

Area Schools Face Shortage of Money

A lesson that most students learn in elementary arithmetic popped up to haunt 3,000 state school districts this week.

Northville and Novi have plenty of company in a giant statewide financial squeeze that resulted from spending more state-aid funds than are available.

The condition prompted Northville superintendent of schools Russell Amerman to recommend to the school board that \$50,000 in local tax anticipation notes be sold to finance this year's operating budget.

Amerman stated that with this money the Northville schools could meet current semester obligations.

Similar difficulties face Novi where Superintendent William Medlyn told the sad story to school board members last night. Medlyn said that he "had hoped" that the Novi schools could operate in the black on an anticipated \$23,000 from the state in June. But estimates are that this figure will be cut to \$4,000.

The condition was brought about by a shortage in sales tax funds. The sales tax returns fell far short of the anticipated amount meaning that for the quarter ending in June most school districts would receive about one-fifth of their expected aid.

Amerman, who said Northville was expecting about \$20,000, now states that they are "not counting on anything". He added that a local tax delinquency of \$20,000 left Northville at least \$40,000 short this year.

"We can probably pay all our teachers on May 24, but unless more funds are received they'll have to wait for their June 7 paychecks," Amerman stated.

Because the state aid funds have been depleted, school districts without enough money to complete current teacher contracts and other operating expenses must borrow on next year's local taxes. Districts then must hope that the state will find a way to fulfill its current commitments. Otherwise, next year's school budgets must stand considerable paring.

Superintendent Amerman reported that the Northville district is awaiting permission from the state municipal finance commission to sell the tax anticipation notes. After permission is granted, the notes must be advertised and a period of two weeks elapse before opening bids.

"It is highly unlikely that this can be completed before the June 7 payday," Amerman admitted. It is probable, he said, that teachers will receive two paychecks after school closes June 14.

Dr. and Mrs. Abruzzo will live on the training school grounds with their eight children, four boys and four girls.

Parents Asked to Register Fall Kindergartners Monday

Parents of Northville children who will be eligible for kindergarten in Northville schools next fall have been asked to register their children at a special meeting next Monday.

The meeting will begin at 8 p.m. at Amerman school.

Parents also will hear a general discussion of school policies and procedures which concern incoming kindergarten children.

The discussion will cover such subjects as bus transportation, health facilities, physical exams and school programs and curricula.

Richard Kay, Amerman school principal, advised that fathers as well as mothers attend the meeting.

Kay also noted that children must be five years old by next December 1 to be eligible for kindergarten this fall. In addition, he reminded parents that they must have a birth certificate or other proof of birthdate to register children at the meeting.

Most parents already have been notified of the meeting, but Kay asked that Northville residents inform newcomers to the city so that all eligible students may be registered.

Services Are Held For George Dixon

Services were held Monday for George H. Dixon of 401 Yerkes avenue, who died last Saturday at Atchison Memorial hospital at the age of 75. He had been ill for some time.

Born in Cincinnati, Mr. Dixon had lived in Northville for 43 years. He had worked at Novi Equipment company until he retired in 1956. For the past 15 years, he had operated his own greenhouse on Yerkes avenue.

Mr. and Mrs. Dixon celebrated their golden wedding anniversary on April 2, having been married 50 years ago in Detroit.

Surviving are his wife, Anna; sons, Robert of Northville, Howard of Plymouth and George, Jr. of Wayne. Also surviving is a sister, Mrs. Carrie Buford of Dearborn, and two grandchildren, Robert and Janice.

Services were held from the Casteline Funeral home, Reverend Ivan Hodgson of the First Methodist church officiating. Burial was in Oakland Hills Memorial Gardens.

CITY, TRACK LAND ACCORD SEEN

Township to Pay Higher Rates to City For Fire Protection

Northville township will have to pay the city of Northville more money for fire protection from now on, but the exact figure is yet to be determined.

Indications this week were that the township would pay some \$1,400 more this year than the \$3,326 of last year.

The increased payment stems from a request by the city based on a re-evaluation of fire statistics which show that the township had 48 per cent of the fires handled by the Northville fire department last year.

Attorneys for the city and township will meet soon to discuss the plan, and it will be considered by township board members before their next meeting.

Clerk D. J. Stark and trustee Alex Lawrence, who met last week with city officials, called the adjustment "fair".

But attorney James Littell questioned several aspects of the cost analysis pertaining to depreciation and salaries. He said the township might not be responsible for a share of those categories.

Last year the township paid a total of \$3,326 for fire protection—\$1,454 for salaries and \$1,872 for share of operating expenses.

Under the new plan, the township would pay \$3,288 (48 per cent of the operating cost) and an estimated \$1,454 for salaries — a total of \$4,732.

The payment each year would be estimated according to actual cost of the preceding year's operations.

Stark noted that grass fires accounted for 80 per cent of the township's fires last year and that each grass fire cost the township approximately \$92.

City Seeks Water

Another attempt to find water on city owned property in the Gerald avenue-city dump area is expected to get underway within a week.

City Manager John Robertson stated that a rig has been erected on the Green Valley Acres site and that actual drilling should begin very soon.

The city council is anxious to find a greater water supply for the community and expects to drill in the future on D & R Building company property northwest of the city.

NORTHVILLE'S TRIBUTE TO MICHIGAN will come about in two weeks when the city joins with hundreds of other communities in observing Michigan Week. Here Richard Ritchie and city manager John Robertson, chairman of the week-long festivities, look over one of the posters that will commemorate the occasion in the city. Mayor Exchange Day on May 20 will highlight the week.

Delay Possible for Bond Issue

A recent legal opinion that could have an important effect on the sale of bonds for the proposed new Northville high school was put before the Northville board of education Monday night by attorney James Littell.

Now before the Michigan supreme court is the decision of a New York law firm that the Michigan bond program is unconstitutional. Since that opinion was rendered several weeks ago, no school bonds from Michigan have been sold.

If the supreme court declares the bond program unconstitutional, all bonds sold thus far will be invalid. If the program is found valid, however, the great number of bonds now being delayed because of this complication will be on hand on the market at the same time and may suffer from lack of bidders.

Littell said that a decision on the case is expected to be rendered within the next 60 days.

Taking action on salary matters, the board approved riders to be

included in 1957-58 contracts of both principals and teachers. The regarding principals is for renewal of contracts for one year at their present salary, an increase to be approved if and when funds become available for that purpose.

The approval for the rider to

Four File Petitions For School Board

With the deadline for filing petitions just two days away four candidates have thus far announced their intentions to run in the June 10 Northville school board election.

Two vacancies will be filled by newcomers. Both Robert Coolman, board president, and Donald B. Severance have indicated they will not seek re-election.

According to Robert Shafer, board secretary, petitions are now being circulated for Francis P. Gazlay, Clifton D. Hill, Dr. Waldo Johnson and H. Adrian Willis.

Gazlay resides at 221 South Rogers. He is married and has four children. He teaches at Cody high school in Detroit and was graduated from Olivet college and received a masters degree from Wayne university.

Hill is a Northville attorney who is a member of the American, Michigan and Detroit bar associations. He moved to Northville in 1944, is married and has three children in school here. Hill now practices principally in Northville but has gained a wide reputation for his tax work with the federal government and department store chains including the J. L. Hudson company.

Dr. Johnson is a practicing dentist in Redford. The Johnsons have lived in Northville for 36 years. He is a graduate of Northwestern university and has two children, one married and one in college.

Willis is married and has two children. He has been a resident here for 10 years. A college graduate, Willis is advertising manager of the Kelvinator division of American Motors. The Willis' reside at 44700 Thorn Apple Lane.

Deadline for filing petitions with the secretary of the board is 4 p.m. Saturday, May 11.

Williams to Lead Dance and Jazz Band

Dance music and jazz will be waiting for modern music lovers on Friday, May 17, when the annual show of the Northville Dance and Jazz band is presented.

The affair will be at the Community building. Such numbers as "String of Pearls" and several Stan Kenton numbers will be on the program. The band will be led by Bob Williams.

Strive for Harmony In 'New Era' Beginning

A "new era" of mutual understanding and cooperation was launched Saturday afternoon by representatives of the city and track in a meeting held to correct growing grievances.

In a three-hour long session officials of the Driving club, Downs and city resolved to set aside past differences and strike out on a new course of constructive planning.

The meeting resulted in these developments:

1. Virtual assurance by the city that the Downs will have access to two acres of land on River street for parking and ingress and egress to the track;

2. A promise by the Downs to abide by any stipulation for use of the property as outlined by the city, and a further agreement to erect a green belt along River street and the Seven Mile cut-off to block barn areas from outside view;

3. A program of weekly conferences between the city manager and John Carlo, Downs general manager, to correct any community-track problems;

4. The promise of a meeting between officials of the Wayne County Road commission, the track and the city to present a plan for procurement of the River Street property next to the track.

A resolution adopted on April 8 by the city council to block the sale of the two acres on River street near the Seven Mile cut-off to the Downs brought a storm of protest from track officials. Their claims that the property was vital to the future of racing in Northville brought about the Saturday meeting.

The council justified its April 8 action by stating that it acted only in a stop-gap manner to learn the details of the transaction. Residents of the River street area feared erection of barns on the property and appeared before councilmen to urge passage of the resolution.

The Downs had already sent a check for \$15,000 to the road commission for the property. Officials stated that under existing zoning the land could only be used for an entrance or parking.

Attorney Clifton D. Hill set a pattern on which the meeting was conducted. Speaking for the Driving club, Hill opened the session by calling upon all parties to "begin a new era and forget old grievances."

He pointed out that it was the duty of the council to do the greatest good for the majority of the citizens. "We have all been amiss in the past, but we should forget personalities and work to put racing on a sound economic basis for both the track and the community," Hill added.

At times during the session, Hill had to remind representatives of the "new era". With few exceptions the meeting remained constructive. Occasionally the temptation to digress and point up past errors slipped into the conversation.

Carlo outlined to councilmen the position of the Downs and its need for the two acres. He told the gathering that it was economically impossible for the Downs to make needed grandstand, barn and facility improvements without more racing dates. "Every request for additional racing dates at the Downs has been turned down by Commissioner Ingalls because of the size of our track," Carlo pointed out.

He told councilmen that with the property on River street the Downs could provide needed parking for horsemen and also an entrance and exit to the track. "With this property we can move the track south by 16 feet so that it can be widened," Carlo stated. "Unless we can widen the track, improvement steps cannot financially be taken," he added.

Carlo suggested that councilmen outline the restrictions they want on the property and that as long as the track had parking and a roadway they would be happy to agree to other stipulations.

"Someone has mentioned that our community relations have been bad. If there's anything that I have done to hurt these relations, I am not aware of it. We acted in good faith to purchase the two acres, not knowing it was necessary to notify the city," Carlo concluded.

Although urged by the trackmen, the council was reticent to amend its resolution and clear the way for sale of the property to the Downs.

It appeared that the council would first examine the possibilities of city ownership of the property with a

Maybury Dietitian Retires

The last several months have been rather gala ones for Mrs. Edith McKenna, retiring dietitian of William H. Maybury Sanatorium.

Mrs. McKenna has been a familiar figure at Maybury for the last 32 years, and her friends and fellow staff members have seen fit to honor her in a grand way.

The fun began on March 8 with a surprise open house at the sanatorium. Mrs. McKenna received gifts of electrical appliances — "everything for the kitchen you can imagine," she said.

A dinner at the Hillside Inn was next on the list, given by friends at the sanatorium. On March 21, dietitians of the Detroit Health Department also honored her at a dinner in Detroit.

There was another dinner March 28 and another on April 8, given by fellow Maybury staff Miss Rosa Sayles.

There was occasion for a double celebration a week ago Monday evening — it happened to be Mrs. McKenna's birthday. Staff members Esther Lachman, Rosa Sayles, Marge Owens, Eva Johnson, Ann Patterson, Harriet Gibson, Ella Arnold, Ida Rickard, Elizabeth Beard and Delia Pellissero honored her at a dinner at the Sea Food Grotto.

Mrs. McKenna, who lives at 229 Hutton street in Northville, is originally from Metamora, Michigan. In addition to being dietitian for Maybury, she has been with the Detroit Board of Health for 33 years and canteen chairman for the Northville branch of the Red Cross.

Mrs. Edith McKenna

Women's League Members Attend Luncheon Meeting

Six members of the Northville branch of the Woman's International League for Peace and Freedom attended the annual meeting of the Michigan branch in Birmingham last Saturday.

Attending were Mrs. Cy Frid, Mrs. Clara Dickerson, Mrs. Paul Kauffman, Mrs. Raymond Lewis, Miss Alta Powers and Mrs. C. E. Woodruff.

Speaker at the luncheon was Mrs. Josue Picon of Detroit, former national president of WILPF. She spoke on human rights, with special reference to Montgomery, Alabama which she visited during the recent bus boycott.

A number of resolutions were directed by the organization toward President Eisenhower, among them resolutions favoring the cessation of

nuclear tests, the military neutralization of Germany, increased foreign economic aid, and passage of civil rights and immigration bills.

Officers of the Northville branch who were elected at the local annual meeting April 25 include Mrs. Cy Frid, president; Mrs. Adolphe W. Moerke and Mrs. Mary Jane Orlick, vice-presidents; Mrs. Paul Kauffman of Plymouth, secretary, and Miss Alta Powers, treasurer.

Mr. and Mrs. Clarence Jerome and son, Gerry, attended the wedding of their nephew, Richard Westels of Clawson Saturday night.

What's Cooking?

FAVORITE RECIPES OF NORTHVILLE HOMEMAKERS

Cooks of the old southern school are famed for recipes that really can't be resisted — and these "Charleston Devils" are a fine "chocolate" example of their art.

The recipe is given to us by Mrs. Joseph Crupi of Nine Mile road, whose family is not southern — but they really appreciate these little chocolate cakes. Daughters Sandra, 11, and Carol, 13, attend Our Lady of Victory school. Daughter JoAnn is five, and likes to sit on the kitchen counter to see "just what this cooking business is all about".

CHARLESTON DEVILS

1/8 pound butter
1 cup sugar
1 egg
4 squares baking chocolate
1 cup sweet milk
3/4 cup buttermilk
2 cups flour
1 teaspoon soda
1 teaspoon vanilla
pinch of salt

Cook sweet milk, chocolate and butter in top of double boiler, stirring until thick. Set aside to cool.

Cream sugar and egg together; add to cooled chocolate mixture.

Sift flour, soda and salt three times; add to mixture alternately with buttermilk. Add vanilla.

Bake in pan lined with waxed paper 25 minutes in a slow oven, about 325 degrees. Cut into squares. Makes about three dozen.

Icing

1 box confectioners sugar
4 heaping tablespoons cocoa
1/8 pound butter or oleo
1 teaspoon vanilla

Add boiling water enough to mix. Stir until smooth and add vanilla. If icing is runny, add more sugar.

Palette and Brush Has 22nd Birthday

April 30th, Devon Gables was the scene of the 22nd annual birthday party luncheon of the Palette and Brush club. Some 100 were present.

The newly elected officers of the club are:

President, Mrs. Thomas Ingram; vice president, Mrs. John Stewart; recording secretary, Mrs. Stanley Bladley; corresponding secretary, Mrs. Vernon Caylor, and treasurer, Mrs. Frederick McBrearty.

THAT BIG MIXING BOWL holds surprises, as Jo Ann Crupi, 5, well knows. Her mother, Mrs. Joseph Crupi of Nine Mile road, contributed this week's recipe for "Charleston Devils".

Altar Society Plans Rummage Sale

A rummage sale is now being planned by the Altar Society of Our Lady of Victory church. To be held in the church hall May 21 through 25, the sale will feature clothing and household items.

The next meeting of the Altar Society will be Wednesday, May 15 at the church hall. Co-hostess will be Mrs. Rahley, Greens and Keegan.

Nursery Members to Attend May Conference and Clinics

Several members of the Northville Co-operative pre-school play group will travel to Lansing next Monday and Tuesday to attend the May conference for members of such groups.

Outstanding speakers and interesting clinics which cover a variety of subjects are planned for the two days.

Officers for the coming year were elected at the last meeting of the Northville group last Monday. The new president is Mrs. Francis P. Gazlay; Mrs. Howard Cadwell, vice president; Mrs. E. C. Cavey, Jr., secretary; Mrs. Gordon Forrer, treasurer; Mrs. R. R. Yoder, membership and Mrs. Bill Coulter, equipment.

Teachers Mrs. Pat Harit and Mrs. Mary Conley gave reports on material covered in a course they are

completing at Wayne State university on pre-school teaching.

Future plans for the group include a field trip to Mettetal airport in Plymouth tomorrow. This will be the last of a series of excursions the youngsters have taken. On May 25, the group will have its annual family picnic at Cass Benton park for all members of the families of the nursery school children. The school session will end May 25.

Clean Carpets. Save You Money

IF RUGS and carpets are to wear well and stay attractive they must be kept clean. Dirt on the surface dulls the color of the rug. Embedded grit wears and cuts the fibers. Damage from clothes moths and carpet beetles is less likely to occur when rugs are kept clean. The time to spray rugs against these insects is after they have been thoroughly cleaned.

A MEMBER OF THE FAMILY — "Cutie" is the name of the W. W. McKeel family pet, here perched on daughter Ann's lap. The McKeels moved into their new Whipple drive home in November.

The W. W. McKeel family has been in its new home at 20155 Whipple drive since November, although they moved to Northville from Ferndale last June.

Mr. McKeel, who recently completed 30 years of service with the Western Electric company, will be with the new plant now being built on Sheldon road and expected to be in operation next year.

The McKeels enjoy square dancing and swimming. Among daughter Ann's hobbies are skating, tennis and membership in the Future

Teachers club at Northville high school. She is 16 and a junior at NHS. The entire family became members of the Northville Presbyterian church on Palm Sunday, transferring from their former church.

The man of the house enjoys a good game of golf and is also a 32nd degree Mason. He is a charter member of and helped organize the first chapter in Ferndale.

Engaged

Miss June Roberts

Mr. and Mrs. Clifton Hill of Beck road announce the engagement of June Roberts to Robert B. Freydl, son of Mr. and Mrs. Charles M. Freydl of Eaton drive.

June is a graduate of Eastern Michigan college and teaches at Foch junior high school in Detroit. Robert graduated from Michigan State university in forestry and is employed by the Detroit Edison company as a wood technologist. A June wedding is planned.

Discovering that more than 15 per cent of its guests were six feet or more tall, an Indianapolis hotel recently began installing some seven foot beds.

FOOT- SAVING EDUCATION

By
JIM
HOUK

WHY DO SHOES SMELL?
(Continued from last week)

Last week we suggested checking on the fit of odoriferous shoes. If that is not the answer there are three other possible remedies.

This writer is not opposed to composition or rubber soles. They do last longer and thus save money for parents of young families at a time when saving money is more necessary than convenient. It has been my experience, however, that some children cause composition soled shoes to smell but not leather soled shoes. Secondly, some mothers have mentioned improvement when they used cotton socks and, finally, unlined shoes may be the answer. Whatever the solution, the problem is well worth solving because schoolmates are merciless in their comments.

"Have you heard
about the new electric
water heaters?"

"Heard about them? We bought one!
Gives us plenty of hot water
and we won't have to replace it
for a long, long time."

SOMETHING NEW IN ELECTRIC WATER HEATING!

Only electric water heaters give you all these important advantages:

- ☑ Safest water heater built—flameless
- ☑ Plenty of hot water—24 hours a day
- ☑ Install anywhere—no flame, no flue
- ☑ Efficient—no heat wasted up a flue
- ☑ Cleanest—no soot, it's all-electric
- ☑ Cool to the touch—top to bottom
- ☑ Long lasting—built to rigid Edison standards

They add up to the finest hot water service ever offered in Southeastern Michigan

See them at your dealer's, plumber's or Edison office

FRIENDLY COMPETITION — Two pretty entrants in the Novi AMVET beauty contest talk over the rules with Gordon Promo, chairman of the event. Virginia Kwasek (left) and Virginia Sutton are both students at Northville high school and will have their big night on June 14 at the annual "Miss AMVET" contest. Application blanks are available from Promo, Charles Trickey, Jr. or The Northville Record office.

NOTICE

WHEREAS, the Township of Northville does not have as of the date hereof any ordinance regulating the minimum construction requirements of dwellings, buildings and structures in the unincorporated area of the Township, and

WHEREAS, there has developed an accelerated trend in the construction of dwellings, buildings and structures within the Township, and

WHEREAS, it appears that an ordinance regulating the minimum construction and alteration requirements of dwellings, buildings and structures is needed so as to lessen congestion on public streets and to better serve and promote the public health, safety, morals and general welfare throughout the Township;

Now, therefore, BE IT RESOLVED, that the Township Board of the Township of Northville hereby declares its intent to proceed under the provisions of Act 185 of the Public Acts of 1943, as amended, and to adopt an ordinance regulating the minimum requirements of dwellings, buildings and structures throughout the Township, and

BE IT FURTHER RESOLVED, that this declaration of intent be given public notice within ten (10) days of this date by publication in The Northville Record, a newspaper of general circulation within the Township of Northville.

YEAS: M. Lawrence, Terrill, Merriam, A. Lawrence and Stark.

NAYS: None.

Motion carried. May 7, 1957

Novi School Board Awaits Decision On Expansion Issue

Novi school board members will soon learn whether their request for a larger district and tax rights over the new Lincoln plant has been approved by the state board of education.

The state board is expected to announce its decision next Monday.

The Novi board appeared before the state group in Lansing last week to request transfer of more than 4,500 acres from three other school districts to Novi. Included in the package is the tax-rich Lincoln plant.

The transfer had earlier been rejected by the Oakland county school board.

In Lansing, the Novi group attempted to get a postponement of the hearing until later this summer to allow time for further study. But the state board refused to grant the delay and ordered the hearing held at that time.

Novi is seeking the transfers so as to straighten out its district boundaries.

New Procedure

Novi residents who wish to bring business before meetings of the township board must now present their request to a board member beforehand.

The board decided on this policy last week in an effort to maintain order and brevity at meetings.

A specific portion of the meeting will be devoted to the public, and all legitimate requests to be heard will be honored.

To bring up an item of business, residents should contact a board member sometime prior to the beginning of the meeting.

Willowbrook News

The bowling banquet for the Willow Wood bowling league was held May 2 at Devon Gables. V. Newton of Malott received a pin from the WIBC for her high game of 247. Augusta Lewis and Gayle Smelt also received prizes.

Don and Eleanor Wingard of Malott entertained Mr. and Mrs. P. J. Watson of Ferndale for dinner Wednesday.

Melinda Needham of McMahon had her sixth birthday party Friday. Her guests were Kim McCormick, Gary Keating, Susie and Bobbie Vivian, Steve Hawley, Ellen Gamber, Therese Richmond, Laura Rose, Del Peterson, Barry Davis, Dale Pohlman and Rod Papin.

A combined baby shower was given Thursday night by Marky Ames of Mooringside for Rita Byrd and Marguerite Parent. Both girls received many lovely gifts. The neighbors present were Margaret Bunker, Virginia Barnes, Dorothy Richmond, Dottie Flattery, Louise Ranno, Jane Bauer, Marion Weiss, June Weisberger, Marion Lees, Mary Chismark, Bobbie Stine, Sally Nelson and Jennie DuPrey. Agnes Driscoll and Kay Reiss sent gifts but were unable to attend.

Justice Balks over Clerical Fees

Salow to Be Permanent; Asks Terms

Glen Salow, Jr. was named permanent building - heating - electrical inspector for Novi township Monday night after requesting and apparently getting a host of specific benefits pertaining to the job.

The appointment was unanimous.

Salow was given the job on a temporary basis last week after former inspector Cameron Lodge had resigned the previous week in the face of a board resolution to fire him.

Monday night's action was quiet compared to the storm which surrounded Lodge's dismissal.

Before he was given the permanent job, however, Salow listed a number of demands which he felt should be part of his contract with the township. Among them:

—a 40-hour working week, with no regular hours on Saturday but with provisions for emergency inspection.

—compensation for driving his own car on the job.

—a possibility of a paid vacation next year, with arrangements made to provide a substitute inspector while he takes a non-paid three-week vacation this year.

—accumulation of overtime hours and application of them toward time off, possibly to allow him an extra free day after holidays.

No formal action was taken on the requests, but they apparently will become part of his contract ipso facto.

Only point of contention concerning the requests came from supervisor Frazer Staman who said that in the past, mileage allowances have been considered part of the \$5,400 annual salary. Otherwise, Salow's requests were studied but not criticized.

Balon was careful to note that appointment was made only after two other applicants for the job had been screened and found lacking in background requirements. An advertisement for the position ran two consecutive weeks in The Novi News.

In other business, the board: —adopted the state plumbing code with the understanding that no fees will be charged to residents for the inspection.

—were told that architects will soon draw up a list of specifications for painting and refurbishing the Novi Community building.

—inconclusively discussed a proposal to contribute to the new Novi Little League, and named treasurer Ray Harrison to represent the board in discussing increased contributions to the Northville recreation committee which provides summer recreation programs for Novi children.

—told a resident that the township cannot approve a liquor license for his tavern

IT'S MOTHER'S DAY to rest and Mrs. Edward Polak, 24460 Border Hill road, is getting in practice for Sunday. Above she relaxes and reads the paper while Dad feeds 10-month-old twins, Christopher and Kimberly. Nine-year-old twins Linda and Brenda, and Keith, 4, seemed to enjoy Dad's plight. While Mothers everywhere will receive their due respect Sunday, they probably won't have things quite as easy.

Attorney Leonard Dismissed

Arch Leonard became the second Novi township aide to lose his job in recent weeks, as the township board last week failed to renew his contract as township attorney.

The action leaves Novi without an attorney at a moment when the city of Northville is ready to answer Novi's supreme court case challenge.

Trailers Still Okay In Park This Year

The Novi township park at Wall Lake will operate as usual this year, but indications this week were that trailer homes will not be allowed in the park next year.

The township board Monday night agreed to re-open the park to trailers this year because many trailer-owners have paid a winter storage deposit and have made plans for the summer.

Trustee Stan Balon and treasurer Ray Harrison had asked earlier that trailers not be allowed, and that instead the township raise revenue by charging an admission price for each car entering the park.

They claimed the great number of trailers in the park prohibits many township residents from using their own park.

In the meantime, the board has arranged for reconditioning of the park for use this summer. It will open shortly.

lending the annexation of township territory to the city.

Meanwhile, the township board is interviewing applicants for the vacated post. At least two attorneys are under consideration.

Leonard was relieved of his position quietly last week when the board simply let his contract renewal slip past without action. It had been known for some time, however, that Leonard would not win approval of the new board.

Two weeks ago, clerk Hadley Bachert, treasurer Ray Harrison, and trustee Stan Balon indicated they would seek a replacement for Leonard. They claimed the aging attorney had given the township inaccurate legal advice at times and often had not been clear in his explanations of legal technicalities to the board.

Supervisor Frazer Staman argued at that time that Leonard is an outstanding Oakland county attorney, is well-versed in township law, and is best prepared to continue Novi's pending supreme court case.

Leonard, appointed to the post in March, 1956, had a 50-50 record in court while representing Novi in major cases. He won the township's suit to halt one annexation of Novi territory to Northville, but lost a suit to block in the incorporation of Wixom.

The board is expected to name a new attorney shortly. One applicant — attorney Philip Pratt of

Pontiac — has been interviewed so far. A second — Tony Renne, also of Pontiac — has been backed by Bachert, Balon and Harrison and apparently will be interviewed soon.

The dismissal of Leonard follows similar action against former building inspector Cameron Lodge who resigned two weeks ago when faced with a board motion to fire him.

Permission Given For Phone Building

The way is now clear for construction of a telephone exchange building in Novi township to provide dial service for the entire Novi-Northville area next year.

Permission to erect the building was granted last week by the township zoning board of appeals after the board had delayed its okay until safeguards against further commercial use of the structure were written into the agreement.

The building will be constructed on North Center just north of Baseline, near Northville. The site is zoned residential.

Permission also has been granted by the Northville planning commission, since the site lies in an area now contested between the city and the township. Until a court decision decides the issue, it is uncertain in which governmental jurisdiction the land lies.

May Take Novi Court From Hall

Novi justice of the peace William MacDermid this week threatened to pull his court out of the township offices if the township board forces him to pay for clerical assistance by the township receptionist.

MacDermid presented his ultimatum in a half-hour discussion before the township board at its meeting Monday night.

The discussion renewed a struggle over Novi justice of the peace policy which resulted in the resignation of former justice Edmund P. Yerkes last March shortly before he was defeated for renomination in the April primary.

At that time, former treasurer Charles Trickey, Jr. claimed that Yerkes should pay for clerical help provided by the township. When Trickey was upheld by township attorney Arch Leonard, Trickey demanded that Yerkes repay the township for past service.

MacDermid made it clear Monday night that he did not go along with that ruling. To back up his stand, the justice pointed out:

—if he conducts court from his home, it would possibly mean confusion for police and an inconvenience for driving offenders who wish to pay a ticket and be on their way.

—he has "slimmed down" justice operations at the township hall and is now doing much of it at home with his wife.

—Mrs. Russell Woodworth, township receptionist, has assured him that his clerical work is no burden on her and does not interfere with her other township duties.

—the present arrangement benefits the township as much as it does himself, in that court and police operations are conveniently tied together in the township hall.

After hinting for some time that he wished the set-up to stay as is, MacDermid finally stated flatly:

"If I have to pay for secretarial help, I'll take the whole court home and pay my wife to help me. Conducting the court there would hurt the smoothness of the operation more than it would hurt me."

Supervisor Frazer Staman and trustee Frank Clark backed MacDermid in his stand on the money matter. Staman insisted that police and court functions should be conducted from the same building ever if it meant providing secretarial service.

The proposal for free secretarial help was opposed by clerk Hadley Bachert, treasurer Ray Harrison, and trustee Stan Balon.

They cited attorney Leonard's opinion that the township cannot legally provide the clerical help without cost and stated repeatedly that they would expect some compensation from MacDermid.

MacDermid disagreed with them on the opinion, however.

Minstrels Highlight School Fair

The knee-slapping gags of Mr. Bones and the Interlocutor... the smell of popcorn... the game booths with their feats of strength and skill... the chant of the bark-er beckoning crowds to his stand.

They'll all be on hand tomorrow night when Novi school once again becomes a gay and colorful fair-ground.

The annual fair will be bigger than ever this year, and its planners have promised that there'll be fun, thrills and prizes for all. It'll begin at 7 p.m. in the Novi school building and last until the final weary step has been taken on the jam-packed midway.

Sponsored by the Novi Mothers' club in conjunction with students, teachers and parents, the fair is one of the biggest events of the school year. Proceeds go to buy equipment and facilities for the school and its students.

This year, the fair is under the chairmanship of Mrs. Russ Taylor. Assisting her are co-chairmen Mrs. Ted Slentz and Mrs. Erwin F'Gepert.

Highlight of the fair will be a "Tom Thumb Minstrel Show" in which fifth and sixth graders will

present the traditional blackface routines of rib-tickling gags and toe-tapping melodies.

The minstrel show is under the direction of principal Mary Ann Atkinson and advance word has it that the students have come up with a show that would do any river-boat proud.

Two performances are scheduled — one at 7:00 and the other at 9:00. Admission comes free with tickets to the fair itself.

The festivities actually will get underway at 5:30 when dinner is served in the school building.

Promptly at 7:00, the doors to the midway will swing open. There, carnival-goers will find everything from game booths to bake sales.

Taking up almost every room in the school, there'll be a fish pond, nature museum, white elephant sale, ring toss, rummage sale, "parcel post", hat bar and a host of other activities.

Movies — complete with popcorn — will be shown.

A greenhouse will sell corsages — just in time for Mother's Day. And a bake sale will offer scores of freshly-baked cakes, pies and other pastries.

ACCOMPANYING THE MINSTREL CHORUS at the Novi school fair tomorrow night will be this rhythmic group of young musicians. On guitar is Allen Spicer. Diane McCollum is at the keyboard. And Billy Adams handles the accordion.

Council Votes For UF Merger

Members of the Northville Coordinating Council voted last week to join forces with the Metropolitan Detroit United Foundation.

Representatives of the Torch drive met with the council to explain the workings of the foundation at a special meeting last Thursday night.

The merger will mean that the Red Cross and Cancer drives in Northville will be replaced by one drive, and that the community will be able to avail itself of the 152 agencies of the foundation.

CORRECTION

A report in last week's edition that Mrs. Jean Shoebright had purchased the Joseph's Beauty Studio, 107 East Main street, was in error. Mrs. Shoebright has leased the shop from Joseph Zrenchick, owner, and will operate it under the name of Jean's Beauty Shop.

The Novi Township Democratic club will meet next Monday at the Novi Community building at 8 p.m. Refreshments will be served and everyone is welcome.

TEST FOR TUBERCULOSIS — Some 850 Northville children received TB tests this week as part of a Wayne county health department pilot study. Those who show a positive reaction — and their families — will be X-rayed next Thursday. Here, Dr. Howard Cadwell, department director, gives the test to Larry Austin. Helping are Mrs. Michael Willing, R.N., of Northville (in uniform), and Miss Mary DeWane of the department.

JCC Elects New Officers, Plans Teen-Age Road-E-O

The Northville Junior Chamber of Commerce took time out from planning its forthcoming Teen-Age Road-E-O to elect new officers last week.

Al Myers was named to head the recently formed organization for the 1957-58 year.

Other officers are: Robert German, vice president; Charles Latham, secretary; Merle Parsons, treasurer. The board of directors includes: Fred Kester, Fred Stefanski, Gene Quay and the four regular officers.

The JCC Road-E-O, to be held May 26, is open to anyone under 20 who has a license and who has not had a moving traffic violation within the past six months.

The driving-skill contest will actually begin May 18 when contestants take a written examination at Northville high school. On May 26, they will gather in the municipal parking lot next to the First Presbyterian church to undergo the behind-the-wheel test.

Applications may be obtained from Gene Quay at the high school or Fred Kester at the D & C store.

Cars for the driving test will be furnished by G. E. Miller, Northville auto dealer.

The JCC's also announced they have contributed to a project which donated a projector camera to the Wayne county children's hospital school.

Motorcycle Mishap Fatal to Novi Man

Gerald B. Schardt, 22, of 46998 12 Mile road died Monday evening at the University of Michigan hospital as a result of injuries incurred in a motorcycle accident.

Schardt was thrown from the vehicle when he apparently attempted to stop suddenly to avoid running into an automobile. He suffered multiple injuries when the motorcycle fell on top of him.

The accident occurred at 6 p.m. Monday on 12 Mile road approximately one-half mile west of Novi road. Schardt died two and a half hours later.

Services will be held at 2 p.m. today (Thursday) from the Casterline Funeral home in Northville. Reverend Peter Nieuwkoop of the First Baptist church will officiate.

Local Service Station Changes Ownership

Change in ownership of the Sinclair service station located at 310 East Main street was announced this week. New owners of the station are Vern Insland and D. M. Morris. The former owner was Seymour Orr.

Name of the station will be changed to Vern & Morris Service. It will be operated and managed by Insland, who formerly worked in the sales and service departments of G. E. Miller automobile agency.

WATER SOFTENERS

Factory rebuilt and refinished softeners of many well known makes at sensational prices. Sizes from 30,000 grains to 100,000 grains — from \$50.00. All guaranteed. It is better to buy a good reconditioned well known make of softener than a new one of unknown quality. These softeners have been traded in on new Reynolds Automatic softeners and we stand back of them.

It will pay you to see us before you buy any softener. Every type and size of manually controlled, semi-automatic and the wonderful Reynolds fully automatic softeners on display. You can't beat the best and you can't beat our values. Come to see us or call collect for a representative to see you.

Learn about the unique Reynolds Rental Plan.

Three Soloists Featured
At Plymouth Pops Concert

A pops concert and dance, to
which neighboring communities are
cordially invited is being held next
Saturday, May 11 by the Plymouth
Symphony Society at 8:30 p.m. in
the Plymouth high school gymna-
sium.

The pops concert will be followed
by a dance to the music of a swing
orchestra. The audience will be seat-
ed at cabaret-style tables and re-
freshments will be sold and served
at the tables throughout the con-
cert and the dance.

Two vocalists and a pianist will
appear as guest artists. Jo Ann
Hulce, soprano; Evelyn Woods, pi-
anist, and Nat Sibbold, baritone.
All three artists will be remem-
bered by friends of the Plymouth Sym-
phony Orchestra for distinguished
performances with the orchestra
during its regular concert season
this year.

The orchestral program includes a
variety of opera, Strauss, Gershwin
and novelty selections. Among the
opera favorites will be the ballet
music from Gounod's "Faust" and
a suite from Bizet's "Carmen". Nat

Sibbold will sing the "Torreador
Song" from Carmen.

Among the musical comedy selec-
tions will be Gershwin's "Strike Up
the Band" and music from "Porgy
and Bess", as well as a medley
from the Broadway hit "My Fair
Lady".

Miss Evelyn Woods will play the
first movement from Grieg's piano
concerto in A Minor. Nat Sibbold
will sing "Old Man River"; Jo Ann
Hulce will sing "One Kiss", and
they will join in a duet "In the Still
of the Night".

Dancing after the pops concert
will be to the music of Joe Skreyn-
ski's swing orchestra. Tickets for
the concert and dance are available
in Plymouth at Beyer drug store,
Carl Caplin's Clothes, Cassidy's,
and from members of the Women's
committee of the Symphony Society
and at the door.

Eagles to Celebrate
11th Anniversary

A roast beef dinner is on tap for
the Northville Eagles, Aerie 2504,
on Sunday, May 19, when they cele-
brate their 11th anniversary.

The affair will be held at the
American Legion Hall, 9318 New-
burg road, south of Ann Arbor
trail.

Prizes to be offered include a
ten pound ham, five pounds of
prime beef roast and a slab of ba-
con. After the dinner, there will be
a dance and a floor show.

Dinner will be cooked by the
Eagles ladies auxiliary. Tickets are
available from any Eagle member
or at the door.

The discovery of how to preserve
foods by canning may eventually
come to be considered the greatest
invention of historic times.

EASY WHEN YOU KNOW HOW — Christine Martin, a fifth grader
at Novi school, was runner-up in the Oakland county district spelling
bee last week and possibly would have been champion if she had
only remembered how to spell "sewers". Even so, Christine, daughter
of Mr. and Mrs. Eugene Martin, won a dictionary, pen, pin and
medal for being the second-best speller in the county. How did she
spell the big word? Why, s-u-e-r-s. How else?

Amendment To City Zoning Ordinance

The City of Northville Ordains:
All that piece or parcel of prop-
erty which is located in the south-
west 1/4 of Section 34, T1N, R8E,
Novi Township, Oakland County,
Michigan and being described as
beginning at a point which is dis-
tant along the north-south 1/4 line
of 50' 01' 45" W 272.09 feet from the
center of said section and trav-
ersing thence south 0° 01' 45" west
along said 1/4 line of 206.00 feet;
thence south 89° 42' 49" west,
435.79 feet; thence north 0° 01' 45"
east, 209.41 feet to a line which is
parallel to and distant 272.09 feet
from the east-west quarter line of
said section; thence north 89° 56'
39" east, along said line which is
parallel to the east-west 1/4 line
435.77 feet to the point of begin-
ning. This property is located on
the west side of North Center Street
and is the east part of the property
more commonly known as 1035 N.
Center St. (Formerly H. Toussaint
property) be zoned C-2 classifica-
tion subject to the following condi-
tions:
(a) that only one single story
masonry building with face brick
front and sides be erected.
(b) that the building be set back
at least 75 feet from the west line
of N. Center St.
(c) that no truck or material
storage be permitted on the prem-
ises
(d) that the property be properly
landscaped so as to minimize the
effect of the building on the adja-
cent properties.
This Ordinance shall be effective
ten (10) days after passage and fol-
lowing publication thereof.

LEGAL NOTICE

CHANGE IN RULES AND REGULATIONS
Savings Accounts Formerly in Depositors State Bank, Northville Notice is hereby given that the "Rules and Regulations Governing Savings Deposits" as promulgated by the State Bank, Northville, are repealed in their entirety effective the close of business May 31, 1957. Effective June 1, 1957, all savings accounts opened with and formerly governed by said rules of Depositors State Bank, Northville, shall be governed by the "Rules and Regulations Governing Savings Deposits" as promulgated by Manufacturers National Bank of Detroit and now in force, a copy of which appears below:

On the first business day of June, 1957, there will be credited to all accounts governed by such repealed rules interest for the six-month period December 1, 1956 to May 31, 1957; such interest to be paid under the interest formula as practiced by Manufacturers National Bank or such interest to be paid under the interest formula as practiced by the Depositors State Bank, whichever is greater.

MANUFACTURERS NATIONAL BANK OF DETROIT
April 12, 1957
OTTO A. LILL, Cashier

RULES AND REGULATIONS GOVERNING SAVINGS DEPOSITS
Manufacturers National Bank of Detroit

SECTION 1. The Bank reserves the right to refuse to accept any deposit at any time, at the right to return all or any part of any deposit or deposits, the

right to limit the amount of the balance which any depositor may have to his credit in one account, or the aggregate of his balances in two or more accounts, whenever it shall deem such action expedient.

SECTION 2. Each depositor opening a savings account shall receive a pass book, and must sign or place his or her finger prints on a signature card. By the acceptance of such pass book and the signing of such signature card, the depositor shall be deemed to have given unconditional assent to these rules and regulations and any and all additions, alterations, amendments or repeals thereof as provided for in section twelve (12).

SECTION 3. All deposits and withdrawals shall be entered in the books of the bank and the pass book, which shall be the depositor's voucher or evidence of deposit. When deposits or withdrawals are made, the pass book shall be presented for entry of such deposit or withdrawal; provided, however, that upon assurances satisfactory to an authorized representative of the bank, deposits may be made to the depositor himself, but not to any other person whether or not acting for the depositor without the presentation of the pass book. All payments to depositors may be made in current funds.

SECTION 4. Money will be paid to the depositor in person, or to the order of the depositor, provided the order is in form satisfactory to the bank and accompanied by the pass book. The bank reserves the right to require ninety (90) days written notice of all withdrawals of deposits. All payments shall be made in accordance with the requirements of the applicable Laws, Rules and Regulations.

SECTION 5. If the pass book is mislaid, stolen or lost, the depositor must give immediate notice of the fact to the bank. Upon satisfactory proof to the bank of such loss or theft of the pass book, and upon delivery to the bank of such security or bond of indemnity as shall be required by the bank for its protection, the amount of the deposit then standing to the credit of the depositor shall be transferred to a new account and a new pass book issued therefor.

SECTION 6. An account may be opened (a) by a minor, or (b) by any person in the name of which no withdrawal of a minor, and in either case withdrawals may be made (as provided for in these rules and regulations) by such minor, unless, in case (b), the person opening the account shall otherwise direct.

SECTION 7. The Bank will pay interest on savings deposits as from time to time determined by the Board of Directors.

A schedule showing the basis for paying interest will be displayed in the lobby of each office of the Bank beginning two weeks prior to the effective date of such schedule.

SECTION 8. Accounts in which no deposit, except in the crediting of interest, and which no withdrawal shall have been made for a period of ten consecutive years, shall not be entitled to any further payment of interest except in case of special agreement to the contrary.

SECTION 9. Bank reserves the right to make such service charges on savings accounts for excessive activity or otherwise as may be fixed from time to time by the Board of Directors.

SECTION 10. All items are credited subject to final payment in cash or solvent credits. The liability of the depositor as endorser or otherwise shall not be affected by failure to give notice of dishonor or non-payment, nor by certification obtained by the bank of any deposited check.

In receiving items for deposit or collection, in cashing checks and in any other transaction between the depositor and the bank within the purview thereof of the provisions of "The Bank Collection Code" being Act 240 of the Public Acts of Michigan of 1981, any amendments or additions thereto, shall (except where inconsistent with any specific provisions hereof) govern and apply in respect of every act or event in the course of or arising out of such relation whether done or occurring within or without the State of Michigan, provided that any items transmitted for collection to any Federal Reserve Bank shall be subject to the rules and regulations thereof and of the Federal Reserve Board then in force. Any item drawn on this bank not good at the close of business on the business day following the day of deposit may be charged back.

SECTION 11. Upon the closing of an account by the depositor, or the bank, the pass book shall be returned to the depositor, which act shall constitute a full acquittance and release by the depositor of the bank of all sums due to the depositor.

SECTION 12. These Rules and Regulations may be added to, altered, amended, or repealed at any time by resolution of the Board of Directors and such additions, alterations, amendments, or repeals shall be binding upon each depositor after notice of the same shall have been given to him by posting such notice in the lobby of the Main Office and the lobby of each branch office of the bank.

Schedule of Interest and Charges

For Savings Deposits
The Bank will pay interest at the rate of 1% per annum, compounded semi-annually, on the interest bearing balance. The interest bearing balance will be determined for each six month period ending May 31 and November 30, as follows:

1. Take the lowest balance throughout the first three months and the lowest balance throughout the last three months, considering deposits made on or before the fifth day of either three month period as made on the first day of such period;
2. Add these two lowest balances and divide by two;
3. Subtract \$100.00, which does not bear interest.

Interest will be paid on the amount so determined.
Interest earned will be computed during the first fifteen days of June and December, and the net amount will be available for entry in pass books after June 15 and December 15.
Member Federal Deposit Insurance Corporation

Track, City

lease to the Downs. Legal opinion of Philip Ogilvie, city attorney, and Hill indicated that Downs ownership would be more beneficial to the city. The attorneys pointed out that the land would be taxable under Downs' ownership and that a use restriction in the deed would make it virtually impossible for the property to be used in any manner except as stipulated.

Before closing the session, Mayor Ely promised to appoint a committee to join Carlo and Malcolm Linehan of the Downs in a joint meeting with the county road commission. Monday evening Mayor Ely appointed Councilmen John Canterbury and Malcolm Allen. Ely will also sit on the committee. It is expected that the city will decide on a plan before meeting with the county. If Downs' ownership of the land is proposed, a list of restrictions to include a greenbelt will be submitted.

Principles at the meeting included: Carlo and Linehan, from the Downs; Dr. L. W. Snow, Hill, Nelson Schrader and C. A. Hoffman, from the Driving club, and Councilmen Allen, Canterbury, Reed, Welch, Mayor Ely, City Attorney Ogilvie and John Robertson, city manager, from the city.

To Address Optimists

Northville Optimists will hear Fred W. Ready, Jr., Detroit Edison lighting consultant, speak next Wednesday evening at the club's regular meeting.

Ready, who lives in Farmington, will talk on "Interesting and Unusual Wave Lengths".

LEGAL NOTICE

Donald B. Severance, Attorney
707 Federal Bldg.
Detroit 26, Michigan
STATE OF MICHIGAN
ss. 444,117
County of Wayne

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the Second day of May, in the year one thousand nine hundred and fifty-seven.

Present James H. Sexton, Judge of Probate

In the Matter of the Estate of MAE LANNING, Deceased.
Helen M. Sweet, administratrix of said estate, having rendered to this Court her first and final account in said matter and filed therewith her petition praying that the residue of said estate be assigned to the person or persons entitled thereto:

It is ordered, That the Twenty-fifth day of June, next at ten o'clock in the forenoon at said Court Room be appointed for examining and allowing said account and hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

James H. Sexton,
Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.
John E. Moore,
Deputy Probate Register

Dated May 2, 1957

SUNDAY
MORNING
LAZINESS -

This prayer has appeared in a number of places in Canada. No one seems to know who wrote it: "Almighty God, as I lie here on this sofa this lovely Sunday morning, surrounded by the Sunday paper and half listening to one of the radio preachers, it has come to me that I have lied to Thee and to myself. I said I did not feel well enough to go to church. That was not true. I was not ambitious enough. I would have gone to the office had it been Monday. I would have played golf had it been Wednesday afternoon. I would have attended my luncheon club had it met at noon. But it is Sunday morning and Sunday illness covers a multitude of sins. God have mercy on me! I have lied to Thee and to myself! I was not ill — I was lazy and indifferent!"

No one will doubt that this prayer of confession should be made by many many people. This one day in seven, instituted by the Lord Himself, can be a day for spiritual relaxation and refreshment by attending a church where the whole counsel of God is preached. How we need it when we are so occupied with the affairs of this life during the other six days.

NORTHVILLE

YOU CAN
WIN CASH
PRIZES
FOR COLOR PHOTO SCENES
OF NORTHVILLE.

• YES — We're offering CASH PRIZES for color prints of familiar scenes taken in Northville and the surrounding!

NOTHING TO BUY! BUT HURRY!
JUNE 1st IS THE DEADLINE

JUST FOLLOW THESE SIMPLE RULES . . .

1. This contest is being held to encourage the use and improvement of photography among the people of Northville, Plymouth, Livonia, Farmington and South Lyon and is open to all. Employees of Johnson's Jewelry and Gift Shop and their families are not eligible.
2. Contest opened February 1st, 1957 and closes June 1st, 1957.
3. Prizes will be in Silver Dollars.
4. The prizes will be awarded to the contestants whose transparencies with color prints are judged best by Jean and Carl Johnson. In case of ties, duplicate prizes will be awarded.
5. Color prints with transparencies are eligible, and each contestant may submit no more than six prints with transparencies. There are restrictions as to print size. They are to be unmounted, of any size up to 5x7.
6. Color prints must have secured to it a filled-in entry blank, available only at Johnson's Jewelry and Gift Shop, 124 E. Main, Northville. Information requested on the blank should be printed

or typewritten. Failure to provide full information on entry blanks will disqualify the print.

7. All prints must be scenes of Northville or Northville Township. Such as Churches, Schools, Business District, Track, Horses, Spring, Community Building, State Hospital, Maybury Sanatorium and other interesting Northville subjects. Scenes should be taken in both summer and winter.

8. All entries not qualifying and non-winners will be returned. Winners will become the property of Johnson's Jewelry and Gift Shop. Prize winners will be announced in your local newspaper ten days after the closing of the contest. Prize winning transparencies and prints including reproductions and promotional rights become the property of Johnson's Jewelry and Gift Shop. Winners will be required to furnish model releases where necessary in judgment of the contest.

10. Decision of the judges is final.

1st Prizes \$10.00; 2nd \$8.00; 3rd \$5.00; 4th \$3.00;
5th through 25th \$1.00.

A Merry Midway in Northville

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868

Thursday, May 9, 1957—9

WALKIN' FISH POND — Kids couldn't believe that Russ Reimer's coat had as many pockets as it did. But there they were — inside, outside, everywhere — and for little Mary Lorenz, one of them held a special surprise: a big, fat cigar of the candy-coated variety.

REPLACEMENT — P-TA president Harold Hartley was busy throughout the evening, and one of his jobs was seeing that all booths were manned — or womanned — at all times. Here he briefs Ardyce Atwood on the intricacies of the dart throw booth.

PRIZES FOR EVERYONE — Whatever their skill, almost anyone could and did win a prize at the carnival. Here, midway manager Ed Angove drops off a couple fuzzy creatures for winners at Fred Casterline's booth. In all, the carnival raised nearly \$1,700.

BUSMAN'S HOLIDAY — As chairman of the fair, George Clark was responsible for lining up all the activities, personnel, food and the hundreds of other details that went into it. Once it started, however, he couldn't resist taking time out to enjoy the fruits of his labor.

For four happy hours last Friday night, three Main Street buildings were turned into a gay and colorful midway for the 1957 P-TA carnival.

Hundreds of Northville and Novi residents strolled through the throngs, stopping for a hot dog, buying cotton candy or taking a crack at the dart game.

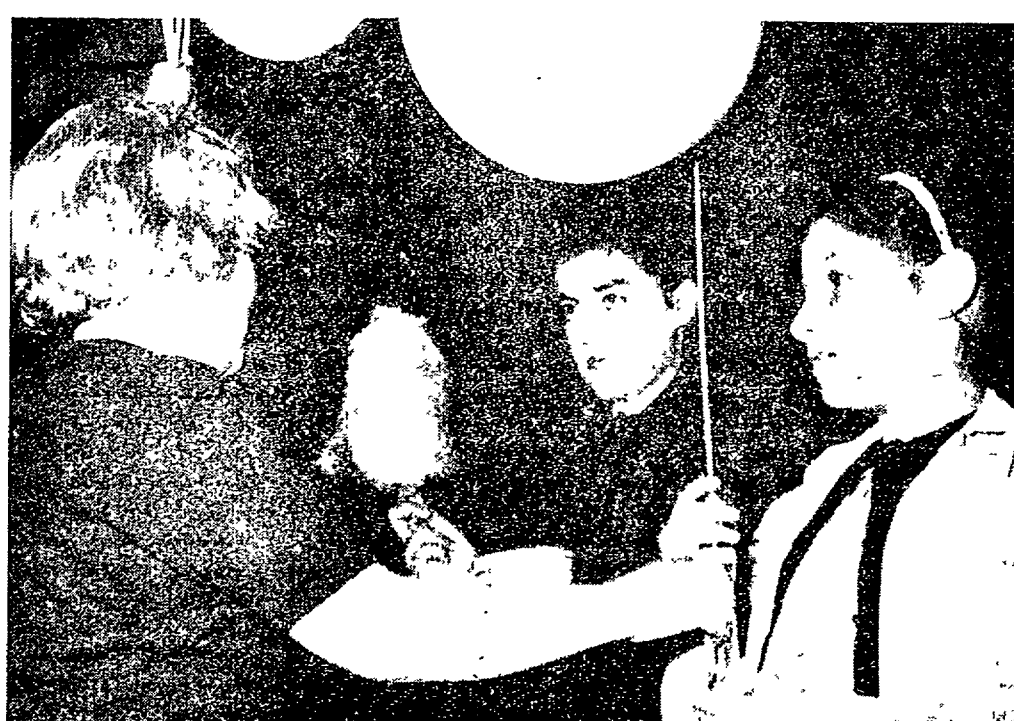

When it was all over, carnival chairmen counted up the proceeds and found that nearly \$1,700 — far more than last year's \$1,200 — had been tallied for the benefit of Northville school children.

Carnival chairman George Clark and P-TA president Harold Hartley joined in thanking the scores of residents and organizations who helped put across the annual event.

"To the many individuals who donated . . . food items, we are deeply appreciative," they said. "We also recognize the countless hours spent in food preparation, as well as the time devoted by many persons to setting up and manning the large number of activities."

"The carnival was truly a community effort," they added.

In all, 34 activities and food booths were on hand in the high school, Community building and Main Street school. Some 22 Northville organizations took part.

HAVE A BALLOON — Mary Severance (left) did a booming balloon business at the carnival Friday, as did all of the booth hawkers and concessionaires who helped put the annual affair across. Among her customers were Nancy Beard (center) and Connie Tegge.

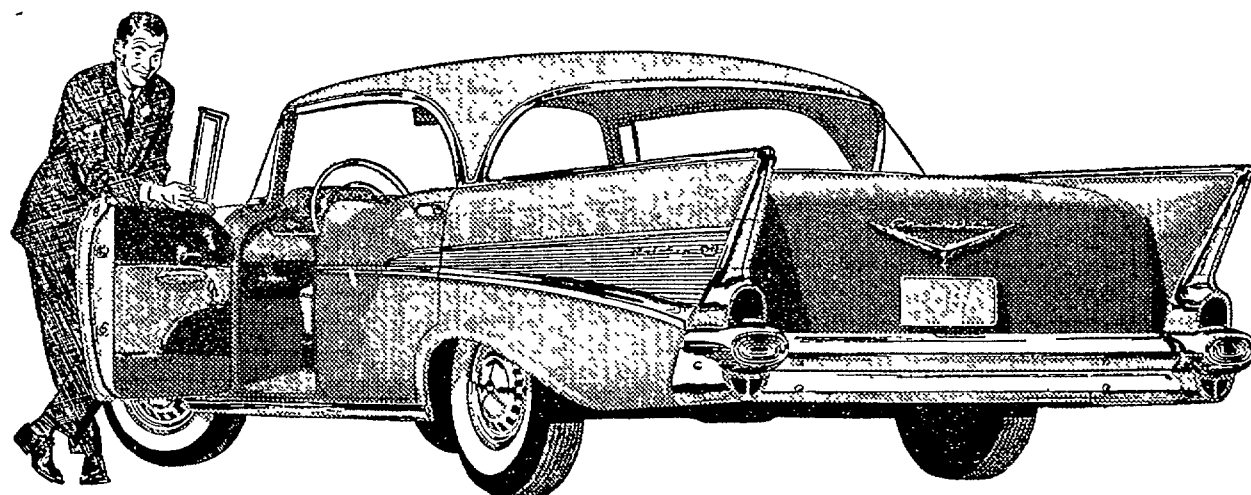

TICKET-SELLER'S TIME OUT — Harry Sedan enjoys a hot cup of coffee to perk himself up for the hundreds of customers yet to come.

KITCHEN CREW — Mrs. Pearl Stephens keeps an eye out for hungry carnival-goers while her fellow concessionaires take a quick bite. Left to right are Mrs. Robert Boyle, Mrs. John Lemon and Mrs. Andy Orphan. There were enough refreshments on hand for 1,500 people.

come try
Chevrolet's new
Triple-Turbine take-off!

Sweet, Smooth and Sassy—that's Chevy! Model illustrated, the Bel Air Sport Sedan with Body by Fisher.

Turboglide is the first and only triple-turbine transmission! You can feel the difference from your very first take-off!

Just slip Turboglide into "D" for "Drive" and pay it no mind. There is no "Low" or other positions to worry about.

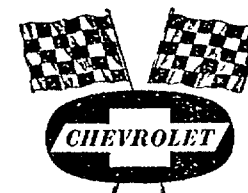

For this is the automatic with triple turbines. One for quicksilver starts from a standstill. Another for cream-smooth cruising. And a third turbine for passing

response that's safer all the way.

In GR (Grade Retarder) position Turboglide helps slow you down—saves your brakes on long, steep hills.

When you team Turboglide with Chevy's new Positraction rear axle, you've really got it made! You have surer, safer control on any road surface.

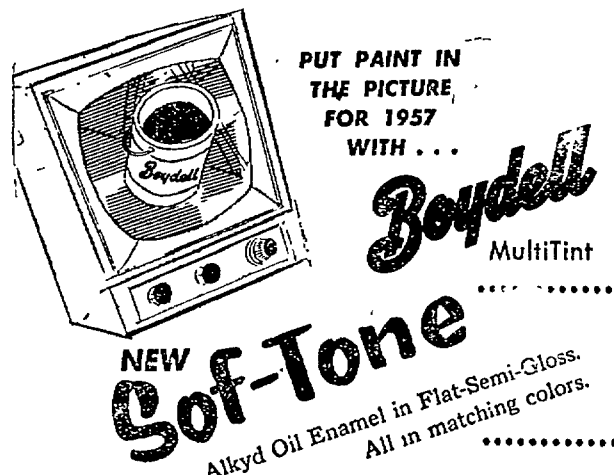

Try a sweet, smooth and sassy Chevrolet with these two new extra-cost options at your Chevrolet dealer's.

Merchants Open Baseball Season Here This Sunday

The Northville Merchants will open the Inter-County League baseball season this Sunday against Saline at Cass Benton park.

The fast Class A league will be composed of 10 teams and play a 22-game schedule. Northville finished third in last year's competition.

Managers Joe Kritch and Steve Folino are high on the prospects of the local nine this year. In Sunday's game they'll start Hal Hudson, a southpaw who pitched for Buffalo of the International League last year.

Game time is 3:30 p.m.

Northville's Line-up:

Robert Turczyn, 2b

Don Thompson, 3b

Darvin Snyder, 1b

Robert Mrozinski, lf

Ariston Luzod, cf

John Bender, ss

Jim McIntyre, rf

Robert Gow, c

Hal Hudson, p

Little League Time

Coming Up Fast

Everything is just about set for the Novi Little League to kick off its 1957 season.

The opening game is still a few weeks off, but already their "home stadium" behind Novi school is beginning to look like a baseball diamond.

What's more, sponsors are now acquiring uniforms and equipment for the four teams which make up the league.

Some 90 Novi boys will take part in the league. Those who do not make one of the four 15-player squads will participate in a junior or "minor league" program.

Roof Falls In on Mustang 'Nine'

FUTURE LITTLE LEAGUERS in Novi township were all eyes this week as their new diamond began taking shape. Located behind Novi school, it will be the scene of all Novi home games this summer. Here, the Little Leaguers get the lowdown on the new diamond from L. L. Granzow, supervisor of the groundswork.

Baseball fortunes turned against the Northville Mustangs this week with the result that their perfect season record suddenly has become a mediocre 3-3 balance.

The Mustangs dropped three straight tilts, including one in which they were the victims of a perfect game and another in which they salvaged only one hit.

Northville lost its third game Monday to Clarenceville, 9-3, after falling victim to Milford, 3-0, and Plymouth, 1-0.

The Mustangs jumped off to a 2-0 lead against Clarenceville, but the Trojans went ahead with rallies in the third, fourth and sixth innings.

Pitcher Aubrey King had his first bad day on the mound, allowing Clarenceville 13 hits and walking four Trojan batters. King had little support from his own batters, as the Mustangs collected a meager five hits.

Against Plymouth and Milford, the Mustang bats were as powerless as a toothpick in a hurricane.

In the two contests, Northville scraped together a total of one hit—a single by King.

What's more, 26 of the 56 Mustangs who went to bat had strikeouts to show for their efforts.

Even so, Northville stood a fighting chance in both games, thanks to some strong pitching from Goodrich and King.

King was a tough-luck hurler against Plymouth, as he allowed only four hits and kept the Rocks away from homeplate until the last of the sixth. With a little support at the plate, King could easily have had a win instead of a loss.

Goodrich was almost as effective against Milford. The big pitcher also allowed four hits and walked only two, but the Redskins managed to group them for the three winning tallies.

Goodrich more than matched his opponents' strikeout performance by throwing three strikes past 14 Redskin batters.

Unlike the Plymouth contest, when Northville failed to get even a good look at the base paths, the Mustangs had two good scoring opportunities against Milford. But the Redskin defense tightened each time and held Northville at arm's length.

Northville's scores were a hair worse against Brighton, as they stayed in the 50s and 60s for the second straight match. With Brighton winning, 195-228, Northville posted the following scores: Gross, 52; Mitchell, 55; Atchinson, 58, and Leavenworth, 63.

Northville had a better match

NHS Thinclads Take First Win Over Clarenceville

A frustrating track season began to look a bit brighter for the Northville Mustangs last week as they picked up their first win by dropping Thurston handily, 58 1/2-50 1/2.

The Mustangs have been plagued both by bad weather and hairline defeats.

Two of their first four meets were rained out, and the other two saw Northville come in second by a total of 3 1/3 points.

But the Mustangs were masters against Thurston, though the weather wasn't much better. Northville captured nine of the 13 first places and took the first two places in three of the events.

Dick Biery led the way for Northville, taking or tying for three first places and running a log on the first-place 880 relay squad. Biery's wins were in the broad jump, 440, and high jump in which he tied Bill Bill Yahnne.

Dave Adams was right behind Biery, taking firsts in the 100, 200, and a leg on the 880 relay.

Bill Yahnne turned in another solid performance, winning the 880, tying with Biery for the high jump, and taking a second in the broad jump.

Other winners for Northville were Bob Wagenschütz in the shot put, Bob Starnes in the mile and Brian Pretzer and Hugh Crawford in the other two legs of the 880 relay.

Coach Charles Yahnne's squad was scheduled to meet Oak Park yesterday to run off an earlier meet that had been postponed because of bad weather.

The Mustang thinclads will participate in the regional meet this Saturday and will then go to the state event a week later. That will be followed by the Wayne-Oakland meet and a repeat against Thurston to round out the season.

Linksmen Finally Win But Drop Three More Tilts

It wasn't their best afternoon of the season, but Northville high school golfers finally won their first match of the season last week by dropping Clarenceville, 193-222.

Meanwhile the Mustang linksmen lost other matches to give them a season's record of 1-5. Northville also was due to meet Clarenceville again yesterday with hopes of picking up their second victory of the season.

The Mustang's victory over Clarenceville saw three Northville players shoot under 50 for the first time this year. Match medalist Fred Schwartz had 45, Bill Chizmar had 49, Pete Gross took a 47 and Roger Atchinson posted 52.

Northville had a better match

against Plymouth, but the Rocks still walked off with the win, 173-182. All four Mustangs shot under 50 — Gross, 44; Chizmar and Atchinson, 45, and Schwartz, 48.

Oak Park slipped past Northville, 202-227, on a day so bad that coach Merritt Meaker reported that ducks were competing for space on the fairways. Mustang scores soared: Gross, 51; Atchinson, 56; Fred Mitchell, 58, and Carl Leavenworth, 62.

Northville's scores were a hair worse against Brighton, as they stayed in the 50s and 60s for the second straight match.

With Brighton winning, 195-228, Northville posted the following scores: Gross, 52; Mitchell, 55; Atchinson, 58, and Leavenworth, 63.

GONE FISHIN' — Spring is here, and Northville's fishing holes are going strong. Even out-of-towners find them biting in these parts — like Joe Polovino, of Wayne, who stopped by a few afternoons ago to try his luck for awhile. And from the looks of things, Joe didn't have to wait long before getting results.

Track, Golf Teams to Vie In Regional Trials Soon

Tournament time is at hand for Northville athletes, with two Mustang squads scheduled to participate in regional tests this week end.

In addition, Northville teams will engage in a total of seven contests in three sports during the coming week as the spring sports schedule continues to be heavy.

The Mustang golf team under coach Merritt Meaker faces its regional tournament tomorrow, while coach Charles Yahnne's track team undergoes a regional meet Saturday.

That's only the start, however. The under squad is also looking to the state track meet on May 18 and the Wayne-Oakland league championships three days later. In addition, coach Ron Schipper's tennis team will have its regional event a week from tomorrow.

Only coach Al Jones' baseball team does not face a tourney. The Mustang nine will not face a championship series this year, since post-season playoffs have been cancelled by league officials.

During the next seven days, the Northville baseball squad will be the busiest. Three ball games are on tap — Brighton today, Holly Monday and West Bloomfield on Thursday.

The NHS tennis team has two events scheduled — non conference Plymouth Monday and Clarenceville Thursday.

In addition to its regional tourney, the golf team meets West Bloomfield Tuesday and Plymouth Thursday.

The track squad is idle except for its regional meet.

The schedule for the coming week
GOLF — regional meet Friday
— West Bloomfield Tuesday
— Plymouth Thursday

TRACK — regional meet Saturday
BASEBALL — at Brighton today
— at Holly Monday
— West Bloomfield here Thursday

TENNIS — Plymouth here Monday
— Clarenceville here Thursday

THE NORTHVILLE RECORD—Thursday, May 9, 1957—11

2 Top Colts to Vie In Pace Next Week

A renewal of the duel between Royal Ensign and Royal Melody will highlight the running of the \$5,000 Wayne County Pace at Northville Downs next Wednesday.

The two colts are rated among the best in the state, with Royal Ensign winning 13 of 26 starts last year and Royal Melody taking 11 of 23 outings.

The race is for non-winners of \$10,000 in 1956. It will go two dashes at one mile each.

The Wayne County Pace is the third of five stake races scheduled by the Downs this year. The next is the Wolverine Trot on May 22.

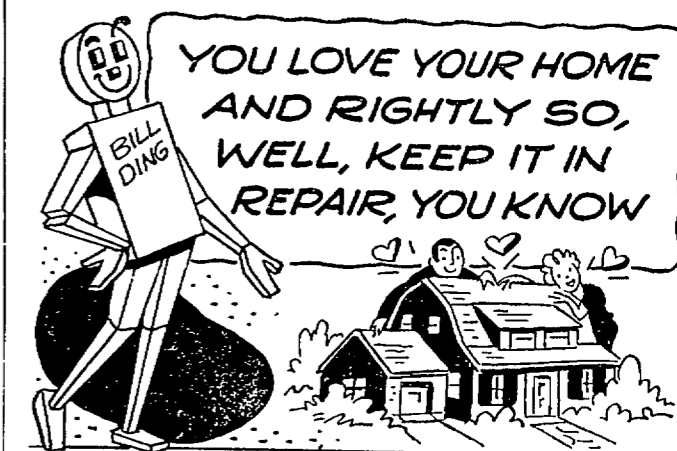

Royal Ensign and Royal Melody met earlier this season in the \$5,000 Northville Pace.

Others so far have been the \$5,000 Northville Pace on May 1 and the \$5,000 Northville Trot last night.

Small budgets love big Fords

You don't have to be rich to enjoy fine-car luxury. The new kind of Ford is America's lowest-priced* big car... yet it offers the beauty, V-8 GO and luxury ride of cars costing far more!

If you love big-car performance you'll love our '57 Ford.

If you love *thrill* you'll love our '57 Ford. No car ever before has offered such perfect blending of big-car luxury and small-car price.

Once you take the wheel, you'll discover how the "Inner Ford" gives you the kind of ride you have experienced before only in cars costing far more. You'll find its advanced-

design chassis and lower center of gravity let it corner as if it were on rails... that its engine is as responsive and nimble as a polo pony. Six or V-8 the going is great!

But even though this Ford *handles* like an expensive car, it's still priced Ford-low. In fact, model for model right across the board, the 1957 Ford is the *lowest* priced of the low-price three!

Ford is worth more at trade-in time. And when you go to trade your Ford, you'll find Ford's traditionally high resale value makes it worth more at that time, too.

Why not come in and Action Test this fun-lovin', budget-lovin' Ford? Why not come in and see it today?

The new kind of

FORD

Lowest priced of
the low-price three!

from the PASTOR'S STUDY

The Rev. John O. Taxis, Pastor
First Presbyterian Church, Northville

"...and we are whole again"
In this vast world of people, it is easy to fall into the idea that God is not concerned with insignificant me! We are used to being in with crowds of people, and often enjoy the anonymity as a means of respite from responsibilities. All too often we seek to remain in that condition of life and forget that we are individuals with duties to perform, and contributions to make. This, of course, caters to this idea that God couldn't be too concerned with each of us individually.

We couldn't be more wrong! If we would take a moment from our hectic bustle and note how God in Christ is ever aware of us as individuals. Consider, for example, the event in the Life of Christ (Read Luke 8: 42-43) Where we find Him present on all sides by the multitude, a crowd of people jostling Him. Suddenly, He turns to his disciples and ask a question — "Who touched me?" His disciples were at a loss to answer. In this crowd, who is an individual, that we could

point out that touched you? How could we possibly identify one insignificant person in this multitude?

But the Christ, as always, is not satisfied with generalities. He, as always, reveals God as concerned with you and me as individuals, so he continues to press the issue. "I perceived someone touched me, for power hath gone forth from me."

This is the Christ of everyday. Someone needs help — someone needs encouragement — someone needs healing — someone is in the throes of a decision. He is ever near, even though we be but one of millions to perceive "Someone touched me!" Here, then is the invitation from the Master to walk by His side day by day, to gain strength, faith, understanding guidance and His spirit, because He does care about us as individuals, we can sing and say:

"we touch Him in life's throngs and press and we are whole again!"

WSCS Holds Annual Meeting

The Methodist Woman's Society of Christian Service will hold their annual meeting next Tuesday, May 14 at the church at 1 p.m.

Members are asked to note that the usual noon luncheon will not be held, as a tea will follow the completion of the meeting. Annual reports of officers and secretaries will be read and the new officers will be installed by past president Mauda Eilber.

A memorial program will be held for deceased members by past president Lena Hammond. New and prospective members will be honored at the tea.

The following ladies will take office for the new year commencing June 1:

President, Mrs. Wilson Clark; vice president, Mrs. Russell Clarke; secretary, Mrs. Paul Beard; treasurer, Mrs. Oscar Hammond.

Secretaries — promotion, Mrs. A. J. Gots, Sr.; spiritual life, Mrs. Edith Grier; missionary education, Mrs. W. E. McCarthy; supply, Miss Jessie Hutton; Christian social relations, Mrs. C. F. King; local church activities, Mrs. Marjorie Lanning; status of women, Mrs. W. H. Cansfield; literature and publication,

Mrs. Kenneth Cockin; student work, Mrs. Richard Somers; youth, Mrs. J. McCrumb; children, Mrs. Fred Hicks.

Circle chairmen for the coming year are Mrs. Harold Marks, Mrs. William B. Walker, Mrs. Marjorie Lanning and Mrs. Merner Eilber.

The WSCS Mother-Daughter banquet will be held this evening in the Richards Fellowship hall at the church at 6:30 p.m.

Christian Science Lecturer To Speak Here Sunday

Lowell F. Kennett

A talk on spiritual healing will be given by Lowell F. Kennett of Louisville, Kentucky next Sunday at the Northville Community building. Mr. Kennett will speak under the auspices of the First Church of Christ, Scientist, Plymouth.

mouth, beginning at 4 p.m.

His subject will be "Christian Science: The Good News of Spiritual Healing". A member of the Christian Science Board of Lectureship, Mr. Kennett is currently on extensive tour. Prior to devoting his full time to the practice of Christian Science healing, he was active in the advertising and manufacturing fields.

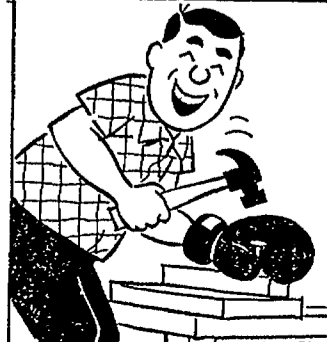

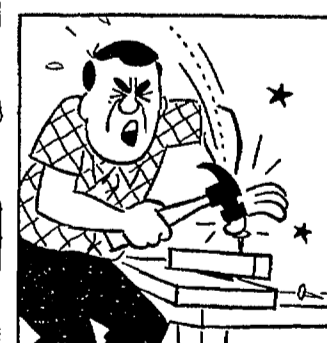

Readers Speak Up: MARCH OF DIMES SAYS "THANKS"

Dear Sirs:
It is my pleasure to send to you the enclosed Certificate of Appreciation for the excellent job you have done for polio victims on behalf of the Oakland County chapter. You will be happy to know that with your help we have raised over \$140,000, which exceeded our expectations.

I am proud of the workers in our county. There is every indication that they are determined to carry on the fight against polio, first, by raising the money to care well for those who have been victims of the disease and secondly, by helping to carry out the vaccine program which if well done, will entirely eliminate the causes of polio. My hearty thanks to you for your cooperation and concern.

Rev. Burton Hodgson, Chairman

Fix Up Your Garden Area And Enjoy Outdoor Living

Have you thought about moving this summer? Moving outdoors, that is.

Your own garden living area can be developed at just a fraction of the cost of roofed-in space.

You yourself can plan how best to utilize your own garden space, although a landscape architect will work wonders with a bare and uninteresting site.

Think first of the several basic things you can do to your garden to make it more livable and to provide an exciting setting for your leisure hours. Think of what you can do with fences, with screening walls of wood, with louvered break screens, with raised decks for cleaner outdoor living, and with a variety of roof sections, arbors, canopy sun screens.

You don't have to go whole-hog the first year. You can start humbly and expand each year as you get the money.

For instance, basics should be built first, like main decking in a patio, and fences. Materials like western red cedar and durable Douglas fir are easily obtainable.

By all means, start slowly, advise leading landscape architects. Don't lose the real joy of outdoor living because the cost is too much all at once.

Accent Your Walls

You hear a great deal nowadays about accent walls and shadow lines. The easiest way to develop shadow lines on your home exterior is to use either boards and battens or wide drop siding. With either of these patterns you can have most interesting accent walls around your home. You also have a choice of rough or smooth finish in these woods, giving you even more variety.

SOFT WATER

Automatically with the

REYNOLDS Automatic WATER SOFTENER

The greatest water softener ever built!

1. Adjustable to almost any type of problem water. Does a better job on all hard waters. Will do things you never dreamed could be done with any water softener.
2. Will soften water containing up to 100 grains of hardness per gallon (8 times as hard as the average).
3. Will remove up to 10 parts per million of iron.
4. Contains 1-1/2 cu. ft. of Dowex assuring high capacity and adequate flow rate of zero-soft, rust-free water at all fixtures at the same time.
5. Brine under pressure in closed tank instead of in unsightly open type brine tank. No more leaky float valves and bad appearance. More dependable regeneration.
6. Automatic bypass permits use of water during regeneration.
7. No troublesome top screen to clean.
8. Operates on any home water pressure, high or low.
9. Fibre glass insulation prevents sweating.
10. Time clock or switch operation.
11. Made in Detroit—factory service.

There is no other water softener like it, or that even compares with it. It is fully guaranteed and covered by patents. At only \$399.00, it is the greatest value in the water conditioning industry. Larger sizes also available.

"YOU CAN'T BEAT THE BEST"

Reynolds Ball-O-Matic Water Softeners and a complete line of Reynolds Water Conditioning Equipment have been manufactured in Detroit since 1931. There is probably more Reynolds Equipment installed in this area than all other makes combined. We stand back of the guarantee on our equipment with factory service. Two generations in the business assure you of years of this service and support. You are sure with a Reynolds Water Softener.

BUILDING

THE NORTHVILLE RECORD—Thursday, May 9, 1957—13

- Home of the Week -

A SMALL HOUSE PLANNING BUREAU DESIGN NO. B-449

DESIGN B-449. This design is small in area but large in room sizes. A sneak-thru door in the bathroom eliminates that usual long hall. The bathroom doubles as a clean-up room and entrance to the central hall. Spacious bedrooms boast large wardrobe type closets and the coat closet has been placed in the central hall. The kitchen is L-shaped with informal dining space, a broom closet and corner sink with corner windows that overlook the rear yard. The attached garage can be omitted very easily if lot is not wide enough. A little different look is achieved on the exterior by the use of wide V-joint vertical siding, plywood gable ends and casement type windows. Floor area is 952 square feet, cubage is 17,612 cubic feet (excluding garage.) For further information about Design B-449, write the Small House Planning Bureau, St. Cloud, Minnesota.

Give Your Home A Face-Washing To Remove Chalk

Wash your home's face to restore the bright and clean appearance of its painted wood walls, advises T. K. May, house maintenance authority of the West Coast Lumbermen's Association.

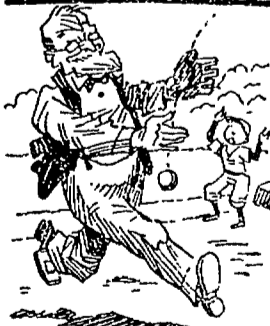

"You will notice upon close examination," he said, "that your paint is chalking and this chalking substance when mixed with coal and oil smoke gives your home a grimy look this time of year."

The chalking is a natural and desirable action of any painted wood-work exposed to the air, May observed.

To wash down your home's walls, May said, get some stiff brushes and use a mild detergent. After you have brushed in the detergent, you can wash down the walls with a garden hose. You wash off the chalk mixed with grime and your walls are bright and clean again.

May explained that chalking is a gradual wearing away of the paint, which is most desirable, for after a few years a new coat of paint is called for, and the old coat will have worn down by this chalking process until it is just right as an undercoat.

CYCOLOGY SEZ

A MISTAKE IS SOMETHING WE MADE THAT OTHER PEOPLE ALWAYS KNOW ABOUT BEFORE WE DO

Are you tired of see-sawing fall, winter and spring temperatures in your house? Insulate and you'll enjoy more even temperatures, plus fuel savings. Do it now and have a cooler home the rest of the warm weather.

Local Areas Reflect Building Lag

Building in the Detroit area as a whole was down more than 40 per cent in the first quarter of this year—a trend that was fairly well borne out in Northville, Northville township and Novi township.

According to figures released this week by the Detroit Metropolitan Area Regional Planning Commission, the first three months of 1957 were 41 per cent slower than the same period since 1950.

The commission's figure, covering Wayne, Oakland, Macomb and part

of Washtenaw counties, show that the area had only 4,939 permits for new construction in the first quarter as against 8,433 in the same period of 1956. In Northville and the two townships, building also was down — although the city got a shot in the arm from the new Our Lady of Victory church which is now being constructed.

In Northville, only four permits were issued. In Northville township, there was a single permit. And in Novi, only eight new buildings were scheduled — as compared to 50 in the same period last year.

The commissions report shows that several of last year's leading communities have slipped badly.

Nankin township dropped from 878 to 320, St. Clair Shores went from 762 to 175, and Ecorse township slipped from 426 to 32.

Leading areas in the Northville and Novi areas for the first three quarters this year are Farmington township (88), Livonia (244) and Taylor township (208).

Plymouth township recorded 13 permits, while the city of Plymouth had only six.

On a county basis, Wayne dropped 41 per cent, Macomb slipped 47 per cent and Oakland went down 36 per cent. Only Washtenaw showed again, going up 66 per cent in the four townships included in the commission survey.

First Federal Savings Buys Lincoln Federal

First Federal Savings and Loan Association of Detroit has acquired Lincoln Federal Savings and Loan Association by merger, according to announcement made by Walter Gehrke, chairman of First Federal.

The Federal Home Loan Bank Board has given approval for immediate effect. Assets of Lincoln Federal are about 5 1/2 million dollars and First Federal's assets will be about 216 million dollars. Lincoln Federal's office at 17000 Plymouth road will become the tenth office of First Federal Savings of Detroit.

News of Northville High School

FTA Members Attend Meeting

The Northville high school chapter of the Michigan Future Teachers of America recently sent two delegates and their sponsor to a conference at the Michigan Education Association camp near Battle Creek.

Roseanne Perrault, Bonnie Burnham and sponsor Mrs. George Bradford were the delegates sent from the Northville club to the meeting held from Friday, April 26 to Sunday, April 28.

The conference is an annual get-together to discuss the past year, the MFTA constitution and election of next year's officers. Special meetings and general assemblies were held to talk over these issues.

The time, however, wasn't all spent in business meetings. Delegates were treated to a dinner, and

after the evening's meetings, mixers were held so that all could become better acquainted. The second evening, each cabin group cooperated in producing a skit, presented at a special assembly.

Attending the conference were students from about 70 schools and colleges.

Senior Trip Poses Question: What Do I Have to Wear?

The age-old feminine question — "What shall I wear?" — has become quite common among the senior girls these days.

They'll leave Saturday for the annual senior trip to Washington, and have been wondering about traveling clothes.

To clear up some of the confusion, senior class sponsor Mrs. Rosella Lee called a special meeting recently. Armed with questions, the girls gathered in the high school gym immediately after the general senior class meeting.

By the time the meeting was over, the girls had decided upon a suit for traveling, a simple but appropriate gown for the supper-club visit, a few cotton wrinkle resistant

skirts and blouses, a raincoat and comfortable walking shoes.

Men and Women ★ In Uniform ★

Army Pvt. William F. Hirth, 22, son of Mr. and Mrs. Oscar A. Hirth, 6644 West Six Mile road, Northville, is receiving basic combat training with the 4th Infantry Division at Fort Lewis, Washington.

Hirth worked for the Washtenaw County Road Commission in Ann Arbor in civilian life. He was graduated from South Lyon high school in 1952.

Bands Combine For Spring Concert

The junior and senior high school bands combined forces last week to provide an evening of varied numbers at a spring concert in the Community building.

The senior band was led alternately by Lesbe Lee, Bob Williams and Mrs. Marlene Weiss Harrington, a former NHS student. Among their selections were "Serenata" and the "Unfinished Symphony".

Janice Howarth, Judy Leavenworth and James Cowie, student directors, led the junior band in the overture to "William Tell", and "The Barber of Seville".

MOSAICS for the school art exhibit were being completed last week by high school students Joan Lower, Tom Andrews and Aubrey King. The exhibit will be held in the Community building next Thursday evening, a joint project of the home economics classes, shop classes, elementary school art department and the high school art classes.

Student Council Concerned About Noon Hour Driving

Concern has been growing among members of the Northville high school student council about the driving of students during the noon hour.

Driver training teachers Mr. Jones and Mr. Hensch, the police department and the Northville Modified Auto club conferred with the student council as to the danger in careless driving.

The teachers advised the council to seek suggestions from other high schools as to their method of promoting safe driving among teenagers. The Northville police department also offered its complete cooperation.

The Modified Auto club has prepared its own charter of strict driving rules to encourage safety on the roads. Copies of this charter were given to each student council

representative so that they might present it to the NHS student body, requesting that students abide by these rules.

SPEAKING

for the Record

By BILL SLIGER

Monday night's city council session was held before one of the largest audiences we've ever seen locally. Every seat was taken and very little standing room remained.

The reason wasn't because there was anything particularly controversial on the agenda, however. Most of the observers were high school history students seeing firsthand how government works.

We don't know how long this has been going on in Northville schools, but it's a great idea and one that other communities should follow.

Now, if someone could just think of a way to require every adult to attend sessions occasionally the whole country would be better off. Wider interest and understanding of local government problems would most certainly result in improved state and national government.

Rev. John Taxis says he isn't worried about our younger generation anymore. After attending a two-day Youth Fellowship session in Midland recently with 400 teenagers from all over the state, he's convinced our future's in good hands. The event is an annual affair conducted by the teenagers with adult guidance. The purpose is to interest more youths in leading a Christian life.

Recently we drove out to Willowbrook Village to try to find some youngsters playing baseball for a spring vacation picture. It was a nice day but it seemed that the kids were doing everything but playing ball.

At one yard we noticed a young mother with several children. It looked like an excellent opportunity to stage the picture so we stopped our car and started to say:

"Pardon me, madam, would . . ."

That's as far as we got. Her answer came like a bolt . . . "don't bother me now, I've got a crying baby, broken bottles in the driveway and a roast in the oven."

With that she disappeared into the house with her brood.

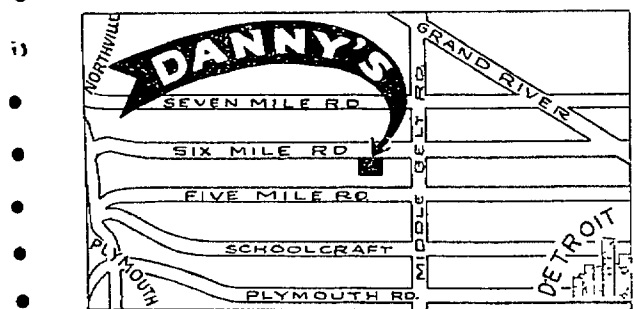

The complicated equalization factor has Northville city fathers worried. Its complexities create headaches for all communities but especially in Northville with city residents living in two counties. Northville residents living in Oakwood subdivision are the worst hit. City Manager John Robertson and Sid Frid, Oakland county supervisor from the city of Northville, have put in many hours of work on a solution with little luck so far. One fear: future growth of the city to the north.

After a particularly trying council session recently, Mayor Ely "rocked" the councilmen with the latest hep expression. "I'm all shook up," said the tired mayor.

Modern Farming

Babson Park, Mass. — Many farmers write to me complaining about the cost-price squeeze. They are discouraged because for them the bottom seems to have fallen out of the farm market. I sympathize with these people, but I suspect that many of them have come upon hard times because they are not farming as well as they know how. Also, many of them are not keeping abreast of new ideas and new crops.

Trend Is Toward More Mechanization

Tremendous changes have taken place in farming during my lifetime. When I was a boy, horses and mules furnished practically all the power on farms. Even as recently as 1910, there was almost no mechanization on farms. In that year the total farm population was 32,076,960. By 1950, this had dwindled to 25,058,000, a decline of 21.9 per cent. Most observers estimate the present farm population to be only 20,000,000. Thus farmers and their families now account for only 11.8 per cent of our total population compared with 34.9 per cent in 1910.

I predict that machines will continue to displace men on American farms. Hence, the smaller commercial farms will be hard put to survive. However, I do not believe farmers should be despairing of the future. A good living can still be made on the farm by those who open their eyes to progress. Obviously, the trend is toward new crops and greater mechanization, and there is no sense in bucking that trend.

Research Holds The Answer

Research has performed wonders for all other industries. I forecast that it will also perform wonders for agriculture. Chemistry, industry and agriculture, working together, gave us hybrid corn and varieties of the soybean which would grow in our country. This combination sponsored the research that produced a new dwarf variety of castorbean said to yield as much as 2,700 pounds per acre if the soil is properly irrigated and fertilized with nitrogen. Also, a new combine harvester-huller has been developed which will gather tall or short castorbeans without waste. I predict a profitable future for castorbeans, with output reaching as high as 350,000 crop acres.

A stimulating flow of new research ideas has emerged from the recent annual Chemurgic Conference of the Council for Agricultural and Chemurgic Research. This organization and others like it are facing up to the real farm problem, which is not over-production but under-utilization and waste. Industrial Uses for Farm Products

We should be proud of the progress agriculture has made in our country. But there is still much to learn about soils, irrigation and weather. Crops such as castorbeans and sesame seed will become big business before long and I forecast that other big new cash crops are coming. But I want now to call special attention to the need for putting more farm products and residues to work in industry.

Over-Production Is A Temporary Problem

Right now farmers are the victims of their own unusual ability to coax record yields-per-acre from the soil. Better seed, improved fertilization and irrigation, and more efficient spreading, cultivating and harvesting machinery have increased production. During the war our farmers rose magnificently to the challenge to provide food and feed for our allies, and now they are temporarily in trouble.

Future of Agriculture

At present we are growing at least 5 per cent more farm products than we can sell. In an effort to keep our farm surpluses from becoming too burdensome, the government spends huge sums on price support programs, the soil bank, and foreign distribution schemes. All these measures have helped to some extent, but they are by no means cure-alls. I am disturbed by the fact that too many farmers take undue advantage of this government help by deliberately over-

Williams, Legislature Battle Over Budget

THIS YEAR'S BATTLE over the budget may well benefit the people of the state. On the one hand is the governor with requests for increased appropriations. He is asking more than \$400 million. In his opinion this is the amount required to perform services needed by Michigan residents.

On the other hand is the legislature under Republican control. GOP leaders look at the budget differently. They try to figure how much money will be forthcoming from present state taxes and to allocate this money wisely among the various administrative departments.

Administrative agencies can be expected to believe that they must have more funds to provide their services. It is human nature for each department head to want to do his best job. More money provides him the key.

And when an agency receives additional funds, it increases the prestige and power of its director and his personnel.

Since each department prepares its own preliminary budget a common procedure is to

1. Ask for more than is expected. If the department is turned down on some items, nothing is really lost. If, on the other hand, the department receives the additional money, extra services are provided and more help can be hired.

2. Spend all the money received.

1. Requests cannot be filled without additional taxes. The GOP controlled legislature feels the Michigan tax-burden should not be increased. The only alternative is to limit spending.

2. Legislators sincerely believe that many of the departmental requests contain unnecessary expenditures. It takes sharp eyes to pick out all the items that add costs but provide few benefits.

3. Taxes proposed by the government would fall directly on business groups, one of the chief supporters of the Republican party. It is generally agreed that all taxes ultimately are paid by the consumer.

Each decision is difficult. To determine whether more funds should be spent requires balancing need against a limited income.

With these two factors now almost equal, public opinion will play a decisive role in the final determination.

Some Republican legislators feel the Democratic sweep in the spring elections indicates the people want expenditures increased. However, the majority seem ready to hold the line against levying new taxes.

They point, as evidence supporting their position, to the large number of local tax proposals turned down by voters in recent elections.

At week's end there was evidence that some appropriations would be increased somewhat; that the 1957-58 budget will be lower than the governor wants.

ONE OF THE BIGGEST PROBLEMS faced by safety officials is proving to the people that traffic laws are designed for their protection, not to limit their freedom.

A better understanding of reasons behind traffic regulations will help promote their cause, safety experts believe.

They suggest all motorists get the pocket booklet "What Every Driver Should Know" as an excellent outline of traffic regulations. More important, it explains what can happen when these regulations are violated.

A few minutes spent with the book may prevent an accident — even save a life.

Material in the booklet is suitable for condensation into a brief report at club meetings. Copies can be obtained from most police stations, or if unavailable, by writing the Secretary of State, Lansing.

Requests from any Michigan organization for extra booklets to be passed out among members or the public will also be filled.

Agencies rarely return unneeded funds.

The situation has a "snowballing" effect. With most agencies asking for more each year, expenditures grow with every new budget.

Only two groups can check the unnecessary expenditures. One is the office of the State Controller — which prepares the governor's proposed budget from preliminary budget requests presented by the departments.

The other is the legislature.

Since legislative duties include not only distributing funds to agencies, but also finding ways of raising the money, legislators quite normally consider extensive cuts in budget.

The 1957-58 budget points up the administrative-legislative contrasts more sharply because:

1. Requests cannot be filled without additional taxes. The GOP controlled legislature feels the Michigan tax-burden should not be increased. The only alternative is to limit spending.

2. Legislators sincerely believe that many of the departmental requests contain unnecessary expenditures. It takes sharp eyes to pick out all the items that add costs but provide few benefits.

3. Taxes proposed by the government would fall directly on business groups, one of the chief supporters of the Republican party. It is generally agreed that all taxes ultimately are paid by the consumer.

Each decision is difficult. To determine whether more funds should be spent requires balancing need against a limited income.

With these two factors now almost equal, public opinion will play a decisive role in the final determination.

Some Republican legislators feel the Democratic sweep in the spring elections indicates the people want expenditures increased. However, the majority seem ready to hold the line against levying new taxes.

At week's end there was evidence that some appropriations would be increased somewhat; that the 1957-58 budget will be lower than the governor wants.

ONE OF THE BIGGEST PROBLEMS faced by safety officials is proving to the people that traffic laws are designed for their protection, not to limit their freedom.

A better understanding of reasons behind traffic regulations will help promote their cause, safety experts believe.

They suggest all motorists get the pocket booklet "What Every Driver Should Know" as an excellent outline of traffic regulations. More important, it explains what can happen when these regulations are violated.

A few minutes spent with the book may prevent an accident — even save a life.

Material in the booklet is suitable for condensation into a brief report at club meetings. Copies can be obtained from most police stations, or if unavailable, by writing the Secretary of State, Lansing.

Requests from any Michigan organization for extra booklets to be passed out among members or the public will also be filled.

Agencies rarely return unneeded funds.

The situation has a "snowballing" effect. With most agencies asking for more each year, expenditures grow with every new budget.

Only two groups can check the unnecessary expenditures. One is the office of the State Controller — which prepares the governor's proposed budget from preliminary budget requests presented by the departments.

The other is the legislature.

Since legislative duties include not only distributing funds to agencies, but also finding ways of raising the money, legislators quite normally consider extensive cuts in budget.

The 1957-58 budget points up the administrative-legislative contrasts more sharply because:

1. Requests cannot be filled without additional taxes. The GOP controlled legislature feels the Michigan tax-burden should not be increased. The only alternative is to limit spending.

2. Legislators sincerely believe that many of the departmental requests contain unnecessary expenditures. It takes sharp eyes to pick out all the items that add costs but provide few benefits.

3. Taxes proposed by the government would fall directly on business groups, one of the chief supporters of the Republican party. It is generally agreed that all taxes ultimately are paid by the consumer.

Each decision is difficult. To determine whether more funds should be spent requires balancing need against a limited income.

With these two factors now almost equal, public opinion will play a decisive role in the final determination.

It's a problem of public attitude. Too many people too often "feel sorry" for the driver pulled over to the side of the road by the police officer. Actually, enforcement is the only way roads can be made safe for all.

A better understanding of reasons behind traffic regulations will help promote their cause, safety experts believe.

With these two factors now almost equal, public opinion will play a decisive role in the final determination.

Some Republican legislators feel the Democratic sweep in the spring elections indicates the people want expenditures increased. However, the majority seem ready to hold the line against levying new taxes.

They point, as evidence supporting their position, to the large number of local tax proposals turned down by voters in recent elections.

PRICE SURPRISE

—and hit of the year to Drive!

Manufacturer's Suggested Price—
for this
2-Door SPECIAL 6-Passenger Sedan
\$2595⁸³
(Including Delivery and Handling
Charges and Federal Excise Taxes)
Transportation charges, state and
local taxes, if any, accessories and
optional equipment, including
Dynaflow transmission, radio, heater
and white sidewall tires, additional.

WE SURE STARTED something when we began showing this price level in our ads.

That opened the eyes of thousands of people to the fact that you can buy a big and beautiful new Buick for hardly more, than the price of a smaller car.

But the biggest surprise was yet to come: The discovery of a new kind of driving.

For in this completely changed Buick you have performance, ride, braking and handling like never before.

You boss a new and mighty V8 engine that sends a thrill of pure pleasure right up your spine. It has the "power-pack" built right in—and you don't pay a cent extra for it.

You command instant response from a spectacular new Dynaflow* of such absolute smoothness and split-second obedience that you must try it to believe its wonders.
