

W-O Coaches Balk At Cage Reshuffle

The Wayne-Oakland League basketball set-up was given a major overhauling last week, and the move immediately brought on a wave of protest from league coaches and athletic directors. The reshuffling decided on last week by league superintendents, divides the league into two divisions and reduces the league schedule from 14 to 10 games.

The new program will be in effect during the 1958-59 and 1959-60 seasons. It will be re-

viewed at the end of the 1960 season.

League athletic directors and coaches, meeting Monday with the league board of athletic control (composed of the high school principals), voiced strong opposition to the change. They contended it amounts to unwarranted "de-emphasis".

The coaches and athletic directors voted to refuse to set up the new schedules themselves, and tossed the scheduling into the laps of the principals.

The new schedule will work like this:

—two four-team divisions will be set up. They presumably will be Northville, West Bloomfield, Bloomfield Hills and Clarenceville in one loop and Clarkston, Milford, Holly and Brighton in the other.

—each team will play two games against teams in their own division, and one game against each team in the other division for a total of 10 contests.

—the championship will continue to go to the team with the best overall percentage for the entire league schedule. There will be no championship game between loop winners.

In explaining the changes to coaches and athletic directors Monday night, the board of control said the new schedule was given unanimous approval by all league superintendents Thursday night.

Primary purposes of the changes, they said, was to reduce the number of Tuesday night games, cut down on travel expenses, and give schools a chance to play non-league games with neighboring schools.

Northville Principal Elroy Ellison said the suggestion came originally from Clarenceville high school, where officials have expressed a desire to play in a local Christmas tournament. The full league schedule, coupled with the state limit of 16 games, has made this impossible.

Coaches and athletic directors objected to the new schedule on grounds that it destroys the spirit of competition and makes the league basketball race a myth.

Under this schedule, said Northville athletic director A. Jones, "there is no reason for a sports' league. If we are to have realistic competition, each team should play all teams at equal number of times and the title should go to the team which proves best."

One Clarkston coach said the superintendents acted unfairly in not consulting with coaches and athletic directors "who do the work with the boys and know exactly what the needs and problems of the league are."

Jones traced a history of the group's efforts to solve athletic problems. He said the coaches and directors have "cooperated in every request from the superintendents, but have not had the same cooperation in return."

"It's a one way deal," he said.

Northville football coach Roy Schipper asked that the superintendents and board of control give more responsibility to coaches and athletic directors in deciding such matters.

"Many of us have been to graduate school and presumably know something about athletics," he said. "I'm beginning to wonder just what good a master's degree is."

A Milford coach argued that other school groups, including bands, forensic groups and drama organizations, make long week-night trips. If a group representing only part of a school can do it, he asked, why should not a group representative of the entire school do it.

Northville basketball coach Stan Johnston hinted that the new schedule may not be popular with fans who want to see strong league competition rather than a non-conference game which has nothing at stake.

Ellison said coaches and athletic directors tend to overlook administrative problems connected with inter-school affairs.

"After you are in the business of education a while longer, you'll probably lose some of the 'salt and pepper' type of enthusiasm you have now. Administrators fully realize the value of a league from the standpoint of good relations and spirited competition, but they are not particularly concerned about championships and trophies as such," he said.

Ellison said after the meeting that the new schedule does not necessarily mean that any team will play fewer games. It means only that there will be less league games and more opportunity to play nearby non-conference schools, he added.

The discussion came to a close when one coach moved to accept the new schedule "because the die is cast and we can't do anything about changing it."

Jones then moved to turn the problem of setting up the new two-year schedule to the principals. The motion was approved, 7-1, with Clarenceville voting against it.

Millington, City To Trade Mayors For Michigan Week

Northville will roll out its official red carpet in May for Mayor Claude Ely will be the guest of Millington, a small community between Vassar and Flint.

The exchange of mayors will occur on May 20, when 500 other chief executives from throughout the state will preside over their adopted communities.

Northville and Millington were paired together Monday in a special drawing in Lansing. Governor G. Mennen Williams, honorary chairman of Michigan Week, conducted the drawing.

In other nearby cities Plymouth will exchange mayors with Lexington, Livonia with McBain and Farmington with far-off Escanaba in the Upper Peninsula.

Millington's Mayor Eno is now serving his second term in office. He was re-elected to the post Monday.

Immediately after the drawing Monday, Mayor Anthony Balice of Ionia, chairman of the exchange day, urged all municipal officials to start working with county and community Michigan Week officials.

Many towns have gone all out in their program of welcome for the visiting mayor and his party with tours, parades, banquets and other civic events, Balice said.

Each year has witnessed a broadening of the exchange to include officials other than the mayor, including school officials, club officers and church dignitaries, he added.

Clubs Invite Public To Hear Picard's "Trial of Christ"

The Northville Optimist, Exchange and Rotary clubs will meet next Thursday to hear Hon. Frank A. Picard, U.S. District Judge, give his nationally famous discourse, "The Trial of Christ."

Club members and their wives and guests will be served dinner at the Lutheran church house. In view of the wide public interest in the program, the doors will be opened at 7:30 p.m. to all who wish to attend.

The presentation of the events of Passion Week was published recently in The Detroit Free Press as a Lenten series. Judge Picard, a U.S. District Court Judge at Detroit for the past 10 years, has made a detailed study of the historical and Biblical accounts of the times and sums up the results of his research in this address.

City, Township Top 90% Tax Collection

More than 90 percent of the city and township taxpayers were all square this week so far as their local taxes were concerned.

March 1 was the deadline for payment.

In the city Treasurer A. Russell Clarke reported that 95 percent of the county and school taxes had been paid, while 96 percent of the summer taxes were collected. This compares favorably with other years, Clarke said.

The city's summer tax levy totaled \$86,236.14. Of this \$83,010.74 has been collected. School and county taxes total \$161,772.20 with \$153,806.44 collected.

Roy Terrill, township treasurer, reports slower payment this year than last. Percentage of collection stands at 90.61 percent compared to 94.6 last year. The township's total tax assessment for real and personal property is \$123,619.03. Of this, Terrill reports \$112,056.56 collected.

Found Unconscious On Center Street; Local Man Dies

A Northville man who apparently fell and hit his head early Wednesday morning died a few hours later at St. Joseph's hospital in Ann Arbor.

Matthew A. Meadows, 22850 Chubb road, was found unconscious wedged between a parked car and the street near the post office on North Center. The discovery was reported to police at 2:45 a.m. Death apparently was due to natural causes.

Meadows, 35-year-old father of six, was on his way home from work at the Industrial Painting company, 20400 Schoolcraft, Detroit, where he works the afternoon shift ending at 1:30 a.m.

Police said doctor's reports showed no signs of Meadows being intoxicated. There was no evidence of robbery, they added, or of violence to his body. He failed to gain consciousness before his death.

Mrs. Meadows told police that her husband had recently been under a doctor's care for recurring headaches. An autopsy was held Wednesday afternoon to determine cause of death.

Meadows and his family moved to Northville last June from Farmington.

Besides his wife, Meadows is survived by six children: Danny, 11; Shelia, 10; Susan, 8; David, 5; Anise, 3, and Jill, 2. Funeral services will be held Friday at the Spencer J. Heeney Funeral Home in Farmington. Persons wishing to know time of services may call the funeral home.

DEARBORN'S Mayor Orville Hubbard found some sympathetic listeners to community problems Tuesday noon as he addressed Rotary club members. From left are Councilmen Canterbury and Reed and Mayor Ely.

"Incorporate Township" Hubbard Tells Northville

Orville Hubbard, Dearborn's popular rotund mayor, had a bit of advice for Northville Tuesday noon as he put in an appearance as guest speaker of the Rotary club.

"Incorporate the township into the city and protect your area against poor zoning and planning problems that lead to slums," he told the audience of businessmen, city and township officials.

He called his recent proposal to incorporate 15 southeastern Michigan townships into one giant municipality "just an idea that has been tumbling through my mind." He admitted that it would be difficult to sell and that his letter to the township boards was "just a matter of expression."

He was firm in his belief, however, that one large city government would be superior to a maze of smaller governing bodies.

The 53-year-old Hubbard has served as Dearborn's mayor since 1942. His amiable manner and keen sense of humor drew frequent laughs from the audience without detracting from an ability to give direct answers to more serious matters.

Accompanied by a police lieutenant and a press agent, Hubbard was slightly late in arriving but extremely punctual with his ending. A small wrist-watch alarm warned him when his allotted time was up.

Before his close, Hubbard had these observations:

—About newspapers: "they must have their show; take away the ads and what have you got?"

—About the Wayne county board of supervisors: "the only thing supervisors outside of the city of Detroit gain by attending meetings is \$15 a day."

—About the Northville Rotary club: "Why don't you adopt a resolution approving my plan for consolidation of 400 square miles and you'll get all kinds of publicity."

WHEREAS, The Council of the City of Northville feels that such additional dates would be a benefit to the merchants of this City, as well as to the community as a whole, and

WHEREAS, the additional revenue to the City from this fall meet would allow it to proceed with some much needed capital improvements.

NOW THEREFORE, it is hereby resolved that the Council of the City of Northville supports the application of the Michigan Horsemen's Racing Club, Inc. for the aforementioned racing dates and requests the State Racing Commissioner to grant said application.

Council Supports Bid For Extra Racing Dates

A decision in the final hearing held yesterday to determine whether Northville should have additional racing dates this year will probably be made next week, according to James Inglis, state racing commissioner.

Inglis stated that he was "not surprised" at a resolution passed by the Northville city council supporting the Michigan Horsemen's Racing club's appeal for October 7 to November 2 racing dates at the Downs this year.

The resolution was passed in special session at 6 p.m. Tuesday and presented at the Wednesday morning meeting. Inglis said the request would be "given consideration" but that two councilmen had already appeared at previous hearings and expressed the community's interest.

Councilmen Stubbenvoll, Reed, Allen and Mayor Ely met briefly Tuesday to approve the action. Councilman Canterbury was absent. The resolution read as follows:

WHEREAS, The Council of the City of Northville feels that such additional dates would be a benefit to the merchants of this City, as well as to the community as a whole, and

WHEREAS, the additional revenue to the City from this fall meet would allow it to proceed with some much needed capital improvements.

What to do with Community Building

Officials Ponder Puzzling Problem

3 from Northville Seriously Injured In Taylor Accident

Three Northville residents who live within a few miles of each other were seriously injured Friday afternoon when their two cars collided nearly 25 miles from home.

Injured were:

Alfred Strasen, 58, 50900 West Six Mile.

Mrs. Jean Cole, 508 West Main.

Mrs. Samuel Geraci, 19691 Clement.

The accident occurred Friday afternoon at Inkster and Pennsylvania roads in Taylor township. Police so far have been unable to determine exactly how the collision occurred.

Strasen, son-in-law of Northville township treasurer Roy Terrill, was reported in critical condition at Mt. Carmel Mercy hospital in Detroit. He still had not regained consciousness Wednesday, according to Terrill.

Strasen reportedly suffered several brain concussions, a crushed chest, broken collar bone and internal injuries.

Mrs. Cole is in serious condition at Sessions hospital in Northville. She reportedly suffered a brain concussion and injuries of the wrist and legs.

Mrs. Geraci, who only several days before was recruiting volunteers for Red Cross home-nursing and first aid courses, was reported "improving" at Wayne County General hospital. She had been on the serious list.

Mrs. Geraci received a broken hip, ribs, elbow and arm, as well as head injuries, a hospital spokesman said.

Mrs. Cole and Mrs. Geraci were riding together in the same car, with Mrs. Cole at the wheel. Strasen, a right-of-way official for Wayne county, was traveling on business at the time of the accident.

Police said they have so far been unable to get intelligible statements as to how the accident occurred.

Twelve officials of Northville's city government and schools undertook last week to come up with a compromise solution to a problem peculiar only to this community. One dinner, hundreds of words and five hours later the problem remained, perhaps somewhat complicated by a multiplicity of ideas and opinions.

Nevertheless the first step had been taken in a matter of extreme local interest. What should be done with the Community Building?

As lines were drawn and sides of opinion formed, the discussion took on the appearance of a tightly contested poker game. Each participant played his cards "close to the vest" and the \$220,000 stake was alternately described in terms ranging from a valuable asset to a white elephant.

Construction of the Community Building began in September, 1953 after several years of study. Original elaborate plans would have included a second floor and possibly facilities for city offices. These plans were revised after estimates reached \$500,000. Even at that time committees wrestled with the idea of building the structure so that it might be used by the schools.

The village had \$180,000 in its Community Building fund when work began. This money represented several years' receipts from Northville Downs given in return for water, police and special services. Land on which the building was erected was owned by the city.

From the outset it became apparent that the cost of maintaining the building would be prohibitive for the city. It was decided early to lease the building to the schools, thereby turning over this expense as well as general control of it.

The net result of this arrangement has brought charges that Northville has neither a "community" or a "school" building. Nevertheless, the arrangement has freed the city from a \$10,000 a year maintenance expense and provided the schools with needed space.

In spite of its recent \$3,000,000 bond issue to enlarge the American school, build a high school and remodel the junior high, school board members feel there is still need of the Community Building in the school system. How great the need in terms of dollars and cents, they hesitate to say.

On the other hand city fathers are inclined to feel that capital derived from the sale of the building could be put to good use for needed community improvements. Some members of the council reason that under school ownership, the building would become more truly community-owned by residents of the entire school district.

Even as it appeared that the majority might agree to a transferral of ownership, lips tightened when the matter of price arose. At one point it was suggested that the total investment by taxpayers in the building, aside from the revenue from the Downs, might be used as a selling price. The sum was calculated at \$60,000.

To complicate matters still further, school board members pointed out that there were no funds available to purchase the building. Another bond issue would be unlikely, and terms of the present bond funds specifically restrict their use.

An even more complexing thought was tossed into the discussion when it was pointed out that taxpayers would, in reality, be buying a building they already own.

Despite some differences of opinion and efforts of members to work for the interests they represent, the meeting closed on a note of general agreement. The answer would come from whatever proved to be the greatest good for the majority of taxpayers of the community.

If any winner had to be chosen from the meeting, the school board would get the nod. Mayor Claude Ely picked up the dinner tab.

Flapjack Flippers At Legion Supper

The champion flap-jack team of the American Legion will combine their talents with sausage-cookers at the organization's pancake supper Tuesday evening.

Genuine maple syrup is also on the menu. The affair will be held at the American Legion Memorial Home from 5:30 to 8 p.m.

The question of whether horsemen will be allowed to use new Northville Downs' barn prior to the 15-day zoning limitation will be decided tonight by the board of appeals.

A special meeting is scheduled for 8 p.m. at the city hall to act upon a request by Dr. L. W. Snow. According to Dr. Snow, the early racing dates, scheduled to begin April 18, make it impossible for Michigan horsemen to train their horses properly at the local track. Under zoning of the St. Lawrence property barns, use is restricted to 15 days before and after the season.

Waiver of this stipulation for this season would give trainers another two weeks.

Report Shows What's Ahead In City Street Repair Program

Last week Northville's city manager gave the council the answer to an often asked question. One that pops up every time a taxpayer travels over a bumpy, unpaved street: or a housewife sees road dust spraying her newly washed laundry.

The question, of course, is "when will our streets be paved?" "And when can the improvements that go along with paving—storm sewers, curbs and gutters—be installed?"

The answer is a staggering one. It's a \$400,000 answer, conservatively speaking.

More than 10 miles of city streets remain to be improved. If done all at once, the city manager's estimates show the cost would run close to the \$400,000 figure. A year at a time, in the face of rising costs and added damage to the streets, this total could run much higher.

This summer the city will reduce the sum by nearly \$50,000 when Wing, Fairbrook and First streets get storm sewers, curbs and gutters.

NEW LEADERS AND NEW BROWNIES who celebrated the Girl Scout birthday for the first time this year are Mrs. Fred Russell, daughter Linda, Kathy Miller and her mother, Mrs. Robert Miller. Mrs. Miller is leader of Brownie Troop 1. and Mrs. Russell her co-leader. The celebration wound up with a Girl Scout sing Tuesday at the Amerman school.

Twenty-four Winners in Bird House Contest

BUILDING A BETTER BIRDHOUSE than these first prize-winners would be a pretty hard job. Mrs. D. Hurd Clark inspects the birdhouses with Terry Cherne (first, feeders); Bairon Stader (first, wren houses); William Renard, working instructor; Bob Stuber (first, bluebird house) and Wade Deal (first, nesting shelters).

Birds that flock to Northville this summer had better consider themselves pretty lucky — the housing that awaits them is going to be the finest.

Thanks to the efforts of the Northville branch of the National Farm and Garden association, woodworking classes of William Renard, and local cub scouts, finely made, brightly colored birdhouses will soon be up and ready for tenants.

Prizes from the Garden club totaled \$110, in addition to the traditional prizewinning ribbons. Judging of the birdhouses was

Due to an error in last week's Record, announcing Tuesday as judging day for the bird house contest rather than Monday, many Cub Scouts were unable to have their houses judged.

Mrs. Hurd Clark is planning a separate judging for those who have made houses. They may call her at Northville 661.

held last Monday at the Community Building, when prizes were awarded for the best efforts in five divisions: feeders, nesting shelters, martin houses, wren houses and blue bird houses. Judges were LaGene Quay and James Madigan, Northville high school teachers.

From Mr. Renard's class, winners were: Feeders — Terry Cherne, first; John White, second; Don Fraser, third; Jon Batzer, fourth; Nesting Shelters — Wade Deal, first; Roger Atkinson, second; Carl Leavenworth, third, and John Early, fourth.

First prize in the Martin House division went to Richard Schneider; Gary Morgan, second; Fred Mitchell, third, and Robert Gotro, fourth; Wren Houses — Bairon Stader, first; Dick Ritter, second; Ed Proctor, third, and Larry Putnam, fourth.

For the best Bluebird House — first prize went to Bob Stuber; Carl Green, second; Jon Nichols, third, and Dennis Vowell, fourth.

Of the Cub Scout houses turned in, Michael Gillahan was first prize-winner in the birdhouse division, and for the best feeders, David Mulligan was awarded first; Jimmy Weidner, second and Michael Gillahan, third.

All bird houses that have not been sold are available from the woodworking classes.

BIRTHS

Mr. and Mrs. Fred Watson of Garden City announce the birth of a son, Joseph Leslie, March 8 at Mt. Carmel hospital. Mr. and Mrs. Watson formerly lived in Northville. They are the parents of two other sons and a daughter.

"Housewives' Folly" On Musical Bill For Woman's Club

A musical review featuring a high stepping chorus line and sparkling calendar girls will highlight the final meeting of the Northville Woman's club tomorrow.

The program, titled "Housewives' Folly", is under the direction of the music committee, composed of Mrs. Richard Kay, Mrs. Harper Bryton, Mrs. Leslie Lee, Mrs. Edwin Langtry and Mrs. Frank Martin, Jr.

Beginning with a tureen luncheon at 12:30, the annual meeting with election of officers will precede the program.

Tomorrow's meeting will be at the Presbyterian church house, rather than at the Community Building as previously announced.

St. John's Auxiliary Plans Book Review

The women's auxiliary of St. John's Episcopal church, Plymouth, is sponsoring a book review next Tuesday at 1 p.m. at the church.

Mrs. Charles Dengler of Jackson, will review "Saints and Sinners" by Louise Hall Trappe. Tea will be served following the review.

Reservations may be made with any member of the Plymouth auxiliary, by calling Plymouth 718-J or Plymouth 1194-M. Those in Northville may call Mrs. James McNeice, 376, or Mrs. Frank Dotterer, 616-M.

Six Local DAR Delegates Attending State Conference

Next Monday's meeting of the Sarah Ann Cochran chapter of the DAR will find members hearing a progress report of delegates to the state conference, which begins today for a three-day period in Grand Rapids.

Attending the conference as delegates are Mrs. Claude Crusoe, regent; Mrs. Harry Deyo, state honor-roll chairman, and Mrs. Earl Mastick, friends of museum chairman. Other delegates are Mrs. Kenneth Hulsing.

Suburban Shrine Club Holds Meeting

Members of the Suburban Shrine club will hold their monthly meeting next Monday at Arbor-Lill dining room in Plymouth.

Charles L. Wilson, illustrious Potentate of the Moslem Temple, and members of his Divan will be guests.

HERBERT KOESTER CANDIDATE FOR SUPERVISOR OF NOVI

An election is coming up. It seems to us, accordingly, a fine time to decide on who is going to run Novi Township — and how.

The people will have to decide whether they want, basically, a 1957 streamlined model of government or one that reflects the Dark Ages.

It's as simple as that.

—Pd. Pol. Ad

Former Resident Receives Honors

A former Northville boy who now lives in Paradise, California, was recently elected a delegate to the annual California Boys' State sponsored by the American Legion.

He is Mike Sonnenberg, son of Mr. and Mrs. L. V. "Dutch" Sonnenberg. His mother is a sister to Mrs. Otis Tewksbury of Northville.

Mike has participated in many activities and kept a consistently high scholastic achievement. He is an Eagle Scout, a member of the Order of the Arrow, and on his high school student council for two years. He served as vice-president of the student body in 1956, and is at present junior class president.

What's Cooking?

(What's your favorite dish? If you will share it with other Northville housewives, please call The Northville Record's society editor, telephone 200.)

DOING THE HONORS in preparing the dessert is Bobby Langtry, while his mother, Mrs. Edwin Langtry and sisters, Carolyn and Mary Lou oversee the job.

An easy and tempting dessert is contributed this week by Mrs. Edwin Langtry of Thayer boulevard. It's Cherry Cocoanut Crisp—made with a simple filling and sugar crumb shell.

Mrs. Langtry is the mother of three children — Carolyn, 13; Bobby, 10, and Mary Lou, seven.

CHERRY COCOANUT CRISP
Cook until thick:
20 ounce package frozen cherries
½ cup sugar
2 tablespoons corn starch

Mix together for crumb layer:

¼ pound butter
½ cup sugar
1½ cups flour
1½ cups cocoanut

Spread one-half of crumb mixture in pan. Over with cherry mixture and top with rest of crumbs. Bake at 400 degrees for about 30 minutes. Serve with ice cream if desired.

Garden Club Plans Ahead To Fall

The March meeting of the Northville branch of the National Pamp and Garden association was held Monday at the home of Mrs. George Kohs of West Cady street.

Mrs. N. K. Pattison presided in the absence of Mrs. Glenn Cummings. Assisting hostesses for the meeting were Mrs. H. A. Willis, Mrs. John Haller, Mrs. L. M. Heaton, Mrs. Clyde Schoultz and Mrs. A. S. Vershaeve.

Three new members were introduced to the group: Mrs. Howard Cadwell, Mrs. Thomas Smith and Mrs. E. O. Whittington.

Mrs. J. W. Hoehl, a charter member of the organization who is moving from the community, was made a life member.

Future dates announced include the Tri Club luncheon, to be held April 9 at Meadowbrook Country club. The speaker will be Mrs. Graham of Lansing, whose topic will be "The Black Magic of Herbs". Tickets are available from Mrs. Merne Eilber.

Also coming up are the annual meeting of the Michigan Division to be held in Ann Arbor on May 22 and 23; and on May 27, a tour of William Hudson's gardens. The fall flower show will be Saturday, September 14.

The program of the afternoon was presented by Mrs. R. D. Merriam, conservation chairman of the Northville branch. After adjournment, the group went to the Community building to view the bird house exhibit.

Fashion is something barbarous, for it produces innovation without reason and imitation without benefit.
— George Santayana

What Northville Girl Scouts Are Doing

Brownie Troop 4—

For the last few weeks members of Troop 4 have been practicing songs and dances for the Girl Scout birthday party. Mrs. Jennings has come to the meetings to help with them. Previous to this they had several interesting projects. For Valentine's day they made candy baskets for the patients at Eastlawn. They traced pictures on foil covered wood frames. They also made place mats for the table from yellow cloth, on which they drew pictures and lettered the troop number. This week they attended the birthday party at Amerman school.

Girl Scout Troop 6—

At their last meeting, Troop 6 sang songs and darned socks.

Girl Scout Troop 19—

Members of Troop 19 sang songs. They had the nibble and closed with the friendship circle.

Girl Scout Troop 17—

Troop 17 discussed the badge which is to be worked on by the troop. They also discussed their birthday party which will be March 29. Lisa Schwartz was the representative at the Girl Scout song fest.

Brownie Troop 3—

The last meeting of Brownie Troop 3 was held at the Presbyterian church. The girls made puppets out of paper mache and are going to paint them at their next meeting. They closed by joining hands in the good-night circle.

Girl Scout Troop 11—

Since our scout news hasn't been in the paper for a while, we would like to thank Mrs. Coy Kendall and Sherry for the wonderful Valentine party they gave us. We would also like to thank Mrs. Johnson for the cake. Our troop is now working on its first class badge in curved bar rank.

If we educate enough of our individuals in the fundamentals of peace and security, frictions and irritations between countries will rapidly diminish.
— George C. Marshall

News Around Northville

Enjoying bridge at the Lansing home of Mrs. Sterling Eaton last week were Mrs. Harry Wagenschütz, Mrs. Ted Kampf, Mrs. Frank Lamberton, Mrs. A. W. Hahn, Mrs. Harold Bloom, Mrs. James Littell and Mrs. W. Leonard Howard. The group also visited the state senate and house of representatives.

Mr. and Mrs. James Littell were in Chicago last week end visiting their daughter and son-in-law, Mr. and Mrs. Ron Wick.

George Dixon of Yerkes avenue is a patient at Sinai hospital in Detroit.

Mrs. Horace Boyden of First street entertained at luncheon Monday at Arbor-Lill in Plymouth. Guests included Mrs. Emma Reed, Mrs. Joseph Denton, Mrs. Cass Bolton and Mrs. E. M. Starkweather.

Mary Lee Bryan of Haggerty road has recently been elected to the office of athletics co-manager for Angell house of Alice Lloyd dormitory at the University of Michigan.

Mr. and Mrs. G. C. Peters of South Center street were recent visitors at the Clermont Citrus Tower enroute to Daytona Beach, Florida. With them were Mr. and Mrs. J. W. Root of Gananogue, Ontario and Mr. and Mrs. L. DeJonge of Webster, New York. Mr. and Mrs. Peters plan to spend four weeks in Florida.

Mr. and Mrs. Clyde Schoultz of Cady street returned last week from a one month tour of Florida. During the week they spent in Hollywood, they visited Mr. and Mrs. Edwin Flaherty of Northville.

Mr. and Mrs. Howard Meyer of Eight Mile road and Mr. and Mrs. Crispin Hammond of Timberlane attended the Ice Capades review in Detroit last Thursday night.

Cherry Lee and Terrence Pat Meyer attended the Ice Capades in Detroit last Sunday with their parents, Mr. and Mrs. Howard Meyer.

Home from the University of Michigan last week end was Carolyn Burkman, daughter of Mr. and Mrs. J. C. Burkman of East Eight Mile road.

Mr. and Mrs. Glenn Jewel of Mecosta were the Saturday guests

of Mr. and Mrs. E. F. Clark of High street.

Russell Kink of Mecosta was the guest last Thursday of Mr. and Mrs. E. F. Clark of High street.

Mrs. Glenn Beach of White Cloud will visit Mrs. E. F. Clark this week.

Mrs. Claude Crusoe will attend the Daughters of the American Revolution convention March 14 through 16 in Grand Rapids. Mrs. Crusoe is regent of the Sarah Ann Cochran chapter.

Mr. and Mrs. Claude Crusoe returned last week from a two and one-half week trip to Fort Lauderdale, Florida.

Mr. and Mrs. Harold Bloom of West Main and Mr. and Mrs. Jack Taylor of Six Mile road were the guests last week of George Stalker in Hinsdale, Chicago.

Attending a meeting of the Presbyterian Church School Association at the First Presbyterian church in Royal Oak last Monday were Mrs. Howard Meyer, Mrs. James Cowie, Mrs. Robert Shafer, Mrs. George Hill and Mrs. Edwin Erwin.

Hear Guest Speaker At Nursery Meeting

Mrs. Sally Thomas of the Rosedale Gardens Play Group spoke to the members of the Northville Cooperative Pre-School Play Group at their monthly meeting held March 4.

Membership chairman Mrs. Carol Northrup has announced that there is an opening in the three-year old class and one in the four-year-old class. Anyone interested in enrolling a youngster in the group, which meets Monday, Wednesday and Friday mornings in the Northville Presbyterian church, should contact Mrs. Northrup at Northville 872M.

If anyone in the Northville-Plymouth area has a baby animal that could be borrowed for a morning, Mrs. Hartt, teacher of the three-year-olds, would be glad to pick it up and return it. The animal would be kept in an enclosure and would be treated gently and kindly. Please call Mrs. Hartt at Northville 908R if you have a baby pig, rabbit, etc. which she could use for exhibition purposes.

Orient Chapter Plans Pot-Luck

A pot-luck dinner will precede the regular meeting of Orient chapter, OES, tomorrow evening.

Dinner will be served at 6:30 p.m. Guests are asked to bring their own table service and a passing dish.

Past Matrons To Meet Monday

The Past Matrons club will meet at the home of Mrs. Betty DeKay next Monday at 12:30 p.m.

A dessert luncheon will be served.

Phone local news items — parties, dinners, trips — or just a friendly get-together with the neighbors — to the society editor, Northville 200.

News of Northville High School

Seniors Plan Washington Trip

Many Local Girls Turn To Nursing

Young women in Northville are certainly doing their share to help alleviate the drastic shortage of nurses in American hospitals.

During the past six years, 13 young women from Northville have completed training as registered nurses or in practical nursing, and seven are in training at present.

Registered nurses include Eunice Waterman, Eugenia Stanford, Helen Stanford and Shirley Smith, graduates of Henry Ford Hospital school of nursing; Mary Hollis, Betty Houseman and Sylvia Hollis, from Grace hospital; Esther Rossow, from Lutheran hospital, Fort Wayne, Indiana; Ruth Simmons, from Sparrow hospital, Lansing; Luanne Robinson, from Highland Park hospital in Detroit; Helen Meaker, Bronson hospital in Kalamazoo; Judith Tetzlaff, from Deaconess hospital in Detroit. Florence Farrell graduated from the Jones Practical nursing school in Ann Arbor.

In training at present are Rita Skow, Foote hospital in Jackson; Lelah Skow, Mt. Mercy hospital in Cedar Rapids, Iowa; Alice Lockhart, Harper hospital in Detroit; Theresa Wick, St. Joseph's hospital, Ann Arbor; Patricia Madigan and Carol Kaiser, at Mercy college, and Cynthia Gates, who is training at Jones practical nursing school.

ON THE JOB

when it counts

"Hoof Prints"

"Mustang Hoof Prints" is prepared and written by the Northville high school students under the supervision of Miss Florence Panaltoni.

Associate Editor — Michael Peitz, Nancy Lawrence;

Staff: Penny Niece, Nancy Morrison, Gary Holman, Brenda Workman and Bernhard Muller.

Freshmen Plan Spring Dance

The ambitious freshman class has already got its April 6 dance under way. The class met on Thursday, March 7 to set up the various committees for the project. They voted to have an individual ticket selling program.

Plans for a Detroit disc jockey, Clark Reed, have already been made. The class will meet in the near future to clear up any details.

Librarian Takes Needed Rest

Miss Ione Palmer, high school librarian, left last Monday for a well deserved vacation. Her doctors told her she must leave for four weeks because of her health.

Mrs. Pauline Smith has taken charge of the library during her absence. There are three senior staff members helping Mrs. Smith; Penny Niece, Mary Palmer and Margaret McGee.

"You'll never," said the caterpillar, seeing his first butterfly, "get ME up in one of those things!"

Time for the annual senior trip is growing ever nearer for the class of 1957. The financial part of the trip plan was taken care of by dividing the amount each person owes into three payments, or one-third of the money at each designated time. The first payment was collected during the week of February 25 through March 1.

The seniors, with the advice of their sponsors, Mrs. Lee and Mr. Mollema, decided they would uphold the school tradition by taking the Skyliner trip to Washington, D.C. They will leave Northville on May 11, most of them bleary-eyed from the senior prom the night before. However, they probably will be too excited to worry about feeling tired.

The seniors are looking forward to their five-day Washington tour with great anticipation. The juniors are looking forward to that day, for it means that they will be the oldest class in school until the seniors return.

Eleven Girls Read in Contest

Last week, Thursday, 11 girls competed with might and main against each other in the interpretive reading contest. Fighting for first place in the competition were Giannine Bertoni, Joan Baskins, Roseanne Perrault, Sandy Moose, Emilie Seguin, Barbara Rollings, Barbara Weiss, Julie Older, Dorothy Welch, Suzie Dewsbury and Judy Junod.

Judges Charles Yahne, Clarence Mason, Miss Diane Lance, Miss Patricia Dorrian, Miss Patricia Bubel and Mrs. Jean Fitzgerald, announced that Suzie Dewsbury had won first place, Julie Older second and Emilie Seguin third.

In the declamation contest after school on the same day Nancy Beard won first honors, Mary Lamb second and Patty Willing third.

Many a feller goes broke, waiting for a break.

Kindergartners Test Theory: Will Gingerbread Men Run?

Last week, Tuesday and Wednesday, 20 bright-eyed, excited little kindergarten boys and girls trooped into the ninth grade home economics class in the high school. They were about to embark on a gingerbread-making adventure, with the help and supervision of the freshman girls.

Juniors Await 'One Foot in Heaven'

The junior class held a meeting Monday, March 4. At the meeting they discussed the bake sale they had Saturday, March 2.

It was decided that they would undertake no other money-making projects until their play, "One Foot in Heaven" is produced.

The president, Dick Stuber, turned over the committee organization and control to treasurer, Ed Wittenberg.

garden teacher, had read them the familiar old story about the gingerbread man who came to life and ran away. As a result, the children decided to make their own gingerbread in order to see if it too would try to run away.

They began their project Tuesday morning by measuring, mixing and chilling the prescribed ingredients. On Wednesday morning, they returned to the home economics room in order to roll, cut out, decorate and bake their creations.

This project was also beneficial to the ninth grade home ec. class, taught by Miss Corinne Clark, because they happened to have been studying child care at that time. Working with the kindergartners gave the girls the opportunity to observe the social behavior of children on that age level.

Palladium Sales End Last Week

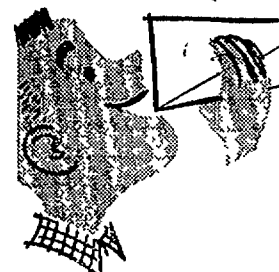

March 7 brought to an end the 1957 Palladium sales campaign. This year, as in previous years, the sale was very successful.

The promise of a few surprises in this year's book has encouraged more students to buy it. At present the staff has been working hard lining up pictures, assembling pages, and taking care of numerous other jobs in connection with putting out a year-book.

Although there is much work to be done, it is hoped the book will be ready for press on March 16, which is the deadline. In this way, the published books would be back and ready for distribution by the first week of June.

'HO, HUM: Yawns' are caused in two ways: 1) the involuntary tendency to imitate, 2) a temporary deficiency of oxygen reaching the lungs.

'Blown' Out of Tourney, Northville Protests Officiating

Vikings Thump Mustangs For District Championship

The Northville Mustangs bowed out of the running for state basketball honors Saturday evening in a nightmarish game marred by more whistles than an army post at reveille.

The Mustangs tumbled to powerful Walled Lake in the district finals, 81-57, after gaining the right to play by drubbing Milford, 61-40, the night before.

Mustangs Humble Weak Milford '5' For Third Time

Northville moved into the final round of district tournament play Friday night by knocking off a weak Milford squad for the third time this year.

The Mustangs led all the way in dropping the Redskins, 60-41. The victory gave Northville the opportunity to tackle Walled Lake for the district championship the following night. (See story above).

Three Mustangs hit in double figures as Northville scored almost at will. Coach Stan Johnston used nine players, including two from the junior varsity, to keep the score from running up.

Northville moved to a quick 17-14 lead at the end of the first quarter and enlarged it to 31-23 at the half. The Mustangs broke the game wide open in the third quarter, and entered the final period with a 48-30 margin.

Guard Dick Biery paced Northville, scoring 17 points. Biery was on fire in the first period as he sank four field goals and two free throws for 10 of the Mustangs' 17 points.

Center Bill Yahne spaced his scoring evenly to garner 16 for the game, while guard Bud Bell put on a second-half surge for 12.

A Foul Evening

Referees, linesmen and umpires have never ranked among the most popular individuals in the sporting world. The very nature of their work demands that they give an advantage here, take a penalty there. They can't do this and still be considered nice guys.

Even so, it was remarkable to witness the universal criticism of the two officials who presided over Saturday night's district championship game between Northville and Walled Lake.

It came from all quarters — from Northville, Walled Lake and visiting schools, from players, coaches and school officials. And it came most vocally from more than 1,000 fans who time and again broke into deafening roars of disapproval, fist-shaking anger and unbelieving gasps of surprise at the officials' decisions.

During and after the game, charges hurled at the pair ranged from simple "blindness" to ignorance of the rules. Probably many of the charges are unfounded. But, to almost any observer, it was obvious that two indictments could be made to stick: ineptness and inconsistency.

It's hardly necessary to cite examples of the sloppy officiating. Every fan there probably has his own favorite. Besides, statistics tell a much better story than an isolated incident could. They are most impressive:

—officials called a total of 35 fouls on Northville. A fantastic number for any game, it is even more amazing when it is considered that Northville is co-champion of its league and presumably knows something about playing the game.

—five Northville players were sent out on fouls, and three of them had four fouls before the first half was over.

—in the second period, officials called 13 fouls on the Mustangs but did not detect ONE violation on Walled Lake's part.

—the record for the first half was a disproportionate 19 fouls for Northville against six for Walled Lake.

(Lest the comment of "sour grapes" be leveled, however, it should be pointed out that no one doubted the superiority of the Walled Lake squad. The Vikings are an awesome basketball powerhouse, and deserve the state title that probably will be theirs.)

The crowning blow of all, however, came at half-time when one referee suddenly ejected Northville athletic director Al Jones from the Northville bench.

True, Jones had told the official in rather certain terms that the refereeing was "miserable". But he did not create a scene; he did not disrupt the game; he did not utter it publicly; he did nothing to justify expulsion.

He merely gave the same honest — though undoubtedly irritating — opinion that the 1,000 fans had been giving for the previous half hour. What's more, it was the opinion of a man who has spent his life in athletics and who has gained a strong reputation as a well-respected game official himself.

There's more to the story, for whatever it may be worth. Brighton, which played Walled Lake the previous night, complained against the two officials FOR EXACTLY THE SAME REASONS and even warned Northville about them before hand.

Fortunately, Northville is not taking the matter lightly. Principal Elroy Ellison has written to state high school athletic officials about the matter and Coach Ron Schipper will take it up again next week at a meeting of state high school coaches.

But whatever comes of these two protests, one happy thing appears certain:

The two officials at Walled Lake Saturday very likely have refereed their last game against Northville.

Take Matter To MHSAA

Northville high school has decided on two official steps to avoid repetition of the incidents which marred the championship game between Northville and Walled Lake Saturday night.

The two developments, revealed this week, are:

—Principal Elroy Ellison has written to state high school athletic officials to protest the manner in which the game was refereed.

Football coach Ron Schipper, representing NHS, will suggest a reorganization of tournament regulations to a meeting of state high school coaches next Friday.

Ellison said his letter to Charles Forsythe, secretary of the Michigan High School Athletic Association, was written with the knowledge and approval of Walled Lake Principal Everett Ayres. In it, Ellison protests the conduct of the referees both in officiating the game itself and in ejecting Northville athletic director Al Jones from the game for a remark he made to one of the officials.

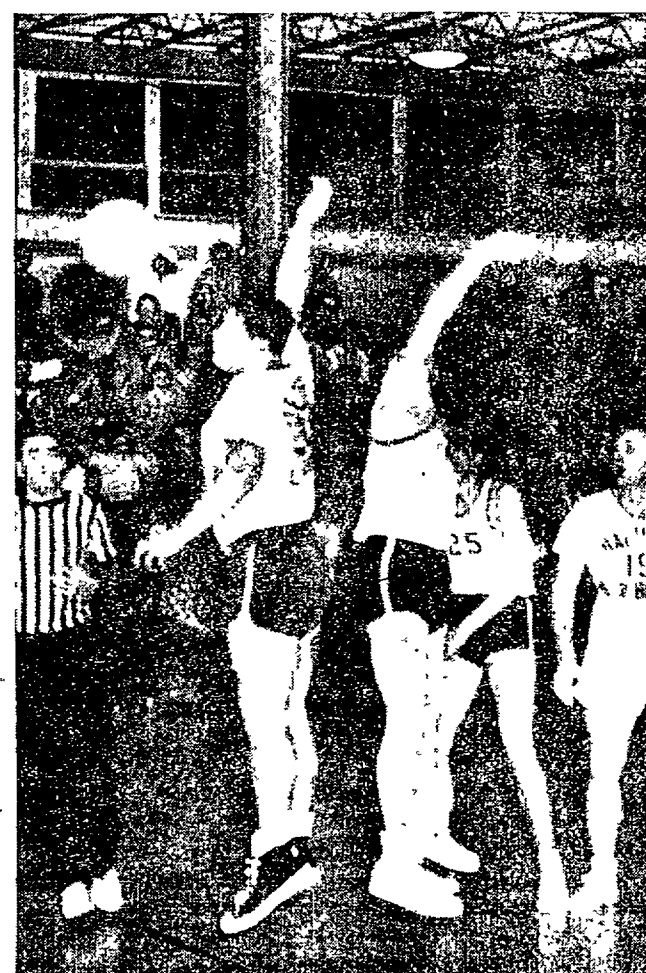

But Ellison made it clear that the letter is not a protest over the game's outcome.

"Walled Lake very likely would win nine out of 10 games against Northville," he said. "We don't deny their superiority."

Ellison added that at least one other school — Brighton — also has expressed disapproval of the two officials at the Walled Lake game.

Schipper's recommendation will be that basketball teams should not play on their home court during tournament competition. It would, however, allow a school to be host to a tournament involving other schools.

"The home team has too many advantages," Schipper said. "They are familiar with the court, they can assign officials, they assign locker rooms, they determine practice schedules, they have the crowd on their side, and they have their choice of colors. That's an awful lot for a visiting team to overcome."

LEAPING LION — Charlie Ane (left) gets the jump on Stan Johnston in the Detroit Lions-Northville All Stars encounter here last week. The Lions, paced by Bill Bauman and Ollie Spencer, tumbled the local crew, 54-38. Half-time score, however, stood at a nip-and-tuck 22-19. Ron Schipper and Dutch VanIngen led the Northville squad with 8 and 7 points.

How come the new Ford rides so smooth and solid?

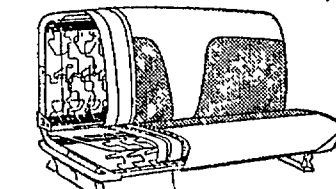

It's the new **inner Ford** that gives you a big-car ride at low Ford prices

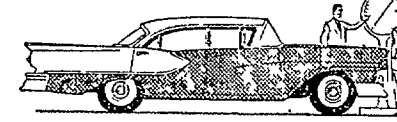

Folks just naturally love Ford's lower, sleeker silhouette. And they love Ford's new Thunderbird V-8's and Mileage Maker Six. But the thing that's really got 'em buzzing is Ford's new ride. In the new kind of Ford, vital riding features team up to give you the smoothest going in the whole ride world. For example:

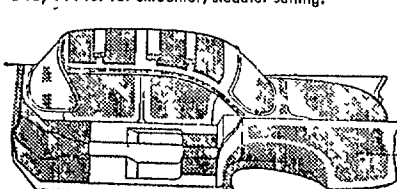

New automatic variable-rate rear springs
Going from a highway to a byway in a Ford, is like going from satin to silk. New design allows Ford's rear springs to "soften" or "stiffen" depending on road conditions. You get a smooth ride all the way!

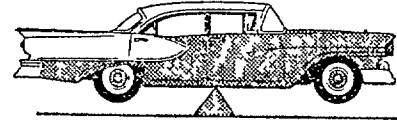

More comfortable seating
There's no sag when you sit in a Ford . . . even on long trips. Comfort contour seats, rigidly anchored, have advanced springing for greater comfort and longer life.

New swept-back Ball-Joint front suspension
Ford's new, stronger front suspension is designed to soak up the shock of rough roads. The new swept-back design lets wheels "roll" with the bump and absorb it going away . . . for far smoother, steadier sailing.

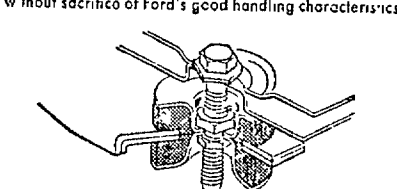

More body insulation
Ford has more body insulation—protection against weather, dust, and noise—than any car in the low-price field. You ride through city traffic in library-like quiet.

Better balance
One of Ford's nicest back-road habits is to make believe the rough spots aren't there. Proper weight distribution and precise balancing let Ford iron out bumps far better than many of the higher-priced cars.

New lower-pressure tires
Even Ford's tires are new for a better ride! Although they require less air pressure, they hold about 17% more air for cushioning the car. This means a softer ride—without sacrifice of Ford's good handling characteristics.

No metal-to-metal chassis and body contact
Only Ford in its field uses 20 Cushion Quiet rubber body mounts . . . more than any other low priced car. It all adds up to a smoother, quieter riding car.

Minutes of the Board of Education

March 4, 1957
The regular monthly meeting of the Northville Board of Education was held in the board room on Monday, March 4, 1957 at 7:30 p.m.

Present: R. F. Coolman, N. C. Schrader, Robert H. Shafer, E. F. Clark, D. B. Severance, R. H. Amerman.

Absent: None.

The minutes of the last regular meeting and special meetings were reviewed after which it was moved by Mr. Severance and seconded by Mr. Clark that these minutes be approved as written. Carried.

Communications:

1. William Emerson calling meeting on March 21 of County Boards of Education from Wayne, Washtenaw and Oakland to consider petitions from Novi School District for changes in certain school district boundary lines.

2. Letters of appreciation from Safety Patrol and Girls Safety Squad for use of school buses during their trip to the Shrine Circus.

3. Offer from Ryan, Sutherland and Company to sell us \$25,000 in bonds, due in 1972 at saving of \$1,125 in premium and interest charges.

4. Tax receipts totaling in current taxes, \$17,800—

Tax receipts totaling in delinquent taxes, \$1,974.84.

Motion made by Mr. Severance that the board approve the plans explained by Mr. Quay for a trip to Chicago by members of his science classes to a science exhibit. Seconded by Mr. Shafer. Carried.

Board approved slight change in granting released time for parent-teachers conferences this semester. Children will be excused by rooms during the conference periods rather than by buildings.

Board waived tuition charges for balance of school year for a senior who has recently moved from the district.

Treasurer Clark reported receipts and balances as follows:

Cash received during month of February, 1957, \$90,266.54;

Balance in General Fund, February 28, 1957, \$62,325.56;

Balance in 1936 Debt Retirement Fund, February 28, 1957, \$1,440.00;

Balance in 1949 Debt Retirement Fund, February 28, 1957, \$16,871.13;

Balance in 1954 Debt Retirement Fund, February 28, 1957, \$23,588.02;

Balance in Building and Site Fund, February 28, 1957, \$335.72.

Upon motion by Mr. Severance and second by Mr. Shafer the report of the treasurer was accepted.

Mr. Coolman reported on the results of a joint committee meeting representing the school board and City Commission relative to the Community Center. The committee recommended that the City Commission and Board of Education hold a combined meeting very soon to consider informally their mutual interests in the matter of streets, walks, water, sewers, etc. for the new high school and the future operation of the community building. Upon motion by Mr. Severance and second by Mr. Shafer vouchers were approved for payment as follows: Bills \$6,800.57; Payrolls \$37,571.17. Received the final report of the Curriculum Study Committee, by Chairman James Schiefer, covering grades 10-11-12. The board thanked the committee for their detailed study and recommendations; agreed to call a special meeting within a month to consider the report, authorized the committee to begin the second phase of their assignment, Grades 7-8-9, and to submit nominations for new members for the Curriculum Committee.

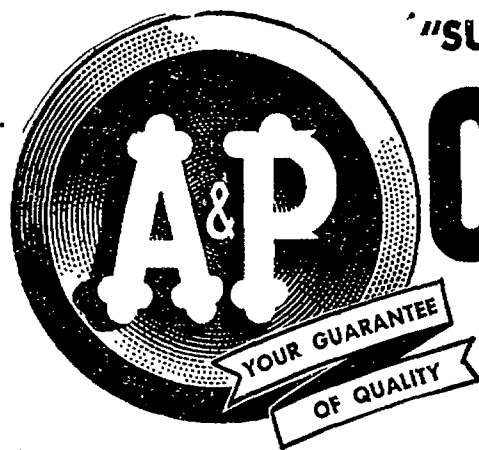

Upon motion by Mr. Severance and second by Mr. Schrader a resolution was adopted designating the Manufacturers National Bank, as depository for proceeds from the sale of the \$500,000 1957 bond issue.

Approved the final drawings and specifications for the addition to the Amerman Elementary School but withheld publication of bid specifications pending a review of the terms of the contracts by our attorney, James Littell.

Mr. Littell reported that he is in the process of examining the abstract covering the site for the new high school and may need a special meeting with the board in the near future to work out details of the purchase.

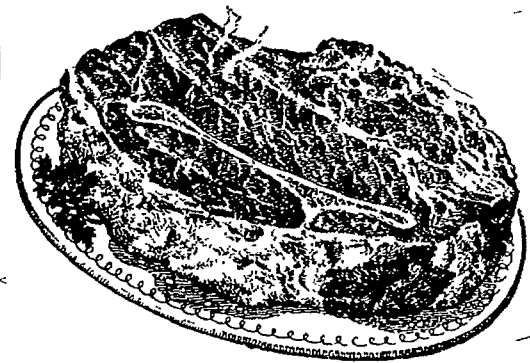

Upon motion by Mr. Severance and second by Mr. Clark the meeting was adjourned at 10:45 p.m.

Natural GAS
YOUR SILENT SERVANT

We Add The Odor To
Protect Gas Customers

Before natural gas enters the city mains it has no odor. As a safety measure we add a harmless chemical to provide an aid to leakage detection. This is only one of many steps taken by the gas industry to assure safety.

Every piece of pipe, every joint, is inspected and tested before and after it goes into the ground.

The American Gas Association operates extensive testing laboratories to make sure the gas appliances you use conform to rigid safety requirements.

Constant vigilance by all branches of the natural gas industry keep it one of the safest fuels in home or industry.

Only GAS does so much, so well . . . the modern fuel for automatic cooking . . . refrigeration . . . water-heating . . . house-heating . . . air conditioning . . . clothes-drying . . . incineration.

EDUCATION**

By
**JIM
HOUK**

How can I be sure that my children's shoes fit when I buy them?

If you mean that you want to check the fit of the shoes yourself, you should first work in a shoe store for at least two years. Then you will be more certain than you are now.

If the shoe internship is impossible I would use the practice of most women when they buy a pair. They don't rush downtown at fifteen minutes before closing time and let the first operator they come to give their hair a fast sizzle. Hairdos are too important.

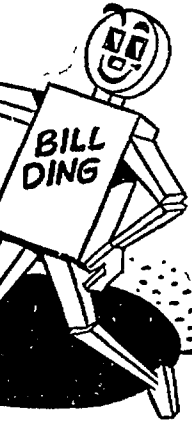

Hairdos and the operators who do them are the subject of conversation at every hen party. A newcomer to town knows before she leaves the house not only which beauty parlor she is going to but which beautician will give her the kind of curl she wants. She will read ancient magazines waiting for the operator to take her and she might even overpay the bill if she is especially pleased with what the mirror says after the ordeal.

"Who fits your children's shoes?" should be as commonly asked as "Who does your hair?" Try it. You will find that your town has many shoe-fitters who realize the health importance of children's shoes and will do a really professional job if they know that you are not primarily interested in speed, low price or high style.

Readers Speak Up:

CRITICIZES SHANTY TOWN

To the Editor:

The citizens of Novi township should carefully weigh their votes in the April 1 election and elect the best men for each particular post. The old guard, under the leadership of our present supervisor has been mostly a Do Nothing one insofar as problems and progress for Novi. Under the leadership of the present supervisor the main intersection of Novi road and Grand River might well be called a "shanty town". New home owners in particular felt that there would be a shopping center built and progress made in this township but none has been forthcoming. We have to drive miles to other towns to shop. When the old building was torn down everyone thought there would at least be a drugstore built. But what went in? A used car lot which is a bigger eyesore than the old building had been.

I say now that election time is near, let's make a change and see if new blood in our township offices, especially at the head of the board, cannot bring to our township some understanding of problems, conveniences of a shopping center and other things we need and must have in order to stay on the map. Let's have a board where citizens can go to with their problems and suggestions, rather than one where meetings are called without notice, or if published, citizens cannot speak and the meetings conducted in whispers beforehand and during same.

Local Handiwork Displayed at Exhibit

A Northville artist is displaying his handiwork at the 12th annual exhibition for Michigan artist-craftsmen in Detroit. He is John Van Haren, 404 Baton drive, whose exhibits include two stoneware pots and a silver cross and fountain. The exhibition opened last week and will continue through March 31 at the Detroit Institute of Arts. The largest in several years, it features 310 examples of metalwork, weaving, textiles, pottery, woodwork and furniture. The objects were selected from 817 pieces submitted by 239 artists.

1-CARD OF THANKS

I want to thank Drs. Atchison, Wetterstrom, Robinson, also Mrs. Cutwright and all the staff at Atchison Memorial Hospital for the wonderful care they gave me during my illness. Also our dear Reverend Pankow for his many visits, prayers and comforting words. All our friends for the cards, flowers and many other deeds of kindness. A million thanks and God bless you.
George Lien

Many thanks to my friends, neighbors and relatives for the many cards and thoughts I received during my recent stay in the hospital. Especially thanks to the staff of nurses at Sessions hospital for their untiring care and attentions. Also thanks to Drs. Irene Sparling and Emil R. Rothman for their part that sped me on to better health.

WATER SOFTENERS

Factory rebuilt and refinished softeners of many well known makes at sensational prices. Sizes from 30,000 grains to 100,000 grains — from \$50.00. All guaranteed. It is better to buy a good reconditioned well known make of softener than a new one of unknown quality. These softeners have been traded in on new Reynolds Automatic softeners and we stand back of them.

It will pay you to see us before you buy any softener. Every type and size of manually controlled, semi-automatic and the wonderful Reynolds fully automatic softeners on display. You can't beat the best and you can't beat our values. Come to see us or call collect for a representative to see you.

Learn about the unique Reynolds Rental plan.

NOTICE

WHEREAS, the Township of Northville does not have as of the date hereof any ordinance regulating the minimum construction requirements of dwellings, buildings and structures in the unincorporated area of the Township, and

WHEREAS, there has developed an accelerated trend in the construction of dwellings, buildings and structures within the Township, and

WHEREAS, it appears that an ordinance regulating the minimum construction and alteration requirements of dwellings, buildings and structures is needed so as to lessen congestion on public streets and to better serve and promote the public health, safety, morals and general welfare throughout the Township;

Now, therefore, BE IT RESOLVED, that the Township Board of the Township of Northville hereby declares its intent to proceed under the provisions of Act 185 of the Public Acts of 1943, as amended, and to adopt an ordinance regulating the minimum requirements of dwellings, buildings and structures throughout the Township, and

BE IT FURTHER RESOLVED, that this declaration of intent be given public notice within ten (10) days of this date by publication in The Northville Record, a newspaper of general circulation within the Township of Northville.

YEAS: M. Lawrence, Terrill, Merriam, A. Lawrence and Stark.

NAYS: None.

Motion carried.

Methodist Men Plan Boy Scout Program

The Men's club of the First Methodist church will meet in the Richards Fellowship hall next Monday at 6:30 p.m.

A scout program will be presented by Troop 731, sponsored by the Men's club. A movie on scouting will also be shown.

Reservations for dinner should be made by calling H. Perin, 558-R or Lloyd More, 1194-W.

The miles traveled by vehicles, during a recent year, in collecting and distributing blood by Red Cross are equivalent of 136 trips around the world.

STRANGE THANKFULNESS

What do paratroopers think about about one minute before they jump?

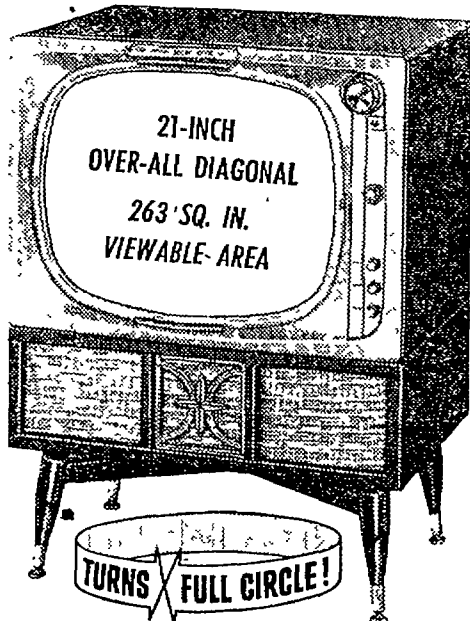

Here is what one paratrooper said, "Each time I promise God that if he will spare me through the ordeal then I would serve Him. However, after the jump proves successful, having landed safely, I find myself heading for town and to the nearest bar to celebrate my successful landing." Then he would forget all about God until the next jump in which the process would be repeated.

This young man certainly should get himself a Bible and start getting a Bible education. In the first place he would find that God does not exchange "good intentions" for salvation. Should one of his jumping jaunts be "unsuccessful" and his spirit depart from his crumpled body, he would discover that "God" is not mocked, for whatsoever a man soweth that shall he also reap. God is willing to save sinners, but they must be saved upon God's own terms and not upon man's fickle intentions. The second mistake this young man made is to treat the merciful and kind God in this way. Oh the depravity of the human heart that would deliberately sin against a God who is so good. The goodness of God should lead every person to repentance, faith and thankfulness.

A BOUQUET FOR "MISS PAN" — For her exceptional work in drama and oratory at Northville high school, Miss Florence Panattoni has been named to receive the monthly "Bouquet for the Living" award from the Northville Optimist club.

'Miss Pan' to be Honored With 'Bouquet for Living'

Miss Florence Panattoni, who has guided scores of Northville students into the fascinating worlds of drama and oratory, has been named to receive the monthly "Bouquet for the Living" award.

The award, sponsored by the Northville Optimist club, will be presented to her today by the Northville high school Forensic club.

An English and speech teacher at NHS for nine years, "Miss Pan"—has compiled a remarkable record of success while working with her students.

Her debate teams have taken the All-Wayne-Oakland League debate championship each year since the league's beginning. One year the team reached the state semi-finals, and another year got as far as the quarter-finals.

She coached three Northville boys into the finals of the Optimist International Oratory contest two years ago.

In addition, Miss Panattoni is a drama coach and has directed junior and senior plays, and serves as sponsor of the Forensic club and National Thespian Society. Several times each year, she takes these groups to play in Detroit and Ann Arbor.

This year, she also has assumed sponsorship of "Mustang Hoof-Prints", the page of Northville high school news appearing each week in The Record.

Miss Panattoni is a graduate of Northern Michigan College of Education in Marquette and has a masters degree from the University of Michigan. She previously taught in Menominee and Mahanist que.

Police Answer 76 Calls in February

Northville police answered four more calls in February, 1957 than for the same month last year, ending the month with a total of 76.

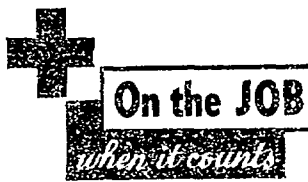

Seven accidents were investigated, 187 parking violations recorded and 102 traffic violations.

There were three cases of grand larceny in February, one case of petty larceny and three prowler calls investigated by police.

Eleven arrests were made, 11 cases came to court and one person sent to Detroit House of Correction.

Reckless Driver Fined

For reckless operation of a motor vehicle, Joe Little of 216 West Main was fined \$25 by Judge E. M. Bogart last week.

The problem of providing new schools doesn't end with the approval of a bond issue. This is the necessary first step, but Northville school board members can testify that from there the work just begins.

Last week the school board and members of the city council got together for a discussion of mutual problems in relation to the proposed new high school and the Amerman elementary school addition.

While final plans for the elementary addition have been approved, the high school is still very much in the planning stage. To the average observer a plan and a site plus enough money are about the only essentials necessary to begin building. But other fringe considerations arise when constructing buildings of this magnitude.

Water, sewers, drainage and street entrances are the main reasons city and school planners decided to get together.

Probably the most important single item from a cost standpoint is the widening of Center street north from Baseline to accommodate the heavy traffic to the schools. The steep grade of Center street makes the job more difficult. Local authorities are casting a hopeful eye to Wayne county for this solution.

Two other streets will take pupils to the high school. Tentative planning calls for entrances from High and East streets. Main entrance will be from Center street. An entrance to the athletic field would also be provided from Taft road. Still another consideration is an overpass from the athletic field to the new high school, divided by the proposed Eight Mile road cutoff. Part of the land which will become the cut-off is owned by the school board.

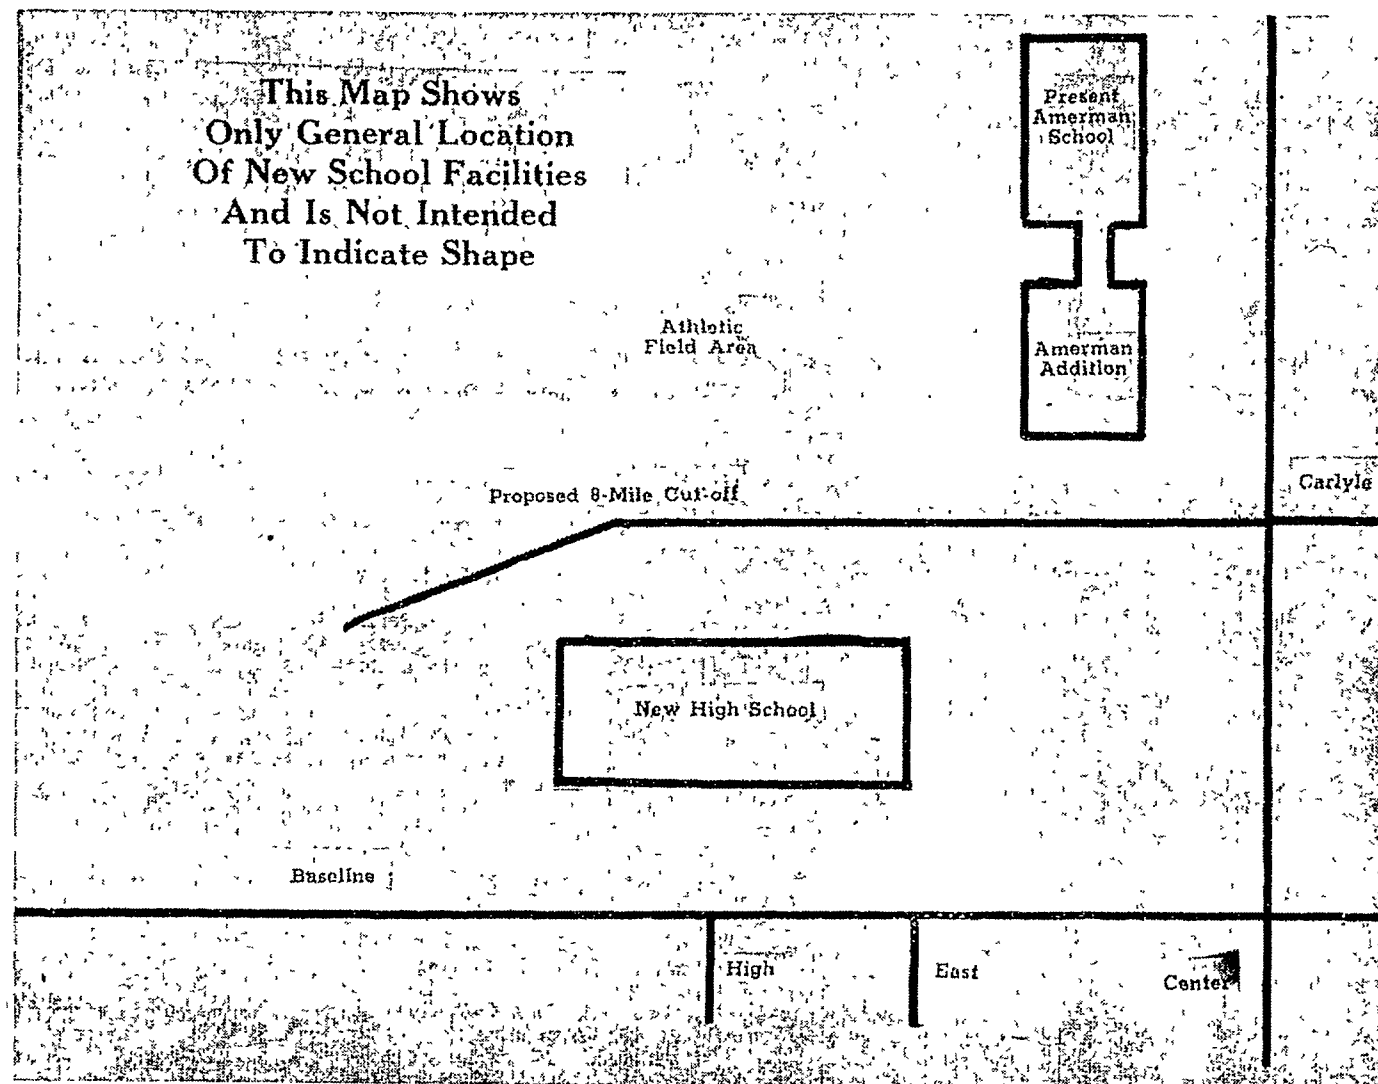

A rough idea of where the high school will be located in relation to the Amerman school may be seen on the sketch above. The high school will be approximately 550 feet west of Center street. Room remains between the high school and Baseline for possible future additions, such as a swimming pool.

The Amerman addition will extend to the south of the present school connected by a corridor. It will provide room for approximately 150 pupils now attending the Main Street school. The four rooms from which these pupils are moved will be used by the present high school. Still later, when the new high school is completed, the old high school will become a junior high.

When the Amerman addition is opened this fall (around October 1), planning will continue for the high school. After the mechanics are ironed out, facilities for the curriculum—sciences, vocational studies, home economics, physical education, etc. — must be considered and decided upon. Barring interruptions the doors of the new high school should be opened in the fall of 1958.

And then? Planning starts all over again. A junior high school will need remodeling or a site for a future elementary school will be needed.

Lenten Observances Begin In Northville Churches

Lenten services began last week in several churches of the area and will continue until Easter.

At the First Presbyterian church, a 20-minute period of prayer and meditation will be held each

Conventions Call Methodist Women

Several Northville members of the Methodist church Women's Society of Christian Service and Wesleyan Service Guild will join some 1,000 delegates from nine states to their respective North-Central Jurisdiction conventions in Detroit this week.

Several members of the Woman's Society of Christian Service will attend the Wednesday sessions of the North Central Jurisdiction Conference at Central Methodist church, Detroit.

Mrs. William Cansfield, Ann Arbor district president, will be in attendance during the three-day conference. Some 80 missionaries and deaconesses from various parts of the world will be among the 500 delegates expected.

Chief hostess at next Saturday's banquet of the Methodist Wesleyan Service Guild convention will be Miss Ethel Cameron. Among the 42 assisting hostesses will be several members of the Northville Wesleyan Service Guild: Mrs. Elizabeth Jahr, Mrs. Harriet Wheaton, Mrs. Myrtle Funk, Mrs. Lela Pelley, Mrs. Harriet Clover, Miss Grace Pollack and Mrs. Orpha Moshimer.

Miss Cameron, who is spiritual life secretary of the Detroit conference of the WSG, will also give the morning prayer at the Sunday worship at the Central Methodist church.

Business sessions of both groups will be held in Central Methodist church. The society of Christian Service will hold forth Wednesday, Thursday and Friday, while the Wesleyan Service Guild will take over Friday evening, Saturday and Sunday.

CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets

Plymouth, Michigan

The fact that the man of God's creating is not at the mercy of accidents, chance, or discord of any kind will be emphasized at Christian Science services Sunday.

Scriptural readings in the Lesson-Sermon on "Substance" will include the account of Paul's healing of Eutychus "who fell down from the third loft, and was taken up dead." (Acts 20:7-12).

from the PASTOR'S STUDY

By the Rev. Fr. John Wittstock
Our Lady of Victory Church

GOD WILL REPAY

The Bible does not use the word "purgatory" any more than it uses the word "Trinity." But just as it gives what is described by the word Trinity when we are told to baptize in the name of the Father, and of the Son, and of the Holy Ghost, so it gives what is described by the word purgatory when it tells us that souls not bad enough for hell, and not good enough for heaven, will be purified after death in order to fit them for heaven. Thus St. Paul tells us in I Corinthians, the third chapter, 15th verse, that every man's work will be tried by God, and that he whose work fails to come up to requirements will suffer, yet be saved so as by fire.

We know that God's mercy is above all His justice; yet we must recognize His justice. God, is just, and all will be balanced in the next life; for we know that in this life on earth, sin and suffering are very unevenly distributed. Many, with few sins, have much suffering. Others, with many sins, have little suffering.

Experience amongst humans each day tells us that many people get away with crime and sin in this life. Look at this picture. Major crime in the United States rose 14.4 per cent during the first half of 1956 compared with 1955. Out of each 100 major crimes police were able to arrest only 28 persons and of these only 14 were actually convicted. Ex-

pressed in another way this means that crime does not pay 14 per cent of the time. There were 1,291,000 major crimes against society. Add to this the millions of crimes and sins (the hidden ones) against God and you have a very small percentage of people who pay in this world for their crimes and sins.

What are some of these hidden sins? Lying, cheating, sins against purity—masturbation, fornication, adultery, birth-control. You say that birth-control is not a sin? Then I would have you peruse your Bible as recorded in Genesis, thirty-eighth chapter, tenth verse. It explicitly says that Onan was killed on the spot because he did a detestable thing which is described as the contraceptive practice. Birth control by contraception is immoral of its very nature for it violates the obligation of marriage. No sane person would deny the immorality of one's becoming a cocaine fiend. Yet that is not mentioned in Scripture. The natural moral law existed before a line of Scripture was written, and still exists, being in no way abolished by Scripture.

It is nice to imagine that the majority of mankind will enter heaven immediately after death, but it is more realistic to look the matter squarely and sincerely. Not one of us is that perfect. God is so perfect that no one having the least stain of sin, is worthy to be in His presence and Possess Him for all eternity. You say you're good—but not that good—yes—God will repay.

Now you can have

SOFT WATER

Automatically with the REYNOLDS Automatic WATER SOFTENER

The greatest water softener ever built!

1. Adjustable to almost any type of problem water. Does a better job on all hard waters. Will do things you never dreamed could be done with any water softener.
2. Will soften water containing up to 100 grains of hardness per gallon (5 times as hard as the average).
3. Will remove up to 10 parts per million of iron.
4. Contains 1-1/6 cu. ft. of Dowex assuring high capacity and adequate flow rate of zero-soft, rust-free water at all fixtures at the same time.
5. Brine under pressure in closed tank instead of in unsightly open type brine tank. No more leaky float valves and bad appearance. More dependable regeneration.
6. Automatic bypass permits use of water during regeneration.
7. No troublesome top screen to clean.
8. Operates on any home water pressure, high or low.
9. Fibre glass insulation prevents sweating.
10. Time clock or switch operation.
11. Made in Detroit—factory service.

There is no other water softener like it, or that even compares with it. It is fully guaranteed and covered by patents. At only \$399.00, it is the greatest value in the water conditioning industry. Larger sizes also available.

"YOU CAN'T BEAT THE BEST"

Reynolds Ball-O-Matic Water Softeners and a complete line of Reynolds Water Conditioning Equipment have been manufactured in Detroit since 1931. There is probably more Reynolds Equipment installed in this area than all other makes combined. We stand back of the guarantees on our equipment with factory service. Two generations in the business assure you of years of this service and support. You are SURE with a Reynolds Water Softener.

A Report to the People

Sterling Eaton
State Representative
Family illness and an unexpected rush in Lansing have prevented me filling this column for the last couple of weeks. Matters pertaining to this district have occupied most of my time during the last few days.

On Friday I filed a bill providing for a referendum in Plymouth Township, at the request of Supervisor Roy Lindsay, on whether or not hunting shall be legal. Township residents will have the privilege of making their wishes known on this matter by ballot at a date not too far distant. Just previous to my filing this bill similar ones were filed for Nankin and Waterford townships as well.

Residents of Livonia can rest at ease for a few days on the matter of losing their race track revenue. At my request, House Speaker George Van Peltum referred the bill, with the approval of the introducer to our State Affairs committee where it will be killed in the next week or so.

The purpose of this move was to take the bill away from the taxation committee. There it had a reasonable chance of being reported out on the floor of the House because of the part of the bill which tied in the increase of State income by raising the percentage of take from bets placed at the tracks. Many members of the House favor increasing the State's percentage in this respect and it might have carried the bill through to the detriment of the City of Livonia.

The bill will come back again in the next few days, but it will

be reintroduced as two separate bills ... one to cut Livonia's \$500,000 in half, and the other to increase the State's percentage from the mutual handle and the licensees. Each will then be fought or defended on its own merit and one will not influence the other.

Northville, which receives \$85,000 per year from the track, was not included in the City part of the bill and they have no problem in this respect, but the track will be effected by a higher percentage if that particular bill should pass.

When these bills get to the taxation committee in the future Mayor William Brashear and I will defend the city's income and I feel that we will be in a much stronger position on this particular issue.

I have been trying to find a way to help the Northville school district which has a problem peculiar to itself. Having more than 20 per cent of its taxable land taken by state and county owned institutions it is distressed by the loss of revenue from these areas. Investigation leads me to believe, with some help from associates in Lansing, we might find a way to help Northville qualify for aid under the State's fund of three million dollars for distressed school districts.

I am amazed at the work load a conscientious representative can carry. In addition to the daily problems which come up effecting your own district you find yourself helping make analysis of problems that come each week before the many committees on which you work. My week and assignment is to determine the harm of erecting a fire station within 1,000 feet from a mental hospital. In this case there is a bill before our committee to prohibit the building of a fire station by the City of Dearborn near St. Joseph hospital on Michigan avenue. Informative interviews on this subject are booked over the week end with the heads of Northville State, U. of M. psychiatry department, and the Corporation Council of the City of Dearborn. From these interviews will probably come approval or disapproval of the bill.

Three out of every four American homes have electric toasters, more than 90 per cent have electric irons, 60 per cent have vacuum cleaners, 80 per cent electric washers.

Nothing is particularly hard if you divide it into small jobs.

Northville Council Proceedings

A regular meeting of the Northville City Council was held at City Hall Monday Eve., Mar. 4th, 1957, at 8:00 P.M.

Present: Mayor Claude N. Ely, Councilmen Allen, Canterbury, Reed and Stubenvoll.

Minutes of last regular meeting were read and approved.

Bills amounting to \$9,235.46 from the General Fund and \$841.45 from the Water Fund were presented, and it was moved by Reed, supported by Stubenvoll, that same be allowed and paid. Carried.

The bids for curb and gutter and storm sewer installation on S. Wing, Fairbrook and First Sts. were read by the Clerk. It was moved by Mayor Ely, supported by Councilman Reed, that the Engineer, City Manager and Comm. Allen go over these bids and make recommendations as to the awarding of contract at the next regular meeting. Carried.

Mgr. Robertson, reporting for committee on 15-min. parking meters, stated that from their observation of the use of these meters they feel they are well used for the purpose intended, and recommend that two additional 15-min. meters be installed on either side of the cross walk across from the theater in front of Mainville's Store, also that two be installed on north side of E. Main St. on either side of fire plug west of Sinclair Gas Station. Moved by Stubenvoll, supported by Allen, this recommendation be accepted. Carried.

The World Day of Prayer proclamation was read, and it was moved by Allen, supported by Reed that same be accepted and published in the Northville Record. Carried.

The proposed building code was read by Mgr. Robertson. Moved by Canterbury, supported by Ely, that same be approved as read and published in the Northville Record, pending final action at the next regular meeting of the City Council. Carried.

Mgr. Robertson read a report which he had prepared on the estimated cost of completing the remaining streets in the City of Northville which are not already improved.

Mayor Ely requested the City Attorney to give an opinion on what should be done with regard to the request of the Northville Driving Club for the extension of time over the fifteen days stipulated in the ordinance for the use of horse barns located on the St. Lawrence property. Atty. Ogilvie's opinion was that all requests for variance from the ordinance as adopted should be submitted to the Board of Appeals, this Board having the pre-

cedence and authority to conduct a hearing upon the request and make such decision as it feels proper. The matter will therefore be referred to that body for consideration.

Letter was also read from the Northville Public Schools regarding sewer and water services to the proposed new high school.

A letter was read from Mr. Slienger, Editor of the Northville Record, regarding the special edition he is contemplating publishing as a welcome to the new Lincoln plant in our community. Moved by Reed, supported by Allen, that the City of Northville purchase a half page ad welcoming the Lincoln Plant. Carried.

Mr. Robertson presented engineering bills from Atwell-Hicks, Inc., amounting to \$4,526.88 if paid within ten days, and asked for authorization to pay same. Moved by Reed, supported by Allen that these bills be paid. Carried.

Councilman Canterbury recommended that another warning be published in the Northville Record regarding the licensing of dogs, which Clerk was instructed to do.

Wm. Davis, of 744 Grandview, stated he felt that a projected street improvement program, as suggested by Councilman Canterbury, would be an excellent idea, as it would give those citizens living on unimproved streets some conception of when their streets might be improved.

Mgr. Robertson and Supt. Hartner were instructed to investigate the complaint of Mr. Lang, of 318 River St., about the condition of that street.

No further business appearing, meeting was adjourned.

Signed Mary Alexander, Clerk

Madonna College Plans Skating Party

A roller skating party sponsored by the Press club of Madonna college, Livonia, will be held on March 22 at the Dearborn Roller-drome on Warren and Outer drive.

The skating party will last from 8-12 p.m. The purpose of the activity is to raise money for the publication of the Madonna Herald, the school newspaper. The public is invited. Tickets may be purchased at the door.

Converse with men makes sharp the glittering wit, but God doth speak in solitude.

MICHIGAN BELL

MANY HOUSEWIVES are taking the "run" out of running their homes. Know how? By putting telephones wherever they need them—in the kitchen, in the bedroom, the living room, and down in the basement. Well-placed phones save countless

steps and lots of time for the home "managers." And, of course, additional telephones bring better service to everyone in the family. The cost? Just a few pennies a day, plus the one-time installation charge. Order your additional phones from our Business Office today.

HOW CAN shut-in boys and girls keep up with their school work? In recent years Michigan Bell's School-to-Home telephone installations have proven to be one successful method. Telephone equipment, using special two-way speaker units, lets the child who must stay home, or even in bed, hear everything that goes on in his regular classroom. He can recite and ask questions just as though he were actually in school. This daily contact with classmates gives the shut-in child a sense of belonging; he is a real part of the class. We'd be glad to tell you more about School-to-Home telephones. Just call our Business Office

SCIENCE CAN GIVE us great entertainment, as the Bell System's television Science programs show. These programs aim to bring you an understanding of scientific work and its importance to modern life. And, of real importance to our country's future, they are helping to

interest young people in scientific careers. The second show in this new series, televised nationally, is the fascinating story of blood. It's called "Hemo the Magnificent" and will be on the CBS-TV network at 9 P.M., March 20.

Farmers Seek Means To Hold Milk Prices

A FEELING OF insecurity is evident among many Michigan farmers. On the surface they face a single problem—how to maintain prices for raw milk.

Underneath they face a more serious issue: What to do with marginal producers. This is the group now marketing enough milk to create the oversupply and force prices down.

There seems no practical solution to this knotty question; so many who believe the "part time farmer" to be the real issue are pretending it doesn't exist. Instead, varied attacks are being made against the "surface problem" many which solve little and increase dissension.

Most dairymen (some 16,500) belong to the Michigan Milk Producers Association. The group recently voted price cuts for raw milk in some areas of the state. This was to meet competitors from Ohio and Wisconsin who found it profitable to ship cheap milk into Michigan.

Last year, when farmers were pinched to produce milk profitable at existing prices, a minority splintered off to form the Fair Share Bargaining Association. In turn, this group was hit with dissension and a second rebel organization, the Dairy Farmers Co-Operative of Michigan, came into existence.

Federal milk minimums are now being sought in several parts of the state to maintain raw milk prices.

Two milk marketing bills have been introduced in the Michigan legislature with the same goal: Keep milk prices high enough to insure a steady profit for Michigan producers.

Experts think this may maintain prices temporarily, but will do little to cure the real trouble. Excess milk will continue to be produced.

The "part time" farmer creates part of the milk surplus problem. These people earn a steady living by other means and keep a few cows for extra earnings. When milk prices are high this group is attracted into the milk market. The extra milk they produce forces the price down.

A recent survey made by MMPA showed that 14 per cent of its members (some 1,400) work off the farm 100 days or more each year. About 11 per cent of the MMPA members earn more from off-farm work than from the farm.

The middle sized milk producer is caught in a squeeze. The large dairyman operates efficiently. He has a mechanized farm which reduces cost. Since the small milk producer relies on other sources for income, he can market milk when prices are good—and stop when the price makes it unprofitable.

The middle sized milk producer has neither of these advantages. His cost per unit is higher than that of the large dairyman. He cannot profitably "get out" when prices are low.

The middle sized producer has two choices. Either grow larger and operate more efficiently, or reduce his dairy holdings and rely on other crops or off-farm work to provide an income.

The problem is nationwide. Prices in Toledo, Ohio will soon drop to \$4.15 per hundredweight for milk. In Chicago the return will be on \$3.80 during the spring months.

With these out-of-state centers only too willing to ship milk into Michigan, MMPA members voted on February 22, to accept \$4.90 a hundredweight for consumer milk instead of \$5.35.

Federal Milk Orders offer some help. They establish a "floor" for prices in a given area. However, many milk producers view these bottom prices as unrealistic and too inflexible.

An old economic law is involved. When supply exceeds demand, prices decrease. Until a solution to the problem of supplying milk is found, dairy farmers must continue to produce milk under unstable economic conditions.

HIGH GASOLINE prices are being noted in the Michigan legislature with bills to reduce the state gas tax from its present six cents a gallon level.

Sen. Carlton Morris, (R-Kalamazoo) would reduce the tax to 5 cents a gallon and continue to distribute the receipts on the same basis as the law now provides.

A separate bill presented by Robert Pavikner (R-Coloma) asks for a one-half cent tax decrease.

At present, federal and state taxes are 9½ cents on every gallon of gas purchased in Michigan.

FOUR NATIONAL holidays would be observed in Michigan on Monday if a bill introduced by Sen. John B. Swainson (D-Detroit) is endorsed by the state legislature.

Swainson proposes that Washington's birthday be celebrated the third Monday in February and called "President's Day". Memorial Day, now May 30, would be changed to the last Monday in May.

Instead of a July 4 date for Independence Day, the holiday would be observed on the first Monday of July. Thanksgiving would come on the second Monday in November, rather than the fourth Thursday.

Swainson proposes that Washington's birthday be celebrated the third Monday in February and called "President's Day".

Swainson proposes that Washington's birthday be celebrated the third Monday in February and called "President's Day".

Books at Glance

From Northville Wayne County Library

NON-FICTION

American Politics in a Revolutionary World, by Chester Bowles. A new look at American foreign policy, based on the premise that we must take a new approach—not the Communists—if we are to provide the world leadership necessary.

Japanese Flower Arrangement. Complete with exquisite color photographs this book explains the simple rules of a Japanese art.

The Prince and I, by Marvyn Howe. The author reversed the role of Anna, the teacher to the Siamese children, and became the pupil of Moulay Hassan, crown prince of Morocco. From him, she not only learned to ride a horse—but much of the politics and aspirations of his complex country.

Battle Report, Volume IV — The End of an Empire, prepared from official sources by Captain Walter Karig, USNR, Lt. Comdr. Russell L. Harris, USNR, and Lt. Comdr. Frank A. Manson, USN. The story of the final mopping up in the southwest Pacific, which culminated in the great battle for Leyte Gulf — where the Japanese lost their fleet.

FICTION

Imperial Woman, by Pearl S. Buck. An historical novel about the last empress of China.

The Wreck of the Mary Deare, by Hammond Innes. A sea suspense story — the retold tale of man against the elements.

Write Me a Poem, Baby, by H. Allen Smith. This work is difficult to classify as fiction, because it contains the seeds of wisdom as only a child can produce them. An example—"The Downfall of Rome was caused by carelessness"—is just one of this collection from the pens of babes.

Robin Hood's Arrow, by Eugenia Stone. A new Sherwood forest story introducing Dan o' the Mill, the younger brother of one of the members of Robin's band.

The Travels of Marco, by Jean Merrill and Ronni Salbert. Marco is a pigeon who travels around the world—in New York City.

Fun Around the World. Children of the United Nations explain the way they have fun with instructions for their national games and things to make.

The Golden Summer. This is the story of a ninth grade girl's fun at a summer camp.

Roger Babson

Careful Shopping Can Save Dollars for Housewives

Babson Park, Mass. I have already given hints as to buying real estate. That is: (1) Determine in which direction your city is growing best, and with the best houses, — East, West, North or South. (2) Then drive out the main road in that direction. Buy when you come to the first good land offered by the acre, — not by the foot. I have also told those who are determined to bet at horse races to bet on two or three of the horses which have been coming in "second"! Now let me give some hints to women shoppers.

Discount Houses and "Loss Leaders"

I forecast that Discount Houses will constantly become a greater factor in merchandising. They have lower overhead than the big department stores and are worthy of the attention of every sharp shopper. Like all else in this world, they have their advantages and disadvantages. They can usually give you lower prices on all articles. On good furniture, textiles, and other merchandise which does not need mechanical servicing I recommend that they be patronized. I, however, cannot now recommend them for electric appliances, such as stoves, television sets, and perhaps washing machines, which need servicing.

Sales of "loss leaders" should be carefully watched. These have an economic use in merchandising in order to get customers into a store. A merchant can well afford to advertise and sell one article below cost, to get you into the store in the hope that you will also buy something else upon which he will make good profit. A couple shopping with patience who will study the advertisements can (during the year) secure most of their goods

from these "loss leaders" for one half their regular retail prices.

Watch For Anniversary Sales

But here is perhaps my best tip:—When one of your reliable stores has an Anniversary Sale, make a note of it in your diary. If you don't need to buy anything at that time, write down when it will come next year. (It must always come the same week each year.) Every month some store is having an anniversary sale. Careful shoppers fill all their needs at these sales. Instead of forming the habit of trading at only their favorite store, they shop around at these different stores awaiting their Anniversary Sales.

There also are "White Sales", when you can buy cheaply all needed linen, etc. There also are "Fur Sales" when you can get bargains. Most of them occur in the summer; but I am told that the real bargains come at the very end of the winter. There are special sales where manufacturers are overstocked or are about to change styles or models. Watch for them. Watch your newspaper advertisements for real opportunities.

Auction Sales

Auctions have existed for the past 3,000 years. They regularly took place in the great public

market places of Athens, Rome and Venice. Many jewelry stores hold daily auctions in most large cities today. Of course, all stock exchanges work on the auction system. Until recently, however, I have hesitated to recommend that my readers buy at store auctions.

Certain cities, however, are now holding mammoth and reliable auctions publicized by television. That is, if you cannot be at the auction personally, you can watch it on television. Then, wherever you are, you have the privilege for one week of buying a duplicate of any article sold at the auction at the same price at which it was shown and sold at the auction. One of the most famous of these auctions is operated three times daily, except Sundays, at Clearwater, Florida, under the name of "Howard the Trader". While good stores have but few regular customers, this auction will have from 5,000 to 10,000 people daily. It is amazing. Either these auctions can revolutionize retailing, or else they will flop. Only the future can tell. I now don't even guess.

This is the Custom Royal Lancer 2-Door, one of 6 dashing Dodge hardtops. You'd feel like a king (or queen) in any one of them.

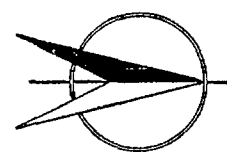

First new idea in station wagons in years—the "Observation Lounge!" The third seat of this Custom Sierra faces the rear, and passengers board at rear, also.

Here's sports car lowness with sports car handling. You sweep along in a "Realm of Silence," master curves with race-car torsion bars. Up to 310 hp. V-8.

Swept-Wing sweeps country!
Orders doubled on '57 Dodge!

It unleashes a hurricane of power
It breaks through the vibration barrier
It is swept-wing mastery of motion

Look around you. People everywhere are stepping up to the fun and pride of owning a Swept-Wing '57 Dodge. (Including a great many who have been sold on other makes for years!)

What's caused this swing to Swept-Wing that has doubled orders over last year? Styling so fresh it makes other cars look "old hat" by comparison.

The greatest advances of 1957: Torque-Aire Ride, Push-Button TorqueFlite, Total-Contact Brakes. Luxury car looks and performance at a price just above the very lowest.

Find out for yourself why Swept-Wing is sweeping the country. See your nearby Dodge dealer and join the swing... Go Swept-Wing!
