

for the Record

Thursday was the beginning of a two-week vacation for my wife and two children, Pug, 7, and Sally, 2. A cottage at Indian Lake near Dowagiac had been rented some months ago. Our children have been counting the days until they could join their cousins for a wild time of swimming and fishing.

As it turned out, Thursday was also our first day at the Northville Record. Needless to say, the family went on without their hard-working father. While "Skeet" (that's what everybody calls my wife) enjoyed a leisurely (?) two weeks with relatives and four children at the lake, I'd slave away at the office. I had to promise to write everything that happened the first day, and what Northville was like.

So combining the letter, which I haven't had time to write, with a column, which I have to write, the first few days in Northville went like this.

Thursday I was a half-hour late for work. We always started at 8:30 in Plymouth. Cass Hoffman was waiting at the front door to buy a subscription to The Record. Tom Cummings was waiting to take me around and introduce me. (I felt pretty silly walking into the office with that arm-load of flowers you cut for Mary Donovan, the bookkeeper.)

Tom and I met Frank Clark first. He's a Novi township trustee who has lived here for 50 years. Eleven years ago he got restless and moved — 400 feet down the road.

Next we met The Record's landlord. He's an insurance agent, C. Harold Bloom. He saves arrowheads and has an office full of them. He was getting ready to leave on vacation to St. Joseph's Island in Canada.

Just outside the city hall Tom introduced me to Police Sergeant Gill Glasson. Later in the day one of the patrolmen, Ray Nowicki, left his signature on a card attached to the windshield wiper of our car.

Mary Alexander is the city clerk of Northville and has been for 22 years. Like everyone else we met, she's most friendly. Working with her in the office is Mrs. Roy Soule.

Essie Nierder at Northville Hardware was our next stop. Harvey Ritchie, who with his brother "Skip" run Ritchie Bros. Laundry, came in while we were talking to Essie. For two weeks I'll be one of the Ritchies' best customers.

Next we met Assistant Postmaster Art Schutte and Jim Irwin, president of the Novi Township zoning board. At the famous store we talked to Bernie Morrison and in the Depositors State Bank to President Russ Clarke and Cashier Jack Stubenvoll. Mr. Clarke said he had heard all about me from Harry Larsen at the National Bank in Plymouth. Seems like Harry could have waited and let Clarke draw his own conclusions.

We talked to Insurance Agent Tom Carrington for about half-an-hour. He knows Northville history from way back and is probably a good source for an interesting column. In the same office we met Ed Bogart, justice of the peace and city assessor. Across the street Nelson Schrader has a modern furniture store which you'll probably find soon enough.

Going in and out of stores we said hello to Alfred "Zip" Sibley, Harry Himmelstein of Brader's department store, and Eddie Barnes at Kroger's.

Beth Lapham and her son, Charles, took time out from business at their fine store, Northville Men's Shop, to welcome us to town, as did Joe Revitzer. Joe has been doing business in his shoe store for 33 years.

I had that "warm meal" Thursday evening at the First Presbyterian church where Postmaster Leland Smith invited me as a guest at Rotary club's "Exchange Student Dinner". It was a most interesting evening and a sad one for the foster parents of German students who would return to Germany on Friday. I sat next to the Reverend B. J. Pankow, who said he came to Northville two years ago from Mexico City.

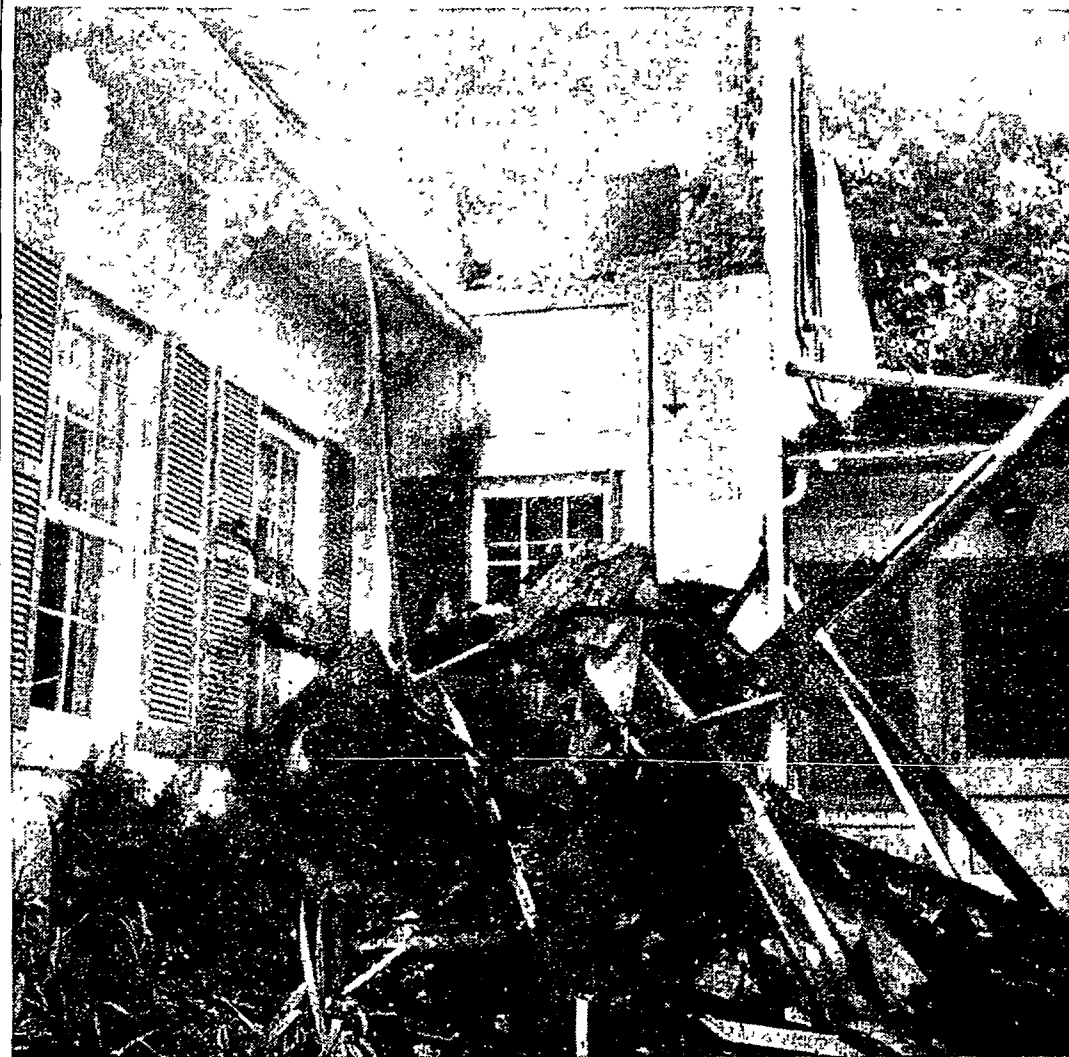

Light spot of the evening came when a German boy stood to bid farewell as others had sadly done before him. "I regret that in America minors cannot enjoy their favorite German beverage." Then, to a solemn audience of 200, he announced that in his opinion, "Stroh's smells best."

After the meeting Superintendent of Schools and Mrs. R. H. Amerman introduced themselves as did City Attorney Philip Ogilvie.

My former boss at The Mail, Sterling Eaton, dropped over Saturday to extend his wishes and "look over the plant." He may be politicking right now, but my guess is that there's still printer's ink on his hands. He introduced me to Novi Attorney Ed Yerkes and warned me never to say anything bad about a Yerkes as they're kin to most everyone in this area. Elmer Smith, retired real estate agent who started in business here in 1919, reminisced with Sterling for some time going back to the days when the Eatons owned The Record. Before closing the office on Saturday Fred Casterline dropped by. A new employee from his funeral home needs an apartment and Fred's trying to help him out. Druggist Leo Mainville, who I had met Friday evening, also visited The Record to extend his best wishes.

On Sunday, to avoid getting into a work-rut, I played golf with Dr. "Bud" Robinson and Orson "Dutch" Atchinson. Rain at the 15th hole saved Bud and Orson from a certain defeat. Although they were winning at that point, Dutch and I were just getting warmed up.

It's difficult to imagine a more perfect beginning. The realization of an ambition of many years has not been disappointing, thanks to the fine people of Northville and Novi who we have met thus far. Thanks, too, must go to Glenn H. Cummings, former publisher of The Record. His patience, guidance and word to give us first opportunity to come to Northville were golden. We hope to be worthy of the trust and responsibility which has been placed in our hands.

THREE WALLS of the Farm-Crest Farms home of Mr. and Mrs. Robert Haass collapsed as the second floor was completely destroyed by fire Saturday evening. Units from six departments answered the call. (See story on page 12).

Northville Votes Along State Lines

Northville voters trickled to the polls Tuesday and followed the state's lead in naming Gov. G. Mennen Williams and Mayor Albert E. Cobo of Detroit to oppose each other for governor in November.

Less than 500 of Northville's 1,534 registered voters cast ballots in the statewide primary despite perfect weather.

In the only issue of large local interest, Northville voters overwhelmingly passed a proposal to annex part of Novi township to the city. The vote was 369 to 52.

In giving Cobo the Republican nomination for governor, Northville surpassed the overall state margin of 2-1 by giving Cobo a 3-1 nod over opponent Donald S. Leonard. The vote was 268-94.

Gov. Williams was unopposed for the Democratic nomination. Northville "went Republican" by more than 2-1, as 360 ballots were cast for the GOP against 132 for the Democratic party.

Northville voted 369-52 to annex 82 acres of Novi township for school and subdividing purposes. (See other story).

The light turnout was attributed to general apathy toward summer elections and the lack of a red-hot local issue.

Eaton Wins

Except for the annexation proposal, the only local battle was the Eaton-Wood contest for the GOP nomination for representative from the 21st district. Eaton, who lost votes to his opponent in the heavily-populated Redford

area, gained sufficient support in Livonia, Plymouth and Northville to win the nomination. Eaton's margin was especially wide in Northville (174-88) and Northville township (145-86).

Democratic voters had an easy time of it, as most important nominations went uncontested. The only major contests were for 18th district state senator and Wayne County prosecuting attorney.

Voters Annex Novi Property

Northville voters approved by a 369 to 52 margin the annexation of an 82-acre Novi township tract to the City of Northville.

The approval came in the face of an unsuccessful last minute attempt by Novi officials to prevent the election. Court action in the near future attempting to invalidate the results appears almost certain.

The land in question lies between the 8 and 8½ mile lines and extends westward from Center St. approximately ¼ mile. It is the site of the present American elementary school and the first site for the new Northville high school. Although only five residences are located in the area at the present time, a 60-home subdivision is proposed for the area upon annexation by the city.

Among the handful of Novi township voters living in the land to be annexed and eligible to vote on the question, seven cast affirmative votes. There were no votes opposing the move.

In a special meeting held July 28, Novi officials attempted to prevent the election. They informed the secretary of state that they were not holding the election because the annexation law was unconstitutional. At the state's insistence, they did, however, decide to hold the election.

The election will still be taken to court, township officials stated, on grounds that the law is "unconstitutional".

They cite the fact that the assets of the township must be proportionately divided with any (Continued on Page 12)

CITY VOTES \$13,000 FOR MORE PARKING

Downs Ends '56 Season; Records Fall

A record-breaking racing season has ended at Northville Downs — a season that will bring the city an estimated \$84,000 in racing revenue from state tax rebates.

With the running of the last race Saturday night, two new records were set: a daily average handle of \$255,843 and a daily average attendance of 5,782.

But the total amount of \$8,954,509 wagered through Aug. 4 failed to top the 1955 high of \$9,568,720. All other 1955 track and betting records also stood — probably because the Downs had 35 nights of racing this year as compared to 38 in 1955.

1955 Records Topped
Night for night, however, the 1956 season was the best in the Downs' 13 years. The \$255,843 daily average handle was 1.6 percent higher than the record high \$251,808 of 1955 and the 5,782 daily average attendance this year topped the 1955 record of 5,711 by .01 percent.

Weather played a big part in setting the records, as the Downs lost not one race because of inclement skies.

State Racing Commissioner James H. Inglis estimated that Northville will receive \$83,895 under a state law that gives cities 20 percent of state taxes collected from betting at harness tracks. The state receives a four percent tax on betting plus half the "breakage" — the amount left over after adjusting the payoff to the next lowest 20-cent level.

Track Records Stay
Track records remained unbroken with little trouble.

Guinea Gold came the closest to smashing a track record when he paced in 2:02, only 2/5 off Red Sails record of 1954.

Foy Fundenburk was first in the drivers' standings. Joe Light-hill was second.

Scotch Valley, owned by auto dealer Bill Brown of Detroit, won the \$10,000 Governor's Cup Trot at Northville Downs Wednesday night.

Slower Than 1954

The 7-year old beat Saunders Mills' Elby Hanover by a length, trotting the mile in 2:07, far back of his record of 2:02 which he set in winning the 1954 Governor's Cup Trot. With Jack Ackerman at the reins, Scotch Valley went to the front early in the race and led all the way.

Governor G. Mennen Williams of Michigan presented the blanket and trophy.

Wagering was limited to win and place only because there were only five betting interests. Going to post at 1 to 5 odds the winner paid \$2.60 straight.

Acquisition of property to provide an estimated 25 offstreet parking spaces in Northville's business district was unanimously passed Monday evening by members of the city council. The property, located at 117 E. Dunlap, will cost the city \$13,000.

The purchase came as businessmen were blacktopping an area behind their stores on the northeast corner of Center and Main streets, which will provide 40 improved parking spaces.

Owned by G. E. Miller, the newly acquired property includes a house which councilmen indicated would be sold or destroyed. Under the terms of the purchase, Miller will be allowed to keep the furnace and hot water heater and the city will install a sewer at Hutton and E. Dunlap for Miller.

Cite Small Cost
Councilmen John Stubenvoll and Earl Reed recommended the purchase to the council after combined study of the project. Stubenvoll noted that the per-space cost of providing the improved parking facilities would be less than \$600. "In many instances as much as \$1,000 per space is paid," he stated. Reed also pointed out that the potential of the area is valuable and that centrally located parking is badly needed.

The lot measures 68 feet by 131 feet. The council indicated that work would begin this fall to provide the parking as soon as possible. Money for the purchase will be taken from the parking fund which now totals \$20,000.

In other business councilmen approved bills for July and heard department reports made by Fire Chief William McGee and Police Sergeant Gil Glasson. The police department reported 117 calls in July, while firemen had but a single fire call.

Councilman Stubenvoll asked city fathers to consider a new plan for collecting parking violations. He noted that 197 overtime parking violations are registered as delinquent by the police department. Most tickets go unpaid because violators forget, or lose the tickets, Stubenvoll pointed out. Sgt. Glasson supported the councilman and added that, although the police department has the license number of the violator, it is difficult to obtain the car-owners' names from the state.

Stubenvoll suggested an envelope be used in which the violators could leave 50 cents and place in centrally located depostories. He pointed out that the plan is being successfully used in other communities. Mayor Claude Ely directed Stubenvoll to complete details for the plan and present it to the council at the next regular meeting.

In connection with meters Sgt. Glasson and council members noted that 15-minute meters in downtown locations are patrolled seven days a week until 10 p.m. The 15-minute meters are located in busy sections and given limited time to allow more use of the space.

Mayor Ely stated that a special meeting would be held next Monday to open bids for the installation of storm sewer on Wing and First streets and on Fairbrook from Center to Hines Dr. Cost of the project, estimated at \$41,000, will be paid from the present budget. Hope was indicated that the bids would soon be let for the Carlyle St. storm sewer project. The city will share this expense with the county and the federal government.

Some 250 young riders and 200 horses will converge on Northville for the two-day show from throughout Michigan, Illinois, Ohio and Indiana.

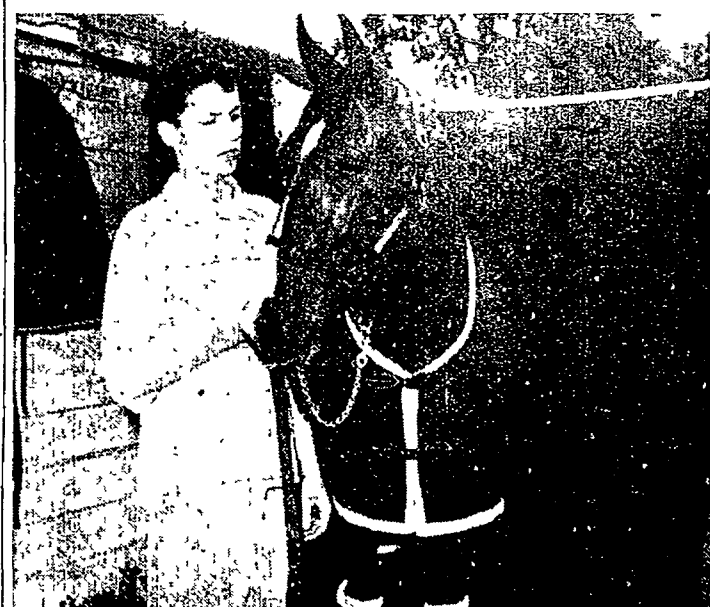

The show will be held Saturday and Sunday, Aug. 11 and 12, beginning at 12:30 each afternoon.

Largest group of contestants will be the 56 members of the 14 Junior Olympic jumping teams, competing in three team events. 41 4-H Entries
Another 41 entries will come from 4-H clubs in southern Michigan: Rouge Valley club, led by Keith Forbush of Inkster; Plymouth 4-H Horse club, led by George Bradshaw, and the Lucky Horseshoe club of Northville and South Lyon, led by Mrs. Alice Gougeon.

The show, sponsored by the Northville Optimist club for the benefit of youth projects in the area, is under the general chairmanship of J. P. Malley of Beck Rd.

Contestants will compete in 26 events. The schedule:

Saturday
First team competition; saddle seat equitation; western horsemanship; Optimist club local class; lead rein class; three-gaited class; ponies, junior trotting. (Continued on Page 12)

END OF THE SEASON for "Chuck Dillard" and his four-legged kin at Northville Downs came Saturday night with the end of the Downs' 35-night racing meet. It was a record-breaking year at the Downs, as daily average records for the handle and attendance were shattered.

Township Receives Check for \$6,234.16

Northville township received a check for \$6,234.16 last week as its portion of the state's intangible tax redistribution.

This amount, the same as received in previous years, represents the maximum amount available to the township under the state's redistribution plan.

The intangible tax is a state tax on intangible personal property such as money, securities and mortgages.

Creative Art Guild Organized In Area

On June 25, a Creative Art Guild was organized for Livonia and surrounding areas.

The Guild was organized on the premise that it is fun to create — that every artist must begin somewhere and the Guild welcomes beginners. It was organized to promote interest in Creative Art, not only among its members, but in the entire communities.

The exhibit each year will be arranged to give people the opportunity to enjoy the work of our local artists.

The following officers were elected and will act as the board of directors: president, Mrs. A. T. M. Petersen; first vice-president, Mrs. Gladys Tuck; second vice-president, Mrs. Harold Rolan; third vice-president, Mrs. Judson Jarvis; recording secretary, Mrs. Earl Bishop; corresponding secretary, Mrs. Clara Karr; treasurer, Mrs. John Perkins; custodian, Mrs. Earl Lodge; and publicity, Mrs. R. D. Merrill.

On Aug. 6, a second meeting was held to perfect the constitution and by-laws.

The September meeting will be held at Bentley high school Wednesday evening, Sept. 5 at 7:30 p.m. and will be open to those interested in Creative Art. Memberships will be accepted at that time. This will include water colors, pastels, charcoal, oil paint, china painting, glass painting, pottery, both molded and handmade, sculpturing, textile painting, leather work, weaving, hooked rugs, photography, copper enameling, metal work, (acid etching etc), jewelry, wood carving, flower arrangements, crocheting and knitting, tailoring and dress making and cake decorating.

To Present Artist Concert

Margaret Barthel, daughter of Mr. and Mrs. William Barthel of Halstead Rd., has been granted the honor of presenting the Artist Concert at the national conference of Delta Omicron, national professional music fraternity. The conference is being held Aug. 14-17 at Troutdale-in-the-Pines, Evergreen, Colo.

Miss Barthel, a former Detroit pianist, now living in Minneapolis, was a charter member of Delta Theta chapter of Delta Omicron at Wayne university. She has won many awards climaxing her successes by winning the coveted Naumburg award, one of the highest musical prizes this country has to offer.

Dr. Marie Marti of Detroit, national president of Delta Omicron, will preside at the conference.

Elected To Office

A Northville woman recently was elected executive vice-president of the All States Hobby club at its annual convention in Detroit.

She is Mrs. Betty Kupsky of 318 Yerkes Ave. The club draws its membership from throughout the U.S.

Coffee Flavors Gel-Dessert

Sophisticated of flavor is this two-layered coffee mold. Unflavored gelatine, a little sugar and instant coffee make the clear jelly for the top layer. Whipped cream is added to the basic recipe for the bottom layer. Each taste is like sipping coffee through whipped cream.

Two-Tone Coffee Mold

Coffee Jelly:
1 envelope unflavored gelatine 1 1/2 cups hot water
1/2 cup cold water 1/4 cup sugar
1 tablespoon instant coffee

Sprinkle gelatine on cold water to soften. Add hot water; stir until gelatine is dissolved. Add sugar and coffee; stir until sugar is dissolved. Turn into a 5-cup mold; chill until almost firm.

Coffee Bavarian:

1 envelope unflavored gelatine 1/2 cup sugar
1/2 cup cold water 4 teaspoons instant coffee
1/2 cup hot water 1 cup heavy cream, whipped

Sprinkle gelatine on cold water to soften. Add hot water; stir until gelatine is dissolved. Add sugar and coffee; stir until sugar is dissolved. Chill until mixture is the consistency of unbeaten egg white. Fold in whipped cream. Turn on top of almost firm first layer. Chill until firm. Unmold; garnish with additional whipped cream.

YIELD: 8-10 servings.

NOTE: If desired, recipes may be used separately. Increase sugar in clear coffee jelly to 1/2 cup and turn into a 2-cup mold or 4 individual molds. Turn coffee "Bavarian" into a 3-cup mold or spoon into dessert dishes.

SPECIAL NOTICES

CARD OF THANKS

The family of the late Rev. John M. McLucas wish to thank the many friends and relatives and all the organizations of the First Methodist church, Brighton and Novi Methodist church, also the Livingston Lodge F.&A.M. No. 76, O.E.S. DO NOT BE GULLIBLE!

In Grand Island, Nebraska, to show that people do not read what they sign, the "Independent" circulated a petition asking the city council, among other things, to "hang me by the neck until dead" and got 35 signatures. People these days are likewise careless about accepting and believing all sorts of messages that travel under the heading of Religion. Just because an article is sprinkled with a few references to scripture does not mean that it contains the truth. There are many ways in which scripture truth can be twisted and explained away so that it would cause readers to believe just the opposite of truth. Apostle Paul gave this good report about the Christians at Berea, "These were more noble than those in Thessalonica, in that they received the word with all readiness of mind, AND SEARCHED THE SCRIPTURES DAILY, WHETHER THOSE THINGS WERE SO." Acts 17:11. It would behoove all to become better acquainted with their Bibles as a guard against so much false teaching abroad today. Learn to check all that you hear from the pulpit, the radio and visitors or from booklets and tracts with the Bible. Beware of those who deny the Bible or those who add to or take away from what is written.

Nina Freytag, Conrad Burkman Wed in Presbyterian Church

Croft lilies, gladioli and chrysanthemums flanked by double candelabras with smilax and palms formed a background for the marriage of Nina Freytag and Conrad Burkman at the First Presbyterian church in Northville Saturday evening at 8 p.m.

Rev. John Taxis performed the double ring service before the 150 guests. David Bryers, brother of the bride, gave her in marriage.

The bride is the daughter of Mrs. Leatha Freytag of Newberry, Mich., and her husband is the son of Mr. and Mrs. John Burkman of E. Baseline Rd.

The bridal gown was fashioned of chantilly lace over satin. The fitted bodice featured long pointed sleeves with a satin-bound boat neckline. The full skirt descended into a chapel train. A white Cattleya orchid surrounded with sweetheart roses formed the bridal bouquet. Her fingertip veil was secured by a Juliet cap of seed pearls and crystal beads.

Mrs. William Wood of Owosso, matron of honor, and Carolyn Burkman, bridesmaid, wore identical gowns of blue and pink, respectively. They were made of embroidered organdy over taffeta with sashes matching their

gowns. The fitted bodice featured 'scoop necklines bound with taffeta and multiple pleated ballerina length skirts. Bandeaux matching their gowns adorned their hair. Little seven-year-old Joan Bryers, niece of the bride, was flower girl and wore a pale yellow frock or organdy over taffeta, made similar to the bride's other attendants. They all carried bouquets of Carole Amling roses with trailing dracemae leaves.

Mrs. Freytag wore a gown of pink lace over rayon. Mrs. Burkman wore toast chiffon over taffeta with yoke and sleeves of chantilly lace. Both wore corsages of pink rubrum lilies. Mrs. Conrad Burkman of Birmingham, grandmother of the bridegroom, wore a pink lace gown and a pink carnation corsage.

Allen, Turner of Redford was best man. Seating the guests were Howard Meyer of Northville, Werner Frank of Howell, Jack Greenleaf of Garden City and Dave Smith, cousin of the bridegroom, of Grosse Pointe.

A reception was held in the church parlors following the marriage ceremony. Joan Cook, Arlene Dani, Elaine McIntyre and Helen Bryers assisted at the tea table.

Mrs. Burkman was graduated from Newberry high school and Cleary college in Ypsilanti and is a service representative for the Michigan Bell Telephone Co. in Ypsilanti. Mr. Burkman was graduated from Northville high school and is studying business administration at Cleary college. The young couple will reside at 562 Baseline Rd.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Mrs. Charles Ratliff writes her recipe for an easy-to-make cake.

Our recipe this week has been tried many times during the years by Mrs. Charles E. Ratliff. The recipe was given to her by a friend from Sweden.

"The coffee cake is of a flaky texture and very easy to make," Mrs. Ratliff said. "I especially like it because it's something that can be made in advance and baked at a moments notice."

Mr. and Mrs. Ratliff live at 39883 W. 8-Mile Rd. with their three children, Jack, 23; Jennifer, 10, and Mike, 6. They also have two married daughters, Mrs. Butler (Carolyn), and Mrs. Heaton (Marianne).

Easy DeLuxe Coffee Cake
(Makes three coffee cakes)

½ pound oleo
4 T sugar
4 c flour
1 t salt
2 yeast cakes
1 t sugar
3 egg yolks
1 cup milk
pineapple, peach or apricot jam

Sift flour, sugar and salt together. Cut in oleo as for pie crust, leaving large chunks.

Dissolve yeast and 1 t sugar in warm milk.

Beat egg yolks, add milk. The dough will be sticky.

Combine all ingredients, and chill. Can be stored for one or two weeks.

When ready to use roll out one-third of dough in rectangles, spread with jam and roll up as for jelly roll, seal ends.

Place on baking sheet and bake at 375 degrees until light golden brown, about 25 minutes. Frost with sugar, glaze while warm.

Whole Day of Fun In Store for Kids At Water Carnival

It'll be a wet, wacky, wonderful time for Northville youngsters this Friday when they head out to Whitmore lake for an all-day water carnival.

Dozens of games, races and contests have been planned for kids of all ages. And there'll be prizes for the winners.

Sponsored by the Northville Recreation Dept., the water carnival will get underway as soon as the busloads of contestants and onlookers arrive at Groome's Beach. Four buses will leave from Main St. elementary school at 9:30 a.m.

Only charge for the day will be a 15-cent admission to the beach — for those who arrive on or with the buses. Latecomers must pay the regular 50-cent admission fee.

One feature of the day will be a rollicking session of "canoe boxing" for older boys and girls. Teams will consist of a paddler and a "battler". Floating in canoes and manning a boxing-glove-tipped pole, the contestants will slug it out until one ends up in the water, loses his pole, or has his canoe tipped out from under him.

Recreation Director Stanley Johnston has asked youngsters interested in "canoe boxing" to team up with a buddy now and register at the carnival.

Johnston also advised children to bring whatever they need for an all-day session: bathing suits, towels, lunches and other gear. Refreshments and lunches may be bought at the beach if desired.

Parents have been invited to watch the fun. Those driving should meet at Main St. elementary school and leave with the buses to take advantage of the reduced admission fee.

Children under eight years must be accompanied by a person 12 or older.

The water carnival will mark the official end of the summer recreation program, though the organized swimming program will continue until Aug. 17.

"The Freshness of Faith"

Many parents of a three or
four-year-old, has made the
observation that their little lives
are not complicated with the
"sense of time" nor are they
bothered with the necessity of
putting all things in proper se-
quence. Just the other day at the
breakfast table my four-year old-
er said to her mother, "Didn't we
have a fine picnic yesterday;
when we watched the boats go
up and down the river?" Well
now, we both knew that the fam-
ily had not been on a picnic so
recently, nor had we been near
a river. But the child was in-
sistent that this was so. When we
finally determined what it was
she was speaking about we real-
ized that she was thinking of
an event that happened several
months ago... and in a REST-
AURANT... overlooking the
BAY OF THE
OCEAN! Yes! I
agreed that was
it! But no amount of persuasion
would convince her that it was
not yesterday!

Similarly she spoke of things
she had done well over a year
ago, but always in the immediate
YESTERDAY. Add to this the
child-like joy which she displays
each morning as she comes down
stairs to behold her array of dolls.
She greets them as if they had
just arrived, and as if she had
not seen them before. They each
receive the "Freshness" of a new
greeting. Add these 2 child-like
attitudes together and you cap-
ture something of the spirit of
freshness in the child's life that is
unhampered by the failures of
the past and unfettered by the
concerns of the future. It's the
recognition of this spirit that
makes the parent say, "If only I

could feel like that every morn-
ing!"

I suspect that the Christ made
similar observations of the child-
like spirit of freshness of faith
as He walked and talked around
Galilee; and further, I suspect
that He had this spirit in mind
when he spoke to the disciples,
"Except ye become as little
children..."

Again we behold the power of
His teachings that help us to en-
rich our lives and the loves of
others, for here we see the
"freshness of faith" issuing from
a child-like simplicity that adds
sweetness to our spirits; that
makes each old association to be
viewed with the eyes of "new-
ness" as if a new friendship is in
the making; and that each new
day is to be approached unfet-
tered by the past... then the sum
total of our living would demon-
strate to the world the faith
founded upon complete trust in
Him. Old wounds of the heart
would soon be forgotten and the
dullness of routine would be

sharpened by the freshness of our
own enthusiasm.

So the small child teaches us
anew as she views life in the
present and the freshness of daily
faith became the example of the
Master to each of His disciples...

"Except ye become as little chil-
dren, ye shall in no wise enter
into the Kingdom of heaven." It
is thus, then that these words
could become our daily prayer:

"In simple trust like tears who
heard

Beside the Syrian sea,

The gracious calling of the

Lord

Let us, like them, without a

word

Rise up and follow Thee."

Iron River Card Game Had Courthouse As Stake

It isn't often that the stake in a poker game is a county courthouse but it happened once in Michigan, writes Lewis C. Reimann in the current issue of "The Michigan Alumnus Quarterly Review", published at The University of Michigan.

What at the beginning appeared to be a harmless contest between card sharks in a pioneer community ended up with the intended victims holding their guests' money and the visitors winning a courthouse and the county seat too.

Reimann, who hails from the north country, says that back in the early lumbering days Iron River and Crystal Falls were infant lumbering and mining towns of about the same size. Intense rivalry had sprung up between them.

It seems the government records were housed in Iron River in a small frame building which served as the meeting place for the county officials.

Crystal Falls was ranked by the legislature's choice of Iron River for the county seat, so the politicians of that town hatched a plot to stage a poker game as a blind to pilfering the records. The Iron River gamblers fell for the trap and soon the click of poker chips accompanied the clink of whiskey glasses. Through the haze of cigar smoke the whole village of Iron River gathered to watch the red-hot game.

With the Crystal Falls intriguers were Frank Scadden, newspaper publisher, and Burt Hughitt, a lumberman. These two, Reimann states, had been elected to sneak off during the game to the temporary courthouse and steal the records.

The back door of the "courthouse" had been left unlocked, as had the safe, so the men quickly packed the books on a hand sled and headed for the railroad depot. They bribed the conductor, a Crystal Falls man, to allow them to ride in the caboose and stow the records and sled under a seat.

Upon reaching Stager, the pair got off the train, loaded their booty onto the hand sled again and set off for Crystal Falls, five miles away. There the sheriff placed the books in a jail cell and set a guard over them.

When the theft was discovered by the county clerk in Iron River, a mass meeting was held. But the angry citizens ran up against a vigilante committee which had set up a barricade in front of the jail where the books were cashed.

Force was abandoned and a county election was planned. The day before the election, Iron River imported five hundred lum-

berjacks from neighboring Gogebic county. Crystal Falls in turn hired floaters from other sections. Irregularities were rampant.

Despite the fact that Iron River had more legal voters registered, Crystal Falls won by a five-vote lead.

The lemon-colored stone courthouse at Crystal Falls still remains as a reminder of one of the greatest hoaxes and one of the most skillfully planned thefts in the Great Lakes region.

N'ville. GI To Assist At Rifle, Pistol Matches In Ohio

Fort Riley, Kan. — Army Pvt. Brank Pate, son of Mrs. Roy Marz, 1951 Marilyn, Northville, is scheduled to leave Fort Riley, Kan. early next month to help provide support for teams firing in the national rifle and pistol matches at Camp Perry, O.

Units of the 1st Infantry Division's 16th Regiment will provide some 500 officials, scorekeepers, target operators and statisticians for the matches, which run from Aug. 14 to Sept. 8.

An infantryman in the regiment's Co. 5, Pate entered the army in September 1955 and completed basic training at Fort Leonard Wood, Mo. He is a 1955 graduate of Stockbridge (Mich.) high school.

Weatherman Halts Midget Leaguers; Tilts Rescheduled

The Northville Midget League will try again Saturday to hold its season play-offs, after rainy weather forced cancellation of the contests last Saturday.

The games will begin at 9:30 a.m. at the ball diamond behind the wading pool at Cass Benton park. The public is invited to attend.

At season's end, the Lions and Bears are tied for first place (4-2) with the Panthers and Tigers tied for third place (2-4).

The first game will pit the Lions against the Bears. At 10:45, the Bears and Tigers will tangle. Winners of the two morning games will meet at 2 p.m. for the play-off championship.

The Midget League is co-sponsored by the Northville Recreation Dept. and the Northville Optimist club. League members are all 12 years old or younger.

Swimming Continues

Northville children will have one more week of supervised swimming, Recreation Director Stanley Johnston has announced.

The Recreation Dept.'s swimming program will continue through Aug. 17. Buses leave Main St. elementary school at 1 p.m. Cost is 15 cents.

All other activities in the summer recreation program will end Friday, Aug. 10.

Tigers Get Local Aid

Some 28 avid baseball fans from the Men's club of the First Methodist church chartered a bus and attended the Tiger-Yankee game at Briggs Stadium last Friday night.

When the shouting was all over the local rooters had helped the Tigers to a slam-bang win over the league-leading Yanks.

Dutch Elm Disease Strikes 135 Trees In Northville Area

The dread Dutch elm disease, incurable killer of hundreds of trees in the midwest recently, has continued to spread in the Northville area.

But the total of trees inflicted with the disease is no higher than last year.

That was the conclusion reached by the state department of agriculture team which examined Northville's elm trees during a three-day survey last week.

The team found approximately 135 of the area's estimated 8,000 elms to be stricken. Most of them have since been removed and burned. The others will be destroyed soon.

A spokesman said 50 trees on the Amerman school property were removed and destroyed. Another 50 on adjoining property also were cut down and burned.

Property owners were advised to have their elms sprayed as soon as possible.

War II Vets Get Loan Extension

The World War II GI loan program ending date has been extended for one more year to July 25, 1958, under an omnibus GI loan law signed by the President Aug. 1, 1956.

In the 12 years that the GI loan program has been in operation, 4,466,000 World War II veterans have borrowed \$33,200,000,000 in GI loans to purchase homes, farms and businesses. Of that amount, VA has guaranteed or insured \$17,900,000,000.

The GI loan program previously was scheduled to end July 25, 1957, and, under the wording of the original law, all GI loans would have had to be closed by that date.

Under this new law, any GI loan for which VA receives an application by July 25, 1958, may be guaranteed or insured by VA if it is completed by July 25, 1959.

VA emphasized that the new law effects only World War II veterans. Korean conflict period veterans have until Jan. 31, 1965 to obtain GI loans for homes, farms and businesses. To date, more than 345,000 Korean conflict period veterans have borrowed \$3,600,000,000 in GI loans for homes, farms and businesses. Of that amount, VA has guaranteed or insured \$2,000,000,000.

In addition, this new law will

permit any veteran who sells residential property purchased with a GI loan to be relieved from liability to the Government under certain circumstances.

Previously, the veteran who sold his property and allowed the purchaser to assume his GI loan still remained liable to the Government in the event of subsequent foreclosures and the payment of a guaranty claim by VA.

Now the veteran may be relieved of liability if the purchaser assumes full liability on the loan, the VA approves him from a credit standpoint, and the loan is current.

The new law also permits World War II veterans to have their GI loan entitlement restored up to Jan. 31, 1956, if their property:

1. Was taken by a governmental agency for public use;

2. Was destroyed by a natural hazard; or

3. Was otherwise disposed of for compelling reasons without fault on the part of the veteran.

The new law also amends the GI Bill to permit the restoration of GI home loan entitlement to a veteran in military service who disposes of his home because of a transfer under military orders.

A veteran, under the new law, will have to certify that he intends to live in the home he is

buying with the assistance of a GI loan, at the time of application and at the time of closing the loan.

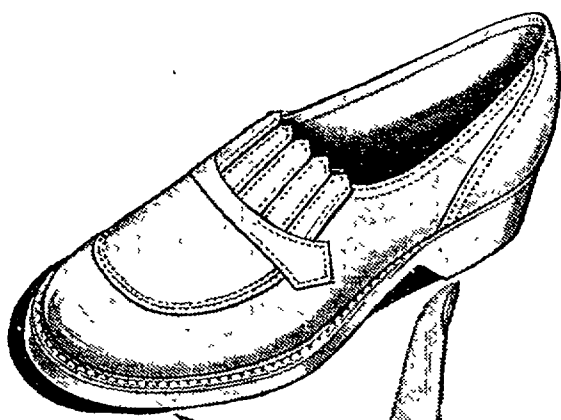

The new law also clarifies and confirms VA's authority to make the final determination of reasonable value of property irrespective of the estimate of value made by an individual appraiser.

Hospitals Show Cost Rise During Past Nine Years

Improved services for patients and a sharp rise in the cost of labor and supplies were named by the Michigan Hospital Assn. as reasons for the steady upward trend in hospital expenditures during the last ten years.

Dr. A. C. Kerlikowske, president of the Michigan Hospital Assn., pointed out that the constant advance in medical science in the treatment and care of patients, sharp advances in payrolls and the higher cost of supplies and equipment all combined to

increase the cost of providing care in Michigan's non-profit community hospitals.

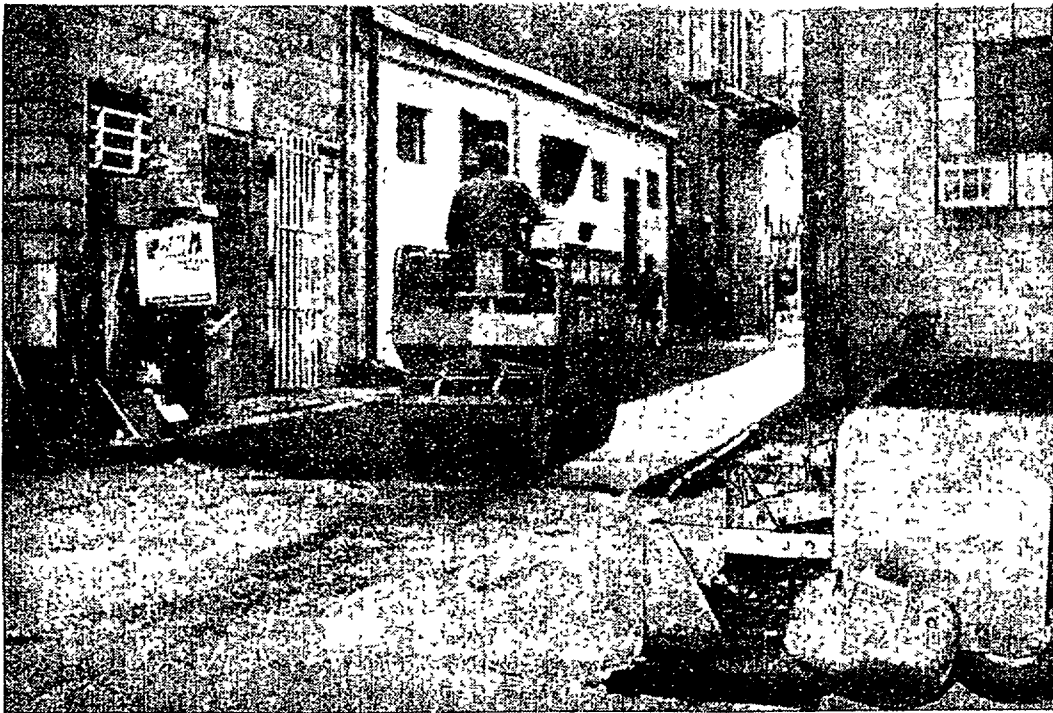

He reported that the cost of providing a patient day of care climbed 156 per cent between 1946 and 1955—from an average of \$11.10 a patient-day to \$28.41 last year.

"Hospital care has become more expensive as it has offered more diversified but necessary services for the patients," Dr. Kerlikowske said.

"Increased personnel needed to provide these services plus the general rise in the cost of living is a big factor in increased costs," he added. He pointed out, for example, that it now requires 223 full-time hospital employees per 100 patients, an increase of 46 per cent over the 152 required in 1946.

"In fact," he said, "wages and salaries to hospital personnel constitute 65 to 70 per cent of the hospital's operating cost today."

Dr. Kerlikowske, who is also director of University Hospital in Ann Arbor, reported that the total expenditures of Michigan non-profit hospitals from 1946 to 1955 more than tripled, rising from \$35,000,000 to \$141,000,000 in that ten year period.

PAVED PARKING space behind stores on the corner of North Center and East Main was being provided Tuesday by Northville merchants of that area. The newly improved parking will provide room for approximately 40 cars.

1,000 Michigan VFW Delegates To Attend 57th Annual Convention In Dallas, Texas

Lansing—Some 1,000 Michigan delegates and representatives will join with an estimated 30,000 other Veterans of Foreign Wars officials for the 57th Annual national VFW convention which begins in Dallas, Tex. Aug. 12.

Led by Michigan VFW Commander Max C. McCann of Mason, the state delegation—some what smaller than in recent years because of the great distance—will join with other states in electing a successor to Timothy J. Murphy of Milton, Mass., as national commander.

Michigan will have no candidate for national office but is expected to back the state recommended by the Big Ten Conference, of which it is a member. Business at the parley will cen-

ter about the more than 400 individual resolutions submitted ranging from internal VFW affairs to national security.

Michigan delegates will oppose a national plan for establishing a death insurance program through increase in national dues. The state department turned down the proposal during its encampment held in Bay City this past June. The death insurance plan is expected to produce one of the biggest floor fights during the encampment.

Although Detroit has been already awarded the 1958 national encampment, Motor City officials will withdraw their bid and ask for the 1960 parley instead. It is contended that the Detroit Civic Center and large auditorium would not be finished until 1960 and it would be a better year for hosting the national encampment.

The state department and its posts will be recipients of many honors during the encampment. Michigan will be honored for its 100 percent participation in community service activities during the year. The state was the largest reporting total participation and reported its more than 400 posts and 350 auxiliaries in community service activities.

In addition, four of Michigan's posts will be honored for their individual accomplishments in community service. Tiny Republic Post 5014, in the Upper Peninsula, placed fourth nationally in its division, and will be awarded a plaque.

Other posts which placed in various divisions and which will be cited during the encampment are Roseville Post 2358, 11th in Division B; and Ann Arbor 423, 16th and Detroit Brohead Post 2269, 25th in Division A.

Michigan also won a division title in youth activities and will receive a plaque for its program. Concurrent with the parent organization's convention, the ladies auxiliary will hold its convocation. Mrs. Clarissa (Melvin) Loading of Marysville, state president, will head Michigan's delegation.

Social Security District Manager Explains Provisions of Scheduled Amendments

Harry Baltuck, manager of the Detroit-Northwest Social Security district office, explained the important new social security amendments signed into the law by the President early this month.

The amendments contain the following major provisions:
1. Beginning November 1956, retired women workers, the wives of men receiving old-age insurance payments and the widows of insured workers can start getting monthly benefits at age 62.

2. The dependent mother of an insured worker who dies leaving no spouse or child eligible for benefits may also receive payments at age 62 as of November 1956.

3. Disabled workers, age 50 and over, who meet the disability

freeze requirements may receive benefits beginning July 1957. Application for benefits cannot be accepted before Oct. 1, 1956.

4. Children 18 or over who were disabled before they were age 18 may receive payments effective January 1957.

5. Social Security coverage is extended to self-employed lawyers, dentists, chiropractors, veterinarians, naturopaths, osteopaths and optometrists for taxable years that end after 1955. Doctors of Medicine are now the only self-employed people who as a group are not covered by Social Security.

6. Beginning January 1957 the tax rate will be increased ¼ of 1% for the employer and the employee. Each one will pay 2¼% on earnings up to \$4,200.

RARIN' TO GO, a group of Northville Junior Policemen load up to go to the Detroit Police Field Day at University of Detroit Stadium last Saturday. Upwards of 100 boys and girls had been expected to attend, but bad weather kept the group down to less than 20. The trip, sponsored by the Recreation department, was offered free to the junior policemen.

Watch Skies this Weekend
For Flashing of Stars

"Shooting stars" will flash
across the August skies at a
higher rate than at any other
time of the year, according to
University of Michigan astronomer,
Hazel M. Losh.

This is the yearly show of the
Perseid Meteors. Although visible
for two or three weeks, they
will reach their peak around
Aug. 10 and 11, with about 70
meteors an hour being visible
after midnight with good sky
conditions, Professor Losh said.

Although these streaks of light
may be seen in any direction,
their paths, when traced back,
will appear to intersect in the
northeast where the constella-
tion, Perseus, will be arising
around 10 p.m. This accounts for
the name given to the annual
display.

These bits of iron and stone
become visible only when they
enter the Earth's atmosphere.
"Coming in at terrific speeds,"
Professor Losh continued, "they
are checked and the resulting
friction sets them burning." How-
ever, most of them are consumed
in their plunge.

Among the bright planets of
interest this month will be Sat-
urn in the southwestern sky. It
will set around midnight.
Mars, red in color, will be ris-
ing around 10 p.m. just slightly
south of the most eastern point
of the horizon. "This is the year
of the close approach of Mars to
the Earth," the professor ex-
plains. Although it will reach its

closest distance in September,
during the month of August it
will be rapidly coming nearer,
changing its distance from 43
million miles at the beginning
of the month to a little more than
35 million by the end.

The Milky Way will dominate
the August evening sky. It is
during this time that we see its
full half circle running as near-
ly north and south as it ever
does, Professor Losh points out.

By the end of the month we'll
be having a 13-hour day instead
of the June high of 15 hours. This
is because the Sun is rapidly
dropping south from its high
June position. Even at the be-
ginning of August, a marked de-
crease in the daylight hours will
be noticeable.

Northville-Born Forester Honored at Retirement

James F. Dubar, Northville-born forester, was honored Saturday night upon his retirement after 35 years as director of the New York State Ranger school in Wanakena, N.Y.

More than 500 alumni gathered at a testimonial dinner for Dubar under whose direction the Ranger school has received worldwide recognition.

The Ranger school is a division of the New York State University College of Forestry on the Syracuse university campus.

Said Dr. Harold G. Wilm of the College of Forestry:

"Dubar is one of the national leaders in his special field — the training of young men to fill positions between the average woodsmen and the professional forester. The New York Ranger school at Wanakena, largely through his influence, has become a model of its kind."

Born and educated in Northville, Dubar received a bachelor

of arts degree in 1913 and a master of science in forestry in 1915, both from the University of Michigan.

Dubar is married to the former L. Margaret Pettibone of Northville. They have three children, Camilla, Marcia and Charles.

After serving with the U.S. Forest Service and the army in World War I, Dubar joined the Ranger school faculty in 1919 as an assistant professor of forestry. He was named director in 1921.

Under his direction, the school grew from a two-building workshop to a permanent plant that is judged by many to be the best vocational training campus in the U.S. A 250,000-tree nursery has been developed. U.S. weather stations at the school have provided valuable records to forest management study. Improvements have been made in water supply, forest roads and timber stands.

Dubar has set up a rugged training program for his students: eight hours of study in the

day, more hours at night, enforced meal and quiet hours, and a strict operating procedure.

The school period — 44 weeks of training in the classroom, laboratories and the Adirondacks foothills — is crammed with work. Final examinations are corrected on the bus that takes graduating foresters to commencement exercises.

Dubar is listed in "Who's Who in America" and "Who's Who in Education". In 1955 he received a special award from St. Lawrence for being an outstanding citizen of the North country.

Additional testimony has come from former students. One said, "As long as the Ranger school endures, it will always serve as a living monument to Jim Dubar's career."

GAS... Helps Sell Your Community!

Yes, Natural Gas service helps sell your community. The availability of Natural Gas for industrial processing is often a determining factor in the location of new industry.

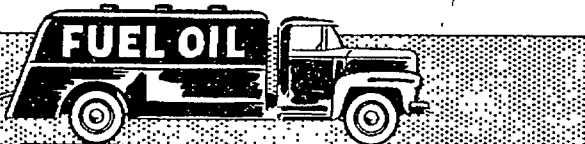

There are many reasons why industries look for sites where Natural Gas service is available. It is dependable. It is delivered through well-built mains — underground — safe, silent and out of sight. It is the perfect fuel—speedy, clean and easily controlled.

Good Natural Gas service helps your community grow by attracting industry. As industry grows, there are bigger payrolls, more jobs and more homeowners. Everyone benefits from this community expansion.

Local Teachers Get Good Look At U.S. Government In Action

A group of three Northville teachers recently completed a five-week "government in action" seminar in Washington, D.C.

The program — first of its kind — was sponsored in June and July by the National Education Ass'n. and the National Council for Social Studies.

Attending from Northville were Miss Ada W. Fritz of Main St. school; Miss Florence Keith of Amerman school, and Miss Ruth M. Knapp, school nurse, at Harper hospital in Detroit. Some 62 other teachers from 23 states also attended.

The teachers attended sessions of Congress, met with representatives and senators, sat in on committee hearings, and attended discussion groups with leaders of

the Democratic and Republican parties.

Other visits were paid to the Supreme Court, District Court of Appeals, Department of Justice, Atomic Energy Commission, the Pentagon, and other governmental agencies.

Special attention was given to international affairs. At the Department of State, officials explained U.S. foreign policy and global aims. The teachers also visited the U.S. Information Agency where they heard Voice of America broadcasts.

Special visits were made to the White House, Smithsonian Institute, Mount Vernon, Valley Forge, Gettysburg, the Naval Academy at Annapolis, and other points of interest.

Hay Fever Season Fast Approaching

It isn't a fever and it isn't caused by hay, but by any other name it would be just as miserable. Hay fever, according to the Michigan Department of Health, is a general term which includes all kinds of allergies to various pollens, dusts, and other offenders.

Some people, the health department explains, suffer from perennial hay fever which may occur at any time of the year. It is caused by sensitivity to house dusts, animal hair, feathers or other substances. Then there is summer hay fever which is caused by pollen from grasses such as timothy and redtop. Spring hay fever is a result of tree pollens.

Most common, however, is fall hay fever usually due to ragweed pollen. Ragweed is one of the most common Michigan weeds, growing wild in fields, vacant lots, and along highways. The pollen is produced in large quantities by mid-August and may travel great distances over land and water, carried by the wind.

A good defense against hay fever, according to the health department, is retreat. Fortunately, Michigan offers areas sufficiently free from ragweed pollen to be comfortable for the average hay fever sufferer. These include most of the upper peninsula and the northern third of the lower peninsula.

For those unable to get away during the hay fever season, the family doctor may suggest injections to reduce sensitivity, or prescribe certain medicines to relieve symptoms. There is also the possibility of removing pollens through the use of an air filter or electric pollen remover.

LIGHTNING STRUCK near the second floor window (indicated by arrow) of the Robert Haass home Saturday evening. Fire destroyed the upstairs and left restoration of the 120-year-old home doubtful. Firemen fought the blaze from 9:45 p.m. until after 3 a.m.

Haass Home Destroyed After Lightning Strikes

Fire caused by lightning completely destroyed the second floor of the country-estate home of Mr. and Mrs. Robert Haass, 6-Mile near Bradner, Saturday evening. The huge blaze brought eight units from six fire departments in the area.

Accurate estimate of damage was difficult, but authorities believed that the 120-year-old homestead would become a total loss.

The home, located at Farm Crest Farms which is owned and operated by Haass, was struck by lightning near an upstairs window. Fire was not discovered until the Haass' 11-year-old son, Randy, opened a stairway door from the downstairs living room. Report of the fire was received by the Northville department at 9:35 p.m. Haass, his mother, Mrs. Walter Haass of California, and the chauffeur were in the home with Randy when the discovery was made. Haass received the only injury when his foot was cut by broken glass.

Northville Fire Chief William McGee called for aid from the Novi, Plymouth, Plymouth township, Livonia and Canton township departments. Tankers hauled

water to the scene and were in continuous use until 3 a.m. Northville firemen did not leave until 5 a.m. McGee stated that water in a pond approximately one-quarter mile from the house could not be reached because of the muddy condition caused by the heavy downpour.

Most of the furniture from the first floor was saved from fire, but suffered some water damage. The upstairs was completely gutted as three walls collapsed.

The Haass family has moved to a ranch home, also located on the farm.

Both girls are 13.

School Board Spends Busy Monday Night

Meeting until shortly past midnight, the Northville board of education Monday night waded through a variety of routine school matters both large and small that had collected during the preceding month.

More than an hour was given over to discussing with East Novi school district officials the problem of whether to accept East Novi tuition students in Northville this fall (See story, page 1).

Another hour was devoted to seeing preliminary drawings of the proposed new Northville high school. Presented by Dr. Arthur Wohlers, school planning consultant from the Wayne County Board of Education, the plans would call for a novel series of classroom units facing on a group of terraces.

Take No Action

Board members expressed general approval, but no formal action was taken.

In other business, the board heard the 1956-57 school calendar which calls for a school year from Sept. 4 through June 14, 1957, with holidays from Dec. 21 to Jan. 2 and from April 17-24.

Was told that 50 trees on American school property had been stricken with Dutch elm disease and removed. The board agreed to look into replacing them.

Heard a report that two new automobiles — a 1956 Chevrolet station wagon with 1956 transmission and a 1956 Plymouth four-door sedan with automatic transmission — had been bought for the high school driver training program for a total of \$2,304 and the trade-in of a used 1955 Chevrolet.

Study Appraisal Offer

Put off for further consideration an offer from a private concern to appraise school property and equipment for the purpose of establishing a new basis for insurance coverage and proof of loss in case of destruction.

Approved a motion to hire a speech correction teacher and a "type A" (for mentally retarded children) instructor for \$4,750 each, most of which would come from a special state grant for those purposes.

Reviewed copies of a questionnaire being sent to 1951, 1952, 1955 and 1956 graduates of Northville high school to determine improvements that could be made in the high school curriculum.

Were told that Northville school district has formally annexed the part of Durfee school district south of 8-Mile Rd. and part of the Stone school district, as approved by voters recently.

Expect Big Entry
