

Friday Is Last Day To Register For School Election

Northville school district residents who are not registered voters have until Friday at 5 p.m. to qualify for the June 10 school board election.

Registration can be made with the city or township clerk where the voter resides.

The election will find four candidates competing for two positions. In addition electors will be asked to approve a request of the school board for authority to sell school property to Wayne county for the proposed Eight Mile cut-off.

Candidates for the board are Francis Gazlay, Chilton D. Hill, Dr. Waldo T. Johnson and Adrian Willis.

The property which the school is considering for sale is located between the Amerman elementary school and the proposed high school. The board is in the midst of negotiations with the Wayne county road commission for sale of the property. In consideration for a fair sale price of the acreage, the board has asked the county to build a fence along the elementary side of the highway, build an overpass between the schools, install traffic control signals, install de-acceleration lanes and improve Center street as an entrance to the high school.

City Having Trouble Finding Water Source

Efforts of the city of Northville to find another water source apparently have met with failure for the second time in two weeks.

Drilling last week in Green Valley Acres area on city-owned property was given up after hitting solid stone. Drillers then moved the rig to a location west of the C & O and Novi road intersection on property owned by the D & R Building company.

City Manager John Robertson reported this week that prospects for water at the latter site were dim.

Against Novi Township

Annexation Trial Scheduled June 11

A suit brought by Novi township contesting the annexation of 82 acres by Northville will finally have its day in court.

June 11 was set as the date Monday by the Oakland county assignment clerk as the date for trial of the suit involving 82 acres surrounding the Amerman school.

The case will be heard in circuit court by Judge Clark J. Adams.

Annexation of the land took place in an election held last August. Novi township filed a suit claiming the election invalid. The protest claimed that all citizens of the township and not just residents of the area to be annexed, should be allowed to vote.

Recreation Registration

All youngsters who plan to participate in the Northville recreation program this summer must register with the recreation department, director Stan Johnston emphasized this week.

The scout hall will be open this Saturday from 9 a.m. to noon for early registration. A 10 cent charge must be made for registration cards.

Latecomers may register every Saturday until the program opens on June 17, and every day thereafter.

A complete list of recreation activities, dates, times and rules will be published in The Record next week.

City Manager OK

City Manager John Robertson, hospitalized with a kidney ailment, returned to work Monday.

Robertson was taken to Atchison clinic Saturday, May 18 and later to St. Joseph's hospital in Ann Arbor. He returned home Thursday.

State Tax Officials Study Northville's Equalization Protest

Northville's protest of the equalization factor imposed by Oakland county in Oakwood subdivision is receiving the attention of the State Tax Commission.

In a letter to Sidney Frid, Northville member of the Oakland county board of supervisors, the state office acknowledged the petition and added that an investigation of the alleged inequities would be conducted.

Northville filed its protest on the basis of the equalization factor applied by Oakland county in Novi township as compared with the county factor in Novi township. The subdivision, once a part of Novi township, is equalized at 2.28, while Novi township has a 1.46 factor.

The equalization factor is applied to the assessment evaluation of property to determine the basis on which school taxes are paid.

Th high Oakwood subdivision factor also causes an inequitable condition in the city of Northville. Being in two counties, Northville has two different factors being applied to properties assessed by the city.

Wayne county residents of the city have an equalization factor of 1.58. Therefore, residents of the Oakland county section of the city must pay nearly one and one-half times the amount of school taxes as Wayne county residents with the same property evaluation.

City fathers had hoped that an equalization factor in Oakwood more closely aligned with the Novi township factor would also help bring the spread between Wayne-Oakland city residents closer into line.

The Tax Commission indicated that an investigation may result in a hearing of the matter before the Oakland board of supervisors.

To Hold Sell-A-Then Here Wednesday

A late traveller driving through Northville Wednesday night for a long holiday week end will think he's in a strange town, indeed.

He'll find at least 17 local stores doing a brisk business, even after midnight. And if he bothers to stop, he'll be happy he did. Each of the stores will have special savings that make the late-hour shopping worth the effort.

It's all part of the Retail Merchants' association "Sell-A-Then". The gimmick was tried last month by four local stores and resulted in a gala evening of fun as well as a bang-up promotion.

While most stores are offering savings all day Wednesday, the biggest attractions come after midnight. In addition to the advertised specials, most stores are allowing 10 per cent off on any purchase between midnight and 6 a.m.

Last Year's Queen To Present Crown

Anne Williams, the Willowbrook Village beauty who was named "Miss Novi AMVET" last year, will be on hand to crown her successor in the annual judging June 14.

Miss Williams is now a student nurse in Ann Arbor.

A total of 12 girls have now entered the judging, which will be held at Walled Lake Casino and will be followed by dancing and entertainment by the Russ Carlyle orchestra.

Tickets are now available from all members of the AMVETS. For last-minute comers, they may also be bought at the door.

Builders Show Funds Hit \$20,000 Mark

The Western Wayne County's Crippled Children's Home will get a \$20,000 boost as a result of the area's Rotary club Builders Show.

The four-day exposition, sponsored by Northville - Plymouth - Livonia Rotary clubs, was hampered by cold, rainy weather through the first three days, but attracted large crowds throughout Sunday.

According to Art Schnute, chairman of the event for the Northville club, 50 Rotarians and their wives worked at booths and displays Sunday afternoon. The event was held at the Detroit Race Course in Livonia.

Local building booths were displayed by Northville Refrigeration, Leslie L. Diesem and Easy Waterproofing Products company.

Northville to Pay Tribute To War Dead Tomorrow

In traditional Memorial Day ceremonies tomorrow, Northville will honor its veterans who perished in two world wars and the Korean conflict.

The annual tribute will feature a solemn parade through city streets and special ceremonies at the Northville Community building and two cemeteries.

Northville American Legion and Veterans of Foreign Wars posts and a host of other civic and youth organizations will join in the observance.

All organizations will assemble at the Veterans Memorial Hall at 9:30 a.m. and form into a line of march. At 10 a.m. they will march down Dunlap to Hutton, then to Main, and down Main to the Community building. Parade time is an hour earlier than last year.

Order of march for the parade: color guards and color bearers, Northville high school band, post firing squads, Musket Loaders, post members and other veterans, Legion and VFW auxiliaries, Gold Star Mothers, Blue Star Mothers and a Michigan National Guard unit.

Then will come Boy Scouts, Cub Scouts, Girl Scouts, Brownies, Camp Fire Girls and Northville school children.

At the Community building, Legion commander Robert Yerkes will lead the special services. After a prelude, advancement of colors, and singing of the national anthem, VFW chaplain Ernest Ash will give the invocation.

Richard Drew, a NHS student, will present a tribute to the war dead, and Carl Stephens will offer a vocal solo accompanied by Miss Corrine Clark.

The main address will be presented by Rev. John O. Taxis, pastor of the First Presbyterian church of Northville.

After the benediction by Legion chaplain Frank Lewis, Geoffrey Schoof and Judy Leavenworth will play taps and its echo.

The organizations will reassemble outside the Community building and march to Oakwood cemetery. There, chaplain Ash will lead the special ceremonies at the veterans plot. A volley will be fired in honor of the war dead.

Leaving the cemetery, marchers will cross a bridge over Johnson creek and drop a wreath in the water in honor of sailors who gave their lives. Chaplain Lewis will preside over the ceremony.

From there, they will march to Rural Hill cemetery for final services led by Rev. Taxis. Leaving Rural Hill, the parade will disband at the exit.

Last Sunday, VFW and Legion members joined together in pre-Memorial Day services at the First Presbyterian church.

Dr. Rabinovitch Addresses P-TA

Over 100 persons gathered at the Northville Community building last Thursday night to hear an address by Dr. Ralph Rabinovitch, director of Hawthorn Center in Northville.

One of the nation's foremost children's psychiatrists, Dr. Rabinovitch spoke on "Some Problems in Meeting Children's Needs".

Advising a tolerant and kindly approach to understanding children, Dr. Rabinovitch stated that many of children's problems today arise from the chaotic condition of the world in general.

Opposed to physical punishment, he said that the ideal approach to children lies between the very liberal school of thought common a few years ago (involving practically no guidance) and the strict disciplinarian trend he saw prevalent today.

He added that he thought it worthwhile for parents to read contemporary books on child care, but that individual differences should be taken into account and these works not accepted as a literal guide to the approach to all children.

Before taking the Hawthorn position in 1956, Dr. Rabinovitch was chief of children's service at the University of Michigan and an associate professor of psychiatry from 1949 to 1956.

Introducing him at the P-TA meeting Thursday was Dr. Robert Yoder, program chairman for the evening.

Dave Dahl Top Jay-Cee Driver

David Dahl led nine contestants through the Northville Junior Chamber of Commerce Road-E-O driving competition Sunday to qualify for more road tests in Detroit.

Displaying their mastery of driving skill the young drivers steered autos through four tests: holding a straight line, forward and backward; driving around barrels, forward and backward; parallel parking; and maneuvering a tight curve into a parking space.

Dahl was awarded a Jay-Cee trophy, while second and third place plaques went to William Miller and Russell E. Taylor.

Dahl will compete in the state contest in Detroit June 14, 15 and 16. If successful there, he would go to Washington, D.C., where the national winner is awarded with a \$2,000 savings bond.

TOP PICTURE: Jay-Cee Dick Earehart instructs the nine contestants on the course they must drive. AT LEFT: New cars furnished by the G. E. Miller Agency were used to maneuver through the course set-up in the parking lot near the First Presbyterian church.

CLOSED - CLOSED - CLOSED — Empty cashier windows at Northville Downs are symbolic of the change that will occur at the track this week end when the Downs' completes its 1957 meeting. More important to Northville will be the closed betting windows which have seen enough money pass through them to bring the city nearly \$87,000.

Downs Hits Finish Line Saturday

Despite bad weather which has put a damper on Northville Downs' 14th season, the harness track will come near its record mutual handle when it closes this Saturday night.

Through Monday evening the track's mutual handle totalled \$8,101,605, or an average of \$245,685 per night. Last year the season average was \$256,107. This represents a drop of about 4 per cent over last year.

"There's no doubt that if we hadn't run into the long spell of unusual weather this season would have been our best," states General Manager John J. Carlo. "But we are thankful for the fine support we have had from fans who are not too discouraged by the elements."

Apparently because of the ruling against racing commission passes this season, the total attendance

thus far dropped nearly 40,000. Revenue from admission, however, has been \$132,721 as compared to \$128,565 last year. Figures indicate, also, that customers are betting more heavily than last year.

This year marks the first time Northville had opened the racing season. Some concern had been expressed that weather would hurt the attendance to a greater degree than has been apparent.

As far as the city's take from the track revenues is concerned, it appears that this year's total will top the \$85,000 of last year. The longer racing season will probably produce about \$88,000 in return revenues from the state. The current per night rate of return for the city is approximately \$2,300.

A warm holiday week end could give a big boost to the final five nights of local racing. Carlo pointed out that thus far the track has not enjoyed a clear, warm week end.

The trotters and pacers leave Northville after Saturday's meet for a 42-night session beginning June 3 at Wolverine Raceway.

Northville Woman Returns From Mission Tour of South

Recently home from a Friendship Caravan of the Presbyterian board of national missions is Mrs. Howard Meyer of West Eight Mile road.

Mrs. Meyer was one of five Michigan women chosen by the board to represent the Detroit Presbyterian.

Other members of the group were Mrs. Bruce Fleming, president of the Michigan Synodical Society; Mrs. J. C. Conert, president of the Detroit Presbyterian; Mrs. George Hawley, National Missions secretary, and Mrs. Philip Sherman, Presbyterian area representative.

The caravan visited Pikeville college at Pikeville, Kentucky to view the damage caused by the recent flood. In some places, the swollen river completely covered homes and business establishments.

From there they traveled to Barber Scotia college in Concord, North Carolina; to Harbison junior college at Irmo, South Carolina; Boggs academy at Keyville, Georgia and Gillespie-Selden at Cordele, Georgia. While in the Blue Ridge Mountain area, they visited the home of Billy Graham, evangelist.

The last stop for the travelers was Sunset Gap, Tennessee, where

the Christian influence is reaching into the mountain homes of the Smokie mountains.

A program is being built around the many colored slides taken by the group, which will be available to churches in the near future.

Northville Girl Scouts

At their last meeting, members of Troop 6 discussed more about the campout they will hold and also marching in the Memorial Day parade.

FAVORITE RECIPES OF NORTHVILLE HOMEMAKERS

FINAL TOUCHES were put on her daughter's wedding cake about three days after it was baked by Mrs. Guy Coykendall for daughter Marlene's wedding several weeks ago. The Coykendalls have another daughter, Sherry, who is 14.

Coming up is June, a month for weddings — and wedding cakes.

And Mrs. Guy Coykendall, who lives on Seven Mile road, recently proved that its both possible and inexpensive to bake a wedding cake at home.

She recently baked the cake that was served at the wedding reception of her daughter, Marlene, and Clifford Shoenberger, who were married May 18.

Her cake was made in four tiers, one layer each measuring 14 inches, 12 inches, 10 inches and 8 inches.

Topped with her own special butter cream frosting, the result was a cake as glowing as the face of the new bride.

A departure from the traditional plain batter wedding cake, this recipe includes ground cherries, apricots and black walnuts.

FOUR TIERED WEDDING CAKE
Sift together:

3 1/3 cups sifted cake flour
2 cups sugar
1 teaspoon salt
5 teaspoons baking powder

Add:
1 cup soft shortening

Pour in:
1 1/3(cups milk (half water)
2 teaspoons almond flavoring

Add:
6 egg whites (unbeaten)
Beat mixture two minutes

Add:
1/2 cup ground maraschino cherries
1/2 cup ground dried apricots
1/2 cup ground black walnuts

Bake in 9-inch pans, 350 degrees, 30-35 minutes.

In larger pans, bake at same temperature, 45-60 minutes.

BUTTER CREAM FROSTING
Basic Recipe

Gradually add 1 cup milk to four heaping tablespoons flour. Cook over low heat until stiff, stirring constantly.

Cream 1 cup granulated sugar, one cup shortening (half butter, half vegetable shortening) and add to cooled flour mixture. Beat well. Add one tablespoon vanilla.

This basic frosting recipe should be increased as follows for each layer of the cake:

14 inch layer — 2 1/2 recipes.

12 in layer — 2 recipes

10 inch layer — 1 1/2 recipes

8 inch layer — 1 recipe

For the four tiered cake, this amounts to increasing each ingredient seven times.

DON'T HIDE BEAUTY

Are you keeping priceless heirlooms — prized collector's pieces of fine china and rare colorful glass hidden away behind cupboard doors, because the house looks cluttered if you spread them around? True, no one wants a cluttered-looking room, but you don't have to spread them around; mass them into one unit and

BRING THEM TO LIGHT

By displaying them in either a large buffet, glass enclosed hutch, a smaller china cabinet or a corner cupboard, depending upon the size of the room, door opening, wall space and other considerations.

At the store we can show you these pieces in Modern, Traditional, or Early American to fit any decor or personal preference. Prices cover a range to fit any budget.

We like to feel that in some small measure we are helping you make your home more livable, attractive and comfortable. With this in mind, we have chosen every piece of furniture in store with the utmost care. So pay us a visit soon, won't you?

Man's God-given dominion over evil of every kind will be set forth at Christian Science services Sunday.
The Lesson-Sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, De-nounced" will include the following passages from Ephesians (5:6, 11): "Let no man deceive you with vain words: for because of these things cometh the wrath of God upon the children of disobedience. . . . And have no fellowship with the unfruitful works of darkness, but rather reprove them."

LOVING GOD

Loving God, as far as most folks are concerned, is having some kindred sentimental feeling of admiration for a Higher Being of whom they know little. I'm sure that if we could prod Dr. Gallup into taking a poll on the subject we would discover that most folks will say that they love of God. I wonder just what they mean when they say they love God?

The Scriptures tell us plainly that the greatest commandment of all says, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind." It follows that if this is the greatest commandment, then the greatest sin we can commit would be our failure to love God.

If we would know our responsibility then we must define the word 'love'. We must define it in the sense that it is used in the holy scriptures. Since the Bible is its own best commentary let me call your attention to two verses from which we shall be able to determine what loving God means. I John 5:3 "This is the love of God, that we keep His commandments" And again in John 14:15 "If ye love me / keep my commandments" Love toward God is synonymous with obedience to God according to these scriptures. So then love is more than words. Though a man

pray a half hour in flattering words, yet if he is disobedient, he doesn't love God at all. Love toward God requires active conduct, not mere words and sentiments.

Consider what this means in practical living. If we steal then we do not love God for it is against His commandments. If we do not honor His Holy Day by refraining from secular work, then we do not love Him. If we are careless about the use of His Holy name and use it lightly, then we do not love Him either. God has also given us commandments regarding our relationship to our fellowmen, if we do not obey them, it is evident that we do not love God. How this lifts our love for God above any mere sentiments and emotions of even affection to an unchanging principle of life referred to in James as the Royal Law.

Surely none of us could lay claim to 'perfect love' for God when we view love in the light of this scriptural definition. We cannot claim any merit as a hope of salvation or blessings because we have been perfect in obedience. How glad we should be then that God's love for us was so great that He has provided us mercy and grace through Jesus Christ for those who have fallen so short. When once the sinner receives the redeeming grace of God, his desires to be obedient to God is ever increased.

But now, nearly 90 boys between eight and 12 belong to organized teams and play under a nation-wide program with rules and regulations especially designed for young sluggers.

They have colorful uniforms, first-class equipment, and a new diamond behind Novi school where they'll play three games a week all summer long.

Perhaps most important of all, they all belong to a team — whether the Paragon Steelers, the National Bank Bandits, the Young Door Tigers, or the Fiberglass Sluggers — from which they'll learn the traditional concepts of sportsmanship: to accept defeat as well as victory, and to sacrifice their own interests for the good of the whole team.

For all this, the Novi Little Leaguers have a group of their dads and neighbors to thank. Headed by Bill Hanser, Jr., they first thought of a Little League for Novi many months ago. Last fall, they began looking into it further. They met with national Little League officials, worked out the details and finally got a charter.

Golfers Take 4th In League Meet

Northville high school golfers came through in the clutch last week to place fourth in the Wayne-Oakland league meet.

The Mustangs were not expected to do better than a sixth or seventh place finish in the eight team event. Milford repeated as the W-O champion, followed closely by West Bloomfield and Bloomfield Hills.

Helped out by balmy weather, Northville golfers compiled the following scores: Fred Schwarze, 84; captain Bill Chizmar, 93; Pete Gross, 98, and Rick Atchinson, 104.

Earlier, Northville nearly pulled a major upset against Milford but had to settle for a 190-190 tie. Gross was match medallist with 44, while Schwarze had 45, Chizmar 48 and Atchinson 53.

NHS Thinclads Take Second

Northville trackmen put on the final touches to one of their best seasons in recent years last week when they set two records and went to a strong second-place finish in the Wayne-Oakland League meet.

Milford, boasting unbeatable depth all but ran away with the title itself, but Northville stole the show in the win and place categories.

As usual this season, Northville depended on its "big three" for most of its points.

Bob Wagenschutz, Dick Biery and Bill Yahne each took a first, while Biery took two seconds and Yahne one second to account for 24 of

DON PATTERSON, pro-manager at Idyl Wyld golf course, has seen to it that golfers at Northville and four other high schools have had a place to play this year by offering his facilities at Idyl Wyld and cutting his rates to half.

Prep Golfers Find a Pal: Idyl Wyld's Don Patterson

Don Patterson smiled and looked out across the fairways at the strolling groups of young golfers.

"Frankly, I'm glad to have them," he said. "After all, they need some place to go. And besides, they might be our future customers."

Patterson, who owns Idyl Wyld golf course, was referring to the five high school teams which have been coming out to his fairways this spring for inscholastic competition.

One team is coach Merritt Meaker's Northville Mustangs. Others come from Bentley, Redford, Redford Union and Clarenceville.

Patterson not only has offered Idyl Wyld as the home course for the five schools — a lot for any course to handle — but also has reduced the rates so as not to strain high school athletic budgets.

While his reason for this generosity is primarily to help out the schools and students, Patterson has found that his "investment" pays off. Many of his current cash customers are former caddies and high school players who learned the game on his course.

Patterson is a life-long resident of the Northville-Plymouth-Livonia area, and his family's contributions go beyond the green expanse of Idyl Wyld.

His father, who died a few years ago after a vigorous 85 years of activity, was a builder who constructed many of Northville's most prominent buildings. Among them are the Detroit Edison office, the P & A theater, and the First Presbyterian church. One of his bigger projects was Redford high school in Detroit.

Patterson chuckles as he tells how his grandfather settled out on the present site over 100 years ago.

"He was looking for some good property," he says, "and at first he thought he'd buy some land down by the river in Detroit. But then he decided it was 'too swampy' there and that he'd come out here where it was dryer."

"But now," he adds, "I almost wish he had followed his first impulse — because if he had, we would probably own the land where the Barlum Tower now stands."

Nevertheless, his grandfather did buy the farm, and Idyl Wyld was built about 17 years ago.

On to the Relays

Northville may be represented tomorrow in the University of Detroit relays for the first time.

Track coach Charles Yahne said earlier this week that the Mustangs have been invited to send its track stars to the class-against-class event.

Mustangs Could'a Used A Couple More Tallies

A certain big league team in Detroit has nothing on the Northville Mustangs when it comes to heart-breaking one-run losses.

Northville finished its season last week by dropping three in a row, two of them by a single marker.

What's more, Northville lost two other contests by one run during their 13-game season — enough to mean the difference between a 9-4 record and the 5-8 margin they actually did chalk up.

Northville's one-run luck wasn't all bad, however, for the Mustangs managed to pick up four wins by exactly the same margin. So maybe the fates weren't against them after all.

In any case, Northville wound up its season with an overall 5-8 record and a 4-6 record on Wayne-Oakland league competition — good enough for a third place finish in its division and for fifth place in the entire league.

Northville nearly spoiled Clarenceville's bid for the league title Friday when they went down to the wire before tumbling, 3-2. Big Jeff Goodrich struck out 12 and twice got Clarenceville out after the Trojans had loaded the bases.

But though the Mustangs tallied in the sixth and seventh, and had three other scoring chances, they ran out of gas and let the championship go to the Trojans.

Earlier in the week, Northville bowed to Plymouth in an 11-0 slaughter as Aubrey King got the Mustang's only three hits. Plymouth was in command all the way as the Rocks slammed pitcher Cap Pethers for 12 hits.

Northville's third loss saw Bloomfield Hills overcome a 3-0 lead and squeeze past the Mustangs 4-3. Aubrey King allowed only four hits, while Northville banged out seven.

Previous to the three losses, the Mustangs averaged an early season 11-6 loss to West Bloomfield by dropping the Lakers, 3-2. King again went the distance, allowing seven hits. Cap Pethers paced the Northville attack with two safeties.

Rotary Banquet To Honor Teams

A Rotary club banquet Tuesday evening will honor members of Northville high school's spring sports' squads.

The track, tennis, golf and baseball players will be saluted with a special banquet at 6:30 p.m. Entertainment will be supplied by a representative of the Detroit Red Wings, as yet unnamed. Films of the past season will be shown.

The June 4 banquet will be held at the First Presbyterian church. There will be no noon Rotary meeting.

Merchants Share Inter County Lead

Northville Merchants were in a three-way tie for first place in the Inter-County League this week after handing Plymouth Elks a 10-2 pasting Sunday.

The Merchants will seek to strengthen their grasp in games tomorrow and Sunday.

Ariston Luzod paced Northville at the plate against the Elks with a booming home run, double and single in five trips to the plate.

Manager Joe Kritch started Ken Kisabeth on the mound and relieved him with Jim McIntyre in the sixth.

Tomorrow the Merchants will meet Redford Merchants at Cass Benton park, with Ted Kapuchinski scheduled to pitch. Kapuchinski at one time pitched for Buffalo in the Detroit Tiger farm system under Jack Tighe, present Tiger manager.

IF RUGS and carpets are to wear well and stay attractive they must be kept clean. Dirt on the surface dulls the color of the rug. Embedded grit wears and cuts the fibers. Damage from clothes moths and carpet beetles is less likely to occur when rugs are kept clean. The time to spray rugs against these insects is after they have been thoroughly cleaned.

New Pastor Assumes Duties
At Novi Baptist Church

Reverend Arnold B. Cook began duties as pastor of the First Baptist church of Novi last Sunday.

He replaces Reverend J. A. O'Neill, who is now visiting relatives in Canada.

Reverend Cook was graduated from the Southland Bible Institute in 1949. While a student there, he sang in a male quartet which travelled several thousand miles during the school year. He also played in a trumpet trio.

Upon graduation, he became assistant pastor of the First Baptist church of Whitesville, West Virginia. The following year, he became dean and professor of Bible survey and analysis.

In 1952, he became pastor of the First Baptist church of Lookout, West Virginia, where he remained until the present time.

Reverend Cook is 29, is married, and is the father of three young daughters.

Mr. William Horsfall of Horton street and her daughter, Mrs. Alvera Wood, spent Sunday in Detroit visiting their friends, Mr. and Mrs. Albert Hill.

UF Group to Name Campaign Head

A new volunteer campaign chairman of the Oakland county township's United Fund drive is expected to be named soon.

A nominating committee was appointed this week to select candidates and report back to the UF advisory committee next month.

The subcommittee is headed by Robert Clark of Farmington.

At the same meeting, the advisory committee named Clarence Bales of Commerce as its representative to the Detroit United Foundation. His alternate is Vern Willard of Farmington, past president of the Oakland county United Fund.

Novi representatives on the advisory committee are supervisor Frazer Staman, Duane Bell and Russell Taylor. Taylor was present at the meeting this week.

The advisory committee consists of three representatives from 13 Oakland county townships and helps United Fund officials plan policy, set quotas and select volunteer workers.

Bruce Godfrey, Bob Wetterstroem and Dan Collins were hosts to the eighth graders of Our Lady of Victory school for an evening of dancing and fun last week end.

Now-see-camera-eye proof Dodge trucks lead the low-priced 3!

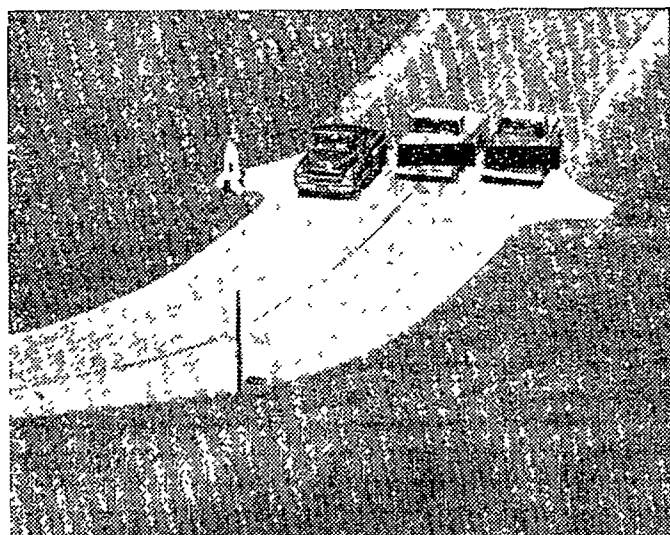

Special cameras like this new high-speed Hultner "70", designed to take rapid-sequence photos of guided-missile launchings, were used to record tests. Electrically operated, the Hultner "70" shoots 20 pictures a second.

Actual road tests . . . like the one photographed at the right . . . prove beyond question that Dodge Power Giants outclass all competition. This rugged hill climb is just one of a whole string of tests comparing all three low-priced trucks.

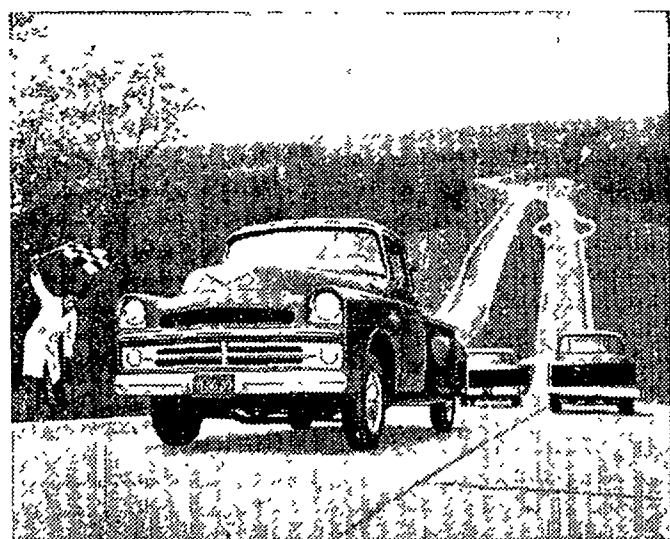

See certified test results of the entire series—actual unretouched photographs—at your own local Dodge dealer's. These tests, plus 15 minutes behind the wheel, will demonstrate to you that today's Dodge Power Giants lead the low-priced three in every measure by which you judge a truck.

You get the most V-8 power of the low-priced three . . . up to 232 horsepower. This gives you snappier performance to save valuable trip time . . . extra power to take steep climbs with less engine strain. And Dodge gives you extra payload capacity, too. For instance, the test pick-up shown hauls as much as 27% more than the other two low-priced makes.

Check today's low Dodge prices. You'll find eleven Power Giant models, in the low-tonnage field alone, that are actually the lowest priced of the low-priced three. Why not see for yourself? Your dealer will gladly bring a Dodge right to your door.

THEY'RE OFF! Here's the start of a grueling hill-climb test. All three low-priced trucks were lined up at the bottom of a test grade equal to the steepest hill in San Francisco. At flag drop, test drivers floor gas pedals . . . the Dodge Power Giant leaps out in front.

DODGE THE WINNER BY FIVE LENGTHS—and still gaining! The Dodge Power Giant outdistanced both truck "C" and truck "F" from the start. This is just one of a complete series of actual road tests that prove Dodge the outstanding leader of the low-priced three.

Forensic Club Holds Banquet

The fourth annual banquet of the Northville high school Forensic club was held last Thursday at Black's White house. Bernhard Muller was master of ceremonies, and Roseanne Perrault delivered the invocation.

Following the dinner, a review was given of the activities during the past year by Giannine Bertoni. Dorothy Welch introduced the prominent guests. Pins were presented by president Suzanne Dewsbury to members who had been in the club for three years. These included Gi-

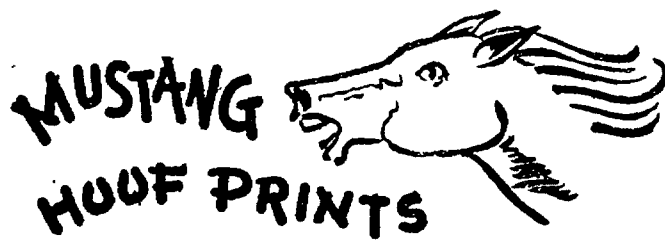

nnine Bertoni, Phyllis Buoniconti, Rebecca Coolman, Nancy Lawrence, Roseanne Perrault, Lois Rody, Sandra Strassen, Barbara Weiss and Dorothy Welch.

After the pins were presented, officers for next year were announced. They include Lillian Zinnecker, president; Rebecca Coolman, vice president; Julie Older, secretary, and Fred Schwarze, treasurer.

Suzanne Dewsbury announced that this year's delegates to the Michigan State university speech institute were Rebecca Coolman and Sandra Strassen.

Then came the moment when 10 members of the club were inducted into the National Thespian Society in a candlelight ceremony. They are Martha Bloom, Rebecca Coolman, Lois Rody, Judy Junod, Sandra Strassen, Tom Slavens, Roseanne Perrault, Giannine Bertoni, Dorothy Welch and Lillian Zinnecker.

Speaker for the evening was Miss Jayne Walter, speech club president at Eastern Michigan college.

Honors Assembly To Be June 7

The recently inaugurated III "N" chapter of the National Honor Society of Northville high school is sponsoring the Annual Honors Assembly. It is to be held Friday evening, June 7 at 8 p.m. in the Northville Community Center.

At this time the Honor Society members will be formally inducted and recognition will be given for scholastic and athletic proficiency during the year.

Also, contrary to former years when scholarships were given as a part of the commencement exercises, all scholarships will be given at the Honors Assembly.

Music will be provided by the Northville high school band. The assembly is open to the public and everyone is urged to come.

Final Edition

This is the last issue of "Mustang Hoof Prints" for the 1957 school year.

To members of the staff, most of whom are graduating, we say, "a job well done."

We'll be looking forward to beginning volume two of "Hoof Prints" next fall when school activities get under way again.

Disc Jockey Dance Friday Night

An evening of dancing fun is coming up Friday night at the Community building when members of the freshman class stage their second disc jockey record dance from 8-11:30 p.m.

Clark Reid, of radio station WJBK will spin the records and bring with him a guest recording artist. He'll award prizes for the best dancing to the music of both platters and the high school dance band.

The freshmen extend a special invitation to parents to attend. Tickets are available from class members and at the door.

Northville Council Proceedings

A regular meeting of the North-
ville City Council was held at the
City Hall Tuesday evening, May 21,
1957 at 8 p.m.

Present: Mayor Claude N. Ely,
Councilmen Allen, Canterbury, Reed
and Welch.

Minutes of last regular meeting
and of intervening specials were
read and approved.

Bills were presented as follows:

General Fund . . . \$8,349.40

Water Fund . . . \$1,118.41

Moved by Allen, seconded by
Reed that these bills be allowed
and paid. Carried.

Moved by Reed, seconded by Al-
len, that the Mayor and City Man-
ager be sent to the annual meeting
of the Michigan Municipal League
to be held at Mackinac Island Sept.
5th to 7th, 1957. Carried.

Atty. Clifton Hill, representing
Northville Center Bowling Alley,
was present to discuss with the City
Council provision in the amend-
ment to the Zoning Ordinance re-
quiring five off-street parking spaces
for each alley. His clients feel
that this is an excessive amount
of space, and are requesting that
the provision be modified. Mayor
Ely appointed Councilmen Welch
and Allen, together with the City

Manager, to meet with T. R. Car-
rington, Chairman of the City Plan-
ning Commission, regarding this
matter and bring back to the Coun-
cil their recommendations as to this
request.

The next item on the agenda was
the action by the Council on the
amendment to the Zoning Ordinance
to re-classify property located at
1035 N. Center St. to C-2 classi-
fication, in order to allow the Michi-
gan Bell Telephone Co. to erect a
building at that location to house
the new dial system, this amend-
ment having been previously pub-
lished in the Northville Record as
required by Charter. Moved by
Welch supported by Reed that the
amendment to the Zoning Ordinance
be adopted. Carried.

As to the report regarding the
meeting with the Wayne Co. Road
Commission regarding the River St.
property, Mayor Ely stated that in
the very near future a meeting will
be arranged between representa-
tives of the Driving Club, North-
ville Downs and the City Council to
inspect the property in question and
arrive at some agreement as to
what should be done; then draw up
a document incorporating what the
City of Northville would like as re-
strictions governing the transfer of
this property; after which a meet-
ing will be arranged with the Wayne
Co. Rd. Commission to complete
negotiations.

There being no further business,
meeting was adjourned at 11:15 p.m.
(Signed) Mary Alexander, Clerk

Legion Auxiliary To Elect Officers

The last regular meeting of the
American Legion auxiliary was held
at the home of Mrs. Wilbur John-
ston.

It was decided that the regular
meeting nights will be changed from
the second and fourth Wednesdays
of the month to the second and
fourth Tuesdays. Election of offi-
cers will take place at the June 11
meeting at the Legion hall.

Everyone is asked to remember
the Memorial Day pot-luck picnic
at the Legion hall.

Three Drivers Fined By Judge Bogart

Three drivers were fined and one sent to the Detroit House of Correction last week by Judge E. M. Bogart.

Kenneth R. Wooley, 19, of 383 North Harvey, Plymouth, was found guilty of negligent operation of a motor vehicle and sentenced to pay \$25 and costs.

For property damage to a city of Northville parking meter, Harold Butler, 33, of Walled Lake was sentenced to pay a \$25 fine and costs.

THINGS THAT COUNT MOST

Several years ago when Eddie Rickenbacker and his companions found that they were running out of gas they threw much of the plans cargo overboard. Later, he said, "You never know of how little value such things are until you come to such an hour." Surely the things of this world, be they house, lands or businesses lose their value when our life is at stake. It is for this reason Jesus once said, "What shall it profit a man if he gain the whole world and lose his soul?" He further encouraged us not to lay up treasures upon this earth where they are subject to decay and loss, but to lay up treasures in heaven where they will be secure for all eternity (See Matt. 6:19-21). What He is saying then, is that we ought to live our lives here on this earth with eternity in mind. The things of this life are temporal and shall soon pass away, why then fiddle away your time with things that do not count? If you are not a Christian, then you should first become one by accepting God's offer to be reconciled to Him through faith in Jesus Christ. Then begin immediately to make your life count for eternity. Help someone to know Christ today!

tended to pay a \$25 fine and \$10 damages to the meter or 20 days in the Detroit House of Correction. Unable to pay the fine, he was sent to DeHoCo.

For negligent operation of his car involving an accident and injury to both himself and his passenger, Haywood Beasley, 44, of Pontiac was fined \$10 and costs. Both Beasley and Lyman R. Larsen of Taft road, were injured when Beasley's car struck a tree on Randolph street east of Taft road two weeks ago. Beasley suffered a broken arm and Larson a broken ankle.

In a case involving contributing to the delinquency of minors, George Eliuk, Jr., 21, and Robert Frame, 21, both of Detroit, were fined \$25 and costs.

Mrs. French's fourth and fifth grades met for their regular business meeting last Thursday. President, Diane Eby appointed a new program committee: chairman, Zola Neely, Danny Simonsen and Judy Dye.

Trailer Park Faces July Public Hearing

A decision on rezoning a Novi township site to allow a trailer park was postponed Monday night when 57 residents petitioned the zoning board to turn down the rezoning request.

A public hearing will be scheduled for July 2 at which time the zoning board will hear all pros and cons before giving its decision.

The park would be located off East Lake drive north of New Court — about one-quarter mile around from Walled Lake amusement park.

Most of the those opposed to the park claimed it would make their already-bad drainage even worse.

Zoning board members said the park plans meet Novi's stiff new trailer park ordinance.

Bob Watson, son of Mr. and Mrs. Earl W. Johnson of North Center street, also received a promotion at Kemper, he is now a sergeant first class in the ROTC battalion at the Missouri school.

Novi Highlights...

Mrs. Belle Walter, who has been visiting her sister, Mrs. Clyde Johnston, and friends in Novi returned to her home at Ormand Beach, Florida on Monday.

Over Memorial Day

Police Chiefs Urge Caution

Thousands of motorists may be a little over-anxious to hit the open road for the Memorial Day week end, warned Northville police chief Joseph Denton and Novi police chief Lee BeGole this week.

To avoid possible tragedy, when highways are crowded and tempers sometimes short, they urge extra caution and care. Here is their list of safe driving tips for Memorial Day motorists.

1. Keep a safe distance behind the car ahead—at least one car length for each ten miles of speed.
2. Stay in your own lane on hills, curves and in "no passing zone".
3. Don't pass at intersections and never attempt to pass more than one car at a time.
4. If you drink, don't drive.
5. Slow down when driving at night, and dim your lights to on-coming traffic.
6. Never drive a car if you are sleepy, fatigued or emotionally upset.
7. Never cross a solid double line to pass another car. It might be the last move you ever make.
8. Always get out of your vehicle by the curb-side door.
9. Slowpoke driving can be dangerous. Keep up with the normal flow of traffic.
10. Driving safely is a full time job. Don't sacrifice your life for a day dream.

Other traffic enforcement authorities in the state are prepared to go into full attack on the Memorial Day traffic problem in response to Governor William's call for a further reduction of the annual accident toll.

One hundred-thirty lives have been gained over last year's traffic accident toll at this time and the officers are determined not to let the traditional holiday traffic saturation spoil the record.

"This is a game every motorist can get into — on our side!" says state police commissioner Joseph A. Childs. "There is no percentage in ending up a happy holiday with a traffic tragedy. If a driving situation looks risky — don't make that move. A chance taken in seconds can easily lead to a lifetime of regret."

Program Planned At Training School

Wayne County Training School near Northville has invited the public to a special program next Wednesday in commemoration of national Public Servants Week.

The program, prepared by children in residence, will be presented from 1 to 3:30 p.m.

Public Servants Week is devoted to highlighting the activities of government employees so that the general public can become better acquainted with the various governmental functions and the persons who carry them out.

The training school, established in 1926, has won world-wide acclaim for its work in mental retardation. Some 750 boys and girls in residence at present, and more than 5,000 have been helped back to a place in society over the years.

Attendant Nurses Graduate At Northville State Hospital

A group of 30 attendant nurses at Northville state hospital graduated Monday from an intermediate in-service training course after 150 hours of instruction.

The course was presented by the hospital's nursing department, with various allied department's participating.

Primary objective of the course, which is based on recommendations of the Michigan department of mental health is "to develop the ability to contribute to complete nursing care of the emotionally disturbed patient."

The graduation program featured an address by Luther Christman, psychiatric nursing consultant from the state department of mental health in Lansing. Certificates were presented by John Wick, director of nursing, and Miss E. McGregor, director of nursing education.

Pins were presented by Miss Donna Pelech, instructor of attendants.

After the program, graduates and their guests attended a recreation sponsored by the Northville chapter of the Psychiatric Attendant Nurse Association.

Goodwill Pickup Planned Tuesday

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for next Tuesday.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pick-up, call the local Goodwill representative Mrs. Raymond Carley at Plymouth 2505.

FOOT- SAVING EDUCATION

By
JIM
HOUK

ARE GOOD SHOES BETTER VALUES THAN CHEAP SHOES PER DOLLAR?

There isn't much difference. When we buy something cheap we think (we hope) that we are saving somebody else's profit. Ironically, the best dividend paying stocks of shoe companies on the market are the stocks of companies that make cheap shoes. The factories are not in business for the sole purpose of saving money for the customer. Assuming that profits are necessary for any business the savings on cheaper shoes must be made on labor or materials. Labor costs are about the same per hour so any saving must be made by using less time per pair. Workmanship is important in shoe making.

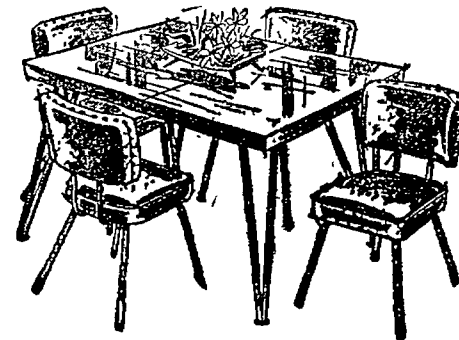

The leather market is so highly competitive that the only way the factory can save a significant amount on materials is to use inferior leather.

There are no secrets in the shoe business. As in every line of merchandise you get what you pay for.

PERFECT ATTENDANCE — Debra Harrawood, daughter of Mr. and Mrs. Leo Harrawood, looks over her attendance record and finds that she has not been absent or tardy in five years of classes at Novi school.

New Camp Fees To Begin June 1

Increased camping fees will be in effect June 1 at Michigan's state parks and recreation areas.

All camping permits issued on or after June 1 will require campers to pay 75 cents per day, plus 25 cents for electrical services, if used. Permits are issued at the individual parks.

The present camping rate is 50 cents daily, plus 20 cents for electricity.

All campers receiving permits during May will be charged the old rate, even if the camping permit period extends into June. This will allow Memorial Day visitors to camp through the holiday week end at the old rate, if they obtain a permit before June 1.

The boost in fees, approved by the state Conservation commission at its May meeting, will provide additional revenue of approximately

\$100,000 per year — based on attendance figures for the 1955-56 fiscal year when camping revenues totaled \$208,000.

Revenue from camping fees is used for operation and maintenance of the state's 58 parks and recreation areas.

SPEAKING

for the Record

By BILL SLIGER

Meeting Chick Harbert last week took us back (we won't say how many years) to a day in Jackson when a youngster from Battle Creek was burning up the fairways in the state open golf tournament. He set a national record for 72 holes that year and won a host of followers for his sensational play.

Chick was in his teens then and has dropped many a putt since that have won him countless titles including the national PGA championship.

Watching Chick play in Jackson (I must have been awfully young), we were just as sure as everyone else that here was a golfer who couldn't miss becoming great. It's gratifying to have been right for once.

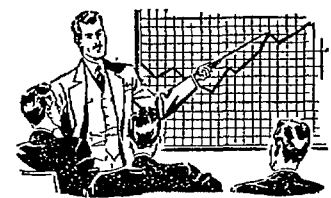

Looking just as young (well, almost) as he did back in Jackson, Chick said he is planning on a full summer of tournament play. He had a successful winter which included a win and a couple of seconds in addition to a tour of Spain.

If you should be watching television, listening to the radio or reading your newspaper Wednesday evening and one of the advertisements instruct you to "run right down to the store and buy a jar at once," you can do it no matter how late it is.

Seventeen Northville merchants are staying open all night. To entice shoppers out after midnight they're offering extra special savings.

Wednesday is moving day in our household. With the paper out Tuesday and Thursday a holiday, I can't think of any more excuses that have thus far kept me out of the preliminaries. It will be nice to live in Northville, but somehow I can't look forward to the "holiday" with much enthusiasm. Already I've heard grumblings at the casual mention of a golf game.

Speaking of the holiday, don't forget the Memorial Day parade at 10 a.m. sponsored by the local American Legion and VFW organizations.

LOCAL BUSINESS BRIEFS

City Councilman Ed Welch has changed jobs. Formerly advertising consultant for Brown & Bigelow, Welch is now a sales representative for Berry Doors of Pontiac.

Clayton Myers has replaced Don Hamilton as manager of the Standard Oil agency in Northville. Hamilton, who has retired, was given a farewell party last week.

Nowels Lumber is doing some extensive remodeling of their own. The office is being turned into a carefully designed sales display room that allows the browsing shopper to pick out whatever material they desire and see it as it would actually appear on the finished product. An entire assembly of pre-cut kitchen cabinets is also being set-up complete with range, oven, sink, etc. According to Harold Church, manager, the whole idea comes from National Lumber Dealers association model display plans.

More School Funds

MICHIGAN HAS counted its blessings and recognized the progress of its state again.

Each of the state's 7,500,000 citizens could be his own public relations man from May 19 to 25, preaching the glories of living in Michigan to the world.

As the week started, engineers announced that the state's two peninsulas had been spanned for the first time in history by steel beams—the framework of the Mackinac Straits Bridge.

With an overall length of 26,444 feet, the dream of linking the Upper and Lower peninsulas will be realized next November.

It is just one of the highlights of the week set aside each spring to advertise and promote Michigan.

The state's vacationland, surrounding more than 11,000 inland lakes, the growth of the resort industry to a \$500,000,000 business—plus other uncounted millions in tax money left in the state by resorters—was heralded as a major factor in the economy.

"All of us should be proud of our achievements, and in that pride should find strength to make ours an even more wonderful state," said Gov. Williams' proclamation.

Another part of the pride of Michigan is wrapped up in the \$500,000,000 highway program scheduled during the next three years, \$200,000,000 of it set for next year.

Great advances have been made in the care of mentally retarded children, the rehabilitation of prison inmates and the safeguarding of the health of the public.

LOCAL SCHOOLS will get all the money in state aid they believed they were guaranteed a year ago.

The legislature advanced payment of \$24,000,000 from the primary school interest fund from July 1 to

April 30 to make certain local school budgets would balance this year.

Last year, the schools said they believed they would get enough to pay \$190 per pupil from their automatic two-thirds of the state sales tax.

Sales tax collections dipped below the anticipated amount and schools, which had already computed their budgets on the higher figures, were in deep financial troubles.

Some had to borrow money for operating expenses and there was danger that some teachers would have payless paydays.

Urging the schools to economize, the legislature approved the advanced payment of money. They agreed it might create another shortage in the fall, but said money would be available by that time to cover the shortage.

CONTROL OF TB has received another prop in Michigan.

Under a new state law, local health officers may start action to send carriers of the disease to state hospitals and, in recalcitrant cases, to a confinement center at Gaylord.

State health officials said the method is necessary to prevent patients from leaving hospitals before they are cured and infecting others with whom they come in contact.

Of the thousands of tuberculosis patients in Michigan, only about 150 who refuse treatment will be affected by the law.

Better Service on Roller Skates

Babson Park, Mass. — One of the most helpful new movements today is a Club of One Thousand Mem-

bers who have banded themselves together to help sell merchandise. They believe that the consumer is the ultimate determining factor in making business good or bad, and in regulating employment. Prosperity or depression depends not wholly on Washington or the nation's bankers, advertising agencies, or even manufacturers. The humble consumer of every city, town and country crossroad also has the future of American business in his or her hands.

Results of Advertising
Can Be Multiplied 300%

American manufacturers are today spending billions to advertise their products in magazines, newspapers and through the radio and TV. These most attractive advertisements are read or heard by millions, usually in the evening or during week ends. The readers, and especially the followers of radio and TV, are not told the nearest store where they can quickly see, feel, and buy the product advertised.

These One Thousand Club Members, most of them living in humble homes, and many disabled, have joined forces to tell consumers by telephone the name of the retailer they should immediately contact. They then report to the manufacturer or his representative the name of the prospect making the inquiry. These One Thousand Club Members in one thousand cities, covering 80 per cent of the consumers in 10,000 communities, will operate under the name of United Information

Service. This name will be listed in 1,000 telephone directories.

Retail Clerks Must Wake Up

This humble group, however, is not satisfied with the work above described. They insist that consumers who read the advertisements and listen to the radio and especially TV, are entitled to better service at the stores. The Club Members have found that, after they get people into the stores, they do not get proper attention. Although their study has not been completed, yet they have some definite suggestions with which to start. First, they are convinced that the owner of the store and each clerk should have some distinctive coat of the same color. The owner could have a star on his sleeve, and the clerks could have bars to indicate their years of service. The One Thousand Club Members would like to get all store personnel to adopt a certain shade of orange or crimson to distinguish them quickly from customers. This would apply to stores with one clerk or many clerks.

A second "must" in the case of large stores — especially the leading "Dime Stores", and all others using self-service — there should be a number hanging over each counter, with a bell. This bell would be for customers to ring, so they could ask for help and direction to counters carrying the articles they desire to buy. The Club Members are certain that these bells would materially increase sales in all stores and that they will become a necessity in the new large stores being built in shopping centers.

Use of Roller Skates

I will not blame this final thought on the Members of the One Thousand Club, but will take the responsibility for it myself. It is this — that clerks in large stores should wear roller skates. Soon after birth the baby has a ride in an automobile and uses it more every year until death. The entire nation is going to wheels. Most retail clerks come to the store where they work either in an automobile or on a bicycle. They know it saves time and is more efficient. Why then do they

return to the "horse and buggy" era and depend upon walking as soon as they enter the retail store at which they work? I am convinced that roller skating is coming back into general use.

I forecast that not only will we see clerks in stores on roller skates, but also a majority of pedestrians on roller skates on sidewalks. Expenses of retailers are constantly advancing. The continual marking up of retail prices ultimately retards business. Clerks must do more to help retailers make a fair profit or the stores will close and they will be out of a job. This means that clerks must do more to promote sales, and especially speed up their travels about the store. The entire nation is growing on wheels from babyhood through life. This movement must be capitalized by retailers. However, please do not blame this last suggestion on the Club of One Thousand.

Cadillac

Friendly Welcome For a Total Stranger!

He's a "stranger in these parts"—just passing through on his way to some distant destination.

But you wouldn't know it to look at the wonderful welcome he receives as he brings his car to a silken stop and his day's travels to an end.

For high on the hood of his motor car rides the beautiful crest of Cadillac—and hospitality just seems to follow a new Cadillac wherever it goes.

No man, you see, is ever without standing when he is in command of the "car of cars".

For it is a recognized fact that Cadillac owners —representing though they do such varying fields of endeavor and such widely separated parts of our world—also have a great deal in common.

Invariably they are people of marked personal achievement—who have won for themselves a

considerable measure of respect and recognition.

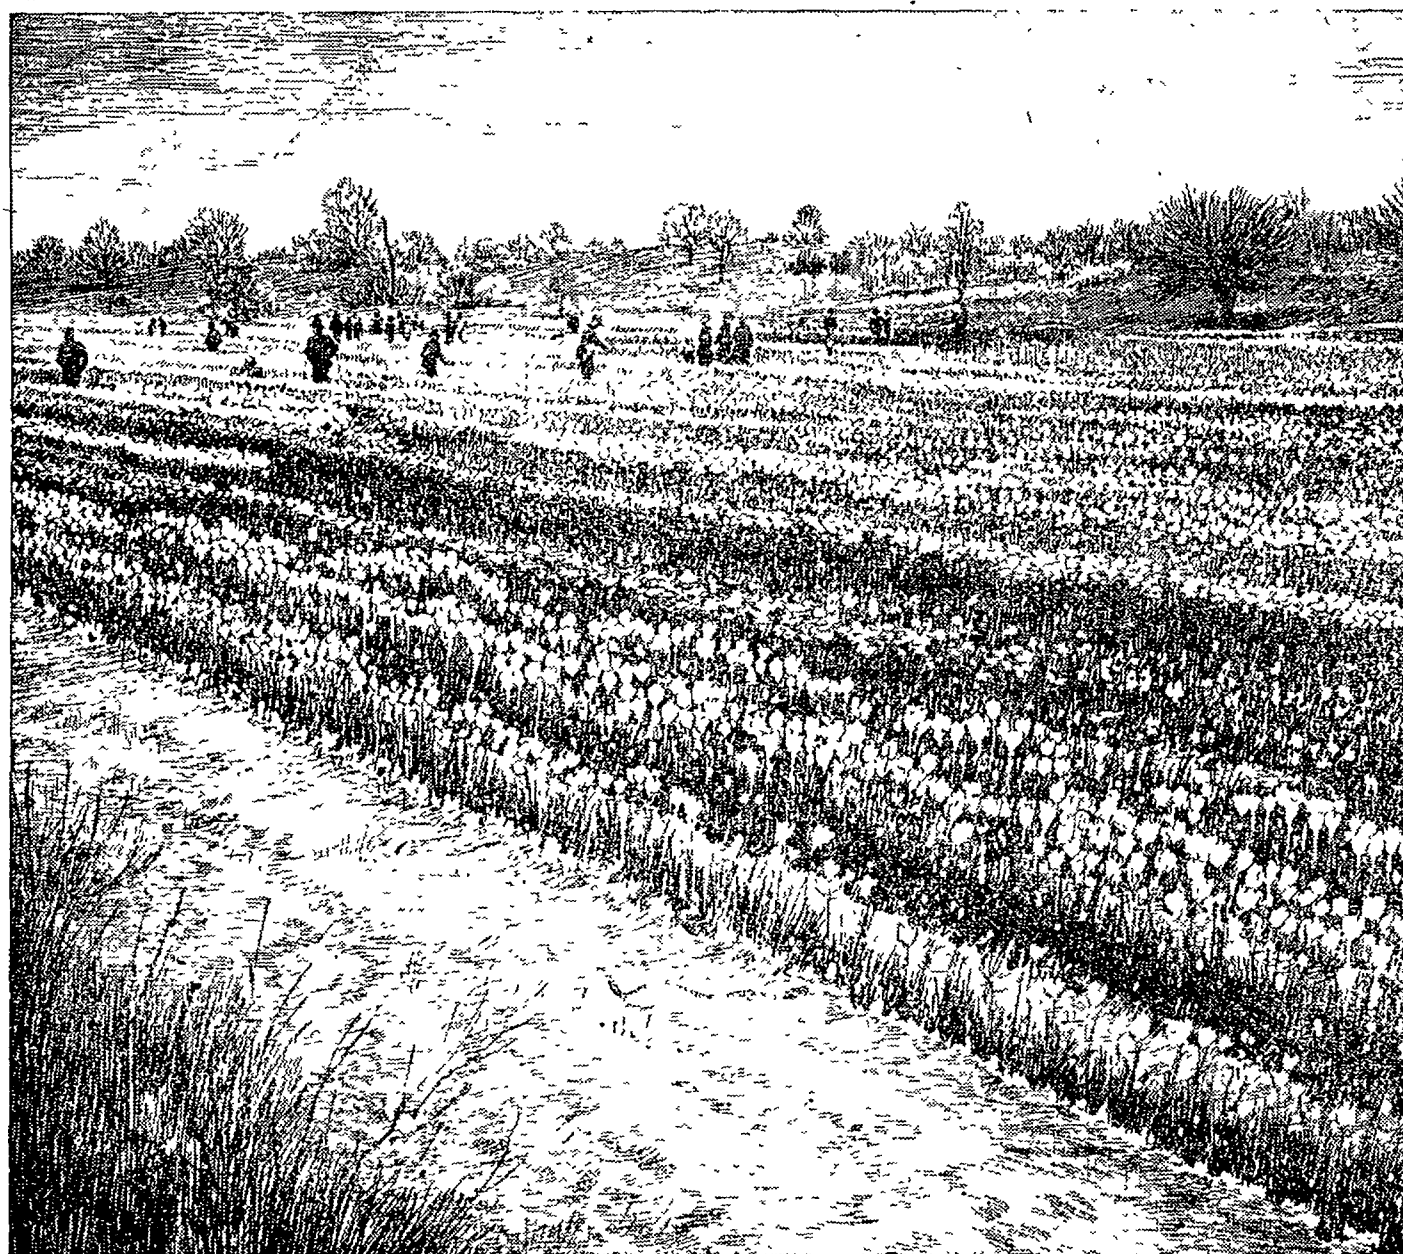

In brief, the driver's seat of the Cadillac car is the traditional dwelling place of the world's leading citizens. And people everywhere have found it safe to assume that whomsoever they behold at the wheel is a worthy member of this great and distinguished company.

Of course, this is but one of the satisfactions of Cadillac ownership . . . in addition to inspiring beauty, luxurious Fleetwood coachcraft, superlative performance and extraordinary value.

Have you as yet taken the wheel of a new 1957 Cadillac? If not, then you should visit your Cadillac dealer and spend an hour on the highway.

He'll be waiting for you with a "friendly welcome" of his own!
