

**TROUBLE AHEAD** — The person or persons using the waste paper container at Northville's spring for garbage and trash disposer is in for trouble! Northville councilmen are determined to catch the culprits and have instructed police to fine any violators. The containers are exclusively for paper — not garbage — say the irate city fathers! Officer Leonard Mazuchowski is pictured at the site.

## School Board Settles Issue of Public Bus Use

Letters from two Northville clergymen concerning outside use of public school buses were read at the board of education meeting Monday night, and prompted a review by the board of existing school policy.

Rev. John Wittstock, pastor of Our Lady of Victory Catholic church and head of Our Lady of Victory school asked for an immediate "favorable reply" by the board on public school bus transportation for some students at Our Lady of Victory school.

Father Wittstock met with the board last year to discuss possibilities for such an arrangement.

Up to now, he pointed out, he had not received the official decision promised by the board at that time.

The issue was approached differently in a second letter from Rev. John O. Taxis, pastor of the First Presbyterian church, protesting the donation of public school buses to transport parochial school children participating in an honor guard for the late Cardinal Mooney at St. John's Seminary last Friday.

Rev. Taxis recalled that the board had twice refused permission for use of the buses for Presbyterian church functions in the past. He called for a clarification of the board's position in the matter.

School Board President Nelson Schrader accepted responsibility for donating four Northville school buses during the honor guard ceremonies, pointing out that his action did not express the school policy.

"We were called at the last minute," Principal Harry Smith explained, "I contacted Mr. Amerman, but since he was tied up with business, he referred me to Mr. Schrader."

"I had less than an hour to make up my mind," Schrader said. "Figuring it was an exceptional event — something that happens once in a lifetime — I agreed to let them use the buses. Looking back I would probably do the same thing again," he added.

As a result of the letters, the board referred to its most recent resolution on school bus policy enacted in 1952, which limits bus use exclusively to public school functions.

The board authorized a revision of the present resolution to bring it up to date with recent legislation, but did not change its basic position.

Other business included approval by the board establishing two new administrative functions necessitated by school expansion.

Superintendent Russell Amerman recommended that Principal Harry Smith assume responsibility for administration of the entire Main street campus, including grade and junior high schools, after the opening of the new high school in January.

Amerman also recommended setting up a centralized purchasing system for the schools, to be headed by school Administrative Assistant Dr. Kenneth MacLeod.

The board also approved the junior class request to hire the Four Freshmen singing group and a band for their November J-Hop.

### No Teen Dance This Week End

There will be no teen dance this Saturday afternoon at the American Legion hall.

The dances, sponsored by the navy recruiting office here, will resume next week.

## Local Voters Fail to Name a Winner

### Council Feels Financial Pinch From Library, Other Expenses

Northville councilmen ran into one financial problem after another Monday evening.

In rapid order the council learned: — that a Gerald avenue lot sought by the city for \$250 to complete its dump-control project had a \$1750 price tag (and assessment figure) placed on it; — that there wasn't much the city can do about a \$5,000 boost from Wayne county for the operation of the library;

— that the time had come when the city must pay \$12,750 to the D&R Building company for the city's share of improvements installed by the subdivider in areas that benefit residents other than in the subdivision.

On the brighter side the city learned that a report is nearly ready for presentation for improvement of the water system. Scheduled for November 14, councilmen are expected to learn at that time of results of a study made by the city engineer, city manager and a consulting revenue bond expert.

The report promises to point up a definite program for improvement of the water system under a program of bonding that can be accomplished without raising water rates.

Also on the bright side was a report by Councilman John Canterbury that committee meetings with the school board have resulted in progress towards sale of the community building by the city to the schools.

At a simultaneous meeting of the school board, however, Attorney James Littell was telling school board members that, in his opinion, the school could not legally purchase the building under the present \$3 million bond issue.

Both school and city officials had hoped that this could be done. The school expects a definite ruling on the matter from the attorney general, however.

Ivan and Charles Ely, owners of the Gerald avenue lot sought by the city for dump control, informed the council that they would sell their lot for its assessed valuation. The council then learned that this was \$1,750, or \$1,500 more than the city's offer.

Councilman Earl Reed gave some support to the Ely cause by indicating that land should be assessed on its market value.

Councilman Canterbury agreed, but pointed out that the council had studied the land-locked lot and also had appraisals that indicated its value was \$250. He added that he did not want to attempt to buy land from any taxpayer at less than its value, however.

The council then listened to complaints from the S. H. Robinsons of 895 Grace concerning construction work in the area. Dirt from equipment (Continued on Page 4)

### Planners to Decide Barns' Zoning Fate Monday Evening

Northville's planning commission will meet next Monday night to settle the controversial issue of wintering horses in the Downs' Sheldon road barns.

Anticipating a good audience, the planners have scheduled the hearing for the community building at 8 p.m.

Specifically, the planners will act on a measure introduced by themselves. By a seven to two vote taken in September the commission proposed the public hearing to lift the ban currently restricting the use of the barns.

Under present zoning the barns can be used 15 days before until 15 days following the racing season.

In September John Carlo, executive manager of the Downs, told the commission that horses would no longer be wintered at barns located at the track. He asked their opinion regarding the lifting of present new barn zoning.

Of the seven members of the nine-man board present at the session four indicated that they definitely favored the move. Three others were "on the fence" and preferred some assurances that old barns would be improved for summer use.

The two other members are known to oppose the measure.

Objections have also been voiced by Bruce Bradshaw, who resides on Sheldon road near the new barn area. Local businessmen have presented a petition bearing the 34 names expressing approval of the change. They state that many of the groomers and horse owners are good customers.

A formal request for a hearing submitted by Carlo September 23 was determined invalid by the planners because it did not contain the signature of the owner of the property (Donald St. Lawrence) where the barns are located.

Under the proposed amendment the district would be open to construction of: single-family terraced dwellings; multiple dwellings and apartment houses; boarding and rooming houses and tourist homes; private clubs, fraternities, and lodges; hospitals, rest homes, homes for children, convalescent homes and homes for the aged; and institutions of philanthropic or charitable nature.

The township recently received application for the erection of a convalescent home on Haggerty road, in an area which now comes under classification R-1F of the ordinance, zoned for small farms.

Under the present ordinance, no district exists in the township, other than commercial, which would be open to the building of convalescent home.

To avoid creating another commercial district around the site, which has been disapproved by many surrounding residents, the special classification was prepared.

The hearing will begin at 8 p.m.

Northville maintained its Republican voting record Tuesday but failed to create even a ripple in a county and statewide flood of Democratic votes.

Fair weather brought out 2,271 of the city-township registration of 3,491 — high for an off-year election.

But local voters did not select a single winner.

Of greatest local interest was the race between Sterling Eaton, incumbent representative from the 21st district, and Democrat Harvey Beadle.

Eaton, who had campaigned on his successful efforts at blocking a senate-approved racing measure that might have cost Livonia and Northville state racing revenues, won handsily locally, 1,284 to 770. His margin in Plymouth, his hometown, was not as great as expected, however. And in Livonia he lost to Beadle 7,294 to 6,829. As predicted Redford township went solidly Democratic.

The final tally in the Eaton-Beadle race was 24,738 to 21,087.

Democratic incumbent Martha W. Griffiths won her third term as congresswoman from the 17th district by beating her Republican opponent, Lucas S. Miel, by a solid 96,248 to 63,098 vote.

Northville voters gave Miel the nod 1,180 to 875, although city precinct 2 picked the winning congresswoman, 261 to 243.

Other top Democratic vote getters in city precinct 2 — the only one to show signs of Democratic strength — were County Treasurer Harold E. Stoll over William A. Lau, 253 to 249; County Clerk Edgar M. Branigan over David A. Williamson, 250 to 249; and Secretary of State James M. Hare over Raymond A. Plank, 254 to 250.

Election officials here reported more women voted in Tuesday's election — in both township and city precincts.

Although only one of the three propositions and two referendums on the ballot passed, Northville voters gave overwhelming support to the constitutional convention proposition and passed the county referendum better than 2-1.

The county referendum, which authorizes payment of county taxes levied in the city of Detroit at banks designated by the county treasurer, was the only measure adopted.

Michigan voters gave the constitutional convention proposition a majority vote but it was not a great enough percentage to carry. The referendum, if passed, would have called for a convention to consider revision of the Michigan constitution adopted in 1908.

Votes from Northville's Oakland county precinct 3, which are not included in other totals on this page, are:

U.S. 18th congressional district, Hudson (D) 50, Broomfield (R) 120; 12th district state senator, Meagher (D) 56, Lodge (R) 110; fourth district state representative, Clarkson (D) 58, Ingle (R) 112; prosecutor, Lawson (D) 54, Ziem (R) 112; sheriff, Hicks (D) 55, Irons (R) 110; county clerk, Kronenberg (D) 53, Murphy (R) 113; treasurer, Benson (D) 52, Sparks (R) 112; drain commission, Rice (D) 54, Barry (R) 110, and surveyor, Lowney (D) 53, Main (R) 111.

Precinct 3 voted 121 for Cole and 104 for Hampton in the uncontested circuit court commission race.

Precinct 3 voted 121 for Cole and 104 for Hampton in the uncontested circuit court commission race.

## New Plates Are Here, but in New Location

**EVERYTHING'S NEW** — John Litsenberger, manager of the Secretary of State license bureau, is shown here standing in the doorway of the new bureau office, 122 West Main, while holding the first 1959 green-and-gold license plate which went on sale last Saturday.

Don't wait until the last day or last week to get your new 1959 license plates!

That's the advice of John Litsenberger, secretary of state office manager here, who started handing out the new plates last Saturday morning.

Unless motorists pick up their registration certificates early and fill them out at home, Litsenberger said, a great deal of confusion will develop — particularly as the deadline for purchasing new plates approaches.

Two factors will add to customer confusion this year, the license official explained. First, the state is not sending out registration certificates, and second, new certificates forms are being used this year.

Customer confusion can be avoided, Litsenberger said, if motorists will pick up the certificates in advance and take them home where they can study the new forms and fill them out.

Actually, the new forms mean less writing — but the motorist must be careful not to fill out the certificate the same way he filled out last year's form, he continued. Just follow the directions, he added.

Area motorists may pick up the certificates and return them at the new license bureau office, 122 West Main. The office was moved from Litsenberger's Center Street service, 340 North Center, to better accommodate customers.

**WORK UNDERWAY** — Re-location of Northville road just south of Seven Mile got underway last week. The \$175,000 project will include a new bridge and about 2,200 feet of new road to the east of the present Northville road. It is designed to eliminate a dangerous curve that has caused several fatal accidents in the past year. The project is scheduled to be completed next year.

## Calendar

**Friday, November 7**  
Mothers' club book sale, Kroger's, 9 a.m. to 9 p.m.  
Ford Girls club dinner, Arbor-Lil, 6:30 p.m.

# about WOMEN

2—Thursday, November 6, 1958—THE NORTHVILLE RECORD

## NEWS AROUND NORTHVILLE

Mr. and Mrs. George Hills returned to their home in Downey, California last Thursday after being house guests of Mr. and Mrs. Fred Van Atta of East Cady street recently. They visited friends and relatives here during their stay.

Mr. and Mrs. Arthur Carlson have returned home after a 10-day vacation at Eagle River, Tomahawk and Athens, Wisconsin. After visiting many old friends and relatives they returned home through St. Paul, Minnesota.

Mrs. Thomas J. Smith of West

Nine Mile road entertained the board of directors of the Northville branch of the Woman's National Farm and Garden association Monday at a tea.

Dick Biery, the son of Mr. and Mrs. Eldon Biery of West Dunlap street; Mary Hill, the daughter of Mr. and Mrs. George Hill of Seven Mile road, and Elsa Couss, daughter of the Walter Cousses of Seven Mile road, were home from their colleges this week end. Dick and Mary are freshmen at Central Michigan in Mt. Pleasant, and Elsa is a freshman at Albion.

Brownie Troop 222 celebrated its second birthday with a party last week. Iva Cox and Susan Schief were accepted as new members and 21 members received their one-year pins at that time. Patty Moase, Linda McBride and Donna Mueller were awarded prizes for their Halloween costumes which were judged by committee member guests.

American Legion Auxiliary President Hazel Wright has returned home from Sinai hospital after surgery. She is recuperating speedily and hopes to be up and around soon.

Thirteen couples attended the Halloween party hosted by Mr. and

Mrs. Wayne McBride of Clement road Saturday evening and enjoyed Halloween games and dancing.

Sunday guests at the home of Mr. and Mrs. Perry P. Taylor of Pennell avenue were Mrs. Taylor's mother, Mrs. John Rogers; her sister, Mrs. H. E. Moore, and Mrs. Arthur Kline of Deerfield and Mrs. Alfred Taylor and children of Detroit.

Girl Scout Troop 226 enjoyed a Halloween party last Wednesday. The girls played games, had cider and cookies and dressed up in costumes.

### P-TA Meeting Date Moved Up a Week

The November meeting of the Northville P-TA has been moved ahead to November 13 in order to coincide with American Education Week.

High School Principal E. V. Ellison will be the main speaker at the meeting, discussing why Northville needed a new high school, and how planning and work on it has been progressing.

Athletic Director A. E. Jones will also speak about the athletic facilities of the new high school.

There will be no meeting in December, the association has announced.

Fred Hart, P-TA vice president and program chairman, and his committee are making plans for a January open house to be held in the new high school.

Second grade mothers will furnish refreshments for next week's meeting.

The program will begin at 8 p.m. in the community building.

### WSG Celebrates 25th Anniversary

The 25th birthday of the Wesleyan Service Guild was celebrated at a dinner Tuesday evening in the Northville First Methodist church.

Special guests were Mrs. Merner Eilber, president of the Women's Society for Christian Service; Mrs. William Cansfield, conference secretary of promotion, and Mrs. Paul Cargio.

Others attending included sponsors, past presidents, charter members, former members and prospective members.

Mrs. Eilber gave the invocation and Mrs. Leland Smith, president of the guild, welcomed members and guests.

Mrs. Jesse Byrd, program chairman, introduced Mrs. Cargio as soloist, accompanied by Mrs. Richard Somers.

The program theme, "This Is Our Life," was arranged by Miss Ethel Cameron, a member of the Northville guild and secretary of the Ann Arbor district.

A review of the "past, present and future" of the guild was conducted by Mrs. Leslie Lee.

Miss Ione Palmer directed a brief memorial service and the evening closed with the singing of the guild hymn.

## Mrs. Conklin Designs For Her Dinner

Six years ago Mrs. Charles Conklin of North Center street started dabbling in ceramics.

Since then her initial curiosity has burgeoned into a full-blown hobby in ceramics and china painting.

"My interest was spurred, I suppose, by the natural reaction of admiring the work of my friends," she says.

"I couldn't begin to count all the things I've made and painted and given away," she adds, "cigarette boxes, ash trays, cover dishes, lace-trimmed figurines, china slip-pers, china dinner services . . ."

But ignoring viewers' acquisitiveness whetted by her lovely work, Mrs. Conklin, who likes the hobby situation as it is, firmly refuses to be tempted into retailing, or even teaching.

She is presently completing patterning and painting a china service for eight for her daughter, and hopes eventually to paint a set of dishes for each of her eight grandchildren.

"Then," she laughs, "the next step is oil painting."

### Family to Attend Anniversary Fete

Mr. and Mrs. Ernest W. Ebert, Jr. and family of West Dunlap street will be among 50 members of their immediate family to attend a 60th wedding anniversary celebration for Mr. and Mrs. J. Lesley Kerr of Highland Park Sunday.

Mrs. Ebert is the Kerrs' only daughter.

Mr. and Mrs. Kerr, 84 and 82 years old, respectively, were married in St. Clair county and have made their home in Highland Park for the past 42 years.

## Garden Club Host For "Guest Day"

Mrs. Hazel Dunlap, member of the J. L. Hudson speakers' bureau, will be the speaker at the "guest day" meeting of the Northville branch of the Woman's National Farm and Garden association this Monday.

The meeting will be held at the home of Mrs. W. L. Howard on Eight Mile road.

Mrs. Dunlap's talk will be "Artistic Table Settings for Modern Living." She will explain the art of table design and arrangements, emphasizing the importance of selecting the correct materials for table settings, and will discuss new trends in color and design for place settings.

Mrs. Dunlap will also outline a history of china and glassware, illustrating it with samples from the J. L. Hudson Galleries.

Assisting hostesses for the meeting are Chairman Mrs. R. J. Wright, Mrs. Harvey Whipple, Mrs. Paul Hoffman, Mrs. R. Button and Mrs. C. R. Ely.

## Legion to Host Convention Here

Local American Legionnaires and ladies of the auxiliary will be hosts to the 17th district convention tonight (Thursday) at 8:30 p.m. in the Veterans' Memorial home.

The posts will convene for their regular meeting and the ladies will hold a school of instruction for all unit chairmen.

The next regular business meeting of the Lloyd H. Green unit will be held next Wednesday at 8 p.m. in the home of Mrs. Bertha Kerr, 211 West Cady street.

Plans for November include a visit next Monday to Maybury sanatorium at 7 p.m. to distribute treats for Veterans' day.

The Veterans' day breakfast will be held at the Legion home Tuesday morning.

The rehabilitation chairman is now purchasing gifts for the annual Christmas "gift shop" to be held at Ann Arbor Veterans' hospital December 1 and 2.

## OLV Altar Society To Meet Next Wednesday

The regular meeting of Our Lady of Victory Altar Society will be held next Wednesday at the church social hall.

Hostesses, Mrs. Kerner, Mrs. Terrell and Mrs. Marburger will serve a dessert luncheon at 1:30.

Members are asked to bring colored yarn, old Christmas cards and darning needles in preparation for the society's Christmas party at Northville State hospital.

## Methodist WSCS To "Meet the Press"

The November meeting of the WSCS of the Northville Methodist church will be held next Tuesday at 12:30 p.m.

Luncheon will be served by the Neal Circle.

Mrs. Robert Beasley will have charge of the program titled "Meet the Press".

The prayer group will meet at noon.

## Newcomer's Corner

"I look upon every day to be lost, in which I do not make a new acquaintance."

—Samuel Johnson

AT HOME — The Philip Nauman family find that an indoor fireplace goes well with the great outdoors they all enjoy. They are (left to right): Judy, Mr. Nauman, Bob, Barbara Lee and Mrs. Nauman.

They're all good scouts, the Philip Naumans.

Daughter Barbara Lee, 20, a junior education major at Eastern Michigan college, was a girl scout camp counselor last summer. Daughter Judy, 17, a senior at Northville high school, had been a

girl scout herself until this year. Bob, 15, a sophomore at Northville high, is considering joining the Explorers troop, and Mother and Dad have years of work with youth groups to their credit, ranging from scout mastering and den mothering to brownies, girl scouts and church groups.

It follows naturally that the Naumans are enthusiastic about outdoors activities.

"There's so much to do outdoors in Northville," Mrs. Nauman says,

Settling down with singular vigor — "It's more interesting to keep busy," says Mrs. Nauman — the Naumans are members of the Northville Presbyterian church, P-T-A, have helped with the polio clinic, and enjoy the many school activities for students.

Bob is on the junior varsity football team at school, and Judy was a candidate for homecoming queen this year.

As far as they know, the Naumans' only complaint here comes from Judy, her mother says, who misses the old field hockey team "back home".

**REYNOLDS WATER CONDITIONING CO.**  
(Michigan's oldest and largest manufacturer of water conditioning equipment...since 1933)  
12100 Cloverdale, Detroit 4, Mich.

"we deliberated a long time before making the move, but finally decided we liked the suburban spaces, living out in the country but not too far from the city."

They moved into Connemara Hills early in September from northwest Detroit.

Besides suitability for their extracurricular interests, the family's move was prompted by Mr. Nauman's job transfer with Western Electric, where he is a supervisor.

Dr. James Harris will show slides of the Arctic Circle at the meeting.

Vistors as well as members are invited to attend.

Mr. and Mrs. Clifford Shoebridge of Plymouth announce the birth of their first child, a son, Clifford Michael, born October 31 at New Grace hospital in Detroit. Clifford weighed seven pounds, six ounces on arrival. Mrs. Shoebridge is the former Marlene Coykendall, daughter of Mr. and Mrs. Guy Coykendall of West Seven Mile. Paternal grandparents are Mr. and Mrs. George Shoebridge of Beck road.

## Don't Forget!

Kroger's, from 9 a.m. 'til 9 p.m., Fri., Nov. 7—Used Book Sale given by Northville Mothers' Club. All types of reading.

## Church Group Collects Books At Winter Tea

The Presbyterian Women association will sponsor a book collection in conjunction with their annual tea to be held December 12, with the theme "Give a Book to Give a Child a Merry Christmas".

Members will collect used and new children's books for distribution to children of the East Side Presbyterian parish in Detroit, for children at Maybury sanatorium and for Children's hospital in Detroit, among other needy groups.

Books can be turned in at the tea or to members of the association before that time, and will be accepted from any donors.

The association urges that church families contribute at least one book, and asks that they be gift wrapped with title, author and reading level labeled.

Books will be accepted for pre-school through high school readers. The association traditionally sponsors a service project along with the tea each year. The present book collection is the group's first such project.

The tea will begin at 1 p.m. and will be held in the Presbyterian church.

## Dance Class Open To New Applicants

The Novi Cooperative modern dance class which opened for its second year last week is still accepting new applicants.

The 19 children enrolled so far have been grouped into two classes, ages 4-6, meeting at 10 a.m. every Saturday, and ages 6-13 at 11 a.m. the same day.

Instructions continue throughout the school year and will be divided into six-week sessions.

All Novi school children — boys as well as girls — are eligible to attend.

For more information call either Mrs. Walter Fried at GR-4-8834 or Mrs. David Pinner at GR-4-2302.

## Club to See Slides On Arctic Circle

The Northville Adult Camera club will meet next Wednesday at 7:45 p.m. in the Northville library.

Dr. James Harris will show slides of the Arctic Circle at the meeting.

Vistors as well as members are invited to attend.

## Births

Mr. and Mrs. Clifford Shoebridge of Plymouth announce the birth of their first child, a son, Clifford Michael, born October 31 at New Grace hospital in Detroit. Clifford weighed seven pounds, six ounces on arrival. Mrs. Shoebridge is the former Marlene Coykendall, daughter of Mr. and Mrs. Guy Coykendall of West Seven Mile. Paternal grandparents are Mr. and Mrs. George Shoebridge of Beck road.

MOTHERS' CLUB members prepare for their used book sale Friday to be held from 9 a.m. to 9 p.m. at the Northville Kroger store. Looking over copy of "The Saracen Blade" are (left to right): Mrs. Essie Nirider, Mrs. Karl Karg, Mrs. L. Gingell, Mrs. C. W. Rodgers and Mrs. William Weidner.

## Mothers' Club Aids Schools Every Year

Since its founding 23 years ago, the Northville Mothers' club, a service organization assisting local schools, has raised money or contributed equipment to Northville schools annually.

Past projects, ranging from rummage and bake sales to dances and book sales, have made possible many donations including playground equipment, library books, milk fund and financial aid to the band.

Proceeds from this season's used book sale project will be used to purchase an opaque film projector and to finance the furnishing of a teachers' room at Amerman school.

The book sale will be held tomorrow (Friday) at Kroger's from 9 a.m. to 9 p.m.

Used books of all kinds will be sold.

## Explorers to Collect Papers, Magazines

Explorer Scouts of Post 755, sponsored by the Men's club of the First Presbyterian church, will canvass for newspapers and magazines in Northville next Saturday, November 15.

For pick-ups outside the Northville city limits residents should telephone Joe Petrock at FI-9-2832 or Ralph Gallagher at FI-9-1098. Funds raised in the program will be used to expand the vocational and scientific programs of the post.

## WINTER READING!

Northville Mothers' Club USED BOOK SALE! Friday, Nov. 7th at Kroger's from 9-9. Children and adult books.

Fieldbrook 9-3677

DRESSED UP for Halloween! Bel-Nor's corps of waitresses dressed up for the occasion last Friday night greeting their customers in special Halloween costumes. Shown left to right are: Elsie Hall, Ruth Ritchie, Margie Mapes, Jane Folino, Zodie McBride and Mardue Hood.

**NORTHVILLE CRUISER** — If you happen to see a yacht anchored in Havana, Bimini, Nassau, the Bahamas or Key West this winter with "Northville, Michigan" lettered across its stern, don't be surprised. Undoubtedly, it will be Mr. and Mrs. C. E. Langfield who intend to spend a great deal of time enjoying their new 26-ton yacht this winter. Now in Miami attending the Southern Dairy convention in the interests of his business, Northville Laboratories, Langfield is particularly enthusiastic over the features of the "No-La-Van" which include two 300-horsepower diesel-turbo engines, air conditioning, television, Hi-Fi, FM and AM radio, ship-to-shore phone, automatic pilot and room to sleep 10 persons.

#### ADVERTISEMENT for SUPPLYING PIPE AND VALVES for the CITY OF NORTHVILLE, MICHIGAN

Sealed proposals will be received by the City of Northville, Michigan at the office of the City Clerk, City Hall, Northville, Michigan up to 3 P.M. Eastern Standard Time, on November 10, 1958 and promptly thereafter the proposals will be publicly opened and read aloud.

Bids are solicited on the basis of unit prices for each item supplied and with a total cost for all items listed.

Bidders shall supply the following:

QUANTITY	ITEM
2	6"x8"-8" Flgd & Victaulic shoulder or plain end

## Methodists Plan December Bazaar

Parishioners of the Northville First Methodist church will hold their annual smorgasbord-bazaar December 2, publicity and decorations Chairman Mrs. Robert Beasley announced this week.

Theme of the bazaar will be "An Old Fashioned Country Store". Church men's, women's and youth group members, dressed in period costumes will plan and supervise several concession booths.

Mrs. William Walker will head the Filkins Circle "Pantry Shelf" project.

Mrs. Laura Gotts, assisted by Tremper Circle will set up a needle-work and fancy-work display.

Mrs. Marjorie Lanning and Neal Circle have prepared an apron booth.

Mrs. Douglas Bolton will direct the Seelye Circle doll clothes and Christmas decorations attraction.

Claude Morgan will head the Men's club project.

Both junior and senior Methodist Youth Fellowship groups will also participate.

Mrs. Louise Cansfield is dinner chairman for the event, and Mrs. Oscar Hammond in charge of ticket sales.

## Council Feels Pinch

(Continued)

ment has ruined new paint on their house, they indicated. They also pointed out that their garage had been raised after the city promised to fill their driveway to street level early this year, but that it had not been done.

Councilmen finally instructed the city manager, who stated that lack of funds and personnel prevented doing such projects, to hire additional public works men to complete several such jobs before winter.

In a lengthy session with Walter Kaiser and Mrs. Harry Wagenschutz of the Wayne county library board, the council learned that the reason for a 400 percent boost in its library cost was the assessed valuation increase placed on out-county Wayne by county assessors in 1957.

After strong questioning, particularly by Councilman Canterbury, the council decided to study the possibilities of reducing the services within the library. Kaiser informed the body that "services can be reduced to fit your ability to pay."

Irene McCormick, Mitzi Olsen and Bernice Canefax attended the ladies' day luncheon of the Torch drive at the Masonic Temple in Detroit on Monday afternoon.

## Wixom Resident, 93, Dies in Pontiac

Wixom's oldest resident, William Baum, 31250 Wixom road, passed away October 26 at Pontiac Osteopathic hospital. Baum, 93, had been ill one week.

The well-known Wixom citizen had lived most of his life in the community where he was a farmer.

Mr. Baum was born in England, January 8, 1865 and came to this country at an early age.

He is survived by his wife Tillie (Davis) Baum. His only daughter preceded him in death.

He also leaves two grandchildren and seven great-grandchildren.

Funeral services were held October 29 from the Richardson-Bird chapel in Walled Lake, conducted by the Rev. Edmund Caes, pastor of the Wixom Baptist church of which Mr. Baum had been a member.

Burial was in New Hudson cemetery.

## Navy Commander Speaks To Exchange Club Here

Commander Leo R. Schwabe, U.S. Navy, was the guest speaker at the regular Exchange club meeting Wednesday at the Methodist church.

The navy officer, who is in charge of U.S. Navy recruiting for the state of Michigan, spoke on "Mobile Power for Peace".

Born in Grand Rapids, Commander Schwabe graduated from Grand Rapids junior college and later from the U.S. Naval Academy, class of 1938.

He served in the gunnery departments of two battleships during World War II, and he was the executive officer of a navy oil tanker and commanding officer of a refrigeration ship during the Korean war.

### USED BOOK ?

Call FT-9-0670 to donate used Puzzles, Comics and Paperback Books for Northville Mothers' Club Book Sale Friday, Nov. 7th at Kroger's, 9-9.

## Schools Observe Education Week

School tours, parent-teacher conferences and several educational talks are planned here in conjunction with American Education Week November 9-15.

Northville schools will be open to visitors throughout the week, although there will be no official "open house" until the new high school is opened in February.

On Thursday, November 13, Elroy Ellison, Northville high school principal, will speak at the monthly P-TA meeting on development of the new high school. Al Jones, Northville coach, will talk on athletic facilities at the new high school.

Parent-teacher conferences will be conducted at both the Main street elementary and Amerman elementary schools November 13 and 14.

Two Northville teachers will speak before local groups throughout the week on "Art, Science and Education". They are: Gene Quay, Northville high school science teacher, and John E. Van Haren, Northville high school arts and crafts teacher.

Van Haren is chairman of the American Education Week program in Northville.

Talks are scheduled November 11 before the Rotary club, November 12 before the Exchange club and November 19 before the Optimist club.

As an example of community interest in the schools, Chairman Van Haren pointed out that a curriculum study committee is meeting regularly to prepare a suggested elementary school curriculum.

Anyone interested in the group's work, Van Haren said, may contact Mr. and Mrs. William Becker.

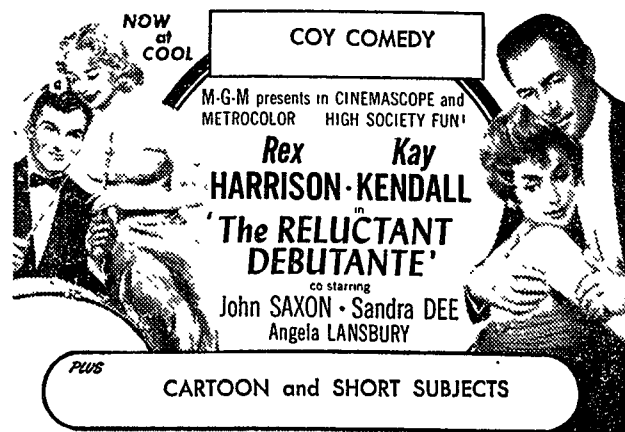

This lineoleum block sketch was prepared by John E. Van Haren, Northville high school arts and crafts teacher, and chairman of the American Education Week program.

# Mustangs Aim at First Perfect Season

## Swamp Clarkston, 47-0 In 24th Straight Win

Displaying near-perfect football both offensively and defensively, Northville rolled to its 24th straight league victory Friday night crushing Clarkston, 47-0.

With an open date this week and the high-riding Mustangs must fight over-confidence as their biggest stumbling block to a perfect season.

Howell and Clarenceville, each winners of but a single game, are Northville's final two opponents of the season.

A sweep of these games could mean the first undefeated, untied season in the history of the school. At least there has been no local team as far back as 1930 that can boast of such a mark.

Best previous record hung-up by a Northville team was in 1950 when Al Jones' gridders were tied only by Plymouth, 0-0.

For Coach Ron Schipper the realization of a perfect season will come after two frustrating years when

the Mustangs' only loss was by a single point to Plymouth. This year Northville conquered this jinx with a 12-6 win in the season opener.

Friday night at Clarkston the Mustangs again showed they have a genuine desire to play football. "This is really what makes them great," said Coach Schipper. "They all like to play ball — Friday night they ran, blocked and tackled viciously."

Northville's entire bench saw action and proved equally effective against hapless Clarkston. Coach Schipper gave every player an opportunity to play on both offense and defense.

Bob Starnes and Spike Walker continued to be Northville's top performers on offense. Starnes scored on runs of 71 and 20 yards, while Walker plunged over from the one to make the score 21-0 at the end of the first period.

Jeff Goodrich and Gary Morgan added touchdowns in the second quarter to give the Mustangs a 34-0 halftime lead. Goodrich scored on an eight yard pass from Fred Schwarze, while Morgan broke away for a 20-yard jaunt.

Clarkston started out as if they might move the ball. Two running plays produced a first down, but the attack ended right there for the entire evening.

Clarkston made only three first downs and wound up with a total offensive of 47 yards gained. Two completed passes accounted for 45 yards as the stubborn Mustang line held Clarkston to a total of two yards on the ground.

Meanwhile, Northville racked up 109 yards passing and 259 yards on the ground for a total offensive of 368 yards.

Walker and Jim Strange picked up Northville's scores in the second half on runs of eight and seven yards, respectively. Center Wade Deal kicked four out of six of the extra points.

Northville wasn't forced to punt all evening and rushed the Clarkston punter consistently resulting in a 13.6 yards average for seven punts.

Coach Schipper called the game one of the best team efforts, and singled out Tackle Nelson Schrader and Fullback Walker for outstanding defensive performances.

Mr. and Mrs. Earl Barnes attended a dinner in honor of the 25th anniversary of the ordination of Father William Swift last Sunday. The dinner was held at St. Pius church in Wyandotte.

Mr. and Mrs. Clifford Bunker had houseguests last week. Mr. and Mrs. Layne Robinson of Neenah, Wisconsin have been visiting them.

**COLT GRIDDERS** — Northville's junior varsity football team is enjoying a winning season under the tutelage of Coach Joe Wilkinson. With a 5 and 1 win record to date the Colts wind up the season next Tuesday at Clarenceville. Squad members pictured above are (left to right seated): John Engel, George Howell, James Petrock, Michael Adas, George Kucinskis, William Johns, Jerry Biddle, William Milne, Russell Atchison and Walter Doan; (kneeling): Fred Strautz, Richard Bathey, Bud Adas, Dennis LaRoque, Richard Kerozek, Robert

Mathews, Steven Barnard, William Chapple, Robert Earehart, Richard O'Hare, Robert Nauman and William Trotter; (standing): Coach Wilkinson, Thomas Slattery, Robert Hallam, Dennis Templeton, Dean Herman, Ivan Ely, Robert Stuber, Gerald Forbes, Michael Slattery, Terry Cherney, Paul Rumble, Steve Juday, Manager Jerry Jerome and Assistant Coach Edward Moran. Manager Marvin Lemmon is missing from the picture.

### 6th in State

Northville's undefeated football team was doing all right in state polls as well as on the field this week.

The Mustangs were ranked second in the suburban-team ratings for class B schools, trailing only River Rouge in the standings. In state ratings for class B schools Northville is ranked in sixth position with East Lansing number one.

### Mustangs Clinch Tie for W-O Title

West Bloomfield stayed right on Northville's heels in the race for the Wayne-Oakland league crown by defeating Bloomfield Hills in a close game Friday, 21-19.

The Lakers' only loss was a one-point thriller to Northville, 27-26, and they remain as the only threat to a clear-cut title claim by Northville. The Mustangs would have to lose to Clarenceville to allow West Bloomfield to share league honors.

In other league games last week Brighton, victims of Northville and West Bloomfield, downed Clarenceville, 49-6. Holly kept Milford winless in league play with a 25-20 victory.

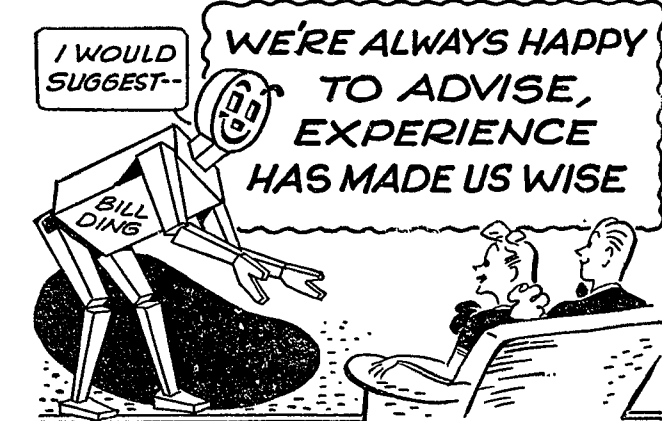

Northville has an open date this week. Coach Ron Schipper and his staff will scout Howell — the Mustangs' November 14 opponent — in its game with Mason. Howell has a record of one win and six losses.

### Colts Keep Pace With 21-13 Win

Northville's junior varsity grid-ders followed the lead of the Mustangs by downing Clarkston at Ford field Tuesday night, 21-13. The win gave the Colts a record of five wins against one loss.

Bud Adas, Bob Stuber and Steve Juday scored for the Colts. Adas sneaked over from the 2-yard line in the second quarter to give Northville a 7 to 6 halftime lead. Stuber scored the first extra point on a pass from Juday.

Clarkston's conversion try following a second quarter touchdown was blocked by Terry Cherne.

Stuber's third-quarter score came on a 50-yard pass play from Juday with Bill Trotter kicking the extra point. The score was 14-13 going into the final stanza as Clarkston matched Northville's third period tally and conversion.

A two yard plunge by Juday gave the Colts their final score as Trotter again converted.

Coach Joe Wilkinson's gridders will close the season at Clarenceville next Tuesday.

### Faster Mail Service Promised for Area

Northville, Novi and Wixom area residents will benefit by a new metro mail plan aimed at providing "next day" letter service, postal authorities announced this week.

More than four million people throughout the 7,000 square mile Detroit metropolitan area are affected by the speedier service, which was officially started October 20.

Local postmasters have been sending and receiving test letters for the past eight weeks as a postal shake measure.

Under the new service, first class letters deposited before 5 p.m. on week days will be delivered to their destinations within a nine-county Michigan area. Other counties include Genesee, Lapeer, Livingston, Macomb, Monroe, St. Clair and Washtenaw.

The "thumb" area also will receive substantial service improvements.

Hours of duty have been increased in many Michigan post offices and later mail collections established to guarantee the next day service.

## 1—CARD OF THANKS

I would like to thank my many friends and relatives for their cards, calls, gifts and flowers during my stay in the hospital.

Marge Fritz

Betty and Starr Heliker would like to thank everyone connected with the aid given her at the scene of Mrs. Heliker's accident on October 13, 1958 at 12 Mile and Haggerty roads. Especially the Novi police, the woman who called for aid, Harrowood's, and the construction workers at the scene.

## 2—FOR SALE—Real Estate

BEAUTIFUL homesite, 2 half-acre lots in best residential section, 1 mile from center of Northville. Woodhill nr. W. Main St. GL-3-6183.

## 2—FOR SALE — Real Estate

### 31 ACRES

Big frontage on black top. Small spring fed lake. Barn. High and dry. Many uses. \$3,000 will handle. E-Z way to make money on this one.

\$2500 dn. — \$65 mo. on this modern 4 bd. rm. in the country. Move in soon.

For only \$1100 a dandy 95x300 lot can be yours. Or another with a 4" well for only \$2000.

Northville commercial property? I have it.

A \$ (or more) sent to Rose Sessions, Treas. "Kim Smith Fund" is for a worthy cause (but a story in this week's paper). \$ given this way comes back in joy to the giver — why not do it now? The "Hello" girls will say thanks, too. And eat spaghetti also on Sat. eve.

Caut: Believe I am coming down with "Buck Fever". May be have to be in the "Fresh Air Hospital" for 10 days or 2 wks. Buy this week — maybe I will feel better while confined.

## Minutes of The Novi School Board

September 17, 1958  
A special meeting was called to order at 8:15 p.m. by the president, Mr. Heslip.

Present: Heslip, Taylor, Crawford, Erwin, Bernard, Dr. Medlyn and Mrs. Bernard.

A discussion of requests to the board for admission of tuition students from other districts and verbal annexation requests resulted in no formal action, pending formal requests for such action.

Clarification of gasoline bids read at the meeting of September 10, 1958, was given by Dr. Medlyn, and the award was made to Valvoline Oil Co., based upon their submission of one of the two low bids of \$1.61-per gallon.

Dr. Medlyn was requested to secure bids on the sodding of the area surrounding Unit A at the Orchard Hills school.

Following the request of the board, a list of suggested reference books for the new Orchard Hills school library and percentage classifications of other books, together with the number of units within each field was presented by the librarian. Amplification of the list was requested, together with several specific questions, which were to be answered by Dr. Medlyn at a future meeting. The meeting was adjourned by Mr. Heslip at approximately 11:30 p.m.

September 24, 1958  
A special meeting was called to order at 8:10 p.m. by President Heslip.

Present: Heslip, Crawford, Erwin, Taylor, Bernard and Dr. Medlyn. Also present were Mrs. B. Weisberger, Mrs. Bernard and Mr. G. Mairs.

The voting in the special election held on September 22, 1958 to determine whether or not an additional 2 1/2 mills should be levied in each of the next five years for operational purposes, was canvassed by the board with the following results:

Votes for the proposal, 202.  
Votes against the proposal, 201.  
Spoiled ballots, 12.  
Total ballots cast, 415.

Dr. Medlyn was instructed to notify the township and county officials of the result of said election.

The resolution to certify the above results was offered by Erwin, supported by Taylor. Motion carried unanimously on a roll call vote. A further discussion of outside requests for acceptance of tuition students and possible annexation requests resulted in no formal action, pending receipt of written requests for such action.

A letter from Mr. Bernard Weisberger, criticizing board policies and suggesting programs of future policy was read and discussed. Mr. Bernard was instructed to draft a reply for the consideration of the Board.

September 24, 1958  
Mr. Crawford stated that he felt that the Board had worked at producing an improved system for many years. After a short discussion, the Secretary was instructed to prepare an answer to Mr. Weisberger's letter and to submit the reply to the Board for approval.

Mrs. Weisberger, present at the meeting, questioned the annual sale of magazines by the school children and said she did not feel it to be a proper school activity because of the commercial basis of the promotion. The sale was defended by Mr. Taylor as one which taught salesmanship and encouraged initiative, and also by Mr. Medlyn, who said that it developed school spirit.

The Board, in answer to a question by Mr. Medlyn, reaffirmed the policy of requesting competitive bids for all capital outlay items, and granted the Superintendent authorization to make direct purchase of all needed non-capital supplies for the Orchard Hills School. Mr. Medlyn reported a delay in the transfer of children to the Orchard Hills school until the week of September 29, when painting would be completed.

The Secretary read a letter from Civic bank DeCou and Soullier, confirming that the Atkin-Fordon insurance policy covering the Orchard Hills school does contain a hold-harmless clause covering the concurrent use of the building for school purposes.

Mr. Mairs suggested that long-range action be taken to encourage people living on the fringe of the district to become interested in joining our district.

The meeting was adjourned by President Heslip at 11:15 p.m.  
Kenneth Bernard, Sec'y.  
Novi Community School District

October 1, 1958  
A special meeting was called to order at 8:05 p.m. by Mr. Heslip. Present: Heslip, Taylor, Erwin, Crawford, Bernard and Medlyn. Also present were Mr. and Mrs. V. Noble, Mr. D. M. Parkinson and Mr. F. Yerkes representing petitioners for a recount of the September 22 special election, together with other visitors.

The Board of Education validated the recount petitions circulated by Mr. Koester, Mrs. Noble and Mr. Parkinson as containing at least 42 signatures of qualified registered voters.

Mrs. V. Noble, Mr. D. M. Parkinson, Mr. Crawford, Mr. Taylor, Mr. Erwin and Mr. Bernard were sworn in as election inspectors and Mr. Heslip, in turn was sworn in as chairman by Mr. Bernard.

The ballot box was unsealed and with Mrs. Noble and Mr. Erwin tallying, and with Mr. Parkinson, Mr. Yerkes (acting as legal observer for the petitioners) and the board of education inspecting each ballot the votes were recounted with the following results:

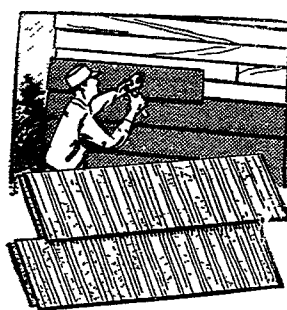

Votes for the proposition	207
Votes against the proposition	204
Spoiled Ballots	4
Total Ballots Cast	415

This result was affirmed by the signatures of the election inspectors, on the statement sheet and all pertinent documents were deposited, according to the law, in a sealed ballot box. Mr. Medlyn was instructed to notify the township and county officials of the results.

The attached (copy available for inspection in Board files) resolution pertaining to the recount was offered by Erwin, supported by Taylor. Motion carried.

There being no other business, the meeting was adjourned by President Heslip at 11:25 p.m.

Here's how  
to Snug Up  
for Winter

**PLAN BENEFIT** — Heaps of spaghetti will be dished out this Saturday night at the American Legion building as friends of Mr. and Mrs. Bill Smith attempt to raise funds for the troubled family. The Smiths, who reside at 48500 West Nine Mile road, learned last month that their 18-months-old daughter, Kim, was a victim of leukemia. Hospital and medical expenses have mounted quickly. Financial help has come from friends and local organizations, the latest from the VFW and the First Baptist church. The benefit dinner will be held from 6 until 8:30 p.m. Above (l. to r.) Mrs. Earl Sessions, Mrs. Monroe Weston and Mrs. Wilbur Bachelor go over menu plans.

**HAPPY OCCASION** — It was a big night for Northville Democrats last Thursday as they received their official Democratic club charter from Governor G. Mennen Williams. Looking on as Mrs. C. E. Woodruff accepts the charter from Governor Williams (l. to r.) are Edward Castle, George Bennett and Aubrey French. The enthusiastic rally, attended by some 200 local Democrats proved an accurate forecast of things to come as Governor Williams swept into his sixth term of office at the polls Tuesday.

## O.E.S. Chapter No. 77 Holds Officer Installation Ceremonies

The 68th annual installation ceremony of Orient Chapter No. 77, O.E.S., will be held tomorrow (Friday), 8 p.m., at the Masonic Temple.

New officers, elected at the annual meeting last week who will be installed for the 1958-59 term, include: Worthy Matron Miss Elsie Woodruff, Worthy Patron Earl Gray, Associate Matron Mrs. Evelyn Patterson, Associate Patron Leo Patterson, Secretary Mrs. Ida Cooke, Treasurer Mrs. Martha Haws, Conductress Mrs. Marian Hawbecker, Associate Conductress Mrs. Juanita Smith, and Chaplain Mrs. Beatrice Boldt.

Others include Mrs. Adeline Borowski, marshal; Marian Boyd, organist; Mrs. Marion Green, Adah; Mrs. Orpha Moshimer, Ruth; Mrs. Anne Quinn, Martha; Mrs. Francis Tewksbury, Electa; Mrs. Emily Woodruff, warder, and John Borowski, sentinel.

The installing staff of Michigan Grand Chapter officers includes Russell C. Munroe, worthy grand patron; Mrs. Sally Wallace, worthy grand organist, and Richard L. Fisher, worthy grand soloist.

Others participating in the installation of auxiliary officers are Mrs. Maude Regula, P.M., of Victoria chapter, Redford; Mrs. Doris Atwood, P.M.; Ray Van Valkenburgh, P.P., and Mrs. Lydella Ely, P.M.

## Obituary

### EMILY A. LEWIS

Mrs. Lewis, 9660 West Six Mile road, Salem township, passed away October 30 at St. Joseph Mercy hospital in Ann Arbor, after a six months illness. Mrs. Lewis was born November 19, 1882 in Norway, Michigan, the daughter of Hans Christian and Katherine Lewison. Her husband, Charles W., died in 1948. They were married October 28, 1901. Mrs. Lewis is survived by a stepson, LaVerne Lewis, of South Lyon; a sister, Mrs. Rena Russell, of Northville; a nephew, Winn Russell, of Howell, and a granddaughter, Sharon Lewis. Mrs. Lewis made her home in Salem township for the past 50 years. From 1942 to 1952 she worked as an attendant at the Wayne County Training school in Northville, and has been employed there as a practical nurse since 1952. She was a member of Salem Congregational church and the Worden Extension club. Funeral services were held November 1 from Dempsey B. Ebert Funeral home. The Rev. Virgil King of Salem officiated. Interment was in Cherry Hill cemetery.

### JAMES A. NIX

James Nix, 1606 Pingree, Lincoln Park, passed away suddenly in Northville November 2. Mr. Nix was born May 5, 1875 in Atlanta, Georgia the son of Thomas and Martha Nix. He is survived by four sons, LeRoy of Lincoln Park; Louis E., of California; Eugene F., of Ypsilanti; and Charles L., of Fort Smith, Arkansas. He also leaves 10 grandchildren and eight great-grandchildren. Funeral services were held November 4 from the Dempsey B. Ebert Funeral home. The Rev. Paul Cargo, pastor of the Northville First Methodist church, officiated. Interment was in Rural Hill cemetery.

Miss Elsie Woodruff

Earl Gray

## Jack Hoffman Takes Over Record-News Editor Post

Jack Hoffman

Jack W. Hoffman assumed duties last week as news editor of The Northville Record and Novi News. He replaces Robert Webb, editor for the past two years and now on the staff of The Detroit Free Press. Hoffman comes to The Record from the Saginaw News where he worked for the past year and a half as police and business reporter.

A graduate of Flint junior college and the University of Michigan, Hoffman is a native of Flint. He served as an infantry sergeant from 1952 to 1954 with duty at Camp Desert Rock, Nevada during the atomic cannon tests.

He received a certificate in journalism from the university and is a member of Sigma Delta Chi, national journalism fraternity.

Hoffman married his wife, Joan, while both were in the armed services in 1954. They have three children, Deborah, 3; Mary, 2, and James, six months. The Hoffmans reside at 224 Linden.

## Democratic Club Officers Named

Permanent officers of the Northville Democratic club were elected this week according to the charter which was presented to the organization last Thursday by Governor Williams.

Chairman Alice Woodruff and Secretary-Treasurer Aubrey French replace provisional officers Francis Gazlay, Herbert Koester and Alice Woodruff.

The club wishes to credit Herbert Koester and Donald Reed for their early efforts for the formation of the organization and for helping achieve the standards necessary for a charter, Mrs. Woodruff declared.

## Salvation Army Fair Coming Up Next Week

The annual fair of the auxiliary of the Salvation Army of Detroit will be held at the Detroit-Leland hotel Thursday, November 13 from 9 a.m. until 9 p.m.

An invitation to all area residents to attend the event has been issued by Mrs. Charles Crawford, South Lake drive, in Novi. Mrs. Crawford has been an active worker in the auxiliary and points out that the annual fair provides the funds for the various projects of the auxiliary.

## Local Legion Post Plans Flag Program

Climaxing Veterans' Day activities planned next Tuesday by the Northville American Legion post will be the annual flag burning ceremony in front of the Veterans' Memorial hall.

Local American Legion members will burn old American flags no longer fit for display following a special ceremony beginning at 7 p.m.

The ceremony is one of a number of activities planned by the post. Other activities include the annual Veterans' Day pancake and sausage breakfast, which will begin at 5:30 a.m. and the flag raising ceremony at 7:30 a.m.

The flag burning program will include the inspection and flag burning approval by post officers, a prayer by the post chaplain, color guard presentation of arms, and the actual burning.

Persons having old grave or display flags for disposal are asked to leave them at the Memorial hall anytime before 6:30 p.m. Tuesday.

## Eagles, Auxiliary Aid Youth of Italy

The Northville Aerie and auxiliary of the Fraternal Order of Eagles are participating in the organization's nation-wide drive to aid the youth of Italy.

Jack Allison and Erna Perez, presidents of the local organizations, announced this week that members of the Aerie and auxiliary have contributed funds through the American relief agency, CARE, to establish an "Eagle House" training center in the waterfront area of Naples, Italy.

Located in the famed orphan home of Casa Materna, the Eagle House will provide the tools and equipment to make possible the first training center in southern Italy for radio and television repair.

## Area Lions Chapter To Receive Charter

The newly established Wixom-Walled Lake Lions club will meet at 7:30 tonight (Thursday) at the Walled Lake VFW hall to plan the program for the charter night meet next Tuesday.

A representative of the Huron Valley Lions club — sponsor of the Wixom-Walled Lake club — will be on hand at tonight's dinner meeting to help set up next week's program, set for 7:30 p.m. at the Walled Lake high school.

Tentative program plans include welcoming addresses by the Wixom and Walled Lake mayors, a guest speech by Robert D. Wyatt, international Lions club counselor, and presentation of the charter by Charles K. Lincoln, Lions district governor.

Harold Pocklington, international counselor and director of the Leader Blind school at Rochester, will be the master of ceremonies for the program. The Rochester Clowns will act as tail twisters.

## A PLAIN HYPOCRIT

Recently I stopped into a showroom to look over the new Plymouth.

Certain models have a decorative tire mold on the trunk cover. I asked the dealer whether the tire was encased in it. "No! That's just a hypocrit!" he replied. In other words — it was not what it professed to be. During the earthly ministry, the Lord Jesus had some very sharp words for hypocrites. He denounced their pious hypocritical acts in no uncertain terms. He made it plain that He had no use for hypocrites. I am positive that when He sits as Judge of all the Universe, He will not have changed His mind about them. Every false professor of religion will be unmasked at the judgment seat. They may have fooled men who look only upon the outward appearance, but they shall not fool Him. They will never be allowed to enter heaven. Now, perhaps there is some reader who has used the presence of hypocrites in the Church, (and what Church doesn't have at least one) as your reason for rejecting Christianity and the Church. My friend, let me give you some good advice. If you do detect a hypocrite, then you had better get right with God or you will be spending eternity with them. Think it over!

BIBLE SCHOOL — 10 A.M.

## Local Men to be Installed At Scout Dinner Tonight

Twelve Northville men were among the new officers and members-at-large named recently by the Sunset District Boy Scouts of America.

One of three elected vice chairmen is Northville City Attorney Philip R. Ogilvie.

Chris Hammond has been named council representative, and members-at-large from Plymouth and Northville elected for 1959 include: Philip Fisher, Roy Stone, Philip Ogilvie, Arthur Schmutz, Ed Welch, Rev. John Taxis, Wilson Funk, Clarence Jerome, Louis B. Fox, Clayton Luther and F. Harger Green.

Horace Cook of Garden City was elected district chairman. Other vice chairmen are Robert F. Ritzheim of Garden City and Leo D. Roach, Sr. of Romulus.

Other council representatives include Kenneth L. Hulsing of Plymouth, Theodore Kuckelman and Chester Smith of Wayne.

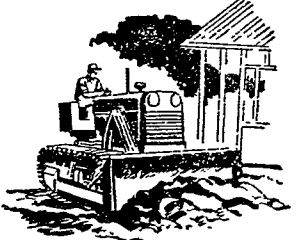

Installation of these officers will take place at the district annual meeting tonight, Thursday) in Plymouth community junior high school.

The meeting will be preceded by a pot-luck dinner for 400 adult scouts and their wives.

Highlight of the meeting will be the presentation of Silver Beaver awards.

These are the highest awards that the Detroit Area Council can give and are always a surprise to the recipients.

They will be presented by Lloyd Smith, an executive board member of the Detroit Area Council, who will be master of ceremonies at the event.

## NOTICE OF PUBLIC HEARING NORTHVILLE COMMUNITY BUILDING MONDAY, NOVEMBER 10, 1958 — 8:00 P.M.

The Northville Planning Commission, on its own motion, has proposed the following amendment to the Zoning Ordinance for the City of Northville:

That the use restriction placed upon the following described property presently zoned T-1, which limits the use of said property for the stabling of horses to the time when racing is actually being conducted in Northville and fifteen (15) days prior and fifteen (15) days subsequent thereto be removed so as to permit the same use of this property as is allowed in the balance of the T-1 district.

Legal description of the affected property is:

That part of Lots 230 and 231 of Assessor's Northville Plat No. 3 which lie 450 feet West of Sheldon Road.

This is the property which lies West of Sheldon Road and South of Edward N. Hines Drive.

A Public Hearing will be held at the time and place specified above for the purpose of hearing any persons in support of, or opposition to the proposed amendment and its called pursuant to the provisions of the Statute in such case made and provided.

(Signed) T. R. CARRINGTON, Chairman  
Northville Planning Commission

## ADVERTISEMENT for INSTALLING FENCING for the CITY OF NORTHVILLE, MICHIGAN

SECTIONS 1 AND 2  
Sealed proposals will be received by the City of Northville, Michigan, at the office of the City Clerk, City Hall, Northville, Michigan, up to 7:30 P.M. Eastern Standard Time, on November 10, 1958, and promptly thereafter the proposals will be publicly opened and read aloud.

1. The work shall consist of installing approximately 660 ft. of 6 foot high chain link fence with 3 strands of barbed wire around the City Reservoir. Installation includes 12 foot gate.
2. The work shall consist of installing approximately 250 feet of 6 foot high chain link fence with 3 strands of barbed wire at the entrance to the City Sanitary Fill. Installation includes 12 foot gate.

Bids are solicited for the work under this contract on the basis of unit prices for each item installed and with a total estimated cost for the entire work.

The right is reserved by the City of Northville to accept the lowest qualified bid, to reject any or all bids, or to waive informalities in bidding in the interest of the city.

## School Officials Outline Plans for Move in February

Eighth grade students will be included in the transfer of students from the present building to the new high school early next year for the second semester Northville board of education officials announced this week.

Inclusion of eighth grade students was decided after a study of

space and faculty needs by the board. Grade seven will remain in the present facilities.

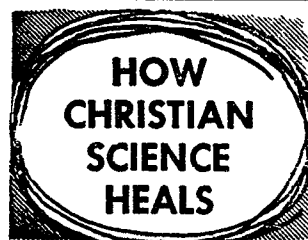

Officials expressed hope that the new high school would be limited to grades 9-12 by the 1959-60 school year.

Eighth grade students probably will remain at the new high school until the present high school building has been rehabilitated. It is hoped the remodeled structure will be ready for seventh and eighth grade classes by September 1959.

Meanwhile, the board has approved a recommendation that an architectural firm be selected immediately to prepare plans and specifications for the remodeling of the present building — which will become the junior high school. As soon as plans are approved, contracts will be negotiated.

In remodeling the high school for junior high use, officials said, every effort will be made to incorporate suggestions made by the Citizens Junior High School Study committee.

Principals will work with Dr. K. M. MacLeod and Dr. C. Wells, Wayne county educational consultant, and the architect in preparing plans.

# They Teach Retarded Children Their First Lessons

Nearing its first anniversary this December, the Wayne County Training school's experimental Day School program for mentally retarded children has already been declared a success by Training School Director Dr. Pasquale Buoniconto.

Designed especially for children from ages 4-8, it is the only program of its kind in the country, Dr. Buoniconto said.

Establishment of the Day School was chiefly the work of Dr. Buoniconto and Wayne County Superintendent of Public Schools Dr. Charles Brake.

Although there are many day programs throughout the nation for older retarded children, the Northville project has been based on the principle of "preventive medicine or psychiatry," Dr. Buoniconto explained.

"We try to reach the children before they have had time to develop set patterns of behavior," he said.

"We definitely think early educational guidance is beneficial. Not only would these youngsters be standing still in the meantime, he said, but likely to develop emotional problems and deteriorate intellectually."

Under the present program, Dr. Buoniconto said, children are taught simple social behavior, familiarity with objects and, according to their individual abilities, simple formal learning feats, such as: how to dress, how to undress, respect for property, eating habits, toilet habits, elementary writing, elementary reading, etc.

In addition to the educational program, the intellectual development and learning potential of each child can be observed in the classes, Dr. Buoniconto said.

"The program stresses developing the total personality," he explained.

On the basis of these observations children are not only taught more effectively according to their individual learning capacities, but are referred to proper schools or institutions later.

They can be recommended to continue in their regular training school program, to enter the special education classes in public schools, or to enter residential institutions for the retarded he said.

Funds for the Day School are issued from the state as part of the regular state public education budget, and are administered through the five school districts in this area that it serves: Northville, Plymouth, Wayne, Livonia and Redford.

Day school facilities are available tuition-free to any qualified child in these school districts.

Twenty children, 16 boys and four girls, are presently enrolled in two classes taught by Mrs. Maxine Lemler and Mrs. Betty Bryant.

By December, Dr. Buoniconto expects 30 enrollments, and within the next year, a full load of 45 children, three classes, and a separate Day School director in charge of program development, research and parent consultation.

"As yet the Day School has been able to accommodate all applicants," Dr. Buoniconto said, "but we've only been in operation a year. We should be feeling our growing pains soon."

VISITORS' DAY — The children are delighted at the chance to show off their handiwork to the doctors who have dropped in during the morning session. At the front table Dr. Buoniconto, director of the training school, gets a lesson in pumpkin painting from the children and their teacher, Mrs. Lemler. In back are (left to right) Teacher Mrs. Bryant, Dr. Anthony Abruzzo and Dr. T. G. Hegge.

IT DOESN'T TICKLE — Not the paint brush. But maybe this little fellow's tickled a bit over his emerging Halloween costume, as classmates help each other trim their masquerade finery.

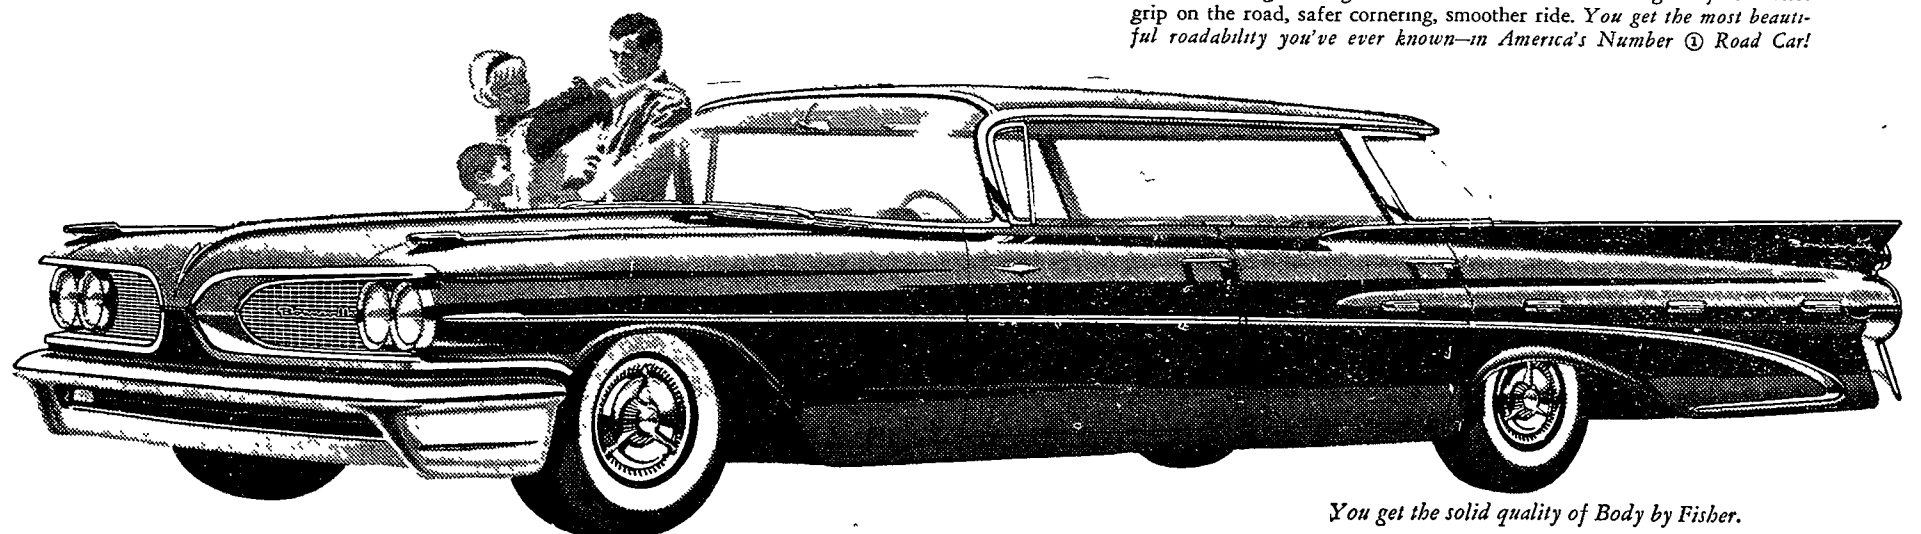

THIS IS A PUMPKIN — Mrs. Lemler shows some of her students how to decorate a pumpkin for Halloween. While the children have fun coloring, they also learn to recognize different tints.

## Get all the best of all the new ideas all in one car!

EXCLUSIVELY YOURS—WIDE-TRACK WHEELS

The wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride. You get the most beautiful roadability you've ever known—in America's Number ① Road Car!

You get the solid quality of Body by Fisher.

You name it—Pontiac has it . . . the year's most important advances in style, safety, handling and performance. And they're topped by a Pontiac exclusive . . . Wide-Track Wheels! Everything about this new kind of car was designed to give you driving as you've never known it: Air-Cooled True-Contour Brakes for precise, unvarying control in stop after stop . . . spacious Vista-lounge interiors with seats wider than a sofa and full circle visibility (the Vista-Panoramic windshield curves clear up into the roof). And

there are two great new engines to choose from—the Tempest 420 for the ultimate in V-8 action and response . . . and its money-saving companion, the Tempest 420E, a big muscular V-8 that uses regular gas and delivers better mileage than many smaller cars with so-called "economy engines". Styling?—the newest, lowest look on the road—protected by Magic-Mirror non-fade finish. There's much, much more—come see for yourself—all the big and wonderful things that have happened to America's Number One Road Car!

## from the PASTORS STUDY

By the Rev. B. J. Pankow, Pastor  
 St. Paul's Lutheran Church of Northville

### A FAITH FOR THIS OUR DAY

This is a time of fear and foreboding, caused by the specter of atomic weapons, hydrogen bombs, and now the development of the death ray. Obviously we need something more secure than earthly protection.

And helpless as we are against modern weapons, even more helpless are we against the invisible forces that seek to destroy our soul. Only God could save us from these. The eternal Son of God became a man that "through death He might destroy him that had the power of death, that is, the devil, and deliver them who through fear of death were all their lifetime subject to bondage." (Hebrews 2:14-15.)

Luther, who was exposed to physical danger as few men were and who recognized the reality of "the old evil foe," knew where and where alone to find refuge — namely in God. Inspired by Psalm 46, he wrote:

*A mighty fortress is our God,  
 A trusty shield and weapon;  
 He helps us free from every need  
 That bath us now o'ertaken.  
 The old evil foe  
 Now means deadly woe;*

*Deep guile and great might  
 Are his dread arms in fight;  
 On earth is not his equal.  
 With might of ours can naught be done,  
 Soon were our loss effected;  
 But for us fights the Valiant One,  
 Whom God Himself elected.  
 Ask ye, Who is this?  
 Jesus Christ it is,  
 Of Sabaoth Lord,  
 And there's none other God;  
 He holds the field forever.*

This hymn (four stanzas in all) voices the Christian's strong trust in His God. Therefore, it has rightly attained a world-wide popularity. No Christian hymn has been translated into more languages. In the English language alone there are some 70 to 80 versions of it, among which we have the excellent translation of Thomas Carlyle, famed Scottish writer.

In moments of need Dr. Luther would say to his beloved co-worker Philip Melancthon, "Come Philip, let us sing the 46th Psalm." And the two friends would sing lustily, "A mighty fortress is our God!" Truly, this hymn, written over four centuries ago, is expressive of the faith we need today.

ALL HALLOWS' EVE — By dressing up to represent their name-sake saints last Friday, children at Our Lady of Victory school celebrated a real old-fashioned Halloween — a few centuries old at least — commemorating "All Saints Day" November 1. They are (left to right): Robert Gredell, St. Robert Bellarmine; Paul Bunker, St. Paul; Denise Bernadette Roux, St. Bernadette; Marianne Therese Robinson, St. Therese of Avilla; Michele Mary Hartner, St. Mary; (front): Patrick Walter, St. Patrick; David Wicke, St. Francis of Assisi; and Wendy Solomon, St. Therese of Liseaux.

## St. Paul's Church Plans Harvest Home Family Night

A harvest home family night will be held at St. Paul's Lutheran church, Northville, this Sunday for the congregation and friends. The evening will begin with a potluck supper at 6 p.m. in the parish hall. Christ Krauter, who spent the summer in Europe as an exchange student, will show colored slides of his travels. Chris is president of the Walther League, the congregation's young people's society. The program will also include the honoring of the Sunday school staff, composed of 22 members. The harvest home family night is being sponsored for the third consecutive year by the Ladies' Aid of the church. Members of the program committee are Mrs. Arthur Janetzke, Mrs. Carl Zinnecker and Mrs. B. J. Pankow. Kitchen chairman is Mrs. George Lien, and dining room chairmen are Mrs. Howard Fuller and Mrs. Melvin Johnson.

### Marygrove Mothers To Hold Card Party

The Junior Mothers of Marygrove college will sponsor a card party Monday evening at 8 p.m. in Madame Cadillac hall, Mrs. Gus Council and Mrs. Raymond Pender are co-chairman.

## NOW — ON YOUR OWN TV</

**FINAL TRIBUTE** — Hundreds of area Catholics gathered at St. John's Seminary at Five Mile and Sheldon roads Friday at 2 p.m. to pay their last respects to Edward Cardinal Mooney, Archbishop of Detroit, who died in Vatican City while preparing to participate in the election of a new Pope. The picture at right above shows the procession arriving through an honor guard formed by thousands of school children, Catholic war veterans and Knights of Columbus. At the entrance to the Seminary, the crowd closes in for a final glimpse as Cardinal Mooney's body is carried to the seminary.

## Northville Children Form Honor Guard At Mooney Rites

Friday afternoon, 190 children from Our Lady of Victory school, along with some 500 grade school students from Our Lady of Providence school and Our Lady of Good Counsel in Plymouth, formed an honor guard at St. John's Provincial seminary to meet the funeral procession of the late Edward Cardinal Mooney.

In Livonia, the students of Ladywood high school and Madonna college similarly lined Schoolcraft road to pay respects to the late Archbishop of Detroit.

Ten buses from the Northville Coach Lines and five Northville public school buses were donated to take Northville and Plymouth children to the seminary.

Funeral services were held from Blessed Sacrament Cathedral in Detroit Friday morning. The Cardinal's remains were buried in a crypt at the seminary which Cardinal Mooney founded in 1950.

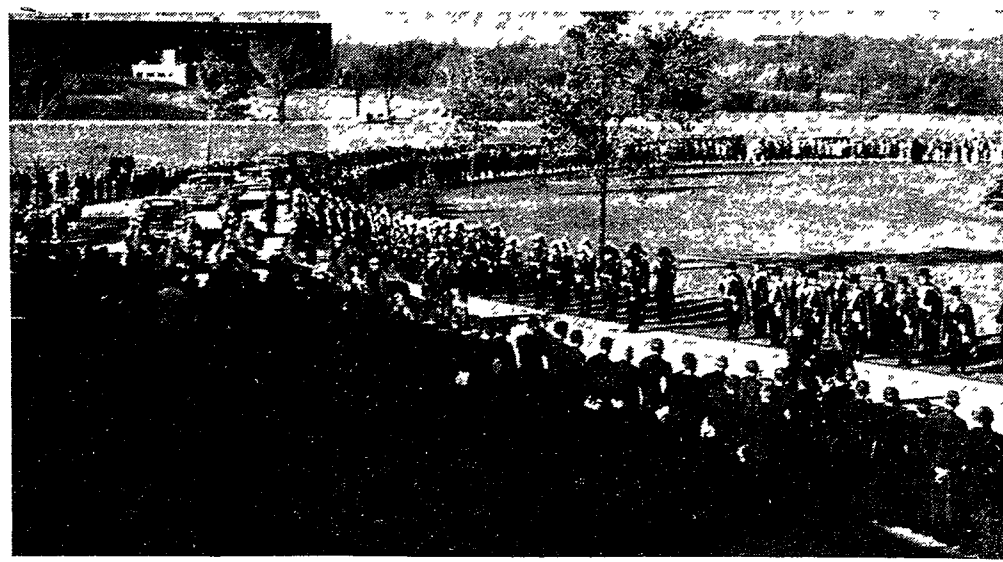

## Men and Women In Uniform

Richard Roe, USN, 510 Randolph street, is serving aboard the submarine tender USS Howard W. Gilmore operating out of Key West, Florida.

The Gilmore returned to Key West October 7 after servicing submarines in the Norfolk, Virginia area. While in Norfolk the tender was forced to ride out the storm from hurricane "Helene" in Chesapeake Bay.

Pfc. Eber D. Monroe, 19, son of Mr. and Mrs. Ernest D. Monroe, Walled Lake, recently returned to his regular army assignment in Augsburg, Germany after a three-month tour of duty with Task Force 201 in Lebanon.

Monroe, a rifleman in Co. D of the 24th Infantry Division's 187th Infantry, entered the army in October, 1956. He completed basic training at Fort Bragg, North Carolina and arrived in Europe in July 1957. He attended Walled Lake high school.

## NOTICE OF PUBLIC HEARING

ON A PROPOSED AMENDMENT  
TO ZONING ORDINANCE  
OF THE TOWNSHIP OF NORTHVILLE

Please take notice that the Northville Township Zoning Board will hold a public hearing on Monday evening, November 10, 1958 at 8:00 o'clock P.M. in the Northville Township Hall for the purpose of hearing and considering a proposed new land use district classification to be known as R-4 MULTIPLE FAMILY RESIDENCE DISTRICTS, and to rezone that parcel of land located on Haggerty Road North of Five Mile Road recently Zoned as C-1, to said proposed R-4 classification. Also to consider the proposal to amend par (f) of Section 10.01 of Article X to read as follows:

10.01 (f). Uses permitted in an R-4 District. It is further proposed to hear and consider a proposed amendment of Section 3.17 of Article III to read as follows:

3.17. STREET FRONTAGE OF RESIDENCE LOTS. No lot in residence districts shall be used for a dwelling unless it abuts with a minimum accessible frontage of sixty (60) feet upon a street.

The above proposal may be examined on any week day during the hours of 1:00 P.M. to 5:00 P.M. at the Northville Township Hall.

This notice given pursuant to Act 184 of Public Acts of 1943 as amended.

NORTHVILLE TOWNSHIP ZONING BOARD  
Robert H. Shafer, Chairman

Members:

J. Ralph Gibson  
J. Martin Miller  
Harold B. Putnam

shower after shower after shower

there's always plenty of hot water

the new electric water heater way

**GET IT HOT . . . GET A LOT** every time. A new electric water heater provides plenty of hot, hot water for showers and all the family's needs. Detroit Edison has a new Super Supply Plan which makes heaters even more efficient and economical.

Here's the convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as \$3.88 per month.

**Only electric water heaters give you all these important advantages:**

- ☒ Efficient—the heat goes into the water
- ☒ Install anywhere—need not be near a chimney
- ☒ Long life—meet Edison's rigid standards
- ☒ Automatic—all the time
- ☒ Fast—new more efficient heating units
- ☒ Outer shell—cool to the touch all over
- ☒ Edison maintains electrical parts without charge
- ☒ Safe—clean—quiet—modern

## New Shoplifting Law Cited by Northville Police Chief Joseph Denton

Although there have been few incidences of shop-lifting in Northville, according to Police Chief Joseph Denton, Michigan's new "shop-lifting law", one of the strongest in the nation, will not be lost on local merchants.

"It's a wonderful idea," Denton commented, "and long overdue. Under the old statute criminals often had more protection than innocent persons."

Over \$12,000,000 has been estimated lost in shop-lifting thefts each

year, Michigan retailers estimate. Merchants may now question a suspected shop-lifter without incurring possible charges of false imprisonment, unlawful arrest, assault, battery, libel, slander or mental anguish, if his examination is conducted in a reasonable manner.

A bulletin issued by the Michigan retailers association states that under the new law:

A merchant or his agents may detain a person reasonably suspected of removing or attempting to

remove goods from a store without right or permission. Such detention may be for the purpose of interrogation, identification and the recovery of the goods in question, or to call a police officer.

The merchant does not have to postpone the detention until the suspect has left the premises, but probably should permit him to leave the immediate area from which the goods were taken, in order to make absolutely certain of the suspect's intention:

It is dangerous and might be unfair to detain any one who has not actually been observed in apparent shop-lifting within the store.

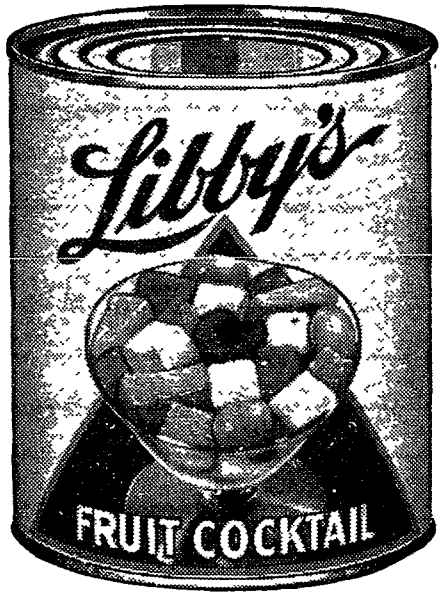

Any detention should be accomplished with minimum notoriety and embarrassment to the person detained. It is best to ask quietly that the suspect accompany the merchant to a private place within the store where the matter can be discussed. The association stressed that moderation be followed in apprehending suspects.

# Halloween was Great Fun

Kiddies always look forward to Halloween with great anticipation of costumes, candies, goblins and pumpkins.

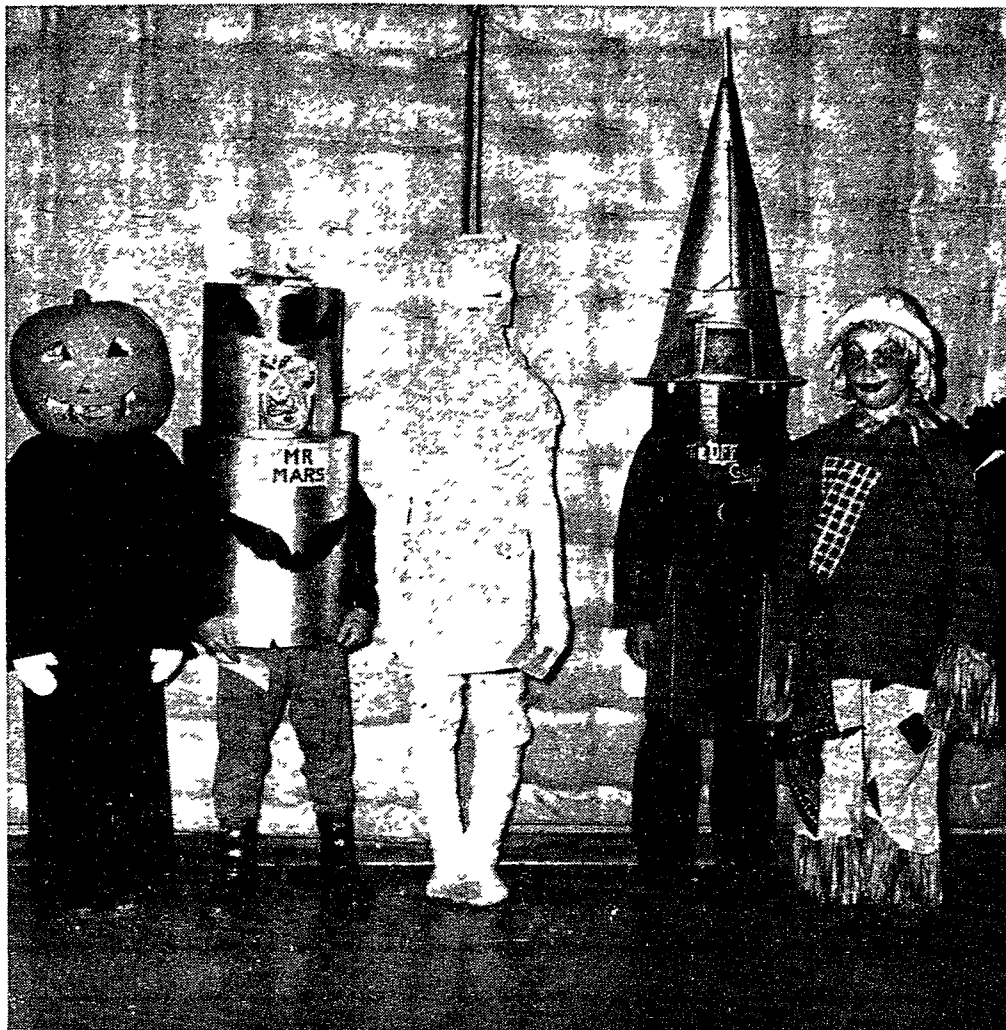

And they weren't disappointed as hundreds turned out for Northville's annual party at the Community Center Friday night.

Recreation Director Stan Johnston called the event the largest ever staged here. The party was co-sponsored by local merchants, the Optimist club and the recreation department.

There was a hula-hoop contest — and the girls showed up the boys by winning all top six prizes. In addition prizes were given for the best costumes, and judges had their hands full in this department.

A mechanical "Man from Mars" robot, complete with rotating propeller and flashing lights, worn by Tom Wheaton won top prize.

Junior and senior high schoolers followed the elementary set for another party of Halloween fun.

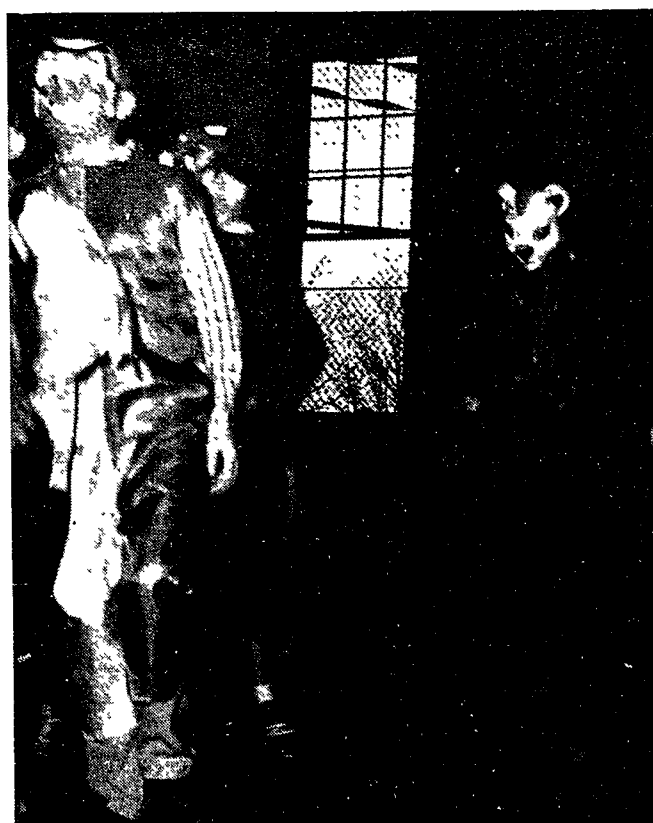

**WINNERS** — Behind these ingenious, homemade Halloween outfits are: (l. to r.) Billy Wilcox, Tom Wheaton, Larry Horton, Jimmy Marks and Kim Marburger. Barbara Wilcox, 2½, also won a prize for her "angel" costume.

**AT LEFT** — Best hula-hoopers from a field of about 50 contestants were these six girls. Back row (l. to r.) are: Beth Angle, Bonnye Bradford, Diane Ambler and Marilyn Pubanz; (front row) Sally Sliger and Clair Wilson.

**LOWER LEFT** — Uncle Sam (Garry Coulter) finds out what time it is from the clock that the mouse ran up! Inside the prize-winning clock costume is Connie Crump.

**LOWER RIGHT** — Children at the Wayne County Training school also had a Halloween party. They're shown joining in a game in costumes prepared for the occasion.

Dr. Leo Speer — Chiropractic Physician

# City of Wixom Subdivision Ordinance No. 38

## ARTICLE I.

### TITLE AND PURPOSES

Sec. 100.0. Short Title: This Ordinance shall be known and cited as: The Subdivision Ordinance of Wixom, Michigan.

Sec. 101.0. Purposes: The purposes of this Ordinance are to provide for the orderly growth and harmonious development of the community; to secure adequate traffic circulation through coordinated street systems with relation to major thoroughfares, adjoining subdivisions, and public facilities; to achieve individual property lots of maximum utility and livability; to secure adequate provisions for water supply, drainage and sanitary sewerage, and other health requirements; to secure adequate provisions for recreational areas, school sites, and other public facilities; and, to provide logical procedures for the achievement of these purposes.

## ARTICLE II.

### DEFINITIONS

Section 200.0. Definitions. For the purposes of this Ordinance, certain words, terms and phrases shall be defined as follows:

- Commission: The Planning Commission
- Council: The City Council of Wixom
- Subdivider: Any individual, firm, association, syndicate, co-partnership, corporation, trust, or any other legal entity commencing proceedings under this Ordinance to affect the subdivision of land for himself or for another.
- Subdivision: The partitioning or division of a tract or parcel of land in 5 or more lots, tracts, or parcels of land; or, if a new street is involved, any division of a parcel of land; or the division into more than two parts of any lot or piece of land the boundaries of which have been fixed in a recorded plat; provided, that a partitioning or division of land into tracts or parcels of land of ten (10) acres or more shall not be deemed a subdivision.
- General Development Plan: The comprehensive plan for development of the community which shall have been duly adopted by the Planning Commission and the City Council; i.e., the "master plan".
- Master Streets and Thoroughfares Plan: The part of the General Development Plan which sets forth the location, alignment and dimensions of existing and proposed streets and thoroughfares.
- Plat: A map of a subdivision.
  - Sketch plan: A sketch map of a proposed subdivision at sufficient accuracy and scale to serve the purposes of Section 300 of this Ordinance.
  - Master Development Plan: A preliminary plan for the development of a large landholding to be developed progressively by sections, meeting the requirements of Section 301 of this Ordinance.
  - Preliminary Plat: A preliminary map and supporting data indicating the proposed layout of the subdivision in sufficient detail to provide adequate basis for review by the Commission and meeting requirements of Section 302 of this Ordinance.
  - Final Plat: A map of all or part of a subdivision providing substantial conformance to the Preliminary Plat of the Subdivision, prepared and certified by a registered engineer or land surveyor in compliance with requirements of the Plat Act, P.A. 172, as amended, and suitable for recordation in the County Register of Deeds.
- Street: Any street, avenue, boulevard, road, lane, parkway, viaduct, alley, or other way which, is an existing state, county, or municipal roadway; or, a street or way shown in a plat heretofore approved pursuant to law or approved by official action; or, a street or way on a plat duly filed and recorded in the office of the County Register of Deeds. A street includes the land between the street lines whether improved or unimproved, and may comprise pavement, shoulders, gutters, sidewalks, parking areas, and lawns.
- Major Thoroughfare: Any interstate, state or county highway, or any local traffic artery of considerable continuity carrying a large volume of both private and commercial vehicles; i.e., a "mile" road.
- Collector street: A street within a neighborhood used primarily to carry traffic from minor streets to major thoroughfares; including principal entrance streets to a residential development.
- Minor street: A street of limited continuity used primarily for access to abutting residential properties.
- Marginal access street: A minor street paralleling and adjacent to a major thorough-

fare which provides access to abutting properties and protection from through traffic.

- Boulevard street: A street developed to two two-lane, one-way pavements separated by a grassed island.
- U street: A short boulevard street permanently terminated by vehicular turnaround.
- Cul-de-sac street: A short minor street having one end permanently terminated by a vehicular turnaround.
- Alley: A minor service street used primarily to provide vehicular access to the rear or side of properties otherwise abutting upon a street.
- Easement: A grant by the owner of the use of a strip of land by the public, a corporation, or persons, for specific uses and purposes, to be designated as a "public" or "private" easement depending on the nature of the user.
- Drainage collection basin: An area of land which, because of the nature of the topography, collects naturally the surface drainage of the surrounding land; i.e., a "pothole".
- Lot: A parcel or portion of land separated from other parcels or portions by description, as in a subdivision or on a record survey map or by metes and bounds, for purposes of sale, lease, or separate use.
  - Minimum lot width: In the case of rectangular lots or lots on the outside of the curve of a street; the distance between side lot lines measured at the minimum building setback line on a line parallel to the street or street chord; in the case of lots on the inside of the curve of a street; the distance between side lot lines measured at the rear line of the dwelling, or thirty (30) feet behind the front setback line, parallel to the street or street chord.
  - Usable lot area: That portion of a lot usable or adaptable to the normal uses made of a residential property, excluding any areas which may be swampy, excessively steep, covered by water, or included in a public easement for surface drainage or a private easement for a high voltage power transmission line.
  - Building setback: The horizontal distance between a dwelling and a street centerline.
  - Public Improvement Standards: A set of regulations setting forth the details, specifications and instructions to be followed in the planning, design and construction of all public improvements in the City of Wixom, approved by the City Council.
  - Performance guarantee: Any security which may be accepted by the City Council in lieu of a requirement that certain public improvements be made prior to approval of a final plat, including performance bonds, escrow deposits and other similar collateral or surety agreements.

## ARTICLE III.

### PLAT PROCEDURES

Subdivision planning, review and approval shall proceed through the several stages as follows:

- Basic Policy Stage
- Preliminary Plat Preparation and Submission
- Preliminary Plat Review and Approval
- Final Plat Preparation and Submission
- Final Plat Review and Approval

Sec. 300.0. Basic Policy Stage. The basic policy stage of development planning comprises an informal "get-acquainted" period, a preliminary investigation process, which precedes actual preparation of plans by the Subdivider. During this stage the Subdivider makes his tentative plans known to the Planning Commission and is advised by the Commission of specific public objectives related to the subject tract and other details regarding procedures and requirements. As a result of this interchange, basic development policies are agreed upon by both parties.

The purpose of this informal stage is to guide and assist the Subdivider in his future decisions regarding detailed financial and physical planning, and, to resolve potential conflicts of interest at the earliest possible time and with the least hardship to both parties.

To insure the greatest effectiveness of this stage, the Subdivider should have firm control of the site so that discussions need not be confidential.

- 300.1. Obligations of the Subdivider. The Subdivider shall meet informally with the Commission or its appointed representatives to present a general outline of his subdivision proposal, including but not limited to:
  - Sketch plans and ideas regarding land use, street and lot arrangement, tentative lot sizes, etc.
  - Tentative proposals regarding water supply, sewage disposal, surface drainage, and street improvements
  - Sketches indicating size and general character of proposed buildings
- 300.2. Functions of the Planning Commission. The Commission shall

discuss with the Subdivider his proposal and advise him of procedural steps, design and improvement standards, and general plat requirements. The Commission shall then carry out the following investigations preparatory to making known its recommendations not later than the next regular Commission meeting:

- Inspect the site to determine its relationship to major thoroughfares, utility systems and adjacent land uses, and the existence of any unusual development problems such as topography, utilities, etc.
- Check the existing zoning of site and make recommendations if zoning change is required.
- Determine the need for preparation and review of a Master Development Plan prior to consideration of Preliminary Plat
- Determine the adequacy of existing schools and public open spaces

Sec. 300.0. Master Development Plan. A Master Development Plan shall be prepared and submitted by the Subdivider and tentatively approved by the Commission prior to preparation and submission of the initial Preliminary Plat whenever either of the following conditions exist:

- The tract initially proposed for platting constitutes only a portion of a larger landholding of the Subdivider
- The tract is a part of a larger land area the development of which is complicated by unusual topographic, utility, land use, land ownership, or other conditions

301.1. Preparation and Submission. The Master Development Plan shall be prepared to a scale and accuracy commensurate with its purpose and shall include:

- General street pattern with particular attention to collector streets and future circulation between neighborhoods
- General location and size of school sites, parks or other public areas
- Location of shopping centers, multi-family residential, or other proposed land uses
- Methods proposed for sewage disposal, water supply and storm drainage

Five (5) copies of the Master Development Plan shall be filed with the Village Clerk at least 10 days prior to a regular Commission meeting, whereupon the Clerk shall transmit the plan to the Secretary of the Commission. The Secretary shall check the submittal for completeness, assign it a case number and place the case on the meeting agenda.

301.2. Review and Approval. The Commission shall review the Master Development Plan for compliance with the objectives of the General Development Plan giving special attention to the following:

- Street and thoroughfares as related to neighborhood circulation
- Utility methods or systems as related to the planned community system
- Location of any proposed commercial development as related to existing or anticipated community or neighborhood need
- Land required for schools, parks or other public use; the general location and amount of public land and the approximate timing of acquisition shall be tentatively determined at this stage. One copy of the Plan shall be transmitted to the Superintendent of Schools for his information and recommendations as to school needs.

Owners of adjoining unplatted land shall be notified by registered mail of the date, time and place of the meeting at which the case is to be heard at least five (5) days prior to said meeting. The Commission shall consider and act upon the Plan not later than the next regular meeting following its initial consideration. Action shall take the form of recommended revision or tentative approval, such approval being subject to modification from time to time as parts of the Plan are submitted as Preliminary Plats. The Plan shall be kept current and the Commission furnished current copies as modification takes place and Preliminary Plats are prepared.

302.0. Preliminary Plat Preparation. The information hereinafter required as part of the Preliminary Plat submittal may be shown either graphically or by note or letter, and may comprise several sheets showing various elements of required data. All mapped data shall be presented at a scale of one inch equals 100 feet. Required data includes:

- 302.1. Identification and Description:
  - Proposed name of subdivision and location of section showing section or quarter-section corners for reference
  - Names and addresses of Subdivider, land planner and engineer(s) preparing plans or data
  - Graphic scale; north point, and date of preparation
- 302.2. Existing Conditions.
  - Topography by contours related to USGS survey datum; contour interval to be 5 feet where grades exceed 5% and 2 feet for lesser grades
  - Location, width and names of all platted streets, railroads and utility rights-of-way within or adjacent to the tract
  - Location and identification of all public areas and municipal corporation lines within or adjacent to the tract

- Location of lakes, swamps, streams, and surface drainage ways with direction of flow and water level elevations
- Location of all existing sewers, water mains, storm drains or other underground facilities within or adjacent to the tract
- Names of owners or tract designations of adjoining unplatted tracts
- Acres of tract to the nearest tenth.

- 302.3. Proposed Conditions:
  - Layout of proposed plat showing:
    - Location and width of public street, alleys, walkways and easements, including connections to adjoining platted streets and unplatted tracts.
    - If plat abuts or includes a state highway, the approval of the Michigan State Highway Department will be required for Preliminary Plat approval.
  - All lots, including building setback lines, dimensions of typical lots, scaled dimensions of all corner lots and lots on curvilinear sections of street; location of private utility easements; lot numbers and total number of lots;

- Proposed land use, including:
  - Location, area and designation of all land to be reserved, acquired or dedicated for public use
  - Location, area and designation of all land to be reserved for use of lot owners in the subdivision

3. If plat includes land for which commercial, industrial or multi-family residential zoning is proposed but non-existent, rezoning shall be requested and acted upon prior to formal consideration of the Preliminary Plat. In the event that such rezoning is not requested or not approved, the subject area of the tract shall be designated as single-family residential in the Preliminary Plat but may subsequently be withheld from the Final Plat
4. Draft of proposed protective covenants to be recorded with plat

- Proposed utility installations:
  - Sewage disposal, if proposed by individual systems; Preliminary plat submittal shall include a tabulated record and a key map of soil percolation tests made by and certified to by a registered engineer, at the rate of one test per acre of usable land; also a letter indicating general appraisal of soil data for septic tank operation from Oakland County Board of Health
  - Sewage disposal, if proposed by treatment plant: Preliminary layout of proposed system, type and capacity of treatment, location of plant and outlet; subject to approval of Michigan Department of Health, Oakland County Board of Health, City Engineer, the Commission and Council
  - Water supply, if proposed by public system: Preliminary layout of proposed system, location and anticipated capacity of wells; subject to approval of Michigan Department of Health, Oakland County Board of Health, City Engineer, the Commission and the Council

4. Storm water disposal: Preliminary layout of proposed system, location and invert elevation of outlet; subject to approval of City Engineer, the Commission and the Council, and, if County drains are involved, the Oakland County Drain Commission
5. Subsoil drainage: Wherever any part of the tract is suspected of having high water table or unstable subsoil conditions, Preliminary Plat submittal shall include a tabulated record and a key map of soil borings made by and certified to by a registered engineer.

- Water areas: Plan of any proposed water areas indicating depths, normal water levels, slopes and type of bank retention; methods of controlling insects, water growths and vegetation.

- 303.0. Preliminary Plat Submission.
  - Five copies of the Preliminary Plat and supporting data shall be filed with the City Clerk at least ten (10) days prior to the regular Commission meeting at which the Subdivider can be heard. The Clerk shall record its receipt and immediately transmit the material to the Secretary of the Commission.
  - The Secretary shall check the submittal for completeness, assign it a case number, and place the case on the meeting agenda. The submittal shall be rejected if incomplete and the Subdivider notified. Owners of adjoining unplatted land shall be notified by registered mail of the date, time and place of the meeting at which the case is to be heard at least five (5) days prior to said meeting.

3. City Assessor, for determination of substantial conformity to approved Preliminary Plat.
- City Engineer, for determination that metes and bounds of plat are accurate and the traverse closed; for detailed review of Engineering Plans; for preparation of a cost estimate for installation of required improvements; and for recommendations as to the type and amount of performance guarantee most appropriate
- City Treasurer, for determination whether there exist unpaid taxes against the land
- The Clerk shall assemble recommendations of the reviewing offices and present them to-

- 304.0. Preliminary Plat Review.
  - If the Plat is complete the Clerk shall transmit one copy to each of the following reviewing offices:
    - Planning Commission, for determination of substantial conformity to approved Preliminary Plat.
    - City Engineer, for determination that metes and bounds of plat are accurate and the traverse closed; for detailed review of Engineering Plans; for preparation of a cost estimate for installation of required improvements; and for recommendations as to the type and amount of performance guarantee most appropriate
    - City Assessor, for determination whether there exist unpaid taxes against the land
    - The Clerk shall assemble recommendations of the reviewing offices and present them to-

- 305.0. Final Plat Preparation.
  - Preparation of the Final Plat shall comply with the requirements and suggestions set forth in Plat Manual of Instructions Relative to Making and Filing of Township, Village and City Plats issued by the Auditor General's Office in 1948, which publication with all subsequent amendments thereto is hereby made a part of this Ordinance.
  - The Final Plat shall conform substantially to the approved Preliminary Plat.

- 306.0. Final Plat Submission.
  - The Subdivider shall file with the City Clerk five (5) copies of the Final Plat together with three (3) copies of Engineering Plans, prepared in accordance with Public Improvement Standards.
  - At the time of filing, the Subdivider shall deposit with the Clerk the sum of \$60.00 for expenses of inspection of land, meetings, and such fees required by the Plat Act, P.A. 172, as amended.
  - The Clerk shall record receipt and date of filing, and immediately check the submission for completeness. If the submission is incomplete the Subdivider shall be so informed and the date of filing revised.

- 307.0. Final Plat Review.
  - If the Plat is complete the Clerk shall transmit one copy to each of the following reviewing offices:
    - Planning Commission, for determination of substantial conformity to approved Preliminary Plat.
    - City Engineer, for determination that metes and bounds of plat are accurate and the traverse closed; for detailed review of Engineering Plans; for preparation of a cost estimate for installation of required improvements; and for recommendations as to the type and amount of performance guarantee most appropriate
    - City Assessor, for determination whether there exist unpaid taxes against the land
    - The Clerk shall assemble recommendations of the reviewing offices and present them to-

- 308.0. Final Plat Review.
  - If the Plat is complete the Clerk shall transmit one copy to each of the following reviewing offices:
    - Planning Commission, for determination of substantial conformity to approved Preliminary Plat.
    - City Engineer, for determination that metes and bounds of plat are accurate and the traverse closed; for detailed review of Engineering Plans; for preparation of a cost estimate for installation of required improvements; and for recommendations as to the type and amount of performance guarantee most appropriate
    - City Assessor, for determination whether there exist unpaid taxes against the land
    - The Clerk shall assemble recommendations of the reviewing offices and present them to-

- 309.0. Final Plat Approval.
  - The Council shall consider the recommendations of the reviewing offices, and approve or reject the Plat within 30 days of its acceptance for filing by the Clerk.
  - If the Council rejects the plat for any reason whatsoever, the Subdivider shall be notified in writing with the reasons for rejection.
  - If the Council finds approval subject to completion of required improvements or deposit of performance guarantee, one copy of excerpts of the meeting minutes shall be sent to the Commission.
  - When the Clerk has received evidence of completion of required improvements from the Village Engineer or evidence of deposit of performance guarantee received from the Treasurer, he shall transcribe a certificate of approval of the Council on the Plat and deliver it to the Clerk of the County Plat Board.

- 310.1. Procedures. The Commission shall consider the Preliminary Plat at the next regular meeting following its presentation, at which time the reviewing officials shall make known their recommendations in person or by letter.
  - If satisfied that all objectives of this ordinance have been met the Commission shall approve the Preliminary Plat the Chairman making a notation of approval upon two copies of the Plat, one to be returned to the Subdivider and one to be retained in the permanent Commission file.
  - If the Commission's approval is tentative and conditional, said conditions shall be recorded in the meeting minutes, and the case tabled until the conditions have been satisfied by the Subdivider. The Plat, when revised, shall be re-submitted in accordance with normal procedure.
  - If the Commission rejects the plat it shall record the reasons therefor in the meeting minutes, the Chairman noting the rejection upon the Commission's file copy.
  - An excerpt of the pertinent items of the meeting minutes shall be sent to the Subdivider in any event.
  - A full report of Commission action, comprising the meeting minutes together with any other necessary detailed explanation, shall be prepared by the Secretary for presentation to the Council by the Clerk.

- 310.2. Significance of Preliminary Approval. Preliminary Approval confers upon the Subdivider the following conditional rights for a period of one year from date:
  - The general terms and conditions under which Preliminary Approval was granted will not be changed.
  - The Subdivider may submit on or before the expiration date the whole or part of the Plat for Final Approval.
  - Preliminary Approval does not guarantee final acceptance of streets for dedication nor continuation of zoning requirements for the tract or its environs.

the plat for compliance with the objectives of the General Development Plan, giving special attention to the following elements:

- Design standards as set forth in this Ordinance
- Streets and thoroughfares as related to neighborhood circulation
- Utility methods and systems, and street improvements; one copy of submittal shall be transmitted to the City Engineer for his information and recommendations.
- Existing and proposed zoning and land use.
- Land required for schools, parks or other public use; one copy of submittal shall be transmitted to the Superintendent of Schools for his information and recommendations.

Sec. 305.0. Preliminary Plat Approval.

305.1. Procedures. The Commission shall consider the Preliminary Plat at the next regular meeting following its presentation, at which time the reviewing officials shall make known their recommendations in person or by letter.

- If satisfied that all objectives of this ordinance have been met the Commission shall approve the Preliminary Plat the Chairman making a notation of approval upon two copies of the Plat, one to be returned to the Subdivider and one to be retained in the permanent Commission file.
- If the Commission's approval is tentative and conditional, said conditions shall be recorded in the meeting minutes, and the case tabled until the conditions have been satisfied by the Subdivider. The Plat, when revised, shall be re-submitted in accordance with normal procedure.
- If the Commission rejects the plat it shall record the reasons therefor in the meeting minutes, the Chairman noting the rejection upon the Commission's file copy.
- An excerpt of the pertinent items of the meeting minutes shall be sent to the Subdivider in any event.
- A full report of Commission action, comprising the meeting minutes together with any other necessary detailed explanation, shall be prepared by the Secretary for presentation to the Council by the Clerk.

Sec. 305.2. Significance of Preliminary Approval. Preliminary Approval confers upon the Subdivider the following conditional rights for a period of one year from date:

- The general terms and conditions under which Preliminary Approval was granted will not be changed.
- The Subdivider may submit on or before the expiration date the whole or part of the Plat for Final Approval.
- Preliminary Approval does not guarantee final acceptance of streets for dedication nor continuation of zoning requirements for the tract or its environs.

Sec. 306.0. Final Plat Preparation.
 

- Preparation of the Final Plat shall comply with the requirements and suggestions set forth in Plat Manual of Instructions Relative to Making and Filing of Township, Village and City Plats issued by the Auditor General's Office in 1948, which publication with all subsequent amendments thereto is hereby made a part of this Ordinance.
- The Final Plat shall conform substantially to the approved Preliminary Plat.

Sec. 307.0. Final Plat Submission.
 

- The Subdivider shall file with the City Clerk five (5) copies of the Final Plat together with three (3) copies of Engineering Plans, prepared in accordance with Public Improvement Standards.
- At the time of filing, the Subdivider shall deposit with the Clerk the sum of \$60.00 for expenses of inspection of land, meetings, and such fees required by the Plat Act, P.A. 172, as amended.
- The Clerk shall record receipt and date of filing, and immediately check the submission for completeness. If the submission is incomplete the Subdivider shall be so informed and the date of filing revised.

Sec. 308.0. Final Plat Review.
 

- If the Plat is complete the Clerk shall transmit one copy to each of the following reviewing offices:
  - Planning Commission, for determination of substantial conformity to approved Preliminary Plat.
  - City Engineer, for determination that metes and bounds of plat are accurate and the traverse closed; for detailed review of Engineering Plans; for preparation of a cost estimate for installation of required improvements; and for recommendations as to the type and amount of performance guarantee most appropriate
  - City Assessor, for determination whether there exist unpaid taxes against the land
  - The Clerk shall assemble recommendations of the reviewing offices and present them to-

Sec. 309.0. Final Plat Approval.
 

- The Council shall consider the recommendations of the reviewing offices, and approve or reject the Plat within 30 days of its acceptance for filing by the Clerk.
- If the Council rejects the plat for any reason whatsoever, the Subdivider shall be notified in writing with the reasons for rejection.
- If the Council finds approval subject to completion of required improvements or deposit of performance guarantee, one copy of excerpts of the meeting minutes shall be sent to the Commission.
- When the Clerk has received evidence of completion of required improvements from the Village Engineer or evidence of deposit of performance guarantee received from the Treasurer, he shall transcribe a certificate of approval of the Council on the Plat and deliver it to the Clerk of the County Plat Board.

Sec. 310.1. Procedures. The Commission shall consider the Preliminary Plat at the next regular meeting following its presentation, at which time the reviewing officials shall make known their recommendations in person or by letter.

- If satisfied that all objectives of this ordinance have been met the Commission shall approve the Preliminary Plat the Chairman making a notation of approval upon two copies of the Plat, one to be returned to the Subdivider and one to be retained in the permanent Commission file.
- If the Commission's approval is tentative and conditional, said conditions shall be recorded in the meeting minutes, and the case tabled until the conditions have been satisfied by the Subdivider. The Plat, when revised, shall be re-submitted in accordance with normal procedure.
- If the Commission rejects the plat it shall record the reasons therefor in the meeting minutes, the Chairman noting the rejection upon the Commission's file copy.
- An excerpt of the pertinent items of the meeting minutes shall be sent to the Subdivider in any event.
- A full report of Commission action, comprising the meeting minutes together with any other necessary detailed explanation, shall be prepared by the Secretary for presentation to the Council by the Clerk.

Sec. 310.2. Significance of Preliminary Approval. Preliminary Approval confers upon the Subdivider the following conditional rights for a period of one year from date:

- The general terms and conditions under which Preliminary Approval was granted will not be changed.
- The Subdivider may submit on or before the expiration date the whole or part of the Plat for Final Approval.
- Preliminary Approval does not guarantee final acceptance of streets for dedication nor continuation of zoning requirements for the tract or its environs.

Sec. 310.3. Where a subdivision abuts any of the following rights-of-way or zone districts, the Commission shall normally require location of a street approximately parallel to and one lot depth distant from such ROW's or zones:
 

- Wixom Road, Pontiac Trail, or such other street as the Commission may designate as a major traffic artery
- Railroads and major overhead utility transmission lines
- Commercial or industrial districts.

401.4. Proposed streets shall be so arranged in relation to existing topography as to produce desirable lots and streets of reasonable gradient.

401.5. Except where justified by extreme conditions, alleys will not be approved in those parts of the plat proposed for one- or two-family residential use.

401.6. Street jogs with centerline offsets of less than 125 feet shall be avoided.

Sec. 402.0. Street Design.
 

- Major thoroughfares — as indicated on Master Streets and Thoroughfare Plan
- Collector Streets — 60 feet
- Minor streets — 60 feet
- Boulevard streets — 80 feet
- "U" Streets — 120 feet, terminating in a circle 120 feet in diameter
- Cul-de-sac streets — 60 feet, terminating in a circle 120 feet in diameter
- Marginal access streets (where permitted) — 40 feet, abutting thoroughfare right-of-way.
- Alleys (where permitted) — 20 feet

Sec. 402.1. Right-of-way widths

- Major thoroughfares — as indicated on Master Streets and Thoroughfare Plan
- Collector Streets — 60 feet
- Minor streets — 60 feet
- Boulevard streets — 80 feet
- "U" Streets — 120 feet, terminating in a circle 120 feet in diameter
- Cul-de-sac streets — 60 feet, terminating in a circle 120 feet in diameter
- Marginal access streets (where permitted) — 40 feet, abutting thoroughfare right-of-way.
- Alleys (where permitted) — 20 feet

Sec. 402.2. Grades.
 

- Maximum — All streets, 5% provided that where essential to reasonable development, 7% may be permitted for collector and minor streets.
- Minimum — Concrete streets and gutters, 0.40% — All other street and gutter surfacing, 0.50%

Sec. 402.3. Vertical Alignment.
 

- Major thoroughfares: minimum sight distance, 600 feet, measured on and 5 feet above street centerline
- All other streets: minimum sight distance, 300 feet, measured as in "a"

Sec. 402.4. Horizontal Alignment.
 

- When tangent centerlines deflect from each other more than 10°, they shall be connected by a curve with a minimum radius of:
  - Collector streets: 300 feet
  - Minor streets: 150 feet
- Between reverse curves there shall be a minimum tangent distance of 100 feet
- Streets intersecting a major thoroughfare shall do so at as near a 90° angle as possible.
- Minor streets intersecting a

gether with the Plat to the Council at its next meeting.

Sec. 309.0. Final Plat Approval.

- The Council shall consider the recommendations of the reviewing offices, and approve or reject the Plat within 30 days of its acceptance for filing by the Clerk.
- If the Council rejects the plat for any reason whatsoever, the Subdivider shall be notified in writing with the reasons for rejection.
- If the Council finds approval subject to completion of required improvements or deposit of performance guarantee, one copy of excerpts of the meeting minutes shall be sent to the Commission.
- When the Clerk has received evidence of completion of required improvements from the Village Engineer or evidence of deposit of performance guarantee received from the Treasurer, he shall transcribe a certificate of approval of the Council on the Plat and deliver it to the Clerk of the County Plat Board.

Sec. 310.1. Procedures. The Commission shall consider the Preliminary Plat at the next regular meeting following its presentation, at which time the reviewing officials shall make known their recommendations in person or by letter.

- If satisfied that all objectives of this ordinance have been met the Commission shall approve the Preliminary Plat the Chairman making a notation of approval upon two copies of the Plat, one to be returned to the Subdivider and one to be retained in the permanent Commission file.
- If the Commission's approval is tentative and conditional, said conditions shall be recorded in the meeting minutes, and the case tabled until the conditions have been satisfied by the Subdivider. The Plat, when revised, shall be re-submitted in accordance with normal procedure.
- If the Commission rejects the plat it shall record the reasons therefor in the meeting minutes, the Chairman noting the rejection upon the Commission's file copy.
- An excerpt of the pertinent items of the meeting minutes shall be sent to the Subdivider in any event.
- A full report of Commission action, comprising the meeting minutes together with any other necessary detailed explanation, shall be prepared by the Secretary for presentation to the Council by the Clerk.

Sec. 310.2. Significance of Preliminary Approval. Preliminary Approval confers upon the Subdivider the following conditional rights for a period of one year from date:

- The general terms and conditions under which Preliminary Approval was granted will not be changed.
- The Subdivider may submit on or before the expiration date the whole or part of the Plat for Final Approval.
- Preliminary Approval does not guarantee final acceptance of streets for dedication nor continuation of zoning requirements for the tract or its environs.

Sec. 310.3. Where a subdivision abuts any of the following rights-of-way or zone districts, the Commission shall normally require location of a street approximately parallel to and one lot depth distant from such ROW's or zones:

- Wixom Road, Pontiac Trail, or such other street as the Commission may designate as a major traffic artery
- Railroads and major overhead utility transmission lines
- Commercial or industrial districts.

401.4. Proposed streets shall be so arranged in relation to existing topography as to produce desirable lots and streets of reasonable gradient.

401.5. Except where justified by extreme conditions, alleys will not be approved in those parts of the plat proposed for one- or two-family residential use.

401.6. Street jogs with centerline offsets of less than 125 feet shall be avoided.

Sec. 402.0. Street Design.
 

- Major thoroughfares — as indicated on Master Streets and Thoroughfare Plan
- Collector Streets — 60 feet
- Minor streets — 60 feet
- Boulevard streets — 80 feet
- "U" Streets — 120 feet, terminating in a circle 120 feet in diameter
- Cul-de-sac streets — 60 feet, terminating in a circle 120 feet in diameter
- Marginal access streets (where permitted) — 40 feet, abutting thoroughfare right-of-way.
- Alleys (where permitted) — 20 feet

Sec. 402.1. Right-of-way widths

- Major thoroughfares — as indicated on Master Streets and Thoroughfare Plan
- Collector Streets — 60 feet
- Minor streets — 60 feet
- Boulevard streets — 80 feet
- "U" Streets — 120 feet, terminating in a circle 120 feet in diameter
- Cul-de-sac streets — 60 feet, terminating in a circle 120 feet in diameter
- Marginal

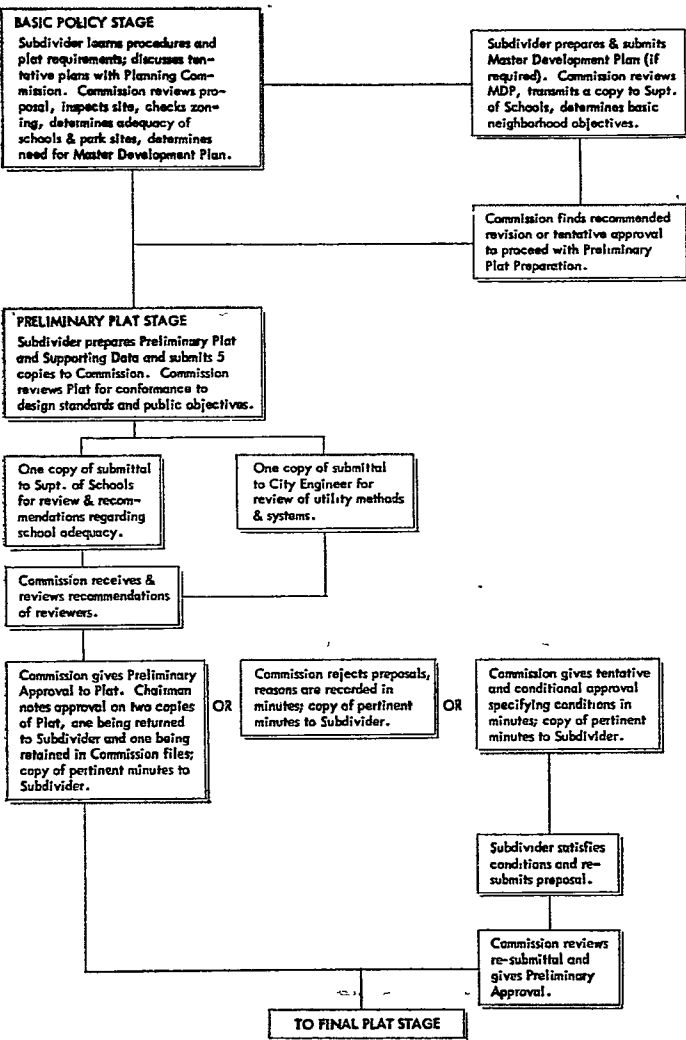

for major power transmission (tower) lines shall not be considered a part of the minimum required lot area except where lots equal or exceed 20,000 sq. ft. in area. This shall not be construed as applicable to underground easements or utility easements for distribution purposes.

405.3. Lots arranged to back to thoroughfares, railroads or commercial and industrial districts, as required in Sec. 401.3, shall be provided an extra depth of at least 25 feet to be recorded as a non-access private easement. This shall not be construed to contradict the purposes of Sec. 404.2 of this Ordinance.

405.4. Private fencing shall not be permitted within public drainage easements.

# ARTICLE V. STREET AND UTILITY IMPROVEMENT REQUIREMENTS

## SUBDIVISION PLAT PROCEDURE CHART

## SEC. 502.1 - SCHEDULE OF IMPROVEMENT REQUIREMENTS PART OF ORDINANCE NO. 37 - CITY OF WIXOM, MICHIGAN

TYPE "A"		TYPE "B"		TYPE "C"		TYPE "D"	
1. Single-family residential developments having lot widths less than 75 ft., lot areas less than 11,250 sq. ft., public sewer and public water.		2. Single-family residential developments having minimum lot widths of 75 ft., minimum lot areas of 11,250 sq. ft., public sewer and public water.		3. Single-family residential developments having minimum lot widths of 100 ft., minimum lot areas of 15,000 sq. ft., public sewer and public water.		4. Single-family residential developments having minimum lot widths of 100 ft., minimum lot areas of 15,000 sq. ft., private wells and septic tanks.	
2. Two-family and multi-family developments							
STREET IMPROVEMENTS		STREET IMPROVEMENTS (Cont.)		STREET IMPROVEMENTS (Cont.)		STREET IMPROVEMENTS (Cont.)	
1. Major Thoroughfares. Where an existing road shows the subdivision the Subdivider shall improve his half of said road to a width and standard equal to the other half of the road, subject to plans approved by the City Engineer.		9. Street and lot grading per details and specifications approved by City Engineer.		10. Curb or Curb and Gutter per details and specifications approved by City Engineer.		11. Pavement per details and specifications approved by City Engineer.	
2. Collector Streets. a. 60 ft. ROW, 22 ft. pavement measured face to face of curbs, 8 ft. gravel base, culverts at driveway, public sewer and public water. b. Same as 2a, above except 5 ft. conc. sidewalk one side only.		12. Sidewalks per details and specifications approved by City Engineer.		13. Street Signs in accordance with standards of veracity, size and installation adopted by the City, shall be placed 50 ft. apart. a. Between curb and sidewalk. b. In street ROW adjacent to property line.		14. Street Signs shall be placed at all intersections with completion of pavement. Detail and specifications in accordance with adopted city standards.	
3. Minor Streets. a. 40 ft. ROW, 24 ft. pavement measured face to face of curbs, 8 ft. gravel base, culverts at driveway, street trees. b. 40 ft. ROW, 20 ft. pavement 8 ft. gravel base, culverts at driveway, street trees.		15. Monuments permanent metal monuments shall be installed in accordance with the Plat Act, Sec. 10. After installation of an improvement, the Subdivider shall have a registered engineer or surveyor check the location of monuments and certify to their accuracy in accordance with Sec. 11, Plat Act.					
4. Boulevard Streets. a. 80 ft. ROW, two 18 ft. pavements measured face to face of curbs and separated by 18 ft. island, 8 ft. conc. sidewalk both sides, street trees. b. 80 ft. ROW, 20 ft. pavement 8 ft. gravel base, culverts at driveway, street trees in island.							
5. Marginal Access Streets. a. 40 ft. ROW, 18 ft. pavement measured face to face of curbs, 8 ft. gravel base, culverts at driveway, street trees. b. Same as 5a above except no curb and with 8 ft. gravel base, culverts at driveway, street trees.							
6. Cul-de-sac Streets. a. Same as 5a above except for dead ends with 120 ft. diameter ROW 24 ft. pavement with 45 ft. outside radius, 8 ft. gravel base, culverts at driveway, street trees in island and along both sides. b. Same as 5b above except no curb and with 8 ft. gravel base, culverts at driveway, street trees in island and along both sides.							
7. "U" Streets. a. 120 ft. ROW, two 18 ft. pavements measured face to face of curbs and separated by 44 ft. island, terminated by turning circle with 120 ft. diameter ROW, pavement with 40' outside radius, 8 ft. gravel base, culverts at driveway, street trees in island and along both sides. b. Same as 7a above except no curb and with 8 ft. gravel base, culverts at driveway, street trees in island and along both sides.							
8. Alleyways. 20 ft. ROW, 10 ft. pavement with reverse crown.							

the final plat. Such plans shall be prepared in compliance with requirements of the Public Improvement Standards of Wixom approved by the City Engineer and adopted by the Council, and with applicable requirements of County and State authorities.

b. Where, for any reason, the approval of County or State Highway or Highway Departments are required by law, as in the case of sewage treatment plants and County or State highway improvements such approvals shall be secured in writing and attached to Engineering Plans prior to submission for local review and action.

501.2. Submittal: Three copies of Engineering Plans shall be filed with the City Clerk simultaneous with the filing of the Final Plat.

501.3. Review: The Clerk shall check the submission for completeness and, if complete, record receipt and the date thereof, and immediately distribute the documents as follows:

a. One copy to the Commission for review and recommendations.

b. One copy to the City Engineer for review of compliance to Public Improvement Standards, preparation of construction cost estimates, and recommendation for rejection or approval.

Reviewing bodies shall make known their recommendations in writing to the Clerk as soon as possible bearing in mind the 30-day maximum time limit for final action by the Council as required in Sec. 309.0 of this Ordinance.

If either recommendation is for rejection it shall specify the reasons therefor, the Clerk being notified immediately so that the filing date can be revised.

501.4. Approval: Approval of Engineering Plans by the Council shall be simultaneous with that of the Final Plat as set forth in Sec. 309.0 of this Ordinance.

Sec. 502.0. Improvement Requirements: The Subdivider shall provide street and utility improvements designed and constructed in accordance with Public Improvement Standards adopted by the Council. These standards are directly related to the location of the plat and the type of development proposed therein as outlined in the following Schedule of Improvement Requirements.

Sec. 503.0. Guarantee of Completion. In lieu of actual installation of required improvements of public facilities, the Subdivider may elect to provide a financial guarantee of performance in one or a combination of the following arrangements:

a. Performance of Surety Bond.

(1). Value of Bond: an amount satisfactory to the City Council.

(2). Length of Term: a period specified by the City Council, provided that such a period shall not exceed 12 months, and further provided that under extraordinary circumstances this period may be extended by Council action for not more than 12 months.

(3). Approval of Bonding Company: surety company to be authorized to do business in the State of Michigan and be approved by the City Council.

b. Cash Deposit, Certified Check, or Negotiable Bonds: Deposit shall be made with the City Treasurer or a responsible escrow agent or trust company, subject to the approval of the Council, or money or negotiable bonds in the same amount of the kind approved by the provision of law for securing deposits of public money in banks. If a cash deposit is made, the agreement shall provide that progress payments shall be made to the Contractor or the Subdivider out of the deposit as work progresses.

c. Special Assessment: In cases where all properties abutting on a public right-of-way are not under the control of the Subdivider, the Subdivider may petition the City through the City Council to provide the necessary improvements and to assess the cost thereof against the abutting property in accordance with local requirements regarding special assessments; provided, however, that the Subdivider shall be responsible for any differences between the cost of the improvements and the amount that can be legally assessed by the City against the property to be subdivided and shall furnish the necessary waivers to permit the assessment of the entire cost of the improvements.

503.2. Penalty for Failure to Complete Installation: In the event the Subdivider does in any case fail to complete such work within such period as required by the conditions of the guarantee, the City Council shall have such work completed. The City, in order to reimburse itself for the cost and expense thereof, may appropriate the deposit of cash money or negotiable bonds which the Subdivider may have deposited in lieu of a surety bond, or may take such steps as may be necessary to require performance by the bonding company.

503.3. Fees for Inspection of Construction: The agreement to install required public improvements shall also provide for checking of improvement plans and inspection of all improvements by the City Engineer and reimbursement of the City for the cost of checking and inspection at the rate of 2% of the cost of improvements as estimated by the City Engineer.

503.4. Progressive Installations: When any portion of an improvement has been fully completed to the satisfaction of the City Engineer, he shall recommend, and the Council authorize, the reduction in bonds or a partial withdrawal of funds equal to the estimated cost of such completed portion.

## ARTICLE VI.

**VIOLATIONS AND PENALTIES**

Any person, firm, or corporation who shall violate any provision of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, be punished by a fine not to exceed One Hundred (\$100.00) Dollars and the costs of prosecution, or, in default of the payment thereof, by imprisonment not to exceed ninety (90) days, or both such fine or imprisonment in the discretion of the Court. Each day that a violation is permitted to exist shall constitute a separate offense. The imposition of any sentence shall not exempt the offender from compliance with the requirements of this Ordinance.

## ARTICLE VII

**SEVERANCE CLAUSE AND CONFLICTING PROVISIONS REPEALED**

Sec. 700.0. Severance Clause: Should any section, clause, or provision of this Ordinance be declared by the Court to be invalid, the same shall not affect the validity of the Ordinance as a whole or any part thereof, other than the part so declared to be invalid.

Sec. 701.0. Conflicting Provisions Repealed

All other Ordinances and parts of Ordinances in conflict with this Ordinance, to the extent of such conflict and no further, are hereby repealed.

## ARTICLE VIII

**EFFECTIVE DATE**

This Ordinance shall take effect immediately upon adoption and publication, as required by law.

**CERTIFICATION**

I, Lillian Byrd, Clerk of the City of Wixom, Oakland County, State of Michigan, hereby certify that the foregoing Subdivision Regulations, Ordinance No. 38, was duly enacted by the City Council of the said City of Wixom, Michigan, on the 9th day of October, 1958, A.D. by the following vote:

Yeas: Gerald Abrams, Jesse Birchard, Lottie Chambers, Ray Lahli, Gunnar Mettala and Walter Tuck. Nays: None. Absent: None.

Lillian Byrd, Clerk

# FOOTBALL CONTEST

IT'S FUN — IT'S EASY — ANYONE  
CAN WIN — NOTHING TO BUY!

**\$1000** First Prize **\$500** 2nd Prize  
**EVERY WEEK**

— HERE'S ALL YOU DO: —

In each of the 15 spaces provided below place a circle around the team you believe will win. Be sure to pick a winner in all 15 games. Note that in one game it is necessary to pick the probable score. This will be used only in case a tie occurs and then the contestant whose score is closest to the actual score will be declared the winner.

All entries must be postmarked not later than 5:00 P.M. Friday. Entries may also be brought directly to The Record office before 5:00 P.M. Mail your entries to: Sports Dept., The Northville Record, Northville, Michigan.

Enter just once each week, but you may enter as many

weeks as you desire. In case of ties, prize money will be split.

Be sure to write your name, address and phone number plainly in the space provided. Free entries are available at The Record.

Employees of The Record or sponsoring merchants are not eligible to enter.

## SPEAKING

## for the Record

by BILL SLIGER

The city dump (politely and officially referred to as a "sanitary land fill") has become a symbol of frustration to city councilmen.

Consider these reasons:

- Residents have complained by petition that odors arising from continuous burning is a nuisance and have threatened a suit;
- Discontinuing fires has caused the dump to fill-up at an alarming rate;
- Unauthorized use of the dump continues despite attendants stationed at the entrance;
- A program to purchase all dump area property so that it can be fenced and then properly controlled and operated has moved slowly over two years;
- Expense of the operation has been borne entirely by the city while the township has full use of the facility;

And what's more frustrating, the latter condition is an arrangement resulting from an understanding reached with the township several years ago.

The above factors boiled-over two weeks ago and the council moved suddenly to set December 1 as the deadline for the township to start sharing in the expense of operating the dump.

Actually, the city has set the December 1 deadline upon itself.

For now — if the understanding is to be honored — the city must complete its dump program and give the township some idea of cost.

In general, the township has recognized a responsibility to share this expense. In 1955 a letter from Township Attorney James Littell to township and city (then village) officials pointed out that the cost of operation should be shared jointly.

It also suggested that after the city had completed its purchase of the property, steps should be taken to hire a full-time attendant, establish strict dumping hours and restrict dumping to residents and commercial or industrial enterprises of the city and township.

In short, the township has said, "tell us how much and we'll pay."

Essentially, this is what the city has been trying to do. It is a slow process, however, but now seems near realization.

There should be no cause for the city to suspect that the township is dragging its feet. At the same time township officials should recognize the urgency of the problem to the entire community and bend every effort to cooperate.

## Copper Price to Climb

Cape Town, South Africa — Let me first discuss the copper industry of Africa, which is now its most stable activity. The world copper industry is currently in the doldrums. This fact, plus the red metal's economic importance to the United States, impels me to make a study of the situation. Here are the highlights.

## Production Picture

The U.S. has long been the world's leading copper producer, although its percentage of the world total has declined in recent years. The production pattern, however, has been quite irregular. Output topped 1,000,000 tons for the first time in 1929. The depressions low of 225,000 tons was set in 1933. A record high of 1,117,580 tons was turned out in 1956; last year's total was 1,081,000 tons.

World smelter production, over a long period, has trended fairly steadily upward, and at a rapid pace in recent years — from 3,076,730 tons in 1950 to 4,111,934 in 1956. Africa is the free world's second largest producer, with the bulk of output concentrated in Rhodesia and the Belgian Congo. I have great faith in the African producers. Africa is a vast storehouse of raw materials that will be invaluable in the economic war we are engaged in with Russia. Chile ranks third in copper production; Canada fourth.

## Copper's Shifting Supply-Demand Ratio

For many years the United States was more than self-sufficient in copper. World War II changed that situation. Zooming consumption, which hit a high of 1,641,550 tons in 1941, necessitated heavy imports to fill the deficit arising from wartime demand. Our U.S. copper needs have held at high levels in most of the postwar years, reflecting pent-up consumer demand for goods of all kinds, outbreak of the Korean War in June 1950, and a high level of industrial activity. The red metal was in stringent supply practically from the beginning of World War II until early in 1956. Since then, U.S. supplies from domestic, African and other foreign sources have exceeded requirements.

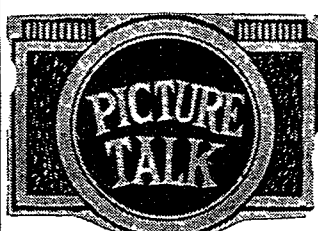

The current copper surplus reflects the recent rapid expansion in world production of the metal and the decline in business and industrial activity, particularly in the United States. I see little at the moment pointing to a major recovery in

U.S. copper demand unless a naval war develops with China over the Formosa situation. I am bullish, however, about the longer-term prospects. World industrialization seems destined to expand at an accelerating pace in the years ahead. Copper needs abroad will follow suit. As I look into the future, I am more concerned about too little copper than too much. Much more could be mined here in Africa. The following three African coppers are listed on the New York Stock Exchange: American Metal Climax, Rhodesian Selection Trust, Roan Antelope. For early profit, however, I now prefer our own Phelps Dodge.

## A Glance At Prices

Copper, like many world commodities, is extremely sensitive price-wise. A depression low of 5c a pound for electrolytic copper at New York was made in 1933. In February, 1956, the metal hit a 90-year high of 46c a pound. The average yearly price in 1954 was 29.82c; in 1955, 37.39c; in 1956, 41.87c; and in 1957, 29.99c. The recent U.S. price of 29c seem to discount the bearish factors, especially since the value of the dollar has been more than halved since 1939.

Although I do not expect copper prices to go soaring soon, I do look for them to strengthen further as the supply-demand imbalance undergoes additional correction. This may take a little more time. The recent upping of the U.S. import duty will act as a bulwark, and a resumption of government stockpiling cannot be entirely ruled out. Of one thing I am certain: Over the next decade or so, copper prices will be considerably higher than they are today and Africa will be a gainer. Threats of war should help all copper stocks; but the African mines would be handicapped by the costs of long and dangerous freight transport. Gold, uranium and diamonds can be swiftly transported by airplane. Copper cannot be, and this is one reason why I prefer now to invest in companies which secure their raw materials on the American continent.

## OWN HALF A CAMERA?

Or let's put that question another way. Can you take pictures only outdoors with your camera . . . not indoors?

Most cameras, you know, can easily be equipped with a low-cost flashholder that makes indoor picture-taking easy. You just load a flash bulb in the holder, press the button — and FLASH! You've got yourself a wonderful picture.

Bring in your camera next time you're near the store, and we'll be happy to show you some of the different types of flashholders you can use. We have a couple of new ones, by the way, that are really something to see. One's the new Kodak Rotary Flashholder. You load it with six flash bulbs at a time. Then you're set for six quick flash shots in a row. Lets you catch quick action without the need for changing bulbs after each picture.

Then there's another new one called the Kodak Generator Flashholder. This you've got to see. It uses no batteries. You just give the generator wheel a turn and you generate enough "juice" to fire your flashbulb. What's more, this new dandy folds w-a-y down to pocket size.

If you pick up a flashholder now, you'll be ready to snap all the fun at the holiday parties that'll be coming up soon. See you soon?

## Impossible for Schools to Operate Within Income

SCHOOLS without prospering industries to tax, and college students without prosperous parents both figure in the latest education crises in Michigan.

The schools, already borrowing heavily against next year's state aid payments, expect rough financial problems this winter.

Plight of students, upon whom fall the burdens of the future, is being more and more recognized.

Many state problems, and there are more of them than solutions at the moment, have their roots in money and education. Even though sizable funds have been allocated to education in the last decade, there is need for more.

Slightly more than 400 school districts have already borrowed more than \$31,000,000, using state aid due next year for collateral.

When aid payments come through for use next year, they will already have been committed for these obligations.

Part of the pinch, too, comes from the necessity for paying a maximum four percent interest on the loans for money needed this year. Next year, this cost will also be counted.

Another phase of the school problem is the inability of the state to pay the \$190 per student aid it "promised" during the controversies of the 1959 legislative session.

The top fiscal experts predict the state will fall at least \$8,000,000 short.

Similarly, schools are being hit by demands for space.

They must continue to borrow millions to construct new buildings and find new sites for future buildings. The influx of 70,000 new students this year is expected to repeat itself for five more years.

Local taxpayers are voting down many bond issues for needed buildings, adding drama to the pain that is being felt at the source of all public revenue — the taxpayer's pocketbook.

Democrats in Lansing are blaming the Republican-controlled legislature for not raising more money. The whole problem has developed into a cycle.

Democratic philosophy opposes "consumer taxes", and insists that business, industry or the federal government pay the bills.

Republicans are charging that this attitude is already discouraging industries and businesses from staying in the state; is killing the goose that lays the green dollar bills.

So, Republicans have been waiting for the legislative tax study to be completed and delaying any new taxes. Democrats, fighting to keep industries in Michigan, claim they get a fair tax shake here but are not indicating they do not plan more taxes at that level.

The college student is getting a few breaks in the wake of the near-panic about scientific education following the ascension of the Russian Sputnik and various American satellites.

This year, banks are arranging student loans, direct payments of tuition and fees to colleges and universities. The student and/or his family repay on a budget plan.

There are more scholarships.

The latest idea is creation of a semi-official state agency to accept gifts and grants for investment.

Rep. Willard I. Bowerman (R-Lansing) will push for his plan in the 1959 legislative session. It has its roots in the techniques of high finance.

Under the system, the new authority can lend out 12½ times the size of its assets. Students are expected to repay the loans over a long-range period of time.

Pressures on higher education to educate vastly booming enrollments in the next few years are certain to come under the influence of the latest research on the subject.

Dr. John Dale Russell, director of the two-year study for the legis-

lature, made his report recommending that the big universities get no bigger.

Without mentioning Michigan State university's 20,000 students or the University of Michigan's 28,000, the meaning was plain.

Russell's report also hinted strongly that branches of these two educational giants at Flint, Dearborn and in Oakland county should eventually become independent.

Public concern for problems of higher education has not been strong. But it can be assumed more interest will develop rapidly when more and more graduating high school students are told they cannot be accepted for college training.

## TV - Friend or Foe of Our Children

Our six-year-old spends more time looking at TV than I think he should, but my husband disagrees. His shows begin at five o'clock and I have to plan dinner around the ones he wants to see, most of them westerns. He stays glued to the set until bedtime, which is 8:30. How much TV watching is too much?

Mrs. L.J.

TV is either your child's curse or blessing, depending on which expert you happen to ask. Some are of the opinion that children's school work, health and ability to entertain themselves are being seriously damaged by the TV habit, and others contend that the child enriches his background and knowledge more than enough to offset its bad features.

Though studies made to determine the beneficial or detrimental effects of TV are not wholly conclusive, educators are not happy about the TV fare selected by the average child. They point out that if the child's selection of TV programs were ideal, the undisputed value of TV as a teaching method would be capitalized upon. A study made in New Jersey found that the child who puts in long hours watching TV makes poorer grades than do other children of equal intelligence who either have no TV set or whose hours of viewing are controlled by parents. Most parents exercise some control over the TV fare of the young child.

Children differ at any age in the degree of their mental and emotion-

al development, and both are important factors in determining how the child will react to what he sees on TV, particularly if what he is watching has a strong element of adventure or excitement in it. One child may view any TV show as just interesting entertainment, while another may identify himself with what he sees so completely that he becomes a part of it. The child who is an intense watcher, according to a leading psychiatrist, is likely to become tense and nervous and bite his nails or show some other outward sign of nervous tension. If he does this, his TV fare should be selected with the help and supervision of parents.

Psychiatrist Frederic Wertham believes that some TV shows warp the child's sense of values by presenting a picture of life which stresses inferior standards regarding money, family living, and the true goals of life. Other psychiatrists disagree and contend, for example, that the statement made by an occasional delinquent that he got the idea for committing a crime by seeing a similar one on TV is pure rationalization. They maintain that the basic reasons for delinquency go much deeper than TV viewing.

Child development authorities generally agree that the child who has a happy home life is less likely to react unfavorably to exciting TV shows than is the child who has fears, anxieties and feelings of insecurity at home. Witte and Brick-

er's book, "Your Child and Radio, TV, Comics and Movies", emphasizes the point that if parents will provide the child with a happy home life and help him develop a wide range of interests and activities and a desire for good entertainment, they will have done the most important thing they can do to protect him from some of the ill effects of undesirable TV fare.

The most obvious responsibility of parents related to the child's TV habits is that of protecting his eyesight. The simple rules of not sitting too close or to one side of the screen, not having the room too dark or too light, of resting his eyes frequently and having them examined periodically — especially if they blur, sting, itch, or bring in a fuzzy picture — should be carefully observed. Enforcing these rules and controlling the viewing of the nervous child are parental responsibilities which should be a constant part of TV viewing.
