

## Township Offers To Help in Repairs For Gerald Street

A group of Gerald street residents was promised assistance in getting their near-impassable road repaired after they appeared before the Northville township board Tuesday night to demand action.

Though the five residents arrived angry and bitter, they left thanking the board for its help.

Board members explained that the street is private and out of their jurisdiction, but offered to help with temporary repairs and a permanent reconditioning of the road.

The residents, headed by Mrs. Manuel Perez, 19321 Gerald, insisted that the township should do something to improve the muddy and chuck-holed street.

"How would a fire truck or ambulance get down there the way it is now?" she asked angrily. "And what about our cars? We are constantly getting new mufflers and springs because that road batters our cars apart."

Board members quickly pointed out that since the road is private and unrecorded, they have no right to spend public funds on it.

Township attorney James Littell and township engineer James Salle told the group its best approach would be to bring the road up to Wayne county road commission specifications and then dedicate it over to the county.

"Once you improve the road and sign it over to the county, the county will maintain it," he said.

Littell offered personally to draw up petitions for creation of a special assessment district to pay for widening and improving the road. The Gerald street residents then would have to sign them and submit them to the township board to begin action.

In the meantime, Littell advised, the group should attempt to have the road scraped and filled in temporarily. This could be done by the city of Northville or a private firm, but the property owners would have to pay for it, he said.

## Five Injuries Result From Accidents

Two accidents involving injuries occurred in Northville last Saturday, a two-car collision in which five persons were injured and a pedestrian struck crossing the street.

The collision occurred at Seven Mile and Plymouth roads between cars driven by Edwin Carl Peterson of 122 East Main, and Vernon Wilson, 1422 Ladd road, Walled Lake. Wilson, 29, and Marshall T. Thompson of Novi road, a passenger in his car, were both taken to Sessions hospital for treatment and released.

Peterson, 59, his wife, Ann, 57, and Shirley Anderson, 10, the latter both passengers in his car, were taken to Atchison Memorial hospital. Shirley and Mrs. Peterson were treated and released, and Peterson, who suffered several broken ribs, a punctured lung and a fractured leg, was transferred to Veterans' hospital in Ann Arbor for further treatment.

In the second mishap, Billy Joe Caudel of 19244 Gerald avenue, was struck on East Main by a car driven by Madeline Crawford, 436 North Center. Police said that Billy darted from the curb in front of Mrs. Crawford's car. He was treated at Atchison hospital and released.

## Candidates Appear Before Local Club

Candidates for city council appeared briefly before the Northville Exchange club on February 27 to describe the programs on which they are running for office next month.

Among the candidates were E. C. Welch, Earl Reed, Cass Hoffman, Richard Ritchie, appearing for his brother, Harvey, and Mayor Claude Ely.

Northville high seniors Joe Early and Dave Dahl were guests at the program.

## Hubbard Proposal Discussed by Board

Northville township board members Tuesday tabled a proposal that the township become part of Dearborn, but not before they gave it serious and careful consideration.

The proposal was set aside until more is known about it and until townships between Northville and Dearborn indicate their opinions on the matter.

### Hey, Dogs! Gotta License?

City clerk Mary Alexander reminded Northville residents this week that March 1 was the deadline for obtaining dog licenses. Dog Warden Roy Utley is now picking up stray dogs without licenses. They will be held for 48 hours and then destroyed.

Licenses may be obtained at the city hall at a charge of \$1 for a male, \$2 for a female and ten cents for the tag.

Dog owners are also reminded that dogs must be vaccinated. Dr. E. B. Cavell, veterinarian, stated that the first two vaccination clinics showed a poor turnout. A final clinic will be held at the fire hall Saturday, March 16, from 10 a.m. until noon.

Reminders to get both licenses and vaccinations for dogs are being given now by city water meter readers.

## Two Conferences Set for Principals

Three Northville school principals will attend national conferences this month and in April as approved by the Northville board of education Monday night.

Harry Smith, principal of Main street school, and Richard Kay, principal of Amerman school, will attend the Department of Elementary Schools Principals conference in Cincinnati March 24 through 26. They will participate in panel discussions, meetings, and hear speakers on elementary education.

Attending the North Central Association of Secondary Schools and Colleges meeting in Chicago the first week in April will be E. V. Ellison, principal of the high school. To be held at the Palmer House in Chicago, the conference will include general meetings and speakers on high school education.

## Same Candidates File for Council In April Election

Northville's roster of candidates for city council remained unchanged as the deadline for filing was reached last Friday.

It marked the second time local candidates were required to file. Confusion between state and local laws prompted city officials to set a December 31 deadline for local candidates to file for the April 1 election. A state ruling required all candidates to file again by March 1.

While Mayor Claude Ely will have no opposition in his bid to be re-elected, five candidates will compete for two vacancies on the council.

Incumbent Earl Reed will find opposition from Sidney Frid, C. A. Hoffman, Harvey Ritchie and E. C. Welch. Councilman John Stubenvoll, who like Reed concludes a term in office this April, did not file for re-election.

Frid and Welch served on the council when Northville was a village. Welch was a member of the charter commission. For Hoffman and Ritchie it marks their first try at public office, although Ritchie served as a member of the charter commission. Reed will be seeking his third term as councilman.

## It's Time to Review Your Assessments

Northville township taxpayers have two more days to appear before the board of review, while those in the city will get their chance next week.

Northville township: next Monday and Tuesday, 9 a.m. to 4 p.m. in the township hall.

City of Northville: next Tuesday through Friday and March 26, 9 a.m. to 4 p.m. in the city hall.

The law requires four sessions to be held by each board. At that time, taxpayers may question their real estate or personal property assessments.

During the first two meetings, assessments may either be lowered or raised. After that, they may only be lowered.

Township board members are Mrs. Mollie Lawrence, Fred Fry and Ralph Gibson. Members of the city board are G. T. Barry, L. M. Eaton, C. N. Frid and E. M. Bogart, assessor.

## Mustangs Begin Tourney Play

**SWEATING IT OUT** — The Northville Mustangs have tied for the Wayne-Oakland basketball championship, and will now seek their fortunes on the tournament trail. But of the Mustangs make coach Stan Johnston sweat for victory as he did last Friday night against West Bloomfield, they'd better stock up on plenty of towels for their panting mentor.

Northville will hit the tournament trail tomorrow night with hopes that it will be a long, long ride.

The Mustangs will journey to Walled Lake to meet Milford in the first round of the district class B playoffs. On the same bill, Brighton will bump headlong into powerful Walled Lake. Game time for the Mustangs is 7:15 p.m.

The winners tomorrow night will tangle Saturday night for the district championship and the right to go on to the regional playoffs in Pontiac next week. Walled Lake, with a 14-1 record this year, figures as the team to beat this week end. The Vikings have captured the Inter-Lakes conference title and are rated second in the state Class B standings.

Northville will be facing Milford for the third time this year. Both times the Mustangs came out victorious, dropping the Redskins 55-43 and 65-50.

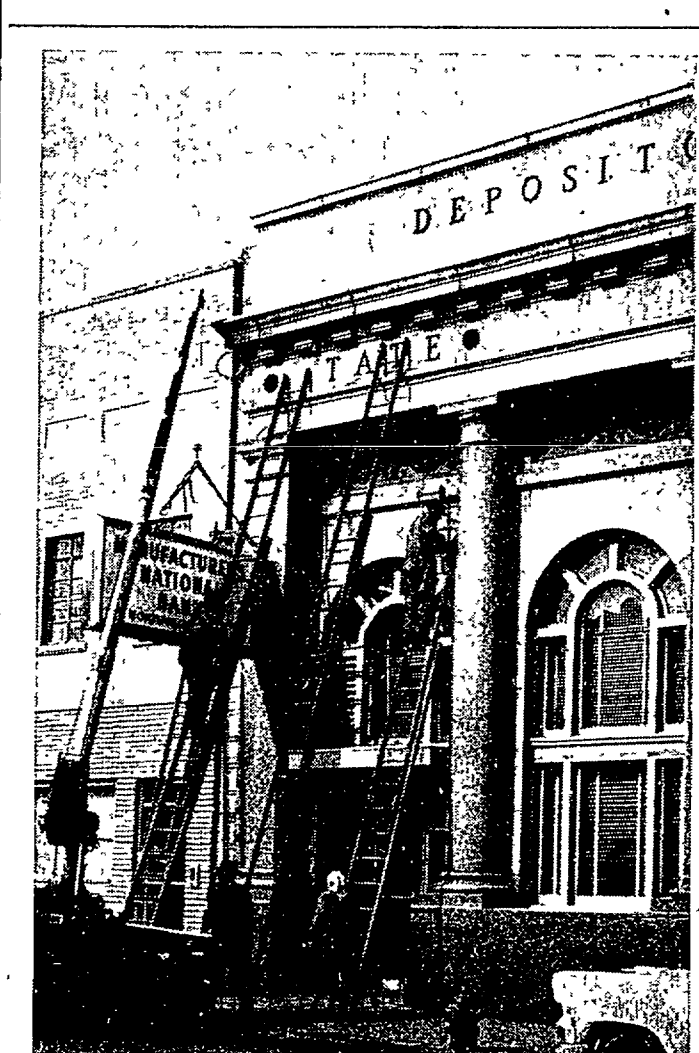

Milford has a 3-13 league record compared with Northville's co-championship record of 2-3. Northville coach Stan Johnston was confident this week that his team could take Milford for the third time.

But he admitted that Walled Lake would be a different matter.

"There's a possibility that Brighton can knock off Walled Lake Friday night," he said. "And if not, they may tire the Vikings enough for us to have a good crack at them Saturday night."

Whatever the outcome of the Mustangs' tournament efforts, they will at least have the knowledge that they have given Northville fans one of the most successful cage seasons in local history.

# FAIRBROOK - WING PROJECT ATTRACTS RECORD BIDDING

**SIGN OF THE TIMES** — The merger of the old Depositors' State Bank with Manufacturers National Bank was made "official" last week with the raising of the bank's new sign. The merger, approved in December, brought metropolitan banking facilities to Northville for the first time.

The first step in the construction of the storm sewer and curb and gutter for Wing, First and Fairbrook street got off to a flying start Monday evening.

Fifteen construction firms submitted bids for either all or part of the project. City councilmen called it the biggest response to any local project.

While a final acceptance of low bidders will not be made until the next council meeting March 18, it appeared that the total would not exceed the estimated \$49,500 cost (including engineering fees). Atwell-Hicks engineering firm of Ann Arbor is studying the accuracy of the bids and firm references.

Under the rules of the contract work cannot begin until after June 1. This will avoid conflict with the local racing season which begins April 18 and runs until June 1. The contract stipulates that the project must be completed by August 31.

Only three firms bid for the complete job. Kagle Construction company of Lansing, G. F. Taft of Northville and Edward R. White of Berkley submitted the overall bids. Kagle's bid of \$44,140.25 was slightly lower than Taft's \$45,714.25.

Low bids for storm sewer only were submitted by Leonard Tonnay of Detroit (\$19,424.45), and Ray L. Welch of Allen Park and Mole Construction company of River Rouge. Curb and gutter low bidders were William J. Kloote of Pleasant Ridge (\$18,218.50) and Herman Perlongo of Plymouth and Edward R. White of Berkley.

In other business the council moved to publish an ordinance governing building (see page 7). In addition, to providing for the adoption of the BOCA building code, nationally recognized building performance code, the ordinance includes certain revisions and additions. Among them are minimum ground area for a dwelling, new schedule of building fees, moving of buildings, definition of fire district and a heating code.

The ordinance also approved four new 15-minute parking meters for Main street. Two will be installed in front and just east of Northville Drugs, while two more will be placed across the street in the vicinity of Northville Electric Shop. Parking in these spaces is limited to 15 minutes effective daily until 10 p.m. The four new installations brings the total of 15-minute meters to 14; approximately 10 per cent of the total number of meters in town. This was set as the limit by councilmen.

Mayor Claude Ely directed Councilman John Stubenvoll, City Attorney Philip Ogilvie and John Robertson, city manager, to meet with officials of the D & R Building company to acquire property for a well site in the building company's subdivision site. They were directed to begin negotiations so that an option may be obtained and a test well drilled. The area lies west of Novi road and north of Baseline.

Before the meeting was adjourned a citizens' group represented by William Davis of 744 Grandview urged the city to prepare a long range program of paving curb and gutter and storm sewer installations.

Mayor Ely and Councilman John Canterbury had already suggested a program schedule which Davis indicated would satisfy the wishes of his group. He added that in building a new house on an unpaved street it is difficult to determine what the grade level will be.

Two other residents spoke before the meeting closed. Arthur Procter, 450 Griswold, asked that public notice be given for any hearing on a zoning change for earlier use of the new Northville Downs barns, (see story on this page). A resident of River street asked that the city alleviate the muddy condition so that a sidewalk can be installed at his residence.

**New Offices**  
The offices of Clifton Hill, attorney, and Mrs. Mildred Doren, tax accountant, have both been moved from 335 East Main to 137 East Main.

Formerly above the P & A Theatre, the offices above Manufacturers National Bank have been occupied since February 1.

## School Board Approves Amerman Addition Plans

Final approval of plans for an addition to the Amerman elementary school was passed Monday evening by members of the Northville school board. After a legal okay from school board attorney James Littell advertisements will be placed for immediate construction of the addition.

Six new classrooms, two kindergarten rooms, a music and art room, three conference rooms and a teachers' room will be provided in the new addition. It will be attached by a corridor extending south from the present building.

Board members hope that work can begin by April 1 and construction can be completed within 180 days.

Nearly 150 students will be moved from the Main street elementary school to the Amerman addition. Four rooms in the Main street school will be cleared for high school use by the move.

If bids are advertised next week, the board would award the contract two weeks later, about March 28.

In other business James Schiefer of the Northville Curriculum Study committee submitted the group's final recommendations

## Engineer Hired; Building Code Next

Northville township now has the services of a professional civil engineer and soon will have a building code and department of public works.

James H. Salle, a registered civil engineer, has been appointed township engineer. A resident of Detroit, Salle has had considerable experience in the Northville and out-Wayne county area.

The township board Tuesday night resolved to adopt a building code to go along with its zoning ordinance. The code must now be adopted within 60 days of the resolution.

For a high school curriculum. The board will review the report at a special meeting next week.

A proposal from the Novi school district seeking changes in school district boundaries between Novi and Northville was reviewed. The board agreed to attend a March 21 meeting with the Oakland county school board to discuss the change. (See story on page four.)

## Calendar

**Thursday**  
8 p.m. Junior Chamber of Commerce.  
**Monday**  
8 p.m. Salem Republican club, Salem Town hall.  
8 p.m. Mother's Club business meeting, home of Mrs. Elden Biery.

## Northville to Bow its Head For World Day of Prayer

Northville will join with hundreds of other cities and towns throughout the country tomorrow in observing the World Day of Prayer.

This will mark the 71st anniversary of an institution which had its birth in the United States and which has spread to 143 different countries on six continents.

The city siren will sound at 10:30 a.m. tomorrow in a call for a moment of silent prayer.

Special services for all Northville worshippers will be held in the First Methodist church at 3:30 and 7:30 p.m. under joint sponsorship of the Methodist and First Presbyterian churches.

To mark the occasion, Mayor Claude Ely has issued the following proclamation:

### Proclamation

WHEREAS, World Day of Prayer will be observed this year in many places throughout the world where humble peoples will bow their head and lift up their hearts to Almighty God in prayer, and

WHEREAS, the peoples of the world need Divine Guidance as never before, especially as this is stimulated through prayerful communion,

NOW, THEREFORE, I, Claude N. Ely, Mayor of Northville, proclaim Friday, March 8, 1957, as World Day of Prayer.

## Bird-House Contest Judging Tuesday

Woodworking classes of William Renard are putting the final polish on bird-houses they have been working on for the past few weeks for the contest to be held next Monday in the Community Building.

Sponsored by the Northville branch of the Michigan Farm and Garden Association, the contest offers a total of \$110 in prize money. Judges will be LaGene Quay and James Madigan, NHS teachers.

The exhibit will be open to the public until 8 p.m. Monday, and the bird-houses will be for sale.

All houses not sold then will be available later from Mr. Renard's woodworking classes.

## Legion Auxiliary Plans Potluck Dinner

The February 27 meeting of the American Legion auxiliary was held at the home of Mrs. John Chedrick. After a short business meeting refreshments were served.

This was to have been a surprise baby shower for the president, Mrs. John Steinel, but she was unable to attend. The next meeting will be the annual birthday party given by the auxiliary for the Legion boys. A potluck dinner will be held at the Veterans' Memorial Hall March 12 at 6:30. Entertainment will follow.

Phone local news items — parties, dinners, trips — or just a friendly get-together with the neighbors — to the society editor, Northville 200.

RECRUITING RED CROSS MEMBERS and taking registrations for home nursing classes are Mrs. Samuel Geraci and Mrs. Clifford Winter, members of the local chapter. The Red Cross station is set up at the Carrington agency on North Center street, this week. Funds are being collected through the mail.

## Local Girl Scouts Hold Sing Tuesday

The voices of approximately 250 Northville Girl Scouts and Brownies will join in the annual Girl Scout Sing next Tuesday at Amman school at 4 p.m.

They will mark the 45th anniversary of Girl Scouting, which is the highlight of Girl Scout Week, March 10 through 16.

Local scouts and brownies will be led in singing by Mrs. Francis Jennings, and will see a pro-

gram of slides presented by Mrs. A. M. Lawrence.

Contributions of "Juliette Low" pennies, one for each year of the girl's age, will be given Tuesday. The pennies go to a national Girl Scout fund named after the founder of the organization.

Brownies and Scouts are now taking orders for Girl Scout cookies, which will be delivered in about six weeks.

## Livonia Health Guild To Meet Thursday

The Livonia Health Guild will hold its March meeting next Thursday, March 14 at the Rosedale Gardens Presbyterian church, Hubbard and West Chicago. The luncheon meeting begins at 12:30 p.m.

Guest speaker will be Dr. Donald Smith of the Wayne County Department of Health. He will discuss "Our Baby Clinic, the Philosophy Behind It". "Our Baby Clinic" refers to the Child Health Conference conducted once a month in Livonia by the Wayne County Department of Health in cooperation with the Livonia Health Guild.

The discussion will also include information on the care and management of the newborn and young infant.

All interested persons are invited. For reservations call Mrs. Ned Lingemann GA-1-5298, Mrs. D. W. LaFontaine GA-1-8390 or Mrs. Ward McCain GA-4-9134. Reservations must be made by Friday, March 8.

## To Hear Address By Psychologist

Dr. James L. Grisell, director of psychology at Northville State Hospital, will be guest speaker at a meeting of the Citizens' Auxiliary Committee for Northville State Hospital, Inc. next Wednesday.

The meeting, open to the public, will begin at 8 p.m. in room 609 of the Veterans' Memorial Building, 151 West Jefferson, in Detroit.

Plans for a rummage sale to benefit the hospital's Indigent Patient Fund, will be discussed also.

## Erwins Celebrate Silver Anniversary

Celebrating their 25th wedding anniversary Sunday will be Mr. and Mrs. James Erwin of 61890 Silver Lake road.

The Erwins will hold open house beginning at 2 p.m.

## News Around Northville

Priscilla Blackburn, daughter of Mr. and Mrs. J. W. Blackburn of Orchard drive, was home from Alma college last week end. With her were two college friends, Sandra Robinson of Fostoria, Michigan, and Linda Lantis of Stockbridge, Michigan.

David Mitchell, speaker at last Friday's meeting of the Northville Woman's club, was the dinner guest Friday evening of Mr. and Mrs. W. C. Becker of Dubuque street.

Mr. and Mrs. G. L. Alexander of Spring Drive will attend a lecture on nutrition in Detroit tonight at the Henry Ford auditorium.

The Northville Garden club board meeting was held last Monday at the home of Mrs. John Burkman of East Eight Mile road.

The Robert Yerkes, Donald P. Yerkes, Edmund P. Yerkes and John Burkman spent last Sunday at the Grosse Pointe Farms home of Mr. and Mrs. Harold R. Smith to celebrate Mr. Smith's birthday.

Enjoying a post-Plymouth Symphony buffet supper at the J. W. Cheatham's on Thayer boulevard were the Lew Goddards, the William Scotts and the Hod Drapers, all of Plymouth.

Spending the week end with their grandparents, Mr. and Mrs. Joseph Denton, were Carl and Mary Stephens, children of Mr. and Mrs. Carl Stephens of Norton street. In honor of Mrs. Denton's birthday, the Stephens entertained the Dentons at dinner last Sunday.

Douglas R. Gerrard of Beale street will leave next week for further processing and assignment after his re-enlistment in the Air Force. He formerly was in the service from 1952 to 1956. He is the son of Mr. and Mrs. Glenn Gerrard.

Shirlynn Ellison, daughter of Mr. and Mrs. E. V. Ellison, celebrated her 15th birthday last Saturday evening with an ice skating party for ten friends. After skating in Ann Arbor, they returned to the Ellison's for refreshments.

Mr. and Mrs. Charles Ely of West street and Mr. and Mrs. Arthur Schnute drove to Louisville, Kentucky last week end to visit Mr. and Mrs. Sam Stalter.

Mr. and Mrs. Conrad Langfield recently stopped at Bimini Island on their cruise to the Bahamas, where they plan to do some deep sea fishing.

Mr. and Mrs. Othal Baggett have moved into their new home at 862 North Center street. They formerly lived on Rogers street.

Mrs. Emmett Wirth was the honored guest at a party given February 26 by Mrs. J. R. Cunningham and Mrs. T. J. Gillick at the latter's home. Guests included Mrs. George Lien, Mrs. Arthur Schnute, Mrs. Wilbert

Petz, Mrs. Kenneth Rathburn and Mrs. N. K. Pattison.

Mrs. L. W. Gagner of Seven Mile road was in Kalamazoo Sunday to speak to the ladies' auxiliary of the VFW on ritualistic work. She will travel to Lansing/March 12 through 14 for council administration meetings, to help honor national president Beth Keaton at a banquet at the Lansing Civic Center, and to visit the VFW national home at Eaton Rapids on March 14.

Darlene Baggett, daughter of Mr. and Mrs. Othal Baggett, celebrated her eighth birthday February 26.

Mr. and Mrs. E. E. Adams and sons, Dave and Scott, of North

Rogers street will be moving to their new home in Brookland Farms.

Mrs. L. J. Marcoux entertained seven guests at a luncheon preceding the King's Daughters meeting last Tuesday.

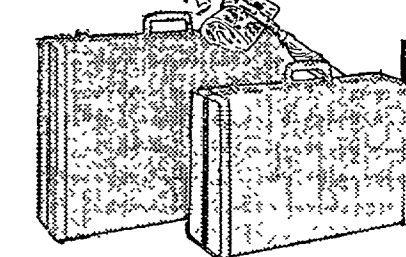

Mrs. Arthur Verhaeve and daughter, Artura, of Clement road were in Lansing last Saturday visiting friends.

John Keyes of Randolph street made a business trip to New York last Monday and Tuesday.

Houseguest of Mr. and Mrs. John Keyes last week was Harold Honkla, a friend from Decatur, Alabama.

## Property Owners To Meet Sunday

The monthly meeting of the Northville Township Hills Property Owners' Association will be next Sunday, March 10 at 3 p.m. It will be held at the home of Gunnar Stromberg, 20138 Whipple drive.

All property owners of Whipple estates subdivision are requested to attend.

## VFW Auxiliary Entertains Veterans

The Northville Ladies Auxiliary to the Veterans of Foreign Wars entertained 28 veterans at the State Hospital on Sunday, February 17. Bingo was played, with cigarettes given as prizes. Valentine favors were made by the Brownie troop sponsored by the auxiliary.

## Two Services Set For Prayer Day

Two services observing the annual World Day of Prayer will be held tomorrow (Friday) at the First Methodist Church of Northville. Sponsored by both the Methodist and Presbyterian churches, the place of worship is alternated each year.

Participating in the 1:30 service will be Mrs. L. J. Marcoux, Mrs. Charles Hall, Mrs. James Cowie, Mrs. George Jerome, Mrs. Ralph Hay, Mrs. Frank Beeks, Mrs. C. E. Woodruff, Mrs. C. F. King, Mrs. Wilson Clark and Mrs. Paul Beard.

Speaker for the service will be Mrs. George Hawley, chairman of Presbyterian National Missions. Mrs. Richard Somers will play the organ, and soloists will be Mrs. Drake Older and Mrs. Wilfred Becker.

Taking part in the evening service at 7:30 p.m. will be Mrs. Edwin Hill, Mrs. John Robertson, Mrs. Edmund Yerkes, Mrs. Tom Wheaton, Mrs. Russell Clarke, Miss Ethel Cameron, Mrs. W. E. McCarthy and Mrs. John Lehr. Speaker will be Mrs. Elwyn Stringer of Ann Arbor.

Two special services will be held at Eastlawn Resthaven at 3:30 p.m. Participating will be Mrs. Ivan Hodgson and Mrs. George Jerome and the Methodist Harmony choir.

Chairman for Northville's observance of the World Day of Prayer is Mrs. Ivan Hodgson, and co-chairman is Mrs. Robert Niemi.

## OLV Altar Society To Meet Thursday

The monthly meeting of Our Lady of Victory Altar Society will be held next Thursday, March 14 at the home of Mrs. Claude Crusoe, 43180 West Nine Mile road.

Guests will bring their own sandwiches. Coffee and tea will be served at 12:30.

## Over 200 Treated In Fluoride Program

Final fluoride treatments in the present school program will be given Monday, Miss Ruth Knapp, R.N., announced this week.

So far, 221 children from the second, fifth and eighth grades have received the series of four treatments. Included were 34 from Our Lady of Victory school, 136 from Northville public schools and 21 pre-school children.

Treatments were given by dental hygienist Mrs. Patricia Wright.

## What Northville Girl Scouts Are Doing

### Brownie Troop 5—

At their last meeting, members of Troop 5 had a farewell party for Janice Dodds, who is moving to Tennessee. Each girl presented her with a gift and a special cake was enjoyed by all.

### Girl Scout Troop 10—

Troop 10 held their last meeting at Carole Tabor's house. They discussed the girl scout song fest which will be held March 12. Their next meeting will be on March 12 at Elise Wagenschultz' house. They adjourned the meeting to discuss the trip north in the summer.

### Girl Scout Troop 15—

At the last meeting, Barbara Miller, Lynn Mogridge and Karen Johnson were initiated into the troop. Badges were also passed out.

### Girl Scout Troop 17—

Troop 17 practiced some more on the song to be sung at the Girl Scout Round-Up. Singing was directed by Mrs. Jennings, assisted by Mrs. O'Leary. Afterwards games were taught by girls who are working for their badges.

### Girl Scout Troop 19—

At their last meeting, Mrs. Ruth Jerome taught some songs and Miss Hedi Tritthart taught some folk dances. They had the nibble brought by Susan Schafer. The meeting was closed with the friendship circle.

### Brownie Troop 3—

The last meeting of Brownie Troop 3 was held at the Presbyterian church. The girls acted out a play of Sleeping Beauty and then had their treat. They closed the meeting by joining hands in the good-night circle.

NEW OFFICERS were installed Sunday in a joint ceremony conducted by the Benton Parkway Barracks No. 287, Veterans of World War I, and the ladies' auxiliary unit. Pictured about (left to right, seated) are: Ed Brown, quartermaster; Art Carlson, senior vice-commander; Tom Harney, commander; Herb Treadwell, junior vice-commander; and Leo J. Richart, judge advocate. Standing: Earl Hanlon, trustee; Thomas Wheaton, National Aide de Camp; Vinc Sheline, adjutant; Floyd Dolmage, sergeant-at-arms; G. Edwin Slater, national regional vice-commander; and William Insull, guard. Pictured below in the auxiliary unit are: (seated, l. to r.) Mary Harney, treasurer; Agnes Sheline, junior vice-commander; Violet Brown, president; Jean Willgus, senior vice-commander and Bea Carlson, chaplain. Standing: Isabel Lueke, trustee; Irene Treadwell, conductress; Thyra Wickstrom, trustee; Huma Wheaton, deputy president; and Ann Rogers, trustee. The installation was held at the Veterans' Center in Plymouth.

## Adult Camera Club Sees Slide Lecture

An Eastman Kodak tape recorded lecture with 13 enlarged photographs describing subject matter, composition and photographic technique is slated for tonight's meeting of the Northville Adult Camera club.

Several forms of composition will be represented in the varied subject matter—a baby portrait, a still life and a skier in action, for example.

An analysis is made of both good features and faults appearing in the picture, including a discussion of handling of subject matter, lighting, camera angle and violations of rules of composition. Also discussed are paper used, surface, sheen, texture and tint of paper.

Color slide fans are asked to bring four slides which were total failures for discussion and suggestions as to improvement.

Club president Mrs. Robert Deering extends a special invitation to the high school camera club and other camera enthusiasts wishing to attend.

## MORE ABOUT HERBERT KOESTER

— DEMOCRATIC CANDIDATE FOR SUPERVISOR —

Herbert Koester is the former treasurer of the Detroit Committee of Public Employee Groups representing over 40,000 Detroit municipal employees. This committee went all out for a "Vote No" campaign on the sales tax diversion amendment to the State Constitution in 1948.

Detroit was faced with a loss of 25 to 26 millions of dollars per year if the proposal would have been adopted. Public schools, police and fire protection in cities, townships and villages would have suffered. Today we all benefit from the untiring efforts of this committee—after 23 Republican state senators said that 800,000 voters were wrong on a prior amendment.

*Paid Political Ad by the Citizens of Novi for Koester*

## Novi School Board Acts

### Elementary School Being Considered To Handle Growth

The Novi board of education is currently surveying the need for a new elementary school building in the township.

Superintendent William Medlyn said this week that the board is now making preliminary investigations and may have a report sometime next month.

"Due to the relatively rapid growth of the Novi area in the past several years and the contemplated growth resulting from residential and industrial expansion, it appears that additional classroom space will be needed," he said.

Before final decisions can be made, however, the board must await the outcome of its request for expansion of the district by nearly 50 percent, Medlyn indicated. (See separate story).

During recent weeks, he said, the board has studied the following problems:

- expected future enrollment.
- suitable school sites.
- educational specifications of an elementary school building.
- problems relating to bonding.
- long-range building and site needs.
- selection of architects.

"As soon as sufficient data relating our needs are compiled," Medlyn said, "the board will present this information to the people of this district for their consideration and suggestions."

### Novi May Soon Get "Market" Number

The Novi township hall may soon have a "Market" telephone number in addition to its present one.

Board members feel the Walled Lake exchange would make for better fire protection for residents in the Walled Lake area of the township.

In addition, it would put the township's calls to Pontiac on a local basis and save many dollars in long-distance calls.

Supervisor Frazer Staman estimated the cost of a Walled Lake exchange to be about \$42 a month.

### In Willowbrook:

## Association Board To Meet

By Mrs. John Parent — Greenleaf 4-2080

There will be a meeting of the board of directors of the Willowbrook Association at the Novi Community Hall March 12 at 8 p.m.

The Michigan State university Home Extension group will meet at the home of Mrs. John Bauer, 49047 Mooringside drive, next Tuesday at 8 p.m. The leader is Mrs. George Mairs, whose subject will be "Communism, Socialism and Capitalism."

The Democratic club of Novi is having a buffet dinner March 9 at the Novi Community building. Black's in Northville will cater. The main speaker will be Lieut. Gov. Hart. Anyone interested can call Mary Williams, Jim

### Novi Highlights:

## School Busy Planning Fair

By Mrs. Luther Rix — Phone Northville 2741

The Novi School Mother's club and the school faculty will again sponsor the school fair. It will be held Friday, May 10.

The fair has been successful other years because of the full cooperation of the pupils and their parents. The same cooperation will be appreciated this year. Ten percent of the money raised will be reserved to help meet next year's fair expenses. The balance will be used to benefit the school children. The pupils are working on surprise entertainment.

Although each grade has an individual project, the fair is school wide. Since many parents plan to help several rooms the committees would appreciate

Martin, Sylvia Klerkx or Millie DeHayes for tickets.

Elizabeth Ann is the name chosen by the Louis Chismarks for their new little daughter.

Mr. and Mrs. Clayton Graham of Glen Ridge entertained Clifford and Nancy Broderson of Meadowbrook Friday night. Both of the men teach at Farmington high school.

Kathleen McCaffery of East LeBost celebrated her first birthday March 5 at her great grandmother's. (Martha Opalewski) home in Fenton.

Philip and Louise Ranno of McMahon have joined the Forest Lake Country club near Pontiac. (Continued on Page 5)

having you fill out the questionnaire and return it to the school.

If you have any questions or suggestions at anytime, please contact any of the committees or chairmen. General chairman is Mary Louise Taylor, Northville 981-R. Co-chairmen are Florence Slentz, Northville 3045 and Marge F'Geppert, Northville 981-M.

Mr. and Mrs. Hadley Bachert were the Saturday evening dinner guests of Mr. and Mrs. James Frisbie. The occasion was to celebrate the belated birthday of Mrs. Bachert.

Janet Stephens spent the week end at Michigan State university in East Lansing where she attended the basketball game.

(Continued on Page 5)

Annual Meeting Set

The Novi township board has scheduled the annual township meeting for March 30 at 2 p.m. in the Novi Community building.

The board shifted the annual meeting from the township offices to the community building to accommodate all persons who care to attend.

### Hearing Moved Up On Bid To Expand Novi School Area

The Novi school board has succeeded in getting an early hearing on its request for expansion of its district.

The Oakland county school board has set the hearing for March 21, some four months earlier than the original July 18 date.

The county board rescheduled the meeting two weeks ago when Novi superintendent William Medlyn and several other Novi board members appeared at its meeting to protest the date.

Medlyn explained that the original date might have prevented a decision from coming down until after the beginning of the fall term.

"These negotiations take a lot of time in any case, and we believed that it would be best to get an early start on them," he said.

The Novi request would expand the school districts from its present 15 square miles to about 24, though it would involve only some 100 students.

The additional territory would come from the school districts of Farmington, Walled Lake, South Lyon and Farmington. Novi, in turn, would yield a small portion of its area to Farmington.

The expansion, Medlyn has explained, would straighten out the district's irregular boundaries and make them coincide roughly with the township borders.

In addition, the move would give the Novi district jurisdiction over the new Lincoln plant which now is under the Walled Lake and South Lyon districts. It has been estimated that the plant would give some \$150,000 in school taxes annually.

The Novi board feels that the children of most Lincoln workers will attend Novi schools, and that the Novi district therefore should have the tax money coming from the plant.

Involved in the Yerkes Farm subdivision on the Northville-Novi border where the D and R Building company plans to build a 200-home development. The site is currently the center of an annexation suit between the city and township.

The problem for board members was this:

The subdivision was given tentative approval in April, 1955, under a previous zoning code. Since then, lot size requirements have been enlarged under a new code and the subdivision no longer meets them.

A month ago, however, the subdividers asked approval of several plat changes which would increase the size of three lots.

The board then was faced with the unusual situation of being able to give final approval of the old plans even though they did not meet the current zoning code, but possibly not being able to approve revised plans which come closer to meeting the code.

Leonard advised Monday that the board should not grant approval of the new plans.

"Progress in developing the site should have been such that final approval could have been given before the changes in the zoning code were made," he said.

D and R representatives countered by explaining that they themselves had been making continual progress, and that the delay was due to difficulties in getting public utilities — especially sewer and water facilities.

"There has been no stagnation on our part," said one.

Trustee Frank Clark then spoke up in favor of granting the approval.

"I think it's fairly clear that this company has acted in good faith," he said. "The delays have not been their fault. Furthermore, the new plans actually are an improvement on the original plans which we approved two years ago."

Clark motioned for approval, and it was granted unanimously.

Annual Meeting Set

The Novi township board has scheduled the annual township meeting for March 30 at 2 p.m. in the Novi Community building.

The board shifted the annual meeting from the township offices to the community building to accommodate all persons who care to attend.

## Novi Board May Revise Justice of Peace Policy

FIRST DAY AT LINCOLN — The new Lincoln plant in Novi swung its doors open for business this week when some 440 salaried employees reported to the huge new facility. Here, one of the top Lincoln executives, production manager Earl F. Warner, takes his first piece of correspondence at the new plant from secretary Mrs. Lillian Kiss.

Novi township board members and justices of the peace will meet soon to make arrangements for providing secretarial service for the justices and decide what fees should be charged for the service.

In addition, Justice Edmund P. Yerkes may be asked to reimburse the township for some three years of secretarial service.

Meanwhile, Yerkes has revealed that he is now inactive as a justice and has turned his books over to Justice William MacDermid.

The board's decision to look into the secretarial situation came Monday night when attorney Archie Leonard reported that the township's previous practices are "improper."

Specifically, Leonard told the board that:

—the township cannot provide secretarial service for a justice except by an express resolution; otherwise, it is improper.

—the township can receive reimbursement by setting a salary rate and asking for repayment.

—the township must, however, provide dockets for the justices, according to a 1954 state ruling.

The secretarial situation arose last month when treasurer Charles Trickey, Jr. told the board that his own investigations indicated that the Novi policy was "out of line."

Trickey objected to Yerkes having his secretarial work done by the township receptionist, Mrs. Matthew Staman, free of charge. He said the general practice is for justices to provide their own secretaries.

Leonard's report Monday night tended to corroborate Trickey's charges.

No mention was made Monday of the amount of money that might be sought from Yerkes. Trickey indicated in his original charge, however, that it might amount to "several thousand dollars."

Leonard's report prompted board members to decide to look into the entire problem of secretarial service for Novi justices.

Board members agreed it would be best to have the township receptionist serve as secretary and collect traffic fines — primarily for convenience. The question now is how much the justices should pay the township for such service.

Supervisor Frazer Staman spoke out in defense of the past policy, however.

"I imagine Yerkes has lost more money than he has made in the job of justice," he said. "After all, he is a practicing attorney and has had to take time from that job to serve as justice."

Trickey cited Yerkes' earnings from the justice job as \$2,411 for an 11-month period, however. He claimed this should be enough to cover secretarial fees.

Staman replied that there have been years when Yerkes received much less than the \$2,411. (Yerkes has been a Novi justice since 1935.)

In the meantime, Yerkes announced he no longer is acting as a justice and that he has turned the job over to MacDermid, the second Novi justice.

Yerkes said, however, his decision to become inactive was made before he was defeated for re-election in the township primary on February 18. He laid the decision to pressing personal activities.

Speaking of the secretarial service, Yerkes said it was his understanding long ago that the service would be provided free. The policy was never questioned until last month, he added.

Yerkes said, however, that the scope of justice of the peace activities in Novi is getting larger enough that it soon may be necessary for justices to hire their own full-time secretaries.

## Suit Filed against Wixom Vote

Novi township — through two taxpayers — has started court action to invalidate the recent election in which Wixom was incorporated as a village.

Suit was filed in Oakland county circuit court Monday by township attorney Archie Leonard for Lloyd Croft, 50403 14-Mile road, and Vernon Spencer, 51225 Pontiac Trail.

Both complainants are residents of the incorporated Wixom area.

The suit seeks to invalidate the February 5 election on grounds that it was inconclusive in the Novi section of Wixom. That area voted 64-64 for the proposal, but a majority vote in the Commerce side of Wixom carried the issue.

Named as defendant in the suit was the new five-man Wixom charter commission which also was election on February 5.

Herbert Abrams, Wixom postmaster and spokesman for the charter commission, said the group will continue to work on

a charter for the new village. It must be completed within 60 days after the election.

Abrams was confident that the suit would not be successful.

"The statute definitely indicates that the election was legal," he said, "and I can see no grounds for contesting it."

"And so for Novi's claim that

One Less

The Novi township ballot will have one less name on it in the April 1 election.

George Mairs, Republican nominee for highway commissioner, withdrew this week.

Mairs was nominated by a single write-in vote in the February 18 primary.

Novi clerk Hadley Bachert reported that nearly 30 voters registered on the last day of registration Monday. This brings the total to between 2,200 and 2,300, he said.

ENVISIONING A NEW 98-HOME DEVELOPMENT at Beck and 11-Mile roads are Keith Metcalf (left), developer of the project, and Andrew Burgess, former owner of the 40-acre site. Some 45 homes will be constructed this year. The subdivision, known as "Pioneer Meadows," is the largest Novi development in two years.

## Board of Review Now in Session

Novi township taxpayers have tonight and next Monday and Tuesday in which to question their real estate or personal property assessments.

The township board of review will be in session tonight until 8 p.m. and next Monday and Tuesday from 9 a.m. to 4 p.m.

The board held its first two sessions Tuesday and yesterday.

The law requires four sessions to be held, the first coming on the first Tuesday after the first Monday in March. In the first two sessions, assessments can be either raised or lowered, but in the last two they can only be lowered.

The extra session tonight was scheduled to accommodate taxpayers who could not take time off from work during the day.

Sessions are held in township hall.

### Parents to Discuss Junior High Youth Next Tuesday Night

Northville parents next Tuesday will continue to look into the way their children spend their leisure time and how it can be improved.

Occasion for the discussion will be another "Parents Night" meeting at the Northville Community building, scheduled to begin at 8 p.m.

This time the emphasis will be on the junior high student, according to Northville high school principal Elroy V. Ellison. All adults are welcome at the meeting, however, whether they have children or not, he said.

Last Tuesday, some 75 parents met for a similar discussion of high school youth activities.

Under a panel moderated by Dr. Philip Brown, the group looked into problems ranging from "all-night parties" to proper hours for teen-agers.

Dr. Brown noted that, although teen-agers may speak out against parental controls, they psychologically depend on them and need them for security. Contrary to what some persons think, he said, such controls — if sensible and well thought out — do not lead to emotional problems in later life.

One person present commented after the meeting that the discussion overlooked such pressing problems as teen-age drinking, lack of direction in life, and thrill-seeking.

### Freshmen Win Ninth; Have One Left to Go

With never much doubt as to the outcome of the game, the Northville freshmen easily defeated Milford last Wednesday in an impressive 57-30 victory on the home court.

In rolling along to their ninth straight win the freshmen probably played their best game of the year, leading at the half-way mark 36-8.

With the second team playing most of the second half, the team rolled up a 51-23 count at the end of the third period.

Wade Deal, playing in the pivot for the first time this year, was high point man with 16. Jim Patterson and Roger Atchinson, 8 Northville needs a victory over South Lyon this week to have a perfect season.

### Recreation Group Hears Woolweaver

Herbert E. Woolweaver, director of adult recreation and education in Plymouth, was guest of the Northville Recreation committee at its meeting last Saturday morning.

Woolweaver explained the Plymouth recreation program and answered questions posed by the group.

Those present included R. D. Merriam, chairman, Mayor Claude Ely, Richard Kay, Jennette Lawrence and Clayton Myers. Stanley Johnston, Northville recreation director, and John Robertson, city manager, also met with the committee.

The next meeting is scheduled for Saturday, March 16 at 10 a.m., in the Community building.

Why are children's shoes so expensive?

The correct answer to this question amuses some people, angers others and doesn't help the budget a bit. It may save a pair of feet if Mom can use it to convince Dad that shoe prices are not bad.

The real reason that shoes are expensive is because we have to have TWO of them. When we look at a pair of eight dollar shoes we should think of them individually as four dollars each. That is how the manufacturer must look at them when he figures his cost of material and labor.

A single shoe at three, four, or five dollars is a far better value than a hat, a purse or a necktie at the same price. The shoe must withstand grinding on sandstone and yet not blister little feet. It wades through puddles, kicks cans, shinies up trees and comes up smiling with a little polish.

With the exception of glasses nothing that we buy for a child can affect his future happiness as much as the footwear that protects the very foundation of body health.

## 1A—IN MEMORIAM

In loving memory of my daughter, Katherine Morris Duguid, who was called home March 11, 1943.

Sadly missed by her Dad, William Duguid; William G. Duguid, Jr., Stewart B. Duguid and Jack.

In loving memory of a dear husband and dad, Sam Pickard, who left us March 4, 1951. Remembrance is a golden chain that links us till we meet again. Sleep on dearest one, you did your best—

God grant you eternal rest. Ever remembered by his wife and children

## 13—NOTICES

John L. Crandell, Atty. Northville, Michigan. STATE OF MICHIGAN County of Wayne ss. 449,339

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the eighteenth day of February, in the year one thousand nine hundred and fifty-seven.

Present Thomas C. Murphy, Judge of Probate. In the Matter of the Estate of CLARENCE F. SHAFER, Deceased.

An instrument in writing purporting to be the last will and testimony of said deceased having been delivered into the Court for Probate: It is ordered, That the twenty-eighth day of March, next, at ten o'clock in the forenoon at said Court Room be appointed for proving said instrument.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Thomas C. Murphy, Judge of Probate. I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

The City of Northville Ordains:

Section 1. That a certain document, copies of which are on file in the office of the City Clerk of the City of Northville, being marked and designated as "Abridged Building Code, 1955 edition. Building Officials Conference of America, Inc." together with Supplements No. 1 and No. 2, thereto, be and the same is hereby adopted by reference, including all references therein printed except those sections and appendices herein amended or added, and this document, together with the provisions of this ordinance shall be known as the Official Building Code of the City of Northville.

1.1 TERMS  
Whenever in said reference ordinance a municipality is mentioned and no name is given thereof, said municipality shall be construed to mean City of Northville, Michigan.  
Whenever in said reference ordinance a state is mentioned and no name is given, said state shall be construed to mean State of Michigan.

102.6 MINIMUM SIZE OF DWELLING  
No dwelling shall hereafter be erected having a ground area of less than six hundred and twenty-four (624) square feet.

104.01 BOARD OF APPEALS  
There shall be a Board of Appeals consisting of nine members not holding any elective office appointed by the City Council to serve without pay. The members of the Board of Appeals shall be appointed for a term of three years staggered so that three shall be appointed each year and to serve until successors have been duly appointed.

In case of dissatisfaction with any decision of the Inspector of Buildings, except as to dangerous structures and management of the department, an appeal may be made to the Board of Appeals as herein provided, but if no appeal is made, the decision of the Inspector of Buildings shall be final.

All appeals shall be filed in writing with the City Clerk who shall bring said appeal before the Board of Appeals within 30 days after filing of such appeal.

104.5 VIOLATIONS  
It shall be unlawful for any person to erect, use, occupy or maintain any building or structure in violation of any provisions of this code or to cause, permit or suffer any such violation to be committed. Any such person shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than \$100 or by imprisonment for not more than 90 days, or by both fine and imprisonment for each provision of law thus violated. It shall be the responsibility of the offender to abate the violation as expeditiously as possible, and each day that such violation is permitted to continue shall constitute a separate offense.

104.6 FEES  
No permit to begin work for any new construction, alteration, removal, demolition or other building operation or installation of service equipment shall be issued until the fees prescribed herein have been paid to the City of Northville; nor shall any amendment to a permit necessitating an additional fee because of an increase in the estimated cost of the work involved be approved until additional fees shall have been paid.

104.61. SPECIAL FEES  
The payment of the fees for the construction, alteration, removal or demolition and for all work done in connection with or concurrently with the work contemplated by a building permit shall not relieve the applicant or holder of the permit from pay-

ment or other fees that may be prescribed by laws or ordinances for water taps, sewer construction, electrical connections, plumbing permits, erection of signs and display structures, or fees for inspections.

104.62 FEE COMPUTATION

The fee for the building permit shall be based on the estimated cost as determined by the Building Inspector, who shall determine the cost at current standard prices.

104.63 SCHEDULE OF FEES  
104.64 BUILDINGS

Provided, however, that no permit shall be required for minor alterations or repairs to existing structures costing less than \$100.

Estimated cost and fee	
\$500 or less	\$2.50
\$500 to \$1000	\$5.00
Each additional \$1000 or fraction thereof	\$2.00 per \$1000
For Billboards and signs	\$3.00
Wrecking of buildings or structures over 1000 Cu. Ft. capacity	\$5.00
Appeal Fee	\$5.00
104.65 HEATING	
Warm Air — complete plant with ducts	\$5.00
Warm Air — unit and wall heaters	\$3.00
Wet System	\$7.00
Conversion units	\$3.00
Replacement of furnaces and boilers	\$3.00
Space Heater	\$3.00
104.66 STORAGE TANKS	
500 through 1000 gallons — \$3.00 plus \$1.50 for each additional tank inspected at same time.	\$10.00
1001 through 20,000 gallons	\$15.00
20,001 and above gallons	\$15.00

196.91 MOVING OF BUILDING, ETC.

No person, firm or corporation shall move, transport or convey any buildings or other similar bulky or heavy object, including machinery, trucks, trailers, etc., larger in width than fourteen (14) feet, into, across or along any street, alley or other public place in the City of Northville without first obtaining a permit to do so.

106.92 UTILITY CLEARANCES  
Before a permit is issued for moving a building or other similar bulky object, written clearance shall be obtained from the light, telephone, gas and water utilities, stating that all connections have been properly cut off and, where necessary, all obstructions along proposed route of moving will be removed without delaying moving operations. In addition, clearances shall also be obtained from the Superintendent of Public Works, and the Police Department, approving the proposed route through the city streets and the time of moving, together with an estimated cost, to such departments, due to the moving operations.

106.93. DEPOSITS AND BUILDING FEES  
Before a permit to move is issued, the applicant shall deposit with the City the total estimated cost to the various city departments as provided for in Section 106.92 plus a fee of \$50.00. Said deposit shall be used to defray all expenses to the city and any access shall be refunded to the applicant at the end of 30 days from date of moving. In the case where said deposit does not cover said costs, the deficit shall be paid by the applicant.

106.94. INSURANCE  
The applicant for a moving permit shall file with the city a liability insurance policy in the amount of fifty-thousand (\$50,000) dollars for injury to one person and one hundred thousand (\$100,000) dollars for injury to more than one person and property damage insurance in the amount of fifteen thousand (\$15,000) dollars. All policies shall be approved by the City Attorney.

107.1. FIRE DISTRICT SUBDIVISION

To control types of construction based on the inherent fire hazard of use groups of buildings, the municipal authority shall establish fire district limits to include all areas in which congested business, commercial and public assembly uses are housed. Such areas shall be designated as "within the fire limits" and shall be bounded and

described as beginning at the center of Rayson street at a point of intersection with Hutton street and extending westerly along the center of Rayson street to the center of Center street, thence westerly along the property line between lots 563 and 562 of Assessor's Northville Plat No. 6 for a distance of two hundred (200) feet, thence in a southerly direction parallel to and two hundred (200) feet from Center Street to the center of Randolph street. Thence in a northwesterly direction along the center of Randolph street to the center of High street, thence southerly along the center of High street to the center of Dunlap street, thence westerly along the center of Dunlap street to the center of West street, thence

southerly along the center of West street to the center of Cady street, thence in an easterly direction along the center of Cady street to a point of projection of the lot line between lots 278 and 251 of Assessor's Northville Plat No. 3 thence in a southerly direction along the property line between said lot No. 278 and 251 of Assessor's Northville Plat No. 3 to the intersection of the lot line between Lots 251 and 252. Thence in an easterly direction between lots 251 and 252 to the center of Wing street, thence in an easterly direction to a point on the property line between lots 249 and 246, thence in an easterly direction along the northern property line of lot 246 to the northeast corner of lot 246, thence southerly along the property line between lots 246 and 213 to the northern property line of lot 215, thence easterly along the northern property line of lot 215 to the center of Center street. Thence easterly along the property line between lots 164 and 182 to lot 174. Thence in a northerly direction between lots 174 and 164, 165 and 166 to a point one hundred and twenty-five (125) feet south of Cady street, thence in an easterly direction at the said distance of one hundred and twenty-five (125) feet from the southerly boundary of the said Cady street to the center of Church street, thence in a southerly direction along the center of said Church street to the center of Beal street, thence in an easterly direction along the center of said Beal street to the center of Plymouth avenue. Thence in a northerly direction along the center of said Plymouth avenue to the center of Main street, thence in a westerly direction along the center of said Main street to the center of Griswold street. Thence in a northerly direction along the center of said Griswold street for a distance of two hundred (200) feet, thence in a westerly direction at a distance of two hundred (200) feet from the center of said Main street to the center of said Hutton street, thence in a northerly direction along the center of said Hutton street to the point of beginning. Also, included in the fire district are all properties zoned commercial C-1 and C-2, now and in the future.

114.0 HEATING EQUIPMENT, MOUNTING AND INSTALLATION

The provisions of this code are

limited in application to heating appliances fired with solid, liquid or gas fuels in which the products of combustion will result in sustained flue gas temperatures of not more than one thousand (1000) degrees F. under normal operating conditions; or a steam boiler operated at fifty (50) pounds per square inch or less gage pressure; or a steam boiler of not over ten (10) boiler horse power regardless of operation pressure, or any equipment otherwise classified as a medium heat appliance but not larger than one hundred (100) cubic feet in size; and to gas and fuel oil fired heating appliances. The installation of heating appliance which operate at higher temperatures and pressures and industrial and power boilers shall be governed by the Basic Building Code.

114.01. PERMITS  
Permits are required for the installation, alteration, repair, or replacement of all heating units governed by this Code, except that no permit shall be required for ordinary repairs that do not increase the capacity or fire hazard, nor for portable burners not connected to a flue such as oil stoves, heaters and lamps equipped with a wick, the movement of which is essential to flame accepted engineering practice as listed in Appendix B.

Further, this ordinance does not apply to fuel burners used in manufacturing plants, except when used for heating buildings, generating steam or hot water supply; nor is a permit required for the installation of ranges and adjustment, and for such portable equipment as blow torches and soldering pots. All installations shall be installed according to similar appliances not including hot water heaters, but said appliances shall meet all the requirements of this Article for clearance and design.

123.0. VALIDITY  
Should any section, clause or provision of this ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared invalid.

124.0. CONFLICTING PROVISIONS REPEALED  
All ordinances, or parts of ordinances, in conflict with any of the provisions of this ordinance are hereby repealed.

125. WHEN EFFECTIVE  
This ordinance shall be effective ten (10) days after the final enactment thereof.

### New Veterinarian

Dr. Val C. Vangieson announced the opening of veterinarian offices this week at 50496 Pontiac Trail in Wixom.

Dr. Vangieson is a lifelong resident of the area and was graduated in June from Michigan State university. He is married and has two children.

### FALSE PREMISE

A Preacher once gave a simple object lesson that is well worth repeating. He stood before his class with an unbuttoned vest. He began to button his vest by putting the second button into the first button hole and of course he finished with one button left over. He started all over again and came out the same. "What is wrong?" The children replied, "You started out wrong!" Just so when we start out on the wrong premise we cannot possibly finish right. For example, those who believe in the Fatherhood of God (which incidentally is not a scripture founded premise) say, that all will eventually be saved from heaven since God would never permit one of His children to perish in hell. Then they argue, "Would you ever permit one of your children to suffer that way if it were within your power to stop it? Why, of course not! Neither would God." Now that seems like sound reasoning but the trouble is that they started out with the wrong premise. One need not be a theological student to see from the scriptures that there is a hell and that many people will go there. These are not and never have been the children of God. Only those who have their eyes opened and received Christ have the permission to become the Sons of God. (John 1:12).

LOOKING over the site of another new home in the Howard T. Keating subdivision at Nine Mile and Taft roads are Frank T. LaPointe (left), builder, and Kenneth Gipp, area sales manager for the Keating company. LaPointe will construct a new tri-level model this spring. Gipp stated that accelerated construction would begin this spring in the 155-lot subdivision.

### Obituaries

#### MRS. FRANK GEPPERT

Mrs. Frank Geppert, nee Mae Starkweather, formerly of Northville, passed away Sunday at the Mt. Carmel hospital at the age of 77. Mrs. Geppert was born in Northville in 1879 to Mr. and Mrs. I. N. Starkweather. She is survived by a daughter, Mrs. Stanley Rook of Detroit; two grandchildren and four great-grandchildren. The funeral was held Wednesday at the McNeeley Funeral Home and interment was in Rural Hill cemetery. For the last few years Mrs. Geppert had lived in Detroit and Ft. Lauderdale, Florida.

#### PERCY LYNN HAZLETT

Funeral services were held last Friday for Mr. Hazlett, who died February 27 at St. Joseph's hospital in Ann Arbor. He had been ill for several years. He was born June 30, 1892 to Samuel and Myra Hazlett in Petersburg, Michigan. He lived in Northville for 21 years, and was a plant protection man at the Waterford plant of the Ford Motor company. He is survived by his wife, Beatrice; sons, Robert, Lynn, David and Jerome; daughters, Mrs. Rudy (Vivian) Raul, of Los Angeles, California; Mrs. Wuttie (Ruth) Marroni of Northville and Mrs. John (Norma) Stoddard. Also surviving are a sister, Mrs. Minnie Albright of Toledo, and brothers, Menle of Toledo, and Joseph of Milan. Several grandchildren also survive. Services were held at the Casteline Funeral Home, Rev. Ivan Hodgson officiating. Burial was in London cemetery, Milan.

officiating. Burial was in London cemetery, Milan.

#### IDA MAE GILTNER

Mrs. Giltner, who lived at 321 Randolph, died March 1 at Sessions hospital. She had been ill since January 9. Born November 18, 1872 at Michigan City, Indiana, she was the daughter of David and Alice Beightel. Her husband, Paris B. Giltner, preceded her in death on October 15, 1923. Surviving are a daughter, Miss Katherine Giltner; a son, Paris B. of Traverse City; three grandchildren and five great-grandchildren. Also surviving are sisters, Mrs. Cora Laurence of Bell, California, Mrs. Jessie Gentry of Moravia, California; Mrs. Bertha Roberts of Seattle, Washington; Mrs. Viola Burbon of North Platte, Nebraska and Mrs. Pearl Warner of Sidney, Nebraska. Mrs. Giltner had lived in Northville for eight years. The body lay in state at the Casteline Funeral Home until last Sunday, when it was taken to the Caskey Funeral Home in Stockbridge, Michigan for service. First Methodist church officiated. Burial was in Oak Lawn cemetery, Stockbridge.

### Two Drivers Fined

For racing automobiles on city streets, two drivers were brought before Judge E. M. Bogart last week.

Victor A. Miller, 18, of 46018 Bloomerest drive, and Robert L. Allen, 21777 Negaunee, Detroit, pleaded guilty and were fined \$25 each.

### Stamp Program Ends

The Plymouth Community Stamp corporation has announced the termination of its saving stamp program.

The plan will terminate March 16 when member stores will discontinue giving stamps. Filled and partially filled books will be honored until June 16. At one time 39 stores in Plymouth issued the stamp with purchases.

### Episcopal Mission

The Episcopal Diocese of Michigan is surveying the Novi area in order to begin a new church if enough persons are interested. Ralph W. Parks, arch deacon of the diocese will call on all interested parties. All persons unaffiliated with any church will be made welcome.

### Youngsters Invited To Get Lowdown On Little League

Young fellows between 8 and 12 who feel like playing baseball this summer had better talk their folks into going to a meeting next Thursday.

That's when they and anyone else who is interested will get the low-down on the latest plans for a "Little League" in Novi. The meeting, postponed from this Saturday, will begin at 7 p.m. in the Novi school.

On the docket for the meeting are election of officers, establishment of boundaries, review of committee reports, and drawing up of a league constitution.

Some 91 boys already have indicated that they would like a little league in Novi, according to a poll at Novi school last week.

Natural GAS  
YOUR SILENT SERVANT

## Gas Water Heaters Heat Water Faster

National sales records show an overwhelming preference for automatic gas water heaters over any other run by an all-automatic fuel. Gas does a better job—actually replaces water 3 times faster.

An ample supply of hot water, once a luxury that only the wealthy could afford, is a necessity of modern living.

More than 75 manufacturers make gas heaters. You can find every type of construction, every sort of tank lining, every product advantage you can think of—in gas.

More than 17 and a half million families use gas water heaters. They can testify that gas heaters cost less to buy, use and install.

Only GAS does so much, so well... the modern fuel for automatic cooking... refrigeration... water-heating... house-heating... air conditioning... clothes-drying... incineration.

CONSUMERS POWER COMPANY

## Top Senior Scholars Chosen

Top scholastic honors in the Northville high school class of '57 are being claimed this year by Phyllis Buoniconto and Janice Howarth, named this week as valedictorian and salutatorian of the senior class.

Phyllis Buoniconto

They stand first and second in scholarship, and will be student speakers at commencement exercises in June.

Phyllis, a relative newcomer to Northville, moved here with her family from Georgetown, Dela-

Janice Howarth

ware two years ago. The daughter of Dr. and Mrs. P. A. Buoniconto of Sheldon road, she hopes to enter Purdue university next fall to study engineering.

While in NHS, Phyllis has proved that she is also an activity-minded gal—taking part in forensics, debate, Pep club and choir. She also wrote for "Mustang Hoof Prints", and is a member of the "Palladium" staff.

A native Northville girl, Janice was born and raised here. She's the fourth member of the family to graduate from NHS—preceded by two brothers and a sister. She is the daughter of Mr. and Mrs. James Howarth of East Seven Mile road.

Janice also found time to be in activities and keep up her studies—she served as first "lady" president of the Senior Student Council, a member of the Future Teachers Association and the Girls' Athletic League, and played in the band. She plans to major in elementary education at Taylor university in Indiana.

## Changes Sought in Scholarship Program

Northville high school principal Elroy V. Ellison was in East Lansing earlier this week to work on changing the present set-up for granting scholarships to high school students.

Ellison attended the conference of the Joint Committee of High School and College Relationships Monday and Tuesday at Kellogg Center on the Michigan State campus.

As chairman of the scholarship division committee, Ellison helped draw up details of a program that would make a definite distinction between actual scholarships and grants-in-aid.

"Too often," Ellison said, "so-called 'scholarships' are given to needy students rather than students who actually have the best grades. Our committee wants these funds for needy students to be called 'grants-in-aid' to distinguish them from scholarships granted for outstanding work."

Ellison explained, however, that the program would not take funds away from the needy student. Instead, it would merely change the name of the assistance.

"What we are trying to avoid,"

he said, "is the case in which the second-highest student in a class cannot get a scholarship because his father is well-off, and where the money instead goes as a 'scholarship' to the tenth-ranked student because he needs it more."

"This destroys the real significance of a scholarship," Ellison added, "and takes away some of the incentive for doing good work in school."

"It would be better if scholarships were only for superior students, and grants-in-aid were only for needy students."

Ellison added that his com-

mittee has recommended that high schools, if they follow this program, should reveal only the names of scholarship winners. Recipients of grants-in-aid would be kept anonymous to avoid possible embarrassment.

Ellison said the program already has gained the support of University of Michigan officials.

The joint committee, consisting of five sub-committees, includes both high school principals and college registrars in Michigan. Between them, they attempt to work out problems having to do with the transition from high school to college.

Co-chairmen are William Slaby, of Wayne State University, and Everett Ayres, principal of Walled Lake high school.

## Delta Phi Initiates Northville Student

A Rutgers university student from Northville was among 340 undergraduates initiated into 25 fraternities during the eighth annual Greek Week at the university.

He is John Clarke, 720 Fair-

brook, a member of Delta Phi. Greek Week, which was inaugurated with a traditional candle-light ceremony in Kirkpatrick Chapel, included a variety show, a pledge basketball tournament and "Help Days" when pledges aided local civic organizations.

An interfraternity banquet at which State Senator Frank W. Shershin was the featured speaker, closed the week's activities.

## The Northville Record

SECOND OLDEST NEWSPAPER IN WAYNE COUNTY—EST 1868—

Thursday, March 7, 1957

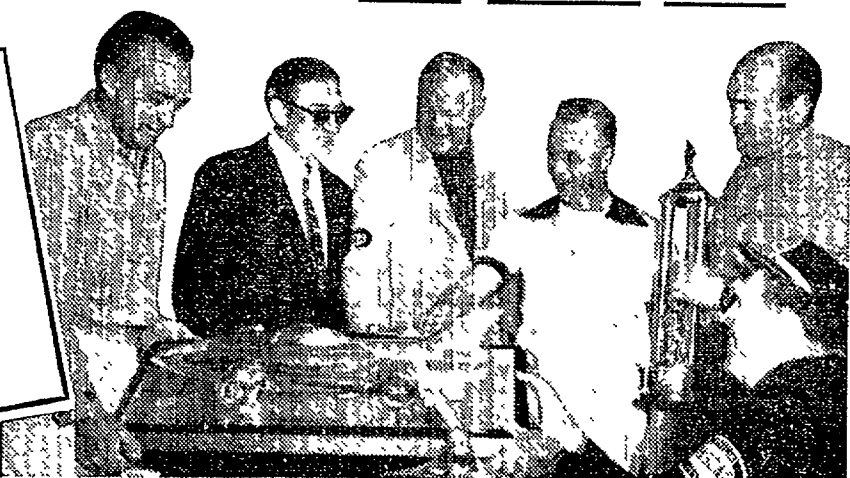

FIRE FIGHTERS — Three Northville science students demonstrate the home fire extinguishers which they and their classmates are selling this month to sponsor a trip to Chicago science museums in April. The classes plan to canvass all of Northville in their drive. Left to right are Vic Miller, Mary Welch and Bill Young, all students in the science classes of LaGene Quay.

# NASCAR'S TOP AWARD GOES TO PONTIAC!

Undisputed Grand National Champ Over  
All Stock Cars Regardless of Size-Power-Price!

NOW IT'S OFFICIAL  
Pontiac is America's  
Number 1 Road Car!  
NUMBER 1 IN PERFORMANCE!  
NUMBER 1 IN ROADABILITY!  
NUMBER 1 IN HANDLING!  
NUMBER 1 IN SAFETY!

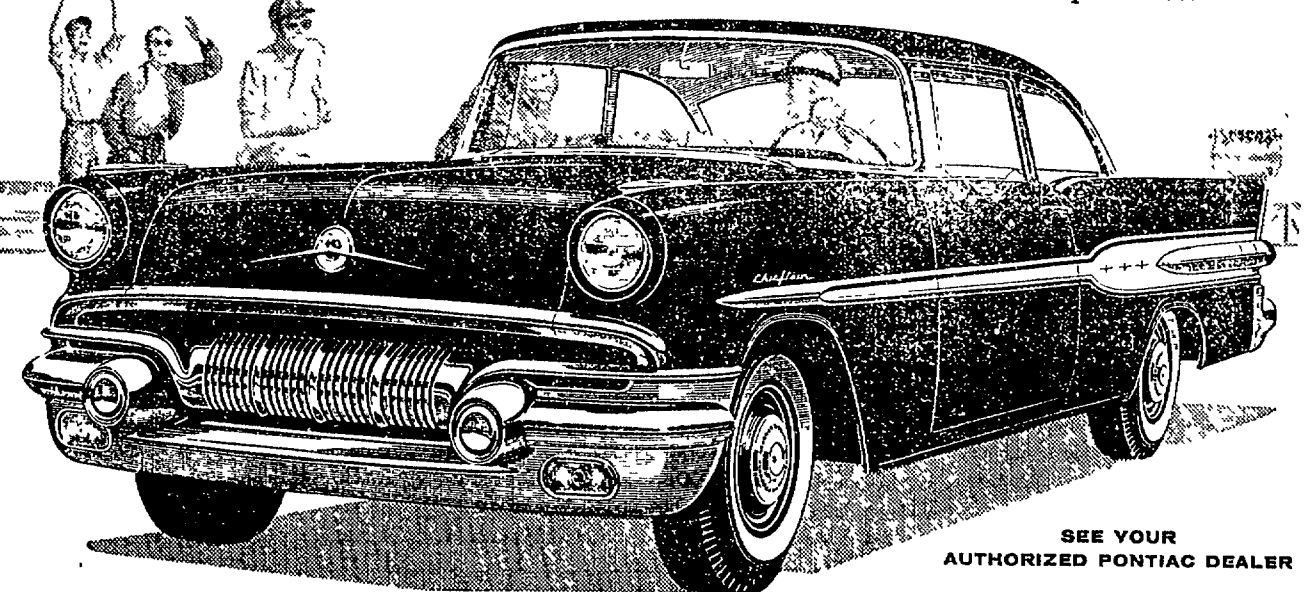

IT'S OFFICIAL! Pontiac wins the NASCAR trophy, plus the Harley I. Earl and Sports Illustrated Awards at Daytona! Left to right: Ray Nichols, Pontiac engineering chief; S. E. Knudsen, Pontiac General Manager and General Motors Vice-President; Harley I. Earl, G. M. Vice-President and Styling Director; Cotton Owens, winning driver in the Grand National 160 mile unlimited event; Mike Wootman, Executive Vice-President of NASCAR; Bill France, President of NASCAR.

There is only one Grand National—and there can be only one winner! The best America has to offer are entered in this event—known for years as the "granddaddy" of all stock car racing. It's the supreme test of handling, ruggedness, safety, power and over-all performance—and Pontiac took them all hands down and broke a track record to boot! So meet the new champ—a strictly production

model Pontiac Chieftain with a 317 h.p. Strato-Streak V-8 and introducing new Tri-Power Carburetion, optional at extra cost on any Pontiac model.

It's America's newest power advance—and Pontiac's alone at a price so low! See your Pontiac dealer and learn how you can drive a Pontiac—America's Number One Road Car—at prices starting below 30 models of the low-price three!

## Cager of the Week

"CAP" PETHERS — One of the finest athletes ever to wear the Northville colors, Pethers missed all but 75 seconds of the 1956-57 basketball season because of a broken leg suffered in football last fall. At 6' 5" and 205 pounds, Pethers would have been a regular on the Mustang cage squad. Fortunately for Northville fans, he is a junior and will be back next year. Pethers is the son of Mr. and Mrs. Clayton Pethers, 542 Carpenter.

# Plenty of hot water with DETROIT EDISON'S NEW ELECTRIC WATER-HEATING SERVICE

Bath time is fun time with lots of hot water

1957 electric water heaters, built to Edison's rigid specifications, give you all the hot water you want!

Now Detroit Edison has joined with leading electric water heater manufacturers to bring you the most advanced electric water heating method at down-to-earth cost. With Edison's new Super-Supply Plan you get much more hot water than ever before for only pennies a day. No waiting for water to heat. No hot water shortages.

#### How Does It Work?

New 1957 electric water heaters are built to give you large quantities of piping hot water automatically. Each tank has two elements—one near the top, one near the bottom—with greatly increased watt-

ages. In fact, because they are designed to supply hotter water faster, you can get more than twice the supply from the same size tank. And operation is, of course, completely automatic.

#### What Is Edison's Super-Supply Plan?

To make these 1957 electric water heaters more economical, Edison is offering a new plan. The new Super-Supply Plan provides much more hot water than ever before, at a surprisingly low flat-rate charge. This means you have plenty of hot, hot water on tap all of the time to meet all of your family's needs.

#### Why Buy an Electric Water Heater?

Electric water heaters are the safest water heaters ever built. And these new models offer other advantages, too. There's no soot to clog heaters. No flues to limit where the heater must be installed. Put your new electric water heater where you want it, even in the kitchen or utility room. There's no flame to worry about. No odor from fumes. And insulation makes them cool, and they're noiseless. You can put your confidence in an electric heater built to Edison's rigid specifications for years of trouble-free operation.

With an electric water heater you have another job done better, electrically.

SEE THEM AT YOUR DEALER'S,

## Blue Ribbons Won, Joie Takes a Rest

Northville's "Joie of Hunter-haven" sent home a bundle of blue ribbons last week.

The Brittany spaniel has been making a big name for himself in recent shows on the eastern seaboard, and now is taking a two-month vacation.

According to his owners, Mr. and Mrs. Earl Chappell, 816 North Center, Joie has come up with the following ribbons:

—best of breed, best of winners and first prize at Hartford, Connecticut.

—best of winners, best of opposite sex, and first prize, New Haven, Connecticut.

—best of winners, Westminster, New York City.

Joie, a field champion, now has four points of the 15 needed for his show championship. Mrs. Chappell expects he will have won the championship by the time he returns to Northville in June.

Meanwhile, Joie is getting a trimming and resting up in preparation for another series of shows in May. The spaniel is handled by Mrs. Dorothy Morehouse of New Hampshire.

# Mustangs Come Through for Share of Title

## But Lakers Put Up Fight Before Folding in Finale

The Northville Mustangs have added another statuette to their trophy case, but for awhile Friday night it looked like a game West Bloomfield squad might thwart Northville's title hopes.

The Mustangs finally came through, however, and dumped the Lakers, 71-51, to take a share of the Wayne-Oakland championship in the final game of the regular season.

Northville thus joins with Clarkston as champions of the league for 1957.

The scrappy West Bloomfield squad, which won only one game all season and finished in the W-O cellar, looked more like champions than doormats for most of the game. Only in the last quarter did the Lakers fade before the Northville attack.

West Bloomfield led 21-15 at the first quarter, was tied 35-35 at the half, and led again 45-43 at the third quarter.

But Northville put on a blistering fourth period drive, outscoring West Bloomfield 28-6, and walked away with the contest.

West Bloomfield had figured to be the softest touch of the season for Northville. In 15 games, the Lakers had never cracked the 60-point mark and had reached 50 points only three times. And in their previous meeting, Northville had overwhelmed West Bloomfield, 78-47.

But the Lakers were upset-minded Friday night and lost no time showing it. Paced by flashy guard John Lucadam, the Keego team took complete control of the first quarter and thwarted every Northville surge in its tracks.

Theoretically, the Lakers could have reached 84 points if they had maintained their first-quarter pace. Even at the half, they had a 70-point effort going.

Northville was hapless in the first quarter, but put on a strong 20-point drive of their own in the second quarter. With forward Dick Biery acting as almost a one-man team, the Mustangs tied the count with one second left on the clock.

Even so, Northville's 53 percent second-quarter showing was matched by the still-hot Lakers. Both teams played a waiting game in the third quarter, scoring only 18 points between them.

But in the final period, Northville went to town. Forward Jeff Goodrich hit for three buckets, guard Mac Burns did the same, and guard Bud Bell consistently bottled up the firing West Bloomfield team.

An indication of Northville's supremacy in the final period is shown by game statistics: the Mustangs scored 28 points in that quarter, yet this represented only 35 percent of their shots. All told, Northville had nearly as many shots (31) in the final quarter as they did in the first three quarters (38).

West Bloomfield was hampered seriously in that period by the loss of playmaking Lucadam and forward John Hollister on fouls. Big Ralph Gordhammer hung on with four fouls, but lost his effectiveness toward the end of the contest.

Four Mustangs hit in double figures, as Northville put on one of its best team victories of the season. Biery and center Bill Yahne each had 19, while Goodrich put in 12 and Bell had 10.

Northville's first period blues were brought on partially by the loss of Goodrich, who picked up three fouls in the early minutes and spent much of the first quarter on the bench. But the big forward came back on to play the entire second half without a foul.

Between Goodrich and Yahne, the Mustangs were able to bottle up West Bloomfield's Gordhammer, during the second half, though the lanky center managed to pace the Lakers with 15 points.

## Johnston Hit the W-O Nail on the Head

The 1957 Wayne-Oakland league basketball season is history now, and the final standings show that Northville coach Stan Johnston was almost as successful a prophet as he was a coach.

Back in November Johnston scanned the league and made a prediction that three teams would be the ones to beat for the 1957 title: Clarkston, Brighton and Milford.

As it turned out, Clarkston tied with Northville for first place and Brighton deadlocked with Holly for third.

Milford was far behind, however. But Johnston had good reason in November to figure the Redskins as contenders, for they had been the team that had edged out Northville last year for the title.

Northville improved on its second-place rating of last year, though its 10-2 league record was duplicated. In the season's record, however, the Mustangs ended up with 12-3 as opposed to 12-5 last year.

The final night of league play Friday night produced one upset and one close call.

Milford rounded out an otherwise dismal season by clipping an off-again-on-again Brighton squad, 80-70. Milford had won only three other games this season, beating Clarenceville twice and West Bloomfield.

The close call came in Northville's own game, when West

Bloomfield played over its heads for three quarters of the contest and then rolled over and played dead in the final period. At game's end, Northville had a solid 71-51 triumph.

In the final Wayne-Oakland game Friday night, Holly squeezed past Clarenceville, 78-70, to gain a third place tie with Brighton. The loss put Clarenceville in sixth place in the league, a humble end to a season which began with the Trojans winning their first four games.

Clarkston completed its season two weeks ago when it won a share of the title by dropping Holly, 65-51.

### W. Bloomfield

**HUNG UP** — Northville center Bill Yahne looks longingly at the basket but West Bloomfield's Ralph Gordhammer sees to it that the ball stays where it is. The big Laker center's method was slightly unorthodox, but effective. Yahne had his chance from the free throw line a few seconds later, however.

## Colts End Season With 10-5 Mark

The Northville Colts failed to sink a field goal in the last quarter, but nevertheless came off with a 45-32 win over the West Bloomfield junior varsity Friday night.

The win gave the Colts a season's record of 10-5, one of the best ever compiled by a Northville JV squad.

Coach Al Jones' team got off to a quick 14-7 first quarter lead and fattened it to 31-14 at the half. After going ahead 43-23 at the three-quarter mark, the Colts suddenly stopped in their tracks. Except for two free throws by Dennis Fallon, they tallied not a bucket.

The Colts' two stalwarts, Bob Starnes and Fred Schwarze, again paced their teammates. Starnes had 16 points, and Schwarze, 10. During the season, the Colts defeated every team at least once except Plymouth—against which they played only one game.

**Church Women Plan Thrift Shop**

The annual Thrift Shop of the Women's Association of the First Presbyterian church will begin March 9 at 103 South Center street (India House).

Belle McColl, chairman, and co-chairmen Mrs. James Cowie (1387) and Mrs. M. J. Multop (613) will arrange for pick-up of contributions. The committee will be on hand in advance of the opening Thursday, March 7 from 9 a.m. to 6 p.m. and Friday, March 8 from 9 a.m. until noon for receiving donations.

The Thrift Shop will continue for two weeks; ending Saturday, March 23. It will be open each day from 10 a.m. to 6 p.m. except Fridays and Saturdays when closing time will be 9 p.m.

## from the PASTOR'S STUDY

By the Rev. B. J. Pankow, Pastor  
St. Paul's Lutheran Church of Northville

### "Tell Me That Story Once More!"

When the first missionaries came to Greenland with the message of the cross, it is reported that they met stubborn resistance. The Eskimos mocked the preaching of the Christian workers, destroyed their food, and poisoned their dogs. Much as these ambassadors of Christ might plead, the natives answered only with sarcastic replies and blasphemous taunts. Hardly one real convert was made in 17 years of heroic, persevering effort.

But then—something happened by which this frozen indifference began to thaw. One day Missionary Beck was telling a group of Eskimos the story of Christ's suffering in Gethsemane, describing the agony that almost broke the Savior's heart, when suddenly one of the natives, who up to this time had not heard one word from the Bible, cried out: "Oh, what was that? Tell me that story once more. I, too, want to be saved!" Never before had an Eskimo on Greenland spoken words like these.

With tear-filled eyes the missionary repeated the whole Passion story, starting with Christ's suffering in Gethsemane and ending with His death on the cross. That message touched the Eskimo's heart; and after careful instruction this man was baptized. Before long his wife and children were likewise converted.

"Tell me that story once more!" The account of Christ's suffering for man's sin cannot be repeated too often. It is the essence of the Gospel. It is the only means that can draw man close to God. What a responsibility Christian pastors and lay people have to bring this message to the world. Christ permits the earth to stand only because He wants this message to be proclaimed. A church has a right to exist only as long as it remains faithful to Christ's charge of making known His saving Gospel.

"Tell me that story once more!" It will be told again during the present Lenten season. It is a story of hope, of life, of salvation. It is the story that can change our life's story and spell our eternal happiness.

*I love to tell the story;  
'Tis pleasant to repeat,  
What seems each time I tell it,  
More wonderfully sweet.*

*I love to tell the story;  
For some have never heard  
The message of salvation  
From God's own holy Word.*

## Church Announces Lenten Services

The Rev. B. J. Pankow of St. Paul's Lutheran church, High and Elm streets, Northville, has announced his sermon topics for the special week day Lenten services.

The themes of his addresses are as follows: Wednesday, March 13, 7:30 p.m., "Jesus Meets His Captors"; Wednesday, March 20, 7:30 p.m., "Jesus, the Holy One of God, and the Frivolous World"; Wednesday, March 27, 7:30 p.m., "The Dream of Pilate's Wife"; Wednesday, April 3, 7:30 p.m., "Jesus, the Lamb of God, Carrying His Cross to Calvary"; Wednesday, April 10, 7:30 p.m., "The Supernatural Signs at the Death of Christ"; Maundy Thursday, April 18, 7:30 p.m., "From Our Lord Let Us Learn to Serve One Another."

Good Friday, April 19, 1:30 p.m., "The Great Sufferer on Gogotha".

This year the evening services begin a half-hour earlier than in past years. There will be no Wednesday service during Holy Week. The public is cordially invited to these special services.

### Goodwill Pickup Scheduled Tuesday

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for next Tuesday. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards. To arrange for pick-up, call Miss Edith Sorenson, Northville 571.

News of Northville High School

## "Mustang" Awards Presented

### Oratorical Contest Saturday Offers Four Scholarships

Zone judgments in the National High School Oratorical contest will be held at Northville high school this Saturday.

The judgments will include winners from four district contests, and the winner Saturday will go on to the state contest in Ypsilanti March 15.

Sponsored by the American Legion, the contest will begin at 1 p.m. and is open to the public, according to Legion department vice-commander Oscar Hammond.

The state winner will receive \$250 and will go on to a regional contest. If successful, he or she will then go on to compete in a

sectional contest and possibly the national contest in Maine April 15.

The national winner will receive a \$4,000 scholarship, with scholarships of \$2,500, \$1,000 and \$500 going to the three runners-up.

The contest was first sponsored by the American Legion in 1938 with some 4,000 students participating. Since then, it has grown so large that more than 340,000 students from 47 states and Alaska participated in the eliminations last year.

The contest Saturday will be the first zone judging ever held in Northville.

The regular Pep meeting at Northville high last Friday was something of an original idea. Elsa Couse, a member of the Pep club, announced that the meeting would be patterned after the recent Academy and Emmy Award nominations, with the difference being that these were Mustang awards.

Various awards were given to each basketball player on the basis of a movie title, the name of a TV program, a stage play title, or a popular tune which seemed appropriate to him. For instance, Bud Bell was given an award for "his famous portrayal of 'The Great Pretender'" because of his talent for faking in a basketball game. Jeff Goodrich was given an award for his role in "Giant". All the other team players were given similar awards based on their particular outstanding traits.

Al Jones, school athletic director, was given an award for being the "best director", and Stan Johnston, team coach, was awarded the "best producer" Oscar. "Best supporting actress" was Miss Patricia Dorian, sponsor of the Pep club and cheerleading coach. Last, but not least, the whole team was given an award for the "best production of 'The Pajama Game'", in honor of their new, rather baggy warm-up uniforms.

### Reading Contest Attracts 20 Students

About 20 Northville high school students are busy working to prepare their selections for the interpretive reading presentation to be held this evening (Thursday) in the study hall.

The contest will be under the direction of Miss Florence Panattoni. The declamation contest, under the direction of Alvin Skow, will be held at 3:30 p.m. today.

The Michigan Memorial-Phoenix project takes its name from the mythical bird which was created anew from the ashes of its past.

"ONE FOOT IN HEAVEN" is the title of their play, and juniors Bill Yahne, Priscilla Hilton, Gary Wakenhut, Lillian Zinnecker and Elsa Couse are hard at work practicing and rehearsing. Alvin Skow, director, says that the play is "shaping up" very well and will be ready to present some time in April.

### Three Teams Tie In GAL Tournament

The G.A.L. has been busy during the past few weeks ordering their pins and competing in the basketball tournaments. Three teams are tied for first place.

The initiation of new members has been changed this year. Now, all the active members are allowed to initiate new girls instead of the board members alone.

A banquet was given by the Business and Professional Women's club recently to which all the members of G.A.L. were invited. This took place Monday, February 25 in the Presbyterian church of Northville. They served dinner, after which they heard a talk from a woman speaker who had just returned from an eight months tour of the world. She also showed the girls colorful costumes from the countries she had visited.

### Exchange Day Proves Profitable

Student Exchange day came three weeks ago for the Student Council members of Brighton. They visited our school to view the school curriculum and the functions of our Senior Student Council. A week later Northville sent some of its council members to Bloomfield Hills high school where they had the same opportunity.

This student exchange has been going on between Northville and neighboring schools for many years. Its purpose is to promote a better relationship between the schools and the students. Each year the League Student Council, which is composed of all the schools in our league, selects a school they would like to visit.

After the exchange, the students report back to their own councils about improvements that can be made in their school procedure and of improvements necessary in our school as compared to theirs.

There are no secrets better kept than the secrets that everybody guesses.

—George Bernard Shaw

### High School Girls Attend Good Grooming Assembly

Last Thursday, the girls of Northville high attended an assembly on good grooming presented by Mrs. Marie Kennedy, of Hudson's Youth Department. Mrs. Kennedy compared good grooming procedures to wrapping a gift package, and illustrated her point by showing boxes wrapped in various ways.

Some of the packages were done up in gaudy, clashing colors,

some in plain, uninteresting paper, and others in attractive wrappings decorated with becoming ribbons. This, Mrs. Kennedy maintained, was to parallel the grooming of the girls of today by demonstrating how much more attractive a young woman can be by showing up her best qualities to advantage and minimizing her faults.

She began her talk to the girls by pointing out the basic elements of good health and beauty care. She also gave the girls helpful hints on choosing clothes and accessories, discovering correct hair styles and how to gain poise and confidence through proper grooming.

Virginia Sutton and Beverly Angell, both seniors, assisted Mrs. Kennedy by modeling a few stylish outfits while she explained her suggestions concerning clothing and accessories.

### New Books Include Sports, Adventure

For people that like sports stories and easy reading there is "Rebound" by R. G. Emery. This story is a well paced sequel to "Warren of West Point". This story is about Larry Warren and his academy career. Taller than others, he feels conspicuous among his classmates. Although his height is advantageous on the basketball court, Larry winces at even the friendliest jibe and lets a sense of inferiority lead him into trouble.

How he acts when he hits bottom and how he fights his way up again to reach a new level of accomplishment and behavior are the ingredients of this story set against the excitement of West Point and the basketball court. "High, Wide and Handsome" by Hal Borland is a story for older readers. It is about pioneering days on the treeless high prairies of eastern Colorado about 1900-1915. Woven from the memories of the childhood, it brings to life the people, the setting and the wild creatures of one of the last frontiers of the homestead era.

### Students See Second Production

Three busloads of Northville English and speech students traveled to Detroit last week to see the musical comedy, "Fanny", the second production they've seen this semester.

Directing the trip was Clarence Mason, English teacher.

# A Day With Cass Hoffman -- Candidate for Council

C. A. Hoffman

## By Way of Introduction

The story I want to tell on this page regarding my candidacy necessitates the inevitable history or background information.

To begin with, I was born August 23, 1927, in Livonia, where 23 of my 29 years kept me within nine miles of Northville. The last six years has found my home at 132 West Cady just a stone's throw from the city hall.

As for education, my elementary schooling was obtained at the Rosedale Gardens Public School. My high school work was taken at nearby Plymouth where I had the honor and privilege of holding the class presidency three of my four years. Between the years of 1947 and 1951 I attended Alma College, a small, friendly Presbyterian College from which I received a B.A. degree with majors in Business Administration and Economics. In addition to membership in the usual college organizations, I twice captained our college baseball team and received the honor of being voted into "Who's Who Among Students in American Universities and Colleges."

Prior to attending Alma College, I spent approximately one year in the army, most of which found me located in Osaka, Japan. In addition, I completed a three year enlistment in the active U.S. Army Reserves in Military Intelligence—specifically the CIC (Counter-Intelligence Corps).

I am presently a member of the local VFW Post 4012 and an officer of the Northville Driving Club.

Before starting my last year in college, I was employed by the Shelden Land Company and since graduating have entered my fourth year with them. My work is somewhat diversified in that it carries me into all aspects of our business—land development, home building and sales.

For those of you who do not know them, the two most wonderful people in the world reside with me at 132 West Cady. My wife, Betty, and my four-year-old daughter, Pattie.

## Parking Requires Cooperation

One of the problems that continue to confront our city and is of particular interest to our local merchants is the lack of parking facilities. Future parking may be pretty well governed by the availability of locations as well as the cost. To my knowledge, parking costs and expenses have been paid from the general fund in the past. Unless circumstances should require changing, the cost of additional parking facilities should continue when possible to come from the general fund.

It appears to be the best method as long as our business district remains concentrated in a small area whereby any individual can park in a parking spot and walk to most any store, office or business establishment. Inasmuch as our business area remains confined, new or additional uptown parking is to the benefit of everyone and not particularly any one merchant or group of merchants. Such would not be the case in larger cities with business districts spread out. As the size of our city presents special problems so must our approach and solution be somewhat different than generally found in large cities.

## Health Officer Needed by City

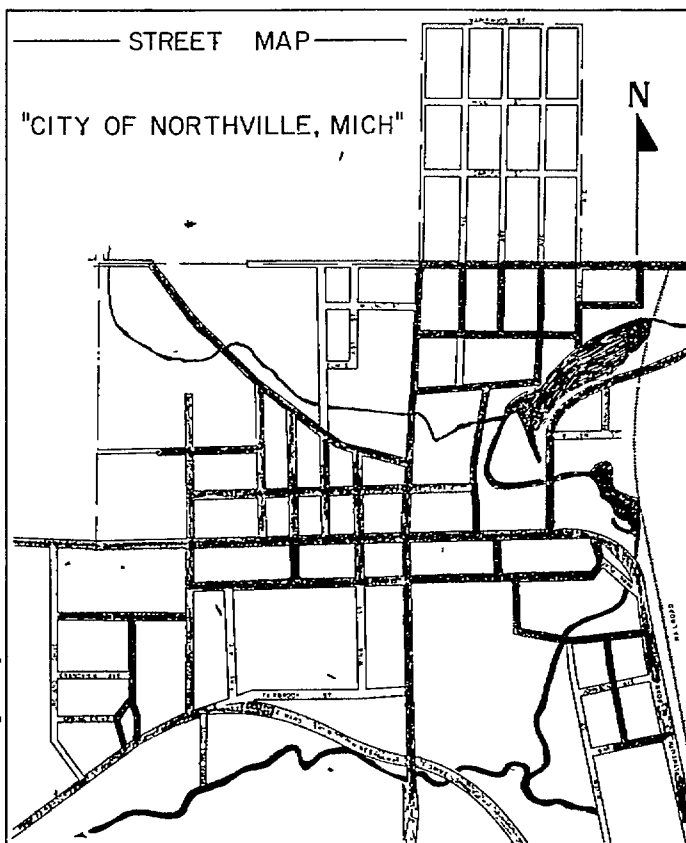

The resignation of Dr. Chabut as health officer some time ago brings to light something that deserves new consideration—our OWN Health Department. Recently, Detroit and the Metropolitan area witnessed a diphtheria epidemic that had everyone hurrying their children to doctors for the necessary immunization shots. If that epidemic would have hit Northville as it did other areas—who would have headed the drive to curtail the spreading of it? We would have been faced with contacting an outsider—probably from the county.

Another thought in favor of our own Health Officer is this. Presently, the business establishments (such as restaurants, etc.) are inspected by county Health Officers. With all due respect to county inspectors, who are very capable, their recommendations in one instance could be considered inconsistent. In such instances, our own Health Officer would be in a wonderful position having to make certain that recommendations requested by inspectors are not only reasonable but justifiable.

## To The Citizens

On this page you will find one way I have chosen to present myself as candidate for city council. The written articles along with the pictures help to express some of my thoughts and ideas which I feel could benefit to a large degree the pleasant city in which we live. I hope that it provides each of you with sufficient information to win your support and merit your vote on April 1st.

Signed—  
C. A. Hoffman  
Candidate for Council  
City of Northville

The picture showing a map of Northville presents quite clearly the number of streets within our city that are not paved or blacktopped. Even though a relatively small portion of street paving can be done each year it may be worthwhile to set up a LONG RANGE PLAN indicating approximately how much paving can be done each year and possibly what streets should be paved first.

Serious consideration would have to be given as to how much money could be set aside each year in the budget for paving purposes, but once determined, the goal of all streets being paved would be in sight. Although there are obstacles, such as changing costs, etc., they don't create a problem that would warrant not planning on a long range basis.

It's difficult to undertake many of these improvements all at once due to limited funds; however, our present city officials certainly deserve credit for the progress made thus far. Even though many of our streets are paved, I feel it would be a welcomed program by the citizens presently living on unpaved streets to know that planning is being done that will bring paved streets to them, also.

(I would like to express my sincere gratitude to the Northville citizen who gave so freely of her time and effort in providing me with the above map.)

## Water and Sewers

Although I have expressed some thoughts and suggestions which in the future could benefit our city, I feel that there are two vitally important items that deserve preference over all—namely water and sewers. As I have met more and more people each day and week, more inquiries have been made of water conditions than any other single problem.

Before going any further, I want to give credit where credit is due. I believe that our present city officials are putting forth a sincere effort to correct the condition. It was unfortunate that the newly dug well was ruled out by the State Health Department; however, property in the D & C subdivision is being set aside for a well to be dug there. If this proves successful and the old well by the cemetery is shut off, the problem of the water having an odor MAY be solved.

Some people are finding small, black particles in their water which MAY present a filtering problem. The flushing of our water mains helps but apparently is not entirely satisfactory. Presently, the city council is waiting for a report from a firm hired to study our water facilities. In other words, what all is wrong—how can we correct it—and how much is the approximate cost? It is certainly a logical advantage to know the COMPLETE TROUBLE before starting to solve such an important and costly problem.

Insofar as our sewers are concerned, a similar study and survey should be conducted as was started on our water conditions.

## In Conclusion . . .

In the past our city has done pretty much everything on a pay-as-you-go basis. To a large degree, there is merit in operating in this manner. A possible disadvantage is that we are limited in what can be done or accomplished in any given year. Especially, if annexation is to be considered in the near future.

No one individual has all the answers; however, thru the combined efforts of a cooperative council and administration along with the backing and understanding of our citizens, Northville will continue in the future as in the past to be one of Michigan's most pleasant cities in which to live.

As a candidate for Council, I am sincerely grateful for the opportunity to express my thoughts, interest, and desires which the citizens of Northville WANT and DESERVE TO KNOW BEFORE VOTING. Although I do not know everyone personally, the many friendships I have made in my six years residency is payment many times over for whatever effort may be required of me in the future.

## Possible Recreation Area

The reason for my picture at the local fish hatchery is to point up the problem of badly needed recreational areas. Here is property within the city limits of Northville that would go a long way in solving a RECREATION-AL NEED. Although the ultimate decision may be in the negative here are my reasons this property is worth considering and going after.

It has been rumored recently that the fish hatchery property may be closed permanently and the building, etc., put up for sale. Assuming this to be true, it is logical that the Federal Government would be sympathetic toward the local municipality becoming the new owners. Unless I have been misinformed, a similar situation existed in another city and that particular city obtained the property for the sum of one dollar from the Federal Government. This is one big reason for at least looking into the hatchery site. (The regional office to contact first is in Minneapolis, Minnesota.)

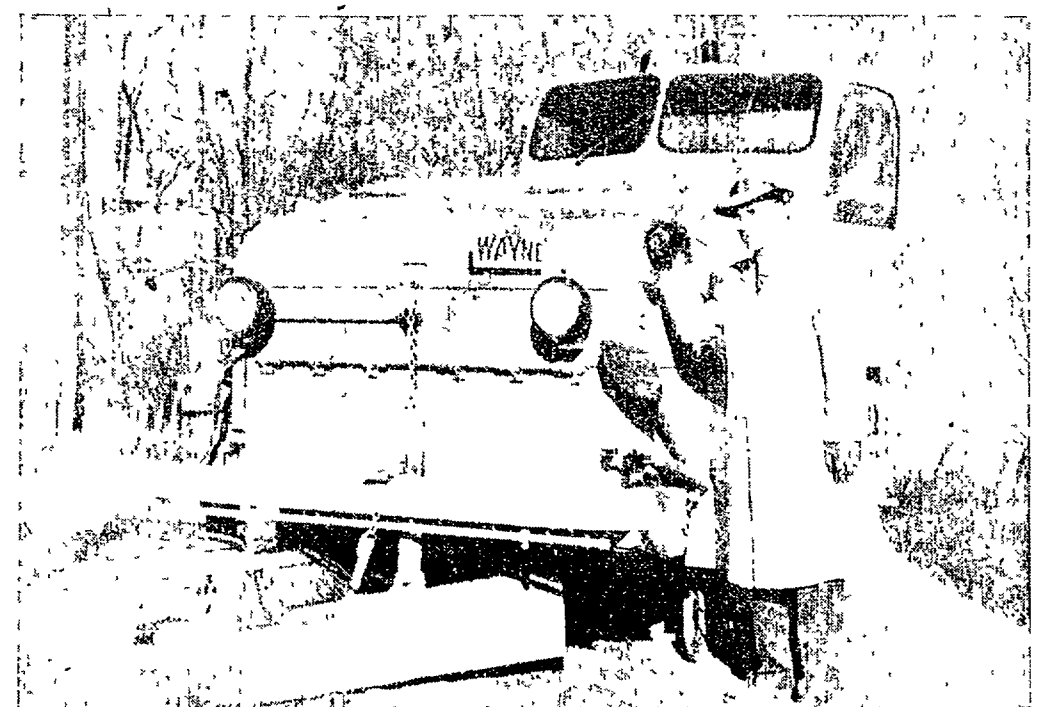

Assuming that we could obtain the fish hatchery property, let's now consider its potential as a recreational area. It's difficult to go into great detail, however, these possibilities do exist. First of all, the city would be acquiring 2 buildings, 2 houses and approximately 12 acres of land WITH THE DRAINAGE ALREADY IN. Not many playgrounds, other than stadiums, have this facility. With proper planning, I feel there is enough land to locate a little league ball diamond, tennis, badminton and shuffle board courts, and eventually the often hoped for swimming pool. In addition, the present buildings would provide space for storage, offices, rooms for any arts and craft or even adult programs that may be undertaken. In the winter, the flooding of certain areas would provide ice for all types of skating and for all age groups.

I previously mentioned that this property included two houses. Unless through further study a better use could be suggested, the sale of these houses would provide a considerable sum of money to aid in developing the property.

Would this be a sound investment? Actually, we would be doing no more than investing in our children insofar as providing them with a safe and adequate site for a recreational program which plays an important part in their overall education. Many a good lesson is learned on the playground just as in the modern classroom. Our Northville children are worthy of this investment and certainly deserve their OWN facilities.

It is needless to point out that everything cannot be done at once but the acquisition of this property (or other) would start the ball rolling in the right direction. Our schools showed clearly the need of expansion, let's not forget our recreational need which plays a vital role, too.

## A Building for City Equipment

I hope that the above picture emphasizes the need for an adequate home for the men and equipment of the DPW. Although such a building may not be top priority in the minds of many persons, it deserves definite planning within the reasonably near future. As the picture indicates some very expensive city equipment is standing out day after day in all kinds of weather because there is no building adequate in size to house them. The deterioration of that equipment plus the man hours required to keep them in proper working order under extreme weather conditions could be quite considerable.

It may be well to point out that added improvement and convenience of a new building that the men of the DPW would realize when doing inside work. It may be well to consider the usefulness of a permanent service man to keep city equipment and vehicles in tip-top condition. They would last longer and the cost of such a technician would

be partly defrayed by the present cost of having our equipment repaired by garages, etc.

About now the question of paying for such a building arises. Although there is no large sum of money available for a new DPW building, there is certainly no harm done by future planning with respect to location, size and type of building, etc. With this planning done an estimated cost could be determined. Then we are in a better position to determine on the present pay-as-you-go basis how long before such a building could be constructed and paid for. I feel that the longer the delay in planning—the longer will be the wait before such improvements are realized. I might add that until the services of an engineer or architect are needed, there is little or no cost in planning. Moreover, as many cities are finding out, long range planning frequently saves not only time, but money, too.

## Civil Service for City Employees

This picture was taken while speaking with some of the city employees regarding their employment—job benefits, etc. Although Northville has never appeared to have any particular problem insofar as employment, etc., is concerned, I feel that the possible establishment of a Civil Service Commission is worth serious consideration. Granted that it will take a great deal of thought and study, but if an increase in the efficiency of city government can be realized, then it is well worth the effort.

Here are my reasons for suggesting such a commission. First, it would help to guarantee to all interested citizens a fair and equal opportunity for city employment whenever openings become available. Future appli-

cants would be required to take a written and oral examination which certainly would help to determine the best qualified applicant. All present employees, of course, would automatically be blanketed under this civil service and NOT be required to undergo any examinations.

This commission could establish a definite policy concerning job classifications, rate of pay, seniority promotions, work-week vacations, sick leave, residence qualifications, and many other things.

In addition, this commission could give considerable thought to some kind of Life Insurance and possible pension plan for city employees which they are deserving of and presently do not have. It may be well to point out that all recommendations, etc., of this

Civil Service Commission would have to be approved by the City Council.

Job security, privileges and so-called fringe benefits play an important role in attracting capable persons in all fields of work. I feel certain that it is equally important that city employees, IF IT IS FINANCIALLY POSSIBLE, be given or offered the same REASONABLE benefits. Generally, a plan of this type is partly paid for by the city and the remainder by employees. I feel confident that a three man commission, appointed by the mayor and council, could add measurably to the efficiency of our government if given the opportunity to formulate policies and provide recommendations with respect to the items mentioned above.

## Roger Babson

## Wake Up, Retailers!

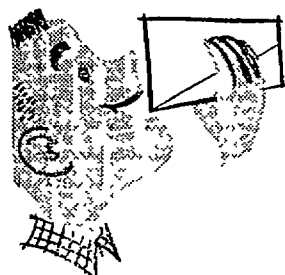

Babson Park, Mass. Retailers nowadays seem to have two questions—where and why? If they would look at the stores where customers are going in and out all day, or follow the customers down the highways and see them going to other towns and cities, they would know "where". Then if they would take a good look at their own business establishment, they would find the answer to "why". In these days of clever advertising together with easy transportation, a customer thinks nothing of traveling miles for a good bargain.

Examine your store, your stock, your employees, and your advertising. Is your store neat and attractive? Can your merchandise be easily seen or is it so jumbled up that even you do not know where a specified item is? How well did you screen your employees before you hired them? Are you getting the most out of your advertising? Retailing today is very competitive; it is destined to be more so. Most retailers should wake up or go to work for some other concern.

**Condition of Store**  
Walk into the store where the manager is too busy to stand around complaining about poor business. Notice his neatly displayed merchandise; he keeps his stock under control by periodic inventory. He knows what is not selling and therefore does not re-order blindly. Slow-selling items are displayed so as to attract attention.

This man uses his "know-how" to make room for popular merchandise. He or his well-trained help know when to re-order certain items or when a line has been discontinued. His merchandise has been price marked. This not only helps the customer, but also the manager and clerks who could not be expected to memorize the price of every item in the store.

## Pay More Money To Fewer Employees

Mr. Manager, you would do well to screen your employees thoroughly. The question, "Can you use a cash register?" should not be sufficient. Make sure, at the beginning, that he or she will use it honestly, or you may find a small percent of your profit trickling out through the register. If you will observe your new employees closely, you will learn whether they are really interested in the work or whether the job is merely a stop-gap for them. Watch if they use your store to kill time by reading or talking to friends while waiting for pay day.

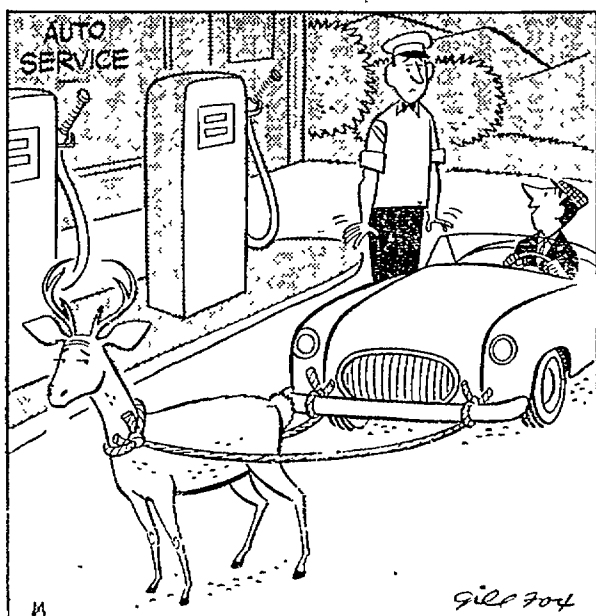

When you have thoroughly screened the applicants and found honest and efficient help, you will be able to pay such employees more money because you will need fewer clerks. Your well-paid employee is an asset to your business. From the customer's viewpoint, nothing is more irritating than to be given a discourteous or unintelligent answer. And since bad publicity travels farther and faster than good publicity, one unhappy customer can do a lot of harm. Your well-paid clerk who studies the stock and price-marks it will not let this happen.

**Use More Intelligent Advertising**  
Advertising is very important because it has so many facets. A clean, well-arranged store with attractive window displays is good advertising, —as is anything at all that causes people to mention your place favorably, such as friendly, courteous, efficient help. Material is frequently furnished with nationally advertised merchandise, but is too often ignored and put in a corner. Actually, such signs, placed to advantage, catch the eye and bring customers inside.

Do not resent the man in your line of business who is using every means of advertising. He realizes advertising is most important. Many of the ads have clever and unique ideas. You will find they have not used trickery, nor is there any "gimmick", but honest, clever "know-how." A new highway which may bypass many cities need not be a menace. It may be a booster. The retailer needs to WAKE UP.

**Selecting A Location**  
Often the highest rent is the cheapest rent. The brightest retailers will get located as near as possible to an off-street parking lot. It also helps a small retailer to be close to a big store with a lot of customers. The best location for almost any retailer is adjoining a supermarket; the important thing is to get traffic into your store. It often pays to buy out some sleepy retailer who has a good location. If you have a good location make a long lease; but if you have a poor location, lease only by the year.

## SPEAKING for the Record

By BILL SLIGER

Last week I walked into our family doctor's office for my first polio vaccine shot. He looked a little surprised. The rest of my family had been there months ago.

Being a gentleman he didn't ask me where I'd been; instead he told me a few interesting facts.

"Polio is fast becoming an adult disease," was his well-planned approach. "Why's that?" I asked innocently.

I've got to admit his answers were logical. School-age children get compulsory shots. Parents make sure their preschool age tots are vaccinated. But the adults are slow to respond.

"Already twenty-five per cent of the polio cases occur in persons over 30 years of age," he added.

I get the point, Doc. Should have gotten it months ago with the rest of the family.

There's plenty of vaccine available. And, although doctors can't advertise their wares, this is one product they'd like everyone to buy.

Doesn't take a minute. Doesn't hurt a bit.

Young Bill Gaab is walking around Northville these days, and mighty happy to be alive.

Last September 2nd he was lying along side a road near Plymouth with 26 broken bones and very near death, the victim of a car accident.

He stops in to see us about once a week and talk for a few minutes.

He's also talked to high school students in Al Jones' driver training classes.

While Bill can't remember exactly what happened on the night of the accident, he's sure that speed was the main cause of the crash. The crumpled car was proof of this.

A former Mustang athlete, Bill has a completely new outlook on life. The accident which killed one friend and injured another has taught him a lesson that he's trying to pass on to others.

Most of all he's grateful to the many Northville friends who helped him with blood transfusions and encouragement during his months in the hospital.

He'll never be an active sports' participant again. But he can walk and is able to work. He plans to return to Michigan State University this fall and complete his education and later become an accountant.

His message to all drivers can be summed up in two words: "slow down".

## Michigan Mirror

## Let's Cut THEIR Share!

**TRIMMING** Michigan's proposed budget is proving as difficult a task for lawmakers as finding ways to raise additional funds.

As the state legislature works to cut costs from agency requests, legislators run into the same difficulty time and again. Every department is supported by one or more interest groups which present excellent reasons why "their" agency should receive more money, rather than less.

On the other hand, there are few organized groups which can provide equally strong reasons for making budget cuts.

Interest groups perform a vital service. They speak for groups of people who share a belief, earn their living the same way, or have a common need.

If you are a laborer, farmer, merchant or businessman, you belong to an interest group, or indirectly support one. If you are aged, a parent, a veteran, own a car, hunt, fish, live in a city, town or the country, you have an interest in common with others and are represented by an organized group.

A union speaks for labor. The farmer belongs to the Farm Bureau, the Grange or the Farmers Union. Merchants are represented by trade groups. Industry works through their own organization.

The list could go on almost indefinitely: Veterans' organizations, conservation clubs, social groups, Parent-Teacher Associations. All in all, there are some 300 legislative agents, or lobbyists registered with the state of Michigan.

And every group is particularly interested in a particular state agency or department. Each wants to make certain that enough money is in the agency budget to perform necessary services and add new ones.

Organized pressure often works. The individual legislator is faced with good reasons why he should vote for the funds. No one comes forward to support specific budgetary cuts. If he does pare some of the dollars off an agency request, cries of protest are heaped upon the decision.

In effect, the legislature is faced with the old dilemma of each person saying, "Cut government spending—but add a few dollars when it is spent to serve me."

THE CAT IS OUT of the bag

that Michigan's bridge over the Straits of Mackinac is officially "The Mackinaw Bridge". According to the Bridge Authority which exercises the naming power, it has secretly been "The Mackinac Bridge" for three years. Any different name now would require changes on thousands of documents.

Many suggested names for the bridge carried political overtones. Republicans, at their state convention, resolved to suggest that it be named after the president. Democrats asked that Franklin D. Roosevelt and Harry S. Truman be honored.

"Vacationland Bridge" and "Hiawatha" were among the more poetic names suggested.

Most observers agree that the name "The Mackinac Bridge" is probably best because it is already commonly used. They point out that 19 Michigan highways now carry memorial names that are virtually unknown.

For example: How many Michigan residents know what highway is named Arthur Vandenberg? Clara Barton? Blue Star? Left Erikson? (In order these are US-16, US-25, US-31 and M-95.) The complete list is on every map printed by the Michigan State Highway Department.

A FOURTH STATE university was recognized as such last week when Western Michigan College became Western State University.

Nary a word of protest was uttered as the legislators gave the bill overwhelming support. This was a sharp, and refreshing contrast to the struggle two years ago when Michigan State College became Michigan State University.

Before the ink was dry from the Governor's signature the new name was already law and Michigan had four tax supported universities. The list now includes the University of Michigan at Ann Arbor, Michigan State University at East Lansing, Wayne State University at Detroit and Western Michigan University.

Chevy is  
America's "hot" car  
—officially!

Chevrolet Wins Coveted  
Manufacturers' Trophy at  
Daytona Beach as "best  
performing U. S. automobile!"

Want facts about performance?

Then look at the official figures from NASCAR's\* internationally famous Daytona Beach competition for stock cars. Here's what you'll find: Chevrolet, in two weeks of blistering competition, proved itself as America's Number One performance car. Nothing in the low-price field could touch it.

No other car, regardless of price, scored such a sweep. And Chevy walked away with the famous Manufacturers' Trophy, hands down!

The 1957 Chevrolet is, by all odds, the most astonishing performer ever produced in the low-price field. Best of all, this superiority isn't limited to just a few extra-cost high-performance models. Every type of Chevy—from the six-cylinder models right up to the 283-horsepower "Super Turbo-Fire" V8's, from the single-carburetor V8's with Powerglide to the stick-shift "270's"—is a championship car.

## According to League Coaches

# Andover Favored to Repeat

Bloomfield Andover and West Bloomfield ought to top the Wayne Oakland Conference League this year — at least that's the consensus among the league's coaches.

Most coaches predicted that Clarenceville and Kettering might be up there, too.

Alex Klukach, Northville's coach, had no doubts about Andover's strength: "They've always been tough and they've got a lot of returning talent, they'll unquestionably be tough to deal with."

What about Northville's team?

Klukach said that the defensive team would be the strong point. "We've got a lot of experience there and we shouldn't have any problems."

But the backfield might lack punch in the coach's opinion. The backfield has been weakened by

departing seniors, so most of the Mustang hopes ride with a 6'2" senior named Bernie Bach who has been moved from tight end into the fullback slot.

Brighton's second year coach, Keith Anderson, agrees with Klukach's choice of Andover: "They've got a fine team and will be pretty strong."

Anderson also said that West Bloomfield will be fighting it out, with Milford being a darkhorse in the race.

The Bulldog future holds more hope than in the years past; but, as Anderson said, "We're going to be inexperienced but if the kids learn fast we might be in there."

A light turnout plagues the Bulldogs as they face the season with some where near 25 varsity gridgers.

Robert Kesgen, the coach of favored Andover, says that his team is

in better shape at this point than "we ever have been in the past," which doesn't sound good for the rest of the league considering Andover's power last year.

As most coaches tend to do, Kesgen emphasized his team's inexperience; but John Whitty, Bob Reed, Marshall Neal and Rollie Barrett will bring back their considerable experience to the Andover attack this year.

Surprisingly, the coach at West Bloomfield, Art Paddy, didn't agree with the other coaches choice of his school as a contender.

"The coaches who say we'll be fighting it out with Andover must be out of their minds," he said.

Paddy said that his biggest player weighs only 205 and that only seven players returned. Of those seven only three have experience. The defense is West Bloomfield's strongest point, but, Paddy carefully added, "we lost all our linebackers."

Summing up his own team, Paddy said, "We're small, slow and green."

He picked Andover as the strongest team.

Clarenceville's coach fails to share the optimism for his team that the other coaches expressed.

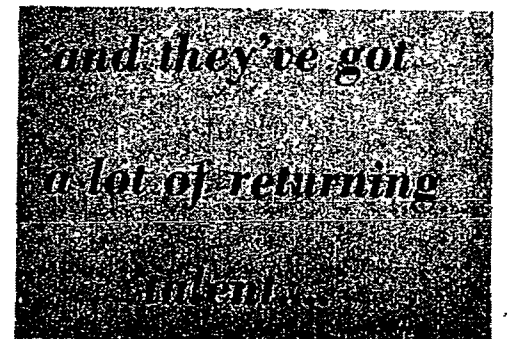

The coach, Ralph Weddle, classed his team in the "rebuilding stage." He said they'd lost almost all the power they had last year.

In a distinct tone of understatement Weddle said, "We're going to field a ball club, but about being a contender, I don't know."

When asked about the toughest

teams in the league, Weddle followed the familiar refrain: "Andover should be favored to take it again, but West Bloomfield ought to give them a run for the money."

Clarkston's Paul Rakow agreed with the other coaches about the

league leaders and said that the backfield was the main strength of his team.

Even with eighteen returners, Rakow says that Clarkston is inexperienced in the offensive and defensive line. The weight average of the line is about 185 pounds.

The coach of Anderson's dark horse choice, Jerry Ganzel, called his team "fair — light but quick." Most of Milford's hopes rest with their quarterback, Mike Monnier, who is, according to Ganzel, "a good ball carrier and faker but just a fair passer."

He also pinned some of Milford's future success on Davey Parks, a 165 pound junior guard. Based on his performances last year, Parks ought to be a big help not only on offense but also on the defensive squad where he serves as a linebacker, Ganzel said.

## 2nd Dream Team To Climax Season

Another select team of outstanding area football athletes will be named at the conclusion of the 1970 season, Jack Hoffman, assistant to the publisher, has announced.

Players will be picked from seven high schools within the circulation area of the weekly chain of Sliger newspapers in Northville, Novi, South Lyon and Brighton. Final selection will be made by staffers of these newspapers, with nominations by the coaches.

The high school teams include Northville, Novi, South Lyon, Brighton, Whitmore Lake, Hartland, and Pinckney.

Honored players will receive medals commemorating their selection.

In addition to these second annual Sliger Newspapers' Football Selections, a traveling team-of-the-year trophy also will be presented to the individual school which is considered to have had the best season.

Also, the group of community newspapers will honor a Football Coach-of-the-Year based on his contributions to his school and community.

Last year the Lions of South Lyon walked off with the giant team trophy, finishing the season with a 6-3 record in the rugged Southeastern Conference. In addition, the Lions dominated the individual all-area selections, placing five players on the dream team, and Lion Coach Bob Keezer was named the Coach-of-the-Year.

The 1969 selections included four junior classmen and 12 seniors from four schools. They and their schools were: Dave Perkins, Tim Cash, Glenn Wiseman, Dave Brandon, and Dave Willacker of South Lyon; Bernie Bach, Fred Holdsworth, Brian Myers, and David Coe of Northville; Tom Van Wagner, Tom Boyer, John Davey, and Rick Hill of Novi; and Marvin Tyler, Tom Bowditch, and Skip Pless of Brighton.

This year, as last, the number of selections made will be in proportion to the crop of exceptionally-talented players. Thus, the number could range from 11 to 22 players.

"We are pleased to continue this program of honoring outstanding athletes," said Hoffman. "Some receive fine recognition in other ways such as through all-league, and daily media selections, but we believe young men especially appreciate the local area honors that come their way."

"Selection by reporters and photographers who regularly attend and write about local games has special meaning."

Sliger newspapers include the Northville Record, Novi News, South Lyon Herald and the Brighton Argus.

## Chelsea Picked To Win SE Again

There's little doubt among those who should know, namely the coaches in the Southeastern Conference, about who will walk away with championship honors at the end of the season.

Chelsea, undefeated in six games last year, is expected to make a repeat performance.

Mervin Ward of Saline, Joe Smith of Milan, John Osborne of Novi, Bob Keezer of South Lyon and Elvin Ritt of Dexter said as much at any rate in talking about the relative chances of their schools.

Dexter was also expected to make a good showing and end up part of the top three.

Saline, with the fastest stable of backs (five) in the conference, was placed in a darkhorse role. "He's (new Coach Merv Ward of Saline) got them believing they can win it," said Elvin Ritt of Dexter.

Actually, whether it's because of caution being exercised by coaches, which is perfectly normal, or legitimate feeling, every team is given an even shot at the league crown.

But for teams other than Chelsea

and Dexter, and possibly Lincoln and Saline, it will take a combination of luck, good health and some surprising new replacements to enable them to take the title. Such was the consensus of opinion from coaches who have been playing the league long enough to know the odds.

South Lyon, Dundee and Milan fall into this doubtful but still hopeful role.

Novi, stranger to the conference this year, is not given much hope despite what looks like a tough line and experience at quarterback.

Ask Saline head coach Mervin Ward who are the favorites and he'll reply Dexter and Chelsea. "Lincoln's got a pretty good chance too," he says.

What about his team? "Well," he says, "we could be a darkhorse, but we need luck to stay away from injuries as well as replacements for two tackles who have graduated."

Joe Smith of Milan points to Chelsea as definitely the team to beat. "Look at their reserve record," said Smith, and Bareis hasn't lost that many men.

## Local Leagues Follow Trend

# Growth Areas Face League Shuffling

"There's been quite a lot of re-shuffling in the last few years. What happens is schools get out of balance. I expect this trend to continue."

With those words, Northville Athletic Director Bob Kucher stated what's happening to prep athletic leagues throughout the state, especially in metropolitan areas, where significant population shifts are taking place.

As more and more people move out of heavily populated areas to adjacent suburbs and even more distant rural regions, more and more schools are finding it necessary to search out other schools compatible in size and close enough to form natural rivalries.

As a result, new leagues will be formed, old ones will be abandoned and some leagues will undergo re-alignment as other teams are added or subtracted.

The Wayne-Oakland Conference is no exception. After the 1970-71 school year, Northville and Brighton will cut ties with the league they have been associated with since the 1950's.

Northville, together with Waterford Mott, Walled Lake Western, Livonia Churchill and Farmington Harrison, will form a new league and begin competing against each other in

1971-72. Plymouth Canton won't join the league until the 1972-73 school year because of lagging construction.

Brighton will drop out of the W-O after this school year and compete as an independent during the 1971-72 sports seasons.

But the Bulldogs may not be independent long. An application for admittance to the Capital Circuit League is being given serious consideration and the Brighton Board of Education has endorsed the move to the Lansing-area conference.

Replacements for Lansing Gabriel and Lansing O'Rafferty, who consolidated to form Lansing Catholic Central, are being sought for the 1972-73 school year. For this school year, Lansing Catholic Central will fill what was Gabriel's spot in the league.

Teams that will remain in the Capital Circuit are Howell, Haslett, Holt, Eaton Rapids, Okemos and Mason.

Brighton's application for entry to the Southeastern Conference, of which South Lyon and Novi are members, was politely rejected recently because of no vacancy. Presently there are eight teams in the league.

Clarenceville, which is about the same size as Northville with about 1,200 students, is known to be looking for affiliation with another league. Like Brighton, which has about 1,000 students, Clarenceville has been overmatched against the class A schools in the W-O having enrollments of 1,300 to 1,700 in grades 10 through 12.

Northville, Clarenceville and Brighton have grades nine through 12 in their high schools.

If Clarenceville should drop out of the W-O, it could force either re-alignment of the conference through admittance of other schools—or the W-O might be disbanded.

Competition between Northville, Clarenceville and Brighton won't cease with the conclusion of this season. Northville will continue to play these two teams in football in 1971, but Brighton will be scratched from Northville's schedule in 1972. That's when Plymouth Canton will join the new league.

Milford and Novi with Clarenceville, will remain on Northville's schedule through 1972. What happens after that, however, will depend on any new teams that may wish to enter the new league. If some are admitted, Northville would sever connections with Clarenceville, and or Milford, Kucher said.

With Novi growing by leaps and bounds, it's doubtful whether Northville will eliminate Novi as an opponent. What's more, "Novi, being a next door neighbor to Northville, is a natural rival, just as Plymouth is at the present time.

One observer predicted that Novi with its accelerated growth will soon grow to a class 'A' size school and thus will have out-grown other Southeastern Conference schools in about five years. That eventuality might force another shake-up of the Southeastern Conference.

## Consensus: It's Chelsea Again

Continued from Page 2-C

"We're definitely a dark horse," Smith said. But added, "I'll be satisfied if we break over 500, since we lost both tackles through moving and one quit."

Smith has a veteran backfield returning, including Quarterbacks Larry Lemerand and Mark Schultz, Right Halfs Dennis Williams and Steve Ketola, Fullback Jeff Black and Left Halfbacks James Patterson and Bob Nobel.

"Chelsea has had good jayvees for the last three years," said Dexter's Elvin Ritt, "Their varsity was undefeated and was tops in the state last year."

About his own team Ritt noted the loss of Dan Arbour, the '64" all-state end. "We have a lot of veterans, particularly Greg Ianni who will be the key to our offense. He was a poised quarterback last year, and with practice and maturity we expect him to be better this year."

South Lyon mentor Bob Keezer called Bill Busch, Dundee's third year veteran senior, "the league's best running back," with Bruce Acuff, a junior from Lincoln, right behind him.

About the Lions, Keezer mentioned all Southeastern Conference man Glenn Wiseman and Pat Riordan at defensive end, he matched Riordan

with captain Jim Goers as his best prospects for offensive guards, and named John Pfeffer as top defensive halfback and flanker.

"We've got a few holes," said Keezer, "our junior quarterback Jim McIntosh (6'4", 200) is untried. He has good credentials, but no backup. We've only got three running backs, an inexperienced receiving corps and no proven kicker."

Keezer points to Chelsea, Dexter, Saline and Milan as strongest. "The league is better balanced than last year," he said, "the way it is now, two losses could qualify a team for at least a tie for the championship."

PAST ACTION WILL BE REPEATED AS AREA ELEVEN'S OPEN THE 1970 SEASON TOMORROW

# '70 Bulldogs

The Bulldogs, under second year Head Coach Keith Anderson, will be working to improve on its 1-8 record last season. Anderson has indicated that prospects look good for his squad which is undergoing a change of attitude with hopes of climbing up the ladder in the Wayne-Oakland Counties' League race.

# Bulldogs Strive To Improve

The Bulldogs have their work cut out for them this season as they go into what will be their last season in the tough Wayne-Oakland Conference League with a team short on depth and experience.

Head Coach Keith Anderson, now in his second year, is optimistic. "We're going to be a better football team this year," he promised.

One of the reasons for Anderson's enthusiasm is Mike Shosey, a tight end that the coach "expects big things from." Shosey has good size, good hands and is a pretty good blocker in his coach's opinion and most probably will be used both ways.

Cass Scranton, who plays center and tackle, ought to deliver some power in the Bulldog line. Weighing in near 200 pounds, Scranton brings a year of varsity experience to this year's squad.

The Bulldogs have already suffered a slight setback when senior tackle Bruce Cox broke his hand in practice. Although he won't see action in the first game, there's hope that he'll return for the September 25 game against West Bloomfield.

Other positions are wide open, according to Anderson, who said that the scrimmage held last Friday night will settle the line-up once all the information is tabulated.

The coach is impressed with the showing of the juniors on the squad who have demonstrated such spirit and drive that many of them are now challenging the seniors for starting slots.

One of the nicest surprises for Brighton is the growth of Dennis Horal, a junior, into a sharp quarterback with the ability to get the team in motion.

Horal will supplement the already good quarterbacking of Bruce Ritter, who has moved up from a defensive position to

try his hand at guiding the Bulldogs.

Dallas Sebold is vying with junior Tom Kearns for the slot back honors. Sebold picked up some experience as a member of last year's squad but will have to develop this season if he is to be really effective.

At the fullback position, the Bulldogs lack an experienced

BRUCE RITTER

candidate, although Joe Wilkinson saw some action last year.

Bob McCann and Jim Mitchell are likely junior candidates for Wilkinson's job.

The tail back job has two juniors, Don Wilson and Bill Cully, and two seniors Neil Schulz and Dennis Dolbritt, vying for the starting honors.

The coach says it is still a toss-up. With all this manpower trying to get backfield work, there might be the impression that the Bulldogs have lots of depth. Not so, says Anderson.

The squad number nears 25 with most of the team having little or no varsity experience.

Anderson said that, due to the light turnout, each player is learning

MIKE SHOSEY

CAS SCRANTON

## Capsule Comments

*"We're going to have a better football team this year."*

*— Coach Anderson*

two positions and not just offense and defense, sometimes they learn two offensive positions.

Even with the manpower drought, Anderson feels better about this team than last year's.

One of the most important things to the coach is the speed of the young

players and their desire which he hopes will be enough to surmount their lack of playing history.

The really heartening thing, the coach said, is the attitude of the players which might give Brighton a good chance to bring victory back to Brighton.

KEITH ANDERSON

# Preps Grow Bumper College Crop

## In South Lyon

At least eight South Lyon high grads are performing on college football teams this fall. Three are sophomores, while five freshmen are active as well.

One freshman, Dave Brandon, is preparing to step into Don Moorhead's shoes next year at Michigan. The 6'3", 205 pounder has the passing, running and kicking ability to do just that in the future.

Sophomores Dave Penley and Larry Janes must overcome problems if they are to become Franklin College (Ind.) guards this fall. The two offensive threats have beaten out senior competition, now must overcome health troubles. Penley had his tonsils removed recently and Janes must lower his blood pressure.

Jim Riordan, a rugged running back at tough Southern independent Memphis State, is the other sophomore.

Brad Lloyd, a running back at SLHS, is being counted on as a defensive halfback at Hillsdale, where freshmen can play varsity ball.

Dave Perkins, tight end, has moved on to Wayne State where he is sure to be a welcome addition.

Tim and Tom Cash, twin tackle terrors for the Lions, could make fine guards for Michigan Tech.

## In Brighton Area

A 1970 graduate of Brighton High School, Miles Vieau is out for freshman football at Olivet College.

While at Brighton, Vieau was a top wrestler and twice won his weight class in the Wayne-Oakland Conference. As a prep grinder, Vieau was a sturdy halfback at 5'8" and 150 pounds.

\*\*\*\*\*

Small as far as football players go and especially college football, Skip Pless nevertheless is out for freshman football at little Hiedelburg College in Ohio. He's a gritty player who makes up in enthusiasm and courage what he lacks in size.

A 1969 graduate of Brighton High, Pless at 5'9" and 140 pounds was hardly big enough to play linebacker. Yet he did and spearheaded the Brighton defense by twice making the most solo tackles on the team. He gained all-county honors.

\*\*\*\*\*

In Al Cone, Northwood Institute has a stocky back capable of taking as well as giving out punishment. At 180 pounds and measuring 5'8", Cone for the past two years has been Hartland's fullback and a linebacker on defense.

He also played basketball on the Hartland varsity that in Cone's senior year (1969) earned a share of the Suburban C Conference title.

\*\*\*\*\*

A 1969 graduate from Pinckney High School, Nelson Haas is a former all-county, all-league offensive end and

FERRIS BUILDS BACKFIELD AROUND MIKE ZAYTI

defensive linebacker who will be the starting tight end for Fort Dodge Junior College in Iowa. While at Pinckney, Haas helped the Pirates through the frustrating 1969 season that saw injuries spell doom for the team's hopes.

\*\*\*\*\*

After playing tackle both offensively and defensively for the Pinckney Pirates in 1969, John Towsley is now a defensive end for Western Michigan's varsity squad. The sophomore Bronco hopes to move into a starting position with the experience that this year will bring.

## In Northville

A Ferris junior this year at 6'1", 190 pounds, Mike Zayti will be looking for an improvement over his last seasonal record of 263 yards in 74 carries. Zayti earned Coach Bob Leach's "Player of the week" award last year before he was beset by injuries, and contributed often to Ferris's 5-4 record.

Zayti's total record is 712 yards for 191 attempts, and five touchdowns.

He will start as tailback against Wisconsin's Lakeland College in the Bulldogs opener Saturday.

\*\*\*\*\*

A freshman at Hillsdale this year, Stan Nirider (6'2", 165) is slated to perform at safety when his team travels to Minnesota to battle Mankato State College in its opener Saturday.

Nirider spent time since his graduation in June, at Michigan State where he thought he was too small to play football and transferred.

"He has a lot of speed," said one source concerning Nirider, "and he makes up for his size with a love for the game."

\*\*\*\*\*

Former Mustang quarterback, 6'1", 170 pound Rich Adams is finding college football more intense than the high school variety but he's attracting attention of coaches at Findlay.

Findlay Coach Byron Morgan has been putting his gridders through a tough schedule of two-a-days, followed by nightly meetings and conferences. Easing off a bit this week, the coach will switch practice to one-a-days in preparation for his opener with Waynesburg, Ohio Saturday.

"Adams is too tough to quit" said Morgan.

Adams, a freshman, is scheduled to perform at both quarterback and safety.

\*\*\*\*\*

A sophomore guard this year for Western Michigan University, Fred Hicks starts his second season. At 6'3", the 215 pound former Northville tackle is expected to shine this year.

At Northville, Hicks played football, track, and wrestling, took two letters in each sport and clinched All-League honors in 1968 and 1969. He was named most valuable lineman in 1969.

Western opened its season last Saturday against Central at Mt. Pleasant.

U-M FROSH PIN HOPES ON DAVE BRANDON

# Pirates Make Bid To Move Up

**Coach Tom Wilson**

## Promises to Win

Tom Wilson, is now in his second year as coach of the Pinckney Pirates and he aims for improvement over last year's winless season.

"We'll win some ball games this year," he promised.

But Pinckney football still has a way to go to get out of a three year losing streak. The football program that Wilson is trying to build up demands time to train the younger players in the fundamentals of the game.

As a result, Wilson said, much of the pre-season practices have been devoted solely to basics. In future years, Wilson hopes that players coming up to the varsity will have the basic down so well that there will be more pre-season time to concentrate on building up plays.

This year, Wilson said, "The biggest thing we have going for us is that we're a team that has a fine attitude and that works together. We have terrific workers on the team, but they lack experience, and that can hurt."

Although the Pirates have 14 returning lettermen, Wilson is careful to point out that only four of these gridders have starting experience. And three of those four have only one year of experience.

These men will form the experienced core around which the coach hopes to build the Pirate power.

Senior Tom Shaner is expected to be the same solid center he was last year, while senior Ivan Deering will return with his experience at tackle.

Scott Towsley will again be what the coach calls an "up-back" which is something like a blocking full back. Steve Latimer ends the list of experienced ball players returning.

The strongest Pirate asset is their overall defense, says Wilson.

Junior Bill Bishop as monster man, Dave Beckman as a junior linebacker, Ivan Deering also at linebacker and Doug Faust will contribute much to the defensive effort, according to their coach.

He also said that two other juniors, Bill Beasley and Mark Milton, and a senior named George Marshall ought to be strong on defense.

As for the Pirate line, Wilson said it "has to improve as the season goes along." A football program in its developmental stages does not produce real strong linemen because that is the area least attractive to the players and it is the area which demands the most coaching time, Wilson said.

The line is also hurt by the fact that the Pirates are a very small team, averaging somewhere around 165. At least as far as the line goes, size is the name of the game.

The quarterback slot is still up for grabs as Bill Beasley and Bill Bishop are even for the starting slot. The coach considers Beasley the strongest man on the level of technical know-how but Bishop is slightly stronger at the passing aspect.

Looking over the prospects for this year, Wilson feels that the spirit of the team and their willingness to work will snap the Pirate winless streak and show improvement throughout the year.

**HARTLAND'S BACKFIELD** — Ready to protect their quarterback, Rick Hamway, from the terrors

of onrushing linemen are (left to right) Russ Buell, Mike Nunham and Rick Lanning.

## "Interesting" Season Ahead

# Youth Is Hartland's Hope

After predicting a good season last year and seeing his predictions turn into a 5-4 season, Jerry Cowan, Hartland's head coach, is being careful this year.

"We're young, slow, inexperienced and small," Cowan said.

This season (termed "interesting" by the coach) ought to be better than that grim statement would indicate.

Some bad injuries and some bad luck kept the Eagles from reaching a high point last year and, though they've lost some players, Hartland should once again be a force in their league.

Two of the reasons for optimism are Rick Hamway and Rick Lanning, the team's co-captains. Both will make appearances in the backfield with Hamway quarterbacking the team and Lanning playing tailback. Cowan says,

"They're tremendous athletes."

A lineman who earned all-league honors in his sophomore year is now back as a junior. His name is Rick Perkins and promises to be "real, real tough," in the words of his coach.

And sophomore Joe Clark plays a good game of defense at the linebacker slot.

One problem that has cropped up is an injury to Bill Hamway, a sophomore, who had shown a lot of promise. By being out of action from four to six weeks, he will be missing some experience that could help him to develop into a strong player next year.

Cowan said that the Eagles had

weak spots in guard and center positions and that he is counting on many of his younger players to fill out positions left vacant when last year's seniors moved up in the world.

But Hartland's youth and inexperience will surely turn into an asset, if not this year, then at least during next season.

A young team sometimes shows surprising spirit and manages to win games that they aren't expected to.

Even though Cowan seems to discount his team this year the youth guarantees that Hartland will remain a football power in their league for some years to come.

# Inexperience Hurts Trojans' Upswing

The Trojans of Whitmore Lake face a problem familiar to many area high schools — rebuilding.

Phil Davidson, trying to get Whitmore Lake back on the winning streak, places his team in the "young, light, inexperienced" column.

Of the eight lettermen returning from last year's squad, only three have experience.

Tom Deakin, a junior, will take care of the wing back position while Doug Bennett will help out the offense at half back and the defense at linebacker.

Probably one of the Trojans' most promising athletes is A.J. Gillespie, a sophomore tackle. Gillespie is quick and strong and promises to beef up the Trojan defense and, perhaps, open some holes for the backfield runners.

Depth is a problem with the Trojans as they have 25 varsity players.

Davidson does have hope that the

Trojans will better their 1-5-1 record of last season.

In addition to Tom Deakin, Gillespie and Bennett, Davidson is also betting that Bob Deakin, a senior, and Rodney Douglas will turn in good performances.

Deakin will go both ways as end while Douglas will take over quarterbacking chores in this his sophomore year.

The new JV program which Davidson started last year has yet to produce results after such a short time. In the long run, Davidson thinks that the expanded program will produce winning records.

The coach thinks that football is on the upswing at Whitmore Lake.

If the younger members of the team develop, Davidson's Trojans might well bring happy moments to their new home field.

## '70 Lions

Fourth in the Southeastern Conference (3-3) in 1969, the Lions nonetheless did well enough against non-conference foes (3-0) to cop the First Annual Area Football Trophy.

Coach Bob Keezer, area Coach of the Year, has only one all-area returnee in defensive end, offensive tackle Glenn Wiseman and has numerous holes to fill. But, barring injuries to limited personnel, Keezer expects to equal 1969's fine record.

# Lions Must Avoid Injuries

South Lyon has some gaping holes to fill and a small, inexperienced squad with which to perform the transfusion of new blood.

A bleak outlook for the team whose 6-3 record won the area "Best Team of 1969" award? Not at all, says Head Coach Bob Keezer. In fact, Keezer expects to equal or better last season's success.

To improve on 1969, however, a quarterback and all his receivers, two-thirds of the defensive backfield, a defensive tackle and a punter and place-kicker must be found.

Actually, Keezer is not just replacing personnel at these key positions — he is trying to fill the shoes of outstanding football players in each case. Dave Brandon, the graduated quarterback, has moved on to the Big Ten (at Michigan). Defensive tackle standout Tim Cash is at Michigan Tech, tight end Dave Perkins at Wayne State. Dave Willacker, free safety, running back Brad Lloyd, receivers Rick Fike and Bob Bruner have all graduated. The kicker was Brandon.

Who can step into these spots? "Barring injuries — and we cannot afford any injuries, including the one that has sidelined Ron Wiseman — all positions have eager, willing football prospects ready to take over," Keezer says.

Junior Jim McIntosh, 6'4", 200 pounds, is the quarterback (the only quarterback) to replace Brandon. Pat Riordan and Jim Goers, two really good seniors, will double at guard on offense along with all-SEC Glenn Wiseman at a tackle and form the nucleus for the defense as well. The

6', 180-pound Riordan and Wiseman, 6'1", 215 pounds, will be the solid defensive ends and Goers will be the heart of the linebacking corps at 5'11", 180 pounds.

Keezer views several others as key personnel. Two seniors around whom much must be built are the 5'10", 170-pound John Pfeffer, the sole returnee in the defensive backfield and a good one and 5'8", 155-pound George Murray. The two-some are Keezer's top wide receivers on offense.

Four sophomores beef up the roster and South Lyon never includes sophomores on the varsity if they are not counted on to help. Roger Cash, 5'8", 150 pounds, is a wide receiver and defensive halfback. Workhorse running back Ray Givens stands just 5'6", but packs 195 pounds on a rugged frame, can get those tough short yards and still run well in the open

field. Kevin Taylor, at 5'11", 165 pounds, may have the inside at tight end. Steve Archey, a 165-pounder who goes 5'7", is a guard and linebacker.

Juniors, also, must make important contributions. McIntosh has already been mentioned as the team's only quarterback. The center is Rod Ison at 6' and 180 pounds. Gary McMahan, who played outside linebacker as a sophomore, could double at tight end. He stands 5'11", weighs 180 pounds. Mike Opachick, at 5'7", 150, could fill out the defensive backfield.

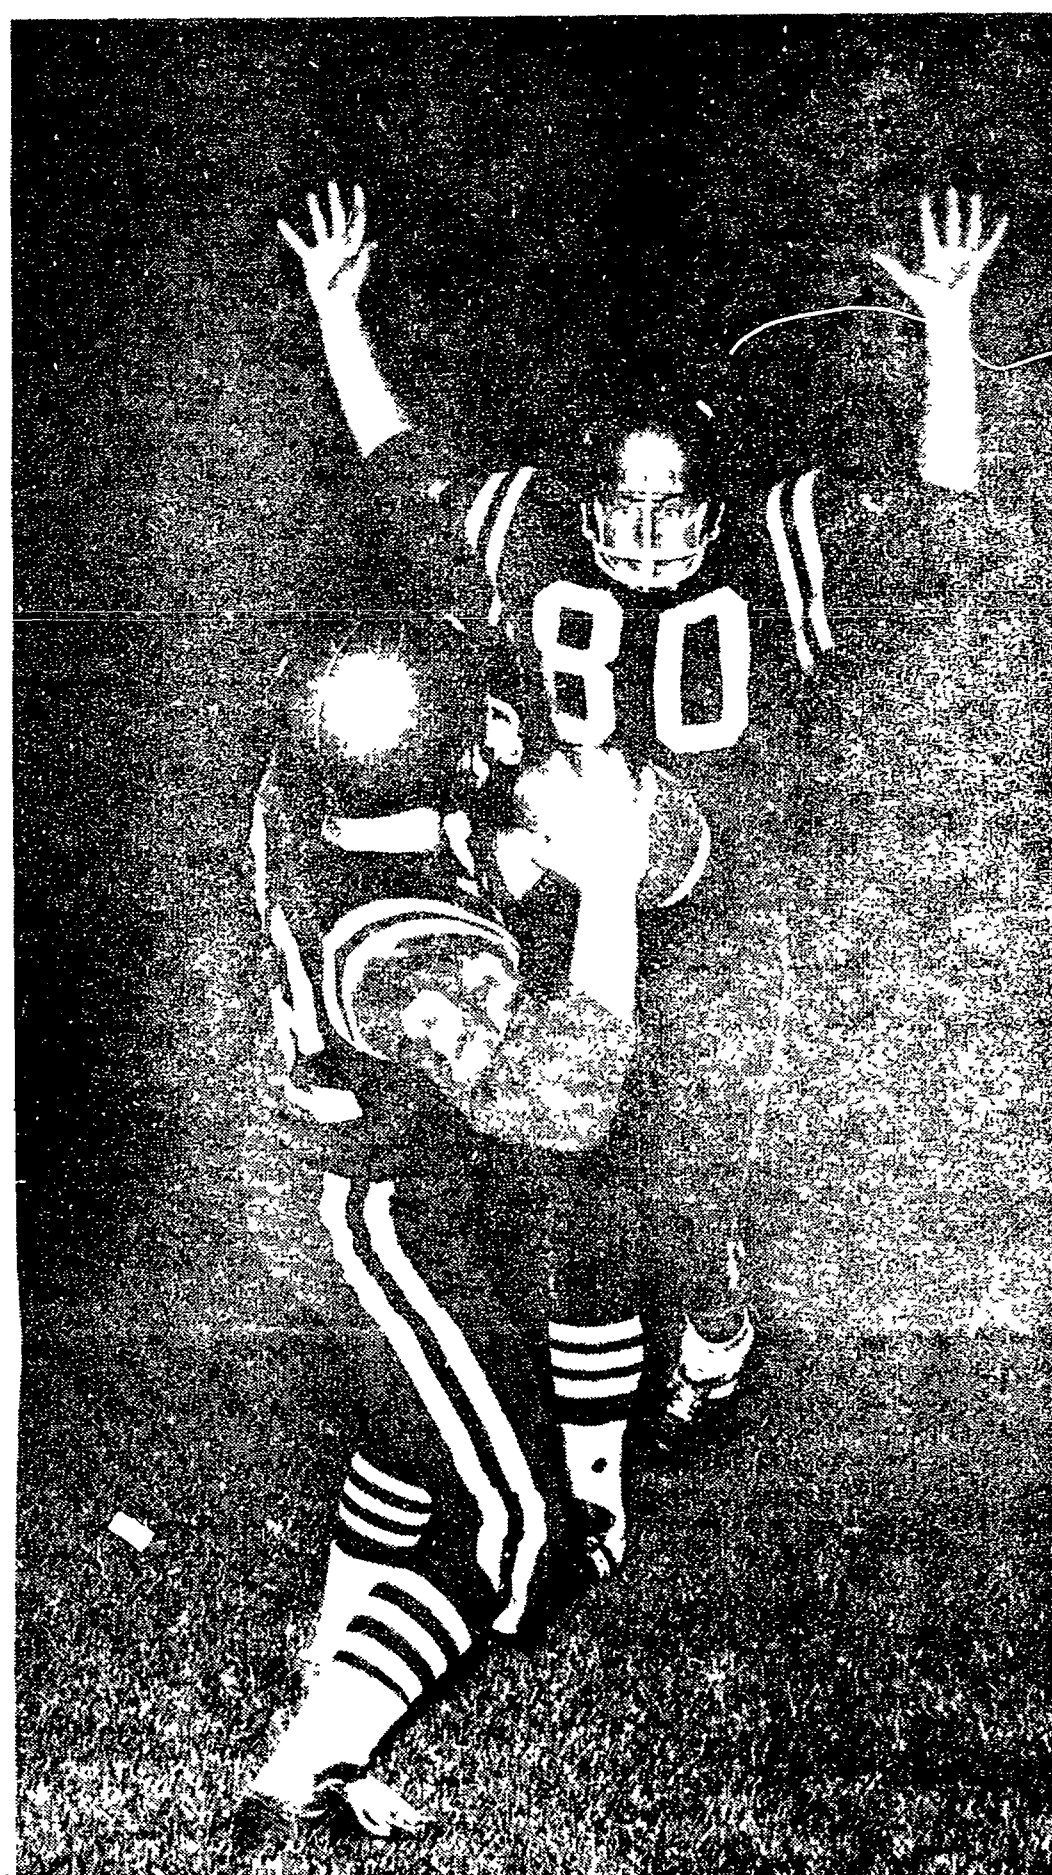

Ron Wiseman, 5'11", 170 pounds; Jim Baran, a 5'10", 180-pound senior and Dave Kochalko at 5'7", 160 pounds and another senior, are the remainder of the backfield. Baran has the most experience, while Wiseman came along well as a sophomore. Kochalko, a regular linebacker as is Wiseman, has performed well in a back-up capacity in the past and looks to be a regular if the back injury to Wiseman sidelines him. Besides McIntosh and Givens and his receiving corps, Keezer has no other backs, so all must stay healthy.

Seniors Darrell Maynard (5'11", 190) and Garry Anderson (6', 195) and junior Milt Lakvold (5'11", 175) stack up as key linemen for the Lions. Maynard and Lakvold are the defensive tackles, while Anderson will perform opposite Glenn Wiseman at offensive tackle.

Keezer feels the most unsettled spots at present are inside linebacker (Ron Wiseman's slot) and tight end. He views his defense as solid and feels the team will score barring crippling injuries.

The Lions open the league season at home this year with always tough Ypsilanti Lincoln after meeting old rival Brighton at home tomorrow.

Athletic director Garvin Smith is again an assistant to Keezer while Roger Proctor replaces Jim Rockel as the other aide. Rockel moved up to assistant principal at the junior high school and the additional duties dropped him from the football coaching ranks.

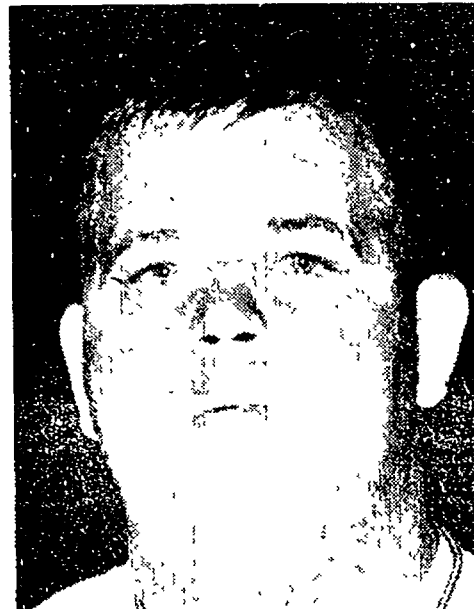

**QUARTERBACK'S NIGHTMARE** — Glenn Wiseman, South Lyon's all conference defensive end will produce sleepless nights for many opposing quarterbacks this fall. He shows his specialty to the consternation of veteran Lion back Dave Kochalk in this shot.

September 18	Plymouth	Away*
September 25	Clarenceville	Away
October 2	Milford	Away
October 9	West Bloomfield	Home
October 16	Andover	Home
October 23	Clarkston	Home
October 30	Brighton	Away
November 6	Waterford Kettering	Home

\*All games played on Friday at 8:00 p.m.

## '70 Mustangs

More than a half-century of arch-rivalry will come to and end tomorrow when Northville travels to Plymouth for the traditional season opener. Schedules of the teams will not permit a non-league game between these two teams.

Coach Alex Klukach's Mustangs will have their hands full in their last chance to avenge past losses to the Rocks, who have dominated this annual classic.

# Injuries Haunt Mustangs

The specter of injury, ever present in football, has worked its grim handiwork in pre-season practice at Northville and could spell real trouble for the Mustangs as they launch their eight game schedule tomorrow.

Coach Alex Klukach's 1970 crystal ball was all but shattered when Bernie Bach (6'2", 204), the senior fullback on whose shoulders the backfield strength rested, was wiped from the roster with a knee injury that necessitated emergency surgery last week.

Co-Captain Bach, who was a stellar performer at end last year, was expected to give the Mustangs their hammering drive at the new position this season.

Compounding Bach's injury was the loss of Robert Norton, 230-pound defensive tackle who must sit out the season with back injuries.

And to make matters worse, End Scott Evans (6'2", 175) came up with a broken hand in practice. Although he was back at practice this week, he will miss tomorrow's opener at Plymouth. If all goes well, he'll be ready to go against Clarenceville next week in Northville's first Wayne-Oakland League contest.

With those kinds of injuries already haunting him and in view of the losses through graduation last June, Klukach must shore up the holes if the Mustangs are to better their 1969 3-4 record in the W-O loop and avenge their two-point loss to Plymouth last year.

Among the star performers who picked up their diplomas in June were Dave Coe, Brian Myers and Fred Holdsworth, all three of whom were picked for the all-area dream team last season.

In conference this season, stiffest competition is likely to come from Clarenceville, West Bloomfield, Bloomfield Andover and Waterford Kettering — all of whom tripped up the Mustangs last year.

"No push-overs either," says Klukach, "will be Brighton, Clarkston and Milford." That being the case, there's nothing easy on the gridiron horizon.

In view of the injuries, Klukach is

## Still Intact

HERE THEY COME — Scot Stuart, Steve Utley and Dale Griffith will be working behind some rugged linemen (l to r) Steve McIntire, Scott Evans, Dick Ruland, Doug Boor, Steve Knapp, Chuck Cook, John Coleman, Joe French, and Jack Murtha.

## Mustang Coaches

CY NICHOLS

HEAD COACH AL KLUKACH

RALPH REDMOND

placing his hopes on star performances by Russ Mills and Jeff Moon.

Both pegged to play at fullback with their 6', 175-pound frames, they possess what Coach Klukach describes as "average speed."

"I think they'll work fine for us but we may have to pull men up from the junior varsity to fill the rest of our backfield."

Piloting Northville's hopes this year will be Steve Utley, who like Bach also played end last year. His football experience, hopes Klukach, will pay off as the 6'2", 180-pounder takes over the quarterbacking reins.

"We're counting on him to develop that arm," says the coach, "and if he comes through we'll have four receivers ready for him."

On the receiving end of Utley's arm will be Rick Sechlér (6', 170) and Scot Stuart (5' 10", 170), both playing halfback slots, and Todd Hannert (6'3", 185) and Jack Murtha (6', 190), who are billed to play at the ends.

"I think we'll be able to run or pass," says the coach. "Murtha was a good defensive end last year and will be one of the keys to our defense this year."

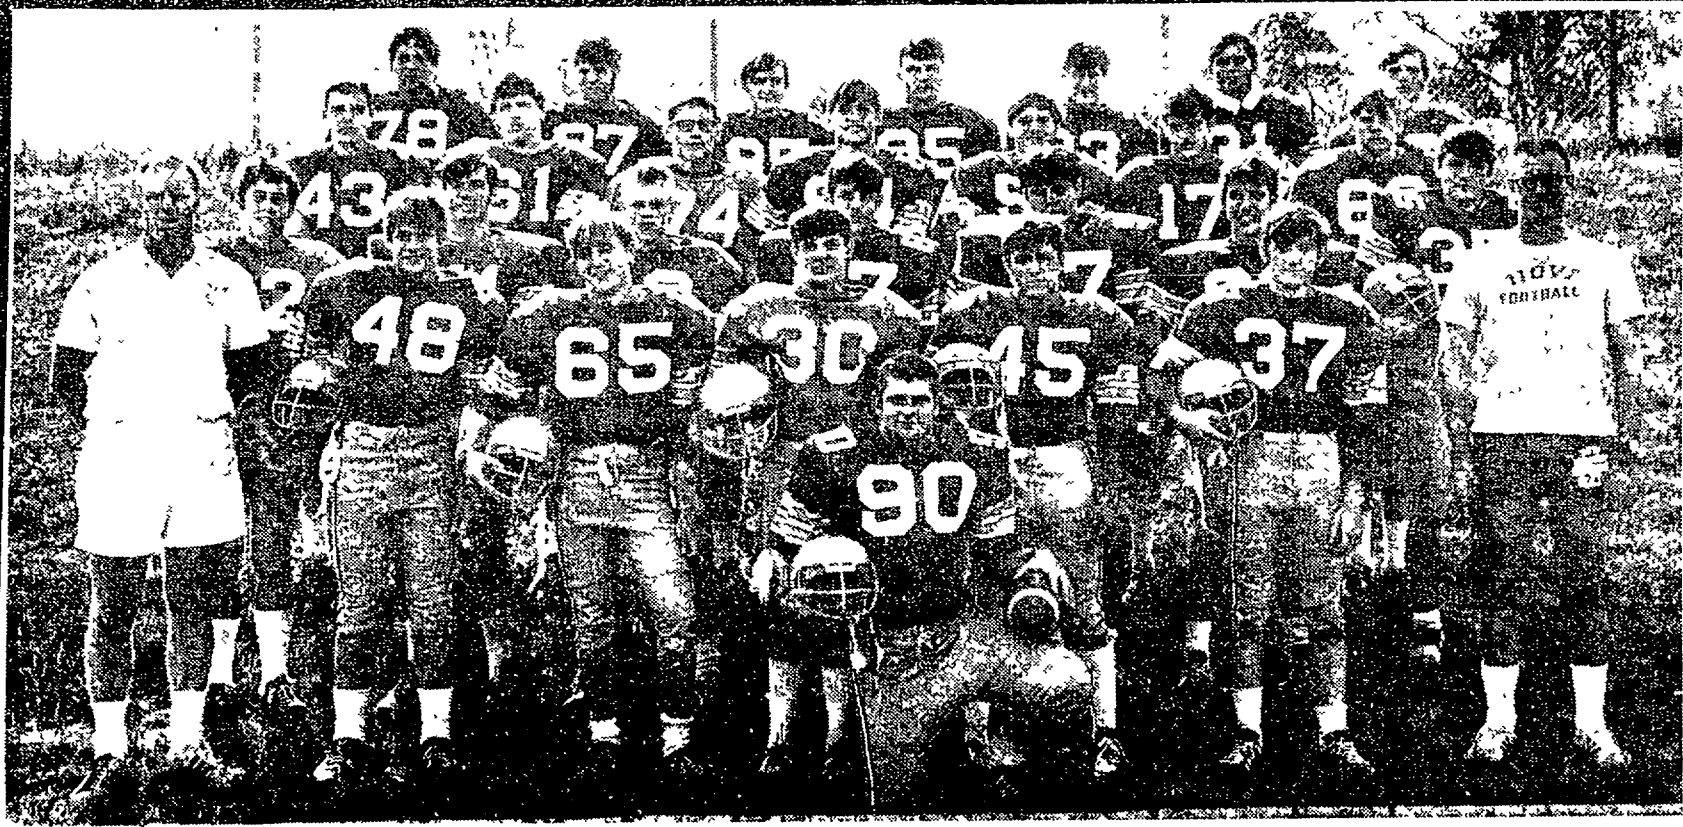

"Our line, both defensively and offensively, will be an asset. We have an average between 190 and 195 both ways. With guys like John Coleman at 215, and Mike Dresch at 220, we should be alright."

# It's New Ballgame for Novi

Faced with a new league, a new season and a new schedule, Novi Coach John Osborne hopes there's some real meaning in the old saw about 'new ballgames'.

He's bent on improving the Wildcats' 2-6 record last year, but he knows it won't be easy. Newcomer to the Southeastern Conference, Novi enters a field of competition that is, for the most part, tougher than it experienced last year as an independent.

The Wildcats have battled four of the conference teams in previous seasons with little success.

"We've discovered a few surprises that may give us some choices in what we do," Osborne said. "We've been running inter-team scrimmages and have discovered a lot of talent that won't limit us in one direction."

**N  
O  
V  
I**

The Wildcats are looking for revenge against Dexter, Chelsea, Ypsilanti, Lincoln and South Lyon — all of whom ended up at the top end of last year's league standings. Chelsea finished 6-0, Dexter and Lincoln tied at 4-2, and South Lyon broke even at 3-3.

Other teams in the conference not encountered last year include Saline (2-4), Milan (1-5), and Dundee (1-5).

Osborne sees it as a season of "alternative rather

than dictates", in which he can choose between a running or passing game without being forced into one or the other.

Possibilities that Osborne sees in the upcoming season include a running-passing combination, with Steve Lukkari and Tom Boyer alternating at quarterback and halfback.

Boyer, (5'10", 150) is fast, said the coach, and most likely to start at quarterback. "He's turned a 5.2 in the 40 yard-dash and he's a good blocker. He's not very big, but he's tough."

Lukkari, (5'6", 130,) a sophomore, has given "a real good

**GREAT EXPECTATIONS** — A passing-running combination between Steve Bosak at halfback (left in rear) and Tom Boyer in the quarterback slot is one of the surprises that Coach John Osborne hopes to pull on the opposition this year. Whatever

happens, it should be safe behind Pat Ford, 140 pound guard, (far left in front); Tom VanWagner, 195 pound guard; Bob Pisha, 218 pound tackle; and Bob Vivian, 161 pound end, or so Osborne hopes.

★ ★ ★ ★

performance," said Osborne, "and it looks now like we can use him."

Pat Boyer, Tom's younger brother, playing interchangeably with Gary Collins at fullback "gives us a lot of depth in the backfield that prior to the this we didn't know we had," said Osborne.

"Our line will definitely be tough to beat," the coach continued. "What with guys like Tom VanWagner (5'8", 195 G,) Bob Pisha (6'3" 218 T,) and Bob Vivian (6'0" 161 E,) we'll have a lot of power and protection for whatever we plan to do."

Osborne seems to be pinning many of his dreams on senior Tom VanWagner. "He's one of the best football players I've ever seen," the coach explained. "He's always in position, his execution is perfect, and he blocks and tackles exactly as he should. Physically he's strong and mentally he's all business. He and

Vivian have been playing since seventh grade and they know a lot about football."

A defensive and offensive end last year, Vivian, also a senior, brings experience and "a lot of praise from the coaching staff" to the offensive end position this season, Osborne said.

"He did a good job both offensively and defensively last year, and we expect him to really show us something this year."

In the market of experience, Pisha is the stranger. A junior this year, he was taken out of play in the beginning of last year's opener with ankle injuries. According to Osborne, he exploded in the closing days of last year's practice with a "lot of strength and a lot of speed," but a idle season has left him untried.

"Despite his lack of experience," Osborne said, "we look for him to do us a lot of service. He's quick for a boy

his size, and he's strong. His teammates have a hard time holding him in scrimmage."

Steve Bosak (5'8" 150 HB) is looked to for extra points, and kick-off service. "I don't know what it is," said Osborne. "He just has a good foot and we look for him to put most of them over the bar. He can also run. He and Boyer are about neck in neck for speed (Bosak has done the 40 in 5.1 1/10 of a second better than Boyer) and will make an excellent offensive running back."

Osborne also looks to Pat Ford, at the 'nose-guard' position, for some rushing speed. "At defensive nose guard you play right over the other team's center and have to go through either the right or the left hole," the coach explained. "It requires a quick boy and somebody who's tough. Ford has quick reactions and his blocking and tackling are excellent."
