

\$670 Collected For "Carol Ann" Fund

Contributions to the Carol Ann Donnelly Fund have reached \$670 during the last week of the campaign and as this paper goes to press, letters, cards and checks continue to arrive at the office.

The drive to secure medical funds for the three-year-old leukemia victim, Carol Ann Donnelly, began three weeks ago. Since then, the hearts of many Northville and Novi residents opened up for this little girl, who doctors say does not have long to

live is unknown how long this condition will last.

Blood for transfusions is furnished by the Leukemia Foundation, but leukemia is an expensive disease and the bills keep coming in.

Carol Ann lives with her parents and an eleven year old brother at 45350 West Ten Mile Road. Her father is presently unemployed. These contributions will help the Donnelly family meet the large medical expense involved in the treatment of the child's fatal disease.

This drive, unlike many others, gave Northville and Novi residents a chance to see their contributions in action. Their money will buy medical supplies that will enable a child in this community to live a little longer.

Det. Man Fined For Peddling Watches At Northville Downs

A Detroit man was fined \$25 and costs for peddling wrist watches at Northville Downs without a city license.

Harold Davis, 52, 2843 Park Ave., Detroit, pleaded not guilty before Judge E. M. Bogart July 2. He was found guilty.

Police Chief Joseph Denton said that the wrist watch racket is tried almost every year at the track. "These peddlers," Chief Denton said, "approach a person and say, 'This is the last time I'll bet on the horses. I lost all of my money. I'll sell you my watch for \$10.' The peddler shows the person a nice looking watch on his wrist and he has a deal. The only trouble," Denton said, "is that the peddler turns around and tells another person the same story." Chief Denton said that some of the watches work for just a short time.

Davis had three watches on his person when Chief Denton searched him.

LIST OF CONTRIBUTORS

The Donnelly's would like to thank the following persons and organizations who have contributed during the third week of the campaign:

Veterans of Foreign Wars, Northville Post; Ladies Aux. V.F.W. Post No. 4012; Mrs. Mary Donovan, Mr. and Mrs. Thomas M. Holmes, Mr. and Mrs. Herbert Koester, Carolyn Cockim, Mr. and Mrs. William Wernett, Luetta Reng, Mr. and Mrs. Joseph Denton, Mrs. Earl Jennings, Bernice Krezel, Mr. and Mrs. James P. Green, F.E. Cochran, Richard Staman and Joseph Hahn.

live—maybe a few weeks—a month, possibly even a year. During her last weekly check-up Monday, doctors said that Carol Ann is in a state of remission. It

Six Northville Explorer Scouts Leave For Wisconsin Canoe Trip July 21

Six Northville Explorer Scouts will be taking part in a two week canoe trip in northern Wisconsin with eleven other Explorers from the Sunset District.

Max Dillenbeck, Ray Hood, Bill Madigan, Thomas Heatley, Robert Mitchell and Frank Miller, all of Northville, will leave the Garden City Presbyterian Church at 8 a.m. Saturday, July 21, by chartered bus for White Sand Lake in Boulder Junction, Wisconsin. The boys will stay overnight at Mackinac Island and arrive at the base camp in Wisconsin Sunday night.

Monday will be devoted to training and orientation for the canoe trip which begins Tuesday,

July 24.

The boys had two training sessions to prepare them for their trip. One was held in Garden City, July 2, and the other at the Charles Howell Scout Reservation, July 14. In addition, each boy is required to have a medical examination within 48 hours of the start of the trip. Every precaution for the protection of the health and safety of the boys has been taken, according to scouting officials.

During their nine day canoe trip through Wisconsin wilderness, the boys will be under the direction of Senior Leader Steve McCane of Livonia.

When the Explorers return to the base camp August 2 they will

check in their equipment and go to the Golden Lake Forest Reserve to take part in a conservation program.

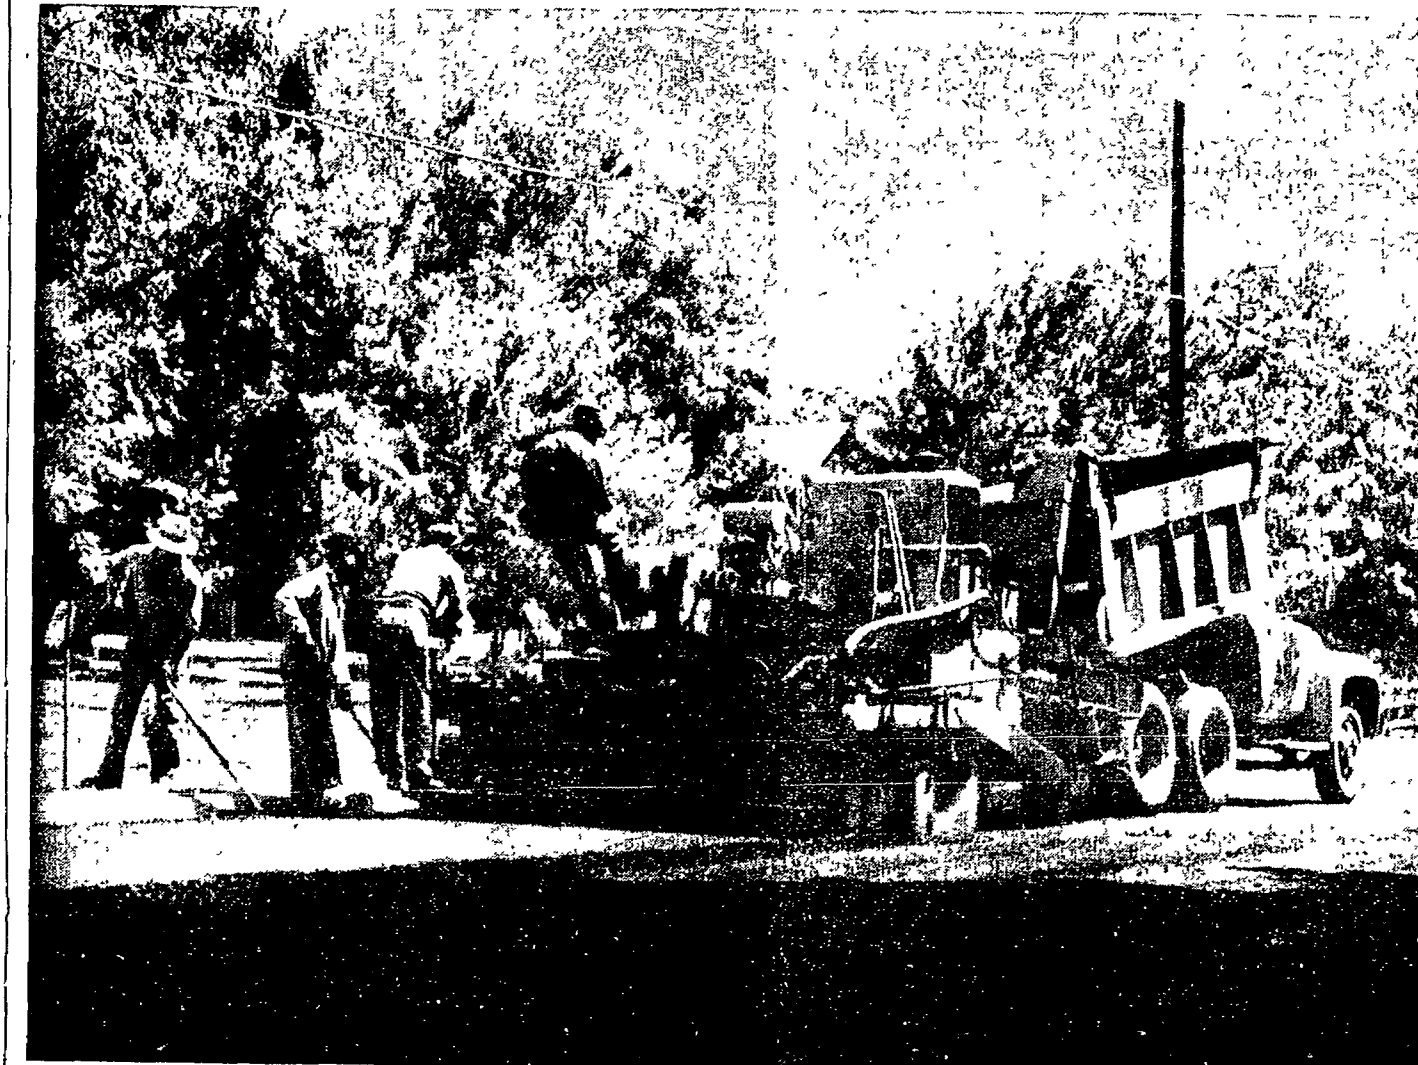

The boys will begin their return trip by bus to Garden City August 3, going by way of Tahquamenon Falls and the Soo Locks. They will camp overnight at Manistiquie and Standish, Mich., and arrive in Garden City at 5 p.m. Sunday, August 5.

The cost of the trip is \$65 which has been earned by each boy.

"The value of the trip cannot be counted," a local scout leader said, "these young men will never forget this health building, happy and instructive experience."

EXPLORER SCOUTS from the Sunset District who will be taking part in a two week canoe trip in northern Wisconsin are: left to right, back row: Don Blackwell, Garden City; Fred Artley, Belleville; Steve McCane, Livonia; Elwood Paff, Garden City; George Peterhaus, Garden City; Ray Hood, Northville; Frank Muller, Northville; Thomas Heatley, Northville; Bill Madigan, Northville; Robert Mitchell, Northville; Max Dillenbeck, Northville; and J. V. Culbertson, Livonia. Front row, left to right: Tom Leu, Livonia; Jim Culbertson, Livonia; Robert Pregitzer, Plymouth; Richard Kennitz, Plymouth; and Don Randall, Livonia.

PAVING IN NORTHVILLE is in full swing these days as the city begins to spend part of the \$52,600 budgeted for street improvements. Of that money, \$21,000 is to be spent for paving the following streets: North Rogers, Dubar, Linden, Rayson (Center to Hutton), Grace (Rayson to Baseline), Lake Ave., Carpenter (Lake to Baseline), Novi (Lake to Rouge), Rouge, and the north side of Oakland. The street improvement fund was increased by \$20,000 this year. The city's budget this year also shows an increase in income from racing as a result of the village incorporating as a city last year. The budget anticipates a receipt of a total of \$104,000 from racing at Northville Downs this summer.

Burglars Demolish \$800 Safe--Get \$15

An \$800 safe was destroyed and its \$15 contents stolen when burglars entered the offices of the Titan Pump & Engineering Co., 43600 Grand River, July 4.

Novi police and Oakland County sheriff's deputies who investigated the incident said that the burglars entered the building through a coal chute in the rear of the building. The safe had been opened with an acetylene torch.

The intruders evidently became frightened, Novi police said, because the acetylene was still flowing from the tanks when the police arrived shortly before 10 p.m.

A detective from the sheriff's office stated that the crime was apparently committed by a person or persons familiar with safe-cracking methods.

Harold Curtis, 44 Delaware St., Pontiac, vice-president of the company, said the safe, valued at \$800, was a complete loss. He estimated only \$15 at the most had ever been kept in the safe.

Unlicensed Driver Fined In Accident

Richard J. Brewer, 19, 19325 Gerald Ave., was fined \$5 and costs for operating a motor vehicle without a license.

Brewer was given a court summons when police investigated an accident in which he was involved July 2.

Brewer was driving east on Main street when a seven year old boy darted between parked cars and ran into the side of his car.

The youngster, James Zayti, 7, 47500 W. Eight Mile Road, was taken to Atchinson Hospital where he was treated for a bruised elbow.

Reckless Driving Costs Plym. Man \$60

Reckless operation of a motor vehicle resulted in a \$60 fine for a Plymouth man, Saturday evening.

According to Officer Eugene King, Raymond Leon Anthony, 19, 15777 Maxwell Road, Plymouth, " . . . failed to stop at the red flasher at North Center, passed a car on the yellow line, and was driving 60 m.p.h. in a 25 m.p.h. zone."

Anthony pleaded guilty and was fined \$60 and costs by Judge E. M. Bogart.

There Will Be A Hot Time In The Old House Tonight

Another "housewarming" has been scheduled for tonight at the Lincoln plant site, Novi department of safety officials announced early this week.

A two-story farm house, formerly owned by Novi Patrolman Richard Noble, is being burned as part of a training program by the Novi fire department in fire fighting techniques. The house was scheduled by Ford officials for immediate demolition but was turned over to the township for fire training purposes.

The structure, estimated to be

Heart Attack Fatal To Visitor At Downs

A 52 year old Flint man was stricken with a heart attack at Northville Downs July 7 and succumbed soon afterwards in Sessions Hospital.

Edward E. Johnson, 1433 Jean street, Flint, approached Police Chief Joseph Denton at the track and told him that he felt sick. Chief Denton took him to the first aid station and called Dr. Snow. An ambulance was summoned and Johnson was taken to Sessions Hospital where he died a half-hour later.

"Dr. Snow was in attendance all the time and did everything possible, but was unable to save him," Chief Denton said.

Erwin Resigns Post, Willowbrook Pair Named To School Bd.

James Erwin, member of the East Novi District school board for the past 36 years, resigned July 9 at the district's annual meeting.

Two Willowbrook residents filled the vacancies caused by Erwin's resignation and the death of Earl Banks.

Robert Byrd of Willowbrook was elected president of the board and Kenneth Bernard was elected secretary. Incumbent member Fred White will continue to serve as treasurer.

The new Willowbrook members of the board are understood to be favorable toward Novi's four-district consolidation plan. The rapid influx of residents in the Willowbrook area has been one of the main factors causing the currently critical school shortage in the Northville-Novi area.

Erwin's resignation came prior to his proposed change of residence this fall. At that time, he and his wife plan to move to a new home now under construction on the Silver Lake Road between South Lyon and New Hudson.

Nearly seventy district residents crowded Erwin's home at 40085 10 Mile Rd. for the meeting. An estimated 50 residents attended from the Willowbrook area alone.

Heslip Elected To Head Durfee School Board

Arthur J. Heslip, Novi dairyman, was elected president of the Durfee District school board at the annual meeting Monday evening.

Heslip's election was viewed with optimism by several officials of the Novi No. 8 School District, who felt confident he would be of help in the current consolidation plans.

Heslip, however, when asked about his views on consolidation with the Novi districts or annexation to Northville, said only that he thought the people in his district should be "better informed" on the whole question.

Heslip replaces Paul Beard, former president of the board, who resigned recently when the portion of Durfee district in which he lived was annexed to Northville.

Edmund P. Yerkes, secretary of the board, presided at the meeting. He told the group that the state's position, as explained to him by Oakland County Superintendent William Emerson, was that the consolidation question should be settled BEFORE any further action was taken by Durfee district regarding boundaries or annexation to Northville.

Yerkes' explanation apparently forestalled any attempts by the pro-Northville residents to take action at this time.

\$8,000 Race To Be Run At Downs Wed.

The \$8,000 Wayne County Pace, the third in the series of stakes, will be held Wednesday, July 18, at Northville Downs.

It is open to non-winners of \$10,000 in 1955 and will be raced in two dashes at one mile each.

Racing Secretary Harry Hatch reports 18 of the Midwest's best pacers have been nominated for this early closing event. These include many of the pacers who competed in the Northville Pace July 4.

Eligible for this race will be the great Guinea Gold who will go to post the favorite. Driven by Paul Hungerford this 11 year old went a mile in 2:01 4-5 on July 7, coming within 2-5 of a second of the Northville track record set by Red Sails two years ago.

Other standouts in the nominations include Bert Brennan's Mighty Brewer; John Toner's Luz; Charles Henry's Black Andy; Drumbeat Stables' Irish Mike and My Peggy; C. P. Chamberlain's Fenella Hal and Bill Brown's Royal Valley.

nearly 100-years old, is located at the north end of the plant site on the west side of Wixom Road.

A large number of spectators are expected to witness the burning, according to Novi Police Chief Lee Be Gole. Traffic at the scene of the fire will be directed by the former owner of the house, Patrolman Richard Noble.

Gunning - Willis To Marry In Detroit

An afternoon wedding is planned for this Saturday, 4:30 p.m., at the Metropolitan Methodist church chapel in Detroit for Mrs. Leota Gunning of Jackson and James Willis, 12191 Cardwell, Livonia.

Mr. Willis, in charge of newspaper make-up for the Plymouth Mail, was formerly an employee of the Northville Record and resided on Linden St. His daughter Rose Marie and son Richard attended Northville schools.

GETTING READY to board one of the buses that takes them to the beach every afternoon are a fraction of the regular swimmers. Hundreds of Northville children participate in the swimming program sponsored by the recreation department, according to Stanley Johnston, recreation director. Very often, as many as four buses are used to accommodate the youngsters.

A cool salad for summer—one you can make and keep in your refrigerator—that is our recipe for this week provided by Mrs. Lawrence Bogart of Linden St. Cucumbers are plentiful now and inexpensive and have a special appeal in hot weather. This salad has eye appeal too—pale green and refreshing looking.

The Bogarts recently built an attractive brick ranch home featuring a pink and brown kitchen with corner windows and sink. Green plants beyond the sink form a pleasant background for this light colorful kitchen.

Young Larry, five years of age, will enter kindergarten next year.

Cucumber Jelly Salad

1 pint grated cucumber
Salt and paprika
2 tablespoons vinegar
1 tablespoon oil
1 teaspoon gelatin
2 teaspoons cold water
6 halves walnut meats
Mayonnaise and lettuce leaves.

Peel cucumbers, removing most of white as well as green skin. Grate enough to make one pint and season with salt, paprika, vinegar and oil. Add gelatin mixed with cold water. Place over fire until warm and well mixed but do not boil. In the bottom of an individual mold place a half kernel of walnut, then pour in the cucumber mixture. When cool, chill in refrigerator. When ready to serve, turn each mold on to fresh lettuce leaves and add a spoonful of mayonnaise. Serves six.

How spiritual understanding of God as divine Life brings increased strength and usefulness will be brought out at Christian Science services this Sunday.
Scriptural readings in the Lesson-Sermon on "Life" will include the following from Psalms

(66:8,9): "O bless our God, ye people, and make the voice of his praise to be heard: Which holdeth our soul in life, and suffereth not our feet to be moved."
Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (487:27): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."
The Golden Text is from John (5:26): "As the Father hath life in himself; so hath he given to the Son to have life in himself."

OUR CHRISTIAN LIFE—A PILGRIMAGE

It happened in the town jail on the old bridge across the River Ouse that John Bunyan in 1678 conceived his world famous masterpiece, "The Pilgrim's Progress." Here, perhaps influenced by his own sad condition in these dreary surroundings, he began sketching in the likeness of a dream the heavenward journey of a pilgrim named Christian. Bunyan in his

book describes this character as a man clothed in rags, with a heavy burden on his back and a book in his hand, fleeing from his home and the wrath to come, looking toward the distant light and crying: "Life! Life! Everlasting Life!" Christian is portrayed as being absolutely sure of his goal because it is promised to him in that book which he is carrying, the truth of which, he maintains, is confirmed by the blood of Him that made it. With unflinching trust in the Word of God as his guide, Christian goes past many dangerous and treacherous by-paths and through such dangers as The Slough of Despond, and The Valley of the

Shadow of Death until he finally reaches that bright and glorious city of Zion.

All Christians are such pilgrims. They have here no continuing city, but look for a city which has "foundations, whose builder and maker is God." (Hebrews 11:10). They must flee from this Sodom before the oncoming destruction and find refuge in a city that is eternal and indestructible.

But traveling as he is to a place where he has never been before, the Christian pilgrim needs a reliable guide, one which will correctly point out the path he is to take. Our gracious Lord

Mich. Bell Makes Record Payment

Lansing, July 10—The largest single payment in the history of

the state's primary school fund was made last week by the Michigan Bell Telephone Company.

The company turned over the first half of nearly ten million dollars in state taxes, topping 1955's record levy by one-and-a-half million dollars. The company's 1956 tax of \$9,792,322 again makes it the largest single contributor to the fund.

The first half-year payment of

\$4,896,161 was turned over to the state by Herbert F. Lange, the company's vice president and treasurer. Another check for a like amount will be received by state revenue commissioner Louis M. Nims on Oct. 31.

The 1956 payments will bring Michigan Bell's total contribution to the primary school fund to more than \$138 million since

THE NORTHVILLE RECORD—Thursday, July 12, 1956—5

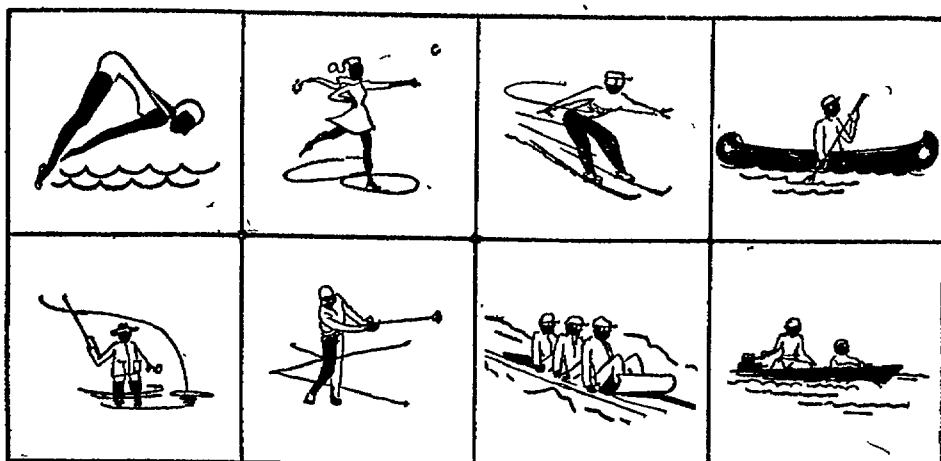

the company's organization in 1904.

Under law, the company's state tax is levied in lieu of all other local property taxes, and is earmarked for the school fund. Distribution is made throughout the state on the basis of the school census figures.

Other companies following the

same provision include railroads, telegraph, Railway Express, Pullman and other telephone companies.

tells us that we have such safe direction given to us in the Word of God. Therefore, the Psalmist exclaims: "Thy Word is a lamp unto my feet and a light unto my path." (Psalm 119:105).

According to the following verses of this same Psalm, the Word of God lights our path in danger, it quickens us in time of affliction, and it rejoices our hearts.

Because of these marvelous benefits the Christian pilgrim can be truly happy. By faithfully reading and hearing the Word of God he is constantly told: "You are on the right path; for you believe in Jesus, who is the Way, the Truth, and the Life. Your journey on earth is not so long. Soon my light will guide you into the everlasting light. It will not be long before you will replace your staff with a crown of glory, not long before you will be in the dazzling company of the seraphim and cherubim, not long before you will take your place in the heavenly choir to sing with angels the praises of Him who laid down His life for you, not long, for He, your Savior, might end your journey any day and take you to Himself."

In view of this, the believers need not dread the thought of getting older, for they know that every passing day and year brings them nearer to their eternal home and to a much richer, fuller, and more beautiful life than shall ever be known on this earth.

**Loch Alpine Subdivision Opens
Model For Public Inspection**

PICTURED ABOVE IS the fireplace corner of the Ridgecrest tri-level living room, showing also the half-flight stairway to the bedroom level and a corner of the dining area. Although post and beam construction is illustrated above, the model at Loch Alpine is also built with conventional ceiling.

Grand opening ceremonies at Loch Alpine subdivision, last weekend officially opened the area to public inspection.

Nestled in 600 acres of wooded, rolling hills just northwest of Ann Arbor on Huron River Drive, Loch Alpine boasts two gemlike lakes and a tournament-tested 18-hole golf course.

Five hundred and forty-eight home-sites have been laid out and the lots will be, at least 100 by 150 feet.

According to developer Calvin Shubow, over half a million dollars is being invested in sewer lines, disposal plant and a water system to give residents the benefits of all municipal utilities. This construction work, underway since April, is scheduled for completion this summer.

Two building companies are now constructing homes in the area. They are: Ridgecrest Building Company, under Benjamin Backin and Bernard Goldberg and Alpine Heights Company under Ralph L. Stelzer, George H. Blostein and Larry Shalit. All are Detroit-area builders.

To preserve the custom-developed appearance, builders will not build on adjoining lots, and all home elevations will be different. Present lot owners and lot buyers may select their own custom builder if they desire. However, all home plans must be approved by the Loch Alpine architectural committee before construction is undertaken.

Other features in the subdivision, include scenic, winding roads, natural gas, school transportation, and plenty of space for outdoor family living on estate-size lots.

The furnished model has been built by the Ridgecrest Building Co. Probably the most dramatic feature of this house, aside from its site, is the large living room with cathedral-type ceiling and exposed beams. A huge window wall across one side of the room provides a view of the lake. A natural fireplace with raised hearth of brick adds interest. The split-level design provides space for a large activities room

below the bedroom wing. A sliding wall at one end provides direct access to a terrace on the lake side of the house.

There are three bedrooms and a compartmented master bath on the upper level.

The kitchen is at the front of the house and features a strip of windows across the entire work surface, which includes the sink and built-in range.

Clerestory windows above the cabinets make this kitchen one of the best daylighted kitchens you will see anywhere.

Dividing the kitchen from the living-dining area is a built-in combination snacktable and service bar. All cabinets are mahogany.

The firm is building a second model, to be called the Rancho Rey. It will have a full basement and a two-car garage with a breezeway.

**Lt. Gov. Candidate
To Speak At Dinner
In Salem July 13**

Clarence Reid, candidate for Lieutenant Governor, will be the principal speaker at the lawn buffet dinner sponsored by the Salem Republican club, July 13.

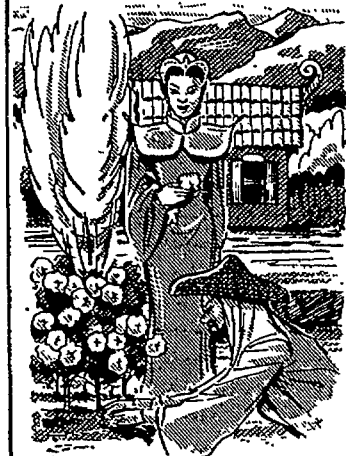

George J. Schmeman, 7095 East North Territorial Rd., will be host to the party which is scheduled for 6 p.m.

The purpose of the dinner is to acquaint the public with the Republican and non-partisan candidates for nomination at the August Primary election. The public is invited.

**A Tip in Bible
Interpretation**

One of the problems that faces a student of the Bible is to discern what things are to be taken literally, or what things are to be taken figuratively; that is, with symbolic meaning.

Both ways of interpretation have their place if one is to properly understand the meaning of the Bible. However, we must be careful that we do not spiritualize a truth that is meant to be taken literally and thus cloud the true intent of the scriptures. Let me pass on to the golden rule of interpretation advocated by the Biblical Research Society. "WHEN THE PLAIN SENSE OF SCRIPTURE MAKES COMMON SENSE, SEEK TO OTHER SENSE; THEREFORE, TAKE EVERY WORD AT ITS PRIMARY, ORDINARY, USUAL LITERAL MEANING UNLESS THE FACTS OF THE CONTEXT INDICATE CLEARLY OTHERWISE." This is a safe rule to follow and one cannot go wrong in using it in the study of God's holy word. The most outstanding error which many Christians make is that of spiritualizing and allegorizing all scriptures dealing with the national glory and restoration of Israel to the land of Palestine. Another common error is to spiritualize the actual visible return of Jesus Christ to this earth to establish his Kingdom over all the earth. May I warn you against spiritualizing this truth.

Just like man, the life span of a dog is longer today than it was 40 years ago. And like any human, a dog requires special care during the autumn days of life. Because the older dog is less active, his diet should contain less calorie content. Don't let

Dog of the Week:
TOY MANCHESTER TERRIER

him get fat. He will live longer and more comfortably if he is on the "slender" side. Make certain he receives sufficient vitamins, minerals and proteins, and see that he drinks plenty of water.

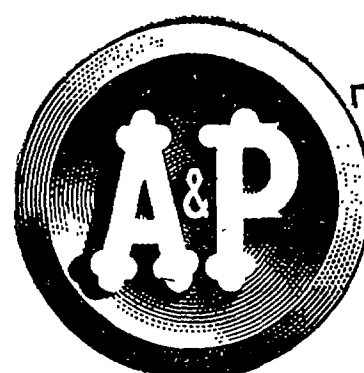

Exercise is important, but it should be moderate. His days of running and jumping may be past, but your pet will enjoy leisurely walks. He'll spend more time sleeping than he once did. Make sure that he is out of drafts and has a comfortable place to sleep.

The elderly dog feels heat and cold more than the younger one. Be careful not to leave him too long in the hot sun or in closed cars in the summer. In the winter, a sweater or coat will add to his comfort. If he gets wet, dry him off to avoid chilling.

The aging dog becomes set in his ways. He may favor a certain chair, and he'll want the same food, fed from the same dish at the same time every day. Changes upset him.

Have the veterinarian check him periodically, with particular attention to weight, teeth, heart, and lungs.

Feeding Tip: Better underfed than overfed the older dog. He needs a diet which is 20 to 25 per cent protein. He can get it by proper feeding of a high-quality, complete dog food.

New Manager For N'ville Men's Shop

Charles Lapham assumed the
position of manager of the North-
ville Men's Shop July 1, follow-
ing the resignation of George Sin-
clair, who has held the man-
agerial position for the past four
and a half years, told the Record
that he has no definite plans for
the future.
Lapham graduated from North-
ville High School in 1952 and
served in the U.S. Army for two
years. His retail experience in-
cludes working in the Northville
Men's Shop during summer vaca-
tions, week-ends, and as a regu-
lar employee since October 1955.
Lapham is married and the fa-
ther of a nine month old daugh-
ter, Terry Lynn. His residence is
at 835 E. Main Street.

P. Schulz Jr. To Graduate In Conn.

Paul Schulz Jr. will finish his
course in electronics at Groton,
Conn. on July 16. He will receive
a rating of Seaman 3rd class, el-
ectronic technician.
Following graduation, Paul will
return to Northville for a ten day
leave and then travel to his new-
ly assigned station.

It's only July- so why miss the fun?

(It's a great time
to buy a Buick!)

IN ALL TRUTH — when would be a better time
to buy your new Buick than right now?

When else could you drive home a better bar-
gain — with your present car now worth more
than it ever will be again — and while Buick
prices are within easier reach of more people
than ever before?

And when else will there be better weather —
more hours in the day — more yen for going —
more places to go — more fun on tap — more sports
in season?

So you get the most good, and the most car
right now in a new Buick...

Because the new Buick you boss today is far
and away the best Buick yet...

Because simply seeing this Buick beauty stand-
ing before your door is enough to spark your
spirits...

Because, eager as a colt in clover, it can barely
wait for key and throttle to turn loose the
boundless power of its big 322-cubic-inch V8
engine that revels in running...

Because it spices every moving moment with
sweet-riding joy that makes even the simplest
errand an enjoyable excursion...

And because you relax in the wide open spaces
of its rich interior — while Variable Pitch
Dynaflow* performs its pace-making magic with
a smoothness matched nowhere else on wheels.

So why waste time?

Come let the Buick you could be driving show
you what wonderful sense it makes to buy in
July.

Come now — the model that matches your ideas
and dollars may be ready for delivery this very
week — and at a whale of a fine deal too good
to pass up.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow
Buick builds today. It is standard on Roadmaster, Super and
Century — optional at modest extra cost on the Special.

Turtle Race To Be Held Tues. July 17

The third annual Turtle Race will be held Tuesday, July 17, at the Northville high school playground. Post time for the first race will be 10 a.m.

Stanley Johnston, recreational director, said that all youngsters between the ages of five and fourteen years will be eligible to enter their turtles in this recreation sponsored activity. Cash prizes will be offered for the first three places in all of the five races.

The owners will deposit their speedsters in the middle of a circle which will be 30 feet in diameter. At the signal from the starter the starting gate will be lifted and then it's anybody's guess as to what will happen.

The age groups for the race are as follows: 5-6, 7-8, 9-10, 11-12,

and 13-14 years. Each owner can enter as many turtles as he desires within his age group. The races will start with the 5-6 year age group.

First prize in each race will be three dollars (\$3); second prize

Letters to the Editor

"Dear Editor:
 Driving past the Northville race track the other day I was overwhelmed by the feeling that it would be the most logical and the best possible location for the new Northville High School now being planned. If I recall correctly, one of our "smart" community leaders seriously proposed that we consider locating our new High School at the city dump — between the railroad tracks and the gravel pits! I would suggest that we DUMP the race track and locate our new high school on the race track site, where there would be ample space for ALL high school outside activities, etc.
 Signed: Northville resident."

TO "NORTHVILLE
RESIDENT"

Your letter overlooks two important factors. First, regardless of your personal dislike of racing, the track has become an important source of tax revenue to the city of Northville and it is extremely unlikely that Northville would want to sacrifice this revenue merely to put a high school on the present race track site.

Second, the cost of the race track site would be prohibitive as compared with other vacant sites which are available. We doubt if the taxpayers would be willing to assume this higher cost, especially when it would mean for those who live in Northville the giving up of a large income they receive from the track.

Your signature "Northville Resident" is doubtless due to the fact that as a resident in the Northville community you regard yourself as a resident of Northville. Many of us who live in the township, including the writer, think of ourselves as Northville residents. When we advocate a course of action that may be opposed to the interest of the city, however, it is well to identify ourselves as township residents if that is the case. We therefore point out that you are in fact a resident of the township who lives some distance from the track.

EDITOR.

LETTERS TO THE EDITOR:
TO THE EDITOR:

Although I had hoped never to leave education as many others have done because of the salaries involved, I am now working for the Special Defense Projects Department of the General Electric Company. However, as Personnel Development Specialist, I am actually doing work similar to the vocational guidance work I did while teaching chemistry and physics at Northville from 1949 to 1952. Industry pays more for counseling and placement activities than citizens of most communities are willing to spend for their children.

I have been very interested in

the Record articles on education and the Northville schools. You are doing real public service in trying to make the community aware of its problems and responsibilities in this area. I fully support this campaign of the Record.

If your readers would be interested in what industry is doing to increase job satisfaction and to develop managerial abilities, I would be glad to send information to you concerning the program I am planning for Special Defense Projects.

Sincerely,
 Carl H. Zwinck,
 Philadelphia 2, Penna.

LETTERS TO EDITOR
THE EDITOR

I was quite interested in the article from the Pastors Study which appeared in the Northville Record July 5, especially since the Federal Textbook on Citizenship, Our Constitution and Government, states on Page 41, in the first amendment of The Bill of Rights Quote (we see, first of all, that the Government is to be kept separate from the Church.)

So how can the Secretary of Labor, and the Federal Court, declare that Church members may not donate their services, in an effort to further the services of Christianity.

I am sending the article to the editor of a Detroit paper for comment.

I would suggest that a copy of the article be sent to Senator Charles E. Potter, Senate Office Building, Washington, D.C.
 Sincerely,
 Mrs. Elmer M. Hollis,
 Detroit.

Midget Ball Team Wins Last 3 Games

After a shaky start at the beginning of the season, the Northville Midget baseball team came back to win their last three games in the Livonia League competition with the following scores: 10-0, 9-4, and 6-1.

The 9-4 win came against the first place Jefferson School of Livonia.

The 10-0 score was accomplished by the fine pitching of 12 year old Stephen Juday. This game was a no-hitter.

Last Tuesday, Steve and "Butch" Willing shared the pitch-

ing chores and earned another no-hitter, 6-1.
 This team is composed of boys between the ages of 10 and 12. They are sponsored by the Northville Recreation Dept. and Managed by Mike Willing of 19300 Smock Road.

Obituaries

Andrew Beller, aged 77, died July 3 at Beyer Memorial Hospital, Ypsilanti. He was born Feb. 14, 1879 in Ironton, Ohio and his parents were Christian and Pauline Beller.

Besides his wife Anna of 226 S. Wing St., he is survived by four sons: John of Portland, Ore., and Carl, Jake and Howard of Northville; one daughter, Mrs. Gladys Alkire of Northville; four brothers: Charlie of Plymouth, Joseph of Spokane, Wash., and Jacob and William of Seattle; and two sisters: Mrs. Mary Jenkins and Mrs. Emma Bachelor of Peoria, Ill.

Mr. Beller had lived in Northville for the past 20 years and he was a member of the Holy Name Society of Our Lady of Victory church. He was a retired employee of the Wayne County Road commission.

Funeral services were held Friday morning at Our Lady of Victory church. Rosary was said at the Casterline Funeral home at 10 p.m. Thursday. Burial was in Rural Hill cemetery.

EDWARD C. RINGLE
 While on vacation with his family near Morley, Michigan, Edward C. Ringle of Walled Lake succumbed to a heart attack July 1. A son of the late Helmut and Leona Burden Ringle, he was born at Novi, Sept. 17, 1911.

Much of Mr. Ringle's early life was spent on the Coldren farm on Six Mile and Napier roads and he attended Thayer school and the Salem Congregational church. He married Louise Hughes in Galion, O., Nov. 23, 1946. He worked for the Consumer's Power company in Plymouth.

A memorial service was held in the Schrader Funeral chapel July 5, with a former neighbor, Rev. C. M. Pennell of South Lyon, officiating. Interment was in Thayer cemetery.

Surviving are his wife, Louise, a daughter Deborah Sue; two brothers, William of Helena, Mont., and Albert of Milford and his sisters, Mrs. Louise Noggle and Mrs. Jennie Montague, both of Walled Lake.

Funeral services will be held at 10 a.m. Monday at the Schrader Funeral chapel.

Interment will be in Thayer cemetery. The family requests that contributions be made to the Thayer cemetery fund.

THE DRIVER'S SEAT

In the Texahoma section of the Oklahoma Panhandle, there's an unusual road sign. It reads: "Warning . . . Air Currents."

Careful motorists, who are always alert to traffic signs and safety markers, are normally startled by this one, but they soon discover why it is there.

It seems that, on this particular stretch of U. S. 4, strong wind currents form violent eddies when the hopped-up breeze bounces off a string of grain elevators near the highway. These eddies tend to whip cars off the road and toward the elevators. But, since the warning sign was erected, no accidents have been reported.

Read that again—"Since the sign was erected, no accidents have been reported."

This, of course, is the goal of the experts who design all traffic safety signs and of the officials who place them at strategic points along our highways. For these specialists, there can be no greater praise than the citation: "No accidents have been reported since the sign was erected."

Have you ever stopped to

think about all the work—brain-work, laboratory work, and manual labor—that goes into the development and proper placing of traffic signs and safety warnings?

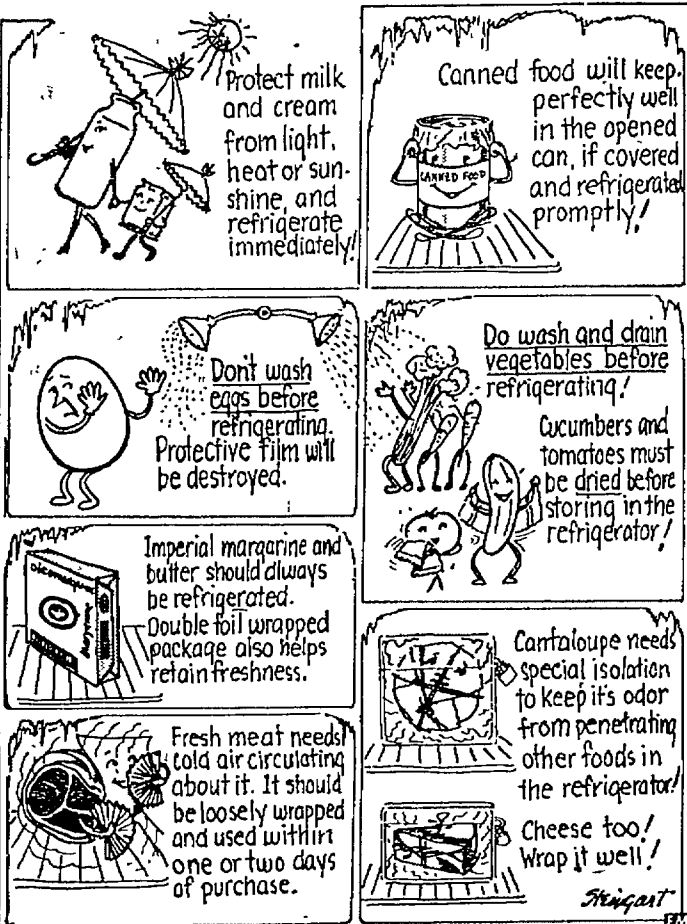

The sign that says "STOP" . . . the marker warning of a "Dangerous Curve Ahead" . . . the signs of many types that speak to you by day and flash their message at night with the reflected beam of your headlights . . . the crossbucks and signals at railroad crossings—there is nothing haphazard about the placement of these signs, nothing casual in what they say. They were designed and put up with one object in view—to save your life.

No ship's pilot ignores warning buoys; no railroad engineer disregards a block signal set at "Danger," but too many motorists, in the driver's seat of a ton or more of charging metal and machinery, daily ignore the markers that can spell the difference between life and death.

What do you suppose a driver is thinking when he keeps going at a "Stop" sign? When he fails to slow down for a well-marked curve?

If you can answer these questions, you'll receive a Distinguished Safety Award with Silver stars. But until you do, drive carefully and don't give the experts a chance to ask the same questions about you—you may not be around when THEY come up with the answers.
