

## Hospital to Mark U.S. Mental Health With Open House

An invitation to attend open house at the Northville State hospital a week from Sunday has been extended to area residents by staff members.

In connection with National Mental Health Week, April 27 through May 3, the hospital will open its doors to the public for the seventh year. Hours will be from 9:30 a.m. until 3:30 p.m. on April 27.

Staff members have arranged tours throughout the hospital, including a bus ride around the grounds. Mental health movies and color slides of hospital activities will be shown in the auditorium.

Visitors will have an opportunity to see what is being done in the program for the care and treatment of mental illness.

Said Dr. Philip N. Brown, medical superintendent: "Since the hospital is an integral part of the community, we welcome these opportunities to play host to the people of this area."

"We feel that mental health problems are better understood today, than they were 15 years ago. As the public increases its understanding and acceptance of mentally ill patients, we can expect further advances in the mental health field," he added.

Hospital volunteers and patients will assist staff personnel as tour guides, stated Mrs. Carolyn Seefeldt, hospital director of social service and chairman of the open house committee.

Lucille Tanner of Northville will be aiding as secretary of the hospital's Volunteer Service Council.

Hospital employees assisting in the preparations are Mrs. Donald Matzen, 21937 Novi road; Miss Selma Schutte, 605 North Center, and Mrs. Marvin Partridge, 5443 West Eight Mile, all of the social service department.

## City Building Down, Township's Is Up

Building activity in Northville showed a decline in the first quarter of 1958, even though two subdivisions and a high school are now under construction.

In Northville township, building was up slightly over 1957.

Northville's official figures fail to reflect the amount of construction in the area because one subdivision (Yerkes Estates on Baseline) is actually still in Novi, while the other (Northville Estates) started late last year.

According to City Building Inspector Stanley Waterloo, no permits were taken out for new homes in the first three months of 1958. But miscellaneous permits for remodeling and additions totaled \$50,925.

Last year, the figure was \$297,800 for the first quarter — but that included the new Our Lady of Victory church building.

Township Building Inspector Wilbur Petz reported that the township has issued permits totalling \$124,700 for the first quarter.

## Burglars Lose Out At Township Hall

State police are looking for the thief or thieves who pryed their way into the Northville township hall last week.

The burglars jimmied the front door open and badly damaged the office safe in an effort to open it. However, no contents were missing.

## P-TA Carnival on May 2 Will be 'Record Smasher'

Records are certain to be "shattered" at the 1958 Northville P-TA Carnival next month.

The records will be actual phonograph discs, and they'll be shattered by anyone who feels like it — including long-suffering parents.

The "Platter Smash" is a new feature of the annual carnival, to be held May 2 at the community building.

To get enough smashable records for the midway booth, Chairman Fran Gazlay this week asked Northville phonograph fans to check their collections for worn and outdated discs.

The records can be turned in to The Record office. Any disc, in any condition, is acceptable.

"There must be plenty of worn-

## Annual Bloodmobile Coming Tomorrow

A Red Cross bloodmobile will be stationed in Northville tomorrow, (Friday), ready to receive donations of blood for group and community blood banks.

The bloodmobile will be located in front of the First Methodist church from 1 to 7 p.m.

Donors may request that their blood be applied to one of several accounts, according to Mrs. C. E. Winter, chairman of the Northville blood program. Among the accounts:

— Northville community account, which may be used by any individual in an emergency.

— a "self" account.

— industrial, group and club accounts, including accounts at the Northville Ford plant, Wayne county training school, and Northville State hospital.

— a replacement account, to replace blood already used by a hospital patient.

Mrs. Winter said some 60 pints from the Northville community account have been used since the last bloodmobile visit, and that local Red Cross officials hope to replace at least that many pints tomorrow.

The bloodmobile will be staffed by professional doctors and nurses from the Red Cross blood center as well as local volunteers.

Donors may make appointments by calling Mrs. Winter, 379, or Mrs. A. C. Carlson, Northville Red Cross chairman, 402.

Persons who do not have appointments may visit the bloodmobile at their convenience. Early afternoon hours will be best for such "walk-ins."

"Many former patients and their families say that without the Red Cross blood bank program, it would have been impossible to meet the needs of an emergency in time," Mrs. Winter said. "Participation in the program is the donor's premium insurance against such an emergency."

Funeral services for Louis V. David, 53, a pioneer builder of midwest racing cars, were held in Northville Sunday.

Mr. David, who operated a machine shop in Northville for 30 years, died last Wednesday at his home, 4300 West Seven Mile.

Mr. David has been prominent in the auto racing industry for 25 years. Among the well-known drivers who raced his high-powered midwest cars to victory were Henry Banks, John Ritter, Cliff Miller and Johnny Wohlfiel.

A collector of unusual machinery, Mr. David preserved steam traction engines as one of his hobbies. And in 1944, he was instrumental in forming the "National Threshers Association for the Preservation of Americana."

Services were held Sunday from the Ebert Funeral home in Northville, with a high requiem mass at Our Lady of Victory church. Burial was in Holy Sepulchre cemetery, Father John Wittstock officiating.

## Eaton, Smith Head Exchange Day Here

Chairmen for the activities of Michigan Week in Northville were named Tuesday night at a meeting of the committee.

L. M. Eaton and Leland Smith were chosen to direct the activities of Mayors' Exchange Day, May 5. Eaton and Smith will handle arrangements for entertaining the mayor of Roosevelt Park, highlighted by a banquet in the evening. A speaker for the banquet will be announced later.

Other chairmen for the week-long event are: Wilbur Johnston, Spiritual Foundation Day; Mrs. Harvey Ritchie, Hospitality Day; George Clark, Our Livelihood Day; Clayton Myers, Education Day; Fred Van Atta, Our Heritage Day; and Mike Green, New Frontiers Day.

The committee will meet again Wednesday at 8 p.m. at the city hall to complete plans for the May 4 to 10 celebration.

Working with Gazlay on the general committee are Ed Angove and Dayton Deal, activities and organizations; Terry Secord, treasurer; Elroy Ellison, tickets; Dempsey Ebert, and Robert Coolman, prizes from merchants; Donald Severance, concession prizes; Frank Cochran, staging; Marion Crump, Pat Hart, and Jacqueline Hall, art and posters; and Joe Petrock, publicity.

## Annexation Case Is Postponed Another 6 Weeks

The long-standing Warren Products-Northville annexation suit came nearer settlement last week after a hearing before Judge Clark J. Adams of the Oakland county circuit court.

Judge Adams ordered attorneys for Warren Products to submit briefs stating their position within four weeks from April 10. City Attorney Philip Ogilvie will be given another two weeks to answer the Warren briefs.

The suit was brought by Warren after an election last November annexed 220-acres surrounding the Warren plant in Novi township to the city of Northville. The case is based entirely on the interpretation of the law enabling cities to annex areas of townships with only a vote of the city and the residents of the area annexed. Warren attorneys maintain the whole township is effected by the annexation and therefore should be allowed to vote.

Judge Adams promised an early opinion on the briefs. Presumably the decision will come in late May or early June.

## Plans Still Alive For Novi Track

Plans for a multi-million dollar race track and sports pavilion in Novi are still very much alive. The Novi News was told this week.

Only a stalemate over sale of the track site has been holding up construction, said B. F. Gregoric, one of the principle backers of the track.

Gregoric said construction of the \$5,500,000 structure can begin "immediately" after the land sale is finally completed.

Gregoric said his group's option on the track site — north of Grand River near Meadowbrook road — has run out. The sale is now being re-negotiated with the owner of the site, Dr. August Holcomb.

The race track issue has been dormant for more than a year, and many Novi residents and some officials have speculated that plans for the elaborate sports center had died a quiet death. Gregoric refuted this emphatically.

"We are very certain that the track in Novi will be built," he said. No changes in plans have been made, he added. The track still would be a unique aluminum structure, with a sliding all-weather dome. Eventually, the pavilion would include facilities for other sports as well as racing.

Gregoric said he has been in contact with officials at the state racing commission, top harness horse breeders, and such sports figures as Jack Ivory. Ivory, Gregoric said, is especially enthused about bringing in polo teams from as far away as Pakistan and Argentina.

# Conversion to Dial Phones Is Scheduled for July 20

DIAL PHONE COMING — Michigan Bell's Bob Hager prepares one of the busiest telephones in Northville for dial service on July 20. The phone is used by Mrs. Ralph-Mary Hill, in her capacity as secretary to Attorney Clifton D. Hill.

## Special Symbols to Show P-TA How Johnny Reads

Northville parents, with the help of a unique demonstration, will have a chance next week to decide why Johnny can or cannot read.

The widely-debated topic will be discussed next Thursday (April 24) at the monthly meeting of the Northville P-TA.

The meeting, to begin at 8 p.m. in the community building, is the fourth in a current P-TA series on how children learn and will again be coordinated by Dr. Chester McCormick of Wayne State University.

In discussing reading, Dr. McCormick will use the unique "McKee" demonstration — in which special symbols are substituted for letters of the alphabet.

Dr. McCormick will ask several parents to attempt to read certain passages "written" in the unusual alphabet, showing the difficulties encountered by a child when he first learns to read.

The program will also look into the reading program in Northville elementary, junior and senior high schools. Reading consultants from the three levels — Mrs. Rosella Lee, Mrs. Pauline Smith, and Mrs. Louva Waterman — will explain the local reading program.

Exhibits of reading materials will be displayed at the meeting. Following the program, officers for the coming year will be elected and refreshments will be served.

Dial telephone service will come to Northville and the rest of Novi at 2:01 a.m. on July 20.

At that moment, Michigan Bell will activate its complete new "Fieldbrook" exchange and retire the antiquated Northville exchange — one of the few remaining manual systems in the Detroit area.

At the same time, Michigan Bell will put its new dial exchange building on North Center into operation.

With the switchover to the Fieldbrook exchange, Northville and Novi subscribers will have one of the most modern telephone systems in the nation.

John Kamego, area manager for Michigan Bell, said the new exchange will offer:

— direct dialing to some 3,000 phones within the exchange.

— direct long-distance dialing to an estimated 40,000,000 phones from coast to coast.

— the latest in automatic billing facilities.

Preparations for the switchover are already well underway. Michigan Bell installers are now readying all telephones in the exchange for dial service. The conversion will be completed well in advance of the July 20 cutover.

Kamego said Michigan Bell operators will call all subscribers between June 16 and July 14 to brief them on how to use the dial system. In addition, company representatives will explain the operation to student assemblies, the P-TA and Northville service clubs.

"We know that many persons are familiar with dial operation," he said, "but there are many others who are not. And even those who have used dial phones probably aren't familiar with long-distance dialing."

Subscribers will learn their new Fieldbrook numbers through the mail. Each user will be sent a disc bearing their new number, and is to insert the disc in the center of the dial.

In addition, a complete new telephone directory will be distributed to all users, Kamego said.

The new FT-9 exchange will start with about 3,000 subscribers, Kamego said but will have a potential of 10,000. The new exchange building itself will be able to handle 20,000 subscribers if necessary.

(Some 600 Fieldbrook phones have been in service in Novi since last year. They are now served by temporary dial facilities located in a trailer next to the Novi township hall. The trailer will be moved out after the new exchange building in Northville is activated.)

Kamego said the new system will also allow users to dial directly to about 40 percent of the nation's phones without having to go through an operator.

To call direct, the user simply dials an area code number and then the desired local number. Such calls take less than 15 seconds to complete, Kamego said.

(Plans are now being made for an international direct-dial system, Kamego said. Installation will probably start in 1959.)

The automatic billing system in the new exchange building will boost accuracy by as much as 100 percent, according to Kamego.

The system uses perforated tape which automatically records the date, time and length of the call as well as the caller and the callee. The tapes are sent to Michigan Bell's accounting department, where the information is automatically computed into the customer's bill.

## Burroughs' John Coleman Found Quiet in Northville

A famed industrialist who escaped the pressures of business by coming to Northville on week ends will visit his quiet retreat here no more.

John S. Coleman — president of Burroughs corporation, former president of the U.S. Chamber of Commerce, and Knight of the British

Empire — died Sunday night of a heart attack.

Mr. Coleman, who maintained a picturesque country home at West Seven Mile and Beck roads, was known to many Northville persons not as an industrial figure but as a familiar week end guest.

He once said he had "seven acres of farm in Northville that requires eight acres of equipment."

Mr. Coleman, an outspoken advocate of free trade, was presented with the French Legion of Honor and the West German Cross of Honor for his work toward international economic harmony.

But probably his greatest honor came last fall when Queen Elizabeth dubbed him a Knight of the British Empire during her visit to the United States.

Two days after the knighting ceremony, Mr. Coleman was struck down with a mild heart attack. He overcame it, however, and was soon back at work until the fatal attack Sunday.

## Planners to Hear Rezoning Request

Northville's planning commission will hold a public hearing May 6 to consider a request for rezoning three parcels of land from R-2 to C-1.

Request for the change was made by the Veterans of Foreign Wars Post. Specifically, they are asking that lots at 446, 438 and 428 South Main street and 575 Gardner be changed to commercial. The post recently completed an addition to the rear of its South Main street building and is seeking additional parking space.

POSTER PARTY — Several dozen posters will soon appear in Northville store windows and bulletin boards announcing the forthcoming annual P-TA carnival on May 2. Working on the colorful posters are (left to right around table): Linda Hall, Mrs. William Crump, Mrs. Joseph Petrock, Jackie Campbell, Mrs. Frederick Hart and Mrs. Charles Hall.

## Great Books Group Meets

A Great Books discussion group is being formed in Northville.

The group will meet at the Northville Public Library on the first and third Thursday of each month from 8 to 10 p.m.

Moderators of the discussion group will be two local men, Donald Riddering and George Lockhart.

These local residents are currently attending a tuition free Great Books leadership training course sponsored by all the local libraries within a 50-mile radius of Detroit in association with the Adult Education department of the Detroit Public Library.

This course is to train these individuals in the theory and technique of leading a group of neighbors, friends and co-workers in a discussion of Great Books here in Northville.

If anyone else is interested in training as a moderator they may call or write Mrs. James Worley, co-ordinator of the Great Books discussion groups, 668 West Maplehurst, Ferndale, Lflicoln 2-2721.

As moderators of the Northville Great Books discussion group Riddering and Lockhart will not lecture or answer questions — they will ask them.

The Great Books discussion program is designed to make the bene-

fits of liberal education available to all adults in this community

through neighborhood discussion of good books dealing with the basic issues of everyday living — happiness, love, peace, justice, freedom.

To register or for more information one may call the Northville Public Library, phone 27, and speak to librarian Mrs. Rhea Wilcox.

Or you can call Donald Riddering at 3079-J or George Lockhart at 678-W.

## Michigan Constitution Topic at BPW Meeting

Discussion of the Michigan Constitution will highlight the meeting of the Northville Business and Professional Women.

On April 28, four members of the Detroit League of Women Voters will be on a panel to discuss having a constitutional convention, where question of the revision of Michigan constitution will be the main topic.

The BPW said this week that the question of the convention will be on the ballot this November and that they felt the public should be informed on this matter. The public is invited to attend.

The meeting will begin at 7:30 p.m. at the Presbyterian church.

## Five New Members Join Delta Kappa Gamma

Five new members were admitted into the Alpha Nu chapter of Delta Kappa Gamma, honorary society for women teachers.

The group was admitted to the society when a meeting was held at the home of Mrs. Ethel Gracey, 16200 Homer road, Monday evening.

New members are: Mrs. Pauline Smith, Mrs. May Babbitt, Mrs. Maud Penhale, Mrs. Carrie Dickinson and Miss Kathryn Giltner.

## Regular Meeting Slated By Orient Chapter of OES

The Orient chapter of the Order of Eastern Star will hold its regular monthly meeting April 18.

The meeting is scheduled for 7:30 p.m. in the Masonic Temple. A social hour will follow.

## Northville Review Club to Meet at Mrs. Johnson's

The Northville Review club plans to meet Thursday, April 24.

Mrs. C. D. Yahne, Jr. will review the book, "And Walk in Love" by Buck Master. Mrs. Waldo Johnson will host the group at her home on Novi road at a one o'clock dessert luncheon.

## Better Living Series Planned For Ford Employee's Wives

A better living series, sponsored by the Central Ford Motor Girl's club and the Michigan State university Cooperative Extension service has been scheduled for this month. Women employees of Ford's and wives of all Ford employees may attend the better living series where time and energy management in the home, home furnishings and meal planning, plus food buying tips will be the main topic.

The meeting will be held on April 22, 29 and May 6 at 7:30 p.m. at the Ford Central Office building, Southfield and Michigan avenue, Dearborn. There is no admission charge.

On April 22, the subject will be "Time and Energy Management in the Home". Practical ways to make housekeeping easier by efficient use of energy-saving methods, will

be discussed. Highlight of the evening includes slides on work simplification and a demonstration of an easy way to iron a shirt. "Home Furnishings" will be the subject at the April 29 meeting. The speaker will give pointers on planning color schemes, buying furniture and accessories.

On May 6, the subject will be "Meal Planning and Buying Tips". There will be a discussion of ways to save money at the market and how to make everyday meals distinctive as well as nutritious.

## State Official To Address AAUW

Assistant Attorney General Mrs. Maxine B. Virtue will be the guest speaker at the American Association of University Women when they meet tonight in Northville.

The meeting, scheduled for April 17, will be held at the home of Mrs. Glenn Cummings, 43525 West Six Mile road. Hostess for the evening will be Mrs. T. N. Cummings, assisted by Mrs. John Robertson, Mrs. William Crump and Mrs. Hugh Harsha.

Mrs. Virtue's topic is "Family Court for Michigan". Enabling the speaker to discuss this question is her background. She has written several books on the subject and in 1952, the James Foster Foundation published her "Basic Structure of Children's Services in Michigan" and in 1956 another book, "Family Cases in Court". The latter is a report of a series of studies for the Inter-profession Commission on marriage and divorce laws.

AAUW members said that they felt this evening's program would be one of the outstanding events on their agenda this year.

## Invite Handicapped To Join New Group

Interest in the Easter Seal Society of western Wayne county, fanned by the annual mail campaign and local Lily Parades has stimulated the regular use of the agency's center by another group.

The Friendly Circle, a group of handicapped adults who have been getting together for excursions and other social activities, gathered during February to staff appeal letters and to send them on their way. At that time, they decided to meet regularly, the first Wednesday of each month, to lunch together, to play cards and to enjoy programs arranged by various members in turn.

Any physically handicapped person in western Wayne county, 30 years of age or older, is eligible to join the group. Registration forms may be secured by calling the Easter Seal Center, Parkway 2-3055.

## Newcomer's Corner

"I look upon every day to be lost,  
in which I do not make a new acquaintance."

—Samuel Johnson

**NEWCOMERS TO THE AREA** — Mr. and Mrs. Lawrence Wright, 40241 Fairway drive, and family have lived in Northville since January. The parents of four children, they are shown with Larry, Jr., a student at Western Michigan college; Tommy, 8, and Cindy, 6. The couple have a married daughter, Native Michiganders, the Wrights formerly lived in Huntington Woods. The family hobby is golfing and both Mr. and Mrs. Wright are engaged in Meadowbrook Country club activities. The family pet is "Wiener schnitzel".

## Wayne Dunlap to Conduct Handel's Royal Firebird

The Royal Firebird Suite by Handel is one of the several selections to be played at the Detroit Women's Symphony orchestra spring concert. Wayne Dunlap, presently conductor of both the Plymouth Symphony and the West Shore Symphony of Muskegon and Grand Haven, will be the guest conductor. The spring concert will be Saturday, April 19 in the Detroit Institute of Arts auditorium. Other selections to be played are: Symphonie Espagnole by Lalo, Adagio by Kirk and Anton Dvorak's Symphony No. 4 in G Major.

## Lutheran Mission Society Meets at Detroit Church

The Lutheran Ladies Mission Society will meet Thursday, April 24 at Bethlehem Lutheran church, 1450 McKinstry, Detroit. Luncheon will be served promptly at 11:30 a.m. with a business meeting following.

## Tuesday Book Club Hears Of Bernard Baruch's Life

Members of the Tuesday Book club will meet at the West Main street home of Mrs. Harvey Whipple on April 15. Mrs. F. Alden Shaw reported on an autobiography following a dessert luncheon. Topic was "Baruch—My Own Story". The biography gave a vivid description of Bernard Baruch, the man who was an office boy at 19 and a millionaire at 35 years of age. Eleven members were present during the afternoon.

Mr. and Mrs. Lawrence Hiltz of West Main street have returned home from visiting their son, Bill, who is a student at Kemper Military school, Boonville, Missouri. The couple attended parents' day and the military ball.

## The Important Things . . .

We call our establishment a funeral home because we have tried to make it, as much as we could, a second home for families who need our services.

Here in quiet, pleasant, and comfortable surroundings they meet their friends and take care of all the social necessities of the occasion.

Close at hand are members of our firm to perform any services that may be required.

We believe that the keystone of our profession is sympathetic, personal service to you.

## Readers Speak Up:

### 'Northville Plaza': Only A Dream?

Yes — I had a dream too, and also about the business men of Northville.

As three of them were grumbling as they watched the wishful fellow close his doors for the last time, one hotly said, "Let's let the clerks run the store tomorrow and look some of these shopping center over." Another said, "Fine, I have a fine stock on my shelves and I am not giving up without a good fight." The third quietly said, "Pick you both up tomorrow early and we will see."

Away they went and stopped in at Southland. That's funny, observed one, they have a road in front but no cars are on it. Yes, says another, they call them concourses rather than roads. Customers do not have to dodge cars here when they shop. And just look at those pretty flowers in those flower boxes. People seem to like that set-up.

They then went to the Fantasy Mile Center. Look, said one merchant, they have pretty plate glass windows in the back of their stores with nice wide entrance doors. Boy, that's nice agreed another, frontage on two streets that way — and the back looks just as attractive as the front. After other observations they went to still another "hot" shopping center. But by now they were not down in the mouth but all seemed to be rather jubilant.

As they examined the last one and climbed into their car for the return home they all agreed that they felt that the City had already done, such a nice job of black topping in the back that they had the base for a shopping center right in Northville that could really knock their eyes out.

I believe, said one, if we could all get together and invest some of these "losing dollars" into a uniform stainless steel fluted front over the whole business section with an attractive overhang for the convenience of the customers, that we would start things moving. That's good as far as you go said another — but I like that idea of making our alleys into another "shopping street", you know — nice show windows in the back with wide inviting glass doors coming into the store from the parking area. I am going to take that "Reserved" sign down back of my store said another, blacktop it and hang a "Welcome" sign there instead. Pretty expensive parking space, it appears to be now — and shoppers do not like to read those "reserved" signs either.

By this time all were happy and one of them grinned as he said, "Maybe the city would route traffic around Main and Center streets from entrance to parking lot on East Main to alley exit on West Main street and on North Center street to Dunlap and South Center street to the alley exit. This would let customers get in the parking lots and let customers walk back and forth across these streets without car tension or fears attached."

Boy — if this could be done we could also have planter boxes and nice flowers and better yet, maybe we could extend those overhangs across the street by the Bank and the 4 corners so people could keep out of the weather and still have them high enough for fire trucks, etc. to get through if necessary. This would tend to bring customers here on rainy days rather than stay home, one observed. I wonder, mused the other one, do you think that the whole bunch, would go in for an honest-to-goodness good facelift and invest a year's profits as against a 5-year failure?

I believe they would, said another, and I'll bet the City would remove the meters from the parking lots and put up a big sign "Northville Plaza" because all of that extra business, we merchants could easily absorb those nickles and get the good will of everyone. And while we are doing all this, why not cut arches in our stores so customers can easily go from store to store, say from Northville Drug to Gussell Drug and from the Bank to Villa Dress Shoppe during shopping hours and closing them when the owner closed up shop. Not bad, agreed one of them.

Let's see what we can do about this they all agreed and then they finished up their day with one last comment — we will all put good big ads in their weekly paper that covers this area, giving "leaders" so that they will seek "Northville Plaza" as their first choice of today's most modern shopping area.

Boy — what a dream. Gotta go down to Grand River and get some sleeping pills.

LAY OF THE LAND — Surveyors were in Northville last week gathering data to be used in plans for the new Eight Mile cutoff and the widening of North Center street (above). The cutoff will pass between the Amerman school and the new high school, routing traffic past Northville instead of through it.

**LEGAL NOTICE**  
STATE OF MICHIGAN  
County of Wayne  
ss. 437,352

At a session of the Probate Court  
for said County of Wayne, held at  
the Probate Court Room in the City  
of Detroit, on the Fourth day of  
April, in the year one thousand nine  
hundred and fifty-eight.

Present Joseph A. Murphy, Judge  
of Probate.

In the Matter of the Estate of  
CATHERINE COOK, Deceased.

Carl J. Wagenschutz, executor of  
the last will and testament of said  
deceased, having rendered to this  
Court his second annual account in  
said matter and filed therewith his  
petition praying that this Court en-  
ter an Order reducing his bond as  
executor to a nominal bond in the  
amount of \$100.00:

It is ordered That the twenty-  
ninth day of May, next at ten o'-  
clock in the forenoon before Judge  
James A. Sexton, at said Court  
Room be appointed for examining  
and allowing said account and hear-  
ing said petition.

And it is further Ordered, That  
a copy of this order be published  
once each week for three weeks  
consecutively previous to said time  
of hearing, in the Northville Record,  
a newspaper printed and circulated  
in said County of Wayne.

Joseph A. Murphy,  
Judge of Probate

I do hereby certify that I have  
compared the foregoing copy with  
the original record thereof and have  
found the same to be a correct  
transcript of such original record.

Cecil A. Bernard,  
Deputy Probate Registrar

Dated April 4, 1958. 46-48

## NOTICE OF FORECLOSURE SALE

**HOT ENGINE** — A sudden sparking noise brought Carl Stephens, 46061 Norton, to a hurried stop as he was driving down Main street in Northville Tuesday afternoon. A look under the hood revealed this well-burning fire. Firemen quickly extinguished the blaze, but not before The Record snapped its picture. Stephens conveniently stopped in front of The Record office.

#### Bentley to Appear Here

U. S. Representative Alvin M. Bentley will appear next month at the annual Northville Presbyterian Men's club Ladies' Night program next month.

Dinner will begin at 6:30 p.m. on May 8. The public has been invited to attend.

#### John Crusoe Heads Michigan Group At CAR Convention

John A. Crusoe

A young Northville man will head Michigan's delegation to the 63rd annual convention of the Children of the American Revolution in Washington, D.C. this week end.

He is John A. Crusoe, 43180 West Nine Mile, current state CAR president.

Also attending will be Janet Willoughby of Plymouth, state corresponding secretary. Both are members of the Plymouth Corners Society.

The convention will hear Mrs. E. Stewart James, adult leader of the CAR, who recently travelled 40,000 miles around the country to visit members of the nation's oldest patriotic youth organization.

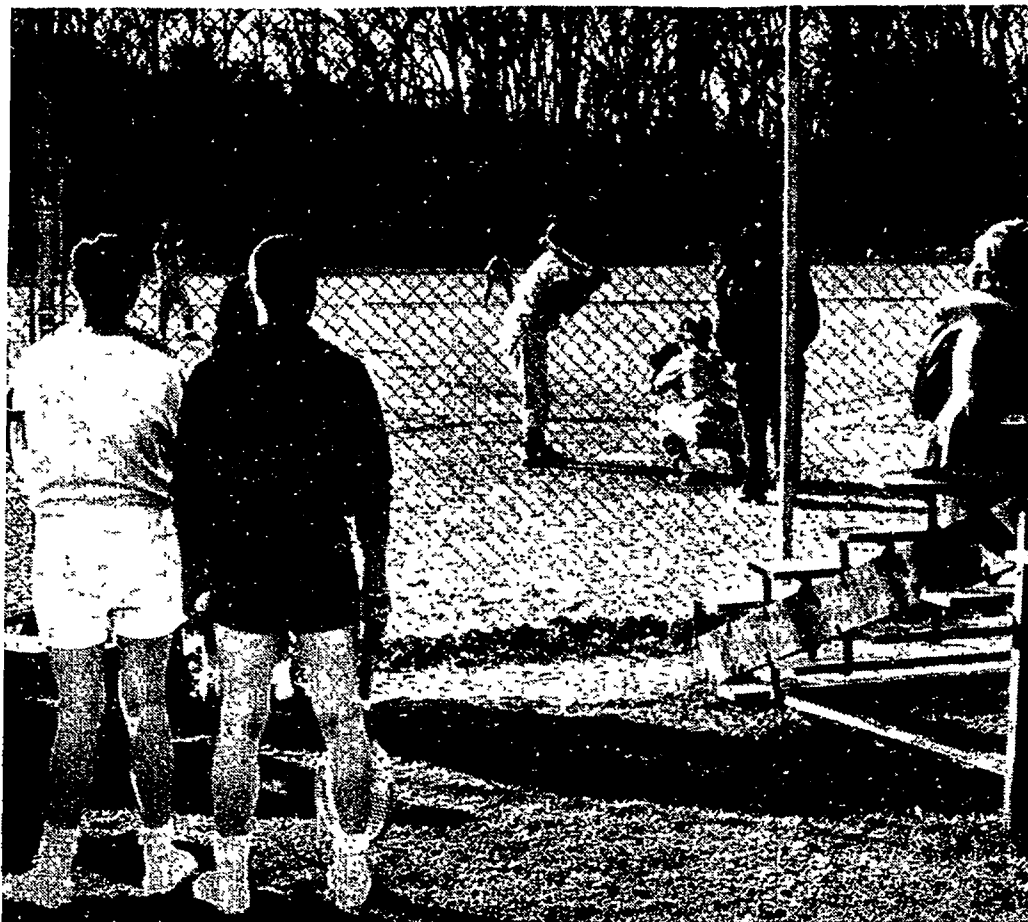

"It is evident," she said, "that a growing youth crusade is demanding a revival of sturdy character, godliness, and unselfishness devotion to the ideals of the leaders of early America."

The 1,000 delegates will elect officers for the coming year. Miss Karin Crammer of Detroit is a candidate for national vice president.

The CAR, sponsored by the Daughters of the American Revolution, is open to young people under 22 who can trace their ancestry back to one who supported the American cause in the Revolutionary War.

**ROUGH BEGINNING** — Shadows and faces were long late Tuesday afternoon when the Northville Mustangs walked off the diamond after a 5-0 defeat by South Lyon in their first game of the year. A couple of errors and lapses in judgment made the difference. Northville will meet Plymouth this afternoon on the Rocks' field.

#### New School Boosts Novi Building in '58

Building in the Novi township area reached a value of \$604,166 in the first quarter of 1958, said Inspector Harold Ackley this week.

The estimated cost for the new Novi elementary school was listed at \$500,000 helping to boost the total cost of building over the 1957 figure of \$150,000.

During January, February and March, permits to build seven new homes and garages were issued. Permits were also issued for additions and remodeling of homes in the area.

#### Jailed for Non-Support

In default of paying a \$50 fine Charles Fisher, 19359 Gerald, will serve 45 days in the Detroit House of Correction.

Before Judge E. M. Bogart on April 15 he was fined the \$50 and costs for non-support of his wife and child. After his release, Fisher was ordered to begin paying \$15 a week support.

#### Boy Scouts

Wednesday, April 9, Explorer Troop 755 took a trip through the Wyandotte Chemical company, Wyandotte. The trip was arranged by Robert Sprill and was attended by 12 boys and three adult leaders.

#### Tuberculosis Cases Top 5,000 in 1957

The number of new cases of tuberculosis found in Michigan again passed the 5,000 mark in 1957.

Theo. V. Eddy, president of the Michigan TB association, cautioned against over optimism "in a fight that is far from won."

More cases of tuberculosis are being found in 1958 than last year, he said. In the past three months 1,579 new cases of tuberculosis were reported as compared to 1,180 during the first quarter of 1957.

A total of 440 people died from TB in 1957 according to provisional figures released by the Michigan department of health.

#### Shades of Wild West: Runaway Car on Loose

Gerald Wilson, 440 Sparks Lane, Walled Lake, heard a loud crash last Thursday after he parked his car and walked away.

At the intersection of South Center and Main he had parked on a steep incline, but failed to brake properly. It immediately rolled downward and struck a second car, which in turn struck a third auto, owned by Eleanor Martz of Northville.

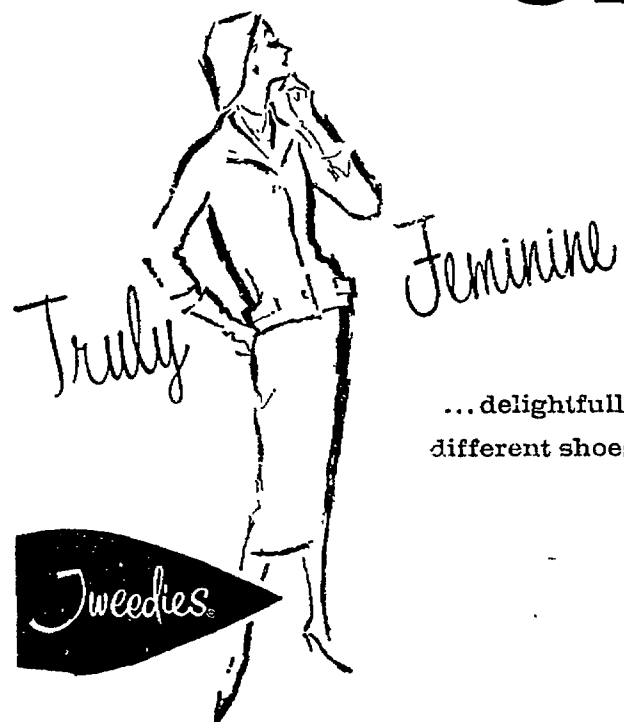

#### Body Repair Shop Has New Owners

Roy D. Workman of South Lyon and Melvin D. Polston of Walled Lake are the new owners and operators of the Northville Collision and Welding service at 108 East Dunlap.

Previously, the shop had been the Marr Taylor Ford agency body repair service.

Workman and Polston have had over 37 years experience working for other automobile firms before taking over the operation here.

# GRAND OPENING Friday, April 18 8:00 A.M. UNTIL 5:00 P.M.

We would personally like to invite you and your family to come in and look over our completely new laundry. You are welcome to our new Coin Operated Do-It-Yourself Laundry Store, which is now open!

These new facilities allow you to set back and relax or go shopping while you do your entire week's laundry in one hour.

We will be open every day 7 a.m. until midnight, 365 days a year.

You will enjoy the way our coin operated laundry store works. There are no attendants. You and your neighbors run the machines yourselves by putting nickles and dimes in the coin meters of the washers and driers. One washer load — 8 pounds of wash — for 20 cents and 10 cents to dry.

It is as simple as using a cigarette machine.

However, if you would like any part or all of your laundry washed or finished by us, just drop off the bundle at our office — open Monday thru Saturday, 8 a.m. till 8 p.m., or drop into our dry cleaning and laundry drop box.

Sincerely yours,

# House-Hunting Season Is On

## The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 Thursday, April 17, 1958—9

Enough cupboard space? Adequate room for an expanding family? What about mortgage terms?

Dozens of similar questions are being asked nowadays as Northville and Novi go into their biggest building year yet.

Each week end, scores of house-hunters drive out for a look at model homes in subdivisions in this area. They inspect, question, measure, study, think and envision. And when it's all over, many of them buy.

One such couple is Richard Rusche and his wife, who last week end became the first buyers of a home in Yerkes Estates — a new group of homes on Base Line just outside Northville.

Both are teachers — Rusche at Northville high school and his wife in Clarenceville. After several years of apartment living, they — like many other young couples — decided recently to begin looking for a home of their own.

They scouted around, compared, looked into all possible angles, then settled on the tidy home not far from their present apartment on Carpenter.

It will be about six weeks before they can occupy the house. But toward the end of May, they'll begin packing tables, toasters, towels and trinkets for the long-anticipated move into a home of their own.

In the meantime, the same story will be repeated many times in Northville, Novi and Wixom. Models are open at more than a dozen subdivisions, and each week end sees more and more customers and buyers.

**NEW HOME OWNERS** — The Rusches leave a model after deciding to buy one similar to it on the next street. In all, 250 homes are planned at Yerkes Estates — which will cover nearly 70 acres when finished.

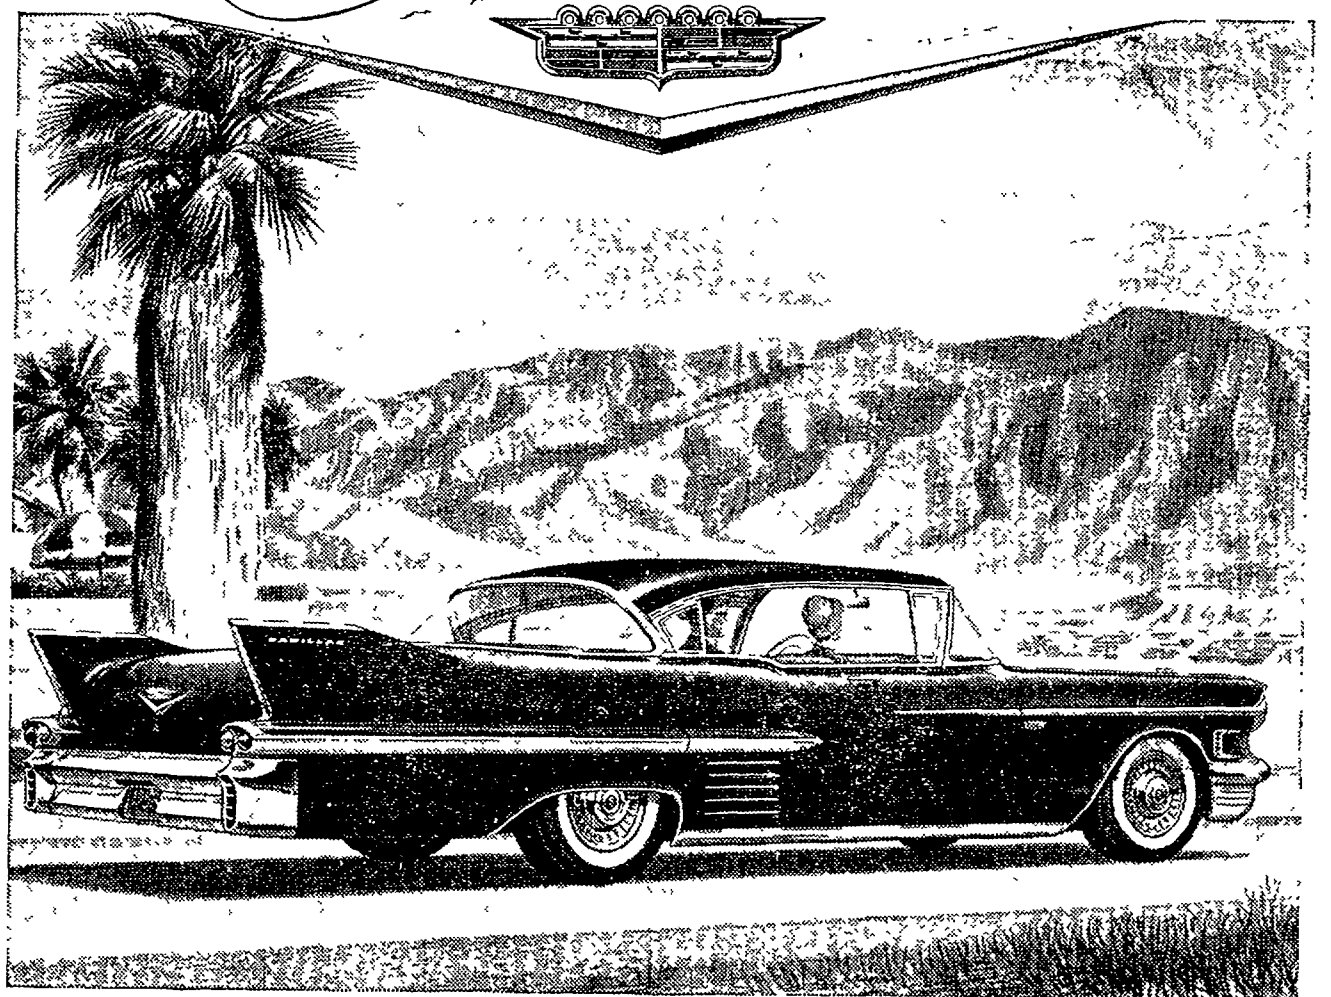

**KITCHEN CONFERENCE**—Mrs. Rusche finds the kitchen made-to-order, with built-in oven and cooking top, disposal unit, and plenty of cupboards.

**HEATING SYSTEM** is checked over by Rusche. The homes all will be provided with city water and sewers, and feature a new wall panel known as Dylite.

**FACTS AND FIGURES** — John Beauparlant, sales representative for D & R Building company, answers a few questions for the Rusches. The homes range between \$14,990 and \$16,300 and have FHA financing.

# Cadillac

## When Distance Is Always Tempting!

Take a new Cadillac—point its hood toward some distant destination—and watch what happens!

We would be willing to wager that day's end would find you far closer to journey's end than you could ever have imagined!

We say this because we know how wonderful the miles are when they pass beneath the wheels of a new Cadillac—and how tempting distance is when seen through the windshield of the "car of cars".

First of all, imagine how comfortable and rested you would be! The seat-cushions are soft and deep and perfectly contoured. The steering wheel is ideally positioned . . . and the car is wonderfully spacious.

Then consider how easy the car is to handle! It is incredibly agile and responsive—and wonderfully smooth and level of ride. In fact, if you have selected the extra-cost option of Cadillac's air suspension, you can scarcely detect the presence of the road.

And think of your pride and contentment! The very knowledge that your motor car is so highly admired and so widely respected adds its own reward to each and every mile.

You ought to try it soon. Your dealer will be happy to explain the virtues of Fleetwood coachcrafting—and to give you the facts on every model, including the exclusive Eldorado Brougham.

## Phyllis Howard in CMC Concert

Phyllis Howard, a sophomore from Northville, will participate in the Central Michigan college annual glee club concert Monday night in the Keeler ballroom.

Eugene F. Grove, director of choral groups at CMC, will conduct both the men's and women's Glee clubs. The men's glee club will offer selections ranging from the beautiful "Ave Maria" by Jacob Arcadelt to "The Happy Wanderer" and "Shenandoah."

Included in the women's glee club selection will be "Lollytoodum," an old American folk song, and "I Could Have Danced All Night" from "My Fair Lady."

Eight out of every ten students who enter the University of Michigan eventually receive a degree.

## Becky One of 16 Finalists In State Forensic Tourney

Becky Coolman, of Northville high school, is one of 16 top debaters in the state who will compete for a Michigan High School Forensic association scholarship award this week end.

The debaters will go to the University of Michigan tomorrow and Saturday to compete for awards totaling \$2,800.

Presented in cooperation with the U-M department of Speech and Bureau of School Services, the contest will center on the topic, "Resolved: That the Direct United States Economic Aid to Individual Countries Should be Limited to Technical Assistance and Disaster Relief."

A preliminary contest tomorrow will narrow the contestants down to

six finalists. The finals will follow at 4 p.m. Saturday in Rackham lecture hall.

First place award is a \$1,200 scholarship, which may be used by the winner at the college of his or her choice. Second and third prizes are an \$800 and \$500 scholarship, respectively, while the three other finalists will receive \$100 U.S. savings bonds.

Becky, a member of the NHS debate team which won the league and district championship this year, is coached by Miss Florence Panatoni.

## Central College Band to Play at Assembly Here

Leslie Lee, director of the Northville band, announced this week that arrangements had been completed to host the Central Michigan college band.

The group will play at a special assembly for Northville students on April 25.

## Science Students to Tour Chicago's Science Museum

Northville chemistry and physics students will be touring the famed Museum of Science and Industry in Chicago next week.

A group of 45 students, chaperoned by Mr. and Mrs. Fredrick Stefanski, will entrain at Ann Arbor for the two-day jaunt to Chicago April 24 and 25.

## Juniors Give Play Next Week

The annual junior class play, "The Defiance of David Charles," will be presented next Tuesday and Wednesday.

Directed by Alvin P. Skow, the play will feature a split stage for the first time.

The three-act play has as assistant directors Bonnie Bellinger, Sally

Nelson and Sharon McKarns. Stars in the Tuesday night production will be Carla Johnson as Fay, and Fred Schwarze as David. Wednesday evening the characters will be portrayed by Diane Luchtman and Bob Starnes.

Other cast members for Tuesday evening will be: Terry Junod, Bob

Niemi, Ardith Robertson, Janice McKinney, Mary Lamp, Jeff Goodrich, Hugh Crawford, Jack Bailey, Bill Boyd, Barbara Rollings, Joan Baskins, Kay Bensen and Susie Wallace.

The Wednesday evening cast includes Roger Smith, Bob Niemi, Kathy Farley, Janice McKinney, Mary Lamp, Jimmy Strange, David Thayer, Jack Bailey, Bill Boyd, Jayne Hammond, Sharon Myers, Sandy Moose and Mary Daleo.

The play begins at 8 p.m. in the community building.

## Youth Symphony On Stage May 4

The Livonia Youth Symphony will present its first concert on Sunday, May 4 at 4 p.m. in the Bentley high school auditorium.

Director William Savola said a great deal of enthusiasm has been shown during the extensive rehearsals of the orchestra.

Such compositions as Schubert's "Unfinished Symphony" and Prokofiev's "Peter and the Wolf" have drawn out the exceptional talents

of these young musicians, he said. The members of the orchestra come from Livonia, and six neighboring communities, and have been rehearsing since the beginning of the year.

Redford township, Farmington, Plymouth, Walled Lake, Pontiac and Birmingham, as well as Livonia are represented.

The members of the Livonia Youth Symphony Society feel that this orchestra is an important addition to the cultural life of the community.

Northville residents have been invited to attend the May 4 concert.

## What's Your Record?

Harold E. West, who has driven over 1,600,000 miles without an accident, has been chosen Michigan's 1957 Driver of the Year!

His amazing total of accident-free miles amounts to an average of more than 5,000 a month during the 27 years he has driven a truck for the Geo. F. Alger Company, large Detroit trucking concern.

Like the 11 other truck drivers who were finalists with him in the annual competition (and the drivers of the thousands of trucks which keep Michigan's homes and factories and shops and farms supplied with the things they need), West makes a professional career of safe driving.

Congratulations, Harold West! Keep up the good work — and may your example be an inspiration to Michigan's vast motoring public!

## Scholarship Tests Set for 60 Juniors

Sixty juniors from Northville high school will be taking the Merit Scholarship test on April 29.

Given by Science Research associates, the three hour test will be held in the Methodist church, according to Principal Elroy Ellison.

He said the test aids in determining capable students who are college material.

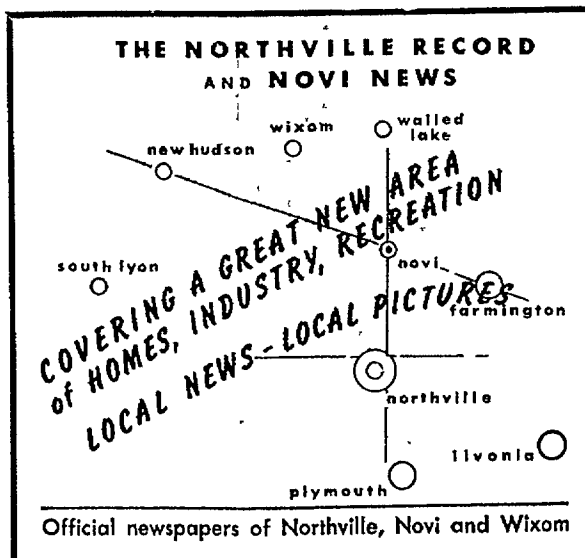

Over 250,000 junior high school students across the nation will also be taking the same examination. After testing, a selection of winners will be made and they will be slated to take an even more severe examination in the fall.

After several elimination tests have been made, several large philanthropic organizations in the country will award scholarships to the winning students.

**MIDGET CANDIDATES** — More than 100 young Northville boys have signed up to try out for various positions on Northville's two midget teams. Here, Ken Conley registers Butch Pethers at the first session Saturday. Waiting their turn (front to rear) are David Jerome, Mark Lipa, Gary Stobbe and Gary Dairs. Registration continues each Saturday at the Scout hall.

## 100 Sign Up for Midget Ball

Baseball got off to a big start in Northville Saturday when more than 100 young sluggers registered for this summer's midget program.

Registration for other teams will be held after school ends in June. The midgets, who will again be formed into two teams to compete in the Livonia recreation league, are to practice this afternoon (Thursday) at 5:30 p.m. and again Saturday morning at 9 a.m. at Cass Benton park.

The midget teams are for boys aged 9-13. Those not yet registered may do so at the scout hall any Saturday from now on.

In addition to the two midget teams, Northville will have teams

in class E (18 and under), class F (15 and under), midget farm teams (for boys not on the regular midget squads), and "pee wee" baseball (fundamentals for boys aged 6-8).

Further plans for the summer-long baseball program will be announced later.

## Late Starter Wins Bowling Tourney

A young bowler who got in just under the wire rolled the highest score in a recent bowling tournament sponsored by the Northville recreation department.

Bob Hansen registered a 157-166: 323 series to take the 14-year-old championship. Bob arrived at Northville Lanes just before the tournament ended and managed to "beat" out Philip Skow, who nevertheless salvaged the high game score with a 177.

Other winners: 13 years: Tom Slattery, 276 for two games; 12 years, Larry Angove, 217; 11 years, Jim Mahoney, 185; and 10 years, E. Geary, 154.

Trophies will be awarded to the boys by the recreation department. In all, 21 youngsters bowled.

In the meantime, Recreation Director Stan Johnston is working on final plans for the wide-ranging city-township program. It will again include day camp activities, group and individual sports, swimming and a variety of special events.

The complete program will be announced shortly before school ends. Johnston noted that although Novi township has decided not to participate in the program this year, many Novi boys already have signed up on an individual basis and paid the required \$8 registration fee.

## Red Cross Offers Canoe Instruction

A basic canoe instruction class will be conducted at the Belle Isle canoe shelter for six consecutive Saturdays starting April 19. The class, sponsored by the American Red Cross and Detroit department of parks and recreation, will run from 10 a.m. to 1 p.m.

Registrations are being accepted at the Red Cross, W.O. 1-3900, and the Department of Parks and Recreation, TR. 5-5276, until the day of the first class, when registrations will be accepted at the canoe shelter on Belle Isle.

## The Lid's Off on 1958 Season

With a month of spring training under their belts, three Northville high school teams were ready this week to pitch into their 1958 schedules.

The Mustang nine took the lid off the season Tuesday against South Lyon (see story, page one) but the real action was not due to start until today (Thursday).

This afternoon, three teams will be in action: baseball against Plymouth, there; tennis against Clarenceville, there; golf against Oak Park, there.

The schedule will be even heavier next week when Mustang teams are scheduled for action in seven contests, including the first meet of the year for the NHS thinclads.

The schedule:

Monday: baseball at Clarkston golf, home, with Brighton

Wednesday: golf at Milford

Thursday: baseball, home, with West Bloomfield

Friday: tennis, home, Clarenceville

golf at Plymouth

track at Thurston

Three of the four teams will again participate in tournaments later in the season.

The tennis squad will enter the regionals late in May, just before its final match against Plymouth. The NHS golfers have three meets on schedule: league, regional and state. And the Mustangs track team

will likewise take part in the league, regional and possibly state tourneys.

Kensington Park

Opens New Displays

New displays, among them one of spring wildflowers and another of marsh life, including a croaker frog, are now on view in the nature center at Kensington park.

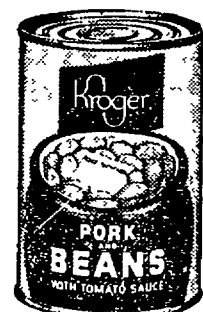

In preparation are display cases showing how to trace animals and birds in the woods, and a geological study of Michigan's glacial history.

### "WALKING WITH GOD"

During the Eastertide it is fairly evident that most people are aware of their religious obligations to God. The churches are usually crowded. But when the tide has receded we seem to fall back into our old habits. Now, I submit, is the time of the year that most people are like the "Two on

### Paneling with Wood Keeps 'em Home

Women have discovered a secret allure for keeping husbands home. They are having the family room paneled in friendly, relaxing wood. Since most exclusive men's clubs, a favorite hangout of some husbands, are wood paneled, the smart wife has reasoned she must compete, if she wants to see more of her hubby during waking hours.

The male behavior being what it is — psychologists supplying the words — the little lady may have an idea. The relaxing atmosphere created may be so complete that the too-tightly-wound-up husband may not have to take tranquillity pills in the future.

**CLEAN-UP PREVIEW** — Northville's clean-up campaign won't start officially for a couple of weeks, but one prominent spot in the city already has been spruced up. It's the entrance to the city parking lot Main street. There, John Miller of Green Ridge Nursery, has planted evergreens to beautify the former barren eyesore.

### Corrosion vs. Fire

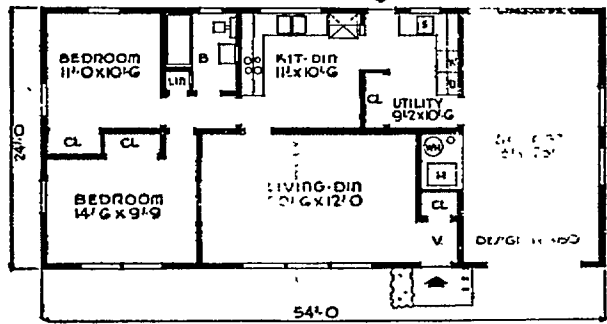

Fire loss is not the principal hazard to property owners, says the authoritative Building Research Institute. Loss from corrosion of metals is six times greater. In a single year corrosion of metals caused a loss of \$5 1/2 billion, compared to only \$850 million in fire damage.

### It's Nearly Time To Check Your Barbecue Needs

It's nearly too early in the season to check over your barbecue equipment.

Even before the yard begins to turn green, every backyard chef is ready to don his cookout cap.

Before you roll out the grill and charcoal, though, here are some things that should be done.

First, make sure the barbecue grill and cooking tools are in good working condition. If they were put away clean and well protected, they should need little more than wiping off with a damp cloth.

Next, check supplies from last year. Do you have asbestos gloves and fire tongs? How about charcoal, long-handled forks and metal skewers?

High on the list of things you'll want to order are disposable paper accessories — paper cups, plates, napkins and the like.

### Church Designing Emphasizes Sun

Today's church architect is going to have to develop a new set of designs for sun worshippers.

So says Dean Philip N. Youtz of the University of Michigan College of Architecture and Design.

"Or at least he must plan for audiences which enjoy light more than the dim interiors once associated with religion," he says.

"There seems to be a certain theological change in all denominations. Religion has become a cheerful type of activity best carried out in sunny surroundings. The auditoriums are flooded with light. The parish houses are above ground instead of in crypts or basements under the earth.

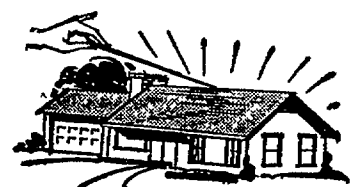

"The church architect must know both the traditions and the contemporary expression of the various faiths. In this field architecture has always been both a symbol and shelter."

### Tissue, Pencil Help Furniture-Polishing

To show off the beauty of your freshly polished furniture, be sure to clean out its deep grooves or ornamental carvings.

Some paste waxes or liquids leave a whitish residue which "sticks" in such crevices.

One easy way to get it out is to wrap a couple of paper tissues around a pencil and work this into the grooves. In the case of extremely narrow, decorative carving, the closed ends of bobby pins impaled on tissue often are better to use.

## Arlin Gallagher Installed As Templar Commander

Arlin Gallagher

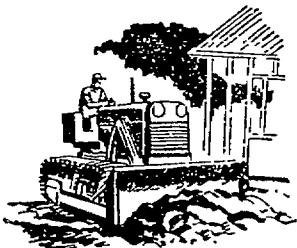

Northville Commandery No. 39, Knights Templar, began its 71st year Saturday with the installation of A. W. Gallagher as commander. He succeeds outgoing commander Wang J. Livingston.

Others inducted to serve for a year were Charles F. Bredlow, generalissimo; G. Louis Balch, past commander, captain general; James W. Cullimore, senior warden, and George J. Anderson, junior warden. Other assisting officers are Herbert Rayner, past commander, prelate; Robert F. Coolman, past commander, treasurer; C. Ray VanValkenburgh, past commander, recorder; L. Clay Weathers, standard bearer; Lawrence M. Miller, sword bearer; Edward D. McCarthy, warden; and Ward A. Cook, sentinel.

Also installed as guards were Allen Nielsen, Hector Francis and William A. Bush.

Northville Commandery was granted its charter from the Grand Com-

mandery Knights Templar of Michigan on May 11, 1887, and has been actively engaged in perpetuating the ideals of Templar Masonry. It has long been an integral part of the fraternal and social life of the village.

## SPEAKING

## for the Record

By BILL SLIGER

Just when our state mental health department was making a desperate plea for more funds last week it suddenly found itself in the midst of another legislative investigation.

Charges of brutality in Coldwater and Caro institutions levied by two members of the house of representatives took the spotlight off the budget and focused it on the mental health department.

Editorially, The Detroit Free Press labeled the investigation "required" and called for all cases of mental patient mistreatment to be "diligently tracked down".

Timing of the investigation couldn't have been better, even if it had been planned. With time out for another investigation (last year Northville State hospital was given the once over by representatives for allowing short-handed attendants to be attacked by patients) some of the pressure might be taken off the budget request.

Obviously, no one can deny that mistreatment of mental patients cannot be permitted. It is a condition that directors of all our state institutions must constantly fight.

Even now, according to Dr. P. N. Brown of Northville State hospital, a similar charge is undergoing investigation at our local institution. In his term here he has conducted a dozen such inquiries.

What seems more important is the underlying cause of these outbursts . . . both by patient and attendant . . . in our mental hospitals.

According to Dr. Brown and State Director Charles F. Wagg, the cause is simply lack of sufficient money to properly operate our institutions.

At Northville for example, 899 employees are doing the job that Dr. Brown sought 1180 persons to fulfill under "minimum" requirements.

What happens under these conditions? How does a hospital operate? Obviously, far from peak efficiency.

Attendants receive less training than desirable. Patients go without many rehabilitative services they should receive, thus their recovery is slower. Understaffed wards become danger spots.

We doubt that any mental hospital director resents investigations by legislative committees. But he knows what the trouble is and carefully points it out in his yearly budget report.

The danger of short-changing our mental institutions is very real to the men and women working inside their walls. Small wonder Dr. Brown has likened his position to that of being on a "powder keg".

We hope that our investigating legislators will look again at the mental health budget and find someplace else to pare expenses.

It would certainly brighten the outlook for Mental Health Week, April 27 to May 3.

## New Executive Power

GOV. WILLIAMS will be the first Michigan chief executive getting a chance to use reorganization powers sought by government reformers for eight years.

Many people were amazed when Republicans joined Democrats to enact a law enabling the governor to reorganize state government, held in check only by a legislative veto.

The whole system reverses the normal relationship between the legislature and the governor, in which the lawmakers enact and the governor vetoes or approves.

The history of the idea in Michigan began with an ambitious research program started eight years ago.

Launched by the legislature, the survey dug into every phase of state government and made 31 reports. The executive reorganization plan was the pivot of them all.

Numerous proposals for specific reforms were the twigs on the tree, but the executive reorganization idea was the trunk.

Researchers reasoned that the administrative head of government should be responsible for his own operations and should be the most familiar with the weaknesses and strengths of the agencies.

The executive reorganization plan was offered to the legislature each year and each year it was defeated or left to gather dust in a committee room pigeon hole.

Only a few political scientists believed it would pass this year. It passed the House 66-36 and the Senate 19-11.

Critics of the idea argued that the legislature is the state's law-making body and should propose, debate and iron the kinks out of reorganization ideas before they are put into effect.

Backers of the idea said that the legislature, in session for three months or more each year, could not possibly know the details of a functioning department and whether it should be merged with another.

The bill, as passed by both houses, allows the governor to propose mergers and abandonment of agencies but he cannot propose new agencies.

Safeguards have been written into the law.

The governor may make his proposals within 30 days after the legislature convenes in January. The legislature then will have 60 days in which to act.

If the legislature does not approve or disapprove of the proposals, they will become law 90 days after the session ends.

Either house can veto the proposals, and affirmative votes by both are needed before the proposals can be put into effect.

For years, separate attempts have been made to merge all health agencies under a single administrative office; each operating separately, but their work coordinated by a single head.

It has also been proposed that the dozens of state regulatory and licensing agencies be merged, that a clear distinction be made between some overlapping welfare and health functions.

The whole idea of the survey eight years ago was to centralize control of government as well as responsibility, giving voters a clear-cut view of the record of candidates.

The new law is a personal victory for Senator Frank Andrews (R-Hillman) but the manner of its birth as a law deprived him of credit for its passage.

Andrews inherited chairmanship of the legislative committee on state government reorganization (the "Little Hoover Commission") from former Rep. Robert M. Montgomery in 1952.

Research work had been accomplished and Andrews undertook the tougher job of piloting its recommendations through the legislature.

Built-in opposition to giving Williams more power thwarted him at almost every turn.

Time after time, the proposals were introduced by Andrews, only to be killed off in committee. Occasionally, some reached the floor where the demise was a public affair.

This time, the reorganization bill was first sponsored in the House of Representatives. Andrews, who did the grueling work of promotion, cannot be listed as a sponsor.

But, when the people who followed the course of the program see it in action in the future, there will come to mind the tall, strong figure of the man from Hillman.

## State Now Studies Disease Protection

A survey to determine how well Michigan residents are protected against five communicable diseases is being made this month by local health departments in cooperation with the Michigan Department of Health.

The state health department has requested all local health department nurses to collect immunization information when making routine calls to private homes. Information collected will be tabulated by the state health department.

## Recession Panic

Babson Park, Mass. — I am writing this after a visit to Florida, and should be more optimistic. April is a wonderful month there. The former cold weather and freezes are now over. The cold and rains are entirely forgotten. In fact, they will give Florida better crops and more tourists next winter than ever before.

## Published Figures Are Unfair

My time there enabled me to read more newspapers than usual, and it seems as if economic history may report, in years to come, that the 1938 "recession" was started in Washington. Many Congressmen there seem to be void of all reason. Like people in a hall where a fire has started, they are panicky and rushing headlong. Only they are looking for a way to "get in", rather than to "get out".

I know nothing about politics, but I do know my "statistics". The current figures on unemployment are very deceptive. They compare with only the past few years when both husband and wife have been working. This, however, has been an abnormal situation. I have roughly completed statistics for the number of families today without a wage earner compared with previous years. Although 5 percent or more persons may be unemployed, my estimate is that less than 1 percent of the families today are without wage earners. Is this a depression?

## What About The Cures?

Before the Franklin Roosevelt era, every depression was allowed to "take its natural course." I personally have been through four such depressions. They developed because of (1) inefficiency, (2) careless spending, (3) dishonesty, (4) high living costs, and (5) unprincipled labor leaders; that these five fundamental evils resulted in a business decline with increasing unemployment until the nation had a "spiritual awakening". Then those evils were replaced by (1) efficiency, (2) thrift, (3) honesty, (4) lower living costs, and (5) reasonable labor leaders, and prosperity returned.

To bring us out of the last Great Depression, various quack "medicines, pills and plasters" were used. Among these gimmicks let me mention unemployment insurance, veterans' payments, federal building loans, old age pensions, minimum wages, unsound taxes on business, unfair labor legislation, farm price supports, and finally the NRA fixing of retail prices. This last was declared unconstitutional by the U.S. Supreme Court, and the house of cards collapsed. Then business again improved and we soon entered another period of prosperity. No Congressman knows yet whether the "New Deal" or the Supreme Court Decision created the new prosperity; but we do know it was at the expense of our dollar value, which declined to fifty cents.

Most Congressmen  
Are Now Too Hasty

From recent interviews with

Washington officials, these men seem very confused. I point out to them that the present recession has occurred notwithstanding the fact that practically all the above New Deal "remedies" are still in force, if they worked in the "Thirties", why have they not already prevented this business recession? The Congressmen up for election are unable to answer this question. Yet, they want these gimmicks increased and others added. They want more synthetic "cures" put into effect AT ONCE, with a cut in taxes added. Never before has such an economic panic existed in Washington, arising in so short a time with such little definite leadership. I believe President Eisenhower feels IN HIS HEART as most economists do, but that he is not a free man. I wish — when reading his Bible — he would seriously note the 14th Chapter of First Corinthians, the 8th verse.

Now to conclude my little sermon: The truth is that no one knows whether these proposed "cures" will bring back prosperity or not; you, my readers, know as much about that as anyone. But we do know that further devaluation of the dollar will follow. During the 180 years of U.S. history, the New Deal "cures" have never before been applied so early in a depression or recession. Therefore, increasing them now cannot logically be based upon any previous tests. Furthermore, if these panicky congressmen were not running for office, they would not now be calling for pain removers, plasters, and tranquilizers. Finally, let us all remember that even today, with the "terrible unemployment", less than 1 percent of our families are without a wage earner.

The next 25 years may see the end of poverty as our most important economic problem, a speaker said recently at the University of Michigan.

## Telephone Numbers

change Sunday

to a NAME

(Glenview)

and FIVE NUMERALS

Everybody in Plymouth will have new telephone numbers, effective Sunday, when dial service starts there.

Each new Plymouth number will consist of a NAME (Glenview) and FIVE NUMERALS. For example:

**GLENVIEW 3-5066**

You'll find all the new numbers in your new Plymouth directory.

From Fieldbrook telephones, you'll just dial TWO LETTERS and all FIVE NUMERALS to call Plymouth.

From other Northville telephones, just give your operator the NAME (Glenview) and all FIVE NUMERALS.
