## Friday --- Last Day For Election Registration

Friday, June 1 will be the last day for residents in the Northville school district to register for the coming school election June 11.

Four candidates have filed petitions for the school board offices and their names will be placed on the official ballot: E. Jane Wagenschutz, Nelson Schrader, Robert Shafer and Martha Milne.

### Election Board

Mrs. E. Jane Wagenschutz, secretary of the Northville board of education, announced the following people this week as members of the election board: Mrs. Clifford Rollings, chairman; Mrs. Claude N. Ely, Mrs. Herman Hartner, Jr., Mrs. Emma Reid, Mrs. Iva Tabor and Mrs. Clifford Winter.

### Polling Place

The official polling place for all voters for the school election will be the lobby of the Community Bldg.

### Absentee Voters

Voters who plan to be absent from the city on the day of the election can make an application now at the board of education office for an absentee ballot. The deadline for applications is 2 p.m., Saturday, June 9.

## Wayne University Honors W. Couse

Walter L. Couse, 45875 W. 7 Mile Rd., was honored at the 88th annual Wayne University Alumni banquet at the Sheraton-Cadillac hotel May 26.

Couse and four other Detroit businessmen were honored as the five outstanding alumni for 1955. The awards are given annually. This year the five men were chosen from a list numbering over 2,500 alumni.

Couse attended Wayne university in his freshman and sophomore years and then transferred to the University of Michigan where he graduated with a degree in engineering.

Couse is a building contractor. Among some of his past general contract jobs are included the Ford Rotunda in Dearborn and the Chrysler plant in Detroit. His company is at present working on the Ford valve plant addition in Northville, the WJBK-TV station in Detroit, Ford proving grounds in Romeo and the Communications building in Detroit.

## Curriculum Comm. Has Open Forum Tonight, May 31

"Future Planning for the Division of Junior and Senior High School" will be the theme of an open forum sponsored by the Northville Curriculum Study committee in the Community Bldg. Thursday, May 31 at 8 p.m.

Dr. Edgar G. Johnston, professor of education at Wayne university, will discuss the pros and cons of 6-3-3 and the 6-2-4 systems from an educator's viewpoint. Invited are interested parents and citizens, school board members, school teachers and administrators and the study committee.

Dr. Johnston was recently president of the North Central Ass'n. of Colleges and Secondary Schools. In 1939 he left his post as principal of the University high school in Ann Arbor, Mich. While he was with U. of M., Dr. Johnston made several visits to the Northville school system with an accreditation inspection team.

Since 1949 he has been professor of education at Wayne university. He has also written several books on guidance and secondary education and has been a member of government study commissions.

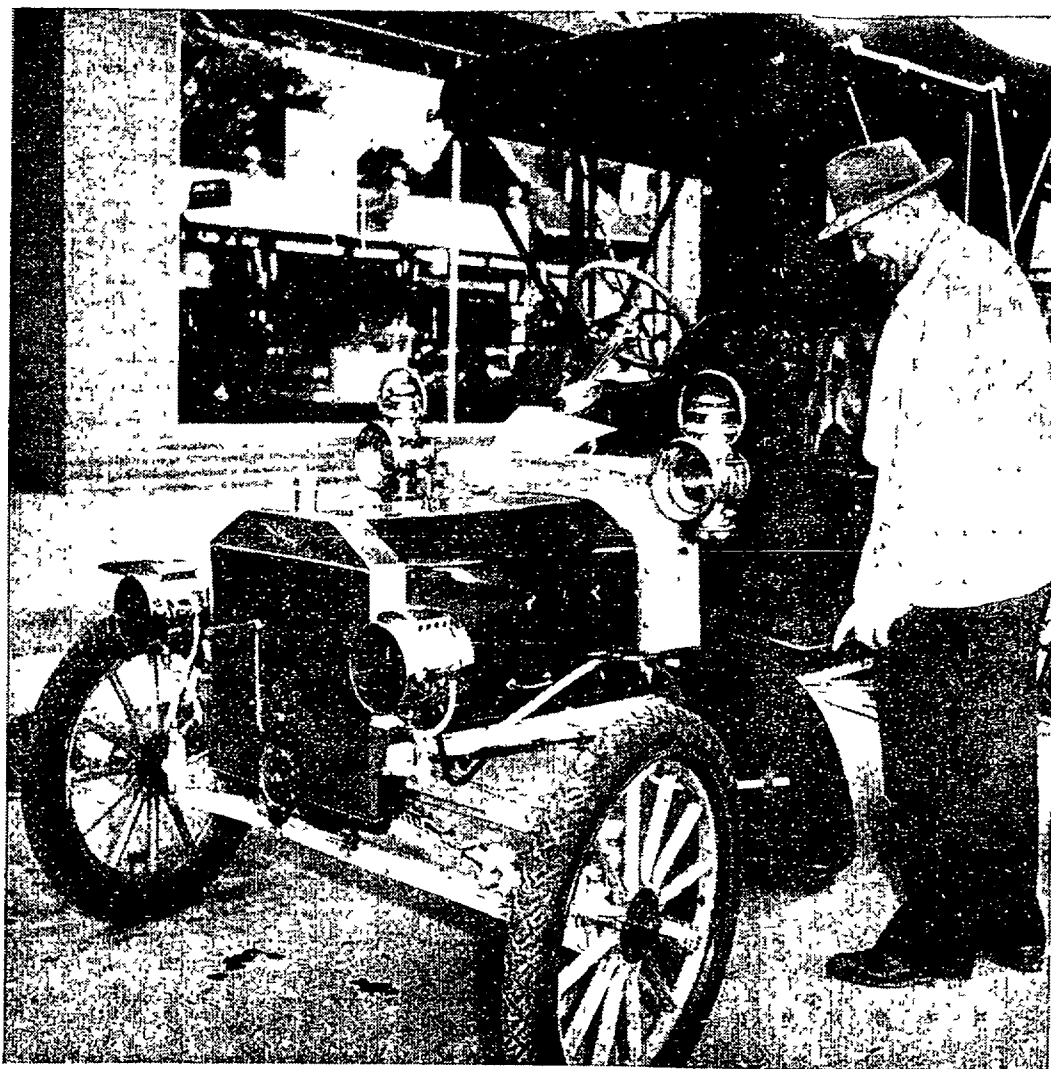

The meeting will consist of a one-hour presentation by Dr. Johnston followed by a one-half hour question and answer period.

### Appointments

Recent appointments made by the study committee include: James W. Schiefer, chairman; William B. Crump, vice-chairman; Mrs. Robert Yoder, recording secretary-treasurer; Mrs. B. W. Secord, corresponding secretary-librarian; William B. Templeton, chairman of the fact finding sub-committee; Mrs. Harold Wagenschutz, chairman of the educational needs; Frederick Stefanski, chairman of the teaching staff coordinating sub-committee.

## Fluoride Treatment Planned for August

A fluoride dental clinic in Northville is being planned for the month of August according to Miss Ruth Knapp, school nurse. Approximately 200 children from the second, fifth and eighth grades are expected to receive treatments. For further information, parents are urged to contact Miss Knapp.

LOOKING AT THE DASHBOARD of a 1906 Ford is Gordon Hoath, 10385 5-Mile Rd. Hoath had his camera along and was snapping pictures for his album. The cars were on display on Center St. from 9 a.m. until 9 p.m. Thursday as part of the Michigan Week. Additional pictures on page 8.

## Board of Education Candidates Answer Issues At P-TA Meeting

The four candidates to the Northville Board of Education answered a list of questions prepared by that group at the regular P-TA meeting May 24.

Introduced by the program chairman, Mrs. Kenneth Conley, were Mrs. E. Jane Wagenschutz and Nelson Schrader, incumbents; Robert Shafer and Martha Milne.

Paul Schulz acted as the panel moderator.

The questions and answers follow:

Without specific reference to the Northville school system, do you think today's public schools generally are doing as good a job, a better job or a poorer job of preparing children for life than the schools in your day? Why do you feel the way you do about this?

Mrs. Wagenschutz: "Definitely,

the schools are doing a much better job. When I entered high school they began to offer home economics courses and of course that was a treat. Education today prepares people for life and is not wholly concerned with reading, writing and arithmetic. The students have a better opportunity to prepare for general living."

Mr. Shafer: "I think public schools today do a better job than they did a generation ago. Certainly, they are doing a better job than was done prior to a generation ago. This does not mean that there was not room for improvement. I think there is better training in such general areas as citizenship and human relations and in vocational training and industrial arts. To compare the job being done by the schools today with that done in the past is not the sole yardstick which should be used to evaluate our present-day schools or the product they turn out. Some analysis and projection of future demands to be made on individuals is necessary. The job for the schools is to be fully aware of present-day and future living demands and conditions. Compared with the past, life today is full of complexities, situations constantly change, and willingness to cope with them should be the desire and the objective of everyone interested in public schools."

Mrs. Milne: "The schools today are doing a much better job than when I went to school. The social and economic factor has changed. In the 20's progressive education challenged tradition. Today is the age of specialization and education must be geared to this factor."

Mr. Schrader: "Are schools really preparing children for life? That is a difficult question when you consider the complexities of life today and the dependency on one another. I do not have enough knowledge and background to answer this question on my own so I have referred the question to the M.S.U. educational department who informed me that the community education of all students today is equal to

or better than those 25 years ago and it is far superior to those 30 years ago."

Do you feel that board members, as elected representatives of the people should be governed by the views of the parents and citizens of the district? Assuming you do, how would you as a member of the board propose to determine specifically these views after you had been elected?

Mrs. Milne: "I don't think the school board members should be governed by the views of the parents and citizens, but they should be considered. I would recommend having a good public relations department within the school board."

Mr. Schrader: "I certainly do. If I didn't I wouldn't be running for the board of education office. Schools belong to the people in the district, not the board of education. How would I find out their views? That's not easy. The board determines what the people want, but organizations make suggestions."

Mr. Shafer: "Members of the board of education are elected by the people as officials in whom they place their trust to operate and conduct school affairs. In the normal course of procedure, the school staff of superintendent, principals and teachers correlate considerable public opinion to school operation. Whenever it is believed necessary to seek special qualified information as in the recent case of establishing a Citizens Advisory Committee, I certainly concur in these proceedings. The school board and staff members should always be open to discussion and suggestion from groups or individuals and I think should consider same in a manner consistent and equitable to all phases of the school program. I will not be a party responsible for any minority pressure groups. I am, and always

## Nat'l Bank of Det. Opens Novi Branch

Moving with dramatic suddenness and at a speed that would put an old-time barn raising to shame, the National Bank of Detroit erected a new branch office building in Novi last Saturday and Sunday, and officially opened for business at 9:37 a.m. Monday.

Elapsed time from Saturday noon when a bulldozer started leveling the land until Lawrence Moyer, owner of the Sunoco gas station next door, became the first depositor was approximately 46 hours.

### Residents Urged To Care for New Trees

Northville residents in the northeast and southwest sections of town were urged this week to care for the new trees recently planted near their homes by the city.

John M. Miller, nursery owner, who planted the trees for the city, said that 45, eight-foot tall Pin Oaks and Northern Maples were planted.

"If the people would just keep the soil stirred and water the trees once in awhile it would certainly benefit the tree care program," Miller said.

The tree program was started five years ago. Miller said that most of the new trees have been planted in areas where Box Elders have been removed.

The rapidity with which the National Bank moved to erect its branch building was freely interpreted in Novi as a move to forestall the possibility of another bank opening there.

### Pontiac Bank Interested

The Community National Bank of Pontiac had previously taken an option on a piece of property owned by Leo Harwood at 11-Mile Rd. and Grand River, Harwood disclosed to the Novi Board of Commerce in mid-April. Although Pontiac bank officials said Tuesday that they had not yet asked Washington banking authorities for a branch bank permit because it had two previous branch applications pending, the National Bank had no means of knowing this.

They undoubtedly were familiar, however, with the government's policy of not granting more than one branch permit in a locality unless the need for a second bank can be demonstrated conclusively. Under this policy, the ability to get in business quickly after a permit is received becomes a distinct asset.

It is not regarded as likely that the Pontiac bank will move further to erect Novi at this time.

### Tightly Guarded Secret

The National Bank of Detroit filed its permit application in Washington on Feb. 2 and received formal approval May 14. However, until Floyd Kehrl, vice-president in charge of the National Bank's Plymouth office, appeared at the Novi Township hall Saturday to ask for a building permit, the National Bank's intention of opening a Novi branch had been a closely guarded secret.

Supervisor Frazer Staman expressed amazement that the branch bank had been opened so quickly. "I knew the National Bank of Detroit was considering coming into Novi," Staman said, "but I had no idea when I left town Thursday that they would have a new building up and in operation over the week end."

### Great Growth Expected

He expressed the opinion, concurred in by many other Novi

residents, that the National Bank's coming confirms the expectation that the entire Northville-Nowi-Walled Lake area is due for great growth during the next two or three years.

A spokesman for the National Bank pointed out that the Paragon Construction Co. is already located in Novi, Lincoln is moving there next year and several other sizable customers are in the surrounding territory. "It has always been the bank's policy to follow our customers and continue to give them banking service whenever possible. Our decision to establish a branch office in Novi was arrived at after considerable study and survey of the potentials of the area."

Around the Clock Following the appearance of a bulldozer on the property Saturday noon, work progressed around the clock until the Monday morning completion.

One township official said that approximately 40 men, carpenters, electricians, plumbers, painters and roofers were working against time all day Sunday and through the night.

Plans for construction of the permanent building were not released at this time.

### Complete Banking Services

Complete banking services will be provided by the new branch. H. George Burrows, formerly assistant manager of the bank's Grand River-8-Mile office, is in charge of the Novi branch.

Assisting Burrows in the new branch will be Harold Grix of Farmington and James Voskuhl of Redford township.

In addition to its new Novi office, the National Bank of Detroit serves the city of Detroit and the suburban communities of Wayne, Inkster, Livonia, Plymouth, Lathrup Village, Huntington Woods, Rochester, Utica, Harper Woods, Grosse Pointe and Grosse Pointe Farms. Each office operates exclusively in its own neighborhood, yet each one has the advantages of the combined resources, facilities and experience of the main office and all other offices.

## 1956 Memorial Day Program

COMMUNITY BUILDING — 11 A.M.

All organizations meet at Veterans' Memorial Hall at 10:30 A.M. and march to Community Building

PRESENTING A MICHIGAN STATE FLAG to the high school last week were members of various Northville clubs. Left to right: Mrs. Ralph Hay, Sr., Garden club; Mrs. Bebe Meyers, VFW; Mrs. Mabel Cooley, BPW; Jim Allen, high school mayor; Mrs. Mabel Stenson, BPW; and Mrs. Robert Wetterstrom, OLV Mothers' club. The presentation was made Thursday which was designated as "Education Day" during Michigan Week.

## "Citizen of the Year"

DR. L. W. SNOW received the first "Northville Citizen of the Year" award from the American Legion at Memorial Day exercises.

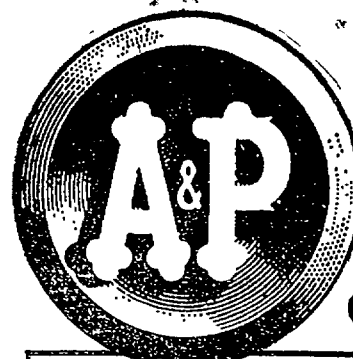

American Legion Commander John Chedrick said that although the award will be made annually, selection will be based on several years of outstanding service to the community.

## ADVERTISEMENT FOR BIDS City of Northville, Michigan

Sealed bids will be received by the City of Northville, Michigan, at the City Hall up to 8:00 P.M., E.S.T., June 4th, 1956, for a 750 G.P.M. Class A, Pumping Engine, of the following specifications:

The apparatus shall conform to the requirements of the N.B.F.U. and Michigan Inspection Bureau, the best practices of manufacturers of equipment and the following particular items:

**Engine:** The engine shall not have less than 215 brake horsepower and be equipped with dual ignition, dual carburation, dual fan belts and an independent cooling system which will cool engine without diluting anti-freeze. It shall also have a weather front. It should be of builder's manufacture and design and carry a warranty of five years. It will be equipped with one manual fuel pump and one electric (Bendix) One 100 ampere alternator with two receptacles and two 250 watt transformers for floodlights. Dual batteries with charging receptacles for each set. 12 volt electrical system.

**Pump:** Two stage centrifugal 750 G.P.M., Class A pump with bronze housing, impellers and stainless steel impeller shaft. The packings shall be adjustable type which require minimum attention. The pump gear box will be water cooled to keep the oil at proper temperature under all conditions. Further, the pump will deliver an excess of 10% of Class A requirements and not less than 600 pounds pressure. Pump to be heated for cold weather conditions. The pump should be of builder's manufacture and design and carry a five year warranty.

**Operators Panel:** Shall be well lighted and register engine speed, temperature and oil pressure.

**Intakes:** One 4 1/2" inlet on each side of apparatus with chrome plated long handle caps. Two (2) 2 1/2" gated inlets on the operators panel. All inlets to have screens.

**Discharges:** Two pressure locking type-gated 2 1/2" discharge gates on operators panel and one on the opposite side with control at operators panel. One 1 1/2" discharge to the rear of hose body with operators panel control. Individual pressure gauge for 2 1/2" discharge outlets. S.O.S. Nozzle 1 1/2".

**Booster Reels:** Two booster reels with 200 ft. of 1" high pressure hose on each reel. Two Hardie High Pressure nozzles chrome plated and mounted. Reels will be mounted as low as possible over pump and equipped with a canvas cover. There shall be horizontal and vertical chrome plated roller guides for the booster hose.

**Cab:** To be closed type with canopy and seat not less than five men, cab ahead of engine design preferred. It shall be equipped with electric wipers, heavy duty hot water heater and defrosters. The seats shall be genuine all leather covering with foam rubber padding. The cab will be mounted in rubber to take up road shock and facilitate removal if ever necessary. The cab will be equipped with a 12" locomotive bell, chrome plated. Front bumper will be chrome plated. Speedometer shall register pump miles separately from road miles.

**Chassis:** The frame will be of carbon pressed steel and of welded construction. It will be equipped with shock absorbers front and rear. The tires will not be not less than 900.x20. The wheels will be 10 stud disc type. Emergency braketo be disc type.

**Water Tank:** Will be 400 gallon capacity and made of 10 gauge rust resisting steel. It will have an electric gauge and clean out plug in the bottom to flush the tank. It shall be fully baffled in conformance with best practices of the industry.

**Hose Body:** Will carry 1000 or better feet of 2 1/2" D. J. fire hose and 500 ft. of 1 1/2" D. J. fire hose. One canvas hose body cover will be furnished. All hose to be 600 lb. pressure, mildew and rot resistant, all-weather hose.

**Compartments:** There shall be two (2) compartments ahead of the rear wheels and two (2) behind the rear wheels. Two of these compartments will carry portable lighting plant and pump, the other two will carry oxygen equipment. There will be a full width compartment ahead of the rear platform to carry extra equipment.

**Lights:**

- Two sealed beam head lights
- Two red parking lights in front
- Two tail lights
- Two frosted hose pick-up lights at rear
- Two Fresnel-Marine red flashing lights at rear
- Directional Lights, front and rear
- Two revolving searchlights
- One Beacon Ray Light front forward top of cab
- Two or more engine lights
- Inside of cab to be adequately lighted
- All compartments to have self-switching lights
- Auxiliary lights to have separate master control

**Extra Equipment: (Mounted)**

- 2-10' lengths of 4 1/2" hard suction hose with chrome plated and long handle female connection
- 1-4 1/2" Barrel type strainer-chrome plated
- 1-4 1/2" by 2 1/2" hydrant connection chrome plated (Steamer)
- 1-4 1/2" by 2 1/2" double female connection C.P.
- 1-2 1/2" double male connection C.P.
- 1-2 1/2" double female connection C.P.
- 2-Fire Department Pick-head axes
- 500'-1 1/2" D. J. Hose
- 1000'-2 1/2" D. J. Hose
- 1-10' Pike Pole
- 1-Crowbar
- 2-700 A Big Beam hand lanterns with wire guards
- 1-15 # C02 Extinguisher
- 1-20# Dry Chemical Extinguisher
- 2-2 1/2" Tri-Loc Mounting brackets C.P.
- 1-35' Aluminum Duo-Safety 3 section tubular extension ladder
- 1-14' Aluminum roof ladder with folding hooks
- 1-10' Aluminum Folding ladder with shoes
- 1-Electric siren with grill
- 2-Two 250 watt floodlights (Circle D)

The apparatus shall be painted fire department red and trimmed with gold leaf per instructions of the Fire Chief. All bright parts are to be chrome plated. Necessary maintenance tools shall be furnished by the manufacturer.

The City of Northville reserves the right to accept or reject any or all bids, or to accept the bid which in their opinion is to the best interests of the City.

CITY OF NORTHVILLE

Dated May 23rd, 1956

# Plans for 17th Annual Flower Show Under Way

NORTHVILLE GARDEN CLUB members mixed business with pleasure at a picnic last Thursday in Kensington park. Left to right, Mrs. Paul Schulz, Mrs. Robert Niemi and Mrs. T. G. Hegge, made raffia of brushes to sell at the flower show June 15. The show is sponsored by the Garden club and will be held in the Northville Community Bldg.

Plans for the 17th annual flower show, sponsored by the Northville branch of the Woman's National Farm and Garden Ass'n., were announced this week by Club President Mrs. Glenn H. Cummings.

The show, titled "Flower Portraits", will be held at the Northville Community Center Friday, June 15, 2:30-9 p.m.

Rules and Regulations Exhibits will be received from 8:30-10:30 a.m. Judging will be held from 12 noon until 2:30 p.m.

Entries must be in by 10:30 a.m. and should be brought via the rear entrance.

Competition is open only to amateurs and spectators will not be allowed in the building during the judging.

Exhibitors must furnish containers for all flowers except specimens.

Specimens must be grown by exhibitors; however, flowers for arrangement classes need not be grown by exhibitors.

## OLV Mother's Club End Season June 5

The final meeting of Our Lady of Victory Mothers' club will take place June 12 at 8 p.m. Mrs. Andrew A. Bertoni, 40640 East 8-Mile Rd., will open her home to members of the club.

Mrs. R. G. Wetterstrom, president, will turn the meeting over to the newly elected president, Mrs. Lewis W. Alexander. In addition to installation of officers, committees will be appointed for the 1956 Holiday House party.

Mrs. B. A. Zayt, Mrs. August Wicke, Mrs. Monroe Weston and Mrs. John W. Swain, Jr. will handle meeting arrangements.

Mrs. W. F. Chapman of Dunlap St. was taken to Beyer Memorial hospital, Ypsilanti, Thursday evening for an emergency operation. Her condition is still critical.

Mr. and Mrs. Perry Taylor of Pennel Ave. had as their Sunday dinner guests, Mrs. Taylor's mother, Mrs. John Rogers of Deerfield; her brother and wife, Mr. and Mrs. William E. Rogers of Ottawa Lake and their sons, Gary and Pfc. Daryl Pfc. Rogers is with the Sixth Armored Division and just returned from 18 months in Newfoundland. He will soon return to his base at Fort Leonard Wood, Mo.

Mary Crusoe, daughter of Mr. and Mrs. Claude Crusoe of E. 9-Mile Rd., came home Saturday after completing her freshman year at Marquette university in Milwaukee, Wis.

Mr. and Mrs. Orson Atchinson of Orchard Dr. have Mrs. Atchinson's aunt, Mrs. Elmer Huston of Birmingham, as their guest this week. Their Monday dinner guests at Hillside honoring Mrs. Huston were Mr. and Mrs. Arthur Johnson, Austin and Elmer Whipple, Edson and Oscar Huston, all of Plymouth, and Mr. and Mrs. Edson Whipple of Ann Arbor and Rick and Roger Atchinson.

Jerry Freydl was recently named a member of the National Freshman-Sophomore honorary scholastic fraternity, Phi Eta Sigma, at Michigan State university.

## News Around Northville

Dr. and Mrs. R. M. Atchison will return this week from Boonville, Mo. with their son, Rick, who attends Kemper Military Academy.

Mrs. Lottie Cosbey of Dearborn returned home last week after spending two weeks visiting her niece and nephew, Mr. and Mrs. George Price.

Mr. and Mrs. James McNeiece and four children of Woodhill Dr. returned May 24 from a ten day visit with Mr. McNeiece's parents in Goshen, N.Y.

Jack Waterloo, son of Mr. and Mrs. J. Stanley Waterloo of Rayson St., is home on a 20-day furlough from Hutchinson, Kan. He will return for six more months of service in the armed services. Jack was recently promoted to the rate of Air Controlman 3/C.

Mrs. Wayne J. Wilcox and Mrs. C. M. Goodrich were co-hostesses for the tea and shower honoring Mrs. Eleanor Dethloff May 22 at the Wilcox home on 7-Mile Rd.

## Donna Schnute On-European Tour

Donna Schnute, daughter of Mr. and Mrs. Arthur Schnute of Grandview, left Detroit May 24 for Quebec to board the S. S. Homeric for a five weeks European tour.

The tour includes England, Holland, Belgium, Luxembourg, Germany, Switzerland, Lichtenstein, Austria, Italy, Monte Carlo, the French Riviera and France. Miss Schnute was graduated from Northville high school in 1951 and is an employee of the Ford Motor Co. in Livonia.

Miss Lena Kohler of 7-Mile Rd. has been in Mt. Carmel hospital suffering from a broken wrist.

THE NORTHVILLE RECORD—Thursday, May 31, 1956—3

## What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Mrs. C. W. Whittelsey with 4-year old Mark peeking over the counter between fresh loaves of bread

The mere thought of the aroma of home-baked bread like Grandma used to make, should spur you to try a batch yourself. It isn't as difficult as you might think, for Mrs. C. W. Whittelsey, who provided this recipe, has given the procedure in detail. Home-made bread toasted is pure delight.

Several variations may be used with this recipe by using the basic proportions of flour and liquid. Try substituting ½ cup of molasses for part of the sugar and 2 or 3 cups of wheat germ for part of the flour. Use water instead of milk to produce a more delicate bread or leave out milk, sugar and most of the shortening for a French type loaf. Any of these variations make nice buns or rolls but none are rich enough for coffee cake or sweet rolls.

The Whittelseys, with Mark 3½ and Susan 13, live on Valley Rd. in Bloom's subdivision—a wooded spot with flowers growing all around the house—just right for a 4-year-old boy to explore.

### HOMEMADE BREAD

1 cup lukewarm water  
1 tsp. sugar  
2 envelopes yeast  
Sprinkle the yeast on the sugar and water in a small bowl (one quart size) and let stand while fixing the next mixture.  
¼ lb. margarine or other shortening  
½ cup sugar  
1 tbs. salt  
1 cup dried skim milk powder  
1 quart lukewarm water  
7 or 8 cups flour plus  
5 or 6 cups flour  
Melt shortening in a large pan which has a cover (a six-quart Dutch oven is good). Add sugar and salt, and water at a temperature to bring the whole mixture to lukewarm. Now add yeast mixture and stir.  
Next put in milk powder and the first quantity of flour and beat with electric mixer. After mixing, beat at high speed for a good ten minutes until mixture is no longer heavy batter but a tough, rubbery mass. During the last part of the beating time the

dough creeps up on the beaters. Cover the dough and let rise until double in bulk. Punch down and stir in the second quantity of flour than necessary. Cover of flour, then knead until the dough is smooth. Use no more flour than necessary. Cover and let rise again.

Punch down and divide into four smooth balls. Let rest while you brush the pans with oil or

melted fat. Put the loaves into pans and let double in bulk again. Bake 1 hour at 350 degrees. Turn out and brush the tops with butter. If your family is small, slice and freeze part of the bread.

Mr. and Mrs. Russell Clarke have motored to Boonville, Mo. to bring back their son, John, from Kemper Military Academy.

## Answers . . .

(Continued)

shall be concerned with all the people, all the students and all the taxpayers of the community as a whole. I do not think there is any difficulty in collecting or being informed as to what the public thinks. I think the job at hand is the proper evaluation of school requirements in their entirety with equitable consideration of all factors."

Mrs. Wagenschultz: "Yes. The board members are responsible to the people. Board members are contacted frequently by people and various groups and their desires should be considered."

Some people feel the public schools should offer a program built primarily around "classical" curriculum aimed at those children who take advantage of their opportunities, and not coddle the other children who do not have the ability or interest to complete successfully such a basic course. How do you feel about this?

Mr. Schrader: "The basic philosophy of education is 'to the best of ability educate with as much diversification all students to the fullest extent of the pupil's ability.' Students have different intelligence and interests and abilities. The classical type of education is not necessarily the true education."

Mr. Shafer: "In a truly democratic society, I think it is very difficult in public schools to do anything else but treat all students alike. This may mean that in some instances students with a greater capacity for mental effort would be held down to an average level. This is the concept embodied in the maxim, 'The greatest good for the greatest number.' If unlimited financial resources were available to public school districts, the ultimate in facilities and teaching personnel could be offered all of our children in direct ratio to their capacity, abilities and desires. I would not change our democratic system of public education. I think our national progress is proof enough of the correctness of the approach. We must find, however, the best means of assuring ourselves a continued supply of intellectual brilliance and at the same time guarantee to us a continued supply of manual dexterity."

Mrs. Wagenschultz: "The education of any child is an important thing, regardless of his abilities. I take issue with the phrase, 'not coddle.' The schools do not coddle anyone if 'coddle' is to mean the teacher going out of her way if the pupil doesn't show any desire to learn. Our curriculum is made up for the largest percentage of children brought to us. I think we should offer an education to anyone who wants it."

Mrs. Milne: "This is related to the first question. It deals with more children. Students have varying potentials and I would like to see both a classical and vocational curriculum if possible."

How important is a hot lunch cafeteria in Northville schools, in your opinion?

Mr. Shafer: "It is very doubtful, in my opinion, that in view of the general economic and social status of all families in the Northville school district, any child will be hungry or undernourished between breakfast and dinner following school. The question of hot lunch being served is certainly dependent upon demand and most important financial ability of the school system. I have information concerning the activity of some Detroit schools where during a ten month period the school lost money at the rate of \$1.50 per pupil in addition to the amortized cost of room and utilities cost. This involved an average number of 1,800-2,000 pupils for each instance. It is very easy to understand, therefore, that with a much lesser number of pupils served, this economic factor becomes much more important. I certainly do not want to see expenditures of this sort made if they mean curtailment or denial of the real business at hand of teaching children. Perhaps a trial or pilot test could be conducted during part of the school term to assist in determining the feasibility of this matter. In my opinion the question is currently of much lesser importance than many others before the school system."

Mrs. Milne: "A hot lunch program is desirable for the children particularly if the community has a large number of bus pupils, and the facilities are available and if the community favors it. It should be planned for in the new schools. Plymouth operates its lunch program in two schools that I know of without a loss."

Mrs. Wagenschultz: "This problem is not of terrific importance at this time. I think of the hot lunch program as something desirable in an area where the children are underfed and undernourished. We don't have that problem here. When we build new schools we might keep it in mind, but we can't offer it in one school now and not the others. Eventually I would like to see the problem worked out."

Mr. Schrader: "We have cafeteria provisions in the elementary schools but they are not equipped to the standards of the board of health. It would cost us about \$8,000 plus personnel to operate the cafeteria. We would not be able to do this except at the expense of new classrooms. I have an open mind in this matter and welcome opinions."

What should be the role of the Board of Education in determining the methods of instruction used?

Mrs. Milne: "It is the concern of the superintendent and administrators and any policy that the school board might have."

Mrs. Wagenschultz: "Instruction is up to the administrators except in specific instances, then the board might seek the help of an authority after consulting the administrator."

Mr. Shafer: "Methods of instruction are the job of the professional hired for the school staff. It is not the job of the board of education to determine methods. If there appears to be something wrong with methods it is the responsibility of principals and the superintendent to attend the matter. They, with the teachers, are responsible for the establishment of methods and adherence thereto. Should the board find that there is question in this area, it is then their prerogative to undertake appropriate action, seeking professional advice, county and state guidance as necessary."

Mr. Schrader: "There are policies and also rules and regulations. Policies are determined by previous acts of the school board. Our policies are being reviewed and they will be of benefit to the board of education, administrators, teachers and the public."

Mr. Shafer: "I have no major disagreement with the operation of the Northville schools except for the very recent past. In retrospect we must all admit we have too long delayed the problem of new and expanded facilities. It is in this area that I am much concerned. We face a heavy and large program. It must be accomplished as economically as is possible, yet with full understanding and appreciation of all factors. I do not recommend a penny-wise pound-foolish program, nor do I recommend an ultra-conservative approach. Everyone must understand that this district does face a heavy school financial load and I am interested to see that we get maximum return on our investment, yet maintain a good curriculum. There is a limit to the financial ability of our district. We must operate, effectively and efficiently within that ability."

Mrs. Wagenschultz: "When the administration brings a problem before the board we try to find out if we have had anything like it before and treated it accordingly. If we have no policy, it is treated as a new problem."

Mrs. Milne: "I was not aware of particular policies until this time. I believe that policies are important."

How do you feel about having a written set of by-laws or policies available to the public?

Mrs. Wagenschultz: "I think it is a good idea. It's been just a factor of time that things haven't been done yet, but they are being gathered from the minutes."

Mr. Shafer: "Policies of the Northville Board of Education are contained within the minutes of the board. These are presently and have always been available for public inspection. I believe it would be beneficial to the public and the school personnel to have these policies compiled for easy reference. Such compilation should be constantly kept up to date as existing policies are amended and new policies are adopted."

Mrs. Milne: "I'm glad to hear that the policies are being reviewed."

Mr. Schrader: "Progressive improvement depends on written policies. They are important and entail much work. There is not time to discuss all policies tonight. I would like to say however that over a year ago the board of education requested the

superintendent to compile a written act of policies. They are not as yet complete, but satisfactory progress is being made."

How do you feel about Federal Aid to Education?

Mrs. Milne: "I think that it is fine in some respects. With the new legislation and a new type of bonding issue we may be able to take advantage of it; however, there is some proposed federal aid for education which I do not particularly favor as it would not benefit Northville or Michigan in any great respect. This is a very complicated issue and if anyone wants to discuss it with me they can see me later."

Mr. Shafer: "This question is very difficult to answer, because at present there is no evidence of the nature, extent and conditions involved in any Federal aid to local schools. Until the provisions of a Federal aid law are made public in all of its details, the question cannot be satisfactorily answered. I am opposed to any further surrender by local districts of control over public education. The concept of local control of public education is basic in our nation. Unlimited power to direct the thought processes of children would create the greatest dictatorship on earth. Such power never comes about all at once. It is acquired through a gradual insidious process. Sources of revenue for the Federal government are the people. It is a well-known fact that the people of Michigan are among the six highest paying states into the Federal treasury and that distributions back, by the Federal government, to the state of Michigan are entirely disproportionate to the amount of Federal taxes paid by the people of the state. Therefore, assuming that Federal aid to public education at the local level carries with it an dictation as to the use of funds, which presently rest with local authorities, I am opposed to having such Federal aid program. I do believe that in situations of distress at the local level created by Federal activity, such as military encampments and the like, that the Federal government should be required to recognize the responsibility for the distress on the local school district that it creates."

Mrs. Wagenschultz: "The closer we keep the tax dollar to home the more we get to use it. Federal aid is all right if you can be sure that someone won't come around telling you how to meet problems. I'm against it though until definite rules are made. You don't get something for nothing."

Mr. Schrader: "I wish this was not on the list. There is no place for me to find what we're talking about. The board of education has to secure funds to operate

the school. At present there is no federal aid bill that could affect the Northville school system. We do receive some federal aid with our milk program and our homemaker program, but there is no bill for general education that we would be eligible for. This is not a fair question because we're not faced with it. I believe sincerely now that if with federal aid we would sacrifice control of our schools then I would be against it. The schools must be controlled by the people in the district. The following words by National Ass'n. of School Boards expresses how I feel: 'Local controls make the difference. The school boards should be able to say what is to be taught, how it should be taught, where it should be taught, when it should be taught and who shall teach it. There is no national blueprint for classrooms in America.'"

As a School Board member, what is your attitude toward the maximum size of a single administrative unit? Do you favor neighborhood type schools as opposed to a larger central unit?

Mrs. Wagenschultz: "1,200-1,500 students would be the largest unit we would want to use unless it was decentralized. The students feel more at home and get to know each other. I approve of the neighborhood type school and would urge more units for elementary schools."

Mr. Shafer: "As far as the Northville school district is concerned, a central senior high school and a central junior high school would be the most satisfactory administrative units. Population centers and limits within areas of the district determine

this. In the elementary grades, neighborhood type schools based upon population concentration are definitely desirable."

Mr. Schrader: "Probably more papers are written on this one subject. The tax base has to be large enough to support the schools and there have to be enough students so a rich and varied program can be offered. High school, with grades 10-12 should have a 1,000 pupil base. Junior high, 600 students; elementary schools, 300-600 pupil base. There should be neighborhood schools where possible; they would eliminate school buses and the children would be closer to their parents. I would recommend central units for junior and senior high because of the expensive facilities involved."

Mrs. Milne: "Maximum size for a high school would be about 1,200-1,500. I think of neighborhood schools as being from kindergarten to the third grade. The children have a better opportunity for social life, they can go home for lunch and they don't have to ride buses. These schools would require long range planning in the building program so they would not be excessive in cost."

Mr. Schrader also mentioned that the P-TA should be better informed about:

1. Policies of the business administration;
2. Financing;
3. Proposed school building program (especially as it concerns the 30-year qualified bond issue.)

Novi Township Board Special Meeting Thursday

Frazer Staman, Novi township supervisor, has called a special meeting of the township board for Thursday afternoon, May 31 in the township hall.

## Novi Highlights

By MRS. LUTHER RIX  
Phone Northville 245-J

David, son of Mr. and Mrs. Carl Leavenworth, is starting his second week as a patient in Atchison's hospital with a knee injury.

Rev. and Mrs. James Travis and children, Jimmy and Philip, of Hennessey, Okla. are due to arrive in Michigan next week to visit Mrs. Travis' mother, Mrs. Marie Travis and his sister, Mrs. Leshe Clarke of Taft Rd.

Mrs. John Ledford of 10-Mile Rd. is seriously ill at University hospital in Ann Arbor.

Mr. and Mrs. Ernest Black are entertaining their daughter and son-in-law and three grandchildren: Mr. and Mrs. David Butler and children, William, David and Julianne, of Sandusky, O., for a few days.

Mr. and Mrs. Clyde Wyatt spent Sunday with Mr. Wyatt's sister, Mrs. James Berry in Brighton.

Mr. and Mrs. Charles Trickey, Sr. spent last Thursday with relatives in Detroit.

Mrs. R. E. Ward and Mrs. Fred Mandilk will attend the Blue Star Mother's convention in Saginaw for four days beginning next Sunday. Several other Mothers will attend for one day.

Mr. and Mrs. William Rix of Drayton Plains were visitors at the Luther Rix home Sunday evening.

## Novi Mothers' Club Fair Nets \$1,200

The Novi Mothers' club announced this week that proceeds from the school fair exceeded \$1,200.

"This proved it to be more successful than any previous year," club representatives said.

The funds will be used to purchase any equipment that the school may need for educational purposes.

The Mothers' club thanks everyone who contributed their service or materials. "It was the combined efforts of all who participated that made the fair a success," they said.

Door prizes were contributed by the following families: Hayes, Willacker, FGeppert, Taylor, Wilcox and Harwood.

## Officers Elected At Mothers' Club

Approximately 40 mothers were present at the Novi Mothers club Monday evening to elect new officers for the coming year.

Elected to office were Mrs. Royal Snow, president; Mrs. William McDermid, vice-president; Mrs. Lester Ward, secretary; and Mrs. Russell Taylor, treasurer.

Committee members for the evening were Mrs. Rippey, Mrs. Cheeseman, Mrs. Noble, Mrs. Ortwine, Mrs. McCollum and Mrs. Kozak.

## Coming Events Told At Baptist Church

The Novi Baptist church announces coming events which were decided upon at a meeting Tuesday evening.

Children's Day will be Sunday, June 10.

Daily Vacation Bible school will begin June 19 with classes for all ages. The school will be held for two weeks with classes scheduled four days during the week.

## Students To Receive Report Cards Friday

Children will report to school as usual Friday morning and they will return home after receiving their report cards, Principal Mary Ann Atkinson announced early this week.

The Novi school faculty will hold their annual luncheon at Saratoga Farms this noon. The luncheon will honor teachers leaving Novi school system.

## Long Range Plans Discussed By Twp. Zoning Board

Long range planning for the orderly development of commercial, residential and industrial areas in Novi township occupied the Novi zoning board's attention at a meeting in the township hall Monday evening.

In attendance were board members James W. Erwin, George Lien, Harry Watson, William Flynn and George Simmons. W. C. Johnson of Waring & Johnson, proposed that the township have a topographical map prepared as the first step toward attempting to channel the township's future development for the best interest of the general public.

Supervisor Frazer Staman sat in informally with the zoning board and discussed township problems, including the need for connection with a sanitary sewer as residential construction grows. Staman said the township board will consider an appropriation for the topographical map at a special meeting Thursday afternoon.

## Rebekahs Initiate Eight New Members

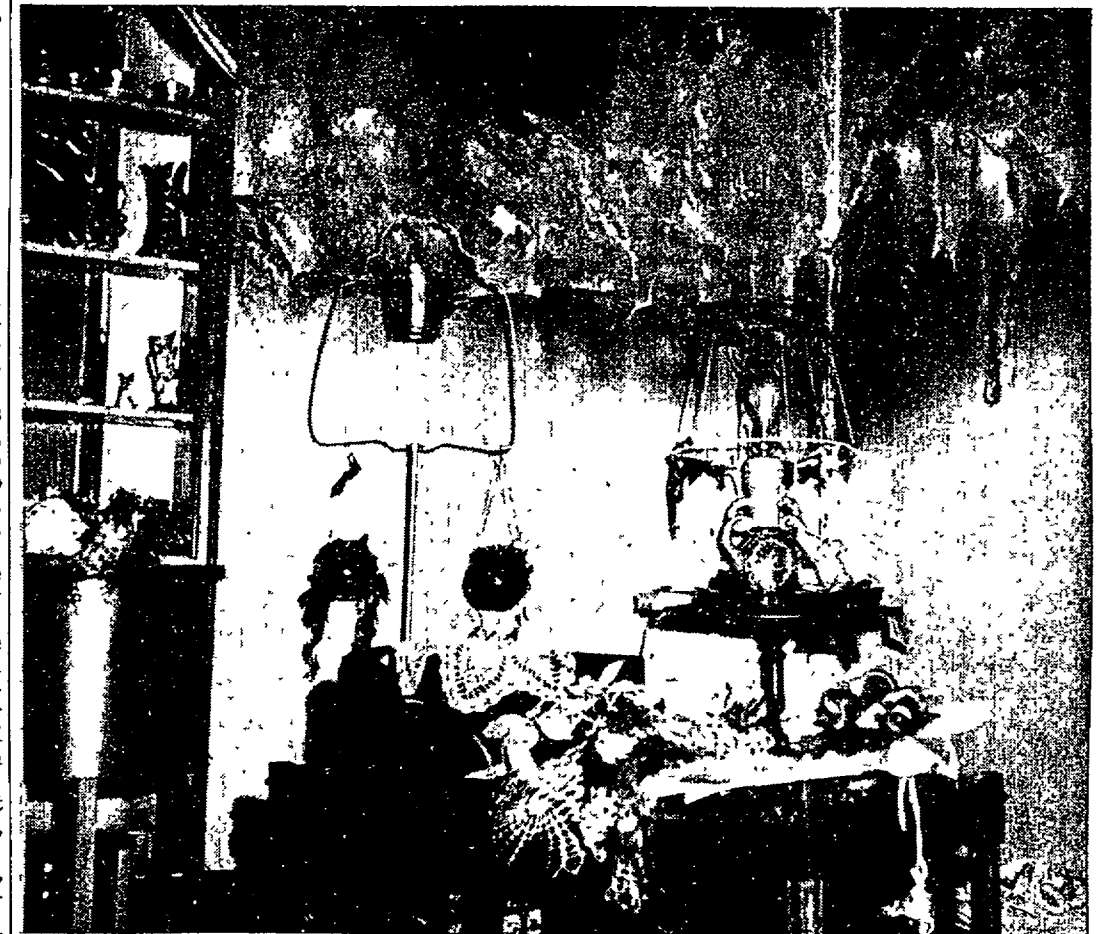

The Novi Rebekahs will have initiation at 8 o'clock Thursday evening. The nine candidates are as follows: Patricia Kahl, Jennie Champion, Dorothy Mitchell, Hildred Hunt, Pearl Tamm, Cecelia Smart, Florence Bingham and JoAnne Ward. Margaret Mairs will be re-instated.

The Independent Rebekah club will meet June 6 at the home of Marcella Richards on Wixom Rd. There will be a pot-luck lunch at noon.

The Novi Girl Scouts and Brownies had their last meeting of the year last Wednesday. Most of the troops spent the evening with cook-outs.

## Salem Plans Bazaar for Sat., June 2

Salem is having a bazaar Saturday, June 2, beginning at 6 p.m. The various activities to be featured in Salem Town Hall and fire hall will be hay rides, pony rides, penny arcade, fish pond, white elephant sale, bake goods, handwork, rummage, shooting gallery. Refreshments will also

PROMPT ACTION by the Novi fire department is credited with saving the Ralph Weaver home, 1328 E. Lake Drive from total destruction Monday, May 21. Fire department officials blamed an oil water heater in the basement for the fire, which, according to firemen, did well over \$3,500 damage to the dwelling. The heat inside the house was so great, according to Director of Safety Lee BeGole, that plastic curtains in adjoining rooms were melted and the outside door knobs were too hot to touch. Shown above is a portion of the gutted interior of the home.

## Events of the Past in Northville

News Items Taken from the Files of the Record

### ONE YEAR AGO—

Mrs. William Forney, chairman of the Red Cross blood bank visit at the Methodist church, stated that 116 pints of acceptable blood were collected. The visit of the truck meant replenishment of the village's supply.

Five Northville students will be among the 1828 graduates of Michigan State university this June: Cynthia Baker, Richard Gussell, Edwin Neitzke, Peggy Ann Price and Jane Marie Stroh.

Rev. Fr. Anthony J. Heraty will celebrate his 25th year in the priesthood at the nine o'clock mass at Our Lady of Victory church Sunday.

A testimonial dinner to honor Dr. R. H. Haskell, retiring medical superintendent of Wayne County Training school, is being planned by the faculty of the school. Haskell's successor will be Dr. Pasquale Buonicontino, superintendent of the Delaware State Training school.

Evabelle Clark, daughter of Mr. and Mrs. William F. Clark, will graduate from the University of New Mexico June 2. She is an art student.

### FIVE YEARS AGO—

Extended-area phone service now permits Northville telephone customers to make calls without paying toll charges to Farmington, Plymouth, Walled Lake and South Lyon.

Northville Downs starts its eighth year of harness racing June 11.

Linwood Snow will graduate from Alma college June 2. Helen Ann Cansfield will graduate from Albion college June 4.

Elizabeth Etz was installed as president of the BPW.

### TEN YEARS AGO—

Lt. Commander Arthur J. Malleske will soon be back in his office on E. Main St. after having served 26 months in the Navy. He was stationed at Shoenmaker, Calif. and also served as dental officer on the U.S.S. Tabor in the South Pacific.

RM 3/C Bud Murray received his discharge from the Navy after 26 months of service.

Mrs. George Weiss was installed as president of the PTA. Mrs. E. V. Ellison is vice-president, Mrs. W. E. McCarthy, secretary, and S. Robinson, treasurer.

Dr. Samuel J. Harrison, president of Adrian college, will give the annual commencement day address.

### TWENTY YEARS AGO—

Co. H. W. Miller of the University of Michigan college of engineering, who spoke before the members of the Rotary club last week, stated that in his opinion,

war with Japan was inevitable. The army and navy are convinced of it and so are the best informed statesmen.

Mrs. J. N. McLoughlin has hosted to 12 friends for a breakfast.

Doris Schinn, Michigan's 11-year-old entry in the 12th annual National Spelling Bee, held Tuesday in Washington, D.C. was the fourth to go down. After her defeat she was still able to smile. Doris had had an exciting week in the Capitol.

A Northville branch of the National Farm and Garden Assn., was organized Monday at a charter meeting held in the home of Mrs. Joseph Hoehl.

### FORTY YEARS AGO—

One of the prettiest sights in Northville is found at the Carpenter and Stark ginseng gardens, at the rear of A. K. Carpenter's residence on Rogers St.

Sylvanus and Clark Curtis have returned from a 15-day stay at Culver Military training camp.

Frank Harmon and F. S. Neal leave Monday to attend the Republican national convention.

### FIFTY YEARS AGO—

Our village is all torn up now days over the cement walk question.

Two runaway accidents occurred on our streets Tuesday and fortunately no one was injured. Mr. and Mrs. Jonah Sanford of Novi were thrown from their buggy by their horse getting frightened at an electric car and a horse belonging to a lady from Livonia got loose from its moorings and ran away, badly smashing the carriage.

### GIRL SCOUT TROOP 14—

We would like to thank our leaders, Mrs. George Muller and Mrs. Russell Knight, for a wonderful time at the Plymouth Camp last Friday and Saturday. We would also like to thank Mr. Knight for the ice cream treat.

Scribe, Murilla LeFevre

## Local Boy Plays In State Golf Meet

Allan Cockin, Northville high school senior, played in the state high school golf finals last week Saturday at the St. Clair County club.

Cockin placed in the middle with a score of 90. Low count for the day was 78 shot by a member of the Kalamazoo State High school team.

Cockin won the right to enter the state meet after winning the title of low medalist at the regional meet at Brighton two weeks ago.

The class B championship was won by the Kalamazoo team.

## Girl Scout Notice

The Northville Girl Scout swimming program will be cancelled this week according to the Northville Girl Scout Council, because of a breakdown in the water heating system at Wayne County Training school pool.

Girl Scout council members said that all girl scouts who have participated in the 1956 spring swimming program will be given credit for the fall.

## OLV Bldg. Fund Tops \$70,000; Three Weeks Left

Our Lady of Victory parish held an opening ceremony for their new church building fund campaign last Sunday. The ceremony, attended by 80 workers and a large number of parishioners, consisted of Solemn Benediction, recitation of the Rosary, and an inspirational talk to the workers by Father Charles Kerin S.S. of St. John Seminary.

Father Heraty, pastor of Our Lady of Victory parish, announced that as a result of the work of the Memorial Gifts committee and the workers own gifts, the drive has realized \$70,000 to date. "This figure," Father Heraty stated, "shows the excellent response on the part of those parishioners visited thus far."

The campaign, conducted by John V. McCarthy and Associates, has three more weeks to run. Under the guidance of Joe Dunabeck, team captains chairman, and his associates Will Bartski and Dick Janes, the general phase workers will utilize these weeks to visit those parishioners who have not been called on.

Father Heraty said, "It is through the sacrifice of a few that we have realized so much. With the rest of the parish sacrificing to a similar degree we will have a Catholic church in Northville all can be proud of."

Michigan stands in the center of the Great Lakes region, which with 21 percent of the nation's population, produces a third of the goods manufactured in this country. As a location for markets, Michigan is unexcelled.

GETTING A TREAT, George Martz, 317 River St., tries an 1898 Sears for comfort. "It's a nice car," he said, "but too old fashioned for me." Cars were displayed by Atchinson Motor Sales, George Miller Sales and Service, Marr Taylor and Petz Brothers.

PERFECT ATTENDANCE certificates for the year were passed out at Novi school last week by Principal Mary Ann Atkinson. Debra Harwood, third from left, has the most impressive attendance record in the school with four years of perfect attendance, a record dating back to her first day of school. Judy Dye and Barion Stader are runners-up for top honors with perfect 3-year records.

## BLEACHING NOT ENOUGH

A little colored boy watched his mammy as she washed the clothes and laid them out on the tall grass to bleach. When he saw how white they became he thought it might work on him, too. So he covered himself with soap and laid out on the green grass hoping the soap and the sun would turn him white. A little later his mother found his quite uncomfortable 'baked' and when she found out what he was doing she said, "Lan' sake, child! Don't you know you can't make white folks out of yourself by bleachin' yourself on the outside?" You know, there are a lot of people who think they can become Christians by the process of a little reformation and church membership. They may give up their smoking (found out it wasn't good for them anyway) and they may give up their drinking (it never did them any good either) and pack themselves off to Church on Sunday morning. Now this would help respectability and make them easier to live with, but this kind of bleaching will never make anyone a child of God. What they need is to genuinely turn to the Lord Jesus that He may do His saving work on the inside and that he may be made truly whole.

### Former NHS Grad. To Be Commencement Speaker

Eugene E. Perrin, NHS class of 1931, will be the commencement speaker at graduation exercises Thursday, June 7, 8 p.m., at the Community Bldg.

Perrin, assistant to the Director of Public Relations of the Dow Chemical Co., has titled his address

**Honor Graduates**  
Graduating with honors will be Donna Frisbie, valedictorian; Kathleen Heatley, salutatorian; Carolyn Burkman, David Mosher, James Mosher and Judith Thompson.

The senior class sponsors are Florence Panattoni and Stanley Johnston.

Eugene E. Perrin

dress, "Those First 25 Years".  
"The title of my talk," Perrin said, "will tie in with the fact that this is my 25th year since graduating from NHS and carries the whimsical implication that the first 25 years are the hardest... which you and I will agree, we hope is true. My talk will be concerned primarily with the future rather than the past. It will be brief, and I sincerely hope, inspirational in nature to the graduates."

Perrin completed his education at Michigan State university and the University of Michigan.

From 1936 through 1939 he taught social studies and speech at Sandusky, Mich. high school, and from 1939 until 1943 he was an instructor and Director of Admissions at Northeastern School of Commerce in Bay City.

Joining the Dow Chemical Co. in 1943 in plastics sales, Perrin soon transferred to the company's advertising department, and in 1947 to the public relations staff. In his advertising and public relations work he has edited several of the company's publications and has been responsible for the release of news to newspapers and magazines.

At the present, Perrin is Assistant to the Director of Public Relations Department and is concerned primarily with community relations on a company level.

Perrin was married in 1938. He and his wife, Helen, have two children, Susan, age 16 and John, age 13.

Donna Frisbie

**Program**  
Other commencement highlights will include selections by the high school band led by Leslie G. Lee; Invocation and Benediction by the Rev. B. J. Pankow; Salutatory by Kathleen Heatley; Valedictory by Donna Frisbie; Scholarship awards, and the granting of diplomas by Supt. of Northville Schools R. H. A.erman.

Kathleen Heatley

James Mosher

Carolyn Burkman

David Mosher

Judy Thompson

The Baccalaureate service will be held this Sunday, June 3, 8 p.m., in the Community Bldg. The program will include selections by the high school band and choir; Invocation by the Rev. Peter Nieuwkoop; Scripture address titled "When I Was A Man" by the Rev. John O. Taxis; and Benediction by the Rev. Ivan E. Hodgson.

### THE SENIORS ANSWER:

#### "What Will You Be Doing In 10 Years?"

**JIM ALLEN, 371 E. Main** — I plan to be operating a retail monument shop.

**DON ATWOOD, 121 High St.** — Ten years from now I expect to be an operating engineer. If I am lucky I will still be single and driving a Cadillac.

**DONNA BATCHELDER, 331 S. Wing** — I will be married and living in Arizona.

**WILLIAM BAKE, 418 W. Main** — Ten years from now I hope to hold a position in the U.S. Weather Bureau. However, I am not certain of this because I am considering being a medical doctor.

**ERMA BARTON, 42871 10-Mile, Novi** — Ten years from now I expect to be in some branch of the armed service or like any other girl I would like to get married and have a family.

**CAROLE BELLER, 19820 Fry** — Probably be married.

**LILLIAS MAIR, 25540 Seeley, Novi** — In ten years I hope to have finished college and have a teaching certificate for home economics. I will be married and raising my family.

**DAVID BIERY, 217 W. Dunlap** — In ten years I expect to be a happily married business man owning my own house and a late model car (1965 or 1966 model car).

**JANICE BONDY, 790 Carpenter** — Ten years from now I hope to be married and have a family.

**IRENE BONGIOVANNI, 302 Yerkes** — In ten years I hope to be happily married and have a family.

**NANCY BOWEN, 410 Beal** — Ten years seems so far away, it's hard to visualize what I'll be doing. Of course, I do have some visions of my routine. I plan to be married this fall so in ten years I ought to be an old hand at feeding schedules and swishing the dust mop.

**SANDRA BOYD, 545 River St.** — Ten years from now I will probably be happily married and raising a family.

**CAROLYNN BURKMAN, 535 E. Baseline Rd.** — I plan to be a housewife in ten years.

**DELORES BURRELL, 51305 W. 7-Mile Rd.** — It is hard to say what I will be doing ten years from now. I am getting married June 16.

**ELAINE BUTLER, 46040 Neeson St.** — In ten years from now,

I probably will be like most other girls and be married and have a family.

**GREIG CHAPMAN, 239 High St.** — Manage some business concern.

**EVELYN CLARK, 48950 W. 6-Mile** — Ten years from now I will be married and will have three children and probably living in Northville.

**ALLAN COCKIN, 19801 Smock Rd.** — In ten years I hope to have had at least two years of college and my term served in service, be married and settled down. I will work as a drafting or engineering man somewhere in Michigan.

**JERRY DAVIS, 317 W. Dunlap** — Ten years from now I will have finished college and served a stretch for Uncle Sam. I might be married and have a house of my own.

**CONRAD R. DOAN, 44480 Grand River** — I think I will be in the Air Force either as a pilot or a mechanic. I am interested in flying and that is probably what I will do.

**JERRY DRESSELHOUSE, 19730 Marilyn** — To be an engineer.

**CHARLES E. EARLY, 27330 Novi Rd.** — I plan on being a private secretary to some big shot.

**WARREN FEOLE, 49469 W. 6-Mile Rd.** — Ten years from now I hope to be a mechanical engineer and still be single and drive a Cadillac.

**DONNA FRISBIE, 1136 Asher Ct., Walled Lake** — Homemaking.

**ROLLIN F. GAAB, 105 Fairbrook** — I hope to be in some field of science either teaching or in a chemical company laboratory.

**LARRY O. GRAHAM, 51175 W. 7-Mile** — As far as I know I will be an engineer if I make out in college all right.

**LARRY GREEN, 8762 Napier** — May 25, 1956, 8:33 A.M. Ten years from now I'll be three minutes late for an 8:30 appointment.

**DAVID HAMILTON, 426 Plymouth Ave.** — I expect to have a business of my own ten years from now. Preferably running my own gas station.

**DAVID HARTNER, 416 Plymouth Ave.** — I find it very hard to say what I shall be doing in 1966. I think it practically impossible for anyone

to predict what they will be doing in ten years due to the day and age in which we are living. However, I would like to tell what I would like to be doing in ten years. I would like to have completed my education and service in one of the armed forces. If it is at all possible I would have started my own orchestra by then also. Thank you very much for this chance to express my desire.

**CHARLES HAWES, 9883 6-Mile Rd., Salem** — Ten years from today I'll be living in Washington, D.C. and will be a building contractor for the Federal government.

**KATHLEEN HEATLEY, 304 W. Dunlap** — Ten years from now I hope to have successfully completed college, be married and the proud parent of a Johnny or Suzie. I can hardly wait to take my place among the many parents who have continuously given their support to school and community affairs.

**BILL HESLIP, 42680 9-Mile** — In ten years I plan to have put my time in with Uncle Sam. Then get set up in my own business, either tool and die or farming. I also plan to have built my own house.

**PATRICIA HIX, 114 Rayson** — In ten years from now I expect to be married and raising a family. If I don't get married I plan to be an airline hostess.

**PHYLLIS HOWARD, 47787 W. 8-Mile Rd.** — In ten years I hope to have finished college with a degree in teaching (either in special education or as an elementary school teacher) and naturally, like all girls, be married by this time.

**JUDITH HUFF, 51300 W. 7-Mile Rd.** — In ten years I expect to be married and beginning a family. In the event that I am not married I will be teaching.

**EVELYN JOHNSON, 26666 Novi Rd., Novi** — Housewife.

**KEN KREZEL, 22000 Meadowbrook Rd.** — In ten years, God willing, I will be a director of legitimate stage presentations, both on Broadway and in my own stock company.

**JAMES LAFFERTY, 46980 Grand River** — At the time being, I don't know what I shall be doing in the next ten years. If things turn out like I plan, I should have served my time in the armed forces, and possibly saved some money to help me get started in some

type of business. After I get out of the service I would like to go to work for Consumers gas company. None of these plans are definite so I'm not positive what I will be doing.

**GAIL LAWRENCE, 522 Dunlap St.** — Ten years from now I would like to have a teaching certificate and be raising a family of three or four children. After my children are in school, I would like to go back to teaching.

**JOYCE LEMMON, 729 Novi Ave.** — In ten years I expect to be married to a preacher and raising a family. If I am not married I will be a professional stenographer.

**SUZIE MAIRS, 43032 Grand River, Novi** — In ten years I will be nearly 28. I expect to be married and keeping house in or near Northville. I hope to have three children at least.

**FAYE L. MCGEE, 540 Carpenter St.** — I do not know what I am going to do ten years from now. At the present time I am working at the telephone company.

**RONALD MOODY, 19631 Maxwell** — I am planning on doing carpenter work when I get out of school, so I imagine that in another ten years, it will be just another house. If things go right, I would like to own a gas station. I will know when I get out of the service which I will do.

**FARRELL MOORE, 436 Butler St.** — I expect to be working in a commercial office, doing business work. I have taken commercial work in school, and would like to continue it as my daily work.

**HAROLD MOORE, 436 Butler** — Ten years from now I will be tall, dark and handsome and unmarried. I expect to have a good job and earning plenty of money, and driving a big car and living like a king.

**JANICE IRENE MORGAN, 719 Novi Ave.** — In ten years from now I will probably be keeping house and starting a family. I doubt if I'll be working outside the home, but if I do it will be in a store either in Northville or Plymouth.

**JAMES MORRISON, 23777 Novi Rd.** — Ten years from now I hope to be set up in my own photography business.

**DAVID MOSHER, 8563 5-Mile Rd.** — Ten years from now, Lord willing, I will be a Baptist preacher.

## INTERVIEWS

(Continued)

ROGER NIEUWKOOP, 217 N. Wing — If everything goes as planned I will be teaching science in some high school.

SHIRLEY JO NIKODEN, 47133 W. 9-Mile — Ten years from now I hope to have finished a dramatic career on Broadway and have started a new career of a husband, home and four children.

GLENDA NITZEL, 50495 W. 6-Mile — In ten years I hope to be married and raising a family.

JANICE OWENS, 16950 Northville Rd. — Ten years from now I'll be the wife of a gas station owner. I hope to have a nice family to care for.

WALTER PALMER, 112 Walnut — In ten years I'm going to be the builder of Palmer's Exclusive Palaces. Be happily married and have three children.

JOAN PERRY, 10107 W. 7-Mile Rd. — It's hard to say what I will be doing ten years from now. Like most girls I want a home of my own and a family.

PAMELA REED, 46300 12-Mile Rd., Walled Lake — I expect to be married and raising a family by that time.

EDWARD SHOEMAKE, 41561 Grand River — I plan on owning my own dairy farm.

BILL SKELTIS, 26020 Whipple

St. — Working as an engineer and working on my hobby which is customizing and rebuilding hot rod cars.

SHIRLEY SNOW, 24880 Novi Rd., Novi — I'm getting married this fall, so in ten years I'll probably be changing diapers and getting the traditional housemaid's knees.

NORM SOMERS, 777 Grace. — Ten years from now I plan to be through college and out of the armed service. I plan to have a good job in a large drug store and will be making plans to own my own store.

DARWIN RICHARD TESHKA — I plan to be teaching music in some school, then be the conductor of the Philharmonic Symphony.

DOLORES MARIE TESHKA, 215 W. Main — In ten years I hope to be married and have a family, also to be known as a great advertiser.

JUDY THOMPSON, 690 Randolph — I expect to be married with a family started. But if I'm not I will be nursing.

JANYTH VAN ATTA, 605 Randolph — Married and raising a family.

NORMA WAGENSCHUTZ, 46162 Sunset — Ten years from now I hope to be married and raising a family.

DAVID WATERLOO, 134 Ray-

### Surprise Party By Pupils Surprises 3rd Grade Teacher

Third grade pupils at Amerman school gave their teacher, Mrs. Carrie Dickinson, a surprise party on her birthday Friday, May 18.

The boys and girls did all the planning without any assistance from their parents. A beautiful birthday cake was made by one of the mothers. The children served home-made cookies, ice cream and candy.

Mrs. Dickinson received many lovely gifts and the party was a

huge success. This thoughtful gesture on the part of the third graders was immensely appreciated by Mrs. Dickinson.

### "Dog Wagon In Fine Shape" Says Warden

Did you obtain your dog license yet? Dog Warden Roy Utley states that he has his "dog wagon" in fine shape and is picking up dogs that are running at large.

All dogs should be licensed, whether confined on private property or not," Stark said. The dog tax year starts Mar. 1 and ends the last day of February

the next year. Dog owners must have their dogs vaccinated prior to obtaining licenses and should bring their vaccination receipt to the township hall when applying for same.

The township hall is open daily except Saturday, Sunday and holidays from 1-5 p.m. and will issue licenses between these hours. Should there be inconvenience in obtaining licenses between these hours, Clerk D. J. Stark will issue them at his residence at 900 Scott Ave., by appointment.

### Tuesday Is Busy Day At Township Hall

Tuesdays are busy days at the Northville Township Hall, according to D. J. Stark, township clerk. "A steady stream of Northville township residents are on hand every Tuesday at the township hall to obtain their drivers' licenses," he said.

Through the cooperation of Andrew C. Baird, Wayne County Sheriff, all Northville township residents may obtain their drivers' licenses any Tuesday between the hours of 1-5 p.m.

Applicants for their first license should apply before 4 p.m.

Northville township has been accorded the courtesy of the road driver test to be given within the township rather than having to go to other examination points outside the township as some of the other township residents are required to do.

D. J. Stark said, "The County Sheriff's office has been very cooperative in extending this service and sending in a representative every week has proven its fine benefits to the township residents."

*The Old Timer*

### Car Turns Over; NHS Senior Girl Escapes Injuries

Caroline Sue Cantrell, 17, member of the 1956 graduating class of Northville high school, had a harrowing experience at 6:30 p.m. Thursday when she lost control of her car in loose gravel on Taft Rd.

Caroline was alone in the car on her way to practice marching with the high school band. She

remembers hitting a bump—a cloud of dust and then the car turning over on its side. She shut off the motor, climbed out the window and ran for help to the farm house belonging to Charlotte Robertson of 21060 Taft Rd. Mrs. Robertson called an ambulance which took Caroline to Atchison Memorial hospital. Thorough examination disclosed no injuries but she was in a state of shock and was kept in the hospital until Sunday.

You can have your cake and eat it, too, with a home food freezer. Bake three, freeze two. They'll stay oven-fresh for months in a home freezer, or a two-in-one refrigerator freezer. No wonder smart homemakers say:

*"You can Live Better . . . Electrically"*

SEE YOUR DEALER OR DETROIT EDISON

## NOTICE OF PURPOSE For Special Election to be held in THE CITY OF NORTHVILLE AND TOWNSHIP OF NOVI June 21, 1956

Please take notice that the Secretary of State for the State of Michigan has called a special election to be held in the City of Northville and Novi Township on June 21, 1956, for the purpose of submitting to the qualified voters of the district to be affected, the question of whether or not certain territory in the Township of Novi shall be annexed to the City of Northville.

Dated May 22nd, 1956

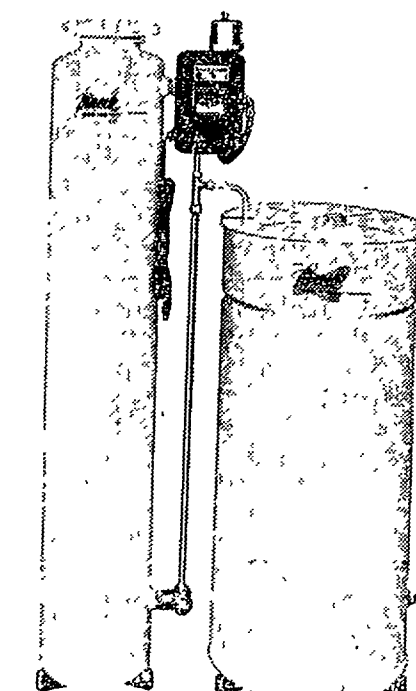

(Signed)

MARY ALEXANDER,  
City Clerk

**TOO POOPED TO PARTICIPATE . . .** Darwin Teshka, NHS senior, talked to his classmates on the bus for about two hours during the senior trip to Washington, D.C. recently. All of a sudden Darwin stopped talking, the microphone fell to his side and a friend snapped this picture . . . Darwin was asleep. According to one of the class sponsors, Stanley Johnston, the bus driver said that he would never forget his trip with the Northville seniors this year. "These three days haven't been work," he said, "they've been fun. The Northville seniors are the greatest group I've ever been with."

### OFFICIAL JACKPOT RULES

1. Contest is open to any person in U.S. or its territories who owns any make, model or year passenger car registered in his or her name, except employees and their immediate families of Plymouth Motor Corporation, Plymouth Division of Chrysler Corporation, its advertising agencies, the American Mailers and Binders, and Plymouth dealers.

2. There's nothing to buy. Take your registration certificate or any document proving legal ownership of your car to any Plymouth dealer. Register on the entry blank the state license plate number of your car, its make, model and year

3. Fill in on the drawing of the standard Push-Button drive selector the designations of the push buttons in the proper locations. These designations are: "N" for Neutral, "L" for Low, "D" for Drive and "R" for Reverse. This must be done completely and correctly for you to be eligible for drawing of winners.

4. Enter your name and address where indicated on the entry blank and have your entry signed or otherwise validated by a Plymouth dealer or salesman. Place your entry in official contest entry box.

5. Winners will be selected by the American Mailers and Binders, an independent judging organization. Winners will be required to answer correctly a simple quiz on safe driving in order to receive their prize. Decisions of the judges will be final.

6. All entries become the property of Plymouth Division of Chrysler Corporation and none will be returned. Plymouth and its advertising agencies will not enter into correspondence with any contestant, except winners.

7. Contest opens at beginning of dealer's business day, May 25, 1956. Entries must be placed in entry box before close of dealer's business day, July 14, 1956.

8. Winners will be notified by mail by September 14, 1956. Names and addresses of winners will be posted in Plymouth dealerships. Prizes will be awarded at Detroit, Michigan.

9. Contest subject to all Federal, State and local regulations.

# Recreation Program Begins June 11th

## Sports, Crafts, Trips Planned For Children

The Northville summer recreation program will begin June 11 for a period of nine weeks ending Aug. 10.

Stanley Johnston, Northville recreation director, said this week that he expects the number of participants to be greater this year because of the added day camp at Amerman school and the addition of another baseball team. Archery is also new to the summer program.

"We are trying to have activities scheduled with the exception of tennis dates. The recreation department is looking for a tennis instructor.

### SPECIAL EVENTS...

In addition to the regular summer program, several special events are being planned: archery contests, a pet and doll show and the 3rd annual turtle race.

A special day at Groomer's Beach is being planned with games, contests and swimming along with a big picnic to top off the day.

Two trips to Briggs stadium for a Tiger ballgame are also being planned and the Detroit Police Field Day is also included in the summer program.

### SWIMMING...

There will be swimming every day Monday through Friday. The bus will leave from the elementary school playground at 1 p.m. Another bus will pick up the youngsters north of Baseline Rd. at Amerman school. This bus will also leave at 1 p.m.

The swimmers must have their swim suit and towel unless they desire to rent same at the beach. The cost for entrance at Groomer's

Beach is 15 cents. The beach and bath house is clean and they will be furnished with a basket to keep their clothes in while swimming.

While this part of the program is primarily for the youngsters it does not mean that adults are not allowed. They are welcome as long as there is room on the bus. The transportation is furnished by the recreation department in cooperation with the board of education.

Night swims will take place on Tuesday and Thursday nights with the bus leaving the Community Bldg. at 8:30 p.m. Only those boys and girls who have reached the age of 13 years and over are permitted to go on the night swims. The cost of these swims will be 30 cents per person.

### BASEBALL...

Every boy desiring to, will have a chance to play baseball this summer, according to Johnston. The different age groups follow:

Class E—16 years and under—cannot be 17 before Sept. 1.

Class F—14 years and under—cannot be 15 before Sept. 1.

Midgets—12 years and under—cannot be 13 before Sept. 1.

Pee Wees—10 years and under—cannot be 11 before Sept. 1.

The first meeting for Classes E and F will be Monday morning, June 11 at 9:30 at Cass' Benton park. Registration and the forming of teams will take place at this time and also a short practice if time allows. In case

of rain and wet grounds the meeting will be held in the Scout Hall.

The first meeting for the midgets or 12 years and under, will be June 2 at Cass Benton park at 10 a.m. This meeting will be for the same purpose and will be held at the Scout Hall in case of rain.

The first meeting of the "pee-wees" will be held June 15 at 10 a.m. at the north diamond in Cass Benton park.

### DAY CAMPS...

There will be two day camps this year. One will be located at Amerman school for the youngsters north of Baseline Rd. or those who go to that school and the other will be at Main St. elementary school where it was located last year.

These camps will be for the youngsters of elementary school age. Arts, crafts and games will be the main activities offered.

The starting date will be June 18 and the hours will be from 9 in the morning until 12 noon Monday through Friday.

Mrs. Kenneth Conley will be in charge of this part of the recreation program with Marcia Doeksen, Leanna Doeksen, Judy Drew, Emily Sequin and Gloria Clark acting as leaders and instructors.

There is no cost for entering this part of the program but there will be some charge made for some of the materials used in arts and crafts.

### ZOO TRIPS...

Starting June 21 and on every other Thursday after that there will be trips made to the Royal Oak Zoo. Adults and children alike are invited to make these excursions. The cost will be 10 cents which will cover the cost of the train ride both ways and the Chimp Show. The trip will be made by school bus and it will leave the Main St. elementary playground at 9:30 a.m. and arrive back in Northville at approximately 3 p.m. A lunch can be taken or it can be purchased near the place where the youngsters eat. Zoo trip dates are June 21, July 5, July 19 and Aug. 2.

Parents who have any questions concerning this summer program are invited to telephone Stanley Johnston at Northville 687-R.

## Notice of Last Day of Registration

OF THE QUALIFIED ELECTORS OF  
 NORTHVILLE PUBLIC SCHOOLS SCHOOL  
 DISTRICT,  
 WAYNE, OAKLAND and WASHTENAW,  
 COUNTIES, MICHIGAN

To The Qualified Electors of Said School District:

PLEASE TAKE NOTICE that the Annual School Election of the Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, will be held on Monday, June 11, 1956.

Section 532 of Chapter 8 of the Michigan School Code provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides..."

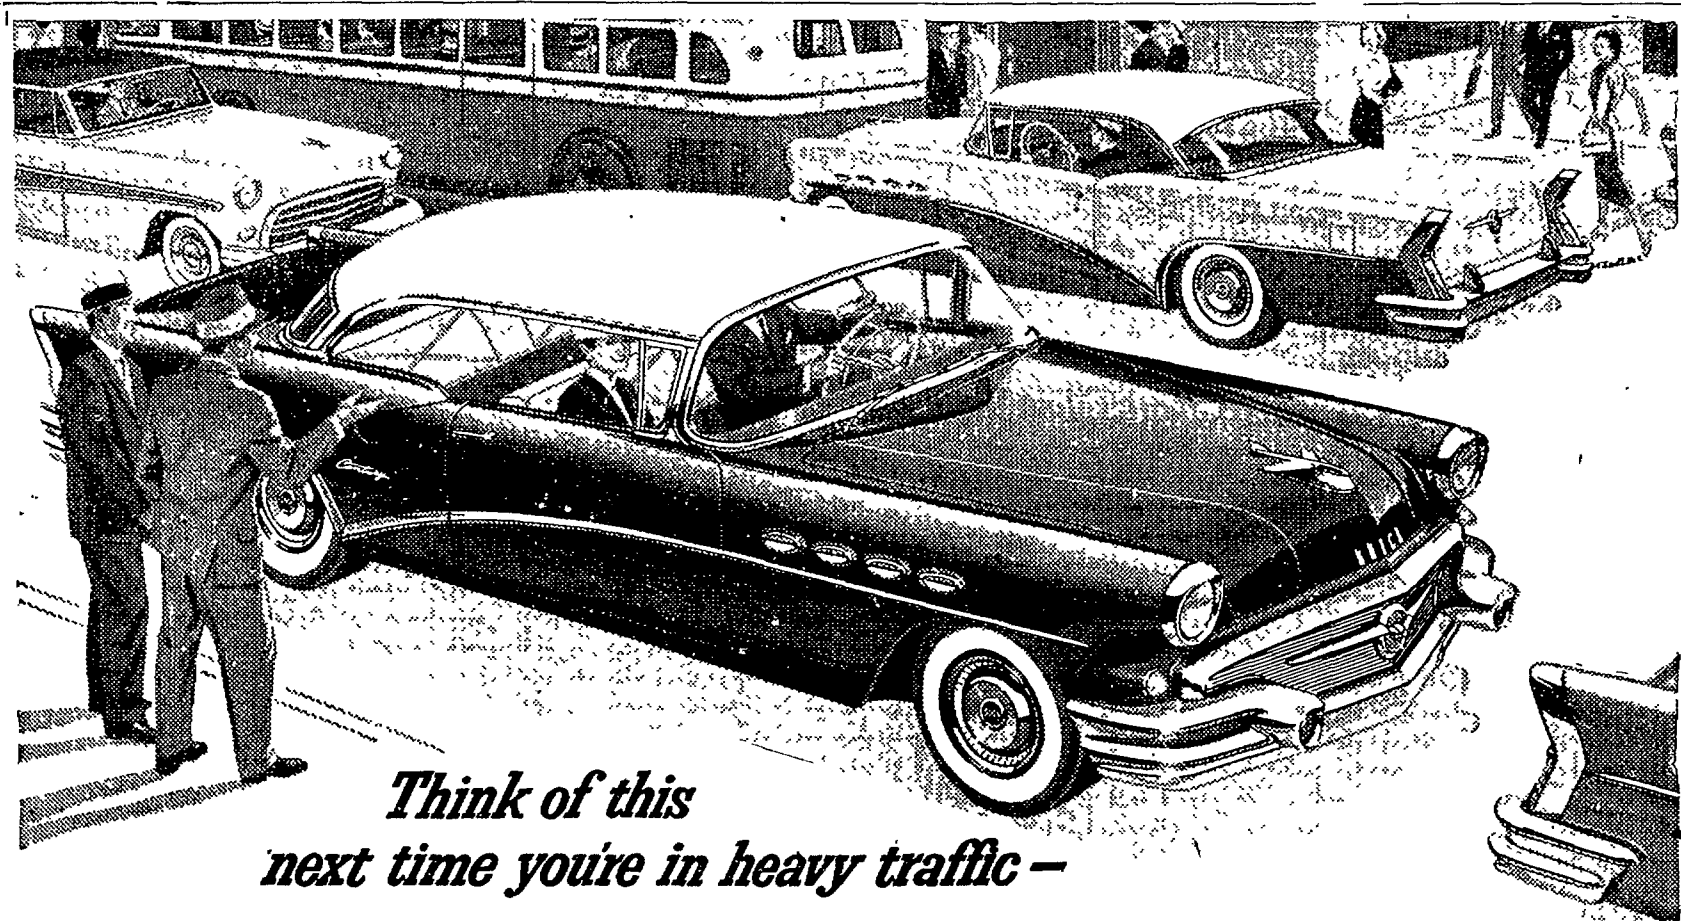

THE LAST DAY on which persons may register with the appropriate Township Clerk or City Clerk in order to be eligible to vote at the Annual Election to be held on Monday, June 11, 1956, is Friday, June 1, 1956. Persons registering after 5:00 o'clock p.m., Eastern Standard Time, on the said Friday, June 1, 1956, are not eligible to vote at said Annual Election.

Under the provisions of the Michigan School Code, registrations will not be taken by school officials and only persons who have registered as general electors with the township clerk of the township in which they reside or the city clerk of the city in which they reside are registered school electors. Persons planning to register with the township or city clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This notice is given by order of the Board of Education of Northville Public Schools School District, Wayne, Oakland and Washtenaw counties, Michigan.

**E. JANE WAGENSCHUTZ**  
 Secretary, Board of Education

Dated this 4th day of May, 1956

*Think of this*  
*next time you're in heavy traffic -*  
**No other transmission**  
**is so smooth as Dynaflo<sup>®</sup>**

You know, how it is.

Anyone who drives a car must sometimes drive in crawling, slow-moving traffic where it's stop-and-go or spurt-and-slow.

And if you're used to a car that handles such traffic with a continuous series of upshifts and downshifts—even automatically—then maybe you think that's the best you can have.

But it isn't. You can have Dynaflo smoothness in a new Buick—and you won't believe the difference until you try stop-and-go traffic.

For here you have absolute smoothness when you accelerate.

Here you have absolute smoothness when you decelerate.

Here you have absolute smoothness under every road condition and traffic pace—with no lags or bumps to mark upshifts and downshifts—because no gears ever shift in Dynaflo.

It's the only transmission on the American scene today where flowing oil does the work of gears every step of the way—and where smoothness is constant, absolute and infinite.

So maybe you ought to sample a new Buick with Variable Pitch Dynaflo—and try the new thrills that go with this smoothness—

The flash-fast new getaway response—and new stepped-up gas mileage—when you press the pedal barely an inch—

The instant new full-power acceleration

when you floor the pedal and switch the pitch for a needed safety-surge—

The walloping new might of the big new 322-cubic-inch V8 engine that puts the ginger to it all—

And the new ride, the new handling ease, the new interiors, the new bold look of racy sweep-ahead styling.

Drop in on us this week—today if you can—and see for yourself what straightforward truth we tell you here—and what great-buy prices are keeping Buick more firmly than ever in the top 3 of America's best sellers.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

**Christian Scientist  
Lecture In N'ville.**  
**Sunday, May 28**

The First Church of Christ, Scientist, of Plymouth, presented a lecture on Christian Science in the Northville Community Building Sunday, May 27.

An excerpt from the lecture, entitled "Christian Science Makes Healing Truth Available", by Elisabeth Carroll Scott, C.S.B., of Memphis, Tenn., follows:

"Every thoughtful human being recognizes that there must be an ultimate truth to which all thought aspires. He longs to know this absolute truth. He is convinced that when he arrives at truth, he can rest, that all of his uncertainties will disappear.

"Anyone who turns to Christian Science, given to the world by its Discoverer, Founder and Leader, Mary Baker Eddy, will find the ultimate truth for which he longs; for Christian Science teaches that God Himself is Truth.

"In her search for God, Mrs. Eddy discerned that God is not only true but that God is Truth itself and that all reality is found in Him. In her book "Science and Health with Key to the Scriptures," she writes (p. 127), 'If God, the All-in-all, be the creator of the spiritual universe, including man, then everything entitled to a classification as truth, or Science, must be comprised in a

knowledge or understanding of God, for there can be nothing beyond illimitable divinity.'

"We are, of course, greatly interested in the true status of man. Naturally so, for we are greatly interested in ourselves, in our own possibilities and in our latent capacities for good. Christian Science furnishes us with knowledge of our true selves and shows us how to bring out this true self in our everyday experience. It differentiates clearly between the false concept of man as mortal, destined to die, and the immortal man created by God to express Him throughout eternity.

"Healing in Christian Science is the greatest possible importance. Yet, Christian Science is not a mere medicine to be used when sickness besets us. Christian Science does indeed heal; however, the great value of the healing is the evidence which it presents of God's presence with man and man's unity with Him. Mrs. Eddy tells us in one of her Messages to The Mother Church (02, p. 9), 'The unity of God and man is not the dream of a heated brain; it is the spirit of the healing Christ, that dwelt forever in the bosom of the Father, and should abide forever in man.' In the measure that the spirit of the healing Christ abides in each one of us, in that measure we can prove, here and now, our unity with God and heal those who call upon us for help. In the message before quoted, Mrs. Eddy says (02, p. 8), 'No person can heal or reform mankind by love and good will towards men.'

**Eckles Coal and  
Supply Co. Sold;  
Franchise Added**

A change in ownership of Eckles Coal and Supply Co. and a franchise to sell Sun Oil Co. furnace oil were two announcements

"Each day the Christian world prays in the words of Christ Jesus (Matt. 6:10): 'Thy kingdom come. Thy will be done in earth, as it is in heaven.'

"Let us seek to establish this kingdom in our own consciousness and to love our fellow man sufficiently to affirm each day that it is established in his consciousness. Then we can say with understanding (Matt. 6:13), '... thine is the kingdom, and the power, and the glory, for ever'."

**Petz Bros. Offer  
"Skotch Coolers"**

Northville and Novi area residents taking test drives in the 1956 Studebakers during the next seven days will receive a half-gallon "Skotch Cooler" thermos jug as souvenirs, Petz Bros. Studebaker-Packard dealership announced this week.

The tests will be made on a

"no obligation" basis. The \$3 item was selected because an estimated 90 per cent of the 30 million motorists who plan to vacation by car this year will take beverages with them.

The demonstrators to be used in this test range from the 101-horsepower Champion to the 210-horsepower President Classic in the sedans and the 275-horsepower Golden Hawk sports car.

## CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets  
Plymouth, Michigan

The rich fruits of understanding the completeness and perfection of God's creation will be emphasized at Christian Science services, Sunday.

Scriptural selections in the Lesson-Sermon entitled "God the Only Cause and Creator" will include the following from Isaiah (25:1): "O Lord, thou art my God; I will exalt thee, I will praise thy name; for thou hast done wonderful things; thy counsels of old are faithfulness and truth."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (69:13): "Spiritually to understand that there is but one creator, God, unfolds all creation, confirms the Scriptures, brings the sweet assurance of no parting, no pain, and of man deathless and perfect and eternal."

# from the PASTOR'S STUDY

By the Rev. B. J. Pankow, Pastor  
St. Paul's Lutheran Church of Northville

Jesus said:

"Ye are the salt of the earth."  
(Matthew 5:13).

Salt is certainly one of the most useful household articles that we know of; and we are living in a state that has extremely rich deposits of salt.

According to an article that appeared in the March, 1952 issue of the National Geographic Magazine,

there is a sufficient accumulation of salt in Michigan to supply the entire world with this substance for considerable time.

Salt was even more indispensable to the Hebrews and other eastern peoples than it is to us. Besides being used to give relish to food and as a preservative, salt accompanied the many sacrifices; and salt was employed in the making of covenants to signify a perpetual alliance. Hence, the Old Testament in several places has the expression "covenant of salt" and the Persian phrase signifying a traitor is "faithless to salt."

Salt is symbolized purity and was used by the Prophet Elisha in the miraculous healing of a sorning of water. (2 Kings 2, 19 ff)

The Jews possessed an abundant and ready supply of salt on the eastern coast of the Mediterranean Sea and on the southern shore of the Dead Sea, also known as the "Salt Sea." A large quantity of salt was kept in a special chamber in the temple at Jerusalem that it might be available at all times.

When Jesus called His disciples "the salt of the earth," He especially had in mind the preservative power of this substance, and in that sense they, as well as all Christians in subsequent generations, were to be indispensable to the world.

**CHRISTIANS—INDISPENSABLE AS SALT**

We are living in a world that is morally corrupt, dead, and decaying in vice, crime, selfishness, covetness, hatred and lust of every kind. Ever since the fall of man into sin the wickedness of the world has been very evident. The sacred Scriptures tell us that before the great Flood, "God looked upon the earth, and behold it was corrupt, for all flesh had corrupted his way upon the earth." (Genesis 6:12). But amid this corruption there was one man who found grace in the eyes of the Lord—Noah, who is called "a just man and upright," who "walked with God." Noah was as salt of the earth. Had the human race repented as a result of his preaching, it would not have been destroyed by the waters of the Deluge. But Noah's godly influence, was not in vain. He and his immediate family, 8 people in all, were saved. Thus, believers have ever been the salt of the earth.

The Christians in the first centuries after Christ were like salt in the Roman Empire which was hastening toward its downfall. During the Dark Ages the faithful who could still be found were a salt which preserved the world from the utter darkness of unbelief. Yes, at all times true Christians have been a salt in the world, a bulwark against the moral decay of the world, and

for their sakes the Lord has spared the world, keeping it from total destruction.

Christianity is the only hope for the world. The message of the Christians and the sanctified lives which they lead as a result of their faith in Jesus, when brought into close contact with humanity, are to arrest its festering corruption. The disciples of Jesus were not expected to stay at Jerusalem but were to be scattered as salt upon meat, here a grain, there a grain, acting as agents of preservation. As sodium chloride permeates, pervades and diffuses itself in whatever it is to preserve, so Christians must permeate every community and the whole world. There is no other panacea for the world's ills. If all people were true Christians, how different the world would be. Christianity has not failed the world. The world has failed to accept Christianity. And too many have merely posed as Christians, assuming that name without really taking Christ into their hearts and showing their faith in their lives. They are like the salt that has lost its savor. Jesus said: "But if the salt have lost his savor, wherewith shall it be salted? It is thenceforth good for nothing but to be cast out, and to be trodden under foot of men." Saltless salt is no longer salt in the true sense of the term.

Let all who profess that they are Christians not be faithless to their high and noble calling but be a real salt of the earth, a real influence for good in the Church, the community, and the world, showing Christ not only in the name they bear but also in their lives, epistles "known and read of all men." (2 Corinthians 3:2).

## Festival of Music To Be Held At First Methodist Church

The Annual Festival of Music will be held in the First Methodist church Sunday, June 3 at 11 a.m. The Sanctuary, Harmony, Carol and Melody choirs will participate in this service of music.

Musical numbers will be given by Mrs. Doris Somers and Mrs. Betty Willing at the organ and piano, respectively.

The stories of some well known hymns will be presented by Mrs. Hodgson, Minister of Music. Awards will be presented to 37 children and youth for regular attendance.

## Maps of Mich. Lakes Available from U-M

Sport fishermen who are wondering where to cast a line will be glad to know that they can get maps of Michigan lakes by writing to the Institute for Fisheries Research at the University of Michigan.

Completed during the winter by workers in the fish division of the Conservation Dept., 51 new maps bring the total of mapped inland lakes in Michigan to 2400.

Since available maps are listed according to counties, requests for them should indicate the county desired. Address requests to: Institute for Fisheries Research, University Museums Annex, Ann Arbor.

# Enjoy a Big Bonus of THRIFT with your THRILLS!

Most GO to the Gallon  
of any "Eight"  
on the Road!

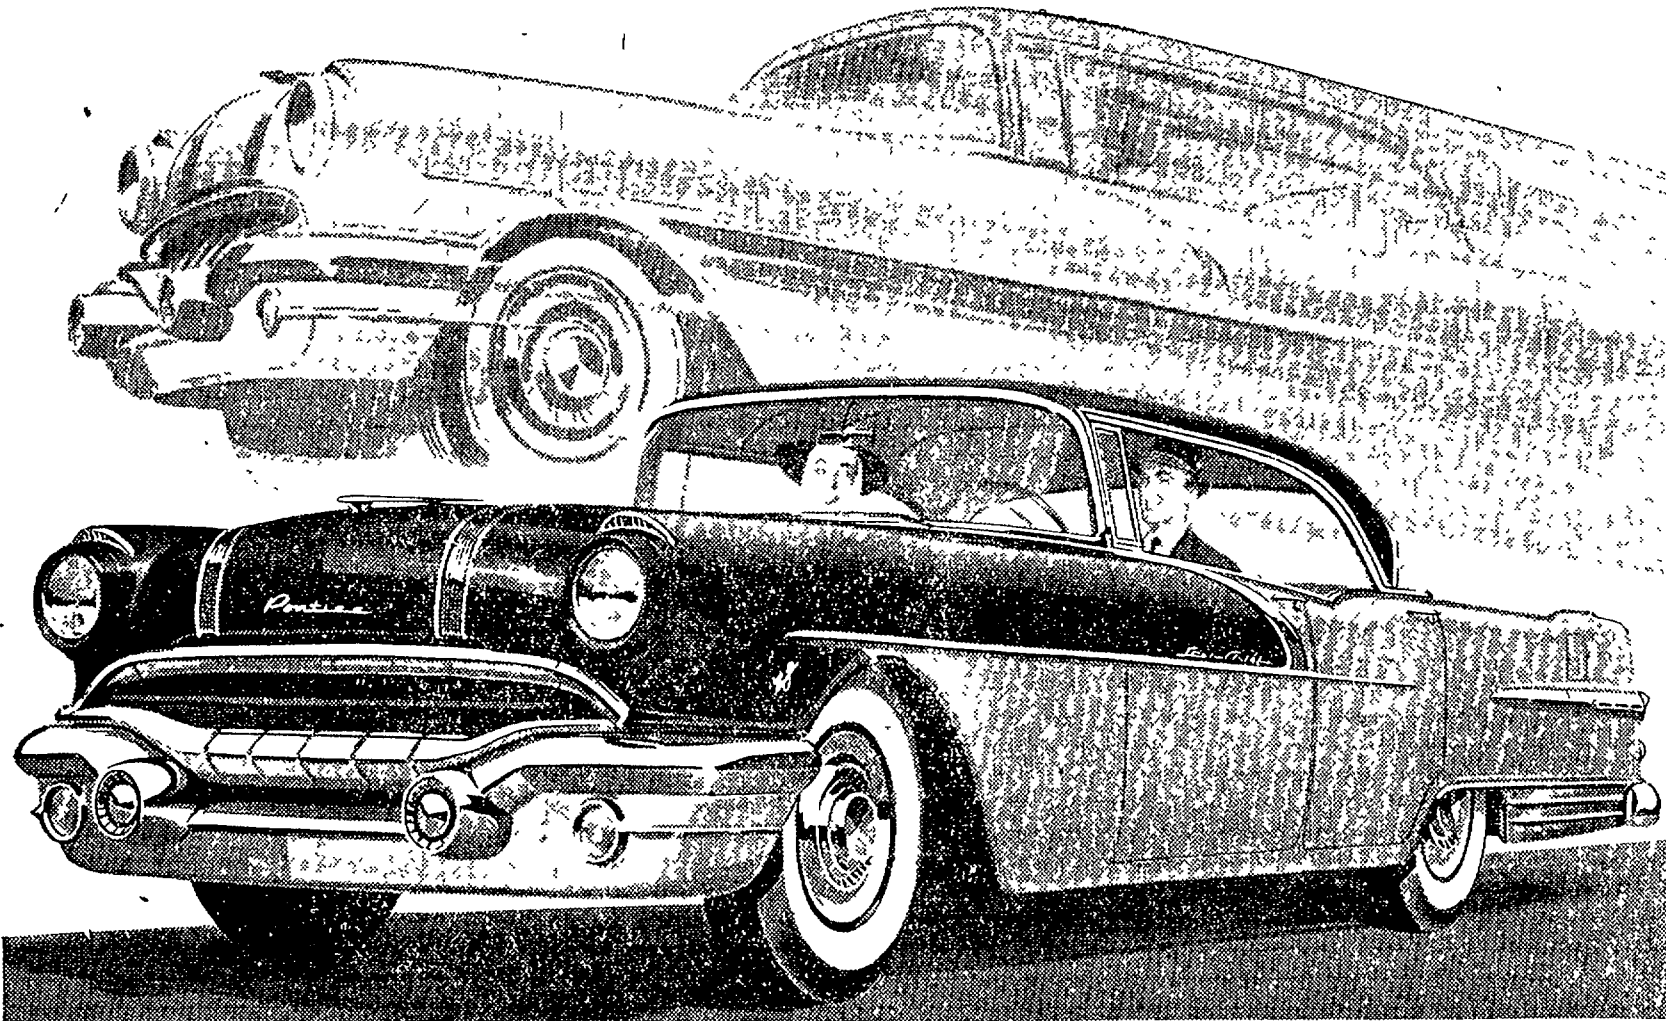

Take to the road in this one and you're spoiled for anything else! Just slip into this sleek beauty and sample the thrills behind the most modern high-compression, high-torque engine in the industry—the mighty Strato-Streak V-8!

In the twinkling of a traffic light you take off like a silent jet, with response so exciting you can't help but head out for the open road to pilot this spine-tingler at cruising speed. There you'll discover

a toe-tip source of instant, surging power! This is modern power! More than that, it's the most efficient power plant you can buy! Proof?—the Mobilgas Economy Run, where Pontiac delivered more miles per gallon than any other "eight" in any class!

And that's only a start, for Pontiac tailored the new Strato-Flight Hydramatic\* to utilize every ounce of that power. Come in and take a turn at the newest, greatest "go" on wheels. Why not this week?

\*An extra-cost option.

# PHOOEY!

**AND** I'll say it again. PHOOEY! Not a very ladylike expression, but that's exactly the way I feel about Mom dragging me off on one of those long-distance bargain hunts. I know from experience that I'm going to have one of my "fussy days" again. And while Mom is sweet and good-natured right now, just wait till we get home. After threading through the traffic jungles of the big city . . . paying for parking . . . pushing into jammed-up stores . . . waiting around for service . . . and then the long ride home again . . . well, she and I will both be a couple of nervous wrecks before we get home in time to toss together some kind of a dinner for Dad.

Dad has argued with her about these big-city shopping trips. He says he sees no saving in the prices, and he does see a big increase in the gasoline and car repair bills. And when we shop here in our own community, we're dealing with merchants who give us personal attention and extra services we never get from the strangers in those far-away stores.

As far as savings are concerned, in 9 cases out of 10 Mom could get exactly what she wanted — *at the same price or lower* — right here from our local stores. And she would be dealing with the businessmen who support our schools, parks, and civic organizations.
