

Wild West Rodeo Is Coming to Town

A wild 'n' wooly junior rodeo and western horse show—in the best traditions of the Old West—will come to Northville a week from Sunday for the first time in more than a decade.

Wanted: Bird House for Rent

A robin, a tree limb and a piece of string became hopelessly tangled in Northville last Thursday.

Or at least the bird's plight seemed hopeless until several passers-by noticed the flutter of excitement in a graceful maple tree on Dunlap street.

The robin, it seems, had found a nice long piece of string for its nest. He alighted on the tip of a tree branch in front of the Robert Davis residence, 317 W. Dunlap, and while he perched, string branch and one leg became bound together.

Acting quickly in the rescue were Dick Biery, Jeff Goodrich and Rev. John Taxis.

Dick climbed the tree. Jeff fetched a saw and handed it to him. Dick cut off the branch and Jeff caught branch and bird.

Final operation was performed by Rev. Taxis with a pair of nail clippers that cut the string holding robin and branch fast.

The robin, feeling rather silly about the whole thing, flew away without a "thank you".

Moral: Early birds shouldn't bite off more than they can chew to feather their nests.

Salem District Favors Annexation To South Lyon

Salem school district voters approved annexation to the Lyon Township school district by a four to one margin in an election last Saturday.

The decision went to the people after deliberation by the Salem school board on whether or not it would be best for the district to annex to the Lyon township or Northville school district.

A total of 89 yes votes were cast on the proposition and 17 against it. Second proposition on the ballot was for tax rate increase limitation, with 60 yes votes and 26 no votes.

On the third proposition in the election, to assume bonded indebtedness of the Lyon Township district, 41 tax-payers voted yes and 25 voted no.

A spokesman for the Salem board had indicated earlier that the belief that Salem would acquire its own school sooner by joining the South Lyon system prompted the decision of the Salem board to annex to Lyon Township district.

About 35 students from Salem had been attending Northville schools and 14 in the Lyon township district.

Construction Gets Underway On Dial Exchange Building

Official ground breaking ceremonies Monday started the Northville-Novi area on its way to dial phone service.

The first shovels were turned by Mayor Claude Ely of Northville and Supervisor Frazer Staman of Novi township. Officials of both communities and the Michigan Bell Telephone company attended the ceremony and lunched at Black's White House following the 11:00 a.m. event.

The new \$1,425,000 building is located on North Center street approximately one-quarter of a mile north of the Amerman elementary school. Zoning in the area recently annexed from Novi township was changed to permit construction of the ex-

The event, sponsored by the Northville Optimist Club on July 14, will mark a complete departure from the traditional junior horse show which has been a summer feature in Northville for eight years.

Instead of pacing, jumping and equitation competition, the show this year will feature events ranging from bronco-busting and quarter horse races to drill team exhibitions and horsemanship competition.

The show will be held at Northville Downs and will be heralded by a colorful spangle-and-trappings parade of the western horses and riders through the city to the track. The parade will form at the Northville community building at noon.

A rodeo queen will be crowned during the show on the basis of points earned by participation in the afternoon's program. The queen will receive a trophy for her title as well as other prizes.

Highlight of the rodeo will be the appearance of two of the finest riding teams in the state—and possibly the nation: the crack Detroit Mounted Police drill team, and the precise Oakland County Sheriff's Posse. It will be the first appearance of the posse in Northville.

In all, 13 events are planned. They are expected to attract more than 100 of the best junior riders in the state. Contestants will range in age up to and including 17 years.

The show will include stiff 4-H horsemanship competition between members of clubs from Plymouth, Ann Arbor, Inkster, South Lyon, and Belleville. Riders will be judged on horsemanship and care and condition of tack and horse.

Other events include: —bare back bronc riding for professional riders only (three sections).

—rescue race, in which riders race to the end of a course, pick up a "stranded" sidekick, and return.

—boots and saddle race, in which riders race to the end of a course, take off their saddle, return, take off their boots, saddle to the other end, put on their saddle, return, and put on their boots.

—bending race, in which riders lead their mounts through an intricate keg-marked course.

—musical chairs, a horseback version of the popular childhood game.

—quarter horse race over a half-mile distance.

First-place winners will receive trophies and ribbons while second and third place finishers will be presented ribbons.

The rodeo will mark the 41st consecutive year of horse shows in Northville. The first was held in 1916, and at one time Northville was noted as one of the horse-show capitals of the country. In recent years the emphasis has been placed on Optimist-sponsored events for junior riders.

Tickets may be purchased at the gate or from members of the Optimist club.

Northville Awaits the '100' Tomorrow

Council Approves Petition to Re-name Plymouth Avenue

Mayor Claude Ely rarely misses a council meeting. Monday evening he was absent and couldn't have picked a better time to be busy.

The council under the gavel of Malcolm Allen, mayor pro tem, waded through an agenda of routine business that offered little excitement. They did manage to spend nearly \$3800, however, for a new dump truck and a police car. Otherwise, the mayor will find things much as he left them.

A bid of \$2772.14 by Marr Taylor Ford Agency for a dump truck and a bid of \$1020 (with trade) by G. E. Miller Dodge-Plymouth Agency for a police car was accepted by the council. Other bids for the city business were: police car, \$1016; by Ralph Elsworth of Garden City; \$1150, by Marr Taylor; dump truck, \$2777.84, Ralph Elsworth; \$2995, G. E. Miller.

Councilmen decided to table a contract for garbage collection to allow the city manager to negotiate with two bidders. Last year the city paid \$6600 to have garbage collected. A bid of \$6500 has been submitted by another firm, while the present collectors have asked for a \$300 increase for the coming year.

A petition by residents of Plymouth avenue requesting that the name of their street be changed to "South Main Street" to avoid confusion won approval of the council. The resolution to adopt the new name was tabled until the city attorney could determine if a public hearing would be necessary.

Under the suggestion the section known as Plymouth road from Seven Mile road to Park Place would become South Main. Presently, East Main street extends to Park Place where it becomes Plymouth avenue. Signers of the petition stated that the address "Plymouth Avenue" causes mail to be mislaid to the city of Plymouth.

Councilmen also approved the posting of Dunlap street between Wing and Hutton for two hour parking. Both sides of the street, not already metered or posted, will be limited to two hour parking between 9:00 a.m. and 6:00 p.m. with no parking between 2:00 a.m. and 6:00 a.m.

An "exit only" policy for the alley next to the G. E. Miller garage entering on to Hutton street was decided by the council. Parkers in the lot behind Main street stores between Center and Hutton streets will be required to enter from Dunlap street and leave by the Hutton street exit.

City Manager John Robertson told councilmen that the new water well on the Chase property was producing 405 gallons a minute. Indications that the well could produce upwards of 1,000 gallons a minute prompted the council to urge negotiations with property owners in the area. After receiving a geologist's report on the well the city manager will begin negotiations with W. B. Chase and the Manning and Locklin Gravel Company for approximately 4½ acres at the intersection of Novi road and Baseline where the well is located.

—it will willingly pay for city water service to the school.

—It requests only a tie-in to city sanitary sewer mains, and does not expect the city to extend mains to the school site free of charge.

—storm drainage would run off to the west, and would not require new storm drains on North Center.

—North Center improvements may be taken care of by Wayne county as part of the sale of cutoff right-of-way by the school board to the county.

SPRIT OF THE FOURTH — Three Northville boys — Eddy Beller, Jackie Jones and Bobby Hicks — got into the swing of things this week in preparation for the Fourth of July tomorrow. In Northville, most businesses will close up shop and residents will visit relatives, enjoy a picnic, or stay around town for the Northville '100'.

Cutoff Problem Now Solved?

Northville councilmen and school officials put their heads together last week and found that their differences over the proposed Eight Mile road cutoff are not as complicated as was first thought.

In fact, it appeared that there might not be any differences at all. Meeting in joint session Thursday night to discuss mutual responsibilities concerning the new Northville high school and its relation to the Eight Mile cutoff, the two bodies reviewed the problems from the beginning to the present.

Council members were wary of possible demands by the school board for city sewer and water facilities for the school and improvements on North Center street from Baseline to the proposed cutoff.

But as it developed, the school board does not expect to demand such services. The board told the council:

—it will willingly pay for city water service to the school.

—It requests only a tie-in to city sanitary sewer mains, and does not expect the city to extend mains to the school site free of charge.

—storm drainage would run off to the west, and would not require new storm drains on North Center.

—North Center improvements may be taken care of by Wayne county as part of the sale of cutoff right-of-way by the school board to the county.

New Policeman Joins Local Force

Northville residents will soon see a new face under the blue cap of a Northville policeman.

He is Andrew Cain, who will begin duties on the local force in about two weeks.

The former Marine has been a member of the Wayne County sheriff's road patrol and of the Ford Security Police. He came to Northville from the Ford position.

Cain was born in Ypsilanti and is 35 years old. He now lives in Dearborn with his wife and three children.

A picture of Cain and local patrolman Roman Nowicki appears on page 9 of today's edition.

Downs Program to See Race, Fireworks, Queen

The most spectacular Fourth of July event in many years will come to Northville tomorrow night when the Northville '100' gets underway at Northville Downs.

How 'Bout Some Watermelon?

Watermelon, anyone? There'll be plenty of it tomorrow afternoon at the American Legion home.

Legionnaires, wondering how to help Northville observe the Fourth of July, decided to have a community gathering with a different flare.

They rounded up some 5 big juicy watermelons, lined up some picnic tables, and prepared to serve all comers.

The watermelon-fest will begin at 2 p.m. There'll be small charge to cover transportation of the huge pile of melons.

And if it rains, the melon-eat will be held inside the Memorial home.

Upwards of 10,000 racing fans from throughout the midwest are expected to watch the evening-long program — to be highlighted by a 100-lap event featuring many of the best drivers in the nation.

In addition to the '100' itself, the program will feature everything from trophy dashes and "big three" competition to the honoring of a beauty queen and a dazzling display of fireworks.

Time trials will start at 7 p.m. At 8:30 p.m., a free-lap trophy dash will match the fastest Ford, Chevrolet and Plymouth. Then will come two 10-lap heat races, and finally the 100-lap feature.

In between, colorful fireworks demonstrations will light up the sky around Northville.

Betty Wilson, who reigns as "Miss Northville Speedway" and "Miss Novi AMVETS" will present prize money to the winning drivers at the end of the race.

The half-mile oval at the Downs has been specially prepared to insure close competition, fast action and safety for drivers and spectators alike.

Dust treatment was completed last week, and special guard rails and fences have been installed.

All cars will be stock 1956 and 1957 models. The only modification allowed will be horsepower and suspension kits supplied through normal manufacturer channels. Wheels, springs, shocks, axles and steering parts may be reinforced for safety.

The cars will be equipped with roll bars and safety belts, and drivers will be required to wear helmets.

According to promoter Mel Larson, who will double as a driver tomorrow night, the cars should hit speeds of between 90 and 95 mph on the straightaway.

Larson has termed the Downs "the finest half-mile dirt track in the country," pointing to the track's exceptional clay surface, its grounds, grandstand and paved parking area.

Larson has cleared the race with officials of the Northville city council, the Northville Driving Club and Northville Downs. He has stressed throughout that all safety factors have been double-checked.

Members of the Northville Modified Auto Club, under the direction of officer Eugene King, will assist Larson in staging the race.

So far, racing experts predict that the '100' will see a battle to the wire between the "big three" — Ford, Chevrolet and Plymouth.

Services Are Held For Charles Bloom

Funeral services were held Monday for Charles H. Bloom, who died June 28 at 710 West Main street where he lived with his son and his family, Mr. and Mrs. C. Harold Bloom.

Mr. Bloom had lived in Northville since 1890, and was a retired insurance agent of the Michigan Fire and Marine insurance company of Detroit. He retired 14 years ago.

Mr. Bloom was born on February 15, 1867 in Detroit to Nelson and Mary Ann Bloom. His wife Martha preceded him in death in 1953.

He is survived by his son, C. Harold, two grandchildren and two great-grandchildren. Services were held from the Casterline funeral home, Rev. Henry Welch of the First Presbyterian Church of Plymouth officiating. Burial was in Rural Hill cemetery.

DIGGING FOR DIALS! Northville's Mayor Claude Ely and Frazer Staman, Novi township supervisor, turned the first shovels for the new \$1,425,000 Michigan Bell Telephone company dial exchange building in Northville Monday. The exchange, which will serve the complete area, will be in operation July, 1958. City, township and telephone company officials watch as Ely and Staman sink their bronze-plated shovels.

SPECIAL DELIVERY — The people at the Northville post office weren't quite sure what this little package was up to last week when he strolled in through the back door. But when he hopped into one of the boxes, as if to get ready for a free ride to somewhere, Mrs. Audrey Joki had to brief him on postal regulations and make him settle for a nice comfortable sleep on a pile of mail bags.

William Baileys Are to Live in Northville

A single ring evening ceremony on June 21 united in marriage Mary Frances Wiedenbeck of Pontiac and William Charles Bailey, Jr.

The bridegroom is the son of Mr. and Mrs. William Bailey of East Cady street. The bride's parents are Mrs. Lee Wiedenbeck of Pontiac. Rev. John O. Taxis officiated at rites at the First Presbyterian church.

Performing on the organ for the ceremony was Mrs. Bart Connors of Northville. Edward Campbell of Livonia, brother-in-law of the bridegroom, sang "Because" and "The Lord's Prayer".

For her wedding, the former Miss Wiedenbeck chose a white brocaded cotton sheath, street length. She carried a nosegay of white flowers and wore a small white feathered hat.

Matron of honor for her sister was Joan Thompson, who wore a rose dotted swiss dress fashioned with scalloped neckline and flared skirt. Her accessories were white and she carried a nosegay of white flowers.

Patrick Herbert of Northville was best man for Mr. Bailey. Ushers were Jerry Graham and Don Graham, both of Northville.

For her daughter's wedding, Mrs. Wiedenbeck chose a cocoa brown lace sheath with a scooped neckline and a semi-circular skirt, accented by white accessories and a

corsage of white carnations. Mrs. Bailey, mother of the bridegroom, wore a full-skirted pale blue satin dress with white accessories and a white carnation corsage.

Nearly 100 guests from Pontiac, Detroit, Dearborn, Plymouth, Livonia, Garden City and Northville attended the reception in the church parlors.

For her wedding trip to Traverse City, the bride wore the same white sheath subtly changed by accessories. The bride is a graduate of Pontiac high school. Mr. Bailey is a graduate of Northville high school and is now employed by the Thompson Sand and Gravel company in Northville. The couple is now making their home on Church street in Northville.

Peg Price Wears White Tulle

Mr. and Mrs. Charles Heiney, Jr.

An evening ceremony on Saturday, June 22, united in marriage Peggy Ann Price, daughter of Mr. and Mrs. George I. Price of Northville, and Charles Heiney, Jr. of Jackson.

The bridegroom is the son of Mr. and Mrs. Charles Heiney, Sr. of Jackson.

The First Presbyterian church of Northville, scene of the wedding, was decorated with white gladiolus and peonies. Rev. John O. Taxis officiated.

The bride chose a white tulle and lace gown, fashioned with a sabrina neckline, basque waist and a bouffant skirt. Her finger-tip veil was held in place by a tiara of seed pearls and iridescent sequins.

Serving as matron of honor was Mrs. Earl Collins, Jr. of Novi. She wore a pale pink nylon chiffon dress. Her complementing accessories included a tara of pink rosebuds and a basket of blue delphinium and pink rosebuds.

Wearing identical gowns were bridesmaids Linda Emery of Detroit and Mrs. Robert Burke of Northville.

Best man for his brother was Robert Heiney, Ushers included Robert Burke, Duane Mellinger, Eber W. Lester and Captain C. A. Myers.

Mrs. Barton Connors provided the organ music and Dean Sanford was the soloist.

A reception immediately following the ceremony for more than 200 guests was held at the Price home.

For her wedding trip to northern Michigan, the bride wore an aqua linen suit with white accessories and a white orchid.

The new Mrs. Heiney was graduated from Northville high school and received a B. A. in education from Michigan State university. She is a teacher at Wilcox elementary school in Livonia. The bridegroom is an engineering graduate of Purdue university. He is employed by the Consumer Power company in Plymouth.

The couple will live at 230 Parkside drive in Plymouth.

Elsa Couse Now in Germany

Arriving in Melle, Germany last Friday was Elsa Couse, one of a group of 88 young people who will spend the summer becoming better acquainted with Europeans and their lives.

Elsa, daughter of Mr. and Mrs. Walter Couse of West Seven Mile road, is in Germany as a member of a "Youth for Understanding" group. She will live with Mr. and Mrs. Horst Schnotmeier and their three children, in the northern German city. Just as eager for Elsa to arrive as she was to meet them, the Schnotmeiers are planning to visit the United States—and Northville—in September.

Elsa, 17, will return to Northville about the first of September, just in time to begin her senior year at Northville high school.

This is the third year for the "Youth for Understanding" program. Michael Petz, son of Mr. and Mrs. Wilbert Petz of Sunbury, was in Germany last summer under the same program.

FAVORITE RECIPES OF NORTHVILLE HOMEMAKERS

A collector of recipes, Mrs. Philip Ogilvie finds this one for "Spicy Apricot Bread" one of her favorites. And friends will testify that she's called on whenever there's a shower or luncheon to make this tangy accessory.

"It goes together very easily—all in one pan," she remarked. And its appetite tempting value is obvious when one sees the Ogilvie children, Janet and Gary, come back for more.

Janet, incidentally, celebrated her seventh birthday on Tuesday. Brother Gary is two and a half.

Spicy Apricot Bread

- 1½ cups dried apricots
- 1 cup water
- 1 cup sugar
- 6 tablespoons shortening
- ½ teaspoon cinnamon
- ½ teaspoon cloves
- ¼ teaspoon nutmeg
- ½ teaspoon salt
- 2 cups all purpose flour
- 1 teaspoon baking soda
- 1 egg, well beaten

Cut apricots in small pieces with sharp knife or scissors. Put in saucepan with water, sugar, shortening, cinnamon, cloves, nutmeg and salt. Bring to boil and cook over medium heat for 5 minutes, stirring occasionally. Cool.

Meanwhile, sift flour, measure and sift again with soda. Blend egg with apricot mixture. Gradually stir in flour mixture until just blended. Pour into two small loaf pans, 4" x 7½" x 2" deep. Bake in moderate oven, 350 degrees, for about 50 minutes. Cool five minutes before removing from pans.

Mr. and Mrs. Thomas N. Cummings and children of Wing Court are spending a few days at their cottage at Ipperwash.

Mrs. W. L. Howard of Eight Mile road left by plane Tuesday to attend the funeral of her brother, Clifford Rice of Denver, Colorado.

William Forney, formerly of Northville and now of Florida, left this week after visiting friends for two weeks.

A tea and shower was given Saturday at the home of Mrs. Herbert N. Frogner on Sheldon Road for William Bruce Stirtan, infant son of Mr. and Mrs. Ned Stirtan of Detroit. Mrs. Stirtan is the former Carol Ann Miller, daughter of Mr. and Mrs. Wendall S. Miller of Plymouth. Three great grandmothers were present—Mrs. Ernest Miller of Northville, Mrs. George Taylor of Plymouth and Mrs. Henry Straight of Grand Rapids, and two grandmothers—Mrs. William E. Stirtan of Ann Arbor and Mrs. Wen-

dell S. Miller of Plymouth. Out-of-town guests and relatives were from Rochester, Birmingham, Grosse Pointe, Ann Arbor and Detroit. Co-hostesses were Mrs. Harold Chapel, Mrs. John Aliber, Mrs. N. W. Hopkins and Mrs. Glenn H. Cummings.

Driving east last week to meet their daughter Mary Jane, who arrived in New York from Ireland on Monday, were Dr. and Mrs. C. E. Woodruff and their son of Beck Road. They picked up daughter Alice in New England before meeting Mary Jane, who studied for a year in Ireland.

Mr. and Mrs. Howard Bray and Paul and Patsy of Boyne City will visit Mrs. Bray's mother, Mrs. Mary Alexander of Linden avenue, this week.

 First Baptist Church, Northville

Appalling Indifference

Do you know who the Civil Defense chair-
 man of Northville is? Do you know if North-
 ville has an active, organized civil defense or-
 ganization? What plans have been made by
 the city commission in case of disaster? The
 dangers of disaster by air attack is always im-
 minent. The possibility of wholesale destruc-
 tion of life and property by hurricanes is well
 known to us. But, what do we do about it?
 Little, or nothing!
 Everywhere, even in our most important
 industrial cities such as Detroit, the public
 indifference has baffled the civil defense
 authorities. They have difficulty in convinc-
 ing people that, "It can happen here." The
 CDA is using every medium of publicity
 available to them to arouse the indifferent
 public to the dangers they face. The action
 we take may well determine whether we
 shall live or die! Serious matter isn't it?
 But, believe it or not, there is a greater
 danger than air attack or hurricanes. These
 may take your earthly life, but what about
 life in eternity? The Bible tells us plainly
 that it is appointed unto man once to die and
 after this the judgment. Justice demands that
 those who are guilty of breaking the laws of
 God be barred from heaven and be separated
 from God for all eternity. Through the ages

there have been ministers who fearlessly have
 declared, on the authority of the Word of
 God, that there is a heaven to gain and a hell
 to shun. And, what sort of reception does
 this warning receive? The indifference to
 that warning is even more appalling than
 the indifference to the present dangers. In
 our own community I doubt whether 25
 percent of our population attend church reg-
 ularly. What percentage of this 25 percent
 have made peace with God through Jesus
 Christ? I have no way of knowing. If we
 were to question the remaining 75 percent
 as to their belief in life after death, about
 the bliss of heaven and the torments of hell,
 the vast majority would say, "Yes, I believe
 this to be true!" But what do they do about
 it?

Somehow people have become foolhardy
 optimists to their own sorrow and destruction.
 They think, "Everything will turn out al-
 right in the end, so why worry." Did every-
 thing turn out alright for those hundreds who
 died during the recent storm in the south-
 west? Did everything turn out alright for
 those who are now in the place of eternal
 night and despair?
 May God shake us from our unrealistic op-
 timism that we may face the facts as they
 really are.

Warn Vet Widows To Apply for Increase

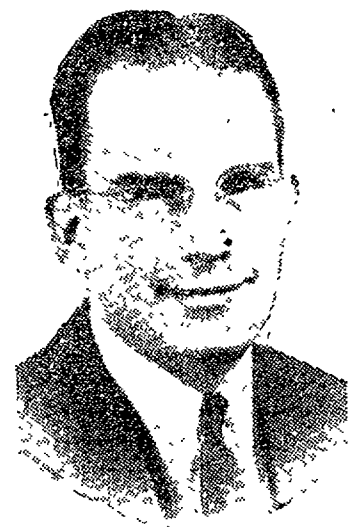

Widows of 3,000 Michigan veterans
 stand to lose money unless they ap-
 ply for increased compensation pay-
 ments within the next 10 days, Lloyd

 ans Administration Detroit regional
 office, said today.

Full Salvation Union Chapel Completed

The Rev. James F. Andrews, gen-
 eral pastor of the Full Salvation
 Union, announces the completion of
 its headquarters chapel at 51630
 West 8 Mile Road, about 3 1/2 miles
 west of Northville.

The new chapel is to be used for
 the first time in connection with the
 annual Full Salvation Union general
 gathering to be held June 30 to July
 7. There will be three services held
 each day at 11:00 a.m., 2:00 p.m.
 and 7:30 p.m. The public is cordi-
 ally invited to these services.

On July 4 at 11:00 a.m., the Lloyd
 H. Green Post of the American Leg-
 ion in Northville will present a flag
 for the new chapel and several
 ministers will speak.

The Full Salvation Union was in-
 corporated as a Michigan Corpora-
 tion on January 31, 1934 for the
 purpose of carrying on without prof-
 it, religious, educational and char-
 itable work. Its general aim and
 purpose, Rev. Andrews explains, is
 the unification of the Body of Christ
 in harmony with the prayer of Jesus
 in the 17th chapter of John where He
 prayed three times, "That they all
 may be one—that the world may
 believe." To be saved from hate to
 love is a Divine experience in con-
 scious realization that must be ex-
 perimented to be known. Such real-
 ity is the same in all religious faiths.
 But all who experience such under-
 standing that which they experience in
 harmony with the way it is under-
 stood in their particular environ-
 ment. Out of these different under-
 standings doctrinal concepts and re-
 ligious practices are developed that
 often divide and separate those who
 have experienced the same reality
 because it is true that every man's
 way seems right in his own eyes.
 The Full Salvation Union is dedica-
 ted to the task of "Endeavoring to

keep the unity of the spirit in the
 bond of peace until we ALL come
 to the unity of the faith."

Rev. Andrews was graduated from
 Greenville College in the state of
 Illinois in 1930 and served as a
 pastor in the Free Methodist dis-
 denomination for 3 years before found-
 ing the Full Salvation Union work.

The present site, a 40 acre tract of
 land located at 51630 West 8 Mile
 Road was purchased by the Full
 Salvation Union in 1955 for the pur-
 pose of establishing its General
 Headquarters there. The Chapel is a
 brick and block structure seating
 about 200, and has been located in
 relation to other buildings to be con-
 structed later. In addition to the
 General Gatherings to be held on
 the grounds, a regular Sunday school
 and church service is planned to be

held in the chapel each Sunday af-

 cation called the Union Guide, a
 sample copy of which can be had
 free by anyone who asks for it.

Beauty in motion—Chevrolet Bel Air Sport Sedan with Body by Fisher.

Here's why Chevy's best showroom is the road!

Because Chevrolet's sleek good
 looks, its advanced features, are
 only part of the story. The big
 bonus is its remarkable road-
 ability, the crisp precision handling
 that has posted an entirely new
 standard for cars in every price
 class. There are reasons for this,
 of course: Chevrolet's balanced
 weight distribution that takes

excessive loads off the front wheels,
 the wide stance of outrigger rear
 springs, Ball-Race steering, spher-
 ical-joint front suspension. Sure,
 you can admire the sculptured
 lines in the showroom. But Chevy's
 a car specifically designed for
 beautiful motion—you have to
 travel in this one to know just how
 terrific it is. Try it, this week!

Top Drivers Eye '100' Positions

Drivers from at least six mid-western states will compete in the first annual Northville '100' at Northville Downs tomorrow night.

Upwards of 30 of them are expected to make qualification runs for the 24 starting positions in the 100-lap feature.

So far, entrants include drivers from Michigan, Ohio, Illinois, Indiana, Pennsylvania and Arizona. Many of them took part in the recent 300 mile race at Trenton, New Jersey, won by Sam Hanks, 1957 Indianapolis '500' champion.

The '100' has drawn such keen interest among drivers that several of them will make the journey to Northville even though they are scheduled to compete in another race at Cansfield, Ohio, tomorrow afternoon. Tom Horner will drive a Thunderbird at Cansfield, yet expects to be in Northville in time to compete.

All cars will be either 1956 or 1957 models, with Chevrolet the most popular. Right behind is Ford, followed closely by Plymouth.

Entries to date include: Jack Goodwin, Detroit (57 Ford); Ken Julian, Detroit (56 Ford); Iggy Katona, Toledo (57 Chevrolet); Jack Farris, Richmond, Ohio (57 Chevrolet); Herschel White, Indianapolis (57 Plymouth); Jack Pickens, Indianapolis (56 Ford); Bill Granger, Lima, Ohio (57 Ford). Others are Don Schisler, Detroit (56 Pontiac); Wayne Bennett, Detroit (57 Plymouth); Russ Hepler, Sharon, Pa. (57 Pontiac); Mel Larson, Phoenix, Arizona (56 Ford); Tom Horner, Dayton, Ohio (Thunderbird); Virgil Barbe, Clawson, Mich. (56 Pontiac); Paul Wensink, Indianapolis (56 Plymouth); Bucky Sager, Toledo (57 Oldsmobile); Rollie Beale (56 Ford); Joy Fair, Pontiac, Mich. and Mike Klapak, Warren Ohio (57 Ford).

THREE OF THE TOP drivers who will start in the Northville '100' tomorrow evening. Katona is a long-time favorite of Detroit area fans. White hails from Indianapolis, scene of the '500'. Farris recently won the Cansfield '100' in Ohio. Nearly 30 drivers will vie for the 24 starting positions.

THE NORTHVILLE RECORD—Thursday, July 4, 1957—5

Tiger Game Coming Up; First Come, First Served

Seats at Briggs Stadium await 100 Northville youngsters for the Detroit Tigers-Cleveland Indians game on August 8.

Recreation director Stan Johnston said tickets will be issued on a first-come-first-served basis starting immediately. Those interested should sign up at the scout hall. Johnston also issued a call for 10 adult supervisors, especially fathers of boys in the baseball program, to sign up for the game. Registration fee for the Northville

recreation program will be increased from 10 cents to 25 cents next Monday. Those not yet registered may do so at the scout hall.

The following dates have been lined up for activities later this summer: Turtle race — July 30; Pet and doll parade — August 6; Water carnival — August 16; Detroit police field day — to be decided. Further details of these activities will be announced later.

At Least You Can't Say There Wasn't Any Action

It was unbelievable. Novi Little Leaguers had chalked up some huge scores up to last Wednesday, but never anything quite like the fantastic margin compiled by the Fiberglass Sluggers and Young Door Tigers that afternoon. Young Door itself pushed across 10 runs, enough to win an ordinary contest easily. But it was hardly a dent in the Fiberglass armor, for the Sluggers came up with 33 of their own to win the most lop-sided game of the Little League year so far.

The game would have been tight except for two innings — the third and fifth — in which the Sluggers drove scorekeepers wild by driving across 10 runs each time. Young Door, in an effort to halt the Slugger procession, used five pitchers. But to no avail. Despite it all, the hitting was actually rather tame. Ron Bearden had the game's big blow when he rapped out, along home run with two on in the third.

Friday's game between Young Door and National Bank was rained out, but after Wednesday's affair, the Tigers were ready for a rest anyway. The standings as of Saturday: Paragon 5 1 431 YERKES NORTHVILLE

Recreation Baseball, Softball in Full Swing

Baseball and softball activity in Northville reached an all-time high this week as eight recreation teams pitched into their summer-long schedules.

The program, sponsored by the Northville recreation department under director Stan Johnston, brings baseball to the largest number of Northville youths in recreation history.

Some 150 boys, ranging from 8 to 17, take part in it.

The program includes four baseball teams which compete in the tough Livonia recreation league.

In addition to class E (14-16 years) and class F (12-14 years) teams, Northville is represented by two midget teams for boys under 12: the American League Orioles and the National League Braves.

Softball, new to the recreation program this year, has been set up to give inexperienced youngsters a chance to play. Four teams — the Lions, Bears, Tigers and Panthers — play twice a week and receive special instruction in fundamentals of the game.

Class E

Northville 13
Livonia Police 2

Northville scored in every inning and rang up an easy 13-2 triumph

to open Class E play in the Livonia Recreation League this year.

Backed up by many NHS varsity athletes, pitcher Joe Kritch allowed a scant three hits while his mates pounded out a total of 14.

Wade Deal provided the game's highlight when he smashed a grand-slam homer in the fourth to send up the game. Deal had three for four for the day.

The Northville nine was off and running with the first pitch as Roger Atchinson slammed a triple to open the game. Atchinson and Kritch each posted two hits.

Kritch limited Livonia to one hit until the final inning, and struck out 12 of the Livonians.

Class F

The Northville Class F team was in first place in the Livonia recreation league this week after winning its first two games. Scores were not available at press time.

Northville Orioles 3

All but two of the Orioles were playing their first organized ball game, whereas the veteran Livonia pitcher showed good poise and excellent control. While the Orioles had hard luck at the plate, the fielding was marked by a brilliant shoe-string catch by Bill Lusk on a line drive to center field.

Northville Orioles 8
Jefferson Yanks 6
Joe Hay paced the Orioles to their first victory by banging out a single, double and triple in three times at bat. Dennis Johnston pitched a solid game from the mound and was backed up by good fielding.

Northville Orioles 9
Clarenceville 1
Both Northville and Clarenceville garnered only two hits in the game, but the Orioles stole nine bases to

account for the victory. Highlight of the game came in the first inning when Tom Swiss blasted a home-run to start the Oriole attack.

Rosedale Tigers 11

Northville Orioles 6
Northville jumped off to a 3-2 lead in the first on Swiss' triple, and led Rosedale until the fifth inning. Then the Orioles committed several fielding lapses and Rosedale pushed across seven runs in the final two innings to win. Swiss, with a double and triple, paced Northville along with Gary Grys and Gordie Hammond.

Northville Braves 6
Northville Orioles 2
In an inter-league battle, the undefeated Braves kept their winning string going by dropping their city rivals, 6-2. The Braves punched out

up only two hits in the seven-inning contest. Rick Pubanz was the big gun for the Braves as he slammed out a second-inning home run with Gary Stobbe on base.

Midget

(National League)
Northville Braves 1
Wilcox 0

A startling double no-hitter opened the 1957 season for the Northville Braves as they squeezed past Wilcox, 1-0. Northville scored its winning run when Dick Brown walked, stole second and third, and came home on a sacrifice. The Braves' masterpiece was hurled by Craig Bell.

Cutoff Problem (Continued) only want it to be safe for the students. But if that should mean widening and paving it, cutting it, down the high crown, and adding sidewalks, then that's what we want."

Board member Robert Schafer said some improvements might not be covered in a county-school board agreement. He added that the city might then be asked to cover the improvements since North Center and the cutoff would be serving Northville in general, and not just the new school.

The meeting also saw a discussion of other problems associated with the new school and cutoff, including the matters of filling in an old reservoir near the school, routing of bus traffic through the city, and county negotiations for construction of an underpass at the C & O railroad tracks.

The board and council are expected to get together again to discuss the whole problem in detail and work out final answers.

Novi School Board Minutes

June 12

The Regular Meeting was called to order at 8:23 p.m. by the president, Mr. Mitchell. Present were Mr. Crawford, Mr. Mitchell, Mrs. Larson, Mr. Heslip, Mr. Bernard, Mr. Medlyn and Miss Brotherton from the superintendent's office.

The secretary's minutes of the previous regular and several special meetings were read and approved as read.

General Fund \$19,141.52
1955 Bldg. & Site 3,007.30
1955 Debt Retire 42,308.07
1950 Debt Retire 13,172.36

Mr. Medlyn presented the Bond Resolution prepared by Berry, Stevens and Moorman. A motion was made by Mr. Crawford, supported by Mr. Bernard, that bond resolution be accepted and adopted as read and submitted. Motion carried unanimously.

It was agreed to have a mass meeting on the Bond Issue on Thursday, June 20.

It was agreed to pay the election tellers \$14.00. Four will be needed and efforts will be made to get one from each of the former school districts.

Notices of the special election are to be put in the Novi News and Pontiac Press in addition to the required posting in public places.

Mr. Crawford reported that it would cost from \$80 to \$100 to make a 3 tier set of bleachers using wood. Mr. Medlyn reported on two different companies which offered the following prices:

1. Safway Company had a 5 tier

by 15 feet long set of bleachers at \$179.40

2. Universal Company had a 5 tier by 15 feet long set of bleachers at \$150.

A motion was made by Mr. Bernard that the 5 tier by 15 feet long set be bought from Universal Company if they could be had in two weeks, otherwise the Safway bleachers will be bought. The motion carried.

The use of different types of sweeping compound was discussed. Mr. Medlyn contacted neighboring school districts in regards to this matter. It was decided it would cost about the same for either type after considering cost of transportation.

Mr. Medlyn contacted Mr. Grimes in regards to the appraisals. Mr. Grimes is not ready with the material yet.

A new law was passed stating that the state will give no aid for transportation of students living closer than one and one half miles from the school.

Payment of the census takers was discussed and tabled.

A motion was made by Mr. Crawford supported by Mr. Heslip that current bills be paid. The motion carried.

Respectfully submitted Georgia H. Larson

Young Novi Artist Could Add a Little Brightness to Your Home

A young Novi artist has made it possible for a Northville family to enjoy their summer suppers beside a cool, deep river somewhere in the northern California mountains.

Bob Johnson, who graduated from Northville high school last year and now studies at the University of Michigan, provided the arm chair journey for Mr. and Mrs. Charles Konapaski, 310 Yerkes, by painting a large mural of the West Coast scene on their dining room wall.

Now, with school out for the summer, Bob is ready to take on similar challenges if anyone in the Northville-Novl area is in the market.

At 18, Bob already has his life's goal set out for himself. His plan is to go into architecture, so that he can be sure of pursuing his love of painting.

If that sounds contradictory, Bob explains that the life of an artist is often a precarious one and that too many artists must become "commercial" or not make a living at all.

Rather than do that, Bob has decided to follow architecture as a career and continue painting in his spare time.

"That way," he says, "I'll be following a creative profession without having to sacrifice my painting. I'll paint only what I want to paint, and won't have to rely on painting a cigarette commercial for a living."

Bob, whose parents, Mr. and Mrs. C. T. D. Johnson, lives at 89438 Burton in Novi, had the usual number of art courses at Northville high school but little more. Yet he has known for some time that painting is in his blood.

At the University of Michigan, he

already is immersed in a full schedule of architecture studies, even though his freshman year is just behind him. Next fall, he will go still deeper into architecture and will add a few painting courses for his own enjoyment.

Meanwhile, he hopes to finance part of his education this summer

by painting for Northville and Novi residents—preferably murals, though he might try a portrait if the opportunity should come along.

If anyone is interested, he adds, he can always be reached at GRenleaf 4-3250.

As he did with the Konapaski mural, Bob can take a favorite

family picture, a post card, or a clipping from a magazine and rearrange it so that it is just what someone wants over their fireplace or on a full-length wall.

At present, he is working on an Indian village scene in his spare-time—transposing it from a magazine picture into what he feels is

a true work of art.

In between, he is on the lookout for another "customer" in Northville or Novi. He's certain that there must be a number of families who would like a touch of originality in their homes—and he's equally certain that he could come up with exactly what they want.

More Sex Crimes?

TRAGIC DEATH OF A DETROIT CHILD touched off new activity to provide improved legal protection from sex criminals. But at best, it will be nearly a year before laws change.

Mary deCaussin, six years old, was found assaulted and murdered. A 50 year-old grocery clerk named Lawrence Richard Turner confessed the crime. His record showed that 23 of his 50 years had been spent in hospitals, reform schools or prisons. He had been charged with sex crimes as long ago as 1940. In 1932 he was convicted of criminal assault and sentenced to a term from 15 to 30 years. As law provides, he was given maximum time off for good behavior.

THE WARDEN URGED that Turner be placed under psychiatric care. To prison officials it could be clearly predicted that the convict would strike again.

But under existing Michigan law, there was nothing that could be done. So Turner was permitted to go free even though medical science indicated what would be the result. As predicted, Turner did strike again.

MOST APPALLING THING about the present situation is that it could so easily happen to another little girl any time. Alan Canty, director of Detroit's Recorders Court psychopathic clinic, says he knows of one other man who is as apt to commit this type of crime as was Turner. He also says he knows of "many others" just as dangerous as is Turner. Included is one man who has a record of assaulting 12 girls, often using knives. He was sentenced 9-10 years in Jackson; was released as law provides six years for good behavior.

APPOINTMENT OF A COMMITTEE TO STUDY sex criminals was called for by Detroit's Senator Harold M. Ryan, a Democrat. This committee would be expected to come up with suggested legislation to correct the present situation. Laws controlling sex crimes are difficult to draft. The subject itself is complicated and legislator's reactions to it vary.

FOR SIX YEARS the legislature has dealt with bills on the sex-criminal subject. All failed to pass. Robert E. Waldron, Republican

Non-Taxable Bonds

Babson Park, Mass. Since my return from the South, I have been making a study of Turnpike Bonds and other non-taxable investments. Casual readers of this column may not realize that non-taxable bonds are around their lowest prices for a long number of years. As an illustration, State of Massachusetts highly rated bonds carrying the full faith and credit of the State, free of all Federal and State taxes, which sold at par in 1950 can now be bought around 65. This is the lowest price in their history.

Reasons for the Decline
This decline is due to the constantly increasing interest rates of the past several years. There is no other logical reason. While the stock market has been climbing since 1949 (when the Dow-Jones Industrial Average was around 165, in contrast to today's level of around 500), bonds have been declining. Yet the bond market is just as susceptible to the Law of Action and Reaction as the stock market. When stocks are clearly in a bear movement and money rates decline, bonds will again go up in price. Therefore, non-taxable bonds may be in the position today that the blue chips were eight years ago when they were selling at a third of their present prices.

Certain banks and other institutions which are large bond buyers state that there are reasons other than increased interest rates why municipal bonds are selling so low. Due to the possibility of World War III, some of the savings institutions have been selling the bonds of large cities, especially industrial cities which could be targets for bombing. At the same time, these institutions have found it very difficult to sell the unlisted bonds of small cities and towns, even though they are perfectly safe and yield around 4% income-tax-free.

What About Turnpike Bonds?
I believe Turnpike Bonds should be a logical exception to the above situation. They have both security and marketability. The conservative financial institutions say they do not like them because they are revenue bonds, dependent upon the earnings of the turnpike. Yet, every corporation bond is a revenue bond, depending upon earnings. The non-taxable feature of turnpike bonds, however, far exceeds the slight risk of declining earnings. Of all the turnpike bonds, only one issue, secured by the West Virginia Turnpike which "starts nowhere and ends nowhere," has failed to make good. I admit that with rationing of gasoline in the event of World War III, turnpikes would temporarily be in trouble; but so would almost everything else. No bombing, however, could materially damage a modern turnpike.

Recently, the Boston & Maine Railroad cancelled all its commuter business because of a strike by the maintenance men. It would take a strike of several months' duration by Turnpike maintenance men before their services would be missed. Practically the only necessary employees of a Turnpike Authority are those who collect the tolls. And I cannot imagine these men striking. Turnpikes are therefore less liable than most investments to suffer from labor troubles.

The Automobile Industry
One of today's fastest growing industries is the Automobile Industry, and our turnpikes must prosper along with it. Not only are new cars put out by the millions each year, but boys in a very old Ford must pay the same toll as those riding in new Cadillacs! Everyone wants to save time, and also it is very

SPEAKING for the Record

By BILL SLIGER

For about four hours last week officials of Novi township and the city of Northville forgot past grievances to take a collective look at their mutual problems.

The meeting was completely informal. It gave some of the members an opportunity to meet neighboring officials for the first time. Others renewed friendships interrupted by the routine of busy schedules.

The idea of getting together had long been sought by Malcom Allen, Northville city councilman, as a possible solution to annexation differences between the two communities.

Allen suggested to the group that there might be ground for agreement that would allow both communities to grow in an orderly, planned manner. Instead of pulling against one another, perhaps Novi and Northville can pull together, Allen reasoned.

Specifically, Novi needs sewers for thousands of new homes that are already on the drawing boards. Northville is "land-locked" on all sides except to the north. Its expansion can go only a short distance northward and all ready the city has tried to secure this land by annexation. There is no reason to believe that these efforts will not continue.

Is there, officials asked themselves, something we can do to satisfy both our needs without costly court cases and inter-community haggling?

After conversation, dinner, and more conversation no one could say they had an answer to the question. But it seemed apparent a big step had been taken, and in the right direction. There'll be more meetings when actual decisions may be made. We suspect, however, that none of the subsequent meetings will accomplish any more than the first one. It brought together neighbors who have had in recent months little time or desire, to be sociable.

No one can blame Mel Larson, promoter of the Northville "100" if the July 4th event isn't a success. The hard working promoter-driver has covered a lot of territory in the last two weeks beating the drums for the Downs race. His appearances include guest spots (either past or scheduled) on Lyall Smith's and Bud Lynch's TV sports cast, Bud Guest's radio program, broadcasts on the Wolverine track, the AMVET parade in Detroit and Wayne's homecoming parade. Two sound cars also will be used in the metropolitan area. In addition, Mel's brightly colored convertible is completely covered with dates and time of the event.

representative from Grosse Pointe, was author of some unsuccessful bills in the last session. "If such laws had been in effect when Turner was convicted in 1942," he said, "Turner could—and probably would have been removed permanently from society."

Waldron's bill would have:
1. Provided for indeterminate sentences (one day to life) for convicted sex criminals with sadistic tendencies.
2. Provided protection for the defendant by allowing periodic psychiatric examinations and reviews by the state parole board.
3. Established a clinic at Jackson to provide special treatment.

OPPOSITION TO WALDRON'S BILLS during the last legislature, including opposition by Sen. Ryan and Canty, was on grounds that it included too large a scope of sex criminals, lumping "petty" offenses like peeping toms in the same category as murderers.

SOONEST HOPE FOR CORRECTION of the big loophole in Michigan's law is the 1958 legislature to take action along line recommended by the study committee. Since sex crimes, it is commonly agreed, are committed by mentally deranged people, whose behavior can be predicted, society itself is to blame if nothing is done to prevent them.

HOW ABOUT POLIO? Is the number of cases decreasing?
Happy answer to this question as supplied by Dr. F. S. Leader of the State Health Department, is: "Yes." Until June 18 a total of 34 cases have been reported. This compares with 46 cases in the same period last year, and with 86 cases in 1955 before Salk vaccine was available.

WITH THE SCIENTIST'S CAREFUL evaluation, Dr. Leader said, "It is too early to detect a trend, but the outlook is hopeful."
Demand for Salk vaccine, is "tremendous," according to Dr. Albert E. Heustis, state health commissioner. He said that his department has received for free distribution only a "dribble" recently, and that that is being reserved for 1 to 14 year olds and for pregnant women.

ALTHOUGH THE SUPPLY OF VACCINE is still "tight," production is picking up, and it will continue to be available. Health officials are recommending that vaccinations be continued all summer.

A FACE FAMILIAR IN CAPTIVOL CIRCLES is attracting attention in its possessor's mirror.
Dr. Eugene B. Keyes, doctor, dentist, lawyer, student of psychiatry and politician, announced recently that he could see a better candidate for mayor of Dearborn than Orville L. Hubbard (who has held the job for the last 18 years) by "looking into my own mirror."
Dr. Keyes did not actually say he was going to run, but he allowed as he was about to get some nomination petitions, "just in case."

IN 1954 KEYES RAN FOR nomination as governor on the Republican ticket. He placed fourth in a field of four. This happened, he states, because he had no support from "the checkbook section of the GOP."
Keyes served as Lieutenant Governor in 1943-44 and again in 1947-48. "I keep thinking I'm cured of politics," Keyes says. "Maybe I should have got married instead of running for office. I've got to have something to spend my money on," he philosophizes, "and it may have to be Orville Hubbard. I helped him get in there and I suppose I should have a sense of responsibility and help get him out."

In regard to "peace and quiet on Wixom road":

Two years ago I was told by the supervisor and township attorney that I would have to get my own attorney (to take a drainage problem to court) and that the township attorney could take only township cases, whereas mine was a civil case. I was told the same thing last year over the road deal. Last April I brought up this old case to the supervisor and Mr. Leonard was told the same thing again.

But I guess I don't live in Novi or I am not a trustee. Who paid for this if the township attorney can take a civil case?

I told them I would have to write the governor. They said they didn't think he would be troubled with a little matter like that. (He is the only one who has time for the little fellow). I did hear from him and also from the state health department (by request of the governor). The state health department said someone would call on us from Pontiac. That was April 8. We have seen no one. This is what I call efficient government in the county and township.

Too bad I wasn't a trustee. I would get results.

And hoped it would not invade Northville's charm. That segregation would not raise its angry head—That integration could solve all problems instead. We were glad that in our democratic way—Two rights stood out, in the grand U.S.A. Man's right at the bar of justice—and the Way he wished to worship and pray. And then my friend got on the hum—To take his ship to Willow Run. With this diatribe of mine—Which I have tried to rhyme—My best greetings to thee, as I enclose a check for dollars four—So your good paper will come another year, to my door.

With my sincere wishes,
H. H. White

WRITES A POEM PRAISING HOME

To the Editor:

A Michigan man came to my office the other day Who, when home, lives out Northville way. We talked about Northville's enchanted life Where one at end of day, relaxes from strife. The excellent trade shops which are there—The excellent schools and the houses of prayer. Your summer Bible classes, and playgrounds fine—That come just now in Summertime. And the Record's excellent Lincoln Edition—Which we thought a very fine rendition. And the surprising growth up Wixom way—Also Novi, which please God is there to stay. We further talked about the Nevada fall-out harm—

PARKING METERS and new walks have been installed to accommodate 25 cars at the city's new Dunlap street lot directly behind Main street stores. City councilmen have decided that parkers will enter from Dunlap and exit through an alley leading to Hutton street. The walks allow shoppers convenient entrance to stores in the area and also protect the meters from being bumped by parkers. The meters are set for nickels, dimes and quarters allowing 2-hour, 4-hour and 10-hour parking.

Schools Seek More Funds To Meet Operating Costs

An intimate part in the battle of the school district pocketbook was given new school board members Adrian Willis and Dr. Waldo Johnson Monday night as the Northville board of education decided to borrow another \$37,000 in the form of tax anticipation notes.

Vote for the additional funds, necessary to meet remaining July and August payrolls, was called by new board president Nelson Schrader.

This money is in addition to \$50,000 in tax anticipation notes issued last month, purchased by Manufacturer's National Bank. Because of a cut in school funds from the recent state aid act passed in Lansing, resulting in an approximate \$49,000 loss to the district, funds from the previous notes will not last through the month of July.

Money is available, however, to meet the payroll due this week.

In addition to the tax anticipation notes, there are two other potential sources of revenue. A regular state aid payment of \$20,000 is due the district in August, and board members approved a request for an advance in state aid for the maximum advance allowed, an estimated \$50,000.

The anticipated total from these three sources, \$107,000, should carry the district through July and August bills and payrolls.

Two additional state aid payments of \$20,000 each are due in October and December, and \$16,000 due from the primary school fund.

Meeting another pressing problem, board members approved the appointment of high school principal Elroy Ellison as acting superintendent of schools. Superintendent R. H. Amerman, who has been in ill health for the past several weeks, hopes to be able to enter the Mayo clinic in Rochester, Minnesota soon for further treatment.

In other business, the board approved further plans submitted by Eberle M. Smith Associates for the new high school.

Members of the firm appeared at Monday's meeting with a scale model of the site and school to show members more vividly their proposed plans.

The hope was expressed by board president Nelson Schrader that advertising for bids could be begun the first part of September.

In other business, board members heard reports from principals on filling teaching vacancies for next year.

High school principal Ellison announced that two part-time teachers had agreed to continue teaching in that capacity and that the school system would retain the services of school psychologist Gene Alexander two days each week. All other vacancies at the high school have been filled with the exception of one seventh grade science teacher and an industrial arts teacher.

Concerning elementary school vacancies, principal Harry Smith reported that six vacancies have been filled with only three remaining to be filled for fall.

In other matters, the board—heard a progress report from the Northville curriculum study committee;

—approved a request for bids on furniture for the new Amerman addition;

—tabled consideration of bids for fuel oil and for new driver education cars;

—tabled discussion of school bus transportation. Due to new state legislation, transportation funds will no longer be available for children who live within a mile and a half of the school.

Other new officers of the Northville board were announced at Monday's meeting. Dr. Waldo Johnson, new member, has been elected vice president. Eural Clark and Robert Shafer retain posts as treasurer and secretary respectively.

Obituary

Mrs. Estella Scholtz

Mrs. Scholtz, who lived at 410 North Center street, died June 29 at Whitehall Convalescent home. She had lived in Northville her entire life, born here on June 16, 1870 to Benjamin and Anna Guthrie Parmenter. Her husband John preceded her in death. Mrs. Scholtz was a charter member of the American Legion auxiliary, member of the Eastern Star and of the First Methodist church of Northville. She is survived by sons Charles, Clyde and Carl, all of Northville. Funeral services were held Tuesday from the Casterline Funeral home, Rev. Paul Cargo of the First Methodist church officiating. Interment was in Rural Hill mausoleum.

Little Mary Is Dead!
How shocked and saddened we were as we read the account of the brutal death of little six year old Mary DeCausin whose body was found in an abandoned spot. Somewhere in the City of Detroit is a sex murderer who is guilty of this horrible crime. The police are doing their best to find the guilty one and bring him to justice. We sincerely hope that they will be successful. But I wonder how many others, who will never be found and brought to justice in this life, are guilty of contributing to causes which incite and inflame evil passion. Lets read what the father of little Mary said to reporters. "I have said before that society may be responsible for this act. Can the rest of us be sure that some dirty story we told in time past didn't pass on, eventually, to the ears of the man who killed my daughter? Can women who dress in scanty and too tight attire be sure a murderer wasn't aroused by seeing them on the street? Can writers, publishers, sellers and buyers of "Sexy" magazines be sure they haven't contributed to this crime?" How often does God's word speak out against this filthy, evil, suggestive sin which when aroused brings world of misery.

Distemper on the Rise In Wayne, Oakland

Dog owners were warned this week of a sharp increase in canine distemper in Wayne and Oakland counties.

Dr. Jack Emery, of Waterford, president of the Southeastern Michigan Veterinary Medical association, said the number of distemper cases treated by veterinarians has shown an upward trend since early January.

Dr. Emery said many of the current cases reported were older dogs previously considered immune to the often-fatal disease. He said:

"It was formerly believed that early immunization against the distemper virus provided lifetime protection. However, the rising inci-

dence of distemper complex in grown dogs has forced us to take a new look at the theory of immunization. To protect older dogs, we are now recommending booster shots."

The "distemper complex" was described by Dr. Emery as a two-phase disease.

"It is in the early stage — marked by loss of appetite, vomiting and nervousness — that the veterinarian should be consulted," Dr. Emery said. "If the disease is diagnosed in this stage, neutralizing serums can be administered. The sooner this is done, the better chance the dog has to ward off the second and more severe phase

with its many complications." Untreated dogs passing into a secondary or "complex" stage may recover, he stated, although the death rate is high. Many dogs surviving the disease are afflicted with damage to the nervous system, including convulsions and nervous tremors.

In addition, the case may be further complicated by bacteria infections.

When should a young dog be vaccinated? Shortly after weaning, Dr. Emery recommends. However, this may vary slightly according to the breed of dog, the locale and the conditions under which the dog is kept.

"The frequency of booster shots can be determined by the veterinarian who is posted on the prevalence of distemper in his area. Most distemper outbreaks occur in the spring and fall. This is the time the dog owner should be most watchful for symptoms," Dr. Emery said.

Decorating IDEAS No. 5
— by BLUNK'S
Member of the Grand Rapids Furniture Makers Guild
DON'T USE PATTERN AGAINST PATTERN
Especially in a small room. This tends to give the room a fussy, cluttered, restless feeling. Remember, everything in your room should be in relation to everything else—as well as in relation to background. It naturally follows that the charm and value of contrast is lost when too many patterns are used.
PLAY UP ONE PATTERN . . .
... against a background of interrelated colors for a dramatic, yet restful effect. A large expanse of flowered—or figured—draperies are usually all the pattern that's needed to enliven a small room. Relieve monotony of too many plain surfaces with texture interest of sofa and chair upholstery fabrics. Plain rugs are best in small rooms.
Whatever style of room you're planning, we have furnishings that you will find "just right" for it. Lovely decorator-type pieces in a variety of styles and sizes. See them today while stocks are complete.
Please don't be hesitant about coming in and discussing your decorating problems with our friendly staff. It will be our pleasure to be helpful in any way that we can.
