

Voters Should Register Emphatic "Yes" Monday

By Bill Sliger

Monday city property owners will go to the polls to decide an issue that carries heavy local significance and may well signal the future pattern of development of our community.

Their votes will decide how successful the council has been in its determined effort to "sell" a \$300,000 water improvement program.

Every citizen who is qualified to do so should vote on this measure. And, in the opinion of The Record, the vote should be an overwhelming approval.

First of all, the improvement program should be stripped of politics and evaluated upon its merit.

It is much easier, and more popular, to oppose any bond issue than it is to dig out the critical needs of a community and then come up with a sound means of providing improvements.

An attempt to gain April popularity at the polls by appealing to a natural voter reluctance to support a bond issue may have some political advantages. In the opinion of The Record, however, it is not an appeal made with the best interests of the community in mind.

Strongest opposition to the improvement program comes from an organization which itself is split in opinion. The only member who has attended hearings on the measure regularly favors the program; the majority — governed by members who have attended NO meetings and one member present at ONE meeting — has decided to take a negative stand.

A positive look at the program refutes their arguments without singling them out.

Northville councilmen began studying the city water system in 1955. A report at that time by the water consultant firm of Ayres, Lewis, Norris and May recommended the water rates that the council finally initiated in June, 1958. It also called for the "hydrant rental fee". This is a \$50 per fire hydrant charge by the water department to the general fund for fire protection. This charge will be made in the next budget.

The 1955 report further warned the council that the city's water supply would be exhausted by a prolonged 4-hour fire. The taste, odor and discolor of Northville water did not require a report from experts. Councilmen were made aware

of this daily. In addition new schools and growth of subdivisions brought greater demands on the water system.

Finally, the council called for a specific study with detailed recommendations to include costs and financing to give our community the facilities to produce, store and distribute water that it needs now and in the predictable future.

The recommended improvements are well known to most voters and may be found in the election story on this page.

The means of financing left some choice to the council — but not much. It was evident that to keep the cost of the improvements within the limits of the revenues of the system the voters would have to give general obligation approval.

Actually, the council welcomed the opportunity to take the project to the public. A thorough program of information has followed and now the problem lies exactly where it belongs: in the hands of the voters.

Thus it should be clear that the city's proposed water program has not been hastily devised.

Furthermore, its financing has been firmly established on a business basis of making the system pay for its own improvements. What could be more equitable to the taxpayer and water user.

In addition, it would be difficult to find anything more in the interest of "public health and general welfare" than a good and adequate water supply.

The city of Northville is plagued with many needed improvements. This is merely the first. As others follow, if our council can find a means to accomplish them as painless to the taxpayer, and as sound in principle, as the water improvement program — then we are, indeed, a city to be envied.

The Record has followed the council's water improvement planning every step of the way. We have always considered our presence in the role of "representatives of the public". On this basis we consider it our duty to report our opinion and urge every voter to go to the polls and vote "yes".

Do not fail the council, our community or yourself in this duty.

Winter Gives its All In New Icy Blasts

Old man winter continued to blow his bitter blasts this week coming up with a mixture of rain, snow, freezing and thawing. Heavy rains Monday night were followed by freezing weather and everything wore a blanket of ice.

Walking was slushy for Robert Schroeder . . .

Driving and walking conditions were extremely treacherous Monday evening and Tuesday.

School buses were at a standstill. In Novi, schools closed Tuesday. Northville had 30 percent attendance at the high school and 40 and 20 percent at Main and Amerman elementary schools in the morning but closed in the afternoon.

Teachers at Amerman school had to park their cars at the foot of Center and Grace street hills and walk to school.

Only one car accident was reported as a result of the ice. Police said a car driven by Tom Purdy of Summerside Lane and traveling only 15 miles per hour skidded into a guard rail on Randolph street after making a complete turn. Damage to the car totaled \$136.

Four persons were taken to Atchison hospital as the result of falls on the ice. A woman suffered a fractured wrist, a man fractured an ankle, while another man and a school boy suffered less serious injuries.

Milkmen made their deliveries with chains tied to their shoes for traction. Most milk deliveries were made, except where houses were isolated on hills or rural roads.

On Ten Mile near Taft road seven cars were reported stuck in the ditch as traffic was almost at a standstill. Residents who drive to Detroit daily took as long as three hours to make the trip — if they made it at all.

Public works crews found salt didn't help on the slippery streets. Starting at 4 a.m. Tuesday heavy loads of sand were spread over city streets.

... slippery for Elsie Sedan

New Water Source At City Hall

City Manager John Robertson, currently in the details of the city's proposed water improvement program, had new water troubles Tuesday.

He was literally "washed out" of his second floor city hall office by melting ice and snow that dripped through the roof and ceiling.

The water, cold and clear, did not prove to be a lasting source, however. It stopped flowing Wednesday.

... and school buses were at a standstill

OLD TRADITION — Passing Valentines across the aisle while teacher reads may bring back memories to parents who left the classroom many years ago. It also may remind Dad that Saturday is Valentine's Day and that Mother still appreciates a thoughtful remembrance. Mark Gazlay is giving Cristie Becker a giant-size Valentine while Mrs. Isabelle Spooner reads to her second grade at Main street school.

Voters to Decide Water Bond Issue

Local Bandsmen Win More Honors In Annual Festival

Northville's award winning band scored another triumph Saturday by capturing five first place awards at the annual solo and ensemble festival at Thurston high school.

Fourteen local bandsmen won five firsts, eight seconds and one third in a competitive event that drew 1,710 entries from Macomb, Oakland, Wayne, Monroe and Wash-tenaw counties.

The event was judged by college music instructors. Students winning first place honors for Northville are: Sam Chizmar, piano solo; Richard Drew, clarinet solo; Julie Older and Chizmar, flute duet; Drew and Carolyn Langtry, clarinet duet, and Miss Older and Drew, flute and clarinet duet.

The first place winners will compete with first division finalists from all other Michigan districts next month, Band Director Leslie G. Lee said. The date and the place will be announced at a later date.

Saturday's triumph was Northville's second "victory" in less than a month. Three weeks ago, the Northville band won "unofficial" championship of the Wayne-Oakland league by placing 33 of its members on the 75-piece all-league band.

City Buys Property For Sale to Downs

A check for \$15,000 for the deed to 2.1 acres of River street property was paid Wayne county by the city of Northville this week.

The purchase was proposed by Northville Downs two years ago. The city interceded, however, to place certain use restrictions on the property. The Downs will use the land for parking and access to the track.

Details of the restrictions have been agreed upon and the sale of the property for \$15,000 to the Downs by the city is expected immediately.

Calendar

- Saturday, February 14: Rotary Valentine dance, community building, 9 p.m. to 1 a.m. Jimmie Clark's WJR orchestra, with Vocalist Jan Wynn.
- Monday, February 16: Methodist Men's Father-Son banquet, church hall, 6:30 p.m. DAR, home of Mrs. Howard Atwood, 121 High street, 1 p.m. Speaker Carl Johnson, on trip to Russia.
- Tuesday, February 17: Wesleyan Service Guild, home of Mrs. Jennie Johnson, 183 Amella, Plymouth, 8 p.m.
- Wednesday, February 18: OLV Altar Society, church hall, 1 p.m. Girl Scout Neighborhood meeting, scout hall, 9:15.

Monday's special election to decide the fate of the proposed \$300,000 water bond has turned an otherwise drab primary into a highly interesting event — at least for property owners living in the city.

Both city and township residents of Wayne county will have but one primary choice to make. They will be asked to decide between Democrats Dan Radnovich and Jacob P. Sumeracki and Republicans Jordan H. Greene and William W. Lau as county auditor nominees for their respective parties.

Public Meeting Tonight

A public meeting on the proposed \$300,000 water improvement program will be held tonight (Thursday) at the Northville community building.

According to Mayor A. Malcolm Allen, an explanation of the entire program as well as details of financing will be presented. The council, city manager, engineer and attorney will take part in the panel presentation.

Questions from the floor will be answered by members of the panel. The program will begin at 8 p.m.

House Building Up In Northville, Novi

The number of residential dwelling permits issued in the city of Northville and the village-township of Novi increased in 1958, the Detroit Metropolitan Area Regional Planning Commission reported this week.

Local increases contrasted sharply with the dip in Oakland and Wayne county total figures. Wayne county, for example, had the lowest annual total since 1950.

Fewer building permits were issued last year in Northville township and in Walled Lake than were issued in 1957.

A total of 77 permits were issued in Northville last year, 109 in Novi, compared to 22 and 85, respectively, in 1957. Northville township on the other hand, issued 19 permits last year compared to 38 issued in 1957.

Walled Lake permits fell off from 47 in 1957 to 12 last year.

In the first year since incorporation, the city of Wixom issued a total of six permits.

The latest Northville figure represents the largest number of building permits issued since 1950. However, 1958 Novi figures were well under the 219 total in 1955 and 274 in 1956.

The month of May, 1958, saw most of Northville's building activity, with a total of 21 permits issued. Northville township's best month was April with a total of 5 permits.

Novi's building high of 30 permits came in September, although the month of May also saw a good deal of building activity with 26 permits issued. July and August were top building months in Walled Lake.

Oakland county residents of the city will select five candidates for circuit court from a field of Clark J. Adams, James C. Allen, William John Beer, Wendell Brown, Milton F. Cooney, Stanton G. Dondero, Ralph F. Finley, Maurice E. Finnegan, Verne C. Hampton, H. Russell Holland, Theodore F. Hughes, Maurice A. Merritt, James Renfrew and Frederick C. Ziem.

But it's the local water improvement program that will bring the voters to the polls. Only qualified electors of the city who are property owners may vote on the issue. To pass the program must win 60 percent of the votes cast.

Specifically, the ballot will ask voters to register a "yes" or "no" opinion on the following question:

Shall the City of Northville, Counties of Wayne and Oakland, Michigan, borrow the sum of not to exceed Three Hundred Thousand (\$300,000.00) Dollars and issue the general obligation bonds of the City therefor for the purpose of paying the cost of acquiring and constructing improvements to the water supply system of the City consisting of an elevated storage tank, rehabilitating the filter building, a new well site, well and housing with necessary pumps and motors, chlorinating equipment, additional water mains, hydrants, valves, and appurtenances and attachments thereto?

The program has been given the unanimous support of the council. Since mid-January council members and interested individuals supporting the program have appeared before approximately 20 local groups and organizations to outline the details of the program.

In dollars and cents the proposed improvements call for an expenditure estimated at \$298,483.

They include: completion of the new Novi road well site, pump and pump house; chlorinating equipment; additional shut-off valves; additional fire hydrants; additional water lines; and a 400,000 gallon elevated storage tank.

Property owners are being asked to support the issue so that the city may borrow \$300,000 over a 27-year period. The bonds would be paid off by revenue of the water system.

Without the support of the voters the council could borrow only \$190,000 on a straight revenue-type bond issue at an interest rate at least one percent higher.

The polls will open at 7 a.m. and close at 8 p.m. Township residents in precinct one vote at the Main street elementary school and precinct two residents at the township hall.

City residents of precincts one and two vote at the community building while precinct three residents vote at the Amerman elementary school.

Schools May Need More \$\$\$

Beginning plans for the 1959-60 school budget, the Northville board of education admitted Monday that the need for an increase in tax revenues might be in the offing.

For the past three years, the board has levied maximum millage to cope with operating expenses and debt retirement.

The question now is how to support the additional costs of maintaining the new high school.

Last year the board levied 7.85 mills of the 15 mill maximum allocated the county, township and school district, for use in the school's general fund, plus an additional 10 mills voted in a special election in 1956.

Another 8.25 mills was used for debt retirement — a total of 26.10 mills.

The trend in past years indicates that a rise in the state equalization factor is also likely next year.

On this assumption Superintendent Russell Amerman estimated that operating expenses could probably be covered by maintaining a 17 mill tax.

But as assessment of the school district increases, state aid automatically decreases. "We have lost about 45,000 a year in state aid over the past three years through shifting of the equalizing factor," Amerman said.

If it is found that the increase in operating costs cannot be covered by the 17 mill tax, the apparent solution would be a vote for more millage.

The school's immediate financial situation was described by the superintendent as "kind of in a vise."

We want to move into the new building — to get junior high rehabilitation underway — but on the other hand we don't want to move — since delay would cost costs of operating the new building.

Taxes have been coming in well, Amerman reported, adding that "there is probably enough in the budget to see us through if state aid arrives and if it pays as much as I have reason to believe it will." Otherwise, he continued, "we would be as hard pressed as if we didn't move."

A delay in the planned September opening of the junior high, said Principal Harry Smith would result

in serious inconvenience and a "tremendous re-arrangement" of schedule.

The board also heard Wilfred C. Becker's report from the elementary curriculum committee.

The committee's tabulation of teachers' requests, he said, can be divided into two categories: those which could be solved by more money and those inherent in teaching itself.

The committee has also divided into groups to study such problems as outside help for non-teaching duties (recess, bus duty, etc.), problems of individual grades, and other

special problem groups.

The board also approved the request of elementary school principals to change to a uniform time schedule for all grades.

Starting this week all elementary classes are being dismissed at 3:25 daily instead of at 3 and 3:25 p.m. as before.

The principals reported that they had recently completed a school fire-safety check with the help of maintenance men, against a checklist prepared by the state department of public instruction.

They found the buildings in good condition.

Parking Fund Collection Grows to \$18,000 Total

A campaign for funds to help the city provide more municipal parking was rapidly gaining momentum this week.

The merchants have set a goal of \$28,000 to help develop parking and alley facilities where the Frank B. Hills real estate building is now located at 114 West Main street and between Northville Realty and Mainville Drugs where an empty lot and apartment house stands.

According to Carl Johnson, member of the parking fund committee, approximately \$18,000 has now been subscribed. The committee sent letters to 135 merchants, businessmen and commercial property owners seeking funds.

The main street development between Northville Realty and Mainville Drugs would provide a 33-car blacktopped parking lot. Merchant Roy Stone offered to complete this project and accept repayment from

Married in Double Ring Service

Mr. and Mrs. Fred Schwarze

In a double ring ceremony held in the home of her parents, Carla Jean Johnson, daughter of Mr. and Mrs. Carl H. Johnson of Northview road, became the bride of Frederick Bruce Schwarze, son of Mr. and Mrs. Frederick H. Schwarze of Cambridge drive, last Sunday.

The Rev. John O. Taxis, pastor of the First Presbyterian church of Northville, performed the service in a room decorated with mantle and table arrangements of white and light blue carnations, tulips, stock, gladioli and daisies.

Organ music was played by Selma Schmutz.

Given in marriage by her father, the bride wore a gown of soft blue lace over net and satin. Her matching veil of Brussels lace was caught by a gold and pearl Swedish crown, both purchased for her by her father on a recent trip to Europe.

She carried a crescent bouquet of stephanotis and orchids.

Maid of honor was the bride's sister, Lynn Johnson. She wore a dress of aqua lace over satin and her flowers were pink carnations.

Bonney Schwarze, sister of the groom, as bridesmaid wore a rose lace dress with satin underskirt, and carried a bouquet of aqua carnations.

Thomas Schwarze, brother of the groom, served as best man.

For her daughter's wedding Mrs. Johnson selected a beige lace dress.

Mrs. Schwarze chose a violet and rose print dress. Both mothers pinned on corsages of deep pink carnations.

A reception was held at the Johnson home. Some 40 guests attended from Northville, Detroit, Lansing,

Birmingham, Plymouth and Marion. The newlyweds will make their home in 45840 Northview road.

It's All 'Hearts and Flowers' For Rotary's Valentine Dance

Northville's community building will take on a hearts and flowers look this Saturday night for the Rotary club's gala Valentine dance.

Music and entertainment will be furnished by the popular WJR orchestra conducted by Jimmie Clark and Vocalist Jan Wynn.

Dancing will begin at 9 p.m. and continue until 1 a.m.

Co-chairmen Dr. Walter Belasco and Carl Johnson will have the help of Lynn Sullivan, Dayton Deal, Charles Strautz, Charles Smith and Leonard Bogatitus in arranging the decorations.

The dance, normally an annual event, was not staged last year but the club is hopeful that it will now return as a successful social highlight of the community.

Tickets are available to the public from any Rotarian and may be purchased in Northville at Gussell's Drugs, Carrington Agency, Johnson's Jewelry and Gift Shop, Stone's Gamble Store, Bel-Nor Drive-In, Northville Realty, Northville Record, E.M.B. Market, Northville Electric, Schrader's Home Furnishing, Allen Monuments and Casterline's.

CURTAIN CALL — For the fifth time in the past five years, Mrs. L. Hart Wright (left) presented a program of dramatic readings before the Northville Woman's club. Mrs. Wright has worked with theater groups in Ann Arbor where she makes her home, and in New Orleans. Here, Mrs. H. Handorf welcomes Mrs. Wright to last week's meeting.

Woman's Club Guest Speaker Reads New Play

For the fifth time in steady succession for the past five years, Mrs. L. Hart Wright of Ann Arbor delighted members of the Northville Woman's club with her skillful dramatic reading.

Keeping her program unknown until Friday's guest day-meeting, Mrs. Wright — who usually selects a work or works of current interest — chose this time "Roar Like a Dove", a play by Lesley Storm.

The three-act comedy offers polite speculation about the sometime wifely triangle between domestic routine and social glamour.

Mrs. Wright, assuming the roles of Lord and Lady Dugavel, their daughter Jane, the lord's uncle and cousin, the lady's mother and father, and the family maitre'd, imaginatively reproduced the tale of a present-day Scottish nobleman and his American wife who have been blessed with six daughters in their nine years of married life in the Highlands.

Lady Dugavel, longing for the social whirl and a chance to wear the diamond tiara — that came with her titled husband — rebels against his ambitions for a son and heir.

After conspiracy on both sides, in the end the Lady gets nine months of royal luxury and the Lord finally gets his son.

Last year, Mrs. Wright read the text of "Teahouse of the August Moon".

Mrs. H. Handorf introduced Mrs. Wright.

At the next meeting, February 20, Miss Sarah Lickly, mathematics teacher in Plymouth schools, will present an illustrated travelogue from her own experiences.

Miss Lickly, who was graduated from Hillsdale college and received a master's degree from the University of Michigan, has traveled extensively in Europe, North Africa, New Zealand, the South Sea Islands, all 49 states, Canada, South America, Central America and Mexico.

Mrs. Harvey Whipple will introduce the speaker.

Musical selections of South American songs will be presented by Mrs. Kathleen Bosch and Mrs. Claire Williams.

a new homemaker speaks . . .

"I found out in a hurry why Gas Clothes Dryers are so popular!"

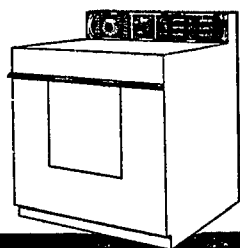

Mrs. Patricia Hawley
2518 W. Willow
Lansing, Mich.

"Keeping a home in order is no easy job. I'd heard what a help a Gas Dryer could be and now I can see why. I can dry my wash in hardly no time at all and be free to do other things. Clothes are dried so nice that ironing is made easy, too."

Old-fashioned ways of doing things are not for smart new homemakers like Mrs. Hawley. When it takes five seconds to put clothes in a Gas Dryer, why spend hours doing lifting, hauling, hanging and taking down? The convenience of a modern Gas Clothes Dryer makes good sense . . . especially the way it fits so nicely into the budget.

MICHIGAN PARKS were discussed in Mrs. William Lowrie's talk before the Northville Garden club Monday. Mrs. Lowrie (pictured at projector) is Natural Areas chairman of the Michigan division of the Woman's National Farm and Garden association. She illustrated her discussion with slides showing state resources. She pointed out that Michigan can boast of 200,000 acres of parks with a goal of 400,000 acres.

Garden Club Donates \$100 To 4-H Camp

At its Monday meeting which featured a program on state conservation, the Northville Garden club voted to donate \$100 to Camp Kitt, Muskegon, training camp for 4-H leaders.

Mrs. William Lowrie, Natural Areas chairman of the association's Michigan division, delivered an illustrated talk on state resources.

Other business included official acceptance into the club of six new members: Mrs. Alfred Millington, Mrs. Carl Stephens, Mrs. George Lein, Mrs. Wayne McBride, Mrs. Wilbur Johnston and Mrs. E. E. Adams.

Mrs. William Walker, Jr. and Mrs. Charles Walker presided at the tea table. Hostess was Mrs. R. M. Atchison.

Which Industry Now Betters the Living of 3 Out of 4 Michigan Families?

... Here Are Some Surprising Facts About The Trading Stamp Industry

So far, whenever our nation's economy has needed expansion, a new industry has sprung up to help the country go ahead.

The automobile industry, employing millions, was followed closely by the development of radio and radio broadcasting to make more millions of jobs. Then came the airplane industry, air conditioning, plastics, television, frozen foods, to change our lives more.

The trading stamp industry, while not new, belongs to this expansion group and has been one of the fastest growing of all. Today it betters the living of more than 3 out of 4 Michigan families who save trading stamps.

Obviously, an industry affecting such a large proportion of Michigan's population must bring far-reaching benefits for Michigan's economy. And it

does. In 1957 the trading stamp industry bought \$9,816,000 worth of products from Michigan's manufacturers. In one way or another, it provided employment for 1,016 Michigan people in many different industries.

The people in the trading stamp industry, its merchandise and redemption stores, its warehouses and transportation and all the activity that goes on within it are integrated economically everywhere within our state.

Thus it seems plain that the trading stamp industry along with the 1,690,000 Michigan women it serves has become, like other expansion industries, a living, vital segment of Michigan's economy.

This message is published as public information by THE SPERRY AND HUTCHINSON COMPANY, originator 63 years ago of S&H Green Stamps.

ALL TOGETHER — Minus the company of their pet beagle "Jeff" and bird "Nicky" — not the most compatible photo duet — are the Al Harland family (left to right): Gary, Mrs. Harland with Cindy, Fred, Mr. Harland with Sandy, Denny and Mike. They moved to Orchard Hills from Royal Oak.

September newcomers to Orchard Hills are former Royal Oak residents, Mr. and Mrs. Al Harland and children, Gary, 12; Michael, 10; Fred (Alfred), 7; Dennis, 4; and twins, Cindy and Sandy, 1 year.

Gary is a seventh grade student at Novi school. Mike and Fred both attend Orchard Hills school and are fifth and second graders, respectively. Mrs. Harland is a member of the Novi Mothers club and Mr. Harland has signed for volunteer fire service.

Gary's extra curricular activities include membership in the National Rifle association and practice-hunting with Dad. Mike has taken part in Royal Oak scout activities. Besides hunting, Mr. Harland also enjoys a hobby in photography. The Harlands attend Our Lady of Victory church in Northville.

RED CROSS AIDS — Answering the area-wide emergency need for Red Cross volunteers last week were (left to right): Miss Ruth Knapp, R.N., Mrs. Mae Winter, Mrs. J. R. Cunningham, Mrs. Arthur Carlson, Mrs. Mable Cooley, Mrs. Claude Ely, Mrs. F. Broda and Mrs. Howard Atwood, who spent a day at the Chapter House blood bank in Detroit.

GIRL SCOUT NEWS

Ilka Hartmann, Northville's exchange student this year from Germany, was guest speaker at the meeting of Girl Scout Troop 225 last week. Ilka talked to the girls about Germany and taught them some new games. She also took part in the troop's notebook-making project.

Girl Scout Troop 226 last week chose projects for their second class rank. The Polywog Patrol chose an arts and crafts project. The meeting concluded with singing and the Coco Puffs Patrol planning a sledding party.

In elections last week Brownie Troop 222 voted in as officers: Mary Louise Horsfall, president; Patty Moase, vice president; Janice Taylor, scribe; and Linda Allen, Diane Crawford and Karen Grunke, unit leaders.

Meeting Postponed Neighborhood Scout

The Girl Scout Neighborhood meeting originally scheduled for February 11, has been postponed until next Wednesday, February 18. It will be held in the scout hall at 9:15 a.m.

Singer Guest Soloist In Port Huron Event

Mrs. Leland H. Mills, Northville soprano, was guest soloist last Wednesday for the Port Huron Musicales.

The February program is annually set aside for music by American composers, and Mrs. Mills' selections included works by Stephen Foster, Victor Herbert, Richard Hageman, Evangeline Lehman and Mrs. H. H. A. Beach.

This past December the Northville Community Chorus featured Mrs. Mills as soprano soloist in its annual presentation of the "Messiah". At present Mrs. Mills is teaching piano in Northville and singing in the First Methodist church here.

To Talk on Trip to Russia Before DAR Monday

The Sarah Ann Cochrane chapter of the DAR will hold a regular meeting at 1 p.m. next Monday, February 16 at the home of Mrs. Howard Atwood, 121 High street.

Carl Johnson, owner of Johnson's Jewelry and Gift shop, will speak on his trip to Russia last summer. Other business of the meeting will include election of delegates to the state and national convention.

Mr. and Mrs. Howard Bowring of Bradner road were dinner guests Friday evening of Mr. and Mrs. Lee Richards of Detroit.

Hospital Auxiliary Elects 1959 Officers

Northville State hospital auxiliary announced names of officers for the coming year elected at its annual meeting last Wednesday.

Mrs. Howard Meyer of Northville was elected recording secretary.

Other officers are: president, Mrs. Ira W. Henderson, Livonia; first vice president, Mrs. Cameron W. Ryckman, Detroit; second vice president, Mrs. Abe Bookstein, Oak Park; corresponding secretary, Mrs. W. H. Morehead, Berkley, and treasurer, Mrs. George Brown, Detroit.

Mrs. Meyer is also an individual volunteer at the hospital, assisting in the office of Rev. George Jerome, protestant chaplain. "Both the auxiliary members and hospital personnel feel fortunate to have her as an officer," said Mrs. Carolyn Seefeldt, director of social service at Northville State hospital.

The auxiliary, founded last August, is affiliated with the State Federation of American Hospital Association Auxiliaries.

Last September the auxiliary sponsored a dessert bridge luncheon at the hospital and is planning several major events for the coming year.

Composed of members from 25 volunteer groups and a large number of individual volunteers, the auxiliary is now expanding and membership is open to all men and women interested in the hospital program. Dues are \$1 a year.

Bundle Days Pickup Aids U.S. Youth And Their Families

"Children helping children" is the theme of the Bundle Day Clothing collection to be conducted by the Northville schools next week.

Bundle Days Clothing collections have been held in the public schools throughout the nation for the past 16 years through Save the Children Federation, a non-profit, non-sectarian organization serving the needs of children in this country and overseas.

"If adults will support the enthusiasm of children in this project, we shall be able to help Save the Children Federation meet the urgent need for clothing. More important, our own children will know the joy of helping others less fortunate than themselves," says Superintendent Russell Amerman.

Parents and neighbors are urged to give good, used clothing their families no longer need.

Winter and summer garments for babies, children and adults, as well as sheets and blankets are needed. Low-heeled shoes and overshoes of every size are especially needed. Last year during the coldest weather, many of the children of the Southern Mountains walked to school barefoot. Many others did not attend school because they lacked adequate clothing.

Save the Children Federation is the only truly non-sectarian child welfare organization collecting used clothing in schools on a nation-wide basis.

Mr. and Mrs. D. P. Yerkes attended the Michigan Retail Lumber Dealers association convention in Grand Rapids last week.

Marilyn 'McCarthy Joins Radio-TV Honor Society

Marilyn McCarthy, daughter of Mr. and Mrs. W. E. McCarthy of East Main street, was recently initiated into the MSU chapter of Alpha Epsilon Rho, national radio and television honorary.

The purpose of this society is to promote higher standards in broadcasting. Marilyn is a senior majoring in radio and TV.

Here's What a Dozen Community-Minded Citizens Have to Say About the Water Improvement Program

Everyone knows our water problem. This is the only logical solution and it's long overdue.

WILLIAM TAFT
107 Ely Drive

The water bond improvement program has received full publicity. It is needed and will be a good thing for Northville.

DONALD B. LAWRENCE
522 Dunlap

I've heard and read an explanation of the problems of our water system and it seems to me the council has taken the proper action to remedy the situation for now and the future.

EUGENE KING
117 South Rogers

I have attended several informational meetings on the water bond issue and am convinced it is a sound program. In addition, I respect the judgment of the city council which has, after a thorough study, unanimously recommended the program.

NELSON C. SCHRADER
116 Orchard Drive

There's no question in my mind that this is what we should do. I think the council is to be commended for the program of information it has conducted to explain the bond proposal to the public.

BRUCE TURNBULL
350 Eaton Drive

Basic improvement of our water system is long overdue. This appears to be the best solution.

T. R. CARRINGTON
536 West Main

Water is an absolute necessity for everyone in the community. It's only good business to see that the basic system and source is adequate.

WILSON FUNK
438 Yerkes

The projected improvements to the Northville water system are a must to protect the public health and safety. Under the circumstances bonding appears to be the most logical way to finance such improvements.

GEORGE ZERBEL
543 West Dunlap

I believe the water improvement program as prepared and recommended by the council is sound and represents good future thinking.

A. RUSSELL CLARKE
720 Fairbrook

There's going to be a water program because it is absolutely necessary. We are voting to determine how to finance it and it seems obvious that this is the best manner.

CLYDE T. WHEATON
412 Horton

As a woman, I'm certainly interested in the water of our city. An improvement of the water, as well as the system supplying it, is most important and will be appreciated by those of us who use it daily in our homes.

MRS. W. H. CANSFIELD
404 West Dunlap

Twenty-seven years from now when the proposed bonds would be retired many of our voters will be only a memory. I hope we can see far enough into the future now so that those in charge of our city government and the voters of that time won't say, as so many have said of our past leaders, "if their foresight had been as good as their hindsight we wouldn't be in such a mess today." I'll vote "Yes" on the bond issue.

MRS. A. C. CARLSON
201 Fairbrook

READERS SPEAK:

CANDIDATES OPPOSE WATER BOND

February 9, 1959
To the Editor:
Being a candidate for council in the coming spring election I, along with other candidates, was invited by our city council to attend a series of meetings with them so that I could become more familiar with the water system and the needs and details of "Educating the Public" on the proposed \$300,000 water bond issue.

After having attended the meetings and listened to the pros and cons of this program, I can not agree with it.
I feel that one of the things that has not been brought out enough is the fire hydrant rental fee of approximately \$6500 per year. This money is to be paid the water department from the general fund. The loss of this money along with the revenue of more than \$30,000 from water sales would cause a hardship on the budget and could only be replaced with an increase in our taxes.

According to the engineering and financial report to the city for the period 1949-58 resulted in \$31,126.54, exclusive of depreciation, more in revenues than there were maintenance and operating expenditures. Many amounts that were charged to maintenance should have been charged to improvements of the system therefore this amount should have been greater. With the loss of this money and the hydrant rental fee coming out of the general fund, I can only look forward to another increase in taxes. With our new water rates now in effect, since last June, we have coming in almost 83 percent more revenue than in the 1949-58 period.

In the case of the water tower at a cost of \$116,000 to a firm out of state, why not underground storage? Has it not enough pressure? Why not the use of pumps for pressure? We have to pump the water up to the elevated tank, why not pump it out of the ground and into our lines? The underground tanks can be built by local labor that needs the money more than out of state. They say that this type of storage is not approved because of possible electrical failure to run the pumps, but they also say that at each well site there will be gasoline driven pumps on standby in case this does happen. Surely the cost of this type of storage will be less than elevated storage and also less in maintenance.

I am not opposed to a better water system but this plan, does not guarantee us that we will have the trouble free water that we have been looking forward to.

There are more things to be brought out. I would like to go into more detail about this matter, but let us hear from you, the taxpayers of the "City of Northville", on Thursday night, February 12, 8 p.m., at the community building. This will be your chance to voice your opinion and ask your questions before going to the polls.
Paul F. Folino

Cris Nisson was elected treasurer of the Wixom Civic association. On Saturday, February 7 the Charles Wares attended the wedding of Maureen Quim and C. Greer in Detroit. John Ware attended the wedding of Joyce Gacimino in Dearborn.

As a candidate for mayor in the April election, I was asked — along with all other candidates for the council — to attend meetings with the city council concerning the proposed \$300,000 water improvement program.

After attending the meeting at which the entire program was explained and later studying the issue myself I have reached some definite conclusions.

I am against the water bond issue!

This is a poor time to engage in an expensive public improvement. Especially if we have to borrow the money to do it. We should cut out every costly government spending frill to save money to guarantee that we can face up to the critical growing needs of education, public health and welfare for which new taxes are threatening. There is no emergency to justify mortgaging future water rates for the next 27

See Advertisement on page 11, "Reading Time 7 Minutes", concerning Candidate French's views.

years on our paid-for water system which today carries its own weight.

The plan is incomplete (by the council's own admission that it takes more money to do the job right). "\$300,000 shot in the arm" for today. What about 27 years from now? Should I call it a water NON-improvement bond issue?

The service will still continue to run smelly, bad tasting, hard water out of the water tap. Mrs. property owner — how about that? Are these just petty details to all these nice people shouting the merits of the plan from the housetops.

The rates won't increase. I should say not! Weren't these rates increased by the council to give us better water? Where is it? Did the council have the bond package in mind when they did it? Maybe. They say the rates are high enough to pay off the bonds. Me for a rebate! If not, let's see some more improvements.

The cost of this project includes a water tower which is fifty years behind the times at a price estimate of \$116,000, better than one-third of the cost of the bond issue. Underground storage is the modern method of storing water. The cost of this tower and other materials leaves little for construction labor to share.

My conclusion is that we are asked at a wrong time to make a wrong improvement with wrong funds to get wrong water at wrong rates from a tank manufactured in Illinois instead of industry-starved Michigan. Underground storage means jobs for Northville men. If any pressure group representing land developers to the north of our city are behind this, tank idea, let them build one themselves at their own expense (like they did in Plymouth township) and donate it to our city.

Aubrey L. French

KOODOO — You'll probably never see one of these animals on the hoof. It's a Greater Koodoo from Tanganyika, Africa. And, according to Marvin Guntzville shown above displaying the rare animal, it's a member of the antelope family. This particular specimen was brought to Guntzville's Taxidermy on Ten Mile road for mounting by E. R. Bryant of Dearborn, who is the brother-in-law of Henry Ford.

Novi Eighth Graders To Meet South Lyon

Novi's eighth grade cagers are set to clash with South Lyon, tonight on the opponent's court after warming up with an easy 43-11 win at Hartland last week.

Coach Gail Perkins' squad, which boasts a 6-0 season record, crushed South Lyon earlier this season, 56-27.

Bill Challas was high scorer for Novi last week with 15 points. Jim Lyons was next with 14 points. Novi's seventh grade team (3-0) will also see action tonight at South Lyon. The seventh graders edged South Lyon in a previous encounter, 14-11.

CITY OF NORTHVILLE
COUNTIES OF WAYNE AND OAKLAND, MICHIGAN

NOTICE OF SPECIAL ELECTION

TO THE QUALIFIED ELECTORS OF SAID CITY:

PLEASE TAKE NOTICE that a Special Election will be held in the City of Northville, Counties of Wayne and Oakland, Michigan, on the 16th day of February, 1959, from 7:00 o'clock a.m. to 8:00 o'clock p.m., Eastern Standard Time, for the purpose of submitting to vote of the qualified electors of said City the following proposition:

Shall the City of Northville, Counties of Wayne and Oakland, Michigan, borrow the sum of not to exceed Three Hundred Thousand (\$300,000,000) Dollars and issue the general obligation bonds of the City therefor for the purpose of paying the cost of acquiring and constructing improvements to the water supply system of the City consisting of an elevated storage tank, rehabilitating the filter building, a new well site, well and housing with necessary pumps and motors, chlorinating equipment, additional water mains, hydrants, valves, and appurtenances and attachments thereto?

Only those qualified and registered electors who have property in the City assessed for taxes, or the lawful husband or wife of such persons, are qualified to vote on the above bonding proposition.

ALSO TAKE NOTICE, that the Spring Primary Election will be held in the City of Northville, Counties of Wayne and Oakland, Michigan on the 16th day of February, 1959, from 7:00 o'clock a.m. to 8:00 o'clock p.m., Eastern Standard Time, for the purpose of nominating candidates for the following offices:

- FIVE (5) CIRCUIT JUDGES (Oakland County)
- ONE (1) AUDITOR (Wayne County)

The places of election will be as follows:

- Precinct No. 1—Northville Community Center
- Precinct No. 2—Northville Community Center
- Precinct No. 3—Russell Amerman Elementary School

This Notice is given by authority of the City Council of the City of Northville, Counties of Wayne and Oakland, Michigan

NEW TEACHERS — Three new teachers joined the Northville school system this semester replacing three staff members who left. They are shown above in the high school library. They are (left to right): Paul Ausum, high school science; Miss Nancy Dingman, high school English, and Mrs. Marilyn McHugh, Amerman four grade. They replace Mrs. Pauline Smith, Mrs. Louise Wenke and Mrs. Joan Kelly.

Novi Highlights . . .

Mr. and Mrs. George Atkinson, Mr. and Mrs. Glen C. Salow and Mr. and Mrs. George Kahrl attended the Shrine Circus in Detroit Saturday evening.

Novi Methodists

The WSCS of the Methodist church will meet next Wednesday at the church. The Lenten study will be from Isaiah, after which there will be a baby shower for Mrs. William Smelts.

The study group meeting at Mrs. Scheffer's in Farmington last Wednesday was well attended. They are studying Mexico at the present.

Novi Baptist Church

The Baptist Unity circle meeting will be held in the Fellowship room of the church next Tuesday from 7:30 to 9:30. Their projects, "Home and Foreign Missions" will be discussed. The new officers are Mrs. Andrew Childress, president; Mrs. Jack Anglin, vice president; Mrs. Leslie Clarke, secretary-treasurer. Next Thursday the Unity circle will have work day at the home of Mrs. Leonard Cummings on LeBost street, Willowbrook. They will work on additional baptismal robes. The Junior choir will sing at next Sunday morning's service, under the direction of Mrs. Charles Stewart. Practice time has been changed from Saturday to Friday after school from 3:30 to 4:45.

The Bible Believers class have a new project. They are collecting small toilet articles such as tooth brushes and combs for the Miller Indian orphanage in Flagstaff, Arizona.

Chalk Artist at Father-Son Dinner

Chalk-talk artist Arthur A. Sinclair will entertain at the annual Methodist Men's club Father and Son banquet February 16, 6:30 p.m., at the Methodist church house.

For the past 20 years Sinclair has

delivered chalk talks to thousands of audiences throughout Michigan, Ohio, Indiana and Illinois.

He received his early training at the Chicago Art Institute and has had wide experience in other fields of art, in personnel and recreational work in industry, and in editing an industrial magazine.

Tickets can be purchased from Methodist men members, at the church office, or by calling FI-9-9174, FI-9-1144 or FI-9-3073.

Billy Reiss, son of Mr. and Mrs. William Reiss of West LeBost, was three years old last Sunday. They celebrated at a family dinner at the home of Mr. and Mrs. Wayne Croft in Wayne.

Louis Chismark is a patient in Mt. Sinai hospital where he underwent an emergency appendectomy last week. He is doing as well as can be expected.

Mr. and Mrs. Errol Myers of Border Hill entertained Mr. and Mrs. Albert Littlehale of Glen Rock, New Jersey at dinner Saturday evening. The Myers had not seen the Littlehales for over ten years.

Mr. and Mrs. Robert Bamford entertained Mr. and Mrs. David Cook and their son, Lee, from Lansing, at dinner last Sunday.

On Tuesday Mrs. Betty Flury lunched with Mrs. Bamford.

Dottie Flattery was hostess for the other Wednesday evening bridge group last week. Marty Ames won first prize, Kay Reiss second, and Dottie Flattery won the booby prize. Kay Reiss was a guest player.

Last Tuesday a group of neighbors from Glen Ridge met at the home of Gloria Stroutsofs and presented her with a plaid "comfy chair" for the Stroutsofs' new baby.

They served coffee and cookies. Among the group were Alice LeWitter, Mrs. Edna Burkhill, Peachy Butler, Adele Caliguiri, Dolores Locke, Arlene Rippey, Marge Williams, Joan Gould, Phyllis Graham, Peggy McIsaac, Evelyn Biliko, Ethel Stover and Helen Cooke.

Willowbrook Association Elects New Officers

New officers were elected at the annual meeting Tuesday of the Willowbrook Community association.

Ronald Jennings was elected as president to succeed William Smelt. Other officers are: R. J. McKeon, vice president; Mrs. William Smelt, secretary, and Wayne Bell, treasurer.

Directors are W. L. Smelt, James R. Newton, K. Rippey, Ronald Heaton, Orlo Johns, Robert McClelland and Robert Bamford.

Building Code Expert Gives Talk at Wixom

A representative of the Ann Arbor department of building and inspections was asked to speak at the Wixom council meeting yesterday. The meeting was changed from the regular Thursday date to Wednesday two weeks ago.

According to Mayor Joseph Stadnik, a Mr. Ryan of Ann Arbor, was prepared to discuss the Boca building code to help guide the council in adopting a modern code for Wixom.

The present code was adopted as a "stop gap" measure while Wixom was a village, Stadnik said. "It served us well but no longer meets our needs."

Appointment of Henry Madigan, Sr. and John Gibson to the planning commission to replace Stuart Sauber and John Ryding was expected to be confirmed yesterday.

Wesleyan Service Guild To Meet February 17

The Wesleyan Service Guild will meet next Tuesday at the home of Mrs. Jennie Johnson, 183 Amelia, Plymouth.

The meeting will be held at 8 p.m.

Local Eighth Graders Set for Cage Contest

Coach Roy Pedersen's eighth grade basketball squad is braced for an all-important tilt tomorrow with Fellrath on the opponent's court.

The local cagers are anxious to avenge a 43-17 loss to Fellrath earlier this season. The Fellrath defeat is the only one to mar Northville's otherwise perfect record.

After tomorrow's contest, Pedersen's squad, which has turned in six victories this season, will have three games to play.

OLV Altar Society Names New Officers

Our Lady of Victory Altar Society announced its new officers this week.

They are: Mrs. Marshall Huff, president; Mrs. Claude Crusoe, vice president; Mrs. Fred A. Tuck, recording secretary, and Mrs. Joseph Modos, treasurer.

The society will have a meeting at 1 p.m. next Wednesday, February 18 at the church hall.

Diabetic Children Invited to Party

The Lay Society of the Michigan Diabetes association will sponsor a combination camp reunion and Valentine party for children afflicted with diabetes this Saturday from 1:30 to 3:30 p.m. in the Education building of Henry Ford hospital.

The building is located on the hospital grounds at Bethune, between Hamilton and Byron.

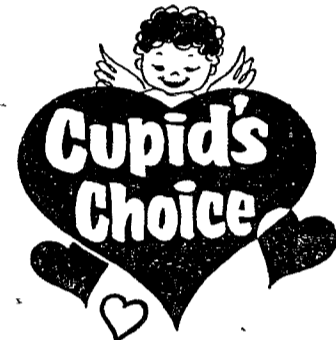

Magician Arthur Whelley will perform for the guests.

All diabetic children and their parents are invited, the society announced. The party is free and reservations are not necessary.

STATE OF MICHIGAN
County of Wayne,
ss. 469,283
At a session of the Probate Court
for said County of Wayne, held at
the Probate Court Room in the City
of Detroit, on the twenty-seventh
day of January, in the year one
thousand nine hundred and fifty-
nine.
Present Ernest C. Boehm, Judge
of Probate.
In the Matter of the Estate of
MARY SNYDER, Deceased.
On reading and filing the petition
of Walter R. Snyder praying that
administration of said estate be
granted to Ella Trotter or some
other suitable person:
It is ordered, That the Third day
of March, next at ten o'clock in the
forenoon at said Court Room be ap-
pointed for hearing said petition.
And it is further Ordered, That a
copy of this order be published
once in each week for three weeks
consecutively previous to said time
of hearing, in the Northville Rec-
ord, a newspaper printed and cir-
culated in said County of Wayne.
Ernest C. Boehm,
Judge of Probate
I do hereby certify that I have com-
pared the foregoing copy with the
original record thereof and have
found the same to be a correct
transcript of such original record.

cessively, within thirty days from
the date hereof.

Northville Council Proceedings

A regular meeting of the North-
ville City Council was held at the
City Hall Monday Eve., Feb. 2nd,
1959 at 8 p.m.

Present: Mayor Allen, Council-
men Canterbury, Reed, Stubenvoll
and Welch.

Minutes of last regular meeting
were read and approved.

Bills amounting to \$5,831.55 from
the General Fund and \$8,455.22 from
the Water Fund were presented for
payment. Also \$245,000.00 was paid
from the 1958 school and county tax
collections to the counties and school
in the following amounts:

School \$190,000.00
Wayne County \$ 50,000.00
Oakland County \$ 5,000.00
Moved by Welch, supported by
Reed, that these bills be allowed
and paid. Carried.

The resignation of Joseph E. Den-
ton as Chief of Police was read by
the Clerk, same to become effective
as of the end of May 1959, or at an
earlier date if the City Council feels
they would like to fill the vacancy
sooner. Mayor Allen expressed his
deep appreciation of the valuable
and faithful service rendered to the
City and the entire community by
Chief Denton, and stated he would
be hard to replace. Councilman
Welch also stated that he admired
Mr. Denton for the work he had
done in the youth program, and felt
that it is due to his influence and
leadership that there has been lit-
tle, if any, delinquency or crime in
the community. Councilman Reed
expressed the feeling that it will be
hard to fill his shoes, and the other
Councilman concurred in the opin-
ions already expressed.

Representatives from the Michi-
gan Municipal League were present
to acquaint the City Council with
their testing services which could
be used in the conduct of written
and oral examinations for selecting
a new Police Chief.

The resolution offered at the Jan.
19th, 1959 meeting by Councilman
Canterbury regarding the Water
Bond issue, which had been held
over, was taken up, and Council-
man Reed stated that he would op-
pose its passage in its present form.
He wishes it to be made plain to
the voters that the \$6,000 to be paid
for hydrant rental would come from
the General Fund, and also that the
matter be given adequate coverage
in the public press. As Councilman
Canterbury had no objections to in-
cluding these items in his resolu-
tion, he revised same to read as
follows:

"Be it Resolved that the Coun-
cil of the City of Northville, again
affirms that it has carefully and
extensively reviewed and exam-
ined the condition and needs of the
Northville public water supply
and system and has deter-
mined that a program of improve-
ments costing approximately
\$300,000 is definitely and urgent-
ly advisable in the best inter-
ests of the citizens of Northville.
Be it further Resolved that this
Council also has determined,
with the advice and assistance
of competent engineering, finan-
cial and legal personnel, that
such improvement program can be
financed adequately from
present water rates, and, con-
sequently, no increase in water
rates or tax levy is required and
no increase in water rates or tax
levy is planned or contemplated
for this purpose. Be it known,
however, that a hydrant rental
charge is planned, and this will
mean that approximately \$6,000
a year (or \$50.00 per hydrant)
will be charged to the General
Fund and credited to the Water
Fund.

Be it Further Resolved that the
Council goes on record as favor-
ing adequate coverage of this
matter in the public press and in
public meetings."

It was moved by Welch, support-

ed by Stubenvoll, that the resolu-
tion as presented and corrected by
Councilman Canterbury be adopted.
Carried unanimously.

It was moved by Reed, supported
by Welch, that the City Council
concur in the City Treasurer's de-
cision to refund the penalties col-
lected on the 1958 school and county
taxes and to waive the collection
of this penalty for this year. Car-
ried.

The matter of specific agree-
ments between the City of North-
ville and LaPorte & Penn, for the
engineering necessary to be done in
connection with the Water improve-
ments program, was discussed. Mgr.
Robertson stated that he had dis-
cussed with Mr. Penn the negotia-
tion of these agreements on a fee
basis as an alternate to the lump
sum agreements, and that LaPorte
& Penn had agreed to make same
on a percentage basis of 6.2%. It
was moved by Allen, supported by
Canterbury, that the agreements
be negotiated on a fee basis of 6.2%.
Carried.

An Ordinance to place the Water
Supply System of the City of North-
ville on a public utility basis, as
prepared by Miller, Canfield, Pad-
dock & Stone, was presented for
consideration. It was moved by
Allen, supported by Canterbury,
that the Water ordinance as pro-

posed be published in the North-
ville Record as provided in the City
Charter. Carried.

(This Ordinance was published in
full in the Feb. 5th, 1959 issue of
the Northville Record.)

Mgr. Robertson reported that he
had met with representatives of the
Detroit Edison Co. concerning the
bridge lighting on proposed Eight
Mile Rd. Bridge over the railroad
track near Novi Rd. Wayne County
will install the conduits and poles
if the City will assume the main-
tenance of same and pay the light
bills. The City Council approves the
installation of these lights and will
assume the cost of the electricity
and maintenance.

Mayor Allen requested that the
Public Works Dept. paint signs on
the trash barrel at the Spring warn-
ing against the deposit of garbage in
this receptacle.
No further business appearing,
meeting was adjourned at 11:30
p.m.

**NOTICE OF ENACTMENT
OF ORDINANCES**

Notice is hereby given that the Village Council
of the Village of Novi, Oakland County, Michigan, on
February 2, 1959, enacted the following ordinances:

ORDINANCE NO. 7: "An Ordinance pro-
hibiting any person from giving or furnishing
alcoholic beverages to minors except upon au-
thority or pursuant to prescription of a phy-
sician, and providing penalties for the violation
thereof."

Said Ordinance became effective on February 2, 1959.

ORDINANCE NO. 8: "An Ordinance
prohibiting the consumption of alcoholic liquors
on public highways, prohibiting the consump-
tion of alcoholic liquors other than beer and
wine in public parks and places of amusement
not licensed to sell for consumption on the
premises, and providing penalties for a violation
of the Ordinance."

Said Ordinance became effective on February 2, 1959.

ORDINANCE NO. 9: "An Ordinance
prohibiting the purchase, possession or transpor-
tation of alcoholic liquors by minors, prohib-
iting owners of motor vehicles from permitting
minors to possess or transport alcoholic liquors
therein, and providing for penalties for viola-
tions of this Ordinance."

Said Ordinance became effective on February 2, 1959.

MARY WALLACE,
Village Clerk

NAME ON THE ROLLS

It seems that some people are more concerned about having their name on some Church roll than they are about having their names upon the Lamb's Book of Life. More than once I have had people be alarmed about not being a member of a Church when they died, and still never having made peace with God through Jesus Christ. Such people (and there are many of them) have a distorted view of what Church Membership means.

In the first place, Church membership is not a requirement for salvation. The dying thief went to Heaven without ever joining a Church and I reckon there will be a number more like him. Though we believe every Christian should belong to a Sound Bible-believing Church, yet we would make plain to you that it has nothing whatever to do with your salvation. When one repents of his sins and puts his trust in the One who died for him on Calvary and settled the matter of his sin, that moment a person is enrolled in that great body of the Church of Christ. His name is written in Heaven and he has a great cause for rejoicing. You should be concerned whether your name appears on this roll. This is the one that really counts.

Scouts, Dads Jam Banquet Dinner

An overflow crowd sent kitchen workers out for more food at the 49th anniversary banquet of Northville's scouting units Tuesday night. Additional tables had to be hastily set-up at the event held at Our Lady of Victory church as fathers and sons gathered for the presentation of awards to scouts of the cubs, boy scouts and explorers.

In addition a demonstration and display of Civil War guns was presented by Bob Reid, while LaGene Quay, high school science teacher, gave a talk on rockets and missiles. Orlow Owen served as toastmaster.

American Legion Post Plans "Millionaire Party"

Plans are underway for the annual Millionaire party, sponsored by American Legion Post 147, Howard Wright, party chairman, announced this week.

The event will be held February 21 beginning at 8 p.m. in the American Legion hall. Persons attending the party, Wright said, will "gamble" with play money and later "cash in" the money for prizes that will be auctioned.

Back from Virginia

Mrs. Howard Meyer of West Eight Mile road returned from Norfolk, Virginia last week, accompanied by her daughter-in-law and grandson, Mrs. H. F. Meyer, Jr., and little Howard III. They were followed shortly after by Howard Jr., who has completed his military obligation with the U.S. Navy. He and his family are staying with the senior Meyers' until they move into their own home.

NEWS FROM THE AMERICAN LEGION

POST 147
REX HOLLOWMAN — REPORTER

On January 12 Senator Wayne Morse (Ore.) introduced for himself and 23 other senators a resolution (S. Res. 19) to establish a standing legislative committee on veterans' affairs in the Senate. Subsequently two additional Senators joined the sponsorship.

For 35 years the American Legion has urged such a committee in the belief that the veterans program is sufficiently important as to warrant the full time consideration of a Senate committee. Speaking of the resolution . . . which requires Senate approval only . . . Senator Morse said: "There is nothing new or daring about this resolution, it was actually recommended to the Senate in 1946 by the LaFollette-Monroney committee which made so many outstanding recommendations on the reorganization of Congress . . . As we know, the House accepted and carried out that recommendation; the Senate did not."

The Senator deplored the present practice of dividing legislation affecting veterans and their families among several Senate committees, all having many other legislative duties. He went on to say: "When so many House-passed veterans bills die in the Senate without even reaching the floor, we simply are not doing our duty to those citizens who have served in the nation's armed forces . . ." In offering this resolution, I sincerely hope it will receive the early consideration of the Rules (Senate Rules) committee. We urge members of the American Legion and the American Legion auxiliary everywhere to write to Senators Pat McNamara and Philip A. Hart requesting that they join with the sponsors of Senate Resolution 19 (S. Res. 19) which would provide a long needed Veterans Committee in the Senate.

A New Touch At Freydl Cleaners

It was a week for "new" things at Freydl Cleaners and Men's Wear, 112 East Main street. First installation of a new ceiling and complete lighting fixtures were completed as part of a remodeling program. Secondly, an added process was introduced to all dry cleaning.

A moth protection agent called Sanex will be used in the cleaning of all garments at Freydl's. Owner Charles Freydl, Sr. stated that the process would be added at no extra charge.

ACHIEVE SCHOLASTIC HONORS — For the first time in recent history of Northville high school, two boys were named valedictorian and salutatorian of a graduating class. The highest honor this year went to William Boyd, 17, son of Mr. and Mrs. Lawrence Boyd, 44180 Durson, (shown at right), while Talbot Hopper, 17, son of Mr. and Mrs. Robert Hopper, 47733 West Seven Mile road, earned the second highest honor. Both boys plan to enter the University of Michigan next fall, Hopper to study physics and Boyd, engineering.

Three Area Youths Enlist In U.S. Navy

Three area youths who enlisted recently in the United States Navy through the Northville Recruiting station left Monday for nine weeks of training at Great Lakes, Illinois.

They are David Keith, son of Mr. and Mrs. Roger Keith, 41009 Malloy, Novi; James Rock, son of Mr. and Mrs. James Rock, Walled Lake, and David Richard Norton, son of Mr. and Mrs. Francis Norton, Walled Lake.

Keith attended school in Northville.

Announce Class in Sick Care

Northville women are invited to register for a Red Cross class in "Care of the Sick and Injured" by the health committee of the Plymouth Grange.

Mrs. Joseph Dunnebeck of Beech road, Northville, will teach the evening classes and a Red Cross staff nurse will conduct the day time classes, which will be held starting February 18 at 9:30 a.m.; 1 p.m. and 7:30 p.m. every Wednesday in the Grange hall, South Union street. Instructions will continue for six weeks.

Twenty women can be accommodated in each class. Mrs. Lloyd Fillmore, chairman of the committee, says that the course will include taking pulse, respiration and temperature measurements; how to keep simple medical records, report accurately to the physician and follow his instructions for treatment; how to make a bed and give a bath with a minimum of moving and discomfort to the patient; how to prevent the spread of sickness by observing rules of hygiene; how to plan meals for the patient and family without having to prepare two complete menus; how to make comfort items

for the patient from materials usually at hand; how to care for simple accidents and determine when symptoms indicate need for professional assistance.

Mrs. Fillmore, who is taking registrations for the course which is free, can be reached at GL-3-2493 or call Mrs. A. Carlson at FI-9-1330.

Basketball Fans are a Loud Lot

HE MADE IT — Some of basketball's finest plays are helped along by spirit generated by cheerleaders who with the crowd have no inhibitions about letting off steam.

EMULSIFY 'EM—When it's an important contest no holds are barred.

BUTTERFLIES — A sudden quiet settles over the crowd and adults and students alike experience that tingling sensation that accompanies an important scoring threat.

WHEW!!! — There is no finer finish to an exciting game than to see the home team end up on top.

There's no other sport quite like basketball for stripping the fan of his inhibitions — especially high school basketball. Nearly every school in the country with five or more male students has a team with its loyal following.

According to definition, basketball is an "indoor game played with an inflated ball and elevated basket-like goals."

Webster could have been more thorough in his definition with just a little research.

He could have called it a game where fans sit mere feet from the action and thereby qualify themselves to second-guess the referee verbally and loudly.

He might also have pointed out that cheerleaders sometimes find it necessary to hold down the spontaneous screaming of the crowd so that some organized yelling can be performed.

Northville is no exception to this basketball-mania — even though local fans of late have had more to cheer about during the football season.

Friday night's game was a pretty good example. All the ingredients were there: it was a "must" game for the Mustangs, struggling to maintain third place. An early lead nearly dwindled away only to be saved by a sparkling finish.

The walls of the community building bounced the sounds explosively around the gymnasium as normally sedate adults joined with their youngsters in cheering the Mustangs to a 58 to 52 victory over Clarenceville.

ACTION PLUS — It's the battle on the basketball court that changes a normally quiet people into a screaming sea of faces. Players just aren't lonely under the basket.

GOES AND GOES AND GOES ON A GALLON!

Biscayne 4-Door Sedan shows the Fisher Body beauty of Chevrolet's lowest priced series for '59.

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

The smart switch is to the '59 Chevy!

now—see the wider selection of models at your local authorized Chevrolet dealer's!

MUSTANGS SPLIT WEEKEND GAMES

Gain 58-52 League Win Over Stubborn Trojans

Time and a second half barrage nearly poked a hole in Northville's victory bubble last Friday, but the Mustangs fought off a Trojan rally to notch their fourth league win.

The 58-52 victory over Clarenceville dropped the Trojans from a three way, third-place tie with Northville and Clarkston into the fourth position in the league race.

Meanwhile, the Wolves who dropped three games earlier in the season, refused to give up their first division hold. The defending champions beat fifth place West Bloomfield, 63-57.

Brighton continued to fatten its league lead by dumping Milford, 62-53. Coach Harry Posdick's squad now boasts a near-safe 7-0 record.

Only Holly's determined quintet poses a threat to Brighton's championship hopes. The Broncos, who hold a Christmas tournament decision over Clarkston and a 6-1 record, edged Bloomfield Hills, 62-59. The Barons are now tied with Milford in the league cellar with 1-6 records.

Holly's second place hold and its title ambitions may be weakened tomorrow night when the Broncos clash here with the Mustangs.

Northville (4-3) will be out to avenge a 74-62 defeat at Holly earlier in the season and to strengthen their first division position.

Coach Stan Johnston, plagued by player injuries throughout the season, said earlier this week that Nelson Schrader and Wade Deal may miss tomorrow's contest. Schrader suffered an elbow injury two weeks ago and Deal has a sore throat.

The Mustangs will play only two more games after tomorrow's contest — one against Milford here on February 20 and the other against West Bloomfield on the Lakers' court February 27.

In Friday's game with Clarenceville, the Northville quintet was out from most of the game. But the Trojans threatened repeatedly, once slicing a 14-point lead to two baskets before the Northville squad regained command.

The local team netted four floor shots and three charity tosses in the first stanza to Clarenceville's 10-point output. Northville's lead jumped to an eight-point margin in the second quarter, which ended 28-20.

Clarenceville threatened in the third stanza, pumping in eight floor shots to Northville's 13 points. But the rally fell short as the Mustangs tossed in 17 points in the final quarter.

Forward Bob Starnes led the way for Northville with 20 points, while the Mustangs' free throw artist, Fred Schwarze, tossed in five field goals and six charity shots.

Starnes' 8 for 8 free shot record and Schwarze's 6 for 6 helped Northville to a 74.1 percent game record.

Clarenceville hit only 44.4 percent of its free throws but scored 24 field goals to Northville's 19.

Plymouth Gets Revenge, 53-44

After suffering a humiliating loss to Redford Union Friday, the Plymouth Rocks looked for a punching bag.

Their search ended the next night as the Mustangs invaded the court of pent up emotions.

Northville took it on the chin, 53-44. The Rocks toyed with the team

and then crashed to the floor at Plymouth the next night, 50-34. The win-loss combination leaves the Colts with a 4-8 record.

Coach Don Vanlengen's squad took an early 4-point lead against Clarenceville before stumbling in the second and third quarters.

Clarenceville narrowed Northville's lead to two points at the half, 16-14, and then jumped to a 1-point lead in the third. However, a 19-point rally in the final quarter shuffled the score in Northville's favor as the buzzer sounded.

Center Jim Patterson tallied 19 points to take scoring honors for Northville.

Plymouth had little difficulty in crushing the local squad for the second time this season. The host team tossed in 11 points in the first quarter and scored 18 more in the second, while the Colts shuffled along with 10 in the first and 7 in the second.

Northville's offensive unit went from bad to worse in the third quarter. The Colts managed to score only one floor shot and two charity tosses. Plymouth netted 12 points.

The Colts outscored the opponents 11-9 in the final stanza.

Tom Schwarze was high scorer for Northville with 10 points.

Plymouth Cagers Rule City League

Plymouth cagers continued to bowl over opponents in the inter-city senior league last week.

Heide's clung to its first place position by crushing the Northville Royals, 64-21, while the Plymouth Optimists earned a share of second place by defeating second place Plymouth VFW.

In other games last Thursday, the luckless Northville Optimists lost their third straight one-point contest to Plymouth Begingers, 43-42. Begingers now boasts a 2-3 record — good enough for third place.

In junior league competition, the Wolverines edged the Indians, 18-17, Monday, after bowing to Northville Recreation, 35-24, last week.

Our Lady of Victory moved in to a first place tie with Plymouth Lutheran in other league competition by crushing Recreation 1 last week, 27-15. Lutheran and OLV hold 4-1 records. Recreation 2 has won two games and lost three thus far.

Colts Win, Lose In Weekend Tilts

Northville's junior varsity quintet joined the Mustangs on their elevator ride last week end.

The Colts zoomed up to a 45 to 39 victory over Clarenceville Friday

Local Bowlers In Roll-Off

Final roll-off to determine the winners of two automobiles in the third annual March of Dimes bowling tournament will take place Saturday in Detroit.

Representing Northville Lanes will be Guy Mitchell and Tony Malik in the men's division and Doris Maltby and Dorothy Darnell in the women's division.

Tom Cain and Beverly Lanning will represent Royal Recreation.

The local bowlers will represent Northville in Saturday's county-wide meet.

The two car winners at Detroit and the two runners-up will roll-off at Lansing in the March of Dimes state tournament. Prizes include two eight-day, expense-paid tours to Bermuda.

Sports

TROJANS FIGHT BACK — Clarenceville cagers refused to give up Friday despite an early Northville lead. The Trojans turned smiles of local fans into worried lines as they repeatedly plucked the ball from the boards and sent it sailing through the net. Bob Starnes (22), Northville forward, makes an unsuccessful grab for the ball above. Looking on at the left is Forward Douglas Hannaford (21), Clarenceville forward.

RETIREMENT GIFT — Lewis Clark, for the past 10 years a member of Northville's public works department, was given a wrist watch upon his retirement last week by Mayor A. Malcolm Allen in behalf of the city. Looking on while Clark examines the gift just handed him by the mayor, are: (l. to r.) City Manager John Robertson, Robert Moe, Robert Wilson, Clark, Horace Aenschbacher, Public Works Superintendent Hermant Hartner, Mayor Allen, Albert Earehart and Edward Austin. Another watch was to be given to Roy Utley, who retired with Clark.

To Distribute Quality Report Evaluating Our Public Schools

Dr. Kenneth MacLeod, high school administrative assistant, announced this week that he will distribute to members of the Northville P-TA, pamphlets prepared by a prominent group of U.S. educators and statesmen, on judging the quality of our schools.

This study by the Educational Policies commission looks into

Mysteries of Sky Unveiled Tonight

An "Evening of Science" program for Plymouth, Northville and other area adults and high school students has been scheduled for tonight, 7:30-9:00, at Plymouth high school auditorium.

The program is the second of an annual series entitled "The Edge of Knowledge", sponsored by Mr. and Mrs. Charles Worland of Plymouth.

This year, the free program will deal with astronomy, with special emphasis on man's most recent information about stars, planets and their satellites.

Dr. G. Keller, astronomer and astrophysicist, with the National Science Foundation in Washington, D.C., will speak on exciting methods of research in astronomy, including work from high altitude balloons and rockets.

The hour-long presentation will be supplemented by slides. A half-hour question and answer period will conclude the program.

T-Bird Production Passes 50,000 Mark

A company milestone — production of the 50,000th four-passenger Thunderbird — was marked recently.

Introduced February 14, 1958, the larger-model Thunderbird produced at the Wixom Lincoln-Mercury division has re-written automobile history in the past 10 months, despite adverse economic conditions.

Ford officials report that retail value of all four-passenger Thunderbirds represents the addition of nearly a quarter-billion dollars to the national economy.

The company said a backlog of unfilled T-Bird orders is continuing, with 11,200 orders currently on hand. The backlog reportedly means that all production for more than a month already has been promised.

In its first year, four-passenger Thunderbird production exceeded the individual output of one-third of all American cars and by the end of 1958 reached an approximate total production of (53,407) of Ford's two-passenger Thunderbird over three model years.

Military School Student Wins Scholastic Honor

Bill Hilts, son of Mr. and Mrs. Lawrence Hilts, 46501 West Main, was designated to the Scholastic Honor Society at Kemper Military School, Boonville, Missouri, for maintaining a high scholastic average during the semester, in a mid-year honor ceremony, conducted by Major General J. P. Cleland, president.

Only a small percentage of the Kemper corps is eligible for membership in the society and membership indicates high level of achievement.

Hilts was on the dean's scholastic honor roll every month of the first semester, including the one just completed.

"school quality" both in terms of money spent on education and adequacy of curriculum.

Each community varies, the report points out, in its educational resources and needs. Thus schools must be evaluated individually.

But it does propose objective standards of quality in areas of teacher pay, minimum school operating costs, and basic elementary and secondary curricula.

"There is a dollar floor below which high quality (in education) cannot be obtained," the report states.

"In a school district of adequate size (large enough to support at least one 12-year high school offering a varied and individualized program) the minimum annual per-pupil current expenditure needed today to provide a good educational program is about 12 percent of the salary necessary to employ a qualified beginning teacher in that district."

On curriculum, the booklet recommends emphasis in elementary grades on reading, writing, arithmetic, speaking, and listening, skills in the social studies, physical edu-

cation, science, music and art, and teaching pupils "that people live, think and speak in various ways."

For the secondary curriculum it recommends a thorough academic program in the arts, sciences, and social sciences, along with vocational and technical training opportunities, physical education, and "no less than a 3-year sequence in foreign languages"

Dr. MacLeod said he will compare local findings of curriculum study committees and other P-TA study groups with ideas expressed in the booklet, and also — although perhaps at a later date — with Dr. James Conant's report on the comprehensive high school in the United States recently published by Mc Graw-Hill.

His findings will be published in The Record.

Walled Lake Man To Head Institute

Arthur Hart

A Walled Lake professor at Lawrence Institute of Technology has been appointed director of the college's technical institute starting Tuesday, college officials announced last week.

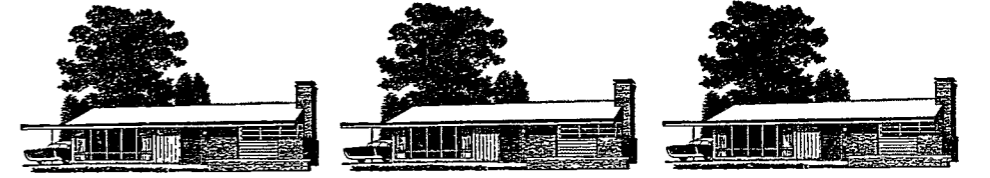

Arthur Hart, member of the electrical engineering faculty since 1946, attended a special conference at Cass Institute of Technology in Cleveland last summer, designed for technical institute directors.

The technical institute offers programs in building construction technology, electric and electronic technology, industrial supervision, mechanical, refrigeration and air conditioning technology.

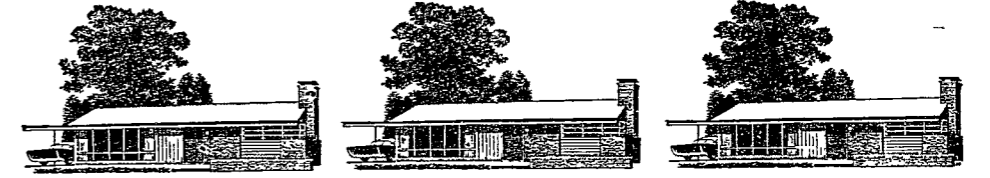

Hart is a graduate of Lawrence Tech (1937), formerly was employed by Western Electric for 12 years and also was an engineer for Elox corporation in Clawson, Michigan.

He served in World War II in the Navy Bureau of Ordnance research and development division from 1944-46 and holds a rank of commander (retired) in the U.S. Naval Reserve.

in home after home after home...

there's always plenty of hot water

the new electric water heater way

In home after home there's a new electric water heater. And the families in these homes enjoy all the hot water they want.

You can be confident that an electric water heater, plus Edison's new Super Supply Plan, will provide round-the-clock hot water for all your family's needs, too. Then you can plan your day more efficiently—do the laundry, wash dishes, schedule showers when you want to.

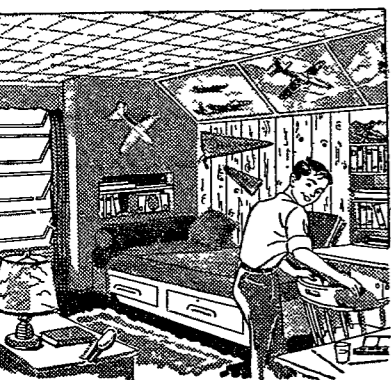

Here's the convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- Efficient—the heat goes into the water
- Install anywhere—need not be near a chimney
- Long life—meet Edison's rigid standards
- Automatic—all the time
- Fast—new, more efficient heating units
- Outer shell—cool to the touch all over
- Edison maintains electrical parts without charge
- Safe—clean—quiet—modern

Reading Time 7 Minutes - Paying Time 27 Years

As a candidate to the office of Mayor of the City of Northville some statement is expected from me to the voters. To begin with I am a plain man who thinks for himself, and I am looking for the support of plain thinking people. I make no secret of being an officer in the Northville Democratic Club and of being endorsed by organized labor. I have the highest respect for active members of the opposite party or business and industrial organizations. One cannot exist without the other under a bi-partisan form of government of free enterprise.

Everywhere I go, most people complain about their taxes. They are quick to blame our system of laws, our school administrators, federal, state, county, township and city officials for the high cost of their operations. Why, in the name of good sense, are there so many dissatisfied people. Let us take the school bond issues for an example. Didn't all the property owners have the right to cast their ballots on these bond issues which raise their taxes for years to come? What do the voting records show?

| | |
|------------------|-----------------|
| July 20, 1949 | 172 Yes; 84 No |
| April 10, 1951 | 268 Yes; 69 No |
| January 19, 1954 | 354 Yes; 83 No |
| March 20, 1956 | 484 Yes; 169 No |

No explanation is needed. Most of them stayed at home while a small, small minority decided the questions for them. Where does the blame lie?

Can we expect the property owners in the City of Northville who showed so little interest in school bond issues to act differently in this coming water improvement bond vote?

The records are against them.

These poor voting records bother me and every person that is interested in good government. Both on the water bond issue and on my own election issue, I will be bothered more about the ones that stayed at home than about the vote that opposed me. Public officials and the proposals that they recommend need the vote of all the people to guide them in handling the people's business. I urge every voter to lay down his newspaper and mark February 16, 1959 as election day on his calendar to remind him of his duty to vote. This date is certainly a red letter day for the property owner for he becomes a distinguished citizen by getting an extra ballot.

If I am elected I will not grant special favor to any group and will not buy their support on such terms, and root out any city employee or official who places the city's interest second to his private gain.

The county and state's failure to understand the almost total absence of industry and an over amount of tax exempt park and institutional land in this area will be challenged every inch of the way until the equalization factors used by them make sense to every property owner in our city. I am tired of legal equalization formulas that result in cheaper taxes and better schools in industrially rich areas.

I will go on record to resist every tax rise not based on emergency needs and use the influence that you may bestow upon me with my friends and acquaintances in high government offices to represent your interest in those matters.

I will strive to increase business and industry in this city for the community's good and hope to see the day that the lights are on every night in the community building with seven days a week programs for the young and old in keeping with the purposes to which it was dedicated.

Presbyterians Schedule Change Beginning Sunday
"Operation Change-Over", a new series of scheduled services for the Church School and the Church Worship, will be placed in operation in the First Presbyterian Church of Northville this coming Sunday, February 15.
The new arrangement of classes in the Church School and the new hours for Church Worship will follow this time schedule: 9:30 a.m., First Church Worship in the Sanctuary, and the first session of classes in the following departments (concurrent with Church Worship): Nursery Dept. (3-year-olds); Kindergarten Dept. (4 and 5-year olds); Primary Dept. (1-2-3 grades); Junior Dept. (4-5-6 grades); Senior High Dept. (10-11-12 grades), and the two Adult Depts., Men's Bible class and Women's Bible class.
11 a.m., Second Church Worship, and classes in the following departments: Nursery (2nd session); Kindergarten (2nd session); Primary (2nd session); Junior (2nd session), and Junior High (7-8-9 grades).
This program is designed to offer equal opportunity to adults and youth to attend church and church school study classes regularly and to aid in the overcrowded condition caused by the tripling of the average church school attendance.
This dual schedule will continue until the summer plans and schedules are determined and announced.

PASTOR STUDY

The Rev. John O. Taxis, Pastor
First Presbyterian Church, Northville

"THE DIVIDED HOUSE"

"And a house divided against itself cannot stand!" These words will be read and associated in the minds of millions of Americans today, to recall the faith and courage of Abraham Lincoln. History has adequately recorded his special gift of interpreting spiritual truths into living realities. This is part of his enduring personality and power.

Few, however, will pause long enough to note, that the source of his challenging utterances, was his constant reading of his well-worn Bible. Yet this too, is a part of our heritage in him, that his national stature never warped his private closeness to God. Often the Bible and its truths found their way into his public affairs, and into his state papers. And this quotation, as a case in point, is no exception in this source of inspiration, we can find it in two Gospels, Matthew and Luke.

The application of its truth is to all areas of living. Not only during such national crisis as Civil War, as Lincoln here uses it; but also within the confines of our own homes and lives.

The house divided against itself in matters of faith and worship cannot stand the

torturous cross-currents of conflicting ideas. It finds itself confused and torn between the principle and the expediency. The house divided against itself in matters of self discipline, cannot stand as the example for emulation by youth, nor supply them the stability of judgment that undergirds decision. The house divided against itself in matters of allegiance to God, or to less-than-God, cannot stand against the onslaught of conflicting moral standards that characterize our own time.

Even as our nation had to "endure" through hardship, pain and suffering to become "one from many", so also our homes can become "one" through effort, devotion, determination and obedience to truth expressed in the Will of God, revealed in the Christ.

As Lincoln, through effort of mind and agony of soul, took the teaching of Christ and applied them to contemporary problems; so also we, in our generation, must "learn of Him" and transform His truth into dynamic action.

So it follows: "a house divided against itself cannot stand" . . . but "(the house founded upon rock) . . . the winds and waves beat upon it and it fell not."

To Dedicate Symbolic Reredos

Sunday, February 15, the members and friends of the First United Presbyterian church of Northville, will gather for worship in a special Service of Dedication of the "Reredos of the Passion Week", a living memorial honoring Mrs. Esther Gardner Davis, wife of Mr. Clarence Davis of Cambridge drive.

This Reredos was made possible through the gifts of relatives and hundreds of friends, and was designed by the George Payne Studios of New Jersey. The symbolism

embodied in the memorial was developed by the pastor of the church, Rev. Mr. Taxis.

The message of the Reredos tells the central Gospel theme of the Protestant Reformation: the unobstructed placement before all who worship emphasizes the concept of the "priesthood of all believers". The Communion table, bearing the words of the Master, "This Do In Remembrance of Me" conveys the belief of the real presence of the Christ with His disciples as it was

upon the institution of the Sacrament on the Thursday of His final week upon earth.

Friday, the next day of this important Passion Week, is symbolized by an empty cross. This is a reminder to all the faithful of the "place called Calvary" and the unique victory over death . . . "Death could not hold him".

Crowning the whole Memorial with a glory of radiant stained glass is the Resurrection Window. This window proclaims the Christian's Sabbath echoing the Bible message . . . "Upon the First Day of the Week"; and further, the Christian hope in the resurrection through Him who said, "on the third day, (I Shall) be raised from the dead."

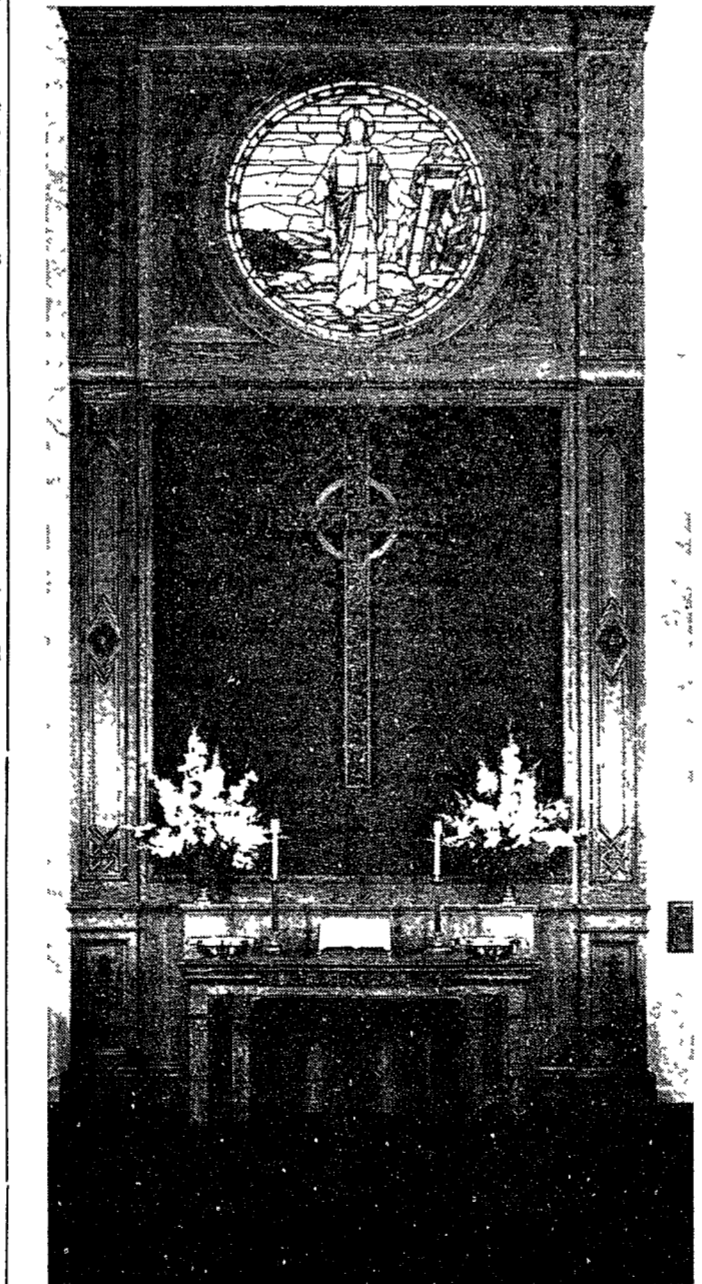

The central figure in the window, is the Resurrected, Living Lord, His arms are outstretched to the brokenhearted (like Mary) as well as to the doubter (like Thomas) bidding us to strive through faith so that "where He is, there we may be also". In this distant background is the empty cross and the empty tomb inspiring us to become victorious through suffering and pain.

This Gospel message has been and is, carried "to all nations" at His command, through the Church which is His Body. Significantly this is symbolized in the dorsal curtain of rich silk, bearing the monograms of Christ and the Lamb the symbols used by the early Christian Church.

The traditional liturgical year of the Church will be marked by the changing of colors of the four dorsal curtains.

The officers and members of the church extend a cordial invitation to share this significant worship service of dedication during either of the two services that are planned, the first at 9:30 a.m. and the second at 11 a.m.

These services of worship and dedication will include special music by our English Bell Ringers group, the Men's chorus and the Harmony Choir at 9:30, and the Adult Chancel choir at 11 a.m.

SYMBOLIC REREDOS — The new Reredos of Northville's First Presbyterian church will be dedicated at ceremonies Sunday as a living memorial honoring Mrs. Clarence Davis. Symbolism embodied in this "Reredos of Passion Week" was developed by Pastor Rev. John O. Taxis and depicts the message of Christ's Passion.

Income, Profit Investing

Babson Park, Mass. — Although, in my personal opinion, the chances are now against one who buys common stocks for profit, these chances favor one who now buys the right stock for income.

The reason is: — The price of common stocks depends mainly upon the moods of the people. They buy according to how they feel, not according to facts. When the majority are optimistic, or tired of waiting for stocks to go down, they buy. The more impatient the buyers are, the more common stocks go up. The more impatient the people desiring to sell become, the more common stocks go down.

The price of good-quality Cumulative Preferred Stocks, however, depends upon the money market. When money is cheap, such preferred stocks sell high. When money gets tight and interest rates high, these Cumulative Preferreds go down in price. This means that most of these Preferreds can now be bought at a discount of from 10 to 15 percent or more below par.

What Kind of Preferreds To Buy

The safest preferred stocks to buy are those in growing industries. This does not mean the speculative industries such as the electronic group. The time will come day come when stocks of electronic companies, like motels, can be bought for a "dime a dozen". Just because a stock is "preferred", that does not qualify it as a safe stock to buy for income.

The fastest growing, probably the safest industry today is the generation and distribution of electricity—that is, the electric utilities. Demand for electricity is constantly growing, due to the frantic advertising of electric household aids from toasters to television sets. In addition, both electric heating and air conditioning are in their infancy. Great growth for these lies ahead. In short, the electrical industry need not advertise, but can let

Sears, Roebuck and the department stores of all cities pay for the advertising to increase sales of electricity. The K.W.H. of the nation are published each week. Study these if you doubt my forecast.

Free From Severe Labor Troubles

Most industrials are subject to severe labor troubles; in fact, the chances are that the next depression will be brought about by union labor leaders. We have seen what can happen to the big newspapers and department stores by the strike in New York City of a few men who distribute the newspapers. The strike of the airplane pilots tied up Christmas travel. This condition is becoming more serious every year due to our cowardly Congress.

It, of course, is possible that the workers in the power house of a company generating electricity could strike on a cold winter day and shut off the light and heat from millions of homes. I, however, believe this would happen only once, if at all. There are three reasons: (1) Because so few men are needed to run these generators that the companies can pay high wages; (2) because any increase in wages can be passed onto consumers; and (3) because such a strike would shut down all industries of the city and cause mass unemployment.

Buying Preferreds For Profit

Good Cumulative Preferreds bought now may later show a profit in addition to their near-5 percent income yield. Money rates will not always remain high. They go up and down in cycles, as do common stocks and commodities. When money is again cheap, these Cumulative Preferreds should again sell higher. That may be the time to sell them, and invest in good common stocks when they are low.

There is also another reason why these Cumulative Preferreds, now selling in the 80's, will again sell at par or over. Very few new issues will be put out at present low prices. Those already issued will gradually be absorbed. As they are absorbed, and perhaps called, prices will recover. This will be encouraged by both the corporations and the investment bankers who are now loaning these corporations money, awaiting a time for issuing more stock. Hence, I repeat that the chances now favor Cumulative Preferred Stocks of electric power companies selling higher in 1959—as well as paying a safe income of near 5 percent. Readers need not fear the movement toward municipal ownership. This may be bearish on common stocks but not on cumulative preferreds.

ONE YEAR AGO . . .

New home construction dropped off nearly half in the city of Northville but doubled in Northville township in 1957, the Detroit Metropolitan Area Planning Commission reported.

A ringing alarm apparently stopped a burglary attempt at Warren Products, Inc. on Baseline road.

Novi township faced a stunning \$75,000 suit for refusing to allow dumping on a farm near Willowbrook Village. Chris Nielson, owner of the farm on 10 Mile road west of Meadowbrook, said he intended to sue the township for that amount.

The Northville Mustangs racked up a 57-44 win over West Bloomfield to move within a half game of first-place Clarkston. A total of 49 fouls were called against the two teams, accounting for 47 of the 101 points scored.

Inspection fees for installation of heating equipment in the township were adopted by the Northville township board.

FIVE YEARS AGO . . .

State Racing Commissioner James Inglis rejected a request for an additional six days of harness racing at Northville Downs. The request was made by Downs Manager John Carlo after Inglis cut the meeting at the local track from 48 to 39.

Ford Motor company announced the sale of all of its real estate holdings lying east of the C&O railroad at Six Mile and Northville roads.

Village Mayor C. E. Langfield proclaimed the period of February 7 to 13 as "Boy Scout Week".

A plan for a garbage and rubbish incinerator to be used by five municipalities in this area was discussed informally at a meeting in the Livonia city hall.

State champion Robert Snyder of Detroit outdistanced five competitors to take first place in Senior men's class A competition in the Northville Optimist club speed skating championships.

Novi Township Supervisor Frazer Staman reported arrangements were made with the Oakland county sheriff's department whereby a car manned by two deputies is in the township for an eight-hour continuous patrol daily.

FIFTEEN YEARS AGO . . .

Northville school students needed only \$10,000 to make their quota of \$50,000 qualifying them for the honor of having a P-51 Mustang Pursuit plane named after the school.

Northville Methodist church prepared to celebrate the paying of a church mortgage with a special burning ceremony.

The Northville Mustangs trounced Holly's cage team 38-17 boosting them into the upper half of the league standings. Northville scorers were: Slessor 23, Hough-

ton 6, Amerman 4, Folino 3 and Light 2.

Alex Lyke, Northville fire chief, reported a total of 61 calls were answered and a property loss of \$7,676 was recorded in 1943. A total of 42 calls were answered the previous year.

About 80 percent of the Novi township tax levy was reported collected. Treasurer George Simmons said the township tax roll totaled \$41,983.65.

TWENTY-FIVE YEARS AGO . . .

Northville had its coldest spell of the year, with the mercury dipping to 10 below zero.

The Northville high school basketball team lost to Farmington 21-10.

Liquor by the glass came to Northville. The village commission passed a resolution that the sale of spirits in addition to beer and wine may be sold by glass.

Two little boys, Jackie Holcomb and Rex Dye, pals since they began school together, went the rounds of Northville business places selling tickets for a "benefit boxing match" put on by themselves.

On the day of the fight the attic in the Dr. A. A. Holcomb residence on North Wing street was packed with spectators, old and young. With Freddie Casterline acting as time-keeper, the boys fought to a draw—and \$3.00 profit.

Fire in the basement of the commissary department of the House of Correction, five miles southwest of Northville, caused several thousand dollars worth of damage.

Two Northville Residents Retire After 36 Years

Two Northville residents recently retired as employees of Ford Motor company after serving the organization for a combined total of 72 years.

Mrs. Pauline Stamann, 314 East Main, who worked at Ford's Ypsilanti plant as a final inspector on tractor regulators, began her Ford career in 1922.

Arlo Hauger, 311 South Wing, a tool crib attendant in the Rawsonville plant's Waterford department until his retirement, also joined the company in 1922.

Michigan Mirror

Governor Tips Hat to Weekly Newspapers

MICHIGAN'S newspapers produce results for the state in ways which are most always obvious to the casual observer. Some of these were apparent at the annual convention of the Michigan Press association held last week at East Lansing.

Weekly newspapers were in the receiving end of a hat tipping from Gov. G. Mennen Williams, who appeared briefly on the program. He urged all newspapers to devote their efforts to informing the public of facts and factors in the crisis in state finances. He added it would be "nice" if his ideas were supported in the press, but much more important that newspapermen "see to it that the public is fully, fairly and impartially informed."

Then he remarked: "The weekly newspapers, everywhere I went (during the last campaign) seemed to be more alert in covering the local political news than I have ever experienced before. They covered Democratic meetings with full stories and frequently with pictures. I'm sure they did the same for Republican meetings, and this is as it should be. The campaign coverage by many weekly newspapers in 1958 certainly deserves public commendations, and I am glad to give it to them."

Promotion of the state's farm products by Michigan newspapers was accomplished at a gala affair called the "All Michigan Dinner". Only food produced in Michigan is served, except for coffee. Many agricultural groups cooperate by sending the finest possible samples of their products.

In addition to the meal, each table setting included a supply of what has come to be called "loot". These are samples made available by ag groups and food processors.

Here's the menu for this year's dinner: tomato juice, cole slaw, green beans, baked potatoes, cherry pie with ice cream. Sounds simple, but there are very few states which can boast agriculture activity to match it.

Entree was called "Billionaire's Beef". This meat, already available to the public, was developed by MSU over the years to be exceptionally tender and tasty.

"Loot" included some brand new products. A cherry sauce made and canned in Traverse City shows promise as an improvement over sauces already on the market, especially those served with fowl.

A new powdered drink, orange in color and promoted for breakfast, is entirely produced in Battle Creek. Pre-cooked beans, which if accepted by the housewife, will help sell an important Michigan product, were given as samples. New cereals, baby food, sausage and crackers were also present. Excellent samples of familiar products demonstrate clearly that when it comes to apples, mushrooms, potatoes, sugar, honey, skimmed milk, frosting mix, and even baby evergreen trees, Michigan can meet or beat similar products from any state.

The "All Michigan Dinner" is presented with cooperation of the Michigan Department of Agriculture. This year's banquet was the 18th. During the last 18 years, virtually every new food product in this state has taken its place one time or another on the "All Michigan Dinner" table.

Another Michigan newspaper activity which received attention during the publishers' convention is the Industrial Promotion campaign co-sponsored by the state Economic Development Department and MPA.

Walker Cisler, president of Detroit Edison and one of the state's best known businessmen, spoke for the Economic Development Commission. He presented retiring president Robert S. Marshall, publisher of the Ogemaw County Herald in West Branch, a plaque in appreciation of his newspaper's partici-

ipation in the program. Similar plaques were mailed to all 316 Michigan newspapers which took part in the campaign. The industrial promotion program consists of 26 quarter page ads to be printed at two week intervals for a year. To purchase the space used in these messages, an advertiser would have to pay more than a quarter million dollars.

Newspapers were urged to warn their readers of the dangers of continued high government spending by Frank O. Prior, chairman of the board of Standard Oil (Ind.).

Mr. Prior said more facts should be dug out and presented to the public about the effect of such spending internationally. He stated that world financiers are losing faith in U.S. currency; that our products are being priced out of the world markets; that higher tax-

es and wage increases not matched by productivity increases make our economy weaker.

AT LEAST one state department operates at a profit to the taxpayers of Michigan. Although government units are not designed to do such, it is refreshing to know in all the present financial darkness, the escheats division of the Attorney General's office brings into the treasury much more money than it costs to operate. Other state offices do too, but people might naturally think of tax collectors without even hearing of the escheats operation.

Briefly, escheats staffers are concerned with bringing to the state property abandoned for more than seven years and inheritances where there is no proper heirs.
