

2,000-Home 'City' Planned in West Novi

Novi's future was altered almost overnight this week with the announcement that a \$40,000,000 residential development — possibly the largest in Detroit history — will be built in the western part of the township within the next five years.

The development will include 2,000 homes; a shopping center, motel, restaurant, apartment house complex, an independent water system, and a \$300,000 sewerage disposal plant and sewer system.

The development's estimated 7,200 residents will more than double Novi's current population and will make up a "city" almost as large as the present Northville, Farmington and Walled Lake put together.

It will cover 700 acres lying one mile south of the new Lincoln plant and extending both east and west from Wixom road. Its commercial area will front on the Grand River-Wixom road intersection.

The huge development was announced this week by Thompson-Brown company of Detroit, one of the state's oldest and largest land developers and the firm which pioneered the nationally-renowned Kendallwood development in Farmington township.

Though rumored for several months, the announcement came as a surprise to many persons who had expected Novi's main residential growth to come out 10 Mile road before reaching the western part of the township.

Under Study Since March

Plans for the subdivision have been under study since last March and were outlined to the township board at its last meeting. Board members met with Thompson-Brown officials last Saturday to get further information and take a look at Kendallwood.

Novi supervisor Frazer Staman, who first approached Thompson-Brown about the possibility of a development in Novi and who helped the firm with myriad legal technicalities leading up to its announcement this week, hailed the new subdivision as "another sign that Novi's future is just around the corner."

Plans for the development — which is yet unnamed — include:

— 2,000 homes in ranch, tri-level and Cape Cod styles on some 600 acres of the former Hickory Grove Farm owned by the late Roy Mitchell.

— a shopping center, restaurant and motel on 40 acres at the southeast corner of Grand River and Wixom road.

— a possible "garden type" apartment house development, with broad lawns and boulevards, on another 40 acres south of the shopping center.

— a community water system, for which one well already is being completed.

— a sewer system serving every home, and a modern

sewerage disposal plant located on a stream in the southwestern section of the development.

Start Immediately

According to Ross Campbell, vice president of the firm, work on the development will begin immediately. A plat for the first unit is now being drawn up, and plans for the sewerage disposal plant are awaiting approval of the Michigan board of health.

Water and sewer lines will be put in as soon as the weather breaks next spring, and some 400 homes probably will be constructed by this time next year, Campbell said.

In all, the 2,000-home project should be completed in five years, although conditions in the building industry and home mortgage business may extend it another year or two, he added.

The first group of homes will range in price from \$18,000 to \$22,000, but the range probably will fluctuate as the development proceeds, Campbell said.

"We're starting with a moderate price until we see what sort of home is required in Novi," he said. "From our experience with Kendallwood, it appears that the home-buying public may want a somewhat more expensive home."

Each lot will be between 12,000 and 15,000 square feet, although Thompson-Brown planners still are studying the needs and wishes of potential home owners in the subdivision.

(Continued on Page 8)

Builders Start Work In Northville Heights

Subdividers of Northville Heights wasted no time in getting their 120-home project underway this week.

Ground was broken on North Center street subdivision Wednesday after final contract agreement was reached with the city of Northville Monday evening.

Three models are expected to be erected by the first of the year when Northville will find itself appraising the first major subdivision built within the city in 25 years.

Located just north of the American elementary school and west of Center street, Northville Heights will offer a variety of modern ranch-type and tri-level homes "custom built to the terrain."

Fred Kaye, coordinator of the project for K & G Construction company, said that the homes will be built as rapidly as demand requires. He stated that completion

within two years would be "satisfactory."

The subdivision will have paved streets, curbs, gutters and sidewalks. City water, sanitary and storm sewer facilities will also be available.

Within the circular-shaped subdivision, the streets will carry two familiar names, "Ely Drive" and "Carrington Drive", named for Mayor Claude Ely and Thomas Carrington, chairman of the planning commission, will be the principle roadways. "Debra Drive", confessor Kaye, did not get its name from Northville. His small daughter was given this recognition.

Kaye, who calls Northville Heights his "pet project", describes the homes as "the most quality for the dollar." The basic designs will be a three-bedroom, tri-level, and two different three-bedroom ranch-style homes. "The rolling condition of the land made it necessary for us to use three other designs on some sites," added Kaye. They'll be four-bedroom models with either the garage under the house or an open basement style.

Average price of the basic model designs will range from \$16,900 to \$21,500, said Kaye. All houses will be built to FHA mortgage requirements and include copper plumbing, two-compartment sinks, disposers, exhaust fans, colored bath fixtures and ceramic tile.

Grading of the entire subdivision and cutting of streets began this week. The first three models will be near Center street at the south end of the subdivision. They'll be on "Ely Drive", which circles the entire distance of Northville Heights and meets Center street again at the northern end of the subdivision.

Kaye stated that the Garrett Barry Agency of Northville will be associated with the sale of the homes. Barry handled the sale of the land to the construction firm.

Adult Art Course Being Organized

If you've ever harbored visions of being another Renoir or Picasso, here's your chance.

An eight-week adult education course in sketching and painting will be offered at the Northville scout hall every evening by the Northville recreation department.

The class, to organize December 2 at 7:30, will be taught by Northville high school art teacher Jack Van Haren. It is offered to any adult in the Northville area.

A \$10 registration fee will cover instruction for the eight weeks and most materials, Van Haren said. Recreation supervisor Stan Johnston is now taking registrations, and will continue to take them until the course begins.

At their first meeting, students will decide on what hours to meet and what to do about Christmas holiday meetings.

Van Haren stressed that the course is for anyone interested in learning basic fundamentals of sketching and painting, whether they have had previous art training or not.

Novi Readers of Record: Cast Your 'Straw Ballot'

For residents of Novi township who receive The Record rather than The Novi News, a sample ballot appears below which will enable them to take part in the current straw vote on the question of incorporating Novi as a village.

The vote is conducted by a group opposing incorporation but has the blessing of another group which favors it. The opposing group will use the results to determine whether to continue its opposition.

The ballot below is for residents of Novi only. If Northville residents

were to cast a ballot, it would only give a false count and defeat the purpose of the straw vote.

Ballots must be mailed by Sunday midnight to Box 283, Northville. They will be counted Monday evening, and results will be published next week.

The ballot provides space for both a husband and wife to vote, but single persons should use only one side of it. For homes in which three or more registered voters live, a "homemade" ballot will be accepted.

Sample Vote

On the Proposed Incorporation of Novi Township

If I were to vote today on the question of incorporating Novi township as a village, I would vote:

I For it () For it ()
Against it () Against it ()

- 1) This ballot provides for a vote by both husband and wife, but single persons should check only one side of the ballot.
- 2) Do not sign the ballot, and do not vote more than once during the survey period (November 7-17).
- 3) Mail to: Box 283, Northville.

Annexation Goes to Voters Tuesday

Merchants Hit Parking Findings Of AAA Survey

Few Northville merchants who attended the parking survey meeting presented by the Automobile Club of Michigan last week were ready to accept the findings of the report.

Businessmen and city officials heard Charles I. Wixson of the Auto Club and Arthur C. Gibson, traffic consultant, disclose that according to their \$1500 survey of the city this summer, additional parking spaces were not needed in Northville.

The report did emphasize, however, the importance of improving existing off-street parking facilities and properly painting spaces.

Merchants attacked the report on these points:

1. The survey was conducted during the slow business season—August and September.

2. The report assumes that most existing off-street parking facilities are owned by the city and therefore permanent.

3. Spaces in privately-owned land behind buildings was counted as public parking.

4. Little consideration was given to future change and growth.

Merchants were almost unanimous in their opinion of the survey conducted at the request of the city. They feared the findings might cause city fathers to become "complacent" about parking needs.

Leland Smith, president of the Retail Merchants association, called the report unrealistic. "They didn't examine the situation closely enough," he stated. "What assurance do we have that the privately owned lots will remain as parking?"

Essie Nirider, past president of the merchants' group, said he was "disappointed" by the report. "Our efforts to improve and expand off-street parking shouldn't halt a bit," he stated. "We are just beginning on the program of providing parking and the need is with us now," he concluded.

Merchant Nelson Schrader attacked the report on almost all counts. "The only lots owned by the city in the downtown area are the Presbyterian church lot and a site on Dunlap street, he stated.

He discounted the suggestion that the city should improve and black-top lots because "the city does not own these lots." Schrader also called the August-September survey time the "low ebb of business" in Northville. He pointed out that curb space, particularly on Center street, could be eliminated by the additional traffic that would follow the 8-Mile road cut-off.

In short, Northville's merchants have not been re-assured by the AAA report and have become more determined than ever that parking be given special emphasis. "As a matter of fact, I'm afraid the report hurt the parking situation and may make it more difficult for us to acquire new parking facilities," Nirider concluded.

BURNING OF THE FLAGS — As part of their annual Veterans' Day observance Monday night, Northville American Legionnaires burned a number of unserviceable American flags in traditional ceremonies. Here, as the flags blaze brilliantly, David MacElravy calls the Legion troop to attention. Color bearer is L. W. Snow, Jr.

Mustangs Eye Title Tomorrow

There's a big evening of football in store for football fans tomorrow night when the Northville Mustangs make their last home appearance of the year.

Northville will meet high-flying West Bloomfield in a game that could give the Mustangs their second straight Wayne-Oakland league championship and a good shot at another undefeated conference record.

To add to the spectacle, it will be Dad's Night for two-score fathers who will watch the game from beside the players' bench. And from 7 to 7:30, two midget teams — one from Our Lady of Victory and the other from the Main street and Amerman schools — will clash in a renewal of one of the most popular events several years ago.

Northville and West Bloomfield

Jones Floral Co. Celebrates Opening

Attractive table centerpieces will be given to all visitors at Jones Floral company this Friday, Saturday and Sunday under its new ownership.

Norman Ruehr, who purchased the greenhouse and salesroom from Lawrence Mayer, brought back the original name of the business. It is located at 417 Dubuque. Mrs. Mary Jones, who sold the business to Mayer last year, will assist Ruehr in the operation of the business. Ruehr is associated in business with his father, owner of Heide's Greenhouse in Plymouth.

Final Grid Game Next Wednesday

The Northville Mustangs will journey to Clarenceville next Wednesday for their last game of the season.

The game, to start at 7:30 p.m., is a makeup of the Mustang-Trojan contest originally scheduled for October 11. It was cancelled when Clarenceville was stricken with the flu.

Though Clarenceville so far has a 0-7 record for the year and has scored only four touchdowns, the game may be a "must" for Northville. If the Mustangs lose or tie against West Bloomfield tomorrow, they will need a win over Clarenceville to take the league championship.

The game was scheduled for Wednesday because of the NHS senior play next Thursday and Friday.

and put them out of reach of second-place Holly, which ended its season against Northville last week with 5-1-1 mark.

West Bloomfield, after starting slowly this year, has developed into one of the league's strongest teams. The Lakers now have a 4-1-1 record and could tie Holly for second place by downing Northville.

In winning its last four games, West Bloomfield outscored its opponents 105-18. And in other games, the Lakers have only a 0-0 tie with Holly and a 28-0 loss to Milford marring their record.

Sparked by John Lucadam, all-league quarterback and one of the suburban area's most dangerous passers, West Bloomfield has mastered the roll-out and the long pass—two of the most vulnerable weaknesses in Northville's defense recently.

Meanwhile, Northville this week was rated fifth in the suburban area and 19th in the state among class B schools. A strong finish and a league championship would possibly boost their ratings even higher.

Merry Christmas!

Christmas club savings checks totaling \$115,538 were mailed to 1151 members today by the Manufacturers National Bank office in Northville.

A. Russell Clarke, vice president, stated that 1958 Christmas clubs were now open. Deposits will be made on a bi-weekly basis this year to coincide with most payroll systems, he stated.

Thirteen residents of Novi township and voters of the city of Northville will decide on Tuesday whether some 220 acres of Novi township will become a part of the city.

A majority vote in both sections is necessary for the proposed annexation to pass.

The area extends northward to the eight and one-half mile line and is bounded on the east by Novi road and the west by a line 1000 feet west of Taft road. It surrounds a northerly extending "finger" of the city of Northville, which includes the Amerman elementary school, on three sides.

Within the boundaries of the area reside 13 registered voters, the site of the newly begun 200-home D & R Building company subdivision, and Warren Products company.

Petitions initiated by residents of the area started the annexation move in September.

For the biggest section of the area it will mark the second time that it has been up for an annexation vote. The previous try, successful at the polls, was reversed in circuit court in a suit brought against the city and the D & R Building company last year by Warren Products.

Company officials have been non-committal as to their position in the new effort. Novi township officials have taken the attitude that if the residents want to join Northville, the township will not fight the action. In the first vote Novi allied itself with Warren Products in opposing the annexation.

Admittedly, Warren officials do not relish paying high city taxes. Their main objection, however, has been an inequity between taxes paid by Oakland and Wayne county sections of the city. Lying in Oakland county, Warren's assessed valuation undergoes an "equalization factor" higher than that which exists in Wayne county, thus making its property and school tax more than comparable property in the Wayne county section of the city.

R. T. Martin, a partner in the firm, met Tuesday with John Robertson, Northville city manager, and Councilman Malcolm Allen. Martin outlined details of a re-assessment plan for all of the city of Northville. The plan has the full cooperation of Wayne and Oakland tax authorities and promises to equalize the local tax picture.

"Obviously, the city manager has spent a great deal of time on this tax problem. I appreciate the information given us, but need time to evaluate the plan as it applies to our future tax picture," Martin stated Tuesday.

Thus, there is no guarantee that if the election wins approval, the city will not again find itself involved in a legal fight.

Meanwhile, the city council officially urged voters to support the annexation. A resolution was also adopted by the Northville Retail Merchants association favoring annexation.

Polls will open Tuesday at 7 a.m. and close at 8 p.m. Northville residents of precincts one and two vote at the Community Center, while precinct three residents vote at Amerman school. The 13 registered voters in the 220-acre Novi township site vote at the township hall.

Amerman Addition To Be Open Tonight

The nearly-completed Amerman elementary school addition will be open for the inspection of parents tonight from 7:30 to 9 p.m.

Although principal Richard Kay has announced that the school will be unoccupied by students as yet, some pupils may be housed in the new building soon.

Inspection of the eight classroom addition will be part of the school system's observance of American Education Week which ends Sunday.

Services Held For Paul Schulz

Funeral services were held Saturday for Paul H. Schulz of 46675 West Seven Mile road, well known Northville attorney.

Mr. Schulz passed away November 6 at the age of 62 in New Grace hospital, Detroit, after a long illness.

He had law offices in Northville and in the David Stott building in Detroit, and was a justice of the peace in Northville township.

He was a member of Redeemer Evangelical and Reformed church of Detroit, University Lodge 482, F. and A. M. and Sojourners chapter, R.A.M., of which he was a Past Priest.

He was also a member of the Kiwanis International of Plymouth, the Detroit Citizen's League, the Detroit Bar association and the Michigan Bar association, and the Layman's Group of the Detroit Council of Churches.

Mr. Schulz is survived by his wife, Florence, and a daughter, Mrs. W. B. (Theone) Secord, of Northville and two grandchildren. Also surviving is a sister, Mrs. Hulda Kent of Chicago.

Services were held from the Castlerline Funeral home, Rev. Harold Kohz and Rev. Theophil Goebel of Detroit officiating. Pallbearers were past high priests of Sojourners chapter, R.A.M. Burial was in Aca-cia Park cemetery.

Rehearsing Now For "Messiah"

Rehearsals for the community production of "The Messiah" began last Sunday at the Presbyterian church and will continue weekly until the oratorio is presented on December 22.

Directing the group is Leslie Lee, who says that anyone interested in participating — both those who have sung in the production in past seasons and newcomers who would like to sing — are welcome to join.

Mrs. G. B. Harrison of Farmington will be organist for the occasion and Mrs. Jan Bosch of Northville will be the pianist.

Rehearsals are held from 4 to 5 p.m. on Sunday afternoons at the Presbyterian church.

Two Soloists to be Featured At Next Plymouth Concert

For its second concert on November 17 the Plymouth Symphony Orchestra under the direction of conductor Wayne Dunlap will present one of the more difficult works of the composer Mahler. "Das Lied von der Erde" requires a full orchestra and is a symphony with voices.

For this the orchestra will be supported by two outstanding soloists — both on the music staff of the University of Michigan — Miss Arlene Sollenberger, soprano, and Richard Miller, tenor.

Miss Sollenberger, a native of Lindsborg, Kansas, already has a long record of concert and oratorio work in several states, in addition to many radio and television performances in Detroit and Ann Arbor.

Miss Sollenberger also continues her musical work each summer at Tanglewood, Massachusetts, and this year studied voice and opera in Munich with Herr Fietmuller on a Fulbright scholarship. While there she appeared with the Munich Opera.

Richard Miller, of Canton, Ohio served 14 months in the armed services in Europe. During this time he studied voice with Eduard Tyran, the leading baritone of the Marseilles Opera company.

As a graduate student at the University of Michigan Music school where he was awarded his master's degree, Mr. Miller also served as organist and choir director at the Methodist church in Plymouth, and directed the "Hymns of Faith" quartet for radio.

In 1951 with a Fulbright scholarship he studied voice and repertoire with Luigi Ricci of the Rome Opera House in Italy, and Mario Basiola of Milan. He was also the first lyric tenor with the Zurich Opera company at Stadttheater, Zurich, Switzerland for four years, during which time he gave over 250 performances of more than 30 leading operatic roles.

In addition to the Mahler opus, the Plymouth Symphony Orchestra will present the following numbers: "Variations on a Theme by Haydn", Brahms; "Divertimento from 'The Fairy's Kiss'", Stravinsky. (Based on themes from the music of Tchaikowsky).

CHRISTMAS WORKSHOP — Among 40 Girl Scout and Brownie leaders attending a workshop at the home of Mrs. Edwin Langtry on Thayer boulevard last week were new leaders (l. to r.) Mrs. Charles George, Mrs. Robert Gotts, Mrs. George Zerbel, Mrs. Brant Elliott, Mrs. Chet Lipa, Mrs. Del Steigerwald and Mrs. Fred Stefanski. The all-day affair was held so leaders could become acquainted with the variety of Christmas projects Brownies and Scouts can make.

Garden Club Hears Conservation Talk

The Northville branch of the Woman's National Farm and Garden association met at the Cambridge drive home of Mrs. Charles Walker on Monday, November 11.

A program on conservation was presented by Mr. and Mrs. Robert Merriam. Mrs. Merriam showed several arrangements of dried weeds, seeds and grasses. Mr. Merriam took the group on a picture tour, "Around the Year with Flowers", showing flowers and plants found in the Michigan area.

Preachin' or Meddlin'

The colored preacher was speaking forth his message with a great deal of fervor. His congregation gave their loud approvals with lusty Amens! Mandy approved with her "Amens" & frequently repeated, "That's preachin'." However when the preacher got down to the subject of snuff-dipping, Mandy's fervid amens ceased and now she said, "He quit preachin' and gone meddlin'." I'm afraid that old Mandy is not the only person who feels that the preacher has gone to meddlin' when he bears down on the sins and shortcomings of members present. Men of God, must, if they remain true to their calling, speak forth the truth about sins whether people like it or not. Too many people go to church to have their back scratched and ears tickled instead of desiring their hearts to be set straight.

John the Baptist became very unpopular in Herod's courts when he told the King "It is not lawful for three to have thy brother's wife." Elijah was also very unpopular when he said to Ahab—"I have not troubled Israel; but thou and thy father's house, in that ye have forsaken the commandments of the Lord." How much better to know the truth now while there is time to repent. If we judge ourselves, we need not be judged.

READY FOR CHRISTMAS — Turning the Horton street home of Mrs. Fred Hicks into a veritable Santa's workshop last Thursday were members of the Woman's Society of Christian Service of the First

Methodist church. Preparing for their smorgasbord-bazaar to be held December 5 are Mrs. Fred Hicks, Mrs. Jack McCrumb, Mrs. Douglas Bolton, Mrs. Robert Beasley, Mrs. Wm. Brown and Mrs. W. C. Becker.

Club Notes from Northville

and Nearby Communities

OLV Mothers' Club
The Our Lady of Victory Mothers' club will meet next Tuesday, November 19 at 8 p.m. in the church basement for a short business meeting and workshop for the Holiday House Party.

The annual affair, presented at homes of three members, will be held December 3. Tickets are now available from Mrs. Marshall Huff, Northville 1445, and Lila's Gift Shop.

Members are asked to make as many ticket returns as possible at

the meeting. Refreshments will be served.

Northville Woman's Club
Christmas wrappings and decorations will be discussed and demonstrated at Friday's meeting of the Northville Woman's club by Mrs. William B. Crump.

Guest of the club will be Lillian Zimnecker, Northville high school student who attended Girls' State under the sponsorship of the Woman's club.

Tea will be served after the meeting.

Past Mothers
Members will meet for a dessert luncheon next Wednesday, November 20 at 12:30 p.m. at the home of Mrs. Howard Atwood of High street. Assistant hostess will be Mrs. John Litsenberger.

Three Cities Art Club
Keep in mind that original paintings by club members from Northville, Plymouth and Livonia will be on sale November 25 through 31 at both Hillside Inn and the Mayflower Hotel in Plymouth.

International Institute
Residents are invited to attend the annual "Old World Market" of the institute, being held November 21 through 24 from noon, until 10 p.m. Miss Ruth Knapp and Mrs. Martha Egge of Northville will both be helping at the affair. Those attending may shop for articles from around the world, see exhibits of arts and crafts and programs of folk dances and folk music, and partake of international meals served daily.

DAR
Members of the Sarah Ann Cochran chapter of the Daughters of the American Revolution will meet next Monday, November 18 at the home of Mrs. Robert Willoughby in Plymouth at 1 p.m.
Speaker for the afternoon will be Mrs. Earl C. Beck, state chairman of Indian affairs, who will discuss DAR projects regarding American Indians.

Mr. and Mrs. Wren Chellis and her sister, Mrs. Harry Young, of Brighton, spent Wednesday at the home of Mrs. Laura Smith of Grace street.

Fifteen Delta Kappa Gamma members enjoyed dinner at Black's White House Monday evening, after which they had a business meeting. In the absence of president Mrs. Ida Cooke, vice president Miss Ruth Knapp conducted the meeting.

An entirely new Cadillac classic in styling, luxury and performance!

Seldom in Cadillac history has there been an announcement as significant as the message you are now reading.

For this is the announcement that introduces the finest motor car ever to bear the celebrated Cadillac name.

Certainly, one glance at its extraordinary grace and symmetry will tell you instantly that it is motordom's masterpiece in styling.

Its new sweep and stature, its remarkable new rear fender design, its dazzling new grille and four-headlamp system, and its tasteful use of chrome and color . . . all mark it as a singularly beautiful and majestic creation.

Surely, one look at its new Fleetwood coachcrafting will

convince you that this is motordom's masterpiece in luxury.

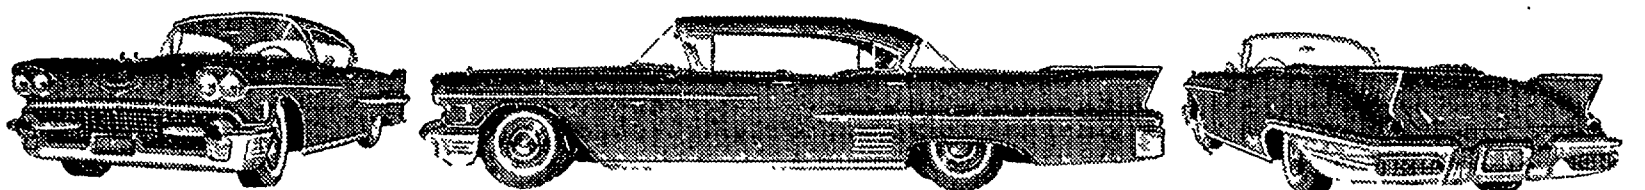

There are exciting new fabrics and leathers . . . wondrous new beauty of appointments . . . and a whole host of new passenger conveniences.

And, unquestionably, a single journey behind the wheel will reveal why this is motordom's masterpiece in performance.

There is a spectacular new high-performance engine . . . an even smoother, more responsive transmission . . . and, as an option at extra cost, the marvel of Cadillac air suspension.

It's all new—it's all wonderful—and it's all waiting for you today in our showroom.

We urge you to see and drive the 1958 Cadillac soon.

COME AND GET 'EM — And they did last Monday morning at the Lloyd H. Green Post pancake and sausage breakfast at the Veterans' Memorial building. Dave MacElravy is shown pouring coffee for Mayor and Mrs. Claude Ely. Seated across from the Elys are Ray Altenberg, the Ed Bogarts, Mrs. Milo Chapman, Miss Lucille Lanning and Charles Schoultz.

Northville to Get \$4,585 for Roads

Northville will receive \$4,585.65 as its third-quarter share of state gas and weight tax rebates.

In all, \$7,054,136 will be distributed to the state's villages and cities for the third quarter.

The money comes from the Michigan State Highway Fund, which collects it from state gas and weight taxes. The distributed funds must be used for local road and street improvements.

Cities and villages get 18 percent of the total collection (\$40,692,780 for the third quarter) and counties and the state get the rest.

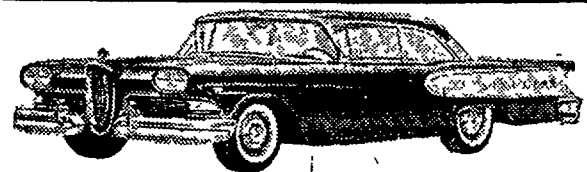

Japanese Methodist To Speak Sunday

A Methodist from Japan, Mrs. Kavulo Inoue will be guest speaker at the third session of the First Methodist church school of missions next Sunday.

Mrs. Inoue will appear in national costume.

Paul Beard will lead the panel, whose topic is "The Church Taking Root in Society" and "Other Churches and Other Faiths".

The last session of the school will be November 24.

Obituary

ABNER J. GOODALE

Funeral services will be held tomorrow (Friday) for Mr. Goodale, who passed away at his home, 613 Carpenter street on Tuesday. He was born January 3, 1883 to Michael and Julia Goodale. He had lived in Northville for 54 years, being employed as the miller at the Yerkes Mill for 50 years. Mr. Goodale was a member of the First Methodist church of Northville, the Novi Odd-fellows and the Modern Woodmen of America. He is survived by his wife, Bessie, and by a daughter, Mrs. Eva May Croft of Wixom. Also surviving are sons, Loren, James and Howard, all of Plymouth; 11 grandchildren and six great-grandchildren. Services will be held at 2 p.m. from the Casterline Funeral home, Rev. Paul Cargo of the First Methodist church officiating. Burial will be in Rural Hill cemetery.

ALBERT A. STEGEMAN

Mr. Stegeman, whose home was at 1323 Cambridge drive, Ann Arbor, passed away at Eastlawn Resthaven Monday, November 11. He was born March 19, 1878 in Allegan, Michigan. He lived for many years in the Upper Peninsula of Michigan, being active in the lumber industry. For the past 25 years he made his home in Ann Arbor where he was a real estate agent. Surviving are a daughter, Mrs. Helen Post, and a son, John, both of Ann Arbor. Friends called at the Dempsey B. Ebert Funeral home until last evening. Funeral services will be held at 11 a.m. Thursday at the First Presbyterian church in Ann Arbor. Burial will be in Allegan.

VITALIS B. CAMPBELL

Funeral services were held Monday for Mrs. Campbell who passed away Sunday at Aichison Memorial hospital. Her home was at 845 Spring drive. Mrs. Campbell was born March 2, 1882 in Reading, Pennsylvania to William and Mary Bechtel. She had lived in Northville for the past four years and attended the First Presbyterian church. Services were held from the Casterline Funeral home, Rev. John O. Taxis officiating.

VICTOR E. CASTERLINE

Mr. Casterline passed away November 8 at Veterans' hospital in Saginaw. He was born 65 years ago in Hamburg, Michigan to George and Eliza Casterline. He was a retired employee of the Excello Products corporation of Detroit. Surviving are daughters Mrs. Virginia Smith and Mrs. Mary Jane Rush of Detroit, and sons, George of San Francisco and John of Garden City. Also surviving are sisters, Mrs. Nellie May Gibson and Mrs. Louella Kienbaum, both of Snover, Michigan, and a brother, George, of Detroit, and 12 grandchildren. Funeral services were held Tuesday from the Casterline Funeral home, Rev. F. A. Ollerman of St. Timothy's Episcopal church officiating. Burial was in Rural Hill cemetery.

LOTTIE B. HOENBERGER

Mrs. Hoenberger, a former Northville resident who lived in Saline passed away Tuesday at her home. She was born on April 16, 1889 in Vassar, Michigan to James and Clarendia Bernie. Her husband, John, preceded her in death on December 12, 1947. Surviving are a son, Jack, of Walnut Creek, California, and two daughters, Mrs. Wanda Norton of Flint and Mrs. Beulah Kellogg of Saline. Also surviving are eight grandchildren. Funeral services will be held today (Thursday) from the Lockwood Funeral home in Saline, Rev. J. Beardsley officiating. Burial will be in Forest Lawn cemetery.

William Howard Taft was the first U.S. president to receive a salary of \$75,000 a year.

Youth Sentenced For Stealing Rifle

Two Novi youths, one 17 and the other 15, faced local law enforcement officials this week for larceny of a Winchester rifle from the Northville Hardware, 107 North Center street.

The gun, valued at \$79.95, was stolen during the noon hour Tuesday. The youths were apprehended shortly after a local merchant saw the gun lying in the parking lot at the rear of his store on North Center.

The 17-year-old youth was brought before Judge E. M. Bogart on Wednesday and sentenced to 30 days in the Detroit House of Correction and a \$50 fine. In lieu of the fine, he was sentenced to an additional 60 days in the Detroit House of Correction.

For an earlier charge of a hit-run accident, the youth was also fined \$50 or 30 days in the Detroit House of Correction. Driving without acquiring a license, he hit a parked car belonging to Herbert V. Vissa of 117 South Rogers.

Sentence of his companion in the theft was left to the discretion of chief of police Joseph Denton and juvenile authorities.

Driver Fined For Causing Injury

For reckless driving that resulted in an injury accident, Clifton E. Strasser of Detroit was fined \$25 by Judge E. M. Bogart last week. Strasser hit a car driven by Shirley B. Baxter of First street near the corner of Church and East Main streets. Her car then hit a car belonging to J. R. Potter of Spring drive. Potter was taken to Sessions hospital for treatment.

Damages to Mrs. Baxter's car amounted to \$588.16. Potter's car suffered \$133.28 in damages.

In another case, Salvatore S. Quinci of Detroit was fined \$5 for allowing an unlicensed driver to drive his car.

Over 100 Attend Fireman's Dance

More than 100 persons attended the Northville firemen's benefit dance at the community building last Saturday night.

First prize during intermission went to C. Shaw of 401 Pacific, Plymouth. W. Schwartz of Walled Lake took second, and third went to Max Macker of Superior township.

Thursday afternoon, Marilyn Vykdyal of West LeBost entertained Marilyn Jamieson, Evelyn Alexander and Jackie Morse.

BOLD NEW PONTIAC

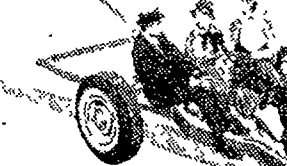

BOLDEST ADVANCE
IN 50 YEARS!

Circles-of-Steel SAFETY

Pontiac's completely new body construction surrounds you and your passengers with gyder steel protection—above, below, fore and aft. You drive with wonderful new peace of mind!

Aero-Frame STABILITY

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.

Quadra-Poise ROADABILITY

Lean back and relax—only the wheels know where the bumps are! Pontiac's new chassis geometry ends dive, sway and bounce to bring you the smoothest ride, easiest handling you've ever known!

The Golden Jubilee Car

MAKE IT A SPECIAL POINT
TO SEE THIS ONE!

The best ideas of the industry's hottest engineering team went into this Golden Jubilee Pontiac . . . newly created from the frame up to celebrate the 50th Anniversary of Pontiac and General Motors. The revolutionary advancements you see here mark a decisive break with the past . . . and conventional car design. Why not be among the first to drive the bold new Pontiac and discover a brilliant prophecy of the next big change in cars!

Ever-Level Air Ride*

The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps . . . keep the car perfectly level regardless of load or road!

Tempest 395 PERFORMANCE

Try the jeweled-action response of Pontiac's brand-new engine! Scores of exclusive engineering innovations make this hefty power plant a miracle of smoothness . . . choose from four horsepower ratings—including Tri-Power Carburetion* and Fuel Injection*.

*An extra-cost option.

New Direction STYLING

Here's a fresh new look in automobile styling—and only Pontiac has it! From classic grille to bold rear end, Pontiac makes a decisive break with the fads and frills! Despite its 4 1/4 inch lower silhouette, there's more room inside than ever!

PRESSED INTO SERVICE — Students were ready to climb aboard Northville's eighth school bus which was purchased by the school district last week. Elroy Ellison, high school principal, is shown receiving keys to the new bus from Kenneth Rathburn, owner of Rathburn Chevrolet Sales. The bus was put into service immediately to meet the school district's need for additional transportation.

2000-Home 'City' Planned

(Continued)

New Techniques Planned

Campbell said several new techniques will be introduced in the Novi development. He termed them "interesting" but "not radical". They will be revealed as plans for the development are completed.

Thompson-Brown president Charles F. Brown told the Novi board two weeks ago that the development will be timed so as not to overload school, commercial and transportation facilities in Novi.

He said his firm will follow its past practice of making school and church sites available at cost to local school districts and church organizations.

Thompson-Brown and Novi school officials were to meet last night to discuss problems relating to the new development and how to solve them.

(As for transportation, the state highway department coincidentally announced last week that one and possibly two new expressways will be built to link Novi with Detroit and southeastern Michigan within five to 10 years. For story and map, see page 9.)

First Novi Sewers

The sewer system — the first in Novi — will connect every home in the development with the sewerage disposal plant. Waste will be purified and digested, and the runoff will drain into a stream leading to the Huron River.

Capital for the system will come from private investors, who will be paid back through rates charged to users of the system.

The system will be designed to hook into the Wayne county interceptor line which will probably be extended into Novi within the next few years. After the tie-in, all homes in the development would feed into the county system.

There was speculation this week that other users might tie into the new system, with a line possibly running part-way across the township. Brown told the board earlier, however, that "outside use" of the system would depend on the stream's capacity as determined by the state board of health.

At present, that capacity is set at the 2,000 homes which Thompson-Brown intends to build.

Brown also told the board Thompson-Brown intends to turn the water system over to the township when it is complete and up to standards required by the township.

Led To Resolution

It was this water system question that led Staman two months ago to ask other board members for approval of a resolution stating that the township would take over all future water systems in Novi. Such a resolution was required before the state board of health would approve the system.

A photo survey of the area is now being taken, and one of the nation's top land planners is already laying out the development. Curved hard-surfaced streets, cul-de-sacs, large lots and other principles of modern community design will be incorporated.

Campbell said his firm will follow the Kendallwood plan of retaining several architects so as to provide a variety of home styles. The homes will be constructed by a group of building firms, rather than one, to give smaller firms an opportunity in the highly-competitive building industry.

All homes in the Novi development will have F.H.A. financing, but veterans' financing probably will not be offered. Brown said an adequate supply of mortgage funds will be available to provide good terms for home buyers and to insure a continuous building program.

Brown was optimistic about the development and said "he has no fear that this year's building lag will continue."

Mr. and Mrs. Howard Fuller of West Seven Mile road entertained guests for dinner on Sunday, November 10. They included Mr. and Mrs. Milo Balon of Detroit, Mr. and Mrs. Fred Lenz of Farmington, Mr. and Mrs. Clarence Konopatski of Detroit and Mrs. Elizabeth Broom of Farmington.

Stage Crew Busy On Senior Play

Not only the cast, but many behind-the-scenes workers are preparing for a tip-top production of "George Washington Slept Here", the senior play.

Members of the committee that have been painting sets and arranging props include Dick Stuber, chairman, and Russell Taylor, Duke Bellinger, Peter Gross, Bonnie Burnham, Mary Byrne, Ed Scheniman and Alice Sutton.

The list continue with Sharon Hill, Elsa Couse, Harry Sedan, Gary Wakenhut, Laura Bell, Janice Dixon, Corrine Springer and Jurgen Hamacher.

The play will be presented in the Community building November 21 and 22 at 8 p.m. Tickets are available from any senior. (See other story, page 15).

Residents Attend Employees Meeting

Walter E. Zells of Fry road and Joe Fein attended a meeting last Saturday of the Coordinating committee of the Michigan State Employees association at the Waldron hotel in Pontiac.

The committee, composed of members from several departments of state government in widely separated sections of the state, discussed many items of business including membership, legislation for 1958, grievance procedure, new business and discussion of organization charts for each institution.

Walter E. Zells representing Northville chapter MSEA, is employed as a locksmith in maintenance department. Joe Fein as alternate is employed as store clerk in Stores division.

Halloween "Treats" Given to UNICEF

"Trick or Treat with UNICEF" was the Halloween cry of the children of the Presbyterian and Methodist Sunday schools of Northville. "UNICEFing," under the direction of Mrs. Ralph Batzer and Mrs. Charles King resulted in a collection of \$62.30 for the humanitarian purposes of this United Nations agency.

Voluntary contributions were received by the boys and girls in containers provided by Mr. McGuire of Guernsey Farm Dairy.

UNICEF stands for United Nations Children's Emergency Fund, an agency which, for ten years, has specialized in the nourishment and health of children in needy areas of the world.

Daisy President Opposed Move

The Arkansas move of Daisy Manufacturing company hit home to some 25 residents of Northville, last week.

They're employees of the 70-year-old air rifle firm and along with more than 600 fellow workers still couldn't get used to the idea that Daisy wouldn't always be at 101 Union street, Plymouth.

The announcement came last Wednesday evening (November 6) in a 300-word statement from Cass Hough, executive vice president. It followed years of rumor and speculation prompted by admitted studies of more favorable economic and labor areas.

Hough re-iterated his position to The Record this week and revealed some of the steps leading to the decision to re-locate in Rogers, Arkansas.

He made it clear that the move was Cass Hough's project and that his strongest opposition and lone dissenting vote, on the four-member board of directors, came from Edward C. Hough, his father and president of Daisy. Other members of the board are Miss Pauline Peck of Plymouth and

Ray Talleson, Jr., an attorney. Sounding like a doctor who had to amputate the patient's leg to save his life, Hough said the move would not have been made if he didn't believe it was "the best thing for Daisy."

"It's been a bitter disappointment to my father and therefore a more difficult decision for me to make. I doubt if he'll ever visit Arkansas," Hough stated.

He outlined Daisy's plight, this way. "We could either sit still and eventually go out of business, or build anew and maintain our market. The easiest thing to do would be to sit still, but many employees have put their future in Daisy and therefore the company has an obligation to continue and grow."

"A building exactly the size of the one being built in Arkansas for \$1 million would cost \$1½ million in Plymouth, Hough added. He pointed to lower tax and labor costs as being major factors in the move.

Hough said that some \$75,000 went into the study that eventually led to the decision to leave Plymouth. He added that Dr. M. S. Ryder, University of Michigan authority

on labor economics played a major role in conducting the study.

To the frequently-heard statement that "the move will catch up with Daisy," Hough said the study showed that the "wage creep" is slower in northwest Arkansas than anywhere in the United States. "Costs will go up in Arkansas, but not as rapidly as in Michigan. And we're not moving to get away from unions. We've had them before and currently have a strong employee-union that does a pretty good job of bargaining for themselves," he added. He said the move would also put Daisy closer to the center of its market and the shifting U.S. population.

Hough disclosed that northeast Texas was given close consideration along with several other southern and southwest areas. He revealed that Winthrop Rockefeller's industrialization campaign in Arkansas had stimulated the thinking and imagination of the area and resulted in an excellent program for bringing industry to the state. He stated that he had talked to Rockefeller about the move in a telephone conversation.

Hough said that Daisy would maintain an office in Plymouth after the mid-1958 move. The plant will be sold, he said.

Howard and Jane Swick of Meadowbrook visited Art and Anne Muller of Dearborn Saturday and Dick and Gini Garrett of Dearborn Sunday.

Baby-sitter?

No sooner said than done..

by telephone

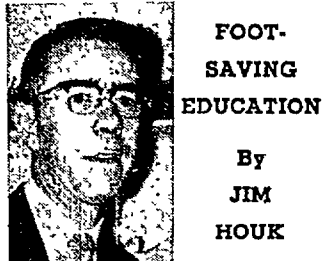

"We'd love to come," you said. "Let me phone a baby-sitter." And soon you were off for a relaxing evening of fun with friends.

You could relax because the children were in good hands and because you knew the telephone was right at hand for the baby-sitter to phone you if necessary.

Yes, your telephone is always ready to help. Let it run your day-to-day errands for you, plan good times, keep you in touch with friends and loved ones. There's just no end to its usefulness..

MICHIGAN BELL TELEPHONE COMPANY

FOOT-SAVING EDUCATION By JIM HOUK

My son's new shoes are size one and his old ones are thirteens. Can he wear the old shoes for a while to play in?

It would be safer to shine up his old shoes for Sundays and let him wear the roomier new shoes for school and play. Parental pride tells us that children must look their best when we take them to church but hurt pride heals quickly. Deformed bones are extremely difficult to straighten and that is an understatement if there ever was one.

ADDRESS CITY

Important Notice

FROM YOUR

City Council

The City Council of the City of Northville unanimously recommends the proposed annexation to the City of Northville.

The annexation includes all property not already in the City and bounded on the East by Novi road, on the South by Eight Mile road, on the West by a line approximately one-thousand feet West of Taft road, on the North by the Eight and one-half mile line.

THE ELECTION IS TO BE HELD ON TUESDAY, NOV. 19, 1957.

Claude N. Ely, Mayor

Councilmen:

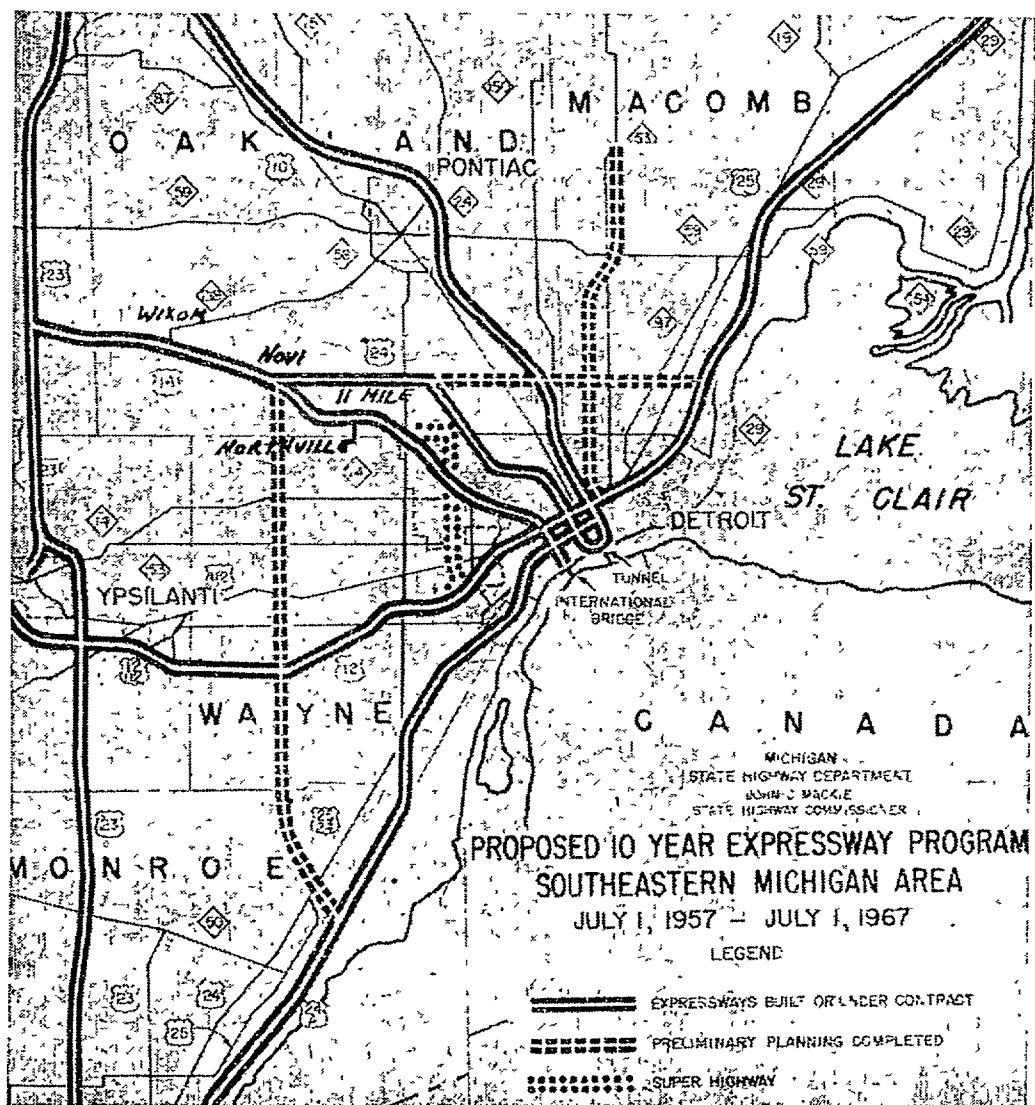

A. Malcolm Allen

John S. Canterbury

Earl L. Reed

Ed C. Welch

Two Expressways Coming

Two broad new superhighways probably will sweep through Northville and Novi within the next 10 years, tying this area into a vast network of expressways covering the entire southeastern area of Michigan.

The new routes were revealed last week by state highway commissioner John C. Mackie and other state highway officials contacted by The Record-News.

Mackie, in ceremonies opening the now-complete John C. Lodge expressway in Detroit, unveiled initial plans for: — a beltline connecting the Detroit-Toledo and Farmington-Brighton expressways, and presumably running through — or at least near — Novi and Northville.

— an 11 Mile road expressway joining the John Lodge-James Couzens and Farmington-Brighton expressways, probably following the present 11 Mile road.

Following Mackie's presentation, The Record-News contacted Albert C. Sherman of the highway commission's planning office and was told that both expressways probably would be extended even further, linking the Novi-Northville area to the interstate route to the Straits of Mackinac and to Lake St. Clair.

Sherman said preliminary plans call for: — the beltline to be extended north past the Farmington-Brighton expressway to the new interstate US-10 expressway to the Straits.

— the 11 Mile expressway to be extended east past the James Couzens expressway all the way to the Edsel Ford superhighway along Lake St. Clair.

So far, only one route appears fairly certain — the 11 Mile expressway from James Couzens to the Farmington-Brighton route. The new 11 Mile will join with the Farmington-Brighton expressway not far from the Grand River-Nowi road intersection, giving Novi residents a clear shot into downtown Detroit.

The other routes are still uncertain, said Sherman.

"As for the north-south beltline, we know only that we want to construct a new route for Telegraph road traffic," he said. "It is not practical to improve the present Telegraph, so we now are looking for a route to the west, where new population will create a great need for traffic relief."

Since 90 percent of the expressway costs will come from the federal government, he said, they must meet U.S. interstate standards (limited-access, certain width, certain grade.)

The expressways also will be designed for the optimum traffic value and the least property loss, he added.

Sherman said the highway department will make intensive origin-destination studies and population surveys before deciding on a final route.

"All this is dependent on our getting anticipated revenue," he said. "The state police, public utilities, bus lines, and other agencies are competing for state funds, and we can only hope we get what we plan on."

"In addition, there'll be the right-of-way problems," he added. "We should have a revolving right-of-way fund so so that we could purchase property before its price skyrockets."

Sherman re-emphasized that plans for the new expressways are still tentative. But, he added, money has been budgeted for studies of the routes.

A LOOK AT THE FUTURE —

Here is how the expressway picture in this area shapes up according to plans outlined last week by state highway commissioner John C. Mackie. The Novi-Northville area will have two new superhighways in the next 10 years. One will follow 11 Mile from the Farmington-Brighton expressway and eventually to Lake St. Clair. The other, a beltline from near Monroe, will move north through Northville and meet the Farmington-Brighton and 11 Mile expressways in Novi. Eventually, it will be extended north to the US-10 expressway running between Pontiac and Flint (extension not shown on map).

NEW LIGHT-DUTY Apaches

There's new pep and power in every Apache model, whether you choose the Thriftmaster 6, famous for economy, or the short-stroke Trademaster V8* with a full 283-cubic-inch displacement. Three brand-new Step-Vans make their debut to solve troublesome delivery chores. Rolling in for '58, too, are high-capacity pickups, panels and versatile 4-wheel drive models.

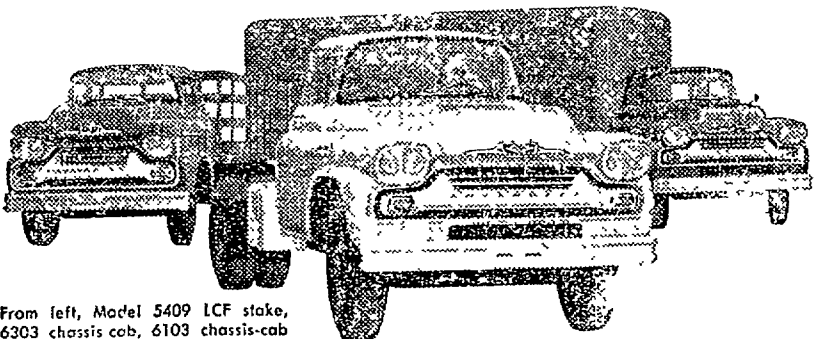

*Optional at extra cost on all conventional models

From left, Model 3545 Step-Van, 3204 pickup, 3805 panel

Here for '58 in 3 hard-working weight classes!

NEW HUSTLE! NEW MUSCLE! NEW STYLE!

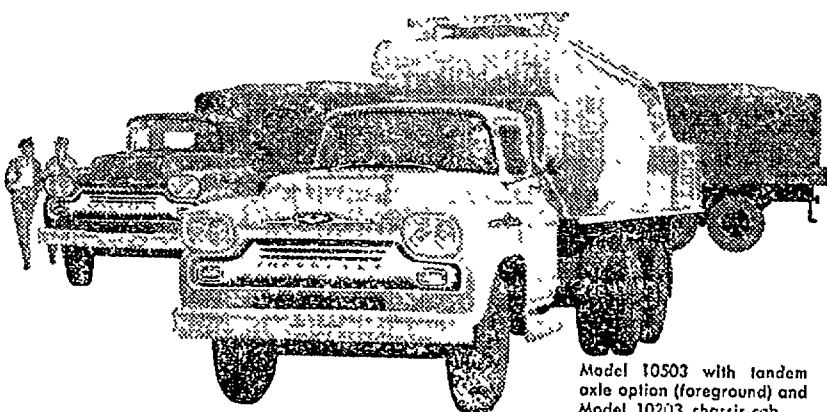

From left, Model 5409 LCF stake, 6303 chassis cab, 6103 chassis-cab

NEW MEDIUM-DUTY Vikings

Nine new medium-duty models add to the versatility of these Vikings, with new cab-to-rear-axle dimensions for improved semi-trailer, dump and van-type operations. Advanced V8's and 6's deliver efficient, hard-pulling power, with the Heavy-Duty Super Taskmaster V8* packing a high of 175 h.p. High-tonnage options hike GVW ratings to 21,000 lbs.

*Optional at extra cost on all Series 50 and 60 trucks except Forward-Control models

Model 10503 with tandem axle option (foreground) and Model 10203 chassis-cab

NEW HEAVY-DUTY Spartans

The heavy-duty Spartans make hauling history with the most revolutionary truck engine in decades—the Workmaster V8 with Wedge-Head design! Featured on high-tonnage heavyweights, this completely new 230-h.p. power plant achieves a new high in efficiency! Your Chevrolet dealer is eager to show you many other advanced features, including Triple-Torque Tandem options that boost GCW ratings all the way to 50,000 lbs.!

Latest editions of the "Big Wheel" in trucks!

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 Thursday, November 14, 1957—9

WORLD WAR I VETERANS of Benton Parkway Barracks and Auxiliary 267 will be selling tags tomorrow (Friday) and Saturday in Northville as a belated observance of Veterans' Day. From left to right (standing) are Charles Lowes, Floyd Dolmage and Tom Harney, post commander, and Mrs. Charles Lowes (seated). The originally scheduled tag day last Friday was postponed because of rainy weather. Funds will be used to aid needy World War I veterans.

STOP at NOVI INN COCKTAIL LOUNGE

Seek to End Pond Skating; Bar Novi from Program

The Northville recreation committee voted last Thursday to request the city council to close the Northville mill pond to ice skating this winter.

At the same time, the committee delegated recreation director Stan Johnston to find another area or areas which might be flooded for safe skating.

"We're just lucky that no serious accident has occurred at the mill pond," said Johnston. "The open channel in the middle is a constant hazard, and even with paid supervision we were taking a risk."

"The \$300 it cost us for supervision last year might better be used for creating a safer place to skate."

The committee also voted not to allow Novi township youngsters to participate in Northville recreation activities unless Novi reimburses the committee for expenses. At present, the entire program

is borne by Northville and Northville township, and committee members feel that Novi's share of the annual \$10,000 budget should be somewhere around \$900-\$1,000, based on enrollment figures from the summer recreation program.

Johnston approached the Novi township board for support last spring, but was told the township cannot contribute to an agency which serves only part of the township.

Registration for recreation league basketball is still being taken at the scout hall each Saturday morning from 9 a.m. to 12 noon.

Leagues will be organized for all boys in the fifth through twelfth grades except those playing on Northville varsity and junior varsity teams.

The recreation committee also is studying plans for an "Over 65 Club" to provide recreation for senior members of the community.

Novi Gridders Tie Dublin, 6-6

Novi school's young football team came within slightly more than one minute of winning its first victory of the season last Wednesday.

But with 1:10 left in the fourth quarter, Dublin pushed across a touchdown to knot the final score at 6-6.

Coach Gail Perkins' Novi gridgers led since the second quarter, when tackle Bill Krist smashed through to block a Dublin punt and recover it in the Dublin end zone.

But late in the fourth quarter, Dublin moved 50 yards in sheer power plays and finally crashed across on an end sweep. The conversion was missed.

With time for only three plays, Novi took the kickoff and moved to the Dublin 35 before the final whistle sounded.

Novi was to meet South Lyon eighth-graders Tuesday evening in its last game of the year.

It Was a Cold, Strange Night

SHORT-LIVED WARMTH — Gary Kohs was probably the warmest person for the shortest time at Holly Friday night. During halftime, he was all but lost in a pile of coats, robes and blankets. But when the Mustangs came out for the second half, he had to hop to it in his job as a student manager.

All in all, it was a most unusual night for the several hundred fans who journeyed to Holly last Friday to watch their Mustangs battle for the league championship.

They started off from Northville during one of the most fierce winds of the year.

By the time they had travelled over the back roads toward Milford and Highland, swirls of snow were beginning to drift along the roads.

Somewhere along the road, six or eight fire trucks and police cars roared south toward a fire.

As they passed through Milford, firemen were putting out a blaze in a car.

South of Holly, they saw wreckers pulling a completely smashed car off a railroad track — a Detroit woman had stalled on the track, but had hopped out before the train crushed into it.

A Northville school bus got lost, tried to turn around, got stuck in a ditch, and was finally pulled out by a wrecker. Northville fans passing by picked up many of the students and took them to the game.

In the Holly stands, the snow came harder — a small blizzard. During the half, they sipped coffee and huddled under blankets, while the Holly band wisely avoided the muddy field.

Then there was the game itself, with as wild and exciting and bewildering a finale as there ever was.

And for the few who stopped in Holly restaurants, for a cup of coffee afterward, the unearthly silence of the snowed-under ghost town put the finishing touches on a cold, strange evening in which almost everything seemed to happen.

COFFEE BREAK — As the snow swirled over Northville fans at halftime, at least a dozen thermos bottles came out of hiding. Here, Dayton Deal pours a cup of coffee for Ward Riley while Jim Riley frigidly takes a sip himself.

Mustangs Get by Snowy Scare

Holly 5 Yards from Title As Northville Holds, 14-13

Time was on the side of the Northville Mustangs Friday night.

With a heavy snowstorm pelting them from all sides, and a hard-charging Holly team only five yards from the Wayne-Oakland league championship, a muddy, miserable crew of Mustangs held tight for the final whistle and went home with the title all but theirs.

Walker, Starnes Ready For Action

Fullback Spike Walker and halfback Bob Starnes, Northville's main casualties in the Holly game, are expected to be back in action against West Bloomfield tomorrow night.

Walker scored both Northville touchdowns and rushed for 10 yards per carry against Holly before being sidelined with an injured leg just before the half ended. He sat out the second half.

Starnes, who ran for 59 yards in 10 carries and punted well against Holly, suffered a badly bruised hand in the fourth quarter. It was first thought that his hand might be broken.

Between the two of them, they accounted for 119 of Northville's 147 yards, and their loss no doubt figured in the Mustangs' second-half slowdown.

Dan Howell, Harry Sedan and Dick Buckley — also racked up in the Mustangs' most bruising game of the year — are expected to be ready Friday. Aid N. C. Schrader, out Friday with the flu, also will be back in action.

Jim Hammond, out for the season with a bruised kidney from the Milford game, was on the sidelines Friday, giving his teammates encouragement and helping spot weaknesses in the Holly offense and defense.

Ex-College Gridder Calls 'em Right In Football Contest

Two tie games blocked any perfect entries in last week's Football Contest, but aside from these Herbert M. Schultz of Willowbrook Village had all the right answers.

His accurate forecasts won the \$10 first prize, while second place money was split. Al Jones, Northville high athletic director, and Bill Boyd, a high school gridder, each missed three games and were only two points from predicting the Detroit Lions outcome.

Schultz is an accountant for the Ford Motor company and an avid sports' enthusiast. He played football in high school, the service and Kansas State college until an injury forced his retirement.

Most frequently missed game was the Illinois win over Michigan. Jones saw this upset, but also thought Purdue would down Ohio State. Boyd missed only the Michigan game in addition to the two ties.

With a rough schedule coming up next week, Ye Olde Contest Editor will give out a few of his excellent tips for the week end. Mark the down: Iowa to stifle Ohio State in a runaway; Detroit to down San Francisco; and, for the big upset of the week, Rice to knock Texas A&M from the ranks of the unbeaten.

The Coach's Corner

by RON SCHIPPER
Northville High School Football Coach

The 1957 football season is rapidly drawing to a close as new champions are crowned and the all-star teams are being chosen. By this time next week the Mustangs will have completed their 1957 season, and hopes are high for a repeat of their 1956 league championship.

The game this week with West Bloomfield is a must if we are to clinch the league title before our make-up game with Clarenceville next week.

For the many seniors, some of whom have played two or three years of varsity football, it will be their last home game. The many thrills and disappointments that have occurred while playing football will never be forgotten. This last home game could be a tremendous thrill for the entire school if the Mustangs could win their second consecutive league title.

To top off the game tomorrow night the Dads of the players will be guests of honor and sit on the bench with a number card representing the jersey number of their sons. I believe a special tribute should be given that night not only to the Dads of all the players but also to the Mothers for the contribution they have made to the success of our football team. Without their loyalty and support there would not be a football team at NHS.

So, to you Moms and Dads of the players at NHS, may we of the coaching staff say "thank you" for work well done.

There's Not Much Doubt About Final W-O Results

The final Wayne-Oakland league standings could almost be predicted this week, as only three games—two involving Northville—remained on the conference schedule.

Three teams have completed league play and another three will finish up tomorrow night, leaving only the postponed Northville-Clarenceville on the schedule next week. Northville, with two games left and only one win needed, seemed all but assured of the championship.

Holly and Milford appeared to have second and third places wrapped up, although West Bloomfield could move into a tie for second by downing the Mustangs tomorrow night.

The only other question mark is fifth place. Bloomfield Hills and Brighton will fight it out tomorrow night for that position, with Brighton on the favorite.

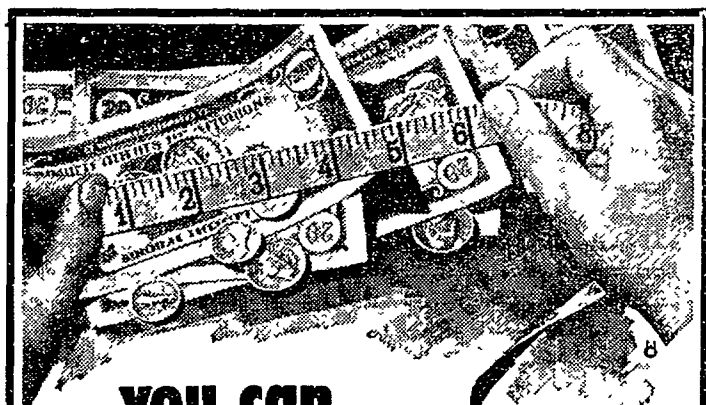

A loss by Bloomfield Hills would drop that team into a sixth place tie with Clarkston, which has now completed its schedule.

At the bottom is hapless Clarenceville, which has gone seven games without a win and has scored only four touchdowns all year.

Last week, only two conference games were scheduled. Holly went down to its first defeat and was all but bumped from title contention when Northville held on to win, 14-13. Brighton picked up its second win of the year by edging Clarkston, 12-7.

In non-conference games, third-place Milford tumbled to Walled Lake, 25-13, Farmington handed Clarenceville a 13-7 loss, and Bloomfield Hills blanked Oak Park, 12-0. West Bloomfield was not scheduled.

The standings:	
NORTHVILLE	5 0 0
Holly	5 1 1
Milford	5 2 0
West Bloomfield	4 1 1
Brighton	2 4 0
Bloomfield Hills	1 4 1
Clarkston	1 5 1
Clarenceville	0 6 0

The Rev. Peter Nieuwkoop, Pastor
First Baptist Church, Northville

PRESENT DAY TRENDS

The History of the Church records many conflicts in doctrine and practice. Like the History of Israel, so the History of the Church is one of apostasy and revival. It will be helpful in understanding the day in which we live if we understand the transition taking place now.

The term "Modernism", or liberalism, is a term used to describe those in the professing Church who have departed from what they originally believed true. It originated among the "Higher Critics" in Germany and thus transmitted through Colleges and Seminaries into the pulpits of the world. In a word we could say that emphasis was placed upon man's relation to man instead of man's personal salvation in his relation to God. The doctrines of the Christian Faith became secondary or discarded altogether. The Social Gospel took the place of the Gospel of the saving grace of God.

The term Fundamentalists was given to those who did not drift with the trend of Modernism. These stalwart soldiers were men of conviction who retained their faith in the inerrancy of the Scriptures, the Deity of Christ, Justification by Faith, The Virgin Birth, the Reality of heaven and hell and many such foundation facts of the faith. Since

the major denominations became controlled by Modernists, many of the Fundamentalists were ruled out of their pulpits. Hundreds of Churches in practically all denominations succeeded from their Conferences, Conventions and Synods. These formed independent societies for the purpose of maintaining the original foundation doctrines of the faith.

The term Neo-Orthodox is used to describe the present trend back in the direction of "orthodoxy". Modernism fell into disrepute when two world wars in one generation shattered their contention that peace on the earth had been attained by means of the Social Gospel. Churches became empty and many buildings were abandoned. The experiment of Modernism had failed. The Neo-Orthodox movement has its roots in the works of Karl Barth, Emil Brunner, Reinhold Niebuhr and Edwin Lewis. Neo-Orthodoxy does not accept the authority of the Bible as the Word of God. It does not accept the Genesis creation as a fact but prefers the theory of evolution. It does not accept the NT teachings concerning Christ. Actually it is a revolt against Modernism and yet has no certain standard in itself. Neo-Orthodoxy is not orthodox. It is merely liberalism in a new cloak.

I trust this defining of the terms and trends of the day will help you understand the differences in Churches today.

SELLING SHARES OF HAPPINESS for the Chelsea Old People's Home was a current project of the Methodist Youth Fellowship of the First Methodist church. Here, Mrs. Charles King, MYF counselor, and Rev. Paul Cargo look on while Essie Nirdler (far left) buys some stock from Harry Sedan. Sedan is sub-district chairman on citizenship of the MYF.

More and More . . . People Are Finding
It's Just Good Business To

SHOP IN NORTHVILLE

NORMAN RUEHR, new owner of Jones Floral company, is shown above examining floral arrangements with Mrs. Mary Jones. Ruehr recently purchased the 417 Dubuque-street greenhouse and showroom. Mrs. Jones, who had owned the business before Lawrence Mayer, will assist Ruehr. A grand opening under the new ownership is planned for this Friday, Saturday and Sunday. Visitors will be given table-centerpieces.

THE FIRST 1958 Oldsmobile sold from Rathburn Chevrolet Sales, 560 South Main street, went to George Price, shown above (left) with the agency owner, Kenneth Rathburn. New car prospects can see both the Oldsmobile and Chevrolet 1958 lines on display at the Rathburn showroom. Modern service facilities are also available to owners of all model cars at Rathburn's.

There's more than one reason why it pays to do your shopping locally:

• **CONVENIENCE**

It's so easy to shop in Northville, only a few minutes from your home and parking right near the stores.

• **QUALITY**

All the nationally known brands you prefer are available right in Northville.

• **RELIABILITY**

Your local merchant is also your neighbor.

• **ECONOMY**

Prices must be competitive! And actually you save by not having to drive miles for your "bargains"

• **SELECTION**

Northville's variety of stores can supply all your needs.

• **POLICY**

Your local merchant helps support your community and schools. He deserves your support!

AMERICA'S FOREMOST FOOD RETAILER . . . SINCE 1859

THE GREAT ATLANTIC & PACIFIC TEA COMPANY

Minutes of the Board of Education

November 4, 1957

The regular meeting was called to order at 7:30 p.m. by Vice President Waldo T. Johnson, in the absence of President Schrader.

Present: Waldo T. Johnson, Eural F. Clark, Robert H. Shafer, H. Adrian Willis, Superintendent R. H. Amerman.

Absent: Nelson C. Schrader.

Others Present: Various people having business with the Board.

The minutes of the last regular meeting were read by Secretary Shafer. There being no additions or corrections to the minutes, they were announced approved as read.

Communications:

1. G. F. Taft, submitting proposal for grading on new high school site, \$12,950.00.

2. Change order on Amerman School addition, regarding flooring in Corridor No. 49, change approved by architect.

3. Solomon Construction Company, advising of unavoidable delays in construction which will delay opening of Amerman School addition until approximately November 11.

4. Principal E. V. Ellison, advising that William Tierney has completed the work required for graduation from high school and recommending that Mr. Tierney be granted a diploma.

5. Cash receipts totalling \$26,427.80.

New Business:

1. Grading at new high school site; Superintendent was instructed to communicate Mr. Taft's proposal and associated figures to the architect for approval, after which Mr. Taft may proceed with the grading.

2. Diploma for William Tierney: Mr. Clark moved, and Mr. Shafer supported, that, on the recommendation of the principal and superintendent, Mr. William Tierney be granted a diploma. Motion carried.

3. New School Bus: Bids on a 60-passenger school bus were received, as follows:

Marr Taylor, \$5,772; Demonstrator; Marr Taylor, \$5,900; Demonstrator; Rathburn Chevrolet Sales, \$6,008.03; G. E. Miller, \$6,092.40; Marr Taylor, \$6,139.98; Rathburn Chevrolet Sales, \$6,147.50; Marr Taylor, \$6,208; Demonstrator; G. E. Miller, \$6,276.48; Rathburn Chevrolet Sales, \$6,307.14; Marr Taylor, \$6,355.64; Marr Taylor, \$6,655; G. E. Miller, \$6,743.56; Marr Taylor, \$6,808; Marr Taylor d., \$6,808.

It was moved by Mr. Shafer that these bids and specifications be turned over to Mr. Ellison, the Director of Transportation, for his study and recommendations. Mr. Willis supported. Motion carried.

4. Senior Class Trip: Dick Stuber, representing the Senior Class, appeared to request permission of the Board for the Class of 1958 to make a 5-day trip to Washington, D.C., and New York City, in May, 1958. It was moved by Mr. Shafer and supported by Mr. Willis that this request be granted. Motion carried.

5. Junior High Curriculum Committee: Mr. William Crump submitted the monthly report from this Committee, requesting approval of the following candidates for membership: Mr. Edward Chavez, Jr.; Mr. Reuben Jensen; Mr. and Mrs. Victor Lonn. Mr. Shafer moved, supported by Mr. Clark, that the report of the Committee be accepted and the recommended persons be approved for membership. Motion carried.

6. Sale of Bonds: Mr. Shafer moved that a resolution to issue bonds in the amount of \$1,850,000 for the construction of a new high school, on a schedule of debt retirement drawn up by F. M. Thrun, bonding attorney, be passed, subject to approval by James Littell, school attorney. Mr. Clark supported the motion, which was carried as follows: Ayes 4; Nays 0.

Treasurer's Report:

Balance in General Fund, October 31, 1957, \$39,985.53;

Balance in 1949 Debt Retirement Fund, October 31, 1957, \$1,509.90;

Balance in 1954 Debt Retirement Fund, October 31, 1957, \$2,123.98;

Balance in 1957 Building and Site Fund, October 31, 1957, \$67,722.09;

Balance in 1957 Debt Retirement Fund, October 31, 1957, \$9,100.

It was moved by Mr. Willis and supported by Mr. Shafer that the treasurer's report be accepted as presented. Motion carried.

Auditing Committee:

The Auditing Committee approved bills and payrolls as follows:

bills: \$3,551.19 from the General Fund; \$39,611.65 from the 1957 Building and Site Fund; Payrolls, \$41,444.08. It was moved by Mr. Willis and supported by Mr. Shafer that the bills and payrolls be paid. Adjournment.

Mr. Clark moved the meeting be adjourned at 9:10 p.m. Mr. Willis supported. Motion carried.

Accessories Stolen
From Open Garage

John R. Fisher of 241 Rayson street reported to police that rubber floor mats and carpeting were stolen from his car sometime during the night of October 31 as it sat in his garage.

Also taken were a set of plastic window curtains. Fisher told police the garage was unlocked.

News of Northville High School

"Know Your School" Tonight

"Know Your School" night will be held this evening for parents of Northville high school students in observance of American Education Week.

Parents will meet at the Community building gym for announcements from 7:30 to 7:45 p.m.

From 7:45 to 8 p.m., they will meet in homerooms where they will

receive their children's schedules. Beginning at 8 p.m., they will begin a "day of school".

Class periods will be ten minutes long. In between classes they will have five minutes to get to the next class. Fourth and fifth periods will be combined.

From the school building, parents will return to the community center

for refreshments. Members of the National Honor Society will act as student guides.

Students Named To Dean's List

Bill Hilts, son of Mr. and Mrs. Lawrence Hilts of West Main street, and Rick Atchison, son of Dr. and Mrs. R. M. Atchison of South Rogers street, have been named to the dean's scholastic honor rolls for the first two grade months of the school year.

Rick and Bill are both students at Kemper Military school in Boonville, Missouri.

Pep Club Rouses Spirit With Orange and Black Day

Last Friday, the Pep club had an Orange and Black Day to get up the school team spirit.

Orange and black bows were on sale so the students who hadn't worn orange and black could do so. In addition to the Orange and

Black Day, the Pep club gave out small pep signs for the students to wear.

Notes, telling the players that they had the Pep club and the cheerleaders behind them, were placed on the individual players' lockers. Signs saying, "Back Us", were pinned on each player's back.

At the pep meeting, the Pep club presented coach Ron Schipper with a scroll saying that "the whole school was behind him and the team".

Eight Attend Engineering Meet

Eight students from Northville high school were among 1,000 students from metropolitan Detroit who attended the Engineering Society of Detroit's 25th annual engineering and science vocational guidance meeting yesterday.

Attending were Dick Biery, Bob Bake, Dave Janetzke, Mike Petz, Joe Kritch, Pete Gross, Dick Buckley and Jim Hammond.

The conference was held at the society's headquarters, in Detroit. The conference is sponsored in cooperation with the city of Detroit's board of education, the Engineer's Council for Professional Development and the Engineering Society of Detroit, and is planned to further the interest of high school students in the profession of engineering.

Engineers Club Has 20 Members

This year a new club has been organized at Northville high school—the Engineer's club.

Sponsors are Mr. Quay and Mr. Anderson.

The purpose of the club is to create interest in science and engineering and to help prepare for college engineering. There are approximately 20 boys in the club.

On November 6, Bob Hart, director of the evening school at Chrysler Institute, gave a speech to the club concerning engineering and courses taken for college engineering.

Future plans are for each member to work on the special phase of engineering that interests him.

Seniors See Play in Detroit

The senior play cast went to MacKenzie high school in Detroit Wednesday, November 8 to see a production of "George Washington Slept Here".

This is the play Northville seniors will present on November 21 and 22 at the Community building.

Tickets are now available from any senior student.

Sophs to Sponsor After-Game Dance

On November 15, the sophomore class is sponsoring an "after game" dance that will last until 11:30.

The music will be provided by the Northville high school dance band. Tickets may be purchased at the door.

Band Working For Next Game

Northville's marching band is back to work again after a week's vacation.

Although they didn't march at the Holly game last week, they have been working toward Friday's game with West Bloomfield.

Last week was spent in practicing for their coming concert on December 10.

U-M Freshmen Meet with Ellison

Two former Northville high school students now attending freshmen classes at the University of Michigan talked with principal E. V. Ellison at the annual principal-freshman conference last week.

They are Bernhard Muller and Roseanne Perrault, who graduated from NHS last June. Speaker for the conference was William E. Stinton, vice president of the university.

SPEAKING for the Record

By BILL SLIGER

While most of the community's sportsmen moved north this week in search of the buck, Roy Stone is enjoying balmy 72 degree weather in Florida. He invited both Otis Tewksbury and myself to join him for a day or two of deep sea fishing. Otis, who was smart enough to snap-up the invitation, returned last week end. His tan, plus a "good fishing" report, didn't help our Monday morning.

* * *

Postmaster Leland Smith tells this sad story of the "one that got away". Along with his son, Steve, and Bruce Turnbull, Smitty went deer hunting with bow and arrow last week. With Steve behind a tree and unable to take a shot, Smitty was caught crawling on his hands and knees by a good-sized buck not 50 feet away. Both Steve and Smitty were afraid to move. Finally, after what seemed like minutes, the buck bolted away leaving two sad and sick hunters. (Where was Turnbull all this time?)

* * *

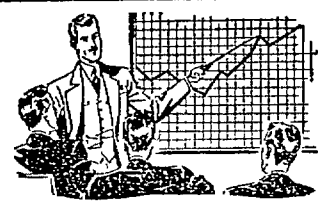

Last week's column brought strong response from many readers in the form of phone calls and personal visits.

We're sorry that one reader failed to identify himself. His note taped to the front door of our office early Friday morning was signed only "Honest Citizen". It read, "look at your own windows before looking at the city alleys . . .".

While we haven't much to say for "Honest Citizen's" courage, we'll have to admit that his criticism was constructive.

* * *

Local businessmen had some good questions about the AAA parking survey report made last week. In general they were dissatisfied with the findings and still believe Northville lacks sufficient offstreet parking. (See story on page 1).

LOCAL BUSINESS BRIEFS

Hi Holmes, 25230 Novi road, has introduced a new service to go along with his furnace repair. It's monoxide gas detection. Working with special equipment, Holmes says that he has discovered three cases of monoxide gas leakage caused by faulty heating equipment recently. Health department officials have warned to watch for symptoms which may indicate monoxide gas — mild headaches and nausea.

* * * *

C. Olaf Talla, vice president of the Detroit division of the Kroger company, says check-out bottlenecks in supermarkets may be a thing of the past. A new device now being tried in a Cincinnati, Ohio Kroger store fills bags automatically cutting check-out time a third.

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from

"catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.

See Swept-Wing 58 by Dodge at G. E. MILLER SALES & SERVICE, 127 Hutton, Northville

Michigan Mirror

Wait 40 Years, Save \$4

MOTORISTS WILL GET A free trip across the Mackinac Straits bridge in 1997 if everything works out.

Financiers said it will take 40 years to retire the \$98,800,000 in bonds to pay for the bridge unless refinancing, lower interest rates, and extra traffic make it possible sooner.

Cars from every county in the state were on hand to make the first official crossing November 1. In the 10 hours after Gov. Williams paid the first toll, 3,005 vehicles passed the gates.

The opening was timed 15 days before the annual traffic jam at the straits starts with the opening of the deer season.

For years, the pileup of traffic has stretched back five to eight miles.

Now, the two great peninsulas have been linked by steel and concrete and officials on both sides of the straits expect a bonanza of business and industry.

There have been dreams of such a bridge for more than 100 years — since Michigan obtained the Upper Peninsula from the Northwest Territory in negotiations following the Toledo war.

Hundreds of men have figured directly in its construction.

They include former Gov. Murray D. Van Wagoner, whose administration built a causeway into the straits from St. Ignace as a starter 16 years before the bridge was to be completed by others.

They include Republicans in the legislature and Democrats in the executive office during the past 10 years, and interested groups on both sides of the straits.

Now, it is finished.

Left behind are the ferry boats and the memories of the millions who rode on them between the peninsulas since the state-operated service was inaugurated 34 years ago.

The five-boat fleet is for sale.

The crews are either already working in other state or private employment or are looking for work. That was one of the main problems as the bridge neared completion.

Highway Commissioner John C. Mackie inherited the job of finding work for the men.

As the bridge opened, fewer than 100 of the 475 in the fulltime and parttime complement were still unemployed. A special staff in Mack-

ie's department is still working on the problem.

MICHIGAN IS THE FIRST state to be fully organized in the "Co-operating Dairy for Civil Defense" plan, according to Leonard Francine, secretary of the Michigan Milk Dealers association.

This is a plan to supply pure drinking water to areas hit by disaster. In brief the idea involves an agreement by dairies to fill paper cartons, usually used for milk, with water. The filled cartons can be readily transported to the stricken area for distribution through Red Cross or Civil Defense representatives.

Tornadoes, accidental industrial pollution, atomic attack or other emergency conditions can create a vital need for pure water.

This was the case in Utica last year when it discovered that waste materials discharged into the water supply made the water unfit for consumption.

To date, the plan has been used in four natural disasters in other states. The most recent was Hurricane Audrey last August. Pure water was also trucked into the St. Charles, Louisiana area following a flood.

"CD for CD" is a program embraced by the Federal Civil Defense Administration. FCDA is recommending that other states follow Michigan's lead.

The original idea came from a Michigan man, George D. Scott, vice president of the Pure-Pak division of Excella corporation, by no strange coincidence, manufacturers the paper cartons used by dairies.

LOCAL OFFICIALS are urged to start training schools for bad drivers haled into their courts.

The new law authorizing the local schools became effective September 27.

It sets up a committee of local law enforcement officers, officials and educators to organize the schools to which "students" are referred by the courts.

"We should try to give this law a good chance," said Dr. Lynn M. Bartlett, superintendent of public instruction.

Through November, he has scheduled 15 training courses for local officials, urging them to start the schools and giving them the guidance of state-trained experts.

The value, he said, can be seen in the reduced traffic fatality figures.

Roger Babson

Bank Stocks Offer Good Investment Return

Babson Park, Mass. — A very popular book of 40 years ago was entitled "Acres of Diamonds" by Russell H. Cornwell. The story was the true account of how a diamond expert had sought the entire world over for the largest diamond, and it was finally found on his father's farm.

Bank Earnings for 1957

So many readers are today seeking the safest good-yielding investment that it is a pleasure for me to suggest that it may be in his own city. I refer to your local bank stock as an investment. Your local bank will probably show an increase of 10 percent in 1957 earnings, compared with 1956.

Furthermore, banks are the only investment group showing such an advance in earnings under today's competitive conditions. I know of no banks which are decreasing their dividends; while most banks are planning some increase in dividends for 1957.

Effect of National Interest Increases

The real reason for the prosperity of banks is the increase in the basic Federal Reserve rate. Since the middle of 1955, interest rates of the popular "3-to-5 year" U. S. Government issues (the world's most conservative and most active bonds) have increased 55 percent; while the rate on the "9-to-12 months" U. S. issues has increased 110 percent. Rates on prime commercial paper have increased about 60 percent. Yet current indices of bank stock prices are practically unchanged since mid-1955.

Local bank stocks have a poor and irregular marketability. If you wish to buy ten shares, you will probably have to get them through the president or cashier of the bank. He likewise must find a buyer when you desire to sell. On the other hand, the stocks of the big banks like the Chase Manhattan, the First National City, and the

Guaranty Trust Company of New York City are active and can readily be bought or sold at any time.

Competition and Inflation

Banks have very little competition. Their competition takes the form of getting deposits rather than the starting up of new banks. It will help your personal credit to try to get new depositors for the State or National Bank with which you are doing business. Also, try to keep a good balance yourself.

Banks do not suffer from inflation. If money becomes "cheaper", they take in money of declining value and also pay out the same kind of money. The only way that inflation harms banks is in the decline of their long issues of Government Bonds; but wise bankers will buy only short maturities.

Careful Examinations

Banks are not only audited by their own communities, but also by state or national examiners, or perhaps by both. Stockholders can at any time get a financial statement, free of cost. You, therefore, can keep a constant watch on your bank's financial condition.

Instead of bank statements being padded, they usually contain "hidden assets". Banks may be compelled by the examiners to treat as "valueless" certain notes or collateral; but these are not des-

troyed and may again become valuable.

Bank Stocks Give Local Prestige

It seldom helps one's credit or social standing in the community to own stocks listed on the New York Stock Exchange, even if they are of the highest grade. It, however, does help one's credit and standing to be a stockholder in the local bank. I especially advise young people — men or women — to acquire a few shares of their local bank stock every year.

March of Dimes Director Named

The Oakland County Chapter of the National Foundation for Infantile Paralysis has announced the appointment of Stanley C. Colby as field director of the chapter. The announcement was made by the Rev. G. Burton Hodgson, chapter chairman.

Mr. Colby, 32 years old, is a native of Pontiac. He attended Pontiac high school, and has been employed by General Motors Truck corporation for the past 14 years.

Colby will divide his time between the March of Dimes campaigns and the 200 active cases of polio in Oakland county. Direct care of these patients in the county amounts to \$5,000 per month.

When I refer to such bank stocks, I have in mind the stock of State or National banks. Most Savings Banks, Federal Loan Banks, and Co-operative Banks are MUTUALLY owned and hence have no stockholders. Let me say as a final thought: Banks are one of the few businesses which need not fear new competitors. It would be hard for any group to secure a charter for a new bank in your city or town.
