

TOO TIRED to pose and too young to understand why, Kim Smith, 1½, dozes on her mother's lap. Three weeks ago Mr. and Mrs. Bill Smith, 48500 West Nine Mile road, learned their daughter is a victim of leukemia.

Friends Come to Assistance Of Bill and Barbara Smith

One day, three weeks ago, little Kim Smith wasn't her usual cheery self.

Like most 1½-year-old youngsters she was normally bouncing around, helping mommy and playing with her dolls. But this day she was tired. What's more her beautiful, fair skin had developed blue bruises. Her appetite was gone. Even her sparkling, blue eyes were dim.

Naturally, Kim's parents, Mr. and Mrs. Bill Smith of 48500 West Nine Mile road, were puzzled and immediately took Kim to the doctor. Tests proved what every parent dreads to hear. Kim is a victim of leukemia.

The shock of such news can probably never be fully realized. And for a young married couple, with

but one child to treasure and financial problems that are pressing even under normal conditions, the impact dulls the senses.

But Barbara and Bill have friends who are aware of their plight. And already they've started doing something.

Mrs. Earl Sessions and Mrs. William Bachelor, who worked with Barbara at Michigan Bell Telephone company, report that all the former switchboard employees have decided to turn funds left from an employee pool into sponsoring a benefit spaghetti dinner.

Help is pouring in from all sides. Mrs. Monroe-Weston has volunteered to cook. The American Legion has donated its hall from 6 to 8:30 p.m. on November 8. Officer Gill Glasson has started selling tickets.

Clubs to Sponsor Halloween Parties

The Northville Optimist club, Retail Merchants Association and Recreation department will sponsor the annual Northville Halloween party and dance for local youngsters Friday, October 31 in the community building.

The party, scheduled for 5 to 7 p.m., is for all children up to the sixth grade.

The dance, for junior and senior high students, will last from 7 to 10 p.m.

Recreation Director Stan Johnston says that free refreshments will be served and prizes awarded in a hula-hoop contest.

And they're also on sale at Marlene Shop and Freydl Cleaners. Offers to donate food have also been made.

A 1955 Northville high school classmate of Barbara's (she's the former Barbara Springer), Mrs. Cliff Schroder (Dawn Campbell) is contacting all their classmates to obtain whatever financial help possible. An account for Kim will be established from this.

The Smiths' friends know it hasn't been easy. Bill's back to work now but there were five months this summer with no employment.

And Kim? She's unaware that anything's wrong. But she visited the hospital again this week for another transfusion. She wasn't very well. The doctor said she better stay with him for a few days.

Downs' Barns Rezoning Hearing Scheduled for November 10

November 10 is the date set by Northville's planning commission to settle the controversial issue of wintering horses in the Downs' new barns.

The meeting is bound to attract a large audience with definite pro and con opinions. It has been scheduled for the community building to accommodate the expected throng.

The history of the unusual matter dates back to 1955 when the barns were constructed. At that time planners restricted use of the barns to 15 days before and after the season. Petitions presented to the commission prompted the restricted zoning.

In September a new overture for rezoning was made by Northville Downs, the Driving Club and the Retail Merchants association. The latter group maintained that groomers employed during the winter were good customers of the business district. They also stated that the community, especially Bealton, would benefit by the removal of the horses from the track site to the Sheldon road barns.

John Carlo, executive manager of the Downs, has stated that the old barns will not be used again for wintering of horses. He pointed to the accommodations of the new barns as being more suitable for wintering.

A formal request for a hearing submitted by Carlo September 23 was determined invalid by the planners because it did not contain the signature of the owner of the property (Donald St. Lawrence) where the barns are located.

At this point the board decided to take the issue in its own hands and call for a public hearing to decide the issue.

A straw vote of the planners in early September showed four definitely favored the removal of the zoning restriction. Three others sought some assurance that the old barns would be renovated for summer use. Two other members of the nine-man board were absent but in subsequent meetings have voiced disapproval of the change.

Teen Dance Canceled For This Saturday

This week's Saturday teen dance, sponsored by the Northville navy recruitment bureau, has been canceled.

The next dance will be a Halloween dance November 1, from 2 to 5 p.m. at the American Legion hall. A half-hour movie will precede the dance, beginning at 1:30.

High School Boy Aids Stricken Hunter

Northville high school junior, Doug DeJohn, 17637 Beck road, found more than he bargained for on opening day of the pheasant season.

While hunting on the William D. Lemon farm on West Seven Mile road, Doug noticed another hunter lying in the field and apparently in trouble.

The hunter, Ben Beasley of Detroit, had suffered a heart attack moments before Doug happened along in time to call an ambulance.

Beasley was taken to Women's hospital, Detroit, and released Tuesday afternoon.

Retailers, Council Meet Monday on Parking Problems

A joint meeting of the Northville Retail Merchants, city council, and others concerned with the present and future commercial development of the city's downtown area, will be held next Monday at 8 p.m. in the VFW building.

Topics will range from possible shopping centers in this area, new stores, store fronts, sidewalks, to present and future parking facilities.

Of key importance will be the review of utilization of present off-street parking and the need for additional parking facilities in Northville.

Brief reports have been prepared by members of the Merchants association and council, including: an introduction and explanation of purpose by Bruce Turnbull, president of the Retail Merchants; local population and economic surveys by Robert Shafer, member of the township planning commission; plans and accomplishments of the city by Mayor Malcolm Allen; current and future plans of the city by Councilman John Canterbury; and the businessman's side of the story by Essie Nirider and Fred Kester.

Specific suggestions for means and sources of financing will strike at the heart of Northville's long-studied opportunities for commercial development.

City Moves Ahead In Determined Bid To Control Dump

Northville came a step nearer completing its purchase of lots in the Gerald avenue dump area this week.

City Attorney Philip Ogilvie reported that lots 9, 10 and 11 in Green Valley Acres had been purchased from Viola Fons for a total of \$4,800. Aside from the C & O railroad property which has been agreed upon for purchase by the city, only three lots remain to buy, Ogilvie said.

He has been directed to complete these transactions or start condemnation.

The city has set a December 1 deadline on itself — and the township — to start controlled use of the dump. A fence will be built around the entire area and only qualified residents of the township and city displaying dumping permits will be allowed use of the facility.

The council has asked the township to share in the expense of building the fence and maintaining the dump.

In other business Monday night the council heard a report from Councilman John Canterbury and Mayor Malcolm Allen concerning progress with the school board in discussions on sale of the community building. They predicted that after another committee meeting the school board and council would be ready to meet for definite negotiation on the matter.

The council waived bids to lay a water line from the eastern edge of Yerkens Estates subdivision to the city's new well site near Baseline and Novi road. The contractor installing water lines for the subdivision submitted a price lower than the city had hoped to pay if another contractor was hired. Cost for installation of some 400 feet of water line will be \$3,325. Costs are also being sought for re-routing the Rouge river near the well site to obtain necessary isolation as required by the state health department.

In final business the council took a dim view of a letter from Northville township asking for a meeting to discuss fire rates. Mayor Malcolm Allen pointed out that the bill sent the township was for service rendered under a pre-arranged agreement and "there's nothing to talk about, the bill should be paid."

Board Vetoes House Moving Bid

The Northville board of appeals rejected a request by the Wayne county road commission to move a house on Grace and Carlyle last week.

The residence, purchased by the county for the Eight Mile cut-off right-of-way, is located on the northwest corner of Grace and Carlyle. The county proposed to move the brick house on a 50-foot adjacent lot on Grace street.

Objections were levied by Sidney Frid, Charles Altman, Jr., Charles Logeman and C. N. Dahlager, all residents of the area. They maintained that the house was too large for the size of the lot. City zoning now requires that residential lots be at least 60 feet wide. City Attorney Philip Ogilvie pointed out that if the proposed lot site had been established before present zoning laws, then the lot could be used. Old restrictions called for a 40-foot minimum.

Calendar

Thursday, October 23
P-TA meeting, community building, 8 p.m.
Review club meeting, home of Mrs. Maxwell S. Austin.
Friday, October 24
Methodist church rummage sale.
WILPF bake sale and crafts-of-the-world sale, Northville Manufacturers National bank, 10 a.m.-6:30 p.m.
Mothers' club book sale, Kroger's.
Monday, October 27
Mothers' club meeting, home of Mrs. J. Blackburn, 8 p.m.
Joint meeting of Retail Merchants and City Council, planner program on parking and alleys.
WILPF meeting, home of Mrs. Paul Kauffman, 720 Parkview, Plymouth, 1 p.m.

Torch Drive Lags; Could Miss Goal

TORCH DRIVE Collector Mrs. E. C. Welch (right) calls on Mrs. Bertha Kerr at 211 West Cady street for her donation. With three days remaining the local drive is lagging behind its \$4,854 goal.

Unless there is a significant last-minute upswing in local Torch Drive collections among homes and businesses Northville will fall far short of its \$4,858 goal this year.

With just three of the 11 campaign days remaining before a final count, the city has reached less than one-fifth of its major quota, recording \$910.00 as of Tuesday.

Final efforts in the drive last year pushed collections which totaled \$707 at a comparable date to 116 percent over the home and business quota (\$2,100) and 134 percent over the government goal (\$350), and made Northville the first community in Wayne county to top its residential quota.

Mrs. Louise Cansfield, chairman of the women's drive, said that she is not discouraged, and that the quota can still be met.

The 1958 goal more than doubles that of last year. This was due partly to the 1957 drive success and to the addition of new sources of contributions.

Chairman for collections among city government members, John Robertson, reported that over \$300 had been received so far.

The school collection, under Alvin Skow will not be tallied until the last day of the campaign.

High School Student Killed in Bike Accident

Jack Clifford Parker, 16-year-old Northville high school sophomore, died last Thursday in Mt. Carmel hospital following a bicycle-auto collision on Seven Mile road just west of Haggerty.

The youth, son of Mr. and Mrs. Clifford Parker of 19560 Meadowbrook road, died at 7:20 p.m., three hours following the Northville township accident, from a skull fracture.

State police from the Redford post, who arrived at the scene five minutes after the accident occurred, reported that Jack was riding his bicycle east on the left side of the road when he was hit by the car driven by Homer L. Fitch, 60, of Beck road.

From the statement of witnesses who saw the bicycle swerve before

Jack Clifford Parker

it was hit the police surmised the boy could have been riding on the shoulder of the road, and the thin English-model wheel was deflected by a stone.

The thrown wheel, they added, could have been caught by the right front of Fitch's car, which was reported traveling close to the shoulder of the road.

Fitch had been driving at a slow rate of speed, police declared. There will be no legal prosecution.

Northville Police Chief Joseph Denton said that this was the only bicycle-auto accident death in this area in several years.

About three years ago 13-year-old Roger LeFevre was killed, also in Northville township, while pedaling newspapers on his bicycle.

The Parkers have been residents of Northville for six years. Jack had been a member of the Memorial Church of Christ in Redford township.

He is survived by his parents, two brothers, Bill and Larry, and by his grandparents, Mr. and Mrs. William C. Parker of Livonia and Mr. and Mrs. Russell Willey of Yale.

A prayer service was held Sunday evening at Casterline Funeral home. The funeral was conducted Monday from the Fargo Church of Christ in Fargo, Michigan. The Rev. Lloyd Taylor of the Memorial Church of Christ officiated.

Interment was in Spring Grove cemetery, Fargo.

Mr. and Mrs. Parker express their appreciation to friends and relatives who have offered their help and condolences during their bereavement.

Find More Moose Than Pheasants!

Area pheasant hunters complained that they couldn't get the birds in the air as the season opened Monday.

"There's no shortage, but they're sticking close to the ground," was a common complaint.

This didn't bother Harvey Guntzville, 24293 Taft, and Archie Richardson, 23675 Novi road. The game they were hunting wasn't supposed to leave the ground!

The two hunters returned Monday from 10 days in the rugged Mississauga River area near Thessalon, Ontario. Both returned with their moose. Richardson's was a giant specimen with an antler span of 50 inches.

Guntzville, a retired army officer who likes to call hunting his profession, says the Mississauga trip was his "roughest ever".

"We traveled eight miles by canoe and on foot with heavy packs and when we bagged our moose it cost us \$110 to have them flown out." A taxidermist with his brother Marvin, Harvey has hunted all over the country and in British Columbia. His next trip will be to hunt caribou in Newfoundland.

But Guntzville and Richardson weren't the only area residents to bag moose last week. C. A. Smith, 43643 West Nine Mile, and his son-in-law, C. H. Wood, returned from Minaki, Ontario with a 500-pound bull and a 1200-pound cow.

Meanwhile, the hunter content to bag a mere pheasant was hoping for some moisture and better hunting conditions.

AND A PHEASANT, TOO! — Imagine the photographer's surprise when he found this trio while out looking for a picture of a successful pheasant hunter! As you've probably guessed, the moose weren't shot around here. But the pheasant was. Harvey Guntzville and Archie Richardson (left and right) bagged the moose last week in Ontario. Marvin Guntzville shot the pheasant opening day. The largest moose has an antler spread of 50 inches.

THIS WON'T HURT — Oh yeah! Here's one tiny customer who wasn't easily convinced. But all's well that ends well and minutes later she was all smiles, none the worse for the polio shot administered by Dr. Irene Sparling. Last week 526 Salk vaccine shots were given at Northville's polio prevention clinic bringing the total to 1,384 for the two sessions. Another clinic, sponsored by the Wayne county health department, will be held at the community building in early November.

NEWS AROUND NORTHVILLE

Mrs. George Mellen of Baseline road and Mrs. Don Severance of Fairbrook court are in Ann Arbor to care for Mrs. David Severance of Ann Arbor, who entered St. Joseph Mercy hospital Wednesday for surgery today.

A pre-nuptial shower was held October 11 at the home of Mrs.

William James of Detroit for Linda Ann Smith, daughter of Mr. and Mrs. Richard Smith of East Cady street. Thirty-five guests were present. Last Friday, Linda was honored at another shower in her home, given by her cousin, Marilyn Madlinger. Thirty guests, including several from out-of-town, attended. Linda will be married November 29

to Thomas G. Stanford of Northville.

Mrs. Grace Calkins of North Center street is in University hospital, Ann Arbor, for surgery on her eyes. During the two weeks she will be there, friends can visit or write to her at University Hospital, Administration Building, 5th floor, west, Ward 5630, Bed 4.

Kim Donner of Plymouth avenue has survived her first major hostess role. Last Saturday she entertained guests at a pajama party, including Mary Jo Pauli and Kathy Krug. The girls are all three, four and five years old.

Mr. and Mrs. Fred Van Atta of Cady street recently returned from a motor tour to Alexandria, Virginia and Philadelphia to see their sons, Ward and Fred Foster, living in Alexandria and Philadelphia, respectively.

OPEN CRAFTS STUDIO — Mrs. Kathleen Edgerton (right) and her daughter Linda Kate, also pictured, are instructors in the new crafts studio they opened two weeks ago in their Randolph street home. Classes include jewelry making, ceramics, weaving and mosaics. Mrs. Edgerton is a full-time art teacher and Linda Kate, assistant librarian at Redford Union junior high school.

Continue List of Solicitors

A partial list of Northville women who are assisting in the torch drive campaign was published last week.

An additional group of Northville women soliciting in the residential districts for the United Foundation are: Mrs. Jay Leavenworth, Mrs. Frank Bongiovanni, Mrs. Robert Ely, Mrs. Otto Schoch, Mrs. Clayton Pethers, Mrs. Gordon McKinney, Mrs. Richard Juday, Mrs. James Cowie, Mrs. Robert Martin and Mrs. Fred Stefanski.

Others are Mrs. Fred Hicks, Jr., Mrs. John Stubenvoll, Mrs. Clyde Ferguson, Mrs. Richard Somers, Mrs. William Vradenburg, Mrs. Sam Bongiovanni, Mrs. Howard Atwood, Mrs. L. J. Marcoux, Mrs. Alton Biery, Mrs. Sid Moase, Mrs. Max Austin and Mrs. Philip Ogilvie. Completing the list are Mrs. Ed Mollema, Mrs. Charles Thalliff, Mrs. Allen Peterson, Mrs. Thomas King, Mrs. Lawrence Wright, Mrs. P. N. Brown and Mrs. M. P. Mitchell.

OLV Holiday Bazaar Scheduled for December 4

Our Lady of Victory Mothers' club will hold its annual holiday bazaar December 4, from 1 to 5 p.m., at the church social hall, General Chairman Mrs. Robert Flattery announced this week.

The holiday tea following will be served at Meadowbrook Country club.

Sing in Glee Club At Central Michigan

Mary Hill of Northville and Mary Thibideau of Wall Lake will sing with the Central Michigan college Women's Glee club this year. Student members were chosen through voice audition by Dr. Eugene F. Grove, director of choral groups.

The 47-member glee club will take part in the annual Christmas concert early in December and the spring concert in May.

EVERYBODY BENEFITS

Trucks are the only commercial vehicles which serve all of Michigan — bringing merchandise and materials from every part of the world to every Michigan household, farm and business concern.

In fact, for hundreds of Michigan communities motor vehicles are the sole means of transportation — autos and buses for passengers, trucks for freight. These Communities are not served by any other transportation system!

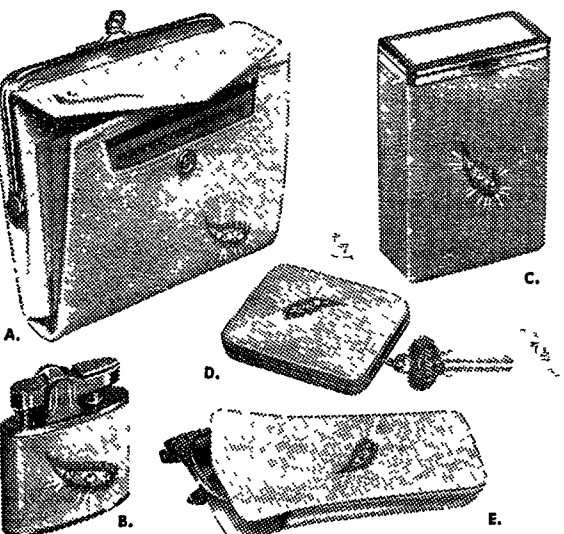

So, you see, because trucks can and do go wherever there are roads, ample supplies of food, furniture, medical supplies, tools and machinery — necessities and luxuries from everywhere — are available anytime to people in all of Michigan.

Those in small out-of-the-way communities are as well fed, well housed and well clothed as the people of Michigan's largest metropolitan centers — thanks to trucks!

"I look upon every day to be lost,
in which I do not make a new acquaintance."

—Samuel Johnson

GOOD SPORTS — Sally Sample holds one of the several trophies she and her brother Bob have won for horsemanship. Mrs. Sample likes to ride, too, while James III likes to golf and Dad keeps posted on all the winnings. They are (l. to r.) James III, Mrs. Sample, Sally, Bob and Mr. Sample.

The sports-minded James Sample, Jr. of Northville Estates, are making the most of these suburban outdoors which afford them "just this side" of country living.

James III, 21, likes to golf, and although Dad James, Jr. is kept busy enough by his insurance business he follows the athletic pursuits of the remaining 3/5ths of the family closely.

The other two Sample youngsters, Sally, 17, and Bob, 15, are both practiced horsemen, says Mrs. Sample, who herself likes to spend the fall afternoons "out riding".

Both the children have horses of their own. Sally's "Mr. Cree" is a Virginia thoroughbred, and Bob is training his colt jumper, "High Society" with the help of their riding teacher.

"The children are reticent about their riding honors," Mrs. Sample says, but she admits that they have "trophies coming out of trophies".

Sally was equitation champion at Metamora last year and Bob has brought in a competent share of

awards, too.

Almost any Saturday will find one or both of them tracking foxes at the Waterloo Hunt club at Jackson, their mother says.

The family moved into their Chig-widden road home the last part of August. They are former residents of Rosedale Park.

Mr. Sample has his own insurance agency in Detroit.

Sally and Bob attend Northville high school.

You Can Still Join Great Books Group

So much interest has been displayed in the Great Books discussion groups now being formed in the Detroit metropolitan and suburban areas, that registration has been extended to accommodate the growing need.

"This expansion of the program now opens the course to additional enrollees," states Mrs. James Worley, coordinator of the Great Books program. The Great Books course is tuition free and is open to all adults regardless of education.

The Great Books discussion group meets in Northville on the first and third Thursday of each month. Discussion leaders for the two-hour meetings are specially trained volunteers.

To enroll in your neighborhood Great Books discussion group, call or write Mrs. James Worley, 2433 Ferncliff, Royal Oak, Lincoln 2-2721, or call Mrs. Rhea Wilcox at the Northville library for information.

Discuss Human Rights At Next WILPF Meeting

The Northville-Plymouth branch of the Women's International League for Peace and Freedom will hold its second discussion meeting on Human Rights Monday at a 1 p.m. sandwich luncheon in the home of Mrs. Paul Kauffman, 720 Parkview, Plymouth.

Mrs. C. E. Woodruff will present a report on Human Rights as discussed in a national board meeting of the WILPF, which she attended October 17-19 in Philadelphia.

To Trick and Treat For World's Children This Halloween

Halloween tricking and treating this year will take on a new twist for several Northville children.

Like youngsters in more than 8,500 towns and cities in the nation, they will be knocking on doors to collect for needy children all around the world as part of the UNICEF (United Nations International Children's Emergency Fund) Halloween campaign.

As the UNICEF motto says, "The trick" has become "to treat all the world's children."

UNICEF is a part of the United Nations, an international cooperative to bring medical aid, food, clothing and other necessities to children in Europe, Asia, the Middle East, North Africa and Latin America.

This aid is given solely on the basis of need, without regard to race, creed, nationality or political belief, to reach the largest numbers.

Among UNICEF's medical services are provision of vaccines, drugs, insecticides and imported equipment, and at times, the services of international experts.

More than ten million children have been vaccinated in UNICEF's anti-tuberculosis vaccination campaign.

Many countries cooperating in the UNICEF program exchange their particular resources with member countries so that assistance is given as well as received wherever possible.

More than one million dollars was collected for UNICEF during Halloween last year by American children.

According to the present Northville campaign director, Mrs. Warren Sterling, the \$62.67 raised last Halloween in Northville fell far short of what it could be.

Special canisters will also be placed in Northville businesses and public offices, churches and in schools, Mrs. Sterling said.

Delta Kappa Gamma To Meet November 10

Delta Kappa Gamma will meet November 10 at the home of Mrs. A. Donovan, 335 West Lake street, South Lyon, at 6:30 p.m.

AMERICAN FOLK SONGS were discussed by Plymouth Symphony Director Wayne Dunlap in his speech before the Northville Woman's club last Friday. Mrs. Alex Lawrence (right) and Club President Mrs. Charles Yahne, Jr. welcome Mr. Dunlap here.

Wixom P-TA to Meet Thursday

Lothar Schlaske, German exchange student at Walled Lake high school, will be guest speaker at the October 23 meeting of the Wixom P-TA. He will talk about his homeland.

Mrs. Oscar Simmons, third grade room mother, has planned the table decorations and refreshments around a United Nations theme, since October 24 is United Nations Day. An international assortment of desserts will be offered with coffee.

Last Wednesday, October 15 pupils had their pictures taken by the Michigan School Picture and Photography Company, Inc.

CHEVROLET SAYS NEW LIKE NOBODY ELSE!

Let your eyes linger over Chevrolet's fresh, finely shaped contours. Relax in the roominess of its elegant new interior, get the exhilarating feel of its hushed, silken ride. No other car says new like this one!

Here's the car that's definitely new in a decidedly different way. The '59 Chevy is shaped to the new American taste with new Slimline design. It brings you a roomier Body by Fisher, vast new areas of visibility. There's a new Magic-Mirror finish that needs no waxing or polishing for up to three years. A new Hi-Thrift 6 and a wide choice of vigorous V8's. Bigger, safer stopping brakes. An even smoother ride. At your Chevrolet dealer's right now!

definitely new, decidedly different!

The new Impala 4-Door Sedan, like all new Chevrolets, has Safety Plate Glass all around.

Jesuit Psychologist To Speak at College

Psychologist Fr. Narciso Irala, SJ, will speak at Madonna college on re-educating the mind, will and emotions next Tuesday and Wednesday. The series of lectures begin each evening at 7:30 and are open to the public.

Drawing topics from his book, "Achieving Peace of Heart", Father Irala will accompany the lectures with illustrative charts.

Born in the Basque country of Spain, Father Irala joined the Society of Jesus at the age of 14 and received his formal education in Spain, France and England.

News Around Northville

Mrs. James Spagnuolo of East Main street attended alumnae days at St. Joseph Academy and Sienna Heights school in Adrian Friday and Saturday.

Tommy Bongiovanni, the son of Mr. and Mrs. Tony Bongiovanni of North Center street, is recuperating after suffering a broken collar bone in a school football game two weeks ago. He was hospitalized for four days. Tommy, who is now attending Kemper Military academy, was on the football and basketball teams in Northville junior high.

Dr. Stuart F. Campbell of Horton street attended the autumn meeting of the Michigan chapter of the American Academy of Optometry at Kellogg Center in Lansing.

Mr. and Mrs. Griff Williams from Hannibal, Missouri have returned to their home after a week's visit with Mrs. Clifton Nutter of East Dunlap street.

Mr. and Mrs. Peter B. Mellen of San Antonio, Texas are visiting Mr. Mellen's parents, Mr. and Mrs. George Mellen, of East. Baseline road.

Christian Scientists To Hear Talk in Plymouth

The availability today of healing through spiritual understanding of God will be the topic of a public lecture to be given in Plymouth October 25 by Claire Rauthe of London, England.

A member of the Christian Science Board of Lectureship, Mrs. Rauthe will speak under the auspices of First Church of Christ, Scientist, Plymouth, in the new church edifice, 1100 West Ann Arbor trail, at 8 p.m. Her subject will be Christian Science: The Revelation of Scientific Spiritual Healing.

Of Scandinavian origin, Mrs. Rauthe became interested in Christian Science in Sweden, moving subsequently to London where she has been in public practice of Christian Science healing.

Play in Concert At Wayne State

Three Northville high school graduates played with the Wayne State university concert band directed by Dr. Angelo Cucci when it presented a concert Monday saluting United Nations Week.

Judith Leavenworth of West Main street, played trumpet; Frederick L. Schultz of Seven Mile, played bassoon, and Joe Soule of South Wing, played trombone.

Harold Hartley, Jr. Wins Photography Award

Harold Hartley, Jr., the son of Mr. and Mrs. Harold Hartley of Randolph street, was a winner recently in the 1958 Scholastic-Ansoco Awards photographic competition.

More than 30,000 pictures were entered from all parts of the United States.

Harold does photographic work for The Record.

Peace Objectives Of Rotary Told

Rotary clubs in 110 countries and geographical regions throughout the world are united in an endeavor to promote international understanding, good will and peace. That was the message of Eugene F. Olsen of Adrian, governor of district 640 of Rotary International, in addressing the Rotary club of Northville Tuesday, following a conference with local Rotary officers and committee chairmen.

In addition to the activities of the more than 9,800 Rotary clubs within their own communities to promote this objective, Olsen explained, Rotary International has awarded grants of more than \$2,600,000 in the past 11 years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as Rotary ambassadors of good will. Since 1947, when this program was established, 1,076 Rotary Foundation Fellowships have been awarded to students in 65 countries for study in 43 countries.

"With fellowship and service to others as its keynote, Rotary provides a common ground for 462,500 business and professional executives throughout the world, regardless of differing nationalities or languages or political and religious beliefs," the Rotary district governor emphasized.

Hear Polio Talk By Dr. Young

Northville Optimists heard a talk on polio at their meeting last week by Dr. Donald Young, medical director of Herman Keifer hospital.

Detroit's present polio epidemic is the largest in history in this area since 1952, Dr. Young said, with 776 cases reported so far.

Of these 37 percent have been paralysis cases, he reported.

The severity of polio is greatly reduced through use of the vaccine and is usually non-paralytic he continued. The vaccine has shown to be 70 percent effective, which is better than predicted, he said.

No deaths have been recorded of those fully vaccinated as prescribed, Dr. Young said, and only one death, among persons who have had three shots.

He presented figures of the incidence of polio in 775 cases as follows:

0-4 years - 252, 5-9 years - 199, 10-14 years - 107, 15-19 years - 52, 20 and over - 155.

Of these, he said, less than 30 percent altogether and less than nine percent of paralytic cases had received Salk shots.

He pointed out that while older persons are less likely to catch polio, they are more subject to paralysis and more likely to die.

Broomfield at Malley's Saturday Morning

Mrs. J. P. Malley will hostess a coffee and doughnut get-together this Saturday at 9:30 a.m. at Broomfield Farm, 21633 Beck road, in honor of Bill Broomfield, 16th district congressman.

Novi voters are invited to come and meet Congressman Broomfield, who is serving his first term as the district's representative in Washington.

NOTICE OF PUBLIC HEARING NORTHVILLE COMMUNITY BUILDING MONDAY, NOVEMBER 10, 1958 — 8:00 P.M.

The Northville Planning Commission, on its own motion, has proposed the following amendment to the Zoning Ordinance for the City of Northville:

That the use restriction placed upon the following described property presently zoned T-1, which limits the use of said property for the stabling of horses to the time when racing is actually being conducted in Northville and fifteen (15) days prior and fifteen (15) days subsequent thereto be removed so as to permit the same use of this property as is allowed in the balance of the T-1 district.

Legal description of the affected property is:

That part of Lots 230 and 231 of Assessor's Northville Plat No. 3 which lie 450 feet West of Sheldon Road.

This is the property which lies West of Sheldon Road and South of Edward N. Hines Drive.

A Public Hearing will be held at the time and place specified above for the purpose of hearing any persons in support of, or opposition to the proposed amendment and its called pursuant to the provisions of the Statute in such case made and provided.

(Signed) T. R. CARRINGTON, Chairman
Northville Planning Commission

Club Requests Outdoor Pool

The Coordinating Council held its regular meeting at the city hall on Thursday evening, October 16 with ten representatives in attendance.

A request from the representative of the Mothers' club was presented to the organization for a co-operative effort in the community to provide an outdoor swimming pool. All representatives were asked to report this request to their organizations and report to the November council meeting the reactions of the groups.

The final report on the citizenship dinner showed that proceeds from ticket sales covered the expenses with the exception of \$4.

The announcement that Ed Welch had been appointed chairman of a committee to investigate the possibility of a band shell in the city park brought out the information that one of the service clubs in the city had a committee investigating the same project.

The polio clinics were reported a great success and the council passed the following resolution to show its appreciation to all who took part. It was resolved that the Northville Coordinating Council representing 27 organizations of this community, on behalf of all citizens of this community, express its appreciation for the most valuable community service rendered by all of the doctors, dentists, nurses and laymen who cooperated in the Salk vaccination clinics in which 1,384 people were vaccinated.

\$60 Awaits Shoppers

What's the matter? Don't you want \$60?

Six Northville merchants are saying that this week. They have Parade of Progress tickets in their windows worth \$10 each.

The stores are D & C, Atchinson Service, Stone's Gamble Store, Brader's, Ritchie Bros. Laundry and Ellis Electronics. And there'll be three more stores with \$10 prizes next week. All 22 of the participating merchants have \$1.00 gift certificates to winning ticket holders each week.

Shoppers receive their tickets whenever they shop in the participating stores. Save them — they may be valuable even if they don't win this week. Tickets are only thrown out after they have won a prize.

To save ALL your tickets — and watch the windows of the 22 participating stores. You may join the growing list of winners. Your prize gift certificates are good until Christmas.

St. Mary's Guild Holds First Meeting

The St. Mary Hospital Guild held its first Board of Directors meeting October 9 at Ladywood high school to discuss constitution and by-laws and membership dues in organizing this new women's guild. The purpose of the guild shall be to promote the interests of the St. Mary hospital which is being constructed at Levan and Five Mile roads, completion of which is expected in November, 1959.

The guild membership will encompass Livonia, Northville, Farmington, Plymouth and Redford township. Board members who represented these areas at the meeting were: Mrs. Mary Roach, president, GA-2-8624; Mrs. Leona Edgar, GA-2-3650, and Mrs. Agnes Pauline, GA-1-8940, of Livonia; Mrs. Ivy Brown, FI-9-2024, and Miss Ruth Margaret Knapp RN, FI-9-1829 of Northville; Mrs. Margaret Ward, GR-4-6631, and Mrs. Helen Martin, GR-4-3486, of Farmington; Mrs. Dorothy Arnold, GL-3-6518 and Mrs. Margaret Stremick, GL-3-4300, of Plymouth; Mrs. Louise Martin, KE-3-7541, and Mrs. Emily Pohl, KE-2-0908.

Upon its completion, the hospital will be one of the most modern and best equipped in the country. It will be operated by Felician Sisters and will be non-sectarian in its board of directors, staff, patients and guild members.

Obituary

NED BLAKE

Ned Blake, a former resident of Plymouth, passed away October 15 at Ypsilanti State hospital. Mr. Blake was born September 28, 1897 in Novi, the son of Mrs. John (Hattie) Kuhn and the late Mr. Blake. He is survived by a brother, Andrew Blake of Detroit; three sisters, Mrs. Ida Sulkowski of Salem, Mrs. Roscoe Cramb of Livonia, and Mrs. David Ingall of Plymouth, and two step-brothers, Fred Kuhn of Detroit and Charles Kuhn of Grand Rapids. Funeral services were held October 17 from Casterline Funeral home. The Rev. Peter Nieuwkoop of Northville First Baptist church officiated. Interment was in Rural Hill cemetery.

THE CITY OF WIXOM, MICHIGAN
UNITED NATIONS DAY — 1958

BY THE MAYOR OF THE CITY OF WIXOM, MICHIGAN
A PROCLAMATION

WHEREAS for the purpose of maintaining International peace and promoting the advancement of all peoples the United States of America joined in founding the United Nations; and
WHEREAS in working for a durable world order of freedom and justice, the firm support of the United Nations has always been a fundamental element of our foreign policy; and
WHEREAS the United Nations is keenly aware that the world is on the threshold of a new age of scientific technology which holds great hopes and grave perils for mankind; and
WHEREAS the United Nations provides a unique International forum and constantly seeks to improve its machinery for collective security and the peaceful settlement of disputes; and
WHEREAS the General Assembly of the United Nations has resolved that October twenty-fourth, the anniversary of the coming into force of the United Nations Charter, should be dedicated each year to making known the purposes, principles, and accomplishments of the United Nations;

NOW, Therefore, I, JOSEPH T. STADNIK, Mayor of the City of Wixom, do hereby urge the citizens of this city to observe Friday, October 24, 1958, as United Nations Day by means of community programs which will demonstrate their faith in the United Nations and contribute to a better understanding of its aims, problems, and accomplishments.

I also call upon the officials of the Federal and State government and upon local officials to encourage citizen groups and agencies of the press, radio, television, and motion pictures, to engage in appropriate observance of United Nations Day throughout the land in cooperation with the United States committee for the United Nations.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Wixom to be affixed,
Done at the City of Wixom this seventeenth day of October in the year of Our Lord, nineteen hundred and fifty-eight, and of the Independence of the United States of America the one hundred and eighty-second—
By the Mayor

Joseph T. Stadnik

SOME PUMPKINS — 200 of them will go on sale this Thursday, Friday and Saturday at the Main street lot next to Northville Realty. Local Junior Chamber of Commerce members will conduct the sale to raise funds for the community activities of the organization. Jaycees shown loading a truck at the John Waldecker farm on Seven Mile road are Bill Gaab, President Dave McElravy and Charles Lapham, vice president.

Governor Williams Coming Next Week

Governor G. Mennen Williams and other Democratic candidates on the November 4 ballot will be in Northville next Thursday (October 30) to attend a Democratic rally honoring Governor's Day in the 17th district. Also scheduled for visits to Plymouth, Redford and Livonia (in that order) the same evening, the Governor will make his first stop in Northville between 8 and 8:30 p.m. Other candidates include: John Swanson, Democratic candidate for

lieutenant governor; Philip Hart, candidate for the United States senate, and Martha Griffiths, candidate for reelection to the United States house of representatives, and Ray Dzendzel and Harvey Beadle, candidates from the 17th district. Several members of the state administration are also expected to attend.

The Governor will also present a charter to the Northville Democratic club, which was organized last spring.

Refreshments chairman for the rally is Mrs. Harvey Whipple. The public is welcome.

Northville P-TA To Meet Tonight

There will be a change in the agenda for the second meeting of the Northville P-TA tonight, from that announced last week.

Originally scheduled to appear for a panel discussion on school finances, school board representatives have postponed their program.

Instead, Principal Richard Kay and Assistant High School Principal Fred Stefanski will report on various problems and needs of the school now and in the future.

School Superintendent Russell Amernan will still speak as originally planned on the Mackinac Island conference of Michigan school administrators which he attended this summer.

Notes were sent home from school Monday outlining the earlier agenda. The P-TA asks parents to note the recent change.

The meeting will begin at 8 p.m. in the community building. Refreshments will be served after the business program.

PLANS FOR TUESDAY — Rotarians Bob Green, Roy LeMaster and Jim Brummel are shown above huddling over their plans for the annual Rural-Urban banquet sponsored by the Northville Rotary club. Each Rotarian invites one or more newcomers in the area to the dinner. The event will be held in the Presbyterian church Fellowship hall Tuesday evening.

Novi to Have Polio Clinic

A polio clinic, sponsored by the Novi Mothers club will be conducted in the Novi community building November 13 from 10 a.m. to 9 p.m.

This is the third such clinic to be sponsored by the club, and is not a part of the "crash" inoculation program now being directed by the Wayne county health department in the Detroit area.

Preparations have been made to provide 1,000 shots, at \$1 each.

Dr. Lyle Fetting, doctor in charge at the clinic, recommends booster shots for all who were last inoculated a year or more ago.

Joins Student Guild At Margaret Hall

Larita Spooner, daughter of Mrs. Leslie Spooner of Rayson street, was formally inducted as a new member of the Guild of St. John the Divine at a service last week of the Holy Eucharist held in the Chapel of Christ the King at Margaret Hall School, Versailles, Kentucky.

The Guild is one of several student organizations at the boarding school which is under the direction of the Order of St. Helena, a religious community in the Episcopal church.

Larita is in the eighth grade at Margaret Hall.

TORNADOES AWFUL POWER

The sucking action of a tornado is so powerful that it can

lift trains right off the track. It can bounce trucks around like rubber balls! The wind in the center of the tornado are estimated to be 300 miles per hr. and can drive

splinters into boards and straws into trees. The frequency of tornadoes in this part of the country should cause people to make preparation to preserve their lives and the lives of their loved ones. There is one company in Detroit that manufactures steel enclosures to be installed in basements for protection. However, there is a much greater storm from which we should seek protection also, that is the storm of God's judgment against sin and sinners. This judgment will not only bring physical death, it will bring permanent separation from God in the life to come. This is no joke, thousands upon thousands are already experiencing what it means to be lost. The Lord Jesus drew back the curtain and described it for us in Luke 16:19-31. This is not called a parable, and if it were, the details are horribly real and cannot be minimized. The good news of the Gospel tells us of protection given to those who repent and surrender themselves to the Lord Jesus. Read John, Chapter 3.

Visits Daughter in Northville

John Drijver, Naturalist, is 'Audubon of Holland'

The toll was saddening. Hundreds of birds lay dead at the foot of the lighthouses each morning. Villagers carried them away by the basketload.

Flying south, the migrating birds were blinded by the lighthouse beams. By the hundreds and thousands, they killed themselves against the scores of stone towers along the Dutch coast.

Then the Society for the Protection of Birds stepped in. Within weeks the society found a solution as simple as it was ingenious: floodlights were trained on the lighthouses.

Now the half-blinded birds could see and avoid the illuminated towers. Today, even at the height of migration, 20 dead birds a night is a tragedy.

The man behind this remarkable program was visiting in Northville this week. He is Jan Drijver, naturalist, bird-lover, scholar, author, lecturer, and father of Mrs. Donald Riddering, 9706 West 6 Mile, Salem.

Drijver is a sort of Teddy Roosevelt and John James Audubon ("But I do not paint!") rolled into one. Now retired, he has devoted his life to protecting nature in the

land-scarce country of Holland.

For more than 40 years, he bore the twin posts of director of the Society for Nature Protection and secretary of the Society for the Protection of Birds.

He has written three books and countless articles, lectured wherever his words would help, visited other countries to study conservation measures, and vigorously urged the Dutch government to participate in nature protection and conservation programs.

It was never easy. Unlike the U.S., where land is abundant, Holland must parcel out its acreage carefully. Huge national parks and state game refuges are unknown.

"Holland has only one-fifth the area of Michigan but twice the population," Mrs. Drijver points out.

To establish havens for birds and wild life, the societies actually bought land themselves. Money at first came from wealthy members, but eventually the Dutch people themselves began contributing through public campaigns.

The Dutch government, mindful of the commercial importance of land, was never greatly enthused about conservation, Drijver says.

Several areas have been designated as national monuments, but this is not inviolable. One such area — a large breeding ground for waterfowl — was recently sold to the city of Rotterdam for development as a port.

But gradually, the government is coming around — partly because many children who have heard Drijver's lectures over the past 40 years are now in positions to influence.

Laws now control hunting seasons and prohibit the shooting of many birds. International regulations outlaw the dumping of fuel wastes within 150 miles of the coast. Some birds — notably the

barnacle goose — are almost pampered.

In short, Holland has become conservation-conscious.

As a result, Holland still has purple herons even though they are unknown elsewhere in Europe. The nearly-extinct spoonbill is now increasing. Nature study has become almost a national pastime.

And all over Europe, countries are following Holland's lead.

During the war, the Drijvers suffered as much as anyone. And they lived in fear for their children's lives — for both Mrs. Riddering and her brother were in the Dutch underground.

But surprisingly, Drijver's conservation work went ahead. For, in one of history's great ironies, Nazi air force chief Hermann Goering was a nature lover. Thus the man who brutally ordered the destruction of Rotterdam by air allowed plans for the protection of Holland's natural life to continue unimpeded.

Drijver and his wife now live in their childhood home, the island of Texel on the North sea.

It was there, as a postal clerk, that he first started in conservation work. Texel was widely known for its birds, and ornithologists visited the island regularly.

Most were told to "look up Drijver, the postal clerk. He can tell you much about the birds."

Gradually, his reputation spread. And when the society was first forming, Drijver was tapped for a position.

The Drijvers' visit in Northville — they arrived in August and will stay through the holidays — is a vacation. But Drijver has squeezed a bit of business just the same.

With Harold Hartley, 402 Randolph, he has visited game areas and bird sanctuaries and tramped along the nature trails at Kensington park.

With Robert Merriam, a North-

WATCH THE BIRDIE — Jan Drijver is on a busman's holiday in Northville. The renowned Dutch naturalist is supposedly vacationing, but spends much of his time studying our birds and other wild life. With him above are his wife (center) and daughter, Mrs. Donald Riddering, of Salem, who holds a copy of one of his books.

PLYMOUTH, MICHIGAN

ELECTION NOTICE

To The Qualified Electors of the County of Wayne, State of Michigan: NOTICE IS HEREBY GIVEN

THAT AT A GENERAL ELECTION TO BE HELD IN SAID COUNTY OF WAYNE, STATE OF MICHIGAN, IN THE REGULAR VOTING PLACE IN EACH ELECTION PRÉCINCT IN EACH CITY AND TOWNSHIP IN THE COUNTY OF WAYNE, STATE OF MICHIGAN, ON TUESDAY, THE 4th DAY OF NOVEMBER, 1958, BETWEEN THE HOURS OF 7:00 O'CLOCK A.M. AND 8:00 O'CLOCK P.M., EASTERN STANDARD TIME, THE FOLLOWING PROPOSITIONS WILL BE SUBMITTED TO THE ELECTORS OF SAID COUNTY:

I TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, State of Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Michigan Constitution, by three-tenths (3/10) of one (1) mill on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of five (5) years from 1959 to 1963, both inclusive, for the sole purpose of providing funds to retire debt obligations incurred by the County of Wayne in financing hospitalization and other social welfare functions which are the statutory responsibility of the County?

II PORT OF DETROIT BONDING PROPOSITION

Shall the Port Commission of the Port of Detroit, a port district established pursuant to law, co-terminus with the County of Wayne, State of Michigan, borrow the sum of not to exceed Seven Million One Hundred Thousand (\$7,100,000.00) Dollars, and issue its general obligation bonds therefor for the purpose of acquiring sites and constructing necessary port improvements in said district; provided, that none of said bonds or any portion or series thereof, shall be issued unless approved by the Board of Supervisors of Wayne County?

III TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X, of the Michigan Constitution, by eleven one-hundredths (11/100) of one (1) mill on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of seventeen (17) years, from 1959 to 1975, both inclusive, for the sole purpose of providing funds to pay principal and interest on bonds to be issued by the Port Commission of the Port of Detroit a port district established pursuant to law co-terminus with the County of Wayne, in the aggregate principal sum of not to exceed Seven Million One Hundred Thousand (\$7,100,000.00) Dollars if authorized by the qualified electors, for the purpose of acquiring sites and constructing necessary port improvements in said district?

ONLY PROPERLY REGISTERED ELECTORS WHO HAVE PROPERTY ASSESSED FOR TAXES WITHIN THE COUNTY OF WAYNE, OR THE LAWFUL HUSBAND OR WIFE OF SUCH PERSONS ARE ENTITLED TO VOTE ON THE BONDING PROPOSITION.

ALL PROPERLY REGISTERED ELECTORS MAY VOTE ON THE TAX-RATE LIMITATION INCREASE PROPOSITION. THESE PROPOSITIONS ARE BEING SUBMITTED IN ACCORDANCE WITH THE FOLLOWING RESOLUTIONS ADOPTED BY THE BOARD OF SUPERVISORS OF SAID COUNTY ON THE 4th and 15th OF SEPTEMBER, 1958, BY THE REQUISITE THREE-FIFTHS (3/5) VOTE:

RESOLUTIONS OF BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE

WHEREAS, the County of Wayne has diligently sought to bring the County Budget into balance within the available allocated millage allowed by the Wayne County Tax Allocation Board by pursuing every possible economy and yet provide sufficient funds to meet the ever rising costs resultant from providing statutory services to a rapidly expanding population in a period characterized by increased cost of commodities and personal services; and

WHEREAS, this available millage under the 15 mill constitutional tax limitation has remained constant for the past 6 years and has not been sufficient when applied to the equalized property valuation of the County to adequately maintain the mandatory functions of County government at a level necessary to provide minimum health and welfare standards for the citizens of the county; and

WHEREAS, the County will be faced with a deficit as of November 30, 1958, of approximately \$12,500,000 consisting primarily of unpaid bills due the City of Detroit and State of Michigan for hospitalization and other social welfare functions; and

WHEREAS, the Wayne County Board of County Auditors has advised that there is no foreseeable means of obtaining the necessary funds to pay these existing obligations except by seeking authorization from the electorate of the County for the levy of additional millage for the sole purpose of retiring said obligations;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Wayne, this 4th day of September, 1958:

1. That there be submitted to the qualified electorate of the County of Wayne, State of Michigan, at the General Election to be held in said County on Tuesday, November 4, 1958, the following proposition:

I TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, State of Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Michigan Constitution, by three-tenths (3/10) of one mill on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of five (5) years from 1959 to 1963, both inclusive, for the sole purpose of providing funds to retire debt obligations incurred by the County of Wayne in financing hospitalization and other social welfare functions which are the statutory responsibility of the County?

2. Said proposition shall be prepared and distributed by the County in the manner provided by law, which statement on the voting machines and ballots shall state the proposition in the form set forth in the preceding paragraph.

3. All public officials of the County of Wayne, State of Michigan, and all municipal units thereof, within such time as shall be required by law, be and they hereby are directed to do and perform all acts and things which shall be necessary to be done or performed in order to submit the foregoing proposition to the electorate of said County at such General Election to be held Tuesday, November 4, 1958.

WHEREAS, the Port Commission of the Port of Detroit, a port district co-terminus with the County of Wayne, State of Michigan, established pursuant to the provisions of Act 234, Public Acts of 1925, as amended, has pursuant to the provisions of Act 234, Public Acts of 1925, as amended, approved a comprehensive port development plan on September 3, 1957, after the requisite public hearing thereon, and by resolution adopted on July 24, 1958, provided for the borrowing of the sum of not exceeding Seven Million One Hundred Thousand (\$7,100,000.00) Dollars for the purpose of acquiring the land and properties and constructing the various port facilities encompassed within said plan, subject, however, to the approval of the Board of Supervisors of Wayne County and a three-fifths (3/5) majority of the qualified electors of the County of Wayne voting thereon at a general or special election called for such purpose, as required by the provisions of said law;

AND WHEREAS, pursuant to the provisions of the above law, said resolution has been duly certified to this Board for its approval thereof and for the necessary procedures to submit the bonding proposition to vote of the qualified electors of the County of Wayne, being the municipal corporation comprising the Port District;

AND WHEREAS, extensive meetings and discussions relative to said comprehensive port development plan have been held with the Port Commission and the Port Committee and Ways and Means Committee of the Board of Supervisors of the County of Wayne, as a result of which it is the determination of the Board of Supervisors that said plan should be approved, but that only that portion of the lands and properties embraced in said plan within the following description should presently be acquired, developed and financed by the issuance of bonds, to-wit:

LAND ACQUISITION

All that area in the City of Detroit bounded on the westerly side by the easterly line of Private Claim 563, which line is 150 feet more or less, west of the westerly line of Scotten Avenue extended southerly to the U.S. Harbor Line; bounded on the north by the southerly line of the Chesapeake and Ohio Railway-Wabash Railroad Right-of-way on the east by the westerly line of the Evening News Association property and the northwesterly line of present West Jefferson Avenue and the westerly line of West Grand Boulevard at its intersection with said railroad right-of-way; and bounded on the south by the U.S. Harbor Line.

PORT FACILITIES

1. A wharf 1105 lineal feet long, sufficient for berthing two large or four small vessels.

2. Two transit sheds totaling 114,000 square feet of covered storage.

3. An open storage area of 386,000 square feet for lift-on-lift-off operation and general cargo.

4. Adequate space for maneuverability of trucks, trains, cranes and other material handling and transporting equipment.

5. Adequate facilities for storage and maintenance of equipment.

6. Office space of 10,000 square feet, for Port and Terminal Administration.

7. Heavy-lift equipment for handling unit cargoes up to 50 tons.

8. Adequate rail facilities connecting to the nearest railway.

9. Security fencing, A.D.T. and lighting installations.

These facilities would be adequate to handle 330,000 tons of cargo annually;

the balance of the land, properties, and port facilities specified in said plan to be left for future determination as to acquisition, development and financing thereof;

AND WHEREAS, the estimate of cost of the acquisition of the lands and properties within the above designated area, and the acquisition of the port facilities specified for said area has been estimated by Harley, Ellington and Day, Inc., architects and engineers, of Detroit, Michigan, to be Seven Million One Hundred Thousand (\$7,100,000.00) Dollars;

AND WHEREAS, the Port Commission of the Port of Detroit has concurred in the program herein set forth, which is a revision of its original immediate acquisition program as outlined in its resolution adopted September 3, 1957, and duly certified to the Board of Supervisors;

AND WHEREAS, the Port Commission has submitted to the Common Council of the City of Detroit, the legislative body thereof, said comprehensive port development plan, all of the area and territory embodied in said plan being located within the corporate limits of the City of Detroit, and said Common Council, by resolution, has approved said plan, all in accordance with the provisions of Section 30 of Act 234, Public Acts of 1925, as amended;

AND WHEREAS, because of uncertainties under the law as to whether the Port District is an agency of the county and thus is limited in its taxing ability for the payment of bonds by the limitations expressed in Section 21, Article X of the Michigan Constitution, or is an independent municipal corporation having a charter tax rate limitation, and thus is not subject to the limitations of said constitutional amendment under the decisions of the Michigan Supreme Court, this Board feels that it is necessary in order to provide for all eventualities to submit to the qualified electors on a separate ballot, or as a separate proposition on voting machines, a proposition providing for an increase in the constitutional tax rate limitation as authorized by said Section 21, Article X of the Michigan Constitution in an amount sufficient to provide for the payment of the principal and interest on said bonds over a maximum seventeen (17) year period;

AND WHEREAS, this Board determines that the procedures for said general election should be as provided in the so-called "County Public Improvement Act," being Act 118, Public Acts of 1923 as amended, there being no procedure specified in detail in Act 234, Public Acts of 1925, as amended, which procedures will also comply with the provisions of the general election law of the State and will provide complete notice and opportunity for the qualified electors of the County to register and vote on the propositions to be submitted;

AND WHEREAS, it is the intent and purpose of this Board and the Port of Detroit Commission, if the bonding proposition is approved by the requisite majority of qualified electors of the County of Wayne, to devote the net revenues from the operation of the port facilities to the retirement of the bonded indebtedness, thus reducing the amount of taxes necessary to be levied for the payment of said indebtedness to that extent:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF WAYNE THAT:

1. The comprehensive port development plan as proposed by the Port of Detroit Commission and approved by it by resolution is hereby approved.

2. The issuance of general obligation bonds in the amount of Seven Million One Hundred Thousand (\$7,100,000.00) Dollars for the acquisition of the lands, properties and facilities outlined in the preamble to this resolution, as a part of said comprehensive port plan, be approved.

3. There be submitted to the qualified electors of the County of Wayne, State of Michigan, at a general election to be held in said County, being the municipality whose boundaries are co-terminus with the Port of Detroit, a port district existing under the provisions of Act 234, Public Acts of 1925, as amended, on Tuesday, November 4, 1958, the following separate propositions:

II PORT OF DETROIT BONDING PROPOSITION

Shall the Port Commission of the Port of Detroit, a port district established pursuant to law, co-terminus with the County of Wayne, State of Michigan, borrow the sum of not to exceed Seven Million One Hundred Thousand (\$7,100,000.00) Dollars, and issue its general obligation bonds therefor for the purpose of acquiring sites and constructing necessary port improvements in said district; provided, that none of said bonds or any portion or series thereof, shall be issued unless approved by the Board of Supervisors of Wayne County?

III TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be levied against all property in the County of Wayne, Michigan, for all purposes except taxes levied for payment of obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X, of the Michigan Constitution, by eleven one-hundredths (11/100) of one (1) mill on each dollar of assessed valuation, as equalized, of all property in the County of Wayne for a period of seventeen (17) years, from 1959 to 1975, both inclusive, for the sole purpose of providing funds to pay principal and interest on bonds to be issued by the Port Commission of the Port of Detroit a port district established pursuant to law co-terminus with the County of Wayne, in the aggregate principal sum of not to exceed Seven Million One Hundred Thousand (\$7,100,000.00) Dollars if authorized by the qualified electors, for the purpose of acquiring sites and constructing necessary port improvements in said district?

4. Said propositions shall be stated as separate propositions on the voting machines or on separate ballots to be prepared and distributed by the County in the manner provided by law, which statement on the voting machines and ballot shall state the propositions in the form set forth in the preceding paragraph.

5. All public officials of the County of Wayne, State of Michigan, and all municipal units thereof, within such time as shall be required by law, be and they hereby are directed to do and perform all acts and things which shall be necessary to be done or performed in order to submit the foregoing propositions to the electors of said County at such general election to be held on Tuesday, November 4, 1958.

A three-fifths (3/5) majority of the members-elect of the Board of Supervisors of the County of Wayne, Michigan, having voted in favor of the adoption of the foregoing resolution, the Chairman thereupon declared that said resolution was duly adopted.

COUNTY TREASURER'S STATEMENT

Statement as required by Act 293 of Public Acts of 1947 amending the Property Tax Limitation Act

I, HAROLD E. STOLL, County Treasurer of Wayne County, Michigan, do hereby certify that as of September 15, 1958, the total voted increases in excess of the Constitutional fifteen mill tax rate limitation and the years such increases are effective are as follows affecting the taxable property of: COUNTY OF WAYNE, MICHIGAN.

	June 13, 1955	1 mill	1955 to 1964 inc.	Heintzen Public School District	Mar. 26, 1951	13 mills	1953 to 1963 inc.	School District, Wayne, Oakland	July 20, 1949	10 mills	1949 to 1964 inc.

Lakers Scare Mustangs, 27-26

Northville racked-up its 20th consecutive W-O League grid victory Friday night to gain a firm hold on another league crown. But the win didn't come easy.

Fired-up in the first half, the Mustangs grabbed a 20-6 intermission lead and then had to hang on desperately to down a determined West Bloomfield team, 27-26.

A capacity homecoming crowd — perhaps the largest ever to witness a game at Ford Field — sat glued to the stands until the final gun. They saw the Mustang offensive machine roll at will — on the ground and through the air — during the first half. And in the last half West Bloomfield demonstrated why they are one of the most feared teams in the league.

Quarterback John Lucadam unleashed a deadly passing arm hitting on 13 of 20 attempts to completely bewilder the Mustangs.

The difference was the accurate toe of Center Wade Deal. Splitting the uprights on three of four attempts, Deal kept Northville's perfect season intact.

Northville opened fast. After Bill Boyd returned the kick-off 55 yards to the Lakers' 42 Bob Starnes got off a perfect pass to Hugh Crawford for a score. Deal converted and before the game was a minute old Northville led, 7-0.

The Lakers couldn't move the ball and after punting the Mustangs went on a sustained drive and another tally. Spike Walker rumbled over from the 10 with one minute left in the first quarter. Deal's first kick was good, but an offside penalty nullified the score. His second attempt was wide.

In the second quarter the Lakers' Lucadam hit Newton on a 17-yard scoring pass. The kick was no good and Northville led 13-6.

Northville lost the ball on a fumble but soon gained possession as Boyd intercepted a Lucadam pass. Seven plays later Starnes skirted end for 37 yards and Deal converted to give the Mustangs a 20-6 half-time lead.

Within five minutes of the second half Lucadam had hit Newton again for an 18 yard scoring play. The kick was no good and the Lakers drew up, 20-12.

A Mustang fumble was quickly turned into another Laker score. This time Fullback Newton ran 13 yards and Lucadam converted to bring West Bloomfield to within one point of Northville.

Northville got its offense rolling again at this point and nine plays later Walker scored from the 16. Fred Schwarze hit Starnes for an 18-yard pass play as Larry Nitzel and Boyd also contributed runs that led to the Mustangs' final score. Deal's kick was good and Northville moved ahead, 27-19.

In the final stanza Lucadam limbered up his arm again and also did some fancy running. With five minutes of the game remaining Lucadam scored from the three. He completed two passes and ran for 19 yards in the series leading to the score. What's more his kick was good and again the Lakers were but a single point behind.

Northville relinquished the ball once more to the Lakers, but the Mustang defense had stiffened. The forward wall kept steady pressure on the passer and as the game ended the Mustangs again controlled the ball.

Starnes and Walker turned in top flight performances for Northville. Walker bulled his way to 162 yards in 24 carries, while Starnes picked up 94 yards in 12 attempts.

TIPPED—West Bloomfield's John Lucadam gave one of the best passing demonstrations ever seen at Ford Field Friday night completing 13 of 20 attempts. Here's one that was broken-up, however, by an alert Bob Starnes for the Mustangs.

BIG GUNS—Bob Starnes and Spike Walker were the offensive standouts for Northville Friday as the Mustangs kept their victory string alive, 27-26. Walker scored twice and Starnes once as both piled up big yardage. On the first play of the game from scrimmage Starnes tossed a 42-yard touchdown pass to Hugh Crawford.

Biery, Buckley Star For College Elevens

Two outstanding players from last year's championship Mustang eleven are making names for themselves in college frosh ball. Dick Biery, speedy halfback, and Dick Buckley, stand-out center, have won special praise for their gridiron feats at Central Michigan and Hope colleges, respectively.

Biery scored twice to lead his junior varsity team to a 26-6 win over Port Austin Air Force base last week.

Buckley was singled out for his play with the freshmen at Hope, called the "best crop of freshmen in my four years here" by the head coach.

The 5' 5" Buckley is the shortest man on the squad, but weighs in at a hefty 175. He plays both center and guard. Hope is the alma mater of Mustang Coach Ron Schipper, who was named the league's most valuable player in 1951. Schipper quarterbacked the Hope team.

Brighton Next Threat to Mustangs

Mustang Football Coach Ron Schipper can't see any "soft touches" on the remainder of this year's schedule.

Perhaps fighting possible overconfidence on the part of his undefeated squad, Schipper pointed out that "every team is pointing for us."

Defending league champions and winners of 20 straight league games, Northville will be on the spot again this week.

A strong Brighton team, which barely lost to West Bloomfield, 21-13, is fresh from a 32-0 romp over Clarkston and moves into Ford Field this Friday night.

A win for Brighton would throw the league into a three-way tie between Northville, Brighton and West Bloomfield.

Brighton is Northville's chief remaining threat. After Friday the Mustangs face only Clarkston and Clarenceville, both far down the list in league standings. Northville has a non-league tilt with Howell November 14.

Week of Upsets Doesn't Bother Two Grid Winners

Upsets were the rule in last week's football contest and very few entries missed less than six games.

And only two contestants missed less than five games!

Francis Wilkinson, 413 Beal avenue, walked off with top prize of \$10. He was all alone with only three mistakes. Wilkinson joined his son and daughter-in-law as a winner. They picked up checks last year.

The second place winner is also from an avid sports' family. Twelve-year-old Mary Logeman missed only four games to win the \$5.00 second prize. Last week her sister, Mrs. Bud Bell, was second place winner. Her mother and dad are both sports enthusiasts, too.

Naturally, the State-Purdue, Michigan-Northwestern, Auburn-Georgia Tech and Tulane-Navy games were the most frequently missed. Iowa-Wisconsin also had its share of wrong guesses.

Both winners accurately predicted the State and Michigan upsets. Wilkinson tried to stretch the upset string by picking Duke over Notre Dame (which turned out to be a 9-7 squeaker). He called Iowa's victory, but missed on Navy and Auburn. Mary missed these two, in addition to the Iowa and California wins.

Novi Wildcats Down Clarenceville, 25-6

Novi's wildcats got into the grid win column last week with a 25-6 victory over the Clarenceville eighth graders.

Coach Gale Perkins' squad evened their season record at one win and one loss and are now looking forward to a return game with Dublin next Thursday. Dublin won the first encounter, 12-6. Tonight's (Oct. 23) game will be played at the Novi field at 4 p.m.

The Wildcats' touchdowns were evenly distributed against Clarenceville. Dickron Ornekian, John Walters, Jeff Crawford and Bill Challas each scored and Pete Carter added an extra point.

FOOTBALL CONTEST

IT'S FUN — IT'S EASY — ANYONE CAN WIN — NOTHING TO BUY!

\$10⁰⁰ First Prize **\$5⁰⁰** 2nd Prize

EVERY WEEK

— HERE'S ALL YOU DO: —

In each of the 15 spaces provided below place a circle around the team you believe will win. Be sure to pick a winner in all 15 games. Note that in one game it is necessary to pick the probable score. This will be used only in case a tie occurs and then the contestant whose score is closest to the actual score will be declared the winner.

All entries must be postmarked not later than 5:00 P.M. Friday. Entries may also be brought directly to The Record office before 5:00 P.M. Mail your entries to: Sports Dept., The Northville Record, Northville, Michigan.

Enter just once each week, but you may enter as many

weeks as you desire. In case of ties, prize money will be split.

Be sure to write your name, address and phone number plainly in the space provided. Free entries are available at The Record.

Employees of The Record or sponsoring merchants are not eligible to enter.

Church to Celebrate Second Anniversary

The congregation of Willowbrook
 Community church will observe the
 second anniversary of the founding
 of the church next Sunday.
 Regular worship services were
 begun the last Sunday of October
 in 1956 in the hall at the corner of
 Ten Mile road and Meadowbrook.
 During this period of time the
 congregation has planned and built
 their church, organized the church
 school; a woman's society, men's
 club, choir and have increased the
 membership to nearly 100 members.
 The Rev. Byron E. Chapman,
 pastor of the church, will speak on
 the theme "The Supreme Christ"
 during the 11 o'clock worship ser-
 vice.
 Members and friends of the
 church are cordially invited to
 participate in this homecoming cele-
 bration. It is the hope of the con-
 gregation to have present all who
 were present on the first Sunday.

TRUTH — ABSOLUTE OR RELATIVE?

Perhaps you think this does not affect
 you? I'll guarantee that it does, so will you
 spend a few moments and do some thinking
 with me on the subject?

By absolute truth we mean that there is a
 standard for right and wrong. In the spiritual
 and moral realm Christians believe that God's
 Holy Word is that standard which endures
 from one generation to another.

By relative truth we mean that truth is
 constantly changing so that what may be
 truth today may be tomorrow's untruth. What
 may be characterized as a moral wrong today
 may not be wrong in a generation hence.
 Truth, according to the proponents of this
 theory, is an ever changing evolution so
 that it is only one generation's opinion, for
 that generation.

GOD HAS SET A STANDARD OF MORAL BEHAVIOR

Christians believe in the infallibility of
 the Scriptures. The Bible claims itself to be
 God's Word to man. According to II Tim.
 3:16, it is the "God breathed" Word. To ar-
 gue against the facts stated in the Bible is to
 argue against the wisdom of God. Jesus said,
 "Heaven and earth shall pass away, but my
 words shall not pass away." Matt. 24:35. When
 God gave the commandments, statutes and or-
 dinances to Israel, he gave them His will for
 their moral behavior, the government of
 their civil affairs, and rules for worship. The
 10 Commandments for the basis for proper
 moral behavior. The Governments of this
 world who have incorporated these principles
 have risen to the greatest heights of civiliza-
 tion. A violation of these aged principles

brings moral decay and eventual ruin.

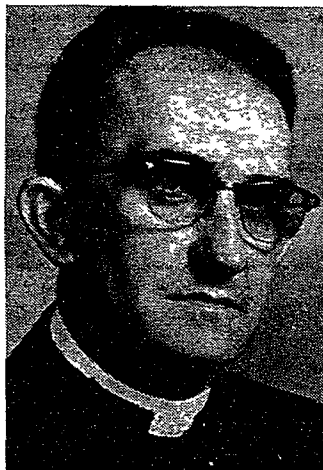

ADULTERY SERVES AN EXAMPLE

The seventh commandment says, "Thou
 shalt not commit adultery". This command-
 ment is designed to preserve the sanctity of
 the home and the moral purity of the youth.
 When men and women leave their mates and
 legally trade husbands and wives, even though
 it is in accord with current approved behav-
 ior, they heap upon themselves all sorts of
 miseries and problems. The chief victims of
 such behavior are the children. Torn be-
 tween love for their father and their mother,
 the feeling of being unwanted and unloved
 by a stepfather or stepmother, the disagree-
 able position of being the center of a tug of
 war, cannot but result in abnormal behavior
 in such a child. It is a proven fact that more
 such children appear in juvenile courts than
 any other. This is aside from the miseries of
 mental torture, venereal diseases, mental ill-
 nesses, unwanted babies, and a host of other
 woes. Relative moral behavior — yes, but
 a violation of the absolute moral behavior
 set by God.

THE FACT REMAINS

God has set the facts of moral behavior
 in the Bible just as He set the stars in their
 orbit. As long as they stay in their prescribed
 course everything goes along alright. Out of
 it they collide and perish. The longer the
 peoples of any nation respect and observe
 the moral law of God, the longer that nation
 will exist. This does not mean their eternal
 salvation (for that can only be achieved by
 repentance and a personal encounter with
 Jesus Christ) but it does mean their present
 earthly peace and tranquility.

Missionary to Speak at St. Paul's Church

Rev. A. H. Klenke

The Rev. A. H. Klenke, a Luther-
 an missionary for 15 years in Bra-
 zil, will be the guest speaker for
 the annual Mission Festival Sunday,
 October 26 at St. Paul's Lutheran
 church, High and Elm streets, in
 Northville.

He will preach in both services,
 at 8 a.m. and 10:30 a.m. The pub-
 lic is cordially invited.

In his sermon Pastor Klenke will
 refer to missionary experiences
 while stationed at Sao Paulo, Brazil,
 one of the fastest growing cities in
 Latin America.

In Sao Paulo he simultaneously
 served three congregations. In ad-
 dition, he was in charge of four
 congregations in the interior, which
 he visited regularly. In his work
 he used both the German and the
 Portuguese languages.

The Rev. Klenke is now pastor
 of Immanuel Lutheran church at
 Waldenburg, near Mt. Clemens.

St. Paul's Church Retires 10-Year Bonds

On October 12 St. Paul's Lutheran
 church of Northville thankfully ob-
 served the retirement of its 10-
 year bonds. A decade ago, to fi-
 nance the construction of the beau-
 tiful church and parish hall, 5-year,
 10-year, 15-year and 20-year bonds
 were sold.

The retirement of the 10-year
 bonds signifies a debt reduction of
 \$17,300.

HERE IT IS!

The latest in WATER
 SOFTENING SERVICE. All
 the soft and rust-free water
 you need! For a very small
 monthly fee, we will assure
 you a continuous supply of
 completely softened water
 — free from hardness and
 iron!

MAKE YOUR CHOICE OF 3—

1. We will install a "Fully Automatic" or a "Semi-Automatic"
 softener in your home on a monthly fee basis and furnish all
 the salt necessary for regeneration. With this type of Service,
 you may exercise one of the following options—
 A. You may continue this Service indefinitely on a monthly
 basis and we will furnish all maintenance of softener, OR
 B. You may elect to buy the softener any time during the
 first twelve (12) months and receive full credit for all the
 monthly service fees paid from date of installation to
 date you decide to buy.
2. SOFT WATER SERVICE—1 change per month—\$3.00.
3. A COMPLETE AND DIVERSE LINE OF PERMANENT SOFTENERS.

SEE WHAT A MODERN GAS RANGE

WILL GIVE YOU

- ★ AUTOMATIC COOKING. The new
 gas Burner-with-a-Brain makes
 every pot and pan you use an auto-
 matic cooking utensil. Simply set the
 dial... the flame raises and lowers
 itself to maintain the exact temper-
 ature you want. Does all your pot-
 watching for you! Foods won't burn,
 scorch, or dry out.
- ★ CLOCK-CONTROLLED OVENS.
 Set the timer on the new gas
 range even... leave for the
 day! Whole meals cook to per-
 fection without worry or watch-
 ing.
- ★ PERFECT BROILING. Direct flame
 broiling seals in the natural ten-
 der flavor of meat. And with gas
 it's smokeless closed door broil-
 ing.
- ★ TIME SAVING. A turn of a dial
 and the correct cooking temper-
 ature is there... instantly! With
 a gas range foods start to cook
 at the moment you command.
- ★ EASY CLEANING. Nothing beats
 modern gas range design for
 quick and easy cleaning. Re-
 movable parts, including burners
 that can be washed in the
 sink.

Minutes of the Novi Board of Education Meetings

August 13, 1958

The regular meeting was called to order at 8:25 p.m.

Present: Heslip, Taylor, Erwin, Bernard, Dr. Medlyn, with Mr. Crawford entering later. Also present were Mr. Burrows of the National Bank of Detroit, Mr. Rairigh, Mr. Fordon (Sr.) and Mr. Fordon (Jr.) of the Atkin-Fordon Co., Mr. Webb of Charles W. Lane & Associates and Mr. Randall of Michigan School Service, Inc.

The minutes of the previous regular and several special meetings were read and approved.

The following Treasurer's Report was read by Mr. Crawford and approved by the board:

General Fund, \$2,972.59
1955 Building and Site Fund, 0
1957 Building and Site Fund, \$285,469.29
1951 Debt Retirement Fund, \$8,420.86
1955 Debt Retirement Fund, \$56,647.19
1957 Debt Retirement Fund, \$11,932.96

Mr. Webb stated that water samples had been taken at both schools, but that no reports had been received. The mechanical contractor on the Orchard Hills School will be required to secure and pay for permits from the township on the mechanical phases of the project.

Requests for bids on the paving of the school yard and drives had been made, but no bids had been submitted to date.

Sealed bids from the Michigan National Bank (at 4 percent) and the National Bank of Detroit (at 1.68 percent) on the proposed borrowing of \$25,000 against anticipated State Aid were opened and read. Mr. Burrows explained that the National Bank of Detroit rate reflected the community service policy of his bank.

A motion was made by Bernard, seconded by Erwin that the National Bank of Detroit proposal be accepted. The motion carried unanimously on a roll call vote with Mr. Crawford certifying his accord with the proposal when he arrived later.

Mr. Fordon stated that there would be a delay in completion due primarily to the non-receipt of hollow metal doors and frames, upon which installation most of the finishing processes and material installations were dependent.

He explained that the shop drawings in this classification had been approved on June 1, but that the manufacturer had put off the delivery dates several different times to the point where it was too late to cancel the contract and place it elsewhere. Fifty-four frames are now on the job or in transit, with 15 to be shipped this week. The doors had been promised for September 10, or earlier.

Mr. Fordon said he expected that Unit A could be completed by September 20, or two weeks after the planned completed date. This was unsatisfactory to the board, and Mr. Fordon was requested to inform the board by letter by Tuesday, August 19, if at least four rooms could be readied for occupancy by September 5.

Mr. Randall presented several furniture items not previously shown, and was requested to submit lounge furniture and office furniture bids to Mr. Medlyn on August 14.

Mr. Medlyn also presented prices on desks and teachers chairs, etc., which had not been given in the bidding.

The Brunswick Fiberglass chair was ordered for the first grade.

American Seating Co. steel desks and teachers' chairs were ordered for all grades.

Peabody open book-box desks were chosen for the first grade, and Peabody kindergarten student chairs were ordered.

Furniture types for the principal's office and the office of his secretary were chosen in consultation with Mr. Medlyn and Mrs. Larson.

Mr. Webb stated there might be a delay in completion of the electrical service. This was occasioned by the necessity of a special meeting with the Detroit Edison Co. in regard to the relocation of the pole to the south property line, which had been suggested by the architects as an improvement over the original choice.

A motion was made by Bernard, supported by Erwin, to move the pole back to the original location to avoid possible delay. The motion carried.

Mr. Medlyn was instructed to get assurance that Consumers Power Co. was going to comply with their original written statement that gas service would be ready by August 15.

The architect reported that a storm drain, with 5 catch basins would cost \$17,250 and one with one catch basin in the southeast corner would cost approximately \$4,732.

Mr. Medlyn reported that a board could build a drain to carry storm water off the school property, but that it could not be done as a community service, with others making tie-ins to this drain.

Discussion followed as to the advisability and complications of entering into the construction of any of these facilities and Mr. Lane was instructed to inform the board more thoroughly upon the legal aspects of the situation from this standpoint.

Ward's Service, with a low bid of \$52.00 each on four 8:25x20 bus tires was to be awarded the order on the basis of a motion made by Crawford, seconded by Bernard, which carried.

An allowance of \$75 to \$100 was given to the Mothers club committee in charge of the preparations of the introductory dinner for teachers, staff and board members.

Mr. Medlyn reported on new state regulations on bus lettering and said Mr. Gvours of the staff would do the work. Mr. Crawford suggested Mr. Benson could assist if necessary.

Mr. Erwin reported the bills to be in order except one from the Northville Record which was to be clarified, and a motion to pay the following bills was made by Erwin, supported by Taylor. The motion passed.

Bruce McAllister, \$10.79; Riegle Press, \$131; Farmington Auto Parts, \$16.97; Detroit Edison, \$52.38; Wixom Co-op., \$221; Novi Hardware, \$51.97; Harrowood's Sales and Service, \$23; Hillyard Sales, \$11.50; Linn-Baker, \$59.40; Consumers Power, \$1.65; Michigan Bell, \$27.60; Michigan Engine Supply, \$2.80; Northville Record, \$30.26 and Michigan Products, \$544.39. Total \$985.71.

A motion to call for payment of \$30,000 in bonds from the 1955 Bond Issue was offered by Crawford, supported by Bernard.

The meeting was adjourned by Mr. Heslip at 1:40 a.m. on August 14.

August 20, 1958

A special meeting was called to order by Mr. Heslip at 8:20 p.m. Present: Heslip, Crawford, Bernard, Taylor, Erwin and Dr. Medlyn.

Members of the board made a tour of the Novi School to study maintenance needs. Some items suggested for improvement were:

1. Added electrical load capacity in the annex.
2. Refinishing of desks.
3. Teachers' wardrobes.
4. Interior and exterior painting.
5. Improvement of drainage on north side of annex.
6. Acoustical treatment needed in 1928 classrooms.
7. Cafeteria day lighting and artificial lighting improvements, together with acoustical application.
8. Need for improved pump room ventilation.
9. Stairway window repair or replacement.

It was suggested that not all the rooms in the 1928 addition would be used as classrooms during the school year, and much of the work could be done there.

Mr. Crawford suggested built-in wood storage, and Mr. Taylor was to secure prices on steel cabinets. Mr. Bernard reported that Mr.

Fordon had telephoned to say that all sash had been shipped. A letter from Atkin-Fordon stated that 4 classrooms were to be ready by September 5, with the balance of Unit A to be completed two weeks later.

Mr. Medlyn reported that the fire marshal had given an OK on the use of the building.

The secretary read a communication from Mr. Weiland, of Charles W. Lane & Assoc., in which the architects stated that there had been no intentional dislocation of the drainage on their part and recommended that the board seek legal counsel before replying to Mr. Dobrowitzky in regard to the storm drainage problem at the Orchard Hills site.

Mr. Heslip suggested that the County Drain Commissioner be called upon to give an opinion and to visit the site with members of the board. Mr. Medlyn was told to arrange such a meeting.

Mr. Medlyn was instructed to meet with Mr. BeGole and State Police to attempt the resolution of a speed zone on Ten Mile road, near the Orchard Hills School.

A long discussion concerning transportation of children living near the Orchard Hills School followed, with consideration being given to the overall bus needs, state payments based on distance limitations and time schedules.

Based upon the available information it was decided that children be required to walk from Willowbrook No. 2, with the others in the area north of Ten Mile road and to the east of No. 2 to be transported either to the Novi School or the Orchard Hills School. Mr. Medlyn was instructed to make a newspaper announcement of this policy and to give an explanation of possible pupil assignment to more distant schools because of variance in class sizes.

Stated board policy on a requirement that kindergarten candidates have reached 5 years of age before December 1st was re-affirmed in answer to an inquiry.

Mr. Medlyn again presented the question of the \$225,000 in unused bonding capacity remaining from the 1957 issue. The board posed specific questions upon which Mr. Medlyn gave several immediate answers and said he would have the specific answers to the others in time for the next meeting on August 27.

Mr. Medlyn stated that the proposed election for increased operational millage would have to be held in September to place the issue on the tax rolls for December 10 collection.

Three bids for blacktopping of the play area, front drive and parking area at the Novi School were read.

Cadillac Asphalt Company's proposal of \$4,821.50 for the whole area was low. A motion by Bernard, supported by Crawford, to accept Cadillac's proposal carried.

A report on the soil sample taken from the new football field at the Novi School had been received, together with a bid for fertilizing and seeding the area from Haerr-Larson Landscape Service in the amount of \$424.70. It was decided to ask for another bidder on the project, with a motion to request a proposal from Green Ridge Nurs-

ery made by Bernard, supported by Crawford. The motion carried.

A special meeting was set for August 27 to discuss the proposed millage election, the \$225,000 bond issue and the Orchard Hills School drainage problem.

The meeting was adjourned by Mr. Heslip at 12:00 midnight.

Homecoming was Perfect

Homecoming was wonderful!

The weather was great, the crowd capacity and the game terrific.

And the queen was lovely. So was her court.

As a matter of fact, everything was perfect.

Queen Diane Luchtman reigned royally. She led a parade through the streets before the game and graciously accepted a bouquet of roses and a "team" kiss from Grid Captain Fred Schwarze.

Following Queen Diane atop gleaming convertibles in the parade were members of her court — Judy Lambert (10th grade), Vicki Junod (9th grade), Barbara Mapes (12th grade), and Barbara Kruger (11th grade).

The girls were chosen by election Friday afternoon to represent their respective classes. Queen Diane was selected from a quartet of Queen candidates that included Susie Rathburn, Judy Nauman and Barbara Mapes.

THE QUEEN and her court stood before the capacity crowd during halftime ceremonies and received applause. Left to right are Judy Lambert, Vicki Junod, Queen Diane Luchtman, Barbara Mapes and Barbara Kruger.

QUEEN DIANE led a pre-game parade through town. Her court and the Northville high school band followed.

Captain Fred Schwarze was the lucky boy who greeted the Queen for the team.

Hula-hoops got into the half-time act. Sandy Lane had some trouble but managed to keep "hooping it up" for most of the band's special number.

PLENTY TO CHEER ABOUT — Northville cheerleaders had an exciting game and an enthusiastic crowd Friday night. Calling for a touchdown are Jayne Hammond, Sharon Williams, Sally Stroh and Carol Fritz.

SPEAKING

for the Record

By BILL SLIGER

Purchase of the Hills' building ended years of dickering by the city and represents a joint effort by the council and certain retail merchants to improve Northville's parking and alley facilities.

While the entire council worked to bring about the purchase, Mayor Allen shouldered most of the negotiation responsibilities and deserves credit for finally closing the deal.

The idea to purchase the 90-year-old building and provide alley and parking area behind the Main and Center street stores began several years ago. The entire plan would call for purchase of another piece of property on Wing between Main and Dunlap to provide a third access and also enlarge the parking space.

In the past several years the city has marched along slowly acquiring property and developing alleys and parking with little participation by the retail merchants.

In the case of the Hills' property it is a different story.

The Hills' building cost \$17,000. George Hills received \$10,000 for his two-thirds interest and \$7,000 went to Frank Hills for a one-third share. The latter brother resides and has his real estate office in the building.

Of this amount the city has reasonable assurance that merchants will pick up \$10,000 of the tab.

It's logical to assume that there should be some formula between local business and professional interests in the community and the city to share the financial burden of parking development.

To date the city has spent approximately \$100,000 on its parking-alley programs. There's a limit to how much can be spent and how fast.

Actually, the city and merchants both have a stake in parking development. Alert merchants want more customers and they want them to park with easy access to their stores. They also want to be certain that they are one step ahead of the population increase so that there will always be enough parking.

Similar, the city has a definite interest in the facilities of its business district and a responsibility to see that they are adequate for shoppers of the area.

More important, perhaps, is the increased revenue that the city can expect to derive from a thriving business community.

Despite a survey to the contrary, the city council as well as most merchants realize that Northville's parking facilities are far from sufficient.

In numbers of spaces the total may be adequate today. A good share of these spaces are on private property, however, and could be lost tomorrow.

Moreover, most of the existing facilities either need blacktopping, lighting or both.

In an effort to completely review and analyze the parking set-up as it exists in Northville today and to perhaps introduce suggestions for future development and financing of facilities a joint meeting of interested parties has been called for next Monday.

The meeting should be of vital interest to every businessman who, by virtue of doing business locally is responsible for bringing traffic into town. The full city council will attend and the Retail Merchants Association is expected to be well represented. But every business person has been invited—and if not, is welcome. The meeting will be held at the VFW building at 8:00 p.m.

* * * *

We made a slight slip in the reporting of a school board story the other day. As a matter of fact, it was about a \$300,000 error—give or take \$100,000.

It seems that we quoted Superintendent Amerman as saying that there would be some \$640,000 left over from the school's \$3 million bond issue when the building was complete. We also hinted that this same amount would remain when the present high school is rejuvenated for junior high school use.

When the calls of congratulations began pouring in for his financial genius in saving all this money, Superintendent Amerman did some checking.

The story is really this. Some \$640,000 in school bonds remain UNSOLD from the original \$3 million bond issue. Part of this will be needed to complete the high school. Approximately \$150,000 will be used to rehabilitate the old high school. Still more is earmarked for an elementary school site.

After that, it's anyone's guess as to how much will remain unsold.

Sorry, Russ. But with all that money left over, things looked pretty rosy there for awhile!

State's Financial Gloom Lifted - until after Election

POVERTY IN STATE government can wait until after the November 4 election.

Leaders of both parties are happy about the decision of a legislative study committee to hold up its final report and recommendations until after voters go to the polls.

They know there will have to be

new taxes if the state is going to avoid a \$50,000,000 to \$80,000,000 deficit by next June 30. The present tax pattern is described as a "patchwork" put together to meet various crises which occurred during the years. But any change in the name of improvement is still likely to cause great reaction.

Parts of the new plan almost leaked out before top candidates headed for the hustings to harvest votes.

The first leak developed last winter when Rep. Rollo G. Conlin (R-Tipton), chairman of the committee, released a tentative report favoring the increase in the intangibles tax.

For weeks, there was conjecture that all bank deposits and the fixed incomes of old folks would be raided.

To make it worse, Gov. Williams supported the idea as the top Democrat. This brought both parties into the fray and the taxpayer sat on the edge of his chair, empowered only to worry.

The legislature finally dropped the idea as Conlin pleaded for more time to develop his whole program, rather than run with the ball after only one of several ideas had been pursued. More time and more facts were required.

Through the summer the research people for the committee worked. Ominous sounds of an income tax for Michigan came from several sources.

Democrats, led by Williams to abhor anything that sounds like "a consumer tax (and only people pay non-consumer taxes, too) are saying privately it is "the fairest tax of all."

U-M Professor Harvey E. Brazier, director of the legislative tax study, casually mentions the income tax idea and charges that the legislature must get down to work in 1959 and seek out new sources of revenue.

Officially, nothing has been said about any new tax. But, wherever candidates gather, they know what faces the state in 1959 and also that the income tax is the last new source of sizeable revenue.

Brazier's proposal, he promised, will come up with ideas the legislature can use for "new sources of revenue, but without hurting business and industry."

INVESTIGATORS on legislative interim committees have come up with one governmental ill administrative agencies might have trouble explaining away.

They are charging that agencies are spending more time looking for loopholes than trying to follow legislative intent.

Highway officials spent \$52,000 for a tourist information lodge at Mackinaw City. Legislators said they did it without legislative authority in the appropriation bills.

Highway officials said the legislature had not forbidden that use of the money.

Senator L. Harvey Lodge (R-Drayton Plains) said he could think of 1,001 things the legislature did not forbid the highway department to do.

Mental health officials were charged with improperly using money to remodel the home of the superintendent of Ionia State hospital.

The reasoning was identical — nothing in any law barred them from using the funds.

Senator Edward Hutchinson (R-Fennville) said that in both cases the legislature had opportunity to approve the items but did not. That, he said, established legislative intent.

The Lodge committee is looking for other expenditures, not disapproved — but not approved, either. "The legislature has got to fight for its place in the sun," said Hutchinson.

So, he said, appropriations bills will be written in much more detail with language specifying a great number of things for which the money cannot be used.

Many of them can be covered in short, crisp, blanket phrases, but Hutchinson said the bills would be longer and — perhaps — harder to understand.

MICHIGAN BELL

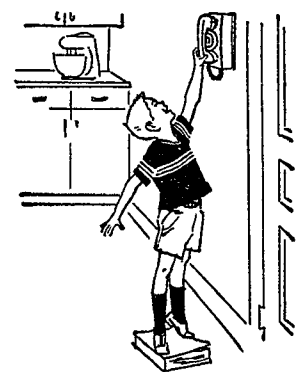

TODAY'S CHILDREN LEARN about the value of the telephone almost before they can walk. Here's a story of a six-year-old daughter who knew exactly what to do when she heard a man trying to break into the house. She ran to the phone and got the police. The fact that the intruder turned out to be her father (he had lost his keys) takes nothing away from her prompt action in a crisis.

THE TELEPHONE COMPANY has a special way of recognizing noteworthy deeds by telephone employees in time of crisis. Telephone folks have a long tradition of service to the public; but each year the company makes a practice of giving medals, cash and citations to employees for some particularly outstanding deed beyond the call of duty. This year, for instance, awards were given to a Pontiac telephone man credited with saving the life of an auto accident victim, and to an Ann Arbor repairman who rescued a man from fire.

* * * * *

A SMALL BOY called the Information Operator to ask for a local number. After she had supplied it, the operator suggested to the small boy that he would find it in the telephone directory. "I know," he agreed, "but I can't do that 'cause I'm standing on the directory to reach the telephone."

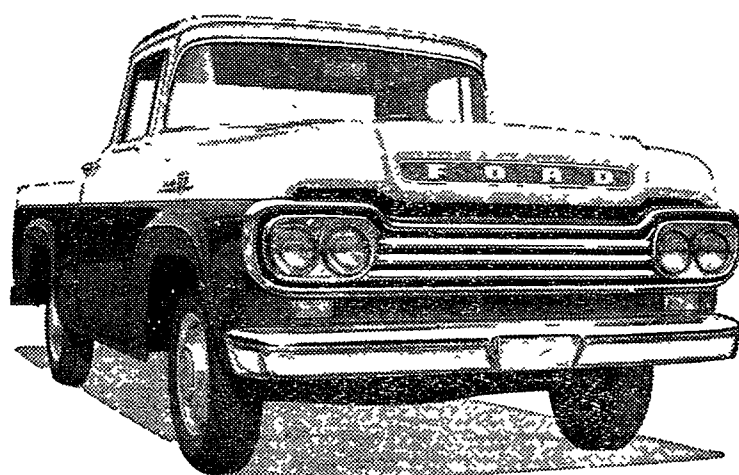

* * * * *

DO YOU HAVE TROUBLE reaching your phone? Do you sometimes find yourself upstairs when it rings downstairs? Did you know that you can save yourself and family any amount of rushing about? And very inexpensively, too. All you need is a bedroom extension phone. More and more people are discovering the wonderful convenience and extra fun of having extension phones. How about calling our Business Office about it today?
