

BANKERS CHOICE-Judges at a banquet in Detroit lost no time last week in naming Mrs. Mary Anderson "Mrs. Manufacturers National Bank". A teller at the Northville branch, she will represent the 35 Manufacturers branches in the "Mrs. Detroit Banker" judging during the American Institute of Banking's annual Christmas ball on December 14. Mrs. Anderson, who lives at 46500 West Eleven Mile road in Novi, has been a teller at the Northville branch for eight months. Judges selected her on the basis both of her appearance and her ability as a teller.

Turn Light On For Dystrophy Drive

The annual drive for funds for muscular dystrophy association will take place this evening (Thursday) between 7 and 9 p.m. in the form of a porchlight campaign under the leadership of Mrs. Kenneth Conley.

Workers will stop at porches with lights turned on.

Funds from this drive are used to foster research, treatment, education and rehabilitation for those afflicted with muscular dystrophy.

As yet, so little is known about the disease that research is needed to determine cause and treat-

Muscular dystrophy is not included in the United Foundation campaign because it is felt the disease is a national and international problem rather than a local cause.

Court Case Looms For Novi, Wixom

A court case loomed this week as tax collections from Novi township Novi township served notice it will of \$104.12: not divide assets with Wixom when and if the village officially becomes a city.

Wixom, which voted 367-61 last \$13,347.52. week to become a city, is now at work on a charter which will go Northville Curriculum study combefore the public early next year.

If the charter is approved, Wixom will become a city and will seek

its share of an estimated \$100,000 m township assets. But the Novi board agreed last

week that Wixom will have to sue Opens for Blind to get the money. Novi attorney Anthony Renne claims state statutes do not require a division of or incorporation directly into a city.

Board members further feel that Wixom's claim to 50 percent of the township's assets is inequitable Division of assets is based on assessed valuation, and Wixom is worth some \$10,400,000 of the entire \$20,000,000 valuation for Novi.

But \$10,000,000 of Wixom's worth is represented by the Lincoln plant. 'The plant has paid no taxes, but

would carry half of Novi's assets with it," said supervisor Frazer Staman. "That would amount to about \$50,000, which would bankrupt the township."

Novi Board Votes to Be Observer'

Northville and Warren Prodacts are "courting" again.

Their return to the familiar role came about last week with the issuance of a legal petition by the Novi township corporation requiring the city to show by what right it assumed jurisdiction over some 220 acres of the township, including the Warren plant.

The area was annexed to the city November 19 by a nine to five vote in the section annexed and a 159 to 32 vote in the city.

Specifically, the Warren Products suit challenges the interpretation of the law governing annexations. Warren attorneys evidently believe that the whole township, rather than just the area to be annexed, should be entitled to vote on the annexation.

A hearing on the matter will be neld December 18 before Clark J. Adams, Oakland county circuit

It marks the second time in a year that Warren Products has taken Northville to court over annexation. Officials of the firm have steadfastly opposed coming into the city claiming heavier tax burdens and tax inequities between Oakland and Wayne county sections of the city hurt the competitive position of their firm.

In the previous suit Warren won eversal of the election by claiming

Last June Rensmall hydro-factories operated by ne advised the Novi board to drop an identical suit concerning 82 acres surrounding the Amerman school because "the chances of winning were very slim."

Renne's request was not given complete support of the board. Clerk Hadley Bachert abstained and later stated that Novi township should maintain its "hands off" policy as long as the people of the area desired annexation to Northville. Supervisor Frazer Staman, who has been openly opposed to the annexation, estimated the total valuation of the area at \$100,000.

Specifically, the area extends northward to the 81/2-mile line are from Novi road westward to a point 1000 feet west of Taft road. In addi tion to Warren Products it include. Classes to Begin For Retarded

Fifteen youngsters will begin classes at the Wayne County Training school next week under a new day school program for mentally handicapped children.

Five other school districts, including Plymouth, Redford Union, South Redford, Wayne and Livonia have joined with Northville in the cooperative effort. The Northville district will be the administration center for the program.

The program will be on a tuition hasis and each district will be assessed according to the number of students from its district.

Students' beginning next week are from four of six districts: six from Wayne, six from Redford Union, two from South Redford and one from Plymouth.

stretch? Shoes that are a trifle narrow may give enough to become comfortable. Shoe repairmen now have a chemical solution that helps stretch leather.

The need however is usually for added length since feet grow longer rather than wider. The chief obstacle to successfully stretching shoes lengthwise is a steel shank which is put in a shoe to strengthen the arch of the shoe (not the foot). A stretch er that would stretch steel would pull the shoe apart.

PROCLAMATION

The week of December 1-7 has been proclaimed Christmas Seal Week in Northville by Mayor Claude N. Ely.

Though the week is nearly over, the mayor has urged all Northville residents to buy and use Christmas seals during this holiday

WHEREAS: tuberculosis today is still one of the greatest public health problems, threatening the health of men, women and children in the community, and

WHEREAS: new cases are being discovered at the rate of over 60 per week in Wayne county, and

WHEREAS: in our own community of Northville, there were seven cases found last year, and

WHEREAS: the TB and Health Society and the Detroit Tuberculosis Sanatorium are fighting this dread disease, and

WHEREAS: this work is financed solely through the sale of Christmas

RESOLVED: that I, as Mayor of Northville do hereby proclaim the period from December 1 to December 7 as Christmas Seal Week, during which time every family is urged to support the work of these two organizations by buying and using Christmas Seals.

Small Fire But Out Quickly

Two chairs were the only items burned in a small fire Tuesday evening in the basement of the home of Richard Franklin, 41023 Stone-

leigh road. According to the Northville fire department, the fire started from

a cigarette. Franklin praised the speed, courtesy and care of the department in arriving and etinguishing the fire.

I do not know what "My Sin" perfume smells like but I am

convinced that it does not smell like "My Sin". I'm quite sure that those who named the lovely fragrance little realized what they were saying.

forgive me for making this so plain to you by using unpleasant comparisons to illustrate my point. Would they have called it "My Cancer Perfume?" or "My Running Ulcer Perfume?" or "My Leprosy Perfume?" Those who have ministered to those with these diseases certainly know what I'm talking about. There is no pleasure connected with it! Now if you will read Isaiah 1:5-6 you will discover that this is exactly the way God saw the sin of Israel. Sin is an odorous thing that repells! It takes the flower of youth and blights it. It takes the holy bonds of matrimony and makes it a symbol of hell in some places. It takes the lives of young men in the prime of life on battle fields of the world. It leaves the lifeless blood-stained body lieing helpless in the dark alley. But worst of all, it will condemn one at the judgment bar of God so that he will be banished forever from the presence of God

We've had it! At about 2:00 a.m. Huston Butler, Eugene Maloney and Jerry French found the easy chairs at Schrader's Home Furnishings too comfortable to resist. Butler and Maloney are clerks, while Freich stopped by from Belleville and found that late shopping was too much for him.

The Christmas shopping season was given an all-night welcome Friday in Northville by the Retail Merchants association sponsored "Sell-a-Thon".

And though it got mighty sleepy around 3:00 a.m., the stores were "jumping" between midnight and 2:00 a.m.

Everyone seemed to be having fun, too. Shoppers came from all around. And the stores and streets were brightly lighted with Christmas decorations.

Santa Claus arrived and posed for countless pictures with youngsters perched on his knee.

Most merchants agreed that shopping became brisk shortly after midnight when special incentives (usually a 10 percent reduction) were offered shoppers. And it reminded everyone that Christmas is just 16 shopping days away!

But black coffee probably had the biggest sale. It kept weary clerks awake after the midnight rush.

A flashy sport shirt caught the eye of Bob Beerbower. He's being waited on by Jim Lapham at Northville Men's Shop where four clerks were kept busy in a burst of activity after midnight.

At Freydl's Cleaners and Men's Wear Mr. and Mrs. Jack Blackburn did some late, late shopping. They're shown looking at shirts with Mrs. Charles Freydl, Sr.

Mr. and Mrs. Herman Davis of Plymouth found 1:00 a.m. bargains at Famous Store to their liking. They're shown with Bill Gaab, clerk,

E.M.B. Food Market offered new specials every hour after midnight. Above Mrs. Oscar Kuhn is shown with Leland Smith, store owner. Others looking on are Audrey Batt, Raymond Adcox, and Howard Miller. Smith was Sell-a-Thon chairman.

Being in a jewelry store after midnight usually means trouble. But not last Friday. Paul Cook (left) of Plymouth is shown making a purchase from Mrs. Otis Tewksbury, while Dennis Cooper is served by

Mustangs Place Two On All-State Squad

Post-season football honors came to the Northville Mustangs last week with the naming of two players to all-state and all-suburban squads and three to the all-Wayne-Oakland league team. It is the second straight year that Northville has boasted an

all-state performer. The honored players:

- halfback Dick Biery: Detroit

- end Bill Yahne: Detroit Times

- tackle N. C. Schrader: Detroit

The News' all-state team and the

It was the second straight year that Northville led the honor parade in the Wayne-Oakland league. Last year, the Mustangs placed cen-ter Bob Wagenschutz on All-League, All-Suburban and All-State teams. Biery, the Mustangs' leading runner, scorer, and pass-receiver for

the second consecutive year, was hailed by both papers as possibly the fastest back in the state. Biery is a quarter-miler and holds the state Class B silver medal in that

This year, he led Northville in rushing (759 yards in 101 carries), rushing average (7.5), scoring (14

touchdowns for 84 points), and pass-

receiving (12 for 317 yards) and returned 18 punts and kick-offs for a 22.3 average.
Seven of his 14 touchdowns came

on spectacular broken-field runs and

pass-receptions. They covered 60, 62, 70, 99, 53, 54 and 64 yards.

Though no statistics are kept for linesman, Schrader's work at tack-le was no less spectacular. Time and again he bolstered the sagging

Northville defense by breaking in to throw opposing backs for huge losses. Against Thurston, for example, he almost single-handedly pushed the Purple and White back 40 yards in three straight plays. It was no coincidence that Northville's closest call — a 14-13 win

against Holly — came when the rangy tackle was out with the flu. Yahne, an All-League basketball

and track star as well, hauled in nine passes for 135 yards and scored twice. His offensive showing was not as spectacular as in 1956, but

Mustangs' 1957 passing attack was far below the 1956 par when North-

ville completed Learly 50 percent

Even when he wasn't a passing target, Yahne drew the oppos-ing secondary over to cover him, thereby opening holes for Mustangs'

speed merchants. His blocks were often the springboard by which Northville backs vaulted into the

Coach's Corner∄

by STAN JOHNSTON Northville High School Basketball Coach

The basketball season is here again. Some schools have already played a game or two. We are preparing for our opening game Friday night here with West Bloomfield. On Saturday night we travel to Plymouth for our second game on successive nights.

We feel confident that it will be a happy week end of basketball for the Mustangs. The boys are working hard at practice. Many activities have cut short several of our workouts - but a scrimmage with Walled Lake last Friday proved encouraging. This encounter brought out some weak spots which we have worked out in the past week in practice.

In material this year we are blessed with a lot of height and more than average speed. Height and speed - two very compatible components for the production of a good basketball team. With our share of breaks, an absence of injuries, illness and over-confidence we could repeat as league cham-

The problem of over-confidence is probably the most difficult weakness to overcome on any athletic team in any sport. Some of our fans in their enthusiasm, already see Northville undefeated. This is the dream of all coaches, seldom realized. This team and the coach share this enthusiasm and will work as hard as we can to accomplish this rare feat. Also, we fully realize the many obstacles in our path. When you think about these obstacles you're combatting over-

We will be happy to answer any questions throughout the season and we'll be looking forward to seeing you at the season opener tomorrow night to help cheer our team to their first victory.

Legion Schedules 'Hunters' Dinner

American Legion members and their guests will round out the hunting season Saturday evening with a stag-night "Hunters' Dinner". Venison steaks and other game

will highlight the bill of fare, and two Mort Neff movies — "Rainbows Around Chile" and "Calling All Ducks" — will be shown.

The dinner, for members and their male guests, will begin at 6:30 in the Legion hall. City officials and department heads have been

Members also have been urged to renew their memberships at the dinner. Reservations may be made by calling Jim Madigan at 257-M. The Legion's feather party on November 22 was chalked up as a resounding success, Madigan said.

Paul Carnahan, president of Great Lakes Steel Corporation, has been named chairman of the southeastern region for Michigan Week, to be held next year from May 4 to 10. with Michigan Week coming just before next year's formal dedication of the Mackinac Straits bridge, the observance will feature a united Michigan with its two peninsulas linked by a great span,' Carnahan said.

"IT WAS A NICE TRY, BUT ... " seems to sum up public opinion about competitive cars attempting to equal the styling and features of the Swept-Wing 58. They tried to get as low, but had to lower the roof to do it. (Less headroom, same high, boxy, cooped-up look.) Their windshields got smaller, while ours got bigger. Most of them still don't have Total-Contact Brakes to assure smooth, even, safe stops when needed. Nor do they offer push-button TorqueFlite, the proven automatic transmission, and Constant-Control power steering that works full time-not part time as some other systems do. And Dodge no-sway, no-dip Torsion-Aire is standard equipment. (Bus-type air springs offered by some cars cost well over \$100.00 extra.) So compare all the 1958 models with Dodge. We think you'll agree: Other cars are catching on, but they can't catch up.

COMING SOON... Thousands of Christmas Trees!

Michigan Mirror

SPEAKING for the Record

Last July 18 we devoted this column to taxes and attempted to clarify some of the misunderstanding and confusion that always exists between the city, county and school

At best, it's an unpleasant subject. But like them or not. they're here to stay and we can't play "ostrich" and pretend they are not!

This week and next city and township residents will be receiving their SCHOOL, COUNTY and TOWNSHIP tax

Following our lead story last week that tax notices were enroute with a 60 percent increase City Manager John Robertson received a number of inquiries seeking an explanation.

While John answered his callers, we were answering a few . . . mostly asking why we mentioned it at all !! But that's life and this is a newspaper. We print the news . . . somebody else makes it . . . and levies the taxes.

For the sake of clarity, however, it should be pointed our again that the winter taxes are SCHOOL, COUNTY and TOWNSHIP and have nothing to do with the city, where taxes are levied in the summer.

The city merely collects taxes for the county and schools. The township treasurer, Roy Terrill, collects township taxes, which are also payable this month.

Most residents want to know about the increase. They're not interested in anything but "how much", "why" and "what for".

It's at this point that the confusion enters. Our simple understanding of the subject may make an explanation easier. Then again, it may add confusion to the confusion.

The biggest slice of winter taxes goes to our schools. The school budget this year totals \$592,277. About \$380,000 will be collected from taxpayers within the district. State aid, tuition, etc., takes care of the rest.

Specifically, the school tax is 21 mills, Wayne county 6.8 mills (Oakland 5 mills), and the township about 1 mill.

Operating expenses consume 17.50 mills of the school tax, while 1.75 mills is used to retire the 1954 Amerman school \$300,000 bond and 1.75 mills for this year's \$500,000 bond for the Amerman addition and new high school site preparation and planning.

Another expense that the school board must pay back this year is \$87,000 in notes issued last year when state aid was cut off and operating funds depleted.

Last year the schools levied 22.45 mills as opposed to 21 mills this year.

But last year the state equalized valuation of the school district was \$10,000,000 compared to \$18,000,000 this year. Thus the state has said that the property in the school district is worth 60 percent more than it was formerly assessed.

This state "equalization factor" varies between counties and the city and township. Therefore, some property owners will have larger tax hikes than others.

In the township the equalization factor is 1.9; in the city (Wayne county) it is 1.73; and in the Oakland county section of the city it is 2.43.

For those who are interested, your winter tax may be figured by multiplying the assessed valuation of your property by the equalization factor that applies to your area and finally by the total millage that you must pay.

But whatever the total of the tax, take solace in the fact that local school taxes are not out of line with other communities. In fact they're lower than a great many and we haven't experienced half-day or extraordinary crowding of classrooms, vet.

It's true that some tax inequities do exist. Some residents pay more because others do not pay their fair share. These assessment-shortcomings will be corrected by the re-appraisal program recently completed in Wayne county and currently being conducted in the Oakland county section of the city.

Key legislators, leaders in the belt-tightening crusade of last year, see no way out of another squeeze this winter in the absence of new revenue.

Two tax committees are studying the state's tax structure but both say their reports and recommendations will not be ready until 1959.

Financial experts see a decline in the sales tax revenue this year, creating the necessity of augmenting school aid from "other" sources, - but there aren't any "other"
