

59% Vote Yes, 41% No -- So Water Bond Fails

Cady St. Rezoning Goes to Planners

A public hearing called for the purpose of re-zoning the north side of Cady street between Center and Church streets is expected to attract a large audience Tuesday night.

The proposal to change zoning from residential to commercial has already won heavy support from Northville merchants. It will also have opposition in the form of a petition from residents of the area.

Local Debaters Seek State Honors In Match Monday

Northville's championship debate team will clash with Royal Oak Dondero Monday at Wayne university in the first round of the Michigan High School Forensic association tournaments.

Nearly 100 high schools throughout the state are participating in the tournaments held at both Wayne university and the University of Michigan.

Elimination debates actually began Monday at U. of M.

According to Moyne L. Cabbage, association manager, schools participating in the tournaments won approximately three-quarters of their debates during the regular season.

Now in their 42nd year, the tournaments will culminate in the state championship debates, at the U. of M. April 18.

The 12th annual Detroit Free Press debate scholarship contest will be held the same day, offering a total of \$2,800 in awards for winners. Another highlight of the Forensic Day will be the annual debate banquet at the Michigan League, attended by nearly 400 high school debaters, coaches and top university administrative officials.

Representing Northville's debate team, which won the Wayne-Oakland league championship this year with a 7-1 record, will be:

Marianne King and Charles Hix, first round, and Carol Tabor and Sharon Jensen.

Miss Florence Panattoni, coach of the local team, said Northville has done "quite well" in past tournaments — last year taking honors as one of the eight top teams in Michigan.

In league competition, Northville has done even better. The local debate team has either tied or taken the league title every year since league competition was begun seven years ago.

Specifically, the planning commission will consider rezoning of the street for the proposed construction of an A&P super market. The store would be located on Cady street but facing the parking-alley between Main and Cady streets.

Under the proposed plan the colonial-style super market would face Main street directly in line with the area between Northville Drugs and Northville Realty. This site, which is now an empty lot and an apartment house, would become a city parking lot. In addition parking would be provided along Cady next to the super market by the builders of the store.

Merchants have praised the plan as a boon to local business. Under the chairmanship of Carl Johnson, Fred Kester, Essie Nirider and Nelson Schrader, the merchants have launched a parking fund campaign. Some \$28,000 is sought to supply the city with funds to construct a 33-car parking lot on the Main street site and complete an alley and parking site in the area of the Frank Hills building, 114 West Main street, now owned by the city.

This week Johnson reported that more than \$20,000 in cash and pledges had already been received.

Meanwhile, Mrs. Jim Green, 126 East Cady, has indicated that she will present a petition of protest containing the names of the majority of the residents of the street.

The Greens reside directly across the street from the proposed super market site and own an apartment house which would be next door to the store building.

The hearing will be held at the city hall at 8 p.m. Tuesday, February 24.

Incumbents Win in Novi

A "handful" of voters gave four Republican incumbents the right Monday to represent their party for township office in the April 6 election.

About 25 percent of the eligible Novi voters — or 548 — cast their ballots in Monday's election. Of these 233 marched to the polls in Precinct 1 (south of Grand River), 315 in Precinct 2.

Incumbents Supervisor Fraser Staman, Clerk Hadley Bachert, Treasurer Ray Harrison and Trustee Frank Watzwa were given GOP nominations. The latter three faced Republican competition.

DEADLINE APPROACHES — Miss Sarah Schrader and Al Jones, driver training instructor at Northville high school, remind motorists that the deadline for buying 1959 license plates is February 28. Northville residents are urged to obtain the new plates now to avoid last-minute confusion at the bureau office, 122 West Main. Officials suggest that motorists pick up plate blanks, fill them out at home, and return them with vehicle titles.

Tax Deadline Near In City, Township

City and township residents have until February 28 to pay their school, county and township taxes without penalty. After that date payments must be made to the county treasurer's office.

To date city residents have paid about 90 percent of the total roll, but township residents are lagging at a 79 percent pace.

Township Treasurer Roy Terrill reports that approximately \$260,000 of the \$330,000 roll has been collected. In past years Terrill said that collections have always reached at least 90 percent. The township treasurer will be in the office of the Manufacturers National bank this Friday and next Tuesday and Friday during normal banking hours for collection.

City residents have paid \$296,000 of the \$326,900 roll. They may pay their tax bills at the city hall daily through February 28.

After the final day of February a 4 1/2 percent penalty is added by the county. An additional half percent is added each month that payments are delinquent.

Easter Seal Drive Starts

The Easter Seal campaign to benefit crippled children and adults throughout western Wayne county gets under way this week with the mailing of special letters to former contributors.

L. C. Sullivan, chairman of the Crippled Children's committee of the Northville Rotary club which heads the drive in Northville, announces that 89 such letters are in the mail this week here.

"While the Easter Seal campaign brings a large number of small contributions through the general mail campaign, advance gifts of substantial size reflect a growing understanding of the work of the Society," Sullivan says.

"The special letters are individually typed by volunteers and signed by the local chairman," Sullivan pointed out. "They personalize to some extent the general appeal to citizens of Northville to raise \$1,800 to help support the services of the Society. The goal for all of Western Wayne county is \$50,000.

The general campaign runs from February 27 through March 29.

On March 3 Northville Rotarians will prepare some 3,300 letters for mailing to residents of the entire area. Sullivan pointed out that last year \$1,300 was raised for a total per capita contribution of 12c each. This year the goal of \$1,800 will represent a per capita contribution of 16c, Sullivan stated.

Cyril N. Frid of Northville is an acting director of the Easter Seal Society of western Wayne county, while Superintendent of Schools Russell Amerman is an honorary director.

Calendar

Thursday, February 19
AAUW dinner-meeting, Arbor-Lil, Plymouth, 6:30.

Tuesday, February 24
BPW card party (postponed from Feb. 10), VFW hall, 8 p.m.

Wednesday, February 25
Adult Camera club, library, 7:45.

Plymouth Heights Is New Neighbor

Plymouth became a city surrounded by a city Monday.

By a surprising vote of 575 to 510, eight square miles of Plymouth township became incorporated into the city of Plymouth Heights.

The new city has a population of 4300 and a state-equalized valuation of \$48,000,000. Most of the industry in the Plymouth area is located within the boundaries of the new city. The incorporation move was apparently prompted by an effort to draft a charter for the new city.

Nine commissioners were elected to draft a charter for the new city. The charter, which must be prepared within two years, will then go to the voters for approval along with a slate of candidates for city office.

The boundaries of Plymouth Heights touch Northville township at Five Mile road. The city completes its circle around Plymouth from Eccles road on the east, southward to Joy road and westward to McClumpha road. Approximately six square miles west of McClumpha remains as Plymouth township.

2 Longtime Residents Succumb

Two well-known Northville citizens died last week.

Willard Ely, 118 Linden, former township supervisor and uncle of Northville's late Mayor Claude N. Ely, who died last April, passed away at Eastlawn Resthaven home Friday after an extended illness.

Mrs. Carrie E. Litsenberger, 111 East Dunlap, mother of one of the city's largest and best known families passed away at the Whitehall convalescent home Saturday.

Mr. Ely, 88, was born September 16, 1870 in Superior township near Ypsilanti, the son of Narcisse and Margaret Ely.

He is survived by his wife, Mae Cyde, whom he married September 20, 1899; by a daughter, Mildred Brady of Glen Cove, New York, and a son, James, of Milford.

He was the youngest and only living member among his five brothers and five sisters.

He also leaves three grandchildren.

Mr. Ely, who had served as township supervisor from 1928 until his retirement in 1942 was also a member of the First Presbyterian church of Northville, a past member of the Rotary club, and member of the Northville Lodge No. 186, F.&A.M., and Union Chapter No. 55, Northville.

Funeral services were held Monday, February 16 from the Dempsey B. Ebert Funeral home. The Rev. John O. Taxis of the First Presbyterian church officiated. Burial was in Rural Hill cemetery.

Mrs. Litsenberger, 89, who had made her home in Northville since 1911, was born September 13, 1869 in Hicksville, Ohio, the daughter of William B. and Sarah (Dalrymple) Parker. Her husband, Sidney, passed away in 1949.

Surviving her are five daughters and five sons: Mrs. Elmore (Mary) Whipple, Plymouth; Mrs. Arthur (Alice) Junod, Northville; Mrs. Gerald (Carrie) Taft, Northville; Mrs. Leland (Virginia) Smith, Northville; Mrs. Alfred (Catherine) Sibley, Northville; Arthur Litsenberger, Northville; Marcus, Plymouth; John, Northville; Joe, Northville, and Robert, Northville.

She also leaves a brother, Claude Parker, of Hopkins, Michigan; 20 grandchildren and 50 great-grandchildren.

Services were held Tuesday, February 17 from the Casterline Funeral home. The Rev. Paul Cargo of the Northville First Methodist church officiated. Burial was in Oakland Hills Memorial Gardens, Novi.

349 to 240 Approval Not Enough to OK Issue

Northville's proposed \$300,000 water improvement program went down to defeat Monday by the slimmest of margins.

Actually it won voter support, 349 to 240. This represents just slightly more than 59 percent approval. For passage the issue required 60 percent support.

Precinct two, covering the entire eastern half of the city, defeated the measure with 101 No votes to 86 Yes. In precincts one and three the issue carried handily, 180 to 102 and 83 to 37, respectively.

Primary Ballots Stir Little Interest In City, Township

The light total of 589 votes cast represents about 35 percent of the city's registered property owners.

The outcome, as well as the slim turnout at the polls, was a disappointment to the city council. Mayor A. Malcolm Allen and Councilmen John Canterbury, John Stubenvoll and Ed Welch worked vigorously on a campaign to sell the bond issue to the public during the last two months.

Although he supported the bond issue at the council table and proposed its adoption by original motion, Councilman Earl Reed did not actively work for its passage. He did not appear at public meetings to promote the program and generally let it be known that he was critical of the plan.

The outcome must be considered a set-back for those council members who called for a vote of confidence in the water improvement program.

The slim margin of victory did not produce any "political" advantages for the forthcoming April election, however. Only opponents genuinely concerned with defeat of the measure could claim satisfaction from the vote.

Mayor Allen expressed deep disappointment Tuesday. Monday night the council is expected to discuss possible next steps.

Already the council must find a means of paying some \$38,000 for improvements made at the reservoir and a water line and pump for service to the new high school. It's almost a certainty that the council will want to complete work at the Novi road well site so that the new source of water may be available. Estimates on this project are \$25,000.

Mayor Allen indicated that the money would either be raised by a boost in taxes or by borrowing money and then paying it back from water revenues.

In addition to the mentioned improvements the proposed bond issue would have provided for an elevated storage tank, replacement of undersized water lines, installation of valves and new lines, additional fire hydrants and chlorinating equipment.

Although the council had the authority to issue water bonds totaling \$190,000 on a straight revenue issue, the general obligation-revenue type was sought to obtain additional money at lower interest rates. The program was to have been supported by revenues of the system without raising taxes.

Opposition to the plan was aimed most heavily at the elevated storage tank and "hydrant rental fee". While the council maintained that an elevated tank was needed to provide storage at the proper constant pressure, opponents insisted underground storage could be used. The council has claimed that state health authorities have warned against steady use of pumps for pressure.

The "hydrant rental" was called by opponents an "increase in taxes". In defense the council pointed out that the decision to charge the general fund \$50 for each city water hydrant, was made as a separate measure to the water bond issue and would be enforced whether the vote carried or lost.

Dog Clinic Saturday At City Fire Hall

City and township dog owners may have their dogs vaccinated this Saturday at a special clinic from 10 a.m. until noon at the city fire station.

Dr. Thomas Heslip will conduct the clinic. A charge of \$2 will be made for the vaccinations.

Dog licenses for both city and township residents may be obtained at the city hall during the clinic.

Johnston to Drop Cage Reins

Stan Johnston, Northville's varsity basketball coach, will resign at the conclusion of the present season, Athletic Director Al Jones announced this week.

Announcement of Johnston's retirement followed the submission of a letter of resignation to the Northville school board. No decision as to who will replace Johnston has been made.

Johnston will remain recreation director for the city of Northville; he plans to continue his regular class assignments next year.

The athletic department, Jones said, "is very sorry to see him resign for we feel that he has done a fine job with the youth under his direction."

Johnston was assistant basketball coach under Richard Kay, now Amerman school principal, for two years before taking over the job as head coach in 1955.

His teams have never finished lower than second in the Wayne-Oakland county league. His overall win-loss record through Friday's game is 42 wins and 20 losses. Northville shared the league championship with Clarkston in 1956-57.

In announcing Johnston's retirement, Jones said Johnston "approached me before the start of the present season and stated that he thought he would probably give up his coaching at the end of the season because of the following reasons:

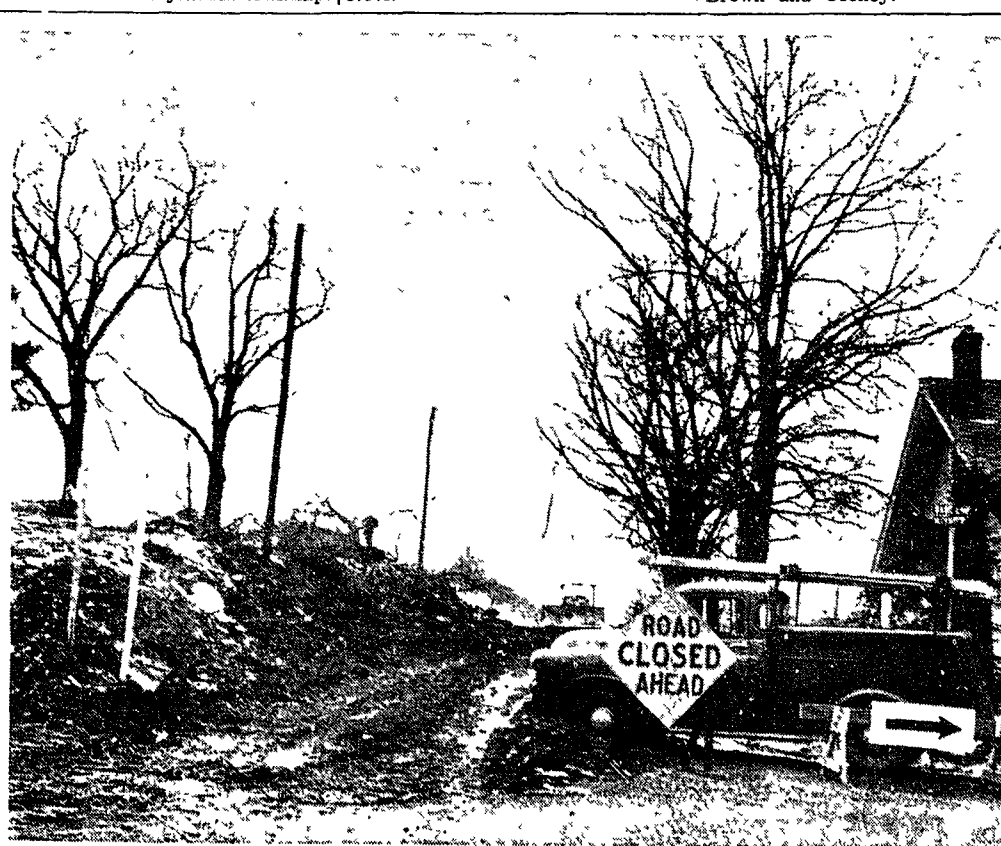

1) His position as recreation director was taking more and more of his time;

2) He wanted to continue his studies for his master's degree;

3) He felt that he was needed at home more now that his children were in school.

To quit coaching at the end of season

GRADING STARTS — By May 1st muddy North Center street from Baseline to Carlyle will be paved. The Wayne county road commission started preliminary clearing work this week. The 31-foot paved roadway is being constructed by the county as part of its Eight Mile road cut-off project. While the county has no plans for a sidewalk along the street, limited space is available along the east side and will probably be installed by the city. For more information on the cut-off see picture on page four.

NEWS AROUND NORTHVILLE

Rick Atchison, son of Dr. and Mrs. R. M. Atchison, was home from Albion college this week end.

Mr. and Mrs. Hugh Conser of Rathlone avenue returned recently from Chicago where they attended the five-day builders' show.

Mrs. Dan Boland of Ely drive honored Mrs. John Rogers of Carington drive at a surprise baby shower recently. Some 17 friends and neighbors gathered at the Boland home, and especially enjoyed Mrs. Boland's special cheese torte.

Friends of the Philip Ogilvie surprised them with a house-warming party Saturday in their new Linden court home. Attending were Mr. and Mrs. George Weiss, Mr. and Mrs. Ed Welch, Mr. and Mrs. Jack Blackburn, Mr. and Mrs. Joe Petrock, Mr. and Mrs. Fred Kester, Mr. and Mrs. C. M. Hammond, Mr. and Mrs. Dempsey Ebert, Rev. and Mrs. George Jerome, Mr. and Mrs. Fran Gazlay, Mr. and Mrs. Ed Sprunk and Mr. and Mrs. George Hill. The guests later attended the Rotary club Valentine dance.

Dinner guests of the Howard Meyers' of Eight Mile road Sunday were Mrs. Meyer's mother, Mrs. Claudia Sheridan, and sister and brother-in-law, Mr. and Mrs. Otis Wheatley, all of Lincoln Park. The dinner was in honor of the Meyers' son and family who returned to Northville recently from Virginia.

Mr. and Mrs. Homer Van Atta were guests Sunday of Mr. Van Atta's brother and sister-in-law, Mr. and Mrs. Fred Van Atta of East Cady street.

Mrs. Ruby Nash of Beal street returned home last week after having been confined in St. Joseph's Mercy hospital, Ann Arbor, recently following a fall on the ice.

Mr. and Mrs. H. C. Duerson of West Main street were in Lansing last week end as guests of the James Conways. They also attended a performance by the Civic Theater Guild in which Mrs. Conway appeared.

Those named to the Continental Congress are: delegates: Regent, Mrs. Walter C. Gemperline and Mrs. Harry N. Deyo; alternates: Mrs. Claude A. Crusoe, Mrs. Ernest J. Shave, Mrs. Earl Mastick and Mrs. Felix R. Hoheisel.

Carl Johnson, speaker at the chapter's meeting Monday accompanied his presentation of colored slides with many interesting personal observations about his recent trip to Russia and Poland.

He reported that Russia's advances were not as he observed, exclusively in military fields, but that attempts are being made to provide Russian people "with many of the luxuries of life that they have never had before."

"Their cities are being modernized and living conditions are much better," he added.

His chief criticism centered on state ownership of businesses and strict police measures.

Mr. and Mrs. John Miller entertained some 20 guests at a pre-dance cocktail party Saturday evening. Following the Rotary club Valentine dance, which they attended, the couples returned to the Miller home on Napier road for light refreshments.

Harry Wagenschutz and Harold Bloom will leave this Saturday on their annual rabbit hunt. They will spend the week at the Wagenschutz cottage on Rifle lake near Rose City.

Mrs. Howard Meyer of Eight Mile road and Mrs. Crispin Hammond of Timberlane attended the Northville State hospital tea last Thursday honoring hospital volunteers and psychiatric aids. Both Mrs. Meyer and Mrs. Hammond are volunteer workers, Mrs. Meyer having been elected recording secretary for the hospital auxiliary recently.

New salesman at Rathburn Chevrolet sales is Dean Honsinger of Currie road. Mr. Honsinger is a lifelong resident of Northville.

Walter Browns Honeymoon In Florida

Mrs. Marie Secord and Walter Brown, both residents of Northville, were united in marriage February 12 by the Rev. Paul Cargo at the First Methodist church of Northville.

Matron of honor was Mrs. Secord's daughter, Mrs. R. J. McClelland of Minneapolis.

Gerald Brown of Fowlerville was best man for his father.

Wedding guests came from Northville, Plymouth, Detroit, Danville and Portland.

After returning from a wedding trip to Florida Mr. and Mrs. Brown will make their home at 234 Church street.

Northville P-TA Plan Program On Foreign Language in Grades

Next Thursday's P-TA meeting will spotlight the interesting — if controversial — topic of language arts in Northville's elementary public schools, Program Chairman Fred Hart announced this week.

Mrs. Joanne Hollar's fourth grade class at Amerman school will demonstrate the use of a foreign language in an elementary classroom.

Other features of the Northville public schools foreign language instruction will be discussed along with future plans in this area.

A language arts specialist from one of Michigan's state universities will also speak.

A display of materials used in the educational work conducted at

Maybury sanatorium for children patients, will also be presented. The meeting will be held at 8 p.m. in the community building.

Former Local Resident Gets Education Degree

A former Northville resident, Mrs. Joan F. Helferich, now of El Paso, Texas, was one of 59 graduates of the University of Michigan school of education this month.

Mrs. Helferich is the former Miss Jean Porter, daughter of Dr. and Mrs. P. W. Porter, 21120 Halstead road. She plans to teach school in El Paso.

Giannine Bertoni Heads Sorority

Giannine Bertoni, daughter of Mr. and Mrs. Andrew Bertoni of 40640 East Eight Mile road, has been elected president of Tau Alpha Zeta sorority at Central Michigan college.

A graduate of Northville high school, Giannine is a sophomore at Central. Her election to presidency as a second-year student is considered an unusual honor.

To Present Talk On Boat Trip Down Amazon

Northville Woman's club will be treated to an illustrated log of teacher Sarah Lickly's recent trip by freighter down the Amazon river at tomorrow's (Friday) meeting, 2 p.m., in the Northville library.

Reviewing her journey which began at the Amazon headwaters in the Peruvian Andes, and eastward through Brazil, Miss Lickly will show slides taken by herself and traveling companion in the summer of 1957.

A mathematics teacher in Plymouth schools, Miss Lickly has traveled in many countries and most continents.

In keeping with her theme, club members Mrs. Kathleen Bosch and Mrs. Claire Williams will present selections of South American music. Mrs. Harvey Whipple will introduce the speaker.

GIRL SCOUT NEWS

Brownie Troop 222 had a Valentine party last week at the VFW hall. The girls are sponsored by the Northville VFW.

Ilka Hartmann was again the guest of Girl Scout Troop 225 this week and taught the girls more new games. Troop members took their notebooks on which they have been working lately, home to complete them.

Both patrols and leaders of Troop 226 met together for a sledding party after their regular meeting last Wednesday.

Girl Scout Troops 228 and 224 have been roller skating every other week lately at the arena in Plymouth. This is a most enjoyable way for them to earn their roller skating badge.

Girls of Troop 228 had a sledding party recently at the home of their leader Mrs. Stiegerwald. Afterwards they were served cocoa and cupcakes.

Alpha Nu Chapter To Meet March 9

Miss Grace Pollock of West street entertained the Alpha Nu chapter of Delta Kappa Gamma in her new home Monday evening.

The business meeting was conducted by President Mrs. Ida B. Cooke. Mrs. Hugh Babbitt directed the program, "Pioneer Women". Refreshments "were served by Miss Pollock.

The next meeting of the chapter will be March 9 after a 6:30 p.m. dinner at Arbor-Lil in Plymouth.

Plymouth Residents To Stage Doll Show

Northville children and adults will have an opportunity to see Plymouth's first "Parade of Dolls" show to be held this Saturday from 10 a.m. to 4 p.m. in the Veterans' Memorial Center, 173 North Main street.

Some 400 of the antique, foreign and character dolls belong to a collection owned by Mrs. Seraphia Moore of Plymouth.

The displays will appear in many different settings. Local girl scouts have been asked to monitor the exhibit.

A.A.U.W. Speaker to Discuss Cultural Effects of T.V.

The Plymouth branch of the American association of University Women, which includes Northville members, will have their annual dinner meeting this evening (Thursday) at the Arbor-Lil restaurant in Plymouth.

Dinner will be served at 6:30 p.m.

Henry Austin, instructor in the department of speech at the University of Michigan, will talk on

Camera Club to See Slides on Our Capitol

Northville Adult Camera club will see an Eastman presentation entitled "Our Colorful Capitol" at its next meeting Wednesday, February 25, 7:45 p.m., in the Northville library.

Visitors are invited.

Members enjoyed an interesting group discussion on assignment night recently when they brought Christmas and winter scene slides to show at the meeting.

WILPF to Hear Talk On "Crisis in Asia"

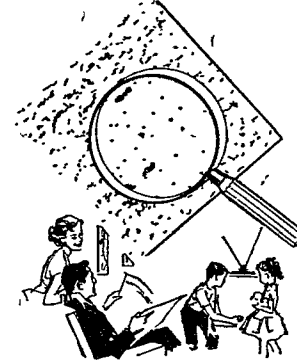

The Northville-Plymouth branch of the Woman's International League for Peace and Freedom will meet Monday, February 23. The 7:30 p.m. meeting will be held at the home of Mrs. Don Fowler, 20930 Chigwidden drive, Northville Estates.

Mrs. Fred Weideman of Dearborn, a member of the international executive committee of the WILPF, and referent on Asia to the Policy Committee of the U.S. Section, will speak on "Crisis in the Far East". The meeting is open to the public.

Guests of Mr. and Mrs. James Spagnuolo of East Main street last week end were Mrs. Spagnuolo's son and family, Mr. and Mrs. Eugene Melbourne.

NU-WOOD® Micro-Perf
ceiling tile solves home noise problems

Is noise within your home fraying your nerves...making life more hectic? You'll get noise control with a new acoustical ceiling tile—Nu-Wood Micro-Perf. When applied to the ceiling, its decorative pattern looks luxurious, but conceals hundreds of tiny perforations that soak up noise as a sponge soaks up water. Easily applied, Nu-Wood Micro-Perf acoustical tile costs surprisingly little. Drop in and see it.

TIMBER — Workmen started clearing a path for the long-planned Eight Mile road cut-off this week. All trees that will interfere with construction have been removed. The relocated highway will extend from a point just east of the intersection of Eight Mile and Novi road to Baseline and Taft road. It will follow Carlyle street and bisect the Amerman elementary and new high school connecting with Baseline just west of the Harold Hartley residence, 602 Randolph. Martin Strasen, assistant construction engineer for the Wayne county road commission, said that grading and preparation for paving would be completed by August 15. In addition to the clearing of trees workers are also building a 150-foot long retaining wall east from Novi street to the stream of the Rouge river and along the southern boundary of the new highway to prevent caving-in of earth on to private property, Strasen said. (See picture on page one.)

Christian Science Speaker To Discuss World Issues

How Christianity, if put into action, can meet today's individual and world problems will be brought out in a public lecture arranged for by the members of First Church of Christ, Scientist, Plymouth.

Paul Stark speaks in Plymouth First Church Edifice, 1100 West Ann Arbor trail, on February 22 at 4 p.m., it is announced.

The lecture, on the subject, "Christian Science Reveals Spiritual Forces in Action", is free and the public is cordially invited to attend.

Mystery Surrounds Wixom P-TA Event

An element of mystery and surprise is the only inkling of news of what is scheduled for the annual Fathers' Night of the Wixom P-TA on February 26. It is deemed certain to interest mothers and children, too.

The sodium fluoride program began at Wixom the week of February 16 for pupils in the second and fifth grades. Those grades are selected because it has been found that the treatment is most beneficial when given at those age levels.

Principal Miss Ethel Mugler has organized a student council for the first time at Wixom school. The council consists of two pupils elected from each class, except kindergarten, and the captains of the service squad and safety patrol.

From the first grade are Bonnie Pickard and Billy Walker; second grade, Diane Abrams and Pat Pillo; third grade, Ellen Simmons and Tommy Young; fourth grade, Ellen Mustonen and Douglas Lahti; fifth grade, Nancy Merkle and Fred Ferguson; and sixth grade, Martha Salo and Guy Bourgeois.

Goodwill Truck Pick-up

The next visit of Goodwill Industries pick-up trucks to Northville is scheduled for Tuesday.

Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.

To arrange for a Goodwill Industries truck pick-up, call the Men's club, Maybury sanatorium, FI-9-2682.

VALENTINE DANCERS — A good turn-out of dancers greeted the Northville Rotary club's Valentine dance last Saturday night at the community building. Music was provided by Jimmie Clark and his orchestra featuring vocals by Jan Wynn. Chairman of the dance was Dr. Walter Belasco.

The Teen club of Wixom is having a bake sale Saturday, February 21 starting at 9:30 a.m. Any help that can be given to these youngsters will be greatly appreciated.

WORRIED OVER DEBTS?

IMPORTANT CHANGE IN PRICE POLICY

(A PERSONAL MESSAGE FROM DAVE GALIN.)

Dear Friends:

Starting today, I am embarking on a radical new policy of pricing of fine furniture and quality appliances.

I am tired and disgusted with phony "discounts," constant "clearance sales," and transparent "wholesale" prices. I am tired of hearing about prices that have been "marked down" because I know that the same prices were marked way up to enable them to be "marked down."

And I believe my customers are sick of these shenanigans, too! The public is not stupid and it recognizes the falseness of "bait" advertising.

So last week I closed the doors of Dave Galin and Son for 24 hours, and we went over every piece of merchandise in our store and repriced it. We adjusted every tag downward to the LOWEST POSSIBLE LEVEL we could, while still enabling us to make a fair profit and to continue to render the friendly and reliable service that we have given this community for over 31 years.

THIS IS THE LAST TIME WE WILL HAVE ANY MARKDOWN OF PRICE. From now on, we will have ONE PRICE, and it will be the best we can offer. This new, low "Volume Price" will prevail every day of the year.

Our overhead is low and we believe we can beat or meet any competitive price offered for the same quality merchandise.

The prices in today's advertisement are cited to indicate just how drastic this new policy is. Please study them carefully, because this is the last time I am going to publish general comparative prices.

From Now On, Every Price, On Every Item, Every Day Will Be The Absolute Lowest Price We Can Offer.

Yours sincerely

Dave Galin

Broncos Squeeze By Mustangs

Holly's title seeking quintet was forced to play "three games" Friday before they could claim a victory over Northville.

Bur the extra effort paid big dividends: Holly virtually assured itself of at least a second place finish while serving notice on Brighton that the championship is still within reach.

The Broncos kicked up the 62-60 overtime storm here against the Mustangs after battling to a 58-58 tie during regulation play.

Northville's Center Jeff Goodrich netted two free throws with 46 seconds remaining in the overtime period to move the Mustangs into a 60-60 tie. Then Holly's 6' 6" sensation, George McDaniel, potted a two-pointer with less than five seconds to go.

In the wild scramble that followed, little Fred Schwarze, Northville's free throw artist, was hacked across the arm. A foul was called just as the buzzer sounded — and Holly was forced into a "third game".

Both teams joined the hushed crowd as Schwarze stepped to the line. As his shot hit the rim and bounced to the floor, Holly cagers began their victory celebration.

It was Holly's seventh win against a single loss. Northville now has won four and lost four — good enough for a three-way tie for third place with Clarkston and Clarenceville. Northville lost an earlier contest with Holly, 74-62.

In other week end tilts, Brighton won its eighth straight game, dumping Clarkston 74-59. Clarenceville edged last-place Bloomfield Hills, 56-54 and West Bloomfield defeated Milford, 58-52.

The Mustangs play host to Milford here tomorrow night. The Redskins will be out to avenge a 66-46 defeat in an earlier meeting. Northville will close out the season February 27 at West Bloomfield.

In Friday's game, Northville cagers spotted Holly several points early in the first quarter ended. The Broncos then fought to a 32-30 half-time lead behind the 10-point attack of Forward Ron Morlan.

Holly strengthened its lead in the third stanza, peppering the net with six floor shots and a single charity toss. Northville scored 14 points.

The Mustangs chipped away the Broncos' lead in the fourth quarter with eight free shots and three field goals. Holly, which managed to score only 9 points in the final stanza, took possession and a time-out with only 3 seconds to play. The maneuver failed as the game ended in the deadlock.

Coach Stan Johnston praised his players for their "all-out efforts" to win. Several of his players refused to be benched even though they were sick with the flu, Johnston said.

Goodrich took scoring laurels for Northville with six field goals and 8 charity tosses. Other top scorers for Northville were Roger Atchinson 13; Bob Starnes, 12, and Bill Boyd, 9. McDaniel scored 22 points in his team's winning effort. Morlan, who fouled out early in the final quarter, scored 14 points.

Former Mustang Shines Again

Richard Biery, Northville freshman, has been awarded one of 44 numerals for junior varsity football at Central Michigan college.

The Central Michigan seaback was the leading rusher for the junior varsity eleven. He led his team in scoring with five touchdowns last season.

As a halfback with the Northville Mustangs, Biery was leading runner, scorer and pass receiver for two consecutive years.

Hailed as possibly the fastest high school back in the state, Biery was named to all-state, all-suburban and all-league teams in 1957.

Colts Control Ball; Blast Holly, 44-30

Controlling the ball throughout much of the game, Northville's junior varsity quintet coasted to a 44-30 win over Holly here Friday.

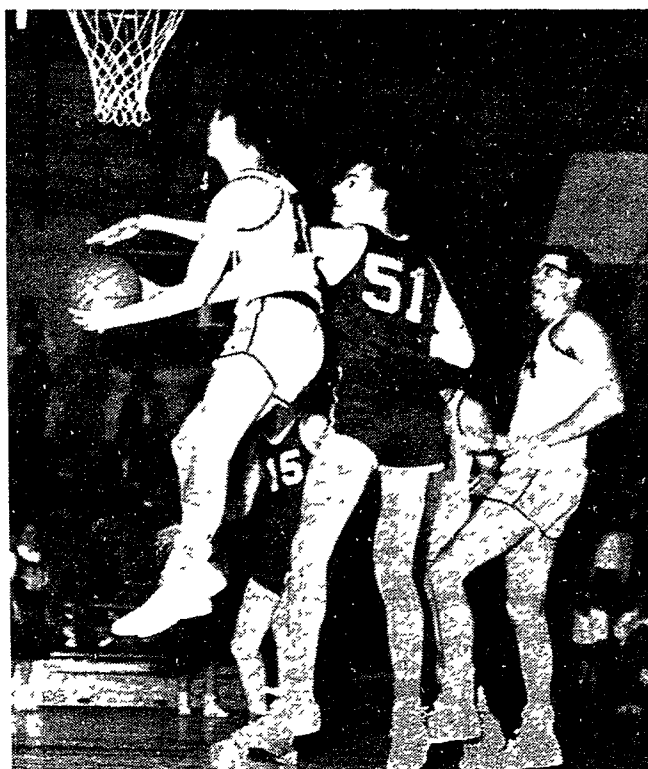

The victory was Northville's fifth against eight losses — and the second win over Holly this season.

Coach Don Vaningen's squad effectively controlled the ball on both sides, but in many instances were unable to take advantage of scoring opportunities — otherwise the victory margin may have been greater.

The Colts jumped to a 12-7 first quarter lead on five quick floor shots and then added 12 more in the second stanza to go ahead, 24-16.

Holly and Northville pumped in only 6 and 7 points, respectively, in the third quarter. The Colts added 13 points in the final quarter while Holly sank six free shots and a single floor shot.

Center Jim Patterson took scoring honors for Northville with 13 points. Forward Tom Darling was next high with 8 points. Hay and Teague shared honors for Holly with 8 points each.

MOVE THAT HAND — Holly's 6' 6" center, George McDaniel (51), kept his hands between the basket and Northville cagers most of the evening. Here he's shown blocking a shot by Roger Atchinson at Northville's big center (right), Jeff Goodrich, moves in for a rebound.

Bolt to Speak At Meadowbrook

National Open Golf Champion Tommy Bolt will be the featured speaker at Meadowbrook Country club's sports banquet Friday night.

In addition to Bolt the annual stag event will feature a number of national celebrities from the field of sports. Fred Wolfe, Detroit radio and television broadcaster, will act as master of ceremonies.

Frosh Risk Streak In Weekend Meets

Northville's hottest freshman cage team in history will take the floor tomorrow and Saturday in an effort to extend their winning streak to 13 games.

But Coach Joe Wilkinson has warned his players that everything's ripe for an upset.

The freshmen will take on Thursday on the opponent's court tomorrow at 4 p.m. and then clash with Brighton's powerhouse here at 10 a.m. Saturday. Only one game remains after Saturday's contest; South Lyon will play Northville February 26.

In earlier contests this season, Northville rolled over Thurston, 47-33, but barely edged Brighton, 39-38. The one-point victory over Brighton came in the final 30 seconds of play. It was Brighton's lone loss of the season.

The local cagers chalked up their 11th game of the season last week against St. John's, 51-45. St. John's took an earlier Northville drubbing, 66-26. St. John's won two quarters last week but went down to defeat under a barrage of Northville points in the second and fourth stanzas.

FROSH CAN EAT TOO — It took only a few minutes for Northville's championship-caliber basketball team to consume a 21-pound turkey Mr. and Mrs. Glenn Long served up last week. Pictured above (left to right) are: James Long, Bob Galli, Daryl Hopper, Jim Anderson, Tom Long, Dick Bathey, Don Busch, Coach Joe Wilkinson, Long, Tom Slattery, Don Collins, Ed Beard, Mike Meyers and Steve Juday.

Novi Eighth Graders Notch Seventh Victory

Spurred by their seventh straight win last week, Novi's eighth grade cagers will clash with Dublin tonight on the opponent's court.

The Novi squad crushed Hartland last week, 40-19. It was the team's seventh win against no losses — and the second victory over Hartland.

Coach Gail Perkins' squad had little trouble dumping Hartland's eighth graders. Novi led at the half, 15-7. Bill Challas took scoring honors with 13 points, followed by Jim Lyon with 12.

Novi's seventh grade team, which dropped its contest with Hartland, 19-17 for the first loss of the season, will also see action tonight at Dublin. The seventh graders have won three games and lost one this season.

Name J. P. Malley To Pan-Am Game Group

National recognition has been accorded J. P. Malley, 21633 Beck road, for his work in organizing junior equestrian teams.

Malley was recently named to the committee for the junior equestrian team competition for the Pan American games schedule in September in Chicago.

Last week end Malley traveled to Chicago for an organizational meeting of the committee.

Malley is well known in the Northville area for his organization of the Optimist club's junior horse show events and junior equestrian teams throughout the midwest.

Ordinance No. 10 - Village of Novi

VILLAGE OF NOVI
ORDINANCE NO. 10
AN ORDINANCE TO REGULATE OR PROHIBIT THE FILLING OF LANDS WITHIN THE VILLAGE OF NOVI; TO REGULATE OR PROHIBIT DUMPING, DEPOSITING OR ACCUMULATION OF WASTE, RUBBISH, REFUSE, DEBRIS, JUNK OR GARBAGE; TO REGULATE THE COLLECTION, HANDLING AND DISPOSAL OF WASTE, RUBBISH, REFUSE, JUNK OR GARBAGE; TO PRESCRIBE RULES, REGULATIONS AND CONDITIONS FOR THE ISSUANCE OF PERMITS OR LICENSES FOR SAME, AND TO PROVIDE PENALTIES FOR VIOLATIONS THEREOF.

The Village of Novi Ordains:
Section 1.01. The Village of Novi, Oakland County, Michigan, hereby declares that it is necessary to provide and establish regulations and conditions governing the filling of land within the Village, or the dumping or depositing therein of waste materials or substances, rubbish, refuse, debris, junk and/or garbage, whether household, commercial, industrial or otherwise, and the collection, handling or disposal thereof, in order to protect the public health, safety and welfare.

Section 2.01. It shall be unlawful from and after the effective date of this Ordinance for any person, persons, firm, partnership or association, company or corporation to conduct any filling, dumping, depositing or disposal operations within the territorial limits of the village of Novi, by means of waste materials or substances, rubbish, refuse, debris, junk and/or garbage, whether household, commercial, industrial or otherwise, upon lands or premises within said Village, without first having obtained a license as hereinafter provided.

Section 3.01. It shall be unlawful from and after the effective date of this Ordinance for any person, persons, firm, partnership, association, company or corporation to engage in the business of the collection, handling and/or disposal of waste, materials or substances, rubbish, refuse, junk and/or garbage in the Village of Novi, without first having obtained a license as hereinafter provided.

Section 4.01. It shall be unlawful for any person, firm or corporation, from and after the effective date of this Ordinance, to allow any garbage, or any material which is commonly classified as waste, rubbish, refuse, debris or junk, to collect or lie on property which he or she owns, occupies or controls, in such a manner that it attracts flies, insects or rodents, emits offensive odors, or otherwise interferes with the safety, health or welfare of the public.

Section 5.01. Application for licenses hereunder shall be made to the Village Clerk and shall be in writing and shall contain the following information:

a. Name, residence and business address of the applicant.
b. Name and address of the owner of the land or premises involved.
c. The full description of the land or premises upon which the filling, dumping or depositing is to take place.
d. The kind of business applicant was previously engaged in, the place or places where and the length of time the same was conducted.
e. The exact purpose for which license is desired including operation or activity intended, extent and scope thereof, contracts or agreements involved, and length of time operation or activity will consume.
f. The number and description of all motor vehicles and all other equipment or facilities intended to be used, and the places where the same is presently located.
g. The financial status of applicant relating to the ability to fulfill duties in the operation or activity.

h. Any and all other information that may be required at that time to enable the Village to determine the ability and qualifications of applicant to conduct such business in compliance with the ordinances of the Village, State and County laws and regulations, and in such manner as will not be deleterious to public health, safety and welfare, and so as not to create a public or private nuisance.
i. Said application shall also contain an agreement by applicant to obey, abide by and comply with all of the provisions of this Ordinance.

all health requirements, and all other ordinances, rules and regulations applicable to the conduct of said business, now in force or which may hereafter be adopted.

Section 6.01. There shall be filed with such application, if involving any filling, dumping, depositing or disposal other than minor or small fills, a map of the premises under consideration, showing the contour lines and proposed contour grades resulting from such filling or depositing in relation to the topography of the premises, together with United States Coast and Geodetic datum and also information covering the nature, kind and mineral content of the soil and the drainage to and from said premises.

Section 7.01. That upon filing such application and information there shall be paid to the Village Clerk a license fee based upon the estimate of the Village Manager and/or Village Engineer, of the actual cost of reviewing such plans and information, according to the following cost schedule:

a. \$8.00 per hour for each hour work of Village Engineer.
b. \$4.00 per hour for each hour work of each engineering or health department aid.

And any part of the license fee not expended according to the above cost schedule shall be returnable to applicant.

Section 8.01. That any license issued hereunder shall include provision requiring inspections by or in behalf of the Village at least once a month and more often if in the judgment of the Village Manager, Village Engineer or Health Officer, it is necessary to protect the public health, safety and welfare. For such additional inspections there shall be imposed a fee for the actual cost thereof based on hourly rate of \$4.00 per hour generally and at \$8.00 per hour if Engineer's services are required and the licensee will be billed each month therefor, and failure to pay such inspection fees within thirty (30) days from date of billing will permit immediate temporary suspension of said license, to be reinstated only upon payment thereof.

Section 9.01. All requirements of the Village Zoning Ordinance shall be complied with before application is made for license hereunder.

Section 10.01. Upon receipt of said application in proper form, the same shall be referred to the Village Manager and to other proper departments for inquiring, investigation and review, and:

a. If involving the use of any land or premises, it shall then be referred to the Village Planning Board which shall within thirty (30) days thereafter, consider such application in relation to present and future planned land uses and master planning of the Village, and make such recommendations to the Council as they deem advisable.
b. All of such persons or departments reviewing such application shall attach their recommendations and note whether the proposed activities would create or be likely to create a public or private nuisance, or a hazard to the public health, welfare or safety.
c. Upon receipt of the application, information and recommendations, the Village Council shall, at any regular or special meeting, consider the same, and if, after due consideration, the Council shall be of the opinion that the proposed application shall not create conditions inimical to the public health or safety, nor create any drainage, sewerage or other problems or conditions of danger, nor constitute or cause a traffic hazard, it shall authorize the Village Clerk to issue proper license to applicant.

Section 11.01. A license for filling, dumping or depositing, other than minor or small fills, shall only be issued after the applicant shall have received the written approval of the Michigan Department of Health, Oakland County Department of Health, and a certificate from the Oakland County Drain Commissioner to the effect that the soil is of a mineralized nature and content and that the proposed operation will not cause increased loading of sewers, ditches, drains, septic tanks or systems in the area affected nor cause or create any health or safety hazard.

Section 12.01. Any license granted shall be subject to the following limitations, standards and conditions:
a. The licensee must furnish all labor, materials, tools, vehicles, equipment, supplies and incidentals to fulfill and complete the operation or activity in accordance with the obvious intent of said license.

b. In the discretion of the Village Council, licensee may be required to furnish a bond to the Village of Novi in the amount of not less than Ten Thousand (\$10,000.00) Dollars to secure the faithful performance of the operation permitted.

c. If permission to fill or deposit shall be granted, the operation shall be conducted so that sanitary landfill procedures are followed. The working area within the designated parcel of land shall be enclosed in an approved fencing to control blowing of papers or light rubbish and unauthorized use. Perimeter fences and premises and adjoining premises shall be kept clean and free from light rubbish blown by wind. At the entrance to the disposal area a suitable gate shall be installed which shall be kept locked at night and at all times when an attendant is not present. Adequate drainage shall be maintained at all times to prevent additional accumulation of surface water at any point in the disposal area. No scavenging shall be allowed on the disposal site. No deposits shall be allowed to accumulate and remain uncovered overnight. The dumping of stumps, broken concrete, radioactive wastes, industrial and toxic wastes unless approved by the Health Officer, and other deposits not suitable for disposal in the sanitary landfill shall be prohibited. No chemicals or liquids of any nature are to be permitted to be emptied on said premises including septic tank wastes. There will be no burning on the premises. Either the approved trench method or progressive slope method of landfill shall be used, and in either case the deposits shall be continuously "worked" by a bull-dozer or front end loader thoroughly compacting it. After receipt of each day's deposit, the deposit or fill shall be covered with not less than six inches of earth. After completion of the fill to its height, the entire fill shall be covered with earth of approved mineral content to a compact depth of not less than two feet and the grade in land elevation shall comply with the topographical map attached to the original application. The premises shall be sprayed daily by insecticide during fly season, and other requests or requirements by the Health Officer to prevent flies, insects or infestations of rats or rodents, shall be forthwith obeyed. Full access to premises shall be granted to Village officials at all times.

d. Vehicles used in commercial or business activity — Transportation shall be kept clean and in good repair and so maintained and operated that no portion of contents therefrom shall be spilled or allowed to remain on the public highway. The hauling body shall be water tight and completely enclosed on all sides by metal and of such a design as will be acceptable to the Health Officer. During the fly season all such vehicles shall be treated in a manner and at intervals indicated by the Health Officer for the control of flies and insects. Such vehicles shall be completely closed while in transit.

Section 13.01. The provisions of this ordinance do not restrict an individual from disposing of garbage, rubbish or refuse from his own dwelling when done so as not to create either a nuisance or menace to health.

Section 14.01. This Ordinance and the various parts, sections and clauses thereof are hereby declared to be severable. Should any section, paragraph, sentence, clause or phrase be declared unconstitutional or invalid for any reason, it is hereby provided that the remainder of the Ordinance shall not be affected thereby.

Section 15.01. All Ordinances or parts or Ordinances contrary to or inconsistent with the provisions of this ordinance are hereby repealed.

Section 16.01. Each and every violation of this Ordinance shall be construed as a separate and distinct violation thereof, and any violation of any of the provisions are hereby declared to be a nuisance per se and may be abated by appropriate injunctive action. Also any person, persons, firm, partnership, association, company or corporation who shall violate any of the provisions hereof or shall fail to comply with the same shall upon conviction thereof be punished by a fine not to exceed One Hundred (\$100.00) Dollars or by imprisonment not to exceed ninety (90) days, or by both such fine and imprisonment in the discretion of the Court. Licenses issued under the provisions of this ordinance and amendments thereto, may be revoked upon just cause.

Section 17.01. The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of public peace, health and safety and shall be effective immediately upon publication, the same to be in accordance with Section 7.5 (c) of the Village Charter.

Made and passed by the Village Council of the Village of Novi, this 16th day of February, A.D. 1959.

Walter Tuck, President
Mary Wallace, Village Clerk
CERTIFICATE OF CLERK
I, Mary Wallace, do hereby certify that on the 19th day of February, A.D. 1959, I posted a true copy of the within and foregoing ordinance at the following three public places in the Village of Novi, namely:

1. On the bulletin board at the Novi Township Hall, 25850 Novi Road, Novi, Michigan.
2. At the Novi Post Office, 25914 Novi Road, Novi, Michigan.
3. At the Orchard School, 41900 Quince Road, Novi, Michigan.
I do further certify that on the 19th day of February, A.D. 1959, said Ordinance was published in the Novi News, a newspaper circulated in said Village.
Mary Wallace, Village Clerk

13—NOTICES

STATE OF MICHIGAN
County of Wayne,
ss. 469,283

At a session of the Probate Court for said County of Wayne, held at the Probate Court Room in the City of Detroit, on the twenty-seventh day of January, in the year one thousand nine hundred and fifty-nine.

Present Ernest C. Boehm, Judge of Probate.

In the Matter of the Estate of MARY SNYDER, Deceased.

On reading and filing the petition of Walter R. Snyder praying that administration of said estate be granted to Ella Trotter or some other suitable person:

It is ordered, That the Third day of March, next at ten o'clock in the forenoon at said Court Room be appointed for hearing said petition.

And it is further Ordered, That a copy of this order be published once in each week for three weeks consecutively previous to said time of hearing, in the Northville Record, a newspaper printed and circulated in said County of Wayne.

Ernest C. Boehm,
Judge of Probate

I do hereby certify that I have compared the foregoing copy with the original record thereof and have found the same to be a correct transcript of such original record.

Minutes of the Northville Board of Education

February 9, 1959

The meeting was called to order by President Nelson C. Schrader at 7:45 p.m.

Present: Messrs. Schrader, Shafer, Crump and Lawrence.

Absent: Dr. Johnson.

Others: Superintendent Amerman, Principals E. V. Ellison, H. B. Smith, R. W. Kay; Attorney James E. Littell; Mrs. W. E. McCarthy and Mrs. Marian Foss of the Northville Teachers' Club; Mr. Francis Gazlay of the P.T.A.; Miss Helen Major of The Northville Record.

The minutes of the last regular meeting and two special meetings were read by the Secretary and there being no corrections or additions to the minutes, they were announced approved as read.

Communications:

1. Eberle M. Smith Associates, change order request to Walter L. Couse & Co.

2. Mrs. Fred Ehrenberg, thanking the Board for flowers sent to her husband, who passed away January 16, 1959.

3. Mrs. Joan Kelly, leaving to become a mother, requesting leave of absence.

4. Eberle M. Smith Associates, re change order on motorized door for driver training area.

5. Stanley Johnson, resigning as varsity basketball coach, effective at the end of this season.

6. Mrs. Pauline Smith, submitting her resignation, effective the end of the first semester.

7. Eberle M. Smith Associates, enclosing Change Order No. 6 for execution by Board.

Report of Superintendent:

1. New Staff Members: Miss Dingman and Mr. Ausum, replacing Mrs. Smith and Mrs. Wenke; Mrs. McHugh replacing Mrs. Kelly.

2. Series C Bond Issue: Superintendent has been assured that Municipal Finance Commission will approve our application for permission to sell the final series of bonds by the 10th of March. It is hoped this schedule will be adhered to, so that the bonds may be sold and work begun on the rehabilitation of the old high school at the earliest possible date.

3. Fire Hazards: Each building principal has made a survey of his building with respect to fire hazards, and the surveys show that both of the grade school buildings conform to all the regulations of the State Fire Marshal and the old high school building is reasonably safe now and will conform in every way upon rehabilitation.

4. Wayne County Library: Superintendent has been approached by the Library with a request for support financially. The Library was to have sent a representative to this Board meeting to discuss the matter, but no one has appeared so no discussion can take place at this time.

Report of the Secretary:

Secretary Robert H. Shafer reported the following moneys received during January:

1. 1958 taxes, Northville Township, \$100,000.00

1958 taxes, Novi Township, \$37,500.00

1958 taxes, Salem Township, \$3,268.76

1958 taxes, City of Northville, \$19,000.00

2. Delinquent taxes, Northville and Novi Townships, City of Northville, \$2,139.68.

3. Fourth payment of State Aid, \$20,205.00.

4. Milk reimbursement for November, 1958, \$278.52

5. Transportation charges, Lyon Township School District, \$55.56.

6. Sale of used equipment, \$10.00.

Report of the Treasurer:

Balance in General Fund, January 31, 1959, \$306,509.61

Balance in 1936 Bond and Coupon Account, Jan. 31, 1959, \$1,830.00

Balance in 1949 Debt Retirement Fund, Jan. 31, 1959, \$2,266.14

Balance in 1954 Debt Retirement Fund, Jan. 31, 1959, \$35,397.74

Balance in 1957 Debt Retirement Fund, Series A, 1-31-59, \$26,757.88

Balance in 1957 School Bond Debt Retirement Fund, Series B, \$69,123.30

Balance in 1957 Building and Site Fund, Jan. 31, 1959, \$67,090.13

It was moved by Mr. Shafer and supported by Mr. Crump, that the report of the Treasurer be accepted. Motion carried.

Report of Special Committees:

1. Elementary Curriculum Study Committee: Mr. Wilfred Becker gave the Board a brief report on the Committee's activities since the last Board meeting, a written copy of which is on file in the office of the Superintendent.

Report of Auditing Committee:

The Auditing Committee approved bills and payrolls for payment as follows: bills, \$7,810.15; payrolls, \$68,965.49. It was moved by Mr. Lawrence and supported by Mr. Crump that the report of the Auditing Committee be accepted and bills and payrolls be paid. Motion carried.

New Business:

1. Mrs. Kelly's request for leave: moved by Mr. Crump, supported by Mr. Lawrence, that Mrs. Kelly be granted the leave of absence requested. Motion carried.

2. March meeting: moved by Mr. Lawrence, supported by Mr. Crump, that the March meeting be held on the second Monday, the 9th, instead of the first Monday of the month. Motion carried.

3. Telephone needs: upon recommendation of the Superintendent, it was moved by Mr. Lawrence and supported by Mr. Crump that the present switchboard, which is no longer adequate for the telephone needs of the school, be removed at the spring vacation and a cord-type board be installed. Motion carried.

4. Schedule Change: upon recommendation of the Superintendent and both elementary principals, it was moved by Mr. Lawrence and supported by Mr. Shafer that the elementary schools discontinue the early dismissal of elementary children and that all elementary children be dismissed at the same time, 11:30 and 3:30. Motion carried.

Adjournment:

Mr. Shafer moved the meeting be adjourned at 11:55 p.m. Mr. Lawrence supported. Motion carried.

possible date.

It was moved by Mr. Shafer and supported by Mr. Crump, that the report of the Treasurer be accepted. Motion carried.

Report of Special Committees:

1. Elementary Curriculum Study Committee: Mr. Wilfred Becker gave the Board a brief report on the Committee's activities since the last Board meeting, a written copy of which is on file in the office of the Superintendent.

Motion carried.

Adjournment:

Mr. Shafer moved the meeting be adjourned at 11:55 p.m. Mr. Lawrence supported. Motion carried.

Robert H. Shafer,
Secretary

Novi School Board Minutes

February 11, 1959

The regular meeting of the Board of Education was called to order by the president Mr. Heslip at 8:20 P.M. on Feb. 11, 1959. Present were Mr. Heslip, Mr. Crawford, Mr. Taylor, Mr. Erwin, Dr. Morris and Dr. Medlyn. Also present were Mr. Frazer Staman, Mr. Charles Wallace and Mrs. David Fried.

Mr. Wallace was present for the purpose of taking pictures of the Board for the yearbook.

Mr. Staman represented Hartford Steam Boiler Inspection and Insurance Company in presentation of figures on boiler and machinery insurance for the three boilers at the Orchard Hills building.

Dr. Harold L. Morris, the newly appointed trustee, who is to fill the vacancy left by the resignation of Mr. Kenneth Bernard, was given the oath of office by the president, Mr. Heslip.

Dr. Medlyn reported that he had learned that correspondence study requested by a district could not be provided through the Northville High School, but could be taken only through a private correspondence school. It was moved by Mr. Crawford, supported by Mr. Taylor, that the request that money be provided for a correspondence course be disallowed. The motion carried.

Dr. Medlyn presented a list of the alterations which had been completed at the Novi School using 1957 Building and Site Fund money, and a list of proposed alterations. A special meeting was to be scheduled soon in the Novi Elementary building to look over the proposed alterations and determine how to proceed with this work. There was particular interest in the need for re-wiring the north annex.

At the Jan. 28 meeting it had been suggested that the Board might not need to sell the entire \$225,000 worth of Series II bonds, for which Municipal Finance Commission approval had been obtained. Dr. Medlyn had determined that in order to sell a smaller amount than that already approved, it would be necessary to proceed from the beginning with a new resolution requesting Municipal Finance Commission approval of the smaller issue, which could involve a 4 to 6 months delay.

Mr. Taylor read an excerpt from the minutes of Aug. 27, 1959, at which time the decision had been made to sell the \$225,000 worth of bonds in one issue. A motion was made by Mr. Crawford, that the original motion of August 27, as read, and as approved (on that date), to sell the \$225,000 worth of bonds as one issue, be adhered to. Dr. Morris supported the motion.

In the discussion which followed, Mr. Heslip stated that he felt there might be an unnecessary loss of money through interest costs by having money on hand before it was needed to pay for a proposed high school site. He requested a new budget report to show the most recent figures on use of the \$600,000 from Series I bonds, and the allocation of the \$225,000 issue.

Mr. Crawford pointed out that there would be increased costs of approximately \$800 encountered by selling the \$225,000 worth of bonds as two series rather than one; also

a possible saving could be made by purchasing land this year rather than later.

Dr. Medlyn stated that the proposition to operate a high school must be brought before the voters, probably in June or July of this year.

On the roll call vote which followed the results were: Mr. Taylor—yes; Dr. Morris—yes; Mr. Crawford—yes; Mr. Erwin—no; Mr. Heslip—no. The motion carried.

A motion to establish the date of sale as March 18 was offered by Mr. Crawford, and seconded by Mr. Taylor. The motion carried.

Communications:

From the Novi School Study Group, a letter to the Teachers' Club, inviting members to a special meeting, and to participate in a study of a possible remedial reading program.

The date of the meeting with the Teacher's Salary Committee was set for February 25 at 8 P.M. at the Orchard Hills School.

There was a motion by Mr. Erwin, which was supported by Mr. Taylor that the official meeting place of the Board of Education be the Orchard Hills School. Motion carried. This change of meeting place was felt necessary because of the location of the Board of Education files in Dr. Medlyn's office at Orchard Hills.

A letter is to be written to Mr. Bernard thanking him for his services as secretary to the Board of Education.

The date for dedication services for the Orchard Hills School is to be March 15 at 2:30 P.M. Mr. Taylor was to contact the Mothers' Club who will assist with refreshments.

Mr. Erwin asked that a letter be written to the Detroit Edison Co. questioning them about the reimbursement on the underground service to the Orchard Hills building.

Dr. Medlyn is to approach Atkin-Ford Co. concerning partial payment of the electrical bill from August 1 to Nov. 1.

The Treasurer's Report of fund balances was approved as read with the following balances.

General Fund \$132,843.29

Lunch Fund 3,061.02

1957 Bldg. and Site Fund 996.82

1950 Debt Retire. Fund 8,310.86

1955 Debt Retire. Fund 19,447.40

1957 Debt Retire. Fund 175.08

It was moved by Erwin, supported by Mr. Taylor, that the bills be paid. The bills follow:

LUNCH FUND BILLS:

Al's Market \$27.51

Allied Provision 99.75

Farmington Dairy 503.25

Flint Cold Storage 9.32

Total \$650.37

After some time spent inspecting the new equipment for the multipurpose room, the meeting was adjourned at 12 midnight.

GERTRUDE EMILY ROLLINGS

Mrs. Rollings, 43782 Park Grove court passed away February 8 at Eastlawn Resthaven after a short illness. Mrs. Rollings was born June 22, 1882 in Toronto, Ontario, Canada, the daughter of Thomas D. and Mary Ann (Clapp) Plumtree. Her husband, Clifford Robert Rollings, passed away in 1947. Mrs. Rollings is survived by her son, Clifford, and granddaughter, Barbara Rollings, of Northville. Mrs. Rollings made her home in Northville for the past two years, and before that had resided in Highland Park since 1923. She was a member of the Citizenship club of Highland Park. Funeral services, conducted by the Rev. E. J. Rollings of East Detroit, were held February 10 from the Dempsey B. Ebert Funeral home. Serving as pallbearers were Carl Johnson, Ernest Ebert, Nelson Schrader, Donald E. Robinson, Paul Beard and Wynn Wakenhut. Burial was in Roseland Park cemetery.

WILLIAM D. McCULLOUGH

Funeral services were held February 16 for former Northville resident, William D. McCullough, 254 North Mill street, Plymouth, who passed away at his home February 13 after an illness of 2½ years.

Novi Trustee's Wife Dies February 11

Mrs. Seodena M. Watza, 48600 West 11 Mile road, wife of Novi Trustee Frank Watza, passed away last Wednesday at University hospital in Ann Arbor after a three-months' illness.

Mrs. Watza, 62, was born December 14, 1896 in McConnellsburg, (Fulton County) Pennsylvania, the daughter of William and Sarah (Strait) McDonald.

She is survived by her husband and by two sons, Frank, Jr. and Paul of Novi.

She also leaves two brothers and four sisters: Alvin Taylor of Japan; Elmer Taylor, Miss Katherine Taylor and Mrs. Max Glee of McConnellsburg, Pennsylvania; Mrs. Mabel Boone of Cedar Falls, Iowa and Mrs. Ruth Patty of Murraysville, Pennsylvania, and one grandchild. Mrs. Watza came to this community in 1935.

She was a member of the Methodist church of Novi and past president of the Ladies Aid Society.

Funeral services were held Saturday, February 14 from the Casterline Funeral home, the Rev. George T. Nevin of the Novi Methodist church officiating.

Burial was in Oakland Hills Memorial Gardens, Novi.

Mr. McCullough was born Decem-

ber 10, 1885 in Lyons, Ohio the son of Alexander B. and Jennie (Hoyer) McCullough. He is survived by his wife, Bessie Bell Rathbun McCullough whom he married on August 18, 1917; by a daughter, Mrs. Dorothy L. Ransom of Plymouth, and two grandchildren, Karen and Jack Ransom. He was preceded in death by a brother, Cecil. Mr. McCullough had lived in Northville since the age of three until 1917 when he moved to Plymouth. In 1946, he retired from the Plymouth post office, where he had worked 29 years. He was also a former employee of the United States Fishery Service. He was a member of the First Methodist church in Plymouth and served on the official church board many years. He was also communion steward and taught the Sunday school booster class. A life member of Northville Lodge No. 186, F.&A.M., he was Past High Priest of Union Chapter No. 55, R.A.M., Northville, and a member of the Northville Maccabees. The Rev. Melbourne I. Johnson, DD, and the Northville Masonic lodge conducted services held from the Schrader Funeral home in Plymouth. Pallbearers were Mr. McCullough's fellow workers at the Plymouth post office and members of the Plymouth Masonic lodge: Ernest Henry, Roswell Tanager, Earl Foster, Duane Johnson, Donald Slee and Charles Minthorne. Entombment was in the Riverside mausoleum, Plymouth.

Amerman Kids Help Landscape Project With Ticket Sale

Amerman school elementary children are busy little salesmen these days.

They're working to help landscape their school area by selling tickets to Michigan's 30th anniversary Flower Show scheduled for February 21 through March 1 at the Detroit Artillery Armory.

The tickets were provided by John Mills of Green Ridge Nursery. All the proceeds from the ticket sales go to the children for their landscaping project.

What's more the tickets are at the advance sale price of 95 cents, a saving of 55c over the gate admission.

Nearly 400 tickets are available and Principal Richard Kay points out that anyone who does not have a child attending Amerman school and would like a ticket may do so by calling the school.

Miller's Green Ridge Nursery will have a display at the show to give the event a local touch. His 40'x20' display is entitled "Eventide Sanctuary" in keeping the the show's "Faith and Flowers" theme.

Only 16 nurseries are invited to construct displays for the show. Green Ridge will feature azaleas and various bulb plants in addition to flowering crabs in bloom and shrubbery.

CHURCH AND CRIME SOAR

Church membership stands at an all time high — so does wickedness! There must be something wrong when Church attendance and crime soar during the same periods.

Perhaps it is because the salt (an anti-corruption agent) has lost its savour. Gone are the days when mighty men of God thundered against the sins of the people in the congregation and warned people to flee from certain judgment and Hell. Ministers tell jokes about Hell now while the people laugh. The old timers wept as they pled with people to turn from their wickedness to a Christ that would forgive and cleanse, and the people wept with them. The impending doom like that which hung over Sodom and Gomorrah hangs over us and we are not alarmed. I am happy that we have many ministers who are regular readers of this column which appears in a number of papers in the State. I call upon you men to not only preach on the joys of Heaven, but also to speak plainly about the miseries of Hell. I call upon you readers to insist that your Pastor preach the whole counsel of Christ and if they refuse, then find a preacher that will. When the Pastors perform this God-appointed duty then crime will decrease while Church membership soars.

Training School To Honor Patrol 'Member of Month'

A new program to select a Safety Patrol "member of the month" has been inaugurated at the Wayne County Training School.

The idea was announced this week by Donald Grabowski sponsoring director of the school's safety patrol program. It was approved by Mrs.

Albert Jackson

Marcella Douglas, school principal and Dr. Pasquale Buoniconito, superintendent.

First members to be honored are the two captains of the school's patrol, Mary Harris and Albert Jackson. The first "member of the month" will be honored at a special dinner in March.

Grabowski said the purpose of the program is to stimulate interest in the duties of the patrol member and maintain a high level of participation.

Final selection of the member each month will be on a basis of

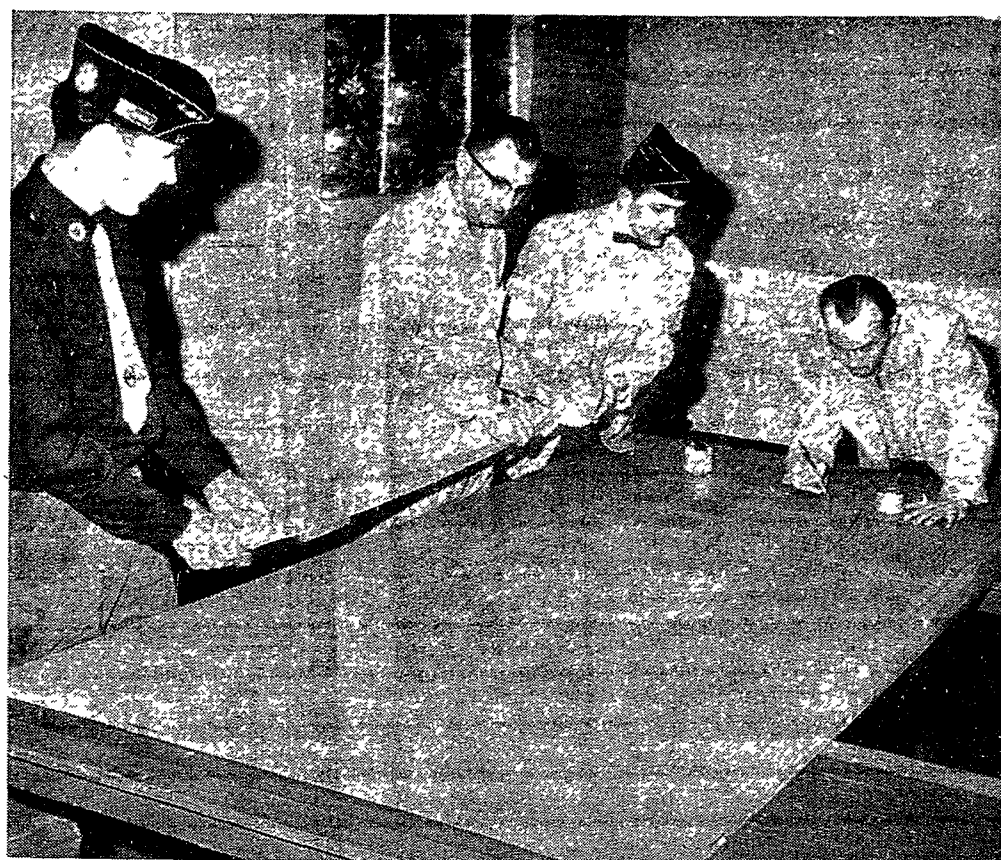

Mary Harris

nominations made by teachers, cottage personnel and patrol members. Consideration will be based upon attendance, dependability, conduct, neatness, alertness and any deed that should be recognized.

Mary and Albert have been captains since September, 1958. Albert became a member in 1955 and was a lieutenant last year. Mary started as a patrol member in 1957.

Both captains were praised by Grabowski for their leadership and dependability.

PLACE YOUR BETS — Chips will fly and the wheels will roll Saturday night at the annual "Millionaire's Party" sponsored by the local American Legion post. Play money will be used to "gamble" in the casino-like setting of the Legion hall beginning at 8 p.m. The money will be used later in the evening when prizes are auctioned. Shown above working on one of the 12 game tables that will be constructed are: (L. to R.) Chairman Howard Wright, John Chedrick, L. W. Snow, Jr. and Jim Madigan.

Democratic Club Plans Potluck Supper Here

Northville Democrats and their families are invited to attend the pot-luck supper sponsored by the Northville Democratic club and scheduled for 6 p.m. Saturday, February 28 at the community center.

A program following the dinner will include reports from Lansing by State Senator Raymond Dzendzel and State Representative Harvey Beadle.

Other guest speakers will be announced last week.

Candidates running in the spring election will also be present. For more information call Mrs. C. E. Woodruff at FI-9-1644.

Northville Area Man Attends Surveyor Meet

Wynn W. Wakenhut, 22351 Conne-mara drive, was among members of the Michigan Society of Registered Land Surveyors which opened its annual state meeting at Traverse City Thursday.

The Michigan society is composed of the Upper Peninsula, Northern, southwestern and southeastern chapters which hold regular regional meetings. The Traverse City meeting is the 18th annual group convention.

School Science Goes to the Fair

The Northville Record

THE OLDEST WEEKLY NEWSPAPER IN WAYNE COUNTY — EST. 1863 Thursday, February 19, 1959—9

CAMERA-SHY — Tuberculosis bacilli aren't the most cooperative photographic subjects. Harold Hartley, junior, (left) pictured here with his chemistry instructor Gene Quay will learn a new camera technique in photomicrography — the microscope-camera combination frequently used in medical research. Harold, the son of Mr. and Mrs. Harold Hartley, Sr. of Randolph street, hopes to continue photography professionally, either in free lance or magazine work.

"THAT'S ALL there is to it," concludes Lynn Kovarik with a knowledgeable smile. Lynn, the son of Mr. and Mrs. Patrick Kovarik of Commemora drive, has just begun assembling the particle accelerator pictured in the blackboard sketch. The instrument's Van de Graaf generator at right was constructed two years ago by another Northville student. Without much hesitation Lynn says he would like to continue his studies in electronics or chemistry.

The four Northville students entering projects in the 1959 Detroit Science Fair to be held at the Detroit Light Guard Armory March 19 through March 22, seem to illustrate that science can be all things to all men.

Each of their projects trace beginnings to the students' individual — and in this case, widely varied interests — painting, photography, chemistry and geology — which they have been tending for several years.

From an initial random curiosity about unusual stones, sophomore Jim Petrock's study developed into a carefully classified and somewhat specialized collection of Michigan rocks and minerals, which he plans to submit. He is now particularly

interested in crystallized rocks and colorful minerals.

Jim has spent summers in the Upper Peninsula where he has found most of his specimens, at present numbering about 280, with an average size of 2x3 inches.

Similarly, Julie Older, who will be entering two 4x8 foot murals of prehistoric animals in the fair's biology division, says her major interest is art, but admits she has been drawing dinosaurs since she was in the third grade.

Her paintings — oil on masonite — represent an accurate as well as artistically delightful portrait of herbivorous and carnivorous creatures including dinosaurs, rexosaurs and dinosaurs.

The murals, which Julie, now a

senior, painted as a sophomore, have been hanging in the high school biology room for the past year.

Sophomore Lynn Kovarik, entering a particle accelerator, says it all started with a chemistry hobby set.

His project, designed after a model presented in a recent issue of The Scientific magazine, is an instrument used to accelerate atomic particles, producing an irradiating electronic beam.

The Van de Graaf generator, part of the accelerator, was built two years ago by former Northville high school student Bernard Mueller.

Harold Hartley, who has developed photos for The Record for the past three years, is preparing a report on tuberculosis-infected tissue, with the assistance of Dr. Georgina Moerke, researcher at Maybury sanatorium. His report will be accompanied by 4x5 and 8x10 inch photomicrographs of tuberculosis bacilli in various stages of development, which he will photograph and process himself.

Some of the camera techniques unique to photo-micrography, Harold pointed out, are hour-long exposure time, necessary immersion of photographed tissue in oil for better magnification, and use of dyes to color bacilli for easier detection.

All four students are members of Gene Quay's chemistry class.

Some 1,200 students from Wayne, Oakland and Macomb county schools are expected to participate in the science fair.

Last year more than 250,000 students across the nation entered science exhibitions.

HONORABLE ANCESTOR to present-day animal life are the fascinating creatures depicted in Julie Older's mural. Julie, daughter of the Drake Olders of South Rogers street, hopes to major in English and minor in art in college.

Morning—Chevy panel hustles over causeway to St. Petersburg.

Chevy panel steps lively in Florida...runs day and night, delivers 19.3 miles per gallon!

This '59 Chevy panel is on the go, morning, noon and night; it covers as much as 587 miles a day... runs so constantly that its engine never cools off completely. Yet Mr. Clark Farber, the Tampa Tribune's circulation manager, reports that the truck is delivering 19.3 miles per gallon!

This year, the light, medium- and heavy-duty trucks of the 1959 Chevrolet Task-Force fleet are out to whip anything that comes their way—and they've got what it takes to do it!

Take the panel pictured above, for example. Powered by the '59 Thriftmaster 6 with new economy-contoured camshaft, it's building a sensational economy record, despite the sizzling pace of its work. That's typical of the way Chevrolets of all sizes are turning-to on the most challenging jobs in America. The way they're made, with tough-built truck components, they make the hardest hauls look easy!

If you have a job that puts a truck on its mettle, see your Chevrolet dealer!

No job's too tough for a Chevrolet truck!

See your local authorized Chevrolet dealer

Friday 9:30 a.m. to 7:30 p.m.

Anyone wishing to pay by mail, enclose
complete tax bill and check and I will
return receipted tax bill.

Roy M. Terrill, Treasurer
Fieldbrook 9-0042
Northville, Michigan

from the PASTOR STUDY

By the Rev. B. J. Pankow, Pastor
St. Paul's Lutheran Church of Northville

During this Lenten season many wonder
at the captivity and subsequent suffering of
Jesus. They ask: "If Jesus was the Son of God,
how could He be taken prisoner by men?"

Jesus Suffered Willingly

The difficulty is removed when we look
at the true record. Actually Jesus gave Himself
into death. We read that He met His captors
willingly. The Evangelist John relates: "Jesus,
therefore, knowing all things that should
come upon Him, went forth and said: Whom
seek ye? They answered Him: Jesus of Naz-
areth. Jesus saith unto them: I am He." (John
18:4-5.)

Long before He was taken prisoner Jesus
knew exactly what would happen to Him. He
was cognizant of every last detail of His im-
minent Passion. By His omniscience He saw
the swords and the clubs of those who came to
take Him. He was aware of the bonds with
which they would fetter Him. He knew of
the shame that He would have to suffer in the
presence of the high priest and the Sanhedrin.
He knew of the cruel scourging that the Ro-
man Governor would order. He saw the crown
of thorns that the soldiers would press into
His brow. He fully realized that He would
have to carry His own cross and suffer the
incredible anguish of the crucifixion.

Nevertheless, He deliberately identified
Himself as Jesus of Nazareth and surrendered.
He gave Himself into the power of His ene-
mies, even though He could have annihilated
them. This is demonstrated by the fact that
when He answered: "I am He" His enemies

fell backward. His word like a thunderbolt
struck them to the ground. Then and there
He could have escaped. But He brought these
frail creatures back to consciousness and thus
made possible His own apprehension. Certain-
ly, Jesus showed His willingness to suffer and
die.

Jesus Suffered Vicariously

However, not only did Jesus suffer will-
ingly, He also suffered vicariously. "If, there-
fore, ye seek Me" He said to His captors, "Let
these go their way." (John 18:8.) He was
referring to His disciples. Actually, His word
"let" was not a request but a command. With-
out Christ's consent no one can raise a finger
against His believers. He wanted to save His
disciples for a great work.

Christ going captive and His disciples
going free is a picture of how the Savior went
into suffering and death for all sinners. Not
only did He go in place of His disciples but
also in place of the very enemies who were
apprehending Him. He went in place of the
whole world. He was delivered FOR our sins
that we might be delivered FROM our sins.
Gratefully now we say to Him:

*Thou, ab! Thou, hast taken on Thee
Bonds and stripes, a cruel rod;
Pain and scorn were heaped upon Thee,
O Thou sinless Son of God!
Thus didst Thou my soul deliver
From the bonds of sin forever.
Thousand, thousand thanks shall be,
Dearest Jesus, unto Thee.*

Foreign Language in Grades Debated by MSC Educators

The teaching of foreign language
to grade school children is still
subject to debate among educators.

Dr. George J. Joyaux and Dr.
Donald A. Yates of Michigan State
university's department of foreign
languages maintain that the United
States cannot effectively lead the
world if more Americans do not
know more foreign languages.

The cold war, the shrunken world,
American industrial expansion
abroad, increased travel and foreign
civil and military commitments
have pointed out a severe shortage

Northville Seniors Win Merit Awards

Two seniors at Northville high
school have been commended by
the National Merit Scholarship cor-
poration for their outstanding per-
formances on a nationwide test of
educational development, according
to Principal E. V. Ellison.

The seniors honored are: Mari-
anne King, daughter of Mr. and
Mrs. Charles E. King, 19911 Wood-
hill, and Talbot Hopper, son of
Mr. and Mrs. Robert Hopper, 47733
West Seven Mile road.

The Northville high school stu-
dents were the Michigan runners-
up in the 1958-59 Merit Scholarship
competition.

More than 478,000 students in 14,
600 United States high schools en-
tered the 1958-59 competition. An-
other group of 10,000 students — the
highest scorers in each state, were
announced last October.

The students receiving certi-
ficates of commendation are the next
highest scorers, after the finalists,
in each state.

This Ever Happen To You?

Ever have your car break down on the highway in
the dead of night, miles from the nearest town or
service station?

If you have, the chances are that it was a truck
driver who came to your rescue. For up and down
this great State of ours, with its miles upon miles
of fine roads, the truck driver has rightfully earned
a reputation as the gentleman of the highway.

He is a safe driver — he is a courteous driver — and
he is a chivalrous driver, the man who brings you
everything you eat, wear or use.

He stops when others pass you by.

BOXES, BOXES — Harry Sedan and Huston Butler were kept busy last week preparing for Schrader's Home Furnishings' 52nd anniversary sale this week. They're shown unloading special merchandise which will be part of the store's 10-day long anniversary event.

READERS SPEAK:

REFLECTS WATER ISSUE CAMPAIGN

Dear Editor and Citizens,
The Northville Record deserves a vote of thanks from the community for thoroughly and accurately covering the important water bond issue for the benefit of the public.

Now that this election is behind us, I hope and believe that the thinking citizens of Northville will ponder and not readily forget several important facts brought to light in the past few weeks. These include the following.

1. Certain candidates and politicians chose to fight the water improvement program quietly and under cover and others chose to attack it in the last issue of the paper prior to election when there was little opportunity for public refutation.

2. Some candidates and others attempted to be on both sides of the fence and never really were willing to make their positions known.

3. A "Democratic Club" and a labor union endorsement entered into the campaign. Let us remember that our City Charter very sensibly provides for NON-partisan local elections. As great and important as our two party system is — it has no place in a purely local community affair. I believe that truly responsible representatives of our two major parties would agree that such tactics are out of place in local non-partisan elections.

4. It appeared that many maneuvers were made regarding the water improvement program which may really have been aimed at seeking advantage in the coming elections in April. (You must be the judge of whether you believe any particular persons are guilty of insincerity or of putting political advantage ahead of community good).

In the weeks ahead, let us remember to distinguish between facts and half truths or misleading statements. Let us examine sincerity of purpose and the possibility of selfish motivation. We voters have a

right to know who stands for what and why. Let us have local issues discussed honestly and openly. Let us be determined to be objective, thinking people and not be misled by rumors, gossip, false promises and issues or pronouncements that have nothing to do with local government.

Diogenes

Deplores Partisan Politics in City

To the Editor:

The action of the Northville Democratic club of entering candidates in a purely local non-partisan election, and the endorsement of these candidates by C.O.P.E. (Committee on Political Education) has alienated many local adherents who might otherwise favor the Democratic party.

If a parallel situation with respect to the Republican party existed, I would be of the same opinion.

If the local situation in city government is so bad that both the Democratic party and Organized Labor must step in with their own candidates, then I would like to ask these questions.

What is in back of the joint effort of the Democratic party and C.O.P.E. to dominate our local non-partisan election?

In what manner are the incumbents seeking re-election unqualified?

What particular background, experience and ability qualifies the Democratic-C.O.P.E. candidates?

Will the candidates of the Democrats and C.O.P.E. be completely free to exercise their best judgment on local affairs? Is it not already true that the Democratic candidates were told to be against the Water Bond program?

Voters May Decide Tax

TAXPAYERS and citizens are still the important ingredients of government.

They can make or break political aspirants at the polls.

Those are the dual positions of the voter, the man who ultimately has the last word because he pays to be governed and served and he decides who will do the job for him.

The role of the Michigan citizen as a voter becomes important every two years on a statewide scale, but the role of the voter as a citizen is often obscured.

Some Republicans and Democrats would like to place the proposed income tax and a proposed sales tax increase directly in the voter's hands April 8.

If they succeed, the role of the citizen again assumes the cloak of the voter.

The decisions for which the voter elected legislators and administrators to make are then made by citizens themselves.

It has happened many times in Michigan's recent history: civil service in 1940, the original sales tax, oleo margarine and dozens of others.

All were sizzling hot issues before the legislature but neither party wanted to take the onus of placing them in the lawbooks.

Gov. Williams has proposed a state income tax.

Republicans in the legislature prefer a flat rate, perhaps two percent, to his graduated income tax version, which they claim would hit the middle-income groups hardest.

Democrats are committed to go along with Williams, realizing that many of their own supporters will be affected.

Republicans, in effect, proposed the income tax first, because it came from a report of revenue researchers working for the legislative tax study committee.

Now, they would like the voters to decide.

Vast changes can be wrought in three years.

It was in 1955 that Gov. Williams flatly opposed a state income tax and party leaders were embarrassed when it appeared the idea would be proposed.

One Democratic legislator said it would be the "fairest of all" taxes and then spent days denying he meant it as an endorsement of a levy on personal incomes.

Since shortly after he first took office, Williams has proposed a cor-

poration profits tax. Republicans answered with a business activities tax.

Williams objected, but it became law. He charged that the tax was levied whether a corporation made any money or not. His tax, he said, would be based only on profits.

His plan now indicates Michigan will have both.

Joined with the income tax idea is a corporation profits tax of five mills, seven mills on utilities. Two other business taxes would be all but repealed but the business activities tax will remain.

Business and industry already have attacked the governor's program. They say that the extra burden of taxes will further damage Michigan's economic climate.

But both parties agree that the state will need a large new tax if it is to continue the services and expand some of them to cover a growing population.

The need is indicated by the \$110,000,000 deficit.

"Our needs will never break us, but our wants certainly will," said Sen. Clyde Geerlings, Republican from Hope, in a talk to the Rotary Club of Detroit.

He thinks the state should raise rates to some of the people receiving benefit of state services. He suggests that there could be a question fee for use of state parks. He questions the wisdom of state college and university tuition rates, pointing out that students pay some \$250 per year, while it costs the taxpayer about \$1,000 per year per student.

Sen. Geerlings agrees that the Michigan citizen is the one who should set the policy for state services, how extensive the services shall be, how they shall be financed.

Citizens' letters to legislators plead for economy.

Administrators say they have trimmed operations as far as possible and claim waste is at a minimum. Legislators charge that waste is widespread in state government.

The emergency, officials say, results in part from the fact that about two-thirds of the state's revenues are earmarked and placed beyond the control of the legislature.

Restricted funds include gas and weight taxes for highway construction, two of the three cents of the sales tax for schools and parts of the tax and profits on liquor.

Since shortly after he first took office, Williams has proposed a cor-

It's Heart Month

No. 1 Killer Threatens Both Adults, Youngsters

The following article was prepared by the Michigan Heart Association as part of its annual month-long February campaign against heart disease. It points out preventative suggestions against the greatest health problem in America as it appears in both children and adults.

More than 500,000 school age children are afflicted with some form of heart disease. About 90 percent of these children have rheumatic heart disease which has followed as a complication of rheumatic fever.

More can be done to help or heal these children than was ever thought possible two or three decades ago. Medical scientists have developed the means to protect children against rheumatic fever, proof that heart research does "pay off".

It has been discovered that rheumatic fever is almost always preceded by a "strep" infection, particularly "strep" sore throat or acute tonsillitis. Strangely only about three percent who have a "strep" infection ever develop rheumatic fever. Those who do acquire it are thought to have a special reaction to the "strep" germs invading the body.

If you stop "strep" you stop rheumatic fever and thus prevent rheumatic heart disease. Prevention of initial attacks of rheumatic fever is accomplished through the prompt and effective treatment of "strep" infections with penicillin or other antibiotics. Recurrent attacks, which carry with them the possibility of cumulative heart damage may be forestalled by long-term use of antibiotics or sulfa drugs.

Because "strep" infections cannot be controlled unless the child receives prompt treatment from a physician, parents become the key to rheumatic fever control. The success of the rheumatic fever prevention program is up to them; to see that a child with a suspected "strep" infection gets immediate medical attention.

If your child gets a sore throat and has any of the signs or symptoms listed below, be prepared to give your physician answers to these questions:

Does the sore throat come on suddenly?
Does your youngster complain that

his throat hurts most, when he swallows?

Does it hurt him under the angle of his jaw when you press gently with your fingers? Are the glands swollen here?

Does he have fever? How much? (Usually a strep infection brings on a fever between 101 and 104 degrees).

Does your child complain of headache?

Is he nauseated? Has he vomited?

Has he been in contact with anyone who has had scarlet fever or a sore throat? (Any child who has been exposed to scarlet fever should see his doctor for preventive treatment even if he does not have a sore throat.)

In the case of adults the progress that has been achieved against

heart and blood vessel diseases has been extremely impressive.

It is a fact that now some forms can be prevented, a few can be cured, and almost all cases can be helped by proper treatment — especially after early diagnosis. But these things largely, if not altogether, within the province of the physician.

What can the average person do to safeguard his own heart? The answer can be given in five broad and generalized rules:

1. Don't worry needlessly about symptoms. See your doctor if in doubt.
2. Control your weight. Look better, feel better (work and play better, and live longer with normal weight).
3. Get enough rest. Regular rest relieves constant fatigue and lightens the work of your heart.

4. Keep physically fit. Exercise regularly and moderately. Have fun — "but act your age".
5. Ease up — and relax. Don't let tensions and anxieties wear you down. Relax and enjoy peace of mind.
