued early this week.

Among the items discussed at the Feb. 8 meeting were reviewing of assessed valuations and location of new polling precincts. Advance publication of the agenda of township board meetings and of the township zoning and school board meeting dates was also discussed.

The directors discussed describing the township bills approved for payment by name of payee, items purchased and amount paid.

Questions on these points are being submitted to the membership for their decision, the statement said.

A general meeting of the association is scheduled for later this month and admission is to be by membership card only.

It will be acted upon at the next regular meeting Feb. 20, 1956.

Among the improvements mentioned as possibilities were new dishes and silverware to replace the currently depleted inventory, a new paint job for the building, and blacktopping for the parking area.

## Building Will Be Ready For Use In Late Spring

Plans for construction of a new Novi post office to be completed by late spring were announced Wednesday by Harry Watson, Novi businessman.

The post office, which will be adjacent to and directly north of the present building, was approved by postal authorities in Washington early this month, Watson said.

## To Start Soon

Preparation of the site for building began early this week with the removal of several large trees which occupied the property. "Actual construction will start very soon," Watson added, "and we hope to have the building completed by late spring."

Using cinder block and steel construction, the new building will be approximately twice as large as the present building, almost 60 feet long.

## Vacate Old P.O.

Present plans call for vacating the old post office upon completion of the new one. Watson said that the old building will be rented for commercial purposes.

In the event that the flow of mail eventually gets too heavy for the new building to handle, it will be possible to join the two buildings at any time, he added.

## SWISS CHEESE SAUCE

Cheese adds to the flavor and texture of many tempting sauces. Although most homemakers are more familiar with white sauces that require American or cheddar cheese, there are endless possibilities for distinctive sauces which make use of the wide variety of cheeses available. This delicious sauce made with Swiss cheese is excellent for hot cooked vegetables or served on toast with crisp bacon.

3 tablespoons margarine  
2 tablespoons flour  
1 cup milk  
3/4 teaspoon salt  
1/8 teaspoon ground black pepper  
1/16 teaspoon ground cayenne pepper  
3/4 cup finely chopped Swiss cheese  
2 teaspoons fresh lemon juice

Melt margarine in a saucepan. Blend in flour. Stir in milk. Cook until medium thickness. Add seasonings and Swiss cheese. Mix well and cook over low heat until cheese is almost melted. Stir in lemon juice. Serve over hot cooked vegetables or on toast with crisp bacon. This makes one and three-fourths cups.

cation for such parking rather than confine it to a few favored spots. This idea it was considered might be better than the one previously suggested, and Councilman Allen and Chief Denton were appointed to check and determine where the right place would be for such parking.

A. R. Clarke, Budget Officer, introduced the proposed Interim Budget for the period from Mar. 1st, to July 1st, 1956. After discussing the items in detail, a motion was made by Stubbenvoll, seconded by Canterbury, that a public hearing be held on this budget Feb. 20th, 1956 at 8:00 p.m. at the City Hall and that notice of such hearing be published in the Northville Record as provided in the City Charter, complete budget to be on file in the Office of the City Clerk for inspection by anyone who wishes to do so.

Yeas: Stubbenvoll, Allen, Canterbury, Ely and Reed.

Nays: None. Motion carried.

Mayor Ely announced the appointment of John S. Canterbury to represent the City Council on the Northville Co-ordinating Council to replace Ed C. Welch.

No further business to come before the meeting, same was adjourned at 11 P.M.

## CARD OF THANKS

Last Thursday evening was cold, wet and snowy...a perfect evening to stay at home by the warm fireside, but 280 Northville women felt differently, they were at the Girl Scout Card Party. The presence of these many women made the party one of the best to date.

Mrs. Lee Archer, chairman of the card party and Mrs. Philip Brown, co-chairman, extend their heartfelt appreciation to all who attended the party.

Mrs. Archer said, "The women who attended the party, the women who donated cakes, and the women who worked on the various committees made this party the success that it was. I'm proud that I was a part of it."

## Tomorrow's Citizens

Reading from right to left: Diana 1, Dennis 3 and Carole Ann 9, children of Mr. and Mrs. Howard Simonds. Bottom row, Tom 2½, Peggy 4 and Michael 1, children of Dr. and Mrs. Robert Edwards.

### G. E. Baldwin Dies In Washington

Mrs. J. R. McColl of Meadowbrook Rd. received word last week of the death of her brother, George E. Baldwin, at Puget Sound hospital in Bremerton.

Wash. after a two day illness. Mr. Baldwin was born in St. Johns, Mich. After graduating from the University of Michigan, he went West. Except for the ten years he spent operating a 5,000 acre cattle ranch in the Grand Coulee, his life was lived in or near Seattle.

### HELPFUL HINTS ON

## WEEK END DECORATING

IT'S EASY... IT'S FUN... AND IT'S THRIFTY

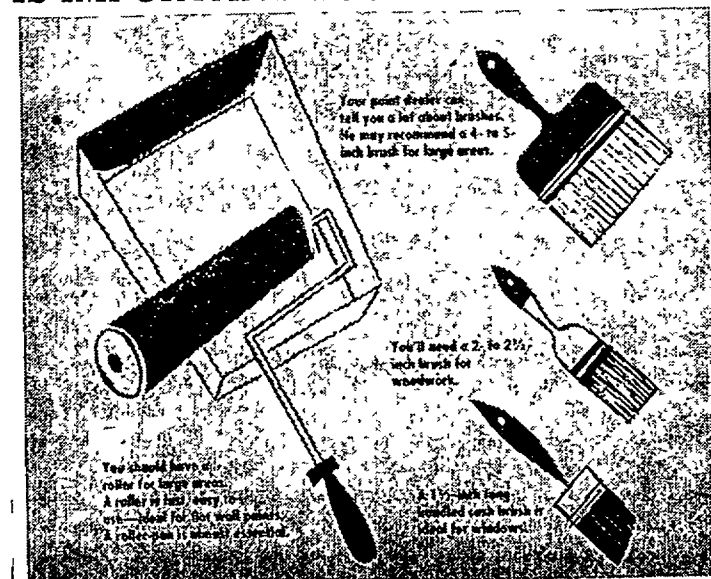

Grandpa and Grandma — or even Mom and Pop — might have had some rough going, painting that parlor of theirs with the old-fashioned paints. But today, thanks to modern paints and new equipment — like the marvelous quick-as-a-wink paint rollers and handy paper drop cloths — decorating's dark ages are gone forever. And many of our modern paints are odorless — you can paint on these winter days with the windows closed. Your paint goes on smoothly, without streaks or lap marks, and dries in just a matter of hours.

In addition to a complete line of She-win Williams, Gamble's, Benjamin Moore and Glidden paints, you'll find we carry many new and modern items to make your Week-End decorating even easier.

...a battery after the long cold winter."

What happened to that little fellow called Cupid? Valentine's Day is supposedly set aside for lovers, but it just wasn't so, according to Detroit court business. Eighty-nine marriage applications were made Feb. 14, but 113 divorces were also filed.

In case you don't remember (and you probably don't) this week marks the 80th anniversary of the telephone, that hideous little black instrument that wakes you out of a sound sleep, notifies your wife you will again be home late for dinner, and saves countless steps and hours in the course of every day living.

From the Bell Telephone lab. oratories comes word that field experiments are now being conducted with a phone that emits musical tones rather than the jangle of a bell.

Going one step further, we may assume that in line with their current drive to equip every house with numerous extension phones, the Bell system will offer these extensions in various tunes. Grandpa and Grandma might prefer a phone emitting the lilting strains of a Wayne King waltz while kid sister would prefer the frantic beat of the rock 'n' roll.

And speaking of frantic, these are indeed busy weeks according to our calendar. Seems like it's always national pickle week or national bite your finger nail week or something. Did you know that as we go to press, the country is observing National Advertising Week, National Defense Week, Future Farmers of America Week, Americanism Week, Brotherhood Week, Beauty Salon Week and National Newspaper Week.

And...did you know that May 20-26 has been named as "I'm Glad I Live In Michigan Week"? Wonder why that week is never scheduled in January.

Attorney James Littell walked into the township zoning meeting Tuesday night and said, "Where did all of the bugs come from?" and he did mean bugs!!! Beetle bugs were crawling and flying all over the township hall.

Board members swatted, squashed, and flipped the pests, but there was a reserve squad, believe us. By the time the meeting was over everyone had that itchy feeling.

The most frustrating situation can come about when we get an itch...no one is ever around when we need our back scratched.

So, do you wonder what makes a marriage happy? We're not giving out any answers this week but while sitting in our favorite haunt the other night we overheard a little conversation.

Two women were discussing a club meeting they'd been to. "What do you do at your

Mr. Charles Ely presented Mr. J. K. Goodman and Mr. F. L. Donaher, who argued in favor of the continuation of coal fuel in the Northville Grade School. It was their contention that gas heat would cost about \$1,000 more per year than coal.

Mr. LaGene Quay presented the annual audit of the school bookstore and discussed various phases of the operation of this facility.

Moved by Mr. Schrader and seconded by Mrs. Wagenschutz that the audit of the bookstore be accepted that Mr. Quay commended for his efficient handling of this assignment.

Mr. Quay and Mr. Schipper presented a proposed salary schedule on behalf of the faculty, calling for a \$4,200 minimum and a \$6,500 maximum.

The proposal was reviewed with the committee and tabled for future consideration.

It was moved by Severance that a special election be held on March 20, 1956, to vote on the proposition of an eight mill levy for a five year period, to replace the current six mill levy, expired. Seconded by Mr. Clark.

A roll call vote was unanimously in favor of the motion.

"This is something new for me," Hazlett said in an interview this week, "and although I have never had any ambitions in this direction, I think that I will like it and I feel sure that I am capable of assuming the responsibility."

Background

Hazlett, 35, was born in Detroit, but moved to Northville township with his family when he was a youngster.

He graduated from Plymouth high school and served seven years in the U.S. Army.

## LOOKING DOWN

(Continued)

A young man once found a two dollar bill in the road.

He believed that by looking down he would pick up a fortune someday.

In forty years he accumulated 29,518 buttons, 54,172 pins, 7 cents in pennies, a bent back and a miserable disposition. He lost the glories of the beautiful sunlit heavens, the beautiful hills and valleys, the smiles of friends and other things which make life worth living.

Though few people have followed his example, yet many have never lifted their eyes from off this earth and this life, to God and to the eternity beyond. They never allow themselves to think beyond this present world. They live for today and today alone. They share in some of the temporary pleasures, they may possess houses and lands but in comparison to eternal blessings, they are no better off than the young man we have spoken of above. What understanding, what joy, what blessings come to a child of God because he has looked to God. The knowledge of sins forgiven and that things are right between God and himself is wonderful indeed. The peace that comes from trusting in the great God who has become our Father when we put our faith in Christ. The joy of a new song floods the soul!

# BRIGHTON SQUASHED 68-54

## Mac Burns Injured In Varsity Tilt

By Bob Montgomery

Last Friday night the Mustangs of Northville squashed their opponent, Brighton, with a score of 68-54, but they lost one of their players in an important run for the league lead.

Mac Burns, Mustang, was sidelined from the Brighton-Northville game after injuring his leg. He was carried from the floor on a stretcher and met at the door by an ambulance.

The game resumed after the accident and the Mustangs continued to pour in basket after basket. As the first half ended, the score had reached 38-25 in Northville's favor.

The second half got under way with Pethers of Northville and Watson of Brighton tallying for point after point in a gallant effort to gain victory for his own team.

Northville showed a slight edge over Brighton as the game progressed and it seemed as though their opponents were beginning to lose drive. With the game coming to a close, Watson of Brighton was still sinking his nifty hook shots that netted him 22 of his 28 points for the night.

High scores for individuals were Pethers with 24, Bell with 16 and Teshka collecting 10. Snyder of Brighton took 17 points.

## 8th Graders Whip 7th Graders 59-10 Just Call 'em Champs

By Philip Jerome

The eighth grade team walloped the seventh grade, 59-10 in a basketball battle to determine the championship of the junior high. The game was played as a preliminary to the Texas Cowgirls-Faculty "contest" last Tuesday.

Although he played only about half the game, Joe Gotro was high man of both teams with 17 points, almost one third of the eighth grade total and seven more than the entire score of the seventh grade team.

The game was close only for the first few minutes. Gotro hit for the first two baskets of the game before George Kaschinski tossed in two from the free throw line to leave the seventh graders two points behind. The eighth graders then started to hit consistently and had an 11-point lead when the first quarter came to a close. Once warmed up a good team is hard to stop and the eighth graders went on to increase their lead and were out in front 26 to 6 at halftime. In the third period the eighth graders piled up a 34 point lead.

Gotro and Aenchbacher were the leading scorers in the stanza with six points each. The eighth grade subs played most of the final period and did excellent defensive work while adding 15 points to their score.

Following Joe Gotro in the scoring for the eighth grade were Bob Stuber with nine points, "Woody" Aenchbacher with eight and Roger Atchinson with six. "Chuck" Hix, "Mike" Eastland and Jim Patterson each got four. Bill Juday and Tom Connelly each netted a single basket.

Kent Frid got six points for the seventh graders. Dick Willing and George Kachinski got two points.

The injured Wade Deal left his eighth grade team mates to coach the seventh grade team. Joe Kritch directed the eighth grade club. Officials for the game were "Cap" Pethers and Darwin Teshka, members of the Northville high school team.

### RESERVES

The reserves of Northville again snatched the last minute basket to win for Coach Al Jones in another of their close and hotly contested games.

The final score found Northville with 63 and Brighton with 61 points after an overtime period was required to shorten or lengthen one side of 59-59 tie.

## Jr. High Loses Game To Dearborn 21-17

By Philip Jerome

A second basketball game within 24 hours may be just one too many for the Northville eighth graders. After rolling for 59 points on Tuesday night, the team seemed unable to get along against Roosevelt of Dearborn Wednesday afternoon and dropped a 21-17 decision. It was hard to believe they were the same players who had scored so often the night before.

A basket by Joe Gotro was all that kept Northville from being

shut out in the first period as the visitors built up a four point lead.

Roosevelt continued to toss the ball through the netting in the second period and led by a big ten point margin at half time. Northville did outscore the winners in the last two periods, 8-4 and 4-2, but never threatened to really make a game of it.

Joe Gotro and Patterson, each picked up six points for Northville. Dave Nash got three and Kent Frid two to complete the scoring.

## Knock 'em Down, Pick 'em Up, Chivalry's Not Lost

### Cowgirls-Alumni Tie Score 54-54

By Bob Montgomery

The modern version of the Texas hoe-down took place at the Community Bldg. last Tuesday, Feb. 7 when the Texas Cowgirls met the Northville alumni and tied the game 54-54. With 31 seconds left to play and the Northville alumni in

possession of the ball, the band played on and the girls danced off the remaining seconds of the game to a lively tune.

Chivalry is not lost. Our men folk were quite hushed from picking the ladies up off the floor, even after they may have knocked them down. The game itself was well played by both groups even though some of the polish had left the Northville alumni.

Outstanding on the court were

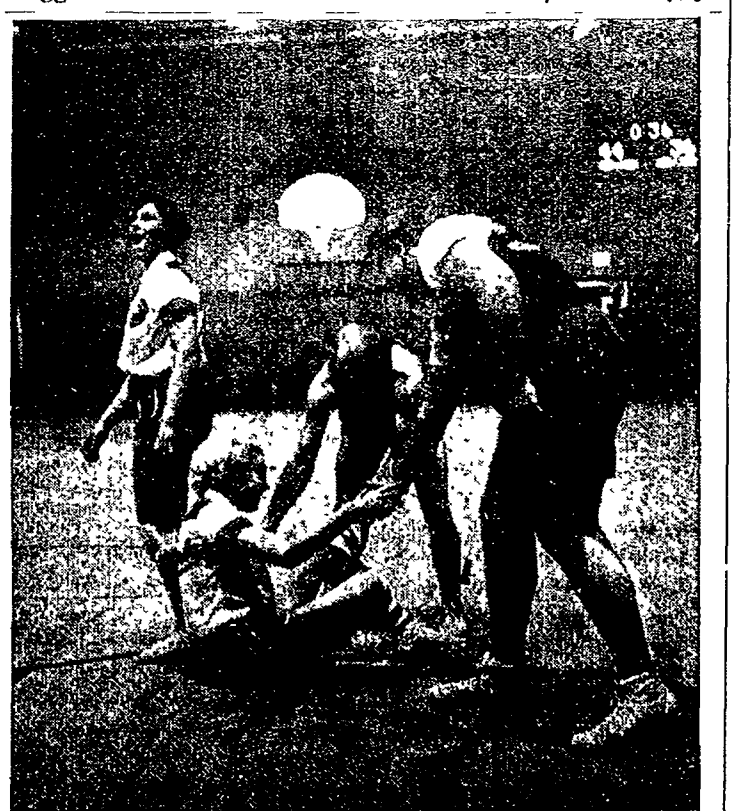

Sandmann, Kay, Schipper and Johnston who averaged slightly over five field goals apiece.

As for the girls, they all play-

ed well considering that all advantages were on their side, including what one referee phrased as foul, "very personal foul".

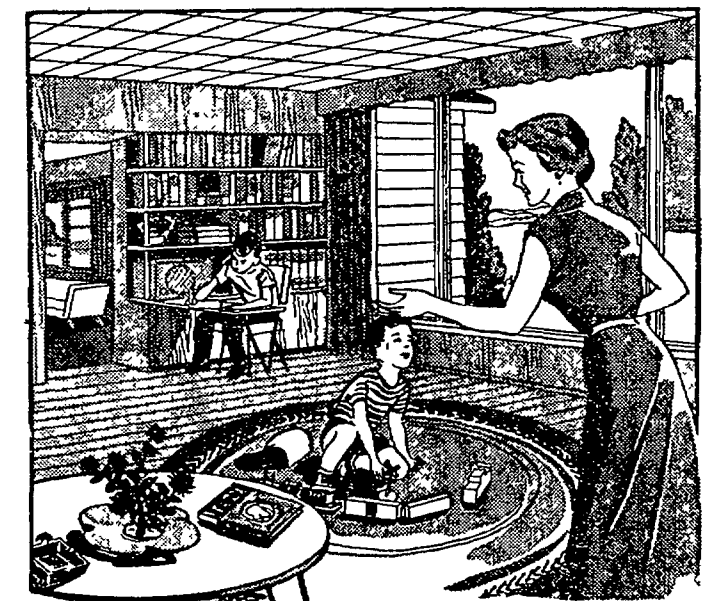

WATCH YOUR HEAD GIRLIE. While Dick Kay and one of the Cowgirls battled for the ball, it looked like "Tiny" Riemer was trying to put an end to the gal's jumping with one pat on the Noggin'. Both Photos by H. Hartley, Jr.

UPSY DAISY. Members of the Northville team were polite when they played against the Cowgirls last Tuesday. Everytime they knocked a girl down they stopped to pick her up.

## CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets  
Plymouth, Michigan

How greater intelligence and wisdom can be gained through scientific understanding of God, divine Mind, will be brought out at Christian Science services Sunday.

The Lesson-Sermon entitled "Mind" will include the following selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy

(128:4-11): "The term Science, properly understood, refers only to the laws of God and to His government of the universe, inclusive of man. From this it follows that business men and cultured scholars have found that Christian Science enhances their endurance and mental powers, enlarges their perception of character, gives them acuteness and comprehensiveness and an ability to exceed their ordinary capacity."

Also emphasizing the divine source of wisdom is the Golden Text from the King James Version of the Bible (Proverbs 2:6): "The Lord giveth wisdom: out of his mouth cometh knowledge and understanding."

## PARADISE FOR A THIEF

This past Wednesday once again ushered in the Lenten season. Especially during Lent Christ Crucified is proclaimed as the Savior of all mankind. No sinner is excluded from salvation, if he truly repents and accepts Christ as his personal Redeemer. This is very clear from the story of the repentant thief in St. Luke, Chapter 23.

Hang on the cross this thief exclaimed to the other malefactor: "We receive the due reward of our deeds." Here was a man who readily admitted his guilt, a man of a "broken heart" and of a "contrite spirit." (Psalm 34:18). And he showed the fruit of his repentance by rebuking the other thief for his blasphemy.

But not only was he penitent; he also accepted Christ as his perfect Savior. He defended Christ, saying: "This man hath done nothing amiss." With these words he beautifully presents Christ as the spotless Lamb of God, who never in all His life had done any evil. He realizes that only such a clean, spotless, stainless, perfect Son of God and Son of Man could take upon Himself the monstrous sins that made his own criminal self re-

pugnant in the sight of holy God. He knew that even he could be redeemed "with the precious blood of Christ, as of a Lamb without spot or blemish." (1 Peter 1:19).

His earnest plea is: "Lord, remember me when Thou comest into Thy kingdom." And Jesus' immediate answer is: "Verily, I say unto thee, today shalt thou be with Me in paradise." Jesus graciously assures him that he would spend an eternal age with Him, God's own Son, in heaven;

and not in years to come, but today, in a few hours before the day would be over.

Imagine for a moment the joy that must have entered that wretched malefactor's heart. What meant now these sharp nails that tore his hands and feet, when soon he was to be in a place where suffering and pain are unheard of? What meant now his dry, thirst-parched throat, when soon he would be there where they "hunger no more?" (Continued on page 14)

## Jr. Student Council Has \$600 Treasury; To Buy Equipment

Not too much is said about the Junior Student Council, but then very few groups are given the recognition they deserve. Perhaps this is so because they are too busy with their projects to concern themselves with informing the public through publicity. May we add that modesty is not always commendable and to quote a much used saying around here, "If you don't toot your own horn no one will."

The Junior Student Council was brought to our attention by its sponsor, Mrs. Ida B. Cooke, NHS faculty member. It was the Junior Student Council that donated \$50 out of their treasury to the recent March of Dimes polio drive, not the Senior Student Council as was reported in the Record last week.

The Junior Student Council boasts of a treasury consisting of more than \$600, compiled through their sales of popcorn, milk, cupcakes, potato chips and seeds which are sold during the noon lunch hour. All of the profit is used for school equipment.

At their Feb. 10 meeting in the Community Bldg. the Junior Student Council voted to purchase a record player for the English department, a potter's wheel for the art department, and a dozen pair of glasses to protect the eyes of those girls who wear glasses while playing volleyball or basketball.

We salute the Junior Student Council and its sponsor for the work they are doing. All of the selling is done on a volunteer basis and from the treasurer's report, we assume that the group must include many ambitious, school-spirited youngsters.

The two-part question asked by the Record this week came about as a direct result of comments made around town concerning the difficulties encountered in the employment of teen-agers.

As we heard it, the boys approached by various merchants either didn't want to work or thought that the amount of money offered was not sufficient.

However, each of the boys that we talked to this week were in favor of working after school and their ideas about wages were reasonable. Incidentally, all of the boys are employed.

Do you think that high school boys should work after school? What do you consider a reasonable hourly wage for unskilled labor?

**GREIG CHAPMAN, 17, senior.** "Yes. Boys usually need money. Working helps build character and gives a boy a sense of value. Also, when a fellow works it doesn't put a strain on his parents since he no longer needs to draw an allowance." As far as money is concerned, Greig thought that depended on the job and working conditions, but, "between 75 cents-\$1 an hour seems reasonable," he said.

**JOE EARLY, 17, junior.** "Yes. High school boys should work to earn their own spending money, but they shouldn't let their job interfere with their class work. The amount of money to be paid depends on the work," Joe said, "but it should be at least 95 cents an hour."

**THOMAS SLAVENS, 18, junior.** "Yes. Boys should work and pay their way through school. Parents shouldn't have to pay for a car or give a boy money for dates. The hourly wage shouldn't be less than \$1.25 an hour," Tom said. Explaining his decision Tom said, "Prices are higher. Clothes, books, dates and a lot of other things takes money."

**DAVE HAMILTON, 17, senior.** "I certainly do. Working teaches a boy responsibility and it's use-

ful in later life. All teen-agers should work. It teaches them to meet the public and get along with people. It all results in better human relations." Dave thought that 75 cents an hour was a reasonable hourly wage.

**ALAN NEWBEGIN, 16, junior.** "Yes, as long as it doesn't interfere with school work. Boys need spending money in high school and shouldn't have to depend on their parents for it." Alan thought that a minimum hourly wage should be "\$1 an hour".

**MARVIN BOYER, 17, junior.** "It depends on the boy. If he doesn't have loaded classes and has enough study halls he should work for his spending money. If he has a car he should be able to buy his own gas and pay his expenses in general." Marvin also thought that "\$1 is a reasonable hourly wage."

## Schools Receive \$6,745 from Mich. Bell Telephone Co.

The Northville school system received \$6,745 of \$8,286,848 paid to the state Primary School fund by the Michigan Bell Telephone Co. in 1955 as the company remained the largest single contributor.

Robert D. Maurer, area manager for Michigan Bell, reported that the payment to the local public school census of 1,423, as compiled by the State Department of Public Instruction.

Schools throughout Wayne county, including the city of Northville, were allocated \$2,805,966 for 391,976 pupils.

Michigan Bell's tax payment, the largest in the company's history, amounted to \$4.74 for each of the 1,746,789 youngsters in the state between the ages of 5 and 19 who are on the census rolls.

The company, in common with railroads, Pullman, railway express, telegraph and other telephone companies, pays a state property tax earmarked for the Primary Fund in lieu of other property taxes.

## Elaine Butler

## N.H.S. Homemaker of Tomorrow Named

Elaine Butler, Northville high school senior, has been named the Betty Crocker Homemaker of Tomorrow in NHS, according to a news release issued this week by Miss Corine K. Clark, NHS home economics teacher.

Elaine received the highest score in a 50 minute written examination consisting of 150 objective questions, which tested the homemaking knowledge and attitudes of 40 senior girls in the NHS graduating class.

She will be entered in competition to name this state's candidate for the title of All-American Homemaker of Tomorrow

and will also be considered for the runnerup award in the state. She will receive a golden award pin designed by Trifari and the school will receive a "Betty Crocker Good and Easy Cook Book".

### Winner Named In April

The national winner in the search conducted among 256,534 young women in 10,222 of the nation's public, private and parochial high schools will be named April 12 at the American Table banquet in Philadelphia.

General Mills is the sponsor of the program designed to assist schools in building in young women a deeper appreciation and understanding of the American home and to emphasize through a sound scholarship award program the personal qualities and sense of values necessary to successful homemaking. More than \$100,000 in scholarships will be awarded.

### Prizes

Each state Betty Crocker Homemaker of Tomorrow will receive a \$1,500 scholarship and an educational trip with her school advisor to Washington, D.C., colonial Williamsburg, Va. and Philadelphia. A \$500 scholarship will be awarded the runner-up girl in each state. The school of the state winner will receive a set of the Encyclopedia Britannica.

The scholarship of the young woman named All-American Homemaker of Tomorrow will be increased to \$5,000. Delores Arnette of Enterprise, Ala., was the national winner last year and is enrolled at Judson college at Marion, Ala.

The examination was designed and judged by Science Research Associates of Chicago.

Each NHS girl who took the test received a homemaking guide that will assist her in pursuing the career of homemaking.

## Pastor's Study ...

(Continued)

more, neither thirst anymore." (Revelation 7:16). What meant now these devilish, hoarse voices of the mob below, when soon he would hear the heavenly laughter and sweet song of a thousand times ten thousand angel voices? What meant now this grim hill of Calvary, when soon he would come unto the heavenly Mount Zion?

The same Jesus who promised paradise to a thief promises us: "In my Father's house are many mansions." (St. John 14:2), and "Him that cometh to Me I will in no wise cast out." (St. John 6:37).

This story teaches us that the way to heaven is through repentance and faith in Jesus. And all need to repent and believe, no matter how righteous they may consider themselves. All need to hear the preaching of sin and grace during Lent. In the eyes of God all are sinful, and nothing is greater abomination to Him than pharisaical self-righteousness. Read another Chapter 23, St. Matthew Chapter 23.

## THE DANGER OF POSTPONING

However, coming to Christ dare not be postponed, not even for one day or for one hour. Do not say: "I'm first going to enjoy the sinful pleasures of this life; and then when I'm ready to die, I'll quickly repent." This is a temptation from Satan. Such a last hour of grace may never

come. If ever this temptation enters our hearts, let us think of the other malefactor, who did not in the end repent as he may have planned before beginning his life of thievery. For him the time would soon come when he would join countless others in a hopeless hereafter where there is no second chance; "for it is appointed unto men once to die, but after this the judgment," (Hebrews 9:27) and "it is a fearful thing to fall into the hands of a living God." (Hebrews 10:31)

The time for repentance and faith is NOW. "Behold, now is the accepted time; now is the day of salvation." (2 Corinthians 6:2). If the Lord is so good as to offer us an eternity of bliss NOW, why pass it up? Our education, the welfare of our family, our advancement in life—all of these can wait, but not our salvation. Give it serious thought during this Lenten season. Look after it TODAY.

## New Methodist Men's Club Holds Election

Methodist men of the Northville church met Jan. 29 for the purpose of organizing a Methodist Men's club. James Crippen, an attorney-at-law and prominent layman from the First Methodist church, Ann Arbor, explained the work and purpose of the Board of Lay Activities and conducted the election of the following officers:

President, Harold Penn; vice-president, E. J. McClendon, and secretary-treasurer, C. F. Logeman.
