

# Northville Leaders Take Look at Future

Five leaders representing different phases of interest took a look ahead at 1957 to tell The Record this week what they considered the most important undertakings for Northville in the new year.

They were asked to confine their statements to their own particular field so that readers might gain a broad view of what faces our community in the coming months.

## JOHN ROBERTSON City Manager

Although it may be presumptuous for me to attempt to answer this question, I shall endeavor to set down some of the problems that face the City of Northville and speculate as to what can be done.

The major areas of concern for the City can be briefly listed as follows: an adequate and safe water supply; a sanitary sewer system of sufficient capacity to handle all of the expected sewage flow; a safe and adequate street and storm sewer system; efficient fire and police protection, recreation for all groups within the community, sufficient parking in the business district; and many other related and unrelated subjects. This all can be tied together in one "all encompassing phrase" which broadly outlines this municipality's responsibility — "to provide for the general health, safety and welfare of all its citizens."

As can be seen by the above list of responsibilities, it is hard to single out any one area as the most important. They all are important and none must be neglected. It therefore should be the major undertaking of the City this coming year to set up a several year program of municipal capital improvements.

This will necessitate surveys and investigations to determine which major projects should be contemplated first. Always, the financial resources of the city must also be kept in mind in order to determine priority.

Briefly, some of the major capital improvements requiring consideration are:

1. Improvement in the supply and quality of water for the municipal water system.

2. Study of the sanitary sewer system to determine if it can handle an increased flow and how much of an increase can it handle.

3. Street improvement and increased parking area.

4. Improvement of the storm drainage system.

During the coming year the City will not and can not limit itself to any one of its responsibilities. They all must be handled in a systematic fashion which will require planning for more than just one year. A capital improvement program or budget will be a major undertaking and will require long hours of study.

The City will need all the help it can receive from its citizens in order to progress with the times. Some new ideas will surely be forthcoming to insure an increased level of city services and to provide them as soon as possible, for we cannot afford to wait on many of these problems.

## RUSSELL H. AMERMAN Superintendent Northville Schools

When considering the needs, the dreams and the problems of the Northville Schools for the year 1957, the following are among the many that come to mind. In most instances, they are so inter-related that they should be considered together.

One goal which is ever kept before us is that of offering the best possible educational program for the boys and girls of our schools. All planning of classrooms, courses of study, special services and teaching personnel should and are being done with this in mind.

As our school population grows we find an increasing need for special facilities for the gifted child and also the handicapped. By the sharing of these services with neighboring schools it is becoming increasingly possible for Northville to supply this program for our local students. Classes for the blind, the hard of hearing, the mentally handicapped, psychological services and speech correction are among those in operation and being planned.

Another problem which will confront the Northville schools during the coming year is the increasing costs of operation of the school program and insufficient funds to balance the budget costs. There is a real threat that state aid funds will not be available in full as called for in the State Aid Formula. Relief will be considered in Lansing when the legislature convenes.

Northville Public Schools must also deal with the problem of annexation of school districts or parts of adjacent districts. The State of Michigan is urging that district boundaries be adjusted so that every child will live in a high school district. It is expected in Lansing that the local board of education will continue with

a cooperative study of this matter.

It is a matter of record that the Northville schools are faced with a building program of greatest importance during the coming year. The next move is to secure the necessary approval from the Municipal Finance Commission for the sale of our bonds before construction can be started. It is our hope that the addition to the Amerman elementary school can be started in early spring and the new high school shortly thereafter.

Everything considered, the outlook for the Northville schools for 1957 is highly optimistic but there are sure to be some overcrowded situations in the school system before the new building program can be completed.

Much thought is being given to the entire school curriculum by a lay committee, the faculty and the board of education. The content of basic courses and their relationship to rapidly changing state and national needs are receiving plenty of attention. The year 1957 promises to be a fruitful one as decisions and recommendations materialize from these several studies.

## C. E. LANGFIELD Pres., Northville Laboratories Former Mayor

From an industrial standpoint, Northville has often been likened to an unwilling bridegroom.

It is, strictly speaking, an industrial bachelor. It cannot however, continue this modesty in the face of growth and prosperity.

Our locale, school facilities, labor market, churches and homes make us the natural target of expanding industries, who want to "get married and settle down in a small community."

If we are to build and modernize schools, repair streets, sewers, add municipal parking, build a modern city hall and the like, we must look to industry for more tax dollars.

In the light of these facts, it would seem highly important that city planners take advantage of our position as a desirable location for industry, and investigate future possibilities. It is likely that by so doing our community could select only the choice plums of industry. Along with proper zoning, this could lead to an orderly and prosperous growth of our community.

The project is, I believe, one for immediate consideration.

## ESSIE NIKIDER President Retail Merchants Association

The major undertaking for the Northville Retail Merchants in 1957 will no doubt be a continuation of the three point program outlined by the board of directors for 1956-57. They are as follows:

1—More off-street parking  
2—Store front and rear entrance remodeling program  
3—Public relations

As a merchant who is very interested in the growth and development of our city and community, I would like to discuss briefly each topic in the order given.

The year 1957 blooms as a terrific challenge to all retail merchants and services alike. With the growth of our city and area around us we should become acutely aware that we are not offering enough off-street parking. We are intensely interested in serving customers in the way they want to be served, and parking is one thing that is common.

(Continued on Page 12)

## THE REV. IVAN E. HODGSON First Methodist Church

"We pause beside this door. Thy year, O God, how shall we enter in?"

It is to answer this question put to the Master Steward that I put in print my aspirations for the Christian Witness in our community during the brief period of the New Year. There are six things that should engage the prayers and become the purpose of every Christian in our Community:

1. We should seek a greater Christian Unity through ministerial cooperation and Christian fellowship. The clergymen banded together in bonds of mutual interest could exercise a greater influence for good. This wouldn't destroy denominationalism, it would enhance it. We Christians would be contributors rather than competitors. A Chinese Christian said, "In a non-Christian environment the broken body of Christ is a luxury when there is peace and order but is a suicidal menace where there are dangers and

## Five File for Two City Council Seats

### Driver's, Owner's Licenses Revoked In Racing Scandal

The racing scandal case that rocked Northville Downs last September has been officially stamped "closed" by State Racing Commissioner James H. Inglis.

Inglis ended his investigation last week by revoking the licenses of driver Duane Hoose and owner Samuel Reeves.

Both men, however, had already announced their "retirement" from racing. They had been under definite suspension since early in September.

The scandal concerned Hoose's admitted effort to block the field at Northville Downs during a race August 2, enabling driver Foy Funderbunk and horse Cherry Adams to win.

Reeves is the owner of Miss M. Direct, the horse Hoose drove that night. He has denied any involvement in the "fixed" race, though Hoose has said he believes Reeves bet against his own horse on the winner.

Inglis stated emphatically immediately after the scandal was made public that Northville Downs and its officials were not involved in the fix in any respect. He added it could have happened at any other track in the state.

### Choose Winners In Lighting Contest

Four winners were chosen last week in Northville's annual Christmas season home decorations' contest.

The Oren Nally residence, 540 Orchard drive, was the only previous winner to be named again. Other winners were: Robert Ely, 504 Gardner; Harold Schmidt, 20117 Woodhill; and Harry Sedan, 504 Horton.

Turkeys were given all winners. Judges were Alfred Sibley, Charles Altman, Mrs. Lila Collins and George Collins. The contest was sponsored by the Northville Retail Merchants association.

### Crusoe's Condition Reported Improved

The condition of Lewis D. Crusoe, who suffered a heart attack during the last week in October, is reported to be very much improved.

Mr. Crusoe is now recuperating at his West Nine Mile road home.

BEEN WONDERING what's happened to street signs on the north side of the city? They're getting a sprucing-up, including a new paint job by Day Lanning (above), for the new year. When the north side signs are finished, those on the south side will get their turn.

THE 1957 MARCH OF DIMES CAMPAIGN against polio begins this week in Northville under the chairmanship of Mrs. J. W. Reynolds (above). The month-long drive, to be highlighted by the Mother's March on January 31, also includes school donations.

### Growth Pattern Shows:

## Northville to Double by 1980

If current estimates are correct, Northville will more than double in population by 1980—and Northville township will have more than five times as many people as it has now.

Those are the predictions of the Detroit Metropolitan Area Planning Commission in a recent report.

The commission's report has some other eye-opening predictions about population trends in the six-county area around Detroit for the next 25 years. For instance:

—whereas out-county areas will increase by 126 percent by 1980, Detroit itself will show only a 2.5 percent gain. This means that in 25 years, Detroit will increase by only 49,000 persons (to 2,036,000) while the rest of Wayne county will jump 890,000 for a total of 1,595,000.

—the six-county area will show a 56 percent gain to 6,050,000—equal to the entire state's population in 1950.

—the Detroit Metropolitan Area (Wayne, Oakland and Macomb counties) will jump 50 percent to 5,450,000—an increase of 1,935,000 which is equal to add-

ing the entire 1950 Detroit population to the area.

The figures were compiled by the commission by applying ratios to U.S. Census Bureau national estimates, and then breaking the statistics down on a county and community basis.

Though growth in Northville and Northville township will keep eyes popping, other cities and townships will be even more spectacular.

Plymouth township, for example, will grow by 900 percent—to about 51,000. And Garden City, with 9,000 now, will jump to 44,000.

North of Northville, Novi township will grow to be three times as large—increasing from the present 5,000 to about 16,400. And the entire Novi-Farmington-Lyons-Commerce area will triple from 38,720 to about 111,400.

Surrounding Northville, the Livonia - Plymouth - Redford -

Northville area will grow from the present 107,000 to about 334,000.

In commenting on the predictions, commission spokesmen said the larger figures (six-county, county) are the most reliable, whereas the smaller figures (for cities and townships) may not prove quite so accurate.

"But by and large, barring another world war or another depression like the 30's, these population projections appear reasonable, desirable and attainable," the report commented.

On the other hand, the report added, "a continued lag in installing adequate water and sewer facilities could result in a much delayed population growth in many parts of the six counties."

## Happiness Each Day

By FR. JOHN WITTSTOCK  
Our Lady of Victory Church

These are days when people are expressing the familiar phrase, "Happy New Year To You!" This greeting carries the connotation that it will be a happy year if you prosper in your bodily health as well as your financial security. If this be the only measure of happiness then it is easy to conclude that some days you will be frustrated, morose and unhappy. That is the program when humans believe in worldly happiness alone.

True happiness as compared to worldly enjoyment which is temporary, is permanent. It is the kind of joy that awakens you in the morning, yes, every morning, with the realization that God must be thanked, for He preserved you during the night. Then a new day begins with God, the central figure in your life. You might have a slight fever that particular morning, or perhaps you had a mishap which confines you to a bed of discomfort for weeks; you still are happy because your thoughts are of God. How much better off you are than millions of people who have not even been taught about God, their Creator and Redeemer.

Do you rise each morning feeling very grumpy? Are you in a position to bark at even your loving husband or wife, or brothers and sisters simply because you can't find your left shoe? Then, I'll give you the best medicine in the world that will sweeten your disposition, namely personal union with God. This union with God is lost by one serious sin. The intimate association with God is regained when we ask God for forgiveness.

You probably have noticed many of our American people in the different hospitals. The heroes and heroines are the ones whose dispositions are illuminated by the light of faith. Each day, as they lie in a bed of pain, is a day of renewed happiness because they are living in close union with the God who they realize, permits evil that good may come out of it, if not here, for sure in eternity. God loves in a special way, people to whom He has sent crosses, so long as they count them as blessings.

I wish you, a Happy New Year, not in the worldly sense and interpretation but real, true happiness and blessing each day of the New Year.

## Mayor Ely Unopposed In April 1st Election

While five candidates compete for two seats on the Northville city council in the April 1 election, Mayor Claude Ely will return to office for a third term unopposed.

This was made certain December 31 at 4:00 p.m. when City Clerk Mary Alexander announced that only five petitions had been filed for the two city council spots. Mayor Ely alone filed for the two-year mayor post.

### 1st Baby Entrants Have Until Jan. 10

One more week remains for residents of Northville and Novi to report births of 1957 in the merchant-sponsored First Baby contest.

Eight prizes will go to the first baby born in 1957 to parents who have a Northville or Novi mailing address. Births must be reported to The Record office before 5:00 p.m., January 10. Exact time of birth must be confirmed by attending physician.

## Bank Does Business Under New Name

Manufacturers National Bank of Detroit transacted its first official business in Northville Wednesday as the doors opened at 9:30 a.m.

Its merger with Depositors State Bank was completed December 31 and the local bank immediately became "The Northville Office of Manufacturers National Bank."

The merger has been hailed by local officers of the bank as an important and necessary step in providing expanded banking facilities for the growing area.

Perhaps the most noticeable change will be a new schedule of hours. The bank, although closed on Saturdays, will be open more hours per week. Business will be transacted daily from 9:30 a.m. until 3:00 p.m. and Friday from 9:30 a.m. until 7:30 p.m.

President A. Russell Clarke calls the merger "an outstanding contribution to the future development of our community." He added that more and improved banking services will help local business and industry immeasurably.

Latest candidates to enter the council race are former councilmen Sidney Frid and E. C. Welch and a newcomer to the local political scene, C. A. Hoffman.

Earlier petitions had been filed by Earl Reed, incumbent, and Harvey Ritchie. Councilman John Stubenvoll announced that he would not seek re-election.

Frid served on the village council from 1944 until 1948. He takes an active interest in community affairs and is a frequent visitor at council meetings. "I've probably attended more council meetings than anyone in town without being a member of the council."

Residents of the township of Northville must be completely satisfied with their elected officials. At the deadline for filing petitions for the April 1 election, Township Clerk D. J. Stark reported that only incumbents had turned in signed petitions.

Officials who will retain office without opposition are: Supervisor, Mrs. Mollie Lawrence; Treasurer, Roy Terrill; Clerk, D. J. Stark; Trustees, R. D. Merriam and A. M. Lawrence; Board of Review, J. R. Gibson; Justice of the Peace, Paul Schulz.

Frid commented, "He has lived in Northville for 35 years, and is the owner of various real estate properties in the community."

Hoffman is 29 years old and is sales manager for the Shelden Land company of Livonia. He is married and has one daughter and resides at 132 West Cady. A graduate of Alma college and a veteran, Hoffman is a member of VFW Post 4012 and a member of the board of directors of the Northville Driving club. He recently served as president of the Northville Young Republicans club.

Ed Welch, 222 South Wing, has been a resident of Northville for 15 years. He is an advertising counselor for Brown & Bigelow company. He served as a member of the council in 1954 and 1955 and was a member of the charter commission and board of review. He is currently active in community affairs as president of the Coordinating Council, vice-president of the community development class and committee member at large of the Detroit Area Council of the Boy Scouts. Welch is married and has three daughters.

## Men's Club to Hear Crime Lab Chief

Albert Langtry

A Detroit police inspector, Albert Langtry, will speak to the January 10 assembly of the Presbyterian Men's Fellowship, giving demonstrations of the lie detector and spectrography. He is a brother of Edwin Langtry of Thayer boulevard.

Inspector Langtry has been director of the Detroit Crime laboratory since 1948. A graduate of Wayne university, he has been with the police force since 1933, and was the youngest inspector appointed to that capacity.

Dinner will begin at 6:30 and the public is invited to hear Mr. Langtry's talk at 7:45. Program chairman for the evening is Ed Welch.

## Calendar

January 4—Orient chapter, OES, special meeting, 7:45 p.m., Masonic Temple. Regular officers will exemplify the degrees, social hour following.

January 7—Cooperative Nursery business meeting, home of Mrs. E. C. Cavey, Jr., 880 Horton, 8 p.m.

January 8—Rainbow Girls regular meeting with election of officers, Masonic Temple, 8:00. January 8—WCS, 2:30 p.m.

## Bridal Attendants Wear Holiday Colors

An afternoon ceremony December 29 united in marriage LuAnne Robinson, daughter of Mr. and Mrs. S. H. Robinson of Northville and E. James Nelson, son of Mr. and Mrs. H. A. Nelson of Plymouth, in the First Presbyterian church of Plymouth.

Rev. Henry Walsh performed the ceremony in a church decorated in a holiday motif. Nat Sibbold of Plymouth sang "Because" and "The Lord's Prayer", accompanied by Fred Nelson at the organ.

The bride was gowned in floor length beau de soie with chapel train and a Sabrina neckline of lace trimmed in pearls and sequins. The full skirted gown had long sleeves, pointed at the wrist. She wore a gift of the groom, a small rhinestone encrusted heart, on a chain around her neck. Her bouquet was a cascade of white roses and variegated ivy.

Maid of honor Judy Robinson, sister of the bride, wore a floor length gown of green crystalet with a green velvet bodice. Her colonial bouquet was of red roses surrounded by red carnations.

Bridesmaids Carolyn Larson and Marilyn Nelson, cousins of the groom, wore identical gowns. Their flowers also matched the honor maid's except for a slight variation in color.

David Nelson was best man for his brother. Ushers were Harold Miller and David Stratton of Plymouth, Jack Jevitt of Birmingham, and Donald Old of Detroit.

For her daughter's wedding, Mrs. Robinson chose a beige lace sheath dress with brown accessories. Her corsage was of yellow roses.

Mrs. Nelson, the bridegroom's mother, wore a toast lace gown with rose accessories. Her corsage was of pink carnations.

A reception at the church was attended by some 125 guests from Northville, Plymouth, Lansing, Detroit, Grand Rapids, Toledo and Clawson. Mrs. Louise Swenson, grandmother of the bridegroom, came from St. Peter, Minnesota to attend the wedding and spend the holiday with daughters, Mrs. H. A. Nelson and Mrs. Arthur Larson of Clawson.

The bridegroom, a graduate of Plymouth high school, is now attending Michigan State university. The new Mrs. Nelson is a 1935 graduate of Highland Park General hospital school of nursing and a graduate of Northville high school. The couple will make their home in Lansing.

## New Residents Are Former Ranchers

When Mr. and Mrs. Paul Hoffman moved from Aspen, Colorado recently, three feet of snow blanketed the ground — so they weren't quite prepared for the foggy winter they found in Michigan.

The Hoffmans just moved into their home on Main street — the former home of the Russell Wynings. Before moving to Colorado, where they owned a cattle ranch, they lived in Birmingham.

They have a married son who now lives in Birmingham and another son who is a senior at Yale university.

The Hoffmans enjoy all types of outdoor activities especially skiing, riding and fishing.

Mr. and Mrs. L. M. Eaton, 365 Eaton drive, returned last week from a 17 days' visit in Florida and Kansas. Traveling by air, Mr. and Mrs. Eaton visited their son, Frank and family at West Palm Beach, Florida and their daughter Alice and family, at Ft. Riley, Kansas. Over the week end the Eatons entertained their son and daughter-in-law, Dr. and Mrs. Louis Eaton and family of Howell. Another week end visitor was Mrs. George Comlossy of Toledo, a sister-in-law.

Sixty percent of the children in the age group of 1 through 14 in Michigan have received at least two doses of polio vaccine. Another 16 percent have received one dose. This means that 24 of every 100 children in this age group have received NO vaccine at all.

## Engaged

Miss Patricia Thayer

Mr. and Mrs. Howard C. Thayer of Pinckney announce the engagement of their daughter, Patricia Ann, to Raymond H. Stillwell, son of Mr. and Mrs. W. H. Stillwell of West Six Mile road, Northville.

Miss Thayer is a freshman at Michigan State university. Her fiancé is employed by Western Electric. No wedding date has been set.

## Local Girl Majors In Liberal Arts At Marquette 'U'

Michigan is well-represented in the record enrollment of 10,393 students at Marquette University in Milwaukee this year with 262 young men and women from the Wolverine state included in the student body.

Thirty-two from the city of Detroit and many more from the immediate suburbs are included in the Michigan contingent at Marquette.

The list includes Mary Cruse, 43180 W. Nine Mile road, a liberal arts major.

All 48 states, the District of Columbia and more than 30 foreign countries are represented in the Marquette student body this semester. The university is now well into the first year of its fourth quarter-century, and is continuing its great post-war building program.

An alumnus, the Very Rev. J. O'Donnell, S. J., is president of Marquette.

## BIRTHS

First Lt. and Mrs. Howard Feole of Munich, Germany announce the birth of their second child, a daughter, Rebecca, on December 28. Mr. and Mrs. Julius Feole of West-Six Mile road and Mr. and Mrs. Carl Bohde of Richmond are the grandparents.

## Years Change Objects of Woman's Club

"The object shall be mutual improvement of members and the study of vital issues of the day."

So reads the purpose of the Northville Woman's club, set down in its constitution when the club was organized in 1892.

But, as one might guess from reading recent announcements of club meetings — many featuring entertaining lectures — the function of the organization has changed.

Its original object — to provide a place where women could learn — in a nineteenth century world in which only men were permitted the right to education, is now outdated.

Mrs. E. A. Chapman, now president, recently explained that members were formerly required to prepare two papers a year on "vital issues". After they chose a subject — read and researched it — and wrote the paper, it was presented before the group.

Both Mrs. Chapman's mother and grandmother were also presidents of the club. Camilla Swift Dubuar, her grandmother, was the 15th president and an intimate friend of its founder, Lucy Stout Dowd — an active leader in the fight for many rights women enjoy today — suffrage and education among them.

Her mother, Ethelwyn Dubuar Lapham was a guiding hand of the organization in 1926. She now

lives with her daughter's family at their High Street home.

Members meet twice a month on Friday afternoons in the Northville library, which is the organization's permanent home. When Dr. Mary Lapham, a specialist in tuberculosis, began the library in Northville and gave the present building to the community, she stipulated that the Women's club would always be able to convene there. Dr. Lapham was the club's second president.

Thus the library is closed two Friday afternoons a month — and thus also the limitation of members in the club to 160. The main room of the library will only hold so many — comfortably. And there are now exactly 160

members, both active and life, in the club. Life membership is granted after 25 years continuous membership.

"Club meetings are now more social than 'educational,'" said Mrs. Chapman, who was elected for a two year term last March. "Since most of our members have college educations — and can be aware of current events simply by turning on the radio — the organization's educational function is now a minor one."

But enjoying themselves together — which is what members will continue to do in 1937 — proves to be as worthwhile for today's Northville women as the old Woman's club was for Mrs. Chapman's grandmother.

## News Around Northville

Visiting with the Arthur Carlsons Christmas Eve were four married daughters and their families: Mrs. and Mr. John Gibson, Mrs. Carrel Gilmore and son, Bob; Mr. and Mrs. Edward Landau and family of Wayne and Mr. and Mrs. Bill Nuottila and family of Brighton. Also present were son, Arthur, and his fiancée, Miss Janice Owens.

On Christmas day, Mr. and Mrs. Arthur Carlson entertained Mr. and Mrs. Pierce L. Owens, parents of son Arthur's fiancée, Janice.

Visiting with Mr. and Mrs. M. L. Utley of Jackson for Christmas were his parents, Mr. and Mrs. Roy Utley, her mother Mrs. Mabel Cooley and his sister and her husband, Mr. and Mrs. Ray Michaels.

Entertaining at a holiday open house last Sunday were the James Littells of West Seven Mile road.

Dr. and Mrs. Arthur Steele, formerly with the Wayne County Training school and now of Paw Paw, Michigan, were honored at a breakfast last Sunday at the home of Mr. and Mrs. Jack Taylor in Plymouth. Northville guests included the C. Harold Blooms, the Del Hahns, the Robert Coolmans, the H. F. Wagenschutz and Dr. and Mrs. T. G. Hegge. Also present were the Steele's daughter, and son-in-law, Mr. and Mrs. Nelson Hauenstein of Ann Arbor.

Gathered around the table on Christmas at the home of Mr. and Mrs. F. A. Fry of 7 Mile road

were their children and grandchildren, Mr. and Mrs. C. K. Fry, daughter Beverly and Laurie of Milford, Mr. and Mrs. J. A. Fry of Detroit, and Mr. and Mrs. D. B. Fry and children Marilyn, Fay, Fred and Gail of Plymouth. A cooperative dinner and tree was enjoyed by the family.

Home for the Christmas holidays was Homer Profit, son of Mrs. Glen Salow, Sr. of 24676 Taft road. Homer is a sophomore at Eastern Kentucky college in Richmond.

Miss Ida Blucher, supervisor of the children's division of Maybury Sanatorium, reported that 135 children received packages at Christmas from Northville contributors. Miss Blucher noted that each child had written a Santa Claus letter, and that each request had been fulfilled. She expressed appreciation, especially to the Rotary club for the contribution.

A holiday visit to her parents took Mrs. Dempsey B. Ebert, 404 West Main street to Indiana last week. Her parents, Mr. and Mrs. J. J. Killinger, reside in Elkhart.

Mr. and Mrs. T. R. Carrington, 536 West Main street, spent the Christmas holidays in Bristol, Connecticut visiting their son and daughter-in-law, Mr. and Mrs. T. R. Carrington, Jr. and family.

Donald Poster, proprietor of Peanut's restaurant, was called to Wayne by the death of his father, John J. Poster. Funeral services were held Saturday at St. Mary's church in Wayne.

## What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

Polishing off the odds and ends of work that go into finishing a new home can seem like a never ending job — but Mrs. Robert Beerbower of Valley road, took a few minutes this week from her work to contribute this intriguing recipe.

Mrs. Beerbower suggests that this is a fine dish for a buffet supper — the recipe will serve 20 persons. We aren't sure of the pronunciation — but the translation is "Chicken with Rice."

### ARROZ CON POLLO

Dice three large onions and 2 green peppers and fry in 1/2-cup chicken fat or shortening. Add 1 cup dry rice, stirring constantly until brown and tender.

Add four or five pounds of boiled chicken cut in small pieces. (Veal may be used — shank, leg or knuckle).

Add liquid from meat, 2 packages of frozen peas, 2 pounds tomatoes (1 quart plus liquid), and 1 bottle of whole stuffed olives (plus liquid).

Season with salt and cayenne to taste. Cook in earthen jar until done in slow oven, 325 degrees. This takes at least two hours. Add more chicken stock during baking if contents appear dry. A complete meal served with hot rolls and fruit salad.

HELPING Mrs. Robert Beerbower pick out the recipe are their four children — Joyce, 2; John, 9; Jody, 4 and Jim, 7. The Beerbowers moved into their Valley road hillside home, which they designed themselves, last March.

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

**EXPLAINING** his stamp collection to his family is George Lewis, who recently moved to Willowbrook Village when his company transferred him. Looking on are Mrs. Lewis, Linda, and Susan.

Beginning their first year in Willowbrook Village — their first in Michigan as a matter of fact — is the family of Mr. and Mrs. George G. Lewis, who recently moved here from Pittsburgh, Pennsylvania. Mr. Lewis, who attended Valparaiso university in Indiana, was transferred to the Michigan Limestone Division of the United States Steel Corporation. The Lewis' have two children—Linda, four, and Susan, 13, who attends Novi school. Both Mr. and Mrs. Lewis like to bowl — and have already become active in local bowling leagues.

## Everyone Has Twins:

### It's Just a Family Tradition

**NORTHVILLE TWINS** — Patricia (left) and Patrick, twins of Mr. and Mrs. Horace Aenchbacher, are No. 6 in the line of twins in Mrs. Aenchbacher's family. Patrick was very willing to pose for the camera, but Patricia decided there were better things to do — like sleeping.

The stork brought a set of twins to a Northville home recently, but their arrival caused hardly a wink of the eye among their relatives.

Mr. and Mrs. Horace Aenchbacher, 408 Randolph, are justly proud of little Patrick and Patricia, of course. Any parents would be.

But when there are five other sets of twins in the family, it no longer seems quite so novel.

The twin tradition apparently goes back to Mrs. Aenchbacher's father — who had a twin brother and sister. And, though it skipped the next generation, it's now back in force.

Her older sister has two sets of twins, a younger sister has one,

a brother has one — all in Georgia — and now one has come to the Aenchbacher household. That means half of her parents' eight children have had twins.

The two little "Pats", now two months old, had a rather hard time of it at first. But though they weighed only 3 pounds 12 ounces and 4 pounds 6 ounces at birth, the twins are now healthy and happy.

Will the twin tradition continue?

It's hard to say, but the Aenchbacher's daughter — Mrs. Joyce Porter, who with her husband manages a downtown restaurant — has two young boys. And they're not twins.

But that doesn't necessarily mean anything. Because when it

comes to twins, the Aenchbacher's and their relatives hesitate to make predictions. After all, they're in the family.

## Harold Bloom Home Scene of Reunion

A winter reunion of people from this area who have summer cottages on St. Joseph Island, Ontario, Canada, occurred Wednesday evening, December 26, when the ex-summer-vacationers gathered at the Harold Bloom's on Dunlap street.

Attending from Northville were the Del Hahns, Mrs. Louise Cansfield, the Robert Coolmans, Mrs. Harper Britton, her son Jack, and her mother, Mrs. W. Grier, Becky Coolman and Lynn Matzen, Mr. and Mrs. Robert Williams, Martha Bloom and Lois Rody.

Joining them were Mr. and Mrs. Richard Coolman of Birmingham, Dick Lyon of Detroit and Mr. and Mrs. Vernon Sweet of Ypsilanti.

Other out-of-towners included Mr. and Mrs. Gerald Harrison of Royal Oak, their daughter Mimi and Bill House, Mrs. Harrison's father, Mr. Swiegar and Mr. and Mrs. Dick Wiersma.

## Couple Plans February Wedding

The engagement of Phyllis A. Becker of Jackson, Michigan to Thomas F. Bendall, son of Mr. and Mrs. James Bendall of Jackson is announced by her parents.

Miss Becker is the daughter of Mr. and Mrs. Paul Becker, formerly of Northville and now of Jackson.

A February 9 wedding is planned.

## BIRTHS

Mr. and Mrs. Fred Campbell of Brighton announce the birth of a daughter, Corrine Leigh, born December 10 at Mt. Carmel hospital in Detroit. She weighed 9½ pounds. The Campbells have two other daughters, Melinda and Janet. Mrs. Campbell is the former Joan Oliver of Northville.

## Engaged

Miss Patricia Gronowick of Pomona, California announce the engagement of their daughter, Patricia, of Plymouth, to Clarence E. Renn, son of Mr. and Mrs. Clarence F. Renn of Walled Lake. A June 1 wedding is planned.

## Slides of Britain At Woman's Club

A British atmosphere will pervade tomorrow's meeting of the Northville Woman's club when Mrs. Max M. Williams, who recently completed a six week tour of England, Scotland and Ireland, will speak on "Over a Cup of Tea in Great Britain".

Mrs. Williams will show slides taken when she and her husband made the tour last fall.

She is national president of the Federation of Motion Picture Council, a director of the Greater Detroit chapter of the American Association for the United Nations, and a member of Speaker's Research for the U.N. in New York.

Tomorrow's meeting begins at two o'clock at the library.

## Married Monday By Judge Bogart

Miss Marlene Mae Lemmon of Northville and William Herman Pruett Jr. of Plymouth were united in marriage by Justice E. M. Bogart on Monday, December 24th. Miss Gale Burpo of Northville and Glenn Freeman of Plymouth were the attending witnesses.

In nothing do we approach so nearly to the gods as in doing good to men. —Cicero

The resources, facilities, personnel and business of Depositors State Bank of Northville and Manufacturers National Bank of Detroit have been consolidated.

This makes it possible for the bank to provide an even wider range of banking and trust services for the residents and business firms of Northville and vicinity. Customers will continue to be served by officers and employees whom they know — and who know them.

Local business and industry will be able to take advantage of greatly expanded commercial banking facilities, provided by an organization having capital, surplus and undivided profits of over \$42,000,000 and total resources in excess of \$790,000,000.

## NEW-AND MORE-BANKING HOURS

BANKING HOURS WILL BE AS FOLLOWS:

Monday thru Thursday 9:30 A.M. to 3:00 P.M.  
Friday 9:30 A.M. to 7:30 P.M.

This new schedule allows customers 2½ extra hours per week to do their banking. There will be no banking hours on Saturdays — however, this office will be open all day on Wednesdays. This change will enable our Northville staff to share with the employees of other offices the benefits of a five-day week.

Anyone wishing to make deposits on Saturdays — or at any other time after banking hours — may do so by making use of the Day and Night Depository. Located just to the left of the entrance to the bank, this convenient facility is available for depositors at all times.

## 17 CARE Packages Sent to Hungary By Women's Society

Seventeen CARE packages were sent to Hungary by the Women's Society of Christian Service of the First Methodist church of Northville from their annual Christmas offering. The local church has also designated January 6 which will be communion as the day when Northville Methodists will have the opportunity of contributing to a fund for medical supplies, food, clothing and the resettlement of Hungarian refugees. They will cooperate with other Protestant agencies through the World Council of Churches in raising two million dollars for this fund of mercy.

## CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets  
 Plymouth, Michigan  
 The divine answer to human needs will be brought out at Christian Science services Sunday.  
 Readings from the King James Version of the Bible and correlative selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "God".  
 From Philippians (4:19) the following will be read: "My God shall supply all your need according to his riches in glory by Christ Jesus."  
 Correlative passages to be read from Science and Health include the following (494:10-11): "Divine Love always has met and always will meet every human need."

## Men and Women In Uniform

Pvt. David E. Young  
 Fort Leonard Wood, Missouri—Army Pvt. David E. Young, son of Mr. and Mrs. R. E. Young, 12810 Merriman road, Livonia, recently began six months of active duty training at Fort Leonard Wood, Missouri under the Reserve Forces Act. Young is receiving eight weeks of basic combat training, which will be followed by advanced individual and unit training. Men volunteering for the six-month tour of active duty are permitted to finish their military obligation in local Army Reserve or National Guard units.

Pvt. John R. Radies  
 Fort Eustis, Virginia—Pvt. John R. Radies, 23, son of Mrs. Donald Uhrich, 35300 Joy road, Livonia, recently was graduated from the Army's Transportation school at Fort Eustis, Virginia. Radies completed the aircraft powertrain and engine repairmen course. Some of the subjects he studied included Army aviation, elementary physics and electricity, aircraft engines and hydraulic systems. Radies, a former employee of the General Motors Corporation in Ypsilanti, entered the Army last March and completed basic training at Fort Leonard Wood, Missouri.

Pvt. Charles T. White  
 Fort Sam Houston, Texas—Pvt. Charles T. White, 18, grandson of Ernest H. Piche, 605 Laguna drive, Walled Lake, completed the final phase of six months active military training December 14 under the Reserve Forces Act program at Fort Sam Houston, Texas. White received 14 weeks of medical training at the fort's Brook Army Medical Center. He will complete his military service with the 703d Tank Battalion in Pontiac. White is a 1956 graduate of Walled Lake high school.

## from the PASTOR'S STUDY

The Rev. John O. Taxis, Pastor  
 First Presbyterian Church, Northville

At the beginning of the New Year it seems quite appropriate for all of us to read Paul's pointer suggestion:

"Not that I have already obtained this (that is, a resurrection from death) or am already perfect, but I press on to make it my own, because Christ Jesus has made me his own. Brethren, I do not consider that I have made it my own, but one thing I do, FORGETTING WHAT LIES BEHIND AND STRAINING FORWARD TO WHAT LIES AHEAD, I PRESS ON toward the goal for the prize of the upward call of God in Christ Jesus"

(Philippians 3:12-14)

Here in the simplicity of his words, Paul shows us the path of living that will help us to overcome those nagging frustrations of failure in the past; and points out the immensity of the active PRESENT under the power of an omnipotent God revealed in Jesus Christ.

Paul shows us what some have called "The Fine Art of Forgetting". How we should clear out our cluttered minds by an active anticipation and participation in the Present. Further he shows us... ourselves... in that each of us knows we too are not "perfect" nor that we have "arrived" in the fulfillment of life's destiny

Natural GAS

YOUR SILENT SERVANT

## "Lung" Checkups Keep Gas Meters Accurate

Your gas meter is similar to a healthy lung. It actually goes through the motions of breathing—inhalating and exhaling gas by means of little diaphragms of leather or plastic. At each intake of "breath," the meter registers how much gas is consumed.

The "lung" and other vital parts of your gas meter are regularly inspected to insure accurate measurement of gas consumption. More than 300 gas meters a day go through the scientific test and repair cycle at Consumers' General Meter Building in Jackson.

Here gas meters are tested, adjusted and repainted. Even new meters, fresh from the manufacturer, must undergo rigid tests before going into service. Only a meter of demonstrated accuracy is permitted to measure the gas that serves you.

Only GAS does so much, so well... the modern fuel for automatic cooking... refrigeration... water-heating... house-heating... air conditioning... clothes-drying... incineration.

# Mustangs to Meet Clarenceville

The Northville Mustangs will go after their fifth consecutive league victory without a defeat next Tuesday when they meet Clarenceville on the Trojan's home court.

The Northville-Clarenceville encounter will be the key game of the night, as six of the seven Wayne-Oakland teams resume play after a two-week holiday layoff.

League-leading Northville has not yet lost a conference game, while Clarenceville is tied for third with a 2-1 league record.

But both clubs have season's records of 4-1 — with the Trojans' only defeat being a 60-59 thriller against Clarkston.

The Mustangs didn't relax completely during their vacation, however. Coach Stan Johnston put his charges through defensive drills several times last week, emphasizing their man-to-man work in an effort to reduce opponents' scoring — which at times has been higher than Johnston likes to see.

And on Monday, the Mustangs journeyed to Redford Union for a light scrimmage session.

Other games next Tuesday will find second-place Brighton still clinging after Northville's victory two weeks ago, aiming at Holly. Brighton has lost only to the Mustangs this year, while Holly has a 1-2 league record and a 3-3 season's slate.

Also on the card is an encounter in which dangerous Clarkston will seek to fatten up on winless West Bloomfield. The Wolves have a 2-1 league record and have proved strong throughout the season, while West Bloomfield has lost all four starts this season.

In a non-conference affair, Milford will bump into Rochester. Milford — defending champion of the league — has lost four straight, while Rochester overwhelmed West Bloomfield, 71-48, in its only other game against a W-O team.

## TUESDAY'S GAMES

NORTHVILLE at Clarenceville  
Brighton at Holly  
W. Bloomfield at Clarkston  
Milford at Rochester

## STANDINGS

NORTHVILLE	4	0
Brighton	3	1
Clarkston	2	1
Clarenceville	2	1
Holly	1	2
W. Bloomfield	0	3
Milford	0	4

## Cager of the Week

DAN HOWELL, a newcomer to Northville high school last September, is one of the Mustangs' six-footers-plus. At forward, he is out for his first letter in basketball. Howell, 6' 2 1/2" and 180 pounds, won a football letter this year on the Mustang championship grid squad. A junior, Howell plans to go on to college. He is the son of Mr. and Mrs. Leo Goss. His father is a deputy superintendent of the Detroit House of Correction.

## Victorious Cage Season Has Been a Team Effort

It's been a team effort so far in the Northville Mustangs' five-game basketball season.

Figures compiled this week show that the Mustangs have shared all scoring honors among the five starters, and that no single player has dominated Northville play for more than one game.

Among the points of interest shown by statistics are: —all five starters are above the 10-point-per-game mark. —each of the five has been the leading scorer in one game. —four of the five starters lead in at least one scoring department.

In the individual scoring race, guard Bud Bell paces the Mustangs with a 14 point average per game. But he is only slightly ahead of center Bill Yahne (13.6) and forward Dick Biery (13.2).

Also above the 10 point mark are forward Jeff Goodrich (10.6), with a helping hand from his 25 point effort in the Mustangs' last game, and guard Mac Burns (10.0).

Together, the five starters have averaged 61.4 points a game — enough to win most contests with little trouble.

The five also have taken turns in leading the Mustangs in the five games played to date. The high scorers in each game:

- Plymouth: Burns 12
- Holly: Biery 21
- West Bloomfield: Bell 21
- Milford: Yahne 17
- Brighton: Goodrich 25

Four of the five Mustang starters also share in the individual scoring departments. The leaders:

- most points: Bell 70
- high average: Bell 14
- most field goals: Biery 30
- most free throws: Yahne 18
- highest game total: Goodrich 25

On the debit side, Yahne leads the Mustangs in committing fouls (15 — average of three per game) while Burns (13) and Goodrich (12) are not far behind. The Mustangs have averaged close to 14 fouls per game, while opposing teams have committed an average of 15 each game against Northville.

## Ex-NHS Griddler Wins Wayne Letter

Gerald G. Heaton, a 1950 graduate of Northville high school, has been awarded his second major varsity letter for his play on Wayne State university's 1956 football team.

A junior in Wayne's college of education, Heaton was a co-captain of the 1956 Tartar grid squad.

A veteran of three years in the Marines, Heaton first entered Wayne State in September, 1954. During the period 1948-50, he lettered seven times in three sports at Northville high.

To love the public, to study universal good, and to promote the interest of the whole world, as far as it lies in our power, is the height of goodness, and makes that temper which we call divine. — Shaftesbury

# Five Novi Leaders Take a Look at '57

What will be the most pressing problems for Novi township during the coming year?

To answer this question, The Novi News has gone to the men who know best — Novi's leaders in government, industry, education, business and church activities.

Here are printed their comments on what Novi township faces in 1957 — and their possible solutions to these questions which, in one way or another, will affect every person who lives in Novi.

## FRAZER W. STAMAN Supervisor, Novi Township

I consider that Novi Township's most important undertaking for 1957 is to safeguard its future development by instituting an effective sewer and water program.

Only a few weeks ago, in a speech to the Novi Chamber of Commerce, Paul M. Reid, executive director of the Metropolitan Regional Planning Commission, stated that if Novi Township is to keep pace with progress and development in Southeastern Michigan we must get to work on our sewer and water problems. He pointed out that adequate sewage and water systems are essential, not only to residential development, but also for industrial growth.

It is very clear to all of us who are now witnessing the phenomenal growth of this area that Mr. Reid's thinking is correct and that some answer must be found before we in Novi Township find ourselves living in the midst of a festering patchwork of septic tanks and private wells, by-passed by the fast developing area around us.

I have spent some time in careful study of this problem and have also investigated the manner in which other communities with similar problems are working them out. As a result a plan for a sewage disposal system designed to serve most of the Township is being prepared. The Township Board should make every effort to put this plan in effect so that the health of our Township citizens will no longer be endangered and the development of our area no longer retarded by obsolete septic tank systems.

For the past few months I have worked with the developers of this area and I believe with their cooperation it would be possible to get a system that would be approved by the Michigan Department of Health without any direct cost to the taxpayer.

If this could be accomplished in the next year, I think it would be one of the outstanding accomplishments of the new year, also of my administration.

## LEO HARRAWOOD President, Board of Commerce

Novi has more than one issue for 1957 which is highly important to its proper development. As a businessman, and in my association with the Board of Commerce, I am often made aware of the many items facing the community which each individual considers more important than another.

Therefore, I am listing the six matters most often heard as important to Novi in 1957:

1. The township election of February 18.
2. Closer work between township officials, organizations and citizens of the community.
3. Sewerage and water systems.
4. Shopping center facilities.
5. Recreation facilities for the children.
6. Regulation garbage pick-up service.

I believe each of these to be important considerations for Novi citizens in 1957.

## By WILLIAM H. MEDLYN Superintendent of Novi Schools

The beginning of a new year and the end of the old year mean this for Novi schools:

On the one hand, we can pause and reflect upon the accomplishments of the past year, and in turn attempt to predict what the coming year will bring.

Generally speaking, the foremost problem facing the area next year is growth of population. This, of course, is made up of a multiplicity of individual problems. The board of education attempts to isolate the individual problems, study them thoroughly and arrive at a sound solution of the total problem at hand. Some of the problems are these:

- total growth expected.
- number of houses to be built.
- number and ages of children to be educated.
- number of future classrooms needed by the district.
- financial tax growth of the area.
- school staffs for the classrooms.

At the present time we have two forces which complicate the attempt to predict growth. The major fact which will bring about a large growth increase is the location of the Lincoln plant in the area.

However, builders are faced with a tight money market and it will be more difficult to get money for home mortgages. This is further complicated by the expiration of the GI Bill.

Thus we have a factor which will tend to make the area grow rapidly and another factor which will tend to deter such expansion. Total enrollment for 1951 was 349, and to date it is 647. Thus we have almost doubled our enrollment in the past 5 years.

Future planning depends upon factual data and sound interpretation of these data. We are continually studying the problem. In the past we have been able to meet the growth problem, and now we hope to be able to stay ahead of the growth in enrollments that is expected.

## By REV. BYRON E. CHAPMAN Willowbrook Community Church

Progress is the most significant aspect of the Novi and Northville areas.

This progress is excitingly evident wherever one turns. Orchards and pastures are turning into villages, vacant lots are being transformed into lovely homes and country cross roads are becoming busy centers of commerce.

Church leaders are deeply interested in this miracle of community development. Rapid growth is good if it is orderly and well balanced. Communities can grow into horrible deformities if their development is not carefully guarded. Detroit and other large cities have found it necessary to rebuild vast areas. There is a continuous process of building; congestion; then moving out to open country again.

This race for a better community cannot always be won by simply moving out farther and starting over again. It is really a spiritual and moral issue. When a community becomes congested the human spirit cannot get its breath.

This hunger for deeper satisfactions is rooted in the fact that "Man cannot live by bread alone." When men try to live by "things" alone their communities crowd in upon their spirits and destroy them. The fresh air and freedom of the suburban area are prime requisites of happiness. Suburban well-being is not so much a matter of lawns and space as it is escape from moral and spiritual oppression.

It is the desire of church leaders that the future development of the Novi-Northville areas shall be truly balanced — that those who make their home among us here shall find not only good homes, good schools and good jobs; but good churches as well, which together shall be the ultimate guarantee of tomorrow's happiness.

## FRANK DePODESTA President Paragon Construction Company

Novi's future development in so far as industry is concerned depends on the ability of the community to avoid losing its identity.

Perhaps nowhere in the country is there a more ideally located area for industrial expansion. It has excellent arteries, fine rail facilities and a good labor market. It is located in the hub of a activity.

The one cloud on the horizon appears to be division of the area by annexations and incorporations. Novi should do everything within its power to retain its boundaries.

While consolidation presents many problems, failure to consider the possibility could be disastrous.

Water, sewerage and better roads are also important concerns, but perhaps not as imperative.

Already, the community has made great strides in planning, particularly in proper zoning. Greater industrial development is bound to follow as long as fair treatment and just taxes are combined with the area's natural attractiveness.

## Early-Morning Fire Destroys Home Of Family of Nine

The new year started off tragically for a Novi township family of nine Wednesday morning when their home and all possessions burned to the ground.

Homeless are Mr. and Mrs. Gratis Payton and their seven children.

The Payton's home at 45689 West road was destroyed by a raging fire that apparently started in the attic. Only ashes remained.

The call was answered by the Novi township and Walled Lake fire departments, but all fire trucks ran out of water just as the blaze was nearly conquered. By the time the tankers refilled, the fire had sprung up again and consumed the rest of the building.

The fire was discovered by Mrs. Payton while she was washing dishes with her daughter, May, 14. She bundled up two younger children, David, 4, and Linda, 3, and rushed to the neighbor's home to call the fire department.

Payton, 48, rushed from his job as a butcher with the Lakeside Packing House in Walled Lake, to find his home ablaze.

Four other children were in school at the time. They are: Lorene, 16; Joe, 11; Carl, 9, and Jimmie, 8.

Payton said he lost \$2,500 in furnishings in the fire. He rented the home and could not estimate its value.

Mrs. Payton said she first noticed the blaze after smelling "something burning" in the attic. She attempted to go upstairs but was driven back by flames and smoke.

She said firemen believe faulty wiring may have caused it, but added that the complete destruction makes positive determination impossible.

The Paytons and their children are now staying at the home of her mother, Mrs. Jess Middleton, 178 Penhill.

"I don't know what we will do now," Mrs. Payton said. "It's hard to move in with people when you have seven children. And what's worse, some of the children have been very sick this winter — colds, the flu and that sort of thing."

## Air Patrol Unit Wants Junior Observers

Youngsters between 12½ and 18 years old interested in being trained as air observers are invited to attend an organizational meeting of the Civil Air Patrol this evening (Thursday) at the Novi Community building.

The unit will be organized by Captain Art Hooper. It is open to boys and girls of the Northville and Novi area. The meeting will begin at 7:30 p.m.

INDUSTRIAL GIANT in Novi township — the new Lincoln plant — is growing fast. During recent months, what was just a skeleton has now become a near-complete auto plant. The assembly plant and general offices are expected to be open in time for '58 models.

## Report Tells Novi Trend:

# Population to Triple by 1980

If current estimates are correct, Novi township will be three times as large in population in 1980 as it is today.

The Detroit Metropolitan Area Planning Commission has predicted that Novi's population will soar from the present 4,950 to 16,400 during the next 25 years.

And it further predicts that the Novi - Commerce - Farmington - Lyon area, which now is home to 27,756, will grow five times as populous by 1980 — reaching a total of 111,400.

The commission, in a recent report, has some other eye-opening predictions about population trends in the six-county area around Detroit for the next 25 years. For example:

—Detroit will grow only 2.5 percent by (49,000 for a total of 2,036,000), but Oakland county will show a whopping 113 percent increase (to 1,159,000) — making Oakland more populous than out-county Wayne.

—the six-county area will show a 56 percent gain to 6,050,000 — equal to the entire state's population in 1950.

—the Detroit Metropolitan area (Wayne, Oakland and Macomb counties) will jump 50 percent to 5,450,000 — an increase of 1,935,000 which is equal to adding the entire 1950 Detroit population to the area.

The figures were compiled by the commission by applying ratios to U.S. Census Bureau national estimates, and then breaking the statistics down on a county and community basis.

Though growth in the Novi area will keep eyes popping, other townships and cities will

boom even more spectacularly. Plymouth township, for example, will grow by 900 percent — to about 51,000. And Garden City, with 9,000 now, will jump to 44,000.

## Wixom Residents Have until Monday For Registration

Residents of the Wixom part of Novi township have until next Monday to register for the February 5 election in which they will decide whether their community becomes an incorporated village.

All residents of Novi sections 4 through 9 — and only those residents — may vote.

Novi registrations will be taken at the following locations:

—Novi township hall: Monday through Friday, 2 p.m. to 5 p.m.

—Wixom Co-op, 49350 Pontiac Trail: Monday through Friday, 8 a.m. through 8 p.m.

On the final day of registration, Novi township hall will be open until 8 p.m.

Commerce residents may register at either the township hall or fire hall.

The area facing incorporation includes roughly the community of Wixom and the territory lying two miles to the north, two miles to the south, one mile to the east and one mile to the west.

The proposed village would include the site of the new multi-million dollar Lincoln plant and general offices, now under construction near Wixom road and Grand River.

## Four Board Members Among Record Field

A total of 33 persons — the largest field in Novi township's history — have filed as candidates for office in the township primary election February 18.

Last-minute petitions, submitted by the deadline last Monday at 4 p.m., raised the total from 16 to the record-breaking 33.

Township Clerk Hadley Bachert said the field is "by far" the largest ever recorded in Novi — possibly three times as large as any previous field.

Novi will vote on the full slate of respective party candidates on February 18. Those nominated in the primary will face each other in the township general election on April 1.

The full list of candidates: **REPUBLICAN**

**Supervisor** — Frazer Staman, John Flannery, Herbert J. Guntzville

**Clerk** — Hadley Bachert, Arthur Heslip

**Treasurer** — Ray Harrison, Harry Watson, Fred White

**Trustee** — Stanley Balon, Frank Clark, Frank Davis, Harold Miller, Gordon Promo, Glen Salow, Jr., Jack E. Tomalis

**Board of review** — Kenneth Cook, Leo Harrawood

**Constable** — Donald Arnett, Vern Loeffler, D'Arcy Young

**Justice of the peace** — Robert K. Anderson, Edmund P. Yerkes

**Republican township committee** — Clarence C. Cole, Ernest Pitchford, Walter Tuok

**DEMOCRATIC**

**Supervisor** — Herbert Koester

**Treasurer** — Kenneth DeHayes

**Trustee** — L. G. Biri, Eugene A. Martin

**Justice of the peace** — Joseph Ardito

**Township committee** — Georgina LaPine, Lewis Larson, Warren Schoenberger

## Novi Board Members To Answer Questions

Novi township board members will appear at a public meeting sponsored by the Novi Board of Commerce on January 10 to discuss past and current official activities.

The meeting will begin at 8 p.m.

Questions from the floor will be directed to board members by Leo Harrawood, president of the Board of Commerce.

The Board of Commerce also will elect officers.

108 E. MAIN ST. NORTHVILLE PHONE 183

DANGEROUS CROSSING at Grand River and Novi road has prompted the Novi Mothers' club to seek safer conditions for their children on their way to school. The club, working with township government and school officials, wants lower speed limits and adequate markings.

# Literature Comes Alive

Imaginations had free range recently when Northville high school English students portrayed in three dimensions the people, places and things they had been reading about.

SYMBOLS OF WEALTH — an oil well and the carefree living that can accompany it — a sportscar — were incorporated into this project by huck Yerkes for his illustration of "Giant" by Edna Ferber.

AN UNUSUAL SHIP MODEL — or shall we say raft — was built by Dean Herman to portray "Kon Tiki" by Thor Heyerdal, the story of a strange ocean voyage.

SMILING BACK AT Chuck Hix is a character named "Goggle", brought to life after Chuck read "This Is Goggle" by Bentz Plagemann.

The ninth grade students of Miss Patricia Dorian covered topics from the space world of science fiction to the Texas of Edna Ferber's "Giant".

Turning in exceptionally good projects were Dean Herman, Chuck Hix, Jon Batzer, Chuck Yerkes, Martin Klerkx, Carolyn Millington, Carol Krezel, Carol Tabor, Mary Bell, Bob Stuber and Barbara Kruger.

The list continues with Harold Hartley, Mike Eastland, Ed Proctor, Carolyn VanAtta, Terry Cherne, Joe Goiro, Chris Krauter, Joann Hinman and Dennis Wilson.

Those who also gave book reports include Carol Tabor, Carol Krezel, Cece Newton, Bill Scherkey, Chuck Hix, Stephanie Brown and Crispin Hammond.

Also giving reports orally were Jon Batzer, Bob Stuber, Dean Herman, David Nash, Martin Klerkx and Jay Ann Wittenberg.

Goodness and philanthropy begin with work and never stop working.

— Mary Baker Eddy

ROCKET-LAUNCHING SITE, with a ship all ready to roar off into the unknown stratosphere and beyond, was built by Martin Klerkx to illustrate the book, "Across the Space Frontier" edited by Cornelius Ryan.

## Motorists Warned Of Winter Hazards

The first day of winter has come and gone, and although streets have been fine for driving a heavy snow can hit without any warning.

Northville motorists are warned by Chief of Police Joseph Denton to make sure their cars are equipped with necessary equipment for safe and efficient operation. He also listed the following rules for safe winter driving:

1. Get the "feel of the road" when starting out. Don't wait for a narrow escape to warn you that the road is slippery.

2. Drive at reduced speed, allowing plenty of distance between cars.

3. Anticipate stops. Don't jam on the brakes at the last instant, even if you have a good set of tire chains working for you.

4. Let other drivers and pedestrians know what you intend to do by giving appropriate signals, because you need the cooperation of others to prevent accidents.

5. In a snow storm, avoid parking for a long period of time on main streets, and obey restrictions on overnight parking. This way you will help speed-up snow-clearing operations, and will avoid becoming plowed in and marooned in a curbside snow bank.

### Model Train Table Has "Peg-Board" Top

A MODEL train table has been designed to permit the wiring underneath to be brought to the surface at any point. This flexibility of wiring enables the young owner of the model train (and his Dad) to have utmost flexibility of track arrangements and accessories.

The multi-purpose top is a 4' x 8' sheet of 1/4" Masonite "Peg-Board", which has scores of holes

spaced one inch apart in rows. Tracks may be fastened along any desired route simply by wiring some of the ties through the holes. The table surface is uncluttered by wires, which are strung underneath and permitted to emerge only where needed on top.

Directions for making the sturdy table, as well as putting up a 1/4" "Peg-Board" panel on the wall for keeping accessories of the model train handy, are given in a free plan, No. AE-328. For a copy, send a postal to the Home Service Bureau, Suite 2037, 111 W. Washington St., Chicago 2, Ill.

A perspective in the plan shows a typical train layout in a boy's room, including a handy workbench adjacent to it. The bench is covered with Tempered Presdwood which, like the perforated panel, is splinter-free and therefore safe for the hands.

## Protect Yourself

Polio is still a threat to health and life in Michigan. Polio caused 16 deaths in this state during the first 50 weeks of 1956.

Anti-polio vaccine has proved 90 per cent effective in preventing paralytic polio, the only form of the disease which can result in death. This means a person cuts his chances of getting paralytic polio by 90 per cent when he receives the three-shot series.

Now that an effective vaccine is available and polio evidently has been knocked against the ropes, the problem at hand is to get the people into doctors' offices or into local health departments and then to get the vaccine into the people.

Most of us tend to become complacent and apathetic as soon as a danger appears to subside. And yet, no one can say for certain that polio actually has subsided in Michigan.

Before polio vaccine became available, polio normally ran in seven-year cycles in Michigan, causing comparatively large numbers of cases and deaths every seventh year. The disease still may be running such a course, and the decline in cases during the last few years may represent the trough portion of the polio curve.

Until enough time elapses for health workers to learn exactly what polio is doing in relation to the vaccine, the wisest course for persons of all ages is to take advantage of the best protection at hand by being vaccinated against polio.

And the sooner the better. A minimum of seven months is required to obtain maximum protection from the vaccine because of waiting periods between shots. And in seven months Michigan will be entering another summer and approaching the peak of another polio season.

Reduce your chances of getting polio next summer. Make an appointment today with your physician. Do the same for other members of your family until all are immunized. Urge your friends and neighbors to do the same.

Science has given us a powerful weapon against polio. Let's use it.

# State's Problem Runs Into 5 Digits: M-O-N-E-Y

AN OLD PROBLEM faces Michigan in the new year! "Where is the money coming from — and where is it going?" Much more often than not in past years, both state and city governments have had more expenses than bankroll. This has led to a higher and higher tax bill for the man on the street.

Between \$40 million and \$80 million more will be needed to operate the state next year, according to present estimates by legislators. An accurate figure will not be available until the Governor outlines his ideas in his message to the Legislature, due within 10 days after the new group convenes.

His programs will indicate how much more must be raised in the fiscal year beginning July 1, 1957; not whether there will be a deficit.

Already apparent are some of the needs. About \$10 million more will be needed to cover salary increases granted by the Civil Service Commission.

Because income to school funds from state sales taxes are considerably less than was estimated, the Legislature must dip into its general fund to the tune of about \$18 million.

More than \$13 million more is needed by state's universities if they are to accommodate young people seeking college education.

Operating costs for state buildings are increasing, and must be covered. Everytime the state opens a new office, or improves an existing service, there is an inevitable price tag.

What are other needs in 1957? Among recommendations made to the Legislature by Gov. G. Mennen Williams are expected to be the following, none very expensive to the state treasury: a campaign to promote industrial safety; more emphasis on highway safety; higher (and more expensive to the employer) unemployment compensation; increased workman's compensation.

The tax problem is in the lap of the House. According to law, bills to raise revenue must originate there. This means the Representatives will spend much time trying to find ways to make ends meet in 1957 — and new methods to raise tax money. This is never a pleasant task, and usually a thankless one.

WHILE LEGISLATORS wrestle the financial problems of the state, they will hear cries from the cities. Michigan municipalities, particularly the larger ones, are hard pressed for some new sources of revenue.

This problem was underlined by Dr. Arthur W. Bromage, political science professor from U-M in an article in "Municipal Review". Prof. Bromage points out that cities and villages can follow only three courses. They can keep increasing property taxes, depend more on state collected taxes related to individual communities, or levy local, non-property taxes.

If they are to do the latter, they must have specific authority from the Legislature. Cities in other states have "successfully" taxed income, utilities and admissions to theater and athletic events.

If Michigan cities are to do this, existing law must be changed.

MICHIGAN'S "Four-Under Forty" are said to be one of the big hopes for the state's Republican organization. "Four-under forty" is the catchy reference to the four young Republicans who are beginning their first terms as Congressmen in Washington.

They are William S. Broomfield, Oakland county; Charles E. Chamberlin, Lansing-Flint area; Robert P. Griffin from the north-

ern part of the lower peninsula; and Robert P. Griffin from the thumb area.

Party hopes for inspiration and leadership rest on the shoulders of these four. All have good records as young GOP leaders. All are considered dynamic, personable, bright and keen politicians. All are known as "modern" Republicans, subscribing in general to principles and policies of President Eisenhower.

As freshmen Congressmen in the House of Representatives, they will be watched by Michigan's Republicans in the hope that their record of activity there will serve to unify and advance the GOP cause within the state.

DATES HAVE BEEN SET for State party conventions. Democrats will be meeting February 23. Republicans will meet in Detroit February 9. Both parties nominate candidates for positions on the spring ballot.

These included candidates for Superintendent of Public Instruction, State Highway Commissioner, Justices of the State Supreme Court, two members of the University of Michigan Board of Regents, two members of the State Board of Agriculture of Michigan State University, a member of the State Board of Education.

The GOP must also select a new chairman and vice-chairman to head the State Central Committee. John Feikens, present chairman, announced he will not continue in the post.

## Leaders Look at Future

(Continued)

Essie Nifider

plained against most. We advocate a more intensified program, stepped up to the pace that 1957 competition will run. A great deal has been done this past year for parking, and we acknowledge this with gratitude. However, we should not stop here. Property convenient to our shopping area should be considered before values become impractical. There have been many plans advanced for parking and alleys and many problems presented along with them. However, we trust that 1957 will put our city in a more competitive position. Cities all over the country are drying up who have not faced this problem.

In November of this year we launched a program to interest local merchants in remodeling their store fronts and rear entrances. We think this is very important to better serve our customers with convenience from our back doors as well as our front. Appearance of our main streets and stores reflect on the whole community, and we as merchants want Northville to be a prosperous model little city. Money spent at home stays at home to support better civic services, schools, churches and local improvements. May our store fronts reflect this.

Our public relations program for 1957 has been designed with the emphasis on newcomers to our community. Our committee has in the process a brochure that will be in the hands of the retail merchants, schools, churches, and all agencies interested in welcoming newcomers to Northville. In it will be compiled in their proper category, retail merchants, services, clubs, churches, etc., also a map and directory of our community. We firmly believe that the many hours of work and research on this project will more than be offset of the value and service rendered to the newcomer and older residents alike. This accomplishment we feel sure will follow early in the new year.

I appreciate this opportunity for writing a few thoughts on behalf of the merchants, and we sincerely hope we can play an important part in the growth and development of our community in the coming year.

Rev. Hodgson

where a united front is needed to save and to witness to the love of God in Christ. Let each communion maintain what it has and do what it pleases; let all differences be conserved to wait for the changes to be effected by time. But let all communions come together and become one great church so that it may bear

the witness of love, of truth, and of fellowship and stand unshaken and unshattered by the onslaught of non-Christian and anti-Christian forces."

2. Our Christian Culture needs to take cognizance of the roots from which it came. "Faith of our Fathers Living Still" will be soon silenced if the fundamental beliefs of our Christian faith are not thoroughly taught and taught, Christian convictions perpetuate themselves. Let us examine ourselves whether we are in the faith that makes God real in our daily life.

3. A Spiritual Awakening is needed — resulting in definite conversions, renewed devotion to Christ and His Church, and effecting the society in which we live. To my knowledge there hasn't been a great spiritual revival in our community since 1913 when scores were brought into the kingdom through the united effort of the local churches. The time for a "divine visitation" is long overdue. The definition between the Christian and the man of the world is too hazy; Christ makes a radical difference in one's life. We need a martyr spirit in our devotion to Christ and His Church. The use of the word "Lord" is not that of a servant, as it should be; and our church vows are taken too lightly. The so-called spiritual awakening in our country and community has had little effect upon the evils about us.

4. A Formal Recognition of God in seeking his direction, in the Council Chamber would be rewarding. Many communities, as well as the law-making bodies in our nation's capitol, invite members of the clergy to open their deliberations with prayer. Our President has established a custom which could be followed profitably by us all.

5. A grave concern for the Peace of the World and the Opening of our Doors to refugees and victims of oppression should touch every heart. We should clasp the hands of suffering humanity. Our prayers should undergird the leaders of government, from the local municipality to the members of the United Nations. This Pauline admonition is profitable in any age, but indispensable to our own. We must either allow the power of divine love to settle our differences or the Apocalyptic judgments will be our misfortune.

6. To close the year of 1957 with a Mighty Crescendo of Spiritual praise, at the rendition of Handel's Immortal "Messiah", would do something to keep "Christ in Christmas" and in us. The largest auditorium in Northville should echo the voice of every Christian in this community singing "Alleluia: for the Lord God omnipotent reigneth."

DEATH AT 100 — or thereabouts — comes for the building which until recently housed the Northville Realty company. Tom Carrington reports that the West Main street building was constructed about 1850 by John Macomber, a ship's carpenter, who died shortly before the turn of the century. A copy of the Detroit Courier, weekly newspaper of Detroit suburbs, carrying the simple address "Macomber", was found by wreckers. Mrs. Macomber operated a boarding house there after her husband's death, according to Mr. Carrington. The Northville Realty moved in in 1948. The last function of the structure was post office storage for mail during the Christmas rush.

## Obituaries

**MRS. MYRTLE A. FOX**

Funeral services were held yesterday in Mason, Michigan for Mrs. Myrtle A. Fox, a resident of Northville for 14 years. Mrs. Fox, 82, died December 30 in a Mason hospital. She lived at 131 North Wing street and was a member of the First Methodist church and the Eastern Star. Surviving are a brother, Ernest Murray, of Mason; a son, Herbert of Mason, and a daughter, Mrs. Clare Walsh, of Royal Oak. Burial was in Sparta, Michigan.

## Fun Filled Season For Northville Kids At Holiday Parties

Two Christmas parties before the big day made the season just a little more full for both children and teenagers in Northville. Intermission entertainment of singing and dancing rounded out the evening for some 150 teenagers who attended the December 22 dance at the Community building. The festivities were sponsored by the Northville Recreation department and the PTA Youth committee.

Comedy at the piano was provided by Ed Davis of Plymouth. NHS students who displayed their talents were Glenn Schultz and Phyllis Buoniccont, who sang, and Cynthia Mellen, who danced. After enjoying the dance music of the high school band, Santa appeared at 10:30 to distribute favors.

On Monday, December 24, the younger set was treated to a full day of movies at the Community building. About 300 children were delighted by cartoons and cowboys — and, of course, the candy and fruit provided by Santa Claus.

## Adult Camera Club To Meet Tonight

Special assignments and "gadgets" will highlight the meeting tonight of the Northville adult camera club.

The club will meet at 7:30 p.m. in the Northville library.

In the special assignment category, members and guests will bring four titled slides on farm scenes, rain or fog and children at Halloween.

For the "gadget" category, members and guests will bring a favorite gadget of their own invention to be explained by the user.

## "A PLACE TO HIDE"

After the Bikini explosion of the A Bomb one of our United States scientists wrote a book entitled "NO PLACE TO HIDE". It was his contention that in view of the utter devastating power of the nuclear weapons of this age, there was no adequate shelter known to man. I wonder if this is the reason that our Civil Defense Program is stalled? They do not know what to do. Friend, let me show you three verses of Scripture that tell you a wonderful place to hide. It's found in Psalm 46:1-3 "God is our refuge (a place to hide) and strength, a very present help in trouble." In verse 2 and 3 he speaks of such upheavals and convulsions of the earth that remind us of the reports of the Hydrogen bomb tests in the Pacific when one of the islands in the Marshall island chain was plunged down through the ocean floor to the depth of 175 feet leaving a crater 1 mile wide and completely annihilating everything within a 3 mile radius. The Psalmist said he would not be afraid and the reason was because the Lord was his refuge. He could say the Lord is my refuge, because he had a personal claim through the covenant of Faith. Can you truly say "He is MY refuge?"

WED.-THUR.-FRI.-SAT. — JAN. 2-3-4-5

**'TEA and SYMPATHY'**  
CINEMASCOPE & METROCOLOR  
starring **Deborah KERR**  
John KERR  
with Leif ERICKSON  
Edward ANDREWS

One of the most talked-about stage hits of this generation brought to the screen with the same brilliant stars who made the Broadway play famous.  
A NOTE TO PARENTS—  
Because of the dramatic qualities of "Tea and Sympathy" we do not believe it will be enjoyed by children.  
Nightly Showing 7:00-9:00

SATURDAY MATINEE — JAN. 5

RANDOLPH SCOTT  
—in—
