

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Cheese cake with graham cracker crust — top and bottom — is our recipe for this week furnished by Mrs. William Knoop. This cake has a delicate flavor and is good to the last crumb — especially since the crumbs are rich with melted butter, sugar and cinnamon.

This inexpensive dessert, made with cottage cheese, provides 15 generous servings. It keeps well in the refrigerator, but don't expect it to be there long — it's much too good.

The Knoops lived in Detroit before moving to their home at 42700 E. 8-Mile Rd. Their two sons, Bob and Bill, are married and live in Dearborn. Their daughter, Mrs. Wilbur Dillingham lives in Belleville. The Knoops have two grandchildren.

CHEESE CAKE

22 graham crackers,
rolled fine and sifted
1/3 cup sugar
1/3 cup melted butter
1 teaspoon cinnamon

Mix the above ingredients together. Line a pan with the crumbs and set aside one cup of crumbs to sprinkle on top of the cake. Fill the lined pan with cheese mixture, sprinkle with crumbs and place in the refrigerator to set about 10 to 12 hours.

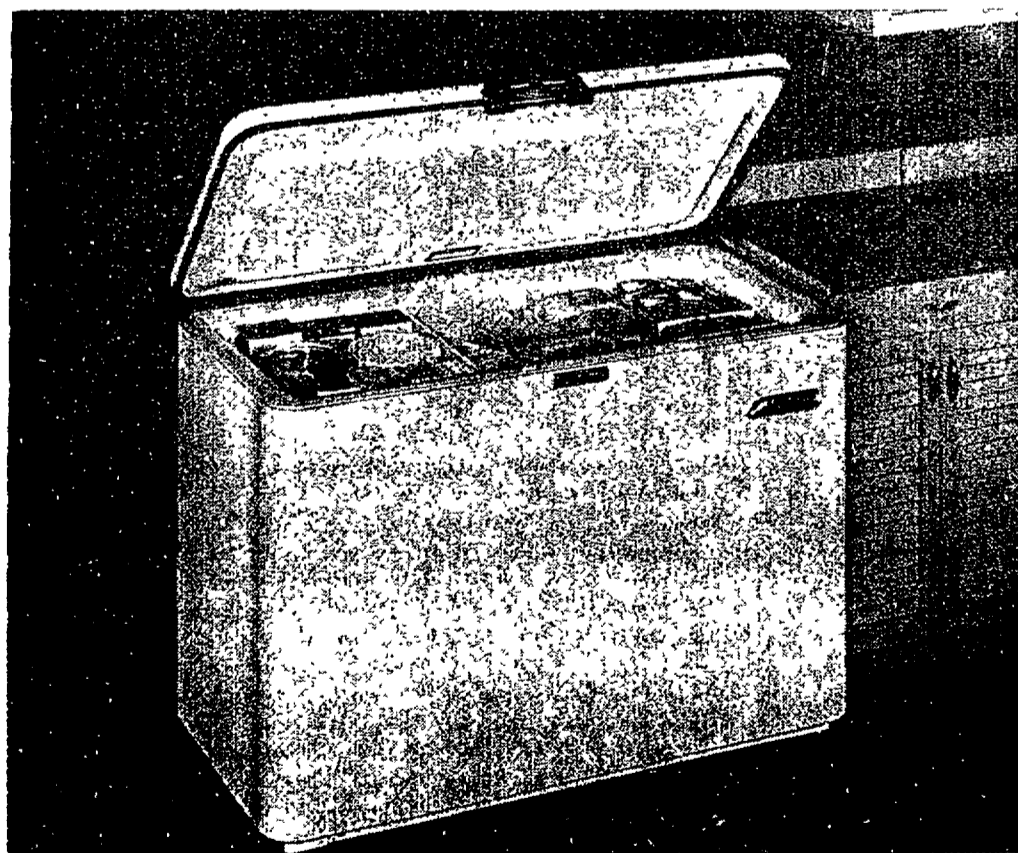

FILLING

2 tablespoons Knox Gelatin
1/2 cup cold water
1/2 teaspoon salt
2 eggs
1/2 cup milk
1 cup sugar
1 lb. cottage cheese
2 teaspoons vanilla
1 pint whipping cream
Pour cold water in a bowl and sprinkle with gelatin. Beat egg yolks slightly and add milk, sugar and salt. Cook until the consistency of custard. Add gelatin to hot mixture and stir until well dissolved. Cool until mixture begins to thicken then add cheese, which has been rubbed through a strainer. Add vanilla and beat with egg beater until light and fluffy. Whip the cream and egg whites. Fold separately into the mixture and pour into the pan. Sprinkle crumbs on the graham cracker crumbs on top.

2 Local Women Attend D.A.R. Meet In Wash.

Two Northville women are attending the 65th Continental Congress of the National Society of the Daughters of the American Revolution in Washington, D.C. this week.

Mrs. Claude Crusoe of E. 9-Mile Rd., Regent of the Sarah Ann Cochran chapter, and Mrs. Ernest Shave of the Board of Directors, left Saturday to attend the week long conference which is being held in Constitution Hall. Mrs. Robert D. Willoughby of Plymouth, state treasurer and second vice-regent of the local chapter and Mrs. Harry Deyo of Plymouth, state honor roll chairman and chapter past regent also attended.

Herbert A. Philbrick, former counter spy for the FBI, and author of the book, "I Led Three Lives", and Admiral Arthur W. Bradford, chairman, Joint Chief of Staff, will be the principal speakers. Other addresses will be made by the national president of the DAR, CAR and SAR.

The DAR will be the first women's organization to be saluted with a military parade and citation to its president general by the Third Old Guard Infantry at Fort Myers, Va.

APOLOGY

Our sincere apologies to Mrs. Jim Martin of 24420 Willow Lane. Last week her recipe for Bavarian "GUGLHUPH" was featured in our "What's Cooking?" column. We were so intent upon spelling Guglhuph correctly that through the entire story we referred to Mrs. Martin as Mrs. Marglin.

White-Light Vows Exchanged At O.L.V. Church April 14

Eleanor Elizabeth White was married to Frank Michael Light Saturday, April 14 at Our Lady of Victory church. Father Anthony J. Heraty performed the ceremony.

The bride is the daughter of Mr. and Mrs. Arthur Ash of 314 W. Dunlap St. Mr. Light is the son of the late Mr. and Mrs. John Light.

Eleanor chose a lace and net floor length gown with Queen Anne collar and long tight sleeves. A half crown of rhinestones secured her fingertip veil. White orchids formed her bouquet.

The bridesmaids and honor attendant were gowned alike in ballerina length gowns of nylon chiffon. Bridesmaids of daisies, dyed to match their gowns, crowned their hair. Claudette Albero of Detroit, maid of honor, wore an orchid gown. The bridesmaids, Lena McArthur of Northville, wore a pale green gown, Louise Smith of Dearborn wore a yellow gown, and Ruth Ann Perry of Plymouth wore an aqua gown. The girls carried bouquets of pink carnations.

Mrs. Ash wore a navy blue gown with white accessories and a white carnation corsage. William Light, brother of the bridegroom, was best man. Ushers were Lawrence McArthur and Fred Robinson of Northville, and Michael Karnicki of Carleton, Mich.

A wedding breakfast for the immediate families was held at the VFW Hall and a reception for 400 guests followed the breakfast at the same place.

Mr. and Mrs. Frank Light drove to Florida for a two weeks honeymoon and will make their home in Northville following their return.

Mrs. Light attended school in Florida and her husband attended Northville schools.

Pontiac Comm. Bank Takes Option In Novi

Harrawood Discloses Deal To Bd. of Comm.; "Will Build...Someday," Says Bank Officer

A Pontiac bank has taken option on a building site in Novi, according to an announcement made last week.

The Community National Bank of Pontiac was named by Novi businessman Leo Harrawood as having taken option on a site owned by Harrawood on 11-Mile Rd. just east of Grand River.

Harrawood made the announcement at the monthly meeting of the Novi Board of Commerce. He cited the efforts of several other Novi businessmen in working out the transaction.

When contacted early this week, an officer of the Community National Bank of Pontiac confirmed the option story but said that he did not know any additional facts concerning the bank's plans.

"Presumably, we will build a bank on the site someday," he commented. "However, we will have no public statement to make at this time."

At present, merchants and residents of the Novi area must go to either Northville or Walled Lake for banking services.

Novi AMVETS Hold 10th Anniv. Dance

Novi AMVETS will celebrate their 10th anniversary Saturday night, April 21 with a dance at their post home in Wixom. Russ Egloff of Plymouth will furnish the modern and old time music and Chet Finney will call the square dances. Tickets will be sold at the door and there will be dancing until 1 a.m.

The world's smallest republic with a total area of 38 square miles is San Marino in Central Italy.

School Board OK's Record Budget

A record breaking budget of \$149,555 was adopted by the Novi No. 8 Public School District at their April 11 board meeting. A new salary schedule for teachers was also adopted bringing the minimum starting salary up to \$4,200 for a teacher with a bachelor degree. An additional \$200 per year for each year of service was also approved with the maximum of \$5,600 for bachelor degrees and \$5,800 for master's degrees.

The board also voted to have Michigan State university make a "public building survey," a cost and efficiency study of building maintenance and upkeep.

Novi Highlights

By MRS. LUTHER RIX
Phone Northville 245-J

Mrs. William Gregory has returned to her home at Walled Lake for convalescence after spending several weeks in the hospital at Ann Arbor.

Mrs. Lulu Whittington, who was called to St. Louis, Mo. by the illness of her father, has returned home after an extended visit.

Mr. and Mrs. Gerald Race of Dixon Rd. attended the wedding of the latter's nephew, Lloyd Johnson at Our Saviour Lutheran church in Detroit Saturday evening.

Mrs. Ray Warren spent last Tuesday with her brother, Rev. Ronald Button and family, in Davison.

Mr. and Mrs. Robert Kirkwood were Sunday guests of the former's grandparents, Mr. and Mrs. William Johnson at Montpelier, O. Mr. and Mrs. Johnson are both active at the age of 93 and 90, respectively.

Mr. and Mrs. Gordon Blakeslee of Lake Forest, Ill. visited the latter's brother, Russell Button and family, and their sister, Mrs. Ray Warren and family, recently.

Mr. and Mrs. Doyce Ward celebrated at a family gathering the birthdays of Doyce and the latter's brother-in-law, Nickie Panzeca, at the Panzeca home in Detroit Saturday evening.

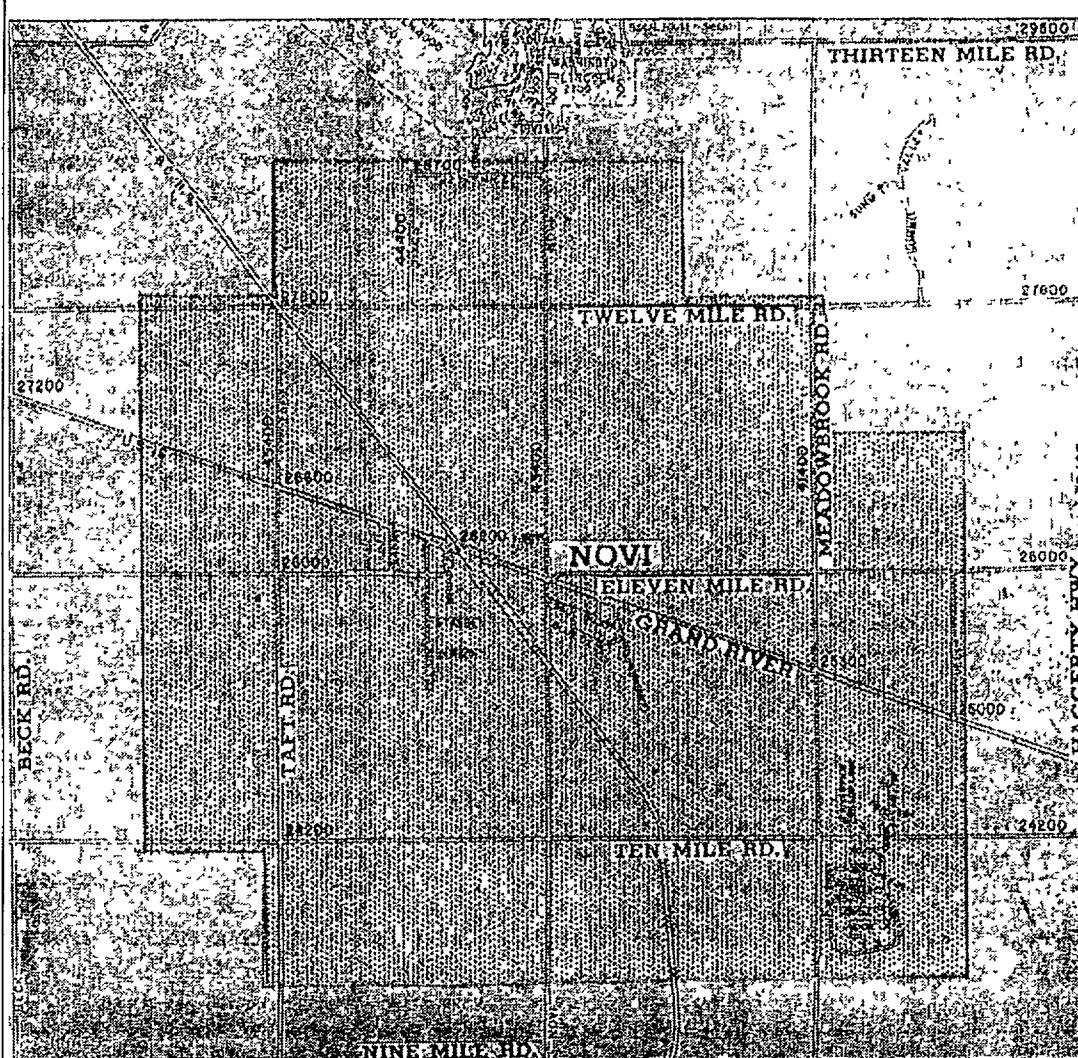

A sale of farm equipment will be held at the George Waite place on 11-Mile Rd. Saturday. Friends of Mr. and Mrs. L. J. Putnam will be interested to know that the Putnams are going into the laundromat business May 1.

Mr. and Mrs. George Atkinson, Mr. and Mrs. Glenn C. Salow and Mr. and Mrs. George Kahrl spent the week end at the Atkinson and Salow cottages near Lewiston.

Mrs. Earl Banks was the Sunday dinner guest of her sister and brother-in-law, Mr. and Mrs. Will Flint.

Linda, daughter of Mr. and Mrs. Homer Cheeseman, underwent a tonsilectomy at Atchison Memorial hospital, Northville, last Friday.

It is estimated that there are about 75,000 patients admitted to mental institutions in the U.S. each year.

LOWER FIRE INSURANCE RATES are in sight for Novi residents living in the shaded area on the map above. The Michigan Inspection Bureau recently notified the township board that because of the newly purchased fire engine, residents within the outlined area can qualify for lower fire insurance rates by a resolution of the township board. The board passed the resolution at Monday night's meeting. The specific amount of the reduction was not stated and presumably it will be up to the residents to notify their individual insurance companies of the change in classification.

Brownie Troop 493 went outside for an observation game led by Mrs. Lyle Gatrell.

Intermediate Troop 492 learned more knots taught by Program Aide Claudia Mairs. This troop is registering and dues of \$1.00 are payable at this time. Treats were brought by Sue F'Geppert and Linda Early.

Intermediate Troop 491 opened with the Girl Scout promise led by Robin Patrol. Both patrols worked on Mother's Day projects. Janet Race and Freda Angel brought treats. The girls discussed day camp and also their crest. The patrol leaders and secretary for Robins are Janet Race and Jo Ann Miller. For Thrifty Scouts, Virginia Pounders and Freda Angel. Meeting closed with song, "Each Campfire Lights Anew" led by Thrifty Scouts Patrol.

Senior Scouts met at the home of Leader Mrs. Bassett. The meeting was called to order by President Carol Wendland. They sewed on cancer pads and plan-

Trickey Gives Breakdown On Current Novi Tax Role

A breakdown on disbursement of the recently collected current taxes was given by Treasurer Charles Trickey, Jr. at the April 16 board meeting. Of the \$278,507 total, \$247,333 have been collected and \$31,174 are listed as delinquent.

The \$278,507 figure is broken down as follows:

\$1,855 to Oakland County
\$1,163 to Spec. Ed. Fund

ned a bicycle hike for June 11-13 at Island Lake.

May 5 is the date set for tree planting at Camp Nairn. This is an inter-troop project for Girl Scouts and their dads. Time is from 10 a.m. to 2 p.m. and the girls are to bring lunches and spades. This year over 1,000 seedlings have been furnished free by the Dept. of Conservation. The project is being carried out to beautify camp sites, check erosion in ravines, increase privacy at boundaries and add proper habitat for more wildlife. If entire troops cannot come, a car or two of dads and daughters will be welcome. Anyone interested in this project let the Intermediate and Senior Scouts know.

Final plans are being made for day camp counselors to start training this week at Royal Oak. Any mothers interested please contact Mrs. Dora Eby, camp director.

Novi School Notes

Supt. Medlyn and Principal Mrs. Atkinson attended the Curriculum Consultants luncheon in Birmingham Monday. The Birmingham School Curriculum center was visited.

The Novi school spelling bee was held Tuesday, April 10. Martha Goodfellow won. Noel F'Geppert was runner-up. Both are seventh grade pupils.

The following eighth grade pupils were in the school spelling bee: Sherry Davis, Mary Schenmann, Claudia Parks, Paul White, Janet Race, Dorothy Wood and Willard Sprenger.

Pupils who have been neither absent nor tardy this school year are David LaFont, Baron Stader and Dorothy Wood.

Social studies of the sixth graders have been on their southern neighbor, Mexico. The projects included flags made of cloth; water color or crayon relief maps made of salt and flour mounted on cardboard, also picture and travel folders.

Science study has been on conservation of water. J. R. Barton and Butch Rice have made miniature farms to show water conservation.

The sixth graders are enjoying their preparations for the annual school fair. They are collecting clothes and toys for the rummage sale, also dishes for the nickel toss game.

The new fifth grade project in science is studying the earth's surface. Barbara Wallace brought some rocks such as uranium, aluminum, copper, iron, opal and many other interesting stones.

The following boys and girls have rock collections: Carol Newbegin, Carolyn Mairs, Ginger Cheeseman and Lana Whistle.

Those who have not been absent or tardy are Sue F'Geppert, Bobby Taylor, Jeff Crawford, Kenny Hays and Billy Adams.

Annexation, Rights, Privileges Discussed

Twp. Board Seeks Bargaining Position; Citizens Question "Rights" and "Privileges"

A last minute verbal skirmish and a discussion on annexation enlivened an otherwise quiet township meeting Monday night.

The treasurer's report, a school tax breakdown, minimum lot requirements, re-activation of Novi civil defense and a possible reduction in fire rates were among the regular items of business discussed by the board.

Request Annexation

Following a reading of the township financial report to Treasurer Charles Trickey, Jr., Supervisor Frazier Staman read the board a letter from the Northville Board of Education.

The letter requested permission to annex to the City of Northville, a tract of land directly west of Oakwood Subdivision. Amerman School is situated on a portion of the tract in question.

The letter suggested that the Novi township board allow Northville school board members Nelson Schrader and Eural Clark to appear before them and present their case for annexation of the area.

After the letter had been read, Staman told the board he had found surveyors at work the preceding week covering an area from Novi Rd. all the way west to Taft Rd.

To Go Further

Having been told by the surveyors that they were hired by the City of Northville, Staman ventured the opinion to other board members that perhaps Northville planned "to go further than indicated in this (the school board's) request."

Staman explained the township's position to fellow board members saying, "According to law, if a city has less than 15,000 people and there are no people in the area to be annexed, the township as a whole has no vote...but they (Northville) cannot take it before the next election."

"You mean they could come all the way down here if they could get the people in the areas to go along?" Trickey asked. "We would have no say on it?"

"Right," Staman replied. "But the attorney general says they can't have any special election on it."

"One of their problems is the road (Center-St. north of 8-Mile)...it is not wide enough," he continued.

Time To Bargain

"Let's have our own school board sit in on the meeting...it might be good," Trickey offered. "A good time to bargain a bit," Clerk Hadley Bachert ventured, agreeing with Trickey.

"We could work something out...straighten some of the school boundary lines..." Trickey added.

"I feel it (annexation) should be done through the City of Northville, not the school board...but I believe we should let these two fellows (Schrader and Clark) come over and hear their story."

The board unanimously voted to hear the pair.

Staman then informed the board a flag had been purchased by the Novi AMVETS for the township hall, and he suggested that the board write a letter of thanks to the organization.

A license and inspection fee system as outlined in the Detroit Building Code was adopted by unanimous vote.

Inspector's Salary

Near the end of the meeting, Leo Harrawood, owner of a service station at Novi Rd. and Grand River, asked the board if anything was "being done about the intersection." He was referring to the white lines marking pedestrian crossings at the busy intersection.

Harrawood was told by the board that a request to repaint the markings had been sent to the highway department some time ago.

Exhibiting a piece of paper, Harrawood then said, "I have a

program based on their pioneer project.

The fourth and fifth graders took a trip to the Planetarium at Cranbrook, Birmingham, where they saw the planets and stars put on the screen with lights. Each child brought home a souvenir.

Mothers furnishing transportation were Mrs. Harrawood, Mrs. (Continued on Page 8)

list of names of taxpayers who want to know the salary of Mr. (Cameron) Lodge (electrical inspector)."

"His salary is \$5,400 per year," Supervisor Frazier Staman replied.

"Does he have a right to use the local police car or is he supposed to furnish his own car?" Harrawood continued.

"He has a right to use the car when he is filling in for the police department. After all, he is an inspector in the department of public safety," Staman said.

Whose Business?

Switching to another subject, Harrawood then said, "I have another list of two taxpayers plus myself who want a report on exactly who was paid to service township vehicles for the last couple of months."

Looking up the bills in question, Staman replied that "one bill has been received from Harry Watson for \$71 and another one from Matt (Staman) for about \$100. That included a new set of tires."

"I was under the impression that the work was rotated around for the taxpayers," Harrawood queried.

"It's not required," Staman countered.

"It's just that certain taxpayers wonder," Harrawood emphasized.

"It's not that I care," he added.

New Precincts Questioned

John Flannery, Walled Lake publisher, then asked for the floor and inquired regarding who had the authority to set up new voting precinct boundaries and when they were set up.

Staman told Flannery the new boundaries were set in March by the late clerk, Earl Banks, and passed by the board at a regular business meeting.

In answer to a question by Mrs. Virginia Noble, Clerk Hadley Bachert brought out the fact that there are 725 registered voters living south of 11-Mile Rd. in Precinct No. 1 and 1,362 voters living north of 11-Mile Rd. in Precinct No. 2.

Demands Same Rights

Ernest Pitchford rose from his chair at this point and addressed the board:

"Mr. Chairman, I was up looking at the new post office the other day. I notice they are using the septic tank and well from the old post office. What I want to know is why I can't have the same rights?"

Staman's face reddened and his voice raised as he told Pitchford, "Because the Oakland County Dept. of Health won't OK it because the State of Michigan won't OK it, because the FHA and Veterans Administration won't OK it, and because it doesn't conform with our own township requirements. What more do you want, Ernie?"

Cites Letter

After Pitchford began to protest again, Staman grabbed a letter from his portfolio and announced it was a copy of a letter from the Oakland County Dept. of Health to Ernest Pitchford, 1367 E. Walled Lake Drive. He read the letter:

"...impossible to provide individual septic tank sewage disposal and well water supply in this site that would comply with FHA or VA standards, or the recommendations of the Michigan Department of Health, or this department (Oakland County Dept. of Health)..."

(Signed) Russell Colton, Director, Sanitation Division Oakland Cty. Dept. of Health

"There it is—I don't know what more you want, Staman emphatically stated.

"You don't?" Pitchford shot back. "Why didn't they (the department of health) do the same thing at the post office? It seems that some people have personal privileges around here!"

Ignoring Pitchford's protests, Staman asked for a motion to adjourn the meeting.

THE PROPOSED BANK SITE upon which the Community National Bank of Pontiac took an option last week is shown (arrow) in the above picture. The site, which has approximately 175 feet of frontage on 11-Mile Rd. was secured from Novi businessman Leo Harrawood, the operator of the service station directly west of the site. Bank officials had no comment when asked about immediate plans to build. (See story, col. 1).

2 from Area Attend National Boy Scout Meeting In Chicago

Cris Hammond, 47100 Timberlone, and Arthur C. Carlson, 201 Fairbrook Rd., attended the Regional annual meeting for Scouters at Edgewater Beach hotel in Chicago last Saturday.

Approximately 1,000 Scouters from Indiana, Illinois, Wisconsin and Michigan attended.

According to the reports, scouting in this region gained 260,252 members in the last four years. There was an increase of 2,662 units in the same period, making a total membership of 608,000 cubs, scouts and explorer scouts.

The Northville scouting program is on the upgrade, according to Hammond and Carlson. A fact survey is being conducted in the schools to determine how many boys 8, 9 or 10 years of age are eligible for cubbing.

Organic Gardeners Invited To Meeting

LeRoy Miller of Doster, Mich., who is Research and Development chairman of the State Federated Organic clubs, will be moderator of a round table garden discussion at the April 21 meeting of the Wayne County Organic Farming and Gardening club.

Meeting place is Mach Flowers, 608 S. Merriman Rd., one mile west of Middlebelt, and one-half mile south of Ecorse Rd. in Romulus township at 7:30 p.m.

Mr. Miller will offer information on good garden practices, and suggest varieties of seeds to use, including a kind of carrot with a low sugar content. Those who plan to attend are asked to bring their spring garden problems to this meeting.

Lester Swan of Royal Oak, newly re-elected president of the State Federation, will be present to give a few highlights of the annual meeting held last month at Holt. The meeting will close at 10 p.m. and lunch will be served. Everyone is welcome.

Plans Completed for A.L. Banquet

Committees from all American Legion posts and auxiliaries in the 17th District have been completing plans for their banquet May 10 which will honor National Commander J. Addington Wagner of Battle Creek.

The banquet is under the supervision of General Chairman C. Oscar Hammond from the Northville post.

C. O. Hammond

The banquet will be held at the Livonia Bentley high school auditorium May 10 at 7 p.m. The public is invited. Tickets may be reserved up until May 1 by calling Post Commander John Chedrick.

The 17th District American Legion is composed of members from Northville, Plymouth, Livonia, Redford township, Redford and Rosedale Park.

Polio Vaccine ...

being distributed by the Wayne County Health Dept. to each city, village and township on the basis of the number of children living there as shown by the 1955 school census. "This is the fairest method I know of," said Dr. Cadwell, "but it falls terribly short of meeting the needs."

"Since last October," Dr. Cadwell continued, "we have received only 81,816 doses of vaccine, and we have nearly 200,000 eligible children and expectant mothers who should be immunized. Each person should have two shots, which means that at least 400,000 doses are needed."

"We can only hope that increasing supplies will become available before the polio season gets under way in order that we can meet the increased demands which a glance at the thousands of new houses, and many new schools in this Wayne out-county area tells us are coming."

Under the Michigan plan for handling the vaccine, the State Health Dept. purchases all the vaccine released for the state. The health dept. in turn makes it available to public agencies and private physicians.

In a recent statement, Dr. Leonard Scheele, U.S. Surgeon General, said that the use of the vaccine last summer cut paralytic polio by 75 to 80 percent among vaccinated children.

In view of the short supply, Congress recently voted to extend the Federal assistance program until 1958 so that all persons in need of it will be able to have it when it becomes available.

Northville Parking Problem Studied ...

off the street and open up a new potential business area on Wing and Dunlap streets."

Canterbury said that some people have the opinion that the merchants are more directly benefited.

"The merchants feels the taxes realized from the business area more than people in other areas. They also pay a personal property tax. If they sell more merchandise they'll have a bigger inventory and pay more taxes," Schrader also said that the city will get their investment plus a profit from the revenue of parking meters.

At an earlier Retail Merchants meeting, the possibility of financing the two-story parking lot through revenue bonds had been proposed. It was pointed out that meeting that the parking meter receipts could be pledged to cover the costs.

George Clark, president of the Retail Merchants Assn., said that the merchants supported both of the projects.

Councilman Canterbury asked Clark the same questions that he asked Schrader. Clark said that he agreed with what Schrader

said. "Parking and alleys increase the value of property," he said; "and higher assessments will in turn provide more tax money for the city."

Mayor Ely said, "Shopping centers build their parking area first and put the stores around it. We older communities have a big problem, but it can be solved."

The improvement committee based their projects on inclusion of \$40,000 for parking in the city budget; however, councilmen said that a smaller amount had been discussed and that was only in the tentative budget.

A. R. Clarke, budget director, said he thought that the "whole thing should be developed with a bond issue. The few parking spaces available now won't help the problem and development a year from now may be too late."

Mr. Jagow, city engineer, said "...the projects have possibilities," but he wouldn't commit himself until he studied the sites further.

The mayor's committee will present a plan at the next regular council meeting April 30 for the council to consider.

NOTICE OF ADOPTION OF ORDINANCES

PLEASE TAKE NOTICE, That the following ordinances were adopted by the Council of the City of Northville, Michigan on Monday, April 16th, 1956:

AN ORDINANCE TO ESTABLISH NUMBERS AND BOUNDARIES OF VOTING PRECINCTS

The City of Northville ordains:

That for all future elections, primary, general or special, the following shall be the number and boundaries of the voting precincts within the City of Northville:

(a) Precinct Number One — Beginning at the intersection of the center line of Sheldon Road with the south line of Section 3, which line is the southern boundary of the City of Northville, thence west along the south line of Sections 3 and 4 to a point 691.85 feet west of the southeast corner of said Section 4, thence north 3° 10' 5" west along the west line of and southerly extension thereof of Orchard Heights Subdivision, which line is a part of the Western Boundary of the City of Northville, to the east and west quarter line of said Section 4, thence north 88° 29' 54" east along said quarter line 699.46 feet to the west quarter corner of said Section 3, thence north along the west line of said Section 3 to the northwest corner of said section, thence along the north line of said Section 3 to a point where same meets the center line of High Street, thence south along the center line of High Street to a point where said center line intersects with the center line of West Main Street, thence east along the center line of West Main Street to a point where said center line intersects with the center line of Center Street and Sheldon Road, which is a continuation of South Center Street, to the place of beginning.

(b) Precinct Number Two — Beginning at the southeast corner of Section 3, thence west along the south line of said section to the point where said line meets the center line of Sheldon Road, thence north along the center line of Sheldon Road and South Center Street, which is a continuation of Sheldon Road, to a point where said center line intersects with the center line of Main Street, thence west along the center line of West Main Street to a point where said center line intersects with the center line of High Street, thence north along the center line of High Street to the north line of Section 3, thence east along the north line of Section 3 to the northeast corner of said section, thence south along the east line of Section 3 to the place of beginning.

(c) Precinct Number Three — All that part of the City of Northville lying in Oakland County and more partially described as: Beginning at a point 183.63 feet east of the north quarter corner of Section 3, which point is the west line of Oakwood Subdivision joins the said north line, thence north along the west line of Oakwood Subdivision, which is also the center line of North Center Street, to a point where said center line intersects with the center line of Maplewood Street, thence east along the center line of Maplewood Street to a point where said center line intersects with the east line of Novi Street, thence south along the east line of said Novi Street to the north line of Section 3, thence west along the said north line to the place of beginning.

This ordinance supersedes and repeals any prior conflicting ordinances or resolution passed by the Commission for the Village of Northville.

AMENDMENT TO BUILDING CODE ORDINANCE City of Northville

The City of Northville ordains:

That Section 1.09, Board of Appeals of the Building Code Ordinance for the City of Northville shall be amended to read as follows:

There shall be a Board of Building Appeals consisting of not less than five (5) members appointed by the City Council. No member of this Board shall hold any elective office, and that all serve without pay. The members of the Board of Appeals shall be appointed for a term of three (3) years, provided that appointments for the first year shall be for a period of one, two and three years respectively so as nearly as may be to provide for the appointment of an equal number each year, depending on the number of members; thereafter each member shall hold office for the full three (3) year term and serve until their successors have been duly appointed.

The Board of Appeals shall have the power to make such rules and regulations concerning the administration of their duties as they deem satisfactory.

In case of dissatisfaction with any decision of the Inspector of Buildings except as to dangerous structures and the management of the department, including the dismissal of employees, an appeal may be made to the Board of Appeals as herein provided, but if no such appeal is made, the decision of the Inspector of Buildings shall be final and conclusive.

All appeals shall be filed in writing with the City Clerk, who shall bring said appeal before the Board of Appeals within thirty (30) days after the filing of such appeal.

P-TA CARNIVAL

BETTER
THAN EVER!

According to the P-TA Carnival committee, Northville merchants and others have contributed generously to the annual PTA Carnival which will be held Friday, May 4. "The committee is very much gratified," Chairman Eleanor Hammond said "and final plans are now in the completion stage."

The PTA Carnival is a community-wide activity and the

majority of organizations participate annually in this one fund-raising project. The proceeds go to the Northville Parent Teachers Ass'n. for its projects such as scholarship, Girl Scout troops, school projects, etc.

New Contest for Boys

An additional attraction this year will be the pie eating contest sponsored by the OLV Mothers' club at 9 p.m. the night

of the carnival. The contest is limited to boys in the 7th and 8th grades. Another new feature will be the Red Ball Express sponsored by VFW Post 4012 and promises excitement and thrills.

List of Gifts

Toward the close of the evening at 9:30, gifts donated by merchants will be awarded by certificate which will be redeemed by the donor.

NOT FOR THE RIDE!

Next time you see a truck on the road, remember — it's not there just for the ride. It's loaded with cargo bound for some important destination — and ultimately that destination is *you*.

Yes, the economy of Michigan—and of every other state, in fact—is geared to motor transport.

Trucks are the key to our great achievements in production. They have made possible new products and new marketing methods. They've enabled us to go out into the rural and suburban areas and build homes and business projects.

It's no wonder that trucks have increased in number in Michigan from 150,190 in 1941 to 351,337 in 1954. Their popularity has grown because they've done such a magnificent job—for manufacturers, farmers, retailers, the public—*everyone!*

CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets
Plymouth, Michigan

How spiritual understanding of God, infinite Life, brings growth and progress to man will be brought out at Christian Science services Sunday.

The Lesson-Sermon entitled "Probation after Death" will include the following passages from the Bible (Ezekiel 18:31, 32): "Cast away from you all your transgressions, whereby ye have transgressed; and make you a new heart and a new spirit: for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourselves, and live ye."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (485:18-19): "Not death, but the understanding of Life, makes man immortal."

from the PASTOR'S STUDY

By The Rev. Father Anthony Heraty
Our Lady of Victory Church

In the Gospel for this coming Sunday, Our Lord tells His Apostles and us: "You shall be made sorrowful, but your sorrow shall be turned into joy." And that brings us to this — which do we want: sorrow that turns into joy or joy that turns to sorrow? Christ offers us the first; the world gives us the other. By His death on the Cross, Christ reopened to us the gates of heaven; He did not restore us to the Garden of Eden from which our First Parents were expelled for their sin. Hence, we should not be chagrined at hearing Him tell us that living the Christian life is rugged business. In Eden we failed to heed God when He spoke only of a crown; so now we must heed Him speaking of a cross. An integral Christian life is full of self-denial; it is a resume of Calvary. To be a good Christian is to thwart our passions and self-love—and these do not take kindly to discipline. To be a good Christian is to thwart the world, and the world is very sensitive to being slighted. To be a good Christian is to thwart the Devil, and he has ways of getting back at us. To become a staunch friend of God is to make a possible enemy of everyone else. It is to make an enemy of even yourself. A Saint frankly speaks of hating himself, and it is not without cause. The integral Christian life is a drama, filled with strife and

tension. But this can be said for it; it has a happy ending.

The best picture of the full Christian on earth it to be found, strangely enough, in Dante's description of Purgatory. Dante pictures a life of suffering; it is often a life of frightful punishment. Dante comes to Purgatory after a tour of Hell; so, the reader can contrast the lot of the damned with that of the souls in Purgatory. The damned suffer without hope; their punishment is utterly unacceptable; they are goaded into submission by demons and monsters of all sorts; not a single ray of light ever penetrates their prison; hideous smells, sights and sounds assault their sense. Never a wisp of music or harmony is heard, never a prayer; the vile or wicked passions which brought them to that tragic pass continue to rage in their breasts.

By contrast, Dante's Purgatory is a festival. Yet, the souls there undergo profound sufferings and frightful punishments. But they accept them willingly, even eagerly. They are not goaded into submission by hateful overseers. The sun shines by day, and night is made lovely by the moon. No hideous smells, sights or sounds assault the senses. Rather there are the gorgeous harmonies of angels and the sweet psalmody of the souls themselves. There are wide vistas to regale the eye, and fields enamelled with flowers. Mutual affection abounds. The memory of sin dwindles, and the heart grows in purity, gradually overmastered by a long for God. The center of Hell is a lake that is frozen by icy blasts from

the cold heart of Satan. Hovering over Purgatory is the warm maternal love of Mary.

That may not be a good approximation of Purgatory as it actually exists—about which God has revealed but little. But it is a superb likeness of the sorrow which Christ says is the lot of every good Christian on earth. Dante's Purgatory is suffering amid a joyous setting: the full Christian life on earth is just that: suffering amid the joyous setting of the Faith. The Saints all suffer and suffer intensely, but their suffering is without gloom. Jesus of Nazareth suffered continually, but it was not the sodden suffering of Hell.

TODAY'S BIG SPECIAL

at a price that will open your eyes
(and Purse)

If you're in the market for a real buy, take a good look at this one.

It's a 1956 Buick SPECIAL—which means, of course, it's a big car.

But look again at the price news it carries.

It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series.

Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones.

To understand the big reason, you've got to know something about how much more pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's wallowing new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflo.

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

OFF WITH THE OLD, ON WITH THE NEW . . . and here's what's new in the line of sports around Northville high school! It's rah rah rah for the tennis, track, baseball and golf teams. The boys on these teams have been in spring training, getting in shape for their opening games. The track team has had four meets, their fifth will be April 25 at Walled Lake. The baseball team had their opener Monday at Holly; the golfers opened at Bloomfield Hills Tuesday, and the tennis team will start their schedule with Birmingham Thursday, April 19. In the above photos are the following NHS sportsmen: Harold Wilson, swinging his golf club; Bill Yahne, jumping over a low hurdle; baseball men Buddy Bell, batter, and Ben Mosher, catcher; and tennis player Jim Hammond, ready to serve. The high school sports department has league games scheduled until June 6.

NHS Track Team In Good Form At First Two Meets

The NHS track team started their season in good form and seem to be improving as they go along.

The first meet, at Clarenceville April 11 saw Bill Yahne take third place in 880 and high jump. Greig Chapman and Dick Biery tied for fourth place in the 100-yard dash.

At the second meet held in Thurston April 13 the team had a better showing. Bob Wagenschutz was first in the shot put; Dick Biery, was first in 440; Greig Chapman was second in 100 and 220; Bill Yahne was third in 880 and high jump and Tom Heatley was fourth in 880.

According to Coach Charles Yahne, boys who haven't broken into the scoring column, but who are improving steadily include Gary Holman, Roger Rathburn and Dick Stuber.

Ball Team Looking for Practice Game

Any softball team wishing for a practice game... wish no longer, just call Northville 460 and ask for Ike Morgan or Tom Buddy who will arrange a game time and date between your team and the newly organized Maybury softball team.

The Maybury team was organized with the cooperation of the executive board Local 209 AFL at Maybury Sanatorium.

The team will be entered in Detroit Parks Recreation softball league. Uniforms and entry fees are being supplied by the executive board.

Manager of the team is Ike Morgan. Jimmy LaRue is the captain. Team members are E. Givens, C. Thaxton, A. Lee, J. Witt, A. McJackson, W. Walton, S. Harrison, A. Erhart, J. LaRue, T. Buddy, W. White, R. Bloomhuff, W. Morgan, C. Billingsley, D. Patterson, D. Fenton, R. Shinn, Gorzany, B. Richardson and J. Dirickson.

Red Pine Trees Available Free

Lansing, April 18 — About 5,000,000 young trees are still available from Conservation Department nurseries for reforestation plantings.

Red pine seedlings and transplants, two to eight inches in height, are available for large and small reforestation plantings. Full information and order blanks may be obtained by writing the Department's forestry division at Lansing 26.

Giving In...To His Practical Side!

We will tell you, in all honesty, that this gentleman was a little dubious when he first walked into the showroom.

There was no question, to be sure, about his wanting a Cadillac.

But, quite frankly, he wondered whether or not he was in a position to purchase a motor car as wonderful as the 1956 Cadillac.

But now he is learning some facts about this distinguished motor car that are removing the doubt from his mind.

First of all, he is learning that a Cadillac is relatively modest in its initial cost.

He is finding out about Cadillac's extraordinary dependability and freedom from repairs.

He is discovering the remarkable facts about

Cadillac's traditionally wonderful resale value.

And, lastly, he is being told that, at this time of the year, his dealer is able to make Cadillac ownership even more practical than usual.

That's why we suspect that—having given in long ago to his heart—he is now giving in to his practical side. And that's a combination no man can resist!

If you have considered Cadillac the car in your future—but have postponed making the move for reasons of economy—we urge you to stop in soon.

As an experienced Cadillac dealer, we have established a wonderful relationship with fine-car motorists throughout the community. Our reputation for integrity is positive assurance of your satisfaction as a customer.

Girl Scout Troop 14

Friday night's was our second Girl Scout dance. It was held at the Scout Bldg. from 7 'til 9. We danced all kinds of dances and played games.

Our leaders, Mrs. Muller and Mrs. Knight, were our chaperons. Each girl brought their own refreshments.

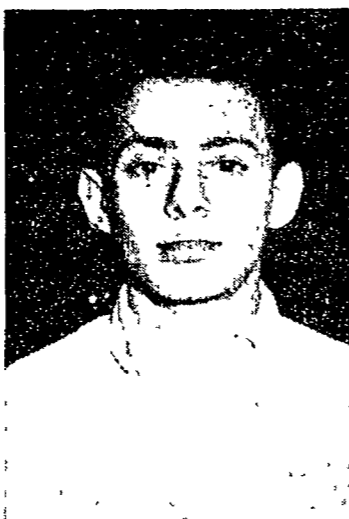

It was a very enjoyable evening.

DAVID

The practice of dating usually begins during teenage years. The Record this week asked NHS students:

"What do you like to do when you go out on a date?"

"Do you prefer to double-date or single?"

LOIS RODY, 16, junior, said, "I'm kind of out-doorsy in the summertime. I like to go to baseball games and have picnics." In the wintertime Lois likes to go to the movies best. She also likes bowling, parties and dances. Lois favors double dates.

RICHARD BONDY, 15, freshman, smiled and said, "I like to be alone with a girl best." Richard likes dancing, baseball games and movies. "I like to single date most of the time," he said.

SUZIE MAIRS, 17, senior, said "It depends, but I like to go to the show and then stop somewhere for pizza." Suzie also likes dances and parties. "It's fun to double," she said, "it's a lot gayer, but sometimes it's more fun to be alone."

DON POUNDERS, 16, junior, laughed and said, "You shouldn't ask those kind of questions. It depends on the girl, but we usually go to the movies. I like to swim in the summertime and

last fall I taught a couple of girls to hunt." Don likes dancing and prefers double dates.

JOAN PERRY, 17, senior, is amused easily. "I just like to have fun," she said. Joan likes drive-in movies, parties, bowling, football and roller skating. "I like to single date," she said. "When you double date you feel like someone's staring at the back of your head and usually you have to carry on a conversation."

DAVID BLERY, 17, senior, likes to go to the movies and sporting events. He enjoys swimming dates in the summertime. David said that he doesn't care much for dancing, but if his date prefers to dance David said, "I dance." David likes double dates.

N.H.S. Band To Perform In Festival At M.S.U April 21

The Northville high school band under the direction of Leslie G. Lee will participate in the annual Michigan School Band and Orchestra Festival Saturday, April 21 at Michigan State university.

More than 4,000 young musicians will take part in the all-day festival on the East Lansing campus. They are members of 73 bands and orchestras which earlier earned the right to compete in the "finals" by top performances in district music festivals throughout the state.

Four auditorium centers are required to accommodate all the performances between 8 a.m. and 9 p.m. The University Auditorium will be supplemented by the use of Jenison gymnasium, the Music Building auditorium and East Lansing high school auditorium.

The Northville high band will perform at 10:25 a.m. in the Music Building.

In most cases the bands and orchestras will have about one half-hour to perform. Each group will do a warm-up march, a "required" or assigned selection and a free selection. They will also play two sight-reading numbers — music the members have not seen before the performance.

The public is invited to attend any of the concert centers free of charge. Information about any of the music groups taking part will be available at a special desk set up in the lobby of the MSU Music Building.

The student bands and orchestras all are given a final rating based upon their Saturday performance, ranging from the top Division I rating down to a Division V grade.

To attain Division I status a band must do extremely well in six performance factors—tone, technique, intonation, general effect, interpretation and rhythm.

Three adjudicators will evaluate each performance before agreeing upon a final rating. Judges have been drawn from Ohio, Illinois and Oklahoma in addition to Michigan.

Michigan judges are Norman Dietz, Central Michigan college; William Fitch, Michigan Normal college; David Mattern and Emil Raab, University of Michigan, and Leonard Meretta, Western Michigan college.

Pastor's Study ...

(Continued)

good thief" in his misery, as He might not have touched it otherwise. During Our Lord's earthly ministry, think of the hundreds who went out of their way to meet Him because they were in dire trouble, and from their meeting received not only healing for their bodies but grace for their souls. Ask yourself if they would have bothered about Christ had things been going well for them.

Remember how St. Paul gloried in the trials and tribulations he had to undergo. They were his only boast. With what immense satisfaction the Blessed Mother must now recall the grievous sufferings and sorrows of her life on earth! She fondles the memory of them now as a wealthy woman might fondle her precious jewels. Mary would not part with a single carat of all her suffering; not a sigh, not a tear, not a stab of the heart. If I was in suffering that she came most to understand her Son; it was in suffering that their hearts were best welded together. Suffering, for those who bear

it in a spirit of faith, is the school of virtue.

Why are we not overly impressed by the goodness of young people? Because it has not yet been grievously tried. Because it has yet to pass through the crucible of suffering. Because it is comprised in large part of the buoyancy, the good-heartedness and idealism that are natural to youth. Christ met such a youth and put his virtue to the test, and it failed pathetically. Christ told him to get rid of his wealth by giving it to the poor, and he went away sad. But the result would have been the same had he suddenly lost his wealth in some economic crash. He would have "folded up" as we say. He would have grown bitter, sullen, rebellious towards God.

"I've always done right by the Almighty," he would have replied. "Why should He allow this to happen to me?"

One would like to ask such complainers: "For what sin of her own did the blessed Mother suffer?"

We all hope to get to heaven some day. There the Blessed will constantly recall with joy the trials they underwent on earth. Wouldn't it be embarrassing for us if we had nothing to adduce of our own—no sweet remembrances? The Blessed would gaze at us with astonishment, and wonder by what other path we had climbed the celestial heights. "You mean you never carried the Cross?" they would exclaim. "Oh, what a pity! Half the joy of heaven is remembering the Cross."

There is no joy to compare with the joy which evolves from sorrow. That is why a woman finds beatitude in her baby. Joy's crown of joy is remembering sadder things.

Letter To The Editor

I have one question that has been prying on my mind and, no doubt, on the minds of a great many townspeople.

Why are Commercial Vehicles allowed to double park right in the middle of town for several minutes while a private citizen cannot even stop for a few seconds while he drops a letter in the mail box or meets someone?

I am putting up the argument since Commercial Vehicles double park, why can't we. I firmly believe that neither should be able to do so, and strongly urge, for the safety of all, that both be enforced equally concerning this double parking problem.

I have seen trucks blocking empty parking spaces or pinning a car to the curb so that the driver cannot get out. I have seen cars pulling out around these trucks and almost colliding with oncoming traffic. These things may not seem important enough to mention but think of what could happen.

When a person is pulling around a truck, which projects into the middle of the street, he cannot see the sidewalk or the front of the truck. It would be very easy for a child, or anyone for that matter, to step out in front of one of these double parked vehicles and be seriously injured. Are we going to wait for something like this to happen?

Furthermore, I do not believe that it is at all necessary for these trucks to park in front of the stores, blocking the streets. There are parking lots in back of all the stores. Would it not be more reasonable and safer for the trucks to deliver their goods through the back doors?

I am not certain as to what the law states concerning this problem, but I do not believe that there should be any discrimina-

In looks, too, Ford's out front—with styling that only the Thunderbird could inspire

Ford goes First!

In Performance

At NASCAR's Speed and Safety Event at Daytona, Ford won the Manufacturer's Trophy for best all-around performance. And Ford's 225-h.p. Thunderbird Special V-8, in one day, smashed 30 world speed records at Kingman, Arizona. No wonder Ford is the world's largest-selling eight.

In Safety

When the editors of "Motor Trend" unanimously voted Ford's safety program "the top car advance" of 1956, they had in mind Ford's Lifeguard Design... a whole family of safety features, including a deep-center steering wheel and double-grip door latches, to help protect you in case of accident.

In Economy

In this year's Mobilgas Economy Run, a Ford Customline V-8 with Fordomatic won over all cars in its class. The sturdier, heavier Ford carried more weight with greater gasoline economy per pound than any competitive car... "saves" as well as "eights"! Ford proved itself a regular gas miser.

For the price of a dozen oranges you can cook 18 complete meals for a family of four on your electric range—the only range that is "white-glove" clean. That's why smart homemakers say:

"You can Live Better... Electrically"

SEE YOUR DEALER OR DETROIT EDISON

The way a Ford performs, the way it saves, the way it protects you, go hand-in-hand with the way it looks and lasts. Ford's look was inspired by America's most exciting car, the Thunderbird. Its rugged K-bar frame and carefully-built body give it the endurance and reliability traditional with Ford. These are the facts behind Ford's reputation as the car that's worth more when you buy it... worth more when you sell it, too! Come in and let us show you!

Are You Ready For Spring?

In Grandmother's day this was the season for sulphur and molasses. The whole family would line up to swallow spoonfuls of the horrid medicine from the big brown bottle. This was supposed to build up blood thinned by the long winter and protect against the hazards of spring.

Maybe a stiff dose of sulphur and molasses could temporarily jolt an adolescent out of the day dreaming that goes with the season. Probably it had no other useful effect. But Grandmother wasn't far wrong. Spring does have its special hazards, and stern measures are often necessary to deal with them, says the Tuberculosis and Health Society.

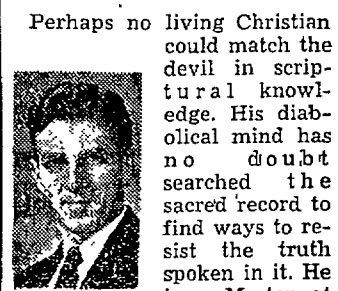

This is the season of spring colds, brought on by man's eternal optimism. We all know that beautiful April skies can turn gray and pour down drenching rain within an hour. We know that temperatures can go up and down like a see-saw. But who prepares for such weather? We expect and dress for nothing but the best. Women shiver in their new spring coats and slosh through puddles in open-toed shoes. The farmer can't stop his ploughing and run for cover with every shower. The small boy loses his rubbers. His older sister wouldn't be caught dead with an umbrella.

Mother can't spend all her time chasing after these delinquents. She might as well take it for granted they will be foolish, and try to build up their natural resistance to colds. She can see to it that every member of the family is getting a proper diet, replete with the "protective" foods: milk, eggs, meat, green vegetables. She can make sure that everyone is getting enough sleep. If any member of the family seems "run down" and complains of tiredness, a visit to the doctor is in order. Children with colds should be kept at home. A day of quiet rest will usually ward off serious developments.

And while you are about it why not plan to have all your family, older than 15 years, X-rayed for

any signs of chest disease. There is a free mobile unit or X-ray clinic near you wherever you live. Call the TB and Health Society at Woodward 1-1697 and find the location of your most convenient chest X-ray service. Too soon spring will pass. We owe it to ourselves to be in condition to enjoy every minute of it.

SATAN AND SCRIPTURE

Perhaps no living Christian could match the devil in scriptural knowledge. His diabolical mind has no doubt searched the sacred record to find ways to resist the truth spoken in it. He is a Master at quoting scripture out of context. He is an artist at twisting the words of God and make them to say what was never intended. Satan quoted the Word of God to Eve. God said that they may eat of all the trees except one. In the temptation Satan said, "Yea hath God not said, ye shall not eat of every tree of the garden?" It seems but a small difference. However, God emphasized the fact that He gave permission to eat from all except one. Satan's emphasis was to the effect that God had withheld a great deal from them. He attempted to make them dissatisfied with God's gracious dealings with them. Satan again quoted scripture in the temptation of our Saviour. My reason for calling this matter to your attention is that many people are too glib these days. If a speech, a paper, or a book contains a scripture quotation, too often people accept it as good and true when the truth may be just the opposite. Test what you read by the whole scripture.
