

SAYING GOOD-BYE to one of her hosts, Jackie Jones, next Tuesday will be Hedi Trithart, Rotary sponsored foreign exchange student who has just completed a year at Northville high school. Hedi has lived with the Al Jones family of Horton street since her arrival in Northville last September.

Hedi Says 'Auf Wiedersehn' Leaves Tuesday for Austria

Many good-byes will be said between now and next Tuesday morning for four Rotary exchange students who will leave for home — and more than a few tears will be wiped away by their foster parents and families when they take that final look.

Included in the group is Hedi Trithart, who has been living with Mr. and Mrs. Al Jones and family

of Horton street since her arrival in Northville last September.

She received a diploma from Northville high school in June — "but I still have another year of high school when I go back," she said. Upon entering Northville high school, the Austrian lass was jumped from the tenth grade to the 12th, so must study another year to complete her required schooling.

Though she will be sad at leaving, Hedi has much to tell her friends at home and classmates at the all-girls school she will return to — about cheering the Mustangs on to victory in the brisk, fall air at Ford Field . . . writing her impressions of local school activities for the Record's school page, Mustang Hoof Prints . . . attending the senior prom . . . studies in an American school . . . and many others that will occur to her spontaneously as her daily life at home becomes the routine.

When she is graduated from school, Hedi hopes to study chemistry — but is still not sure of what her future holds. "I would certainly like to come back for a visit," she said. "I have enjoyed my stay very much . . . the experience has been one I'll never forget."

Students to Receive Rotary Farewell

At their annual exchange student dinner Monday night, the Rotary club of Northville will honor four exchange students who have been studying for the past year in Michigan.

Among the students to be honored is Hedi Trithart, student from Austria sponsored by the local club.

Invited to the banquet are Rotary wives and foster parents of the students.

General chairman for the dinner is Lynn Sullivan. Serving begins at 6:30 p.m. at the First Presbyterian church.

McLeod Joins Schools As Administration Aide

Approval was given by the Northville board of education Monday night of the hiring of a former college instructor and holder of a doctor's degree as an administrative assistant in the Northville school system.

He is Dr. Kenneth McLeod, now a resident of Dearborn and a stockholder in an office supply concern.

Main duty of the new assistant will be work in all areas of curriculum, especially implementing the Northville curriculum study committee's recommendations for courses of study in the new high school.

Personnel work and child accounting (school census records) will be Dr. McLeod's other main jobs. He will be in charge of all personnel records, though he will have no authority to hire or dismiss.

The board stated that the new position has been created to leave Superintendent R. H. Amerman to spend more time on matters such as school finances, which they say are becoming increasingly time consuming.

Dr. McLeod is a former instructor at the University of Michigan and Wayne State university, and a former member of the Wyandotte school system. Part of his duties will include aiding in implementing the recommendations of the Northville Curriculum study committee in the new high school when it is completed.

The board has reported that the new assistant's salary will be \$9,500 per year.

In other business, the board announced that a \$50,000 advance in state aid, requested recently when it was determined that operating funds would be at a minimum due to a change in the state aid law, had been approved and received by the board. The school district is also seeking approval for an additional \$37,000 issue of tax anticipation notes to help meet payrolls

and operating costs.

The board also gave approval to a proposal for revamping the present board of education offices by including an adjacent classroom in the Main Street building. Though the room will continue to be used for classes until the new Amerman addition is ready for use, a door from the present board office to the adjoining room will be installed soon and bids on furniture for the new office will be solicited.

In other matters the board: — voted to accept 11th and 12th graders from Salem Union school district in the fall. The Salem district had previously requested that these students and 10th graders be permitted to finish high school in the Northville school.

— instructed Lynn Welch of the Eberle M. Smith Associates firm to work out plans with the city of Northville for storm and sanitary sewers for the new high school. Welch reported that the city would be willing to cooperate in installation of the sewers.

— approved purchase of two pianos for Amerman school, low bid being Grinnell Brothers at \$540 for each piano.

Dr. Kenneth McLeod

South Main Street Replaces City's Plymouth Avenue

After learning that an appeal for tax relief for residents of Oakwood subdivision had been denied by the state (see story, col. 8) the city council got down to an agenda of routine matters Monday evening.

In rapid order they renewed the garbage contract at the same terms as prevailed last year, heard a report on city engineering work by the city manager, approved a resolution outlining authority of the recreation committee, made two appointments and renamed Plymouth avenue.

The council, hinting that they are about to hire an engineer on a retainer basis, listened to a report by the city manager on work currently being conducted for the city by an engineering firm. The council has shown more than casual interest in a suggestion that a local engineer be hired on a retainer basis. They had instructed the city manager to outline the present work being done by engineering consultants and suggest a "breaking-off" point.

Councilmen officially approved the changing of Plymouth avenue to South Main street between Park Place and Seven Mile road. The change was made in answer to petitions of residents of the area who claimed their mail was being misrouted to Plymouth.

Wilson Funk and Fred Gotts were named to fill vacancies on the zoning board of appeals created by the resignation of Harry German, Jr. and Glenn C. Long.

In other business the council took another look at the Community Building and decided it was time for more meetings "with the school board. Some members have been outspoken that the city-owned building should either be sold to the school board or re-designed and put to better city use.

The council promised an answer to Mel Larson, automobile race promoter, who asked permission to stage another event in August.

Councilmen expressed the opinion that better safety precautions should be provided in future races at the Downs.

Councilman Canterbury reported on latest developments in the discussions of alleys and offstreet parking with the merchants. He told the council that an up-to-date plan for the alley and parking proposed for the block bounded by Wing, Dunlap, Center and Main streets is needed. He also called for a "better and easier way" to pay for alley and parking additions than assessment as suggested by merchants.

Canterbury was appointed to a parking committee along with Councilman Allen and the city manager. The group is to meet with a merchants' committee and the city planning commission.

In final business Councilman Allen reported that storm sewer provisions from the new high school could be engineered cooperatively between the city and the school board to provide adequate facilities for the new school and also projected growth in the area. He told the council that the storm sewer would go down East street to High street. Sanitary sewer hook-up would extend from the school to Walnut street hill down Center street, he stated.

P-TA Committee Seeks Answers

A meeting to discuss bus transportation for the coming school year was scheduled Wednesday evening between the transportation committee of the Parent-Teachers association and representatives of the Northville board of education.

A new school state aid law passed this summer in Lansing states that the school district will not be reimbursed for transporting students who live within one and one-half miles of school.

Target of many complaints last year when the limit was set at one mile, the school board has asked the P-TA committee, headed by Kenneth Conley, for recommendations and suggestions as to how to handle the problem.

The board has asked that suggestions be submitted before August 5 when transportation schedules must be worked out.

NORTHVILLE township will soon have its first subdivision with sanitary sewers. Connection to the Middle Rouge interceptor is already underway on Bradner road through property owned by Russell Rinehart, shown above (left) pointing to the path of the connection. Rinehart, 15707 Bradner, donated an easement to allow sewer facilities for a proposed 370-home development by the Gordon and Scheurman company of Detroit. With Rinehart are: (l. to r.) Howard Bowring, owner of a section of the land sold for development, D. J. Stark, township clerk and realtor handling the transaction, and Mrs. Mollie Lawrence, township supervisor.

New Sewer Line a Milestone

A milestone in Northville township progress was reached last week when construction began on the first sewer line designed specifically to serve a township subdivision.

The subdivision itself — a 370-home development southeast of Bradner and Franklin roads — will be the first complete commercially-

built project in Northville township. The sewer line extends eastward for 1,800 feet from the Middle Rouge interceptor to the site.

The new subdivision will feature all-brick ranch homes in the \$18,000-\$23,000 bracket. Approximately 50 of them will be built this year.

The subdivision will be built on an 80-acre site formerly owned by Archie Herrick, 15746 Bradner. The transaction was handled by Northville realtor D. J. Stark.

The homes will be constructed by Gordon-Scheurman, Inc., long-time Detroit builders with more than 20 years of building experience.

The project may be named "Rinehart Subdivision" in honor of Russell Rinehart, 15707 Bradner, who donated a 20-foot easement to connect the sewer with the interceptor.

The sewer line will be large enough to handle a second subdivision scheduled to be built on 35 acres across Bradner road from the

present project. The site is owned by Howard Bowring and Mrs. Eva Herrick.

Alex Gordon, of Gordon and Scheurman, said construction of the homes will begin as soon as legal and technical details are approved by county and township officials.

Amerman Reported To Be Improved

Superintendent of schools R. H. Amerman sent word to Northville this week that he is now improving under treatment at the Mayo clinic for what doctors have found to be a bone injury.

Amerman left for the well-known Rochester, Minnesota hospital last week after having an attack that kept him from his job.

High school principal Elroy Ellison has been appointed acting superintendent in Amerman's absence.

Little Hope for Relief In City's Oakland Area

An appeal by the city of Northville protesting the equalization factor applied in the Oakland county section of the city has been denied by the State Tax Commission.

The denial for a hearing apparently kills any hope that consideration will be given to a situation pointed to as inequitable by the city council.

In dollars and cents it means that homeowners in the Oakland county area of the city will pay school and county taxes that are nearly double those of residents in the Wayne county area of the city.

Official denial of the appeal was given city councilmen Monday evening by Sidney Frid, Oakland county supervisor from the city. Frid had filed the appeal on May 10 after it was revealed that the state had set an equalization factor of 2.42 on the assessed valuation of property in the Oakland county section of Northville.

Frid told the council he would favor a private suit brought by residents of the area. "It's a basic fundamental of our form of government that all taxes must be fair and equitable," Frid stated.

He challenged the council with "how can you hope to bring a new subdivision into the city if they must pay twice the tax."

Councilmen were sympathetic, but visibly stunned by the situation. Mayor Claude Ely called for a committee composed of Councilmen Canterbury and Reed and the city manager to work with Frid to find another way to approach the problem. There appeared to be little hope that the committee could pull a rabbit out of the hat, however.

The predicament could only happen in Northville. It arises from the state attempting to "equalize" the valuation placed on property by the counties. Lying in two counties, Northville is open to two different "equalization factors." (See "Speak for the Record", page 16).

To begin with the property is given an assessed valuation by the city. Then the county reviews this and places its valuation on the property. Finally, the state raises the figure even higher.

In the case of the Oakland county section of the city the state equalization factor is 2.42, while in the Wayne county section it is 1.74.

What this means to a homeowner with property valued at \$3,000 in the Oakland county section of the city is that his county and school tax will be arrived at by multiplying this valuation by 2.42. In Wayne county the Northville resident with a home valued at \$3,000 will have only a factor of 1.74 applied to bring his property up to the state equalized valuation.

Word of the denial came in the form of a letter from Edward W. Kane, secretary of the State Tax Commission. His letter stated in part:

(Continued on Page 8)

Mow 'em Down

An appeal to owners of vacant lots to keep them properly mowed was issued this week by John Robertson, city manager.

Robertson reported that a number of complaints from citizens had been received concerning heavy weed growth on public and private vacant lots. He added that both the city and the county were making every effort to mow the weeds.

"Private lot owners should also cooperate, not only for the sake of appearance, but to prevent excessive pollination in the approaching hay fever season," Robertson said.

Investigators Seek Someone to Blame For Hospital Escape

The decision of six mentally disturbed teenagers to gang-up on an attendant and escape from the Northville State hospital last Saturday has thrown the Seven Mile road institution into the center of a hot political controversy.

Although the patients are again under confinement, it appears that the incident will not be forgotten until the blame has been placed either at the door of the institution or with the state legislature.

The argument centers around the decision of hospital administrators to reduce the number of attendants caring for teenage patients from three to two. Legislative investigators, including Senator Elmer Porter, chairman of the appropriations committee; Representative Harry Phillips, chairman of the house ways and means subcommittee, and Sterling Eaton, representative from this district, charged that inefficient operation was to blame for the outbreak.

Another story, one of financial shortages, came from hospital administrators.

Dr. Robert Yoder, assistant superintendent, said that the hospital administrators were "trying to do a job as best we can and would welcome any suggestions from the legislature for improvement." These facts were indisputable, however, Yoder pointed out.

Before the fiscal year began (July 1) the hospital requested sufficient funds to employ 1,181 persons. The department of the budget reduced this number to 1,029; the legislature further cut the number to 889.

"It was necessary for us to operate the hospital with 292 positions less than we thought were needed," Dr. Yoder stated.

Speaking of personnel shortages, Dr. Yoder said that in addition to releasing 35 attendants the hospital had recently lost four doctors who had completed their training. "We have had eight applicants for positions on our staff but have not interviewed them because we cannot afford to pay them," he added.

Referring to the condition of other patients in the hospital, Dr. Yoder said the teenagers are more likely to "gang-up" than older patients. He said that one disturbance in another ward had been avoided before it got underway and that little uneasiness now existed as a result of the teenage escape.

Garbage Collections

Twice a week garbage collection will begin in Northville on July 29.

The double service will continue through September with pick-ups being made on Mondays and Thursdays.

The extra service is being provided because of heavier usage during the canning season, City Manager John Robertson said.

THEIR HERO — The bronco-busters and calf-ropers were fine, but as far as Northville kids were concerned, the real highlight of Sunday's rodeo was the appearance of "Sagebrush Shorty", popular television

cowboy. "Shorty" spent nearly a half hour shaking hands and signing autographs for his young admirers. For other pictures and story of the Optimist rodeo, see page 9.

Mr. and Mrs. Harlan Kelly

Elise Lockhart Becomes Bride Of Harlan Kelly

Elise Marie Lockhart, daughter of Mr. and Mrs. George Lockhart of Orchard Drive, became the bride of Harlan W. Kelly of Detroit at an afternoon ceremony on July 6 in the chapel of the First Methodist church.

Harlan is the son of William Kelly of Wyandotte and the late Mrs. Kelly.

Rev. Paul Cargo officiated at the rites.

Elise wore a street length dress of white crystal print rayon. She carried a nosegay bouquet of white roses with a yellow rose corsage center.

Mary Ann Whelan of Detroit was the bridesmaid. She wore a street length dress of blue batiste and carried a nosegay bouquet of yellow carnations.

Best man was Ted Radziewski of Detroit. Ushering was the bridegroom's brother, Robert, of Wyandotte.

Attending were 30 guests from Detroit, Allen Park, Wyandotte, Belleville, Jackson and Kitchener, Ontario as well as Northville.

Following the ceremony a reception was held at the Lockhart home.

The newlyweds are making their home in Detroit.

FAVORITE RECIPES OF NORTHVILLE HOMEMAKERS

PARLEZ VOUS? — Recipes printed in French are the motif for Mrs. Fred Hartt's kitchen curtains in her Northville road home. Asking about the strange symbols are daughters Prudence and Mary—who find the pictures of French cuisine more easily understood.

Before leaving for a vacation with her family last week, Mrs. Fred Hartt of Northville road contributed this recipe for "Veal Scallopini", one she says is tried and true.

The Hartts have two daughters, Prudence, seven, and Mary, five, who love to try to read the kitchen curtains — which are covered with recipes printed in French.

Legion Auxiliary Elects Officers For Coming Year

Members of the American Legion auxiliary voted at their last meeting for new officers for the year beginning in September.

Officers include Hazel Wright, president; Lorraine Steimel, first vice president; Martha Snow, second vice president; Lena Hammond, secretary; Ruth King, treasurer; Bertha Kerr, chaplain; Katherine Todd, historian, and Mathilda Westphal, sergeant at arms.

Delegates Hazel Wright and Clara Alexander are now attending the department convention at Grand Rapids which begins today (Thursday) and ends Sunday. Upon returning, annual reports will be given along with convention reports at the July 24 meeting.

Members also voted to hold regular meetings on the second Wednesday of each month. On fourth Tuesdays of the month, the ladies will meet with the men for a social meeting. The new schedule will go into effect in September. During the rest of July and August, meetings will be held on fourth Wednesdays only.

At the August 28 meeting, installation of new officers will take place. The public is invited to attend.

VEAL SCALLOPINI

1 pound veal steak (cut in about 2 inch squares)
1 large onion, diced
¼ green pepper, diced
1 clove garlic
2 tablespoons vegetable oil
¼ to ½ cup cooking wine
1 package frozen peas
fresh mushrooms

Flour, pound and season veal. Sauté garlic, onion and green pepper in oil. Add veal and brown.

Add wine and water to cover. Simmer ½ hour or until tender. Add peas. Bring to boil. Add sliced fresh mushrooms sautéed in butter. Heat and serve.

Serves four amply.

Phone local news items — parties, dinners, trips — or just a friendly get-together with the neighbors — to the society editor, Northville 200.

NEWS AROUND NORTHVILLE

Mr. and Mrs. Elmer Avery of North Center street recently returned from spending a week at their cottage on Silver Lake road in Traverse City. While away they took pictures of the Cherry Festival parade in Traverse City.

Mr. and Mrs. Robert Dayton and daughter, Robin, returned home from Kingston, New Jersey July 4 and will be leaving for Battle Creek next Sunday where Robert is with IBM military products.

Surprised by a housewarming party last Friday night were the Dean Lenheisers of Mayo Court in Conemara Hills, who have lived in Northville for two months. Friends who walked in with a gift and a complete buffet supper included Mr. and Mrs. Howard Knight of Bloomfield Hills, Mr. and Mrs. N. B. Craid of Royal Oak, Mr. and Mrs. David K. Lewis of Huntington Woods, Mr. and Mrs. Stanley Jursek of Grosse Pointe Farms, Mr. and Mrs. Robert Montgomery of Oak Park, Mr. and Mrs. Thomas Sullivan of Detroit, Miss Gloria Malatesta of Berkeley and Mr. and Mrs. Roger Page of Pontiac.

Mr. and Mrs. Wilson Funk and Dr. and Mrs. Leonard R. Howard and son Brian, their son, daughter-in-law and grandson, recently spent a vacation at Bay View Resort, Cedarville, Michigan. Mrs. Funk remained to visit her sister, Miss M. E. Johnston in DeTour and was accompanied by her on her return home last Friday.

Mrs. Ben Bunge of Lebanon, Illinois is visiting with her daughter, Mrs. Cleve W. Stroh and family of Napier road, and her granddaughter, Mrs. Ronald Bell and family of Randolph street.

Mr. and Mrs. Fred Wendt and

daughter Lucretia of River street recently returned from their vacation in Milwaukee, Wisconsin where they visited relatives. Also included in their trip was a visit to the locks at Sault Ste. Marie, the spring near Manistique, and the new Mackinac Straits bridge.

The Northville Review club will meet next Thursday, July 25 at the home of Mrs. Paul Hoffman. Mrs. L. D. Rambeau will review "The Short Reign of Pippin IV" by John Steinbeck.

Mr. and Mrs. James McNeice of Woodhill drive returned this week from a motor trip with their family through New York state and Connecticut.

Mrs. Emma Reid just returned from Portland, Oregon where she was visiting her son Edward and his family. She traveled through Canada by way of the Canadian Rockies.

Ross Worboys of Los Angeles is visiting his aunt, Mrs. James Copland of West Cady street. He is the son of Mr. and Mrs. Douglas Worboys. Mrs. Worboys is the former Violet Copland.

Mr. and Mrs. Joseph Kuc of East Main street have just returned from a two week extended tour of the lower and upper peninsulas. While in Copper Harbor, where they spent

five days, they visited Mr. and Mrs. Mort Eustice, Mr. and Mrs. Frank Fausone, Mr. and Mrs. Fran Cloutier and Mr. and Mrs. Bob Cloutier, brothers and sisters of Mrs. Robert Dearing of Caldwell road.

Miss Pat Rogers of Pacoima, California is visiting her grandparents, Mr. and Mrs. Charles Conklin of North Center street for the summer.

Mrs. George Mellen and children, Sarah and Brian, have just returned from a three weeks vacation trip through Texas and Mexico, visiting another son Peter and his wife in San Antonio. Brian stayed a week at India Creek Boy Scout camp just outside San Antonio.

Pianist James Wolfe Featured At Second Plymouth Concert

On Sunday, July 21 at 5 o'clock in the afternoon, Plymouth Colony Farms will again be the scene of a concert in the summer outdoor music festival series sponsored by the Plymouth Symphony Society.

This time, the program will be presented by the Detroit Little Symphony under the direction of conductor Wayne Dunlap and will include Prokofiev's brilliant "Classical Symphony". The Detroit Little Symphony, known in this area for the virtuosity of its performances, will also perform Ravel's "Le tombeau de Couperin" and Delius' "On hearing the first Cuckoo in the Spring" in the delightful background of the open country.

A special feature will be James Wolfe, internationally known young pianist, who will play both the Brandenburg concert No. 1 in F Major by Bach and the little known Beethoven Piano Concerto No. 2.

A native of Omaha, Mr. Wolfe recently added Central America and Mexico to the scenes of his recital appearances. He has been heard widely in concerts in the United States and with such orchestras as the Philadelphia Symphony, the Buffalo Philharmonic and the Springfield Symphony. He has also toured in the Scandinavian countries, Iceland, Canada, England, Brazil and in Hawaii where he was soloist with the Honolulu Symphony. In France, he performed with L'Orchestre de la Societe' des Concerts du Conservatoire.

The audience again will have full privileges of the informal setting at Plymouth Colony Farms which is about three miles west of Plymouth on Joy road. Generously made available for this purpose by Dr. Ralph Pino, noted Detroit eye surgeon, the area is easily reached and includes vast parking facilities close to the concert site.

Tickets for the remaining concerts on July 21 and August 11 may be purchased by mail from the Plymouth Symphony Society, Box 99, Plymouth, Michigan, or may be secured on the site at the concerts.

NORTHVILLE WALLED LAKE

Newcomer's Corner

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

A GOLFING FAMILY — Mr. and Mrs. A. T. Skover, and sons Tom, Philip and Kenneth have recently moved to Northville from Detroit. Their new home is on Fairway drive just off Meadowbrook road — near the golf course, of course.

Now in a new home close to a spot where they can indulge in their first love — golf — are the A. T. Skovers of Fairway Drive, off Meadowbrook road.

The Skovers moved to Northville in May from Detroit. Members of Meadowbrook Country club for the past ten years, they had owned the

site of their new home for several years before building.

"Tony" Skover and son, Tom, 19, have played as a team in several invitational tournaments. Philip, 13, and Kenneth, 11, are also learning to wield golf clubs with skill. And Mrs. Skover, of course, plays the game also — but then, when else would she have much chance to see the rest of the family?

When not outside playing golf, the Skovers are entertained at home by the antics of two parakeets, Pefey and Dickey.

Tom is majoring in general business at the University of Detroit. Philip will begin attending U. of D. high school in the fall and Kenneth hopes to enter Our Lady of Vic-

tory school here in Northville. Mr. Skover is with the Howard T. Keating company.

Phone local news items — parties, dinners, trips — or just a friendly get-together with the neighbors — to the society editor, Northville 200.

Three Cities Art Club Elects Officers

At a regular meeting of the Three Cities Art club Tuesday, July 9 at the home of Mrs. Earl Becker of Timberlane Drive, Northville, officers for the coming year were elected.

They are: Mrs. Don Sober, Plymouth, president; Mrs. Earl Becker, Northville, vice president; Mrs. Roland Zick, Livonia, secretary; Mrs. Harold Pine, Plymouth, treasurer; Mrs. Harold Hartley, Northville, membership chairman; Mrs. Samuel Hudson, Plymouth, publicity chairman.

Programs for the fall and winter meetings will include the viewing of films on art masterpieces, lec-

tures on current trends in art, portrait painting workshops, demonstrations of silk-screen processes, and a demonstration on mobile and jewelry making.

"Born Yesterday" Cast Includes Alvin Skow

Taking part in the Eastern Michigan college players production of "Born Yesterday" on Thursday and Friday of next week will be Alvin Skow of Horton street.

Skow is taking summer session courses at the school.

The well known play concerns itself with a small time monopolist junk man and his dumb chorus-girl companion who journey to Washington, D.C. to try to further the junkman's crooked schemes.

The EMC cast includes Lorraine Ellefson as the dumb blonde and Pietro DiGiorgio as the tough junkman.

Skow is making his first appearance in the campus playhouse. Tickets will be on sale at McKenny Hall in Ypsilanti beginning today (Thursday). Curtain time is 8 p.m. in Roosevelt auditorium.

JP's Fee Problem Nearing a Solution

The question of whether Novi's two justices of the peace should pay for clerical help and for use of the township hall may be resolved before long.

Justice Robert Anderson, sworn into office two weeks ago, told the township board Monday night he will willingly pay a fair price for the services.

Novi Had Doctors In Those Days, Too

A dimly-remembered era of Novi history came to light this week — an era of country doctors, black leather instrument cases, and horse-and-buggy rides to their patients' homes at night.

Those nostalgic days were called to memory by a Novi woman who telephoned The Novi News to say that Dr. Lyle Fettig, D.O., will not be the first doctor in Novi history as was reported.

"Why Novi had doctors back in the '80s and '90s," she said. "And they were real doctors — country doctors who knew their medicine and would do anything to help their patients when they were sick."

She mentioned Dr. Richard Johnson, father-in-law of trustee Frank Clark, and others — Dr. Wiggins, Dr. Marshall, Dr. Holcomb — who brought health and happiness to Novi many years ago.

"Novi hasn't had a doctor for 10 years or so," she said, "but we old timers can still recall the days when Novi's doctors were as good as any to be found anywhere."

From her sincerity, you could tell Dr. Fettig will have quite a tradition to live up to when he opens his clinic in several weeks.

Drowning Prompts Novi Board Study

Distraught over the recent drowning of a Detroit boy near the Novi township park on Walled Lake board members Monday night began looking into ways to prevent a recurrence.

The board agreed to talk with proprietors of Ship Ahoy Beach about possibly removing their raft or installing an intermediate raft.

The raft, accessible to swimmers at the township park, is anchored on a drop-off in 20-40 feet of water. In addition, the board discussed the possibility of requiring a full-time life guard at the beach.

The Detroit youth drowned two weeks ago when he tried to swim to the raft rather than admit to companions that he was a weak swimmer. It was the second drowning there in the past two years.

Novi Highlights:

Novi Alumni Elect Officers

By Mrs. Luther Rix Phone Northville 2741

Approximately 40 were present at the Novi school reunion Saturday afternoon. The new officers are Warren Rice, president, from Pontiac; Mrs. Fred Garlick, Novi, vice president; and Mrs. Harold Newman, Livonia, secretary-treasurer. Other out-of-town guests came from Detroit, Rochester, Port Huron, Pontiac and Farmington.

Mrs. James Hagle of Port Huron was a visitor at the home of her brother and his wife, Mr. and Mrs. Fred Garlick, on Saturday. Mrs. Daisy Roberts of Detroit was a week end guest of the Garlicks.

Mr. and Mrs. Arthur Kreger attended the annual picnic of Holcomb, Inc. at Riverside park in Plymouth on Sunday.

Mr. and Mrs. R. H. Kirkwood are entertaining the latter's sister, Mrs. Helen McGlynn, who arrived this week from National City, California. Mrs. McGlynn's daughter, Jackie, is expected later in the month.

Mr. and Mrs. Fred LaPante are the parents of a son, Mark Allen, born June 20 at St. Joseph's hospital, Pontiac. Mr. and Mrs. Rex LaPante Sr. are the paternal grandparents.

In Willowbrook:

Residents Plan Vacations

By Mrs. John Parent — Greenleaf 4-2060

The Frank Nelsons of Malott drive have just returned from a week's vacation in the Laurentian Mountains of Canada. They were accompanied by their friends, Mr. and Mrs. Steven Dennis.

Ann Williams of Millstream is slated for a very exciting summer. When she finishes the summer school session at the University of Michigan, where she is studying nursing she will be off on a trip abroad. She leaves on the 18th of August in the company of Mr. and Mrs. John Miller of Livonia and they will tour England, Scotland, Wales, Ireland and France.

Dianne Reno of Detroit is spending two and one-half weeks as the house guest of Mr. and Mrs. James Newton of Malott drive. Skip Newton is off for boy scout camp at Clinton Valley this week.

Mr. and Mrs. Robert Byrd of Mooringside drive entertained Russ Isaacs of Detroit, a business associate of Bob's, last Tuesday. After dinner Bob organized a poker party. Guests included Bud Bauer, Karl Weiss, Ken Goyt, Ken Bernhard, John Lees and George Ames. Sylvia Klerkx and Mrs. Constance Klerkx, Sr. attended the Governor's Day at the home of State Representative Leslie Hudson in Pontiac Sunday.

Sylvia's parents, Mr. and Mrs. P. L. Green of Mikado, Michigan have been visiting here, and at the home of her sister in Garden City.

The Bill Goulds of Glen Ridge spent Friday evening playing cards with their friends and Burt Harowitz, who live on Ewald Circle, in Detroit.

Headlines From THE NOVI NEWS

YOU KNOW WHAT'S HAPPENING IN NOVI TOWNSHIP IF YOU READ THE NEWS

Wixom, Now a Village, Eyes City Status

WIXOM'S FIRST COUNCIL — The huge responsibility of running Wixom's affairs for the new two years will fall to this group of council members, elected Monday by 443 village voters: from left to right, Gunnar Mettala, Robert Wagnitz, Walter Tuck, "Bill" Abrams, Jesse Birchard and Mrs. Lottie Chambers. The council will be sworn in Monday night.

FIRST PRESIDENT — Joseph Stadnik, first head of Wixom's new village government, gets down to business immediately after his election Monday. Stadnik, a Plymouth auto dealer, has lived in Wixom for 14 years and has been active in civic, school and church activities. (See picture, story on page 14).

Wixom officials, elected to office only last Monday, lost no time this week in setting as one of their first goals the incorporation of the new village into a fourth class city.

Village president Joseph Stadnik said Wixom probably can have city status within the next year.

No certain population is required for fourth-class cities, he said. Only a qualified charter, approved by voters, is necessary.

Stadnik said the move is necessary "in order to insure ourselves against encroachment by other communities and to give ourselves needed tax rights over industry and commerce within our boundaries."

At the same time, Stadnik promised that his administration will work hand-in-hand with surrounding communities to solve common problems and improve relations.

Stadnik and six members of the first village council were named to office Monday as voters approved the village charter, 201-149.

Stadnik barely edged out Wesley McAtee, 169-166. An equally close race gave Gunnar Mettala the sixth council seat, as he narrowly out-drew five other candidates.

Some 93 of the 443 voters failed to cast ballots for or against the charter, reflecting continued doubt over the document on the part of many Wixom residents.

Stadnik and the six council members will be sworn into office at their first official meeting Monday. With that, and the sending of certified copies of the charter to county and state officials, Wixom will be in business.

Despite his hopes for city status within the next year, Stadnik urged a cautious approach to Wixom's new affairs.

"One of our first steps will be to set up a planning commission," he said. "We have a lot to do, but

we must do it in an orderly manner and with as much consideration as possible. We must plan, plan and plan some more, rather than rushing into something before knowing its the right thing to do."

Stadnik said the council will soon look into Wixom's tax picture.

Presumably, state gasoline and sales tax rebates which previously went to Novi will come to Wixom immediately. But Stadnik doubted that village taxes would be levied until the first of next year.

"We won't start off with a large budget, so there's no reason to begin taxing immediately," he said.

Novi supervisor Frazer Staman had little to say about the election except that city status for Wixom would be apt "to break the rest of the township."

Wixom Inherits Novi's Problem Of Bar Licenses

In one respect, the approval of Wixom's new charter was a blessing in disguise to Novi township board members.

By becoming a village, Wixom has now assumed Novi's long-standing problem of trying to handle requests for approval of additional liquor licenses in the township.

The subject provoked a heated discussion Monday night between board members and Sam Nastick, proprietor of a tavern in the Wixom area of Novi.

Nastick claimed he has been denied approval of a liquor license for upwards of 27 years and has been getting "the run-around" from township officials and liquor commission members.

Board members explained that Novi already has its legal limit of one bar per 1,500 persons. In addition they said, Nastick's tavern would (and subsequently has) come under Wixom's jurisdiction.

Nastick was the most outspoken of three tavern-owners who were present at the board meeting to discuss getting liquor licenses. All are from Wixom.

In other business the board:

— heard township attorney Anthony Renne report that he has contacted the prosecutor's office about excessive noise at three Novi drive-in restaurants. Renne suggested that the township might well license "soft-drink emporiums" so as to control them in the future.

— heard a report on repairs needed at the Novi Community building and the Novi township park.

— moved to have director of public safety Lee BeGole secure price estimates on a new 1,000-gallon tanker for the fire department. The tanker would replace a rapidly-aging 1928 Reo which has undergone expensive repairs lately.

— received a petition to set up a special assessment district for blacktopping First street. Only property-owners would be assessed for the improvement.

— instructed BeGole to have the word "Police" removed from a motor boat being used by the new Novi lake patrol.

— agreed to meet soon to discuss possible curtailment of police operations because of a lack of funds. The township no longer receives revenue from traffic tickets—which amounted to \$11,470 last year — and some board members feel the budget must be cut somewhere.

Republicans to Meet

Fred Ziem, Oakland county prosecutor, and other officials of the Republican party in Oakland county will attend a meeting of the Novi Republican club this evening (Thursday).

The meeting, scheduled for 8 p.m. in the Community building is open to anyone interested in Republican activities in the township.

Beck Road Has Its Troubles

A dozen residents of Beck road are getting fed up with dust, chuck holes and heavy traffic on their road, but from all indications they will get little relief unless they provide it themselves.

As far as most officials are concerned, the problem is strictly their own.

The issue is further complicated by the fact that the road is within the limits of the brand-new village of Wixom and thus out of Novi's jurisdiction.

Behind the problem are five or six of the 23 families who live on Beck between 12 Mile and 13 Mile and who feel something should be done about the state of their road, which has become increasingly rutted, bumpy and dusty in the past few years. The solution, they feel, is paving it.

According to Mrs. Albert Steinberger, 28284 Beck road, they have sought an answer for many months and have had only "buck-passing".

But according to supervisor Frazer Staman, the answer has been simple: a special assessment district through which the Beck road residents would pay for resurfacing. This would have to be done through the Oakland county road commission.

Mrs. Steinberger contends, however, that other residents of the

road are unwilling to pay a special road assessment, and that this stalls the project.

As for frequent applications of chloride, Mrs. Steinberger says not all her neighbors are willing to pay for the treatments and that it is worthless for half a dozen residents to do it.

"We get just as much dust as ever, even if we have the road in front of our house chlorided," she says.

Mrs. Steinberger has another idea: to levy a township-wide assessment of a mill or two to provide for road improvement.

This drew another rejection from Staman.

Novi trustee and long-time supervisor Frank Clark returned to his home last week after spending six weeks in a Northville hospital undergoing treatment and recuperation.

Clark said he is to return to the hospital tomorrow for a final check-up.

He hopes to be back in his trustee chair at the township board meeting two weeks from Monday if everything goes well.

Old US-16 to Have Fourth Lane Soon To Relieve Traffic

After years of three-lane treachery, Grand River is about to become a four-lane highway through Novi.

State highway officials hoped to start adding the fourth lane this week in an effort to do away with summer-time traffic jams and accidents such as killed three Detroit area boys last week.

The fourth lane, scheduled for completion by August 1, will run along the south side of Grand River from near Kensington park to a point west of Farmington.

State highway commissioner John C. Mackie decided on the extra lane as a stop-gap measure to handle traffic which soon will use the new Farmington-Brighton expressway.

The super-highway will be opened late this year.

In recent weeks, the ordinarily-severe traffic conditions on Grand River have been worse than ever. The jam-ups have been called the worst in Michigan history.

Mackie originally considered measures to open parts of the expressway immediately, but discounted them after viewing the super-highway site.

Mackie also examined proposals to use prestressed steel in three expressway bridges, construction of which is holding up completion of the super-highway.

The commissioner said trucks will be barred from the new fourth lane because the paving material would not hold up under their weight.

State police will patrol the widened Grand River until motorists get used to it. Drivers will be allowed to pass in the right on the four-lane highway.

Mackie was in Novi last week to investigate the entire traffic problem. At one point — 12 Mile and Grand River, near the new Lincoln plant — he himself was snarled in a five-minute jam-up.

The driver of the truck, Stanley Duncan, of Brighton, was treated for slight injuries and released from Sessions hospital in Northville.

The accident occurred about 6 a.m. during a heavy rainstorm. Duncan said the boys' car drifted into the center lane, veered back into its own lane, and then swung sharply into the truck's path.

"It came down the center lane for about 50 feet, and then came sliding right at me," he said. The entire car was smashed under the heavy truck. State police found it difficult to pull out the bodies.

Witnesses said the boys were not speeding.

The dead are: George Orely, 16, of Ecorse

William R. Thomas, 17, of Taylor Township

Norman L. Tackett, 16, of River Rouge

Worst Accident in Months Kills Three on Grand River

If the proposed new fourth lane on US-16 had been in existence last week, three Detroit area youths might be alive today to go on another fishing trip.

The three were killed early Friday morning in one of the worst accidents on Grand River in recent months.

Heading to Kensington park for a day of fishing, the three smashed into a heavy truck just west of Napier road.

The dead are:

George Orely, 16, of Ecorse

William R. Thomas, 17, of Taylor Township

Norman L. Tackett, 16, of River Rouge

THREE VICTIMS of Grand River's worst accident in more than a year are searched for identification by State and Novi township police. The trio of teen-age youths were killed instantly when their car skidded into the path of a truck last Thursday morning during a heavy rainstorm. See story and picture elsewhere.

Election Upheld; Protest Continues

The recent Novi school bond issue election was upheld by at least one authority this week but a taxpayer's challenge of the vote still stands.

Herbert Koester, 42780 Eight Mile, said he will still request a review of the voting records against school district assessment rolls.

Earlier this week, Koester received a reply from Berry, Stevens and Moorman, school bonding attorneys, upholding the election.

The firm stated that sufficient notices had been given to voters that absentee voting is illegal in non-registration districts, that election inspectors certified that only qualified electors voted, and that "it appears that the election was held and conducted in an entirely legal manner."

Koester had challenged the election on those three points.

He has yet to hear from state superintendent of public instruction Lynn Bartlett about his protest.

In the election, an \$825,000 bond issue for a new elementary school future sites, and improvements of the present building was approved by voters.

Reward Offered For Washline Thief

Northville police are offering a reward for information leading to the arrest and conviction of a thief who is apparently fussy about the condition of the clothes he steals — he wants them to be clean.

According to police, the first item taken from the clothesline of Mrs. Freda O'Leary, 244 South Wing street several weeks ago was a white wool majorette suit.

A week later, a pair of black and white shorts and a blouse with black trim were taken from the line.

Police said the majorette suit is valued at \$25.

Willowbrook ...

Eleanor Freytag held an impromptu meeting of her coffee club last Thursday morning. Those who gathered for coffee and doughnuts included Bea Diem, Jean Radtke, Pat Pinner and Jackie Morse.

Chuck and Jenine Duprey gathered up their children, Craig and Denise, and spent the week end at their cottage at Runyon lake.

Two young boys from Canada are visiting Mr. and Mrs. Ralph Caliguri. The boys, Richard and Michael Yuhasz will be her for about a week.

Mr. and Mrs. John Lees of Mooringside drive also have a house guest. She is Marion's mother, Mrs. Thomas Council of Florida. Mrs. Council will be here for most of the summer.

Mr. and Mrs. Earl Barnes of Mooringside had dinner guests last Wednesday. Nancy Barnes had her cousin, Diane, as a house guest for three days, while Nancy's brother, Jimmy, had been staying with his aunt and uncle, Mr. and Mrs. George Barnes, of Detroit Wednesday Mr. and Mrs. George Barnes brought Jimmy home and picked up Diane. They and their children, Diane, George, Steven and Jeffrey enjoyed a picnic supper before they left.

Ray and Bill Reiss went to see "Around the World in Eighty Days" last week.

Out-of-town guests of the Bud

Bauer family of Mooringside drive were Bud's mother, Mrs. John Bauer, and his sister, Margaret. When they returned to Toledo they took the four younger Bauer children, Debby, Tommy, John and Teresa, with them for a visit.

Mr. and Mrs. Clifford Broderson of Meadowbrook road spent the Fourth of July week end camping at Wilderness State park, west of Mackinac City. They were accompanied by her sister and husband, Betty and Bill Smith of Redford.

Joe and Gil Ardito spent Sunday at a family picnic on Kent beach. Those present included Mr. and Mrs. James Gavin, Mr. and Mrs. Philip Garafolo, Mr. Ardito, Sr., Jo Ann Ardito and George Ardito. They all came back here for a back yard barbecue in the evening.

Congratulations to Mr. and Mrs. Gerald Laub of South McMahon, who have a new baby boy. His name is Michael Gerald and he weighed eight pounds and six ounces when he arrived at New Grace hospital July 7.

More congratulations to Mr. and Mrs. Edwin Coan of Malott drive on the birth of a baby girl. Marion Beth is her name and she weighed seven pounds, 15 ounces when she was born at New Grace hospital July 12.

Mims Campbell had a meeting of her bridge club July 9. Guest players included Fran Peterson and Barbara Rose. First prize was won by Ginny Anderson, second by Charlotte Rasmussen and Barbara Rose won the booby prize.

Novi Highlights ...

Carol LaPlante spent last week with her sister, Mrs. Jackie Wilson in Detroit.

Mr. and Mrs. Hi Holmes' daughter, Mary, underwent a tonsilectomy at Sessions hospital last week.

Mr. and Mrs. Victor Rix and son, Leon, and daughter, Beth Elaine, of Washington, D.C. are visiting their parents, Mr. and Mrs. Luther Rix on Fonda street; also the former's sister and family, the David O'Learys of New Hudson, and the brother's family, Mr. and Mrs. Edward Rix of Plymouth. The Victor Rix family left Tuesday for Me-

costa where they will spend the next two weeks at the Rix cottage at Pretty lake.

The Novi Methodist Sunday school sent Kathleen Cotter and Pat Robeson to Albion Lab school for one week of training.

Mrs. Jerome of Northville was the soloist at the Novi Methodist church service Sunday morning.

Marquette county, largest of Michigan's 83 counties, also contains the most lakes and the most miles of streams with 835 lakes and 1900 miles of streams.

Novi Man to Attend Church Convention

Wilfred Sterner of 46550 11 Mile road, Novi, has been invited to attend the fourth annual campus convention of the Valparaiso (Ind.) Advisory Council July 19-21 as a representative of St. Paul's Lutheran church in Northville.

Theme of the convention this year will be, "Why A Lutheran University?" This will be studied by members of the 1,750-strong council during the three-day meeting.

Membership in the council is comprised of representatives from congregations of the Synodical Conference of Lutheran churches throughout the country.

Dr. O. P. Kretzmann, president of the university, will address the group who serve as key lay advisers for the university in their respective locations in the country.

WATER SOFTENERS

Factory rebuilt and refinished softeners of many well known makes at sensational prices. Sizes from 30,000 grains to 100,000 grains — from \$50.00. All guaranteed. It is better to buy a good reconditioned well known make of softener than a new one of unknown quality. These softeners have been traded in on new Reynolds Automatic softeners and we stand back of them.

It will pay you to see us before you buy any softener. Every type and size of manually controlled, semi-automatic and the wonderful Reynolds fully automatic softeners on display. You can't beat the best and you can't beat our values. Come to see us or call collect for a representative to see you.

Michigan Company Formed By Navy

Young men from Northville who are thinking of choosing the navy for their armed service training may be interested in joining a special recruit company now being formed.

Lawrence L. Brockway, BMI, of the navy recruiting station in Wayne has announced that it will be called the Michigan Company composed entirely of young men from this state.

The company will be formed July 19 and men enlisting will graduate on September 21. They will remain together throughout recruit training and will return home on leave at the same time.

Young men interested are urged to contact Brockway as soon as possible at the Chamber of Commerce building, Wayne.

Readers Speak Up:

WHERE SMOKE, THERE'S FIRE

To the editor:

Where there is smoke there must be fire.

Yes, Mr. Balon explained that they have new rules at the Novi board meetings. You can present a problem, etc., and I agree that that's the way it should be. I agree with him on the attorney—if the laws are flexible enough that one can have him and another cannot, more power to him.

As to the invitation to the next meeting, the drain commissioner, the health department, and the Novi supervisor all have pictures of our problem (if they haven't deteriorated by now). Also Mr. Bachert and Mr. Balon viewed the situation on the evening of July 9. When they left, Mr. Bachert said they would see what could be done but that he would not promise anything. We have seen the smoke if we don't see the fire. It only costs three cents to send a letter to Lansing.

I also spoke to them about the condition that the side roads were left by the contractor — that they should have been made to leave them as they found them. But, no—it's up to the taxpayer.

We spoke about the hole in Taft road. The contractors dumped plain dirt in there for their use. The neighbors had called time and again, only to get the old buck-passing deal. But when I bent the frame on my car, an article was printed on June 20 and it was filled the next day.

I wonder if the drain commissioner looked at our new culvert (under the new expressway) and would still say the two old tubes were big enough.

D. M. Parkinson
27110 Taft Road

Survey to Study Insurance Opinions

Northville residents soon will be receiving medical survey questionnaires mailed this week from Lansing by the Michigan Health Council.

The mail survey will seek Wayne county public opinion regarding the cost and extent of medical-surgical coverage to be offered by pre-payment plans and health insurance policies.

The Michigan Health Council, a voluntary health educational organization, is conducting the survey for the Michigan State Medical Society.

This is the first phase of a four-part study sponsored by Michigan doctors to determine (1) what the public wants covered by medical-surgical policies, (2) how much coverage families feel they could afford to purchase, (3) what the public's medical-surgical needs are, as compared to desires, and (4) to determine how doctors feel about the present operation of Michigan Medical Service (Blue Shield).

BIDS WANTED

Novi Township is accepting bids for painting and repairs of the Novi Community Building and for repairing of the electrical wiring in Novi Township Park. Specifications may be obtained at the Township Hall, 25850 Novi Road, Novi Township. Bids will be opened August 5 at 8 P.M. The township board reserves the right to reject any and all bids.

Hadley Bachert
Township Clerk

Chief Denton Warns Against Rabid Animals

Northville chief of police Joseph Denton reminds all residents to be alert for signs of rabies in dogs and other animals.

The following suggestions were given by Chief Denton with regard to handling suspected rabid animals:

- DO**
1. Report all bites to the Wayne County Health Department, especially all those bites by suspected rabid animals.
 2. Notify your doctor immediately if you are bitten by a suspected rabid animal.
 3. Remember, saliva of rabid animals in contact with cuts or abrasions is essentially the same as being bitten.
 4. Regarding ordinary dog bites, followed by a routine 10-day confinement at home, check-up at least twice (fifth and tenth days). Any deaths occurring within 10 days should undergo laboratory diagnosis for rabies.
 5. Remember, rabies can occur in any mammal.
 6. Discourage the public from handling suspected rabid animals, before and after death.

DO NOT

1. Do not handle carcasses of suspected rabid animals with your bare hands. Use rubber or heavy leather gloves.
2. Do not shoot or hit suspected rabid animals in the head. The brain is absolutely necessary for diagnosis.
3. Do not allow heads to decompose; they must be as fresh as possible. Refrigeration or chilling may be used.

TRAFFIC LIGHTS TAKE TIME OUT — Police had to direct traffic for several hours last week while county road crews fixed signals at Main and Center and at Center and Dunlap streets. The repairs were designed to correct failures which had plagued Northville several times in recent weeks.

"The examination of the matters set forth in the appeal was made by the Commission and a report was submitted at a meeting held on July 9, 1957. Upon receipt of the report, the Commission made a thorough examination of the appeal and the report filed by the examiners for the Commission and after giving due consideration to all evidence presented, the Commission adopted a resolution to deny the appeal from the equalization of Oakland county as adopted by the Board of Supervisors and to conform same because the Commission concluded that the appeal was without foundation in fact."

12 YEARS as secretary of the Northville Rotary club ended recently for E. M. Bogart (center) but before retiring he took time to show some of his fellow officers what has gone into the record. At left is A. H. Schulte, who will continue as treasurer, E. L. Devine, new club president; Bogart, R. D. Lorenz, vice president, and Leland Smith, retiring president. Rev. John Taxis will take over for Bogart.

To Hold Try-Outs For Midget League

Tryouts for two vacated positions on Northville midget league teams will be held Monday for boys who were unable to join a team previously.

The tryouts will be held at the midget diamond at Cass Benton park at 9 a.m.

The vacancies arose when two boys went on extended vacation.

Attends Meeting

Mrs. Mollie Lawrence, Northville township supervisor, joined other Wayne county officials Wednesday evening in honoring Alfred H. Pelham, retiring county budget director, at a banquet in Highland Park. Pelham will leave his post to take up duties in the field of education.

Revival meetings will be held nightly beginning next Tuesday, July 23 at the Church of Jesus Christ on the corner of Canton Center and Cherry Hill roads.

Lack of Chaperone Keeps Local Scouts From Big Jamboree

Four Northville boy scouts who were scheduled to attend the national scout jamboree in Valley Forge, Pennsylvania this week were unable to get to the big scout gathering because of a lack of an adult companion.

Richard Horton, Tim Weiss, Gary Holman and Murray Lyke were to be accompanied on the trip by former scoutmaster Monroe Weston, who became ill and was unable to chaperone them.

Efforts at the last minute to locate an adult who was able to go were fruitless. Also suffering from a lack of adult personnel who could attend the jamboree, local troops had made no arrangements to make the trip.

TRUE LIBERTY

Liberty is not the wholesale right to do as we please! We are at liberty to do everything that is right, but we are not at liberty to do what is wrong. There are always some who abuse the privilege of liberty and for this reason we must have laws with penalties attached to them. I Tim 1:9 says, "Knowing this, that the law is not made for a righteous man, but for the lawless and disobedient, for the ungodly and for sinners." A good example of how liberty is being abused will be found in the printing of all sorts of literature. Some of the latest novels are nothing more than cesspools which contaminate the minds of those who read them. Comic books for children contain cartoons depicting sadism, obscenity, and vulgarity in any form. Judge Murphy, Administrator of the strict code adopted by the City of New York, said that more than 5,500 lurid drawings and 126 suitable stories have been thrown out in a two month crack down on comic books. Yet, when the Detroit Police Department banned a certain book a few months ago, a clamor went up from citizens who thought their liberties were being violated. True liberty is to be found within the dimensions set by the will of God.

Phony Check Artist Hits Local Stores

A phony-check cashier was brought before Northville Judge E. M. Bogart last week on charges of cashing \$35 in bad checks with local merchants.

William Rector, of the University hospital in Ann Arbor, was found guilty of cashing a check for \$15 at Lila's Flower and Gift shop and another for \$20 at the Famous store.

Rector was sentenced to pay a fine of \$55 and to make restitution on both checks.

In another case last week, Louis B. Daniel of 19547 Grandview, Detroit, was fined \$35 for operating a motor vehicle without ever obtaining an operator's license, and an additional \$5 for running a stop street.

Police Caps, Badges Taken Last Week

Theft of four police caps, four police badges and several outstanding warrants occurred last Wednesday night when burglars entered the Northville police department.

According to chief of police Joseph Denton, entry was made through a window in the office.

He said that two caps, two badges and some of the papers had been returned. Caps and badges were recovered by local residents who found them in their front yards, and a motorist returned some of the warrants after finding them on a street in Livonia.

Northville 4-H Club Winner

NORTHVILLE WINNER of one of the 10 Prairie Farmer awards at the annual 4-H Club Week at Michigan State university was Nancy Mae Cort, of Six Mile road (second from right). The award is presented by Keats Vining, editor of Prairie Farmer magazine, on the basis of outstanding scholarship records. Other winners are from various Michigan 4-H clubs.

Shades of the Old Wild West

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 Thursday, July 18, 1957—9

QUEEN OF THE RODEO — Joan Dogan of Northville receives a trophy for collecting the most points of any girl in the show. Representing the Northville Optimists is rodeo finance chairman Adrian Willis, right. Joan will reign over the show next year.

The wild west came to Northville last week end for the first time in many years, bringing with it a troupe of daredevil bronco-riders and a score of talented young junior riders. A Northville girl and a Birmingham boy rode off with top honors in the eight competitive events.

The show, sponsored by the Northville Optimists, also saw the appearance of "Sagebrush Shorty", Detroit television cowboy, who more than lived up to his billing as far as scores of wide-eyed youngsters were concerned.

Joan Dogan, 17, of Wroten's Ranch at 46040 Nine Mile, rode her mounts to successful finishes in three events and was named queen of the rodeo. She will preside over the show next year.

Chuck Erlanson, 15, of Birmingham, was without doubt the outstanding rider, as he entered five events and took first place in all of them.

In addition to the competitive events for riders under 17, the show featured a professional rodeo troupe that dazzled the several thousand fans with hard-riding exhibitions of bronco-riding and calf-roping.

Optimist officials were well satisfied with the show, which replaced their traditional equitation show of the past eight years. They noted that spectators not only came, but stayed until the end, and that enthusiasm was high throughout the show.

General chairman for the rodeo was Max Austin, while Lincoln Friend served as rodeo manager.

Little Judy Williams, seven-year-old Northville girl, presided officially as princess of the rodeo.

The winners in the competitive events: rescue race—Chuck Erlanson; boots and saddle—Chuck Erlanson; bending race—Joan Dogan; 4-H horsemanship—Chuck Erlanson; musical chairs (13 and under)—Joyce Whalen; musical chairs (14-17)—Chuck Erlanson; quarter horse race (12-14)—Vern Geck; quarter race (14-17)—Chuck Erlanson.

GET ABOARD — Climbing up on a moving horse was no easy task, as contestants in the rescue race found out. Even so, one team managed to run through the event — which involved racing to one end of the ring and picking up a "stranded" partner — in a flat 10 seconds. Others, however, ended up biting the dust.

FIVE-TIME WINNER — Chuck Erlanson had to make five trips to the winner's stand to pick up trophies. The Birmingham boy won every event he entered and was by far the outstanding rider in the competitive events. In all, eight events were run off.

TIME OUT FOR COTTON CANDY — Three young fellows found the refreshment stand an interesting place to visit between events. From left to right are Danny and Eddie Cook and Daley Hill. The show and refreshments were just as popular with adults.

YOUNG FACES beam down on the rodeo, as visions of cowboys dance through their heads.

FLAG BEARERS highlight the parade through the city to Northville Downs.

WHOA BACK, LITTLE DOGIE — A calf finds himself tied up in knots as one of the professional rodeo riders works against the clock to rope and tie him. One calf went for a rather rough ride as the horse made a quick dash across the ring.

Biggest Sellers...because they're Biggest Savers!

You can tell from the way they're put together that Chevrolet trucks stay on the job . . . save on the job!

A truck with built-in stamina—that's Chevy. Whether highballing down highways or roughing it across rugged terrain, or doing delivery duty in town, dependable "can-take-it" Chevrolets are cutting

downtime to the barest minimum.

A truck with a choice of ready-to-go power—that's Chevy. From an advanced lineup of eight engines—140 to 210 hp—you can save by choosing the power precisely matched to your job. Thanks to compact weight-saving design, Chevrolet's V8's deliver high power per pound of engine weight—power that works harder for you. Chevy truck 6's are famous for their stay-

ing power. Whichever engine you choose, you know it's got the power to back up every inch of brawn in every Chevrolet Task-Force truck.

A truck for your job—that's Chevrolet, too. From pickups to middleweights to high-tonnage tandems, there's one just right for your job. See your Chevrolet dealer. He'll show you a model that's practically made to order for your kind of hauling.

DEATH CAR? NOT QUITE — The rumor was going around last week that the driver of this car, shown here after a smash-up at the Northville '100' two weeks ago, was killed the following night in a Toledo race. T'ain't so. The ill-fated driver was actually Ken Nemire who was scheduled for the '100' but didn't make it. The driver of this car, Clyde Parker, is still alive, racing and flipping — for he rolled again in Toledo and recently in Detroit.

Coming Up Next: Turtle Time

It's just one race after another in Northville.

The high school track team ... the harness ponies ... the autos ... and the quarter horses have all had their chance.

And now it's time for one of nature's more leisurely breeds to seek the winner's flag and the glory that goes with it.

For the fourth consecutive year, the Tony Turtles and the Tilly Tor-

toises will aim for the annual turtle championship offered by the Northville recreation department.

The race, sponsored jointly by the recreation department and The Northville Record, will be held on July 30 on the Northville high school playground. It will begin at 10 a.m.

Recreation director Stan Johnston said six races will be run with first, second and third place prizes offered in each race. Preliminaries may be run off if the turnout warrants it, he said.

Children of all ages may enter turtles in the race.

The turtles will be turned loose at the center of a 30-foot circle. The first to cross the outside line will be the winner.

In the past, the turtles have

brought on many a heartache and sore throat by edging toward the finish line and then turning around just inches short of victory.

Johnston urged all youngsters to catch their turtles as soon as possible. He suggested neighborhood ponds and lakes as the best place to find them.

"But be sure to have your dad or an older friend go along with you," he advised the younger children. "Turtles can be pretty tricky, and we don't want anyone to fall in the lake trying to catch one."

Johnston added that some turtles will be available on the day of the race, but advised youngsters to catch their own beforehand to be sure they have one.

Further details will be announced next week.

Kensington Extends Nature Center Hours

The nature center building at Kensington Metropolitan park is open daily from 10 a.m. to 4 p.m. for the summer season. Exhibits cover flora, fauna and geological formations of the area.

Conducted tours of the center and park trails are available to organized groups making reservations with the Detroit office of the Huron-Clinton Metropolitan Authority.

Detailed descriptions of park trails, all of which are labeled and may be followed without a guide are provided. All services are free of charge.

Hey, Young Tiger Fans: Sign Up for That Game

There's still plenty of room on the bandwagon that will take 100 Northville youngsters to a Detroit Tiger ballgame next month.

Recreation director Stan Johnston said nearly 50 seats are still available for the August 8 game.

In addition, Johnston sent out another call for adult supervisors to attend the game.

Johnston noted that Detroit and

Cleveland are both right in the thick of the American League battle for first-division finishes, and that the Tiger-Indian series next month could be one of the season's highlights.

Youngsters may sign up for the trip to Briggs Stadium immediately in the recreation headquarters at the Northville scout hall.

Recreation Schedule

RECREATION EVENTS

Day Camp — Arts, crafts, games at Ford Field daily from 9 a.m. to noon. For elementary school boys and girls. Registration every day at Scout hall.

WELL-COVERED OUTFIELD — When batters in the new Northville "peewee" softball league step up to the plate each Monday and Wednesday, they know they have to do some hard hitting if they are going to get the ball past the outfield. For, in order to have as

many boys playing as possible, the outfield usually numbers anywhere from five to 10 players. Even so, the 8-10-year-olds come up with such impressive scores as 17-2 and 15-14. Whatever the score of the lineup, the kids are playing ball, and that's what counts.

Tags Now Required For All Small Game

Small game hunters will have to wear back tags at any time they are hunting wild birds or animals in Michigan, the Michigan Conservation Commission decided at a recent meeting at Higgins lake.

Previously, commission policy required a hunter to wear a back tag through December 31 in the upper and northern lower peninsulas and through January 31 in the southern lower peninsula.

Now, however, hunting for varmints, predators and other types of off-season targets fall under this rule.

Three Northville Teams Still Lead Their Leagues

Three Northville recreation baseball teams are the class of their leagues this week.

All three have perfect records so far this season and are riding along in first place in their respective leagues.

The Northville Braves (5-0), the Class E Northville squad (3-0) and the Class F Northville team (4-0) added to their victory strings last week against some of the toughest competition they have faced yet.

The Braves downed the Jefferson Yanks, 4-0, on pitcher Danny Brown's masterful two-hitter and added a second win when they dumped Wilcox, 8-3.

Brown also starred at the plate, belting out triples in both games. Jim Juday joined him with a triple in the Wilcox game, with Craig Bell slamming out a home run.

In other midweek league competition, the Northville Orioles took only one of three contests this week but held on to third place in the American league with a 3-4 record.

The Orioles lost to Wilcox (4-1) and Livonia Center (9-3) but count-

ered by dropping Jefferson, (7-6). Tom Swiss continued his heavy slugging for the Orioles, slamming out six hits in eight times at bat in the three games. Swiss' hits represented more than half of his team's entire total for the three games.

In Class E play, Joe Kritch hurled his teammates to their third straight win with a classy four-hit, 6-1 win over Rosedale.

Bill Yahne drilled out two hits, and Bob Starnes blasted out a home run to wrap up the game.

Otherwise, the Northville squad was all but ineffective as 14 of them went down on strikes.

In midweek softball, the Tigers picked up their first win of the season by dropping the second-place Bears, 7-1. The Panthers held on to first place with an 8-7 win over the Lions.

The standings in the softball league (for boys 8-10):

Panthers	5 1
Bears	3 3
Lions	3 3
Tigers	1 5

Water Ski Show Planned Sunday

For the fifth consecutive year international water ski champions from Michigan will present a water ski exhibition at Metropolitan Beach on Lake St. Clair this Sunday, starting at 2 p.m.

Dick Sligh, second generation of the famed Sligh skiing family who has conducted shows and a ski school at the beach for five years, said, "In addition to precision group skiing, double and triple and quadruple jumps, barefoot skiing and other trick performances a ten-foot ladder would be used on the 'flying saucer' disc."

Pinson a Member Of Breeders Group

Harry Pinson of Northville has been accepted as a member of The Holstein-Friesian Association of America by action of the board of directors at their recent meeting in Indianapolis.

The association is the world's largest dairy cattle breeders' registry organization, with nearly 48,000 members throughout the nation.

Sports

THE NORTHVILLE RECORD—Thursday, July 18, 1957—11

Fiberglass Sluggers Roll To Sixth Straight Victory

The rampaging Fiberglass Sluggers continued their surge toward first place in the Novi Little League last week by winning their sixth straight victory.

At the same time, the National Bank Bandits — who had led the league with an undefeated record — dropped their fifth in a row and fell deeper into third place.

Fiberglass, which lost four in a row before embarking on its current six-game winning streak, now is only one-half game out of first place.

The Sluggers closed in on league-leading Paragon by downing the Steelers, 9-3, Monday evening. Randy Caliguri hurled Fiberglass to the victory allowing six hits and striking out six. He helped win his own game by slamming out three hits.

The Sluggers also had help from

Carl Neely, who picked up two safeties, and Ron Bearden, who rapped out a long triple.

Fiberglass also dropped Young Door last week, conquering the Tigers, 23-4. Paul Rose struck out 10 Tigers in racking up the victory.

Young Door bounced back two days later to tumble National Bank, for its second win of the season. Dennis Marshall gave up only two hits, and struck out 11 in winning the game. He and Walter White each knocked out two hits. National Bank's Jack Boyd was almost as effective even in defeat, as he whiffed 14 and allowed only five hits.

The standings as of Monday:

Paragon	7 3
Fiberglass	7 4
National Bank	4 5
Young Door	2 8

from the PASTOR'S STUDY

By The Reverend Paul M. Cargo,
First Methodist Church of Northville

The Constitution of our country proclaims the high hopes of a people of the United States, in order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the Common defense, promote the general Welfare, and secure the Blessings of Liberty to our selves and our Posterity, do ordain and establish this Constitution for the United States of America. Our nation is founded on "we the people," the common man.

One night President Lincoln dreamed that he was in a crowd and that someone recognized him as President and said, "He is a very common-looking man." Whereupon Lincoln answered, "Friend, the Lord prefers common-looking people. That is the reason he makes so many of them." It is no discredit to stand in the classification MAN and to be part of the struggle and victory, defeat and success that comes to humanity.

Yet I would like to suggest the challenging thought that this ought to be the era of the uncommon man. We see everywhere, in Northville, in the nation, in the world, the influence of individuals. Great names out of the past and the present come to the forefront. Hippocrates, Jenner, Fleming, Homer, Shakespeare, Wordsworth, Augustine, Wesley, Schweitzer. The individual as created by God and the significance of the individual in history and in society ought to keep any man from the mistaken thought that he is a nonentity.

*Lives of great men all remind us
We can make our lives sublime,
And departing, leave behind us
Footprints on the sands of time.*

The need is everywhere for everybody to make uncommon use of the life given them by God.

Today's citizen ought to be uncommon in his social responsibility. Our Christian faith shows us that a man's duty to God is perform-

ed in the context of right relationship to God and right relationship to man. John Wesley said, "Christianity is essentially a social religion; to turn it into a solitary religion is indeed to destroy it." Our political democracy as well as our religious faith—and there is a very close relationship here—rests on our responsibility in a social framework. If the people of Northville youth as well as adults, can learn and practice the disciplines of moral rectitude and can learn and practice the obligations of social responsibility the city will have a present and a future that is built on solid ground.

God wants more from us than that we should merely drift along. If we are to achieve the best expectations of God and man we must be uncommon in our devotion to God. This is more than knowing the right words or doctrines. It is more than having a religious phrase of a scripture verse at the tip of the tongue. What are the proofs of religious devotion? The love of God? Yes. But un-love to man can undo that affection. "If any one says, 'I love God,' and hates his brother, he is a liar; for he who does not love his brother whom he has seen, cannot love God whom he has not seen." (1 John 4:20). On the other hand, commendation is what Christ has for a ministry of helpfulness.

Uncommon devotion to God is tested by one's practice of great religious teachings. The religious solution of the world's impasse only comes alive when it is acted upon. The arm-chair critic must leave his arm-chair if he is to join the number of those who become convinced that religion must be put into action in real life.

I am sure that progress beyond the ordinary can be made in city and nation if in the spirit of the Master we seek to be uncommon in the use of our native endowments, uncommon in social responsibility, and uncommon in our devotion to God.

District Seminar To Be Tuesday

The local Woman's Society of Christian Service will be hostess to the Ann Arbor district seminary next Tuesday, July 23 at the First Methodist church.

The morning session will open at 9:45 a.m. with Mrs. Lloyd Harr of Munith presiding. Officers clinics will be held by district officers. The seminar will resume at 1

p.m. after a sack lunch. Local women will serve refreshments.

All officers of the local woman's society are asked to attend. Any others interested are also invited.

This seminar is one of three held in the Ann Arbor district. Expected are representatives of ten or 12 churches.

**EVERYONE AGREES
...GAS IS BEST
...COSTS LESS!**

Yes, everyone agrees that Natural Gas Service is one of today's greatest household bargains. Like magic this quiet, dependable, economical, tiny gas flame provides greater comfort and more leisure hours for every member of the family. Gas serves the average family with the luxury of gas heating, air conditioning, cooking, water heating, refrigeration, clothes drying and incineration. No other modern service in the home today, does so much, yet costs so little. Think of the time and labor saved . . . the comfort and convenience that today's modern automatic gas appliances provide. If you're modern—really modern—your home is equipped with gas!

Enjoy living with . . . GAS!
IT'S FAST, CLEAN, ECONOMICAL
and MODERN

New Water Supply System Urged for Detroit Region

An overhauling of the water supply system for the entire Detroit area — including Northville and Novi — was urged this week by the Detroit Metropolitan Area Planning Commission.

The commission went on record as favoring immediate steps to consolidate and expand existing systems into a single system for the five-county area served by the commission.

The commission called its water supply plan a first step toward solving the related problems of integrated drainage and sewer systems.

Noting that the metropolitan area has increased by 700,000 persons since 1950, and that it will increase

by another 1,000,000 by 1970, the commission said the present single water intake is highly vulnerable and would leave most persons without water if it were destroyed or damaged by natural causes, sabotage, or atomic bombs.

The commission said at least one, and possibly two intakes from the Great Lakes should be added.

All agencies and governments in the area were urged to work together toward an integrated system, both to handle today's needs and to meet future requirements.

The commission urged the establishment of a metropolitan water agency to study the problem of providing water facilities to the area.

In its statement, the commission said all engineering and technical details could be solved, and hinted that the major problem is cooperation among the various agencies now involved in water supply.

The area covered by the commission includes Wayne, Oakland, Macomb, Monroe and part of Washtenaw counties.

Meeting Reveals Results of Poll On Junior College

Fifty per cent of Northville parents of ninth grade students answered a questionnaire distributed to them in May concerning a community (junior) college in the western Wayne county area.

Five other districts, including South Redford, Redford Union, Plymouth, Clarenceville and Livonia participated in the poll.

Two questions were asked in the questionnaires:

1 — Are you interested in sending your child to a four year college; and

2 — Are you interested in sending your child to a community college? (two year course of study).

According to Northville high school principal Elroy Ellison, who attended a meeting of administrators of the six districts recently, Northville questionnaires revealed that more parents favored sending their children to a four year college (62 yes, 7 no) than to a community college (31 yes, 21 no).

Though some of the other districts reported a higher percentage of response to the questionnaire, the results showed approximately the same reaction as that of Northville parents— favoring the four year school.

The number of positive responses to the second question, however, indicate that there is a need for a community college in this area.

Beginning the project with a measurement of degree of interest, other major points will be considered before any conclusions can be drawn: organization, legal aspects, nature of program to be offered and finance and location of facilities.

Members of the individual school boards have been asked to attend a meeting October 16 in the new Clarenceville high school when the final decision on the study will be rendered.

Recruiting Office In New Quarters

The U.S. Army recruiting office in Plymouth has been moved from its former quarters in the Junior Achievement building to the Junior Chamber of Commerce building at 455 South Main street.

The office serves the Northville, Plymouth, Livonia area.

The recruiting station will be open Monday and Wednesday from 10 a.m. to 3 p.m. Telephone number is Plymouth 497 or 717.

NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENT TO ZONING ORDINANCE OF THE TOWNSHIP OF NORTHVILLE

Please take notice that the Northville Township Zoning Board will hold a public hearing on Tuesday evening, August 13, 1957 at 8:00 o'clock P.M. in the Northville Township Hall for the purpose of considering the proposed reclassification of the R-2 district in the NW¼ of Sec. 8 and located in Ridge Road midway between Five Mile and Six Mile Roads, to an R-1 district.

This notice is given pursuant to Act 184 of Public Acts of 1943 as amended.

DODGE outperforms
"other two" low-priced trucks!

CERTIFIED TEST PHOTO

They're off! All three low-priced trucks are lined up at the bottom of a test grade equal to the steepest hill in San Francisco. The flag drops, and this grueling test of climbing power is officially underway. Dodge takes an early lead.

CERTIFIED TEST PHOTO

Halfway up. The extra V-8 power under the hood of the Dodge sends it quickly ahead. It's already two lengths out front. And there's a 1000-lb. test load on each one of these comparably equipped trucks. What's more, Dodge is still gaining!

CERTIFIED TEST PHOTO

Dodge flashes past the finish five lengths ahead of competition. Truck "C" and truck "F" just couldn't match that 204-hp. Power Giant. And this is just one of a rugged series of tests that prove Dodge is best of the low-priced three.

• Your Dodge truck dealer has proof that Dodge leads in many ways. Come in ... see other certified test-photo sequences ... and take a demonstration ride!

Wixom Steps Closer To Its New Destiny

A village government was born Monday night. Scene of the happy event was Wixom, in a small, modern schoolhouse where voters approved a village charter and elected a president and six village council members.

Total election tallies had hardly been read from voting machines when handshaking and the giving of quiet congratulations had begun . . . defeated candidates promising full hearted support of their worthy opponents.

New village president Joseph Stadnik was notified of his victory by telephone. He had remained home to watch his young son while Mrs. Stadnik served on the election board.

But whether they were in the running or not, all candidates and many of the citizens present breathed a sigh of relief when returns showed that the charter had passed—a charter that had been in the making since last fall.

If it had not passed, of course, there would be no officers. Its acceptance by voters means that the Lincoln plant, a prize tax plum, is a part of the new village, included in the area bounded by 12 Mile on the south, Loon Lake on the north, Beck road on the east, and by what would be an extension of Napier on the west.

New commission members represent a pretty fair cross section of village residents in age and length of time in Wixom.

Gerald "Bill" Abrams and Robert Wagnitz were both born in Wixom and are life-long members of the community.

Relatively new residents are Jesse Birchard and Gunnar Mettala, both having lived there three years. And Walter Tuck and Mrs. Lotti E. Chambers are 17 year and 14 year residents, respectively.

When this group meets soon for the first time as an official body with its new president, and matters of procedure are defined, it will deal with matters of both great and small importance.

And as it meets each challenge, both praise and complaint will be forthcoming for its actions.

But, as one defeated candidate for council said of the election Monday night — "that's democracy".

MAKING A FINAL CHECK on registrations at Wixom's Monday election were Mrs. Lillian Coe and Mrs. Jane Wakamaki, members of the election board.

ELECTION ACTIVITY by members of the election board, candidates and interested citizens as they gathered for results in the moments after the polls closed for balloting in the election for a village charter, president and councilmen.

Safety Awards Go To Northville Ford And Lincoln Plants

The Northville Ford plant and the former Lincoln plant in Wayne are among 12 recipients of awards for outstanding safety records presented by the Greater Detroit Safety Council.

A total of 117 Detroit area plants were in the judging. The Northville Ford plant took third place in the "greatest improvement—small plant" category, scoring behind Monsanto Chemical and Chrysler Tank.

The Lincoln plant took a second place in the "best record — large plant" judging. Ford's Monroe plant was first, and General Motors Research was third.

The council reported an overall drop of accidents last year. Frequency of accidents last year. Frequency dropped from 334 to 281 and severity was lowered from 457 to 348.

First-place winners will receive plaques from the council, while second and third place winners will be awarded certificates.

OUT OF THE PAST

ONE YEAR AGO

Mr. and Mrs. Nelson Holmwood from Newport Beach, California arrived in Northville to visit a cousin, Clifford Turnbull of Fairbrook avenue—after driving from their home in a 1908 Locomobile.

Novi township officials took steps to block annexation of a second parcel of township land by the city of Northville.

Eighty-seven turtles were entered by Northville youngsters in the turtle race sponsored by the Northville recreation department.

FIVE YEARS AGO

Truck traffic over Northville streets—largely gravel trucks hauling from pits west of town—promised to become one of the "hot-test" subjects to come before the village commission.

An explosive fire which raged out of control for more than four hours destroyed a motion picture film storage warehouse seven miles west of Northville on Eight Mile road with a loss estimated by the owner at \$300,000.

Approximately 200 members of the Northville Rotary, Exchange and Optimist clubs and their families gathered in Cass Benton park for a picnic sponsored by the Rotary club.

The appointment of R. E. Krafve of Reservoir road as assistant general manager of the Lincoln-Mercury division of Ford Motor company was announced by Benson Ford.

FIFTEEN YEARS AGO

Representatives of the nine schools affiliated with the Southwestern Oakland County league, Northville included, met at Walled Lake to discuss plans for the continuance of the inter-school athletic program. Continuance of the program depended on the transportation problem.

Forrest L. Doren, president of the Ford Local 896 and member of the national negotiating committee, UAW-CIO, left for Washington, D.C. where he represented 15 Ford feeder plant locals and the Willow Run bomber plant in contract negotiations being heard by the War Labor Board.

The Northville Wayne county fair had a "war" theme, emphasis placed on civilian defense and Red Cross activities in the Northville-Plymouth area.

TWENTY YEARS AGO

Silverhoarde, horse that took top honors at the Fair Horse Show the previous year, again carried Kathryn Marburger to first place honors in the good hands class at Arrowhead farms where the third annual horse show was held.

Merrill S. Sweet, former village councilman, was named to head the Lloyd H. Green post of the American Legion.

Approximately half of the 400 Ford company workers at the local plant were to receive seven per cent returns on their investment plan savings when the semi-annual payments were made.

The smallest assembly of school district taxpayers since years back

met to re-elect Dr. J. H. Todd to his trustee post on the Northville board of education.

TWENTY-FIVE YEARS AGO

With the successful signing of 85 per cent of deposits in the Lapham and Northville state savings banks under the state moratorium plan, arrangements were underway for a new bank in Northville.

Of the 120 students who took the state pharmaceutical examination, in Big Rapids, James M. Ely was one of the three who took highest honors.

Thirteen boy scouts had returned from their week's outing at East Tawas, where they were supervised by Orlov G. Owen, Martin Somers, Ward Van Atta and Franklin Knight.

FORTY YEARS AGO

A Red Cross auxiliary was organized here, headed by L. A. Babbitt, president; Mrs. Kittie Harmon, vice president; C. A. Dolph, secretary and E. H. Lapham, treasurer.

In the place of the old drinking fountain which was removed from the street near the Lapham bank, a new fountain was erected through the generosity of E.K. Starkweather.

Meet Your Friendly Life of Virginia Representative

John Gatterl

The Life Insurance Company of Virginia is proud to have Mr. John Gatterl as one of its Wayne representatives. A graduate of his company's training course, he is a capable and experienced life underwriter.

Through one of the nation's oldest and largest life insurance companies, he offers guaranteed, low-cost protection and savings plans for every member of the family, as well as individual retirement income and special educational plans for the children. For groups there are life insurance, pension plans, hospital, sickness and accident coverages.

SPEAKING

for the Record

By BILL SLIGER

If there's anything that's snarled in total confusion, it's Michigan's tax picture (see Michigan Mirror on this page). Already two legislative committees are at work this summer seeking new and better means of taxation. Governor Williams, not satisfied with these committees, threatens to add a third study group.

To make the confusion 100 per cent and bring it right down to the local level, we'll try to explain the tax situation as it applies to you and me.

In the city of Northville taxes are paid twice a year. The city taxes, mailed out July 1, are due August 31. Little change will be noted here. The same millage (19.5) will be applied. The increase in tax revenue will be due mostly to greater valuation of the community — new homes, the enlarged Ford plant, new barns built on the St. Lawrence property, etc. Some property valuation increases have been made, but these are slight.

But because the city applies its tax levy to its own assessed valuation AND NOT the STATE EQUALIZED valuation, city taxpayers will get off with approximately the same bill as last year.

Before you start breathing any sighs of relief we'd better take a look at the county and school tax situation. Here's where the hitch comes in.

County and school taxes are collected and the millage levied on the basis of the STATE EQUALIZED VALUATION of the school district.

And here's what that means:

The city of Northville has an assessed valuation of \$4,657,495; Wayne county says it should be \$7,381,000; the state says it should be \$8,108,969;

Going right down the list of governmental units within our school district, here's how the local, county and state valuations compare:

City of Northville (Oakland county) \$327,570—

\$747,086—\$790,568;

Novi \$1,224,000—\$1,790,414—\$1,894,619;

Northville township \$3,461,930—\$5,933,904—\$6,519,150;

Lyon \$103,950—\$178,895—\$189,307;

Salem \$314,900—\$487,335—\$515,644.

Adding these figures up we find that the local governments say they have a school district that's worth \$10,089,845; the county says it's worth \$16,518,634; and the state says they're both wrong, it's really worth \$18,018,257.

Last year the state equalized valuation of the school district was approximately \$12,000,000.

To the taxpayer this means an "equalization factor" will be applied to his valuation to bring it up to the state level.

For example: In Northville township if your home is valued at \$3,000 and the levy is roughly 27 mills your tax bill would be \$81 multiplied by 1.87 (the equalization factor or difference between the state and township assessed valuation of your property) for a total of \$151.47.

In each area the equalization factor varies with the difference between the local and the state assessed valuation.

It appears likely that the school board will seek 20 mills from local taxpayers this year. Actually this is a decrease of 2.45 mills. But because of the jump from \$12 millions to \$18 millions in valuation, the 20 mills will bring in approximately \$360,000 as compared to \$234,000 with 22.45 mills last year. The board is well aware of the heavier tax burden that will be placed on property owners in the area and is therefore attempting to operate at the lowest millage possible.

Because of operating fund shortages last year, however, the board faces the payment of bonds totaling \$50,000 now and possibly \$37,000 more. These bonds must be paid from tax receipts.

Also included in this year's budget is the payment of the \$500,000 bond issue for an addition to the Amerman elementary school. The other \$2½ million voted for a new high school and other improvements is not included in the budget. If building could get underway this year at the high school, additional mills would be needed.

Only residents in the Oakland county section of the city of Northville can hope for any change in their assessed property valuation. The city council has appealed to the state to review Oakwood subdivision. State officials have already studied the area and a hearing is expected in the near future. Someone has to explain to these residents why they must pay more taxes than their neighbors in the same city.

It's really very simple. You see the equalization factor in the Oakland county section of the city . . . etc., etc.

Any questions?

Canadian Investments

Toronto, Canada — I am getting estimate of the price that he is so many inquiries regarding cheap stocks listed on the Toronto Stock Exchange that I have come up to Toronto to make some inquiries.

There certainly is great interest in these cheap stocks. So much money is being sent to Canada by American investors that the Canadian dollar is now worth a premium of 5 per cent over the American dollar.

Different Kinds of
Canadian Investments

The safest is probably an investment in the producing oils which are more or less controlled by the larger American companies. These are selling on a fair basis and should have even greater growth; but they should be bought for income rather than for speculation. There is no question but that there is a lot of oil in Western Canada; but most wells are waiting for transportation to good markets. To build pipe lines takes time and money. The wells will not be allowed to produce much until these pipe lines have been constructed. There are also large fields of natural gas, but these also are awaiting pipe lines. Oil can be put in barrels and transported by truck; but natural gas is absolutely dependent on pipe lines or else upon very expensive compression.

The most popular investments are in metal-mining companies, including gold, copper, zinc, lead, uranium and even the rare metals. Most of these stocks do not now represent producing properties, although some of the non-producers are building mills or refineries. There are probably many that are now selling for less than a dollar a share which will some day sell for many times this. But only experts can pick them at this time. For the ordinary investor to buy them at random is a good deal like betting on a horse race. Some horses will surely win; but which one is another matter.

Relation Between Price
and Reserves

Even if a mining stock is selling cheap, that is, below a dollar per share, yet one should first find out how many shares are outstanding. The brokers here tell me that most of the buyers look only at the prices and do not consider the number of shares outstanding. Of course the number of shares should be multiplied by the price to see what the mine of the prospect is selling for. Certain stocks which now pay no dividends are probably the best buys.

The most important thing for the investor to know is the amount of real ore reserves, whether iron, copper, lead, zinc, uranium, nickel or whatever the metal may be. These ore reserves can be determined pretty well by diamond drilling. An honest broker will tell you approximately the amount of the reserves. In addition to knowing the quantity of the reserves, one should know the percentage of ore to a ton of earth. With this information the investor can divide the price at which the mine is selling by the reserves and secure a rough

Michigan Mirror

State Studies Taxes

TAXPAYERS will be in a goldfish bowl this summer and on into the winter.

State government's major problem at the moment is how to finance its services and agencies without bankrupting the voter.

As the search for cash started, the state faces a deficit of more than \$16,000,000 next year under a budget that does not include much needed new buildings.

A partially-completed 600-man prison at Ionia will stand unused for lack of money. It will house inmates, but the main functions of the training and educational phases will be shelved.

Both Democrats and Republicans agree Michigan's colleges and universities must have more money.

There are needs in mental health that must be met. This year's legislature failed to find a way to provide for these needs, which means that they will become more acute next year.

At the same time, business and industry is feeling the pangs of a heavy tax burden.

For a year, they have been saying they would like to stay and expand in Michigan, but the "tax climate" of other states gives them more of a chance at a profit.

Some already have left or have expanded in other states, Republicans charge.

They claim that business and industry is carrying its limit in tax burdens now and the threat of a new six per cent corporation profits tax proposed by Gov. Williams is the last straw.

Republicans have set up two tax studies — one, headed by Rep. Rollo G. Conlin (R-Tipton) to revamp the state's entire tax structure and spending policy.

The second, headed by Senator Clyde H. Geerlings (R-Holland) will investigate the effect on business and industry of present and proposed taxes — including Williams' idea.

Williams is critical of the Republican tax studies and is preparing to name his own "blue ribbon" citizens' committee to make an "impartial, unbiased" study.

He said he would cooperate with the Republicans, but noted that their committees are both headed by legislators.

Conlin said he would name a citizens' advisory committee to make the investigation, turning over its findings to the legislature for action on policy matters.

Williams prefers the whole job to be done by a "blue ribbon" group.

He charges that any group named by Republicans would not be critical of Republican past or future ideas. Republicans retort that a Williams commission would not turn thumbs down on a corporation profits tax.

The stalemate continues.

The last tax study by an outside group developed as the "Princeton Report" four years ago. It recommended a series of tax ideas, including levies on hotel bills, soft drinks, beer and others.

Williams has passed up no opportunity to mention it was financed by Republicans and that there was no mention in the report of a corporation profits tax.

There will probably be three sets of facts for the legislators to study next year and use to find answers to another mounting deficit.

The result after the 1958 legislative session a year from now will have more than academic interest.

WITH THE LARGEST SIX-MONTHS' GROWTH IN ITS HISTORY, FIRST FEDERAL IS

Still Growing thru Service to Savers

Savings at First Federal grew \$26,223,921 the first 6 months of this year, substantially exceeding any previous half-year record. Total assets increased \$25,942,294 to \$227,157,170. The June 30th semi-annual earnings payment of over \$2,800,000 was at the current rate of 3% a year. The next payment will be made December 31st. First Federal now serves over 110,000 savings customers. Any amount opens your savings account.

Now you can buy big on a little-car budget

READ THIS STARTLING FACT

**5 out of 10 smaller cars
wear a Pontiac price tag
—yet none gives you any of
Pontiac's advantages**

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavy-weight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic . . . this is driving the smaller jobs can't duplicate!

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass . . . and a built-in sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac . . . there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac models! It's America's newest power advance and exclusively Pontiac's at so low a cost!
