

City, Track Officials Near Agreement On Property Sale

Agreement seemed near this week after committee meetings and discussions between officials of the city, Driving club and Northville Downs over some two acres of land along River street.

The question of who should own the county property arose last April when city action blocked the sale of the land to the Driving club. The property, which lies between the track and River street, was sought by the track for parking and roadway.

Protests from residents of the area fearing erection of barns across from their homes brought a resolution from the council asking the Wayne county road commission to halt the sale until a study could be made.

Track and city officials are now near agreement and their final contract will come before the council on July 15.

Among the requests that the city is expected to make before giving the sale its approval are a fence along River street and Seven Mile road to the creek; a greenbelt at least six feet high of evergreens and shrubs along the fence; to retain as many of the existing trees on the property as possible; limit area to parking only with ingress and egress from Seven Mile road; an escrow fund to insure greenbelt completion.

With the new property it is anticipated that widening of the track will be possible. The Downs has been under fire from James Inglis, racing commissioner, because of the narrow track that allows only six horses abreast. Other tracks allow an eight-horse start.

Track officials have indicated that the present entrance for drivers at the corner of Seven Mile and Center street would be closed and this roadway used in the widening of the track. Another entrance for horses would presumably be constructed on Seven Mile. With the improved track Downs' officials are hopeful of obtaining two racing dates in Northville.

More Water Found At New Site

A second new water source for Northville appeared likely this week as the city awaited pumping tests of its latest well located on the W.B. Chase property.

Two weeks ago a well drilled just west of Novi road and the C&O railroad intersection produced 450 gallons per minute. The drilling rig moved across the road to the triangle-shaped Chase property bordered by Baseline, Novi road and Griswold last week. Health department authorities have already approved the site.

If the new well tests satisfactorily, a permanent well will undoubtedly be established and the earlier discovery kept in reserve. The Chase property well is located nearer existing water mains.

The water discoveries should end Northville's fears of shortage. Authorities had previously stated that the city's supply could not withstand extended use that a major fire or disaster might present.

ON TO THE FUTURE — Northville high school seniors step onstage to the strains of "Pomp and Circumstance" at commencement exercises last week. Nearly 100 seniors graduated in traditional ceremonies. The following day, all Northville students returned for their report cards and school was over for another year.

It's All Over for 100 Seniors

High school days ended for nearly 100 Northville seniors last Thursday.

Sitting proudly in their caps and gowns, they heard Alan Canty, an outstanding lecturer and director of the psychopathic institute of Detroit Recorder's Court, advise them on how best to make use of their lives from this point on.

A day later, school ended for hundreds of other Northville students. Classes and examinations had been over for several days, but students had to return for report cards and other last minute matters.

Rev. B. J. Pankow, pastor of St. Paul's Lutheran church, delivered the invocation and benediction at commencement exercises.

Previous to graduation night, the seniors had gathered a number of times for class night, baccalaureate and the junior-senior banquet.

Many Northville seniors already have made plans to attend college. Others intend to enlist in the armed forces. Several have marriage plans, and many have jobs lined up. For a few, graduation will mean a long vacation or a trip around the country before settling down.

Purchases Building For Doctor's Offices

Dr. J. K. Bosch announced plans this week to convert his residence at 302 West Main street into medical offices. Dr. Bosch, who now has offices in the Northville Clinic, said his new offices would open July 1.

The building, located at the corner of High street, was sold through Northville Realty. Remodeling is now underway.

COMMENCEMENT SPEAKER — Alan Canty, director of the psychopathic clinic at Recorder's Court in Detroit, addresses the graduating class. Canty is regarded as one of the top criminologists in the country.

Pennies for Polio From Driver Trainees

When they caught themselves violating traffic laws during the year members of William Hensch's driver training classes dropped pennies, nickels and dimes into a special pot.

The year's fines added up to a tidy total of \$34.65 — promptly turned over to March of Dimes chairman Mrs. J. W. Reynolds for the polio fund.

Symphony Violinist Dies Suddenly

Joseph L. Lazaroff, for the last ten years concert master of the Plymouth Symphony orchestra, died Sunday of a heart attack.

Northville concert-goers will remember Mr. Lazaroff for the many solo parts he played with the orchestra. He had also played the violin in concerts in Detroit, Toledo, Cleveland and New York in the past.

Funeral services will be held today (Thursday) from the Ross B. Northrop and Son Funeral Home, 22401 Grand River. Survivors include his wife, Ruth; a son, Joseph L., Jr.; a daughter, Mary, and his parents, Alexander and Christine Lazaroff.

Two Local Women In Red Cross Drill

Two representatives of the Northville Red Cross branch were "disaster victims" for an hour on Tuesday.

Mrs. Edith McKenna, canteen chairman and Mrs. A. C. Carlson, branch chairman, took part in a mass feeding exercise in Detroit, the final session of a course in emergency mass feeding developed jointly by the Federal Civil Defense Administration and the American National Red Cross.

Class members prepared and served luncheon to the "victims" in a simulated disaster situation. Mrs. Carlson reports that the exercise shows a good state of preparedness for any disaster.

Dahl Misses Out In Road-e-o Finals

Local Road-e-o winner Dave Dahl did not place in the state meet held in Detroit last week, but reported that he "had a swell time".

First place winner in the driving-skill contest was Larry Schwartz, engraver of St. Johns, a \$500 scholarship; Charles Prupt of Milford, won second prize, a \$50 bond, and Allen Gray of Traverse City, third prize, a \$25 bond.

The first place winner will now participate in the national finals in Washington, D.C. in August. Prizes in the contest total \$4,500 in scholarships.

Salem School Votes To Join South Lyon Instead of Northville

The Salem Board of Education last week petitioned the Lyon township school board for annexation of the entire Salem school district.

Members of the Salem school board had met with the boards of education from both Northville and Lyon township and had visited facilities in both areas before deciding.

A spokesman for the Salem school board indicated that the belief that Salem would acquire its own school sooner by joining the South Lyon system accounted for the decision. Two school districts in Salem township, Walker and Warden, had formerly joined South Lyon. Board members believe that heavier attendance from Salem in South Lyon may prove sufficient to warrant a Salem school.

About 35 students from Salem have been attending Northville schools and 14 in the Lyon township district. Salem operates a school for children from kindergarten through fourth grade attended by about 52 students.

Lyon township board members passed a resolution to annex the district pending OK by the state and voters of the Lyon township district.

Four Drivers Fined By Judge Bogart

Four drivers were fined last week by Judge E. M. Bogart, including two speeding violations.

James J. McGuigan of Detroit, was found guilty and fined \$20 for speeding 40 miles per hour in a 25 mph zone. For speeding 50 miles per hour in a 25 mph zone, Robert Brown, 23, of Detroit, was fined \$20 after pleading guilty.

Thomas J. McCaig, 36, of Hazel Park, pleaded guilty to negligent operation of a motor vehicle and was fined \$10.

For backing through a red light, Gerald F. Walsh, 25, of East Ann Arbor Trail, Plymouth, was fined \$5. For failing to answer his summons, he was fined an additional \$15.

Council Elects New Officers

Officers for the coming year were elected at the last meeting of the Northville Coordinating Council.

They include Mrs. William Cansfield, president; Mrs. Peter Cucchi, vice president; Mrs. Ernest Shave, secretary, and Miss. Ruth Knapp, treasurer.

New directors of the organization are Ed Welch and John Canterbury.

There will be a special meeting of the group next Thursday, June 27 at the city hall at 8 p.m. for the purpose of making plans for the annual 21ers banquet in the fall.

Optimists to Hear Railroad Executive

A member of the railroad community committee of Greater Detroit, K. K. Blyth, will address the Northville Optimist club next Wednesday.

The meeting will be held at the Northville Lutheran church at 6:45 p.m.

His subject will be "The Railroad Industry — Today and Tomorrow".

Concert Series to Open Soon

Sunday, June 30 marks the opening date of the Plymouth Colony concert series — a summer outdoor music festival by the Plymouth Symphony orchestra under conductor Wayne Dunlap.

The Plymouth Colony Farms, generously donated for this purpose by Dr. Ralph Pyno, noted Detroit eye surgeon, is a lush country spot uniquely suited to an undertaking of this scope.

Located about three miles west of Plymouth off Joy road, it is easily accessible and lends itself to the needs of such a venture, including vast parking areas.

Members of the audience may choose their own spots on the slopes rising from the lake to arrange blankets or chairs (furnished if desired) and have full view of the stage. The area is entirely surrounded by woods, fields and orchards.

TRUCK DELIVERIES HIT BY COUNCILMEN

ROSES FOR THE QUEEN — Betty Wilson, who graduated only the night before from Northville high school, was named Friday night as "Miss Novi AMVET". With her new title, "B.G." will go on to compete for the Michigan "Miss AMVET" crown and a chance at the national title. See other pictures on page 10.

7 from Northville, Novi Set to Attend Boys' State

Seven youths from Northville and Novi are in East Lansing today for the opening session of Boys State, annual program sponsored by the American Legion.

Chairman for the local Legion is Robert E. Parmenter, who announced that the following seven boys and alternates had been selected by their classmates to represent local organizations:

American Legion, Dan Howell; alternate, Roger Cheesman; Exchange Club, Bob Bake; alternate Robert Starnes; Rotary club, Mike Petz; alternate, Bob Niemi; Optimist club, Mike Willis; alternate, Fred Schwarze; F. & A. M. Lodge, Ed Wittenberg; alternate, Bill Boyd (both of Novi); Ford UAW-CIO, Bill

Yahne; alternate, N. C. Schrader, and Novi township, Russell Taylor, no alternate.

The program for citizenship training will last until next Thursday, June 27.

Amerman Reported To Be Improving

Superintendent of schools R. H. Amerman is reported to be improving at his home after undergoing a series of tests at University of Michigan hospital last week.

He is now awaiting reports from doctors as to the nature of an ailment that struck him several weeks ago. Preliminary reports indicate that he may have an injured nerve.

Double parking on Main street by truckers making deliveries to local stores came under sharp criticism of the city council Monday evening.

Mayor Claude Ely and Councilman Ed Welch led the protests with suggestions that merchants instruct the drivers to use alleys behind the stores.

"After the city developed alleys behind the stores the merchants have done nothing to provide alley loading facilities," protested the mayor. Welch called the condition a "nuisance and a traffic hazard." Both the mayor and Welch cited recent incidents of having been "pinned in" to parking places on Main street by trucks that refused to move.

While the council took no definite action, they left a strong suggestion with the city manager to make Main street merchants aware of the problem and, if necessary, contact officials of the trucking lines.

In routine business matters, the council awarded the local taxi franchise to Ernest Seaman, 515 West Main street. Seaman had bid for the business along with Theodore Johnson of Plymouth after the Northville Taxi company announced bankruptcy several weeks ago. The Plymouth firm has been providing temporary service. Seaman stated that he would put three cabs into service today (Thursday).

City manager John Robertson told the council that discussions concerning purchase of the Geraghty property on North Wing street had produced a cash selling price of \$23,500, or term contract of \$25,000. Councilmen were not enthusiastic about the offer and tabled the matter. Earlier they had approved a lease agreement with the Methodist church for use of church property for parking. The agreement provides that the city may improve property next door to the church for parking use. The lease extends until 1960. The council is now making plans to provide parking and alley facilities behind the stores in the block bounded by Main, Center, Dunlap and Wing streets. Some merchant participation is expected in financing the project.

In other business the council gave the city manager the green light on the acquisition of chemicals and pumps to treat city water for iron content and flaking in water lines. The process has been successfully used in other communities, the city manager said.

Sidney Frid appeared before the council representing the Exchange club. He told the council that the local business men's club would like to undertake the cost of erecting a comfort station in Northville if the city would provide the location. Councilmen approved the idea and suggested a search for a likely site.

Manager Robertson told the council that the police chief had conducted oral interviews for six candidates for a position on the police force. He said that a choice would be made soon. While on the subject of the police force, Councilman Malcolm Allen said he believed that a investigation into police costs should be conducted. "The cost of the police department represents a big share of our budget, perhaps too much for a town our size," said Allen. He pointed out that surrounding areas, like Novi and Livonia, have better departments than in years past and rely less on Northville aid. While other councilmen did not share Allen's views, they agreed an investigation into costs would be worthwhile.

Before adjournment, Councilman Earl Reed asked the council to consider making the alley north of Main street stores one way from the Dunlap entrance to Hutton street.

Driver Training Offered to Adults

Northville adults still have a chance to enroll for driver training this summer.

The course is already underway for some 25 high school students, but adults may enroll yet this week and make up the missed periods.

Instructor Al Jones has reminded persons who applied previously to apply again so as to insure that they are included in the current program. Application should be made at the superintendent's office or by calling 1130.

OFF FOR THE SUMMER — Main Street school students lost no time in clearing out of their classrooms Friday afternoon. After getting their report cards and saying goodbye to their teachers, they were off like a shot for a summer free of school.

2-Thursday, June 20, 1957--THE NORTHVILLE RECORD

News Around Northville

Dr. and Mrs. J. K. Eastland of Fairbrook avenue entertained Mrs. Eastland's brother and family, the W. C. Smiths from Detroit last Sunday.

Mrs. Carl Bryan of West Main street attended the 40th reunion of her class from the University of Michigan on Saturday. Accompanying her was Miss Mary Helen Holmes of Birmingham.

Mr. and Mrs. Don Wilsher, formerly of Northville and now of Birmingham, announce the birth of a daughter, Lynn Ellen, on Monday, June 17 at Beaumont hospital in Birmingham. She weighed seven pounds. Mr. and Mrs. Ernest Wil-

sher of Rogers street are the grandparents.

Mr. and Mrs. Ernest Wilsher of Rogers street entertained Mrs. May Hughson of Detroit, Mrs. Wilsher's sister, this week.

Dr. and Mrs. C. E. Woodruff and son, Charles, of Beck road spent last week end in Boston and attended the wedding of their niece, Miss Prudence Frost, in Littleton, Massachusetts. Their daughter, Alice, was a bridesmaid for her cousin.

Miss Mary Jean Woodruff, daughter of Mr. and Mrs. C. E. Woodruff of Beck road, will arrive from

Ireland by boat in Hoboken, New Jersey on July 1. She has been studying in Ireland during the past year on a fellowship.

Mrs. Harry Duerson of West Dunlap street left Tuesday for Coldwater to visit Mrs. N. W. Cole.

Mr. and Mrs. Arnold Teshka and daughters, Delores and Sharon, of West Main are spending three weeks in California visiting relatives.

Mr. and Mrs. Herman Hartner, Jr. and daughter, Gail, returned this week from Newberry where they spent a week at a resort.

Mr. and Mrs. Fred Gotts of North Center street entertained Mrs. Gotts' cousin, Mrs. Onia Kelly, over the week end.

A family dinner was held Monday evening at the Fred Gotts home for Mary Ebersole. Her family is leaving for New Mexico the first part of July, where Mr. Ebersole has been transferred for government work on guided missiles.

Laurence A. Masselink of West Seven Mile road was admitted to Harper hospital this week for an eye operation. He will be there about ten days.

Susan Eastland went to Detroit Wednesday to visit her friend, Susan Hall, until Sunday. Susan is the daughter of Mr. and Mrs. J. K. Eastland.

Mrs. Samuel Geraci of Clement road is now home from Wayne County General hospital convalescing from injuries received in an auto accident several months ago.

Under the guidance of Mrs. LeFevre and Mrs. Lemmon, members of Girl Scout Troop 17 held their last meeting at the Presbyterian church. They held a court of awards to which all parents were invited.

Mrs. George Lockhart and Mrs. Cyril Frid attended a bridal shower last week at the Harper hospital nurses residence for Elise Lockhart, Mrs. Lockhart's daughter. The shower was given by classmates. Miss Lockhart will marry Harlen Kelly, son of William Kelly of Wyandotte on July 6.

AWARD OF MERIT — A certificate for outstanding community and patriotic service was presented to state representative Sterling Eaton Monday by the Sarah Ann Cochran chapter of the Daughters of the American Revolution. Presenting the award was regent Mrs. W. C. Gemperline (left), assisted by past regent Mrs. Claude Crusee at the annual DAR picnic at the latter's home on Nine Mile road.

OUTSTANDING SENIOR — Chosen the most likely to succeed in a future business career by the Northville Business and Professional Women was Judy Junod, here being given her plaque by president Mrs. Mabel Stenson. Judy was guest of honor at the club's final dinner of the season Monday night.

Judy Junod Presented Award By Northville Businesswomen

Selected by the Northville Business and Professional Woman's club as the high school senior girl most likely to succeed in the business world, Judy Junod was honored guest at the club's final meeting this year.

In addition to having her name engraved on the BPW trophy that stands in the high school trophy case — the only one there for girls — Judy received a plaque for her own.

She was also presented a cash award of \$150.

Initiated by the local club last year, the award is the only one of its kind. It is presented annually to the girl who most satisfactorily completes an examination prepared by the club.

Character, personality and scholastic standing are also taken into account for the honor.

A requirement for qualification includes certain commercial and business courses in her high school record.

Mrs. Ada Bloom and Mrs. Dorothy Rody gave a breakfast for Northville high school seniors last Friday morning ending the all night festivities after graduation.

Elmer J. Haggadorn of Randolph street entered Veterans hospital in Ann Arbor last week. He will be confined for two weeks.

OLV Mother's Club Elects New Officers

The Mother's club of Our Lady of Victory school had its final meeting June 11th in the church hall.

Mrs. Lewis W. Alexander, president, announced the new officers for the year 1957-58. After a short business meeting the new president Mrs. Arthur J. Heslip, assumed office and closed the meeting for the summer.

Other officers elected were Mrs. Clifford Bunker, first vice president; second vice president, Mrs. John T. McGuire; treasurer, Mrs. Dwight Grayson; assistant treasurer, Mrs. Joseph Gill; recording secretary, Mrs. John Hohanac; assistant recording secretary, Mrs. William Higgins, Jr. and corresponding secretary, Mrs. John Holman.

Refreshments were handled by

Mrs. Edward H. Riley, chairman; Mrs. B. A. Zayti Zavicar, Mrs. August Wicke, Mrs. John J. Faulkner, Mrs. Rebecca McCarthy, Mrs. Robert Pohlman and Mrs. Mary Joan Robinson.

Correction

Rita Kay Skow, daughter of Mr. and Mrs. Alvin Skow of Horton street, has graduated from Jackson Junior college and has one year of work remaining at Foote Memorial hospital in Jackson before completing her nurses training. The Record incorrectly stated last week that she also had one year's study remaining at Jackson Junior college.

Three members of the Kenneth Clark family of Clement road have lived in Northville since October 1—the fourth was born just a few weeks ago on June 4.

Welcoming Dennis Charles Clark home were his parents, of course, and his big brother, Robert Bruce, who is two years old.

Originally from Detroit, the Clarks moved to Northville "mainly to get away from the noise" of the city. Mr. Clark is in the gauge department of the Willow Run General Motors plant. In his off time, he plays golf with the Northville Men's league.

Both Mr. and Mrs. Clark enjoy singing. Mr. Clark still sings with a church choir in Detroit. In addition, they both do occasional solo work.

Gardens on Display In Farmington This Weekend

Interesting and unique Farmington gardens will be on public display Saturday and Sunday, June 22-23, as part of the annual Detroit Garden Center tour.

One of the focal points of the tour, Knox House, now owned by the Presbyterian church, was built by Marcus Burrough, the well-known designer of fine homes. On display at Knox House will be the 10th Anniversary Flower show of the Farmington Garden club. Punch will be served by the Farmington Garden club as one of the features of its 25th anniversary celebration.

Another point of interest is the country estate of Mr. and Mrs. Hugh Dean, 27800 West Twelve Mile road, which combines beauty with utility. The grounds have been planted with over 1,000 evergreens, a wide expanse of lawn and formal garden. A lake on the property has become a refuge for wild ducks.

The garden of Mr. and Mrs. James P. Henry at 24560 Orchard Lake road is a fine example of a do-it-yourself garden which has followed a master plan prepared by a landscape architect. The result shows what can be planted and maintained by any green-thumbed gardener, with appropriate areas for outdoor living. Mrs. Henry, well known in garden circles for her artistic work with flowers, will display floral arrangements throughout the house.

Mr. and Mrs. William E. Taylor, 25280 Westmoreland, will show a typical suburban setting with accent on outdoor living. A lake, shared by five families, provides year-round pleasure and a unique experiment in community cooperation. A rustic bridge connects the Taylor yard with a small landscaped island. Across the street from the Taylor's is one of the many peat bogs that crop out in different areas in Farmington.

Marilyn Sharpe To Marry Saturday In Garden City

Marilyn Sharpe, formerly of Northville and now of Garden City, will be married Saturday to Raymond LaBlanc of Grand Rapids.

She is the daughter of Mrs. Celia Sharpe of Garden City and a 1955 graduate of Northville high school. Mr. LaBlanc is the son of Mrs. Lula LaBlanc of Grand Rapids.

They will be married in St. Raphael's church in Garden City. In the fall, they will continue studies at Michigan State university.

Orient Chapter To Meet Friday

Orient chapter, Order of Eastern Star, will hold its regular business meeting Friday evening at 7:45.

A social hour with refreshments will follow the meeting.

Outdoor Art Show Saturday

PAINTING FOR EXHIBIT — Mrs. Harold Hartley of Randolph street puts the finishing touches on a painting for the Three Cities Art club exhibit to be held in Northville on Saturday. The show will be held in the Presbyterian church parking lot across from the Kroger store from 10 a.m. until 5 p.m.

STANDS FOR PAINTINGS for the art exhibit were being made by Wilfred C. Becker of Northville. Works in oil, water colors and ceramics will be among those displayed by members of the club from Northville, Plymouth and Livonia.

Pastels, water colors and oils will be just a few of the mediums represented at the Three Cities Art club outdoor show to be held in Northville Saturday.

There will also be clay modeling, mosaics and silver jewelry done by members of the club.

To be held in the Presbyterian church parking lot across from the Kroger store, the show is the third in a series of exhibits by the club. Two weeks ago the showing was seen in Plymouth, and last week in Livonia. The club draws its members from the three communities.

Local artists who will be exhibiting their works include Mrs. Harold Hartley, Mrs. Hilda Sands, Herman Gabriel, Marge Owens and Astrid Wagenschutz.

Mrs. Hartley has recently exhibited four paintings at Garelicks Galleries in Detroit. Hilda Sands, president, will demonstrate oil painting at the show.

Mrs. Owens' pictures include the Northville Spring, Northville Downs and the LeMaster oil wells.

Mr. Gabriel, who won first in the favorite vote at the Livonia show and second in the Plymouth exhibit, was one of the original members of the Scarab club in Detroit, a group of men artists.

Also exhibiting will be Astrid Wagenschutz of Northville, granddaughter of a well known Norwegian woman painter.

How to make tiles and design a mosaic coffee table will be shown by Hilma Aubert of Livonia, and

Clean Carpets Save You Money

IF RUGS and carpets are to wear well and stay attractive they must be kept clean. Dirt on the surface dulls the color of the rug. Embedded grit wears and cuts the fibers. Damage from clothes moths and carpet beetles is less likely to occur when rugs are kept clean. The time to spray rugs against these insects is after they have been thoroughly cleaned.

NOTICE OF SPECIAL ELECTION

TO THE QUALIFIED ELECTORS OF NOVI COMMUNITY SCHOOL DISTRICT, OAKLAND COUNTY, MICHIGAN

NOTICE IS HEREBY GIVEN, that an election will be held in the Novi Community School District, in the County of Oakland, and the State of Michigan, Wednesday, the 26th day of June, 1957, from 7:00 o'clock A.M. to 8:00 o'clock P.M., Eastern Standard Time, to vote upon the following proposition:

Shall Novi Community School District, County of Oakland, State of Michigan, borrow the sum of not to exceed Eight Hundred Twenty-Five Thousand Dollars (\$825,000) and issue its bonds therefor, for the purpose of defraying the cost of remodeling the Novi Elementary School building, erecting and furnishing a new elementary school building, and acquiring additional school sites in said school district?

NOTICE IS FURTHER GIVEN, that the voting place for said election will be at the Novi Elementary School building, 26350 Novi Road, in said school district.

NOTICE IS FURTHER GIVEN, that the Board of Education of said school district has estimated that Eight Hundred Twenty-Five Thousand Dollars (\$825,000) is the amount of money necessary to be borrowed for the project for which said bonds are to be issued.

Georgia H. Larson,
Secretary of the Board of Education
of said School District

Dr. Leonard R. Howard

To Intern In Grand Rapids

Leonard Rice Howard, son of Dr. and Mrs. W. Howard of West Eight Mile road, was among 184 graduates of the University of Michigan school of medicine on Saturday.

Dr. Howard completed pre-medical work at Albion college, where he received his BA degree. On July 1 he will begin one year of internship at St. Mary's hospital in Grand Rapids.

Dr. Howard is married to the former Marilyn Funk, daughter of Mr. and Mrs. Wilson Funk of Yerkess avenue. They have a son, Brian, who is ten months old.

Dr. McCluskie Gets Masters Degree

Dr. J. D. McCluskie received his masters degree in public health Saturday from the University of Michigan.

He is the son of Mr. and Mrs. J. McCluskie of Grace street.

He was an all "A" student and was honored at the university with membership in Delta Omega, public health honorary society. He will take up duties as chief of the veterinary division of public health in Denver, Colorado.

Dr. and Mrs. McCluskie, Craig and Jody, are returning Monday to Colorado.

Carolyn Schlegel Graduates from State

Carolyn Miller Schlegel, daughter of Mr. and Mrs. J. M. Miller of Napier road, was graduated from Michigan State university in commencement exercises recently.

She received her bachelor of arts degree. Her husband, Ronald, formerly of Detroit, received his bachelor of science in pre-medicine.

Carolyn is a 1953 graduate of Northville high school.

Two Receive U. of M. Degrees

Receiving their degrees from the University of Michigan Saturday were William B. Chase of Eight Mile road, bachelor of business administration, and Jesse S. Hise, Jr. of Baseline road, master of arts.

In addition to receiving his degree, Chase was commissioned as an officer in the U.S. Army.

Two Earn Degrees At Eastern Michigan

Receiving their degrees from Eastern Michigan college in Ypsilanti Saturday were two Northville girls, Sally Charlotte Davis, daughter of Mr. and Mrs. Robert Davis of Dunlap street and Theresa Elaine Duchesneau, daughter of Mr. and Mrs. Leo Duchesneau of Plymouth avenue.

Miss Davis received her BS degree and secondary teaching certificate, and Miss Duchesneau her BS degree and elementary teaching certificate.

Speaker for commencement exercises was Governor G. Mennen Williams.

George W. Koontz

George Koontz Receives BS Degree

Among 483 graduates of Central Michigan college on June 9 was George W. Koontz, son of Mr. and Mrs. Locke Koontz of Randolph street.

He received a bachelor of science degree in business administration and commerce.

Dr. Delyte W. Morris, president of Southern Illinois university delivered the commencement address.

Exchange Club Elects Officers

Officers for the coming year were elected at the last Northville Exchange club meeting.

They include Harold Wagenschutz, president; Charles Ely, Jr., first vice president; Charles Lapham, second vice president; Merritt Meaker, secretary; Harold Bloom, treasurer; Eugene King, sergeant-at-arms, and Leo Mainville, assistant sergeant-at-arms.

Plans for the future include an afternoon of golf on July 17 at the Plymouth Country club, dinner following at the club, and a night baseball game at Briggs stadium on July 16. Club members, ladies and friends will go to the game in a group, transportation provided by chartered bus.

'100' to Be Speedy---But Safe

July 4 Race To Feature Best Drivers

High speeds, close action and fierce competition — all within the bounds of strict safety—await racing fans when the autos return to Northville Downs on July 4.

Area-wide interest in the Northville '100' was mounting rapidly this week, as final plans for the holiday spectacular neared completion.

It will be the first time in many years that autos have whirled around the popular harness track — reputed to be one of the best half-time dirt tracks for autos in the country.

Many of the best drivers in the midwest, some of them with high national recognition, already are signed up for the 24 starting positions. They will go 50 miles in the feature, vying for a \$3,000 purse.

Only late model cars — 1956 and 1957 models — will be driven in the race.

The '100' will be the first new car race in Michigan this year and the first ever held on a half-mile track in the Detroit area.

In addition to the '100' itself, the program will feature time trials at 7 p.m., followed by a three-lap trophy between the fastest qualifying Ford, Plymouth and Chevrolet.

This will be followed by two 10-lap heat races, and the 100-lap feature event.

A fireworks program will be held in conjunction with the races, and Betty Wilson — "Miss Northville Speedway" — will preside over the affair and present prize money to the winning drivers.

Mel Larson, promoter of the race and a top driver himself, said all guard rails and fences will be reinforced and add to the maximum protection of drivers and spectators.

The track surface will be prepared about 10 days in advance to guarantee that dust is kept down, Larson said.

Larson added that the wide semi-banked turns will make for speeds of upwards of 90 to 95 miles per hour on the straightaway.

In calling the Downs oval "perhaps the finest half-mile dirt track in the country," Larson pointed out to the track's exceptional clay surface, grounds, grandstand and paved parking area.

Tickets will go on sale at Northville Downs next Thursday.

Council Hears Plan For Race Event

Promotor Mel Larson appeared before Northville's city council Monday evening to clear final details for the July 4 "Northville 100" with local officials.

Larson told the council that full safety precautions would be taken to prepare the track for the event. "Rails around the turns and at the straightaways will be reinforced," he stated. Temporary fences will be installed in areas normally used for standing room to prevent spectators from being too near the track.

After assuring councilmen that adequate steps had been taken for promotion of the race, Larson announced that he "conservatively" expected a crowd of 6,000 to 10,000 people. "Racing fans will travel 200 or 300 miles to see a national event of this calibre," he said. He added that the Downs' track was one of the best for new car driving.

Approximately 24 new cars will compete for the \$3000 in prizes. Following the main event a half-hour fireworks display will be present from the infield of the track.

The council granted Larson permission to hire city policemen and firemen for traffic and crowd control during the event.

One Bad Round Ruins Harbert

Northville's Melvin "Chick" Harbert shot one bad round in the National Open golf tournament in Toledo last week and ended up in a tie for sixth place.

The Meadowbrook professional tied with Jimmy Demaret as the first day leader with a 68. On Friday Chick ballooned to a 79 before settling down on the final day's 36-holes with 71-72.

The former PGA champion picked up \$465 for this three days' work.

C'MON, LET'S GO — Getting ready for a quick game of tennis on the courts at Cass Benton park are Jon Rodgers (left) and Ross Hahn. The two ninth graders at Northville high school are among scores of Northville residents who will be using the courts — said to be the best in the area — during the summer.

Summer Starts with a Splash

The 1957 Northville recreation program got off to a solid start Monday when some 218 youngsters grabbed their bathing suits and joined in the first day swim of the year.

It was the first activity on the recreation calendar, which will offer two full months of swimming, baseball, softball, day camp, special trips and special activities for boys and girls of all ages.

The swimming trips, coming on the hottest days of the year, so far, have required as many as four buses to transport the huge crowd of youngsters to Whitmore Lake.

Also underway this week was the recreation league softball program, which will see several score Northville area boys playing in four fully organized teams. The teams — one for boys under 16, one for boys under 14, and two for boys under 12 — will compete in the Livonia recreation league schedule.

On Wednesday, younger boys gathered at the Scout hall to organize the new recreation softball league. The softball program, for

Homer with 3 On Aids Merchants Win

A bases-loaded home run in the eighth inning sewed up a 13-3 win over Detroit Control for the Northville Merchants Sunday as the Merchants held on to third place in the Inter-County League.

Ariston Luzod's four-bagger came when the Merchants were leading, 6-3, behind the pitching of Ken Kisabeth and Jim McIntyre.

Kisabeth hurled six innings and got credit for the win.

Don Thompson hit safely in three out of four trips to the plate to lead the Merchants' 13-hit attack. Detroit Control has seven safeties.

The Merchants will meet Romulus this Sunday at 3:30 p.m. at Cass Benton park.

The Inter-County standings:

Plymouth Merchants	6	0
River Rouge	6	0
Northville Merchants	4	2
Redford	3	3
Detroit Control	1	4
Chelsea	1	4
Romulus	1	4
Plymouth Elks	0	5

THE NORTHVILLE RECORD—Thursday, June 20, 1957—5

Young Door Ties for 3rd; Bandits Hang on to Lead

The Young Door Tigers moved in to a tie for third place in the Novi Little League last week, as Paragon saw its bid for a share of the league lead thwarted first by darkness and then again by tornado warnings.

Young Door tied for third by dropping Fiberglass, 7-6, for its first win of the season. Fiberglass had led 6-2, in the final third inning, but Young Door came on to win it in the final stanza.

Paragon and league-leading National Bank ended their scrap for first place with a 5-5 tie that was called because of darkness. The Steelers and Bandits resumed play three days later, but the game was again called because of tornado warnings.

Paragon had scored five times in the first inning even though not one of the Steelers hit safely. Jack Boyd struck out 10 for National Bank. National Bank, in its second game last week, punched past Young Door,

16-9, as the Bandits scored at least two runs in every inning. Jeff Stubbs socked two triples to pace the Bandits.

In other Little League action this week, Paragon blasted Fiberglass, 17-6. Base hits were at a premium, however, as the Steelers got their 17 runs on seven hits and the Steelers made a single bingle stretch for all six runs.

Jeff Crawford led the Paragon attack with three hits in four times at bat, while Ronald Ward walked a double for the lone Fiberglass safety.

The standings as of Tuesday:	
National Bank	4 0
Paragon	3 1
Young Door	1 4
Fiberglass	1 4

Headlines From THE NOVI NEWS

YOU KNOW WHAT'S HAPPENING IN NOVI TOWNSHIP IF YOU READ THE NEWS

School Bond Issue Goes before Voters

Cost of New School Explained to Voters

As most things do nowadays, the question of a new school in Novi eventually comes down to a matter of dollars and cents.

In this era of multi-million dollar government budgets and vast industrial spending programs, the \$825,000 requested for a new school and future sites may sound like a drop in the bucket.

But more likely, it will cause individual taxpayers to stop and think a minute about what that \$825,000 — even though spread throughout the school district — will mean to themselves.

First of all, how would the \$825,000 be used? Might that not be a lot of money for a building and several pieces of land?

School officials answer this question with the following breakdown of figures:

Cost of new building	\$480,000
Cost of site	17,500
Tests and surveys	1,500
Sewage and water systems	20,500
Storm water drainage	4,800
Site development	39,000
Grading and seeding	7,500
Furnishings	48,000
Fees	34,000
Contingencies	21,400

Add them up, and it comes to \$674,000 for the new school.

Then add on the following expenses:

Work on present school	\$ 45,300
Future sites	100,000
Bonding, insurance, advertising, printing, publishing, etc.	5,500

And altogether it comes to \$825,000.

So while the building itself would cost only a little more than half the requested \$825,000, numerous "hidden" expenses crop up at every hand to increase the total cost of a new school and future sites.

As for what it would cost the individual taxpayer, the answer is five mills annually — or \$5 for each \$1,000 of state equalized valuation.

But that figure alone is misleading, for no one's schools taxes would increase by precisely five mills. For some, taxes would be more than last year. And for some they would be less.

It goes back to the consolidation last fall of four separate districts into the single Novi school district. At that time, voters of all four districts agreed to assume the debt for the present Novi school building and to provide up to nine mills — if that amount should be necessary — to pay it off.

But none of that nine mills has ever been collected.

At present, however, school officials wish to collect part of that amount to increase payments on the old debt. But rather than the full nine mills, they see a need for only two mills.

Thus they are requesting a total of seven mills — five for the proposed new school and two for the present school. And even so, the figure is two mills under the nine mills they are authorized to levy.

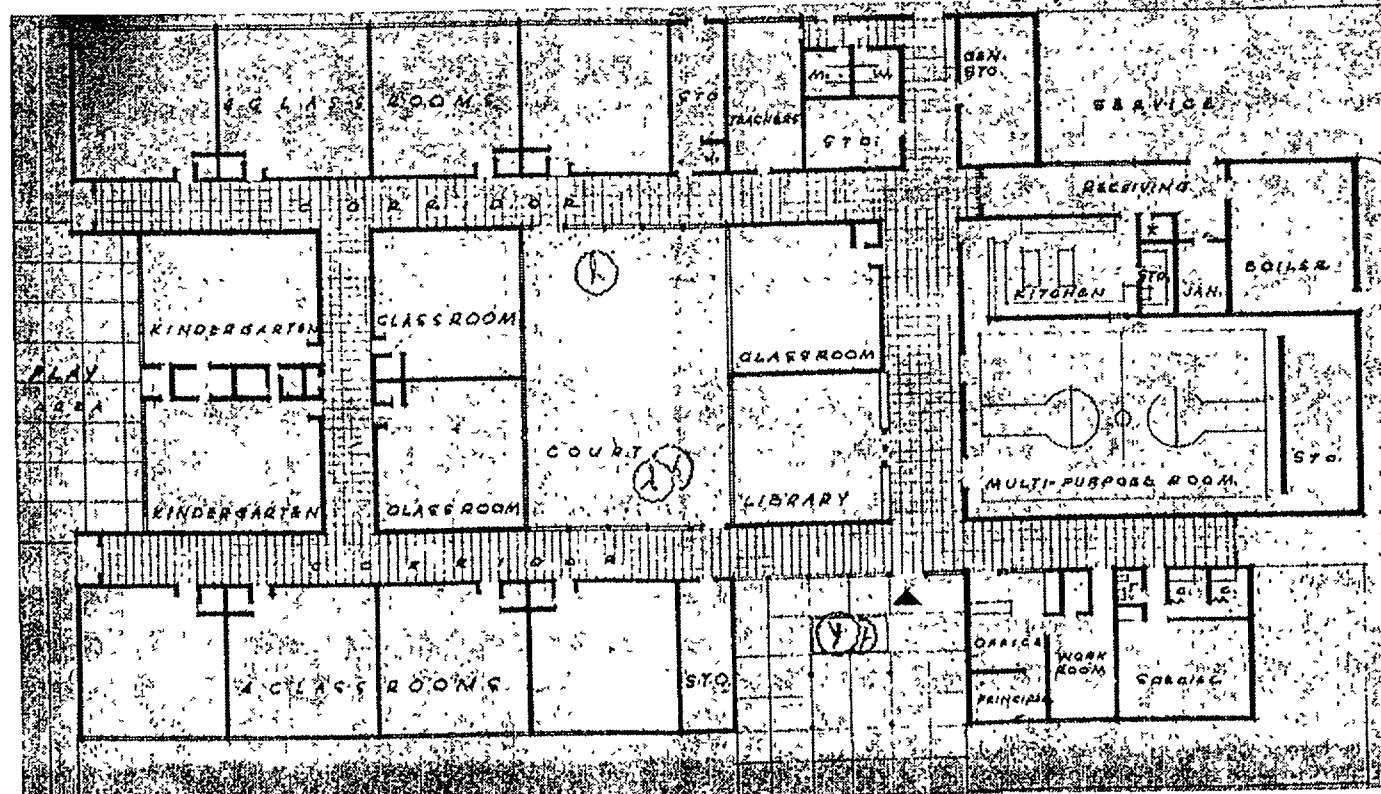

Why is this possible — that there could be a new school, and yet a reduction in the amount needed to pay off debts?

School officials answer this by pointing to a huge increase — 16.5 percent — in the school district's state equalized valuation. As a result, taxes are paid on \$10,040,000, rather than on the roughly \$8,500,000 of last year. That means that individual taxes can be lower even though the total amount collected is larger.

And how does this fit into the total school tax picture?

If the present bond issue is okayed by voters, school officials estimate that total school taxes in the Novi district

(Continued on Page 10)

FLOOR PLAN of the proposed new Novi elementary school, which would be located near Willowbrook Village. The school would have 13 classrooms and a multi-purpose room. Designed around a landscaped

STORM CENTER — This road bed for the widening of Wixom road looks peaceful enough here, but quite a controversy has arisen over the hours during which construction crews should work on it. Residents of Wixom road object to the early-morning noise, and one of them this week took the first step toward getting an injunction against continued commotion.

Irked by Road Work Noise

'Let Us Sleep,' Yawns Balon

Stan Balon is determined that he, his family and his neighbors are going to get some sleep.

And a construction company, the state highway department, and several sub-contractors are just as determined that the widening of Wixom road near the new Lincoln plant will be finished on time.

Whichever side wins — and apparently both can't — will be decided in court sometime soon.

Balon, a Novi township trustee who has set aside his official position during the battle, is out to stop the early-hour rumble and racket of heavy machinery working on the road project.

To do it, he has started proceedings to secure an injunction halting work before 6 a.m. A summons ordering the contractor and sub-contractor of the project to appear in court next Monday was issued Wednesday.

In pursuing his quest, Balon has become decidedly unpopular with state highway officials and contractors. He has baffled Lincoln officials. And he has won the cheering acclaim of his neighbors.

The stormy feud centers around the widening of Wixom road from the new expressway to the C&O railroad tracks. Work has gone on since early June and is roughly one-third completed.

On most days, work has started at 4 a.m. or shortly afterward, and Wixom road residents — including Balon — have been hard pressed to sleep through the commotion.

Balon first checked with the contractors and state highway depart-

ment officials and was told that the early-hour start is necessary to finish the project on schedule.

Not satisfied with that decision, Balon contacted township attorney Anthony Renne and was told that three township ordinances could be invoked to halt the work until at least 6 a.m.

Balon then asked Novi police chief Lee BeGole to instruct his men to ticket any heavy-equipment operators who started work before

AMVETS to Attend State Convention

Four Novi AMVETS will attend the state convention of the veterans organization in Detroit next week end with hopes of seeing two fellow post members elected to state offices.

Names to represent Perry Kenner Post 76 at the convention at the Fort Shelby hotel were Commander Robert Gazley, Charles Trickey, Jr., Stan Balon and Gordon Promo.

Their alternates are Richard Lake, Al Mulraney, Duane Bell and Lou Chizmark.

The post has unanimously agreed to support district commander Fred Solomon for state finance officer and Anthony Renne for state judge advocate. Renne held the position previously.

Representatives of the AMVETS also are scheduled to present an American flag and troop flag to Novi Boy Scouts of Troop 54 Monday evening. The post sponsors the troop.

that hour. For several days, peace settled over Wixom road.

But then Novi supervisor Frazer Staman declared the ordinance could not be enforced in the Wixom road project because of certain legal technicalities. Renne disagreed with Staman at the township board meeting Monday night.

But Renne did note that an injunction might be a more conclusive way of settling the question.

In the meantime, a confusing run of events was occurring in the background, tending to obscure the issue and provoke personal bitterness.

Out of it all, however, Balon carried through with his threat to begin injunction proceedings. Renne prepared the papers Monday and Tuesday, and they were served Wednesday on the Loselle Construction company and subcontractors William Cunningham and James L. Lillie.

Meanwhile, Lincoln officials have examined the issue to see how it affects them — if at all. The need for a widened road stems from greatly increased traffic at the new plant, but other than that, Lincoln apparently plays no part in the project.

Recreation Funds Sought from Novi

Willowbrook parents may soon be asked to contribute to the Northville recreation department to help pay for part of the summer recreation program in which their children participate.

This possibility arose Monday evening when the Novi township board turned down a request for funds from Northville recreation director Stan Johnston.

Johnston told the board that the program will cost some \$10,000 to operate this year, and that Novi children account for some 15 percent of those taking part in it.

Johnston suggested that the board contribute seven percent of the \$10,000 — or \$700 — rather than 15 percent, based on the 1956 rate of participation.

Township attorney Anthony Renne advised Johnston that the board could not legally contribute to such a fund, although Johnston pointed out that Northville township has made arrangements to contribute in recent years.

Supervisor Frazer Staman and treasurer Ray Harrison also noted that Novi youngsters who participate in the program come primarily from the Willowbrook and southern Novi area and that township funds must be spent for the benefit of all Novi.

At that point, James Newton, a Willowbrook resident, suggested that Johnston contact the Willowbrook Community Association and present the problem. Johnston indicated that he would.

\$825,000 To be Asked Wednesday

Novi school district voters will cast their ballots next Wednesday on a proposal to raise an \$825,000 bond issue for a new elementary school and three future school sites.

One polling place — at Novi school — will be open. Ballots may be cast from 7 a.m. to 8 p.m.

To vote, residents must be taxpayers in the school district, at least 21 years old, a U.S. citizen, a resident of the state for six months, and a resident of the school district for at least 30 days prior to the election.

Registration is not necessary for the election. At present Novi is not a registration district.

If approved, the bond issue will provide funds for construction of an elementary school near Willowbrook and the purchase of sites for another elementary school, a junior high, and a high school.

The new elementary school will be built southwest of the 10 Mile and Meadowbrook road intersection, in the heart of Novi township's fastest growing residential area.

It would be a 13 classrooms and a multi-purpose room, designed in the functional style prevalent in contemporary school architecture.

The school would have a capacity of 420 students and would relieve conditions that threaten to overcrowd the present elementary school by next year at this time, according to school officials.

If the bond issue is approved, construction of the school would begin this fall. It would be completed in time for classes in the fall of 1958.

Of the \$825,000 bond issue, some \$480,000 would go for the building itself. A total of \$45,300 would be used for repairs on the existing building, and \$100,000 would cover purchase of sites for the three future schools. The remainder would go for miscellaneous expenses connected with the new building.

The Willowbrook elementary school would be the second in the Novi district, which now is beginning to feel the first onrush of anticipated growth.

The present school building was enlarged in 1955 to raise its capacity to 520 students.

18 Candidates File in Wixom

Wixom's July 15 charter election will also present a lively contest for the village's first council.

Fears that the race for six council seats and the presidency would not attract many contestants were forgotten as the deadline for filing petitions was reached Monday.

Eighteen candidates, three for president and 15 for council, entered their petitions before the 8 p.m. deadline on Monday.

Only one member of the charter commission filed for office. He is Everett N. Pearsall, candidate for the two-year president's term.

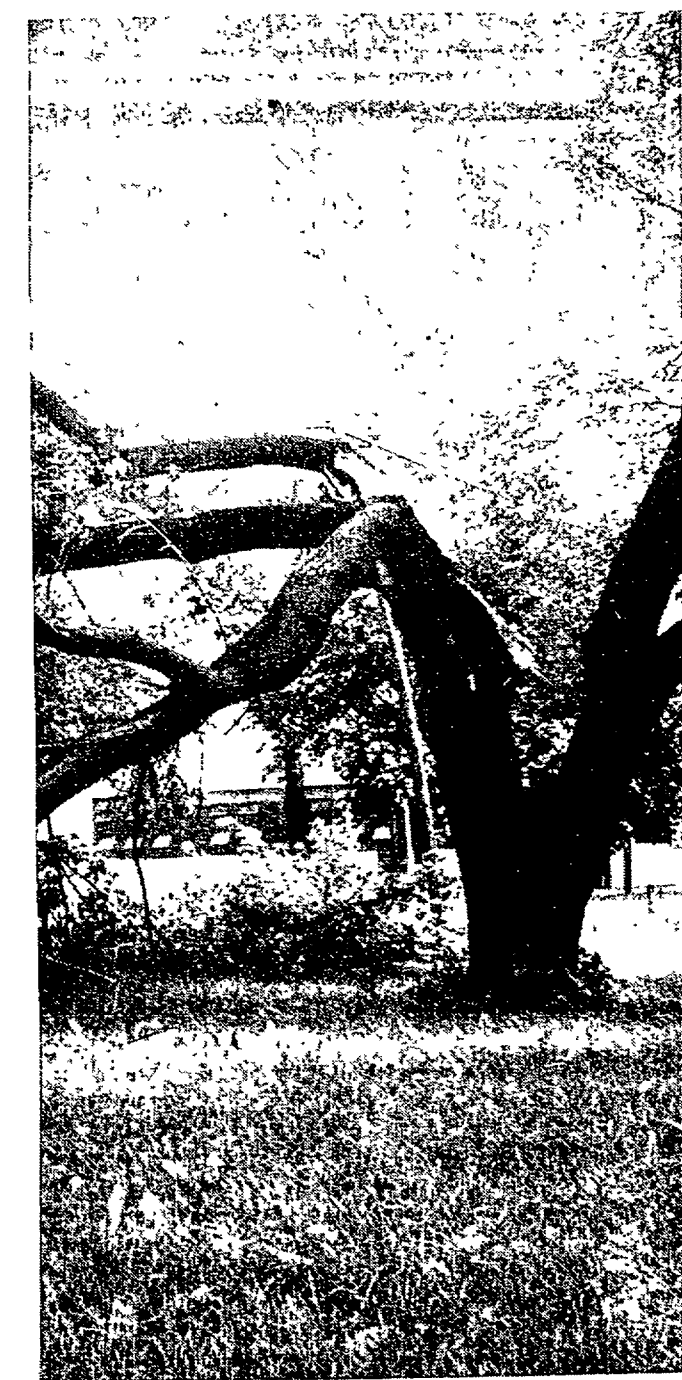

Other candidates for president are Wesley E. McAtee and Joseph T. Stadnik.

Candidates for the six council seats are: Gerald O. (Bill) Abrams, Jessie R. Birchard, Del H. Bourgeois, Norman Brackett, Mrs. Lotie E. Chambers, Paul DePodesta, Reece Lacy, Gunnar E. Mettala, John S. Ryding, James E. Sereno, Vernon M. Spencer, Walter S. Tuck, Robert C. Wagnitz, Mrs. Johanna Ware and Edward R. Wendt.

Only three of the hopefuls reside in the Novi township section of the newly formed village. They are Abrams, Spencer and Mrs. Chambers. Spencer, along with Lloyd Croft, once filed a suit to have the Wixom incorporation election invalidated. The action was denied by Clark J. Adams, circuit court judge.

Between 450 and 460 registrations were recorded for the election. Village residents had to register by last Monday to be eligible to vote.

If the charter wins approval, a proposed amendment is already promised. Meeting two weeks ago, the Wixom Civic Association voted to submit petitions for an 8-mill tax limitation after the election. Presently the state limitation of 20 mills is the charter's only check on tax limits.

FIREWOOD — Heavy rains lashed Northville and Novi again last week, and one of the first casualties was this spreading tree across from the Northville Ford plant. The rain lasted only a short time, but it was long enough to end the tree's shade days and prepare it for a fate in someone's fireplace.

Novi Highlights:

Methodist Picnic Tomorrow

By Mrs. Luther Rix Phone Northville, 2741

The annual Sunday School and Vacation Bible school community picnic will be held at the close of the Bible School Friday, June 21 at noon at Kensington park. Everyone is welcome to be present. Bring your own table service, beverage and passing dish. Ice cream will be furnished by the Sunday School.

Mr. and Mrs. Harold Miller had an open house for their son Wm. after his graduation from Northville High School last Thursday evening. The twenty-five guests present came from Novi, Plymouth, Livonia and Detroit.

Mr. and Mrs. Clyde Wyatt entertained for four days last week, the former's nephew and family Mr. and Mrs. Gerald Gallup and children from Muskegon.

Mr. and Mrs. Chas. Trickey Sr.,

left Tuesday morning for a week's vacation at Vaughan Lake near Glennie.

Mr. and Mrs. Chas. Trickey Jr., had a family picnic at their home on Fonda St. Sunday. Those who came were Mr. and Mrs. Chas. Trickey Sr. and Mr. and Mrs. Duane Bell and children.

Rev. Arnold Cook has been on the sick list for the past week.

Mr. and Mrs. Ed Putnam are spending a few days this week at their cottage near Lewiston.

Mrs. Harold Ortwin will entertain her Birthday Club Thursday evening. The guests will be Mesdames Russell Ortwin, Andy Kozak, Doug Watson, Bob Brown, Kenneth Rippey, Eugene McHale and Wm. Paquette.

(Continued on Page 7)

In Willowbrook:

Small Fire Damages Kitchen

By Mrs. John Parent — Greenleaf 4-2060

There was a fire last week at the Walter Pinner home on West LeBost. Pat left some grease on the stove while she went to check on the children. There was considerable damage done to the kitchen.

Edgar and Mary Frutchery of Malott served dinner Friday to Mr. and Mrs. Jack Dayle of Ferndale.

A surprise birthday party was given for Ethel Stover of Glen Ridge on June 9. The guests from Northville were Mr. and Mrs. Kermit Nolte, Mrs. Helen Robertson, Janiece Robertson and Bill Newman.

John and Ann Halick of Mooring-side went to the Tiger game Sunday and enjoyed dinner afterwards at Hucks.

Clifford Bunker and his son, Teddy, of Mooringside also attended the Tiger game last Sunday.

Chuck and Jenine Duprey and their children of LeBost spent the week end at their cottage on Runan lake.

Attending a party for ninth graders at Chris Hammond's home in Northville recently were Marty Klerkx and Sharon Williams of Millstream.

Bridge club was held Wednesday night at Margaret Bunker's home on Mooringside. The winners were Eileen Miklas, first, and Virginia Barnes, second. Marg Parent won the consolation prize.

Fred (Sparky) Burn of McMahon celebrated his 14th birthday Sunday with a family party. His father surprised him with an English racing bike.

Christine Boretta of Border Hill performed in her piano recital, given by Kathleen A. Rogerson June 13 at the Rosedale Park Civic auditorium. Her selection was "Alpine Wedding Festival". Attending from Willowbrook besides her parents, Mr. and Mrs. Albert Boretta, and sister, Bonnie Lynn, were Mrs. Le-

Roy Richardson, Mrs. William Beadle, Patricia Muns and Sandra Grant. After the recital they all honored Christine by having dinner at Lewis' Inn.

Sylvia Klerkx of Millstream attended a legislative meeting at Aunt Fanny's in Royal Oak June 4. Representative Leslie Hudson gave a report for the democratic party.

Michael Brondstetter of West LeBost is in Oklahoma City for the semi-centennial auto show.

Bobbie and Howard Stine of McMahon attended a graduation party Saturday for Jim Mulla, the son of Paul and Eleanor Mulla of Livonia.

Vi Myers of Border Hill spent five days last week as a guest on the H. O. Treirice companies 47 foot cruiser. She was busy taking movies on her trip. Vi returned home Saturday to celebrate her and Errol's seventh wedding anniversary and to take Errol's mother to Suffolk, Ohio for their families' 54th reunion.

Miss Amelia Bork of Long Island has been a house guest of the Philip Rannos of McMahon for the past two weeks. She especially enjoyed her shopping trips to Northland and Ann Arbor. She also enjoyed dining out at the Forest Lake Country club and Kingsley Inn.

Bob and Helen Waugh of LeBost had as their house guests Bob's family, Mr. and Mrs. Paul Marshall of Miami, Florida.

Two Willowbrook couples were attendants in their sister's wedding on June 8 at St. Joseph's Episcopal church in Detroit. Jean Gould of Glen Ridge was matron of honor and Sue Dean of East LeBost was bridesmaid at the wedding of their sister. Sally Glass, to Dick Ford, Bill Dean and Bill Gould were ushers at the wedding and the couples attended the reception afterwards in the church hall.

Novi Democrats Schedule Dance

The Novi Democratic club held its monthly meeting on June 10 at the Novi Community hall. The club had visitors from Northville and wish to thank them for their interest.

A decision was made to give any member who enters the armed services a paid membership in the club while serving their country, and to send them a copy of the local newspaper periodically.

The club will sponsor a dance at the Walled Lake Casino on August 2. Johnny Long and his orchestra will play for dancing. Tickets are available from any of the members.

Thomas Jefferson started the Democratic party in 1793 when he resigned from Washington's cabinet and formed his own political party.

brother L. J. Putnam and family at Lewiston for several days last week.

Mrs. Dean Parker of Vassar spent the week-end with her parents, Mr. and Mrs. Fred Garlick.

Wm. Hansor Sr. attended a family reunion at Milan last week. He also visited Herbert W. Long at Tecumseh for several days.

Mr. and Mrs. Robt. Hansor held a family get-together at their home on Father's Day.

Mrs. Mary Skeltis is on vacation for the coming two weeks.

Mr. and Mrs. Fred Garlick spent a Sunday recently with Mr. and Mrs. Harry Newman in Livonia.

Girl Scouts

The Senior Girl Scouts are having their Camp Out at Island Lake this week. The girls who are camping are Ann Voatman, Jackie Bailey, Claudia Mairs, Martha Goodfellow, Janice McKinney, Carol Simmon and Sharon Clarke. The leaders are Mrs. Kenneth Bassett and Mrs. Vincent Hayes.

The teachers and helpers for the Novi Methodist church Bible School are Nesby Button, devotions and singing. Others are Signa Mitchell, Betty Trickey, Roberta Kirkwood, Laree Bell, Lillian Knodle, Clara Wadland, Lulu Whittington, Arlene and Maxine Gillett, Helen Crawford, Kathleen Cotter, Pat Robertson, Daryl Fredrick and Alma Klesner.

Novi Rebekah News
The Past Noble Grand club will meet at the home of Doris Darling Thursday, June 20.

At the next regular meeting Thursday, June 27, LaVerne Manley, warden of the Rebekah Assembly of Michigan will be a visitor at Novi lodge. She will be a guest of the lodge at a six o'clock dinner at Saratoga Farms prior to the meeting at 8 p.m.

Anyone wishing reservations call Margaret Marshall at Market 4-1469. Gertrude Enders, Northville 2847-W or Kathryn Bachert, Northville 970-R11.

Sunday, June 23 the Oddfellows and Rebekahs Memorial service will be held at the Odd Fellow and Rebekah home in Jackson at which time there will be a dedication service dedicating a new electric organ to the chapel.

Goodfellows
The Novi Goodfellows met at the township hall Monday evening to make the final arrangements for selling the flares for Fourth of July. You may get your flares from the various organizations or from business people in town. Mrs. Lester Ward would be glad to deliver the flares if they are ordered from Ward's service station.

Mrs. Marie LaFond of Twelve Mile road, her three daughters and four daughter-in-laws have a family card club which ended its season last Thursday with a smorgasbord at the Canape hotel in Brighton. Her daughters are Mrs. Kenneth Bassett, Mrs. Ray Dawson and Mrs. Ernest Schultz. Her daughters-in-law includes Mrs. Ray LaFond, Mrs. David LaFond, Mrs. Cecil LaFond and Mrs. Donald LaFond.

Resident Receives Masonic Honor

A Northville resident has been awarded the designation of Knight of the York Cross of Honour, highest honorary degree in the York Rite of Freemasonry.

It was conferred on Charles Raymond VanValkenburg of East Main street, who qualified as one of those who have held the highest office in each of the four bodies of the rite.

Mr. VanValkenburg served as Master of the Northville Lodge in 1921; High Priest of Union Chapter, Royal Arch Masons in 1924; Master of Northville Council, Royal and Select Masters in 1957; and Commander of Northville Commandery, Knights Templar in 1929.

"Pajama Game" is New At Music Circle Theater

"Pajama Game", one of the eight most popular musicals in theatrical history, opens Tuesday, June 25 at the Music Circle Theater on the grounds of Botsford Inn, Grand River at Eight Mile road. The show ran on Broadway for over 29 months to capacity audiences for a total of 1,061 performances. Actually "Pajama Game" would have easily

Temperature High, Discussion Long At Novi Meeting

For a few minutes Monday night, it looked as if the Novi township board meeting might end in a record 30 minutes.

But the overbearing heat notwithstanding, the board settled down for one of its longest meetings in recent months and sweated through a variety of controversial matters.

Supervisor Frazer Staman announced at 8:30 p.m. that he had completed his agenda, but as the audience stood up to leave, other board members brought up new business.

Trustee Stan Balon started off by calling two department heads — police chief Lee BeGole and fire chief Fred Loynes — before the board and telling them they were "accountable to the entire board, not just one individual."

When Staman asked what he meant, Balon said he felt the department heads were under "pressure." He said the pressure was coming from Staman.

Staman said no pressure can be exerted because the work of the department heads is spelled out in detail in township ordinances.

Balon replied that some sort of pressure had been brought to bear in connection with the controversy over working hours on the Wixom road project.

After considerable discussion on the Wixom road problem, Balon repeated that "pressure" has been applied.

Staman replied that the police and fire departments have worked so successfully in recent years that Novi has not been faced with false arrest suits "or any other kind of trouble".

A second Novi employee — township park custodian Robert Richardson — was then called before the board.

Clerk Hadley Bachert accused him of "acting like a policeman" by carrying a revolver and having red flasher lights on his vehicle.

Richardson replied that he has a permit to carry a gun and that the lights were installed when he was a special county deputy.

Staman backed up Richardson by saying his job often requires him to encounter unruly persons in the park late at night.

But when treasurer Ray Harrison pointed out that Richardson might be tempted to use the gun in a fit of anger, Richardson agreed not to carry the weapon on his rounds and to call township police in case of extreme trouble at the park.

The board then turned to a discussion of its recently-instituted purchasing system.

Balon, who proposed the system, claimed it has not been followed in purchasing police and fire supplies. He said he would not sign future purchase papers if it is not followed.

Staman countered that the system is unwieldy and often unnecessary, especially when purchasing emergency supplies.

Obituary

ANTHONY LAHS

Mr. Lahs, who lived at 8921 Deering, Livonia, died at Wayne County General hospital Saturday, June 15. He was 80 years old. Mr. Lahs was born in Dundee, Michigan to Charles and Fredericka Lahs, and was a carpenter by trade. His wife, Pearl, preceded him in death. Surviving are sons Walter and Verl of Livonia, and a daughter, Mrs. Gertrude Hartel of Trufant, Michigan. Funeral services were held Tuesday from the Casterline Funeral Home, Rev. Walter Fry of St. Martha's Episcopal church officiating. Burial was in Forrest cemetery, Toledo, Ohio.

MRS. LEONA FOX

A former Northville resident who lived on High street, Mrs. Fox, died Wednesday at her home in Madison Heights, Michigan. For time of services, call the Casterline Funeral Home, 265. A complete obituary will follow next week.

The Northville Review club will meet next Thursday, June 27 at the home of Mrs. E. M. Starkweather. Mrs. A. M. Lawrence will review "To See The Dream" by Jessamyn West.

SCHOOLS OUT

A WARNING from Joseph Denton, Northville police chief, this week week reminded motorists that with schools closed for the summer more children will be playing and darting into the streets. He called for caution and attention to signals and speed limits. Violators will receive a summons and their record sent to Lansing, he said. He also cautioned new drivers of their responsibility behind the wheel and asked parents to advise their children of the dangers in crossing the street. Denton also asked bicycle riders to ride on the right side of the street, never more than two abreast and only one person on the bicycle. "Bicycle riders should obey all traffic signals and also display lights if riding at night," he added.

OUT OF THE PAST

ONE YEAR AGO

Voting machines were used for the first time in Northville in a special election called to annex the Yerkes farm site. Delores Burrell became the bride of Richard Barber in a ceremony in St. Paul's Lutheran church of Northville. Mr. and Mrs. Harold W. Miller celebrated their 25th wedding anniversary with an open house at their home. The North Oakland county unit of the American Cancer Society reported that the 1956 Cancer crusade in Northville went over the \$500 mark. Ralph Foreman of West Seven Mile road was elected chairman of the Apple Institute at the organization's convention in Atlantic City.

FIVE YEARS AGO

Jewelry stores in Northville and Plymouth formerly owned by the late Dean Herrick were purchased by Seyfried Jewelers, one member of a four-man partnership. Planning for construction of a community building in Northville reached the stage where the village commission decided it hopeless from the standpoint of cost. An increase of donors in the final two hours of the visit of the blood bank's mobile unit pushed the final tally to 86 pints of blood. Classified Ad: Three pigs strayed to 51853 West Nine Mile road last Wednesday morning. Owner please claim, pay for ad, and feed.

TEN YEARS AGO

More than 800 men, women and children took advantage of the free X-rays given in Northville. The tax for the village of Northville was set at \$15.33 per \$1,000 as compared with \$17.38 for 1946. Scholarship awards were presented at commencement exercises to Albert Black, Albert Bidwell, Albert Lees, Hugh Lockhart and Helen Ann Cansfield. Hugh Lockhart, son of Mr. and Mrs. George Lockhart, was awarded a four-year scholarship to the University of Michigan under the U.S. Naval officer procurement plan.

FIFTEEN YEARS AGO

Seventy-four seniors earned diplomas at commencement exercises held at the local fairgrounds. The Rev. Fr. John M. Lynch held his first mass at Our Lady of Victory church. He succeeded the Rev. Fr. Joseph Schramm who was transferred to a parish in Mt. Clemens. Dr. Harold I. Sparling received papers ordering him to active duty with the rank of captain in the Army Medical Corps. Northville experienced its first test blackout. A 24-hour advance notice was given and the blackout lasted 20 minutes.

TWENTY YEARS AGO

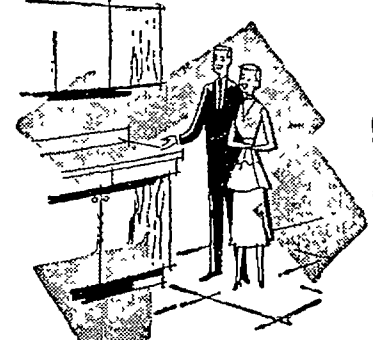

Superintendent of schools R.H. Amerman reported that the end of the school year found approximately \$600 in the treasury after all expenditures in the new building, salaries, operating expenses and incidentals had been paid. C. Harold Bloom was elected president of the Exchange club. TWENTY-FIVE YEARS AGO A loan of \$7,600 which the Northville school board had been

attempting to get for six weeks was obtained, and May and June checks were distributed that afternoon.

FORTY YEARS AGO

The annual banquet of the Northville high school alumni association was held in the new school building. A runaway gave Cecil Carey an opportunity to establish a new record for horse-catching. He was considered qualified to run down and corner up any steed that got away from proper control.

Readers Speak Up:

BIGGER HOLES IN NOVI FUTURE?

To the editor:

Last spring when the railroad was installing what appeared to be new lights at 12 Mile road, we thought it was a light for strangers so they would know which was Taft road and which was the railroad. (I can assure you the railroad track is in a lot better shape to drive on than Taft road is.) But it turned out to be an automatic switch for the side track.

It is a shame we are to step aside for them to make way for progress. And they leave a road like that. I have found out it doesn't do any good to ask the township or county. You only get told it is a civil suit. But maybe that's what they mean when they tell about big things in the future for Novi — bigger holes in the road.

D. M. Parkinson
27110 Taft Road

P.S. By the way, we now have a garden in our meadowland this year, thanks to the man who always has time for the little fellow — our governor — and the publicity The Novi News gave us in printing facts.

ANSWERS CRITIC OF BOND ISSUE

To the Editor:

In reply to Mr. Koester's letter, I would like to state that the notice of the Novi Citizens Committee for Better Schools was addressed to all interested citizens.

Mr. Koester could have been aware of the groundwork that was laid before the upcoming bond issue was prepared, if he attended any of the many special or regular Board of Education meetings which are always open to the public.

The present Novi school has a capacity of 600 students ONLY at the sacrifice of library facilities and extremely crowded classrooms. This fall will see these undesirable conditions at our school. What would happen if we waited until 1960 for the Federal census figures before we started to PLAN for additional schools? A study of the proposed bond issue shows that it provides for classrooms needed now and also for site development of schools that will be needed when the population influx due to the Lincoln plant becomes a reality. Willowbrook's population is a reality now.

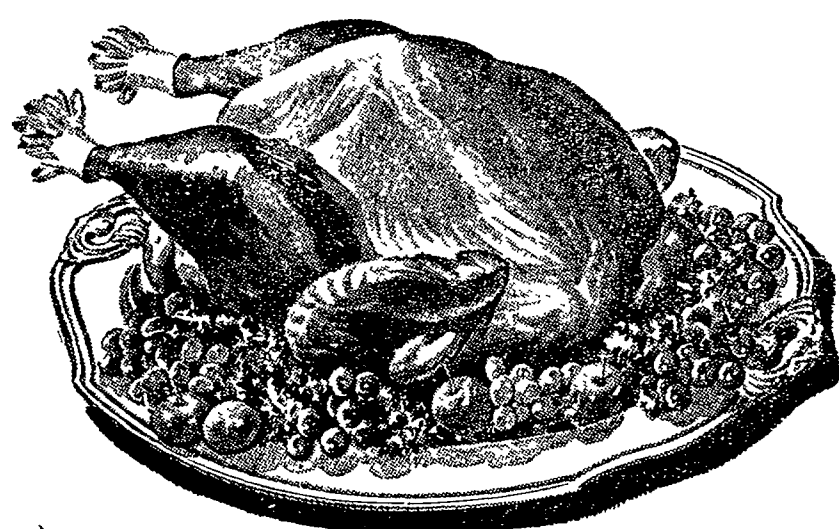

Gilberte Ardito,
Member Novi Democratic Club

HIGH SCHOOL SCHOLARSHIPS — These four eighth grade graduates of Our Lady of Victory school were the proud winners of Mother's club scholarships of \$50 at the school's commencement ceremonies last week. From left to right, they are Pat Carroll, Carroll Crupi, Betty Strenich and John Manica. The girls will attend Ladywood school in Livonia and the boys University of Detroit high school.

Third Grade Teacher Retires This Year

A Northville elementary school teacher who has spent over 25 years teaching in Michigan, the last ten in Northville, retires this year.

She is Mrs. Martha Egge, who has taught the third grade in the Main street school for ten years.

Mrs. Egge, along with Miss Ruth Knapp, RN, also retiring, was honored at a dinner at Hillside recently attended by fellow teachers, and school administrators.

She received her BA and MA degrees from Michigan State Normal college in Ypsilanti.

Mrs. Egge is now on a vacation trip through the east.

A SONG IN MY HEART

The Psalmist says, "He brought me up also out of an horrible pit, out of the miry clay, and set my feet upon a rock, and established my goings, and He bath put a new song in my mouth, even praise unto our God." Psalm 40: 2-3. The Christian faith is the faith which has a song of gladness. It is the only religion in the world which employs major or music dominantly, other religions of the world use the minor music! In Korea when a poll was taken among the captives as to their choice of religion many of them said, "Give us the religion with a song." The faith of Jesus Christ is that religion. Who else can know the joy of sins forgiven? The fear of facing God in the judgment removed by the promise of God that our sins have been wiped away by the sacrifice of Him whom we have claimed as our personal Saviour. The present ministry of the Shepherdhood of the Saviour in protection, sustenance, guidance so that we can say, "I shall not want." Then the glorious hope of eternal life in glory when we are through down here. When Christians meditate upon such wonderful prospects they cannot help having a song in their hearts. Do you have it?

Cost of New School...

this year will be 15.81 mills — including the seven for the old and new debts.

For each of the four previous districts, the difference between taxes last year and taxes this year would be:

	1956	1957	Difference
East Novi	12.79	15.81	3.02 more
Durfee	7.00	15.81	8.81 more
Novi	17.04	15.81	1.85 less
Putnam	9.04	15.81	6.77 more

Thus the former East Novi, Durfee and Putnam district taxpayers would find their taxes increased — though by less than the nine mills they authorized — and former Novi district taxpayers would find their taxes reduced from last year because they would be paying only two mills rather than eight mills for retiring old debts.

And how would this tax picture—15.81 mills this year—compare with that in neighboring communities?

Very favorably, say Novi school officials. In Farmington, for example, the millage is estimated at 23.01. And in Northville last year, it was 22.45. Walled Lake district taxpayers face a 21.50 rate, and those in South Lyon will pay 19.25.

School officials make one final point in presenting the background of their request: in order to keep interest payments down as low as possible, bonds would be sold only as the money is needed.

In addition to the entire money question, of course, one fact seems to them to be of paramount importance: by this time next year, Novi school will be overcrowded. Only by authorizing a new school at this time can the situation be overcome, they feel.

FOR LONGER RUG LIFE

WHEN YOU use a carpet sweeper or vacuum cleaner on small rugs, run the cleaner diagonally across the rug instead of lengthwise. The rug is less apt to wrinkle and get caught in the cleaner. Never shake or snap small throw rugs. The snapping action may break yarns in the backing or loosen the bindings.

PAYING THEIR FIRST VISIT to the new Lincoln assembly plant recently were Ford president Henry Ford II (second from right) and Ernest R. Breech, chairman of the board (extreme right). They were taken on the tour of the plant and general office building by Bent D. Mills, Ford vice president and Lincoln general manager (second from left) and William D. Singleton, Lincoln general manufacturing manager (extreme left).

Oh, No!

City taxpayers can brace themselves for some \$92,000 in notices next week.

The summer tax bills are scheduled to be mailed next week and will be due July 1. A four percent penalty is added on all unpaid taxes on September 1.

Taylor University Awards Scholarship To Janice Howarth

Janice Howarth, daughter of Mr. and Mrs. James Howarth of East Seven Mile road, has been awarded a selective honor scholarship at Taylor university, Upland, Indiana. This scholarship of \$600, payable in the amount of \$150 a year for four years, is awarded to an entering freshman, who ranks in the upper ten percent of his high school graduating class.

In order to retain this scholarship, the student must maintain a C average during the freshman year, a C-plus average the sophomore year and a B average the junior year. In addition to scholarship, the student must also maintain a satisfactory citizenship status.

Salesman's Car Hits Tree on Griswold

A Detroit salesman whose auto crashed into a tree on Griswold avenue Tuesday is reported to be in satisfactory condition at New Grace hospital in Detroit.

He is Abe Steinman, 43, who was driving south on Griswold when his car went over the curb and hit a tree in front of the E. B. Cavell residence, 315 Griswold.

He was taken to Sessions hospital and transferred to New Grace.

Democratic Club Schedules Picnic

The Plymouth Democratic club announces that the Northville public is cordially invited to attend its annual picnic to be held Sunday, June 23 at Gunsolle Mille at 2 p.m.

Further details may be obtained by calling Mrs. Agnes Rollins, picnic chairman, at Plymouth 3885, or her Northville assistants, Mrs. Nancy Fowler, 1493-W or Mrs. Alice Woodruff, 589-R.

In case of rain, the picnic will be held Sunday, June 30.

Happy Night for the New Queen

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST 1868 Thursday, June 20, 1957—11

BEAUTIES AND BRAWN — Betty and Anne Williams, the 1956 queen, pose with three Marines from Pontiac for a picture that will go around the country in the monthly Marine recruiting magazine. It's doubtful, however, that the Marine Corps will convince many prospective boots that such pleasant duty is a routine part of leatherneck life.

CROWDED DANCE FLOOR was an indication of the popularity of Russ Carlyle's orchestra — one of the country's top bands for many years.

RUNNERS-UP—Joan Fanson (left) who was named "Miss Northland" and Carol Volkin, a "Miss Universe" contestant, pose for the judging. Judges were Mrs. Joseph Williams, Andrew Makris, George Burroughs, Anthony Olivich, Pete Gross and Robert Webb.

It was the first time she had ever entered a beauty contest in her life, and pretty Betty Wilson was wondering why she had decided to do it this time.

True, she had reached the finals and there were only two of the original 13 girls still competing against her.

But of those two, one — the statuesque brunet — was "Miss Northland". And the second, a petite blond, was going to be in the Michigan "Miss Universe" contest the next day.

Yet when bandleader Russ Carlyle stepped forward to announce the judge's decision, she heard him say "Number 11". And 11 was her number.

Amid an outburst of applause, "B.G.", who only the night before had graduated from Northville high school, stepped forward to receive her crown as "Miss Novi AMVET" of 1957.

With Carlyle standing by, the shimmering coronet was placed on her head by Anne Williams, the lovely Willowbrook Village girl who won the title last year.

Afterwards, there were congratulations, words of advice and lots of pictures.

Three Marines asked to pose with her for a recruiting magazine.

An AMVET reminded her that on June 28 — her 18th birthday — she will represent Novi in the annual "Miss Michigan AMVET" pageant and that if she wins there she will go on to seek the national crown in Boston.

Then Joan Fanson of Grosse Pointe and Carol Ann Volkin of Detroit — the two girls who were finalists with her — stepped up and offered their congratulations. Both were veterans of other beauty contests, and could share Betty's moment of triumph with her.

Then she was whisked over to a parked convertible to pose as queen of the Northville '100' — a title that was to go to the winner of the pageant that night. As "Miss Northville Speedway", she will reign over the gala auto race to be staged at Northville Downs on July 4.

Finally her mother — Mrs. Monroe Wilson, of 410 North Main — helped pin on her crown for one last picture.

At last she had a moment to herself, and could think of the past — especially her recent high school days when she was vice president of her senior class and one of the cheerleaders of the Northville cheerleaders.

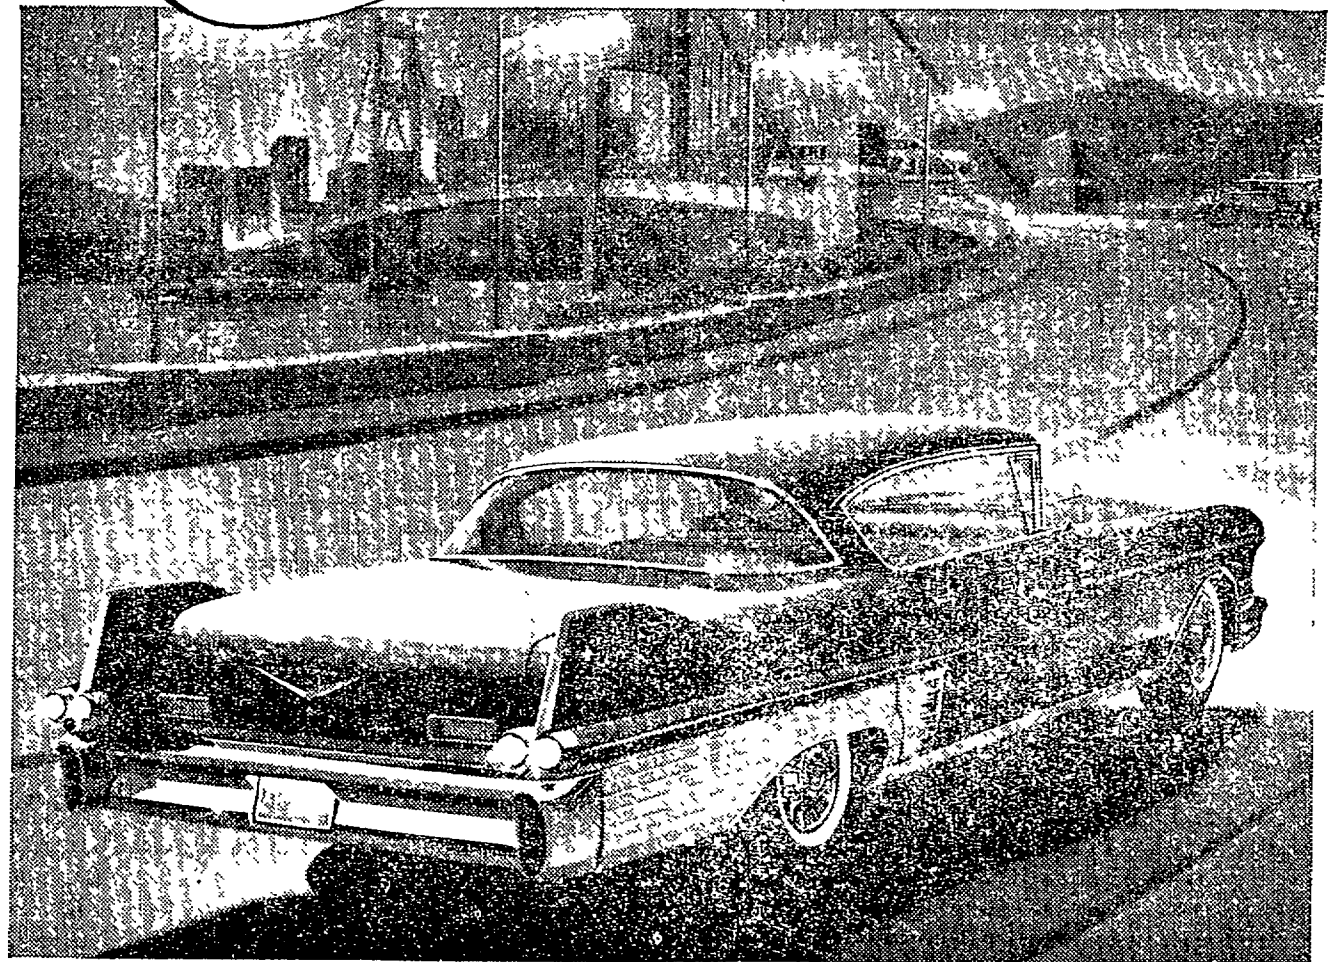

And she thought of the future—notably her upcoming college days when she'll study either criminal investigation or dramatic arts.

And once again she thought of the present when she — not giving herself a chance at all — had been chosen the fairest of the fair. She herself may have been surprised, but there were many people present who knew it all the time.

NEWLY-CROWNED QUEEN — "B.G." relaxes at last after the tense moments leading up to her selection as the 1957 queen. Here, she and Ann Williams, who presented her crown, enjoy a laugh with bandleader Russ Carlyle. Carlyle dedicated his new record "Beach Party" to Betty.

Cadillac

Since Sun-Up...and Still Not Tired !

The sun gleamed low in the east when he set out on his journey this morning.

And here he is—well after nightfall—still going strong at the wheel!

If you have spent any time in a new Cadillac car, you can understand his reluctance to bring his day's journey to an end.

For the man who holds the wheel of this magnificent motor car is heir to the greatest satisfactions ever conferred on a motorist.

To begin with, the car holds him in superb comfort through even the longest day. Its seats are wonderfully soft and buoyant . . . and every imaginable convenience is in constant attendance.

Then, of course, there is Cadillac's almost

unbelievable ease of handling. Starting, turning, stopping . . . the car seems almost to read his mind.

And, finally, there is the deep satisfaction he enjoys in commanding his own Cadillac car. For possession is nine points of the pleasure when your motor car bears the beautiful crest of Cadillac.

Little wonder, then, that he still finds himself at the wheel. For the miles ahead are always tempting —when the miles past have been so wonderful!

* * *

If you haven't as yet driven a new Cadillac, we urge you to visit your dealer soon.

A single hour is all you'll need to discover the magic of Cadillac's performance and the luxury of coachcraft by Fleetwood.

IN OUR CHURCHES

CHRISTIAN SCIENCE CHURCHES

Main and Dodge Streets
Plymouth, Michigan
"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon at Christian Science services Sunday.
Matthew's account of Christ Jesus' stilling of the storm at sea (8:23-27) is included in the selections to be read from the King James Version of the Bible.
Passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (182:32-4): "The law of Christ, or Truth, makes all things possible to Spirit; but the so-called laws of matter would render Spirit of no avail, and demand obedience to materialistic codes, thus departing from the basis of one God, one lawmaker."

ST. BARTHOLOMEW'S EPISCOPAL CHURCH

REGULAR MEETING
Second Monday of each month
LAWRENCE MILLER, W.M.
R. F. COOLMAN, Secretary

FAREWELL — Friends of the family of Reverend Ivan Hodgson gathered last Friday night at the First Methodist church to wish them luck in Adrian where Rev. Hodgson will begin a new pastorate soon. Gathered around the table are Rev. Hodgson, daughters Kathy and Barbara, Mrs. Fred Clark, Mrs. Hodgson and Ivan, Jr. New minister at the church will be Rev. Paul Cargo of Marquette.

Rev. Cargo to Preach Sunday

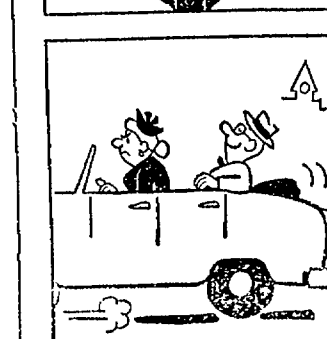

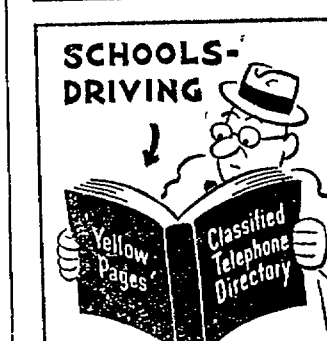

Rev. Paul Cargo

A minister who has traveled as a missionary in Mexico and a student in northern Europe will begin his duties as pastor of the First Methodist church of Northville this Sunday.
Rev. Paul Cargo comes to Northville from a four-year pastorate at the First Methodist Church of Marquette.
Rev. Ivan Hodgson, pastor of the Northville church for five years, will begin serving as minister of the Adrian Methodist church.
Both new appointments were announced recently by Bishop Marshall R. Reed at the closing session of the annual Detroit conference of Methodists.
Rev. Cargo, the son of a Methodist minister, has lived all his life in Michigan except while a student at DePauw university and Boston university. He received a bachelor of arts degree from DePauw in 1953 and an S.T.B. in 1945 from the Boston university school of theology.
He has served the Methodist church in Detroit, and at churches in Marine City and Marquette.
Rev. Cargo also has served as associate to Bishop Reed.
While in seminary, he travelled widely in Mexico as a student-missionary. In the summer of 1955, he helped organize and conduct a travel-study tour of northern Europe.
Mrs. Cargo is the former Martha Hatcher, daughter of a medical doctor. She graduated from Wellesley college in 1945.
The Cargoes have five children: William, 10; Cynthia 8; Elizabeth, 5; Sarah, 3; and Paul, four weeks.
Rev. Cargo will preach at the morning service at 10 a.m. this Sunday. Rev. Hodgson and Rev. Cargo were classmates at Garrett Biblical institute.

To Break Ground For New Church

Final blueprints are being drawn up this week for a \$70,000 first unit of the Willowbrook Community church.
The five-acre site near Meadowbrook and Ten Mile roads, part of the Borchard fruit farm, was being prepared this week with destruction of five buildings.
According to Rev. Byron Chapman, minister of the Evangelical United Brethren church, construction on the building will begin within the next six weeks.
The first unit will consist of a social hall, a chapel accommodating some 140-200 persons, and Christian education facilities. As the community grows, said Rev. Chapman, there will be added a large sanctuary designed to hold 300-400 persons.

KNOW A JUNE BRIDE?
Who doesn't! The question is—what about a gift? Well, one of the most practical and stylish gifts is an extension phone in color! Additional phones make life so much easier, and they're appreciated all year long. As gifts, they're not likely to be duplicated by others. An extension phone costs only about a dollar a month, plus one-time charge for installation and color. The charges can appear on your regular telephone bill. Choose from eight smart decorator colors.

HOW OFTEN do you use a public phone? If you're like a lot of people, you're using them more and more. Especially since they're getting so convenient. Wherever you go, you're likely to find a public phone—inside drugstores and restaurants, and outside for people-on-the-go. Outdoor phone-booths are lighted at night and open 24 hours every day in the year. It's a natural thing, when you're out, to use a public telephone—your "phone-away-from-home."

PLAN YOUR VACATION TRIP by Long Distance—the fastest, surest way to get information on resorts and travel facilities all over the country. Make your reservations by Long Distance, too—no mistake about dates or rates. Speaking of rates, did you know you can call places a day's drive away for less than a dollar? Take along a Telephone Credit Card, too. Then you can call Long Distance anywhere along the way and have the calls billed to you at home. Phone our telephone business office and ask about a credit card.

Can You Empty the Ocean Into A Hole In The Sand?

There are teachings in the Christian religion which we cannot grasp with our minds, nevertheless we believe them because they are taught by God in His infallible Word. One of these teachings is that of the Holy Trinity.

Last Sunday many churches observed the festival of the Holy Trinity and emphasized the fact that the only true God is the Triune God, or the Three-in-One God, — Father, Son and Holy Ghost, three distinct Persons in one Divine Being or Essence. In the Athanasian Creed we confess that "The Father is almighty, the Son almighty, and the Holy Ghost almighty, and yet there are not three Almighties, but one Almighty."

How Can This Be?

It is said that the ancient church father Augustine at first found it difficult to accept the teaching of the Trinity. One day he was walking along the seashore, meditating on this doctrine. "Three holy Persons in one Divine Essence," mused he, "equal in divine power, glory and majesty, yet but one God. How can

this be?" While in vain he was trying to search the mystery of the Godhead, he noticed a little child playing on the shore. With a colored seashell in its hand the child scooped a hole into the sand then ran to the waves, filled the shell with water, came back, and emptied its contents into the hole. "What are you trying to do?" asked Augustine. "I am trying to pour the sea into this hole," replied the child.

In that instant Augustine realized that he had been trying to do the same. Standing upon the shore of time by the ocean of the eternal and infinite Godhead, he had been attempting to grasp the concept of the Trinity with his small, finite mind.

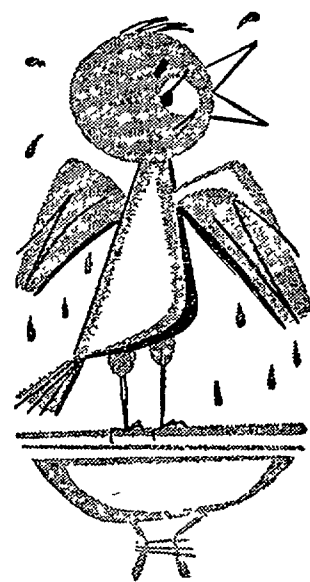

Although we cannot fathom God with our human mind, we know by faith that He is a God of love and has provided salvation for us. In this work all three Persons in God concur. The Father sent His Son into the world. The Son willingly gave His life for sinful mankind. The Holy Spirit brings people to the saving faith in Christ.

Knowing and believing this is what counts.

RECEIVED INTO CHURCH MEMBERSHIP on Pentecost Sunday, June 9 at St. Paul's Lutheran church were these 11 young people. Left to right in the front row are Norman Hughes, Noel F'Geppert, Patricia Schoch, Sharon Johnson and Larry Heidt. In the back row are Donald Busch, Linda Bell, Carol Janetzke, the Rev. B. J. Pankow, Bonnie Pratt, Sherry Coykendall and David Johnson. A few Sundays ago, nine adults were welcomed into membership.

See actual road-test proof!

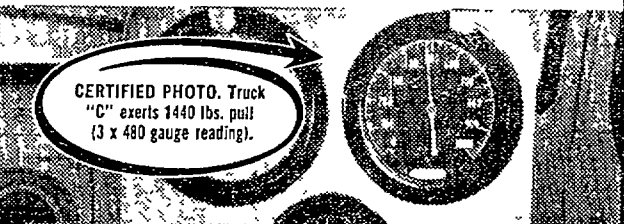

DODGE outpulls
"other two" low-priced trucks!

CERTIFIED PHOTO. Dodge provides 1950 lbs. pull (3 x 650 gauge reading).

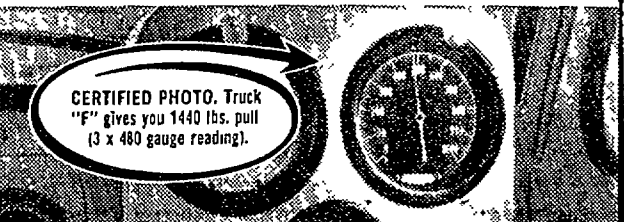

Here's the scientific way to measure the actual pulling power a truck can deliver to its rear wheels. All three low-priced trucks were hooked up, one by one, to a special dynamometer truck. Each was comparably equipped and test-loaded.

CERTIFIED PHOTO. Truck "C" exerts 1440 lbs. pull (3 x 480 gauge reading).

Super-sensitive gauges inside the dynamometer truck register the maximum pull of each truck at 10 m.p.h. Insets in photos above show actual gauge readings in each case. To convert these readings into pounds, simply multiply them by three.

CERTIFIED PHOTO. Truck "F" gives you 1440 lbs. pull (3 x 480 gauge reading).

The results are conclusive evidence that Dodge Power Giants give you a third more pulling power than either of the "other two" low-priced makes. And this is just one of a series of tests that prove Dodge is the best truck of the low-priced three.

● Your Dodge truck dealer has proof that Dodge leads in many ways. Come in... see other certified test-photo sequences... and take a demonstration ride!

SPEAKING

for the Record

By BILL SLIGER

It was news to us that CKLW radio and TV personality Myrtle Labbitt is a former Northville resident. What's more she still has strong ties with the community. Jack Junod, son of Mr. and Mrs. Arthur Junod of Plymouth avenue, is married to the Labbitts' daughter, Doris.

More interesting to us is the fact that Myrtle's husband, Ray, is a former Record advertising salesman. Now a paper salesman for Whitaker Paper company in Detroit, Ray calls on us regularly and this week filled us in on the details of a two months' vacation trip to Spain.

The Labbitts lived on Eight Mile road in the residence now occupied by the Paul Beards. In 1935 Myrtle, while living in Northville took a "temporary" job with CKLW and has been there ever since.

While in Spain the Labbitts had the free use of a Volvo, Swedish made automobile, with the compliments of the company. They took more than 10,000 feet of movies which viewers will be seeing on Myrtle's Friday afternoon (Channel 9) program.

Myrtle's program went on as usual while the Labbitts enjoyed the sights. Daughter Doris Junod took over. Another daughter, Joan, provided quarters in Spain. She lives in Madrid with her husband, Richard Dragin, who teaches U.S. Army youngsters.

Ray called the Holland Tulip Festival the highlight of their trip. He said that film clips are now being prepared for showing.

* * *

We didn't have enough room last week to squeeze in a story about vacations and burglars. Some handy DO's and DON'T's, approved by Joe Denton and Lee BeGole of Northville's and Nov's police departments, are worth heeding.

When going on vacation, they warn, DON'T: leave your home dark; close blinds or draw shades; leave valuables lying around; leave garage door open. DO: cancel all deliveries; have post office or neighbor hold all mail; close and lock all windows and doors; have phone disconnected; have lawn mowed and walks swept regularly by neighbor; tell neighbors and local police when you leave and how long you'll be gone.

Another sure-fire preventative: don't take a vacation.

"Installed many of these new electric water heaters?"

"Sure have. People are finding out they can depend on 'em for all the hot water they need."

SOMETHING NEW IN ELECTRIC WATER HEATING!

Only electric water heaters give you all these important advantages:

- ☑ Safest water heater built—flameless
- ☑ Plenty of hot water—24 hours a day
- ☑ Install anywhere—no flame, no flue
- ☑ Efficient—no heat wasted up a flue
- ☑ Cleanest—no soot, it's all-electric
- ☑ Cool to the touch—top to bottom
- ☑ Long lasting—built to rigid Edison standards

They add up to the finest hot water service ever offered in Southeastern Michigan.

See them at your dealer's, plumber's or Edison office

Youths Fill Prisons

MICHIGAN GOT A REMINDER last week that it has another major bridge project on the planning boards.

It won't be quite as long, as high, or as expensive as the Mackinac Straits Bridge, but it will be important.

For years, governors appointed members to the International Bridge Authority, but the work went on quietly until this spring.

The Authority's mission is to build a bridge linking the Upper Peninsula and Canada, from Sault Ste. Marie, Michigan to Sault Ste. Marie, Ontario.

For years, the plans were a toss-up between a bridge and a tunnel.

This spring, the legislature appropriated \$1 to the Authority — a maneuver to link the Authority and its finances directly to state government.

Last week Attorney General Thomas M. Kavanagh ruled that the Authority is "an agent and instrumentality of the state and is acting on behalf of the public."

This added official stature to the Authority and observers predicted the day will arrive soon when the bridge is financed and started.

Only nagging fear — a fear present when the Mackinac Bridge and any other large self-liquidating project is started: that the direct tie-in with the fortunes of the state will require the state to pay off the bonds if revenues do not.

There are still myriad details to be worked out.

Michigan has cleared the approaches to the bridge, but the Canadian phase of the project is still in negotiations.

MACHINERY DEvised by state government to keep as many bad drivers off the road as possible has set another record.

During the first five months of 1957, Secretary of State James M. Hare said the licenses of more than

6,000 motorists were revoked or suspended.

More than 3,183 drivers were called in for re-examination of their driving fitness, another new record. More than 4,400 were sent warning letters.

"This is the first step in slowing down drivers who are headed for trouble," Hare said.

* * *

PRISONS ARE "HARVESTING" a crop of more than 600 youths a year.

Young men between 15 and 25 represent 40 percent of the state's annual prison intake. They were born during the years of World War II and are known as the "War Babies".

* * *

The increased number of young people in the prisons is bringing changes.

Prisons being planned for the future rehabilitation and vocational training, rather than the sheer detention of a criminal as punishment for his crime.

Work also is progressing on salvaging young men before they reach prison — a program of vocational training in the community on a probationary status.

Judges and penal experts are learning that the troubles of some youths stem directly from their failure to have developed useful pursuits. Making a living, for instance.

The program was pioneered by Robert H. Scott, youth division director for the state department of corrections.

When a judge places a juvenile offender on probation, he is enrolled in PREP (Pioneer Readiness for Employment Program), a state-local cooperative project.

Only one city — Mt. Clemens — has a full program now, but other cities are making plans.

"Graduates" receive their "diplomas" when they have learned a trade and are released from probation.

* * *

AS SUMMER INFLICTS the dol-drum on many activities, look for these projects and events in state government:

There will be an attempt to slow down or halt actions of railroads in abandoning passenger service on lines considered to be unprofitable.

Republicans will launch a general tax study with an eye toward realigning the entire state revenue structure.

Legislators in both parties will get behind a plan to safeguard labor union funds from raids similar to that which sent Teamsters Boss Dave Beck before a Senate committee.

Auto Gold Lies in Parking Lot Investments

Babson Park, Mass. — Of two things I am certain, either radical steps must be taken to head off the increasing automobile congestion in cities, or else the sale of automobiles will decline. Either a hundred billion dollars must be expended for road improvements, or else readers had better sell their General Motors stocks on the next good rise. Furthermore, I believe that instead of spending money on new turnpikes, it would be better to double the width of our ordinary two-lane roads making four lanes with a barrier in the middle. However, this would increase the congestion in cities.

City Legislation Needed

Of course, the first thing which all cities should do is to keep all trucks off streets during the busy hours, — with deliveries permitted only between 6 p.m. and 8 p.m. This should be done at once, in every city having a population of over 50,000. The next step would be to eliminate all parking on downtown streets. A start has been made on this; but the problem has not been tackled heroically. Parking meters are a step in the right direction, but they are not the ultimate solution.

Frankly, if I were a young man today, instead of going into the automobile business, I would purchase land for a good downtown parking lot and gradually build a chain of parking lots. It seems as if garages for parking would be a good investment if properly located. I shall watch with interest the new mechanical "pushbutton garages" and note how they "take". I understand that such an open-air four-story garage costs about \$400,000. At any rate, my guess is that during the years ahead there may be more money in parking automobiles than in selling automobiles! Wise are the city authorities who now spend money to buy up old buildings and install parking lots. In fact, such parking lots are a city's main hope, combined with proper advertising and service for downtown retail stores. In this connection I repeat a former forecast that all new retail stores will be larger, will be confined to one floor, and that the clerks will be on roller skates.

Motorcycles, Bicycles and Roller Skates

If parking on streets is eliminated, this will speed up traffic and should help the bus companies of each city. On the other hand, more traffic lights should be installed at crossroads. The speedier the traffic, the more traffic lights will be needed. The question is, how will the waits and congestion at these cross streets be eliminated? This brings me back to Sir Isaac Newton's great basic Law of ACTION AND REACTION.

Automobiles will only continue to grow longer for a period, after which a reaction will set in and cars will be made shorter and shorter. Shorter cars, however, will not end the congestion at street crossings. In accordance with the Law of ACTION and REACTION, when the sale of cars begins to decline, the sale of motorcycles, bicycles, and roller skates will begin to increase. Now let me give my final forecast on the solution of the traffic problem.

Overhead Throughways for Motorcycles, Bicycles and Foot Passengers on Roller Skates

In most cities, awnings are now permissible for retail stores. These provide protection to pedestrians against both rain and extreme sunshine. In most cities there are miles

of these awnings over the sidewalks. My forecast is that these awnings will be replaced by throughways for the use of motorcycles, bicycles and perhaps foot passengers on roller skates. These throughways could be overhanging from the buildings just as the awnings now are; but they would be built by the city authorities and a small toll charge could be made for their use. They would be no wider than the sidewalks and would be elevated over all streets. This would enable a cyclist to go from the city line into the heart of the city without stopping for crossroads or intersections.

These elevated "throughways" would serve also as protection from rain and sun to pedestrians on the sidewalks below. They would have outlets at every building. Just in-

side each building would be a place to park vehicles. Cities would soon be repaid for building these elevated "throughways" by increased assessments. They would make the second stories as valuable as the first floors.
