

City Starts Month-Long Clean-Up Campaign Today

A month-long drive to "Beautify Northville" began this morning with a thorough hosing-down and scrubbing of the city's business district.

The kick-off stunt was planned to gain participation of all businessmen in the campaign and give immediate evidence of a cleaner community.

Plans for the community-wide clean-up drive began several months ago. The campaign is headed by John Canterbury and Joe Crupi and includes more than 50 residents actively working on 12 sub-committees.

The program was suggested by the Coordinating Council. Throughout this edition of The Record are numerous articles, pictures and advertisements outlining ways and means for every resident to help "Beautify Northville".

Among the plans already laid down by the committee are:

1. A "Before and After" contest offering \$25 in prizes to

residents showing best examples of clean-up projects. To enter residents must merely call The Record office and arrange to have a picture taken of their project before and after completion. Prize money has been donated by the Business and Professional Women's club.

2. Color slides to be shown local organizations of "eyesores" that exist in our community.

3. Creation of a "work pool" to provide needed manpower for anyone desiring help on their cleanup projects. Persons seeking work may call or register their name at The Record; those seeking help may call their request to The Record. A committee headed by Don Hannabarger will act as a clearing house for all such requests.

4. A giant city-wide trash pick-up employing eight trucks with as many as eight men working on each truck. The trucks

will cover the entire city on May 17 picking up everything possible to load and dump it free of charge.

5. A free inspection of any home upon request to check for possible fire hazards by Fire Chief William McGee. A similar inspection will be made of every business establishment in the city.

6. A complete check of every vacant lot in the city and a letter of suggested clean-up steps to owners.

7. A letter to businessmen concerning financing possibilities for improvements of downtown store fronts.

8. A visit to industries to employ their cooperation in the clean-up drive.

9. City street, alley and sidewalk study to consider municipal improvements.

10. Contacting rural area residents to seek their help and

participation.

Many other projects are either underway or in the planning stage in the all-encompassing war on litter.

Among the ideas which will develop during the drive is the selection of a city tree. John Miller, owner of Green Ridge Nursery, has suggested a variety of the flowering crab. Plans are already underway to make this final selection and secure a number of the trees for distribution as prizes or contributions.

The Record is also trying to make it easy for residents to find "clean-up" help. In addition to its regular pages of classified ads a special listing of available business services may be found on page five this week. Each week during May The Record will attempt to find more services to add to this list so that readers may "get the job done" easier and faster.

Mayor Wells Coming For Michigan Week

Northville will observe Michigan Week May 4th to 10th with a week-long program of activities highlighted by Mayor's Visiting Day, May 5.

Visiting Mayor James V. Wells of Roosevelt Park will take over the city as its visiting mayor. Meanwhile, Northville will send two representatives to Roosevelt Park.

Registration Set For Kindergarten

Registration of new kindergarten children for the fall term will be taken at a special information program on May 12.

The program will begin at 7:30 p.m. in the Amerman school multipurpose room.

All parents of children who will enter kindergarten in the fall were urged this week to attend.

Richard Kay and Harry Smith, principals of Northville's two elementary schools, will answer the kindergarten program and explain questions about such matters as bus transportation, lunches and schedules.

Kay said the program will be brief and informative.

To be eligible for kindergarten, a child must reach his or her fifth birthday before December 1 of this year. Parents should bring proof of their child's birth date to the meeting.

Mrs. Chris Hammond New P-TA President

Mrs. Chris Hammond was named president of the Northville Parent-Teachers Association in the organization's annual election last week.

She succeeds Mr. and Mrs. Kenneth Conley, who have served as joint presidents during the current year.

Other new officers are: Fred Hartt, vice president; Mrs. Wynn Wakenhut, secretary; and Mrs. William Secord, treasurer.

Bike Fix-Up Clinic Set for Saturday

Young bicycle riders can do their part to "beautify Northville" this Saturday.

A bike fix-up clinic will be held behind the city hall at 2 p.m. for all boys and girls whose bikes need reconditioning.

The repairs will be made by Paul Rebitzke, a maintenance man for Northville schools and a former bicycle repairman.

Police Chief Joseph Denton arranged the clinic in cooperation with National Optimist Bicycle Safety Week.

Calendar

Tuesday, May 6—OLV Mothers club, 8 p.m. Church hall.
Tuesday, May 6—King's Daughters, 2 p.m., Mrs. George Mueller's, 205 East Baseline.
Thursday, May 8—Methodist mother and daughter banquet.
Saturday, May 10—OLV Men's club dance, Church social hall.
Wednesday, May 14—Optimist Ladies Night. Dinner-program, 6:45.

P-TA Fair Tomorrow Night

It's time again for donkey rides, dart toss, sloppy joes and a chance at the walking fish pond.

The gala Northville P-TA Carnival — one of the city's biggest annual events — will take over the scene Friday afternoon and evening.

From 6 p.m. until late at night, hundreds of persons are expected to visit the extensive carnival midway at the community building, high school and Main street school.

Under Chairman Fran Gazlay, the carnival committee has lined up an even broader program than the one that drew hundreds of persons from Northville and nearby communities last year.

Among the new features this year will be:

— a demonstration of equipment by the Michigan state police "skuba divers" — skin divers who specialize in recovering bodies and articles from Michigan lakes.
— the "record smash" in which

parents can at last take vengeance on a few rock 'n' roll latters.

— a demonstration of driving training aids, including an opportunity for persons to test their own reactions to simulated driving emergencies.

Come Early and Eat

No need to cook dinner before the P-TA Carnival tomorrow evening.

A full spread awaits you in the community building, starting at 4:45 p.m.

Sponsored by the room mothers, the feast will include "sloppy joes", cole slaw, and macaroni and cheese.

The Mothers club will add to it with a dessert confection in the community building lobby.

In addition, the carnival will feature more than 30 other booths sponsored by various Northville organizations.

They include the huge Optimist-Rotary midway in the community building, the VFW's "Red Ball Express", a cork gun shoot sponsored by Cub Pack 721, and the Presbyterian Men's club's cartoon theater for children.

Other events are the OLV Mothers club's pie-eating contest, an archery booth sponsored by the Exchange club, and Teacher Russell Reimer as the "Walking Fish Pond".

In addition, the carnival will feature pony rides, a cake walk sponsored by the BWV and VFW auxiliary, the Mothers club's dessert concession, and a special midway for youngsters in the Main street school.

Last year, the carnival netted more than \$1,500, which was used for scholarships, school equipment and room furnishings.

Allen New Mayor; Stubenvoll In Again

Two veteran councilmen assumed new jobs Monday evening as the Northville city council acted to fill the vacancy created by the death of Mayor Claude N. Ely last week.

A. Malcolm Allen, a city councilman for nearly 10 years

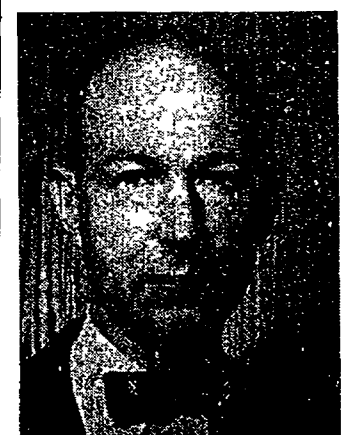

became the city's top official.

A. Malcolm Allen

John Stubenvoll, who served for 11 years as councilman but declined to run last April, was named to complete Allen's council term.

Allen's appointment was a foregone conclusion. He had served as mayor pro tem under Ely and was senior councilman.

John Stubenvoll

Stubenvoll's selection came as a surprise and represented a definite compromise. His outstanding council record and keen knowledge of community problems and financing has earned him the respect of all council members. But little consideration was given Stubenvoll because of added responsibilities as an official of Manufacturers National Bank of Detroit which prompted his retirement from council activities.

Mayor Allen's success in getting Stubenvoll to return broke a deadlock between Councilmen Earl Reed, Ed Welch and John Canterbury.

Reed had favored Clayton Myers, VFW commander, while Canterbury and Welch insisted that Harvey Ritchie should be given the post. Ritchie came within 14 votes of winning a council seat last April and was a member of the charter commission.

Mayor Allen had urged the council in off-the-record sessions to name a councilman with experience. He pointed out that the council was facing the difficult task of preparing a budget for the coming year.

Reed, Canterbury and Welch prefaced their acceptance of Stubenvoll Monday night with explanations of their previous choices. All three pointed out that they were wholeheartedly behind the appointment of Stubenvoll and considered his decision to return fortunate for the city.

Northville's new mayor is 43 years old and a self-made business man. Owner of Allen Monument Works, Allen started learning his trade in Flint in 1935. He started his business here in 1938 and bought an interest in the Milford Granite Works the same year.

By 1948 he owned these businesses, as well as the Travers and Allen monument sales firm in Flint. He still continues to head these interests. Mayor Allen is a Rotarian, Mason and member of the Presbyterian church of Northville and the Plymouth H-12. A popular candidate, he has led the ticket all three times he has run for council.

Mayor Allen is married and has two children. His son, Jim, is associated with him in the monument business, and daughter Sharon is a member of the junior class at Northville high school. Mrs. Allen is the former Inga Staman of Northville.

In other appointments Monday night Councilman Canterbury was named mayor pro tem and Mayor Allen accepted the late Mayor Ely's post as representative on the Wayne county board of supervisors. Councilman Reed will serve as Allen's alternate on the board of supervisors, while Councilman Welch assumed Mayor Ely's duties on the recreation commission.

FINAL RITES — More than 350 persons crowded Casterline Funeral Home to pay their final respects to Mayor Claude N. Ely last week. Military services were conducted under the auspices of the American Legion. The Rev. John O. Taxis officiated. Above, an armed honor guard stands at attention as the casket is taken from the funeral home for burial services at Rural Hill cemetery.

To Establish Ely Memorial Fund

Final rites for Mayor Claude N. Ely were performed last week before one of the largest crowds ever to attend a funeral in Northville.

More than 1,500 persons visited the Casterline Funeral Home to pay their last respects to Mayor Ely. A crowd of more than 350 attended the funeral.

Mayor Ely died suddenly at Harper hospital Sunday, April 20. He had suffered a heart attack at his home Saturday afternoon. Funeral services were held Wednesday, April 23.

Steps were taken early this week to formulate a Claude N. Ely Memorial Fund to perpetuate the memory of the village's last president and city's first mayor.

Led by Councilman John Canterbury, a committee of A. Malcolm

Allen, Russell Amerman, Nelson Schrader, A. Russell Clarke and William Sliger was named to organize plans for the fund.

Contributions to the fund will be accepted by Clarke, vice president of the Manufacturers National Bank of Detroit. While final plans have

not been completed, it is expected that interest from the fund will be used each year to make a cash award to a deserving student of the Northville school system.

Mayor Ely had lived all his life in Northville and had served as a member of the council since 1942.

Band Shows Its Stuff At State-Wide Festival

The Northville high school band proved once again Saturday that it is one of the best in the state.

Playing at the state band festival in East Lansing with 93 other groups from throughout Michigan, the Mustang band received ratings of "1" in all four categories.

In 24 grading categories, the band received 21 A's and three B's.

Though scores of other bands are not made known, it is doubtful that many of the 35 other Class B bands at the festival could have topped Northville's showing.

The showing Saturday capped an already great year for the band.

Earlier, it maintained its domination of the all-league band by taking 34 of 70 positions, including 11 of 18 first chairs.

Last month, Northville swept through the district festival with a straight "1" rating and all A's in the 24 categories.

Directors Leslie Lee and Robert Williams said the judging Saturday was "at least four times as tough" as at the district festival. (This was borne out when Troy, which also received a straight "1" rating in the district, dropped to a straight "3" at East Lansing.

Northville's performance so im-

pressed the judges that they laid down their pencils and simply listened to the music. Their score sheets later showed enthusiastic comments about the band.

Northville's showing was all the more 'stunning' since it followed three of the perennially top bands in the state — Clawson, Hillsdale and Montague.

The 63 bandsmen who made the trip were hosted by David Hartner, former NHS band member who now is with the Michigan State band.

'State Champs' To Give Concert

Northville's high school band, fresh from a triumph at the state festival Saturday, will present its festival numbers at a concert next Tuesday.

The concert will begin at 8 p.m. in the community building and will be followed by an ice cream social sponsored by the Mothers club.

The program will include several concert numbers as well as selections from the festival.

A school tax boost of nearly nine mills for 1958-59 appeared inevitable last week as the Northville board of education gave approval to a tentative budget of \$666,043.

The operating budget, coupled with a debt service requirement of \$212,893.75, brought the anticipated school tax on state equalized valuations to 29.95 mills. Last year the board levied 21 mills.

The news fell as something of a shock to those who had hoped that the total school tax millage might be near 24 mills. The proposed budget must be given approval by the Wayne county tax allocation board before it becomes official.

School officials, acutely aware of the pressing tax situation, worked diligently to keep a tight rein on expenditures. The budget, submitted by Superintendent Russell Amerman, was called "extremely conservative" by Board President Nelson Schrader.

Biggest boost in the budget that is \$77,181 higher than last year comes under salaries for instructors. The budget calls for five more teachers plus \$200 a year increases. Salaries total \$480,683, or some \$45,540 more than last year.

Next largest increases come under operation costs, up \$15,650, and auxiliary services, up \$10,200. Under operation expenses the budget includes three months' use next spring of the new high school. Auxiliary expenses include bus drivers and transportation costs.

Debt retirement, rather than the budget, was most responsible for the millage increase. Some \$135,100 must be paid next year on the \$1,850,000 of Series B bonds sold to build the new high school.

Northville school district's total debt retirement responsibilities for 1958-59 include \$30,000 for bonds sold in 1954 to build the Amerman elementary school; \$46,793.75 for Series A bonds totalling \$500,000 for the Amerman addition and purchase and improvement of the new high school site; and the Series B high school bonds.

Tentative information this week from Wayne county on equalization of city and township assessed valuations brought next year's tax picture into sharper focus.

Almost certainly, township residents can expect their present valuations to be boosted about nine per cent by county equalization. City residents face a three per cent increase. It is estimated that the state will equalize these valuations another 10 per cent.

Both city and township officials had hoped that county equalization would be escaped following the reassessment program. Reductions on land valuations by the local boards of review brought some retaliation from the county, however.

Taxpayers can gain some solace from the fact that the state equalization is considerably lower than last year. Township taxpayers were equalized 1.89 last year, compared to a state equalization factor is expected to be 1.14, compared to 1.73 last year. (Oakland county residents of the city will probably be equalized 1.19 compared to 2.24 last year.)

Petitions Due Soon

Candidates for the Northville school board have until May 10 at 4 p.m. to submit nominating petitions to the board secretary.

Only one seat — that of Eural Clark — will be filled in the June 9 election.

about WOMEN

2-Thursday, May 1, 1958—THE NORTHVILLE RECORD

Janice Stanford to Marry in Fall

Janice Stanford

Mr. and Mrs. George W. Stanford of Orchard drive, announce the engagement of their daughter, Janice Maria, to Roy J. Hamer, son of Mr. and Mrs. Roy N. Hamer of West 12 Mile road.

Both graduated from Northville high school last year. Janice is an employee of the Michigan Bell Telephone company in Plymouth and Roy works for the Western Electric company in Detroit.

A fall wedding has been planned.

King's Daughters to Meet

King's Daughters will hold their business meeting at 2 p.m. next Tuesday at the home of Mrs. George Mueller, 205 East Baseline.

WELCOME HOME — Little Diane Campanaro is the only one who isn't excited about her arrival home after being separated from her family for more than two months. Her parents, Mr. and Mrs. Ernest Campanaro, and sister Debra still can't believe she's here. As for Pierre, the family poodle, he's not sure if he likes all the attention the newcomer is getting or not.

It Was Quite a Struggle, But Little Diane Made It

Life settled back to normal this week for little Diane Campanaro and her family.

They're all together now and the nurse has gone home and the photographers have stopped coming around.

Last week, Diane saw her father and mother for the first time since she was born almost three months ago. She had never even been held by her mother until then.

The problem was that Diane didn't get off to a very good start when she was born three months premature in Miami on February 8 while her parents were on vacation.

She would "forget to breathe" and had to be reminded by a respirator. The condition is fatal to nine of every 10 babies who have it.

Her parents, Mr. and Mrs. Ernest Campanaro — he owns the Fruit Basket at Lakeside Market at Wall Lake — were told that they could do nothing by staying in Miami. So they came home.

Down in Florida, Diane continued to have a bad time of it. During the first two weeks of her life, she stopped breathing three times — once for half an hour.

Somehow, she came through each time.

Finally, the doctors were sure she would make it. But Diane had to stay in Florida until she could travel safely.

The time came last week. Cuddled in the arms of a nurse, Diane flew up from Miami and met mom and dad and sister Debra, 10, at Willow Run airport.

For the first time since their final peek at her through a glass window on February 20, the Campanaros saw their little daughter.

She was happy and fat (a normal five pounds and nine ounces) compared to two pounds and three ounces at birth. And though she seemed bored by all the attention, it was mighty good to get home with her family at last.

Hawthorn's Dr. Dubo To Address Play Group

The Northville Co-operative Play group will meet next Monday at 8 p.m. at the home of Mrs. James Smyth, 51000 Eight Mile road.

Dr. Sara Dubo, associate director of Hawthorn Center, will discuss "The Emotional and Behavioral Development of Pre-School Children".

Members may invite guests to this meeting. Anyone interested in attending may call Mrs. Harold Wright, Northville 2970.

Information about joining the play group next fall may be obtained from the membership chairman, Mrs. Cameron Campbell, Greenleaf 4-7334. The group is open to three and four-year olds and meets at the Presbyterian church.

Dr. Dubo is a graduate of the University of Manitoba medical school. She has had studies of children with pulmonary tuberculosis, foster home placement and adoption, and child psychiatry in pediatric and general practice.

Births

A baby daughter, Carole, was born to Mr. and Mrs. Jack Doren of Las Vegas, Nevada on April 18. She weighed nine pounds and two ounces. Her grandparents are Mr. and Mrs. Forest Doren, 234 High street, Northville.

Dr. Sara Dubo

Banquet to Feature Fathers' Cooking

A puppet show and a meal cooked by the dads will highlight the annual mother-daughter banquet at the First Presbyterian church on May 16.

The puppet show will be put on by Mrs. George Kohns of Northville and Mrs. Joseph Wades of Farmington.

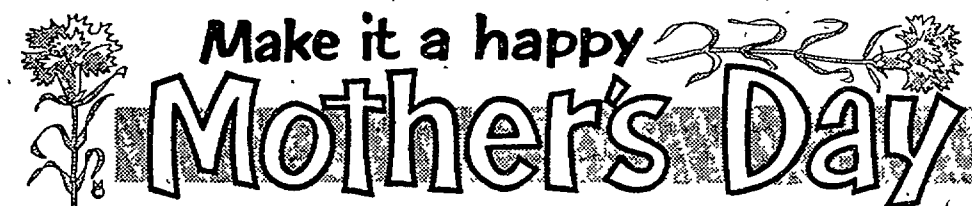

The dads, under Jim Crow and members of the church Men's club, are in complete charge of the meal. Rumor has it that a "very special menu" has been planned.

A limited number of reservations are available through Mrs. Ed Langtry, at Northville 1419.

Mrs. Chris Hammond is chairman of the banquet. She is assisted by Mrs. Richard Kay, program chairman; Mrs. George Jerome, music program, and Mrs. William Crump, decoration chairman.

Hundreds Attend Hospital Open House

Northville state hospital commemo- rated National Mental Health Week this week with a busy round of activities ranging from an open house to recognition programs.

Last Sunday, the hospital was host to hundreds of people from this area at its day-long seventh annual open house.

Hospital buses took visitors to the geriatrics unit and the occupational therapy - recreational therapy building.

The latter, just completed, has a 750-seat auditorium where the patients can see wide-screen movies, as well as a swimming pool, bowling alley, large gymnasium, library and all types of class rooms and occupational therapy facilities.

Yesterday, more than 150 representatives of all faiths were guests at the Annual Clergymen's Workshop held at the hospital, sponsored by the Wayne county chapter of the Michigan Society for Mental Health.

Geared to helping members of the clergy with mental health problems in their daily work, the program featured both lay and professional speakers, who have had considerable practical experience in the mental health field.

Included on the program were Dr. Philip N. Brown, medical superintendent at Northville; Judge James H. Sexton of the Wayne county probate court; Dr. Bella Rabinowitz, a psychiatrist at the Wayne county mental health clinic, and Dr. Paul Lowinger, director of the Lafayette clinic's out-patient department.

Today, nine employees and volunteers from the hospital are guests at a recognition luncheon in the Ford auditorium plaza in Detroit.

Given by the Michigan Society for Mental Health, the luncheon honors employees, volunteers and groups and individuals who actively participated in local mental health hospital, clinic and community programs.

Representing Northville State hospital are: Joseph J. Gill, business executive, representing Dr. Brown; A. A. Brewer, director of food service; Mrs. W. H. Morehead, chairman of the hospital Volunteer Service Council; Ernest Ashley, of the Citizens' Auxiliary committee for the hospital; Mrs. Mary L. Schimmel, 35781 Norris, Wayne, and Walter Williams, 116 Perrin, Ypsilanti.

Mrs. Schimmel and Mr. Williams were recently elected "Psychiatric Aides of the Year", by the patients at Northville.

Also attending from the hospital's social service department were: Mrs. Carolyn Seefeldt, director, and two psychiatric social work supervisors, Miss Marguerite Schimmel, representing the hospital's out-patient department, and Louis J. Schuldt.

Both Mrs. Seefeldt and Schuldt served on the arrangements committee and are active on the executive board of the Michigan Society for Mental Health's Wayne county chapter.

According to Harold Webster, executive director of the Society, "Open house and related programs at our state hospital brings citizens to the hospital, which helps bring the hospital closer to the community. Such visits are the basis of establishing a better understanding, concern and willingness to do something to assist the hospital in obtaining the personnel needed to improve the care and treatment of their patients."

"We know, from experience, that people who have visited Northville State hospital during previous Mental Health Weeks, have followed up their visits by a greater interest and participation in obtaining more adequate mental health services," he said.

Party Raises Over \$120.00 For Hi-Fi Group

The Hi-Fi Extension group held its monthly meeting on Thursday, April 10, at the VFW Post. Mrs. William Smith of Lakeridge avenue gave a demonstration of cake decorating with emphasis on roses and floral design. Mrs. Eino Sorvari of Bruce avenue attended the meeting as a guest.

The "backwards" party held Saturday evening, April 12 was a success financially as well as socially. What originally started out to be a small local social gathering to help defray expenses of six Hi-Fi representatives to the Homemakers Conference, became an elaborate Broadway-type musical production with a cast of 60 performers entertaining 200 paying guests.

The program committee consisting of Mrs. Swen Wahamaki, Mrs. Ray Lahti, Mrs. George Weeks, Mrs. Oscar Simmons, Mrs. Paul Salo and Mrs. Eino Sorvari were proud to announce box office receipts, after payment of all expenses, exceeded \$120. Some of the paying customers had been imported from Walled Lake, Novi, Detroit and Redford.

Paul Salo, attired as an oriental potentate, officiated as master of ceremonies for the program which began at 7:30 p.m., and lasted for almost four hours.

The VFW hall was beautifully decorated with umbrellas with flowers streaming from them. Flower pots were made for each table. All signs were painted backwards, and a corner for introverts prepared.

Novi Dance Class Ends Year Saturday

Novi's modern interpretative dance class for youngsters will hold its final session this Saturday.

Pre-school children will meet at 10 a.m. at the Novi community building. Older children will attend at 10:45 a.m.

The class organized with 35 students in September, will be resumed next year. The children are taught by a professional instructor from Detroit.

Daniel L. Beck

Ladies Night to be 'Test' for Optimists And Their Wives

A lot of pet family feuds may be settled at the Northville Optimists' "Ladies Night" program May 14.

Such as whether hubby is as good a carpenter as he claims. Or whether the missus really does know her stuff behind the wheel of a car.

The answers will come from a short aptitude test that Daniel L. Beck will give to the audience in connection with his appearance as guest speaker.

Beck, who specializes in selecting top executives for Detroit firms, will discuss the use of aptitude tests in choosing men and women for promotion and appointment, in determining courses of study for young people, and in helping parents to understand both themselves and their children.

Beck is now owner of the Executives Selection and Training Institute in Detroit and is past president of the Detroit Sales Executive club.

A graduate engineer, he has mined in the west, sold in all 48 states, and was a Chrysler executive before going into the executive training field.

In addition to his address and tests, Beck will show a short film on the use of aptitude testing.

The dinner program will begin at 6:45 p.m. in the Lutheran church fellowship hall. Reservations are available through Otis Tewksbury.

BPW Hears Panel Discuss Plan for New Constitution

The pros and cons of seeking a new state constitution were heard by more than 40 members and guests at the Northville Business and Professional Women's club dinner-meeting at the Presbyterian church Monday evening.

The program was in charge of the legislative committee, headed by Mrs. Mabel Cooley, chairman.

A panel of four members of the League of Women Voters of Detroit — consisting of Mrs. A. Cooksey, Mrs. Louis Geisling, Mrs. C. Seith, vice president of the Detroit league, and Mrs. John LeRue, moderator — led the discussion.

To show why the state constitution should be renewed at a constitutional convention in 1958, panel members briefly renewed the constitution of 1908 and discussed various phases of the constitution and why certain changes would be beneficial.

Mrs. LeRue stressed that a majority of those voting in the election is necessary to pass this issue and urged everyone to vote yes for a constitutional convention in the 1958 election. This issue can not be brought up again until 1974.

The regular BPW business meeting and election of officers followed. The following officers were elected: Miss Margaret Ragar, president; Miss Dorothy Vroman, vice president; Miss Eleanor Martz, corresponding secretary, Miss Bea Ware, recording secretary, and Mrs. Mildred Cucchetti, treasurer.

The BPW will donate \$25 in prizes for the "Beautiful Northville" campaign. Lynn Sullivan showed slides of spots in Northville that should be cleaned up.

OPEN HOUSE VISITORS — Senator and Mrs. John Swainson discuss care of patients at Northville State hospital with Dr. Philip Brown, (right) medical superintendent, during the hospital's open house Sunday. The chart shows admission schedules at the hospital, one of the state's largest.

Edna Jones Engaged

Mr. and Mrs. John Jones of 673 Baseline road announce the engagement of their daughter, Edna, to William Peatro, son of William Peatro of Petoskey. No date has been set for the wedding.

NEWS AROUND NORTHVILLE

Mrs. E. B. Cavell of West Main street left Tuesday by plane for San Diego, California to visit her daughter and family, Mr. and Mrs. R. W. Casady.

Mrs. Albert Northup of Spring drive entertained with a luncheon bridge at her home Wednesday. Her guests were Mrs. Harold Bloom, Mrs. Del Hahn, Mrs. Ellen Scott, Mrs. Harry Wagenschutz, Mrs. Don Yerkes, Mrs. W. L. Howard and Mrs. William B. Walker.

Narda Foreman, daughter of Mr. and Mrs. William Foreman, of West Seven Mile, is a patient at Atchison Memorial hospital.

On Saturday evening, April 19, 16 members of the GetTogether club met at the home of Mr. and Mrs. Walter Kleinschmidt on Northville road. A pot-luck supper was enjoyed and cards furnished the evening's entertainment. The next meeting will be held May 17 at the home of Mr. and Mrs. Clarence Schoenborn, 15680 Bradner road.

The program committee of the Northville Woman's club, of which Mrs. Alex Lawrence is chairman, met at the home of Mrs. Glenn Cummings of West Six Mile road last Tuesday.

Twelve guests were entertained at a luncheon and bridge at the home of Mrs. Alfred Parmenter on Thayer last Wednesday, with Mrs. William Davis as co-hostess. Mrs. Francis Clinton, who will be leaving soon for Arkansas was the honor guest.

Girl Scout Troop 15 with Mrs. Francis Jennings, leader, Mrs. J. K. Eastland and Mrs. H. Handorf, co-leaders, and Mrs. Harold Mogridge went to Lansing last week. They toured the capitol building and the campus at Michigan State, and had lunch at Kellogg Center. Thirteen of the 15 girls in the troop attended.

Mrs. Grant Allen is entertaining with a luncheon today at her home on Clement road. Guests will be Mrs. Rano Papini, Mrs. Chester Lipa, Mrs. John Begle, Mrs. Alfred Parmenter, Mrs. H. Handorf, Mrs.

George Mueller, Mrs. John Northup and Mrs. Kenneth Conley.

Guests of Mrs. John Northup of Clement road at a luncheon and bridge last Thursday were Mrs. Howard Shaw, Mrs. James Reynolds, Mrs. Chester Lipa, Mrs. Douglas Simpson and Mrs. Francis Clinton.

Mr. and Mrs. Fred Carter of Sunset and their daughter, Mrs. Robert Wilson of Salem, returned to their homes last week after a four-week vacation in Key West, Florida. While there they flew to Cuba to spend a few days.

Mr. and Mrs. Arthur Carlson toured to the Straits last week end and went over the new Mackinac bridge.

Mrs. H. H. Easley of Kissimmee, Florida will arrive Thursday to spend the summer with Mr. and Mrs. G. H. Cummings.

Mrs. Harry Duerson of West Main street spent last week end in Lansing visiting Mrs. M. J. Spencer.

Robert Gredell of 380 Gridell celebrated his sixth birthday by sharing ice cream and cake with his friends in Miss Grace Pollack's afternoon kindergarten class.

RESOLUTION

April 28, 1958

Councilman Gunnar Mettala moved:

Whereas we the President and Village Council of the Village of Wixom do on behalf of the citizens of Wixom wish to:

- (1) Advance the economic and social progress of Michigan;
- (2) Promote among Michigan residents and the people of the United States better understanding of the advantages Michigan offers as a place for living, working, playing and carrying on a business, and;
- (3) Get all Michigan people working together to make Michigan an even better place to live, work and play;

Therefore, be it resolved that the week of May 4 to May 10 be proclaimed MICHIGAN WEEK!

Seconded by Councilman Jesse Birchard. Motion carried.

Joseph Stadnik, President

Novi School Budget Has Its Problems

A proposed Novi school district budget of \$252,200 for the 1958-59 year has gone into the Oakland county allocation board for study.

If approved, the budget could mean an increase of approximately 2 mills in the district's share of winter taxes.

But Superintendent William Medlyn was quick to point out this week that both the budget and millage are tentative at this point. One of two things could change the picture: — the allocation board could deny the millage increase, in which case the budget might have to be reduced.

— or the school district's estimated state equalized valuation, on which the millage is based, might turn out to be higher than anticipated — and this might make up for a millage reduction.

Medlyn's budget (see box) calls for expenditures of \$252,200 but it estimates receipts of only \$233,829, leaving a deficit of \$18,371.

The catch is that the estimated receipts are based, first, on a presumed state equalized valuation of \$10,500,000 and, second, on the same 8.81 millage as now levied.

If the valuation, when computed later this year, turns out to be higher than \$10,500,000 because of new construction in the district, the 8.81 millage would yield more dollars.

But if the valuation is not substantially higher than \$10,500,000, one of two things will happen: either the millage must be increased, or the budget must be cut.

Medlyn estimates that if the valuation does go as estimated, Novi would need another two mills — or a total of 10.81 — to meet its proposed expenditures.

He does not favor the second alternative — trimming expenses — since the budget already is at rock bottom as near as he can figure.

It is some \$26,000 higher than last year, but this includes \$25,000 for new teachers at Novi's new elementary school and \$12,000 for operation of the building (minus a cut of \$13,000 in supplemental disbursements).

Nevertheless, Medlyn may have to do with the 8.81 mills, for Oakland county school districts appear to be in for a millage cut, if anything.

The county, which ultimately determines the millage, can levy only a total of 15 mills for school, township and county taxes. And since the county itself has already indicated it will seek a larger share of those mills this year to cover increased welfare costs, the school districts' chances of getting a bigger bite appear slim.

The matter will come to a head in May, when Medlyn goes before the allocation board to defend his budget. By then, a tentative state equalized valuation figure will be available and the whole budget picture will be clearer.

If neither the valuation nor millage goes up, Medlyn may be hard put to run the schools next year.

The budget would then be only \$6,000 higher than last year, yet Novi would have a new school, three or four new teachers, and some 100 new students to care for.

And if classes get too crowded (more than 34 per teacher) state aid could be cut — which would make the picture still gloomier.

Then too, Lincoln Village may send in as many as 50 to 100 additional students if new homes are sold and occupied by them.

So, as for the question of what school taxes will be next year, the answer is probably somewhere between the present 8.81 and the requested 10.81 — plus 7 mills already authorized by voters to pay off past bond issues.

The total, then, would be somewhere between the present 15.81 and the proposed 17.81.

In any case, it's less than Novi's neighboring taxpayers in Northville are paying (see story, page 4).

Proposed School Budget, 1958-59

Estimated Receipts (General Fund)	Estimated Expenditures (General Fund)
Current Taxes (1958-59)	\$85,500

Novi Highlights: May Breakfast Planned

By Mrs. Luther Rix — Fieldbrook 9-2428

On Thursday, May 1 the ladies auxiliary of the Mission Band of the Novi Baptist church will sponsor a "May Morning" breakfast at nine o'clock in the church. Speaker at the breakfast will be the Mrs. Peter Nieuwkoop of Northville. The devotion leader will be Mrs. Andrew Childress and special music will be by Mrs. Charles Stewart.

The Novi Methodist Youth Fellowship group will sponsor a Sadie Hawkins Day dance Saturday night at the community building.

Mr. and Mrs. R. E. Ward are now visiting friends and relatives in Batesville, Arkansas after spending some time in Michigan with their sons and families, and other relatives and friends.

Mr. and Mrs. Jake Swartz and children on Pontiac visited their parents, Mr. and Mrs. Herman Smith on Sunday.

Mr. and Mrs. Herman Smith went on a fishing trip to Bay Port for a few days last week. While there they visited Mrs. Smith's sister and brother-in-law, Mr. and Mrs. John Kinde.

Mrs. Luther Rix visited her mother, Mrs. George Tobias, at the farm home in Williamston last week.

In Willowbrook: Seek Committee Volunteers

By Mrs. John Parent — GRoensleaf 4-2060

Due to the increased interest in the work of the Willowbrook Community Association, we are publishing the list of committees and asking for volunteers to serve. A member of the board will serve on each committee.

Public Works Committee: A. L. Diebel, 23640 East LeBost, GR-4-7691, is the board member to contact. This committee deals with proper maintenance and public service. This includes the paving of streets, collection of rubbish, proper police and fire protection.

Restrictions Committee: This has to do with the rigid enforcement of building restrictions, zoning ordinances and building codes. You can contact Jim Newton at 41099 Malott or phone GR-4-7683.

Entertainment Committee: This committee is in charge of all social, entertainment and educational activities. Lee Ball, 41081 South McMahon serves on this committee. If you would like to join call Lee at GR-4-7185.

School Committee: Betty Johns, 24280 Coral Lane, is the board member to contact. Here telephone number is GR-4-0600.

Membership Committee: The purpose of this committee is to secure new members and the annual so-

Village Charter to be Aired at Meeting

New Group To Study, Aid Schools

A newly-formed study group that may be the forerunner of a Novi P-TA has invited parents of Novi students to attend an organizational meeting next Tuesday.

Results of a recent community-wide survey of what Novi parents think of their school system will be revealed at the meeting.

It will begin at 8 p.m. in the Novi community building.

Known as the Novi School Study Group, the organization was formed two months ago to assist the school board with pressing educational problems.

So far, some 20 persons are in the pilot group. But the enrollment is expected to increase once it is formally organized.

"We're not trying to duplicate the functions of any existing group, such as the Novi Mothers club," said David Fried, present acting chairman. "Instead, we hope to fill in part of the void between the school administration and parents."

Fried said the group will make studies to determine what is best about Novi's school system and what might be improved. Superintendent William Medlyn and the school board have endorsed the group's aims.

The survey of parents, which will be reported on by Mrs. Bernard Weisberger Tuesday night, was conducted through questionnaires sent home last month through all Novi school children.

Some 240 questionnaires were returned, and roughly 190 of those included written comments.

One of the most stressed points in the questionnaire was the need for a P-TA in Novi. Encouraged by that response the group decided to organize as a formal group immediately.

The group stemmed out of a meeting with the American Association of Women in Farmington earlier this year. Persons attending the AAUW sessions decided they should work instead on problems more closely identified with Novi.

Since then, the group has met regularly. One meeting, addressed by officials of the Detroit Country Day school — which is considered a model institution — drew more than 30 persons.

"Interest by parents in school affairs is a growing educational trend," said Fried. "Growth is coming to Novi, and our school officials will need all the help they can get."

Even 90 Wasn't Quite Fast Enough

Two Dearborn youths who stole a tire from the Lincoln plant parking lot in broad daylight last Thursday were seized a half hour later by one of the largest dragnets in Novi history.

Arrested were Monroe E. Bradbury, 18, 3426 West Point, and Robert A. Wunderlich, 17, 3456 West Point.

A total of eight police cars — five from the Michigan state police, two from Novi, and one from the Lincoln security patrol — converged on the youth's battered hot rod.

The two were finally captured at gun point after they smashed up their car and took off into the woods south of 12 Mile road near Novi road.

A yard maintenance man at the plant had seen the youths steal the tire from a parked car and roll it to their stripped-down hot rod, parked along the expressway in front of the plant.

He notified Guard Al Schwendland, who in turn notified Plant Protection Superintendent Glenn Deibert and Plant Security Superintendent Jerry Wolcott.

Schwendland, Deibert and Wolcott piled into a fire-red '58 Lincoln and took off after the youths.

At speeds reaching 90 mph, the two cars roared along the expressway and across to Old Grand River. Schwendland was dropped off at a store, and called the Novi police station.

Police Chief Lee BeGole contacted the Redford state police, sent out Novi Patrolman Richard Noble, and took off himself.

Deibert and Wolcott pursued the youths east on Grand River, then north on Haggerty. At one point, the hot rod disappeared, but the two Lincoln men outwitted the pair by turning around, going back several hundred yards, and waiting.

Moments later, the hot rod came out of hiding, and the chase was on again.

The rod turned onto 12 Mile, then swung onto a side road, and bogged down in a sand pit. The two youths bolted out and took off into a nearby woods.

Wolcott telephoned the police station, and Patrolman Noble was radioed to head to the woods. Arriving there, he met James Smart, 27222 Novi road, who had seen the commotion.

MERRY CHASE ENDS — Robert Wunderlich, 17, (left) and Monroe Bradbury, 18, get fingerprinted by Novi Patrolman Roy Halleck after they were seized in an eight-car dragnet last Thursday. Bradbury's jacket bears the name "Fender Benders — Dearborn Township". In the background are Novi Patrolman Richard Noble and State Trooper George Woodward.

Noble and Smart set out into the woods and soon spotted the youths. The two gave up quickly when they saw Noble's drawn pistol.

Arrested immediately by Justice Robert Anderson, both youths pleaded guilty to charges of simple larceny and were sentenced to 60 days in Oakland county jail.

Sentence was suspended for Wunderlich, a sailor who was to report to a new assignment at Norman, Oklahoma, Saturday night. The navy was informed of the incident.

Bradbury was also fined \$30 and sentenced to 10 days for reckless driving.

The commission, which has met steadily for more than a month, has until May 22 to grind out the document. By Thursday, a rough draft will be completed.

After it is re-worked, put into final form and approved by the commission, it will be sent on to Governor Williams for his approval. An election date would then be set — probably some time in mid-summer.

To vote in the election, all residents of the proposed village will have to register anew since no one is now qualified to vote under village statute. Further plans for the mass registration will be announced later.

Famous (?) Barn Goes Up in Smoke

A landmark of sorts burned to the ground in Novi Monday night in a spectacular fire that lit up the countryside for miles around.

The second building was a huge barn set back behind a farmhouse at 50470 10 Mile road, west of Napier.

At one time, the barn was reportedly a popular but undercover vice center. It has been deserted for years and is now owned by a Detroitier.

Novi Director of Public Safety Lee BeGole said state police experts suspect arson in the fire. The barn was a total loss, and its 12-foot basement was filled with debris.

The blaze was spotted shortly after midnight Monday night. All Novi fire trucks were rushed to the blaze, but a three-four hour effort to save the barn failed.

Lincoln Plant Gets 'Oscar' As One of 10 Best in U.S.

The Lincoln plant in Wixom has been selected from more than 1,000 others as one of the 10 best-designed industrial plants in the nation.

It was the first time that the award presented in New York by Factory Management and Maintenance magazine, has gone to an automotive plant.

The award is considered the "Oscar" of the factory design and construction field.

The magazine picked Lincoln because it is an "almost complete departure" from traditional design concepts. The design was necessary for production of "unitized" or integrated bodies and frames — a process used by no other luxury car in the world.

The magazine citation applauded the Lincoln design because it combined "the best features of earlier plants with new features to overcome old difficulties."

The plant was designed hand-in-hand with plans for the 1958 Lincoln and Continental. A Lincoln spokesman said the plant was "tailor-made to meet the design of the car."

Architects for the plant were Smith, Hinchman and Grylls Associates of Detroit. Prime contractors were the W. E. Wood Construction company of Detroit and Long Construction company of Kansas City.

The plant complex covers 325 acres and includes the manufacturing plant, general offices, quarter-mile test track, and power house.

Currently, the Lincoln plant is one of the busiest in the nation. It has been on an overtime schedule to meet demand for Lincolns, Continentals and Thunderbirds.

West Shore Group To Elect Officers

Permanent officers of the new West Shore Community Association, serving the west Walled Lake area of Novi, will be elected tonight (Thursday).

Novi Clerk Hadley Bachert will address the meeting, to begin at 8 p.m. at 144 Rexton.

The group has 68 members at present, with a potential of about 250, according to Acting President Bert Fisher. Fisher invited all residents of the four subdivisions in the area to attend and become charter members of the association.

Starting tonight, the group will meet every other Thursday.

A charter for the organization, formed late in March in the aftermath of a dispute over a proposed drive-in theater in the area, approved its charter on April 18.

Document Is Nearly Completed

A meeting designed to get public reaction to Novi's proposed village charter has been scheduled for next week.

The village charter commission has urged all residents of the proposed village to attend the meeting, to begin at 8 p.m. next Thursday (May 8) in the Novi community building.

"The charter is nearly complete," said Chairman Walter Tuck, "but we want to find out what people think of it before we wrap it up."

Provisions of the charter will be explained by the commission and its attorney, Howard Bond, after which any questions from the floor will be taken up and answered.

Tuck said the charter is still subject to revision and that suggestions made at the meeting will be considered by the commission before it puts the finishing touches on the document.

Among the basic clauses of the charter at this point are:

— the village would be governed by a five-man council. Two councilmen would serve for four years and the other three for two years.

— instead of a mayor or president, the village would have a full-time manager who would be hired rather than elected.

— the village tax limit would be set at five mills. (This clause is complicated and will be gone into detail at the meeting.)

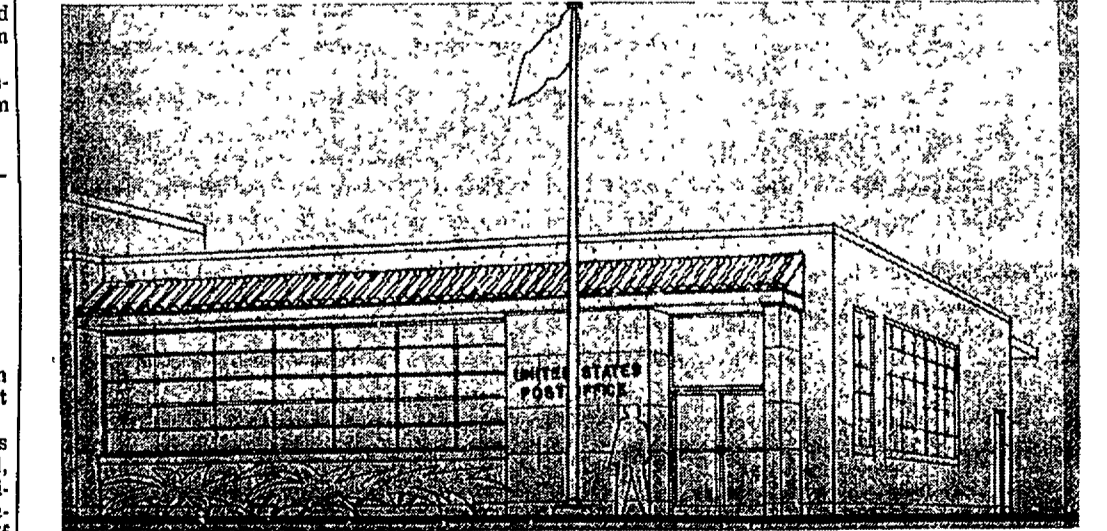

— elections for village office would be conducted on a non-partisan basis.

Get Those Permits!

Novi residents were warned again this week that they must have permits before they can burn a field.

Three persons who failed to heed the warning last week were fined \$25 and \$35 for the offense. One fire burned part of an orchard and another had destroyed several pine trees.

The permits are available at the Novi township hall.

WIXOM POST OFFICE? — Announcement of the proposed location of a new post office in Wixom brought protests from the Parent-Teachers Association and the village council this week. According to Postmaster Herbert Abrams, the building is scheduled to be erected at Wainstock and South Wixom roads. The building, shown in the above artist's sketch, measures 2,400 square feet, more than doubling the present facilities. Resolutions from the P-TA and council insist that it is located on the wrong side of the railroad tracks for the majority of the population and will offer no sidewalks or parking. The location would be dangerous for children to reach, the resolutions contend. A similar resolution is expected to be adopted by the Civic Association in its meeting tonight. Protests will be forwarded to the postmaster general and legislative representatives.

Public Hearing Monday On Wixom Zoning Ordinance

Wixom's busy village council will meet again this Monday evening for a public hearing on the proposed zoning ordinance.

The ordinance, which appears in full along with the proposed city charter in this edition of The News, was reviewed at a public hearing of the planning commission last Friday.

Monday's hearing will be held at 8 p.m. in the elementary school.

The council met in regular session Monday and discussed the possibility of creating a municipal garbage and rubbish collection service.

In other action the council went on record as opposing the proposed site of a new post office in Wixom (see picture on this page). The council passed the resolution after Wesley McAtee, P-TA president, informed the council that the parent-teacher group had taken similar action.

Plans were announced for two dances sponsored by the council's newly organized Youth Group. The dances will be held May 10 and 24 at the elementary school. Councilmen Jesse Birchard and Mrs. Lottie Chambers will supervise the dances.

Wixom May Annex Rest of Finnish Camp

Wixom will soon be asked to extend its boundaries to include the remainder of the Finnish co-operative camp at Loon lake.

At present, part of the camp is in the village and part in Commerce township.

The camp's board of directors was authorized last week to petition for annexation of the remaining part to Wixom after the May 19 city election.

Councilman Gunnar Mettala told the group that the advantages of road maintenance, police protection and simplified record-keeping would outweigh the apparent disadvantage of somewhat higher taxes.

Rummage Sale Heralds Fair

An advance rummage sale for the annual Novi school fair will be held next Monday from 1 to 9 p.m. in the Novi community building.

It's open to everyone.

Complete plans for the gala fair, to be held a week from Friday (May 9) at the community building, will be listed in The News next week.

They made the entrance into Northville along South Main street more attractive by picking up all the refuse along the road. Two hours work netted 30 bushels of various items including a blanket, shoes, bar of soap, electric fixtures, oil cans, etc. The community-wide drive begins today and will continue throughout May. The hard-working scouts pictured above are: (l. to r.) Jack Willis, Mark Elliott, Daniel Doub, Chuck Konopaski and John Canterbury.**Report \$1,000 Theft
At Bowling Alleys**

The second theft within two months at Northville Lanes, 132 South Center street, was reported to Northville police last week.

According to police, money, checks and miscellaneous items valued at more than \$1000 were reported taken from the bowling alley shortly after midnight, April 24. The theft was reported to police by the janitor and his wife. A steel bar had been removed from a window in the rear of the building, but police stated it would have been impossible for anyone to gain entrance through the small space.

In March approximately \$250 was reported stolen from Northville Lanes.

In the latest theft a ring, juke box keys, two checks and nearly \$1,000 was reported stolen.

In court cases before Justice E.M. Bogart last week Weston Fitzpatrick, 111 West Main, paid \$50 and costs and must pay \$15 per week to the support of his wife. He was charged with being disorderly on a complaint signed by his wife.

Carl Miller of Northville was sentenced to 90 days in the Detroit House of Correction after he failed to pay a \$50 fine for operating a vehicle without a license. Dale T. Pound of Farmington lost his license and paid \$50 fine and costs for reckless operation of a motor vehicle.

**Reporter Reports
For New 4-H Club**

Dale Dyer, Wayne county 4-H director, came to our first meeting. We talked about the rules of the 4-H club. We said the 4-H pledge. We saw some slides of the 4-H club camp. He gave us two booklets and one chart for keeping track of our cooking.

We elected Ann Membrey, president; Patty Hicks, vice president; Jackie D'Haene, secretary; Gail Nider, treasurer; recreation girl, Patty Hicks; reporter, Eve Bennett. The next meeting will be held Saturday at 1 p.m. The dues are 20c a meeting.

**Council Digs In
After Making
New Appointments**

Northville's newly organized city council wasted little time in getting back to work Monday night.

After adopting a proclamation honoring the late Mayor Claude N. Ely the council moved on to matters of appointments (see stories on page one).

The council gave tentative approval to plats two and three of Yerkes Estates subdivision. Representatives of the D. & R. Building company announced plans to continue "as soon as possible" on development of the subdivision. With 27 homes in the first plat on Baseline, the development will bring the total number of homes to 136.

Mayor Allen called for more negotiations with the school board regarding the possible sale of the Community Building after City Attorney Philip Ogilvie read an opinion that such a sale is within the power of the council. Allen and Canterbury are members of a committee handling the problem.

The city also indicated it would have a role in the current "Beautiful Northville" campaign. Mayor Allen instructed the city attorney to begin condemnation action to obtain six lots in the Gerald avenue area. The lots are needed to complete a city plan to move its public works garage from Cady street to Gerald avenue. The new area on Gerald avenue would be completely fenced and provide a building for equipment. The present Cady street site has been a target of complaints by residents living in the area.

In final business the council heard an optimistic report from the city manager concerning the city's probable equalization figures in Wayne and Oakland county.

Manager John Robertson emphasized that the figures were tentative but indicated that Wayne county tax equalization will probably be 1.03 as against 1.19 in Oakland county. The state will probably boost the Wayne county equalization figure to 1.14. Robertson pointed out, while the Oakland factor should go unchanged.

The narrowing of the difference between the equalization factors in the city sections of Wayne and Oakland county was one of the prime targets of the reassessment program. Last year Oakland county residents of Northville were equalized 2.43, while Wayne county city residents had a 1.73 factor. The new difference is only .05 compared to .70 last year.

**Freedom from Fear
Lecture on Sunday**

How to gain freedom from fear will be the topic of a free public lecture on Christian Science to be given in Detroit on Sunday afternoon, May 4 by J. Hamilton Lewis of Concord, New Hampshire.

Mr. Lewis will speak in the MacKenzie high school, 9275 Wyoming, near Chicago boulevard, at 3 o'clock under the auspices of Fourth Church of Christ, Scientist. His subject will be "How Christian Science Brings Security and Peace".

A member of The Christian Science Board of Lectureship, Mr. Lewis is currently on nationwide speaking tour. Prior to entering the public practice of Christian Science healing in 1937, he was active for a number of years as public relations and campaign manager for Community Chests, Chambers of Commerce, Boy Scouts of America, and youth organizations throughout New England. He served for four years as Christian Science Committee on Publication for the State of New Hampshire.

One Point Decides**Optimist Oratory Title**

One point kept Northville's Chuck Hix from the district crown in the recent National Optimist Oratory contest preliminaries.

Competing against four other orators, Chuck was edged by the representative of the Clarenceville Optimist club.

Some 32 Northville Optimists and their wives attended the judging at Clarenceville's new high school.

Chuck was coached by Miss Florence Panatoni, NHS debate and forensic teacher and coach of the Boys Forensic club which is sponsored by the Optimists.

Pack 721 to Meet

Pack 721 will hold its regular meeting at the VFW hall in Northville next Monday.

Bike safety and the city clean-up program will be stressed. The meeting will be in charge of Bob Hunter and Art Prodder.

Senior Prom Is May 9

Northville high school's senior prom is just around the corner.

The prom will be held on May 9 from 9 p.m. to 1 a.m. at the community building. Jack Braun and his orchestra will play.

Willowbrook ...

liciting of dues. The board member to contact is Bob McClelland, 23672 East LeBost, GR-4-8514.

If any of these committees strike your interest, be sure to call the board member and join your neighbors in helping to make this a better place to live.

Dancing to the music of Tex Bencke at Milford Friday night were Wayne and Lee Ball of McMahon and Bob and Dee McKeon of Meadowbrook.

1-CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. We are deeply grateful to Dr. Irene Sparling, Fred Casterline, Ray Schmidt, Mr. and Mrs. Herman Hartner, Jr., Mr. and Mrs. Walter Couse, Mr. John Kamego, Rev. John Taxis, Mr. Ray VanValkenburg, Northville Public School, American Legion and VFW, Northville city officials and employees, Masonic organizations, Edison employees, neighbors, friends and all other organizations.

The Family of
Claude N. Ely

We wish to thank the neighbors and friends who so generously sent beautiful flowers and cards to the late Katherine L. Pickell while in the hospital.

Mr. and Mrs. William Kaiser
Mr. and Mrs. Fred Rhead
Mr. and Mrs. Roland Rhead

WATER SOFTENERS

Factory rebuilt and refinished softeners of many well known makes at sensational prices. Sizes from 30,000 grains to 100,000 grains — from \$50. All guaranteed. It is better to buy a good reconditioned well known make of softener than a new one of unknown quality. These softeners have been traded in on new Reynolds Automatic softeners and we stand back of them.

It will pay you to see us before you buy any softener. Every type and size of manually controlled, semi-automatic and the wonderful Reynolds fully automatic softeners on display. You can't beat the best and you can't beat our values. Come to see us or call collect for a representative to see you. We have a sales opportunity open in this community for a capable man of character.

1957 Building & Site Fund	546,193.31
1957 Debt Retirement Fund	4,987.51

Mr. McMillan, faculty representa-
tive, presented a letter stating that
the Teachers were in agree-
ment with the superintendent's rec-
ommendation to maintain the pre-
sent salary schedule.

There was a discussion concern-
ing merit raises, and means of at-
tracting good teachers. It was pro-
posed that the teachers and the
superintendent make recommenda-

tions concerning future improve-
ment of the salary schedule.

Mr. Weiland presented certi-
ficates of payment for construction
work completed during March.

Mr. Weisberger presented the re-
sults of the parents and teachers
survey. It was agreed that the
board would meet with the commit-
tee on April 23rd.

A declaration was received from
the Oakland County Board of Ed-
ucation, declaring that the legal
name of the school district is now
Novi School District No. 1, Novi
Township. The common name Novi
Community School District was re-
affirmed.

Superintendent Medlyn presented
the proposed school budget for 1958-
59 and a comparison of budgets of
the years 1956-57 and 1957-58. If
further money is not available, a
deficit may be incurred for the next
fiscal year. Current operating mon-
ey is low and it may be necessary
to borrow money for July and Au-
gust.

It was moved by Mr. Bernard,
seconded by Mrs. Larson, that the
proposed budget be approved and
be sent to the County Tax Alloca-
tion Board. The motion carried.

It was moved by Mr. Bernard,
seconded by Mrs. Larson, that cur-
rent bills be paid. The motion car-
ried.

The meeting adjourned at 11:50
p.m.

NOTICE TO WATER CONSUMERS

PLEASE TAKE NOTICE that the City of Northville
water and sewer rate increase became effective
as of March 10, 1958.

The new rates on the next billing which you
will receive July 1, 1958, will be as follows:

First 6,000 gal. (or less) per quarter . . . \$3.00
Next 144,000 gal. per quarter . . .25 per 1000 gal.
Above 150,000 gal. per quarter11 per 1000 gal.

Sewer Rate 10c per each 1,000 gal. of water used
(Signed) Mary Alexander, City Clerk

**NOTICE OF PUBLIC HEARING
ON
PROPOSED AMENDMENT
TO THE
ZONING ORDINANCE
OF THE
TOWNSHIP OF NOVI
NOVI, MICHIGAN**

NOTICE IS HEREBY GIVEN that a Public Hearing will be held
on a proposed Amendment to the Zoning Map and Text of the
Zoning Ordinance of the Township of Novi to include the follow-
ing proposed changes:

(a) To change the east one-half of the N.W. 1/4 of Section
of Section 9; the N. E. 1/4 of Section 9; that part of
the S.E. 1/4 of Section 9, north of a line 1200 feet
north of and parallel to the centerline of Twelve Mile
Rd.; and the east 1/2 of the S.W. 1/4 of Section 9, north
of a line 1200 feet north of and parallel to the center-
line of Twelve Mile Road, to be changed from an
R-1-F and AG District to an M-3 General Manufac-
turing District.

the first paragraph of Section 3.23 to allow signs
along the Brighton - Farmington Road subject to
certain prescribed conditions.

This hearing will be held at 8:00 o'clock p.m. Eastern Stand-
ard Time at the Township Hall, located at 28580 Novi Road, May
26th, 1958.

NOTICE IS FURTHER GIVEN that a copy of the Map and Text
may be examined at the Township Hall during the office hours
each Monday through Saturday, until the date of the Public
Hearing.

NOVI TOWNSHIP ZONING BOARD
William Flynn, Secretary
49 and 52

**Van Attas to Hear
Acheson Address**

Mr. and Mrs. Fred E. Van Attas,
136 Cady, will be among those in
attendance at the Democratic Par-
ty's annual Jefferson-Jackson Day
events this Saturday.

They will hear Dean Acheson, sec-
retary of state under President Tru-
man, give the main address at the
"Jeff-Jack" dinner in Detroit.
State Senator John Swainson, mi-
nority leader of the upper house,
will act as toastmaster at the fund-
raising dinner.

New Harrowood Station

Leo E. Harrowood, owner of Har-
rowood's Standard Service on Grand
River at Novi road, announced the
purchase of another service station
last week.

The station, located on Grand River
at Milford road in New Hudson,
will be managed by Frank Elder. It
will feature 24-hour radio dispatch-
ed wrecker and ambulance service
and be open daily from 5:30 a.m.
until 7:30 p.m.

MAYOR FOR A DAY — James V. Wells will be Northville's mayor Monday on Mayor's Exchange Day. The 57-year-old mayor of Roosevelt Park has served six terms as first citizen of the Muskegon suburban community of 2,000. By profession Mayor Wells is an accountant. He will attend Monday activities here with his wife.

Returns to Scene, Police Greet Him

A Highland Park youth unwittingly walked into the arms of the law in Novi last week. It cost him \$15 and one year's probation.

Police had been looking for the owner of a battered convertible that they found smashed in a ditch along Wixom road south of Grand River on April 19. It was thought to be one of several cars which had fled a knife fight in Brighton earlier that night.

A check of its registration didn't turn up the owner.

The next day, while Novi patrol-

men D'Arcy Young and Vern Loeffler worked on the case with state police, Chief Lee BeGole stopped off on other business at Harrowood's gas station at Grand River and Novi road.

Attley Jones, of Highland Park, happened to come along at that moment. He asked BeGole if he knew anything about a convertible he had left along Wixom road. BeGole said he did.

Justice William MacDermid handed out the fine and probationary sentence after Jones pleaded guilty to leaving the scene of an accident.

Proclamations Issued

Mayor Claude N. Ely

WHEREAS, Almighty God has seen fit to remove by death Claude N. Ely, Mayor of the City of Northville, and WHEREAS, he served the City of Northville since 1942 as Village Commissioner, last Village President and first Mayor of the City of Northville, and WHEREAS, his great interest in this community was expressed in the many projects accomplished during his tenure of office and the pride which he took in fulfilling his duties

NOW, THEREFORE, the City Council of the City of Northville resolves:

1. That it extends to his bereaved family sincere sympathy and expressions of its own feeling of great loss, and
2. That a copy of this resolution be spread upon the minutes of the City Council, a copy be presented to the family of the late Claude N. Ely, and that a copy be published in The Northville Record.

Dated April 28th, 1958.

Ed Welch

Beautify Northville

Mayor A. Malcolm Allen and Township Supervisor Mollie Lawrence today proclaimed May 1st to May 30th Beautify Northville month in the first official event in a community wide beautification and betterment program.

"During the next month every citizen should devote himself fully to the Clean Up Program, at home, at work, in his neighborhood and wherever worthy projects need manpower. By concentrating on beauty and betterment exclusively during this period we can make this community the best in Michigan. For yourself, your family, and your friends and your community, we urge that you Clean-Up, Paint-Up, Fix-Up, Plant-Up, Light-Up and then keep It-Up," the Mayor and Supervisor requested.

Missile Expert Speaks

A University of Michigan expert in the field of missiles and jets addressed the Northville Exchange club yesterday.

He was Donald E. Rogers, member of the U-M aeronautical engineering faculty and one of the men whose work led to the U.S. Explorer and Vanguard earth satellites.

Sentenced on Two Counts

A Novi man was sentenced to a total of 90 days in jail Saturday for assault and battery and being drunk and disorderly.

William Thompson, 1910 Austin drive, pleaded guilty to both charges before Justice Robert Anderson.

Police Chief Lee BeGole said Mrs. Thompson signed a statement charging that her husband had beaten her. Police later found him at a Novi tavern where he was charged with being disorderly.

BOYS STATE NOMINEES — Sponsors and their nominees for Boys State met last week at the Northville American Legion building. The annual Boys State will be held at East Lansing in June. Final selection of 11 boys from this area will be made in the near future. The nominees and representatives of sponsoring organizations shown above are: (seated, l. to r.) Bill Juday, Charles Wallace, Bob Stuber, Larry Nitzel, Dave Nash, Chris Krauter and Bill Hilton; (standing) Oliver Collins (Methodist Men's club), Jim Madigan (American Legion), Bill Wilson (UAW-CIO), Fred Kester (Junior Chamber of Commerce), Robert Coolman (Masons), Lawrence LePevre (Optimists), Kenneth Conley (P-TA), Roger Atchinson, Ed Proctor and Buzz Snow (American Legion).

Driver Is Fined; Patient Returned

Sam Wisdom, 54, 136 Buffington, Novi, was fined \$35 and placed on two months probation recently for reckless driving.

Police Chief Lee BeGole told Justice Robert Anderson that Wisdom was weaving from side to side along Pontiac Trail when apprehended.

A patient at Maybury sanatorium in Northville was picked up and returned to the sanatorium recently after he was found intoxicated in a ditch along Eight Mile road BeGole said.

Police were called to the scene by an Eight Mile resident who complained that the man was swearing and using abusive language.

MAKING GOD WAIT

Who comes first in your life? Yourself? Others? Or God? Usually that's the order most people live. Someone has said that "there are 200 things to join" waiting in this life to absorb the energy, loyalty and spare time of the American Youth. Most of these things are legitimate and good as far as this life is concerned; but, they are selfish because they seek to please "self first". The well ordered life demands that God comes first in everything. We were "created by Him and for Him." We are for His glory—not He for ours. I'm afraid that God is put on the waiting list until we have satisfied our desires. God is nothing more than a spare tire to some people. He is someone to be kept in mind in case of any emergency! No wonder things are so topsy turvy in this world! The scriptures tell how plainly however, "Be not deceived, God is not mocked!" and again in Proverbs 1:28, "Then shall they call upon me, but I will not answer them; they shall seek me early, but they will not find me." How much better it is to "Seek ye the Lord while He may be found" and to "Seek first the Kingdom of God and His righteousness!"

What Michigan Means to a Child

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1868 Thursday, May 1, 1958—9

Spiritual Foundations Day — Mary Hartt in Sunday School

Education Day — A New Word for Kris Wistert

Michigan Week means one thing to adults, but another thing to children.

It may mean a summer week at the cottage up north, with pine woods to roam through and your own beach to play on.

Or it may mean Greenfield Village or the train ride at the Zoo or that real pioneer fort up at the Straits.

If you're a young fellow (the girls wouldn't understand about this), it almost certainly means the Lions and Tigers and the Spartans and Wolverines. They make for pretty good bragging when you meet some wise kid from another state.

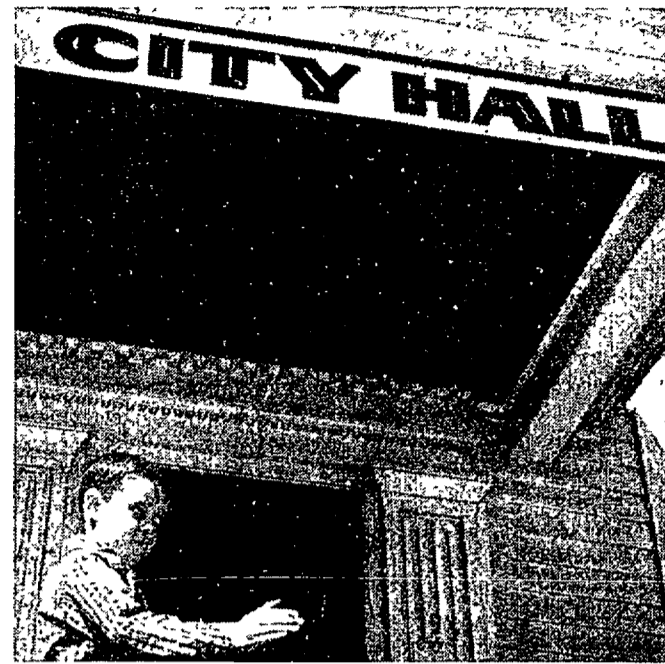

Perhaps it means spending an afternoon with mother at a lake just a few miles away, or getting up early on a fall morning to go pheasant-hunting with dad.

These are things that you don't find in every state. The other forty-seven all have something, of course, but not very many of them have as much as Michigan does.

What baseball team does a young fellow in Utah follow? Has any little girl in Georgia ever seen a live chimpanzee show? Do kids in Arizona even know what ice skates look like?

Now, with Michigan Week due to start Sunday, it's appropriate for the younger generation to join their fathers and mothers in paying tribute to their state.

So here, seven young Northville children — first-graders at Amerman school — do just that. Portraying the official seven days of Michigan Week, they show why they agree that it's indeed 'great to live in Michigan.'

Little League, Babe Ruth Hold Tryouts in Wixom

Wixom's Little League and Babe Ruth teams are back in action.

Both clubs are now holding practice sessions three times a week in preparation for their openers in June.

The Little League team, coached by Bob Hughes, is holding tryouts each Monday, Wednesday and Friday at 6 p.m. at the Wixom school diamond.

Babe Ruth candidates, under Manager Walter Tuck, are trying out each Tuesday and Thursday at

5:30 p.m. and Saturday mornings at 10 a.m.

Both teams, especially the Babe Ruth squad, can still use more candidates. The Little League is for boys nine through 12, while the Babe Ruth squad takes youngsters from 13 through 15.

Boys playing on organized school teams may not try out until after May 25, but will have a full chance to win a position on the team.

Both clubs will participate in the Walled Lake league programs. Little Leaguers have their own diamond in Walled Lake, while the Babe Ruth contests are played at Walled Lake junior high.

The Little League will kick off its schedule on June 9. But the Babe Ruth league is not scheduled for action until after school is out.

Last year, Wixom's Little Leaguers won the Walled Lake championship, with Tuck as manager. Five members of that team will move up to Babe Ruth play, leaving the Little League with a still-strong nucleus.

Recreation baseball will get underway in Northville next week when the city's two midget league teams embark on a 24-game summer-long schedule.

Eventually, the recreation program will see more than a dozen teams in action — including both boys and girls and ranging in age from six to 18 years.

Most of the other teams will not begin play until school is out.

Northville will again be represented in midget play by the Braves and Orioles, who will compete in the 23-team, two-division Livonia recreation league.

The Orioles, coached by Ken Conley, will begin the season Monday and will play each Monday and Wednesday thereafter. The Braves, scheduled for action each Tuesday and Wednesday, will take to the field next Tuesday.

Home games will be played at Cass Benton park, while most away games will be played on four diamonds at the Fisher Body field on Middlebelt at the C. & O railroad tracks. All games will start at 6:15 p.m., 15 minutes earlier than last year.

Both the Orioles and Braves posted winning seasons last year. The Braves won their National League title with a 14-1 record, and went on to the state recreation tourney. The Orioles came in third in the American League with an 8-7 record.

Further plans for Northville's other recreation teams will be announced later. They will include Class F (15 and under), Class E (18 and under), knot hole (see below), pee wee, and girls (see story, this page). Several adult teams also will be formed later this year.

Knot-Hole League To Try Out Saturday

Northville's "knot-hole" gang will hold tryouts again Saturday. The knot-hole league is made up of boys aged nine and 10 for the most part, and will compete in a full schedule of baseball games this summer.

Four teams with 13 players each will be formed. Openings still exist. Saturday's tryouts will begin at 9 a.m. at Cass Benton park.

Explorer Troop To Get Charter

Newly-organized Explorer Troop 155 will receive its charter in ceremonies Sunday night.

The charter will be presented by Fran Gazlay, neighborhood scout chairman, at 7:30 p.m. at the First Presbyterian church.

Girls' Recreation Program To Include New Activities

A new girls' program has been added to the Northville summer recreation schedule.

The program, to be directed by Miss Patricia Bubel, will be offered to all girls from 10 to 18 years of age.

As plans stand now, it will include tennis, golf, softball and archery. Girls also will be able to participate in swimming, special trips and other such activities which have been part of the summer program in the past.

The program will run for seven weeks — from June 23 to August 8.

Girls interested in the program may register at the Northville scout hall any Saturday morning from 9 a.m. to 12 noon. For information on the program, girls may call the scout hall at 507 during the same hours.

The registration fee will be 25 cents for Northville and Northville township girls and \$8 for girls from Novi and other communities.

The fee covers all activities sponsored by the recreation department for a period of one year.

Needed: a Sponsor

Northville's newly formed girls' softball team is all set to go — except for one thing.

They need uniforms and equipment.

Anyone interested in helping to sponsor the girls may contact Recreation Director Stan Johnston at 576-J.

The team, made up of girls over 18, will compete in an eight-team inter-city league. Other teams are from Ypsilanti, Wayne, Ann Arbor and Garden City. Play will start early in June.

So far, 18 girls have signed up. But there is still room for more. Johnston will contact all girls registered for the team soon to arrange practice sessions.

 REGULAR MEETING
Second Monday of each month
WILFRED HAWBECKER, W.M.
R.F. COOLMAN, Secretary

Atchison Named Honorary 'Chutist

Rick Atchison, son of Dr. and Mrs. R. M. Atchison, 332 South Rogers, is one of 39 Kemper Military school cadets at Boonville, Missouri awarded certificates for honorary membership in the famous 82nd Airborne Division, as a result of completing one or more jumps from a 34-foot tower at Fort Bragg, North Carolina.

The Kemper cadets made the jump which conducted on a three-day tour of Fort Bragg. While at Fort Bragg, the cadets observed the latest in aircraft, army equipment and warfare techniques. A dance was given in their honor.

The certificates, designating the students as honorary parachutists, were awarded at a special parade at Kemper.

TCP

adds Anti-Miss to anti-knock

Save gasoline! Get back up to 30 horsepower lost by spark plug "miss."
It takes only 2 to 3 tankfuls of Super Shell with TCP.

You may have sensed a loss of power in your car and not been able to pinpoint the cause.

Chances are that spark plug "miss" is causing the trouble. It is today's major cause of power loss!

To stop spark plug "miss," Shell developed TCP* additive. TCP adds anti-miss to anti-knock.

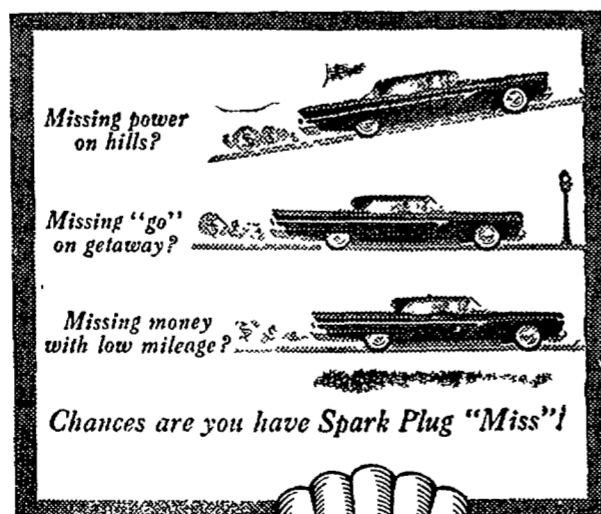

Thus you get 2 great benefits from Super Shell with TCP... Anti-knock. Shell, largest supplier of commercial aviation fuels in the U.S.A., has packed Super Shell with aromatics as

used in aviation fuel. These give Super Shell its higher octane to prevent knock. But in today's engines anti-knock alone is not enough.

Anti-Miss. Shell first developed TCP to stop spark plug misfiring in military aircraft. Today, in high-compression automobile engines, too, TCP neutralizes harmful deposits that make spark plugs misfire... brings back 20 to 30 horsepower and gives better mileage too.

See your Shell Dealer for Super Shell with TCP.

*Shell's trademark for this unique gasoline additive developed by Shell Research.

Super Shell with TCP

The most powerful gasoline any car can use—Plus TCP for Anti-Miss

Natural GAS YOUR SILENT SERVANT

Gas Burns Up All Garbage And Trash

A gas incinerator disposes of everything from vacuum cleaner sweepings to ham bones and work bench litter. The fine ash it leaves need only be disposed of once or twice a month and makes a good fertilizer.

There are more than a dozen manufacturers in the field. Basically, incinerators are of two efficient types: (1) Those with a clock control that sets off a high, hot flame. (2) Those with a steady pilot flame. Models are available for both inside and outside installation.

A gas incinerator costs no more than a sink disposer, yet does twice the work... And they operate for only a few cents a day.

Only GAS does so much, so well... the modern fuel for automatic cooking... refrigeration... water-heating... house-heating... air conditioning... clothes-drying... incineration.

Bunt Ruins Mustang No-Hitter

A last-inning bunt that went for a single kept Pitchers Joe Kritch and Cap Pethers from a no-hitter Friday as the Northville Mustangs dropped West Bloomfield, 7-3.

But the Mustangs were even less lucky Monday as Bloomfield Hills, with the aid of three fluke safeties, downed Northville, 9-4.

The Mustangs now have a 2-1 record in Wayne-Oakland play and a 2-3 showing for the year.

Pethers and Kritch, in their near no-hitter, were in trouble in only two innings, but both proved costly.

Pethers started and put in two hitless innings, but walked three and hit one batsman in the second to give the Lakers a gift run.

Kritch took over at that point and handcuffed West Bloomfield until the seventh when an error, a hit batsman and the lame-duck single brought in two unearned runs.

Meanwhile, Northville was collecting eight hits, including two each from Rog Atchinson and John White.

Leading 3-1 going into the sixth, the Mustangs bunched a double by Kritch, singles by Atchinson and White, a walk by Wade Deal, and an error for three runs to wrap up the game.

Against Bloomfield Hills Monday, the Mustangs jumped off to a 2-0 lead in the first inning and seemed headed for their third straight win.

But in the third, the Barons pushed across three runs when, in quick succession: a routine grounder be-bounded 10 feet over the Mustang shortstop's head; a right-handed Baron batter dropped a double on the right field foul line; a simple single took a last-second skid past Right Fielder Kritch and went for a home run.

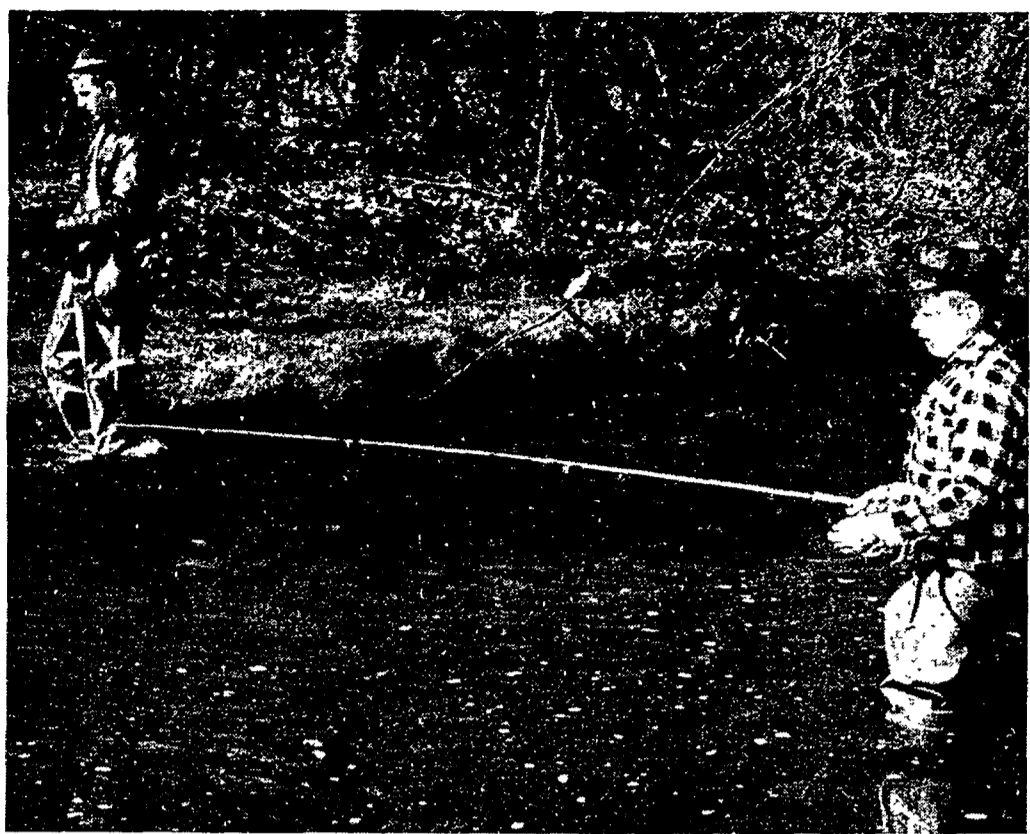

The Mustangs tied it up again in the fifth, but Bloomfield scored twice in the bottom of the inning on two walks and a single and pounded out three hits, for three runs in the seventh.

Golfers Split Pair

Northville high school golfers split their last two matches to run their season's record to 2-1-1.

The Mustangs, led by Mike Eastland's 44, downed Thurston Monday, 191-204, after falling to Plymouth Friday at Brae Burn golf course.

Northville's match against Milford last Wednesday was rained out, leaving the Mustangs with a 1-0 record in league play.

OPENING DAY — Swarms of fishermen opened trout season last Saturday in Northville's Cass Benton Park, but not as many trout showed up! Catches were slim with best luck being reported on worms. At left is Bob Hansen of Northville, while Detroit's Pat Karkanen is shown on the right. Bob had two trout when the picture was taken.

Injuries Hurt Thinclads In Season's First Meet

Injuries, ineligibilities and a science trip hampered the Northville Mustangs' first track outing of the year Friday.

The Mustangs totaled only 17 points to come in a distant third behind Thurston (54) and Inkster (35).

Dick Biery, though not at peak performance because of a minor injury, was high point man for the Mustangs. Biery figured in four events, taking a second in the broad jump, a tie for third in the high jump, and thirds in both the 100 and 220.

Bill Yahnke, likewise handicapped by a game leg, managed to pick up a second in the high jump and fourth in the broad jump.

Other points came from Bob

Loynes, who took third in the 880 and fourth in the shot put, and Dick Ritter, who came through with a third in the mile.

A GLIMPSE AT EDUCATION IN EARLY MICHIGAN

Since we are celebrating Michigan Week
it might be well to review our history and
learn that the development of Detroit and
Michigan along spiritual and educational
lines is due largely to the ability and devoted-
ness of Father Gabriel Richard who came to
Michigan in 1798.

The projects in education which he or-
iginated were numerous, interesting and im-
portant, although many of them, because of
a lack of funds, were never realized. He was
indefatigable in his educational endeavors,
being interested not only in Catholic edu-
cation, but he wanted to see the means of
education provided for all the people in
Michigan. He was universally recognized as
an outstanding leader, and had the unique
distinction of being the only Catholic priest
elected to the National Congress.

In 1802 an academy or high school for
boys had come into existence, and the work
of the lower school was confined to the el-
ementary teaching of both boys and girls. To
provide a high school for girls, he had first
to train capable women teachers, for none
existed in this section of the country. He
prepared four young women, Monique La-
badie, Elizabeth Lyon, Angelique Campau
and Elizabeth Williams, to serve as teachers
of young girls. In 1804 the academy for girls
was opened, together with a second elementary
school. The system was more complete than
could be found in most cities of the time.
Technical and vocational training was in-
sisted on by Father Richard. Sewing, spin-
ning and weaving for girls, and shop work
for boys were provided. Moreover, a school,

almost wholly industrial, was begun for In-
dian girls.

Father Richard was a pioneer in the
publication of textbooks. In 1808 he brought
back from the east a printing press and a
font of type and set them up at Spring Hill.
He also brought a printer who taught the
students. This printing press was the first
in Michigan. In 1809 Father Richard began
the publication of a newspaper, The Michi-
gan Essay or Impartial Observer.

In a petition to the governor of Michi-
gan, which he drew up in 1808 he urged
that an institution of higher learning be es-
tablished. "It would be very necessary," he
wrote, "to have in Detroit a similar academy
in which the high branches of mathematics,
most important languages, geography, his-
tory, natural and moral philosophy, should
be taught to young gentlemen of our coun-
try." This idea found realization in the plan
for the "Catholepistemiad, or University of
Michigan," which was drawn up in 1817.
The Act which established this institution,
which became the University of Michigan,
was written, it is true, by Judge Woodward,
but the spirit of the undertaking was that
of Father Richard. Connected with the Uni-
versity there was to be throughout the State
a complete system of education, embracing
"colleges, academies, schools, libraries, mu-
seums, laboratories, and other useful literary
and scientific institutions."

Fifteen per cent of the public taxes was
to be devoted to the administration of this
system. In 1821, when the Catholepistemiad
became the University of Michigan, Father
Richard was named one of the trustees, as
he was also a charter member of the Michigan
Historical Society.

As we review the history of education
in Michigan we pay our grateful respects
to the memory of Father Richard.

Urges Observance Of Spiritual Day

Dr. Herbert Beecher Hudnut,
minister of the Woodward Avenue
Presbyterian church, today urged
church-goers throughout Michigan to
join in observance of Spiritual
Foundations Day this Sunday.

Dr. Hudnut is Detroit area chair-
man for Spiritual Foundations Day,
which will mark the start of the
fifth annual Michigan Week celebra-
tion.
"On Sunday," he wrote clergy-
men of all faiths, "let there be
sounded a clarion call for a general
thanksgiving for the privilege which
God has given us as dwellers in
Michigan, for schools and churches
and synagogues, for all of the free
institutions of a great free state,
and for the spiritual fathers and
mothers who gave us this heritage."
Catholic, Jewish and Protestant
church leaders and churches have
contributed greatly to the moral and
spiritual development in the cities
and towns of Michigan, so that on
this day her citizens rise up to salu-
tate the past and thank God for the
future.

"Every one of us needs to join
in this thanksgiving to God and in
the determination that there shall
be religious freedom and racial and
creedal tolerance in our great state,
for the sake of our own homes and
for the children of tomorrow."

Elect Polio Officers; Drive Tops \$128,000

Rev. G. Burton Hodgson of Bir-
mingham has been re-elected chair-
man of the Oakland county chapter
of the National Foundation for In-
fantile Paralysis.

Rev. Hodgson has announced that
final reports for the 1958 March of
Dimes have been tallied, and \$128-
835.38 was raised in Oakland county
during the campaign.

Chapter service pins were award-
ed to members in various commu-
nities throughout the county for
their many years of volunteer ser-
vice to the March of Dimes.

Music Scholarship Granted To Young Church Organist

Sally Plamondon of 124 High,
Northville, was recently presented
a scholarship at the Interlochen Mu-
sic Camp near Traverse City, by
Mrs. Katherine Meier, president of
the Business and Professional Wo-
men in Livonia.

Sally, (above, left), a sophomore
at Ladywood high school, has play-
ed piano for the past six years, and
played the organ at Our Lady of
Victory parish in Northville for the
past five years. She is also an hon-
or student in school.

The Music Camp is sponsored by

NORTHVILLE TOWNSHIP

FIRE ORDINANCE

AN ORDINANCE TO REGULATE GRASS, WEED AND BRUSH
FIRES WITHIN THE TOWNSHIP OF NORTHVILLE

„The Township of Northville Ordains:

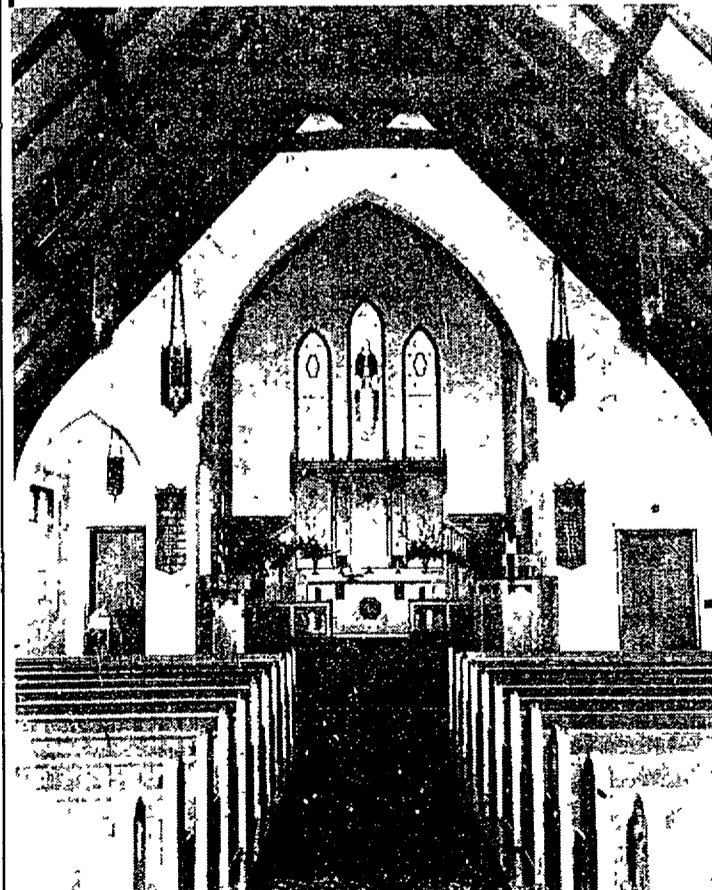

Section 1. No person shall willfully ignite, kindle or start
in any other manner a fire in any uncut grass, weeds or brush
without first obtaining a permit from the Township Clerk. The
Township Clerk shall issue such a permit if in his opinion the
fire will be burned in the presence of and under the control of
at least two persons of lawful age.

Section 2. Any person who shall neglect or refuse to
comply with the provisions of this ordinance shall upon conviction
be subject to a fine of not more than One Hundred (\$100.00)
dollars, or to imprisonment for a period not to exceed 90 days,
plus court costs, or to both such fine or imprisonment at the dis-
cretion of the court.

Section 3. This ordinance shall take effect 30 days from
and after its first publication.

Made and passed by the Township Board of the Town-
ship of Northville this first day of April, A.D., 1952.

WELCOME

"I was glad when they said unto me,
Let us go into the house of the Lord."
—Psalm 122:1.

A Paying Proposition

Increased property value, protection against fire, health and accident insurance are all clauses of a current community "policy", Clean Up-Paint Up-Fix Up and each one of us can reap dividends. The cost: a few dollars, some muscle exercise, and a spirit of determination.

By adding a room, finishing the attic, making necessary repairs, starting a garden, you can raise the monetary value of your property.

After checking the electrical appliances, removing trash, placing oily rags in metal containers, and following the other Clean Up suggestions, you will have removed possible fire causes. Should fire occur from uncontrollable situations, the blaze will not have the fuel of trash to feed on. Clean yards and ponds will reduce the insect and rodent problems and their threat to health.

In addition to the financial protection of your home, participation in Clean Up activities grants each worker one large share of satisfaction and achievement which can result only from doing a worthwhile improvement job.

It pays to Clean Up. Begin drawing your benefits today.

Living Garden Fence Provides Pleasing Privacy

The best of neighbors like their own privacy. Living plants offer beautiful privacy that pleases your neighbor as well as yourself, says the American Association of Nurserymen. Often neighbors join hands in planting a beautiful "living fence" along the common property line, because it is a protection from freely roaming animals as well as a joy to look at. Usually also it keeps young children from roaming off into other yards where they will not be under the eyes of their mothers.

For the whole family the right

WE REPAIR . . .

- BUSINESS MACHINES
- TYPEWRITERS

Pick-up and Delivery
GL. 3-4629

kind of hedge enables them freely to relax, play or entertain outdoors. When it comes to choosing hedge plant materials, the range is a wide one. A living fence of roses offers fairly open hedge, lovely in flower over a long time. Evergreens provide winter as well as summer color. The plants are numerous, the hollies, even the white pine tree can be sheared to form a lovely hedge.

Recently the Morton Arboretum issued a list of 12 superior hedge plants for the Midwest. These plants were selected as to adaptability to the soil and moisture conditions of the area, dense growth, foliage to the ground line, attractiveness of color and texture, with an additional feature such as decorative flowers or fruit. Most of the plants selected will grow in a large area of the country.

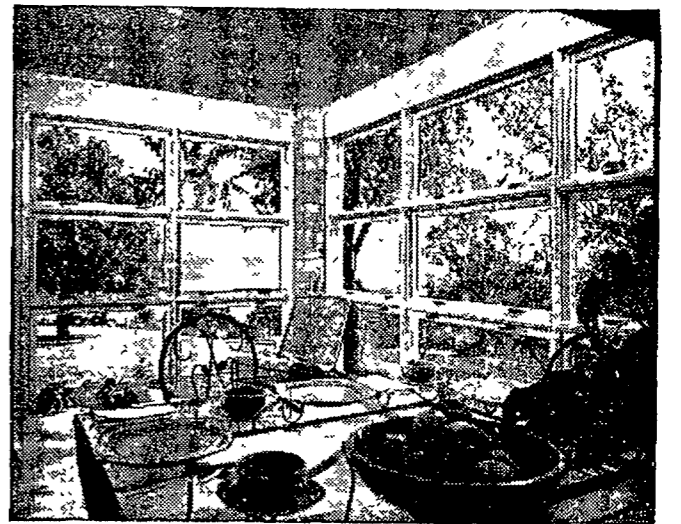

They are: Japanese quince, Cornelian cherry Dogwood, Washington Hawthorne, Winged Euonymus, Clavey's Dwarf Honeysuckle, Nippon Buckthorn, Alpine Currant, Chinese Lilac, Korean Littleleaf Boxwoods, White Pine and Japanese Yew.

Added to those may be Hollies, Junipers, Barberries, Ligustrums, Mahonia, and especially Canadian Hemlock.

The range of excellent hedge materials is a wide one. Many beautiful flowering shrubs are used as hedges often without pruning — this includes Forsythia, Lilac, Spirea and numerous others, Azaleas and Rhododendrons have been used with striking effect, low hedges in the case of Azaleas and higher hedges with Rhododendrons.

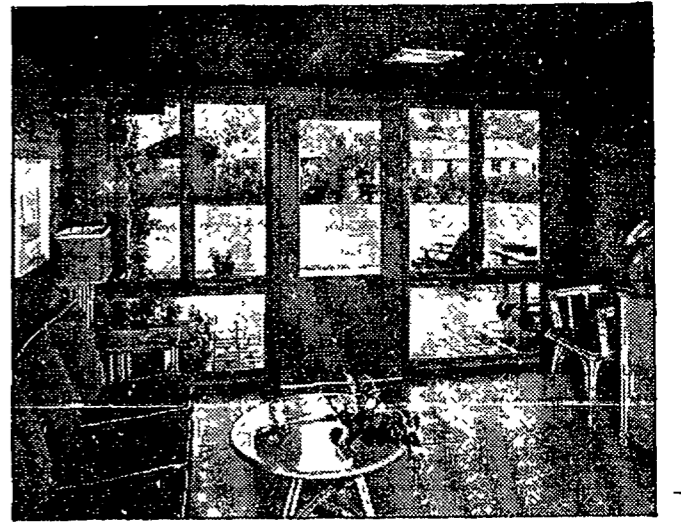

This was a fine family porch but unusable many months of the year because it was open to wind and rain.

After enclosure with new window units this owner has a year-around room that has proved a family favorite.

Within this breezeway, there was plenty of shade, but it, too, was unusable much of the year . . . occasionally an eyesore.

Now, there's lots of extra space for family activities, a view of a pleasant yard, comfort and protection from the weather 10 months of the year.

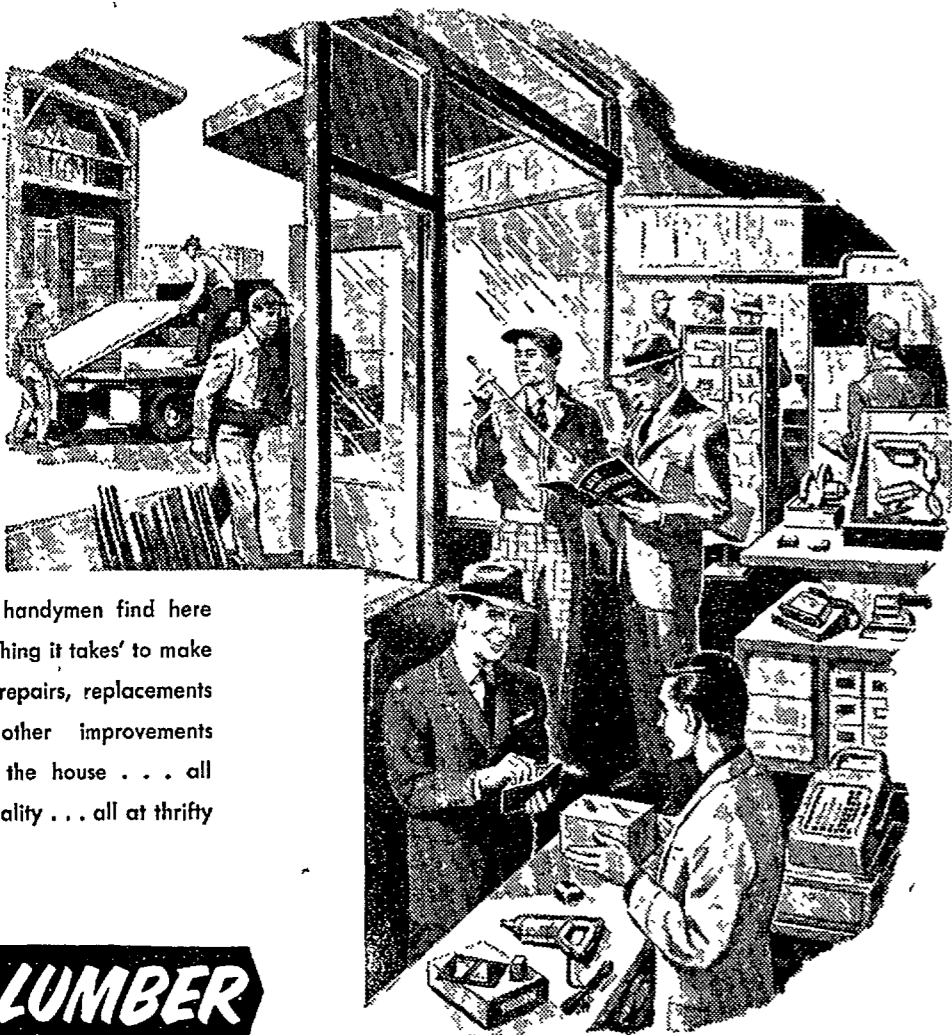

Like thousands of other expansion attics this was a good store room . . . and a golden opportunity for the extra space the homeowner's growing family needed.

Large windows were important in transforming it into a spacious and airy master bedroom. Small windows were replaced with large window units.

Here's an attractive example of how wrought iron railings can be used to dress up an interior. Modern manufacturing methods have brought ornamental iron well within your pocketbook.

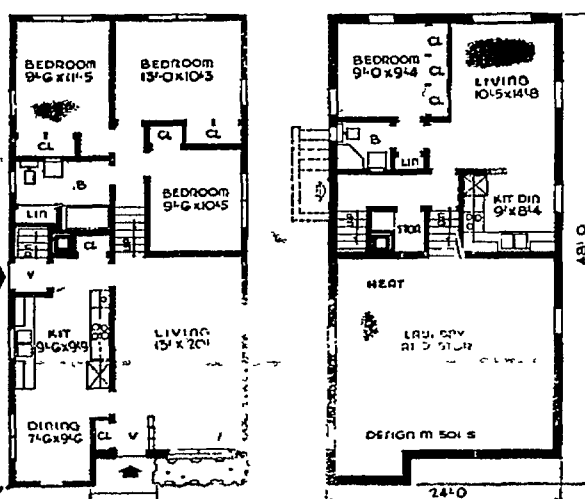

Wrought iron gives an air of elegance to this modest home at small expense.

FAMILY ROOMS can be a joy and delight, easy to keep clean and easy to furnish. Here is one that has an all-in-one corner with most furniture built right into the wall. The davenport is permanently a part of the wall, made of sturdy fir lumber, and so are the bookcases immediately above and within easy arm reach. The paneling is a wide pattern, fir bungalow siding style which works well indoors because of its interesting texture and shadow lines.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. M-501-S

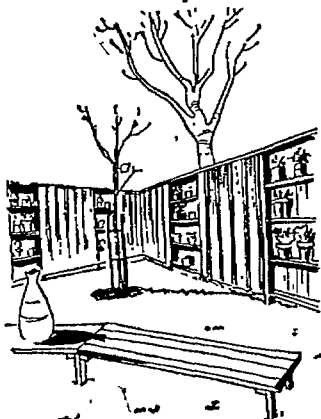

DESIGN M-501-S. Designed for use on a narrow lot, this split-level home has an income unit. The first floor plan shows two levels with kitchen-dining area and living room. Seven steps up, are three bedrooms with wardrobe-type closets and a full bathroom.

A common vestibule leads to the second unit which is located directly beneath the upper bedroom level and consists of a kitchenette, living room, bedroom and lavatory with shower. The dotted lines indicate an alternate or private entrance.

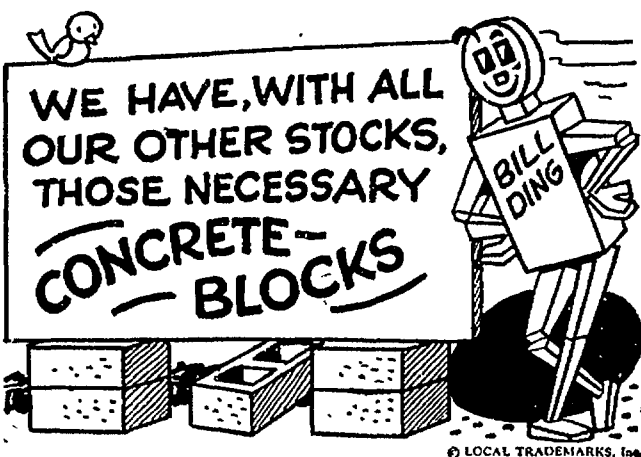

Laundry, heater, storage lockers and work areas are placed below the living and kitchen area. The exterior consists of hip roof, wide siding and a touch of stone around the front entry and planter beneath the living room window. Floor area is 1106 square feet, cubage is 20,323 cubic feet.

For further information about this design, write the Small House Planning Bureau, St. Cloud, Minn.

Personality Fence

A FENCE can be a mighty interesting feature of your home. Here is an example of a personality fence, built of ordinary grades of western red cedar lumber and posts. Each alternate panel has been recessed to furnish exciting shelving for potted plants or crockery.

For that new construction work we have the cement for the footings, the blocks for the foundation and all the other lumber and materials as you need them. Our delivery service will take excellent care of your job whether large or small.

Michigan Mirror

State Pares Budget

PROBLEMS that plagued Michigan when the 1958 legislature convened last January are still unresolved.

Most of the state's problems have dollar signs and all are tied to the economic illness abroad in the land. The legislature will return May 15 for a two-day adjournment session at which six of the 1958-59 budget bills will get final action.

Warnings three months ago that slump in tax revenue and general resistance to new levies would mean cutbacks were borne out with heavy impact as the regular session ended. Higher education was hardest hit. Michigan State university was cut \$1,011,000 under current expenditures; the University of Michigan \$900,000. Smaller colleges got smaller reductions.

Difficult administrative problems result from the cutbacks. Colleges and universities are trying hard to prepare for the "tidal wave" of students which has been moving through grade and high schools. Officials indicated they would be forced to "borrow from the future" by postponing purchases, slowing down programs, maintaining present pay schedules, reducing personnel in some categories, cutting back on building maintenance.

At MSU a way will have to be found to keep in existence the Traffic Safety Center and the Labor

Management Relations Institute or they will die. Neither program was provided for in this year's budget. The same is true at U-M's Human Resources Institute.

In closing hours pressure developed quickly and heavily on the legislature to make adjustments. The Republican party in the House held firm for the final vote on the education bill, retaining the cuts.

"If we gave ground on education, we would have to relax on everything else," said one House member.

Various estimates gauged budget cuts as between 2.5 per cent and 10 per cent among the 114 agencies of state government. Republicans said it would mean layoffs of employees.

Reasons for the cutbacks lay in the general economic slump. When sales fall off, sales tax revenue declines. Business, which pays a good share of the state's revenue, pays on the rate of business volume.

"Wait 'til next year." That's the prediction of legislators of both parties. They now base their guesses on national forecasts that the slump will end by mid-summer and refer to revised state tax structure recommendations that should be ready in 1959.

Two committees of the legislature are hard at work trying to find the answers. An intangibles tax boost, part of one tentative study report, became a major factor in the 1958 session.

Shortly after the report was made and tax experts were studying how it could be applied, Gov. Williams took it over.

The governor's proposal: the tax be imposed this year to pour \$20,000,000 into the sagging state treasury. Republicans rebelled and bottled it up in the House.

Next year, it will be embraced in a package of other proposals — in an attempt to bail Michigan's government out of a sea of red ink.

INCREASE in the cost of driver's licenses were enacted by the 1958 session.

They will boost original licenses from \$2.50 to \$3; renewals from \$1.50 to \$2 and chauffeur's licenses from \$1.25 to \$1.50. The \$1 fee for minor's restricted licenses will be unchanged.

Biggest part of the increase will be to raise 700,000 for driver education in the high schools, and 25 cents of the total increases will go for identification photographs on licenses.

The legislature ruled that the photograph could not be added until money is appropriated — delaying the effectiveness of the new law until 1959.

LABOR HAS TWO MAJOR items at stake when the legislature comes back to Lansing in May.

Still dangling are an unemployment compensation emergency benefit program and a proposal to require labor unions to make annual financial reports to the labor mediation board.

Both are controversial. Democrats charge that the \$1 a week increase and maximum 14-week extension of benefits on a percentage or original benefits are temporary, while other benefits to industry are permanent.

Unionists charge that the "tell-all" bill requiring financial reports is the first step toward a "right-to-work" law — the bane of labor unions everywhere.

On Tour with Hill and Johnson

Dinner In Copenhagen

Editor's Note: Northville Attorney Cliff Hill and Carl Johnson, local merchant, are currently making a 14-country tour including a two or three weeks' visit to Russia.

Hill promised to write letters to The Record throughout the tour giving his impressions of the countries they visit.

True to his word, Hill started the correspondence from their first stop, Copenhagen.

Dear Bill:

Copenhagen — pronounced Copenhagen — is a gastronomic delight to a fat man like me!

Carl and I met Boris G. V. Burin and his wife thru courtesy of Kurt Thrun of the Travel Centre in Plymouth at the Mayflower Hotel. Burin is sales manager of Frelleborg Autogummi of Sweden — one of the leading tire companies.

At a restaurant for dinner we were served 142 (I counted them) different dishes — starting with 16 varieties of herring and ending with 21 different kinds of cheeses — the ripened Camembert being especially good.

I persuaded Carl to take a sample spoonful of the only dish of which I was suspicious — it turned out to be unseasoned warm lard — beautifully colored — attractively served — but still lard in taste and substance. Carl has resigned his appointment as Official Taster of The Court! Lobster in eight completely different styles, shrimp in three gowns, smoked eels and octopi (shut your eyes and they're good), quail, pheasant, and venison were some of the features of the meal.

When I asked our hosts why he kept his meal receipts, he explained "I need it for my income tax — you see it is very complicated here in Denmark — I am glad you do not have such problems in America." — I let his sympathetic joy proceed undiminished. I noted that the meal cost 15 Kroner or \$2.17½ each. Further inquiry brought out the fact that the terrible burden of income tax here reaches the stupendous confiscatory heights of 35 per cent — a married man with five children cannot normally make enough money to pay income tax unless he is engaged in the dairy black market.

Memories here are long and bitter of the occupation — Germans come in to a restaurant and wait for hours before being served — they carry their own bags in hotels and airports — taxis pass them up — all this despite rigid anti-discrimination laws.

Butter and cheese here are one-half the price they are in German and contiguous countries — many "trippers" finance their week-end journeys with suitcases full of butter.

There are over one million people in Copenhagen and 600,000 bicycles. The cyclists wheel about like Mexican taxi drivers glowing

with tequila. There are six traffic lights here and about 600 caution lights — I have yet to find a stop street.

Despite the reputation as "Melancholy Danes", the people seem happy and contented. They revere their King and rejoice that their Princess became 18 years old last Wednesday — they minted a special coin in honor of the day.

The King often visits schools unannounced — walks the streets — attends movies and horse races without his entourage and shows great concern for the welfare of his people.

There are harness races here each week-end — they handicap the fastest horses by starting them at various distances up to 50 feet behind the slower horses. The government takes two per cent of the betting pools and the owner of the winning horse "donates" 10 per cent of his

purse to charity. They tell me the King and Princess rarely miss attending the races.

Last night, a 10-year-old boy sold us some chances in a lottery for the benefit of Denmark's orphan children. I won a rolling pin — Carl won a mop-cloth — we gave the winning tickets to the boy for his mother. His face shone with delight and gratitude and he said in difficult English that sometime he would come to United States if we could show him Coney Island.

The children here attend school six days a week — nine hours a day. Saturday is Examination day. Part of August is vacation time.

They call Danish Pastry — "Vienna Bread" here — it is very good — and fattening.

Well, Bill, I'll see you tomorrow in Sweden.

Best Regards,
Cliff Hill

Readers Speak Up:

WHO RECALLS NHS CLASS OF '98

(Editor's Note: The following letter is from Virgil V. McNitt, founder of the McNaught Syndicate and one of the nation's leading journalists. His interest in raising the standards of American journalism prompted him to establish the McNaught Awards, which are presented annually to outstanding journalism students at the University of Michigan.)

Editor, The Record:

In a few weeks it will be 60 years since the Class of 1898 was graduated from the Northville High School. One of the members of the class, I have a strong feeling of nostalgia today for the good young friends who sat on the platform on Friday evening, June 17 to receive diplomas from our principal, Don C. Cliss.

I can recall without note or records the names of most of the members of our class numbering about 15: Arch Capell, Louie Root, Will Dolph, Ralph Pomeroy, Bert Northrop and Clifton Covert, among the boys; and as for the girls: May and Grace Porter, May Coldren, Mabel Clarkson, Bertha Van Zile and Jesse Hutton.

After the exercises were over, all the boys went together by common consent for a long walk about the streets of Northville. It was a beautiful evening with a full moon shining brightly. Perhaps there was unspoken realization that we would never again have an opportunity to be together.

I confess with grief that I have never seen any of the boys, or the girls either, in the intervening years. Can any reader give me news of any of them? I am aware that the bell has tolled for many, and that if a reunion were attempted, few could answer the call.

I was not a native of the town, but came from Muskegon county to live with my aunt, Mrs. Clara Sessions, while attending High School.

On the day after commencement I returned to my distant home, and years passed before I got back to Northville again.

It has been my good fortune to know in later years several of my good friends in other classes: Vern Calkins, Norine Clarkson and Mabel Burgess. From them I have made inquiry about classmates. Most of what I have learned has been said. The brightest news has been that Bertha Van Zile has made a fine career as a teacher in Detroit.

Two or three times within the past 10 years I have made motor trips to Northville from Ann Arbor to renew my memories. These experiences have been rewarding. The town has grown, industries have come, and the countryside has been made more beautiful by the creation of suburban homes, but the older residential neighborhoods seem little changed. Not for years, however, have you had a school furniture factory, a bell foundry, and an air rifle factory.

Sixty-two years ago Frank S. Neal let me break in as a printer's devil in the Record Printery, then located in the Opera House building. His foreman, a kindly man named Perkins, taught me all I could learn in afternoons after school and on Saturdays.

That was where I learned the rudiments of newspapering, and I have been a newspaper man ever since. Still active as ever, I am chairman of the McNaught Syndicate, which I founded in 1921, and owner-editor of the Evening News at Southbridge, Mass.

Does anyone in Northville still remember this Rip Van Winkle? Who can tell me of Louie Root, Arch Capell, and the others I remember so warmly?

Very sincerely,
Virgil V. McNitt

Balancing Our Economy

Babson Park, Mass. — It is clear that unemployment results from the recession. But it is not sufficiently clear what is the cause of the recession. However, no one can doubt that it is due to some imbalance in the economy. The reaction is from some previous action.

Remember the Seesaw

Because certain excesses have existed too long or been too great — a correction must come if we are to regain normal economic balance. Our economy, when free, is like the children's seesaw or "teeter". A fat boy pushes down one end and raises a skinny boy at the other end. In our economic seesaw the excessive weight at one end may be over-expansion of production in relation to consumer demand.

In an ideal economy, productive capacity should always be geared to consumer demand. But actually, such gearing is not automatic. Either plant capacity is expanded faster than consumer demand; or demand drops off after temporary excessive consumer buying, as in installment purchasing. Moreover, our economy is not so free as many would like to believe. In the market place, prices no longer respond quickly to conditions of supply and demand.

Big business has given our economy many benefits, including making available to the many — by mass production and mass distribution — necessities, comforts and luxuries. In boom times, however, big business and big organized labor together give consumers wage-and-price inflation, driven upward by annual wage-and-price increases unrelated to the annual rise in productivity. Plant capacity is expanded without relation to consumer demand.

Correcting the Unbalanced Seesaw

The government has the ability to balance too great or too long-continued imbalance by standing at the center of the seesaw and inclining weight either to the right or the left. But the government can also restore the balance in other ways — by assuring even weights at both ends of the seesaw, or by making the weightier force (supply or demand) move up nearer the middle.

But government should not and must not be expected to operate a managed economy. There still remains enough self-reliance in our politico-economic system to restore the ability of private, competitive small business to do the balancing — if small business is unfettered. Restoring competition in big industry will break down too-rigid administered prices. These prices have been fixed too long and too much. Seven Definite Recommendations As a result of the two World Wars, Big Business and Big Labor were

granted too many artificial and powerful special privileges in the name of Defense. The time is overdue to remove these privileges and give the 3 million small businesses with a total of over 8 million workers a chance to cure the recession. Proposals to this end have recently been made to the Senate Committee:

1. A tax reduction for all concerns which reinvest profits in their operations. This would provide the necessary capital for those small concerns.
2. Equalization between large and small companies in regulations for depletion and depreciation. Used machinery and equipment, which the smaller concerns usually buy, should be given the same rates of depletion and depreciation as new.
3. Deductions for the self-employed and other persons not members of qualified pension programs, for their own retirement.
4. Provision for the payment of estate taxes in installments so that businesses need not be liquidated simply to accommodate the Federal Government.
5. Federal grants to small concerns, for research and development requiring that all patents secured from research at taxpayers' expense be made available freely to all concerns.
6. More credit for small business firms by the Small Business Administration in order to offset the one-sided power of large corporations to extend credit to customers by practically shipping on consignment.
7. Elimination of labor's exemption from the anti-trust laws.

Epilepsy Leader

Addresses Exchange

The Northville Exchange club heard a first-hand account of life with an epileptic child at a recent meeting.

Mrs. John Peters of Detroit, past president of the Michigan Society for Epileptic Children, told the group what it meant to raise an epileptic child.

Mrs. Peters also told of Camp Crile, a 28-acre site on Joslyn Lake road, near Gregory, where epileptic children can gain camping experience.

The society was begun 20 years ago by Mrs. John F. Crile, whose daughter was the first principal of the Detroit Epileptic school.

The University of Michigan Survey Research Center will study voting patterns in the 1958 Congressional elections.

wash after wash after wash . . .

there's always plenty of hot water

the new electric water heater way

GET IT HOT . . . GET A LOT for load after load of the cleanest, whitest laundry ever.

And washday or any day, you can be confident that an electric water heater, plus Edison's Super Supply Plan, will provide hot water for all other family needs, too.

Here's the convenient, modern way to GET IT HOT . . . GET A LOT for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Fast—new, more efficient heating units
- ☒ Install anywhere—need not be near a chimney
- ☒ Outer shell—cool to the touch all over
- ☒ Long life—meet Edison's rigid standards
- ☒ Edison maintains electrical parts without charge
- ☒ Automatic—all the time
- ☒ Safe—clean—quiet—modern
