

CALIFORNIA, HERE WE COME — Tony Skover packs his referee's uniform as he and his family get ready for their trip to Pasadena where he will officiate the Rose Bowl game between Ohio State and Oregon next Wednesday. An all-round athlete, Skover has been a Big 10 official for nine years.

With His Whistle in Hand, Tony's Off for Rose Bowl

He won't have the best "seat" in the house, but Tony Skover's view of the Rose Bowl game next Wednesday will be unparalleled. When Ohio State and Oregon square off in the grand-daddy of bowl games, Skover will be right down there with them — from the flip of the coin until the final whistle.

Skover, a Big 10 official for nine years and a Northville resident for six months, was named by the conference last week to serve as referee in the Rose Bowl game — one of football officialdom's highest honors.

This Was No Holy Family

Novi police chief Lee BeGole warned this week against a young couple who have used holiday sentiment and their own young child to bilk Novi residents out of cash and belongings in recent weeks.

BeGole said the couple was operating in Novi and Wolverine Lake, but may have moved by now.

Their mode of operation has a bizarre resemblance to the story of Mary and Joseph and their visit to the inn in Bethlehem.

The couple would first knock at a door and ask for contributions to a charity organization, he said. If this did not work, they would ask to be admitted because their child was cold.

Once inside, the couple would let the child run loose while they talked to the homeowner.

Finally, the mother would "discover" that her child had disappeared and would go through the house looking for him, after telling the hostess, "Don't bother. I'll get him."

On her way, she would pocket money and anything else lying about the house.

Manual Describes Township Board

"The Michigan Township Board," a handy pocket-sized manual just published at Michigan State University, is available to Northville and Novi residents interested and involved in local government.

The manual details township board powers, duties, modes of procedure and parliamentary rules in an easy-to-read outline for ready reference.

It reflects an examination of how actual legal rules are being applied in Michigan, combining law, traditions and day-to-day practices of the boards.

Copies may be purchased for one dollar from the Governmental Research Bureau, Morrill Hall, MSU, East Lansing, Michigan.

Gehringer to Lead March of Dimes

Charles L. Gehringer will again act as Wayne county campaign director for the 1958 March of Dimes.

Marking 20 years of service to Americans, it will be held in Northville, Novi and throughout the nation from January 2 through 31.

Most of the money sought in the drive is needed to help disabled polio patients stage comebacks from helplessness to usefulness.

Haller Purchases Waterford Plant

Sale of its Northville township Waterford plant to John Haller was made public this week by the Ford Motor company. The announcement came as equipment was still being moved from the local plant to the Rawsonville location.

Haller, owner of Haller, Incorporated in Plymouth, is well known as a resident of Northville and former owner of Michigan Powdered Metal here.

The two-level Waterford plant will presumably be used by Haller in manufacturing operations for his present sales and engineering design firm in Plymouth.

Details of how Haller will use the 11½-acre Waterford site are still scanty. Haller's assistant, David Cameron, stated that specific use of the Waterford plant would not be determined until a planned lay-out of the floor space available could be made.

Cameron, also a resident of Northville, indicated that it was possible the entire Haller operation would be moved to Northville. "We may find it necessary, however, to maintain both locations," he added. Haller is located at 684 Ann Arbor road in Plymouth.

Presently, Haller designs and sells equipment for the powdered metal industry, electronic ceramics, carbon and all other industries fabricating parts from powders. Most of the machinery designed by Haller is presently produced by outside manufacturing firms.

Haller is well known locally as the founder and operator of Michigan Powdered Metal from 1945 until 1951. He sold the plant to Allied Products in 1951 and later moved into his Plymouth location. Previously, Haller owned the J-H Tool and Machine and Haller Machine and Manufacturing firms in Detroit.

Allied Products was destroyed by fire last August. Officials of the firm have not indicated any intention to re-locate to this date.

Haller would give no indication when work would begin in the Northville plant. Ford was scheduled to vacate the site this week, however, ending 32 years of precision gauge making at the Waterford plant.

U.S. Okays Skating At Fish Hatchery

U.S. officials this week gave approval for use of the fish hatchery on Seven Mile road for ice skating this winter.

Recreation director Stan Johnston is now making plans to open the hatchery to skating as soon as the weather turns cold enough to freeze the ponds.

Approval for using the hatchery came from the U.S. fish and wildlife division at the request of congresswoman Martha W. Griffiths, on behalf of the Northville recreation committee.

The committee decided earlier this year not to re-open the mill pond to skating because of a dangerous open channel. Committee members had hoped to find a location closer to the center of Northville than the hatchery.

In 1953, he was on the field when Notre Dame stopped Oklahoma for the Sooners' last loss before embarking on their long winning streak which Notre Dame also ended this year.

In all, Skover has officiated football for 21 years — including nearly 500 games. In some seasons ("When I was younger"), he handled the whistle for as many as 40 games.

Soft-spoken and precise, Skover at first appears more like a scholar than a devotee of athletics. He does, in fact, hold a master's degree in science, and his career has spanned teaching, engineering and accounting.

"Officiating is just a diversion," he explains. "I wouldn't want the full-time pressure that, say, a pro official goes through."

Skover was, and is, an outstanding athlete himself. In high school, he earned the University of Michigan award for the outstanding prep athlete in Detroit. And at the University of Detroit, he starred in football, basketball and baseball.

Lately, golf has taken most of his time. It's no accident that the family home at 40240 Fairway drive looks across the links at Meadowbrook country club. A member for years, he is one of the club's past presidents.

Skover, his wife, and three sons left for the coast last Friday, planning to combine business and assorted pleasures with the Rose Bowl game.

First stop was in Tucson for a business meeting in his capacity of vice-president of the Howard T. Keating company, a land-development firm currently active in Northville, Novi and Florida.

(Previously, Skover was on the staff of Lewis D. Crusoe, now-retired executive vice president of Ford Motor company and a resident of Novi.)

Then it will be back to Northville. And with the big one out of the way, Skover will settle down to basketball officiating and lots of golf before getting ready to see what the Big 10 has in store next fall.

Holiday Deadline

Because of the New Year's holiday next week, the Record and News will follow the same publication schedule as this week.

The papers will go to press next Tuesday and will be on the newsstands Tuesday afternoon. They will be delivered in the mail Thursday.

All news and advertising copy should be submitted not later than Monday.

Maybury Thanks Northville Santas For Gifts and Aid

Dr. W. L. Howard, superintendent of Maybury sanatorium, this week thanked Northville residents who donated gifts and time for the sanatorium's annual "Letters to Santa" project.

"The smile on an ill child's face as Santa delivers a hoped-for gift in answer to his letter to Santa may hold the Christmas spirit itself and may pass on Christmas to the donor," he wrote.

"This is to assure all the Santas from Northville and many surrounding cities that their participation in the 'Letters to Santa' project is deeply appreciated and that their Christmas gifts are personally and directly received by the Maybury child of their selection," he added.

"This is also to assure them that we who administer the Maybury sanatorium are grateful for your interest, your friendship, and your gifts, all of which aid in administering to the Christmas needs of our small patients."

"We thank all Santas for helping with this Christmas and for providing individual Christmas gifts in addition to the Christmas giving of groups," Dr. Howard concluded.

Goodwill Pickup Scheduled Monday

The next visit of Goodwill Industries pickup trucks to Northville is scheduled for Monday, December 30.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative Mrs. Lora Ault at GR-4-4294.

U.S. Okays Federal Aid For Center Street Work

SPIRIT OF CHRISTMAS — Northville had many a Christmas scene decorating its homes and public buildings this week, but few were more touching or appropriate than the scene at Northville State hospital. It depicts the Nativity, with two groups of choir boys and girls heralding the occasion.

Who'll Be First Baby in 1958?

The race of the storks is on again. And to the winner will go a host of prizes from eight Northville merchants.

Here's what First Baby will receive: one month's supply of milk from Cloverdale Farms Dairy; a blanket from S. L. Brader's; shoes from D & C Stores, Inc.; a case of baby foods from E.M.B. Food Market; a Playtex Party Set from Freydl's Women's store; a bouquet for Mother from Jones Floral; a set of scales from Stone's Gamble store; a fork and spoon from Tewksbury Jewelers.

Parents with Northville or Novi mailing addresses are eligible. Complete details of the contest may be found on page two.

Last year's first arrival and winner of the prizes was a girl — 7 pounds, 8 ounce Ruth Ann Edgin. She was born at 8:30 a.m. New Year's Day. She is the daughter of Mr. and Mrs. Charles Edgin of 332 Yerkes.

Because the judges cannot predict the outcome of such things, they are allowing entries to be made until 5 p.m., January 7. If all works well, the winner will be announced January 9.

And there be some delay, due to conditions beyond our control, entrants will be given another week to come up with a First Baby, 1958!

Recession in 1958? How will autos sell? Will you be working steady? The Northville Record-Now News will give you a look next week at what one of the nation's keenest business commentators has to say about these questions and many others.

They'll be found in Roger Babson's business and financial forecast for 1958.

Over the years, Babson's annual forecast has proved nearly 90 percent accurate. This year, he was 88 percent correct on such questions as employment, prices, inflation and food supplies.

A \$21,000 weight has been lifted from the shoulders of Northville taxpayers. And with the burden has gone a knotty problem that has been bounced back and forth between the city, school and counties for several months.

The welcome news came last Thursday when Wayne county road commission authorities announced that the federal government and Wayne and Oakland counties would bear the expense of paving North Center street from Baseline to Carlyle.

Since plans for construction of the new high school were first announced more than one year ago, city councilmen have worried over the expensive problem of grading and paving the steep, block-long hill leading to the school.

Conservative estimates had placed the cost of the project at \$30,000. Only recently the city had received assurance of county aid totaling \$9,000. Thus far, meetings with the school board gave no indication that the city might expect financial aid from the schools. Councilmen had openly criticized the board for choosing a site that left the city with an unwanted improvement project. Meanwhile, school board authorities have insisted that county aid could be obtained for the paving. This provision has been held out by the board as essential before allowing the sale of school property for the proposed cut-off.

Full credit for solving the dilemma belongs to City Manager John Robertson, who continued to seek federal monies after they had been officially denied.

Robertson's argument was based on the erection of the new Eight Mile road cut-off. Plans for the project call for the Novi road entrance to Northville to be closed just north of the C & O railroad crossing.

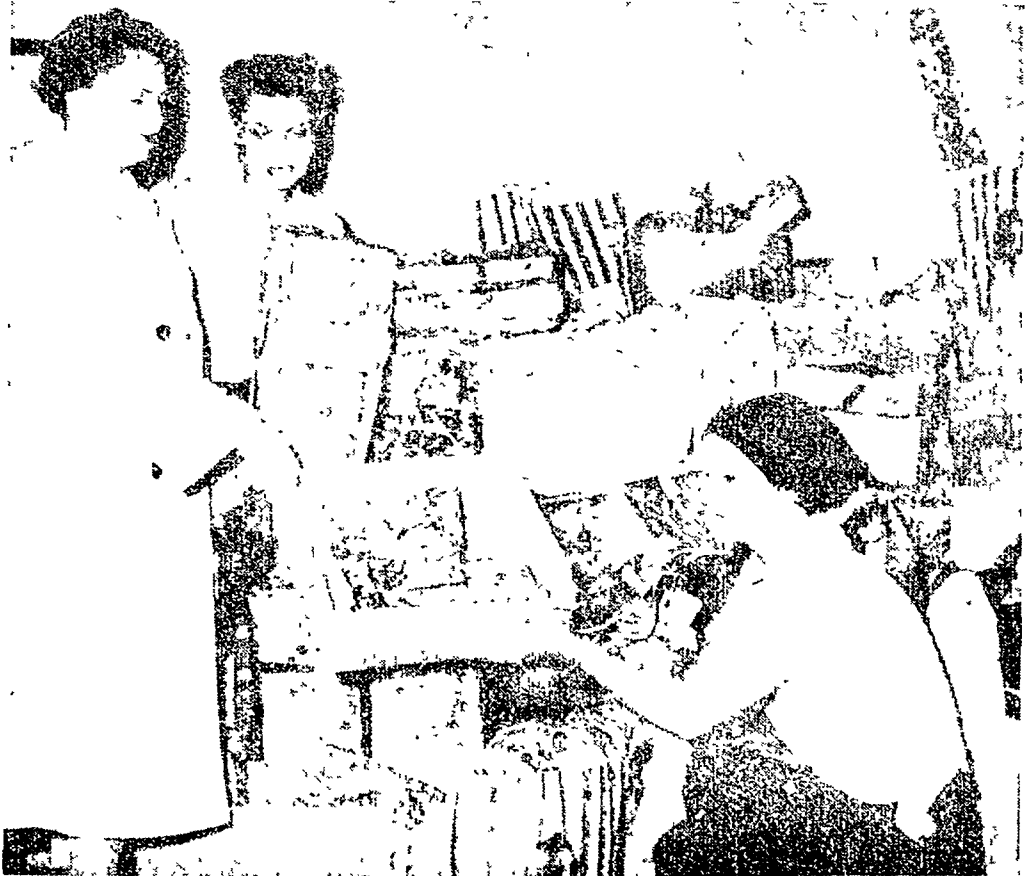

The city manager reasoned that if the new highway was removing an entrance to the community, then a new one should be provided. He suggested to federal aid authorities in Lansing that the new cut-off would make North Center street the entrance to Northville from Novi.

Last week federal and county authorities agreed that the city manager's argument was sound and designated Center street for federal aid.

Presumably, grading on Center street will begin in the spring. Completion of the new high school is not expected until the fall of 1959, which should allow ample time for complete paving and improving of the steep Center street hill.

Little consideration to improving Center street beyond Carlyle has been indicated by the council.

It's a Time of Giving, and Northville Responds

ONLY ONE OF SEVERAL STACKS of gifts delivered to children at Maybury sanatorium by Northville Rotarians Christmas morning was sorted at the Carrington Agency last week. Here Mrs. Dayton Deal delivers a gift to Mrs. V. George Chabot, who coordinates the program, and Mrs. David Baldie.

BASKETS FOR CHRISTMAS — Members of King's Daughters prepare baskets of food and toys for needy families in the Northville area. In all, 14 baskets were delivered in the annual project. From left to right are Mrs. Eldon Biery, Mrs. Clifford Rollings, Mrs. Clifford Winter and Mrs. Nelson Schrader, Jr.

Newcomer's Corner

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

HEARING A CHRISTMAS STORY read by their dad is a treat for Patrick, Helene and Andy (seated) and twins Michael and Mary Ann Walters in their new Meadowbrook road home. Mr. and Mrs. Walters and their children moved to Northville in September.

Mr. and Mrs. Linn Walters like to play golf — and their five children like to play in the open spaces — so what better place could they choose for their new home than Meadowbrook road in Northville.

The Walters moved to Northville last September from Detroit, where they had always made their home. Their five children include a set

of twins, Mary Ann and Michael, who were one of three sets attending Our Lady of Victory school in Northville. Their other children are Patrick, eight years old; Andy, 4, and Helene, two years old.

Mr. Walters is a certified public accountant and makes his office in Detroit.

News Around Northville

R. D. Merriam of Beck road has been in Arizona for the past three weeks on a photographing tour with Perry Reynolds of Detroit. He returned home last Monday.

John Funk, son of Mr. and Mrs. Wilson Funk of Yerkes avenue, has returned home for the holidays from the University of Michigan.

Bill Hilt, son of Mr. and Mrs. Lawrence E. Hilt of West Main street has returned home from Kemper Military school in Boonville, Missouri for the holidays.

Mr. and Mrs. Ray Van Valkenburgh of East Main street had as guests for Christmas dinner Mr. and Mrs. Clifford Stevens, Mr. and Mrs. Glenn Gordon and Betty Stevens of Northville, Mr. and Mrs. Spencer Van Valkenburgh, Virginia, Celia and Donna of Vicksburg.

Mary Lovewell, daughter of Doctors Paul and Victoria Lovewell of East Main, is home for the holidays from Michigan State university.

Graduates of Bentley high school in Livonia are invited to attend an alumni dance next Saturday from 9 to 12 in the Bentley gym.

Cadet Lieutenant Richard Atchison, son of Dr. and Mrs. R. M. Atchison of South Rogers street, took part in Kemper rifle team competition last week in Independence, Missouri. Mrs. Harry S. Truman awarded prizes.

Mr. and Mrs. Ray Van Valkenburgh celebrated their 53rd wedding anniversary today, December 26.

Mr. and Mrs. R. D. Merriam will attend a cocktail party this evening (Thursday) at the home of Professor and Mrs. H. T. Jenkins of Ann Arbor.

Mary Lovewell Is Engaged To Robert Kirkey

Mary Lovewell

Doctors Paul and Victoria Lovewell of East Main street announce the engagement of their daughter, Mary Victoria, to Robert Thomas Kirkey, son of Mr. and Mrs. Joseph Kirkey of Lansing, formerly of Northville.

Miss Lovewell attended the University of Michigan and is now a junior at Michigan State university. Mr. Kirkey returns to MSU in the fall.

A May 3 wedding date has been set by the couple.

Womans Club to Hear Dramatic Readings

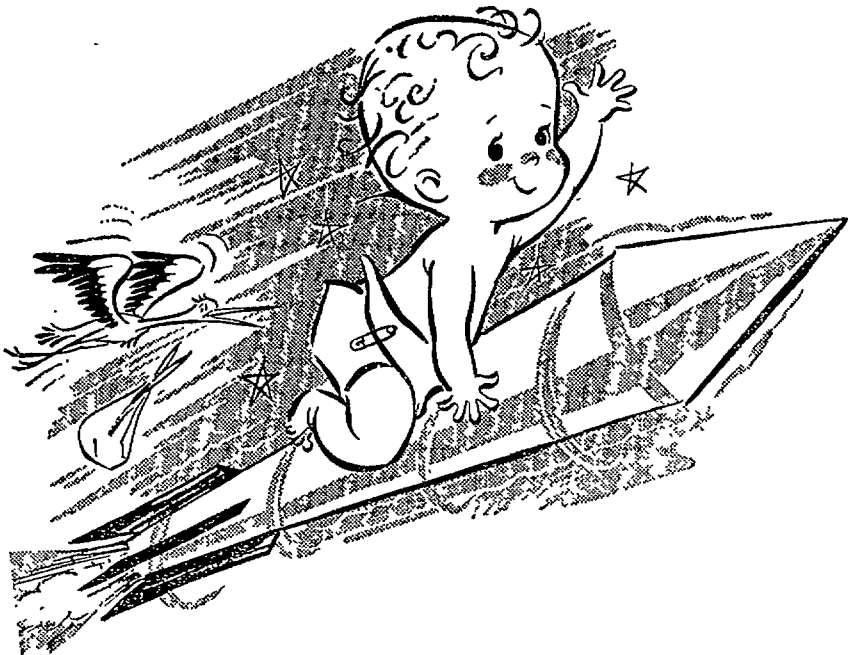

Returning as speaker to the Northville Woman's club on January 3 will be Mrs. L. Hart Wright, who will give a dramatic reading for the club's guest day program.

Mrs. Wright received her master's degree in dramatics from the University of Oklahoma and has been director of little theater groups in Oklahoma City, Fenton, Michigan and Ann Arbor.

She has spoken at woman's club programs in the past and last year enchanted her audience with readings from "Diary of Ann Frank" and "Pygmalion".

Attendants Wear Emerald Green For Elizabeth Shaw's Wedding

Elizabeth Amy Shaw, daughter of Mr. and Mrs. Fred Alden Shaw of West Nine Mile road, became the bride of George Vladimir Bobrinskoy, Jr. on December 23.

Mr. Bobrinskoy is the son of Professor and Mrs. Bobrinskoy of Chicago.

The afternoon ceremony was performed in the First Unitarian church, Chicago, by the Reverend Leslie T. Pennington.

For her wedding, Elizabeth chose a gown of white peau de soie, fashioned with a scoop neck, hoop skirt and elbow length sleeves. The gown was trimmed with heirloom lace belonging to her mother's family.

Her veil, which was worn by her mother at her wedding, was trimmed with lace from the bridegroom's mother's wedding dress.

Matron of honor was Mrs. Robert J. Ensher of New York. Bridesmaids were Miss Theodora Bobrinskoy, sister of the bridegroom. Both wore emerald green velveteen gowns.

Best man for Mr. Bobrinskoy was Garrett L. VanderVeer of Chicago. Ushers included David Lundeen of Fergus Falls, Minnesota; Richard H. Senn of Chicago; Robert Haller of Bethesda, Maryland; and Charles Holbrook of New York.

A reception was held immediately after the ceremony at the Quadrangle club in Chicago.

Out of town guests for the wedding included the bride's brothers, Charles A. Shaw of Syracuse, New York; Joseph H. Shaw of Longview, Washington; and Donald E. Shaw and his wife of Houston, Texas.

After the ceremony the Shaw family, excepting Joseph, returned to Northville for the holidays.

Also present were Mr. and Mrs. Herbert C. Ellis of Detroit, the bride's aunt and uncle.

Guests from Northville included Dr. and Mrs. Waldo T. Johnson of Novi road and their son, Milroy, who is a student at Northwestern Medical school.

After a wedding trip to New York, the couple will live in Chicago where Mr. Bobrinskoy will complete his studies at the University of Chicago law school.

The former Miss Shaw was graduated from the University high school in Ann Arbor and Smith college. Her husband is a graduate of Phillips Exeter academy and Amherst college.

Extension Group Combines Humor, Music in Program

The Hi-Fi Extension Group held its Christmas luncheon on December 12 at the VFW post 3952 hall.

The table decorations for the luncheon followed a pink theme with pink tablecloths, poinsettias and pink styrofoam Christmas tree.

Mrs. George Weeks and Mrs. Os car Simmons gave the lesson on "Vacations With a Point", and then presented a hilarious skit on the wrong and the right ways to pack a suitcase.

Mrs. Sven Wahamaki who was in charge of the program, presented the following girls who gave their "all" in a Christmas spirit.

"The Day Before Christmas" was read by Mrs. Robert Vollmer.

Skits written by Mrs. Eino Piilo were presented by Mrs. Paul DePodesta, Mrs. Gunnar Mettala and Mrs. Piilo. Mrs. DePodesta portrayed "Angie the Angel", Mrs. Mettala portrayed "The Christmas Tree" and Mrs. Piilo, "Rudolph the Red Nosed Reindeer". Mrs. Mettala substituted for Mrs. Robert Smith who was unable to be present because of illness.

A quartet, composed of Mrs. Joe Revitzer, Mrs. Oscar Simmons, Mrs. Gertrude Walker and Mrs. Gunnar Mettala sang "I'll be Home for Christmas" and "We Three Kings", and a trio, Mrs. George Tuorin, Mrs. Eino Piilo and Mrs. Paul Salo sang, "I Heard the Bells on Christmas Day" and "Away in the Manger". Each group was accompanied by Mrs. Paul DePodesta at the piano.

Mrs. George Tuorin read the "Day After Christmas" after the luncheon. Guest for the day's activities was Mrs. Ace Lee of Fairbury avenue.

Student Dancers Win Contest Prizes

Four junior high school students won prizes for their dancing ability at the final class of a series of lessons sponsored by the Northville Mother's club last Wednesday.

They were Miss Barbara Miller and Bill Weidner, who won first prize in a waltz contest, and Miss Stephanie Reed and Ronald Richardson, who won first prize in the fox-trot contest. Prizes were awarded by Mr. and Mrs. William Bailey of Bailey's Dance Studio, teachers for the class.

Following the contest a grand march was held and refreshments were served. Fifty youngsters were present for the evening's entertainment.

Births

Mr. and Mrs. H. McCurdy of West Ten Mile road announce the birth of a daughter on December 12. She weighed seven pounds, two ounces.

OPEN FOR BUSINESS — Learning arithmetic can be fun for first graders when they can buy and sell their own toys at their own Toy Shop. Behind the counter are Dennis Mannisto, Michael Reed and Joy Barnum, who have just hung out the "Open" sign for customers Robert Bolton and Tommy Higgins. The children brought their own toys and priced them, keep track of the money they spend, and have a lot fun besides. They are all members of Mrs. Carter's class at the Main Street school.

from the PASTOR'S STUDY

By The Reverend Paul M. Cargo,
First Methodist Church of Northville

"STAR OF MY HEART"

Have you had this experience in your family at Christmas time? The lights are the first to be placed on the tree, nor are the children content 'til each is in its place. Then someone is sure to say, "Daddy, don't forget the star." There must be something about a star that captures the fancy of a little child . . . and all of us.

A star of great worth marks the place (now a Church) in Bethlehem where tradition says Christ was born. A special star was in the night sky. Why a star? Because the star has long been a symbol of a brilliant ruler. In the Book of Numbers (24:17) there is the use of symbols when we read the expectation, ". . . there shall come a star out of Jacob, and a scepter shall rise out of Israel. A star and a scepter—what appropriate symbols these are for the glory of Christ and the authority of Christ who came not to smite and destroy but to heal and save.

In poetry about the Star of Bethlehem John Erskine's "Kings and Stars" probes the minds of the Magi to see what they think about the stars.

As they came from the East
Following a star,

One said:
The sun burns,
The moon changes,
Stars are faithful.

One said:
They shine in all tongues,
Every heart knows them,
By starlight there are no borders.

One said:
the world widens

By starlight,
The mind reaches;
Stars beget journeys.

Stars beget journeys. Paul caught a burning vision and Peter too, and star-fire began to leap about the Mediterranean world. The glad, good news would not be stopped by land, or by seas, by dreadful wars, by language or cultural barriers. The star of Bethlehem brought the wise men; it has beckoned through the centuries; millions will see the star of Christmas and think of it as God's sign that He has sent his only Son "that whoever believes in Him should not perish but have eternal life."

Satellites can never take the place of that Star. "In the light of that star lie the ages imperiled," and the age that shuts itself off from that star-light will smother and choke in its own misery. The age that turns to the Star of Bethlehem as the star that leads on is the age that will find the "crooked made straight and the rough places plain."

The great crowning fact about the Wise Men is that they saw the star and followed it. This is why they were wise. They acted on the vision that had come to them. "We have seen his star in the East, and have come to worship him." Perhaps others saw what they saw. If so, they are lost to history. Their vision faded in the light of day. It is not the light we see but the light we follow that makes us wise. The Wise Men were wise because they followed the gleam.

There's a Star that can throw its light down the path of your life, a Star whose light never fails, but whom we may fail as we are tempted to go another way. The Christmas Star lures us on. There's no hope apart from it, no hope at all without the light of God.

Party Given At State Hospital

Several ladies from Our Lady of Victory parish, the National Council of Catholic Women, visited the Northville State hospital on December 17 and entertained at a party for patients.

They were Mrs. Arthur Heslip, Mrs. Lee Heaton, Mrs. Arthur Mitchell, Mrs. Thelma Scholtz, Mrs. Martin Kaiser, Mrs. Ed Bredow and Mrs. Max Austin.

★ In Uniform ★

Pvt. Phillip S. Gardella, 18, son of Mr. and Mrs. Joseph G. Gardella, 47540 Twelve Mile, Novi, recently was graduated from the eight-week metalworking course at the Army's Ordnance School, Aberdeen Proving Ground, Maryland.

The course trained him to repair metal parts and equipment by forging and welding.

Gardella entered the Army last July and completed basic training at Fort Polk, Louisiana.

Privates Robert A. Scheib and James E. Lack of Walled Lake, are scheduled to complete eight weeks of basic combat training December 20 at Fort Leonard Wood, Missouri.

Scheib, son of Mr. and Mrs. Charles E. Scheib, 2450 South Commerce, was graduated from Walled Lake high school in 1957.
Lack, son of Mr. and Mrs. James J. Lack, 2234 Ellington, attended Walled Lake high school.

Mustangs Bounce Back, 64-52

They Find The Mark On Offense

The Northville Mustangs gave themselves a Christmas present Friday night.

It had no bows or ribbons, but it made them as happy as anything Santa is apt to leave.

Their present was a heartening 65-52 win over Clarenceville in which they not only snapped a stunning two-game losing streak but also proved that the individual talent they have can look good on the court as well as on paper.

The Mustangs had things pretty much to themselves against the luckless Trojans, whose athletic fortunes have been rather drab of late. After an early jolt, Northville came on strong to lead by as much as 22 points at one time in the third quarter.

It was a game in which the Mustangs finally jelled as a team. And as a result, individual stars were able to put on their best — or close to it, at any rate.

Cap Pethers got his eye back, and hit for 14 points in the second and third quarters; Bill Yahne, the Mustangs' standout so far this season, had another good night under the boards; Dick Biery pepped up the Mustangs' fast break; Roger Atchinson, a sophomore, gave good promise of things to come.

It was a far cry from the previous two games in which the Mustangs were unable to do anything well. Against Clarenceville, they hit on 53 percent of their shots in the first half and sank 73 percent of their free throws in the entire game.

On defense, they adapted quickly when coach Stan Johnston switched from a man-to-man to a zone. And from then on, Clarenceville was stymied.

The Trojans made it interesting at first, jumping off to a 7-2 lead. But before they could net another field goal, nearly an entire quarter had passed and Northville was ahead 27-11. (The Trojans got those four points on free throws.)

Six of the Mustangs' early points came on free throws by Fred Schwarze and another six on field goals by Atchinson.

Ahead 56-37 at the start of the fourth quarter, Northville coasted on to win, scoring just enough to keep the final period from getting dull.

Gets Monotonous After a While

Mrs. Dave Hay got in a rut last week — and came up with one of bowling's oddest oddities.

Bowling with the American Legion ladies league at Farmington Lanes, she rolled a 139 in her first game. In her second, she tallied 139. For her third, she settled for a — yep! — 139.

It was the first "triplicate" for Mrs. Hay, who lives in Northville and formerly was proprietor of the Hayloft restaurant in Novi.

NEWCOMER COMING UP—Roger Atchinson, after gaining a starting assignment two games ago, was one of the sparkplugs in Northville's comeback win over Clarenceville Friday night. A dead-eye passer and a ball-hawk on defense, Atchinson proves here he can score too.

The Coach's Corner

by STAN JOHNSTON
Northville High School Basketball Coach

We could tell by the way the boys were warming up that it was going to be a better night of basketball for Northville. They were more relaxed and the ball handling was much smoother. The tightness you could feel before the previous three games didn't exist.

The first half of the ball game was well played. We scored easily with long attempts and breakaways. The ball handling under our own board was much improved.

It was easy to tell at the onset that Clarenceville had worked hard on an offense to combat our man to man defense. We immediately switched to a zone defense. They were a bit surprised because they did not know how to cope with it. We stole the ball 11 times on them in the first half.

Although we still made our share of the mistakes the ball game as a whole was a large improvement over our last two attempts. The third quarter was just fair and the last period was a replica of the past and that is where we would like to keep it.

The Christmas vacation period has always seemed to hurt our improvement in the past years because you have to start all over again. We will have several practice sessions but competition is necessary to keep a team from becoming stale.

Our next opponent will be Bloomfield Hills, a newcomer to our league. They have yet to win a league game and we are planning on helping their streak along.

Early Lead By Morgan Paces Colts

With Gary Morgan hitting for 12 points in the first quarter, the Northville Colts swamped Clarenceville, 53-21, Friday night.

The Colts hit on 45 percent of their shots, including 57 percent in the first quarter and 77 in the final period.

So thoroughly did coach Al Jones' squad control the game that the Clarenceville junior varsity bucketed only 11 points by the end of the third quarter.

Morgan, after his amazing first quarter, settled for 16 points for the entire game. Jones substituted freely after the half, with nine players scoring.

League Takes Breather; Clarkston, Holly on Top

The Wayne-Oakland league took time out for the holidays this week with Clarkston and Holly keeping up their neck-and-neck run for the league roses.

Both won easily Friday, to keep their perfect records intact and maintain their deadlock for first place.

Elsewhere, Northville got back on the winning trail and Milford went down to its third straight league loss.

Clarkston, which now has won five straight this year, had little trouble with Milford and romped to an easy 75-69 win. The Redskins stopped high-scoring Leroy Parks with 18, but Bill Lippert put in 20 and Bill Niles notched 16.

The Wolves hit on nearly 50 percent of their shots from the floor.

Holly dumped West Bloomfield, 73-55, with 6' 6" center George McDaniel hitting for 20 points. Only 16,

McDaniel looms as a headache for W-O opponents.

Despite his team's loss, Laker John Lucadam pumped in 23 points.

Brighton managed to stay tied with Northville for third place by handing Bloomfield Hills its third straight loss, 55-43. Brian Watson, the Bulldogs' ace scorer, did it again with 21 points.

Novi School Board Minutes

The regular meeting of the Board of Education was called to order at 8:45 by Mr. Mitchell, president.

Present: Messrs. Mitchell, Crawford, Heslip and Mrs. Larson, Mr. Medlyn and Mr. Webb of Mr. Lane's office.

Secretary's minutes of previous meetings were read and accepted.

Treasurer's report was read and accepted.

The following fund balances were indicated:

General Fund, \$6,517.76;
1950 Debt Retirement, \$14,312.90;
1955 Debt Retirement, \$43,136.77;
1955 Bldg. and Site, \$597.07;
1957 Bldg. and Site, \$600,000.00;
1957 Debt Retirement, \$4,987.51.

Audit Committee:
Report of the auditing committee on bills due was given.

General. Bills totalling \$1962.38 were approved and ordered paid.

Bills totalling \$273.61 were approved and ordered paid.

New Business:
Mr. Webb of Charles W. Lane Associates submitted the drawings of the free door.

Mr. Webb was instructed to find out what could be done to protect the accumulation of moisture in the well pit.

Mr. Medlyn reported that \$65,000 of fire insurance of a total of \$215,000 policy had to be re-insured. Authorization was given to continue the \$65,000 with Mr. Bloom.

A resolution naming the National Bank of Detroit as paying agent for the 1957 Bond issue was read and approved.

A resolution for the Department of Public Instruction relative to the School Bond Loan Program was read and approved.

Mr. Medlyn reported that there is a need for released time for parent-teacher conferences. Further details are to be given at a future meeting.

A communication from Mr. Meredith indicated that final negotiations would be completed next week on the purchase of the site for the new elementary school.

The Board was informed that Mr. Kenneth Bassett was named to the Community Building Board as the first member of the Township and School Board.

A letter was received from the Consumers Power Company indicating that gas service would be available for the new elementary school.

A report on the meeting of the Regional Planning Commission held December 8 was given. Mr. Medlyn was named as board representative to this group. Mr. Crawford to serve as alternate.

Meeting was adjourned at 11:50 p.m.

Georgia H. Larson, Secretary

Christmas Cheer!

May all your joys add up to a very merry Christmas.

To all our

MY OPINION

"Every man has a right to his own opinion" is commonly accepted by all of us. The majority of us have a pretty good opinion of our opinion! But let us not think that our opinions are as good or as trustworthy as the opinion of others, especially on subjects that we are not well acquainted. I'm sure that my doctor knows more about treating the human body than I do. Or that the mechanic who works on my car can tell more about the condition of my engine than I can. I also am convinced that the Bible is a better authority on the subject of my relationship to God or upon life after death than the opinions of mere man based upon a man made philosophy. There are some things that we do not need to speculate about. These facts are before us: the path of the sun; the order of the seasons; the location of Washington, D.C.; or the day of the week. If we would be right our opinion must conform to the facts. So it is with spiritual things, if our opinion is right, we must conform to the facts found in the Bible. Be sure then to check your opinions with the Word, it will be more reliable that way.

Bible School 10 a.m.

Peter F. Nieuwkoop, Pastor

First Baptist Church
NORTHVILLE

'KING OF KINGS, FOREVER AND EVER' sang the choir Sunday evening in the traditional Northville performance of Handel's Christmas oratorio, "The Messiah". Leslie G. Lee conducted the performance, which featured soloists from the University of Michigan school of music.

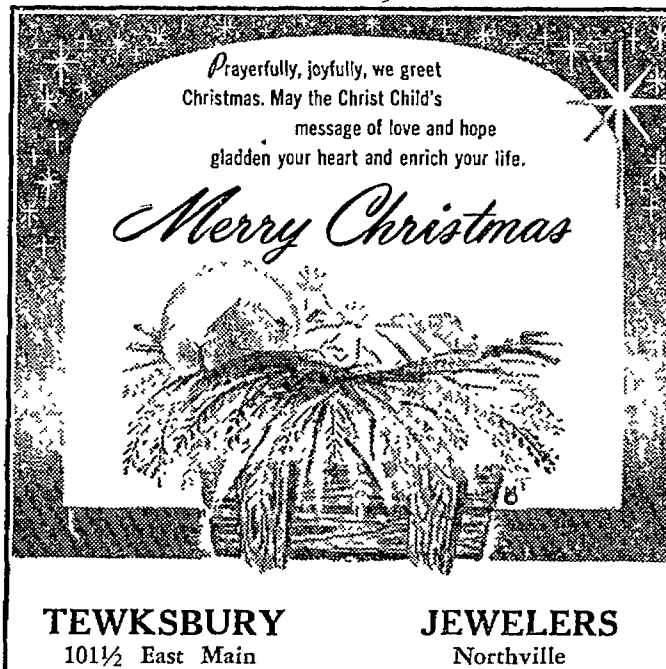

Mrs. Lillian Byrd and Mrs. Lottie Chambers attended a worthy matron's and worthy patron's dinner honoring their officers at the Wall Lake Masonic Temple.

"Peace on Earth,
Good Will to Men."
May the blessed words
re-echo in every heart this
Christmas, bringing joy to one and all.

RECORD KEEPING is only one aspect of teaching these members of the Northville high school "Future Teachers of America" learn about in their cadet teaching program. Deanna Bierman, Stephanie Brown, Don Earhart and Kathleen Cassel learn how it's done from Miss Grace Pollack, kindergarten teacher.

FTA Members "Practice" In Cadet Training Program

Cadet teaching is one of the main activities of the Future Teachers club at Northville high school.

In Miss Grace Pollack's kinder-

Exchange Days Being Planned

On Wednesday, December 18, Northville high school had visitors from Bloomfield Hills high school.

The five exchange students were taken to different classes by NHS students and also home for lunch.

On January 13, four or five students from NHS will travel to Holly to participate in an exchange day. One representative from each class who is a member of the student council and the student council president will attend.

The student exchange program has been in effect in Northville for the past five years, a project of the Wayne-Oakland league student council. Both faculty and students feel it leads to better understanding between schools in the league.

garten class at the Main Street elementary school there are four cadet teachers. They are Stephanie Brown, Don Earhart, Kathy Cassel and Deanna Bierman. These cadet teachers are learning quite a bit about handling young children. Their main jobs are helping the children and Miss Pollack, and sometimes taking roll call.

The cadet teaching program is very interesting. The students do the teaching on their own time; usually during their study halls or lunch hours. They must maintain a "C" or above average to remain teaching. Some of the students work with children that need special help. They have, at times, specific duties to do, such as dusting, washing boards, etc. They also take over the class when the teacher leaves.

At the beginning of the year, the teachers put in requests for a cadet teacher and the student who wanted that grade talked with them. At the end of the year the teachers rate them on a rating list which is sent around for them to sign.

Cadet teaching is very profitable. For when the students go on to college, it gives them a better understanding of children and what they can do for them. It also helps them with their college student teaching.

Students To Attend Court Sessions

The seventh hour driver training class of Northville high school will sit on Recorder's Court in Detroit on January 13.

Twenty-two students and Mr. Al Jones, driver training teacher, will leave the school at 8 a.m. and return about 2 p.m. They will attend both Judge John D. Watt's court and the referee's court.

GAL Winds Up Volleyball Season

Last Thursday two girls' volleyball teams played Bloomfield Hills in which Northville's team won one game 45-32.

The last sessions of G.A.L. volleyball were held Monday to Wednesday after school. The faculty played several team members and the senior, sophomore and freshmen teams were tied for first place.

'N' Club Selects Committees To Plan Future Activities

The "N" club of Northville high school, composed of members of varsity athletic teams, selected committees last week to plan future activities.

Selected to the initiation committee were Jim Strange, Dave Janetzke and Pete Gross.

The initiation, an annual event, ushering new members into the organization, is tentatively scheduled for January 9 and 10. It is the duty of the boys on this committee to plan what the new members will wear, what they will bring and what they will do.

Nelson Schrader, Richard Buckley and Bob Starnes were selected to serve as a committee to plan trips to Detroit and other places to view athletic events.

The club hopes to take a trip at least once a month to see the Detroit Red Wings, Pistons or Tigers play.

The problem of "N" club jackets was discussed at the meeting and Bob Niemi, Dennis Fallon and Larry Clark were assigned to order them.

The last item discussed was the possibility of a "donkey" basketball game in February. William Walker, Tucker Williams, Jeff Goodrich and Jim Hammond were appointed to see if this could be carried through.

"Hoof Prints"

"Mustang Hoof Prints" is prepared and written by students of Northville high school under the supervision of Jesse Hise.

Acting Editor—Charles Parton
Assisting Acting Editors—Marilyn Miller, Carol Benson, Don Earhart, Shirley Ellison, Sharon Myers.

Staff members who prepared this week's Mustang Hoof Prints are Kay Spicer, Marilyn Miller, Joan Baskins, Jayne Hammond, Dennis Fallon, Sandra DeLaGardie, Sue Wallace, Kathy Farley, Shirley School, Sharon Myers and Shirley Ellison.

From candy canes to happy reunions with friends and loved ones, the holiday season holds many joys. Our wish is that you may have a most bountiful share.

**PROPOSED
WATER RATE ORDINANCE**

An Ordinance to amend Ordinance No. 72 as amended entitled "Water Works", providing for the fixing and collection of revenues from said water system.

The City of Northville Ordains:

SECTION 3. The rates for services furnished by the City of Northville Water System shall be as follows:

WATER RATES

(a) First 6,000 gallons per quarter: 50c per 1000 gallons;
Next 144,000 gallons per quarter: 25c per 1000 gallons;
Above 150,000 gallons per quarter: 11c per 1000 gallons.

The minimum charges per quarter are as follows:
READINESS TO SERVE CHARGE
SIZE OF METER OR SERVICE
¾ inch 6,000 gallons or less per quarter: \$3.00

1 inch 14,000 gallons or less per quarter: \$5.00
1½ inch 28,000 gallons or less per quarter: \$8.00
2 inch 56,000 gallons or less per quarter: \$15.50.

(b) For water furnished otherwise than through meters, the City Council shall fix a reasonable rate by resolution.

(c) For building or construction purposes, the following charges shall be made for the use of water from the time of installation of the service pipe until a meter is installed:

For ¾" Service Pipe: \$3.00 per month;
For 1" Service Pipe: \$5.00 per month;
For 1½" Service Pipe: \$8.00 per month;

For 2" and larger Service Pipe: \$15.50 per month.

(d) For fire hydrants located on private property a charge of \$25 per year shall be collected. Said charge shall be paid in four (4) equal installments payable at the time of quarterly billing.

(e) For water being supplied to users outside the corporate limits of the City, at the time of this ordinance, the charge shall be double the rates inside the City.

CONNECTION CHARGES
For each ¾" or 1" connection to any water main which has been constructed and to which all connections have been made and paid for by others than the City the charge shall be \$100.00.

For each ¾" or 1" connection to any water main constructed by the City the charge shall be \$200.00.

All connections to the water system shall be subject to inspection and approval prior to use.

For connections larger than 1" the connection charges shall be fixed by the City Council by resolution.

BILLING

Charges for water service furnished by the System shall be collected in quarterly periods, and bills shall be sent to each user immediately after the end of the period and shall

be due and payable at the office of the City Treasurer fifteen days after the date of the bill.

For all bills not paid within 15 days of date of bill, a penalty of 10% shall be added.

ENFORCEMENT

Charges for water service shall constitute a lien on the property served and if not paid within six months shall be placed on the next general tax roll with an additional 10% penalty, and collected as a part of the general City Taxes.

The City shall have the right to shut off and discontinue the supply of water to any premises for the non-payment of water rates when due. In such instance, a charge of \$3.00 shall be made when service is restored.

A public hearing will be held on the above ordinance at the next regular meeting of the city council at 8 p.m. on January 6, 1958 at the City Hall, City of Northville.

LEGAL NOTICE

Atty. Donald B. Severance
707 Federal Building
Detroit 26, Michigan

STATE OF MICHIGAN

County of Wayne

ss 437,352

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the seventeenth day of December in the year one thousand nine hundred fifty-seven.

Present James H. Sexton, Judge of Probate.

In the Matter of the Estate of CATHERINE COOK, Deceased.

On reading and filing the petition, duly verified, of Carl J. Wagenschutz, Executor under the last Will and Testament of said deceased, praying that he may be licensed to sell certain real estate of said deceased for the purpose of paying the debts of said deceased, the charges of administering said estate and carrying out the provisions under said will;

It is Ordered, That the twenty-first day of January, next, at ten o'clock in the forenoon, at said Court Room be appointed for hearing said petition, and that all persons interested in said estate appear before said Court at said time and place to show cause why a license should not be granted to said executor, to sell real estate as prayed for in said petition. And it is further Ordered to be published once in each week for three weeks consecutively previous to said time of hearing, in The Northville Record, a newspaper printed and circulating in said County of Wayne.

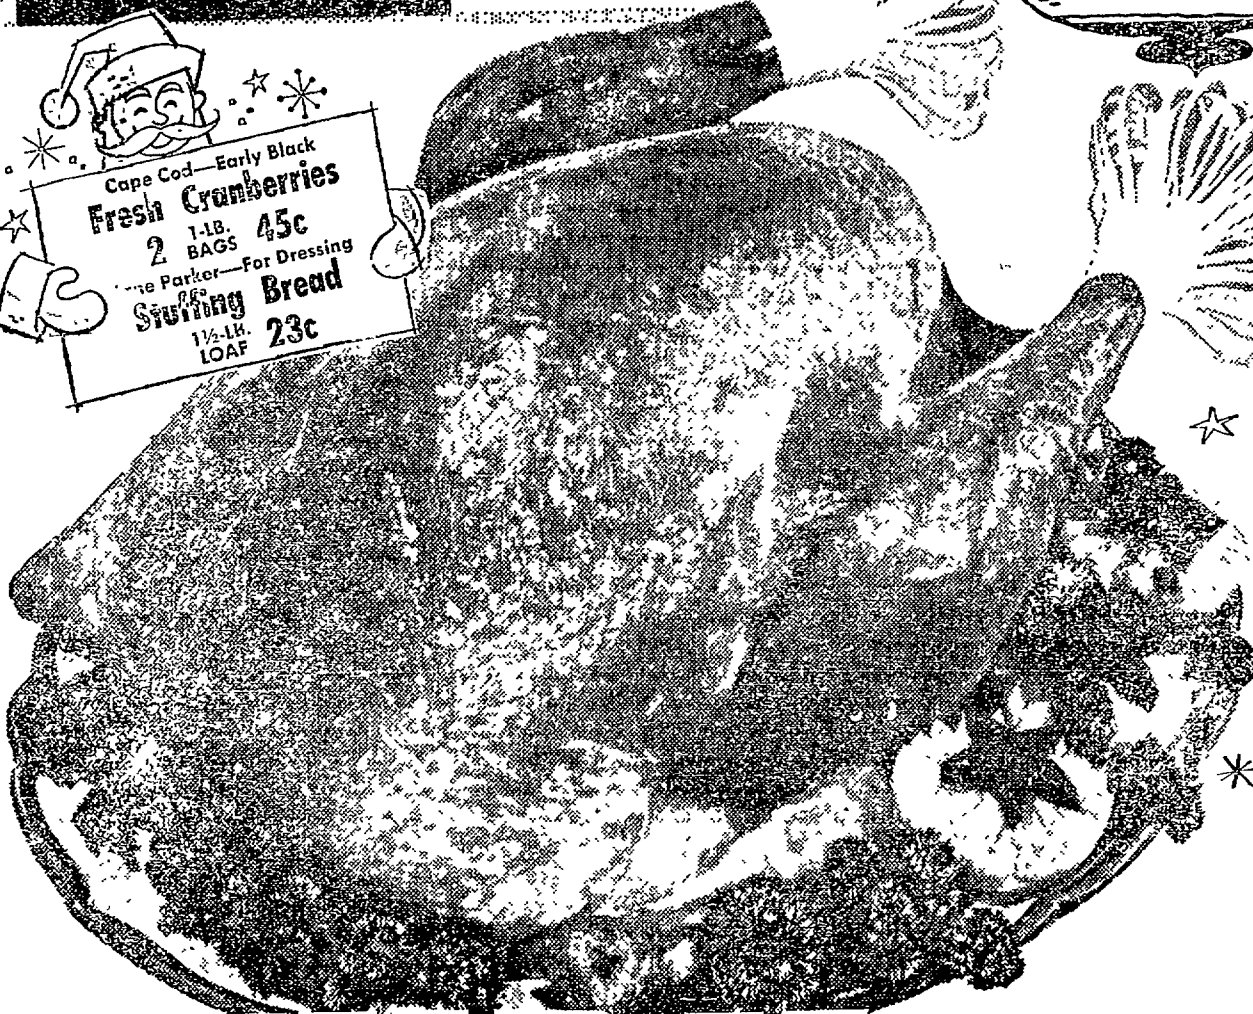

JAMES H. SEXTON,

Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Joseph S. Wertheim,

Deputy Probate Register
Dated December 17, 1957. 31-33

**MERRY
CHRISTMAS!**

The mistletoe's above the door,
The mantel's hung with pine,
And every frosted windowpane
Is bright with candleshine . . .

At last the children are in bed
And parents smile to see
The growing pile of dreams-come-true
Beneath the star-tipped tree.

Far off, the church bells bless the night
With wind-blown, silvery chime—
May Joy and Peace be with us all
Until next Christmas-time!

DONALD SECORD

Mr. Secord, who lived at 222 West street, passed away suddenly December 21 at Sessions hospital. He had lived in Northville for the past 30 years and had retired from the Detroit Edison company after 32 years of service. Mr. Secord was born on May 24, 1905 in Detroit to Fred A. and Mable Rutter Secord. He is survived by his wife, Marie and a daughter, Mrs. R. C. (Dolores) McClelland. Also surviving are a sister, Mrs. Mary Goodale; two brothers, Robert and Harold, of Plymouth, and three grandchildren. Funeral services were held December 23 from the Casterline Funeral home, Rev. Paul Cargo officiating. Burial was in Rural Hill cemetery.

INFANT GOW

The infant son of Alfred and Betty Gow of 532 Maple, Plymouth, passed away December 22 at Sessions hospital. Funeral services were held December 22 with burial in Rural Hill cemetery.

WILLIAM WITT

Funeral services were held December 23 for Mr. Witt who passed away December 19 at St. Joseph's hospital in Pontiac. He lived at 605 Jenner street, Plymouth. He was born on April 18, 1874 in Berlin,

Germany, the son of Fred and Mary Witt. His wife, Recka, preceded him in death. Surviving are nieces and nephews. Mr. Witt had lived in Plymouth for 35 years and was a retired employee of the Wayne County Road commission. Funeral services were held from the Casterline Funeral home, Rev. Paul Cargo of the First Methodist church officiating.

A \$500,000 civil defense and disaster training center will be built next year on the University of Michigan North Campus.

Novi Highlights ...

Mr. and Mrs. Bill Klaserner and son, Mark, will spend Christmas with the latter's brother and his wife, Mr. and Mrs. Walt Madison in Milford.

Mr. and Mrs. William Hansor, Sr. invited all their children and grandchildren to spend Christmas with them this year. They were Mr. and Mrs. William Hansor, Jr. and family, Mr. and Mrs. Robert Hansor and children, Mr. and Mrs. Harold Hansor and children and Mr. and Mrs. Joe Cicirelli and children.

Mr. and Mrs. Lester Ward and children were the Christmas Day guests of the former's brother, Doyce and family on Wixom road. Mr. and Mrs. Lester Ward had a Christmas eve party at their home on Wixom road. Santa Claus visited

BROWNIE TROOP 1

Members of Troop 1 had their Christmas party at the scout hall. They entertained their mothers for tea, and with their mothers and other visitors they had 51 guests. Bingo was played and they sang Christmas carols.

New Churches for a New Year

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1863 Thursday, December 26, 1957—11

The Imposing Facade of Our Lady of Victory Church in Northville.

At the approach of 1958 — a year seemingly destined to try men's souls everywhere — the lines of two beautiful new churches are rising to the sky in Northville and Novi, ready to meet the challenge.

In Northville, the new home of Our Lady of Victory church is complete and had its first services shortly before and during the Christmas holidays.

In Novi, the Willowbrook Community church home is nearing completion and will receive its first worshippers in February.

Our Lady of Victory combines the traditional with the contemporary. Its facade is highlighted by a monumental cross set into a brilliance of stained glass. Into the facade are chiseled reliefs of tablets of the Ten Commandments and other symbols of the church.

Inside, its high vaulted ceiling looks down on altar appointments from Spain and Italy.

Used for services four weeks ago for the first time, the building will be dedicated by Our Lady of Victory parishioners this spring.

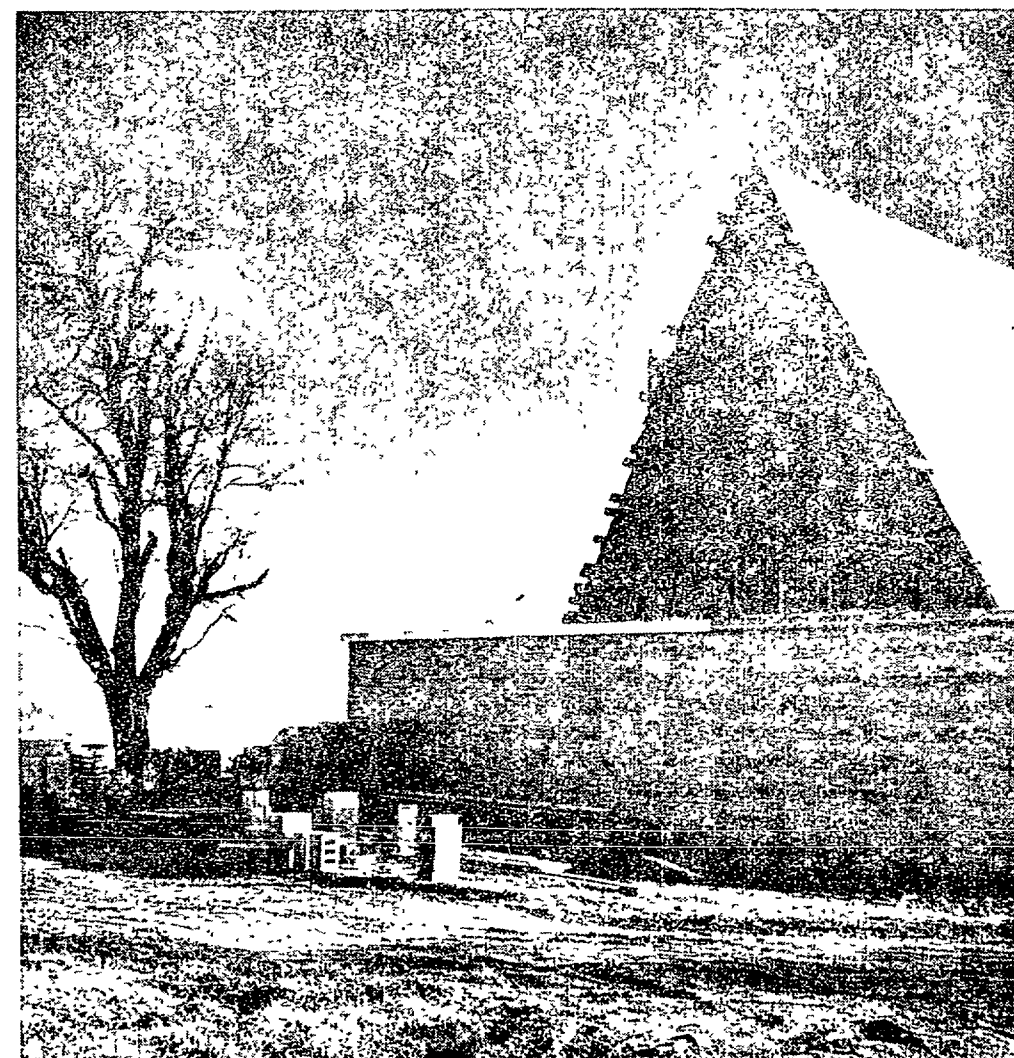

In Willowbrook, the new church building is a tribute to Rev. Byron E. Chapman, who founded the church — a member of the Evangelical United Brethren church — little more than a year ago.

Under construction now are a chapel seating 200, fellowship hall, study, and room for Sunday school. Still to come in the future are a sanctuary, Christian education rooms, and departmental rooms as needed.

The \$102,000 building was designed by one of the church's own members — Richard Swenson of Palmer Associates in Detroit — and features a roof which rises sharply on laminated arches to a pinnacle high over the nave.

The Willowbrook church now has 70 members, with a regular attendance of more than 100.

For the time being, church members are meeting temporarily in a hall at 10 Mile and Meadowbrook. But come March 2, their striking new church home will be dedicated by Bishop R. H. Muller of Indianapolis, and their goal will be reached.

Willowbrook Community Church Rises Near the Homes of Willowbrook.

An ordinance to provide for the subdivision of property and the specifications and improvements related to subdivisions.

The City of Northville ordains:

Article I DEFINITIONS

Sec. 1.01 SUBDIVIDE. The word "subdivide" as used herein shall mean the partitioning or dividing of a lot, tract or parcel of land into 5 or more lots, tracts or parcels of land. Any lot or piece of land the boundaries of which have been fixed in a recorded plat shall not thereafter be divided into more than 2 parts unless the lot or piece of land shall have been replatted pursuant to Act 172, Public Acts of 1929 as amended.

Sec. 1.02 OWNER. Owner is defined as parties having legal title to the properties in question or a land contract interest therein.

Article II PROCEDURE FOR THE PREPARATION AND FILING OF PLATS

Sec. 2.01 APPLICATION. An application in writing shall be submitted to the City Planning Commission by the owner of his authorized representative for approval of a preliminary plat of any proposed subdivision lying in the limits of the City of Northville.

Sec. 2.02 PRELIMINARY PLAT. Three copies of the preliminary plat at a scale of not more than two hundred (200) feet to the inch showing the following shall be submitted with the application:

(a) Title under which proposed subdivision is to be recorded, description of land to be platted, name and address of owner and technical author of the plat.

(b) Location of existing property lines, streets, buildings, water courses, railroads, utilities and such other physical features as the City Planning Commission may deem necessary.

(c) The location of the adjoining streets, utilities, buildings and other physical features which relate to the development of the subdivision.

(d) The location, name and width of proposed streets, alleys, easements and public utilities, parks, plantings, lots and building lines on the property to be subdivided.

(e) Any engineering data deemed necessary relative to the topography, street cross-section, sewer elevations, water elevations, etc.

(f) Proposed use of property.

(g) Areas proposed to be dedicated for public purposes.

(h) Proposed grade elevations at street intersections or breaks of grades.

(i) Date, north point and graphic scale.

Sec. 2.03 TENTATIVE APPROVAL OF PRELIMINARY PLAT. Preliminary plats shall be subject to the tentative approval of the City Planning Commission and City Council who shall take into consideration the City's requirements and the most appropriate use of the land. Particular attention will be given to the standards of design, the justification for the development of public improvements and the subdivision's conformity to existing streets and the City's thoroughfare plans. The width, location and arrangements of lots, the locations of utilities and other features will be reviewed as to their conformity to existing plans and regulations.

If the preliminary plat is not approved, a list of the changes necessary to render the plan acceptable will be made known to the subdivider.

If the preliminary plat meets the approval of the City Planning Commission it should then be submitted to the City Council for its approval. The subdivider may proceed to make an accurate survey of the property and prepare the final plat. Plans thus tentatively approved by mission by the owner or his authorized representative shall be the signature of the Chairman of the Commission and City Manager, and one copy shall be filed in the office of the City Engineer, one copy in the file of the City Planning Commission and third signed copy returned to the subdivider.

The approval of a preliminary plat shall not constitute an acceptance of the subdivision. The final or record subdivision plat shall be submitted to the City Planning Commission with five copies within one (1) year after approval of the preliminary plat; otherwise the approval of the preliminary plat shall become null and void unless an extension of time is applied for and the application is granted by the Commission.

Sec. 2.04 RECORD OR FINAL PLAT. The final plat shall be prepared and presented in accordance with the provisions of Act 172, P.A. of Michigan for 1929 as amended, and in addition, shall show:

(a) Any private restrictions shall be shown on plat or reference to them made thereon; and plats shall contain proper acknowledgements of owner and mortgages and land contract purchasers accepting said platting restrictions.

(b) In addition to the above the City Planning Commission will require a statement from each subdivider indicating:

1. Ownership of the property proposed to be subdivided as evidenced by an abstract of title certified to date, or, at the option of the proprietor, a policy of title insurance.

2. The improvements and utilities to be installed by the subdivider.

3. The restrictions to be imposed upon the property after subdivision.

4. The streets, alleys, parks and easements as agreed upon with the Planning Commission, with a recital that same are dedicated to the use of the public.

5. The total area in acres of the tract to be subdivided.

6. The net area in lots.

7. The total lot frontage in feet, classified as to (a) residential frontage (b) business frontage (c) industrial frontage.

8. The area in streets.

9. The area in parks.

Sec. 2.05 HEARING. Any plat submitted to the City Planning Commission shall contain the name and address of the applicant or his authorized representative to whom notice of a hearing shall be sent and no plat shall be acted on by the Planning Commission without affording a hearing thereon. Notice shall be sent to said person at the said address by certified mail of the time and place of such hearing not less than five (5) days before the date fixed for hearing. Similar notice shall be mailed to the owners of land immediately adjoining the platted land, as their names and addresses appear upon the latest city tax record.

Sec. 2.06 APPROVAL. The Planning Commission shall examine the map for compliance with the preliminary plat and required changes thereof and shall approve, modify or disapprove the plat within sixty (60) days after submission thereof to it, provided that the applicant for the Planning Commission's approval may waive this requirement and consent to an extension of such period.

Approval of the City Planning Commission shall be certified on the plat by the secretary pursuant to authorization by the City Planning Commission, and no plat shall be approved by the City Council without the prior approval of the City Planning Commission.

Article III

PLATTING REGULATIONS

AND REQUIREMENTS

Sec. 3.01 CONFORMITY TO THE CITY PLAN. Subdivision shall be in harmony with the Master Thoroughfare Plan.

Sec. 3.02 STREETS.

(a) Relation to adjoining street system. The arrangement of streets in a new subdivision shall make provision for the continuation of principal existing streets in adjoining or adjacent subdivision, insofar as they may be necessary for public requirements. In general, such streets shall be of a width as great as that of the street so continued or projected. The center line of such streets shall continue with the center line of existing streets.

In general, the streets shall extend to the boundary of the subdivision to provide the proper access to adjoining property, and provide for proper connection with the Highway system for contiguous land.

Where the planning commission has adopted a plan or plat of a neighborhood or area of which the subdivision is a part and proposed plat provides coordinates with the street systems of the city different from that of said continuations or projections of existing streets and the subdivider's plat conforms to such neighborhood or area plat or plan of the Commission, the Commission may approve the subdivider's plat.

Where the plat submitted covers only a part of the subdivider's tract, a sketch of a proposed future street system of the tract, and part shall be considered in the light of adjustments and connections with the street system of the part submitted.

(b) Access to Property. Each residential lot within a subdivision shall abut for its entire frontage upon a public street. Building permits shall not be issued for the construction of buildings on lots which do not comply with this regulation.

(c) Large Allotments. Where the parcel is subdivided into larger tracts than for building lots, the platting shall not be such as to stop the opening of major streets and the extension of adjacent minor streets, which in the judgment of the Commission should ultimately be opened and extended.

(d) Street Intersections. Streets shall be required to intersect at nearly at right angles as practicable. No streets shall intersect at less than 60°. Angle of intersection shall be maintained for a distance of 100 feet from the center line of the intersecting street.

(e) Dedication of Half-Streets. The dedication of half-streets will be permitted wherever there already exists a dedicated and recorded half-street or alley on an adjoining plat. The other half must be dedicated on the proposed plat to make the street or alley complete.

(f) Dead-end streets. Dead-end streets will not be approved if they exceed four hundred (400) feet in length. Every permanently dead-end street shall be of such width at the closed end as will permit a turning radius of not less than fifty (50) feet.

(g) Building lines and Set Back Lines. Building lines shall conform to the requirements of the Zoning Ordinance.

(h) Street Widths. The width for major streets shall conform to the width designated on the Master Thoroughfare Plan.

The minimum width for minor streets shall be sixty (60) feet, except in cases where the topography or special conditions make a street of less width more suitable, the City Planning Commission may waive the above requirement.

(i) Street Grades. Profiles may be required of all streets at the discretion of the City Planning Commission.

The maximum grade allowed shall be 4%. City Engineer may waive requirement if circumstances warrant.

(j) Corner Radii. Curb corners shall be rounded with a radius of not less than fifteen (15) feet.

(k) Access to Streets Across Ditches. Subdivider shall provide access to all proposed streets across water courses or ditches in a manner approved by the City Engineer.

(l) Street and Subdivision Names. All proposed streets obviously in alignment with another already existing and named, must bear the same name. New street names shall not duplicate existing street names, and all names must be approved by the City planning commission.

Duplication of proposed subdivision names, with the names of those already existing, will not be permitted.

Sec. 3.03 ALLEYS. Alleys, having a minimum width of twenty-four (24) feet, will be required in the rear of all local business and commercial lots. A diagonal cut-off shall be made at all acute and right-angle intersections of alleys sufficient to provide an inside turning radius of thirty (30) feet. At the intersection of alley lines with street lines, a corner cut-off line shall be provided between points established by measuring a distance of five (5) feet in both directions along the alley line and the street line from the point of their intersection.

Sec. 3.04 EASEMENTS. Where alleys are not provided, easements of not less than six (6) feet in width shall be provided on each side of rear lot lines and of side lot lines where necessary for utilities and shall be used in the record plat. These easements should be direct and continuous from block to block. Easements of greater width may be required along natural water courses and channels, such easements to conform substantially with the lines of such natural waterways.

Sec. 3.05 MONUMENTS. Monuments shall conform to and shall be placed as required by Act 172, Public Acts of 1929 as amended.

Sec. 3.06 BLOCKS. Residential blocks shall not be less than two hundred (200) feet wide, they shall not be less than six hundred sixty (660) feet long nor more than twelve hundred (1200) feet. Where blocks are more than eight hundred (800) feet long, a ten (10) foot crosswalk may be required near the center of the block.

Business and commercial blocks shall not be less than two hundred eighty (280) feet wide, they shall not be less than two hundred eighty (280) feet long. Where blocks are more than two hundred eighty (280) feet long a ten (10) foot crosswalk shall be provided near the center of the block.

Sec. 3.07 LOTS.

(a) Size of Lots.

1. No lot classified as residential shall be platted that is less than sixty (60) feet in width at the front building line and less than seven thousand five hundred (7500) square feet in area.

2. No lot classified as business and/or commercial shall be platted that is less than forty (40) feet in width and less than five thousand (5000) square feet in area.

3. The subdivider shall provide off-street parking as required by the Zoning Ordinance.

(b) Lot Lines. All side lot lines should be at right angles to straight street lines, or radial to curved street lines, unless a variation from this rule will give a better street and lot plan.

(c) Lots with Double Frontage. Lots with double frontage shall be voided, but if provided, the corner lots must have sufficient depth so that a reasonable front yard may be provided on both street frontages to protect similar frontages on adjacent lots in each direction.

(d) Corner Lots. Corner lots shall have extra width sufficient to permit the maintenance of building lines on both front and side. In normal cases, the extra width required will not be less than the amount of the established building line on the side street, plus the erodeable buildable width and such side yard requirements as are provided for by the Zoning Ordinance.

Sec. 3.08 OPEN SPACES. Parks, Schools, Playground Sites, etc. Due consideration shall be given by the subdivider and the Planning Commission to the dedication or reservation of suitable sites for future schools, parks, and playgrounds, the location of these features to conform as nearly as possible to the Master Plan of the City.

No property shall be subdivided for residential use if such is considered unsuitable for building purposes by the Planning Commission.

Sec. 3.09 USE. (a) Wherever property is subdivided with the intention that it shall have a use more restricted than that designated in the Zoning Ordinance, such use shall be stated either in an application for amendment to the Zoning Ordinance or in a separate statement filed with the Commission.

(b) Property use and area restrictions must be in accordance with the Zoning Ordinance. (c) Business lots when platted shall bear a reasonable relation in number to the probable future number of families constituting the purchasing power of the neighborhood. The Commission will reserve the right to allocate business lots in accordance with its Master Plan and Zoning Ordinance.

Sec. 3.10 UTILITIES AND IMPROVEMENTS.

(a) Street Surfacing, Sidewalks, Sewer and Water. A plat will not be approved or dedication of a street accepted unless the following improvements are made or a City Engineer, which is acceptable to City Council, is furnished to guarantee the improvements.

The installation of storm sewers and sanitary sewers, storm water inlets, house connections from sewers to beyond the curb location, water mains with house connections to beyond the curb location, off-street parking facilities in conjunction with business lots, sidewalks and the construction of roadways to the approved grade, together with street curbs, gutters and street pavements of concrete or approved equals; plans and specifications must be approved by the City Engineer and the construction must be carried out under the direction of the Office of the City Engineer in strict accordance with standard city specifications for the various kinds of improvements, as established by ordinance or resolution adopted by the City Council; the City Engineer will assign a city inspector to the work for such time as may be necessary to insure full compliance with specifications, and the wages of such inspector shall be paid from a sum for inspection to be deposited by the subdivider with the City Treasurer.

(b) Off-Street Parking for Business Use. Off-street parking facilities shall be provided as required by the City of Northville Zoning Ordinance.

(c) Street Signs. The establishment of acceptable street signs shall be required.

(d) Street Trees. Wherever the Planning Commission deems it desirable in order to insure continuity of purpose, street trees shall be planted in conformance with a planting plan approved by the Planning Commission.

ARTICLE IV ENFORCEMENT

Sec. 4.01 SUBMISSION TO AND APPROVAL BY CITY COUNCIL REQUIRED. No plat shall be transmitted to any County or State approving authority for official action as required by the State Platting Procedure until each plat shall have in the first instance, been approved by the City Council in accordance with the regulations of this Ordinance, and Sections 16 and 17 of Act 172 of the Public Acts of Michigan for 1929 as amended.

Sec. 4.02 RECORDING OF PLAT. No person shall sell or convey any lot in any plat by reference thereto until such plat has been duly recorded in the office of the County Register of Deeds.

Every plat approved by the Planning Commission shall, by virtue of such approval, be deemed to be an amendment of, or an addition to, or a detail of the City Plan and a part thereof.

Sec. 4.03 METES AND BOUNDS PLATTING. The description of any lot or parcel in a plat of a subdivision, filed hereafter, by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring, is a violation of these regulations.

Sec. 4.04 SALES CONTRARY TO REQUIREMENTS. Any sale of or option or contract to sell land subdivided contrary to the provisions of these regulations, shall be voidable as provided in Section 78a of the Michigan Platting Act as amended.

Sec. 4.05 PUBLIC WATER AND SEWER SERVICE. Public sewer or water service shall not be provided for any dwelling or other structure located on a lot or plot subdivided or sold in violation of these regulations, excepting that such service may be installed in any structure when deemed necessary by the Health Department for the protection of the public health.

Sec. 4.06 FILING FEES. The subdivider shall deposit with the City Treasurer at the time a preliminary plat is filed with the Planning Commission, the sum of Two hundred and fifty (\$250.00) dollars to cover the cost of advertising, notices, checking, statement engineering, legal and other incidental expenses. That portion of the above deposit not expended at the time of final rejection or approval shall be refunded to the subdivider.

ARTICLE V PENALTY

Sec. 5.01. Any person who shall violate any of the provisions of this ordinance, whether such person be the owner or agent of the owner of the property, shall be fined not to exceed the sum of five hundred (\$500.00) and the cost of the prosecution or by imprisonment for a term not to exceed ninety (90) days or both such fine and imprisonment at the discretion of the court.

ARTICLE VI VALIDITY

Sec. 6.01. Should any section, clause or provision of this Ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole, or any part thereof, other than the part so declared to be invalid.

PROPOSED ORDINANCE TO ESTABLISH SEWER SERVICE AND TREATMENT CHARGES

The City of Northville Ordains:

The rate to be charged for sewer service and treatment shall be ten cents (10c) per 1,000 gallons of water used.

Services which are not metered shall be charged a reasonable rate as set by City Council resolution.

CONNECTION CHARGES

A charge of \$100 shall be made for each 6 inch tap to the City sewer system which has been constructed and to which all connections have been made and paid for by others than the City.

A charge of \$200 shall be made for each 6 inch tap to the City sewer system constructed by the City. The City Council shall set by resolution the connection fee for taps larger than 6 inch.

All sewer connections must be inspected and approved by the City.

BILLING

Charges for sewer treatment shall be collected with the water bills quarterly and are payable fifteen days after the date of the bill.

ENFORCEMENT

Charges for sewer service shall constitute a lien on the property served and if not paid in six months shall be placed on the next general tax roll with a 10% penalty and collected as a part of the general City taxes.

PROPOSED PARKING ORDINANCE

An Ordinance relating to the Parking of Motor Vehicles on the Streets.

The City of Northville Ordains:

Sec. 1. It shall be unlawful for the owner or operator of any motor vehicle to park such motor vehicle upon any of the streets or avenues of said City between the hours of 2 o'clock a.m. and 6 o'clock a.m.

Section 2. Any person convicted of violating the provisions of Section 1 of this ordinance shall be guilty of a misdemeanor and shall be subject to a fine not to exceed One Hundred Dollars (\$100.00) or ninety (90) days in jail or both such fine and imprisonment, in the discretion of the court.

A public hearing will be held on the above ordinance at the next regular meeting of the city council at 8 p.m. on January 6, 1958 at the City Hall, City of Northville.

"NOW WHEN I WAS HERE . . ." — Northville high school hasn't changed much since Charles Wursching was here as a German exchange student in 1951. But he still got a laugh when he recalled some of his experiences to (left to right) Sharon Myers, Jan McKinney, Pat Partridge and Claudia Mairs.

Charles Said He'd Return; After 6 Years, He Made It

When Charles Wursching left Northville six years ago to return to his native Germany, he promised himself he would be back.

This week, he is back — and for a permanent stay this time.

Charles — or Charlie or Karl — arrived in Northville two weeks ago, the first time he had seen the city since that summer day in 1952 when he left after spending a year as an exchange student.

Between the time he left and the time he arrived, most of his thoughts concerned one thing: earning enough money to return to the United States to become an American citizen and get an American education.

To do it, he worked long hours in a post office and then at the American ticket window in a Wiesbaden railroad station. The only luxury he allowed himself was his love of photography, and today his filmed records of Europe are one of his most prized possessions.

While working in the "bahnhof," he met an air force lieutenant from Michigan who encouraged Charles to go ahead with his plans. And, added the lieutenant, when it came time to decide on a college he might very well consider Western Michigan university.

Charles took the officer's advice, and plans now to enroll at the Kalamazoo college next February. After a year or two, he hopes to transfer to the University of Michigan.

"Western is smaller and easier to become accustomed to," he said, "and until I catch on to American college life, I feel Western will be best."

Having experienced the bitter ravages of World War II as a child, Charles intends to follow one of three pursuits that may help prevent a similar world-wide disaster: diplomacy, teaching or journalism.

Until he leaves for Western in February, Charles will try to pick up additional funds for his education. Even saving as he did, his limited salary in Germany allowed only a small stockpile.

In Northville, he already has picked up a number of odd jobs around the city — clerking in a grocery store, helping out at the post office, and the like. He's available for others, too.

Until he goes to school, he'll be living with attorney James Littell and his family, much as he lived with the Thomas Carringtons and Elmer Wilsons in 1951 and 1952.

One of his first visits after arriving here was to the Northville Rotary club, which sponsored his student days. To the Rotarians he showed part of his slides of Europe. And as a special "thank you" he presented the club a photograph showing the scenic German town of Rothenburg.

When not working, he hopes to spend the time renewing acquaintances he made six years ago. Said Charles shortly after he arrived:

"I've been here four days now, and I've only started to visit the people I knew before. I didn't realize how many friends I had in Northville when I was a student here."

the spirit

of the season,
we send to you
our greetings
and good
wishes for a
Christmas
rich in
hope, peace
and
love.

NOTICE OF PUBLIC HEARING ON PROPOSED AMENDMENT TO THE ZONING ORDINANCE OF THE TOWNSHIP OF NOVI NOVI, MICHIGAN

NOTICE IS HEREBY GIVEN that a Public Hearing will be held on a proposed Amendment to the Map and Text of the Zoning Ordinance of the Township of Novi to include the following changes:

A. To change a part of the N.W. Fractional 1/4 of Section 3, being that area lying south of Pontiac Trail, west of West Rd., north of the C-2 District at the junction of West Road and the N. and S. Section Line between Section 3 and 4, and east of the said Section Line between Sections 3 and 4, from an R-1-F Classification to a C-2 classification.

B. To amend paragraph (e) of Section 7.01 regarding public and private stables and riding academies; the addition of a new paragraph under Section 7.01 to provide for dog kennels, the raising of animals for medical experimentation and the raising of fur bearing animals; and the addition of two new paragraphs under Section 12.02 regarding Board of Appeals approval of public and private stables and riding academies, dog kennels, raising of animals for medical experimentation and the raising of fur bearing animals.

This hearing will be held at 8:00 o'clock P.M. Eastern Standard Time at the Township Hall, located at 28580 Novi Road, December 30, 1957.

NOTICE IS FURTHER GIVEN that a copy of the Map and Text may be examined at the Township Hall during the office hours each Monday through Saturday, until the date of the Public Hearing.

Chicago Lowers Lake

THIS YEAR Michigan is getting an early start with a special week May 4-10 to count its blessings. Previously, the promotion period came later in May.

The chesty robin will be joined by the symbol of the new Mackinac Straits Bridge as signs of the state's 1958 Michigan Week.

Water and education will be the dual themes of the 1958 celebration and the theme, "It's Great to Live in Michigan," will be retained.

Dwight Stocker of Kalamazoo said the education side of the theme will be emphasized inside the state and the water attractions of Michigan will be stressed beyond its borders.

"Education appeals to everyone living in Michigan and water appeals to residents of other states where that resource is not so plentiful," he said.

Edward J. Hekman of Grand Rapids has been named general chairman of the 1958 event which will picture Michigan as a state of business and industry, a playground and "a good place to live."

CHICAGO IS the "Villain" in a court drama with six states demanding that the city return the water it drains from Lake Michigan for sanitation purposes.

Involved are Michigan, Wisconsin, Minnesota, Ohio, Pennsylvania and New York — all protesting the loss of lake levels which threaten to damage hopes for the St. Lawrence Seaway.

Chicago started taking water out of Lake Michigan more than 50 years ago for two purposes.

The city used 1,500 feet per second for the Chicago Sanitary and Ship Canal to make it navigable. That has been the restriction since 1930.

Unlimited pumpage also has been used to run through the city's sanitation system. After it is used, the water goes into the Mississippi river through the canal.

Atty Gen. Thomas M. Kavanagh said the loss of the water to Chicago also threatens to reduce the value of resort property in bordering states, and hurt the development of electric power.

In addition, the states are asking that other cities bordering the Great Lakes, including Milwaukee and Toronto, be required to return the water they use for sanitation.

JUSTICES of Michigan's Supreme Court are taking long strides in exercising their discretionary control over lower courts.

They have scheduled a series of meetings with the judges of circuit courts to provide closer coordination of the state's judicial system.

The first meeting, at Saginaw, brought a blast from Justice Eugene F. Black, who charged that the

Wayne County judges are taking excessive vacation and allowing their cases to backlog.

It started a furor, with judges denying their schedules of vacations are reducing the effectiveness of the bench.

The second meeting, with Upper Peninsula judges at Marquette, brought only a criticism of the state parole board whose politics, it was charged, keep state prisons overcrowded.

Observers state that the Marquette meeting was less spectacular because Justice John Voelker, who presided, held a closed meeting with the jurists before letting the public listen.

He defended the move as "the right of judges to get together."

EDUCATORS at the University of Michigan are ready to accept the challenge of Russian scientific advances with a special institute to carry the fight into the public school system.

The proposal, by a science advisory committee to Dr. Harlan Hatcher, of the U-M, was accepted by the Board of Regents.

The 1958 legislature will be asked for \$2,870,000 as the first-year budget for the institute.

Dr. Hatcher said the institute would combine the talents of scientists in varied fields to concentrate their knowledge and training on education of youngsters in science.

Roger Babson

Future of U.S. Depends on Spiritual Growth

The difficulty today is not "tight money." Money rates are like the temperature recording of a thermometer or the air pressure reading by a barometer. "Tight money" is not a cause, but only an effect of some underlying wrong.

MANY BASIC FACTS ARE OPTIMISTIC

We hear much about the population growth ahead of us. This is an optimistic factor; but many oriental nations now have big populations and are living in poverty. To benefit from a large population, the people must have a sane education and a sane religious faith.

Our democratic government is a basic reason for optimism. The "American way of Life," with freedom of enterprise and equal opportunities for all, must continue. However, Rome, Greece, and other nations also had democracies. But the people lost interest in exercising their precious right to vote; they discarded their religions; they deteriorated spiritually and collapsed.

GREAT FUNDS SPENT UPON RESEARCH

Many financial experts today consider the large appropriations being spent upon research as insurance against depressions. I believe research spending is now approaching \$10,000,000,000 per year. This, however, will not save us. The development of printing, the scientific work of Sir Isaac Newton, the discovery of America, the harnessing of steam by Watt, and the electrical age by Edison gave great periods of prosperity. However, their effectiveness weakened because they were not used for spiritual advancement.

I might add other causes of so-called prosperity, such as the growth of installment selling, radio and TV advertising, high wages without a corresponding increase in production. All these things may have their usefulness, but they lead to inflation and higher living costs. Inflation is like stimulation by liquor. The habit of depending upon either becomes slowly destructive. We need only look at Europe to realize the curse of slow inflation. To try to remedy "tight money" by issuing more money is suicidal.

Second Monday of each month
LAWRENCE MILLER, W.M.
R. F. COOLMAN, Secretary

CAN WE DEPEND UPON LEGISLATION TO PREVENT DEPRESSIONS?

History shows clearly that all such legislative attempts have been useless. Several have been suicidal. The fixing of prices, wages, and rents have been tried many times during preceding centuries. All have failed. So will our attempts to fix or subsidize farm prices likewise fail. Unemployment insurance and pensions seem to be worthy legislation, but they have not worked. They were tried in Rome, France, England, and even in Germany before World War I.

Such legislation was usually blamed on "tight money," as was the socialist movement led by William Jennings Bryan in the early Nineties. They were backed by selfish groups seeking "feather-bedding" without regard for the good of the nation as a whole. Manufacturers fought for tariffs; home builders for 95 percent loans; while labor unions succeeded in remaining exempt

from anti-monopoly legislation. Frankly, these false movements were due to lack of real religion, which caused the "tight money" of those days.

MATERIAL vs. SPIRITUAL GROWTH

History proves that these two must progress together. When a nation is actuated by sane religious growth based upon the Ten Commandments it enjoys continued material growth. On the other hand, when material growth exceeds spiritual growth, then depression follows with its falling prices, unemployment, and business failures. The real reason why money is "tight" today is because most people have gone haywire MATERIALLY seeking money, entertainment, and more gadgets, including stylish clothes, autos, TV sets, and all the other things their neighbors have.

Church leaders quote statistics on

church attendance, but church attendance is largely the "froth" of religion. The best barometers of the true religious state of the nation are Sunday Observance, Family Prayers, Temperance, Devoted Families, Respect for Law, Civic Interest, Honesty, Industry, and the Practice of the Golden Rule. Truly spiritually minded people always have Faith, — in God, their country, their fellowmen, and themselves. Such Faith is what America needs today. It will provide the only relief from so-called "Tight Money".
