In one of the largest votes polled in recent years Donald B. Lawrence was elected Monday to a three-year term on the Northville board of education.

With 784 votes cast, Lawrence rolled up a one-sided victory over Robert J. Herter, 593 to 188. Three of the ballots were spoiled and had to be discarded.

The vote was 53 ballots higher than last year and topped the 1956 election by 71 ballots.

Lawrence and Herter were competing for a post on the five-man poard formerly held by Eural Clark. Now treasurer of the board, Clark has been president and ends a career on the board that spans 18

Sales manager for the heating and ventilating division of Evans Products company in Plymouth, Lawrence resides at 522 West Dunlap. He has two boys in Northville public schools and a daughter studying education at Eastern Michigan college in Ypsilanti.

Lawrence has shown an intent interest in local school affairs and was a member of a group that offered some criticism of the design of the new high school. While he has urged economy in the program of schools, Lawrence also pointed out in a pre-election statement that he would "never support the type of economy which results in crowded classrooms, half day sessions, an inadequate curriculum and poorly paid teachers."

On the other hand, he condemns the idea that "good education can be built into elaborate and expensive facilities:"

Northyille's recent building program and consequent boost in school taxes has made many taxpayers economy minded. At least one "taxpayers' association'' has taken a closer interest in school matters and sent representatives to board meet-

Let me tell you what I saved when I drove a new Plymouth...then bought one!

Just like a lot of other people, I was putting off buying a new car ... even though we sure needed one. Then I found out what my Plymouth dealer was offering in the way of low prices and really big trades.

Mister, when I saw what I saved I knew there was no use putting off any longer! Got more for my old car than I believed possible. (Plymouth dealers need used cars and can sell all they get!) Got a terrifically low price on the new Plymouth...and choice of models besides...hardtops, sedans, convertibles, wagons.

And I saved a cool \$140 on the ride alone! Plymouth's top-luxury ride, Torsion-Aire Ride, is standard at no extra cost, while you have to pay up to \$140 for the top ride of competing "low-price 3" cars,

What's more, I got the car that proved it can save me gasoline, by winning the 1958 Mobilgas Economy Run. A car with Silver Dart Styling that is so far ahead right now it will still be worth more when I trade. With the kind of easy handling that makes every minute of driving a downright thrill! The stamina to stand up without nagging adjustments and big repairs . . . a car as much better built as it is better looking!

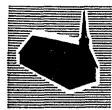

Any wonder I quit waiting? Take my tip...get your Plymouth bargain right now.

Today's best buy...tomorrow's best trade...

PAGAN: RELIGIOUS OR CHRISTIAN

I would like to have you draw a large circle in your imagination. I would have you label this circle "Pagan" or heathen. This circle represents the thousands of people in our world today who have no religion whatever. It takes in the naked, unlearned heathen of the brush, and the highly educator in the chair of learning.

Then I would like to have you draw a much smaller circle within this large circle and mark this, "Religious" and "Moral". This circle represents the variety of religions of the world. It includes the Buddhists, the Hindus, the Moslems, the Protestants and the Non-Protestants. It includes the many men and women of high moral standards. Men of integrity, of honesty and principle who are worthy citizens no matter where they may be found.

Then I would have you draw still a smaller circle within this second circle and label that "Christian". Perhaps it will be of surprise to some that a distinction is made between the religious and moral Christianity. Truthfully, there is as much difference between the second and third circle as there is between the first and the secand! Whereas a Christian is religious and moral yet there is a notable difference, for a person can be religious and moral and still not be a Christian. For example a person may be a Mo-

hammedan and a moral man yet he is not a Christian. He may belong to your or my particular denomination and still not be a Christian.

The answer to our problem lies in the scriptural fact that a Christian is any person having met God's requirement of repentance and faith have been born again. The first time they received natural life by natural generation. The moment they yielded to Jesus Christ as Lord and Saviour they received spiritual life as they became partakers of the Divine nature. You will note in John 3:1-7 that Jesus Christ laid down this requirement. In John 1;11-13 we read that only those who receive Him are given the right to become the children of God.

This one principle requirement draws a sharp line between Christianity and the other religions of the world. This new life is the gift of God to all who will unconditionally surrender to Jesus 🕻 Christ. This requires a determination to turn from a life of sin to live a life of righteousness. It requires a willingness to yield to God's rule in their lives it requires a personal trust in the work of Jesus Christ on the cross of Calvary. The Bible calls Christians "peculiar people". This does not mean that they are odd or funny. It means that God has set them apart from all others.

Thank you for your time. Now, let me ask you a question - to which class do you belong? Pagan-religious or Christian

Orioles edged the Police White Sox, 3-1, to run their season's record to 7-1-1 and move close to league leading Rosedale.

The Braves, in winning their two 18-0 contests, had plenty of help in the way of walks and errors by their opponents.

In the first win, the Braves collected their 18 runs off the Wayne County Training School Phillies by rapping up only eight hits. Three of them were two triples and a dou

Stranded Runners Hurt Wixom

Despite Victor Burwell's four-forfour performance at the plate, Wixom lost 5-3 against Multi-Lakes Sunday as Walled Lake Little League play got underway.

Wixom's Don Rickard allowed only six hits while his teammates were racking up seven, but the effort

wasn't enough. Wixom loaded the bases three times, scoring twice and leaving the runners stranded the third time.

He claimed that our country is scorned in the sight of other countries, which made us wonder how such an attitude could be secured and just what made him think so. Christianity Is Exclusive!

Christianity is an exclusive religion! It does not recognize any other religion in the world as its equal or sharing with it in any fashion. The popular belief fostered by such organizations as the

United Nations, our modern educational system is that each praying and serving to his own God, in his own way, in the way that seems best to himself, will be acceptable by the true and living God and be enough to get anyone by at the judgment bar of God and entrance into heaven. Just two plain verses in the Bible is sufficient to refute these claims. John 14;6 "Jesus said unto him, I am the way, the truth and the life, NO MAN COMETH UNTO THE FATHER BUT BY ME." In Acts 4;12, "Neither is there salvation in any other; FOR THERE IS NONE OTHER NAME UNDER HEAVEN GIVEN AMONG MEN? WHEREBY WE MUST BE SAV-ED." Tradition records that when the Apostle Paul was offered a space in the 'Hall of god's' for his God, he refused emphatically, for the God of Heaven tolerates no other! It is either believing in and yielding to Jesus Christ or to perish forever. Christianity is just as narrow as that. Let us then beware of becoming so liberal and so broadminded that we become unbelievers.
