

The Torch Drive Helps You . . . Won't You Help It?

TORCH DRIVE BEGINS — Mrs. George Ramshaw (right), rural chairman of the Northville women's United Foundation Torch Drive, takes a contribution from Mrs. Herman Toussaint, 48707 West Eight Mile, on the first day of the drive Tuesday. The women's campaign will last through October 25, while business, school and government drives will continue until November 7.

City's Youth to be Feted By Optimists Next Month

Northville's younger generation will be honored next month during the first International Youth Appreciation Week. The week-long tribute to the city's youth will be sponsored by the Northville Optimist club as part of an Optimist International program in five countries.

Services Are Held For William Aston

Services were held Tuesday for William H. Aston, retired Detroit printing executive, who lived at 20170 Haggerty road.

Mr. Aston died Saturday at his home at the age of 86.

A native of London, Ontario, he came to Detroit in 1887 where he began working for the Free Press Printing company.

In 1909 he established the William H. Aston Poster Printing company, discontinuing it in 1936 when poster printing from wooden block letters became obsolete.

Interested in turf culture and gardening, he settled down on his estate near Meadowbrook Country club where he was a charter member and co-founder.

He was also a member of Pypothia-Franklin association and a member of Palestine Lodge, F&AM. Surviving are his wife, Fanny M. M. Peters, and a grandson, George Yerkes of New Orleans, Louisiana.

Funeral services were held from the Casterline Funeral Home. Officiating was Dean John J. Weaver of St. Paul's Cathedral, Detroit. Burial was in Acacia Park cemetery.

Stop that Burning!

Burning of leaves on paved streets or alleys is illegal.

Northville residents were reminded of the violation this week by John Robertson, city manager, who reported that pavement is softened and cracked by the leaf-burning.

He asked residents to use drive-ways or places other than paved areas to burn leaves.

P-TA to Hear Accountant, Meet Exchange Students

One of the nation's leading accountants, who recently taught in Turkey for a year, will address the Northville Parent-Teachers association next Thursday night.

Professor George R. Husband, head of the accounting department at Wayne State university, will

show slides and discuss his stay as a visiting professor at the University of Istanbul.

Dr. Husband's address will highlight an "International Night" program, which will include a description of the Northville high school student exchange program by NHS teacher Charles Yalme.

Yalme will introduce two exchange students who will spend the coming year at NHS. The students, an English girl and German boy, are due in Northville next week.

Dr. Husband, who taught in Istanbul during the 1955-56 school year, will discuss the people of Turkey, their customs, school system, and other facets of their lives. He will answer questions from the floor at the close of his address.

A past president of the American Accounting association, Dr. Husband was born in England, attended and taught at the University of Michigan, and has written several books and a number of articles on accounting.

Rotary to Honor 113 Guests Wednesday

One-hundred and thirteen guests are expected at the Rotary club's annual Rural-Urban dinner meeting next Wednesday night at the First Presbyterian church.

According to Roy LeMaster, chairman, the event will be the largest ever staged by the local service organization. Purpose of the event is to acquaint newcomers and residents of the surrounding area with Northville and Rotary members. The guests will be introduced by host Rotarians. A program of variety entertainment will follow the 6:30 dinner.

School Bus Hit As 21 Accidents Occur in Novi Fog

Novi road and Grand River became foggy nightmares Monday morning as the thickest pea-soup of the year put at least a dozen persons in the hospital and brought serious damage to more than 20 vehicles, including a Northville school bus.

Uncountable numbers of other cars and trucks went off the road, and many minor accidents left drivers exchanging names and moving on through the fog.

The sight of the wreckage-strewn roads prompted Novi police chief Lee BeGole to warn drivers to drive with more care than ever when fog blankets the roads.

"Even the best drivers are helpless if they can't see," BeGole said. "We can expect more foggy mornings this fall, and Novi road and Grand River will be as dangerous as a road can be."

BeGole reported this timetable for the morning:

—7:10 a.m.: three cars collided on Novi road north of Eight Mile. No one was injured. Two cars were towed away.

—7:20: Two cars were damaged when they hit near Wixom road and Pontiac trail. Both were damaged. Injuries were slight.

—7:35: Four cars rammed into one another on Novi road south of 10 Mile. A young boy was injured and two cars towed away.

—7:50: Five vehicles piled up on Novi road near Northville resulting in five injuries. A Northville school bus had stopped to pick up passengers and two other cars had stopped behind it, when a huge milk van and pickup truck smashed into the lineup of vehicles. Wallace Doan, 44480 Grand River, and four Brighton men all suffered head injuries. No school children were injured.

—8:20: Clifford Signor of Livonia was not injured but his car was demolished when he smashed into a giant earthmover while driving down the new expressway near Novi road. "The earthmover wasn't damaged," said BeGole.

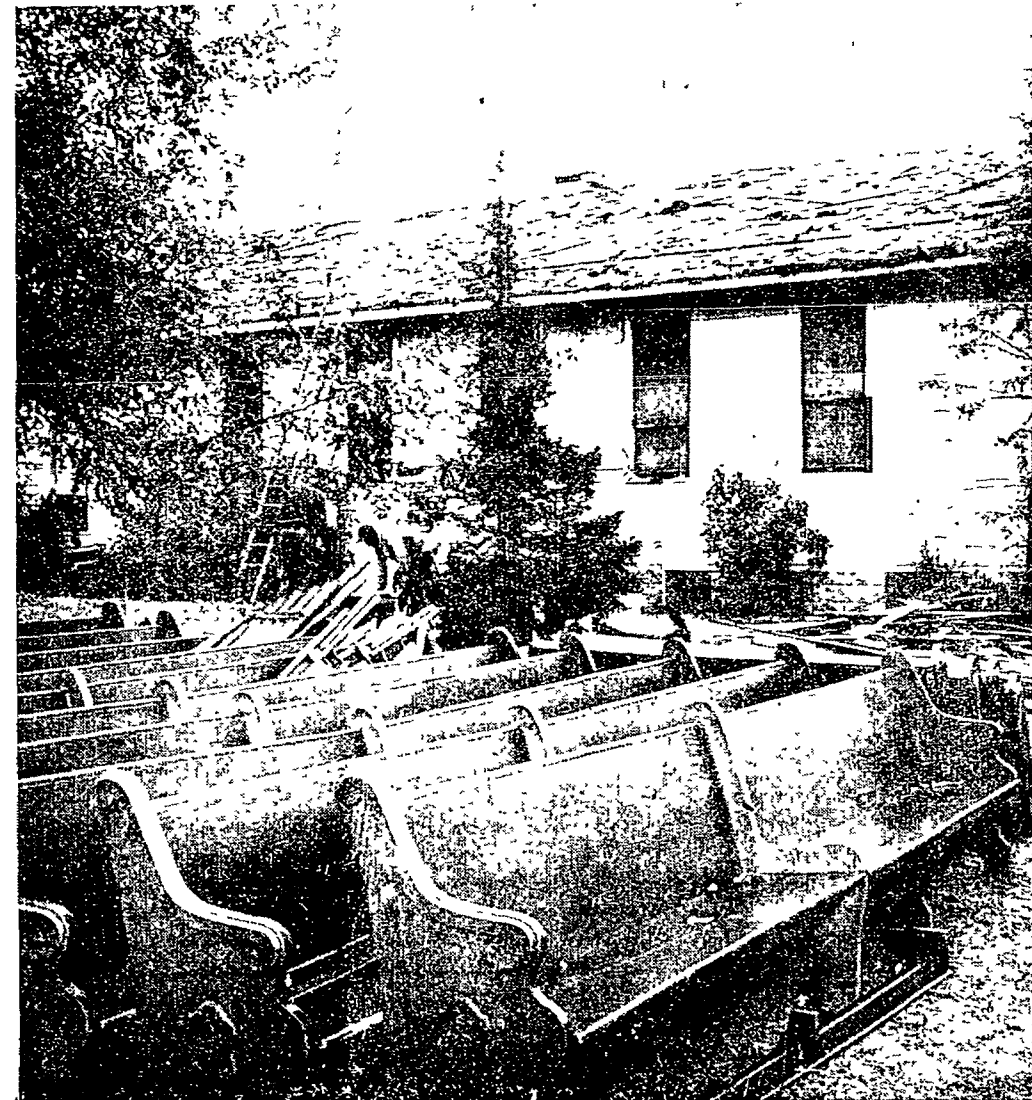

Our Lady of Victory parishioners have worshipped for the last time in the familiar white frame building that was their church home for 25 years.

Demolition crews began dismantling the building Monday, as a sparkling new church and social hall neared completion only a few feet away.

For the next two Sundays, Our Lady of Victory parishioners will worship at the Northville community building. Then they will move into the new church basement. And finally, in about a month, all facilities will be ready for use.

As wrecking crews prepared to tear down the old building, many furnishings were given to longtime parishioners who treasured them and the memories they brought back.

Father John Wittstock, pastor of the church, said the new building

MAKING WAY FOR THE NEW — Church pews from Our Lady of Victory make a striking pattern this week as they were removed from the building during demolition operations. The old church will be replaced by a graceful new building, the steeple of which can barely be seen over the roof.

Old Church Bows to the New

Our Lady of Victory parishioners will have all new furnishings. "There'll be no 'antiques,'" he said, smiling and thinking of the church's graceful, modern lines.

The quaint white building at Orchard drive and Thayer street goes back to 1922, when it replaced a

Goodwill Pickup Planned Tuesday

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for next Tuesday.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pick-up, call the temporary local Goodwill representative Mrs. Lora Ault of Livonia, at GR-4-4294.

downtown store that had been used as a church for the parish. At that time, Our Lady of Victory served 130 Catholic families.

Since then the parish has grown to 330 families, and an elementary school served by sisters of the Order of St. Dominic has been built.

The new church, of modern design which contrasts strikingly with the old building, is in its last stages of completion. All exterior work is finished, and the final touches are being applied inside.

The \$215,000 structure will seat 700 and will have a choir loft and "crying room". Downstairs will be a social hall and complete kitchen to serve the church's various organizations.

A building fund drive, started in June of 1956 when Father Wittstock was appointed pastor, went over the top.

Inglis Shrugs Off Move To Restrict His Power

The recent court fight over fall racing dates at Northville Downs has prompted efforts to get the state legislature to restrict the power of state racing commissioner James H. Inglis.

Officials of the Michigan Harness Horseman's association said this week that they will attempt to get the legislature to set up a three or five-man commission to replace the one-man body which Inglis alone fills.

Questioned by The Record Wednesday, Inglis did not seem worried.

"There have been two or three attempts in the past to establish a three-man commission or to set up a separate harness commission," he said. "Only one bill even got out of committee, and it was voted down."

The MHHA, in a statement signed by president George McIntyre and secretary-treasurer Charles Coon, struck out at Inglis' opposition to a 24-night meet at Northville Downs this fall.

Inglis denied the October 7-November 2 meet, but then Wayne county circuit court reversed his stand. Inglis appealed to the state supreme court. The court then granted Inglis a stay of proceedings until this winter, thereby effectively cancelling the meet.

The MHHA statement called Inglis' opposition "arbitrary" and claimed it had cost the state government and horsemen more than half a million dollars — including \$200,000 in state taxes and \$250,000 in purses.

Northville, it added, lost \$40,000 in tax rebates plus "thousands of dollars" in food, lodging, parking, stall rental and other business profits.

Inglis did not quibble with the figures, but added:

By the same logic, they could say I cost the state and the horsemen five million or 10 million by not extending the dates until Christmas."

In calling for a three or five-man commission, the MHHA said "extraordinary turmoil" exists in New York and Michigan, the only states with one-man commissions. It said one-man rule invites "dictatorial and arbitrary power."

Inglis countered that the one-man commission, put directly under the governor with no confirmation by the state senate, was intended to keep racing honest and to prevent a "shifting of responsibility."

"I don't think this effort will be any more successful than previous attempts to change the commission were," he said.

The MHHA claimed 400 horses were stabled at Northville for the fall meet, and that only 10 of those now have a chance to race in other states. Owners, it added, have no choice but to put their horses up for the winter — at a loss of up to \$2,000 per horse.

Inglis again did not question the figures, but added that "it does cost a lot to keep a horse and such losses have been true every year."

He said horsemen this year had just as many starts as in other years, and that they benefited by a new program in which the state pays 75 percent of the purse at county fairs.

"If anything, racing was better for the horsemen this year — not worse," he said.

The MHHA claimed Michigan's limit of 146 days of harness racing is "detrimental" to the state and is out of line with New York (764 days, up 221 over 1956), Illinois (an increase of 22 to 192) and other states.

Inglis stated, however, that additional racing dates in Michigan would probably cause anti-racing forces to rebel against any and all racing.

He also claimed that the MHHA is not a valid spokesman for all Michigan harness horsemen.

"Our hearings showed that only about half the state's horsemen belong to the association, and that many of its members are from out of the state," he said. "And of the horsemen who do not belong, not one has complained to me about the date situation."

"Flu" on Wane In Northville Schools

The flu is flying — from Northville schools at least, where absences have been on the decline this week.

Only 13 percent of the high school students were absent on Wednesday, compared to between 20 and 25 percent during last week. All teachers were present Wednesday.

Absences in the elementary schools are still low.

According to Fred Stefanski, assistant principal of the high school, no student has yet reported that his illness was diagnosed as "Asian" influenza.

Mustangs to Meet Hills Tomorrow

It was touch and go with the flu this week, but the Northville Mustangs apparently will get a game tomorrow night.

Though a number of the Mustangs have had their bout with the flu, and though it's evidently not over yet, school officials said Wednesday the game probably will go off as scheduled.

That means the Mustangs will tangle with Bloomfield Hills at Ford Field at 8 p.m.

It will be their first home game since the Plymouth opener on September 20, and begins a three-game home stand. Next week's encounter with Milford has been slated as the 1957 NHS homecoming.

Bloomfield Hills, playing football in the Wayne-Oakland league for the first time this year, has a 1-2 record for the season. After downing Clarenceville, 20-0, in its opener, Bloomfield lost to Holly, 20-0 and Milford, 25-12.

The Mustangs, now in first place, place a 1-0 record on the line.

St. John's to Hold Open House Sunday

One of the most interesting yet least familiar institutions in the Northville area will open its doors to the public Sunday.

St. John Provincial Seminary, where 150 students are in training for the Roman Catholic priesthood, will hold its annual open house from 1-6 p.m.

The seminary, constructed in 1949, is located on Phoenix road just east of Sheldon.

Father Fenn, rector of the seminary, said students will meet visitors at the door and guide them through the grounds and buildings.

"There is a great deal to be seen and enjoyed at St. John's," said Father Fenn. "The faculty, students and I sincerely hope that Northville residents will come out and join us Sunday."

Robertson to Attend Washington Meeting

Northville will be represented for the first time at the annual convention of the International City Managers association in Washington, D.C. this year.

Mr. and Mrs. John Robertson will attend the four-day meeting beginning Sunday. Northville's city manager form of government is not yet one year old.

City managers from throughout the country will attend the meeting to exchange ideas and hear governmental authorities outline latest developments in municipal management. Manager Robertson stated that nearly all communities of the area will be represented.

SWEETEST DAY will come around Saturday, and Freddy Spiker made sure this week that he didn't miss out. Here, Freddy, 2, hands giant all-day-and-then-some suckers to his four sisters (left to right): Beverly, 9; Denise, 10; Valerie, 7, and Gwendolyn, 5. They are the children of Mr. and Mrs. Dennis Spiker of West Dunlap street.

He is a member of the scholastic and military honor societies. He is a cadet second lieutenant and platoon leader in Company B in Kemper's ROTC battalion and was awarded a sash in a recent ceremony by Major General Joseph P. Cleland, who will be installed as Kemper's new president on November 1.

Doug Tegge, son of Mr. and Mrs. George Tegge of Franklin road, a high school junior, and Bill Hiltz, son of Mr. and Mrs. Lawrence Hiltz of West Main street, a high school freshman, are attending Kemper for their first year.

Garden Club Sees Films on Flowers

Two timely films were shown at the October meeting of the Northville Farm and Garden association last Monday — "Tulip Time in Holland" and "Modern Roses".

The first reminded the group that now is the time to plant spring flowering bulbs. The second was prepared by the Jackson and Perkins company, noted growers of roses. Projectionist for the film was Jack Parton, junior at Northville high school.

Hostess for the meeting was Mrs. W. L. Howard of Eight Mile road. She was assisted by Mrs. Harvey Whipple, Mrs. H. G. Richardson, Mrs. R. M. Atchison, Mrs. Roy Matheson and Mrs. Clyde Scholtz. President Mrs. G. H. Cummings presided over the business meeting. Mrs. Edwin Mueller, chairman of the recent flower show, reported that the event was a success.

How can I be sure that my children's shoes fit when I buy them?

If you mean that you want to check the fit of the shoes yourself, you should first work in a shoe store for at least two years. Then you will be more uncertain than you are now.

If the shoe internship is impossible I would use the practice of most women when they buy a hairdo. They don't rush downtown at fifteen minutes before closing time and let the first operator they come to give their hair a fast sizzle. Hairdos are too important.

Hairdos and the operators who do them are the subjects of conversation at every hair party. A newcomer to town knows before she leaves the house not only which beauty parlor she is going to but which beautician will give her the kind of curl she wants. She will read ancient magazines waiting for the operator to take her and she might even overpay the bill if she is especially pleased with what the mirror says after the ordeal.

"Who fits your children's shoes?" should be as commonly asked as "Who does your hair?" Try it. You will find that your town has many shoefitters who realize the health importance of children's shoes and will do a really professional job. If they know that you are not primarily interested in speed, low price or high style.

Gradys Travel to Upper Peninsula

An afternoon ceremony September 21 united in marriage Janice Irene Morgan and Bob Grady, in the First Methodist church, Rev. Paul Cargo officiating.

The altar was decorated with white gladioli and daisy mums. The new Mrs. Grady is the daughter of Mr. Claude Morgan of Northville and Mrs. J. T. Kelley of Clearwater, Florida.

Mr. Grady's parents are Mr. and Mrs. J. D. Grady of Plymouth. Mrs. Drake Older sang "Because" and the "Lord's Prayer" before the ceremony.

For her wedding, Janice chose a full length white gown of net and chintilly lace fashioned with a Queen Ann collar and long sleeves that came to points over her wrists. Her fingertip veil of silk illusion was held in place by a crown of sequins and seed pearls.

She carried a bouquet of stephanotis and a white orchid on a Rainbow bible.

Maid of honor Miss Marietta Velky, wore a full-length hoop-skirted gown of aqua fashioned with a V-neckline and a small bustle. She carried a bouquet of gold daisy mums and ivy.

Bridesmaids were Miss Joyce Lemmon of Northville and Miss Diane Eckland of Clawson. They wore identical gowns of gold and carried aqua daisy mums and ivy bouquets.

Flower girl Michelle Velky wore a floor-length dress of aqua with tiny puffed sleeves, and carried ivy and gold daisy mums.

Best man for Mr. Grady was Loren J. Goodale, Jr. Ushers included Farrell Grady, brother of bridegroom, and Marvin Hopper.

Mrs. Kelley, mother of the bride, wore an orchid lace dress and a corsage of light green shaggy mums.

For her son's wedding, Mrs. Grady wore a pink and grey lace dress trimmed with rhinestones, and a

pink hat and gloves. Her corsage was shaggy mums and an orchid.

A reception for 80 guests was held after the ceremony in the fellowship hall of the church. Guests attended from Northville, Plymouth, Dearborn, Clawson, Grand Rapids and Florida.

For her wedding trip to northern Michigan, the new Mrs. Grady chose an aqua dress with pink accessories.

The couple are making their home on Hutton street in Northville.

Carol Blake and Thomas Black Married in St. Matthew's Church

On Saturday, October 12, Carol Blake, daughter of Mr. and Mrs. O. M. Blake of Wixom road, Wixom, became the bride of Thomas Black, son of Mrs. Catherine Ball of Milford.

The ceremony was performed in St. Matthew's Lutheran church of Walled Lake by Rev. O. A. Gerkin.

The bride wore a ballerina-length gown of white chiffon, fashioned with short sleeves. Her finger-length veil was held in place by a crown. She carried an arrangement of white mums on her prayer book.

Maid of honor for her sister was Judy Blake, who wore a ballerina-length gown of aqua chiffon. She carried a nosegay bouquet of gold and bronze mums.

Tom DeJohn of Orchard Lake served as best man for Mr. Black. A reception was held immediately after the ceremony at the home of Mr. and Mrs. Stanley Hedgecock of Twelve Mile road. Mrs. Hedgecock is a sister of the bride.

The couple both graduated from Walled Lake high school last June. They are now making their home in Walled Lake.

Flowers have a special meaning — beyond words

When grief strikes someone close to you, it is not easy to put into words the sympathy you feel. But the flowers you send carry a message far, far beyond words. Their beauty is a source of comfort and strength.

Optimists Learn Of NHS Progress

Northville Optimists were brought up-to-date Wednesday night on plans and progress concerning the new Northville high school.

With school board president Nelson Schrader presiding, school officials and architects answered questions and provided technical information about the soon-to-be-built structure.

Kurt Thrun, a former private in Marshal Rommel's Afrika Korps and now manager of the Plymouth Travel Bureau, will address the Optimists next week.

The following week, U.S. Congresswoman Martha Griffiths will speak before a "ladies night" gathering of Optimists and their wives.

Willowbrook . . .

The Errol Myers of Border Hill entertained Mr. and Mrs. R. O. Frederick of Detroit for dinner recently. Last week end they had as their houseguests Vi's sister, Clara Apple, and Terry Moirano of Springfield, Pennsylvania.

Don and Dorothy Richmond and their six children of McMahon dined a week ago Sunday at the home of the Jim Behrends of Ferndale.

Kay Reiss of LeBost had a toy party Tuesday, October 8. Her guests were Dolores White, Jackie Proctor, Mrs. Reiss, Nancy Freeman, Mrs. M. Freeman, Martha Dragovich, Marilyn Vykdyal, Jane Swick, Nancy Broderson, Augusta Lewis, Miltz Crederman, Vi Newton and Ginny Nelson.

Mr. and Mrs. Karl Weiss of Mooringside drive returned Sunday after

spending a few days visiting friends, Mr. and Mrs. William Purring and daughter, Carol, of Battle Creek. The Purrings and Weisses dined at Gull Lake Inn Saturday evening.

The Howard Swicks of Meadowbrook joined Mr. and Mrs. Harry Petty of Livonia Saturday at the Square Dance club, the Calico Squares. Sunday afternoon they entertained Mr. and Mrs. Dave Theils of Inkster, Mrs. Isabell Wick, Mr. and Mrs. Norman Tracy of Detroit and Mr. and Mrs. Roy Smit of Ann Arbor for dinner.

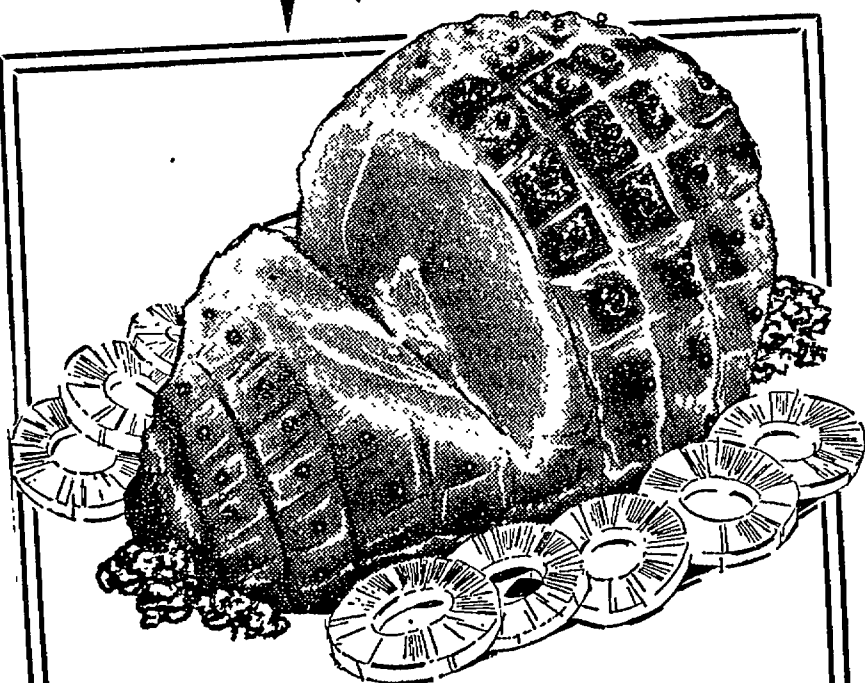

Maps were made for social studies of Egypt and Mesopotamia and were judged by the students. Christine Martin was selected for first place and Dawn McCollum's for second.

Merchants Announce Silver Dollar Winners

Northville shoppers who know their brand names were weighted down with silver dollars last week end. The collected them merely by identifying the famous brand name merchandise advertised by 13 local merchants in last week's edition of The Record.

Shoppers also took advantage of "coupon specials" offered by the merchants in the week end promotion event.

Biggest winner of silver dollars in the contest event was Mrs. Robert Boyd, 545 River street. She managed to have the most correct answers at both the D & C store and Gambles. For her efforts Mrs. Boyd won 30 silver dollars.

Next in line came Gil Glasson and Charles Dickinson. Glasson won \$20 from Schrader's and Sibley's, while Dickinson took top honors at Freydl's Cleaners and Lapham's Northville Men's Shop.

Other winners were: Mrs. Audrey Batt (Brader's); Mrs. Russell Presley (EMB Food Market); Mrs. F. Kupsky (Famous Stores); Mrs. Irving Hansen (Tewksbury Jewelers); Frank Defina (Northville Hardware); and Mary Godfrey (Johnson's Jewelry and Gift Shop).

If winners have not collected their money, they may do so by identifying themselves at the stores.

Mrs. Harold Ackley, Walled Lake,

was also a lucky winner although she didn't get any silver dollars. Her 97c "grab bag" purchase at Tewksbury Jewelers turned out to be a diamond ring valued at \$50!

Men's Club to Salute Scout Troop 731

A charter will be presented to Boy Scout Troop 731 and each scout and committee member will receive identification cards at a dinner meeting Monday of the Northville Methodist Men's club.

A movie — "Headline Fire" — from the state conservation department will be shown.

Dinner will be served at 6:30 p.m. All members have been asked to attend. Fathers of scouts also have been invited.

The annual troop charter will be presented to the troop by scout commissioner Harold Weigand and recognition given the troop committee headed by Clyde Ferguson.

Reservations may be made by calling Doug Bolton, Northville 3003-J.

Earns Promotion With Burroughs

Frank Bongiovanni

Frank Bongiovanni, 301 Carpenter, Northville, has been appointed foreman of plastics manufacturing at the Burroughs Corporation's Plymouth Division, it has been announced by Robert A. Niemi, general manager.

Bongiovanni joined Burroughs in 1946 as a parts straightener in a general manufacturing department, and the following year became a job setter in the same department.

In 1956, Bongiovanni was named assistant foreman in the plastics manufacturing department, and he held this post until his new appointment.

MRS. ROBERT BOYD, 545 River street, picked the silver dollars right off the window at Stone's Gamble store this week, while Roy Stone watched. She collected 20 silver dollars as winner of the Brand Names contest at Gambles. Mrs. Boyd won 10 more silver dollars at the D & C store. Thirteen local stores offered silver dollars to customers who could identify brand names they advertised last week.

DO-IT YOURSELF OPPORTUNITIES

● No. 1—A "Newman" home of 4 rooms plus utility on 74x321 lot, 3 blocks from shopping. Very livable "as is" but your spare time could be profitably used to complete some interior items. A sacrificed price at \$11,500 to owner on terms. Oh yes, there is a fine garage for 2 cars.

● No. 2—M country-minded, here is a one floor 3-bedroom home on a hilltop, 5 acres, a nearly square parcel excellent for gardening, 2 rms. and bath complete. Attached 1 1/2-car garage, oil furnace and 80 gal. electric water heater. You can live here comfortably while completing interior. Really merits inspection at price of \$11,800 on terms.

SUBSTANTIAL RETURN
● Is assured in this 3-family apartment at the sales price of \$15,000 with \$6,000 down. Two apartments are furnished — a 3-room and a 4 room. The third apartment of 4 1/2 rooms for owner's occupancy or rental, as desired. Gas hot water heat and water softener system. Income and location makes this a bonafide buy.

Minutes of the Board of Education

NORTHVILLE PUBLIC SCHOOLS

October 7, 1957

The meeting was called to order at 7:30 p.m. by President Nelson C. Schrader.

Present: Nelson C. Schrader, Dr. Waldo T. Johnson, Robert H. Shafer, Adrian Willis, Superintendent R. H. Amerman. Absent: None.

Others Present: Principal Ellison, Smith and Kay; Miss Sally Ayling of The Northville Record; Mr. John Robertson, City Manager, City of Northville; Mr. Robert Hart, of the Junior High Curriculum Committee; Dr. Kenneth M. McLeod, Administrative Assistant to the Superintendent.

The minutes of the last regular meeting and a special meeting were read by the Secretary. There being no addition or corrections to the minutes, it was moved by Mr. Clark that they be approved as read. Dr. Johnson supported. Motion carried. Communications:

1. City of Northville, replying to our letter of August 21, 1957, and giving cost to the school for making connection to the City storm water system, sanitary sewer system, and water system for the new high school, as follows: \$25,087.00.

2. City of Northville, advising that the County of Wayne may be charging the school approximately \$100.00 per acre of property owned for the privilege of draining into the Wayne County sewer.

3. Reverend Wittstock of Our Lady of Victory Church, requesting transportation for a number of parochial school children.

Report of the Superintendent:

1. Wayne County Day School at Training School: Superintendent Amerman asked Dr. McLeod to report to the Board the progress being made on this project. The Training School and the five other participating schools are most anxious to get this program under way and as soon as a qualified teacher can be found the schools will begin referring students. Screening of the children will be done by the diagnosticians of the various schools, in cooperation with the staff of the Training School.

2. Mr. Littell, the school's attorney, reported through Superintendent Amerman that papers will be filed tomorrow morning, October 8, 1957, in the condemnation suit against the Robinson property.

3. Site Development: Board discussed with Superintendent Amerman the advisability of having the high school site graded and entrance roads laid out as soon as possible, and Superintendent was instructed to notify the architect that the Board would like to have this work done this fall.

4. Bus Needs: Mr. Ellison has provided the following figures on cost of buses vs. rental of vehicles:

Rental—approximately 37 trips @ \$25.00 per trip \$925.00
New Bus—60 passenger, \$6,900-\$7,000

On the basis of present capacity and loads, and potential for the future, Mr. Ellison recommends that the Board purchase a new bus.

5. Hot Soup Program: working satisfactorily.

6. Released Time Request: Superintendent reported that the released time program followed last year for parent interviews and teacher meetings had proved very successful, and requests permission to follow a similar procedure this year.

7. Educational T.V.: Superintendent is investigating the possibility of obtaining television sets for the schools, equipped with converters so that classes could watch the educational programs on Channel 56. When more information is available he will advise the Board.

8. Sale of Bonds: Mr. Thrun, the school's bonding attorney, will send us a schedule of both Series B and C bonds, and is preparing a Resolution To Sell Bonds. A special meeting will be necessary to pass this resolution when it is ready. A time period of approximately 12 weeks will be required for the sale of the bonds, and approximately a six week period from the time the architect's plans for the new high school have been approved by the Board until bids on construction can be called. The Board instructed Superintendent Amerman to proceed with plans for the sale of \$1,850,000 in Series B bonds.

New Business:

1. Mr. John Robertson, City Manager of the City of Northville, appeared to request that the City be granted an easement across a portion of the new high school site, in order that the City may furnish water service to a new subdivision lying north of the school site.

After due discussion it was moved by Mr. Shafer that this easement be granted, so long as it does not interfere with the convenience of the school. Mr. Willis supported. Motion carried.

2. Transportation Request: It was the attitude of the Board that further information regarding the location of the parochial school children involved should be obtained from Father Wittstock, and a special meeting held with the parochial school board to discuss these mutual transportation problems before a definite decision is made in this matter.

3. Curriculum Committee: Mr. Robert Hart gave the Board the monthly progress report, advising that Mr. and Mrs. J. W. Schiefer, Mrs. B. W. Secord and Mrs. A. Wister have resigned from the Committee and replacements are now

being selected. The Committee is currently studying the Junior High School English curriculum.

4. Dr. Johnson reported the result of a meeting attended by himself and Superintendent Amerman in Ann Arbor on September 26, 1957, at which the joint Boards of Education of Wayne, Oakland and Washtenaw Counties transferred three pieces of property from Lyon Township School District to Northville Public Schools. The pieces involved belong to Mr. and Mrs. James Taylor, 9820 Chubb Road, Mr. and Mrs. Lawrence Bidwell, 9650 Chubb Road and Mr. and Mrs. Harry E. Earehart, 9666 Chubb Road, and total twenty acres of land.

5. Another request for transfer has come from Mr. Don Robinson, of Six Mile Road, whose property is now in the Plymouth School District and who would like to be transferred to Northville. The Board instructed Mr. Amerman to contact Mr. Carroll Munshaw, Deputy Superintendent of Schools for Wayne County, and request his assistance in this matter.

6. Bus Needs: On the basis of recommendations from the Superintendent and the Director of Transportation, it was moved by Mr. Clark and supported by Mr. Shafer, that bids be obtained on a new 60-passenger school bus. Motion carried.

7. Lunchroom Policy: On the suggestion of Mr. Kay, it was moved by Mr. Willis that the motion passed at the September 9th meeting relative to school lunchroom policy be amended to permit children in grades Kindergarten through Third, living one-half mile or more from the school, who do not ride the bus, to stay at school for lunch. Dr. Johnson seconded and the motion was carried.

8. Released Time Request: On the recommendation of the Superintendent, it was moved by Dr. Johnson that one afternoon per month (closing at 2:00) of released time be granted for faculty meetings, and also time for parent-teacher interviews to be arranged at the discretion of the administration. This motion was supported by Mr. Willis and was carried.

Treasurer's Report:

Balance in General Fund. \$59,812.95
Balance in 1949 Debt Retirement Fund, 9-30-57 \$1,273.08
Balance in 1954 Debt Retirement Fund, 9-30-57 \$1,652.16
Balance in 1957 Debt Retirement Fund, 9-30-57 \$9,100.00
Balance in 1957 Building and Site Fund, 9-30-57 \$54,601.30

It was moved by Shafer and supported by Johnson that the Treasurer's report be accepted as presented. Motion carried.

Auditing Committee:

The Auditing Committee approved bills and payrolls for payment as follows: bills, \$4,620.59; payrolls, \$43,095.92. It was moved by Mr. Shafer and seconded by Dr. Johnson that the bills and payrolls be paid. Motion carried.

Adjournment:

Robert H. Shafer, Secretary

NOVI COMMUNITY SCHOOL DISTRICT

The regular meeting of the Board of Education was called to order at 8:15.

Present: Mitchell, Larson, Crawford, Bernard and Heslip. Absent: None.

The secretary's minutes of previous meetings were read and approved.

The treasurer's report showed the following final balances:

General Fund \$9,923.48
1950 Debt Ret. 14,120.95
1955 Debt Ret. 44,318.01
1955 Bldg. and Site 3,007.50

The Board of Education established general policies to be followed for:

1. Regular meeting — second Wednesday of each month.

2. Notice to be given for special meetings.

3. Emergency situations requiring immediate action by superintendent.

Mr. Heslip and Mr. Bernard were appointed to act as the audit committee.

The school calendar was set and the following dates established:

Oct. 17-18—Teacher;

Dec. 20-Jan. 6—Christmas vacation.

Apr. 4-7—Easter vacation.

June 6—School closes.

Non-resident school children living with persons other than parents must submit an affidavit indicating the reason for residing in the district. Said form to be completed by a social agency or a court.

The following items of business were approved by the Board:

1. Annual Statistical and Financial report to be published in the Novi News before October 1;

2. Student Activity Account established with the National Bank of Detroit;

3. Teacher substitute pay to be \$18.00 per day;

4. Fire insurance policy for \$72,000 to be taken out with Mr. Watzka;

5. Payment is to be made for the amount due, \$1,900, for purchase of land from Mr. and Mrs. Ziegler;

6. Mr. Medlyn to inform the Board on the necessary steps to be taken to make the district a registration district.

Moved by Mr. Heslip, seconded by Mr. Bernard to pay current bills.

Georgia H. Larson, Secretary
Board of Education

To Discuss Hiring Plumbing Inspector

Representatives of the cities and townships of Northville and Plymouth will meet in two weeks to discuss hiring a plumbing inspector to serve the four communities.

The officials will meet with a representative of the state plumbing board on November 1.

At present, inspections are made by the state board. Local officials said control is not effective enough and that many violations slip by undetected.

The Howard Stines of McMahon entertained Mr. and Mrs. Paul Mulla of Livonia Saturday night.

Hit-Runner Pays Fine and Damages

Beryl Victor Steeber of 149 East Main street was sentenced to pay a \$25 fine and \$88.42 in damages by Judge E. M. Bogart this week for a hit-run accident.

Steeber hit a parked car on Rayson street belonging to John Jones of 673 Randolph street at 11:15 p.m. Monday night. The accident was reported by Mr. and Mrs. Gerald Stoddard, 128 Rayson, who heard the crash. Mrs. Stoddard saw the car from the window of her home and reported its license number to police.

Steeber was apprehended Tuesday. In another case this week, Leonard Powell of Rhodes, Michigan was fined \$100 and sentenced to 45 days in the Detroit House of Correction for taking indecent liberties with a child. Powell pleaded guilty to charges.

Association Post To Mrs. McKinney

A Northville woman who knows how to mind her p's and q's has been elected treasurer of the Michigan chapter of National Grapho-Analysis association.

She is Mrs. Lucille McKinney who, with Dr. Victoria, also of Northville, attended the state chapter's convention in Flint last week end.

Grapho-analysts study various types of strokes in a person's handwriting, and from it are able to point out certain aspects of their personality and psychological makeup. Grapho-analysis has been incorporated into psychology courses in more than 40 European universities and is an accredited course at Cleary college in Ypsilanti, Mrs. McKinney said.

Halloween Parties Planned for Youth

Another evening of Halloween fun has been planned for hundreds of Northville youngsters and teenagers. The Northville recreation department and Northville Optimists will co-sponsor Halloween parties for elementary and high school students at the community building on October 31.

Elementary students will get kicks from 6 to 8 p.m. while high school students will attend a dance from 8 to 11 p.m.

Recreation director Stan Johnston said free refreshments and prizes for the best costumes will be on hand.

More than 300 attended the parties last year, he said.

The first club meeting of the year was held Tuesday. Class officers elected are as follows: president, June Loynes; vice president, Christine Martin; treasurer, Holly Fox; secretary, Jimmy Schingeeck, and reporter, Cathy Bentley.

In Wixom Village:

Society Plans Bake Sale

Mrs. Charles Ware — Market 4-1601

The Rosary Altar Society of St. William's church, Walled Lake, will have a rummage and bake sale on Friday of this week, October 18 from 10 a.m. to 9 p.m. and on Saturday, October 19 from 10 a.m. to 6 p.m. There will be all kinds of furniture as well as clothing. The sale will be held in the parish hall on Common and O'Flaherty street next to Walled Lake junior high school.

The youth club of the Wixom Baptist church attended a skating party at Plymouth recently.

Miss Hilda Furman has returned from a two week trip through the New England states.

The Wixom planning commission held a meeting in the village hall last Friday.

SIMON, THE MAGICIAN

The History Book of the Early Church (Acts) records an incident that might well be studied.

It concerns a man by the name of Simon who had practiced magic, fortune telling & the like. He was well known for his amazing demonstrations. When Phillip arrived with his evangelistic party, preached the Gospel and performed miracles, Simon joined the converts and was baptized and thus became a member of the Church in the City of Samaria. When Peter and John came down from Jerusalem Simon drew them aside and wanted to buy the ability to lay his hands on others that they might receive the Holy Spirit. Immediately Peter knew that though Simon had professed to believe and was baptized that he was not really converted. He could tell by his words that he was still in the gall of bitterness and the slavery of sin. Regrettably this can be said of so many church members today. They have made a profession, they have been baptized and become identified with some church but their words betray them. Their villainess, or disobedience or even moral self sufficiency indicate an unchanged heart. The evidence of a real conversion is a changed life and wholesome conversation showing forth a confidence in the Saviour, Jesus Christ.

Program Stresses Fire Prevention

"Let's Make Every Day a Fire Prevention Day".

With that piece of timely advice, Tom Doan won a slogan contest at Novi school last Friday, sponsored by the Novi fire department as part of Fire Prevention Week.

Prizes went to 13 students, led by Tom, Rosemary Padgen and Charles VanEvery.

The winner received a radio from Novi Hardware, while all three of the top winners were given plaques by Mr. and Mrs. Owen Clevering.

In addition, scores of students received rings and firemen's hats for having their parents complete a fire inspection form showing they had checked their home for fire safety. The hats and rings were supplied by the Hartford Insurance company through its Plymouth agency.

The program also saw a demonstration of Novi's fire equipment for the students.

Last Thursday, Novi firemen journeyed to Plymouth for a spectacular Fire Prevention Week exhibition. Some 19 fire trucks, and scores of firemen took part.

Novi Justice Court Has Routine Night

A variety of routine cases were heard by Novi justice of the peace Robert Anderson in court last Thursday.

Ohmer W. Comb was fined \$35 and put on 30 days probation after

BeGole Appointed To Juvenile Office

Novi police chief Lee BeGole has been named to the policy-making executive board of the International Juvenile Officers Association.

The association, covering both U.S. and Canadian communities, also named Lieutenant Roger Vanderveen of the Plymouth police department and Sergeant Robert Baumgartner of the Livonia police department to the board at its meeting Wednesday.

Anderson found him guilty of driving without a license on a charge made in March, 1955. Comb said he had been in the army at the time, but later claimed his mother had forgotten to send in the money for the ticket.

Edmund F. Fleury was fined \$35 and put on one month probation for speeding after Anderson reduced the charge from reckless driving. William R. Culberson pleaded guilty to reckless driving charges and was fined \$35 and put on one month probation.

Leroy White was found guilty of speeding through an apple orchard and on 10 Mile road and was fined \$15.

Walter A. Schluter was fined a total of \$65 and placed on probation

There's Lots to Do at Nursery

Three mornings each week in Northville, some 30 youngsters enthusiastically troop into two playrooms loaded with toys, paints, games and brightly-colored books.

For the next two hours they have the run of the rooms with only enough supervision to insure that the walls don't accidentally get

painted or that a bumped elbow is promptly carressed.

The 30 youngsters make up the "student body" of the Northville Co-operative Nursery, a pioneer way of helping both pre-school children and their mothers find an answer to the eternal question of "What can I do, mommy?"

Now in its 13th year, the nursery has seen upwards of 300 Northville youngsters come and go. Many are now juniors and seniors in high school.

The nursery, conducted Monday, Wednesday and Friday mornings in the First Presbyterian church, depends for the most part on the child-

ren's mothers. They pay \$10 a month to send their children, and perhaps more importantly, they agree to take over as teacher one morning every three weeks.

In this way, four mothers are on hand each day to assist the two full-time professional teachers — Mrs. Ken Conley and Mrs. Fred Harit.

"I suppose it's an obligation to come down here once every few weeks," said one mother. "But I would call it an opportunity. You'd be surprised how much you learn about your own child from working with 30 of them at a time."

"A regular nursery would cost too much for our family," said another. "But with a group of mothers working together, we keep the cost down and yet have all the benefits 'ha' any nursery has."

The children are all three or four year olds — at the point where they are too young for school but too restless to sit around the house. The

nursery, with its wonderland of toys, games, music and story-telling periods, is just what they want.

And in the fall and spring, when the weather is good, they take trips to the zoo, have a picnic, or go for a nature hike.

The nursery has a capacity of only 32, but a surprising number of children actually enroll. A high turnover, brought on by vacations, enrollments in regular school and the like, is responsible for this. In the past few years, the nursery has even opened its doors to youngsters from Plymouth, Willowbrook Village and other locations.

It's easy to see why mothers are all for the nursery. But why, aside from the bright colors and endless variety of games and toys, do the children feel so much at home there?

"I suppose," said Mrs. Harit, "it's because the nursery is an easy first step in the world for them—a step in which mommy goes right along with them."

STRIKE — Mrs. Robert Yoder, taking her turn as teacher, coaches a group of young bowlers in the art of ten pins. Like most mothers, she finds the morning to be more fun than work.

MONKEYSHINES ON THE HIGH BAR — A gadget like this beats an old tree in the backyard anytime. Except for a rest period, story session and several other group activities, children have their choice of what to do. Left to right are: Martha Smythe, Martha Gazley, Cindy Coulter, Ande Anderson and Mike Hollobaugh.

The Coach's Corner

 by RON SCHIPPER
 Northville High School Football Coach

A baseball team to win must be "strong down the middle". Are there any positions which are more important than others in football? Why not drop-kick your extra points. Aren't place kicks too hard for high school players?

Sports Fan

First, the extra point: The extra point has played an important part in many football games, and we here at Northville have tasted both victory and defeat because of our success or failure in converting the point. To most football fans, the extra point seems simple. But those who study football know that it is tough because there are so many factors involved.

Why don't we drop-kick our extra points? Simply because we don't have anyone who can consistently kick the ball through the uprights. If we had one, we would use him. I am afraid the drop-kick is a lost art in this day, for it takes a tremendous amount of practice to become proficient at any part of the kicking game—especially the drop-kick—and often the time isn't available.

Now, the second question: The approach to the game of football today is so much more scientific than 20 years ago. Players today are no rougher or tougher but they must learn many more offensive and defensive maneuvers. In years past when a team used a single defensive pattern for an entire game a team had to have good strong tackles. I believe they were considered the key to a football team.

However, today the coaches adjust offensive and defensive formations to their material. If a team has good guards and tackles its offense will be set up so that they get maximum benefit from them. If a team has good receivers and a good passer the passing game should be exploited.

It is true, of course, that certain offensive formations require good men in key positions. A T-formation without a good QB will do little, nor will a single-wing without a good tailback. Certain defensive alignments require good linebackers while others may give stress to their defensive ends.

But in general, all players are key players.

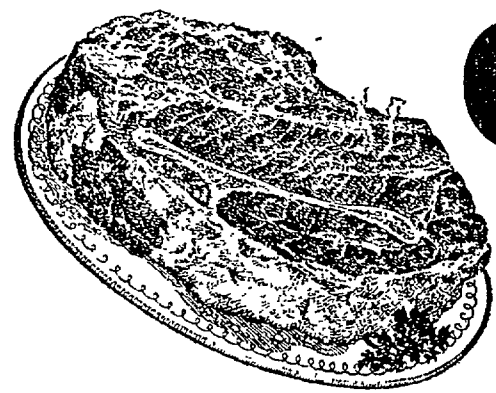

LITTLE LEAGUE'S BEST — Dennis Marshall, who batted .530 and had a 6-3 record on the mound for the Young Door Tigers, receives the Novi Little League's first "most valuable player" award from Gordon Promo at the league's awards banquet last Saturday. Officials reported that Little League play cost \$1,282 this summer. Sponsoring firms — Young Door, Paragon Construction, National Bank of Detroit and Fiberglas — contributed \$1,040, with the rest coming from private donations.

Flu Threatens W-O Schedules

The current flu epidemic double-crossed the Northville Mustangs last Friday night and threatened to put the Wayne-Oakland league into a spin if it continues.

Though only one league game — the Northville-Clarenceville event — has been cancelled so far, the possibility of future cancellations brought concern to league officials.

Northville principal E. V. Ellison said the league board of control will meet today to discuss the rescheduling problem.

"As long as no team has to make up more than one game, we'll be alright," he said. "But since we can play only once every five days, it would be difficult to squeeze in additional rescheduled games before basketball season opens the first week of December."

The Mustangs were idled at the last minute Friday when Clarenceville officials notified Northville that the school's doctor had declared the team unfit for action.

Only 18 of the Trojans 25-man squad was in shape.

Other Wayne-Oakland teams were struck by flu but went ahead with their games. Clarkston, for example, had only nine players out for practice last Monday and started a weakened 16-man squad against West Bloomfield.

Northville itself was hit by flu, with six players out of action. But coach Ron Schipper was nevertheless anxious to get the game in the record book.

"It's a bad break for us," he said. "Almost anything can happen between now and the makeup game. If we lose a key player or two, it could cost us the game and possibly a crack at the championship."

Schipper put the evening to good use, however, by scouting the Milford-Holly game. When one game official failed to show up, Schipper took over as head linesman and got an unsurpassed view of the two teams for three quarters.

The Northville-Clarenceville game has been tentatively rescheduled for November 20 — a Wednesday night. November 21 and 22 are out because of the Northville senior play both evenings.

Northville Moves Into First Place As Milford Bows

The idle Northville Mustangs backed into first place in the Wayne-Oakland league Friday when Holly upset flu-weakened Milford 21-6, to bump the Redskins from the top of the standings.

The flu took still another victim when Clarkston playing at half-strength, was bombarded by a winless West Bloomfield squad, 33-6.

Northville, with only one league game under its belt, took over first place with its 1-0 record and got a strong boost toward another league title from the Milford loss.

Milford led Holly in the first quarter, but Holly bounced back to outplay the Redskins for the final three quarters.

Clarkston likewise led West Bloomfield momentarily, but the Lakers soon found the flu-riddled Wolf team an easy opponent.

Brighton, venturing outside the conference, found the going rough and was trounced by Romeo, 29-6. Bloomfield Hills was not scheduled.

The standings:

NORTHVILLE	1 0 0
Holly	2 0 1
Milford	3 1 0
Brighton	2 1 0
West Bloomfield	1 1 1
Bloomfield Hills	1 2 0
Clarkston	1 2 0
Clarenceville	0 3 0

Jean Downer Wins Football Contest With "Own System"

Ten-year-old Jean Downer showed the football prognosticators how to "pick-the-winners" this week. And at the same time she revealed her "system."

Ticked over winning top prize of \$10, Jean said she "got some help" from her mother, but picked most of the teams because she "liked the sound of their names."

Jean didn't miss a game. Neither did six other entries, but Jean's prediction of the Lions-Rams professional game score was closest to the outcome.

Second prize of \$5 went to 13-year-old G. Philip Jerome, who doesn't play much football, but is a "good sideline coach."

Others who turned in all-correct entries were David Hay, J. Bine Leavenworth, Earl Ryder, David Nash and Bob Grady.

The contest judge promises that this week's selections will be more difficult. "There's sure to be some upsets," he predicts. But he's refrained from giving any inside tips.

BEEF FOR BEEF TRUST — The Northville Mustangs and their coaching staff were treated to a 40-pound quarter of roast beef last week by Mr. and Mrs. Eldon Biery and Mr. and Mrs. Allen Buckley, whose sons are among the Mustang standouts. Here (left to right) Biery and Buckley load up the plates of the three biggest Mustangs — Jeff Goodrich (240), Harry Sedan (215) and N. C. Schrader (210).

Hunters Set for Small Game

Michigan's 1957 small game hunting activity gets into full swing Monday when the major seasons open in the southern lower peninsula.

Starting at 10 a.m., thousands of hunters will be affixed with pheasants, rabbits and squirrels as the principal targets.

Some 750,000 nimrods will be active this year in various small game seasons, including waterfowl and grouse hunters who got their first action October 1.

Pheasants will be the most popular game in southern Michigan farming country and hunters should find another good crop of ringnecks.

A hunter bag in excess of 1,000,000 pheasants is predicted for the Octo-

ber 21-November 10 season in the lower peninsula. Last year, the take was 1,126,000 birds — the fourth consecutive year the million mark was reached.

Bag limits of two pheasants per day, four in possession and eight for the season are unchanged from last year.

Rabbit hunters in the southern lower peninsula will open their October 21-March 1 season with prospects of a good bunny crop. Last year, cottontail hunters throughout the state bagged 1,487,000 rabbits. The rabbit season opened October

1 in northern lower peninsula and in the U.P.

Squirrel hunting also got underway October 1 in northern parts of the state, with an October 21 opener slated for the southern lower peninsula. This season closes Nov. 10.

A new weapons transport law stipulates that a gun — rifle or shotgun — must be enclosed in a fastened case of disassembled or stowed in the closed trunk of a car whenever transported in a motor vehicle. The new regulation also applies to bows and arrows.

Walled Lake Loses Second in a Row

Bad breaks and a plucky Farmington crew cost Walled Lake its second straight loss of the season Friday as the Vikings were outlasted, 12-6.

The defending champions of the Inter-Lake league saw two scoring opportunities go for naught when a 67-yard run was nullified by a penalty and a fumble on the Farmington 2 took the ball from them.

Walled Lake scored first, but Farmington quickly tied it up and then went ahead for keeps.

ACHILLES' HEEL

Through the marvelous working of the Holy Spirit every true Christian is a new creature. Because he has repented of sin and accepted the pardon of sin by faith in Christ, "old things are passed away" and "all things are become new" (2 Cor. 5:17).

This does not mean that the Christian has reached a state of perfection and may now relax his vigilance against temptation and sin.

In Homer's Iliad we read of Achilles, the great hero of the Trojan war. As the myth goes, he was dipped, while yet a child, in the waters of the river Styx by his mother in order to make him invulnerable. The result of that plunge was that every spot of Achilles' body received protection against wounds with the exception of the heel by which his mother had held him and which had not been submerged. For many years Achilles escaped unhurt, but at last the poisoned arrow of the Trojan Paris found the weak spot and inflicted the death wound there.

So the devil tempts Christians where they are the weakest. Having found their per in-

clinations, passions and desires, he attacks them at their weak spots and is unusually successful.

What was the disciple Peter's weakness? Overconfidence in his own strength. This induced him to flirt with temptation at the very time that our blessed Savior was unjustly accused and condemned in the high priest's palace at Jerusalem. The result was that Peter denied his Lord three times, yes, cursed and swore that he knew not the Man. The fiery dart of the wicked one had inflicted a wound that almost proved fatal. Only by the grace of the loving Savior was Peter again brought to repentance.

Let each one ask himself what his particular weak spot is—disinterest in hearing the Word of God, a quick temper, conceit, selfishness, the desire to overindulge, carnal lust?

In order to overcome and to obtain the final victory, it is necessary that the Christian not only in general be sober and vigilant, but that he above all guard against the weaknesses of his nature.

Remember Achilles' heel.

REPORT ON MRS. FDR'S ADDRESS

To the editor:

As two local women in an audience of more than 1,500 which attended the first Redford township "Town Hall" lecture of the winter at Thurston high school recently, we found Mrs. Eleanor Roosevelt's address on "Is America Facing World Leadership?", very interesting and told in a very gracious manner by a very gracious lady.

Mrs. Roosevelt was greeted with a standing ovation and thunderous applause befitting a woman of her stature in the world.

She traced American history from 50 years ago to the present, stating that the United States, because of its position and responsibilities as the primary world leader, is now the hope of scores of smaller countries.

Mrs. Roosevelt told of her three and a half weeks in Russia, for which she took her own interpreter so as to get a true picture of Russia. She told of what the Soviet Union does for its mothers and children—and what the state expects in return (most of which we wouldn't like at all).

She told of 30 Russian women leaders who had tried for several years to come to the U.S. but who have been refused permission by our own country. Her opinion was the U.S. McCarran-Walter Immigration Act is our own Iron Curtain more binding than even the Russian Iron Curtain. She urged that we write our congressmen to break down this barrier between us and Russia.

How else, she asked, can they understand our ideas? They have no way to hear or learn that we are not war-mongers, as they are taught to believe. If we allowed a few people in and carried on a student exchange program as we have with other countries, in time they would come to know the truth.

She added that even if Russia would not allow her people to come here, it would do no harm to invite them.

Mr. Gromeyko told her that in 15 years they will have caught up with us. Mrs. Roosevelt said that we must now work extra hard just to keep even a little ahead of them.

Mrs. Roosevelt said she hadn't noticed until she left the country that she had never seen anyone laugh during her entire three-and-a-half week stay.

Mrs. H. G. and Mrs. L. R.

Novi Baptist Church Plans Movie Sunday

"Seventeen"—a full-length movie especially produced for teen-age audiences—will be shown at the Novi Baptist church Sunday evening.

The movie, to begin at 7:30 p.m., centers around several high school students, their problems and how they conquer them.

"Every high school student in America—and every parent—should see 'Seventeen,'" said a member of the Novi Lamplighters, the church's youth fellowship.

ELECTION NOTICE

To the Qualified Electors of the County of Wayne, State of Michigan:

NOTICE IS HEREBY GIVEN THAT AT A SPECIAL ELECTION TO BE HELD IN SAID COUNTY-OF WAYNE, STATE OF MICHIGAN, IN THE REGULAR VOTING PLACE IN EACH ELECTION PRECINCT IN EACH CITY AND TOWNSHIP IN THE COUNTY OF WAYNE, STATE OF MICHIGAN, ON TUESDAY, THE 5TH DAY OF NOVEMBER, 1957, BETWEEN THE HOURS OF 7:00 O'CLOCK A.M. AND 8:00 O'CLOCK P.M., EASTERN STANDARD TIME, THE FOLLOWING PROPOSITIONS WILL BE SUBMITTED TO THE ELECTORS OF SAID COUNTY:

I. PORT OF DETROIT BONDING PROPOSITION

Shall the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, State of Michigan, borrow the sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars and issue its general obligation bonds therefor for the purpose of acquiring sites and constructing necessary port improvements in said district?

II. TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased as provided by Section 21, Article X of the Michigan Constitution, by sixteen one-hundredths (16/100) of one (1) mill (.16¢ on each \$1,000.00) on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of sixteen (16) years, from 1958 to 1973, both inclusive, for the sole purpose of providing funds to pay principal and interest on bonds to be issued by the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, in the aggregate principal sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars, if authorized by the qualified electors, for the purpose of acquiring sites and constructing necessary port improvements in said district?

Only properly registered electors who have property assessed for taxes within the County of Wayne, or the lawful husband or wife of such persons are entitled to vote on the bonding proposition.

All properly registered electors may vote on the tax-rate limitation increase proposition.

These propositions are being submitted in accordance with the following resolution adopted by the Board of Supervisors of said County on the 16th day of September, 1957, by the requisite three-fifths (3/5) vote:

RESOLUTION OF BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE

WHEREAS, the Port Commission of the Port of Detroit, a port district co-terminus with the County of Wayne, State of Michigan, established pursuant to the provisions of Act 234, Public Acts of 1925, as amended, has, pursuant to the provisions of Act 234, Public Acts of 1925, as amended, approved a comprehensive port development plan after the requisite public hearing thereon, and by resolution adopted on September 3, 1957, provided for the borrowing of the sum of not exceeding Thirteen Million Five Hundred Thousand (\$13,500,000.00) Dollars for the purpose of acquiring the land and properties and constructing the various port facilities encompassed within said plan, subject, however, to the approval of the Board of Supervisors of Wayne County and a three-fifth (3/5) majority of the qualified electors of the County of Wayne voting thereon at a general election or special election called for such purpose, as required by the provisions of said law;

AND WHEREAS, pursuant to the provisions of the above law, said resolution has been duly certified to this Board for its approval thereof and for the necessary procedures to submit the bonding proposition to vote of the qualified electors of the County of Wayne, being the municipal corporation comprising the Port District;

AND WHEREAS, extensive meetings and discussions relative to said comprehensive port development plan have been held with the Port Commission and the Port Committee and Ways and Means Committee of the Board of Supervisors of the County of Wayne, as a result of which it is the determination of the Board of Supervisors that said plan should be approved, but that only that portion of the lands and properties embraced in said plan within the following description should presently be acquired, constructed and financed by the issuance of bonds, to wit:

LAND ACQUISITION

All that area in the City of Detroit bounded on the westerly side by the easterly line of Private Claim 563, which line is 150 feet, more or less, west of the westerly line of Scotten Avenue extended southerly to the U.S. Harbor Line; bounded on the north by the southerly line of the Chesapeake and Ohio Railway-Wabash Railroad right-of-way; on the east by the westerly line of the Evening News Association property and the northwesterly line of present West Jefferson Avenue and the westerly line of West Grand Boulevard at its intersection with said railroad right-of-way; and bounded on the south by the U.S. Harbor Line.

PORT FACILITIES

1. Office space or building, approximately 15,000 sq. ft., of office and service space;
2. Two (2) transit sheds of appropriate design and construction, each 160'x360', more or less;
3. Grading and paving of approximately 202,900 sq. ft. of operating area for cargo and vehicle handling and/or storage;
4. Suitable and adequate trackage for rail car handling, including double trackage at wharf side and platform side of transit sheds;
5. Appropriate quay type wharf and a wharf facing of approximately 1,105' having a depth of water 27½' and wharf apron area of approximately 66,300 sq. ft.;
6. And such other work of light construction and technical nature as may be required;

the balance of the land, properties, and port facilities specified in said plan to be left for future determination as to acquisition, construction and financing thereof;

AND WHEREAS, the estimate of cost of the acquisition of the lands and properties within the above designated area, and the acquisition of the port facilities specified for said area has been estimated by Harley, Ellington and Day, Inc., architects and engineers, of Detroit, Michigan, to be Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars;

AND WHEREAS, the Port Commission of the Port of Detroit has concurred in the program herein set forth, which is a revision of its original immediate acquisition program as outlined in its resolution adopted September 3, 1957, and duly certified to the Board of Supervisors;

AND WHEREAS, the Port Commission has submitted to the Common Council of the City of Detroit, the legislative body thereof, said comprehensive port development plan, all of the area and territory embodied in said plan being located within the corporate limits of the City of Detroit, and said Common Council, by resolution, has approved said plan, all in accordance with the provisions of Section 30 of Act 234, Public Acts of 1925, as amended;

AND WHEREAS, because of uncertainties under the law as to whether the Port District is an agency of the county and thus is limited in its taxing ability for the payment of bonds by the limitations expressed in Section 21, Article X of the Michigan Constitution, or is an independent municipal corporation having a charter tax rate limitation, and thus is not subject to the limitations of said constitutional amendment under the decisions of the Michigan Supreme Court, this Board feels that it is necessary in order to provide for all eventualities to submit to the qualified electors in a separate ballot, or as a separate proposition on voting machines, a proposition providing for an increase in the constitutional tax rate limitation as authorized by said Section 21, Article X of the Michigan Constitution in an amount sufficient to provide for the payment of the principal and interest on said bonds over a maximum fifteen (15) year period;

AND WHEREAS, this Board determines that the procedures for said special election should be as provided in the so-called "County Public Improvement Act", being Act 118, Public Acts of 1923, as amended, there being no procedure specified in detail in Act 234, Public Acts of 1925, as amended, which procedures will also comply with the provisions of the general election law of the State and will provide complete notice and opportunity for the qualified electors of the County to register and vote on the propositions to be submitted;

AND WHEREAS, it is the intent and purpose of this Board and the Port of Detroit Commission, if the bonding proposition is approved by the requisite majority of qualified electors of the County of Wayne to devote the net revenues from the operation of the port facilities to the retirement of the bonded indebtedness, thus reducing the amount of taxes necessary to be levied for the payment of said indebtedness to that extent:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE THAT:

1. The comprehensive port development plan as proposed by the Port of Detroit Commission and approved by it by resolution is hereby approved.
2. The issuance of general obligation bonds in the amount of Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars for the acquisition of the lands, properties and facilities outlined in the preamble of this resolution, as a part of said comprehensive port plan, be approved.
3. There be submitted to the qualified electors of the County of Wayne, State of Michigan, at a special election herein called to be held in said County, being the municipality whose boundaries are co-terminus with the Port of Detroit, a port district existing under the provisions of Act 234, Public Acts of 1925, as amended, on Tuesday, November 5, 1957, that being the date of the general city election in the City of Detroit in said County, the following separate propositions:

PORT OF DETROIT BONDING PROPOSITION

Shall the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, State of Michigan, borrow the sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars and issue its general obligation bonds therefor for the purpose of acquiring sites and constructing necessary port improvements in said district?

TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased as provided by Section 21, Article X of the Michigan Constitution, by sixteen one-hundredths (16/100) of one (1) mill (.16¢ on each \$1,000.00) on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of sixteen (16) years, from 1958 to 1973, both inclusive, for the sole purpose of providing funds to pay principal and interest on bonds to be issued by the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, in the aggregate principal sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars, if authorized by the qualified electors, for the purpose of acquiring sites and constructing necessary port improvements in said district?

4. Said propositions shall be stated as separate propositions on the voting machines or on separate ballots to be prepared and distributed by the County in the manner provided by law, which statement on the voting machines and ballot shall state the propositions in the form set forth in the preceding paragraph.

5. All public officials of the County of Wayne, State of Michigan, and all municipal units thereof, within such time as shall be required by law, be and they hereby are directed to do and perform all acts and things which shall be necessary to be done or performed in order to submit the foregoing propositions to the electors of said County at such special election to be held on Tuesday, November 5, 1957.

A three-fifths (3/5) majority of the members-elect of the Board of Supervisors of the County of Wayne, Michigan, having voted in favor of the adoption of the foregoing resolution, the Chairman thereupon declared that said resolution was duly adopted.

News of Northville High School

MOOD MUSIC is broadcast over a Howell radio station each Sunday afternoon by Northville high school students Richard Drew and Betsie Merriam. The show is titled "Latin Mood" and brings listeners the soft rhythms of piano and bongo drums.

Students Play on Howell Radio

Two Northville teen-agers are in the airways with their own radio show, "Latin Mood".

Dick Drew plays the piano and Betsie Merriam accompanies him on the bongo drums to accentuate the mood of their program.

They have been given a half hour spot on Station WHMI of Howell and are presently being sponsored by Parmenter's Cider Mill of Northville.

In their initial show they played from 3:45 until 4:15 Sunday afternoon and will continue each Sunday. WHMI broadcasts on 1350 kilocycles.

Dick, a junior in Northville high school, plays the piano, clarinet and bass drum in the different combinations of the high school band.

Betsie, a senior, plays French horn and percussion in the high school band and also plays French horn in the Ann Arbor Youth Symphony, sponsored by the University of Michigan.

Both Betsie and Dick hope to make musical careers their life work.

Requests from anyone who enjoys piano music with a South American accent may be sent to "Betsie and Dick", Station WHMI, Howell.

League Council Meets in Bloomfield

Last Thursday evening the Wayne-Oakland student council was held at Bloomfield Hills high school.

The Northville council sent Dick Stuber, Elsa Couse, Ray Dahl, Dave Nash and Bob Bradshaw as representatives to this meeting.

League student council meetings are held for the purpose of discussing problems in the schools.

Ellison Tours Edsel Ford High

A tour inspection of Edsel Ford high school was made by high school principal Elroy Ellison Thursday, October 10.

Mr. Ellison's main purpose was to inspect the school's eating facilities and business education program.

Schools to be Closed For Teacher's Conference

All Northville schools will be closed Thursday and Friday of next week, October 24 and 25, to permit teachers to attend the annual regional conference of the Michigan Education Association.

Schools will be closed in all communities of Wayne county outside of Detroit for the conference.

Miss Diana Lance, mathematics teacher at Northville high school, will be chairman of one of several group meetings to be held Friday in Grosse Pointe high school auditorium.

Featured speakers at the opening session will include A. J. Brendel, president of the Michigan Education association, Donald J. Leu, deputy

superintendent of public instruction, and Andrew D. Holt, vice president of the University of Tennessee in Knoxville.

Seniors Begin Plans For Graduation Trip

Jim Hammond met with Mr. Banister and Mr. Phillips on October 10 to discuss the senior trip. They will decide which of the two trips to take and fix the date.

Senior proofs were returned Monday, October 14. Seniors made their decisions on pictures they wanted out of five or six proofs. Spellman Studios also took pictures of the junior high, junior varsity and senior high varsity football players.

College Night Is October 30

Juniors and seniors should make plans now to attend College Night. It will be October 30 and will be held at Walled Lake high school.

Students and parents will have a chance to meet and talk with representatives from 36 colleges, universities, nursing schools, armed forces organizations and selective service officials.

The purpose of college night is to help students and parents with the problem of selecting the right school, college or training after high school.

More details will be published next week.

WALLED LAKE, MICHIGAN

SPEAKING

for the Record

By BILL SLIGER

Wayne county voters will go to the polls November 5 to authorize the Port of Detroit Commission to construct a modern two-berth terminal on the Detroit River and to provide the \$9,500,000 that it will require. Three-fifths of the voters must say "Yes" to approve the project. Because of its tremendous importance to the economy of the whole state, we're reprinting here a release received from the Port of Detroit Commission that explains the purpose and possibilities of the project.

* * *

At a cost of over a billion dollars, the governments of Canada and the United States are deepening the St. Lawrence Seaway to 27 feet in order to permit the passage into the Great Lakes of large ocean-going vessels. At present the prevailing depth of the Seaway is 14 feet.

The smaller ships now calling at the Port of Detroit have a capacity of 1,500 tons. In 1959, ships of up to 10,000 tons will be in the Detroit River looking for berthing space.

A recent nationwide survey showed that for each ton of cargo which enters or leaves a community through its port, the sum of \$12.50 enters the economy. It is further known that each dollar which enters the community directly generates two additional dollars.

So, in 1956, when the Port of Detroit, with just the small ocean ships calling, handled 92,000 tons of foreign cargo, more than \$3,000,000 entered our economy.

Conservative estimates place the amount of tonnage that Detroit will handle, in 1959, if adequate facilities are provided, at 350,000. This figure will increase gradually to reach 1,300,000 by 1965. At that time Greater Detroit's port will mean an annual income to Wayne county of more than \$10,000,000.

In addition, the port will mean lower prices to the housewives because of the saving to stores and industries on transportation costs. It will mean thousands of more jobs and higher payrolls.

The future of Detroit and Wayne county is linked to the St. Lawrence Seaway and the Port of Detroit. In a community that is plagued by industrial removals, the port is the obvious answer.

The proposals of the Port of Detroit Commission are to construct two berths for the larger ocean vessels on a site just west of West Grand Boulevard on the river.

Along with the berths, the commission proposes to construct the most modern transit sheds and cargo-handling facilities in the country. The facility will be public, owned by the people of Wayne county, but operated by private business on lease from the commission.

Billions for Highways

MICHIGAN'S ECONOMY is linked to its highways.

Industry and business — the bread and butter of the state's economic life — rely heavily on mobility. Highways link Michigan's vacation spots with its customers.

The immediate future of Michigan's highway building program has been charted.

Highway Commissioner John C. Mackie said he would commit \$1,225,000,000 of state, Federal and local funds to a network of super-highways criss-crossing the state by 1962.

Then will start a second five-year program, then a third. In the next 25 years, roadbuilders expect to make a sizeable dent in the \$7,000,000,000 program now needed.

What it means to all phases of life in Michigan can be described in Mackie's own words:

"The five-year program will link all major cities over 50,000 in population and place all counties and county seats within 30 miles of a superhighway."

He said most of the spending will be done in the most populous areas, serving 90 per cent of the state's industry, 95 per cent of the state's agricultural areas and tourist business.

"It will go deep into the heart of the state's tourist and resort areas," he said.

What Mackie's statements mean to the state advertised as the "Water Wonderland" can be measured in the \$600,000,000 left in the state by tourists last season.

First maps of Mackie's five-year plan show a superhighway up the center of Michigan to the new Mackinac Straits Bridge and another route from Detroit to Chicago.

A third major development will be a superhighway running from Detroit through Lansing to Grand Rapids and on to Muskegon.

The plan looks like a tree with the main trunk running up the center of the state, with major connections making it easily accessible to all other sections of the state.

Mackie placed priorities on each major section to be constructed, eliminating the chances of a hit and miss construction schedule.

He plans to provide bigger contracts in an effort to speed road-building.

Concrete suppliers already have told Mackie that there will be enough to meet the schedule if they are adequately informed of the needs.

Mackie said he would make greater use of pre-stressed concrete beams for the construction of bridges and grade separations, a relatively new technique that is faster than the use of steel.

He estimated that the five-year program of planning can be constructed in six and a half years.

One of the more compelling reasons for speed in the program is the scheduled opening Nov. 1 of the Mackinac Straits Bridge.

The bridge, financed under a \$100,000,000 bond issue, will need traffic to retire the bonds.

One traffic expert two years ago said the existing highways leading to the bridge could not possibly carry enough traffic to make the bridge financing possible.

That's why the top priority goes for the main route to the Straits.

POLITICAL breezes are stirring during the off-year with the bigger storms due next spring and fall.

Republicans are still looking for a party candidate for governor and are organizing to help re-elect Senator Potter in the face of rugged competition from the Democrats.

Democrats are working to make further inroads on the Republican majority in the legislature and already have had a two-day door-bell-ringing financial campaign around the state.

While no one has said so specifically, Lt. Gov. Philip A. Hart is the best bet to go against Potter with Gov. Williams expected to seek his sixth consecutive term.

The only Republican to come close to announcing his candidacy to go against Williams is Rep. George Sallade (R-Ann Arbor), a young Turk leader in the House who would like more party backing.

"You can call me a probable candidate in the primary," he said.

Sputnik to Boost U.S. Business Next Year

Babson Park, Mass. — During most of this year business has shown basic stability, despite the readjustments which many industries have encountered and with which some are still having to contend. The total Physical Volume of Business is currently only a trifle below the high range of recent months, and is just a few percentage points lower than the first quarter peak for the year to date.

During the summer, many businesses have been drawn downward because of seasonal influences such as hot weather and vacation absences. Therefore, I expect business during coming months to be moderately upward, helped by the Russian Satellite.

However, the improvement depends also upon basic consumer attitudes, which can change from day to day. Recent surveys on consumer behavior and attitudes indicate that buyers are becoming more price-conscious and more selective. Nevertheless, manufacturers are hopeful that their plans and output schedules for coming months will tally closely with the purchasing plans of consumers, which are still continuing upward.

THE AUTO OUTLOOK

The automobile industry is a bellwether of forthcoming trends. Dealers' stocks are currently near 600,000 — most of them 1957 cars, with only a sprinkling of 1958 models. Thus far, there has been little apprehension regarding the size of automobile inventories, and dealers are hopeful that October sales will at least approach those of a year ago.

The slight degree of optimism among automobile makers is helping to buoy the steel industry, which continues to hope for a strengthening of orders. Though such orders have been coming in gradually, nearby weeks may see a greater rush as the remainder of the plants change over to the production of 1958 cars. Appliance makers are

also proceeding cautiously with respect to orders since sales have been disappointing so far this year. However, as inventories in these lines register declines, factory output should gradually trend up.

CONSTRUCTION INDUSTRY

Another major steel user, the construction industry, appears to have been taking a breather, although the latest month's figures show a more-than-seasonal rise after the disappointing earlier weeks. Work stoppages in the cement industry caused shortages of concrete products in some sectors. There are, however, more basic reasons for the slower pace in building, such as scarcity of money and the partial fulfillment of demand for housing. Sustaining "strength," however, should be evident in public works, utilities and road building.

Beyond the conundrum of what the consumer is going to do with his income, some consumer-expenditure plans are already being affected by lower expenditures by the Defense Department. Military cutbacks are beginning to affect whole communities which are largely dependent

upon government contracts, such as aircraft workers and others employed in these towns dependent upon military payrolls. The Russian Satellite may, however, change all this.

WHAT ABOUT EMPLOYMENT?

Those who are laid off will be less eager to spend and will hesitate to go further into debt; while those who remain on the payroll may become more cautious about spending. On the other hand, due to the long period of boom, the average consumer has become accustomed to an increasingly higher standard of living. And it is far harder to adjust one's tastes downward than to raise them upward.

Higher wages are partly responsible for the continued rise in personal incomes. However, these increases in pay rates are a cause for concern to producers, since they add to the cost of doing business. Coupled with lower sales in certain lines, they further squeeze profits.

CONCLUSIONS

All in all, coming months should show a modest improvement over the lows of the summer months. But the degree of improvement is
