

## Race Track Syndicate Seeks Site In Novi

Board Asked If Novi People Want Track

The possibility of a race track in Novi township was discussed by township board officials at their semi-monthly meeting Monday evening.

Sewage disposal, traffic signs, injunctions and septic tank inspection fees were also topics of discussion at the meeting.

Supervisor Frazer Staman told the board he had been approached by the same group of businessmen who have been attempting to secure a site for a race track in the western end of Farmington township.

### Farmington Out

"They are not going into Farmington," Staman declared. "There is another place in Novi they would consider...also, the City of Dearborn will give them 250 acres of land. The matter should be considered."

After being told that the group proposed spending five million dollars on the installation, Treasurer Charles Trickey, Jr. asked

### Law Changed?

Staman also said that he understood the law had been changed in order that townships might be eligible for a share of the pari-mutuel receipts. (The City of Northville now receives approximately \$90,000 as its share of the receipts each year).

When asked where the proposed site for the track would be, Staman said he understood it was NOT the previously proposed site on the Holcomb property (an area at Meadowbrook Rd. between 11-Mile and Grand River).

### Sports Arena

The group is reluctant to announce the newly proposed location until all of the necessary options had been secured, according to Staman.

"I've been told that approximately 152 acres would be involved," he added. "They say they're not going to Farmington, regardless of the (current rezoning) election. If it doesn't go here it goes in Dearborn."

"Would it be their idea to make a large sports arena...to be used for other things too?" Trickey asked.

"That's right," Staman replied. "It would be used for more than horse racing."

The discussion then ended with the board members agreeing to think the matter over and seek public reaction to the new proposal.

## Eagles Aux. Plans Benefit For Carol Ann

A benefit dinner for Carol Ann Donnelly will be held at the American Legion Hall Sunday, Aug. 26.

Sponsored by the ladies auxiliary of the Fraternal Order of Eagles, the dinner will be open to the public.

Tickets will go on sale next week: \$1.25 for adults and 75 cents for children.

Contributions to the fund for the three-year old leukemia victim continue to arrive at this office.

Started four weeks ago, the fund has soared to \$770.

### Contributions

Mr. and Mrs. Donnelly would like to thank the following persons who contributed to the fund this week:

Mr. and Mrs. George Lien, Philip Ogilvie, C. Harold Bloom, M. I. McCordle, G. R. Correll, A. M. Thompson, Mr. and Mrs. Elmar Iversen and Mrs. Minnie Van Hove from Riverside, Calif.

## Northville Schools To Open Sept. 4

Northville schools will open Sept. 4 according to the 1956-57 school calendar which was adopted at a recent board of education meeting.

The calendar proposes 185 days of school for local children.

Christmas vacation will begin Dec. 21 and end Jan. 2.

Easter vacation will begin Apr. 17 and end Apr. 24.

The final school day next year will be June 15.

IT'S CHERRY PICKING TIME in the Northville-Nowi area. Energetic cherry eaters can pick their-own in many of the surrounding orchards just as lovely Joan Perry is doing. The pick-your-own fad started during the war years when help was at a premium. The results were satisfying and most of the growers have continued the practice. By the way...Joan can bake a cherry pie, too.

## Public Hearing Set For City Manager Ordinance

"Citizens of Northville will have the opportunity to speak for or against the city manager ordinance when the city council conducts a public hearing at the city hall Monday, July 30 at 8 p.m.

Councilmen Canterbury, Reed and Stubenvoll, members of the city manager committee, recommended the adoption of the ordinance. The council will vote on it at the regular meeting Aug. 6.

If the ordinance is passed, advertisements for a city manager will be inserted nation-wide with the hope of having a selected man in office by Oct. 1. The salary range will be \$6,500-\$8,000.

## 87 Turtles Entered In Races

(See pictures on page 6)

Eighty-seven children entered 87 turtles in the third annual Turtle race, sponsored by the Recreation Dept. Tuesday, July 17 at the Main St. school playground. One hundred and fifty spectators watched the races. Prizes were won by the following children:

### 6 Years and Under:

Linda Russell, first; Kevin Wenker, second; Tery Kingsley, third; Susan Zerbel, smallest; Kevin Wenker, largest; Kevin Wenker, best decorated.

### 7-8 Years:

Mary Severance, first; Billy Davis, second; Elaine Manzel, third; Earl Leavenworth, smallest; Elaine Manzel, largest.

### 9-10 Years:

Jimmy Lup, first; Jackie Phillips, second; Linda Bolton, third; Garry Davis, smallest; Pat Mados, largest; Bobbie Davis, best decorated.

### 11-12 Years:

Charles Leavenworth, first; Charles Strautz, second; Richard Burton, third.

### 13-14 Years:

Bob Earehart, first; Mike Mados, second; Judy Peck, third; Dorothy Sutherland, smallest; Mike Mados, largest; Dorothy Sutherland, best decorated. The prize for the most original unusual decoration was awarded to Ray Doeksen. Ray had a sulky wired to the turtle...you know harness racing.

## \$25 Damages Soar To \$409 As Car Is Struck 2nd Time

"Oh no," moaned Edward Whitmire, 42, 189 Hamilton, Plymouth, as he watched his car being struck and pushed into a parked car minutes after his first accident Wednesday evening July 11.

Whitmire, according to police reports, was traveling south on Plymouth Rd. when Marguerite Villenore, 15745 Washburn, Detroit, made a left turn at the intersection of Johnson and Plymouth roads without first stopping. Her car struck Whitmire's. Northville police were called to the accident and damages to both cars was estimated at \$25.

"We had no sooner written up the accident," Chief Denton said, "when we looked up and saw another car hit Whitmire's car and push it into a parked car." The driver of the third car, John W. Clarke, 18, 720 Fairbrook, said that he was traveling south on Plymouth when he passed a car and struck Whitmire's car which was sitting in the middle of the road.

The parked car was owned by Delford Presley, 28, 8083 Sussex, Detroit, who was attending the races.

The following damages were reported: Whitmire's car, \$409; Clarke's car, \$250; Presley's car, \$86.57.

No complaints were signed and no arrests were made.

## Novi Twp. Plans to Block 2nd Annexation Attempt

Novi township officials took steps Monday evening to block annexation of a second parcel of township land by the City of Northville by unanimously authorizing the township attorney "to go ahead and stop the (Aug. 7) election on annexation."

The property proposed for annexation lies between the 8 and 8 1/2 mile lines and runs approximately 1/4 mile west from Center St. It contains the Amerman school and the land upon which the Northville Board of Education proposes to build the new Northville high school. Five private residences are now located in the area, as well as a piece of vacant land which is to be subdivided if and when the annexation is approved.

This decision by the Novi township board follows closely the legal steps taken by Warren Products Co. to invalidate the recent special election held to vote on annexation of a large piece of property including the "Yerkes farm" northwest of Baseline and Novi Rd. Completion of the annexation, which was approved by the voters concerned, is being held up by a temporary restraining order issued upon the petition of Warren Products.

In bringing the proposed annexation before the board, Supervisor Frazer Staman said: "On the 7th of August another (annexation) election is coming up. I think that if we have the approval of the board, we should try to stop it."

"I think the law is unconstitutional...and if we are going to take something away from people, they should have a right to vote on it. I think we should authorize Mr. Leonard to get an injunction to stop it," Staman declared.

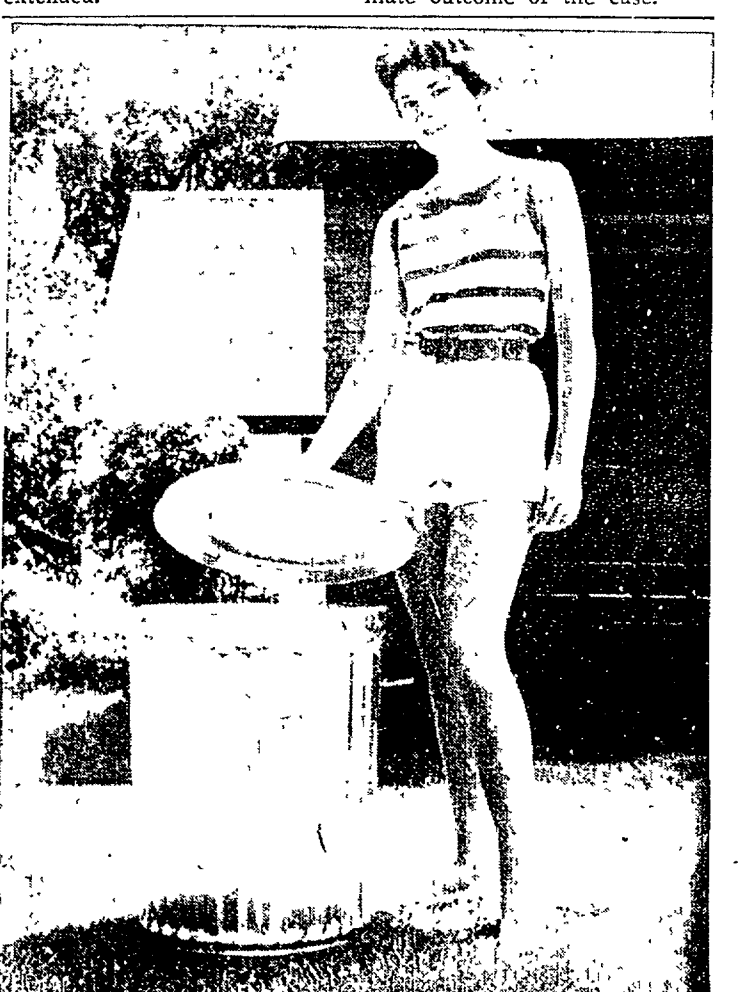

The statement was made that since Novi is not yet able to incorporate as a city, it is liable to unlimited encroachment of its territory by either Walled Lake or Northville.

"If something isn't done, we don't know where they'll stop," Treasurer Charles Trickey stated. "Real estate operators are in here (the area) proposed for annexation (Aug. 7) the same way," Staman declared. "These people have sold their property and by agreement have to stay there and vote to go into the city."

Staman told the board and spectators that at the July 16 hearing Northville had asked for and received extra time to file additional briefs as defense in the current legal action brought against them by Warren Products Co.

The company was granted a "temporary restraining order" June 21 and the original hearing was set for July 2, then postponed until July 16.

The court's findings will determine whether a permanent injunction invalidating the June 21 election will be granted. The fate of the D&R Building company's 250-home "Yerkes farm" subdivision hinges on the ultimate outcome of the case.

DO YOU HAVE one of these around your house? If you don't, you'd better get one. The city council will soon begin enforcing their ordinance concerning garbage cans and if you don't have one that measures up to specifications you'll have to answer to the judge. Janice Stanford, 17, who is as smart as she is pretty, demonstrates what you need: a non-leak garbage can with a capacity of approximately 100 pounds, a tight-fitting lid, and a handle on each side. For more detailed information consult the ordinance, page 4.

## California Couple Create Sensation In Northville With Their 1908 Locomobile

Mr. and Mrs. Nelson Holmwood from Newport Beach, Calif., stopped in Northville for a few days to visit a cousin, Clifford Turnbull, 222 Fairbrook, and created quite a sensation with their 1908 Locomobile.

The Holmwoods left this week for Tawas where they will meet with other antique car owners July 29. The couple belong to the Antique Automobile Club (an eastern club) and the Horseshoe Carriage Club (a western club).

The 1908 Locomobile limousine has four cylinders. Its average speed is 30-40 mph and it gives 12 miles to the gallon. The Holmwoods drive 200 to 275 miles a day. Parts for the car have to be

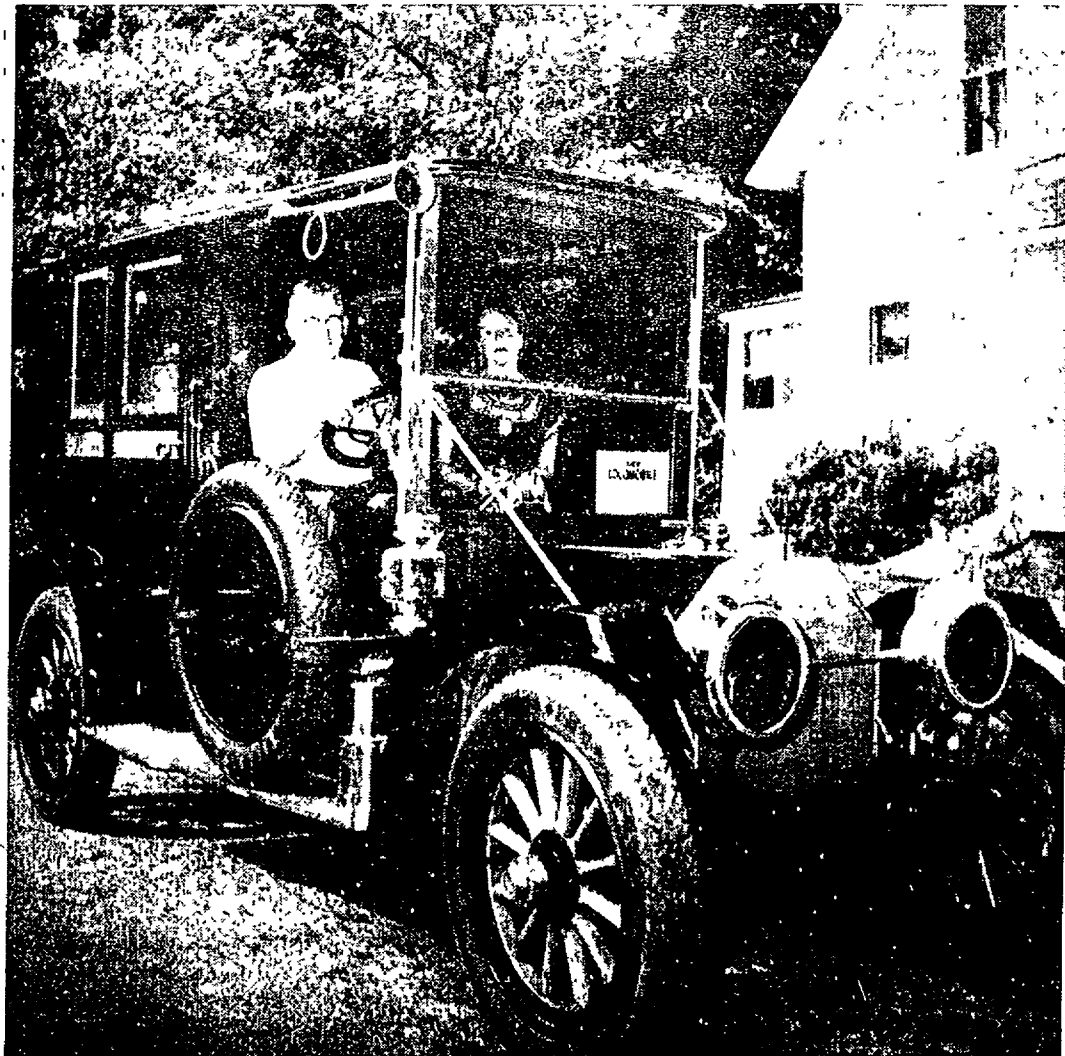

made special, such as carbide headlamps and kerosene side-lights.

The Holmwoods bought the Locomobile in Los Angeles two years ago. It was formerly owned by "Lucky" Baldwin, one of the wealthiest men in California in the early 1900's. The car has been stored outdoors under canvas for years and according to Holmwood, "It was in rough shape when we bought it. It took a year to fix it up."

The Holmwoods chose the Locomobile for their trip because it has ample luggage space. They took short trips with it around the west last year, but this is the first long trip. They intend to

travel through New England and some parts of Canada before meeting 300-400 other antique car owners at a convention in French Lick, Ind. sometime in September. They hope to be back in California by mid-October.

"People ask us if this is the only car we have," the Holmwoods said. Besides their \$6,500 Locomobile, the Holmwoods own an 1897 Neff Steamer, 1901 one cylinder Gasmobile, 1906 six cylinder Ford Model K, 1907 International, 1909 Autogub, 1917 Dodge, 1923 McFarlan, 1927 Franklin, 1927 Chevrolet roadster, plus several new cars for regular use.

Mr. and Mrs. Nelson Holmwood ready for a take-off in their 1908 Locomobile.

## New High School Site Told; Negotiations to Begin Soon

A motion was made and passed at the July 2 board of education meeting that the Manning & Locklin property, plus the Ralph Batzer property, be designated as the site of the new high school and that negotiations be opened at once to determine if the properties are available.

### Car Stolen from Side of House

A 1946 Plymouth, green, 2-door sedan was stolen from Robert Dixon, 234 N. Rogers, Monday morning.

Dixon said that he parked his car at the side of his house shortly after midnight and discovered it gone in the morning.

Northville police sent a teletype message to other police in the county and the license number was relayed state-wide; however, as of press time the car has not been recovered.

The license number is CB1498 and the motor number is P1533-498. Any information concerning this theft should be given to the Northville police department.

The Manning & Locklin property is west of Oakwood subdivision and adjoins the site of the elementary school on the south and west.

This property was recommended by Eberle M. Smith Associates, Inc., architects and engineers, as the most desirable of four suggested locations for the proposed new Northville high school.

Other sites suggested earlier this year by the Citizens Advisory committee were: the Waldo Johnson North Center site, Cass Benton Park site and the Gerald Avenue site.

## Shower Honors Bride-To-Be

Miss Nina Freytag of Ypsilanti was guest of honor at an Around-the-Clock shower Saturday, July 14.

The shower was held at the home of Mrs. H. F. Wagenschütz, 341 Beal St. Co-hostesses were Mrs. D. P. Yerkes, Jr. and Mrs. William Lovett.

Approximately 22 guests played games, enjoyed refreshments and watched the bride-to-be open her gifts.

Miss Freytag will marry Conrad Burkan Aug. 4. Burkan is the son of Mr. and Mrs. John Burkan, 535 E. 8-Mile Rd.

Our recipe this week, "Brown Sugar Pie", is one of the oldest that Mrs. Charles Strautz has.

"It's a family recipe that has been handed down from generation to generation," Mrs. Strautz said. "My grandmother taught me how to make this pie soon after I was married, though why it's called Brown Sugar Pie I'll never know," she said.

Mr. and Mrs. Charles Strautz live at 413 Randolph. They have two sons, Fritz 13 and Charles 11

### Brown Sugar Pie

2 eggs  
1 cup white sugar  
2 cups sweet cream (milk or top cream may be substituted)  
1 tsp. vanilla  
pinch of salt  
3 tbs. brown sugar  
1 scant tablespoon flour  
1 unbaked pie shell  
Mix brown sugar and flour together and line the bottom of the pastry shell.  
Mix eggs, sugar, sweet cream, vanilla and salt in general method for making custard and pour very carefully over flour and sugar mixture. Dot with butter.  
Bake in preheated oven 400 degrees for 20 minutes then reduce heat to 350 degrees and bake about an hour until the custard is firm.

## 4 N.H.S. Students Return from 11th MSU Music Course

Becky Kellogg, 310 Orchard Dr.; Carla Johnson, 45840 Northview Rd.; Joann Hinman, 415 Yerkes St., and Lou Ann Comer, 115 Church St., completed the 11th annual Youth Music course at Michigan State university June 25-July 14.

The course offered high school students the opportunity to improve themselves musically so they can make a better contribution to their own school groups next fall.

Students were divided to form a concert band, training band, orchestra, chorus and numerous ensembles. Classwork included music theory, conducting, music listening, a companying and other phases of music.

## Tip To The Ladies On How To Win State Fair Prizes

Attention all Michigan-home-makers!

Here's a tip to make it easier for you to win a prize at the Michigan State Fair Aug. 31 through Sept. 9.

A study of last year's prizes reveals that in many classifications no first prizes were awarded because the judges didn't think the entries came up to the highest standards.

In other words, where there's the least competition your chances are greatest. But you must get your entry in before Aug. 10. Write the Home Arts Department, Michigan State Fair Detroit 3, Mich. for an entry blank.

Here is the list of classes which didn't get first prizes in 1955: oatmeal bread, pound cake, gingerbread, -bismark doughnuts, French cruller, fried doughnuts, potato doughnuts, raised doughnuts, custard pie, lemon meringue pie, damson plum preserves, hors d'oeuvre, applique bedspread, outwork bedspread, handwoven bedspread, applique pillow cases, applique scarfs, cross stitch scarfs, Italian hemstitch scarfs, crocheted scarfs and crocheted ties.

HELPING TWO LITTLE day campers from Northville is Jan McKinney, Northville volunteer worker who has been assisting at the Easter Seal Day Camp held at the Plymouth Girl Scout Lodge in Plymouth for the past four weeks. The two little girls, Edith Veres and Mary Jeanne Madigan have attended camp every Tuesday and Thursday along with 35 other handicapped children from communities in Western Wayne county. The girls were transported by members of the Northville Rotary club. Crippled children's activities are nothing new to Jan. She is the granddaughter of Mrs. Lucile McKinney who has taught homebound crippled children in the Wayne School District for several years.

## 125 Guests Attend Turkey Smorgasbord

BY LILLIAN DUERSON

Northville Record Society Editor  
Six thousand turkeys gobbled optimistically in fields adjoining the Del Smith farm home west of South Lyon July 12 while 125 persons ate turkey meat fixed in 14 different delicious ways. The turkey dishes were accompanied by cranberries prepared in various ways.

It was a turkey Smorgasbord for Michigan turkey producers, their families, news reporters and people connected with the turkey industry.

The Smorgasbord was prepared and served by Black's White House, most of the recipes having been developed by the Blacks.  
Charcoal broiled turkey kabob appetizers were handed the guests as they arrived. Also, sending out tantalizing aromas were broiled turkey legs and wings which were browned on five huge outdoor grills.

### The Menu

The garden of the 120-year old carv American farm house was set with long tables for the guests where the following menu was served: fruit mint punch, olives, hearts of celery, pickles, frozen cranberry cup, cranberry orange molds, turkey giblet barbecue, smoked turkey, turkey mousse, turkey liver paste, jelly turkey salad, macaroni turkey salad, old fashioned turkey pie, turkey biscuit ring, turkey ricciase, spaghetti with turkey balls, Arroz Con Pavo, kabobs, mosaic turkey sandwich, turkey cranberry cream cheese sandwich and coffee.

### Object of Luncheon

The object of the luncheon was to stimulate wider and more frequent use of turkey in food preparation.

Mrs. Kathryn B. Niles, home economist of the Poultry and Egg National Board in Chicago, was the principal speaker. She stated that 300 per cent more turkey is being used today than 15 years ago and that turkey has a high protein value. Turkeys which are scientifically bred and raised by Michigan growers are reaching the remarkable weight of 19 to 20 pounds in only 16½ weeks and are exceptionally tender and meaty — a vast improvement on birds of this weight in the past. One million turkeys were raised in Michigan last year.

### Gov. Williams Sends Congratulations To Mrs. Samuel Geraci

Word was received at the Record office this week that Mrs. Samuel Geraci, 19691 Clement Rd., was the recipient of a letter from Michigan's Governor G. Mennen Williams recently. Mrs. Geraci was kind enough to show us the letter which we have reprinted below.

"Dear Mrs. Geraci,  
"It is with pleasure that I have learned of your selection as Woman of the Year by the Wayne County Demonstration Council. It is a real pleasure for me to offer you most sincere congratu-

lations on achieving this fine recognition.

"It is my understanding that you have been very active in the Red Cross and in many other civic endeavors. With all of these activities, you certainly represent a fine example of the best in Michigan citizenship. With every good wish."

"Sincerely,

"G. Mennen Williams,  
Governor"

Ask yourself these 6 questions before  
buying a low-price car—and you'll switch to Plymouth!

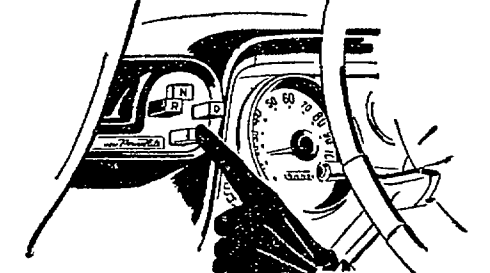

(There's a 118% increase in the number of people who are switching to Plymouth from other makes!)

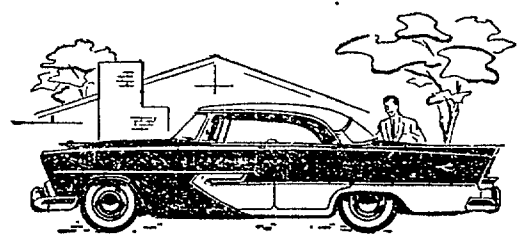

**1** How does performance compare?  
Plymouth holds official NASCAR records for speed in its class (124 mph); acceleration, all stock cars (82 mph).

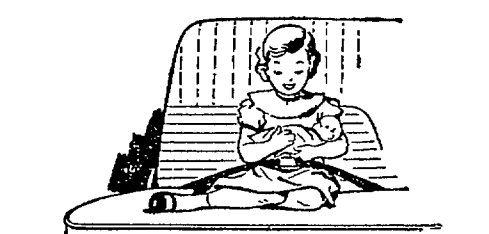

**2** Which low-price car is biggest?  
Plymouth wins again, inside and outside. Roomier, longer, heavier. More trunk space. More everything.

**3** Which is easiest to drive?  
Plymouth's the only low-price car with positive, mechanical Push-Button Driving. Touch a button. Off you go.

**4** And how about styling?  
No contest here either. 'Plymouth's really new, while other low-price cars look about the same as last year.

**5** Which leads in safety features?  
More than ever—Plymouth. New seat belts, door latches, headlights. Plus many exclusives, like Safety-Rim wheels.

**6** Okay, where's the best deal?  
At your Plymouth dealer's now. You'll get a generous trade-in allowance and money-saving financing. See him today!

PLYMOUTH costs less

From the day you buy it...through all the years you own it...you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

## CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets  
Plymouth, Michigan

The ever-availability of the healing power of the Christ, Truth, will be set forth at Christian Science services Sunday. Christ Jesus' healing of the centurion's servant, as recorded in Luke's Gospel (chap. 7) will be among the Scriptural passages to be read in the Lesson-Sermon entitled "Truth".

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (142:31): "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, today, as yesterday, Christ casts out evils and heals the sick."

The Golden Text is from Psalms (86:11): "Teach me thy way, O Lord; I will walk in thy truth: unite my heart to fear thy name."

Television—A Tremendous Power for Good  
The tremendously far-reaching effect of the new giant of the communications industry, television, ranks in one sense with the development of atomic energy as having one of the greatest

potential impacts on our modern civilization for good or for evil. The line in Shakespeare about all the world being a stage is being put into practical application by the mere turn of a dial. History is being seen as it is made.

All of us as humans must share the responsibility to see that this medium for the millions is being used for the betterment of mankind. We know that the great mass of the human race is often swayed by the appeals to emotion rather than to reason. Millions of people in countries which have succumbed to dictatorships have undergone extraordinary changes in their expressed actions and beliefs. Vast populations have been led to ac-

cept ideologies contrary to their former beliefs by the aid of radio propaganda. Television is proving a greater force than radio. Therefore, we must guard against exploitation in transmitting propaganda intended to arouse racial animosities, religious hatreds and destructive class struggles. Television's ultimate contribution can be its role in the betterment of the life of the nation, and at the same time, the greater development of the life of the individual.

The matter of program content and standards of entertainment poses an urgent problem which requires a prompt and constructive solution. Presently there are all too many crime programs about murders, thefts, burglaries, arson, jail breaks, suicides and

blackmail. There are all sorts of countless cases of assault and battery depicted; action taking place in saloons, brawls too numerous to mention, along with drunkenness, crooked judges, sheriffs and juries.

We must be articulate in expressing our disgust for this kind of programming. The Federal Communications Commission in Washington will be attentive to our letters of protest. We cannot afford to be complacent in this regard. Less complacency will mean better television for you and your children.

# NOTICE

To the Residents of the City of Northville:

It has been brought to the attention of the Northville City Council that the job of collecting garbage has been made increasingly difficult through failure to comply with the provisions of the Garbage and Rubbish Collection Ordinance.

Section 2. (a) of this ordinance provides that garbage shall be kept separate from other refuse; that the garbage container shall be maintained in a good and clean condition and promptly replaced when no longer fit for use and that the combined weight of the garbage container and its contents shall not exceed one hundred (100) pounds. It further provides that the garbage container shall not be so small as to require several containers for each household.

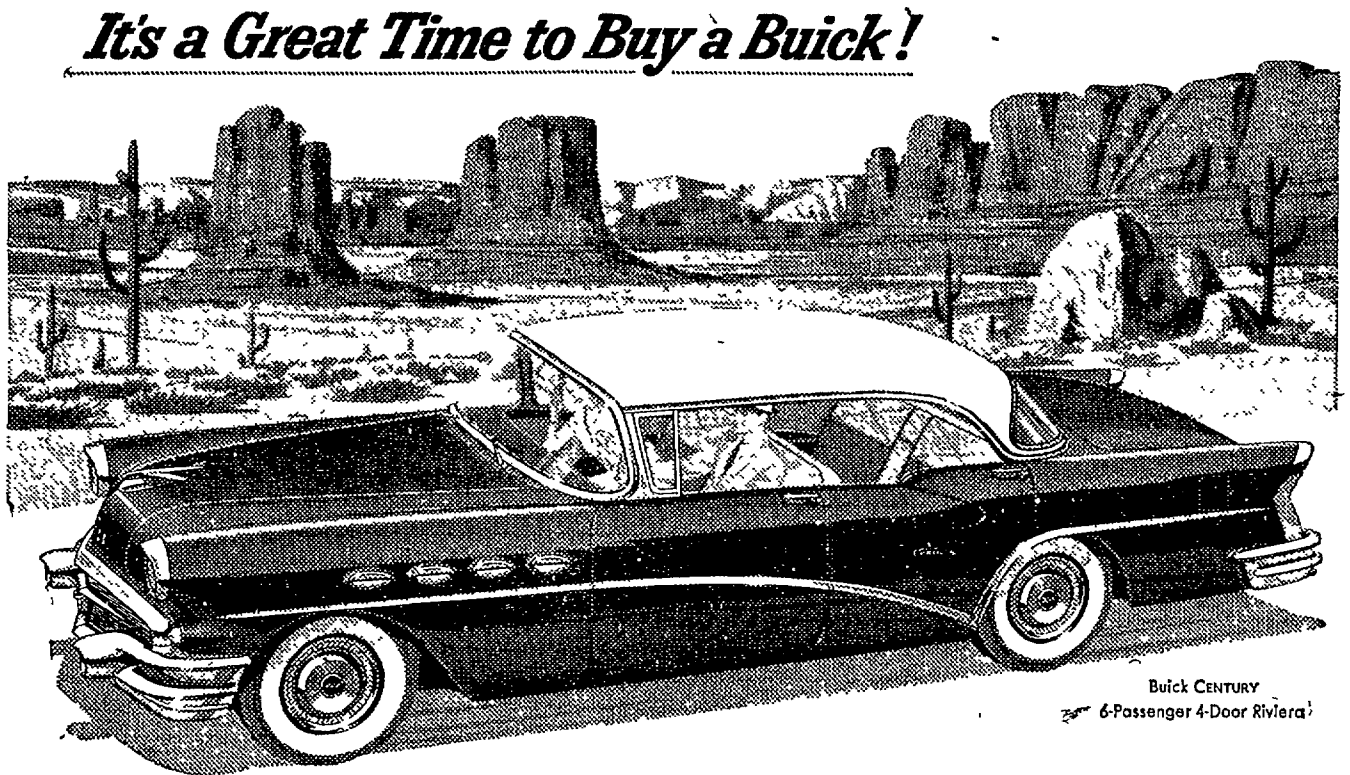

Section 2. (c) provides that garbage containers shall be of metal, be water-tight, have tight-fitting covers, and have handles for easy handling. Containers not meeting the requirements of this ordinance may be collected as rubbish.

Section 3 of this ordinance provides that garbage containers shall be kept near the back door of homes and shall be accessible to the collector at all reasonable times. It has been suggested by the collector that these containers should be placed on the inside line of the side-drive and not further than eight (8) feet to the rear of the house on collection days.

Section 6 of the ordinance prohibits the burning of garbage in the open air.

Please take notice that all residents of the City of Northville are expected to comply with the above cited provisions of the Garbage and Rubbish Collection Ordinance. Persons failing to comply with same shall be liable for prosecution under this ordinance and will also, during said non-compliance, be deprived of the garbage pickup service.

Garbage collection days during the months of July, August and September, shall be Monday and Thursday of each week and during the months of October through June the weekly collection day shall be Monday.

# Switch the Pitch — And you Zing like a Bird

You can do it only in a Buick.

Only with Variable Pitch Dynaflo\* can you switch the pitch like an airplane pilot does. Only with Dynaflo can you get a safety-surge of extra power that's smooth as a soaring bird.

Only the newest version of Dynaflo gives completely smooth, swift acceleration—even at the first gas-saving inch of pedal pressure.

Trying is believing—this new 1956 Dynaflo is years ahead of any other transmission. And it's just one of the great new features that you're missing if you're still driving an older car.

So why wait for your present car to become another year older—and considerably less valuable as trade-in—when you can take advantage of today's prices? And enjoy a car so excitingly new?

Just look at Buick's new styling—styling that will still look fresh for years to come.

Just try the newest Buick ride. It's the steadiest yet. Based on deep-coil springs, deep-oil-cushioned shock absorbers, torque-tube drive, and a long list of new developments not even Buick has ever had before.

And to say that this is a great time to buy a Buick is really an understatement. Come see the sensible, down-to-earth prices of Buick's tremendous range of models. Come hear the deal we can give you.

It's our deal—for your pleasure. Come draw up a chair—we're ready whenever you are.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Burroughs Takes Option On Acreage

Burroughs Corporation announced today that it has obtained an option to purchase 24 acres near the intersection of Northwestern highway and Franklin Rd. (10 1/2 mile.)

The Corporation is exploring the possibilities of having zoning restrictions changed from resi-

dential so that the plot may be used as a location for additional office space. Plans are now being developed regarding the size of the building and the offices of the expansion. General offices of the company are located at the Main Plant, 6071 Second Avenue in Detroit.

True wisdom is to know what is best worth knowing, and to do what is best worth doing.

## THE DRIVER'S SEAT

Suppose, for a moment, that the gadgets on the dashboard of an automobile included a device for tape-recording the thoughts of the driver. And suppose, further, that you are listening to a playback of a tape made during an average trip by an average good and careful driver. You might hear something like this:

"What a day! Glad I'm not stuck at the desk. Better write a note to myself to call Pete Johnson on the... Wow! That blonde really goes well with that convertible... Prescott matter. This road's in terrible shape. We need some new commissioners... and some new roads. These politicians... Look at that idiot! He must be doing 80 in a 35-mile zone... I could catch him easy in this old bus, but I'm not that stupid. That may be the Rover Boy in me talking, but it makes sense...

"I remember this curve... last time I drove it was at night and those warning signs picked up my headlights and tossed a danger signal right back in my teeth... Oughta have more signs like that... and more stop lights at those big intersections... There goes another maniac sticking his neck out... must be going somewhere... probably to see Marilyn... But that motorcycle cop'll get him before he gets there... Monroe.

"Sure is easy to doze off when you're driving these highways. Better chew a little gum... They say that helps keep you awake. Wonder if the Russians chew gum... and if they have motorcycle cops... and what the Russian is for 'What's your hurry? Going to a fire?'

"Boy! This farm country is certainly flat... I never was a farm boy... never saw a cow until I was 12 and then I didn't believe it... Watch out for that guy who's trying to edge out from the crossroad. He must be nuts... didn't pay any attention to the stop sign... Think I'll have a

## At What Age Should SAVING Start?

Many, many First Federal customers have had savings accounts for their children, opened soon after the youngsters were born. They start with a small account for the new baby. Then, it's surprising how such savings grow with money gifts for Christmas and birthdays. Later, the child's own after-school earnings are added. Besides offering important training in thrift, this plan builds savings for college, or for a start in business. Savings here are insured to \$10,000.

## Sportsmen Advised To Delay Training of Dogs One Week

Dogs may be trained in the field between sunrise and sunset after July 15, but Conservation Department game biologists advise sportsmen to delay dog training for at least a week after that date.

Wet spring weather delayed the hatch of pheasants this year and many small birds would be endangered by dogs if training begins on schedule. Normally, young pheasants would be able to take care of themselves at this time of year.

Ralph Blouch, Dept. pheasant specialist, said this year's hatch is about two weeks late and running dogs may catch small birds or break up broods that still need protection of the hen.

State law prohibits any training, practicing or breaking of dogs in open fields from Apr. 15 to Jul. 15. This closed season is designed to protect young game birds and animals.

When training dogs, it is unlawful to possess any firearms other than a pistol or revolver and blank cartridges. Persons intending to use such weapons should consult the local police or sheriff's department regarding necessary concealed-weapon permits.

## NEW MAGIC FOR TV

PRESS A BUTTON AND PRESTO — with Space Commander tuning this new, little Space-Commander activates and controls TV from anywhere in the room, or even an adjoining room.

All with no wires or cord connections to the set; without batteries, transistors, light beams, radio waves or electricity.

You do not see, hear, or feel the command. But the TV receiver across the room responds instantly, turning on and off, changing channels, silencing annoying commercials, restoring sound. Zenith's Space-Commander weighs 3 ounces — so simple a child can operate it.

## HOME HYGIENE HISTORY

The earliest man bathed frequently in rivers and streams. Not realizing the hygienic value of a bath he knew only that the bath was refreshing. Modern man knows that frequent bathing is essential to cleanliness and good health.

The early humans cleaned their teeth with crude twigs, brushes made by fraying the ends of twigs. Even today in some rural areas of the United States, people still use frayed twigs to clean their teeth. \*Source: Dr. West's Laboratory Survey.

Man realized the need for foot covering 3,000 years ago. The first shoe craftsman used plant strands of reed to form the sandals. That were to be worn by himself and members of his family. All of us are aware of the need for well fitting shoes today.

Before civilization, men hunted and foraged for food — dining primarily on raw meat, vegetables and fish which were very nutritional. Today we must keep nutrition in mind when shopping for our foods.

## Events of the Past in Northville

News Items Taken from the Files of the Record

## ONE YEAR AGO—

After a seven month wait, the State has OK'd the annexation of Chapman school.

More than 175 Northville Rotarians, their wives, exchange students and their foster parents attended the Rotary club's German exchange student farewell dinner at the First Presbyterian church.

Edward Angove was appointed to the advisory committee of the Northville board of education.

Lauretta Junie Boyd and Frank Heintz, Jr. were married Saturday in the Methodist church.

## FIVE YEARS AGO—

Major Harry B. Smith is on a 30-day tour of duty at the Provost Marshall General school at Camp Gordon, Ga. to take a course in military government.

Paul Burnham was elected commander of Lloyd H. Green Post, American Legion.

Mr. and Mrs. George Clark of W. Main St. left recently with friends for a vacation at Muskoka Lakes, Ont., Can.

Jim Clark, who is in the naval recruit program at Grosse Isle, visited his parents, Mr. and Mrs. W. F. Clark last week end.

## TEN YEARS AGO—

Arthur J. Maleske, DDS, is back in his old office at 251 Main St. after an absence of two years in the U.S. Navy.

July 30, Henry Ford will celebrate his 83rd birthday.

Mary Alexander, village clerk, revealed that 56 building permits were issued at the city hall for the six months just ended.

Over 7,000 persons attended the opening night of the Northville Downs trotting meet.

Mimi Harrison, daughter of Mr. and Mrs. Gerald Harrison is spending two weeks at Camp Missaukee, Lake City, Mich.

## TWENTY YEARS AGO—

Justice Arthur Nichols returned from a motor trip through the west with Jay Leavenworth. Traveling through Montana and North Dakota with the temperature hitting 117 degrees they found that the business houses in Billings, Mont. were closed and hundreds of cars stalled on the road because there was no water. Nichols said on his return, "It's Michigan for me."

George Stalker and Fred Lyke were re-elected to their trustee positions on the board of education at the annual school meeting.

Charles E. Rogers told of his recent 4,000 mile motor trip through eastern states at Rotary this week.

## FORTY YEARS AGO—

Automobile traffic in Northville has grown to such an extent

that traffic officer Lyke has about all he can attend Saturday nights in making motorists regard the speed limits and the rights of pedestrians.

Apparently a "jinx" accompanied Filkins and Dolphs on their trip for on arising Tuesday with the expectation of arriving in Buffalo, found they were still docked in Detroit. Something had gone wrong with the boat after they had entered Lake Erie and it was returned to Detroit.

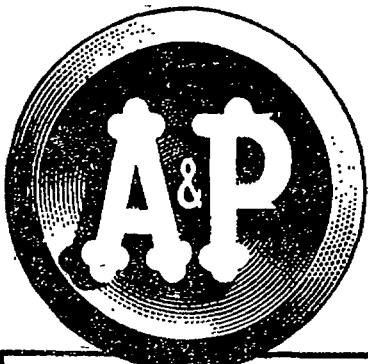

## FIFTY YEARS AGO—

The dog poisoning fiend is again at work in Northville, the latest victim of this sort of cruelty being Jessie Clark's little fox terrier "Teddy". Tuesday, Jasper Elliott's spaniel died from poisoning.

## AN All-Gas Home is AN ALL-WEATHER HOME

Gas is an ideal fuel with a dual personality... one for winter heating and one for summer cooling. A Gas air-conditioner gives the utmost in year 'round comfort.

In sizzling summer weather, a Gas unit wrings gallons of water out of the humid, sticky air. And in the cold of winter, it adds moisture to the air to prevent dry, parched heat. A Gas air-conditioner gives perfect all weather temperature control.

If you seek truly modern living, choose an All-Gas home... one with Gas year 'round air-conditioning and Gas for refrigeration, cooking, water-heating, clothes-drying and incineration. Although Gas Heating Permits may not be immediately available, they are well worth waiting for.

## Film About Autumn In Mich. Available

A new 25-minute color motion picture entitled "Michigan—Autumn Wonderland" has just been released by the Michigan Tourist Council.

Narrated by Mort Neff, well known TV personality, the film conducts viewers on a scenic tour of the state's fall vacation area. Scenes of hunting, fishing, sight-seeing, riding, picture making and color touring show the variety of Michigan's autumn recreational attractions.

The autumn film is the third in a series of motion pictures produced by the Tourist Council for use in its nation-wide promotion of Michigan's year-round vacation offerings.

Color prints of "Michigan—Autumn Wonderland" are available upon request, and without cost to civic and professional groups, private clubs, and television stations. Requests should be addressed to the Michigan Tourist Council, Stevens T. Mason Building, Lansing, 4, Mich. The Council's earlier productions, "Michigan—Winter Wonderland" and "Michigan—Water Wonderland" are also available upon request.

## Recreation Notes

Why not buy in quantity when your grocer has "specials" on frozen foods? Doing so amounts to a double saving. You spend less money per package—spend less time shopping. And frozen vegetables, like tender green peas, stay garden-sweet for months in a home food freezer or two-in-one refrigerator-freezer.

## MICHIGAN BELL

**ONE OF THE PLEASANT** excitements that never seems to wear out is speaking Long Distance with someone you miss. And once you decide to make a call (if you're like most people) you can hardly wait to be connected. If you call by number you'll be connected much faster. That way information won't have to take your time getting the number. So keep handy those numbers you call often. We'd be glad to send you a free alphabetized personal directory for the purpose. Just call the telephone Business Office.

**NATURALLY** we think telephone women are among the nicest people there are. That's why we're so glad when one gets singled out for an honor. Mrs. Herman Gibson, one of our customer representatives at Flint, was one of two Flint women recently selected to represent Genesee County as "ambassadors" to European countries this summer. The visits are part of the Experiment in International Living Program sponsored by the Flint Junior Chamber of Commerce. Mrs. Gibson will live with a family in Sweden for a month and spend another month touring that country. All of us wish her a happy voyage.

**IT'S TELEPHONES** three to one! Back in 1946 there was one telephone for every five persons in the U. S. Today there is one phone for every three. Why the boost in phones? Because the public wants more and more telephone service.

Telephone growth also reflects the general prosperity and an increasing dependence on fast communications. Incidentally, in ratio of telephones to people, the U. S. ranks first, Sweden, Canada, New Zealand, Switzerland and Denmark follow in that order.

## The low-priced car most like the high-priced cars!

No wonder more people who can afford the best buy Fords rather than any other low-priced car\*

Partly, it's Ford's Thunderbird V-8 power—up to 225 h.p. strong! For why, indeed, pay more for power when such a low price buys the type of V-8 that put the "scoot" in America's goingest dream car? It's the kind of "git" that won for Ford the Manufacturer's Award for best all around performance over all cars in the big Daytona stock car Championships.

Partly, it's because there's more future in a Ford! Ford's 5 cross-member frame... Ford's exclusive angle-poised ball-joint front suspension... Ford's variable rate rear suspension are just a few of the "pluses" that give Ford its reputation for lasting and lasting.

Partly, it's Ford's quality body construction! People who can afford the best know a well built body. They appreciate the things that make Ford's body extra solid... extra quiet:

rubber-insulated body bolts, the most generous sound-proofing in its field, extra-firm body-cross-bracing... to name a few.

Partly, it's the years-ahead way Fords are styled! The sleek, low-slung Thunderbird set the style for every Ford for '56. That means style that will stay in style... it's that far ahead of the field. Yet Ford is priced with the lowest!

Partly, it's the extra protection of Ford's Lifeguard Design! For pioneering this exclusive family of safety features that gives added protection in case of accident, Ford received the coveted Motor Trend Award. But come in! Take a Test Drive. See why the fine-car buyers are going Ford!

\*SURVEYS BY LEADING MAGAZINES show that more people with over \$5,000... over \$10,000... even over \$100,000 a year incomes own Ford than any other low-priced make.

**NOW!** A FORD with AIR CONDITIONING costs less than many medium-priced cars without it! TRY ONE TODAY!

## Insurance Agent Promoted To Consultant Post This Week

Stanley Muczynski (Mann)

Stanley Muczynski, representative for the Metropolitan Life Insurance Company in the Northville area, has been promoted to the position of Insurance Consultant this week.

Muczynski has been an outstanding agent since he joined the company in Northville four years ago. He is among the leaders throughout the country in the life insurance business. A graduate of the Life Underwriter Training Council, a two year course held at Wayne University, he also holds the "National Quality Award" that is given each year by the National Association of Life Underwriters.

Muczynski is now in New York at his company's home office for two weeks of special instruction for his new duties which in ad-

dition to writing the more usual types of life insurance, will include estate planning and business insurance.

Muczynski is changing his name to Stanley Mann for business convenience. He will continue to reside in Northville.

## Local Soldier Sees England for 10 Days

Neckarsulm, Germany — Specialist Third Class James E. Waterman, son of Mr. and Mrs. John A. Waterman, 533 Horton St., recently spent a 10-day leave in England.

Specialist Waterman is regularly assigned as a prime mover operator in Battery C of the 867th Field Artillery Battalion in Germany.

He entered the Army in September 1954, completed basic training at Fort Bliss, Texas and arrived in Europe in February 1955.

He was graduated from Manacelona (Mich.) high school in 1953.

## Teshka and Allen Begin Army Life

Two recent Northville high school graduates, Darwin R. Teshka and James M. Allen, began six months of active duty training at Fort Leonard Wood, Mo. under the Reserve Forces Act.

The boys, now U.S. Army privates, are receiving eight weeks of basic combat training which will be followed by advanced individual and unit training.

Men volunteering for the six months tour of active duty are permitted to finish their military obligation in local Army Reserve or National Guard units.

Teshka is the son of Mr. and Mrs. Arnold R. Teshka, 215 W. Main. Allen is the son of Mr. and Mrs. Austin M. Allen, 317 E. Main.

## Pvt. Tierney Joins 7th Div. In Korea

7th Div. Korea — Pvt. William R. Tierney, son of Mr. and Mrs. Mark Tierney, 464 Grace Ave., recently arrived in Korea and is now a member of the 7th Infantry Division.

Tierney, a mail clerk in Headquarters Battery of the division's 31st Field Artillery Battalion, entered the Army in September 1955 and completed basic training at Fort Chaffee, Ark.

The 22-year-old soldier attended Michigan State university.

To keep a kettle, roaster or casserole of food hot for a short time, such as from home to the picnic, wrap it in several thicknesses of paper with overlapping edges. Tie it in a towel, poke fashion, for ease in carrying. If the picnic is delayed, unwrap the food and keep it very hot by the fire, or uncover and cool it.

WIDE WORLD PHOTO

**Chevy beats own Pikes Peak record ... and tops all rivals including cars in every price range!**

Chevrolet takes first, second and four of the top six places! Beats its own stock car record by a full minute and 16 seconds!

Running against the hottest competition in the land, Chevrolet won the Pikes Peak climb.

This is unquestionable proof of Chevrolet's supreme roadability—the accuracy of Ball-Race steering, the solidity of outrigger rear springs, the traction of balanced weight distribution.

There is no greater test of a car's road safety qualities than the Pikes Peak climb. Try it yourself, in the car that's won the "crown" twice in a row!

**Girl Scouts  
Take Trip to  
Niagara Falls**

Girl Scouts from Northville's Troop 11 recently returned from a three-day trip to Niagara Falls. Bubbling with stories about what they had seen and done, clutching souvenirs, this is what they told us.

The group of 13 girls and two leaders arrived at Niagara Falls via a Greyhound Scenic Cruiser June 22. They stayed at the Colonial hotel.

Among the sights that they saw were the Falls, the Cave of the Winds and Hurricane Point. They took a trip on the Maid of the Mist and also attended a movie.

Sunday morning the group went to church and then started on the trip home.

According to one of the leaders, "Never did a group have such clean faces as this group," attributed, no doubt, to their three days at Niagara Falls.

Those making the trip were Carole Lemmon, Elsie Sedan, Linda McKinney, JoAnn Morse, Carol Fritz, Laurie Chabot, Maureen O'Brien, Sharon O'Brien, Jane Flattery, Carol Benson, Patty Siok, Carol Crupi and Kathleen Keller. The leaders were Mrs. Vera Small and Mrs. William O'Brien.

Cost of the trip was estimated at \$40 per girl; \$25 was raised through Girl Scout projects and the extra \$15 that the girls financed was used for their food, souvenirs and extra expenses.

**Minutes of the  
Board of Education**

July 2, 1956

The meeting was called to order at 7:45 p.m. by President Robert F. Coolman.

Present: Robert F. Coolman, Eural F. Clark, Nelson C. Schrader, Superintendent R. H. Amerman.

Absent: Robert H. Shafer, Donald B. Severance.

Others present: E. V. Ellison, H. B. Smith, James Littell, Lyndon Welch of Eberle M. Smith Associates, Alfred Gazley, James Schiefer.

The minutes of the last regular meeting and two special meetings were reviewed by the Board. Mr. Clark moved that the minutes be approved as published. Mr. Schrader seconded. Motion carried.

**Communications:**

1. Seventh payment of State Aid, from Wayne County Board of Education: \$3,911.68.

2. Confirmation from Brown and Raisch of order for lettering on Amerman School and suggestions for memorial plaque.

3. E. V. Ellison, requesting that diploma be granted to Louis Herick, who has completed the requirements for high school graduation. Mr. Amerman recommends that diploma be granted.

4. Willis Company, suggesting that they be engaged to do necessary repairs and adjustments to furnace at Amerman School. Mr. Amerman recommends this request be tabled, as he and Mr. Connors have looked over the furnace and feel that it does not require any work of this nature at this time. Board approved.

5. D. M. Morris, advising that he is attempting to have his property, which lies at present in Northville and Novi School District No. 6 (Durfee), annexed to Northville Public Schools School District.

**Superintendent's Report:**

1. Mr. Amerman presented a schedule of salary adjustments for the Board's consideration.

pertaining to administrative, clerical and maintenance personnel only.

2. Superintendent presented the Board with a list of proposed purchases of equipment, for their consideration, including a piano, two cars for the driver training classes, dishes for the home economics department, various scientific equipment, folding tables for the grade school lunchroom, etc.

3. Superintendent outlined the classroom situation for the opening school in the fall. Mr. Smith gave up a net total of one classroom and this loss will be partially compensated by some changes in the Grade School lunchroom. The folding tables will make it easier to use this room for other activities.

4. Mrs. Clifford Winter has given to the school considerable welding equipment which had belonged to the late Mr. Winter. The Board will very likely wish to acknowledge this gift.

5. Wayne County Board of Education has advised us that we may again have the services of a child psychologist and a visiting teacher, at a charge of \$800 for the psychologist and \$300 for the visiting teacher.

6. Superintendent reviewed several maintenance staff matters with the Board.

**New Business:**

1. Mr. Schiefer, of the Curriculum Committee, presented his regular monthly progress report for the Board's consideration, also suggesting the name of Mrs. Don Matzen as a new member of the Curriculum Committee.

Mr. Schrader moved that Mrs. Matzen's name be approved for appointment to the Committee and that the progress report be accepted. Mr. Clark supported the motion, which carried.

2. Mr. Welch, of Eberle M. Smith Associates, discussed contour and highway problems at the Amerman School site and various proposed high school sites.

Mr. Schrader moved that the Manning and Locklin property, plus the Ralph Batzer property, be designated as the site for the new high school, and that negotiations be opened at once to determine if these properties will be available. Mr. Clark supported the motion, which was carried.

3. Louis Herick: Mr. Clark moved that a diploma be granted to Louis Herick, as per the recommendation of the Superintendent.

Grapefruit sections are easy to prepare if you use a sharp knife. Pare deep enough to remove the white membrane as well as the peel. Then take out sections by cutting toward the center of the grapefruit on each side of the dividing membranes. Save all the juice.

dent. The motion was supported by Mr. Schrader. Carried.

4. School Calendar: Superintendent proposed a school calendar for 1956-57 providing for 185 days of school, opening on Sept. 4th and closing on June 15th, with Christmas holidays beginning on December 21st and ending on January 2nd and Easter Vacation beginning on April 17th and ending on April 24th.

Mr. Schrader moved that this calendar be adopted. Mr. Clark supported the motion. Carried.

5. Wayne County Board of Education Services: Board advised Superintendent to determine whether the services of the child psychologist will be available to us for one or two days a week, and to procure these services.

6. Gift of Welding Equipment: Mr. Schrader moved that the Superintendent be directed to express to Mrs. Clifford Winter, in writing, the Board's appreciation of her gift to the school of her husband's welding equipment. Mr. Clark seconded the motion. Carried.

7. Sound Equipment: Mr. Smith advised the Board that the Grade School is about to purchase a sound system for both elementary schools, at a cost of \$862 for the Amerman School and \$1,203 for the Main-Street school. This equipment is to be paid for by each building out of internal accounting funds available in each building, on a six-year basis.

Mr. Schrader moved that the Board express its approval of this project. Mr. Clark seconded the motion. Carried.

## WHAT IS MAN WORTH?

The chemical analysis of the human body:

Sulphur — enough to rid a dog of fleas.  
Lime — enough to white wash a chicken coop.  
Fat — enough for six bars of soap.  
Iron — enough for a six-penny nail.

Phosphorous — enough for 20 boxes of matches.  
Sugar — enough for ten cups of coffee.  
Potassium — enough to explode a toy cannon.  
Total value — 87 cents.

That's not very much is it? However, incised within that body is a soul that is of great value. The Lord intimated in Mark 8:36 that one soul is worth more than the whole world. The Lord considered the value of the human soul so great that when man sold himself out of sin, God sent His only Begotten Son to redeem that soul. The greatest story ever told is the Gospel which brings that glad news that man need not perish in his sin. Peter, the Apostle, tells us that the ransom price for the sinners' soul was "the precious blood of Christ, as a lamb without blemish and without spot." My reader, God stands ready to accept you into His family on the basis of what Christ has already done for you. He is waiting for an answer to the question, "What will you do with Jesus?" Will you accept Him now?

## Corner

We are introducing to our neighborhood this week Mr. and Mrs. Errol Myers of Border Hill Rd. who are former residents of Detroit. They have two children, Mrs. Charles Luce and a son, Errol, Jr. of Comto, O. Mr. Myers works for H. C. Trerice Co. of Detroit as a chief engineer. Mrs. Myers is a bowling fan and also likes metal work. They have a complete workshop in one of their rooms. The Myers are walking on air this week for their first grandchild was born July 12 at Henry Ford hospital weighing seven pounds, three ounces. The parents are Mr. and Mrs. Jack Luce of Clawson. They named the baby Cheryl. The other proud grandparent is Mrs. Harvey Luce of Bloomfield Hills. Mr. and Mrs. Robert Nelson of LeBost Dr. just returned home from their vacation at Rondo Beach, Canada. The Nelsons were gone two weeks with their children, Robbin, Bobbie and Joan.

Mr. and Mrs. Carl Weiss of Mooringside Dr. have Mrs. Weiss' 8-year old niece, Margaret Berry of Newberry, Mich. as a house guest for the summer. Margaret was only staying for a few weeks but she is enjoying her stay so much she has prolonged her visit. They have been sightseeing and took a trip to Bob-Lo. Margaret was thrilled by the big buildings downtown.

The Weiss' of Mooringside Dr. attended their Detroit card club Saturday evening. Those attending were Mr. and Mrs. J. Doran, Mr. and Mrs. Bogue and Mr. and Mrs. Heuman. They all enjoyed dinner at Stockholm and later spent the evening at the Harold Heumans playing cards.

Miss Terry Weiss was the week end guest of the Weiss. Mr. and Mrs. Morrison of LeBost Dr. entertained her aunt and uncle, Mr. and Mrs. W. Caldwell of Buffalo, N.Y. and Mr. and Mrs. Ben Ferguson of LeBost Dr. After dinner they went to Jackson to see the Cascades and were caught in the terrible rain-storm there.

Last Wednesday the Morrison family and their out-of-town guests, Mr. and Mrs. Caldwell, Maryann Cortest and Mrs. Ferguson enjoyed the day at Bob-Lo Island. They met the Morrisons' former neighbors at the boat, Mrs. Doretha Combe and daughter, Gena and Mrs. Celmers and

daughter, Marlene, Bobbie Chopp and Barbara Derrick. They all enjoyed the day together.

Mr. and Mrs. Freytag were guests of Mr. and Mrs. L. O'Connor of Southfield township Sunday at a barbecue.

Terry Alcorn has been on the sick list with his tonsils but is feeling better now.

Mr. and Mrs. Jack Parent of LeBost Dr. had Mrs. Warren of Detroit as a houseguest last week.

Mr. and Mrs. Carl Swenson of Providence, R.I. visited their son and daughter-in-law, Mr. and Mrs. Carl Swenson of LeBost Dr. for a few days last week.

The Swensons are back in the swing of things at home after their three week trip to Syracuse, N.Y. and West Barrington, R.I. They also took a 3-day tour of New York City. The grandparents took care of the children for them.

Jo Flattery, 8, and Dawn Swenson, 7, put on a singing and dancing show on their carport Monday afternoon. They sold tickets for ten cents and served pop corn, candy and lemonade. Those attending were Mr. and Mrs. Buck, Mr. and Mrs. Good, Mr. and Mrs. Costello, Mr. and Mrs. Flattery, Nancy Morrison, Mary Ann Cortest, Tommy Morrison, Mike Grant, Jonathan Good, Dennise LaBram and the Swenson children.

The LaBrams of LeBost Dr. are the proud parents of a son born June 25 at Mt. Carmel hospital weighing seven pounds, six ounces and was named after his father, Bert Edward. The LaBrams have two other children, Dennise and Cheryl.

The Jim Martin family went to the Noreen Rafalski and Henry Simmons wedding held in Buffalo, N.Y. last Saturday. Christine and Jerry stayed in Detroit while their parents were away.

Mr. and Mrs. A. Ferguson and their guests, Mr. and Mrs. William Caldwell of Buffalo, N.Y. were guests of Mr. and Mrs. B. Ferguson of Detroit Thursday for dinner.

Happy birthday to Richie Swenson who will be three July 20 and to Craig White whose birthday is July 22.

Anniversary congratulations to Claud and Thelma Bentley July 13; to Kenneth and Mary Jane Goyt July 23 and Jack and Marianne Brower July 16.

## Be Safe This Summer—ASWIM and AFLOAT

Don't stand in your boat when starting the motor. Look out ahead when you start—another boat may be passing or landing nearby.

Gasoline fumes are exceedingly flammable. It's not smart to smoke near an old-style open can of fuel. Only a modern safety-can is recommended for carrying gas. YOUR outboating should be fun, not fatal. The American Red Cross offers suggestions, given above, how you can stay out of trouble.
