CITY TO EXCHANGE MAYORS WITH SALINE

Two Cars Stolen, Stripped, Abandoned

Two cars from Northville were stolen, stripped, and abandoned sometime between Monday evening and Tuesday morning. The local police department received their first call at 6:45 a.m. Tuesday from Joseph Gillner, 624 Carpenter. Gillner said that someone stole his 1955 Ford club coupe from his garage.

The police made a check of the area and said that snow in the driveway indicated that the car was stolen before midnight because there were no tire marks in the snow.

The state police later reported that the car had been recovered on Haggerty and 7-Mile Rd. ... stripped.

The second report was received a few minutes after the first. Albert D. Siabach, 136 E. Main St., said that his 1952 Mercury was stolen from the city parking lot during the night.

At 8:10 a.m. Redford township police reported that the car had been found in the woods near Whipple subdivision. The front wheels had been removed, the seats were out, the headlights had been broken and an attempt had been made to remove the radio and trunk.

Northville police said that both cases are still open for investigation.

THE NEED FOR A NEW FIRE ENGINE was dramatized by members of the Northville Exchange Club Mar. 21 when they rode through town on the ancient pumper now owned by the City of Northville. This is the only engine that the city itself owns. Another engine of only slightly newer vintage is owned jointly by the township and city. The purchase of a new engine similar to the ones in use in Plymouth, Livonia and Novi would run between \$20,000 and \$25,000, officials say. The city council has discussed including the engine in their budget. Fire Chief Bill McGee drove the Exchangeites around town and then attended their weekly noon meeting where he conducted a question and answer period on the subject of the need for a new fire engine.

Board of Review Approves Tax Roll

The Northville tax roll was approved Tuesday and will be sent to the Wayne County tax bureau this week, according to the chairman of the board of review, Garrett Barry.

The tax assessor for the city, E. M. Bogart, said, "I don't know what the rate will be... we can't tell until it's totaled."

The board of review listened to appeals from taxpayers Mar. 13, 14, 15, 16 and 27. Approximately 15 persons made inquiries, but only four persons protested. "We weren't very busy this year," Barry said, "because there was a reduction in taxes."

The board reviewed every parcel of land in Northville and was satisfied that the properties were assessed in fair manner. Total assessed valuation according to Bogart amounted to: city proper, \$2,629,000; Oakwood subdivision, \$263,000, and personal property, \$1,479,900.

Board of review members are Garrett Barry, Levi Eaton and Ed Welch. The assessor, E. M. Bogart, was also present at the board meetings.

\$112 Collected In Easter Lily Seals

Northville shoppers contributed \$112.14 to the Easter Lily Seal Saturday in the business district to raise funds for crippled children and adults.

Despite the snow and cold of Friday evening and Saturday morning 16 members of the Rainbow Assembly No. 29 under the leadership of their Mother Advisor Mrs. M. J. Willing, helped boost funds for the crippled children and adults living in the community.

The \$112.14 will go toward the Northville Easter Seal campaign goal of \$1,754 which is to be raised during this annual drive which is now in progress for funds for the Wayne Out-County Chapter, Michigan Society for Crippled Children and Adults.

Spearheading the seal drive for the Northville Rotary club who conducted the mailing campaign for the Easter Seal Society is R. P. Stone. Mr. Stone reported that 3,250 appeal letters for Easter Seals have been mailed to Northville residents for funds for services of treatment, transportation, equipment, day camp and recreational programs furnished to the crippled by the Wayne Out-County Chapter.

Twelve lily seals were conducted throughout Western Wayne County by the Easter Seal Society Saturday which raised \$2,706 toward the Chapter's goal of \$40,000 needed to continue its services to some 2,000 handicapped individuals in the out-county areas.

The annual Easter Seal drive is the only means of support of the Wayne Out-County Chapter which has served in the local community for the past 16 years.

Burglary Charge Man Confesses Then Pleads "Not Guilty"

A Dearborn man confessed to Northville police that he burglarized two local gas stations in February, then he pleaded "not guilty" before Justice of the Peace E. M. Bogart.

Charges of breaking and entering and larceny were filed against Albert Nitchie, 35, 7870 Robindale, Dearborn, by owners of Shay's gas station and Sid and Walt's gas station.

The two stations were burglarized Feb. 24; \$199 was taken from Sid and Walt's; \$30 and three books of TV stamps were taken from Shay's.

Sheriff Gives Tip
Nitchie had been apprehended in another Michigan town earlier this month on a breaking and entering charge. The Oakland County sheriff notified Northville police that the prisoner had also confessed to burglaries in Northville.

Police Chief Joseph Denton sent Sgt. Glasson to the Oakland County jail Mar. 9 to interview Nitchie who again confessed. At that time a hold was placed on him for the Northville police. Nitchie's sentence was suspended and Tuesday, Mar. 27, Patrolman Hines escorted him from Pontiac to Northville.

Trial Monday
At an arraignment Tuesday afternoon, Nitchie pleaded not guilty. Justice of the Peace E. M. Bogart ordered him to be sent to the Wayne County jail in lieu of \$500 cash bond, until Monday, Apr. 2, when a trial would be held in Northville. The trial was postponed until the Wayne County prosecutor could be present. His presence is demanded by law at every felony case.

Nitchie said that he had been laid off his job since Feb. 1 and started his series of burglaries about a week later.

On Parole
Nitchie is on parole from Leavenworth, Ill. for breaking and entering a post office. His parole was to expire Thursday, Mar. 29.

500 Cities Paired At Lansing Meeting

Northville's Mayor Claude N. Ely will exchange his office with the mayor of Saline, Henry Leutheuser Monday, May 21. The exchange of mayors is one of the features of Michigan Week which will be celebrated May 20-26.

The Exchange cities were "paired" at the annual exchange of mayors drawing held in Lansing Tuesday, Mar. 27.

Names of 500 cities and villages were placed in a large hopper and drawn in pairs by Governor G. Mennen Williams, honorary Michigan Week chairman, and by Lt. Governor Phil Hart and House Speaker Wade Van Valkenberg, honorary co-chairmen.

Cities Paired "By Chance"
Pairings were strictly by chance in the drawing, with no effort made to match cities of equal size or close geographic locations. The results produced some unusual combinations with metropolitan areas exchanging with villages, and with towns in the upper peninsula swapping with southern Michigan cities.

Saline Mayor Surprised
Mayor Leutheuser was pleasantly surprised when the Record telephoned him with the Exchange Day news. "Are you sure?" he asked.

"We got the word straight from Lansing," we said, "Mr. Gayle Gibson, executive secretary of the Mayors Exchange committee, told us."

"Well, wonderful," Mayor Leutheuser said, "I like Northville and I'm glad that I'm going to go there."

The mayor said that he didn't go anywhere last year. "The town that they paired me with, Boyne Falls, wasn't taking part in the Michigan Week celebration so I stayed home," he said.

Mayor Leutheuser is serving his second term as the mayor of Saline. The town has a population of 1,533 and is located between the Irish Hills and Ypsilanti.

The mayor came to this country from Coburg, Germany in 1929 and has been a Saline resident since then. He is the owner of the Saline hotel, but said that he is retired from taking an active part in the business. The mayor is married and has two sons; one is married and one is a student at the University of Michigan.

When the Record asked Mayor Leutheuser how long his council meetings lasted he said, "Too long. We've had a lot of work to do these past two years and we never seem to finish until midnight."

The exchange day will be held on a Monday, the day most cities hold their council meetings and the visiting official usually presides. In this case, both Mayor Ely and Mayor Leutheuser will feel "right at home" unless the council members take pity on them.

Hines Drive To Be Extended; Ford Co. Donates 410 Acres

The Ford Motor Co. today announced the donation of 410 acres of Ford owned land to the Wayne County Road Commission for the construction of a 2½ mile scenic drive through the center of Dearborn, which will connect with Edward N. Hines Dr. Most of the 410 acres lie within Fair Lane, the Henry Ford estate.

In addition to facilitating the flow of traffic in areas served by the drive, the land donated will contribute to the road commissions flood control program along the Rouge River.

Landscaping along the drive will be designed to protect residential and industrial property.

To date, 15 miles of the Edward N. Hines Dr. have been completed from 7-Mile in Northville to Telegraph Rd. in Dearborn township. The road commission has acquired land which would lengthen the present drive to the area donated by Ford Motor Co.

The Ford donation will permit the construction of the scenic drive from north of Ford Rd. to a temporary terminus at Michigan Ave.

On completion, around 1959, there will be 20 miles of scenic highway from which trucks will be prohibited, between Dearborn and the northwest region of greater Detroit.

Only Left Side Hub Caps Stolen

Was the thief scared or did he just have a mania for left side hub caps? That's what the police are wondering, but Harold Schmidt, 28117 Woodhill St., is wondering where his two hub caps are.

Schmidt parked his 1955 Chrysler in the lot near the Community Bldg. while he attended a P-TA meeting. When he returned, the left side hub caps were gone. Value of the caps was estimated at \$30.

Random Notes From "file 13"

For our riddle-happy followers, we asked the following question last week...

"If the temperature today is zero degrees, and the weatherman says it will be twice as cold tomorrow, what will the temperature be tomorrow?"

And we duly received the following answers—"...Zero is 32° below freezing. Twice as cold will be twice 64° below freezing. In other words it will be 32° below zero. Do I go to the head of the class?" (signed) Subscriber.

Another solution was figured out at a birthday party and is said to have taken a total of 9 man-hours of concentrated effort. Donald Boyd brought this other answer to our attention and says that accuracy demands that barometric pressure and altitude be taken into consideration. Knowledge of aerodynamics and math are also helpful, he added. Absolute zero is minus 460°, he said, and so twice as cold would be minus 920°.

Perhaps you will notice the pictorial page on page 11 of this issue titled, "Get Ready, It's Springtime!" In case you don't believe us, look at the calendar. Despite the snow and sleet, spring officially began Mar. 20.

In these days of super (if not always truthful) salesmanship, we herewith print an example of outstanding integrity and honesty — "With this car," the auto salesman exclaimed, "driving is virtually effortless, leaving your entire mind free to figure out how you will meet the payments."

Maybe history is repeating itself. The color made famous by the old Model T seems to be making a comeback. About 4 out of every 10 buyers of new Continentals have expressed their preference for the color black. Seems like they buy 'em to be conspicuous, then tone 'em down in color to be dignified.

THE LUCKY WINNER of a 21-piece electric drill set given away in conjunction with Northville Hardware's grand opening last week, was Malcolm A. Allen, right. Essie Nirider is on the left. The ticket was drawn by C. Sorenson, 48399 W. 7-Mile Rd. Northville Hardware, formerly the George Clark Hardware Co., was purchased by Essie Nirider early this year.

"WORST SNOW OF THE WINTER," said long-time Northville resident Al Zimmer as he brushed the snow off the used cars at Marr Taylor's used car lot. The unexpected snowfall which tied up traffic and caused many minor accidents gave fair warning that even though spring is officially here, Ole Man Winter isn't giving up easily. Zimmer recalled one year when the snow got so bad on his car lot that he had to call in a bulldozer to clear the grounds.

ON BEHALF OF THE entire congregation, Paul Beard, chairman of the First Methodist Church Official Board, accepted the above oil painting of the late Rev. William Richards at the concluding Lenten Banquet Mar. 22. The presentation was made by Milton Waltensperger, lay leader, from the Woodmere Methodist Church, Detroit. The pastor of that church, the Rev. William J. Richards, and a delegation of members were also present. The painting will be placed in the William Richards Fellowship Hall. The late Rev. Richards was the pastor of the First Methodist Church in Northville from 1922-1931. The Fellowship Hall was built during his ministry and dedicated in his honor last fall, shortly before his death. Approximately 200 persons were present at the ceremony.

Mrs. Arthur Heslip and Daughter, Mary

Baking cookies by multiple dozens is routine to Mrs. Arthur Heslip. She knows what it is to have a boy come home from school and make a dash for the cookie jar — in fact, she knows what it is to have eight boys and one girl come home from school and reach for the cookie jar.

The brown sugar and coconut give these cookies a distinctive flavor and they are crispy, too. Mighty fine eating when they are fragrantly warm from the oven.

The Heslips live on their farm at 42680 E. 9-Mile Rd. The two older boys, Jim and Jack, are married. Bob and Tom are in college. The five children at home can consume a lot of cookies and usually do when they are as good as these Coconut Drop Cookies.

COCONUT DROP COOKIES

- 1/3 cup shortening
- 3/4 cup white sugar
- 3/4 cup brown sugar
- 1 tsp. vanilla, lemon or almond extract
- 2 eggs
- 2 tbls. hot water
- 2 1/2 cups flour
- 1 tsp. soda
- 1/2 tsp. salt
- 1 cup coconut

Mix ingredients in the order given. Sift flour, soda and salt together. Drop on baking sheet and flatten cookies by stamping with a glass covered with a damp cloth. Bake at 375 degrees for 10 to 12 minutes.

Spring Practice Begins At NHS

The winter season is over and so are bundle-up (football) and indoor (basketball) sporting events.

Northville high school boys are eager to get the fresh air treatment along with their spring training for baseball, golf, track and tennis.

Baseball pitchers and catchers are limbering their arms and the track squad is running around and doing calisthenics. The tennis team will begin practice next week and the golfers will start training as soon as weather permits the boys to play on the course.

Coaches for the various teams include: Athletic Director Al Jones, varsity baseball; Stanley Johnston, junior varsity baseball; Ronald Schipper, tennis; Charles Yahne, track, and Merritt Meaker, golf.

Three of the teams will open their games away from home. The baseball team opens the season at Holly April 16. The track team meets Brighton April 19 and the tennis team will start their season with Birmingham April 19. The opening golf meet has not yet been announced.

Treats were candies made by the girls. The evening was concluded with songs by Shirley Snow and the Novi Senior Scouts.

Brownie Troop No. 602 had a cook-out in back of the school. The girls combined stick cookery with a one pot by having hot dogs and cocoa.

Intermediate Troop No. 492 collected cookie sale money. They blazed a trail around the school. Carol Newbegin showed the troop her nature book.

Novi School

(Continued)

Patty Dye, Joe Loynes and Katherin Casey are all home with the measles. Mark Hamer of the third grade also has the measles. The second and third grade pupils have some pet parakeets which provided excitement by getting out of their cage Thursday. The second and third grade took their trip to Cranbrook last Monday.

4th and 5th Grades—After Easter the fourth and fifth grade boys and girls will make a visit to the Planetarium at Cranbrook in Birmingham.

On Friday the pupils in the class made paper mache molds of Easter eggs.

Bobbie Jean Davis has left Novi school and has moved to Northville.

5th Grade—The fifth grade made and presented nut cups to the Novi Convalescent home for Easter.

The fifth grade had an Easter Card committee. On the committee were Chairman Lana Whistle, Dickie Geer, Carolyn Mairs and Ginger Cheeseman. They made Easter cards for their families and friends.

The grades' new reading project, found most interesting, is on airplanes and world air routes.

Kenneth Hayes and Jeff Crawford made a string Easter egg with a chicken in it. The egg breaks open when a string is pulled and out pops a chicken. Another string closes the egg. Diane McCollum drew the egg and the chicken.

Baseball Practice—Baseball pitching and catching practice started Tuesday night. There are nine boys trying out for pitching and three for catchers. The rest of the team will start after Easter vacation. Twenty six boys are expected out for the team with Mr. Griffith as coach.

NOTICE

Pursuant to Sec. No. 168.361, Compiled Laws of 1948 and to Sec. 370 of the Election Laws of 1955, notice is hereby given of the annual meeting of the electors of Northville Township at 1:00 o'clock, eastern standard time, in the afternoon of April 2, 1956, at the Township Hall, 16860 Franklin Road; at which time annual reports will be read and such other business as is usually transacted at township meetings by viva voce vote.

Daniel J. Stark,
Township Clerk, Northville Twp.

AREAS AFFECTED by the proposed consolidation of four Novi school districts are shown on the map above. Chapman No. 7 school district requested and was granted annexation to the Northville school district last summer. One of the boundary questions to be resolved before a Novi consolidation can take place is the small portion of Durfee district lying south of 8-Mile Rd. (lower left corner of map). Some residents favor 8-Mile as the boundary; others say it should be halfway between 8-Mile and 9-Mile.

Consolidation Details Presented At Meeting

Bonds and Boundaries Discussed

Oakland County School Superintendent William Emerson explained legal provisions and steps involved in the consolidation of Novi school districts at a meeting of representatives of the four Novi districts Friday evening.

Numerous legal questions and procedure inquiries were discussed by school officials and area representatives during the two-hour session held in the Novi school's new library.

Despite the heaviest snowfall of the year and nearly impassable roads, approximately 40 people were on hand to discuss the problem.

Two of the most important questions raised were bonded indebtedness and district boundaries.

The bonded indebtedness question involves the new \$200,000 addition to Novi school in District No. 8. Approximately \$175,000 of this amount has not yet been paid off.

If the other three districts (East Novi, Putnam and Durfee) are to consolidate and use the facilities of Novi No. 8, they must also be prepared to assume their share of the outstanding indebtedness, Emerson pointed out. This point must be clearly brought out in the petitions for consolidation.

The question of boundaries for the new consolidated district was also discussed. There seems to be general agreement that the southern portion of Durfee district will ask to withdraw from the district and seek annexation to Northville.

Likewise, there seems to be general disagreement regarding the line along which the district should be split. Some advocate making the split at 8-Mile Rd. to conform with township and county boundaries. Others advocate a line halfway between 8- and 9-Mile roads.

Representatives of the Novi system are scheduled to meet with the Northville Board of Education Monday night to discuss the boundary situation.

The new petitions calling for a general election on the consolidation question must be signed by a number of qualified school electors equivalent to at least 50% of the number of registered general electors in the areas involved.

"We hope to get this thing on the road as soon as possible," Novi No. 8 Supt. William Medlyn said. "The mechanics of working the consolidation out determine how soon we can circulate the petitions, but it will probably be late spring."

MAKING PLANS FOR CHRISTMAS last week were officers of the Novi Goodfellows. In the front row, left to right, are Gerald Trotter, Irene Staman, Virginia Noble and Tom Morrison. In the back row are Frazer Staman, Harold Miller, Richard Ritter and Fred Loynes. Each year the group conducts a Goodfellow newspaper sale and distributes Christmas packages to needy families in the area with the proceeds from the sale. —Photo by Richard Noble

Head-On Collision and Traffic Jam Keep Police Busy

A head-on collision and a one-hour traffic jam kept Novi police busy Friday afternoon as the heaviest snowfall of the year slowed traffic to a snail's pace throughout the metropolitan Detroit area.

The collision at Grand River and Haggerty Rd. happened shortly before 6 p.m. It occurred when one car attempted to pass another and skidded out of control into the path of an oncoming car. Four people from Dearborn were injured. One of the occupants was in serious condition as a result of severe facial lacerations suffered when she was thrown through the front windshield.

The traffic jam occurred on Novi Rd. just south of Grand River during the same period. Northbound cars were unable to climb the hill opposite Novi Equipment Co. and the traffic jam that followed lasted almost an hour, Police Chief Lee Bego said.

A Walled Lake resident suffered minor injuries Saturday afternoon. His car went out of control while traveling south on Novi Rd. at 12-Mile and hit a car driven by Arthur Topping of Detroit. Both cars suffered extensive damage.

About one hour later, two other local residents were involved in an accident on 12-Mile Rd. near Summit Dr. Robert Crooks of Novi and Wesley Ash of Walled Lake collided and Crooks' wife suffered minor injuries, Novi police report.

Letter To The Editor

To the Editor:
I was amazed to find the quick and efficient manner in which the Northville public works under the direction of H. Hartner, went into action to rid our streets of the heavy snow on Friday, March 23.
So little mention is given to these men, who we all have to depend on for safe travel.
Herbert Koester

Editor's Note: We are sure our city employees will appreciate these kind words, Mr. Koester. In the light of recent criticism of city employees by certain people, we are sure that city officials, too, will appreciate this refreshingly different letter.

The people in Northville have had a "new look" on their faces, a new swagger in their walks, and something new added to their tones of voices in the past few weeks. This is wonderful evidence to substantiate the fact that Easter is rounding the corner and spring is employing its well-known art of rejuvenation.

It is not so odd to think of Easter and spring simultaneously. Actually, Easter had its origin in the workshop of a pagan goddess of spring. People now celebrate Easter as the Resurrection of our Lord and it is one of the most important Christian holidays.

Spring is perhaps most sharply emphasized by the merchandise of the clothing stores. Gone are the wools, felts and furs, and in their places are the cottons, linens and straws. Color, fabric and style conscious families are outfitting themselves for the Easter Parade.

Wordsworth wrote, "And 'tis my faith that every flower Enjoys the air it breathes."

How wonderful to believe that; and surely while the flower enjoys living, people also enjoy its beauty and fragrance. The traditional Easter flower is the lily, but many types of flowers are sold in Northville for church decorations, corsages, plants, centerpieces, etc.

The most favored flowers at Easter time, according to Northville florists, are carnations, roses, gardenias and orchids for corsages, and lilies, tulips, azaleas, violets, hyacinths and hydrangeas in plants.

Although we may all be young at heart, spring has special significance for the children. It is the time of year that beckons them to play outdoors until dark, and sleep—to dream of longer days and school vacations.

Easter brings with it a few days of recess from school. Northville children will start their vacation Mar. 29 and return Apr. 4.

Not only do the children look forward to this holiday for the brief interlude it offers from their school work, but they look forward to the Easter displays in the variety stores, drug stores and toy shops; the Easter bunnies in all sorts of positions, some with music boxes inside them; the straw baskets covered with cello-

WHEN THE FOLKS START singing "In Your Easter Bonnet," Coeanna Burn might not be wearing a bonnet, but she will look mighty chic in this straw hat she's trying on at Villa Dress Shoppe.

WITH WINTER seemingly far behind, Mrs. Paul Folinq exhibited her faith in balmy spring weather by picking out garden seeds at Stone's Gamble Store.

AS SURE A SIGN of spring as the first robin is the enthusiasm of Frank Pauli, 9, as he tries on a catcher's mitt for size at Stone's Gamble Store.

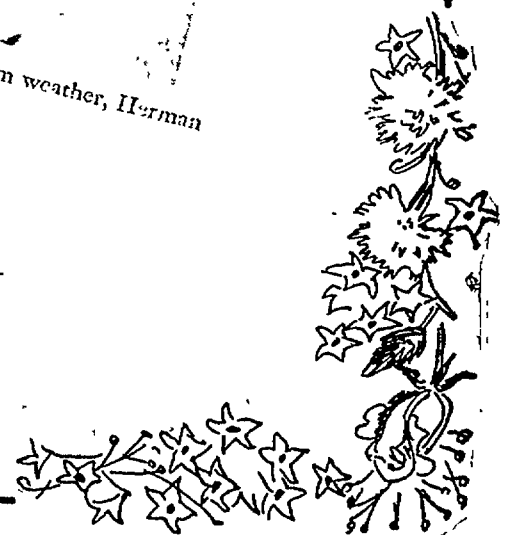

IN THE SPRING, a young man's fancy lightly turns to thoughts of . . . sports. The girls might be thinking of moonlight and roses, but local high school boys agreed with Dick Biery, above, who said that he thinks about baseball and other sports when spring is in the air.

GETTING READY for the Easter Parade and warm weather, Herman Rose tries on a sport coat at Famous Store.

"THAT'S FOR ME," said Gary Spencer, 7, as he pointed to a white chocolate Easter bunny and hen at Paul's Sweet Shop.

HE IS NOT HERE! — HE IS RISEN!

No greater words can be uttered to strike joy into your heart, than these spoken by the Angel to the disciples: "This is a positive affirmation of an eternal truth! Now the whole of mankind has the knowledge that death is not the end; that man has a destiny and is 'going someplace'; that the frustrations of life shall be overcome with completeness. EASTER! a joyous day! a climactic event! a permanent achievement! Death has been

conquered and a whole new vista of a great "tomorrow" awaits the soul of man. This is truly the great gift of God to the world of man—that in His Christ we can "know the certainty of the things" we have learned from childhood. Stripped of the stirring dramatics—the earthquake, the stone rolled away, the dazzling glory of the angel—there remains the hard core of indisputable evidence that God hath wrought a marvelous work for man—Eternal life after the experience of death! Wrought for man; and in man by a wise and loving Heavenly Father. Knowing this, can we long wonder why the early disciples had no fear of Death? The martyrs that were slain for their ad-

hearance to their faith, welcomed the balm of death as a prelude to a more glorious existence. "He is not here, He is risen!"—could have been the assuring fact that sustained Stephen as the stones of malicious hatred beat his life from his body. "He is not here, He is Risen!" could have been the evident truth that sustained Paul throughout tempest-ridden life of shipwreck, ostracism and imprisonment. "He is not here, He is Risen!" convinced one skeptic that Jesus kept his prom-

A thirteen year old boy recently won \$100,000 on a television quiz show. What would a 13-year old do with that much money? That's what we decided to find out this week so we asked Northville junior high school students the following questions:

If you won \$100,000 what would you do with it?

How long would the money last?

KARL KARG, 13, 7th grade, said he's put some of the money toward college and with the rest he would "have a good time." "I'd buy a good riding horse," he said, "and rent a stable." We asked Carl if he wouldn't like to buy a stable since he was "loaded." "Oh, maybe I would buy one," he said. "I'd also buy some sport clothes and a car for the future. Then I'd take a trip to California because I've never been there." Karl thought that the money should last "...about five years."

HERBERT CANADAY, 13, 7th grade, is really a sportsman...and what a spender! "I'd buy a boat," he said, "a yacht 50 feet long or bigger, and I'd go to Canada and Mackinaw Island. Then I'd buy a racing horse and run it in some races." We asked Herbert who would ride the horse and he said, "I would be the jockey. I would buy a German shepherd dog too because I always wanted one." Herbert thought that the money would last "...a couple of months."

CHUCK HIX, 13, 8th grade, seemed very practical. "I'd put most of it in the bank," he said, "so I could go to college. I'd use the rest for business or when I get older." Chuck wants to be a teacher or an architect. "I'd like to start a school of my own," he

NHS Band Concert April 4 Highlights Busy Season

said. Then, somewhat confused, Chuck said, "I don't know just what to say because I never thought I'd get \$100,000. I don't even know how much that is." Chuck thought that the money would last him "...about 50 years."

ROBERT EAREHART, 12, 7th grade, said that he would probably give some money to charity and then have a fling. "I'd buy a lot of sports stuff," he said, "and then take a trip to Italy and see the sights. I might buy some dress clothes too, but I don't think that the money would last too long," Robert said.

CAROL KREZEL, 13, 8th grade, would like to travel in America and see all of the states. "I'd also build a recreation place in Northville," she said, "so we'd have someplace for a party." Other things that Carol wanted to spend the money for included an education, a car, a barn and some horses and dogs, and just a few new clothes. "The money would last quite awhile if I didn't splurge it up," Carol said, "about 10 years."

CHUCK GROSS, 13, 8th grade, said that he would save some for college, give some to charity and spend the rest for clothes, entertainment, a car, and a trip to New York and California. "It would last me three or four years," Chuck said.

The past season has been a busy one for the band. In addition to playing for football games and pep meetings, members of the band have participated in seven all-league concerts, district solo and ensemble festival, and just recently received a first division rating at the district band festival held at Wayne university.

The program Wednesday evening will include the following selections:

Band:
San Lorenzo—(march) Silva
The Famous Largo—(Opus No. 5) Haydn

"Eroica"—(Themes from Beethoven's 3rd Symphony) Arr. Skornicks

Trifolium—(cornet trio) Trio: Leiden: Judy Leavenworth, Jeff Schoof and Roberta Schroeder. Lillian Zinnecker, accompanist.

Band
El Relicario—(Paso Doble) Padilla

Cowboy Rhapsody, Gould-Bennett

The Thin Red Line (march) Alford

Berceuse and Finale (from "The Firebird")

Gettysburg (Brass suite) Uber

Irish Tune from County Derry, Grainger

Pizzicato Polka, Strauss-Nutt
Elsa's Procession to the Cathedral (Lohengrin) Wagner-Cailliet

John Chapman, NHS senior, worked approximately 20 hours to complete the above watercoloring painting of Abraham Lincoln which was recently entered in a Detroit exhibit.

A high school art student for three years, John's present instructor is Mrs. Donald Van Ingen. She recently said, "John is a very industrious and hard working boy. I am sure that he will be successful in his art career."

After graduation this year John plans to enter military service for two years and then enroll in an art school to study commercial and advertising art. His favorite artists are Claude Lorrain, Rembrandt and DeVinci.

John is the son of Mr. and Mrs. Daniel MacGillivray, 4401 Stassen, Novi.

New Adult Driving Class Being Formed

The formation of a new adult driver training class was announced this week by Al Jones, Northville high school teacher.

"The classes, to be held Saturday mornings, will begin as soon as enough drivers enroll," Jones said. "The program consists of seven 1½ hour lessons and the fee for the complete course is \$15," he added.

Any Northville adults or students 16 years of age and older may enroll in the course by calling Supt. Russell Amerman's office.

"This program is not to be confused with the regular high school driver training program," Jones emphasized. "The school program is a regular credit course open only to students. This adult training program is open to anyone, including students who are unable to work the regular school course into their schedule."

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,488.8-mile route running from Los Angeles to Colorado Springs. The winning Ford threaded its way over the tough and twisting course averaging better than 40 mph. Through the heat of Death Valley and over the chilling height of an 11,000-foot mountain peak... through

the gas-eating stop-and-go of city traffic and over the straight-line open road... Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

The "ton-mile" formula is used by contest officials to insure equal chance for all cars in each class regardless of size or weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by the number of miles traveled, divided by number of gallons of gasoline consumed.

This hectic domestic scene in which Tom Ewell plays second fiddle to his wife, Sheree North, a WAF lieutenant, is one of the many comic situations that help make "The Lieutenant Wore Skirts", opening April 1 at the P & A Theatre, one of the funniest comedies to come out of Hollywood in years. Frank Tashlin directed and Buddy Adler produced this Twentieth Century-Fox CinemaScope picture, which was filmed in color by DeLuxe. Many of the scenes for this picture were filmed in location in Hawaii.

phane and tied with satin ribbons; the numerable boxes of jelly beans and chocolate figures; the packaged color dyes to brighten Easter eggs, and the live baby chicks, fill the children with mounting excitement which can only be reduced after the holidays.

Not only here in Northville, but around the world people are welcoming Easter and spring. Their customs and language may be different from those in Northville, but all men have the same emotions.

The car says GO and the price won't stop you!

A Performance Sensation... A Fashion First!

This year there's an all-new way to measure automobile performance—and that's to measure it against Pontiac! For Pontiac performance outstrips in a breeze any other on the road. And it didn't just happen! Pontiac engineers started from scratch with a brand-new Strato-Streak V-8 engine. Then they added another triumph, the all-new Strato-Flight Hydra-Matic* especially engineered to work as a team with Strato-Streak power!

And what a team it is! There's the blazing "go" of 227 horsepower born in the most modern, high-compression, high-torque engine you can buy! There's the incredible smoothness of Strato-Flight Hydra-Matic's liquid coupling and the instant, positive action of its gears. No wonder they're calling Pontiac America's No. 1 spine-tingler! You will, too, when you see how it tames traffic and hills . . . how it shrinks the miles and the hours on the open road!

Just as forward looking as the engineers, Pontiac designers jumped a few years to set an equally new trend in styling. No car at any price is more distinctively beautiful . . . more obviously branded with the stamp of the future. Surprisingly, all this one-of-a-kind performance and style is priced well within the reach of any new-car buyer. We invite you to come in soon for the facts and figures. You'll take a big step ahead when you do.

*An extra-cost option.

You can actually buy a big, glamorous Pontiac 860 for less than you would pay for 43 models of the low-priced three!
