

Hospital Seeks Help in Work Therapy Program

"Work helped me get well and return to my family. I want to thank you for getting me the job, and the employer in Northville for hiring me. Because of this job, I proved to myself that I could work again."

This is a quotation from a letter received recently from a former patient who was discharged from Northville State hospital and is now holding a steady job in his community. He was one of 156 patients who were employed part-time last year in Northville and other nearby communities as part of a new work therapy program at the hospital.

"Patients who have work assignments along with other treatments and chemo-therapy are much more contented and recover more rapidly than if left to themselves to brood and meditate about their illnesses for long periods of time," said Donald Royal, director of the work therapy office.

Prior to the work therapy program, some patients had the freedom of the building or the grounds, but were inclined to wander aimlessly and seclude themselves in isolated areas to dream and retire into a fantasy world.

Now, however, patients take part in the work therapy program, gaining both personal gratification and therapeutic benefits.

But before he leaves the hospital for outside work, each patient goes through a series of stages designed to prepare him for eventual employment at a worthwhile job in a nearby community.

First he has a no-privilege job, and is escorted to and

from his work in the hospital. Then he may have a job which gives him freedom of the building. Finally, he is given a job on the grounds and may go from one building to another without an escort.

During this time, patients often are assigned to the same type of work they did before entering the hospital.

Other patients are given jobs for specific therapeutic reasons. And still others receive on-the-job training in short-hand, typing, sewing machine operation, food operation or blue print reading.

As the patient completes his training — and if his physician feels he can be helped by working and association outside the hospital — the patient is assigned to the day work program.

This is a therapeutic plan through which patients work in private homes or at commercial or industrial jobs during the day. They may mow lawns, wash windows, do housework, iron, clerk in a store, wash cars in a garage, work in a restaurant, or do office work.

"Patients are paid by their employers, but since it is a part of their therapy, their wage is less than a tradesman would receive," said Royal.

Their earnings are deposited in a hospital account for their own use, and the hospital does not receive any of it.

"Many of our patients have had assignments on day work, and through these contacts have been able to leave the hospital and continue working at the same job," Royal said.

The office of vocational rehabilitation also arranges on-the-job training opportunities in the community. The employer pays the trainee a modest wage, and in turn receives a financial reimbursement from the office for the instruction given.

These programs provide "break in" periods for waitresses, janitors, chambermaids, counter girls, sales clerks, gasoline station attendants, dish washers, mechanics, assemblers, farm hands and hundreds of other occupations.

At the present time, the office of Vocational Rehabilitation is able to answer the employment needs of local agriculture, business and industry through this broad and flexible program.

During the past year, patients have worked in Northville, Plymouth, Livonia, Novi, Walled Lake, Farmington, Detroit, South Lyon, Salem and Belleville. Some 156 patients were employed by 121 patient employers, and the total earnings for the year were \$3,982.29.

Now there are 44 different employers and 34 different patients in this program, with many more patients available for clerical work, lawn care, housework, clerking in stores, carwashing and farm work.

Of the 156 patients, 51 have left the hospital and are holding steady jobs in the community.

"Anyone interested in employing a patient may get full details at the hospital's work therapy office," said Royal. "Without the help of Northville and other communities, the program couldn't succeed."

Northville to Pay Tribute To Its Youth Next Week

Northville will salute its younger generation next week in the first International Youth Appreciation Week.

The week-long tribute will be sponsored by the Northville Optimists as part of an Optimist International program in five countries.

"Youth Appreciation Week," said Optimist chairman Dempsey Ebert, "is designed to show our realization that 95 percent of the nation's and city's youth are making a valuable contribution and will someday take their place as good citizens of their communities."

Northville churches will join in the observance with sermons and special programs for their youth.

Next week, The Record will pay tribute to several of Northville's young men and women whose deeds have gone unsung. Though only a few cases can be cited, they will be symbolic of the accomplishments of the city's youth.

Posters reminding the city of Youth Appreciation Week will be posted in downtown stores.

Highlight of the week for the youngsters themselves will be a dance at the Northville community building. Ebert hopes to have a recording or radio personality on hand. Exact date of the dance will be announced next Thursday.

Commenting further on Youth Appreciation Week, Ebert noted that the average youngster "who does a good job growing up" is seldom given recognition. Instead, the younger generation is usually typified by the delinquent, whose troubles hit the front pages.

Though they represent only five percent of the nation's youth, they tend to discredit all youth, he said.

Amerman Addition Opening Delayed

Hopes for moving into the Amerman elementary school addition dimmed this week as builders met delays.

Building officials told superintendent of schools Russell Amerman this week that it will be November 21 before the building is ready for occupancy.

School officials had hoped to move equipment into the school next week, students and teachers moving in the following week.

Have a Look At the '58s

It's already 1958 as far as the nation's automobile manufacturers are concerned.

Within the next week or two, most 1958 models will be unveiled and displayed in showrooms throughout the country.

But for an advanced look at the new models, you have only to turn to page 17. There you'll find many of the 1958 cars along with the date and place at which they may be seen locally.

Novi Incorporation Faces Straw Vote

A straw ballot of Novi's sympathies on the question of village incorporation will be conducted soon by a group opposing the incorporation move.

Herbert Koester, chairman of the Novi Township Farmers and Landowners Protective association, said his group will use the results to determine whether to continue its opposition.

The ballots will be published in The Novi News as a public service.

Meanwhile, Novi incorporation officials soon will complete a census of the proposed village. They will then file census forms and petitions with the county and wait for an election to be scheduled.

The petitions, now complete, call for all of Novi township to be incorporated except Wixom and an area north of Northville. Northville Estates subdivision is included in the proposed boundaries, despite strong opposition within the subdivision.

THE QUEENS — Northville high school students were faced with an impossible choice last week and did the only thing they could — named Priscilla Hilton (left) and Betsy Merriam as co-queens of the 1957 Northville homecoming. For other pictures and stories of homecoming activities, see pages 4 and 14.

'58 Plates on Sale Here Tomorrow

Automobile license plates for 1958 may be purchased by Northville car owners beginning tomorrow, November 1 from John Litsenberger at his service station, 340 North Center street.

Plates for 1958 will have a grey background with black lettering. Litsenberger pointed out the three following changes in license laws —

— Plates now stay with the purchaser for the entire year. If another car is not purchased when the first is sold, plates must be turned in.

— Special 48-hour permits are now available for moving unlicensed mobile homes within state boundaries. The fee is \$2.

— The cost for plates for pickup trucks (not panel trucks) weighing 4,000 pounds and under will be 50 cents per 100 pounds.

Mustangs to End Their Home Stand

The Northville Mustangs will end a three-game home stand tomorrow night when they take on an off-again-on-again Clarkston team at Ford Field.

The Mustangs will be attempting to snap out of momentary loss of precision that nearly cost them a win over Milford last Friday night.

The Wolves, though winning only one league game this season, are figured as a potential spoiler in Wayne-Oakland play this year.

Clarkston, hit by flu, dropped a 33-6 decision to West Bloomfield three weeks ago but came back to challenge powerful Holly, 20-7, the next week. The Wolves also racked up a 20-0 win over Bloomfield Hills.

Last year, Northville whitewashed Clarkston, 24-0, and the Wolves are certain to seek revenge.

Next week, Northville takes on second-place Holly in the showdown game of the year.

Kickoff time tomorrow night at Ford Field is 8 p.m.

Issues of Tuesday's Port Vote

Wayne county voters will go to the polls next Tuesday to vote on two proposals. The first requires a three-fifths majority to pass. It would allow the county to spend the \$9 1/2 million to construct a marine terminal in Detroit. The second proposal allows a 10c increase per \$1000 of assessed valuation to pay off the bond issue. Only taxpayers and their wives may vote on proposal one, while all registered voters can vote on the second proposal that requires a simple majority to pass.

Recently the Greater Detroit Board of Commerce took a stand opposing the port construction. To acquaint readers with both sides of the issue The Record is publishing arguments for and against the project as presented by the Port of Detroit Commission and Walter L. Couse, Northville resident who is vice president of the Detroit Board of Commerce.

precincts one and two is the Community Center, while township residents in precinct one vote in the kindergarten room of the Northville grade school and precinct two at the Township Hall on Franklin road.

Port of Detroit Commission Briefly, the proposals raise the limit of taxation by the insignificant sum of 16 one-hundredths of one mill, or 16 cents on a thousand dollars of assessed valuation, and authorize our county government's port commission to spend \$9,500,000 to construct a public marine terminal.

Foreign trade, particularly the cargo that leaves and arrives through a port, is a highly profitable activity in a community. A recent nation-wide survey established that \$12.50 enters the coffers of a community for each ton of cargo handled through its port. Each of these dollars generates two additional dollars, economists tell us, so it is easy to see that a port that handles hun-

dreds of thousands of tons each year is a valuable property for the people who live nearby.

Conservative estimates by experts tell us that the Port of Detroit (which is actually the Wayne county port) can expect to handle 300,000 tons of foreign cargo in 1959, the first year that the enlarged Seaway will be open. Less than 100,000 tons are being handled here now and the additional 200,000 can be shipped and received only if adequate facilities are provided. By (Continued on Page 12)

Walter L. Couse

Over the last two years it is a fact that Detroit has had several unfortunate experiences in port planning due to the lack of any effort on the part of the Port Commission to develop a realistic program. The commission has proposed projects ranging from 70 million dollars down to the present proposal. Each of these as proposed, when

the facts were presented to the County Board of Supervisors and others responsible for the clearance of these proposals, was voted down. The present plan calls for construction of two ship berths, warehouses and an office building on the Detroit river between The Detroit News warehouse and the Detroit Harbor Terminal.

The port business is a tough dollars and cents proposition concerned with moving cargo in and out of Detroit. Detroit has always been a most aggressive city as well as progressive in the end results, but having the most expensive ship berths on the Great Lakes is not the ultimate in economical progressiveness. There would be no satisfaction in boasting that our area has the most costly, most unnecessary public constructed port on the Great Lakes. If this port unit is built, the taxpayers of Detroit and Wayne county would be in the port business. (Continued on Page 12)

UF Drive Tops Goal

WHO'S AFRAID OF WHOM? — When "Butch" Casterline went out to get a pumpkin the other night, he found that he wasn't the only one getting ready for Halloween fun tonight. But from the looks of things, it's a toss-up as to who—or hoo—was the least anxious to meet the other.

The Witching Hour Is Upon Us

Ghosts will roam and goblins will prowling tonight as Halloween comes spookily around the corner again.

Most witches and monsters will have familiar young faces hiding under the paper mache, and an all-day sucker or a tootsie roll will be enough to dispel their incantations of evil.

While many children are out begging, other activities will take the Halloween spotlight elsewhere.

The Northville Optimists and the Northville recreation department will co-sponsor parties at the community building for children of all ages. Elementary students will celebrate from 6 to 8 p.m. and high school students will attend a dance from 8 to 11 p.m.

Free refreshments and prizes for

the best costumes will be on hand. Earlier, from 4:15 to 6:15 p.m., free movies and cartoons will be shown by the P & A theater in cooperation with the Northville Merchants association.

During begging hours, a number of children will seek "pennies instead of a treat". The pennies and other change will go to UNICEF—the United Nations International Children's Emergency Fund.

Meanwhile, Northville police chief Joseph Denton has warned against vandalism tonight.

"Any teen-agers we catch using their cars for vandalism will lose their drivers licenses," he said. "We want everyone to have a good time, but will not stand for trouble-making."

So far, vandalism has been at a minimum. Last week, several dozen pumpkins were smashed throughout the city, littering streets and sidewalks until city DPW employees cleaned them up.

Decorated store windows in the shopping area are expected to keep soaping and waxing down.

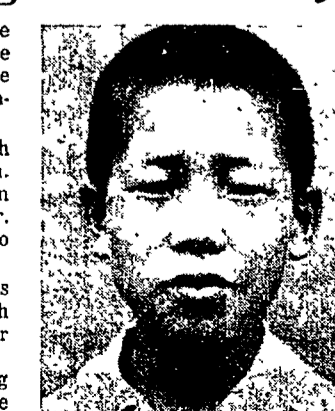

Church Youth Fellowship Adopts Young Korean Boy

A 12-year-old Korean boy whose name means "Gentle Child" is the adopted charge of the Intermediate Youth Fellowship of the First Methodist church.

He is Chung Soon Hoh, a sixth grade student of Seoul, Korea. Chung's parents both died in an epidemic of typhoid fever last year. He now lives in Young Nak Bo Rin Won orphanage in Seoul.

The youth fellowship contributes \$120 per year to his support through the Christian Children's Fund under the direction of J. Calvitt Clarke.

The group's first money-making project for Chung this year will be their booth at the Methodist bazaar on December 5.

Residential Collections Hit 116%

Northville's United Foundation residential and small business drive has gone "over the top."

Announcement of the 116% collection was made Tuesday noon by chairman Ed Welch at the Western Wayne County Region report luncheon at Meadowbrook Country club.

At the same time John Robertson reported 134% of the Northville government quota had been collected.

While results of the local industrial and commercial solicitations have not been reported, Northville's first participation in the United Foundation drive was almost certain to be hailed a success.

Admittedly, early goals set for Northville were low, but officials were still enthused and optimistic that the spirit of "giving once for all" would catch-on in the community and become stronger in the future.

Northville adopted the UF program last summer when a vote by the Coordinating Council spearheaded the action. At that time, Welch was president of the council and a leading spokesman for the idea of joining the UF. As first general chairman of the local drive, he had a dual reason to be thankful for its success.

"I want to thank everyone of our 80 workers who personally solicited the homes and business places of Northville during our 10-day drive," Welch said. He especially singled out Mrs. Philip N. Brown, Ruth M. Knapp and Mrs. George Ramshaw who were directly responsible for collections in the entire area.

To date Northville residents and retailers contributed \$2377.26. The quota was \$2100. Robertson reported \$471 collected in the government drive which had a quota of \$350. William Hensch, local chairman of the school drive, reported that 67 percent of the quota had been reached.

Northville's entire quota for the drive is \$5950. The industrial and commercial campaigns continue until November 7, however.

Some 200 persons attended the report luncheon at Meadowbrook Country club Tuesday. They represented all the communities included in the Western Wayne county region of the UF. These areas are: Canton township, Dearborn, Garden City, Inkster, Livonia, Nankin township, Northville, North Dearborn township, South Dearborn township, Redford township and Wayne.

Absentee Ballots

City and township clerks Mary Alexander and D. J. Stark reminded voters this week that absentee ballots would be available until 2 p.m. Saturday for the November 5 Wayne county election.

Ballots may be obtained at the city and township halls.

Red Cross Committee Meets at Regional Office

Special Red Cross staff training was taken at the new Northwest Regional office Thursday by eight Northville volunteers that will help maintain the office.

Red Cross volunteers in five communities will share responsibility for staffing the office and have formed a committee composed of the Red Cross chairman of each community and a delegate volunteer. The group has elected Mrs. Irving Hancock of Livonia, chairman; Mrs. Arthur Carlson of Fairbrook avenue, co-chairman, and Mrs. Mowry Arnold of Plymouth, secretary.

Mrs. C. C. Winter of North Rogers street is also a member of the committee.

Northville day at the office will be Wednesday and one of the above women will be there from 10 a.m. to 4 p.m. The telephone number is GARfield 4-0220 or persons may call at the office except Saturdays and Sundays.

Charles King Cast In College Play

Charles F. King, Ohio Wesleyan university senior and son of Mr. and Mrs. Charles F. King of Woodhill, will play the part of Tom Wingfield in OWU's homecoming play, "The Glass Menagerie", November 1-2.

The play, a psychological drama by Tennessee Williams, won the New York Drama Critics' award in 1945. The Ohio Wesleyan production will be directed by professor of speech Donald C. Eysen.

Friends, Relatives Honor Nelsons On Sixtieth Wedding Anniversary

Wearing the same light blue lace dress she wore ten years ago at their 50th wedding anniversary celebration, Mrs. Bert A. Nelson sat with her husband Sunday as they were feted by friends and relatives on the 60th anniversary of their marriage.

Mrs. Nelson's dress was trimmed with the same beads and pearls that adorned her wedding gown 60 years ago.

The Nelsons were honored with a turkey dinner, cake and all the trimmings in the Miles Standish room of the Mayflower hotel in Plymouth.

The wedding ceremony took place on October 27, 1897 at the Northfield home of her parents, Mr. and Mrs. Frank Owenshire. They were married by the late Rev. Eugene Coffin of the Methodist church of Salem. Mrs. Stella Dean of South Lyon, a cousin of Mrs. Nelson's played the wedding march.

Several of the 85 guests who attended are still living, including Mrs. Sarah Waters, an aunt, who lives in Ann Arbor and just passed her 90th year.

At their golden wedding celebration in their home ten years ago, over 200 persons attended an open house to congratulate them.

They have lived in the same farmhouse in Salem since 1900, purchasing it from the late Dr. Sober of Flint.

Three children were born to them: Ione LaVerene, who was born in 1900 and passed away at the age of six months; Mrs. Velma Freydl of Northville and Millard Nelson of Flint. They also have four grandsons, Charles and Robert Freydl of Northville and Jimmie and Johnnie Nelson of Flint.

Attending the celebration Sunday were relatives and friends from Ann Arbor, Lodi, Ypsilanti, Howell, South Lyon, Silver Lake, Detroit, Salem, Plymouth, Northville and Flint.

Install Penny Young As Rainbow Advisor

Penny Young was installed as worthy advisor of the Northville Order of the Rainbow for Girls at a public installation on Tuesday, September 24 at the Masonic Temple.

Pat Willing was installed as worthy associate advisor. Other new officers include Carole Lemmon, charity; Barbara Rollins, hope; Ardith Robertson, faith; Pat Robertson, chaplain; Carole Hawley, drill leader; Anina Fullager, associate drill leader; Linda McKinney, love; Connie Springer, religion; Judy Bridge, nature; Janice McKinney, immortality; Sharon Tanner, fidelity; Rita Bradford, patriotism; Betty Peterson, service; Janet Fannuliner, confidential observer; Barbara Mapes, outer observer; Stephanie Reed, prompter, and Linda Cutright, musician.

Members of the choir include Sharon Newton, Susie Cowie, Sharon Allen, Ann McKeel, Judy Boyd and Nancy Frankland.

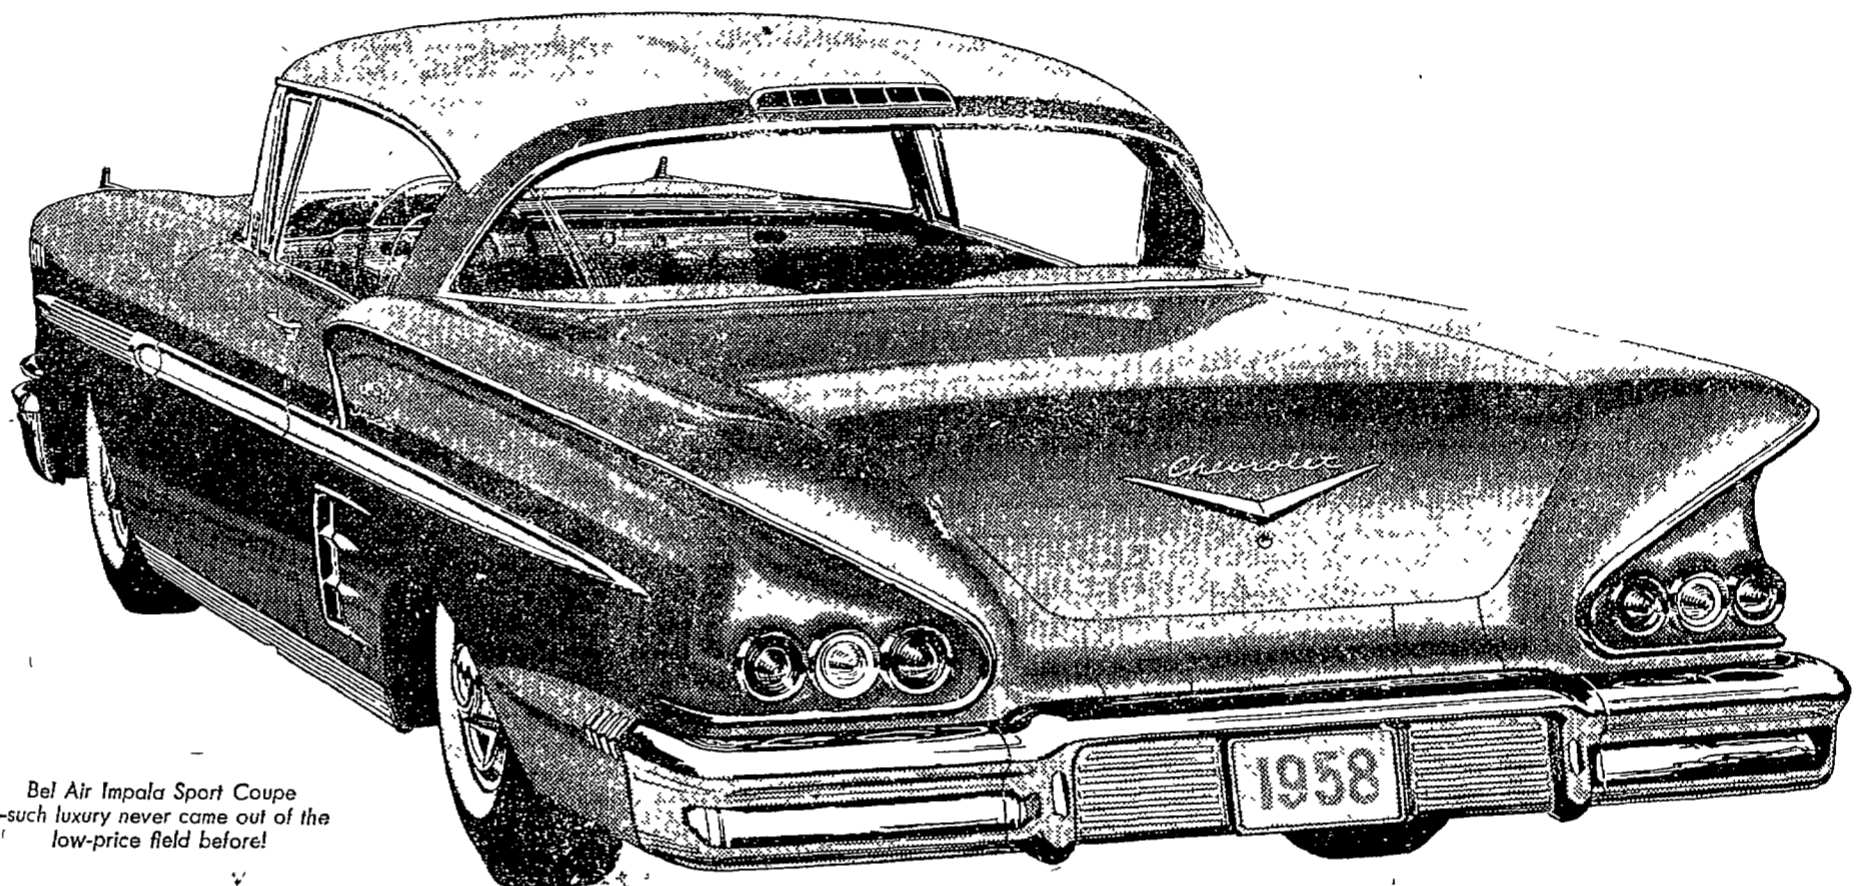

Lou Ann Comer, treasurer, and Joan Dunsford, recorder, continue their terms of office until January.

Installing officers were Genevieve McGee, marshal; Corrine Dickerson, chaplain, and Mrs. Dolores Boyd, musician.

They Painted the Town Red (and Black, Orange and So On)

Downtown Northville this week looked like a college campus on Homecoming Day than a shopping district.

Some 40 store windows featured ghosts, ghouls and goblins in assorted poses designed both to herald the Halloween season and to coax the Northville Mustangs to a Homecoming victory against Milford.

The murals, put up last Friday by

Northville high school art classes in cooperation with the Northville Retail Merchants association, will stay up a couple more days before mops and pails are brought out.

A black-gray-and-white study of a flying witch superimposed over a giant skull won first prize for Carol Spangler. The mural covered one window at Freydl's Women's Apparel store.

The other top winners:

—second: Woody Aenchbacher and George Funke (a cackling witch stewing a Milford player in a bubbling pot) at Bloom's Insurance.

—third: Bob Earehart (a grave-digging witch and a host of other spooks) at Northville Electric.

—honorable mention: John Alexander (a witch showing a real estate

salesman in a haunted castle) at Northville Realty.

—honorable mention: Bonnie Beltinger (a Redskin, Mustang and worried referee) at Sibley's.

—honorable mention: Sherill Lawton (football players and a cornfield) at Gussell's Drug.

—honorable mention: Marilyn Logeman and Mary Byrne (two ghosts watching the Northville-Milford game on television) at Schrader's Home Furnishings.

—honorable mention: Betsy Merriam and Bonnie Walker (ghosts and a scarecrow in a cornfield) at the Old Mill.

Directed by NHS art teachers Jack Van Haren and Miss Peggy Maciver, the students used nearly 150 pounds of paint and covered some 2,300 square feet of window.

"It was a three-way project," said Van Haren. "It was something for the community, it helped the students in their art education" —

they were graded on the murals — and finally it gave them contact with the city's merchants."

A University of Michigan teacher, Professor Thomas Larkins of the art education department, praised the displays.

Northville teacher Roy Pedersen, who judged the murals on creativity, skill of execution and originality, called them "excellent" by comparison with a similar project he had seen in Wisconsin.

Seniors May Apply for Naval Exam

Northville high school seniors and graduates have until November 16 to apply for the Navy's Reserve Officer Training Corps.

Applicants will take the nationwide competitive examination on December 14 as the first step toward an appointment as midshipman.

The NROTC program makes it possible for a young man to earn a commission while studying at the

civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy and the student receives an annual retainer of \$600 for four years.

Application forms are available at the high school.

Reason people do so much driving around nowadays is that it is cheaper to drive it than to park it.

4 Crucial Plays Save Mustangs

Last-Minute Rally Fails For Milford

If it hadn't been for four decisive plays Friday night, the Northville Mustangs this week might have been licking their wounds instead of sitting on top of the Wayne-Oakland league with an unbeaten record.

The four plays — had they gone another way — could have left Northville on the losing end of lopsided 21-7 score against Milford.

As it was, the Mustangs hung on at the last minute to pull a 20-14 win out of the fire and get past the first major stumbling block in the path to the league title.

The four plays that gave Northville the win: —in the second quarter, Northville halfback Dick Biery brought down a goal-bound Milford ball-carrier after he had taken a pass and scampered 36 yards.

—in the third quarter, Biery intercepted a pass and went 73 yards for a touchdown with the best display of downfield blocking yet shown by the Mustangs.

—in the same period, quarterback Pete Gross hit Biery and end Bill Yahne with two successive passes for a total of 54 yards to move the Mustangs to the Milford 7, from which they scored two plays later.

If statistics alone counted, Milford should have won in a walk. The Redskins led Northville in first downs (14-4), rushing (159-83), passing (141-66) and total offense (300-149) and held Northville to 60 total yards in the entire second half.

In addition, they stopped Northville's speedsters cold, allowing Biery only 25 yards from scrimmage, and letting halfback Bob Starnes pick up a meager 5.

Fullback Spike Walker, with 59 yards in 15 plays, and Gross, completing 4 of 6 passes, alone dented the Redskins armor.

Only Milford's inability to jell an attack for the first three quarters saved Northville. Despite drives of 29, 33, 48 and 43 yards, the Redskins entered the fourth quarter, behind 20-0.

Then, with quarterback Pat Kelley hitting on 5 of 8 passes and backs John Zeeman and Jerry Hackett eating up yardage, Milford made a shambles of the Mustangs, both defensively and offensively. While the Redskins moved to two touchdowns and nearly a third, Northville ran only nine plays and was held to 15 total yards.

Milford scored first when Andre LaVoy slipped 10 yards behind the Mustang secondary and hauled in a pass good for 50 yards.

Northville fumbled two plays later, and the Redskins took over on their 48. In 12 plays they moved to the Northville 6, and Kelley tossed to Terry Anderson for the score.

Northville again could not move, and Jeff Goodrich punted out of bounds on the Milford 48 with 29 seconds left. As the crowd squirmed in the stands, Kelley hit for 25 yards and the ball rested on the Northville 27.

But with no time out left, the Redskins got in only one more play, and Yahne batted Kelley's last pass out of bounds to save the game.

Northville, despite its skimpy showing, looked good on two touchdown drives.

In the first quarter — their best — the Mustangs recovered a fumble and rambled 37 yards, with Yahne taking a pass from Gross for the score. And in the third quarter, Walker capped a 58-yard drive by going over from the 3.

Hey Floyd, You Won!

Floyd Tonda, 437 North Center street, may not know it, but he was the winner of last week's football contest. All attempts to contact Floyd and tell him the happy news failed, but his \$10 check is in the mail!

Tonda and Northville high school griddler Larry Clark topped the entry list last week with two misses each. Floyd picked the Rams to down the Lions, however, and thereby was given the nod over Larry. Clark is an 11th grader and plays end for the Mustangs.

This week's contest is on page 19. Just one little clue: the Badgers to nlp the Spartans!!!

ONE OF FOUR KEY PLAYS — This was one of the plays which helped salvage victory for Northville Friday. Andre LaVoy speeds toward the goal with only Dick Biery left to stop him — which Biery did, seconds later. The pass play covered 36 yards, but Milford couldn't score — that time.

3-Way Fight For Crown Coming Up

The Wayne-Oakland league race settled down to a three-team fight this week, with two slow-starting squads rising fast to challenge the Northville Mustangs' role as favorite.

While the Mustangs barely salvaged a 20-14 win over Milford Friday night, West Bloomfield and Holly walloped their foes by impressive margins.

West Bloomfield, which lost two and tied once before winning this season, rolled to an easy, 28-0 victory over Clarenceville. It was the Lakers' third straight win, and gave them a three-game margin of 81 points against 18 for their opponents.

Holly had an equally easy time in a 32-12 dumping of Brighton, to run its win streak to three games and post a 73-25 point advantage during that period. Holly has a 4-0-1 record now and has only to face Clarenceville (five straight losses) and Northville.

Northville will meet both West Bloomfield and Holly in the final two games of its regular season, although the Mustang-Clarenceville game will be played off after the season ends.

In a final league game Friday, Bloomfield Hills and Clarkston struggled to a 6-6 tie which left them sharing fifth place.

Novi '11' to Meet Dublin In Final Game Wednesday

Novi school's young football team will wind up its season next Wednesday when it meets Dublin for the second time this year.

Kickoff will be at 3:30 on the Novi gridiron.

Coach Gail Perkins' squad also will scrimmage either Northville or South Lyon eighth graders today or tomorrow. The final decision had not been made at press time.

The Dublin contest will be Novi's fifth this year. So far, Novi has yet to win.

In its first game, Dublin defeated Novi, 20-6. In the second, Walled Lake dropped Novi, 19-0, and last week, Walled Lake came on to bury Novi, 67-0, in the mud.

"Despite our record," said Perkins, "I'm pleased with our play. Novi didn't play football last year, and many of our boys never had worn a pair of shoulder pads before."

Commenting on the last Walled Lake game, Perkins noted that only 15 boys dressed for the game as flu took its toll on the team. In addition, Novi played in gym shoes rather than cleats.

"Of course, they were a superior team," he said, adding with a smile, "and apparently better coached too."

Perkins urged Novi football fans to turn out for the game next Wednesday. Details on this week's game are available at the school.

The Coach's Corner

by RON SCHIPPER
Northville High School Football Coach

The 1957 football season at NHS has passed the halfway mark and we find ourselves with a 4 and 1 record. This is a slight improvement over last year's record at this time due mainly to the fine group of young men who make up our team.

We have played some great football in these five games and we have also looked the part of an over-confident group of individuals. The mental attitude the team possesses when it takes the field is the largest single factor in determining the outcome of the game.

Many coaches agree that the spirit of the player, and his desire to succeed in winning the game and to do his best, plays at least 75 percent of the role in winning or losing of the game. We also realize that blocking and tackling wins football games but the effort put forth in carrying out these assignments will win or lose the game.

The "mental attitude" of the team is the cause of many an "upset" in football today, and is the big reason why a football game is so exciting.

Last Friday we just about got caught in this category. Milford was up — Northville was not mentally ready. The result: a close ball game, although the boys deserve credit for winning this close game.

The road ahead is a tough one and the climb to the league championship still has four high hurdles.

This Friday we meet a Clarkston team which has had its ups and downs all season long. Its record, although not spectacular, has shown many bright spots. The past strongly indicates that this team can play some great football when it wants to and this always seems to be against Northville.

To us it is the fourth step in the ladder that leads to the loop crown. One broken step, and the fall will be a long one — for both Holly and West Bloomfield are breathing down our backs.

We are convinced that we need to win and can win these four remaining games to repeat as league champs, but, right now we have one game to play — that's tomorrow. It promises to be a great game and we hope that many of you will find your way to Ford Field to see it.

Cagers to Register Saturday

Registration for recreation basketball will be taken this Saturday, Northville recreation director Stan Johnston said this week.

The recreation staff will register boys between the ages of 10 and 17 at the Northville scout hall

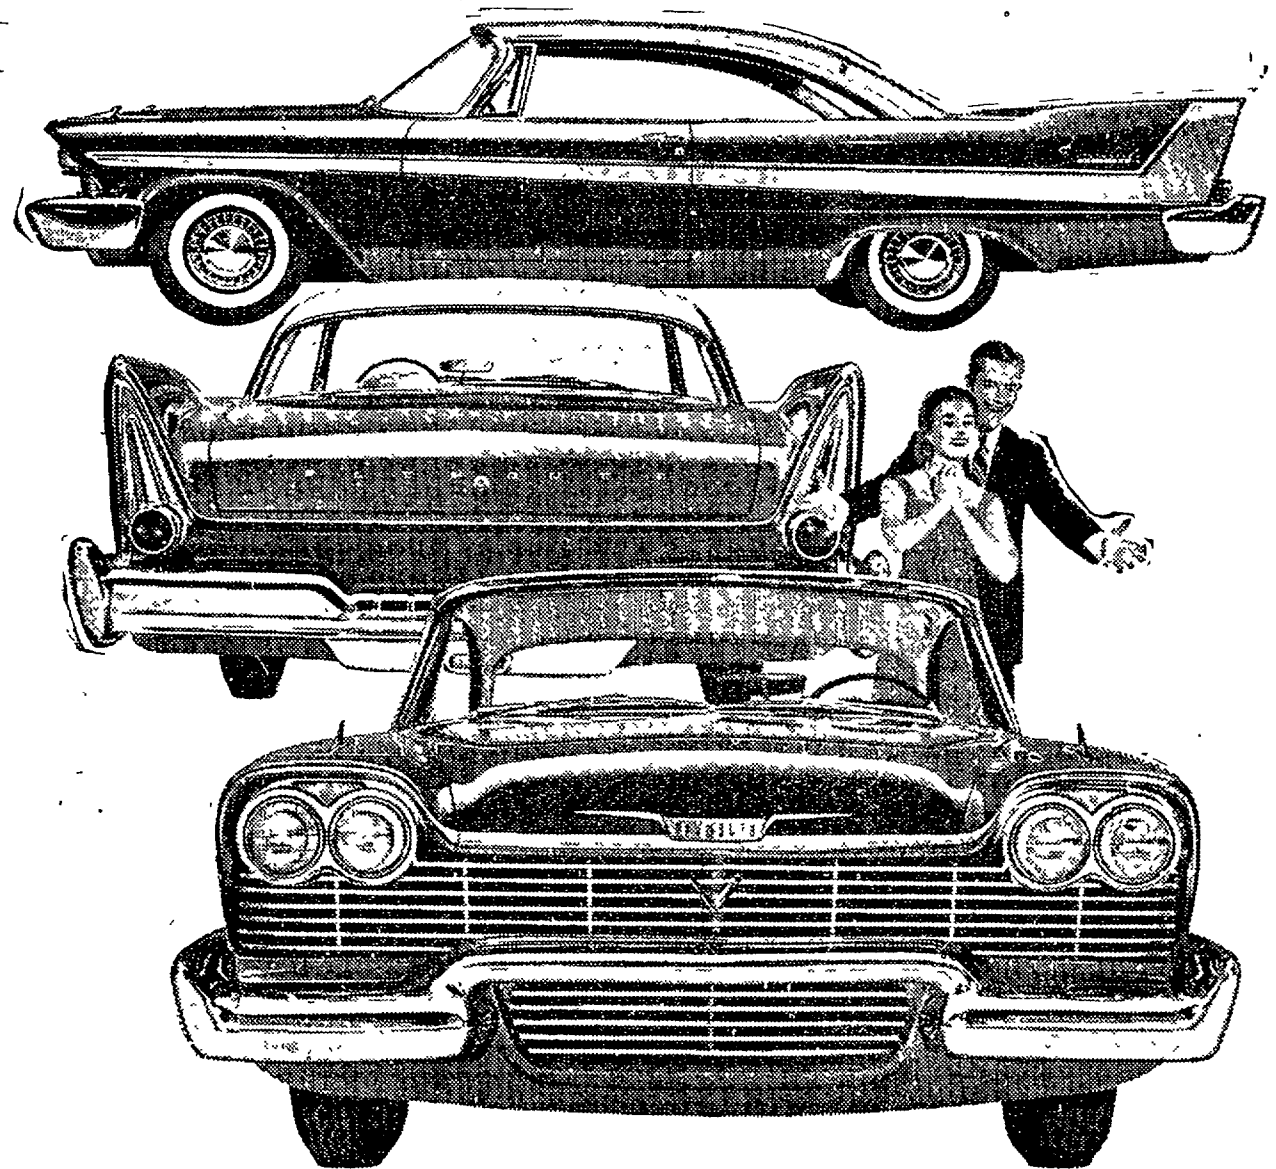

from 9 a.m. to 12 noon that day. Those already holding the cards need not re-register, but they should let recreation officials know they wish to play, Johnston said. For further information, phone the scout hall at Northville 507 during the registration hours.

Localites Elected To Scout Committee

Four Northville men have been elected members-at-large of the Sunset District committee of Boy Scouts of America for 1958. They are Rev. Paul Cargo, Philip Ogilvie, Arthur Schmutz, Ed Welch and Rev. John Taxis.

Corwin Bjonerud, who holds a doctor's degree in education, was elected district chairman. Bjonerud was recently promoted to director of personnel of the Jefferson elementary school for two years. He is an Eagle scout.

Another Northville man, Chris Hammond, has been elected one of four representatives to the Detroit area council. Hammond is former district vice chairman.

Young Drivers Warned by Denton

A warning was issued this week by Chief of Police Joseph Denton to young people who will be driving cars tonight, on Halloween. "Any youngster using an automobile for vandalism will lose his license," Denton said. He emphasized that driving an automobile is a privilege, not a right.

TOLD YA SO — Last week, county road commission workers filled in the shoulder along Grand River in front of the new National Bank of Detroit branch. They carefully posted three "soft shoulder" signs. But Monday, another road commission driver doubted his fellow workers — for a few seconds. As he struggled vainly to dig his truck out, however, he was forced to agree that the shoulder was indeed soft.

Delivery of 2,100 new editions of the telephone director for South Lyon begins tomorrow.

South Lyon's new director will be a buff-colored edition, a change from the grey color of last year's book.

John Kamego, Michigan Bell manager in this area, again reminded subscribers to make use of the emergency page where large spaces are provided for writing in the telephone numbers of the police and fire departments serving the community.

He also urged subscribers to destroy the old directories when the new ones arrive, but to make certain valuable papers or notes are removed before the books are discarded.

Two Jog Carts Stolen From Downs

Two jog carts stolen from Northville Downs Tuesday were both recovered and returned to the track Wednesday.

Police sergeant Gil Glasson had just returned from investigating the theft of a cart belonging to Louis Molinari of Allen Park at 11 p.m. when Robert C. Boyd reported that he discovered another on his property, 545 River street.

The first cart was found Wednesday in Livonia.

A Woman's Dream Can Come True

Yes, I have 3 exceptional homes this week that are answers to a woman's prayers and dreams—yet at a price they have never dreamed of.

NO. 1 In Northville—A wonderful 3 bedroom with 2 baths. 2 1/2 blocks from Main and Center. Built-in kitchen, carpeting and drapes and other fine things included. Auto. heat and hot water—and an extra fine building lot is thrown in at not 10c extra. Priced to sell NOW.

NO. 2 — Extra nice 3 bedroom with ultra-modern built-in kitchen. Large nicely landscaped 80 ft. lot with outside grill. Interior is out of this world. Only \$3,000 dn. for this low-tax fine home.

NO. 3 — A deluxe kitchen 18 ft. long is not an every day feature. This excitingly modern home of 3 bedrooms is on a full acre. Fine landscaping, best surroundings and a highly accredited school system for children. Bus at door. \$3,800 down on the road to happiness.

TIP TO LADIES — Don't tell the "old boy" too much about these but "he" will sure squirm IF you can get him through them.

LOT — Very attractive heavy wooded full acre lot in Grand View Acres. This won't last long.

FOR RENT DEPT. — BE SHARP — SEE STARK D. J. STARK — Realtor —

2 1/2 acres of land in the country with beautiful modern home and 2-car garage on paved road. Must see to appreciate. Low dn. payment. Cheaper than rent.

Northville Council Proceedings

A regular meeting of the Northville City Council was held at the City Hall Monday, October 21, 1957 at 8 p.m.

Present: Mayor Claude N. Ely, Councilmen Allen, Canterbury and Welch. Absent: Councilman Reed.

Minutes of last regular meeting were read and approved.

Bills from the General Fund amounting to \$23,726.72 and from the Water Fund for \$858.93 were presented for payment, and it was moved by Allen, supported by Canterbury that these bills be paid. Carried.

It was moved by Canterbury, supported by Welch, that the option to purchase the Shoup Voting Machine which was leased for the presidential election, be exercised, and that Mgr. Robertson be instructed to ar-

range for time payments for the balance of \$1573.20 as per arrangements with the Manufacturers National Bank for the purchase of the four machines purchased earlier. Carried.

The final reading of the amendment to the Zoning Ordinance regarding lot size and side yard widths was heard, and it was moved by Allen, supported by Ely, that this amendment be adopted. Carried.

Moved by Canterbury, supported by Welch, that the City Assessor undertake a reassessment project whereunder every parcel of property in the City of Northville be reappraised on a standard, uniform basis, to be applied on the 1958 tax roll. Carried.

Under new business, acting upon the bids received for gas conversion

unit for the City Hall, it was moved by Allen, supported by Ely, that the contract be awarded to Arthur P. Mitchell. Carried.

No further business appearing, meeting was adjourned.

(Signed) Mary Alexander, Clerk

Goodwill Pickup Planned Tuesday

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for next Tuesday.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries pick up, call the local representative Mrs. Lora Ault, 32765 Norfolk, Livonia at GR-4-4294.

Wesleyan Guild Plans Birthday Fete

The First Methodist church Wesleyan Service Guild annual birthday dinner will be held in Fellowship Hall Tuesday at 6:30 p.m.

For reservations, call Mrs. Edna Downer (853-R) before Friday of this week.

All members of the Woman's Society of Christian Service have been invited to attend. Each member of W.S.G. is asked to bring a friend.

A program following the dinner will feature slides shown by Bruce Felker of his work last summer at the "Methodist Mission Work Camp" in Calexico, California.

Anyone who cannot attend the dinner but would like to come to the 7:30 program is welcome.

Readers Speak Up:

TOO MUCH "TRICK OR TREATS"?

EDITOR'S NOTE — This is one of two letters about the same subject received by Stan Johnston, Northville Recreation director, and turned over to The Record by Johnston.

Dear Mr. Johnston:

Since Halloween is so near and as I am alone, I dread to think of the things that may happen next Thursday.

Since you are the recreational director, I wonder if there is anything that you could do to prevent so many teenagers from calling on the homes.

I do not in the least object to the LITTLE neighborhood or my own family children (who are yet very small) from coming to the door.

Last year they started in at 5:30 p.m. and at ten o'clock were still coming. Big boys and girls would come to my front door, get their treat, then immediately go to the

side door for more. They came here from way over on the north side, lower town and where not. At one time there were five cars parked on the side street near the house and parents were in the cars.

They even came here from South Lyon and Salem. I know there isn't any thing you can do about that, but it does seem the junior and senior high students should be curbed in some way. I do not wish my name to be divulged, but I certainly will appreciate any effort on your part to put some restrictions on these older boys and girls.

Church Holds Bible Study

By Mrs. John Parent — GREENLEAF 4-2080

The Episcopal Mission held a bible study and discussion group Tuesday, October 22 at the George Ames home on Mooringside. Those who were able to attend were Mr. and Mrs. William Dean of LeBost, Mr. and Mrs. Angus Helgeson of Birmingham, Mrs. William Gould of Glen Ridge and the Rev. James Guinan. Future meetings will be held the second and fourth Thursday of the month at the Ames' home and the bible study will be under the supervision of the Rev. James Guinan.

New in Willowbrook are John and Marilyn Jamieson of 23071 West LeBost. They have a daughter, Denise Lythne, who is four and a half months old. John works at the Lincoln plant and builds engines as a hobby. The Jamiesons moved here from Northville. Marilyn is originally from Plymouth and attended Michigan State University. John is originally from Redford and attended Ford junior college.

We also have some new little residents in Willowbrook.

Ronald and Delores Jennings of Holly Dale announce the birth of Ronald Francis Jennings, Jr. on October 20. Ronald weighed seven pounds, three ounces and was born at St. Joseph's hospital, Pontiac. The grandparents are Mr. and Mrs. Mark Bell of Northville and Mr. and Mrs. F. S. Jennings of 11 Mile.

Kirk Simmons Bradack was born to LaVern and Bea Bradack of Glen Ridge on October 12. The baby was born at University hospital, Ann Arbor and weighed five pounds, six and three-quarter ounces. The grandparents are Clara Simmons of Wyandotte and the Frank Bradacks of Detroit.

Mr. and Mrs. Robert Anderson of Malott announce the birth of a boy on October 23. We don't know the name yet but the baby weighed seven pounds, one ounce.

A 15th wedding anniversary was celebrated by Ken and Millie DeHayes of Millstream. They had

friends in for the evening to help them celebrate. Their guests were Mr. and Mrs. Earl DeHayes of Detroit, Mr. and Mrs. Lou Larson of Novi, Mr. and Mrs. Bill Hawk of Holly Dale and Mr. and Mrs. Claude Earl of Ten Mile.

Ken DeHayes has been taking some aerial shots of Willowbrook from his plane. He hopes to have them developed soon and will show them in movie form.

Bob McKeon of Meadowbrook went hunting in Bad Axe with six friends and came home with his limit of pheasants.

A baby shower was given for Joan Gould of Glen Ridge by Mrs. James O'Connor of Livonia. Sue Dean of LeBost attended from Willowbrook.

Houseguests of the Bob Stovers of Glen Ridge last week end were Mr. and Mrs. Emil Schwebke and Mr. and Mrs. Edward Hartwig of Milwaukee.

The Robert Bamfords of Meadowbrook entertained Mr. and Mrs. James Touse and Karla of Detroit for dinner Friday.

The Jack Parents of LeBost played bridge Saturday night in Dearborn at the home of Mr. and Mrs. Robert Gregory.

Rotarians Hear
State Army Chief

Brigadier General Lester Skene Bork, chief of the Michigan Military district, discussed the armed forces research and development program before members of the Northville Rotary club Tuesday noon.

General Bork outlined the overall plan for building up United States defenses with the ultimate goal of discouraging attack of foreign powers. General Bork pointed out that by tradition our country has not begun the aggressor in war. He added that the armed forces program of defense was conducted on this basis.

General Bork's headquarters are at Fort Wayne in Detroit. He is a graduate of the U.S. Military Academy and served during the second World War as commander of the 189th Glider Infantry and the 389th Infantry Regiment, 98th Division.

He was introduced by Harry Smith, principal of the Main street elementary school, is a lieutenant colonel in the army reserve and recently returned from two weeks training at Fort Gordon, Georgia.

Last week Rotarians entertained newcomers and residents of neighboring areas at the annual Rural-Urban dinner. The program was arranged by Roy LeMaster and was the largest ever held by the club. More than 100 guests attended the dinner.

Milne's Marionettes
To Present 'Aladdin'

"Aladdin and His Wonderful Lamp" featuring the Milne Marionettes will be presented at the Plymouth high school Saturday at 9:30 a.m.

The seven act performance will last one hour and will be conducted by Mrs. Isabel Milne Wades of Livonia and Mrs. Geraldine Kohs of Northville. The fully-costumed puppets are two feet high and strung operated. The performance is being sponsored by the Plymouth Symphony Society.

Jaycees to Sponsor
Pre-Holiday Party

Northville Jaycees are sponsoring a pre-Thanksgiving party at the Veterans' Memorial hall at Center and Dunlap streets Friday evening, November 1. Proceeds of the party will be used to further youth activities of the group.

The event begins at 8 o'clock. Prizes will be awarded.

Tuesday's Port Vote Issues

(Continued)

The current conflict stems from the St. Lawrence Seaway Development and the larger ocean ships which can then dock at Detroit — not the large mammoth boats we read and hear about but freighters of about 7500 tons. There is no question but what this will, when completed in 1959, bring increased foreign shipments into and out of Detroit and the extent of these shipments depends upon our port facilities. We must realize, however, that we already have a port with tremendous facilities now in being and all built by private enterprise. There is hardly a day of the navigation season that some foreign freighter is not coming into or leaving our privately owned and operated docks along the waterfront, and the cargo from these ships consist of automobiles, wine, food, marble and precious stones, and many other products from foreign lands. In the 1956 shipping season these private docks handled over 27 MILLION TONS of cargo, of which only 9,300 tons was foreign cargo. Most of our port business today comes from domestic bulk shipments, such as scrap metal, coal, cement, paper, etc. — and it is all handled by private enterprise with no cost to the taxpayer.

There have been many expert forecasts given as to the prospective volumes of cargo we can anticipate, but the Detroit Port Commission indicates a prediction of 300,000 tons of foreign general cargo in 1959 with a prediction that this will rise to one million tons in 1965. This total of one million tons, however, depends upon a lot of factors. If there are competitive rates and if shipping lines extend their operations to connect Detroit with every corner of the world and if such service is accepted by Detroit manufacturers, Detroit could handle one million tons for foreign general cargo by 1965, which is in accordance with the report made by the Detroit Port Commission for the Wayne County Board of Supervisors.

Detroit's present private port operators would welcome an increase in use of their present facilities up to 300,000 TONS ANNUALLY because they are now using only about 25 percent of those facilities in their day to day port business. Still the Detroit Port Commission is asking the taxpayers to spend 9½ million dollars through increased taxes on all Wayne county taxpayers for public ship berths, transit sheds and storage areas at a time when the average taxpayer is crying for tax reduction. They disregard the private operators who have met every demand presented to them for Detroit's port in the past and who will and can handle it in the future. If the future should show the need for additional port facilities built by a public agency, let the program be financed by private funds through the issue of revenue bonds as in Chicago and many other lake port cities, NOT by a direct tax levy on Wayne county home owners.

It is my belief and fear that the removal of the properties involved from the tax rolls in Detroit and Wayne county and making them public properties with all expenses for their improvements paid for through public funds and MORE taxes, is not progressive planning when private industry can accomplish the same and still would be required to pay taxes on the im-

provements they build. It is quite evident to me the human cry of the Detroit News is considerably influenced by the nearness of this new facility to their river properties into which they have their newspaper print delivered by ship. In short, there are many of us who feel that this proposal is not the correct one to be approved at this time although we definitely feel that EVENTUALLY improved port facilities will be needed, can be accomplished, and should be, through private effort by paying taxes into the city rather than charging the citizens more taxes to subsidize such an enterprise.

Port Commission
1956, again conservatively, Detroit should be handling 1,200,000 tons of cargo if the facilities are here.

Obviously, Detroit, the fifth largest city in the country, can be a major seaport some day but if we are to take full advantage of the billion-dollar Seaway, we must get ready NOW. Otherwise, we shall find ourselves holding grandstand seats to watch the ships and their profitable cargoes sail by.

An expanding, busy port means more jobs, higher payrolls and lower prices. We believe the investment in its future that is proposed by our port commission is a sound one.

New Phone Books
In Mail Tomorrow

Approximately 6,300 copies of the new Northville telephone directory will be mailed here starting tomorrow.

The new directory contains nearly 300 more listings than last year, and retains its general appearance with three columns of listings, but between buff covers.

It contains listings for Farmington, Livonia, Plymouth, South Lyon and Walled Lake. According to John Kamego, manager here for Michigan Bell Telephone company.

Parents are asked to fill in, on the first page, the respective fire and police department numbers for quick reference in emergencies.

When the 1957 edition arrives in the home or business establishment, the old directory should be destroyed, Kamego said.

For Accosting Minors

A 66-year-old local man was fined by Judge E. M. Bogart this week after being found guilty of molesting minors.

Placed on probation and fined \$25, he was identified by two Northville youngsters as the man who offered them candy and money in a local theater.

Another youngster identified him as offering her candy and a ride in his car.

Chief of police Joseph Denton issued a warning to parents that this is the second such occurrence in recent weeks. Another man was fined several weeks ago for taking indecent liberties with a local child.

Coleman Reported
"Progressing Well"

Burroughs Corporation officials reported this week that firm president John S. Coleman is progressing well after being hospitalized last week for a heart attack.

Coleman was stricken Monday, October 21, less than two days after he was knighted by Queen Elizabeth.

Many people could retire comfortable on what their experience has cost them.

A Happy 1957 Homecoming

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 Thursday, October 31, 1957—13

LOADING UP — Hundreds of pancakes and links of sausages went down the hatch just before the game Friday. Among those who found the Presbyterian Men's club cooking to be just the thing for a brisk fall evening were (seated, left to right) Walter Couse and Mr. and Mrs. George Weiss. Serving is club president Ed Langtry.

It was Homecoming, 1957 in Northville last Friday. From early morning, when art students began turning Main street store fronts into a Fraternity Row of homecoming displays, until the victory dance that evening, the whole town turned out for it.

While several hundred mothers and fathers were gobbling down a hearty meal of pancakes and sausage just before the game, their sons and daughters were cheering the crowning of two pretty high school seniors — the first co-queens in NHS history.

Then came the game itself, and true to the 'pleas on the painted store windows, the Mustangs did "Go, Go, Go" and "Sink Milford".

And for everyone in Northville — including the sassy new Mustang mascot who made his debut along the sidelines — the 1957 homecoming was a happy one.

QUEENS AND PRINCESSES — NHS students found the choice of a homecoming queen a hard one to make, so they awarded the crown to two pretty contestants. Here, at the coronation during a pre-game pep-rally, is the royal court: Barbara Kreuger, Barbara Mapes, Queen Priscilla Hilton, 1956 queen Judy Junod, Queen Betsy Merriam, and Sharon Hensch.

Legion Urges Unity For Veterans' Day

Northville American Legion members this week joined in urging a dramatic demonstration of national unity on Veterans' Day on November 11.

Northville commander James Madigan said, "there is a great need to remind the entire world... friend, enemy and neutral... that the citizens of the United States have always and will always stand together in the face of common danger."

The state's 510 American Legion posts, representing some 75,000 Legionnaires, have been requested to contact the clergy in their communities to have a mass ringing of church bells at 11 a.m. on that day. All citizens are also urged to offer silent prayer at that time for world peace and unity.

Methodists Plan 'Day of Witnessing'

The Northville Methodist church under the direction of Rev. Paul Cargo will join with other Methodist churches in Michigan for "One Great Day of Witnessing" this Sunday.

The local Methodist church has presented plans to the membership to enable them to bear witness to their faith in a united effort of visitation, inviting people to Christ and the fellowship of the church.

This program will be shared by all organizations and significant results are expected.

Japan Is Topic Of Mission Study

Discussion of Japan will be in order as the First Methodist church begins its fall mission study course next Sunday at 6:30 p.m. in the chapel.

The course will run for four Sundays and will feature speakers, movies, slides and panel discussions.

CHEERS FOR THE MUSTANGS—

Northville's new mascot goes by the name of "Sure-Win", but under the gleaming orange-and-black Mustang is a young fellow named Gary Pacific. Sure-Win will join NHS cheerleaders in pepping up the student cheering section at all Northville games from now on.

Concrete Paths to the Future

STATE'S NEWEST SUPER HIGHWAY — With the opening of the new Farmington-Brighton expressway next month, Novi will have one of the state's most modern roadways running through its heart. Here is the superhighway as seen from the Beck road bridge. Open now at both the Farmington and Brighton ends, only the Novi section is now incomplete.

AND ITS EXTENSION INTO WIXOM — This four-lane highway which crosses the new expressway, will link Wixom to the future inter-state route to the west coast of Michigan. Opened last week, the bridge (foreground) over the expressway was the last obstacle to completion of the new Wixom road (M 218). The widening took nearly six months.

Red Cross to Train Volunteers

Northville women interested in being volunteer staff aids for the Red Cross may attend a training class Wednesday, November 6, Mrs. J. Dwyer Kinnucan, chairman of volunteers, announced this week. The session, which will be held in chapter headquarters, 153 Elizabeth East (at John R), will begin at 10:30 a.m. and continue until noon.

Mrs. Kinnucan explained the duties assumed by volunteer Staff Aides: "The duties assigned staff aides are clerical, which provides an opportunity for women with office training and experience to use those skills in Red Cross service. However, filing, registering blood donors, keeping records of volunteer services and being hostess at the information desks require no special skills but do provide an avenue for service at tasks which are vitally necessary to continuance of Red Cross chapter activities. There are openings for evening staff aide volunteers, too."

Interested women are invited to call the Red Cross, WO-1-3900, between 10 a.m. and 3 p.m., Monday through Friday, for further information. Enrollment before the class day is optional.

BLESSED ARE THE PURE OF HEART

Children are rarely guilty of religious and racial prejudices. It is true that we some-
times see reflected in children the tensions,
anxieties and prejudices of their elders. But
fundamentally, it is always the adult who
is guilty. Prejudice retards the spiritual
growth of the individual as well as of his
country.

The sermon on the Mount, especially the
sixth beatitude, should be a practical study
and application for one who wishes to dispel
his prejudices. "Blessed are the pure of heart,
for they shall see God." The richest goal that
any of us can reach is the possession of God,
but it is conditioned on the fact that we must
be pure of heart and become as little child-
ren.

This beatitude refers primarily to be pure
and decent in thought, word and deed, but it
also teaches us a habit of mind which con-
cerns itself with the whole of life in the light
of God's law. Purity of heart signifies more
than purity and modesty. It consists of seek-
ing God's glory and our neighbor's welfare.
Purity of heart knows not duplicity of in-
tention, prejudice of mind, nor hurtful ac-
tion.

There are those people, even some Chris-
tians who put on a fine front. Externally they
are impeccable in appearance, conduct and
speech, but inwardly they lack the important
ingredient, "purity of heart". The Divine Sav-
ior said of them, "These people honor Me
with their lips, but their heart is far from
Me." They are "hypocrites", "whited sepul-
chres", "a cup cleaned on the outside, but
within full of uncleanness."

Christ is not satisfied with outward ac-
tions alone but He wants the heart our very
life. To abstain from adultery and fornication
is not enough. The very heart must not lust.
To pray to be a community worker is not
enough, for these acts may be poisoned by
self-love, politics pride and prejudice. That
is why Christ abolished the law of the Old
Testament, for that law failed to change the
heart, emphasizing the mere externals. In its
place He established the New Testament law
— a law that emphasizes the dedication of
one's heart to God.

We are called "Blessed" by Christ if we
are pure of heart, but greater still is the re-
ward for this purity of intention and that is
"to see God". "Blessed are the pure of heart,
for they shall see God."

Church to Sponsor Harvest Dinner

On Saturday, November 2, the
Newburg Methodist church, Ann
Arbor Trail and Newburg road, the
oldest church in the city of Livonia,
established in 1834, will put on its
annual fall bazaar and harvest din-
ner.

The Women's Society of Christian
Service of the church is sponsoring
the event, which will begin at nine
in the morning and last all day.

There will be booths displaying
the fine work which women of the
church have been working on all
year. Pillow cases, aprons, baby
clothes and stuffed toys; a booth of
handkerchiefs, homemade candies
and baked goods; home canned
goods, white elephants, plants and
Christmas corsages. A snack bar,
cake walk and gun shoot will be of
interest to adults and children alike.

Santa Claus will be a guest at
various times throughout the day
and will meet and greet youngsters.
A photographer will be on hand to
take pictures of the children visit-
ing with Santa. Santa will reign over
a winter carnival of games planned
to suit the small fry — fish pond,
duck dip, dart throw, freak show
and balloons.

Dinner will be served family style
and the ladies are serving turkey
with all the trimmings from 5 to 7
p.m. Homemade apple and pumpkin
pies will be the "piece-de-resist-
ance".

ELECTION NOTICE

To the Qualified Electors of the County of Wayne, State of Michigan:

NOTICE IS HEREBY GIVEN THAT AT A SPECIAL ELECTION TO BE HELD IN SAID COUNTY OF WAYNE, STATE OF MICHIGAN, IN THE REGULAR VOTING PLACE IN EACH ELECTION PRECINCT IN EACH CITY AND TOWNSHIP IN THE COUNTY OF WAYNE, STATE OF MICHIGAN, ON TUESDAY, THE 5TH DAY OF NOVEMBER, 1957, BETWEEN THE HOURS OF 7:00 O'CLOCK A.M. AND 8:00 O'CLOCK P.M., EASTERN STANDARD TIME, THE FOLLOWING PROPOSITIONS WILL BE SUBMITTED TO THE ELECTORS OF SAID COUNTY:

I. PORT OF DETROIT BONDING PROPOSITION

Shall the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, State of Michigan, borrow the sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars and issue its general obligation bonds therefor for the purpose of acquiring sites and constructing necessary port improvements in said district?

II. TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased as provided by Section 21, Article X of the Michigan Constitution, by sixteen one-hundredths (16/100) of one (1) mill (.16¢ on each \$1,000.00) on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of sixteen (16) years, from 1958 to 1973, both inclusive, for the sole purpose of providing funds to pay principal and interest on bonds to be issued by the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, in the aggregate principal sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars, if authorized by the qualified electors, for the purpose of acquiring sites and constructing necessary port improvements in said district?

Only properly registered electors who have property assessed for taxes within the County of Wayne, or the lawful husband or wife of such persons are entitled to vote on the bonding proposition.

All properly registered electors may vote on the tax-rate limitation increase proposition.

These propositions are being submitted in accordance with the following resolution adopted by the Board of Supervisors of said County on the 16th day of September, 1957, by the requisite three-fifths (3/5) vote:

RESOLUTION OF BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE

WHEREAS, the Port Commission of the Port of Detroit, a port district co-terminus with the County of Wayne, State of Michigan, established pursuant to the provisions of Act 234, Public Acts of 1923, as amended, approved a comprehensive port development plan after the requisite public hearing thereon, and by resolution adopted on September 3, 1957, provided for the borrowing of the sum of not exceeding Thirteen Million Five Hundred Thousand (\$13,500,000.00) Dollars for the purpose of acquiring the land and properties and constructing the various port facilities encompassed within said plan, subject, however, to the approval of the Board of Supervisors of Wayne County and a three-fifth (3/5) majority of the qualified electors of the County of Wayne voting thereon at a general election or special election called for such purpose, as required by the provisions of said law;

AND WHEREAS, pursuant to the provisions of the above law, said resolution has been duly certified to this Board for its approval thereof and for the necessary procedures to submit the bonding proposition to vote of the qualified electors of the County of Wayne, being the municipal corporation comprising the Port District;

AND WHEREAS, extensive meetings and discussions relative to said comprehensive port development plan have been held with the Port Commission and the Port Committee and Ways and Means Committee of the Board of Supervisors of the County of Wayne, as a result of which it is the determination of the Board of Supervisors that said plan should be approved, but that only that portion of the lands and properties embraced in said plan within the following description should presently be acquired, constructed and financed by the issuance of bonds, to wit:

LAND ACQUISITION

All that area in the City of Detroit bounded on the westerly side by the easterly line of Private Claim 563, which line is 150 feet, more or less, west of the westerly line of Scotten Avenue extended southerly to the U.S. Harbor Line; bounded on the north by the southerly line of the Chesapeake and Ohio Railway-Wabash Railroad right-of-way; on the east by the westerly line of the Evening News Association property and the northwesterly line of present West Jefferson Avenue and the westerly line of West Grand Boulevard at its intersection with said railroad right-of-way; and bounded on the south by the U.S. Harbor Line.

PORT FACILITIES

- Office space or building, approximately 15,000 sq. ft., of office and service space;
- Two (2) transit sheds of appropriate design and construction, each 160'x360', more or less;
- Grading and paving of approximately 205,900 sq. ft. of operating area for cargo and vehicle handling and/or storage;
- Suitable and adequate tracks for rail car handling, including double track and platform side of transit sheds;
- Appropriate quay type wharf and a wharf facing of approximately 1,105' having a depth of water 27½' and wharf apron area of approximately 66,300 sq. ft.;
- And such other work of light construction and technical nature as may be required;

the balance of the land, properties, and port facilities specified in said plan to be left for future determination as to acquisition, construction and financing thereof;

AND WHEREAS, the estimate of cost of the acquisition of the lands and properties within the above designated area, and the acquisition of the port facilities specified for said area has been estimated by Harley, Ellington and Day, Inc., architects and engineers, of Detroit, Michigan, to be Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars;

AND WHEREAS, the Port Commission of the Port of Detroit has concurred in the program herein set forth, which is a revision of its original immediate acquisition program as outlined in its resolution adopted September 3, 1957, and duly certified to the Board of Supervisors;

AND WHEREAS, the Port Commission has submitted to the Common Council of the City of Detroit, the legislative body thereof, said comprehensive port development plan, all of the area and territory embodied in said plan being located within the corporate limits of the City of Detroit, and said Common Council, by resolution, has approved said plan, all in accordance with the provisions of Section 30 of Act 234, Public Acts of 1923, as amended;

AND WHEREAS, because of uncertainties under the law as to whether the Port District is an agency of the county and thus is limited in its taxing ability for the payment of bonds by the limitations expressed in Section 21, Article X of the Michigan Constitution, or is an independent municipal corporation having a charter tax rate limitation, and thus is not subject to the limitations of said constitutional amendment under the decisions of the Michigan Supreme Court, this Board feels that it is necessary in order to provide for all eventualities to submit to the qualified electors in a separate ballot, or as a separate proposition on voting machines, a proposition providing for an increase in the constitutional tax rate limitation as authorized by said Section 21, Article X of the Michigan Constitution in an amount sufficient to provide for the payment of the principal and interest on said bonds over a maximum fifteen (15) year period;

AND WHEREAS, this Board determines that the procedures for said special election should be as provided in the so-called "County Public Improvement Act", being Act 118, Public Acts of 1923, as amended, there being no procedure specified in detail in Act 234, Public Acts of 1923, as amended, which procedures will also comply with the provisions of the general election law of the State and will provide complete notice and opportunity for the qualified electors of the County to register and vote on the propositions to be submitted;

AND WHEREAS, it is the intent and purpose of this Board and the Port of Detroit Commission, if the bonding proposition is approved by the requisite majority of qualified electors of the County of Wayne to devote the net revenues from the operation of the port facilities to the retirement of the bonded indebtedness, thus reducing the amount of taxes necessary to be levied for the payment of said indebtedness to that extent:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE THAT:

- The comprehensive port development plan as proposed by the Port of Detroit Commission and approved by it by resolution is hereby approved.
- The issuance of general obligation bonds in the amount of Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars for the acquisition of the lands, properties and facilities outlined in the preamble of this resolution, as a part of said comprehensive port plan, be approved.
- There be submitted to the qualified electors of the County of Wayne, State of Michigan, at a special election herein called to be held in said County, being the municipality whose boundaries are co-terminus with the Port of Detroit, a port district existing under the provisions of Act 234, Public Acts of 1923, as amended, on Tuesday, November 5, 1957, that being the date of the general city election in the City of Detroit in said County, the following separate propositions:

Shall the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, State of Michigan, borrow the sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars and issue its general obligation bonds therefor for the purpose of acquiring sites and constructing necessary port improvements in said district?

TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased as provided by Section 21, Article X of the Michigan Constitution, by sixteen one-hundredths (16/100) of one (1) mill (.16¢ on each \$1,000.00) on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of sixteen (16) years, from 1958 to 1973, both inclusive, for the sole purpose of providing funds to pay principal and interest on bonds to be issued by the Port Commission of the Port of Detroit, a port district established pursuant to law co-terminus with the County of Wayne, in the aggregate principal sum of not to exceed Nine Million Five Hundred Thousand (\$9,500,000.00) Dollars, if authorized by the qualified electors, for the purpose of acquiring sites and constructing necessary port improvements in said district?

4. Said propositions shall be stated as separate propositions on the voting machines or on separate ballots to be prepared and distributed by the County in the manner provided by law, which statement on the voting machines and ballot shall state the propositions in the form set forth in the preceding paragraph.

5. All public officials of the County of Wayne, State of Michigan, and all municipal units thereof, within such time as shall be required by law, be and they hereby are directed to do and perform all acts and things which shall be necessary to be done or performed in order to submit the foregoing propositions to the electors of said County at such special election to be held on Tuesday, November 5, 1957.

A three-fifths (3/5) majority of the members-elect of the Board of Supervisors of the County of Wayne, Michigan, having voted in favor of the adoption of the foregoing resolution, the Chairman thereupon declared that said resolution was duly adopted.

OUT OF THE PAST

One Year Ago

Business of the city of Northville became the business of John C. Robertson as the former Michigan Municipal League member began duties as city manager of Northville.

More than \$1200 was donated toward the fight against cystic fibrosis at a turkey smorgasbord dinner in Northville.

The first indication of how Northville would vote in the presidential election came when more than 900 Northville students went to the polls and gave the Republican party a clear victory.

The Northville Mustangs were victorious against the Holly eleven tallying a 32-0 score over their opponents.

Five Years Ago

A felony warrant was issued by Justice of the Peace E. M. Bogart against Charles E. Heath on a charge of uttering and publishing. Heath allegedly cashed a total of \$261.39 in worthless checks with four Northville businesses.

Northville voters were offered free rides to the polls in the forthcoming November 4 presidential election.

The Rev. Carlton G. Van Ornum of Camden, New York led the First Methodist church of Northville in its Visitation Evangelism and Preaching Mission.

Ten Years Ago

The Northville Veterans of Foreign Wars Post 4012 was one of three organizations to benefit by a division of funds from the recent dissolution of the Novi Rod and Gun club. The club disbanded because larger clubs in the area could offer more extensive facilities and voted to contribute its treasury to the three organizations as a good-will gesture.

The George Clark Hardware

company announced free prizes for the largest buck brought down by hunters residing within a 14 mile radius of Northville.

Mrs. Clyde Ferguson and her three-year old daughter, Jolene, were injured in a fall from a second story window. It was thought they fell when the mother tried to keep the young girl from falling when Jolene got too close to the window.

Fifteen Years Ago

The Northville Mustangs, playing football in a new league, were tied for first place with Keego Harbor, Holly and Redford Union.

Local housewives were glad to hear the OPA announcement that coffee rationing would go into effect—as a small amount of rationed coffee was better than none at all.

It was decided that grade school classes would begin one-half hour later, so that younger children would not have to travel to school in darkness during the winter.

Twenty Years Ago

Schrader Bros. purchased a new LaSalle ambulance.

Col. Ward Van Atta was assigned to Ft. Lawton, Wash. He went there from Brooklyn via the Panama Canal.

Mr. and Mrs. T. R. Carrington attended the annual homecoming at Michigan State Normal college.

Twenty-Five Years Ago

In the cast of the high school play, "What Ann Brought Home", were Henry Hoffman, Maurice Giles, Dayton Deal, Alfred Parmenter, Merle Frazer, Mary Louise Boyden, Marion Turnbull, Eleanor Grosvenor and Margaret Hay.

Forty Years Ago

The U.S. Bond sale drive started with Northville's quota set at \$80,000.

L. W. Lovewell paid \$884 for a load of 27 hogs.

Sunset District Meeting To be Largest in History

Top boy scout leaders in the Sunset district will be among 400 guests at the annual district meeting next Tuesday, November 5 at 6:30 p.m. at the South Junior high school in Garden City.

Cubmasters, scoutmasters, explorer advisors, committeemen, den mothers and members at large with their wives and husbands will have an opportunity to hear Amos R. Shields, chief scout executive, deliver his last address to the district before his retirement this year.

An accordion band concert by 20 accordionists, led by Jerry Hoelscher of Plymouth, will be the entertainment feature of the evening.

Two members of the executive board of the Detroit Area Council will play important roles at the meeting. Lloyd Smith, J. L. Hudson company executive, will be master of ceremonies. Robert Jamieson

Fish Fact

Fish must have oxygen to live. When a body of water doesn't produce enough oxygen, fish suffocate. This sometimes occurs on snow-covered lakes during winter months.

SPEAKING

for the Record

By BILL SLIGER

What about 'trick or treats'? Has it become too commercial? Stan Johnston, Northville recreation director, believes so. He has received complaints from several residents that the game has taken on proportions far out of line with the original intention.

He points out that problem is one for parents to consider seriously and that wholesale begging for the sake of accumulating as much as possible should be discouraged.

The recreation department in Northville sponsors a Halloween party for the youngsters and Johnston hopes that this will help to prevent overdoing "tricks and treats".

* * *

A last minute spurt of contributions put Northville's first residential and small business United Foundation drive over the top. And just when it appeared that the campaign might fall some \$500 behind.

The final report did wonders for Chairman Ed Welch who had the longest face in town!

* * *

A good example of what can be done with the rear entrance to a business place can be seen at the Manufacturers National Bank. Besides being a physical improvement, the new entrance is a service and convenience for customers.

* * *

Next week Northville will learn the results of the comprehensive traffic and parking survey conducted by the Automobile Club. The report will be made to councilmen and local officials next Wednesday and reported fully in our next edition. The survey should answer many questions that businessmen have had concerning local parking needs.

State Factory Pay Tops

INDUSTRIAL EMPLOYEES' pay is higher in Michigan than anywhere else in the nation, according to a bureau of labor report referred to by Michigan Manufacturers Association.

Industries of this state are listed as paying an average of \$94.98 per week in 1956. Nevada ranks second with \$92.10; Montana third with \$91.30. Ohio followed with a weekly average of \$90.81. Indiana workers received \$86.66; Illinois \$84.25; Wisconsin workers were paid an average of \$82.98.

Workers in the east drew less. New Jersey workers had an average weekly wage of \$80.20; in Pennsylvania it was \$80.20; in New York, \$78.96.

Hourly wages paid in Michigan was second high in the U.S. Nevada hourly wages averaged \$2.43, while in Michigan the rate was \$2.33. Michigan's total wage rate places at the nation's top because the average work week here was 40.8 hours per week compared to Nevada's 37.9. Michigan's 1956 rate of \$94.98 is 27 percent higher than the rate in 1951, which was \$75.55.

The governor's relentless drive for higher taxes upon industry plus the union's steady pressure for higher wages and shorter hours, says an MMA newsletter, are responsible for "the chilly business climate so discussed in Michigan."

In other instances MMA has pointed out that wage and tax costs, higher than competitors in other states, put Michigan manufacturers at a disadvantage when they place their products on the market.

NATURAL GAS to heat homes of Michigan and to power its industry remains a major goal of government and the fast-growing empire which markets it.

There has never been enough gas for the state.

It first came to Michigan 20 years ago through the Panhandle Eastern Pipeline to Detroit. Now two more pipelines bring natural gas to the same customers and others outstate.

Gov. Williams assigned experts to determine if and when natural gas service can be distributed all over the state, rather than just to the homes and industry of lower Michigan.

It is a booming, billion-dollar business which has developed in Michigan over the past two decades.

When World War II industries needed more, the state imposed restrictions on the number of home customers each distributor could serve.

Those restrictions were rescinded for five of the six companies involved last week because natural gas supplies are sufficient to serve new customers.

Consumers Power Co., which serves more than 400,000 homes outside of Detroit, says its supplies still are inadequate and will learn Dec. 4 whether it can keep the restrictions.

Lansing observers hear consistent reports that still another pipeline is being planned.

Williams believes the day is coming when any homeowner in Michigan or industry or business who wants natural gas for power of heat

will be able to get service.

A few years ago, there was talk of tapping into the trans-Canadian pipeline to serve the Upper Peninsula and the northern part of the Lower Peninsula. This still may be part of a program.

LEGISLATORS are being urged to revise the system of sending mentally ill to state hospitals.

Some probate judges feel that the patients could be committed to hospitals without the present two hearings in court, which often are harrowing in cases of advanced illness.

* * *

Rather than go through the court, they suggest commitment by a judge after an examination by two psychiatrists and a system of voluntary commitment after the examination with the signature of the next of kin.

The special legislative committee listening to the suggestions believes some action can be taken during the 1958 session, with long-range planning and general changes to come later.

* * *

Another part of the plan is to, in some way, protect the civil rights of persons sent to a mental hospital. The only right they now retain is that of making a will.

Rep. Ben E. Lohman, the committee chairman, said, "we will be pretty far along" toward a solution by the time the next legislature convenes in January.

"Detroit Must Change Car Size" - - - Babson

Babson Park, Mass. — The automobile business has had a rather poor spring and summer. However, I look for a good fourth quarter saleswise. Also, I predict that total domestic production for 1957 will top 6,000,000 units. It may be as high as 6,200,000, or 6.8 percent above last year. However, that would still be 22 percent below the peak year of 1955.

Causes of the Dip

Many competent observers feel that last year's downturn in auto sales and this year's only moderate recovery indicate that we made too many cars in 1955. In that year we produced nearly 8,000,000 units. These people feel that the industry must now undergo a further period of adjustment while the nation "digests" the overproduction of 1955. I think there is some truth in such reasoning. However, there are additional factors involved in the dip in auto sales.

The current rolling readjustment in general business must also be taken into account as an adverse sales factor. There are increasing indications that the dip also reflects some sales resistance on the part of people who just do not like the car styling and performance being turned out by Detroit at the present time.

What Do the People Need?

In their haste to turn the tide after last year's poor sales showing, car makers concentrated on extreme-styling eye appeal. They came out with cars longer than necessary. They loaded them with gadgets designed to catch the eye. These long-

er, heavier cars require more horsepower. They burn more gas and most of them have engines which will operate efficiently with high-octane gas.

At a time when automobile congestion may choke out the very downtown life of our large cities, car makers have added to the problem by making cars which need more parking space and cost more to maintain. These giant new cars may fulfill the desires and ambitions of many people, but do they meet the needs of postwar America today? Certainly they will be marketable only through intensive advertising.

Make Smaller Cars

Some United States automobile manufacturers contend that they cannot build a small car that will compete successfully on a volume basis with a good used car of standard size. They may be correct. But the time will come when Detroit must face facts. The automobile has contributed much to our American way of life. It has led to the development of the suburbs. It has provided and it now provides employment for large numbers of our people, directly or indirectly. Ours is a wheeled economy in the best sense of that term.

A good deal of our prosperity today stems from our success in having mass-produced the automobile and having made it readily available to vast numbers of our people. However, that prosperity could be seriously threatened if we continue to misuse the automobile. The car of tomorrow will be smaller, more

functionally styled, though still beautiful. It will be cheaper to buy, to operate, and to maintain. And it will be safer to use.

More Foreign Cars Coming to U.S.

While going all out for size and flashy styling, Detroit is not entirely blind to the fact that there is a market for small cars here. Only one major domestic producer does not have a foreign subsidiary making small, economical foreign cars for export to the U.S. Small car demand has been doubling each year for some time now. If this trend continues, and I predict it will, U.S. car makers may be forced to revise their thinking on car size. Perhaps the European cars now

being imported are too small to attract wide market support in the U.S. However, their reception has been encouraging. It proves that many motorists are not fully satisfied with what Detroit is now turning out. Somewhere between these monsters of the road and the toy cars of Europe lies the answer to our real needs. Within the next five years I look for standard American cars of smaller, though adequate, size at much less cost. I predict also that improvements in engine design will permit great savings in gas consumption.
