

NORTHVILLE ACTS AGAINST ANNEXATION SUITS

Dinner Planned To Fight Disease

To further their work against cystic fibrosis — a hereditary disease said to affect one of every 600 children — a Northville couple is planning a benefit turkey-smorgasbord dinner-dance next month.

They are Mr. and Mrs. William Black, proprietors of Black's White House in Northville.

Funds from the dinner, to be held October 27 at the Northville Community building, will go towards research into cystic fibrosis. Tickets cost \$2.50 and are available at the White house.

The Blacks, whose 2-year-old granddaughter died of cystic fibrosis two years ago, have taken the lead in this area in fighting the disease which has no known cure.

They reported to the Record a month ago that until recently, many authorities were unaware that "C-F", as it is known, existed. The main problem now, they said is to educate the public and arouse interest in the disease.

The Michigan State Turkey Producers' Association is providing all the turkey for the dinner. In addition, the MSTPA is cooperating with the Michigan State University Poultry Extension department on menu and recipe suggestions for the affair.

Many wholesale food concerns in this area are donating the rest of the food.

Northville Woman Talks of Nurseries On TV Appearance

A Northville woman appeared on television Tuesday night as part of a three-member panel discussing the value of cooperative nursery schools to parents and children.

She is Mrs. Howard Meyer, 48120 Eight Mile road, former president of the Northville Cooperative Nursery School and now chairman of its advisory group.

Mrs. Meyer also served two years on the Michigan Council of Cooperative Nurseries Schools.

The half-hour program, telecast over channel 56, was an introduction to a series on cooperative nurseries. The series is sponsored by Wayne State university and will begin in October.

Local JCC Chapter To Elect Officers At Meeting Tonight

The newly-formed Northville Junior Chamber of Commerce will meet again tonight (Thursday) to continue organization and elect temporary officers.

The meeting will begin at 8 p.m. in Room 1 at Northville high school.

Guest speakers will include two JCC state vice-presidents: Bob Kennedy of Howell and "Red" Watkins of Lincoln Park. In addition, the meeting will feature a movie on JCC work throughout the country.

The local JCC group had its organization meeting last Thursday, drawing nine Northville residents. Visiting officials called the turnout "enthusiastic and encouraging," according to Fred Hamlin, project chairman from Farmington.

Hamlin stressed again that the JCC is open to Northville men between the ages of 21 and 35, whether they work in the city or not. He added that Northville men working in Detroit could find the group a valuable means of developing social and civic ties in the community.

Purpose of the group, Hamlin said, is to develop leadership, promote civic projects and develop social ties.

CORN FOR THE QUACKERS — Frank Olm prepares his daily handout of corn for the swarm of transient ducks who stop by every afternoon to demand a bill of fare. Frank's neighbors too are victimized daily by the wandering ducks.

MSU BANDSMEN — Looking over the score for a halftime musical show are MSU marching band drillmaster C. Oscar Stover, Nelson Brown of Flat Rock, Ronald Grudzinski of Allen Park, David Hartner of Northville and Band Director Leonard V. Falcone.

Former NHS Bandsman Now Playing for Spartans

A former French horn player for the Northville high school marching band is continuing his musical marksmanship this fall with the Michigan State university marching band.

He is David Hartner, son of Mr. and Mrs. Herman Hartner, 416 Plymouth road, who has started his freshman year in the MSU school of music.

Said Leslie G. Lee, director of the Northville band: "There was never any question about his making the grade in East Lansing. He's a fine musician."

Hartner has been training with the MSU marching band for two weeks, under Director Leonard V. Falcone and Drillmaster C. Oscar Stover.

Members of the 125-piece marching unit began twice-daily drills September 10, two weeks before the start of fall classes. Their opening performance will be between halves of the MSU-University of Michigan football game October 6 in Ann Arbor.

The band will play at all home football games and two other Spartan contests on the road — October 20 at Notre Dame and October 27 at University of Illinois. The latter two band trips will be sponsored by Oldsmobile division of General Motors Corp.

Calendar

- September 27—Northville P-TA at Community building.
- September 28—Meeting of Orient chapter, OES, 7:30 p.m.
- September 28-29—VFW Ladies' Auxiliary rummage sale.
- September 28-29—Rotary rummage sale.
- October 2—Novi Country Slicks at home of Mrs. James Cotter, corner 12 Mile and Haggerty. Any girl ten or older welcome to attend.
- October 2—Community Development.
- October 4—Girl Scout Troop N-14 at Scout building, 3:45 p.m.
- October 5—Mother's club bake sale, 9 a.m. to 1 p.m., Don Merritt's agency.
- October 7—BPW district meeting, Walled Lake.
- October 8—Mothers' club entertaining teachers at Amerman school, 8 p.m.
- October 8—BPW fashion show, Community building.
- October 9—King's Daughters luncheon, 12:30.
- October 9—Wesleyan Service Guild will meet with WSCS. Rev. Hodgson will show pictures of Missionary Caravan.
- October 10—Pilgrim Shrine No. 55 Harvest Dinner at Plymouth Masonic Temple. For reservations call Edith Strautz, 531-W.
- October 18—Coordinating Council.
- October 23—WSCS meeting of all circle.
- October 25—Northville P-TA.

Reminder

The Co-ordinating Council would like to remind community organizations that a calendar is in the Record office where they may write the dates of their meetings. Many conflicts of important dates could be eliminated if this calendar were put to good use.

Feathered Freeloaders at Large, "Brother, Can You Spare a Crumb?"

There are "freeloaders" living in the mill pond near the Ford plant.

They faithfully make their rounds each day for handouts from benevolent souls. And they're mighty put out if there's nothing forthcoming.

But they aren't the usual type who need a "nickle for a cup of coffee". They are ducks, who are satisfied with a little corn or a few "dried" breadcrumbs. And those who know say that words of gratitude can be translated from their quacks.

One of those in the know is Frank Olm, who lives at Horton and Lake streets. Each day for the last two months, 15 wild

ducks have appeared at his door for a handout.

Passers-by stop and feed them from their hands, while mother duck watches for danger and gives the alarm if she suspects any funny business.

If Frank scrapes an ear of corn or two for them, they're happy. But if he has nothing for them, "they go away mad," he says. With a few disgruntled quacks they move on down the street to the next stop.

If the "next stop" happens to be your door, don't call the law. We can't promise these "hobos" won't be back to try again, but we doubt they are dangerous.

Young Republicans Recruit Members

A Young Republican club for Northville area residents will hold its organizational meeting this evening at 8:00 o'clock in room six of Northville high school.

C. A. Hoffman, chairman of the move to form an active club, stated that all young Republicans interested in helping during the approaching campaign are urged to attend the meeting. He said a letter had been sent to Gubernatorial Nominee Albert Cobo requesting suggestions for activities that the local club might undertake.

Clerks Urge Voters To Register Early

Northville Clerk Mary Alexander has urged all eligible residents of the city to register for the November 6 general election before October 8.

Offices will be open for registration daily from 9 a.m. to 5 p.m. and on Saturday from 9 a.m. to noon.

Final deadline for registering will be Monday, October 8 from 8 a.m. to 8 p.m.

Novi Township Clerk Hadley Bachert also has requested township voters to register as soon as possible. Registration may be done at the Township hall on Novi road near Grand River.

Hours for Novi township are roughly the same as in Northville, with the exception of October 4, 5, and 6, when the offices will be open from 9 a.m. to 8 p.m. and on October 8 from 8 a.m. to 8 p.m.

Mustangs Open W-O Play

With a solid triumph against Oakland county team.

Reports of the game indicate Northville will be troubled most by a pair of "dancing" halfbacks who almost singlehandedly shattered Clarenceville. Operating out of a split-T, the twin backs are said to be exceptionally dangerous broken-field runners.

"Once they're past the scrimmage line, they're gone," one observer said.

Otherwise, according to reports, Milford boasts only a fair

passer and a somewhat light line. Nevertheless, Northville Coach Ron Schipper is grooming his charges for a battle.

"If Milford can get past Clarenceville, they must have something," Schipper said. "And whatever that something is, we're going to be prepared for it."

Game time at Milford is 8 p.m. Next week, the Mustangs return to Ford Field for their first home game of the season.

Ogilvie Prepares to Fight Warren Products Case

The City of Northville this week took two steps against two separate legal actions brought by Novi township in hopes of keeping part of its territory from annexing to the city.

City Attorney Philip R. Ogilvie reported that in the past week he has:

—answered a bill of complaint brought by Warren Products company that would stop annexation of a site on which the factory is located;

—filed a motion to dismiss a suit brought by Novi township that would prevent annexation of some 82 acres surrounding the Amerman school.

Ogilvie had previously asked that the Warren Products suit be dismissed by Oakland county circuit court on grounds that it was brought in the wrong type of legal proceeding. But Circuit Court Judge Clark J. Adams denied the motion.

Now that Northville has decided to fight the suit on its own merits, Ogilvie said, the matter should reach court before Christmas.

"We have hopes that it may go before the suit in the name of a he added.

As for the legal action brought by Novi township, Ogilvie said he has again asked circuit court to dismiss the suit. This time the grounds are that the suit was improperly filed, he said.

Specifically, Ogilvie said state law requires that such a suit must be filed by a "citizen". It is Ogilvie's contention that Novi township, though a legal entity, is not such a "citizen".

Asked if Novi township could refile the suit in the name of a single citizen, Ogilvie pointed out that the 30-day limit for filing a suit expired several weeks ago.

He added, however, that in this case circuit court might decide to allow extra time for re-filing of the suit.

The hearing is expected to be called next Monday, Ogilvie said.

Ground Is Broken At Catholic School For Retarded Girls

Ground was broken near Northville Tuesday for a new school for retarded girls.

The school, to be known as St. Mary of Providence, is located on Beck road between Phoenix and Six Mile roads.

Sponsored by Edward Cardinal Mooney, Archbishop of Detroit, the school will be financed by the Detroit Archdiocesan Fund. Any girl in the archdiocese who needs services of the school will be accepted, a spokesman said.

The school will be conducted by Mother Mary Delco and Sister Mary Clare, both Daughters of St. Mary of Providence. They attended the ground-breaking ceremonies Tuesday.

Designed by Emerling-Calkins, Inc., the new school will be built in sections, with the first scheduled to open later this year.

Northville Motorist Injured Critically

Jack Taggart, 30, 604 Oakland street, is in critical condition at Wayne County General hospital after his car smashed into a tree Sunday morning at the corner of Northville and Six Mile roads.

According to hospital officials, Taggart is suffering from lung injuries and fractures.

Any Pictures?

Got any old pictures of Northville? Perhaps one that shows Parmenter's Cider Mill as it was, say 75 or 100 years ago?

Mr. and Mrs. R. E. Parmenter are putting together a brochure and hope to show the cider mill's development from its early days to the present.

Any photo of the mill that dates back to the last century would be appreciated by the Parmenters. It would be returned, of course.

CONSTITUTION WEEK was observed at Amerman school last week with the presentation of a dress flag to the school by local Daughters of the American Revolution. Taking part in the presentation were (left to right): DAR regent Mrs. Claude Cruseo; Patty Lemke, 401 North Center; Chuck Sommers, 777 Grace; Rev. B. J. Pankow and Mrs. Edward Cutler.

Richard Willis and Bride Honeymoon at Niagara Falls

The Outer Drive United Presbyterian church in Detroit was the scene of nuptials uniting in marriage Averil Ann Wing, the daughter of Mr. and Mrs. Avery

Wing of 19920 Litchfield street, Detroit, and Richard Willis, son of James Willis of 12191 Cardwell, Livonia, at 8 o'clock Friday evening, September 21.

More Students . . .

We missed a few college students last week—and have heard that Bob Heslop and Lillias Mair are returning to MSU; Norman Somers to Ferris Institute in Big Rapids and Pat Benjamin to Bob Jones university in Greenville, South Carolina.

Given in marriage by her father, the bride wore a satin, floor-length gown with lace embroidery edging the square neckline and wrist-point sleeves. The full skirt swept into a chapel-length train. Her fingertip veil of illusion was caught by a crown of rhinestones and seedpearls. The bride carried a bouquet of white

rosebuds surrounded with stephanotis.

Chrysanthemums, palms and gladioli decorated the church altar for the rites. Selections on the church organ preceded the ceremony which was officiated by the Reverend C. Downey.

Betty Wing was her sister's maid of honor and wore a cotillion blue velvet dress of princess lines with off-shoulder neckline. Her flowers were yellow and white carnations.

Carol Wiles and Rosemarie Willis, bridesmaids, were also dressed in cotillion blue velvet of identical styling.

Assisting the bridegroom as best man was Robert Shock, while ushers were Marion Kwasiak, William King and Gilbert Black.

Mrs. Wing selected a cotillion blue satin sheath dress with matching hat and shoes for her

daughter's wedding. Mrs. Willis chose a princess-styled dress of pink brocaded taffeta with scalloped neckline and black accessory accents. Both wore white orchid corsages.

Approximately 200 attended the reception held in the church parlors following the wedding ceremony. The out-of-town guest list included those from Walled Lake, Wayne, Dearborn, Jackson, Somerset and Detroit.

For going-away, the bride changed to a navy blue sheath dress trimmed in white with red accessories. A trip to Niagara Falls and the eastern states was planned for the honeymoon.

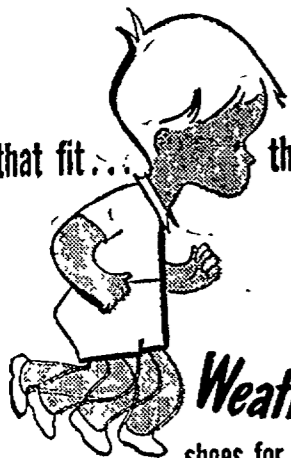

The bride is a graduate of Mumford high school, Detroit, while her husband graduated from Northville high school. Both attended Alma college.

The couple will reside in Detroit.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Mrs. Howard Atwood of High street has at hand the "before and after" of her fruit cocktail—the fresh peaches and pears and a shining par of this home canned treat.

Fresh peaches and pears are still available for home canning, but instead of canning them plain, Mrs. Howard Atwood of High street suggests that you try this fruit cocktail.

FRUIT COCKTAIL

- 1 peck peaches
 - 1 peck pears
 - 2 large cans pineapple (chunk)
 - 2 large cans apricots (diced)
 - 2 pounds white grapes
 - 1 pint maraschino cherries (optional)
 - 6 cups sugar
- Use juice from fruit and 3 quarts water.

Cook pears and peaches separately, then combine with other fruit and cook all together. Seal in jars.

Unless a large quantity is desired, one half of the recipe is sufficient.

Mary Woodruff Sails for Ireland

Mary Jean Woodruff, daughter of Dr. and Mrs. C. E. Woodruff of Beck road, sailed last Monday for Belfast, Ireland, where she will begin a year of advanced study of English literature.

Sailing with two classmates, Mary Jean expects to visit in London for a time before she begins work at Queen's university, Belfast, about the middle of October.

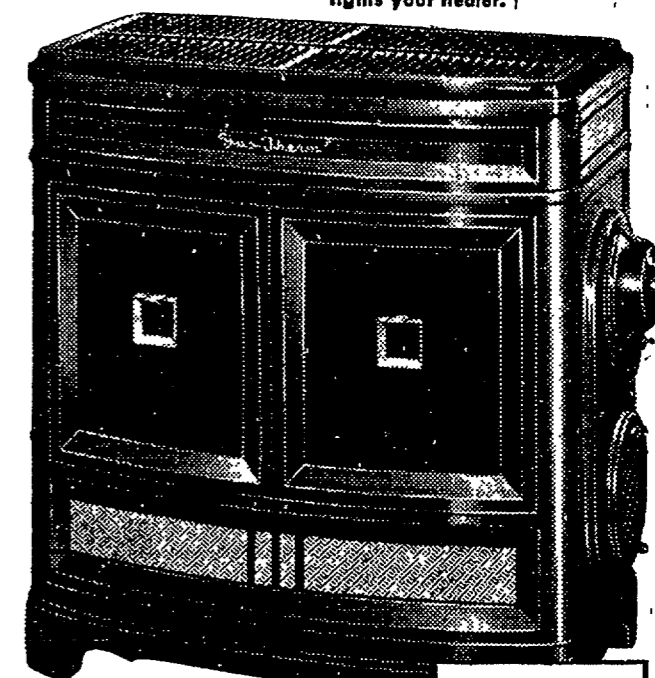

A June graduate of the University of Michigan, she will study English literature under an exchange fellowship from the university.

OLV To Plan Holiday Party

Mrs. Lewis W. Alexander, president of Our Lady of Victory Mother's club, has announced a workshop meeting for the annual Holiday House party. The meeting will be at 8:30 p.m., Tuesday, October 2 in the Church Hall.

Mrs. Hugh G. Godfrey, Holiday House party general chairman, has asked that members be prepared to discuss and display, unusual articles or plans for the November 29 affair.

Arrangements for the workshop meeting will be handled by Mrs. Alfred Bush, Mrs. L. G. Byrd, Mrs. Patrick Carrol, Mrs. Edward Cheesman, Mrs. Joseph Krupi and Mrs. Joseph Dunnabick.

John Gotrow, formerly of Fry road, is still at Mt. Sinai hospital in Detroit, where he's been since August 9. He expects to be able to be home soon.

BPW Past President Interviewed on Radio

Mrs. Bea Carlson, first president of the Northville Business and Professional Women's club, and Mrs. Florence Frostic, chairman of the Committee for Program Coordination for the state of Michigan, appeared as interview guests on WJR's "Topic for Today" program Wednesday, September 25.

With Jim Garrett as moderator, Mrs. Carlson and Mrs. Frostic discussed issues pertaining to the Business and Professional Women's Federation. Their participation on the program was arranged through the Public Affairs committee of the Northville BPW.

Mr. and Mrs. Howard Fuller of Seven Mile road just returned from their vacation in New Orleans and Texas. On the trip they visited Mr. Fuller's brother, G. R. Fuller.

Walter Gales To Celebrate Golden Wedding

On Wednesday, September 26, the Walter Gales of Ypsilanti, formerly of this vicinity, celebrated their 50th wedding anniversary.

Mr. Gale was born December 2, 1881 in Superior township, and Mrs. Gale in Salem township on September 20, 1886.

They were married in Salem township in 1906, and lived on a farm in Plymouth until 1917 when they moved to another farm in Superior township.

The Gales have been Grange members for 45 years and are also members of the First Methodist church in Ypsilanti.

The couple has six children: Mrs. Leona Meeks, Clinton; Curtis LaVerne, Hillsdale; Mrs. Loretta Gardner, Ypsilanti; Walter Edwin, Farmington; Lawrence, Tipton, and Mrs. Edith Hansen, Whitaker.

The Gales will hold an open house at their home, 116 East Ainsworth, Ypsilanti, Sunday, September 30 from two to six o'clock. There will be no written invitations mailed, but all friends and relatives are here invited to drop in.

Newcomer's Corner

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

Mr. and Mrs. Kermit Brooks of South Rogers street with their daughters, Veronica and Kay

Hobbies are one of the best ways of relaxing there is—and the members of the Kermit Brooks family, 724 Horton street, all have enjoyable activities with which to spend their spare hours.

Mr. and Mrs. Brooks and daughters, Kay and Veronica, have been living here for about a month now. They moved here from Newberry, Michigan, leaving 17-year old Roger with an aunt and uncle so that he could finish his last year of high school there.

Though Roger is in Newberry, his main interest is the same as most Northville boys at this time of year — football.

Kay, 15, enjoys reading and doing fancy needlework — and, according to her mother, makes delicious fudge.

Horses are the favorite animal of daughter Veronica, 12 — who is content either riding or collecting statues of them.

This time of year means that Mr. Brooks will be able to get to his favorite sport — hunting. His favorite targets are deer and birds. Mrs. Brooks spends her leisure hours doing fancywork.

But those leisure hours are few for both — who are employed at the state hospital — he in the maintenance department and she as an attendant nurse.

Wayne Professor To Address Woman's Club

Dr. Margaret Sterne of Wayne university will be the speaker at the opening luncheon of the Northville Woman's club at Meadowbrook Country club October 5 at 12:30 p.m.

Dr. Sterne is assistant professor of history and has taught in Europe under a Fulbright scholarship. Her subject will be "Are European Women Different?"

The opening meeting of the club will honor past presidents and life members.

Miss Jean Purdy of Lathrop, Michigan, will provide music for the meeting. Miss Purdy was a winner of the Belle Isle Audition, has been a soloist with the Detroit Symphony, and is now studying to appear with an opera company in Italy.

Mrs. William Horsfall and her niece, Mrs. Everett McGray, of Walled Lake, left for Bay City Tuesday to visit Mrs. Horsfall's niece, who is seriously ill.

News Around Northville

The Get-Together club will meet at the home of Mr. and Mrs. Arch Herrick on Bradner road Saturday, September 29.

Mr. and Mrs. Jack Blackburn took their daughter, Priscilla, back to Alma college September 16.

Miss Sharon Irene Wick, formerly of Northville and now of Plymouth, is attending the Lutheran Seminary at Saginaw. She was chosen as one of the cheerleaders of the Junior Varsity club.

Alice Woodruff, daughter of Dr. and Mrs. C. E. Woodruff of Beck road, is now teaching kindergarten in Littleton, Massachusetts.

Mrs. Tom N. Kampf, Jr. reviewed excerpts of Will Rogers' humorous book, "How We Elect Our Presidents", selected and edited by Donald Day, at the September 18 meeting of the Tuesday Book club. It was published in 1952, but very timely and entertaining to those who saw the recent political conventions. Mrs. Harvey Whipple was hostess for the meeting.

Thirty-five nurses and staff members of Maybury Sanatorium honored Mrs. Howard Cadwell at a pink and blue shower at the

Carol Lemon Weds Joseph Forgette

Miss Carol V. Lemon, daughter of Mr. and Mrs. John Lemon of South Rogers street, was married last Saturday to Joseph Forgette, son of Mr. and Mrs. Arthur Forgette of Farmington.

Father Dunn officiated at the 9 a.m. double ring ceremony in Our Lady of Sorrows church in Farmington.

The bride was gowned in white net over taffeta, and wore a lace jacket. Her veil was fingertip length, and she carried white carnations.

Gowned in dresses of net over taffeta were matron of honor Bettie Jane Lemon, in teal blue, and bridesmaids Janet Jones of Walled Lake in yellow and Joan Lemon in baby blue.

The flower girl, Linda Lemon, wore pink.

For his best man, Joseph chose David Hacker of Farmington. Ushers were Paul Lemon of Northville, Bill Forgette of Farmington and Richard Jones of Walled Lake.

Ring bearer was Ronnie Hendrix.

The bride's mother wore a brown taffeta gown with beige accessories. Her flowers were orchids, as were those of the bridegroom's mother, who wore a turquoise dress with black accessories.

Twenty-five guests attended the wedding breakfast, and 150 the reception.

For traveling the bride wore a grey linen suit with black accessories.

home of Mrs. W. L. Howard on Eight Mile road last Wednesday.

Dr. and Mrs. W. L. Howard were hosts last week to Dr. and Mrs. David Grey of Melbourne, Australia. After visiting Maybury Sanatorium in Northville, Dr. and Mrs. Grey left for Rockefeller Institute in New York where he will continue his six month visit to the United States for scientific research.

Mr. and Mrs. A. Russell Clarke of Fairbrook street, took their son, John, to Rutgers university in New Jersey last week and visited relatives on the trip.

Obie Butler of Neeson street is now recovering in University hospital, Ann Arbor, from a recent attack of pneumonia.

The Northville Eagles 2504, initiated Paul Westlake of Fairbrook street at their meeting Friday night.

Obie Butler of Neeson street is now recovering in University hospital, Ann Arbor, from a recent attack of pneumonia.

BIRTHS

A son, Steven Allan, was born September 15 to Mr. and Mrs. Frank Heintz, Jr. of Carpenter street. He was born at New Grace hospital. There are two members of the Heintz family with the same birthday now — Mr. Heintz was also born September 15.

King's Daughters Meeting Changed

The King's Daughters will meet October 9 at the home of Mrs. William Walker, 39900 East Eight Mile road, at 12:30 p.m. instead of October 2.

FARMER JOHN COCKRUM'S MARKET

OPEN DAILY 8 A.M. - 11 P.M. 42409 Grand River Novi 1/4 Mile East of Novi Road

Minutes of the Board of Education

September 14, 1956
 The meeting was called to order at 7:40 p.m. by Mr. Shafer in the absence of both the president and the vice-president.
 Present: Mr. Shafer, Mr. Severance, Mr. Clark, Mrs. Schrader (came at 7:50).
 Absent: Mr. Coolman.
 Others Present: Mr. Ellison, Mr. Smith, Mr. Kay, Mr. Mason, various parents, Mr. Webb of the Northville Record, Mr. Frank Lodge of aerial map company.
 Mr. Severance moved that the reading of the minutes be dispensed with and that the minutes be accepted as published in the paper. Mr. Clark supported. Motion carried.

Communications:
 1. Several verbal complaints from parents affected by the Board's decision of not to transport children living within one mile of the school.
 2. Eberle M. Smith Associates, re defective boilers at Amerman School. The Willis Company, who made the boiler, has instructed

Orr & Sembower to proceed with re-rolling the leaking tubes. The Willis Co. has also advised Orr & Sembower that the owner will pay for the repairs, inasmuch as there is some doubt as to the guarantee period.
 3. The Fidelity and Casualty Co. of New York, report on their inspection of the school boilers for insurance purposes. The steam boiler and water heaters were found to be in satisfactory condition.
Superintendent's Report:
 1. Enrollment figures as of today: 823 in the Grade Schools, a decrease of 28 under last year at this time; 728 in the high school, an increase of 71 over last year.
 2. East Novi's special millage election to provide funds to pay their tuition bill at Northville passed overwhelmingly.
 3. Special Education program at Wayne County Training school. Progressing — Have run into a problem on financing, and this is being worked out by C. E. Brake.
 4. Trees at Amerman School. M.S.U. cannot help but Mrs. Geraci has taken on the project of landscaping and planting of trees.
 5. Mary Jean Madigan, tuition at Rackham School in Ypsilanti. State will reimburse us for board room and tuition under special education act.
 6. M.A.S.A. conference at Mackinac Island 9-23-25-26. Mr. Clark moved that Mr. Amerman be sent to this convention, Mrs. Amerman to accompany him, all expenses paid. Mr. Shafer supported. Motion carried.

Unfinished Business:
 1. New High School — Mr. Ellison briefed the board on the progress being made on specifications for the new high school as follows:
 A. Minimum of 850 sq. ft. per classroom
 B. Have visited several high schools to check on science needs, auditoriums, cafeterias, home economics, shop art and other special facilities.
 Board then considered total enrollment figures by 1960, millage to be levied for construction and site purposes and other aspects of the total school needs.

New Business:
 1. The problem of parents whose children are deprived of bus-riding privileges because they live within one mile of the school was taken up first by the Board and these parents were given an opportunity to explain the difficulties of their position. In most cases the hardship to the children is due to traffic hazards existent in the areas in which they live. Various solutions to these problems were discussed. It was agreed that parents in the areas affected would assume the responsibility of providing other transportation for their children. Mr. Ellison will assist.
 2. Mr. Frank Lodge appeared to give the Board a price of \$464 on an aerial survey map of the school district. The Board decided to table this matter for the present.
 3. Transportation Director: Mr. Amerman proposes a straight salary for Mr. Ellison of \$1,000, for which we can be reimbursed by the state, with no extra compensation for driving. Mr. Severance moved that this plan be adopted. Mr. Shafer supported. Motion carried.
 4. Mr. Littell reported that he has engaged the firm of Van Dusen & Van Dusen, of Detroit, to survey the proposed site for the new high school. Cost of this appraisal will be approximately \$240. Mr. Littell also briefed the board on his conferences with Mr. Perry Manning relative to the purchase of the site. In the interest of time and other factors it was moved by Mr. Severance that Mr. Littell be authorized to investigate condemnation proceedings at his discretion in negotiating for the school site. Seconded by Mr. Shafer. Carried. Mr. Shafer moved that an additional seven (7) acres on the Northwest corner of the property also be included to provide access to Taft Road. Second by Mr. Clark. Carried.
 5. Insurance on Driver Training: Mr. Clark moved that the Superintendent be authorized to bring insurance on this program up to standard. Mr. Shafer supported. Motion carried.

Treasurer's Report:
 Mr. Shafer moved that the treasurer's report be accepted and bills and payrolls be paid. Mr. Clark supported. Motion carried.
Adjournment:
 Mr. Clark moved the meeting be adjourned at 12:10 a.m. Mr. Shafer supported. Motion carried.

R. H. Shafer, Secretary

Tortured feet... make care-worn faces...

No woman can look her best, feel her best, when her feet hurt.

So Dickerson has designed shoes with comfortable mid-height heels that tend to relax the tensions caused by spindly spikes.

But it's all been done very cleverly, so that only you (and your feet) know or notice that your serene smile can be the result of a smart change in heel height.

Dickerson

the smart shoe that's really comfortable

Notice of PUBLIC HEARING

ON PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NOVI, NOVI, MICHIGAN

Notice is hereby given that a public hearing will be held on a proposed amendment to the map and text of the zoning ordinance of the Township of Novi to include the changes as follows:

(A) To change the dimensions of the C-1 area lying on the S.E., S.W. and N.W. corners of 10 Mile Rd. and Meadowbrook Rd. from 350 ft. to 450 ft. and to extend the area at the N.E. corner to include lots 2 and 3 of Willowbrook Estates Subdivision.

(B) To change that area lying north of Grand River, east of Meadowbrook, south of 11 Mile Rd. and west of Seeley Rd. excepting a strip 160 feet wide along 11 Mile Rd. and Seeley Rd. from an M-1 district to a M-3 district.

(C) The addition to the text of the Zoning Ordinance of a new section 3.23 for the regulations of billboard and signs and the amendment of Section 8.02 and 12.05 (c) for the control of signs in business districts.

This hearing will be held at 8 P.M. E.S.T. at the Township Hall located at 28580 Novi Rd., October 19, 1956. Notice is further given that a copy of the text and map may be examined at the Township Hall during the office hours each Monday through Saturday until the date of the public hearing.

NOVI TOWNSHIP ZONING BOARD
 William Flynn, Secretary

Seeks Transportation For School Children

The last issue of The Northville Record contained a front page article concerning the existing school bus problem.

As Chairman of the Citizen's Committee, I would like to present the parent's view on the matter.

It was stated that hazardous conditions existed. We, the parents, agree that distance is not the problem. It is history that there have always been children who have had to walk a far greater distance than any of our children. My own father had to walk four miles to, and from school. But, in those days, if the driver holding the reins had little, or no sense...the horse did!

Today, it seems, open stretches of roads just invite a bit more pressure on the gas pedal, and everyone is on their own. Clement road fairly beckons to anyone in a hurry! The accidental death of our young newsboy is still fresh in the mind of each parent in this area.

Kindergarten and grade school children are a happy-go-lucky lot, and no matter how much cautioning they receive from parents to "watch and take care", their minds are ever busy and cluttered with the joys and problems of childhood. Consequently, the driver must keep control of his automobile, and think for the child on the road, as well.

A member of the Committee spoke to a bus owner about establishing a Clement road-Main street route. There are about 30 families living in this area with an average of two school-age children each. The bus owner quoted a price of \$72.00 per school term (9 months) for the average family. For most, if not all of us, it is just more than we could possibly afford. (This service would only provide two trips per day, and not take care of the kindergarten children.)

Another bus owner gave our committee-man the ridiculous price of \$108.00 for the same service, for the same average family...two trips per day!

We, the parents, understand the problems of the School Board and are certain they understand ours; but, if one of our children gets hurt, how much consolation will this mutual understanding be to the parents of the child... and to the other parents?

Each Mother must send her children to school each day, not knowing his or her fate. Each day when my children come home I breathe a prayer of thanks, and pray that God will be as generous the following day. Every Mother experiences the same feelings,

but the odds are in favor of the child who has the advantage of a side-walk.

Until this difficulty is resolved, parents may call me at 642-W if they have a transportation problem. I can supply them with names of those Mothers who drive and are willing to transport other children until other arrangements can be made. Or, if you can drive one or two days a week and your name is not on my list, please call me so I will have a complete record of available transportation for the youngsters in this area.

One of the concerned parents...
Mrs. Robert J. Beasley

Republican Women To Canvas City

The Republican women have organized to canvas the city of Northville. A meeting was held in the City Hall Wednesday, September 26 for the purpose of outlining plans for a house-to-house canvas to encourage citizens to register and vote in the coming state and national election to be held November 6.

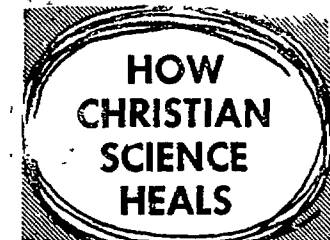

These women will be calling on you in the near future to answer questions and offer their assistance if you are not registered.

"The average man is proof that the average woman can take a joke."
—Lock Haven (Pa.) Express

THESE NEW VOTERS are the "twenty-ones" and newly naturalized citizens honored at the sixteenth annual citizenship dinner of the Northville Coordinating Council. Seated from left to right are committee members, Mrs. Samuel Geraci, in charge of naturalized citizens; Ed Welch, Coordinating Council chairman; Mrs. Ernest Shave, banquet chairman; Mrs. Claude Crusoe, regent of the Sarah Ann Cochran chapter, D.A.R., and Mrs. Maxwell Austin, assistant banquet chairman.

The labor-saving machines used to keep golf courses in good condition were undoubtedly invented by nongolfers.

Obituaries

DON E. HAMILTON
Don E. Hamilton died September 19 at his home on 47661 West Ten Mile road, Novi.

He was born August 22, 1892 to Frank and Lucy Hamilton. He was 64 years old.

Survivors include his wife, Lena, and daughter, Mrs. Robert Ross of Northville. Also surviving are a brother, Charles, of Northville and one granddaughter, Diane.

Mr. Hamilton had been a farmer in Novi throughout his life. Funeral services were held on September 22 from the Casterline Funeral Home, with Mr. Fred Hull of Ann Arbor officiating. Burial was in Oakland Hills Memorial Gardens.

WATER SOFTENERS

Factory rebuilt and refinished softeners of many well known makes at sensational prices. Sizes from 30,000 grains to 100,000 grains — from \$50.00. All guaranteed. It is better to buy a good reconditioned well known make of softener than a new one of unknown quality. These softeners have been traded in on new Reynolds Automatic softeners and we stand back of them. It will pay you to see us before you buy any softener.

Shrine Dinner

The Pilgrim Shrine No. 55, Order of the White Shrine of Jerusalem, is having its Harvest Dinner on October 6 at the Masonic Temple in Plymouth.

Dinner will be served from 5 to 6, and from 6:30 to 7:30. For reservations call Edith Strautz, Northville 531-W.

Ann McGeorge is chairman for the affair.

V.F.W. MEMBERSHIP DRIVE

Mrs. Dorothy Perry, Membership Chairman of Northville Auxiliary to Post No. 4012 Veterans of Foreign Wars, announces the opening of the 1957 Membership Drive.

Every eligible Veteran and his family is invited, and encouraged, to share in the program of the Veterans of Foreign Wars and its Ladies Auxiliary.

Through their Legislative Program the Veterans of Foreign Wars have secured many of the benefits which are now available to all Veterans and which are being enjoyed by many. The Posts and Auxiliaries have a wide variety of programs including Americanism, Youth Activities, Community Service and Hospital Work.

There is no better insurance, at any price, than the Veterans of Foreign Wars National Home at Eaton Rapids, Michigan, where children of members, or a former deceased member, of the Veterans of Foreign Wars are assured an education, health and happiness and security.

Mothers, sisters, wives, daughters and widows of deceased or honorably discharged men who have served on foreign soil or waters during time of war are eligible to membership in the Ladies Auxiliary. Also, women of the Armed Forces of the U.S. who have had foreign service in time of war and possess an honorable discharge and their mothers, sisters or daughters are eligible to join the Ladies Auxiliary.

A cordial invitation is extended to all eligible women to join the Northville Auxiliary to Post No. 4012 of the Veterans of Foreign Wars. Call or write Mrs. Bebe Myers of 359 First Street. Her phone number is 867-J.

The lush-luxury of raw silk, affected here in rayon and acetate "Pesante" that looks for all the world like a fine Italian import. Mindy Ross makes effective use of this impressive background — works neatly tabbed devices in velvet piping, a collar in brightest white for startling contrast. This trim torso — yours for fashion all season long. Sizes 9-13.

SIBLEY'S IN THE THEATRE BLDG.

Optimists Hear Burroughs Man

"Business men today must become the agents of change," declared Edward J. Littlejohn, director of public relations for Burroughs Corporation last Wednesday evening before 80 members of the Northville Optimist club, their wives and guests.

Commenting on the business man's role in public affairs, Mr. Littlejohn added that, in every other country in the world, men from the business world take an active role in governmental affairs.

"However," he stated, "in the United States they seem to lack the courage to lead public opinion, since they must be careful to the extreme of stockholders' interests and consumers' opinions."

Littlejohn urged business men to harness public opinion to useful purposes and ideals, and have the courage to express their own leadership.

At the next meeting of the Northville Optimist club Wednesday, October 3, a new project of "Bouquets for the Living" will be launched wherein a local person will be presented with a bouquet of roses in appreciation of unheralded contribution to community progress.

Norman H. Sarvis, who has risen to vice-president and assistant treasurer of Northville Laboratories in the past 20 years, will be the first recipient of this honor.

Michael Nagy Now 100, Awaits Another Century

Michael Nagy had reason to celebrate Tuesday, even though he was resting quietly in a convalescent home in Detroit.

For Tuesday was his 100th birthday, and he had lived to see a fine family grow up behind him — a family that includes 12 grandchildren and 19 great-grandchildren as well as his three sons and daughter.

Two sons live in Northville — Michael, of 18203 Ridge road, and Louis, of 46049 Frederick. In addition, his son, Alec, lives in Detroit and his daughter, Mrs. William Zayit, in Florida.

"This is the first time in his life he's been sick," said the younger Michael. "As far as I can remember, he has only seen a doctor three other times — and even then it wasn't anything serious."

He entered the convalescent home August 9 and is resting comfortably, his son said.

Until then, he had lived in Northville for 42 years, devoting his life to farming. Born in Hungary, he came to America in 1906 and settled in Pennsylvania. In 1914, he and his family moved to Northville.

Since retiring, the elder Michael has spent much of his time keeping bees and raising them for honey.

"He almost seemed to have a natural inclination for it," his son said.

Meanwhile, Mr. Nagy is continuing to smile at life as he looks ahead to seeing what the second century has to offer.

Men and Women In Uniform

Army Pvt. Daniel J. Steslicke, 20, son of Mr. and Mrs. William Steslicke, 29650 Five Mile road, Livonia, recently was graduated from The Ordnance school's parts supply course at Aberdeen Proving Ground, Maryland.

During the five-week course, Steslicke was trained to receive, store, issue, identify, classify and salvage all types of ordnance spare parts, assemblies and components.

Steslicke, who attended Wayne university, entered the army in April 1955 and completed basic training at Fort Carson, Colorado.

Children's Rally Day At Lutheran Church

The children of St. Paul's Lutheran Sunday school, High and Elm streets, Northville, will take part in a rally and promotion day service Sunday at 10 a.m. Parents and friends of the children are cordially invited.

The children will gather in the parish hall at 9:45 a.m. and then at the opening of the service march into the church together with their teachers. The children will sing two songs in the service.

The pastor, the Rev. B. J. Pankow, will preach on the subject, "Children, Treasures from Heaven." The service will also include a ceremony of reconsecration for the same 20 staff members. At the close of the service the children will receive their promotion certificates.

Sunday school will follow at 11:15 a.m. as usual. Any new children may enroll a few minutes earlier in the Sunday school office. Special feature of the Rally Day school hour will be a film-strip on mission work in New Guinea. Comments for the film-strip will be offered by one of the teachers, Mrs. Fred Sterner, Jr. Mrs. Sterner, together with her husband recently heard one of the pioneer missionaries, while on furlough, give several lectures on mission work in New Guinea.

Chimney Sparks Start \$3,500 Fire

Sparks from a chimney set a wood shingle roof afire at the home of William R. Lehr, 26680 Meadowbrook road last Thursday.

The blaze began about 5:20 p.m. According to Fire Chief Lee BeGole, three fire engines of Novi township were called out, pouring 800 gallons of water into the flames before dousing them.

Roof damages, Chief BeGole said, were estimated at \$3,500. No one was injured.

What Northville Girl Scouts Are Doing

"Believe, Belong, Build"
Girl Scout Slogan for 1956

TROOP 19

Troop 19 met Wednesday, September 19 and elected Cathy Bentley as scribe and Peggy Sue Jones as treasurer.

The following patrol leaders were also chosen: Patsy Riley, Wild Rose patrol; Christine Moase, Marigold Patrol, and Lorelle Mueller, Daisy Patrol.

The troop selected the forget-me-not as their crest.

They also discussed the Girl Scout uniform. Mrs. Al Jones will act as new co-leader with Mrs. Shafer and Mrs. Hubbert.

BROWNIE TROOP 4

Twenty-three girls of Brownie Troop 4 had their first meeting on September 17. They welcomed members, Carol Lipa, a transfer from Detroit, and Gail Verville from Farmington. Once again the leader is Mrs. John Gibson and co-leaders are Mrs. John Lemon and Mrs. Ken Connelly.

Antoinette Alexander was elected scribe.

EVENTS of the PAST

ONE YEAR AGO—
The Herbert Harndens of Church street celebrated their 50th anniversary.

Final details of the proposed city charter were ironed out at a council meeting.

A public hearing was set to be held in October on the proposed changes to Northville township zoning ordinance.

Bob Morse won the club championship of Edgewood Country club.

FIVE YEARS AGO—
David Lee, son of Mr. and Mrs. Leslie G. Lee, of Fairbrook road, was sent to Europe by the Rotary club to study.

The B.P.W. were observing National Business Women's week. The draft board made plans to call 93 men from the area in October.

Mr. and Mrs. Earl Westnick of Wing street won a television set given by the Retail Merchants association.

TEN YEARS AGO—
The Rural Mail Delivery system celebrated its 50th anniversary.

A band of petty thieves was believed to be in the area after several stores were found broken into.

The Lawrence family reunion was held at the Fairbrook road home of Mr. and Mrs. Leo Lawrence.

The Northville Women's club held their opening meeting at Meadowbrook Country club.

TWENTY YEARS AGO—
The city council banned slot machines in Northville.

A motion for angle parking on Main street died on the council table.

64 Train:

NHS Students Take to the Road

"CHECK THE GAUGES FROM TIME TO TIME," says Al Jones to Robert Pratt, 44260 11-Mile, a student at Northville high school. Student drivers are taught safety precautions and principles of a car before they are allowed to operate it. Jones and William Hensch are teaching some 64 student drivers at NHS this year.

Don't be too surprised one of these days if you see a carload of youngsters pull up in front of your house, park against your curb, pull away immediately, and then come around the corner to do the same thing all over again.

Changes are they are a group of driver training students from Northville high school who are learning the fundamentals of driving so that when they finally take to the road on their own, they know what they are doing.

Some 64 students — mainly ninth and tenth graders — are receiving five hours of driver training each week. When it's all over, it's a pretty sure bet that they'll be better drivers than they would have been if home-taught.

Not that there's anything wrong with the way parents teach their children to drive. But the Northville high school program has, in addition to time and teachers, an elaborate program and a host of testing devices at its disposal. Students know not only how to operate a car, but also what makes it run and why certain habits are better than others.

Taught by two faculty members — Al Jones and William Hensch — the students spend three hours in class and two on the road each week.

In class, they study textbooks, watch safety and driving movies, and do a lot of an automobile's

workings, work on special projects, and discuss the best way to handle a car under certain conditions.

What's more, they get an astounding variety of psychophysical tests that include examinations for color blindness, depth perception, glare recovery, visual acuity, night blindness, brake reaction, steadiness and field of vision.

Then they go out on the road for instruction in actual operation of the car — both a 1956 Chevrolet station wagon with conventional shift and a 1956 Plymouth with automatic shift. Each car has dual controls, so that the instructor can take over if the student loses control temporarily.

Their roadwork is as thorough as their classwork. Each student must undertake — and successfully pass — lessons in each of the following: car parts, safety and control devices and gauges, starting and stopping, leaving the car, shifting and creeping, steering, signals, turning corners, hill climbing and starts, driving on the highway, driving in town, backing, angle parking, uphill and downhill parking, parallel parking, changing a tire and care of the car.

Each student is graded after his lesson. At semester's end, grades are compiled and reports are sent to parents, police and to the high school offices.

Whether a student may then

receive a drivers license depends on his age. For a full license, students must be 16. But special permits will be given for students between 14 and 16 and for hard-ship cases until next February 1.

BEHIND THE WHEEL — With three other students observing from the back seat, Agnes Burton, 109 Rogers, eases the driver-training car into motion. Coach Al Jones is sitting beside her, ready to operate dual controls if necessary.

FIELD OF VISION is tested to see how well students can see out of the corner of their eyes. Above, Judy Drew, 519 Horton street and Joann Moore, 436 Butler, go through the test. It is just one in a series of examinations the students take.

13,523 CLAIMS Paid by This Company During the Past Year!

Contestants Sought in Car Designing

Jack Huffman, a field representative of the Fisher Body Craftsman's Guild, visited Northville high school this week to announce plans for the 1956-57 Fisher Body model car competition.

Enrollments are being taken for the competition in which \$115,000 in awards, including 18 university scholarships, will be given to state, regional and national winners.

Any boy in the United States between the ages of 12 through 19 is eligible to enter the competition and may obtain an enrollment card by writing to the Fisher Body Craftsman's Guild, General Motors Corporation, Detroit 2, Michigan.

Awards for the best models entered in the Guild competition are eight university scholarships for the national winners of the junior age division (12 through 15) and the senior age division (16 through 19). In each age group the awards will be: first, \$5,000 scholarship; second, \$4,000 scholarship; third, \$3,000 scholarship; fourth, \$2,000 scholarship. In addition, ten \$1,000 scholarships will be awarded to boys showing exceptional designing ability.

There will be 16 awards in each state and the District of Columbia, eight in each age group are as follows: first, \$150 cash; second, \$100; third, \$50, and five honorable mention awards of \$25. For judging purposes, the 48 states and the District of Columbia are grouped into 20 regions, each of which will send a junior and senior division winner expense-free to the national Guild convention next July.

Mustangs Finally Taste Revenge in 6-0 Triumph over Howell

Northville Halts HHS Streak In Brusling Defensive Game

Revenge came sweetly for the Northville Mustangs last Friday night as they dumped a highly-regarded Howell team 6-0 to hand the upstate gridders their first loss in 12 games.

Last year, Howell beat Northville 7-0 on a fluke pass interception and went on to an undefeated, unscored-upon season.

Northville's victory Friday night was far from a fluke, however, as the Mustangs outplayed Howell in every offensive and defensive department. Only in the third quarter did Howell give Northville a few uneasy moments.

The game's lone score resulted from a second quarter Howell fumble on its own 25 yard line. Quarterback Bud Bell ran for five yards and passed to end Bill Yahne for 20. Left half Dick Biery then crashed through tackle for the touchdown.

A Bell-to-Yahne pass for the extra point fell incomplete, however.

Statistically, the Mustangs rolled up 210 yards on offense as against 124 for Howell. Northville completed six of 14 passes, while Howell let all but two of 15 passes fall dead.

As against Plymouth, fullback Gary Holman called a smooth set of signals, mixing passes and running plays to give Northville an effective ground and air attack.

Big gun for the Mustangs was Biery who ran steadily for 78 yards in 18 carries and snared

two passes for a total of 38 yards. Bell, who seems to have answered Coach Ron Schipper's worries at quarterback, once again came through as a passer, completing six tosses for 98 yards.

Three passes went to Yahne, who now has hauled in a total of five passes for 126 yards to rank behind Bell as the Mustangs' leading ground gainer.

But the real story of the game was in the line, where two huge forward walls crashed against each other repeatedly and turned the affair into primarily a defensive contest.

For Northville, 235-pound center Bob Wagenschutz consistently bottled up Howell attacks and helped make holes through which Mustang runners scooted easily.

"The defensive play in this game was as good as I've ever seen in high school football," said Schipper.

With the exception of Northville's touchdown, most of the first half was played between the 30-yard lines. Neither team could

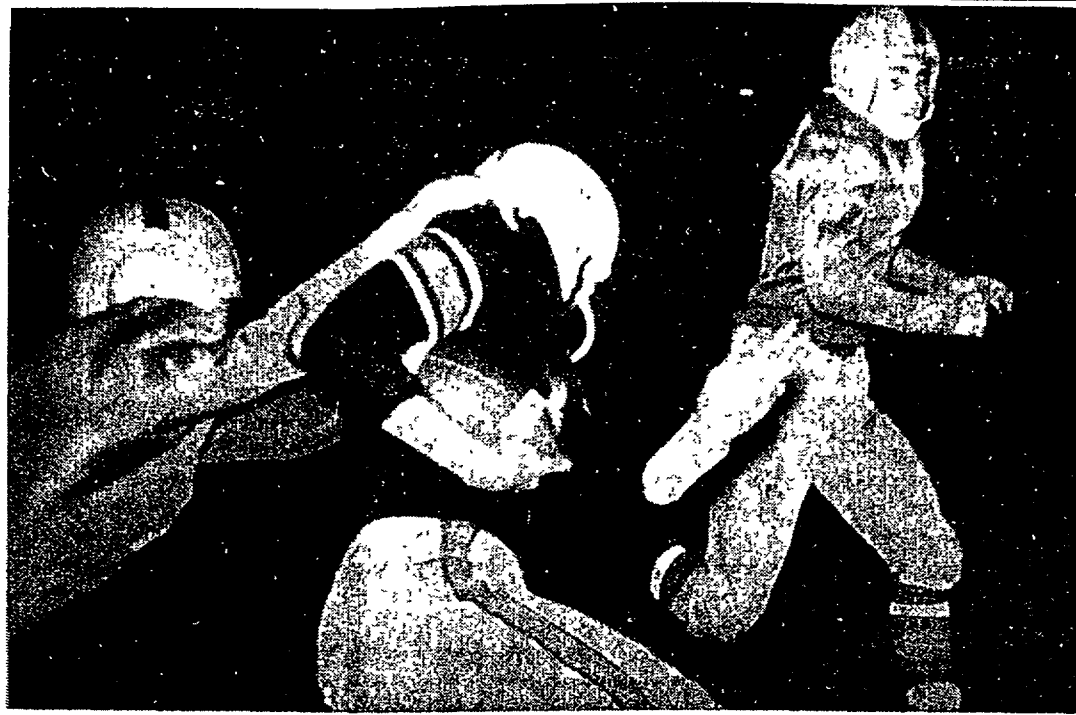

Scoring

make much headway against the battering defensive play.

Midway in the third quarter, Howell intercepted a Bell pass on the Mustang 16. But Northville came back to intercept on the next play, and two plays later, Bell punted out from his own two. When Howell fumbled, an alert Mustang recovered on the Northville 29.

From then on, the game was Northville's as Howell failed to dent Mustang territory. The game ended with Howell throwing three successive incomplete passes from its own eight yard line.

Northville put together a strong drive in the first quarter, going from its own four to the Howell 37, but the Howell line held and stalled the move.

OFF AND RUNNING — Northville left half Dick Biery slips away from a Howell tackler as he moves for 15 yards in Friday night's game. Moments later, Biery scored from the 5 to give Northville a 6-0 victory and snap Howell's win streak at 11.

Cap's Injury Improves Mustang-Rock Relations

Though no one would wish for a recurrence, the unfortunate injury to Northville end "Cap" Pethers two weeks ago has apparently had at least one beneficial result.

According to Northville Athletic Director Al Jones, the injury has brought Mustang-Plymouth relations to a new high of respect and friendship.

Pethers, whose leg was broken by a Plymouth blocker in a game two weeks ago, is still in the hospital, where doctors say he is progressing well.

W-O Standings

With only two Wayne-Oakland League games played so far this season, Milford and Brighton lead the standings with one victory each.

Milford dropped Clarenceville, 18-13, and Brighton took Clarkston, 6-0. Both scores were regarded as "surprises" by observers.

Northville opens W-O League play this Friday against Milford.

Among his most frequent visitors since the game have been members of the Rock team and their coaches. Last week, Plymouth Coach Mike Hoben and Athletic Director John Sandmann stopped at the hospital and gave Cap a sports encyclopedia on behalf of the team.

"And that's only one sign of the new harmony between the schools," Jones said. "The Plymouth coaches have called us from time to time to see how Cap is, and they have even offered us movies of the game to use in our training," he added.

But more important than that, Jones said, is the new attitude between students of the two schools.

"Four or five years ago, it was 'Let's get those blanket-blank Plymouth so-an-sos!'" Jones said. "But now, it's 'Plymouth's rough, but let's give it our all!'"

Though a strong and healthy rivalry still exists between Plymouth and Northville, Jones said, there is no longer the sort of trouble that led to a cancellation of athletic events between the schools in the mid-1940's.

"They've learned that it's not necessary to draw blood in order to have a well-played game," he continued.

"And perhaps most important of all," he concluded, "they've both learned to lose—and win—in dignity."

GAME FOR GAME

Hunters will do well to carry a small but well-stocked first aid kit on their treks into the wilderness this fall. Aside from the obvious hazard involved, there are the much more frequent cuts, bruises and falls that can ruin the trip and even cause serious harm. What to take? Bandages, iodine, aspirin and eye drops should do the job.

Northville Man Has First Hole-In-One

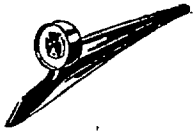

A Northville man who has been playing golf for 25 years made his first hole-in-one last week.

Bathey, president of Bathey Manufacturing company of Plymouth, had a 38 for nine holes. His foursome included his father, Luke Bathey, founder of the company; Einar Larsen, vice-president, and Glenn Steele, chief engineer.

THIS IS WHERE TOMORROW STARTS

A new "inner car" gives you a NEW KIND of FORD for 1957! Coming October 3rd

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news... a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because...

This is Where Tomorrow Starts... with a Big New Kind of Ford!

The New Ford Body

The new Ford body is a triumph of engineering in steel—steel cushioned for luxury, steel insulated against sound, steel joined to steel for tremendous strength, steel designed to give you greater safety.

The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front—easier for you to reach, but out of the children's reach.

The new body is mounted on twenty live-rubber mounts to keep your ride silent, solid and secure.

All these features were engineered to give you a solid new kind of comfort.

The New Ford Ride

The way a car rides is more than the way it moves—it starts with the way it sits.

The New Kind of Ford sits six people as no other low-priced car has ever sat them—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

With that sitting basis, the engineers then designed the new rock-solid velvet-road ride.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, flight-hearted ride—this car is responsive, nimble, agile, with a proud easy movement through traffic and away to the head of the turnpike.

The New Ford Choice

Ford offers not only one, but two sizes of cars... each on its own extended wheelbase... each with its own body shell... each with its own styling.

First, the two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Both Fairlane Series introduce an innovation through the use of special window ornamentation and narrow center pillars. Both the four-door and the two-door sedans have true hardtop styling.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious interiors and elaborate trim. The Custom Series includes a Business Sedan.

The Custom 300 and Custom models are lower, heavier, and livelier than any cars selling in Ford's price range today.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine!

The New Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series,

a shade less in the Custom. And all that length and lowness is shaped in a design that is wonderfully, radically new in American automobiles!

Its personality is glittering, sophisticated. It's a nice kind of fun just to look at it.

It's high-priced in every way except price.

The New Ford Performance

If you're a bug on horsepower and like it big, the new Silver Anniversary V-8's are for you. You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor. It's the honey of them all.

For "Six" lovers, we've got a beauty, too—the 144-hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

Here is where your own tomorrow starts

It starts at the nearest Ford Dealer's showroom!

The cars will be there on Wednesday, October 3.

They will be standing still on the floor—but they will seem to be moving, for they have a quicksilver kind of beauty that just doesn't stand still.

Every line has a "machined rightness" to it, the sharp clear-cut stamp of beauty wrapped around power.

These are the best Fords of our lives.

They are the first symbols out of Detroit of the new automotive age—that is beginning for you.

1957 came early this year.

This is where tomorrow starts—at your Ford Dealer's.

This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!

'Angie's' New Alleys Ready for Bowlers

OWNER ANGELO GADIOLI takes a close look at his new automatic pinspotters as they are being installed at Northville Center Recreation. "Angie" plans to open the newly remodeled 12-lane alleys today.

Realization of an ambition that began 15 years ago came true this week for "Angie" Gadioli, owner of Northville Center Recreation, 132 South Center street.

"I can honestly say that I'm providing Northville bowlers with the finest facilities available," he beamed, pointing to five new alleys, automatic pinspotters and range finders.

Ready for its grand opening today is the newly remodeled and enlarged building which has been widened by 30 feet to expand the number of alleys to 12.

"Everything's just about ready, but we'll probably add a snack bar later," he added. Workmen have been rushing to complete the all-brick building before the on-rushing season begins. First league bowling on the new alleys will take place this evening—"unless something goes wrong," the busy proprietor reported.

Most interesting feature is the fully automatic pinspotting equipment, which eliminates the pin boy and also shows the bowler exactly how many pins, if any, he has left standing. Northville Center Recreation will be open daily from 11 a.m.

"The only boss who ever got all his work done by Friday was Robinson Crusoe." —Art Moger

WINNER OF BRAE-BURN'S Northville-Plymouth city golf tournament Sunday was Elton McAllister, center, shown receiving the championship trophy from Jerry Walsh, tournament manager. Looking on (left to right) are Roy McLeod, third flight winner, and Northville's Bob Morse, (far right), winner in first flight competition. Al Jones, also of Northville, won second flight honors, but was unable to attend the awards' ceremonies.

Morse, Jones Win, Too

Elton McAllister Tops Golfers At Brae-Burn City Tourney

Winning golf championships is strictly a family affair for the McAllisters of Plymouth.

When the final putt was dropped in the Northville-Plymouth city golf championship at Brae-Burn Sunday, Defending Champion Jim McAllister was still clutching the winner's trophy—but he was holding it for his brother, Elton.

Shooting steady, middle-of-the-fairway golf, the smallest of the golfing McAllister brothers stood off a threat by sharp-shooting Tom Look to come in winner by two strokes.

Lock and McAllister, playing in the same threesome, started the final 18 holes just three strokes apart. Matching shot for shot, McAllister failed to give ground scoring a safe 76 to Lock's 74.

Caddying for his brother, the defending champion was far off form and decided not to play the final round.

Northville golfers won top honors in two of the other three

flights. Bob Morse turned in fine rounds of 83-84 to take first flight laurels. Sudden death play-

Hartner Finishes Second at Plymouth

Northville's Ray Hartner, competing in both the Plymouth Country club and Brae-Burn city golf tournaments over the week end, came within one stroke of capturing top honors in the country club meet. The long-driving Hartner shot a consistent 72-73-145 to finish as runner-up to Plymouth's Ty Caplin.

In first flight competition Don Huebler took top honors with a 153, while Bill Rambo was second with 154. F. Armstrong's 170 was good enough in the second flight. In a play-off for runner-up in the second flight Steve Peslaski edged Marvin Terry in sudden-death play.

offs will be conducted Saturday to determine both second and third places in the first flight. Tied are Emery Kimball and Russ Egloff, and Harold Wilson and Lynn Matzen.

Northville's Athletic Director Al Jones shot sparkling golf Sunday to run away with second flight honors. Jones shot a 79 to go with an earlier 85. Chris Collins, Craig Rockefeller and Doug Blunk finished behind Jones. Third flight winners were Roy McLeod, Bud Garchow, Doug McLaren and Lester Wick.

In addition to individual trophies, the winners shared more than \$600 in golf prizes. A special winners' banquet followed the tournament in the club house. Tournament Manager Jerry Walsh acted as toastmaster, while Bill Farwell presented the awards.

The tournament proved to be an exceptionally well-run affair, which, coupled with the fine condition of the course, made the event one of the most successful staged in recent years.

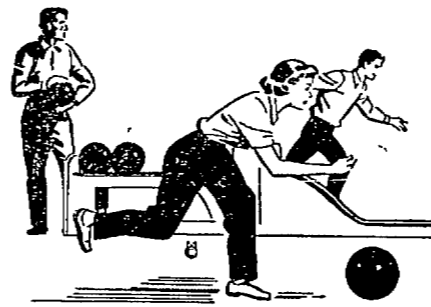

Now Open... Completely Remodeled... 12 Alleys... Automatic Pinspotters!

St. John's Names Northville Woman To School Position

A Northville woman has been appointed superintendent of the church school of St. John's Episcopal church in Plymouth.

She is Mrs. William Milne, 537 West Dunlap street, who was appointed to the post by the Rev. David T. Davies, rector of the church.

Mrs. Milne helped qualify herself for the position last spring when she conducted a series of training sessions for the church school staff.

She plans to continue such training by keeping in close touch with each teacher and conferring with them periodically in regards to their class experience.

At present, St. John's has a fully staffed church school for children from nursery age through high school.

Due to congestion at the 9:30 family service, a limited church school will be held at 11:30 a.m. for children up through fourth grade. It too will be fully staffed.

Monday, 8 p.m.
Tuesday:
Junior Walther League, each third Tuesday, 7:30 p.m.
Thursday
Confirmation class, every Thursday. First year, 6:30 p.m. Second year, 7:40 p.m.

Children — A Sacred Responsibility

There are many parents who believe that they should wait with the religious training of their children until these have supposedly reached an age of discretion and are able to choose for themselves.

A friend of the English poet, Coleridge, was of the opinion. When he once visited the home of Coleridge, the poet used a very striking object lesson to straighten his friend's erroneous thinking.

He took him into his garden and told him that it was a botanical garden. "How so?" questioned the visitor. "It is covered with weeds." To this Coleridge replied: "That is only because it has not yet come to its age of discretion and choice. The weeds,

you see, have taken the liberty to grow, and I thought it unfair in me to prejudice the soil towards roses and strawberries."

The Canadian Department of Agriculture is reported to have made some interesting experiments in the sowing of wheat. The first sowing was made as early as the weather allowed. Other sowings followed at weekly intervals. Ten years of such tests revealed that one week's delay beyond the earliest possible planting entailed a loss of 30 per cent, 2 weeks loss of 40 per cent and 4 weeks 50 per cent. The earliest sowing always yielded the richest harvest. Youth is planting time, and we cannot begin with the religious education of our children.

If we neglect the spiritual training of our children, we become guilty of "offending" them. The word "offend," as Jesus uses it in the Bible, means "to place a stumbling block in one's way" and thus cause that person to sin. Countless children have been led into doubt and misbelief by those who had responsible position over them. When it comes to the religious education of our youngsters, we simply dare not shrug off our responsibility.

Paul Seely To Speak On Christian Science

How to apply God's healing power to solve problems of everyday living will be the topic of a public lecture to be given here October 4 by Paul Stark Seeley of Portland, Oregon.

Mr. Seeley, member of The Christian Science Board of Lectureship, will speak in Fourth Church of Christ, Scientist, 5240 West Chicago Blvd. His subject will be "Christian Science: The Healing Power of True Consciousness." The lecture is free, and local members have invited the public to attend.

Mr. Seeley has been prominent in the Christian Science movement for many years.

He has served as associate editor of the Christian Science religious periodicals, and as President of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. He has lectured to audiences throughout the world.

A member of the Bar in New York and Oregon, he is a graduate of Harvard Law School and Princeton university. Prior to devoting his full time to the practice of Christian Science, he was associated with an engineering firm in the northwest.

Location Looms Large In Choosing Your Home

In building or buying a home, the "where" is every bit as important as the "what". Location looms large indeed among the factors which will determine the satisfaction you and your family will derive from your home.

First of all, consider the neighborhood in general and the type of people who will be your nearest neighbors; are they the sort likely to prove congenial to you and your family? Would you welcome their children as playmates for yours?

Take a careful look at the homes in the immediate vicinity. Are they commensurate in value with one which you intend to build or buy? It is well to remember that a home out of character, price-wise, with its neighbors can often present a difficult re-sale problem.

Look into the transportation schedules of any bus line or railroad that you or your family will use frequently. Consider, as well, the distance to the nearest bus stop or railroad station.

If you have children, the character and location of the schools they will use are important points to check. Is it necessary to cross major traffic arteries in order to reach the schools?

Find out if there are churches of your denomination within reasonable distance.

Check the nearest shopping center, both as to its scope and accessibility.

Look into the matter of nearby recreational facilities for all members of your family.

See if all improvements (water mains, paving, curbing, etc.) are in and paid for. Ascertain what, if any, assessments against your property may be expected in the future?

Investigate public utility and tax rates. Are they in line with those prevailing in comparable communities? Check into such civic services as police and fire protection, garbage disposal, etc.

Last, but by no means least, get very specific information on the matter of zoning restrictions. Are they such as to adequately and permanently protect the residential character of the neighborhood in which you are planning to build or buy?

Points to Check in a New Home

If you are planning to buy a house it is important to check construction to make sure that the one you choose will give you long years of satisfactory service without excessive cost for maintenance and repair.

Knowing where and what to look for will help the layman recognize tell-tale signs of future trouble, and by the same token, good workmanship. W. A. Nier, engineman of the Small House Planning Bureau, suggests starting the inspection in the basement and continuing through the house point by point, as follows:

1. **WET BASEMENT FLOOR AND WALLS.** Usually traceable to poor drainage and lack of gutters.

2. **FOUNDATION CRACKS.** Symptoms of more serious faults, such as inadequate footings which have permitted settling. Settling is apt to continue, causing more and larger cracks and affecting the whole structure even to the roof.

3. **CRACKS IN CONCRETE FLOOR.** A sign of poor concrete or a thin floor.

4. **WOOD POSTS.** They should be set on a curb, slightly above the floor, to avoid moisture absorption.

5. **WOOD BEAMS.** Look for sagging between supports.

6. **CROSS BRIDGING.** This is the bracing between joists which should fit tight and be double nailed.

7. **FLOOR JOISTS.** Sagging joists or springy floors are caused by using joists too light for the span.

8. **SUBFLOORING.** While you are checking joists and bridging

see if the subfloor above is laid diagonally.

9. **INTERIOR DOORS.** See that doors fit the frame, open, shut and latch properly. Look for warped doors.

10. **WINDOWS.** Try windows for smooth operation and rattles. Lots of heat can be lost around loose windows. Look for water marks around the top and bottom of windows, a sure sign of no flashing.

11. **PLASTER CRACKS.** Sometimes caused by shrinkage when building is new and can be patched. More often caused by settling which may continue to get worse. Plaster cracks over openings are caused by faulty framing over the opening.

12. **INTERIOR TRIM.** Look for open joints in casings, baseboard and cabinet work.

13. **FINISH FLOORS.** Squeaky floors can be traced to improper nailing. Open cracks between boards and uneven floors are bad signs.

14. **BLISTERED PAINT.** May

be caused by a combination of conditions but is the result of moisture in the exterior walls. High inside humidity, condensation and lack of ventilation in exterior wall spaces are problems here.

15. **ROOF.** A poor shingle job can, of course, be corrected, but look for sagging rafters and ridge. If possible check bracing and collar beams, or ties, in the attic. Ceilings should be well insulated and attic ventilation is a must.

16. **HEATING SYSTEM.** The advice of a heating man would be handy. Try to find out how much fuel was consumed in previous heating seasons.

17. **WIRING.** Wiring must be adequate to carry the load imposed by present day appliances and the number and location of outlets need to be considered.

18. **WOOD FINISHES.** Exterior should have two coats of paint over the priming coat. Interior finish should obviously be smooth and attractive.

HERE'S HOW...

MAKE A SNACK BAR

Need extra space when the youngsters come running into the house hungry from playing out-of-doors? A snack bar, which can be easily made, may solve the problem. The snack bar also doubles as a buffet table for outdoor picnics and barbecues.

The frame is made first, using 1 by 4-inch lumber. Cut the frame members to the dimensions shown. Assemble with waterproof glue and 8-penny finishing nails. Next, from a 14-foot piece of 3 by 3-inch lumber, cut four pieces each 39 inches long for the legs. Use a miter box to help in cutting the square ends.

The bottom shelf is made of

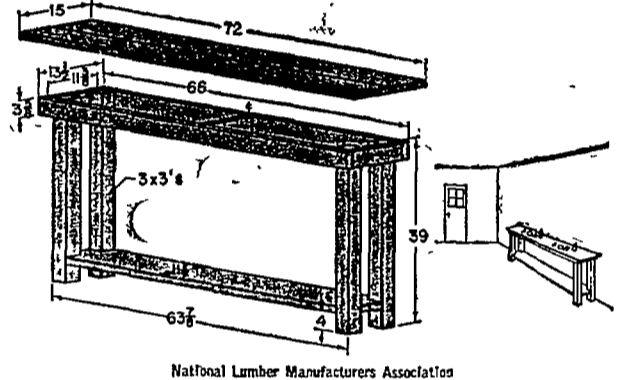

1 by 12-inch lumber. Mark each corner of the shelf for a cut-out as shown. Use a leg as a guide.

The top is made of 1 by 8-inch lumber. Cut two pieces 72-inches long. Edge-glue the boards with a waterproof glue.

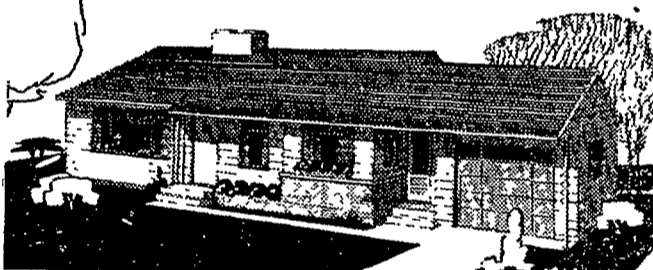

Fasten the frame to the legs with glue and 8-penny finishing nails. Toenail the shelf to the legs, using glue and 10-penny finishing nails. Attach the top with 10-penny finishing nails.

Set all nails and fill the holes with wood filler. Round all sharp edges and sand the snack bar smooth.

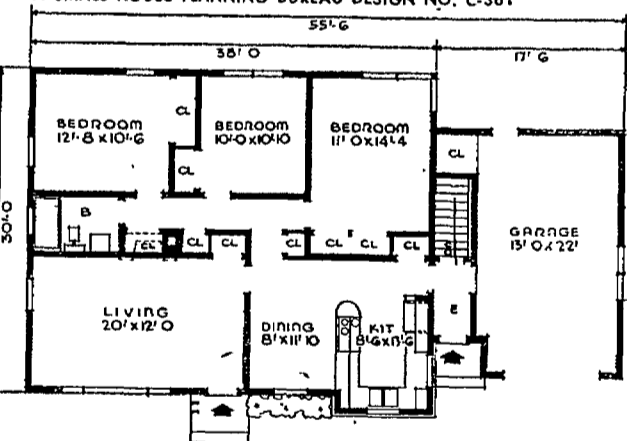

Paint or stain and varnish.

FIX-UP TIPS
For the Home

Game Room-Guest Room
AN UNUSUAL wall installation provides game room facilities along with a guest closet and a combination desk and vanity. Modern and attractive, the various units may be used separately or in combination.

As shown in the left of the illustration, the game room-guest closet gives little clue as to its

real purpose. A functional door, about 8 inches thick, has storage behind sliding panels of Masonite Ridgeline, and the closet interior is outfitted with "Peg-Board" panels and fixtures.

Behind the central closed swinging doors, made of a new hardboard known as Panelply, are space for a TV set and books.

At the right is the combination desk and vanity, including nickel-plated shelves. Each of the three units can be built in the average home workshop. The principal materials are lumber and Masonite hardboards, the versatile do-it-yourself materials that come in a variety of finishes and sizes. They are available at lumber yards.

A free plan detailing the construction in diagrams, sketches, cutting diagrams and bill of materials may be obtained by sending a postal card to the Home Service Bureau, Suite 2087, 111 W. Washington St., Chicago 2, Ill., and requesting plan No. AE-327.

DESIGN C-361. Here is a house with an exterior of the Rambler type. A combination kitchen-dinette, living room, service entrance and attached garage all face the street, leaving three bedrooms on the rear.

There is plenty of closet space, consisting of hall closets, linen cabinet, coat closets and bedroom wardrobes. The exterior finish is a combination of wide siding and face brick, a wide chimney, overhanging eaves, picture window and flower box. Floor area is 1236 sq. ft. cubage is 23,484 cu. ft.

For further information on DESIGN C-361, write the Small House Planning Bureau, St. Cloud, Minnesota.

High School News

NHS Begins Year by Electing Class Officers

With a new year getting underway at Northville high school, students recently elected full slates of class officers to lead them through the wide variety of activities that will fill many hours during the next nine months.

New class officers are:

Senior Class: president, Harry Watson; vice-president, Wanda White; secretary, Betty Wilson; treasurer, Gary Holman; and sponsors, Edward Mollema and Rosalie Lee.

Junior Class: president, Dick Stuber; vice-president, Bill Yahne; secretary, Mary Hill; treasurer, Eddie Wittenberg, and sponsors, Al Jones and Donald Van Ingen.

Sophomore Class: president, Bob Neimi; vice-president, Fred Schwarze; secretary, Jean Marabak; treasurer, Jim Strange, and sponsors, Ronald Schipper and Clarence Mason.

Freshman officers will be elected soon.

Northville Graduate Begins Fresh Year

Among students beginning freshman studies last week at Kalamazoo college in Kalamazoo was Lance E. Molander of Northville.

He is the son of Mr. and Mrs. Norris J. Molander, 53653 Nine Mile road.

The school year opened with a campus orientation period and a special convocation that was followed by a reception for new students and their parents. Classes began last Friday.

Forensic Club Offers Dramatic Experience

Drama and the theatre! These two words are the magic key to a world of lovely fantasy.

It is a rose-colored world in which an individual struggles and sweats to make a success of insignificant little place of stage business.

N-Club Established For Letter Winners

To become a member of the N-Club students must have earned a varsity letter in any of the six major sports which Northville has to offer. New members must also go through a two day initiation requirement.

The N-Club elects a president, secretary and treasurer, who handle all the business brought into the club.

At the end of each football season the N-Club sponsors a queen contest, in which one of the local high school girls are chosen through votes of students.

Some of the activities of the club are going to hockey and baseball games during the school year. They also have pot-luck dinners for themselves, in which the gym is at their use.

Be it humorous and dramatic readings, oratory, declamations, debate or a series of plays, they all have a curious hold upon the participants.

Since the members are mostly those who enjoy the theatrical side of life, the club is always a well organized one.

Forensics has a double twist to it. Not only does it further an interest in dramatics, but it aids in teaching poise and confidence.

Miss Florence Panattoni is the sponsor of the club. The officers for the year are president, Suzanne Dewsbury; vice-president, Bernhard Mueller; secretary, Giannine Bertoni, and treasurer, Nancy Lawrence.

This year's first meeting will get under way today, September 27. Any students who would like to investigate the activities of Forensics are invited to attend.

Pep Club Helps Stimulate the School Spirit and Loyalty

What is it that strengthens school spirit and loyalty? What makes kids go out on a cold, rainy November night to cheer a muddy team to victory?

Why, it's pep, of course! And what better way to keep a study hall. Such a sign will be school full of enthusiasm than to have a Pep club residing within its realms?

Northville high school is fortunate in having a Pep club whose sole existence is for the preservation and betterment of that virtue called "stick togetherness".

is to serve meals to the basketball players after home games.

Pep club meetings, which are held Wednesdays after school, are headed by Ginny Sutton, president. Other officers are Lois Rody, vice-president; Hedi Tritthart, secretary. Hedi is an Austrian Exchange student.

Editor's Note

With a new school year now in full swing, the Record this week resumes publication of a full page of news devoted to activities of the more than 700 students at Northville high.

To paraphrase some famous words, the page will be "of the students, by the students and for the students."

It will cover everything from club activities to features on interesting experiences. It may even include an occasional editorial. All in all, it will keep the students up-to-date on what is happening around their school.

Material for this page was written by Nancy Morrison, Judy Leavenworth and Emilie Sequin. By next week, these and other students — primarily from the speech classes of Miss Florence Panattoni — will have organized a staff and chose a name for the page.

From then on, they will be on their own — with an assist from Record staffers. They will write stories, create headlines, take pictures and possibly even do the makeup. They will have "beats" to cover. And some even will be designated as editors.

It is thus hoped that the school page not only will help inform students, parents and townspeople of happenings at NHS, but that it also will give students a deeper insight into the field of journalism.

FTA Encourages Students To Prepare for Teaching

The purpose of the Future Teachers of America is to provide organization in which young people planning to go into teaching may meet in a group for fellowship and for the encouragement of the desire for teaching.

Also, it develops leadership and a professional attitude among all young people interested in becoming teachers. A third principle of FTA is to encourage careful selection of persons admitted to clubs which prepare teachers, with emphasis on both character and scholastics.

Photography Club Is Just the Thing For Camera Bugs

Every year, there flows forth from the dark depths of Russell Reimer's developing room a small but able number of "camera bugs".

These "bugs" are seen everywhere "snapping" pictures of anything and everything. After the fun of taking the pictures, the members develop them in the dark room.

Besides learning how to develop pictures, the students pick up many other useful pointers. Mr. Reimer, himself a rabid camera fan, teaches the whys and wherefores of photography.

Many students are interested in photography but feel they cannot participate in such a club because the expense would be too great. But dues and other fees are no different from those of any other club and Mr. Reimer is willing to loan or help a student obtain a camera cheaply if that student expresses a sincere desire to do so.

In the very near future, the club will be meeting to start the year rolling on its way. Morning bulletins will give the time and place.

Hear about the two whales who met in the sands of the desert? Said one to the other, "Long time no sea!"

Band Has Annual Tryouts; Head Majorette is Chosen

The Northville high school and community band is holding its annual tryouts in all sections of the band.

The French horn section had tryouts last week. Don Gardner was selected to play solo chair; Betsy Merriam, second chair; Priscilla Clark, third chair; Mariann King, fourth chair, and Dorothy Sutherland and Steve Willis, assistants.

The judges were Janice Howarth, bassoon player; Judy Leavenworth, cornet player; Mike Willis, trombone player; Ed Proctor, bass player and Dewey Gardner, baritone player.

Newly Established Thespian Club Furthers Dramatics

Newly established in Northville high school, the National Thespian Society, is a non-secret, non-social dramatics club connected with the Forensic club.

It differs from Forensics in that it is devoted to the further advancement of dramatics. To become a member of Thespian, one must be or have been a member of Forensics, and must have earned a certain number of required points through active participation in dramatics.

A highlight of the club is that one can obtain the privilege of becoming a life member for the sum of \$1.50. From this, a year's subscription to the National Thespian Dramatics magazine is also received.

The society's meetings are conveniently timed to follow the bi-weekly meeting of Forensics. Like Forensics, the club is sponsored by Miss Florence Panattoni.

The officers are Bernhard Mueller, president; Suzanne Dewsbury, vice-president; Dorothy Welch, secretary, and Nancy Lawrence, treasurer.

Business Students Requested to Join Commercial Club

The Commercial club was designed for the purpose of furthering students' interest in the commercial world. The one requirement for joining this organization is that a person belong to a commercial class, which includes typing, bookkeeping or shorthand.

Meetings are held twice a month with dues of 50 cents a semester. Last year, the club took trips to the Burroughs Corporation and the Detroit Bank. Even more is in store for this year.

Miss Kathryn Giltner is the club's sponsor. A meeting will be called soon and all persons interested in joining are welcome to attend. New officers probably will be elected at this meeting.

Students should check up on subjects and see if they have a commercial class among them. If so, they are eligible to join this interesting and instructive organization.

PUTTING THEIR HEADS TOGETHER to solve a knotty school problem at Northville high school are Janice Howarth, student council mayor, and Assistant Principal Fred Stefanski. Janice is the first lady mayor in more than 20 years.

Lady Mayor Is the First In Many, Many a Moon

Those who advocate a woman for president have only to look to Northville high school for ammunition for their attack, for there they'll find a young woman who can handle a gavel as effectively as any male in the school.

She's Janice Howarth, a bright-eyed senior who now serves as the first "lady mayor" of the school since . . . well, no one is quite certain how long it's been.

Janice, 17, was elected to the office last spring and is now fully emerged in a variety of activities that includes everything from presiding over assemblies to representing Northville at inter-school conferences.

For awhile, it looked like Janice might be the first lady mayor in Northville's history. But then Superintendent R. H. Amerman recalled that, back in 1935 or thereabouts, another prodigious female, held the post.

As mayor, Janice heads the student council, at its Tuesday meetings, and acts as a liaison between the student body and faculty. In addition, she works with Assistant Principal Fred Stefanski in solving school problems, helps run refreshment booths at athletic events, and attends the monthly meeting of the Wayne-Oakland League student council.

But her activities don't end there. Janice also plays bassoon in the school band, switching to drums for football games, and is a member of several clubs in the school.

Being an officer is nothing new for Janice. Right now, she serves as president of the Future Teachers of America — the same post she held as a junior. And in previous years, she held positions as secretary of the student council, sophomore class president, freshman class secretary and FTA secretary.

She even found time to portray a businesslike secretary last year in the junior class play, "The Bishop's Mantle".

To top all this, Janice's teachers call her "an excellent student".

How does the male population at Northville like being ruled by a girl? The record offers a clue — for the fact that Janice was elected to the office indicates she had support from the male faction as well as the female.

Janice, who lives with her parents, Mr. and Mrs. James D. Howarth, at 42675 East Seven Mile road, hopes to follow the lead of her two older brothers by going on to college. She hasn't yet decided which school it'll be, but she does know that she wants to major in early elementary education.

And what has prompted her to fill her hours with such a variety of activities? The answer is as simple as it is serious: "I just like to have fun," she says.

High Sports Ideals Fostered by G.A.L.

The one requirement for the Girls Athletic League is to have a C or above average. The purpose of the club, known as G.A.L., is to foster good sportsmanship among the girls while participating in activities.

There are many sports presented to girls who are interested, including basketball, speedball, volleyball, tennis, baseball and bowling.

Upon joining the club, a girl is required to make a certain number of credits before becoming a full-fledged member. Girls interested in joining should see the sponsor, Miss Patricia Buble, or the vice-president, Elsa Couse.

Hunters, Trappers Get Record Bounty

Lansing — Hunters and trappers received \$8855 in bounty payments during July, \$1560 more than was paid out by the state for the same period last year.

The increase was due to a larger fox kill during July of this year, when 1299 were bountied. The figure for the same month last year was 876.

Two wolves, taken in Iron and Luce counties, were the first presented for bounty this year. Bounty totals also included 109 coyotes and 44 bobcats.

All of the bobcats and all but three of the coyotes were taken in the upper peninsula. Foxes were bountied generally throughout the state.

State to Study Control of Universities

AFTER ONE FALSE start it now is underway. This is the \$161,000 study of the state's college education in Michigan and university facilities. Money

was approved by the Legislature, with added financing from the Kellogg Foundation. Main purpose: To determine how higher education in Michigan should be coordinated and controlled.

Trouble arose in finding a qualified assistant for Dr. John Dale Russell, director of the survey. Dr. Russell, chancellor and executive secretary of educational finance in New Mexico, plans to spend about one-third of his time on the Michigan study. The full-time assistant actually will be in charge.

The first assistant, Dr. Albert F. Scribner, vice-president of Valparaiso (Ind.) university was forced to resign in July after his university governing board belatedly refused to grant him leave of absence.

Dr. Scribner's resignation delayed the study's start by two months. Now Dr. Orvin T. Richardson, professor of education at Washington university, St. Louis, is named full-time assistant.

A preliminary report on the general survey will be ready for the 1957 Legislature, Dr. Russell says. A final report with recom-

mendations is scheduled a year later.

One of the first problems the group will tackle is the present control of the state's universities. Dr. Russell commented that the state now has "a hodge-podge pattern of control," with various and uncoordinated boards which often compete with each other.

COST OF SENDING your children to college continues to increase. According to estimates given out by the University of Michigan and Michigan State university, the approximate cost for a student will be \$1,385 for the 1956-57 year. And this is only for the bare essentials.

Part of the increase comes from higher tuitions. Resident tuitions at the U of M are now \$200, or \$50 more than five years ago. At MSU the basic tuition is \$204, a five-year increase of \$63.

Biggest factor in the rise is the continued general increase in the cost of living.

And officers in colleges around the state foresee a continuing rise, offset only by the fact that larger number of students each year are taking advantage of scholarships available. Scholarships usually pay tuition, although a few also provide some money towards living expenses. For many years scholarships often went begging. Last year nearly 100 per cent of these grants were awarded to eligible students.

THERE'S PLENTY in the Horn of Plenty says the federal-state crop reporting service in their estimate of 1956 output of Michigan's major field and fruit crops. Expected field crop yields are 7 per cent above the 10-year state average. Fruit crops should be one-fourth higher than a year ago and one-fifth above the 10-year average.

August made the difference. Crop estimates at the end of July were somewhat lower because of unseasonably cool weather. Warm days in August permitted the experts to revise their figures upwards.

MICHIGAN'S ROAD system needs a new, consistent code of laws as well as construction programs to adequately serve the needs of the people," says Gerald Graves, director of the Michigan Good Roads Federation.

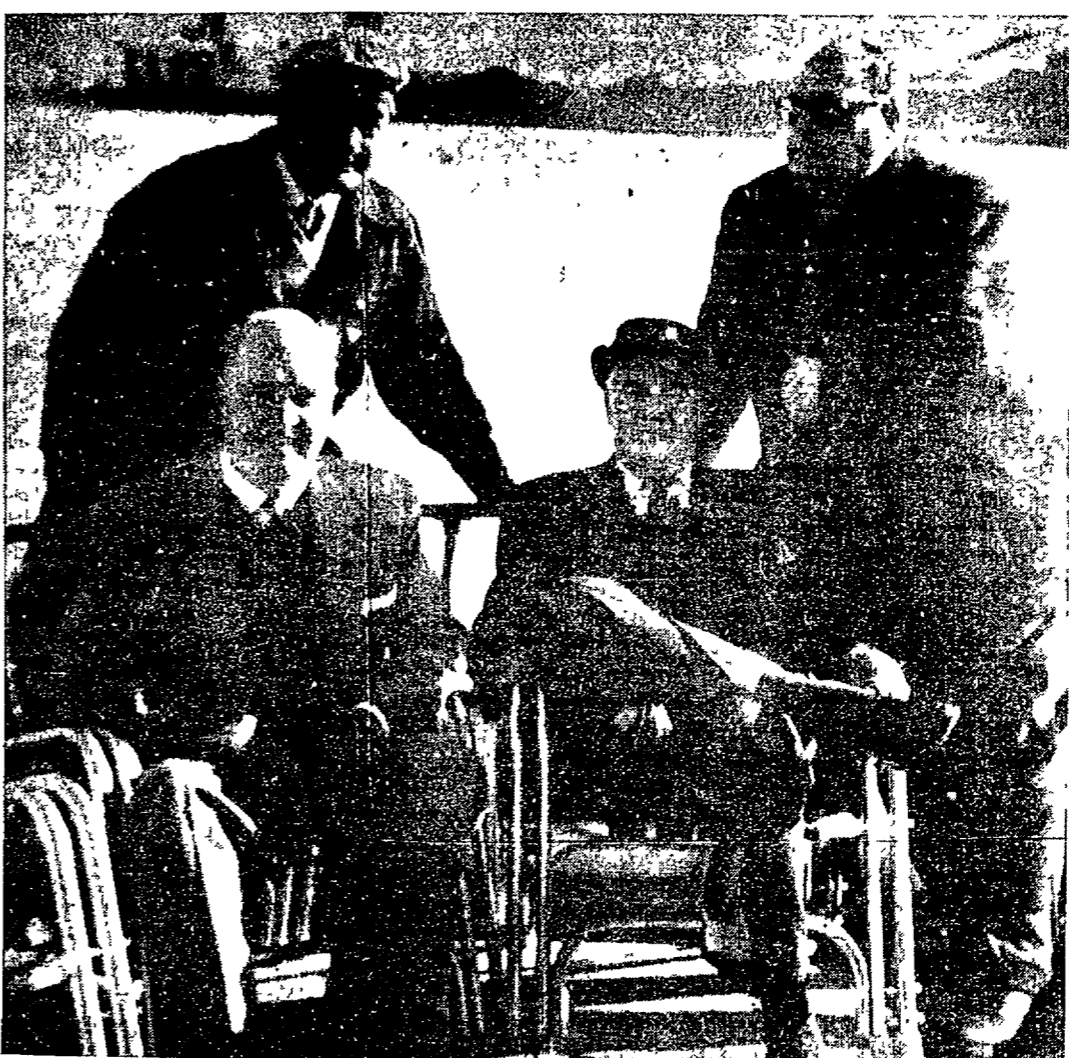

The state's road system is now 15 years behind the needs they are expected to serve, Graves comments.

Unlike politicians who attribute blame for poor roads to any single factor, Graves cites three important factors involved in the present road situation.

Conflicts in road laws, no construction during the five years of World War II and the great surge in automobile buying after the war all played prominent roles in outmoding present roads, he states.

Of these three factors, only the first can be changed. According to Graves, some 262 road laws are in direct conflict with each other.

Graves' remedy: A completely new codification of laws. The alternative — continued confusion.

Chances are that the approaching political campaign received more than casual mention in conversations of this quartet of leading Republicans. Guests of C. E. Langfield (seated at right), president of Northville Laboratories, last week aboard his 43-foot Constellation were Donald S. Leonard and George Boos, former Detroit Police Commissioners (at left) and Sterling Eaton, former publisher of The Plymouth Mail. Boos is candi-

date for state senator and Eaton state representative from this district. Leonard, Republican nominee for governor last term, was an unsuccessful candidate this year.

Also guest of Mr. Langfield on a sight-seeing tour down the Detroit River was William C. Sliger, publisher of The Record. Langfield will bring Candidate Boos to Northville next Tuesday as his guest at Rotary club.

THE OLD AND THE NEW

"It's in the Bible!" says the stalwart defender of his convictions. He thinks thereby to squelch all arguments by his unbelieving foe. But wait a moment, have you considered that while "All the Bible is for us, not all the Bible is to us."

The two most common divisions of the Bible known to us are the Old and the New Testament. Together they are known to us as the Holy Bible. The word "Testament" means a covenant or an agreement. From Genesis to Malachi we have the Old Covenant. This could well be plural for we have many covenants and agreements in the Old Testament. Beginning with Matthew and through the rest of the New Testament, we have generally speaking, the new agreement. I say, generally speaking, because in the Gospels we still have much repetition of the O.T. agreements for the age of the law did not expire until Christ died on the cross. The Old agreements that God made with Noah, Abraham and Israel in the O. T. have nothing to do with us who live on this side of Pentecost. We may learn many lessons from them but under grace we live under the new agreement. When you say "In the Bible" make sure it is in the part that applies to us.

HELP THE NOVI UNITED FUND DRIVE

At a meeting called Tuesday, September 21 at Novi Township Hall by Supervisor Frazer Staman, Wes Coon was elected chairman of the 1956 Novi United Fund drive.

Drive plans will be launched Wednesday evening, September 26 at the Novi Township Hall at eight o'clock. All residents of Novi are urged to be present to help in this drive to GIVE ONCE FOR ALL.

All former workers are urged to contact Wes Coon to work again to meet the goal set for our community.

If you cannot attend the first meeting and want to help, Contact Wes Coon.

MICHIGAN BELL TELEPHONE lines

THE BELL TELEPHONE LABORATORIES has developed a new device that will let one telephone line handle five separate conversations at the same time. Special electronic equipment installed along the wire lines and in central offices is used to keep each call on its own "voice channel." This fall, Michigan Bell plans to try out the new system in a few outlying areas where the building of conventional wire circuits would be difficult and expensive. This is another example of how the telephone company is always trying to bring you the best telephone service at the lowest possible cost.

ON THE ENTERTAINMENT COMMITTEE of your club? Here's a suggestion to make your job easier. Show Michigan Bell movies. The films in our library are entertaining, non-technical glimpses into the world of the telephone. For example, the movie called "Music in Motion" tells the story of radio's famous musical show, "Telephone Hour." And "The World at Your Call" dramatizes the magic of Long Distance. The use of these films is, of course, free but you should reserve them in advance. Call the business office if you'd like to have a list of titles available. Arrangements can usually be made for a projector and operator, if needed, also at no charge.

DID YOU KNOW about the U. S. Patent Office employee back about 1870 who said the office ought to close because everything had already been invented? How foolish he was! There'll always be better ways of doing things. That's the idea behind the Michigan Bell Employee Suggestion Plan. We've had the plan for eleven years so far. It's produced thousands of ideas on how to do telephone jobs faster, safer, more economically. The ideas come from everyone—linemen, stenographers, operators, engineers, cable splicers. Cash awards are given for accepted ideas.
