

Four Youths Admit Knife-Point Robbery

Four youths have admitted strong-arming a buddy and holding up a Novi coffee shop at knife-point last Friday night to get money to continue their drinking spree.

Close cooperation by Novi police, state police, and the Wayne county sheriff's department led to their arrest less than two hours after the robbery.

Even Ol' Dobbin Can't Escape Taxes

Between 100 and 200 speedy horses wintered at Northville Downs have apparently met their match.

They've been caught by the tax assessor!

City Manager John Robertson reported to the council Monday night that personal property assessment forms had been sent to owners of horses stabled at the Downs.

He said that several of the owners had complained because the horses had never been taxed before. They also pointed to the difficulty in determining the value of the animals.

Under the law livestock is subject to personal property tax. Mayor Claude Ely directed the city manager and Councilman John Canterbury to meet with owners to answer any questions on the assessment procedure.

Tomorrow Night: Northville-Milford

Northville will play at Milford tomorrow night, but the Mustangs will have an eye cocked in the direction of Holly.

There the Broncos will be meeting league-leading Clarkson, and unless they upset the Wolves . . . well, that's about all she wrote for the Wayne-Oakland basketball title.

By winning, the Wolves would cinch a share of the crown and would need only one win in their final two games to take it outright. But if Clarkson loses, Northville could grab a share of the championships by defeating the Wolves a week from Friday.

In the meantime, the Mustangs will have to conquer the Redskins tomorrow night at Milford and hope for the best at Holly.

World Prayer Day Services Friday

Services at the First Presbyterian church will mark observance of the World Day of Prayer tomorrow (Friday) when women of both the Methodist and Presbyterian churches meet for joint services.

Time for services is 1:30 and 7:30 p.m. They have been prepared this year by women of the Australian Council of Churches and has the theme, "The Bread of Life."

Chairman of the joint planning committee is Mr. Robert Niemel. Assisting her are Mrs. W. H. Cansfield, Mrs. Edith Grier and Miss Ethel Cameron.

Theme of Thursday's program will be "How Shall We Guide Our Children?", which will be illustrated with a film, "Mike Makes His Mark". Guidance on both the high school and elementary school levels will be discussed.

AAUW used book sale, Krogers, in Plymouth. (Also February 28 and March 1.)

Held for the armed robbery of Connie's Coffee Shop at Grand River and Novi road are:

Arthur Secord, 21, 671 Jener, Plymouth.
William McCullough, 18, of Garden City.
William Whitley, 22, of Garden City.

A 16-year-old Plymouth juvenile. The four also have admitted strong-arming Charles Williams, 280 North Main, Plymouth, and taking \$20 from him after drinking with him for several hours earlier in the evening.

According to witnesses, the bungling, jargon-filled holdup went something like this:

1:05 a.m. Friday: two masked men, one wearing a red bandana and the other a scarf, enter coffee shop. Third waits outside, and fourth stays in car.

Waitress Elizabeth Sikkila, working alone, looks up: "Oh, no." Red bandana: "Yes, this is it." He goes to cash register and takes \$100 while Scarf holds knife on Mrs. Sikkila.

At 3:15 a.m., Redford township police spotted them at Telegraph and Joy road and pulled them over. Cruising sheriffs deputies pulled up and identified them as suspects in the strong-arming.

McCullough, Secord and Whitley waived examination before Farmington Justice James P. Lawson and were bound over to Oakland county circuit court for arraignment Monday. They are now in Oakland county jail under \$5,000 bond.

The 16-year-old is held in Oakland county juvenile home. Juvenile court was expected to be asked for a waiver of jurisdiction over the youth, who will turn 17 next month.

City to Open Bids On Sewers Monday

The city will open bids Monday evening on two major sewer projects estimated to cost approximately \$70,000.

City Engineer Harold Penn told councilmen this week that 20 contractors had applied for specifications and presumably will submit bids.

The project calls for installation of storm and sanitary sewers down East street and a storm sewer down Hill street. The sewers will serve the new high school, Northville Heights subdivision and also some residents of the Oakwood subdivision area.

Bids will be opened at 8 p.m. at the city hall.

City Council Decides To Amend Night Parking Ban

Northville's on-again, off-again ban on night parking is off-again!

The ordinance prohibiting parking on city streets between 2 and 6 a.m. was initiated January 17. Since then it has been the target of numerous citizen complaints.

One of the main objections to the ordinance has come from homeowners who rent rooms. They have told the council that the all-night parking ban has created a hardship that could hinder their livelihood. Others have pointed out that the nature of the terrain makes it impossible to get their cars off the street or construct a driveway.

Mayor Claude Ely had delayed enforcing the ordinance until Councilmen Ed Welch and Malcolm Allen could study the complaints. Monday night Welch told the council that it was the recommendation of the committee to adopt a new night parking ordinance.

"We believe that it was the original intention of the council to adopt an ordinance that would benefit the whole community by keeping streets clear at night so that a better job of street-cleaning could be done," Welch stated. He said that after reconsideration he would suggest a parking ban in the business district only. He suggested 2:30 a.m. until 5:00 p.m. to give adequate cleaning time and still not conflict with late-closing bars and early opening restaurants.

Accepting Welch's report Mayor Ely stated that it had never been the intention of the council to create a hardship for any citizen. "I still believe that residents should be encouraged to keep their cars off the streets at night where possible," said the mayor.

He called for the city attorney to prepare an amendment to the ordinance for examination by the council on March 3. He suggested that a stipulation be included banning all night parking by trucks on any city street. "They're a hazard to traffic," he concluded.

Meanwhile, the all night parking will not be prohibited. Actually, the ordinance has never been enforced. Courtesy tickets have been used to remind violators to date. Police Chief Joseph Denton told councilmen Monday night that police have been issuing about 30 courtesy tickets a night.

In other business the city manager said he had met with Maybury Sanatorium and Center Cab company officials to study complaints by Maybury that unauthorized persons are being transported from the institution by the cabs.

No Licenses Monday

Drivers licenses will not be issued Monday, February 24 at the Northville township hall.

The county sheriff's department representative usually on duty Monday in the township will return Monday, March 3.

Low Bidding Builder Sues School Board

Protests Award to Couse; Hearing Set for Friday

A hearing before the Wayne County Circuit Court has been set for 2 p.m. Friday at which time the Northville Board of Education must explain its choice of general contractor for the proposed new high school.

A temporary restraining order was issued by the court last Thursday after the action was initiated by Smith & Andrews Construction company, low bidder for the \$2 million project.

Named as co-defendant with the school district was the Walter L. Couse & Company construction firm, third lowest bidder and winner of the general contract.

The restraining order was signed by Judge George E. Bowles, who scheduled an immediate hearing to avoid delay of the school project. Judge Bowles declined a request by the plaintiff to set the hearing for March. Under the order the school board and Couse company must refrain from entering into any contracts or instituting work on the project.

Smith & Andrews, one of 18 general contractors competing for the job, submitted a bid of \$1,013,000. Couse and company was third in the bidding with \$1,034,000. Bids were opened January 20.

Specifically, Smith & Andrews company charges that the board of education, "contrary to the recommendations of its architect, arbitrarily and capriciously elected to award the general contract to Walter L. Couse."

The bill of complaint further charges that:

"The decision of the board of education to award the contract to Defendant Walter L. Couse & Company was because of the personal acquaintance of said board with Mr. Walter L. Couse";

"That the plaintiff and 18 other general contractors bid . . . in good faith . . . with the reasonable expectation that if they were the lowest bidders they would receive a contract";

"That unless contracts for public construction are let to the lowest responsible qualified bidder . . . taxpayers . . . are deprived of the protection of said statutes, and do not get the benefit of the lowest possible price consistent with satisfactory performance."

Tip-off that court action might result from the choice of Couse came shortly after the school board reached its decision January 30. The board delayed formal announcement of the selection when, on February 4, Smith & Andrews company asked for a hearing with the school board on the matter.

The meeting was held February 10. Officials of the construction firm were told on that evening that the board would stick to its selection of Couse. February 13 the company filed its complaint.

In answer to Smith & Andrews' complaint the school board has stated that its decision to choose Couse was based solely on past experience with the firm. The addition to the present high school was built by the Couse company in 1950.

Couse, whose firm is located in Detroit, is a resident of Northville. Because of this, Board President Nelson Schrader asked each member if they had discussed the project with Couse. Schrader polled the board before seeking their bid selections January 30.

In explaining the board's choice Schrader said that they did not feel that the two percent bid difference between Couse and the Smith & Andrews firm was sufficient to strike out consideration of Couse. "We unanimously agreed that, as a board, acting for the best interests of the taxpayers, we would rather select a contractor with whose work we were thoroughly familiar if his bid was competitive," Schrader stated.

Superintendent of Schools Russell Amerman pointed out that under the terms of school bidding the board of education has the right to accept or reject any bids.

Glenn Johnson, vice president of the Smith & Andrews firm, stated that in his experience the rejection of the lowest qualified bidder was "extremely unusual". He said that he feared damage to his company's reputation and loss of good faith with sub-contractors bidding with Smith & Andrews.

It is the general rule before awarding any bids on major school projects for the board of education to receive a report on the qualifications of the bidders from the school architect.

Following is what Eberle M. Smith Associates, Inc., Northville high school architects, reported on Smith & Andrews and the Couse company:

(Smith & Andrews)

"Known to us for several years . . . several small contracts were awarded and completed under our supervision. Several million dollars worth of contract work during the past several years . . . \$3 million worth processed in 1957 without financial assistance. Well qualified staff of personnel with a considerable background of construction 'know how'. Inspected several jobs under construction, found to be satisfactory. It is our judgment that Smith & Andrews should be favorably considered."

(Walter L. Couse & Company)

"Walter L. Couse & Company is, of course, a well-established, highly regarded general construction contractor. To the best of our knowledge and belief this contractor has all of the necessary qualifications to enter into the contract for the Northville high school and we would, without reservation, recommend him to you."

The new school, to be located south of the Amerman elementary school on North Center street, is scheduled for completion 400 days from beginning of construction this spring. Total bids put its cost near \$2,000,000.

MILKY MISHAP — The three Becker children had proof positive that it was mighty cold when they opened their front door Monday morning. Two bottles of milk had popped their tops in the frigid air. Gary and Margaret look on while Cristie wonders what they'll have for breakfast. They live at 543 Dubuar.

Was It Cold Enough for You?

Frosty gremlins soundly nipped noses and crawled into car engines the forepart of this week as Northville felt the Arctic cold blasts that swept through the midwest Sunday night.

Main street shoppers and merchants probably never agreed on just how cold it was (one report from Willowbrook Village said ten below zero) but they all agreed that "it hadn't been this cold in years."

Local service stations were plagued with road service calls that kept wreckers on the road constantly, pushing cold-stiffened engines and thawing radiators.

Anticipating bus-starting problems, Northville school officials had a wrecker at the school Sunday night ready for Monday morning. One bus suffered a frozen radiator — thawing time resulting in a 45-minute late start for its morning run.

The weather still hit buses Monday on the home-from-school run, as one bus found itself stuck deep in the snow on Nine Mile road.

Though the bite kept many shoppers by the fireside, one segment of

Northville's merchants did a booming business: hardware merchants reported that sales zoomed in blow torches and propane gas torches for thawing pipes, galvanized pipe for repairing broken lines; heaters; replacement parts for heating equipment, and salt, standby for thawing icy pavements and walks.

Northville postmen found the going rough, too. Snow-drifted, impassable roads meant taking round-about routes for rural-route mail delivery.

One train due from Chicago Tuesday morning still hadn't left the city when its mail was due in Northville.

Out Novi way, some residents were among 6,750 customers of Detroit Edison who were without power for 30 minutes Monday morning after a high power line snapped with the cold and high winds.

Polio Clinic Today, Tuesday

Northville adults and children will have an opportunity for polio shots at a special clinic at the Novi community building today (Thursday) and Tuesday.

The second will be next month, and the third this summer. Hours are 10 a.m.-noon, 1-5 p.m., and 7-10 p.m. Each costs one dollar. Registration is not required.

DOGS, DOGS, DOGS — Nearly 100 of them, in all shapes, sizes and varieties, lined up for their vaccinations Saturday at the fire hall. Owners residing in the city and township brought their pets to the

clinic. Dog licenses are due by February 28 in the township and March 31 in the city.

Alayne Austin Married to Bruce Carney

An afternoon ceremony on Saturday, February 8 united in marriage Alayne Austin, daughter of Mr. and Mrs. Edward Austin of Beal avenue, and Bruce Carney, of Yale, Michigan.

Mr. Carney is the son of Mr. and Mrs. Basil Carney of Yale. The ceremony was performed in the First Methodist church of Northville by the Reverend Paul Cargo. Decorating the church were candelabra, white snapdragons and palms.

Given in marriage by her father, the bride wore a white ballerina-length gown designed by Bianchi. Its empire waist swept into a full skirt of yard-dyed taffeta. The short-sleeved bodice was fashioned of Chantilly lace and daintily beaded with pearls.

She wore an elbow-length veil held in place by clusters of petals fashioned with seed pearls. She carried a bouquet of white roses and wore

pearl earrings, a gift of the bridegroom.

Serving as maid of honor was Karen Austin, sister of the bride. She wore a gown fashioned with a sapphire blue velvet bodice with a skirt of nylon tulle in a lighter shade of blue.

Her bouquet was of pink carnations and French heather. Best man for Mr. Carney was his brother, Robert. Ushers were William Raeburn and Marion F. Lee, Jr.

For her daughter's wedding, Mrs. Austin wore a turquoise and blue print sheath dress with pink accessories. Mrs. Carney wore a rose satin sheath dress with white accessories.

A reception honoring the couple was held after the ceremony in the church hall, with 100 guests attending from Northville, Plymouth, Livonia, Yale, Port Huron, Marysville, Ypsilanti and Saline.

For her wedding trip to Niagara Falls, Mrs. Carney wore a green wool sheath dress and lizard accessories.

The bride has been employed for the past five years at the Northville branch of Manufacturers National bank. Her husband has a dry cleaning establishment in Marysville, Michigan.

They are making their home in Port Huron.

DON'T JUDGE BY LOOKS ALONE

To judge upholstered furniture merely by looks alone is often a costly mistake. A piece may combine good design, simplicity of line, and a handsome cover, BUT if the inner construction is not sturdy and well-built it is likely to sag quickly and become an uncomfortable eyesore.

LEARN THE INSIDE STORY

Make sure it has a sturdy frame—hardwood preferably, with double-doweled joints and reinforced corners. Spring supports made of interlaced webbing will resist sag longest. Hand-tied springs are still considered the most satisfactory. Filling may be moss, hair, foam rubber. These are all resilient and durable.

You Can Be SURE
of TOP QUALITY!

We cordially invite you to come in and let us tell you all about the hidden values in our upholstered pieces. We're here, waiting to serve you.

The natural complement to a lovely sofa-and-chair group is a generous-sized coffee table. Our wide assortment includes a variety of styles and finishes . . . all priced to fit your budget. From \$19.95 to \$109.95.

from the PASTOR'S STUDY

The Rev. Peter Nieuwkoop, Pastor
First Baptist Church, Northville

IS THIS WHAT WE WANT?

A December issue of the Detroit Times carried a news item telling us that a pageant relating to the birth of Christ was banned from Delaware Township Schools. This action resulted from a complaint received (perhaps one or two) from parents of children in elementary classes. School Board Solicitor Edward H. Fleming ruled that under state law the only religion permitted in the public schools is the reading of five verses of the Old Testament and the recitation of the Lord's Prayer which does not mention the name of Jesus. Let me ask you — is this what we want?

I believe it would be well for many to review their thinking on the place of Christianity in our Government and School System. The present clamoring for the separation of the Church and state is coming from organized atheism and a very small minority which opposes Christianity. The Christian population has been content to sit back while atheists and sceptics have put broad interpretations upon the meaning of this article in our Constitution and their interpretation literally rules out all Christianity. The worship of God alone is not Christianity. Any faith that leave Jesus Christ out is pagan. John 5:23 "He that honoreth not the Son honoreth not the Father which hath sent Him." A vast majority have fallen for the false belief that Jesus Christ can be bypassed if so desired! The whole structure of the Christian Faith stands in opposition to this false belief.

(Take your Bibles and read just these two verses — John 14:6 and Acts 4:12).

The separation of Church and State does not mean the separation of the State and Christianity! The reading of any good history book should convince you that the founders of our Country and the writers of the Constitution never meant for Christianity to be eliminated. The freedom of religion means that everyone shall have the right to worship as they please without interference from the outside. But this does not mean that small minority groups should have the right to suppress the Christian Faith in a country founded upon Christian principles.

What will be the result if we continue this trend? (1) We shall forfeit the blessings of God in peace and in war. (2) We shall rear a generation (and we are doing so now) that will be ripe to accept the religion of communism. (3) Crime among juveniles will increase. Those who have no knowledge of the true God will surely not fear Him.

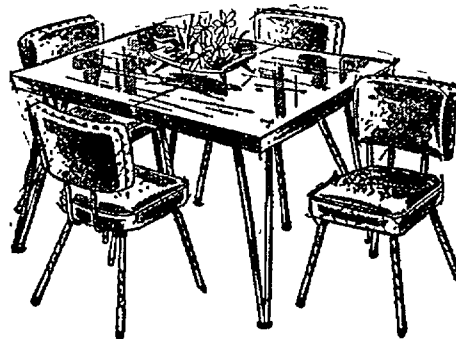

What can you do about it? Write to The Christian Patriot, an interdenominational organization formed for the purpose of putting the name of Jesus Christ in the Constitution. Further information may be received from them by writing to the Christian Patriot, 304 Penn Avenue, Pittsburg, Pennsylvania and they will give you the information to send to your congressman. Let's do something about this matter today, unless you want Christianity eliminated from our schools and government.

BROTHERHOOD OBSERVANCE — Singing at the First Methodist church on Sunday was the choir of the Berea Methodist church of Highland Park, while the Northville choir sang at their church. Reverend Paul Cargo officiated at the services initiating Brotherhood Week.

GOOD TURN TODAY ?

Have you done your good turn today? . . . Boy Scouts, as you probably know, pledge to do a good turn every day—and right now, throughout the land, the Scouts are conducting a National Safety Good Turn. The Spring phase of the program will stress traffic safety and you'll be encountering Scouts at service stations throughout Michigan in the weeks ahead. They'll be distributing literature on safe driving, doing their bit to help reduce traffic accidents. . . . Michigan's trucking industry salutes the Boy Scouts of this great state and pledges all-out support of the Scouts' Safety program. Professional truck drivers are thoroughly trained in safe driving practices and many of them operate hundreds of thousands — even millions — of miles without an accident. They are happy to join the Scouts in urging Michigan's motorists to *Drive Carefully!*

Late Comeback Fails Mustangs

Northville's second half magic, which had spelled victory more than once this year, failed the Mustangs Friday night.

Northville roared back in the last period but it wasn't quite enough to ward off a 66-63 upset at the hands of a vengeance-minded Holly team.

The Coach's Corner

by STAN JOHNSTON
Northville High School Basketball Coach

The loss to Brighton and Clarkston hurt the Mustangs. The loss to Holly hurt our chances to a worse degree because it came at a time when the team was fighting back to salvage at least a tie for the league title with Clarkston.

There is still a chance. A slim one indeed, but a chance. Clarkston plays Holly tomorrow at Holly and the way Holly played against us gives us more hope than we had a few weeks ago because Holly was on the downgrade. If Holly can do it, we can still tie if we can come back and beat Milford tomorrow night.

A fellow by the name of Allen Bradsher came through for Holly with 18 points in the first half which hurt us most last Friday night. The Mustangs played a hard, scrapping ball game in the second half to come back and take the lead after being down 15 points at one time in the third quarter. We played a better game in losing than in some of the games we have won.

When people expect you to lose and you do, you still feel badly. When they are looking forward to your winning, and you lose, the post-mortem becomes rather hard to take. Now is when the team needs encouragement, from fans and students. We still have tournaments ahead and the team is going to need your support. It has been great so far. Keep it up.

Only a Miracle Can Keep Wolves From W-O Title

Clarkston was almost guaranteed of the Wayne-Oakland basketball title this week.

Clarkston must lose its three final games to miss out on the championship, and must drop two of the three if Northville is going to tie for it.

The Wolves wind up against Holly, Clarkston and Northville. An upset is a possibility, but two or three losses is almost out of the question.

While Northville was tumbling to Holly Friday night, Clarkston won its 10th league game by pasting West Bloomfield, 78-34. Leroy Parks, with 27 points, led the Wolves' big 44-point second half.

Brighton, after its upset of Clarkston, lost its second straight. Clarkston withstood a second half challenge to down the Bulldogs, 54-50.

In other action, Bloomfield Hills moved out of the cellar by downing Milford, 61-50.

Colts Nip Holly In High-Scorer

The Northville Colts went on a scoring binge Friday and came from behind in the fourth quarter to down the Holly reserves, 60-56.

Five Colts hit in double figures. Dennis Fallon had 12, Gary Morgan and Jim Patterson hit for 11, and Wade Deal and Joe Gotro recorded 10.

Redheads Coming Wednesday

The colorful All-American Red Heads — queens of big time basketball, will appear in Northville next Wednesday.

Basketball fans will have a chance to see the girls uncork their fancy passing, trick shooting, novelty routines, and zany antics when they clash with the Northville male faculty at 8 p.m. in the community building.

Before the Red Heads take the court, cagers from Novi school and Our Lady of Victory will tangle in a regularly-scheduled game at 7 p.m.

The Red Heads have played to over 5,000,000 fans.

Organized in 1936 by the great "Ole" Olson, owner and star of "Olson's Terrible Swedes", the Red Heads have toured the U.S., Canada, Mexico, Philippines — and at present are booking the U.S., Canada, Alaska and Hawaii.

The girls play 180-200 games each

year — an average of a game every night during basketball season.

Undisputed "World Champions Girl's Professional Basketball Club", the Red Heads feature the top basketball talent available anywhere.

International court favorites, the Red Heads have acquired a world wide reputation for clever plays, good basketball, and side-splitting comedy antics, routines and novelties.

Featured in many national magazines and publications, the famous Red Heads played all-male teams and won 134 out of 190 games.

The present Red Heads aggregation feature girls from Arkansas, Oklahoma, Missouri, Louisiana and Minnesota.

Among the stars are: — Zethel Keith, 6', team captain and ace scorer, who is featured in the Red Heads' halftime show.

— Ann "Candy" Taft, 6' 1", who was trained as a professional model

but went into banking before returning to her first love, basketball.

— Shirley "Trooper" Howard, a college star from Missouri and a superb ball handler and passer.

— Jackie Wraga, 6' 5", the tallest girl in professional basketball.

Facing the Red Heads will be two NBS faculty teams: "The Young Uns" — Bob Visser, Don Van Ingen, Ron Schipper, Joe Wilkinson and Bob Williams; and "The Old Men" — Al Jones, Dick Kay, Jack Van Haren, Stan Johnston, Russ Reimer and Roy Pedersen.

Proceeds will go to reimburse the athletic fund for cheerleaders' uniforms. Tickets may be bought from any cheerleader or at the door.

The Olympic ideal of sport for sport's sake has defied dictators, out-lasted wars and risen above political struggles. It will continue to do so. Sports are most effective weapons against prejudice and intolerance.

Legion Plans Party To Support Home

An old-fashioned, fun-filled "Millionaire's Party" is being planned for March 1 by the American Legion at the Northville Veterans' Memorial Home.

The party is being staged to help provide funds for the maintenance of the Memorial building. Chairman Robert Miller said that cost of operating the building has become much higher than any revenue received for renting it.

The "Las Vegas" night begins at 8 p.m. Saturday. "Everyone's invited and we know that you can't have more fun for a dollar anywhere," said Miller. There are prizes, now on display at Freydl Cleaners, as well as refreshments.

Goodwill Pickup

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for next Tuesday.

SPEAKING

for the Record

By BILL SLIGER

Saturday afternoon more than 500 customers, vendors, friends and well-wishers attended the tenth anniversary party of Paragon Construction company in Novi.

The affair was neatly and appropriately staged in one section of the huge steel-girded plant, divided from the other area by a canvas curtain. Tours of the entire plant introduced the newly constructed 69,000 square foot addition. Returning to the comfortably-heated party area, guests enjoyed food and refreshments catered by Huck's.

The arrangements were typically Paragon. Nothing was overlooked . . . name cards, automobile attendants, music, fine food and fellowship.

Much of the conversation turned to the amazing rise of the young firm to third spot among structural steel fabricators in the state. Those accustomed to doing business with Paragon were quick to point out that President Frank DePodesta thrives on hard work and therein lies the success story of the firm.

It's inspiring and reassuring to see a growing industry, still bent on becoming bigger with energy and confidence enough to set no limits on its expansion. Novi, or Northville or Wixom for that matter, could use more Paragons.

Paragon's team of top officials had to be herded together for this picture Saturday. They were kept busy mingling with the 500 guests at the company's tenth anniversary party. From left, they are: Paul DePodesta, Evan Barnabo, Arthur DePodesta, Frank DePodesta, Gilbert Innes and John DePodesta.

Paragon's party also brought together this quintet of Novi-Wixom officials. It's possible that Wixomites, now planning a switch from village to city status, had some words of advice for Novi, now facing village incorporation. Shown below, being served by one of the attractive waitresses, are: (l. to r.) Stan Balon, Joseph Stadnik, Hadley Bachert, Russell Button and Frank Wata. Novi Supervisor Frazer Staman and Treasurer Ray Harrison were members of the group but left shortly before the picture was taken.

The National Bank of Detroit was also well represented. In the picture below (l. to r.) are Harry Larsen, Ed Premo, George Burrows and Floyd Kehrl. Premo is a Detroit accountant. Kehrl is vice president at the Plymouth office and Larsen assistant v.p. Burrows is manager of the Novi office of National Bank.

Dem Candidates All Set

DEMOCRATS have given the umpire their batting order for the 1958 campaign as Republicans intensified their search for challengers.

The umpire in this political ball game for high stakes is the voter who goes to the polls next November 7.

Technically, the Democratic lineup is only tentative, but the choices are not expected to have more than token opposition in the primary.

First to announce was Lt. Gov. Philip A. Hart, who will go after the seat now held by U.S. Senator Charles E. Potter, now finishing his first six-year term.

Hart's announcement included a generalized blast against policies of the Eisenhower administration. He attacked the foreign policy, economic doings at home, and failed to mention Potter.

Potter charged immediately that Gov. Williams "made up Hart's mind for him" and welcomed his challenger "to the swim".

The Potter charge carries a good deal of truth, if significance can be attached to Williams' statement months ago that two officers — governor and senator — remain open for Democrats.

"I will run for one and Phil for the other," he said.

The Hart announcement made Williams' decision to run for a sixth term anti-climatic. Williams, eyeing a presidential berth in 1960, feels he would be more attractive as a six-term governor than as a one-term U.S. Senator.

Williams allowed Hart to announce his candidacy for the Senate first for publicity reasons, observers said. "Obviously, it was to draw attention to Hart because he (Williams) felt he had not opposition and he wanted to do Phil a good turn," said one Republican leader.

Whether Hart ran for either office, it was decided months ago that Senator John B. Swainson (D-Detroit) was the choice to replace him as lieutenant governor.

Both Hart and Swainson, now Senate minority leader and a strong voice in party councils, are wounded veterans of World War II. Swainson walks on a pair of artificial legs.

Both are good speakers. Hart has presided over the Senate for three years and Swainson has been in his position of party leadership on the floor for two years.

Williams, grooming Hart for the next step in his political career, has turned over a large number of speaking engagements to the 46-year-old lieutenant governor.

Swainson has been the only legislator chosen to carry the Democratic message to the voters in an off-year.

Republicans have in Potter the only certain candidate in the 1958 elections.

They still lack an obvious candidate for governor, though Rep. George Sallade (R-Ann Arbor) has said he would like to go against Williams. Party leaders have quietly been mentioning House Speaker George Van Beursem (R-Zeeland).

The rest of the Republican ticket will apparently be chosen at the party convention. The Democrats, all incumbents, are expected to be

candidates for re-election.

All this behind-the-scenes maneuvering is being done on behalf of the umpire — the man with one vote.

PERSONALITY PARADE: Rep. Russell H. Strange, Jr. (R-Clare) is the youngest state legislator and, despite his youth, is making his weight felt.

He has gained poise and strength in his first two sessions in the legislature and now, at the ripe old age of 22, he shows vigor and a willingness to learn from party leaders, yet he is anxious to get things done.

Unmarried, he became famous for a crack during debate on a subject involving the fairer sex. Blushing a trifle, he strode to the microphone to say:

"I don't feel I'm qualified to speak on this subject."

Strange was elected following a stiff fight in the primary when he ran against his political science professor at Central Michigan college. At the time of the election he was too young to take office. Since his 21st birthday took place before the legislature convened, he was able to take his proper seat at the first session.

His interests stress government at the local level.

In session Strange introduced more than 14 bills, most of which are designed to provide more effective control of political affairs and government services to the individual.

These include provisions which would give the probate court permission at its discretion to release names of juvenile offenders; permit the engagement of a deputy treasurer with permission of a township board; improve administration of county road commissions; and a school aid bill.

He is especially interested in a bill which would remove the power of a village to levy a poll tax, which he thinks should be done in the interests of keeping state law modernized.

He is also anxious to pass a bill which would permit delegates to a Fall County Convention to elect officers of the County Committee including its chairman.

Men Invited to Join Reducing Group

Men in Northville and surrounding areas who aren't too pleased with what their scales say nowadays have been invited to attend an organizational meeting of "TOPS", or "Take Off Pounds Sensibly".

A non-profit, non-medical organization, "TOPS" works on a group therapy system.

The first meeting will be next Monday at 8 p.m. at the YMCA in Ann Arbor. Interested persons may call Robert Howard, GENEVA 8-3087 for further information.

Mr. and Mrs. Walter Cause of West Seven Mile road returned last Tuesday from Dallas, Texas, where they attended the national convention of the Associated General Contractors of America. They were gone for ten days.

OFF TO THE CIRCUS — 100 boys and girls attended the Shrine Circus Saturday under the sponsorship of the Northville Junior Police program. Merchants donated funds so that the kiddies enjoyed all the thrills including the traditional 'peanuts, popcorn and crackerjack'. Some of the children are shown above just before the buses left. With them are Sgt. Gil Glasson, Chief Joseph Denton, Fred Clark and Charles Hall. Others who went along to attend the children were Mrs. Hall, and Officers Ray Nowicke, Leonard Mazuchowski and Bill Hineche.

Slippery Pavement Blamed as Cause Of Auto Accidents

Wet pavement was a contributing factor in three of five accidents that occurred in Northville during the past week.

The rear end of a Northville school bus was damaged last Thursday when hit by Paul T. Young of Detroit. Bus-driver James L. McKinney of Northville had stopped to let out a passenger on Griswold near Pennell street.

Young told police he applied his brakes, but skidded about 45 feet into the rear of the bus.

Damages amounting to \$50 were done to the bus. Young's car suffered \$713.80 damages.

An accident on Tuesday damaged cars driven by Gerald Bartel of Livonia and Edward Pearson of Plymouth. Bartel hit Pearson's car at the South Main—Seven Mile road intersection. He told police he did not see Pearson approaching on South Main and skidded 23 feet after applying brakes before striking the car. Damages to both cars are yet to be determined.

Ira Terry of Carpenter street struck a tree on West Main near South Rogers street Friday when his car skidded off the road when he applied brakes for the stop street. Damages to his car were estimated at \$1,540.

In other accidents, a parking meter was damaged on East Main near Hutton on Tuesday when the overhang of a truck driven by George A. Van Bonn of Pontiac Trail caught the meter.

Another accident occurred Wednesday, February 12 when Richard Keen of North Rogers street struck a car waiting for the light at Dunlap and North Center streets. Keen told police he was making a right turn onto Center and reflection from the sun made it hard for him to see the car, driven by Opan Imonen of Livonia.

Keen's car suffered \$131 damages and Mrs. Imonen's, \$90.

HEAVEN A PLACE

Heaven is a real place. Jesus said, "I go to prepare a place for you." It is not a condition of the mind, not a spirit world which cannot be seen. Everything the Bible has to say about Heaven leads us to believe that heaven is a place where material things can be seen just as here in this earth. Makes painting faster - easier. When we read the description we realize that heaven must indeed be a beautiful place. The Lord uses all that which we value here on earth to describe what a wonderful place that will be. Life in heaven will be very much like we live now without sin. The Seer in Revelation tells us "There shall in no wise enter into it anything that defileth, neither whatsoever worketh abomination, or maketh a lie; but they which are written in the Lamb's book of life." More and more I am beginning to wonder if one of the planets in our present solar system has been chosen of God for this wonderful place called heaven. It could well be and I know of nothing in the scriptures which would be violated by such a conception. Wherever it is, I want to go there when this life is over. God has set down the conditions in the Gospel.
