

Here Are the Candidates ... So Make Your Choice

FRANCIS GAZLAY

I am running for the school board because I have the utmost faith in our representative democracy and believe it is my responsibility to serve in a position where my background and interests are of the most value. The liberties we enjoy in this wonderful country can only be maintained by accepting the accompanying responsibilities. For as we all know — the price of democracy is eternal vigilance. Prime requisites for public service are willingness to serve and good intentions, but these virtues are worthless without specific goals in mind.

One of the reasons our family moved to Northville was because of a fine school system backed by a public spirited community. This backing and spirit shows itself in parent participation in all forms of school activities — academic, social

(Continued on Page 5)

CLIFTON D. HILL

To be a candidate for election to the school board one must have a sense of public responsibility, a genuine interest in and for students, a wide background of fiscal and business experience, and a sincere "tax-consciousness".

This election is of extreme importance to every taxpayer and parent in the school district. It should not be regarded as a popularity contest, but rather an opportunity to select the two most qualified men to serve the community in solving the vital problems confronting the school board in the critical development period ahead.

As an attorney, I have had years of experience in money management for large corporations with multi-million dollar budgets. I know by experience the impact of ever increasing taxes upon our

(Continued on Page 5)

DR. WALDO JOHNSON

As a resident of this community for 35 years, I am keenly interested in continuing the high scholastic standard of the Northville Public School System approved by the North Central Association. Not only do I consider this important from the standpoint of providing adequate facilities for the present school population but also with the view of attracting home seekers to our area.

In view of the large scale building program now in the advanced planning stage, I believe that my experience as a former school principal contributes an excellent appreciation of school problems. Further, I believe that the record of a successful professional practice contributes to the business experience required for this office.

I am aware of the time and en-

(Continued on Page 5)

ADRIAN WILLIS

I have been a resident and property owner of Northville for twelve years during which I have been an executive of the Kelvinator Corporation.

During this time my two sons have been attending Northville Public Schools and I have maintained a keen and active interest in the school system and its operation.

I am aware of the high degree of interest a great many residents of the Northville School District have in a sound educational program. I believe I have the ability to absorb what those people want, and to represent them in a sound, practical way. I have both the time and energy to devote to the problems of planning and administering our schools.

The operation of our school system is big business and is rapidly

(Continued on Page 5)

A "Yes" Vote Needed

The outcome of a proposition which school district voters will be asked to answer "yes" or "no" next Monday bears heavy significance upon the community of Northville.

Its importance is indicated by the fact that both the city council and the school board adopted resolutions urging its passage at separate meetings this week.

Their reasons may differ slightly, but ultimately only the community would lose if this proposition failed to gain a "yes" majority.

In simple language the school board is asking voters to permit negotiation with the county road commission on the possible sale of seven acres of school property for the Eight Mile cut-off right of way.

The proposed two-lane highway would divide Amerman elementary school and the proposed high school. The highway, many years in the planning, has been considered by the school board as an ultimate condition since the construction of the Amerman school.

The board has drawn careful plans to gain maximum use of the highway and to protect the students by requesting installation of safety features. Though no agreement has been reached with road commission authorities, it appears a certainty that they are ready to accept any conditions in the sale reasonable to the safety of the children.

City concern, aside from the safety features, arises from drainage and traffic problems that the new high school is certain to create. Without the drainage relief offered by the cut-off, residents of Oakwood subdivision would almost certainly be flooded by water from the landscaped school site.

New problems of road preparations would also face an already over-taxed city budget.

Most significant, perhaps, is the fact that both local and state school authorities approved the site with the knowledge that someday the highway would divide the schools. In addition, there is a moral obligation involved. After spending thousands of dollars in planning thus far, the road commission should be granted the right to continue the project, if they are willing to pay a fair price and meet school board conditions.

Because we feel that the advantages of a new Eight Mile cut-off far outweigh the inconveniences that always come with progress, we join the school board and city council in urging Northville School District voters to VOTE YES on this important proposition.

First Aid Course To Begin Monday

A six week Red Cross first aid course will begin next Monday, June 10 at the First Baptist church of Northville.

Teacher for the course will be Roy Gallup of the Detroit Red Cross branch. Classes will be held from 7:30 to 10:30 each Monday evening. The three hour class period allows the course to be finished in six weeks rather than nine.

Persons may register for the course by calling Mrs. Charles Haynes, 677-M, or Mrs. Arthur Carlson, 402.

Recreation Reminder

Northville recreation director Stan Johnson, has reminded local youngsters again this week to register for the summer recreation program as soon as possible.

Registration can be done each Saturday morning at the scout hall and each week day after the program opens. Registration cards cost 10 cents.

A complete schedule of summer recreation activities appears on page 10.

New State Aid Law Cuts School Income Nearly \$50,000

An end to financial worries for the Northville school district is a dim prospect as one slice after another is taken from revenues needed to help pay bills and salaries.

Though the board of education approved Monday night the sale of \$50,000 in tax anticipation notes to Manufacturers National Bank at the rate of 2.99 percent per annum, funds from the notes aren't expected to last through July.

"This amount is literally a 'drop in the bucket' to what will be needed to carry us through the end of the year," Superintendent Russell Amerman stated when he made his report to the board Monday night. Amerman reported that the biggest cut in expected revenues is rooted in the new state aid act recently passed in Lansing, causing the district to lose approximately \$50,000.

Two sources of state funds, transportation and tuition, will be cut and the third, distressed district aid, will be lost entirely. Transportation funds will no longer be available for children who live within a mile and a half of the school, and tuition aid has been cut. The loss from these two factors amounts to about \$25,000.

Another \$25,000 loss results from the increased equalized valuation of the school district. Now set at \$18,018,257, the valuation makes the Northville district ineligible for distressed district aid. In 1956, the equalized valuation amounted to \$10,461,000.

Two temporary solutions are seen to remedy the current situation: a hope for an advance in state aid, or another issue of tax anticipation note until tax money comes in at the end of the year, the amount not yet determined. To date, all salaries and bills of the district have been paid.

One bright spot regarding finances was announced at Monday's board meeting. A redemption of \$25,000 of a 1954 bond issue, due in 1972, was made possible recently when the holder of the bonds offered to sell them to the district.

Issued at a 1 1/4 percent rate, interest until 1972 would have amounted to \$4,687.50. A bond fund required by law of school districts made possible purchase of the bonds. Such money is available only for bond issue uses. This is the second time the board has been able to retire bonds before the due date.

Anticipating personnel needs for the coming school year, board members approved the hiring of six new teachers to accommodate the increased enrollment for 1957-58. Four teachers will fill vacancies in the elementary school, and two will be needed in the high school.

Board members also approved Monday night an additional day's service of the school psychologist. Presently working with Northville school children one day a week, he will next year be in Northville, schools two days a week and with the Plymouth system for three.

A report on the hiring of an administrative assistant was also given by Amerman. The previously titled "director of instruction" will relieve the superintendent of several duties to allow him to spend

To Elect 2 for School Board Monday

Voters Also Will Decide On Cut-Off Land Issue

Northville school district voters will elect two new members to the five-man school board Monday and also answer an important request by the board to negotiate the possible sale of property to the Wayne County Road Commission.

Four candidates have entered the race for the two positions

It Takes All Kinds

There's a new candidate for the meaneast person in town.

Last Saturday, an elderly Northville woman went out to Rural Hill cemetery and placed beautiful bouquets of flowers on the graves of her daughter, her son-in-law and her granddaughter.

Sunday morning, she returned. The flowers were strewn across the graves and their vases were missing.

It's a strange world, she thought.

Auto Accident Claims Life Of Local Woman

An auto accident resulting in a Northville woman's death and placing her husband in critical condition in Wayne County General hospital occurred Monday evening as they were driving home from work.

Dead was Mrs. Rose Lee Norton, who lived at 516 North Center street. Both she and her husband, Roy, were returning from Livonia Rest Home where both were employed when their car collided with a truck at Plymouth and Eckles roads in Livonia.

Mrs. Norton had lived in Northville for five years, and had previously been employed at the D&C store and at Eastlawn Resthaven. Her husband is also a former employer of Eastlawn. The Nortons were married last October.

Mrs. Norton was born February 2, 1915 in Friendship, Tennessee to Jesse and Evie Newell. Survivors include brothers Algie of Plymouth, Leslie B. of Friendship and L. V. of Dyersburg, Tennessee.

Funeral services will be held in Friendship Friday with burial in the local cemetery.

A LITTLE TO THE RIGHT — Senior class president Harry Watson helps vice president B. G. Wilson with her cap and gown in preparation for baccalaureate and commencement exercises during the coming week. Some 94 seniors will attend the programs. For a picture of graduates of Our Lady of Victory school, see page 8.

Seniors Near Their Big Day

Nearly 100 Northville seniors will end their high school days next week in traditional commencement week activities.

At the same time, all Northville school children will set their books aside in favor of a summer of play and relaxation.

Commencement week will begin tomorrow night when scores of high school students of all grades will be paid tribute at the annual NHS honors convocation. (See story, pictures, page 9).

On Sunday, cap-and-gown seniors will file into the Northville community building for imposing baccalaureate services under Father

John Wittstock of Our Lady of Victory church.

Rev. Ivan Hodgson of the First Methodist church and Rev. John Taxis of the First Presbyterian church also will participate in the service.

The junior class will honor the graduating class at the Junior-Senior banquet Tuesday night in the Community building. The juniors, as a special gesture, have invited all high school faculty members and the board of education to the banquet.

After the banquet, the seniors will assemble for class night in the au-

ditorium for a reading of the class will and prophecy and a presentation of the class gift.

Next Thursday, some 94 seniors will step forward to receive their diplomas. Alan Canty, director of the psychopathic clinic of Detroit Recorder's Court, will address the seniors. Rev. B. J. Pankow of St. Paul's Lutheran church will give the invocation and benediction.

Meanwhile, seventh through 11th graders will finish classes tomorrow and report back for final examinations at designated hours Monday and Tuesday. They will return briefly next Friday for report cards.

City Finally Hits New Water Source

Best news at the city council meeting Monday evening was the announcement by the city manager that a 450 gallon-per-minute water well had been struck.

The water, described as colorless and odorless, was found at approximately 60 feet on land owned by the D&R Building company just west of the Novi road and C&O railroad intersection.

In a previous agreement with D&R, the city obtained the right to purchase the tract of land if water was available.

The search for water by the city during the past year has met with repeated failure or misfortune. One good source was found to be too near a stream for health department approval, while another try led to solid rock. The new well, if put into permanent use by the city, will assure the community of ample supply in the face of any major de-

mand. Two wells are currently in use.

Elated over the new-found water, councilmen immediately directed the city manager to move the drilling unit to a new location nearer existing water mains. Tuesday drilling began on W.B. Chase property bordered by Baseline, Novi road and Griswold. Discovery of water on this site will probably lead to purchase of the land by the city.

The council deferred a decision on the issuance of a new tax license. Northville's taxi service has been operated by the Plymouth Taxi company since May 10 when bankruptcy was declared by the local firm. Requests for the franchise were entered by Ernest Seaman, 515 West Main, Northville, and Theodore Johnson, owner of the Plymouth company.

Agreement with the Methodist church for a three-year lease of

property adjoining the church for parking and alley-way entrance behind the stores facing Center street between Dunlap and Main seemed near. Councilman John Canterbury stated that the contract was ready to be signed. The city hopes to be able to level and improve the property now occupied by the J. L. McKinney residence. The house, purchased by the Methodist church, will be moved June 18. Councilmen directed City Manager Robertson to contact merchants in the area for financial assistance in improving the land behind the stores.

Robertson suggested that councilmen consider a chemical treatment for Northville's water system to help combat disagreeable odor and rust content. He described a process used in other communities that retards the growth of scale in water pipes and also cleans pipes of existing scale. Councilmen asked

Robertson to bring further details to the next meeting. Councilman Canterbury pointed to current water rates as low and suggested that consideration should be given to raising rates as well as improving the service.

In concluding business councilmen discussed plans for a meeting with Northville Downs and the Driving club Thursday evening to reach an agreement on two acres of River street land sought by the Downs for enlargement of the track. Councilmen are preparing a list of provisions including a fence, greenbelt and parking-use stipulation for the land before representatives of the groups meet with Wayne county road commission for purchase of the property. It is expected that the city will suggest sale of the two acres to the Downs with restrictions to protect surrounding property owners written in the deed.

THE END of 38 nights of racing came for this trotter and hundreds of others last Saturday as Northville Downs closed a successful season despite poor weather conditions. While the betting average was a robust \$249,917 per night, the attendance dropped more in comparison with other seasons. The track's total handle was \$9,496,850 of which the city will receive \$90,289 in tax revenue from the state. This compares with \$85,000 in last year's shorter season. A warm Memorial Day brought attendance up in the closing days of the track.

News Around Northville

Mr. and Mrs. R. W. Casady and boys, Warren and Brooks, left Northville Monday and motored home to San Diego, California. The daughter and son-in-law of Dr. and Mrs. E. B. Cavell, they were in Northville to attend the Cavell's 50th wedding anniversary celebration.

Mrs. R. W. Cavell of Dearborn and Mrs. E. B. Cavell will spend a few days this week at the Tawas

City ranch of the latter's son, Dr. Ted Cavell.

Last Saturday, the Methodist Youth Fellowship had a "kid" party at which they played only "kid" games. To add to the fun, among the prizes for winners were animal crackers and all-day suckers.

Miss Kathryn Kampf is here from New York this week visiting her

parents, Mr. and Mrs. Ted Kampf of Haggerty road.

Mrs. Robert Williams of Nine Mile road entertained Tuesday evening at a spinster dinner for Miss Barbara Couser, who will be married Saturday.

Mr. and Mrs. Russell Clarke of Fairbrook street returned this week from a ten day trip to the east. They visited Cape Cod, picked up son John from Rutgers in New Brunswick, New Jersey, and visited Mr. and Mrs. C. M. Gooding in Westfield, New Jersey. Mrs. Gooding is Mrs. Clarke's sister.

Guests of Mrs. William Horsfall of Horton street last Thursday and Friday were Mr. and Mrs. Mahlon Miller and daughter, Machel, from Goshen, Indiana.

Mr. and Mrs. Wynn Wakenhut and family recently moved from Thayer boulevard to Connemara Hills subdivision.

Pre-Nuptial Parties Fete Peggy Price

May has been a busy month for bride-elect Peggy Price, daughter of Mr. and Mrs. George Price of North Center street.

A neighborhood luncheon shower was given at the home of Mrs. Donald Bender in Jackson on May 4. A shower including close friends of the bride-elect was given by Mrs. Earl S. Collins, Jr. at her home in Novi May 15.

An afternoon party, followed by a dinner at the Jackson Country club was given by Mr. and Mrs. Charles H. Heiney, Sr. on May 25. Sixteen guests from Northville and surrounding communities attended.

On May 26, 25 guests attended a family shower given by Mrs. Cloyce Myers at her Garden City home.

Miss Price will be married on June 22 to Charles Heiney, Jr.

Mrs. Arthur H. Carlson

Janice Mae Owens Wed To Arthur H. Carlson

In a candle-light ceremony May 25 in the First Presbyterian church of Northville, Janice Mae Owens became the bride of Arthur H. Carlson.

The former Miss Owens is the daughter of Mr. and Mrs. Pierce L. Owens of Northville road. Her husband is the son of Mr. and Mrs. Arthur Carlson of Fairbrook avenue.

The Reverend John O. Taxis performed the ceremony in a church decorated with white mums and gladioli. Singing "Because" and "The Lord's Prayer" was William G. Williams.

The bride's gown was of white satin and chintilly lace, a panel of the lace gracing the front of the gown. Of simple design, it featured a small round collar and long, pointed sleeves.

She carried a bouquet of white orchids and lilies of the valley on a white bible. Around her neck were pearls, a gift of the bridegroom.

Maid of honor Miss Shirley Rodgers of Detroit, a friend of the bride, wore a ballerina length gown of mist green fashioned of lace and chiffon. Her bouquet was of yellow carnations.

Miss Evelyn Clark and Miss Carolyn Burkman, both of Northville, were bridesmaids, wearing similar gowns of pale yellow and pale blue, respectively. Miss Clark carried red carnations and Miss Burkman's bouquet was of shrimp carnations.

As junior bridesmaids for her sister, Miss Patricia Owens wore a pink dress with flowers of blue and white carnations.

Mr. Carlson chose James Bonar of Northville as his best man. Other friends of the groom, Rodney Dahlager, Tom Wick, John Boyer, all

News Around Northville

A miscellaneous bridal shower was given Miss June Roberts last week at the home of Mrs. Bertha Hodge of Dunlap street. Co-hostesses were Mrs. Virena Lyke and Mrs. Don Holcomb. Thirty-five guests attended the shower.

Glenn Salow, Sr. of Taft road is home from Mt. Carmel hospital.

Rick and Rusty Atchison, sons of Dr. and Mrs. R. M. Atchison of South Rogers street, are home from school for their summer vacation. Rick attends Kemper military school in Booneville, Missouri and Rusty will return in the fall to Pembroke Place school for boys in New Hampshire.

Visiting from Albion this week is Mrs. Don Harrington who is spending some time with daughter, Mrs. R. M. Atchison.

Entertaining approximately 100 guests at a tea Tuesday afternoon was Mrs. R. T. Martin of Novi avenue.

Mrs. John Robertson was guest of honor at a surprise stork shower given at the home of Mrs. Richard Horton of Grace street last Tuesday

Janiece Robertson Is Engaged To William Newman

Sikkila-Tuck Rites Read In Walled Lake Saturday

The first day of June was chosen as her wedding day by Violette Sikkila, who was married last Saturday to Donald Tuck, son of Mr. and Mrs. Walter Tuck of Grand River avenue, Novi.

Violette is the daughter of Mr. and Mrs. John Sikkila of Walled Lake.

The ceremony was performed in the Walled Lake Lutheran church by Reverend Gerkin. The bride was given in marriage by her father in a church decorated with white gladioli and mums.

The bride's gown was of ballerina length, white lace over taffeta. She carried a nosegay bouquet of white gardenias and stephanotis.

Maid of honor Nancy McClellan wore a pastel pink gown of flowered organza, and carried a nosegay bouquet of white carnations and stephanotis.

In similar gowns of pastel lavender and pastel green flowered organza, Karen Sulla and Lillian Fine were bridesmaids for Miss Sikkila.

Their nosegays were also of white carnations and stephanotis.

The bridegroom chose Harold Tuck, his brother, as bestman. Ushers included Jim Sikkila, brother of the bride, and Alvin Whistle.

For her daughter's wedding, Mrs. Sikkila chose an orchid linen dress with white accessories. Mrs. Tuck wore a gown of grey lace over pink with pink accessories. Both mothers wore corsages of white carnations.

A reception for 150 guests from Detroit, Royal Oak, Walled Lake, Novi, Loon Lake and Northville followed the ceremony at the Novi Community hall.

For her wedding trip to Niagara Falls and New York City, the new Mrs. Tuck wore a pink linen suit. She is a graduate of Walled Lake high school. Her husband is a graduate of Northville high school. Both attended Cleary college in Ypsilanti.

When they return from their trip the couple will make their home in Novi.

Mr. and Mrs. Donald Tuck

Now making Michigan — and Northville — their home for the first time are Mr. and Mrs. Del Steigerwald and their four children.

The Steigerwalds have been living in their new home on Brookwood drive in Brookland Farms since the first of March, when they moved here from Cleveland, Ohio. Mr. Steigerwald was transferred to the Detroit branch of Harshaw Chemical company, which he serves as branch manager of the scientific division.

The Steigerwalds have four children: Kay Louise, 10, and Janet, 8, (who are both crazy about horses); Dale, 6, and Anne, 5.

Mrs. Steigerwald, who likes to sing, has become a member of the Methodist church choir since moving to Northville. Her husband, who enjoys working around the house, especially likes to work in the yard.

Mr. and Mrs. Bart Connors of Spring Drive held a birthday dinner Memorial Day in honor of their son, Barton. Dinner guests included his wife, Mrs. Barton Connors; her parents, Mr. and Mrs. William McAuley of Birmingham, and Mrs. Iva Tabor, Mrs. Bart Connors' sister.

BEDROOM UNDERSIZED?

Don't get the idea that the extremely small bedroom is hopeless, decoratively speaking — that all you can do is crowd in the necessary furniture and let it go at that. With good planning it can be lovely to look at, easy to care for, and give you the ultimate in comfort.

Today the majority of us share a mutual problem: how to stretch space to accommodate our needs. If you'd like some new space-stretching ideas, do come in and have a visit with one of our trained decorators. We are always happy to be helpful. No appointment is necessary.

USE SPACE-WISE FURNITURE . . .

. . . that will help you make the most of every inch of space, and which, preferably, serves more than one purpose. Decorative headboards that combine cabinet, shelf and table facilities are excellent space-savers. Use small-patterned wallpaper on one wall to add color interest, and paint the other walls a light color to make room appear larger. Today's trend toward more casual living in smaller homes has inspired a whole new concept in purposeful furniture. We are proud to offer you our new selections of Modern and Traditional pieces. So come in soon and let us help you select the pieces that will blend happily with what you already have.

HOW LONG SHOULD A LEATHER SOLE LAST?

The perplexing aspect of the life of sole leather is that adults' shoes last six months, a year, or more while children who are sitting in school much of the day can go through a good leather sole in four weeks.

Recent studies show that sole leather does not wear out — it washes away. When leather gets wet the oils that lubricate and hold the fibers together ooze out of the leather. Lacking the oils the leather shreds and quickly scuffs off.

Silicone Shoe Saver developed by the Dow Corning Chemical Co. renders leather water repellent and is supposed to add 30% to the life of the soles. A one dollar bottle will waterproof three pairs of shoes.

GOLDEN ANNIVERSARY — Cutting their 50th anniversary wedding cake at a reception last Saturday were Mr. and Mrs. William H. Aston of Haggerty road. Approximately 150 guests attended the party held in their honor. The Astons have lived at their Haggerty road address for ten years, since Mr. Aston retired from the printing business. Relatives who live in Northville include niece Mrs. Parker Holden and niece and nephew Mr. and Mrs. Richard Peters.

AGENT CHANGE FOR THE NORTHVILLE STANDARD OIL BULK PLANT

Clayton Myers

Dear Friends:

I would like to take this opportunity to thank all of my loyal customers and friends for their patronage during my 25 years as Standard Oil Agent in the Northville area.

My sincere wish is that the same patronage will be extended to my successor, and loyal employee for 7 years, Mr. Clayton Myers.

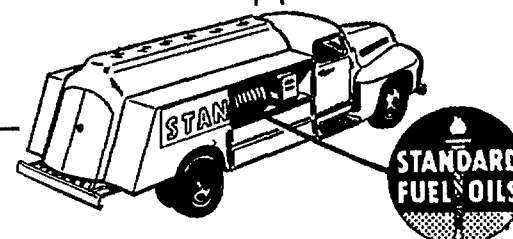

Sincerely yours,
Don Hamilton

Hello Friends:

I am happy to be able to introduce myself as your new Standard Oil Agent.

I have met many of you as customers during the time I have worked for Mr. Hamilton. My desire is to give prompt, efficient and dependable service in the coming years. It will be a pleasure to be of service to you.

Sincerely yours,
Clayton Myers

THE NORTHVILLE SCHOOL BOARD NEEDS . . .

- Members who are tax conscious
- Members who have had experience in money-management
- Members who have a deep, personal interest in education and children

ATTORNEY CLIFTON D. HILL has had years of experience in the tax divisions of the State and U.S. Internal Revenue. He has served as an advisor to citizen organizations and governmental groups. He strongly advocates the "most education per tax dollar" type of administration.

HILL has served as tax counsel and budget advisor for corporations whose annual expenditures range from \$50,000 to \$200,000,000.

HILL has three children attending our schools. He has taken active interest in the welfare of our school children and is well known for his counseling and assistance to the students of Northville. Hill's office and business activities are located in the city of Northville where he would be available every day.

HILL has strong convictions concerning better cooperation between township, city and school board governmental bodies. He advocates this means towards better area planning and resulting tax savings.

Your Government Is Only As Good As Your Vote

HILL

FOR BOARD OF EDUCATION

Clean Carpets Save You Money

IF RUGS and carpets are to wear well and stay attractive they must be kept clean. Dirt on the surface dulls the color of the rug. Embedded grit wears and cuts the fibers. Damage from clothes moths and carpet beetles is less likely to occur when rugs are kept clean. The time to spray rugs against these insects is after they have been thoroughly cleaned.

Did You Take \$81? Better Give It Back

If you took \$81 that didn't belong to you last Saturday night, you'd better read this.

Fred Casterline, from whose wallet you took it, wants it back.

If you return it to police chief Joseph E. Denton, no questions will be asked.

If you don't, chief Denton probably will visit you instead.

For Fred knows you took it. And, though he doesn't want to cause undue trouble or embarrassment, he does — as we said — want it back.

Here Are The Candidates ...

HILL

citizens and I feel I have the training and background to help apply common sense business methods to the construction and operation of our schools.

I have acted gratuitously as counselor for a great many local students in solving their personal and school problems so that they might get the most out of their educational opportunities.

Frankly, I cannot claim any experience in the teaching area of education. However, I have served on the Northville Cooperative school board for five years, during a part of this time my wife was president

of the group and I was able to share their problems and solutions.

My law office is located in the city of Northville where I can be available day or evening for assistance and sharing of the school board's work-load, and where I would be in constant contact with the tax paying public and their needs and reactions. For three years I was fiscal director of Crippled and Afflicted Children and Adults for the state of Michigan, in which capacity I installed all the methods of finance and accounting now used in Michigan as well as a majority of other states. These methods reduced the tax-load on the citizens and expedited the operation of the program.

I was with the U.S. Internal Revenue for many years and developed a knowledge of the background and viciousness of ever-increasing taxes.

I personally feel that the school board should work in unison with the city council and township board for overall planning that should certainly result in tax savings to our citizens.

I am married, have three children in our schools, aged five, eight and 16 years. I have lived here since June, 1944.

Overall, I feel I am qualified for this position by my training, experience and ability.

JOHNSON

thrust that is required of this office to insure that the school system plans are carried out in a complete and practical manner and it is with a great deal of civic pride that I make myself a candidate for the school board of Northville.

WILLIS

becoming bigger and more complex. I feel that my business experience gained in an administrative capacity enables me to contribute sound, practical, business knowledge to the school planning program and the long range building program ahead.

Readers Speak Up:

PTA SPEAKER DRAWS CRITICISM

This letter refers to the talk given by Dr. Rabinovitch at the last PTA meeting. The good Dr. apparently is a grand person with a fine sense of humor, and no doubt he has done a great deal of good for mentally ill children at Northville State Hospital.

In spite of my respect and admiration for such men, and for many progressive teachers and parents, I would like to point out that much of the theory they operate on is nonsense when applied to children in good mental health. For example, Dr. Rabinovitch abhors punishment, advocating mild treatment for juvenile delinquents and no physical punishment for children. This type handling is supposed to decrease delinquency, and the more stern methods are supposed to cause it. If this were true, practically every one of my generation (born 1900) would have become delinquents or mental cases. The reverse is true — the percentage of delinquency is much higher today, after allowing for better reporting. It is rising three times as fast as the population, and will continue to rise as long as the "soft" method of dealing with children is followed. It will continue to rise so long as we keep making a net of the badly behaved child while ignoring his opposite, who sees "acting up" as the only way to recognition; so long as we keep trying to repeal Nature's law that whenever an individual gets out of line, he is punished. This is the way he learns how to live. Nature doesn't suspend punishment because the parent or society was at fault. The monkey who puts his paw in the fire is the one that gets burned.

It is true that only a few children get in trouble with the police, but the many have the same attitudes, brought on by current methods of child training in homes and schools. The many are too smart to get into police trouble, or are kept so busy with fascinating activities that the opportunity is lacking. The child who actually has a mental illness of course is something else again. When sickness strikes, the rules are quite different. Exercise is no good for a broken leg. But let's not advise against exercise for the well leg.

Another example is the statement that reading and arithmetic troubles are not caused by faulty teaching methods. There are too many cases on record where the child who "couldn't learn to read",

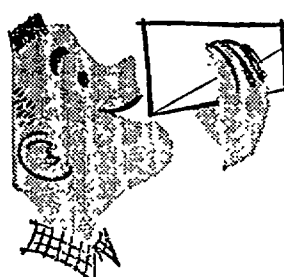

"couldn't get arithmetic", had a "block", "hadn't reached the right point in his development" or "wasn't being handled properly at home"—too many cases where such a child quickly became proficient when sent to school using better methods or coached by a parent. Parents by the thousands are having to teach the three R's at home — if you don't think so, go to Hudson's Downtown or Hudson's Northland and take a look at the land office business they are doing selling parents the reading and arithmetic texts used in every grade of the schools in this area.

I for one don't care a hoot whether the child today can read as well as I did at his age. That's impossible to determine, and quite beside the point, which is: can he read? can he use figures? For the answer, consult those who hire high school graduates and those who examine the entering college freshman.

Good Doctors, "progressive" parents and teachers all, won't you please start thinking unemotionally about such facts as these, and then ask yourselves "If we are right, how can such things be?" No wonder psychiatry is chided by the other sciences because its beliefs are often emotionally based; and it tries to make facts fit theories instead of the other way round.

NOTICE OF PUBLIC HEARING

PROPOSED AMENDMENT

TO THE

ZONING ORDINANCE

OF THE

TOWNSHIP OF NOVI

NOVI, MICHIGAN

NOTICE IS HEREBY GIVEN that a Public Hearing will be held on a proposed amendment to the Map and Text of the Zoning Ordinance of the Township of Novi to include the changes as follows:

- To change all of the area in the south 1/2 of Section 24 now zoned R-1-F lying south of Grand River to an R-1 Classification.
- To change all of Section 25 now zoned AG to an R-1 Classification.
- To change that part of the N.E. 1/4 of Section 26, except that part as described in (e) below, and the east portion of the S.E. 1/4 of Section 26, approximate 1970 feet wide from an AG Classification to an R-1 Classification.
- To change the north 1/2 of Section 36 from an AG Classification to a R-1 Classification.
- To change that area lying west of the C-1 District at the S.W. corner of Meadowbrook Road and Ten Mile Road for a distance of 50 feet and a depth of 450 feet from an AG Classification to a C-1 Classification.
- To change an area of about 9 1/2 acres located in the S.E. corner of the N.W. 1/4 of Section 2 from an R-1 Classification to an R-3 Mobile Home District Classification.

This hearing will be held at 8:00 o'clock P.M. Eastern Standard Time at the Township Hall, located at 28580 Novi Road, July 2, 1957.

NOTICE IS FURTHER GIVEN that a copy of this Map may be examined at the Township Hall during the office hours each Monday through Saturday until the date of the Public Hearing.

NOVI TOWNSHIP ZONING BOARD

William Flynn, Secretary

2 and 5

ORDINANCE NO. 33

Amendment To The Zoning Ordinance of the Township of Novi

THE TOWNSHIP OF NOVI ORDAINS:

PART I. That Ordinance No. 2, known as the Zoning Ordinance of the Township of Novi, is hereby amended by amending the Amended Zoning Map as indicated on said Zoning Map No. 14 attached hereto and made a part of this Ordinance.

PART II. That Ordinance No. 2, known as the Zoning Ordinance of the Township of Novi, as amended, is hereby amended by the addition of a new Article to appear and become a part of said Ordinance as Article VI B MULTIPLE FAMILY RESIDENTIAL DISTRICTS, as follows:

ARTICLE VI B

R-4 MULTIPLE FAMILY RESIDENTIAL DISTRICTS

Section 6B.01. USES PERMITTED. In R-4 Districts, except as otherwise provided for in this Ordinance, all buildings shall be erected and all land shall be used only for one or more of the following specified uses:

- All uses permitted in R-2 Districts.
- Terrace, attached row houses and efficiency apartments in groups of not more than sixteen (16) housekeeping units in any one (1) building.
- Apartment houses and apartment hotels.
- Boarding and rooming houses or tourist homes.
- Private clubs, fraternities and lodges, excepting those the chief activity of which is a service customarily carried on as a business.
- Private and nursery schools, mortuaries, hospitals, rest homes, sanitariums, clinics and similar uses, but not for the feeble minded.
- Institutions of a philanthropic or charitable nature.
- Private garages, either separated or in connected groups, having common unpierced dividing walls between contiguous private garages.
- One flat sign not exceeding eighteen (18) square feet in area may be erected and maintained on the building occupied by uses permitted under paragraphs (e), (f) and (g).

6B.02. BUILDING HEIGHT. No building, hereafter erected or altered in R-4 Districts, shall exceed thirty-five (35) feet in height, except that buildings permitted in these districts under this Ordinance for non-dwelling purposes, other than accessory buildings, may be erected or altered to a height not exceeding fifty-five (55) feet if approved by the Board of Appeals, except as provided in Article XI of this Ordinance.

6B.03. R-2 USES. Any use permitted in R-2 Districts, single family terrace or attached row houses and boarding or rooming houses and tourist homes, shall comply with all the requirements as specified in Article VI.

6B.04. MULTIPLE DWELLINGS, APARTMENT HOUSES, APARTMENT HOTELS AND EFFICIENCY APARTMENTS. Multiple dwellings (other than those mentioned in Section 6B.03) apartment houses, apartment hotels and efficiency apartments shall comply with the following requirements:

- Every main building, hereafter erected or structurally altered and used as a multiple dwelling, apartment house, apartment hotels, and efficiency apartment, shall provide a lot area of not less than four thousand and five hundred (4,500) square feet for each dwelling unit with not more than one (1) bedroom and shall provide an additional five hundred (500) square feet for each additional bedroom, when said lot is not served by either a public water or a public sewerage system; shall provide a lot area of not less than four thousand (4,000) square feet for each dwelling unit with not more than one (1) bedroom and shall provide an additional five hundred (500) square feet for each additional bedroom, when said lot is served either by a public water system or a public sewerage system; shall provide a lot area of not less than three thousand (3,000) square feet for each dwelling unit with not more than one (1) bedroom and shall provide an additional five hundred (500) square feet for each additional bedroom when said lot is served by both a public water and a public sewerage system.
- Size of dwelling units as required in Section 2.03 of this Ordinance.
- No more than thirty-five (35%) per cent of the area of the lot may be covered by buildings or structures.
- Each lot shall have a front yard not less than twenty-five (25) feet in depth.
- There shall be provided a side yard on each side of every main building which shall be not less than ten (10) feet in width with an aggregate width of both side yards of not less than twenty (20) feet. Side yards abutting upon a side street shall not be less than twenty-five (25) feet.
- Each lot shall have a rear yard of a depth of not less than thirty-five (35) feet.
- Where a side yard of an interior lot abuts a rear yard of a corner lot or on an alley separating such lots, any accessory building on the corner lot shall set back from the side street as far as the dwelling on the interior lot.

6B.05. YARD REQUIREMENTS FOR NON-RESIDENTIAL USES. On every lot on which is erected a principal building or structure used for any non-residential use and for any use as listed under Section 6B.01 (e), (f) and (g), such structure, other than its accessory building, shall have a side yard on each side of such structure and a rear yard, and each such side yard and rear yard shall not be less than twenty-five (25) feet in width or depth, and shall be increased one (1) foot in width or depth, for each five (5) feet or part thereof by which said principal building or structure exceeds thirty-five (35) feet in over-all dimensions along the side yard and also an additional one (1) foot for every two (2) feet in height by which the principal building or structure exceeds thirty-five (35) feet.

PART III. CONFLICTING PROVISIONS REPEALED. Any Ordinance or parts of any Ordinance in conflict with any of the provisions of this Ordinance are hereby repealed.

PART IV. WHEN EFFECTIVE. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety and are hereby ordered to take effect thirty (30) days after final enactment and publication.

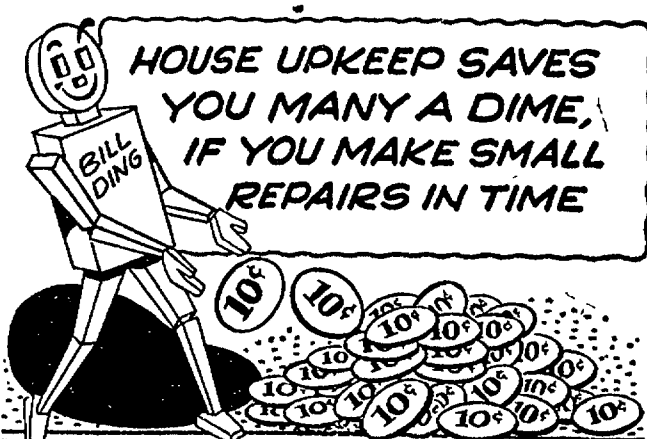

PART V. VALIDITY. Should any section, clause or provisions of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof, other than the part so declared to be invalid.

FRAZER STAMAN, Supervisor

HADLEY J. BACHERT, Clerk

I, Hadley J. Bacher, Clerk of the Township of Novi, do hereby certify that the above Ordinance was approved and adopted by the Novi Township Board at a regular meeting thereof, duly called and held on the 6th day of June, A.D., 1957, and was ordered to be given publication in the manner prescribed by law.

HADLEY J. BACHERT, Clerk

This is fix-up time and the weather is improving so outside work can be done. Lumber, roofing, siding, thirty or more kinds and types of plywood, cement, plaster, mortar and many other items needed for necessary repairs.

It's DuPont paint time. Phone your orders.

OUR LADY OF VICTORY GRADUATES — Saying good-bye to the eighth grade this evening will be these 21 members of Our Lady of Victory class, who will be handed their diplomas at 7:30 p.m. by Father John Wittstock. Ceremonies started this morning with mass and a breakfast sponsored by Mothers club.

15 Dogs Destroyed

For Lack of License

Some 15 stray and unlicensed dogs have been destroyed during the past week in Northville township, as the township continued enforcing its dog ordinance in earnest.

Dog warden Roy Utley said many township residents still have not bought licenses and had their pets vaccinated as was required by the deadline in February.

If violation tickets are ignored, Utley said, a court summons will be issued.

Dog licenses may be obtained at the township hall daily between 1 and 5 p.m. or at the office of clerk D. J. Stark, 900 Scott, by appointment.

Would You Know . . . ?

• SHOULD personal loss visit your family . . . would you know whom to call? You know whom to call when illness strikes — when you need legal advice — or many other specialized services. What about the most personal service of all — the one that leaves you with a great sense of loss and help? We would like all our neighbors to get to know us and the very special "other home" we have to serve them. Drop in any time.

DEMPSEY B.

AFTER 25 YEARS as agent for Standard Oil company in Northville, Don Hamilton (left) turned over the keys last week to his successor, Clayton Meyers. The agency took over the job from Charles Johnson, his brother-in-law. Meyers is married to Mr. Johnson's daughter. Meyers has worked for the agency for the past seven years. Hamilton plans to fish all the way to Alaska on a vacation in the near future with his wife.

Two Injured When Car Strikes Tree

Injured Sunday when their car crashed into a tree on Griswold street were Norman Dewey Wolf and his wife, Betty, who live at 151 East Main street.

Mrs. Wolf, who suffered a fractured leg, lacerations of the face and scalp and internal injuries, is in critical condition in University hospital in Ann Arbor. Her husband suffered chest injuries and possible internal injuries.

According to police, the car was traveling at excessive speed south on Griswold street when it struck a tree in front of the E. B. Cavell residence, 315 Griswold.

Camera Club To Elect Officers

The final meeting of the season for the Northville Camera club will be held tonight (Thursday) at the Northville library at 7:30.

Members are asked to bring four titled slides of people at play or work and outdoors after dark. There will be discussion and voting on the slides.

Other business includes election of officers and a discussion of the club banquet planned for the end of June.

School Board . . .

(Continued)

more time on the financial end of school administration. The assistant will help set up the curriculum in the new high school, especially working on implementing the recommendations of the Northville curriculum study committee.

In other business, the board okayed improvements to the Ahernman school multi-purpose room (black-out draperies and stage curtains); approved the addition of six junior high school students from the Wash-Oak school district in the fall if Northville schools can accommodate them; and passed a resolution urging a "yes" vote on proposition No. 2 in Monday's election (see other story, this page).

TRINKETS FOR YOUR SOUL

A missionary traveling in Peru related the following experience. After going through the Peruvian customs they boarded the train. As the train began to move away a Jewish salesman discovered that his overcoat was left in the customs house.

Fortunately the train stopped for 15 minutes at the main station and he was able to take a cab back to get his overcoat. He left all his luggage on the train unguarded to recover one cheap overcoat. When he returned, the missionary learned why he was so upset. He had some inexpensive sample rings in the coat pocket that had caused all his concern. How foolish he was to risk losing all his luggage for a cheap overcoat and inexpensive trinkets. I wondered as I read this, how this is so true of many people in this world. How they are neglecting the eternal welfare of their own soul because they are occupied with trinkets that will some day perish with the using. They are saying in their hearts, "I hope the train to glory will wait while I am occupied with the temporal trinkets of this life." We are reminded of that great question that Jesus asked, "What shall it profit a man if he should gain the whole world and lose his own soul?"

Democrats to Join In Northville, Novi

Northville Democrats will join with the Novi township Democratic club next Monday night in an effort to solve some of the differences between the two communities.

Some 20 Northville residents are expected at the Novi Community building meeting, but club president Herbert Koester has estimated that Democratic ranks in the Northville area may reach as high as 250.

Koester said it is the first time that Democrats have joined hands across both township and county lines on a local level. Special permission was granted by state Democratic chairman Neil Staebler.

Representative of the new Novi-Northville group plan to attend Northville city council meetings as well as Novi township board meetings, Koester said.

Top Students to be Honored

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 Thursday, June 6, 1957—9

Scores of Northville high school students will be paid tribute tomorrow night for their participation in activities ranging from band and football to debate and drama.

The NHS Honors Convocation will begin at 8 p.m. in the Northville Community building.

Some 40 special awards will be presented to students, including 10 scholarships sponsored by local and state organizations.

The convocation will also see the presentation of the annual "Teacher of the Year" plaque and awards to two other outstanding teachers by Clifton D. Hill in behalf of the Saturday Noon Luncheon club.

Students will be honored for participation in sports, cheerleading, library, G.A.L., band, choir, forensic, oratory, thespian, debate and declamation, as well as for excellent scholarships.

Valedictorian Phyllis Buoniconto and salutatorian Janice Howarth will head the list of those receiving special honors and scholarships.

The program will be concluded with the introduction of new members of the student council.

Get in the fine-car swim at the low Ford price!

America's favorite convertible is one of 21 Ford models for 1957

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks, that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every load. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford. Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

Bathey, Schrader Bag Bears in Canada

Two Northville residents each bagged black bears last week during a combined hunting-fishing trip into Canada.

Doug Bathey, 43905 Six Mile road, and Nelson Schrader, 116 Orchard drive, shot 300-pound and 200-pound bears, respectively, while hunting near Garden Lake 60 miles north-east of the Canadian Soo. They were accompanied by Luke Bathey of Northville and Howard Walker of Gaylord.

'Bandits' Take Early Lead With 2 Little League Wins

The National Bank Bandits grabbed an early lead in the Novi Little League last week by blasting their way to two decisive victories.

The Bandits rolled over Paragon, 16-10, in the league's opener and repeated with a 12-8 win over Young Door. In the third game last week, Fiberglass blanked Young Door, 10-0.

Young Door pulled the switch-

about of the week. The Tigers, after collecting only two hits against Fiberglass, turned around and went right down to the wire against National Bank before tumbling.

The standings as of last Saturday:

National Bank	2 0
Fiberglass	1 0
Paragon	0 1
Young Door	0 2

Summer Activities Lined Up for Kids

A summer full of swimming, baseball, arts, crafts and special events for Northville area youngsters was outlined this week by Northville recreation director Stan Johnston.

Johnston noted that the program will offer several new features this year — including expanded facilities and a new location of the day camp.

New activities center around baseball and softball — with two new midge baseball teams and a full softball league scheduled to be organized. Johnston urged parents to encourage their sons to take part in these programs.

The day camp will be located at Ford Field this year because of new construction at Amerman school. The full program for this summer:

SWIMMING

Both day and night swimming will be offered in the recreation program.

To be held at Groome's Beach at Whitmore Lake, the swimming program will begin June 17 and end August 16 with the annual water carnival.

Day swimming will begin June 17. Buses will leave Main street school at 1 p.m. Monday through Friday. Only cost is 15 cents for admission to the beach. Transportation and supervision are provided free, by the recreation department.

The program is for children seven years or older, though younger children may attend if accompanied by an older person of at least high school age. The guardians are entirely responsible for the younger children.

Night swimming will begin June 25 for boys and girls 13 years or older. Beach admission charge is 30 cents. Buses will leave Northville high school at 6:30 p.m. and arrive back in Northville about 9:30 p.m.

DAY CAMP

All day camp activities will be located at Ford Field this year because of construction activities at Amerman school. In addition, Ford Field has the advantage of central location and more freedom for games and activities.

A tent will be set up at the south end, where arts and crafts will be offered. Other activities will be offered elsewhere at Ford Field.

This part of the program is primarily for elementary-age children, though older students may participate in some activities. Preschool children (under 5 years) are considered too young for the program.

There is no charge except for certain materials used in arts and crafts activities.

The day camp will be open daily from 9 a.m. to noon. It will last eight weeks — beginning with registration on June 24, through the final day on August 16.

ARCHERY

Archery instructions will be offered at Ford Field day camp each Friday at 10 a.m. All age groups, including high school, may participate.

BASEBALL

Every boy who wishes to play hardball or softball will have a chance to do so this summer.

Four baseball teams have been entered in the Inter-City League sponsored by the Livonia Recreation Department, for teams from Northville, Plymouth and Livonia.

Two midge baseball teams for boys 12 years and under have been formed. Tryouts and practice will be held at Cass Benton park every Saturday from now on, beginning at 9:30 a.m.

The two other baseball teams — Class E for boys under 16, and Class F for boys under 14 — will begin practice as soon as they finish high school schedules.

Each of the four teams, under league rules, will be allowed 15 players.

SOFTBALL

Since there will be more candidates for the four baseball teams than can be signed up, the recreation department and Northville Optimist club will co-sponsor a new softball league for younger boys who do not qualify for a hardball team.

Four teams of 15 players each will be formed. The league is primarily for boys 8-10, though some older boys may be assigned.

Team shirts, supplied by the Optimist club, will be given to each player as he is named to a team.

Games will be played on the park diamond at the end of First street each Monday and Wednesday morning beginning June 24.

An organizational meeting will be held at the scout hall June 19 at 10 a.m. followed by a rules and regulation discussion at the diamond.

At season's end, a winner's trophy will be presented to the league champion and individual trophies will go to each player on the team.

Johnston has urged parents to encourage their boys to participate in the softball program.

"Softballs will be used, so that the game will be slowed down and the risk of accidents will be lessened," he said. "In addition, an organized league of this type builds a boy's confidence in his physical ability at this age — especially since he will be playing with youngsters close to his own age."

ZOO TRIPS

Four trips to the Detroit Zoo will be offered this year — on June 27, July 11, July 25 and August 8.

Both parents and children may take part. Children under five must be accompanied by an older person.

Buses will leave the Main street school playground at 9:15 a.m. and will arrive back in Northville about 3 p.m.

A charge of 25 cents will cover train rides and chimpanzee show. Children may bring their lunches or buy them at the zoo.

SPECIAL EVENTS

Trips to Detroit Tiger games and the Detroit Police Field Day will be scheduled this summer.

In addition, the annual turtle race, pet and doll parade, and other traditional events will be held.

Dates and other information will be announced later.

To Stage 50-Mile Auto Race at Downs July 4

\$3000 Purse to Attract Top Drivers in Midwest

Plans for a 50-mile new stock car race at Northville Downs on the July 4 holiday were announced this week. The event is being promoted by Mel Larson of Plymouth, a professional driver, and will be sanctioned by the Midwest Association of Race Cars.

Mel Larson

According to Larson, the 100-lap race will attract approximately 25 professional drivers who will compete for a \$3,000 purse.

Larson stated that arrangements for the proposed race had been cleared with officials of the Downs and the city and that only Driving club approval was still needed. The race was expected to be approved at the meeting of the board of directors of the Driving club this week.

Larson outlined elaborate plans for the event which include selection of a Miss Northville Speedway, an afternoon sport car show, and three special races preceding the 100-lap main event at 8:30 p.m.

He emphasized that only new cars compete in the race and that all recognized safety precautions are taken in preparing the track for the race. "This includes treating the surface to prevent excess dust," Larson pointed out.

One of the extra features of the event will be a 3-lap race between a new Ford, Chevrolet and Plymouth. Two heat races of 10 laps each will also be conducted.

Larson, 27, is a native of Plymouth. He has gained wide recognition for work in planning and staging of races throughout the country and also as a driver. Currently he holds track records at Old Bridge, New Jersey and Concord, North Carolina. In addition he writes a weekly column for the National Speed Sport News and formerly published a racing magazine, "Desert Dust" in his new residence in Phoenix, Arizona. For two years he served as director in Arizona for NASCAR.

The "Northville 100" will be open to sedan model cars only, Larson stated. Later in the year, if the July 4 races prove successful, he plans to stage a convertible event at the local track.

Northville members of the Modified Automobile club, under the direction of Officer Eugene King, will assist Larson in planning the race and conducting the sport car show in the afternoon. More details and ticket information for the event will be published later.

SIGN HERE, RENO — Detroit Tiger third baseman Reno Bertola got plenty of handwriting practice when he appeared in Northville at the Our Lady of Victory school sports banquet Monday night. Among the autograph-seekers were Patrick Modros (left) and Mike Rahaley. Looking on is Andy Bertoni, master of ceremonies at the banquet.

Scores Hole in One At Washtenaw

C. A. "Cass" Hoffman wound up a round of golf in perfect fashion last Friday afternoon at Washtenaw Country club in Ypsilanti.

Hoffman, who lives at 132 West Cady in Northville, scored a hole-in-one on the 18th hole to become the first golfer to turn the trick at Washtenaw this year.

The ace helped Hoffman to an 81. It was scored with an eight iron on the 135-yard hole. Hoffman was playing with his brother, Warren of Livonia, Bill McAllister of Plymouth and Bill Sliger of Northville.

JCC Cancels Golf Tourney

Plans for a Northville Junior Chamber of Commerce golf tournament next week have been cancelled because of the possibility that Northville high school athletes competing in the tourney might be declared ineligible for future prep competition.

Local JCC officials said they cancelled the tournament because most of the expected contenders are still in high school here.

Top state athletic officials told the JCC spokesmen that the students would be ineligible for all sports if they took part in the tournament — which has at stake a \$2500 scholarship for the national winner.

The Northville winner would have competed in the district match with a possibility of going on to state and national tournaments. The local tournament was to be held next Wednesday at Brae Burn golf course.

Former Detroit Forward Appears at Sports Banquet

Jimmie Peters, former forward for the Detroit Red Wings, was guest of honor Tuesday night at a banquet for members of four Northville high school sports teams.

Jimmie Peters

The banquet, sponsored by the Northville Rotary club, paid tribute to the Mustang track, baseball, tennis and golf squads.

The program included film highlights of the 1957 Detroit Red Wing Stanley Cup Playoff games, followed by a round-table discussion.

Peters' appearance was part of a state-wide tour designed to enlighten sports enthusiasts concerning the world's fastest game.

Leland Smith, Rotary president, was chairman in charge of the arrangements for the special sports program.

Peters, now a Detroit businessman, was an outstanding defensive forward during his 10 years in the NHL, playing with Montreal, Boston, Detroit and Chicago.

A right wing, he played on two Stanley Cup teams with the Wings and one with Montreal. Since his retirement in 1954 he has kept an interest in amateur hockey, coaching the Windsor Seniors and more currently refereeing. In addition he has been extremely active in encouraging the bantam hockey program in the Detroit area.

Triple Play, Rally Brighten JV Year

The Northville junior varsity didn't chalk up an imposing record on the diamond this spring, but for a couple of brief moments in one game the Colts really looked like champions.

Against South Lyon, Northville found itself on the short end of the score for most of the game. But suddenly, the Colts came alive and blasted across seven runs in the last inning to win, 9-3.

As if that wasn't enough, the Colts startled everyone — themselves included — by clipping a Lion rally short with a brilliant triple play.

Other than that, coach Jack Van Haren's young squad had few bright moments as they compiled a 1-9 season's record.

The single victory went to pitcher Jim Strange, while leading batters were catcher Bill Juday, with a booming .369, and pitcher Bob Stuber, with .333.

Others on the Colt nine were Blaine Ashby, centerfield; Bob Hilton, second; Mike Janchick, first; Charles Parton, shortstop; Dave Thayer, Doug Ware and Dennis Wilson, all outfielders.

Netters End Year By Splitting Three

The Northville Mustangs closed out their 1957 tennis season last week by splitting a pair of matches with Southfield and dropping a third contest to Birmingham.

With it, Northville put the wraps on a 3-6 season's record.

Northville and Southfield divided their matches by identical 3-2 scores. The difference each time was in the singles results.

In the first match, Jim Hammond took his singles match against stiff resistance, 7-5, 8-10, 6-3, while Dave Janetzke and Ed Wittenberg won their doubles match easily, 6-2, 6-4.

In the return match, Hammond won more easily, 6-2, 6-1, and Bob Bake brought the Mustangs a second doubles win, 9-7, 6-0. Northville won the match on Tom Williams' and Janetzke's 4-6, 9-7, 6-3 doubles victory.

Against Birmingham, the Mustangs could garner only a single point, falling 4-1. Wittenberg and Janetzke picked up the lone marker with a 6-1, 6-0 doubles win.

Detroit Symphony Begins Concerts

The Detroit Symphony orchestra, under the baton of Valtter Poole, will open its summer series of free concerts next Tuesday in the music shell at the Michigan State Fairgrounds.
The featured soloist will be Claudette Sorel.
The concert will be the first of 27 to be presented Tuesday, Thursday and Saturday evenings through August 10.
Poole's overall plan for the summer calls for soloists on Tuesdays, programs featuring full symphonies on Thursdays, and lighter programs including music from the new Broadway musical shows for Saturdays.
The summer concert sponsors are giving Detroit an outstanding reputation in the field of summer music. Few cities offer as much to the public at no charge.

St. Paul's Announces Plans For Vacation Bible School

Vacation Bible school will be conducted at St. Paul's Lutheran church in Northville from June 17-28 for children of elementary school age and those entering kindergarten this fall.
The school will be held Monday through Friday, from 9 to 11:45 a.m.
Parents may enroll their children in the Sunday school office before or after Sunday school on the next two Sundays. (Sunday school begins at 11:45 a.m. and closes at 12:15). Children may also be enrolled on June 15 from 10 a.m. to noon in the Sunday school office.
The theme of this year's vacation Bible school is "Our Beautiful Savior". The program includes songs, devotions, Bible stories, visual aids and memory work.
The daily schedule also provides for art projects related to the lessons, group discussion and supervised play. Children will learn to pray together and play together. The scenic playground area was increased last year when additional lots were purchased.
The vacation Bible school pupils will sing a special hymn in the regular church service on June 23, and June 30.
As in past years, the children will participate in a closing service on the last day of school, June 28 at 7:30 p.m. to which all parents and friends are invited. In connection with this service there will be a display of the children's handicraft projects.
There will be no tuition charge, but freewill offerings will be received every day during the chapel service. More information may be obtained by calling the church at Northville 151.

Christian Scientists Gather in Boston For Conference
Gratitude for the healing power of the Christ, Truth was the keynote as more than 5,000 Christian Scientists from many parts of the world met Monday for the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston.
Humanity is gaining freedom from the bondage of sickness, sin, and limitation through growth in spiritual understanding. The Christian Science board of directors declared in a special statement.
World conflicts and upheavals are caused by resistance to the Christ, Truth, the directors told the gathering. They said that the "light of the Christ is today dispelling the darkness of material sense and its fear, ignorance and superstition."
Commenting on the phenomenal progress mankind has made in breaking the barriers of limitation in all fields of thought and endeavor, the directors emphasized that "true progress can be measured only by growth in spiritual understanding and by the demonstration of spirituality."

Bearing witness to the healing power of prayer were the TV and radio programs in the series "How Christian Science Heals" which were carried by over 1,000 stations during the year, it was announced. The programs included firsthand accounts of the healing of alcoholism, drug addiction, cancer, duodenal ulcers, rheumatic fever, typhoid fever, broken bones, burns, deafness, blindness, etc.

K of C to Sponsor Russ Carlyle Dance

The Knights of Columbus Council 4064 of Walled Lake is sponsoring its second annual "Dance of the Year" on June 15 at 9 p.m. at the Walled Lake Casino.
Music for dancing will be provided by the nationally famous Russ Carlyle and his orchestra.
Advance sale tickets can be obtained by phoning Jack Tomalis at MA-4-1230.

The Rev. John O. Taxis, Pastor
First Presbyterian Church, Northville

"LO, I AM WITH YOU!"

I am sure that everyone of you has some favorite poem, story or Bible verse, that is particularly significant to you. Perhaps it came to you when you felt you most needed it, and it has been stamped upon your memory for all time. I too have had such things happen, and would like to share with you a brief passage that has served me in times of stress. Here it is:

"No temptation has overtaken you that is not common to man. God is faithful and He will not let you be tempted beyond your strength, but with the temptation will also provide a way of escape, that you may be able to endure it."

Now read this passage over once or twice and you will feel the nearness of God in the prosaic duties of everyday living. Further, you

will feel that God is not removing those things from our lives by which we grow stronger in our spirits, but rather He is concerned that we do grow stronger and is present to help us to do just that. His aim in our lives is that we might not be "broken".

How very revealing about God!—He is near! concerned! faithful strong! and dependable. This is what makes Him so real to each of us, because it shows us that He has not set the world to spinning then removed Himself to watch our struggling, but He has and does enter into the very situations of life that we often say are too small for Him to concern Himself. Thus it becomes suggestive that with the dawn of each new day, this passage of promise can be for each of us our guide and stay; and makes a reality the promise of Jesus Christ when He said, "Lo, I Am With You Always".

The worship most acceptable to God comes from a thankful and cheerful heart.
—Plutarch

Notice of Annual Election

MEMBERS BOARD OF EDUCATION

Notice is hereby given that the Annual Election of members of the Board of Education of Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan, will be held

MONDAY, JUNE 10, 1957

at the

NORTHVILLE COMMUNITY CENTER

Polls open from 7:00 o'clock a.m. to 8:00 o'clock p.m.

Two vacancies on the Board of Education to be filled; and the following proposition to be determined:

Shall the School Board be authorized to negotiate with and convey to the proper road authorities such portion of its school site located in Section 34, Novi Township, Oakland County, Michigan, as may be required for the purpose of opening up and constructing the proposed Eight Mile Road Cut-off?

The following electors have legally qualified for nomination as candidates for election to the three year terms to the Northville Board of Education ending in June, 1960, and their names will appear on the official ballot for said election:

Francis P. Gazlay
Clifton D. Hill
Dr. Waldo T. Johnson
Adrian Willis

This notice is given by order of the Board of Education, Northville Public Schools School District, Wayne, Oakland and Washtenaw Counties, Michigan.

Dated this 15th day of May, 1957

Pictures Reveal Sell-A-Thon Success

THE NORTHVILLE RECORD—Thursday, June 6, 1957—13

A WOMAN will shop for a new hat anytime! Dr. Georgine Moerke, Maybury Sanatorium chemist, proved this by choosing a new bonnet after midnight at Freyd's Women's Wear during the local 17-store Sell-A-Thon last Wednesday evening. She's being assisted by Mrs. Nellie Barry (left), store owner.

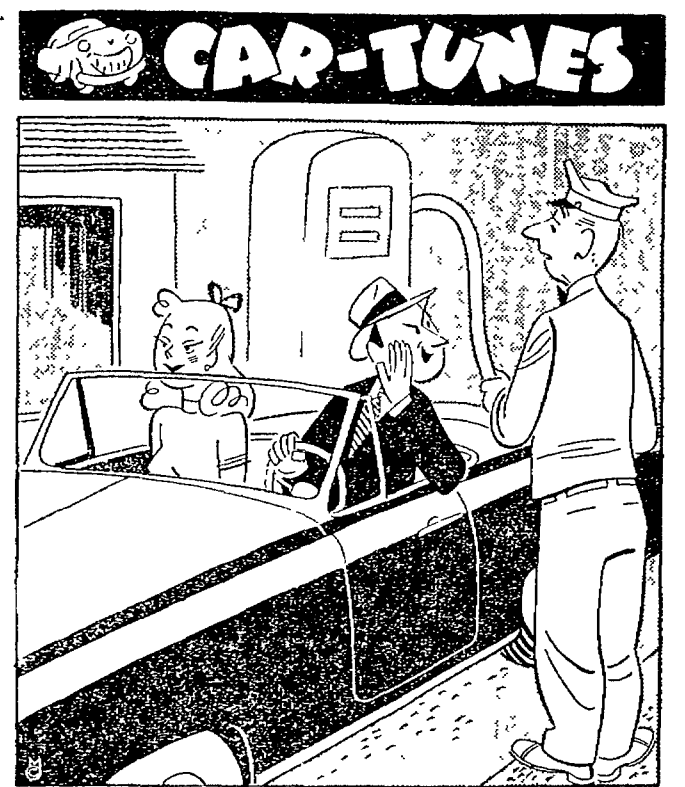

A PAT BOONE album caught the eye of Crispin Hammond and David Sprunk at Ellis Electronics. Mrs. Ellis shows them the latest selection. Hundreds of shoppers took advantage of the late hour specials to lend a carnival air to the merchant's all night promotion.

A NEW JACKET for Cory Harris of Redford township gets fitted by Charles Freydl of Freydl's Cleaners and Men's Wear. Cory was shopping with his parents and was visiting his grandmother in Northville.

DR. J. G. GIBSON liked the looks of the sport shirts on sale at Northville Men's Shop. Clerk Ted Masters (left) suggests a style for the Detroit doctor. Many fans from the track joined in the shopping after the races.

... Chevrolet with Turboglide!

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

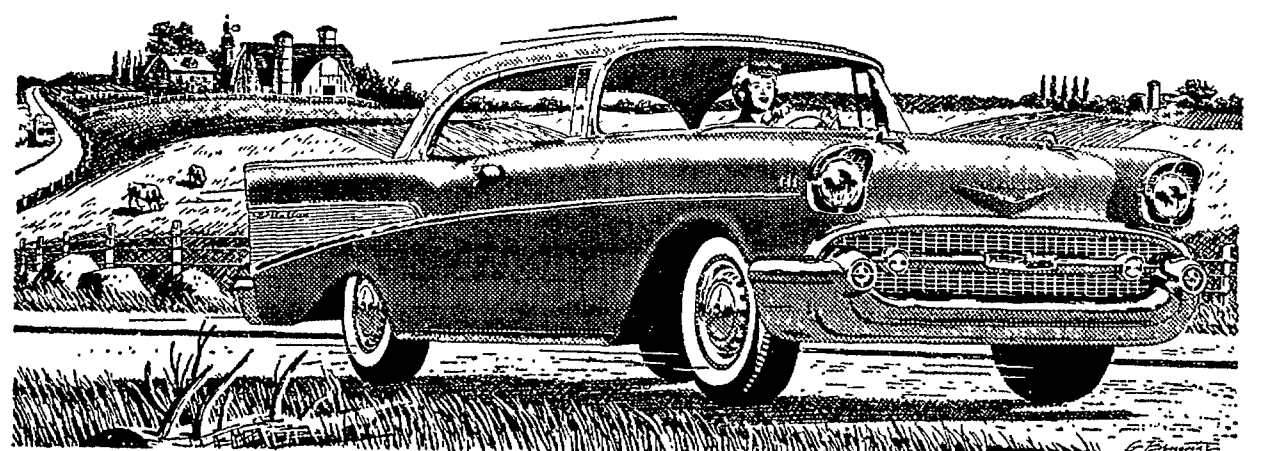

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

When you see a steep downhill stretch ahead, you set the selector at "Gr" (Grade Retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

In Honor of the Fallen...

WREATH-BEDECKED GRAVE of AMVET Hamilton Snyder of Novi was decorated by AMVET district commander Fred Soloman. Rev. Bryan Chapman of Willowbrook Community church then admonished the hushed gathering to remember the meaning of Memorial Day.

THREE VOLLEYS are fired in honor of the thousands of American soldiers, sailors, marines and airmen who have died in battle in two world wars and Korea. Here, the Novi AMVET firing squad, commanded by Charles Trickey, Jr., aims and fires its tribute amid the silence of the veterans plot at Oakland Hills Memorial Gardens.

Air Force Academy Has 10 Openings for Oakland County

Ten cadets for the U.S. Air Force Academy are being sought by Congressman William S. Broomfield. The age limit is 17 years old and not yet 22 as of July 1 of the year of admittance to the academy. Eligibility requirements are strict and youths meeting the requirements are asked to write Congressman Broomfield, Room 1422, New House Office Bldg., Washington, D.C.

A solemn procession of veterans moved silently across the grounds of Oakland Hills Memorial Gardens Thursday to pay tribute to Novi township's war dead in traditional Memorial Day ceremonies.

Marching from the township hall and down Novi road to the cemetery, the parade was the longest in Novi annals.

In addition to Novi AMVETS and Walled Lake Veterans of Foreign Wars, the parade included a host of township organizations and youth groups.

Represented were the two posts' auxiliaries, Gold Star Mothers, Blue Star Mothers, Novi Oddfellows, Novi Rebekahs and the VFW DADS.

Also in the parade was the precise Novi school drum and bugle corps, the Walled Lake high school band, Boy Scouts, Girl Scouts, Cubs, Brownies and the new Novi Little League.

At Oakland Hills, the parade halted at the veterans plot and gathered around the grave of AMVET Hamilton Snyder. There, a wreath was placed in tribute and Rev. Bryan Chapman of the Willowbrook Community church led the hushed group in the final Memorial Day ceremonies.

STACCATO DRUMBEATS herald an approaching color guard as it moves quietly across Oakland Hills Memorial Gardens to the veterans plot.

COLOR GUARD of Northville Veterans of Foreign Wars and American Legionnaires precedes the parade that moved quietly through Northville streets last Thursday. After ceremonies at the Community building, the marchers moved on to two cemeteries for traditional observances.

Quiet ceremonies high above a creek and in two cemeteries last Thursday marked Northville's annual tribute to its servicemen who died helping defend their city and country.

The quiet salute began with a parade to the Northville Community building where special services were conducted by local religious and civic leaders.

Rev. John O. Taxis of the First Presbyterian church delivered the main address, while chaplains of the American Legion and Veterans of Foreign Wars spoke in behalf of their organizations.

Northville students also addressed the gathering, and others played the solemn tones of "Taps".

From the Community building, the marchers moved to Oakwood cemetery where a volley was fired in honor of the deceased veterans. Reassembling, the group marched on, pausing high over a creek to drop a wreath in tribute to Northville sailors who perished.

Then the parade marched to Rural Hill cemetery for final ceremonies at the veterans plot there.

TRIBUTE TO SAILORS who gave their lives is paid by Northville veterans by dropping a wreath into a stream during their march between cemeteries.

Northville Boys Can Apply for YMCA Camp

Northville boys may take part in an organized camping program through the Ann Arbor YMCA, it was announced today.

The 'Y' operates Camp Birkett on Big Silver Lake, south of Pinckney, for boys from 8 through 15 years of age. It is not necessary to be members of the Ann Arbor YMCA to enroll for the camp.

The program starts Sunday, June 23. There are four 12-day periods and two 6-day periods.

Program staff and cabin counselors will be carefully selected from mature young men who like boys and are interested in helping them to have a worth while camp experience.

Registration blanks, and additional information may be secured from Arnet J. Cole, camp director, Ann Arbor YMCA.

SPEAKING for the Record

By BILL SLIGER

It's been either nine or 12 years, Bob Coolman can't remember which, that the retiring president of the Northville school board has served as a member of the school governing body.

Throughout his terms he has been especially concerned about one problem peculiar to the local school district. Along with Bob Shafer, Coolman has spent many hours searching for a way to make up for the big loss in revenue resulting from large areas of state and county owned property within the school district.

Coolman points out that more than 20 percent of the Northville school district is owned by the county or state. Large institutions like the Northville State Hospital and the Training School are tax free, yet lie within the district. Industry, or even homes, within this area would lend financial support to the schools, Coolman states.

"I don't know how it would work, but we believe the state should create a rebate system for school areas in which more than 10 percent of the land is state owned," Coolman remarked. Lost revenue could be determined by figuring the area as being residential, he added.

His thinking makes sense. Especially in the light of the trouble that state agencies are finding in locating institutions such as the Boys Vocational School, now planned for Whitmore Lake. Residents there have been violently opposed to it. Perhaps a compensation plan would relieve the problem.

Northville is surrounded by institutions. Seemingly the residents of the area recognize the need for them and realize they must be located in areas which offer the advantages of location and facilities that exist in Northville.

Final approval of funds for the proposed 550-bed hospital for mentally retarded children on Wayne county Training School property at Sheldon and Phoenix roads brings the subject into sharper focus. The hospital, desperately needed by the state, is being built on Northville township land turned over to the state by the county.

Some months ago we carried a story which first revealed details of the proposed hospital and its location. We wondered then how this Northville township institution got its name: the "Plymouth" State Home and Training School. Mr. Coolman wondered, too. Got any ideas?

The Plymouth Symphony Society has passed along some information which we feel deserves the attention of the whole area. It's a summer concert series to be presented out of doors on the Plymouth Colony Farm of Dr. Ralph Pino. The 85-piece orchestra plans three concerts on June 30, July 21 and August 11.

The farm is located at the intersection of Ann Arbor road and Ann Arbor trail. Its appearance from the road is highly deceiving. On the 75 acres of the farm are green-covered rolling hills, a natural lake with a small island, a well-kept white barn and several homes. Dr. Pino has turned it over to the symphony orchestra for the summer project and site preparations are already underway.

Conductor Wayne Dunlap and a host of helpers are carefully planning a professional series of concerts which they hope will gain the support that may lead to greater undertakings in the future.

Backers of the project are quick to recognize the possibilities offered by the farm. What's more, Dr. Pino is enthusiastic in his support and can even envision a future summer program offering plays, concerts and art exhibits.

Next Monday is school board election day. Voters should acquaint themselves with the proposition on the ballot which requests authorization to negotiate a sale of school board property for the proposed Eight Mile cut-off. City councilmen were concerned enough Monday evening to adopt a resolution urging the passage of this proposal. (See story on page one). They fear any break in negotiations between the school and the road commission would leave the city holding the bag on drainage and road improvements for the new high school.

More Heating Gas?

TAX BILLS, which usually mean someone has to pay more, brought relief to financially-distressed bus companies this session of the legislature.

Under the bills, any bus company which uses more than 94 percent of its income to pay expenses, will get at least a partial waiver of gasoline, weight taxes and a state fee.

The companies asked for relief, calling it the only thing that could keep them in business as private concerns. The alternative, they said, was municipal ownership.

If the 17 major bus companies take advantage of the new law, the state will lose something over \$1,500,000 in revenue next year. Only a few are expected to apply for the relief.

MICHIGAN'S state government will get a new office building west of the state capitol within three years.

The legislature authorized a special corporation organized for the purpose to float a revenue bond issue and construct the building estimated to cost \$8,000,000.

State government, with more than 21,000 employees, has been growing out of its quarters for years. The crisis became acute in 1951 when fire damaged what is now the Cass building.

Later, the Stevens T. Mason building was constructed, but a number of agencies still are operating in other buildings while the state pays rent to private landlords.

The new building will also be the first permanent home for the state library since the fire.

TAXPAYERS will get a better look at their financial future in a series of hearings scheduled by legislators this summer to study how the state gets its money.

Lawmakers, still smarting from controversies of the 1957 session, have ordered an investigation of the tax structure.

Senator Clyde H. Geerlings (R-Holland) chairman of the taxation committee in the Senate, said the special committee would check "every phase" of the system.

"There may be some inequities and some new sources of revenue, but, at any rate, we want to make a complete study," he said.

Geerlings and other Republicans held the tax line during the 1957 session against new levies for general fund purposes despite heavy pressure from all sides for more spending.

AT ONE POINT the corporation profits tax proposed since 1949 by Gov. Williams lost by only two votes in a House test.

Bowing to the needs of schools, the legislature did vote a \$24,000,000 tax on liquor and cigarettes and earmarked it to make up anticipated shortages in school aid funds.

The tax issue became ensnarled in a dispute between Williams and Republicans about the "tax climate of the state" and its effect on either sending industry out of the state or attracting it to Michigan.

Republicans said Williams' proposal to impose more taxes on industry would drive factories out of the state. They came up with evidence of recent departures to prove their point.

Williams replied that a survey showed that taxes are "relatively unimportant" in choosing a factory site, and disputed claims that some industries had left Michigan.

The Geerlings study during the summer, lawmakers hope, will come up with definite answers that can be proved for guidance of themselves and future generations of legislators.

NATURAL GAS to heat more homes in outstate Michigan is a growing possibility.

Panhandle Eastern Pipe Line Co. said if it can divert its supplies from Detroit, it will be able to transfer enough outstate to serve 175,000 new customers.

The extra gas for outstate would go to retail outlets, like Consumers Power Co. Panhandle declared that Detroit has enough gas supplies from other sources to meet its needs.

Michigan Consolidated Gas Co., the principle Detroit area retail outlet, will oppose the transfer, claiming it needs all the gas it can get.

Legislators and some local officials are continuing their investigation toward getting natural gas supplies for the Upper Peninsula.

Some of the present ideas are to tap the Trans-Canada pipeline, encourage Michigan distributors to tap a new market, or help them build a pipeline to the Upper Peninsula.

Roger Babson

New Age Beckons Graduates

Babson Park, Mass. Skyrocketing labor costs have forced employers to resort to unprecedented technological research. This research is teaching employers that they can get on without many routine workers. Even with the present high employment level, this should sound a warning note to high school and college graduates.

Push Buttons Vs. Men

Out of electronics has come the basis for vast new developments in automation. A simple example of what I mean is the "electric eye" which opens doors at the proper moment without being actually touched by anybody. Another illustration is the record-changer and turntable on our phonographs, including the automatic stopping device. Of a more complicated nature are guided missiles that can chase and overtake an airplane without any human guidance.

This same principle of electronics is being applied today to operation of a manufacturing plant by a dozen employees, in contrast to the several hundred formerly needed. And remember that these can be women as well as men since their chief duty will be merely to press push buttons. Labor in general is not aware of the vast extent of the changes ahead. Employers, it is true, will always need human help, but not for a great many present-day jobs. Their requirements will turn more and more toward the intelligence and judgment of graduates with a high I.Q.

New Approach To Warfare

Russia has always thought in terms of massed armies to overrun Europe when the time seemed ripe for an attack. However, with the Free Nations of Europe learning to use nuclear weapons, wars are swiftly moving onto a push-button basis. The great masses of Russia, China, and the Moslem nations will be only a nuisance to clutter up a battlefield under such conditions.

Premier Nehru recognizes this, and that is why he is so eager to remain neutral. Electronics and the atom will cause tremendous changes not only in warfare — but in education! I envy our young people who are to graduate this month. They will have far more opportunities than we oldsters had. I wish the schools and colleges would wake up to these changes. Better pension off the professors who can teach only the orthodox old-fashioned courses, instead of forcing these courses on our young people so that they can get a degree.

Character Will Tell

I predict that the above changes will mean that young graduates will need good character more than ever before. Better training in homes, churches and schools will be absolutely essential in this new electronic push-button age. Wise are the young people who take evening courses now to prepare them for the better jobs ahead.

The typical salesgirl is in the process of becoming obsolete. Before long she will be replaced 60 percent by self-service counters, 15 percent by push-button vending machines, and 25 percent by highly paid, intelligent salesmen whose job will be to secure new customers. New qualifications are a must for the June graduates who hope to get good jobs. The field of advertising and selling is still in its infancy, and marvelous opportunities exist for those willing to train properly for it.

What The Changes Mean

(1) Manual and routine labor will gradually become obsolete.
(2) Those who cannot readily learn new skills will be kept on at reduced hours, but with the same take home pay. This will boost the Do-it-yourself industries!
(3) Only the serious and intelligent employees will get raises. There will be no limit on salaries for those with the necessary character.

See actual road-test proof!

DODGE outperforms
"other two" low-priced trucks!

CERTIFIED
TEST PHOTO

They're off! All three low-priced trucks are lined up at the bottom of a test grade equal to the steepest hill in San Francisco. The flag drops, and this grueling test of climbing power is officially underway. Dodge takes an early lead.

CERTIFIED
TEST PHOTO

Halfway up. The extra V-8 power under the hood of the Dodge sends it quickly ahead. It's already two lengths out front. And there's a 1000-lb. test load on each one of these comparably equipped trucks. What's more, Dodge is still gaining!

CERTIFIED
TEST PHOTO

Dodge flashes past the finish five lengths ahead of competition. Truck "C" and truck "F" just couldn't match that 204-hp. Power Giant. And this is just one of a rugged series of tests that prove Dodge is best of the low-priced three.

● Your Dodge truck dealer has proof that Dodge leads in many ways. Come in . . . see other certified test-photo sequences . . . and take a demonstration ride!
