It's Laff-O-Rama Time

COOTCHIE-COO — Harry Sedan gets his wig fitted by Miss Barbara Mitchell in preparation for Laff-O-Rama tonight and Saturday night. Sedan will portray Dagmar, a TV star noted for her intellectual capacity. Miss Mitchell will direct the show. Looking on are "Ringmaster" Claude Ely, "Sophie Tucker" Glasston and "Marilyn Monroe" Denton.

Northville policemen will don ballerina costumes and the mayor will take over as ringmaster tonight and Saturday night when "Laff-O-Rama" comes to Northville.

The show, to be staged both nights at the Northville Community building, will feature a cast of dozens of Northville residents in roles far from their daily walks of life.

Presented by the Northville Junior Chamber of Commerce to raise funds for youth work and a Christmas tree lighting program, the two performances will begin at 8:15 each evening.

Laff-O-Rama will be directed by Miss Barbara Mitchell, a professional producer who holds a degree in dramatics from Northwestern university. Miss Mitchell has been in Northville for two weeks, putting the cast through its paces.

The show will open with a sane and sober greeting from the ringmaster, Mayor Claude Ely, but from there on out, the show will become a knee-slapping side-splitter.

Several of Hollywood's most spectacular beauties will be present in spirit at least, though their forms will be sadly altered as follows: Marilyn Monroe — police chief Joseph Denton, Rita Hayworth — city manager John Robertson, Marlene Dietrich — fire chief William McGee, Sophie Tucker — police sergeant Gil Glasston.

They, along with several other, would-be glamour girls, will make up a bareback-riding ensemble.

In other acts, councilman Ed Welch will portray "Bozo", the human skeleton, Don McKenzie will take a turn as Clarabelle from the Howdy Doody show, and Maurice Giles will have a go as Esmeralda, queen of the sawdust ring.

The Plymouth Square Dance club will be on hand, with soloists Richard Drew and Lois Schetter, and a number of "flying men from outer space" will put on "Nightmare in Clown Alley".

Other performers and acts are listed in full on page 14.

Northville JCC spokesmen were reportedly so enthused with the show's prospects this week that they suggested that anyone who sees "Laff-O-Rama" and fails to laugh should be crowned the "town grouch".

Mustangs Implore Flu Bug to Behave

Barring an onslaught of the ram-paging flu bug, the Northville Mustangs will seek to leave the unwanted "Vinegar Barrel" in the hands of Clarenceville again tomorrow night.

The Mustangs and Trojans will square off at the Clarenceville gridiron at 8 p.m. in the third and final game of Northville's current road trip.

Northville will be after its third straight win — and possibly its third straight shutout. The Mustangs whitewashed their last two opponents — Thurston, 21-0, and Brighton, 26-0.

While Clarenceville has been beaten in its three starts this season, the Trojans are not regarded as a pushover. They held Clarkson to a 12-7 win last week, after the Wolves were barely nosed out by league-leading Milford, 7-6, the week before.

Last year, Northville smothered Clarenceville, 25-6.

Fall Racing Dates Definitely Cancelled By Court Decision

Workouts at Northville Downs stopped abruptly Tuesday afternoon as hopes that another harness racing season would begin this week were killed by a decision in Lansing.

Nearly 400 horses had already arrived at the Downs in anticipation of the 24-night meet requested by the Michigan Horsemen's Racing club.

Things looked bright for the horsemen last week when Judge Frank Fitzgerald of the Wayne Circuit Court reversed a decision by James Inglis, state racing commissioner, and ordered that a license should be issued. Later the Supreme Court denied Inglis a writ of prohibition, which would have thrown out Fitzgerald's decision, but granted the right for an immediate appeal.

Tuesday's decision was the final blow to local racing. It granted a stay of proceedings and allowed Inglis' application to appeal.

Inglis and his attorney, Wilbur DeYoung of the attorney general's office, are anxious to secure a ruling on where the power to set racing dates lies. DeYoung has stated that the commissioner has full power to set racing dates. Judge Fitzgerald's decision would not uphold this opinion.

Final decision on the matter probably will not be reached before this winter when the appeal is heard.

Council Action Paves Way For Start on Subdivision

Action taken by the city council Monday night cleared the way for the 122-home "Northville Heights" subdivision to begin this year.

The subdivision is to be located west of Center street along the northern boundary of the Amerman elementary school.

A detailed agreement providing for the installation of sewers and water lines was outlined for the council by John Robertson, city manager. The report was prepared by Robertson and Councilmen Malcolm Allen and Earl Reed along with Fred Kaye, representative of the K & G Construction company, subdividers.

Councilmen approved the plan and directed the city attorney to draw a contract for signing by the city and K & G at the next council meeting.

Kaye had earlier indicated that his company would begin work "almost immediately" to erect models this year if the council passed the agreement Monday evening. He stated that the homes would be of brick construction and range in price from \$17,000 to \$21,000. Some higher price models may be constructed, Kaye stated.

Under the agreement the subdividers will participate in the cost of constructing a storm sewer down Hill street, a water line to the subdivision and a storm sewer through the new D & R subdivision, which lies southeast of Northville Heights.

K & G will also install the sanitary sewer and water line from the subdivision to existing city facilities. Within the subdivision itself, K & G will install a water and sewer system as well as provide paved streets.

A new water line across the new high school property to the subdivision is expected to provide better pressure to residents of the Oakwood subdivision area. The city plans to regain its portion of the cost of building this line through future assessments to subdividers of undeveloped land in the area.

Specifically, the agreement calls for an expenditure for off-site improvements from K & G of about \$12,600. The city would spend approximately \$47,000, but \$14,600 of this would be returned in future water tap-ins.

In other business the council appointed the Municipal Publishers Corporation of Detroit to codify the city charter and ordinances. Required under the city charter, this correcting, compiling, indexing and expanding of the city's ordinances is expected to take one year.

The council also approved a zoning amendment passed by the Planning Commission last Friday that reduces the required size of residential lots from 8500 to 7500 square feet. Side lot requirements were also reduced. The amendment, published this week, will be adopted at the next regular council meeting.

Two elderly women escaped injury Saturday afternoon but Northville police chief Lee BeGole was badly burned when a wind-fanned fire threatened a home on Grand River.

Firemen earned praise from state police investigators in saving the home of Mr. and Mrs. Richard Noble at 42520 Grand River after flames had taken a strong hold in the attic and seemed about to burn the entire house down.

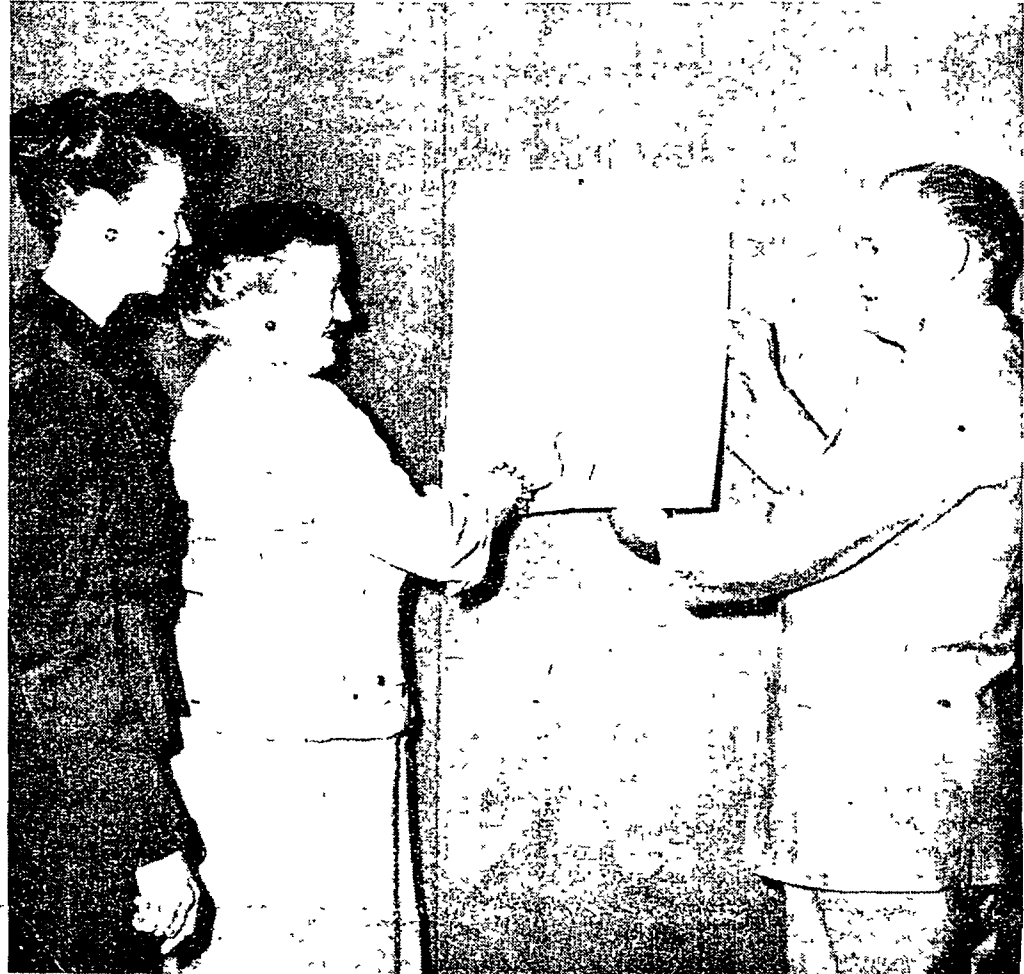

Saved were two convalescent patients — Elhelwyn Lapham, 83, 229 High street, Northville, and Edith Smith, 86, of South Lyon. Mrs. Lapham was bed-ridden but passers-by helped her outside.

BeGole, first fire-fighter to arrive at the blaze, was alone on the roof when flames encircled him and set his clothing on fire. A passer-by climbed up a ladder and sprayed BeGole with a garden hose just as he was about to roll off from his precarious perch on the slippery roof.

BeGole continued to direct the operation until the fire was out, and was later taken to a hospital for treatment.

State police investigators termed the blaze "accidental", blaming it on a poorly mortared chimney which allowed flames from burning excelsior furniture packing to set the roof on fire.

Torch Drive Volunteers To March Next Tuesday

TORCH CAMPAIGNERS — Mrs. Philip N. Brown, Ruth M. Knapp and Ed Welch examine the area on the map that will be covered in the residential and small business campaign of the United Foundation Torch Drive. Welch is general chairman, while Mrs. Brown and Miss Knapp are area leaders. Mrs. George Ramshaw is chairman of a third area. The drive begins next Tuesday.

Northville's first United Foundation torch drive will get underway officially next Tuesday. Solicitors for business, industry, residential, schools and professional categories will be seeking a total of \$5,950.

Chairmen for the local campaigns are: Ed Welch, residential and small business; A. Russell Clarke, commercial and professional; William Hensch, schools; John Robertson, government; and R. T. Martin, industry.

To Welch's committee will fall the task of soliciting every home and small business in the community. Goal of the door-to-door campaign will be \$2,100.

Backing up Welch as area chairmen for Northville are Mrs. Philip N. Brown, Ruth M. Knapp and Mrs. George Ramshaw. They will direct nearly 75 women in the campaign to see that every resident is given the opportunity to contribute. While the entire Torch Drive will continue until November 7, the local residential campaign will be concentrated into a 10-day period from October 15 to 25.

The United Foundation Torch Drive collects funds for some 150 health and community services in the metropolitan Detroit area. The idea was born in Detroit to "Give Once for All" and has been adopted by more than 600 cities throughout the country.

Special promotions to "kick-off" the campaign are scheduled in the coming week with a "Torchglow" rally for local workers this Thursday at the Edsel Ford high school auditorium. The program will feature Don Cherry, popular singer, and television personalities Mary Morgan, Robin Seymour and George Scott. Welch pointed out that these programs are completely sponsored by industry and are not paid from funds collected in the drive.

"We hope that everyone in Northville will give to our residential campaign," Welch stated. He pointed out that many persons will be asked to give at work, school and at home. "Regardless of the amount, the residential collectors will deeply appreciate every contribution; even if residents have contributed elsewhere, we hope they'll help make our first local drive a real success," Welch added.

Local agencies that will receive direct support from this year's drive are the King's Daughters, boy scouts, Recreation department, Cancer Society, Red Cross and Boys' club. "Any qualified group can request benefits from the allocations committee and receive consideration under the local budget, Welch pointed out.

Area one in the residential drive covers the city of Northville and will be chairmaned by Mrs. Brown. She'll be assisted by district leaders Mrs. Richard Juday, Mrs. Charles Hall, Mrs. Charles Conklin, Mrs. John W. Swain, Mrs. Carl Puhanz, Mrs. L. M. Eaton, Mrs. Edward Mollema, Mrs. Frank G. Pauli, Mrs. Ward Riley and Mrs. Robert R. Yoder.

Helping Miss Knapp as district leaders in area two will be Mrs. A. J. Gotsis, Sr., Mrs. Robert H. Shafer and Mrs. J. K. Bosch. Area two covers Haggerty road to Beck road and from Five to Six Mile road.

Mrs. Ramshaw will conduct the campaign in area three from Beck to Napier road between Five and Eight Mile roads.

Rotarians to Hold Rural-Urban Dinner

The annual Northville Rotary club Rural-Urban dinner will be held next Wednesday evening at the First Presbyterian church.

Members and their wives will attend the program along with guests who are either newcomers or have not attended the function in the past.

Chairman Roy LeMaster said that an evening of variety entertainment would be provided. The dinner will begin at 6:30 p.m.

Flu Hits Northville Schools

The flu bug traveled fast in Northville over the week end as absences at the high school soared from six per cent last Friday to 20 per cent Monday morning.

By Wednesday, the rate had dropped to 18 per cent. Teacher attendance was reported to be 100 per cent on Wednesday.

The epidemic is apparently traveling east from Detroit, and started to hit communities in this area last week.

A peak of 20 per cent absenteeism was reached last week in Plymouth high school, but has tapered to 10 per cent this week. School officials called off a football game last Friday night because of the frequency of illness.

At the beginning of this week, Clarenceville high school reported a 40 per cent absentee total and Walled Lake 23 per cent.

Northville elementary schools report a more favorable picture, however, as the absence rate remained at about eight per cent this week, slightly higher than the normal count. Plymouth schools report the same small percentage in elementary schools.

Dr. Gordon A. Eadie of the Wayne County Health department reports that the department is keeping close watch on developments in the current influenza epidemic and other respiratory illnesses.

In the out-county area thus far more children than adults have become ill and generally their symptoms have been somewhat more severe, he states.

However, few persons have been seriously ill. In the average case, the temperature has been between 100 and 102 degrees, and acute symptoms, such as headache, weakness, general aching, cough and sore throat have lasted from two to five days. There is usually a period of several days convalescence.

Throat and blood cultures have been taken in a number of cases of children and suspected of having

Asian type influenza. Four of these were positive for the Asian type. The department reports that it is not possible or desirable to culture every case, only to sample a few cases in an area to identify the particular strain of virus in that area.

Dr. Eadie says that it is probable that there is at least one non-Asian type virus in this area.

He suggests that vaccination with Asian type flu vaccine of those who have not had the disease is desirable. Persons are advised to see their private physicians for vaccination.

Optimists to Hear Martha Griffiths

U.S. Congresswoman Martha Griffiths will address the Northville Optimist club on October 30.

The program has been designated "ladies night" and members have been urged to bring their wives and friends. Tickets should be arranged for in advance.

Next week, Optimists will hear a report on plans for the club's forthcoming "Youth Appreciation Week", under chairman Dempsey Ebert. After the meeting, school board officials will present facts and figures concerning the new Northville high school.

Wixom Sets Vote On Incorporation

Wixom will vote November 26 on whether to incorporate as a city.

At the same time, voters will name a nine-member charter commission which will draw up a city charter if incorporation is approved.

A resolution calling the election was passed Wednesday night at a special meeting of the Wixom village council.

The city boundaries would be the same as the present village boundaries, and would include some two square miles of Novi township and eight square miles of Commerce township.

School Board Tackles Bus Problems

Transportation problems were the important issues facing the Northville board of education Monday night as members instructed superintendent Russell Amerman to solicit bids for a new bus and discussed a request by Our Lady of Victory school for transporting several of its students to school.

An alternative of purchasing a new bus or renting buses from Northville Coach Lines was placed before the board by transportation director Elroy Ellison.

He said that all six school-owned vehicles are in use each morning and afternoon, and that no spare bus was available in case of breakdown. He added that more than one new bus would be needed by next year.

"We have a total of 35 scheduled special trips for which there will be no available school-owned buses," he said, adding that on scheduled to-and-from runs most are loaded to capacity and several carry more than seats are available for.

The board discussed at length a letter from Rev. Father John Wittstock of Our Lady of Victory school requesting transportation on Northville school district buses for a maximum of 27 students or a minimum of three.

State law permits reimbursement of the Northville district for transporting parochial school children. The Northville board will hold a special meeting with Our Lady of Victory officials to determine whether Northville buses will be able to transport the OLV students.

Administrative assistant Dr. Kenneth McLeod reported to the board that lack of specially trained teachers for mentally retarded children is holding up the beginning of the Wayne County Training school day school program.

The program is designed to instruct children ages five through eight with an IQ of between 50 and 70 on a six-district cooperative basis, Northville being the administrative district.

In other matters, the board:

—amended the elementary school lunchroom policy so that children living past one-half mile from school may eat lunch at school. The form-

er policy was that only those who rode the bus to school would be permitted to eat there.

—heard a progress report from the Northville curriculum study committee;

—agreed to instruct architects to begin an access road through the new high school site;

—heard a letter from the City of Northville that costs to the school district for storm and sanitary sewer and water lines to the new school site would be approximately \$25,087;

—told visiting city manager John Robertson that the school board was willing to grant an easement to the city over the new school site for water lines to the proposed Northville Heights subdivision.

—Samuel Johnson

New Concertmaster to be Soloist For Plymouth Symphony Concert

The 90-piece Plymouth Symphony orchestra will open its season of six concerts Sunday, October 13 at 4 p.m. in the Plymouth high school auditorium.

This first concert will be a climax to the two-day convention of the Michigan Civic Orchestra Association which is being held in Plymouth Saturday and Sunday.

The featured soloist will be Emily Mutter Adams, violinist, new concertmaster of the Plymouth Symphony and well known in this area for her many musical activities. Miss Adams was born in Howell and began studying the violin at four years of age and at ten became the protegee of the late Frederick Stock, conductor of the Chicago Symphony.

In her teens she won a national contest to be soloist with the Chicago Symphony and was also a soloist with the Detroit Symphony. She was concertmaster of the college orchestra at Ypsilanti for several years and later became head of the violin department. Miss Adams has been concertmaster of the Lansing Symphony and was on the staff of WXYZ for several years.

She is now a member of the Detroit Symphony and is concertmaster of the Detroit Women's Symphony. Miss Adams will play the Introduction and Rondo Capriccioso by Saint-Saens.

Other numbers on the program will be Overture to "Royal Fireworks Music" by Handel, "Adagio" of Kirck and the gigantic work of Berlioz, his "Symphonie Fantastique".

The concerts are open to the public free of charge.

There will be a display by the Three Cities Art club before the

concert and during intermission. This group is made up of painting enthusiasts from the Northville, Plymouth, Livonia area.

Folino, Nash Win Grid Contest

With the largest number of entries ever received, competition in the Record Football Contest became tighter last week.

As a matter of fact, identical entries split the \$15 prize. Steve Folino, 254 South Center street, and David Nash, 430 Dubuar, tied with two misses each. They stopped all other two-game losers by hitting the Detroit Lions-Green Bay score right on the head!

Folino and Nash missed the UCLA-Oregon and Navy-North Carolina games. Both of these games would have to be classed as upsets. Most contestants failed to go along with the Lions and picked the Packers to win in the professional tussle.

Another contest may be found on page 11. So try your skill at "picking the winners" again. This week may be your time to take home the prizes.

And if you'll keep this under your hat, we'll give you the upset of the week: Michigan over MSU! That ought to start you out toward a winning entry.

It will pay you to see us before you buy any softener. Every type and size of manually controlled, semi-automatic and the wonderful Reynolds fully automatic softeners on display. You can't beat the best and you can't beat our values. Come to see us or call collect for a representative to see you.

So she swallowed hard and told Marjorie Keler, proprietor of Margie's Beauty Salon in Northville, to start cutting. When it was over, Jeanne had a pair of fine souvenirs—two pigtails, each 18" long.

"BEING DEAD YET SPEAKETH"

The Bible uses these words concerning Abel. I would like to use them of my predecessor of 100 years. Recently I was loaned a booklet which tells of the Pastors of our Church in 1857. One statement is so that I want to pass it on to you. The former Pastor said, "The grounds of the Christians confidence is not, 'I am holy' but 'It is Christ that died'. And, if he turns from this truth to himself, or to anything else, all the evidence in the world will not sustain his hope of heaven." He goes on to say, "To preserve that assurance in the heart of any guilty sinner for a single day or a single hour he must live continually by the faith on the Son of God. Nothing but Christ Himself, crucified, risen and reigning can assure us of pardon and of heaven." Yes, written a hundred years ago and just as true today as then. Some people clamor for a church that changes with the times but the real need is for churches who proclaim the same old and eternal truths as the former Pastor of this Church. Truth does not change with the years. Jesus Christ is the only hope of eternal life is just as true today as it was then.

Merchants' Trophy On Display Here

An impressive trophy — symbolic of the Inter-City playoff championship — is now on display at Brader's department store in Northville. The trophy was won by the Northville Merchants last week in a down-to-the-wire finish against Romulus. It was the Merchants' first playoff championship since 1950.

Manager Steve Folino this week extended the team's thanks to two more Northville Merchants, in addition to those cited last week: Paul's Sweet Shop and H & H Standard Service.

Victory String Ends For Walled Lake

Walled Lake's unbeaten string — which extended over two seasons and included an Inter-Lakes league championship last year — was broken Friday when Southfield smothered the Vikings, 20-0.

Southfield scored on its first play of the game — a 34-yard pass — and never was headed. Walled Lake had several scoring chances, but a fumble and an intercepted pass ended the threats.

Mustangs Roll in W-O Opener

Take Care Of Brighton Easily, 26-0

With their running attack jelling at last, the Northville Mustangs made it clear Friday night that they'll be just as tough in Wayne-Oakland league play as they were last year.

The Mustangs opened their defense of the W-O championship by smothering Brighton, 26-0, without raising a sweat in the cool autumn air.

It was the second consecutive game in which Northville has white-washed its opponents and snapped a two-game winning streak for Brighton.

As has been the case all season long, the Mustangs' victory was almost a repeat performance of their 1956 win, when they put on a bruising ground game to tumble Brighton 25-7.

This year, Northville blasted Brighton for 8.9 yards per carry. Halfback Dick Biery led the parade, racking up a 16 yard average and going for a 54-yard touchdown with one of his patented breakaway dashes.

Halfback Bob Starnes and fullback Spike Walker were just as tough. Walker went for a 9.2 yard average, including runs of 13, 12, 20 and 35 yards, and Starnes hit for 7.7 yards each try, including one series in which he single handedly hauled the pigskin 43 yards in four successive plays for a tally.

Though the Northville offense was the evening's most welcome sign, the Mustang defensive unit had its moments too — about 48 of them. Northville held Brighton to 120 yards for the night, allowed the Bulldogs only two yards in the en-

RIDING HERD ON A BULLDOG — One Northville tackler missed his shot at this Brighton ball carrier Friday night, but he delayed him long enough to give big Jeff Goodrich a chance to pile on from behind and drive the Bulldog into the dirt. Both teams played aggressively, but clean. Only one penalty — offside against Northville — was registered.

Northville High School Football Coach

Question — Are the young men who play on our high school football teams adequately covered by injury insurance? If not, how may parents obtain additional insurance? My question is occasioned by the newspaper report of a case in which a boy who suffered a knee injury will have bills in excess of \$1,500 and the coverage amounts to only \$200. My own feeling is that the insurance provided by the school should cover bills amounting to \$10,000. I understand from the report in the press that some schools do provide this protection.

Sincerely yours, Tony Egnolo

We often hear from parents that football is too rough and they don't want their sons playing because of the possibility of permanent injury. Yet, since coming to Northville more boys have been seriously injured in automobile accidents than what have been injured playing football. This isn't only a local statistic but one that exists nationwide.

Why is this? First, there is supervision. The equipment, the officials and the rules make the game as safe as possible. Second, football players at NHS have the best equipment that money can buy. It is second to none, thanks to your continued support at the games.

Third, the service of our local doctors is available at all varsity games which is a relief to the coaches, the players, and we know to the parents.

NHS does not provide accident insurance for our football players; we are not in the insurance business. We do, however insist that every boy out for football have some form of insurance. The most common is the MHSAA benefit plan which costs a boy \$3.50 per year and covers them for all the sports. If a boy does not play football the cost is \$1.50. We feel this is a good investment considering the benefits. The MHSAA Benefit Plan is not in the business to make money. Every penny they receive in fees is distributed to the member schools. But this year another insurance company has a plan costing \$6 for football, although better, it still does not give \$10,000 — and I seriously doubt that many parents would want to pay the premium fees required for \$10,000 coverage.

Milford Looms As Main Obstacle In League Race

Milford and Northville this week became the teams to beat in the Wayne-Oakland league.

While Northville came up with an impressive win in its first league game of the season, the Redskins were winning their third consecutive loop contest of the year.

The two teams will meet in two weeks at Ford Field in the game that should determine the W-O championship. Meanwhile, both squads are expected to fatten up on lesser opponents.

Milford took its third straight in a none-too-easy 25-12 conquest of Bloomfield Hills. But according to its scores (28-20 over weak West Bloomfield and 7-6 against Clarkston), Milford may yet find the going rough.

In other Wayne-Oakland games on the full schedule, Holly — which had scamped over Bloomfield Hills, 20-0, the week before — was held to a 0-0 tie with West Bloomfield and almost lost the game when West Bloomfield scored in the first quarter only to be socked with a holding penalty on the play.

Clarkston showed little in getting past Clarenceville, 12-7, with Jim Jensen and Ron Nelson going over for the Wolves. It was the third straight loss for the Trojans, and only their second touchdown of the year.

tire first quarter, and threw Brighton for losses totalling 57 yards.

Except for drives of 38 and 34 yards, Brighton was hard-pressed to move at all.

The Mustangs lost little time in wrapping up the game, scoring twice in the first quarter on lightning-like plays.

On the first two plays after the opening kickoff, Walker and Biery rammed through for 33 yards and two first downs. But a fumble ended the drive temporarily.

Then after holding Brighton on downs, Walker again went for 19 yards in two quick drives. That set up Biery, who broke into the clear at midfield and crossed the goal line for five yards ahead of a lone Bulldog safety man.

Northville again held Brighton, smashing the Bulldogs for 2, 3 and 8 yard losses until one tackle finally jarred the ball loose from a Brighton ball carrier. Linebacker Dick Stuber swept in, pulled in the bouncing pigskin and went 18 yards for the tally.

Northville weakened momentarily in the second quarter, but Brighton could get only to the Mustang 32. Then, after Biery broke out for 35 yards to put the Mustangs into scoring position, Walker churned 20 yards into the end zone, leaving half a dozen Bulldogs sprawling in his tracks.

The Mustangs' final score came early in the third quarter when Starnes carried the ball four times in succession, going 36, 2, 4 and finally one yard for the touchdown.

Northville had another score in its lap after quarterback Pete Gross tossed two perfectly-executed passes to end Bill Yahne and Starnes for a total of 59 yards. But as Gross sneaked into the end zone from the 1, he lost his grip on the ball and Brighton recovered for a safety.

Brighton's plucky quarterback Joe Collins kept Northville on its toes all night with his pin-point passing, but the Mustang line never gave him a chance to get settled when it counted.

With N. C. Schrader, who was double-teamed much of the night, and Jeff Goodrich, Bob Niemi, Bill Chizmar and Dick Buckley swarming in from all sides, Brighton was hamstringed throughout.

Brighton moved for 28 yards late in the last period, but a leaping interception by Biery ended the threat. Otherwise, it was a futile evening for Collins and his crew.

It was one of the cleanest games in memory. Only one penalty — offside against Northville — was levied all night long.

COACH'S CONFERENCE — Novi school coach Gail Perkins reviews the school's first game with three of the gridirers who starred in it — guard Terry Muns, fullback Kcl. Wangbichler and tackle Bill Krist. Novi lost to Dublin, 21-6, but Perkins was pleased. It was Novi's first game in two years.

Football Returns to Novi School

Football is back at Novi school after a one-year absence.

Each afternoon, more than 30 young gridirers work out behind the school, getting into shape and learning the ropes that may take them on to another four or eight years of competition.

The only trouble for coach Gail Perkins and his seventh and eighth grade charges is their schedule — which so far is limited to two games. "It's rough just getting started," said Perkins. "Even with just a couple more games, it would be a good season. But this way, the boys don't have much to look forward to."

Specifically, Novi will not play again until November 5 when it

meets Dublin, and a month is a long time to scrimmage.

Novi played its first game last week against the same Dublin, and though Novi was on the short end of a 21-6 score Perkins was more than happy with his young team.

"When you consider we had three weeks practice, and that most of the boys had never played an organized game," he said, "we did alright. In fact, we played better than I thought we could."

Novi's touchdown was scored by big Ken Wangbichler on a rambling 60-yard run through the entire Dublin squad. Perkins also had words of praise for halfback Dennis Gilbert, who went 35 yards, on a sweep around end, and for his two

quarterbacks, Steve Bernard and Eugene Martin.

Perkins, a graduate of Central Michigan college and a former Navy man, is Novi's first coach in two years. Last year, the school was all set until Uncle Sam stepped in and drafted the coach.

Meanwhile, there's that schedule problem. By next year, Perkins figures, Novi should have a complete set of games to look forward to. For the time being, he has one primary hope: that he can schedule a game or two with Northville.

"We have some fellows here that Northville will be able to use in a couple years," he said. "Here's a chance for the coaches to get a look at them in action."

Korean Waif Finds Foster Home Here

A gentle little Korean girl whose home is in the slums of Seoul now has foster parents in Northville.

Choi Chong Boon, a six-year-old girl whose father died before she was born, has been "adopted" by Mr. and Mrs. A. E. Seefeldt of Northville state hospital.

The Seefeldts, under the international Foster Parents' Plan, Inc., contribute \$15 monthly toward Chong Boon's support — just as they have been doing for Chong Boon's brother, Chong Hwa, 9, since 1935.

Mrs. Seefeldt is director of social service at the hospital, and her husband serves as superintendent of refrigeration. In addition to their adoption of the two Korean children, they have worked ceaselessly during their past few years to assist an orphanage for poverty-stricken children in Haiti.

Chong Boon lives in a tiny rented room with her ailing mother and her two brothers and sisters. Left alone to face onslaughts of the Korean war, the family fled their native town in the path of invaders and led a dangerous, nomadic existence with almost nothing to eat.

When it was safe, the family moved to Seoul where the wearied widow hoped to find work to support her family.

She finally located work as a fruit and vegetable peddler in an open-air market, but food and shelter were at a premium. Even with her oldest son and daughter working in gun factories, their total daily income was but a few pennies.

Now the mother is ill and cannot work, and there are no relatives to give assistance.

Chong Boon is a sensitive, intelligent child who is thoughtful and obedient to her family. She hopes to attend school some day, and very seriously says she wants to be a "teacherwoman" when she is older.

By giving a helping hand to Chong Boon the Seefeldts provide vital material aid — including a \$9 monthly cash grant, shoes, warm

clothing, parcels of vitamin-enriched food and necessary medical care.

Foster Parents Plan, Inc. has rehabilitated more than 76,000 children since 1937, and is now helping 11,000 children in Greece, South Korea, Italy, West Germany, Belgium, France, and Viet Nam, where tens of thousands of children need help as the result of the Indo-China war.

The organization has launched its 20th anniversary drive to find foster parents for the thousands of youngsters overseas who still face a life of poverty, illness and hopelessness unless help comes from somewhere.

Information about the program may be obtained from: Foster Parents Plan, 352 Fourth Avenue, New York City.

Readers Speak Up: PASTOR RIGHT ON DISCIPLINE

To the Editor:

I was quite impressed with the article in this week's Northville Record from the Pastor's Study on "Freedom" by Rev. Byron E. Chapman of the Willowbrook Community church.

It explains so clearly the advantages of a certain amount of discipline in our daily lives.

If parents set a good example, and take an interest in what their children are doing we would have fewer juvenile delinquents among teen agers.

Children cannot be expected to attend church and have a better way of life without the help and understanding of their parents.

Of course there are changes in every generation, and most of the teen agers of today are wonderful people and should not be condemned because of a few.

I may send the article to another paper.

Sincerely
Mrs. Elmer Hollis

Autumn in Its Glory In Kensington Park

Kensington park is expected to be at its colorful best this week end.

Fall color tour markers are in place now at the park near New Hudson, and free maps of the 28-mile route are available.

The color tour draws thousands of motorists each year. It begins at the park's entrance on Grand River and takes less than an hour and a half of driving time.

The trip centers about the 4,500 park, traversing the most scenic of the park through hilly, wooded land, passing several lakes.

Many excellent views of 1200-acre Kent Lake are obtained, particularly from high Buno Overlook where telescopes are installed. Also to be seen are tiny Lane Lake and Wildwing Lake where a gravel bar brings wildfowl within easy seeing distance.

The side-wheeler excursion boat, "Island Queen" will continue hourly runs on Kent Lake on pleasant October Sundays.

MUSTANG HOOF PRINTS

News of Northville High School

THE EDITORS — Going over their plans for another year of "Mustang Hoof Prints" are the six NHS students who comprise the editorial board of the weekly school page. At the desk is their faculty advisor, Jesse Hise. The students are (left to right): Marilyn Miller, editor Charles Parton, Carol Benson, Sharon Myers, Done Earehart and Shirlynn Ellison.

Staff Named for 'Hoof Prints'

Nearly a score of Northville high school students took up pencil and notebooks and began interviewing last week after being named to the staff of "Mustang Hoof Prints".

With this week's issue, the students themselves take over

most of the production of the weekly school page.

The staff has named Charles Parton to serve as acting editor, while five other students were elected assistant acting editors. The five: Marilyn Miller, Carol Benson, Don Earehart, Shirlynn Ellison and Sharon Myers.

Each assistant will be in charge of a committee which will cover a "beat" of three clubs and a class.

In addition to the editors, the following reporters will serve on the "Hoof Prints" staff: Joan Baskins, Bonnie Bellinger, Jim Cowie, Harold Hartley, Jayne Hammond, Shannon Jensen, Frank Muller, Sally Nelson, Pat Reed, Shirley Schoof, Kay Spicer, Sue Stroud and Sue Wallace.

The staff will be supervised by Jesse Hise. In addition, Hise will conduct a weekly after-school training course in journalism for interested staff members.

As the school year goes on, students will take over additional phases of the production of "Hoof Prints".

ing course in journalism for interested staff members.

English Students See 'Anne Frank'

Mrs. Smith's 12th grade English class went to the Shubert theater October 2 to see "Diary of Anne Frank".

On October 5, the Northville high school band went to Ann Arbor for band day in which 12,000 high school bandmen took part.

The juniors are beginning their magazine sales, with Joe Schields as the salesman.

Seniors had picture proofs returned Monday. At the same time the varsity and junior varsity will have their pictures taken.

The seniors will sponsor a dance on October 18.

Record Hop Planned By Forensic Club

The Forensic club will hold a record hop November 1.

The members of the club also have discussed possibilities of going to some plays. After the October 3 business meeting was adjourned Lillian Zinnecker read a humorous reading entitled "From Lamp-posts to Pillars", featuring a dog named Gilbert.

Police, Health Applicants Swamp Student Council

Volunteers for the positions of chief of police and health officer were so numerous that Dick Stuber, NHS mayor, said he didn't know how to choose the best one.

The job of the health officer is to assist in all health drives that come up, such as polio drive, Christmas and Easter Seals.

The chief of police's job is to sentence (with the help of student council) those students who violate the rules and regulations of NHS.

Commercial Club Elects Officers

The Commercial club has elected Laura Bell as president.

Other officers are: Karen Tibbos, vice president; Margaret Witt — secretary; Barbara Williams — as treasurer.

The club made about \$50 profit on a dance September 27, and is now discussing this year's activities.

Dick is pleased with the student activities and cooperation and sees no problems arising in the near future.

Art Students Eye Decoration Contest

The Northville art department, under the direction of Jack Van Haren, started out the school year by working on designs.

The work on design led up to the latest project, which is decorating the windows on the stores, in downtown Northville.

This is a contest being sponsored by the Northville Retail Merchants for the most clever and original window illustrating the homecoming game and Halloween.

Prizes will be given to the winners. All Art I and II students are participating.

Pep Club Wants 'Go-Get-um' Spirit

The main goal of the Pep club this year is to organize a "go-get-um" cheering section.

The club hopes to have the NHS cheering section sit on the east side of the field behind the team.

One of the club's projects now is the selling of "shakaroes" in school colors — orange and black.

As in previous years Pep club members will make the signs which hang in the study hall on Fridays.

The Pep club, along with the others, expects a wonderful year for the school.

NHS Honor Society Offers Assistance

The NHS Honor Society will offer help to any students who are having trouble with their studies.

Students may ask any Honor Society member for assistance.

An honors assembly in June will be planned by members and the faculty. The Honor Society is looking for more projects in the future.

Seniors Try Out for Parts In Comedy Next Month

The comedy "George Washington, Slept Here" has been chosen for the senior play.

Play tryouts began last week with Miss Florence Panattoni as the director.

The presentation will be on November 21 and 22.

A committee has been chosen to get information from the travel bureau about the senior trip.

An after-the-game dance will be held by the seniors October 18 with Mike Willis as chairman.

All seniors have been urged to participate in the scholarship contest.

SPEAKING

for the Record

By BILL SLIGER

Attorney Cliff Hill almost lifted the roof off Northville Men's Shop last week when Charles Lapham refused to sell him a pair of cuff links. The links were miniature "watch works" and caught Hill's eye.

"Why have you got them on display if they're not for sale," boomed Hill. "They're already sold," apologized Lapham.

What Hill didn't know was that his wife had been in the store one hour before and picked out the very same set as a gift for Cliff. (How's that for knowing what your husband likes!)

* * *

A hardy bunch of golfers from Northville and Plymouth met at 6 a.m. Sunday for a regular twice-a-year match. They always breakfast together first, then the losers pay the bill.

Northville squared the series for the year Sunday at Meadowbrook, after losing last month at Washtenaw. C. W. Rodgers heads up the local group, while Bob Wesley rounds up the Plymouth golfers. The matches have been held for three years now and neither rain, snow, hail or cold have managed to postpone a match.

* * *

To Ed Welch of Northville and Mrs. Jack E. Morris of Novi should go a lot of credit for assuming the responsibility of directing the United Foundation drive in their respective communities. It's a job that takes a lot of time and is brand new to both areas.

We hope everyone will hop on the bandwagon to "Give Once for All" and make their jobs as easy and successful as possible.

* * *

The rides that suddenly appeared on the parking lot on the main four corners in Northville came as a last-minute promotion arranged last Wednesday by the Retail Merchants association.

The local merchants have free tickets for customers that cut the cost of the rides in half. They ought to arrange free coffee for the shivering parents who have to stand by and wait for the kiddies to get through having their turns on the ferris wheel, merry-go-round, airplanes, cars, whip, etc.

* * *

You know that Fall is really here when you drive past Parmenter's Cider Mill on Sunday. Parked cars cause a minor traffic jam and customers are three deep at the cider and doughnut counter.

New Laws for Safety

HIGHWAY SAFETY EXPERTS are digging deeper for reasons why people die in automobile accidents.

They will present new ideas to the 1958 session of the legislature in the latest of a series of bills that has changed the nature of motoring in Michigan in the past three years.

Laws now limit the speed of automobiles, exact severe penalties for drunk driving and recklessness, send bad drivers to special schools.

Highways are designed with the safety factor in the blueprint — divided super-roads with median strips, banked curves and fewer entry points.

Automobile manufacturers have stopped advertising speed to stress the deep dish steering wheel and safety features.

Now, the experts are tackling the remaining factor — the driver.

Drunk driving has for years been a serious crime behind the wheel.

But police records show now that, while a driver often cannot be considered intoxicated under legal standards, his reactions after several drinks are slowed. He is a potter driver.

The State Safety Commission is making a study of the problem of drinking drivers at the request of Secretary of State James M. Hare, its chairman.

Hare's alarm at the potential hazard of the drinking driver was stirred by a one-man field study—in a tavern.

Hare told the commission he sipped soft drinks in the tavern for several hours, keeping tabs on how much alcohol motorists took on before getting into their cars outside.

He said the number was between three and eight cocktails.

What's to be proposed to meet the problem?

Hare figures there might be some way for bars and taverns to stop serving a driver before his driving skill is impaired. He also suggests there might be a concentrated proportional campaign to "shame" drivers into holding down their drinks before getting behind the wheel.

There are now several violations for which a driver can lose his license in Michigan.

The State Bar of Michigan may propose that a police officer immediately take away a driver's license after an arrest.

In exchange, the driver would get a temporary permit, regaining his permanent license only after court action.

This plan is expected to be pro-

posed to the legislature, but critics already are complaining that it is unconstitutional — to deprive a person of property without due process. A number of other safety bills, ranging from equipment on cars to speed are expected in the 1958 session.

DEMOCRATS have developed a habit of refusing to commit themselves on anything until the last moment, when the public attention is well-focused.

Gov. Williams makes it a point to file his nominating petitions on the last day. One year, he remained silent until he could prepare a state-wide television show.

Then, he said he felt he had to run for re-election because his job in Michigan was "unfinished".

This year is no exception and the trend has extended to Lt. Gov. Philip A. Hart, the governor's protégé in his second term.

Political seers say that Williams will seek his sixth term, waiting until later to make his bid on the national scene.

The closest he has come to making news on the subject is his statement that whatever he did not run for next year will be opened to Hart.

The only two offices considered in the subject were those of governor and United States Senator. Democrats will need a man to go against Senator Potter, a Republican, next year.

Hart is personable, a talented presiding officer in the state Senate, and a man marked by the experts as a political comer.

But when Democrats gathered in Toledo for a regional rally recently, Hart was again asked which he would prefer — a campaign for governor or senator.

Nobody, except possibly Hart, remembers the exact words of the answer, but whatever they were, they gave no more details than everyone knew before.

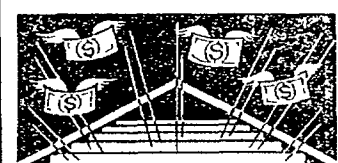

Air Force in New Recruiting Office

T-Sgt. Charles A. Ahnen, recruiting representative for the U.S. Air Force, has recently opened a new office at Farmington and Five Mile roads, across from the city hall in Livonia.

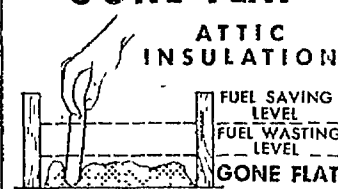

The new office will serve the areas of Redford township, Livonia, Plymouth and Northville.

Being situated in the center of this area, it is felt that it can better serve the needs of this locality. The office will be open each day from 11:30 a.m. to 4:30 p.m.

Weekly visits to Northville, as in the past, will be made each Wednesday. Sgt. Ahnen will be located in the city hall between the hours of 9 and 11 a.m.

Roger Babson

U. S. Breadbasket

Babson Park, Mass. — Some day our great Central West will blossom like a rose. That is why it is called the "Magic Circle". This includes the six states of Kansas, Nebraska, Iowa, Missouri, Oklahoma and Arkansas, which have a total area of about 400,000 square miles.

Why Called The Magic Circle?

Because the area has the potential of being the breadbasket of the entire United States. It has good soil, much sunshine, and, in some years, plenty of rain. Unfortunately, however, it has very dry periods for some years, and then a deluge which takes away good topsoil and does other harm.

This lack of regulated water holds back agriculture, handicaps industry, and makes retail trade very fluctuating. There is much talk of some form of Federal insurance to offset the very dry periods, but such insurance is wholly unnecessary. Moreover, "rainmaking" by chemicals is only "robbing Peter to pay Paul".

Where The Water Will Come From

The western part of Canada is blessed with heavy rainfall. This rainfall collects in four lakes: Great Bear Lake, Great Slave Lake, Lake Athabaska and Lake Winnipeg. These are part of a tremendous system carrying this fresh water into the Arctic Ocean. Here the water is not only wasted, but dangerous fogs are created which affect ocean navigation and the climate of various regions.

Some day an artificial river will be constructed from these lakes, across the Canadian line southerly to the very Center of the United States. This "Center" will be near Greenwood County, of which Eureka, Kansas, is the hub. From Eureka, canals will radiate in different directions to provide water for all sections of the Magic Circle.

My Personal Investments

I am interested in the woodlands of New Hampshire; in lakefront land in Florida; and, of course, in land in Wellesley, Mass.; but the only pasture land which interests me is in this Magic Circle. I have bought such land because I believe that some day an artificial river will be constructed to utilize this run-off water by sending it south-

erly to the Magic Circle instead of letting it be wasted in the Arctic Circle. These 400,000 square miles will be glad to pay Canada for this water, which is now of no use to Canada.

Plans should immediately be made and negotiations started. We should not wait until we are in dire need of the food from the nation's breadbasket. Those who own land which will some day be irrigated by these Canadian waters should retain their land and perhaps buy more. A Federal authority will someday be organized to build the new river, the bonds of which should easily be paid off by "tolls" on the increased crops. Today we have a surplus of certain crops which we are storing; but this situation will soon change because of population growth and export demand.

Work of John W. Fowler, Jr.

Really, my friend Mr. Fowler of Homewood, Alabama, deserves the credit for this idea although it is only a portion of his grand plan. He believes that as soon as the Government completes its proposed national highways and toll roads for automobiles, it will immediately start on a similar program for water. Mr. Fowler believes that there will be three North and South "toll" rivers built: One along the east side of the Rockies, starting from Fort Peck and following the Rocky Mountains, giving sufficient water supply to Southern California, Arizona and New Mexico. A second further east would feed the Magic Circle by gravity and would start from an elevation of 2,000 feet; while the third would change the flow of the Great Lakes so that instead of this fresh water running off through the St. Lawrence into the Atlantic Ocean and being wasted, it would flow westerly and be distributed where needed.

These possibilities are clearly shown on the Great Relief Map of the United States (65x45 feet) and the World's Largest Revolving Globe (about 30 feet in diameter, weighing over 20 tons), both of which may be seen at Babson Park, Massachusetts.

A man whose normal weight is 150 pounds would weigh about 50 pounds if all the water in his system were dried up.

MICHIGAN BELL

LIKE PULLING TEETH, isn't it, to get a letter out of that boy or girl away at college? It's always been like that and we guess it always will be. So why fight it? The easiest, surest way to keep in touch is by telephone. Rates are especially low after 6 p.m.

and on Sunday. Why not arrange a special time, maybe once a week, for your youngsters to call you? Have them reverse the charges if you like. You'll enjoy the chance to talk as much as they will.

ENTERTAINMENT for your group or club is no problem with one of Michigan Bell's free movies or lecture programs. You can choose from quite a list. They vary from 10 to 60 minutes long. For example, the recent Bell Telephone TV films, "Our Mr. Sun" and "Hemo the Magnificent," are available. One of the most popular lecture-demonstrations, "Color Comes Calling," shows how to blend, contrast and harmonize colors for skillfully decorating your home. If you need a movie projector to show a Michigan Bell film, arrangements can usually be made for that, too, at no charge. For details, just call our business office.

HELPING YOU is her business. She's a typical Service Representative in the telephone company's business office—one of the girls you'll talk with when you call up or drop in to discuss your telephone service. You've noticed how courteously and quickly she handles your business. That's because she enjoys helping others, and because she had special training before she ever talked with a customer. That training continues to keep her posted on practically everything the customer might want to know about his telephone service. She's one of the people who make your telephone service good.
