Campaign Starts Today for "Carol Ann Donnelly Fund"

The story of 3-year old Carol Ann Donnelly, leukemia victim, was printed in last week's issue of this paper. Since then, the Donnelly family's need has inspired the organization of the Carol Ann Donnelly fund. The campaign to raise money for the fund began today and will continue until July 11. If you read the story last week you will remember that the doctors told Mr. Donnelly that Carol Ann might live a few weeks, a few months, maybe a year. The Leukemia Foundation furnishes blood for transfusions, but the bills keep coming in. Leukemia is an expensive disease. There are medicines to buy that cost

approximately \$60 a week. That in itself is a large amount to budget from a full pay check, but Donnelly has only a part-time job.

Although the fund was designed primarily for individuals who wish to contribute to Carol Ann's care, two Novi organizations, the Goodfellows and the Board of Commerce, got the campaign off to a flying start early this week with donations of \$120 and \$60 respectively. enough to buy a three week's supply of medicine.

Through the year, residents are

asked to contribute to various organizations and they do so generously. They donate to charities even though they or their neighbors do not benefit directly. Now everyone in this area has the opportunity to see their donation in action. When you give to this fund you will be helping a child... a child in your community who needs your money for medicines to help keep her alive.

Persons wishing to contribute may do so by sending a check or mail order, payable to the Carol Ann Donnelly Fund, Box 187, Northville, or they may leave their contribution in an envelope at the Northville Record office.

City to Receive \$7,687.79 from Gas and Weight Taxes

Northville will receive \$7,224.14 this month as its share of the State Motor Vehicle Highway Fund for the first quarter of 1956, according to Highway Commissioner Charles Ziegler. In addition to this sum, the city will also receive \$463.65 as its share of the weight and gasoline taxes collected during the first three months of this year. The State Motor Vehicle Fund is composed of all state gasoline,

weight and diesel fuel taxes and a small amount of miscellaneous fees. Nineteen per cent of the money is distributed to cities and incorporated villages for expenditures on their roads and streets.

The Highway Construction Fund, which became effective June 1, 1955, increased gasoline and weight taxes. Cities and incorporated villages receive approximately seven per cent of

these funds. Here is how Northville's \$7,687.79 total compares with other nearby communities:

Brighton	\$7,954.61
Farmington	\$7,591.92
Garden City	\$35,569.36
Livonia	\$75,364.08
Milford	\$8,972.87
Plymouth	\$18,375.45
South Lyon	\$4,215.46
Walled Lake	\$7,230.32
Wayne	\$31,559.81

LOOKING AT THE CAMPAIGN SIGN this week were the Rev. Anthony J. Heraty, pastor of Our Lady of Victory Parish, and Rev. John J. Wittstock, who will replace Father Heraty as pastor on Friday, June 22. The campaign, directed by John V. McCarthy and associates, Detroit fund raising firm, was conducted to raise a minimum of \$75,000 towards the construction cost of a new Catholic church in Northville. At the final report meeting of the active phase of the campaign the pledge total had exceeded \$120,000. Father Heraty said that this was more than he had hoped for and that he was extremely happy to report such a substantial figure to the new pastor. Father Wittstock said he will continue with plans for the new church and as soon as he receives permission from the Chancery Office he will begin construction.

Voting Machines Used First Time in Election Today

Voting machines will be used for the first time in Northville today in the special election called to annex the "Yerkes Farm", site of a proposed 250-home subdivision to Northville.

Learning how to set the machines this week and keep them in working order were Joseph Denton, Sidney Frid and Eugene King.

Voters in precincts 1 and 2 are to vote in the Community Bldg. Voters in precinct 3 are to vote in Long's garage, 411 Baseline.

The election was to have been held May 10, however, unable to comply with the state election laws prescribing time limits for publication of election notices, Northville requested and received a change of date to June 5.

However, Novi, was not officially notified in time to publish notice and a third date was set June 21, today

Will Offer Biggest Stakes In History of Downs Racing

Shortest Season, 35 Days, But Downs Mgr. Hopes for Record Breaking Returns

Northville Downs' 13th annual harness racing season will open next Tuesday, June 26. It will last only 35 nights, the shortest in the Downs' history, but John J. Carlo, executive manager, expressed the hope this week that it will be as big, if not bigger, than last year when all betting records went by the boards.

Northville Downs is offering the most extensive stakes program in its history, designed to attract many of the country's best horses and hold the interest of racing fans from the first to the last of a series of five early closing events, Carlo said.

The series will be held on Wednesday nights; the \$6,000 Northville Pace on July 4; \$6,000 Northville Trot on July 11; \$8,000 Wayne County Pace on July 18, and the two traditional standbys — the \$10,000 Michigan Pacing Derby on July 25 and the \$10,000 Governor's Cup Aug. 1.

Nine New Stables
The meeting will open with more than 200 horses stabled in nine new barns which have been constructed this spring on the St. Lawrence property at the southwest corner of Sheldon Rd. and Edw. Hines Dr.

The 200 new stalls were demanded by Racing Commissioner James Inglis as a condition precedent to issuance of 1956 racing dates, with the additional proviso that an additional 150 new stalls be constructed before the 1957 meeting starts. A publicity release from Northville Downs this week indicated that the additional stalls will be available for the start of racing in 1957.

55 Betting Sets Record
The Racing Commissioner's 1955 report also indicated that while Northville's wagering was up only 14.5% in 1955 compared with a 14.5% increase for Hazel Park Harness, the local daily average of \$251,808 set an all-time high here. Also, the Northville track was the only Detroit area track to top its 1953 wagering figure.

Despite the improvement in betting, Northville Downs earnings before Federal income taxes were only \$103,044 for the 38-day season in 1955 compared with \$256,496 for the 48-day season in 1953. That year, the Downs' total income from track commissions, admissions and concessions was 1,350,269. It fell off to \$1,037,789 in 1954, when earnings declined to only \$71,954, but rallied last year to \$1,113,381.

\$1,013,652 To Driving Club
Over the past 12 years, Northville Downs has paid \$1,013,652 in rent to the Northville Driving Club, owner of the track property, according to Driving Club President Dr. L. W. Snow.

The Downs has also been paying the City of Northville \$500

per day of racing, or \$18,000 to \$25,000 per year, ostensibly to cover the cost to the city of special policemen during the racing season, fire protection, free water throughout the year, road maintenance and sundry other expenses which together have amounted to about \$5,000 per year.

Dr. Snow said in the Record last winter that these payments have totaled \$252,000 over the years of racing in Northville. In 1955, after Northville became a city, it received \$89,464 as a rebate of the state's tax on betting at the Downs in addition to the \$500 per day.

The \$500 per day revenue to the city is provided for in a contract between Northville Downs and the Driving Club, the proviso being that if Northville Downs fails to make this payment to the city, it must make a payment of an equal amount to the Driving Club as additional rent for the track. This contract has approximately two years to run yet.

However, the city is not directly a party to the contract but is merely a third party beneficiary with nothing to say about its terms nor any amendment to the two parties may agree to make. Those familiar with background events at the time the contract was originally written have long regarded the \$500 per night as an "expedient" for getting Northville's acquiescence to continuance of racing during the years when, as a village, it could not qualify for a much larger tax rebate from the state.

Now that the village has become a city and can qualify for a larger slice of local betting revenue, the old reason for paying the \$500 per night has lost much of its force, in the opinion of those who profess to look at the situation realistically. They will not be surprised, therefore, to see the existing contract between the Downs and the Driving Club revised, with perhaps some definite specification of the purposes for which any money paid henceforth shall be spent. They point out, however, that if any future restriction is imposed it would not apply to the city's share of the state's tax, which amounted to \$89,464 last year.

Flooded Basements, Garbage Troubles Told To Council

Three residents from Oakwood Subdivision appeared before the city council Monday evening to ask for action in the construction of a storm sewer in that area.

Mayor Ely told the residents, Mrs. Merrill Sweet, Martin Sommers and Merle Sweeney, that Councilman Mike Allen and City Attorney Phil Ogilvie consulted the Wayne County Drain Commission and were promised that a 30" drain would be installed sometime after the first of July.

Councilman John Stubenvoll indicated that the money for Northville's share of the drain had already been appropriated. "We never had it so bad until the school property was graded," Sweeney said. He asked the council if they would represent the residents in a case against the school board.

"You can't hold them, (the school board), Mayor Ely said, "but they sure added to it. I think they can be held responsible if we want them to be." "Well, if we're getting the

drain in July..." Sweeney said. "We're not sure that it will be July," Councilman Stubenvoll said, "we only know that it will be after July 1."

"How can we help get this thing started?" Sweeney questioned. Mayor Ely said that Councilman Allen was doing a good job and has started it. "Mike is out of town now," Mayor Ely said, "but when he returns we will have a conference concerning this."

Mrs. Sweet said there were 50 streams a couple of inches deep coming through the walls of her house. "Our house will fall down if something isn't done soon," she said, "will the city accept the responsibility of rebuilding it?"

Councilman John Canterbury said that if there was some practical alternative, or if there was something that could be done at a reasonable cost prior to the time of the installation, the council would consider it. Nobody had any suggestions. (Continued on Page 10)

THERE'S SOME LIFE at Northville Downs. Owners and trainers have been moving their horses into town in preparation for the opening night race June 26. Early morning scenes like the one above will be familiar at Northville Downs oval as the horses get their work-outs.

Exec. Board Approves 1956 P-TA Budget

The 1956-57 P-TA Budget was unanimously passed at the P-TA Executive Board meeting Tuesday, June 12 and will be voted upon by the membership at large at their first meeting in the fall. According to Mrs. William B. Secord, treasurer, there was no budget as such last year, but the approximate expenditures related to similar items follow: the new budget figures printed below. Last year's figures are in brackets.

- Recommended P-TA Budget
 - Carnival equipment, \$100 (\$25)
 - Scholarship, \$200 (\$150)
 - Program speakers, \$75 (\$10)
 - Conservation scholarship, \$30 (\$30)
 - Election promotion, \$50 (\$21)
 - Safety Patrol banquet and ball game \$100 (\$157)
 - Social committee, \$100 (\$79)
 - Northville Co-operative pre-school play group, \$75 (\$75)
 - Literature, \$15 (\$25)
 - P-TA magazine subscriptions, \$7.50 (\$7.50)
 - Conference fees and conventions, \$50 (\$8)
 - Room awards, \$16 (\$14)
 - President's fund, \$25 (\$25)

Progress Made In Novi Consolidation

Durfee District Petition for Annexation To Northville May Possibly Upset Plans

Gradually events are moving toward a decision on whether the four school districts in Novi township are to consolidate into one large district capable of eventually supporting both an elementary-school system and a high school.

Conceivably the answer may be known next month. Should plans for consolidation of the four districts not work out, an alternative plan for consolidation of three districts may be considered. This would delay the final answer somewhat, although it is believed that school authorities of the various districts involved will try to speed the matter as much as possible.

The foregoing is a consensus of opinions expressed this week by Novi and Northville school officials and private individuals.

Definite Move Made
The only tangible move at this time is recognition by resolution of the several Novi school districts of the bonded indebtedness of Novi District No. 8. Resolutions to this effect were supplied to the various school boards by Dr. William J. Emerson, Oakland county school superintendent, within the past few days. The Durfee board approved the resolution at a special meeting last Friday evening. Action taken by the other boards, if any, is not

known at this time but Novi School Superintendent William Medlyn regards adoption of the resolutions as only a technical matter, that will be handled quickly.

The next step toward consolidation will be circulation of petitions for a special election in each of the four districts. The law provides that 51% of the qualified electors in each district must sign such petitions. If valid petitions are returned to Dr. Emerson's office by the four districts a special election to vote on consolidation will be called within 45 days — probably around the first of September.

Doc Cavell, Veterinarian, Honored At Wolverine for 50 Yrs. Service

Dr. Edwin B. Cavell, Northville veterinarian and track veterinarian for the Wolverine Harness Raceway and Northville Downs, was honored at a buffet dinner and special ceremony Tuesday night at the Detroit Race Course.

Horsemen and friends from throughout the state paid tribute to him for a half a century of amiable and expert service as a doctor of veterinary medicine.

In addition Dr. Cavell was given the night off and watched the races for the first time.

"Doc", as he is more widely known, still works from the same office which he opened in Northville May 1, 1906.

He was born Nov. 3, 1877 in Michigan's Livingston county. After graduating from Howell high school, he went to Medicine Bow, Wyo. to dig dinosaur bones with a Carnegie Museum expedition. He also spent five years in Laramie, Wyo. training and shipping horses to the east. While in Laramie, he attended night classes in dry farming at the University of Wyoming.

"Doc" then enrolled at the Ontario Veterinary college in Toronto and was graduated in 1906. He has served as track veter-

inarian for the thoroughbreds as well as the trotters. He is the first man in Michigan to administer a saliva test for race horses.

He has been the track veterinarian for Wolverine since that organization began its operation in 1950.

Yet "Doc" has rarely seen a race at the Middlebelt Rd oval. His official duties keep him too fully occupied to permit him to

spend much time watching the races.

His duties at the track and at his office in Northville keep him going from 6:30 in the morning until midnight or later every day in the week. Yet he carries this strenuous schedule with good energy.

"Doc" will continue to toil early and late at the other harness tracks in this area. Then he's looking forward to a vacation. He (Continued on Page 6)

Mrs. Robert Barsuhn Preparing Danish Pastry

Mrs. Robert Barsuhn, famous for her breads and pastries has given us a Danish pastry recipe which should stir you to purchasing yeast and mixing it up!
Mrs. Barsuhn was the subject of an article in the Record last week regarding her appearance June 14 on the daily TV show, "Ladies' Day". At that time Mrs. Barsuhn was honored as a "best cook", having been nominated by Cross and Crown Missionary club of Grosse Pointe Methodist church. She has been a member of the club for 20 years and during this time had charge of large weddings and banquets.
Coming from small towns, the Barsuhns realized a long cherished dream a year and a half ago when they moved into their charming brick ranch home on 57835 W. 8-Mile Rd. The home sets back on a hill back from the road in the middle of their 24 acres. Having lived in Detroit for many years, they thoroughly enjoy country living again.
The Barsuhns have an 11-year old son, Craig, and a married son, Robert A., who lives in St. Clair Shores.

DANISH PASTRY
1 1/2 cup butter
1/3 cup sifted all purpose flour
2 packages dry yeast
1/4 cup scalded milk (cool)
1/4 cup sugar
1 teaspoon salt
1 beaten egg
4 cups sifted all purpose flour
Cream butter with 1/3 cup

flour. Pat the mixture between two sheets of waxed paper to form 12x6 inch sheet. Chill in refrigerator.
Soften the yeast in the 1/4 cup of warm water — then combine milk, sugar and salt, add yeast and beaten egg. Mix well and add flour. Knead dough until smooth.
Roll dough in about 14 inch squares. Place the butter mixture in center of dough, fold ends over, sealing edges well.
Roll out about 20x12 inches, fold dough over in thirds so it will be in layers. Roll out again about the same size, repeat, folding and rolling a couple more times. Chill in refrigerator. Cut in three parts, roll until 1/4-inch thick, cut in strips and swirl into different shapes.
Place on ungreased sheet and let rise double in size about one hour. Bake eight minutes at 425 degrees.
Brush with confectionary icing while warm. Decorate with nuts or jam.

FORD sets 500-mile record at Indianapolis Speedway

Again proves nobody outperforms Ford

... dramatic demonstration of the kind of performance and roadability that makes all your driving more fun in a Ford!

Ford's record was timed and certified by the United States Auto Club

A Ford V-8 hurtled across the brick and asphalt surface of tough and testing Indianapolis Speedway . . . whirling through the tight turns and flashing over the straight stretches . . . to set a mark that no stock car ever reached before!
Previous to Ford's record run, no other stock car had gone even one lap at Indianapolis at 100 m.p.h., but one of Ford's laps was timed at the electrifying speed of 113.7 m.p.h. And Ford averaged 107.126 m.p.h. for the full five hundred miles . . . close to the average set by the extremely costly, specially-built racer which won the Memorial Day "500!"
Ford fully realizes that the welter of claims and counter claims about "racing victories" (many of them completely contradictory) must be confusing and disillusioning to the public. Ford ran this race against time, over the true "Classic" distance and at the most famous track in America, in order to dispel this cloud of doubt and disbelief and prove that no one outperforms Ford!
Peter de Paolo, leader of the team of drivers that piloted the winning Ford, states flatly: "No other stock car could have equalled this performance!" And Pete de Paolo should know, for he was the first driver to win the "500" Classic with a better than 100 m.p.h. average. And now he comes back with a group of drivers to establish a stock car record with the great '56 Ford!
Yet, this was no mere race against the stop watch. Ford's alert responsiveness and sheer roadability proved more than a match for the treacherous turns . . . taking them smoothly and giving the great Ford V-8 a chance to use its blazing acceleration in the straightaways.
Ford wrote this new mark large and bold in the record books. And the whole Ford did the trick. From the hood-full of throbbing horsepower to the road-hugging rear end, Ford demonstrated that it has what it takes to make your driving more enjoyable. Convince yourself that driving a Ford can be real fun. Test drive a '56 Ford. There's a set of keys waiting for you, so come in and see us soon.

Plymouth, Michigan
The everpresent power of Christian healing will be brought out at Christian Science services this Sunday.
Scriptural selections in the Lesson-Sermon entitled "Christian Science" will include Christ Jesus' instruction to his disciples (Luke 10:9): "And heal the sick that are therein, and say unto them, The kingdom of God is come nigh unto you."
Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, is the following (98:15): "Beyond the frail premises of human beliefs, above the loosening grasp of creeds, the demonstration of Christian Mind-healing stands a revealed and practical Science. It is imperious throughout all ages as Christ's revelation of Truth, of Life, and of Love, which remains inviolate for every man to understand and to practice."

from the PASTOR'S STUDY

By the Reverend Ivan E. Hodgson
First Methodist Church of Northville

THE SYMPHONY OF THE HEAVENS
"And the morning stars sang together..." is no mere poetic expression, for the heavens utter a marvelous melody. "The heavens keep recounting and the firmament keeps revealing." It denotes continuous language. One day declares to the other the wisdom and the majesty of God. It is a continuous sermon; one without intermission. No human ear ever hears this melody but it reaches the far corners of the earth. On a tablet of Nabu-apalidin (860 B.C.) Shamash, the sun-god, who tabernacled in the sea with his bride Aia, gives the Babylonian mythology, which perhaps provided the vehicle for the Hebrews' nobler conception of God.

God has a witness in nature for which Isaiah appeals at the beginning of his prophecy: "Hear O Heavens; and give ear, O earth; for the Lord hath spoken..." (1:2). When he desired to impress upon His people the certainty of the promise of God, he appeals to the infallible law of nature (Isa. 55:11). Our Master's parables from nature illustrate the same truth. There is no controversy between the revelation in nature and in the word: Science and Scripture are handmaidens uttering the voice of God in perfect harmony.

The 19th Psalm possesses a striking harmony with the 8th and the 119th Psalms. In the eighth Psalm, the writer looks up into the heavens, while in the

119th he looks into the perfect law of God. This Psalm deals with both. In the 8th Psalm, when the Psalmist "considers the heavens the work of thy fingers and the moon and the stars which thou hast made..." he is humbled in the presence of such majesty. In this, the 19th Psalm, he is driven to pray for enlightenment and cleansing of heart. The God of nature is the God of the Bible and the Father of our Lord Jesus Christ.

From the Pastor's Study we wish to share only a few thoughts of the Psalm which relates to the witness of God from nature. The "Symphony of the Heavens" is universally understood. It has been said that music is a universal language. This heavenly music is the primary school for all learning. "Day unto day utter-

eth speech, and night unto night showeth knowledge." The first question asked by everyone who examines the starry heavens is, "Who made them?" Aristotle had two sorts of writings, one called exoteric, for his common auditors, another acromatical, for his private scholars. God has two sorts of books: Works and Word. His works is his primary school of learning. The Psalmist didn't see nature as the Glory of God (Pantheism) but they "declared the Glory of God." They were not objects of worship but only lead the inquiring mind to the source of all true worship. Moses saw that glory in the law and the words of the Gospel of Jesus Christ. It is our privilege to see the same glory expressed in the gospel of

Jesus Christ as incarnated in human life. Spurgeon says that it is the key to further light. From nature we proceed to the law of the Lord which finds its fulfillment in the Logos.
The Major note in the "Symphony of the Heavens" is the Theistic idea of God. The speech of the heavens is so clear and distinct, although only a partial revelation, declaring the power and majesty of God, that he who has eyes to take in the visible speech of the sun, moon, and the stars, may know that God IS. Paul declares that this leaves everyone without an excuse (Romans 1:19, 20). It constitutes a universal language: "Their line is gone out through all the earth, and their words to the ends of the world." This silent, yet sublime voice from the natural world is a kind of a forerunner to the light of the Gospel of Jesus Christ. It teaches the grand concept of Theism, while the Word teaches the sublimer doctrines of Redemption and Salvation. Our prayer from the pastor's study is that the "Symphony of the Heavens" will lead you beyond the stars to the Universal Conductor even God our Father.

GLAMOROUS, SURE-
but a tomboy at heart!

Turn Chevy out on the road to discover its real charm! For this is the beauty that recently raced 2,438 miles in 24 hours to set a new round-the-clock competition track performance record!

It happened at the famed Darlington Raceway, Darlington, S. C. A regular production Chevrolet with 225 h.p. poured it on for 24 straight hours, averaging 101.58 miles per hour, to top the Indianapolis stock car record by 280 miles!
Add that to Chevy's unparalleled record in stock car competition—and you come up with the low-priced beauty that outshines every-

body! No maybes about it. Here's proof of pep and performance that means safer, happier highway driving. Few cars at any price can hold the road with Chevrolet's grace. And it's got the stamina to stand the gaff for 24 straight scorching hours at a pace that few other cars would even attempt to match! Drop by—you'll see you can't beat Chevy for a buy, either!

Marine Unit Being Formed In This Area

The Marine Corps announced plans today for the formation of a unit composed entirely of young men from this area for charter air shipment on June 29 and training as a group at San Diego, Calif.

Enlistments in this group will be for two, three or four years and will make available the many technical schools offered by the Marine Corps in addition to academic courses available through the Armed Forces and Marine Corps Institutes.

The plan will afford youths of this area the opportunity of training and serving with friends and classmates and they may take their physical and mental examinations any time prior to the shipping date.

Young men interested in the plan may contact T. Sgt. Gerald E. Ruppel at the Employment Security Commission, 585 West Ann Arbor Trail in Plymouth or T. Sgt. Leonard L. Smith in Room 14, Unity Bldg., 32 North Washington, Ypsilanti.

In N'ville. Twp. License Service Interrupted By Vacation Period

D. J. Stark, Northville Township clerk, said this week that a release had been received from Wayne County Sheriff Andrew C. Baird stating that through the vacation period, man-power hours for the issuance of drivers licenses in various townships will have to be curtailed.

Northville township residents are informed that no representative will be at the Township hall on the Tuesdays of June 19, July 3 and July 17.

Should any of the township residents desire drivers licenses at these various times, the township officials have made provisions for applicants for licenses to apply at the Plymouth Township hall, 42350 Ann Arbor Rd., which is near Lilley Rd. on the Wednesdays following the above dates between the hours of 9:30 a.m. to 5 p.m.

Starting with July 24, it is expected that the regular dates of each Tuesday between the hours

of 1 p.m. and 5 p.m. will be resumed.

It is believed that this plan will not greatly inconvenience the public and will enable vacations to be given without extra expense to the taxpayers.

Upon recommendation by Mr. Amerman it was moved by Mr. Severtance that the school accept the bid of Ann Arbor Office Machines for eleven new Royals @ \$160 less \$75 each on trade-ins, also the cleaning and adjusting of 25 machines @ \$5.00 each. Seconded by Mr. Clark. Carried.

HOME HYGIENE HISTORY

Women in Elizabethan times did not realize the value of washing or creaming the face at frequent intervals. Many suffered from ugly skin blemishes. Modern women have smooth, creamy complexions because of excellent skin care.

The first American sellers of plenty of healthy exercise in the outdoors' just by doing their daily work. Many modern men who spend working days in offices, must plan their exercise through week-end and after work recreation.

Early American children were not encouraged to brush their teeth until after their second teeth had come. Dentists today say a child should be taught to brush his teeth at the age of two. Modern brushes for children are treated with an anti-bacterial that destroys or inhibits germs that fall or settle on bristles. Source: Dr. West's Laboratory Survey.

EXERCISING YOUR DOG

By Bob Bartos
Manager, Friskies Research Kennels

Most family dogs don't get as much exercise as they need. Wild dogs often ranged many miles in search of a single meal, so it is easily realized, that a daily walk around the block isn't enough exercise, particularly for larger dogs.

Insufficient exercise can make your pet sluggish, out of condition, and fat—all of which

Dog of the Week: WIRE-HAIRED FOX TERRIER

Terrier group. Height: Not exceeding 15 1/2 inches at the withers. Average weight: 35 pounds. Coat: Hard and wiry. Color: Predominantly white.

may make him susceptible to disease or infection.

The larger the dog, the more exercise he needs. Even terrier-sized dogs need two-mile daily walks, while smaller breeds need shorter runs. Whatever the size, dogs need and enjoy long hikes in the country as often as possible.

There are many ways to exercise your dog, fortunately. Most dogs love to chase balls, and other objects—but don't throw stones or small objects that the dog might swallow. If you throw a ball 50 yards and your pup chases it and brings it back 100 times, he has run more than five miles and you haven't walked a step!

Grown dogs also like to jump. You can teach your dog by holding a yardstick a few inches from the floor (with one end of the stick against a wall, so he won't just walk around the end!) Hold a piece of candy or a favorite toy on the other side and command your dog "Jump!" or "Up!"

Swimming is another sport your dog will like and which is good for him. If your dog is not used to water, don't frighten him with a rough introduction. Let him follow you as you wade in, or toss a ball or stick for him to bring back from very shallow water.

Feeding Tip: Don't feed a dog just before or just after his exercise period. Plan exercise so that it is an hour or more away from his normal feeding time.

THIS YEAR is the 15th anniversary of the U. S. Savings Bonds Program, the greatest success story the world has ever seen.

Since May, 1941, 40,000,000 Americans have saved \$40,000,000,000 in United States Series E and H Savings Bonds. That's an average of \$1,000 per investor. Do you own your share?

If not, you're missing out on a real money-making opportunity. For every \$1.00 invested in U. S. Series E Savings Bonds will pay you back \$1.80 in 19 years and 8 months. What's more, every dollar invested in Savings Bonds is absolutely safe, not subject to market fluctuation. And

every dollar invested in Bonds earns you 3% interest, compounded semiannually, when held to maturity (9 years and 8 months). Plus the same good interest rate for an additional 10 years, should you so desire.

Look ahead to the next 10 or 15 years and see what a regular investment in Savings Bonds will mean to you. A new home. A college education for your son. A retirement income.

You owe it to yourself to start investing in Savings Bonds today—either on the Payroll Savings Plan where you work or at your bank. The bigger the slice of this \$40,000,000,000 pie that is yours—the better off you'll be.

YOU NEED BAIT to go fishing and Michael Bartolo, 6, knows just where to find it. "There are lots of worms in the ground in summer," he said. As Michael dug with a stick, his sister, Rita, 4, spread the worms on the grass and then put them in the paper cup one by one.

Just A Touch ... of Summer

Today is the first day of summer. Remember how hard the ground was not too long ago? Now you can brush your feet on the growing lawn and feel the cool, green grass tickle your toes.

You can slide your finger over a tulip petal . . . smell the first-of-the-season roses and thrill with the beauty of fields of wild flowers.

Migratory birds were delayed this year by you-know-what, but now you can hear robins, meadow larks and crickets and cat birds late at night.

The beady-eyed frogs and snakes have come out of hibernation. Slippery fishing worms are in the ground, ready to be had for the digging.

THE ELY BUDGET PLAN Takes the Bump Out of Winter Fuel Costs!

It is based upon the simple principle that the average family's total fuel oil bills for the entire heating season can be estimated with close accuracy. It's not an installment plan—and it doesn't cost you a penny more than you'd normally pay for the fuel oil needed.

CALL US TODAY AT NORTHVILLE 190 FOR FULL DETAILS ON HOW THE ELY BUDGET PLAN CAN HELP YOU.

"Joe here is the greatest little 'feather-bedder' in the union. Takes three men to clean up after him!"

You can enjoy June-fresh strawberries all winter long with a home food freezer. (Or a two-in-one refrigerator freezer.) And they'll stay as sweet and juicy as the day they were picked. That's why smart homemakers say:

"Freezer Living is Leisure Living."

Big Torque of the Best Sellers

IT WOULD stand to reason that automobiles selling in the same league, so to speak, would be pretty close in their engineering specifications.

Like in "torque multiplication"—the twisting force a transmission delivers to the drive shaft. (The greater the torque multiplication, the greater the performance).

But what do you find?

You find that any '56 Buick with advanced new Variable Pitch Dynaflo* delivers a higher torque ratio than any standard-production car in America.

**AIRCONDITIONING
at a COOL NEW LOW PRICE**
It cools, filters, dehumidifies.
Get 4-Season Comfort in your new Buick with genuine
FRIGIDAIRE CONDITIONING

And you find that this high-torque performance is one reason for Buick's best-seller standing. For Buick is now more strongly positioned in the Top 3 of the nation's biggest-selling automobiles.

That's news—and there's plenty more where that came from. For the '56 Buick is jam-packed with new engineering and styling advances to make it the best Buick yet, by far.

That new Dynaflo, for example, brings you the world's only switch-pitch performance in cars—plus a new part-throttle getaway response that's swifter, surer, and a gas-saver to boot.

The new V8 engine is 322-cubic-inches

big, and packed with the highest horse-powers, the highest compressions in all Buick annals.

There's a joyous new ride, too—a new steering magic—a new "sense of direction" in your every handling maneuver.

Thing to do is come see for yourself. That way you can also look at the prices that have helped move Buick to a new sales success—outselling all other cars in America except two of the well-known smaller ones.

Will you do that, this week?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Midget Baseball League To Open Series June 23

The Northville Midget league will have its first game this Saturday, June 23. The games will be played on the baseball diamond north of the wading pools in Cass Benton park.

This league is being sponsored by the Northville Optimist club in cooperation with the Recreation Dept. The league was set up for those boys between the ages of 10 to 12 years.

The boys have been divided into four teams called the Lions, Panthers, Bears and Tigers.

The first game will pit the Bears against the Tigers at 9:30 a.m. At 10:30 the Lions will play the Panthers.

All games will be five innings in duration.

A list of the teams follows:

TIGERS: Bob Hansen, "Butch" Willing, Don Biery, Dan Pattison, Don Bush, Danny Bishop, Terry LaRue, Gary Kohns, Larry Deering, Joe Hay, Danny Ling, Robert Bartski, James Drew, Curtis Hahn, Eddie Beard.

LIONS: Tom Long, Stephen Juday, Tom Daniels, Dennis

Johnson, Gary Stobbe, David Jerome, Bill Wiedner, Marshall Clark, Gary Beasley, Bobby Langtry, Charles Eiwell, Robert Bosak, Mike McGee, Linden Edwards.

PANTHERS — Jim Juday, James Anderson, Philip Jerome, Mike Zayti, John Kahler, Dick Pubanz, Chris Gazlay, Alex Modos, Don Deering, Dick Bathey, Larry Angove, Bill Kleinsorge, Dick Brown, Ray Casterline.

BEARS — Craig Bell, Dennis Riley, Dan Brown, Billy Milne, Ross Hahn, Patrick Modos, Don Richardson, Richard Burton, Tom Swiss, Jim Lawrence, Jimmy Jiggins, Richard Mitchell, James Parker, Pen Papini.

There are still a few vacancies on each team. If there are any more boys interested between the ages of 10 to 12 years they can report to the first game for assignment to a team.

"Tee" shirts with the name of the boy's team on the back will be given to each player at the first game. The boy must report for his team's game to receive a shirt.

Remodeling Job In Progress At N'ville. Recreation Center

A complete remodeling job is being started at the Northville Recreation Center in preparation for the fall season according to Angelo Gadiola, owner.

Five additional bowling alleys are being added, including full automatic pin-setting machines. This will make a total of 12 bowling alleys. Also included will be six new fiber glass settees and new ball-stops.

An open house will be held the last week in August or the first week in September, prior to opening.

30% Increase In Swim Program

In the first week of swimming under the recreation program, 870 youngsters have traveled to Groome's Beach at Whitmore lake, according to Stanley Johnston, recreation director.

Last year 540 boys and girls went swimming in the first week of the program. The program this year shows an increase of 30 per cent.

The run-down by days is as follows:

June 11—158 swimmers
June 12—173
June 13—205
June 14—194
June 15—140

Swimming trips are planned every day Monday through Friday. Charge is 15 cents for entrance to beach. Transportation is free. Buses leave the Main St. elementary school playground at 1 p.m.

13th Racing Year Starts At Northville Downs June 26th

Northville Downs, Michigan's pioneer parimutuel harness track opens a 35-night meeting Tuesday, June 26.

Northville Downs will be opening for the 13th year and the Detroit area's popular half-mile oval is looking forward to a season that will be as big, if not

bigger, than 1955 when all betting records went by the boards.

Northville Downs is offering its most extensive stakes program in history, one designed to attract many of the nation's top performers and certainly one that will hold the interest of fans from the first to the last of the series of five early closing events, according to John J. Carlo, executive manager.

The series will be held on Wednesday nights: the \$6,000 Northville Pace on July 4; \$6,000 Northville Trot on July 11; \$8,000 Wayne County Pace on July 18, and the two traditional standbys — the \$10,000 Michigan Pacing Derby on July 25 and the \$10,000 Governor's Cup Aug. 1.

The Northville Downs management constructed nine barns during the winter months to im-

prove conditions for horsemen. The new barns will eliminate the "tent city" of a year ago and are the most modern now being used in the Detroit area.

The buildings, which will take care of more than 200 horses, are on a property adjacent to the track and are the first of a construction program that will find new stalls for some 350 horses in another year.

HAVE YOU NOTICED the new look in mail boxes this week? Thanks to members of the Northville Exchange club, the U. S. mail boxes have a new paint job . . . changed from drab khaki to red and blue. The members will finish the job this week by printing and painting "U.S. Mail" with white paint. A group of the club members are shown standing around a finished box in front of the post office.

Methodist Ministers Attend Conference

Nearly 1,000 Methodists of the Detroit conference were present at the Detroit Annual conference of the Methodist church at Adrian college, Adrian, Mich. last week. Ministers attending from this area were Ivan E. Hodgson, Northville; John M. McLucas, Novi; and Melbourne I. Johnson, Plymouth.

Bishop Marshall R. Reed, resident bishop of the conference, brought the message Sunday morning, "Michigan Methodism Tomorrow", after which he read the appointments, thus placing the ministers in their churches for the coming year.

R. Foreman Elected Sec'y. of National Apple Institute

Ralph Foreman, Sr. returned Friday from a five day convention of the Apple Institute in Atlantic City where he was elected secretary of the National Apple Institute.

Mr. Foreman is also chairman of the Michigan State Apple commission, a position he has held for the past two years.

The Foreman Orchards on W. 7-Mile Rd. are well known in Michigan as they have taken several first prizes for their fruit displays at the Wayne County fair.

Michael Petz In Germany As Summer Exchange Student

Michael Petz, 16, was one of 44 Michigan high school students who enplaned for Germany Saturday for a 10-week "business and pleasure trip". Michael is the son of Mr. and Mrs. Wilbert Petz of 3990 Sudbury.

The high school students are exchange students who will live

Michael Petz

in German homes to observe the people, their country and customs.

Michael will go to Karlsruhe to the home of Ingrid Hanzel, German exchange student who was in Northville in 1952 and who lived with the Petz family that year.

The 3,700 mile flight will end Sunday afternoon at Amsterdam. From there the students will scatter to cities and towns throughout Germany. A few will stay with families in Denmark.

The students will leave for home Aug. 28 in time for the beginning of the fall school semester. They were chosen for scholastic, school and community achievements.

The pilot of the big, silvery DC-4 at Wayne County Airport, Capt. Clifford Groh of Alameda, Calif., stated, "This is almost like taking kids to summer camp, except we're going a little more
